

## SENATE RACE

### Briscoe Asks For Bodyguards

Dolph Briscoe has asked the state police for bodyguards during the stretch drive of his June 3 runoff for governor against Rep. Frances Farenthold.

A spokesman for the Department of Public Safety in Austin said Saturday details of the special security forces would be kept secret. He said he did not know why Briscoe asked for the extra protection, which is available to any candidate who asks.

Mrs. Farenthold has put three of her four children, including two teen-agers, to work and scheduled a May 23 fund-raising party in Austin in her bid for the Democratic nomination.

Dudley Farenthold, 20, was in Beaumont and Port Arthur on his mother's behalf all week; George Farenthold, 19, campaigned in Houston; and Emily Farenthold, 17, toured nine counties — Waller, Wharton, Austin, Washington, Lee Lavaca Fayette, Grimes, Brazos and Burleson — in a car caravan.

#### 10,000 NAMES

Jimmy, 16, is in school in Austin. Austin lawyer Fagan Dickson, a longtime liberal supporter, and 20 others are having the \$7.50 person fund-raising affair for Mrs. Farenthold at Dickson's home.

In East Texas, Mrs. Farenthold promised to take nominations for appointed jobs from the public instead of her lists of financial contributors.

Briscoe stressed law enforcement in a speech to the Texas District and County Attorneys Association at San Antonio. He commended the association for its efforts to secure a law to make it a capital offense for any attempt to kill a law officer.

Meanwhile, a spokesman for the Raza Unida Party said the party had obtained about 10,000 of the 22,358 signatures needed on a petition to get on the November general election ballot.

Its candidate for governor, Ramsey Muniz, is campaigning in Lubbock, Crosby, Garza, Terry, Lynn and Castro counties, the spokesman said.

#### 536 VOTES SHY

In the Democratic race for U.S. Senate, Ralph Yarborough said he had decided not to file suit to gain the 536 votes he needed to avoid a runoff against Barefoot Sanders. He predicted a "hands-down" victory June 3.

Sanders said in Dallas Yarborough has never "explained why he failed to vote on the organized crime bill in 1970, or why he failed to vote on comprehensive drug abuse legislation that same year. It seems to me that he is just not interested in law enforcement problems."

In the Democratic lieutenant governor's race, Sen. Wayne Connally said America needs men like Alabama Gov. George Wallace — "men who will face the issues."

Referring to the shooting of Wallace, Connally said, "I'm afraid that we are paying for the permissiveness of the past few years. I'm not just talking about law enforcement. I'm talking about the homes, the schools and the public forum."

### Shot Seven Times

LUFKIN, Tex. (AP) — Charles Hammack, 33, of Nacogdoches was found shot to death Saturday morning, his body lying face up in a ditch about three miles north of Lufkin on Farm Road 268.

Officers said the man had been shot seven times, apparently with two different weapons, one a .22 and the other a .38 caliber gun.

Reviewing the . . .

## Big Spring Week

. . . with Joe Pickle

The folks at Webb AFB had a great expression of feeling from the area Saturday when thousands upon thousands thronged the downtown area to see the base personnel on parade. Cars were parked as far south as Eighth Street as people moved in to get a chance to witness approximately 3,000 from the base march over the 13-block route. Logistics of moving that many people was something — the first troops had to be moved out at 6:30 a.m.

The next big event comes up Friday evening when the Big Spring Steer football team has its inter-squad game marking the end of spring practice. Coaches are encouraged over prospects, and this should be an exciting game. In addition, the Quarterback Club urgently needs your support at the gate.

The week was packed with various projects, current and potential. The biggest was wrapped up in the Howard County Hospital Authority, which was created by the commissioners court after a vigorous public hearing Monday. This was immediately contested in a law suit, as to constitutionality, on the grounds tax exemption would be improper. At the end of the week, however, the board gave notice of intention to issue \$1,700,000 in revenue bonds. Proceeds would go with a million dollar Hill-Burton grant and \$150,000 in private gifts to finance a proposed \$2.5 million hospital expansion.

(See THE WEEK, Page 8-A, Col. 1)

## BREMER HIT BY EMOTIONAL JOLTS

# The Wallace Shooting

MILWAUKEE (AP) — Hammered late last year by a succession of emotional jolts, Arthur Herman Bremer embarked on a young man's journey in search of himself. At trail's end, he found George Corley Wallace.

#### MAKE MY WAY

"Momma, I'm going out and make my way," Bremer is quoted as saying last October.

Last Monday, he found his way to a Laurel, Md., shopping center. There, according to

state and federal charges, he crippled the Alabama governor with a burst of bullets from a .38-caliber revolver.

The furious gunfire at an election eve rally for the Democratic presidential contender was the climax of seven traumatic months for Bremer — quiet, lonely and withdrawn to his family, neighbors and hometown Milwaukee acquaintances; cheering, clapping and colorfully dressed to those who recall him turning up at Wallace

campaign stops.

The emotional blows and his reactions were in rapid sequence:

—October: Bremer, 21, broke with his family, moving to a midtown apartment a scant two and one-half blocks from the motel where Wallace later would establish his Wisconsin primary headquarters.

#### FIRST ARREST

—November: Bremer was arrested for the first time, charged with carrying a revol-

er concealed in his coat. He was fined \$38.50 for disorderly conduct. The gun was taken away.

—December: Joan Pemrich, then 15, Bremer's first and only girl friend, brushed him off after Christmas, saying she didn't like him and didn't want to see him again. Downcast, he shaved his blond head, hoping to regain her attention with this act of contrition, or so he told a fellow worker. She only

laughed. He quit technical college.

#### WALKED AWAY

—January: Without a word of explanation, he walked away from his part-time job as a school janitor.

—February: After accusing his employer of discrimination, he quit another part-time job, busboy at the Milwaukee Athletic Club.

For a while, he became a virtual recluse in his apartment, scribbling doggeral and thought fragments in an apparent effort at self analysis.

One jotting found in his apartment: "Happiness is hearing George Wallace sing the national anthem, or having him arrested for a hit and run accident."

#### ANGRY SHOUTS

When his mother visited the apartment building, Bremer turned her away at the door with angry shouts.

Then, in March, he appeared at Wallace headquarters, first apparent stop on intermittent travels along the governor's campaign trail.

With Bremer eventually would be the \$80 revolver he bought at Casanova's gun shop, advertising the "largest selection of guns in Wisconsin." He obtained the revolver Jan. 13, the day Wallace announced his candidacy for the Democratic presidential nomination.

Wallace campaign workers recall seeing Bremer loitering around headquarters at the Holiday Inn, at an organizing meeting for Wisconsin volunteers March 2, at a \$35-a-plate testimonial dinner for the gov-

ernor in Milwaukee March 20 and finally at an election night celebration April 4.

After the shooting, Bremer was recalled as being at other locations. April 7, for example, at New York's Waldorf Astoria Hotel. Or April 15, arrested for speeding near Binghamton, N.Y.

May 11, spotted at a Wallace rally in Landover, Md., like Laurel a suburb of Washington. May 13, Kalamazoo, Mich., where police picked him up briefly for loitering near a site where a Wallace rally was planned.

#### HIS FACE

Mostly, he was remembered because he wore red, white and blue clothes. But "it was his face," Gerald Fouke of Annapolis, Md., recalled from the Landover rally.

"He just stood there with a grin on his face—a half-smirking grin," said Mrs. John Blecker of the Kalamazoo rally.

Two days later, he was back in Maryland, seen first at a rally in Wheaton, then arrested in the afternoon after the Laurel shooting.

At all these campaign stops, Bremer was described as a man who drew attention to himself—with colorful clothing, with loud cheers and prolonged clapping for Wallace, with constant pushing to the front of crowds.

This picture of Bremer as extrovert is not the man remembered from most of his days in Milwaukee.

Grade and high school teachers had difficulty recalling him because, they said, he was so nondescript. Students mentioned only his occasional mumblings to himself: "HI, BABE"

Bremer's overt eccentricities emerged only late last year—apparently paralleling his emotional upheavals.

There was the head-shaving incident and complaints from members of the athletic club where Bremer worked as a busboy. His idiosyncrasies, including marching in time and whistling in tune with the music that was played in the dining room, disturbed them.

In Milwaukee, people said Bremer rarely returned their hellos. But Mrs. Janet Petrone, a Wallace volunteer in Maryland, said he greeted her airily at their second meeting this way: "Hi, babe. How are things going?"

Mrs. Alfred J. Pemrich, Joan's mother, said Bremer's habits were odd at year's end: "He would walk up behind you and make strange noises, dance with a mop or carry on a conversation with himself. I think he was trying to let everyone know he was there."

Fred E. Blue Jr., a minister-conciliator for the Milwaukee Commission on Community Relations, said Bremer had feelings of persecution in November after he was transferred from one dining room to another in his job as busboy. Blue interviewed him twice after he filed a complaint of discrimination with the commission.

## 'IT'S UNBELIEVABLE' Two Tots In Wheelchairs Pushed From Boat Dock

HOUSTON (AP) — Police at nearby Seabrook charged a 36-year old man with murder and assault to murder Saturday, accusing him of pushing two small children in wheelchairs off the edge of a boat dock.

One of the children drowned. The other was rescued.

Charged is George Parker Geistwhite II who was arrested on the dock.

Deaf is Tracy Gene Squires, 11. His body was pulled from eight feet of water at the edge of the Seabrook Shipyard late Friday, still bound by the seat-belt of his wheelchair.

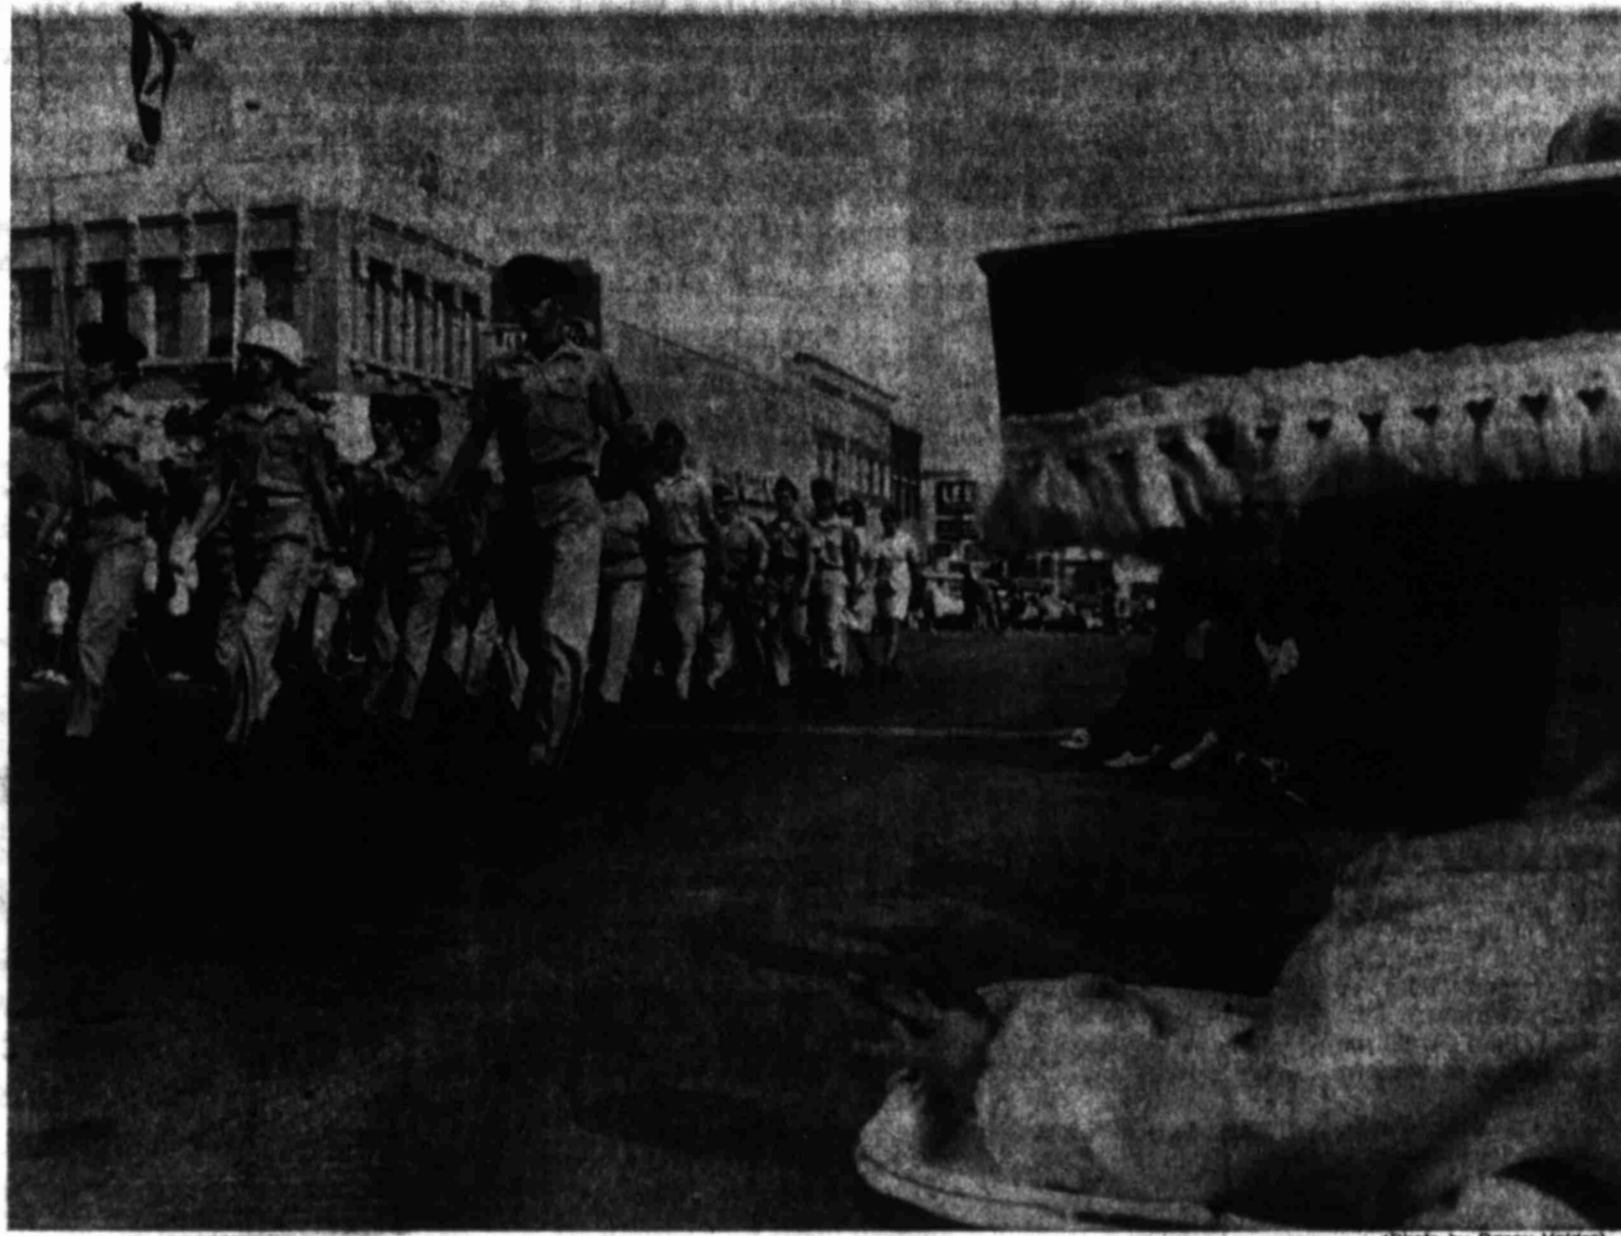

His brother, James Douglas Squires, 9, probably was saved because his seat belt was not fastened, police said. The younger boy was rescued by his father and two older brothers. They were on the family boat nearby and jumped into the water when they heard the splash of the wheelchairs and the children's screams.

Seabrook Police Chief Joe Huntley said both children suffered from muscular dystrophy. He said he and Seabrook officers spent the night and morning gathering details of the incident.

He said the children's father, James L. Squires, set up fishing rods for the pair at the edge of a boat shed stall. Squires and his older sons, Larry 16, and Michael 14, boarded the family boat in another stall.

Huntley said several persons on the dock saw the wheelchairs shoved into the water. The other three family members jumped into the water. They found the nine-year-old and revived him.

Huntley said Geistwhite offered no resistance when arrested. Huntley said Geistwhite gave no reason for the alleged action. "It's unbelievable," Huntley said.

OH, I LOVE A PARADE  
Craig Bickhavs, son of Capt. and Mrs. Bruce Bickhavs, watches his daddy in Armed Forces Day parade

## Largest Military Parade Ever Held In Big Spring

By STEVE HULTMAN

Big Spring turned out Saturday for the biggest military parade ever held here, commemorating the 30th anniversary of the air base and the 25th anniversary of the Air Force this Armed Forces Day.

Thousands of people lined the streets, especially on Main near the courthouse and reviewing stand. The spectators saw more

than 2,000 Webb AFB personnel as well as other units pass in review for Col. Malcolm Ryan, Webb commander, and other dignitaries.

#### BLARING SIREN

The parade began with the blaring siren of a motorcycle policeman clearing the way for Ms. Anniversary, Mrs. Timothy E. Danforth, wife of Capt. Danforth, 2101 Cecilia, and the

runner-up, Mrs. Willis Rice, wife of 2nd Lt. Rice, 2809 Navajo.

Col. Ryan and his staff and Col. Ronald Catton and his staff led the military forces as far as the reviewing stand before turning off to watch the troops pass in review.

The reviewing stand had numerous dignitaries on hand to witness the parade.

On the stand were Brig. Gen. Gus Taute, chief of staff for the Air Training Command; Mayor Wade Choate; Dr. Carl Marcum, chairman of the Base-Community Council; R. H. Weaver, Chamber of Commerce president; Jimmy Taylor, president of the First National Bank; Mrs. Truitt Thomas, president of the Gold Star Mothers.

Also Sgt. John E. Howard III, who was re-enlisted Saturday before the parade by Gen. Taute; Lt. Col. Bernard Westernman, USAF Ret., Midland, who was a member of the first cadet class at the Big Spring Bombardier School in 1942; and Mrs. Smith Swords, whose husband, Lt. Col. Swords III, is missing in action over Vietnam.

**GOLD STAR MOTHERS**  
Veterans of all former wars, together with the Gold Star Mothers, were seated just south of the reviewing stand. The members of Graduating Class 72-08 were to the north of the stand.

Following Col. Ryan were the Webb Color Guard and the Lackland Drum and Bugle Corps, playing a spirited collection of marches. Next were Col. Harold Shultz, base commander, and his staff, with two Air Base units close behind.

The crowd cheered and applauded as each unit passed by, and stood for the flag as the

## Nixon Receives Mixed Reception In Austria

SALZBURG, Austria (AP) — President Nixon stopped in this Alpine resort city Saturday night for 36 hours of rest and preparation for his summit meeting with Soviet leaders in Moscow. The presidential jet, the Spirit of '76, will take him to the Soviet capital Monday morning.

Nixon's plane landed about an hour after steel-helmeted police with clubs drove an estimated 200 leftist demonstrators from the airport landing area.

As the President left the plane and approached a cordon of smock-coated Salzburg riflemen, police pushed and carried another clump of demonstrators from in front of the airport terminal about 50 yards from Nixon.

Nixon did not appear to notice. He and Mrs. Nixon accepted bouquets of flowers from Austrian children, then stepped toward their black limousine.

Before taking off on the Spirit of '76 for the eight-hour flight to Salzburg, Nixon said his mission in the Soviet Union would be a search for "a world of

peace, a world of progress for all."

The trip began three months after the President's historic visit to Communist China.

Austrian Chancellor Bruno Kreisky is host to President and Mrs. Nixon during their stay in this rail, industrial and tourist center overlooked by a medieval fortress.

Kreisky's son, Dr. Peter Kreisky, 28, was among Austrians who planned anti-Nixon demonstrations to coincide with the President's visit. The chancellor commented before Nixon's arrival: "We disagree, but I think my son is old enough to have his own views."

The President and Mrs. Nixon and their official party were welcomed by Kreisky and other Austrian officials as a local band played martial music.

Before entering his car, the President paused with the chancellor to face a bank of photographers and then to wave at a crowd of several hundred standing nearby.

**BUSINESS BROWSINGS**

**'War Bride' In Love**

By MYRNA MCFADIN  
Land is being cleared on FM 700, next to the House of Suzuki, for Jack Hopper Auto Sales, Inc. Clearing should be finished the first part of the week.

Jack Hopper has been in business with his brother, Jimmy, for the past five years. Prior to that, he was employed by Pollard Chevrolet. Now he has gone out on his own, with both establishments.

Said Hopper, "This is going to be a late model used car lot, specializing in sports cars. I intend to keep 15-20 near new cars on the lot at all times." He plans to handle Corvettes, Datsun 240-Z models, Triumphs and MG's.

**MOTORCYCLE SALES**  
Hopper has been in business at House of Suzuki for two months. In that time he has sold 150 new motorcycles. He keeps around 150 in stock. There are 12 models, from 50

cc to 750 cc. This includes a complete line of street bikes and race bikes.

The House of Suzuki also carries a full line of accessories for Suzukis and other types.

"We carry three complete lines of helmets and have a complete service department with two full-time mechanics and two part-time mechanics. They service all makes and models," Hopper said. Other brands include Ferring windshields and saddle bags.

Mickie Stewart, owner of Mickie's Interior Decorating, came to Big Spring from Lubbock in 1952; and she wouldn't leave for all the money in the world.

Mickie Stewart was born and raised in a suburb of Paris, France.

"I was a war bride," she said. "I married a hillbilly, and my conservative parents felt

disgraced. I was what you might call a 'black sheep' to my countrymen. I was very happy when we came to America.

"That was until I arrived here. My first night in America was spent sleeping on the ground in Colorado City, Tex. I was terribly disillusioned."

**'NEVER CAME BACK'**  
"My father was a baker, and I had always lived in a nice apartment. But my folks had told me, 'If you marry, leave here and never come back.' I had to make do in my new surroundings the best I could."

Her folks later changed their minds and came to America themselves for five-and-a-half years. "They were never happy here," she said. "Everything is done on a schedule in France, and they couldn't adjust to America's free way of living."

Mickie Stewart can do anything. She makes draperies, upholsters furniture, does building and repair work. "I've built everything in this building. I'm not much of a cook, but I can work on cars, motorcycles, weld and pour concrete."

**HATES CHICKEN-WIRE**  
She built a 14-foot runabout boat, a house trailer (complete with wiring, has re-roofed her home and has even stuccoed her lake house. "If I ever see another piece of chicken wire I'll scream," she said. "That took me eight months."

She is an interior decorator. "This is my living — anything that goes in a home," she added.

Mickie Stewart loves Big Spring. "I wouldn't go back to France if anyone gave me a free ticket," she said. "I've had many opportunities to return as an interpreter, but wouldn't go. Big Spring is my home! I'm more of a Texan (in her strong accent) than French."

**MICKIE STEWART**  
More Texan than French

Big Spring Western World is a new business in an old location. Previously Town and Country Western Wear, Big Spring Western World is owned by Western Sales out of Yoakum, Tex.

Charlie Crownover is manager of the store. Said Crownover, "We're making many changes in the store. For one thing, we will be handling one of the largest lines of leather goods between Fort Worth and El Paso. We'll be carrying a full line of western wear in all sizes."

Crownover, his wife, Paula, and son moved to Big Spring last weekend from Lubbock. He was formerly employed by Phillips 66 Fertilizer. The store is open 9 a.m. to 6 p.m. Monday through Saturday.

For authentic Mexican food, many people in this area visit Carlos Restaurant.

Through the efforts of David and Lola Gomez, owners and managers, true Mexican dishes are served. They have achieved an interesting decor.

Contrary to the belief that Mexican food is very hot, Mr. and Mrs. Gomez serve the hot sauce and green peppers at the side so you may enjoy your food the way you like it.

Carlos Restaurant also serves steaks and pizza, along with domestic and imported wines. They specialize in friendly service.

Sears, Roebuck and Company's net income for the first quarter of this year was up 14.6 per cent from a year ago, shareholders were told at their recent annual meeting.

Net income was a record \$95,263,000, or 61 cents per share against last year's \$83,109,000, or 54 cents per share.

Net sales for the three months ended April 30 increased 10.7 per cent to a record \$2,102,490, in 1971, a previous high.

Gordon Metcalf, chairman, described the remainder of 1972 as looking "especially promising."

La Posada Restaurant is enlarging their parking lot to accommodate 40 additional cars.

Said Leo Gonzales, owner, "We're always doing something. We have different remodeling programs going all the time. I've had the land for a good while, and decided it was time to add some parking space.

"The lot isn't paved yet, but it should be finished within two weeks." The space is adjacent to their present parking area.

Neel's Transfer and Storage, Inc., has been named a "Top Quality" North American Van Lines agency. This was announced by Richard K. Smith, director of the company's control-customer service.

Neel's received the honor from among several hundred agencies in this section of the country on the basis of outstanding performance in packing, storage, hauling and making destination agent calls on incoming customers.

They will receive substantial merchandise awards for the recognition, along with a plaque designating the high honor.

Neel's Transfer and Storage was founded by Joe B. Neel in 1911. They have been associated with North American Van Lines for 23 years. Mr. and Mrs. T. Willard Neel are owners.

**Authority Officers Take Steps Toward Hospital**

Howard County Hospital Authority directors formally organized Friday and took the first step toward what they hope will be a new hospital plant.

They adopted a resolution of intent to issue revenue bonds in the amount of \$1,700,000 to help finance an expansion program. Proceeds would be put with a million-dollar Hill-Burton grant pledged to the project, and with \$150,000 in other private pledges.

The board also named Municipal Bond Associates of Dallas as the fiscal agent, and Dumas, Huguenin, Boothman and Morrow, Dallas, as attorneys to prepare the indenture and bonds if issued.

Elected president of the board was K. H. McGibbon, and other officers named were Clyde Angel, vice president; Truman Jones, secretary; Joe Pickle, treasurer. Mrs. Jerry Hammer was named assistant secretary

and R. L. Roberson was named assistant treasurer. The board also adopted a seal, by laws and fixed the conference room of Medical Center Memorial Hospital as the regular meeting place.

Notices of the intention to issue bonds have been ordered posted by the board, and unless a referendum is petitioned for by 10 per cent of qualified voters within 14 days, the board plans to proceed with the issuance of the revenue bonds and the indenture.

A suit challenging constitutionality of the authority, created by the Howard County Commissioners Court last Monday, has been filed in 118th District Court by Ray Thomas, but no date of hearing has been set on this. Next date for a regular board meeting for the authority is June 5, and one of the items on the agenda will be naming a depository.

# Business Shows Upswing, Local Survey Reveals

Every phase of retail business in the city is apparently experiencing increased sales and a general upturn in business this year, according to a survey made by The Herald this week on a cross section of business establishments in the city.

This year's first quarter resulted in increased volume of business for retailers, who say they are undergoing the most successful year ever in Big Spring.

Some of the retailers questioned indicated their establishment's volume of business had increased 30 and 50 per cent over the comparable period last year and according to the same retailers, last year was one of the finest business years they had experienced.

In fact, Big Spring and Howard County has a large cotton economy and cotton was late this year, causing a great deal of the cotton growers to wait beyond the usual time each year that they receive their crop money.

And although cotton is a large business industry in this area, there are industrial entities which help sustain the economy of the city. Many of the retailers credit the vigor the economy has shown to the increase in the industrial plants in the area.

In automobile retailing, Bill Pollard, owner of Pollard Chevrolet, was optimistic over the first quarter and the possibilities the second quarter this year might hold.

"We had a real big first quarter last year, because the GM strike was the last quarter of 1970. This year we are just about where we were last year, which is good," said Pollard.

Pollard attributed the good business surge to the better outlook of economy in Big Spring this year. Pollard also said the rain will have a big effect on his second quarter sales. Whether it rains or not could be a determining factor as far as his truck sales go.

**UP 25 PER CENT**

New car sales at Bob Brock Ford are up 25 per cent and new truck sales 22 per cent at the end of March, over the same month in 1971. Used car sales are up approximately 10 to 50 per cent over last year, according to Brock.

"Car sales should rise every year because of the natural increase of population. Every year so many thousands come of age to drive, and we don't lose that many drivers off the top," Brock added.

In the retail clothing, the picture is equally as bright, if not brighter.

"I think Big Spring's economy is consistently always good. One reason is because of the keen competition in the city between clothing businesses and the constantly good merchandising practices employed by the clothing retailers," said George Weeks of Gibbs & Weeks.

Weeks also revealed his store's business is up this year and was anticipating a good second quarter. "We have a lot of people living here that do

not trade out of town, which has something to do with the good business results," Weeks said.

"Our first quarter was the best quarter we have ever had, exceeding the first quarter of last year, which at that time was the most successful quarter," said Robert Hickson, Hemphill-Wells manager.

Aolph Swartz, owner-manager of Swartz Ladies' Wear Shop and The Junior Shop attributed the success to the payrolls from the new industries the city have recently drawn.

"These contribute to the local economy whether you realize or not, and more than that in certain areas," Swartz observed.

Over-all sales for both of his stores are up 12 per cent.

**RENOVATIONS HELP**

Managers of two large stores in the city, which are members of nation wide chains, credited the success currently experienced by their stores to new renovations.

"The volume of business is up over the first quarter sales last year. Over-all we attribute this to the fact we are a larger store now, with the new additions constructed last year," the assistant manager of TG&Y said last week.

"Our sales have more than doubled. I think it is because of our new location. Business is up 50 per cent for the chain," said Lane Hinton, manager of White's Stores, Inc.

Big Spring Hardware manager, Richard Atkins, also had a different view on the

**LATE COTTON**

From the nine businesses questioned, many reasons were cited for the increase in volume, retail and profits. Some said a late cotton harvest played the major role in the successful season so far.

**INTERVIEWED** — Rebecca Joy Fowler, who recently finished high school at Coahoma, is interested in pursuing a career with the Federal Bureau of Investigation and was recently interviewed for a job with that organization. She maintained a B average throughout high school and had the unique distinction of never having missed a day of classes in 12 years of schooling, the first nine of which were at Sands. She is the daughter of Mr. and Mrs. H. C. Fowler, Rt. 1.

**Eartha Bounced From Bumper**

**DURBAN, South Africa (AP)** — Eartha Kitt, the black singer who is staying at a plush hotel normally reserved for whites, says she was ousted from a seaside amusement park bumper car by an Indian attendant because she was nonwhite.

"I didn't know whether to laugh or cry," Miss Kitt said Friday.

"It's so funny. Here we sit in our luxurious hotel drinking champagne and dining on caviar and then we go down there and get rejected," she added.

**DWI Trial Move Asked**

**AUSTIN, Tex. (AP)** — Lawyers for University of Texas regent Frank Erwin Jr. asked a judge Friday to move Erwin's DWI trial away from Austin.

Their motion, supported by 123 pages of excerpts from The Daily Texan, student newspaper at the university, says Erwin cannot get a fair trial here because of prejudice created by the news media, principally the Texan and KVUE-TV.

Erwin's trial on a charge of driving while intoxicated was scheduled to start Monday in Judge Jerry Dellana's County Court-at-Law No. 1. Erwin was arrested Dec. 19 near the campus. He pleaded innocent.

The change of venue motion says that the Texan has published "extremely critical articles" on Erwin for the past five years because of philosophical differences between Erwin and the newspaper's editors.

The motion also states that Richard Goodman of KVUE has included numerous critical items about Erwin in his news program.

Accompanying the motion were affidavits from 49 prominent persons stating Erwin cannot receive a fair trial in Travis County.

# WESTERN ART SHOWING

In Our Lobby Tuesday, Wednesday And Thursday, May 23, 24 and 25

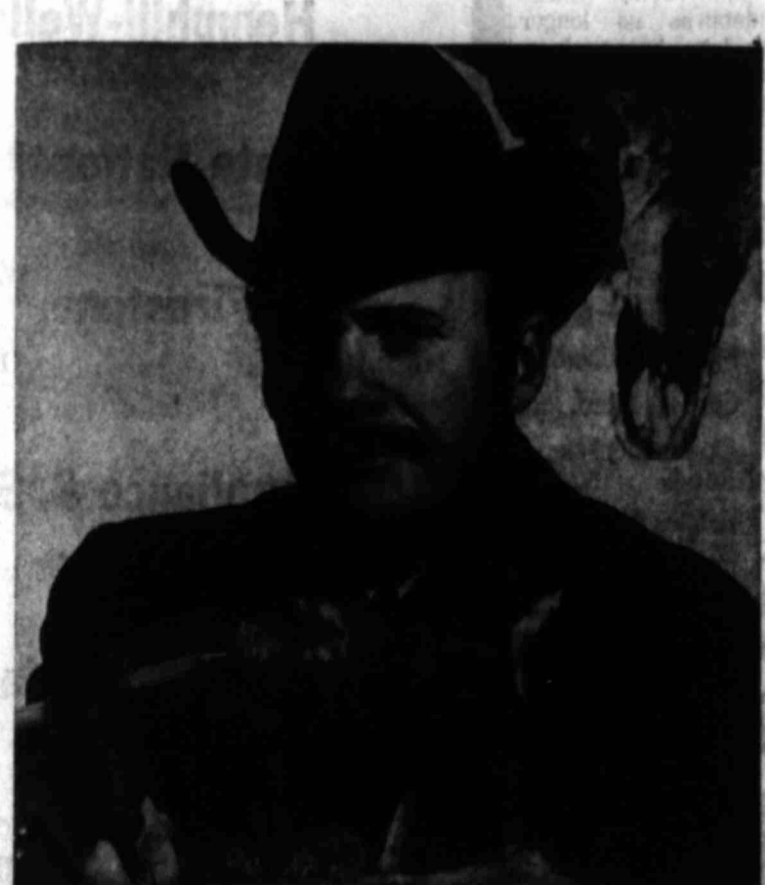

Jack White, an artist from Austin, Texas and Taos, New Mexico, paints in a new medium of "Echreuses" meaning literally "being done out of gold." His originals range from the old west to the contemporary. White is a self taught artist and was born in West Texas. Jack will appear in person in our lobby Wednesday, May 24.

Featuring The Works Of

## JACK WHITE

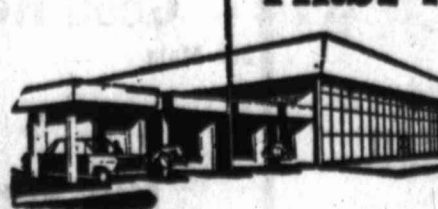

and

## JIM THOMAS

Jim Thomas, sculptor and painter, now lives in Amarillo, Texas. He has produced an art form that is historic at best, violent at worst . . . indomitable in the western spirit and beautiful in repose. His sculptures, cast in bronze, have appeared in private collections of President Johnson and many other notable people. Jim will appear in person in our lobby Tuesday and Thursday, May 23 and 25.

**FIRST NATIONAL BANK**

4th & Main • Big Spring  
Member F.D.I.C.

GLEN PERSON JR.

**Glen Person Jr., Jarvis Graduate**

Glen L. Person Jr., 21, son of Mr. and Mrs. Glen Person, 903 NW 4th, was graduated from Jarvis Christian College in Hawkins, Tex., Sunday.

Person completed his education with a BA degree in business administration and economics. He finished his classes Dec. 22, but waited for the year-end graduation ceremonies.

Person attended Big Spring High School, receiving his diploma in 1969. His parents and a brother attended the college graduation ceremonies.

At present he is residing in Fort Worth.

**Settlement Is Reached In Sharp Notes To Bank**

HOUSTON (AP) — A state district judge has ruled that Frank Sharp and the Sharpstown Realty Co. owed the Federal Deposit Insurance Corp. more than \$1 million each on past due notes with the Sharpstown State Bank.

The suits were filed Friday by the FDIC and were settled almost immediately when lawyers for both sides decided to waive trial by jury and agree on the amounts of the settlements.

Sharp, who headed the now defunct Sharpstown State Bank and also is president of Sharpstown Realty, was found to be owing the bank \$1,329,497 plus interest on six past due notes.

Judge Regan Cartwright found that Sharpstown Realty owed the bank \$1,066,539 on two notes made with the bank in mid 1970.

**Graduation Not Long-Hair Affair**

HOUSTON (AP) — Byron Sales, 21, was not present Saturday when his college classmates participated in graduation ceremonies at Houston Baptist College.

Sales has been denied permission to participate because his hair is too long.

Sales finished his course of study toward a bachelor of arts degree last December and has been working at a Houston bank since then. There is only one graduation ceremony a year at the college.

The hair policy at the college permits sideburns no longer than the ear lobe, hair no longer than the middle of the ear and not below the collar.

**AJRA Rodeo Will Open On May 31**

COLORADO CITY — The Western Riding Club and the Jaycees of Colorado City will sponsor an AJRA rodeo May 31, June 1-3.

Performances will be nightly at 8 o'clock in the club arena on West Highway 80 with an admission charge of \$1.75 and 75 cents. Red Whatley is the show producer.

**Roosevelt Son To Raise Horses**

LISBON (AP) — Elliott Roosevelt, 60-year-old son of President Franklin D. Roosevelt, is beginning a new career as a Portuguese horse breeder.

Roosevelt told airport newsmen on his arrival here Friday with his wife that he would live in Portugal and concentrate on raising a blend of Arabian horses for export to America.

**Wildcatters 'Hit' 7, 11**

AUSTIN, Tex. (AP) — Wildcatters made seven oil and 11 gas finds during the May 1-15 period, the Texas Railroad Commission reported.

