'HIGH CRIME' Demos Mull Impeachment Legislation

WASHINGTON (AP) — House members opposed to President Nixon's latest action in the Vietnam war said today they would introduce legislation calling for his impeachment.

Rep. Bella Abzug, D-N.Y., told the House Nixon's decision to mine North Vietnam's harbors amounted to the "high crime" against the American people that is cause for impeachment under the Constitution.

She called it a one-man decision taken in defiance of the overwhelming sentiment of the American people. Several other members will join her in introducing the impeachment resolution, she said.

On the Senate side, Republican Leader Hugh Scott supported the mining of Haiphong and other North Vietnam ports and said that "very probably we are not in danger of a serious confrontation with Russia or China."

He said he assumed the Russians and the Chinese understood Nixon was proceeding within the rules of war to protect American troops.

Democratic Leader Mike Mansfield, however, described the President's move as "a risky gamble." He said it makes settlement more difficult and it "looks like the war is starting all over again."

In another development, Jerry Gordon, national coordinator for the National Peace Action Coalition, announced plans for week-long antiwar demonstrations culminating in massive rallies nationwide on Saturday.

Death Leap By Woman

PORTLAND, Ore. (AP) — "I'm tired of all this — and I'm going to a better world," the young woman said.

With that, she leaped to her death from a 12th-floor ledge of a downtown department store as 1,000 persons watched.

Police said papers in her purse — left on the ledge—identified the woman as Marsha Hiltbrand, 23, of Portland.

Officers said she appeared on the balcony of Meier & Frank's store about 12:40 p.m. after trying in vain to get a room on the 12th floor of the Hilton Hotel.

A psychiatrist talked to her from inside the store as she hung to the railing of the ledge for 40 minutes before jumping.

His efforts to dissuade her from leaping were unsuccessful and she let go as firemen began readying a suicide net.

Draft Call For 9,000

WASHINGTON (AP) — The Selective Service System announced today it would order about 9,000 young men with lottery numbers 1 through 35 to report to the Army in June.

The move is aimed at completing a call last March for 15,000 men over the April-May-June period, the draft headquarters said. Only those men with numbers 1 through 15 had been taken until now.

Most of the new inductees will be registrants in classes 1-A and 1-A-O who were born in 1952, but "a small number of older men also will be issued orders," the announcement said.

"These are men who recently have lost deferments or whose initial postponements of induction expire in June."

The new round of orders will be sent out by local boards as soon as possible and no later than May 31, headquarters said. Recently revised draft regulations require that registrants receive at least 30 days notice of their induction dates.

The April-May-June call represents the first under the new system in which all eligible registrants with the same lottery numbers are ordered to report in the same time period — regardless of their locations around the nation.

Sharply Higher Cotton Prices

WASHINGTON (AP) — Sharply higher market prices helped boost the value of the 1971 cotton crop to nearly \$1.44 billion, not counting government payments, the Agriculture Department announced Monday.

The season average price for all cotton produced last year was 28.62 cents per pound, compared with 21.98 for the 1970 crop. Total market value of 1970 production, not counting payments, was \$1.12 billion.

Including government payments, 1971 cotton was worth \$2.26 billion, compared with \$2.01 billion for 1970 production, officials said.

Those figures did not include the value of cotton seed put at \$241.1 million for 1971, compared with \$229.5 million for 1970.

Production of all cotton was 10,473,000 bales or an average yield of 438 pounds per acre, 3 per cent more than 1970 but revised downward 84,000 bales from the preliminary estimate.

Soviet Press Accuses Nixon Of 'Naked Aggressive Acts'

MOSCOW (AP) — Tass accused President Nixon today of "naked aggressive acts" and violating international law in his actions against North Vietnam—and conceivably against Soviet shipping.

North Vietnam and the Viet Cong spoke defiantly of what they called an ultimatum.

The Soviet news agency Tass distributed a six-paragraph dispatch under a Washington date-line, about 12 hours after Nixon's announcement of plans to block the approaches to North Vietnamese ports.

Tass said that in addition to mining port entrances, Nixon gave orders for "American armed forces to strike blows on internal waters, rails and

roads" in North Vietnam. It said "Nixon has tried to justify these naked aggressive acts, which mean an aggravation of American interference in Vietnam and the violation of norms of international law, as saving the lives of 60,000 American soldiers."

Tass said Nixon also blamed "a Communist threat to South Vietnam" for the actions, adding such a threat "is used by American propaganda to justify the acts of escalation of war against the Vietnam people."

Tass said Nixon promised the United States wants to end the war and take its troops home, "but the practical steps as well as the measures announced speak to the contrary."

The dispatch noted the Presi-

dent's assurances that his decisions were not aimed at any third country. While the President pointedly directed his remarks to the Soviet Union, Tass made no mention of specific references to the Soviet Union in the speech.

ULTIMATUM

The Tass report contained no indication of what the Soviet response would be to the direct challenge posed to the Kremlin by Nixon's decisions.

The North Vietnamese and the Viet Cong accused Nixon of laying down an ultimatum to the Vietnamese people. They rejected any such action.

The Viet Cong delegation to the Paris peace talks called on the President to "immediately halt all of his acts of war ...

and engage in serious negotiations."

In the first official reaction from Hanoi on the President's speech announcing the mining of North Vietnamese ports, a spokesman for the North Vietnamese delegation to the talks said in Paris:

"As long as the Nixon administration continues its aggression in Vietnam, pursues its policy of 'Vietnamization' of the war and continues escalating the war against the Democratic Republic of Vietnam, the entire Vietnamese people, united as a single man, are resolved to pursue their struggle of resistance until obtaining their fundamental objectives: independence, freedom and peace."

The statement declared "Nixon has taken the gravest step in the escalation of the war to date, hurling an insolent challenge to the Vietnamese people, to the Socialist countries, to peace-loving countries, to the American people and people of the entire world."

It said he is not only against North Vietnam "but equally against the right of free navigation of countries in their relations" with Hanoi.

Comment from other Communist countries also was critical. South Vietnam welcomed the President's decision and called it "a timely one, aiming at putting an early end to the Vietnam war."

