\$9 BILLION Housing Measure Voted

WASHINGTON (AP) — The Senate has passed a \$9-billion housing bill described as one of the most important put together in years.

Major provisions of the bill would control closing costs on home mortgages, subsidize mass transit deficits and consolidate federal housing programs.

The measure, sent to the House where action isn't likely until after the Easter recess, includes some of President Nixon's recommendations, but Democrats altered several of them.

The mass-transit feature of the legislation would furnish federal subsidies to pay deficits of subways, bus lines and commuter trains.

WIFE OF TEXAS SOLON DIES

WASHINGTON (AP) — The wife of Texas congressman Richard G. White is dead of apparent carbon-monoxide poisoning.

The body of Mrs. Katherine White, 42, was found Thursday by her son Raymond, 16, when he returned from school. Mrs. White was lying inside the garage in the family home in suburban Chevy Chase, Md.

Police said the boy dragged his mother outside and called police, but she was dead when they arrived. They have listed the death as accidental pending autopsy results.

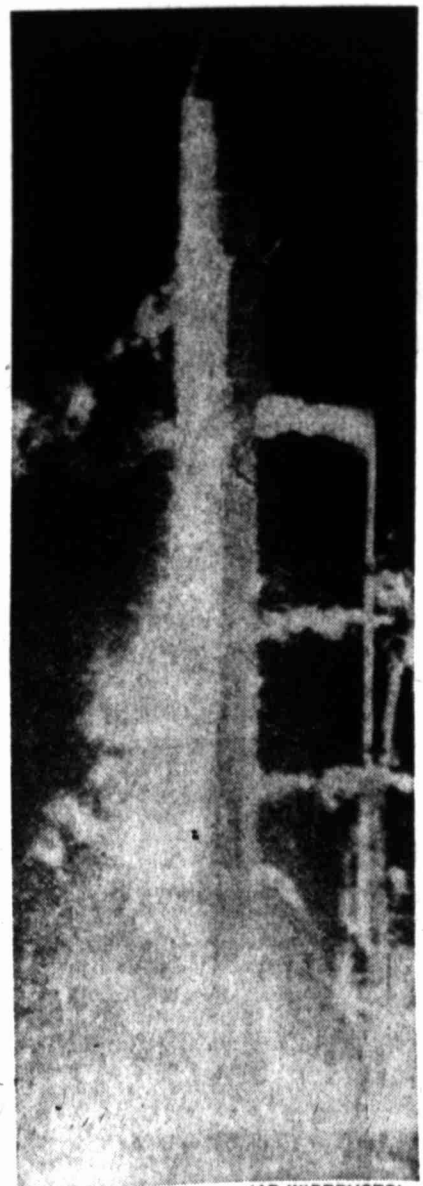

Another son, Richard, 18, was found unconscious in an upstairs bedroom, police said. He is in good condition in a hospital.

EX-MINISTER WIL PROUD PAPA

SAN ANTONIO, Tex. (AP) — Controversial ex-minister Wil Schaefer and the woman over whom he lost his pulpit became the parents of an infant son Thursday, it was reported here.

A close friend told the San Antonio Express that Schaefer's wife gave birth to the seven-pound, four-ounce infant at the couple's farm near Luling.

"Both mother and son are doing fine," the friend said late Thursday after the infant was born by natural childbirth.

PIONEER BLASTS OFF — Pioneer 10 blasts off from Cape Kennedy, Fla., Thursday night at record speed on a 21-month trip to the planet Jupiter and eventual escape to distant galaxies. The spacecraft bears a message for alien civilizations.

Ballard Must Die In Electric Chair

ALPINE, Tex. (AP) — Convicted murderer Wilmer Jean Ballard must die in the electric chair as punishment for the shotgun slaying of Glasscock County rancher Stephen Currie, a jury said Friday.

Appeal in such cases is automatic.

The jury conferred for nearly three hours before deciding on the punishment, twice the time they took to decide their verdict.

"It is now therefore the judgment of the court that you are guilty of murder with malice aforethought and your punishment is death," Dist. Court Judge Charles E. Sherrill told the accused.

Ballard was ordered removed from Brewster County jail here and transferred to the city jail in Midland.

The 46-year-old defendant received the punishment decree with little visible emotion and then rose and told the jury he wanted to thank them for the time and consideration they extended in his case.

"I am not guilty of this crime," he added.

The eight men and four women comprised the jury delivered their guilty verdict Wednesday night after an eight-day trial and testimony from 31 witnesses.

ALPINE — A jury comprised of four women and eight men Thursday evening convicted Wilmer Jean Ballard of murder with malice in the shotgun slaying of Stephen Currie, Glasscock County rancher.

One hour and 35 minutes after receiving the case, the jury returned its verdict. Thursday evening, after retiring to deliberate his punishment, the panel retired for the night. The state had asked the death penalty.

CHARGE LEVELED
Ballard, who the state contended was the trigger man in the murder-robbery at the Currie home east of Garden City Dec. 2, 1970, was found guilty 14 months to the day after Currie was killed resisting an intruder into his home.

The defense, led by Bobby Bearden, Midland, contended that Ballard was the victim of a cruel frame to protest kin of state witnesses. This, countered Guilford Jones, special prosecutor, was the product of "Bobby Bearden's fertile imagination."

In his summation Thursday, Bearden contended that Ballard was ill and in bed on the day of the robbery murder, that he had no part in the planning or execution of the crime, and that Ballard was "too stupid at the time" to know what they were doing to him. He claimed that Mrs. Janie Montgomery, with whom he had lived, responding to a report from others that "we've killed a man, what are we going to do?" decided to

put the blame on Ballard. Bearden, in his pleas to the jury, said that Ballard was being tried on the testimony of admitted thieves and prostitutes. He also alleged that Floyd Palmer (since deceased) was the trigger man.

Jones, acknowledging state witnesses were not the best type, said that they were nevertheless Ballard's closest friends and knew most about his plans and actions.

Ralph Bureson, another defense attorney, argued that Currie was not killed by a 12-gauge shotgun as indicated by introduction of a sawed-off shotgun in evidence, but rather by a 16-gauge gun. Jones said this was not likely because the 16-gauge gun was a double barrel and had the breech broken to eject a shell, both shells — the spent and the unspent — would have been tossed out. But there was only one shell found.

Moreover, he argued, a person firing one shot during the course of a robbery would not break the breech of a gun, but would rather eject the shell from an automatic (such as the 12-gauge gun).

District Attorney Wayne Burns led off the summation with a detailed review of the evidence, pausing to comment on what he considered the clear weight of the testimony against Ballard.

SAFE AFTER SEVEN-HOUR ORDEAL — Anthony Bernardino, 5, is taken on stretcher to a helicopter after he was rescued from the bottom of a 30-foot narrow hole he fell into while flying a kite at a construction site in El Monte, Calif., Thursday night. Anthony spent almost seven hours in the hole while rescue workers dug another shaft and tunneled over to him.

Boy Flying Kite Falls Into Deep Hole, 'Saved'

EL MONTE, Calif. (AP) — A rescue worker carried 6-year-old Anthony Bernardino to safety early today after the boy had spent almost seven hours tightly wedged 27 feet down a narrow hole.

The dirt-caked and pale youngster said, "Hi, Mommy, hi Daddy," to his parents before being taken by helicopter to a medical center for observation. He was reported in good condition.

'HOW'S JIMMY?'
"How's Jimmy?" the boy added in reference to his 8-year-old brother. The two were flying kites Thursday afternoon when Anthony tumbled into the hole on a road construction project in this Los Angeles suburb.

Rescue workers, newsmen and hundreds of onlookers cheered when the tiny boy was carried from a rescue shaft at 12:08 a.m.

"I never thought they wouldn't get him," his mother Sandra said. "I just wondered how long it was going to take."

At times rescue workers could hear the boy crying, then laughing hysterically. Jim Bernardino, the boy's father, said, "I'm really happy. They (rescue workers) really did a good job."

Hospital attendants said the youngster apparently suffered no serious injuries.

BECAME IMPATIENT
As workers sank a 30-foot rescue shaft adjacent to the hole in which Anthony was trapped, Dr. William Baker of El Monte talked with him through a stethoscope extended on plastic tubing. Oxygen was pumped to within inches of Anthony's face.

At one point, authorities said, Anthony apparently became impatient and said he would dig himself out if workers didn't hurry.

Attempts to lower volunteers, including a 4-foot jockey, into the hole in which Anthony proved unsuccessful. One volunteer was able to touch the boy but couldn't pry him loose because he was too tightly wedged.

The boy fell backwards into the opening, landing with one foot down and the other up. His head was jammed against the knee of the upright leg.

The boy was pulled to safety after workers drilled the rescue shaft about eight feet from the hole in which he was trapped. Then they dug under the hole. Anthony dropped into the arms of workman Frank Dill, who handed him up to a sheriff's deputy.

Anthony tumbled into the hole at about 5:20 p.m. A worker at the site said he saw the youth fall and rescue efforts began immediately.

Huge bits ripped into the sandy soil as other rescue workers rigged a crane over the hole. At nightfall the area was flooded with lights from several portable generating plants.

Kleindienst Testimony Challenged By Kennedy

WASHINGTON (AP) — Sen. Edward M. Kennedy today challenged testimony by acting Atty. Gen. Richard G. Kleindienst that he had no knowledge, until about six months after settlement of anti-trust suits against International Telephone & Telegraph Corp., of a charge that the settlement was related to a pledge to help underwrite next August's Republican National Convention.

Kennedy, a Massachusetts Democrat, raised the issue as the Senate Judiciary Committee went into a second day of hearings of its investigation into the handling of the anti-trust cases against the giant conglomerate and the out-of-court settlement made by the Justice Department last July.

NO KNOWLEDGE
Kleindienst, deputy attorney general for the last three years, has been nominated by President Nixon to succeed John W.

Mitchell as attorney general.

Kleindienst testified Thursday and reiterated today that he had no knowledge of a commitment by the Sheraton Hotel subsidiary of ITT to help defray costs of the GOP convention next August until the commitment became public through the press in late November or early December of last year.

Judge Richard W. McLaren of Chicago, former head of the Justice Department's antitrust division, also testified that he first learned of the reported commitment of up to \$400,000 when the story broke in the newspapers.

LOBBYIST LINK
Kleindienst on Thursday denounced as completely false a memo—attributed to a missing woman lobbyist—linking the antitrust settlement to the convention commitment.

'UNDERSTANDING' Sharp Gave His 'Blessing' To Bank Loans

ABILENE, Tex. (AP) — "I smiled and he smiled," Houston promoter Frank Sharp told a jury today in recounting a meeting in a Houston hotel at which he said House Speaker Gus Mutscher said he might buy stock in a company controlled by Sharp.

Sharp said Mutscher told him of reversals in the stock market and then asked about stock in the Sharp-controlled firm, National Bankers Life Insurance Co.

STRONG HANDS
Sharp said he told Mutscher he was "very enthusiastic" about it and that the management of the firm was trying to get the stock "into strong hands, people of wealth who would keep it."

Sharp said he gave his "blessing" to loans by his bank to Mutscher and others to buy the stock. He said Mutscher called him six weeks later, Sept. 12, 1969, and said he wanted to sell the stock.

Sharp testified that Mutscher said he was "pleased" to report that banking bills sought by Sharp had won a large majority of votes in the Texas legislature.

Sharp, 65, a tall, grandfatherly man with a slightly pained expression, strummed his fingers as he vainly sought to remember exact dates. He wears a copper bracelet on his left wrist and told a newsman, "I have not had rheumatism in that hand since I put it on a year ago."

Sharp testified before the House General Investigating Committee last year that he reached the "understanding" with Mutscher in early July of 1969.

According to Sharp's former testimony, Mutscher told him in the Rice Hotel that Mutscher had lost heavily on stock market investments that Sharp had tipped him on.

OLD SUBJECT
Sharp says he then brought up an old subject between the two: banking legislation that Sharp wanted. And he mentioned another stock — an insurance company he controlled — that Mutscher could invest in.

Mutscher, Rep. Rommy Shannon of Fort Worth and Mutscher's aide Rush McGinty all bought stock on July 28, 1969, with money borrowed from Sharp's bank. They sold most of the stock at huge profits on Sept. 11 that year, two days after the banking bills Sharp wanted won approval in the legislature.

The state says Mutscher, Shannon and McGinty conspired to accept a bribe from Sharp in exchange for their influence on the Texas Legislature.

BRILLIANT LAWYER
The state opened its case Thursday with testimony from another Mutscher aide, F. C. "Sonny" Schulte, who also bought and sold the stock on the same day the defendants did. Schulte said he made a profit of \$17,362 on the month-and-a-half investment. "At any time was anything sought to be hidden or anything not open and aboveboard?" asked a defense lawyer.

"Absolutely not," Schulte said.

The defense frequently objected to the prosecution's questions of Sharp which the defense said assumed facts not yet in evidence.

"I know this man, and he's a brilliant lawyer," protested Frank Maloney, pointing to Travis Austin County District Attorney Bob Smith. "There's no sense in his being coy. He knows how to ask the questions."

Herald's Newsstand Price Is Advancing

The Big Spring Herald will raise the newsstand price of its weekday edition a nickel to 15 cents, starting Monday.

In making the announcement, Robert N. McDaniel, publisher, said that the spiraling cost of production necessitated the change.