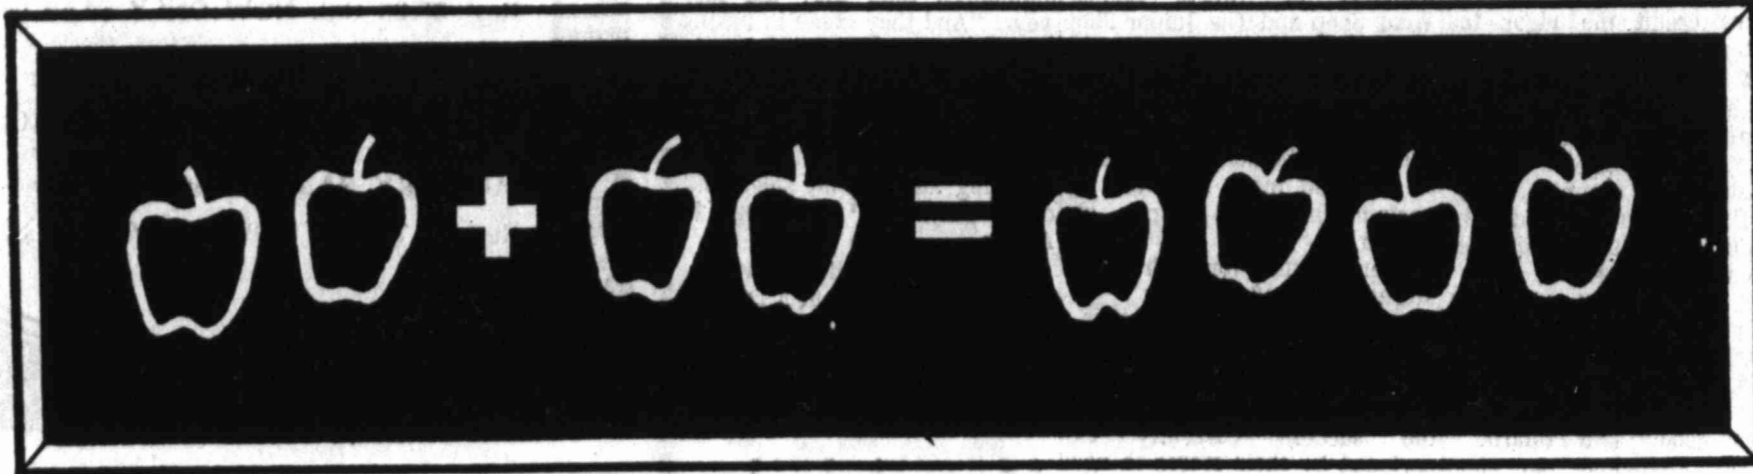

Three oil discoveries each were in the San Antonio No. 2 district, with one each in the San Antonio No. 1, Houston, Midland and Lubbock districts. The commission said the San Antonio No. 2 and Corpus Christi districts had three gas wildcats each, with two in the Houston district and one each in the San Antonio No. 1 and Midland districts.

A total of 229 oil wells were drilled during the 15-day period, bringing the year's completions to 1,908, well below the 2,105 logged by this time in 1971. Gas completions totaled 95,

raising the figure for the year to 674, compared with 710 a year ago. The commission said 530 wells were plugged, including 131 dry holes.

# Psychiatric Aide Award Honors Mrs. Jessie Click

Mrs. Jessie Click was cited as psychiatric aide of the year at the sixth annual employees award banquet at Big Spring State Hospital Friday evening. She was nominated for the outstanding honor by her co-workers and passed by a selection committee to represent the hospital. The Abilene chapter of the Texas Association for Mental Health posted the award.

MRS. JESSIE CLICK

Tenure pens went to scores of staff at the hospital, and Dr. Preston E. Harrison, superintendent, also made three special awards for outstanding lay service. They went to Rex Broughton, who was a rehabilitation technician at the alcoholic unit here, but who subsequently organized halfway homes for alcoholics in Midland and Abilene; Mrs. Donald Couvillion, who has led in psychodrama and served as an educational consultant; and Jack Thurman, Lubbock, who Dr. Harrison said has "implemented every program we requested" for rehabilitation of patients.

Five commendation awards for exemplary service went to Mrs. Lee Butler, Mrs. Lee Woods, Mrs. Bonnie Hailey, Mrs. Hollis Ford and Mrs. Lucille Harrison.

Mrs. Jessie Click has been employed at the Big Spring State Hospital since 1962 and works with the adolescent unit. "She has shown the ability to relate well to all the residents of that unit and to provide the needed love and warmth in spite of problems that arise; she has a deep sense of human values," said the citation. "She is respected and loved by all patients, employees and other

staff members. Girls on the adolescent unit made her "Sweetheart of the Day." Justin Wilson, famed for his Cajun stories as an after-dinner speaker, recording artist and radio and television star, delighted the crowd of upwards of 400 employees and friends of the hospital.

Wilson paused in his repertoire of Cajun dialect stories to declare himself a patriot proud of his nation, to say he believed in work, helping the needy, good law enforcement, politics ("get 'em at the polls"), laughter and

## Receive Angelo State Degrees

Two area students are among those earning degrees at the spring commencement ceremonies at Angelo State University.

David A. Roman, Knott, received his degree in bachelor of business administration, and Lora Lou Springer, Lenora, earned her bachelor of science degree.

an unbiased news media.

Dr. James Kriemeyer, clinical director, presided, and Woodrow Grant read the tenure citations, capped by a 20-year certificate to Mrs. Avis V. Moon. Chaplain Lee Butler read the memorials and worded the prayers, while Frank Wharton played the dinner music. Mrs. Dale Smith adorned the tables with Western motif decorations. The food service class at the hospital did the serving. Guests included Dr. and Mrs. Luther Ross, Kerrville State Hospital, and Dr. Fred Kraut, Monahans.

## Froehle Says Don't Blame Army

MILWAUKEE (AP) — The Vietnam war has been bad for the U.S. Army and the nation, Army Secretary Robert Froehle says.

"Make no mistake about it. Vietnam hurt the Army, and hurt it badly. Vietnam, right or wrong, hurt this country," the Wisconsin native told a meeting Friday of the Association of the United States Army.

"The military didn't get us involved in Southeast Asia," he added. "It was the civilian leadership who told us we should go in and pretty much determined how we should fight."

Froehle described as "very disturbing" a request by Carroll College President Robert Cramer, who asked him earlier this month to cancel at appearance at the nearby college because of threats of violence by antiwar demonstrators.

### What To Do

Your Good Health  
Dr. G. C. Thosteson

Dear Dr. Thosteson: A friend and I witnessed a teen-age girl having an epileptic seizure recently. The girl appeared to be swallowing her tongue, or trying to swallow it.

What is the correct procedure to aid such a person? I wanted to help but was afraid of doing the wrong thing. — Mrs. W.M.

Bless you for wanting to help. Too many people are frightened and don't think of helping.

There isn't too much to do — but there are some things. First, if the person is standing or sitting, help get him flat. First consideration is to keep him from injuring himself (herself) in the convulsions and thrashing around. Keep the person away from hot radiators, for example.

Open a tight collar, if there is one. As to the tongue, just keep the head turned to one side to prevent swallowing the tongue.

Once a seizure starts, there is nothing to do to stop it. Fortunately, it doesn't last long. Put a folded coat or pillow under the person's head, to keep the head from being banged against floor or ground; then stand by.

If the person's teeth are clenched, don't try to force anything between them. There used to be a notion that you could put a pencil or some such object between the teeth to prevent biting the tongue. Unfortunately, too many people took this as gospel, and they did much unwitting harm to teeth and gums trying to jam something between the teeth, when actually there was no real point in it.

There may be moments when breathing appears to have stopped. Don't panic; breathing will resume.

After the attack is over, the person usually is drowsy and exhausted; let him rest and reassure him that he is all right.

The main thing is to keep calm yourself, and do the above simple things to prevent the person from hurting himself. It's trouble enough having epilepsy without having folks around you getting into a panic or being frightened or trying to do the wrong thing. Most of the things you can do are, you see, dictated by common sense. Try not to let the person hurt himself.

Dear Sir: Is there anything that can be done to decrease the size of my breasts? They are so heavy they pull my shoulders down. I have a cough which I believe comes from crowded lungs. — Mrs. A.S.

I have some doubts about "crowded lungs" causing the cough. I suggest that you have your doctor check you over first to see what is causing the cough.

Then discuss with him whether weight reduction will ease

your problem — what is your weight? Finally, if your weight is within reason except for the breasts, surgery is possible to reduce them in size. It's not a simple or inexpensive procedure, but it is done when that is the real answer to the problem.

Dear Dr. Thosteson: What causes fungus growth that leaves white spots on the nails? What cure is there? — M.E.L.

White spots on the nails aren't necessarily due to fungus. Nails vary in hardness. White spots may be due to nail polish, injury (as in manicuring), strong soaps or household cleansers or chemicals.

If fungus is present, usually there will be signs other than just the white spots. So find out what your trouble really is. See a dermatologist. If he identifies fungus, there are treatments he can give you.

Don't take chances with "kidney trouble." It may be only minor, but it can be dangerous. Read Dr. Thosteson's booklet, "Your Kidneys — Facts You Need To Know About Them." Write to him in care of the Big Spring Herald, enclosing a long, self-addressed (use zip code), stamped envelope and 25 cents in coin to cover cost of printing and handling.

### OKAY, WHERE IS 'BOY?'

PORT ARTHUR, Tex. (AP) — Port Arthur policeman Dave Smith said he spotted a young man sitting in a tree early Thursday morning. Smith stopped and asked the man, "What's your name?"

The officer said the man replied "Tarzan." Smith said he then asked, "If you are Tarzan, where's Jane?" The officer said that from higher up in the tree a young woman stuck out her head and said, "I'm Jane."

Then Smith asked, "Well, if you're Jane, where's Cheeta?"

The officer said the girl disappeared into the foliage but reappeared a moment later with a chimpanzee. Smith told his superiors he did nothing about the incident. He said he knew of no law which forbids people — or chimpanzees — from sitting in a tree.

### Malcolm X Is Memorialized

HARTSDALE, N.Y. (AP) — Scores watched as a chair draped with the red, black and green Afro-American flag was placed on the grave in memory of the birthday of Malcolm X, the black leader slain seven years ago.

He would have been 47 Friday. The annual pilgrimage to the Ferncliff Cemetery here was sponsored by the Organization of Afro-American Unity, which was organized by Malcolm X after he broke with the Black Muslims.

# THE WEEK

(Continued from Page 1)

panion of Medical Center Memorial Hospital, which is scheduled to be deeded to the authority.

Another public hearing on Thursday appeared to have cleared the way for a second overpass in eastern Big Spring, probably at Owens Street. If funds become available in the summer, the project will call for an expenditure of slightly more than a million dollars. There had been some question about right of way and of the route.

Skelly Oil Company announced that it was extending its East Vealmoor natural gasoline plant's gathering system. The addition will be 10 miles to the southeast of Ackerly, plus a fingers of laterals to pick up an additional million cubic feet of natural gas daily in the Sulphur Draw field. Skelly indicated that in two or three years the system may be extended still further.

Howard County received word that the Federal Aviation Administration had approved a grant of \$52,550 for improvement of the county airport. Judge A. G. Mitchell said he did not have the details but assumed it is a matching grant, inasmuch as previous estimates of work needed were pegged at around \$95,000.

It was no illusion — those who attended the Howard County Junior College commencement exercises Wednesday saw two valeticians. They were Jackie Cordes and Rose Cordes, twins who achieved the remarkable record of a perfect 4.0 grade-point average. They are daughters of Mr. and Mrs. Ed Cordes.

Seems like everyday brings word for former Big Spring residents who have won distinction in their fields. Barry J. Mason, who was born here, has been named a senior executive vice president of the Republic National Bank of Dallas in charge of its international banking operations. Donovan Smith, who graduated from high school and HCJC here before taking his degree at Texas Tech, was named The Abilene TSPE Young Engineer of the Year.

Ranchers are on edge about the threat of a recurrence of screwworm infestation. Specimen have been found in Borden County, and the number of cases reported over the state has rocketed. Livestock producers are urged to bring specimen to the county agent if they suspect finding a case.

Howard County Democrats had a stormy county convention session before voting to split its 14 delegates (eight uncommitted, six for Humphrey) to the state party in June. Wallace and McGovern forces were restive about not being represented. The confusion rose in a large measure over the new precinct preferential designations.

Parents of elementary age children are reminded that the sign-up for the Citywide Summer Recreation program is now under way. The learn-to-swim portion is set for June 5-8, and the daily program begins June 12. Jointly financed by the City of Big Spring, the United Fund and Big Spring schools, the program is open to all youngsters who would like a

fare of games, arts and crafts, hiking, swimming, etc. The sign-up is at the Central and Lakeview YMCA.

## Five Howard Rigs Turning

Martin County lost a notch and Howard County gained some on the Permian Basin drilling report for the past week. Each had five rigs turning. Lea County, N.M., continued to lead with 21 rigs turning a drop of three; Pecos had 20, a gain of nine; and Ward County 15, down one. Hockley, with 10 (up two), and Eddy County, N.M., with 11 (the same) topped Howard and Martin.

In this vicinity, Borden had one rig going, the same, Dawson two, the same; Midland three, the same; Mitchell one, the same. The week ended with the prospect of a Howard County Wolfcamp discovery in the Linehan & Stoltenberg No. 1 E. J. Carpenter, two miles west of Vincent. It is seven-eighths of a mile west of the depleted Van-Gris (Wolfcamp) field. A failure in the reef, it plugged back to run a drillstem test from 6,523-6,623 and return 15-20 barrels of oil.

## DAILY DRILLING

**MARTIN**  
Adobe No. 2-7 Glass, drilling of 8,251 feet in time and shale.  
John No. 2, Covington, total depth of 4,050 feet and waiting on cement. Six inch casing of 4,800 feet.  
Henry and Landeburger No. 2, Porfom of total depth of 3,945 feet, placed back depth of 3,912 feet, washed with 500 gallons of mud and over perforations of 2,873,283. The well was cased on a 10-64 inch choke and is now flowing with no gas.  
St. John No. 2, Halffelt, total depth of 4,650, is testing on a pump. So far 23 barrels of oil in 24 hours have been pumped with no water through perforations of 2,983,379 feet, acidized with 1,000 gallons, fractured with 10,000 gallons and 20,000 pounds.  
Howard No. 2, total depth of 4,190 feet, also is testing on pump with 23 barrels of oil in 24 hours and 30 barrels of water through perforations of 4,042-4,050 feet. The well was acidized with 200 gallons and fraced with 10,000 gallons and 20,000 pounds.

**HOWARD**  
Texaco No. 2-G Reed, of total depth of 4,785 feet and preparing to perforate.  
Linehan and Stoltenberg No. 1, Carpenter, of total depth of 7,627 feet, running 59-inch casing.  
A drillstem test in the Wolfcamp Co., taken on the Linehan and Stoltenberg No. 1, Carpenter of 6,523 feet to 6,623 feet. The test was open one hour and gas surfaced in six minutes with no water; recovery was 15 to 20 barrels of oil and no water. A one-half hour initial shut-in pressure was 2,800 pounds; flow pressure on the well was 24-48 pounds before the one-hour final shut-in pressure of 2,850 pounds.

## MISHAPS

800 block of Lancaster: Charles Richard Carter, 1293 Pennsylvania, and Glenn Edgar Murray, 208 NW 2nd; 11:34 a.m. Friday.

## THEFTS

Martha Tate, 701 E. 13th, reported a house burglary to police Friday, in which \$300 worth of clothes were taken from her home.  
Mrs. Daryle Hohertz, No. 7 Highland Heather, reported a possible theft. Officers investigated the report and found that over \$50 had been taken.  
Mrs. Priscilla J. Adams, 145A Dow, reported a stolen mini bike to police Saturday. Officers reported the bike was stolen between 10 p.m. Friday and 7:30 a.m. Saturday. The mini bike was valued at \$300.

THAT'S MY MILITARY MAN  
Mrs. Anthony Conwell takes picture of her husband, Lt. Larry Conwell, as he marches in parade

## VA Seeks Youth Volunteers For Summer Work

Volunteers are still needed for the Big Spring Veterans Administration hospital youth volunteer program scheduled to begin June 2. Youths, age 15 or older, will join the hospital staff for the summer to help the patients and learn first hand what it is like to work in various health careers. The opportunities include work in escort, recreation, laboratory, administration, nursing, social work, related medical fields, typist and other health care fields. Hundreds of volunteers have already served at the hospital in previous summers, many serving two or more summers. Those interested should contact Mrs. Dene Sheppard (263-7361, extension 38), at the VA Hospital, or attend the Youth Orientation to be held June 2 in room 210 of the hospital.

## Troops Trying To Clear Road

SAIGON (AP) — South Vietnamese forces trying to clear the road to the beleaguered provincial capital of An Loc fought off a day-long attack by North Vietnamese tanks and infantry Saturday. An American Army officer called it in all probability the enemy's "last stance for An Loc," a rubber plantation town 60 miles north of Saigon that has been virtually destroyed in a 44-day siege. A government relief column had pushed to within sight of the town before the counterattackers struck at dawn. In the central highlands, where the North Vietnamese offensive centers around the provincial capital of Kontum, enemy troops probed government defense lines less than two miles from the city, but no major attacks were reported. In the air war over North Vietnam, the U.S. Command announced that American warplanes had intensified their daily pounding of enemy supply areas and transportation routes. The command, reporting on attacks of Thursday, said Air Force bombers destroyed a fuel tank farm containing more than five million gallons of petroleum 3 1/2 miles east of Hanoi. Spokesmen said about 75 per cent of the depot was wiped out, with bombs leaving "one huge fire." A communique said the strike "further depletes North Vietnam's supplies used in support of its invading armies in South Vietnam."

## Budget Talk Tops Agenda

Discussion of amendments to the 1972 county budget, of the hiring of a county librarian and the opening of bids for the purchase of a maintainer or motor grader is on tap for Monday's meeting of Howard County Commissioners. Amendments to the current county budget are to be made to reflect expenditures on remodeling of the County Fair Barns and the Silver Heels Volunteer Fire Department station which were over the amounts originally budgeted, and funds from other budget categories were transferred to cover the overage. Commissioners are scheduled to complete their interview of Larry Justiss, applicant for the post of county librarian. Mrs. Edna Nichols, current librarian, has resigned her position and will leave the county's employ June 1. Justiss met with the commission at the last meeting and was told to come back Monday to bear their decision. Bids from competing firms on the cost of a maintainer which commissioners wish to buy are to be opened at 10 a.m. Estimated cost of a machine, without trade-in value, is over \$30,000, according to commissioners. Other agenda items include discussion of hiring additional help for 118th District Clerk Fern Cox's office, of the selling of two cars now in storage which were formerly used by the county sheriff's department, and the approval of bills for payment and the weekly 9 a.m. conference with Marvin Hanson, acting road and bridge administrator, are scheduled.

## DEATHS

**Rites Pending In Nacogdoches**  
Funeral services for Mrs. A. J. Muckleroy are pending in Nacogdoches. Burial will be in the city.  
Mrs. Muckleroy died at 1 p.m. Saturday, and her sister, Mrs. Pau W. Carroll, of Big Spring, has been called to Nacogdoches in lieu of the death.  
Survivors include: children of the home, a brother and two sisters and several nieces and nephews.

**Bender Funeral Scheduled Today**  
HAMILTON — Funeral services for Lester Dee Bender, 47, who died suddenly Friday morning in the Hamilton County General Hospital, will be conducted in the Carlton, Tex., Cemetery at 2 p.m. today, with full military rites.  
Survivors include his wife, Hertha, of the home, Rt. 1, Carlton; two daughters, Mrs. Dolores Campbell, Corpus Christi, and Miss Charlotte Bender, of the home; three sons, L. D. Bender, Temple, Leo Bender, Big Spring, and Benny Bender, of the home; three grandchildren; and a brother, L. E. Bender, Oklahoma City.  
Mr. Bender was born in Fort City and reared near Big Spring. He was a career soldier and married Hertha Riegl in Germany.  
Services are in charge of the Bob Riley Funeral Home of Hamilton.  
From 1961 to 1969, Mr. Bender was employed by the VA Hospital in Big Spring.

**C. F. Clanton, Wreck Victim**  
Word has been received here of the death in the state of Durango in Old Mexico of a Howard County native, Charles F. Clanton, 51, a couple of weeks ago. He is the son of Mr. and Mrs. Corbett Clanton of Big Spring.  
Mr. Clanton, a real estate salesman, was on a business trip in the area when he was fatally injured in an automobile accident. He was alone at the time and his body was not discovered for almost a week.  
Funeral services will be conducted in Colgate, Okla., Monday, after which the body will be transported to Lubbock for graveside rites at 1 p.m., Tuesday.  
Survivors, in addition to his wife, Paula, of Colgate, include two sons, James Murdock, of the home, and Charles Fox Jr., of the home; three daughters, Charline LaVern Crump, Plains, Rebecca Fayrene Foreman, Idalou, and Nell Mae Schelds; two brothers, Morris Clanton, Big Spring, and Bill Clanton, Odessa; three sisters, Mrs. Louis Stall, Mrs. Elvis Bishop and Mrs. Don Stringfellow; his parents, Mr. and Mrs. J. C. Clanton of the Vealmoor community; and six grandchildren.

## Services Held For Lawdermilk

N. A. Lawdermilk, 79, Bowie, died Wednesday in Bowie. Funeral services were held at 2 p.m. Friday in Bowie at the Burgess Funeral Home. Burial was in the Bowie Cemetery.  
Mr. Bowie was born in 1892 at Gatesville, Tex., and was married to Lilly Killman in Bowie during World War I.  
Survivors include his wife, Lilly, of the home; two sons, Narros Killman, who preceded his father in death in 1969, and Buddy Lawdermilk, Bowie; four grandchildren; three sisters, Mrs. Dewey Kinard, Mrs. Lavert Holland and Mrs. J. B. Moseley, all of Big Spring.

## VANDALISM

Police received a report of vandalism to a car parked at Eleventh and Rannels Saturday. The car was smeared with shaving cream and wrapped with toilet paper.

## Gift Is Accepted By Dean At HCJC

Howard County Junior College and its vocational-technical department received a valuable training tool for its plastics technology program last week. Cosden Oil & Chemical Company, a wholly owned subsidiary of American Petrofina, Incorporated, gave the college an injection molding machine, fully equipped with tooling for molding ASTM tensile and impact test specimens. The gift was accepted by Dr. Marshall Box, dean of the department, who expressed appreciation for Cosden's continuing support of the program. Rene P. Brown, vice president - research and engineering, made the presentation May 19. He was accompanied by Ronald D. Medley, manager, technical service. Also on hand was Jimmy R. Swann, plastics technology instructor.

prepare scrap material for preprocessing. AID IN PLANNING Enrollees who complete the two-year plastics technology course earn an associate of science degree. As technicians, they usually find many opportunities in the plastics industry, which has been growing at the rate of 15 per cent annually. The basic course is recommended for architects and engineers, as well, since plastics are taking their place among the more historic building materials such as steel and wood. Cosden executives collaborated with Dr. Box in planning a potential plastics course for HCJC in 1967. The program was initiated in the fall of 1970. Cosden extends laboratory facilities to the enrollees at its applications development laboratory, and company talent is available for assistance. Presently HCJC is only one of two junior colleges in the state offering the two-year plastics technology program, the other being Mountain View Junior College. For the first time in Texas, last year two four-year schools (West Texas State and North Texas State) began offering degrees in industrial arts with plastics majors. The trend is in direct response to the shortage of technicians in the field. Injection molding is one of the most widely used methods of processing plastics into consumer products such as television cabinets, cottage cheese containers, toys, furniture parts and drinking cups. There are also numerous industrial applications which are injection molded. This machine, which is capable of processing the majority of polymers available on the market today, will be an extremely useful aid in instructing HCJC students in processing techniques. Accompanying the equipment is an important auxiliary, an electric grinder; it will be used to

## Makes 12-State Tour For ACC

ABILENE — Al Watkins, son of Mr. and Mrs. Albert B. Watkins Jr., 2405 Central Drive, Big Spring, is making a 12-state, three-week tour with the A Cappella Chorus of Abilene Christian College. The 35-member chorus, in its 40th year and the oldest a cappella chorus in the Southwest, will perform 20 concerts in 12 states and Canada during its May 15-June 3 tour.

BIG ASSIST TO HCJC — Jim Swann, left, who heads the plastics technology division for Howard County Junior College, checks over a new training tool with Ronald Medley and Rene Brown of Cosden Oil & Chemical. The unit is an injecting molding machine, fully equipped, the gift of Cosden. Brown is vice president-research and engineering and Medley is manager of technical services. Few colleges have such an invaluable aid for their plastic training.

# Gen. Taute Lauds Air Force's Job

Brig. Gen. A. F. (Gus) Taute, former wing commander at Webb AFB, was back "home" Friday evening to say a good word for the Air Force.

Gen. Taute addressed the quarterly meeting of the Air Force Association at the Officers Mess Friday evening. Saturday morning he represented Lt. Gen. George B. Simer, ATC commander, in the reviewing stand for the Armed Forces Day and anniversary parade for Webb AFB personnel.

Gen. Taute departed from his prepared speech to look at the Air Force from the vantage point of one who soon will end his career as part of the service.

Looking at the performance of the Air Force in recent Vietnam developments, he said "I tell you the Air Force is doing a hell of a job."

He said that President Nixon, who had ordered withdrawal of ground troops, had no alternative but to call on the Air Force when he reached the decision to make a stand in Vietnam.

"We all are anxious to get out of Vietnam, but we are for the idea of terminating the war honorably and not leaving like a dog with his tail between his legs," he declared. When the Viet Cong and North Vietnamese waited until American ground strength had been reduced to a nominal figure and then launched an all-out aggression, the President was left with no real choice but to respond, he said.

The Air Force was the only logical answer for stopping the aggression.

"Within 72 hours the Air Force was carrying out its mission of bombing supply routes," he reminded. "We had a 72-hour flexibility," which later was bulwarked by moving up naval forces. "Once a decision is made, the Air Force has

demonstrated it has knowledge, skill, and dedication to do the job," he said.

Introduced by Col. Malcolm Ryan, Wing commander, for performing an outstanding service in his current mission as chief of staff for the ATC, Gen. Taute reminisced about the founding of the AFA chapter here while he was commanding Webb AFB. Jack Cook, the first president, led the chapter to be the third largest in the state. Friday's meeting was in charge of Jack Alexander, president.

# No Med Reason Why Fems Can't Explore Space

SPACE CENTER, Houston (AP) — Russia has flown only one woman into space and America has flown none, but space doctors said there no medical reason why the female of the species can't explore space.

The question was posed to Dr. Charles Berry, head of life sciences for the space agency, and professor O.G. Gazenko of the Soviet Academy of Sciences, at a news conference.

"Medical science insists that life without women is impossible and that includes space flight," said Gazenko.

# Presbyterian's Pullout Stagers Unity Venture

By GEORGE W. CORNELL, AP Religion Writer DENVER (AP) — An abrupt United Presbyterian decision to pull out of an inter-Protestant effort to form a unified church is seen as a threat—and possibly a death blow—to the venture.

The effort has been going on for a decade involving nine major denominations totaling more than 25 million members. The United Presbyterians started it and became the first to abandon it.

"I think this is going to kill it," said the Rev. George H. Pike of Vancouver, Wash., a legislative committee chairman who had sought to modify the action.

Others said the step imperiled the undertaking, but still saw hopes for it.

"An aberration," the Rev. James I. McCord, president of Princeton Theological Seminary, called the action, adding that it threatens that unification attempt, but might generate counter-support for it.

After brisk but brief debate, the denomination's governing assembly Friday night voted 411 to 310 to withdraw from the reunion deliberations.

To go on with them would imply a hope for formal structural unity that is unrealistic and misleading," Harry L. Schroeder of Indianapolis said in presenting a committee majority's recommendation to quit the project.

In 1961, United Presbyterians invited other denominations to join in reunification talks—a move urged by the denomination's then chief executive, the Rev. Dr. Eugene Carson Blake.

The latest development leaves eight denominations in the talks. Besides the southern Presbyterians, they are: The United Methodist Church, the Episcopal Church, the United Church of Christ, the Christian Church (Disciples of Christ), the African Methodist Episcopal Church, the African

# CRAZY ABOUT THAT JOGET

KUALA LUMPUR, Malaysia (AP) — The Pan-Malaysian Islamic party kicked out a member of parliament because he would not give up performing a Malaysian dance called the joget.

"No dancing" is the rule for the Moslem party. "No," he told the party, "I love the joget and cannot give it up."

DONOVIN SMITH

# Smith Honored By Engineers

Donovin Smith, planning engineer with West Texas Utilities Co. was named Young Engineer of the Year by the Abilene Chapter of the Texas Society of Professional Engineers.

Smith graduated from Big Spring High School in 1956, attended Hogard County Junior College for one year, and received his BS in electrical engineering from Texas Tech in 1960.

He is the son of Mr. and Mrs. Robert Smith, 2609 East 25th Street, and is married to the former Dickey Marie Harris of O'Donnell. They have one daughter, Donniece.

Smith has been appointed to the planning subcommittee of the Texas Interconnected Systems representing West Texas Utilities.

The Smiths are members of Pioneer Drive Baptist Church in Abilene, and he is an assistant in the children's department.

# Briscoe Backers To Meet Monday

Volunteers for Dolph Briscoe for Governor have been asked to meet Monday 7:30 p.m. at the campaign headquarters, 1600 Scurry.

Plans for the runoff campaign will be discussed, and those who want to help but can't attend the meeting are asked to call Mrs. O. D. O'Donick Jr. (394-4216), coordinator of the women's activities, or the offices at 7-6827.

Possibly this week there will be a delegation from Uvalde, Briscoe's home town. Some arrangements also may be made for attending a rally in Midland where Briscoe will speak.

# Tony Bennett Campaigning About Music's Bad Sounds

LONDON (AP)—That finger-snapping, foot-tapping ecologist, Tony Bennett, is launching an all-out campaign against "sound pollution."

Now that he owns control of his own TV series, being filmed at various London locations without network backing, he is determined to bring back a more melodic line in popular music and do away with the "over-rehearsed, phony format" of the TV variety show.

"I've waited 15 years to do it my way," said Bennett, relaxing through a rehearsal with Sarah Vaughn in a vacant Mayfair theater. "I'm just going to go out and entertain the people: no cue cards, no idiotic dialogue with the guest stars dished up by a dozen writers, none of this corny dubbed and re-taped perfection. If we blow it, unless it's absolutely treacherous, it stays in."

Almost by way of illustration, Bennett and Miss Vaughn blew the last stanza of "The Trolley Song." It stayed in.

## IN FORMULA

They went on to the next number, Jerome Kern's "My Heart Stood Still," backed by a 40-piece orchestra conducted by pianist-composer Robert Farnon. The choice of the song and the people playing it were basic to the Bennett formula for ridding the airways of noise pollutants. "Musical tastes are changing for the better," lectured the professor, his husky voice caressing the words in the inimitable Bennett phrasing. "People are turning against acid rock and the angry type music. The kids are rejecting the advertisers' insistence that hard rock is their kind of music. Composers like Bert Bacharach, Jimmy Webb, and here in England, Anthony Newley and Leslie Bricusse are bringing back the well-constructed lyric and making it big with the kids."

In returning to "better orchestrations" and "all pros on the band stand," Bennett sees himself leading a revolt against "the budget monsters who ruled TV in this age of conformity. There was a feeling that the pros were no longer needed. You know, get four kids, any group, what difference did it make as long as they made a lot of noise?"

For his second performance at the Royal Albert Hall, which twice won top weekly ratings in replays over BBC-TV, Bennett was backed by a group of groovy kids called the London Philharmonic Orchestra.

## DEAD AIM

His series of half-hour shows, owned jointly by himself and Thames Television, have taken dead aim on the prime time now available to local TV stations in the United States and seem a natural for the TV cassette market, which he thinks is no further away than next Christmas' shopping season.

Born Antonio Benedetto in the same Astoria, Long Island, neighborhood that produced Jackie Gleason, Ethel Merman,

Eddie Bracken and Nancy Kelly, Tony entered the business world at 16 as a parttime copy boy for The Associated Press. Then an art student at Manhattan's High School of Industrial Arts, Tony spent most of his time as a runner "running up to the art department trying to get the cartoonists to admire my drawings."

Finding little enthusiasm for a drawing hobby he now pursues with considerable talent, he turned to music and made his debut as a boy soprano singing "Marching Along Together" under the auspices of the local Democratic Club when Mayor LaGuardia opened New York's Triborough Bridge.

After his voice changed, he was discovered by Bob Hope singing a duet with Pearl Bailey in a Greenwich Village nightclub. Hope took him along on tour and changed his name to Tony Bennett to fit the marquee.

Trim and paunch-free now at 46, Tony Bennett moves on stage with the shuffling, agile gait of a boxer, one shoulder down and slightly forward, even some fancy footwork among the tangle of microphone cord. The resemblance is heightened by his aquiline nose, broad shoulders and the turtle neck sweaters he invariably wears to rehearsals and often on camera.

LEND A SEAT — Roosevelt Grier, co-star of "Skyjacked," a new MGM production to be released shortly, gives up an extra seat he holds on an airliner to accommodate GI James Brolin, also a co-star in the movie. The movie is an

exciting suspense drama of hijacking aboard a 707 jetliner and its effect on the lives of the passengers and crew members. Charlton Heston and Yvette Mimieux have top billing in the drama.

## Outlaws Seen In Unbiased Viewpoint

Examining the saga of Cole Younger and Jesse James, notorious outlaws of the Old West, from an unbiased point of view and telling the fast-moving story with little-known actual facts is the essence of the Universal-Robertson and Associates production in Technicolor, "The Great Northfield, Minnesota Raid," which comes Wednesday to the Ritz Theatre.

Cliff Robertson stars as Younger and Robert Duvall is James in the Jennings Lang presentation.

Philip Kaufman, a history major while at the University of Chicago who has researched the two outlaws so exhaustively that he could qualify as an authority on them, wrote and directed.

## Actress Not Conditioned To Think Duds Necessary

NEW YORK (AP) — Naked as she came into the world and naked must I go out, saith the poet. Valerie Perrine is not bothering to get dressed much between the coming and the going.

Miss Perrine—rhymes with "mine"—has spent a good deal of the last quarter of a century much as she came into the world—topless. Her Texas birth not withstanding, the shapely blonde spent four years flaunting her attributes as a Las Vegas showgirl. Now she puts her body to the screen test, appearing as Kurt Yonnegut's Hollywood starlet, Montana Wildhack in the film version of his antiwar novel, "Slaughterhouse Five."

Then, there's that revealing photo display in Playboy, sans staples.

"I'm not a nudist and not into the sexual thing," cautions the curvaceous cutie. "But we don't usually wear clothes out in the sun at home (California). I'm not conditioned to think clothes are necessary—or not necessary."

Miss Perrine, a self-described "Army brat" who traveled about the world a great deal as a child, was earning \$175 a week in Las Vegas when she

was asked to go topless. She demurred at first out of modesty.

"Modest! I wore a towel in the dressing room all the time and got dressed underneath it. But Vegas changed all that. Seeing nude shows all the time."

"It was scary the first time," she recalls of the nude audition. "Three of us stood out there, like slaves being sold. I couldn't drop the towel. So my girl friend tore it off—and that was that."

"For the movie, I didn't even think about it. It's not posing," she demonstrated, "like in Vegas. It's like walking around nude backstage, just natural."

"I think it was cute (in 'Slaughterhouse'). It showed where Billy (the hero) was at and where Montana was at. She is a really free soul."

There's a lot of the free spirit in Valerie as well. Unhappy with the Las Vegas life and people, she took off for a nine-month journey around Europe before coming back to California and a happy unemployment. "It's great; they give you enough to live on, and food stamps. And there's no responsibilities. I'll never fear for being poor."

# Champ Disenchanted With New York Stage

NEW YORK (AP)—Gower Champion, considered by many the most important director-choreographer of Broadway musicals, says the time has come for him to say Bye, Bye to Broadway.

Champion, who has garnered seven Tony Awards for staging such hits as "Bye, Bye Birdie,"

"Carnival," "I Do! I Do!" and "Hello, Dolly!," insists he doesn't want to work for the New York theater any more.

"This is my last show," he announced nonchalantly in the lobby of a Broadway theater as the orchestra struck up the sprightly overture of his latest, "Sugar," a stage version

of the 1959 film, "Some Like It Hot."

"I live in California," explained the 51-year-old former dancer. "If I do a Broadway show, I have to be away from home six to eight months. I have two growing boys, and I want to stay with them. I don't want to live in New York. I don't want to live in any city."

## 'Hair' Is Not Where It's At With Tribe Now

By WILLIAM GLOVER  
AP Drama Writer

NEW YORK (AP)—The people who made "Hair" a global event are very heavy now into organic food, royal polo and the far galactic yonder.

Because that's the way Michael Butler, grand sachem of the tribe, would have it.

"I want one set bag of nine projects and freeze on them," asserts the millionaire entrepreneur of show business. "Of all the inner family I'm the worst when it comes to being easily diverted into doing something else."

He couples his far-bruited affection for astrology with numerical numerology in programming the future of Michael Butler Associates Inc., the loose-knit core organization around which satellite clan groups revolve.

"There are to be three sets of three," runs his explanation. "Three plays, three motion pictures and three miscellaneous."

Mustachioed Butler filed an impromptu over-all report on his activities a few days ago while in town to help celebrate the fourth Broadway anniversary of the rock musical that started the whole enterprise. Celebration of "Hair" included a Central Park frolic open to the public at large. Before turning

ing discussion elsewhere, the impresario breezily summarized that show's achievements.

To date, 35 troupes in 22 countries have performed in 14 languages for 26 million spectators.

"The last time I looked," he says when pressed, "the overall gross was \$65 million." That doesn't include such collateral benefits as the New York original cast album which has supplanted the previous sales champion, "My Fair Lady."

The two boys are Gregg and Blake, aged 15 and 10, born to Champion and his wife, Marge. Marge is, of course, the Marge of "Marge and Gower Champion." They were one of the most popular and highest-paid dancing teams in the 1950s.

"I did 'Sugar,' because it seemed like a fun show. I like fun and excitement. I don't like heavy, depressing plays. Particularly depressing musicals. I do a show for entertainment. I find the world depressing like most people do. I want to take people's minds off the headlines. If I can provide joy for the public, that is the talent I'm meant to use."

## Sinatra Plays Filthy Part, Dirty Magee

Frank Sinatra, who has the funniest role of his career, the lead in MGM's "Dirty Dingus Magee," now showing at the Jet Drive-In Theater, says he doesn't care how bad his costumes make him look on the screen, as long as they don't make the part look bad.

His role in "Dirty Dingus Magee" has him in a \$69.95 wardrobe as probably the most unkempt hunk to ever walk the West. He is a slippery character in the western comedy, a sly con man who could talk a rabbit into spending his vacation at a greyhound track. As well as being a part-time ass-breaker for a mule-drawn stagecoach line called part-time outlaw with a price of 10 dollars on his unwashed the "Jackass Mail," he is a head.

## Son Follows Dad's Trail

By JOHN LAIRD  
Odessa American

ANDREWS, TEX. (AP) — Fame, as a rule, lasts one generation. After it kisses the first choice, it grows stale for the next in line. Many children of famous people spend much of their life trying to escape the unsolicited popularity.

Being the son of one of pro football's greatest quarterbacks might have been like that for David Baugh, but the security of life in a small town helped him develop a remarkable sense of individuality.

In 1943, during Sammy Baugh's prime as Washington Redskins quarterback, David was born in Sweetwater. It was to be the largest town he would spend any appreciable amount of time in until college days in Lubbock.

Now he is an assistant coach and track coach-to-be at Andrews.

