

PAKISTAN CLAIMS:

India Launches All-Out Offensive

WASHINGTON (AP) — A Pakistan radio broadcast said today India "has launched an all-out offensive against East Pakistan" without a formal declaration of war.

The Pakistan government broadcast in English from Karachi was monitored here.

It said "the Indian army has concentrated all its might in the Jessore area where the attack has been launched by nine Indian infantry divisions, four Indian mountain divisions and two Indian tank regiments."

"Fierce fighting continued in Jessore throughout the night and the early hours of the morning," the broadcast said.

The Pakistan government broadcast claimed the offensive followed increasing attacks, minor and major skirmishes and a buildup of more than 12 Indian infantry divisions around East Pakistan in recent months.

The United States, the Soviet Union and Communist China all have urged restraint by India and Pakistan.

U.S. officials said they were aware of a major clash about two brigades of Indian army forces, but had nothing to confirm that anything more than a border incident had taken place.

There was no inclination by these officials to believe that India had committed large forces to the encounter. Most of India's mountain divisions are concentrated in the north, official sources pointed out.

A Pakistan army source in Dhacca reported Sunday night that Pakistan had "blunted a major offensive" by two Indian army brigades.

Jessore, today's reported target is a principal military cantonment south and west of the Ganges River in East Pakistan.

Thanksgiving Traffic Toll

CHICAGO (AP) — Between 620 and 720 persons might be killed on the nation's highways over the long Thanksgiving weekend, the National Safety Council estimates.

The 102-hour period covered by the estimate begins at 6 p. m. Wednesday and ends at midnight Sunday.

During the same period, 27,000 to 32,000 persons might be injured in highway crashes, the council said.

The council, which makes no count of its own of fatalities and injuries, said there were 651 fatalities during the 1970 Thanksgiving holiday weekend. The Associated Press count for the period was 646. The highest Thanksgiving weekend toll recorded by The AP was 784 in 1968.

Bond Issue OK Expected

STANTON — A large voter turnout is anticipated by school officials here in the \$1.2 million school bond election Tuesday. Polls will open at 7 a. m. and will close at 7 p. m. on the issue.

All voting will be at the junior high school gymnasium.

Four non-property and 15 property owners cast their votes absentee in the election by the close of absentee voting in the county clerk's office Friday. County Clerk Doris Armstrong conducted the balloting.

School officials here are confident that the populace will approve the issue.

Plans are to build a new high school and gymnasium, build additional rooms onto the present high school, which will be converted to a junior high school, and build additional rooms on top of the elementary plant.

Rape-Murder Clues Sought

ROCHESTER, N. Y. (AP) — Why didn't at least one of 100 or more motorists stop to assist a 10-year-old girl who stood along a busy expressway, partially clad and pleading for help?

Police in Monroe County sought the answer today, as they looked for clues in the rape and strangulation death of Carmen Colon.

To help find the killer, Rochester's two newspapers and other groups have offered rewards totaling more than \$4,000 for information leading to the arrest of the girl's slayer.

The Democrat & Chronicle and the Times-Union said they received more than a dozen calls Sunday, but few seemed related to the case. Some came from motorists who said they saw the girl or a "suspicious" man on Interstate 490 last Tuesday.

Police said the girl disappeared that day while on a shopping errand for her mother. They theorized the child was kidnapped, escaped and ran along the highway hoping for help.

Her body was found by two teenagers on Thursday along a rural road in suburban Riga. A medical examiner said she had been raped and strangled.

Motors who contacted police after the girl's body was found and reported seeing the child along the superhighway said traffic was heavy and moving at upwards of 60 miles an hour. Some said they could not have stopped to aid her because of the traffic.

COAL WAGE PACT DISAPPOINTS CONNALLY

Richest Nations To Meet In Rome

WASHINGTON (AP) — Secretary of the Treasury John B. Connally announced today that finance ministers of the "Group of Ten" richest nations will meet in Rome Nov. 30, and added that he was "very hopeful that progress can be made."

But Connally told a news conference he doubted a realignment of the world's currencies could be achieved in a single meeting.

SO SAD

And in comment on home-front aspects of President Nixon's economic policy, Connally said he was "very disappointed" in the coal wage settlement approved last week

by the Pay Board and hoped it would not become a precedent for other contracts.

The Pay Board has approved a coal pay raise estimated at from 15 to 16.8 per cent, whereas its general guideline is 5.5 per cent.

The secretary, who is chairman of Nixon's Cost of Living Council, deplored as "boorishness" the conduct of AFL-CIO President George Meany during Nixon's visit to the federation's convention in Bal Harbor, Fla., last Friday.

SLAPS MEANY

Connally said Meany's actions "reflected an arrogance, a boorishness, and a discourtesy that ill becomes a

leader of the labor movement in the United States."

Connally said reports that Nixon intentionally went to Miami Beach to drive a wedge between labor's leaders and labor are false.

Connally made it clear also he disapproved of the uncooperative attitude of the AFL-CIO under Meany's leadership toward the Pay Board.

The President has done everything he could to make it a truly tripartite board with representation of labor, industry and the public, Connally said, and added: "We cannot permit one man to put himself above the working people of the United States."

Neither can a single man be permitted to undercut the national effort to halt inflation and stabilize the economy, Connally went on. There are 80 million working people in the United States, he said, and Meany does not represent them all.

The AFL-CIO decision to remain on the board but not cooperate with it will hamper the Pay Board's effectiveness, the secretary said, because the members "can't function as well as they could and as well as they should" without cooperation of Meany and the other four labor members.

"If they would adopt the

premise that inflation is eating up their workers' pay," he added, "then it's inconceivable to me that a group of responsible people would not cooperate in a program of this type."

Consumer confidence under the new economic program "has risen markedly," he said. "There's ample reason to believe that confidence in the program is strong."

PAY RAISES

On the question of pay raises, Connally said a Senate bill that would allow retroactive pay raises if they are in accord with the Pay Board regulations would be acceptable to the administration.

Effort To Hamstring Campaign Funds Plan

WASHINGTON (AP) — The Senate defeated 53-43 today a Republican amendment to put off the operative effect of a Democratic-sponsored presidential campaign financing plan until there is a surplus in the federal budget.

The deficit in the current budget is estimated at more than \$25 billion. There has been only one surplus in the last decade.

The amendment was the first in a long series to be offered by Republicans during the day in an effort to hamstring the campaign financing plan.

FINAL VOTE

The final vote on it is scheduled for 5 p. m. EST, although

parliamentary hassles might bring a longer delay.

Democrats narrowly defeated a GOP effort last week to delete the campaign spending rider from a \$27-billion tax-cut bill.

A final vote on the rider was scheduled late today, to be followed by a vote on the tax bill.

The rider would allow taxpayers to contribute \$1 to a national political fund by checking a box on their income tax returns.

Sen. Robert J. Dole, R-Kan., Republican national chairman, said he would offer an amendment to appropriate \$20.4 million directly to the Democratic

presidential nominee next year and eliminate the check-off procedure.

RIDER ACTION

Dole said this would remove the complexities and give Democrats the money they seem determined to get.

Republicans have no intention of using the check-off funds, he said. The rider requires that any party accepting the tax funds forego other campaign money.

The White House openly entered the fight against the plan over the weekend.

Clark MacGregor, President Nixon's chief legislative liaison, said the President views the

proposal as "unwise and irresponsible."

Nixon would have to consider vetoing the tax bill, a centerpiece of his new economic program, if Congress ties the campaign fund rider to it, MacGregor said.

PUBLIC FUND

Democrats may accept one GOP amendment which would make a significant change in the campaign-financing plan.

Sponsored by Sen. Charles McC. Mathias Jr. of Maryland, it would change the checkoff procedure to allow each taxpayer to direct his contribution to a specific political party. As introduced by Sen. John

O. Pastore, D-R.I., the plan called only for a checkoff into a general public fund from which both major parties would draw equally.

The Mathias proposal would make it possible for one party to get substantially more government money than the other. However, there still would be a limit for each major party, estimated at \$20.4 million for 1972.

Blame Slayings On Baby Sitter

SANTA CLARA, Calif. (AP) — An 18-year-old baby sitter has been arrested in the slayings of two small Santa Clara sisters found dead in a garbage bin, police say.

The bodies of Tynya Aldridge, 6, and her sister, Shelvia, 5, were found Saturday in the bin behind the apartment house where they lived by two college students cleaning up the area. The pajama-clad youngsters were covered with a sheet.

Pamela Watkins was arrested later and booked for investigation of murder and possession of dangerous drugs. Police Capt. Stan Carey said.

GOP Leaders Seeking Removal Of State Official Bullock

AUSTIN (AP) — State Republican Party leaders called Monday for the removal of Secretary of State Bob Bullock, charging he was irrevocably biased for Gov. Preston Smith.

State GOP Chairman George Willeford and the vice chairman, Mrs. Malcolm Milburn, also said GOP strategists are considering a long list of possible GOP gubernatorial candidates including Dallas financier Ross Perot and astronaut Neil Armstrong and Frank Borman.

"We are not interested in any one person at this time," Willeford said. "We just want good qualified people to file for the

job in our primary."

Willeford said the governor's race was discussed at a meeting of about 100 "grass roots" party leaders Sunday in Austin but no decisions made.

Willeford said Bullock's appointment by Smith, as secretary of state, makes him the chief election officer in the state. "During his brief tenure his conduct has proved that he cannot possibly serve in that capacity with so much as a shred of the impartiality the position demands. Over and over he has displayed naked hostility toward our party and toward any one of us who may express our views on any topic."

Willeford said recent published reports of Bullock saying: "I can't slip him (Smith) more down here in this office than I could on his staff" should be an ominous to anti-Smith Democrats as well.

Willeford said he was asking

Roy Orr, state Democratic chairman, to join with him "in an effort to get both parties on record, by resolution, urging the Senate to decline confirmation of the biased Mr. Bullock as secretary of state."

FOR SURE

Willeford said names of those discussed at the Sunday meeting in connection with a possible race for governor included Perot, Armstrong, Borman, Rep. Fred Agnich of Dallas, Sen. Henry Grover of Houston, Byron Fullerton of Austin, Rudy Judeman of Odessa, Rep. Maurice Angly of Austin and U.N. Ambassador George Bush.

"One thing for sure," said Mrs. Milburn, "we are not going to support a Democrat for governor. We are going to have our strong candidate. We hope the people who met here Sunday will go back home and have other meetings and maybe more names will be added to the list."

City Crews Still Picking Up Trash

City cleanup is continuing this week under the auspices of the Chamber of Commerce. Pride People Committee and the city street department.

"We will continue this week with two trucks answering requests we have for trash collection and any other requests called in next week," said Tom Dignon, street superintendent.

A total of 75 requests were received by the department Friday, and will be taken care of this week.

Bob Butler, Pride Committee chairman, requested that everyone who still have trash to be hauled off to contact the Chamber or the street department.

The committee chairman and street superintendent each

claimed that the first week of cleanup had been a success, however "we still have a lot of trash around town that needs to be picked up, therefore, we need the added cooperation of the people," said Butler.

Trash pickup last week amounted to 1,655 cubic yards, which included 155 flatbed loads, and 100 dump truck loads. During last week there were 235 requests for trash pickup submitted to the committee and department.

The program is a cooperative effort of the Pride People and the city. City Manager Harry Nagel was given authorization by the city commission to supply several sanitation trucks and crews for the campaign. The campaign will continue as long as citizen response warrants, according to Nagel.

Butz Gains Panel Okay In Close Vote

WASHINGTON (AP) — By a surprisingly narrow 8 to 6 margin the Senate Agriculture Committee today approved President Nixon's nomination of Earl Butz to be secretary of agriculture.

The committee's approval was conditioned, however, on a requirement that Butz put all his agribusiness stocks in a blind trust and sell them within 90 days.

Referring to Butz's ownership of more than \$100,000 of stock in Talstorn-Purina, Stokely Van-Camps and International Minerals and Chemicals, the committee said no further agribusiness stock is to be purchased by Butz if he is confirmed as secretary by the Senate.

Butz, the 62-year-old Purdue University dean, raised great controversy in three days of hearings because of his alleged advocacy in the past of agribusiness interested over family farms and his scornful remarks about environmentalists and President Nixon's welfare program.

The narrow vote made virtually certain a fight on the Senate floor over the nomination.

Butz served under the controversial Ezra Taft Benson during the 1950s, a period in which he made speeches advising farmers to "adapt or die" when faced by technological change on the farms.

Score One For Women

WASHINGTON (AP) — The Supreme Court ruled unanimously today that "arbitrary" discrimination against women is unconstitutional.

Chief Justice Warren E. Burger spoke for the court as it struck down an Idaho law that gave men preference over women in administering estates.

The ruling was the first ever by the high court to ban sex discrimination under the "equal protection" clause of the 14th Amendment.

The House of Representatives has approved a constitutional amendment guaranteeing women equal rights. The ruling came as a Senate Judiciary Subcommittee was about to hold a session on the proposed amendment. The effect of the decision on the amendment was not immediately clear.

Why Did Early Texas Homes Have Separate Kitchens?

By ROBERT E. FORD
Associated Press Writer

Travelers in Texas who stop at some of the truly old, historical homes may be puzzled when they find the kitchen in a separate building 30 or more feet from the residence.

This separation is not because of some "ritual" condition of the time. The reason simply is that humans are prone to err, sometimes disastrously.

That would be if you had your home burned down three or four times because the clumsy cooks let coals of fire pop out onto the wooden floor or splashed grease around and it caught fire?

You'd move the kitchen away from the house, too.

Some homes had their kitchens burned several times but the house was saved.

You will note this separated kitchen at Sam Houston home in Huntsville, for instance.

A truly handsome separated kitchen, perhaps the most remarkable in Texas, is at the French Legation, some on a hill just east of Austin's downtown section.

This was where Alphonse Dubois de Saligny, the French chargé d'affaires when Texas was a republic, built his residence.

There is no record of how many times the kitchen burned down when De Saligny resided there.

Certainly when Dr. Thomas W. Robertson bought the place he made some changes—probably he kicked out some fire-prone servants. And he put the kitchen in the house.

About a hundred years after De Saligny left, the last of Dr. Robertson's children died, the state bought the house, and the daughters of the Republic of Texas operate it as a show-place.

The kitchen wasn't standing then. But University of Texas archeologists dug around and came up with the original foundations and enough other clues for restoration.

Miss Beverly Randolph, director of the Legation, points out that the restoration—the digging, building and furnishing—was a gift to the people of Texas by Mr. and Mrs. Jack Beretta of San Antonio. Mrs. Beretta is of the family of Moses Austin who got this whole state started.

Mrs. Velma Stollmack relates that the Berettas wanted the interior to have a true French flavor as De Saligny must have outfitted it originally. Mrs. Stollmack is an expert on the kitchen.

This outfitting resulted in an extensive search, and as might have been expected, most of the

Cookies Can Be Mailed Safely

All but the most fragile cookies can be mailed successfully. The trick is to pack them in a sturdy, undentable container and leave no rattling space between the cookies. Small pieces of waxed paper, crumpled tissue, or paper towels can be stuffed between them or use popcorn as an edible stuffer.

French antiques were found in frequent banquets. This was not a simple operation, and it required a great many tools to swing the cooking vessels over the fireplace. Two articles made to hold bottles will be a puzzle to many who think in terms of chilled champagne.

These stands near the fireplace to heat wine. The descriptive term is "Mulled wine." There isn't any great demand for it these days but it must have been a favorite at the parties De Saligny gave.

The place is simply alive with other articles of the mid-1800s that will puzzle people today. For instance on one wall is a set of graduated cups. One visitor remarked that he supposed they were wine cups, the large ones for adults and the smaller ones stairstepped down for the

size of the children. They weren't that at all. They simply were kitchen measuring cups. If anyone believes that pewter is all the same, the legation kitchen pewter will show them a difference. The pewter here is much heavier than most—and priceless.

The furnishings of the kitchen are pretty obviously made by hand, giving them a special charm.

One example is the large ceramic colander, used to drain excess water from vegetables. Today's machine-made collanders have uniform holes and spacing. In this Legation utensil, the holes are punched at random as if a child were striking mud with a stick.

These early-day residents of Austin had one problem they could not solve. This was the common house fly. Window screens were unknown. They made an effort with a flycatcher, sort of a double bowl into which the flies would fly and then find themselves trapped.

In the bottom bowl they place sweetened water or r classes to attract the beasts.

To demonstrate the proper level of the fluid, the Legation directors have placed ordinary cooking oil in the bottom bowl. But you know how curious house flies are. On a recent day, three or four of the pesky animals proved that the trap still works. Somehow they had gotten into the kitchen and headed straight for the bowls where they met their fate.

Attention, Cloak And Dagger Dolls: Uncle Sam Needs You

By ANN BLACKMAN
Associated Press Writer
WASHINGTON (AP) — For the first time in its 106-year history, the Secret Service is considering women for its chief investigative job: special agent. Seven women are under con-

sideration to join the 1,111 men whose duties include protecting the president, the vice president and their immediate families, and guarding the nation's currency against counterfeiters. "This has all stemmed from the President's policy directive

to get more women in responsible government positions," said Eugene T. Rossides, assistant secretary of the Treasury Department, which has purview over the Secret Service. The seven women are under 30 and college graduates. Whether they are accepted will be announced within several

weeks, an official said. Under consideration are Laurie Beth Anderson, 23, of Watchung, N.J.; Kathryn I. Clark, 23, of Colorado; Phyllis F. Shantz, 24, of Rome, N.Y.; and Denise M. Ferrenz, 22, of the Washington area; Sue Ann Baker, an Ohio University graduate; Holly A. Hufshmidt,

a 1966 University of Wisconsin graduate; and Judith T. Michelson, a 1967 Brigham Young University graduate. No further information was provided on the latter three. These same seven women, referred to in Secret Service brochures as "our girls," received public attention a year ago

when they became the first of their sex appointed to the Executive Protective Service. The EPA, the White House uniformed police force supervised by the Secret Service, protects the White House, the president and members of his immediate family when they are in residence, as well as 117 foreign

diplomatic missions in Washington. "In their protective role," explained John W. Warner Jr., public-affairs assistant to the Secret Service director, "special agents are involved in protecting persons. The EPA protects property, buildings, premises."