"Newspapers are invariably the last to adjust to the cost of living," McDaniel stated, adding that this was only the second price increase in newsstand prices invoked by The Herald in over three decades.

The newsstand price of The Herald's Sunday edition will go to 25 cents, McDaniel stated. Previously, the Sunday Herald's newsstand cost has been 20 cents.

Regular carrier home delivery subscription rates will not be affected by the increase.

SOCIAL SECURITY FOR FIRST GRADERS

WASHINGTON (AP) — All children entering the first grade after Jan. 1, 1974, must be assigned Social Security numbers according to a proposal by the Senate Finance Committee.

Immigrants and all persons applying for welfare also would have to obtain numbers.

Under the present law, a person is required to obtain a number when he begins work.

The provisions were added by the committee Thursday to the Social Security-welfare reform bill being readied for Senate action.

Sponsors said the provisions would give additional weapons to the effort to uncover welfare cheaters by keeping track of people since these would be the only three times numbers would be obtained.

Heath Bans Harsh Inquiry Methods

BELFAST (AP) — A 28-year-old police sergeant died today of gunshot wounds and became the fifth fatality this week in Northern Ireland's political-religious strife.

Sgt. Thomas Morrow was shot Tuesday as he and another officer investigated a break-in at a factory on the outskirts of Newry, near the border with the Irish Republic.

He died during a quiet night that came after three days of intensified bombing and murders blamed on the Irish Republican Army.

The British government revealed Thursday what observers interpreted as the first step in a program to undercut the

IRA violence by answering some of the grievances of the Roman Catholic minority in the province.

LEGS APART

Prime Minister Edward Heath banned harsh interrogation methods by British troops helping the Protestant-dominated provincial government maintain order. Political proposals are expected to follow.

The army was told it couldn't use such methods as putting captives' heads in blindfold hoods, depriving them of sleep, submitting them to continuous monotonous noise and making them stand for long periods with their legs apart and their hands raised over their heads. From now on the worst they can do is question them at length across a table.

Military sources said they expected the new rules to have little adverse effect on intelligence gathering.

(AP WIREPHOTO)

PROPOSED TICKET — The Rev. James Bevel, a long-time aide to the late Dr. Martin Luther King Jr., said Thursday an organization has been formed to promote Alabama Gov. George Wallace and black Rep. Shirley A. Chisholm of New York as a Democratic presidential ticket. He said the group envisions Wallace as No. 1 on the ticket.

Teacher's Complaint Of Police Brutality

SAN ANTONIO, Tex. (AP) — A city council committee has been ordered to begin an immediate investigation into a black teacher's complaint of police brutality.

"The police department and the council owe this man an apology," said councilman Robert Hilliard after Marion Marshall Sr. told Thursday about an incident in downtown San Antonio.

Marshall, a junior high school teacher and head coach for the past six years, said he was struck and threatened after two policemen stopped him late Tuesday night.

Police Chief E. E. Peters

said he will meet with Marshall and take a deposition from him.

Mayor Pro-tem Gilbert Garza ordered three city councilmen to meet with police representatives in an effort to clear up the incident.

Marshall told the council two policemen stopped his car on a downtown street and that when he asked them why, one of the officers radioed: "I got the pimp."

Marshall said he told the policeman: "I am no pimp." Then, he said, the officer hit him in the eye with his fist.

"I asked why he did that and at this time he hit me again. He said, 'All you people are alike and don't talk back to me,'" Marshall said in a three-page statement.

Marshall said one of the policemen placed his thumb against his larynx and said, "Say something else and it will be your last breath."

Robertson New Prexy Of United Fund Here

Morris Robertson, who led a successful campaign for the United Fund last autumn, was elevated to the presidency at the annual meeting Thursday in the Chamber of Commerce conference room.

Trustees also named Robert E. (Bob) Hickson, manager of Hemphill-Wells Co., to be the vice president and general chairman of the 1972 campaign. Selected as treasurer was Janet Akin. Nominations for the officers had been returned by a committee headed by George Zachariah.

Reports from the meeting reflected total pledges of \$110,364, just over the target figure for the 1971 campaign. Several awards, including a plaque to Robertson for outstanding work, were presented at the meeting.

Elected as new members to the board of trustees were Jerry Worthly, Col. Harold D. Schulz, Bob Dyer, Charles Tuttle, Jack Peery, Ron Mercer, Vance Chisum, G. C. Broughton Jr., Jim Parks, Mrs. Clyde Thomas Jr., Ike Robb, Bob Butler, John Burgess, Charles Butts, George Weeks, Robert N. McDaniel, Clyde Angel, Mrs. Harold Davis, Ron Medley, Frosty Robinson, E. P. Driver, Mike Hull, George Zachariah, Bob

ROBERT HICKSON

West, Sam Anderson, Charles Beil, Mrs. Roscoe Cowper, Gus Ochotorena, Sam Schultze and Ken Taylor.

Outgoing directors were R. L. Heith, Richard Atkins, Jerry Jenkins, Lamar Green, Kenneth Perry, Dearl Pittman, Paul Meek, Chaplain Lee Butler, Mrs. Jack Powell, Roger Brown, Ervin Fisher, M. C. Grigsby, John Currie, Larson Lloyd, William A. Bryans, Dewey Ray, Sue Arner, Mayor

Arnold Marshall, Mrs. Mary O. Thomas, D. G. Whitten, Chaplain Clark Hitt and Frank Parker.

Results of the 1971 campaign showed \$110,364, or \$108,364 after allowance for shrinkage. The agencies received from the campaign \$97,725, while campaign expense, operating expenses, etc. ran to \$10,275, leaving a net increase in the current general fund of \$394.

Supported by the United Fund are the YMCA, the Lakeview branch of the YMCA, Salvation Army, American Red Cross, Boy Scouts, Girl Scouts, \$9,000, Dora Roberts Rehab \$10,500, West Side Community Center \$1,800, Milk and Medicine Fund \$2,400, United Service Organization \$750, Texas Rehabilitation Center \$250, Halfway House \$300, Air Force Aid society \$2,750, Summer Recreation \$1,175, and Boys Club \$2,500.

Farmers Union Adopts Program

HOUSTON (AP) — A new program designed to protect the family farmer has been adopted by the National Farmers Union.

The action came Thursday at the concluding session of the annual convention of the 250,000-family group.

Tony Dechant of Denver, Colo., who was re-elected president of the group, said the program would permit family farms to receive direct income support and force large corporate farms to shift for themselves.

It provides for mandatory supply management in order to prevent undue surpluses. It also would provide 100 per cent of parity for family farms, based on pounds or bushels of production with the exact levels yet to be determined on the basis of an independent study by the Library of Congress and the General Accounting Office.

CHEAP PRICES
The proposal would cover all farm commodities whose producers agree but the method of determining producer desires was not detailed. Such desires presumably would be determined by farmer referendums.

Dechant said the new program is a result of farmer disappointment over the corruption of efforts to stabilize the market system for basic farm commodities under the Agricultural Act of 1970.

Dechant said disappointment over the 1970 Act has occurred largely as a result of undue influence of corporate farmers and large agribusiness corporations.

"They have profited at the farmer's expense under policies which assure cheap prices at the farm," he said. "So, we are saying, in effect: This is the end. We are going to call a halt to the disappearance of the family farms."

OWN RISK

He said anyone who wants to produce unlimited quantities under the proposed program would do so at their own risk.

Two amendments from the floor caused the 1972 policy statement to reject community programs in birth control and

to call for immediate withdrawal of U.S. troops from Vietnam.

As submitted the statement termed overpopulation as a threat to mankind and proposed that social workers teach and administer contraceptive methods for family planning and that community programs in birth control and family planning be established.

A flood amendment adopted and called upon the people of the world "to encourage realistic family planning."

The statement also called for a definite timetable to withdraw from Southeast Asia. A floor amendment adopted changed this to immediate withdrawal.

Ed Smith of Jamestown, N.D., was elected vice president of the organization.

Plans Schools

JERUSALEM (AP) — Israel will spend \$3 million in the next three years for new primary schools in Israeli Arab villages. Seven new high schools also are planned for the villages at a cost of \$75,000 each.

DIES — William Lawrence, ABC news correspondent, above, died Thursday night of a heart attack. He was in New Hampshire covering the presidential primary campaign.

Fruit Trees Are Unhurt

Although the temperature dipped to 25 degrees Wednesday night, Bill Fryrear, superintendent at the Big Spring Experiment Station, said today the budding fruit trees and vegetation around town probably were not hurt.

"Most of the things that are coming up this time of the year can stand a slight freeze, and I don't think that the freeze we had last night hurt anything," Fryrear said. The station superintendent explained that the freezing temperatures did not hold long enough to do any damage. He said approximately 15 to 30 minutes before sunrise is the time temperatures dip lowest. The low Wednesday night was 25 degrees, and by 8 a.m. the temperature had climbed to 30. However, Fryrear anticipates more hard frosts here before the winter season is over, which could damage the fruit trees.

Suicide Attempt Is Investigated

A report of an attempted suicide was received by police Thursday night, after an Alert ambulance unit requested police to meet him at 1625 E. 3rd, Apt. 2.

A 23-year-old woman had slashed her wrists in an attempt to kill herself. However, she was not injured seriously. Police took the woman into protective custody at the scene, and according to Jack Jones, detective captain, County Judge A. G. Mitchell was notified in reference to the case.

Has New Number

The United States Civil Service Commission today announced a change to its toll-free information number. Anyone in the 29 West Texas counties served by the El Paso area office may now obtain information on federal employment applications and a public information procedures by calling, toll-free, 800-582-7000.

Law Enforcement School For Women Scheduled

A law enforcement school for women will begin here Monday, according to Howard County Sheriff A. N. Standard. The week-long school, co-sponsored by the State of Texas and the Howard County Sheriff's office, is the first of its type outside of the large metropolitan areas. The program will have certified state instructors as well as District Judge Ralph W. Caton and a local attorney as advisors.

The State National Bank FEDERAL RESERVE BANK

Liberals Propose Own Rules For Picking Demo Delegates

HOUSTON (AP) — Backed by a threat to form a challenging delegation, Liberal Democrats have developed their own proposed rules for selection of the Texas delegation to the party's July national convention in Miami Beach.

Three sets of rules have now been proposed and Judge Woodrow Bean of El Paso and Jim Simpson of Texas City have challenged Chairman Roy Orr to submit all three for action at a March 13 Dallas meeting of the party's state executive committee.

Bean and Simpson said at a Thursday news conference any delegates selected through use of the two proposals drawn earlier would not be seated at Miami Beach.

GAME OF RULES State Rep. Curtis Graves of Houston attended the news conference and said he would help others organize a challenging delegation if the Texas delegation is not selected under the Bean rules.

The game of drafting rules began after the National Democratic Executive Committee established guidelines to assure proper convention representation by such groups as women, blacks, and Mexican-Americans. An initial set of proposed Texas rules named after William R. Anderson of Corpus Christi was replaced by a 13-8 vote by a state rules subcommittee by a set named after John S. Brunson of Houston.

TAKE IT ALL Bean, Simpson, Graves, and W. V. Ballew Jr., Houston attorney who finalized the Bean rules, said the Anderson rules would carry out the presidential preference concept only through the precinct level and that the Brunson rules merely place in writing the "winner-take-all" rules that have been used more than 50 years.

Charles Hood, 105 E. 10th, move residence structure, \$60.

A 3 p.m. March 12 meeting at the Adolphus Hotel in Dallas was scheduled by Bean who urged Democrats from across the state to attend.

Bean said his rules would guarantee that 75 per cent of Texas delegation would be selected through county or senatorial district caucuses. He said any adjustments needed to meet requirements pertaining to minority groups would be made by the state convention nominating committee which would select the remaining 25 per cent.

Six Graduate To Boy Scouts

The Blue and Gold Banquet of Cub Scout Pack 29 was held last week, as six boys from the Pack were graduated to regular Boy Scout units.

John Mark Elliott, Kim Lorn, John O'Brien, Rodney Sanders, Jean Gomez and Roland Key completed their years in Webelos and will move into Scout units around the city.

Highlighted by a birthday party for Chris Canter, 9, the Blue and Gold banquet boasted a big attendance, while each enjoyed a fine dinner.

Center pieces, placemats and other decorations were made by the young scouts for the affair. Many of the youths received awards in the banquet including:

Bobcat Award — Tony Everts, Leon Huedia, Mike Canter, and Kenny Capps. Wolf — Kenny Lee, Tommy Ashton, Brady Long, Harold Danford, Jesse Elliott, and Cary Godfrey. Arrow points — Lee, Ashton, Long, Danford, Elliott, Godfrey. Keith Middleton received a recruiter tie slide, Suzanno Alvarez, a dinner badge; Christ Canter, an assistant denner; and Paul Kistler, an assistant denner. In the Webelos athletic awards went to John O'Brien, James Parker, Randy Cregar, and Rodney Sanders, and Kim Long received an artist badge, Dale Earnest a scientist, and Terry Everts a bear badge.