"Many folks think that I don't like being Sammy Baugh's son because they figure I'm obligated to be like him," the 28-year-old David said. "But it's really not that big a deal. I'm glad people are interested, both in me and my father. I consider it a blessing instead of a bother."

In other words, he feels people accept him as David Baugh rather than "Son of Sammy Baugh."

"That's right. And growing up in a small town actually on a ranch outside Rotan made it so easy," he said.

For one thing, television had not reached Rotan until after David's formative years. "We used to listen to the Redskins' games on the radio, but I actually saw my Dad play only three times."

When he was eight, David visited Philadelphia "the Redskins lost and that's what griped me" and Washington. He went to Amarillo a year later to see the Redskins in an exhibition game.

The 6-2 frame that had bounced David on its knees looked a little smaller from the bleachers, "but gosh he looked fast. I wasn't used to seeing him run like that."

In the early 50's, as Sammy was winding up a career that included six years when he led the NFL in passing, David's friends began to realize his father's fame as a professional athlete.

"That's when my friends began to ask so many questions, but it wasn't until high school that I realized that the questions could have been a bother," David Baugh said.

While Rotan's locale kept David away from professional football stadiums for all but three games, it also kept Sammy out of a great part of David's life.

(Photo by Danny Voloes)

**HANDBALL WINNERS** — Ray Thomas, right, combined with Tom Hieting of Odessa to win the A Class in the Midland YMCA Handball tournament. A. J. Pirkle, left, and Joe Hobbs, center, teamed to win the B Class in the tournament. Thomas and Hieting had to come from behind to upend Tito Arenchibia and Pete Cook of Big Spring, 20-21, 21-14, 21-18, to reach the semifinals. Pirkle and Hobbs smeared a Midland team of Merritt and Mendenhall in the finals, 21-7, 21-3.

## Gophers Dig Misconduct Hole

CHICAGO (AP) — The Chicago Daily News said today that the Big Ten is preparing to investigate charges of illegal basketball recruiting practices at the University of Minnesota, 1971-72 conference cage champion.

Wayne Duke, Big Ten commissioner, confirmed that charges of alleged misconduct by Gopher basketball coach Bill Musselman had reached his office, the newspaper said.

Duke issued a routine statement: "From time to time, this office receives allegations of violations of NCAA or conference regulations. Any inquiry is conducted to determine the validity of such reports."

"As a result of allegations filed with the NCAA, this office is conducting an inquiry and review of the University of Minnesota athletic practices."

This was similar to Duke's comments earlier this week when the Big Ten and NCAA launched a basketball probe at Illinois. Illinois Chancellor J. W. Peltason ordered the university's athletic association Friday to make a "comprehensive investigation."

## City Parks Board Recommends Tennis Center For City Action

By LINDA CROSS

Big Spring is one step closer to having the tournament-quality tennis center proposed by the Dora Roberts Foundation.

With recommendation for change in the arrangement for payment of the tennis professional to staff the center and assistants for him, the City Parks Board Friday unanimously voted to recommend to the City Commission that all other proposals for the center by the Foundation be accepted and approved by the city fathers.

District Judge R. W. Caton, representing the foundation, said that the city would receive \$45,000 for building the proposed six-court center at the old Cosden Country Club, which the Dora Roberts Foundation has already donated to the city for use as a public facility.

Judge Caton said that the money would be a gift, but the terms of the gift would require that the city have Malott, Peterson & Grundy construction firm of El Paso construct the courts because they are the only firm which builds the kind of vinyl-finish courts desired by the foundation and local tennis enthusiasts.

Under the terms of the gift, the city would use the existing tennis court pads at the Cosden Club for a foundation, and would be responsible to bringing them up to specifications by doing needed dirt-work, laying a layer of caliche over the pads and finally "shooting" them with asphalt preparatory to the vinyl-finish to be given them by the El Paso firm in order that the courts be acceptable for competition play.

Grandstands, fences, screens around the grandstands and mercury vapor lights are to be paid for by the foundation. In

return, the city will take care of the upkeep of the facility.

"Upkeep on the tennis courts will be nominal," said Judge Caton, stating that the vinyl finish was more resistant to wear and weather than clay or asphalt courts.

Included in the terms was salary for Novice Kniffen, tennis coach who is to be the center's professional if it is approved by the city, and for an assistant to be at the center when Kniffen's coaching duties interfered or court use is heavy. Kniffen's proposed salary was \$200 per month, living quarters provided at the center, income except for five per cent of the gross from the pro shop sales which would go to the city, and proceeds from private lessons. Court fees are to go to the city to defray upkeep costs.

Don Horton, board chairman, objected to the board setting a precedent for hiring assistants,

pointing out that the golf pro at the municipal golf course was provided no such assistant by the city. Horton proposed that they recommend to the city that Kniffen be reimbursed sufficiently to enable him to take care of the salary of an assistant, and his proposal was accepted.

Harry Nagel, city manager, said that the city could not contract any employee, and the board decided to leave all matters of setting salary up to the city commission.

Judge Caton and Mrs. W. A. Mann, who attended the meeting as a "tennis enthusiast," presented newspaper articles detailing how much money the Abilene tennis center brought into Abilene during tournaments, and Judge Caton said that a properly run center was "a money-maker."

"If this makes all the money you say it does, why don't you

operate it on blood, sweat and tears as free enterprise as the softball groups operate their playing fields?" asked Boyce Hale, board member.

"The Dora Roberts Foundation is not allowed to operate a free enterprise," replied Judge Caton.

Hale commented that he had tried for years to get better facilities built for softball, and that the city should do something for softball enthusiasts.

"You get someone to donate \$45,000 for softball fields, and the city might see what it can do," said Harold Davis, board member, to Hale.

Hale and Horton later said that they were "glad that a sports group had had the spunk to go out and get funds to build themselves a facility."

Further action of the center will now be taken by the city commission.

(Photo by Steve Hulmon)

**BOXED IN** — Jay Box, state champion tennis player from Crane, is hemmed in by Novice Kniffen, left, and William Roan, right, as he signs a letter of intention to play tennis at Howard County Junior College. Kniffen is the Big Spring High School tennis coach, and Roan is the tennis coach at Howard County Junior College.

## Rangers Get Ten Hits To Win, 5-1

ARLINGTON (AP) — The Texas Rangers rapped out 10 hits including a two-run double by Don Mincher, as Pete Broberg, with ninth-inning relief help, beat the Minnesota Twins 5-1 Saturday.

Broberg, 3-2, cruised into the ninth inning with a two-hit shutout and reached third with two Paul after giving up a single to Danny Thompson, Rod Carew's run-scoring double and a walk.

The Rangers coupled singles by Rich Billings and Jeff Burroughs with Toby Harrah's sacrifice fly for their first run off Jim Perry, 3-3, in the fourth inning.

They struck for two more in the fifth on Elliott Maddox leadoff triple, a single by Dave Nelson, a throwing error by Perry on an attempted pick-off at first and Billings' single. They added their final runs in the seventh on Micher's two-base hit.

## Pirates Blaze By Montreal, 6-0

PITTSBURGH (AP) — Dock Ellis and Bruce Kison combined for a six-hit shutout as the Pittsburgh Pirates stretched their winning streak to five Saturday with a 6-0 victory over the Montreal Expos.

Ellis surrendered five hits, struck out five and walked nine before he was forced to leave after five innings because of a sore elbow. Kison allowed only a harmless single by Bob Bailey the rest of the way, preserving Ellis' fifth victory against one loss.

The Pirates jumped on Montreal starter Carl Morton for two runs in the first inning. Al Oliver's single and a single by Jose Pagan on which Ken Singleton let the ball get away from him brought in the first run. Jackie Hernandez singled in Pagan.

## Mayor Kicks Off Teenage League

Mayor Wade Choate will throw out the first baseball to initiate the new Big Spring Teenage League season at 6:00 p.m. Monday in Johnny Stone Park.

The Angels tangle with the Red Sox in the opening game of the sophomore league. The Lions tackle the Yanks in the second game at 8:00 p.m.

Over 280 boys are participating in the teenage baseball program in one of 17 teams. There are eight sophomore teams, five hi-junior teams, and four senior teams.

# Jay Box Signs With HCJC Tennis Team

By JOE HINDS  
Crane County had 4,699 residents in 1960. Today the population hovers below the 4,000 mark.

There aren't many people in the Pecos Valley county, and, needless to say, there are more Texans going than coming to the rolling prairie that can't produce crops.

But the biggest city in the county, which naturally is Crane, produces tennis players that have been winning the state tournament for years.

The town which specializes in oil field supplies, is the magnet

for the majority of the county's population. It also is a magnet for a tennis population. Crane has been sending tennis players to the state tournament who have been coming back home with the crown for the past decade.

Most of these players have come from the Box family. Jack, Jerry, and now Jay Box have all done well in the state tournament. But maybe the best was saved for last. Jay, who just was graduated from Crane High School, was state champion for two years in the AA

tournament. He signed a letter of intention Friday to play for the Howard County Jayhawks.

Jay directed his high school team to a 27-6 record for the season his senior year. Crane won all their double A games, but they lost six AAAA titles.

The youngster, who has played tennis most of his life since it has been family affair, won 10 tournaments over the last three years. He will make a strong bid for the number-one slot held by Manny Flores, a Jayhawk sophomore from El Paso.

## R. J. Englert Makes All-SWC

DALLAS (AP) — The Texas Longhorns, as is their custom, landed the most players on The Associated Press All-Southwest Conference baseball team but the 1972 honor roll of five was sparse compared to other seasons.

Second baseman Mike Markl, third baseman David Chalk, catcher Bill Berryhill, utility outfielder Terry Pyka and Frosh of the Year, pitcher Martin Flores, were the honored Longhorns.

Texas Christian, the SWC co-champion, was represented by outfielder Jimmy Torres and pitcher Frank Johnstone. Frank Windegger of the Horned Frogs shared Coach of the Year honors with Rice mentor Doug Osborn.

Doug Ault, who led the SWC in batting with a .464 mark, was selected as the first baseman on the dream team. Tech also had shortstop Barry Hoffpauir on the first unit.

Other players on the team included slugging outfielder R. J. Englert of Texas A&M, John Astor of SMU, pitcher Mike Pettit of Rice, and utility infielder Sheldon Kaufman of Rice.

Ault and Johnstone tied for Player of the Year honors.

Pettit had the best earned run average in the league with a sterling 0.51 record. Pettit compiled an 8-6 over-all record and was 5-2 in SWC play. Johnstone was 8-5 over-all and 6-1 in the league games.

Ault, Chalk, Englert, and Astor were unanimous choices to the team.

Chalk hit .435 — his second consecutive year over .400.

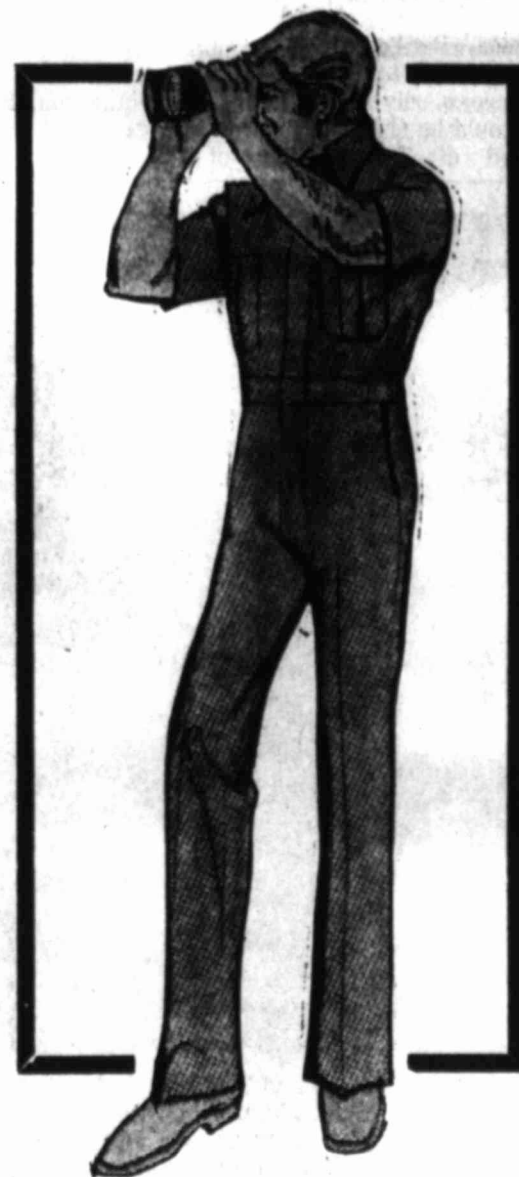

While Windegger almost piloted the Horned Frogs to an undisputed title, Osborn took a lightly regarded Owl team and guided them to a third place finish.

## Schoolboy All-Star Grid Game Scheduled

HOUSTON (AP) — Wichita Falls' Ron Littleton and San Antonio Lee's Richard Osborne, who battled in the state Class AAAA football championship game last season, will be opponents again in the 40th annual North-South All-Star football game Aug. 3.

Littleton will play for the North and Osborne for the South in the annual football game played in connection with the Texas High School Coaching School July 30-Aug. 3.

Osborne, a 6-foot-5 205-pound split end, caught a 29-yard pass with 2:21 left to beat Wichita Falls 28-27 in the championship game. Littleton played quarterback, running back and defensive back and scored two touchdowns and rushed 181 yards.

## Sportsman's Special Light-Weight Coverall

# Steen, Shaffer Zip Into All-District Team

By DAVID PICKLE  
Ricky Steen and Pete Shaffer have been selected to the 5-AAAA all-district baseball team.

RICKY STEEN

selected by 13 sportswriters and coaches throughout the district. Steen, a junior, led the conference in hitting this season with a .458 average. He led the balloting for the three outfield positions.

Shaffer, a senior, hit .273 during the season. He narrowly edged out John Sadberry of Odessa Permian for all-district honors, six votes to five.

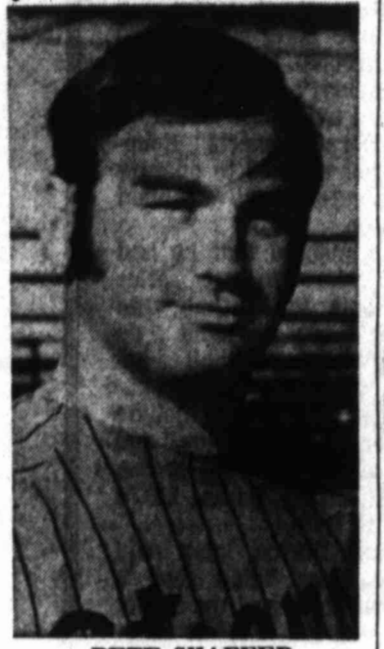

Clint Thomas of Abilene was named the Most Valuable in the conference outpacing Richard Wortham of Odessa with whom he shared the honor last year.

Blackburn of Abilene was Coach of the Year. He edged Fern Smathers of Odessa. Oakey Hagood of Big Spring received two votes.

Wortham, Thomas and Wayne Williams of Abilene repeated from last year's team. Wortham and Williams, along with Mike Abernathy of Midland Lee, were unanimous selections. Thomas, who was unanimous last year,

lacked one-half vote of doing it again.

Ed Foote, Permian third baseman, and Randy Blanscott

PETE SHAFFER

of Midland failed to repeat.

FIRST TEAM

Catcher — Pete Shaffer, Big Spring, sr., 273, six votes.  
First base — Philo Ticoan, Cooper, jr., .366, four votes.  
Second base — Jim Reese, Abilene, sr., .291, 11 votes.  
Shortstop — Wayne Williams, Abilene, sr., .268, unanimous.  
Utility infielder — Ricky Faust, Cooper, jr., .248, seven votes.  
Outfielders — Ricky Steen, Big Spring, jr., .458, 11 votes; Ray Churchill, Abilene, sr., .290, nine votes; and Tindall, Abilene, sr., .250.  
Utility outfielder — Luis Perez, Midland, sr., .263, three votes.  
Left-handed pitcher — Richard Wortham, Odessa, sr., 6-2, unanimous.  
Right-handed pitcher — Clint Thomas, Abilene, sr., 10-2, 12 1/2 votes.  
Coach of the Year — Blacky Blackburn, Abilene, five votes.

HONORABLE MENTION  
John Sadberry, Permian; Mike Denny, Cooper; Chuck Chapman, Abilene; Sandy Lawrence, San Angelo; Keith Dwindell, Permian; Steve Wilkerson, Odessa; Gary Givman, Abilene; Doug Shelton, Permian; Randy Showmake, Odessa; David Tindall, Abilene; Ken Bates, Permian; Ricky Sutherland, Permian; Leonard Casew, Odessa; and Mike Groves, Permian.  
Also, Mary Voyles, San Angelo; Joe Bizzell, Permian; and Collins Rice, Permian.

## Lamesa Tackles Iowa In Lubbock

LUBBOCK — Lamesa will tackle Iowa Park in a bi-district clash at 5:30 p.m. Monday at the Texas Tech baseball diamond.

The best-of-three series between the Class AAA district winners will conclude Tuesday. If an extra game is necessary, it will follow the 2 p.m. game Tuesday.

Lamesa has a 16-5 record while the Iowa Park Hawks are 10-2 for the season.

The winner of the series will play the winner of the Dumas clash with the 2-3A winner.

## Ten Divers Are Certified At 'Y'

At a brief ceremony at the YMCA Thursday evening, certification and identification cards were passed out to 10 divers who successfully completed a 10-week course in Scuba Diving.

The certified divers are: Carole Janet Cone, Linda Denise Curtis, James Charles Hunnicutt, Charles R. Kaufmann, Roger Paul Klonka, Jack N. Little, Capt. Joseph D. Maloney, M.D., Roy Curtis Mullins, III, Joe D. Musgrove, Capt. Robert B. Noland, M.D.  
The top-ranking member in the class was Roy Curtis Mullins, III.  
Dr. Floyd R. Mays was the instructor for the diving class.

## Bee Bee Stings Favorites By Winning Preakness

BALTIMORE (AP) — Out-sider Bee Bee led most of the way Saturday and won the \$187,800 Preakness Stakes ahead of stretch-charging No Le Haze as Kentucky Derby winner Riva Ridge finished fourth.

The victory for Bee Bee was his third stakes win in 17 career starts, and the first money of \$135,000 over his total of more than \$50,000 over his earnings in previous races. The victory also was a crowning achievement for 44-year-old jockey Eldon Nelson, a man with a reputation as a loner with a penchant for playing solitaire. He had failed to win this race in three previous tries.

Several hours before the race, Laurin scratched Riva Ridge's stablemate, Upper Case, saying, "if we felt we needed him, we would have run more than \$50,000 over his total." That decision now will be open for discussion for some time.

## First Sunday For Ruidoso Is Tough

RUIDOSO DOWNS, N.M. — Ruidoso Downs' first Sunday program will have a tough field. Today the 5th running of the Dale Robertson Stakes will begin. Post for Sunday's 12-race program is 1:30 p.m.

Those drawing into the gate to face Starter Butch Murray are Rainy Season, Go Fran Bars, Rock It To Me, Go Go Jeanie, Miss Monsoon, Mr. Eskimo, Talent's Robin, Moon Bee, Chief Red Bird and Good Bird Bars.

Go Go Jeanie, ridden by Jerry Nicodemus, has won only two starts this year. The daughter of Go Man Go won two and was second twice in six attempts in 1971.

Walter Merrick's Chief Red Bird is real consistent, boasting four wins and a like number of seconds out of ten starts last year. Elbert Minchey will be aboard the Oklahoma-bred son of Good Bird. It was Merrick's quarter horse training talents which carried his Easy Jet to stardom and leading money winner of \$445,721.

Winner of four out of six starts in 1972, including his last out at Sunland Park, Rock It To Me will have the services of Larry Wilson.

Mr. Eskimo won at Ruidoso

this past season and shows a fondness for the 350 yard distance. His trainer, James Chapman, was the nation's top money winning trainer in 1972 as his charges earned \$322,837. Texas A & M veterinarian school graduate, Jockey Johnny Cox, will enhance Mr. Eskimo's chances.

Moon Bee won the Mistletoe Futurity at Blue Ribbon Downs in December and sports five victories in seven tries last year. Roy Brooks will be in the irons.

Good Bird Bars, with the capable Jerry Nicodemus up, drew the outside post position. The five-year-old daughter of Good Bird campaigned at Los Alamitos last season.

Unlucky in the draw, Native Empress drew on the eligible list. Should the Dewayne Lukas trained filly scratch in, third behind the two noses of Mr. Kid Charge and Savannah Swinger in the Sunland Park Quarter Horse Championship on May 7 will carry much favor with her backers. Also Native Empress was just two hundredths off the Sunland track record for 350 yards in her victory time of 17.44 on March 19. If she runs, Jerry Nicodemus will be the pilot.

## Texas Cindermen May Win SWC In Big Way

FAYETTEVILLE, Ark. (AP) — Give the edge in the South-west Conference track meet to quantity, Texas style.

The two-day meet begins here Monday and some observers believe Texas could score as high as 150 points under the new system of 10 points for a first, eight for a second, six for a third, four for a fourth, two for fifth and one for sixth.

Rice, given a good chance of winning five events, should top 100 points. How close the Owls come to the Longhorns depends on what inroads Rice and the other SWC teams can make into Texas' depth. The Owls won the title with 60 1/2 points in 1971.

Texas A&M appears to be a solid third followed by SMU and Baylor, not necessarily in that order. TCU should be sixth, comfortably ahead of Texas

Tech and Arkansas. The Longhorns could get points from more than one performer in 10 of the 14 individual events.

Texas' Ricky Yarbrough and Bill Gamble are among the top five milers in the conference and Godron Hodges and Randy Lightfoot could finish one-two in the 120 yard high hurdles.

Ed Wright of Texas and Doug Broadhead of Texas A&M share the best time of 47.0 in the 400-yard dash and Wright's teammate, Craig Brooks, is third at 47.6. Robert Primeaux and Hodges rank second and third in the conference in the 440-yard hurdles.

Yarbrough and teammate Jack Colovin are among the top six in the three-mile run. Bishop Dolegiewcz and Don Ausmus of Texas ranked third

and fourth in the shot put. Alan Thomas and Dolegiewcz are two-three in the discus. Texas has three of the top six pole vaulters in Bill Smalley, Don Lee and Greg Hackney and three of the top five performers in the high jump—Wyatt Tompkins, William Oates and Silverio Bosch.

In the long jump, John Berry of Texas is third and teammate Larry Thornhill sixth.

Texas appears weakest in the sprints, the javelin and the 880-yard run. Rice has league leaders in Mike Cronholm, 440-yard hurdles; Paul Geis, three-mile; Jim Pearce, javelin; Ken Stadel, discus and Dave Roberts, pole vault.

Roberts and Geis are among the competitors given the best chance of setting conference records.

HAWKS — Players and coaches of the Hawks National minor league team are from left to right: (front row) Kip McLaughlin, Wes Hart, Bryan Beek, Joe Monjo, David Richardson, Terry Hart; (second row) Andy Grosse, David Spencer, Mike Burrow, Gregg Burrow, Scott Moore, Ronnie Little; (third row) manager Thomas Kelley, Jim Ellison, Bobby Beck, John Obrien, John Petty, Roy Worthy, and coach Mike Bradberry.

## Steers Prepare For Black-Gold Clash

By DAVID PICKLE

The Big Spring Steers went through a tough scrimmage Saturday morning in preparation for the traditional Black-Gold game that ends spring training.

Quarterback Club members are pressing for a big turnout Friday evening for the game. Club officials said it was tremendously important to demonstrate fan support to the Steers, and secondly, the club is in the hole financially for this year's activities and urgently needs the proceeds to gear it for a big season next year.

"It will be as much a game-type situation as we can get it," head coach Clovis Hale said. The rosters will be made up Wednesday night following workouts on Monday and Tuesday and a scrimmage Wednesday afternoon. "The spring game is the highlight of spring training," Hale said. "I want the kids to get out there and, by golly, just have a good time." "The game is where we're going to have our fun."

Hale said that the films from Wednesday's scrimmage were not as encouraging as he had hoped they might be. He spoke particularly of the defense.

He said that the defense stunted almost exclusively in the workout after working on the technique for only two days. This way he said the offense was able to run more than it would against the Steers' normal defense, the 60 regular.

Hale continued to be pleased with the Big Spring offense saying that all but three or four plays have been worked into the system. Last year the Steers spent almost the entire spring trying to master the basic Big Spring offense, the Veer T.

This season Hale said the players worked on the Veer for only the first two days of practice. He said Monday and Tuesday drills will be dedicated largely to refining the offense. "We have been working on getting in the plays. Now we have to polish it," he said.

The quarterback situation remains a tight race between Alan Davis and

Tom Sorley. Hale said currently Davis is probably the No. 1 man, but Sorley is very close behind. Hale said the top quarterback will not be decided until the two-day workouts next spring.

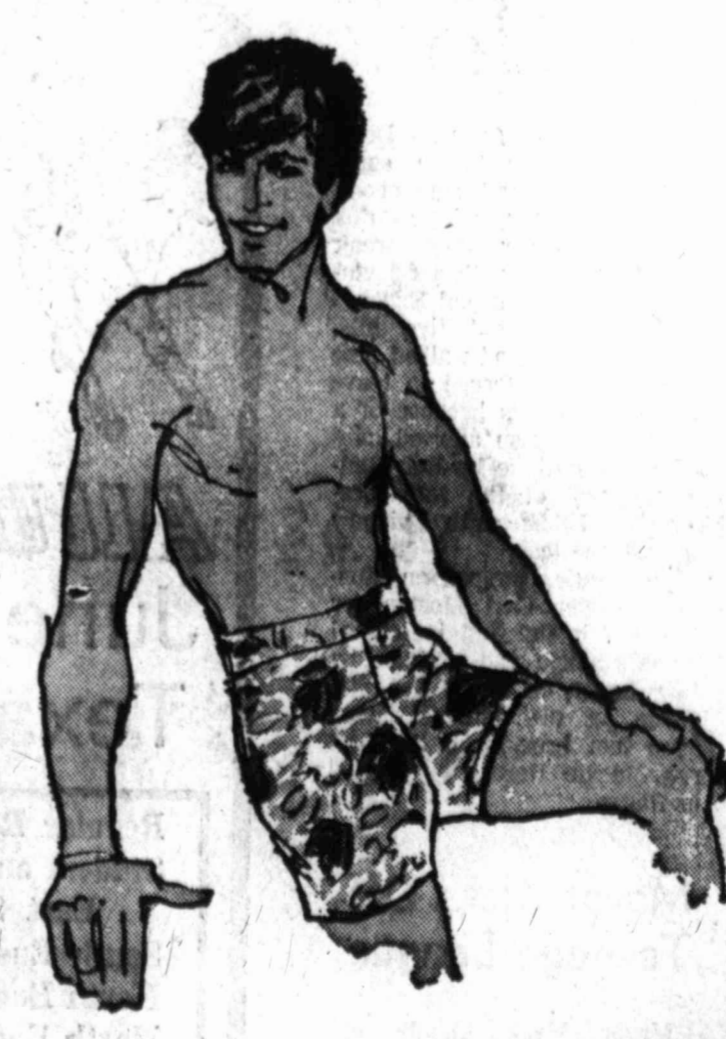

Davis and Sorley called the plays all spring until the scrimmage Saturday morning, but the coaches wanted to see all of the offense on film, so they called the shots.

Hale said during the regular season, he will try to work up to letting the quarterbacks call their own plays during the game. "If the quarterbacks can call the game, I think it means more motivation to the team," Hale said. He said he believes both quarterback candidates have the potential to call their own plays.

Hale said last year he called the plays for the first three or four games before turning the controls over to Mike Adams. "I'm still pleased with our attitudes this spring," Hale said. "The leadership has been good." He mentioned the names of Craig Brown, Alan Davis, Billy Truitt and Dick Conley.

## Weaver Holds On To Memphis Lead

MEMPHIS, Tenn. (AP) — Bert Weaver, the host pro, clung to a one-stroke lead through three rounds of the \$175,000 Danny Thomas-Memphis Open Golf Tournament Saturday as Lee Trevino's charge faded.

The 40-year-old Weaver matched par 72 on the Colonial Country Club layout where he assumed the head pro job last year.

That gave him a 54-hole total of 212-four under par—on the demanding 7,195-yard lake-laced course.

Big J.C. Snead remained one back with a 72-213.

The visibly angry Trevino, the defending champion who once shared the top spot on this warm sunny day, missed two birdie opportunities and bogged the final hole for a 73-214. He was tied at that figure, two strokes back, with veteran Doug Sanders, who had a 72.

## Oakland Rallies

KANSAS CITY (AP) — Mike Epstein hit a three-run homer and Ollie Brown keyed a two-run sixth inning rally with his first American League hit, leading the Oakland A's to an 8-5 victory over Kansas City Saturday.

# Hindsight

By JOE HINDS

TIM SMITH

"I don't know why you say goodbye; I say hello." — The Beatles.

It seemed rather unusual when three assistant football coaches at Big Spring High School announced their resignations late last week. But after taking a closer look at the situation, it wasn't unusual at all.

Clovis Hale, head coach of the Steers, wasn't even surprised. He said, "Last year was the unusual year: we kept the entire staff together."

The three assistant coaches announced that they would be leaving the Spring city to assume new coaching positions or to continue their education.

Coach Hale continued: "This year is closer to the average. We usually lose two or three coaches, who move up into stronger positions. These were all professional moves, and that's what you have got to look for in this profession."

Tommy Fambrough, Tim Smith, and Bill Moore tendered their resignations after working from two to three years as Steer assistant coaches.

Fambrough, who coached Steer kicking specialists, is returning to West Texas State to work on a teacher's certificate. He was a kicking specialist for the West Texas State football team, but during his sophomore year he tore a muscle in his leg. He still finished the season as the number four kicker in the nation. He was hampered by the injury so that he could only kick extra points his junior year, and he had to drop out his senior year.

Fambrough is still interested in playing football. He said that he might try out for a kicking-specialist slot on a professional team. "I'll try out for any team. All I want is a chance."

He concluded, "I really enjoyed my two years here in Big Spring, and I'll always remember the time I spent here."

Smith, who coached the defensive ends, is going to Alamogordo, N.M., as an assistant defensive coach for that high school. He will be an assistant to Garland Braun, who accepted the head coaching duties there March 9 of this year. Braun also was an assistant on defense at Big Spring.

Alamogordo High School, a 4-A New Mexico school, has about 2,500 students. Braun will have 27 coaches working for him.

Smith, who played as an offensive guard and a defensive tackle in 1962-64 at Big Spring High School, talked about the move: "I'm the kind of guy who likes to move around. I've been in New Mexico twice and I like the area, so when Garland called asking for help, I couldn't turn him down. I regret leaving Big Spring though. It was a very hard decision to make since I was raised here and my mother and brother live in town."

He has been at Big Spring for two years. He coached the defensive corners last year and the defensive ends this year. He will be coaching the defensive seven-technique at Alamogordo.

Moore, the Steer defensive tackle coach, is going to Bryan High School to work as an assistant for the new head coach, Merrill Green. Green was the former Abilene Cooper head coach. Moore said, "Green offered me a good job, and I couldn't turn it down. I'll be leaving in June to manage the Briar Crest Country Club swimming pool in Bryan for the summer." The former offensive guard at McMurry College will coach the defensive linebackers and offensive line at Bryan.

He has lived in Big Spring for three years. He concluded: "The Steers have a tremendous bunch of seniors this year. They were all freshmen when I came here. I've seen them develop and have watched them mature. This has been the best spring training session that I've seen since I've been here. Big Spring should be very strong this season. I have really enjoyed the town and the school and all the people. It was one of the hardest things deciding to leave Big Spring."

In conclusion, I, too, must announce a move. I am going back to college to further my education. This will be the last Hindsight column. I have really enjoyed my two and a half years in Big Spring, and I hope to return someday to visit. Thank you for your West Texas hospitality.

TOMMY FAMBROUGH, left, and BILL MOORE, right.

ALI GETS A SON — Former heavyweight boxing champion Muhammad Ali visits his wife Belinda and their new son at the Women's Medical College Hospital in Philadelphia. The couple who have three girls named their first son after his father, Muhammad Ali. The child was born on Sunday in Philadelphia.

Well, 'ol Rusty dun gone and dunit! Last Saturday Rusty Marten loaded his boat, his gear, and his wife and daughter and traveled to Lake Champion for a leisurely day of fishing. After 45 minutes of slow relaxed fishing, Rusty placed a plastic worm near a point and felt a light tap on his line. He set the hook and knew he had a good one. He guessed the weight on the other end of his line at 4 to 5 pounds and started the retrieve. After a few turns of the reel handle that 4 to 5 pounds weight broke the surface of the water and Rusty saw that he was looking down the throat of something more than a 5 pounder. He yelled at his wife to get the net. Well, it seems that battery acid from a previous day's accident had shrunk the net down to the depth of a tennis racket and all Vicky could say was, you're on your own, Rusty. After allowing the bass to wear himself down a little, Rusty got him up to the boat, placed a firm grip on its lower jaw and pulled in a bonafide lunger weighing in at seven pounds, fourteen ounces!

This places Marten holding the record for the largest bass officially weighed-in by a club member. The record was previously held by Ken Lancaster, who won the 1971 big bass award with only a one ounce smaller 7 lb. 13 oz. lunger.

### BRADY TOURNAMENT

Today puts the Big Spring Bass Club Brady competition in its second and final day. Approximately 35 members are thrashing the water in Brady Reservoir seeking that first place bass. There will be four places awarded today for the four largest three fish strings and one lunger prize for the largest bass.

### SPAWN

It seems one of the best times to catch fish is centered around the spawn each spring. This spring however, that hasn't been the case, simply because no one seems sure if the fish have or have not spawned. Some area lakes report that spawning has occurred, others aren't sure. There have been fish taken from area lakes showing signs of being on the nest from early February right up to the present, yet there are no large scale signs as to an overall spawn in most area lakes.

Whatever happens there is a likely chance to hang a big one this time of the year if you fish slowly and stay awake as you never know how the bass will hit your bait. The main factor involved in catching fish during this season is to go fishing! Bass Wishes.

## Quarterback Club Is In Hole

Coaches at Big Spring High School will turn to the task of choosing up sides for the annual Spring football game, a Friday night contest in Memorial Stadium which is again being sponsored by the Quarterback Club.

The club went a little over \$200 in the hole when it sponsored the recent Spring banquet. Tickets for the game, which climaxes three weeks of toil for

the team, sell for \$1 each and are available from any Quarterback Club member.

Al Valdes, Martha Poss and Ray Lawlis are co-captains of the booster club.

The club went a little over \$200 in the hole when it sponsored the recent Spring banquet and needs a good gate in this

venture to get a running start toward a successful 1972-73 school year.

Coach Clovis Hale says the Steers have made excellent progress since the workouts started two weeks ago, especially in defensive phases.

Alan Davis will quarterback one of the teams Friday while

Tom Sorley will direct the other one. Also available for signaling duties will be Barry Canning, recently promoted to the varsity squad.

As usual, there will be an early game Friday in which freshman players will compete. That one should get under way shortly after 6 p.m.

EVERY NIGHT THE YEAR ROUND

# Price, St. Paul's Collide Thursday

The stage has been set for the first big confrontation of the year in the Big Spring Slow Pitch Softball Association. The only two undefeated teams remaining in the league, the Price Pavers and St. Paul's Lutheran will play at 10 p.m. Thursday. St. Paul's, however, will face stiff competition Monday night when it plays the first-place team in the National Division, the Big Spring Jaycees. Price has only to get by lowly Intech, winner of one game in six starts.

Last week the Pavers defeated the Big Spring Jaycees, 11-4, and Coahoma First Baptist, 17-4. St. Paul's downed the Untouchables, 16-3, and Hillcrest Baptist, 7-1. Big Spring First Baptist, co-leaders with the Big Spring Jaycees last week, encountered rough sailing and dropped two games. It lost to Bill Reed Insurance, 14-5, and Midway, 11-10, in eight innings. The standings:

AMERICAN DIVISION	
Price Pavers	W 1
St. Paul's Lutheran	W 1
Hillcrest Baptist	L 1
Bill Reed Insurance	L 1
Bob Brock Ford	L 1
Intech	L 1

NATIONAL DIVISION	
Big Spring Jaycees	W 1
Big Spring First Baptist	W 1
Midway	L 1
Untouchables	L 1
Coahoma First Baptist	L 1
Coahoma Jaycees	L 1

# Indians Grab 2nd ABA Crown

UNIONDALE, N.Y. (AP) — Roger Brown scored seven of his game-high 32 points in a third-quarter burst that carried the Indiana Pacers to a 108-106 victory over the New York Nets Saturday to win their second American Basketball Association championship in three years.

The Pacers, who also won the championship in 1969-70, put the Nets away with a 25-14 scoring surge led by Brown at the start of the third period in the sixth game of the best-of-seven series. The rally gave Indiana an 81-70 lead, its largest margin of the game and helped the Pacers withstand a frantic rally by New York at the end. The Nets, trailing 104-95 with less than six minutes to go, came back to within four points at 105-101. Then Brown turned hero again and threw in a clinching three-point play to give Indiana a 108-101 lead with one minute to go.

New York trimmed it to three points on a field goal by Jim Ard and two foul shots by Rick Barry before time ran out at the end. A three-point try by Bill Melchioni, who led New York with 22 points, just missed the basket at the final gun. The teams were tied 56-56 at the half after Indiana came back with a strong finish to wipe out a 12-point Net lead.

# Alton Powers A Big Double

Ricky Moore notched his first pitching victory of the year and David Alton slammed a base-loaded double in the last of the sixth to lead the Rangers by the Devils, 6-4, in the National Little League Wednesday. Alton's double brought home three runs to bring the Rangers back from a 4-3 deficit. Brian of the Devils had two hits, the only player in the game to have more than one. Friday, the Bugs used a home run by Billy Cooper in the first inning to swarm past the Hawks, 14-3, in the National Minor League. The game was in doubt until the last two innings when the Bugs had two five-run innings to stash the game away. Four Bugs had three hits in the game. The players were Denny Owens, Cooper, Donald Brauer and Rodney Sanders. The team had a 22-hit attack in the six-inning game. Sanders collected the win for the Bugs. Kip McLaughlin was tagged with the loss.

# Longhorns Sign Two Tracksters

AUSTIN (AP) — Billy Jackson of Dallas Pinkston and David McKee of Dallas Jefferson have signed track scholarships with the Texas Longhorns. Jackson ran a 46.8-second leg on Pinkston's winning mile relay at the state meet and has career bests of 9.6 in the 100-yard dash, 38.4 in the 330 hurdles, 1:56.1 in the half mile and 22 feet 8 1/2 inches in the long jump. McKee, 100 and 220 champion in District 11-A, has run the 100 in 9.5 and the 220 in 21.3.