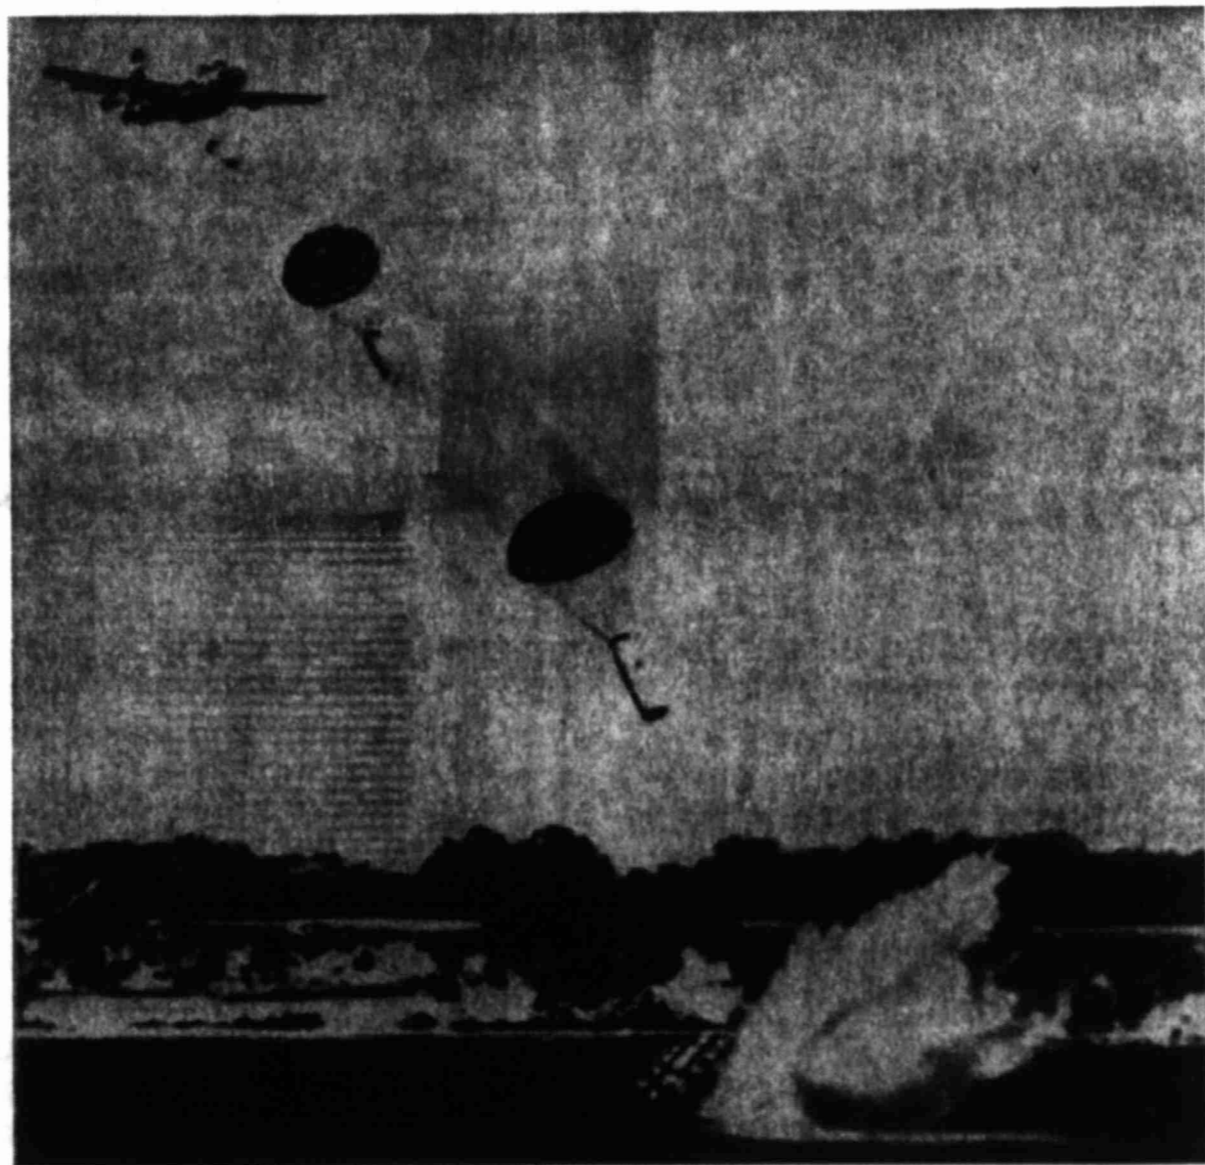

Britain said the plan offers a chance for ending the war but stopped short of expressing

support for the new American policy.

France criticized the new military moves and suggested that "frank and courageous negotiations" were the only way out of the conflict.

Foreign Minister Maurice Schumann said that "Instead of an escalation of the war, France has always preferred an escalation of peace. Instead of continuation of military operations, she has always preferred a political solution. Instead of Vietnamization, she has always preferred negotiations."

Referring to what he called the present "escalations" of the war, Schumann said "France for her part deplores once again that this has happened."

AERIAL MINES — This is a U.S. Navy composite photo showing how aerial mines are dropped from aircraft. Parachute slows mine before impact. Navy planes, carrying out President Nixon's orders, were reported to have begun mining North Vietnamese ports today.

U.S. Planes Bombard Railroads, Highways

SAIGON (AP) — The biggest U.S. air and naval task force ever assembled in Vietnam began mining the entrances to Haiphong and other North Vietnamese ports today and heavily bombed railroads and highways in North Vietnam.

The U.S. Command reported one North Vietnamese MIG jet shot down during the mining operation, the seventh MIG reported down in four days.

The command said the initial phases of the blockade announced by President Nixon Monday night "have been successfully accomplished" and the Navy planes that dropped the delayed-action mines to seal off the enemy's harbors had all returned safely to their carriers.

FIRST TO DIE
But the commander of a cruiser-destroyer flotilla in the Tonkin Gulf, Rear Adm. Rembrandt C. Robinson, was killed

Monday night and his chief of staff and his operations officer were missing when their helicopter developed engine trouble and crashed as they were trying to land aboard the cruiser Providence.

Robinson, 47, was the first

admiral to die in the Vietnam war.

The Navy said it has marshaled a force of at least 60 ships—including five aircraft carriers with 350-400 warplanes, four cruisers and 30 destroyers—to mine all entrances to North Vietnamese ports, to cut off the delivery of war materials through the territorial waters of North Vietnam, and to sever rail and other communication lines ashore.

The 7th Air Force has more than 500 strike planes flying from bases in Thailand and South Vietnam.

AIR STRIKES

U.S. Command spokesmen said air strikes continued over North Vietnam today. They gave no details of the day's operations but said attacks in the North had nearly doubled during the past week to an average of about 200 strikes a day. American planes returned to the Hanoi area Monday for the first time in three weeks.

The aerial mining of Haiphong centered on a narrow channel called the Canal Maritime, which was dredged into the harbor.

The mining operation began at 9 a.m. Saigon time, just as President Nixon was beginning his televised address.

Effort To Halt War Supplies

WASHINGTON (AP) — President Nixon has coupled the mining of North Vietnamese harbors with stern military steps intended to choke off Hanoi's war supplies—moves which imperiled his Moscow summit and rekindled domestic polemics on the Indochina war.

OUTLAWS

In a nationwide broadcast Monday night, Nixon delivered what amounted to an ultimatum for the Soviet Union to quit supplying arms and materiel to "the international outlaws of North Vietnam" within three days or face destruction of Soviet ships.

Dr. Henry A. Kissinger told a news conference today President Nixon realizes his latest Vietnam moves "will create short-term difficulties for Soviet leaders" but he fully hopes to proceed with the Moscow summit talks May 22.

Kissinger, the President's assistant for national security affairs, said the United States has received no indication from Moscow as to whether the Soviets will want to proceed with the summit. He said "it will probably be a day or so" before formal reaction is received.

'SOME RISK'

Responding to questions, Kissinger said the Nixon moves involve "some risk." He added:

"The judgment was that it did not involve an unacceptable risk."

But he conceded that "only events will prove" whether the presidential strategy will work.

While saying Nixon's attempt to block receipt of Soviet war supplies to North Vietnamese ports presents Moscow with difficulties, Kissinger said the Soviets "permitted a situation that posed massive difficulties for us."

Besides risking collapse of summit talks with Soviet leaders due to begin in two weeks, Nixon's sea quarantine of North Vietnam posed the potential for perhaps the greatest confrontation of world superpowers since the Cuban missile crisis a decade ago.

The chief executive combined

BULLETIN

TOKYO (AP) — Two Chinese ships anchored in North Vietnamese waters were "brazenly and repeatedly attacked" by U.S. planes and warships over the weekend, Peking said in a broadcast early Wednesday.

disclosure of the toughest military moves ever ordered by an American president in Vietnam with what some Washington officials viewed as a softening of peace terms:

An offer to withdraw all U.S. forces from Vietnam within four months after American prisoners of war are released and an internationally supervised ceasefire has begun.