THEFTS

Travis Olivar, 1900 Nolan, reported Thursday that his house had been broken into and \$195 in bills and \$32 in coins were taken from the home. Officers reported the burglary took place sometime between Feb. 29 and March 2.

copies of his proposals widely before the March 13 meeting by sending copies to all members of the state executive committee and to each of the 254 county chairmen. He charged that only the 21 members of the rules subcommittee have seen copies of the Anderson and Brunson rules. "What the people don't know will kill them," Ballew said. Bean plans to distribute

BOB SHANE AND FRIENDS — Bob Shane (left) and other members of the New Kingston Trio come to Big Spring Saturday night to appear before what looms as a sellout crowd at the City Auditorium. The show, sponsored by the Big Spring Jaycees, starts at 8 o'clock. The vocalists will also appear at Webb AFB.

Prince Prefers Planes To Rugs

SAN ANTONIO, Tex. (AP) — An Arabian prince who wants to be treated "just like everybody else" is headed for pilot training after completing the U.S. Air Force officer school here.

Li. Nasser Bin Saud, 29, a son of the late King Saud of Saudi Arabia, disclosed his identity in an interview.

He said he spent the past five months here with no one knowing his true identity, living in barracks like the other foreign officers who train at Lackland Air Force Base.

In ceremonies earlier this week, he became the first person from the Arab world to graduate from Lackland's Officer Training School, officials said Thursday.

"Please cut out that stuff of royal highness," he told an interviewer. "Just call me Nasser. He said he preferred being anonymous. "I felt more comfortable this way, and I wanted to be treated just like everybody else," he said.

Nasser studied English for two months with other foreign officers at Lackland's Defense Language Institute before entering the officers school. His next assignment is pilot training at Laughlin AFB, Del Rio, Tex., spokesmen said.

He said his uncle is King Faisal, the present monarch of Saudi Arabia, whom he praised highly.

The Saudi Arabian government is helping the people and bringing the country into the 20th

OPPORTUNITY!

If you enjoy meeting people, you can make a surprisingly large income as a representative of the National Motor Club right in your own home town. No sales experience is needed. Every automobile driver is a prospect... your relatives, your friends, your minister, your grocer... everyone who drives a car! Our representatives operate their own business and are home with their families every night. Yearly income in excess of \$12,000 are common with our representatives. For your free copy of our 12-page brochure "Your Profitable Road Ahead With NMC" write or call National Motor Club, Executive Offices, 2711 Cedar Springs, Dallas, Texas 75201, (214) 747-9708. Note: If you are not personally interested in a career with the National Motor Club, please pass this information along to a friend who may be interested. Thank you.

COPE Will Hand Down Endorsements

GALVESTON (AP) — The Texas AFL-CIO Committee on Political Education (COPE) meets today and Saturday to hear major candidates for top state offices.

At the conclusion of the meeting the group will hand down endorsements.

The delegates represent locals from throughout the state and were elected by union members.

Texas AFL-CIO president Roy Evans said Thursday two-thirds of the top labor leaders in Texas had reached consensus agreement on endorsements in all but the gubernatorial race.

He said labor leaders agreed last October to endorse Ralph Yarborough for U.S. senator.

The announcement brought criticism from Barefoot Sanders of Dallas, who opposes Yarborough as another candidate for the Democratic nomination.

Sanders said in Houston he was surprised to hear of the endorsement by Evans. He said he was of the opinion that he and other candidates were to air their views on campaign issues before any decision was reached on endorsement.

Evans' announcement "has all the appearances of bossism," Sanders asserted.

Other endorsements made public Thursday by Evans included State Sen. Joe Christie of El Paso for lieutenant governor, Houston lawyer John Hill for attorney general, incumbent John White for agricultural commissioner and incumbent Bob Armstrong for land commissioner.

Evans said State Rep. Frances T. Farenthold of Corpus Christi was the only gubernatorial candidate with a chance of endorsement by labor leaders. He hinted a compromise on the governor's race might be worked out in an executive committee meeting Saturday.

Purchase Is OK'd By Water Board

Purchase of a backhoe attachment costing upward of \$6,000 was approved by directors of the Colorado River Municipal Water District in a meeting here Thursday.

Directors also instructed the general manager, O. H. Ivie, to require all operators drilling for oil on district lands, to use metal slush pits; also to post performance bond (or escrow funds) to insure clearing of the site following termination of drilling.

The board also agreed to a lowering of the daily contract quantity of the Chevron and Atlantic-Richfield unit to 1,260,000 gallons per day. Also discussed was the application of some \$204,000 the district will get from an anti-trust suit against pipe manufacturers. P. C. Harbour, new president of the district, also announced appointment of committees.

MALIGNANCY IN THE MOLURUS — Operating team, including a zoologist and veterinary surgeon, examine a giant python snake (python molurus) in Vienna Thursday, after operating on the snake earlier this week to remove a cancerous growth from its lungs. The malignancy was detected through X-rays.

Local Girls Place High In Contest At Amarillo

Seven Big Spring High School girls have placed high in the recent Office Education Association Area contest in Amarillo last week.

Since a total of 60 students entered the contest, only the top 10 students were recognized from schools around the area.

Big Spring vocational education students placed third in the top 10 with a skit of office occupations written by Gayla Williams, and enacted by Deborah Davis, Betty Pitts, Marlina Spargo, Elaine Durks and Polly Wade.

In other competition, Rita Perry placed fifth in job application and fifth in verbal communications categories. Elaine Burks placed sixth in verbal communications. In the typing and related occupations cluster contest, Deborah Davis also placed sixth, while Betty Pitts placed first in the same field.

Due to her superior performance, Miss Pitts will go on to state competition March 24 and 25 in Fort Worth, according to Mrs. Vonna Jean Swin, vocational education coordinator at BSHS.

According to Mrs. Swin, the local students put many hours into preparation for the contest, considering that each girl goes to school part of the day and then works at her respective job the rest of every weekday. Also considering the area

Oral Roberts Autobiography 'Hard-Hitting'

Oral Roberts, long famed as one of the world's leading evangelists, has written a hard-hitting, no-holds-barred autobiography (THE CALL, Doubleday, January 21, \$4.95) chronicling the course of his life from poor beginnings in Ada, Okla., to the successful completion of a life-long dream — Oral Roberts University in Tulsa.

Himself the son of a Pentecostal minister, Oral Roberts felt "called" by God to a life of preaching and healing after his own miraculous recovery from tuberculosis at the hands of a traveling evangelist. His ministry began with a great deal of faith and little money in Enid, Okla., where he was pastor in a Pentecostal church. Despite occasional failures, he became so successful that in 1948 he purchased his first tent with a seating capacity of 3,000, which rarely was filled to less than overflowing. Finally, in 1954, Roberts added a more immediate medium — television. In 1967, he re-joined the Methodist church of his youth. In recent years he has devoted more and more time to the newly founded and accredited Oral Roberts University.

Less than two weeks remain for prospective teachers who plan to take the National Teacher Examinations at Howard County Junior College April 8, to submit their registrations for these tests to Educational Testing Service, Princeton, N.J. Dr. Wayne Bonner, Howard County Junior College, announced today. Registrations for the examinations must be forwarded so as to reach the Princeton office not later than March 16. Dr. Bonner advised.

"Bulletins of Information" describing registration procedures and containing registration forms may be obtained from Dr. Bonner or directly from the National Teacher Examinations Educational Testing Service, Box 911, Princeton, N.J., 08540.

At the one day test session a candidate may take the common examinations, which include tests in professional education and general education, and one of the 25 teaching area examinations which are designed to evaluate his understanding of the subject matter and methods applicable to the area he may be assigned to teach.

Candidates for the common examinations will report at 8:30 a.m. on April 8, and should finish at approximately 12:30 p.m. Dr. Bonner said. The teaching area examinations will begin at 1:30 p.m. and should finish at approximately 4:15 p.m.

Deep Wildcat Is Added In Dawson

Dawson County gained a deep wildcat as a stepout from the three-well Dupree (Fusselman) field eight miles northwest of Midland.

Glasscock County picked up an extension of the Spraberry Trend, and Martin had four locations to indicate that there is still life left in the Spraberry Trend boom in that area.

"Bulletins of Information" describing registration procedures and containing registration forms may be obtained from Dr. Bonner or directly from the National Teacher Examinations Educational Testing Service, Box 911, Princeton, N.J., 08540.

COMPLETIONS

ASSOCIATED — Tom Brown No. 1-15 Priddy, 1,320 from the north and west line section 15-36-T&P. Total depth 8,550. Plugged back to 8,502. Set 15-in. of 8,550 perforations 6,978-8,446. Occid with 3,000 gallons. Traced 130,000 gallons and 260,000 pounds. Initial potential pumping production 126 barrels per day. 12 barrels water. Gas-oil ratio 913:1. One mile east extension.

DAILY DRILLING

MARTIN — Tom Lindsey drilling 5,220. Cox No. 4 Mabee drilling at 6,990. Cox No. 3-B Hall drilling at 6,910. Cox No. 2-B Stinson drilling at 4,910.

LOCATIONS

WEST TEXAS — Titul Oil and Gas Inc. of Monroe, La. No. 1 Futrell, 467 from the north and west line section 40-44-ELARR, eight miles north of Lahoma, one location north of the three-well Dupree (Fusselman) which produces at 11,670 feet.

SPRABERRY TREND — John I. Cox No. 2 Burley, 1,320 from the north and west line section 3-38-T&P, six miles northwest of Midland.

Cox No. 2 Mary Waters, 1,320 from the south and west line section 37-38-T&P, 15 miles northwest of Midland.

Cox No. 2 Hall, 1,320 from the south and west line section 38-38-T&P, seven miles northwest of Midland.

Cox No. 1 W. O. Orson, 1,320 from the south and east line section 3-38-T&P, 15 miles northwest of Midland.

Cox No. 2 Hall, 1,320 from the south and west line section 38-38-T&P, seven miles northwest of Midland.

Sun sets today at 6:45 p.m. Sun rises Saturday at 7:40 a.m. Highest temperature this date 88 in 1952; lowest temperature this date 41 in 1917. Maximum rainfall this date 26 in 1926.

Pisa Leaning

PISA, Italy (AP) — An international tender will be called by 1975 for funds and ideas to stop the Tower of Pisa from leaning further with the threat of falling. Public Works Minister Salvatore Lauricella has announced.

A commission of 25 experts has studied the changes in the tower's stability. The tower is 4.4 meters off center, and its inclination increases by one millimeter a year.

The government has set aside \$5.5 million for the work.

PROSTITUTES' PHOTOS DISPLAY DRAWS PICKETS

BERKELEY, Calif. (AP) — The University of California Art Museum agreed to close for one day a display of prostitutes' photographs after the exhibit was picketed by women's liberationists.

Ellen Sandor, national secretary of the National Organization of Women, and about a dozen other women marched outside the museum Wednesday where the E. J. Bellocq photographs, showing prostitutes of 1912 in various stages of dress and undress, are on display.

Museum official Bonnie Baskin said, "They are beautiful — some of them appear the way your grandmother would have as a young girl."

"These pictures are about as lascivious as a dog food ad," she added.

Bellocq, of French origin and believed to have died in 1938, photographed the girls in New Orleans brothels. Most are fully clothed, naturally posed with flowers and pets, but some are nude.

The demonstrators said they perpetuated the degradation and exploitation of women.

"Why don't you have any photos of the male buyers?" yelled one of the demonstrators.

Miss Baskin consulted with other museum officials and agreed to post the demonstrators' letter of protest next to the display, and to close it on March 8, which is International Women's Day.

"Far out," said Mrs. Sandor, and the demonstrators dispersed.

Unemployment Figures Lowest In 17 Months

WASHINGTON (AP) — The nation's unemployment rate dipped in February, and workers' average earnings kept well ahead of the rise in living costs, the government reported today.

The jobless rate declined from 5.9 to 5.7 per cent of the work force, said the Bureau of Labor Statistics.

The bureau said today's rate was the lowest in 17 months — since the 5.3 per cent of October, 1970.

It also said average weekly earnings of some 45 million

rank and file workers — more than half the nation's employed total — rose 35 cents per week to \$130.27 because of the rise in the length of the work week.

The bureau's report said this represented an earnings gain of \$7.66 or 6.2 per cent over the past year. The 3.4 per cent rise in consumer prices over the same period left workers with a net wage gain of \$3.24 per week.

The actual number of unemployed persons last month remained unchanged at 5.4 million, but after seasonal adjustment for the usual February rise in joblessness, the bureau figured it as a decline.

Total employment increased slightly from 79.1 million to 79.3 million, but was unchanged on a seasonally adjusted basis at 80.6 million, the report said.

A gain in service jobs was partly offset by a decline in

construction work.

The length of the average work week rose 12 minutes to 37.2 hours. In manufacturing, the work week increased 24 minutes to 40.4 hours, highest in more than two years, the bureau said.

Average hourly earnings remained unchanged at \$3.54, it said.

Unemployment among men dipped from 4.2 to 4 per cent for a total of 2.4 million. The jobless rate for women showed the biggest decline, from 5.5 to 5 per cent with a total of 1.5 million. The rate for teen-agers rose from 17.8 to 18.8 per cent with a total of 1.3 million, the report said.

The jobless rate for white workers dipped from 5.3 to 5.1 per cent with a total of 4.3 million. The rate for other races — mostly blacks — was down slightly from 10.6 to 10.5 per cent with a total of a little over

one million, the bureau said.

The rate for white-collar workers declined from 3.6 to 3.3 per cent. This was mainly a result of a reduction in joblessness among professional and technical workers, whose rate moved down from 3.1 to 2.5 per cent, its lowest level in eight months, the bureau said.

