

(AP WIREPHOTO)  
GEORGE WALLACE, GRANDSON

## FLASH

### Attempt Is Made On Wallace's Life

LAUREL, Md. (AP) — Alabama Gov. George C. Wallace was shot Monday afternoon while campaigning at a shopping center. He was taken away in an ambulance.

His condition was not immediately known. One report at the scene said four shots were fired. One of Wallace's campaign workers, a woman, was wounded in the gunfire. She was taken away in a second ambulance.

Moments later, George Mangum, a Wallace campaign worker, told the crowd: "I'm told the police have a man in custody."

Wallace and the women were collapsed on the ground near the speakers' rostrum, where first aid was administered until the first ambulance arrived. The wounded woman, not immediately identified, was crying and was comforted by police.

Wallace was taken to Leland Memorial Hospital.

## FOUR FACTIONS

### Convention Will Have 'Everything'

No single faction will be in the majority when the 1972 Texas state Democratic convention meets in San Antonio June 13.

Results of district and county conventions Saturday gave a preview of the upcoming battle on the state level as Texas Democrats pick a delegation to the National convention in Miami later this summer.

See Local Story, Page 6-A

The state convention will have everything — four opposing factions, contested delegations and a new and complex set of rules on how to select the Miami delegation.

An Associated Press survey, accounting for more than half of the state convention delegate strength, reveals that a coalition of conservative Democrats and some liberals who want an "uncommitted" delegation will make up more than 30 per cent of the state convention delegates.

Supporters of Alabama Gov. George Wallace have about 28 per cent and those of Sen. George McGovern about 21 per cent.

Sen. Hubert Humphrey, who carried Texas as the Democratic presidential candidate in 1968, has about 13 per cent support.

He told his supporters to vote for the "uninstructed" delegation. But some of them insisted on voting for him directly.

The new system — which is designed to reflect the presidential preferences of the party members — replaces the old "winner take all" system which had dominated the Democratic Party in Texas for years.

A delegation of Smith County Democrats named during a rump county convention Saturday is expected to raise the old question of "party loyalty" at the state convention. The rump convention was formed after the regular Smith County convention turned down a resolution that would pledge the delegates to support the Democratic presidential nominee regardless of who he might be.

## Arrest 26

### At Princeton

(By The Associated Press)

Twenty-six persons were arrested today at Princeton University in a renewed demonstration at the Institute for Defense Analyses in protest against U.S. war moves in Vietnam.

The arrests brought to 190 the number of those taken into custody on the Ivy League school's campus since nationwide protests began last week. The IDA building is leased from the university.

In New York City today, more than 100 persons stopped traffic both ways on the heavily traveled Henry Hudson Parkway for about 15 minutes before fleeing when police arrived.

## FIERCE FIGHTING, BOMBER STRIKES

# All-Out Assault Expected

SAIGON (AP) — South Vietnamese forces reoccupied Fire Base Bastogne 12 miles west of Hue today after 36 hours of fierce fighting and B52 saturation strikes, field reports said.

The base fell to the North Vietnamese April 28. The counterattack that retook it was the second on the northern front in three days by South Vietnamese forces who in six weeks of setbacks had retreated 30 miles below the demilitarized zone and given up the provincial

Capital of Quang Tri City.

Associated Press correspondent Peter Arnett reported from the northern front that South Vietnamese infantrymen were only a stone's throw from another important fire base called Checkmate on a hill overlooking Bastogne.

In the central highlands, North Vietnamese forces made fresh probes during the night of the defenses of Kontum City, and sources said they believed them to be preliminary to an

all-out assault.

On the southern front, enemy forces cut the Saigon-Phnom Penh highway 25 miles northwest of the South Vietnamese capital, and heavy fighting was reported near Trang Bang, a district town.

North Vietnamese gunners rained 2,500 artillery, rocket and mortar shells on An Loc, 60 miles north of Saigon, continuing a 6½-week old siege, and light ground fighting was reported. The North Vietnamese

were reported still holding sections of the northern part of the city.

The South Vietnamese command said the drive to Fire Base Bastogne was part of a plan to enlarge defense lines around Hue.

The drive to Bastogne and Checkmate was made by 2,000 South Vietnamese infantrymen. Helicopters took some of them to the ridge lines. Others advanced on foot behind a shield of artillery and strikes by U.S.

B52 bombers and fighter-bombers.

On the central front, North Vietnamese troops destroyed two culverts on Highway 19, leading from the coast to the highlands, and cut the road 15 miles east of Pleiku.

U.S. officials said American planes had knocked out the Dragon's Jaw bridge at Thanh Hoa, 80 miles south of Hanoi, wrecked several spans of the Paul Doumer road and railroad across the Red River bridge at Hanoi, and cut the northeast

and northwest rail lines between the North Vietnamese capital and China.

In Cambodia, government troops abandoned one of their last positions near the South Vietnamese border in the southern portion of Takeo Province, the military command reported.

Kirivong, 65 miles south of Phnom Penh, is the 12th town in Takeo and Kampot provinces to fall to enemy attacks in less than two weeks.

## 'Hoss' Will Be Buried In Small Texas Town

DEKALB, Tex. (AP) — Dan Blocker, whose portrayal of the gentle, hulking Hoss Cartwright on the "Bonanza" television series made him one of America's best known actors, will be buried in the small Northeast Texas town of Dekalb, where his mother lives.

### NO SERVICES

Mrs. Mary Blocker said Monday there will be no services and that the burial will be private. The burial had tentatively been set for Wednesday but Mrs. Blocker says she doesn't know when it will take place.

The body is to arrive by plane in Dallas Tuesday afternoon and will be driven to Dekalb, about 150 miles away.

It had been announced Blocker would be buried beside his father in O'Donnell, a small West Texas town.

Blocker died Saturday of two blood clots in the lung. He was 43.

## BULLETIN

WASHINGTON (AP) — The Amish people won unanimously today in the Supreme Court an exemption from state laws compelling them to continue their schooling beyond the eighth grade.

## CLOUDY

Partly cloudy this afternoon, tonight and Tuesday. High today 80; low tonight 55; high tomorrow 85.

DAN BLOCKER

A family spokesman said Blocker developed an infection after undergoing gall bladder surgery May 1. He died a few hours after being readmitted to a hospital.

Blocker's bulk and West Texas drawl disguised his being a millionaire and former school

teacher. But his friends said the broad humor and tenderness he displayed before 400 million viewers in 80 countries for 13 years as a son of Ben Cartwright on the Ponderosa Ranch were characteristic of the man.

### 'I SOLD OUT'

Julian Goodman, president of NBC, which televises the Western series, recalled that Blocker was "a man of great energy, but he was a gentleman who refused to allow his sons to own a gun or go hunting—until the animals learn to shoot back."

Blocker once said the amount of money he made (\$50,000 for each "Bonanza" episode) was "absolutely immoral." And of devoting most of his career to one part he once remarked, "Let's face it. I sold out. For money."

After college in Texas, Blocker served as an Army first sergeant ("I was in combat in Korea for four weeks before they sent me GI boots my size" — 14½), taught in New Mexico and then began work on a doctorate in education at UCLA.

## 'I Could Beat Him Then,' Says Tune Of Dan Blocker

"Bobby Dan Blocker wasn't an actor," said Bill Tune, boyhood friend of Blocker's in O'Donnell. "He was just a plain old boy."

Tune reminisced about Blocker and their early days in O'Donnell.

"The Blockers were a poor family when they came to O'Donnell. Their first grocery store, on the corner, had the rear end cutained off for them to live in," he said.

"Bobby Dan wasn't big at first. He was just a large fat boy, who developed into a huge man. I was about as near his size then as anyone in O'Donnell, so we were always put together in wrestling in the Boy Scouts. I could beat him, then."

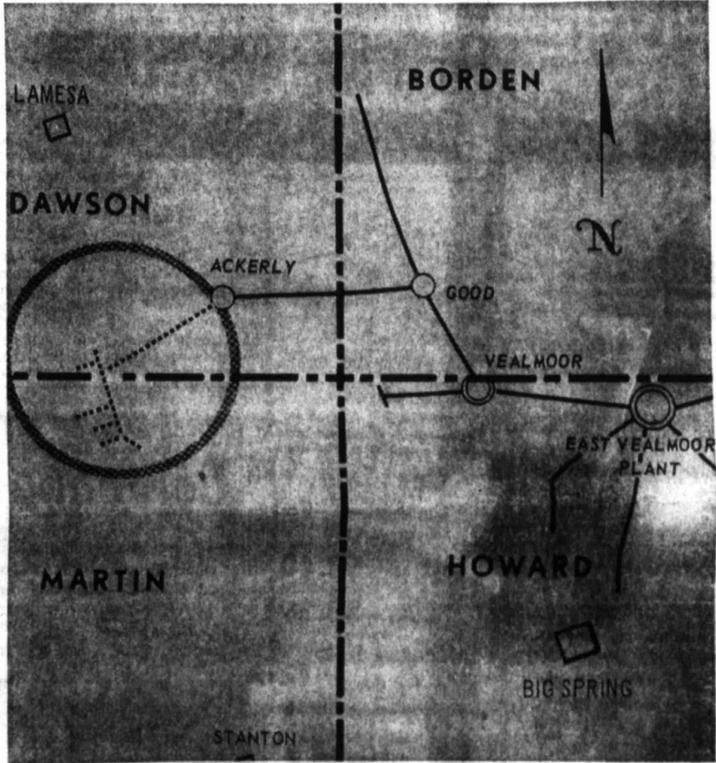

"He didn't fight any," said Tune. "He liked everyone so

much and had such a good nature that he just wouldn't."

Tune lost track of Blocker after Dan went to New Mexico Military Institute. "I guess his folks thought it was cheaper to send him there where he got room and board and clothing as to do it themselves."

"I saw him once or twice before I went into the service, but after that I didn't see him until he put on a tethelon in Midland. We went to the door, and they were sold out of tickets. I asked for my card to be given Dan, and even though they said he wouldn't come out, he came right out and said hello."

"Dan was the type that loved everyone," said Tune. "He was just a great man."

SKELLY OIL EXPANDS GATHERING SYSTEM  
Broken lines show route line will take

## East Vealmoor Gas Plant Expansion Plans Drawn

Skelly Oil Company today announced plans to expand the East Vealmoor plant's natural gas gathering system in West Texas to enable the delivery initially of more than 1 million cubic feet of gas per day from the North Sulphur Draw field of Martin County.

H. H. Belue, vice president of manufacturing, said the present gathering system, which reaches westward some 25 miles from the plant near Big Spring to the Ackerly compressor station, will be extended about eight miles further to the southwest.

The southwestward extension will be 10-inch pipe. From the western-most point, a 9-mile segment of 10-, 8-, and 6-inch main line will run south to connect with 15 miles of 3- and 4-inch laterals. Also to be installed initially are a 100-horsepower compressor in the North Sulphur Draw field, and 25 meter stations.

Engineering work is under way, and construction is expected to be completed by mid-summer. Deliveries of gas are to start by the first of August.

R. E. J. Dodd, district manager for the southern district based at Eunice, N.M.,

said a little more than 1 million cubic feet of gas per day from the North Sulphur Draw field already has been committed to Skelly, and that he envisions additional commitments requiring further expansion of the gathering system within the next two to three years.

The East Vealmoor natural gasoline plant, Dodd stated, has a rated capacity of 55 million cubic feet of gas per day and can accept the added gas loads without expansion at this time. Skelly is operator of the plant and owns a 91 per cent interest in it.

## TWO ALTERNATIVES DUE TO BE CONSIDERED

# Discussions Continue On HCHA

## BULLETIN

The Howard County Commissioners Court, by a margin of 4-0, voted to reestablish a Howard County Hospital Authority. The decision came at 2:15 p.m. today.

By LINDA CROSS

The Howard County Commissioners Court recessed today until 2 p.m. to reach a decision on whether to establish a Howard County Hospital Authority.

County Judge A. G. Mitchell, terminating an hour and a half of discussion, put the matter to

the court for a motion. He asked a second time, and Commissioner Bill Crooker made a motion to establish the authority, and Commissioner Jack Buchanan asked for more time to consider the matter. Judge Mitchell then recessed the court until 2 p.m.

Discussion was expected to continue this afternoon on two alternatives to immediate action by commissioners in the matter as proposed by Commissioner Simon Terrazas.

Terrazas proposed that "You fellows on both sides try to get together on this — get a little closer on it than you are now — and make a report on it to the commissioners court." According to Terrazas, commissioners could request an

opinion for the matter from the Attorney General, or the matter could be placed before the public in the form of a referendum.

### CHIEF FOES

Chief opponents in court today to the creation of the district were George T. Thomas, the attorney who filed the suit in 118th District Court seeking to have the original authority set aside, Dr. Clyde Thomas, Hall-Bennett Hospital, and Omar Jones.

"Is it right and is it legal to exempt one group from taxation while other groups must pay taxes," asked Dr. Thomas. Most opposition Monday to the creation of a second authority stemmed from opposition to the ad valorem tax

exemption the authority would afford Medical Center Memorial Hospital.

Commissioner Terrazas asked for information on an April 19 Supreme Court ruling which held that a water district in South Texas could not be exempted from taxes.