REMAINING U.S. TROOPS IN VIET — Map locates bases and numbers of American troops still remaining in South Vietnam. Troop figures shown include 45,000 men. The remainder of the 60,000 American troops in the country are scattered around South Vietnam in small units.

Couple Important Races Undecided

By The Associated Press
Former U.S. Sen. Ralph Yarborough and Texas Atty. Gen. Crawford Martin needed to bat just about 1,000 today in tabulation of an estimated final 4,000 votes from Saturday's state Democratic primary.

Martin lacked 3,000 votes to avoid losing his job to challenger John Hill, whose total was barely above 50 per cent of the number tallied.

An election bureau spokesman said conclusive results probably will not come before next week, when votes from Texas' 254 counties are officially canvassed in Austin.

Runoffs definitely will be necessary in races for governor, lieutenant governor and comptroller.

RAIN
Partly cloudy through Wednesday with a slight chance of rain through Wednesday, no important temperature changes. High today 85, low tonight 58, high tomorrow 85.

'Spring' Wins Honors For Mrs. D. Hohertz

A Big Spring woman won top honors at the second annual regional arts and crafts show sponsored by the Gaines Art Association Friday in Seminole.

A landscape entitled "Spring" by Mrs. Daryle Hohertz was judged "best in show" by Dr. Ray Hellberg, a member of the Texas Tech art faculty. Mrs. Hohertz received \$125 in prize money, and her painting was purchased by Seminole State Bank for future display. Mrs. Hohertz also won first place in the "still life" competition.

"I can't believe it," said Mrs. Hohertz when she heard she had won. "I really can't believe it. This was the first time I've entered anything other than local shows, and the first time I've entered anything professionally. Of course I'm very happy about it."

Mrs. Dolores Williams of Seagraves also won \$125 for an entry judged "best in Gaines County membership." First

MRS. DARYLE HOHERTZ

place in other categories received \$25, with ribbons going to all placing entries. The two-day exposition was open to the public Saturday and Sunday. Four art association members demonstrated techniques of pottery painting, gold leaf glazing and three-dimensional painting on glass.

Dr. Hellberg addressed a meeting of the art association at a luncheon Friday and encouraged the group to make themselves known in their various communities in order to further the cultural life. He said he judged the entries according to what appealed to him, and that he appreciated strong color highlights and good composition.

"Art is a way for every individual to discover himself," Dr. Hellberg said. "There is no such thing as a bad subject for art. Paint from your own experiences, for they are just as important as anyone else's."

Other entries in the show were made by people from Lubbock, Andrews, Seminole, Brownfield and Odessa.

Graduate Feted At Cola Party

Miss Kae McLaughlin, a senior at Big Spring High School, was honored with a cola graduation party Thursday in the home of Mrs. Don Womack, 107 Canyon. Co-hostess was Mrs. John Taylor.

About 18 guests attended. Daisies were used for decorations, and Miss McLaughlin was presented a gift. Cola was served from a brass container flanked by brass candle holders with green candles. The buffet refreshments were served from a cherry wood table with marble inlay.

Miss McLaughlin plans to attend Texas Tech University to study home economics. She is the daughter of Mr. and Mrs. Ralph McLaughlin, 112 Cedar.

Swim Wings Aid Child's Swimming

"Two-year-olds swim across pool first time in the water" — or so says the manufacturer of swim-wings, especially developed as a swim-teaching aid for small children.

The manufacturer says non-swimmers can start swimming right away by kicking with feet and leaning forward or using a simple dog paddle. Placement of the inflated swim-wings on upper arms supports the body in a natural head-up position.

QUAINT FASHIONS FROM QUANT — This ample two-piece suit displayed recently is from the Mary Quant autumn collection. The trousers are wide and the jacket features large pockets and big buttons.

Mrs. Don Murphy Is 'Woman Of The Year'

Mrs. Don Murphy was recognized as "woman of the year" by members of Forsan Study Club at an installation luncheon Saturday at Coker's Restaurant. She was presented a floral bouquet.

Installation of officers for 1972-1973 was conducted by Mrs. I. O. Westbrook of San Angelo. Officers are Mrs. Don Murphy, president; Mrs. L. T. Shoultz, vice president; Mrs. Bill Mims, recording secretary; Mrs. M. M. Fairchild, corresponding secretary; Mrs. Johnny Everts, historian; Mrs. H. H. Story, treasurer; Mrs. Hamlin Elrod,

parliamentarian; and Mrs. Garner Thixton, reporter. Phillip Medlin and Ronald Hollandsworth, both seniors at Forsan High School, were chosen recipients of the club's scholarship awards, to be presented if the men attend college.

Guests included Mrs. Westbrook and Mrs. George Beard, also of San Angelo. Mrs. Everts won the attendance prize. The group will resume meetings with a luncheon in August.

Charter Draped By Beauceants

The charter was draped by members of Social Order of the Beauceants in memory of Mrs. Joe Lemon, Monday evening at the Masonic Temple. Mrs. Lee Porter presided, and a contribution was sent to the Knights Templar Eye Foundation, also in memory of Mrs. Lemon.

A workshop to make items for tote bags for supreme assembly is scheduled at 2 p.m. Friday in the home of Mrs. Porter, 1919 Parkwood. The assembly is scheduled Oct. 2-6 in Dallas.

Refreshments were served by Mrs. Eugene Gross, Mrs. Porter Hanks and Mrs. W. A. Bryans. The next regular meeting is at 7:30 p.m. May 22 at the temple.

Careful Tanning Begins In Spring

A good way to get an early start on a good summer tan (and not a burn) is to sunbathe in the backyard or on the terrace in the spring so that you build up a base tan. The sun is less strong in spring than in summer and so is less potentially damaging to your delicate skin.

5 MORE DAYS!

Diet Habits, Environs Affect Mental State

Representatives from area and state associations for retarded children conducted a panel discussion concerning phases of study at the Texas Association for Retarded Children annual convention held recently in Longview. A report on the convention was given by Mrs. Maurice Smith at a meeting of the Howard County ARC at Moss Special Education School cafeteria.

Members of the panel related that a "poverty conference" in Austin in April revealed a strong correlation between dietary and cultural environment to mental retardation.

The benefits of a compulsory school attendance law are being investigated by TARC, and panel members said more emphasis will be placed on care and education of mental retardates from birth to age six, and on basic education for adult retardates. Family counseling and involvement in educational processes is being encouraged.

Panel members were Carl Bearden of Midland, TARC vice president; Mrs. Beverly Soholt of Midland, Executive secretary

of Midland Association for Retarded Children; Dick Rousselet, TARC director-at-large; and Mrs. Maurice Smith, HCARC president.

Members agreed that certification standards for special education teachers in Texas are good. A committee is now studying short and long term goals of ARC, and the role and utilization of professionals and volunteers is being assessed in hopes of giving volunteers a more active part.

Mrs. Smith presided at a business meeting, and Mrs. Roscoe Newell was named chairman of a nominating committee to present a new slate of officers at the next meeting.

It was announced that Texas Special Olympics will be May 25-27 in San Antonio. Ten retarded children from Howard County will enter. The next regular meeting is May 29 and will include election and installation of officers, as well as graduation exercises for Moss Special Education School students.

Bride-Elect Honored At Shower

Miss Donna Kinman, bride-elect of Michael Gamble, was honored at a shower Friday evening in the Pioneer Gas Flame Room.

