

TRYING TO HALT NORTH VIETNAMESE OFFENSIVE

Heaviest Air Strikes Since 1968

SAIGON (AP) — The United States unleashed today the heaviest air attack on North Vietnam since the bombing halt in 1968, trying to cut off the base of the growing North Vietnamese offensive in South Vietnam.

ATTACK TARGETS

On ground fronts, North and South Vietnamese battled for a district town 75 miles north of Saigon. The enemy attack rolled into its eighth day on the northern front. Fighting contin-

ued in the central highlands. U.S. sources estimated 400 planes had attacked targets in North Vietnam, half from 7th Fleet carriers and half from bases in South Vietnam and Thailand. The sources said the attacks were ordered by President Nixon.

Three carriers were committed to the air campaign. Five destroyers offshore added their 5-inch guns to the bombardment. Targets were anti-aircraft bat-

teries and radar stations, surface-to-air missiles, long-range artillery that has been firing across the demilitarized zone, and storage areas.

The North Vietnamese radio said 10 U.S. jets were shot down over North Vietnam during the day. The U.S. Command declined to say whether any planes were lost.

SURROUND TOWN

Sources said all the strikes were south of the 20th parallel, which is 200 miles north of the

demilitarized zone dividing the two Vietnams.

Planes also attacked the North Vietnamese on the northern front of South Vietnam and adjacent areas in Laos.

North of Saigon, elements of three North Vietnamese divisions were reported to have poured across the Cambodian border and surrounded the district town of Loc Ninh, 75 miles north of Saigon and five miles from the frontier. Highway 13 between Loc

Ninh and An Loc, the provincial capital of Binh Long Province 15 miles to the south, was reported unsafe. An Loc was threatened from the north, east and west, field reports said. The highway was reported open from An Loc to Saigon but traffic was restricted.

South Vietnamese troops of the 5th Division were encountering heavy resistance outside Loc Ninh. One officer in the field said casualties on both sides were heavy.

Vietnamese sources said Lt. Gen. Nguyen Van Minh, commander of the 3rd military region, met with Gen. Crockett W. Abrams to request more American air support.

HELP PROTECT

Informed sources said the only U.S. air support available is a squadron of American A37s, which are small subsonic fighter-bombers and some helicopter gunships.

The South Vietnamese planes are all in the north and the

highlands, and the bulk of the U.S. jets and helicopter gunships also were operating above and below the DMZ.

The U.S. Command said the attacks on North Vietnam were "in response to the invasion of the Republic of South Vietnam by North Vietnamese forces who cross the demilitarized zone." It added that they were ordered "to help protect the lives of diminishing U.S. forces."

OUT OF CONTROL

Refinery Explosion Toll Grows

DORAVILLE, Ga. (AP) — An explosion rocked a refinery tank farm today, killing one man and injuring 12 others and police evacuated several hundred residents from the surrounding area because of the danger of further explosions and fire.

Four residents were hurt, two listed by a hospital as in critical condition and two in fair condition.

Eight firemen were taken to hospitals for treatment after they collapsed from heat and smoke.

Three nearby homes were damaged. Three gasoline tanks, each with a capacity of one million gallons, continued to burn as firefighters sprayed water on four other tanks in an effort to keep them from blowing up.

DeKalb County Police Chief F. D. Hand said the city had declared a state of emergency.

Damage was estimated at more than \$4 million. The Triangle Refinery, site of the explosion, is owned by Kerr-McGee Oil Co.

Evacuated families were lodged in a high school.

Refinery foreman Kenneth Womack identified the dead man as Eugene Smith, about 30, a loading clerk.

Debbie Arp, 15, who lives about 100 yards from the tanks, said the blast "sounded like an airplane had fallen into the neighborhood."

"My mother came rushing in yelling at us, 'Get up, get up, it's on fire!' And then we were all running out of the house and into the street."

"About that time we heard another big booming noise from the refinery."

Doraville is a suburb northeast of Atlanta. Womack said the explosion occurred when a gasoline tanker was being loaded.

The refinery is adjacent to the main line of Southern Railway and several men were stationed on the tracks to keep trains out of the area.

A large group of law enforcement officers was on the scene along with several units of the DeKalb Fire Department which was fighting the blaze.

Sheriff, Deputy Slain

PIGGOTT, Ark. (AP) — Sheriff Doug Batey and one of his deputies were killed and another deputy was seriously wounded early today in a shoot-out at McDougal, seven miles west of here, state police said.

State Police said Batey and deputies Glen Archer and Troy Kee went with a warrant to the home of Elbert Ray "Bert" Grissom, 52, to arrest him for assault with intent to kill.

Kee, hospitalized at Paragould in serious condition, said Grissom opened fire with a shotgun without warning as the three got out of the car. Batey and Archer, who was the deputy for the Western District of the county, were killed.

Final Arguments In Sniper Trial

CORPUS CHRISTI, Tex. (AP) — Final arguments were scheduled today in the murder trial of Richard Ridolph, 17, charged with the sniper slaying of a policeman.

Both sides rested Wednesday.

Judge Noah Kennedy turned down a request for a mistrial, requested because a deputy sheriff testified he had been unable to find a witness.

Ridolph is charged with the slaying last August of policeman John Sartain, 22, as the officer was leaving the police station.

Votes To Hike Pay Of Elderly, Blind

WASHINGTON (AP) — The Senate Finance Committee has taken a major step in its drive to provide an adequate income for the nation's elderly.

The committee voted 11 to 0 Wednesday to liberalize payments to aged, blind and disabled welfare recipients, the so-called "adult categories."

The provision would bring an estimated four million welfare recipients, two-thirds of them elderly, above the poverty level established by the government.

It also would mean substantially higher income for another 2.4 million welfare recipients who would remain below the poverty level.

In addition, the committee's proposal would more than double the number of welfare recipients in the adult categories, from 3.2 million to 7.4 million.

The Committee would raise the federal costs of the adult welfare program to \$5.7 billion, compared with \$2.2 billion at present.

The House has approved an increase to \$4.1 billion.

Both the Senate and House versions would establish a uniform national level of payments, with the costs paid entirely by the federal government. Under current law, the costs are shared by the federal government and the states with payments varying widely between states.

The average cash payments to aged welfare recipients is \$76.39 per month, ranging from \$49 in South Carolina to \$168 in New Hampshire.

The Senate committee's proposal would guarantee each recipient \$130 per month. In addition, each recipient would be allowed up to \$50 per month in Social Security benefits and \$50 per month in earned income without losing any welfare benefits.

Fifty per cent of any earnings above \$50 would be subtracted from the welfare payment, but officials say few aged welfare recipients have any earnings.

The Committee voted last week to increase minimum Social Security payments for persons with many years of work under the system.

Action is expected later on an across-the-board boost for all Social Security beneficiaries.

Don Womack Transferred; TESCO Promotes Lock

Tom R. Locke Jr. has been named division manager here for Texas Electric Service Company.

He succeeds Don Womack, who is moving to the company's executive department in Fort Worth as assistant to the vice president for operations.

A mechanical engineering graduate of Texas A & M, Locke joined Texas Electric in 1958 at the company's Permian Basin power plant near Monahans. He moved to Odessa as a power sales engineer in 1960 and to the Western division office in Midland in 1964 in the same position.

In 1965 he was promoted to division sales manager in Sweetwater. He became an executive assistant in Fort Worth in 1969 and later that year was named Fort Worth residential sales manager. He has been here since August 1970

TOM R. LOCKE JR.

DON WOMACK

as an assistant to Womack.

Locke is on the boards of the Chamber of Commerce, the Industrial Foundation and the Permian Basin Chapter of the Texas Society of Professional Engineers. He served on the budget and screening committee of the United Fund.

He and his wife, Marion, have twin 3-year-old daughters, Keely and Kemberly.

Womack, a civil engineering graduate from Texas A & M, started with TESCO in 1958 making water quality studies on the Colorado River. He moved to the executive department in 1962.

In 1965 he transferred to Big Spring as assistant to the division manager and in May of 1966, he was promoted to division manager.

Womack has been active in civic, youth and church affairs while here. He has served as a board member and vice president of the Chamber of Commerce, president of the Industrial Foundation, president of the Dora Roberts Rehabilitation Center and a district commissioner for the Boy Scouts. He was on the boards of the YMCA, Salvation Army, Big Spring Country Club and on the Base-Community Council. He also is a deacon in the First Christian Church.

Womack and his wife, Carole, have three children: Randy, 19, attending Howard County Junior College; Patti, 16, a junior at Big Spring high; and Tony, 9, in Park Hill elementary's fourth grade. The family has made no immediate plans about moving.

Costs Exceed Estimates On 2 County Buildings

By LINDA CROSS
Howard County commissioners have had to amend the 1972 county budget in order to cover construction costs for the remodeling of the Howard County Fair Barns and construction of a Silver Heels Volunteer Fire Station which totaled more than the amounts originally budgeted for them.

The action of amending the county budget was not on the agenda for the commissioners court session for that day, nor was an emergency session called.

"It was routine business. We don't need an agenda item on routine business," said County Judge A. G. Mitchell of the fact that the budget was amended

without public notice.

Originally, remodeling and construction of a new arena at the fair barns was to cost \$17,500. To date, the remodeling project has cost the county \$25,514, and all the bills are not yet in, according to Mrs. Virginia Black, county auditor. Mrs. Black said that labor costs incurred by using road and bridge department employees to do the construction work is to be added into the total costs in addition to other bills for construction expenses.

According to Mrs. Black, \$5,000 had been included in the 1972 budget when it was prepared in July 1971, to cover the cost of repairs and improve-

GOODWILL

Nixons Will Visit Iran May 30-31

WASHINGTON (AP) — The President and Mrs. Nixon will visit Iran on May 30-31 following an eight-day stay in the Soviet Union, the White House announced today.

A statement issued simultaneously in Washington and Tehran said simply:

"His Imperial Majesty Shahanshah Arya Mehr and her Imperial Majesty Shahbanou of Iran have invited the President and Mrs. Nixon to visit Iran and they have gratefully accepted. The visit will take place May 30-31."

The Nixons will arrive in the Soviet Union May 22 and will leave either May 29 or 30.

This would indicate Nixon plans a slightly longer stay in the Soviet Union than in Communist China, which he visited for seven days — almost to the hour.

U.S. diplomats said Nixon's decision to visit Iran reflects longstanding excellent relations between the United States and the strategic Middle East country on the Soviet Union's southern border.

The Shah visited the United States frequently, and former President Dwight D. Eisenhower went to Iran in 1959.

The presidential stop at Tehran thus looms as mainly a goodwill symbol, though items of diplomatic importance are expected to be discussed, too, during his brief visit.

Raped Twice By Abductors

FORT WORTH, Tex. (AP) — Officers found a missing young woman today, several hours after two men shot her escort.

The woman told officers she was raped twice by her abductors. She was found wandering on the south side of Benbrook Lake.

The woman and her escort said the two men accosted them as they sat in a parked car at the lake.

The man was locked in the trunk of his car. The youth managed to get out of the trunk and called police. He was taken to a hospital for surgery.

CHANCE OBSERVER — A chance observation of sun spot activity by Alan Stein, above, a student at California Institute of Technology in Pasadena, Calif., has led solar scientists at Caltech to the discovery of a phenomenon on the sun similar to thunder. They believe it will help them understand the processes at work there.

Rare Kidney Disease Kills Pretty Teen

AUSTIN, Tex. (AP) — For the third time, the H. V. Holt family of Austin has lost a child because of a rare, hereditary kidney disease.

Paula Holt, 18, a pretty blonde, died in San Francisco Wednesday, a month after receiving a kidney from the body of a 24-year-old man.

She had depended for two years on a kidney machine, and the transplant was intended to give her a normal life.

Officials at the University of California Medical Center Hospital said Paula died at approximately 4 a.m. Wednesday from "viral-like flu."

"The cause of death was not failure of the kidney," they said.

Paula's brother, Gary, 21, received a kidney from his mother in a transplant operation at the same hospital in October.

Two other Holt children have died of the kidney ailment, acute familial nephritis.

News stories of the Holt family's financial difficulties in providing artificial kidney treatments for Gary and Paula brought more than \$100,000 in donations.

These included \$30,000 from servicemen in Vietnam.

Paula's survivors include her parents, four sisters and two brothers, including Gary, who lives in the San Francisco area.

Hospital officials said last week that Paula was in "fair to good condition," recovering from additional operations to remove her appendix and a blood clot in the muscle of her stomach. She also suffered late last month from a partially collapsed lung.

91 Degrees Hit At Wink

By The Associated Press
Thermometers headed upward across Texas today as south breezes poured moist air inland from the Gulf of Mexico. There was a little drizzle or patchy fog over the southeast half of the state and clouds overhung most of Central and South Texas. Skies were clear to partly cloudy in other sections.

Temperatures promised to match top marks of the day before, when they went as high as 91 degrees at Wink in West Texas and climbed into the 80s nearly everywhere else. Galveston was the coolest spot with a maximum of 71.

Readings near dawn ranged from 40 at Marfa and 47 at El Paso in far West Texas up to 70 at Del Rio and 71 at Corpus Christi in the south.

Aside from a little cooling by Friday in the west and south central parts of the state, little change was expected.

EIGHT DIE IN BLAST — Eight persons were killed when a series of explosions blasted a chemical plant in Dallas Wednesday. Firemen and rescuers are shown probing the debris for the bodies.

Explosion Wrecks Chemical Plant

DALLAS (AP) — Eight persons were killed Wednesday when tons of a volatile chemical exploded in a chemical plant, hurling steel girders, concrete and brick through the one-story building.

Firemen searched into the night in the rubble for bodies of the victims. The last of the dead was found seven hours after the first explosion.

The series of three sharp blasts occurred shortly before 2 p.m. and demolished the Penwalt Industries plant, makers of chemical food additives used in bakeries.

Seven of the eight dead were identified today as Paul D. Pirkle, 18, of Fort Worth; Velma Wilson, 47, of Irving; Burtis Burrell, 40, Judy Moerbe, 21, Bobbie Jackson, 33, Fludie Mattox and James Spike, about 18, all of Dallas.

The eighth victim was not immediately identified.

Capt. Larry Jones of the Dallas Fire Department said it was not determined at once what caused the 30,000 to 40,000 pounds of potassium bromate to explode. The chemical is used widely in the baking industry. One witness said: "It hurled

steel beams and bricks into the air and I saw bodies flying into the air, too."

There were 27 persons working in the building when the chemical exploded in a thunderous roar on Dallas' near northwest side in what is known as the Trinity Industrial District.

"The next thing I knew I was near a door and stuff was falling all around me," one employee said. "I crawled out through the falling debris to safety. I felt sparks hitting my body."

Hospital attendants said five persons suffered compound fractures and skull fractures and one was burned.

Fire roared through the demolished building while firemen braved possible new explosions to remove drums of other volatile chemicals.