John Ferguson, attorney for the hospital authority board of directors, said that the court did not hold the law permitting the establishment of an authority to be unconstitutional, but said that the water district could not be exempted from taxes because the district was privately owned.

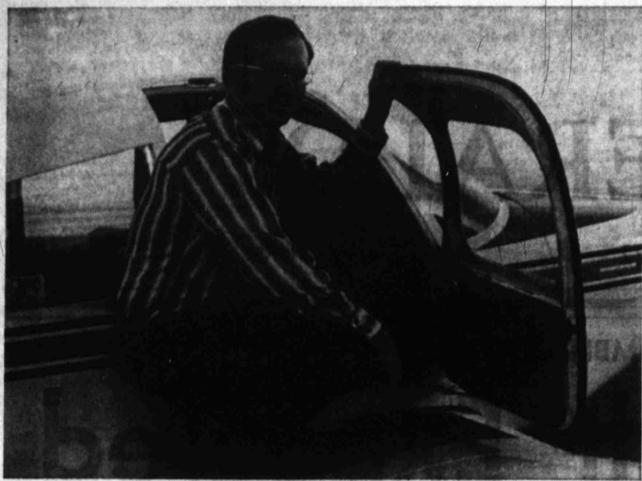

Proponents of the authority, Ferguson, Joe Pickle, member of the board of directors, and Norman Knox, administrator, of Medical Center Memorial, said that the authority was public,

and would afford Big Spring and Howard County a public hospital with an open staff which would allow any physician to apply for staff position at the hospital.

"I'd like to point out some basic fallacies in the claims that this authority is public. A hospital district which is constitutionally recognized, is required by law to accept indigent patients. No public duty is placed upon an authority. They don't have to take indigent patients if they don't want to. The authority is public only because the law says it is public," said George Thomas.

### HAVE RIGHTS

"The bond authority, which will buy the authority, will have the right to set rules for operation," said George Thomas. (See TALK, Page 6-A, Col. 4)

**BIG SPRING AIRCRAFT**  
... Paul Kessler, top flight instructor

## You Too Can Be A Qualified Pilot

Big Spring Aircraft has air taxi service anywhere in the continental United States. Air taxi service is the perfect way for busy business men to travel long distances. They don't have to be at the mercy of commercial airline schedules. Air taxis can take you almost

anywhere you want to go, easier and faster than ground transportation or commercial airlines.

If you are a pilot or if you want to become one, Big Spring Aircraft has the instruction you need to learn to fly or to gain

a higher rating.

Several local businessmen and ranchers have learned to fly to facilitate business transactions. They can set their own schedules without depending on commercial airlines.

Big Spring Aircraft has an Air Agency Certificate from the FAA that certifies them for basic and advanced ground school, primary and commercial flying school, instrument flying school and flight instructor school.

The latest instructor to join Big Spring Aircraft is Paul Kessler. He will be glad to take you up for your first lesson in one of the many planes available for flight instruction at Big Spring Aircraft.

The Big Spring Aircraft flying school is also approved for VA and non-VA students. "Big Spring Aircraft is in the process of buying a new Cherokee Six, along with other new airplanes," said Bill McClendon, manager.

If you want air taxi service, flight training or a new or used airplane, come out to the Howard County Airport and talk to the personnel at Big Spring Aircraft. They have the men and equipment to get the job you want done finished quickly, comfortably and safely.

## AT TRINITY MEMORIAL PARK Someone Has Joined Our Family

"We've got a new addition to our family," said O. C. Shapland of Trinity Memorial Park.

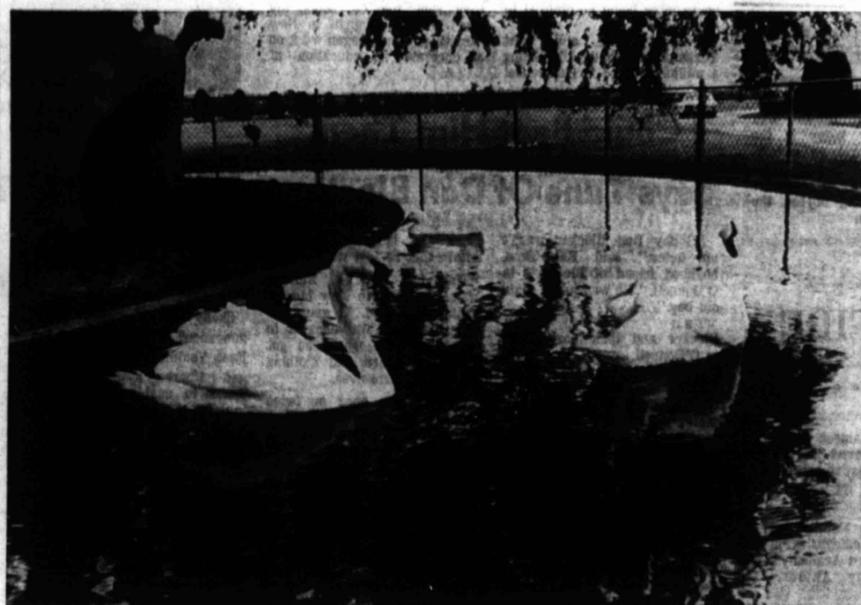

The addition is two white European mated swans, now on

the pond. Many people have inquired about the disappearance of the swans several years ago. Everyone enjoyed visiting and feeding them.

Trinity Memorial Park has

been searching for new swans for quite a while; and, thanks to the efforts of Charles Driver, they found these. They express their appreciation to him for his endeavors.

They hope to soon have some little cygnets. A fence has been placed around the pond for the protection of visitors. When mating, the male cob is an unfriendly sort of fellow. They hope you visit soon.

PEACE AND SERENITY  
Achieved at Trinity Memorial Park for the dignified repose of our loved ones.

## Things to say when you leave the hospital.

To the nurse who brought you the extra jello and gave such marvelous back rubs, tell her if you were her boss you'd give her a raise.

To your family doctor who has taken such good care of you all these years, what can you say but a warm, sincere, thank you. Again.

To the nurse who woke you up to give you your sleeping pill, just a simple thanks will do.

To the orderly who pushes you in the wheel chair after you've been released, tell him you'd rather walk,

but you won't because you know it's hospital rules.

And to the person at Discharge and Accounting just wave goodbye. Because when you're protected by Blue Cross/Blue Shield, we pay your benefits to the hospital and doctor direct. And handle all the paper work, confidentially, of course. It's our way of helping people recover, sooner.

From group life insurance to specialized health care coverage, Blue Cross/Blue Shield is people helping people.

# Wedding Ceremony Performed In Austin

Miss Tiffany Nan Jones became the bride of William Harold Hayes in an afternoon wedding held Saturday in St. Luke's-On-The-Lake Episcopal Church in Austin.

The bride is the daughter of Mr. and Mrs. Garth Jones of Austin and the granddaughter of Mrs. Shine Phillips, Big Spring, and the late Mr. Phillips. Parents of the bridegroom are Mr. and Mrs. William Stanley Hayes of De Soto.

Carrying a spring bouquet of various colored flowers, the bride was attired in a long, Juliet-styled dress of ivory lace fashioned with Empire waistline and high collar. Ivory ribbon accented the lace and matched the headdress and veil. The headdress consisted of an ivory, satin-covered Juliet cap with shoulder-length illusion veil.

Miss Brown Jones attended her sister as maid of honor. Her long gown of flowered jersey was styled with a scooped neckline and short, double bell sleeves. She carried a bouquet of blue cornflowers and red carnations.

Bob Joe of Houston served as best man.

The home of the bride's parents, 5710 Trailridge Drive, was the scene of a reception, after which, the bridal couple left for a wedding trip to Colorado.

Hayes, who is associated with the Bank of the Southwest, Houston, received a B.B.A. degree from the University of Texas in Austin, where the bride received a B.S. degree in speech pathology. She is employed as a secretary in Houston where the couple will reside at 2421 Westcreek Lane No. 19H.

MRS. WILLIAM HAROLD HAYES (Curley's Studio)

## Playday Set For Golfers Tuesday

Upcoming golfing events were announced during a Friday luncheon meeting of the Ladies Golf Association, Big Spring Country Club.

A playday is slated Tuesday at Big Spring Country Club with women golfers from Webb Air Force Base and the Comanche Trail Ladies Golf Association. A luncheon will be served at noon. Also at the country club will be a Scotch foursome Sunday.

Mrs. Morris Rhodes presided, introducing the guests, Mrs. Culin Grigsby, Miss Nema Pierce, Mrs. Bill Willis and Mrs. Walker Coats, the latter of Midland.

The LGA will operate concessions during the partnership tournament June 10-11 and during the invitational tournament July 8-9. A Splash Day event will be held at the pool June 12. Other activities, for which dates have not been set, include a poolside shrimp boil in June or July and a "happy hour" in August.

Tables were laid with pink cloths, and the centerpiece at the head table was an arrangement of mixed spring flowers which was won by Mrs. Grigsby. The attendance prize went to Mrs. Charles Sweeney.

The LGA will discontinue luncheon meetings until September. Also in September, the La Gallinas bridge sessions will be changed to 10 a.m. Fridays.

## Retired Teachers Slate Installation

Olson Sweet of Colorado City, assistant to the state director of National Retired Teachers Association of Texas, will outline benefits and responsibilities of NRTA members when he is guest speaker Tuesday for official installation of Big Spring and Howard County Unit of NRTA. The luncheon event will be held in the Downtown Tea Room.

Membership in the newly-organized local unit is open to both retired faculty and staff, or those who plan to retire this year. Anyone interested is welcome to attend the luncheon. Installation will be conducted by Dr. R. Gage Lloyd.

## Rev. E. Phillips Gives Devotion

The Susannah Wesley Sunday school class of First United Methodist Church heard a devotion by the Rev. Elra Phillips during a luncheon meeting Thursday in the Downtown Tea Room. The invocation was by Mrs. Mark Wentz. The 20 attending reported making 94 telephone calls and 94 visits since May 1. Fifteen cards to the sick were mailed. Mrs. Tommy Robb and Miss Carolyn Hogan were guests.

## 1291 Square Neckline Highlights Shell

The newest shell goes modern with squared-off neckline. Try crocheting it in two colors for a different effect. Pattern No. 1291 gives directions for sizes 32 to 42. Send 30 cents plus 10 cents for postage and handling to MARTHA MADISON, (care of The Big Spring Herald), Morris Plains, N.J. 07950.

# Looking Ahead For America

"What kind of a country will America be by the end of this decade?" asked Mrs. E. C. Howard during a program, "America In 1980 - A Challenge Now", which she presented to Modern Woman's Forum Friday at Furr's Cafeteria.

"There are two alternatives," said Mrs. Howard, quoting a national publication. "First, our nation could be one in which cities are more clogged with immovable traffic, streams are polluted to the point where expensive processes are necessary to get usable water, seashores are deteriorating more rapidly and our people suffering needlessly.

"Or," continued Mrs. Howard, "in 1980 America can be a nation which will have begun to restore its environment, to have a more balanced distribution of regional economic development and of population, and a nation that has abolished hunger and many forms of social inequality."

Mrs. Howard said that to reach the second alternative, "The people of America must begin now to define what we want as our national goals and to develop specific policies and programs in our public and private institutions which will move us toward these goals. It is up to the American people themselves to decide just what sort of a country they want this to be and to work ceaselessly to reach that goal."

Mrs. H. M. Rowe presided, and Mrs. J. P. Dodge was hostess. Tables were decorated with white roses and honeysuckle. Regular meetings will resume in the fall.

## Pianists To Perform In Recital At College

Two recitals are slated by students and student teachers of Mrs. Ann Gibson Houser Tuesday evening at Howard County Junior College auditorium. The public is invited to attend.

Mrs. Houser's younger daughter and family, the Dan Hayhursts at Lake LBJ, following a business trip to San Angelo.

The Tom Evans' spent a week with her sister and family, the Rev. and Mrs. Mac Robinson of Seagoville.

Albert Oglesby and family of Odessa were guests of his parents, the Albert Oglesbys Sr. The Sammy Barnetts of Jourdanton spent Friday with the Burl Griffiths.

The T. T. Henrys visited their son, Dan Henry of Paducah Sunday, and brought their grandson home to visit for a few days.

Weekend guests of the M. M. Fairchilds were their daughter, Mrs. Larry Digby, and their granddaughter, Teresa Digby, both of Odessa.

Mrs. L. B. McElrath is visiting her niece, Mrs. Felix Watson of Abilene.

Forsan Residents Have Guests  
FORSAN (SC) — Mrs. Coye Knowles and daughter of Throckmorton have been guests of her parents, the O. K. Williams.

J. B. Hoard is a patient at Veterans Administration Hospital.

Mrs. Vera Harris recently visited her sisters and families, the D. Y. Rays and the G. F. Parkers, all of Olton.

Mrs. H. H. Story and Mrs. Don Murphy attended a postmasters meeting in Midland recently.

The J. E. Garretts and their daughter, Mrs. Charles Pilkerton of Hobbs, N.M., recently visited the Jerry Garretts.

The Leon Wards were in Colorado City Sunday to visit his brother.

