**DESCRIBES HIJACKING** — Ron Simpson, 30-year-old TWA fuel handler in Albuquerque, N.M., describes the length of a gun held by one of three men who hijacked a commercial aircraft early Saturday from Albuquerque. Simpson was held aboard the aircraft until the plane's engineer got back aboard. The 727 TWA plane landed later Saturday in Cuba. (See story Page 2-A).

## Japanese PM Slates Visit To San Clemente

**PALM DESERT, Calif. (AP)** — President Nixon will meet with Japanese Prime Minister Eisaku Sato in San Clemente, Calif., Jan. 6-7 for consultations prior to Nixon's Peking and Moscow trips, the Western White House said Saturday.

The meeting will be the third announced so far in a series of Nixon's summit sessions with major allies and leaders.

Nixon will meet with French president Georges Pompidou Dec. 13-14 in the Azores and with British Prime Minister Edward Heath Dec. 20-21 at Bermuda, the White House said earlier.

The announcement was made simultaneously in Tokyo and at this posh desert community, where the President had come for the dedication of Eisenhower Memorial Hospital and to play a round of golf at nearby El Dorado Country Club.

Presidential press secretary Ronald L. Ziegler said that this is the first time Nixon has met with a foreign head of state at

the Western White House at San Clemente, 70 miles west of here.

As with the two other meetings, Secretary of State William P. Rogers, Treasury Secretary John B. Connally and national security advisor Henry A. Kissinger will join in the Sato meeting.

Japan's Foreign Minister, Takeo Fukuda, will accompany Sato, Ziegler said.

Nixon is scheduled to visit Communist China early next year—the date to be announced officially by Dec. 1. His Moscow visit is set for late May.

So far, Nixon's consultations with allied leaders will give him a chance to talk with the European neighbors of the Soviet Union and mainland China's most influential Asian neighbor, Japan.

No details have been worked out as for the housing of the Japanese delegation.

Ziegler was asked whether it could be assumed that there would be no more meetings

with other heads of state between Dec. 21 in Bermuda and Jan. 6.

"Well, I don't want to guide you into assumptions. Draw your own conclusions," the press secretary replied.

There was speculation that Nixon might also meet with West German Chancellor Willy Brandt, heightened when Ziegler scheduled an unusual 8:30 a.m. PST Sunday morning news briefing in California.

Ziegler said Nixon's meetings with the Japanese delegation will take place at Nixon's office in the Western White House compound, located on a Coast Guard installation overlooking the Pacific Ocean and next door to Nixon's Pacific home.

Like the sessions with Heath and Pompidou, they will be strictly business, Ziegler said, with social activities kept to a minimum. There will be no state dinner, a White House spokesman said.

A brief announcement statement said Nixon and Sato "will

review the international situation and discuss U.S.-Japanese bilateral relations."

Asked why Sato was coming all the way to the United States when Nixon was going out part way to meet Pompidou and Heath, Ziegler replied that "it was felt this was a mutually convenient location."

There had been reports the meeting might take place on the sand of Hawaii or Wake Island in the Pacific.

## Spectacular Car Crash Results In Eight Hurt

By LINDA CROSS

A four-car smash-up just before noon Saturday three miles south of Big Spring on U.S. 87 resulted in eight persons being taken for treatment of injuries to Cowper Clinic & Hospital and the Veterans Administration Hospital.

Kim Kuykendall, 16, Sterling City, Route, Box 205, was attempting to turn left from the north bound lane into the driveway of her home when her Buick Riviera was struck in the rear by an Oldsmobile driven by Mrs. Martha Riethmayer, 60, of 408 N. 14th, Lamesa.

Miss Kuykendall was listed in good condition Saturday and was being treated for a broken nose, cuts and minor burns on her face. Kathy Reed, 16, a passenger in the Kuykendall car, was thrown from the vehicle on impact, and was treated at Cowper for bruises and abrasions and released.

**IN FAIR SHAPE**

Mrs. Riethmayer was listed in fair condition Saturday at Cowper, and Janet Reynolds, 16, Box 704, Lamesa, a passenger in Mrs. Riethmayer's car, was taken to Cowper for observation.

Apparently on impact, the Kuykendall car careened into the path of a south bound Opel Kadette driven by Mrs. Wanda Bruce, 49, Garden City Route. Mrs. Bruce was taken to VA Hospital where she underwent surgery for multiple lacerations on her face and leg and was listed in satisfactory condition Saturday.

The Kuykendall vehicle, which burst into flame, was struck a third time by a south bound Cadillac driven by Jess H. Slaughter Jr., Box 188, Rt. 2, Trent. The Slaughter vehicle reportedly skidded broadside into the Kuykendall auto and knocked it from the roadway.

Slaughter was not injured as a result of the collision. His wife, Eva, 46, was listed in fair

condition Saturday at Cowper where she was being treated for a broken rib. Their son, Jesse H. Slaughter III (Buddy), 11, was not injured.

Bill Kuykendall, father of the injured girl, reportedly had a heart attack after pulling his daughter from the burning wreckage and carrying her to safety with the assistance of Slaughter. Saturday, Kuykendall was reportedly resting well at Cowper after undergoing tests.

"All of a sudden, two cars cut in front of me. I couldn't go to the left or the right, so I just went straight on. I barely hit the Kuykendall car. I think I separated the two cars," said Slaughter at the scene.

"The first thing I saw was a ball of fire. I know Bill (Kuykendall), and he said, 'help me, Jess,' and I helped him carry his girl to the fence. I didn't know at the time that she was his girl," he added.

County volunteer fire departments, Alert Ambulance and Webb AFB ambulance went to the scene of the accident which was reported to Big Spring police at 11:54 a.m. as a three-car accident, all vehicles afire and 15 persons injured.

**FIREMEN WORK**

Texas Highway Patrolmen Ken Maxwell, John Ferguson, Jack K. White, off-duty Patrolman Chet Wesley and Howard County Deputy Sheriff Walt Birdsong arrived at the scene and began routing traffic around the wreckage while firemen extinguished the blaze which had completely destroyed the Kuykendall car.

The front end of the Opel driven by Mrs. Bruce was smashed in. The Riethmayer and the Slaughter vehicles were not believed to be as heavily damaged.

Cause of the accident is under investigation. At the scene, investigating officers were unable to ascertain the names

of all persons involved. Some had been taken away by ambulances and others were taken in private vehicles to hospitals.

One witness, 15-year-old Danny Lewis, Garden City Route, who, along with his father, Bob Lewis, and a younger brother, was in the Kuykendall yard at the time of the accident, said:

"I looked up and saw a car stop. I looked down, and then I heard a car skidding and looked back up and saw one car hit Kim's car. It looked like it knocked her into the other lane, where she was hit again, but I don't know. I was running toward the highway, and her car had started to burn, so I was not really sure what happened," said Lewis.

Lewis said that he ran down the highway and helped a woman and a young girl from the Oldsmobile.

## Abilene Youth Found Dead

**ABILENE, Tex. (AP)** — A 19-year-old Abilene youth was found frozen to death Saturday in an accident that occurred while he was filling a butane gas tank inside a camper about 1 1/4 miles north of Tye, an Abilene suburb.

Johnnie Aaron Allen was found dead about 6:30 p.m. by his stepfather, grandfather and an uncle in the back of his pickup truck.

Justice of the Peace Sila Clark pronounced the youth dead from freezing about 6 p.m. at an Abilene hospital.

Allen had gone to feed some stock on a farm near Tye, according to Judge Clark. He was filling the butane tank inside the camper when he apparently was overcome by the fumes. He fell over the tank with the gas still spewing from the valve, Clark said.

Allen's arm was frozen from the elbow down. His hands and head also were frozen, the judge said. Clark said that if the accident had occurred in the open that Allen may not have been harmed.

## Adds Ivory Coast As Stop On Trip

**WASHINGTON (AP)** — Mrs. Richard Nixon is adding the Ivory Coast as a stop on her trip to Africa early next year.

The trip, now expected to last about 10 days, will start with a visit to Liberia for the inauguration of its new president Jan. 24. This will be followed by stops in the neighboring countries of Ghana and the Ivory Coast.

## Christmas Cheer Fund Continues

Although the route by which funds are applied may be slightly different, the Herald is continuing the tradition of a Christmas Cheer Fund this year.

And with a wonderful nest egg to start on — more than \$800.

For many years, The Herald, in cooperation with city firemen, conducted the Cheer Fund appeal, and much of the money derived was used to finance toy repairs. Fire Chief A. D. Meador said that the collection of repairable toys has become more difficult than in the past, that spending more

money to buy parts, etc. did not seem feasible. The recommendation was that holiday gifts be coordinated with the Salvation Army's program.

As a starter, the previous Christmas Cheer Fund reserve of \$847.52, accumulated through the years, is being transmitted to the Salvation Army for its Christmas program in the belief this will help the folks it was intended to help.

In this same spirit, the Herald is continuing the Christmas Cheer program.

All gifts to Christmas Cheer will be used just for that — through the Salvation Army's formidable effort to remember those on Christmas who otherwise might not be remembered.

So, as in the past, the Herald will deeply appreciate if you will continue your generous support of the Christmas Cheer Fund. Every gift will be gratefully acknowledged.

## Texan Attacked In Puerto Rico

**AGUADILLA, Puerto Rico (AP)** — Two mainland Americans stationed at Ramey Air Field were attacked by a group of persons armed with sticks and stones Friday night.

Police identified the victims as Michael Hopkins, 23, of Anderson, Tex., and William Russell of Merzax, La. Both were treated at the Aguadilla hospital for injuries to the face and body and released. Both were attached to the 53rd Weather Reconnaissance Squadron.

## COLDER

Partly cloudy today and colder tonight. Fair and mild Monday. High today 63; low tonight 32; high Monday 65.

## Texas Weather Mild And Fair

By The Associated Press

Texas was mild and fair Saturday as a dry Pacific cold front moved swiftly toward the state. By late Sunday, colder weather was expected in the northern third of Texas. The south will have little change from the front through Sunday night, the National Weather Service said.

Dawn temperatures ranged down to 21 degrees at Marfa, Amarillo, Dalhart and Junction all had 31, Midland 32. Most temperatures were in the 30s and 40s except in the extreme south.

The only clouds were in the northern Panhandle and Deep South around Brownsville. Forecasts called for increasing clouds during the night and Sunday.

Reviewing the ...

## Big Spring Week

... with Joe Pickle

Our area got another heavy frost last week, but it only nipped a little further than the first substantial covering. What is now needed is that real killing variety to defoliate the cotton. Just how the late rains and late freeze have delayed the harvest (a providential thing so far) is reflected in receipts of samples at the area classing office in Abilene — only 3 per cent of what they were at the same time a year ago. Gins will be swamped in December.

Thanksgiving has passed, and now the bride is off for the Christmas shopping season. If recent trends are an indicator, this should break all records for Christmas buying. That shop early advice makes more sense than ever before.

But while shopping, don't forget the spirit of Christmas. You will notice on this page today that the annual Christmas Cheer Fund appeal is being launched. Mail your gifts to The Herald.

Big Spring residents have shown a good response to the cleanup appeals. The city has hauled some 2,000 cubic yards of trash, an imposing figure. Yet only 250 residents have called

**HANDS TELL THE STORY** — Soviet Ambassador Jacob N. Malik uses a variety of hand and facial gestures at the United Nations General Assembly Friday, as he rebutted charges by China that the Soviet Union engages in "social-imperialism" and that it encouraged India to launch "bare-faced aggression against Pakistan." Malik said China attacked the Soviet Union and the United States while posing as a defender of smaller countries.

## Bus Shuttles Boys' Club

The Colorado City Boys' Club, short on money and long on ingenuity, ended up in Big Spring with both due to the Big Spring Herald and the Colorado City merchants.

The Boys' Club in Colorado City visited the Big Spring Boys' Club Saturday morning, using the shuttle bus between Colorado City and Big Spring set up by The Herald as free transportation.

The 20 boys, escorted by Don Banta, Colorado City Boys' Club unit director, were provided spending money for the trip by merchants in Colorado City.

Those in Colorado City contributing to the trip were: C.R. Anthony, Landau's Department Store, Ed Thrifts Department Store, Sanderson Jewelers, Cowen Shoe Store, Ben Franklin Store and Marshall's Downtown.

"The boys came down to see what the Big Spring club was like," said Banta.

Banta won a gift certificate from Big Spring Hardware in a drawing on the bus.

## Try To Avoid Lone Christmas

From the installation chaplain, Lt. Col. Kenneth D. Summy, "If you are one of the single Webb airmen who simply cannot go home for Christmas for one reason or another, and you'd like to be invited into a home for Christmas dinner, there is a way.

"The chapel staff will act to coordinate a list of single personnel who will be remaining on base during Christmas with that of families who will extend an invitation to share Christmas dinner with them.

"Families who will welcome those who will be alone at Christmas to share it can call the base chapel at extensions 2509 and 2211 any time before Dec. 20.

## TRIO SOUGHT IN PATROLMAN'S DEATH

# Murder Suspects Hijack TWA Jet

TAMPA, Fla. (AP) — Three young blacks charged with murdering a New Mexico state trooper escaped an extensive manhunt Saturday by hijacking a Trans World Airlines jetliner to Havana.

Left behind during a fueling stop at Tampa International Airport were the 43 passengers aboard the 777 when it was commandeered at take off from Albuquerque, N.M.

A TWA spokesman said there were no sky marshals aboard the flight.

Cuban authorities reported to the Federal Aviation Administration that the three hijackers, armed with two guns and a knife, were taken into custody on landing at Jose Marti Airport. The three crewmen and three stewardesses aboard were said to be unharmed.

There was no immediate word when the plane would be allowed to take off, presumably for Miami.

The FBI identified the hijackers as Michael Finney, 20, Ralph Goodwin, 24, and Charlie Hill, 21. They are charged with gunning down patrolman Robert Rosenbloom when he stopped them for a routine check west of Albuquerque Nov. 8.

TWA Flight 106, originating in Phoenix, Ariz., with scheduled stops in Albuquerque, Chicago and Washington, was ready for take off from Albuquerque when the three hijackers drove up in a tow truck they had commandeered.

"They were ready to close the door when these three guys came running, one holding a gun on the last passenger," said Kent Swigard, a reporter with the Spokesman Review in Spokane, Wash., who was en route to New York with his wife, Marie. "They seemed very organized and incredibly calm throughout."

Swigard said a hijacker held a stewardess at gunpoint until the plane door was closed and it taxied down a runway.

Then one took up a position near the cockpit, one in the

door between the first class and tourist sections, and the third at the rear.

As the plane winged out of Albuquerque, C. A. Hill of Phoenix said a stewardess walked down the aisle, telling the passengers the plane was being hijacked and, "Don't worry, I've been there a couple times myself," apparently meaning hijack trips to Havana.

The plane landed at Tampa and parked on a runway about a quarter of a mile from a terminal. The hijackers refused to allow it to approach closer to be fueled by the airport's modern underground system. They said they would allow only a fuel truck and a bus for the passengers to approach the plane.

A fuel truck and bus were obtained from MacDill Air Force Base five miles away. After the two vehicles arrived at the airport, the passengers filed off, including two elderly persons in wheel chairs.

During the unloading, Hill said, one of the hijackers held a cocked Army 45-caliber pistol on a stewardess.

It took 20 minutes to fuel the plane. Then it took off for Havana at 7:51 a.m., landing there at 8:49.

An FAA official said that when Cuban authorities reported on the landing in Havana, "They sounded like it was just a routine operation."

The New Mexico patrolman was shot to death by the side of Interstate 40 west of Albuquerque after he radioed that he was stopping a car for a routine check.

Fingerprints found the next morning in an abandoned car led to the issuance of murder warrants. Police said the car contained numerous pieces of literature, including pamphlets of the Republic of New Africa, a movement dedicated to establishing a separate black nation.

## C-C Manager Applicants Due

Interviews with applicants for the post of manager of the Big Spring Chamber of Commerce are under way, according to Jimmy Taylor, chairman of a selection committee.

The group was scheduled to interview one applicant Saturday afternoon, and has a date with a second man on Tuesday.

Taylor's committee — which includes John Currie, Bob Hickson, Winston Wrinkle, R. H. Weaver and R. W. Whipkey — has screened approximately a dozen written applications, and has been checking information and references on these and others whose names have been mentioned. The group plans to check on perhaps three or four other prospects before making a final decision, and other personal interviews will be scheduled.

Taylor said the group hopes to arrive at a decision in time for the new chamber manager to arrive by the first of the year, or as soon thereafter as possible. The manager will be a replacement for Tom Eastland, who resigned the post here to take a similar position at Garland.

## POW Seal Released

A Christmas seal to honor the American prisoners of war and missing in action in Southeast Asia has been issued by the Colorado Springs, Colo., organization for PW's.

The seal has a blue background with a red border. A seated PW in black appears on the left side. In white at the top in a cluster of stars are the words "Silent Nights," followed by 1964-1971 and "lest we forget." At the bottom over a strand of barbed wire are the abbreviations "POW-MIA."

Letters offering the distinctive seal have been mailed to senators, congressmen and other influential people to help promote the use of the sticker on Christmas mail. Minimum orders of 200 seals were being requested at one cent a seal.

Mail orders for a minimum of \$2 should be sent to: Colorado Springs for POW's, Box 100,000, Colorado Springs, Colo., 80901. Dec. 10 is the deadline for out-of-state orders.

Proceeds from the sale of the seal will go to the National League of Families of American Prisoners and Missing in Southeast Asia.

## Fundamental Truths Of Christianity

**THE BIBLE'S MOST NEGLECTED BOOK**

Acts of Apostles is as important as any one book in the whole Bible, but it is, perhaps, the most neglected one. Chrysostom, writing in the fifth century, complains that most teachers knew little of this great historical and doctrinal book written by Luke about A.D. 63. Strange as is the statement may seem, in our day it is still neglected and comparatively unknown to multitudes who seek elsewhere in the Bible for instruction that is plainly taught in Acts, most of which is nowhere else obtainable.

The reason is that even in Chrysostom's day the church had departed from its primitive faith, and this book, containing the very heart of gospel teaching on the first principles of Christ's religion and the workings of His church, was a living obstacle to the doctrines invented by men which had supplanted the true religion. It is likewise true today and for the same reason. It is impossible to induce many good people really to study this book and to adopt its specific teachings. We sincerely believe that practically all believers in Christ might be united by accepting unreservedly Acts of the Apostles.

Briefly, the book contains an account of the origin or early experiences of the church at Jerusalem; of the founding, then, of other congregations in surrounding cities, including the conversion of the Gentiles; of Paul's preaching tours throughout Asia Minor, Macedonia and Greece, including an attempt by Judaizing teachers to make the Gentiles subject to the Law of Moses; and finally of Paul's imprisonments beginning at Jerusalem and terminating in Rome.

The purposes of the inspired writer are seen in the many wonderful and varied events related. Much the greater part of the book consists in detailed accounts of conversions to Christ, and of unsuccessful attempts at the same. Perhaps the wisdom of inspiration, foreseeing the time when differences and divisions would arise concerning methods of conversion, has endeavored to throw around us this mantle of protection. Undoubtedly the writer's chief design was to set forth a multitude of cases of conversion, the factors of which are substantially alike, so that the teacher who proposes to guide men into the way of salvation is in duty bound to guide them by these models, and the man who supposes himself to be a genuine convert to Christ may test his experience by these examples.

# Successor To U Thant Hunted By 'Big Five'

UNITED NATIONS, N.Y. (AP) — With U Thant out of the hospital but still ailing Saturday, the Red Chinese delegation was reported delaying big-power talks on who should succeed him as U.N. secretary-general.

Thant, 62, returned to his home in New York City after his release from Leroy Hospital where he had been treated for a duodenal ulcer since Nov. 2. A U.N. spokesman said he probably could return to work part time on Dec. 6.

One diplomat commented that Thant's illness made it "physically impossible" for him to accept any extension of his term as secretary-general.

Thant said he will not serve beyond Dec. 31, when his second five-year term expires.

The General Assembly has until Dec. 21, closing day of its current session, to name a new secretary-general. It can only name a man who has the recommendation of the Security Council—a person none of the five permanent members will veto.

The 10 nonpermanent members of the council have asked the five permanent members—the big powers—to start discussions on Thant's successor.

The five permanent members are China, the United States, the Soviet Union, France and Britain.

Diplomatic sources said France has sounded out the other four permanent members about beginning the talks and the United States has asked the Soviet Union to enter into bilateral consultations.

They said Communist China told France that because it has only been in the United Nations since Nov. 15 it needs more time to make up its mind.

The United States and Britain are understood to be for Finnish Ambassador Max Jakobson. But if they announced it, that might lead the Soviet Union to oppose Jakobson because it would suspect him of being pro-Western, informants said.

Coahoma's football season lasted one week too long as the Bulldogs were beset by Eastland 56-30. It was the case of one good football team meeting a better one, so you can't knock that — nor can you take away from a great season for the fine bunch of lads who represented Coahoma.

Not all the joits were on the gridiron, for American Petrofina, Inc. (the parent corporation for Cosden Oil & Chemical) got the word from the Justice Department that its \$150 million purchase of former Sinclair marketing properties in the northwest had been turned down. Petrofina can still challenge the ruling in federal court if it desires.

School partisans at Stanton also got jolted with an adverse 300-380 vote on a \$1.2 million school bond. Previously, a courthouse bond proposal went down by a lesser margin. Looks like they're going to have to change the percentages on the celebrated Stanton sign.

Big Spring trustees acted to take advantage of an \$8,500 grant toward a language laboratory by agreeing to post \$3,000 in matching funds. Trustees debated further about an air conditioning survey, but prospects of extensive air conditioning are currently pretty dim.

The CRMWD increased its bond total by \$825,000 during the week, but it was only a second-hand obligation inasmuch as the City of Midland, a party to the issue, likely will repay the sewage waste disposal bonds by the time the project is complete. It's a deal similar to the \$100,000 issue for Andrews to enable the cities to get a substantially larger percentage of federal grants.

The City of Big Spring, incidentally, got the plans for a treatment vessel which will enable it to chlorinate effluent much more effectively, and thus

## THE WEEK

(Continued from Page 1)

probably meet state specifications for the discharge.

The charter amendment committee made its formal recommendation to the city council last week, namely that the original charter needs a general rewrite, not patching, it submitted a sample charter along with a suggestion that a charter rewrite committee be named. It's no cinch this will be done.

Don M. Horton, project engineer for Cosden Oil & Chemical Company, had a high honor bestowed upon him. The Permian Basin chapter of the Texas Society of Professional Engineers picked him as the Young Engineer of the Year.

Last week Scurry County voters, excited about prospects for its (Western Texas) junior college, approved \$2.3 million in bonds to finish the plant now nearing completion of the first stage. But Midland-Odessa voters turned down by 4-1 a \$7.7 million issue for building a new campus at Midland. In Odessa, however, the margin was 98-2. Reckon they were trying to tell Midland something?

The prolonged if not celebrated Bill Chrane mobile home park application got a 3-2 approving vote by city fathers last week, but it may have been axed in the process. Some argue that it required a 4-1 vote. The council decided to toss the potato in the lap of the new city attorney, James Gregg, who comes in two weeks.

Only slightly more than 150 persons turned out for the interfaith Thanksgiving service Thanksgiving morning. This probably needs promotion — alas, we have to be prompted into thanksgiving.

**YOU CAN DEPEND ON THE DODGE BOYS.**

**THEY CARE ABOUT YOU!**

**ARE YOU HOPING THE OLD FAMILY BUDGET CAN AFFORD A NEW CAR THIS YEAR?**

**GOOD NEWS!**

If you've been shopping around, you've probably discovered that some traditional "family cars" have somehow become giant-sized, high-priced machines. But we Dodge Boys think we've filled the gap left by Ford and Chevy—with our new 1972 Dodge Coronet.

Coronet was designed to be just one thing: a solid, family-sized four-door that's priced so most families can afford it. Four doors give you easy entry and exit and rear-seat headroom that most two-door models don't give you. Coronet has room for six people. It has a big trunk and styling you'll be proud of.

And Coronet comes in five great four-door models: two sedans and three different station wagons. One of them is bound to be priced to fit the old family budget (and the old family garage, too). See us today.

AFTER TALKING TO INMATES — New Jersey Public Defender Stanley Van Ness, second from left, talks to newsmen Friday outside Railway State Prison, background, where he and a team of other lawyers met with a group of inmates. Van Ness said the inmates said guards had taken no reprisals against them since the end of the prison rebellion.

# Gun-Wielding Suiter Shoots His Sweetheart

LANCASTER, Calif. (AP) — The three surviving members of the Jack Welch family were with family friends Saturday after a night of violence that had its seeds in a broken teenage romance. Their parents, a teen-aged friend and Welch's stepdaughter, Lori Roskam, 15, all were slain Friday night at the Welch home by a shotgun and rifle-wielding former boyfriend of Lori, authorities said. The boyfriend, identified as Gary Lee Logan, 18, of Lancaster, killed himself with a shotgun blast and fell just a few feet from Lori's body in the driveway of the Welch home. Sheriff's Lt. Charles Elliott said the violence began when Logan drove up to the Welch home on his motorcycle and, armed with a .22 caliber rifle and a 16-gauge shotgun, forced his way inside. He said the youth, whom Lori Roskam had stopped dating three weeks earlier, "had been calling the Welch home and had been attempting to restore the relationship" in recent days. Logan fatally shot both Welch, 42, a chief laboratory technician at a nearby hospital, and Welch's wife, Doris, 37, Elliott said. Welch's son by a previous marriage, Louis, 14, hid in safety in another part of the one-story house when the first shots rang out. Then Logan waited in the blood-spattered living room where the parents were killed, Elliott said. About 10 minutes later, Welch's three teen-aged stepdaughters—Lori, Janet Roskam, 16, and Susan Elaine Roskam, 14—arrived with a friend, Rocco Kim Nolfo, 16, who lived across the street from Logan in another section of Lancaster. Logan ordered them inside the house, where he shot and killed Nolfo in the living room, Elliott said. The girls fled in panic, Lori and Janet out the front door and Susan through a closed bedroom window, badly cutting her right arm as she frantically smashed the glass. Janet escaped unharmed to a neighbor's house, but Lori was gunned down in the driveway where she unexpectedly had stopped by the garage, Elliott said. The Welch home, located only two blocks from an elementary school, is located on a quiet, tree-lined street of modest tract homes in this desert community, 60 miles north of Los Angeles.

SILHOUETTED STEEL WORKERS — Construction workers on the Maine Medical Center garage in Portland, Ore., work on reinforcement grills for pillars silhouetted by setting sun.

# Report Says More Clues Found Of Mafia Foothold

SAN ANTONIO (AP) — More evidence has surfaced to indicate the Mafia has a foothold in Laredo, Tex., a report published here Saturday said. In a copyrighted story, the San Antonio Express and News said court records show a bankrupt former Laredo businessman owes \$25,000 to a "major New Orleans mob figure." The newspaper said the records in the bankruptcy case "underline reports of the Metropolitan Crime Commission of New Orleans that there have been extensive contacts between the organization of Carlos Marcello, Louisiana Mafia boss, and certain businessmen in Laredo." The Express and News gave these details: Before filing a bankruptcy pe-

# Kennedy Says He Still Is Not A Candidate

By WALTER R. MEARS (AP Political Writer) WASHINGTON (AP) — Sen. Edward M. Kennedy says he intends to go to the Democratic National Convention next summer uncommitted to any presidential candidate and unavailable to be one himself.

And Kennedy certainly will not be in the primaries. He said he intends to sign the affidavits attesting to non-candidacy that may be required to keep his name off the ballot in a half dozen primary states. For all of that, the Kennedy name, tradition and political star quality, combine to keep the last of the brothers a central figure in speculation about 1972.

# Tunisian Official Calls For Peace

Tunisia's foreign minister, Mohammed Masmoudi, said Saturday the Arab nations must make a new effort to settle the Middle East conflict through the United Nations Security Council before opening any new hostilities with Israel. Israel announced earlier it has agreed to the reactivation of U.N. envoy Gunnar V. Jarring's Mideast peace-seeking mission, so long as no strings were attached. Israel broke up Jarring's mission last February when he asked the Israelis to agree in advance to withdraw from territory captured in the 1967 Middle East war. Masmoudi spoke in Tunis to a meeting of his country's governing party before flying to Cairo. He warned against any "adventurous initiatives" by the Arab countries, and said he would advise other Arab officials at a meeting in Cairo against taking any action without consulting first with big world powers. "We will express this view at the Cairo meeting because we are anxious to save the Arab world from a new catastrophe," he said.

HIJACKER HUNT — FBI agent Tom Manning maps out search sectors in the hunt for the hijacker of a Northwest Airlines jet, who allegedly bailed out of the Boeing 727 into a wooded area in southwestern Washington 25 miles north of Portland.

# Ransom, Prisoner Release Demanded

MEXICO CITY (AP) — A Mexican guerrilla organization has demanded the release of nine prisoners and \$200,000 in exchange for the kidnaped rector of the University of Guerrero. The group, calling itself the Vicente Guerrero Revolutionary Freedom Committee, set a Sunday noon deadline in a letter sent to a local television station Friday night. The letter said the money must be provided by the family of Dr. Jaime Castreon Diaz, 39, who was kidnaped Nov. 19 in Guerrero state. He also is an industrialist, bacteriologist and former mayor of Taxco. Interior Minister Mario Moya Palenci told a Mexico City newspaper that the government would free the prisoners. The letter specified that the "political prisoners" are to be guaranteed asylum in the embassy of their choice and safe conduct out of Mexico. The ransom letter was signed by the rector. One of his secretaries, Israel Nogueza Otero, verified the signature when he saw it on a television newscast. Castreon Diaz was forced from his car Nov. 19 by four armed men on the road to Acapulco. His wife, the former Ruby Nickel of Lake Charles, La., their three children and a chauffeur were freed by the kidnapers. Another condition in the letter was that peasant farmers "under arrest indefinitely by the army under false accusations and confessions forced from them through torture" be tried. The ransom money would be used to help "victims of the repression of the government," the letter said.

## THEFTS

Dick Fielder, Texas Auto Sales, 700 E. 4th, reported at 9:51 a.m. Friday that valve covers, chrome wheel nuts and one air cleaner cover were stolen from his car; items valued at \$135. E. R. Moren, Western Auto, 504 Johnson, reported the theft of nine watches, valued \$42.55; 10:25 a.m. Friday. Paul Morris, Phillips 66 Truck Stop, reported at 12:48 p.m. Friday the theft of a wrench, one inch drive, valued at \$650. Mr. S. Richard Woodward reported at 12:54 p.m. Friday a burglary of her car. Her purse and its contents were stolen, valued at \$20. Bill Hembree, 2501 Carleton, reported at 10:19 p.m. Friday a burglary of his house. Reported stolen were one brown billfold, value \$5; one watch, value \$115; a bottle of liquor, value \$3; and about \$2 in pennies from a bank in the living room. The total value was \$125. Clothing and tools valued at \$149 were stolen from a car belonging to Jake Houser, P. O. Box 474, Marathon, while it was parked at Holiday Inn. The theft was reported at 7:33 a.m. Saturday.