The honoree wore a white street-length dress and was presented a corsage of white carnations, as was her mother, Mrs. Carroll Kinman; the prospective bridegroom's mother, Mrs. Joe T. Gamble; and the honoree's grandmother, Mrs. D. E. Heffington.

Hostesses were Mrs. W. L. Wise Mrs. Jack Curry, Mrs. E. M. Wright, Miss Janelle Wright, Mrs. David Hanson, Mrs. J. D. Kinman, Mrs. Fern Walton, Mrs. Dorothy Nichols, Mrs. Mack Gamble, Mrs. Fine Wiggins, Mrs. Reese Jennings and Mrs. Joe Sirotaake of Lubbock.

The serving table was covered with a yellow cloth and overlaid with white lace. An arrangement of white carnations and yellow roses centered the table, and serving was done by Miss Valerie Gamble and Miss Debbie McDaniel. Miss Barbara Wise presided at the guest register.

Out-of-town guests included the bride-elect's aunt, Mrs. Andy Anderson, and Miss Janette Walker, both of Altis, Okla.

Miss Kinman and Gamble will marry June 2 at Grace Baptist Church.

A LOVELIER YOU Backless Fashions Are Dominant Trend

By MARY SUE MILLER

You are no doubt aware of summer's backless fashions. Not just in bathing suits and evening dresses but the new-again playdress. In fact, low backs and off-shoulder necklines are found in most every kind of garment, for most every hour.

Perhaps you have already added one such to your wardrobe. If so, you have learned that the wearing requires a trim, firm back. What follows is a routine that achieves a good effect for the throat and shoulders as well as the back.

1. Stand tall with head erect. Clasp hands atop head and swing elbows well out to sides. Press down with hands so that arm muscles tense; push up with neck so as to fight pressure with upper back muscles. Continue for 10 slow counts; relax and repeat twice.
2. Stand with feet astride and arms relaxed at sides. Swing arms upward and outward — on the diagonal to form a wide V. At start of swing, slowly drop head to chest. As you come back to starting position, raise head as arms fall. Repeat 15 times, working for precise, brisk action.
3. Standing erect with shoulders down and head high, grasp base of throat with hands — thumbs to front on collarbones. Very slowly move elbows straight up, close to head — straight down to shoulder level — out to sides and back — forward to touch — straight up. Repeat 10 to 20 times.

Be faithful, it works!

TRIMMERS SLIMMERS

Let me help you with the

Just For Us

According to France's top singer, Charles Aznavour, he shaves only to please women. "A man does everything for a woman," he says. "He dresses for women. He works for women. He shaves for women. If you left me alone, I wouldn't shave for a week."

Couple Coeds Have A Lot In Common

SAN MARCOS, Tex. (AP) — Joy and Debbie Rittiman have a lot in common. Joy is Debbie's mother and both are senior coeds at Southwest Texas State University. Both are language majors. They can wear the same clothes. Both have their hearts set on teaching.

Mrs. Rittiman, whose husband is a teacher and coach at Judson High School in Converse, is a senior English major, scheduled to receive her bachelors degree in August. She completed her student teaching assignment in the past semester, and is anxious to begin teaching 11th grade English at Samuel Clemens High School in Schertz next fall.

Daughter Debbie, a Spanish major, is due to graduate next December or May. She has something a little bit different in mind in which to get her practical experience. The tall, attractive coed hopes to student teach in Mexico in a pilot program through Washburn University.

She has attended a language institute in Durango, Mexico, for the past three summers. Although she is majoring in Spanish, her special 18-week student teaching assignment in Torreon, Mexico, would be to teach English to Spanish speakers.

Mrs. Rittiman commutes from the family home in Cibolo while Debbie resides in Burleson Hall, where she is dorm president and a counselor. She is actively involved in campus activities, ranging from the Student Senate to Spanish Club, of which she is also president. She is a member of Kappa Delta Pi honorary education fraternity and the Spanish honor fraternity Sigma Delta Pi. She is also a member of Associated Women Students, and recently represented the San Marcos chapter of the American Association of University Women at that organization's regional conference in Tulsa, Okla.

AN EVENING WITH JAZZ — Big Spring High School band members rehearse for the 8 p.m. concert today of the Golden Horns and Silver Horns stage bands. The jazz concert tickets are \$1 each. Left to right, John Rihard, Blaz Bailon, Beverly Anderson, Jerry Dunne, James Person and Richard Kitchen.

Seize Plane, Six Persons In Dope Raid

HOUSTON (AP) — Federal agents said here Monday they have charged six persons and seized 1,329 pounds of marijuana in what one called "a severe blow to organized smuggling in Houston."

Robert A. Stevenson, special agent in charge in Houston, said agents also seized a Beechcraft Bonanza light airplane.

The pilot of the plane, Bjorn Christian Finnseth, was arrested in Robstown, allowed to make a call to Houston and proceed to Huntsville where a pickup was made, agents said in the affidavit with the complaint.

Forrest C. Zody, 22, was arrested by agents and Texas Department of Public Safety Highway patrolmen on Interstate 45 en route to Houston after making a pickup at Huntsville, the agents said.

Outlook For Webb Is Good, Whipkey Tells Chamber

The outlook for Webb AFB and the Big Spring Field Station is good, according to R. W. Whipkey in a report made Monday to the Chamber of Commerce board of directors.

"I talked to our congressman in Washington, and the outlook is favorable," he said. According to Whipkey Webb AFB may receive additional appropriations for some new barracks and the experiment station has a good chance of becoming a sandy soils research center for a five-state region.

"The center would need an appropriation of about \$300,000," he said, "and would hire five more engineers for the research work." The present budget is about \$89,000.

The board voted approval of signs — a new white plastic membership sign, to be ordered now and paid for next year at a cost of about \$800 for 750 signs, and sign work at the chamber office costing about \$500.

The existing sign at the chamber would be moved to the back of the building and a sign made of backlighted aluminum letters would be erected in its place.

A small lighted sign would be hung under a sign at the corner of Third and Gregg streets. The

Another Survey

WASHINGTON (AP) — The Department of Housing and Urban Development has a contract with Texas Southern University of Houston to find new ways to utilize the resources of black colleges in fostering community development activities.

Texas Southern, a predominately black college with more than 6,000 students, is the first institution to receive a national contract as the result of recommendations to President Nixon by presidents of black colleges formulated at a HUD-sponsored 1971 conference.

total cost of the work is estimated at \$480.

An auditor's report on last year's budget was approved by the board as was the financial statement for April.

Jimmy Taylor reported on the work of Development Big Spring committees, including a proposal to provide a central location for renters to list their property.

The merchants committee is continuing its monthly Trades Days and has instituted monthly discussion sessions, said Joe Pickle of the forward committee. He reported on the banquet sponsored by the sports committee in honor of the HCJC Hawks, and said the governmental committee was hard at work.

The directors agreed to co-sponsor with Howard County Junior College a seminar on the new Federal safety regulations. Jimmy Taylor reported that a plastics firm that had indicated interest in West Texas would be contacted.

Nixon Stopped Short Of Declaring Blockade

By FRED S. HOFFMAN
WASHINGTON (AP) — President Nixon told the Russians in effect they can sail freighters into North Vietnamese harbors at their own risk. But he has stopped short of declaring a blockade, usually regarded as an act of war.

Pentagon spokesman Daniel Z. Henkin said the measure Nixon ordered in an effort to seal off North Vietnam from outside military aid "is not a blockade in terms of boarding and searching ships."

It appears that if, after the period of grace, captains of incoming ships are willing to chance running through the mines to reach North Vietnamese harbors, no U.S. effort will be made to stop them. But the risks obviously would be great.