James E. Huff of Franklin recently visited his parents, the Jim Huffs, and his sister, Mrs. L. T. Shoultz. Other guests of the Shoultz' were their son and Tillman Shoultz' of Woodrow.

## Tyler Resident Is Lodge Visitor

Mrs. C. G. Barnett presided for Friday's meeting of the Ladies Auxiliary, United Transportation Union. The charter was draped in memory

of Mrs. Stella Tyson. Refreshments were served by Mrs. G. C. Ragsdale, and Mrs. J. T. Allen of Tyler, a former local resident, was a guest.

gives a little feeling of HOME to your house

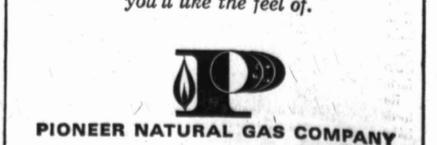

... adds something to its personality . . . feels friendly when you return home at night or guests come over. A gas light casts a gentle glow that doesn't attract insects and adds a touch of safety that can make you feel a little more secure and sleep a little softer.

And for lasting beauty, it's crafted from rust-free aluminum.

Call Pioneer Natural Gas Company or ask a Pioneer employee you know about an outdoor gas light.

It's a touch to your home . . . you'll like the feel of.

PIONEER NATURAL GAS COMPANY

# Hints From Heloise

Dear Heloise: Some time ago I had a nasty fat fire in my broiler that I tried to put out with an aerosol extinguisher that turned out to be less than useless. It had been a gift and, Heloise, I had not taken the time to look for the UL seal nor given any thought to the danger of using an aerosol can near heat of any sort.

I was so annoyed with myself and the makers of this cute (it was very attractively packaged) little hazard that I sat down and wrote the National Fire Protection Association.

Their answer was: "We would like to suggest to you, in connection with your experience, that you consider buying an approved (UL or FM labeled), dry chemical or carbon dioxide extinguisher for kitchen use. While baking soda is an effective means and can be used successfully, as it was in your case, we are concerned about the possible hazard in

applying the baking soda. This normally has to be done at rather short range, introducing the possibility of burns to the hand or ignition of clothing."

Since I received this letter, I purchased a proper extinguisher for my kitchen. But I just felt that others should share my experience. . . . Mrs. Marsland

## LETTER OF THOUGHT

Millions of gallons of water could be saved if people under their showers would observe the following three steps:

1. Turn on faucet and wet the body.
2. Turn off faucet and soap the body.
3. Rinse soap from body under spray and immediately turn spray off. In semi-arid regions of the country, conserving water is very important. . . . An avid fan

Dear Heloise: Here's a labor-saver:

When trimming shrubs or hedges, I take a twelve-foot by fifteen-foot painter's cotton drop cloth and spread it under the plants, moving it as I move along with the cutting.

All cuttings fall in the cloth, and when I'm finished I tie the cloth by the four corners and take it to the compost pile in one big load. . . . W.L.D.

And another g-r-e-a-t thing about a cloth like yours is you can use it again, and again, and again. . . . Heloise

Dear Heloise: When I use dates for filling cookies (pinwheel or others), instead of cutting up the dates, I just rinse them off whole, put them in a kettle with a cup of water, a cup of sugar, and a little lemon (to one pound of dates).

When they start to boil, I turn them down to simmer and start mashing with a wire potato masher while they cook.

In about five minutes I have a nice creamy date filling for my cookies. . . . Ella Woodworth

## Dear Heloise:

When sewing by hand or by machine, some threads have to be cut or trimmed.

A neat way to collect the threads before they fall on the floor is to put a tablespoon of water into an ash tray, and place the cut ends in it. . . . Eve Greenberg

This column is written for you . . . the housewife and homemaker. If you have a hint or a problem write to Heloise in care of the Big Spring Herald. Because of the tremendous volume of mail, Heloise is unable to answer all individual letters. She will, however, answer your questions in her column whenever possible.

# A LOVELIER YOU Preparedness Makes Quick Trips Easier

By MARY SUE MILLER  
What essential were you missing when you last arrived at a weekend destination? Own up, how often do you leave some beauty or grooming necessity behind? Unsettling, isn't it?

To overcome the nuisance, try compiling a careful list of your needs; keep it handy and refer to it whenever packing. Another method is a permanently outfitted case, ready to travel. This latter course saves both over-sights and time, particularly if you are constantly on the go.

For the purpose you can use a large toiletries kit, a tote bag or a safari bag. With side pockets and interior room for extras, safari bags prove practical for longer than weekend trips.

Now what goes into it? Everything on your list, of

course. Either fill small plastic containers from stores on hand, or purchase small sizes. Look about, too, for familiar products especially packaged or traveling — in plastic tubes, individual foil envelopes, pocket-size aerosols.

All such save space, weight and spill. When carrying non-spillproof items, be sure to seal tops with plastic mending tape. See-through plastic bags, kitchen variety, make excellent protective covers. For hairbrush, let's say.

The cosmetics and toiletries you pack are of course a personal matter. But a toothbrush, dentifrice and suntan product are most often among the missing. So do check and recheck. And do replenish supplies right after a jaunt. Attach a note to your kit about items that must be bought. You won't miss a thing!

## YOUR GROOMING

Put aside your grooming doubts and worries! Send today for "Your Grooming—A to Z," a leaflet that covers every step in achieving smooth looks. It tells how to manicure and pedicure, use deodorants and depilatories, bathe for beauty, tend feet, hands, teeth and eyes, polish skin and hair, care for clothes, apply perfume, overcome personal posers. To obtain your copy, write Mary Sue Miller in care of the Big Spring Herald, enclosing a long, self-addressed stamped envelope and 25 cents in coin.

# Mayor Daley's 70th Birthday

CHICAGO (AP) — Richard J. Daley, celebrating his 70th birthday today, begins the day with a trip to the basement of his apartment home. Daley said he also enjoys to lift weights, skip rope, ride an exercise bicycle and work with a punching bag. "The human body will disintegrate if you don't use it," he says.

Daley has been known to get out of his chauffeur-driven limousine where he's worked since 1965, and walk the rest of the way to the powerful Democratic party organization. Sounding like a 40-year-old man, Daley said that when he first entered the mayor's office 17 years ago a physician told him to "exercise is just great."

"Exercise, you know, is responsible for my good health," he told reporters. "You should be in my basement—jumping the rope, punching the bag, lifting weights. . ."

Saying he had boxing gloves devil is right behind you."

(AP WIREPHOTO)

TELEVISION EMMY AWARDS HAS FIRST TIE — Television presented its first pair of Emmys for a tie at their 24th annual awards night at the Hollywood Palladium Sunday to actress Valerie Harper (left), and actress Sally Struthers for their roles as best actresses in a supporting role in a comedy. Miss Harper appears on "The Mary Tyler Moore Show," and Miss Struthers is in "All In The Family."

## 'All In The Family' Captures Six Awards

HOLLYWOOD (AP) — "All In The Family" captured six Emmys Sunday night at the nationally telecast ceremonies at the Hollywood Palladium. It was named outstanding comedy series and Emmys went to three members of the Archie Bunker family, Carol O'Connor, Jean Stapleton and Sally Struthers, who tied with Valerie Harper of CBS' "The Mary Tyler Moore Show" for best supporting actress in a comedy.

"Brian's Song," a touching ABC Movie of the Week about two pro football players, Gale Sayers and the late Brian Piccolo, was named the outstanding single program.

Jack Warden, who played the football coach, won as best supporting actor in a drama.

"THE SNOW GOOSE," "The Carol Burnett Show" on CBS was named the outstanding musical variety series on its fifth nomination for the award.

Peter Falk was named best actor in a dramatic series for his slouching, plodding, cigar-chomping portrayal of "Columbo" in the NBC Mystery Movie. CBS' "All in the Family"—adapted from a similar British show—was the biggest over-all

### Poor Grades

Jean Adams' TEEN FORUM

GROUNDING: (Q.) My trouble started last year when I got an F in one major subject. I was grounded for it. Since then I have been grounded most of the time.

Here are my grades for the three grading periods I WAS NOT grounded, including that first one that started it: C-C-C-F; C-C-F-A; C-B-B-D.

Here are my grades for the four grading periods I WAS grounded: C-C-C-B; C-C-D-B; C-D-D-D; C-C-C-D.

I admit I got two F's during ungrounded periods, but I also got an A during one of them, and I didn't get a single A while I was grounded. What do you think?

Here is what grounding means: No TV, no dates, no social activities, no visitors allowed, no swimming. I was grounded all last summer — three months. I think I am about to go crazy being grounded so much. — Junior Boy in California.

(A.) You appear to need more motivation and less isolation. Consistent grounding has not done what it was intended to do for you. I think that mod-

erate rewards for good grades might work better with you than strong penalties for poor grades.

Discuss these matters in a calm, heart-to-heart talk with your parents. Show them the figures — letters, that is.

A MESS: (Q.) I have this problem of not having anything of my own. I went over to my aunt's house to baby-sit Saturday and came back Sunday. When I saw my room I almost screamed.

Scraps of paper were spread all over my desk and on the floor, diary open, flairs all messed up in my drawer, bra on the floor.

I tell my little sister these things belong to me and she has no right to mess around with them. But she won't listen to me.

We have a rule that I can't beat her up. What else can I do? — No Privacy in Maine.

(A.) You need a rule that your sister is to take care of her things and leave your things alone and that you are to take care of your things and leave her things alone.

Talk to your mother about the need for such a rule.

### Search Under Way After Explosions

NEW ORLEANS (AP) — Efforts were made Saturday to gather debris which could give a clue to the source of flash explosions sighted in the Gulf of Mexico 100 miles southeast of here.

The Coast Guard said two aircraft, a helicopter and a vessel were searching a 4,300 square mile area for clues to the explosions.

Crewmen from the tanker Pure Oil reported sighting explosions on the horizon Thursday. Searchers located an oil slick and scattered debris Friday.

First findings gave no indication of the source of the debris. The Coast Guard said no ships were reported missing.

### West Texas Skies Fair

By The Associated Press

Texas skies dawned mostly clear to partly cloudy Monday, although showers and thunderstorms continued to fall over much of South Texas and along the Gulf Coast.

At 6 a.m., a thunderstorm line lay from the Palacios area southwestward to near Alice, but the weather service reports listed rainfall as light.

North and West Texas had fair skies at dawn with mild temperatures in the 50s. Readings were in the upper 60s and 70s along the cloudy coastal and South Texas areas.

Fair weather prevailed over North Texas Sunday after the area spent much of the early part of the weekend under thunderstorm alert. Thunderstorms persisted in South Texas, but ceased in the already-soggy Guadalupe River basin where at least 15 persons died in flooding Thursday night and Friday.

Monday's outlook called for widely scattered showers and thundershowers to continue over southern Texas and along the Rio Grande Valley and the coastal plains. Otherwise, partly cloudy weather and mild temperatures were expected to prevail.

### Texas Violence Takes 17 Lives

By The Associated Press

Traffic fatalities and drownings were responsible for the lion's share of violent deaths in Texas over the Mother's Day weekend.

Motor vehicles accounted for eight of 17 violent deaths, while six persons drowned.

The Associated Press began the death count at 6 p.m. Friday and continued it until midnight Sunday.

**EXPLOSION**

The other deaths were caused by two shootings and an oil explosion at Hearne that killed Fred Martin, 46, of Hearne.

At least eight of the 17 deaths were persons under 20 years old.

Clay Miller, 16, and Mark Becker, 19, both of Houston were killed Saturday night in a two-car collision. The accident occurred on a Harris County farm road.

Vickie Lennette Elkins, 15, of Houston died Sunday of injuries suffered Friday night in a two-car smashup. The accident occurred on a Harris County farm road.

Roger Todd Pye, 4, was shot to death Sunday at his home on Lake Cherokee near Henderson in East Texas. Authorities said the boy was playing with a 8-year-old brother when he was

accidentally shot.

James Edward Margeson, 16, drowned Saturday when he slipped and fell into the spillway at Lake Houston. A brother of the youth leaped into the water in a vain attempt to rescue him.

**ARREST WOMAN**

Ursula Doust, 2, of Dallas died en route to a hospital after apparently drowning in a bathtub in a Dallas apartment. Efforts to revive the girl failed.

David Johnson, 46, of Dallas was shot in the chest and killed Saturday night in West Dallas. Police, who said the shooting appeared to be in self-defense, took a 29-year-old woman into custody.

Wanda Burns Logan, 40, of Lake Dallas died Saturday when a car plunged into the lake off an Interstate 35 service road. Her husband, airline pilot Willis Logan, 44, swam to safety near Lewisville. Logan was listed as in serious condition Saturday night.

Akstin E. Nettles, 35, of Dallas was killed Saturday near Fredericksburg when his car overturned on a Texas 16 curve. Nettles was en route to Fredericksburg to see his mother.

# Cadillac '72

It's a great time to buy the great car.

If you've ever considered owning a Cadillac, or even if you haven't, there are some especially good reasons for considering it right now.

For one, consider what Cadillac can mean to your vacation plans. It affords a degree of comfort, spaciousness and elegance that can help turn long, tedious trips into truly pleasurable ones.