Warner said the women, whom he described as "very talented and kinda cute," must meet the same qualifications as men. And they'll be paid the same.

As EPA officers, the seven were trained in hand-to-hand combat, marksmanship, first aid, human relations, communications and search and seizure.

If the women make the grade as Secret Service agents, they can expect similar training—but more of it.

Quotable Quotes

"Equality in the eyes of the law does not mean in practice. We still have a long way to go before facing such problems as equal pay or women's liberation movement, but I am quite optimistic." — Princess Ashraf Pahlavi, Iranian delegate to the United Nations, in an interview.

"It is difficult for anyone to make a film — but it's the same for a man as a woman." — Nadine Trintignant, French film writer-director.

"Mother's idea was to make sure that I had some artistic culture. Ballet was to get the kinks out, because I was a tomboy." — Singer Freda Payne, in an interview.

"Naturally they aren't allowed to make up like gypsies. But it's vital they know the art. We teach them that a well made-up girl is the girl who looks good, yet doesn't look made up." — Eliza Gera, a cosmetics instructor for the Israeli women's army.

"Of course there are a lot of little drawbacks in being a director's wife... You must be on your toes every minute... First on the set and last to leave it. You can't have people think you are trying to get special privileges." — Actress Nanette Newman, wife of movie director Bryan Forbes, in an interview.

"At first, I just wanted to come out to see Amchika. Then it got to be an exciting sort of thing because of the circumstances surrounding... the controversy. I realized this might be an event in my husband's life in the next few years that I would want to share with him. I decided to make every effort trying to get in on it." — Rachel Schlesinger, wife of the chairman of the Atomic Energy Commission, who went to Amchika Island with her two daughters to see the underground nuclear test.

Troops Under Umbrella Of U.S. Air Power Launch Offensive

SAIGON (AP) — Thousands of South Vietnamese troops under an umbrella of U.S. air power launched a new offensive today against North Vietnamese supply lines in eastern Cambodia.

No ground fighting was reported, but officers in the field claimed that air strikes killed 40 of the enemy near Chrum.

The thrust north of Highway 7 about 90 miles northwest of Saigon is aimed at rear staging areas of three enemy divisions operating on several fronts in Cambodia from the border to the outskirts of Phnom Penh.

Field commanders said they hoped to reduce the threat of attacks on South Vietnamese bases on Highway 7 and to divert North Vietnamese forces to help in May and were pulled out two months later.

South Vietnamese forces have remained in eastern Cambodia ever since, sticking mostly to their base camps in the border region late in September and launched a month-long offensive that resulted in heavy fighting around the Cambodian town of Krek and several allied bases in Tay Ninh province.

Sands To Get American Flag

ACKERLY — A special patriotic program, open to the public, will be held at 10 a.m. Tuesday at Sands High School.

During the program Rex Zant, representing the Sands Booster Club, will present the school with an 18-by-24-foot American flag. Following the assembly the flag will be hung in the gymnasium, Ronnie Gandy, principal, said.

The program will include talks by Reggie Hambrick, D. N. Hall, Jackie McDonald, Kaye Hunt and David Zant, and readings by Paul Hopper, and Kayla Gaskins, as well as one in which the audience will take part.

The Martin Sisters (Elaine Lisa and Susie) will present a song, and David Long will read a poem. The fourth grade will also sing during the program. The closing prayer will be by Reggie Hambrick.

Mayor Welch, Challenger Oiling Up Their Campaigns

HOUSTON (AP)—Mayor Louie Welch and challenger Fred Hofheinz start oiling up their campaigns here today for a Dec. 7 runoff after winding up as top contenders in Saturday's city election.

The balloting also gave Houston its first Negro city councilman and put a second councilman in the runoff. Six others easily won re-election.

Welch, who ran a strong law and order campaign, looked unbeatable as early returns rolled in Saturday night, at one time holding 56.1 per cent of the vote with about half the precincts counted.

But as Negro boxes reported, Hofheinz started forging ahead. The final but unofficial tallies showed Welch leading with 99,749 votes, or 46.2 per cent. Hofheinz was not far behind with 96,425 votes, or 44.6 per cent.

Four other candidates took the rest. Former councilman Robert S. Webb received 6.5 per cent, rest. Debby Leonard, who ran on the Socialist Workers party ticket, was next with 1.5 per cent.

Judson Robinson Jr., a black real estate man, beat incumbent AM L. Miller and another rival, R. A. Adams, for the Dist. B councilmen's post.

Robinson had lost to Miller in a tight two-man race the last time out. This time he won by a margin of 1,038 votes out of a total of 178,976 cast.

Councilman Frank Mann faces a runoff with Jerry P. McGee. Mann polled more than three times as many votes as McGee's 17.9, but five other candidates drew enough votes to deny him a majority.

GO FISHING

Also going into a runoff are Mexican-American activist Leonel J. Castillo, who led in the city controller's race with 39.8 per cent. Veteran incumbent Roy B. Oakes had 33.9, and another candidate picked up the runoff strategy would be planned.

showing Saturday night and said then he would try to win the runoff "by getting out the white voters who went fishing, watched football and went deer hunting."

The mayor was reluctant Sunday to discuss strategy for the runoff but he said the issues would be the same, adding, "I'll just promise I'll work as hard as I can."

During the campaign Welch charged that Hofheinz would fire Police Chief Herman Short if elected.

Welch asserted that racial disturbances and a takeover by organized crime were likely if he was defeated.

Short is popular with many whites in Houston but has drawn strong criticism from blacks who claim the police force is frequently brutal toward Negroes.

Hofheinz, 33, a lawyer with a doctorate in economics, said his runoff strategy would be planned in a meeting today.

FORT WORTH, Tex. (AP) — Funeral services for veteran broadcaster Porter Randall were to be held today at the First Presbyterian Church here.

Randall, 56, who had broadcast on KFJZ Radio since 1941, died early Saturday. Prior to coming to Fort Worth, Randall had worked at stations in Missouri, Kansas and Oklahoma.

Fights Measles

AFRICA (AP)—The city council has begun a two-month drive to immunize 15,000 schoolgirls against German measles. Vaccine, which cost the authorities \$1.40 per child, was available to all white girls in their first year of high school and to all 12-year-old schoolgirls of other races.

German measles, or rubella, is an infectious disease which, if contracted by pregnant women, can result in mentally retarded children.

Rainfall To Taper Off

By The Associated Press
Light showers pelted scattered sections of Texas today, missing only the eastern part of the state, coastal areas and the countryside west of the Pecos River.

Skies started clearing in far West Texas as the clouds and moisture moved eastward. Forecasts called for the rainfall to taper off by tonight except for parts of Northeast Texas Tuesday.

Most of the shower activity this morning dotted Northwest Texas between Lubbock, Amarillo and Wichita Falls, a Central to East Texas sector embracing Breckenridge, Corsicana, Texarkana, Lufkin and College Station, and near the coast from Victoria to north of Houston.

Sunday's top marks went as high as 83 at Alice, the warmest spot in the nation, but no higher than 52 at Dalhart.

Meany Will Force Nixon To Kick Him Off Board?

MIAMI BEACH (AP) — AFL-CIO President George Meany denied today the labor convention had treated President Nixon rudely and accused Nixon of trying to contrive a clash.

Meany said Nixon was offered every courtesy, and that his speech to some 2,000 delegates and guests last Friday was applauded a number of times.

NO BOOING
"There was no booing. There was no jeering," Meany said. He conceded that a number of delegates laughed when Nixon said his wage-price control program was working.

"I think we still have a constitutional right to laugh," said the 77-year-old labor chief to warm applause and a standing ovation when he finished by saying "This is still a democracy. This is still not a monarchy."

Meany said Nixon himself departed from the minutely detailed schedule the White House itself had laid down.

He said contrary to reports that there was no escort committee for Nixon when he finished his speech, that there was such a committee but Nixon utterly bolted from the platform, his security men pulled back a rope barrier and Nixon plunged into the crowd to shake hands.

Meany said he asked delegates and guests to be seated when large numbers of delegates started to converge toward Nixon.

CARDINAL SIN
"I committed the cardinal sin of saying 'Let's go on with the second act.' Well, that was my reaction," Meany said to loud convention applause.

"The President did not come here to make a speech. He came here to contrive the situation," Meany added.

The White House said after Friday's incidents that Nixon had been treated with "studied contempt" by the labor convention.

Meany said Nixon's speech was purely political and did not touch on the one major issue of concern to organized labor—whether new federal wage controls prevent labor contracts from taking effect.

Meany said labor will continue to fight against rulings of Nixon's Pay Board, on which five labor leaders serve, if they disagree.

'CORN ACT'
He said Nixon's throwing away his prepared speech and saying he would speak "straight from the shoulder," was a "corny act."

"We respect the office and we respect the man who holds the office," Meany said of the presidency.

"This doesn't mean we've got to be subservient to the man that holds the office," or to submit to anything labor considers unjust, Meany said.

A close aide of Meany said earlier that Meany had set a deliberate course designed to force Nixon to kick him off the Pay Board or junk federal wage controls altogether.

"It will happen long before next November's presidential election," said the aide, who declined to be quoted by name.

Meany is already committed to trying to oust Nixon from the White House next year.

BOUND TO FIGHT
Asked if this meant Meany will seek to "goad" Nixon into throwing the three AFL-CIO members off the Pay Board, the aide said flatly, "Yes."

"Meany wants Nixon to kick him off the Pay Board," said another AFL-CIO source close to labor's Pay Board strategy. Meany has accused the Nixon administration of using the five public and five industry members to try to "goad" the five labor members into quitting the board which Nixon created to impose nationwide wage controls.

The fight, in which Meany has already announced a policy of noncooperation with Pay Board decisions that labor disagrees with, resumes today when the board starts drafting forms on which wage hikes must be reported to the board. "There's bound to be a fight over that," the Meany aide said.

NEXT ACT
Nixon told some 2,000 AFL-CIO convention delegates last Friday he would press his Phase 2 wage-price control program to the fullest whether they cooperated or not.

Before Nixon left the hall, Meany gavelled the convention to order and said "We will now proceed with Act II." Nixon canceled plans to spend the weekend in Florida and flew back to Washington amid reports he was angry over his reception by the AFL-CIO which U.S. White House denied.

Sen. Hubert H. Humphrey of Minnesota, the 1968 Democratic presidential nominee whom Meany supported against Nixon, said in Washington that Nixon had sought to provoke the AFL-CIO confrontation.

Sen. Edmund S. Muskie of Maine, a potential Democratic presidential contender along with Humphrey, shrugged it off as just one of those uncomfortable incidents in today's confrontation politics.

HEAVY BACKING
Humphrey, Muskie and Sen. Henry M. Jackson of Washington, an announced candidate for the Democratic presidential nomination canceled appearances before the AFL-CIO today to remain in Washington for a Senate vote on a crucial political financing bill that Nixon opposes.

The AFL-CIO is expected to give heavy financial backing to whoever wins the 1972 Democratic presidential nomination.

Local Man At Banquet In Abilene

ABILENE — A Big Spring Jaycee member represented the local chapter in a banquet here honoring the five Most Outstanding Young Men in Texas.

Ben Faulkner, owner and president of West Texas Roofing Company, was present in the Saturday night meeting hosted by the Abilene Jaycees.

Attending the banquet of over 400 Jaycees, their families and guests, was Lt. Gov. Ben Barnes and state Jaycees officials.

Those honored were Abilene golf pro Charles Coody; the Rev. William M. Hager, pastor of Pampa's First Presbyterian Church; Austin newsman Neal Spelce, Jr.; San Angelo businessman Francis Lee Stephens; and McLennan County Judge Bobby L. Thomas, of Waco.

Master of ceremonies was Tom Perkins, Jaycee membership vice president, who told the group the five selected will now be considered for the National Jaycees honor for the 10 Most Outstanding Young Men in the nation.

Barnes was a 1965 recipient of the award.

"These men have been recognized for their service as an individual to their community, profession and fellow man," Perkins said.

Barnes, in an address to the banquet group, talked of current and upcoming issues in the state political situation.

Time To Share The Load

Slowly, the world is soaking in on the rest of the world to stop taking the United States for granted.

Some of our allies have taken exception to the policy change, but they must become adjusted to it. It will take some time after more than 25 years of the U.S. stepping to take up the slack in any number of foreign fields.

After World War II the U.S. accepted its role as a superpower with a benevolent vengeance. The Marshall Plan helped restore Western Europe, including a devastated Germany. Defeated Japan was set upright by its former enemy. Billions of dollars flowed around the world in foreign aid.

American blood has been spilled for allies such as South Korea and South Vietnam. Europe and Japan have been under the U.S. nuclear umbrella. American troops and dollars have furnished the backbone of the North Atlantic Treaty Organization and the Southeast Asia Treaty Organization.

And now it is time to change this unparalleled

generosity in aid, finance, trade and diplomacy. The Nixon administration has put the world on notice that America no longer can be taken for granted.

Expanding on this policy change, Secretary of State William Rogers said the United States can be counted on to do its share, but no longer can be expected to do more than its share. Deci-

sions will be made based on the national interest, Rogers said in a U.S. News & World Report interview. Other nations will be expected to pick up their part of the load.

This policy of realism is a good one for America's relations with other nations. Once they get over the shock, the change will be as good for them as it is the United States.

We Lose A Good Friend

The decision of State Sen. David Ratliff not to be a candidate to succeed himself in the 24th district comes as a distinct surprise in these quarters. He will, instead, seek a House seat being vacated by Rep. Grant Jones of Abilene, who is going to contest Rep. Tom Moore Jr. of Waco for the Senate. Sen. Ratliff's decision leaves Sen. Jack Hightower, Vernon, on the inside track for the new 24th district.

Sen. Ratliff has served this county and the remainder of his district well. An unassuming man who is not noted for sounding off on every issue that comes along, he nevertheless has gone quietly about exercising a stable hand in the state senate. He has been one of its most influential and dependable members, one whose honor and integrity have been unquestioned.

'Language' Barrier

Around The Rim

Tommy Hart

Yankee wayfarers who conclude they are "home" when they descend upon England ultimately will decide it is easier to communicate in sign language with a Sardinian than it is to get through to the British.

THE AVERAGE Englishman tolerates our interpretation of the mother language but he long ago came to the conclusion there is no hope for closing the communications gap, that it would be better if we could wipe out our memory cells and start over.

TV personalities like Mr. French and the pear-shaped tones of Richard Burton have helped to close the chasm, but not by much.

WE SAY "mail box," they refer to it as "pillar box." Footgear we call "pumps" are identified by Londoners as "court shoes." Ask for a set of "bobbie pins" in an English shop and chances are you'll get a blank stare. They refer to such items as "hair grips."

A baby pacifier is a "dummy" to a resident of the Tight Little Isle. A baby stroller is identified as a "pushchair," a diaper a "nappy."

YOU MENTION a vest to them and they think of an undershirt. A vest, to them, is a waistcoat.

Along the walkways in front of Parliament, a windbreaker is more readily identified as a "windcheater." An aisle is, in fact, a "gangway."

A carnival is a fancy word for a "fair." The first balcony becomes the "upper circle" up and down Fleet Street. If you purchase seating in what we call the "orchestra" at a music hall in England, you ask for "stalls" space.

SEAT YOURSELF in an English restaurant and initiate an order for roast. They'll ultimately figure out you mean a "joint." Soda crackers are cream crackers in food marts along the Thames.

A stove is a "cooker" to the man on the street in Manchester. Ask the waitress for a cracker and she'll come back from the kitchen with a biscuit. Over there, molasses are more properly "black treacle." A hot-dog bun is a "bridge roll."

LOOK TO THE baseboards in your home. In England, they are identified as "skirting." A derby to us is a bowler to them. Garters to us are suspenders to them. Shoestrings are referred to as bootlaces by the people in Dover.

The English wonder why we insist on referring to a gallery as a balcony. Neither can they understand why a crumplet is identified on our side of the ocean as an English muffin.

YEARS AGO, some wit remarked "England and America are divided by a common language." Perhaps that is why we remain on speaking terms.

Treaty, Not Truce

David Lawrence

WASHINGTON — When President Nixon signed on Wednesday the 21.3 billion dollar military procurement bill and said he would not be bound by the section requesting him to set a "final date" for the total withdrawal of U.S. forces from Indo-China, a basic constitutional question was involved.

FOR THERE is no power given to Congress to tell the President of the United States how he shall exercise his authority as commander-in-chief of the armed forces. If there were any such limitation, the chief executive would not be able to conduct a war without obtaining the consent of Congress for important orders that he might wish to give. This would make a military operation subject to the will of a majority of 435 members of the House of Representatives and 100 members of the Senate.

Mr. Nixon might, indeed, withdraw all troops from Indo-China when American prisoners of war are released, but this would not be because Congress had commanded him to do so. It would happen as a result of negotiation with the North Vietnamese government and possibly with its allies.

PRESIDENT NIXON has insisted right along that any legislative actions to "end the war," including that taken this week, will "hinder rather than assist in the search for a negotiated settlement." He believes that the enemy will utilize every opportunity for delay and that even an agreement to give back the prisoners might not by itself be enough to assure peace for Indo-China.