## Robbed Of \$50

Police detectives are investigating what appeared to be a mugging Saturday night. Edward Akin, lot 62, OK Trailer Park, reported to police at 9:42 p.m. Saturday that he had been hit over the head and robbed of approximately \$50. The attack reportedly occurred on the north side of the Sands Lounge. Akin was taken to the Veterans Administration Hospital for examination.

## Mrs. Clinton, Sunday Rites

STANTON (SC) — Mrs. Jessie Ann Clinton, 86, died Thursday evening in a Midland nursing home after a lengthy illness. Funeral will be at 2 p.m. Sunday in the First Baptist Church here with Charles Carter, San Angelo, officiating, and Warren G. Hall, pastor, assisting. Burial will be in Evergreen Cemetery under direction of Gilbreath Funeral Home.

## DEATHS

Mrs. Clinton was born Oct. 17, 1885, in Bell County. She was married to W. O. Clinton at Bartlett, Aug. 19, 1910. She moved to Stanton in 1910 from Bartlett. Survivors include five sons, Milton M. Clinton, Stanton, W. O. (Bill) Clinton, St. Lawrence, Doyle Clinton, Bentley, Alberta, Canada, Beryl G. Clinton, Clarendon, and Roy L. Clinton, Midland; two daughters, Mrs. T. S. Roberts, Forsan, and Mrs. Max Thomas, Odessa; one brother, Milton Owens, Los Angeles, Calif.; four sisters, Mrs. Mary Moore, Pasadena, Tex., Mrs. Ethel Craven, and Mrs. John Wallace, both of Belton, and Mrs. Doyle Northern, Temple; 17 grandchildren and eight great-grandchildren.

## Mrs. Shaw, Funeral Pends

Mrs. Lorena Ollie Shaw, 52, died Saturday morning at her home at 1615 E. 18th. Justice of the Peace Jess Slaughter ruled death due to natural causes. Funeral is pending at Nalley-Pickle Funeral Home. She was born June 15, 1919, in Dalhart and came to Big Spring in 1923. She attended Big Spring public schools and Howard County Junior College. She married Gene E. Shaw in June, 1950, in Santa Fe, N.M. She was associated with her father in the Pederson Battery Shop from 1955 to 1968. She was a member of the Baptist Church. She had been ill since June of this year. Survivors include her husband; one daughter, Mrs. James F. (Becky) Perrow, Anderson, Calif.; and two grandchildren; her mother, Mrs. Viola Pederson, Big Spring; two brothers, M. O. (Bud) Pederson, and R. L. Pederson, both of Big Spring.

# Hunters Seeking Hijacker's 'Chute

WOODLAND, Wash. (AP) — Authorities hiked through rural woodlands seeking traces of a parachuting airline hijacker for the second day Saturday. But again they reported no clues. The hijacker is believed to have bailed out over the 15-square mile search area Wednesday night after hijacking the Northwest Airlines jet at Seattle. He had demanded, and received four parachutes and \$200,000 ransom. "We're concentrating our search for a parachute," said Tom Manning, FBI agent coordinating the search. "We think this will give us a clue as to what happened to the hijacker." "We've determined the hijacker was wearing a sport type back pack parachute," Manning said. "That means it would be difficult for him to maneuver if he had any kind of bulk on him at all and we've been told \$200,000 weighs over 20 pounds." Authorities earlier said the ransom, largest ever paid a hijacker in the United States, was in \$20 bill. The hijacker—described as a well dressed, calm, middle-aged man, boarded the plane at Portland, Ore., and handed a stewardess a note which said he had a bomb with him and wanted to go to Mexico. While the plane circled Seattle, the hijacker identified as D. B. Cooper demanded the money and parachutes. The 36 passengers and two of the stewardesses were permitted to leave the plane when it landed in Seattle for refueling.

## C-C Banquet Plans Formed

A committee charged with selection of a speaker and setting a date for the 1972 membership banquet of the Big Spring Chamber of Commerce will hold its first meeting Monday. The group named by Paul Meek, president, includes Jim Baum, chairman, Wade Choate, Don Womack, Marvin M. Miller and Roger Brown. A committee to handle arrangements for the membership affair also has been named by Meek: Mrs. Morris Rhodes, Mrs. Walter Wheat and Mrs. Odell Womack. They will correlate their activities with those of the Baum committee when the speaker is selected and a date set.

## C. G. Varnell, Saturday Rites

Funeral was at 2 p.m. Saturday for Creed Gordon Varnell, 77, in Nalley-Pickle Rosewood Chapel with Elder O. C. Floyd, Snyder Primitive Baptist Church, officiating, assisted by Elder B. R. Howze. Burial was in Mt. Olive Cemetery. Mr. Varnell was born June 13, 1894, in Tennessee and came to Texas in the early 1920's and to Big Spring in the late 1920's. He went to work for the Texas & Pacific Railway Nov. 8, 1927. He retired in 1959 as a locomotive engineer. He was a member of the Brotherhood of Railroad Engineers and was a member of the Primitive Baptist Church of Snyder.

## Resident's Father Found Dead

Roy Baird, 51, was found dead at his home at 1308 Scurry Saturday evening. Mr. Baird was a coach and a government and math teacher at Big Spring High School. He had been with the Big Spring school system 21 years. Funeral is pending at Nalley-Pickle Funeral Home. He had been ill for about a year and a half.

## Mrs. Warren, Burial Here

Mrs. Angie L. Warren, 69, former resident of Coahoma, died Thursday morning in Brawley, Calif. Services were held at 1:30 p.m. Saturday in Brawley. Local services will be at 2 p.m. Tuesday in the Nalley-Pickle Rosewood Chapel with the Rev. Guy White, First Baptist Church of Coahoma, C. Jones.

WEATHER FORECAST — The nation's weather appeared to be clear over most of the nation, according to today's forecast. However, rain was shown over most of the northeast portion of the nation.

**Choirs, Band In Assembly**

By CANDY MIDDLETON  
Monday afternoon a Thanksgiving assembly was held in the gymnasium. The choir, band and the pep squad were the main attraction of the assembly. The choir, under the direction of Mrs. C. J. Edmondson and the band, under the direction of Mr. R. S. E. L. McKissick presented several numbers. Failure notices will be issued to students Monday. All parents are asked to sign the notices and have them returned to the teachers promptly. The Goliad eighth grade basketball team began its season Monday against San Angelo Glenn. The team was defeated 32 to 42. Monday the Mavericks will go to San Angelo to play Lee Junior High School. The game is scheduled to begin at 5:30 p.m. One new student was welcomed to Goliad last week. She is Julia Salinas Corpus Christi. Friday Mrs. Dianne Mitchell's third period art class and Mr. Russell McKissick's third period class were treated to Cokes by the Student Council. These classes were winners of the Spirit Door contest sponsored by the Student Council and the Pep Squad.

**BSU Presents Assembly; Intramural Bowling Open**

By BEN JOHNSON  
Monday, the Baptist Student Union presented the HCJC Thanksgiving assembly. The presentation, centered around the theme of "Take Time to be Thankful," involved flash-back sequence representations of history. The accommodations of the Word of War, and all Vietnam present day was depicted. Students appearing in the

presentation were Teresa staff meeting will be held Griffin, Sheila Mullins, Sharon Wednesday, during activity. The HCJC Press Club will have a meeting Monday during activity period. The members of the Newman Club are currently studying the in Mass. the central form of worship according to Mr. David King, sponsor. Following this study will be in two divisions, the club will examine the Seven sacraments of the Church. The fee of \$1 for either singles or doubles. Sacrament of Baptism. Students desiring to enter both must pay \$2. Only full time students are eligible to enter. Students may enter each division only once. The HCJC is sponsoring a bowling tournament Wednesday. Included in the tournament will be an account of the regular tournament with five Student Senate meeting in members from BSJS playing which the sign authorization the same number from HCJC rule was revised. An El Nido to determine the champion.

**COAHOMA**

**Students Yell In Hallways**

By TERRI WOLF  
COAHOMA — This week was Spirit Week at Coahoma. The cheerleaders and students did yell in the halls all week. Tuesday was Sign Day and Wednesday was Slogan Day. A pep rally was held Wednesday before school let out. Another pep rally was held Friday at 7 p.m. on the gymnasium. This time to meet the Bulldogs to Sweetwater with spirit.

Tuesday the junior and Freshman classes took SRA graduation invitations, name cards and envelopes. They discussed briefly the plans for the CBS contest to be held in June. The Future Homemakers of America met Monday night to go on a Scavenger Hunt for canned food. They collected enough food for three families for Thanksgiving dinner.

**Forsan Band Earns First In Marching Competition**

By CAROLE GOODMAN  
A Student Council meeting was held Tuesday during noon recess. It was decided that high school marching band would be the Marching Contest held at Odessa last Saturday. This is the first trophy presented to Forsan by the band in many years and the first ever in UIL competition. The seniors discussed their theme, song, colors, and tournament. The theme is "Look Forward." The song is "We've Begun." The colors are black and white. The flowers are white roses and black orchids.

Some new live in the cages of routine,  
others fly in the open skies of the spirit. Puzied by the contrasts we see in our lives, we ask the question "Why?"  
Why poverty in a land of plenty? Why loneliness in a world that would join hands? Why war when the impulse of the heart is to love?  
The aching chasm between the real and the ideal everywhere provokes the question...

**WHY?**

# Contemporary Old Fashion Thanksgiving

A real old fashion Thanksgiving. The city duties can not really appreciate it.

The proper conception of Thanksgiving is lightly enmeshed in the agrarian atmosphere in which it was born. The students from Sands High School pictured on this page can appreciate the aura of Thanksgiving, for like the pilgrims quite a lot depends upon a bountiful harvest.

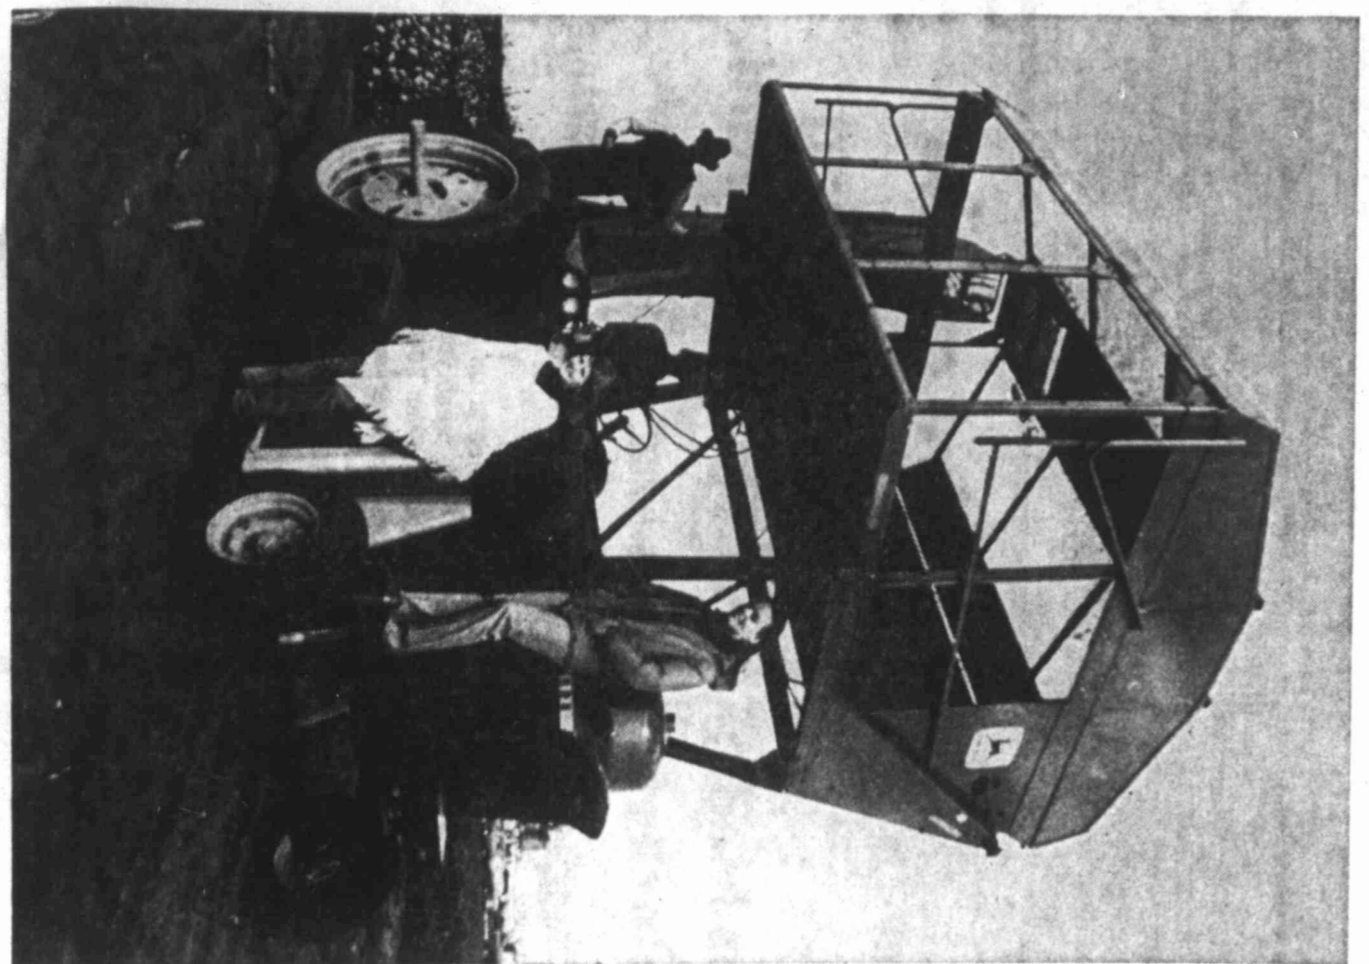

The charm of the season increases for those who produce their own feast. Depending upon home grown and cooked delicacies rather than super-market convenience, is a refreshing experience that is nowadays becoming more rare.

These youngsters are living the nostalgia of many urban adults.

PREPARING FOR the future. (left to right) Kayla Gaskins, Cindy Shaw and Marsha Dyer (standing), canning fresh vegetables.

THE CHORE of food shocking keeps (left to right, front) Tony Gillespie, Stan Smith, (back) Reggie Hambrick and Billy Reed busy.

KEEPING TRADITION safe, these girls concentrate their energies to making pumpkin pies. They are, (left to right, back row) Brea-da Riddle, Angela Shaw, (front row) Janette Nichols and Patty Feugh.

HOPE'S QUIPS BRING LAUGHS — President Nixon joins Mrs. Mamie Eisenhower and Vice President Spiro Agnew in laughing at one of Bob Hope's jokes during ceremonies dedicating the Eisenhower Memorial Hospital in Palm Desert, Calif., Saturday. Seated behind the President is California Lt. Gov. Ed Reineke.

# Newest Political Party Debates Ideas, Candidate

By GODFREY ANDERSON  
Associated Press Writer  
DALLAS, Tex. (AP) — Just 24 hours old, the People's Party last Saturday picked Dr. Benjamin Spock of New York as a stand-in presidential candidate

with the understanding that he would step aside if a "bigger national figure" can be persuaded to take the party's reins.  
Spock won 47-43 over Jack Hampton, 60, of Santa Monica, Calif., as only 90 of the 200 delegates voted. Texas and California, the largest delegations present, threw their votes to Spock on the second ballot.

# Cold North Gets Snow

By The Associated Press  
As much as 6 inches of new snow fell on the central and northern Rocky Mountains Saturday and spread onto the northern Plains, pursuing a storm moving into northeastern territory that got as much as 2 feet of snow Thanksgiving Day.  
South of the snows was considerable rain and drizzle.  
The fresh threat to the Atlantic seaboard and Northeast was by a storm that left a snow trail as deep as 10 inches at Benson, Minn., and Wausau, Wis., and nearly that much in parts of Michigan.  
Travel warnings were posted from Virginia's mountains to update New York and Vermont in expectations of 2 to 6 inches of fresh snow.  
Locally heavy snows were expected in the high country of Montana, northern Idaho and Colorado. With snow still falling, the afternoon accumulation at Steamboat Springs, Colo., measured 6 inches.  
Rain or snow was scattered through the Pacific Northwest.

The famed baby doctor received a standing ovation when he said there "are millions of Americans disgusted with the present political parties and in despair over seeing the country sliding toward disaster."  
He said, "Our only job is to make ourselves known to those millions out there."  
After asking not only the moral but the active support of everybody, Spock concluded: "Now I have to go home to face my wife. I'll let you know later if I still have a home or if somebody else will have to take me in."  
Spock, 68, a famed peace campaigner, earlier told the convention that his wife was bitterly opposed to his accepting the presidential nomination.

Marshall Hall, 41, of Miami, Fla., received seven votes as Spock took the nomination.  
Earlier, the delegates said they were running behind schedule in the convention "and may not get through until Sunday." Problems of platform remained to be resolved late Saturday night.  
Later the convention nominated Julius Hobson, a Washington D. C., teacher as the People's Party's vice presidential candidate. Hobson got 51 votes, beating out Chuck Avery of Indianapolis, a member of the Gay Liberation Front who won 25 votes, and Hampton, the already defeated presidential nominee, who got 21.  
Arguments on the platform proposals failed to generate much antagonism or debate, but delegates said there were some differences on sex discrimination, the war in Vietnam, unemployment and environmental problems.  
"The arguments are just on semantics and degrees of opposition and support—not really on issues at all," a spokesman said.

# Trial On Morals Count Due Soon

EAU CLAIRE, Wis. (AP) — Al Capp, creator of the cartoon strip Li'l Abner, is expected to stand trial on morals charges in January or February, a judge says.  
Capp was charged with sodomy, attempted adultery and indecent exposure after a 21-year-old married coed at the University of Wisconsin-Eau Claire filed a complaint. Capp has denied the charges.

# U.S. Burial Sought Accused 'Crime Czar'

ANCONA, Italy (AP) — Arrangements were under way Saturday to have the body of Joe Adonis buried in the United States, which he left 15 years ago under accusations of being a crime czar.  
Adonis died in this central Italian town Friday of heart and lung complications. He was 69.  
A spokesman for the hospital where he died said a funeral service is scheduled in the hospital Sunday.  
The spokesman said the body would be flown to the United States for burial in Jersey City, N.J. All arrangements were being handled by a friend of Adonis who arrived from the United States and refused to give his name, the spokesman said.  
Adonis' wife, who visited him at nearby Serra Dei Conti together with two daughters when Adonis was exiled there four months ago, is not scheduled to come for the funeral here, the spokesman said.  
Adonis, whose real name was Giuseppe Doto, returned to Italy in 1956 after a perjury conviction and settled in Milan. He had been refused permission to live in Rome, Florence, Leghorn or even his home town of Bonea, near Naples. Last spring a Milan Magistrate ordered him exiled to Serra Dei Conti on charges that he kept close contacts with the Mafia.  
In Rome, a U.S. Embassy spokesman said there were no regulations to forbid the transportation of a body to the United States, except for certain health requirements that had to be met.

# Fidel Outstars Host, 'I Should Have Known'

SANTIAGO, Chile (AP) — "I should have known," joked President Salvador Allende as he strolled barely noticed through a crowded reception for Fidel Castro. "You invite a foreign star and everybody forgets the president is."  
The Cuban prime minister's state visit to Chile has received an overwhelming outpouring of enthusiasm from Chilean leftists.  
Cabinet wives have given the appearance of giggling school girls in Castro's presence. Even some newsmen have been affected. The editor of a Communist tabloid gushed upon meeting the bearded Cuban leader: "Oh, commandante, you're much more handsome in person than in your photographs."  
The Chilean visit is Castro's first trip anywhere outside Cuba in seven years. He is in

Chile at the invitation of his old friend Allende.  
Castro has been in Chile more than two weeks, touring the country from its northern deserts to the windy and rainy southern lakes.  
From the beginning, Castro shunned stiff protocol. He doffed his green military cap on various occasions to don miners' hard hats, woven straw hats of the peasants and the wide-brimmed felt sombrero of the huaso, the Chilean cowboy.  
He has consumed, with gusto, Chilean meat pies and the potent chicha, a drink made from fermented grapes or apples and traditionally drunk from a steer horn.  
He has held impromptu talk sessions with students, miners, workers, peasants and just about anyone else who wanted to chat with him.  
In his speeches, Castro has been making a low-key pitch for leftist unity and avoidance of "political sectarianism" in seeking power.  
"The force of the revolution is in unity," he told cheering students in the northern city of Antofagasta.  
Castro's visit to Chile is seen as a recognition on his part that armed struggle is not the only road to power by Latin American leftists.  
In Chile, Allende came to power last year through a regular presidential election, the first democratically elected Marxist president in the Western Hemisphere.  
"At the beginning, we didn't think the Chileans would do it," Castro admitted this week. "But after several left-wing parties got together to support Allende, we realized that there was a chance."

# OFFICERS SEARCH FLOOD CONTROL AREA

# Authorities Seek Clues In Deaths

HOUSTON (AP) — Sheriff's officers searched a federal flood control reservoir area in southwest Houston Saturday seeking clues in the deaths of two young girls whose headless, decomposed bodies were discovered in the area.  
Authorities said they believe the two girls were killed by the same person or persons. They were attempting to determine if there was any connection between the deaths and the unsolved slayings of three other young girls in the Houston-Galveston area.  
The body of Colette Anise Wilson, 13, of nearby Alvin, was

found in the reservoir area Friday. The body was about 35 yards north of the spot where the body of Miss Gloria Ann Gonzalez, 19, of Houston was found Tuesday.  
Miss Gonzalez' head was found about 45 feet from her body. Only a portion of the head of the Wilson girl was recovered.  
Sheriff C.V. Kern said the two deaths were related but speculated the heads were separated from the bodies by animals.  
Miss Wilson, daughter of Dr. and Mrs. Thomas O. Wilson, vanished from an intersection near her home June 17. De-

puties believe her body may have been in the thick underbrush and woody area since that date.  
Wilson positively identified the remains as those of his daughter after he examined the dental work on the jaw portion of the head which was found near the body. He had performed the dental work and made the identification at once.  
Wilson said he had given up hope that his daughter, the second of 10 children, would be found alive.  
The Wilson girl's body was

found by officers who were combing the area for clues in Miss Gonzalez' death. An autopsy showed that Miss Gonzalez, a bookkeeper who disappeared Oct. 31, had been beaten to death.  
The cause of death of Miss Wilson was not known. No clothing or clothing fragments were found and authorities believe the body was nude when abandoned.  
Miss Wilson had not been seen since a hand director let her off at an intersection about five miles west of Alvin and about a mile from her home. Her

mother went to pick her up five to 10 minutes later but she was not there.  
Sheriff Capt. Charles Goodnight said he does not believe the deaths are related to the deaths of three other young girls in the Houston-Galveston area but the possibility is being checked.  
The body of Brenda Jones, 14, was found floating in Galveston Bay off Galveston Island last June. She had been strangled.  
The bodies of Maria Johnson and Debbie Ackerman, both 15, of Galveston, were found shot to death in a bayou at nearby Texas City earlier this month.

# Thanksgiving Holiday Death Total Rising Fast In Texas

By The Associated Press  
A head-on collision called by a safety spokesman "the worst holiday traffic crash in Texas in a long, long time," took eight lives Saturday and headed the list of tragic accidents during the first three days of the four and a half-day Thanksgiving holiday.  
The collision—the angle of impact so direct that neither car left U.S. 90 a few miles from Del Rio—killed a former Brackettville high school athlete and seven residents of San Antonio all of whom were related.

At a late hour, violent deaths totaled 31 in Texas since the count began at 6 p.m. Wednesday. Traffic accidents accounted for 20 of those deaths.  
The tabulations will continue until midnight Sunday.  
The station wagon bearing the family in the 8-death collision was from San Antonio, Tex., en route to Del Rio. Reason for the trip was not known here.  
Killed in the San Antonio vehicle were Jose Medina Villanueva, 31, a welder; his wife, Victoria, 21; their two sons, Eddie, one, and Frank, 2 years old; Lupe Cardenas, 16; Dupe's brother, Juan Cardenas, 18; and Sylvia Villanueva, 20, a sister of Jose Villanueva. The Villanuevas and Cardenas were cousins.  
The lone occupant of the 1972 model passenger car was Jose Key York III, 18, en route from Del Rio to his home at Brackettville, Tex. He had been

an outstanding athlete in high school and was attending Tarrant State College at Stephenville, Tex.  
A highway patrol spokesman said the collisions were on a cur with poor visibility. The crash occurred in the station wagon's lane. A third car barely missed becoming involved.  
Jimmy Wayne May, 33, was killed instantly in a two-car collision in Dallas Saturday. Gasoline caught fire while rescuers were using a cutting torch to

free May's body but the blaze was extinguished quickly.  
Edward Ernst, 59, of Quinlan was killed late Friday in a two-car collision in Rockwall County at the intersection of Texas 276 and FM 528.  
Robert Garza, 45, was killed by a truck late Friday in Corpus Christi. The driver was arrested several blocks away and charged with failure to stop, and with driving while intoxicated.  
A car hit a horse two miles north of Leming near San Antonio Friday night, killing Judith Moore, 27, of San Antonio and injuring four others.  
Leon Jose, 36, of Greenville was killed and his wife, Lula, wounded Friday night when shooting erupted during an argument at a cafe in the Northeast Texas city.  
Mrs. Katherine W. Coleman of Houston died Friday when her car and a pickup truck collided at Farm 359 and U.S. 59 two miles east of Richmond.  
Bernice Sainz, 21, of Littlefield was burned fatally Friday when a three-gallon tank of gasoline exploded in his home. Sainz and his wife, 19, were cleaning clothes when a hot water heater set off the blast. Mrs. Sainz was taken to Lubbock in an undetermined condition.

# Woman Notes 100th Year

"Work hard, believe in God, be a good neighbor and have a good spirit" is the advice of Mrs. Jacob Sostenes Aleman on her 100th birthday today in Big Spring.  
Mrs. Aleman was born in Santa Monica, Durango, Mexico, Nov. 28, 1871. She came to the United States Jan. 7, 1908, and lived throughout Texas with her husband, who worked for the railroad, until the early 1910's.  
She moved with her husband to Big Spring about the time the Cosden Lake dam was being built to provide water for the railroad, and has lived here since.  
She is now living with her daughter, Mrs. V. A. Gomez. She has another daughter, Mrs. John Luevano; three sons, Joe Aleman, Gilbert Aleman and Jake Aleman; 17 grandchildren; 52 great-grandchildren; and nine great-great-grandchildren. Her husband died Nov. 16, 1929.

# Auto Theft Suspect Charged

H. L. (Lee) Glover, 39, of 301 W. Sam Rayburn, Bonham, charged with theft over \$50 in connection with a car theft in Bonham, turned himself in at noon Saturday to the Howard County sheriff's office.  
Bonham authorities had forwarded a warrant for Glover's arrest to the local office. The car's owner was to pick up the vehicle today, according to information from the sheriff's office.  
Glover was released on \$5,000 bond after Bonham authorities were notified of the arrest.

# Rentals Leading Price Inquiries

Interpretations on rent regulations were the most frequently asked questions at IRS information centers during the first week of the current economic control period, according to Ellis Campbell Jr., Dallas district director.  
The director explained that basically the rent guidelines have not changed since the initial 90-day freeze period. Rents are generally still frozen. However, several exemptions from the rent freeze have been granted by the price commission. They include commercial, industrial, farm and non-residential commercial property which is used for business, manufacturing or similar purposes. Also exempted are those rental units, including residential houses and apartments, on which construction was completed after Aug. 15, 1971. This exemption does not apply unless the unit was first offered for rent after Aug. 15, 1971. Exemptions have also been granted to "substantially" rehabilitated rental dwellings.

# American-Built Tanks Shown

BOYRA, India (AP) — The Indian army showed off Saturday three captured American-built tanks and gave an official—and sometimes contradictory—account of the first tank battle of India's conflict with Pakistan.

In a dried-up rice paddy sparsely dotted with date palms, an intelligence colonel claimed that 17 other Pakistani Chaffee tanks were knocked out in the 12-hour border engagement last Sunday.

He said one Indian tank, a Russian-made PT76, was damaged and three of its crewmen wounded. He estimated 76 Pakistani troops were killed in the fight.

A squadron of Indian tanks crossed the frontier during the engagement but the colonel claimed no Indian troops or tanks remain in East Pakistan.

Displayed with the captured tanks was an assortment of Pakistani rifles, machine guns, mortars and small-arms ammunition, some of it of Chinese manufacture.

Col. Clarence Proudfoot told newsmen the ammunition had all been aboard the captured tanks. When it was pointed out that tanks would have no business carrying mortar shells he said it had been brought in by East Pakistan's secessionist rebels—the Mukti Bahini.

Later he suggested a Pakistani position may have been overrun by Indian troops.

An Indian squadron of 14 amphibious tanks crossed the border to outflank the Pakistani armor when Indian positions came under fire, said the colonel.

He reported the Indians had been warned of the approach of the Pakistanis by the Mukti Bahini and had gone into action in response to their appeal for help.

He said the main battle took place four or five miles inside East Pakistan and Indian troops had no time to inspect the destroyed enemy armor before withdrawing across the border.

The Indian Army distributed photographs Friday of a damaged Pakistani tank with Indian troops posing atop its gun turret. None of the three captured tanks was damaged.

They had been trapped inside Indian territory by the destruction of a river bridge, the colonel told a party of foreign and local newsmen.

It was the first official conducted group to be allowed to visit the troubled border since the recent clashes between the two subcontinent neighbors.

Shallow trenches zigzagged across the dusty field and the gunnits of an earthwork bunker looked out toward the border 200 yards distant. But the trenches and bunker were unmanned and only a handful of troops was in sight. The rest apparently had been pulled back out of view. The village of Boyra was almost completely empty of civilians.

Pakistani tanks and troops had been harassing the Indian side of the border for several days before Sunday's engagement, said Proudfoot.

SAYS SHE FEARED LACK OF FAIR TRIAL — Angela Davis talks with a reporter at Marin County jail in California, where she is awaiting trial on murder-conspiracy charges following a courthouse shooting that left four dead. She said she fled California after the incident because she feared she would not receive a fair trial.

# Longshoremen Are Ordered Back To Work

By The Associated Press

A federal judge ordered striking longshoremen Saturday to return to work in all Texas ports.

U.S. Dist. Court Judge Ben Connally made the ruling at Houston at the request of the Justice Department which filed 11 similar suits to force 45,000 striking East and Gulf coast longshoremen to return to their jobs.

Some 6,000 members of the International Longshoremen's Association in 62 locals from Brownsville to Beaumont-Port Arthur are affected.

Connally set Dec. 6 as a hearing date on a temporary injunction before Judge Owen Cox of Corpus Christi. Connally acted in the absence of Cox who drew up the case but was out of the district when the suit was filed Friday. Connally signed the order at his home.