Consider, too, the variety of Cadillac models currently offered. From the beautiful Coupe deVille shown above to the elegant Eldorado Coupe and Convertible, there are nine great cars. And right now, your authorized Cadillac dealer can probably supply just the model you want just the way you want it.

Perhaps the most decisive reason, though, for buying a Cadillac now is the most practical one—the move to Cadillac ownership is especially easy at this time. Because of this, and because Cadillac's resale value is traditionally the highest in the land, buying a Cadillac now is an especially attractive investment.

So visit your authorized dealer soon. It's a great time for it.

THE GREAT CAR PRESENTS THE GREAT RACES: THE PREAKNESS, MAY 20, AND THE BELMONT STAKES, JUNE 10, ON CBS-TV.

# Uncle Sam Returns Okinawa To Japan

TOKYO (AP) — The United States returned Okinawa to Japan today and Vice President Spiro T. Agnew said the transfer opened a new era of full partnership between the two countries that fought the last great battle of World War II on the island.

Ending 27 years of American occupation, the 73 islands and one million inhabitants of Okinawa and the Ryukyu archipelago reverted to Japanese rule at one minute after midnight to the din of sirens, whistles and horns in the area.

Ten hours later, Agnew read President Nixon's proclamation of the turnover at a subdued Tokyo ceremony attended by Emperor Hirohito, a moist-eyed Prime Minister Eisaku Sato and other Japanese leaders.

Reversion took place against a background of protest and against the continued presence of U.S. military forces in Okinawa. The Tokyo ceremony was boycotted by the opposition Socialist party and by deputies who will represent the restored prefecture, or state, of Okinawa in the Japanese parliament.

Agnew said the transfer "resolves the last major issue of the war," ends one era and begins a new one.

Agnew told the audience of 8,000 in the Budokan, Tokyo's hall of martial arts, that "we place the highest value on our relations with Japan."

**SATO WEEPS**  
The audience stood during a speech by Emperor Hirohito, in whose name 110,000 Japanese soldiers died defending Okinawa 27 years ago.

He said the return of the islands was "the long-cherished desire of the people" and voiced deep gratification over

(AP WIREPHOTO)

**THANKS A LOT** — Spiro Agnew and Eisaku Sato shake hands after the U.S. Vice President handed the Japanese Prime Minister a Presidential proclamation during solemn ceremonies in Bukokan Hall in Tokyo today. The proclamation, which Prime Minister Sato holds in his left hand, ended the 27 years of U.S. rule of Okinawa.

friendly relations between Japan and America. Prime Minister Sato dabbed tears from his eyes with a handkerchief as Agnew read the proclamation of reversion, then handed it to him.

Staunchly pro-American, Sato suffered severe setbacks from what Japanese commentators call the "Nixon shocks," the U.S. measures to curtail Japanese exports to the United States and the Nixon administration's failure to consult with the Japanese before it announced the President's trip to China.

The movement of American planes, ships and men from Okinawa now is subject to prior consultation with the Japanese government if they're headed directly for combat.

## TALK

(Continued from Page 1)

tion of the hospital. County commissioners appoint some of the board members, but the bond holders appoint the majority of the board, removing all public control of the authority," said Thomas, attorney.

Thomas said that the authority is exempt from taxation, and it is exempt from income taxation on revenue from bonds and can offer a more advantageous interest rate to investors. He contended that this was the sole reason for the Medical Center Memorial Foundation desiring the creation of an authority.

Ferguson said that the tax exemption for the authority and, thereby, Medical Center Memorial Hospital, was a result of the granting of the authority, but not the sole intent of the foundation. Ferguson said that the foundation had sought a way in which it might finance the construction of better hospital facilities without levying taxes, and a financial advisor suggested the authority.

R. A. Foster pointed out to the assemblage that Malone & Hogan Church, a separate facility from Medical Center Memorial, does pay ad valorem taxes, and will not be affected by the district.

Ferguson and other proponents of the district requested that commissioners act on the creation of the district in order that the authority not lose a \$1,000,000 Hill-Burton grant for construction.

According to Ferguson, the recent supreme court ruling should not deter the commissioner from creating the authority.

## Mrs. T. Floyd Dies Sunday

Mrs. Travis (Norma) Floyd, 41, died at 11:40 p.m. Sunday in a local hospital following a sudden illness.

Services will be conducted at 10 a.m. Wednesday at the Kentwood United Methodist Church, with Rev. Melvin Mathis officiating. Burial will follow in Trinity Memorial Park.

Mrs. Floyd was born July 30, 1930, in Osceola, Iowa. She came to Big Spring in January, 1967, with her family from San Angelo. She graduated as a laboratory technician at the Minneapolis Institute of Technology in 1948.

The Floyds were married July 9, 1949, in San Angelo. Mrs. Floyd was a member of the Kentwood United Methodist Church and was president of the Women's Society of Christian Service. She was active in the Kentwood School PTA and Little League work.

The family requested any memorial be made to the Howard County Heart Association. Survivors include her

## Carl Gray Dies Sunday Night

Snyder — Carl Gray, 79, Snyder, died at 8 p.m. Sunday in the Methodist Hospital in Lubbock.

Services are set for 2 p.m. Wednesday at the Colonial Hills Baptist Church in Snyder with the Rev. Alan Carritte, officiating, assisted by Miller Robinson, pastor. Local arrangements are under the direction of Bell-Seale Funeral Home.

Mr. Gray was born Feb. 23, 1893 in Borden County and had lived in Scurry County for the last 40 years and was a retired rancher. He was a member of the registered Hereford Cattleman's Association, the Farm Bureau, Scurry County Livestock Association and the Co-Op Gin of China Grove. He was also a former trustee of the Hermleigh school district.

Survivors include his wife, Nell; two daughters, Mrs. Raymond Lloyd Snyder, and Mrs. Lorena Brown, Big Spring; two sisters, Miss Orea Gray Snyder, and Mrs. Bruce Plummer, Hereford; two brothers, Will Gray and Andy Gray, both of Lovington, N.M.; 11 grandchildren; and 22 great-grandchildren.

## 117 Perish In Flames; Man Accused

OSAKA, Japan (AP) — Police accused a workman today of dropping a lit cigarette on a synthetic textiles display and touching off the fire that killed 117 persons in a seventh-floor cabaret Saturday night.

Police said Keiji Kawashima, 36, was doing electrical wiring on four floors below in the department store in which the fire broke out on the same floor.

Kawashima was accused of extreme professional negligence resulting in deaths and injuries. He escaped injury along with four others working on the third floor.

But about 170 persons at the Play Town cabaret upstairs were trapped in smoke when the flames below cut off the electricity, stopping the elevators. Officers said the door to the emergency stairs was locked.

"After the fire broke out, everyone was shouting escape," recounted an injured cabaret girl from her hospital bed. "I don't remember thinking of anything but escape. There was a lot of smoke, choking everybody."

The flames never reached the cabaret, but authorities found the bodies of 98 hostesses and customers dead of asphyxiation. Twenty persons were killed falling or jumping from the windows or from the roof one story above, and another cabaret girl died Sunday of injuries. Twenty-eight others were injured, 10 of them seriously, authorities reported.

## District Legion Head Due Here

Harold E. Boston of Brownfield, District 19 commander, American Legion, will attend a meeting at 8 p.m. Thursday of Howard County Post 400.

At that time, Boston will discuss specifics of the District 19 convention scheduled here in October. Ollie Branson, local post commander, urged all members to attend the meeting.

## Little Runoff From Showers

No runoff resulted from light showers over the Big Spring area during the weekend.

While there were spots which received heavy downpours with some hail, most of the section came in for about 30 of an inch moisture.

Lamesa had a brisk shower Saturday night, and Saturday afternoon blinding rain and hard hail hit Sterling City. San Angelo reported 1.38 of an inch.

A survey of the watershed of Lake J. B. Thomas and Lake E. V. Spence showed no runoff of consequence into the Colorado River or its tributaries according to O. H. Ivie, general manager of the Colorado River Municipal Water District.

Bruce Griffith, county agent, indicated the showers would have no appreciable effect on the planting picture.

## Hearing On Overpass Is Set Tuesday Morning

A special public hearing will be held at 10 a.m. Thursday in the county courtroom for the purpose of giving interested parties a chance to express their opinions on the proposal to build a new overpass over the T&P Railroad yards on Nolan Street.

The hearing will be conducted by the State Highway Department and city officials and is required before the Highway Department and the city can begin to purchase right-of-way in the area.

Much of the land from Second Street north to the railroad yards will be purchased by both the Highway Department and city. City officials have reported the right-of-way purchase will be done on a 50-50 per cent basis with the state.

The city must purchase seven acres of land, plus 18,000 square feet of land; two warehouses owned by Standard Oil Co., a sign company office and warehouse, a metal building and asbestos siding warehouse, and must pay proximity damage on a 32x92 foot warehouse.

Also 750 feet of water line must be relocated, with construction of the new overpass. Cost to the city for land acquisition in the area will be \$55,000 and the city will be responsible for putting in curbs and gutters around the bridge. Estimated expense on the state's part will be \$75,000, plus complete construction cost of the bridge.

Depending on the outcome of the public hearing, the purchase of right-of-way should begin shortly, according to city and state officials, but actual construction of the overpass is not likely before January.

## Parade Starts At 10 A.M.

Saturday, Armed Forces Day is to be celebrated with military flourish in the form of a parade that will begin at 10 a.m. at First and Main.

Entire personnel of Webb AFB and representatives of other Services and WW I and WW II veterans will be featured in the parade. The parade will proceed down Main to Sixth, over to Runnels, and back down Runnels to First.

Color and music will be provided by patriotic floats and a military drum and bugle corps. The Big Spring High School band will be stationed on the east side of Main Street to provide cadence music, but it will not march.

Excitement will be lent to the parade by a fly-over by three Army helicopters. Two are gunships, and will demonstrate fighting maneuvers using smoke flares to simulate actual weaponry fire, and the third ship is a reconnaissance helicopter.

## Borden County Wildcat Logged

Borden County has gained a new wildcat five miles northwest of Vincent between two fields but separated by failures, while another location in the Phoenix-Grayburg field in Martin County has been posted.

## Delta Air Lines Hit With Fine

CINCINNATI (AP) — A federal jury has returned a \$2,360,000 judgment against Delta Airlines in the aborted takeover of a Trans World Airlines jet from Greater Cincinnati Airport.

Delta was ordered Friday to pay \$2,216,000 to TWA; \$105,000 to the estate of Marion Rosenthal; and \$45,000 to George Rosenthal, a Cincinnati man and widower of Mrs. Rosenthal.

The Rosenthals were injured as they departed from an emergency exit in the TWA plane after it made a bad takeoff Nov. 6.

## Art Exhibition Will Continue This Week

The outstanding exhibit of paintings, with emphasis on the Southwestern scene, will continue through Thursday at the Heritage Museum.

Members of the American Association of University Women, sponsors of the exhibit, urged those who have not seen the offerings of more than a score of widely known painters to do so as soon as possible.

There are paintings by such personalities as Peter Hurd, his wife, Henrietta Wyeth, John Roemer, P. J. Parker, R. C. Nichols, Frank Goodman, Alton Underwood, Donald Pat Lawrence, R. M. Oliver and H. C. Wallin.

Alternates selected were Mr. and Mrs. Hamlin Elrod, Mr. and Mrs. Lloyd Thomas, Mrs. Joseph Daves, Delano Shaw, Mr. and Mrs. Gleason Stallings, Mrs. Alton Underwood, Mr. and Mrs. Wilbur Cunningham, Mr. and Mrs. J. T. Farquar and Mrs. Cecil Rioridan.

Two resolutions were approved by the county delegates and are to be presented to the State convention.

The first was: "Whereas we believe unfavorable results have happened because members of other parties have been allowed to come into the Democratic primaries and voted for candidates they believe might be easily defeated in the general election, consequently many office holders have brought about unfavorable situations in many cases, but not reflected on any party; whereas we believe this can be corrected by requiring a person to declare what political party primary he wants to participate in when he or she qualifies to vote.

## Study Shows Most Parks Are Sterile

A report prepared for HUD says a study of 74 parks in 16 cities showed most parks "are sterile and incapable of giving pleasure to the people who would use them. If more people used parks or enjoyed them more, they might have less fear of violent crime in their parks."

**DELTA AIR LINES HIT WITH FINE**  
CINCINNATI (AP) — A federal jury has returned a \$2,360,000 judgment against Delta Airlines in the aborted takeover of a Trans World Airlines jet from Greater Cincinnati Airport.

Delta was ordered Friday to pay \$2,216,000 to TWA; \$105,000 to the estate of Marion Rosenthal; and \$45,000 to George Rosenthal, a Cincinnati man and widower of Mrs. Rosenthal.

The Rosenthals were injured as they departed from an emergency exit in the TWA plane after it made a bad takeoff Nov. 6.

**COLLEGE PARK, MD. (AP)** — Dr. Frank L. Bentz, a farm economist, says the nation's farmers should not be blamed for the high cost of food.

"The bag boy at the checkout counter has more to do with rising food prices than the farmer," said Bentz, vice president for agricultural affairs at the University of Maryland.