Some 90 firemen using 19 pieces of fire equipment arrived at the blaze, which had been declared a four alarm fire.

Witnesses said metal bits and glass were thrown 300 feet from the building by the explosions. A number of businesses adjacent to the plant received damage.

Rural Mail Boxes Take Pummeling

Vandalism on mail receptacles in the county is beginning to increase, according to local Postmaster Frank Hardesty. He cited three incidents which have

San Jacinto In Spotlight

Texans everywhere observe San Jacinto Day on April 21, but the main event is in San Antonio, where exuberance knows no bounds, as related in the Texas Star Sunday.

This is the joyous season in San Antonio, where a week-long series of events will wind up April 15 with the crowning of Miss Texas Universe 1972. The glamorous details are listed in another Star article.

For a change of pace, Bosie Boswell writes about ice hockey, a burgeoning sport in the state where fans see the violence of a dog fight with the dignity of a chess match.

Editor Jimmy Banks takes a look at the political campaigns and concludes that they last too long. He gives his reasons and suggests an improvement for an imperfect way of choosing candidates for office.

Wanda J. Campbell's wide-ranging research comes up with the answer to a reader's question: Are state officers required to remain open during the noon hour?

Mary Faulk Kooch follows the trend toward Chinese things and puts a skillet of white lotus chow mein on the front burner.

recently taken place on the Gall and Sterling City mail routes.

Mailboxes are protected by Federal law, and pranksters or vandals who damage or destroy the boxes and their contents may be in for a heavy fine and imprisonment, Postmaster Hardesty warned today.

Noting that approximately 25,000 mail receptacles were damaged or destroyed last year, Hardesty said that 2,641 persons were arrested in the year up to June 30 for damaging or destroying mail receptacles.

The Federal law concerning the damage of mail boxes states: "Whoever wilfully or maliciously tears down or destroys any letterbox or other receptacle intended or used for the receipt or delivery of mail on any mail route, or breaks open the same or wilfully or maliciously injures, defaces or destroys any mail deposited therein, shall be fined not more than \$1,000 or imprisoned not more than three years."

"This applies to all mail receptacles and the mail in them, even though the boxes are bought by citizens and are their personal property," Hardesty emphasized.

"Pranksters, and especially children who do not know any better, should be made to realize the seriousness of their actions," Hardesty said.

"A \$1,000 fine or a term in jail is enough to take the humor out of any prank."

The sheriff's departments in both Howard and Borden Counties were commended by the Postmaster for their cooperation in apprehending vandals who have damaged mail boxes in the Big Spring Post Office delivery area.

Kenny McLean Big Winner

DENVER, Colo. — Canadian cowboy Kenny McLean emerged the big winner at the Edmonton, Alberta, rodeo, where \$30,829 was at stake, the Rodeo Cowboys Association said.

McLean, Vernon, British Columbia, won \$2,667 in saddle bronc riding and steer wrestling at the rodeo, which ended over the weekend.

Another big winner at the rodeo was Larry Mahan, Brooks, Ore., who kept a "hot streak" going as he placed in saddle bronc, bareback and bull riding for a total of \$1,161. The wins moved the five-times world champion all-around cowboy into second place for the 1972 all-around title with \$12,128, and into first place in bull riding with \$9,529.

Phil Lynn, reigning all-around champ from George West, Tex., picked up \$881 in bull riding at the rodeo, and still leads for the all-around title with \$14,407.

Event leaders are: Saddle bronc riding — J. C. Bonine, Hysham, Mont., \$8,869, and Bill Smith, Cody, Wyo., \$6,682; bareback bronc riding — Gary Tucker, Carlsbad, N.M., \$9,633, and Royce Smith, Challis, Ida., \$8,324; bull riding — Larry Mahan \$9,529, and John Quintana, Eugene, Ore., \$8,914; calf roping — Dean Oliver, Boise, Ida., \$12,350 and Phil Lynn, \$9,847; steer wrestling — Tom Elliott, Peyton, Colo., \$6,245, and Bussy Kaul, Hereford, \$6,009; girls barrel racing — Jeana Day, Woodward, Okla., \$3,722, and Jo Russell, Shamrock, \$2,778.

Amarillo Smelter Tests Might Provide Pattern

AMARILLO, Tex. (AP) — Testing of an Amarillo smelter's impact on the ecology may become the prototype for testing other Texas industries, the Texas Air Control Board director says.

The tests at the American Smelting and Refining Co. plant may become the most extensive ever conducted in Texas, said Charles Barden, executive director of the TACB. He said his staff has met with city and plant officials to explain the procedure.

Barden, calling the tests and studies a "total environmental assessment," said, "This is something we hope to do with every industry where there is any question about the toxic emissions from a plant."

Tests and studies will range from the toxic effects of emissions of the zinc smelter on human, animal, and plant life to the economic impact on the city should the plant be closed down.

The tests were ordered by the TACB following a meeting in Austin March 17 and are to be completed by August.

Barden emphasized that the TACB staff will not be in Amarillo to collect evidence to close the plant.

"We are here to gather sufficient information so that we can make an intelligent decision," he said. "We're up here for the people. We will work with the city, the health depart-

ment, and the plant in this study."

Studies also are being conducted by various governmental agencies in El Paso, where the company is facing a \$1.5 million suit by that city, which claims high levels of lead have been found in children living near a company smelter there.

The El Paso studies were termed "hurry-up tests" by Barden.

"We are not going to piece-meal the testing in Amarillo," he said. "We are going to make extensive tests so we know what the problems are, if any."

The studies will cover air, water, soils, vegetation, economics and any other aspect of the community which might be affected, he said.

The primary aim of the studies is to find heavy metals such as zinc, lead and cadmium.

IS-1 Fact Sheet Is Shipped Out

The Veterans Administration reports 600,000 copies of its IS-1 Fact Sheet have arrived from the printers and are being shipped for distribution to regional offices and veterans assistance centers. Single copies are available for 20 cents from the Superintendent of Documents, Washington, D.C. 20420.

Formally titled "Federal Benefits for Veterans and Dependents," the pamphlet provides information on VA and other government benefits, and is one of the most widely read of VA publications.

Editor Jimmy Banks takes a look at the political campaigns and concludes that they last too long. He gives his reasons and suggests an improvement for an imperfect way of choosing candidates for office.

Wanda J. Campbell's wide-ranging research comes up with the answer to a reader's question: Are state officers required to remain open during the noon hour?

L. RAY ADAMS

Firm Appoints Adams As Veep

L. Ray Adams has been appointed vice president of marketing for the Dallas office of Love-Henry and Associates, Inc.

The announcement was made by Brooks Gremmels, senior vice president of the real estate investment firm. The firm specializes in land investments near Dallas and Fort Worth and has marketing offices also in Fort Worth, Arlington, Waco, Sherman-Denison and Lubbock. Although only 14 months old, the firm has assembled more than 47 tracts of land primarily near the new regional airport primarily for investor groups throughout the state.

"Addition of Adams to our staff gives us the benefit of his more than 10 years of sales management experience," said Gremmels.

Adams was reared in Big Spring and started out as an automotive salesman here, becoming sales manager for his company before taking a position in Dallas. He and his wife, the former Pat Lloyd, have three children, Pam, Andy and Leslie.

Cox To Ask County To Up Help's Pay

More salary matters will be discussed in Howard County Commissioners Court Monday.

Wednesday, County Judge A. G. Mitchell and County Commissioner Simon Terrazas met with District Clerk M. Fern Cox over the matter that on March 6, county commissioners approved a first deputy and a second deputy for his office, but the clerks employed in his office were not promoted to that status officially nor given the salaries designated for those positions.

Cox is to request Monday that Mrs. Glenda Brasel and Mrs. Jeanette Nichols be granted the promotion and raise in pay which is to bring them up to the level paid for first and second deputies in other county offices.

If approved, Mrs. Brasel would draw \$4,992 as designated in the March 6 minutes by the commissioners court as pay for the position as first deputy. Mrs. Nichols will draw the designated second deputy's salary of \$4,404 per year, if the promotions are approved.

According to Mrs. Virginia Black, county auditor, the minutes of March 6 in which the salaries were designated, approved and signed by the entire commissioners court, contained clerical errors which had been corrected Feb. 25. Mrs. Black said that the corrections could not be shown in the March 6 minutes because it would have constituted withdrawing corrected amounts twice from some employees.

The corrections Feb. 25 involved the disputed raises given to deputies Bernice Nail and Rachel Shaffer of the Howard County Sheriffs office. The

women had been granted \$25 per-month raises each by Sheriff A. N. Standard, who used money for the raises appropriated to him for a chief deputy's salary, a vacant position. Controversy arose because Sheriff Standard had given the raise and requested it be added to the women's checks without prior approval from the commissioner's court.

The amounts, according to Mrs. Black were subtracted from the women's salaries on Feb. 25. According to Mrs. Black, their correct annual salaries before their promotions Monday to first and second deputies are \$4,404 for Mrs. Nail, and \$4,104 for Mrs. Shaffer, including the five per cent raises granted all county employees in February.

Included also in the March 6 salary designations for the two women was \$180 each certification incentive pay which commissioners granted to upgrade the women according to the law enforcement certification levels they had reached. According to Mrs. Black, the incentive pay, although approved March 6, can not be paid to any sheriff's department employees until it is determined if the incentive pay is in line with federal controls.

Mrs. Nail and Mrs. Shaffer have been promoted to the ranks, as of Monday, of first and second deputies, respectively. Base salaries as designated in the "amended orders of March 6," which did not show corrections made Feb. 25, are \$4,992 for all first deputies and \$4,404 per year for all second deputies in the county's employ.

COSTS

(Continued from Page 1) nents to volunteer fire stations. Later, county commissioners decided to use the funds to construct the Silver Heels fire station. Construction of the station, now completed, cost the county \$10,972.

In order to cover the added expense, county commissioners voted March 20 to amend the budget to take any amounts needed from funds budgeted for county-owned facilities, according to Judge Mitchell and Mrs. Black. The county has budgeted \$30,000 in permanent improvements funds.

Currently, commissioners will have to take \$8,014 from permanent improvement funds to cover coverage costs on the fair barns construction, and \$5,972 will have to be transferred from the permanent improvements fund to cover costs of the fire station, leaving a balance of \$16,014 in the fund from which further costs of the fair barns will have to be deducted.

Reunion In Brady

BRADY — The Heart of Texas Singers Reunion will meet in Brady Sunday, April 23, starting with registration at 9:30 a.m. in the high school auditorium. There will be a lunch break at noon, then singing will resume until 4 p.m. Both class singing and special quartets will be featured.

Forsan Takes Slim Lead In UIL Literary Meet

FORSAN — Forsan is leading the spring University Interscholastic League Literary meet with 47 points, closely followed by Miles with 46 points and by Christoval with 44 points.

Prose reading (boys), Gary Speck, first, Eden; Werner Lippe, second, Miles; and Van Barton, third, Forsan.

Prose reading (girls), Malinda Gault, first, Miles; Kathy Fletcher, second, Christoval; and Carole Goodman, third, Forsan.

Debate, Mertzson, first, Lee Noelke and Cynthia Tankersley; Christoval, second, James Fletcher and Gary Stewart.

Ready writing was also held, but the results will not be known before the contest April 12, also at Forsan.

April 11 at 10 a.m. 10 one-act plays will be judged. The literary meet will be concluded April 12 with number sense, science, shorthand, slide rule, spelling and plain writing and typewriting. These events will begin at 12:30 p.m.

There were 284 contestants in the contest Wednesday.

Victim Checks In At Hospital

Another stabbing was reported following a fight at Betty Lou's Cafe, 1012 W. 3rd, Wednesday at 8:31 p.m.

Police were notified of the fight at the cafe, but upon their arrival were unable to apprehend any of the men involved. Police were told that one man had been stabbed in the affray.

Then at 8:45 p.m. a nurse at Medical Center Memorial Hospital called police and told them a man was in the hospital with a severe cut across his back.

Police identified the man as Melvin Alton, of 1424 Scurry. Police did not disclose the reason for the fight, and Alton told the authorities he would possibly file charges this morning.

No charges had been filed by noon.

VANDALISM

W. H. Wharton, 1807 Johnson, reported some small boys riding mini-bikes Wednesday had run through his yard and broken his air conditioner. No value was placed on the damage to the cooler.

A report of vandalism at the Bowl-A-Rama was given police late Wednesday night. Officers reported three cars had been sprayed with shaving cream in the parking lot of the bowling alley.

THEFTS

Mrs. W. F. Harrell, 4205 Connally, reported someone had stolen her purse from her car. Contents in the purse were valued at \$100.

Travis Maudlin, Wagon Wheel No. 1, reported the theft of a tray and pitchers. Officers contacted people who reportedly took the items and they returned them to the drive-in.

DEATHS

Frank Barnard Death Victim

Frank Barnard, 65, died Wednesday in a Glen Rose nursing home. Services are scheduled for 4 p.m. today in the Nalley-Pickle Rosewood Chapel with Rev. Billy Rudd of the Tarzan Baptist Church officiating. Burial followed in the Trinity Memorial Park.

Mr. Barnard was born Sept. 7, 1906, in Pflugerville, Tex., and moved to Howard County in 1927. During this time he was employed by the Ideal Laundry for 20 years. He also farmed for a number of years in the Knott community.

In 1967 he moved to Eastland to live with his son, H. G. Barnard. He had been in the Glen Rose nursing home for the past three months. He was a member of the Harmony Baptist Church at Morton Valley, Tex.

Survivors include one daughter, Mrs. Dale (Lillie

Mae) Fryar of Big Spring; one son, H. G. Barnard, Big Lake; three brothers, Chester Barnard and Easton Barnard, both of Midland, and Pinkney Barnard of Glen Rose; one sister, Mrs. Leona Leming of Austin; four grandchildren and two great-grandchildren. He was preceded in death by one brother and one sister.

Pallbearers were Abe Bailey, Wayne Pate, Henry Hodges, Kevin Fryar, Mike Fryar and Ricky Barnard.

Ex-Resident Dies; Burial Is Friday

Rosary will be held at 7 p.m. Thursday at the Crane Funeral Home in Dallas for Mrs. Clifford (Ellen) Fisher, former resident of Big Spring. She died Wednesday morning in Dallas from a liver ailment.

The funeral mass is set for 9:30 a.m. Friday with burial in Calvary Hill Cemetery.

Mrs. Fisher lived here until 1958 when her husband, Cliff Fisher was district manager for the Southwest Bell Telephone Company. They made their home at 12112 Sunland, Dallas, 75218. Surviving are two daughters, Mrs. Patty Giles, Denton, and Mrs. Kitty Stone, whose husband is stationed in Germany.

Seminole Rites For B. H. White

Services were held Wednesday in Seminole for Ben Harold White, 46. Mr. White died in Galveston Sunday afternoon, following two kidney transplants.