Union officials indicated the Texas dock workers, on strike since Nov. 15, could be back at work within 24 hours. George Altvaer, director of the Port of Houston, said the port could be back to normal operations within a week after dockworkers return to work.

Pickets began coming down at various Texas ports on orders from the union.

Federal judges in some of the other cities also issued temporary orders returning longshoremen to work in their areas.

The temporary orders could be supplemented with injunctions that would stretch the back to work "cooling off period" to the maximum 80 days provided by the Taft-Hartley law.

President Nixon ordered the filing of the complaints Thursday after a special board of inquiry reported there was little chance of a quick settlement between the longshoremen and shippers.

The petition filed at Houston by U.S. Atty. Anthony Farris said the strike "has affected all the Atlantic and Gulf coast ports, seriously impairing operations of a substantial portion of the maritime industry."

"Unless this strike is enjoined, the United States will suffer immediate and irreparable injury," the petition stated.

The suit asked the court to order the union to engage in "good faith" negotiations for the purpose of resolving the strike. Houston longshoremen leaders have expressed dissatisfaction at the government action.

"If the government would stay out of it, we feel we could get a contract sooner," said J. H. Raspberry, president of Houston Local 1273.

Both the union and West Gulf shippers predicted negotiations would resume next week in Galveston.

### Gas Meeting

Area gas processors will meet Thursday at 6:30 p.m. (MST) at Hobbs, N.M. Country Club and hear a discussion of New Mexico standards for natural gas processing plant emissions. The next meeting will be in Big Spring in February to discuss compressor operations.

## DENIAL THAT INDIANS FIGHTING IN PAKISTAN

# Prime Minister Gandhi Visits Border Troops

By The Associated Press

Pakistani officers asserted Saturday that Indian troops were repulsed on three fronts in East Pakistan, but had made some headway on a fourth.

Pakistan claimed its forces had destroyed four Indian tanks and inflicted casualties of 1,000, at a cost of 30 dead last week. The figures appeared high, India has acknowledged only two incursions in East Pakistan last week. An Indian spokesman in New Delhi denied any Indian troops were fighting inside East Pakistan Friday.

Prime Minister Indira Gandhi of India visited troops concentrated along the eastern border of East Pakistan and told them: "The whole country is behind the armed forces in the task of safeguarding the country and its freedom."

"I did not come to talk about war," she told The Indian formations in the Rajasthan Desert. "I am merely making a routine visit."

Pakistani military sources in Dacca, capital of East Pakistan, told newsmen the Indian army had suffered setbacks in three sectors—Jessore in the west, Comilla in the southeast, and Chittagong in the east.

Since even by Pakistani accounts there has been no fighting around the port of Chittagong, the later apparently referred to the area of Feni, 50 miles north of the port near a bulge in the Indian border. The Pakistanis claimed 50 civilians were killed by Indian shelling near Feni.

A military officer in Dacca said Indian forces were making progress on the fourth sector, near Hilli in the north. But a Pakistani major general expressed confidence the Indians could make no more headway in East Pakistan.

Pakistan radio said the ratio of casualties was due to the fact that the Pakistani army was fighting from prepared positions while the enemy was attacking.

All the attacks were of battalion strength, the radio asserted, and supported by mortar fire and heavy artillery barrages.

As an example, it said that in fighting in the Comilla area, which also involved Indian tanks, India lost 43 killed and 100 wounded and one tank, while Pakistani losses were 3 killed and 11 wounded.

The Indian spokesman said that in Thursday's incursion into the Hilli area, 200 miles north of Calcutta, the Indians suffered 20 casualties. He listed Pakistani casualties as 80 killed or wounded and one tank destroyed.

"We didn't lose any of our tanks in the fighting because we don't have any tanks in that area," the spokesman added.

He also charged that Pakistani forces continue to shell towns along India's eastern border. No action of any significance was reported by the spokesman along the nation's western border, where both India and Pakistan also have massed large forces.

In Calcutta, two U.S. senators—William Saxbe, R-Ohio, and Frank Church, D-Idaho—said they believed settlement of the East Pakistan crisis is still possible without war.

The visiting senators outlined their views in talks with newsmen after touring an East Pakistan refugee camp in Calcutta. They came to India two days ago at the invitation of India.

Both reported the United States was playing a major role in efforts by the international community to achieve a settlement in East Pakistan.

"But," Saxbe added, "there is a limit to exerting outside influence on a particular country which should be primarily responsible for settlement of its problems."

Back from consultations with Mrs. Gandhi, J.K. Atai, India's high commissioner to Pakistan, said in the Pakistani capital of Islamabad the quick formation of a civilian regime in Pakistan could cut the chances of war in half.

As he spoke in his office, Pakistani workmen in a field outside were planting sharpened sticks camouflaged by straw as an antiparachuter device.

Pakistan military regime officials have denied plans to form a national government. But an announcement Friday night that eastern by-elections have been moved up five days to Dec. 7 indicated a hastening of the timetable calling for convening of a national assembly by Dec. 27.

President Agha Mohammed Yahya Khan has promised to turn over power to a civilian government soon after the assembly is convened.

MIDDIES ALMOST SNATCH DECISION FROM FIRE

# Late TD Pass Gives Cadets 24-23 Win

PHILADELPHIA (AP) — Sophomore Kingsley Fink passed three yards for a fourth period touchdown that gave Army a 24-23 victory over Navy Saturday after the Cadets had blown a 16-point first period lead in the rainswept 72nd service football classic.

Even after the winning TD pass to Ed Francis, who caught the ball with his feet inches inside the back line of the end zone, Army had to twice stop the aroused Middies inside the Cadets' 10-yard line.

Army's final score resulted from an exchange of punts early in the fourth period. The Cadets' Ron Danhoff angled a 33-yard kick that rolled dead on the Navy 7. Unable to gain, the Middies punted and Mike Gaines returned the short kick 11 yards to the Navy 30.

The Cadets then drove for the touchdown in six plays. Fink passed 15 yards to tight end Dave Sanders for a first down at the Navy 15, and Bob Hines and Greg McGuckin hammered into a first down on two running plays to the 5.

Army moved to the 3 from where Fink passed to Francis for the touchdown, sending Army ahead 22-21. Army went for two points on the conversion with Fink hitting John Simar to make it 24-21 with 4:49 gone in the final quarter.

The final 10 minutes was all Navy offensively as the middies took the kickoff to their 30 and in 13 plays advanced to the Army 7. Army's defense held and with a fourth down and 16 situation, the Middies went for a touchdown instead of a tying field goal. Quarterback Fred Stuvek's pass, however, was intercepted by Randy Stein.

With the game apparently wrapped up, Army's McGuckin fumbled on the first play and Navy's Gary Rhodes recovered at the Army 41 with 2:16 left to play. Stuvek then passed 31 yards to Jack Forde for a first down at the Cadets' 10. Stuvek moved to the 5 on a quarterback keeper but that was as far as the Middies could go.

**SAFETY FOR SMU** — TCU's quarterback, Steve Judy (18), is shown being tackled in the TCU end-zone by SMU's defensive tackle, Don Deweber (79), in the first quarter of action in the Cotton Bowl in Dallas Saturday afternoon. The play started on the 1-yard-line and Judy was caught in the end-zone for a two-pointer for SMU.

## Frogs Upend SMU To Clinch Third

## Bisons Lose By 35-0 Tab

HATTIESBURG, Miss. (AP) — Two seniors considered by some too small to play college football led Southern Mississippi to a 35-0 thrashing of West Texas State here Saturday in a season-ending game for both teams.

Wee Willie Heideburg, a 5-foot-6, 145-pound running back, scored two touchdowns and slender 164-pound quarterback Rick Donegan completed 12 of 24 passes for 141 yards.

The Southern defense held the usually high-scoring Buffaloes to 143 yards total offense. The home team picked off six West Texas passes, including three by safety Ray Guy.

## Andrews, Brownwood To Vie In Angelo

Andrews and Brownwood will clash at 3 p.m. Saturday in San Angelo's Bobcat Stadium, with a place in the Class AAA semifinals at stake.

Brownwood will serve as the home team in the contest.

Brownwood edged Lubbock Estacado in the Regional finals, 7-6, Thursday night. Andrews beat Canyon on penetrations in Lubbock Saturday, 4-3, after the score had ended in a 21-21 deadlock.

## JVs To Take Part In Snyder Meet

The Big Spring JV basketball team, which may be one of the better cage teams the local school has fielded in years, will compete in the 3:30 p.m. Friday.

Other first round contests pit Plainview against Snyder Tournament Friday and Saturday.

The Dogies have drawn Lubbock Monterey as a first round opponent. The game is set for Midland Lee, Abilene Cooper against Sweetwater and Lubbock High against Snyder.

Big Spring finished third in the meet last year.

## Co-Sponsor Is Sought For March 11 Meet

BSHS track coach Glenn Petty said the past week he needed a co-sponsor for the March 11 track and field meet, which will be held in Memorial Stadium.

"There will be little or no expense involved," Petty stated, "but we do need a service club or some group to work with us."

Eight teams, including Big Spring, will make up the field. Others include Snyder, Sweetwater, Odessa High, both Midland schools, San Angelo Central and one of the Amarillo schools.

If the meet is a success, a college division likely will be added in future years, Petty stated.

## Irwin Eyeing Major Threats In Hermitage

HILTON HEAD ISLAND, S.C. (AP) — Hale Irwin scrambled back into the third round lead in the \$10,000 Heritage Golf Classic Saturday, taking a 68, but Jack Nicklaus and Arnold Palmer were lurking close behind.

Irwin, still seeking his first victory in four years on the pro tour, had a 54 hole total of 209, four under par on the demanding 6,655 yard Harbour Town Golf Links.

The 26-year-old former football star at Colorado held a one stroke lead over big Bob Lunn and second round leader Mac McLendon, tied at 210. Lunn had a 71 and McLendon was one over par at 72.

But the biggest threats could come from two of the game's giants, Nicklaus and Palmer. Nicklaus had to work hard for a 71 and 211 while Palmer had a 69 for 212, just three strokes off the pace.

They were the only five players under par after 54 holes. Frank Beard was next at 214, one over par. Lee Trevino, the leading money winner and already named the PGA player of the year, took a 72 and appeared to be out of it at 221, eight over par on the tight, testing, tree-lined layout.

"Chipping was my long suit today," said Irwin, who missed the green seven times but saved par on each occasion with his longest putt from four feet.

Irwin, a 6-foot, 170-pounder, hit a wedge over a tree to within two feet for a birdie on the second hole, laced an iron to four feet on the next and ran in a 25 foot putt on the 12th for his three birdies.

He didn't have a bogey but had to one-putt the last three greens for pars.

McLendon also shared the lead at one stage, but took consecutive bogeys on the eighth and ninth.

Nicklaus was obviously upset after his round.

He had 16 pars, birdied the 15th from 15 feet and took a bogey on the tough eighth, where a tee shot hit a tree and the ball dropped down into a palm frond. He had no shot.

"I hit the ball just awful," said Nicklaus, winner of his last three starts. "I don't know what happened. If I knew what I was doing wrong, I wouldn't do it. I've been playing pretty well for some time and I'm going to go out to the practice tee and see if I can find out something."

## Williams Sets Record In Rice's 23-0 Win

HOUSTON, Tex. (AP)—Mark Williams kicked field goals of 22, 22, and 29 yards Saturday to establish a Southwest Conference season record and led Rice to a season-ending 23-0 victory over the Baylor Bears in the final game for Baylor head coach Bill Beall.

Baylor athletic director Jack Patterson announced that Beall's contract had been terminated by mutual agreement

with the Baylor board of trustees. The Owls, completing their first season under coach Bill Peterson, took advantage of seven turnovers against the bumbling Bears to move ahead of Texas Tech into sixth place in the final SWC standings.

Rice quarterback Bruce Gadd, who completed 14 of 26 passes for 176 yards, hit Bubba Berg on a 34-yard touchdown bomb in the first quarter. Stable Vincent hit Berg on a 10-yard touchdown strike with 20 seconds left in the game.

Williams kicked a 22-yard field goal in the second quarter

to equal a previous SWC record of 11 set by Jerry Don Saunders of Texas Tech in 1968.

Williams added the record tying 22-yarder later in the second quarter and kicked his 13th of the year a 29-yarder in the third period.

The Owls intercepted four Baylor passes, including two by safety Bruce Henley and one by cornerback Chris Hale, who intercepted a pass and returned it 57 yards in last year's game.

Vincent carried 39 times for 123 yards to become Rice's all-time leading ground gainer. He surpassed Rice All-American Kosse Johnson, who held the record of 944 yards.

## Texas Longhorns Given Edge In SW Cage Race

LUBBOCK, Tex. (AP) — The seventh annual Lubbock Avalanche-Journal Southwest Conference basketball poll has the University of Texas as the preseason championship choice.

The poll of 12 sportswriters who cover Southwest Conference basketball gave Texas 87 1/2 points and eight first place votes.

Texas Tech received two first-place votes and was in second place with 75 1/2 points, followed by Arkansas with 66 1/2 points and one first place pick, SMU with 58 1/2 points, Baylor with 48 points, defending champion TCU with 47 1/2 points and one first place vote, Rice with 31 points and Texas A&M with 25 1/2 points.

The writers have chosen the conference winner three of the last six years. Last year, however, Rice and Texas Tech were tied for first in the preseason poll, while TCU was the eventual winner.

Tech ended up finishing third and Rice fifth.

Texas' touted sophomore Larry Robinson dominated individual preseason honors. Robinson, who averaged over 30 points per game as a freshman last year, was picked as Newcomer of the Year, tied with Tech's Greg Lowery as Player of the Year and appeared on the all-conference team.

Besides Robinson and Lowery, the preseason team included Simpson Degrate of TCU, Jeff Overhouse of A&M and Bobby Rollings of SMU.

## Houston Wins Over Utahns

HOUSTON, Tex. (AP)—Quarterback Gary Mullins ran for two second half touchdowns and Robert Newhouse became the fourth collegian in history to rush over 1,700 yards in a season to lift Astro-Bluebonnet Bowl-bound Houston to a 42-16 victory over Utah Saturday night.

The Utes, winners of only three games this season, used field goals of 32 and 40 yards and a 30-yard blocked punt return for a touchdown by defensive back John Frech to take a 16-14 lead at halftime over the 15th-ranked Cougars.

## Blake's Seminole Club Triumphant

SEMINOLE — Seminole, coached by ex-Sands mentor James Blake, edged Levelland, 58-56, in their home basketball debut Saturday night.

Donald Roberts scored 22 points and Larry Jackson 10 for Seminole. Grant Dukes had 23 for Levelland.

## SCHOOLBOY PAIRINGS

Here are the quarterfinal pairings for next week in the state high school playoffs and the sites where determined:

**CLASS AAAA**  
Hereford vs. Wichita Falls, 2 p.m., Saturday, Amarillo.  
Dallas Carter vs. Killean, 8 p.m., Friday, Dallas.

**CLASS AAA**  
Houston Lee vs. Houston Smiley, 7:30 p.m., Friday, Houston.  
Austin Reagan vs. San Antonio Lee, 2 p.m., Saturday, Austin.

**CLASS AA**  
Andrews vs. Brownwood, 3 p.m., Saturday, San Antonio.  
Piano vs. Jacksonville, 8 p.m., Friday, Tyler.

**CLASS A**  
Silsbee vs. Athens or Brenham, site undetermined.  
Lockhart vs. Gregory-Portland, 8 p.m., Friday, Victoria.  
Childress vs. Eastland, 8 p.m., Friday, Abilene.

**CLASS AA**  
Jackboro vs. Linden-Kildare, 8 p.m., Friday, Mesquite.  
Rosenburg vs. Tamball, 8 p.m., Friday, College Station.  
Hondo vs. Refugio, 8 p.m., Friday, San Antonio.

## Hawks Beaten By Texans, 84-75, In Garden City

GARDEN CITY, Kan. — HC had a 10-point bulge on South Plains rallied from 16 points back to defeat Howard County JC in the third round of the Garden City Holiday Tournament here Saturday night, 84-75.

The defeat, coupled with a loss the Jayhawks suffered at the hands of Northeastern Colorado Friday evening, left the Big Spring team with a 7-3 record. Last year at the same time, they were 5-5.

Northeastern measured the Hawks, 89-77. The Hawks had opened the tournament with a victory over Garden City.

The defeat the Hawks suffered at the hands of South Plains was the second of the year and the fifth in two seasons to the Texans.

Archie Myers led the scoring for HC against both Northeastern and South Plains. He got 29 against the Coloradans although he fouled out with ten minutes to play.

Against South Plains, Archie settled for 27. Jim Kreier counted 14 against Northeastern and the same number against South Plains.

WILL CUT UP PURSE OF \$60,000 Classy Sunland Field Set For Futurity Run Today

SUNLAND PARK, N.M. — A purse of \$60,000 — richest of the fall season at Sunland Park — will be on the line Sunday as a collection of the finest two-year-old quarter horses in the nation meet in the eighth running of the Fall Quarter Horse Futurity at 400 yards.

The rich Futurity run tops a 13-race program which gets under way at 1:30 p.m. Included in the expanded agenda is the anticipated match race between the Arabian, Kontiki, and the thoroughbred router, Bay Ruler. The two long-winded runners will hook up in a mile-and-a-half struggle over a winner-take-all purse of \$5,000.

last week's elimination heats. That honor went to Mr. Midland, the property of Clarence and Dorothy Scarbauer of Midland. The colt zipped over the 400-yard distance in 20.16 seconds. Here are the other qualifiers, in order of their times: Savannah Swinger, 20.27; Jayhawker Moon, 20.36; Duplicate Bid, 20.41; Top Top, 20.41; Miss Pinky Ann, 20.50; Intercept, 20.50; Tony's Rebel, 20.55; King Bird, 20.60; and Joad's Lady, 20.61.

Mr. Midland has been a good breadwinner so far, having picked up paychecks totaling \$32,241. Larry Byers will again handle the saddle work. Jayhawker Moon, owned by Tommy Young and Douglas McLean of Watonga, Okla., took a streak of four victories into last week's qualifying heats and had to settle for second behind Mr. Midland. The filly has won nearly \$24,000 so far.

Henson, will be air-freighted to the NBC news department in New York. News officials are considering beaming the race throughout the nation in Monday's sportscasts. Kontiki, a kind of superhorse among Arabians, was reportedly acquired at a cost of \$50,000. He's been kicking his own breed with ease. In his only Sunland appearance, Kontiki galloped to an easy victory under a back-breaking load of 142 pounds.

Bay Ruler has won 27 races in his long career — 20 of them at a mile or over. His record includes two stakes wins, the Con Jackson Handicap at Albuquerque in '69 and the Ruidoso Downs Mile in '68. Kontiki and Bay Ruler are equally weighted at 115 pounds for Sunday's grueling test. Don Lewis will be up on Bay Ruler. Randy Phillips will again get the call on the Arabian.

Troubled Vols Win Over Commodores

KNOXVILLE, Tenn. (AP) — Tennessee hunched all its scoring in the fourth quarter and defeated upset-minded Vanderbilt, 19-7, Saturday in a Southeastern Conference football game. Vanderbilt shocked the partisan crowd of 56,244 by taking the lead on a 9-yard touchdown run by quarterback Steve Burger in the second period, capping a 53-yard drive. Taylor Stokes converted and the Commodores nursed a 7-0 margin until midway in the fourth quarter.

Soon thereafter 11th-ranked Brown and 14-yard return to the Vanderbilt 25 gave Tennessee another scoring opportunity. Steve Chancey ran 7 for the touchdown after Bill Ruder had picked up 18 on a draw up the middle. The Vols completed their scoring seconds later when Vandy quarterback Steve Lainhart was tackled in the end zone on a pass attempt.

Erath Plans Duck Hunt

DUBLIN — The Erath County Sportsman's Club sixth annual Barbecue and Duck Hunt will be held at Dublin Dec. 11-12. Kenneth Durham, chairman for the event this year says the hunt will be bigger and better than ever before. The Dublin area boasts Proctor Reservoir and 47 Soil Conservation flood control structures, which attract clouds of ducks and geese from their flyways each fall.

Astro-Bluebonnet Ducats Available

HOUSTON — Remaining tickets for the Astro-Bluebonnet Bowl football game between University of Houston and University of Colorado on New Year's Eve in the Astrodome will go on sale Wednesday at the Astrodome advance ticket office, Murworth and Kirby. Mail order ticket requests have been heavy ever since it was rumored that the two schools would meet in the annual football classic, John Mettenheimer, bowl committee ticket chairman, said.

Butkus, Bears Big Worry To Shula And Dolphins

MIAMI (AP) — Statistically, the Miami Dolphins would seem to be cinches to win their eighth straight in Monday night's TV football game against the Chicago Bears. Realistically, the Bears—especially linebacking terror Dick Butkus—are of deep concern to Dolphin coach Don Shula.

Olympians Edged By Denver Team

DENVER (AP) — The University of Denver defeated the previously unbeaten U.S. Olympic hockey team 5-2 Friday night. In a fast, rough game that had a total of 15 penalties, seven in the final period, the Pioneers appeared to be faster than the Olympians, and took better advantage of their power play opportunities.

Mavs Decision ACC, 21-17

ARLINGTON, Tex. (AP) — David Taylor fired two touchdowns to Jack DeGrenier for the University of Texas at Arlington Saturday to pace the Mavericks to a 21-17 Southland Conference victory over Abilene Christian. DeGrenier's touchdowns came on a seven-yard pass in the second quarter and a 43-yard strike from Taylor in the final quarter.

# Alabama Mauls Auburn To Set Up Dream Game

BIRMINGHAM, Ala. (AP) — Third-ranked Alabama, paced by the clutch running of Johnny Musso and a blitzing defense that shackled Heisman trophy winner Pat Sullivan, crushed previously undefeated Auburn 31-7 Saturday, giving the Orange Bowl a dream match of unbeaten powers.

The Crimson Tide, rolling to its 11th straight victory, will meet top-ranked Nebraska in the Orange Bowl New Year's Night in a battle that should decide the national championship.

Alabama solved the Sullivan mystique for the first time, keeping the strong-armed Auburn quarterback on the sidelines with a time-consuming offense that enabled the Tide to control the ball more than 40 minutes.

**INTERCEPTED**

Meanwhile, Alabama's defense forced two interceptions off Sullivan that led to touchdowns and batted down three other passes at the line of scrimmage.

Musso, called by Alabama Coach Paul "Bear" Bryant the greatest running back he has ever had, scored touchdowns on runs of 12 and 6 yards and punched out 155 yards in 32 carries.

Junior quarterback Terry Davis gave the Tide a 14-0 first period lead with touchdown runs of 6 and 11 yards. Alabama's other score came on a 41-yard field goal by Bill Davis in the final period.

Sullivan, named the Heisman winner Thursday night, had sparked Auburn to comeback victories the past two seasons over Alabama and, as a freshman, overcame a 27-0 Tide lead to lift the Auburn frosh team to victory.

The defeat ended Auburn's 11-game winning streak including nine this year as the Tigers approach their Sugar Bowl confrontation with second-ranked Oklahoma which lost to Nebraska 35-31 Thursday. The victory also gave Alabama the Southeastern Conference championship.

Auburn's only touchdown came on a 21-yard halfback option pass from Harry Unger to Terry Beasley with 13:08 left in the opening half. It came on the first play after Johnny Simmons recovered an Ellis Beck fumble.

The catch by Beasley was the first of his college career by anyone other than Sullivan.

Alabama quickly established the tempo of the game at the start with a safety blitz that held Auburn to only nine yards on their first series following the opening kickoff.

The Tide then got their first of three turnovers leading to touchdowns Auburn punter David Beverly fumbled a low snap from Bill McManus and failed to get his punt off, giving Alabama possession at the Auburn 20.

**6-YARD RUN**

Terry Davis scampered 10 yards on a third-down option to the eight and scored from the 6 two plays later, giving Alabama a 7-0 lead after only four minutes had elapsed.

Despite its almost total control of the ball, Alabama led only 14-7 going into the final period.

The Crimson Tide drove from their 22 to the Auburn 24 early in the final period, from where Bill Davis kicked his 13th field goal of the year, tying a conference record.

In that drive, Musso reeled off runs of 18, 12 and 6 yards, all in clutch situations, helping Alabama overcome a 15-yard clipping penalty.

The field goal came with 13:03 remaining, and 18 seconds from there on the first play. Sullivan completed 14 of 27 passes for 121 yards, but failed to break the NCAA touchdown responsibility record he tied at 71 two weeks ago against Georgia.

**SIX FOR AUBURN** — Auburn's Terry Beasley, (88) looks over his shoulder for a pass from quarterback Pat Sullivan and an Auburn touchdown Saturday in the second quarter at Birmingham, Ala. Beasley outran Alabama defenders Steve Wade (32) and Steve Higginbotham (49).

## Teams Seeking Lots Of Help At Meeting

PHOENIX, Ariz. (AP) — Baseball's winter meetings—the annual marketplace for trades—open here Monday with a number of big name players available—if the price is right.

Almost all 24 major league clubs are looking for help in one area or another and most general managers have indicated a willingness to part with players once termed untouchable in order to get what they want.

The New York Yankees, for example, are after a third baseman who can hit, someone like Ron Santo of the Chicago Cubs, whose name heads those available. Santo and Manager Leo Durocher didn't get along last year and when Leo was rehired last week, it all but assured a trade involving the third baseman.

The Yankees would be willing to part with a front line pitcher such as Mel Stottlemyre or Fritz Peterson if the right deal comes along. But to get Santo, they'll probably have to outbid their crosstown neighbors, the New York Mets.

The Mets never hitting and they've never had the stability at third base that a Santo could provide. Like the Yankees, the Mets are offering pitchers with Nolan Ryan the main bait.

Cleveland, with new manager Ken Aspromonte anxious to start fresh, could be the most active team at the meetings. The Indians are rumored ready to unload ace left-hander Sam McDowell, who had contract problems last summer. But it will take a handsome package to get the fire-balling ace.

The Los Angeles Dodgers have always coveted McDowell and in fact came close to completing a deal for him last year at these meetings. They'll be in on the bidding again as will the world champion Pittsburgh Pirates, who'd also like another pitcher.

Three aging sluggers who may also be available are Atlanta's Orlando Cepeda, Philadelphia's Deron Johnson and Frank Howard of the new Texas Rangers. Kansas City has talked about all three but he conversations quickly ended when the Royals were asked for Dick Drago, ace of their pitching staff.

Baltimore's AL champions, who had four 20-game winners last year, have expressed an interest in a fifth—Wilbur Wood of the Chicago White Sox. With Bobby Grich, the International League's batting champ, graduating to the majors, an infielder like Mark Belanger or Dave Johnson might be available.

## Richard Honored

HAMILTON, N.Y. (AP) — Gary Richard, quarterback of the Chicago White Sox, was selected player of the year by the New York State Sportswriters Association Friday.

# UCLA And Tarheels Run 1-2 In Poll

By The Associated Press

UCLA lost four starters, but the Bruins still managed to gain the No. 1 rating in the Associated Press' preseason college basketball poll.

The Bruins' drew 11 first-place votes and 650 points from a panel of 36 sports writers and broadcasters.

The sophomore-studded Bruins, defending national champions and winners of seven NCAA crowns in the past eight years, outdistanced a field of the nation's best.

North Carolina, which won the NIT last year, pulled in seven first place votes and a total of 521 points to place as the No. 2 team.

Southern California which figures to give UCLA plenty of headaches this year, was voted No. 3 by virtue of six first place ballots and 494 points.

Marquette, a Midwest independent with power to spare, placed fourth with three No. 1 votes and 487 points and defending Big Ten champion Ohio State gathered six first place votes and 413 points for No. 5.

Maryland, with a sophomore-led team headed by star center Tom McMillen, was the only other club to get a first place vote. The Terrapins grabbed three for No. 1, helping to push their point total to 297 for sixth place.

Houston wound up No. 7, followed by Long Beach, Cal., State, Louisville and Kentucky in the Nos. 8, 9 and 10 spots. The rest of the Top Twenty teams included: No. 11. Jacksonville; No. 12 South Carolina; No. 13 Michigan; No. 14 Kansas; No. 15 Penn.; No. 16 New Mexico State; No. 17 St. John's N.Y.; No. 18 Villanova; No. 19 Brigham Young and No. 20 Oklahoma.

**HER HERO** — Pat Sullivan and his wife, Jean, walk hand in hand after he was named 1971 Heisman Trophy winner Thursday night. Sullivan, sensational quarterback for Auburn University guided Auburn to a 9-0 record for the season who ranked fifth nationally in college teams. He is the nation's leading passer with 148 completions for 1,891 yards.

## Links Tourney Is Feb. 11-12

The second annual Big Spring High School golf tournament will be staged here Feb. 11-12.

As many as a score of schools from all over the state could enter the competition. The linksters will play 18 holes at the Country Club Feb. 11 and switch to the Mundy layout for the last 18 holes the second day.

Big Spring is the defending champion in the tournament while John Adams of Midland won individual honors last year. He'll be eligible again.

Among schools expected to send representatives here include all those in Amarillo, Fort Worth, Paschal, both Midland schools, Monhans, Andrews, Snyder, Canyon, Hereford, Pampa, both Abilene AAAA schools, Monhans, Andrews, High and Borger.

Dallas Adams, Cypress-Fairbanks, Plainview, Alice, San Antonio Alamo Heights and El Paso Coronado are among others which have been invited by Steer golf coach Royce Cox.

Trophies for the meet will be donated by First National Bank, State National Bank, Hunks Stewart, Al's Barbecue, Gamco, Ike Robb, Chamber of Commerce, Ted Ferrell, Dewey Ray and other individuals.

There'll be three awards in individual competition, three in team play, low-ball and likely two-ball play.

The awards are valued at about \$150.

## Rick Jones Leads 'Chaps To Win Over NY Nets

NEW YORK (AP) — Winning out of the Nets in the bruising, for the Dallas Chaparrals as an punctuated contest.

Three-point field goals by Rick Jones, that is.

Jones pitched in three three-pointers in the fourth quarter to help the Chaps whip the New York Nets 106-101 in an Friday night, it was Indiana American Basketball 110, Denver 96, Utah 124, Association game Friday night. Carolina 115, and Floridians 106, Memphis 104.

"We didn't plan it that way," said Dallas coach Tom Nissalke. "I don't believe in Association, it was New York setting up three-point plays." 104, Boston 89; Milwaukee 120, last-quarter points, helped the Atlanta 105; Chicago 121, Chaps storm back from a Golden State 89; Cleveland 128, whopping 18-point deficit in the Cincinnati 114, and Los Angeles first half and took all the starch 132, Detroit 113.

## Thoroughbred And Arabian Will Race

SUNLAND PARK, N.M. — A match race is no new thing at Sunland Park. Two have been staged over the years, each hooking up a thoroughbred against a thoroughbred at 870 yards.

Today, there'll be another match race at Sunland — the most unusual one in the track's history.

The face-to-face confrontation pits the Arabian superstar, Kontiki, against the route-loving thoroughbred, Bay Ruler. The distance will be a mile-and-a-half.