"While at the farm prices were edging up 6 per cent, labor costs for those working to create a finished product, get it to the store and put it in your grocery bag went up an average of 53 per cent over 1959 levels."

## Firebombing Solon's Office

ROYAL OAK, Mich. (AP) — The office of Rep. William S. Broomfield was destroyed early today by a fire bomb, police reported.

Officials said the single-story office of the 15th District Republican congressman was gutted after a firebomb was thrown through a large plate glass window about 1:30 a.m.

Police and FBI officials said they knew of no reason for the firebombing.

## Eight Delegates Go Uncommitted

The Howard County Democratic party accepted 14 delegates and as many alternates Saturday night, nominated by the county nomination committee, to attend the June 13 State Convention in San Antonio.

The delegates decided on eight uncommitted votes while six were committed to Hubert Humphrey for the presidency.

Instructions for the delegates were devised after the county delegates had caucused to determine the percentage of support for various candidates.

Forty-six delegates participated in the caucus. Nineteen delegates expressed support for Humphrey, 14 were uncommitted, nine backed George Wallace, three supported Sen. George McGovern and one came out for Sen. Henry Jackson.

Backed on the ruling that, if there are less than 20 per cent for one delegation, the others must switch to a second choice candidate or go uncommitted, 13 delegates went uncommitted. This action swung the majority of the delegates to the uncommitted side.

Delegates to the state convention are Cecil Rioridan, Ralford Dunagan, Robert Boadie, D. A. Brazel, George Zachariah, Joseph Daves, John Roemer, P. J. Parker, R. C. Nichols, Frank Goodman, Alton Underwood, Donald Pat Lawrence, R. M. Oliver and H. C. Wallin.

Alternates selected were Mr. and Mrs. Hamlin Elrod, Mr. and Mrs. Lloyd Thomas, Mrs. Joseph Daves, Delano Shaw, Mr. and Mrs. Gleason Stallings, Mrs. Alton Underwood, Mr. and Mrs. Wilbur Cunningham, Mr. and Mrs. J. T. Farquar and Mrs. Cecil Rioridan.

Two resolutions were approved by the county delegates and are to be presented to the State convention.

The first was: "Whereas we believe unfavorable results have happened because members of other parties have been allowed to come into the Democratic primaries and voted for candidates they believe might be easily defeated in the general election, consequently many office holders have brought about unfavorable situations in many cases, but not reflected on any party; whereas we believe this can be corrected by requiring a person to declare what political party primary he wants to participate in when he or she qualifies to vote.

## Bridge Test

BY CHARLES H. GOREN  
© 1972, BY THE CHICAGO TRIBUNE  
**BRIDGE QUIZ ANSWERS**  
Q. 1—As South, vulnerable, you hold:  
♠ KQ1094 ♠ AQ83 ♠ AK5  
♣ 109 ♣ A876 ♣ 864 ♣ 8864

The bidding has proceeded:  
South West North East  
1 ♠ 1 ♠ 2 ♠ 2 ♠  
3 ♠ Pass 3 ♠ Pass  
4 ♠ Pass 4 ♠ Pass

What do you bid now?  
A.—This is an ideal spot for the Blackwood convention, and a four no trump bid is recommended. If partner can be found with two aces and a king, a grand slam contract at clubs should be within reach. Inasmuch as partner bid the suit freely, it is reasonable to assume that the clubs are solid.

Q. 2 — Both vulnerable, North-South have 40 part score, and as South you hold:  
♠ 974 ♠ AQ862 ♠ AQ82

The bidding has proceeded:  
South West North East  
1 ♠ Pass 1NT Pass  
2 ♠ Pass 2NT Pass

What do you bid now?  
A.—Because a game contract has been reached, we suggest a pass. It is reasonable to suppose that partner's principle values will be found in the club suit. The conclusion is reached on the following line of reasoning: Partner has not a representative four card suit, else he would have mentioned it at the level of one. Partner surely has no support for hearts, else he would have shown a preference and, because he failed to accept diamonds, it is clear that he must have values in clubs.

Q. 3 — Neither vulnerable, partner opens with one spade and you hold:  
♠ K62 ♠ A732 ♠ Q7543

bid is made to allow the economical showing of all three suits.

Q. 5—Both sides vulnerable, as South you hold:  
♠ 109 ♠ A876 ♠ 864 ♠ 8864

The bidding has proceeded:  
East South West North  
1 ♠ Dble. Pass 1 ♠ Pass ?

What do you bid now?  
A.—Two hearts. Inasmuch as partner has been forced to bid, he must not be presumed to have any specific values and a single raise is sufficient.

Q. 7—As South, vulnerable, you hold:  
♠ A1052 ♠ A864 ♠ AKQ107

The bidding has proceeded:  
South West North East  
1 ♠ Dble. 1 ♠ Pass ?

What do you bid now?  
A.—Two clubs. With a hand containing 16 points in high cards we prefer not to make the rebid of one no trump, which normally designates hands up to and including 15 points. There is a slightly better chance that partner will set again if we bid two clubs.

## MISHAPS

Fourth and Main: Fredrick Thomas James, Sterling City, Rt. 3, Wayne Basden, 106 W. 6th; 8:30 p.m. Saturday.

Fourth and South Gregg: F. W. Daily, Rt. 3, Box 2085, Grass Valley, Calif., and Andrew Scott, 3804 Canterbury Lane, Metairie, La.; 6:35 p.m. Sunday.

**WEATHER FORECAST** — Rain and showers are forecast today for much of the eastern sector of the nation and also part of the West. There will be warm weather in the Southwest and cold temperatures in the Midwest and Northeast.

# GOP Strategists Setting Up Plan To Block 'Steal'

WASHINGTON (AP) — Saying they fear Democrats could steal the next presidential election, key Republican strategists are setting up an intricate polling system to prevent it.

"It is a matter of public knowledge that there have been voting irregularities," said Murray Chotiner, the veteran Nixon campaigner who will head the project. "The people who fool with elections know who they are."

Democrats also are planning to provide poll-watchers across the nation on Nov. 7, but a party spokesman said they have no program to watch the GOP operation.

Chotiner would not specify which areas he considers suspect, but other Republican sources say the party is concentrating on areas in a dozen states, including Cook County, Ill., St. Louis, Mo., and East St. Louis, Ill., New Jersey, Indiana, Kentucky, Texas and

New Mexico.

All these are places where the Democratic Party organization is strong and Republicans have traditionally complained of hanky-panky with the vote count.

The parent spur for this one is the memory of the 1960 presidential race in which Richard Nixon was barely defeated by John F. Kennedy, and Republicans screamed of fraud in Illinois and Texas.

Had Nixon carried those two states, he would have won. The poll-watchers will be instructed to check registration lists prior to election day to insure that everyone listed is a real and living person. Voting machines will be checked before polls open, Chotiner and John B. Sayre of the Republican National Committee said in separate interviews.

Sayre said another anticipated problem is the bought vote.

"In East St. Louis you could watch people buying votes for a dollar or a pint of whiskey," he said.

Another key strategy, he said, is to try to pick off a violator early on election day and scare off any later attempts.

Big Spring (Texas) Herald, Mon., May 15, 1972 7-A

# Bus On Wrong Side Of Road

BEAN STATION, Tenn. (AP) — Investigators say a Greyhound bus that collided with a tractor-trailer truck on U.S. 112 at this upper Tennessee town, killing 14 persons and injuring 15 more, was on the wrong side of the road.

Capt. Guy Nicholson of the highway patrol said, "It hasn't been determined why. Evidence at the scene indicates it was as much as six feet across the center line," he added.

The accident occurred at dawn Saturday.

A National Transportation Safety Board investigating team from Washington left the area early Sunday without comment.

The collision occurred in the heart of this village that was once a stage coach stop.

"It sounded like a case of dynamite going off," said Jesse Coffee, 27, whose home is about 40 yards from the collision point. Coffee said he and his wife were just getting up.

## Two Charged In Loraine Death

COLORADO CITY — Charges of murder have been filed in Justice of the Peace Leonard Henderson's court against two brothers from Loraine in connection with a murder of one man and the attempted murder of two others Sunday afternoon.

Domingo Gomez and Jesse Gomez, both of Loraine, were charged in connection with the fatal shooting of Marcario Lara which took place in the Loraine Cemetery at 4:35 p.m. Sunday. Bond has been set at \$15,000 on each man, but according to Judge Henderson and Sheriff W. L. Claxton, neither of the men have posted bond.

Lara, 29, died about 6 p.m. in Root Memorial Hospital where he was brought after being hit in the chest with slugs from a .32 caliber revolver.

His brother, Joe Lara, 28, Colorado City, was wounded in the arm and leg in the shooting incident, but he was reported to be in good condition in Root Memorial Hospital Monday morning. He was also shot with a .32 caliber revolver.

Sheriff Claxton said this morning his office is still investigating the shooting, but at that time did not have a clear reason for the incident.

Both suspects were arrested in a farm house three miles north of Loraine at 5:45 p.m. Sunday by Deputy Sheriffs Bill McGuire and Simon Barrera. No resistance was offered at the time of the arrest, according to McGuire.

Funeral arrangements are pending at Kiker-Rains-Seale Funeral Home here for Marcario Lara.

Lara was born March 10, 1944 and was an employe of Rose Construction Co. of Abilene. He was married here to Susie Davila April 8, 1972.

Survivors include his wife of

## Hearne Fire Claims Man

HEARNE, Tex. (AP) — A Department of Transportation engineer is investigating today a fire caused by the failure of a Humble Oil & Refining Co. pipeline here Sunday that took the life of one man, injured two other persons and caused heavy damage.

A Texas Department of Public Safety spokesman said several homes were totally destroyed and others were burned in the huge fire.

The spewing crude oil sent flames rolling down a creek to ward a residential area, forcing about 30 persons from their homes as the flames spread.

Killed was a local resident, Fred Martin, whose body was taken to a Bryan funeral home.

The leaping flames, which DPS said at one time were visible up to 20 miles away, also caused Texas Highway 6 to be temporarily closed to traffic.

Fire units from Bryan, 19 miles away, and Hearne battled the flames before Humble Oil & Refining Co. crews shut off the ruptured line.

The injured included Billy Frank Pace, 10, and Will A. Curtis.

## Shad Fishing Nets Commotion

ENFIELD, Conn. (AP) — It's not often that a fisherman causes such a commotion that the police are called out.

But that's what happened when a Simsbury pharmacist, John Kevorhian, decided to do some shad fishing from his red seaplane.

With the Connecticut River near flood stage, Kevorhian flew the plane to the Springfield, Mass., area, landed on the river and let the plane drift while he dragged his line.

It wasn't long before Enfield police telephones were ringing off their hooks with calls from residents reporting a plane drifting toward Enfield dam.

Police dispatched five patrol cars to the scene and the Fire Department sent emergency vehicles to the river's bank. They all then watched as the plane lifted from the water and flew away.

## Boosters To Meet

COAHOMA — The Coahoma Band Boosters will have their final meeting of the school year in the high school band hall, starting at 7:30 p.m.

## Larceny By Trick Charge Sticks

CANTON (AP) — The real trick is to figure out what crime is being committed.

Undercover agents paid \$800 for pills supposed to be narcotics. They arrested Joseph Bickar for sale of drugs.

A jury found the former convict, 56, guilty of larceny by trick.

The pills turned out to be sugar substitutes.

the home; his parents Mr. and Mrs. Matias Lara, Loraine; two sisters, Mrs. Sebera Delores, Loraine and Mrs. Igan Tenada of Ennis; two brothers Joe, Colorado City, and Estania, Fort Worth.

## British Paratroopers Establish Truce Line

BELFAST (AP) — British paratroopers pushed through a crossfire of bullets early today to establish a truce line between battling Protestants and Roman Catholics in Belfast. Nine persons were killed in the weekend of violence, including a 13-year-old girl.

It was Northern Ireland's most violent weekend in three and a half months, since Brit-

ish paratroopers killed 13 demonstrators on "Bloody Sunday," Jan. 30 in Londonderry. At least 327 persons now have died in nearly three years of communal warfare in Northern Ireland.

Catholic enclaves in the city, and the Protestant Springmar-

tin housing development.

"But there is still a lot of tension in the air," one British officer said. "It won't take much to touch things off again."

### 'TENSION IN AIR'

The army said quiet prevailed early today on the battlefield of bullet-scarred buildings between the Ballymurphy

edge of Ballymurphy.

The pub was jammed with soccer fans watching an international match on television, and 53 persons, including some children playing outside, were wounded.

Snipers hidden along the grassy edge of the Springmar-

tin estate opened fire on the crowd which raced to the blast scene. Guerrillas of the Irish Republican Army raced to strongpoints in Ballymurphy and sent back a hail of fire into the squat apartment houses overlooking the Catholic zone.

### SHOOTING SPREADS

The shooting spread along a mile-long perimeter, and troops moved up to try to restore peace. They came under fire from both sides. The Protestant

troops apparently died out, and the soldiers were left shooting it out with a large force of IRA guerrillas.

Troops ringed the city to keep out reinforcements for the fighters, but sporadic fire crackled throughout Saturday night and raged up again into Sunday's full-scale battle between the two religious groups.

