UNDERCOVER WORK
Patrolman Albert Chevera

148 CHARGES

Officers Raid Heroin Pushers

SAN ANTONIO, Tex. (AP) — Acting on a record number of cases developed by a young policeman who posed as an addict for 68 days, squads of officers hunted down heroin pushers today in a drive that began late Thursday night.

At a late hour, 29 men and one woman had been jailed on charges of selling heroin. Four other persons were taken into custody on marijuana and heroin charges in incidental arrests.

City narcotics officers said the arrests were made through the efforts of Patrolman Albert Chevera, 24, who worked undercover to obtain 148 sealed indictments against 138 persons for selling heroin.

LIFE ON LINE

Admitting he was in danger every day of the assignment — especially when people tried to make him take heroin in their presence, Chevera said he never thought about the risks involved. "I was just interested in it and I wanted to do it," he said.

Lt. Preston Slocum Jr., head of the police narcotics bureau, said Chevera was putting his life on the line by seeking out the pushers. "Every time he made a buy, all he had to do was walk in some place where he was recognized, and it would be all over with," Slocum said.

JOINS OFFICERS

A softspoken Marine reservist who grew long hair a goatee and a mustache for his role, Chevera joined nearly 50 other officers Thursday night and early today in making the arrests.

Working in teams of three and four, the officers included city, state and federal lawmen. Among them were policemen Jerry Rangel and Pat Dotson, whose undercover work in the past two years led to similar massive raids.

Slocum said Chevera developed more cases through purchases of heroin than ever before in San Antonio. He averaged 2.17 cases a day, working constantly from May 1 to Aug. 10, Slocum said.

Young Republicans To Meet Tonight

The Young Republicans Club will stage a rally in the County Court Room at the courthouse at 7 o'clock this evening.

Rich Anderson, a candidate for the state legislature, will be principal speaker. The public has been invited to attend.

Wholesale Prices Rise

WASHINGTON (AP) — The government said today wholesale prices rose faster in the first year of President Nixon's wage-price control than the year before and blamed it on stepped-up price hikes for farm products, some of which are exempt from controls.

The Bureau of Labor Statistics said a broad range of wholesale prices for food, industrial raw materials and manufactured goods rose an average of two-tenths of one per cent in August, bringing the past year's rise to 4.4 per cent since Nixon first imposed economic controls.

"This compares with a rise of 4 per cent in the preceding 12-month period," it said. "The larger advance in the latest 12 months was due to an acceleration of prices of raw and processed agricultural products."

Raw farm products are exempt from the federal price controls.

The report added that by comparison, prices of industrial goods rose 3 per cent in the past year compared with 4.4 per cent in the previous year before price controls.

The report said that in August, the over-all rise in the Wholesale Price Index on a seasonally adjusted basis rose six-tenths of one per cent because food prices did not fall as much as they usually do for that month.

Planes Hit Syria, Lebanon Targets

By The Associated Press

Israeli air force planes struck at 10 Arab guerrilla bases deep inside Syria and Lebanon today, a few hours after Israel promised retaliation for the Munich massacre.

The Israeli jets bombed and strafed guerrilla bases and headquarters, striking within four miles of the Syrian capital of Damascus and far into the north of Lebanon above the port of Tripoli, the military command announced.

The raids were the deepest air strikes by Israel inside Syria since the 1967 Mideast war, and the deepest ever into Lebanon.

All the Israeli planes returned safely to base, a command spokesman said. Sources in Beirut reported the Israeli planes bombed and strafed two villages on the Lebanese-Syrian border, Deir Al Achaya and Yanta. The villages were last hit by the Israelis in July in retaliation for the Lod airport massacre and Palestinian raids into Israel.

There was no immediate confirmation from the Lebanese government.

The two villages, near the Beirut-Damascus highway, are believed to be guerrilla supply points for a road that leads through southern Syria to guerrilla bases on the Lebanese-Israeli border.

The Syrian government had put its armed forces on maximum alert and canceled all leaves, fearing an Israeli attack.

An Israeli government

spokesman said the planes hammered seven bases and guerrilla headquarters in Syria and three in Lebanon.

Among the Lebanese targets was Nahar El Bared, a refugee camp 75 miles north of Beirut, near the oil port city of Tripoli. Reports from Lebanon said there were believed to be many casualties at that camp.

Residents of Tripoli, Lebanon's second-largest city, said the planes flew over it but that they heard no explosions.

The Israeli military command gave no estimate of Arab casualties, and did not specify whether the air raids were vengeance attacks for the Arab terrorist killing of 11 Israeli

sportsmen at the Olympic Games.

There also was no word on whether the raids were reprisals for small clashes along Israel's northern frontiers in the past two days, or were part of a large-scale assault to carry out Israel's determination to liquidate the Arab guerrilla movements.

WEST GERMAN GOVERNMENT

Doing All It Can To Nip Threat Of Retaliation

BONN (AP) — The West German government says it is doing all it can to counter the threat of retaliation from Arab terrorists demanding the release of the three guerrillas held for the attack at the Olympics.

The Black September Palestinian group said in a broadcast from Cairo Thursday it would "deal Germany a heavy blow" if the three terrorists are not released.

"We will show the German imperialists, who dragged the honor of the great German people in the mud, what a heavy blow we can deal them if our comrades are not released and the bodies of our dead fighters are not returned to us," the broadcast said.

The spokesman for the West German government, Conrad Ahlers, said "all imaginable and necessary" security precautions had been taken.

Earlier, the Interior Ministry said it had received word that terrorists planned to mail bombs to Jews in Germany in packages and letters for the Jewish New Year, Rosh Hashanah, which begins at sundown today.

City Commission Meeting Is Off

Tuesday's regular session of the City Commission has been cancelled, due to absence from the city of Mayor Wade Choate, Mayor Pro-Tem Eddie Acri, and Commissioner M. R. Koger, announced City Manager Harry Nagel today.

Nagel said that the mayor will be in town the following week, and a Commission meeting will probably be called to take care of some pressing city business.

First reading of the city budget for fiscal 1972-73 beginning Oct. 1 will be on the special agenda, in addition to bid openings, wine and beer licenses and consideration of a petition opposing 236 housing projects, Nagel added.

Eight Black September terrorists invaded the Israeli quarters at the Olympic Village early Tuesday morning, killed two members of the Israeli Olympic squad, took nine others hostage and threatened to kill them unless Israel released 200 Arab guerrillas serving prison terms in Israel.

The incident came to a bloody culmination late that night at a military airfield outside Munich where the terrorists were allowed to take their captives, ostensibly to be flown to the Middle East.

But police sharpshooters had set an ambush and in the en-

suing gunfight all nine of the Israelis were killed along with a West German policeman and five of the terrorists. The other three Arabs were captured and the Bavarian Justice Ministry announced to that formal warrants have been issued charging them with kidnaping and murder.

The Egyptian government and the Libyan press accused the Bonn government of total responsibility for the killings. "The commandos and the Israeli hostages were killed in a German ambush, by German bullets and in a U.S. base in Germany," said the Egyptians.

President Pledges No Tax Increases

WASHINGTON (AP) — President Nixon has staked his claim as the no-new-taxes candidate as White House aides asserted that Democratic foe George McGovern's proposals would double individual taxes.

Through a quartet of spokesmen Thursday, Nixon pledged he would not seek an increase in taxes during a second term. But the spokesmen left open the possibility that he would propose changes in the nation's tax structure.

The President, said White House Press Secretary Ronald L. Ziegler, "will not propose a tax increase in or during a second term."

The President, said domestic adviser John Ehrlichman, "will not ask for any higher taxes—period."

PROPERTY TAXES

The President, said House Republican Leader Gerald R. Ford and Senate Leader Hugh Scott, told a White House meeting of Republican congressmen that "there will be no tax increase proposed by this administration."

The triple dose of Nixon views came at a series of White House briefings that also included fresh Republican attacks on McGovern's economic proposals.

Ehrlichman's attack was perhaps the sharpest. He said McGovern's program would require an additional \$100 billion and "the inevitable result is that he is going to double" the taxes paid by the individual taxpayer.

McGovern, Ehrlichman added, is a man who "doesn't understand the first thing about the subject" of tax reform and government finance.

Four More Voters Apply Thursday

Voter registration stood at 14,454 in Howard County, Mrs. Zirah L. Bednar, County tax assessor-collector, reported today. That is a record of four over Thursday's total.

LOCAL MAN IN DEAL New Industrial Plant Likely For Cee City

COLORADO CITY — Plans for location of a mobile home manufacturing plant here were announced Thursday evening by the Colorado City Industrial Team, Inc.

Now in the process of being incorporated, it will be known as Sequoia Mobile Homes and will have as stockholders Denton Marsalis, Big Spring, his son, Denny Marsalis, Abilene, Larry Blaylock, Eastland, who will be the operator, and Jim Webb, Fort Worth.

The half-million dollar venture is contingent upon completion of a loan from the Small Business Administration.

HIRING UNDER WAY

Hiring of employes has begun, and Blaylock said that he hoped that training can begin within a week. When initially in operation, the plant will employ approximately 100 workers with a weekly payroll of \$15,000 or more per week. The target for production is three or four units per day initially. Ultimate plans call for going up to 10 units per day which would jump the payroll to \$25,000 per week.

Marsalis, who had been negotiating with the Colorado City Industrial Team for the past three years, owns mobile homes sales lots and mobile home courts in Big Spring, and with his son, in Abilene and Brownwood, and a mobile home refinishing plant at Big Spring. He said he was impressed by the helpful attitude of the C-City team in initial negotiations, but until now he had not had the right individual as an operator.

"I have never met a finer group of people than here at Colorado City," said Marsalis. "They have not only welcomed us with open arms, but they have been eager to be helpful at every turn. This attitude has encouraged us to go on with the project, and possibly with others," said Marsalis.

Recently, Blaylock, who has years of experience in building mobile homes in Arkansas and Texas, sold his Aztec Mobile Home plant at Eastland, and when he was available to operate the plant, Marsalis proceeded with the deal.

OTHER POSSIBILITIES

Marsalis also indicated that he and his associates were looking at the possibility of other facilities to fabricate and supply components of mobile homes in the West Texas area. There are at least 10 such plants within a 100-mile radius.

The Sequoia plant, a metal building to be fabricated largely by workers trained to be part of the regular production team, will be located on a 10-acre tract on the south access road of Interstate 20 just north of town.

Utilities are being run to the tract, which will have the street areas blocked and paved.

Meanwhile, details of the SBA loan application are being pushed by Trevelyn Kelley, vice president of the City National Bank.

Members of the industrial team are Dr. Charles Root, former chairman who initiated negotiations with Marsalis, G. D. Foster, J. S. Craddock Jr., Bob Reilly, Charles Thompson, J. Ralph Lee, Bill Randle and Mac McKinnon.

TO HANOI Kissinger Approved Hoffa Trip

WASHINGTON (AP) — The lawyer for James Hoffa said today that presidential adviser Henry Kissinger approved a plan for the former Teamsters Union president to travel to North Vietnam and seek the release of American prisoners of war.

William L. Taub of New York said today that Kissinger was informed on July 5 in San Clemente, Calif., that Hoffa had been invited by the North Vietnamese trade union movement to visit Hanoi. "Kissinger approved the plans," Taub said, "but asked that the trip be postponed until after July 20."

NEGOTIATIONS

Taub was responding to actions Thursday by Secretary of State William P. Rogers who revoked the passport validation that would have allowed Hoffa to travel to Hanoi.

The secretary indicated through his press officer Charles W. Bray the revocation was the result of "procedural irregularities" in the way used to validate Hoffa's passport.

Rogers also was quoted by Bray as saying private American citizens should not be involved in negotiations concerning release of the POWs.