When former Secretary of Defense Robert S. McNamara five years ago opposed mining Haiphong, which receives 95 per cent of North Vietnam's incoming war gear, McNamara said mining would not prevent offshore unloading of cargoes.

Instead, the U.S. Navy will try to plug the entrances of Haiphong and at least five other North Vietnamese ports with magnetic and acoustic mines dropped from carrier-based planes.

Sources said the mines are equipped with delayed-action fuses to give Communist and other skippers three days to get out of port, a period of grace indicated in Nixon's speech Monday night.

At last report, there were 11 ships in Haiphong Harbor, about triple the number there before the North Vietnamese offensive against South Vietnam opened five weeks ago. Sixteen ships are Russian, 11 others fly the flags of other Communist countries. The remaining nine are Hong-Kong based ships believed under Communist Chinese charter.

Bridge Test

BRIDGE QUIZ ANSWERS
Q. 1—Both vulnerable, as South you hold:
♠Q103 ♥54 ♦A10942 ♣854

The bidding has proceeded:
North East South West
1 ♠ 2 ♥ Pass Pass
Dble. Pass ?
What do you bid now?
A.—Three spades. An effort should be made to reach game, and a mere return to two spades or a call of three diamonds will sound forced to partner, and he may be reluctant to take further action. A jump bid cannot be considered drastic in light of your failure to bid freely on the previous round.

Q. 2—As South, vulnerable, you hold:
♠Q107 ♥QJ8874 ♦5 ♣532
The bidding has proceeded:
North East South West
1 ♠ Pass 1 ♥ Pass
2 NT Pass 3 ♥ Pass
3 NT Pass ?
What do you bid now?
A.—Hearts, it must be with this hand, and you must, therefore dutifully continue to four. This does not show any additional values, for you bid each time at the lowest level that it was possible for you to do so.

Q. 3—As South, vulnerable, you hold:
♠K7653 ♥AQ8 ♦AK82 ♣8
The bidding has proceeded:
North East South West
1 ♠ Pass 3 ♦ Pass
3 ♥ Pass ?
What do you bid now?
A.—We would be willing to assume at this time that your major suits were solid and consequently are concerned primarily with the number of aces. We would, therefore, bid four no trump (Blackwood) and, if partner showed two aces, we would risk a grand slam in spades.

Q. 4—As South, vulnerable, you hold:
♠A2 ♥K9 ♦K9532 ♣8543
The bidding has proceeded:
North East South West
1 ♠ 1 ♠ 2 ♣ 2 ♣
3 ♣ Pass 3 NT Pass
4 ♣ Pass ?
What do you bid now?
A.—You had a very sound raise to start with, we recommend a mere return to five clubs. The bidding has made it

clear that your ace of spades is not as impressive a card as you thought it would be from the beginning, inasmuch as it duplicated partner's void.

Q. 5—Neither vulnerable, as South you hold:
♠K6 ♥AQ763 ♦AQ73 ♣98
The bidding has proceeded:
South West North East
1 ♥ Pass 1 ♠ Pass
2 ♦ Pass 2 ♠ Pass ?
What do you bid now?
A.—You have more values than you have previously shown and, since partner has rebid spades, you have normal support for that suit. One more try is recommended in the form of a raise to three spades.

Q. 6—Both vulnerable, as South you hold:
♠AJ95 ♥K5 ♦9852 ♣AQJ
What is your opening bid?
A.—This hand is just a shade light for an opening bid of one no trump, and it might be found convenient to open it with one club. The objection to bidding a spade is that a somewhat awkward rebid situation develops if partner responds with two hearts.

Q. 7—As South, vulnerable, you hold:
♠982 ♥J ♦AJ6 ♣AK8542
The bidding has proceeded:
North East South West
1 ♠ Pass 2 ♣ Pass
2 ♥ Pass ?
What do you bid now?
A.—No very convenient rebid is available at the moment. A mere return to two spades could not be considered on grounds of inadequacy. A jump to three spades is certainly not to be entertained with such a meager trump holding. We would temporize with a bid of three diamonds. If partner proceeds to three no trump, we relax. If he rebids hearts, we return to three spades. If he rebids spades, we take him to four.

Q. 8—As dealer you hold:
♠A85 ♥AQ103 ♦AQ542 ♣3
What is your opening bid?
A.—The better strategic call is one heart rather than one diamond. If you open with one diamond and partner responds two clubs, your hand is not quite strong enough for the reverse bid of two hearts. Therefore, it is better to treat those suits as though they were the same length so that a convenient rebid is provided over partner's expected response.

Indian Sites To Be Excavated

DALLAS (AP) — Two prehistoric Indian sites near Mount Pleasant will be excavated during the summer by archaeologists from Southern Methodist University and, possibly, a number of volunteers from the area.

The team will attempt to preserve archaeological or bot-

anical remains which may be destroyed by the filling of Lake Monticello and to learn how Caddo Indians lived before the age of ceramics and the bow and arrow. They roamed the area around 5000 B.C.

Research archaeologist Olin F. McCormick will head the SMU team with assistance from members of the Texas Archaeological Society. A grant from Texas Utilities Services, Inc., is supporting the work.

No Problems For Mama With Pacer

DETROIT (AP) — A 28-year-old woman who wears an implanted heart pacemaker has given birth to a girl at North Detroit General Hospital.

"I was nervous at first, and so was my husband, when I got pregnant, but we both had faith that it would all be well—and it was," said Mrs. Raymond Zarnick.

Dr. Sam Mendoza, who delivered Mrs. Zarnick's baby on Thursday, said the delivery was normal and "her heart never gave us any trouble."

Horoscope Forecast

TOMORROW

—CARROL RIGHTER

GENERAL TENDENCIES: A day when those who have any influence over you can be in a harping, critical frame of mind, and you would be wise to make sure you do not act as if you are trying to get out of promises you have made to others, you can certainly get into a back of trouble, so be sure you show you are conscientious. Instead, Others are in a bad mood, therefore do not look for praise today. Tomorrow all changes.

TAURUS (April 20 to May 20) If you try to get out of promises you have made to others, you can certainly get into a back of trouble, so be sure you show you are conscientious. Instead, Others are in a bad mood, therefore do not look for praise today. Tomorrow all changes.

LIBRA (Sept. 23 to Oct. 22) You have an associate who wants to fly off into outer space that he knows almost nothing about, so apply a little pressure and

SCORPIO (Oct. 23 to Nov. 21) Tackle all that work in a most persevering and clever fashion and get it behind you quickly. A little time spent at exercise, etc., can improve your health immensely. Don't get discouraged.

PISCES (Feb. 20 to March 20) If you spend too much for the pleasure you want, you find it backfires on you, so keep some, safe. Listen to what a clever person in business has to suggest for your advancement. Think.

Swimming Pool For The Birds

CREVE COEUR, Mo. (AP) — Swimming in Ralph Hirsch's pool is for the birds.

Hirsch was getting his pool ready for the summer when he discovered it occupied by a wild mother duck and her 14 ducklings.

Hirsch said the family moved in from a nearby lake after he removed the winter cover from the pool earlier in the week.

The mother duck has been trying to coax the ducklings out of the pool—but without success.

Shouting, Shoving Match Mars Speech By Wallace

DETROIT (AP) — A shouting and shoving match which threatened to erupt into violence marred a speech by George Wallace Monday night as the Alabama governor launched another drive for votes in the Michigan primary one week from today.

Wallace, speaking by telephone from Alabama, was unaware of the scuffle between backers of George McGovern and students on the one hand and a black supporter of Wallace and a self-described Michigan member of the Ku Klux Klan on the other.