A British soldier was killed when soldiers tried to storm an IRA strongpoint in a block of apartments.

The trouble spread to the outskirts of the city. Mobs stoned each other. A match factory was set afire. Troops sealed off eight miles of the main highway to Dublin as the stone-throwing escalated into gunfire.

# No Confrontation—So Far

The Soviet Union apparently has decided it does not want a direct confrontation with the United States over Vietnam—at least for now.

While the language of the official Soviet response to the mining of North Vietnamese ports and the bombing of land communications was tough in spots, the statement itself was restrained. The Russians protested the mining and bombing. They insisted that the U.S. stop the action. They said they would continue to aid North Vietnam.

But the statement is as important for what it did not say as for what it did. It did not cancel or postpone the summit meeting with President Nixon. It did not even mention the summit. It did not say what the Russians would do if the mining and bombing are not halted. It did not say how North Vietnam would be assisted or in what way.

Even as the statement was issued by the Kremlin, two ranking Soviet officials were paying "courtesy calls" on Mr. Nixon in the White House. The meeting was a surprise session and probably indicated the summit meeting is still on.

It is even possible that Henry Kissinger worked out a tacit understanding with Moscow on his

last visit, before the Paris peace talks were halted again. If there is such an understanding, Mr. Nixon had a much safer basis for his mining decision than was disclosed.

These are positive signs that the Soviet Union apparently does not consider that its vital national interests are threatened in North Vietnam. It is not certain that the Russians will back

down. A face-saving compromise may be worked out for both nations or a crisis could still boil up.

Indications are that a nuclear arms limitation treaty, trade and other matters are more important than a clash over Vietnam. Actions, not words, will determine the outcome as the situation changes day by day.

# Moon Madness

Folklore is laden with tales about the moon, about moon madness and men who turn into wolves by the light of the full moon.

Dr. Arnold L. Lieber, a senior resident in psychiatry at the University of Miami's medical school, found a definite correlation between the moon's phases and the murder rate in the Miami area.

His two-year study, augmented by computers, found the area's murder rate began to rise about 24 hours before the full moon, then dropped back before climbing again to a secondary peak at

the new moon. The study included almost 1,900 murders over 15 years.

Dr. Lieber said a chart of the homicides looks remarkably like a chart of ocean tides. He theorized that the moon's gravitational pull, small though it is, may be enough to touch off unstable borderline cases.

Further, Dr. Lieber found that when the moon and sun are exerting maximum gravitational forces every 14 months murders increase even more. At least, we know now when to be more wary.

# Mission For Maids

## Around The Rim

Tommy Hart

One thing and another: The most important thing a young woman can do, if she plans to marry and raise a family, is to master the art of cooking.

SHE MAY reason there are more important missions, like applying mascara the right way or mastering the art of not overbidding in bridge, but, unless she can cook to suit her husband and children, she's a loser from the time she says "I do."

Responsible people label the average American meal a "culinary disaster." They also contend that the best way to remedy that situation is to make mandatory in the American educational system a practical school of nutrition.

"EVERY HIGH SCHOOL girl should spend six to eight weeks in full time attendance in a culinary and homemaking school," one expert said recently.

The observer is particularly distressed over the many badly nourished young people he sees today.

Go into the super market today, he suggests, and see what people are putting into their baskets. It is not easy, he points out, to get a balanced diet from the frozen food counter.

SUCH FOODS are not only terribly expensive, he adds, but never have people spent so much and received so little in return. The rise in the use of these foods has led to the inability of people to prepare a full-course meal.

Many people could die happy, if they were secure in the knowledge that they had spent their last \$5 for a shirt they would wear to their funeral. That kind drains the thought of their money outlasting them.

MAYBE YOU'VE heard the story about the fellow who was lamenting: "My brother's funeral has cost me \$3,000 so far."

"What do you mean, so far?" some one asked him.

"Well, we buried him in rented clothes," the bereaved pointed out.

HAVE YOU been feeling lately that most of the things that shouldn't happen to a dog have been happening to you? Don't feel put upon. Everyone seems to feel that way.

Why is it, I say to you, that if you insist on paying cash, most people feel you can't get credit?

# 'Develop America'

Omar Burselon

N. D.C. — More than 70 million of our population now live in only two per cent of the land area in America. Our cities are literally falling apart. Attempts to help the large intercities with all sorts of Federal programs have been about like trying to cure cancer with a Band-Aid.

THE PROSPERITY of the United States is unparalleled by any country in all history. During the early years of this Nation, we were a striving country with a balanced growth. Fertile lands enabled agriculture to lead the way in our economic growth. Gradually but dramatically came industrialization which brought about fast growing towns and cities. We continue to have growing pains but of a different nature.

Following the depression of the 1930's, there started a migration from the rural areas to the cities. In a quarter of a century, that is up to about 1955, a decisive turn was made away from small towns and rural life. Since the beginning of World War II more than 30 million Americans have left the farms and small communities and the migration rate continues at about 600,000 people each year. This is a slackened pace of movement but still a serious one.

COSTS FOR providing services for city dwellers have skyrocketed and yet services received continually diminish in quality.

Small towns, once viable and productive, are having difficult times providing their own services, finding employment and wherewithal to support the essentials of modern life.

Within a few weeks the Congress will consider a measure known as the Rural Development Act of 1972. Different versions of the proposal have been passed by both the House

and the Senate. They now go to Conference between the two Bodies of Congress where these differences will be ironed out.

ALTHOUGH LABELED "Rural Development Act," its intent is to "develop America." It provides a comprehensive program of investment credits and incentives for people in industry to locate or remain in rural America. A system of credit would be provided to improve community facilities and finance business enterprises. It would expand rural non-farm and small farm development services.

The central purpose of the legislation is to make it possible for rural communities to develop in all facets of its community life and hopefully return to a balanced economy.

IF THIS CAN be accomplished, people will no longer have to go to cities to find jobs but rather remain in smaller communities and keep our population dispersed. If this could be accomplished, the results would improve conditions for a better future and a better choice of location for living and raising a family. The cities would be relieved of the tremendous pressures which have created insoluble problems and flights to suburbs, leaving dead cities behind.

It is recognized that there is a vast difference between theory and practical application but unless something is done along these lines, conditions for improvement can only worsen. People crowded together in our cities is a chief cause of crime, disease, poor schools, inadequate health care and all the other deficiencies apparent in our society. These circumstances drain the resources of the more rural areas and everyone is the victim.

MIRROR SPEAKS WITH FORKED TONGUE

# Into Quieter Waters

John Cuniff

NEW YORK (AP) — Having lived with turbulence for many years, the stock market has learned to discount crises, threats, forecasts and sometimes, it is claimed, common sense and logic.

At the moment, events that in the 1960s would have led to a market crisis are being filed in the "neutral" folder. Most of the better known analysts remain optimistic, even though they have to dig to find the supports.

BETTER RATIO Here is some of that supporting evidence:

Spear & Staff, Inc. finds hope in the price-earnings ratios of the blue chip companies, mainly as represented in the Dow Jones Industrial average.

In the past decade or more,

S&S observes, the P-E ratio, or the number of times per share earnings at which an investor is willing to buy, has ranged from a high of 18 to a low of about 12.5.

The P-E ratio recently, based on current prices, was only 15.9, "the lowest earnings multiple in over 15 months." But the stock market lives in the future. The outlook, based on estimates of future earnings, is much more attractive.

It forecasts corporate earnings gains of 14.7 per cent over 1971, which would mean that the P-E ratio would be only 12.5 or 13 by the end of the year if market prices remain right where they are now.

HIGHER ADJUSTMENT Such an extreme low is unlikely, in SDS's estimate. More

likely, it feels, is that the P-E ratio will adjust itself to the higher expectations. And such an adjustment would automatically mean higher stock prices.

Hornblower & Weeks-Hemphill, Noyes, a brokerage house, believes the outlook for the market is "constructive" because of a strong underpinning of reasons, among them:

—Gross National Product is rising, even if inflation is wrung out of the figures.

—The government's composite index of leading economic indicators is in an upswing.

—The flow of earnings reports are decidedly favorable and are likely to continue so.

—Rapid expansion of the money supply since January indicates growth may accelerate through 1972 and well into 1973.

# Brickbats And Slander

Billy's grouchy grandfather took such a violent dislike to the boy's homeroom teacher that he wrote a special letter of denunciation to the board of education.

"THIS WOMAN is ignorant, lazy, and totally uninterested in her job," he alleged. "She just sits there and collects wages."

As it happened, Billy's teacher was both capable and energetic. When she found out about the letter, she determined to sue the grandfather for defamation of character.

AT THE TRIAL, he was unable to produce even a shred of evidence to sustain his charges. Result: liability. The court said teachers need not put up with malicious charges that blacken their professional reputation.

Most courts agree. Still, not every mistaken statement about a teacher will support a defamation suit. Like other public employees, a teacher must "take" a reasonable amount of criticism from those who are legitimately concerned with the school system.

IN ANOTHER case, a pupil's mother complained to the school board that a certain teacher was "not competent." But this time, even though the mother's complaint was exaggerated, she did have a substantial amount of supporting evidence.

The teacher sued — but the court ruled against her. The judge said that for the good of public education, some leeway must be allowed to its critics.

NOR IS IT defamatory if the charge does not seriously reflect on the teacher's professional qualifications. Take this case:

A school principal, writing a report about a new teacher, described her

as being "careless in writing on the blackboard." Was this statement, if untrue, enough basis for a defamation claim by the teacher?

A court ruled that it was not, because it did not really mean she was incompetent in her job. The court said it was perfectly possible for someone to be very bad at wielding chalk, yet very good at teaching children.

(A public service feature of the American Bar Association and the State Bar of Texas. Written by Will Bernard.)

# Taming The Nile

WASHINGTON (AP) — Egyptians are learning it will take more than the Aswan High Dam to tame the Nile.

Because of the dam, the muscle of the mighty river flexes with new vigor, threatening to undermine 550 bridges built within the last 19 years as well as three diversion dams, old but still needed.

The dam has strained out the silt, washed down from Ethiopia and central Africa. Without this burden — 110 million tons a year — the river surges through the valley of the Nile with new force, chiseling out river banks more than ever.

Ten new but smaller dams, costing about \$22 million each, are planned downstream to slow the water on its way toward the Mediterranean. Otherwise, engineers say, damage from erosion will be severe in 10 to 15 years.

Hal Boyle

NEW YORK (AP) — "Sometimes I wish everybody lived in a small town instead of an ant swarm like this," said Jack, one of the genial countermen in a Manhattan drugstore luncheonette.

"Then I wouldn't have trouble like I did with Fred," he said, and then told this tale: "Fred's one of the nicest customers I got. Big job, but real friendly guy. Been drinking his coffee here for years. A month ago I mentioned to Fred that on the way home I'd dropped into a cocktail bar lounge on First Avenue the night before and seen him sitting in a corner having drinks with one of the pretty girls in his office."

"Don't wreck my reputation, Jack," he said. "It couldn't have been me. I do all my drinking at home."

"I kind of thought I had worried him, so when he came in the next day I whispered to him: 'Don't give it a second thought about me seeing you with that young dame over on First Avenue. I'd never tell anybody about it. I'm your pal.'

# Small Town Advantages

"Thanks a lot," he said. "But I'm not the guy you saw. It must be a case of mistaken identity."

"Well, that could be," I told him. "I really recognized the girl, but I only saw the back of the guy's head."

"Overnight I got to thinking over the matter and realized I was wrong in at least one respect: When Fred came in the next day, I said: 'Maybe I can clear up that thing we were talking about. I was wrong about it being on First Avenue. It happened in a bar on Second Avenue. Does that stir anything in your memory?'"

"Well, Fred really surprised me. He got all upset. He asked what in hell was the matter with me, and wanted to know why I was trying to start ugly rumors about him, and said he had never been in a bar with a single girl since he got married five years ago, and that if he ever did want to play tomcat it wouldn't be with any girl who worked with him in the same office. Then he got up and went

out without leaving his usual dime tip."

"When Fred came in the next day and I tried to straighten the whole thing out with him, he went by me without saying a word and sat down two counters."

"He hasn't sat at my counter since. Every once in a while when he gets up to leave, he calls over and says, 'Well, who are you slicing up today, Jack?' Then he walks off before I can say anything. I guess I've lost a friend."

"I still don't know for sure whether the guy I saw was Fred or not."

"Anyway, like I said, if we all lived in a small town I wouldn't have had this trouble with Fred. In a big city like New York there can be two dozen people who look exactly like you going around doing things you wouldn't be caught dead doing, but you wind up anyway getting the credit for doing them."

"In a small town nobody would look like Fred. In a small town nobody looks like nobody else."

# My Answer

Billy Graham

My home is a very unhappy place because my parents are fighting all the time about things that don't matter. I am a teenager and I would like to know what I can do about this.

S.W. It is possible that your parents are both Christians, though it appears somewhat doubtful. If both of them are Christians, then possibly one of them has a very serious nervous disorder that needs treatment. But the most difficult thing in the world is to get people to recognize a need of that kind. They feel insulted if you mention it to them.