Kissinger cited the resumption of the Paris peace talks for suggesting the former labor leader postpone his visit to Hanoi until after July 20, Taub said. Kissinger also "said he was going to make arrangements" to get the necessary approval from the federal parole board, Taub stated in a telephone interview.

TRAVEL PLANS

Hoffa's legal counsel disputed the State Department's allegation that the passport validation had not been authorized by a proper authority.

He said Robert Johnson, counsel for the passport office, had approved the validation necessary to allow Hoffa to employ his passport in visiting North Vietnam.

The Justice Department also approved Hoffa's travel plans, Taub said.

The attorney said Hoffa did not solicit the invitation to North Vietnam, but was willing to go quietly and without publicity because he thought he could obtain the release of the prisoners.

Coast Woman Contributor

The Big Spring High School Bible Fund drive, which grinds to a halt this weekend, has been well supported by its friends but could hardly be called a complete success.

Original objective was \$5,500. From all indications, the final total is going to fall far short of that. As of noon today, only \$3,762.50 had been committed to the drive, including \$210 contributed during the 24-hour period which began at noon Thursday.

The fund was boosted to the extent of \$35 by a Napa, Calif., woman, Blanche V. Parks, who stopped here and read about it in the newspaper.

The Vealmoor Baptist Church also sent in a check for \$50 while Chaplain and Mrs. Clayton Hicks contributed \$45.

Donations can either be forwarded to The Herald or sent to the Rev. Caleb Hildebrand of the Wesley United Methodist Church, who is chairman of the Howard County Ministerial Association. The association is coordinator of the drive.

Latest gifts included:

Vealmoor Baptist Church	\$50.00
Berta Beckett Class	10.00
First Baptist Church, in memory of Jay Johnson	45.00
Chaplain, Mrs. Clayton Hicks	25.00
Blanche V. Parks	35.00
Mrs. R. W. Thompson	10.00
Mrs. Pat Wilson and girls in memory of Jay Johnson	5.00
Mrs. S. R. Nobles	5.00
B3 Chapter, gold Star Mothers	5.00
Mrs. W. A. Lowell	10.00
Mrs. W. F. Taylor	25.00
Mrs. J. B. Noel	10.00
Previously acknowledged	3,522.50
Totals	3,762.50

EDITORS CAN'T BELIEVE IT Cheesecake Complaints

WASHINGTON (AP) — There's a different breed of soldier in today's Army.

The editors of "Soldiers," the Army's official magazine, had hoped to heighten the publication's appeal by featuring a monthly color pinup of a scantily clad female. Apparently, they figured wrong.

"You won't believe it," the editors wrote in the latest issue, but reader response was 48 per cent to 37 per cent against the cheesecake. They said the remaining 15 per cent who wrote in asked for an occasional male pinup. Possibly these requests came from WACs.

NAKED WOMEN

"I'm amazed," said Maj. Gen. Winant Side, chief of Army information, as he looked over a photo of the August pinup in a revealing red negligee. "Who could complain about that?"

But some of the troops, both plain in a flood of letters to the editors. "It seems the military lead-

ership, in order to make anything acceptable to its soldiers, feels it must make it easier to swallow by throwing in liberal doses of beer and naked women," wrote an enlisted man from Vietnam, one of the magazine's 240,000 readers.

An infantry captain from California objected to the "playmate" idea, saying it lacked "true professionalism."

WOMEN'S LIB

Some male chauvinism remains, however, as an artillery specialist from Ft. Bliss, Tex., acknowledged: "Perhaps I am merely a male chauvinist but the monthly edition of your back cover certainly brightens the offices at this installation."

The letter-writing controversy was triggered by a WAC in Greece who wrote a stinging letter last May calling for a halt to the cheesecake.

"In this age of enlightenment," she wrote in defense of women's liberation, "you should be the first to see that

these pictures reinforce the woman-as-an-object mentality and are an insult to the many professional military women who are included in your readership."

STIR-CRAZY

The magazine's editor, Col. Lane Carlson, disagreed. "As a woman," said the colonel in an interview, "I don't see anything wrong with a beautiful girl. We pick the prettiest, sweetest girls we can find and it's a plus for the magazine."

Col. Carlson said readers' response is not an accurate sampling and believes that today's American fighting men are no different from 25 years ago when nearly every GI's wall locker was adorned with a Betty Grable pinup.

As a Navy enlisted man assigned to the Pentagon wrote "Soldiers": "Were it not for such works of art, many a Navy man would have gone stir-crazy at sea, and many a soldier would have left his marbles in Vietnam."

'I Don't Know How To Swim'

ATLANTIC CITY, N. J. (AP) — The second round of preliminary competition in the Miss America pageant produced a pair of opposites: A swimsuit winner who can't swim and a talent winner who already has proved her talent professionally.

Miss Indiana, 23-year-old Rebecca Sue Graham of Indianapolis, won the swimsuit contest in Thursday night's preliminaries, and Miss Wisconsin, Terry Anne Meeuwse, took the talent prize.

Miss Meeuwse, also 23 and a student at St. Norbert College, sang two years professionally with The New Christy Minstrels and has had her own nightclub act.

"SHE TOUCHED ME" She received the heaviest applause of the evening when she belted out "She Touched Me," which was called "She Touched Me" in the short-lived Broadway musical "Drag The Cat."

Asked backstage later if she thought she had an advantage over other contestants because of her experience, she said she might have been less nervous than the others — many in their teens and with little performing experience.

Miss Meeuwse, who stands 5-8, weighs 120 pounds and measures 36-25-36, was also asked if she thought the Miss American Pageant exploits women, a contention of women's liberation groups.

She said she had received \$2,000 in scholarships and been given the opportunity to perform and express her ideas to newsmen through the pageant.

"WHAT CAN I DO?" "Exploit me every day if that's what it is," she said.

Miss Indiana, whose victory was in a category that also has been a target of women's lib, said she was not embarrassed by appearing in a bathing suit in front of 4,700 persons because she was too worried about the way her legs looked.

"As an athlete my legs are muscular," the physical education major said. "I was thinking, 'What can I do with my legs?'"

Miss Indiana, who paraded her 37-25-37 figure in a red swimsuit, confessed her lack of swimming ability when asked if she also wore the suit while in the water.

"I don't know how to swim," she said.

CONTROVERSIAL MISS — Kathy Hebert, Miss Vermont, from Burlington, Vt., is shown during bathing suit competition Thursday night in the Miss America Pageant being held this week in Atlantic City. Miss Hebert has made public statements during the Pageant that have upset many of its officials and, reportedly, her parents, who are also in the city.

Even Dew Can Negate Poison

Judging from the scarcity of complaint calls about the mosquito population explosion in the area, Big Springers have learned to peacefully co-exist with the pests.

The city mosquito fogging machine is in operation, according to city shop foreman Tommy Hernandez.

City Manager Harry Nagel reiterated his theory about mosquito fogging, today remarking that the procedure will not have an appreciable effect on the mosquito population.

The mosquitos living outside the city limits visit the city after fogging has taken place. The residual effect of fogging this summer was destroyed by rain, which washes away the chemical residue, according to Nagel.

He noted also that early morning dew tends to wash away any residual poison left by fogging the evening before.

Mosquito problems are not unique to Big Spring, he noted, recalling an interview with a Midland television station recently. The station interviewer inquired of Nagel in regards to techniques used in Big Spring to rid the citizenry of mosquito pests, apparently in effort to devise a feature on the entire west Texas mosquito problem.

DEATHS

Wadley Services Will Be Sunday

COLORADO CITY — Funeral services will be held at 4 p.m. Sunday at St. James Baptist Church for Gustafus Adolfus Wadley, 45, who died Sept. 3 in San Bernardino, Calif., following an extended illness.

The Rev. Henry Lee, church pastor, will officiate and burial will be in Mitchell County Cemetery with Kiker-Rains-Seale Funeral Home in charge.

Born in Richland, Tex. March 12, 1927, he lived for many years in Colorado City. His parents, the late Rudolph and Lucy Mitchell lived there 40 years and she was a former teacher.

He married Bernice Smith in 1946 and later married Ophelia Reed. He was a World War II

McGovern Eyes NASA, Vows To Replace Jobs

SPACE CENTER, Houston (AP) — Sen. George McGovern toured the Manned Spacecraft Center Thursday and then denounced the man-in-space program as "too costly" and pledged to put space engineers into other types of work.

The democratic party presidential candidate stated that although he opposed the manned space program, engineers working in it would not be laid off until another, comparable civilian job was available.

TOO COSTLY After touring the center, McGovern said in a prepared statement that the man-in-space program has "proven to be too costly ... and it provides too few economic, social and scientific benefits, even with all its spin-offs."

The candidate was met at the center by a small crowd of stony-faced space workers who watched, but did not applaud, as the candidate took a brief tour.

Smith Is Speaker At Knott Service

The Rev. Fred Smith of Colorado City, former pastor of the First Baptist Church, Knott, will return to the church Sunday to be guest speaker at both services. Rev. Smith, who will be accompanied by his wife, will speak at 11 a.m. and 6:30 p.m.

Later, at a meeting with a group of unemployed engineers, he said, "I am convinced that the future American space effort should focus on unmanned exploration and on the earth resources experimentation package, a satellite designed to monitor natural resources, natural disasters, agricultural blight and forest fires."

He said space engineers should be put to work helping to solve the problems in rapid transit, pollution protection and in creating new space-age medical equipment.

SHOW HIM Under his administration, he said, "no aerospace or defense job will be eliminated until a comparable civilian job has been created in a full-employment, peacetime economy."

Three well-dressed housewives greeted the senator with signs attacking his position on the space program when the candidate arrived at a hotel here.

The women refused to identify themselves, but one said, "he's trying to get ride of the space program. We want to show him how we feel."

McGovern left after about 3 1/2 hours and flew to Illinois for another campaign visit.

Locations Noted In 3 Counties

Inside locations were announced today in the Howard-Glasscock field, and in the Spraberry Trend in Martin County.

Martin County also picked up several completions in the Spraberry Trend, and there were abandonments posted officially on wells in Howard, Martin and Sterling counties.

Mrs. Coates Will Attend Conclave

Local Board No. 71 will be closed from 8 to 9 a.m. and 1-5 p.m. Monday through Thursday. The office will be closed all day Friday.

Mrs. Roselle Coates, local board executive secretary, will be attending a state-wide training conference of Selective Service personnel in Texas.

Individuals wishing to register during this period should contact Mrs. Billie Barron in Room 207 of the Howard County Courthouse.

Tax People Meet Here

Mrs. Zirah Bedner, Howard County tax assessor and collector, was among those attending a meeting Thursday at Furr's Cafeteria in highland South Shopping Center for three chapters of the Texas Association of Assessing Officers.

The three chapters included the South Plains chapter, of which Howard County is a member, the West Central Texas and Permian Basin chapter.

Mrs. Gladys Dennis of Lamesa, state president, spoke to the group on projects and work of the association during the past year.

A statement of policy is being formed to be presented to the Texas Legislature's tax study commission. Jack Hart of Midland, serves on the committee along with several tax assessors from throughout the state. They are studying means of equalizing and correcting the state's tax structure.

Architects Work On YMCA Plans

The 5,500 square foot addition planned for the local YMCA is 60 per cent off the architect's board, Curt Mullins, general manager of the Y, told members of the Kiwanis Club at their luncheon here Thursday.

The new area will include exercise rooms for both men and women and a sauna bath, Mullins stated. Mullins also talked of the patronage the facility now has and pointed out that the Y employs 26 people at peak times.

Pat Owens, physical director of the Y, also appeared on the program and limited his remarks to the importance of physical fitness. He advised individuals who are committed to a fitness program to start slowly and work with other individuals.

Dennis McGonagill was a luncheon guest of the club.