Witnesses said several young people passing out McGovern literature were confronted by a man who identified himself as the head of a Wallace youth group. Witnesses said the man swung three times, scattering the pamphlets to the floor.

The students protested they had a right to be there, while youngsters in the audience hooted the man.

A burly man who later identified himself as Charles Yockey of Pontiac and a member of the Michigan KKK, dashed toward the students who were jeering from the seats in the Harrison High School gymnasium in Ferndale Township.

"You little punk," he threatened one of them. "I can make a vegetable out of you."

Yockey and the other man, standing side by side, shouted and shoved the McGovern supporters, who shouted and shoved back.

Mary Kennedy of Farmington, local president of the National Action Group which was sponsoring the rally, moved in to pull Yockey away. Yockey and the other man then stood debating with the McGovern students while Wallace's speech over the telephone went unheard.

The argument finally stopped when a group of uniformed police arrived. There were no arrests and no injuries.

Bad weather forced Wallace to remain in Montgomery, Ala.

He was able to make a scheduled appearance later Monday in Lansing, where he described President Nixon's plans to mine North Vietnamese harbors as a "solemn and serious matter," but reserved a critical assessment "until I think it through for a while."

Ex-Solon Misused Expense Account?

AUSTIN, Tex. (AP) — The Monday the grand jury will call as they requested, no questions asked.

But last month the House Administration Committee put a \$120 per month ceiling on stamp purchases, with written explanations required for additional amounts.

BANK LOAN

The source said the grand jury was trying to learn whether Moyer paid off a \$6,000 bank loan with stamps taken out on his contingent expense account.

Another former representative from Amarillo, Walter Knapp, was indicted here March 30 on charges he used \$1,200 in postage stamps from his legislative expense account to buy a pickup truck. Knapp pleaded innocent and is free on \$5,000 bond.

Coincidentally, Knapp's pre-trial hearing is set for May 18, the day the grand jury plans to hear witnesses in Moyer's case. Knapp goes on trial May 22.

Moyer was defeated for reelection by Bryan Poff in 1970, and Poff beat him again Saturday in a comeback attempt. Knapp lost a Democratic primary race for state senator in 1970 and ran for Amarillo district attorney this spring.

A subpoena was delivered to the House contingent expense office Monday for the custodian of ledgers.

NO MONEY

House records show Moyer took out a total of \$7,680 in stamps over a 16-month period starting Sept. 1, 1969, compared with only \$36 the preceding year.

He received \$4,680 worth of stamps in the year Sept. 1, 1969, to Aug. 31, 1970. Between Sept. 1, 1970, and the expiration of his term in January 1971, he received another \$3,000 worth—including \$1,500 in December 1970, just a few days before he left the Legislature.

But he spent no money during those 16 months for printing newsletters or other items that could have been mass mailed, records show.

All but \$600 worth of stamps were mailed to Moyer in Amarillo after he wrote or telephoned his requisition to the contingent expense clerk.

In the past, House members could receive as many stamps

Keep Photos Of Nude Man From Jurors

AUSTIN, Tex. (AP) — Photographs of a nude man leading a parade in downtown Dallas may not be shown to a jury that will decide his punishment for possession of marijuana, the Court of Criminal Appeals ruled here.

The jury already had convicted Roger Byron Jones of possession, and the state introduced the pictures in the penalty phase of his trial in an effort to show he had a bad reputation.

Jones allegedly stepped in front of a 1970 Memorial Day parade sponsored by Radio KLIF. The parade was a protest against sagging helmets.

A motorcycle policeman arrested Jones after a march of a little more than a block.

The parade was made up mostly of several hundred young women in short skirts.

The trial judge allowed the jury to see the photographs over the objection of Jones' lawyer.

A state's attorney apologized to the ladies on the jury for any embarrassment the pictures might cause them.

"But it just goes to show you the character of the man, the mark of the man, if you will take a look at all the little girls following him when you decide the punishment in this case," the prosecutor said.

The jury gave Jones 35 years on the marijuana possession conviction.

In reversing and remanding the case, the appeals court said: "This court has consistently held that specific acts of misconduct to evidence a person's bad character may not be used except where they are in the form of conviction for other crimes."

Local Entries Gain Awards

Big Spring High School industrial arts students took 11 awards at the state Industrial Arts Fair in Austin.

Approximately 2,500 students from schools throughout Texas took part in the fair, with Big Spring taking awards in the fields of drafting, technical writing and technical speaking.

Taking places were:

Gary Goswick, a second and two thirds in drafting; Richard Martinez, first in resident plans (drafting) and first in technical speaking; Craig Shipman, two firsts and a third in drafting; and Michael Reed, third for his mobile home plans.

Loren H. Spencer, wood-working instructor at the high school, had several of his students' projects entered in the competition.

Bill D. Brooks, high school drafting instructor, and his wife accompanied the students to Austin.

The students toured area institutions and points of interest before returning to Big Spring Sunday.

The winning projects and others will be on display in the school this week.

The display is open to the public during school hours.

'Midget' Driver Tells Giant Yarn

MILWAUKEE, Wis. (AP) — Authorities turned an 11-year-old girl over to her parents after stopping her for driving erratically on a local freeway.

Deputy Sheriff David Smukowski said that when he stopped the station wagon, the young driver claimed she was a midget and pulled out a license which she insisted was hers.

The youngster, whose parents said she never had driven before, later told authorities she was going to visit her grandmother with three younger girls as her passengers in the family car. The license was her mother's.

Police reported \$200 damage done to two parked cars which the girl allegedly struck on South Side streets.

WHAT IS ARTHRITIS?

By HALVARD T. HANSEN, D.C.

Arthritis is essentially an inflammation of the surfaces of the joint. This inflammation involves not only the bony surfaces, but the musculature and the ligaments surrounding the joint. In many instances, this joint inflammation results from excessive stresses and strains arising from improper functioning. This is a matter of faulty body mechanism, arising from bad posture, curvature of the spine, bones out of place, and other conditions which would induce body imbalance.

Another factor that is often involved in arthritis is faulty calcium metabolism. This means the body's ability to utilize for its own purpose the natural calcium salts found in certain foods.

Recent research has demonstrated that there is definite relationship between arthritis and

upset nervous system. Disturbances in the nervous system interfere with metabolism.

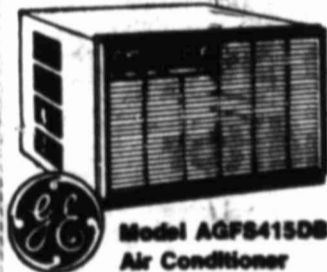

The chiropractor, in dealing with arthritis, seeks to restore normal body balance, and normal functioning of the nervous system. By removing the pressures which clog, re-establish the body's calcium metabolism as well as the correct mechanical functioning of its joints. When he does so, many times symptoms of arthritis are relieved or reduced and the patient is more comfortable.

Recall an auto dealer who found out arthritis could be helped through chiropractic. He had suffered for six weeks through a particularly bad spell. Bad enough he could not sleep or work and could barely get around. Immediate relief was impossible but in three days, he came in and danced to show how much better he felt. No. 2069.

Investigate; see if you are a chiropractic case. We don't take everyone but almost everyone we take, we help. 1004 Eleventh Place, Tele.: 263-3324. (adv.)

★ CONTESTANTS MAY WIN ONE BIBLE WITH EACH PUBLISHED CONTEST. EACH PAGE IS CONSIDERED A NEW CONTEST.