"At your age it is almost impossible to see things objectively. Be encouraged, because life is worth living but only if you live it for Christ. You do not have to live your life for your parents, and the years that

you must spend at home are nearly past. Find a clear objective in life and make it one that is worthwhile. Be like the Apostle Paul who said . . . "forgetting those things which are behind, and reaching forth unto those things which are before, I press toward the mark for the prize of the high calling of God in Christ Jesus." Phil. 3:13, 14. You will be amazed at how many of life's problems are solved once you do this.

Youth today needs a song to sing — a flag to follow — a creed to believe! I believe Christ offers all this and more! Trust Him and life will take on a glow that you have never known before. Even in the midst of unhappy circumstances there will be peace and joy. You may even win your parents if they see the change in you!

# A Devotion For Today . .

Train up a child in the way he should go; and when he is old, he will not depart from it. (Proverbs 22:6)

PRAYER: Dear God, help us to fulfill our duties as family members. May we always live in such a way that parents and children may grow into the likeness of Jesus. Amen. (From the 'Upper Room')

# No Place Like Gotham, Says 'Sey Hey Kid'

By The Associated Press  
"Sey Hey," Willie's back.  
"I'm just glad I'm back playing in New York," said Willie Mays Sunday, after he had made a dramatic debut with the Mets, hammering a tie-breaking home run in a 5-4 victory over his former San Francisco teammates.

"There's no place to play like New York," said the 41-year-old Mays, who started his major league career in 1951 with the Giants, when the club was in New York.

While Mays was celebrating his return to New York, Tony Perez of Cincinnati celebrated his 30th birthday, driving in all of the Reds' runs with two homers, a double and a single in 4-3 and 2-0 victories over St. Louis.

Elsewhere in the National League, Atlanta edged Chicago 2-1, Houston outlasted Pittsburgh 7-6, Montreal ripped San Diego 9-3, and Los Angeles at Philadelphia was rained out.

The victory gave the Mets a 17-7 record, best in the National League, and put them three games ahead of runner-up Philadelphia in the East Division.

Mays' homer, which tied him with former Giant Mel Ott for seventh place in the all-time RBI with 1,860, overshadowed Rusty Staub's first grand slam homer with the Mets.

"It was Mays' day," conceded Staub.  
Perez gave Cincinnati a 2-0 lead in the third inning of the first game with a double that scored Jim McGlothlin and Joe Morgan. Then, after St. Louis had gone ahead in the top of the eighth on Joe Hague's solo homer and Lou Brock's two-run shot, Perez drilled his fifth homer of the season into left center field.

In the nightcap, Perez singled

in a run in the first inning and homered over the right center field wall in the sixth in support of the three-hit, 12-strikeout pitching of Tom Hall, making his first National League start.

Darrell Evans' fourth homer of the season—his first in three weeks—broke a 1-1 tie in the ninth inning and lifted Atlanta past the Cubs.

Cesar Cedeno smashed a two-run homer in the first inning and Bob Watson hit the next pitch out of the park, triggering Houston's victory over Pittsburgh. The Astros added four runs in the second, the last scoring on a single by Watson.

The Pirates closed to within 7-6 in the seventh when Willie Stargell slammed a two-run homer, his sixth of the season and the 250th of his career. But unbeaten Jim Ray stopped them the rest of the way, gaining his third save against five victories.

Bob Bailey drove in three runs with a single and a

double. Mike Jorgensen cracked a two-run homer, Ron Fairly had a solo shot and Tim Foli rapped a two-run double—his first hit in 29 at-bats—leading Montreal's attack against San Diego.

(AP WIREPHOTO)

**BITTERSWEET VICTORY** — Willie Mays (24), acquired from the San Francisco Giants Thursday, raps out a homer Sunday in fifth inning of game at New York's Shea Stadium against his former teammates on the Giants. "I wanted to help the Mets, but at the same time, I had a feeling for the Giants," said Mays, whose homer broke a 4-4 tie, giving the Mets a 5-4 win over the Giants.

**STaub Says Mays Deserved Kudos**  
NEW YORK (AP) — Rusty Staub hit a grand slam home run, but hardly got any notice. There was another fellow in the New York Mets' lineup Sunday. "He deserves all the attention—it was his day," Staub said of Willie Mays, who was pitched against his locker by reporters after hitting a home run to help the Mets beat the San Francisco Giants 5-4.

"It was a strange feeling batting against a team that you played with for 21 years," said Mays, who was acquired last Thursday in a much-publicized deal with the Giants. "I had feelings for both sides after I hit the homer."

"I wanted to help the Mets, but at the same time, I had a feeling for the Giants. As I rounded third, I looked into the dugout and saw Giant uniforms. That's the only uniform I've worn until now. I didn't know what they were thinking."

After Staub belted the third slam of his career in the first inning, Mays stole the spotlight away by drilling a tie-breaking homer in the fifth, the 647th of his illustrious 22 seasons.

"I was nervous before the game," said Mays. "I was so nervous that I didn't want people to talk to me about the game. I never thought I'd do anything to win this one."

While circling the bases, Mays said his thoughts drifted back to his rookie year. "My first hit as a Giant was a homer," said Mays. "I remembered that we won the pennant that year, in 1951. My first hit as a Met was a homer. I felt that maybe we'd win the pennant this year. That's what I was thinking."

Mays got a standing ovation from the crowd of 35,505 when he first stepped to the plate against San Francisco starter Sam McDowell. He walked.

"It was wonderful to hear the crowd," said the Mets' 41-year-old first baseman. "But I'm glad I walked. It could have been a different game if I didn't walk."

It no doubt would have been a different game, for after Mays walked, Sudden Sam was wild as the wind and issued walks to Bud Harrelson and Tommie Agee to set the table for Staub.

"I wanted to help the Mets, but at the same time, I had a feeling for the Giants. As I rounded third, I looked into the dugout and saw Giant uniforms. That's the only uniform I've worn until now. I didn't know what they were thinking."

**Unser Hurries In Indy Trial**  
INDIANAPOLIS (AP) — Bob Unser drove a fragile, lightweight race car 10 miles at an unbelievable 195.940 miles per hour Sunday and said, "I feel like crying."

"We had our necks stuck out a mile, and for the first time in five years I really felt like I was driving at the ragged edge of disaster," added the man who almost surely has clinched the pole position for the 56th running of the Indianapolis 500-mile race May 27.

Plagued by bad weather that washed out all of Saturday's first session of time trials, Speedway officials managed to place 12 drivers in the 33-car field after waiting out rain showers that twice interrupted proceedings Sunday.

Even then, five drivers were still waiting on the qualifying line when the track closed at 6 p.m., among them the No. 1 and No. 2 qualifiers for the 1971 race, Peter Revson and Mark Donohue.

Only these two appear to have a chance at dislodging Unser from the pole. Revson has been clocked at 190-plus in practice.

With a week to find the answer, Revson and Donohue at the very least could knock the other current front row sitters, Gary Bettenhausen and Mario Andretti, further down in the ranks.

Though they aren't eligible for the pole, still to be heard from are such chargers as Al Unser, A. J. Foyt Jr., and newcomer Bill Vukovich.

**Panthers Claim 4th Victory**  
The Pink Panthers enjoyed two big innings on their way to their fourth straight Webb Women's Softball League game here Sunday night by topping the Sand Dusters, 18-11.

Lois Ryan was the winning pitcher, Peggy Purgeson the loser.

Pat Johann hit a grand slam home run, Peggy Linberg, a round tripper and Chris Cook a triple with the sacks jammed for the Pink Panthers in the third, at which time the Panthers exploded for 10 runs.

Mary Jane Brown drove out round trippers for the Sand Dusters in the fourth and sixth, the second coming with two mates aboard.

## Wottle First In Mile Run; Ryun Eighth

PHILADELPHIA (AP) — The best Jim Ryun could do in the mile run in the Martin Luther King Games was next to last, but he finished first and was well out of sight when he headed for the Franklin Field exit. The 25-year-old Ryun, holder of the world record for the mile of 3:51.1, ran 4:14.1 as Bowling Green's Dave Wottle won the rain-swept event over Penn's all-weather tartan track.

Ryun didn't wait around to explain one of his worst performances since coming out of retirement two years ago. He doubled back about 100 yards, ran into the stands and disappeared along with his wife.

In the race was among the first three in the early going, but folded as the third lap started and wound up beating only one runner in the field of nine.

Wottle won the feature event of the third annual King Games in 3:58.5. He hit the tape less than a stride ahead of Howell Michael of the Quantico Marines, who ran the final 200 yards with the winner almost elbow-to-elbow. Michael also was clocked in 3:58.5. Michigan State's Ken Popejoy was third in 4:00.2; Penn State's Greg Fredericks fourth (4:01.9).

The so-called "Dream Mile" became a pipe dream long before the gun sent the field off Sunday. Of those originally billed to appear, Marty Liquori was out with an injured heel he has been nursing all winter. Italy's Francisco Aresse never left his country, and Duke's Bob Wheeler didn't make the race.

With Liquori injured and even doubtful for the July Olympic Trials, Ryun still is Uncle Sam's brightest hope for a first gold medal in the 1,500 meter Olympic event since 1902.

Wottle is making a comeback of sorts himself after being out of action last year with an injury. The Bowling Green senior, indoor NCAA half mile champion, turned in his best mile time—the previous was 3:59.0 in 1970. He plans to try for both the 800 and 1,500 meter races in the Olympic Trials.

In other events, Dick Bruggerman of the Ohio Track Club won the 400 yard hurdles in 1:08.8, Joe Lucas of Georgetown in 3:35.0, Dave Romaszko of the South Jersey Striders the mile walk in 23:30.5, and Norfolk State's 440 relay in 39.7, all meet records. Gerald Tinker took the 100 in 9.4 after Bob Ware broke the meet record with a 9.3 in the first trial heat.

**Colts Fashion Seventh Victory**  
The Colts continued to roll along undefeated in the American Little League Saturday as they defeated the Hawks, 9-5.

Randy Crockett and Mike Egan each had two hits for the Colts while Richard Bumgardner had two safeties for the Hawks.

The winning pitcher was Roy Don Beauchamp, the loser Charles Vernon. The victory moved the Colts' season record to 7-0.

**LEGAL NOTICE**  
To: Dennis R. Hinkle, Defendant.  
Greeting: You are hereby commanded to appear by filing a written answer to the petition of the Plaintiff, filed in the District Court of the State of Texas, at Dallas, Texas, on the 17th day of May, 1971, in this cause numbered 1971-10-100, in the County of Tarrant, Texas, before the Honorable District Court of Howard County, Texas, at the Court House in the City of Dallas, Texas.

The Plaintiff's Petition was filed in said court, on the 23rd day of July, A.D. 1971, in this cause numbered 1971-10-100, in the County of Tarrant, Texas, before the Honorable District Court of Howard County, Texas, at the Court House in the City of Dallas, Texas.

A brief statement of the nature of this suit is as follows, to-wit: Suit for a liquidated amount upon a promissory note as is more fully shown by Plaintiff's Petition filed in this suit.

If this citation is not served within ninety days after the date of its issuance, it shall be returned unserved. The officer executing this process shall promptly execute the same according to law, and make due return as the law directs.

Issued and given under my hand and the Seal of said Court, at office in Big Spring, Texas, this 23rd day of May, A.D. 1971.  
M. FERN COX, Clerk, District Court, Howard County, Texas.  
By JEANETTE NICHOLS, Deputy. (SEAL)

## Cubs In Split With Snyder

SNYDER — The Big Spring Tiger Cubs blasted out 10 hits in the second game of a double-header Sunday to defeat the Snyder Red Legs, 4-2.

The Tiger Cubs had dropped the first game, 4-3.

In the nightcap C. Q. Cevantez was the offensive star as he went two for two with a double and two home runs and a double. Henry Haro went two for three to also aid the Tiger Cubs.

Mike Gamboa was the winning pitcher. He scattered four hits and didn't allow any hits after a leadoff homer by Snyder's Robert Alderette in the fourth. Rocky Small was the loser for Snyder.

The Tiger Cubs lost the first game largely because of a three-run Snyder explosion in the first inning. Losing pitcher Ismael Paderez walked the first two Red Leg batters and then gave up a home run to Small.

The Tiger Cubs came back though, and tied the score in the fourth inning when Adam Yanez led off with a single and moved up on Billy Diaz' single. Both runners scored when Cevantez doubled. On out later Haro singled to bring Cevantez home.

Snyder won the game in the seventh when Pete Canales singled with one out, stole third and scored on a wild pitch.

The split left the Tiger Cubs with a 2-5 season record. They will host the Plainview Colts Sunday afternoon.

**Blacks Decision Reds, 17 To 4**  
The Blacks scored 10 runs in the top of the second to help them take a 17-4 victory over the Reds in the American Peeewe League Saturday.

The Blacks scored their 17 runs with only seven hits. Rodricks had three of them.

## Staub Says Mays Deserved Kudos

NEW YORK (AP) — Rusty Staub hit a grand slam home run, but hardly got any notice. There was another fellow in the New York Mets' lineup Sunday.

"He deserves all the attention—it was his day," Staub said of Willie Mays, who was pitched against his locker by reporters after hitting a home run to help the Mets beat the San Francisco Giants 5-4.