Mr. Nixon in his statement on the new legislation emphasized that, until a negotiated settlement is reached, the rate of withdrawal of U.S. forces will be determined by three factors — namely, "by the level of enemy activity; by the progress of our program of Vietnamization; and by progress toward obtaining the release of all of our prisoners wherever they

are in Southeast Asia and toward a ceasefire for all of Southeast Asia."

PLAINLY, THE United States wants to be assured that South Vietnam will not be taken over by the Communists and that it will be able to defend itself. The return of American prisoners is important and so would be a ceasefire throughout Indo-China. But the Hanoi government must understand that this country is not simply seeking a truce. It is expecting to sign a peace treaty which will give all the nations in Southeast Asia a feeling of confidence that aggression has had its day and will not be permitted again.

The United States by its membership in the Southeast Asia Treaty Organization is obligated to help countries in the area to maintain their independence. America, along with other signers of the treaty, has made important sacrifices to demonstrate to the world that small nations are not to be allowed to become victims of covetous governments.

UNLESS THE peace treaty makes these things clear, there is danger of more in Asia. This is why the mere setting of a date for withdrawal of American troops would be useless. Under these circumstances, the President does not want to appear even superficially to be agreeing with the amendment offered in Congress declaring that there should be a final withdrawal date set subject only to the release of American prisoners of war and an accounting of servicemen missing in action.

THE PRESIDENT has been hopeful that Peking would join in the peace effort in Asia and that Moscow would do likewise. The time has come for a showdown, and it may be expected that President Nixon on his trips to Moscow and Peking will make it clear that the United States can hardly be expected to carry on important negotiations in world matters with either Red China or the Soviet Union if they continue to support wars of aggression in Asia and elsewhere.

'You And I Have One Area Of Agreement - Fear'

Sucked In By Hot Air

John Cunniff

NEW YORK (AP) — Stocks, like balloons, rise on currents of hot air which are more easily discovered than controlled.

No surprise then that with the poor quality and temperature of air over Wall Street in recent months that a whole portfolio of stocks plunged to earth last week.

These were the REITs, the real estate investment trusts, which are made up of investors who pool their money and put it into mortgages, construction loans and income-producing properties. Sort of like mutual funds.

The REITs have been around since 1960, but it was only in 1969 that they began to catch on. Banks, insurers and others were strapped for money to invest in real estate, which has a tradition of high and steady returns.

They solved it with REITs.

forming one after another. And the public, somewhat disillusioned by their old investments in stocks and mutual funds, and sensing that here were some balloons ready for flight, signed aboard.

REITs offered something for everyone. The founders liked them because, as advisers, they received substantial fees. Underwriters liked them because they got a piece of the action. The public liked the idea of an inflation hedge.

Such a situation generates a lot of heat that rises and draws more energy—money is stock market energy—to itself. Institutions and individuals tripped over each other in their haste to form REITs. Investors eagerly bought.

These investors weren't just small fellow either. The base of REITs was made up of founders and underwriters. Then

there was a layer of professionals. And the last, outer layer, was made up of small investors mainly.

As usually happens, the quality of both the investment product and the investor gradually deteriorated. The number of REITs made competition tougher. Tips and rumors spread. Soon the market was filled with speculators.

Into this atmospheric mix was introduced suddenly a whisp of cold air. On Thursday, Continental Mortgage Investors, one of the oldest and biggest, was quoted as saying it expected lower earnings for itself and the industry.

The descent began almost immediately. Continental itself lost \$4.50 on the first day, closing at \$14.50, and others dropped from \$1 to \$4.25, all very sizable losses on a percentage basis.

Lindsay's Chances

Andrew Tully

WASHINGTON — "Let me put it this way," said Sen. George McGovern at a party the other night when this village sodd asked him to appraise John Lindsay's Presidential chances. "Lindsay has as much chance of winning the Democratic nomination as I have of winning the Republican nomination."

I WISH I COULD find comfort in McGovern's words, because I gag at the thought the Democratic party is so bankrupt it would embrace a man with one of the century's worst records in public office. But I fear McGovern is only half right — to wit, George couldn't win the GOP nod, whereas it is unfortunately conceivable that The Profile could be nominated by the Democrats.

Use your head, Mac. The Lindsay people must know something, or why else would New York's mayor release his smartest operator, Deputy Mayor Dick Aurelio, to set up a national network of Lindsay headquarters. What they know obviously is what I have long feared, that there is evidence the Republican has enough nuts and would-be nuts to make a Lindsay campaign viable.

INDEED, the Lindsay-Aurelio team is so confident it has included three states not generally considered to be bulging with Lindsay lovers among the seven in which it will concentrate the first stage of the Lindsay-for-President campaign. The three states are Indiana, Iowa and Arizona. The

other four are Florida, Pennsylvania, Massachusetts and Wisconsin. Five of the seven will conduct early primaries; Iowa and Arizona have January conventions.

THIS STRATEGY says Lindsay has concluded the race for the Democratic nomination is wide open, and he is right.

So it is McGovern who will suffer if Aurelio's assessment of grassroots support persuades Lindsay to run.

THUS, SINCE McGovern insists he's in the race to stay, a Lindsay candidacy would be a big plus for Sen. Ed Muskie, the current slow-moving front runner. But much will depend on Muskie's posture during the next few months. The man from Maine is generally considered a centrist candidate who is attracted by the moderate. Lately, however, Muskie has been under considerable pressure both within his own organization and from outside interests, to lean to the left.

TO BE SURE, Muskie has a rival in seeking the center in Sen. Henry (Scoop) Jackson of Washington, who has been gaining strength slowly but surely and is expected to give Muskie a battle in Florida's March primary. Lindsay in the race also could wreck Teddy Kennedy's Presidential ambitions. But I would suggest that Senator Ed resist the temptation to have his picture taken with Angela Davis or Atty. Bill Kunstler.

Fatal Accidents At Home

NEW YORK (AP) — Things a columnist might never know if he didn't open his mail:

Home isn't as safe as most people think it is. Nearly one of every four fatal accidents occurs there.

Surgery is much more popular in America than in Britain, where its employment is far more restricted. There are some 19 million operations a year in this country now, or one for every 11 people.

Red has been used as a symbol of danger for so long that many people no longer react to it. Some color experts believe that it should be replaced as a warning signal by yellow, which is highly visible in all kinds of weather. Because of this superior visibility, the German army used black and yellow road signs during the second world war.

One of the most weatherproof animals in the world is the Yak, the ox of the Himalaya mountains. Protected by thick hair and layers of fat, yaks are practically impervious to bliz-

zards. They are so insulated against cold that they sometimes suffer heat prostration when brought below an altitude of 11,500 feet. Their tails are often used by Indian princes as fly whisks or badges of office.

Safety belts are now available for about four out of five auto passengers, but a recent study of accidents involving 13,000 people found that only 20 per cent of them were wearing any kind of seat belt.

Quotable notables: "The best executive is the one who has sense enough to pick good men to do what he wants done, and self-restraint enough to keep them from meddling with them while they do it."

If you're on a diet, which should you avoid most—sugar or starchy foods? The answer, recent experiments seem to prove, is sugar. Tests at the Brookhaven National Laboratory indicate that sugar is two to five times as fattening as foods with a high starch content.

Know thyself: One of the reasons so many people die of

heart attacks is that they don't recognize it when they're having one. They then fail to get the help they need. The American Heart Association estimates that half of the 600,000 people in this country who succumb to heart attacks do so before they even reach a hospital.

Worth remembering: "There are a lot of senile delinquents, too. And they'd be worse than juvenile delinquents if they only had the strength."

History lesson: Can you name two U.S. Presidents who enjoyed playing billiards? Billiards was a favorite form of relaxation for John Quincy Adams and James Garfield. Calvin Coolidge, on the other hand, never hankered for a pool hall. He preferred pitching hay, a hobby held by no other president.

It was Thoreau who observed, "The man who goes alone can start today. But he who travels with another must wait until the other is ready."

My Answer

Billy Graham

My parents are old and live about six hundred miles away. I visit them about six times a year and my husband objects to this. Don't I have an obligation to my parents?

The difficulty with such questions is: in so brief a question one cannot know all the circumstances. Certainly, one has no obligation to one's parents. The Bible says, "Honor the father and mother." But, I notice that your parents live six hundred miles from you, and that you visit them about six times each year. If your average visit were two weeks, this would mean that you spend about three months of the year with your parents, away from your family. The Bible

also says, regarding the marriage relationship: "Therefore shall a man leave his father and his mother, and shall cleave unto his wife; and they shall be one flesh." While parents are to be loved, honored, and respected, the chief obligation of the married person is to one's spouse.

Perhaps your desire to visit your parents so often could be a lack of maturity on your part — a need of parental security. You can determine this better than anyone else, however. Personally, I think your husband has a point, and if I were you I would analyze my own feelings, and decide whether or not your desire to be with your parents is genuine love, or a need for security.

A Devotion For Today . . .

Verily I say unto you, Inasmuch as ye have done it unto one of the least of these my brethren, ye have done it unto me. (Matthew 25:40)

PRAYER: Lord, help me to think, feel, and act like a brother to anyone — yes, anyone — who is in need. Amen.

State Senator Raps Insurance Industry

DALLAS (AP)—A blast at the insurance industry was taken Sunday by state Sen. Mike McKool.

McKool said the insurance industry has chosen to write only "the peaches and cream" provisions of various policies.

"I have known for some time the industry was neglecting the public interest in arbitrarily and unreasonably refusing to write and in canceling policies in order to make record profits. A member of the industry sent me a copy of the guidelines repeatedly circulated by the industry."

"Although I have been associated with the insurance industry for many years and naturally opposed to some of your comments about the companies doing business in Texas, I must

reluctantly agree that "my people" are now creating an unjust situation for the citizens of our state. To my amazement, the greatest prevaricators seem to be our own Texas domiciled companies. An example is the attached directive being repeatedly circulated by (named insurance company). As I am still doing some business with these people, I must remain anonymous, at least for the present time, but if the attached will be of any benefit to you, to restore reasonableness to the industry, use it as you may see fit."

According to McKool, the guidelines, among other things, prescribe the following: renewal and new policies must have minimum limits of \$25,000-\$50,000 bodily injury. (State law only requires \$10,000-\$20,000); will not write policy without liability coverage; will not write accidental death and disability; encouraged to write comprehen-

sive on a deductible basis, agent cannot write, without company's final approval, a policy where owner: (a) has one "at-fault" accident or (b) has one moving violation and one "not-at-fault" accident; (c) resides in areas of high crime; (d) is a restaurant, theater or hotel employee, waitress, professional athlete or entertainer; (e) drives over 26,000 miles per year; (f) has car more than 10 years old; (g) is unmarried, age 29 and over, no more than two moving violations in last 3 years and no accidents in last five years.

"Such unreasonable and arbitrary guidelines have added in bringing about the rotten mess in the automobile insurance industry. This proves, without question, the industry is only interested in selecting the 'peaches and cream' provisions in order to make record profits to the detriment of the public," McKool said.

Laura Drifts Toward Death

MIAMI (AP) — Remnants of Tropical Storm Laura dumped scattered showers over Guatemala today as it drifted toward death among Central American mountains.

"It has gone in over Guatemala and the rains are letting up," said National Hurricane Center forecaster Robert Levine. "It has become pretty thoroughly disorganized. We can't even classify it as a depression anymore."

Laura plowed into the British Honduras - Guatemala border Saturday after a week of meandering in the Caribbean.

During her wanderings Laura dumped up to 25 inches of rain on parts of Cuba and pounded the Isle of Pines with wind gusts clocked up to 70 miles per hour.

Reports from Central America indicated the Atlantic season's 12th tropical storm caused minor damage in isolated coastal towns and the port city of Belize, British Honduras.

Bulletproof Car Sold At Auction

NIAGARA FALLS, Mont. (AP) — A bulletproof Cadillac sedan, once owned by gangster Al Capone and later used by President Franklin D. Roosevelt, brought \$37,000 at an auction of antique automobiles here.

The car with a quarter-inch-thick boiler plate chassis and one-inch-thick windows, was among 43 old-timers sold Saturday by the Antique Auto Museum, which is going out of business.

The second highest price—\$29,000—was paid by a private collector for a 1963 Lincoln Continental used by the late President John F. Kennedy.

Roosevelt used the big Cadillac because of its safety features, which included self-sealing tires and tubes.

Had No Report Of My Lai Atrocities

FT. MEADE, Md. (AP) — Former Brig. Gen. George H. Young Jr. said today he had no report of atrocities in My Lai when he ordered Col. Oran K. Henderson to investigate the March, 1968, assault.

Young, former assistant commander of the Americal Division, said the investigation he ordered was only on the basis of a report that a helicopter pilot had a confrontation with ground troops.

The testimony was important to the defense of Henderson, who is charged specifically with failing "to investigate allegations or reports of excessive killing of noncombatants." The order, the government charges, came from Young.

Young directly contradicted earlier testimony by Lt. Col. John Holladay, who said that

the general had been told 75 or 100 unresisting civilians were killed in My Lai.

"If Col. Holladay made that statement he is grossly mistaken," Young said.

"It was conveyed to me that a report was made by a helicopter pilot," Young testified. "It was that this pilot had observed Army ground troops while engaging the enemy with noncombatants caught in the crossfire," Young said.

He said the report to him was that the pilot landed and put some civilians into a bunker and or cave to keep them out of harm's way and they informed "friendly elements of the action taken."

Young said that he had heard the pilot then warned the advancing American soldiers that he would fire on them if they harmed the civilians.

Young said the report was brought to him either the afternoon of the operation or the following day by Holladay and Maj. Frederik Watke, the commanders respectively of a helicopter battalion and company.

One day later, Young said, he met with the two officers, Henderson, and the late Lt. Col. Frank A. Barker, the commander of the assault troops.

"I briefly informed Col. Henderson of the report I received," Young said. "I told Col. Henderson the division commander had directed an investigation be initiated immediately and that the results were to be returned to him as soon as possible."

Within the next few days, Young said, Henderson gave oral reports to the division commander, Maj. Gen. Samuel W. Koster, and later submitted a written report.

Koster later was demoted to brigadier general and Young was censured and stripped of

his Distinguished Service Medal. They were among 13 officers initially charged with taking part in a coverup of the massacre, but the charges were dropped in all cases but Henderson's.

Also testifying for the defense today were Lt. Gen. George Forsythe and Maj. Gen. Frank Norris. Both said Henderson was of the highest character.

"History will conclude . . . I was finally dishonored, not because I did know, but because I did not know and was not told," Young said last May when he was censured.

Church Surpasses Needed Revenue

DALLAS (AP) — Dallas' First Baptist Church surpassed its needed revenue for its 1972 general operating budget by more than \$84,000, church leaders announced Sunday.

Church spokesman said the amount pledged totaled \$2,702,939.17.

Church leaders said the church with 16,900 members, is the world's biggest Southern Baptist church.

New Administrator Takes Over Duties

Marvin Hanson took over the reins today as acting road and bridge administrator and conferred with the county commissioners on work to be done by the road and bridge department.

Hollis Randell, former road and bridge administrator, took a week's vacation offered him by the commissioners, and left the county's employ prior to the resignation.

Hanson requested permission today to postpone the paving of a roadway near Foxman School until warmer weather sets in, and he asked to be allowed to spread emulsion over paved county roads to prevent cracking during cold weather. Both requests were granted.

Commissioners must meet with members of the Howard County Fire Department Committee composed of Commissioner Bill Crooker, County Sheriff A. N. Standard and the road and bridge administrator to learn what his duties in fire protection are as administrator.

Mrs. Virginia Black, county auditor, was instructed to make all necessary amendments to the 1971 county budget to cover excess expenditures by county departments. According to county Judge A. G. Mitchell, over-expenditures will be covered by funds transferred by Mrs. Black from the county's general fund.

morning on a request by residents in the area for a road. The raise would be automatic after six months employment, but the woman has not yet been employed six months. Jones said he would like to have the raise approved because the woman has been offered other jobs which pay more than her present probationary-period salary.

In other action, commissioners heard a report on the county's insurance program with Blue Cross and Blue Shield on how many benefits have been paid to county employees during 1971.

Camporee Troops Cited

No troop rated lower than blue ribbon for camping at the Lone Star District fall camporee concluded early Sunday morning at the Roundup grounds south of Comanche Trail Park.

Ralph Beckham, chairman of the weekend campout, declared it one of the best yet despite freezing weather.

There was a good response to the campfire program Saturday evening, as there had been to competition in the various contests in Scouting skills. Although a first aid trailer was on hand the entire time there was not the slightest need for it, "which is the way we wanted it," said Beckham.

Non-denominational religious services Sunday Morning preceded the final retreat and presentation of awards by Beckham.

Those earning the President's award were Troop 1 (Rotary Club, Lee Mulkey, scout master); Troop 13 (Garden City citizens, Mark Schafer); Troop 16 (Forsan Oil Well Service, Bill Mims).

Awarded the blue ribbon were Troop 5 (First Baptist, Bill Bradford), Troop 136 (Cosden Oil & Chemical Co., Leroy Wright); Troop 146 (3560th Pilot Training Squadron, Webb AFB, Todd Pearson); Troop 179 (Kentwood United Methodist, Bill Priebe); Troop 300 (St. Paul Presbyterian, Dr. Clyde E. Thomas).

Mary Is First

DALLAS (AP) — Mary Trout, one of 21 women on the Dallas police force, has been named its first woman sergeant.

The attractive 5-foot-6 policewoman joined the force in the juvenile division, later worked as an investigator and on the vice squad.

Dowdy Trial To Reconvene

BALTIMORE (AP)—Rep. John Dowdy's federal trial on charges he accepted a \$25,000 bribe in 1965 to influence a Justice Department probe of a Maryland home repair firm doing business in Washington, D.C., reconvenes today.

The trial before Judge Roszel Thomson was recessed Wednesday so the judge could handle another matter scheduled earlier.