HERE IS A CHALLENGE FOR YOU TO TEST YOUR KNOWLEDGE OF THE BIBLE AND MAKE YOU MORE FAMILIAR WITH ITS TEXT. YOU ARE INVITED TO USE YOUR BIBLE FOR REFERENCE AND RESEARCH BEFORE SENDING IN YOUR ENTRY EACH WEEK.

THIS IS ONE OF A SERIES OF BIBLE VERSE PAGES TO APPEAR IN THE BIG SPRING HERALD EVERY WEEK FOR 26 WEEKS.

WINNERS:

YOU MAY RECEIVE YOUR FREE BIBLE AWARD BY APPEARING AT THE BUSINESS WHOSE ADVERTISEMENT CARRIES YOUR NAME. CONTEST IS ENTIRELY FREE. NO PURCHASES ARE NECESSARY.

CONTEST RULES HERE

1. Identify Correctly the Exact Location of Three (3) verses on this page.
2. Submit your three identified verses either on this page or on a plain piece of paper. Entries on plain paper must specify names of firms sponsoring each of three verses submitted.
3. Your entry must be accompanied by a statement in 25 words or less, completing the phrase

"READING THE BIBLE HELPS ME BECAUSE

'All Work . . .'

Dear Abby
Abigail Van Buren

DEAR ABBY: I am a junior in high school (a boy) and I am an A-B student. I am active in sports and quite a few extra-curricular activities. My problem is my parents. They can't stand to see me do anything except study. The minute I get home from school my mother is on my back, "Go and do your homework!" Then she says, "I never had to tell your brother to do his homework!" My brother is five years older than I was a straight A student, a real brain and a bookworm. He never did anything but study. But, Abby, I am not my brother. My folks don't realize that plenty of parents would be tickled to death if their sons brought home the kind of grades I do. But, no, they're

never satisfied. How can I let my parents see how unfair they are being to me? NUMBER TWO SON DEAR SON: Parents can't be faulted for encouraging their children to work up to their potential, but never should one child be compared with a sibling. It creates resentment, hostility and kills incentive. BUCKEYE JIM DEAR JIM: She hooted because she's selfish, insensitive and behind the times. Get your own hairpiece and "de-hoot" her. DEAR ABBY: This is in regard to the young man and his girl friend who were worried about the girl's ability to have children because she was a twin in a boy-girl twin-ship: (The boy had worked on a farm and knew that in the cases of twin calves, the female calf was unable to reproduce.) We are the parents of TWO sets of boy-girl twins, born three and a half years apart. They are all married now, and their fertility records are as follows: The oldest son has five children. His twin sister has four children. The second son has three children, and his twin sister has two children. That should settle that! N.M. IN MINNESOTA DEAR N.M.: Settled it is. And may your tribe increase. (Forgive me, Alan Guttmacher?) DEAR ABBY: My husband has a good job with a fast growing company and has climbed the ladder of success faster than most men his age. His salary is quite sufficient for our needs, and he has a very

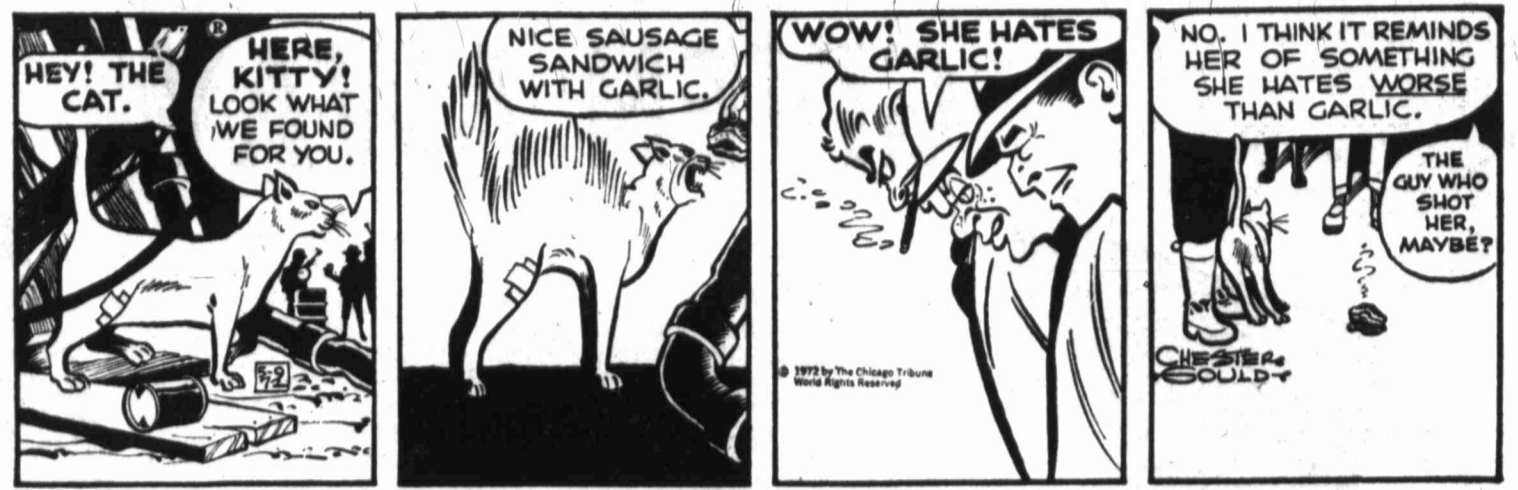

bright future with this organization. Quite by accident I discovered that my husband has been stealing from his employer. What should I do? I don't want to jeopardize the security of our family. GRAND LARCENY DEAR GRAND: Tell your husband what you've told me and urge him to go immediately to his employer with a confession and an offer to make restitution. If he's reluctant, suggest that he consult a lawyer who can tell him exactly what he will face, should his crime be discovered before he gets around to confessing. Problems? Trust Abby. For a personal reply, write to ABBY, Box 69700, Los Angeles, Calif. 90069 and enclose a stamped, addressed envelope.

Scare Story

Your Good Health
Dr. G. C. Thosteson

Dear Dr. Thosteson: Would you explain if having had a thyroidectomy makes any difference for a woman of 50 in going through menopause? My thyroid was removed 15 years ago, and I've heard such awful stories about thyroidectomy patients ending up in institutions during menopause. I can't seem to find the answer to my question in any article or book I've read. — Mrs. S.G.C.

Neither thyroidectomy nor menopause puts people in institutions — but quite possibly the people who propagate such scare stories may have had some effect on the emotional equilibrium of the people who listen to them.

Removal of the thyroid gland (part of it, that is, since part

coloring in my hair. Now for the past month I have had a very itchy scalp. I am 75. I don't want to stop coloring my hair and my husband was upset when I told him I might have to let it grow out. Neither of us likes the idea of a wig. Do you think the coloring might be responsible for the itching. — D.B.B.

It's possible. There is a tendency at your age for the hair and scalp to become drier. This can cause itching. You might consult a dermatologist about a moisturizing agent for your scalp.

But other factors could be involved. The itching could very well be a mild reaction to one of the other drugs you mentioned using. One of them, Indocin, can, in some cases, produce a skin reaction.

Perhaps your physician might want to adjust your dosage or substitute another to see if this has any effect.

Dear Dr. Thosteson: What can a person do when she's afraid to be alone? It doesn't matter if it's day or night, but after dark is worse for me. It

McCRANEY SIG... School golf team der. Snyder golf coach Royce Cox Marsha McCrane

Native Of BS Combines Three Careers In One

Lt. Col. Jan Dickerson rides three horses at a time — and quite successfully, too.