# Don Robison Hits Home Run In Win

The Cabots used the home run hitting of Don Robison to edge past the Jets, 8-5, in an American Little League make-up game Saturday morning. Scott Augustine, the Cabot right fielder, had three hits to provide more offensive punch for the winners. Scott Robertson had two hits to lead the Jets. The winning pitcher for the Cabots was Leland Daniels. The loser was Rodney Floyd. The win gave the Cabots a 6-4 record while the Jets slipped to 2-7.

# Cards Tackle Marfa; Tigers Tangle With Colts

The Big Spring Cardinals lay their undefeated record on the line when they journey to Marfa today for a return engagement.

The Cards polished the Indians here in a game earlier in the season, but Marfa has been strengthened by the addition of several college players to the lineup. So have the Cards, who now have Pat Martinez Jr. and Benny Marquez back in the lineup now that their collegiate season has ended.

Manager Frank Rubio said that he likely would start Leon Hobbs on the mound, although Junior Mendoza could get the nod. Jody Flores and Orlando Olague are ready for relief.

The starting lineup will see Felix Martinez at shortstop; Pat Martinez Jr., first base; Jessie Zapata, centerfield; Billy Pineda third base; Benny

Marquez, rightfield; either Jessie Olague or Sammy Rodriguez at second base; Abel Ramirez, leftfield; and Joe Martinez, catcher. Pano Rodriguez and Mingo Rubo may see action.

In defeating the Piedras Negras, Mexico, team here last week in a double bill, the Cards stretched their record to 6-0 for the season.

The Big Spring Tiger Cubs will try to improve on their 2-5 season record Sunday when they play the Plainview Colts at Steer Park.

Admission to the 2 p.m. game is 75 cents.

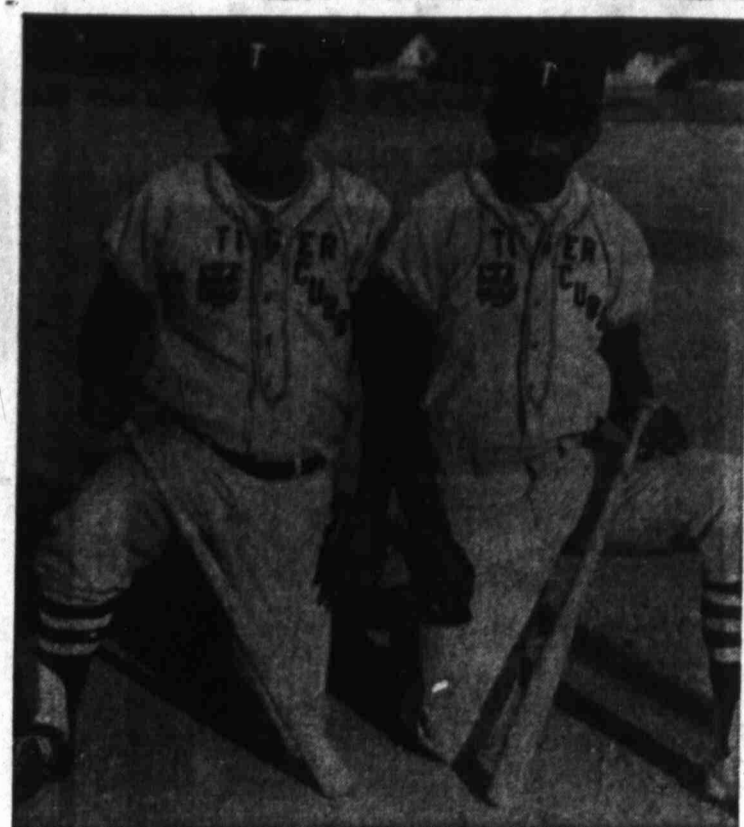

Villa Pesina will be on the mound for the Big Spring. The Colts will provide adequate opposition for Pesina. They have a 4-1 record. In their last action, the Tiger

Cubs split a doubleheader with the Snyder Red Legs, winning 4-2 before losing 4-3. In the win, the Tiger Cubs slammed out 10 hits.

Gilbert Rodriguez, one of the Big Spring relief pitchers, has been promoted to the job of co-manager. He will assist the current manager, Viltoiso Garcia.

Probable starting lineup for the Tiger Cubs is Juan Cervantez at catcher, Pesina at pitcher, C. Q. Cervantez at first base, Adam Yanez at second base, David Gamboa at shortstop, Henry Haro at third base, Billy Diaz in right field, Ernesto Garcia in center field and Mike Gamboa in left field.

Mike Gamboa and Ismael Paderez will be in the bullpen in the event that Pesina gets into trouble.

TWO TIGERS — Gilbert Rodriguez, left, recently assumed the duties of a co-manager for the Tiger Cubs. To his left is one of the powerful sluggers for the Tigers — C. Q. Cervantez. Cervantez will be starting at first base in his team's game with the Colts today.

# Hawks Tip Stars In American L.L.

The Hawks got excellent hitting from the first three batters in their lineup Friday night to defeat the Stars, 8-2, in the American Little League. Leadoff batter Mike Evans had two hits, Richard Bumgarner had two and third batter Charles Vernon had three to pace the Hawk attack. The Hawks had only one hit besides those.

Vernon shut the Stars down on three hits. Tim Doering absorbed the loss for the Stars. The win left the Hawks with a 5-5 record. The Stars are now 4-5.

# BOWLING

Results — Coog Find Electric over Nalley Pickle Funeral Home, 3-1; Kniehl's Pharmacy over Reader and Associates, 3-1; Big Dipper Donuts over Stuckey's Pecan Shoppe, 3-1; Leon's Pumping Service over Goodyear, 3-1; Hanson Trucking over Manuel's Barber Shop, 3-1; Team No. 7 and Fine No. 4, 2-2 tie; high individual game (women), Opelle Flores, 236; high individual series (women), Lida Stroupe, 665; high individual game and series (men), George Urbie, 226 and 607; high team game, Fine No. 4, 773; high team series, Big Dipper Donuts, 220.

Standings — Fine No. 4, 881-471/2; Kniehl's Pharmacy, 93-51; Stuckey's Pecan Shoppe, 79-1; Big Dipper Donuts, 74-60; Leon's Pumping Service, 74-52; Coog Find, 72-47; Nalley Pickle Funeral Home, 29-46; Reader & Associates, 63-73; Tolly Electric, 61 1/2-74 1/2; Goodyear, 59 1/2-79 1/2; Hanson Trucking, 59 1/2-76 1/2; Team No. 7, 59-77; Smith Transport, 55-61; Manuel's Barber Shop, 31-45.

Track. The 27-year-old girl has established herself as a top-flight rider in the spring meeting at Aqueduct. She hopes to do the same at Belmont, but so far, is winless in 11 races.

# All-SWC Baseball Team Is Selected

DALLAS (AP)—Here is the 1972 All-Southwest Conference baseball team as selected by the Associated Press: 1B — Doug Ault, Texas Tech; 2B — Mike Markl, Texas; 3B — David Chalk, Texas; Shortstop — Barry Hoffpauer, Texas Tech; C — Bill Berryhill, Texas; out-

fielders — R. J. Snglert, Texas A&M, John Astroth, SMU and Jimmy Torres, TCU. Pitchers — Frank Johnstone, TCU, and Mike Pettit, Rice. Utility infielder — Sheldon Kaufman, Rice; Utility outfielder — Terry Pyka, Texas.

Player of the Year — tie Ault, Tech, and Johnstone, TCU. Coach of the Year — tie Frank Windeger, TCU, and Doug Osborn, Rice. Frosh of the Year — Pitcher Martin Flores, Texas.

# La Mesa Opening Is Second To One

"The \$322,270.00 mutual handle that we had this past Saturday and Sunday is the second-best Opening Week-end handle in the 27 year history of La Mesa Park," stated President Eric N. Culver. "It is topped only by last year's figure of \$338,919.00 and we had perfect weather for both

days of racing then. This year's first day was windy and chilly, although we did have good weather on Sunday. With all of our stakes races headed for new all-time high purse monies and our stalls filled with the finest calibre of runners ever to compete here, we are expecting one of our most successful and colorful meets this summer," said Culver.

Double knit trousers for the man who's outgrown kid pants.

Designed for the man who's been around long enough to know his own mind. Who wants to stick his legs into flattering double knit comfort. Who likes the idea of distinctive fabrics in solids and patterns. Who wants a dash of adventure in the styling. You don't have to have a "matchstick" build to look good in Spydermarks. They're made to look right — feel right. On a man — not a mannikin.

## Clear And Calm Is Weather To Troll

Clearing waters and calmer weather encouraged a return to trolling at Lake E. V. Spence toward the end of the week.

One result was a report of good catches of white bass. Don, Daniel, Jim and Bill Murray of Odessa reported boating 50 of these fish.

In general, channel cat continued to dominate the fishing strings at Lake Spence. Mr. and Mrs. Howard Edmondson, Odessa, had 12 of them ranging up to 4 1/2 pounds. Jim, Elizabeth, Stella, and Martha Bickley of Robert Lee boated 15 channel cat, while O. F. Adams and family of Monahans reported catching 40 channel cat.

Hank Baker, Robert Lee, hooked a 15-pound yellow cat, plus half a dozen channel cat from two to four pounds.

L. B. and Louis Wooley, San Angelo, landed a pair of black bass weighing four and 4 1/2 pounds. James Jennings, Odessa, reported stringing 17 channel cat up to two pounds. Reports for Lake J. B. Thomas reflected murky waters, but that fisherman were reporting good luck.

## Lions Roar By Devils In NLL

The Lions lived up to their name Friday night as they roared past the Devils, 22-10, in the National Little League.

Lion hitters had 18 hits in the game while the Devils could muster only four.

Each team scored every time it came to bat in the game. The Devils, though, could not put together the six, five and four run innings that the Lions did.

Paul Spence and Ricky Thompson hit home runs for the Lions, and Brian Nikolai had one for the Devils.

Players with two or more hits for the Lions included Ernie Morgan, Jeff Scott, Kenzie Fowler, Spence, Thompson, Robert Winkle and Gary Wilkerson. Mike Madry was the only Devil with more than one hit.

The Lions now have an 8-0 record, and the Devils are 1-6. The Lions will face the Cardinals Tuesday night in a battle for first place.

## T-Birds Barely Tip Rockets, 6-5

The T-Birds pushed across a run in the bottom of the sixth inning Friday night to defeat the Rockets, 6-5, in the International Little League.

Ken Coffey went the distance for the Rockets to get credit for the win. Coffey gave up five hits and struck out five. Robert Smith was charged with the loss.

Coffey was one of the leaders in the offensive attack for the T-Birds by hitting a single and a double. Peter Neill chipped in a single and a two bagger, also. Gary Normandeau had two singles. Mike Domino was the only Rocket to get more than one hit. No Rocket had an extra base hit.

## For Rent:

## Unmarshalled Fight

The way a special study of how Federal anti-crime aid has been utilized sees it, the results border on the criminal.

According to a congressional subcommittee charged with the task of investigating the Justice Department's Law Enforcement Assistance Administration's work, the waste has been enormous and the program's impact on the war against crime nominal.

The report claims the \$1.5 billion spent to date in block grants to states for implementation of anticrime programs "has had no visible impact on the incidence of crime in the United States." According to the probers, the program's efforts have been blunted by diversion of money for political purposes, waste on exorbitant consultant fees, and expenditure of excessive amounts on equipment, frequently without proper bidding procedures.

This is a serious indictment not only of administration of the anticrime funds but of the entire system of block-grants of aid to states. For instance, President Nixon's revenue-sharing proposals are based on just such block-grant procedures; each state would receive its share of federal dollars to do with as it will. Evidence

collected in regard to the workings of the anticrime program provides opponents of revenue-sharing-through-block-grants with fresh and potent ammunition.

But more narrowly, considering only the evidence of wasted effort in combatting crime, the cause for consternation is acute. Crime is a tremendously costly drain on this nation, quite aside from the human suffering caused its victims. According to Morgan Guaranty Survey, illicit wagering alone funnels nearly \$20 billion into organized crime. Heroin outlays total another \$6 billion. Sales of marijuana and other drugs contribute many more billions. And the losses suffered

from thefts, burglaries, robberies add yet more billions to the economy of crime. This is a cost borne by all Americans, not just those who bet or who are ensnared by narcotics or who are robbed because it diverts that tremendous sum of money from legitimate uses and from the legitimate economy into the criminal sector.

In the face of this loss, the \$1.5 billion spent by the government on anticrime projects and the state and local expenditures which bring the total anticrime spending to \$6.7 billion is relatively small. To see significant portions of this limited financial commitment to combating crime diverted or wasted is inexcusable.

## Exemplary Public Spirit

Cosden Oil & Chemical Company has given a plastics molding machine, complete with all tools and equipment, to Howard County Junior College for use in its plastics technology training classes.

In terms of dollars alone this is an extremely valuable gift, but in terms of what it means to the plastics training program, value hardly can be calculated. Last autumn, Cosden permitted the college to draft one of its technicians, to become

the plastics instructor at the college, so help extends far beyond material aid.

It might be argued that this is enlightened self interest for Cosden, a leader in the plastics field, but it also is an example of unselfish public service by an industrial citizen. Both community and college benefit tremendously from such a spirit.

## What's The Hurry?

### Around The Rim

Walt Finley

Remember when the vapors which gathered around Cosden was called smog? Now it has been promoted to "industrial haze."

Here's a vacation suggestion from my fishing uncle, Rucsell Harris, ex-olman turned Blue River pro: "While on vacation, write you psychiatrist a postcard: 'Having a wonderful time. Why?'"

THE COST of building highways went up another 7.5 per cent, the Federal Bureau of Highway Administration announced.

To show how backward things were in the days of my youth, under those circumstances the building of highways would have been stopped until prices went back down.

Of course as a result we weren't able to dash to grandmother's house on four-lane, divided, 70 miles an hour speedways, but we did go over the river and through the trees and arrived unhypnotized.

What's the hurry? We really aren't going any place anyway. Unless it's to the poorhouse.

COWBOY GLENN Moffett on Hall Ranch says he'll compromise and go for the metric system if all those people in other countries will quit talking English in ridiculous accents.

His side-kick, Keith Lloyd, reports the Indians have gone to bumper stickers. There's one saying:

Indian Affairs  
Are the Best  
And another:

The fox scarf of the 1930s, complete with dangling paws and tail, has made a fashion comeback in one collection, the AP reports.

Stick around, old folks. We're coming back in style.

MY CALCULATING cousin, Jimmy Ladd, Los Angeles, Calif., has decided two vacant lots filled with Johnny-on-the-Spots would be called W. C. Fields.

Sage of Scary Street, A. J. Vaughn, says baseball star Joe Torre takes a sack of drumsticks to eat between games of doubleheaders, and this is known as the "Chicken cache o'Torre."

Boooo! Boooo!

The thought for the day is from my ice-eatin' aunt, Fannie Everett:

"They say he married her because her uncle died and left her a million dollars."

"I don't think he's that kind of boy, I think he'd have married her no matter who left it to her."

TOMMY JORDAN, who can still wriggle into the upper part of his World War II military uniform and did Tuesday, says:

"An optimist is a person who feels bad luck is better than no luck at all."

Does a guy who burns the candle at both ends prove there's no rest for the wicked?

## My Answer

By BILLY GRAHAM

The newspapers, television and radio tell us constantly of churches and religious leaders praying for peace. How can there be peace in a world where there is so much strife, injustice and selfishness? G.B.

When Christians pray for peace, they are praying that conditions may prevail where peace is possible. Certainly, they are not praying for "peace at any price." Even our Lord said, "I came not to bring peace but a sword." What did He mean by that? I believe that He meant that there is conflict in the world — between good and evil, between righteousness and unrighteousness. He meant that we should recognize this conflict. The Bible says: "We wrestle not against flesh and blood, but against principalities and powers, against spiritual wickedness in high places." As long as Christ delays His coming, there will be conflict in the world. Jesus predicted this when He said, "There shall be wars and rumors of wars." War is inevitable as long as greed, selfishness and sin live in the hearts of men.

Hence, when I pray, I do not pray for appeasement with unjust men, for compromise with evil, or for peace

at any price. But I do pray that men, motivated by evil, shall come to know Jesus Christ. When they know Him, the causes of war will be removed, and righteousness and peace will reign in the world.

## Corporate Profits Grow Sharply

NEW YORK (AP) — Despite Phase 2 curbs on profit margins, U.S. corporations scored big earnings increases in the first three months of 1972, the government reported this past week.

The Commerce Department said before-tax corporate profits rose \$5.6 billion to a record \$91.6 billion at a seasonally adjusted annual rate.

The increase wasn't as big as the \$11 billion rise in first-quarter profits last year, but the 1971 figure was artificially heightened by a business rebound from the General Motors strike, observers noted.

The department also released a revised first-quarter report on gross national product, the output of the nation's goods and services, that showed the economy fared slightly better than had first been reported a month ago.

### NEED GNP REPORT

The new report said GNP market value of the nation's goods and services rose 12 per cent at an annual rate instead of the 11.3 per cent announced originally, and that inflation advanced at an annual rate of 6 per cent instead of the 6.2 per cent reported earlier.

The economy actually grew at a rate of 5.6 per cent when inflation is discounted.

The Nixon administration announced it would try to "mod-

erate the future pace" of the accelerated business expansion to avoid reviving inflationary pressures.

Meanwhile, the first major divestitures by International Telephone & Telegraph Corp. under its 1971 antitrust settlement with the Justice Department were announced Tuesday. ITT said it had reached agreement in principle to sell two units, ITT Hamilton Life Insurance Co. and its subsidiary, ITT Life Insurance Co. of New York.

### GIFT SAID OK

In another development involving ITT, a federal judge in San Diego held that the giant corporation did not violate the federal corrupt practices act when it contributed \$100,000 to aid the Republican National Convention. The judge dismissed a suit brought against ITT by California Secretary of State Edmund G. Brown Jr. On Thursday, the Justice De-

- GE reciprocal agreements draw anti-trust suits

## Nearing Deadline

Marquis Childs

HELSINKI — Right down to the wire the bargaining over the terms of a strategic arms limitation agreement goes on between the delegation of the United States and the Soviet Union. Working out the final details — crossing all the t's and dotting all the i's — is arduous, exacting business with always in the background the threat that something at the last minute may go wrong.

At this writing, shortly before President Nixon is due to arrive in Moscow hopefully to sign a SALT agreement, there is not the slightest indication that the mining of North Vietnam harbors and the greatly extended bombing has cooled the atmosphere at the talks. On the contrary, the Soviet delegates seem more cordial than ever.

NOTHING WOULD have surprised the Americans here when word first came on what the President intended to announce in his televised address to the nation. If the talks had been broken off and the work of two and a half years gone down the drain or at the very least put in cold storage, it would have been a probable consequence of the blockade of Soviet ships supplying Hanoi. Thus far in the plenary and private sessions the subject has not been brought up.

The chief Soviet delegate, Vladimir Semenov, is his cordial, friendly self. A highly cultivated man, he has a generous sense of humor. Yet in the square set of his face are the unmistakable lines of power and authority. It is a reflection of his position in the Kremlin hierarchy and the authority that is his to negotiate a SALT agreement.

ONE OF THE achievements out of this long effort is the relationship of confidence built up between Semenov and the head of the American delegation, Gerard C. Smith. The same goes for others in the American delegation and their opposite Russian numbers during the often seemingly interminable talks covering in

minutest detail the safeguards of an agreement meant to bring a pause in the nuclear arms race.

Powerful elements in the military-industrial complex would like to see the agreement frustrated or, failing that, convince Congress and public opinion that it endangers America's security. Leaking the highly classified documents that give exchanges at the conference table serves that purpose. They seem to show Americans trading secrets, playing footsie with the wicked, intriguing Russians who are bound to take the eye teeth of the innocent Americans. The other side of this coin is that with sufficient power, all the power we want, we can have our way everywhere even in Vietnam.

THE RELATIONSHIP developed in Helsinki and alternately in Vienna owes not a little to the two heads of delegation. A quietly devout Roman Catholic, Smith has dedicated himself to the success of the undertaking. Learning to speak Russian, he has steeped himself in the literature and history of Russia, past and present. With Semenov he often discusses Tolstoy, Pushkin, Bulgakov and other classic and contemporary writers.

Cliff-hanging is a specialization of the peacemakers. Untoward events, such as the downing of the U-2 spy plane in 1960, have again and again upset their best-laid plans and fondest hopes.

Coming so close to the end with the peril of the new phase of the Vietnam war and the possibility of a major incident such as the sinking of a Soviet or an American ship, the cliff-hanging is of a singularly harrowing kind. You can be sure that in Moscow, geographically so close and ideologically so remote from independent-minded Finland, are those who want to frustrate the agreement. Like the weaponers of America's military-industrial complex, they believe in nothing but power and evermore power.

## Fiery Crash Is Fatal To Girl

FORT WORTH, Tex. (AP) — One person was killed and two injured in the fiery collision of car and a pickup truck Friday night near the south edge of Fort Worth.

Gail Jordan, 14, daughter of Mr. and Mrs. Willie V. Jordan, died before reaching a hospital. The injured are Lisa Sharp, 16, and Kim Sharp, 18, children of Mr. and Mrs. Kenneth Sharp.

Kim was reported in good condition at Peter Smith Hospital here with head cuts. Lisa was transferred to Parkland Hospital in Dallas with burns on the hands, arms, legs and back.

Witnesses told police both cars were southbound on the South Freeway when one of the drivers apparently lost control of his vehicle and served into another lane.

The truck containing the Jordan girl and the Sharps glanced off a railing, began skidding and wrapped around a bridge abutment, police said.

The truck then split and the cab burst into flames.

All three persons riding in the pickup were thrown out.

There were apparently no serious injuries to persons in the car.

## Brakes On Food Prices Help Modify Cost Of Living Rise

WASHINGTON (AP) — Grocery prices halted their rising spiral and dropped two-tenths of 1 per cent in April, helping to hold over-all living costs to a relatively small increase during the month, according to the Bureau of Labor Statistics.

The bureau said Friday that the cost of living went up two-tenths of a per cent—the same rate that grocery costs declined. The amount of the rise, which pleased the Nixon administration, triggered a cost-of-living increase worth \$165 million to retired government workers.

"We are pleased that, at a time of strong recovery, the economy is also continuing to move toward the President's goal of a much-reduced inflation rate," said Dr. Marina Whitman of the Council of Economic Advisers.

The April rise marked the second month in a row that the increase was two-tenths of 1 per cent. Living costs in 1972 are averaging 3.4 per cent above 1971 costs, and are at the rate of 3.3 per cent through the first five months of Nixon's Phase 2 economic controls. For

## Boeing May Sell Jets To China

SEATTLE (AP) — Boeing Co. salesmen are in Peking to arrange a deal for about 10 long-range jetliners, probably 707s, valued at nearly \$100 million, the Seattle Post-Intelligencer said today.

The newspaper quoted unnamed government officials as saying the Boeing team may be on the verge of a deal with the Chinese.

It is a commonplace that George Wallace, whose tragic incapacitation the whole world deplores, and George McGovern have been appealing to substantially the same people, and we are supposed to scratch our head and wonder why. I think I know. Wallace's extra-segregationist appeal has to do with the reduction of taxes, and so does McGovern's. Both the reduction of taxes, which people (quite rightly) desire, and the imposition of some form of punishment on other people (the alleged profiteers, the greedy, acquisitive rich). But George McGovern, unlike George Wallace, has strung out his thoughts in intelligible prose, and this now has been collected, and analyzed, in an extraordinary set of articles called: "The Economics of George McGovern," in National Review.

THE FINDINGS are striking. It is just possible that in the history of the United States, no one with the substantial backing that George McGovern has achieved in the academy, has engaged in such fiscal charlatanism. Wallace's technique has been to arouse the masses with blurred images of comfortable white poultry-heads decreeing integrated schools from their private havens in Arlington, Va. McGovern is a soft-throated but utterly orthodox champion of the hoary notion that you can give everybody everything and just charge it to the rich.

THE EDITORS painstakingly put together the McGovern supplementary budget, carefully calculating the probable cost from available figures. The major item is of course the family allowance program, which calls for giving every man, woman and child \$1,000, for a net cost of \$43 billion. Federal health insurance would cost \$33 billion. Thirty million new homes, \$25 billion. The day care centers, \$20 billion. One-third the cost of education, \$12 billion. Job training, rural economic development, urban renewal, pollution control, public transit, school and hospital construction, food stamp, crime and drug control and miscellaneous scholarships, added to the above figures total \$159 billion.

HOW WOULD President McGovern pay for this? Never mind for a moment the strategic implications — in defense, in the value of the dollar, in international trade — just accept his figures. He would reduce defense spending by \$30 billion, get \$17 billion more from increased corporate taxes, six billion from a tax on the rich, \$5 billion from an inheritance tax, one billion from a reduction in welfare costs which would be made possible by the family allowance program. That comes to a reduction of \$59 billion.

A net deficit of \$100 billion. To which one of course needs to

add the projected 1973 deficit as things are now going. Thus the deficit would come to \$128 billion. If that were to happen, there would hardly be any point in paying each person \$1,000. One might as well pay him \$10,000. Because the dollar wouldn't be worth anything.

THE STUDY shows that the total income of everyone in America who makes over \$50,000 per year is \$3 billion dollars. Of that, \$17 billion is already paid over in tax. Mr. Henry Hazlitt has calculated that if one were to reduce the top tax rate from the existing high down to 50 per cent, the government would lose less revenue than it spends in a working day.

On and on it goes. Get the money by closing the loopholes? The biggest loophole is the deductibility of state and local taxes (\$5.6 billion). Does George McGovern really want to do that? Or would he end deductions for charitable contributions? (\$3.8 billion) Or shall we hand over the entire bill for Sen. McGovern's new America to the oil and gas industry? Their total deductions for depletion, exploration and development costs last year were \$1.3 billion.

THE STUDY is available, free of charge — write for "McGovern Pamphlet," Box 182 Murray Hill Station, New York, 10016 — and shows thearrant lengths to which fiscal populism takes us, and leaves us asking the question: of the two men, can it be confidently asserted that McGovern is the lesser drago? (Copyright, 1971, The Washington Post Co.)

## Boating On Wheels

AUSTIN (AP) — The Texas Parks and Wildlife Department will request \$108,724 in federal funds for a boating safety program which will include mobile presentations for 818 Texas secondary schools.

The money is Texas' share of a \$3 million appropriation for 1972 under the Federal Boat Safety Act of 1971. Texas is slated to receive \$217,812 for the program in 1973.

The mobile project will send five instructors to the schools in vans with appropriate equipment for conducting boat safety instruction program.

## Rustles Own Horse

BEAUMONT (AP) — Then there was the man who rustled his own horse.

A horse, roaming loose on a street, was taken to the City Pound.

When his master learned what had happened, he dashed to the pound. Finding no attendant there, he whipped out a hacksaw, cut the chain, and rode off into the sunset.

## A Devotion For Today . . .

The kingdom of God is not meat and drink; but righteousness, and peace, and joy in the Holy Ghost. (Roman 14:17)

PRAYER: O God, through Thy Holy Spirit visit us with Thy presence. Through Jesus Christ our Lord call us to repentance, reveal to us Thy will, and comfort us in Thy care. In Jesus' name. Amen.

(From the 'Upper Room')

### Representatives Inducted Into High School Council

There was a special seventh grade band practice Thursday at noon, student representatives of the future high school council met for their first eighth grade band practice. The meeting was held at the High School Student Council. Representatives are Ray Don, Box, Sidney Crow, and Suzanne Craig.

The faculty of Gollad, along with other instructors in the state, participated in the seventh grade State Teachers' Association banquet Thursday evening. The eighth grade will meet at dinner was held in the Big Spring Spring High School cafeteria, eighth grade assembly will be held in the high school gymnasium. Entertainment was furnished by recognition of the American Legion Award winners.

All library books were due in twenty, and those with ten, fifteen, and twenty-five years necessary before report cards can be issued.

## RUNNELS

### Choir Presents Concert, Announces Top Members

The Runnels Advanced Choir, directed by Miss Judy Storm, presented their final concert at the Comanche Trail Park Thursday evening in the high school auditorium.

**FE SCORES**  
Track and field scores were reported in the eighth grade physical education classes. The portraits were usually in full color, bleeding right off the edges of the jacket. They showed the featured musician relaxing in old jeans and blue work shirt, often in their own homes. An example of this cycle was the popular Carole King "Tapestry" jacket, but there were hundreds of others, including the first Crosby, Stills & Nash.

**PERFECT ATTENDANCE**  
Thirty-five students have perfect attendance for this year. They are Judy, Jimmy, Arriek, Delaney, Jimmy, DeWayne, Vito Garcia, Jay, Hancock, and Cheryl. Newcomer, Charles McKinney was named Cornell Kinnick, Sylvia O'Brien, and a ditty all over the choir. Annabeth Deal was like Pruitt, Paulette Scott, and the Runnels Jay Turner, Nora Valties, and John Valties. The CVAB class have been inducted.

Seay and Vanessa Mancini sang "A Cowboy's Work Is Never Done." Annabeth Deal and Joel Pace were presented awards for being Arriek, Delaney, Jimmy, DeWayne, Vito Garcia, Jay, Hancock, and Cheryl. Newcomer, Charles McKinney was named Cornell Kinnick, Sylvia O'Brien, and a ditty all over the choir. Annabeth Deal was like Pruitt, Paulette Scott, and the Runnels Jay Turner, Nora Valties, and John Valties. The CVAB class have been inducted.

## POP SCENE

### Record Jacket Decorations Follow Apparent Trends

**By JON CLEMENS**  
A hip museum, and there are such places, could do a fascinating retrospective on the Album Cover Art of the Rock Era. Like classic painters, the men who embellish record jackets create and follow distinct trends, all the while probably purchasing on impulse. They're keenly aware of what they're doing, however. Early rock covers — like the music on albums of straight didn't have much to do with what was packaged inside. Girls in bathing suits or less embellished mood music albums of the 50s, and anonymous crew cut types doing the jitterbug often decorated the album covers of early rock. This might be called the cave painting era of album jacket art.

**PSYCHEDELIC CRAZE**  
The psychedelic craze brought with it a wave of new album art, much of it using visual distortion gimmicks like the fish-eye lens photo (The Beatles "Rubber Soul" is an example) and later the work of original artists, many of these in the style of the mandala, a symmetrical design, like a kaleidoscope image, used to center consciousness. Some of the best of this style were done for the Grand Dead, the Sun, and the Sun. The Grand Dead, the Sun, and the Sun. The Grand Dead, the Sun, and the Sun.

**OLD STYLES**  
We are moving into a new album jacket art phase, notable for its stress on old typographical styles from the 40s. The "Workin' Man's Dead" is an example. Humble Pie's current jacket for "Snop" is a two type faces from the art deco period on a plain black background and a photo of the artist, Mucha, is evident in the Sun, the Moon, and the Herbs jacket. Mucha, well-known for his art nouveau theater posters of Sarah Bernhardt's day, used a three-panel panel setting of the featured artist. In this example, Dr. John, dressed in his "voodoo priest" outfit, is set off by a half-moon and a rhythmic and blues catalogue, a photograph of the artist, and a short block of idiosyncratic type from the same three-panel motif. The typography of '60s movie posters gets a workout on the "Valley" jacket, which looks like a late '50s jacket. It might be Republic Pictures' latest addition to your home-knocking 'em dead coast to coast with the sound of today's master convertible and what looks like a cheap movie set. Cooder's version of a son called "F.D.R. in Trinidad" completes the mood.

Old print styles star again in the last album from the now-disbanded Flying Burrito

## IT'S WHAT'S HAPPENING

### 'Taxi,' Vehicle For New Superstar

**By BARBARA LEWIS**  
record. Since Holzman is president of the company, Harry figured he would not have too much trouble convincing sales and promotion departments to give Chapin an all-out effort.

Harry's hunch has worked. His unorthodox contemporary folk song, "Taxi," has in three months carried him from a housewife, married to someone else.

"It is really a song about the joys of life," Chapin said. "Taxi" is really about two people who have broken the rules and are going to live together. It is a love song, and it is a love song.

like Carly Simon who arranged to have him join her on tour. His biggest break came in January when Elektra had a breaking even and making it. To qualify for a gold album, sales of LP's must be around 200,000, since the gold LP is based on \$1 million in sales, compared to a gold single which is earned for the sale of a million records. His hit single, "Taxi," as this week hit 15th spot on the Pop Scene Top 30 Chart.

From the beginning, Harry's road to success has been a team effort. Penny Ross, Elektra's publicity chief, brought his tape to Bill Lockwood at Lincoln Center. Carry introduced him to her manager, Arlene Holtberg, who also manages David Steinberg. She arranged for Harry to appear with Carry at the Troubadour in Los Angeles and with David Steinberg at Mr. Kelly's in Chicago.

Harry had put the group together for his showcase session at the Village Gate by setting an ad in the classifieds. He accompanies himself on the guitar, but he decided he should do with being high on drugs, he insisted.

Holzman had little trouble whipping up enthusiasm for Harry. Everyone at the comparatively small company threw their efforts in his direction, including other label performers such as the Grateful Dead.

**SCHOOL IRRELEVANT**  
He left school because it seemed "irrelevant," Harry explained. The independent Film Commission had a grant for Harry to make a short film. He was a dropout from the Air Force Academy in Colorado Springs and later from Cornell University.

**BIDDING WAR**  
"It got to be a bidding war. And, at 24, I was suddenly an overnight success," Harry explained. Elektra won. Not because they offered more money but because Harry himself had a lot of experience in the music business. He had gone so far as to get a job at a record store. He was probably the single most important factor in the ability to convince the record company that THIS record is THE

Holzman had little trouble whipping up enthusiasm for Harry. Everyone at the comparatively small company threw their efforts in his direction, including other label performers such as the Grateful Dead.

**NO DRUG INFERENCE**  
The most frequent misinterpretation of the lyrics involves a drug inference. The words, "I'm high in the sky in my taxi," are an illustration of a driver's frustration at not being able to do with being high on drugs, he insisted.

Holzman had little trouble whipping up enthusiasm for Harry. Everyone at the comparatively small company threw their efforts in his direction, including other label performers such as the Grateful Dead.

## Future Engineers Face Unemployment, Contempt

**By ROB KANIGEL**  
SAN FRANCISCO (FSS) — Between classes, San Francisco State College engineering students gather here at the Engineering Society to work out circuit-design problems, prepare thermodynamics lab reports or just rap about the state of the world.

It's only a hole in the wall, really, tucked away between laboratories and classrooms in the basement of the science building, but for many of the students, it's the crossroads of their work lives.

**ACCUSING DIGETS**  
It's a world that is frightening these days for the engineers. They look around and they see ailing steel mill is decreed as a source of pollution. Their revolutionary automobile line is called dehumanizing. Their superionic transport is condemned as a pointer of the upper man's atmosphere and a rich man's plaything. Even their space program is now suddenly a "misallocation of resources."

How have today's engineering students taken to all this? The Engineering Society bulletin board at San Francisco State offers two clashing perspectives: "I'm all out to develop a superionic transport that will go to Paris in three hours," argues Jerry talking about corporate higher-

it, an official full-color photo of notion among engineers. But on the other technological programs, Rosen, a brown-haired third-year electrical engineering prospect from Melbourne, Ark., concedes a pro-technology bias. "I'm all for putting things up there," he says of the space program. "It's an emotional trip for me. It's a discovery. Besides, electrical engineering is exciting. It makes more sense than blowing up people in Vietnam." But most engineers are in any event most engineers aren't prepared to go that far, students don't seem overly concerned about finding work after graduation. And interestingly, while most hope to fill slots in private industry when they graduate, many of them express a deep-seated distrust of the big corporations. They feel that while engineers take all the blame for things like pollution and dehumanization, it's the corporations who are really at fault.

"They just don't want to solve the problem," insists one student, referring to pollution. And expressing a kind of resignation about the surprisingly common among his classmates, he adds: "It's not something that you, as an individual, can do anything about. It's all got to be decided 'up there,' making it plain he's arguing Jerry talking about corporate higher-

Jean Adams' TEEN FORUM

**Shaft Trap**

**LOSERS:** (9) In our high school there are some guys who have lost a game called "the shaft trap." They have formed what they call the "Shaft Club." They seem to be quite serious. They have a club shield, motto, hand-shake, etc. They go around making up dirty songs about their exes.

**UNhappy HOME:** (Comment) If marriage is like what my mother and father have, I don't want to ever get married. I don't think I could stand a husband like my father is. He hits my younger brother so hard it brings blood. He tells me if I tell my mother how he will beat me. He makes us work so hard and long we are too tired to study. He treats my mother terribly. She is afraid to use her own car or spend her own money without getting an OK from him. She is afraid to do anything when he is around. I don't want to live like that.

**BRA DECREE:** (9) I decided to go braless and did for one day. When my mother saw me she said, "You should wear a bra." She said I have a big bust for my age (14), and that I should wear a bra. My bust is full but it is firm and doesn't really need much support. Don't you think I would look better without a bra? — Tried and Failed in Florida.

**(A) My personal opinion is that if a girl is fat-chested and doesn't wear a see-through shirt, going braless is fine. Otherwise she looks much better and her breasts will stay firm.**

**What are they trying to prove? And will they ever grow up? — Victim in Texas.**  
**(A) Yes, they will eventually grow up. But don't waste your time waiting for it to happen. Look elsewhere.**  
 A boy with a mind of his own is not likely to join a pack of losing cry babies.  
 So keep your eyes open for a boy with a lot of self-confidence who can take action on his own.

**Bryant, Carlile Honored During Senior Assembly**

**By RUTH PAYNE** — The Senior Assembly, the annual final meeting of the senior class, took place Wednesday afternoon in the BSIS auditorium. Members of the American Legion presented awards to Carlile Sam Chappell, outgoing Forensics club president, and Bobby Deane, student body president. The new president, the senior class, and the school song for the last time.

**BACCALAUREATE** — Baccalaureate will be held Saturday night, May 28 at 7:30 p.m. in Memorial Stadium. The featured speaker will be the Rev. Dr. Robert C. B. McQuinn. The program will include the singing of the school song and the presentation of the baccalaureate certificates. The program will be broadcast on radio.

**FORENSIC HONORS** — The Forensics department will present the Forensic award for the best Forensic speech given during the year. The award will be presented to the winner of the Forensic contest. The contest was held on Tuesday, May 25.

**Chiang Begins His Fifth Term**  
**TAIPEI, Taiwan (AP)** — Chiang Kai-shek, leader of the Nationalist Chinese government for 45 years, began his fifth term as president today. His son, Chiang Ching-kuo, who has come to be regarded as his father's chosen successor, looked on as the 94-year-old president took the oath of office at his inauguration ceremony.