The government may finish its case this week, prosecution sources stated.

Dowdy, veteran House Democrat from Athens, Tex., is accused in an eight-count indictment returned by a Baltimore federal grand jury in 1970 of accepting a bribe case containing \$25,000 in return for his help in seeking to block the Justice Department probe of the now defunct Monarch Construction Corp. of Silver Spring.

In testimony last week, Nathan H. Cohen, former president of the firm, described a telephone conversation in which he told Dowdy "I got something for you." Cohen also testified he arranged to pay the \$25,000 to Dowdy and other witnesses for the government described how the money was acquired, counted, packed into the briefcase and delivered at an Atlanta, Ga., airport in September, 1965.

The Monarch firm grossed more than \$2.5 million in three years of specialized business in which aluminum siding was installed on row houses in inner city Washington neighborhoods.

A federal grand jury in Washington investigated the firm's affairs about complaints that it used fraud to get low income home owners to sign home improvement contracts.

Cohen and others agreed to cooperate with the government in return for immunity from prosecution.

UF GAINS

The United Fund today announced the total figure of \$80,055, still short by about \$30,000 of the \$110,000 goal. Morris Robertson, campaign chairman, urged individuals who have not turned in contributions to do so as soon as possible in order to push the fund over the top and close this year's campaign.

SIMPLE AS A-B-C — Selling your home is simple as A-B-C, as shown by Home Real Estate Co. in the photographs above. In Photo A, Marie Price demonstrates that the first step in selling a home is proper listing of the home, and by phone she relays this information to a homeowner. In Photo B,

Realtor Jeff Brown emphasizes publicizing your home, by the Realtor's "for sale" sign. In Photo C, Lee Hans of Home Real Estate displays the "sold" sign, indicating the third and final step is the successful marketing of the home for sale.

Proper Listing Of Your Home Most Important Selling Link

Home Real Estate knows by experience that proper listing of a home is the most important link in the A-B-C's of selling your home.

Every home has a price, the right price, that it will bring on the market. An over-priced home will not sell, and an under-priced home when sold loses the owner money. There is no way the homeowner can properly price his home for sale and attempt to sell it himself, because he lacks the professional knowledge of the day-to-day market.

Home Real Estate has a Certified Real Estate Appraiser on its staff to properly price any property for sale.

Merchandising or advertising

your home for sale is the second step of the A-B-C's of any home sale.

Home Real Estate uses all forms of media to publicize the homes they offer for sale and the entire staff of Home Real Estate visits each home listed for sale to familiarize themselves with the property.

"Knowing your product is important in whatever you sell," said Realtor Jeff Brown. "The Homeowner employs emotion when he tries to sell his own home," said Marie Price, of the firm. "We employ professional salesmanship."

"Our success in home selling is based on skill and up-to-the-minute knowledge of the

market," adds Lee Hans, of Home Real Estate.

The last step of the A-B-C's of selling your home is in finding the right buyer for your home. What can Home Real Estate Co. do, that the homeowner can't do for himself, in the sale of his home?

Homes are sold by comparison; the Realtor has several homes for a buyer to choose from, the homeowner only one. Home Real Estate constantly maintains a list of prospective buyers, including referral buyers from out-of-town.

Sensing just the right buyer for each home is an expertise gained through years of experience. Showing the owner

how to sell, and the buyer how to purchase, is brought about by the staff at Home Real Estate in assisting with the financial and legal matters of a sale, usually a problem for any layman.

If your home is for sale, why wait another day? Employ the "professionals" at Home Real Estate. Their sales record is "proof of the pudding"! The next home they sell... could be yours.

Creator Of 'Li'l Abner' Will Face Morals Charges

EAU CLAIRE, Wis. (AP) — Rules have been outlined by Judge Thomas H. Barland for courtroom conduct when cartoonist Al Capp appears today for a preliminary hearing on morals charges.

The Eau Claire County Court judge Tuesday denied Capp's motion for a closed-door hearing, rejecting defense lawyers' arguments that publicity could deprive their client of an impartial trial.

The creator of "Li'l Abner" was arrested in April after a political speech at the University of Wisconsin-Eau Claire. He is free on \$1,000 bond on charges of sodomy, indecent exposure and attempted adultery. He was named in a complaint by a married coed.

In a list of 10 rules for "a dignified public hearing," Barland ordered lawyers, witnesses and court personnel to avoid making public statements, and said courthouse corridors would be kept clear of spectators unable to find seats.

A courtroom sector will be set aside for newsmen. But cameras, sketches, tape recorders and other electronic equipment will be prohibited, Barland said.

Wide open grooves in the tread make for better traction, handling and cornering.

The Radial offers up to 100 per cent more mileage and more than 6 per cent in gasoline savings than conventional tires.

Charlie Creighton, owner, sells tires for everything from a tractor to a boat trailer. Especially suited for ranch use are the Seiberling Sealed Air-puncture proof tubes. They are available for a wide range of tire sizes.

During its 40-year history, Creighton's has provided complete tire service: flats, wheel balancing, repairs and alignment.

After checking the tires on your family car, if you decide it is time to replace them, check with Creighton's first.

The Seiberling Supreme Dynaguard 600 comes with a life-time guarantee and has a reputation for replacement for the first 30 per cent of the tread wear and pro rata replacement the first 30 per cent of the tread wear and pro rata replacement adjustment thereafter.

The cord body construction has four plies of polyester, two rayon belts, and a layer of

puncture sealant for blowout protection.

The deep safety-chain tread has a wrap-around design that maximizes road contact and tread life to make the 600 the best tire at any price.

Another quality tire available at Creighton's is the Seiberling Supreme 150, a maximum performance tire with 4-ply polyester cord construction and thermoplastics to prevent blow-out-causing internal heat buildup.

The Supreme 150 has up to 57 per cent greater cord body strength, 29 per cent wider tread and 16 per cent greater tread depth than the tires put on new cars at the factory.

Your choice may be the Superwide Sports tire with nylon cord construction, wide oval design and fiberglass belts to prevent stretch.

The Seiberling 200 has a chain tread design for safer starts and stops. The Safety 120 is a plus performance tire with strong 4-ply polyester cord construction.

Lions Pull For Texas Win

By The Associated Press
 Penn State will be pulling hard for a Texas victory over the Texas Aggies Thanksgiving Day because the Nittany Lions still feel there's some unsettled business from the 1969 season.

You remember the fuss. Texas defeated Arkansas in Big Shootout I with the nation and President Nixon looking on. He proclaimed Texas national champion and the Longhorns grabbed the mythical title with a 21-17 victory over Notre Dame in the Cotton Bowl.

Penn State raised came but the Nittany Lions passed up a chance to play the Longhorns by voting to go to the Orange Bowl.

Now Penn State is coming to the Cotton Bowl as the guest team. The host team will go to Texas if it defeats A&M. Should the 'Horns tie or lose, Arkansas will come.

Penn State star running back Lydell Mitchell said Penn State would have never voted to go to the Orange Bowl in 1969 "if we had known for sure that we could have played Texas for the undisputed national title. Things like that just happen, but I can tell you the feeling of the team to go to the Cotton Bowl (this year) is as strong as it was to go to the Orange then."

The Aggie-Texas showdown to decide the Southwest Conference championship also will determine whether Arkansas meets Tennessee in the Liberty Bowl Dec. 20 on prime time national television. Should Texas win, the second-place Razorbacks would play in the Memphis, Tenn., post-season classic. Arkansas defeated Texas Tech

15-0 Saturday to complete its SWC slate at 5-1-1. Texas has suffered one league defeat — at the hands of the Razorbacks.

In other SWC games Saturday, SMU clubbed hapless Baylor 20-6, Berl Simmons kicked a 41-yard field goal with 21 seconds left to give TCU a 20-19 victory over luckless Rice, and Houston thrashed Miami 27-6.

Aside from the Thanksgiving Day showdown between the fast-improving Aggies and the Longhorns, Baylor is at Rice, TCU is at SMU and Utah is at Houston next Saturday.

Texas quarterback Eddie Phillips worked out briefly Saturday for the Longhorns but did not test his sore shoulder. Substitute Donnie Wigginton is considered the likely starter at signal caller for the 'Horns.

'Big One,' Cowboys Say Of Skin Win, Rams New Hurdle

WASHINGTON (AP) — The Dallas Cowboys say Sunday's 13-0 National Football League victory over the Washington Redskins was a "big" one.

But they hope there are bigger things in store.

"This was a big win, but I'm not personally satisfied," Dallas quarterback Roger Staubach said after the game. "The championship is what I want. These games are forgotten if you don't win the championship."

"We're thinking about Thursday," said Dallas Coach Tom Landry, referring to the Cow-

boys' clash with the Los Angeles Rams. "We're going to have a tough game."

The game's only touchdown came in the opening quarter when Staubach capped an 86-yard drive with a 29-yard scamper.

The former Heisman Trophy winner flooded the right side of the field with receivers, drawing the entire Redskins' secondary with them.

"We had a man open but I got a lot of pressure," Staubach said. "I was just trying for the first down, but then I saw I was wide open. I saw the cor-

Rams Impressive, Colts Are Upset

By The Associated Press
 "We're a pretty good football team," said Coach Tom Landry.

"We're still in the race," countered George Allen.

Landry had just watched his Dallas Cowboys vault into the lead in the National Conference East with a 13-0 victory over Washington, regaining the spot they had been pursuing since being knocked off 20-16 by Allen's Redskins seven weeks ago.

But Sunday's triumph wasn't the only thing on Landry's mind. "We're thinking about Thursday," he said. That's when the Cowboys take on the Los Angeles Rams.

GRID FEAST
 The game will be an additional Thanksgiving Day feast for National Football League fans, bringing together a pair of divisional leaders.

The Rams, brassing quarterback John Brodie all afternoon and limiting potent San Francisco to a pair of field goals, made it a season sweep over the 49ers with a 17-6 triumph that put them atop the NFC West.

In the day's other "big" game—naturally all games in the NFL are big but some are bigger than others—Miami grabbed a bit of breathing room in the American Conference East as Garo Yepremian booted the Dolphins to a 17-14 victory over the Baltimore Colts.

Around the rest of the league, Kansas City kept on Oakland's heels in the AFC West with a 28-10 victory over Denver while the Raiders were squeezing by San Diego 34-33, Detroit stifled

Chicago 28-3, Minnesota beat New Orleans 23-10, Pittsburgh beat the New York Giants 17-13, Cleveland crushed New England 27-7, Cincinnati belted Houston 28-13, the New York Jets whipped Buffalo 20-7 and Philadelphia swatted St. Louis 37-20.

TONIGHT'S GAME
 In tonight's nationally televised (ABC, 9 p.m., EST) game, the Green Bay Packers invade Atlanta to take on the Falcons.

Brodie threw four interceptions, three of them picked off by Gene Howard. But the other one was the killer, a theft by Jim Nettles who ran it back 29 yards for a touchdown in the final minute of the first half that put the Rams ahead 14-6.

Earlier Roman Gabriel had flipped a 13-yard scoring strike to Jack Snow.

Charley's Fizz Comes Too Late

CINCINNATI (AP) — Paul Brown has put new wrinkles in his Cincinnati offense, but it's an old hand who has the Bengals back on the winning beam.

"He shows everybody out there who's boss," Bob Trumpy said of Virgil Carter Sunday after the veteran quarterback directed the Bengals to a 28-13 National Football League victory of the Houston Oilers.

Carter threw two touchdown passes and completed 12 of 15 for 143 yards, but other items impressed Brown and Houston mentor Ed Hughes.

"Virgil checked off on both of his touchdown passes," said Brown. Carter tossed scoring

strikes of six yards to Bruce Coslet and 31 yards to Bob Trumpy, both on audible calls at the line of scrimmage.

"It's never been any secret about our collapse. Carter is the success of our club," said Brown.

The Bengals put the game out of reach early, stepping into a 14-0 lead in the first quarter and expanding it to 21-3 at halftime.

Dan Pastorini, Houston's starting rookie quarterback who yielded to veteran Charley Johnson in the fourth quarter, took the blame for the loss, the Oilers' eighth in 10 games. They have one tie.

"It was my fault," said the newcomer from Santa Clara. "I called wrong plays."

Pastorini, however, was under heavy pressure from the quick Bengals defensive line spearheaded by Mike Reid. He was dumped five times for 44 yards in losses.

He could hit only 6 of 17 passes for 71 yards and Oilers scoring in the first three periods was restricted to field goals of 37 and 26 yards by Mark Moseley.

Johnson, once he entered the game with less than 10 minutes to go, put some spark in the Houston attack.

Australians In Showdown

HOUSTON, Tex. (AP) — Australians Rod Laver and Ken Rosewall, two of the old-timers on the pro tennis tour, meet at high noon in Dallas Friday in a showdown for the richest prize in pro tennis history—\$50,000.

And even the loser will be able to leave town in style. He'll get a check for \$20,000.

Laver, who has earned more than \$1 million since he turned pro in 1962, defeated American Arthur Ashe 6-3, 1-6, 6-3, 6-3 Sunday and Rosewall downed Tom Okker of the Netherlands in straight sets, 6-3, 6-3, 6-1 to earn the finals berth in the World Championship of Tennis playoffs.

Laver, 33, and Rosewall, 37, couldn't help but remember how times have changed in pro tennis.

"I can look back on the game with satisfaction now," Rosewall said. "I was happy when I turned pro and I hoped I would do well."

"I never thought at that time that the pro game would amount to much more than it did then. Laver, who has won \$27,717 on the tour this year, recovered from a second set lapse to defeat Ashe for the 12th straight time. Ashe played well at times, breaking Laver's service twice in winning the second set.

Rosewall broke Okker's service three times in the first set and seven times in the match.

Despite Bad Year NTSTU Is Second

North Texas State may have a poor season record, but the Eagles finished in a second place tie with Louisville Saturday on the strength of another victory when it counted in the Missouri Valley Conference standings.

The Eagles blasted Wichita State 31-10 to bring their MVC record to 3-2.

Memphis State has clinched the MVC crown and the Pasadena Bowl berth that goes with it on a 4-1 record. The Tigers lost a non-conference game 28-21 to Kansas State Saturday.

In other games, Drake rallied from behind for a 32-28 victory over West Texas and Florida State annihilated Tulsa 45-10.

NO. 1 VS. NO. 2 Choices Await Grid Shootout

By The Associated Press
 Now that the bowls have played the dating game, Nebraska and Oklahoma are about to play the rating game.

... with Alabama-Auburn not far behind.

Much of the college football season will revolve around what happens on Thursday in Norman, Okla., and Saturday at Birmingham, Ala. In the former game, top-ranked Nebraska's defending national champions take on runnerup Oklahoma in the Game of the Week, Year, Decade, Century.

Two days later, Nov. 4 Alabama and No. 5 Auburn square off for bragging rights in the South.

OSU BEATEN
 All four titans had this weekend off but two other contenders for the national championship kept rolling along. Third-ranked Michigan turned back arch-rival Ohio State 19-7 on Billy Taylor's 21-yard gallop with 2:07 remaining, giving the Wolverines their first perfect regular campaign since 1948. Penn State, rated sixth, got three more touchdowns—Nos. 26, 27 and 28—from record-breaking scorer Lydell Mitchell and crushed Pitt 55-18.

Then the bowl game went to work with open arms and came up with the following lineup:

Sun Bowl, Dec. 18—Jowa State, 7-3 with one game left, vs. Louisiana State, 7-3 with one game left.

Pasadena Bowl, Dec. 18—Memphis State, 4-6, vs. either Long Beach State, 8-3 with one game left, or an Jose State, 4-5-1 with one game left.

ARKANSAS
 Liberty Bowl, Dec. 20—Arkansas, 8-2-1, vs. Tennessee, 7-2 with two games left. However, Arkansas could wind up in the

Tennis Match Nets \$20,000

WASHINGTON (AP) — Ethel Kennedy and Mrs. Elliot Richardson were the star attractions in a benefit tennis match that netted \$20,000 for a Washington remedial training center.

Mrs. Kennedy, the widow of Sen. Robert F. Kennedy, and U.S. tennis singles champion Stan Smith defeated Mrs. Richardson and U.S. Davis Cup doubles team member Erik Van Dillen 6-5 in the benefit match at Georgetown University Sunday night.

Approximately 2,300 persons attended, paying between \$5 and \$25 for admission.

The contest benefited Kingsbury Center, which offers diagnostic testing, remedial tutoring, psychological services and teacher training for children with specific learning disabilities.

Among the spectators were Sen. and Mrs. Edward Kennedy, former postmaster Gen. and Mrs. Edward Day and Elliot Richardson, secretary of health, education and welfare.

Hawks Play Here Today

Basketball fans have a tasty menu prepared for this week, starting with a 7:30 p.m. contest in the HJCJ gym between the classy Hawks and the rough McMurry B team.

Tuesday evening at the same time, Big Spring Steers, now 1-1, entertain the always-tough Ector Eagles. Big Spring looked good in its first two outings, dropping a heartbreaker 77-75 to Amarillo Palo Duro, then rallying to overtake Plainview 66-61. In the latter outing, the Steers started cold and were down 11 points at the half — 33-22. They narrowed it to eight points at the three-quarter pole, then scored a sizzling 27 points in the final quarter to win.

HJCJ is now 4-1, having taken third place in the Odessa tournament. They will be meeting McMurry instead of Tarleton College this evening because several of Tarleton's players were injured in a car mishap. Coach Harold Wilder says he expects McMurry to be tougher. The Hawks will be led by Archie Myers, who is averaging 36.2 points per game and who is almost a cinch to become the third highest scorer in Howard County history after tonight, and possibly may vault into second place.

Geo. Johnson Cops Azalea But Misses Masters List

WILMINGTON, N.C. (AP) — "I'll probably break down and cry when I leave here."