Col. Dickerson, the daughter of Mr. and Mrs. C. W. Dickerson, 1700 Yale, spreads her interest to careers in the military, journalism and horsemanship. She combined the latter two in writing a book, "Make the Most of Your Horse," published by Doubleday & Company. It was so successful that Doubleday has her pledged to produce another.

Currently she is a student in the Reserve Components Course of the U.S. Army Command and General Staff College in Fort Leavenworth, Kan. This should lead to her full colonelcy in the Army Reserves.

Col. Dickerson thinks her interests are not as unrelated as they might appear.

"Sensitivity, logic and decisiveness are the keys to success in military leadership, in writing and in training horses," she said.

Her knack for interweaving her interests started at an early age. When she was 13 years old she went to work for her hometown (Big Spring Herald) newspaper to earn money to buy a horse. She made \$3 a week and the horse cost \$100. She admitted that when she had saved \$50, her father matched the sum to speed up the purchase.

Currently, Col. Dickerson is breaking in a three-year-old colt at the Hunt stables for recreational benefits while attending CGSC. It gives her a chance to enjoy fresh air and exercise, she said, and affords her a good review for the writing of her next book which will be concerned with breaking in young horses.

Col. Dickerson enlisted in the Women's Army Corps in 1949 and received her commission soon afterwards. She served as a press officer on the staff of the Secretary of Defense during the Korean conflict.

After she left the active Army, she remained in the Ready Reserve and now is a mobilization designee to the office of the WAC Director. Occasionally she takes short tours of active duty for training — last year

she served five months in the Pentagon in the office of the Chief of Army Reserve.

Her professional preparation for the literary world includes bachelors degree at Hardin Simmons University, graduate studies in journalism at the Universities of Wisconsin and Missouri. She was a city desk reporter and feature writer for the Kansas City Star for 10 years, and previously had worked for The Herald and the Abilene Reporter-News.

In horse man ship, Col. Dickerson trains riders as well as horses. In equestrian pursuits, she believes that "the greatest horse people are always sensitive, perceptive and empathetic individuals."

Group Attends Convention

Jehovah's Witnesses have returned from Odessa, where they attended a semi-annual circuit convention over the weekend.

Delegates from 22 West Texas towns heard John P. Sutherland, from the Watchtower Headquarters in New York address the 1,673 people present Sunday afternoon. Sutherland spoke on the subject "Are You Marked for Survival?" in which he said, "In actuality, the symbolic mark is the evidence, as if it were displayed on a person's uncovered forehead, that he is a dedicated, baptized disciple of Christ Jesus, and he has a Christ-like personality that differentiates him from all hypocritical Christians. How is the proof evident? It can be observed by how one mate treats the other. It shows up in the way a youth conducts himself in school. It reflects in the way one neighbor relates to another neighbor — his conduct toward that neighbor."

Commenting on the need of each individual to get God's viewpoint of the matter, he said, "Each one then becomes responsible for his own course of action — the course he chooses determines survival or destruction. So by this conduct and attitude, individuals put themselves in line for survival or elimination."

Saturday at the assembly, 28 persons symbolized their dedication as Christian ministers to God by water immersion in a baptismal service held there.

J. L. Watkins, the local minister, stated that regular meetings will resume this week at the local Kingdom Hall.

National Dock Strike Looms After Pay Board Decision

WASHINGTON (AP) — A national dock strike looms today as a possibility following a Pay Board order to cut 15 cents an hour from raises won by 50,000 East and Gulf Coast longshoremen.

The board voted 6-1 Monday night to reject a 70-cent raise in straight hourly pay. It said it would accept all fringe benefits and no more than 55 cents an hour in straight pay, which is still somewhat more than standard board regulations would otherwise allow.

President Thomas W. "Teddy" Gleason of the AFL-CIO International Longshoremen's Association declined to comment on the action.

So did the West Coast leader, President Harry Bridges of the Independent International Longshoremen's and Warehousemen's Union. Since the board cut back a raise for Bridges' 13,000 men last month, he has indicated strongly he would lead them on strike if Gleason does the same in East and Gulf Coast ports.

Pay Board Chairman George H. Boldt said he expected the East-Gulf workers to look over the cutback, "be disappointed,

and then go along with what has become the law of the land."

15 PER CENT
The cut brings down the raise in straight pay from 15 per cent to 12 per cent, Boldt said. However, the board usually considers the total package of wages and fringe benefits, which varies from port to port.

Strictly applied, the board's standard pay rules would have allowed only a 6.2 per cent raise in the wage-fringe package — 5.5 per cent for wages and 0.7 per cent for fringes.

However, Boldt said the board had decided the East-Gulf dockers deserve more because they agreed to certain work-rules changes in most ports that would save the employers money.

He didn't say how the board arrived at the 55-cent figure, but a board spokesman said it is about the same as the West Coast dockers were allowed.

The West Coast dockers were trimmed from 72 cents an hour to 40 cents, but also received full approval of a fatter fringe package.

NO REASON
The board's action Monday appears to go contrary to the findings of its own staff, which questioned whether work-rules changes would save as much money as the ILA and employer groups claimed.

The staff also said it found no reason automatically to give the East-Gulf dockers what the West Coast longshoremen got, and found no evidence that East-Gulf workers had increased their efficiency as much as their West Coast brethren.

Boldt denied that the White House had any influence on the board's decision.

Earlier, Pay Board sources said President Nixon was interested in the case because renewed unrest on the piers could upset the administration's plans to sell grain to Russia, and because Nixon's ally, Teamsters President Frank Fitzsimmons, could be embarrassed by any Pay Board action that deals too sternly with his fellow unionists. Fitzsimmons cast the only dissenting vote in Monday's cutback of the ILA pact.

Johnson Planning To Enter Hospital

SAN ANTONIO, Tex. (AP) — A spokesman for the Army's Brooke General Hospital here says former President Lyndon Johnson plans to enter the hospital for a brief time within the next few days.

Johnson's physician said the visit will be for a followup examination related to his heart attack last month. The doctor stressed that the examination is strictly routine and of a planned nature.

The former president was stricken April 7 while visiting his daughter and son-in-law in Charlottesville, Va. It was his second heart attack since 1955.

Johnson was transferred to Brooke April 12 and remained there about three weeks before returning to his ranch 65 miles north of here.

Band Boosters This Evening

The Big Spring High School band boosters will meet for the last time this school year at 7 o'clock this evening at the band hall.

The major item of business according to Mrs. Harold Pearce, secretary, will be the election of new officers.

Old Secrets Never Die, They're Just Filed Away

WASHINGTON (AP) — Old secrets never die, Congress has been told, they're just filed away.

The oldest is a World War I era secret involving a so-called "contingency plan" for U.S. military action, keepers of America's historical records said Monday.

"It would have to be a very rare bird indeed that would still have to be classified from World War I," said Archivist James B. Rhoads.

The World War I contingency plan is part of an estimated 470 million pages of classified documents, including World War II and Korean War material, currently kept in the archives, federal-record centers and various presidential libraries, Rhoads told the House government information subcommittee.

The documents are not totally unavailable to researchers since agencies can give people clearance to see some of the old files, although there is a good deal of bothersome paperwork involved, Rhoads said.

However, he said, starting June 1, when President Nixon's new executive order on document classification takes effect, there will be an end to "the time-consuming delays which so annoy researchers." Nixon's directive also will lead to opening significant amounts of fairly recent classified material, Rhoads added.

The new order provides for automatic declassification of documents that are 30 years old, but a department head can retain secrecy of "specifically identified" material, he said.

Nixon's order drew fire from Lloyd C. Gardner, chairman of Rutgers University's history department, who told the subcommittee the order could make information — access problems worse.