Gra-Y Grid Meeting Set

All coaches and players are urged to attend the organizational meeting of Gra-Y football at the Big Spring YMCA at 10 a.m. Saturday, YMCA Athletic Director Pat Owen announced Friday.

Gra-Y football is for boys in the fourth, fifth and sixth grades.

Graduate-Level Course Is Set

A graduate-level course from Sul Ross State University, Ed. 6601 Seminar in Kindergarten will be offered through the Permian Basin Graduate Center in Midland this fall. The course will offer three hours residence credit and can be used on the kindergarten endorsement.

The Graduate Center plans to offer a series of courses which may be applied to the kindergarten endorsement.

Instructor for the course will be Mrs. Oma Lea Sharpe.

The course will be a seminar in teaching procedures, materials employed in modern kindergarten, teaching communication skills, social studies and creative arts.

The first class meeting will be Monday in Midland High School at 7 p.m. Registrations will be accepted through Friday at the Graduate Center office, 104 Gulf Building, Midland.

Fee for the course is \$100. For further information, call Permian Basin Graduate Center, 563-2311.

Conference In Lubbock Lures BS Delegation

Big Spring Methodist ministers will be among delegates from 284 United Methodist Churches in a 67 county area in the Panhandle and South Plains of the state who will gather at the First United Methodist Church in Lubbock for a special session of the Northwest Texas Annual Conference Monday, Sept. 11.

The Rev. J. B. Sharp will represent the First United Methodist, the Rev. Caleb H. Hildebrand and a layman, Bill Estes, will speak for Wesley United Methodist, the Rev. Jack Thompson will represent North Birdwell Lane United Methodist and the Rev. Melvin Mathis will represent the Kentwood United Methodist.

The two day conference is expected to restructure the functioning agencies of the connectional church body, elect new officials and adopt an annual budget.

The proposed new organizational structure has been under study for two years in a committee headed by Dr. Lloyd Hamilton of Pampa. Conference officials have called the proposal "an effort to move decision making as close to the local church as possible."

Bishop Alsie H. Carleton, resident bishop of the area, described the proposal as a move to "strengthen local church ministries, placing money and manpower closer to the local church."

The conference will also

finalize plans for their participation in the inter-denominational KEY 73 evangelism program.

The conference is expected to close out their participation in the national \$20 million fund for reconciliation program. The project will end this year with donations reaching toward the original goal.

Martin Treasurer Succumbs At 55

STANTON (SC) — Marcus Elmo Reed, 55, died at his residence here Thursday following a sudden illness.

Services will be at 3 p.m. Saturday at the First United Methodist Church in Stanton. Officiating will be the Rev. Floyd Dunn, pastor. Burial will follow in the Evergreen Cemetery under the direction of Gilbreath Funeral Home.

Mr. Reed was born Nov. 13, 1916, in Martin County. He had served as Martin County treasurer since 1954.

Survivors include his mother, Mrs. Burnice (ct) Reed, Stanton; five sisters, Mrs. A. J. Hall, Levelland, Mrs. Ray Graves, Littlefield, Mrs. M. L. Toombs and Mrs. Glynis Sue Weiglar, both of Midland, and Mrs. Bernie Keaton, Guymon, Okla.; two brothers, Harold Reed, Lubbock, and Billy Reed, Dallas.

Ex-Mitchell Man Dies In Dallas

DALLAS — A one-time Colorado City coach, Jim Reese, 72, died in Dallas Thursday. Funeral services are pending.

Reese is a former mile champion from the University of Texas. He spent about 30 years in the Dallas school system.

Hunter Rites Set

Last rites for William Hunter, 66, who died in a Big Spring Hospital last Saturday, will be said at 2 p.m., today in Spur. Burial follows in the Spur Cemetery. He was a retired laborer. Survivors include the widow and two half-sisters.

Puzzle of Thursday, Sept. 7, Solved

Happy With Job

Dear Abby
Abigail Van Buren

DEAR ABBY: I am a 27-year-old housewife with two small children. Now that my older child is in school all day I have time to watch some of the morning talk shows on television. Lately I have noticed that these shows have become a soapbox for Women's Libbers who tell me what an empty life I'm living. "The dull, dreary housewife, tied to dirty dishes, diapers and the family laundry." They say I have no chance to express myself or use my imagination.

I have never felt that I was "tied" to anything. I have a car in my driveway, and even if I didn't, I have two healthy legs to get me where I want to go.

As for expressing myself and using my imagination, I have done that in the best possible way. I've made my own draperies and curtains and I've even upholstered my own furniture. I dream up a different menu for nearly every meal, and I express myself plenty where my children are concerned.

I am happy as a homemaker, and I wish women who find fulfillment in other ways would quit downgrading me. Since this wonderful country of ours began, the source of its strength has been the family. The wife and mother has made the house a home and held the family together.

Sign Me "HAPPY IN OLYMPIA"
DEAR ABBY: I'll tell Gloria and Betty, and Germaine and Bella.

DEAR ABBY: My husband of 46 years insisted on renting the

small house which is situated on our property to two young women. He did this last year in spite of my strongest objections. He doesn't need the money. His checking account is in four figures and he has an adequate pension. I also have my pension.

I made that little house habitable, but to hear him talk, he did it all himself. Unconscionable braggart!

Those women are in and out all day long and my husband enjoys looking at them far too much to suit me. I knew this would happen when he rented to them. At the time I couldn't decide between divorce or suicide. Now I have made up my mind. It's divorce. Why should I die and leave him living?

I'm not in need of any advice. I just want someone to tell me I have made the right choice. Have I?

SUFFERED ENOUGH
DEAR ABBY: You have.

CONFIDENTIAL TO ASHAMED TO ASK IN MILWAUKEE: Go ahead and ask. There are no "stupid" questions — only stupid people who remain ignorant because they're too ashamed to ask.

Problems? Trust Abby. For a personal reply, write to ABBY, Box 69700, L. A., CALIF. 90069 and enclose a stamped, addressed envelope.

Hate to write letters? Send \$1 to Abby, Box 69700, Los Angeles, Calif., 90069, for Abby's booklet, "How to Write Letters for All Occasions."

Another Article On Women's Lib? Don't Sigh--Hear Lady 'Feminist'

By MARGIE BESTER
Contributing Writer

LOS ANGELES — Here is another article about Women's Liberation, and the collective sighs begin. But this is an article about a different sort of Women's Liberationist.

It's about Nancy Reeves, an attorney who describes herself as a feminist scholar. Miss Reeves' interest in woman's role in society began during the '30s, when she was a college student majoring in physics and chemistry and minoring in biology. From the reaction she received from people, you'd have thought that made her some sort of freak. As she recalls that time, "I always considered myself a very normal young girl," she says.

"But when I'd attend social functions and people would find out what I was studying they'd tell me I must have a very masculine mind."

That rankled. So Miss Reeves became interested in discovering "what it meant to be a woman interested in intellectual matters," she explains. "I found the literature about suffragettes and the feminist movement and began reading and writing about it."

One of the things Miss Reeves discovered during her studies was that "people seemed to think that the early feminists were only interested in getting the vote and once that was achieved that women should sit back and be content."

The only problem with writing

about the goals of feminism Miss Reeves discovered, was that there was no market for it. In America, at least. But Europe was a different matter — there they had a market for her articles. As the soft-spoken Miss Reeves puts it, "In 1951 I had my first breakthrough. From 1950 to 1952, I lived in Sweden and began to write about the status of women in Sweden as opposed to the status of women in America."

Her writings on the subject were so highly regarded that "I had a column in a Swedish daily newspaper and articles in most of the leading journals."

One of her principal findings in Sweden was that "because of the Industrial Revolution, it was recognized that the woman would have a different life-style than in the past."

Unfortunately "here in the United States there was not the same rational philosophy," she says.

What the Swedish "rational philosophy" had was the concept that "women participate in the productive side of the economy," she explained, and the Swedish society already had child care centers for the benefit of working mothers.

They also have a civil service category where women over 35 can be trained to join the work force, Miss Reeves continued. She said that "we tend to adopt designs for living that society formulates for us."

"A 'good' woman in the United States is expected to have small children and to withdraw from her outside

activities to the home," she said. "She's supposed to be available to her children." According to Miss Reeves, women who "violate this code are considered deviant in a sense."

So why do women submit to this code? "Because most women are not prompted by their inner nature to question this rule," Miss Reeves explained.

However, women today are somewhat like that younger generation who, when told that they must act a certain way, respond with, "Who says?"

The concept that a woman should be in the home at all times is disputed by Miss Reeves, who points out that "mother is expected to be in the home to socialize her children into a highly complex society."

"A mother cannot teach what she doesn't know and how can a mother prepare her children to participate in a society of which she herself has no knowledge?"

Miss Reeves taught one of the first female studies courses which was offered at the University of California at Los Angeles.

Since there was no existing text for the course, Miss Reeves wrote the text as she went along. The publishers asked her to augment the text into a textbook with readings and now it is available in book form.

The book, "Womankind: Beyond the Stereotype," is published by Aldini-Atherton Inc., of Chicago.

FEMINIST — Nancy Reeves thumbs through extensive files containing her research on the status of women in almost every country in the world. Her findings are now available in book form.

Miss Shaw Honored At Shower

Miss Angela Shaw, bride-elect of Tony Gillespie, was honored at a pre-nuptial shower Thursday in the home of Mrs. Robert Beall, Knott.

Refreshments were served from a table covered with an avocado green lace cloth and appointed with silver and crystal. A large arrangement of white daisies, flanked by white candles on a marble base, centered the table. Serving were Miss Janette Nichols and Miss Dorinda Graham.

Cohostesses were Mrs. Donald Allred, Mrs. Howard Armstrong, Mrs. J. R. Clemens, Mrs. Clarence Ditto, Mrs. Bill Etchison, Mrs. J. W. Fryar, Mrs. Joe Mac Gaskins, Mrs. A. V. Graham, Mrs. Alfred Herren, Mrs. Tommy Horton, Mrs. Calvin Hughes, Mrs. J. C. Ingram, Mrs. J. A. Jones, Mrs. Earl Newcomer, Mrs. Robert Nichols, Mrs. Leon Riddle and Mrs. Bill Wallace.

The honoree was presented a corsage of white carnations, as was her mother, Mrs. Verl Shaw, and the prospective bridegroom's mother, Mrs. Joe Gillespie.

Guests were registered by Mrs. Robert Carl Nichols. About 65 attended. Guests from out-of-town included Mrs. Billy Houston of Stanton and Mrs. Angelina Shaw of Big Spring, both grandmothers of the bride-elect; and Mrs. Bertha Boland of Paducah.

Miss Shaw and Gillespie will be married Sept. 16 in the home of the bride's parents.

Covered Dish Supper

Plans were made Tuesday for a covered dish supper at 7 p.m. Sept. 19 in the Elks Hall, sponsored by Benevolent and Patriotic Order of Does. The dinner will be for prospective members and former members who want to reinstate in the organization.

Mrs. Robert Boadle presided, and Mrs. Alma George was named chairman for the annual Christmas party at Big Spring State Hospital. Mrs. Annie

Mellinger, ways and means chairman, presented a list of items members can sell as a fund-raising project.

Serving as pro-tem officers were Mrs. George, Mrs. Harvey Clay, Mrs. Kay Williams and Mrs. L. D. Jenkins. Mrs. James Vines and Mrs. M. D. O'Brien announced they will serve refreshments at the Veterans Administration Hospital Monday.

Area Families Have Guests

FORSAN (SC) — The Albert Oglesbys of Odessa were recent guests of his parents, the A. P. Oglesbys.

The Bill Cregars spent Labor Day with his parents in Tucumcari, N.M.

Brenda Cowley has returned from Snyder where she visited her uncle and family for the holidays.