"It was a strange feeling batting against a team that you played with for 21 years," said Mays, who was acquired last Thursday in a much-publicized deal with the Giants. "I had feelings for both sides after I hit the homer."

"I wanted to help the Mets, but at the same time, I had a feeling for the Giants. As I rounded third, I looked into the dugout and saw Giant uniforms. That's the only uniform I've worn until now. I didn't know what they were thinking."

After Staub belted the third slam of his career in the first inning, Mays stole the spotlight away by drilling a tie-breaking homer in the fifth, the 647th of his illustrious 22 seasons.

"I was nervous before the game," said Mays. "I was so nervous that I didn't want people to talk to me about the game. I never thought I'd do anything to win this one."

While circling the bases, Mays said his thoughts drifted back to his rookie year. "My first hit as a Giant was a homer," said Mays. "I remembered that we won the pennant that year, in 1951. My first hit as a Met was a homer. I felt that maybe we'd win the pennant this year. That's what I was thinking."

Mays got a standing ovation from the crowd of 35,505 when he first stepped to the plate against San Francisco starter Sam McDowell. He walked.

"It was wonderful to hear the crowd," said the Mets' 41-year-old first baseman. "But I'm glad I walked. It could have been a different game if I didn't walk."

It no doubt would have been a different game, for after Mays walked, Sudden Sam was wild as the wind and issued walks to Bud Harrelson and Tommie Agee to set the table for Staub.

"I wanted to help the Mets, but at the same time, I had a feeling for the Giants. As I rounded third, I looked into the dugout and saw Giant uniforms. That's the only uniform I've worn until now. I didn't know what they were thinking."

AROUND PALACES

# South Viet Units Are Digging In

HUE, Vietnam (AP) — South Vietnamese forces are digging in around the pleasure palaces and throne hall of Hue's Forbidden City in preparation for a final stand.

Every day a new date is whispered by a streetside soothsayer or a general for the start of the final battle. Almost everyone deems that battle inevitable.

A week ago a large part of Hue's 200,000 people were packed into leaving by the spectacle of defeated battalions and thousands of refugees fleeing the crumbling northern front.

### RED OBJECTIVE

Almost all observers here believe that the North Vietnamese are not out for a headline-grabbing, lightning attack that might be followed by expulsion from the former imperial capital days later. This time they appear to want to make their success permanent and will attack only when they are truly ready.

It now appears that the objective is much more than the city of Hue. Hanoi's forces seem to be planning a coordinated offensive, hitting simultaneously at rural districts north and south of Hue, the urban area of the city itself and the U.S. and South Vietnamese military installations at Phu Bai Airport seven miles to the south.

If this action should succeed, it would give the Communist command virtually all of South Vietnam north of Da Nang.

Only U.S. air power and long-range Vietnamese artillery raids are interrupting the enemy effort to line up for the attack. Firepower is seen as a delaying weapon at best, buying time for the new commander of the 1st Military Region, Lt. Gen. Ngo Quang Truong, to prepare his defenses.

### BIG THING

The North Vietnamese have gone out of their way to avoid minor skirmishes. They seem set on the big attack.

It is a surprise to discover each morning that the Highway 1 lifeline, that leads north to the new front line at My Chanh and south to Da Nang, is still open.

Not much is known yet about the number of North Vietnamese soldiers preparing for the Hue campaign. One estimate says the total enemy force is 30,000 men.

Defending forces include some of South Vietnam's best troops—most of the marines, some airborne, the full 1st Infantry Division—plus a newly organized home "Division of Iron" and what's left of the 3rd Infantry Division after the debacle in the north.

### FRESH SANDBAGS

The new corps commander's flair for detail is already visible. New bunkers topped with fresh sandbags adorn the old Forbidden City within the citadel where Vietnam's emperors once reigned.

Everywhere, history mingles with the battle preparations.

Machine guns poke from the multi-tiered pavilions of the Summer Palace. American advisers to one division have been bedded down in the palace quarters once reserved for the emperor's favorite concubines.

The Forbidden City, an early 19th century imitation of Peking's Imperial City, barely survived the fighting of the 1968 Tet Offensive. Another major battle will probably complete the destruction of this historic site symbolizing the essence of precolonial Viet Nam.

### UGLY SCAR

The road from the city to the Valley of the Tombs along the Perfume River is churned up by the tracks of huge 175mm guns that speed out on artillery raids against Communist troops in the A Shau Valley.

Fire Base Boyd, an ugly scar on a hilltop bristling with how-

itzers, overlooks one of Vietnam's most serenely romantic spots, the 150-year-old tomb and landscaped garden of Emperor Ming Nang.

When there are no snipers around, South Vietnamese and American officers like to retreat briefly into this other world of heavily scented lotus ponds under vaulted bridges linking delicately structured pavilions.

### CITY WAITS

The heart of Hue's defense—and the headquarters of the northern region—is located within the thick walls of the Citadel, a formidable fort which French army engineers designed 150 years ago for the defense of the emperors.

## He's Happy

Dear Abby

Abigail Van Buren

DEAR ABBY: Since my husband retired nearly a year ago, he has started one project after another; but he hasn't finished any of them.

First, he thought it would be nice if we had a vegetable garden, so he dug up the backyard and bought all kinds of seeds; however, he never got around to planting anything. (You can imagine what our backyard looks like!)

Then he decided we needed a patio, so he bought a truck-load of sand and a load of bricks. It's been three months, and the bricks and sand are still piled on our back porch, and he hasn't started to "build" anything yet.

Now he is gathering equipment for a woodwork shop in our basement! Abby, he is such a dear man who has really earned his retirement, but all

he does is read "How To" books and whistle as he takes off for the hardware store to do some more shopping.

I hate to nag him, but what can I do? GOING CRAZY

DEAR GOING: Look at it this way: you have a cow pasture for a backyard, a pile of bricks and sand on your back porch, and a collection of woodwork equipment in your basement. But you have a husband who is alive, retired, and happy as a lark. If the unfinished projects annoy you, either quietly hire to have them finished, or whistle as you walk around them.

DEAR ABBY: I hope LOW-SLUNG IN BROOKLYN got a lift from your letter telling her that plastic surgeons can actually lift a person's behind. I know I did.

And while we are in that general area, I wonder if your readers know that there are false fannies on the market for women who are flat in back? I should know; I've been wearing one for years.

If you use my letter please don't use my real name. Make up one.

MRS. X DEAR MRS. X: How about "SITTING PRETTY?" Or "MRS. BUTTINSKY?" (Sorry, but you really backed into that one.)

DEAR ABBY: Even 2,000 horticulturists can be wrong if they tell you that begonias can be grown only in moist, tropical climates.

We grow huge, lovely begonias in Anchorage, Alaska. And I mean out of doors in the summer. Because of our long daylight hours and the absence of intense heat, our begonias are probably the most beautiful grown anywhere in the world.

MRS. L.A. IN ANCHORAGE

DEAR MRS. L.A.: Many others who read me in the Anchorage Times wrote to tell about their gorgeous begonias. But more surprising was a letter from Dorothy Pearson advising me that HER begonias were blooming profusely in hot, dry Concordia, Kan.!

DEAR ABBY: Several months ago I went to visit a nephew who lives in another city. While there, I attended church with him. When the collection plate was passed, my nephew took a \$5 bill from his wallet, placed it on the collection plate, then took two \$1 bills from the collection plate and placed them in his wallet! I was shocked.

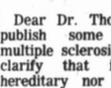

Abby, I had never seen anyone "make change" from a collection plate before. Is this proper?

SHOCKED DEAR SHOCKED: Why not? Far better to put in five and take out two than to put in nothing because he had only a fiver, which may have been beyond his budget.

Problems? Trust Abby. For a personal reply, write to ABBY, Box 69700, Los Angeles, Calif. 90069 and enclose a stamped, addressed envelope.

## Multiple Sclerosis

Your Good Health  
Dr. G. C. Thosteson

Dear Dr. Thosteson: Please publish some facts about multiple sclerosis, especially to clarify that it is neither hereditary nor contagious — Mrs. F.M.

I'm glad to comply with your specific request. Multiple sclerosis is not contagious. You don't catch it from anyone else.

And it is not hereditary. Long study of the disease gives no evidence that it is inherited.

There is absolutely no reason to be afraid of a person who has MS. But you can and should have sympathy for him.

The disease affects the sheath which covers nerve trunks. The material of which the sheath is composed, myelin, is lost. This is a patchy situation, and the place (or places) where the loss of myelin occurs has a great deal to do, naturally, with the manner in which the patient is affected.

Some of the symptoms — I list only some, because there can be so many — include: periods of numbness or tingling; visual difficulties such as blurring, double vision, temporary episodes of blindness; slurred speech; involuntary eye movements; poor coordination; muscle weakness.

Not all of these symptoms need be present. And there can be others I haven't mentioned. Diagnosis of the disease, because there is no simple, specific test for it, seldom is made when the disease first begins. It requires elimination of other possible causes for the various symptoms.

No specific cause has been ascertained. Many have been suspected and discarded. But without knowing a cause, we

have no specific treatment. It becomes a matter of alleviating, to what extent we can, some of the troubles resulting from it. Avoiding excessive fatigue or injuries and preventing or quickly subduing infections are part of the task.

For whatever unknown reasons, the disease is most likely to attack adults in the prime of life (age 20 to 40), but apparently more often cool, damp climates, seldom in hot. (That does not mean that moving to a hot area will cure the disease, though.)

Occasionally MS comes on suddenly, but more often it creeps up insidiously. It usually progresses slowly, too, with unaccountable ups and downs. Often a patient has periods of feeling quite well, and without symptoms. But usually there is a return of the symptoms, and gradually more severe. (There are reports, however, of remissions — that is, periods when the disease seems to have halted — lasting for years.)

Should a dependable treatment for MS be discovered, you won't have to look for news of it in this column; it will be news of worldwide importance, since neither sex nor race appears to have any effect on who gets it and who does not.

Research and information on MS are sponsored by the National Multiple Sclerosis Society, 257 Park Avenue South, New York, N.Y. 10010, and all interested in the disease will do well to get in touch with that organization. There are local branches in many cities.

(In Canada, it is the Multiple Sclerosis Society of Canada, 76 Avenue Road, Toronto 5, Ont.)

## Horoscope Forecast

TOMORROW

—CARROL RIGHTER

GENERAL TENDENCIES: The morning brings some useful work or a surprise if you have to make changes and plot your day anew because of unexpected conditions that arise. The afternoon and evening are good for entertainment or romantic adventures depending upon whether or not you are objective and not overreactive.

ARIES (March 21 to April 19) Handle vital matters of home but don't get upset because a family tie is a good mood, since this soon will change. Try to establish more harmony there and tonight you can entertain.

TAURUS (April 20 to May 20) If you keep appointments on time and complete routine duties, you make this a profitable and satisfying day. Read your mail well and fine opportunities to advance are possible. Retox tonight!

GEMINI (May 21 to June 21) Plan how to add to present income in the morning and then take the bait steps in the afternoon. Economy measures can be taken later. Be sure you have ample working capital.

MOON CHILDREN (June 22 to July 21) Good day to dress charmingly and then be off to social activity that brings advancement easily. Know what it is you most want to do and do it or offer it wisely. Don't be impulsive.

LEO (July 22 to Aug. 21) An ideal day to plan the future. Keep out of the limelight for now. Then contact advisers and listen to their fine suggestions. Avoid one who has an eye on your assets.

VIRGO (Aug. 22 to Sept. 22) Forget dull routine in the morning and visit good pals who are progressive and have fine ideas for your advancement. Now is the time to do something constructive about personal aims.

LIBRA (Sept. 23 to Oct. 23) Concentrate on business affairs in the morning. Start with the annoying ones and then you can enjoy doing the rest. A higher-up can help improve your income. Take advantage of it.

SCORPIO (Oct. 24 to Nov. 21) You have a new interest that requires study of facts and figures. If you want it to be a successful enterprise, obtain the data via telephone. Show that you are engaged with patience.

SAGITTARIUS (Nov. 22 to Dec. 21) Don't waste time while handling important business matters in the morning. Showing more affection is not only wise but right. Added business can come from this quickly.

CAPRICORN (Dec. 22 to Jan. 20) You can now come to a far better understanding with associates in every category of your life and increase happiness. Outside pressure can be handled quickly and well now.

AQUARIUS (Jan. 21 to Feb. 19) The morning starts slowly, but later fine favors come your way which should be accepted. Don't get bogged down with too many details. Put that creative idea to work as early as you can.

PISCES (Feb. 20 to March 20) Good day to let us loose and feel again a feeling of security. Put aside any anxieties that may suddenly appear. Then have fun with congenials. Show that you have wisdom.

**Gigi The Whale Free, At Last**  
SAN DIEGO, Calif. (AP) — Gigi the gray whale, kept in captivity for a year and then monitored by scientists after her release, is totally free at last. Her trackers haven't heard from the big mammal since April 11.  
Scientists believe Gigi is heading north with her fellow gray whales on their annual migration from Baja California to the Bering Sea.  
Gigi was equipped with a radio backpack when she was turned loose off San Diego March 13.