The average duration of joblessness increased to 12.5 weeks in February. It had fluctuated between 11.4 and 12.6 weeks over the past 10 months, said the bureau.

Joblessness among Vietnam era veterans declined from 8.5 to 7.4 per cent for the lowest rate in more than a year.

"About 4.1 million veterans were in the labor force in February; 3.7 million held jobs and 400,000 were unemployed," the bureau said.

The federal government has been conducting a special program to find jobs for returning veterans.

Exam Registration Deadline Nearing For Instructors

Less than two weeks remain for prospective teachers who plan to take the National Teacher Examinations at Howard County Junior College April 8, to submit their registrations for these tests to Educational Testing Service, Princeton, N.J. Dr. Wayne Bonner, Howard County Junior College, announced today. Registrations for the examinations must be forwarded so as to reach the Princeton office not later than March 16. Dr. Bonner advised.

"Bulletins of Information" describing registration procedures and containing registration forms may be obtained from Dr. Bonner or directly from the National Teacher Examinations Educational Testing Service, Box 911, Princeton, N.J., 08540.

At the one day test session a candidate may take the common examinations, which include tests in professional education and general education, and one of the 25 teaching area examinations which are designed to evaluate his understanding of the subject matter and methods applicable to the area he may be assigned to teach.

Candidates for the common examinations will report at 8:30 a.m. on April 8, and should finish at approximately 12:30 p.m. Dr. Bonner said. The teaching area examinations will begin at 1:30 p.m. and should finish at approximately 4:15 p.m.

Street Chase 'Kills'

PHILADELPHIA (AP) — Police shot one man to death and wounded two others Thursday night in a melee that broke out in an alley where a Hollywood movie crew was filming a street chase scene.

Police said the dead and wounded were residents of the building who had been drinking beer and throwing debris into the narrow alley where the filming was taking place. Officers said the men refused to disperse, then attacked officers who climbed up the fire escape on which they were standing.

The dead man was identified as Leroy Shenandoah, 34, of N. Y. Police Inspector Lawrence Love said Shenandoah had grabbed a policeman by a beard and was trying to throw him over the fire escape railing, but the officer was able to unholster his revolver and fired six shots at Shenandoah.

The officer, Patrolman Albert Montano, was hospitalized with nose and shoulder injuries. A companion, Sgt. Thomas Rambo, suffered a broken ankle in a struggle with at least four other men, Inspector Love reported.

Love said Rambo shot one man in the right arm. He was identified as Raymond Moses, 19, of Syracuse, N.Y.

Also wounded was John Benedict, 26, of Corwell Island, Ont. Love said Benedict was hit by one of the bullets fired by Montano.

Don Goldman, production manager of Bagman Productions of Hollywood, said he had a crew of 25 people shooting a scene where one car was to chase another up the alley. He said the scene had been filmed once and the trouble broke out as the crew was setting up for filming another angle.

Police said a mattress was thrown down from the fire escape after officers were called to the scene, then the fight between the police and four or five men on the fire escape be-

gan as the two officers went up.

The men, who were working as ironworkers at construction sites, lived in the building.

Goldman said the film was titled "Folks in Blue," a low-budget production about two men.

Rehab Center Sets Clinic

The Dora Roberts Rehabilitation Center, in cooperation with the Howard County Easter Seal Society, will conduct its next orthopedic clinic at 9 a.m. Saturday. Parents may pre-register children by calling the center, 267-5387, or register them at the center before noon on March 4.

The clinic will be under the supervision of the center's medical advisory committee, and the medical director of this clinic will be Dr. Pete Rhymes, local orthopedic surgeon.

All children from surrounding areas are eligible to attend. One should contact his family physician to have children referred to the clinic. Children who attend this clinic will be eligible to apply for the State Crippled Children's Program.

It is hoped that through this clinic children who have not yet been treated might be located and helped. This will be a clinic to give each child a complete evaluation. No charge will be made for services rendered.

The medical advisory committee is composed of Rhymes, Dr. Roscoe B. Cowper, Dr. W. A. Riley, Dr. Neil Sanders, Dr. Louise Worthy, Dr. Steve Funderburk and Dr. James Kreimeyer. Dr. Worthy will be the pediatrician for the next

Welfare Bill Term Probed

DALLAS (AP) — A 32-year-old mother of two children faced a three-year probation term Thursday for theft by false pretense in Texas' first welfare fraud case tried before a jury.

Ethel M. Gray also must pay back the \$857 she received fraudulently under the state aid to dependent children program, Criminal District Court Judge John Mead ruled Wednesday. He set payments of \$25 per month.

Mrs. Gray was the first of 35 welfare recipients to stand trial on such theft charges, punishable by 2 to 10 years in state prison.

She was indicted last November for receiving \$107 a month from November 1970 to June 1971 from the state welfare program while earning \$32 per week as a nurse's aide at Dallas Parkland Hospital.

Prosecutors argued that Mrs. Gray "bilked the public treasury" by committing a "planned, thought-out and continuing crime." They asked a two-year prison term.

Vincent Perini, defense lawyer, argued that her term should be probated. He placed seven witnesses on the stand.

He said Mrs. Gray would "live up" to the terms of probation.

Welfare Bill Term Probed

DALLAS (AP) — A 32-year-old mother of two children faced a three-year probation term Thursday for theft by false pretense in Texas' first welfare fraud case tried before a jury.

Ethel M. Gray also must pay back the \$857 she received fraudulently under the state aid to dependent children program, Criminal District Court Judge John Mead ruled Wednesday. He set payments of \$25 per month.

Mrs. Gray was the first of 35 welfare recipients to stand trial on such theft charges, punishable by 2 to 10 years in state prison.

She was indicted last November for receiving \$107 a month from November 1970 to June 1971 from the state welfare program while earning \$32 per week as a nurse's aide at Dallas Parkland Hospital.

Prosecutors argued that Mrs. Gray "bilked the public treasury" by committing a "planned, thought-out and continuing crime." They asked a two-year prison term.

Vincent Perini, defense lawyer, argued that her term should be probated. He placed seven witnesses on the stand.

He said Mrs. Gray would "

BRIGHT LIGHT — Miss Sandi Torkelson, 18, of Clinton, Wis., was chosen Miss Rural Electrification in a contest Wednesday night during the 30th annual convention of the National Rural Electric Cooperative Association in Las Vegas, Nev. (AP WIREPHOTO)

Girl Mechanic Likes Course

DENISON, Tex. (AP) — While Carolyn Goodwin's husband cruises around the Vietnam area in an aircraft carrier, she's flat on her back repairing automobiles. She may have started a trend.

Carolyn, 19, is the first female to enroll in automobile mechanics here at Grayson County College.

The main reason she's taking the course, she said, is because she does a lot of driving. "If I'm ever stranded, I want to know what to do."

And "My father-in-law is a mechanic and I help him a lot. I just picked up the habit."

Mrs. Goodwin set some wheels turning in the college administration after she enrolled in the course and other girls became interested.

Walter Oyer, the mechanics instructor, said several girls have made inquiries about a course, and Carolyn said, "I think a lot of girls are interested."

She added that most of the

males in her class "would probably like their wives to take the course so they would know more about the cars they drive."

The only trouble Carolyn has had in the course, she said, was with the heavy lifting and getting a tire on a wheel so it would hold air. "I had the most frustrating time trying to get the tire on straight," the blonde said with a frown.

On the lifting, "the guys pitch in and help her," Oyer said.

"We plan to offer a for-girls-only basic course in the spring," Oyer added. "I'll cover such things as inspection of automobiles, drive line, suspension and steering and the elemental checks to be made if something goes wrong on the road." The course also will have a few tips on how to buy new and used cars.

Oyer failed to say who would do the lifting in a for-girls-only class, but he looks like a strong man who could take a lot of lifting when his distaff mechanics weaken.

'New Morality': Tax Break For Singles?

By LYNN SHERR
Associated Press Writer

Whatever else marriage is, it's no longer a guaranteed tax break.

In fact, at most income levels it's cheaper for two working people who earn about the same income to stay single than to get married and file joint returns. New changes in the tax law, which were adopted to relieve the long-time burden of single taxpayers, are unwittingly favoring the "new

morality" of living together or the old morality of only one working partner.

For instance, an unmarried man and woman each earned \$12,500 in 1971. Taking the standard deduction and one exemption each, each will pay \$2,177.75 in tax this April—for a combined total of \$4,355.50. If they were married and filed a joint return, they would pay \$5,068—or \$712.50 more.

Of course, it's only a bargain when the earnings of two sin-

gles equal the total earnings of one married couple. An unmarried bachelor earning that \$25,000 all by himself, for instance, will pay \$6,320 in federal taxes this April.

The situation isn't a drastic change from years past—just a general leveling off of payments which makes the single pay a little less than before. As a result, married couples pay slightly more in relation to two singles with approximately equal earnings.

It's all due to the government's effort to give a break to singles—like that \$25,000-a-year bachelor—who have long paid the highest tax rates in the nation.

The Tax Reform Act of 1969 reduced the rates for singles, who used to pay as much as 40 per cent more than marrieds, so they now pay only up to 20 per cent more. These changes, taken with the raise in the standard deduction to \$1,500, all finally effective over a three-

year period, are making it look as if the government favors a pair of unwed workers over those who are married.

It is a surprise even to the government which was merely responding to years of pressure from the nation's divorced, bachelor and widowed taxpayers.

Tax sources within the government say they are studying the problem, but have no immediate plans to change the rates.

Big Spring History Is Reviewed

A history of Big Spring was related by Mrs. H. C. Stipp for members of 1946 Hyperion Club Wednesday in the home of Mrs. Rene Brown, No. 3 Highland Heather.

Mrs. Stipp distributed maps showing the location of homes belonging to some of the first citizens of the city. She also read names of those who signed the charter for the city.

A nominating committee was appointed to choose a slate of officers to be presented at the next meeting, at 1 p.m., April 5 in the home of Mrs. Rip Patterson, 814 W. 17th. Members of International Women's Club will be guests, and a book review will be heard.

A LOVELIER YOU Tinted Hair Requires Careful Treatments

Today's hair-coloring products, both color agents and built-in conditioners, are predisposed to treat your hair kindly. But brittleness is an ever-present possibility, for the reason that the coloring process increases porosity by design to make way for lasting results.

Obviously conditioning treatments should keep pace with tinting. All the grooming products used — shampoos, setting lotions and hairsprays — should be formulated to provide gentle, corrective care without affecting color tones. All such preparations are labeled accordingly. You have to do something of a label reader to care for tinted hair.

And, in addition to codding your locks, you must coddle your tint. Retouching is in order every three weeks, and perhaps more often. The procedure may call for bleaching or retinting the roots, or both. A tinted semi-permanent rinse serves when the shade of the regrowth and tint are close.

Between touchups, a temporary after-shampoo rinse freshens and blends color. Hard, brassy tones respond to a drab rinse with a pearly or bluish cast.

As the weather warms in the spring, a head covering becomes mandatory outdoors.

Let sun and heat get to tinted hair and it becomes straw. Take care!

LOVELIER HAIR
Overcome your hair problems! Send for my booklet, "How To Have Lovelier Hair." Advice includes: corrective care of dry, abused, oily and hard-to-manage hair; expert coloring methods and treatment of tinted hair; hairstyle formulas; tips on perfection cutting, permanents, straightening and grooming. Write to Mary Sue Miller in care of the Big Spring Herald, for your copy, enclosing a long, self-addressed, stamped envelope and 25 cents in coin.

Advises 4-H On Fabrics

Methods of selecting the right fabrics and patterns for particular occasions were discussed by Miss Victor Gene Hughes, Martin and Glascock counties home demonstration agent, for the Drum Right 4-H Club Wednesday in the homemaking room of Garden City School.

Miss Hughes also showed members how to read and mark patterns. Della Smith presided, and plans were finalized for members to attend the county food show at 3 p.m., Monday in St. Lawrence Hall.

HYPERION SPEAKER Explains How Industry Is Controlling Pollution

William Gibson, a senior engineer at Cosden Oil and Chemical Company, discussed industry's progress in fighting air and water pollution when he was guest speaker for the 1953 Hyperion Club Wednesday at Big Spring Community Club.

Gibson said government regulations have set guidelines for industries to follow, and that large companies are greatly improving their means of waste disposal. Recycling of materials is widely used as both a conservation asset and a pollution deterrent.

"Pollution problems in a city like Big Spring are not near as serious as those of a larger city," said Gibson. He outlined regulations concerning smoke from Cosden refinery.

Hostesses were Mrs. Daryl Hohertz and Mrs. Jerry Spence. Guest speaker for the April 5

meeting will be Bob Butler, chairman of the Chamber of Commerce Pride Committee.

Judge's Decision Sobers Painter

LONDON (WNS) — Noelle Trevor Thomas, 47, was careful to pack her latest painting carefully when she sent it to the Royal Watercolor Society for exhibit.

She put one of her early discarded pastels over the front of it to protect it in the moving.

When Mrs. Thomas visited the art show, she discovered that her pastel was being exhibited instead of her new painting.

"It's sobering to discover that judges preferred the early work which I had tossed off without thinking," she said.

Forsanites Entertain Guests

FORSAN (SC) — Maj. (Ret.) and Mrs. M. R. Wilson of Alamogorda, N.M. were guests of his parents, the B. R. Wilsons, and his sister and family, the Arthur Bartons.