Howard Payne Is Lone Star Champ

By The Associated Press
 Southwest Texas coach Bill Miller awaited word Sunday on which and if Lone Star Conference co-champion will have a shot at the NAIA national championship.

Texas A&I has grabbed the title the last two years.

Howard Payne ran third and Southwest Texas was fourth in last week's NAIA polls.

While Southwest Texas knocked off A&I, Howard Payne had an easy 40-0 win over McMurry (2-8) to claim half of the title.

It was the first football championship for the Yellow Jackets in 14 years of LSC competition.

In other games, Angelo (7-3) beat Sul Ross (4-6) 45-14 while S. F. Austin (2-8) defeated Sam Houston (4-7) 10-6 and East Texas (6-5) won 24-10 over Tarleton (3-7).

Ah Ha, Ultimate Defense Weapon

LOS FRESNOS, Tex. (AP) — Coach Jerry Tomsu says he will file a protest with the University Interscholastic League because police officers used mace (riot control gas) on his players during the Los Frenos-Premont Class AA schoolboy football playoff game last Friday.

The game, at Premont, was won by Premont, 15-12, on a last second 25-yard field goal.

Tomsu says the mace was used on several of his players during a fight which occurred after Los Fresnos recovered a Premont fumble in the final two minutes. Tomsu says four of his defensive players were temporarily blinded and were unable to play as Premont later drove down the field to set up the winning field goal.

black to win on the pro golf circuit. "You've got to be a little excited when you win. Winning for the first time, well, man, it's something else."

Johnson, who was in the vending machine business until he joined the pro tour three years ago, picked up \$7,000 from the total purse of \$35,000 when he ran in a 29-foot birdie putt on the first extra hole to defeat Johnson, a 30-year-old who was just completing his first full year on the tour.

Johnson had a final round 70, one under par on the 6,575-yard Cape Fear Country Club course and Johnson had a fine 66 as they tied at the end of 72 holes at 274.

Veteran Rod Funseth and New York club pro Terry Wilcox were just one stroke back and there was a group of five at 276—Labron Harris, Jim Jamieson, Bobby Mitchell, Herb Hooper and disappointed Jim Colbert.

The veteran Colbert threatened to run away from the field at one stage, taking birdies on seven of eight holes in one string to establish a two-stroke lead.

But he took a triple bogey on the 13th hole to knock himself out of it.

Johnson, well back in the field starting the chilly, windy day's play, birdied five of his first six holes and barged into contention. He finished about an hour ahead of Johnson and had to wait nervously while George played his last few holes.

Ironically, the victory will not put Johnson in the Masters. This year, for the first time, all major tournament winners earn a spot in the classic at Augusta, Ga. And this year, for the first time, the Azalea is not classified as a major tournament. No black golfer has ever played in the Masters.

Less cash, more carry.

Consider the Jim Beam half gallon: (1) The World's Finest Bourbon Since 1795 costs less per drink. (2) There's a handle on it. Easy to carry, easy to pour. (3) There's less chance of running out of more. A sensible way to enjoy the Bourbon that has been a family art since 1795.

MEMBERS OF HOUSE CALLING CONVENTION

First Step Toward Forming National Black Party

WASHINGTON (AP) — Clenched black-power fists shot into the air and smiles broke out all over the room when black members of the House of Representatives announced they were calling a national black political convention.

SLAVE OR FREE

It will be a historic first, people kept saying. Never before in the 352-year history of black America, slave or free, has there been such a convention. The Saturday night announcement raised two questions:

—Would this turn out to be the first step toward formation of a national black political party?

—Was the cooperation that has begun between mainstream black politicians and the black-nationalist community in the urban centers finally being extended to a national level?

The convening document specifically included "the nationalist community" in a group set up to meet before Christmas to work out convention mechanics. Two other categories were mentioned, "local

electoral officials," and "community organization leaders." The House members said the convention will be in April or May.

STRATEGY

One member of the sub-committee that wrote the call was poet-playwright Imamu Baraka, the politically active Newark black nationalist formerly known as LeRoi Jones.

The convention call climaxed two days of open workshops and closed strategy sessions for about 200 black elected officials and political activists.

The closing speeches, which

stopped just short of calling for a black nation, seemed to contrast sharply with those at the beginning, which dwelt on the need to build coalitions with other minorities, poor whites, women and the young.

But a number of black political strategists who spent much of the two days locked in private debate, argued that the differences were more apparent than real.

In his keynote address Rep. Louis Stokes, D-Ohio, spoke of coalition politics:

"We must create an all-out

strategy to improve the quality of life for minorities wherever they may live," he said, adding that any "national black agenda" should provide "a united, single approach around the issues that bear upon black, brown, red, poor and disadvantaged people in this country."

DIFFERENT

Similar themes were repeated many times in workshops on health and housing, child care and political strategy. But others offered variations.

"We must put the interests of

our group before the interests of others," said Rep. William Clay, D-Mo. And Texas State Sen. Barbara Jordan, noting that "the old coalitions began to fall apart in the 60s," said any new coalitions "will be different in form, different in style, but will relate to us and our blackness."

That first day ended with a four-hour, closed strategy session at which tempers ran high, according to those coming out of the guarded meeting room slowly shaking their heads.

One big unresolved issue,

they said, was whether the meeting should endorse Rep. Shirley Chisholm's bid for the Democratic presidential nomination.

By Saturday evening, the rhetoric of coalition politics had been dropped in favor of the rhetoric of black politics.

"We have dreamed of a time when black people would forget white parties and bind themselves together, brother to brother, sister to sister," said concluding speaker Lerone Bennett to a rising tide of applause.

Abba Eban Calls On Egypt To 'Stop Public Bombast'

JERUSALEM (AP) — Foreign Minister Abba Eban called on Egyptian President Anwar Sadat on Sunday to negotiate a peace settlement with Israel and "stop the public bombast." Israel also named a new military chief of staff.

Eban was referring to Sadat's statement Saturday that "the time for battle has come, there is no more hope." During a tour of Suez Canal positions, Sadat urged his troops "to be ferocious in battle, to prove to the world that we are a fighting people who know how to defend our dignity and honor."

Sadat also told pilots at an air base that Egypt had broken off discussions with the United States on U.S. proposals for an agreement with Israel to reopen the Suez Canal. He accused Washington of retreating from its declared policy of seeking a peaceful settlement and said it now wants "by all means to achieve Israel's goals."

Egypt's Arab Socialist Union, the government political party, met in Cairo Sunday to discuss defense plans and organizing civil defense units.

It urged the Egyptians to assume their own responsibility, determine their own destiny and restore their lost lands, a reference by Israel to territory captured by Israel in the 1967 war.

Eban said Sadat's speech to the troops combined "a military threat with political ex-

hortion" which "can bring nothing but disaster to his nation and region."

"We shall, of course, not yield to military intimidation or to political pressure," Eban declared.

Other government officials accused Sadat of "heightening war hysteria" and said he left Egypt "little way out of a con-

frontation." But the official said: "Still he does not close the door completely to a political settlement. He leaves a narrow space open, but let's hope it is not too narrow."

The Israeli government also named a new military chief of staff to succeed Lt. Gen. Haim Bar-Lev, who had served an extra year in the post. His re-

placement, taking over Jan. 1, is Maj. Gen. David Elazar, 46, who ran the successful anti-guerrilla campaign in northern Israel from 1964 to 1969. For the last two years he has been chief of operations, the No. 2 job in the Israeli military hierarchy.

Bar Lev, who has been chief of staff since Jan. 1, 1968, will become minister of industry, informed sources reported.

Flood Control Bonds Approved

SINTON, Tex. (AT) — Residents of this South Texas town, which is plagued by flooding from heavy rains, have approved a \$603,000 bond issue for a drainage and flood control project.

The vote was 44 for and 36 against the proposal in a special election Saturday.

Sinton is the San Patricio County seat. In a recent bond issue, a countywide proposal to issue \$7.4 million in bonds for the same purpose was defeated by a wide margin.

Assures Governors They'll Have 'A Piece Of Action'

WASHINGTON (AP) — Sen. Robert J. Dole, the Republican national chairman, has assured GOP governors they will have "a piece of the action" in the 1972 presidential campaign.

But he said their specific role will depend on political decisions made by President Nixon and his campaign strategists.

"It's a little different when you have an incumbent president," Dole said in an interview. "You have to consider what the President wants."

What the governors want, according to their chairman, Gov. William G. Milliken of Michigan, is "a strong voice in how the national campaign is run" next year, and two of the top jobs at the GOP national convention in San Diego.

Dole said he will discuss those requests with Milliken early next month. But he said it is too early to start assigning specific roles, in the convention or the campaign.

He said some of those decisions will be made by Nixon's campaign manager, presumably Atty. Gen. John N. Mitchell.

Republicans will govern 20 of the 50 states next year, and Milliken said they are in an ideal position to generate cooperation of people and government to solve such problems as racism, crime and pollution.

"To do this, we must have full participation in the 1972 convention, in drafting of the

platform, and in the campaign itself," Milliken said at the Republican Governors Conference in French Lick, Ind., last week.

He already had written Dole asking that governors be assigned two key positions at the national convention, and that they participate in the presi-

dential campaign organization, particularly in their own states.

Dole said the Committee for the Re-election of the President, which will become the Nixon campaign organization next year, is keeping the governors advised of moves being made in their states.

Ferry Sinks, 66 Perish

MANILA (AP) — An inter-island cargo boat with about 200 persons aboard sank Sunday night between Leyte and Cebu islands, and between 66 and 106 persons were feared lost.

The Coast Guard said 94 survivors drifted ashore or were rescued. Sixteen bodies were recovered, and the Coast Guard said an estimated 50 to 90 persons were trapped inside the hull of the Bethoven II, which lipped, on Leyte, to Bogo, on a 25-mile run from Cebu.

The Coast Guard said the boat has been licensed to carry only 11 passengers but that license had expired in April.

The Bethoven sank during bad weather between the islands in the Camotes Sea. The Manila Evening News reported that most of the passengers were students returning to schools in Cebu after spending the weekend at their homes on Leyte.

Turkey and Thanksgiving! What would the day be without a golden brown turkey on the family dinner table? Turkey is traditional.

For this holiday season, here is a new, rich cashew nut stuffing. It's easily prepared and offers a characteristic flavor originating from the sauteur wine, cashews and seasonings. In addition to the turkey and stuffing, broiled apple rings with cranberries make an attractive garnish.

MRS. HUGH MAC RICHART

Cook, Sewer, Hostess; All This, Plus More

By BARBARA LORD

"If I get behind a good book, I'm really in my glory," said Mrs. Hugh Mac Richart. She has no preference for any particular type of book, but usually just goes to the library and signs up for very book on the best-seller list.

There are several other past times which put Mrs. Richart (Lynn) "in her glory." She is an excellent seamstress, gracious hostess and versatile cook and homemaker, as well as finding time for golf and bowling. All of these activities are worked around her foremost interest — her family.

Capt. Richart is H-Flight commander of the 3560th Pilot Training Squadron at Webb AFB. The couple has three children: Hugh McAllister IV (5th), Sarah Lynn, 3, and Andrew Ashley, 10 mos.

When Mrs. Richart sits down at her sewing machine, the results may be anything from a pair of slacks to a formal gown, to clothes for the kids or even a coat for herself. She also plans to start sewing for her husband. She said it is a rare occasion for her to buy nam. They enjoy crowds of a dress, and she has won in some sewing category at the dinner, and if they were staying Officers' Wives Club arts and here for the holiday, it is cer-

Pears Are Tasty Trim For Meats

Pears make wonderful accompaniments for meats. Pear Rings, for example, make a tasty garnish for baked ham.

Slice unpared pears crosswise and remove the core. Place rings in a buttered casserole. Sprinkle with a mixture of sugar, cinnamon and lemon juice. Bake alongside the ham until tender, about 30 minutes.

Curried Pears are another elegant addition to a meat course. Place cored, pared pear halves in a greased baking dish, cut side up. Fill cavity with a mixture of melted butter, brown sugar, curry powder and salt. Bake about 30 minutes, until tender, at 350 F.

Fresh Fruit Pie Sugar Frosting

You might enjoy frosting a cooled double-crust fresh fruit pie with confectioners sugar frosting. Your tasters will enjoy eating it! When oranges complement the flavor of your filling, use orange juice instead of other liquid in the frosting.

Corn muffins leftover? Toast them and use them as a base for creamed chicken, ham or veal. For this use, it's best if the muffins are low in sugar.

Chilled Dips Go With All Party Occasions

The party fare to pamper your congenial gathering of old and new friends should be impressive hot hors d'oeuvres like Swingin' Party Squares. These are deliciously different and surprisingly substantial finger-size snacks, and conversation starters in their own right.

With a good deal of pleasant chatter going on, as your guests greet old acquaintances and meet new ones, everyone still manages to find the food and keep coming back for more and more. No doubt you have all the makings for a party that will stand out even in this crowded season of entertaining.

You'll do well to set out an interesting array of chilled dips beside the Squares. Here are new ideas for two, Dutch Caraway Dip and Pinata Dip, both made with a base of sour cream, chock full of spices in every bite, and thick enough to stay put on salty chips and crispy crackers.

DUTCH CARAWAY DIP

Combine 1 pint sour cream with 1 teaspoon salt, 1/4 teaspoon each dried dill and powdered

cardamom and 1 teaspoon caraway seeds. Stir in 1 1/2 cups finely grated Gouda (or Jack or Cheddar) cheese and 1/4 cup finely crumbled blue cheese. Makes about 3 cups.

PINATA DIP

Combine 1 pint sour cream with 1 1/2 teaspoons seasoned salt, 1/2 teaspoon chili powder, 1 cup diced avocado (1 small), 1/2 cup diced peeled tomato. Add 1/2 cup crumbled crisp-cooked bacon, if desired. Makes about three cups.

For the base of Swingin' Party Squares, bake a thin pastry strip (made from a packaged pie crust mix), then layer with wafer thin tomato slices and slices of ham, turkey or chicken. On top goes a tasty blend of sour cream, mustard, instant minced onion, egg and grated cheddar cheese.

The topping turns almost crust-like when you broil the Squares, but remains temptingly creamy just underneath. Best of all, from your hostess point-of-view, you need only assemble the Squares near party time, and slip under the broiler briefly.

Cheese Appetizers Are Popular Holiday Treat

Appetizers made with cheese are tasty enough to satisfy any party or dinner guest. Try these to add variety to upcoming holiday festivities.

PARMESAN PARTY APPETIZERS

1/4 cup (1/2 stick) butter, softened

Roll one-half of dough out on lightly floured board in a rectangle 7 x 12 inches. Cut into 1/2 x 6-inch strips. Brush top with beaten egg white. Twist each strip 2 or 3 times and place on buttered baking sheet.

Repeat with remaining half of dough. Bake in a preheated 350 degree oven 12-15 minutes or until golden. Yield: Approx. 5 dozen strips. Note: Dough may also be rolled out to 1/2-inch thickness and cut with 2 1/2-inch diameter cookie cutters. Yield: Approx. 4-5 dozen.

1 tbs. minced green pepper
1 tbs. minced pimento

Add pickle relish, pepper, pimento and chopped beef; beat until well blended. Spoon enough mixture into the reserved shell to fill and mound on top; cover and chill remaining mixture until needed. Serve as a spread with assorted crackers. Yield: 1 2-3 cups.

WEIGHT WATCHERS Can eat their pie

Relax! You're Calorie-Cutting

Every dieter knows that fruit pies are loaded with "sugar and spice and everything nice and fattening." They can scarcely be considered appropriate fare for serious weight watchers. Not, that is, unless some calorie-cutting tactics have been employed in the kitchen.

PANTRY PICK-UPS

Calorie-concerned cooks are discovering that extra, unnecessary calories can be subtracted from many favorite dishes, simply by substituting low-calorie, even 0-calorie ingredients for those that are excessively high in calorie count. Note that the holiday-minded Cranberry-Apple Pie, shown here, has been sweetened the calorie-free way with Sucaryl rather than with sugar. As the result, remarkable calorie savings are accomplished, yet no one can taste the difference.

Meat to be used for swiss steak usually needs to be pounded. If there's no meat mallet in the house, use the edge of a heavy saucer.

A combination of lemon juice, rosemary and crushed garlic makes a good baste for roast lamb.

Quick supper dish: heat two cups of medium white sauce with a can of flaked tuna, a buffet size can of drained tiny green peas, a cup of thinly sliced celery crescents and a cup and a half or so of cooked noodles. Do your heating over hot water.

Some cooks like to add a quarter teaspoon of cream-of-tartar to a pie meringue that calls for three egg whites and six tablespoons of sugar. The cream of tartar should be beaten with the egg whites before the sugar is completely dissolved.

A LOVELIER YOU

Remove Monotones In Hair, Skin Colors

By MARY SUE MILLER

A lovely writes: I am a brunet with light brown hair and eyes, and skin the color of a faded tan. No study in brown am I, but in a brown study. I tried blonding my hair, a step that made my skin appear even more sallow.

What can I do to look less of a monotone?

The Answer: Don't try to change your basic coloring; accentuate it. The trick is turned by making allies of those cosmetics and fashions with the power to spark shimmer and excitement. Follow these pointers:

1. Use beige foundation that is well-laced with pink. Be sure it sits lightly on your skin; it must not have a masky or darkening effect. To keep your foundation color true, finish with translucent, "colorless" powder. Choose clear, high-gloss lipstick shades — sunny corals and new-again true reds. If you do not now use rouge, that course is recommended. The whipped, creamy textures give a natural appearance.

Make a focal point of your eyes. Try grey-blue shadow on the movable lids, amber above to the brow. Although pale eyebrows are today's trend, stay with a fairly dark, expressive outline. Add jet mascara — lots of it.