The purse will be a sizable \$5,000 on a winner-take-all basis. The event has been approved by the New Mexico Racing Commission, who also have the green light for two types of wagering — win and exacta. However, Sunland officials are still pondering whether to include the exacta in the wagering format.

Tom Dawson, co-ordinator for the Arabian program at Sunland, reports the match will be stated as an extra race on Sunday's program. Thus, Sunday's program will cover 13 races, starting at 1:30 p.m.

According to Dawson, today's duel will be the first ever between an Arabian and a Thoroughbred — with pari-mutuel wagering, at least. Each contender will carry 115 pounds.

Kontiki, owned by Mr. and Mrs. Stanley Kubela of Palacios, Texas, is apparently a model Arabian with considerable stud value. He was reportedly acquired at the boxcar figure of \$50,000. He's been to the post only three times this year, winning each outing. In his only Sunland appearance, Kontiki won the \$2,500 Arabian Invitational Handicap under the staggering load of 142 pounds.

Bay Ruler is an 11-year-old who'll be making the last start of his career in Sunday's match race. The gelding is owned by Buck Fallwell of Ruidoso, Bill Thompson is the trainer. Bay Ruler won at a mile at Sunland on Oct. 30.

In his long career, Bay Ruler has won 20 races at a mile or over. His career stakes two stakes wins — the Con Jackson Handicap at Albuquerque in 1969, and the Ruidoso Mile at Ruidoso Downs in 1963. Bay Ruler has also won at Del Mar, Churchill Downs, Hawthorne, Sportsman's Park and Oaklawn Park.

## HC Frosh Slate Longhorn Game

Big Spring High School will host the Howard County JC freshmen in a practice basketball game in Steer Gym at 8 o'clock Tuesday evening, coach Ron Plumlee has announced.

In accepting the invitation to play, coach Harold Wilder of HC said he would not make use of Herbert Lee, Russell Frontz and Ben Gay, who have already clocked a lot of playing time with the Hawk varsity.

# Quail Hunters To Get Test

ATLANTIN — Quail hunters will probably have to hunt a little harder for their birds this year. Bird dogs and their masters will find the going rough, especially early in the season.

The weather double-crossed the hunter — first by being too dry in early spring to allow good hatches of birds, then by bringing heavy summer rains to trigger rank vegetation.

Texas Parks and Wildlife Department officials across the state rate the quail populations from "about average" all the way down the scale to "very poor."

Some areas of the state — notably South Texas — will have less than half the number of birds as were seen the year before. In almost every quail area around the state the birds remained on the nest through the summer, and some hatches were noted as late as October.

Overall, the situation in the western third of Texas looks reasonably good, especially in the range of the hardy blue

## Stanton Buffs To Depend Heavily Upon Juniors

STANTON — The Stanton Buffaloes, who square off with Tahoka at home Tuesday night, will depend a lot on underclassmen again.

Coach Jackie Burns doesn't have a single starter returning from the 1970-71 team.

The Bisons, who scrimmaged Big Spring recently and did reasonably well considering the big difference in height, will look to seniors Bubba Stander, Jackson Swanson and Frankie Barnhill for leadership.

Among the better newcomers on the squad are 6-3 Mark Briggs, 6-2 Rick Wilson and 6-1 Randal Papason.

Others on the varsity roster include 5-10 Dwayne McMeans, 6-0 Paul McAlister, 5-7 Rommy Davenport, 5-8 Larry Jones, 6-0 David Dillard, 6-0 David Chandler and 5-11 Preston Springer.

If they develop as expected, Burns thinks the Buffs could be championship contenders as early as next season. He said he plans to have a "run and shoot" championship.

Schedule: November 30 — Tahoka, H. DECEMBER 7 — Tahoka, H. (invitational); 11 — Crane, H. 14 — Lone Wolf Tournament in Colorado City; 13 — O'Donnell, A.; 14 — Iron, H.; 16, 17 & 18 — Iron Tournament; 20 — Andrews, A.; 21 — Garden City, H.

JANUARY 3 — McCombe, H.; 4 — O'Donnell, H.; 6, 7 & 8 — Big Lake Invitational; 11 — Crane, H.; 14 — Coahoma, A.; 18 — Reagan County, H.; 21 — McCombe, A.; 25 — Ozona, H. FEBRUARY 1 — Coahoma, H.; 4 — Reagan County, A.; 8 — McCombe, H.; 11 — Ozona, H. Denotes district games.

**EXPRESSION OF DISGUST** — Jack Nicklaus moves to catch his putter against his leg after dropping it as a birdie putt slides past the hole on the sixth green, during second round play of the Heritage Golf Classic.

COAHOMA'S ROLAND BEAL ADDS A TWO-POINTER  
Field general punishes Mavs with his sweeps

# Eastland Powers Way To Win Over Coahoma

By TOMMY HART

Everything to queer his execution but nothing worked. Only Father Time was common to both teams. Coahoma is on the verge of fulfilling a somewhat loftier ambition.

With just over two minutes left, Rexroat intercepted a Coahoma pass and returned it to the Bulldog 48. Lund unloaded a pass to Bob Mace, who was streaking down the sidelines, and Mace roared 47 yards across the double stripes. This time, Eidson failed in his point after try.

Coahoma had time to power its way from its own 47 to inside Eastland's one but couldn't push through and left for the dressing room trailing, 27-0.

The Coahoma brain trust ultimately decided that it was folly to try piercing the Eastland armor from tackle to tackle. In the third quarter, Beal began to explore outside the battle perimeter, with good results.

The Big Red scored on its first possession in Round Three. Beal doing the honors from seven yards away with 8:37 left. That series of maneuvers covered 57 yards. The Coahoma QB added the two PATs on a run.

A pass from Lund to Mace, good for 20 yards, gave Eastland another tally with 4:06 remaining in the third. Lund went to Thomas with a pass that tacked two points into the May total and made it 35-8.

**KEY TO BUCHANAN**  
Donnie Buchanan, on whom the Mavericks keyed all night, barreled across from nine yards away at the end of a 61-yard Coahoma drive to make it 35-14. Rexroat tackled Beal on the extra point attempt.

Lund and Eidson hooked up on a pass pattern early in the fourth for another Eastland score. The pass embraced 30 yards and Eidson was backing into the end zone when he caught the ball. Rexroat added a two-point conversion by fleeing wide after taking a pitch.

Beal broke wide on a dazzling run of 32 yards for Coahoma's third TD, with 8:11 remaining in the game. He also added a two-point conversion on a run to cut Eastland's margin to 43-22.

Thomas embraced a Coahoma fumble at the Bulldog 35 to set the stage for Eastland's next thrust. A pass from Lund to Rexroat, good for eight yards, produced the score. Eidson boomed one through the uprights for the PAT and inflated the tally to 50-22.

In the most electrifying play of the touchdown-happy night, Beal delivered a pass into the outstretched arms of Wendell Walker around the Eastland 20 and Walker, without breaking stride, went on in. The play covered 48 yards and was a thing of beauty. There was only 1:43 left in the game at the time and J-H Mitchell added two points by taking a pass. That made it 50-30, a nice round score.

His pride stung, perhaps, by the ease with which Coahoma went about its chore, Eastland struck again on the final play of the game when Lund zeroed in on Mace with an 11-yard pass over the middle. Leo Gaeta tried to run for the two extra points but was hurled to earth about the one.

The 30 points Coahoma had assembled represented more than Eastland's first team had yielded in 11 previous games all year.

Eastland 7 20 8 21-56  
Coahoma 0 0 14 16-30

In a game featuring 12 touchdowns and some ragged defensive play, the top-rated Mavericks decked Coahoma, 56-30, before a crowd of close to 8,000 here Friday night.

Eastland started to execute its battle plan midway through the first quarter and never stopped to catch its breath. Coahoma made the mistake of waiting too long to untrack.

Gargantuan Craig Lund proved an astute navigator for the Mavericks but the two most able players on the field appeared to be Eastland's Randy Rexroat and Roland Beal, the Coahoma field general.

Game programs showed the two teams to be about equal in weight but they lied. Eastland fielded a bulkier team. Coahoma spies said Eastland had a defensive alignment, the likes of which Class AA hadn't seen for many years. Beal and his cohorts buried that rumor by scoring four touchdowns and almost getting a fifth.

Still, the Coahoma friends on the PAT try could never take heart because the Mavericks scored four times TDs in the last 3:22 minutes before the Bulldogs got their show on the road.

**RUGGED TIME**  
Lund, a 200-pounder with a delicate passing touch, gave the Bulldogs a rough time. Coahoma tried a little bit of

# Hall Of Famers To Be Inducted

BRUCEBRIDGE, Tex. (AP) — Five new members of the Texas High School Football Hall of Fame will be honored by their old coaches Dec. 6 at the fourth annual banquet.

Starting with the 20s will be Bohn Hillard of Orange, a star back who won fame in high school, university and professional football. He will be inducted into the Hall of Fame, with Bully Glistrap, who coached him at Schreiner before he went to Texas, giving him his plaque. He played Canadian pro football.

In the 30s will be Dick Todd, who became a heralded schoolboy star at Crowell, when he was sought by many universities. He made 694 points and headed for Texas A&M, where he won fame with his great running before being a star in pro football. To be inducted into the Hall of Fame will be his old coach, C. G. Graves, who had him four seasons at Crowell.

From the 40s will come James (Froggie) Williams, who starred at Waco High School, when he was an All-American end at Rice. He was two-time All-Star at Waco, where he played in 1943-44, and from there comes Clifford (Cotton) Lindloff, who played with him and will present him for the Hall of Fame.

Two players from the 50s will make up the remaining members of the annual five getting their honors at the Breckenridge National Guard Armory.

Jerry Tubbs, Breckenridge's center who lost only three games in all his career here at home, will get a plaque from his coach, Joe Kerbel. Tubbs was an all-stater in high school, All-American at Oklahoma and has been a star of professional football. He now is an assistant coach of the Dallas Cowboys.

Karl Milstead of Athens was a wild card selection. He was a big star at guard and was sought by many college teams, finally going to Oklahoma where he was an outstanding player. He will be inducted into the Hall of Fame by his old coach, Herman Bailey, who now lives at Dallas.

Rhea Williams, director of the Texas Interscholastic League, and Morris Southall, former president of the Texas High School Coaches Association, will make talks.

# Sul Ross Fems Will Pass Up Florida Trip

ALPINE — The Sul Ross State University women's volleyball team won its third consecutive state championship Saturday in Austin but will decline an invitation to defend its national intercollegiate championship title in Miami, Fla., this February.

"No thought and no provisions were made for the national tournament," Dr. Paul "Red" Pierce, team director, said. The Marilyn McReavy-coached volleyballers won the Women's National Intercollegiate Volleyball Championship in 1970 and 1971. Marilyn is a former HCJC student.

Sam Houston State placed second in the state tournament sponsored by the Texas Commission on Intercollegiate Athletics for Women (TCIAW), and the University of Houston third.

"They played well," Pierce said of the Sul Ross Lobos. "I rather suspect that the difference was in the coaching that Marilyn (McReavy) had provided them with." Pierce is chairman of the Sul Ross health and physical education department.

Early in the state tournament, Sul Ross defeated Stephen F. Austin State 15-6, 15-4 and then Southwest Texas State 15-8, 15-10, but dropped to the losers' bracket when the Sam Houston team out-spiked the Lobos 15-7, 11-15, 6-15. That match-loss placed the Lobos against the University of Houston and the Lobos won 15-4, 15-5.

Up against Sam Houston again, the Lobos pulled wins of 12-15, 15-12, and in another match, 15-2, 15-11, to take the championship.

"They (the Lobos) are a remarkable group of girls," Pierce said. "They play well and they're well-coached. They bring nothing but honor to this university by the way they play and the way they act."

In 2 1/2 years of college play, the Lobos have lost only two matches, and until the district tournament Nov. 6, had tallied a 60-match winning streak. Their first loss was to Texas Tech.

Entered in the state tournament were Lamar Tech, North Texas State, Pan American, Sam Houston, Southwest Texas, Stephen F. Austin, Sul Ross, Texas A&I, Texas Tech, Texas Woman's, University of Houston, and the University of Texas at Austin.

Co-captains on the Sul Ross team are Jerrie McGahan, 21, 5-foot-11, Houston junior, and Brenda Rothen, 21, 5-foot-9, Pecos senior. Other starters are Kathy McKnight, 20, 6-foot-3, Monahan's junior; Lucy Courtney, 23, 5-foot-8, Houston junior; Linda Brown, 18, 5-foot-7, Balinger freshman, and Linda Stout, 18, 5-foot-4, Columbus, Ohio, freshman.

Reserve players are Kay Whitley, 21, 5-foot-10, Plains senior; Nita Currey, 18, 5-foot-10, Big Lake freshman; Debbie McLeod, 18, 5-foot-9, Houston freshman; Aletha Heckendorf, 20, 5-foot-9, LaMarque junior; Edith Eubanks, 19, 5-foot-5, Texas City sophomore, and Rosa Waters, 18, 5-foot-3, Alpine freshman.

Sylvia Flores, Alpine sophomore, is manager. Coach McReavy is a Big Lake graduate student.

# Steers Even Mark With 83-75 Win

CRANE — Crane gave Big Spring all it could handle before the Steers pulled out a 83-75 victory here Friday night.

The win was the second in four assignments for Big Spring, which hit only 30 per cent of its shots from the floor.

Big Spring had four players in double figures. Mike Randle, who suffered an injured eye rather early in the game, wound up with 15 points. Johnny Tom and Robert Wallace each had 13 while David Newman settled for 11.

Terry Neal of Crane proved tough to defend. He scored 24 points and played a good floor game. Tommy Washington contributed toward the Crane total with 17.

In rebounds, Randle pulled down 15 and Wallace 11.

Coach Ron Plumlee may add a Tuesday night to the Steer schedule. Right now, the Steers are booked to see their next action in the Plainview Tournament. They meet Lubbock Dunbar at 11:30 a.m. Thursday.

Other first round contests pit Amarillo Palo Duro against Midland Lee at 2:30 p.m., Lubbock High against Tuleshoe at 5:30 p.m., and Plainview against Lubbock Estacado at 8:30 p.m., all on Thursday.

Should the Steers defeat Dunbar, they would play again at 5:30 p.m. Friday. A loss would send them back to the court at 11:30 a.m., Friday.

Plainview is the defending titlist in the tournament, having beaten Lubbock in last year's championship game.

The Big Spring JVs won an easy 104-46 decision in the preliminary contest.

Jeff Kuykendall waxed warm for Big Spring, bucketing 16 points. Bob Edwards followed with 13.

# FRIDAY EVENING Refugio, Sonora Playoff Winners

By The Associated Press

Three state high school football champions from last year advanced into next week's quarter-final playoffs Friday.

Class AA defending champion Refugio trounced

# Ellsberry Is Named Prexy

DALLAS — Mike Ellsberry, president of Marine and Industrial Supplies of Dallas, was elected president of the Boating Trades Association of Texas at their recent annual convention in Orange, Tex.

Ellsberry will serve as leader of the state association through 1972. Active in the association for 14 years, he has served as a director, second vice president and most recently first vice president. He is also a director of the National Marine Distributors Association and past president of the Dallas Marine Association.

Other newly elected officers for 1972 are Hugh Zinnerker, Houston, first vice president; Price Neeley, Gatesville, second vice president and Elton Porter Jr., Houston, secretary-treasurer; Charles Ferrell, San Antonio, immediate past president; and he has been named a director-at-large.

Membership of the Boating Trades Association of Texas, formed in 1957, is composed of leading manufacturers, dealers and others involved in the marine trades. Dedicated to the advancement of boating around the state and nation, the organization's legislative committee has proven itself effective in the initiation and interpretation of boating legislation in Texas.

The organization also sponsors the annual Southwest Marine Industry Trade Show for dealers only held annually in Dallas.

# Snyder JC Wins In Tourney Play

SHERMAN — Western Texas of Snyder defeated Fort Worth Christian College, 86-78, in a consolation round game of the Grayson College Basketball Tournament here Friday night.

The win was the second in four starts for the Westerners.

# SW Conference To Open Cage Play Wednesday

Wednesday—Georgia Southern at Arkansas; Houston at Stanford, Mississippi at Texas, TCU at Oklahoma City; and Western Kentucky at Texas Tech; Thursday—Western Kentucky at Baylor; Houston at California; Rice at North Carolina; Vanderbilt at SMU; Texas Wesleyan at Texas A&M; Saturday—Arkansas at Missouri; Baylor at Oklahoma City; Tennessee at Houston; Rice at Wake Forest; Austin College at SMU; Alabama at Texas; Northwestern Louisiana at Texas A&M; and South Dakota State at Texas Tech.

Defending champion Texas Christian, with four returning starters in the lineup, faces a tough task in trying to repeat against the likes of Texas, Texas Tech, SMU and Arkansas all bolstered by key sophomores and junior-college transfers.

Houston, newest SWC member, doesn't compete for the SWC title until 1975-76. The Cougars play a strong intersectional schedule again this season.

This week's schedule:

# Home Teams Lose

ABILENE — Dallas Adams turned back Abilene Cooper, 42-41, and Fort Worth Southwest sidelined Abilene High, 73-61, in Key City Tournament games here Friday night.

# Ken Rosewall Kayoes Laver

DALLAS (AP) — Ken Rosewall's body may get tired at times, but there is nothing wrong with his cunning in crucial situations.

Rosewall, the 37-year-old "senior citizen" of Lamar Hunt's World Championship of Tennis, used every wile at his command Friday to capture the \$50,000 first prize by defeating fellow Australian Rod Laver in four sets, 6-4, 1-6, 7-6, 7-6.

The first prize was the largest purse ever offered for a tennis match. Laver won \$20,000 as the runner-up.

Rosewall, who had lost eight of his last nine matches to the powerful 33-year-old Laver was especially effective in the two tie-breaker sets.

Serving up a soft diet of feathery lobs, top-spin serves and strategically placed backhands, Rosewall took advantage of errors by the heavily favored in the climax of a 20-tournament tour by the WCT professionals.

"I played a lot of soft shots and got the ball high hoping to throw off Rod's timing," Rosewall said. "The lights were a bit awkward, and the ball seemed to be taking an unusually high bounce off the artificial surface."

Rod missed more shots than normal. I've played as well against him before and lost."

Rosewall won the first tie-breaker 7-3 under the WCT system of giving the set to the player who takes the first seven of 12 points. The fourth set tie-breaker went to the steady Rosewall 7-4.

Laver, who has won more than \$1 million in professional tennis, suffered 10 double faults and four foot faults — uncharacteristic play for the usually steady performer.

"The foot fault calls worried me a little," Laver admitted. "I kept wondering why the guy on the other end of the court wasn't calling them. Ken played a good consistent game. I didn't put enough pressure on him."

# Bobcats Defeated By Killen Five

SAN ANGELO — Killen edged San Angelo Central, 70-69, here Friday night, handing the Bobcats their third consecutive defeat.

Sandy Lawrence again paced San Angelo with 18 points. Gary Boydston stuffed in 18 for the visiting Kangaroos.

# FIGHT RESULTS

FRIDAY NIGHT — Roger Manthey, France, knocked out 11-round Bertini, Italy, 13, witherweights. Manthey, European title.

DENVER — Ron Lyle, 214, Denver, knocked out Jack O'Halloran, 252, Boston, 4.

# Convicts Pool Money To Finance Scrapper

ARRIVES TOO LATE TO ARREST RUNNER — Coahoma's Roland Beal is stopped by an Eastland defender but not before he had dived in for one of the four touchdowns the Bulldogs scored Friday night in a losing effort at Sweetwater. Eastland won the AA playoff contest, 56-30. No. 81 is Jeff Mitchel, Coahoma, who delivered a block on the play.

COLUMBIA, S.C. (AP) — To fellow convicts of South Carolina's Manning Correctional Institution, Bobby Lee Hunter is "The Champ," and they're pooling their dimes and quarters to see that the little fly-weight fighter gets his shot at a gold medal in the 1972 Olympics.

He was the best 112-pound fighter in Carolina's entire prison complex. This entitled him to compete with the prison team in matches held outside the somber walls.

He qualified for the U.S. team to compete in the Pan-American Games at Cali, Colombia. Complications arose. A guard had to be dispatched with him—and there was no money.

dark-haired officer of the Manning Institution, was assigned. He had befriended the youngster in the prison laundry room, where Bobby Lee's job was to fold sheets four hours a day.

## Pressure On Redskins In Philadelphia Go

The Washington Redskins must toe the line—the goal line—Sunday. Washington, which hasn't scored a touchdown in losing two straight, 16-15 to Chicago and 13-0 to Dallas, needs a victory over Philadelphia to move

## Robbins Entry In Texas 500

COLLEGE STATION — Texas World Speedway will open the gates to the public on Sunday, Nov. 28, for an "open house" that will feature several of the drivers and machines that will participate in the Dec. 5th Texas 500.

The "open house" will be from 1:00 p.m. until 6:00 p.m. NASCAR drivers as Tiny Lund, Walter Ballard, Ronnie Chumley, Tony Bettshausen Jr. and H. B. Bailey will be on hand to meet the fans along with world famous Grand Prix ace Jackie Oliver.

There will be decals for the children and door prizes for the adults at no cost. In addition to guided tours of the facility, NASCAR will have a special "hakedown" practice session for the drivers and machines.

This past week President Richard Nixon appointed Apollo Astronaut Pete Conrad as the Grand Marshal for the Texas 500. In addition to serving as the Grand Marshal, Conrad, who also drives race cars when time permits, will steer a Porsche in the Alamo 200 scheduled to get under way at 9:00 p.m. Saturday, December 4th, at TWS.

The three-race weekend, Texas 500, Texas Matex 200 and Alamo 200, will have better than \$10,000 up for grabs. Dec. 4-5 will be the busiest and richest racing weekend in the history of Texas motorsports.

Mary Robbins, one of the nation's most popular Country and Western singers, will be among the entries trying to make the 50-car starting field for the Texas 500. Robbins, one of the music industries busiest and most successful personalities, will drive a Bobby Allison-prepared Dodge in the \$80,000 500 miler.

Entries have already been received from Richard Petty, Buddy Baker, Bobby Isaac, Bobby Allison, Ray Elder, Tiny Lund, Pete Hamilton, Ramo Stott and a long list of other outstanding competitors.

## Power Failure Costs Astros

HOUSTON — Most baseball minds will agree that pitching, speed and defense will win more games than most other combinations in baseball.

The Houston Astros had the likes of all three this past season, but once again it was a power-failure which blacked-out any chance of a National League Western division flag.

Houston slammed only 71 home runs in 1971 although its pitching and defense were second best in the league, final official averages released this week expose.

The Astros' absence of the long ball in certain pivotal situations aided in a 79-83 season and a tie for fourth place in the West.

The speed of Joe Morgan and Roger Metzger with 11 triples each enabled the Astros to finish third in the NL in three-base hits with 52. Pittsburgh was the leader with 61 followed by St. Louis with 54.

Houston's club fielding mark was .983 and was topped only by Cincinnati at .984. The Astros' 106 errors were second only to the Reds' 103.

## Cee City Batters Stamford Quint

COLORADO CITY — Colorado City mauled Stamford, 71-44, in a basketball exhibition here Friday night.

Melvin Jackson led the winners with 26 points. Fred Washington had 14 for Stamford. Colorado City also copped the B game, 85-23.

A RECESS FOR CONSULTATION — Members of the Howard County Junior College basketball team gather around their coach, Harold Wilder, for instructions during a timeout in a recent basketball game here. The Jayhawks, who spent this weekend in Kansas, return to play here Thursday night against Western Texas College of Snyder. Tipoff time is 7:30 p.m. The Hawks won six of their first seven starts this year.

## MUST BE GUARDED

"Of course, they will take care of his accommodations. But we can't let him go without a guard. That means trans-Atlantic plane fares, hotels and meals for weeks. It could run into thousands of dollars.

"We have no such funds, and couldn't use them if we had. The money must come from outside sources. The prisoners pitch in, but their contributions have to be meager."

There are 389 prisoners, black and white, at Manning. The most any of them can make from odd jobs is \$21 a month. Most earn much less.

"We can't let Bobby Lee down," one of the inmates in the laundry room said. "It would break Bobby Lee's heart. It's his whole life."

Bobby Lee Hunter, now 21, hasn't had much of a life. He grew up in the sweltering black ghetto of Charleston, S.C., victim of a broken home. He was reared by his grandfather, while his mother tried to take care of two other offspring.

Bobby Lee was just a wild, restless kid roaming the streets of Charleston in 1967 when he got into a shoving match with an older man in a neighborhood store. A girl was involved.

"The man swung and hit me," Bobby Lee explained. "I got mad and pulled a knife." Before it was over, the man was dead and Bobby Lee was arrested. Defenders argued aggravated assault. On June 1, 1967 the teenager was convicted of manslaughter and sentenced to 18 years.

First he was sent to Columbia's maximum security Central Institution but later transferred to Manning, a newer, more modern place in the city's northern suburbs. But the iron bars were just as strong, the barbed wire fences just as high and guards in the cupolas on the prison walls just as menacing and gun-ready.

When time came to select a recreation, Bobby Lee chose the one art he knew best—battling with his fists. Before long,

RUNNING TIGHT — Jim Harrell, from Tecumseh, Mich., leads a tight pack of Formula F racers into turn No. 12 here at Road Atlanta. Harrell won the event in a close finish with Gordon Smiley (7) and Bruce MacInnes (66) who finished second and third consecutively during the finals in Gainesville, Ga., Friday at the American Road Race of Champions. Also shown is Bob Williams (38) who did not finish the race.

## New Safety Precautions Are Urged By Drivers

LONDON (AP) — The world's top racing drivers will meet in London next week to demand stepped-up fire precautions after allegations that Swiss ace Jo Siffert need not have died.

As it was, no one could get near him for five minutes. Track marshals testified at the inquest that two fire extinguishers failed to work and a third was ineffective.

One of them said that, except for these failures, he was certain Siffert could have been pulled clear within 20 seconds.

The seven-man inquest jury returned a verdict of accidental death and added: "We suggest better supervision of safety and fire precautions."

Louis Stanley, secretary of the Grand Prix Drivers Association, immediately called a meeting of world drivers to be held in London next week.

He said he wants drivers to insist that every track should have six highspeed fire tenders capable of at least 100 mph.

Emergency lights should be installed on every track, he said, to warn following drivers of fire hazards ahead.

Another suggestion he put forward is that each race should be watched from a firefighting helicopter. Tests have shown that a helicopter's blades can fan flames away from a burning car, even into the wind, he said.

## Auto Nameplates Ready For Speedway Matchup

COLLEGE STATION — A 1971 Chevrolet, built and prepared by Junior Johnson of Ronda, N.C., and sponsored by A. J. Foyt Chevrolet of Houston, sets up a four-way battle be-

tween automobile nameplates in the Texas 500 at Texas World Speedway here next Sunday.

In entering the car, Johnson named former Automobile Racing Club of America national champion Benny Parsons as his driver. Parsons, who is racing out of Ellerbe, N.C., has been campaigning a Mercury on the Winston Cup Grand National circuit this year.

Johnson said he is delighted to be associated with Foyt in a racing venture again. Foyt drove the same Chevrolet in the National 500 at Charlotte, N.C., last month and had the fastest qualifying speed to establish a record for the track.

The General Motors nameplate will be going against the best of Plymouth national champion Richard Petty, Pete Hamilton and Fred Lorenzen, along with current ARCA champ Ramo Stott. Dodge will counter with Buddy Baker and defending Texas 500 winner Bobby Isaac. Ford's colors will be carried by high-riding Bobby Allison, winner of six major races this year, national Sportsman titleholder Red Farmer, and world-rated driver Jackie Oliver of England who will be in a Mercury.

The final major automobile race of the 1971 season is expected to produce an all-out charge for honors.

Many of the top Grand National stars will be seeing double or triple duty by competing in the Texas Permatex 200 Late Model Sportsman race Saturday afternoon, Dec. 4, and the Alamo 200 GT sports car road race beginning at 9 p.m. Saturday night.

## Sonora Slams Nocona Club

ABILENE — Milton Noel led heavily favored Sonora to a 34-7 victory over Nocona in a Class A Regional playoff game here Friday night.

Sonora, defending state champion, built up a 27-0 at half time and didn't permit the Indians to get into the end zone until the final period.

Steve Street scored the first two Sonora touchdowns on a three-yard and a 28-yard pass from Mark Rousselet. In the second, Noel raced across from three yards away.

Street got into the act again in the third on a 13-yard pass from Rousselet while Noel picked up the Broncs' final touchdown in the fourth on a one-yard run.

## David Jones Gets 23 For Jackets

AUSTIN — David Jones of Stanton had one of his finest nights in a Howard Payne basketball uniform as the Yellow Jackets mauled St. Edwards, 92-60, here Friday night.

The Governor has the power to commute a death sentence, that's all. The law says a prisoner must serve one third of his sentence before he is eligible to be considered for parole. That means that Bobby Lee, who has served four years, must go two more before his case can come before the State Parole and Pardon Board.

Lee's department has been besieged by personalities and groups seeking to have Bobby Lee set free.

"I must treat all inmates equally—blacksmiths and bakers, regardless of their dexterity," Leeke said. "If people want to help Bobby Lee, they might send contributions to the Alston Wilkes Society. It is still in the red from the Cali trip."

Leeke oversees a sophisticated prison system. Bobby Lee and his mates don't live in an Attica atmosphere.

Bobby Lee rises at 6 a.m. each day to the blare of a whistle, showers, makes his bed, mops the floor and lines up for head count before breakfast. From 7:30 to 11, he does his road work and punches the bags. He eats lunch at noon, works in the laundry between 12:30 and 3:30 p.m., eats supper and then may relax.

The prisoners may read or watch television until 10 p.m., when lights are out. They may see the Late Late Show on TV on Friday and Saturday. Saturday night also is movie night.

## Foreign Nations Unhappy With Senate's Tax Bill

WASHINGTON (AP) — Foreign trading partners of the United States are exceedingly unhappy about a number of provisions in the \$27-billion tax-cut bill passed by the Senate.

The provisions received little attention as the Senate dealt with much more highly publicized sections, such as one to set up a federal presidential campaign-financing plan.

But they were given close scrutiny by foreign embassies in Washington and representatives of foreign auto manufacturers and businessmen.

These interests do not like the bill as it passed the House. But they found the Senate version far more objectionable.

And they have made their views known to the State Department and to members of Congress.

The Senate changed the House measure in three ways which could have a severe impact on imports.

In each case, the revision simply gives additional power to President Nixon to curb imports. But the trading nations take little comfort from this; they note that Nixon already has taken such actions as the 10 per cent import surcharge which they would not have believed possible a few months ago.

Sen. Russell B. Long, D-La., Finance Committee chairman, declares that many American industries still are being damaged by imports. The President should have additional weapons in the bargaining now underway on currency reevaluation, lifting of overseas barriers to

U.S. products, and defense burden-sharing, Long contends.

A new round of negotiations on some of these problems begins in Rome Tuesday.