The Bill Creagors have returned from Tucumcari, N.M. where they visited his parents.

The A. P. Oglesbys recently became great-grandparents when their granddaughter and her husband, the Darrell Burems of Weatherford, Okla., became parents of a son.

The Phil Moores of Odessa were recent guests of his grandmother, Mrs. J. P. Kubecka.

The L. T. Shoults have returned from Sylvester where they visited their daughter and family, the C.G. Griggs'.

The J. W. Overtons recently visited their daughter and family, the Rev. and Mrs. Mac Robinson, in Fort Worth.

The J. B. Andersons have returned from a visit with their daughter and family, the Dan Hayhursts of Lake LBJ.

The Lee Yarbroughs were fishing recently on the Pecos River.

Church Women Present Skit

A skit depicting the proper methods of visiting newcomers of a community for a church was presented by Mrs. A. A. Graumann, Mrs. Bill Davis and Mrs. Walter Fackall, for the Parish Workers of St. Paul Lutheran Church Wednesday in the home of Mrs. John Foster, 503 Scurry.

Mrs. H. S. Hansen presided, and Mrs. Don Schroder announced she made four banners for Lenten season for the church. Members will serve refreshments to patients at Veterans Administration Hospital March 13.

A devotion, "Prayer in the Garden," was given by Mrs. Moran Oppgaard. Refreshments were served to 12 members. Guests were Mrs. R. Holden and Miss Bertha Schuchert.

Speed Reading Course Set To Begin In Big Spring

Arrangements have been made to conduct a 21 hour course in speed reading. The course is open to anyone above the age of 13 and guarantees every graduate a reading speed over 1,000 words per minute and with at least a 15 per cent increase in comprehension.

After the seven week program a person can read an average length book in less than an hour and understand it better. In addition to speed reading the course also emphasizes improved study techniques, better test taking skills and increased concentration and retention abilities.

The course requires a person to attend one class per week on the evening of their choice. For those who would like more information without obligation to enroll, a series of FREE one hour orientation lectures have been scheduled.

These meetings are free to the public and the course will be explained in complete details including entrance requirements, classroom procedures, class schedule and location. You need to attend only one of the meetings whichever is the most convenient for you. These free one hour orientations will be held as follows:

Tuesday, Feb. 29 at 7:30 to 8:30 p.m.
Wednesday, March 1, at 7:30 to 8:30 p.m.
Thursday, March 2, at 7:30 to 8:30 p.m.
Friday, March 3, at 7:30 to 8:30 p.m.
Saturday, March 4, at 10:30 a.m. to 11:30 a.m., and a final meeting at 2:30 p.m. till 3:30 p.m. Meetings will be held at The Holiday Inn, Big Spring.

Persons under 18 should be accompanied by a parent.

ARCHBISHOP SAYS Ecumenism Is Kingdom Of God

HOUSTON (Spl) — Archbishop Fulton J. Sheen told a Houston audience of 1,400 Feb. 25 the basis of ecumenism is the kingdom of God, and the kingdom will not come until men learn to accept three Christian doctrines, obedience, violence, and love.

Archbishop Sheen, Titular Archbishop of Newport (Wales) and a well known radio commentator, spoke at an ecumenical worship service at Houston's First United Methodist Church.

In defining the kingdom, Archbishop Sheen said that "thy kingdom come," and "thy will be done" mean the same thing and therefore the foundation of the kingdom is obedience to God's will.

"God asks each one of us, 'Will you give me your human nature — give it so totally that I can work through you, talk through you, see through you?'" the Archbishop said.

Deploping the increase of violence in the world, he called for a return to the "violence of heaven." This, he explained, is the self-discipline and training of the will which Americans have largely given up.

Finally, he said, Christians

can realize the kingdom only by learning to "love when love is unreciprocated... that is Christian love."

Members of 15 denominations represented in the Texas Conference of Churches, attended the meeting.

Delegates also passed the following resolutions in the session:

—A resolution declaring April 18-May 17 to be Peace Month in Texas.

—A resolution urging that persons convicted of a crime be fully pardoned if, after serving their court-required probation or prison term, they live an exemplary life and avoid conflict with the law.

—A resolution, broad in scope, urging the Texas Legislature to take new measures concerning youth services and drug dependency.

A section of the resolution which drew fire was a recommendation that possession or use of marijuana should be a misdemeanor, not a felony.

Church Calendar Television Frames Lutheran Witness

CATHOLIC
IMMACULATE HEART OF MARY — Sunday masses at 8 and 10 a.m. and at 6:30 a.m.; Saturday confessions from 4:30 to 5:30 p.m. and from 7 to 7:30 a.m.

BAKAT FAITH
7:30 p.m., each Tuesday, informal discussions on Bahai Faith, 1517 Tucson.

NEW YORK (Spl) — Twenty years ago the Lutheran Church-Missouri Synod had a vision — television to be precise. Television was scarcely five years old at the time but the Lutherans saw in it another way to bring their thought to the people.

In 1952, the 2,800,000 member church pledged more than ten per cent of its budget — \$750,000 — to "television." It had no staff and no program. The series it developed, called "This is the Life," began on two Dumont stations. It is now seen on a weekly basis on more than 400 stations in many parts of the world, in English, Spanish and French.

"This is the Life" is the longest-lived dramatic program in television history. It competes with Lucille Ball and Red Skelton as one of the longest running television shows.

The productions consist of more than 20 half-hours a year that combine family entertainment with a religious message. The episodes are carefully created to reflect current social problems as, for example, a recent half hour starring David Cassidy which

dealt with the problem of drugs. Besides David Cassidy of "Partridge Family" fame, there have been Angie Dickinson, Richard Kiley of "Marcus Welby, M.D.," Susan Lfeher and Joyce Menges of "To Rome with Love."

Just before its 20th anniversary, Lutheran Television took a big jump and left the area of public service for that of prime time and the mass television audience.

"After much research," states Dr. Martin J. Keeb Jr., executive director of Lutheran Television, "we settled on an animated children's program designed for family viewing, 'Christmas Is,' a half-hour special, was presented in the 1970 holiday season and again in 1971.

The 1970 show was seen by more than 25 million viewers and the one-minute spot drew 75,000 successful responses. It was so successful that it was repeated in the 1971 Christmas season and attracted still wider audiences.

For 1973, Lutheran Television plans an Easter special titled "Easter Is," using the same child characters in animation that appears in "Christmas Is." In its selection of television as the best means of reaching the most people, Lutheran Television has spent over \$15,000,000 over the past twenty years to deliver messages of hope and faith to millions of viewers.

Change Urged In Views Of Sexes

NEW YORK (AP) — New York state and Connecticut Methodists, at a recent conference, urged their church's Board of Education to radically revise their portrayals of men and women in church teaching materials.

The materials should portray girls as participants "in muscular activities, scientific endeavors and leadership roles," and as being "capable, brave and self-reliant," the delegates urged.

China Missionary Leads Session At East Fourth

A man who invested 42 years of his life as a missionary in China will lead East Fourth Street Baptist Church in a "Deeper Spiritual Life" conference starting Sunday.

He speaks at both worship services Sunday, then Monday through Wednesday at 10 a.m. and 7:30 p.m. Everyone is invited to hear him, said the Rev. Dale Cain, pastor.

In 1915 Dr. C. L. Culpepper answered the call to the ministry, graduated from Baylor University and Southwestern Baptist Theological Seminary

and in April, 1923, he and Mrs. Culpepper were appointed as Southern Baptist missionaries to China.

After a year in language school in Peking (Peking), he began work in Laichow fu, Shantung for the Yeh Hain country. They moved in 1927 to Hwanghsien, Santung, where he taught in the theological seminary until 1931 when he was named president and served until war interrupted the work in 1942. Interned by the Japanese, he later was repatriated, and while marking time in the States, he earned his Th.D. degree at Southwestern.

In 1944, he was flown back to western China by the Army to train interpreters. Following the war, he was in Shanghai to re-open the All-China Baptist Seminary, which he headed until 1949 when he returned on furlough. While here, the Communists overthrew the

C. L. CULPEPPER SR.
government and took over China.

Unable to return to China, Dr. Culpepper worked with the mission in Hong Kong from 1950-52, then went to Taiwan (Republic of China) to open a Baptist seminary and to do mission work. He retired in 1965, and since then he has been working out of San Antonio in spiritual life meetings.

Prayer Circle Group Views Stewardship

The Prayer Band Mission Circle met Wednesday evening in the home of Mrs. Lillian Woodruff, with the lesson continuing the stewardship series.

Mrs. Lillian Read led the devotions and Mrs. Beatrice Person, chairman, read Psalm 122 and led prayers. Mrs. Essie Person mailed in donations to the Bibles for foreign mission to the word mission branch office.

Serving God is accomplished by serving man, Mrs. Mary L. Ivery, teacher, declared. Stewardship in prayer recognizes that it may not change things, but it brings changes; stewardship of the Gospel means to proclaim it without compromise or sugarcoat because it is the truth.

Mrs. Ossie L. Williams, Fort Worth, daughter of Mrs. Beatrice Person, was a guest, and gave her own testimony in response to the lesson. If most people only applied the time they waste instead in the service of God, they would be good stewards. Her mother recalled when the circle had only a few, but rejoiced in its present growth. Mrs. Williams led the closing prayer; the next meeting will be in the home of Mrs. Person.

Friendship Rare In Man's History

NEW YORK (AP) — Friendship is "the most pleasurable and most difficult of specifically human activities," writes the Rev. Andrew Greeley in a new book published by Doubleday, "The Friendship Game."

But despite its desirability and because of its difficulty, "successful friendship has been a relatively rare phenomenon in human history," concludes the Roman Catholic sociologist.

Which Way Does The ...

WIND BLOWING?
WIND BLOWING?
WIND BLOWING?

The weathervane on the barn gleams in the sun this morning and points due south.

Earlier, before the wind steadied it in its southerly direction, the eagle twirled, turning first one way, then the other.

It reminded me of the way I sometimes feel. Caught in the persistent cry of changing values, confused by the onrush of progressive ideas, I twist and turn, trying to select the good and reject the bad.

I'm glad for the steady influence of my church. The principles it teaches never change. Honesty, integrity and a love of God are important whatever the mores of society. Knowing this keeps me happy in a world of change and upheaval.

Your church can do the same for you.

Any Way You Slice It

Wednesday the Senate approved a \$20 billion bill conceived as an aid to higher education. Some part of it would be available to school districts working toward desegregation, but the main portion would be to provide financial relief to every college in the country. They can use it.

Recently, one of the foreign policy objectives contained in the overtures to North Vietnam was a proposal for \$7 1/2 billion for Indo-China reconstruction.

Last week, Chairman Wilbur Mills came up with a proposal to boost Social Security payments by 20 per cent, at a cost of a few billion.

And, there is still the matter of appropriating funds for welfare programs, if and when they are revamped, and particularly for the guaranteed income plan of the administration (which hasn't much of a chance).

The point is, that just about anything that comes down the pike this year is getting the

blessing of one of both houses in Congress.

This is in the face of a built-in \$25 billion deficit anticipated in the administration's fiscal year budget. This deficit is justified on the grounds that it is needed to stimulate the economy, and that if the same expenditures were made in a time of full employment, there would hardly be any deficit at all.

Alas, we are not in a time of full employment.

Time's Running Out

A few thousand of our people have been lulled into a false sense of unlimited time in qualifying to vote in elections this year.

Those who have not so far registered have missed out on a chance to vote in school elections; those who do not register before Saturday evening will miss out on city elections.

And April 4 is the deadline for registering

and we are not apt to be during the year. And \$25 billion more expenditures than revenues simply means that this amount is added to the already staggering public debt — no matter how many "ifs" you use or how you slice it.

But the temptation to add more programs is too great in a presidential election year, and it makes you wonder if we can survive the luxury of an election.

to take part in the first of the party primaries.

If ever we are going to get people ready to participate in the basic steps of the elections process, we must persuade them to act soon. Between now and April 4, we hope every organization in the area will hammer and hammer at the point.

Our Outlook Bright

Around The Rim

Brian Peay

SOME PEOPLE have told me in the past few months that I had been writing too many stories based on negative views about general aspects of the city.

So to set the record straight, and to balance the editorial see-saw a little more, I can say this with sincerity, in my opinion never before in my life has the future outlook for Big Spring been brighter.

There are different categories on which I base my opinion:

CONSTRUCTION — Look around the city sometime, but do not take too long to do it, because by the time you get around to looking, new facilities will already be constructed.

According to building permits being issued by the city inspection department, in only the first two months of 1972 there has already been three permits issued for facilities on which construction costs will run over \$1,000,000.

THOSE NEW facilities are the new River-Welch Funeral Home facility, the Cox Convalescent Center, and another convalescent establishment, already being built by an out-of-town contractor on Virginia and FM 700.

And that is not taking into consideration the numerous new residence buildings popping up all over the city.

INDUSTRIAL — Just recently did Jack Perry, Big Spring Dress Company manager, report that new lines are being added at the factory, which will necessitate the hiring of 100 to 150 additional employees.

Also what about the good news recently announced about the new facilities at Couden Oil and Chemical Co.? Eagle Mobile Homes Factory is planning enlargement this year also.