2. Do wear striking colors in clothing, nothing dull or murky. 3. Burnish your hair via light brown rinses with golden glints, and pomades with glimmer. Above all, aim for a sleek hair. Do. Wisps and ringlets do not.

Air Cadet Looks Good In Skirts

AUSTIN (AP) — When the University of Texas Air Force ROTC detachment issued uniforms for incoming cadets this semester, one uniform needed some adjustments — the skirt was too short.

The uniform was for Carol Lynn Christen, the first female cadet in the university's corps. "We also had to go to Lackland Air Force Base in San Antonio to get the uniform," she said. "I guess they weren't prepared to take me on."

The Air Force officers who lead the corps, however, said they were very pleased to have their first female cadet in the program. "She may keep some of our other cadets on their toes," said CO Tom Campbell, administrative officer for the detachment.

Miss Christen, however, doesn't think her presence has had much effect on the other cadets. "Most guys in Air Force ROTC are polite and gentlemanly anyway," she said.

Although not contemplating becoming a jet fighter pilot, Miss Christen said she is interested in pursuing an Air Force career, possibly as a space system analysis officer.

"This would mean working with computers to plot satellite orbits or study missile defenses," she said.

Miss Christen, a freshman math major from Houston, said she plans to remain in ROTC throughout her college career.

Book Fair Funds Pay For Trip

The annual Big Spring High School Book Fair was a success, according to Mrs. Joyce Ellis, high school librarian.

"We will get about \$160-170 from the sale," she said. "It will be enough to pay most of the expenses of the five girls that will attend the Texas Teenage Library Association state meeting at the Inn of Six Flags in February. The girls are members of the Big Spring High School Library Club."

"We are indebted to the English teachers for their cooperation in the Book Fair. We could never have done it if they had not helped us," she said.

Several thousand paperback books of all descriptions were on sale during the three-day event.

Men, Women Using Same Beauty Salons

NEW YORK (AP) — Some beauty parlors here are becoming a "his and her" affair these days, with men and women sharing the same salon for their unisex hairstyles.

Because of legal complications, it is technically impossible in New York State for a man and woman to have their hair done in the same place at the same time.

House Scrubbed Before Painting

To insure good paint adhesion, a house should be suds-scrubbed clean of grime, grit, and peeling paint before being repainted. To make the job easier, it may not be long before help arrives in the form of a truck-mounted power pump that cleans and paints. Until then it is pretty much a hand operation, but worth the effort.

Hints From Heloise

Dear Folks:

I got the shock of my life at the grocery when I bought a box of Macaroni and Cheese. (I put that in capital letters because there was such a difference in price!)

They were out of the brand I had used for years. So? I picked up another one. Looking at the price on it I thought I'd dropped my bifocals.

I decided to try a brand I'd never used before for a third as much. It was great! I did improvise to make it out of the ordinary — but I usually do that anyway.

Here's what I did:

After cooking and draining the macaroni in a strainer, and while it was still hot, I added a blub-blub of hot sauce, some fancy pepper ordinarily used for steaks, a tablespoon of Worcestershire sauce, a dab of leftover grated onion to the packaged mix, and then poured it into a buttered casserole dish.

Now as Longhorn cheese (cheddar) being way out in the light line like everything else, I used my potato peeler for slicing cheese for topping. Talk about s-t-r-e-t-c-h-i-n-g cheese! Melted instantly, too. Then sprinkle with paprika and put in the oven until the cheese sets to your liking.

It sure was good. The hot sauce and Worcestershire sure changed the flavor of plain old "Macand-Chee!" Heloise

P.S. Do you know that this can be varied umpteen ways by using bits of leftover meats? Even a can of Vienna sausage can be cut into bits and added.

Dear Heloise:

Here's a hint to share with you —

I am active in my temple. We prepare large luncheons, etc.

One afternoon I was mixing a tuna fish salad. The large mixing spoon was locked in the cupboard. I looked around and found a saucer — used that to mix my salad.

Now, I have everyone doing it! Mrs. Shapiro

Necessity is the mother of invention — remember? Heloise

Dear Heloise:

Being the mother of eight beautiful children I've found a great use for worn-out chenille bedspreads.

Tear the bedspread into squares to use for wash cloths and handwipers for babies. I keep them handy in the kitchen.

When taking a trip I put a damp one in a plastic bag and it saves the day in a million different ways! Joan

Dear Heloise:

I have a great idea for making some of those handy little gifts which are really useful.

I use scraps or remnants (preferably jersey material) for making "shoe mittens."

Sleeves from sweaters and jerseys that are not too badly worn can be used. All I have

Upsetting Analysis

Dear Abby
Abigail Van Buren

DEAR ABBY: I recently wrote a short note to a woman I know slightly, asking for some information on her solicitations for symphony subscriptions. A few days later, I received a two-page "analysis" of my handwriting, and I have been fuming ever since!

In the first place, I don't know whether this woman has had any special training, or if she's an amateur who analyzes handwriting for a hobby, but some of her "observations" were downright insulting!

Example: "Your love life leaves much to be desired, but it could be greatly improved if you would get over some of your old-fashioned, puritanical ideas." "You are much too

since they know how much I fear dogs. I thought surely they would look up their dog, but they didn't.

When we got there and I saw their dog roaming around the house I became hysterical and caused a terrible scene. I screamed and carried on, and ran upstairs and locked myself in the bathroom.

My husband came up shortly afterwards and said, "We will go home now." And we did.

Abby, I feel so terrible over this.

Please tell me if I should write and apologize for the way I acted. I am 66 years old.

HEARTSICK
DEAR HEARTSICK: If it will make you feel any better, write and apologize. But in my view, they owe YOU an apology for having exposed you to their dog knowing how you fear dogs.

DEAR ABBY: All my life I've been afraid of dogs. Not just big dogs I am afraid of the smallest dog. I can't help it. Dogs have always terrified me. My sister and her husband invited my husband and me to visit them for a weekend, and

My husband came up shortly afterwards and said, "We will go home now." And we did.

Abby, I feel so terrible over this.

Please tell me if I should write and apologize for the way I acted. I am 66 years old.

HEARTSICK
DEAR HEARTSICK: If it will make you feel any better, write and apologize. But in my view, they owe YOU an apology for having exposed you to their dog knowing how you fear dogs.

DEAR ABBY: My husband and I have boys, 15 months and three months. We were overwhelmed with joy when our first child was born. We had prayed for a boy, and we got one.

Before I knew it, I was

"carrying our second child. The problem is the second boy is completely opposite from our first. He cries all the time for no apparent reason, and we can't keep him on any kind of schedule.

I sometimes find myself regretting we ever had him. We both desperately wanted a little girl, and I don't seem able to love him as I do the older boy.

I keep thinking the most horrible thoughts, like secretly wishing something would happen to him, so we wouldn't be bothered with him anymore. Yet, I know if something were to happen to him I'd never be able to forgive myself because of my secret thoughts.

My husband doesn't know how I feel. Nobody does. Do you think I ought to see a doctor? CONFUSED AND FEELING GUILTY

DEAR CONFUSED: I certainly do. And I urge you to see him quickly.

Your Good Health

Dr. G. C. Thosteson

Dear Dr. Thosteson: I have had three experiences with cysts in my breast. I am now 49 and have symptoms of menopause.

A doctor recently told me I should be given hormones. However, he also said this could cause more cyst activity. Yet he also said if I do not take hormones, I will age noticeably in that my skin will become loose and wrinkled, my bones will become brittle, etc.

He seems to think I should take the hormones even though I may be faced with more cysts. I don't much like either alternative, and really don't know what to do.—Mrs. M.A.

None of these predictions is a guarantee that trouble will occur. All are things that MIGHT, but it is at least possible that they might NOT.

Your doctor was honest enough to tell you that you might have more trouble with cysts. It is fair that patients should know what possibilities exist from medication, surgery, or any type of treatment.

But right there is another problem. How do you tell people what MAY happen without making them think that it WILL? It is, I assure you, a real problem in practicing medicine — and a real problem to a patient, as you realize.

It is true that breast tissues respond to female hormone, but

keep this firmly in mind: a small dose, but enough to control your menopausal symptoms (hot flashes, etc.) may not cause any new cysts to form. A large dose might.

Likewise keep in mind that skin or bone degeneration does not automatically take place if you do not take hormones, any more than taking hormones will necessarily prevent them. Both are "maybe" prospects.

It is true that at menopause a considerable adjustment takes place in the body's production of hormones, particularly estrogen, the female hormone. This does not mean that the hormone ceases entirely, but the amount is reduced. Some still is produced.

Therefore, the administration of hormones at menopause is aimed at replacing enough of the loss to prevent objectionable symptoms. The amount may not be enough to affect cyst production in your case.

Your doctor, knowing of your tendency toward cysts, still recommends hormones, so I would be very much inclined to follow his advice. Adjusting the dosage may give you all the benefits and none of the possible disadvantages.

Dear Dr. Thosteson: My single daughter, 22, went to a doctor for irregular periods and was given a prescription for birth control pills. When I was her age and single, I had the same problem, but was given estrogen which was all I needed to bring regular periods. Can you answer this in your column? I am amazed at these pills being given. — Mrs. J.K.

Don't be amazed. The pills are a combination of estrogen and progesterone, and are very commonly used to regulate periods. Being single has nothing to do with it.

"You Can Stop Sinus Trouble!" is the title of Dr. Thosteson's newly revised booklet explaining what sinus trouble really is and encouraging sinus sufferers to do something about it. For a copy write to him in care of The Herald, enclosing a long, self-addressed envelope and 25 cents in coin to cover cost of printing and handling.

Cairo's Oldest Street Is Due To Be Restored

CAIRO (AP) — Females of different ages, veiled and otherwise, pause briefly to eye, perhaps begrudgingly, the eight-century-old mosque of Al-hakim Bi-amr Allah.

Al-hakim is known in history as an eccentric, despotic ruler. He ordered Egyptian women to quit the streets of Cairo.

He also banned, under death penalty, the making of shoes for women and forced men never to work before nightfall.

One of his peculiar whims was a strict order barring Egyptians from eating Molo-hiya, a native dish of sticky green soup.

Al-hakim lived boisterously and died in mysterious circumstances. He disappeared one night on the street where his mosque and fortress stand. Only his cloak, donkey and dagger were found.

The mosque is but one of many exquisite buildings on the winding "Saga" street, labeled by archaeologists as the oldest in Cairo.

To pass through the Saga 50 years ago. Notables used to come here to see the mosques and to see us. But no more do worthwhile people come here now."

The Antiquities Department recently announced the Saga would be restored in order to "prevent construction projects from effacing its original historic character."

The Saga was built 1,023 years ago, archeologists say. It was first named after Al-moez Ladin Allah, founder of the

Fatimid Dynasty in Egypt. It was part of the old city of Cairo, built by General Jawhar Al-sikilly who conquered Egypt on behalf of Al-moez.

At one time the street was named after Touman-bay, a warrior whose tomb stands at one end of the alley. When the Ottoman Emperor Selim I conquered Egypt three centuries ago, Touman-bay was hanged by the north-side gate of Cairo, known as Bab Zwiela. Bab Zwiela is still among the intact features of the Saga.

LETTER

Attempt To Tie Council's Hands?

TO THE EDITOR:

Your article (Nov. 19) on the Charter Committee failed to mention that although the Sub-Committee had met numerous times over a period in excess of a year, no report was made to the Committee as a whole until Thursday night, at which meeting, for the very first time, was submitted a proposed "Model Charter," consisting of 35 legal pages, and without review or the opportunity for the members to read and consider such proposed charter, the Committee was called upon to approve the same and the recommendations of the Sub-Committee.

Such proposed charter contained "Prohibition" provisions against the council or any of its members dictating the appointment or removal of any city administrative officers, and against the council or its members giving orders to any officer or employee, publicly or privately, and provides that in the event a Commissioner violates any express prohibition he should forfeit his office.

Rather than the majority vote now required, such proposed charter calls for a four-fifths vote — to the point that a special meeting may be called only by "the Mayor or four or more members."

Then it authorizes the creation of a Board of City Development, with 16 members, "entirely free and independent of the City Council," to be funded out of the General fund of the City, for which the City Council may appropriate each year a sum of money "not to exceed ten (10) cents on the dollar valuation of taxable property in the city."

Having failed at the attempted recall election, it would appear that some of the same proponents for the recall are trying to get in the back door by a proposed charter that would tie the hands of the City Commission virtually powerless — thus our elected city officials would become ineffective, and the citizens could find themselves at the mercy of appointed officials.

Yours very truly,
MARY THOMAS

U.S. Prisons 'Warehouses Of Crime, Degradation'

SAN FRANCISCO (AP) — In reform is not enough, he said.

To avert future Atticas, he said, the changes in prisons must go so deep that anti-social offenders are treated as "one human being at a time" instead of as criminal statistics.

What are needed, he said, are small, community-based institutions to meet the needs of the prisoners—detoxification units for alcoholics and drug users, family service agencies and psychiatric counseling.

Clark conceded the cost of the new prisons he advocates is "out of sight."

San Francisco (AP) — In their present form American prisons are "warehouses of crime and degradation" and the country should get rid of them, says former Attorney General Ramsey Clark.

In two speeches here over the weekend Clark said prisons don't work because they do not meet the human needs of the people they are built to house.

On Saturday he told a meeting of the National Association for the Advancement of Colored People that prisons "are our greatest failure" and reflect America's greatest problems—violence and segregation.

"No social institution is a greater failure than prisons," he said. "Prisons, as segregation, do not work," yet the country segregates the aged, the poor, the race, and the young, he said.

On Sunday Clark told an audience at the University of San Francisco that there are likely to be escalating waves of prison violence until there is a total commitment to the idea of common humanity. Mere prison

Commemorating Assassination

DALLAS (AP) — Ceremonies commemorating the eighth anniversary of the assassination of President John F. Kennedy were to be held today at the Kennedy Plaza memorial in downtown Dallas.

Three clergymen—a Roman Catholic bishop, a rabbi and a Baptist minister, were to join Mayor Wes Wise in wreath-laying and brief remarks.

The memorial is located about a block from the spot where the Warren Commission concluded that Lee Harvey Oswald killed Kennedy Nov. 22, 1963.

The ceremonies were sponsored by the Greater Dallas Council of Churches.

Major New Experiment

HANOVER, N.H. (AP) — Trustees of Dartmouth College have adopted coeducation and a year-round academic calendar in what they describe as a major new experiment.

Women will be admitted for the first time as baccalaureate-degree candidates in September 1972.

Enrollment will be increased from the current level of 3,200 men to approximately 4,000 by the fall of 1975, the college announced Sunday. Of that total, 1,000 will be men and 1,000 or more will be women.

LAUNCHED IN HOPES OF SPARING PRESIDENT

Effort To Defeat Child-Care Bill

WASHINGTON (AP) — A White House-led lobbying effort to defeat a multibillion-dollar antipoverty bill has been launched in the House in hopes of sparing President Nixon the choice of signing or vetoing it.

The bill, a compromise between separate versions already passed by the House and Senate, contains a provision for a new child-care program which has aroused intense opposition from conservatives.

However, it has equally strong support from civil-rights, labor and women's organizations, and Nixon will be in trouble with one side or the other no matter what he does.

JOB TRAINING

In an effort to free him from the dilemma, White House con-

gressional operatives are working with House Republican Leader Gerald R. Ford of Michigan and Southern Democrats to line up votes against the bill. Backers have delayed a vote until Dec. 2 to allow time for gathering their votes.

In addition to the child-care program, the bill authorizes a new legal-services program for the poor and extends for two more years job-training programs for needy youths, community action programs and other activities run by the Office of Economic Opportunity.

MORE DIFFICULT

They all would go down along with the child-care program if the bill is defeated or vetoed, which makes the White House's task more difficult.

When the House acted on its version of the bill last Sept. 30 the child-care program, voted on separately as an amendment, was approved by only three votes, 186 to 183. But the entire bill was passed 251 to 115.

Since then, critics have been arguing that the child-care program would undermine parental responsibility and permit government indoctrination of children. Some conservative political leaders, already unhappy with aspects of Nixon's program, have said he will lose their waning support if he signs the bill.

SLIDING SCALE

The child-development provision would authorize three health, educational and nutri-

'Tiger Woman' Faces Tough Parole Hearing

FLORENCE, Ariz. (AP) — Board of Pardons and Paroles voted 2-1 to commute Mrs. Judd's sentence to time served.

Board chairman Walter Michael changed his no vote to yes last month, and Gov. Jack Williams concurred. The board will consider the question of parole when it meets Nov. 30.

But Michael's vote had no actual bearing on the decision to commute, since board members Keith Edwards and Abe Cruz had outvoted him and a simple majority is all that's necessary.

Since the vote, Cruz has resigned in ill health and been replaced by Walter Jacobs of Tucson. He may hold the deciding vote.

Be Active

Jean Adams' TEEN FORUM

DEPRESSED: (Q) I honestly don't need a shrink, but sometimes I get horribly depressed about myself. I think maybe it's because I don't have a boy friend. I want one very badly.

It's not because some people think a boy friend is a cool thing to have. It's because I'm a sensitive girl of 15 and I need someone to love me. Do you think having a boy friend would cure my depression? — Sensitive in South Carolina.

(A) Not necessarily. Many girls who write me are depressed because of their boy friends. The best remedy for the occasional depressions into which most teenage girls fall is to be active. Spend your time doing things with your girl friends or busy in school activities instead of sitting and thinking about needing somebody to love you.

Being busy and useful and helpful will make you appreciated, which is a form of love. This, in turn, will make you cheerful.

You will also be out in public where boys are. They will see you busy and useful and active and cheerful and they like what they see. They like it much better than they would like a gloomy girl sitting at home being sensitive wishing for someone to love her.