Recent guests of the J. M. Craigs were their daughter, Mrs. Norma Baker of Monahans; their son and family, the James Craigs of Robert Lee; and Doug Pierce, Robert Lee. The group also

visited Mrs. Vera Harris. Van Barton is attending Texas Tech.

Cleo Wilson and son have returned to Wichita Falls following a visit with his parents, the B. R. Wilsons.

The C. J. Lambs and the Wallace Heidemanns were in Lubbock last week. Lamb underwent surgery at Methodist Memorial Hospital there.

Tim Duncan of Lubbock is visiting the Van Gastons.

The Burl Griffiths spent Labor Day at their camp on Lake Brownwood.

Parents Club Sets Meal, Bird Hunt

Parents Without Partners had bridge lessons Wednesday in the home of Mrs. Barbara Phares, 1203 Douglas, with Mike Craddock, president, giving instruction.

The group met at Holiday Inn for lunch today and slated a pot luck supper at 7:30 p.m. Saturday in the home of Mrs. Helen Dawson, 605 Colgate. This will be a family event as will a bird hunt Sunday at 6 p.m. on the Sage Free ranch.

Chaplain Lee Butler will be guest speaker for the club Wednesday at 7:30 p.m. in First Federal Community Room. Anyone interested in joining the club is invited to attend the meeting or call Mrs. Dorothy Herbert for more information.

Elmer Bell, former pastor of the Church of Christ, showed slides at the church Sunday of Malta, the country where he and his family have lived for six months. The Bells plan to return to Malta where he will serve as a missionary.

The L. T. Shoults' were guests of their daughter and family in Hamlin, and then went to Elvasville for a reunion of the Shoults-Riggs families.

Mrs. Don Limbocker of Monahans spent Labor Day with her daughter and family, the O. W. Scuddays. The Scuddays accompanied her home Monday.

The Harold Idlemans of Anchorage, Alaska, are visiting her parents, the A. J. McCallis. The two families will also visit relatives in Brownwood and Abilene.

Recent guests of Mrs. F. E. Davidson were her daughter and family, the Nevt Bryants of Abilene; and her son and family, the Frank Davidsons of Lightfoot.

Gold Star Board To Meet Here

A Texas board meeting of American Gold Star Mothers is scheduled Oct. 3-4 at the Settles Hotel. The local club met Thursday in the home of Mrs. A. W. Moody, 1514 Tucson, to complete plans.

Mrs. Truett Thomas presided, and the charter was draped in memory of Mrs. Alice Trees. The women contributed to the Big Spring High School Bible Fund.

Mrs. T. W. Peacock announced refreshments were served at the Veterans Administration Hospital Wednesday. Mrs. Moody was named nominating committee chairman, and serving with her will be Mrs. Herbert Smith and Mrs. Huey Rogers.

Mrs. Thomas invited members to attend church with her Sept. 24, followed by a luncheon in her home, in observance of Gold Star Mothers Day.

The next meeting is at 9:30 a.m., Oct. 19 in the home of Mrs. S. R. Nobles.

Speaks To Gleaners

Ways to serve God were emphasized by Mrs. Nannie Garrett in a devotion given Thursday for the Gleaners Sunday School Class of Baptist Temple.

The women met in the home of Mrs. Ora Martin, 505 E. 12th, with Mrs. J. C. Craven as cohostess. Mrs. Otto Couch and Mrs. Bob Wren were welcomed as associate members.

The nominating committee, composed of Mrs. Martin, Mrs. Garrett and Mrs. Craven, presented a slate of officers which will assume duties at the Oct. 5 meeting in the home of Mrs. E. T. White, 619 Tulane. Refreshments were served.

LAMESA EXPECTING BIG CROWDS One Of State's Oldest Fairs Opens Sept. 13

By MARJ CARPENTER
LAMESA — Some six or seven thousand persons are expected to attend the Dawson County Fair in Lamesa Sept. 13-16 if rainy weather doesn't swoop down and cut the crowd in half.
One of the oldest fairs in West Texas, it was first held in Lamesa in the old cotton compress room back in 1920, the same year that Dawson County first obtained a county agent.
For years, it was primarily a dairy and poultry show and it is now primarily everything else.
Dawson County no longer even has a dairy in the county and poultry is not the top exhibit any longer.
YOUTHS INVOLVED
The fair now is primarily for the young, according to County Agent Lee Roy Colgan, who has been in Lamesa now for 24 years.

The 4-H youths and the F.F.A. youths provide a lot of the entries in the show. Gayland Airhart heads the cattle division; Billy and Bobby Shofner, swine; Reams Shofner, sheep; A. B. Cohorn and Paul Rehber, rabbits, pigeons, bantams and poultry. A new addition this year in the poultry division is a capon show.
Colgan, along with his assistant agent, Gordon Harris were hard at work this week getting the livestock fair barn ready for the show. They also have set plans for a children's exhibit that will include all types of animals along with their young, for instance a cow and a calf, dog and puppies, cat and kittens, and others.
The show also includes agricultural exhibits, headed by F. J. McCauley. For years, this was left entirely to the area farmers to display their crops. This year, however, the youth again got into the act and are

going to bring garden products which they plan to display to show what can be grown in Dawson County.
Alvin Harris heads the educational exhibits and Jerry Boyer heads the horse show, new to the fair this season. There is also a carnival held in conjunction with the fair all four nights of the show.
The women's division has grown and expanded into two buildings, and includes an art show headed by Alyce Hart, a flower show headed by Mrs. John Banta and many other divisions.
Other divisions and their chairmen are directed by Mrs. W. H. Cornett and Mrs. James Duke and include culinary, canned fruits and vegetables, textiles, crochet, golden age display, crafts and hobbies, relics and antiques, and others.
Donald Airhart heads the fair board which annually produces the event. Seventeen officers and directors back up his efforts.
Called associate directors are the agents and ag teachers which include Colgan, Harris, Andrew Essary, Mickie Crump, Randy Simmans and Fred Chandler.
Colgan recalls that during the World War II years and again in 1952, somebody did away with the fair.
And the highly agricultural county wanted to know what happened to it. Dawson County citizens enjoy their county fair and about this time every year they get real excited about it.

Meeting Set On Vegetables

According to the Texas A&M University Extension Service, another economic opportunity is 'knocking on the door' of West Texans. There's money to be made in vegetable production and marketing. That's what two upcoming conferences are all about.

A "Money in Vegetables" conference will be held in Lamesa at the Forrest Park Community Center on Sept. 20, another in Plainview Sept. 21. Both sessions will begin at 1 p.m.

Each conference will feature discussions on the potential for local vegetable production, what vegetables can be produced profitably, buying and selling vegetables, beginning steps to vegetable production, financing vegetable production, and sources of information on producing vegetables.

Speakers will include Dr. Roland Roberts and Marvin Sartin, vegetable specialist and economist in management, respectively, Texas Agricultural Extension Service; Lubbock, Texas Agricultural Experiment Station; Lubbock, Harvey Kitchens, Kimbell, Inc., Fort Worth; Dr. Chan Connolly, vegetable marketing research, Texas Agricultural Experiment Station, Weslaco; Mario Trevino, manager, Walker Brothers Produce Co., Plainview; M. L. Wiggins, president, First National Bank, Munday; and Dr. John D. Downes, professor of horticulture, Texas Tech University.

Everyone presently engaged in vegetable production as well as prospective producers and other interested individuals are encouraged to attend one of the conferences.

Lots Of Energy, Relative Little Money In Program

LAMESA — Lamesa citizens figured out a way to beautify their downtown area without bankruptcy. They have a sizable improvement project nearing completion at a cost of just over \$14,000 that is being shared by the city, the county commissioners and the Lamesa citizens themselves.
The committee which planned

the project, one of three priority projects for the Lamesa Chamber of Commerce and Board of City Development during 1972, kept the theme in keeping with Lamesa itself.
Lamesa downtown area has brick streets, which are picturesque and still serviceable. They were laid by hand back in 1925, according to Carroll Taylor, city manager.

Instead of putting in some kind of modern mushroom type planter boxes, the committee kept the planter corners on the downtown square in keeping with the atmosphere.

USED OLD BRICKS
They used the bricks dug out of the corners of the streets to make brick sidewalks in the planter areas. One planter already has trees and flowers and others are to be planted in the next few weeks. They are using live oaks, red buds and purple plum trees and plan to utilize red tulips and other flowers.

In keeping with the old fashioned atmosphere, the committee obtained large heavy wrought iron benches from Mexico which will be placed on the courthouse square today.

They also plan to install old-fashioned gas lamps.
TO SERVE PURPOSE
In comparison to beautification projects in other West Texas cities, Lamesa's has been much less expensive. But it is going to serve its purpose.

Mrs. Bill Nix headed a volunteer committee which spent many hours selecting the direction in which the project went.

It has apparently accomplished its purpose. The project is going to dress up the downtown area without deflecting from Lamesa's atmosphere.

Manufacturing Firm Bought By Woolley

Woolley Tool & Manufacturing, Odessa, has announced the purchase of the manufacturing facilities of Circle Bellows Company, Burbank, Calif.

Established in 1945, Circle Bellows is known chiefly as a producer of bellows-type components for aircraft and industrial engine exhaust systems. The firm has FAA approval for its repair services in refurbishing turbo-system exhaust stacks.

Woolley, a division of Chromalloy American Corporation, is primarily a manufacturer of equipment for the petroleum-producing industry. The company is also an active supplier of parts for aircraft and industrial engines.

Dawson Economy Hinges Heavily On Its Cotton

LAMESA — Miles and miles of beautiful cotton crops spread out across Dawson County, covering almost every available acre of it.
That sea of green may turn into a sea of yellow when the harvest comes in, if the rains slow down, the sun comes out, the frost hits late, and the fusarium wilt doesn't kill it all off.

Farmers are like coaches, their lives are always filled with "ifs."
But one thing for sure, some 250,700 actual acres of cotton spread out and skip-rowed on to some 440,000 acres of farm land in Dawson County look like they may produce a bumper crop.

MORE DIRECT
Dawson County Agent Lee Roy Colgan estimates that even though oil and gas related products bring close to \$4 million into the county's economy, the money gleaned through agriculture goes more directly in and out of the pockets of Dawson County citizens than any other kind of cash around.

A good cotton crop will directly effect around 85 percent of the county, Colgan added.
Most of the agriculture in the county is based on cotton. A few farmers grow grain and the West Texas chamber is planning a vegetable conference in the county Sept. 20, but the Dawson County farmer is primarily a cotton farmer. There are only two ranches of any size in the entire county. It's cotton country and high cotton spells good times for everyone.

The Dawson County farmers, like all area farmers, have been plagued by grass and weeds; with continuous rains making it impossible to keep the weeds out except by the expensive hand-hoe method. "Too wet to

plow" has been the story of the cotton crop around the area for the past month.
Dawson County, whose average rainfall is 16.8 inches has already reached 24 inches this year and it's still raining.
On the one hand, this rain has produced a beautiful crop. On the other hand, rain from this point on will keep it from maturing properly and keep the mechanical pickers out.

LATER THAN USUAL
The first bale is already about two weeks later than usual according to Colgan. First bales are late all over West Texas, except in the eastern section of Gaines County which the rains by-passed in recent weeks. That area has produced the first bale.
The fusarium wilt, peculiar to the sandy soil of Dawson County is beginning to plague the crop, Colgan added. The nematodes which spread the wilt are increased by rain and damp, moist conditions. "It's hard to combat, but it can damage your crop," Colgan added.

Up in the Tahoka area, the verticillium wilt is the villain. That type of soil is peculiar to that type of soil.
But the average outlook of the Dawson County farmer is still one of optimism. It's rained enough to grow the cotton and produce heavily fruited cotton stalks. They have kept out the weeds by the expensive route of the hand hoe, and they're still hoping for the best. Thirty-three cotton gins in the county are ready for the harvest.