The three key changes made by the Senate:

—Addition of a new section giving the President authority to impose a 15 per cent import surcharge and to slap on import quotas on a country-by-country and product-by-product basis.

—Revision of the so-called "Buy American" section of the 7 per cent investment credit provision, so that the President would not have to grant the credit on foreign-made products if he lifts the import surcharge. Under the House bill, if the sur-

charge ends, the credit automatically applies to foreign goods.

—Revision of the section repealing the 7 per cent auto excise so that the President could reinstate this levy on foreign cars.

The Senate decided also to keep in the bill a provision strongly opposed in Canada and other foreign countries which is designed to give American companies a tax break on export sales.

Under it, a company can set up a domestic international sales corporation (DISC) and channel into it a substantial part of its export sales income and then receive a tax deferral on it.

## Russ-Designed Electron Accelerators On Market

BURLINGTON, Vt. (AP) — Russian-designed electron accelerators for commercial sale in North America with a percentage of the profits going to the Soviet laboratory.

Accelerators can bombard materials with electrons and change their molecular structure. They can be used to sterilize bandages, cross-link insulation for wire and cable, and change the behavior of plastics.

Jason Weisman, president of Energy Sciences, Inc., said it may be the first time the Soviet government has permitted use of its laboratory produced technology for profit making purposes through license contracts.

The agreement permits Energy Sciences to produce the Rus-

AMPUTEE SHOVELS SNOW — Loss of a leg doesn't keep Joseph Slaby, 82, from shoveling snow in St. Paul, Minn. To do his shoveling, Slaby moves around the sidewalk on an office type chair on casters. Osteomyelitis made the leg amputation necessary in 1942, but Slaby continued to work as an auto mechanic until he retired at age 80. He developed a heart condition in 1969 and does daily exercising, including snow shoveling, for his health.

## World's Richest Nations In On Finance Discussion

ROME (AP) — John B. Connally, U.S. Treasury secretary, is flying in for talks with finance ministers from the rest of the world's richest nations. The discussions could have a striking effect on the world banker and the housewife alike.

The meetings, starting Monday, could lead to a decision on how much an American pays for Volkswagens and scotch whisky, and how much a bag of groceries will cost in francs, marks, yen, dollars and other important currencies.

The Monday meeting, finance and trade technicians of the "Group of 10," the 10 wealthiest non-Communist nations in the world, will lay the groundwork for a meeting of finance ministers and central bankers Tuesday and Wednesday.

Europeans expect Connally to indicate some plan, however sketchy in outline, for devaluation of the dollar. U.S. officials, however, have repeatedly denied any such intentions.

Devaluation would not have great effect upon most Americans. It would simply increase the price of gold above the present \$35 an ounce and alter the value of artificial reserves

called special drawing rights. Resident Americans can't buy either.

Devaluation and subsequent realignment of currencies of the 10 trading nations would have an enormous impact on international trade. Realignment, which many bankers say will come in January, will result in most major currencies being revalued against the dollar. This would make all goods imported into the United States cost more.

For example, a dollar used to buy four German marks. Thus a Volkswagen priced in Germany at 8,000 marks, could be bought for \$2,000.

If the dollar were devalued in relation to gold, or by some other change so that the dollar would buy only 3.40 marks—the likely eventual level—the price of the Volkswagen would become \$2,350.

## 'Borrows' Bus For Trip Home

KANSAS CITY (AP) — Robert Sherman Reams was homesick and wanted to go back to his family in Flint, Mich., but now he is in the Jackson County jail.

Reams, 27, is charged with stealing a school bus to make the journey. His bond was set at \$1,500.

Flat broke, he stole a school bus for the trip.

## Irish Republican Army Rampages Through Land

BELFAST, Northern Ireland (AP) — The Irish Republican Army went on a bomb-and-bullet rampage throughout Northern Ireland Saturday in a major offensive aimed at driving the British out.

Explosions and fires ravaged buildings across the province and by dusk three men had been shot dead.

Reportedly firing from sanctuary across the border in the Irish Republic, gunmen followed up a bomb attack on the Killeen customs post near Newry with submachine-gun fire. They killed customs officer Ian Hankin and James O'Neill, a janitor who was making tea at the time.

A sniper shot Pvt. Paul Nicholls, an 18-year-old British soldier, in the back as he prepared to search the Roman Catholic Falls Road area of Belfast for terrorists. He was dead on arrival at a hospital.

With Saturday morning shoppers crowding streets, 11 bombs ripped through a railway station, shops, offices and

other buildings in a single hour. Blasts averaged more than one an hour in 24 hours.

"It was the greatest number of incidents we have seen so far, concentrated within a short period," an army spokesman said.

But the number of casualties for such a widespread outbreak of bombing violence was relatively light, he added. Three persons were hurt in the explosion at a Belfast train sta-

tion, but no other casualties were reported.

Coming after a two-week lull, the new terrorist outbreak swelled the 28-month death toll to 163.

Apparently designed as the guerrillas' reply to claims that they are near defeat, the offensive was believed the work of a new faction uniting the most militant members of the outlawed IRA.

The group is called Saor Eire—Free Ireland.

The IRA has vowed to wrest predominantly Protestant Ulster from British rule and unite it with overwhelmingly Catholic Ireland to the south.

Backed by helicopters, armored cars and lake patrol boats, more than 1,000 troops sealed off the town of Coalisland, 30 miles west of Belfast, and raided a dozen districts looking for guerrilla arms. A school was among buildings searched.

The patrol boats blocked off a possible escape route between Coalisland and Belfast on Lough (lake) Neagh. The huge lake is believed used as an IRA supply route.

Troops at Ligoniel, north of Belfast, seized a man on the army's "much wanted" list after he and another man were seen in a car speeding from a police station where a bomb had been placed. The other man ran away. The bomb was defused.

# Conference On Aging Slates Open Session

By JOHN STOWELL  
Associated Press Writer  
WASHINGTON (AP) — The White House Conference on Aging, once described by critics as being a political forum for the Nixon administration, has scheduled an open talk session for 3,500 delegates assembling here Sunday.

This appears to be an effort to prevent the conference from becoming a political liability to the White House. Overhauled to head off a threatened boycott, the conference seeks to avoid pitfalls of earlier White House panels by giving delegates an opportunity to speak out on topics outside the formal program at a Monday night open forum.

**WARREN LEADS**  
Retired Chief Justice Earl Warren, 80, will preside at the open-ended meeting which offers delegates a chance to speak for five minutes on any subject related to the field of aging, with the exception of specific legislation.

WAITING — Kimmy Crouch, 3, of Birdsboro, Pa., holds a stuffed animal and the family dog, Pierre, in a Loganton, Pa., school early Thanksgiving morning. She and the rest of her family were among the more than 130 stranded motorists that spent the night at the school when Interstate 80 became impassible.

# Vietnamese General Doesn't Expect To Find Much Enemy

SAIGON (AP) — A South Vietnamese general said Saturday he does not expect to find sizable enemy forces in eastern Cambodia, raising doubts about the nature of a 25,000-man operation there.

Now in its sixth day, the so-called offensive appears to be more of a logistics buildup in the border region northwest of Saigon than a decisive thrust against staging areas of three North Vietnamese divisions deeper in Cambodia.

**PULLED BACK**  
"The enemy is now far away. I don't have enough troops to go far away," said Lt. Gen. Nguyen Xuan Thinh, explaining the almost total lack of major fighting. He is commander of the garrison at Khek, just over the border in Cambodia.

Intelligence sources confirmed that elements of the enemy's 5th and 7th divisions had pulled back from the border nearly a month ago to hidden base camps 20 to 30 miles inside Cambodia. The same rubber plantations and jungles also house the rear headquarters of the 9th Division, but most of its troops are occupied on the northeastern front in Cambodia.

**MOVING BACK**  
Although initial reports indicated some units of the 9th had started moving back, one informant with access to intelligence reports said the movements were insignificant and "the South Vietnamese have not been able to pose any significant threat so far."

South Vietnamese commanders have been touting the Cambodian drive as the biggest cross-border operation since the invasion of Laos last February. But one high-ranking officer said:

**ONLY HALFWAY**  
Forward maneuver battalions have only advanced halfway to the Saigon command's stated objectives, enemy supply depots in the Chup, Dam Be and Snuol rubber plantations. Thinh indicated they might not go much further unless "we get good intelligence information."

**DIGGING IN**  
Even if they do not go very deep in Cambodia, the South Vietnamese appear to be digging in for a protracted stay along the border 60 to 90 miles northwest of Saigon. Their presence alone is expected to discourage large-scale enemy infiltration toward the capital during the current dry season.

Ground action in South Vietnam was largely limited to minor shelling and ground probes against militia outposts. Two rockets hit Quang Ngai City in the northern military region, killing one civilian and wounding another. A 60-round mortar barrage caused no casualties at Fire Base Alpha 1, the easternmost outpost along the demilitarized zone.

The U.S. command announced the phase-out of another 75 helicopters, following a cut of 120 aircraft Friday. Withdrawal of the 158th Aviation Battalion, attached to the 101st Airborne Division, will cut U.S. troop strength by 825 men.

There were 433 cases listed through mid-November, making this the worst year since 1966 for the screwworm eradication program when 9,877 cases were reported, the department said. Only 153 cases were listed during 1970.

Although severe drought conditions during the spring kept screwworm populations low in the spring and summer, ideal conditions for screwworm development were recorded for the usual fall peak of cases.

# Screwworm Outbreak Is Worst In Past Four Years

WASHINGTON (AP) — Screwworm outbreaks in the Southwest have been worse in 1971 than in the past several years, the Agriculture Department reports.

There were 433 cases listed through mid-November, making this the worst year since 1966 for the screwworm eradication program when 9,877 cases were reported, the department said. Only 153 cases were listed during 1970.

WESTERN WEAR SHOP REMODELS STORE ... increased inventory, more display space

# Ward's Boot, Saddle, Western Wear Expands Store Area

Customers at Ward's Boot, Saddle and Western Wear shop, 213 Rannels, will find more room in the store than ever before.

Owners W. H. (Bill) Ward and wife, Margie Ward, have acquired the space formerly occupied by J & K Shoe Store, knocked out the adjoining wall, and spread their Western wares in the new area.

One of the lines that has increased in recent years is Ward's stock of ladies' Western apparel. Besides boots, slacks, suits, blouses, vests, jackets, coats and ponchos, there are belts, ties and scarves, all with Western tailoring or decoration.

Stock in menswear items ranges from jeans to suits, all with Western tailoring and flair. Featured also are the popular, quilted, fiber-filled jackets favored by hunters and outdoorsmen.

In addition to wearing apparel for the Western-minded and needs for the horseman, a selection of decorative items with a western flair are available for the home.

Ward said that the expansion has been planned since August and that actual remodeling work began about three weeks ago and is not entirely completed yet, although it no longer interferes with shopping in the

new area of the store. Opened Sept. 12, 1970, Ward's business began as a custom made boot and shoe shop, and also a boot and shoe repair shop. Since then, the custom line had become a lesser factor in the store's merchandise, and Ward now carries nationally known lines of boots and western wear.

Hats in many styles and colors are available. Materials for the care and storage of hats and boots are also sold.

The stock is now placed in open shelves for easy selection along the paneled walls, and a carpeted area with numerous chairs and bootjacks is provided for the selection and trying on of boots. Menswear and ladies' wear are now displayed on racks with plenty of aisle space between.

"We've got more room now, and we're able to get our merchandise out where it can be seen," said Ward.

# FAA Chief Says SST Will Rise

WASHINGTON (AP) — Federal Aviation Administrator John N. Shaffer says he is confident a U.S. supersonic transport airliner will be available in 1982 even though the program died in Congress earlier this year. He was confident the program will be revived.

Shaffer, home from a round-the-world trip, said Friday that everywhere he went he was asked why the United States gave up its SST development program.

LONDON (AP) — Six men of the Life Guards, the ceremonial cavalry unit which guards Queen Elizabeth II, are under arrest for going on strike. Their demand: one man, one horse.

Guardsmen said 26 men in London's Hyde Park Barracks have to look after 90 horses. A row flared on Thursday when the men were accused of skipping the daily grooming and ordered to do it a second time.

A ROOMFUL OF ROSES — and lots of other pretty things — surround Mr. and Mrs. E. J. Davis, 601 Abrams. The talented couple will be among those persons 60 years of age or over who will be displaying and selling their creations Saturday in Highland Center Mall. The

Davises have worked for many weeks to produce an abundance of handmade items which include feather and fur flowers, decorative pillows, stuffed animals, glassware and all types of jewelry.

## Talent Fair!

By JO BRIGHT

Maturity offers many advantages — one of which is the opportunity to enter the upcoming Howard County Talent Fair. There are only two requirements: (1) that the entrant be at least 60 years of age, and (2) have a talent in the field of arts and crafts.

The Howard County Council on Aging is sponsoring the fair which will be held from 10 a.m. to 4 p.m. Saturday in the Highland Center Mall. John J. Clancy Jr. is chairman of the council, and Miss Bessie Love is serving as chairman for the fair. She is being assisted by Mrs. Fred Hyer and Mrs. W. R. Cashion, along with members of the Permian Basin Medical Auxiliary.

Registration for the fair is being handled by the Howard County Home Demonstration Office, and those wishing to enter are urged to call 267-9469.

There is no charge for entering the exhibit, but participants will be expected to handle the sale of their articles. Any homemade, saleable items will be accepted. Display tables will be provided, as well as a change booth.

Types of items which might be displayed and sold are baked goods, knitting, embroidery, aprons, handbags, crochet, handmade flowers, wood carving, home canned goods, jewelry or any type of sewing.

HAVING REACHED THE AGE OF 89, Mrs. Bessie Watson, 1605 Thorpe Road, has some leisure time to use her skills in making pretty, decorative items for herself,

friends or anyone who would like to buy them. She holds a bouquet of colored styrofoam flowers, and on the table are waste baskets and a dainty pillow.

CAN'T YOU JUST TASTE the sweetest of homemade jams and jellies made by Mrs. Sallie McClammy, 109 E. 18th? Ready and waiting to top a piece of toast or hot biscuit are strawberry, bosenberry, crabapple and peach. Mrs. McClammy will also be selling fruitcake, carrot cake, date loaf, peanut brittle and cookies.

PHOTOS BY DANNY VALDES

# Wedding Performed In Baptist Church

Miss Billie Jean Crook and Travis O. Tolbert were united in marriage at 8 p.m., Friday at Mount Bethel Baptist Church.

The ceremony was performed by the Rev. Robert L. Parramore, minister of Second Baptist Church in El Paso, formerly of Big Spring. The couple stood before an altar decorated with a sunburst arrangement of chrysanthemums, gladioli and pompons, flanked with candelabra holding white wedding tapers. Ferns completed the altar setting.

Miss Patsy Lewis, pianist, and Miss Claudette Green, vocalist, provided wedding music.

Grandparents of the bride are Mr. and Mrs. Charlie Johnson, 601 N. Lancaster, and Tolbert is the son of Mr. and Mrs. James Tolbert of Los Angeles, Calif.

The bride was attired in a formal-length gown fashioned with a full chiffon skirt and an Empire bodice of Venise lace. Matching lace formed ruffles on the skirt. Long fitted lace sleeves formed a point at the wrist, and the Watteau chapel-length train was highlighted with lace ruffles. Venise lace also formed the band which held her waist-length veil, and she carried a cascade arrangement of white French carnations, accented with English ivy and satin streamers.

MRS. TRAVIS O. TOLBERT

**ATTENDANTS**

Miss Ezell Johnson, maid of honor, wore a bright pink velvet floor-length skirt with a white velvet top and carried a bouquet of white chrysanthemums.

Bridesmaids were Miss Wynette Crook of Sulphur Springs, the bride's sister; Miss Carolyn Tolbert of Cleveland, Ohio, the bridegroom's sister; Miss Jacqueline Morgan of Dallas, Miss Cecelia Coffey and Miss Cheyenne Miles. Belnicia Brown was junior bridesmaid.

The attendants wore floor-length, pink velvet gowns highlighted with satin ribbon. Pink velvet bows held matching short veils, and they carried bouquets of white chrysanthemums with pink ribbons.

Glenn Lester Person Jr. served as best man. Groomsman were James R. Person, Charles Brown, Sammy Johnson, Lawrence Byrd, William Woods and Garland Green Jr. The ushers were W. J. Graham and T. S. Hastig.

Miss Chandra Denise Wrightsall was flower girl, and John Walter Green Jr. of Dallas was ring bearer.

The church fellowship hall was the scene of a reception.

A white satin cloth, overlaid with white chiffon, covered the bride's table which was centered with a tiered cake topped with miniature satin wedding bells. The bridegroom's table was covered with a white linen cloth edged with lace. Serving were Miss Janet Ivory, Miss Sue Herrington, Miss Yolanda Cervantes and Miss Ethel Wakefield.

The couple is residing at 1507 Lancaster. They plan a delayed wedding trip to California in December. Mrs. Tolbert is a sophomore at Howard County Junior College, where she is a member of campus clubs and president of the Lasso Club. She is employed at the Social Security Administration office.

Tolbert graduated from J.S. Wright High School in Los Angeles, Calif., and is presently in the U.S. Air Force, stationed at Webb AFB. Later he plans to continue his education in California, working toward a degree in psychology.

Out-of-town guests were Mrs. Gussie Snyder, Kansas City, Mo.; Mrs. Maggie Jackson, Billy James Crook and Mrs. Nancy Berry, all of Sulphur Springs; Mr. and Mrs. L. D. Porter, Mr. and Mrs. Leroy Jackson, Miss Linda Beaver, Miss Pauline Porter, Mrs. L. D. Porter Sr., Mr. and Mrs. Joe Mackey, Mrs. Katie Taylor, Mr. and Mrs. Will Richardson, Miss Linda Barber, Mrs. Juanita Massengill and Mr. and Mrs. Ned Evans, all of Midland; Mr. and Mrs. Tony Enriquez, Stanton; and William Saunders, Selma, Ala.

## Public May Hear Talk On Arthritis

Area residents are invited to attend a program on arthritis sponsored by the health and safety committee of the Mitchell County Home Demonstration Council. The program is scheduled for 7:30 p.m., Dec. 9 in the Medallion Room of Lone Wolf Electric Co-op, Colorado City.

The program will be a panel composed of Dr. William A. Riley, Dr. Pete Rhymes and Jim Thompson, all of Big Spring. Mrs. Charles M. Linehan, executive director of the West Texas Chapter of the Arthritis Foundation, will be on hand as moderator of the meeting.

Dr. Riley is a rheumatologist with Malone and Hogan Clinic where he has served since 1967. He is chairman of the medical committee for the West Texas Chapter of the Arthritis Foundation. He will discuss the diagnosis and treatments for arthritis, as well as the various kinds of the disease.

Dr. Rhymes is an orthopedic surgeon, also with Malone and Hogan Clinic. He will talk about the kinds of surgery used to restore mobility and reduce pain for the disabled arthritic. Surgery in the early stages of the disease will also be mentioned.

Thompson, who is a registered physical therapist, at Dora Roberts Rehabilitation Center, will demonstrate some of the joint range of motion exercises and talk about the role of physical therapy in the treatment of arthritis and prevention of crippling.

A display will feature self-help devices and certain treatment items that can be used at home. Lyle Bartlett will be available to talk with people about these.

A question and answer period will give a chance to obtain more information.

**Women's Styles Turning Feminine**

Corporate apparel has become corporate fashion, says the Wool Bureau. No more man-tailored suits to hide pretty young women.

Fine, fun, mixable versatile colorful fashion is what's on deck, according to a bureau booklet featuring silhouettes from the drawing board of Chuck Howard.

There are blazers and pant and skirt suits with turtle-necks; sleeveless front-zip tunics over full-long sleeved blouses and kicky skirts. Fabrics for the corporate uniforms include wool double knit, crepe, faille, and double woven gabardine.

**TO MARRY** — The engagement and approaching marriage of Miss Cynthia Ann Melton to Larry Dale Patterson is being announced by her mother, Mrs. Etta Melton, 2110 Warren. The bride-elect is the daughter of Troy Melton of Big Spring. Parents of the prospective bridegroom are Mr. and Mrs. N. L. Patterson, 4217 Calvin. The couple plans to be married Jan. 22, 1972, in the Baptist Temple.

## Microwave Oven Aids Housewives

A new microwave oven has gift appeal for everyone, young or old, and particularly for working wives or career girls who find in it the answer to quick meals when they come home from work.

With the microwave oven, cooking time is cut on virtually all foods. Imagine doing a roast beef in a half hour or a baked apple in three to five minutes!

You'll never again have to worry about forgetting to take the meat out of the freezer, the arrival of unexpected guests, varied meal times. For the late-comer, the evening meal can be reheated right on the serving plate in 4 minutes. Many foods can be cooked on paper plates, plastic or paper towels so there are no utensils to wash.

It's a quick, easy operation — just push "on" button, set the timer and push "cook" button. In minutes an entire meal is ready. The unit requires no special installation — just plug it into any standard 115 volt grounded outlet. It will fit beautifully in the countertop, under counters, as a built-in or on a roll-around cart available as an accessory.

## Drug Dependent

Public Health Service drug authorities caution that persons who have trouble with insomnia may become overwhelmed with sedatives and come to depend on them.

# Hints From Heloise

**Dear Heloise:**

Each year we decorate our Christmas tree with gold and blue ball ornaments.

After using them for so many years, they became dull and drab looking.

For a refreshing new look, I covered them with white spray-on snow.

To do this, I pinned four or more balls to a clothes hanger with clothespins and sprayed them.

When they dried, I hung them on the tree with red velvet bows. (Other fabrics for bows can be just as effective.)

My mother loved this idea. And I was pleased with the project because it was a nice and inexpensive change...

Jenny Pope

**super-duper Christmas gift?**

That is, if you could bring yourself to part with it...

**Dear Heloise:**

I was getting ready to make a meringue for a pie, and while I was separating the eggs, some of the yellow dropped into the whites.

I wet a small piece of paper towel — put it down into the white, touching the yellow, and it actually drew it all out. I was so pleased! There my whites were completely free from all yellow.

I just had to send you this goody...

Mrs. Edward Buesher

**Dear Heloise:**

I keep all the baby announcements that I receive and put them on either pink or blue ribbons and hang them from a big picture of a baby.

I then use this as wall decoration for my baby's room.

... A Reader

This column is written for you the housewife and homemaker. If you have a hint or a problem, write to Heloise in care of the Big Spring Herald. Because of the tremendous volume of mail, Heloise is unable to answer all individual letters. She will, however, answer your questions in her column whenever possible.

## LETTER OF LAUGHTER

**Dear Heloise:**

My granddaughter lived on the third floor of a three-family house and had pigeon trouble.

The pigeons were constantly perched on the window sills and nothing would scare them away.

Finally my husband suggested the "owl scare."

He took our grandson's owl bank and taped it to the window sill. In two days — no more pigeons.

In fact, the landlord placed owls up and down on all sides of the house and it really worked...

Mrs. Kathleen Vickers.

**Dear Heloise:**

I read an item in your column some time ago where a reader made a candle holder out of a wall lamp, and it prompted this letter to you.

My husband and I love to work with old furniture. We are forever browsing in used furniture stores or digging in some old dusty attic.

One of the things we love to work with are old floor lamps.

Do you remember the kind that came on a large ornate metal stand with one large bulb in the middle and three little bulbs on the sides?

Hobby removes all the electrical wires and goodfads and then I remove the forty some odd years of tarnish and dirt. You can't imagine how beautiful some of them are.

That's where we place a large candle in the middle part (which originally held the large bulb) and small candles around it.

You can also twine plastic vines or flowers in and out, or leave the floor lamp exactly as is.

They make beautiful candelabras when they are cut down and replaced on the stand for table use, or even used as the original floor stand...

Susan Gordon

Wouldn't that make a really

**\$42,000 FOR UNPLANNED CHILD** — Mrs. Maxine Pearson and her husband, Albert, of La Habra, Calif., leave Los Angeles Superior Court after a jury awarded her \$42,000 in expenses to raise her unexpected son until he is 21. The judgment was levied against a pharmacy which gave her sleeping pills instead of birth control pills. Subsequently she gave birth to a son, David, now 6, who she said "is not unwanted but he is unplanned."

**Stylish Slipover Crocheted Trim**

This pretty sweater is easily knitted. The trim is crocheted. Pattern No. 390 contains directions in small, medium and large sizes. Send 30 cents plus 10 cents for postage and handling to "Martha Madison" (care of the Big Spring Herald), Morris Plains, N.J. 07950.

**Dock Howells To Mark Wedding Anniversary**

The Community Center at Mrs. Dock Howell of O'Donnell on the occasion of their Golden Wedding Anniversary. The couple would like to "invite all our friends to come by, say 'hello' and have cake and coffee."

**Milliners Trying To Revive Veil**

Milliners are trying to bring back the woman of mystery by showing veiled styles in their fall collections.

The idea of women looking as though they're in purdah may seem incongruous in this age of women's liberation and emphasis on honest, open faces. But you can't blame the hat people for trying just about anything to hypo a business that has frankly been on the skids. The number of New York milliners has decreased from 600 to about 350 within the last few years. They had to close up shop because the number of women buying hats has steadily been declining.

The event is being hosted by the Howell's eight children, Henry Wade Howell, O'Donnell; Mrs. M. R. Owens, Ballinger; Mrs. A. L. Smith, Vealmoor; Mrs. Tommy Flood, Don Howell, Alvis Howell and Martin Howell, all of Odessa; and Mrs. Bob Crutcher, Hobbs, N. M.

The couple has 19 grandchildren and three great-grandchildren. Mr. and Mrs. Howell were married in Tupelo, Okla., Dec. 7, 1921 and moved to O'Donnell in 1923.

MR. AND MRS. DOCK HOWELL

**Comfort Combines With Practicality**

Not only are the smock tops and dresses comfortable, they

also have convenient patch-pockets at your disposal. For a change of pace, pull in the fullness of the smock styles with wide belt or sash. The smocks should really prove to be a boon for the pregnant women. For the first time since the tent dress, a mother-to-be can keep up with the height of fashion and keep her protruding tummy a secret.

**Before You Buy....**

An Information Service For Consumers  
BY MARGARET DANA

If you have a blind or physically handicapped friend or relative, what did you plan to give him or her for a Christmas present? Many people spend a good deal of time trying to find a gift that will really provide both pleasure and stimulation — both of which any handicapped person needs continually. There is one kind of gift for the blind or handicapped that need cost you nothing, except some thought and a little time and effort. I am referring to the "talking books."

Monuments for the Handicapped Tourists." Books in Braille include "A Guide to Budgeting for the Young Couple," "How to Make the Most of Your Money" by Sidney Margolius, and "Storing Perishable Foods in the Home." They say other regional libraries will also have these and others. To find out what is the regional library for your area, what is available, etc., and how to obtain for someone the special phonograph or cassette recorder provided on loan, free, by the Library of Congress, you should write to: Division of the Blind and Physically Handicapped, Library of Congress, 1291 Taylor Street, N. W., Washington, D.C. 20542. But to get things moving in time for

your handicapped friends to have this great service start by Christmas, get things moving at once.

Another very new service, which, while not free, does provide a wonderful source of pleasure for the blind or handicapped who are also music lovers, is the "Open-Reel-By-Mail" tape program sponsored as a service by the makers of AMPEX tapes.

(Margaret Dana welcomes opinions and questions on buying and will use them in her columns as rapidly as research and space permit. Personal answers are impossible due to large volume of mail from readers. Address: Margaret Dana, care of the Big Spring Herald).

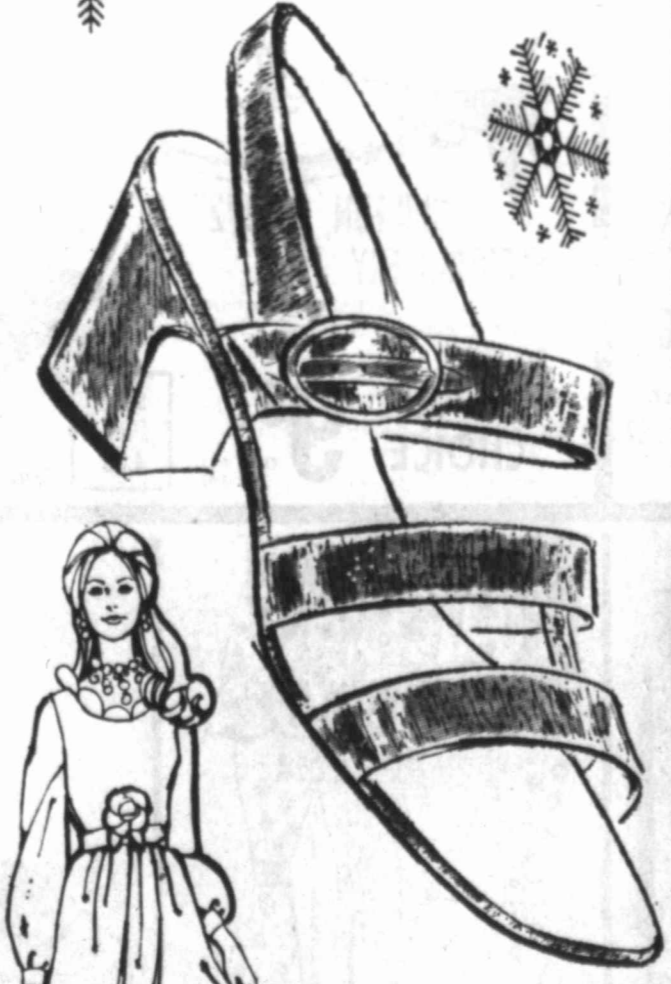

Today there are library services for the blind and handicapped in all 50 states — regional libraries handling the actual distribution. Many books may be in Braille, but of even wider use are the talking books and talking magazines. Handicapped people can choose from among a great variety of publications. If borrowed through a regional library they are free, as are the special phonographs or cassette recorders supplied by the Library of Congress. Among the magazines available are the Reader's Digest, Newsweek, American Heritage, Changing Times, Harper's Magazine, The Atlantic Monthly, Ellery Queen's Mystery magazine, and many others.

These are chiefly prepared for the Library of Congress by the American Printing House for the Blind (P. O. Box 6085, Louisville, Ky. 40206), but this nonprofit publisher also can provide a list of books and magazines for sale direct to the blind and handicapped. You will find listed many best-sellers and many long-time favorites. For those who have had the advantage of learning Braille, the Cloverbrook Home and School for the Blind in Cincinnati, Ohio 45931 (7900 Hamilton Avenue) has a large listing of books and magazines in Braille, which has been serving people in this and other countries for a long time.

The regional libraries, which act as the distribution centers for the Library of Congress talking books and magazines, as well as Braille books and the machines for the records and tapes, are doing a tremendous job. Some libraries have machines for duplicating tapes and cassettes that become popular, and they are increasingly able to provide the cassette recorder machines which many experts believe the blind and handicapped will find simpler and easier to handle than records and record players.