Surviving him are his wife, Flossie, of Seminole; two daughters, Linda Cox of Ballinger and Carolyn of the home; his mother, Mrs. Sally Black of Seminole; and four

sisters, Mrs. Austry (Pat) Holder, Big Spring, Willma Mae Vandergriff of Deer Park, Tex., Nell Smith of Farmington and Evelyn Fredericks of California.

Mrs. Rosie Duncan Dies In Lamesa

LAMESA — Mrs. Rosie M. Duncan, 72, died Wednesday at 4:45 p.m. at the Medical Arts Hospital, Lamesa. Funeral services will be Friday at 4 p.m. at the Downtown Church of Christ, with burial following in Dawson County's Hancock Cemetery.

Mrs. Duncan was a lifetime resident of Lamesa and Dawson County. She was a nurse and was born in Comanche County in 1899.

Survivors include a daughter, Mrs. Jan Matheny, Kettering, Ohio; a son, Lewis Duncan of Abilene; and seven grandchildren.

Services Slated For Mrs. Salazar

Services for Mrs. Isabel Malto Salazar were to be held at 3 p.m. today in the Nalley-Pickle Rosewood Chapel by Moses Perez, Church of Christ minister from Lubbock. Interment was to follow in the Ackerly Cemetery.

Mrs. Salazar, 82, died at 6 a.m. Wednesday in a local hospital. Born in 1890 in Muzquiz, Coahuila, Mexico, she had been a resident of Ackerly since 1945. She was a member of the Church of Christ in Ackerly. Mrs. Salazar's husband preceded her in death in 1959.

Survivors include one son, Jesse Salazar, Abernathy; three daughters; Ascension Albers, Lamesa; and Lupe Calvo and Maria Salazar, both of Knott; 22 grandchildren and 22 great-grandchildren.

They Deserve Support

We have emerged from the annual exercise of naming members of policy-making boards for schools, college and municipalities.

Results, which pleased many and disappointed others, were not far off what seasoned observers predicted. Chief casualty of the balloting was Mayor Arnold Marshall, who ran off the pace and fourth in a three-place race. There was a change on the college board but Donald McKinney edged Lawrence Davis, who had served only a couple of months as an appointee.

While the strong finish produced more votes than it first appeared likely, the turnout evidenced some cooling of the hot fires of last summer. Even so, although the vote total was pretty good as our municipal elections usually go, it is not a good record when considered alongside the potential. Probably less than one out of three eligible voters bothered to go to the polls. All those who offered their services deserve better than that.

The results, particularly in the city commission races, are conclusive. Wade Choate, Eddie Acrt

and Harold Hall are therefore — even though it may be trite to say it — entitled to the support and the cooperation of all citizens in the big job that lies ahead in shaping the framework of city administration. This is no small job; few people realize how demanding unstinted service may be on a man's time and sometimes on his pocketbook.

It will make the job easier and more fruitful if those who want — with them — to go forward to let them know that we want to help in getting

on with the task of smooth, efficient, responsible operation of the city.

One undeniable result of the election is that the city will have a new mayor. The council will choose one of its number to step in the shoes being vacated by Mr. Marshall. While this is a place of honor with many honorary duties, it is more than that. It is even more the role of presiding officer of the council. It is a spot which calls for leadership.

Surprising Result

Results of the Wisconsin primary were somewhat surprising. Sen. George McGovern ran stronger than the polls and prophets had predicted, which may say two things — one, a persisting weariness with the pace of diminution of the Vietnam war, and second, that the young people in Wisconsin have become activists at the polls. Naturally, a win of this stature brings strength to what until then was not really a major bid

for the nomination. Thus, the victory may attract support in succeeding campaigns.

The showing of George Wallace, while stronger than expected, also enhances his image. It may be true that the cross-over Republican vote aided him substantially, but the fact remains that he has been able to coagulate the feelings of protest and frustration around him. And there's a considerable amount of that at the moment.

Nom De Plume

Around The Rim

Linda Cross

After my wedding a little over a month ago, many people who knew my husband and me began looking in The Herald for my new name in my by-lines, and they are still looking.

THEY CAN quit looking because my married name won't be used as my by-line. I will continue to use my maiden name in my work. My husband is in agreement with this, and the use of my maiden name in all my professional activities is something that was decided long before I became Linda Publicover.

THERE ARE several reasons for my continuing to use my own name in my work. First of these is that it is by the name Linda Cross that most people in Big Spring have come to know me. The biggest advantage comes when a reporter's name is known well enough that people think to call that person when something newsworthy is happening, or better still, about to happen.

Second of my reasons is that my husband had nothing at all to do with my choosing journalism as a career. When I decided at age 12 to be a reporter, I had not even met Bob.

A THIRD BIG reason is that my husband works in a related field, that

of radio. Although he has no plans to enter the news field as a career, having two persons working under the same name in public media in the same town could be confusing. Use of my own name will circumvent such problems.

FINALLY, MY husband was not around when I began working on publications in high school; he had no influence on my decision to major in journalism in college; he was not there to encourage me in completing my education; he was not around when I completed my internship on a newspaper as required for my degree; and he was not around when I applied for and was given my first job on a newspaper.

I've decided that if I have to use any man's name while I pursue a career of my own, I will use the name of a man who was around during each of the stages I've mentioned. That man is my father, and his last name is Cross.

AFTER 5 p.m., and when I am not representing The Herald at some event or function, I introduce myself as Linda Publicover. Bob and I aren't confused by my use of a nom-de-plume, and that's the most important thing.

Moscow Holds Key

David Lawrence

WASHINGTON — Developments in South Vietnam as the North Vietnamese undertake a large-scale invasion of territory below the demilitarized zone are causing much concern here. Not only are officials worried about the effectiveness of Vietnamization, but they wonder how far the invaders will try to carry their offensive.

SOUTH VIETNAM is expected to repulse the attack as air power is furnished by the United States, and this certainly will continue to be given as long as it is needed. Heavy bombings of the Communist bases in both North and South Vietnam may be expected. This action would have been received with some criticism in the United States if it had not been for the initiative taken by the Communist troops. It is obvious that American commanders feel compelled to bomb the enemy units and drive them out of the areas they have occupied. Once this happens, further offensives by the North Vietnamese are not probable.

Also, as soon as the retaliation has been completed, the way will be opened for the resumption of peace negotiations at Paris.

IT MAY WELL be that the whole idea in withdrawing a substantial number of American troops and leaving the tanks to South Vietnam will be submitted to a crucial test in the next two weeks. There had been expectations of an enemy offensive, but it turned out to be a bigger one than anticipated. The belief of military men is that South Vietnam can hold its own.

But peace negotiations are not

likely to resume unless there is a suspension of the fighting and a willingness to discuss a cease-fire together with a program for the release of prisoners. Certainly the United States is not going to withdraw all its military forces and leave South Vietnam to the mercy of North Vietnam.

THE PLAN ON which the government here seeks an agreement is one that will bind both sides really to end the war and to stop interfering in each other's affairs. It is believed that North Vietnamese representatives in Paris probably will not accept any settlement until they get word from Moscow to do so. Since President Nixon will be meeting the Russian leaders at the Kremlin late in May, nothing in the way of a negotiated settlement of the Vietnam war is apt to occur until after these conferences have been completed.

THERE IS EVERY reason why the Soviets should endeavor to reach an understanding with the United States to use their influence with Hanoi to end the war. For years now Moscow has been supplying billions of dollars worth of arms and equipment to North Vietnam, and the Soviet Union probably can exert more pressure than any other country to bring about peace in Indo-China. Yet President Nixon has never accused the Soviet Union of playing a major part in helping North Vietnam to carry on the war against South Vietnam. He can approach the entire problem from the stand-point of peace in Asia and peace in Europe.

'AND I'M THE ENDMAN'

Happy Housing Market

John Cunniff

NEW YORK (AP) — Seldom have things looked better in the new housing market—for buyer, seller, lender. That at least is the way each of these groups views the situation.

A high ratio—49 per cent—of respondents in the latest consumer survey by the University of Michigan feel it is a good time to buy, and builder groups look forward to a record number of starts.

Lenders join in the enthusiasm. While their rates, in the 7 to 8 per cent bracket, are relatively high, they aren't being stingy with other terms. They want the money and they want to put it to work.

In this they have little choice because the funds they sign away at the loan desk are re-

plenished immediately at the teller's cage. That savings rate is still around 8 per cent, highest since World War II.

So happy are some lenders that they tolerate no gloom. If interest rates begin to climb, they say, it won't stop buyers in their tracks. No siree. It will spur laggard buyers to action to avoid even higher rates.

Evidence of the good times is illustrated by the subject matter of promotional literature from the savings and loan associations, which are the biggest home mortgage lenders.

—Some are offering 95 per cent mortgages for amounts up to \$30,000. When was it, two or three years ago, that a good credit risk might have to put up 30 per cent and pay a bonus in points also?

—Women are being treated more as equals of men in obtaining loans. Discrimination? Lenders didn't think so, but the women's lib people have made bigger scenes about lesser matters.

—The elderly now are more likely to obtain a home mortgage without undergoing the embarrassment of asking the children to cosign. The old rule was that if you were over 40, the sum of your age plus the length of the mortgage couldn't exceed 65.

Is the euphoria justified? For the immediate future it seems so. Housing starts in February set a record of 2.68 million, aided perhaps by a relatively mild winter in some parts of the country.

Grabbing Exposure

Art Buchwald

WASHINGTON — When you get right down to it, the Democratic primary races are really a fight for press space and free television time. Because there are so many candidates in the race and none of them has said anything new since they started running, it's very hard for a presidential aspirant to get on the tube or in the papers unless he does something unique.

MAYOR JOHN Lindsay, for example, spent the night sleeping on the couch of a \$6,000-a-year worker in Milwaukee "to identify with the little man."

As time goes on, each candidate's staff is going to have to escalate the type of stunt which will attract press and TV coverage.

I can imagine in the next few months the following conversation in a candidate's office:

"SENATOR, WE'VE come out with a dandy idea which will get us on the local CBS station. We've entered your wife in a roller derby Saturday night against the Bloodhaws."

"My wife can't roller skate."

"It doesn't make any difference as long as she can fight. We've set it up so 'Hated Hanna,' the captain of the Bloodhaws pulls your wife's hair out. Then your wife hits her in the solar plexus and Hated Hanna will go right over the railing."

"Two other Bloodhaws will attack your wife from the rear and start stomping on her, but her teammates will come to your wife's aid and kick the two across the rink."

"WELL, I'M going to go there to

see that Penelope doesn't get hurt needlessly."

"You can't, Senator. We've booked you to perform a heart transplant at the General Hospital on the same evening."

"A heart transplant?"

"Yes, we've found a retired factory worker who says you can operate on him. It will be a good chance for you to dramatize your concern for the lack of decent medical treatment in the country. The NBC station is sending out a film crew, and Sander Vanocur will cover it live."

"ALL RIGHT, if you think it will help. Tell my wife I'll meet her back at the hotel after the operation."

"Oh, we forgot to tell you. You're not sleeping at the hotel Saturday night. You're sleeping at the zoo. They have a white leopard out there that everyone is crazy about, and we think if you spend a night with him you'll get your picture on every front page in the state."

"Good grief, isn't there any 'other' way of getting exposure?"

"You've been entered as a couple in the sky-diving championships."

"We're in the sky-diving championships?"

"YOU'RE NOT competing. You're just starting the show. Both of you jump out of a plane at 2,000 feet, free fall for a thousand feet and then yank on your parachutes. ABC bought the idea sight unseen."

"Why doesn't somebody check out these things with me before we're committed?"

"Senator, do you want to be President or don't you?"

(Copyright 1972, Los Angeles Times)

Hal Boyle

By KAY BARTLETT (Substituting for Hal Boyle)

NEW YORK (AP) — So you want to run away and join the circus. And you're thinking of starting at the top.

Here's how. —Don't show circus owner Irving Feld every trick you ever learned. Stick to the three or our best ones, perhaps starting off with the piece de resistance to get his attention.

—If you're going to one of the circus schools, let him know about the act you hope to perfect by the time you graduate. He might take an option now.

—Tell him you're not interested in that old center ring concept. Be enthusiastic about three rings. Say you understand that the best act sometimes plays Ring 1 or Ring 3.

—A high wire act or lions or tigers? Let it run. Otherwise, keep it under five minutes.

—Ask for a lot of money if

you think he likes you.

"Anyone I've ever seriously wanted, I got," said Feld. He's the owner of Ringling Bros. and Barnum & Bailey Circus, the biggest in the world.

He once seriously wanted Gunther-Gebel-Williams. It took a \$2 million deal to break up the Circus Williams and get its star and his tigers.

Feld, his 23-year-old son, Kenneth, and an agent in Europe look at every act that is hired.

He sees 50 European circuses every year, visits eight or nine circus schools and watches his own production maybe 100 times.

Never gets tired of clowns and trapezes, sawdust and horses, etc., he says.

"You can be away for a week and then see new things happening when you watch the performance again," says Feld, a short man of 53 with thick glasses.

Never Gets Tired Of Clowns

Billy Graham

I am a person who has seizures, and recently when I sensed one coming, I phoned my next door neighbor who claims to be a Christian and asked her to please come to my aid. I was shocked and amazed when she refused to come and help me. I am bewildered by such conduct. Please say a word about people who are handicapped as I am. I would appreciate it. L.A.B.

You certainly have a cross to bear, and my prayers and sympathy are with you.

While I do not know your neighbor, you say she is a Christian woman. If so, or even if she is just a good human being, I am sure there must have been some reason for her failure to come to your aid in such an emergency. She, herself, could have been involved in some sort of urgent situation which

hindered her from responding to your call for help.

True, she might have phoned someone else to assist you. But then again, the circumstances might have been such as to prevent her from handling the situation better than she did.

I have one word of advice for you. Don't let this experience embitter you. And don't throw away the friendship of your neighbor because of this incident. One of the greatest words in our language is "forgiveness," and Jesus said that God's forgiveness to us is predicated upon our willingness to forgive others. So, in the interest of your health, and spiritual peace, I beg you to be reconciled to this neighbor. I am sure she didn't understand the seriousness of the situation. She might have thought there was little she could do, or she might have had a fear of her inadequacy.

A Devotion For Today...

I have fought a good fight, I have finished my course, I have kept faith. — II Timothy 4:7
PRAYER: Almighty Creator, give us strength, wisdom, and patience to do Thy will this day. Help us to be strong in faith and endurance. For Jesus' sake. Amen.

Jones Gang Rides Again

By LARRY CRISMAN

BROWNWOOD — Pestilence and plague broke up that old Jones' gang of Howard Payne College basketball coach Ken Henson during the 1971-72 season.

But Tom and David — the Jones boys — are back in the saddle of classes this spring and both say they're aiming at a Lone Star Conference championship and a trip to the NAAI playoffs in Kansas City next season.

The Jones boys (they claim to be distant cousins) were going great guns for Henson's one-time nationally-ranked basketball team when illness and injury attacked like Indians in the night.