**Yearbooks Distributed, Personalities Recognized**  
**GOLIAD** — Most Likely to Succeed, Elected COACHMAN — The 1971-72 annual was distributed Thursday. The Best Dressed students were Dennis Mays, Missa Read and Mark editor, Nelda Ashley, assistant editor, Jimmy Benito, and Pam and Steve Fraser. The Forensics club members were Coach Baker and Kathy Wilson. The new members added to the staff were Pam Baker and Kathryn Kaylor. The 1972 graduation class numbered 46 students.

**Today Is The Last Megaphone Issue For The Year**  
 The students elected Tommy Whidson and Phyllis Wynn as

 Sc and 10c Candy vending business in Big Spring. GOOD INCOME. 4 to 8 hours weekly. Total price \$1,128 cash. Write: Texas Kandy Company, Inc. 1155 Basse Rd. San Antonio, Tex. 78212. Include phone number

**BUSINESS OP.**  
**NO SELLING - KEEP YOUR PRESENT JOB!**  
**WHOLESALE DISTRIBUTOR WANTED**  
 Simply service established accounts in this area. This is not a coin operated vending route. Fine famous brand hot beverage products you've seen on TV sold in locations such as offices, executive lounges in retail stores, financial institutions, small manufacturing plants, warehouses and small institutional accounts. The distributor we select will be responsible for maintaining these locations and restocking inventory. All locations are established by our company. We need a dependable distributor, male or female, in this area with \$500.00 minimum to invest in equipment and inventory. You may begin on a small basis, but can expand as rapidly as you want to a full time good income producing family business. We will consider part-time applicants. Write for complete information, including phone number and Area Code. All inquiries strictly confidential.

**Horoscope Forecast**  
**CARROL RIGNER**  
 Sunday, May 21  
**GENERAL TENDENCIES:** A day to take time out to do all of those chores that you have been putting off but that must be done sometime. After attending the services of your choice, plan a scheduled arrangement for the future so you have more efficiency in your daily routines.  
**ARIES (March 21 to April 19)** Plan your activities for the coming week. Include a schedule of exercises and health treatments. Don't neglect attending the services of your choice.  
**TAURUS (April 20 to May 20)** Make the right arrangements in the morning so this becomes a happy and inspiring day for you. Read your paper well. Good ideas. Plan more prosperous future for yourself this evening.  
**GEMINI (May 21 to June 21)** Handle those little chores of home that add to its comfort and harmony. Improve your surroundings also. Get what you needs to be fixed. Replace the old with the new. Relax tonight.  
**MOON CHILDREN (June 22 to July 21)** Handle important correspondence early in the morning. Then engage in activities that give you a sense of purpose. The services of your choice inspires you to lead a better life.  
**LEO (July 22 to Aug. 21)** Plan how to do your business affairs in better order now. Any repairing necessary around your home should be planned now. Get in touch with persons who live around your home so they are most worthy when you have ability.  
**VIRGO (Aug. 22 to Sept. 21)** The appearance of your home could stand improvement during this spring vacation. Attend the social this evening. Talk matters over with your loved and devoted to them.  
**LIBRA (Sept. 22 to Oct. 21)** Take care of personal work you have to do. Give your relatives the advice you need. You should elevate your consciousness to a greater things in the future. Be wise.  
**SCORPIO (Oct. 22 to Nov. 21)** Show others that you can be a good friend. Plan a group affair in the afternoon and evening. Get in touch with persons who live around your home so they are most worthy when you have ability.  
**SAGITTARIUS (Nov. 22 to Dec. 21)** You can accomplish a great deal during the day. Be sure you are sure of yourself and you are sure of your own ability. Do not let others' opinions affect you.  
**CAPRICORN (Dec. 22 to Jan. 20)** You can accomplish a great deal during the day. Be sure you are sure of yourself and you are sure of your own ability. Do not let others' opinions affect you.  
**AQUARIUS (Jan. 21 to Feb. 19)** Follow your hunches and correct any wrongs where you remain. Talk over in detail with those concerned. Talk over in detail with those concerned. Talk over in detail with those concerned. Talk over in detail with those concerned.  
**PISCES (Feb. 20 to March 20)** You should reach a better understanding with an associate. You can reach an understanding with an associate. You can reach an understanding with an associate. You can reach an understanding with an associate.

Presented as service to the Veterans of this community by The BIG SPRING HERALD

**The payments aren't very big, either.**  
 Just a \$295.00 cash down payment and \$59.14 a month for 36 months.  
 (If you're not too good at math, that works out to a deferred payment price of \$2423.72 which includes a finance charge at an ANNUAL PERCENTAGE RATE of 11.08%.)  
 Along the way, you get a little financial help from the car.  
 It uses about 5 pints of oil instead of 5 quarts.  
 It doesn't need antifreeze because the engine's air cooled.  
 And although it does need gas, it doesn't need much of it (usually every 25 miles or so).  
 Of course, you might be the kind that likes to pay cash for everything.  
 In that case, the cash price is \$2099.00.

Richard Klahr

**RECEIVE LEGION AWARDS** — The annual American Legion Awards for an outstanding boy and girl at Big Spring High School have been presented this year to Bobby Carille and Denise Bryant. Both are seniors. Denise, daughter of Mr. and Mrs. Dub Bryant, plans to study commercial and advertising art at East Texas State University, and Bobby, son of Mr. and Mrs. Bob Carille, will begin his business administration studies at Howard County Junior College. Bobby also won the Youth Achievement Award. The recognitions were given by George Zachariah, representing the Legion Post.

**Morning Session For City Fathers**

City commissioners rescheduled their regular session Tuesday from 5:15 p.m. to 10 a.m. The meeting will be a short one, because there are only 10 routine items on the agenda.

One item that was tabled in the last two regular sessions of the commission will be up for discussion again Tuesday.

Representatives from the Pioneer Natural Gas Co. will again request a cost of gas adjustment for franchise agreement. The commission will make a decision according to the recommendation on the issue given by City Manager Harry Nagel.

Nagel requested the first time the issue was brought up to the commission that more time be given him to work up a recommendation. He again two weeks ago requested a second delay. Should the request be granted by the commission, it reportedly may involve a small gas rate hike in the city due to what the company representatives have said to be deteriorating conditions in the gas fields and the unavailability of gas.

Also in the meeting discussions will be held on rezoning land along Loop 700 and the appointment of Colorado River Municipal Water District directors.

The session is being scheduled earlier Tuesday so that several city officials will have a chance to leave the city Tuesday afternoon for a meeting in Austin.

The city has filed for an amended permit on sewage treatment with the Texas Water Quality Board and must attend the hearing for the granting of the amended permit.

City officials filed for the amended permit to increase the gallonage of water dumped into Beal's Creek, in order to aid the facility in meeting state regulations on the quality of sewage effluent produced by the local sewage plant.

To obtain the amended permit the city must show that work is being conducted toward constructing a contact chlorine chamber at the plant. Deadline for establishing the new facility is July. Also they must show that steps are being taken to rectify the infiltration problems in some of the city's sewage trunk lines.

According to Nagel, when

**Y Announces Summer Slate**

Summer YMCA programs will begin June 5, according to Curt Mullins, YMCA executive director, with 38 classes for boys and girls and 12 for adults.

Classes offered include swimming, gym classes, arts and crafts classes, trampoline and gymnastics, volleyball, tennis, sports, badminton and a special date night swim and gym for teenagers.

Special interest classes are available in judo, karate and self defense, baton twirling, tap and ballet, weight lifting, beginning guitar and reading comprehension and vocabulary.

Beginning swim instruction is planned for men and women during June. "Slimnastic" and fitness activities will also be offered for women in June.

Family night swims are scheduled for Monday and Friday nights in the indoor pool. Other recreational swimming periods have also been set up.

Information about registration or the YMCA programs can be had by phoning the YMCA (267-8234).

**Little People Meeting All Set**

District 8 of Little People of America, Inc. a national organization of people, who for a variety of medical reasons, are classified in the area of Dwarfism, will be going to Brownwood the weekend of May 26-29. They will be attending the spring meeting of their district, which includes all of Texas and Louisiana. The meeting will be held at the Riverside Hotel on Hwys. 67 & 377 in Brownwood.

Founded in 1957 by Billy Barty of Hollywood Show Business Fame, the Little People of America, Inc., is celebrating its 14th Anniversary this year. The first meeting of Little People was held in Reno, Nev. and had in attendance exactly 20 Little People from 7 states. Now there is a mailing list of over 1,900.

Dale Picard, of Lafayette, La., the district director, will lead discussions, which will include education, employment, scholarships, adoptions and Parents' Auxiliary, which is a special group made up of parents who meet to discuss common feeling and problems relating to their Little Little children.

**LEGAL NOTICE**

# More Than 50 Pieces Of Art Will Be On Display At Bank

Starting Tuesday, a display of the paintings of Jack White, and the sculpture of Jim Thomas, will be spotlighted in an exhibit at the First National Bank lobby. More than 50 pieces of art will be on display. White, who divides time between Taos and Austin, has a wide range of subject matter from landscapes to wildlife to cowboys and is a master of a gold-leaf process he calls "Echreuses." Thomas has specialized in years in sculpture, transforming his models to the finished bronze by the lost wax process. He specializes in the old west theme, but does some personalities.

scholarships to senior colleges. Miss Majors, who is the daughter of Mr. and Mrs. Jesse Majors, 1802 Alabama, plans to attend Texas Tech University, majoring in music. Her scholarship covers tuition for all music courses, plus \$150. Crosthwait, who is the son of Mr. and Mrs. D. L. Crosthwait, 887 East 13th, Colorado City, plans to major in music at Hardin-Simmons University. His scholarship is in the amount of \$1,400. The two students recently were presented in recital at the college, where their piano instructor was Mary Skalicky.

the past 10 years and this is his first visit home in seven years. He graduated from Fluvanna High School, attended Texas Tech three years, and entered the Navy. Afterwards he tried theatre and television work, painting in his spare time, but in 1962 he cut loose and cast his lot as a full-time artist. He lives on the island of Palma de Mallorca, and is rated as Spain's top contemporary foreign artist and was invited to show in the Picasso 90 exhibit. He also is contracted to the Pelaris Gallery in Palma,

which he says is destined to be one of the leading galleries in Europe. Spanish fans have coined a word, "amilleriana," to describe the brilliant colors of his creations. One of them, "Child with a Fan," the portrait of Ralph Miller's daughter, Rebecca, was hung as the solo painting in the Palma gallery before it was sent to Texas.

## Fourteen To Get College Degrees

Fourteen Big Spring students received degrees from Angelo State University in San Angelo during the University's sixth annual spring commencement ceremonies.

They are Anita B. Ball, Carlene Elizabeth Barron, Shirley M. Bradshaw, Ronnie W. Broadfoot, Dolly Mozelle Cook Bryant, Nancy Faye Carlisle, Deryle Ann Dunagan Hall, Donna Kay Hopper and Halena Estelle Wozencraft Nichols receiving bachelor of science degrees.

Those receiving bachelor of arts degrees include Nancy LaVerne Fulgham, Nancy Elizabeth Marshall and Rebecca Palmae Taylor.

Owen R. McCombs and Joy Hester received bachelor of business administration degrees. Sharon Joy Thomas, Coahoma, received a bachelor of science degree.

## Pregnant Delay For Busy Mother

MIAMI, Fla. (AP) — Betty Lou Miller was sentenced to a two-year prison term for aggravated assault in 1970 but, for a third time, she has been able to win a delay by announcing her pregnancy in court.

The 22-year-old Miami woman was convicted Aug. 18, 1970, after her former boyfriend testified she shot him in the back three times during a quarrel.

Circuit Court Judge Paul Baker postponed sending Mrs. Miller to prison immediately because she told him she was with child. At that time, she had another infant, Charlotte, now 3.

Mrs. Miller appeared before Baker several months later and told him she had delivered the child, Creighton, now 2—but was pregnant again. Baker

again put off the sentence. The woman appeared before Baker again Friday and announced she had delivered Carlton, now 8-months-old, but is expecting another child.

"How long is this going to go on?" Baker asked.

"For the record," her attorney Paul Pollack interposed, "I have not instructed Betty Lou Miller to keep getting pregnant... just for the record."

Mrs. Miller then told the judge the next child is due in January.

"That's nine months from now," the judge observed. "I don't know how she knows she's pregnant yet."

"But I am," Mrs. Miller insisted.

Baker delayed the case until June 20 and ordered the woman

to return to court at that time with a certificate of pregnancy. Outside the courtroom, Mrs. Miller told a reporter: "This just keeps happening accidentally. I'm not getting pregnant on purpose."

## Increase In Pay Listed On Agenda

LAMESA — The Dawson County Commissioners will meet in regular session Tuesday at the courthouse.

Items on the agenda include an order to publish notice of the intention to raise salaries and the amending of the 1972 budget.

Mary Skalicky, organist will be presented in a faculty recital by the Howard County Junior College music department Tuesday. The concert will be at the First United Methodist Church, and Mrs. Skalicky will be assisted by James John Gambino, founder-director, and the Permian Basin Chamber Music Society. The program, presented as a free public service, will be at 8 p.m.

Mrs. Skalicky will include works by Mozart, Handel, Alain Horst, Corelli and Pulenc in her program.

When the Baker Gallery art exhibition was closed out Thursday, the guest register showed 1,705 visitors, including 500 art students in the Big Spring schools. Mrs. James Baker, Lubbock, put up and dismantled the outstanding collection of works of contemporary artists. Hard on her heels, the Air Force exhibit to mark the 25th anniversary of the Air Force and the 30th of an airbase in Big Spring, moved in and is now on display for the week. Looking to its summer exhibit to open around June 4, the museum was encouraged by a patron membership from Mr. and Mrs. Toots Mansfield, and sponsor memberships from Dr. and Mrs. Pete Rhymes and Mr. and Mrs. Merrill Creighton.

The Webb exhibit includes a number of photos of the old Big Spring Bombardier School days, a portrait of Lt. James L. Webb, for whom Webb AFB is named, old service patches, miscellaneous items such as bombights, leather helmets, portraits of all wing commanders from Col. Ernest F. Wackwitz Jr. to Col. Malcolm A. Ryan, plus model planes, etc.

Rose fanciers may have a field day this afternoon. The Midland Rose Society is having its annual show from 2 p.m. to 6 p.m. in the First National Bank lobby in Midland.

Janice Majors and Glenn Crosthwait, 1972 graduates of Howard County Junior College, have been awarded music

The "Greenland: Art in Denmark" exhibition at the Museum of the Southwest, 1705 W. Missouri, Midland, is the highest attended exhibit yet at the Turner Gallery. The show continues through May 28.

Dallas Civic Opera has announced "Lucia di Lammermoor" as the third opera of its 1972 season (Dec. 1, 3 and 8) with Dutch dramatic coloratura Christina Deutekom in the title role. Among others in title roles are Alfredo Kraus, Lorenzo Saccomani, Nicola Zaccaria, and Jeanette Hall-Wood. The season opens Nov. 3 with "Dido and Aeneas" followed by "Werther" Nov. 17.

The Borden Star reports the visit of Ritch Miller, who was reared at Fluvanna and is now an outstanding painter residing in Spain, with his parents, Mr. and Mrs. Clyde Miller, his brothers Riley Miller and Ralph Miller, at the family ranch west of Fluvanna. A sister, Mrs. Elizabeth Smith, Trinchera, Colo., joined in the reunion. Ritch has resided in Spain for

### John Bennett Jr., Degree Recipient

John Bennett Jr., son of Mr. and Mrs. John Bennett Sr., Big Spring, graduated Saturday from The University of Texas at Austin Law School.

His parents, his wife Sue, his mother-in-law Mrs. Kelly Burns, his sister Sara, also in law school, and his brother Bill were on hand for the Sunflower graduation ceremony. Bill Bennett graduates this year with a BS in math.

John Bennett Jr. graduated from Big Spring High School in 1965 and attended The University of Texas in pre-law school. While in law school he worked on the Law Review.

He and his wife will spend six weeks in Europe before he joins the Houston law firm of Fullbright, Crooker, Bates and

### Fundamental Truths Of Christianity

THE OLD TESTAMENT—FROM THE CHRISTIAN STANDPOINT

The Old Testament scriptures reveal primarily the religion of the patriarchal and Jewish dispensations, yet, properly understood, they are of immense value to the Christian. The arrangement of these thirty-nine books in their order is: First, the five books of law, then twelve books of history, five books of poetry, and seventeen books of prophecy.

Briefly, the main designs of the patriarchal and Jewish dispensations and the uses of the Old Testament scriptures are: (1) They contain a historical development of the purpose of God to redeem a sinful race. They present a record of the moral government of the world—the events of time being strung on a single thread running through the ages. That thread was the purpose of God to prepare the race for the coming of the Redeemer. The rise and fall of nations and of individuals; the captivities of the tribes of Israel and Judah and their establishment in the land of Judea were overruled for this purpose. (2) They contain hundreds of prophecies and many types and figures of the coming salvation; and are, therefore, a vast array of evidence for the divinity of the New Testament, for none of these could be comprehended until they were fulfilled in Christ. (3) As moral principles are unchangeable, they contain many precious lessons of righteousness and truth that are equally applicable to all dispensations. Its developments of human nature and character are of priceless value, as it records impartially the lives of men—the virtues of the bad and the faults of the good, unlike all human biographies. We must study the Old Testament, therefore, from the Christian point of view, and understand that the things "written aforetime were written for our learning, that we through patience and comfort of the scriptures might have hope." (Rom. 15:4.) (4) They reveal the will of God as addressed to patriarchs and Jews, but as a book of authority to instruct us in the way to salvation it is not. The gospel is not found in it except in prophecy and in promise.

Significant is the last injunction of the Old Testament — Malachi 4:4, "Remember ye the law of Moses my servant, which I commanded unto him in Horeb for all Israel, with the statutes and judgments." It was the law of Moses for all Israel—not the gospel of Christ for all nations. No student can understand God's word until he has learned to "rightly divide the word of truth." (2 Tim. 2:15.)

## Women In The Air Force Perform Variety Of Jobs At Webb AFB

AIRMAN 1. C. JANET L. EASTMAN

Women in the Air Force (WAF) was established on June 12, 1948, when Congress passed the Women's Armed Services Integration Act of 1948 authorizing women in the regular and reserve components of the Armed Forces.

This history of WAF actually began in World War II when members of the Women's Army Auxiliary Corps (WAAC), which later became the Women's Army Corps (WAC), were assigned for duty with the Army Air Forces. Nicknamed "Air-WAC's," more than 40,000 of these women in uniform supported air activities in Europe, North Africa, the South Pacific, Caribbean, and within the continental United States.

During the war years, approximately 50 per cent of the "Air-WAC's" held administrative and clerical jobs. The other half included radio operators, weather observers, medical specialists, intelligence analysts, and photo laboratory technicians.

At the end of World War II, the majority of "Air-WAC's" were demobilized. A small number remained with the Air Forces and were on duty when the U.S. Air Force became a separate Service in September 1947. When Women in the Air Force was established in 1948, approximately 1,500 former WAC's, WAVES, and Women Marines transferred to the Air Force to become the first WAF.

Air Force women are trained, assigned, and administered under generally the same policies and procedures as Air Force men. Women are not organized as a separate corps but form an integral part of the United States Air Force.

Currently, there are 1,200 WAF officers and 10,000 enlisted women in the Air Force. Approximately 24 per cent of Air Force women are married.

Job opportunities for Women in the Air Force are interesting, varied, and challenging. Women may hold most jobs available in the Air Force except those few which require excessive physical strength. Also, by law, Air Force women may not be assigned to duty on aircraft engaged in combat. However, these are the only two restrictions placed on the type of jobs for Air Force women.

WAF officers have jobs in personnel, accounting and finance, TV production, administration, data automation, education and training, information, and intelligence. Some officers are employed in scientific and engineering fields holding such jobs as space systems analyst, weather officer, physicist, chemist, electronics, or chemical engineer, communicator, and ground electronics officer.

Enlisted women are working in such fields as photography and audio-visual, weather, control tower operator, communications, supply, accounting and finance, administration, personnel, and medical and dental assistant.

Pictured here, and on inside pages, are the seven WAFS now stationed at Webb Air Force Base. The Herald salutes each of these Women in the Air Force.

SGT. GAIL D. GOINS

# Miss Ann Garrett Becomes Bride Of Gary D. Turner

Miss Dorothy Ann Garrett became the bride of Gary Dennis Turner in a formal ceremony performed at 8 o'clock Saturday evening in First United Methodist Church. The officiating minister was Dr. Jordon Grooms, assisted by the Rev. Leo K. Gee.

The bride is the daughter of Mrs. Horace Garrett, 715 Edwards Blvd., and the late Mr. Garrett, and the bridegroom is the son of Mr. and Mrs. C. D. Turner, 1710 Yale.

The bride was given in marriage by her cousin, John Kemper of Arizona State University.

The couple exchanged vows before an altar background enhanced with a massive candle tree flanked by 15-branched candelabra adorned with jade fern. Centering the setting was a large sunburst of white gladioli, Tropicana roses and spider mums in Tropicana shades interspersed with camellia foliage. At either side, on lower levels, were matching arrangements on white pedestals. The bridal aisle and pews were marked with nosegays of Tropicana roses, white carnations and babies'-breath.

A prelude of nuptial music was by Bernie Howell and the "Triolins" of Lubbock, and Miss Annette Fritch of Lamesa, formerly of Big Spring, was soloist at the conclusion of the ceremony.

The bride chose a gown of imported ivory silk peau de soie and re-embroidered Alencon lace intricately traced with tiny seed pearls and crystal beads. The moulded bodice, veiled with Alencon lace, was fashioned with a high neckline and long bishop sleeves gently gathered to a wide cuff at the wrist. Soft folds of the peau de soie marked the semi-Empire waistline, accented by a flat bow in back. The controlled skirt was enhanced by appliques of the jeweled lace and complemented at the hemline by a wide border of lace forming a scalloped edge and sweeping to a wide chapel-length train.

Her veil of ivory silk illusion extended the full length of the train from a Juliet coil of matching lace traced with pearls and crystal beads. She carried an Edwardian bouquet of bride's roses, Stephanotis and babies'-breath.

## ATTENDANTS

Miss Melinda Sue Garrett attended her sister as maid of honor, and bridesmaids were Miss Cheri Turner, sister of the bridegroom; Miss Denise Nix of Lamesa, Miss Candy Marcum, Mrs. Donnie Baker, Mrs. Joey Baker of Houston and Mrs. Don Powell of Garland. They were identically attired in gowns of strawberry pink chiffon. The moulded Empire bodice was fashioned with a V-shaped neckline enhanced by a double collar of chiffon forming a cap sleeve. Matching ribbon accented the Empire line, and the full skirt was floor-length. They wore silk flowers and narrow silk ribbon streamers in their

(Portrait by Gittings)

MRS. GARY DENNIS TURNER

hair and each carried a nosegay of Tropicana and white sweet-heart roses and babies'-breath tied with avocado green velvet.

Jay Turner served his brother as best man, and groomsmen were Jimmy Johnson, Roger Terry, Randy Nicholson, Tulsa, Okla.; Gerald Landrum and Terry Fields, both of Lubbock; and Don Powell, Garland. The ushers were Bill Schwarzenback, Chris Dublin, San Angelo; Jay Dudley, Lubbock, Dennis Collins and David Proffitt, the latter of Odessa.

After a wedding trip to Jamaica, the newlyweds will reside at 2902 Vicksburg, Lubbock. Both are graduates of Big Spring High School. Turner attended Howard County Junior College and will attend Texas Tech as a finance and management major, graduating this summer. The bride, a business major at Texas Tech, will graduate at the same time. She previously attended Southern Methodist University.

## RECEPTION

The Garrett home was the scene of a reception im-

mediately following the ceremony, and the entertaining area extended to the terrace and garden which were accented with massive arrangements of white caladium leaves and coral geraniums. Throughout the house were arrangements of Tropicana roses, white daisy mums and babies'-breath.

The bride's table was laid with a cloth of imported Swiss candlelight illusion enhanced with handmade lace motifs. Centering the table was a branched silver candelabrum holding white tapers and a miniature of the bride's

diately following the ceremony, and the entertaining area extended to the terrace and garden which were accented with massive arrangements of white caladium leaves and coral geraniums. Throughout the house were arrangements of Tropicana roses, white daisy mums and babies'-breath.

## Bridegroom's Father Performs Ceremony

The marriage of Miss Glenda Dyal to Richard Dewayne Craven is being announced by the bride's parents, Mr. and Mrs. E. C. Dyal of Jacksonville, Fla. The couple was married May 5 by the bridegroom's father, Dr. Claude N. Craven, in Dr. and Mrs. Craven's home, 808 Birdwell Lane.

The bride wore a formal-length gown fashioned in delustered satin with a floor-length A-line skirt and a bodice of Alencon lace over satin. Her full-length bell sleeves of lace were edged with satin at the wrists. Small satin covered buttons attached her cathedral train at the back waist, and a tear-drop pearl tiara held her illusion veil. She carried a bouquet of white daisies.

Miss Marlina Spargo served as maid of honor and Dana Craven was best man. Ring bearer was Tonda Moody.

The bride is a graduate of Paxton High School in Jacksonville, Fla., and Craven graduated from Big Spring High School. They both attended Bible Baptist Seminary in Pennsylvania and plan to return there in January. A reception was held in the Craven home. The refreshment table was covered with a white lace cloth and centered with an arrangement of daisies. The two-tiered cake was topped with a miniature bride and bridegroom, and crystal and silver appointments were used. An avocado green cloth covered the bridegroom's table. Guests included the bride's parents. Mr. and Mrs. Craven are residing at 502-A Eleventh Place. He is employed by Furr's Grocery Store.

## Installation Held At Luncheon

The Women's Forum completed the year's work Friday with a luncheon meeting at the home of Mrs. Clyde Thomas. Cohostesses were Mrs. John Knox and Mrs. Arnold Marshall. Members were served a buffet meal and were seated at foursome tables on the terrace.

Mrs. Clyde Johnston, outgoing president, gave a report of the work done at the Westside Youth Center which is a project of the club.

Using the theme, "Get Set For A Jet", Mrs. W. N. Norred installed officers for the 1972-73 club year. Likening the lead jet to the presidency, she installed Mrs. Joe Pickle as president; Mrs. Lonnie Coker, vice president; the assistant jet; Mrs. Carl Rogers, recording secretary, skywriting jet; Mrs. E. B. Compton, corresponding secretary, jet of compassion; and Mrs. Paul Kionka, Treasurer, treasure jet.

Mrs. C. R. Wiley and Mrs. Merrill Creighton were named to audit the books for the year.

The club adjourned until next fall when they will come together at a guest-day party.

**ENGAGED —** Mr. and Mrs. Paul Robinett of Lamesa announce the engagement and approaching marriage of their daughter, Gayla, to Mike Bridges, son of Mrs. B. T. Bridges, 510 Abrams, and the late Mr. Bridges. The couple will marry June 9 in the Primitive Baptist Church of Lamesa, with Harold Russell officiating.

## Restore Elasticity

When children's sweaters stretch at the cuffs, restore their elasticity by stitching around each cuff four or five times with elastic thread.

## Garden 'Mixer'

A good "mixer" in any garden is babies'-breath, with its delicate branching habit and tiny white blossoms.

## Travel Hint

When traveling, remember to tote a quantity of your favorite mild detergent. You'll use it to keep your lingerie clean — the handwash way.

**A LOVELIER YOU**

**Improve Hands With Few Cents, Minutes**

By MARY SUE MILLER

What is it worth to you to improve the appearance of your hands? Would a few pennies and a few minutes each week seem too big a price?

Meeting the time-cost requirements, this two-part treatment produces handsome results:

1. In a small bowl, mix two tablespoons each of lemon juice, hydrogen peroxide and lanolin skin oil. (If you lack lanolin oil, substitute salad oil such as olive or safflower.) Massage the mixture onto the backs of your hands, first having washed and dried them thoroughly. During massages, pay special visits to your knuckles and cuticles, and any stains or brown spots. Allow the mixture to remain on the hands for 10 minutes.

2. Warm one-half cup of your oil and pour into a flat, glass dish — a baking dish works well. Immerse your hands in the oil until it grows cold. Then pat away the residues with cleansing tissue. Lastly, wash your hands with warm water and mild complexion soap; dry and apply hand lotion.

If taken at least once weekly, there's help in the treatment for brittle nails, ragged cuticles and dry, lined, discolored skin. Regular applications of rich hand lotion — at least three a day — bolster the good of the treatment. The hand complexion contains little natural oil and can use every bit

## Scouts Must Register Soon For Day Camp

Only one week remains for Girl Scouts to register for the local Day Camp program. Parents are reminded to return the registration form and \$3 fee to Box 425-B, Big Spring, by May 29.

Local Girl Scout volunteers have completed a group total of 200 hours of outdoor day camp training. Under the supervision of Mrs. Robert A. Sims, local Day Camp director, 19 women participated in three days of camp orientation.

The staff practiced various campcraft skills, toured the site, and planned camp program. They received training in arts and crafts, simple first aid and fire building. Training was highlighted by a camp dessert sampling and a pot luck buffet prepared on the site.

Program preparations were made for the opening of camp June 12, 8 a.m. Plans for the camp session include a flag burning ceremony to properly

dispose of an outdated United States flag. Visitors will be welcomed at an open house June 15, 7 p.m. to observe the flag burning ceremony.

"We anticipate an outstanding camp program this summer due to the enthusiasm and creative abilities of our staff," said Mrs. Sims. "We all had fun exploring new skills and ideas in camp planning," she continued.

The following volunteers have been appointed to be the 1972 Day Camp staff: Mrs. Larry Sparks, Mrs. Grady O'Neal, Mrs. Odys Woodall, Mrs. Dan Ballard, Mrs. Georg Campbell, Mrs. Clay LaRochelle and Mrs. Timothy Danforth.

Also, Mrs. Gary Vaughn, Mrs. Andy Campbell, Mrs. Don Reynolds, Mrs. Bob Knight, Mrs. Jim Thomason, Mrs. Ernest Mitchell, Mrs. Viola Thomas, Mrs. Don Horton, Mrs. James Kmetz and Mrs. Terry Youngworth.

Serving on the administrative staff are Mrs. Tom Ivey, assistant director and business manager; Mrs. William Allestworth, purchasing agent; 1st Lt. Linda Broadwater, nurse; and Mrs. Bill Fryrear, advisor to Boys' Unit.

## Order Has Annual Banquet

The Benevolent and Patriotic Order of Does held its annual mother and daughter banquet Thursday at Coker's Restaurant, with 25 in attendance.

The U-shaped tables were laid with white cloths and highlighted with lodge colors of purple and gold streamers. Each table was accented with purple and gold floral arrangements. Invocation was by Mrs. L. D. Jenkins.

Mrs. Bill Rogers was presented a silver bracelet for being the past president present whose term of office dated back the greatest length of time. She served during 1962. Eleven past presidents were honored.

Mrs. Robert Boodle served as mistress of ceremonies, assisted by Mrs. Kay Williams. Members of the BPO Does bowling team were recognized. They are Mrs. Myrtle Leroy, Mrs. Paul Jenkins, Mrs. Sam Schulz, Mrs. Richard Ewing and Mrs. Williams.

Miss Lucy Holten, 11, announced the names of attendance prize winners. They were Mrs. Rip Smith, Miss Wilrena Richbourg, Mrs. M. J. O'Brien, Mrs. Ewing and Mrs. Alma George.

While at Texas Tech, Miss Couch was on the Dean's List every semester and had an over-all grade point ratio of 3.7 on a 4.0 system. She was recognized two years at the University Recognition Ceremony for her scholastic achievement.

Miss Couch was a member of Phi Upsilon Omicron, an honorary home economics society; Phi Kappa Phi, an honorary scholastic organization; and the college chapter of the American Home Economics Association. During her youth, she was 4-H Gold Star girl for Howard County and a blue award winner in state competition for her Money Management Educational Activity and the State Food Show.

In addition, Miss Couch attended the 1969 National 4-H Congress as the state record book winner for her Home Management project.

She held all offices in her local club and was secretary of the Howard County 4-H Council. Miss Couch also received the District 2 Aubrey V. Russell 4-H Scholarship of \$500, given by home demonstration clubs on the South Plains.

"Miss Couch will work with Gaines County Home Demonstration Agent Elinor Harvey in conducting Extension education programs in home economics for youth and adults," said Mrs. Crawford.

Mason, however, isn't one to take to idleness, so he and his wife began trading on a modest scale until soon they were boasting "we buy or sell anything of value."

In the process they collected many items, among them a store of antiques picked up by Mrs. Mason. Many of these she wouldn't sell (although she often gave them to persons who seemed deeply interested in an item).

She died last year, however, and now Mason, under orders to ease up, is liquidating his business at the home place 1 1/2 miles south of Ackerly. He has set a sale to last from 10 a.m. to 5 p.m. today.

MRS. THOMAS WELDON TANNER

## Appointed Assistant Agent At Seminole

SEMINOLE — Miss Martha Couch, a spring graduate of Texas Tech University, has been named the assistant county home demonstration agent at Seminole, effective May 21. The announcement was made by Gaines County Judge Marcus Crow and Mrs. Delaine Crawford, district agent for the Texas Agricultural Extension Service.

Miss Couch, a native of Luther, is the daughter of Mr. and Mrs. John Couch. She graduated from Borden High School at Gall and attended Howard County Junior College. She graduated from Texas Tech with a BS degree in home economics education.

While at Texas Tech, Miss Couch was on the Dean's List every semester and had an over-all grade point ratio of 3.7 on a 4.0 system. She was recognized two years at the University Recognition Ceremony for her scholastic achievement.

Miss Couch was a member of Phi Upsilon Omicron, an honorary home economics society; Phi Kappa Phi, an honorary scholastic organization; and the college chapter of the American Home Economics Association. During her youth, she was 4-H Gold Star girl for Howard County and a blue award winner in state competition for her Money Management Educational Activity and the State Food Show.

In addition, Miss Couch attended the 1969 National 4-H Congress as the state record book winner for her Home Management project.

She held all offices in her local club and was secretary of the Howard County 4-H Council. Miss Couch also received the District 2 Aubrey V. Russell 4-H Scholarship of \$500, given by home demonstration clubs on the South Plains.

"Miss Couch will work with Gaines County Home Demonstration Agent Elinor Harvey in conducting Extension education programs in home economics for youth and adults," said Mrs. Crawford.

Mason, however, isn't one to take to idleness, so he and his wife began trading on a modest scale until soon they were boasting "we buy or sell anything of value."

In the process they collected many items, among them a store of antiques picked up by Mrs. Mason. Many of these she wouldn't sell (although she often gave them to persons who seemed deeply interested in an item).

She died last year, however, and now Mason, under orders to ease up, is liquidating his business at the home place 1 1/2 miles south of Ackerly. He has set a sale to last from 10 a.m. to 5 p.m. today.

## Wedding Performed Saturday Afternoon

The wedding of Miss Linda Kay McMurray and Thomas Weldon Tanner was solemnized Saturday afternoon in Trinity Baptist Church. The Rev. Claude Craven performed the nuptials before an altar centered with an archway of greenery flanked by candelabra and baskets of gladioli and carnations.

Parents of the couple are Mr. and Mrs. C. W. Tanner, 2413 Alabama, and Mr. and Mrs. J. R. McMurray, 100 Lincoln.

The bridal couple graduated from Big Spring High School. Both are attending Howard County Junior College and will attend East Texas State University this fall. They will reside at Malakoff after a wedding trip to Lake Buchanan.

The bride was attired in a formal gown of silk organza with Alencon lace appliques covered in seed pearls, and the appliques enhanced the collar and train. The gown was sleeveless and featured a round neckline, Empire waistline and a collar which covered the shoulders to give a cap sleeve effect. Her headpiece was a voile Juliet cap with lace and seed pearl trim, and it was attached to a shoulder-length veil of illusion. Her bouquet was two orchids circled by carnations, greenery and babies'-breath.

Miss Mary Ann Klahr, Eunice, N.M., was maid of honor, and bridesmaids were Miss Shirley Pollard and Miss Patricia Pollard, both of Odessa; Miss Mary Tanner, sister of the bridegroom; and Miss Susan McMurray, sister of the bride. They were identically attired in gowns of orchid, blue and green flowered organza styled with Empire waistline, round neckline and short, puffed sleeves. They carried nosegays of carnations to match their dresses.

Best man was Don Belcher, and groomsmen were Johnny Bedell, Steve Smith, Craig Hodnett and Royce Klahr, the

MISS LINDA KAY McMURRAY

latter of Eunice, N.M., Judy Tanner, the bridegroom's sister, was the flower girl, and John Michael McMurray, brother of the bride, was ring bearer.

RECEPTION  
The home of the bride's parents was the scene of a reception honoring the couple. Refreshments were served from a table centered with a blue and white floral arrangement.

Out-of-town guests were Mr. and Mrs. O. V. Buck, Mr. and Mrs. George Journeay, Mr. and Mrs. Gareth Pollard and Mr. and Mrs. Hack Sims, all of Odessa; Mr. and Mrs. B. T. Evans, Midland; Mr. and Mrs. C. E. Rutledge and Mr. and Mrs. Fred Gilliland, all of Snyder; Mr. and Mrs. Ray McMurray, Crane; Mr. and Mrs. Ed O'Bannon, Lamesa; Mr. and Mrs. J. L. Teel, Sweetwater, the bride's grandparents; Mr. and Mrs. R. T. Tanner, Malakoff; and Mr. and Mrs. D. P. Klahr, Eunice, N.M.

## Tea Scheduled In Colorado City

The annual book review and tea sponsored by the Mitchell County Home Demonstration Council will be at 2 p.m. Wednesday in the Medallion Room of Long Wolf Electric Building, Colorado City. The announcement was made by Mrs. Weldon McMillan, council committee chairman.

Joy Culwell of KVMC Radio will present the book review. Refreshments will be provided by members of the eight HD clubs in the county. The public is invited to attend.

### No-Shrink Wool Being Developed

If someone spills oil on your new wool sweater you may someday be able to throw it in a washer and have it come out almost as good as new.

Scientists say a shrink-resistant oil-repellent wool can be produced in the laboratory by a relatively simple process.

Dr. Attila Tavlat said that when the researchers expose wool yarn to a discharge of ionized gases, similar to those inside a neon light tube, the wool shrinks only 3 per cent when washed. This compares with 45 per cent shrinkage for untreated wool.

Treated wool has 30 to 35 per cent greater yarn strength and the durability of the material is increased as much as 50 per cent after the treatment.

# Planning Home In Sweetwater

MRS. ROY G. ANDERSON

Mr. and Mrs. Roy G. Anderson are residing in Sweetwater following their marriage at 8 p.m., Friday in the home of Mr. and Mrs. Erven Fisher, 1511 Runnels.