One such regional library, The Free Library of Philadelphia's Library for the Blind and Handicapped, listed for me some books and publications which have a special consumer interest. For example, they have, "Employment Assistance for the Handicapped," "The Consumer's Union Report on Smoking," and "A Guide to National Parks and

MRS. JAY WISCHKAEMPER

## Say Vows In Lubbock Rites

STANTON (SC) — Miss of Campus Advance. He Dianna June Mims and Jay graduated from Lubbock Wischkaemper were married Wednesday afternoon in the Broadway Church of Christ Chapel in Lubbock.

Durwood Sanders performed the ceremony, and wedding music was provided by the church choir.

The bride is the daughter of Mr. and Mrs. Billy Mims, Route 1, Stanton, and Wischkaemper is the son of Mr. and Mrs. A. F. Wischkaemper, Route 1, Slaton.

The bride wore a street-length gown of white silk faille, fashioned Empire-style with chiffon sleeves. A band of heavy lace accented the neckline and cuffs. A cluster of organza roses, accented with beads, held her illusion veil, and she carried a nosegay of white carnations interspersed with Kalanchoe blossoms and fern.

Following a trip to Ruidoso, N. M., the couple will reside at 4201-A Canton, Lubbock. Both are students at Texas Tech University, where she is a member of Alpha Lambda Delta, Phi Upsilon Omicron, and on the dean's list. She is employed as a student assistant in the home economics department.

Wischkaemper is also on the dean's list, and is a member

## 4-H Group Congress Convenes

More than 1,600 delegates were expected at the annual National 4-H Congress which began today at the Conrad Hilton Hotel in Chicago, Ill., marking the 50th anniversary of the congress.

Total attendance was expected to reach 2,400 at the five-day event which is arranged in cooperation with the Extension Service, to provide cultural, spiritual and educational motivation to participants, and to recognize accomplishments of young people.

The congress will end Friday. Delegates, leaders and Extension Service personnel will be feted throughout the week at special events sponsored by their respective programs.

## Ask Doctor About Cancer Symptoms

Despite scientific progress, the death rate from breast cancer remains alarmingly high. Early detection and treatment can reduce these deaths. The American Cancer Society advises an immediate visit with the doctor, if you have any unusual breast symptoms.

## Importance Of Nutrition Stressed

The merits of convenience foods were discussed by Mrs. John Couch and Mrs. J. M. Wilson for members of Luther Home Demonstration Club Monday in the home of Mrs. W. E. Hanson.

The women agreed that a variety of convenience foods should be kept in supply in order to save a trip to the grocery store when an unexpected meal is necessary. Variations in quantity were illustrated, and the women said consumers should check the weight and ingredients of brand names to find the best value. They stressed that the most important thing to assure with convenience foods is that they are nutritious.

Plans were finalized for a club Christmas party at 11 a.m., Dec. 9 at Furr's Cafeteria. Mrs. Virgil Little was a guest, and the attendance prize was won by Mrs. Wilson.

## Veils Added To All 'Mod' Hats

Whether the veil can make a successful comeback today when the stress is on fashion that is free and easy to wear remains to be seen. However, the chapeau makers reason that if veils created an alluring aura around Moslem women for eons, why couldn't they do the same thing for contemporary women?

Mr. John advocates veiled silhouettes for morning, noon and night. He adds a small, close-fitting veil to a tweed newsboy cap and voluminous veiling to a large off-the-face hat inspired by the film, "Nicholas and Alexandra."

The Don Marshall collection includes veils on wide-brimmed cowboy hats and head-hugging turbans. Adolfo's veiled felt fedoras topped off the Bill Bliss collection beautifully.

## Cancer Testing Speeded Up

WASHINGTON — A new diagnostic tool that may help curb the number of deaths from uterine cancer is being developed at the University of Wisconsin Medical Center by Dr. Judith Ladinsky. The new test gives results in approximately 200 seconds.

MISS SUSAN CAPE

### Next 'Miss Tech'?

Miss Susan Cape of Big Spring is among 17 Texas Tech University coeds who have been named semi-finalists in the Miss Texas Tech Pageant.

Miss Cape, a sophomore French major, is the daughter of Mr. and Mrs. James E. Cape, 2518 E. 24th. She is a member of Little Sigma Theta and made the dean's list during the last semester. She lists her interests as campus activities and sports. Among her hobbies are tennis and reading, and she hopes to become a teacher of French upon graduation.

Selection of the semi-finalists was based on interviews, swim suit competition, street clothes competition and overall impression.

The field of contenders will be narrowed to five for the pageant, then Miss Tech will be selected from the five finalists.

### Four Are Guests At HD Dinner

Guests of the Center Point Home Demonstration Club Thursday were Miss Sherry Mullin, Howard County HD agent; Mrs. J. W. Jones, Mrs. Florence Rhonon and Miss Nancy Martinez.

The club met for a Thanksgiving dinner at Furr's Cafeteria where Mrs. Travis Melton gave the devotion. The attendance prize was won by Mrs. Vernon Kent.

Members were reminded of the Senior Talent Fair slated from 10 a.m. to 4 p.m. Dec. 4 in the Highland Center Mall.

The club will assist with a Christmas party Dec. 14 on Ward 10-A at Big Spring State Hospital. The women will provide sandwiches and cake. On Dec. 2, they will help wrap gifts at the hospital.

The home demonstration club council will sponsor a county-wide party at 2 p.m., Dec. 6 in the fellowship hall, First United Methodist Church. Gifts will be exchanged. The Center Point club holiday dinner will be Dec. 14 at noon at Furr's Cafeteria.

### Religious Gift Is Timely Thought

With Christmas a season of deep religious meaning, and with many people, especially among our youth, returning to the precepts of Jesus, there is no more important gift at this time of year than fine religious jewelry or a handsome Bible.

Your jeweler is an excellent source for the finest tokens of faith and warmth, and is ready with many timely suggestions.

### Couple United In Marriage

WESTBROOK (SC) — Wedding vows were exchanged by Miss Naomi Ruth Mangum of Waco and Sgt. John Russell Hines of Copperas Cove at 7 p.m., Saturday in the Columbus Avenue Baptist Church, Waco.

The Rev. Robert F. Evans officiated at an altar decorated with arrangements of white gladioli, palms and white tapers. Wedding music was provided by Miss Laura Pitman, organist, and David Mayr, soloist.

Parents of the couple are Mr. and Mrs. Robert Ross Mangum Sr., of Waco, and Mrs. John Pele Hines and the late Mr. Hines of Westbrook.

The bride wore an Empire gown in silk organza over peau de soie, appliqued with lace. Reembroidered lace with seed pearls accented the bodice, tapered sleeves, skirt and train. A Dior bow bordered with applique lace roses held her long veil of illusion.

Mrs. Robert Ross Mangum Jr., sister-in-law of the bride, was matron of honor. Bridesmaids were Mrs. Emmitt Currie of Gonzales and Miss Laura Lavender.

The attendants wore royal blue, peu de soie gowns and each carried a single yellow rose.

Robert Ross Mangum Jr., brother of the bride, was best man, and groomsmen were Emmitt Currie of Gonzales and Sam Arno Mangum, the bride's brother.

Serving as ushers were John Allen Mangu, the bride's brother, and Steven Hines and Clyde Hines, brothers of the bridegroom. Candle lighters were Clyde Hines and John Mangum.

The bride's parents hosted a

reception for the couple in the church parlor. Members of the house party were Mrs. Robert Morgan, Sara Lyn Morgan, Cyndi Walsworth, Janet Enoch, Beth Childress and Lynda Burk.

The bride graduated from Waco High School and attended McLennan Community College and Mary Hardin-Baylor College. Hines is a graduate of Westbrook High School and attended Texas Tech University and the University of Texas at El Paso. He presently serves with the Army at Ft. Hood. The couple will reside in Waco.

Out-of-town guests were Mr. and Mrs. L. M. Halley Sr., Mr. and Mrs. R. L. Scruggs and Mr. and Mrs. S. L. Walters, all of Fort Worth; Mr. and Mrs. G. A. Walters, Houston; Mr. and Mrs. A. B. Cooksey, Ots Cooksey and Mr. and Mrs. A. L. Mangum, all of Gonzales; Alvin Mudd, Victoria; Mrs. Elsie Cooksey, Nixon; Russell Bird and Mrs. Charles Blavett, Westbrook; Mr. and Mrs. H. R. Bird Jr., Grand Prairie; and Mrs. Joy Thomson and Mr. and Mrs. Bill Bird, all of Abilene.

### Smocks Return To Style Scene

Hip-length smocks in prints, plaids, abstracts, checks and paisleys are super companions for flared-bottom blue jeans.

The smock dress is big right now, too. The dresses usually have long-bloused sleeves and the fullness starts from a shirred fitted shoulder yoke and falls to tither the knees or all the way to the floor. Depending on the formality of the fabric, you can wear them either day or night.

The popularity of the suite goes hand in hand with growing demand for the queen-size bed, which easily fits into such a bedroom. It also will fit much smaller-size bedrooms as well, because of its dimensions: 60 inches wide and 80 inches long.

ENGAGED — Mr. and Mrs. Lloyd E. Thomas, 609 Caylor, announce the engagement of their daughter, Anita Elaine, to Herbert T. Wagner III, son of Dr. and Mrs. Herbert T. Wagner Jr., of Crofton, Md. Miss Thomas and her fiancé both reside in Dallas, where she is employed by Braniff International Airlines, and he is associated with an insurance firm. They plan a February wedding in Big Spring.

### Firehouse 'Working' Assures Psychologist

Bill Keuster, a psychologist at Big Spring State Hospital, spoke to Elbow Parent-Teacher Association about Firehouse No. 6 Monday afternoon at the school.

Keuster said he felt the success of the firehouse project is seen in the fact that several young people who came to the firehouse when it first opened and were using drugs, are now off drugs but still come to talk.

Mrs. Edman McMurray presided, and presented a gift of appreciation to Sgt. and Mrs. Sammy Williams on behalf of the PTA. The Williams', who are moving to Germany, have been active in PTA, 4-H and

Scouting activities. Mrs. Bill Mims reported that proceeds from the recent carnival will be used to present two live stage shows for the school in January and February.

The school Christmas program will be at 7:30 p.m., Dec. 20, in conjunction with the regular PTA meeting. Mrs. W. R. Creagar will direct the music. The attendance prize was won by H. D. Smith.

### Drug Caution

Medical authorities caution that barbiturates, especially the short-acting ones, may lead to heavy drug abuse.

## FOCUS ON FAMILY LIVING

# Want To Look Chic? Learn To Sew Knits

By SHERRY MULLIN (Society HD Agent)

Knits are the spice of your apparel life. They have a variety of characteristics — very stretchy to fairly rigid, light to heavy, soft or crisp, dull or very shiny, open or porous to very compact or solid and very plain to very patterned. Sew them into garments from attractive sportswear to special evening dress.

They also have a variety of characteristics that influence how you handle them in home sewing. Study these characteristics and follow these sewing techniques for better results. The type of knit influences the pattern you select.

Select firm knits for tailored straight lines.

Select soft knits for draped lines.

Patterns especially designed for knits may have less ease than those designed for woven fabrics.

Some knit fabric edges curl. Use pattern in which seam edges are not on the straight of the grain of the fabric. Use zig-zag fine overcast stitch 1/4 inch from seamline. Do not open seam. Trim.

Some knit fabrics in more tailored garment designs need shape retaining support. Use tricot knit for interfacing and backing where light support is needed. Use woven interfacing where light support is needed. Always use support fabrics which will meet care requirements of outer fabrics. The support fabrics are usually used in faced edges, collars, under buttonholes, pockets, waistbands and some hemmed areas.

Knit fabrics can stretch in handling. Keep fabric on cutting surface; do not let hang over edge. Cut out pattern pieces carefully. Let pieces relax 24 hours before assembling.

Knit fabrics can snag easily. Cut out and handle on smooth surface. Use fine, sharp needles and pins, sharp scissors. Use special small ball point sewing machine needles. Use special roller presser foot. Use throat plate with small round needle hole and narrow straight stitch on zig-zag machine.

Some knits are tough. Use fine needles. Change needles often.

Some knits are easily oil-stained. Use chalky rather than waxy chalk. Keep sewing machine free from oil.

Some knits are extensible ("give") in varying degrees. Use thread with more "give." Core spun thread may be desirable. Loosen upper and lower thread tension. Use 12-15 stitches per inch. Shorter stitches are used on knits with less "give." Support fabric

while being stitched. Some machines have special stretch stitch setting to give elasticity to seam.

Some seams in knit garments need stabilizing. Use straight or bias tape to prevent stretching at shoulder, waistline, armseye and crotch seams. Use straight woven tape cut by pattern pieces on loosely knitted fabric. Stitch 1/4 inch from cut edge to prevent seam allowance from curling.

Hems need special con-

siderations. Allow garment to hang 24 hours before hemming. Use French or Tailor's hem finish to minimize bulk. Use a loose catch-stitch. Use stretch lace on very stretchy knits or those that fray slightly. Use double-stitch on heavy knits. Baste hem in place at fold and along center line of hem. Fold back along the basting line and catch stitch loosely to garment. Turn up to top edge of hem and catch stitch to the garment with loose stitch.

### Christmas Rose Holiday Symbol

Entertaining is always in season at Christmas time, and florists suggest a centerpiece arrangement of holly or pine combined with roses for the hostess on your gift list.

In the days of the druids, holly was believed to ward against evil spirits in the home. A Swedish legend of the Christmas rose tells of trees and flowers bursting into bloom on Christmas Eve to create a Magic Garden.

When a doubting monk said the garden was Satan's work, the blossoms faded. Only the Christmas rose remained as the symbol of the season.

# Roy D. Browns Will Be Honored Today

Mr. and Mrs. Roy Delmar Brown, 111 E. 15th, are celebrating their 50th wedding anniversary today and will be honored with a reception from 2 to 5 p.m. in the fellowship room of the Fourteenth and Main Church of Christ.

Hosting the affair will be their two children, Mrs. Al (Frances) Weese of Abilene and Wiley Brown, Midland. All friends are invited to attend.

Mrs. Brown is the former Vada Wiley, born and reared in Bogata, Tex., in Red River County. Her parents, the late Mr. and Mrs. J. T. Wiley,

moved to Ralls in Crosby County in late 1920.

Brown was born in Avoca, the son of the late Mr. and Mrs. C. C. Brown. The family lived in Lockney when he was a boy, later moving to Ralls where they engaged in farming.

Mr. and Mrs. Roy Brown were married Nov. 29, 1921, in Abilene. They farmed near Ralls for two years, then moved to Abernathy and farmed her parents' land for about four years. In 1927, the couple moved to Lubbock where he worked in a grocery store as salesman and meat cutter for 15 years. During World War II, they moved to Los Angeles, Calif., where he worked in a Navy machine shop for three years. After the war ended, they moved to Big Spring where he was employed in 1945 as a butcher in the Homer Tompkins grocery store. Since that time, he has worked as a butcher for several stores. Although semi-retired since 1965, he works two days a week for Giant Food Stores.

The honorees, who have seven grandchildren, are members of the Fourteenth and Main Church of Christ where he has served as an elder for 15 years.

For the reception, Mrs. Brown will wear a royal blue dress. She will be presented a corsage, and her husband will receive a boutonniere.

Since his partial retirement, the Browns have done a great deal of traveling and enjoy spending time with their children and grandchildren.

Members of the house party will be Mrs. Florence Rhoton, Mrs. Barbara McWhorter, Mr. and Mrs. Vernon Lewis, Mr. and Mrs. Perry Cotham, Mr. and Mrs. Dan Conley, Mr. and Mrs. Volie Sorrells, Mr. and Mrs. Harry J. McKinney, Mr. and Mrs. Frank Mullican, Mr. and Mrs. Eddie Pierson, Mr. and Mrs. Bill Eggleston, Mr. and Mrs. Cecil Peurifoy, Mr. and Mrs. Vernon Baird, Mr. and Mrs. Carl Coleman, Mr. and Mrs. Edwin Bednar and Mr. and Mrs. Avery Falkner.

The refreshment table will be covered with a champagne-colored cloth, and appointments will be of crystal and gold. The table will feature a decorated wedding cake and a floral centerpiece.

MR. AND MRS. ROY DELMAR BROWN

## Quotable Quotes

By The Associated Press  
Some quotable quotes from women during the week:

"You are only vulnerable in that there are too few of you, 26 against 630 men at present. You can't write mistakes down to experience quite as men can." — Margaret Hilda Thatcher, British secretary of state for education and science, speaking of woman's place in the House of Commons.

"I have always been in love with two men at the same time. The man and my father, or the man and my son. I take care of my man and my son the same way; the only difference comes down to the sleeping hours." — Actress Luciana Paluzzi, in an interview.

"If acting is what you want, what you need, what you are, there's a tendency for it to be all-embracing, so you find it hard to have a life of great harmony." — Actress Genevieve Bujold, in an interview.

"I've never liked to paint. I don't care about politics. I don't live in reality, really." — Paloma Picasso, daughter of artist Pablo Picasso, who is a jewelry designer.

"The insane hunger for bad

shows and bad toys is the problem. It's because we are not giving our children the real values they need for growing up." — Eda Leshan, moderator of "How Do Your Children Grow?" on public television, speaking of children's TV programming.

"We are now on the threshold of seeing sexual problems handled the same as a headache or a stomach problem. We're finally getting out of the old hangups." — Dr. Sallie S. Schumacher, director of the Long Island Jewish Medical Center's human sexuality therapy and research program.

## Honored At Surprise Anniversary Party

Mr. and Mrs. Clarence L. Daves, 1101 E. 15th, were honored at a surprise party in observance of their silver wedding anniversary Wednesday evening in the Pioneer Gas Flame Room.

Hosting the affair were Mr. and Mrs. Bill Bryant, the couple's son and daughter-in-law; Steve Daves, a son; Brenda Daves, a daughter, and Mrs. Monty McGuire, Daves' sister.

The honorees were married here Nov. 23, 1946 in the home of her parents, Mr. and Mrs. H. H. Wright. Daves is owner of Daves Welding Service, 504

N. Benton. Mrs. Daves was formerly employed as a beautician.

Mrs. Daves was presented a corsage of white carnations and Daves was given a matching boutonniere. Refreshments were served by Miss Beverly McGuire and Miss Susie McGuire from a table covered with a blue cloth overlaid with ecru lace. A cake decorated with blue roses and white bells centered the table. About 50 guests attended.

Mr. and Mrs. Daves are members of Grace Baptist Church. He is a former member and commander of the local American Legion post.

## Power Tool Kit Makes Good Gift

Want to give Dad a Christmas present that is handy in a pinch, gives pleasure during leisure hours, fun for the whole family, and is a real money saver too?

The solution may be power tool kits complete with accessories and carrying case — a drill kit with attachments to buff, sand, as well as bore bits; a jig saw kit with a rip fence and blades that cut all materials; or a sander kit with a dust catching attachment and an assortment of paper. These kits are available for under \$20.

In addition to the pure economies of power tools, they can be just a pleasure to own. They offer Dad a means to use leisure time to build something with his hands, just for the fun of it. In fact, power tools offer an opportunity for family fun in the home with a group project.

MEMBERSHIP PLUMMETING IN ESTABLISHED SCHOOLS

# 'If You Need A Sorority.... You're In Trouble'

By MADELYN VOICIS  
Kansas City Star Writer  
KANSAS CITY, Mo. (AP) — There was a time when it didn't matter on campus who you were but "What" you were.

Membership in certain sororities and fraternities held as much prestige as being a student at an Ivy League school. Sororities were so over-emphasized that women, not men, were dropping out of college before they even began.

But things are changing. Five years ago, 680 young women registered for fall rush at the University of Missouri-Columbia. This fall, only 363 coeds participated.

Last year 90 young women went through rush week at the University of Missouri-Kansas City. In comparison, only 16 were interested enough to register this fall.

At Northwestern University in Evanston, Ill., houses unable to fill their quotas opened their doors to students on the campus who needed housing.

What's happened to the Greek system?

"I deliberately chose a city school so I wouldn't have to go through it," said a young woman recently graduated from Boston University. "If you need a sorority in Boston you have problems."

"It never entered my mind not to go through rush," said a senior at Northwestern. "But I felt pressured while going through and decided I didn't need the ego preening or a ready-made circle of friends."

"I was nauseated after the

first cut session," said a sorority girl who pledged at Southwest Missouri State College in Springfield, but did not affiliate when she transferred to U.M.C.

"I like it," said one coed, who was the first black to integrate a white sorority and the first Christian to integrate a Jewish sorority in 1960 at Syracuse University in New York.

"You can talk to 15 people on campus who will be pro-fraternities and the next 15 will be con," said Caroline Peine, assistant dean of students at Kansas State University.

"Nationally, sororities are growing and to isolate one year could be misleading."

"Twenty years ago at Northwestern 80 to 90 per cent of the women enrolled were sorority girls," said Mrs. Kay Miller, assistant dean of students. Last year sorority members represented 40 per cent.

However, Panhellenic Association leaders are quick to note the benefits of sorority life.

"I don't like having to defend being in a sorority," said a senior at Northwestern who pledged as an upperclassman after spending two years as an independent. "I prefer this way of life."

"There is no sorority girl type," said Anita Black, a junior at the University of New Mexico, writing in the Albuquerque Forum. "Members are not pushed into joining activities. Instead, they are simply made more aware of what's going on. It's like having another pair of eyes and ears for every member in one's house. Information is always being shared."

"At a time when college campuses are getting larger and students are becoming numbers, sorority life restores the feeling that someone really does care about what's happening to you."

At Northwestern University in Evanston, Ill., houses unable to fill their quotas opened their doors to students on the campus who needed housing.

What's happened to the Greek system?

"I deliberately chose a city school so I wouldn't have to go through it," said a young woman recently graduated from Boston University. "If you need a sorority in Boston you have problems."

"It never entered my mind not to go through rush," said a senior at Northwestern. "But I felt pressured while going through and decided I didn't need the ego preening or a ready-made circle of friends."

"I was nauseated after the

first cut session," said a sorority girl who pledged at Southwest Missouri State College in Springfield, but did not affiliate when she transferred to U.M.C.

"I like it," said one coed, who was the first black to integrate a white sorority and the first Christian to integrate a Jewish sorority in 1960 at Syracuse University in New York.

"You can talk to 15 people on campus who will be pro-fraternities and the next 15 will be con," said Caroline Peine, assistant dean of students at Kansas State University.

"Nationally, sororities are growing and to isolate one year could be misleading."

"Twenty years ago at Northwestern 80 to 90 per cent of the women enrolled were sorority girls," said Mrs. Kay Miller, assistant dean of students. Last year sorority members represented 40 per cent.

However, Panhellenic Association leaders are quick to note the benefits of sorority life.

"I don't like having to defend being in a sorority," said a senior at Northwestern who pledged as an upperclassman after spending two years as an independent. "I prefer this way of life."

**'ROUND TOWN**

BY LUCILLE PICKLE

That short holiday we were able to observe Thanksgiving Day may be the quietest day for sometime to come if activities accelerate as Christmas nears.

Even before the turkey was bought for the November celebration, the music for the Christmas season was beginning. What with the merchants getting their merchandise ready and prospective customers getting going with the shopping, we are likely to have a lively month ahead of us.

MR. and MRS. GLEN BARNES and their children of Carrollton were here for the holidays with his parents, MR. and MRS. W. J. BARNES.

MRS. BROWN ROGERS spent Thanksgiving as a patient in Cowper Hospital where she has been since sustaining a broken leg three weeks ago on Nov. 7. The first week she was in the hospital her husband was also a patient and their son, MAJ. BROWN ROGER of Los Alamos, N.M., spent a busy time going from one room across the hall to another to see about his parents.

MR. and Mrs. J. M. (Mike) GILBERT and their children, Angle and Tony, plan to return Monday to their home in Dallas after spending the holidays with their parents, MR. and MRS. L. D. GILBERT and MR. and

**A LOVELIER YOU Preventive Measures For Holiday Feasting**

By MARY SUE MILLER

For weight-watchers the next weeks are a sensitive time. A woman can easily gain 10 pounds with all the holiday feasting. Luckily there is a way to avoid the happenstance.

First-off, compensate for party fare one day with abstemious menus the next. Every day take all the exercise possible. Physical activity disposes of calories at increased rates. It also helps to keep the figure in firm, balanced proportion.

For a home-grown routine that holds the line at waist, abdomen, hips and thighs, perform as follows:

Starting position. Lie on back with right leg raised perpendicular to floor and arms stretched straight out behind head. Keeping knee straight, raise left leg 1 inch off floor — just enough to clear — and try to hold raise throughout.

Action. By pushing with arms, swing torso up so that you clasp right ankle with both hands. It is possible you cannot make it. In that case, clasp thigh and, working hand over hand, reach ankle.

Now release ankle and very slowly roll back, inch by inch, to starting position; relax legs. Then work with left leg. Alternating repeat 10 to 20 times.

Until you adjust to the effort you may wish to divide the count between night and morning workouts. That's fine, the results are the same. Just great!

**LAZY EXERCISES**

Here's an effortless way to trim off heavy spots. All you do is lie down or sit down, and flex your muscles. If that's for you, send for "Lazy Girl's Exercises." Based on the isometric principle of exercise, routines trim head-to-toe figure. Write Mary Sue Miller in care of the Big Spring Herald, enclosing a long, stamped, self-addressed envelope and 15 cents in coin.

# Howard County Girls Leave For National 4-H Congress

(Photo by Danny Valdes)

PHYLLIS WYNN

Thirty-six of Texas' top 4-H P. A. Wynn of Coahoma, who is representing Howard County, will be among the 1,699 4-H'ers from all 50 states, Puerto Rico and Canada awarded to eight delegates, including Debra Ann Buchanan, daughter of Mr. and Mrs. Jack Buchanan of the Gay Hill community.

"Four-H Bridges the Gap" is the theme of this year's event which honors the elite 4-H boys and girls from the club's national membership of more than four million. The theme emphasizes the many gaps youth faces in today's complex society as related to personal and societal concerns as they look to the future.

The 4-H'ers attending the Golden Anniversary of 4-H Congress have earned the trip through outstanding accomplishments in various award programs on both a state and national level.

Texas delegates convened in Dallas, Friday for final orientation before boarding an airline flight to Chicago Saturday. The group will return to Dallas Dec. 3.

Winners announced by the state 4-H Club office, who will serve as delegates to the Congress, includes Phyllis Wynn, daughter of Mr. and Mrs.

stratation teams and, in 1971, received the Danforth Leadership Training Award for Texas. She attended a training session at Stoney Lake, Mich. In 1970, she took the Citizenship Tour to Washington, D.C.

In high school, Miss Wynn has been a member of the National Honor Society, FHA, science club, band and a basketball star. She is active in the Coahoma Church of Christ and has assisted with community fund drives and Head Start.

Miss Buchanan, who placed first in the Santa Fe Achievement Awards state judging, is 18 years old and a freshman at Texas Tech University where she is majoring in home economics. She won a \$500 scholarship and the trip. A 4-H member for nine years, she has completed eight projects, including food and nutrition, clothing, recreation and leadership. She has won blue awards in the county dress revue for five years in a row and was named as Gold Star Girl in 1969. Twice she claimed blue awards in the district food show, and in 1963, she exhibited the champion lamb at the State Fair of Texas.

Recently, she was one of 45 "outstanding rural youth of Texas" to be honored at a State Fair banquet.

Miss Buchanan plans to become a dietitian. At the university, she is on the Advisory Dorm Council and a member of the American Home Economics Association and the Rodeo Club.

The National 4-H Congress, jointly conducted by the Cooperative Extension Service and the National 4-H Service Committee, with the support of 4-H donors, offers 4-H delegates numerous opportunities for participation in events.

Due for discussion will be social, economic and political issues of special interest to young people, and delegates will have the opportunity to develop a broader appreciation for the interdependence of business, industry, science, agriculture, education and government.

Nearly 60 donors offer awards to 4-H members, and the 1971 awards include 270 education and college scholarships valued at nearly \$185,000; 400 expense-paid trips to the congress, more than 125 medals of honor per county and 750 U.S. Savings Bonds, watches, plaques and other awards.

## Use Your Space—Go Up, Out And Under

By JOY STILLEY  
AP Newsfeatures Writer

NEW YORK (AP) — If you live in one room you may be bound by its four walls, but you needn't be bound by any decorating rules, insists Ann Pardue Sonet, who with Ellen Peterson Morris has written "The Seventeen Guide to Decorating for One-Room Living."

Careful planning, double-duty furnishings and an imaginative approach will turn the space into an environment that suits both your activities and your personality, says Mrs. Sonet,

who is home furnishings editor of Seventeen Magazine.

"Whether it's a bedroom, dorm room, apartment shared with a roommate or first home as a newlywed, the secret is to put a tremendous amount of thought into what you want the room to do for you," she explains. "If you're sharing a room in the family home with a sister your needs will be different than in a studio apartment, where you will be eating, as well as sleeping, entertaining, pursuing hobbies and perhaps studying.

"Use your space — go up,

out and under," she advises. "Up with shelving that goes all the way to the ceiling. You don't need a dresser six feet wide. Get several that are tall and skinny. Put brightly painted pegboard on the walls and hang everything, including chairs, on it with hooks. If you've got a bed don't waste the space under it. There are all kinds of storage boxes that fit beneath it."

But she doesn't think you must necessarily have a bed as such. She suggests other sleeping arrangements that range from sofa beds to a bed and carpeting the entire area."

made from a flush door that hangs on chains from the ceiling. Or consider placing a mattress and box springs right in the middle of the floor and for daytime cover it with shag or fake fur rugs.

"Chairs can be anything. If you dig sitting on the floor all you need is just big cushions. Maybe furniture isn't for you," she adds. "Maybe you would like to put your money and effort in another direction and build a sleeping pit by raising the level of the floor around the outside with wood platforms and carpeting the entire area."

Versatility is the name of the game when it comes to utilizing space, Mrs. Sonet notes. "Make store all kinds of things and make bedside tables or coffee tables as well. A table can be used for a desk as well as for eating. Cubes of cardboard, metal or plastic provide storage space, can be switched around and make good room dividers.

"You can create a sense of privacy without physically dividing the room," she points out. "Put up a 'wall' of hanging plants. Use decorative window shades from floor to ceiling. Or cover shirt cardboards with

pretty wrapping paper, join them together with notebook rings and hang them from the ceiling on cup hooks."

She also suggests curtaining off a section of the room as a tent to make either a bed or study area. And for odd storage space she recommends hammock-type netting or a series of wire vegetable baskets suspended from the ceiling. Or more baskets attached to a wall with L-shaped brackets.

"If you just blow all the things you've heard about decorating to the wind and start out on your own, you come up with wonderful ideas," she says

# Cotton Harvest Unusually Slow

The cotton harvest continues at a slow pace in the Abilene territory according to the U. S. D. A., Consumer and Marketing Service.

B. B. Manly Jr., officer-in-charge of the Abilene classing office, reported that 32 per cent of the samples classed were in the white category with strict low middling the predominant grade at 24 per cent. Thirty-seven per cent of the samples classed were light spotted and 11 per cent were spotted.