David, a 6-3 forward from Stanton, was struck by hepatitis and forced to drop out of the line-up after 11 games of a 27-contest schedule.

About the same time, Tom, a 6-foot and 198-pound guard from Crane, suffered a knee injury. He played 21 games total, and several of the later ones at a slow-down pace. He was finally forced into surgery because the pain became too intense to continue.

At the time he got sick, David was averaging 14.1 ppg and rebounding at a clip of 6.0 per contest. More importantly, he was a key figure in a team's offense that placed a premium on speed and fast break.

Tom, who was named to a TV Guide All-American first college team at the end of the 70-71 season, was scoring at a rate of 17.7 ppg. He also was rated as one of the top guards in the LSC and was particularly well-known for his ability to drive and score.

David's hepatitis (a liver disorder) put him in a Big Spring hospital and later resulted in a period of convalescence in his Stanton residence.

Tom took a trip to a Dallas hospital where he had a surgical job on his knee. He's now walking around campus on crutches.

David's plague and Tom's pestilence left some physical scars. But they didn't damage the pair's attitudes: Says David:

"Tom's not much of a talker, but I know he feels the same way I do. We're down but we're not out. Both Tom and I are working daily to regain our strength and ability. We've got one thing in mind: win the championship next year and go to Kansas City."

Strong words from one of the Jones boys.

No Black Men In Masters?

AUGUSTA, Ga. (AP) — Gary Player, from apartheid South Africa, said today the Masters Golf Tournament cannot reach full stature until black men along with whites are walking not just as caddies but as competitors.

"I don't want to create a controversy and I am aware rules are rules," added the rugged little pro from Johannesburg. "But with the number of good black players increasing on the tour I think it is a shame that none has enjoyed the experience others of us have experienced at the Masters. "It is a wonderful tournament—a favorite tournament for me—but I hope soon the rules are relaxed so that a black man may qualify."

Player is one of 85 of the world's top professional and amateur golfers teeing off today in the 38th edition of the colorful event that came out of the head of the late Robert Tyre (Bob) Jones. In the star-spangled field are yellow men from Asia, Latins from South America and Spain, foreigners from Canada, Britain, New Zealand and Australia.

But there are no black men—just as there have been no

black men, except caddies and locker room wasters, since the tournament was born in 1934. Clifford Roberts, the tournament chairman and its founder, insists there is no ban against black competitors, saying, "We will welcome a Negro player as soon as he meets our rules of qualifications."

"I understand and appreciate that," Player said. "I am merely saying that it will be a better tournament when there are better chances for black men to make it."

"As a former champion, I tried to get other former champions to join me in inviting Lee Elder. Then I discovered that this invitation category, in effect for years, was abandoned with the rule permitting all tour winners to play."

In addition to various major tournament champions of recent years, tour winners and members of the Ryder and Walker cup teams, the Masters Tournament automatically qualifies the first 24 finishers of the preceding Masters, the top 16 of the last U.S. Open and the top eight of the U.S. Amateur.

The entrance door thus is very narrow, although invitations are tendered annually to various overseas players, of which this year there are 17.

American Netters Lose Wednesday

HOUSTON (AP) — Lanky Nikola Pilic of Yugoslavia says he would rather play anybody in the world than Ken Rosewall of Australia.

Like it or not, Pilic will have to meet second seeded Rosewall in the quarterfinals of the \$50,000 River Oaks Tennis Tournament.

But the Pilic-Rosewall match doesn't come about until Friday, as the quarterfinals are split over two days with today's matches sending top seeded Rod Laver of Australia against Bill Bowrey of Australia and third seeded Tom Okker of the Netherlands against 11th seeded John Alexander of Australia. Four upsets in Wednesday's second round eliminated all United States players from championship contention in the tournament, a stop on the World Championship of Tennis tour.

Pilic figured in one of the upsets when he defeated fifth seeded Arthur Ashe 5-3, 6-4. Ashe was the first black ever to play in the 38-year-old tournament at the exclusive River Oaks Country Club.

Ashe was fined \$1,000 by the WCT for not showing up for his Monday match. In other Wednesday upsets, Alexander defeated sixth seeded Bob Lutz 6-7, 6-4, 6-2; Bowrey defeated seventh seeded Marty Riessen 6-2, 3-6, 6-4; and ninth seeded John Newcombe defeated eighth seeded Charles Pasarell 6-3, 7-5.

The first three seeds won as expected with Laver beating Rod Maud of South Africa 6-3, 6-2; Rosewall defeating Graham Stillwell of England 6-4, 6-4; and Okker defeating Tony Roche of Australia 6-3, 5-6, 7-6.

In an all English second round match, 13th seeded Roger Taylor defeated Mark Cox 1-6, 6-4, 6-4.

"Rosewall is the toughest player for me," Pilic said of his upcoming quarterfinal test. "He's the toughest guy in the world. I would rather play anybody in the world than Rosewall."

However, Pilic said he always plays well in Houston. "If I ever had a chance to beat Rosewall this could be the time," he said.

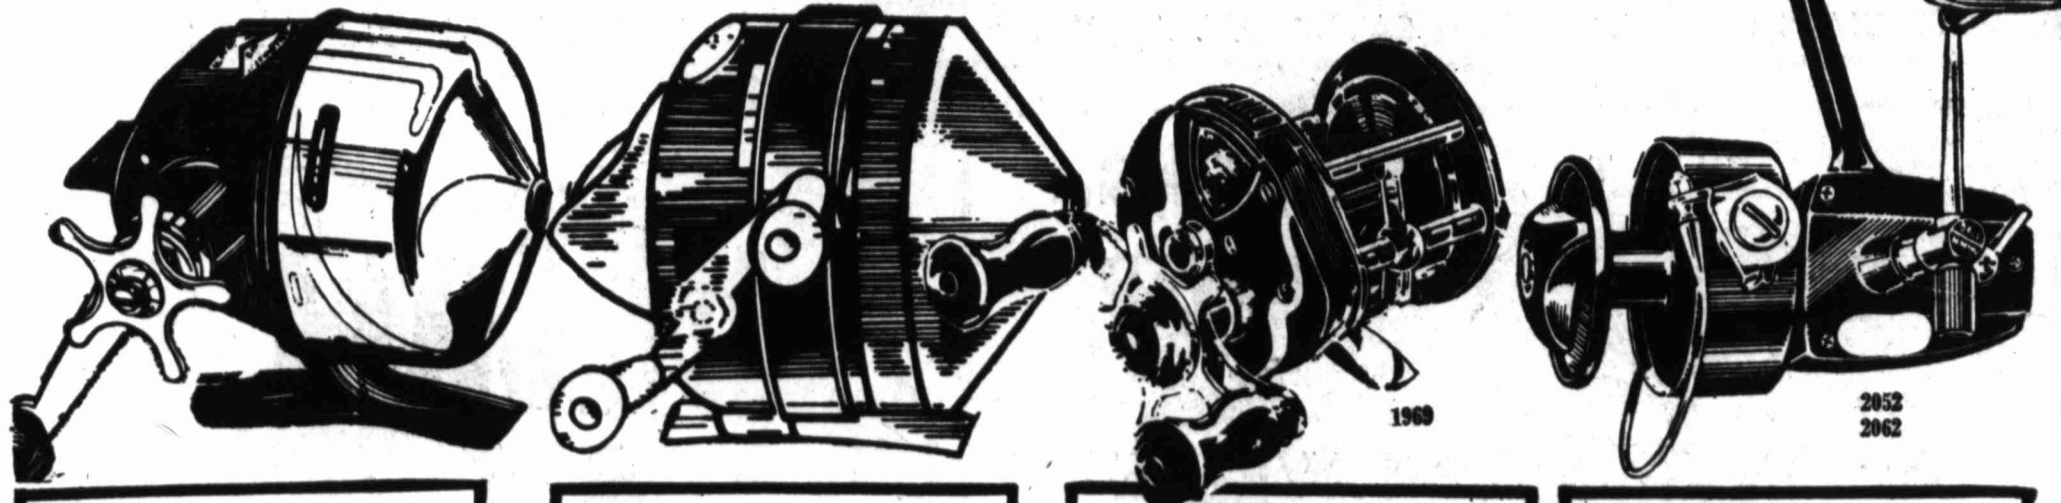

The other quarterfinal match Friday pits Newcombe against Taylor.

ASTROS STILL WORKING OUT ON OWN

Manager-Player Wounds Open As Feelings Erupt

Both Sides Are Bugged In Mud

NEW YORK (AP) — The second day of the season arrived today with no baseball yet but a count of one strike and with rival pitchers Marvin Miller and John Gaherin warming up again in the bullpen.

The players' walkout, which began Saturday and caused an early end to spring training, forced postponement of Wednesday's scheduled opener in Cincinnati between the Reds and Houston Astros, along with the eight contests on today's slate and two games listed for Friday—Philadelphia at St. Louis and the Chicago Cubs at Montreal.

With bitter feelings continuing to spew forth from both sides and with Paul Richards, vice president of the Atlanta Braves, warning that there might not be any baseball "for a long, long time," the only encouraging sign was a meeting scheduled here today—time and site unknown—between Miller, executive director of the Major League Baseball Players Association, and Gaherin, representing the 24 club owners.

Richards said the owners aren't against the players but are "fed up" with Miller and "simply aren't going to let Marvin Miller run over them any more."

Miller's target, meanwhile, was Earl Weaver, manager of the Baltimore Orioles. Weaver had said that 21 of his 26 players had been willing to defy the walkout and open the season on schedule. He added that 16 of those 21 had been willing to play an exhibition game last Saturday, the day the strike started.

Miller met Wednesday with 18 members of the Orioles at Brooks Robinson's house in suburban Baltimore and accused Weaver of illegal attempts to break the walkout.

"There's a fine point in labor laws and he's gone way overboard," Miller said. "His attempts to break the strike have been as a representative of management—which has nothing to do with being a field manager."

Robinson disputed Weaver's version of the balloting.

BOWLING RESULTS

MEN'S MAJOR LEAGUE
Results — Smith & Coleman over Pollard Chevrolet 4-0; Texas Hiway 5-0; Charley 6-0; D.K.T. Dist. over Jones Construction 3-1; Fortson Oil Well Supply over George Fine Service 2-1; Coleman over Quilty Corsets 3-1; Jack Lewis Buick 3-0; Kentucky 2-1; Chickery 2-1; high single game — Tom Davis 272; high total series — James Teague 470; high team game — Smith & Coleman 1,073; high team series — Caldwell Electric 3,400.

(AP WIREPHOTO)

WAITING FOR STRIKE TO END — Texas Rangers coach Joe Camacho, left, and team trainer, Bill Zeigler, visit Arlington Stadium today as ground keepers put the final touches on the field. The Rangers are scheduled to open Thursday against the Kansas City Royals but with the continued standoff between the players and club owners it is highly doubtful if the cry 'Play Ball' will be heard on the official opening day.

Houston Drops Another Game

HOUSTON (AP) — Houston Astros General Manager H.B. "Spec" Richardson says if the players' strike doesn't drag on too much longer the "lost" games will not matter.

He said Wednesday the games can be rescheduled during the course of the season.

Richardson commented after announcing that another Astro game had been taken off the board, the one scheduled with the Atlanta Braves today in Atlanta.

He said no decision had been made on games scheduled there Saturday and Sunday.

Richardson said the Astros had some 21 open dates on the schedule.

"That's at home and on the road," he said, "so makeup games can be handled if this strike is settled quickly. But if this thing continues into May or June, it would be impossible to reschedule the games not played due to the strike."

The Astros players, meanwhile, continue to work out on their own.

Twenty-one players attended Wednesday's session, with outfielders Cesar Cedeño, Jesus Alou, Lee May and Jimmy Stewart being the only absentees.

CHAP LOSES CONTROL — Dallas Chaparrals' forward Simmie Hill (54) watches as ball gets away from him under the basket during ABA playoff game with the Utah Stars in Dallas last night. Utah players Willie Wise (42) and Zelmo Beatty (31) and Jimmy Jones (15) have eyes for the ball and the Stars took possession. Utah won, 96-89.

Iron Z Clamps Down On Warm Chaparrals

DALLAS (AP) — A hot gymnasium, a thousand metal crickets, and two defenders couldn't keep 31-year-old Zelmo Beatty from his iron-man 48-minute role in destroying the Dallas Chaparrals Tuesday night.

The iron "Z" poured through 24 points, grabbed 14 rebounds and almost fouled out two Chaparrals in Utah's 96-89 American Basketball Association playoff victory.

The defending champion Stars now lead their best-of-seven series 3-0.

The Chaparral management came up with the idea of giving away metal crickets to the 4,076 fans to chirp each time Zel-

mo touched the ball. Also a black-robed guy call the "Super Hexer" made menacing gestures at the "Z" when he shot free throws. It bothered the former National Basketball Association star so much he only made 10 of 12 free throws.

"The old man gets regenerated when these playoff games start," Beatty laughed. "When a 31-year-old can go 48 minutes that's better than a 48-year-old playing 31 minutes. It was a physical game but I don't mind. Dallas got away with a few things and I got away with a few fouls."

There was no air conditioning and Utah Coach LaDell Anderson said, "I got tired just sit-

ting on the bench. Boy, it was stuffy in there and those crickets going didn't help it. But you can't shake Zelmo."

Dallas Coach Tom Nissalke added: "I don't know what you can do. We put two men on him and they got 10 fouls. Zelmo is tough."

Nissalke said he had no idea what Dallas was going to do to stop a Utah sweep. The Chaparrals host Utah in the fourth game Friday night.

"Maybe we could slip into the locker room and tie his shoe strings," Nissalke said of Beatty.

The Chaparrals were paced by Donnie Freeman who scored 21 points.

Gilmore Selected MVP, But He Isn't Satisfied

NEW YORK (AP) — The American Basketball Association's Most Valuable Player is not totally satisfied with himself.

"I could have done some things better this year," Artis Gilmore said Wednesday after learning that he was the league's MVP.

Gilmore, Kentucky's 7-foot-2 center who led the Colonels to a record 65 victories and the East Division title, was named on 30 ballots in voting by sports writers and sportscasters in the 11 ABA cities. He finished far ahead of teammate Dan Issel,

who had seven votes. Gilmore said he was "happy with my scoring . . . but I could have learned how to maneuver closer to the basket and use my weight, what little I have," for more rebounds.

Gilmore was the league's best regular-season rebounder with an average of 17.8 while finishing 10th in scoring with a 23.9 average.

While unhappy with his complete performance, he admitted that winning the coveted trophy "showed that I accomplished something."

Along with the MVP award, the big rookie was named on the ABA's All-League team along with Issel, who ironically polled more votes for the star-studded team than Gilmore.

Issel, who broke the league scoring mark with 2,538 points and was No. 3 in scoring with a 30.6 average, was a first-team forward along with Rick Barry of the New York Nets. Issel polled 40 first-team votes and 92 points. Barry took 34 first-team votes for 86 points and Gilmore received 38 first-team ballots for 85 points.