AND IF THE right cards fall, Big Spring in the near future could boast about a vastly expanded medical center facility, which reportedly has the possibility of drawing many more

business and construction opportunities into the city.

Also rumor has it that new motel facilities are on the drawing boards for certain areas around the city.

CIVIC IMPROVEMENT — Many areas are involved in this category, which I don't have the space to enlarge upon, but just look at some of the things the various civic clubs are doing for the citizens and the community.

Naming a couple that are in the news spotlight presently, the Jaycees are desperately trying to build new softball facilities by the beginning of softball season for numerous teams that are already forming, and it looks as if they are going to be successful.

Also the Optimists are carrying the banner with their efforts toward recreational facilities in establishing motorcycle racing facilities in the city.

The Chamber of Commerce has recently announced new programs for the coming year, while the Pride Peoples Committee is studying ways to keep the city clean. And the YMCA and HCJC are initiating new programs oriented toward the special interests of the citizens.

ALSO FITTING into this category are the efforts of local governmental agencies toward combining services to save the taxpayers untold amounts in duplicated taxes.

These are only a few things that in my opinion seem to say Big Spring is destined to grow within the next few years. One could go on and on explaining other plans and programs.

A negative viewpoint on some things helps keep one on edge about things that should be accomplished in the city, but it is also necessary to sit back and look at the bright things that have been derived from one's constructive thinking and working.

Heath's Big Burden

William F. Buckley Jr.

The British miners surrounded Westminster recently chanting "We want a yacht," to the tune of "Farmer in the Dell," and it is at this level that the fight goes on in England; a titanic fight, the implications of which are to say the least far-reaching. Concerning which, a few observations:

1. **"THE PEOPLE"** are mad at Edward Heath, the Prime Minister. Mad at him because, taking the measure of the European situation, he called for the entry of Great Britain into the Common Market. It was overwhelmingly the judgment of the nation's leaders that that was what England ought to do. It was what Harold Wilson had recommended that England should do.

But after de Gaulle's rejection of England, which damaged national pride; and after the scare-stories the little-island Englanders circulated, which frightened the general public, the polls began to show an overwhelming majority of the British people opposed to the Common Market. Even so, Edward Heath prevailed. And in doing so, brought with him a huge bloc of Labour M.P.'s, notwithstanding the intervention of Harold Wilson who, smelling political advantage, reversed himself and opposed the Market.

2. **EDWARD HEATH** is a quite unusual political leader. He is not given to public coziness. When he delivers a speech, one has the impression that he hires ghost-writers to remove from it every hint of grace, humor, or eloquence. He is utterly straightforward — indeed rather shabbily eloquent, the way a voice can be in a cavernous airport announcing ho-humility the imminent departure of the next flight. The English are not much used to such matter-of-factness in a Prime Minister. Edward Heath's departure from a style of government which demands of the chief executive theatrical patronage, is among the

issues being decided in England today.

3. **THE ISSUE INVOLVED** is a 25 per cent raise. That is what the miners want. And their demands are made on the basis, with which it is hard to be less than sympathetic, that theirs is a tough, grubby, dangerous occupation. There comes to mind, instantly, "How Green Was My Valley"; and, indeed, it is principally around the coal miners that the whole mystique of British unionism grows; it was the coal miners whose condition, in the last century and even after, was most conspicuously deprived.

4. **CLEARLY, EDWARD HEATH** has waited for public sentiment to turn his way. Cold is a physical pain, and it is cold that the whole of England has now experienced, several hours a day. The impalpable factor is the demoralization of an economy that has been fast abounding in the past couple of years, accumulating healthy dollar surpluses, attracting investments: a quite convincing recuperation.

But Edward Heath and every responsible Englishman realize that the power of labor unions to cause work stoppages, to impose secondary boycotts, to frustrate efficiency, has got to be checked once and for all. To this end, a piece of legislation has been painstakingly crafted, but is not yet on the books. The special despair comes from the suspicion that even if it were, it would prove unenforceable, like all those anti-strike laws in New York State, which militant labor union leaders eat for breakfast.

AND IF HEATH goes down on this one, and England returns to inflation, work-strikes, bureaucratic unionism, demagogic leadership, then not even the relative strength of her fellow members in the European Market is likely to bail her out.

The Washington Star Syndicate, Inc.

'I WILL SAY—CHOU IS SOME PING PONG PLAYER'

Tax Preparers Profit

John Cunniff

NEW YORK (AP) — Although the Internal Revenue Service insists that income tax preparation is not beyond the abilities of most Americans, an enormous industry has developed that says otherwise.

Tax preparers are proliferating, and some of them are highly profitable. One, H & R Block earned nearly \$9 million last year. And local preparers find it a profitable seasonal business.

Last year more than 40 million of the 75 million returns involved payments to tax preparers. At only \$10 a return, which is probably well below the average, this means \$400 million.

Tax preparers need demonstrate no qualifications, either of experience or integrity. As one company states in a letter seeking trainees: "You

don't have to be a college graduate or even a high school graduate. No license is required and you don't need financial experience."

Adding revenue to the industry, publishers have found tax preparation guides to be highly rewarding, even though some of the texts appear to be as complex as the income tax regulations themselves.

This is partly explained by the fact that some of the books may be nothing more than exact copies at a higher price of the 75-cent government book "Your Federal Income Tax." There's no rule that says you can't put your own cover on it.

Tax preparation courses add millions more to the industry, just how much it may be impossible to say. They are offered in college classrooms, in

storefronts and at home by correspondence.

Would it be fair to include the per hour cost of the labor of millions of Americans over their own returns? Perhaps not. That seems to be the way the IRS views it too; you can deduct the preparer's fee but not your own costs.

Pressures now seem to be growing to bring some degree of regulation to the tax preparation industry, and legislation has been introduced by Sen. Abraham Ribicoff, D-Conn., and Rep. Richard R. Hanna, D-Calif.

It seems likely now that tax preparers might in the future be required to adhere to some form of licensing or registration, and the IRS is actively soliciting views on the matter from law and accounting groups.

Going, Going . . .

Marquis Childs

WASHINGTON — In the dark, frigid waters of Antarctica the last of the blue whales are lonely survivors. Now all but extinct, thanks to the relentless pursuit of the factory whaling ships, they were the largest animals on a planet so ravaged by the species known as man.

THE PLUNDER of the oceans and the threat of extinction of so many kinds of sea animals developed in hearings before the subcommittee on oceanography on Sen. Harrison Williams' bill calling for a 10-year moratorium on "endangered species" in the oceans. The difficulty is to persuade other nations to go along with a moratorium.

Two nations, Russia and Japan, do most of the killing today — Russia, 42 per cent and Japan 41 per cent of world whaling. To avoid any seeming violation of the regulations of the International Whaling Commission, the Japanese, according to the testimony of Roger Payne, a marine biologist who is an authority on whales, are putting their whaling ships under flags of other nations that are not members of the commission.

IN THE 19TH century whales were all but exterminated in the Arctic Ocean; that was the heyday of the American whaler when whaling ships sailed from Nantucket and other New England ports for long voyages. But in that era the whale at least had

a chance. The harpooners left the mother ship in small boats for a first-hand encounter and the boats were often smashed to smithereens by the great wounded mammals as they flailed about.

THE POPULAR belief was that the 19th century was the greatest epoch out this is not so. The decade from 1960 to 1970 was at least two to three times as destructive as any other 10-year period that has ever occurred. The big factory ships roam the seas processing oil and meat as they went.

BUT ANOTHER reason speaks to the wonder and mystery of life. If so many of the creatures that once shared this planet are destroyed we shall be the poorer for it. Once gone, no one can bring them back. Millions of years of evolution will be erased in a generation. Dolphins and porpoises were shown to be under assault. They are among the most intelligent of living animals, as scientific experiments and the marine displays in Florida have shown. They can be taught to communicate with human beings with a language of their own. As many as 250,000 to 400,000 a year are being killed by the tuna fishermen.

GOING, GOING . . . gone! Yet with the gavel of the immortal auctioneer in midair there may still be time.

(Copyright, 1972, United Feature Syndicate, Inc.)

Hal Boyle

NEW YORK (AP) — Otto Preminger, a man whose own temperament is as unpredictable as nitroglycerin, believes that violence on the screen is more dangerous to youthful minds than sex scenes.

"I let my own children go to any picture and read any magazine," he said and discuss things with them.

"I think the only thing dangerous to young children is to show them acts of violence. I don't think sex is too harmful or should be made too mysterious.

"But acts of violence lead to war." The producer conceded, however, that his viewpoint was debatable.

"Some psychiatrists think you get violence out of your system by being shown scenes of it," he said.

Preminger has produced, directed or acted in 39 pictures since 1942, and his bald pate

Acts Of Violence

and pendulous lip have become Hollywood landmarks. His latest film, "Such Good Friends," is rated by critics as one of his better ones.

It is said that Otto can reduce even the most egocentric actor or actress to a quivering mass of outraged jelly quicker than any other producer in the industry. But he feels that this picture of him as a studio autocrat is overdrawn. He is, really, he says, a mild man.

The producer, trained to be a lawyer in his native Vienna, likes controversy and sophisticated living. Asked to say what he thought life was in one word, he replied, "Enjoyment."

He put his philosophy this way: "The greatest strength a person can achieve is to live by his own standards and convictions. I could not work if I worried about what others think or say about me."

Work is the keystone of his

life, and his only hobby. He and his staff filter 50 or more scripts a month seeking a story he feels he can turn into a notable film.

These are the things Preminger likes: "Learning from young people—music, vodka and good red wine—modern paintings—the smells and flowers of spring—black and white furniture—beautiful women—foods I can't eat because they make me fat—the privacy and excitement of New York City—the smell of leather—traveling—and active, easygoing people who get things done."

These are what Otto dislikes: "The feel of silk, it makes me nervous—violence, wars—noise—ugly fat women, although I feel sorry for them—the crime wave in New York streets—the lack of control that leads to wars—people who are liars or submissive. I prefer outspoken people even though I disagree with them."

Urgently Needed

David Lawrence

WASHINGTON — A controversy of an unusual nature — to suppress free speech — has arisen as a result of an effort by some members of the Senate foreign relations committee to cause the American government to discontinue its support for the broadcasting news services known as "radio free Europe" and "radio liberty." These have for the last several years won great praise for their daily operations in informing the population of areas which otherwise would not get the truth about news events.

REP. ROBERT Steele, (R-Conn.), declares that the Senate foreign relations committee has received two favorable reports on the radio stations but has refused to make them public, and that a Senate bill to finance the project and a House bill authorizing creation of a semi-governmental commission to oversee a similar service have been stalemated. Mr. Steele says he has requested Chairman J. William Fulbright to publish the reports made to the Senate foreign relations committee and has asked Congress to keep the radio service alive pending a study of the findings in the reports.

Meanwhile, the European press is disturbed over the possibility that "radio free Europe" might be discontinued. The London Times a few days ago said in an editorial that the American station "provides a calmer and more factual news service that is very widely heard in Eastern Europe." The editorial added:

"IT IS NOT always perfect but it

clearly meets a very deeply felt need among its listeners, as any traveler in Eastern Europe can testify. It gives them news about the world and about their own domestic affairs that is not available from their own controlled press. It also has a first class research department which provides background material for scholars, institutions, governments, journalists and other subscribers in the West. This two-way flow of information is needed on both sides and would be very difficult to replace.

"**NATURALLY** Radio Free Europe is a thorn in the flesh of East European governments because it breaks their monopoly of information. For them, truth in any form is an enemy agent. It can therefore be said to undermine their system, but only so long as people want to listen to it.

"**MEANWHILE**, whether its activities can be regarded as improper interference depends on what you mean by delicate. As the Communists themselves never tire of pointing out, delicate does not mean ending the peaceful competition between two systems. What it should mean is codifying the rules on a fair and equal basis.

"There is no reason why these rules should exclude peaceful and equal competition between ideas. Indeed, this is one of the basic values of the Western world which should be most vigorously defended. Nor can

My Answer

Billy Graham

I am a woman, and have been asked to teach a Sunday School class, but I read in the Bible that the Apostle Paul told women to "keep silent in the church." Do you think it is wrong for a woman to take a place of leadership in the church? D.W.

The Apostle Paul was speaking to a group of women who were lacking in good judgment and humility, the women of Corinth. This exhortation was written to them specifically, and not to women in general. There were women prophets in the Old Testament, and many women were active in the church in the New Testament. Paul wrote in Romans: "Greet Priscilla and Aquila, my helpers in Jesus Christ." Romans 16:3. He also wrote: "I commend unto you Phoebe

our sister, which is a servant of the church . . ." Romans 16:1. He also said: "There is neither male nor female: for ye are all one in Christ." Galatians 3:28.

Eve was equally responsible with Adam for the first sin, and women should be allowed to fight sin just like men. They, along with men, have "sinned and come short of the glory of God", and there is no reason why they cannot witness to the saving power of Christ, and help in the ministries of the church.

The only requirement for a teacher in the church is that you first know Christ personally, and that you have experienced His saving power. "The . . . women likewise," wrote Paul, "that they be in behavior as becometh holiness . . . teachers of good things." Titus 2:3.

A Devotion For Today . . .

I wish you all joy in the Lord. I will say it again: all joy be yours. — Philippians 4:4 (NEB)

PRAYER: Father, let Christ's love and joy flow around the world through out chain of prayer this day. Amen.