## Compact Models Sales Still Off

DEARBORN, Mich. (AP) — Ford Motor Co. has announced that 3,200 hourly rated employees will be laid off all of next week at its assembly plant here.

Officials Friday blamed dwindling sales of the company's sporty compact cars, the Ford Mustang and Mercury Cougar.

The company's new-car sales have been running at record rates since the start of the 1972 model years, but the sporty compacts have continued to decline in popularity.

The season's total for the week ending Nov. 26, 1971, is 5,500 samples classed compared to 198,625 for a season's total a year ago.

Most cotton in the area is selling for 26.00 to 28.00 cents.

In the Pecos territory, upland cotton showed 50 per cent strict low middling. Only 12 per cent was in light spotted grades. Of the samples, 58 per cent had staple 34, and 19 per cent staple 35. Micronaire showed 80 per cent in the top range with all fibers averaging 79,000 psi. Receipts for the week totaled 5,665 bales, making 27,925 for the season.

personnel, assisting to put the play before the audience are Karen Rountree and T. A. Class.

Admission will be \$1.25 for adults and 75 cents for students. HCJC students will be admitted free with their activity cards. cast who double as offstage

## Drama Group To Present 'Spoon River Anthology'

The Howard County Junior College Hawk Players are hard at work once again — this time on an adaptation of "Edgar Lee Master's Spoon River Anthology," which will be their major production for the fall semester.

The production will be staged Dec. 9-11, at 8 p.m. daily in the college auditorium, according to Dan Shockey, instructor.

The play consists of vignettes in the form of the personal epitaphs of the people who lived and died in Spoon River, Ill. The Hawk Players will make use of varied theatre techniques, including special lighting effects, choral speech, oral interpretation, reader's theatre and folk music, to stage their interpretation of Master's book.

The cast includes Dana Bradford, Donna Kay Thurman, Joy Stevens, Phyllis Hagen, Sabra Fuller, Marcy Faught, Sara Pohl, Debbie Tate, Belinda Gonzales, Cecilia Coffey, Mike Colclazer, Darrell Horn, Chris Gilbert, Billy Ballard, Bob Barnes, Chuck Boland, Steve Kemp and Mike Pope.

Behind the scenes, Joy Stevens will be assisting Dan Shockey in the direction duties. In addition to members of the

## Barn Remodeling Set On Agenda

Renovation of the county show barns at the Rodeo Bowl and the purchase of stationary supplies are among the items on the agenda for Monday's meeting of county commissioners court.

Commissioners are scheduled to open bids on the cost of removing corral fencing from the county show barns so that renovation work within the structures can be begun.

Bids for supplying the county's stationary need are to be established.

A discussion on a right-of-way easement for the county across the T. C. Tapp and H. E. Tubb property is scheduled.

Marvin Hanson, acting road and bridge administrator will meet with the commissioners at 9 a.m.

**MORE EQUIPMENT** — The Boy's Club of Big Spring is slowly increasing its equipment. Here, one of the members of the boy's club tries out the new trampoline donated by the Permian Basin Lodge of B'nai B'rith. The club has 300 members.

## Police Warn About Possible Hoaxers

The possibility of a costly prank or hoax might be present in Big Spring this next week, according to Vance L. Chisum, police chief.

Fake pest controllers, from the San Antonio area, may be coming through town next week, preying on old people and widows, the chief warned.

"They approach people telling them their house foundation is infested with termites, and have even been known to tell people there is a bad gas leak under the house which could at any time explode unless fixed," said Chisum.

Then they usually charge the victims for large amounts of money for the faulty or non-existent repair job.

"Sometimes these men have been known to return to the victim, saying they have overcharged them. They then produce a check already filled out but of the signature, that is of a higher amount than the

original check," the chief pointed out.

"The police department is warning all area residents to contact police if approached by the men, so they may be checked out," Chisum said. He also said the fake pest controllers usually pay their calls in the late evening or at night.

## Coupon Special Set Next Week

A special Christmas gift coupon promotion sponsored by The Herald will begin Friday.

Area stores will have coupons in The Herald for drawings in each participating store Dec. 20. The coupons must be turned in at each store, but the winner does not have to be present for the drawing.

The winners will be announced Dec. 22 in The Herald. Prizes will be worth a minimum of \$10.

## Crash Kills 8 Persons

DEL RIO, Tex. (AP) — A grinding two-car head-on collision seven miles east of here on U.S. 90 killed eight persons, four of them from one family. Two were children.

The dead were identified as Joe Key York III, 18, of Brackettville, the lone occupant of his car; Jose Medina Villanueva, 31, of San Antonio; his wife, Victoria, 21; and their two sons, one-year-old Eddie and two-year-old Frank.

Others in their station wagon were Lupe Cardenas, 17, and her brother, Juan Cardenas, 18; and Sylvia Villanueva, 20, a sister of Jose Villanueva. The Villanuevas and Cardenas were cousins. All were from San Antonio.

A highway patrolman witnessed the crash but was far enough back in his car to avoid the accident.

Investigators said the eight were killed instantly. All but Victoria Villanueva were pinned in the vehicles, which did not leave the roadway after the impact.

TRAVEL AND TICKET SERVICE OPENS IN BANK  
... Lynn Gray serves as travel director

(Photo by Danny Voldes)

## First National Bank Opens Travel And Ticket Service

Monday marks the opening of a new service to aid Big Springers in their recreational and travel activities.

The First National Bank's Travel and Ticket Service in conjunction with the Preston Travel Agency, Dallas, will open in the downtown bank.

Travel arrangements to any place in the world and recreational tickets for everything from a Cowboy game to a Broadway play will be available locally through the service.

Big Spring and area residents will be able to make reservations and travel arrangements with Lynn Gray, travel director. She is presently the new accounts secretary at the bank.

Only a call away, customers will be able to receive prompt

service through the outlet. All transportation tickets will be mailed from Preston Agency directly to the customer and entertainment tickets will be mailed back to the bank. This will enable us to explain seating arrangements, etc.," said the

### Ulcer Attack

UNITED NATIONS, N. Y. (AP) — Secretary-General U Thant will be released today from a hospital here where he has been under treatment for a duodenal ulcer, a spokesman reports. Thant, who plans to retire Dec. 31 after 10 years as secretary-general, entered Leroy Hospital Nov. 2.

new director. All air travel arrangements, both for vacation and business purposes will be handled through the office. Also entertainment ticket service will cover professional and college football games, theater and other entertainment events.

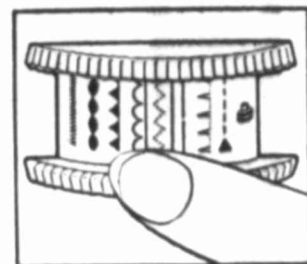

"There is a definite need here for the ticket service, and with the bank dealing with Preston Ticket Agency, local people will be receiving the services of one of the most successful agencies in the stage," said Jimmy Taylor, president of First National.

This is the first area in West Texas receiving such a service, and there are other banks in the East Texas area connected with the same program.

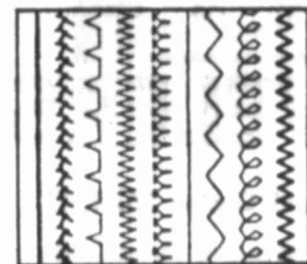

# Make it a present with a future.

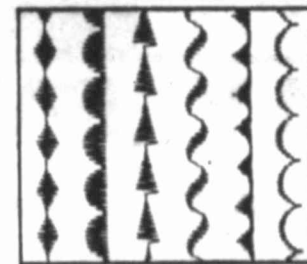

Get this saving on the Golden Touch & Sew\* machine in a handsome Bakersfield desk. Give the machine that gives her One Touch Sewing and the Singer exclusive Push-Button Bobbin. She'll sew a future-full of clothes for all the family... to say nothing of beautiful things for all through the house! And the Bakersfield will be an enduring contemporary accent to your home... and a useful one as well! Let your family grow with Singer. Start this Christmas.

One touch switches stitches from straight to zig-zag to decorative.

Choose from nine stretch stitches—more than any other machine.

Easy decorative stitches to make the things she sews even prettier.

One touch starts a smooth, even button-hole... any size!

FREE GIFT WRAP TO MAKE THAT PART OF CHRISTMAS SEW-EASY, TOO!  
FREE INSTRUCTIONS ON USE OF THE MACHINE.

The Singer 1 to 25\* Credit Plan helps you have this value now—within your budget.

## Populating The Desert Was Railroad Job

UNION PACIFIC COUNTRY. By Robert G. Athearn. Rand, McNally. \$15.

A lot of people think that when the locomotives touched noses at Promontory Summit (not Point) in 1869, the transcontinental railroad was finished. But it wasn't.

There wasn't enough through traffic to keep the line alive and there wasn't any local traffic at all. Union Pacific Country is the story of how the branch lines were built and immigrants were brought in to generate the local traffic needed. Athearn, a professor of history at the University of Colorado, is a specialist in the period and place. The depth of his research, financed but not directed by the Union Pacific railroad, is shown by the 15 pages of bibliography and the 57 pages of detailed references and notes.

The author pays handsome tribute to his graduate students who were "enslaved and put to work" mining the 400-plus volumes of company papers made available to him.

This is not, however, a book for the locomotive watcher or ordinary railroad operating buff. There are no details in it on engine development or the difficulty of finding usable water in the "Great American Desert" alkaline water coats the inside of boilers and makes them blow up.

Athearn did not set out to write a technical history of the western railroads, or even a purely economic one. What he has done is to show how the Union Pacific convinced immigrants that the "Great American Desert" was not a desert.

After that it had to build the feeder lines to bring in the freight from the immigrant farmers north and south of the main line. Its success is shown by the fact that these lines ultimately totaled four times as much mileage as the main route. Laurance F. Stuntz, Associated Press.

### 'CAME TO SHOW PAINTINGS, AND JUST STAYED'

## Transplanted Yankee Visits Here

By STEVE HULTMAN

"I came out here to show some of my paintings, and I just stayed," said Robert (Bob) A. Gartland, a transplanted Yankee painter now living in Quana.

Gartland was in Big Spring Tuesday on his way home from Pecos, where he has been teaching since September.

"When I went to Pecos, I scattered my paintings throughout West Texas and New Mexico, and now I have to pick them all up and get ready for

a one-man show in Tulsa, Okla.," he said.

Gartland has shown his western drawings and paintings in numerous one-man shows in the United States, Mexico and Spain. His work is found in 70 private collections, and he is a member of the American Watercolor Society, the Yonkers Art Association and the Lawton-Fort Sill Art Society.

Gartland was born in Mt. Vernon, N.Y., and studied animal husbandry in school.

"I worked for three years on the Shadow Isle Farm at Red

Bank, N.J., working with pure bred Aberdeen Angus. I had wanted to be a veterinarian, but my school record was not good enough," he said.

"I had been doing some painting all along, and I was more interested in it than in animal husbandry. While I was working I met George Ford Morris, an old man who was an outstanding horse portraitist.

Gartland found a job in the American Museum of Natural History as the staff artist, and worked there for 10 years.

"I was interested in animals and the west as a kid," said Gartland. "So when I had vacations, I came out to Texas and Oklahoma and other parts of the West.

Gartland was able to set up three exhibitions of his work in Oklahoma and Texas, and when he got here, he decided to stay.

"I had a show scheduled for the White Museum in San Antonio, but at the last minute he cancelled it. The museum in Oklahoma I was showing at helped set up a show in

Quana, and when I got there, I checked into an old hotel and have been there three years, but I will probably move on. I keep finding interesting places to go. I am 44 years old and I still don't have any desire to own property. Some day I will settle down, but not today," he said.

Gartland discussed a show in Big Spring, and said "The best time for me would be in about one year." He left copies of his work at the museum and in local stores.

### HOME-BUILDING REVOLUTION UPCOMING?

## Construction Firm Based On Substitute Concrete

By BRIAN PEAY

With building material prices so high, and labor rates skyrocketing, is it feasible to expect in the near future that a house can be built out of substitute concrete material for the same prices for which regular houses were built eight years ago?

L. J. Stockton and Hartman Hooser think so, and already the men have formed a business, Cellular Home and Products, Inc., in face of a new building material that could possibly revolutionize construction.

The material is called cellular concrete, of which there are a very few types in existence. Stockton has received a patent on his formula for the material.

"I came upon the idea five years ago on the advice of a professional architect. I have researched the material, developed and promoted it since then," said Stockton.

Presently there are three or four types of cellular concrete, of which the most common is used for building floors. The type Stockton has developed will be used for building walls, however, and is much lighter than any other forms.

The product is basically the same that is used for 90 per cent of the house building in Sweden, according to Stockton.

"The use of this substitute concrete is a very economical method of house building," he said. "I can build a house for the same price normal houses ran seven-eight years ago."

One reason for the low cost of the building with this material is that no lumber is used in the structure, other than in the roof.

"It is a foamed material with the strength of concrete, but still very light, and has no aggregate in it at all," Stockton said.

"Use of the material is the coming thing in building, because of the economic factor, and because of the reduced time in construction and erection," he said, as he gave his reason for developing the material.

Also the economic factor of the substitute makes feasible the production of other items from it.

Stockton pointed out that the

insulation factor of the material is three times as great as three to four inches of regular insulation. Except for the windows, a house made of the material will be virtually noiseless, he said.

The product has been approved by the Federal Housing Administration and Housing and Urban Development.

Stockton and Hooser have already drawn the charter for their organization. Mrs. Ruby McClatchey, Stockton's cousin of Houston, is also a partner.

Hooser will provide the land for the first housing development to be built out of the material in the near future, and will act as legal advisor for the firm.

"Also in the near future I plan to establish a plant locally for building other products out of the material," Stockton said. Things like all types of lawn furniture; A-frame lake cabins, that will require only two days for construction; burial vaults; and a number of other items can be constructed with the cellular concrete, he said.

Originally Stockton worked for a construction company out of Chicago, and has been involved in the building business all his life. He is presently working as a switchman for T&P Railroad.

On the other hand, Hooser is a local lawyer and is involved to a great extent in working with the Boy Scouts.

Three laborers have already been employed by the company, and Stockton said that once they begin house construction full time, electrician and plumber services will be available also. "I will be able to build an entire house, anywhere, and with any architectural design desired," he said.

Unlike regular construction material, the cellular material is pumped into forms, dried, and then the forms are stripped away from the walls. When in place, the substitute concrete will look like laid bricks, but will be solid, with the average wall being eight inches thick.

The floor of the house will be a regular concrete slab, and the roof will be of regular building material.

On Friday Stockton will pour a test wall at Hooser's home to test and examine the

equipment, which the incorporation already has. Also he will begin construction on a house on the development land near Sand Springs. The contractor said

that at the present he does not know how long it will take to construct an entire house, but anticipates the process will cut regular construction time in half.

"This will be a house that people can afford to build, yet they will have a nice home that will stand up to anything a conventional structure will take," Stockton said.

## Good Cotton, Good Prices, Good Year,

By STEVE HULTMAN

Good prices and a good crop add up to a good year for Howard County and area farmers, according to area reports.

"It looks like a real good crop," said Jimmy Taylor, president of the First National Bank. "Prices are also good, averaging between 26 and 28 cents per pound.

"A lot of the cotton has been contracted, so even with poor quality cotton, the farmer should do well.

"A lot depends on what kind of insect damage the crops have had, and what kind of yield there is. If the top crop matures and makes open cotton," he said "the yield should be pretty good.

"Lots of folks are expecting at least a tale per acre," said Taylor.

The crop looks good, according to Robert Currie, president of the State National Bank.

"It has been a very favorable fall, particularly for late cotton," said Currie. "We still don't know what kind of quality or what kind of yield the cotton will have, but it looks like the county will do better than 50,000 bales.

"The farmers are pretty well satisfied," said Currie,

"especially with the price of cotton this year."

"The yields this year range from a little bit to 1½ bales per acre," said Bruce Griffith, Howard County agent.

"The price is good, even for low quality cotton. This will be a real good thing for the farmers," he said.

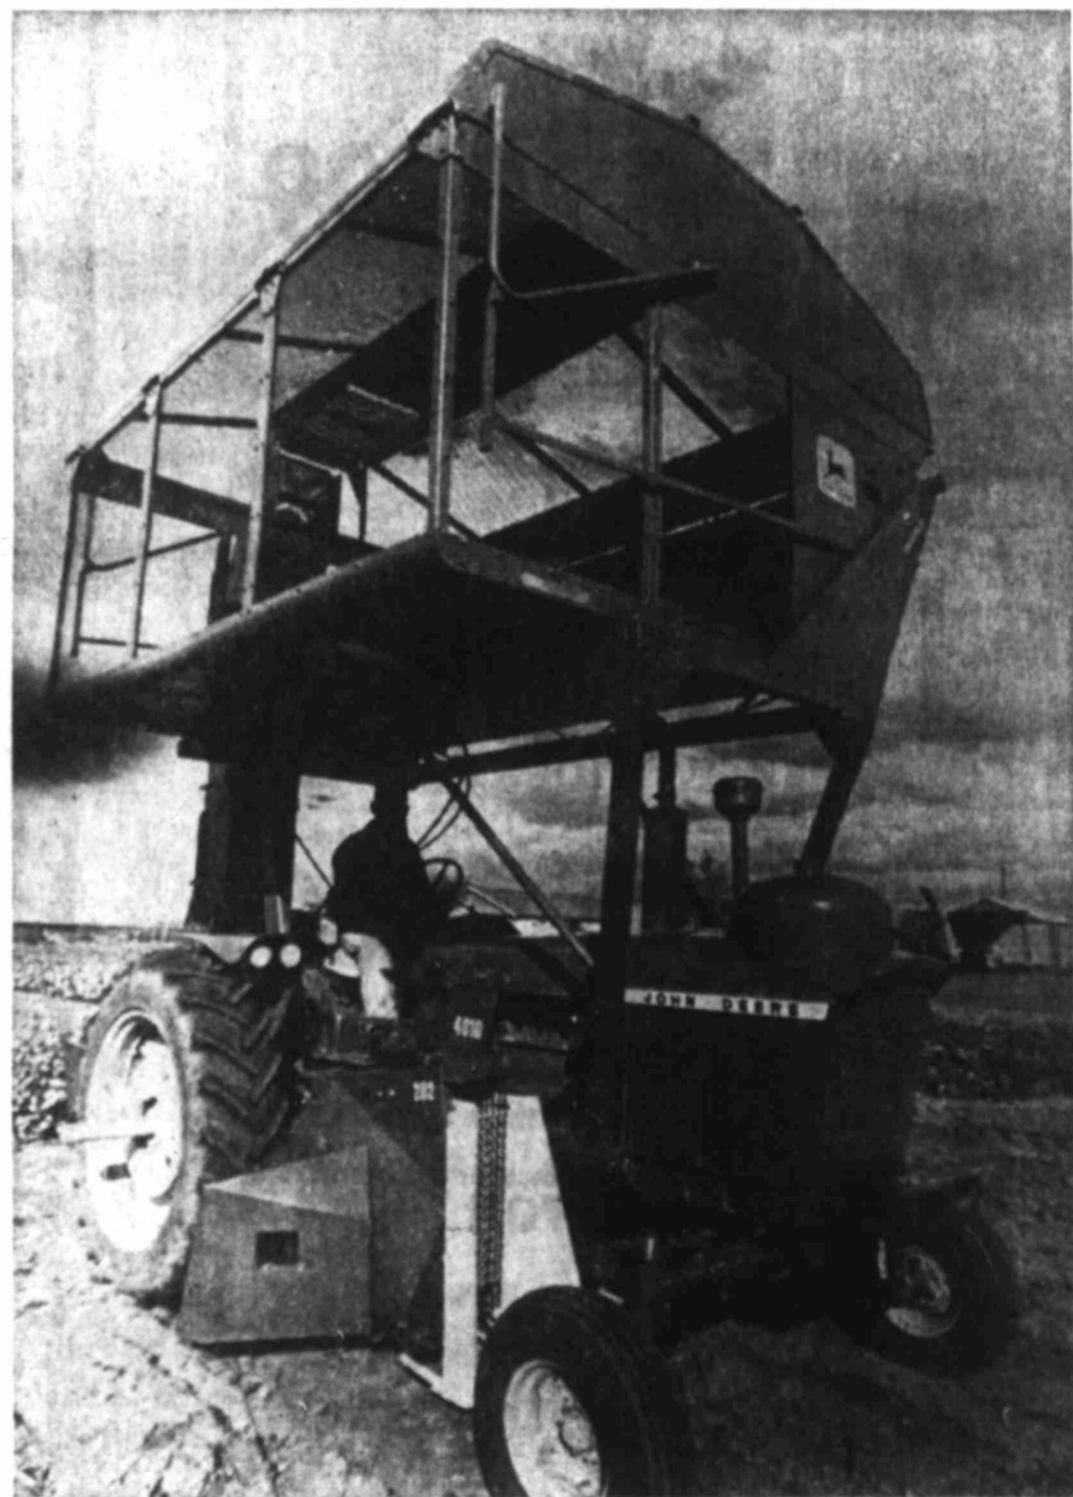

"Most of the farmers will do pretty well, and everybody should make something," said Griffith.

"The stripping should be in full swing by about the middle of next month," he said. "The freeze Tuesday night helped a lot, but many farmers could still use a hard freeze."

Some cotton has been ginned, but not much. The Co-Op Gins of Big Spring reported 164 bales ginned, with the quality running pretty good, but with the cotton pretty trashy. It has been coming in for about three weeks.

The Lomax Gin reported 490 bales, but said the cotton was still too green to gin out well. "Some of it is fair, and some is pretty rough," said a gin spokesman. "The weather is still too damp, and we don't expect the cotton to be ready for 2-3 weeks. It still is not killed in some places."

"It looks like it will be the middle of January before the bulk of the crop is in," said Taylor.

COTTON STRIPPING STARTED — Joe Gillespie, Ackerly, is one of the farmers who has started stripping cotton. Most farmers expect to start in two or three weeks, but some cotton has been ginned. This look's like a good year for area cotton farmers, reports indicate.

## 'Put On A Pretty Face' For Christmas Festivities

Monday is the first day for entries in the city's traditional residential and block Christmas Lighting and Decoration contest.

There will be substantial prizes for winners in the overall yard and home contest, and special plaques for those entering only a special feature. Texas Electric Service Company is cooperating with the chamber in providing awards.

Persons may enter their entire yard and home; or may elect to enter only a window, a door, or a special feature. Those who will join in the holiday brightening of the city may call the Chamber of Commerce — 263-7941 — beginning Monday. It is required that name, address, and stipulation of which event being entered be given. Or the entry may be mailed to the chamber, P.O. Box 1391.

Chamber officials are urging wide participation, since "the

contest will provide pleasure for everyone participating and will help beautify our city at this season of the year and will foster a friendlier community spirit."

The rules are simple: The contest is open to all residences in the city limits. This includes Webb Village and the barracks facilities on Webb AFB. Simply notify the chamber of the event you want to enter, and the earlier the better.

Deadline on entries is Dec. 17, and judging will be done the night of Dec. 22, with announcement of winners to be made immediately. Contestants must leave lights on until 11 p.m. Dec. 22, so that judges will have time to view all entries. It is requested that entries be kept lighted each evening during the holiday period.

Those persons who won a first place in 1970 will not be eligible

for first place this year.

In the home-yard general contest, prizes will be: First place, outdoor electric Ready-Lite, installed as per the winner's wish; second, an electric blanket; and third, an automatic electric coffee percolator.

Special plaques will be given for first and second place winners in each of these events: door, window and special feature.

In addition, special certificates will be presented to each household participating in a special "block" display; and people in any city block may cooperate for this special neighborhood event.

A board of judges will survey all the entries, and will name winners according to this guideline: Artistry and ingenuity, up to 30 points; lighting techniques, up to 30 points; originality, up to 20 points and symbolic portrayal, up to 20 points.

## Demo Ticket Sales 'Good'

AUSTIN (AP) — State Democratic Chairman Roy Orr says ticket sales for a Dec. 6 fundraising dinner here, featuring some of the party's top names, are "quite good."

The party is hawkng \$25 tickets for a dinner in the Austin Municipal Auditorium and \$1,000 tickets for a pre-dinner cocktail party.

"We're confident that this dinner is the beginning of a great drive for Texas Democrats," Orr said. "Our theme is 'We can do '72' and we anticipate victories from the courthouse to the White House."

Orr said that Sen. Hubert Humphrey, D-Minn., and Rep. Wilbur Mills, D-Ark., definitely would attend the reception and dinner. Invitations also have gone to Sens. George McGovern, D-S.D.; Henry Jackson, D-Wash.; Edmund Muskie, D-Maine; Edward Kennedy, D-Mass.; and Los Angeles Mayor Sam Yorty.

## 'Hang Up' Best Solution To Abusive Phone Calls

The phone rings. You answer and the caller's language is abusive, obscene, or threatening. What do you do?

"Hang up," says Harry Sawyer, manager for Southwestern Bell here. "Use the phone on your own terms. Don't talk to anyone you don't want to, whether they're selling something, seeking information, playing a prank or mouthing obscenities. Don't give them an audience and they're not likely to call back."

Sawyer said the phone company has other suggestions on how to fight annoying calls: Make callers identify themselves. When someone asks, "Who is this?" don't tell them unless you recognize the voice or until he identifies himself. Don't answer any questions from a strange voice that you wouldn't answer in a face-to-face meeting with a stranger

on the street. If a caller remains silent, hang up. Some abusive callers want to listen, just to see what you'll do.

Hang up at the first indication of an obscene or suggestive remark. The caller would like nothing better than for you to respond to his comments.

Hang up if you're not interested in a product or service being sold by telephone and the caller persists despite your disinterest.

When these techniques are unsuccessful in stopping annoying calls, call the telephone company business office or operator, Sawyer said. "And where a threat is involved," he continued, "such as a call threatening injury to person or property, kidnap or robbery, call the police and the telephone company immediately. There are laws against

abusive calling, and we have methods of tracing these calls to their source."

The law makes it a misdemeanor to use profane, vulgar or indecent language, threats, harassment or enticement by use of the telephone. Conviction carries a fine from \$100 to \$1,000, one to twelve months in jail, or both.

Sawyer said experience has shown that annoying calls come from almost anyone — not just from strangers, but sometimes from close acquaintances, neighbors or fellow workers.

"But they don't come from that source often. Many come from a relatively small group of people — unsupervised youngsters, misguided or frustrated people and sometimes from the mentally ill. Hang up, and you've denied them what they want — an audience," he advised.

### Webb Seeks Blood Donors

The 3560th USAF Hospital, at Webb, will conduct a blood drive at 9 a.m. Dec. 4.

The blood drive will be held in order to maintain the existing emergency blood supply. The hospital staff hopes for a good turnout of donors for this cause.

Factors that would disqualify a potential donor are:

- Having been in Southeast Asia anytime within the past two years.
- Inoculated for flu within two weeks prior to Dec. 4, 1971.
- Any illness which was treated with a strong dose of antibiotics during the past three weeks.
- Of if the person has given blood within the past six weeks.

For the personnel that qualify as donors, a free steak and egg breakfast, courtesy of the Webb Credit Union, will be served at the NCO Club.

Donors should call the hospital laboratory, extension 2189, prior to 4 p.m. Wednesday, if they feel they qualify and have a desire to support the Webb hospital in this drive.

4-E Big Spring (Texas) Herald, Sunday, Nov. 28, 1971

# MEN IN SERVICE

S. Sgt. Jerry D. Cuthbertson, 22, son of Mr. and Mrs. V. L. Cuthbertson, 1703 1/2 Lancaster, has been stationed with the Security Police at Webb AFB.

He just completed 27 months duty on Okinawa. Cuthbertson is a 1966 graduate of Big Spring High School. He joined the Air Force in February, 1969.

His wife, Margaret, is the daughter of Mrs. F. E. Cockrell and the late Mr. Cockrell, Flower Grove. Sgt. and Mrs. Cuthbertson are making their home at 306 W. 18th.

2nd Lt. Robert V. Reid, son of Lt. Col. and Mrs. Robert L. Reid, 30 Albrook, Big Spring, has been awarded silver wings upon graduation from U.S. Air Force navigator training at Mather AFB, Calif.

Lt. Reid is being assigned to 1st Lt. Col. and Mrs. Robert L. Reid, 30 Albrook, Big Spring, headquarters for air operations

in Southeast Asia, the Far East and Pacific area.

Lt. Reid, a 1966 graduate of MacArthur High School in San Antonio, received his B.S. degree in architect construction in 1970 from Texas A&M University. He was commissioned there through the Air Force Reserve Officers Training Corps program.

Lt. Reid's wife, Bonnie, is the daughter of Mr. and Mrs. Harvey H. Elinger, 195 Cyril, San Antonio.

Navy Seaman William E. Magee, nephew of Mr. and Mrs. Glenn S. Thomas of 219 E. 9th St., Colorado City, graduated from the Radarman School, at the Naval Training Center, Great Lakes, Ill.

Airman Michael D. Wiggins, son of Mr. and Mrs. James C. Wiggins, 3713 Connally, Big Spring, has completed his U.S. Air Force basic training at the Air Training Command's Lackland AFB, Tex. He has been assigned to Sheppard AFB, Tex., for training as a medical services specialist. Airman Wiggins, a 1969 graduate of Big Spring High School, attended Howard Junior College. His wife is the former Mary T. Reid of Big Spring.

ROBERT V. REID

JERRY CUTHBERTSON

U.S. against hostile aircraft and missiles. He previously served with an Air Force support unit at Incirlik AB, Turkey, and has also completed a tour of duty in Vietnam.

The sergeant is a 1961 graduate of Fox Technical High School. His wife, Herlinda, is the daughter of Mrs. Jesusita Hinojos, 807 NW 6th, Big Spring.

## Tuesday Afternoon Graduation Scheduled For Student Pilots

Tuesday afternoon, in Webb AFB ceremonies at 3 p.m. in Withycombe Hall, 45 members of Undergraduate Pilot Training Class 72-04 will be awarded the Silver Wings of Air Force Pilots and certificates of aeronautical rating. The guest speaker for the graduation will be Col. John W. Keefer, Chief of Information for the Air Training Command.

The "Dust Devils," as 72-04 was known, entered preflight Dec. 10, 1970. Sixty officers began training in the T-41 on Dec. 17, 1970, and then on Feb. 16, 1971, the class entered preflight training T-37 jet aircraft. Eighteen weeks later on June 28, 1971, the class entered basic training in the T-38 supersonic Talon.

2nd Lt. Robert P. Beaudette was the first to solo in the T-41. 2nd Lt. Christopher Griffin was the first to solo in the T-37, and 2nd Lt. Michael Gallo became the first to solo in the T-38 Talon.

Capt. Paul Henry served as class commander for the class throughout their T-37 phase. Capt. Pat Dowling was the class commander in supersonic training in the T-38s.

Class statistics show that nine of the 43 Air Force officers came to the UPT program from Reserve Officers Training Corps, while 34 took the Officers Training School route into the program.