The first-team guards were Donnie Freeman of the Dallas Chaparrals and Bill Melchionni of the New York Nets.

McDaniels Wears Another NCAA Suit

KANSAS CITY (AP) — A \$285,763.80 damage suit, second of its kind in recent weeks, has been filed by the National Collegiate Athletic Association against the American Basketball Association and Jim McDaniels, former All-American at Western Kentucky.

The action was filed Wednesday in U.S. District Court in Louisville, Ky. It also named the ABA Carolina Cougars, Athletes Advisory Group, Inc., and Norman Blass, one of the advi-

sory group's agents, as defendants. The suit is designed to halt what the NCAA regards as secret signings by the ABA of college players with remaining eligibility. It asks \$185,763.80 actual damages and \$100,000 exemplary damages.

The NCAA filed similar action Feb. 23 against the ABA and former Villanova All-American Howard Porter. Both suits ask that the ABA be ordered to announce names of college athletes with remaining eligibility

within 24 hours after entering into an oral or written agreement to play in the ABA and with an ABA team.

McDaniels was the star in Western Kentucky's third-place finish in the 1971 NCAA basketball championship tournament.

The NCAA said its investigation showed that McDaniels signed an undated agency contract in October 1970 to play in the ABA and a five-year, \$900,000 contract with Cougars owner Theodore J. Munchak in November, 1970.

Tenage Baseball Registers Friday

The Teenage Baseball League starts registration tomorrow from 4:00 p.m. to 7:00 p.m. at Johnny Stone Park.

Registration will continue Saturday from 9:00 a.m. to 7:00 p.m.

Parents or guardians should accompany the registrants with a \$6.00 registration fee and a birth certificate or baptismal certificate.

Byron Smith, president of the league, needs several managers for hi-junior teams (comprised of boys in the 15 to 16-year-old age group). Managers must be over 21 years old.

Optimist Club Gives \$1,000
The Hi-Noon Optimist Club unanimously voted yesterday to donate \$1,000 to the Boys Club.
The Optimist Club announced several weeks ago that it would give the Boys Club 50 per cent of its profits from the West Texas Championship Motocross races. Yesterday the club went above and beyond the amount pledged as the net profit from the event was \$1,532.05.
Ticket sales indicated that almost 2,000 people saw the motocross races, but hundreds of spectators lined the highway to watch the event. Of course, these fans didn't purchase tickets so their numbers can only be estimated.
The Optimist Club expressed thanks in yesterday's meeting to all the local merchants who had helped in the races. Ray Weir, race director, said that without their help the race would not have been such a success.
Byron Smith, president of the Teenage Baseball League, talked to members of the club.
Teenagers may sign up tomorrow from 4:00 p.m. to 7:00 p.m.

Women's Softball Meeting Tonight
The Big Spring women's softball league is conducting an organizational meeting tonight at 7 at the east diamond at Howard County Junior College.
Softball players who are interested should spread the word and bring a friend.
Coaches and equipment are both needed.

PRETTY PLENTY - Attractive Sparkle Plenty, 28-year-old Santa Fe bar maid, Wednesday filed for a seat on the U.S. House of Representatives...

School Work Top Concern Of Students

ATLANTA, Ga. (AP) - Two psychiatrists say they were surprised to find that more than 270 college students they studied were more concerned about school work than drugs...

"It was an unexpected finding," they said, "to discover that, contrary to popular current notions about the orientation of modern college students, nearly one-half of all those applying to our clinic expressed concern or dissatisfaction with their academic achievement."

They added that all but two of these students "reported some feeling in themselves and not in the external world of the student is considered one of the most interesting, if not most worrisome concerns of teachers and mental health workers in school settings."

They said 6.6 per cent of the students professed a drug problem.

\$11,041 SS Check Received

LOS ANGELES (AP) - Jose Scherber who applied for Social Security benefits nearly seven years ago has received his first payment: \$11,041 for his 79-year-old gardener and \$5,521 for his wife, Jesusa, 74.

Reason for the delay: Scherber had been issued two Social Security numbers but was eligible to collect under only one. Scherber had been trying to collect under the wrong number, officials said.

With the help of his son, Joe, and a Social Security claims representative, Scherber straightened out the mixup last September.

The couple said they would use part of the money received Monday to travel to Texas and Mexico City.

"I give thanks to everybody," Scherber said.

MEN IN SERVICE

M. Sgt. Weldon L. Harris, son of Mrs. Vivian V. Harris of 443 Pine St., Colorado City, is participating in a giant joint services training exercise being conducted at Ft. Hood, Tex., from March 19 through April 1.

WELDON L. HARRIS

Sgt. Harris is a U.S. Air Force aircraft electronic systems technician with the 516th Tactical Airlift Wing from Dyess AFB, Tex.

More than 23,000 Army, Air Force, Air Force Reserve and Air National Guard personnel are taking part in the largest joint operation to be conducted in the United States since the Vietnam buildup in 1965. The exercise, dubbed "Gallant Hand," is the first in a series of large-scale maneuvers planned by the U.S. Readiness Command.

Sgt. Harris, who has served in Vietnam, is a 1956 graduate of Colorado High School. His wife, Wanda, is the daughter of Mrs. D. K. Childers of Colorado City.

M. Sgt. Juan M. Longoria, son of Mrs. Mauricia R. Longoria of 2937 Eisenhower, Corpus Christi, is participating in a giant joint services training exercise being conducted by Ft. Hood, Tex., from March 19 through April 1.

Sgt. Longoria is a U.S. Air Force airborne weather observer with the 1st Special Operations Wing from Eglin AFB, Fla.

Sgt. Longoria attended Roy Miller High School and completed requirements for his diploma after entering the service. He attended American University at Ft. Benning, Ga. His wife, Bernarda, is the daughter of Ysidro Ruiz of 1505 W. First St., Big Spring.

Navy Lt. Kenneth R. Northcutt, son of Mr. and Mrs. Joe E. Northcutt of Rt. 2, Colorado City, has completed the two-week Naval Reserve War Gaming course at the Naval War College, Newport, R.I.

He was selected for duty by the Reserve Training Command in Omaha, and studied the basic strategy to be implemented at his reserve unit in impending maneuvers.

Army Spl. 4 Raul T. Campos, Lamesa, and other members of the 2nd Armored Division took the part of "Friendly Forces" in exercise Gallant Hand 72 held in the Ft. Hood (Tex.) area through April 1.

Specialist Campos is a driver with Headquarters Battery, 8th Battalion of the Divisions 60th Air Defense Artillery at Ft. Hood.

He entered the Army in November 1969, completed basic training at Ft. Bliss, and was last stationed in Okinawa.

His parents, Mr. and Mrs. Jesus Campos, live at 603 N. Flint, Lamesa.

Thomas H. Myers, 2409 Cheyenne Drive, was enlisted in

the U.S. Navy in El Paso, March 21.

Tommy was flown from El Paso to San Diego, Calif., where he is attending Recruit Training at the U.S. Naval Training Center.

Tommy entered the Navy under a Class "A" School Guarantee Program, due to the high score he made on his entrance exams in Abilene. He is scheduled to attend a 19 week school in the electrical field subsequent to a fourteen day leave period after graduation from Recruit Training in May.

Tommy is the son of Mr. and Mrs. Samuel R. Myers, Big Spring. Tommy's brother, Bruce, is also in the Navy.

Army Capt. Robert B. Allensworth, 24, son of Mr. and Mrs. William B. Allensworth, 906 Mountain Park Drive, Big Spring, recently assumed command of the 615th Military Police Company, 720th Military Police Battalion near Long Binh, Vietnam.

Capt. Allensworth entered the Army in 1969.

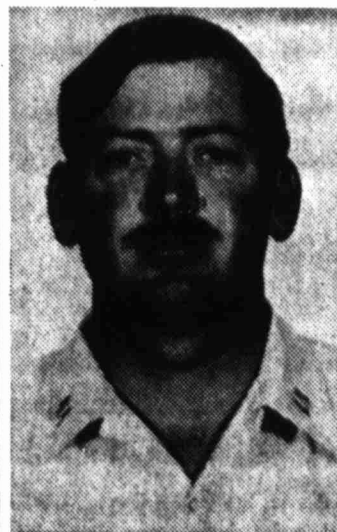

He received a BA degree in mathematics in 1969 at the University of Texas, Austin.

Jerome Mark Jones of Big Spring, a 1971 graduate of Big Spring High School, has completed basic training at Lackland AFB, Texas, and is being assigned to a medical training school at Sheppard Field in Wichita Falls for a career as a lab technician.

His wife resides here. He is the son of Jerry Jones, 4202 Muir, and Wilah Dean Jones, 105 E. 8th St.

JEROME MARK JONES

CAPT. WALLACE FRANKLIN

Captain Wallace D. Franklin, son of Mr. and Mrs. D. E. Franklin of 409 N. 16th, Lamesa, recently participated in a giant joint services training exercise at Ft. Hood.

Capt. Franklin is a U.S. Air Force pilot with the 516th Tactical Airlift Wing at Dyess AFB. More than 23,000 Army, Air Force, Air Force Reserve and Air National Guard personnel took part in the largest joint operation conducted in the United States since the Vietnam buildup in 1965.

The Tactical Air Command provided F-111 and F-4 Phantom fighter-bomber, RF-4 Phantom reconnaissance, C-130 Hercules and C-123 Provider cargo transport and OV-10 Bronco forward air controller aircraft for the two-week exercise.

Capt. Franklin, a 1969 graduate of Lamesa High School, received his B.S. degree in 1968 from West Texas State University at Canyon. He is a member of Phi Delta Theta.

Predator Control Proposal Fails

AUSTIN — A proposed predator control program in a 73-county, sheep and goat-raising area of West Texas failed to get the two-thirds majority necessary for approval in recent mail balloting, Texas Agriculture Commissioner John C. White has announced.

A total of 1,240, or 54.3 per cent, approved the proposal and 1,040 voted against it in the balloting that ended March 28. The Texas Sheep and Goat Raisers Association held the referendum under authority granted by Commissioner White under provisions of the Texas Commodity Referendum Law.

The proposal included a deduction of 20 cents a head for sheep and 10 cents a head for goats to be used in a predator control program.

O. L. Thomas Bronner Jr., 1606 Lancaster, recently enlisted in the U.S. Navy in El Paso.

Bronner is a native of Abilene, and a veteran of over eight years military service in the U.S. Army and U.S. Navy. He has made his home in Big Spring while attending Howard County Junior College.

After thirty days advance leave, Bronner will initially report to the Naval Receiving Station, in San Diego, Calif., to await orders for his first assignment.

Fishing Aids Mentally Ill

AUSTIN, Tex. (AP) — Can riding a horse, catching a fish or camping out overnight result in better mental health and enrich the lives of the mentally retarded?

The Leander Rehabilitation Center says "yes."

The center, located in the hill country northwest of Austin, is operated by the Texas Department of Mental Health and Mental Retardation. In an outdoor recreational setting, the mentally ill and mentally retarded learn to live with each other and the environment.

After visiting the center with a group of adolescents, one worker said, "This sort of camping activity is therapeutic. The teenagers we treat respond favorably to outdoor programs." A state hospital unit director who camped out with a group of long-term regressed patients, said, "One woman who had not been away from the hospital overnight in 20 years took part in everything; she played baseball, hiked, fished, sang, roasted marshmallows and even rode on a motorbike. I feel that the big smile on her face made the whole effort worthwhile. There were 40 other patients like her who had new experiences and will never be quite the same restricted persons again."

Alterations Not Subject To Sales Tax

AUSTIN, Tex. (AP) — The cost of alterations on ready-to-wear clothing is not subject to

the sales tax, the 3rd Court of Civil Appeals ruled Wednesday.

The question arose in a suit filed by Julian Gold, Inc., to recover sales taxes, penalty and interest totaling \$5,569.

The company sells women's ready-to-wear clothing, and some customers want alterations for which a separate sales ticket is made out, said Associate Justice Bob Shannon of the appeals court.

Shannon said State Comptroller Robert S. Calvert, who is

responsible for sales tax collections, contended that "the sale of the garment and its alteration are all a part of the same sales alteration, and that, as such, the alteration is a service which is part of the sale." This would make it subject to the sales tax.

Shannon said, however, the law specifies that the "sales price" does not include "remodeling" and that the alterations constitute remodeling.

Female Truck Drivers Fired

LAKELAND, Fla. (AP) — Two petite female truck drivers have filed sex discrimination charges after a company ruling that prohibits single women from making long-distance hauls with men drivers.

"Ever since I was a little kid I wanted to drive a big truck," said Virginia Barnes, an attractive 35-year-old brunette.

"They gave me a chance and then they took it away from me."

Mrs. Barnes and 48-year-old Pauline Blackburn have filed complaints with the Equal Employment Opportunity Commission against Watkins Motor Lines Inc. of Lakeland.

The women complained after company officials decreed on March 1 that drivers of opposite sexes could not team up on trucks with sleeping quarters unless they were married.

"There is less chance of hanky panky on the road than there would be in the trucking

offices," scoffed Mrs. Blackburn, a pretty divorcee.

"I think I should be able to drive a truck because of my ability, not because I'm married," added Mrs. Barnes, a mother of two who is in the process of divorcing her husband.

Barney R. Brown, vice president of the Lakeland trucking firm, said that the ruling "had nothing to do with discrimination... It creates too much of a problem."

"The policy of Watkins Motor Lines is to have both male and female drivers," he said. "We do not allow male drivers to drive together or single, and we do allow female drivers to drive together or single."

Watkins' personnel director Arthur Farr added that the company employs several husband-wife teams.

Mrs. Barnes and Mrs. Blackburn, both under 5-foot-2 and 105 pounds, learned to drive the huge tractor-trailer rigs at a vocational school. They handled Watkins rigs for nearly three months before the company ruling.

Both women say they never asked for any special treatment from their male partners.

Mrs. Barnes said, "I got my blouse dirty and I got my hands dirty. When we unloaded 40,000 pounds of concentrate, I unloaded my share — half."

TRUCK DRIVER FIRED — Virginia Barnes (pictured) and Pauline Blackburn, both divorcees, have been fired from their jobs as truck drivers with Watkins Motor Lines Inc. Company truckers work in teams, and officials decreed that the single women could not team up with men drivers on trucks that have sleeping quarters. The two women, both under 5-foot-2, handled Watkins' rigs for three months before the ruling.

Kay Williams Chosen DeMolay Sweetheart

Kay Williams, daughter of Mr. and Mrs. Don Williams, 2804 Parkway, was crowned Sweetheart of the Leon P. Moffett Chapter, Order of DeMolay, during a meeting Tuesday evening in the Masonic Hall.

Miss Williams, a freshman at Big Spring High School, is a member of the choir. She is affiliated with the First Baptist Church and holds the station of Hope in the Order of Rainbow for Girls. She will serve as official hostess for all DeMolay activities this year and will represent the chapter in Sweetheart competition at both area and state conclaves.