The Rev. John R. Beard, pastor of First Christian Church, performed the nuptial rites at an archway formed with white babies'-breath and assorted shades of spring flowers. The Fisher patio was outlined with hurricane lamps and ferns.

A prelude of nuptial music was provided by Mrs. Jackie Simpson, pianist, who also accompanied Mrs. Linda Wise, vocalist.

The bride is the former Mrs. Deborah Ann Ryan, daughter of Mr. and Mrs. Charles E. Gressett, 1217 E. 17th, and Anderson is the son of Mr. and Mrs. George Anderson, 619 Tulane.

For her wedding the bride chose a formal-length pink taffeta brocade gown fashioned with an Empire waist and a tiered skirt. The square neckline was edged with white lace and small pink roses, and a pink band encircled the waistline. Long sleeves were puffed at the top and caught with a band at mid-arm to taper to the wrist. She wore a wide-brimmed pink straw hat trimmed with matching lace and roses, and carried a bouquet of assorted spring flowers.

Mrs. Tommy Kirkpatrick served her sister as matron of honor, wearing a floor-length gown with short puffed sleeves fashioned in a pink floral print.

Mike Holten served as best man, and ushers were Mike Barnes and Gary Hinds.

The couple was honored at a reception in the Fisher home following the ceremony. The refreshment table was covered with a white lace and net cloth and centered with a large bouquet of assorted spring flowers. Mrs. Will Roan and Miss Jill Forrest served. Presiding at the guest register was Miss Dianne Fisher.

Mrs. Anderson is a graduate of Big Spring High School and attended Howard County Junior College. Anderson, also a BSHS graduate, attended Southern Methodist University where he played football for the SMU Mustangs. He attended HJC, and plans to attend the University of Texas in Austin.

Out-of-town guests for the wedding were Mr. and Mrs. W. M. Anderson, Odessa; and Mr. and Mrs. Roy Collins, Fort Worth.

# Exploration Of Art In Galloping Gallery

Creating with wood and plaster, turning a shoe into a telephone and interpreting music through movement will all be a part of the new art exploration program of the West Texas Girl Scout Council.

Mrs. Holman King, event chairman from Abilene, explains the "Galloping Gallery" as "... a summer project designed to expose the girls to the entire scope of the arts. College students, as well as local experts in their fields, will help the girls explore the areas of drama, music, art and dance through a variety of fun activities."

Mrs. King is assisted by Mrs. Joe Owen, Mrs. Morgan R. Hubbard and Mrs. Bob Beckham. Miss Arlene Estes, field director with the Scout Council, serves in an advisory capacity.

The Galloping Gallery is an experimental project being conducted in Big Spring and Snyder as well as Abilene. The project is scheduled to be in Big Spring's Comanche Trail Park July 24-25.

All registered Girl Scouts who will be in the fourth through sixth grades next fall are invited to register for the workshop. Girls have received registration forms from their troop leaders. These forms and the \$2 fee should be sent to Mrs. Joe Owen, 2234 Windsor, Abilene, Texas, 79605. Registration deadline is May 26.

### LADIES Time-of-the-month?

Does your ring slip off your finger easily—or does it hopelessly get stuck below your knuckle during the days of the pre-menstrual and menstrual period? It may tell whether you are retaining fluid in the system—body-bloating water that often builds up due to over-tiredness, stress during the menstrual stages. Amazing new X-PEL "Water Pills"—a gentle diuretic—helps you lose as much as 5 pounds of this water-weight gain, and helps to relieve body-bloating puffiness when body-water retention "swells" your waist, thighs, tummy, legs, arms. Stay as slim as you are. Ask for X-PEL "WATER PILLS" on our guarantee of satisfaction or money back. Get it today at

FRIDAY — Enchiladas, pinto beans, potato salad, corn bread, butter ice-box cookies, milk.

## Credit Club Gives \$235 To Center

Members of Big Spring Credit Women's Club agreed to give \$235 to Dora Roberts Rehabilitation Center for the purchase of a treatment table at a meeting Thursday in the Settles Hotel.

Mrs. Loyd Wooten gave a program entitled "Credit Education for Young Adult Consumers," and she stressed the importance of personnel in the credit profession to help in educating the young adults in a direct and aggressive manner. She said there are no other facilities for education in credit matters under the present educational system.

Mrs. Wooten said young consumers should know the value of establishing and maintaining a good credit record, and the responsibilities connected with credit cards.

Mrs. Pyrie Bradshaw won the attendance prize. The group will meet again at 12 o'clock soon, June 1 at the Settles Hotel.

## Many Visitors In Forsan Area

FORSAN (SC) — The Jim Kelleys of Odessa and the James Craigs of Robert Lee were recent guests of the J. M. Craigs, and of Mrs. James Craig's mother, Mrs. Vera Harris.

Guests of the Don Murphys recently were the James Kennedys and the M. E. Petreus, all of Crane, and Mackie Scoggins of Jal, N.M.

The Travis Breithaupt's of Odessa have returned home following a Mothers' Day visit with her mother, Mrs. J. H. Cardwell.

Mrs. Nell Foster and Miss Mona Tinsley, both of Andrews, recently visited the D. L. Griffiths.

Guests of the Gordon Hodnetts have been the Murphy Daniels' and the Larry Hodnetts, all of Sonora.

## Louvered Doors

Louvered wooden doors that fold or slide are ideal for halls and foyers where there is not enough space for a regular door.

## Alterations Of Patterns Discussed

"The size pattern you require for slacks is determined by a combination of waist and hip measurements," said Mrs. LeRoy Dolan for Elbow Home Demonstration Club Thursday morning in the home of Mrs. William Johnson, 3609 Calvin. Mrs. Dolan said it is best to get another person to measure you for correct sizing in order to assure accuracy. She and Mrs. R. P. Morton offered members hints on how to alter clothing and patterns to get a proper fit. Mrs. Morton demonstrated how to enlarge and take up patterns and how to change the line of darts or the slant of the shoulder seams.

Mrs. Stewart Anderson presided, and announced Mrs. W. F. Harrell will bring 4-H girls to the June 15 meeting to present a program. The next meeting is at 9:30 a.m., June 1 in the home of Mrs. Anderson, 3611 Calvin, and Mrs. Larson Lloyd, volunteer coordinator at Big Spring State Hospital, will give a slide presentation on volunteer work done at the hospital.

**WESTBROOK SCHOOL**  
MONDAY — Chicken fried steak, salad, black-eyed peas, biscuits, butter, applesauce or syrup, milk.  
TUESDAY — Roast beef, baked potatoes, beans, salad, rolls, butter, cake, milk.  
WEDNESDAY — Sandwiches, potatoes, salad, cookies, milk.  
THURSDAY — School dismisses at 11 a.m.

## V. C. Barber Honored Today

V. C. Barber, 606 W. 17th, will be honored for his 80 birthday today with an informal open house at his home. Friends and relatives are invited to call between the hours of 3 p.m. and 5 p.m.

# FOCUS ON FAMILY LIVING Baby's Diet Should Include Solid Foods

Although milk is one of baby's most important foods, solid foods should make their way into his diet early in the first year.

Today's baby has a tremendous variety of prepared foods specifically developed to meet this particular need.

Generally, the first type of solid food given to the infant is cereal in the pre-cooked, ready-to-serve form. Often cereal is introduced as early as the first month.

Strained fruits usually are the next type of food added to baby's diets. Meats are the last solid foods to be included. Today, however, many doctors are suggesting that strained meats be included much earlier — about the same time as cereal.

Young babies should usually be switched to junior foods which have a minced texture to accustom them to foods with more texture than strained varieties. This is generally recommended around the age of eight months. Finally, toddler foods bridge the gap between baby foods and regular family meals.

It's a good idea to introduce babies to a variety of foods and flavors and to increase the texture in these foods as soon as an infant is ready to handle them.

Keeping a baby on a liquid and strained diet past the age of one year invites later feeding problems. Only one new food should be introduced at a time, however, so that possible problems of tolerance or allergy may be readily identified.

Small finger foods and teething biscuits and cookies should be introduced when the baby begins to get teeth.

Specialists have warned that the importance of feeding habits established in infancy should not be underrated.

There's a growing feeling that our national problems regarding obesity began in childhood eating habits. It is important to teach moderation very early in life.

Mealtime should be regarded as a pleasant occasion by a baby. Foods should not be used as punishment or as a reward. And food that is forced down does a child very little good in the long run.

Infant feeding has come a long way over the years. Research continues to improve foods and techniques so that infants get a healthy start in the world.

# 'ROUND TOWN

BY LUCILE PICKLE

There has begun a flurry in the kitchen of MR. and MRS. REX BAGGETT who are getting ready for the long awaited arrival of their daughter and her family who have lived in Manila for a number of years. DR. and MRS. RICHARD DEATS and their four children are expected to arrive on Wednesday and will be here for a visit this summer before going to the eastern United States to make a home. They have been teaching missionaries in the Philippines for the Methodist Church.

MRS. FRED CROSLAND couldn't be prouder of her son-in-law, TOM CROFTS JR., who recently graduated cum laude from Baylor University School of Law. His wife is the former Mary Locke Crosland.

MR. and MRS. ELVIN BEARDEN and MR. and MRS. JACK PRICE have returned from Denton where they attended the graduation ceremonies at North Texas State University. Their daughters, SUE BEARDEN and CHRISTI PRICE both received BS degrees in physical education.

Long-ago former resident, MRS. STEWART WOMACK, visited here last week from Fort Worth. She was the guest of her sons, ODELL and NOVIS WOMACK, and their families.

MRS. OCEY MASON tells us she hears in round about messages from her mother, MRS. P. D. O'BRIEN, and a brother, DR. RICHARD O'BRIEN, who are currently touring Europe. DR. P. D. O'BRIEN, holding the home fort in Houston, recently talked to Mrs. O'Brien in Switzerland.

Mrs. Mason's son, CLINTON GAMBILL was here recently from Houston where he is a pre-med student at the University of Houston.

MRS. NELL FLYNT of Carlsbad, N.M., was joined here by her sister, MRS. JOHNNY STEWART, for a trip to Burnet where they will visit their parents, MR. and MRS. J. C. ROGERS.

Friday guest of MRS. LULU WATTS was her daughter, MRS. RICKY DUKER of San Angelo.

—What a nice gesture by the good friends and fellow teachers

# Stanton Pair Recites Vows

MARRIAGE VOWS were exchanged by Miss Bobbie Kay Glenn and Bill Wilson at 7:30 p.m., Saturday in the First Baptist Church of Stanton.

The Rev. Warren G. Hall performed the rites at an altar decorated with white wrought-iron candelabra holding white tapers entwined with greenery. Baskets of white and blue gladioli flanked the altar.

Mrs. Warren G. Hall,

organist, provided a prelude of nuptial music and accompanied Dr. A. M. Fisher, soloist.

Parents of the couple are Mr. and Mrs. James A. Wilson Jr. and Mr. and Mrs. O. R. Glenn, all of Stanton.

The bride wore a formal-length gown fashioned in white satin with an Empire bodice overlaid with embroidered lace. Long, gathered lace sleeves were ruffled at the wrist, and a narrow band of seed pearls accented the waistline. Matching lace edged the hem of the skirt. A cluster of net petals outlined with seed pearls held her elbow-length illusion veil, and she carried a cascade of white and blue feathered carnations.

Mrs. Terry Franklin served her sister as matron of honor, and bridesmaids were Mrs. John S. Wyckoff, the bride's twin sister; Miss Marjorie Glenn, another sister; and Mrs. Jimmy Don Barnhill, the bridegroom's sister.

The attendants were attired in blue floor-length gowns with Empire waistlines and long gathered sleeves. They wore matching "picture" hats and carried bouquets of blue and white carnations.

Claude Straub was best man, and groomsmen were John S. Wyckoff, brother-in-law of the bride; J. R. Wilson, brother of the bridegroom; and Mike Cook. Serving as ushers and altar tapers were Terry Franklin and Marlin Ray Thomas.

Carol Wilson was flower girl, and Greg Barnhill was ring bearer.

A reception honored the couple in the church fellowship hall. The refreshment table was covered with a floor-length white satin cloth overlaid with

white lace. An arrangement of white and blue carnations centered the table, and crystal appointments were used. The tiered cake was topped with a miniature bride and bridegroom.

Serving were Miss Shelia Patke, Miss Collette Smith and Mrs. W. A. Patke, all of Canyon; Miss Cathy Batla and Miss Eva Mae Cook.

Following a trip to Colorado Springs, Colo., the couple will reside in Stanton where Wilson will be engaged in farming during the summer months. In

the fall he will be a senior student at Texas Tech University. He is a graduate of Stanton High School, and Mrs. Wilson graduated from Garden City High School.

Out-of-town guests included Mrs. Nancy Boyce of Canyon.

# Shades Control Day, Night Views

Here's an important bit of light-control know-how. Choose translucent window shades for bath and kitchen duty. They filter the hot sunlight and still provide privacy. Most important, translucent shades can make the room glow with flattering color during the day,

while they edit the view. Translucent, white window shades can be had to fit any color scheme. There is such a variety in pure white and off-white shade cloth currently available that it will be easy to find one that blends with or matches walls or curtains perfectly. Trimmings across the shade border can repeat the most important color accents in the room, making the shade an important part of your decor.

# Patio Party For Engaged Couple

Miss LaShara Shanks and Andrew Nieland, who were married Saturday at the First Christian Church, were honored at a hamburger and ice-cream party Thursday in the home of Mrs. Bill Draper, Route 1, Box 107. Mrs. Harold McAlister was cohostess.

Mrs. Nieland is the daughter of Mr. and Mrs. Charlie Shanks, 1412 Johnson, and Nieland is the son of Lt. Col. (Ret.) and Mrs. C. C. Nieland of San Marcos.

The bride-elect wore a white and Navy blue pantsuit. About 20 guests were served dinner buffet style on the Draper patio. Arrangements of fresh spring flowers accented the home.

# Dwarf Banana Likes Warmth

The dwarf banana tree makes an attractive house plant. It requires 80-85 degree temperatures in the daytime and should be placed in a windowsill with a southern exposure. It needs bright light or sunlight to grow well, but it can tolerate less light intensity with a long duration of illumination in the home.

Since the dwarf banana plant requires moist soil at all times, it is a good practice to keep it in a saucer filled with water or in a jardiniere.

Drainage water should be emptied every day or two to avoid rotting the root system and to prevent a stale smell from developing. As with other plants, it requires fresh air to do well.

3184 10-18  
Come To Point In Top Stitching

This easy skim features a deep-pointed yoke, and pockets set in under the front panel. No. 3184 comes in sizes 10 and 18. Sizes 12 (bust 34) takes 2 1/2 yards of 44-inch fabric.

For each pattern, send 50 cents plus 15 cents for first class mail and special handling to IRIS LANE, (care of the Big Spring Herald), Morris Plains, N.J. 07950.

# Andrew F. Nieland's To Reside In Abilene

Miss LaShara Shanks and Andrew Frank Nieland were united in marriage at 2 p.m., Saturday in the 14th and Main Church of Christ with Perry Cothan officiating.

The couple stood before an altar enhanced with palms of jade foliage and wedding tapers in seven-branched candelabra. Music was provided by an a cappella choir.

Miss Shanks is the daughter of Mr. and Mrs. Charlie Shanks, 1412 Johnson, and Nieland is the son of Lt. Col. (Ret.) and Mrs. Clifton C. Nieland of San Marcos.

The bride chose a formal-length, Empire style gown fashioned in peau de soie with Chantilly lace and pearls covering the bodice. Matching lace bordered the skirt and formed a pyramid in the front. Long full sleeves of silk organza were cuffed with lace and fastened with small satin buttons. A lace-veiled Juliet cap held her tiered veil which swept to a chapel train. She carried a bouquet of assorted spring flowers.

Miss Barbara McAlister served as maid of honor, and bridesmaids were Miss Diana Shanks, the bride's sister; and Miss Karen Hughes. They wore gowns fashioned in various shades of pink satin, overlaid with pink silk organza, and featuring long sleeves and scooped necklines. Each attendant carried a long-stemmed pink rose with pink ribbons.

David Draper was best man, and groomsmen were Stanley Shanks, the bride's brother; and Dr. Jeff Nieland of Houston, the bridegroom's brother. They also served as ushers.

Lighting the altar tapers were Carla Shanks, the bride's sister, and Tim Tate.

Mr. and Mrs. Nieland are graduates of Big Spring High School. He attended Howard County Junior College, Southwest Texas State University and will be a junior at Abilene Christian College in the fall. He will be employed by Abilene State School.

Mrs. Nieland is a senior at ACC. She teaches botany labs

## Budget Wardrobe

Sportswear and blouses are made for every budget, enabling women at all income levels to be well dressed and to make many changes in their wardrobes.

(Photo by Frank Martinez)

MRS. ANDREW FRANK NIELAND

at the college and is secretary for the biology department. The couple will reside at 229 Mulberry, Abilene.

A reception was held in the church fellowship room after the ceremony. A white organza cloth covered the serving table, which was centered with an arrangement of spring flowers and candelabra. Milk glass appointments were used.

Serving were Mrs. Mike Thomas of Abilene and Miss Elaine Burks, Miss Laurie Tate of Tarzan registered guests. Out-of-town guests were Mr. and Mrs. Berwyn Tate and family, Houston; Mr. and Mrs. Roger Tate, Hurst; Mr. and Mrs. Gary Tate, Midland; Mr. and Mrs. Floyd Fleming, Fort Worth; Mrs. Mary Nieland of Bradenton, Fla., the bridegroom's paternal grandmother; Lt. Col. (ret.) and Mrs. Ernest Reeves, San Antonio; Maj. (Ret.) and Mrs. O. B. Howard and son, San Marcos.

## Graduation Party For Gay Harris

Miss Gay Harris, a senior at Big Spring High School, was honored at a graduation dinner party Wednesday at the Brandin' Iron Inn. Mrs. R. L. Parker was hostess, and guests included the honoree's mother, Mrs. Bertis Harris. The table was covered with a yellow cloth and accented with individual ceramic eggs filled with yellow and white daisies and babies' breath.

## Mrs. Billy Sheppard Outlines Service Needs At VA Hospital

Mrs. Billy Sheppard outlined several upcoming events are planned by the auxiliary, Saturday in Brownfield, with registration beginning at 8:30 a.m. Members will conduct games for patients at the VA Hospital at 7 p.m., Tuesday. A social night is planned at 7:30 p.m., Thursday at the Legion Hall. The Junior Forum will be held party.

Mrs. Sheppard, acting director of volunteer services at the hospital, announced a youth volunteer orientation program is scheduled at 10 a.m., June 2. Anyone, 15 years old or older, interested in participating should contact her at the hospital.

"Volunteering their services at the hospital gives young people a chance to serve the community that," has served them so well," said Mrs. Sheppard. "There is a need for volunteers in almost every department." She expressed hope that some young people would help tape music onto cassettes for bed patients.

"Adult volunteers are always needed," said Mrs. Sheppard, and there is particular need now for someone to aid with shopping for patients." She expressed appreciation to the auxiliary for its support and service each Monday.

Mrs. Ollie Bransom presided, and Mrs. Barbara Vieira was accepted as a member. Junior members accepted were Kathryn Collinsworth, Linda Carol Turner and Laura Ann Mans.

The auxiliary will award a stamp collection in a fund-raising project designed to raise money for a stained glass window at the VA Hospital chapel. Tickets may be purchased from any legion or auxiliary member.

The women will present a 50-year membership shield to Mrs. Fern Smith, and a dinner in her honor is scheduled June 22. The dinner will also honor Mrs. H. D. Bruton for many years of service to the auxiliary.

The members contributed to a scholarship fund to send a teacher from Texas to the American Seminar at the Freedom Foundation in Valley Forge, Penn.

It was announced that Mrs. E. N. Rea has received a 2,500-hour bar for volunteer work at the VA Hospital.

## Panhellenic Will Host Swim Party

All high school senior girls in the area who are interested in pledging a college sorority are invited to a patio swimming party at 4 p.m., Tuesday in the home of Dr. and Mrs. R.B.G. Cowper, 902 Mountain Park.

Sponsored by the Big Spring Panhellenic Association, of which Mrs. Cowper is president, the party will offer the girls an opportunity to learn the benefits and responsibilities of belonging to a sorority.

Mrs. Akin Simpson will present a picture of sorority life today and outline the various community service projects which campus chapters and alumnae associations participate in.

Mrs. Jack Powell is chairman of the refreshment committee. Other members of the association will assist as hostesses.

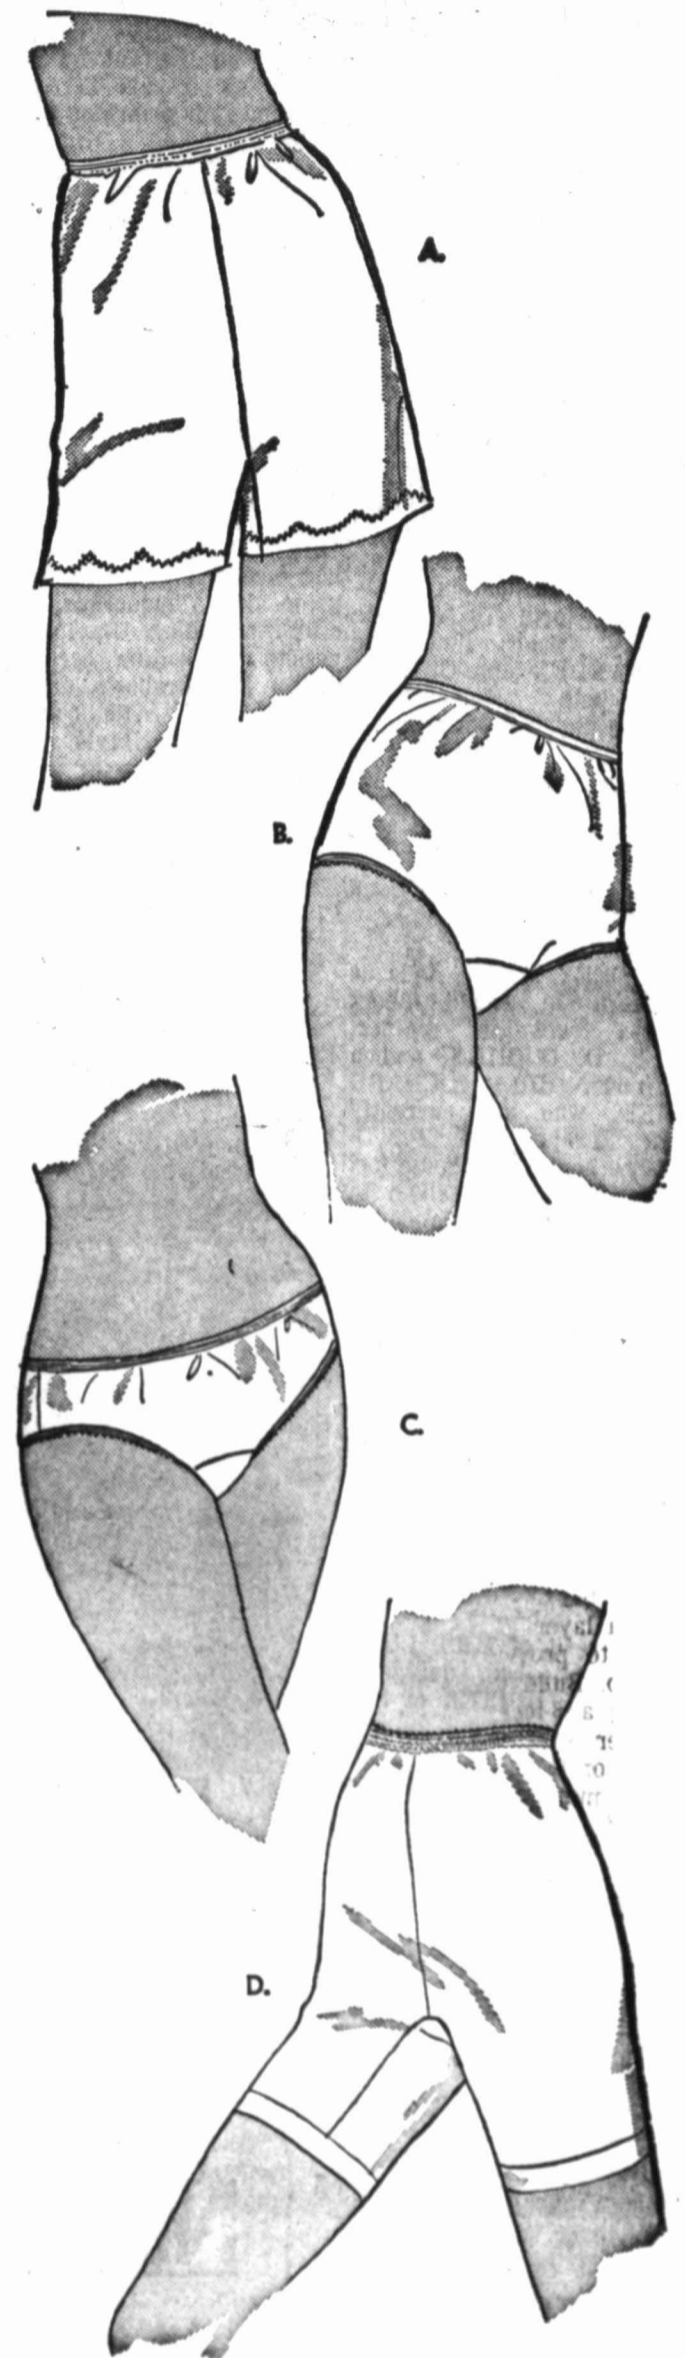

## Pesticide Disposal Difficult Problem

You cannot grow food free from DDT and other chlorinated hydrocarbons on soil that has been treated with this insecticide.

It will still be there in 10-20 years. Pesticide disposal is a perplexing problem.

If you place pesticides in the city dump, they will eventually get into the water supply. If you pour them down the drain, they will soon reach the ocean.

Do not throw away left-over pesticides. Keep them stored in a safe place until a collection method is implemented and/or a detoxifying agent is found.

MRS. MELVIN PERRY McMILLAN

## Couple United In Marriage

Perry Cotham, minister of the 14th and Main Church of Christ, Arizona, California and Oregon, performed nuptial rites for Miss Debra Kay Fryar and Melvin Perry McMillan Tuesday evening in the home of Mr. and Mrs. R. V. Fryar, the bride's grandparents.

The couple's parents are Mr. and Mrs. Harry L. McMillan, Sterling City Route, and Mr. and Mrs. Travis Fryar, 4001 Wasson Road.

The bride and bridegroom stood at an improvised altar adorned with greenery and palms and flanked by baskets of assorted pastel spring flowers.

Miss Fryar was attired in a dotted Swiss, Victorian-styled formal gown which featured a flared skirt and deep-cuffed puffed sleeves accented with a satin bow. The round collar was highlighted with a band of lace flowers and a bow. A cluster of satin flowers and leaves, edged with seed pearls, held her elbow-length illusion veil, and she carried a Victorian bouquet of pastel flowers.

Wedding music was provided by Mr. and Mrs. David Elrod, Bill Reed and Dee Elrod, vocalists.

Miss Kathleen Fryar served her sister as maid of honor. She wore a blue crepe gown fashioned with chiffon bell sleeves and a V-shaped neckline. She carried white carnations.

Van Barton of Forsan was best man.

Following an extended trip through Texas, New Mexico, Arizona, California and Oregon, the couple will reside in Brookings, Ore., until next spring when McMillan plans to attend West Texas State University. He is a graduate of Big Spring High School and attended Howard County Junior College. Mrs. McMillan graduated from Forsan High School.

A reception was held in the R. V. Fryar home following the ceremony. A blue cloth, overlaid with white net, covered the refreshment table and was accented with blue satin ribbons. Centering the table was a three-branched candelabra and an arrangement of blue and white carnations. The tiered cake was topped with a miniature bride and bridegroom. Crystal appointments were used.

Serving were Miss Patricia Fryar, Miss Orvetta Beeson and Miss Kay Woodley.

Out-of-town guests for the wedding were Mr. and Mrs. Val Perry, Lovington, N.M.; Mrs. H. L. McMillan Sr., Tahoka; Mr. and Mrs. Delbert O'Neil, Midland; Mrs. Bo Fryar and children, Coahoma; and Mr. and Mrs. Don Stevens, Forsan.

Guests included Mrs. Lyles other son, Roy Plew of McFarland, Calif.; and her four daughters, Mrs. Maggie Gillespie, McFarland, Calif.; Mrs. Mabel Skeen, Southgate, Calif.; Mrs. Orpha McCoy, Boulder City, Nev.; and Mrs. Lillie Ford, Elk City, Okla.

Other guests included J. B. Ford, Elk City, Okla.; Mrs. Pearl Ford, Antioch, Calif.; Mr. and Mrs. Billy Plew and children, Avery Garretson, Mr. and Mrs. Kenneth Plew, and Elbert Garretson, all of Big Spring. Mrs. Lyles will celebrate her 90th birthday in October.

**TO MARRY** — Mr. and Mrs. Evaristo L. Trevino, 608 NW 4th, announce the engagement and approaching marriage of their daughter, Consuelo, to Albert Ramirez, son of Mr. and Mrs. Juan D. Ramirez, 614 NE 11th. The wedding will be July 15 in Sacred Heart Catholic Church.

### Dinner Party For Mrs. Stella Lyles

Mrs. Stella Lyles, 89, was honored on Mothers Day at a dinner in the home of her son and daughter-in-law, Mr. and Mrs. Earl Plew, East Hwy. 80.

Guests included Mrs. Lyles other son, Roy Plew of McFarland, Calif.; and her four daughters, Mrs. Maggie Gillespie, McFarland, Calif.; Mrs. Mabel Skeen, Southgate, Calif.; Mrs. Orpha McCoy, Boulder City, Nev.; and Mrs. Lillie Ford, Elk City, Okla.

Other guests included J. B. Ford, Elk City, Okla.; Mrs. Pearl Ford, Antioch, Calif.; Mr. and Mrs. Billy Plew and children, Avery Garretson, Mr. and Mrs. Kenneth Plew, and Elbert Garretson, all of Big Spring. Mrs. Lyles will celebrate her 90th birthday in October.

### Public Invited To Dance Recital

The public is invited to attend a spring dance recital by students of Mrs. Ora Burson at 7:30 p.m. Friday at the city auditorium. About 75 students from the YMCA and the Webb Youth Center will participate. There is no admittance charge.

### Oasis Club Concludes Program

Members of Oasis Garden Club completed their last garden therapy program for special education students of Moss Elementary School with a picnic and games day Thursday at Comanche Trail Park.

More than 80 children attended. Mrs. Dale Smith talked to them about the meaning of Totem poles used by Eskimos and Indians, which she said served as an emblem of a family or clan to remind them of their ancestry.

Assisting at the party were Mrs. Alton Marwitz, Mrs. Smith, Mrs. Henry Schaedel, Mrs. Charles Harwell and Mrs. J. B. Leonard, therapy chairman. The group will continue its therapy program in September.

## Nuptial Ceremony Is Held In New Mexico

The marriage of Miss Betsy Anne Hart and Marcus Leonard Wise, both of Artesia, N.M., is being announced by her parents, Mr. and Mrs. Bill Jack Hart of Artesia. Wise is the son of Mr. and Mrs. Melvin Lester Wise, Artesia, N.M., and the grandson of Mr. and Mrs. Lester Wise, 1400 Johnson.

The couple was married May 6 in the First Presbyterian Church of Artesia, by the Rev. George T. Wright. The altar was decorated with a pedestal arrangement of daisies and two seven-branched candelabra entwined with boxwood garlands.

The bride wore a formal-length gown of white organza over peau de soie, fashioned with a fitted bodice and accented with rows of lace outlining the scooped neckline. She carried a bouquet of white sweetheart roses, stephanotis and ivy leaves.

Miss Jamie Lynn Brown was maid of honor, and bridesmaids were Miss Jeannette Terry, Miss Jane Gardiner and Miss Carl Sanders. They wore crystalline dresses of Empire design fashioned in yellow for Miss Brown and in avocado green for the bridesmaids. They carried long-stemmed daisies.

Robert Fair Ream Jr. of Midland was best man, and ushers were Dee Johnston and Jerry Rogers of Lubbock. Groomsmen were Bruce Riegel, Lubbock; Robert E. Ferguson Jr. and Jack Hart, the bride's brother.

A reception was held at the

to Lubbock where they attend Texas Tech University. Both are graduates of Artesia High School and are now seniors at Tech. She is a member of Chi Omega sorority, and he is a member of Sigma Nu fraternity.

Out-of-town guests included Mr. and Mrs. Lester Wise, Big Spring; Phillip Musgrove, Morgan Mill; and Mrs. Carlos Clover, Odessa.

### Unit Office Filled By Mrs. Odell Womack

A Big Spring woman was elected vice president of Southern Unit, District 1 of the

Council of Nationally Accredited Flower Show Judges when it met Monday in the home of Mrs. John P. Gammill of Kermit.

### Compost Method For Backyard

To build a backyard compost pile, place a layer of brush on the ground to provide a base for the heap. Build the pile in layers using a 6-inch layer of green matter such as weeds, crop wastes or leaves, a 2-inch layer of manure and a sprinkling of topsoil and limestone.

Repeat layers until pile is five feet high. Turn pile after six weeks and again in 12 weeks to allow air circulation.

Do not let the heap dry out; when finished cover the heap with hay, sacking or soil to conserve heat and moisture. Compost should be ready to use in three months.

Mrs. Odell Womack, 1601 Tucson, was installed in the post and will serve under Mrs. C. L. Sparkman of Odessa, president. Other officers, all from Midland, are Mrs. A. P. Shirey, recording secretary; Mrs. John A. Van Auken, corresponding secretary; Mrs. J. W. McCart, treasurer; and Mrs. L. C. Link, parliamentarian.

Mrs. Sam Poythress of Midland led a panel discussion about judging horticulture. Other women attending from Big Spring were Mrs. John B. Knox, Mrs. Dale Smith, Mrs. J. W. Trantham, and Mrs. D. O. Gray.

Mrs. M. C. McSpadden, outgoing president, presided, and installation was conducted by Mrs. Charles Jones of Snyder.

# Miss Patsy Thomas Weds Edwin Greer

MRS. EDWIN R. GREER

Wedding vows were exchanged by Miss Patsy Thomas and Edwin R. Greer, both of Houston, at 7:30 p.m., Saturday in the First Church of God, Houston.

Parents of the couple are Mr. and Mrs. Alvin E. Greer of Atlanta, Ga., and Mr. and Mrs. Lloyd E. Thomas, 609 Caylor.

The Rev. LeRoy Oesch officiated at the rites which were conducted at an archway of candelabra set between two nine-branched candelabra. Music was provided by Mrs. Robert F. Adams, organist and pianist.

The bride wore a formal-length gown fashioned Empire style in white silk chiffon over peau de soie. Scalloped lace trimmed the neckline, long sleeves, hem and waistline, and lace appliques accented the gown. She wore a cathedral-length veil of white tulle and carried cascade arrangement of white daisies.

Mrs. H. T. Wagner III of Dallas, the bride's sister, was matron of honor. She wore a floor-length gown of yellow floral chiffon featuring an Empire waistline. Her hat was fashioned in yellow moline, and she carried a basket of multi-colored daisies.

Bridesmaids were Miss Nina Thomas of New Orleans, La., the bride's sister; and Mrs.

Richard L. Robertson of Austin. They were dressed identical to the matron of honor and also carried baskets of daisies.

Lonnie E. Greer of Atlanta, Ga., served his brother as best man, and groomsmen were Danny Parish of Houston and Airman Roy Thomas of San

## Forsan Residents Entertain, Travel

FORSAN (SC) — Recent guests of the J. B. Andersons included their daughter and family, the Dan Hayhursts; Robin Sindorf and Mrs. L. M. Hayhurst, all of Kingsland.

The J. B. Hoards left Monday for Albuquerque, N.M., where he will enter the Veterans Administration Hospital. Mrs. Hoard plans to visit her daughter and family, Lt. Col. (Ret.) and Mrs. S. E. Wood.

The Al Fitts' of Springfield recently visited her mother, Mrs. F. E. Davidson, who accompanied them back to their home for a few weeks.

The L. T. Shoult's were recent guests of the daughter and family, the Rev. and Mrs. C. G. Griggs of Sylvester. Rev. Mr. Griggs will become pastor of the Baptist Church in Hamlin.

Francisco, Calif., the bride's brother. Serving as ushers were Herbert T. Wagner III of Dallas, the bride's brother-in-law.

Following a trip to Atlanta, Ga., the couple will reside in Houston where Greer is employed by Oxford Building Services. He has served in the Army and is a graduate of Southern Institute of Technology, Atlanta, Ga. Mrs. Greer graduated from Big Spring High School and is presently employed as a legal secretary in Houston.

A reception honored the couple in the church fellowship hall. The refreshment table was covered with a white cloth and centered with an arrangement of daisies flanked by twin candelabra. The three-tiered cake completed the setting.

Refreshments were served by Mrs. W. F. Bailey, Mrs. Murray Ally, Miss Lynette Cook and Miss Martha Harris, all of Houston.

Out-of-town guests were Mrs. M. A. Thomas, the bride's grandmother, Miss Louise Thomas, and Mr. and Mrs. W. H. Crenshaw, all of Big Spring; Mrs. Bertha Lesley Okmulgee, Okla.; Mr. and Mrs. O. L. Williams, Del Rio; Mrs. Alvin E. Greer, the bridegroom's mother, Atlanta, Ga.; Larry Milch, Austin; and Mr. and Mrs. Danny DeLaney, Angleton.

## Sculpture, Painting Characteristics Told

"Sculpture and painting date back to primitive man," said Mrs. Rex Zant as she briefly outlined the history of the art forms for members of Alpha Eta Upsilon Chapter, Beta Sigma Phi, Thursday in the home of Mrs. Jerry Iden, Ackerly.

Mrs. Zant said the two types of sculpture are carving away a material to form a shape or building up a material to form a shape. The two main elements of sculptured pieces are movement and rhythm, and the basic shapes are cube, pyramid, cone, cylinder and sphere.

"Painting is the representation of any object by the use of color," continued Mrs. Zant.

Some paintings tell a story, some have emotional appeal, and some have a variation, depending on the artist's technique." She showed paintings by various well-known artists and asked members to identify the title or artist. Mrs. Jerry Hall won the prize for most correct answers.

Installation of 1972-1973 club year officers was conducted at a table covered with a yellow linen cloth and accented with a bouquet of yellow roses flanked by yellow candles.