JACKET: (Q) Last summer I bought myself a \$30 unisex jacket. I wore

it only twice and it is like new. I can't wear it now because I've been reducing and it is much too big for me.

A friend of mine is having a birthday. He has never seen the jacket and I believe it would fit him. Would it be proper to give it to him as a present? — A Girl in Maine.

(A) — Don't pretend it is new. Don't give it as a surprise. Just tell the boy the story of the jacket and ask him if he would like to have it. If he says yes, tell him you'd like to give it to him for his birthday.

To give it as a new gift bought for him would be dishonest and in poor taste. First, you did not buy it for him and, second, it is much too expensive a gift for a boy who is just a friend.

Air Force, Austin Water Rate Tussle

AUSTIN (AP)—This city and its Bergstrom Air Force neighbor are tussling over the rate Austin charges for delivering municipal water.

As a result, city officials reported, the base is \$74,000 behind in paying its water bills.

City Manager Lynn Andrews said Bergstrom hasn't paid its bill in four months. Previously, after a rate increase in April of 1970 the base continued paying at the old rate, he said.

A clause in a water contract with Bergstrom requires the city and the base to agree on any rate increase. Bergstrom officials say they never agreed to the boost.

The Air Force says it plans to send government accountants here to make sure the city isn't making a profit on water.

Andrews said the base paid at the old rate for some time and then, when billed at the new rate in July with the deficit between the old and new rates added, the base failed to pay anything.

The city manager said he is not permitted to accept any payment short of the full amount owed by the Air Force.

Andrews said he couldn't negotiate a rate for the Air Force differing with the charge to other Austin users.

City Councilman Dick Nichols said, "We could probably cut their water off."

Arthritis Fund Reaches \$3,368

Late contributions have pushed the arthritis collection to \$3,368.35, according to Mrs. Tom Warren, chairman of the campaign.

"This is well over the \$2,559 received by this time last year," Mrs. Warren said. She said some campaign kits have not been turned in and that the total is expected to go even higher. She said \$94.50 of the total was the result of persons who were not home mailing in the envelopes left in their doors. The door-to-door campaign was held Nov. 14.

Ban Aids Stock

PRETORIA, South Africa (AP) — The agriculture ministry has withdrawn the use of DDT, BHC, nicotine and arsenic from all veterinary and stock remedies.

Treasure Hunts Yield Real Gems

SYDNEY (AP) — There are echoes of the American Wild West and the Klondike about Australian mining of opals and other precious stones.

Prospectors are tough and individualistic, wary of strangers and ever-ready to protect their leases against claim-jumpers.

Buyers are equally solitary. They arrive in small, hot and dusty outback towns armed with cash and pistols. Few stay overnight: Word of their arrival and bulging briefcases travels too quickly for continued good health.

Though overshadowed by the discovery and mining of vast deposits of iron ore, and big reserves of nickel, copper and uranium, the gemstone business

has been booming. The annual value of opal production increased from \$1 million to \$10,460,000 in the 10 years to 1969 — the most recent year for which figures are available.

Sapphires have come from nowhere — they weren't even recorded until 1968 — to \$2,744,000 in 1969.

Diamonds, emeralds and rubies still are nowhere but exploration work is going on.

Opals are the gems which retain much of the flavor and image of traditional prospecting.

Australia provides 95 per cent of the world's opals mainly from the Coober Pedy and Andamooka fields in South Australia and the Lightning Ridge deposit in northern New South Wales.

All are remote, intensely hot areas. At Coober Pedy, miners live in underground homes, blasted and hewn from rock, to escape the heat.

The opal business is dominated by old-school prospectors. Only one company has been granted leases in South Australia, Gem Exploration and Mining, which has discontinued work on the sites.

Only one company is known to be prospecting at Lightning Ridge — Lightning Ridge Minerals. Big-scale mining virtually has been ruled out by the state government which has limited leases to 150 square feet. This was done two years ago to preserve the unique nature of the opal mining industry at Lightning Ridge and to give small prospectors an equal chance with mining companies.

Sapphires have attracted mining companies, with 10 concentrated in the Inverell and Glen Innes areas of New South Wales. These are Amsil, Abaleen, Delta, Dominion, Gem Exploration, Giltspur, Halls Peak, Jinglelic, Palgrave and Stellar.

Though sapphires are the main target, the companies also are on the lookout for diamonds and emeralds from these sites.

Two Muslims Gunned Down

SAN FRANCISCO (AP) — Two Black Muslim men were gunned down in a narrow street in San Francisco's predominantly black Fillmore District Sunday night, police said.

From cards found in their pockets, police identified them tentatively as Freddie Lee Webb, 31, of Chicago, and Charles Phillip Willis, 27, of Richmond, Calif.

The men were lying sprawled

on the narrow street when police arrived, officers said.

Police said witnesses turned in the alarm after seeing a black man and woman flee the scene about 8.30 p.m. Webb and Willis both were shot in the head with 45 pistol bullets, one of them five times, police said.

The cards in their pockets identified both as members of the Nation of Islam, police said.

Robbery was ruled out as a motive as no personal belongings had been removed, including more than \$100 dollars in cash in one wallet, one officer reported.

PERFECT CROWN TO BIG MEALS
Light, fluffy for leisurely eating

Serve Light Dessert After Filling Meals

Holiday desserts deserve a starring role, not just an "I'm-too-full" part on the menu. After a main course of turkey and all that goes with it, even the heartiest eater can lose interest in traditional pies and puddings. But set the stage with a light, fluffy dessert, served at leisure, perhaps with coffee by the fireside, and see how interest and appetites perk up.

It's the perfect finale for a leisurely holiday dinner, and one that's bound to be a star for parties and festive occasions to come.

ROSY APPLE LOG

1 15" x 10" x 1" jelly roll
1/2 cup sugar
3/4 cup water
1/4 cup red cinnamon drops
1 lb. 4 oz. can pie-sliced ap-

ples, well drained
1 cup heavy cream
2 tbsps. sugar
1/2 tsp. vanilla

Prepare and bake your favorite jelly roll recipe. Roll up and cool on wire rack — about 1 hour. Meanwhile, combine 1/2 cup sugar, water and cinnamon drops in 8-inch skillet. Cook over medium heat until sugar and cinnamon drops dissolve, stirring constantly. Bring to a boil and simmer for 10 minutes. Add pie-sliced apples and simmer in syrup until glazed, about 3 minutes, turning often. Remove pie-sliced

apples from pan. Drain and cool. Just before serving, combine heavy cream, sugar and vanilla in mixing bowl. Whip until stiff. Fold in glazed pie-sliced apples. Carefully unroll cake. Quickly spread cake with filling to within 1 inch of edges. Start rolling up cake from narrow end. Finish with open end of cake on underside. Cut into crosswise slices.

Merit Pie Versatility

By CECILY BROWNSTONE
Associated Press Food Editor
Sleuthing through early American cook books, we've come on a two-fruit combination—Cranberries and apples—that's still relished by knowing cooks.

An excellent way to team the fruits is in a sauce; another interesting way is to bake them in a pie. Sometimes modern cooks use a larger amount of a p p l e than cranberries, sometimes it's just the other way around. This pie takes the latter way.

Eaters who like a tangy pie will enjoy this one unadorned; for diners with a sweet tooth, add a topping of well sweetened whipped cream.

MORE CRANBERRY THAN APPLE PIE

Flaky pastry for 2-crust 9-inch pie

1½ cups sugar
3 tbsps. quick-cooking tapioca
½ tsp. salt
2½ cups fresh cranberries
1½ cups diced pared apple
2 tps. grated orange rind
3 tbsps. water
2 tbsps. butter or margarine
Roll out half of pastry about ¼-inch thick; line a 9-inch pie plate with it. Roll out other half of pastry about ¼-inch thick for top and cut vents in it.

Stir together the sugar, tapioca and salt; mix in cranberries, a p p l e, grated orange rind and water. Turn into pastry-lined pie plate; dot with butter. Cover with top pastry; trim, turn under and flute edge.

Bake in a 450 degree oven 10 to 15 minutes. Continue baking in 350 degree oven about 50 minutes.

PUMPKIN PIE

1½ cups canned or mashed cooked pumpkin
¾ cup sugar
½ tsp. salt
1 to 1¼ tps. ground cinnamon
½ to 1 tsp. ground ginger
¼ to ½ tsp. ground nutmeg
¼ to ½ tsp. ground cloves
3 eggs, slightly beaten
1¼ cups milk
1 6-oz. can evaporated milk (¾ cup)

1 9-inch unbaked pastry shell
Thoroughly mix pumpkin, sugar, salt and spices. Blend in eggs, milk and evaporated milk. Pour into unbaked pastry shell (crimp edges high—filling is generous). Bake at 400 degrees for 50 minutes or until knife inserted halfway between center and edge comes out clean. Cool before serving. Trim with giant walnut halves.

MINCEMEAT PUMPKIN PIE (Makes one 9-inch pie)

1 (9-oz.) pkg. condensed mince meat
1 (9-inch) unbaked pie shell
1 cup canned or cooked pumpkin
½ cup sugar
½ tsp. cinnamon
¼ tsp. nutmeg
¼ tsp. salt
2 eggs, well beaten
¾ cup milk

Break mincemeat into small pieces; place in saucepan. Add 1½ cups water. Place over medium heat and stir until lumps are thoroughly broken. Bring to a boil and boil briskly for 5 minutes. Cool. Mix together mincemeat, pumpkin, sugar and seasonings. Combine eggs and milk. Stir into mincemeat-pumpkin mixture. Pour into pie shell. Bake in 400 degree oven 35 to 40 minutes, or

until sharp knife when inserted near center, comes out clean.

NO-BAKE MINCE PIE (Makes an 8-inch pie)

1½ cups ready-to-use mince meat
1 (8-inch) graham cracker crumb crust
½ cup heavy cream, whipped
Heat mincemeat slightly. Pour into crumb crust. Chill well. Cover with whipped cream just before serving.

FAMILY FAVORITE

1 (9-oz.) pkg. condensed mincemeat
1½ cups hot water
1 to 3 tbsps. sugar
1 pkg. pie crust mix or your favorite pastry recipe
Break mincemeat into small pieces; add water and sugar. Place over heat; stir until lumps are thoroughly broken. Boil 1 minute. Cool slightly. Line 8-inch pie plate with pastry; fill with mincemeat. Fold top crust pastry in half; make several slits near center. Place on top of filling; unfold. Flute edges. Brush crust with milk. Bake at 400 degrees for 30 minutes or until golden brown.

CHOCO-MINT SWIRL

1 (5½-oz.) pkg. mint wafers
¼ cup butter or margarine
4 cups Team Flakes
1 envelope unflavored gelatin
¾ cup milk
2 eggs, separated
½ cup granulated sugar
12-oz. cream cheese, softened
½ tsp. vanilla extract
½ cup heavy cream, whipped
Several drops red food color
Melt mint wafers and butter or margarine over hot, not boiling, water. Pour over Team Flakes in large bowl; toss until well coated. Distribute over bottom and sides of a 12-inch pizza pan. Chill. Meanwhile, soften gelatin in milk in top of double boiler. Beat in egg yolks and ¼ cup sugar. Cook over simmering water until slightly thickened. Beat cream cheese until fluffy; gradually beat in hot mixture and vanilla extract. Cool in ice bath or refrigerator, stirring occasionally. Beat egg whites until foamy; gradually add remaining sugar, beating until moist, distinct peaks form. Fold with cream into cheese mixture. Scatter red food color over surface; swirl through mixture with spatula. Pour into chocolate crust. Chill until set, about 3 hours. Makes 10 (about 3¼-inch) wedges.

FRENCH APPLE TART

Pastry for 1-crust pie
2 medium apples
2 cups applesauce
3 tbsps. sugar
½ cup apricot jam
Line a 9-inch pie pan with pastry; turn under edge and press with a fork, or flute. Pare, core and cut apples into thin slices. Spoon applesauce into unbaked pastry shell. Arrange apple slices in a circle on top of applesauce. Sprinkle with sugar. Bake in a 375 degree oven for 35 to 40 minutes or until pastry is golden. Cool. Melt apricot jam over low heat. Brush top of pie with jam. Chill thoroughly before serving.

PECAN CREAM CHEESE PIE

2 pkgs. (each 3-oz.) cream cheese
¼ cup plus 2 tbsps. sugar
1 egg
2 tps. vanilla
¼ tsp. salt
3 eggs
¾ cup light or dark corn syrup
1 unbaked 9-inch flaky pastry shell

1¼ cups chopped pecans
In a small bowl, beat together cream cheese, ¼ cup sugar, 1 egg, 1 teaspoon vanilla and salt until thick, creamy and smooth; reserve. In another small bowl, beat 3 eggs just until yolks and whites are combined. Add corn syrup, 2 tablespoons sugar and 1 teaspoon vanilla; beat gently only until blended.

Spread reserved cream-cheese mixture in the bottom of the unbaked pastry shell. Sprinkle with pecans. Gently pour the syrup mixture over the pecans. Bake in a 375 degree oven until center is firm to the touch—about 35 to 40 minutes.

MINCE'N APPLE PIE

Pastry for double crust pie
1-lb. 6½ oz. can mincemeat pie filling
1-lb. 4 oz. can pie-sliced apples, well drained
½ cup sugar
½ tsp. cinnamon
¼ tsp. nutmeg
Divide pastry in half. Roll out each half into a 12-inch circle. Fit one round into a 9-inch pie plate. Trim overhang even with edge of plate. On other pastry round, using a small cookie cutter, make 8 Christmas tree cutouts. From remaining dough, cut small pastry rounds, the size of a penny. Brush rim of pie with water. Place rounds on rim, slightly over-lapping; press lightly.

Spread mincemeat filling evenly in bottom of pie shell. Combine apples, sugar, cinnamon, and nutmeg and spoon over mincemeat. Place Christmas tree cutouts on top. Bake in a 425-degree oven for 25-30 minutes or until golden brown.

Desserts For Happy Holidays

Holiday sweets can be presented in colorful containers which can later be utilized in the home. These containers can be as economical or costly as the giver desires.

Recipes for traditional holiday sweets, to be given as gifts or served at Yuletide festivities, follow. They are guaranteed to add their fragrance to the preholiday aromas.

CHRISTMAS CROWN CAKE (10-inch tube or bundt cake)

1 cup shortening
1½ cups sugar
4 eggs, separated
3 cups sifted cake flour
2 tps. baking powder
1 tsp. soda
½ tsp. salt
1 cup freshly squeezed orange juice
4 tps. freshly grated orange peel
1 cup chopped almonds with skins
¼ tsp. cream of tartar
Cream cheese frosting
Whole almonds for garnish
Cream together shortening and sugar until fluffy; add egg yolks, one at a time, beating well after each addition. Sift together dry ingredients. Add to creamed mixture in 3 additions, alternately with orange juice; beat just until smooth after each addition. Fold in orange peel and almonds. Beat egg whites with cream of tartar until stiff but not dry.

Stir a spoonful of beaten whites into batter, then gently fold in remaining whites. Pour

into well-greased and floured 10-inch bundt or tube pan and bake in a 350-degree oven for 40 to 50 minutes, or until cake tests done. Let stand 10 minutes before turning out on wire rack to cool. Spread cream cheese frosting around side of cake, leaving top bare. Place almonds around "crown."

CREAM CHEESE FROSTING

1 large pkg. (8-oz.) cream cheese, softened
1 cup sifted powdered sugar
1 tsp. freshly grated orange peel
1 tsp. freshly squeezed orange juice

Cream cheese must be softened to avoid overmixing. Stir together cream cheese and sugar by hand until smooth. Stir in grated peel and juice. Makes about 10 cups.

Note: Double the recipe if you use a regular 10-inch tube pan and wish to frost entire cake.

HOLIDAY CANDIED CITRUS PEEL (1 pound)

3 cups citrus peel, cut into strips from:
4 to 5 medium oranges, or
6 medium lemons, or
2 medium to large grapefruit, or
8 to 9 large tangerines.
12 cups cold water
2½ cups sugar
½ cup honey
1¾ cups boiling water

To prepare peel, wash fruit; score peel into quarters. Remove sections of peel with fingers; cut into uniform strips

about ¾-inch wide. Boil peel with 6 cups cold water uncovered for 10 minutes; drain and rinse. Repeat process with 6 cups fresh water. (Note, if you are preparing tangerine peel, omit second boiling.)

In large saucepan combine 1½ cups sugar, honey and boiling water; bring to a boil and boil 1 minute. Add cooked, drained peel and briskly simmer until almost all of syrup has been absorbed, about 30 to 40 minutes.

Stir frequently to avoid sticking. Transfer peel to colander; drain well, about 10 minutes. In large bowl, toss drained peel with remaining 1 cup sugar to coat well. Spread out on waxed paper to dry. Store in tightly covered container.

WRAPPED FRUITCAKE SAMPLERS

1 egg
1 cup water
1 pkg. (17-oz.) date bread mix
2 cups (1 lb.) fruitcake mix
1 cup currants or seedless raisins
1 cup chopped pecans
Brandy

Line 24 regular-sized or 36 small muffin tins with paper liners or grease and flour bottoms of each tin. In large bowl, combine egg and water. Add seedless raisins and remaining ingredients. Stir 50 to 75 strokes until thoroughly combined.

Fill each tin three-fourths full. Bake at 350 degrees for 25 to 35 minutes or until toothpick inserted into center comes out clean. Cool 10 minutes; loosen edges with spatula, remove from pan. Glaze with warm corn syrup and garnish with candied fruit, if desired. Cool thoroughly before slicing. Fruitcake improves with age if wrapped well in transparent food wrap and refrigerated.