SWEETHEART — Kay Williams, center, has been chosen "Sweetheart" of the local DeMolay Chapter, with Libby Hattenbach, left, and Duanna Mason, right, named as "Duchesses."

Denise Bryant, high school senior and outgoing Sweetheart, placed the crown on Miss Williams' head as Maxey Brashears, master counselor, presented her with an arm bouquet of red roses.

Libby Hattenbach, high school sophomore, and Duanna Mason, a freshman, were named Duchesses and will assist Miss Williams in the special events. The Duchesses and outgoing Sweetheart were presented red carnation corsages.

Floyd Moss, district governor, served as master of ceremonies. Refreshments were served by members of the DeMolay Mothers Club from a table accented with a floral centerpiece. Miss Bryant presided at the punch bowl.

Big Spring (Texas) Herald, Thurs., April 6, 1972 3-B

Winners Named At Bridge Play

Duplicate bridge winners at Big Spring Country Club Wednesday were Mrs. Elmo Wasson and Mrs. A. Swartz, first; and Mrs. Ova Mae Edwards and Mrs. E. A. Ellington, second.

Girl Scout Workshop Scheduled

Girl Scout workers and volunteers for the First United Methodist Church Bible School are reminded of the "Indoor Planning for Outdoor Fun" session Wednesday.

The training, which will be conducted by Mrs. Robert Sims, Day Camp director, and Miss Arlene Estes, field director, will be held in the fellowship hall of First United Methodist Church. Workshops will start at 9 a.m., continue through the lunch hour and conclude at 2:30 p.m.

Baby sitters will be available at the church for a nominal fee.

Workers should bring a sack lunch, Scout handbooks and any program ideas for outdoor activities they would like to share with the group.

"The training will cover activities that can be done in advance of an outing that will insure the success of the outdoor program," said Miss Estes.

All workers planning to attend should register by calling either the Girl Scout office, 263-1364, or Mrs. Sims at 263-1583.

Mrs. J. Justiss Receives Award

Mrs. Johnny Justiss, who was named "outstanding club woman" for Western District, Texas Federation of Women's Clubs, was presented a silver plate and certificate from Mrs. Hayes Stripling at a meeting of 1941 Study Club Monday evening in the home of Mrs. Jack Cauble, 904 Culp, Coahoma.

Mrs. Justiss is a home economics teacher at Coahoma High School. She was chosen for the award based on club, civic and community activities, and particularly for her work with young girls in the area.

Mrs. W. A. Wilson showed a film on "Texas Heritage" which told a brief history of the state and showed state parks, museums and historical sites that could be visited.

Miss Amanda Guess Marries In Austin

Miss Amanda Jane Guess of Austin, daughter of Mr. and Mrs. Thomas L. Guess, 4018 Vicky, became the bride of Gary Young Bicknell of Austin Saturday evening in the Shettles Methodist Church, Austin.

Parents of the bridegroom are Mr. and Mrs. Ira Y. Bicknell of Cason.

The Rev. William A. Triggs performed the ceremony before an altar accented with large baskets of white carnations and pink gladioli interspersed with fern.

The bride, carrying a nosegay of white carnations with pink

Cancer Unit Gets First Contribution

STANTON (SC) — Mrs. Bob Cox announced the Order of Eastern Star made the first donation to Martin County Unit of American Cancer Society at a unit meeting Monday in the Martin County Library. The OES gave \$15.

Mrs. Marvin Standefer presided and appointed Tom Ed Angel and Mrs. David Young as a nominating committee to select a new slate of officers.

Mrs. Cox said plans for the crusade scheduled April 18 are complete. The annual unit meeting will be May 1, place to be announced.

Colorful Boxes Offer Storage

Short on bathroom storage space? Colorful plastic boxes that stack attractively are ideal for concealing anything from cosmetics to spare rolls of bathroom tissue.

Manufacturers combine deep-rimmed white lids with bases in ultramarine blue, poppy red, avocado green or antique gold to complement any color scheme. Made in a variety of handy sizes, these square, rectangular and round containers range from 39 cents to \$1.39 in department, housewares and hardware stores.

Bride-Elect Is Honored At Brunch

Miss Barbara McAllister, bride-elect of David Draper, was honored with a complimentary brunch Tuesday morning at Big Spring Country Club with Mrs. Clyde Hollingsworth and Mrs. Lonnie Ivie as hostesses.

Attired in a gold pantsuit, the future bride was presented a corsage of multi-colored rosebuds accented with babies' breath. Similar corsages were presented to her mother, Mrs. Harold McAllister, and her fiancée's mother, Mrs. Bill Draper.

Guests were seated at a table laid with yellow linen and centered with a basket arrangement of mixed spring flowers.

The couple plans to be married June 3 in the First Baptist Church.

'Critical Oil Shortage Predicted' Says Desk-Derrick Speaker

"A critical shortage of oil and gas is predicted in this country in the near future," said Miss Helen Hurt to members of Desk and Derrick Club, Tuesday at the Downtown Tea Room. She said the United States is consuming more than a third of all oil used in the free world, but it has only six per cent of the free world reserve.

"In order to decrease our dependence on foreign oil, domestic exploration must be encouraged by political and governmental policies," said Miss Hurt. She said that in

March the Texas Railroad Commission allowed 100 per cent production capacity for all Texas oil fields for the first time since 1948.

"Our industry's challenge is to continue to meet the growing demands for energy," said Miss Hurt, "and at the same time redouble our efforts to solve the environmental problems resulting from our operations and the use of our products. We need to formulate a sound government energy policy and consider all petroleum issues as a whole, not as fragments of the whole."

Miss Hurt said the oil industry has been aware of the need to protect the environment for many years, and she feels the criticism it has received is unfair. Between 1966 and 1970, oil companies in the United States spent more than \$2 billion dollars on air and water conservation activities, according to Miss Hurt.

Mrs. Everett Barnett presided, and 16 members attended. The next meeting is at 7:30 p.m., May 1 in the Chamber of Commerce Building.

Rebekahs Informed Of Grand Lodge Meeting

A report on the recent grand lodge meeting was given by Mrs. Jewel Fields during Tuesday evening's meeting of Big Spring Rebekah Lodge 284, at the IOOF Hall.

Mrs. Fields, representative to grand lodge, said 1,340 were in attendance and that Mrs. Betty Adams of San Antonio was named new state president. Highlighting the conference was a program given by children from the orphan's home in Corsicana, which is supported by the lodge. It was announced that Rebekahs raised more than \$89,000 for the home in 1971, and also contributed \$103,878.03

to the Rebekah Home for the Aged at Ennis.

Mrs. W. A. Majors, noble grand, presided for the Tuesday meeting, and the 42 attending reported 23 visits to the sick.

It was announced that three new members will be initiated Tuesday evening, and a salad supper will be served.

Following the meeting a gift shower was held for Mr. and Mrs. Pat Savell who were married recently.

Mrs. A. G. Hall who was appointed district deputy during the grand lodge meeting, will be a guest of the Stanton lodge Monday evening to give a report of the conference.

"I'm sorry, Mrs. Columbus... but Christopher flunked geography again!"

Apologize

Jean Adams' TEEN FORUM

JOB HUNTING: (Q.) I have a girl friend with an older sister who works. This girl told me I could get a job at the company where she works.

I went there and looked her up. She made me leave. She said I could get her fired hanging around. When I got home she called me and told me she had been fired.

Now her mother won't let me see my girl friend. She thinks I just used her to get to her sister. I love my girl friend, but her mother doesn't believe I do. What do I do? — All Messed Up in Missouri.

(A.) You shouldn't have gone to see the girl at the company. You should have gone to the personnel office. That's where people go to look for jobs. Many employers do not

permit workers to have visitors during job hours. I doubt, though, that the girl was fired just because of your visit. Possibly there were already other complaints against her. Visit your girl friend's mother and apologize for any trouble you may have caused. Talk to her about your personal interest in her younger daughter. Ask her to let you see your girl friend again.

CALLED? (Q.) I think I am called to be a nun. I am scared. I can't understand why. I am not holy at all. I am always getting into trouble.

I can't tell anyone. They would think I am a weirdo. One nun is a pretty good friend of mine. But how can I tell her? She knows how bad I am and would probably laugh in my face. — Afraid in New Jersey.

(A.) Do not fret about being imperfect. If God had to have perfect people to do His work He would have no one. Tell your friend the nun about what you think. She will not laugh at you.

(Want personal answers to your questions? Write to Jean Adams, one of the Big Spring Herald, P. O. Box 2482, Houston, Texas 77001. Only letters that include stamped, self-addressed envelope can be answered.)

Signs For Jackal

LONDON (AP) — Director Fred Zinnemann and producer John Woolf have signed Edward Fox for the starring role in "The Day of the Jackal," a Universal release. The film version will be from Frederick Forsyth's best-seller.

The bidding:
 East 1NT 2♥ West 2♠ North Pass South Pass

Opening lead: Deuce of ♠ South's aggressive two heart overcall—over East's opening one no trump bid—landed the former in a four heart contract that appeared to be doomed to fail inasmuch as the lay of the cards subjects declarer to the loss of two spade tricks and two hearts. South, however, uncovered a brilliant coup to develop a successful end position.

West led the deuce of spades and East won the first trick with the queen. He continued with the king and ace, South ruffing the third round with the three of hearts. Inasmuch as declarer had lost the first two tricks, his only chance to make the contract was to confine his trump losers to one. This appears possible only if West holds the ace-doubleton in hearts. By leading out to North's queen and then a small one back, ducking the return to West, the ace will fall if the latter has the desired holding. South realized that this

hope was impossible if East's one no trump bid were to be given credence, inasmuch as there was no way to get the latter up to 16 points without including the ace of hearts among his assets. The only chance then was to find his opponent with a specific distribution—3-3-4-3—and he planned his campaign accordingly.

The ace and king of clubs were cashed and a third round led and trumped with the four of hearts. A small diamond to the jack put North in to lead a fourth club. East discarded a diamond and declarer ruffed with the five of trumps. The ace of diamonds followed by the queen over to the king set up the following end position at trick 11:

- NORTH**

The ten of spades was led, and in desperation, East ruffed in with the jack of hearts, in the hope that West's trump holding was as good as the 10-8. South was in command, however, and overruffed with the king as West helplessly followed suit. The nine of hearts was returned. West covered with the ten, North played the queen and East won with the ace. South's eight of hearts took the final trick. He lost two spades and only one heart on the deal.

Texas Billboard Laws Still Fuzzy

By BOB JONES
Associated Press Writer

Billboard laws were passed in this year's legislative sessions in several states, including Texas, but there is some difference of opinion on who will pay to have the signs removed from near the roads.

Kansas, Nebraska and Oklahoma laws provide that the federal government pay 75 percent of the cost of removal and the state 25 percent.

However, an Iowa attorney general's opinion holds it is unconstitutional to use primary highway funds for the purpose and in Missouri there is no formula for compensation.

In Texas, legislation regulating placement and removal of billboards was one of the two major reasons Gov. Preston Smith called the state legislature into a special session, which ended last week.

The bill adopted by the Texas legislature prohibits certain types of outdoor advertising, such as billboards, within 600 feet of primary highways and requires junkyards, or automobile graveyards, with 1,000 feet of main highways to be removed or screened.

The Texas highway department considers interstate, U.S. and major Texas-numbered highways as part of the primary system. It does not include farm to market, ranch or park roads.

Excluded from the billboard control are official signs authorized by law, for sale or lease signs on property, signs on businesses or signs on any commercial or industrial land. Public utility signs also are exempt.

The highway commission is authorized to pay the sign owner and land owner for removing a sign.

The state highway department has estimated it will take \$82.2 million over the next five years or so to remove or screen the 1,166 junkyards which will be affected by the bill and to remove 16,380 billboards, with the state paying an estimated \$26.6 million of that total from state taxes.

Opponents claim the Missouri law also is unconstitutional because it calls for use of highway funds to tear down billboards and compensate owners. Supporters and opponents alike said the cost of dismantling the signs cannot be estimated because of the lack of a formula. Missouri Gov. Warren E. Hearnes signed the bill into law March 30, a day before the

deadline set by John A. Volpe, secretary of transportation. Volpe threatened to withhold \$11.5 million in federal aid this year and 10 percent of federal highway aid each year until the state passed a law to meet federal requirements.

Gov. Robert Ray signed the Iowa bill March 29 to avoid loss of \$7.2 million in federal funds this year and an estimated \$6.6 million annually until such a law was enacted.

Joseph Coupal, director of highways, said that, based on a 1966 survey, billboard-junkyard removal would cost Iowa \$26 million but a new survey has been ordered to update that estimate.

Kansas Gov. Robert Docking signed the bill into law to avert loss of \$6.8 million in federal funds. Opponents said that amount should have been sacrificed because loss of billboards will lose more tourist business than that.

In June 1966, Kansas had more than 35,000 signs to be removed—857 on interstate routes and 34,812 on primary routes. The state highway department said it still is using those figures as estimates.

It was estimated in 1966 that removal would cost \$13.11 million. The Kansas Legislature has given the highway department authority to use any money it needs to match federal funds.

The Oklahoma Legislature adopted the law because it estimated about \$5 million would have been lost in federal funds. The state will pay the estimated \$1 million cost for removal then will get three-fourths back from the federal government.

Gov. J. J. Exon signed the Nebraska measure a few days before the deadline. The state faced loss of \$3.9 million in federal funds. Under the bill, 75 percent of the removal cost will be paid by federal funds.

Total cost has been estimated at \$14.1 million but Nebraska officials said the task, that will begin this summer, will be spread out over the space of several years.

FURR'S MEAT PRICES ARE DOWN!

We have not waited on government price talks to lower ours!

Look at what has happened . . .

In February, grocery prices took the biggest jump in 14 years—1.9 percent

March 16—Meat prices took a drop

March 20—Furr's Prices were cut. For example:

Round Steak, then \$1.09 was lowered to 88¢

Sirloin Steak, then \$1.09 was lowered to 88¢

Club Steak, then \$1.35 was lowered to \$1.19

T-Bone Steak, then \$1.35 was lowered to \$1.29

Rib Steak, then \$1.09 was lowered to 88¢

March 20—John Connally, Secretary of the Treasury, met with national super market chain heads in Washington.

March 30—Some National chains cut meat prices

Since March 20, Furr's has sold top quality beef for as low as 88¢ a pound on steak cuts, well under its local competition. It has not waited for the government to ask for lower prices.

Furr's is proud to lead the way! It pledges a policy of dropping meat prices when the meat packer lowers its prices!

Wounding Of Third Dallas Officer Prompts Warnings

DALLAS (AP) — The shootings of three city policemen in less than three weeks have prompted Police Chief Frank Dyson to issue a public warning that "senseless assaults on police officers will not be tolerated."

Dyson's strongly worded statement was issued Wednesday after a police investigator was wounded in a shooting spree triggered by an apparent domestic argument. Investigator Horace Akins, 29, became the third police officer to be wounded while on duty in the past three weeks.