The officers are Mrs. Jerry Iden, president; Mrs. Derrell Bearden, vice president; Mrs. Dan Shortes, recording secretary; Mrs. Jerry Hall, corresponding secretary; Mrs. Derwood Blagrace, treasurer; Mrs. Jerry Merrick, social

chairman; Mrs. Clyde Kenemer, program chairman; Mrs. J. E. Peugh, scrapbook chairman and Mrs. Dickie Shortes; parliamentarian.

Members will take ice cream to the Knott Riding Club meetings to sell as a fund-raising project in order to buy a bicycle for Barbara Ponder, a resident at Girls' Town in Whiteface. Miss Ponder will visit the group June 1, and will stay with Mrs. Bearden. The group will meet Aug. 31 for an organization day to plan projects for the 1972-1973 club year. Tentative plans were also made for a lake party during the summer, date to be announced.

The final meeting for the year is scheduled at 12:30 p.m., Thursday at the Spanish Inn, Big Spring.

## Exercise Offsets Added Calories

The word "calories" raises a red flag for some people. They are constantly worrying about eating too many!

All too often they forget that they can get rid of some of these extra calories by daily exercising. A well-balanced diet along with well-planned daily exercises will help keep the body in good working order and will help control the accumulation of those calories as excess body fat.

**SETS DATE** — Mr. and Mrs. James Earl Wells, Ackerly, announce the engagement and approaching marriage of their daughter, Sandra Lee, to Chester Dean Dyer, Midland, son of Herman Dyer, Lamesa, and the late Mrs. Dyer. The wedding will be held July 1 in North 14th St. Church of Christ, Lamesa.

Portrait from Frank Brandon Photography

### 1972 Bride and Groom—Elaine Burks and Mike Marchant

Happily, it happens every day. Love blossoms in every season, yet when talk turns to marriage, many young couples tend to favor the traditional month of June for their wedding ceremony.

Such a couple is Miss Elaine Burks, and her fiance, Michael Marchant, who have scheduled their wedding for June 24 in the Carl Street Church of Christ.

The weeks before the wedding have been filled with days of decision as Elaine and Mike began the adventure of sharing a new life — and life style. They've only just begun, but already, there have been many things to

discuss and decide: the rings, attire, services and a myriad other investments involved in founding and furnishing the first home.

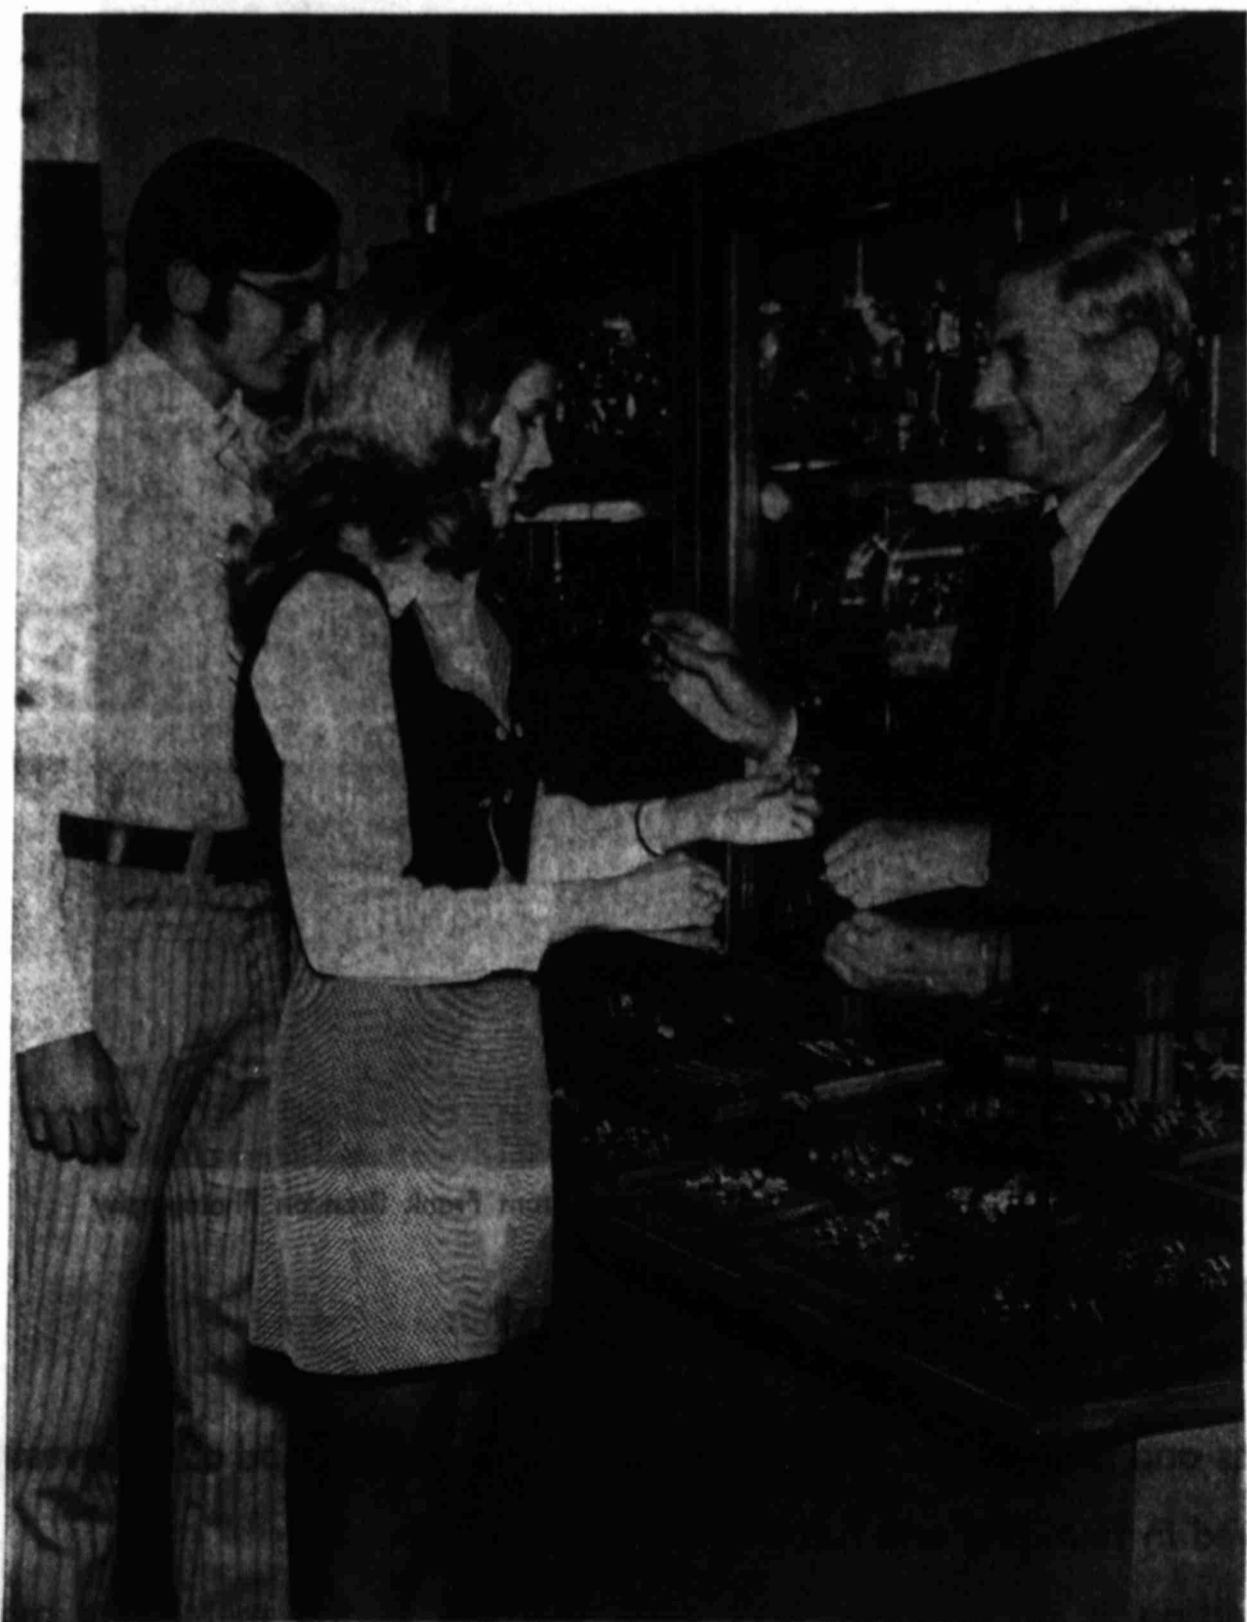

Getting it all together isn't easy. But Big Spring merchants make it easier for young couples by providing consumer consultants who offer sound advice about practical investments. Join Elaine and Mike as the two tour local business establishments. Who knows? If you're young, you might soon follow in their footsteps — and if you're young in heart — you'll want to run down tomorrow for something you've always wanted!

Lucille Brown, bridal consultant at Blum's Jewelers, shows Elaine and Mike their choice, Medallion Red by Poppytrail. This is just one of the more than 200 patterns of pottery and china that Blum's has to choose from. While at Blum's they also selected Alhambra by Lyons for their stainless and Black Ace, by Reizart, crystal. At Blum's you can find your diamond rings with matching bands by Art Carved and Orange Blossom. Blum's takes special pride in having been appointed authorized dealer for all nationally advertised brands of China, Pottery, Sterling, Watches and many more too numerous to mention. Blum's entire personnel is experienced and trained to assist you with your selection.

From Prager's, Mike is shown selecting a new suit that is just right to start the honeymoon. A. J. Prager, owner, is showing Mike a fine suit of double knit that is so comfortable and so easy to care for. Mike knows at Prager's, he is assured of correct fit in every clothing purchase. He knows that whatever the occasion, he can find clothes that are just right and always in taste. Mr. Prager also has shown Mike a wide selection of the proper accessories that are so important for a young man on the way up.

Joe Blum, owner of Blum's Jewelers, assisted Elaine Burks and Mike Marchant in the selection of their wedding rings by Art Carved. Blum's carries over 200 styles in matched wedding rings, and a large selection of diamond bridal sets by the famous makers of fine jewelry, such as Orange Blossom and Art Carved. Blum's Jewelers has assisted many Brides and Grooms in selecting their wedding rings and diamond bridal sets. When thinking of fine jewelry — think first of Blum's.

Terry Carter of Carter's Furniture, 100 to 110 Runnels, shows Elaine Burks and Mike Marchant the construction of dining room furniture. Tangier by Broyhill Premier is exciting furniture, rich in Spanish boldness, reminiscent of Moorish architecture with its graceful arch-like carvings. Made of selected oak veneers and oak solids, Tangier is finished in a soft brown. Its heavy base and authentically designed hardware accent its thoroughly Spanish design.

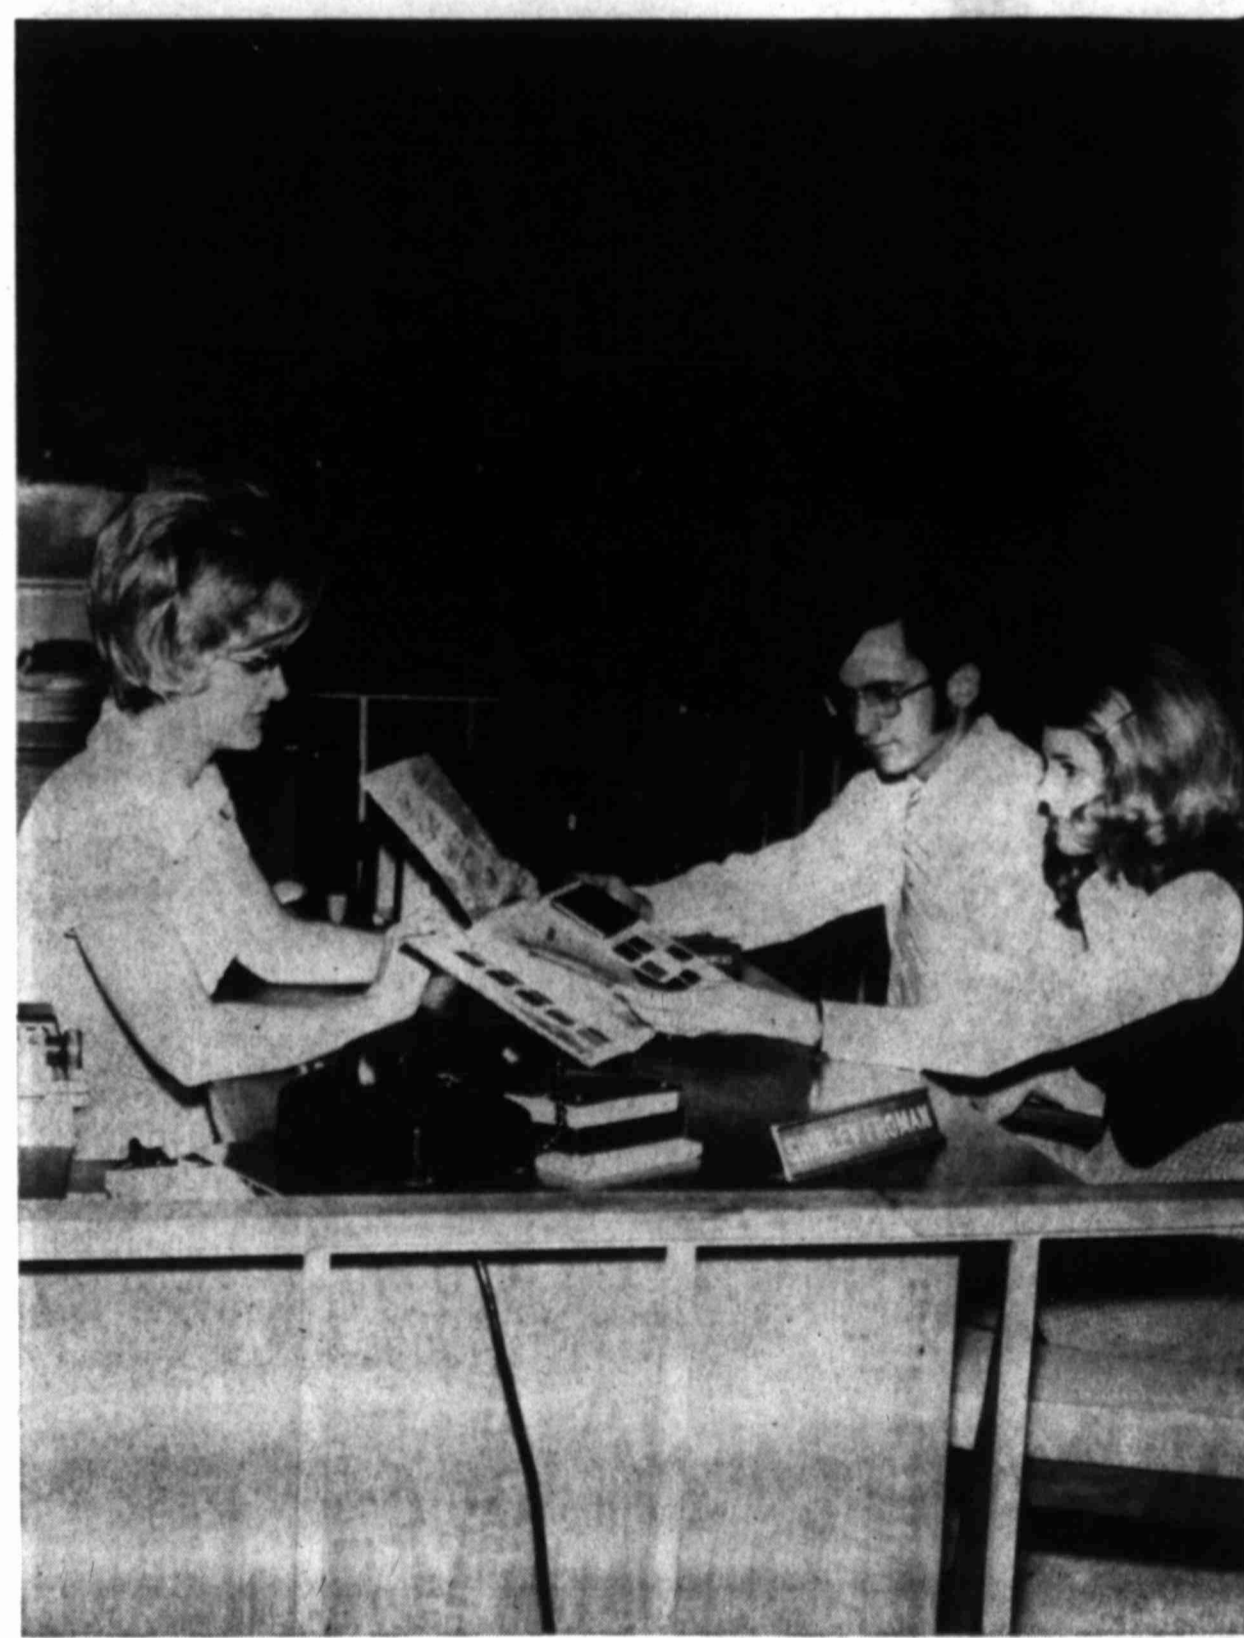

Elaine and Mike are shown here with L. B. Conway in White's comprehensive Furniture Department where Mr. Conway points out the many fine makers of quality furniture, such as Kroehler, Economy Furniture Indl, and Owosso in the varied beautiful appropriate styles of Contemporary, Mediterranean, Spanish, and Early American. The budget-minded young newlyweds will find the style appropriate to their needs and desires at White's where the friendly personnel are always helpful with experience and expert advice in home furnishings.

Elaine is ready for all the social events of the summer. This Howard Wolf cotton ensemble is a hot pant and long skirt combination . . . elegant enough for a dance and perfect to dazzle any crowd at a patio gathering. Beautiful clothes are always available at Zack's — Main at Sixth — Big Spring.

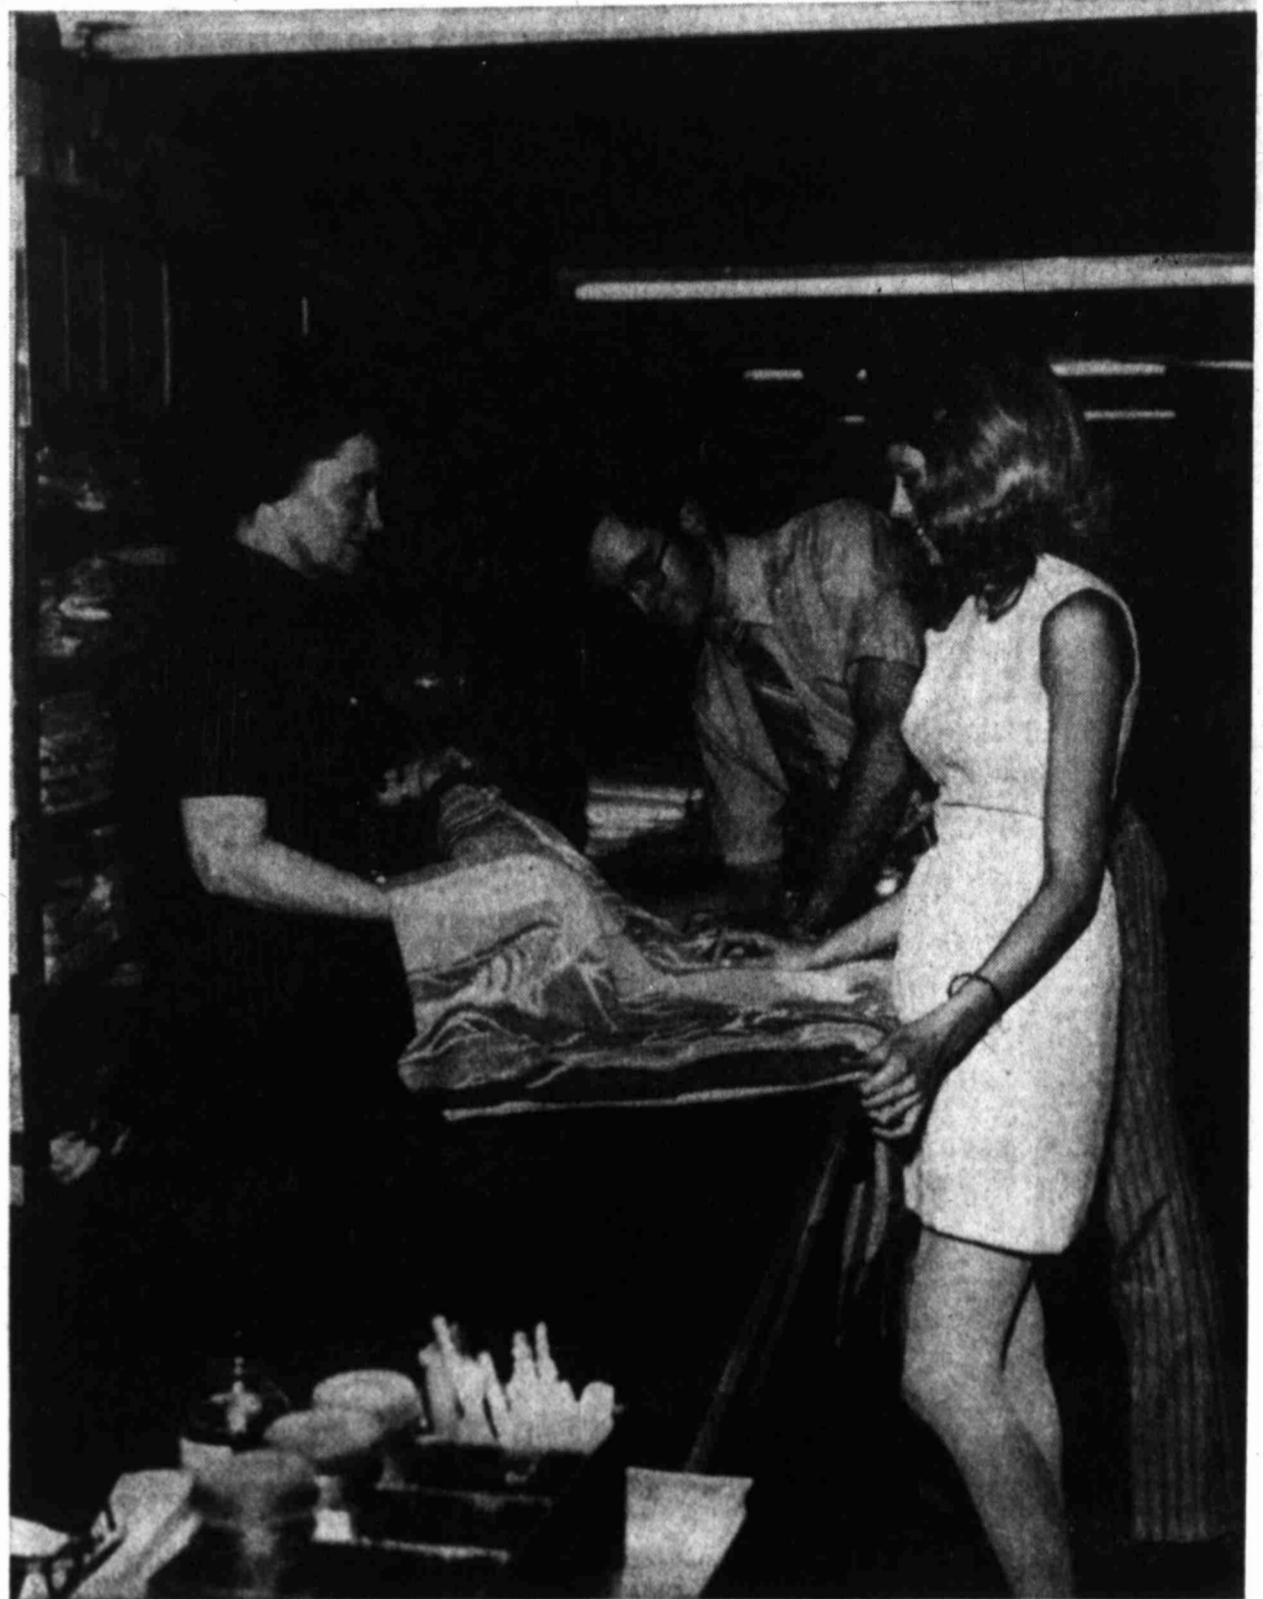

A must for any new bride and groom's home are beautiful things for the bath. Bruce Wright of Wright's Prescription Center shows Elaine and Mike one of many beautiful bath accessories available from his bath shoppe. Towels, decorator bath sets, soaps and bath oils are just a few of the items Wright's Bath Shoppe has to offer. Any item imaginable for making your bath lovelier may be found at Wright's Prescription Center's Bath Shoppe . . . 419 Main, Downtown.

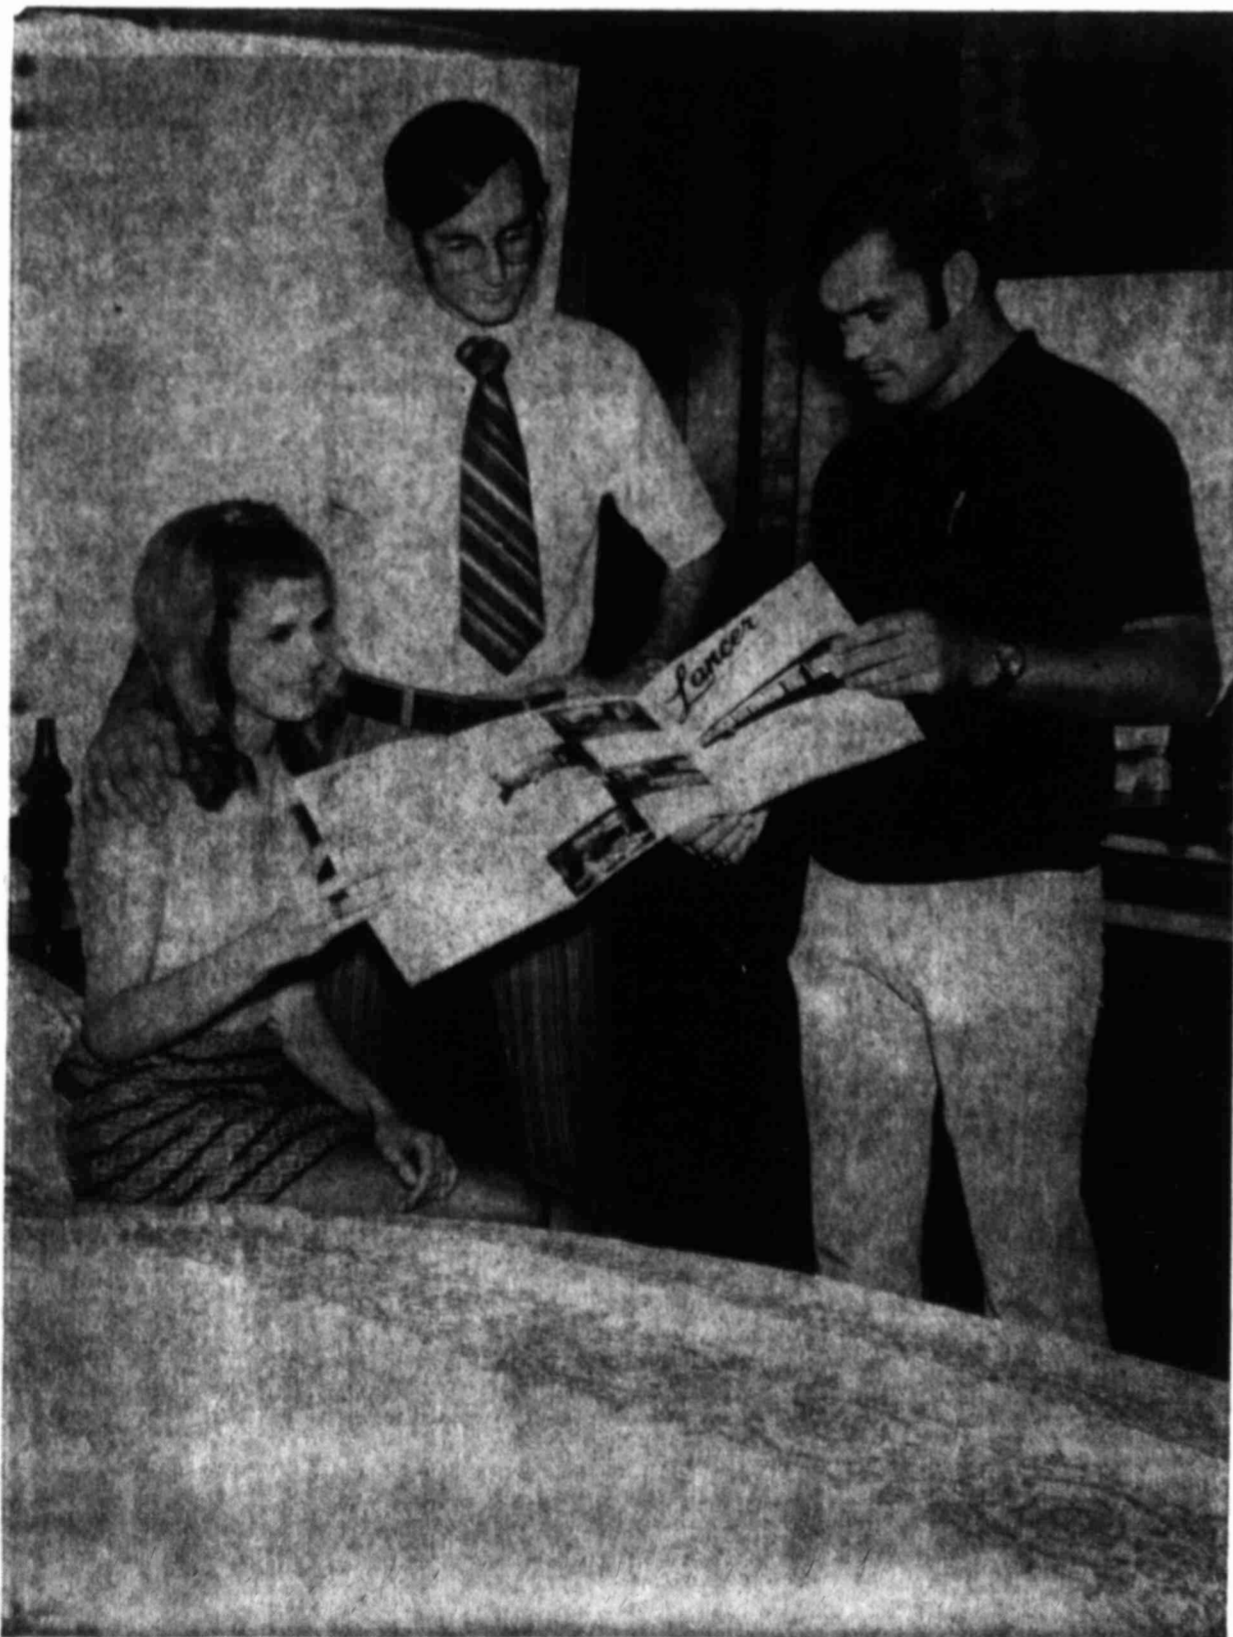

That's the style and color I want, Elaine told Mike while Shirley Froman of First National Bank was showing the young couple a selection of personalized checks for their first joint account. Shirley also outlined the many convenient services available at First National. She told them that among other services they could look to First National for loans, savings accounts and a handy Travel Department. Elaine and Mike found out that regardless of their banking needs, they have a friend at First National.

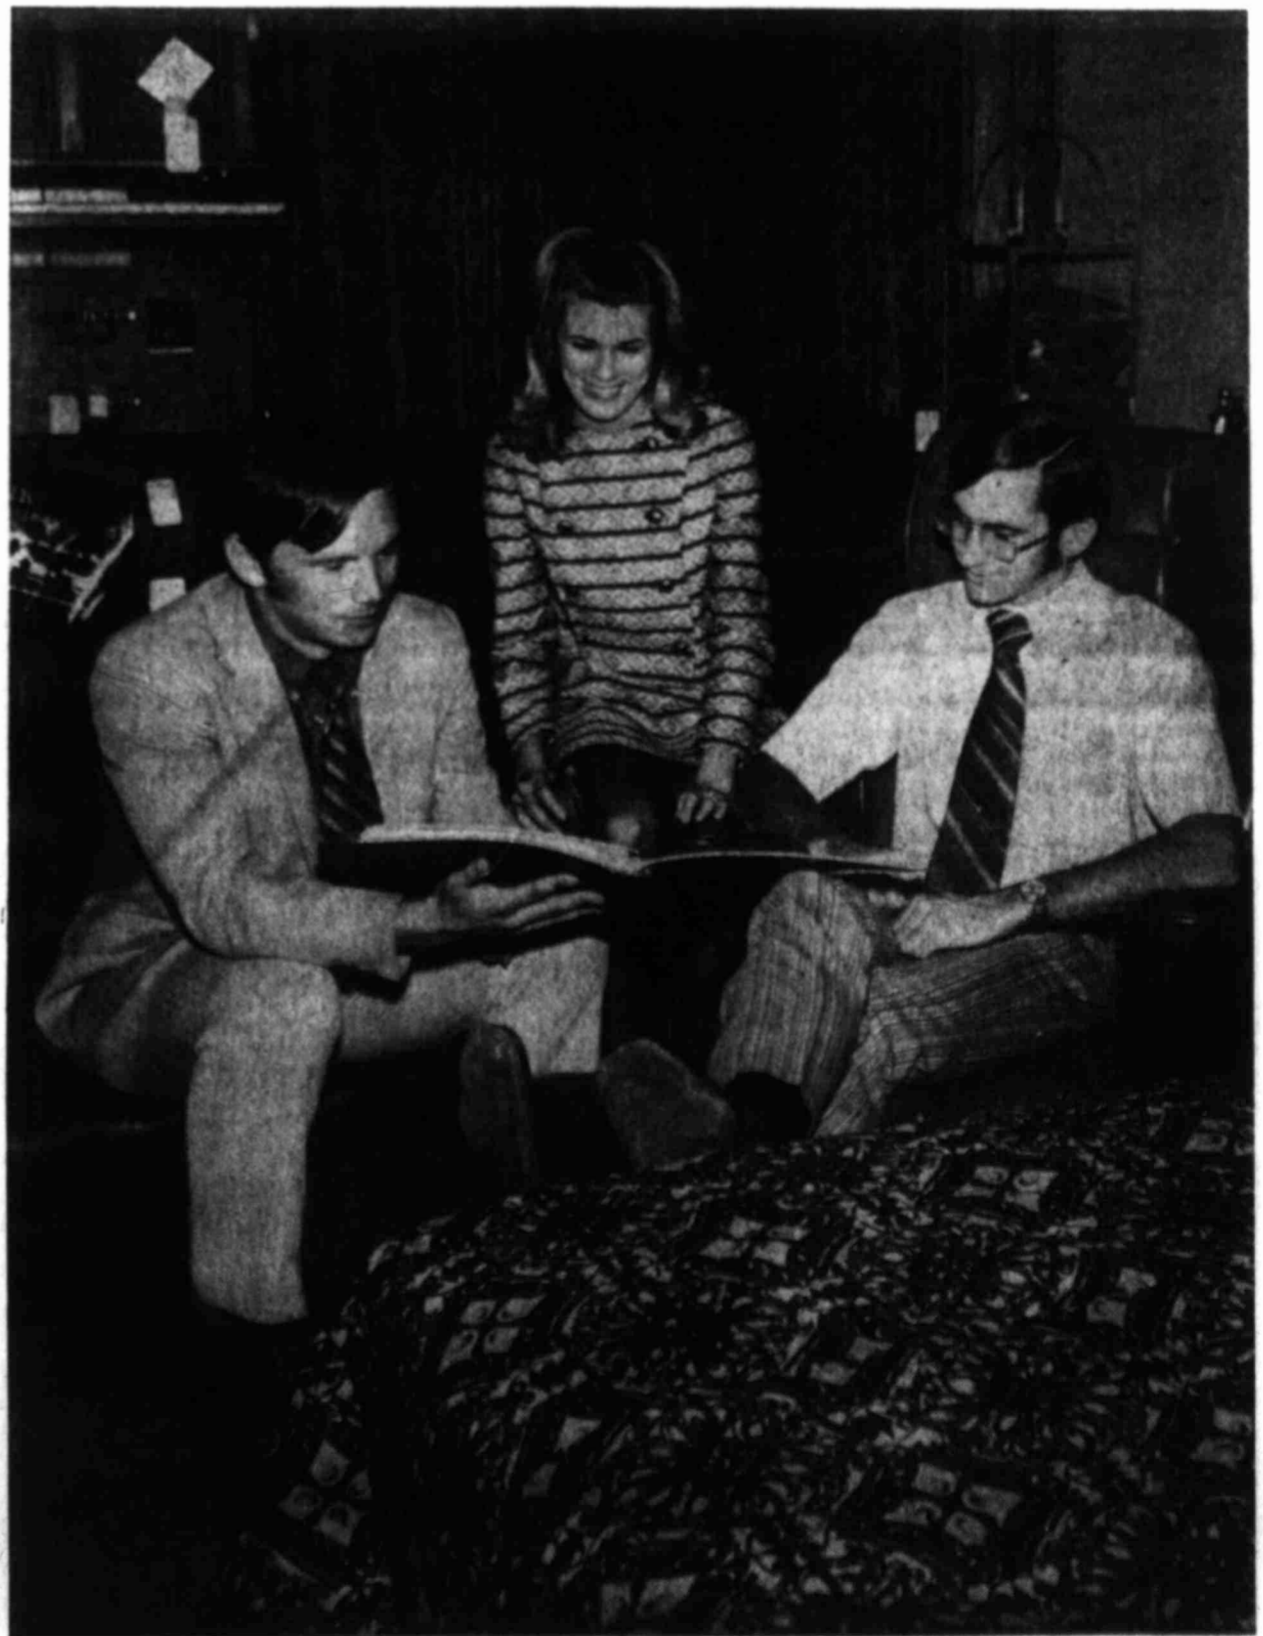

Ruth Conway of the Casual Shoppe shows Elaine two pieces of sleepwear which will make lovely additions to her trousseau. Elaine wears a floral print robe of nylon tricot, topped with organza, as she considers a pajama of nylon tricot with lace trim. These are only two of the beautiful selections of ladies' wear available at the Casual Shoppe. You too may choose from their wide selection of sportswear and dresses. The Casual Shoppe — 1107 11th Place.

Color scheme is very important in choosing your home furnishings; also the amount of linens is an essential consideration. Mrs. Lela Baker shows Elaine and Mike the beautiful, colorful assortment of towels to be found in Anthony's linen department. Anthony's linen department has the most complete stock of sheets, pillow cases, towels, blankets, bedspreads, draperies and area rugs for your decorating schemes.