The outcome of Dawson County's main economy for all of 1972 is in the hands of the weatherman. — By M.C.

Coahoma O.E.A. Elects Officers

COAHOMA — The Coahoma Chapter of Office Education Association of Texas elected chapter officers Wednesday.
Serving as officers will be Mark Milliken, president; Cindy Parrish, vice president; Pam Baker, secretary-treasurer; Florida Webb, historian; Patti Lee, reporter; Steve Fraser, parliamentarian; and Benny Mansfield, sergeant at arms. Mrs. Marie Ethridge is the chapter advisor.

The chapter dues were set at \$3. Bulldog pins are being sold at 35 cents to help raise money for various chapter activities.

The emblem of the chapter will have the official insignia of the O.E.A. of Texas pin. The colors of the chapter will be green and gold. This chapter is an organization of senior vocational students enrolled in the Vocational Office Education program. Its purpose is creating an appreciation of office work as a vocation; exploration in the field of office occupations; fostering a respect for the dignity and the value of work; encourage use of high ethical standards in business; provide worthwhile social and recreational activities; and develop leadership.

Economy Car?

BUFFALO, N.Y. (AP) — Chester Harris, 22, of Buffalo, was fined \$10 Wednesday for driving his automobile June 28 with 15 persons inside and another 15 on the hood and trunk.

Long, Long Strings

It is nothing but good news for the three American pilots to be released by the North Vietnamese. It is great news for their families.

But the bad news is that Hanoi has tied long political strings to the three men, one of whom has been a captive since 1968.

Hanoi has said in effect, that no more POWs will be released unless these three men are allowed to praise their treatment at North Vietnamese hands.

Radio Hanoi broadcast a statement that the three POWs must not be "transformed by the Nixon administration into an instrument in the service of the U.S. war of aggression in Vietnam."

The North Vietnamese warned that the men "must not be used by the U.S. administration to slander North Vietnam's humane and lenient policy." If the released prisoners are used for that purpose, Hanoi said, it would be against the "interests of the families of other captured U.S. pilots in North Vietnam."

The North Vietnamese Communists are exploiting the announced release as much as possible. They ignored the government of the United States, working with antiwar activist David

Dellinger. Hanoi also notified Sen. Edward M. Kennedy's office of its intention to release the men.

The handling of the release clearly indicates that it is not for "humane and lenient" purposes but to further exploit the POWs. They are the first freed in three years. Hanoi holds hundreds

Ray Of Hope

Soviet medical researchers may have scored a breakthrough in isolating a possible leukemia virus, and American scientists plan to make use of the Soviet information to pursue the goal of a cancer cure.

In October, a U.S. medical mission is going to Moscow. The U.S. scientists hope to bring some of the Soviet virus material back with them and begin efforts here to pin down the nature of the isolated virus.

This sort of cooperation in research, pooling the brains and resources of the two most powerful nations on earth, holds long-range hopes of producing a better world for us all. In medical research, in space science and exploration, in

more and more are being captured as the air war continues.

The release should not be considered a signal that Hanoi is thinking of freeing the rest of the men. It is, pure and simply, a political play. The only beneficiaries are the three men to be freed and their families.

hundreds of fields — U.S.-Soviet cooperative efforts can make greater strides more quickly than either nation could hope to do working alone.

Pure science has never known political boundaries. Unfortunately, however, ideology and nationalism intrude on science — and the losers are all the world's peoples.

Hopefully, that part of the Moscow agreement opening the way to joint U.S.-Soviet efforts in medical research, in space and in other fields if one of the results should be dramatic progress in the fight against a killer such as leukemia, will prove a breakthrough for all mankind. And what greater monument could the cause of peace and cooperation between nations have?

Controversy Helps

Around The Rim

John Edwards

"The stage is set," the young woman reporter told the outspoken county judge. "Where are all the actors?"

THE COMMISSIONERS were late as usual, but the real and implied question was what is the court going to fight about today.

South Texas politics was always the best show in town, Beeville, where I was working as a reporter before accepting a position with the Big Spring Herald. Like in drama, conflict or controversy makes politics interesting.

Does controversy result in better or worse government?

Howard County Judge A. G. Mitchell said "the old regime" fought the new court commissioners for about six months when he took office. "I got lots of good ideas on how to run government from listening to them."

GOVERNMENT IS like the weather, Judge Mitchell observed. "When it's calm, something's going to bust loose."

"When you've got controversy, people are more afraid to be crooked." Without conflict, Mitchell said a regime or clique becomes established

and everybody is afraid to speak out. "I think people ought to rise on every occasion if they don't think that way," Mitchell said.

Mayor Wade Choate made a distinction between discussing both sides of a question and controversy. He felt controversy was "bad in general."

But by listening to both sides, Mayor Choate thought the City Commission could reach a better agreement.

ROY WATKINS, president of the Big Spring Independent School Board, like Choate, thought "would depend on the nature of the subject under discussion."

In some instances, controversy results in more representative government, Watkins said.

He was asked if controversy discouraged some from seeking public office. "In many instances, good reliable people would rather not be surrounded by it if it's a matter of choice..." Watkins said.

Having more persons attend school board meetings would be beneficial, Watkins said.

K. H. McGibbon, chairman of the board of trustees of the Howard County Junior College, was out of town.

My Answer

BILLY GRAHAM

I love to talk to people about Jesus, in church, or in everyday conversation. But I read in the Bible where the apostle Paul said that a woman should keep silence in the church, and if she wants to know anything to ask her husband. Does this apply to women today? I am troubled by this statement.

A.P.P.

The Bible says in Acts 2:17, "In the last days saith God, I will pour out my Spirit upon all flesh: and your sons and daughters shall prophesy... And on my servants and on my handmaidens I will pour out in those days of my Spirit; and they shall prophesy."

It is generally understood that Paul's admonition for "women to keep silence in the church" (1 Corinthians 14:34) was addressed to the Corinthian women who were ignorant in spiritual matters, and were inclined to be talkative and gossipy.

Philip, the evangelist, had four daughters who not only spoke in the church, but they prophesied (preached). (Acts 21:9.) Anna, the daughter of Phanael, was also a prophetess. (Luke 2:36.) "She was a widow of about four score and four years, which departed not from the temple, but served God with fastings and prayers night and day." (Luke 2:37.)

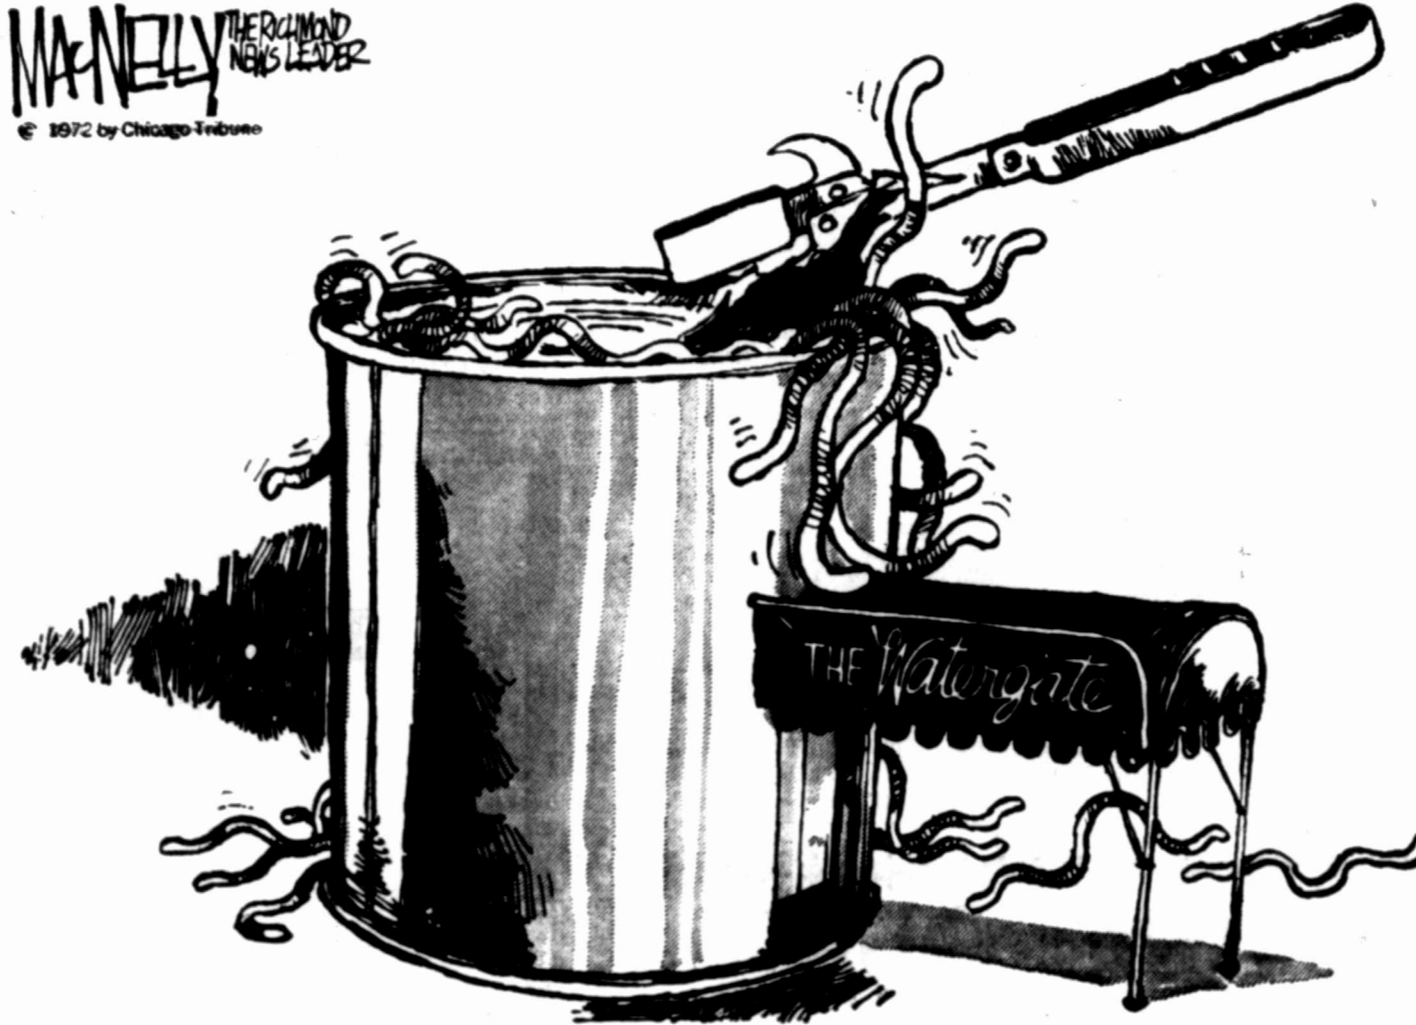

It was a woman, Eve, who first

sinned. As someone has said, "If women first introduced sin, why shouldn't they be granted the privilege of fighting it?"

Women are accepted by the church. In fact, the average church couldn't operate without them. So, don't be troubled, but keep on putting in a good word for the Lord.

Interest Rates Spiral

John Cunniff

NEW YORK (AP) — Interest rates are headed higher again, and in the opinion of many business economists and securities analysts they are likely to continue rising into the middle of next year.

The prime lending rate offered by large banks to their soundest corporate customers is already up to 5.5 per cent, highest in many months, and seems destined to reach a peak of nearly 6 per cent.

The ordinary consumer, and in fact most companies, never see this rate, but it is still a symbol, a convenient measure of what is going on throughout the credit markets.