Class A Teams Clash Tonight

AUSTIN, Tex. (AP) — Eleven teams which have never really come close to winning a state basketball title and Pottsboro, so close last year it could taste it, start play today for championships in Class A, AA and AAA.

Pottsboro lost to Van Horn, 68-67, on a shot in the final two seconds in the 1971 Class A championship game but have rebounded for 35 straight victories this season without a loss.

The Cardinals, led by tournament veterans Jerry Casell and Benny Randles and junior forward Larry Spruiell, who averages 24 points a game, will meet Sanford-Fritch of Fritch in the opening game.

Somerville and Garrison will play the second semifinal game in Class A.

Eight of the 12 teams in the tournament have never been here before, including the entire AAAA field — Odessa, Ector, Henderson, Cuero and Silsbee.

Henderson has the best record in AAA, 28-3, but Odessa poured in over 100 points in four of its final 12 games. Silsbee, at 29-4, would have an even more glittering record if the Tigers had avoided such AAAA powers as Houston Wheatley and Houston Yates, Cuero edged by Taylor, 42-40, in bi-district and Aransas Pass, 65-66, in regional. The AA entries include three newcomers — Whitehouse,

Waco Midway and Roma — and Morton, which lost in the semifinals in 1970. Whitehouse is 35-1 for the season and has the highest scorer in the tournament in Rufus Taylor, who averaged 28 points a game.

Midway is 30-2, including a loss to Temple, a co-champion in Dist. 5-AAAA. Roma, 36-2, topped 100 points five times this season, including a 141-39 victory over Port Isabel.

Morton is 30-4 and has won 18 in a row.

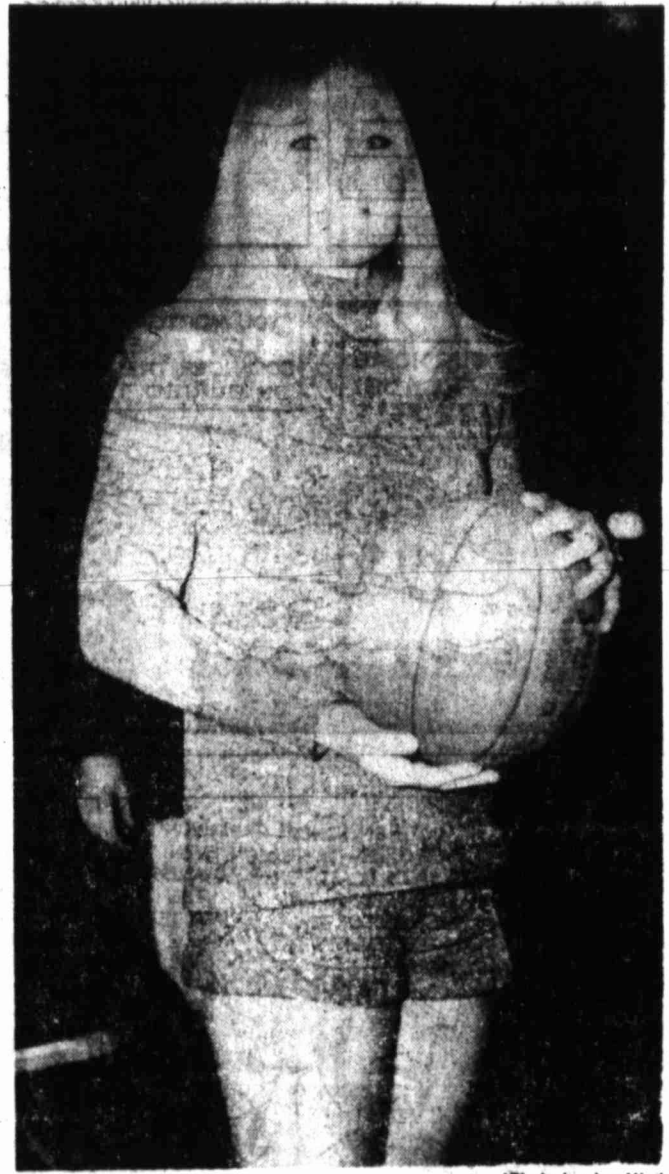

Garrison, which lost in the semifinals last year, and Somerville join Pottsboro and Sanford-Fritch in Class A.

As in recent years, because of the huge crowds, the tournament is split into two weekends. Class B and AAAA champions will be decided next weekend.

Steerettes Go To Abilene Tonight

The Big Spring High School girls go to Abilene this evening for a 7:30 p.m. District 5-AAAA volleyball contest with the Abilene High Eagles.

JV teams of the two teams tangle at 6:30 p.m. The Steerettes will be seeking their second straight win over the Eagles.

HOWARD COUNTY'S BALL GIRL — Daria Caviness, a junior at Texas Tech University, from Phillips, Tex., represented the Howard County Jayhawks as their ball girl in the Region V tournament Wednesday night in Lubbock. Each team in the tournament was represented by a pretty girl from Texas Tech. This is the first year that girls have been assigned the duties of retrieving loose balls for teams in the regional tournament.

Myers Makes All-Region V Team; Young Is Mentioned

Archie Myers, finishing second in national junior college scoring with a 36.2 point average, was selected to the All-Region V first team. The team was named by the coaches.

Myers, the Cleveland, Miss., product who is being courted by over 20 college teams, finished his last season as a Jayhawk Wednesday night in the Region V tournament by scoring 44 points. His output was good enough for second in all-time individual tournament scoring.

Joining Myers on the first team are Larry Kenon, a 6-8 sophomore from Amarillo; Tommy Jordan, a 6-5 sophomore from South Plains; Ben Garner, a 6-4 sophomore from New Mexico; Leon Wallace, a 6-4 sophomore from Hill; and Oren Prunty, a 6-4 sophomore from Schreiner Institute.

Six players from the region were also selected for the second team. They were: Ron Marsh, a 5-9 sophomore from Hill; Quincy Wallace, a 6-4 sophomore from Odessa; Bruce Ott, a 6-11 sophomore from McLennon; Isaac Atkinson, a 6-3 sophomore from Ranger; Walter Hambl, a 6-4 freshman from Western Texas; and Bobby Martin, a 6-4 sophomore from Clarendon.

ARCHIE RESTS — In one of his last home basketball games Archie Myers, left, takes a breather during a time out. Myers was selected yesterday to the All-Region V first team. He donned the Jayhawk uniform for the last time Wednesday in the Region V tournament. He is now resting before selecting one team from the many that have offered him scholarships.

Two Texas Basketball Stars Charged With Rape

EDINBURG, Tex. (AP) — A Hidalgo County grand jury indicted two Pan American University basketball players on charges of rape Thursday.

Leo Totin, 22, of Detroit, Mich., and Reese Stovall, 21, of San Antonio were placed in the county jail when they were unable to set bonds set by Dist. Court Judge J. R. Almaria.

Totin's bond was set at \$13,500 on a charge of rape and a charge of assault with intent to rape. Stovall was held pending \$10,000 bond on a charge of rape.

Edinburg Police Chief A. C. Gonzalez, who arrested the two men on an Edinburg street, said the indictments were the result of an investigation started last November.

Totin was arrested only 80 minutes before he was scheduled to play in Edinburg against Hardin-Simmons University.

Stovall was suspended late Wednesday by basketball Coach Sam Williams after a fight in the university cafeteria.

Stovall had been released earlier Thursday after his arrest late Wednesday on a charge of aggravated assault.

Justice of the Peace Cirio Trevino first set his bond at \$500, then agreed to reduce it to \$300 and later released Stovall on

his own recognizance after Totin pleaded Stovall could not afford the bond.

The aggravated assault complaint was signed against Stovall by David Armstrong, a catcher on the Pan American baseball team.

Stovall, a 6 feet 6 forward and leading scorer for the Broncos with an average of 20.9 points per game, was accused of striking Armstrong in the head with a plate during a fight in the cafeteria. The cut required six stitches.

Totin, a 6 feet 3 guard, played high school basketball at Martin Luther King High School in Detroit, Mich., and was a scoring star for the College of the Desert before transferring to Pan American this season.

Stovall was a standout high school basketball player at San Antonio Wheatley high school and played at Mesa Junior College in Colorado last season before coming to Pan American.

The sealed indictments were returned after the grand jury spent almost two days of hearing testimony from about a dozen witnesses, including some top university officials.

"More arrests are possible," Gonzalez said.

"This investigation has been going on since last November

when some girls complained to the police department," he said.

"The investigation has been concerned mainly with rape and assault with intent to rape, but it has gone into some other offenses," Gonzalez said.

His department also is investigating the use of narcotics by students at Pan American, Gonzalez said.

Further charges are pending and will probably be presented to the next grand jury," he said.

Pan American president Dr. Ralph Schilling, Dean of Women Bonnie Powers, Dean of Men Lino Garcia, Athletic Director Jim Brooks, five female students, a basketball player and a man employed by one of the university dormitories were among those subpoenaed to testify before the grand jury.

Evidence in the investigation was presented to the grand

jury by Hidalgo County Dist. Atty. Oscar McInnis and Gonzalez.

A news conference was to be held in the administration building at 9 a.m. today, a university spokesman said.

Baseball Teen League To Meet

An organizational meeting for the Big Spring teenage baseball league will be at 8 p.m. tomorrow in the Ready Room of the Texas Electric Building on 324 Runnels Street.

Jimmy Felts, president of the league, urges all interested parents to come to the meeting in which plans will be made for the coming season. Coaches and managers of the teams will attend the meeting. Approximately eight teams are in the teen league.

DORAL-EASTERN OPEN

Gilbert Goes For Broke In Tourney

MIAMI (AP) — "I'm just going to go for broke," said Gibby Gilbert was talking about his game plan for today's second round in the \$150,000 Doral-Eastern Open Golf Tournament, an event that has been a key to two comebacks by the resident of nearby Hollywood, Fla.

"You can't do anything playing defensively out here," the stocky, sturdy guy said. "You've got to go for it. I'll try to make as many birdies as I can."

Gilbert, bouncing back after being injured in an airplane accident earlier this year, cut through gusty winds with a four-under-par 68 Thursday for the first-round lead.

Gilbert, a consistent money-winner for two seasons, held a one stroke lead over Super Mex Lee Trevino, veteran Bob Ros-

burg, Dick Lotz, Butch Baird and Jim Colbert.

Masters champion Charles Coody and Paul Harney, the grey-haired club pro who won the Andy Williams-San Diego Open, headed a large group at 70.

Jack Nicklaus, who needs a victory in this one to go past Arnold Palmer on the all-time money list, was three strokes off the pace but promised "it'll be better tomorrow." Gary Player of South Africa matched par 72. Tony Jacklin of England had a 74. Palmer and Bill Casper are not competing.

Gilbert, though not widely known to the public, has been a solid performer since he made his first comeback at this Blue Monster course in this tournament in 1970.

He'd quit the tour in disgust over his poor play the year be-

Steer Juniors Topple Odessa Baseball Team

ODESSA — The Big Spring High School junior varsity baseball team, one run behind going into the last inning, pushed four runs across the plate in that inning to defeat Odessa Ector, 10-7, here yesterday in the JV season opener.

Pat Ray, Steer center fielder, doubled in that last inning and the other runs were made on errors and walks. Odessa was on top 7-4 going into the seventh inning. The Steers unleashed their attack and grabbed four runs in that inning, while Odessa bought a goose egg.

Gilbert Casina, Big Spring right fielder, got three out of five at the plate to lead his team in hitting. He also got a double in the game.

Sammy Rodriguez, Steer shortstop, was at bat five times and gathered two hits.

Big Spring blasted 12 hits while Odessa gathered only eight. Smith was the winning pitcher.

Jayhawk Golf Team Is 14th

LAREDO — Howard County JC ranks 14th in a field of 25 entered in the Border Olympics Golf Tournament as the teams reached the halfway mark here Thursday.

The Hawks posted a team total of 623. Pat Weaver paced the Big Spring team with 77-74.

Other Hawks and their scores included Tim Hamilton, 90-82 — 1662; Steve Cranford, 80-77-157; Tinker Nolan 78-78-154; Charles Harrell, 79-82 — 161; Jarrell Carroll, 84-82 — 166.

(AP WIREPHOTO)

FINED BY LEAGUE — Baltimore Bullets coach Gene Shue was fined \$2,000 Thursday by the National Basketball Association. He was fined for his accusation of "incompetence" on the part of NBA referees.

Shue Mr. Referee Don't Bother Me

NEW YORK (AP) — Baltimore Bullets' Coach Gene Shue has until March 15 to pay a \$2,000 fine for blasting National Basketball Association referees. The statements he made to the press go far beyond the emotional outburst of a coach following a defeat. NBA Commissioner Walter Kennedy said Thursday in announcing the fine.

Kennedy said that he contacted Shue by telephone early Thursday "and he confirmed all of the statements attributed to him . . . and that he fully expected a substantial fine."

The fine was for a blast Shue leveled against officials following the Bullets' 118-117 overtime loss to the Seattle SuperSonics last Tuesday night.

Shue had said after that game: "I'm not going to sit back and let referees destroy my life and my team. They expect coaches to just sit on the bench and be placid—to accept incompetence. I can't accept in-

Keep In Touch

Dear Abby
Abigail Van Buren

DEAR ABBY: So many people complain to you because someone they love and worry about doesn't keep in touch often enough.