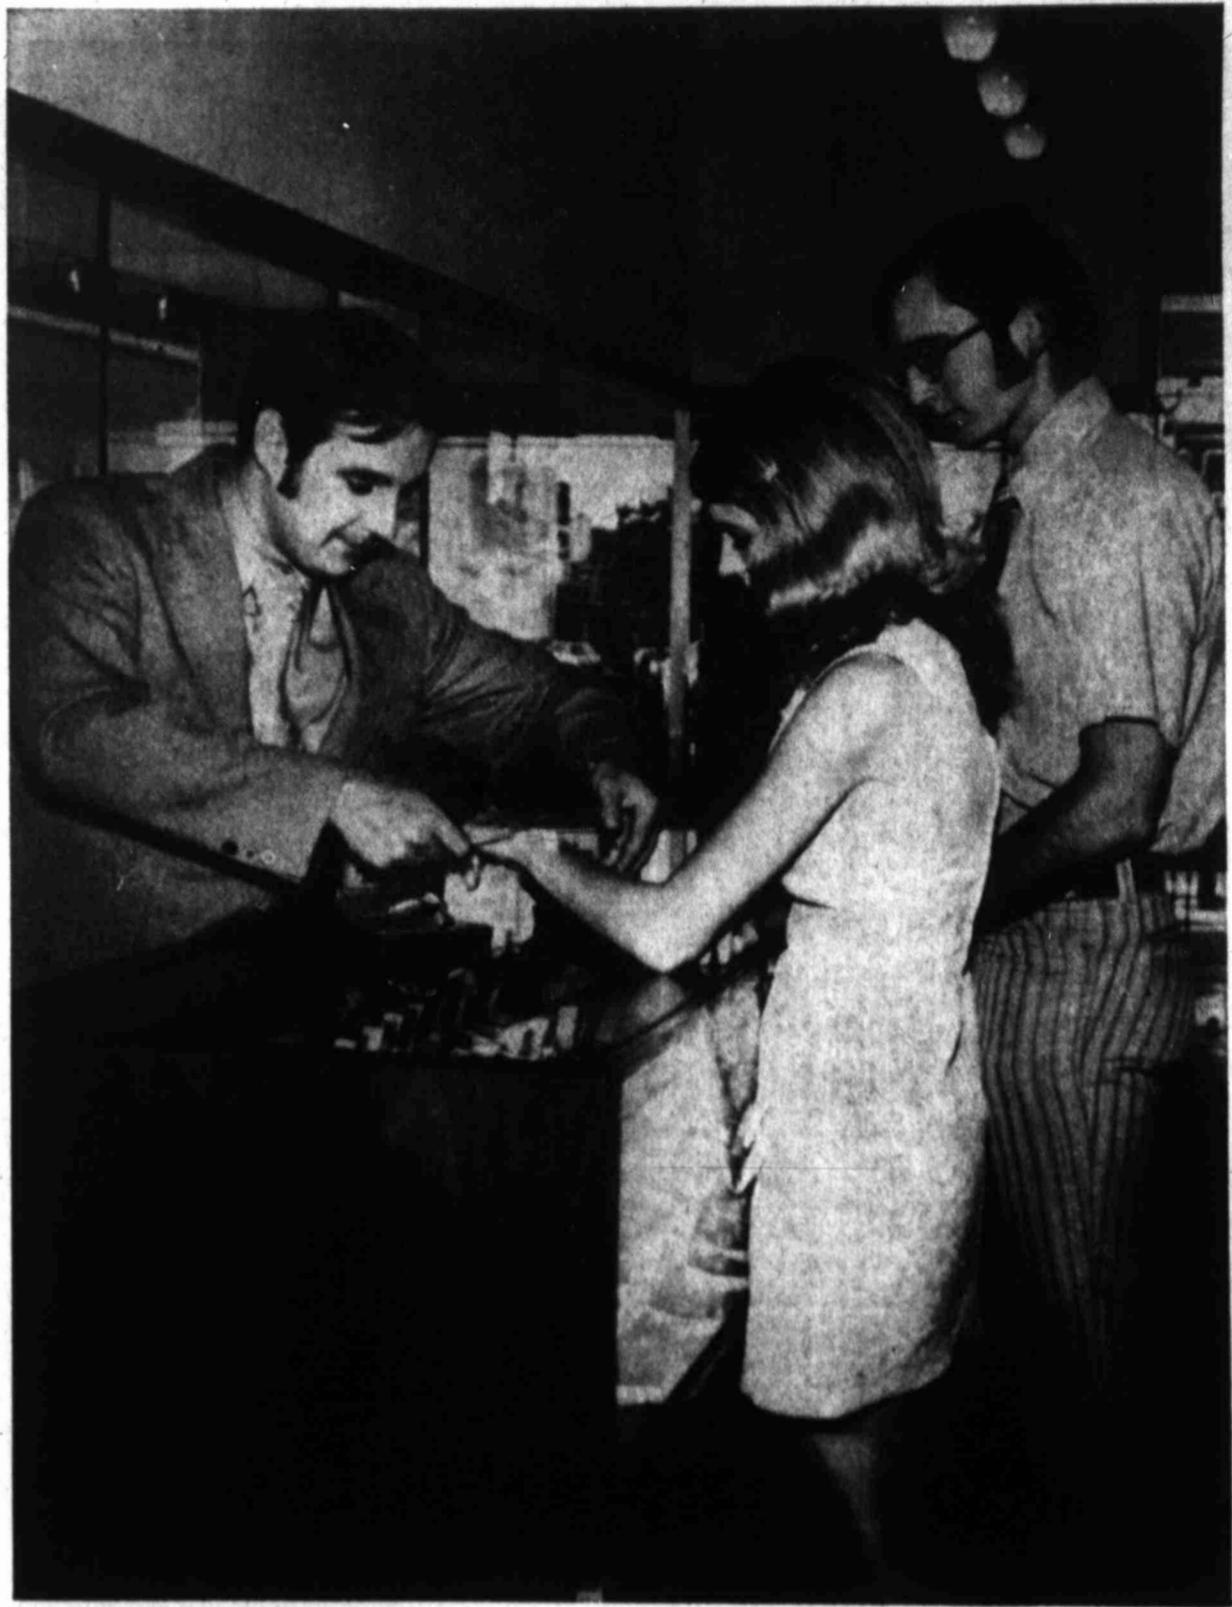

Don Wiggins of D&C Sales shows Elaine and Mike some features of the Lancer mobile home. D&C has one of the finest selections of mobile homes in the Southwest, including Lancer, Fleetwood, Way Side and many others. They have the luxury homes and the economy models but D&C never sacrifices quality for price! When you buy at D&C you can pay as little as 5% down with up to 12 years on the balance. D&C also offers Bank Rate Financing and complete Insurance Coverage for your home. They are members of the Mobile Home Manufacturers Association, a nationwide organization, which means that all homes sold must meet M.H.M.A. standards. The friendly personnel at D&C specializes in VA Loans, loans that require no down payment. A free parts and service policy comes with all D&C Homes and there's a complete service department to back it up. Buy your mobile home from D&C and take advantage of all the extras plus get free delivery and set-up anywhere in Texas.

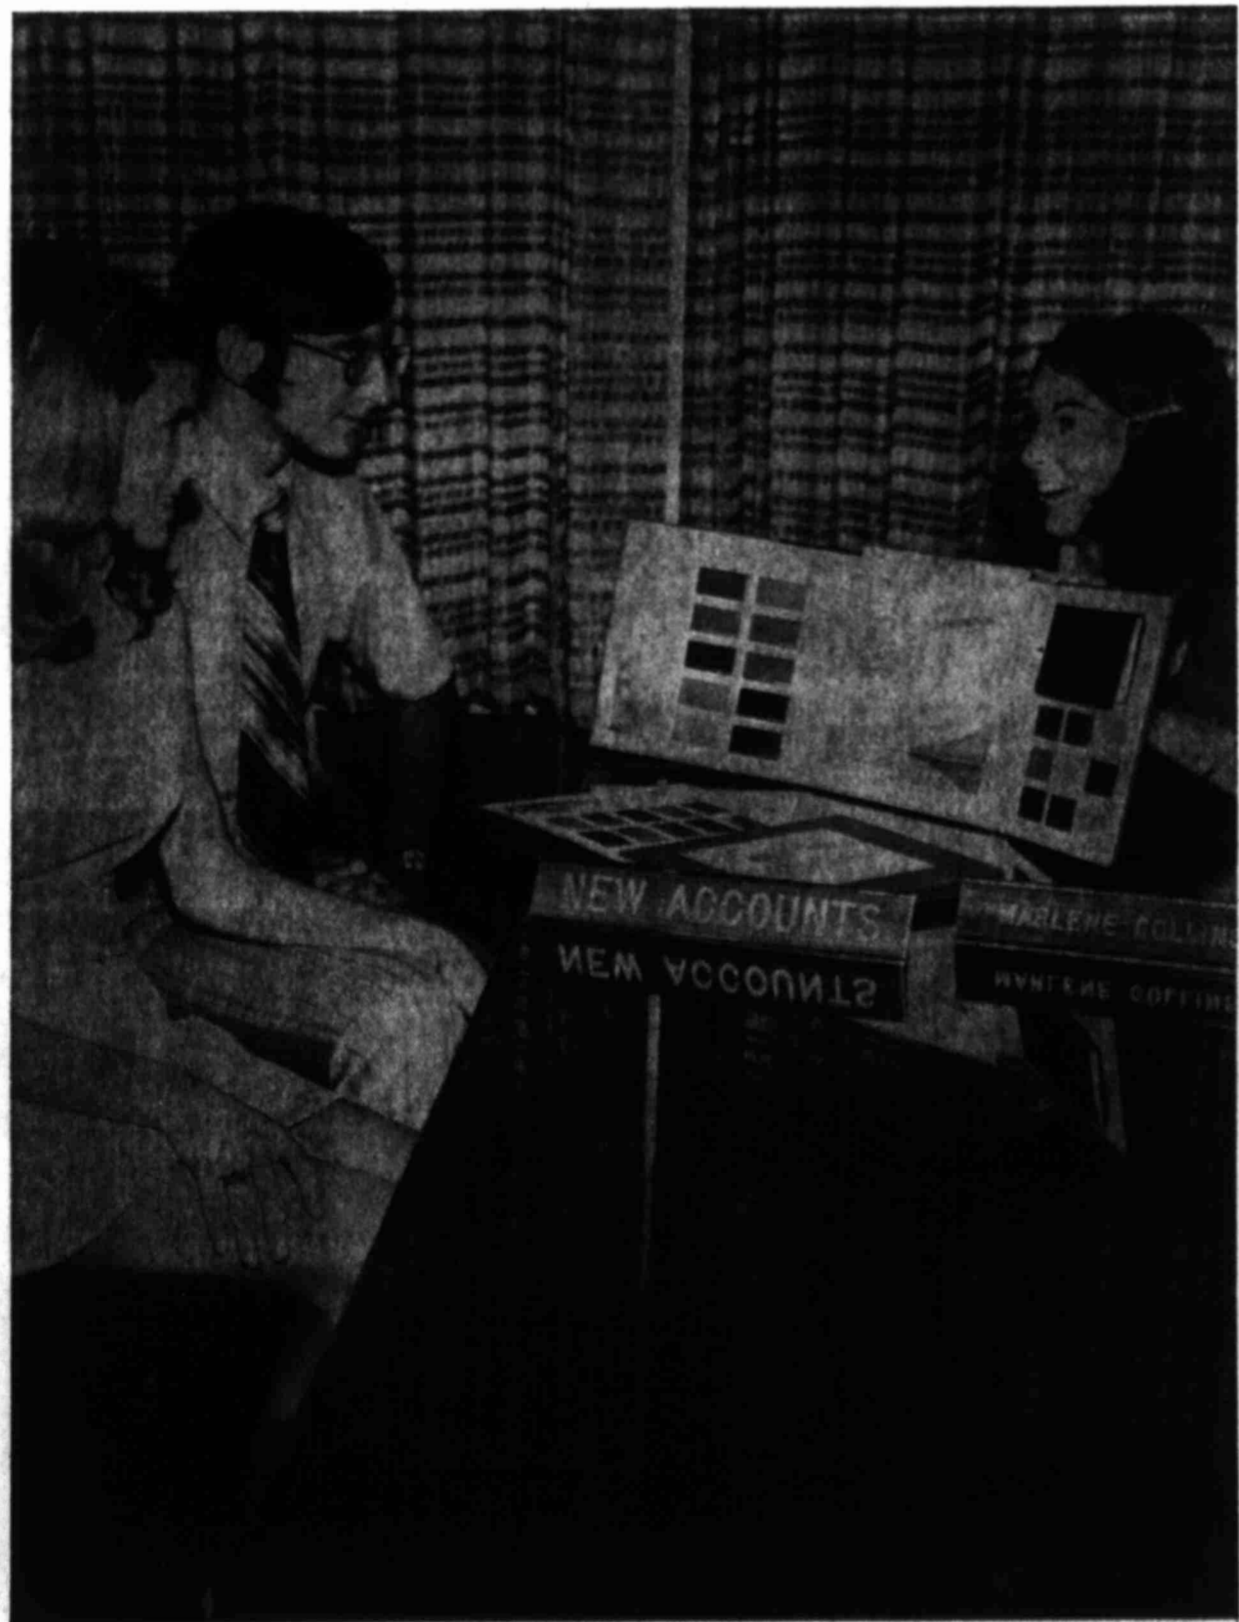

While Western Mattress, 1909 Gregg, makes excellent mattresses, they also carry a complete line of Dixie, Young-Hinkle, Heywood-Wakefield, Kessler, Link-Taylor and Lane furniture and accessories. Steve Kotera, manager, shows Elaine Burks and Michael Marchant the catalog of Lane products. Lane manufactures bedroom and living room furniture. Sweetheart Chests are among their lines, too. Western Mattress, the ideal store for the newlyweds.

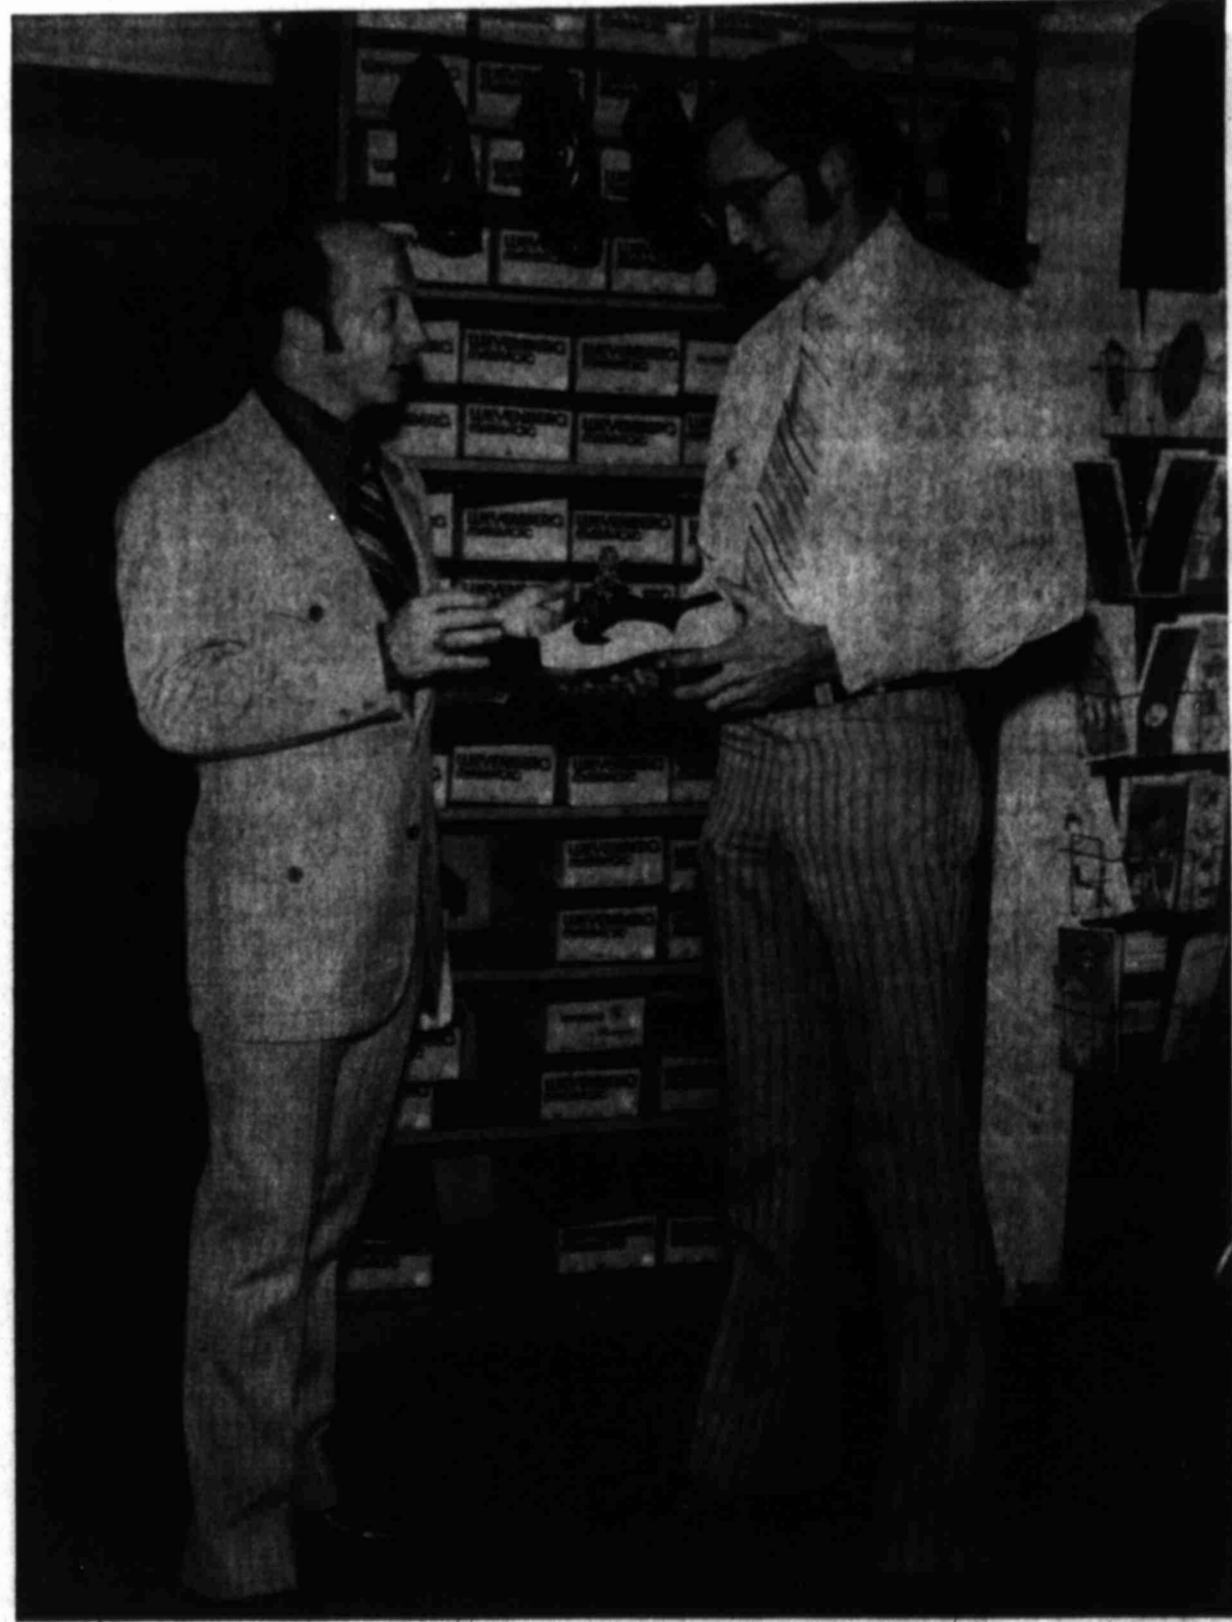

Elaine was particularly enthusiastic over this full length peignoir set with an Empire waistline and Leg O' Mutton sleeves with matching lace at sleeves and hemline. Mrs. Helen Wise also called her attention to the exquisitely sheer matching gown that completes the set. Take a tip from Elaine, shop Caudill's, in Highland Center for all the latest fashions. You'll be glad you did.

Bobby Gee, manager at Zale's, is showing Elaine and Mike a smart new diamond watch that makes an ideal wedding gift. This model is a Nevada and features two carats of diamonds. It has 18 sparkling stones and has a 14K matching gold bracelet. He also showed the couple a selection of wedding and engagement rings from Zale's famous collection of quality diamond rings. Mike and Elaine found a wonderland of gifts and appliances that bring a lifetime of happiness for any bride and groom-to-be.

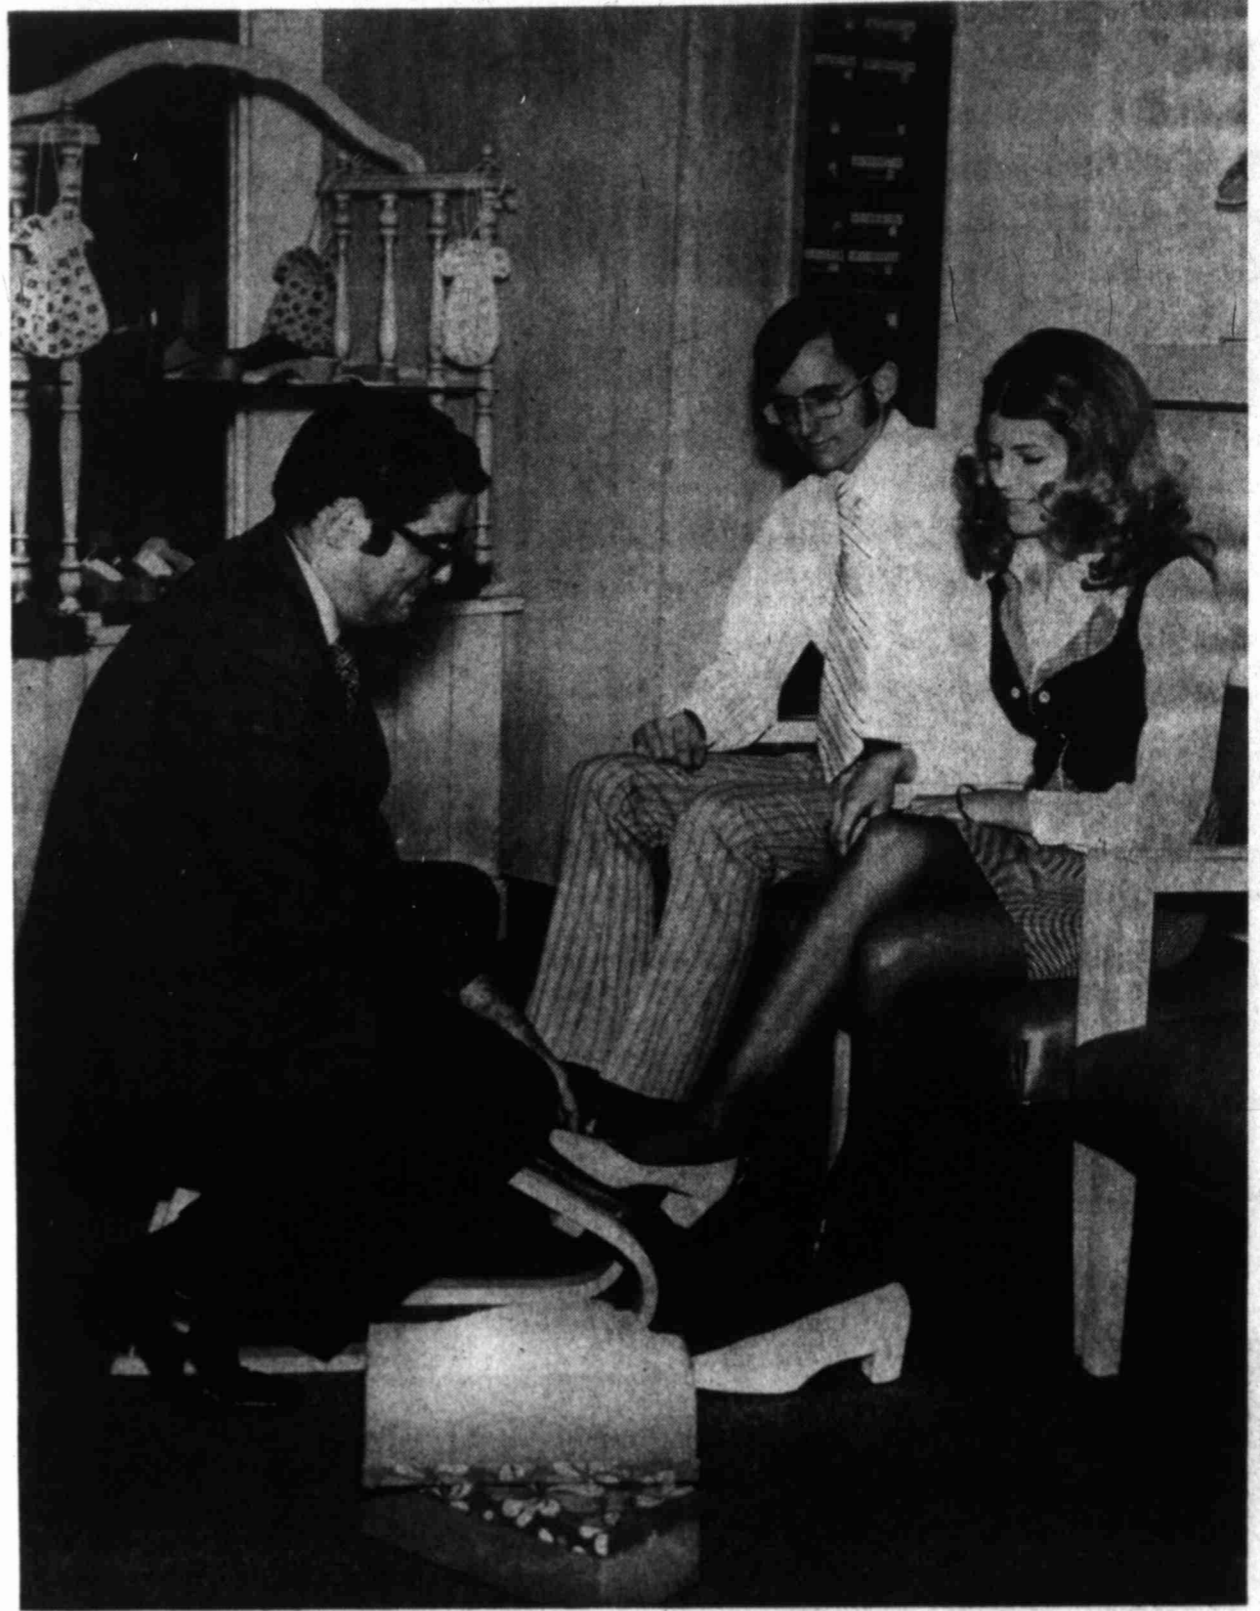

Marlene Collins, New Accounts for Security State Bank, explains to Elaine Burks and Michael Marchant the standard services of the bank including the process of opening a new account. Security State Bank also offers savings accounts, safety deposit boxes, night depository, and cashier's checks among their many services which the customer can take advantage of for his needs. Come to Security State Bank; 15th and Gregg for all your banking needs.

J. W. Parmley, manager at Prager's, is showing Mike a complete wardrobe of shoes that are available. He is showing a two-tone with higher heels, squared toe and colorful new laces. The shoe is in red and white and from Weyenberg. Prager's shoe department features great new styles for the young man. They feature shoes also by Pedwin, and many others. Mike learned that correct fitting is a must here. Prager's insists on measuring and properly fitting each person to assure comfort and long wear.

Your wedding is a most important day in your life. Opal Mealer can make it a lot easier in her assistance of planning a wedding. Here at the Miss Royale' Shop every service is offered to make your wedding perfect, from the reception, invitations and photos. Elaine models one of the many exquisite gowns that are to be found at Miss Royale' Shop in Highland Center.

At Barnes-Pelletier Shoes . . . Elaine is faced with a thought-provoking decision. There are so many elegant styles to complement her well-turned ankle! After due consideration she makes a canny choice, a shoe that would complement any bride's foot. Lou Wolfson, store manager at Barnes-Pelletier, points out that he has a shoe in stock for any occasion, for the bride, the trip, or just leisure summer wear. Comfort, design and construction of the shoe is of utmost importance to you. Careful attention of proper fitting is stressed at Barnes-Pelletier. Shop this friendly store for all your foot fashion needs.

The final touch to a perfect wedding is the flowers you choose. Linda Cain and Darla Ivy at Faye's Flowers discuss flower arrangements with Elaine and Mike. Every detail of your wedding is important, but flowers add the finishing touch to complete your wedding picture. Faye's Flowers at 1013 Gregg is at your service for any festive occasion.

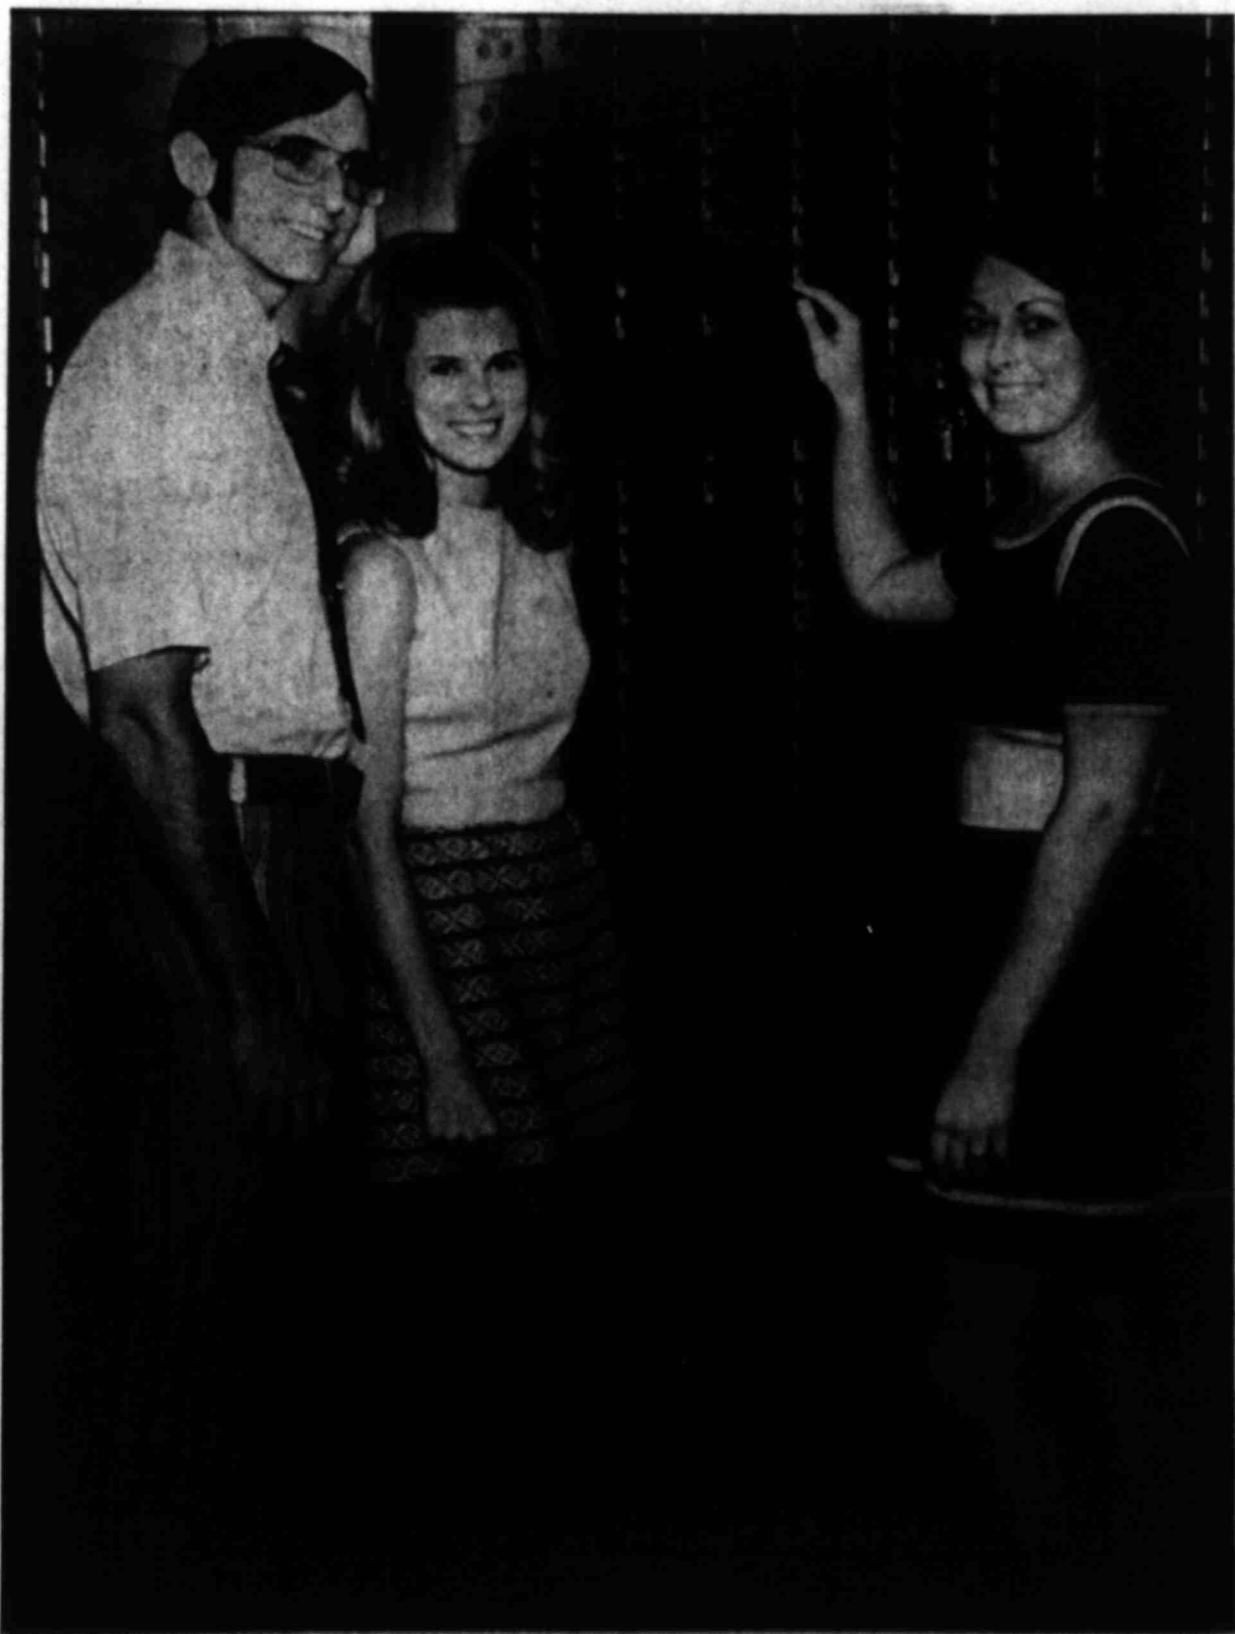

How many different ways can you furnish your home? Irregardless of the number, Mike and Elaine listen intently while Mrs. Ella Phillips shows them that through Montgomery Ward, they can get any style by the group or by the piece and be completely confident of its quality of craftsmanship and durability. They are also reminded that they can purchase all their home furnishings at Wards on their convenient Chrg-All Plan.

Every young couple needs a means of transportation. Elaine and Mike take a close look at one of Joe Hicks Pontiac-Datsun's finest automobiles, the Datsun 240-Z. The 240-Z is one of the world's most popular and well built Sport Cars. It's equipped with deep contoured reclining bucket seats, all vinyl upholstery, carpets, AM-FM radio, full instrumentation, tinted glass, and flip-up rear hatch for easy access to a lot of load space... For all your automotive needs, see Joe Hicks Pontiac-Datsun, where financing and insurance are available on-the-spot and "Satisfaction is Standard Equipment."

Here Mike and Elaine find out first hand, the conveniences of instant Microwave Cooking. Montgomery Ward salesperson, Grace Wristen, explains the ease of cleaning the Oven after usage. Wards Electronic Oven features instant cooking in only a fraction of the time usually necessary for meal time preparation. You'll find this modern convenience and all other appliances for the home in Wards Major Appliance Department.

Vicki Deal, of First National Bank is showing Elaine and Mike one of the many sizes of safety deposit boxes the bank has for rent. Vicki explained the workings of the safety deposit vault and showed them rooms where contents of their box may be examined in complete privacy. She explained to Elaine and Mike that many treasured and valuable documents may be safely stored in the boxes.

Elaine finds a nice selection of hot pant suits at Fashion Pants, shown to her by Maxine Bruce. She is delighted to find they are 100% polyester and are easy to launder and do not require much room for packing. They will also be cool to wear all summer long. At Fashion Pants in Highland Center you will find the latest styles in pantsuits, pants and blouses.

Elaine Burks finds sheer delight in the Lingerie Department at Hemphill-Wells. Mrs. Marvin Stewart presents Jenelle of California luxurious full-length gown and pignoir sets in leaf green, beautifully trimmed with ruffles at puff sleeves and hemline, accented with a tea rose and satin piping at the neckline. Hemphill-Wells invites you to shop their Ready-to-Wear and Lingerie Departments to see the full famous brand lines of lingerie and fashions.

The color scheme is very important to the young couples just starting out housekeeping . . . Mrs. Ted Flowers shows Elaine and Mike the newest pattern in fashion sheets by Martex to be found in the Linen Department on the Second Level at Hemphill-Wells. Elaine and Mike were delighted with the selections of towels, sheets, blankets, bedspreads, area rugs and table cloths that will go with any decorating color scheme.

Hemphill-Wells has one of the finest Bridal Gift Registry Services available in Big Spring. Mrs. DeLeon Stanley, Bridal Consultant, is showing Elaine and Mike a pattern from the China Collection. Stop by and let Mrs. Stanley show you the complete China, Silver, Crystal, Casual China, Earthenware and Stainless selections now available in our China and Silver Shop on the Second Level.

Roy Pickett, salesman at Hemphill-Wells, is helping Mike select a pair of polyester knit socks to go with the Mavest Knit blazer Mike has on—ideal for a summer honeymoon. Polyester Knit Sportswear keeps its neat, cool look all summer. Hemphill-Wells has fashions for the young man, featuring the "now" look fashions that the young men like. Stop by soon, visit our University Shop and Men's Department for the newest men's fashion trends.