The implications for business and the stock market are now among the chief concerns of Wall Streeters, because a rise in interest rates often means a slowing of business expansion and a drop in stock prices.

Higher rates have a tendency to draw funds from stocks into bonds and other debt securities. This, coupled with rising business costs as a result of costlier borrowing could stall any vigorous market advance.

The business expansion,

which results in a rising demand for money, is said to be the chief factor in the higher rates, but not everyone feels that this necessarily needs to be the case.

Pierre Rinfret, named Aug. 18 as principal economic spokesman for the 1972 Re-

Swap Gunfire, Suspect Slain

ATLANTA, Tex. (AP) — Michael Hughes, 28, was killed in a shootout early Thursday in Atlanta, 25 miles south of Texarkana, while a policeman suffered a wound.

Officers Jack Feltman, reported in serious condition, said he surprised three men in an auto store at 4:30 a.m.

Gunfire was exchanged and Feltman was wounded. He said he held two men at gunpoint while he inched to his patrol car and radioed for help.

Atlanta police said they were holding two men in the jail at Linden.

Smuggling Trade

Marquis Childs

WASHINGTON — A Black Panther funeral in San Francisco for the victim of an overdose of heroin dramatized the cancer of drug addiction in the black community. At the funeral service for Vera Washington, sister of David Hilliard, a Panther co-chairman, chairman Bobby Seale pleaded for an economic embargo against Turkey as the principal source of heroin coming into this country.

WHILE TURKEY may once have been the chief supplier, the lethal stuff is flowing into the United States from a dozen or more sources. On the West Coast and in the Southwest Mexico has become a major channel. The neighbor to the south supplies 15 per cent of the total heroin flow and perhaps 90 per cent of marijuana and hashish. The distribution pattern is through San Diego, San Francisco and Los Angeles to the Southwest and the Northwest.

With units stationed in Mexico the Bureau of Narcotics and Dangerous Drugs and the Customs Bureau credit Mexico with full cooperation in trying to stem a rising tide of drugs. But smuggling across a largely unpoliced border is so easy and the profits are so huge that it will be years before illicit poppy fields and morphine-heroin refineries are tracked down and organized smuggling is stopped.

SMALL PLANES leapfrog the U.S.-Mexican border, taking off from gravel roads used for air strips and landing on out-of-the-way, seldom-used strips in Arizona, Southern California and Texas. The smuggler planes usually carry marijuana because of its bulk but part of their cargo is often heroin as well.

A pilot with two year's experience in Vietnam described recently, in-

sisting on anonymity, how he had searched in vain for a job in civil aviation. He finally took to the smuggling trade. In less than six months he had cleared more than a half-million dollars.

BECAUSE THE poppy fields are in inaccessible areas along the Pacific Coast, the United States is providing Mexico with helicopters and jeeps to track down the illicit sources of opium. The refineries also have a "geographic cover" in that they are hard to locate and to reach. Refinery arithmetic is roughly as follows: 10 pounds of crude opium equals one pound of morphine base; one pound of morphine base refines into one pound of heroin which, when cut down and sold at retail in a large American city, can bring several hundred thousand dollars.

Closing down all sources outside America's borders is impossible. Turkey was offered \$17,000,000 as a payment to farmers to substitute another crop for opium. They have been reluctant to do so, and the Turkish government has hesitated to enforce a crackdown on an easy, profitable crop long a mainstay.

THE ANSWER — a painful and often frustrating answer — is cure for the addict.

The Bureau of Narcotics and Dangerous Drugs and the Customs Bureau report a seizure of 241,663 pounds of illicit drugs in fiscal 1971 and nearly twice that in 1972. Arrests for the last fiscal year were 16,144.

One thing the campaign has done is to push up the retail price of heroin and bring down its strength and quality. Yet, there will be those cashing in on the high profits in this Traffic in death.

United Feature Syndicate Inc.

Hal Boyle

Middle-Age Suspicion

NEW YORK (AP) — Do you have "middle-age suspicion?"

If so, you are suffering from one of the commonest maladies of our times, but one which is rarely diagnosed, because it isn't ordinarily recognized by doctors as a medical entity any more than menopause in men is.

But the symptoms of "middle-age suspicion" are recognizable to most experienced personnel executives, marriage counselors and others dealing in the problems of mental health. It is a condition insidious in itself that tends to be self-perpetuating and is quite difficult to isolate and combat.

It affects both men and women, although it is perhaps more often noticed in men.

What is "middle-age suspicion" and how can you tell if you have it?

"Middle-age suspicion" is a neurotic feeling of self-doubt and insufficiency shown by people in their middle years who begin to distrust and sus-

pect the motives of others to a degree unjustified by the facts.

You should suspect yourself of being a victim of "middle-age suspicion" if many — or most — of the following things are true of you:

You are convinced that there is a conspiracy in the office to ease you out of your job or to keep your merit from being fully recognized.

You can't take criticism of any kind anymore without losing your temper.

Some of the younger men at the office, you feel, are poking fun at you behind your back.

You pick on other members of your family more than you used to.

You feel that every repairman you deal with is dishonest. You may have lost one or more friends recently — or at least offended them — by impugning their loyalty.

More and more you mope about this being a "dog eat dog" world and that every man is determined to take advantage of every other man.

Any fresh sign of the ravages of time — the thinning of your hair, the loss of a tooth, the appearance of a new wrinkle — causes you to become morose for days.

What can a man do if he recognizes these signs of "middle-age suspicion" in himself? Well, if he's still got any honesty and common sense left, he might look in the mirror and make himself a little speech:

"Listen, old-timer, there is nothing wrong with the world that wasn't wrong with it yesterday. What's really wrong with yourself is you. You're full of self-pity, just like a small boy who threatens to eat worms, then die, and make everybody sorry they picked on him. But acting like a coward won't make you any younger, so snap out of it — and go back to being a man again."

If you don't, "middle-age suspicion" will age you quicker and make you, as well as those around you, feel miserable beyond endurance. There is no cure for it but self-cure.

Seeks 'New Majority'

David Lawrence

WASHINGTON — President Nixon, in discussing with newsmen his plans to campaign between now and the November election, revealed plainly his desire to get a majority in both houses of Congress to back his legislative proposals. He is well aware that a number of Democrats are on his side and that frequently some Republicans defect. It is not a question, therefore, of asking the people just to elect Republicans, since there are Democrats who have supported him repeatedly on legislative measures in the last three years.

THE PRESIDENT has had a difficult time with Congress. He feels that the nation's progress in many important ways has been retarded. In his latest conference with the press, he declared:

"I think what we need now is a clear majority of the American people. That means a clear mandate, mandate for what I have described as change that works, for progress. Because, when I see what has happened to, for example; revenue sharing, government reorganization, our health plan, our welfare reform, and all of our programs — there are 12 different bills on the environment that are still stuck in the mud of Senate and House controversy — when I see that, I think that the country needs to speak out."

MR. NIXON said that if he could get a "new majority" at the presidential level — crossing all lines of various age groups and religious and ethnic unit — we would have a legislative record in the first six months in the next Congress which could equal in excitement, in reform, the 100 days of 1933." He added: "What we are not only seeking here is a majority for the President but

we are seeking a new majority, of course, in the House and Senate which will support the President in terms of his domestic policies, and we trust continue to support us on national defense and foreign policy."

THE PRESIDENT, it will be noted, did not say that he wanted the voters to cast their ballots in every state only for Republicans who are candidates for Congress — for there are, indeed, many Democrats who have been of more assistance than Republicans. Under such circumstances, Mr. Nixon would find it hard to call for a "Republican congress." Instead, he speaks only of a "new majority" and one which "will support the president" in his foreign and domestic policies.

PRESIDENT NIXON can be expected to campaign actively in certain states after Congress adjourns early in October, but it is believed that his speeches will be confined to an explanation of the main issues which he thinks will dominate his administration if he is re-elected. It is not likely that he will engage in any debates with Sen. McGovern. He will instead make a series of speeches to present his view to the voters — both young and old — on the background of the principal questions and what can be done about them by a "new majority."

The attention of the voters, aside from the Vietnam War, will be focused on the handling of domestic problems. The President feels that inflation is being curbed, and there is a possibility that in the not-far-distant future wage and price controls might be put aside for a test period to see whether the national economy could progress without them. (Copyright, 1972, Publishers-Hall Syndicate)

Garth Jones

Two Giants Compared

By CARL W. RITTER (Substituting for Garth Jones) With the United States apparently committing itself to a course of expanded trade relations with Russia, a comparison of the economies of the two giants seems in order.

The most popular form of measurement, gross national product — a nation's output of goods and services for one year, expressed in monetary terms — reveals that this country has nearly twice the economic muscle of the Soviets.

IN DOLLARS, the GNP last year for the United States amounted to slightly more than \$1 trillion. This compared with a Russian GNP of \$548.6 billion.

It should be noted, however, that Russia's GNP is expanding at a considerably faster rate than that of the United States and that an increasing share of it relates to research, development, new plant and equipment.

For Russia, this kind of investment amounted to 21 per cent of GNP in 1965 as against 20 per cent for the United States. Last year the Soviets

boosted outlay to 33 per cent of GNP as compared with 17 per cent for the Americans.

RUSSIA'S GNP has approximately doubled in the last 12 years.

A recently issued report from Commerce Secretary Peter G. Peterson, titled, "U.S.-Soviet Commercial Relationships in a New Era," offers a wide range of meaningful statistics relating to the two countries.

Comparisons as of 1971 include the following: Industrial production index (1960 equals 100) — USSR 203.1 and U.S. 160.9; net agricultural production index (1960 equals 100) — USSR 143.8 vs. U.S. 123.3; population USSR 245.1 million vs. U.S. 207 million; total investment index (1960 equals 100) — USSR 208.7 vs. U.S. 146.7; electric power production (in billions of kilowatt hours) — USSR 800 vs. U.S. 1,827.

Crude oil production (in millions of metric tons) — USSR 377 vs. U.S. 470; natural gas production (in billions of cubic meters) — USSR 212 vs. U.S. 637.

A Devotion For Today..

We ask God that you may receive from him all the wisdom and spiritual understanding for full insight into his will. (Colossians 1:9.)

PRAYER: Father, help us seek your love and peace in Jesus Christ and to do so in hope and trust. Then give us wisdom and spiritual understanding. Grant that we may be pure in heart and that we may see you. We pray in Jesus' name. Amen.

Balloons Soar Evangel's Spirit

By MARJ CARPENTER

A launching of helium filled balloons will add a new touch to an old custom when Evangel Temple Assembly of God Church at 2205 Goliad, kicks off their annual "Rally Day" Sunday at 9:30 a.m.

This is to highlight the beginning of a new Sunday School year. The Sunday School hour begins at 9:45. A special closing exercise will follow, led by R. G. Nelson, superintendent. Following the morning worship service, a fellowship dinner will take place.

Rally Day not only calls all Sunday School members into action at the beginning of this Sunday School year for the Assemblies of God, but provides opportunity for guests and visitors to join in the excitement. A whole new calendar of Sunday School events is being launched this month. Rally Day is the launching pad. The public is invited to attend these special Sunday services for "Rally Day." Pastor Calvin extends a warm welcome.

Pastor Calvin will preach a special "Rally Day" message entitled, "Ditch Digging Time." Evening evangelistic services at 7 will continue the special "Rally Day" theme, and emphasis.

will be "What Manner of Man Is This" and Sunday evening, "All Things Work for the Believer's Good."

Hillcrest Baptist Church with the Rev. Collins Moore is especially emphasizing missions Sunday.

At 9:45, songs and introduction of the day will be followed at 9:55 by a report on the Northcrest Bible Class slides, testimonies and at 10:25, Karen O'Dell will give a report on Montana Mission work. Local mission testimonies follow with a song service at 11 a.m. and a special message at 11:25 a.m. by Sam Jones, missionary to Rhodesia.