"In less than three weeks, three Dallas police officers have been shot down by persons committing criminal acts," Dyson said.

Police said, burst into a home where his wife was hiding after a domestic argument and began firing a weapon, killing Johnson and wounding Mrs. Johnson.

Authorities said Lacy later abducted Dallas contractor Harold Walker and forced him to drive to a bar.

Intech Adds Egg Carton Plant In Pennsylvania

DALLAS — LTV Aerospace Corporation announced here today that its subsidiary, International Technovation, Inc. (Intech), has acquired Container Corporation of America's polystyrene egg carton plant in Nesquehoning, Pa.

The 60,000-square-foot plant is on a 10.5-acre site about 75 miles northwest of Philadelphia.

Intech, which began operating the plant this week, has retained all of the approximately 75 people who had been employed by CCA, according to Forbes Mann, LTV Aerospace president. Intech has negotiated a new three-year contract with the Textile Workers Union of America, AFL-CIO, he said.

Mann said Dallas-based Intech operates as a unit of LTV Aerospace's wholly owned subsidiary, Service Technology Corporation.

Intech was formed by LTV Aerospace in 1970 as the diversified company's entry into the \$2.1-billion-a-year plastics segment of the packaging materials market. Two plants in Malvern, Ark., and Big Spring, now turn out about 130-million foam plastic egg cartons and 900 rail cars of meat, poultry and produce trays a year.

"Our new plant in Pennsylvania increases Intech's total current capacity to about 200-million egg cartons a year and gives us access to a market covering about a third of the nation's consumers," according to Granville Hahn, Intech president. Intech's Arkansas and Texas plants cover another third of the population, primarily in the South and Southwest.

"By December 1972, with the addition of new plastic handling and forming equipment, and about 15 more employees, we expect to increase substantially the Pennsylvania plant's capacity," Hahn said. "We also will be expanding our two other plants and should have a total output of some 300-million egg cartons annually by year-end."

SENSELESS ASSAULTS
"One officer is dead, one is seriously wounded and another was shot down without warning this afternoon," he continued.

He said, "I want it understood that we will not stand idly by and watch our men brutally gunned down by those persons who have no respect for the law."

"These senseless assaults on police officers will not be tolerated."

Wednesday's violence, which resulted in the death of Roland Johnson, 47, ended when the alleged assailant accidentally shot himself, police said.

Johnson's wife, Willie, 50, was wounded along with Akins and James E. Lacy, 29, who, po-

lice said, burst into a home where his wife was hiding after a domestic argument and began firing a weapon, killing Johnson and wounding Mrs. Johnson.

FORCED HIM
Authorities said Lacy later abducted Dallas contractor Harold Walker and forced him to drive to a bar.

Three Dallas policemen, including Akins, were in the bar investigating another matter when they noticed the hostage trying to escape from Lacy.

When Lacy was ordered to raise his hands, police said, he pulled a .38-caliber pistol from his pocket and shot Akins, then fled in a hail of gunfire.

Police said Lacy was running through an alley when he ran into a tree, discharging his own gun into his chest.

All of the wounded were in serious condition. Police said they located Walker later, unharmed but nervous and frightened.

Five From Here To Get Degrees

Five students from Big Spring are among the 893 candidates for degrees at West Texas State University this spring.

Two students, Carolyn J. Cook, daughter of Mr. and Mrs. Eldon Cook, 1716 Purdue, and James Daniel Gillespie, son of Mr. and Mrs. J. E. Gillespie, 2905 Hunters Glenn, are seeking Bachelor of Business Administration degrees. Miss Cook is a business-education major and Gillespie is a data processing-computer science major.

Three students are seeking Bachelor of Music Education degrees. They are Margaret Alice Cooper, daughter of Mr. and Mrs. Wayman Cooper, 2505 Central; Santos Gomez Lujan Jr., son of Mr. and Mrs. Santos Lujan Sr. 511 N. Bell St. and Dale Martin Pless, son of Mr. and Mrs. Glenn Pless, 609 Elgin.

Miss Cooper is a member of Alpha Chi honor society. Spring Convocation is at 4:30 p.m. May 6 in the Amarillo Civic Center Coliseum.

Hood Will Teach Course At Webb

According to Verl I. Green, Webb AFB education services officer, Connie Mack Hood, registered principal of the New York Stock Exchange, has agreed to teach a short course in investments at Webb.

The course will be held on April 12-13 between the hours of 7:30 p.m. and 9:30 p.m. The course is open to the public and will be held at building 603, room 14 at Webb.

Topics which Mr. Hood will cover include: the New York Exchange, Money Markets, Common and Preferred Stocks (first night), and Corporate and Municipal Bonds, Open and Closed End Funds, among other topics the second night.

There are no registration requirements.

Weiner Preparing To Run Tests

Martin County added two producers on Thursday's oil report, one in the Spraberry Trend area and the other in the Sulphur Draw (8,790 Dean) area.

Ted Weiner No. 2-21 Frank Harris was preparing to run tests with the objective of becoming the fourth producer in the new relatively shallow Grayburg area north of Lemah. Still a fifth test was getting close to this zone.

ARREST EX-FOOTBALL STAR

Plot To Kill Charged

DALLAS (AP) — Authorities Fort Worth and agreed with to do with the alleged contract accused an ex-convict from them to knock \$5,000 off the Honolulu Wednesday of plotting sale price of some cocaine in return for the killing of the Ben Connolly of Houston. judge.

They lodged the charge against Ronald Frick, 24, after his arrest at the East Texas home of Joe Don Looney, 30, a former University of Oklahoma football star.

The complaint alleged that Frick met Saturday with two undercover agents Saturday in Big Spring (Texas) Herald, Thurs., April 6, 1972 9-B

NEWS RELEASE!

Horace Justice, Vice President and Division Manager Safeway Stores, Dallas, announced today that Safeway's policy regarding pricing of meat will remain as it has always been. A broad check of Safeway's prices will show that Safeway retail prices are as low or lower than competitors for equal quality and trim. Cost increases or decreases will affect retail pricing and Safeway will pass along any declines to the consumer promptly. Many of Safeway's current prices are at or below the level in effect at the time of the price freeze August 14, 1971. Mr. Justice was quoted as saying, "Let me again assure all of our good customers that Safeway will be prompt in reflecting in retail meat prices cost declines as they occur."

In the complaint, the agents of the U.S. Bureau of Narcotics and Dangerous Drugs said Frick told them he had thought about committing the murder himself but decided "he would be safer hiring it done."

The agents quoted Frick as telling them that Connolly is due to sentence Frick's common law wife, Catherine Linda Martinez, 20, and Charles Richard Everett, 29, of Fort Worth in a cocaine smuggling case. Both presently are in custody at Houston.

Describing Connolly as "a hanging judge," Frick was **MOVING? SOMEONE NEEDS IT!!! Just Call 263-7331**

DEFENDANTS AFTER JURY DECISION — Six of seven defendants hold a news conference in federal building in Harrisburg, Pa., late Wednesday after a federal jury convicted Sister Elizabeth McAlister and Father Philip Berrigan of smuggling letters in and out of prison. Other defendants went free due to deadlocked jury on other counts. Left to right: Egal Ahmad; Father Neil McLaughlin; Father Joseph Wenderoth; Sister McAlister; Anthony Scoblick and wife Mary.

Harrisburg Seven Ends In Mistrial

HARRISBURG, Pa. (AP) — The government's attempt to prove that antiwar priest Philip Berrigan and six others formed a conspiracy that included a plot to kidnap presidential aide Henry A. Kissinger, blow up tunnels under federal buildings in Washington and vandalize draft board offices.

The jury found Berrigan and a nun who worked with him guilty on seven counts involving letters smuggled in and out of prison, but failed to agree on the 1,500-word conspiracy count that was the key element in the federal government's case.

That count charged that the seven "did unlawfully, wilfully and knowingly combine" to kidnap Kissinger, blow up heating tunnels under federal buildings in Washington and vandalize draft board offices.

Berrigan remains in prison on other charges while bail has been continued for the remaining defendants until the government decides whether to seek a new trial.

Chief prosecutor William Lynch declined to speculate on what further action might be taken, although before the jury came in he had said, "We would never drop these charges."

The U.S. District Court jury of nine women and three men added six guilty verdicts Wednesday to the one it had returned Sunday, but said it could not agree on the other three counts in the 10-count indictment.

Left unresolved were the general conspiracy charge involving all seven defendants and two other charges that said two letters involved in the case contained kidnap threats which were mailed in violation of U.S. postal regulations.

In addition to the letter-smuggling conviction against him Sunday, Berrigan was found guilty Wednesday of attempting to smuggle three other letters out of the federal prison in nearby Lewisburg, where he was confined in 1970 for destroying draft board files.

Sister Elizabeth McAlister, 32, an art history teacher from New York City, was convicted of attempting to smuggle three letters in to Berrigan.

Berrigan and Sister Elizabeth face maximum sentences of 10 years for each letter-smuggling count.

Judge R. Dixon Herman set no date for sentencing, but tentatively agreed on May 2 as the date for a hearing on a defense contention that the letter-smuggling prosecution was discriminatory.

Smaller Son

Dear Abby

Abigail Van Buren

DEAR ABBY: We have two fine sons, 13 and 16. The 13-year old is very large for his age, and unfortunately, the 16-year-old is extremely small for his age.

When we introduce them to friends, some will ask, "Are they twins?" Others just assume that the smaller one is the younger one, and I know the older boy is hurt and embarrassed. When it's possible to do so, we tip off our friends in advance so they don't make that mistake when they meet the boys, but when we're not able to, I can see the hurt in the older boy's eyes.

Will you please print this in your column so thoughtless people will not make that mistake. You'd rate a big thanks from a lot of little

fellows, thank you. A MOTHER DEAR MOTHER: It's done. You'll not be able to run interference for the smaller boy all his life. Little fellows of ten compensate by trying harder, and therefore make it big, in spite of their size.

DEAR ABBY: I am the wife of the ex-Marine whose old girlfriend is named "Semper Fidelis," wrote, asking you if she should try to get in touch with him after all these years. She said since 1944, she still felt the same about him, and if he happened to be single (as she was), maybe they could pick up where they left off. Please tell her she would be doing me a big favor if she

would take this ex-Marine back. He hasn't changed much. He lost a few teeth, a lot of hair, and most of his zip. But to make up for his losses, I'll throw in the 30 pounds he's gained, all his debts, and his mother. HIS WIFE DEAR WIFE: Don't be too hopeful.

DEAR ABBY: The best belly laugh I've had in years came from two of your letters. The first from "Practically Un- touched in Tulsa" complaining that her husband had made love to her only five times since Jan. 1, 1970. (You advised her to see a lawyer.) The second letter, signed "Anonymous Attorney," said that you would have earned the undying gratitude of the nation's judges had you advised her to see a judge instead, as judges had fewer social contacts than lawyers.

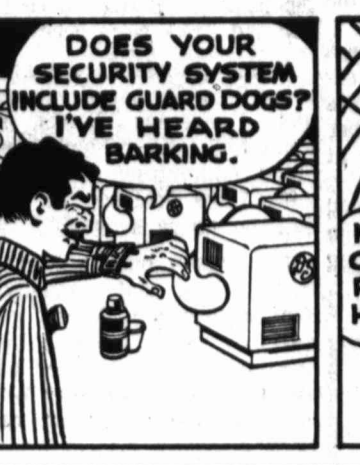

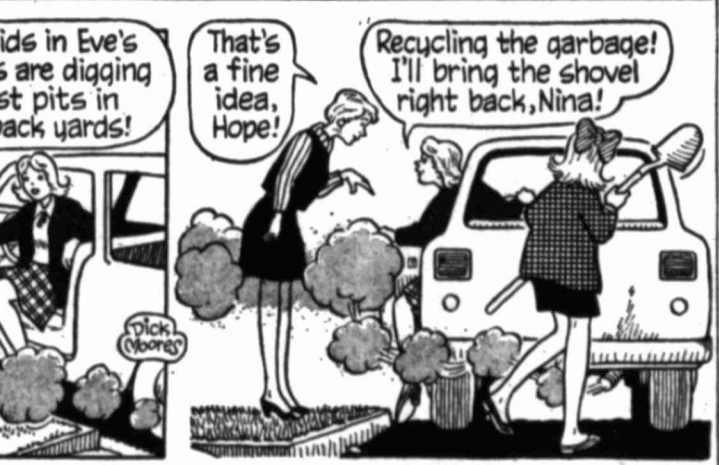

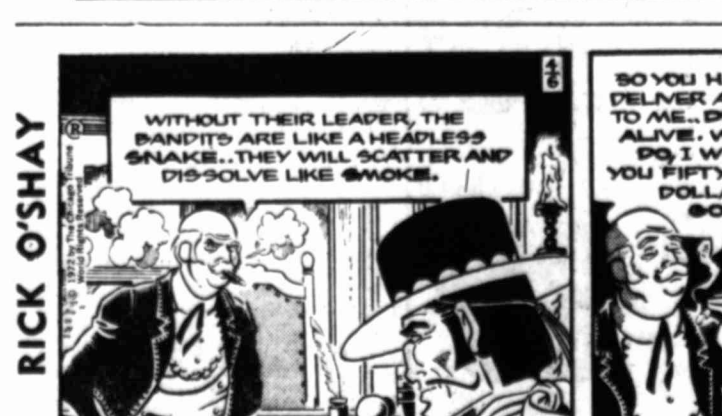

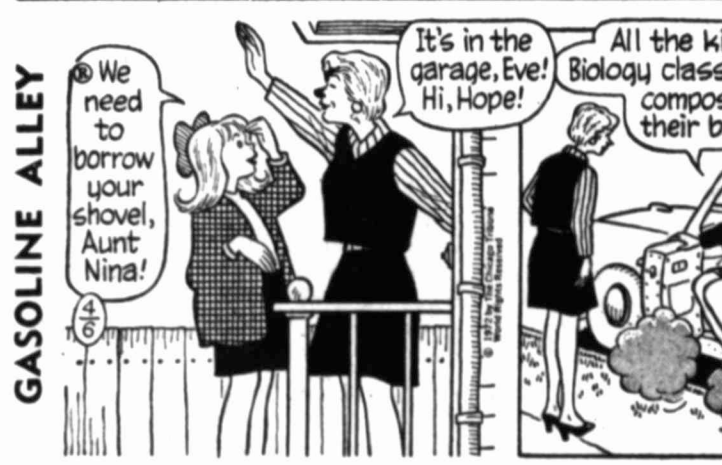

Your readers might like to know that in St. Louis County we had a case where the woman did exactly that. The resulting criminal trial of the judge was widely reported in daily installments of the soap operas on television. Eventually the whole affair acquired a name, taken from the town where the trial was held -- "Clayton Place."