I know how one mother solved this problem: When her son, a notorious nonwriter, entered the Army, she presented him with a large packet of stamped, addressed postcards. "Mail me one every week," she said. "Just so I will know you are all right."

Not as good as a letter, of course, but at least she heard from her son once a week. How did I know? He and I were service buddies for two years, and lazy though he was, it was never too much trouble for him to scribble a line or two and drop the postcard in the mail. Perhaps this idea would be useful to some of your readers.

BILL: ABINGTON, MASS.

DEAR BILL: Possibly. But have you ever sent a child to camp with enough addressed, stamped postcards for him to mail one every day? And the kid comes home with all the postcards? (Not to mention a tube of unused toothpaste?)

DEAR ABBY: When my son went overseas with the National Guard in World War II, the youngest in his battery, I tried sending him addressed postcards so he would write to me, but that didn't work.

Then I devised a little scheme. I wrote what was the corniest song ever to be written, "THE EMPTY LETTER BOX," and had it sent to my son's chaplain with a letter. The

chaplain had someone sing it as the band played, and he announced who it was written for. Instead of being mad as he well might have been, my son was contrite and wrote to me saying that I would never have an empty letter box again.

After that, he wrote me once a week, except after the Battle of the Bulge when he was too tired.

Last week when I heard taps blown over his grave I was a proud mother.

MARY PAXTON KEELEY

PHILADELPHIA (AP) — A man went up to the cashier's window of a theater just before closing time, poked a gun at her nose and demanded the day's receipts.

The film being shown was "The Hot Rock," a story involving the theft of a priceless diamond.

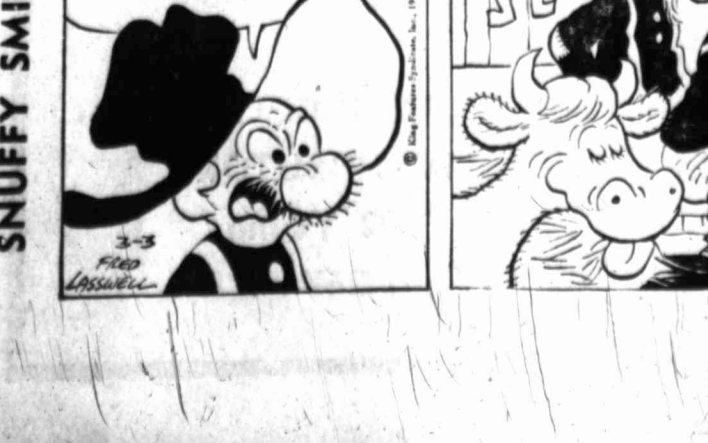

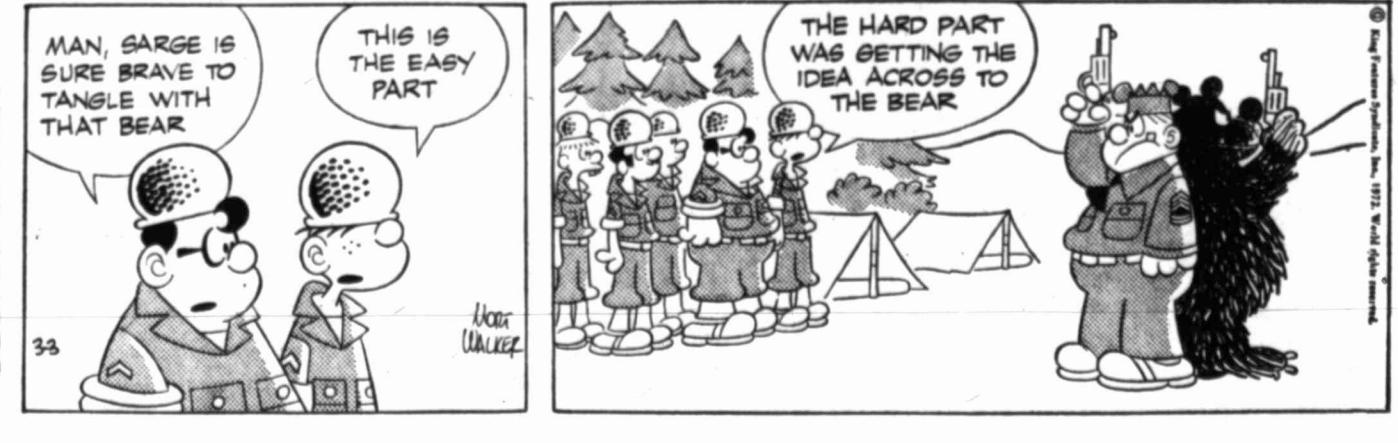

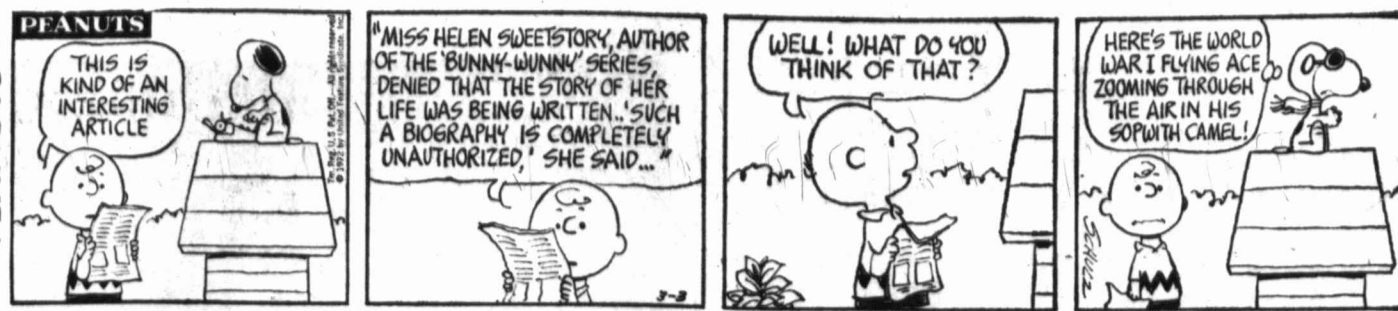

Steals Take

CAPE TOWN, South Africa (AP) — Defense Minister Pieter W. Botha says new legislation will be introduced this year to crack down on draft dodgers.

Strikes Dodgers

One thing our men overseas don't need is women nagging them to write.

Thanks for being a sounding board, Abby. God bless you.

Cerebral Spasms

Your Good Health.
Dr. G. C. Thosteson

Dear Dr. Thosteson: My mother recently suffered what her doctor refers to as a cerebral spasm. Her speech, right arm and right leg were affected. Speech returned promptly and the arm within a few days, but her leg although improved still drags.

Can you describe briefly the difference between a cerebral spasm and a stroke? — H.S.

It may be that we are playing with words but it is sometimes difficult to discover specifically what has happened in a case like this.

Cerebral spasm — a spasmodic constriction of blood vessels somewhere in the brain — is thought to occur occasionally in patients with high blood pressure. In other words, there is an interference with

circulation to some part of the brain.

In broadest definition, this could be regarded as a form of a stroke although not involving an embolism blocking an artery, or a hemorrhage allowing blood to escape from the blood vessel.

The diagnosis of "cerebral spasm" used to be quite common: more recently it has been offered less often because proof of any actual spasm was lacking.

Rather, such attacks are termed transient ischemic (iss-KEE-mick) attacks. In plain English, that means a temporary absence of sufficient blood supply. It doesn't specify the exact cause, by labeling it spasm or anything else.

Another term, "little stroke,"

is often used, too. There is an interruption in the blood supply, but either it resumes quickly through normal channels, or other blood vessels in the area replace enough blood supply soon enough so little function is lost.

For everyday purposes, it doesn't matter too much what you call it — a little stroke, or a transient ischemic attack, or something else. Whatever the term, if blood pressure is high, it is important to try to bring it down to a more normal level.

Your mother's quick recovery of speech and use of her arm is, obviously, a good sign, but the dragging of the leg also means that some brain damage persists. This may ultimately disappear — but she has had a warning and should take what steps she can to avoid further damage. Control of her blood pressure is the foremost one.

Dear Dr. Thosteson: I am 70 and have been going to my doctor for a constant burning down there. He gave me a prescription that didn't stop it and suggested that I use A. and D. ointment which gives only temporary relief.

This has been going on for a year. I have had Pap tests and they are all right. Can you help me? — R.C.

After menopause (sometimes quite a long time after) the tissues of the genital region can become thin, dry and irritated, a condition called kraurosis valvae. That could be your problem.

Use of the female hormone estrogen, either orally or applied as a cream, may help.

But I would suggest a test for diabetes if you haven't had one quite recently, since diabetes can cause genital itching and irritation.

Dear Dr. Thosteson. There has been considerable discussion as to which was worse for you, vodka or bourbon whisky. Would you give your opinion? — A.W.B.

Reluctantly. Strikes me as being in the same category as arguing whether it's better to be run over by a red car, a blue one or a green one.

Skinny Legs

Jean Adams' TEEN FORUM

SKINNY: (Q.) I am skinny. Not slender, skinny. I weigh 102. My legs are real thin. I hate them. I wear blue jeans to school, or maxis, or pants, or boots. How can I get my legs to be fatter? I already eat a lot. Please hurry. I will wear pants until I hear from you. I'm 14. — Bird Legs in West Virginia.

(A.) Your legs and the rest of you will probably get bigger in a few years — but not right away. For now try wearing stockings in very light shades. They will make your legs look bigger. Avoid big chunky, clunky shoes. The jeans and other things you are wearing now are OK.

Eat well, a balanced diet — not just a lot. Walk all you can. Ride a bike, swim, play running games. The exercise will help your legs shape up, if not out.

HAIRINESS: (Comment) You keep getting letters from boys who want hair on their chests. Well, I have a jungle growing on my chest and I can tell them that it is not an answer to all my problems.

Oh, yes, the girls do look at it when I take my shirt off at the beach. But they quickly go back to the important things — my eyes and my face. Those, plus personality, are what count with girls.

Besides all that, I find that so much hair makes me look and feel older than I am, which is 17. Maybe that will make the bare-chested boys feel better. — Blessed, I Guess, in Connecticut.

(A.) The hair-on-the-chest myth is strong. Thank you for helping spread the honest truth about it.

(Jean Adams hits quick, mini answers for the following problems: Excessive Perspiration, Nail Biting, Pierced Ears, Getting a Baby-sitting Job, Best Age To Begin Dating, A Ton Without Sun. For one free mini answer, write to Jean Adams, care of the Big Spring Herald, P. O. Box 302, Houston, Texas 77001. Say which answer you want. Only letters that include a stamped, self-addressed envelope can be answered.)

'Spruce Goose' May Be Evicted

LONG BEACH, Calif. (AP) — Howard Hughes' "Spruce Goose," the controversial giant plywood seaplane that flew only once, is scheduled to be evicted from its roosting spot in a year. The Harbor Commission wants the hangar area for a tanker terminal and gave Hughes Tool Co. until March 4, 1973, to remove the plane, which is eight stories tall, has a fused to renew the industrial-wing span of 320 feet and was designed to carry 700 soldiers across the seas.

Water On Moon Something Else

HOUSTON (AP) — A computer analysis performed by a Washington scientific firm indicates the discovery of water on the Moon announced last fall by Rice University scientists could have been a discharge of urine from the Apollo 14 spacecraft. Last Oct. 15, Dr. John W. Freeman and Dr. H. Kent Hills announced that one of their instruments left on the moon had recorded "a sporadic intense burst of water vapor ions." All previous observations had indicated the Moon to be a totally waterless body. But the analysis by Bellcomm, Inc., suggested another theory. Scientists considered that the Apollo mothership discharged waste water several times during the three-day period it was orbiting the moon. They theorized these particles of water combined and then, a month or so later, after orbiting the moon at a decreasing altitude, collided with the lunar surface producing what Rice instruments recorded. The computer analysis said the theory is mathematically possible. Hills discounted the urine discharge theory. He said if this had been the source of water vapor ions, the instruments would not have detected as many as it did. Hills said the detector had a peak count of about 800 ions but

Philatelic Mail On April Launch Can Be Ordered

NORFOLK, Va. — The U.S. Navy's Manned Spacecraft Recovery forces in the Atlantic and Pacific will catch and cancel philatelic mail for the April 16, 1972 launch of Apollo 16. The special Apollo 16 covers will be processed through postal facilities.

designated coordinators at Norfolk, Va., and Honolulu, Hawaii. From the Hawaii site, First Day covers will be forwarded to the recovery ship. Atlantic covers sent to Norfolk will be processed through the local Post Office, which will use the standard "U.S. Postal Service" cancellation device. This cancellation will not contain the name of an Atlantic recovery ship, since the Atlantic Recovery Force composition will not include a ship with postal facilities.

Josey Condition Still Critical

James Franklin Josey, whose address was listed as Big Spring when he was injured in a truck mishap in Fredericksburg earlier this week, worked in this area but actually is from North Carolina. Josey was a passenger in a truck driven by Thomas L. Serpa, 24, of Lubbock, who crashed into a service station in Fredericksburg. Josey remains in critical condition at the Santa Rosa Medical Center in San Antonio. Josey recently was employed by Clyde Burns of the Ackerly area. Josey is 46.