The evening at 6 p.m., Dr. Harold Smith will show slides of a river ministry and at 6:40, reports will be heard on the VA hospital ministry from Bill O'Dell, Alton Ditto and George Franklin and on the jail ministry from Terry Carter. The pastor's message will

conclude the special activities. Rev. Moore stated, "This world and what we are doing week provides a wonderful opportunity for our church to see what we are doing in this world and what we are doing for our world here in Big Spring."

Church Calendar

METHODIST — NORTH BIRDWELL LANE UNITED METHODIST — The Rev. Jack Thompson, 10 a.m. Sunday school; 11 a.m. and 7 p.m. worship services.

KENTWOOD UNITED METHODIST — The Rev. Melvin Mathis, 10 a.m. Sunday school; 11 a.m. and 7 p.m. Wednesday at 7:30 p.m.

PRESBYTERIAN — The Rev. R. Earl Price, 9:45 a.m. Sunday school; 11 a.m. worship service.

ST. PAUL PRESBYTERIAN — Church school, 9:30 a.m.; morning worship, 11 a.m.; the Rev. Jim Collier, sermon topic: "Raised With Christ: The Christian Funeral."

(Sun., Sept. 10, 10:30 A.M. & 6:00 P.M.)

DO YOU BELIEVE . . .

That the world's greatest need in these trying times, as well as all times, is God?

That the most important thing in the world to you is your own soul's salvation? (Mark 8:36, 37.)

That the Bible is the word of God and the only guide to salvation? (Romans 1:16.)

That in order to be pleasing to God we must follow the teachings of His word and not the teachings of any man or group of men? (Matthew 15:9.)

If your answer to these questions is "YES," you will want to attend.

Twenty-Six Area Children Helped By Shriner Funds

By CHARLES TEAGUE

Big Spring's circus enthusiasts have the chance next week to see routines generally regarded as impossible for most elephants of any age, and also to help in performing the impossible for juvenile victims of burn accidents and crippling influences.

Featured in the Suez Temple Shrine Circus here for two performances on Sept. 11 are the famous 9,000 pound stars, Mary Margie and Sue, nationally known for their astounding performances on Ed Sullivan's television show.

RAISE FUNDS
In the background will be Big Spring's Shriners with their perennial hopes of raising funds for the support of their nationally famous Crippled Children's Hospitals and Children's Burns Centers.

A total of \$25,000,000 annually from 900,000 Shriners goes to the support of the 19 Crippled Children's Hospitals and three Burns Centers, about \$4½ million coming from the contributions of the Shriners themselves and the balance from bequests and legacies, North-South and East-West football games and circuses, says local Shrinier Ted O. Groebel.

According to Groebel, the local Temple retains in excess of \$3,000 annually to support local hospitals and philanthropies, but primarily for a transportation fund for children sent to hospitals for treatment.

TRANSPORT CHILDREN
The local group has provided transportation for 26 area children since 1967, 13 to the Crippled Children's Hospital, Houston, and 13 to the Children's Burns Center Galveston, said Groebel.

The children are generally flown to the hospital for the initial treatment, which is often an emergency, and returned by bus or any other less expensive means of transportation, Groebel explained.

Subsequent trips are generally in the realm of rehabilitation, the ultimate goal in the Shriners' efforts to restore the children 100 per cent to their rightful place in society, he continued.

BURNS COST
The cost of maintaining a burns center, Groebel noted, is five times that of the orthopedic hospitals, indicating a need for the hospitals. Much of the work can be done in Big Spring, he said, but the expense is so great that physicians willingly cooperate with the Temple in recommending that the patients be taken to the Shriners' hospitals.

The location of the hospitals is generally determined to be out-

near a medical school, Groebel said, in an effort to educate interns in the treatment of burns. Burns Centers are presently located in Galveston, Tex., Boston, Mass., and Cincinnati, Ohio, each with a 30-bed capacity.

MEXICO-CANADA
Orthopedic hospitals located in the United States, including Honolulu, Mexico and Canada, accommodate from 60 to 120 patients each, Groebel added.

A portion of funds retained locally are used annually to finance a Christmas party for crippled children, when 50 to 60 children under 14 years of age are treated. Santa Claus is present to award each child a gift which is suited his particular handicap, Groebel pointed

Mrs. Cooper Area Exec

Miss Audrey Elmore, R.N., Howard County board member of the Big Country Area of the Texas Tuberculosis and Respiratory Disease Association, has announced the selection of Mrs. Elizabeth Cooper as area executive. Mrs. Cooper has been program assistant of the Big Country Area since September of 1971. She attended Austin College in Sherman, Tex., and Angelo State University and has resided in San Angelo with her husband, Dr. Joseph R. Cooper and three children, Glenn, Carol and Marie, since September of 1969.

D. C. Moore, former area executive, resigned recently to become principal of Travis Elementary School in San Angelo.

The Big Country Area of the Christmas Seal Organization includes 32 West Texas counties and has its area headquarters at 215 W. First St. in San Angelo.

T-Birds To Show In San Angelo

The Thunderbirds, the U.S. Air Force's aerial demonstration team, will perform over Goodfellow AFB in San Angelo Thursday, Sept. 28, according to Maj. Buford D. Graham, project officer. The event will be open to the public, and parking space for spectators will be available on base.

The famed pilots will mark their arrival at 11 a.m. the same day with an 8-to-10 minute prelude over Goodfellow of the 3:05 p.m. air show. The appearance is sponsored by Angelo State University's Air Force ROTC unit, which is marking its first anniversary on the Angelo campus.

Bike Event Discussed

The Howard County chapter of the American Cancer Society is considering the plans for a Bike-athon designed later this year to raise funds for the ACS, according to Mr. Bill Johnson, publicity chairman for the local function.

No definite date has been set for the bicycle event, as discussed in the group's meeting Thursday noon.

Presiding at the meeting was local president Mrs. Ben Boadle. Visitors included a new district executive director, David Freeman, Midland.

Also from Midland was Dr. Martha Madsen, pathologist and state director of the ASC. She spoke to the group concerning plans for the upcoming drive and presented Mrs. Boadle and Mrs. Joe Smoot an award of recognition for attaining an all-time high in the last crusade drive, which netted \$6,679 in funds for the American Cancer Society.

Dr. Madsen noted that goals

for the society include education, research, service, rehabilitation and campaigning. She pointed out that education has been responsible for saving a sixth of the people that have been affected by cancer.

Three new directors were present for the meeting, Mrs. J. B. Hyden, Mrs. Ernest Bauch, and Mrs. Edman McMurray.

You Can Change
Jean Adams' TEEN FORUM

NEVER BEFORE: (Q)
Two weeks ago I was at a party. A boy I have known a long time came up to me and asked me to dance. I said okay. We danced.

Then we sat by a window and talked. All of a sudden I realized I had told him things I had never told anyone else, and he had told me things like that, too.

He told me he and his family had to go to the Orient for two years. He asked me to wait for him. I told him I would. I know I love him dearly. I am 14 and he is 18. He is gone now. What should I do? — Changed in Texas.

(A). Countless teen-agers experience moments like yours. Afterward they are definitely changed. Sometimes they are genuinely in love. More often, I would say, they are not. Regardless, the power of the moment is great and it is seldom forgotten.

HOSE TIME: (Q)
I want to start wearing hose to school. I have worn them to church only for a year and a half. I buy them with my own money. I will be in the eighth grade. I am 13. My mother says I can't wear hose to school yet. Every girl I know wears them. — Turned Down in Tennessee.

(A) I think you are old enough to wear hose to school, and if you promise to take good care of them and pay for them out of your own allowance I believe you can win your mother to your side. Try again to persuade her. Wait until she is in a good mood to bring up the subject.

BIG SPRING HERALD

SECTION B BIG SPRING, TEXAS, FRIDAY, SEPTEMBER 8, 1972 SECTION B

Predictions

By DON COOPER
Herald Sports Editor

One of the more undesirable jobs of sportswriters is the weekly game predictions. Writers don't like to make predictions — the predictions all too frequently blow up in the writers' faces. The team that the so-called experts sneeringly put down as the "loser" rises up and slaps down the favorite.

However, sportswriters are expected to make predictions on football games. I'll climb out on the limb and make some predictions about this weekend's football games.

BIG SPRING-LUBBOCK MONTEREY: Something that doesn't make friends is picking against the hometown team. I guess I'm not going to make many friends this week. Monterey is not as large as it has been in the past; however, the team has good speed and quickness. Quarterback Glen Yarbrough is a savvy veteran. The Steers are developing into a good football team; however, I don't think they have jelled yet. I hope I'm wrong; but I'm going with the Plainsmen, 21-14.

COAHOMA-SONORA: I hate opening games where I know nothing about either team. Coahoma is the defending champion of District 7-AA and much of the same cast is back this year. I'll go with the Bulldogs, 28-13.

STANTON-TAHOCA: Coach Bill Young's Buffaloes are young and inexperienced. Stanton is seeking to create a winning approach to football; unfortunately, the Buffs will have to wait a week. Tahoca 14, Stanton 7.

MIDLAND LEE-LUBBOCK: Midland Lee has Pat Lyons at quarterback and that's enough to give any team hopes for a successful season. The rest of the Rebel cast is equally strong. The Rebels are my personal pick for District 5-AAAA champions and I'll back them in this game. Lee 35, Lubbock 14.

ARKANSAS-SOUTHERN CAL: Joe Ferguson, Mike Repond and Dicky Morton are the headline-grabbers for the Razorbacks; however, I see the Arkansas defense spearheaded by linebacker Danny Rhodes being the difference in this game against the tough Trojans. Arkansas 24, Southern Cal 21.

TEXAS A&M-WICHITA: No question about this one. Emory Bellard makes a successful debut as Aggie boss. Texas A&M 34, Wichita 7.

RICE-HOUSTON: The Cougars have too much material for the Owls to handle. Houston 28, Rice 10.

OAKLAND-DALLAS: That loss to Kansas City stung the Cowboys last week. Although their 15-game win streak was snapped, the "Pokes" will be looking to start another string. However, I think that the Raiders' "Mad Bomber" Daryl Lamonica will best Craig Morton. Oakland 23, Dallas 17.

KANSAS CITY-GREEN BAY: Hank Stram and the Chiefs don't even like to lose pre-season games. Also, Stram still smarts at the memory of that 35-10 Super Bowl loss to the Packers in 1967. The Chiefs will go with the veterans; the Packers will look at everyone. Kansas City, 24-13.

NEW ORLEANS-HOUSTON: Who knows? I think I'll go with the Oilers, 20-14.

Other games:
Monahans 14, Colorado City 0; Lamesa 20, Clovis 6; Lubbock Christian 13, Sands 7; Abilene 21, Sweetwater 14; Abilene Cooper 21, Brownwood 20; Ft. Worth Trimble 21, Midland 13; Odessa 21, Amarillo 14; Permian 28, Tascosa 7; San Angelo 24, Bryan Adams 13; Sul Ross 27, NM Highlands 6; Angelo State 24, East Central Okla. 10; Howard Payne 17, Texas Lutheran 7; East Texas 17, Abilene Christian 13; Cincinnati 23, Atlanta 7; Los Angeles 27, San Francisco 24.

Forsan Romps To 32-14 Win

By DON COOPER

STANTON — The Forsan Buffaloes ran up a 32-0 edge before allowing the Stanton B-team to cross the goal line en route to a 32-14 win in the season's opener for both teams. Forsan was sparked by a hard-hitting defense, the pass-catching of Rudy Holguin and the rushing of Robert Wash and Tommy Brumley in the contest. Holguin caught three passes for 98 yards; however, two of those three catches were for touchdowns. David Moreno also pulled in a touchdown catch.