For fruitcake loaf:

Grease and flour bottom of 8x4 or 9x5 inch loaf pan. Bake at 350 degrees for 70 to 85 minutes. Follow test for doneness and for pan-removing instructions in recipe above.

For added flavor:

Brush fruitcake occasionally with brandy during storage. Saturate a piece of cheesecloth with brandy and wrap around fruitcake before wrapping with transparent wrap.

Substitute ¼ cup brandy for

8 to 10 oranges
½ to ¾ cup sugar
¼ cup cornstarch
¾ cup sugar
Freshly squeezed orange juice
¼ cup cream sherry
Whipped cream

Peel oranges; cut in half, lengthwise. With a shallow "V" shaped cut, remove white center core. Cut fruit into chunks; sprinkle with ½ to ¾ cup sugar. Cover and let stand at least 30 minutes. In saucepan, thoroughly combine cornstarch and ¾ cup sugar. Drain all excess juice from sweetened oranges; add enough freshly squeezed juice to yield 2 cups. Stir into cornstarch mixture until smooth. Bring to a boil over medium heat, stirring constantly; boil 1 to 2 minutes. Add sherry, if desired; chill. When ready to serve, spoon oranges into individual dishes; pour over sauce and top with dollop of whipped cream. For a festive appearance, garnish with sprig of mint or green cherry with stem.

CRANBERRY ORANGE UPSIDE DOWN CAKE (13x9x2 inch cake)

2 tbsps. melted butter or margarine
1 cup firmly packed brown sugar
2 oranges, peeled, sliced into cartwheels
2 cups raw cranberries
½ cup shortening
1½ cups sugar
2 eggs
2 cups sifted flour
1 tsp. baking powder
½ tsp. soda
½ tsp. salt
½ cup milk
½ cup fresh squeezed orange juice
2 tps. freshly grated orange peel

Cover bottom of 13 x 9 x 2 inch baking pan with melted butter; top with an even layer of brown sugar. Cut orange slices in half; place in rows on top of sugar. Sprinkle over cranberries; set aside. Cream shortening and sugar together until fluffy; beat in eggs until smooth. Sift together dry ingredients; add to cream mixture alternately with milk and orange juice, beating until smooth. Stir orange peel into batter. Pour over cranberry-orange mixture. Bake at 350 degrees for 45 to 50 minutes. Immediately turn out onto platter or tray. Serve warm or cool.

OLD FASHIONED ENGLISH LEMON CURD

(about four 8 ounce glasses)
6 eggs, well beaten
2 cups sugar
2 tps. freshly grated lemon peel
½ cup freshly squeezed lemon juice
¼ cup butter or margarine

Beat eggs in small mixer bowl for 1 full minute. Add to remaining ingredients in heavy saucepan. Cook slowly, gradually increasing to medium heat, stirring constantly. Cook about 8 to 10 minutes, or until mixture thickens and appears ready to begin simmering; do not allow to boil. Immediately pour into sterilized jars; cover with sterilized lids. Stores several weeks in refrigerator. Excellent to keep on hand for tart fillings, topping for tea or pound cake, filling between cookies or sliced angel cake, or spread on hot toast. Makes an unusual homemade gift from your kitchen.

Book Offers Dessert Ideas

For the homemaker, no other time of year presents better opportunities for great cooking than the holidays. And no other time can provide her with more satisfaction from cooking.

With this thought in mind, Imperial Sugar Company developed a bright new cookbook, "Sugarplums from Sugar Land." Ninety-nine delicate, sweet recipes inspired by the sugarplum fantasies of Christmastime.

BLUEBERRY KUCHEN

1 cup plus 2 tbsps. allpurpose flour
1/2 tsp. salt
1 cup plus 2 tbsps. Imperial Granulated Sugar
1/2 cup margarine or butter
1 tsp. white vinegar
1/8 tsp. cinnamon
3 cups blueberries, fresh or frozen
Imperial Powdered Sugar
Combine 1 cup flour, 1/2 tsp. salt and 2 tbsps. granulated sugar. Work in margarine with fingers or pastry blender. Mix in vinegar. Using a 9-inch loose

bottom layer cake pan or buttered pie pan, spread crust mixture on bottom and 1-inch up sides of pan. Combine 1 cup granulated sugar, 2 tablespoons flour and 1/2 teaspoon cinnamon; add to blueberries and toss lightly to cover berries with flour mixture. Pour into crust. Bake at 400 degrees for 45 minutes to 1 hour. Cool and remove rim of pan. Dust top with powdered sugar. Serves 5 to 10. Fresh or canned pie apples, or favorite canned fruit may be substituted for blueberries. Adjust amount of flour and sugar, depending on juiciness and sweetness of fruit. Imperial Brown Sugar may be substituted for all or part of the sugar.

The new cookbook is available, boxed and ready for immediate mailing, upon sending one dollar and the red pure cane block from any Imperial bag or carton along with name, address and zip code to Imperial Sugar Company, Sugar Land, Tex. 77478.

What's round and firm and packed with luscious, healthful juice? A fresh orange, of course!

Orange Cranberry Relish is a delicious way to enjoy fresh oranges during the holiday season. It's easy to make (no cooking!), and so good with ham, chicken, turkey, fresh pork and game.

ORANGE CRANBERRY RELISH
2 oranges, quartered and seeded

Display Cookware

All decorated ceramicware utensils with handles for hanging have gay motifs on the bottoms to lend a festive touch when displayed in the kitchen.

4 cups fresh cranberries
2 cups sugar

Put orange quarters with peel and cranberries through food chopper. Add sugar to mixture. Chili in refrigerator several hours before serving. (The relish will also keep well in refrigerator several weeks.) Makes 1 quart.

NOTE: For holiday garnish, serve Orange Cranberry Relish in orange cups with picot edge. To prepare, make a pencil guideline around the center of orange. Insert a small-bladed pointed knife in center of orange at an angle to make one side of a point. Remove knife; insert to make opposite side of point. Continue around orange, following line to keep halves equal size. Pull apart. Ream oranges for juice; remove membrane.

'All-American' Turkey

Once again the warm and wonderful spirit of Thanksgiving and Christmas prevails. 'Tis the season for Santa Claus and sugarplums, pine cones and plum pudding, cookies, candy canes, carols and, of course, Christmas dinner.

The season just wouldn't be the same without a festive holiday meal planned around a plump roasted turkey, basted in buttery goodness.

Turkey is an "All-American" bird. It's a native American game bird, related to the pheasant, domesticated by the Indians even before the arrival of the early settlers.

Over the years the turkey became so popular it is said that Benjamin Franklin would have liked to see it picked over the bald eagle to be our national bird. In a letter he wrote: "I wish the Bald Eagle had not been chosen as the Representation of our Country; he is a Bird of bad moral character, like those among men who live by sharpening and robbing. . . . The turkey is a much more respectable bird, and withal a true original Native of America."

BUTTER BAKED TURKEY

16-20 pound turkey
1 tsp. salt
Celery leaves
Few sprigs parsley

OYSTER STUFFING

½ cup (1 stick) butter
1 cup thinly sliced celery
¾ cup chopped onion

½ cup coarsely grated carrot
1 pt. oysters with liquid
2 pkgs. (8-oz. each) herb seasoned stuffing
Broth or water

If the turkey is frozen, have it thawed the day before roasting sufficiently to remove the giblets. Simmer turkey neck and giblets in water to cover with salt, celery leaves and parsley until fork tender. Strain liquid; refrigerate for gravy.

Remove meat from neck; chop with giblets into small pieces. Refrigerate until ready to use in stuffing.

When the turkey is ready to stuff, rinse the body and neck cavities with cold water. Drain. Salt cavities lightly.

To prepare stuffing

In medium-size skillet, melt butter; add celery, onion and carrot, saute 5 minutes. Add oysters with liquid and simmer, stirring occasionally, until edges of oysters curl. In a large bowl combine stuffing with sauteed vegetables and oysters. Toss together lightly. Add broth (amount depending on moisture desired in stuffing).

To stuff the turkey

Pack stuffing lightly into body and neck cavity. Fasten neck skin side down by folding wings back akimbo or with a poultry pin. Fasten legs of turkey according to packer's directions.

To roast turkey

Place the bird in a roasting pan with rack, breast side up.

Brush with melted butter. Cover loosely with tent of heavy aluminum foil. Place pan on low rack in oven. Brush turkey during roasting about once every hour with melted butter or drippings in pan. Roast at 325 degrees for 3¾ to 4½ hours. To test for doneness, protect thumb and forefinger with paper or cloth. Pinch thickest portion of the drumstick. The meat should feel very soft, 15-20 servings.

BUTTER PECAN SQUASH CASSEROLE

5 lbs. (4-5 cups cooked) acorn or butternut squash
¼ cup (½ stick) butter
1 tbsp. grated onion
1 tsp. salt
½ tsp. crushed rosemary
¼ tsp. ground coriander
Salted pecans, coarsely chopped
Butter

Cut squash in half, remove seeds. Place cut side down in a large shallow baking dish. Pour in boiling water to a depth of ¼ inch. Bake in a preheated 400 degree oven 30-35 minutes or until tender. Reduce oven temperature to 325 degrees. Scoop out squash into a large mixing bowl and beat until smooth. Beat in butter, onion, salt, rosemary and coriander. Turn into 1½-quart buttered casserole, sprinkle chopped pecans around edge and dot with butter. Return to oven for 30 minutes or until thoroughly heated. Makes 10-12 servings.

How To Preserve A Husband

(Paste this recipe in your cook book)

Select one not too young, but once chosen, give your entire thoughts to prepare him for domestic use.

Some wives keep them in a pickle, others are constantly getting them in hot water. This makes them sour, hard to get along with and sometimes bitter.

Even poor varieties become sweet, tender and good, if garnished with patience, well sweetened with kisses.

Keep them warm with a steady fire of domestic devotion, a mantle of charity and forgiveness and serve with peaches and cream.

Prepared this way, they will last and taste good for many years.

2 (9½ oz.) packages pie crust mix
Sour cream topping
2 large tomatoes
Salt
2 (4 oz.) packages thin sliced cooked ham or, 2 cups thin pieces cooked ham, turkey or chicken

Prepare pastry mix as package directs. Roll each ball of pastry to a rectangle about 9 x 12 inches. Place the two pastry rectangles on baking sheets; prick top surface of pastry with a fork. Bake until crisp and golden brown at 475 degrees about 8 to 10 minutes. Mix up sour cream topping. When ready to serve, arrange very thin tomato slices over pastry; sprinkle lightly with salt. Cover with ham, turkey or chicken. Spoon sour cream topping over meat, spreading gently to cover. Broil about 3 inches from heat until bubbly and flecked with brown. Watch carefully to keep from burning. Trim off edges, then cut each rectangle into 2-inch squares. Makes about 4 dozen squares.

Baked Bread Aroma Goes With Holidays

There's nothing like the fragrance of fresh-baked bread to make holiday guests long to sit at the dinner table. The aroma is as traditional as the Christmas tree. Here is a variety of choices — some traditional and some not so traditional.

HONEY HOT CROSS BUNS

1/2 cup all-bran
1/2 cup dried currants
1/2 cup milk
1/4 cup honey
2 cups sifted flour
4 tps. baking powder
1 tsp. salt
1/4 cup shortening

Combine all-bran, currants, milk and honey; let stand until most of moisture is taken up. Sift together flour, baking powder and salt. Cut in shortening until mixture resembles coarse corn meal. Add cereal mixture, stirring only until combined. Turn dough out on lightly floured board and knead gently a few times. Divide in 12 equal portions and shape each into a ball. Place on greased baking sheets. Flatten out to about 1/2 inch in thickness.

Brush with mixture of 1 tsp. honey and 1 tsp. melted butter. Bake at 425 degrees about 15 minutes. As soon as the buns come from oven, make a cross on the top with an icing made of 1 cup confectioner's sugar, 2 tps. milk and 1/4 tsp. vanilla flavoring. Yield: 12 buns, 3 inches in diameter.

FRUIT AND NUT BREAD

1 (9-oz.) pkg. condensed mincemeat
2 cups sifted flour
3/4 cup sugar
3 tps. baking powder
1/4 tsp. salt
1/2 cup chopped nut meats
3/4 cup milk
3 tps. butter, melted
2 eggs, well beaten

Break mincemeat into small pieces. Sift together flour, sugar, baking powder and salt. Add mincemeat and nut meats; blend well. Blend milk and melted butter into eggs; add to dry ingredients. Stir only until dry ingredients are moistened. Pour mixture into greased (9 x 5 x 2 1/2-inch) loaf pan. Bake at 325 degrees for one hour.

BUCHTY

1 (13 3/4-oz.) pkg. hot roll mix
1/4 cup warm water
1/2 cup boiling hot milk
1/4 cup sugar
1/4 tsp. salt
1/4 cup butter
1/2 tsp. grated lemon peel
1 egg, beaten
Cottage Cheese Filling
1 egg white
2 tps. sugar
1/2 tsp. cinnamon

Dissolve yeast from hot roll mix in warm water. Combine hot milk with sugar, salt, butter and lemon peel. Cool to lukewarm. Add egg and yeast mixture. Blend in flour mixture from package to make a soft dough. Cover and let rise until doubled, about 1 1/2 hours. Punch down and knead 4 or 5 times. Roll on lightly floured board to a 15-inch square. Let rest while preparing the Cottage Cheese Filling (found below). Cut dough into 36 (2 1/2-inch) squares. Place a heaping teaspoon filling on center of each square; fold dough over it to make little loaves, pinching edges together (stretch dough slightly to cover filling well). Place rolls close together, seam-side down, in greased

9x13x2 inch baking pan. Cover and let rise in warm place until doubled in bulk, 30 to 45 minutes. Beat egg white lightly and brush over top of rolls. Sprinkle with sugar mixed with cinnamon. Bake on lower shelf in 75 degree oven about 30 to 35 minutes, until done and nicely browned. Cool in pan. Makes 1 dozen tiny rolls.

COTTAGE CHEESE FILLING

Combine 1 (8-oz.) container small curd creamed cottage cheese, 1 egg yolk, 1/4 cup sugar, 1/2 tsp. grated lemon peel, 1 tsp. soft butter, 1/4 tsp. salt and 1/2 cup chopped raisins.

HONEY-PECAN MUFFINS

1 1/2 cups sifted flour
2 tps. baking powder
1/2 tsp. salt
1/2 cup honey
1 egg
1 cup milk
1/4 cup oil

Beat egg, add milk and oil. Mix well. Slowly blend in honey. Sift dry ingredients together and make well in center of flour. Add milk, egg, oil and honey mixture. Stir quickly until dry ingredients are moistened. Fill muffin tins two-thirds full and bake in oven at 425 degrees for 25 minutes.

HOLIDAY CANDY CANE BREAD

1/2 cup chopped candied fruit
1/4 cup chopped pecans
1/4 cup firmly packed brown sugar
1/4 tsp. cinnamon
1 can (8-oz.) refrigerated crescent dinner rolls
1 egg, slightly beaten
Maraschino cherries or whole pecans

In small mixing bowl, combine fruit, pecans, brown sugar and cinnamon; set aside. On cookie sheet, separate crescent dough into 2 large rectangles. Overlap long sides; firmly pressing edges and perforations to seal. Pat or roll out to form a 7x14-inch rectangle. Spoon fruit mixture down center third of rectangle. On each side of rectangle, make cuts 1-inch apart to edge of filling. Fold opposite strips of dough over filling to form a braided appearance. Press edges of strips under to seal; seal ends. Shape braid into a candy cane shape. Brush with egg and decorate with cherries or pecans. Bake at 375 degrees for 15 to 20 minutes until golden brown. Drizzle with powdered sugar glaze, if desired.

CRANBERRY ORANGE TWIST

1 can (11-oz.) refrigerated orange Danish rolls with icing
1/4 cup sugar
1/4 cup cranberry-orange relish

Separate dough into 8 rolls. Unwind each; coat with sugar. Twist and form into a coil on ungreased cookie sheet. Spoon 1 1/2 tps. cranberry-orange relish on each roll. Bake at 400 degrees for 8 to 12 minutes until golden brown. Drizzle with orange icing which has been thinned with about 1 tsp. warm water. Serve warm.

CHOCO-NUT CRESCENT RING

1/4 cup sugar
1/4 tsp. cinnamon
1 can (8-oz.) refrigerated quick crescent dinner rolls
2 tps. butter or margarine, melted
1/3 cup sliced almonds
2 milk chocolate candy bars (1 3/4-oz. each), broken into 12 squares each

1 egg white, slightly beaten

Combine sugar and cinnamon; set aside. Separate crescent dough into 8 triangles. Brush with melted butter; sprinkle about 3 tps. sugar mixture and half of the almonds over dough. Stack three squares of chocolate on shortest side of triangle. Roll up; starting at shortest side of triangle and roll to opposite point; curve to crescent shape; press ends to seal. In center of ungreased cookie sheet, shape one crescent into a circle. Place remaining crescents around circle to form a sunburst. Brush with egg white; sprinkle with remaining sugar mixture and almonds. Bake at 375 degrees for 15 to 20 minutes until golden brown. If desired, drizzle with a powdered sugar glaze and top with chocolate curls. Serve warm.

END WASHDAY HANG-UPS

WITH a FLAMELESS ELECTRIC DRYER!

How many times have you dreaded seeing washday roll around — because of rain, blue northers, dusty winds or hundred-plus sunshine?

These are hang-ups you wouldn't have to face if you owned a flameless electric clothes dryer. You'd just move the clothes from your washer into the dryer, turn a dial and forget about the weather.

And you could dry clothes any time of the day or night.

If you were drying permanent press clothes, many would come out ready for wearing. Which could save you lots of ironing.

An electric dryer really makes sense. It costs less to buy. Only one energy source is needed. And it saves you hours of work for pennies a load.