Air Training Command leads all commands in acquisition of 72-04 members with 11; Tactical Air Command will gain nine; the Military Airlift Command will receive seven; while six will go to the Pacific Air Force, and five will go to the Strategic Air Command. Two graduates each will return to their Air National Guard and reserve units; one graduate each will go to United States Air Forces Europe, the Air Force Logistics Command and the Aerospace Defense Command.

Members of the graduating class, their aircraft, major command and base of assignment follow:

Capitons Richard E. Carr, F-111, TAC, Nellis AFB, NV; Donald L. Beck, C-141, Strickler, MAC, McCord AFB, WA; Andrew C. Huffer, Jr., EC-121, Waddington, PACAF, Korat AB, Thailand; First Lieutenants William H. Kraschowski, C-130 Hercules, TAC, Pope AFB, NC; Robert L. Simons, C-141, MAC, Norton AFB, CA.

Also Second Lieutenants David J. Bartelme, KC-135 Stratotanker, SAC, Sewart AFB, MI; Thomas J. Bagley, USAF, PACAF, Com Robt Bay, RVN; Robert P. Beaudette, EC-121, Waddington, PACAF, Com Robt Bay, RVN; Terry Cannon, T-37, Trainer, ATC, Webb AFB, TX; Gary W. Cooke, RF-4 Phantom, TAC, Shaw AFB, SC; Stephen B. Devereaux, GA, TAC, Shaw AFB, SC; Michael B. Draper, C-141, MAC, McCord AFB, NJ; Phillip T. Prosser, RF-105, Voodoo, Kentucky ANG, Michael J. Gallo, T-29, Flying Classroom, ATC, Mather AFB, CA; William J. Gillies, C-141, MAC, McCord AFB, NJ; A. D. Jack, R. G. Gocher, B-52 Stratofortress, SAC, Wurtsmith AFB, MI; Christopher T. Griffin, C-141, New Jersey Reserve; Roger C. Griswold, C-130 Provider, PACAF, Nakhon Phanom, Thailand; Francisco J. Guerra, C-121 Jorjorlin, USAF, Incirlik, Turkey; Joseph K. Guvernment, T-37, ATC, Webb AFB, TX; Dale E. Jepsen, C-47, Arizona ANG; Garland E. Jones, F-4, TAC, Homestead AFB, FL.

Also James R. Jung, B-52, SAC, Griffiss AFB, NY; John D. Kenagy II, C-141, MAC, Travis AFB, CA; Bing L. Lyle, T-29, AFHS, TAC, Webb AFB, TX; Robert W. Meister, T-37, ATC, Webb AFB, TX; Kenneth L. Meier, EC-135, SAC, Griffiss AFB, NY; Douglas J. Morris, T-38 Talon, ATC, Webb AFB, TX; Clifford P. Mueller, F-111, TAC, Cannon AFB, NM; David H. Olson, C-141, MAC, McCord AFB, WA; Roger W. Orton, T-38, ATC, Webb AFB, TX; Robert R. Parker, T-37, ATC, Webb AFB, TX; Ralph J. Reinert, T-38, ATC, Webb AFB, TX; James L. Robbins, Jr., GA, TAC, Bergstrom AFB, TX; J. R. And Stewart T. ### Happy Holiday Tickets Issued

BALTIMORE, Md. (AP) — Police have begun issuing 50,000 special traffic summonses—wishing motorists "a most joyous and rewarding holiday season."

The summonses look like an ordinary parking ticket but the reverse side contains a message surrounded by a green holly border. They will be given to motorists who leave their cars unlocked or valuable articles inside.

"Lock your car, pocket the keys," urges each summons, which explains larcenies of and from automobiles increase during the holiday season.

The special tickets are not used as a penalty, just a reminder.

### 'Keystone Kop' Hank Mann Dies

SOUTH PASADENA, Calif. (AP) — Hank Mann, believed to be the last survivor of Mack Sennett's original Keystone Kops, has died here at the age of 84.

Entering motion pictures in 1912, Mann played one of the bumbling, bowler-hatted policemen in numerous movies and made occasional character actor appearances as late as 1960.

### Horoscope Forecast

TODAY AND TOMORROW —CARROL RIGHTER

**GENERAL TENDENCIES:** You find it necessary to moderate your appreciation of spiritual values. Employ this philosophy to make a more profound impression in your daily living. Then you can reach a better understanding with allies. It is necessary that you win approval of associates.

**ARIES (March 21 to April 19):** Plan what you want to accomplish in the future, then start the wheels rolling. Engage in recreational activities with persons you like. Show that you have a good sense of humor.

**TAURUS (April 20 to May 20):** If you concentrate on spiritual matters you get the inspiration you need for the future. Ask for the advice you need from a wise person. Show that you are intelligent.

**GEMINI (May 21 to June 21):** You find it necessary to moderate your appreciation of spiritual values. Employ this philosophy to make a more profound impression in your daily living. Then you can reach a better understanding with allies. It is necessary that you win approval of associates.

**MOON CHILDREN (June 22 to July 21):** Good day for you to find out where you stand with bigwigs. Something of a humanitarian nature can be very good. Your planetary position is good for harmony now.

**LEO (July 22 to Aug. 23):** Study philosophy of life in which you believe and become better inspired. Talk over with wise persons those things that will make the future brighter for you. Success is in reach.

**VIRGO (Aug. 24 to Sept. 23):** Your hunches are fine today and can help you to have more accord with others, so follow them. Show an important person your life that you want to have better relations.

**LIBRA (Sept. 24 to Oct. 23):** Now that you better understand the needs of associates, come to a firm agreement where matters of policy are concerned. Attend the amusements you enjoy in the evening.

**SCORPIO (Oct. 24 to Nov. 21):** If you serve others well, you find that you can make greater advancement in the future. Being with delightful people makes you happy. Dress in good taste.

**SAGITTARIUS (Nov. 22 to Dec. 21):** You are thinking creatively today and can start a new project that could prove quite successful. Doing a special favor for mate brings excellent results.

**CAPRICORN (Dec. 22 to Jan. 20):** Instead of getting into an argument at home, try to come to a better understanding. It is necessary for you to do some entertaining at home tonight and have a good time.

**AQUARIUS (Jan. 21 to Feb. 19):** You can bring out those fine humanitarian qualities now and please others immensely. Make your home more comfortable. Get rid of a pessimistic attitude you have.

**PISCES (Feb. 20 to March 20):** Plan how to have more income in the future so that you can meet the rising cost of living. Study your newspaper well for practical ideas. Plan your shopping wisely.

**MONDAY**

**GENERAL TENDENCIES:** This is certainly your day and evening to handle whatever financial, material or practical problems you face. Make sure that you are doing your job whatever bills you owe. Show those who have any control over your affairs that you are endowed with good common sense and respect for experience.

**ARIES (March 21 to April 19):** A good day to add to the value of any possessions and real estate you own in an ethical and skillful way. Plan how to make your budget more flexible and practical for greater efficiency. Get to bed early tonight.

**TAURUS (April 20 to May 20):** You can use others with your dynamism today. After a good day's business, you can get out and make big headway socially, too. State your personal aims to those who can assist you. Get right in it.

**GEMINI (May 21 to June 21):** Spend some time alone figuring out how you can settle affairs and reach right decisions to avoid trouble in the future. The evening is then ideal for recreation. Try to please mate, too.

**MOON CHILDREN (June 22 to July 21):** Contact good loyal friends today who can be of great assistance to you in whatever aims you have in mind. Accept invitations to some social affair and get good results thereby. Add to prestige you now enjoy.

**LEO (July 22 to Aug. 23):** Plan how to get the favor of those who can assist you in achieving your most cherished aims, especially new ones. Write letters to those who can give you the information you need now. Brevity is best, with right choice of words.

**VIRGO (Aug. 24 to Sept. 23):** Plan a short trip that will give you the information you need, or help you accomplish ethical objectives. Making new associates of this time is good. Choose wisely.

**LIBRA (Sept. 24 to Oct. 23):** Begin the week properly by handling all of your responsibilities well and getting the approval of experts. Talk over with loved one some plan that will extend far into the future. Have a true meeting of minds.

**SCORPIO (Oct. 24 to Nov. 21):** Find out what is expected of you by associates and be most cooperative so you have mutual success. Get their backing. You can now make a friend of one who has been an opponent for some time.

**SAGITTARIUS (Nov. 22 to Dec. 21):** This can be a particularly good week for you provided you begin it by handling all those important bits and other responsibilities today. Talk over with fellow workers how to get your respective jobs done better.

**CAPRICORN (Dec. 22 to Jan. 20):** You have an opportunity to get together with congenial friends for a good time or business. They readily follow your ideas. Some special thoughtfulness for mate can bring fine results.

**AQUARIUS (Jan. 21 to Feb. 19):** Showing more cooperation for the ideas of kin instead of trying to force your own on them is best now. Try to establish more harmony in that important realm of your living. Spend our money wisely.

**PISCES (Feb. 20 to March 20):** Come to an agreement with partners early so that the rest of the day brings great accomplishment. Don't neglect to get your shopping done. Keep your appointments with others on time.

# It's Yours, Too

Dear Abby

Abigail Van Buren

DEAR ABBY: George and I have been married for 36 years. We have five children, all married and on their own with nice families. George was never much of a father. All the kids were scared of death of him. His idea of "teaching" them something was to give them a good belt in the chops. It's a miracle they turned out as good as they did.

I've always covered up for George, but I've known all along he ran around with other women. He's in his middle fifties now and you'd think he'd slow up in that department, but now he runs more — not less.

Last week he came home very late smelling like a brewery, with lipstick all over his neck. I got mad and hit

him with the broom. He said: "If you don't like it, go live with one of the kids! Everything in this house is MINE because I paid for it."

Is that true? I never worked outside the home. Can he really kick me out? I don't know the law.

DEAR CHARLOTTE: Tell your husband that the law has provisions for Lechnivars who get their second romantic wind in their mid-fifties, and if he doesn't behave himself, HE may have to go live with one of the kids. Even if the wife did not contribute a dime to the house, she is part-owner of everything in it. She contributed to the marriage by caring for the home and rearing the children. See a lawyer, and find

out what your rights are. It will come in handy, if George ever tries to bully you again.

DEAR ABBY: My husband was getting his hair cut the day the Orioles tied up the World Series, and his hair hasn't grown out yet.

MARGIE IN PITTSBURGH

DEAR MARGIE: He's lucky he wasn't getting a shave!

DEAR ABBY: "We live beside my husband's parents, whom I truly like. His mother has a hobby; his father doesn't. My husband isn't home during the evenings, so his father comes to see the children and me while his wife works at her hobby."

It would be fine if he came once or twice a week, but he comes over every single night and he stays for four or five hours! I would like to be alone occasionally in the evenings, and this is beginning to bug me.

HOPEFUL IN OHIO

DEAR HOPEFUL: You're a big girl now, so tell him in a nice way that you have little chores to do and need a few evenings a week in which to do them.

DEAR ABBY: I am a senior citizen (65) who is keeping company with a gentleman who is 88. He is a widower, and I am a widow. We enjoy each other tremendously as we both like to bowl, golf, sail and play bridge. He takes me to lovely places to dine and dance. Before he pops the question (which I feel certain will be very soon) shall I tell him that I wear a wig? UNDECIDED

DEAR UNDECIDED: Tell him now.

## Judge On A Pass

STANTON, N.J. (AP) — Whenever Larry Davis visits Meramec Caverns on U.S. 66, staffers sing out, "Here Comes The Judge."

Davis was a cave guide there for fine years. He is now magistrate of Franklin County. He and his family visit the cave often as his father-in-law is Lester B. Dill, cave owner.

**BUZZ SAWYER**

YOUR NEIGHBORS CALLED THE POLICE!

YES, THEY PROBABLY THINK I MURDERED MY WIFE.

WHY DO YOU SAY THAT?

WELL, SOMETHING'S UP! I WAS DRIVING HOME AND SAW A POLICE CAR AND A CROWD OF NEIGHBORS IN FRONT OF MY HOUSE.

I KEPT DRIVING.

WHY ARE YOU SO ANXIOUS TO AVOID THE POLICE, MR. RITCHY?

BECAUSE OF SOMETHING THAT ONCE HAPPENED. WHAT I MEAN... A MAN'S LIFE IS HIS OWN, SIR. I JUST DON'T WANT ANYBODY INVADING MY PRIVACY.

**GASOLINE ALLEY**

Pert, it must be nice for you having Wilmer in town for a while!

Is my nephew in town?

You haven't seen him?

He doesn't know I exist! Last time he and Jessica invited me to dinner was May 3, 1970!

In fact that's the last time anybody invited me to dinner!

**NANCY**

## Rectocele

### Your Good Health

Dr. G. C. Thosteson

Dear Dr. Thosteson: I have had a rectocele for several years. It is a protrusion of the rectum through the pelvic floor. It is a common condition, particularly in women. It is caused by a weakening of the pelvic floor muscles. The symptoms are a feeling of fullness, a feeling of pressure, and a feeling of strain. It is often accompanied by hemorrhoids. The treatment is surgery. I am interested in your opinion on this matter.

condition, cannot strengthen or tighten the weakened supporting tissues, but surgery can.

So far as diet is concerned, the one thing to keep in mind is to have sufficient bulk to avoid hard stool or impaction of material in the area. Adequate fruit and vegetables will help provide bulk, but bulk-producers also are readily available to keep the stool soft.

Just as with cystocele, surgery to repair the loosened supportive tissues is the permanent way of correcting rectocele.

Dear Dr. Thosteson: I am allergic to penicillin and sulfa. Should I wear or carry some sort of tag? If so, where can it be obtained.

Also, I have read that pinworms occasionally invade the female sex organs. If so, what would the symptoms be? — M.R.

First question: it would be wise. If, for example, you were knocked unconscious in an accident, how else would anyone know you are sensitive to these frequently-used drugs? Medic Alert is a non-profit group handling such tags; you also can find them in some jewelry or other stores. Medic Alert's address is merely Turlock, Calif. 95350.

Second question: it's possible, particularly in little girls. Itching and a discharge are the main symptoms, but they can be from entirely different cause, of course. If there is any suspicion of pinworms, that can be readily confirmed.

I'm not much convinced that juices will perform the miracles some folks claim for them. I doubt if you need (or can make good use of) that much carrot juice. If, in time, your skin starts to have a yellowish tinge, it will be a warning that you've been getting too much. On the other hand, I don't see any

28 NOV 28

# Texas Demos Face Acid Test

Gov. Preston Smith's formal entry into the 1972 gubernatorial sweepstakes, in pursuit of a third term, promises an even stormier election year ahead.

And the governor's decision should be good news to the national Republican party and to those planning President Nixon's own re-election campaign.

With the formal entry of Gov. Smith, the 1972 Texas Democratic gubernatorial primary already has three name entries — Smith, Lt. Gov. Ben Barnes and Uvalde rancher-businessman Dolph Briscoe. Waiting in the wings, but seemingly certain to dash on stage if not in the governor's race than in the senatorial primary, is former U.S. Sen. Ralph Yarborough, a three-times unsuccessful candidate for the governor's job.

That will make for quite a split among Texas Democrats. Even if no other serious candidates announce than Smith, Barnes and Briscoe, the battling will be fierce.

And the battle for campaign funds will be as hard-fought as the battle for votes.

That means the Democratic party in Texas

will go into the general election with already a lot of money spent in the upcoming primary. Which will leave precious few funds to spread around in the November election. Since carrying Texas is vital to Democratic hopes for a presidential victory in November, 1972, the slam-bang and expensive primary shaping up is bad news, indeed, for the yet-to-be-selected national ticket.

And the bitterness which is growing between Gov. Smith and Lt. Gov. Barnes is bound to leave many bruised feelings come general election time,

whoever the primary winner is. Add Yarborough and his followers to the equation, and the prospect is for a Democratic party in November not only short of funds but torn by dissension.

The Democratic party in Texas has survived a lot in the past, and still managed to come up a winner in November. But this next year, with President Nixon holding much support in the state and with former Gov. John Connally in his Cabinet, if not on his ticket, the Democrats face the super-acid test.

## Poor Timing

President Nixon wants an identical sister ship for his personal jetliner the "Spirit of '76" and has included a \$9 million item for it in his supplemental budget request.

The new top-of-the-line model from Boeing Co. would be a 707-320B and would replace a 13-year-old 707-120 as the President's chief "backup plane."

Like the President's No. 1 jet, the new ship would have better range as well as landing and take-off abilities than the present backup plane.

Is it really necessary to spend \$9 million on what smacks of luxury when wage-earning taxpayers are under the restraints of Phase 2? The budget request is simply poor timing and judgment.

## It's Sabotage!

Art Buchwald

WASHINGTON — Once again Congress is attempting to pass legislation which would infringe on the rights of people. The Senate passed a bill last week which would permit each taxpayer to donate \$1 of his taxes to finance the 1972 presidential campaign. The House has several bills limiting the amount of money politicians can spend on their campaigns.

IF ANY OF these bills become law, it means that the right of large corporations and labor unions to buy politicians would be abrogated, and the vested interests in this country would be hard put to finance the campaigns of congressmen, senators and the President.

Terence L. Bloodstone, president of the Washington Order of Loyal Lobbyists, angrily denounced the new plans to finance politicians as a threat to the American political way of life.

"THE SALVATION of this democracy," he told me at a \$500-a-plate political testimonial dinner, "is big business and big labor's financing of political campaigns. For years we have made it possible for every politician in this country to be elected. There isn't one congressman, senator or governor who doesn't owe a debt to us. Now Congress wants to take that away."

"It does seem unfair," I admitted. BLOODSTONE stabbed his fork into his lobster thermidor.

"We've been buying and selling politicians for years. They trust us, they believe in us, they'll go to bat for us."

"Look around at this dinner. Every table of 10 people represents \$5,000."

Who bought these tables? Corporations, bankers, manufacturers and public-minded millionaires. We don't ask anything for ourselves. We just want the best man elected to the best job. Do you think people who contribute one lousy dollar for their taxes will have any idea who the best man is?"

"I SHOULD say not," I replied. "You have to contribute a lot of money to know what is good for the country."

Bloodstone started tearing his duck a l'orange apart. "Do you know what is going to happen if these political fund-raising schemes become law? The politicians aren't going to be responsible to anybody. They're going to figure it's the taxpayer's money so they don't have to answer for their actions."

"It's true," I said. "At least now a politician knows who gave him the money and can react accordingly."

"THE DEMOCRATS are sore," Bloodstone said, "because they can't get anyone to come to their dinners. But I say if a political party can't sell out a \$500-a-plate dinner, it shouldn't be in politics. Just because they don't have an Agnew or a Martha Mitchell is no reason to sabotage all of the campaign fund-raising methods of this country."

Bloodstone was now gulping down his foie gras.

Bloodstone belched. "Besides, we have to think of the economy. What's going to happen to all the hotel banquet rooms if they do away with political fund-raising dinners?"

"What a blow to Conrad Hilton," I said.

'BE SURE YOU PACK SHIN GUARDS FOR YOUR TRIP'

## Price, Strict Pressures Felt

NEW YORK (AP) — Steel producers and auto makers announced price-hike moves this past week amid some of the most important adjustments yet in Phase 2 of the Nixon administration's new economic program.

The Justice Department obtained injunctions in 12 cities in efforts to force a break in the crippling East and Gulf coast dock strikes. Other major business news of the week saw the Reading Railroad file for bankruptcy reorganization.

**STEEL PRICES UPPED**  
The Price Commission granted price increases of more than 7 per cent on tin-plate products of Bethlehem Steel Corp., the nation's biggest steel firm, and National Steel Corp.

There was immediate reaction from container makers, the principal tinplate users. Continental Can Co. said it was applying for a "directly proportional" increase on its prices. American Can and National Can said they, too, wanted price hikes.

The biggest steelmaker, U.S. Steel Corp., was expected to push for price-increase approval on sheet metal in the coming week.

General Motors Corp. asked for a 3 per cent price increase in a move expected to influence any other automakers. Chrysler Corp., which had already won approval for a 5.9 per cent hike, said after GM's move that it would boost prices 3 per cent.

**COURT ORDER**  
Justice Department lawyers obtained on Friday court orders forcing 45,000 striking East and Gulf coast longshoremen back to their jobs. The strike was 57 days old.

The Reading Co., operator of the Reading Railroad, said the dock strikes, local strike and slump in steel shipments this year were prime contributors to an immediate deficit of about \$30,000.

"There is nothing wrong with this railroad that a good business pickup wouldn't cure," said President Charles E. Bertrand in announcing that the company had filed for reorganization under bankruptcy laws.

Labor unhappiness with wage controls continued. Some 50,000 AFL-CIO meatcutters struck for one day in various parts of the country. Afterward, Secretary Pat German of the meatcutters union said some of the struck

## The Week's Business

- Steel price adjustment produced a chain reaction
- Reading Railroad bankruptcy blamed on strikes, poor business
- 50,000 AFL-CIO meat cutters stage demonstration strike
- With 17 per cent wage hike, coal miners decide to re-turc
- Record \$821 million October trade deficit laid to strike
- Leading economic indicators, however, edge up slightly

firms had agreed to help the union get scheduled pay raises which have been held up by centers.

**MINERS RETURN**  
Most of the nation's soft coal miners returned to work this past Monday after the Pay Board approved a new contract giving them wage and fringe-benefit increases of 15 to 18.5 per cent in the contract's first year.

Treasury Secretary John Connally expressed what he said was his personal disappointment over the approval. He suggested in the same news conference that the Nixon administration might agree to some provision for retroactive pay raises if Pay Board stand-

ards were preserved. At the week's end, the Commerce Department announced that the U.S. trade deficit with other nations fell to \$821 million in October, a record imbalance which government economists blamed on the dock strikes.

The department also reported that leading economic indicators showed a 1.2 per cent gain last month. Wall Street analysts said that report helped touch off a rebound on the sagging stock market.

The Dow Jones index of 30 industrial stocks rose 17.96 points Friday to \$16.59, its biggest one-day gain since announcement of the wage-price freeze in mid-August.

## Housing Flurry Stimulates Economic Gain In October

WASHINGTON (AP) — Elsewhere on the economic front: — The Construction Industry Stabilization Committee, appointed by President Nixon to hold down wage increases in the construction industry, approved increases in 47 contracts, most of them far exceeding the 3.5 per cent guideline set by the Pay Board.

— The Postal Service announced it will raise third-class postage rates 23.9 per cent Monday unless the Price Commission rules against it.

— Cost of Living Council chairman Donald Rumsfeld said that 64 price-increase requests considered by the commission averaged 3.3 per cent. — The Atomic Energy Commission announced an 11.5 per cent increase in its prices for processing fuel for nuclear power plants.

## One Of Those Days

### Around The Rim

Walt Finley

It was one of those days for Glenn Moffett, Merkel truck driver, when absolutely nothing went right.

IT WAS very hot. The air conditioner wasn't working in the car. He had to change a flat tire. He managed to arrange a conference with his boss relating to a salary increase — No sale!

He got back to the car and found a parking ticket. The blood pressure edged up a notch.

Aw shucks, let him finish it: "The car started OK, but wouldn't go into reverse. Had to find someone to help me push it back from the curb. On the way home I started to light a cigarette. Out of cigarettes."

"WHEN I pulled into the driveway I discovered all the kids in the neighborhood had just voted to hold a screaming contest in my front yard. (The little girl up the block has the highest screech, but my three daughters hold their own when it comes to ear-splitting.)

"I slammed the front door on my thumb. "Five-year-old Tammie Lou followed me into the bedroom and watched quietly as I tore my shirt to threads.

"SHE STUDIED me with her brown eyes for a few moments, then chirped: "Daddy, can I ask you something?"

"What?" I snapped. "Is it 'Do not Disturb Time?'"

TUNE IN and hear "Twinkle Toes" Guinn's collection of 1940 jokes and record albums.

Private note to "Loser": You got good taste, kid.

The Fort Worth Star-Telegram says the Dallas Cowboys use 144 footballs a year.

That's gross.

THE OTHER DAY when Okie State

Sen. Clem McSpadden, who has announced many rodeos in the Big Spring area, announced a decision to seek another office, the Claremore Progress quoted him as saying: "Without qualification, I will run for Congress from the second Oklahoma District . . ."

THE WASHINGTON Senators were moved to Arlington about the middle of September, with instructions to the new owners to enlarge the new stadium. Work has started already.

Galyn Wilkins of the Fort Worth Star-Telegram says the Washington Post has suggested the baseball team be called "The Short Horns."

But our own backshop boss Bob Rogers has the most logical name of all: The Texas Rangers.

WHEN LOOK magazine announced it was folding, J. O. Sheid Jr. commented: "Look outlived its time."

Which may be true, but it's a lousy pun.

EX-TULSA Mayor George Norvell writes the First Christian Church there listed the same sermon subject Wednesday it had the week before: "A Rhapsody in Brew."

In religious circles, is that what is known as "a hangover?"

Coincidental Info: Jay Sanders has fat feet.

THE BOOK title which goes downhill most rapidly is "Sex, Health and Your Handwriting."

The National Pastime of the National Pastime seems to be moving baseball franchises.

You wonder if Grantland Rice were alive today, would he write a poem ending: "It matters not how you play the game; it's how much money you get."

## Dilemma

Marquis Childs

TOKYO — The present troubled uncertain moment in the life of this extraordinary people is comparable, in the view of a knowledgeable American long resident here, with the late '30s. Then among a consensus-minded people a debate was going on over whether to pursue a militaristic course or to settle for the substantial gains already achieved.

THE MILITARISTS won out, and with Pearl Harbor the terrible war in the Pacific raged on until Japan was virtually destroyed. In a pacifist-minded nation, rebuilt in 25 years to become the third greatest economic power in the world, there is no evidence of military resurgence.

The fact that the treaty returning Okinawa to Japan allows for American B-52 bomber bases and an extensive communications network has touched off a storm. This is not merely among demonstrating left-wing young but in the Diet itself. The government of Premier Eisaku Sato, already weakened by the decision to join the United States in trying to prevent the explosion of Taiwan from the United Nations, is hard pressed in standing up to the storm.

WHEN SECRETARY of the Treasury John Connally came here and suggested several ways that Japan might move toward agreement with the United States, and removal of the 10 per cent surcharge that has caused such resentment not only here but around the world. One was to float the yen above the present float of 10 per cent to 20 per cent.

(Copyright, 1971, United Feature Syndicate, Inc.)

THE SO-CALLED voluntary quotas presently on steel and textiles, the latter brought off with such rough arm-twisting, could be extended to cover autos, television sets and electronic and electrical equipment. Or the Japanese could remove the restrictions of American capital investment and certain of the tariff barriers.

It is another area that the troubling doubts arise over the rapidly deteriorating relationship between the two Pacific powers. The suggestion is that, in defense, Japan has several choices. One is a direct payment to the United States of part of the cost of defending the whole Pacific basin. A second is for Japan to buy from the U.S. a much larger share of military hardware to sustain an expanded defense posture.

That way out is, for the foreseeable future, nonexistent. In the long term it could lead to the rise of a new militarism gradually accepted by a people feeling themselves humiliated and abandoned by a once-kindly and loving uncle. At the end of the war Gen. Douglas MacArthur's benevolent reign provided the image of a benign America, the kindly uncle helping with the technological know-how to rebuild the shattered nation. Sheltering under the U.S. nuclear umbrella was taken for granted, with Japan spending one per cent of her gross national product on defense as against nine per cent for the U.S. The miracle of economic recovery proceeded with astonishing speed.

## My Answer

Billy Graham

If I can't belong to one church because I'm divorced, another because I haven't been immersed, and other churches for various reasons, what am I to do? W.H. These are your reasons for not belonging to a church and serving Christ. Others may manufacture other excuses, but still the question comes, "What must I do with Jesus which is called Christ?" You may have excuses for not belonging to certain denominations such as you have mentioned, but none of us have any for rejecting Jesus Christ. He forgave the immoral woman, hardly mentioned baptism, said little about military service, and plainly said, "Him that

cometh unto me I will in no wise cast out."

Most of the excuses people offer for not being Christian are based upon the imperfections of men. They say, "There are too many hypocrites in the church; church people do not practice what they preach; the church is always talking about money; or, church people are always fighting. The real issue is: 'Will I reject or accept Jesus Christ, the Savior of the world?' If you will face up to this problem, the others will take care of themselves. You asked what you could do. This is it! Turn your life over to Jesus Christ, and many of the answers will be given to your questions.

## A Devotion For Today . . .

I will therefore that men pray every where, lifting up holy hands, without wrath and doubting. (I Timothy 2:8)  
PRAYER: We thank You, Lord, that we are all included in Your concern and intercession. Make us, we pray, intercessors for others. Amen. (From the "Upper Room")

## Campaign Bills

William F. Buckley Jr.

The Democrats are jubilant over their bill which, simply stated, guarantees them money for presidential campaigns roughly equal to what the Republicans spend, perhaps greater than the Republicans spend; and in any case, puts a ceiling on what the Republicans will spend.

THE IDEA is to redress a Democratic disadvantage, namely smaller cash contributions. The Democratic advantage is: organized labor unions, and of course top-sided Democratic registration, which advantages Republicans strive to overcome, mostly without success, by making extra financial sacrifices.

The Senate bill is pretty rank, and the President ought to veto it. So then where are we, on the whole matter of campaign expenses? Which means, as a general matter, mostly the expenses of television and radio.

EVERYONE HAVING agreed that something should be done to regulate the use of television during political campaigns, the debate is on. The approaches, as they affect the politicians, are roughly of two schools. The first calls for limiting the total amount spent during any campaign, but the total amount spendable by any single individual. Under this formula, it is abstractly possible in any single presidential campaign to spend one hundred billion dollars, assuming every voter begged, borrowed, or stole the maximum permitted (under Sen. Hugh Scott's old plan) of \$15,000.

In other words, Scott's bill reduces to one point essentially: rich people may not contribute as much money as some rich people have contributed in the past.

THE ALTERNATIVE (Rep. Gerald Ford) formula is based on fixing total permissible figures for particular contests based on the number of registered voters: 20 cents a piece if you are running for President, 25 cents for the Senate, 30 cents for the House.

The Ford Plan seems to be saying that Congress should decide how much should be spent on a campaign, never mind that a particular candidate (let us imagine) so excites his backers at a particular point that they pour in the money. Under the Ford Plan, Messrs. Moneybags could presumably continue to make up for the delinquency of other voters by enormous personal contributions, just so they didn't end up contributing more than the candidate is permitted to spend.

THEN THERE are two schools of thought affecting the broadcasters. The first (Scott's) acknowledges that the broadcasters should be paid for the use of their facilities. The second (Ford's) would require the broadcasters to put up free time during a period just before election — five half-hours for presidential candidates, three for Senate, two for the House, during the 35-day period before the general election.

There is general agreement that major presidential candidates should be given coverage without — as is the case under the existing fairness doctrine — requiring that the vegetarian candidate be given equal time.

THE SCOTT formula is preferable, though it has a weakness. It is a risky business to put arbitrary limits on the amount of money that can be spent during a particular campaign. It is done of course in England