Sincerely yours, ENGENE AUSTIN, CHAIRMAN, MO. COUNCIL ON FAMILY LAW

CONFIDENTIAL TO "ENRAGED AT THE SELFISHNESS OF SMOKERS:" You are not alone. But I've observed that the more one likes the smoker, the less the smoke bothers him.

USSR Executives Get Pink Slips

MOSCOW (AP) — Two Soviet industrial executives have been fired for "criminal carelessness" as a result of an accident in a Minsk factory in which a number of workers were killed and injured.

Eye Transplant?

Your Good Health
Dr. G. C. Thosteson

Dear Dr. Thosteson: What is the percentage of success in eye transplants? How soon after death would the eye have to be removed? Transplanted how soon? Could arrangements be made through your regular eye doctor? — J. F.

I omitted the details of your letter as you asked me to. I commend your intentions, but a transplant such as you are thinking about, of a complete eye, is not possible.

The part of the eye that is used is the cornea, the transparent outer covering of the eyeball. There are cases in which, because of accident or other hazard, the smooth, clear cornea has been scarred, and no longer transmits light clearly.

The scarred cornea can be removed, and the clear cornea of a good eye transplanted. That method by now has restored good vision for a great many people — but it is applicable only when that type of problem is involved, a defect in the cornea. It does not correct problems involving glaucoma, damage to the eye nerve, detached retina and other defects (although some of them can be helped by other means).

An eye, to be used for a transplant of the cornea, should be removed as soon after the donor's death as possible. It is kept refrigerated, but the transplant also is performed with the least possible delay. Thus an eye, when available, is carried by plane or other rapid means of transportation to the hospital where it will be

used.

Anyone willing to leave his eyes for such use should, therefore, make known in advance that he is willing to do so, and make arrangements through his doctor (eye doctor or other physician) who in turn can notify those who must be ready to accept the eyes.

Incidentally, the removed eyes are replaced with artificial eyes, with pains being taken to match the color of the eyes even though the donor's eyes will be closed. There is no external sign indicating that the eyes have been removed.

Dear Dr. Thosteson: I have had glaucoma for eight years and understand there is no cure for it. My ophthalmologist says it can only be checked.

The other day a woman told my husband she had been operated on and her glaucoma had been completely cured. Is there such an operation at the present time — Mrs. M. H.

There is surgery for glaucoma, but I would be very cautious indeed about describing it as a "complete cure." That is to say, surgery can be used in advanced cases to reduce the pressure inside the eyeball — which is the basic

times the operation may help; other times it does not. You may be certain that your ophthalmologist would recommend surgery if you needed it or if it promised to help you.

Dear Dr. Thosteson: Two years ago my daughter was born with a critically low blood sugar, and had to be force-fed glucose in water before breast feeding.

Will she always be hypoglycemic? Should I have her blood sugar checked often? — M.E.L.

Not necessarily. Quite a few infants can have a sharp drop in blood sugar shortly after birth. This usually corrects itself as feeding progresses. I would leave it to the pediatrician as to whether to have blood sugar tests.

War Powers Test Shapes

WASHINGTON (AP) — Sen. Mike Gravel planned an attempt today to force a Senate vote on a declaration of war against North Vietnam.

The Alaska Democrat said he would make his stand in debate on a bill to restrict the president's war powers.

The bill would limit the president to emergency use of the armed forces for 30 days unless Congress authorized continued hostilities. But, as currently written, it would not apply to Vietnam.

26 SPONSORS

Gravel proposed amendments Wednesday to make the bill applicable to "present hostilities" and to formally declare war on North Vietnam.

Gravel, a leading Senate dove, said he would vote against the second amendment.

He said he favors the first amendment, however, which would require an end to U.S. participation in the Vietnam

fighting within 15 days in the unlikely event that the provision became law.

The bill is described by its 26 sponsors as an attempt to restore to Congress its constitutional prerogative to initiate war.

The bill is opposed by the Nixon administration. The administration says the nation has been involved in more than 180 military engagements abroad with only five declarations of war by Congress and that the bill thus would go against historical precedent.

Sen. Barry Goldwater, R-Ariz., leading Senate opponent, calls the bill "unrealistic, unwise, and unconstitutional."

'RED HERRING'

The Senate adopted three amendments Wednesday that were offered by the sponsors of the bill to dispel what they called "red herring" arguments against it.

DITA BEARD

REP. BOB WILSON

Says Dita Beard Wrote ITT Memo

By The Associated Press

Republican convention.

Rep. Bob Wilson has said the memo published by columnist Jack Anderson in the International Telephone & Telegraph Corp. controversy was written by lobbyist Dita Beard under pressure from an ITT executive who wanted to get her in trouble, the Baltimore Sun said today.

Mrs. Beard has denied under oath that she wrote the Anderson-published memo, which linked an ITT contribution to the Republican National Convention with testimony ITT officials have given to the Senate Judiciary Committee.

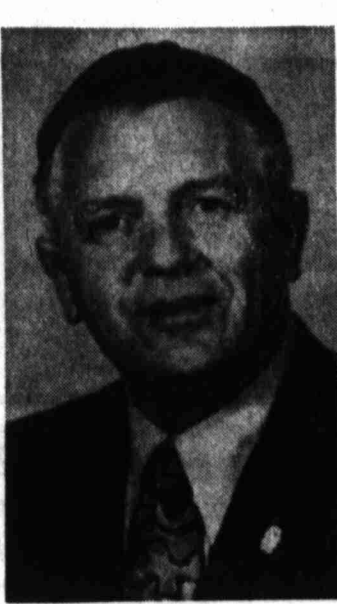

The Sun said its story was based on a 45-minute tape-recorded interview that the California Republican congressman had in his San Diego office with Robert E. Cox, a reporter for the San Diego Union. After the Sun's story appeared in print, claiming that contents of the interview had not previously been made public, the San Diego newspaper published a story today containing material that it said was drawn from the interview.

Efforts to reach Wilson, who was instrumental in the Republicans' decision to hold their convention in his home city this August, were not successful, the Sun reported.

TOO SMART

The Senate Judiciary Committee has been investigating charges concerning the memo as part of its examination into President Nixon's nomination of Richard Kleindienst to be attorney general. It has additional deliberations scheduled today into whether Kleindienst acted improperly in the ITT case while he was deputy attorney general.

The Baltimore Sun said Wilson claimed that William R. Merriam, Mrs. Beard's boss in the ITT office, instructed her to write a memo linking the anti-trust settlement with an ITT pledge to underwrite \$400,000 of San Diego's cash bid to get the

JIM LEMONS

Lemons Named Club's Prexy

Jim Lemons was elected 46th president of the Downtown Lions Club Wednesday and will take office the first meeting in July, succeeding Roy Hughes.

Other officers named were John F. Smith, first vice president; Aubrey Bryans, second vice president; Jim Parks, third vice president; Ernie Boyd, secretary-treasurer; Tom Fetters, Liontamer; R. H. Snyder, Ted Hicks and Maj. Joe Gill, tailtwisters; Tom Henry and Paul Petterson, directors. The hold-over directors will be Jimmy Ray Smith and Lynn Hise.

John Smith announced the selection of the club's queen for the District 2A-1 contest will take place at the Wednesday, April 12, meeting.

Bryans announced a meeting of team captains Monday evening to plan for the upcoming annual lightbulb sale May 1-2. The captains are Ralph Beckham, Ernie Boyd, Don Box, Paul Petterson, Veri Green, Joe Horton, Col. Bill Ling, Jim Lemons, Jim Parks, Jimmy Ray Smith, Tom Henry, Ted Hicks and Jimmy Holmes.

More Irish Trouble Is Foreseen By Speaker

The decision by Prime Minister Edward Heath to suspend the Ulster government by Henry II. for a year won't accomplish anything, except possibly more violence.

Throughout a succession of changes of rule, the formula remained basically the same — the wealthy ruling classes were Protestants, the poor people were Catholic. The former had the allegiance to the British crown, the latter finally achieved the status of Free State under Eamon de Valera in 1925. Ulster (northern Ireland) however, was considered an integral part of the United Kingdom.

So the pressure was there — the South wanting unification of the South; the North insisting on the allegiance to the British crown, which Ireland; into this was the volatile mixture of religion and interventionism.

Furr's Planning New Cafeterias

LUBBOCK — Furr's Cafeterias, Inc. expects to open at least nine new cafeterias during 1972.

"Two of these cafeterias were opened during January of this year — one in Greeley, Colo., and another in Tempe, Ariz.," Don Furr, president, reported to stockholders.

Seven additional cafeterias — two in Oklahoma City, two in Tulsa, Okla., and one each in San Angelo, Houston and Amarillo, Tex., will be completed later this year. This will give the Company 45 cafeterias and four pie shops in six Southwestern states. Net income increased 38 per cent to a new total of \$1,360,958, or \$1.37 per share.

New Record For Water Deliveries Established

An unseasonably warm March produced a new record for the month in water deliveries by the Colorado River Municipal Water District.

The total for the month was 1,613,563,822 gallons, an increase of 41.70 per cent over March 1971. This brought to 4,044,450,226 gallons the first quarter total, up 41.22 per cent over the same month a year ago.

Municipal deliveries amounted to 1,091,168,000 gallons, a gain of 13.85 per cent over March 1971, but the whopping percentage increase came in mining and industrial deliveries of 522,395,822 gallons. This was 189.72 per cent more than a year ago when these deliveries were sharply curtailed by critically short lake supplies at that time. Last summer's rains changed all that.

During March, the district made these deliveries to cities: Odessa 399,524,000 gallons, up 5.48 per cent over March last year; Big Spring 237,425,000 gallons, up 10.64 per cent;

CONFLICT

The Sun said that in an interview March 3 Wilson attributed the memo in Anderson's column to Mrs. Beard and made other statements that conflict with testimony ITT officials have given to the Senate Judiciary Committee.

The Sun said its story was based on a 45-minute tape-recorded interview that the California Republican congressman had in his San Diego office with Robert E. Cox, a reporter for the San Diego Union. After the Sun's story appeared in print, claiming that contents of the interview had not previously been made public, the San Diego newspaper published a story today containing material that it said was drawn from the interview.

Efforts to reach Wilson, who was instrumental in the Republicans' decision to hold their convention in his home city this August, were not successful, the Sun reported.

TOO SMART

The Senate Judiciary Committee has been investigating charges concerning the memo as part of its examination into President Nixon's nomination of Richard Kleindienst to be attorney general. It has additional deliberations scheduled today into whether Kleindienst acted improperly in the ITT case while he was deputy attorney general.

The Baltimore Sun said Wilson claimed that William R. Merriam, Mrs. Beard's boss in the ITT office, instructed her to write a memo linking the anti-trust settlement with an ITT pledge to underwrite \$400,000 of San Diego's cash bid to get the

SURE AS CAN BE

Wilson, a friend of Mrs. Beard and of ITT President Harold S. Geneen, said he was "sure as can be" that Mrs. Beard was "mousetrapped" into writing the memo by Merriam and Edward J. Gerrity, an ITT senior vice president in charge of public relations, the Sun reported.

The Sun said Wilson described what he called a plot by Merriam and Gerrity to get Mrs. Beard fired, because she had access to Geneen that they did not.

The Sun said Wilson added that two years ago the ITT aides tried to isolate Mrs. Beard, refused to let her talk with Wilson, and told Geneen she was sick.

Wilson is quoted as saying that he told Geneen: "There is not a more effective lobbyist for any company in Washington than Dita Beard," and that Geneen responded, "I know it, and she's going to have her job with me as long as she wants."

Testifying before the Senate Judiciary Committee in Denver on March 26 from the hospital bed where she was confined with a heart ailment, Mrs. Beard said she had never written the memo as it appeared in Anderson's column for papers of Feb. 29. She said she remembered portions of it, but not those in which the ITT convention underwriting was linked to an out-of-court settlement of the antitrust case.

GAVE IT BACK

No copy of a memo that Mrs. Beard admits to writing has surfaced.

The Sun noted that at the time of the Wilson interview "only one memo had been mentioned, and that was the one published by Mr. Anderson."

The San Diego Union, in its account of the interview, reported that Wilson said Merriam visited his office after Anderson made known his version of the memo and told him: "I did get that memo," but "I'm sure I gave it back to Dita."

Horoscope Forecast

TOMORROW —CARROL RIGHTER

GENERAL TENDENCIES: Now you have a very good day and evening to get at worldly and business matters which claim your attention. You can handle them in such a manner that you gain the goodwill of those in high position and make headway in adding to your own prosperity. Think out reports for your property.

ARIES (March 21 to April 19) Contact the most powerful people you know and state your ambitions so they will give you the support you want for them. Fine your regular job much more efficient. Derive more benefits therefrom.

TAURUS (April 20 to May 20) If you investigate new ideas and methods, you can make big headway now. Some letter you receive can give you the data you need at this time. Much care in driving is important today and tonight.

GEMINI (May 21 to June 21) A good day to make those payments that are important and improve your credit rating. Make it in a fine mood now and you can have much happiness together in p.m. Buy that little gift that pleases.

ADONIS CHILDREN (June 22 to July 21) Sit down with associates and plan the future more intelligently, talk out problems, quietly. You can reconcile differences with those who have opposed you, clear up misunderstandings. The days ahead can be much brighter.

LEO (July 22 to Aug. 21) Analyze what your most important work is and then go ahead and perform well, scheduling your time properly. Come to a better agreement with a co-worker. Show you are right on the ball and gain the approval of others.

VIRGO (Aug. 22 to Sept. 22) If you forget all those dull things you are doing and get into those activities for which you are best suited, you make this a fine day, p.m. Get the joy out of life now that you need and should have. Do some studying, too.

LIBRA (Sept. 23 to Oct. 23) Why are you afraid to tell those of home how you want everything to be there? Wake up, or they will soon be telling you what to do, even the little ones. Steer the ship well, and straight and they will thank you. Be happy.

SCORPIO (Oct. 23 to Nov. 21) Listening to associates' gripes instead of pretending to be busy can now make your partnerships what they really should be. Cooperate and relieve frustrations, become more successful. Did you take care of that minor physical ailment yet?

SAGITTARIUS (Nov. 22 to Dec. 21) Clever people in business will now lend a needed hand so that you can straggle out those monetary affairs that have been bogging you for some time. Stretch your thoughts and become more productive. You are not living up to your big capabilities.

CAPRICORN (Dec. 22 to Jan. 20) Why just try with the idea of having people you really like as associates? Call them up and tell them so — they will be just as happy as you about it. Parties are fine tonight — become an integral part of them.

AQUARIUS (Jan. 21 to Feb. 19) You can best arrange your practical affairs by quietly and confidentially conferring with others, not by broadcasting your aims to an unlistening world. Have that serious talk with mate and stop being so sacrificing. Wake up!

PISCES (Feb. 20 to March 20) Congenials are your best bet for evening enjoyment, since you are too tired to enjoy needing the other kind. However, you may meet a newcomer also who has good ideas. Listen to this person instead of monopolizing the conversation.