Wash, who led all rushers with 55 yards on 13 carries, scored on touchdown on a one-yard plunge. Tommy Brumley had a three-yard TD run.

The Buffaloes took advantage of an early break when Landon Soles recovered a fumble by Elvin Brown on the first play from scrimmage. Brown had just broken for 30 yards to the Forsan 44; but he fumbled when he was tackled and Soles recovered. Using the inside running of Brumley and Wash, quarterback Mike Murphy moved the Buffaloes down to the Stanton 42. With a third-and-one at the 42, Murphy rolled to this right and found Holguin by himself. Holguin took the ball and trotted untouched into the end zone for the score. Murphy's pass for the extra points was incomplete and Forsan held a 6-0 lead with 10:50 left in the first quarter.

The second Forsan tally came just minutes later when Murphy found David Moreno in the Stanton end zone. This score had been set up when Forsan got the ball at the Stanton 31 following a bad snap from center that did not allow punter Joe Marquez to get his kick away. Runs by Wash and Brumley moved the ball to the 23 where Murphy found Moreno. Going for two points after the TD, Wash barreled into the end zone to make the score 14-0 with six minutes left in the first

quarter. Forsan made it 20-0 late in the second period when Brumley capped a five-play, 50-yard drive with a three-yard plunge. Forsan had taken the ball on a short punt at midfield. A pass from Murphy to Brumley picked up 14. Then Wash popped up the middle for 14 yards to the 25. A screen pass to Wash gave the Buffaloes a first down at the Stanton eight yard-line. Brumley moved the ball to the three. Then, Brumley took a handoff from Murphy and followed his blocking toward the right side; but he suddenly cut back to his left and dived into the end zone for the score. The run for two points failed and Forsan took a 20-0 lead into the halftime intermission.

The final two Forsan touchdowns came on an 18-yard pass from sophomore quarterback Soles to Holguin and a one-yard plunge by Wash. The final Forsan score came with just 3:10 left in the third period. Stanton drove 65 yards in 11 plays to put its first TD on the board. A crucial fourth-and-nine pass from Randy Connor to Johnny Gonzales kept the drive alive. The toss, which covered 16 yards, put the Stanton crew on the Forsan eight yard-line. Gonzales scored the touchdown on a sweep around the left-side. The conversion attempt was no good and Stanton was on the board with 11:20 remaining on the contest.

The final Stanton TD came just moments later. Danny Lozano picked off a pass by sophomore signal-caller Steve Murphy at the Stanton 35 and returned the ball to the Forsan 17. Two carries by Gonzales moved the ball to the 11 where Brown burst up the middle for the score. Brown carried over on the two-point conversion to make the final score 32-14 with 8:10 left.

Neither team could put together a scoring drive in the final minutes of the game although Forsan did drive to the Stanton 26 only to lose the ball on downs.

The Forsan defense which shut out Stanton for three quarters was sparked by a hard-charging defensive line. Standing out on defense were Paul Bedwell, Randy Walls and Phillip King.

"The reason Collett came on the stand with me was not a protest," Matthews continued. "We consider ourselves the best quarter-milers in the world. If we wanted to protest we could do a better job than that."

Matthews and Collett's actions on the victory stand, somehow reminiscent of the black-gloved protest by U.S. athletes four years ago, angered some of the 80,000 Olympic Stadium spectators.

Milburn, from Opelousas, La., stood erect, facing the flag as the Star-Spangled Banner was played after he'd won the 110-meter hurdles in a world record-equalling 13.2 seconds. France's Guy Drut was second and Army Lt. Tom Hill of Knoxville, Tenn., got the bronze.

But after Matthews and Collett finished 1-2 in the 400-meter dash, Collett stepped up from his tier and joined Matthews on the No. 1 perch as the national anthem began. They stood sideways, facing away from the flag. Matthews with his arms folded and Collett with hands on hips, chatting occasionally as the music played on.

And when the ceremony ended, Matthews walked toward the stands, twirling the gold medal on its chain as the whistles and boos rolled down upon the field.

Was it a protest? "No way," replied Matthews, the speedster from Brooklyn, N.Y., who had

OLYMPIC GAMES

U S, Russia Meet For Gold

MUNICH (AP) — "The Russians are stronger than we are," U.S. Basketball Coach Hank Iba said. "We'll see if we're quicker than they are."

Quarter-milers Vince Matthews and Wayne Collett showed they were quicker than anyone else—but how they performed while standing still seemed to leave something to be desired.

"We'll have a tough time keeping them off the backboards," Iba said of the Russians.

SEASON OPENER
Coahoma Faces Sonora

COAHOMA — A rugged Sonora team comes to town tonight to face the Coahoma Bulldogs in the season opener for both teams. Kickoff is set for 8 p.m.

Sonora, rated number one among Class A ranks, returns five offensive and four defensive starters from last year's 14-0 team. The Broncos shared the class A state championship with Barbers Hill last year. The two teams tied 3-3 in the state finals.

Quarterback Mark Rousselot, a two-year starter for Sonora, will direct the offensive attack. Rousselot will be joined in the backfield by second team All-State halfback Steve Street.

Returning veterans in the line include two All-State performers. End Bruce Kerbow and guard John Beckman will be joined by center Joe Gustace.

Sonora defeated Coahoma, 20-16, in last year's contest. That was just one of two losses suffered by the Bulldogs all season. The Bulldogs captured the District 5-AA championship in 1971 and advanced to the regional finals against Eastland.

Norman Roberts will be counting on several returning veterans to make his head coaching debut successful. Roberts replaced Bernie Hagins who departed Coahoma for the athletic director-head coaching job at AAAA Pharr-San Juan-Alamo.

Starting quarterback Roland Beal, a 188-pound senior, will again direct the Bulldog attack. Also returning as a starter in the backfield is halfback Freddie Franklin, 160.

Returning starters in the line include center Joe Elmore (190), guard Steve Fraser (165),

Kyle Kiser (175) and John Best (200). Joining Beal in the backfield will be Franklin at right halfback, fullback Eddie Padron and left halfback Tim Tindol.

Troy Kerby will be at split end, Glenn Washburn will be at tight end and Dean Wood will be at left tackle to round out the offensive line.

COAHOMA BULLDOGS Probable Starting Lineup
Offense
Split end — Troy Kerby, 160
Left tackle — Dean Wood, 195
Center — Joe Elmore, 190
Right guard — Steve Fraser, 168
Right tackle — John Best, 200
Quarterback — Roland Beal, 188
Left Halfback — Tim Tindol, 165
Fullback — Eddie Franklin, 160
Right Halfback — Freddie Franklin, 160
Defense
Ends — Glenn Washburn, 170; David Higgins, 165
Tackles — Robble Tindol, 188; Kyle Kiser, 175
Linebackers — Joe Elmore, 190; Steve Fraser, 168; Puff Choate, 165
Cornerbacks — Troy Kerby, 160; Eddie Padron, 170
Safeties — Roland Beal, 180; Steve Stone, 166

Twins Trip
Texas, 4-0

ARLINGTON, Tex. (AP) — Minnesota Manager Frank Quilici is happy he has a one-two punch in relievers Dave LaRoche and Wayne Granger.

"Without those two firemen this club would be in real trouble," said Quilici after the Twins weathered mild Texas Ranger uprising in the ninth to score their second straight shutout, 4-0, in the finale of this two-game series.

Brahmas Nip
Toros, 12-6

The Brahmas edged the Toros, 12-6, at Memorial Stadium Thursday night. The winning touchdown came on a 45-yard return of an intercepted pass by Ronnie Mullins with just 30 seconds remaining in the game.

The first Brahma score came in the first quarter when Mike Easley took a 70-yard TD pass from Eric Franks. The PAT failed.

The Toros tied the score when Steve Herford took a pitchout from Mark Moore and raced 75 yards. The PAT effort failed leaving the score deadlocked at 6-6 setting the stage for Mullins' effort.

Brahma coaches singled out Phillip Lowrey, Keith McMercy, Danny Sherman and Ronnie Wagner for outstanding defensive performances.

Churchwell Paces
Mavs To Win

Tommy Churchwell scored two touchdowns and added a two-point point after conversion to pace the Goliad Mavericks to a 16-0 win over the Rannels Yearlings Thursday afternoon.

Goliad picked up 200 yards total offense and held a 16-0 halftime lead.

Churchwell's scores came on runs of 43 and 16 yards. He also had a 48-yard TD punt nullified because of a penalty.

Singled out for praise by the Goliad coaches were Churchwell, quarterback Bubba Stripling and fullbacks Steve Hughes and Steve Weeks. The coaches also praised the entire defensive unit for an outstanding job.

Goliad will face Travis Jr. High next week.

Steers Face Monterey
Plainsmen Foe In Season Opener At Lubbock

The Big Spring Steers travel to Lubbock for the season opener against the Monterey Plainsmen Saturday. Game time for the contest is 7:30 p.m. in Lowrey Field.

Allen Davis will get the call as starting quarterback for the Steers. Davis, a slippery senior, will be backed by junior signal-caller Tom Sorley. Steer head coach Clovis Hale feels that Big Spring has one of the best one-two punches at quarterback in District 5-AAAA in Davis and Sorley.

Throughout fall drills, two combinations of running backs have battled for the starting spots. The combo of Ricky Steen and Dick Conley gets the nod over the Barry Truette-Earl Reynolds combo against Monterey. Reynolds and Truette will both see action against the Plainsmen in the game, however. Reynolds' action will be slowed by a slight shoulder separation which has hampered him in practice this week.

The receivers' spots will be manned by tight end Jerry Knoepfel, split end Nate Poss and flanker Willie Williams. Williams will be backed up by John Smith and Craig Brown may see some action behind Knoepfel.

In the interior line will be tackles Mark Risetter and D. W. Powell, guards Rob Lawlis and Ben Carr and center Ricky Hayley. Risetter and Powell are the big men of the Steer ofensive line weighing 210 and

215 respectively. Lawlis weighs in at 190, Carr weighs 185 and Hayley weighs 180.

Defensively, the Steers have made some changes since last week's scrimmage game with the Sweetwater Mustangs. Glenn Carlton has won the starting cornerback job over Knowpfel. Carlton, a starter last season, lost his job in spring practices; however, with his performance against Sweetwater and in practice this week, Carlton drew the starting nod from Hale.

Two other defensive positions were being hotly contested during the pre-season practices. Ben Carr and Mike Treadaway battled for the starting job at left end and Vin McQueen and Barry Truette struggled for the starting role at rover. Carr will get the starter's job at end and Truette will be at rover for the Steers tomorrow night.

Other defensive starters include right end Scott Carille, right tackle Mike Parker, left tackle Vicky Woodruff, linebackers Conley and Brown, left halfback Smith, right halfback Poss and safety Williams.

Monterey's attack is spearheaded by senior quarterback Glenn Yarbrough. Yarbrough, a 170-pounder, is a speedy runner

and has a quick release on his passes. He started for the Plainsmen last season and is spending his third season on the varsity.

Targets for Yarbrough arials are split end Tommy McIntyre, flanker Tim Botkin and tight end Dan Irons. All three are seniors. Botkin is the fastest of the trio; however, he is described as an "average" receiver. Irons, a 210-pounder, is considered an excellent blocker. McIntyre is probably the best receiver of the three.

The offensive line has better-than-average size as only guard Randy Golden is under 190-pounds. Golden weighs 170.

The Plainsmen defense is considered by scouts to be improved. It is somewhat smaller than in past seasons; however, it is quicker. The Plainsmen have good pursuit and are aggressive.

blasted by Roger Metzger. With Cincinnati's double loss to San Diego, the victory moved Houston within 7 1/2 games of the first-place Reds in the National League West.

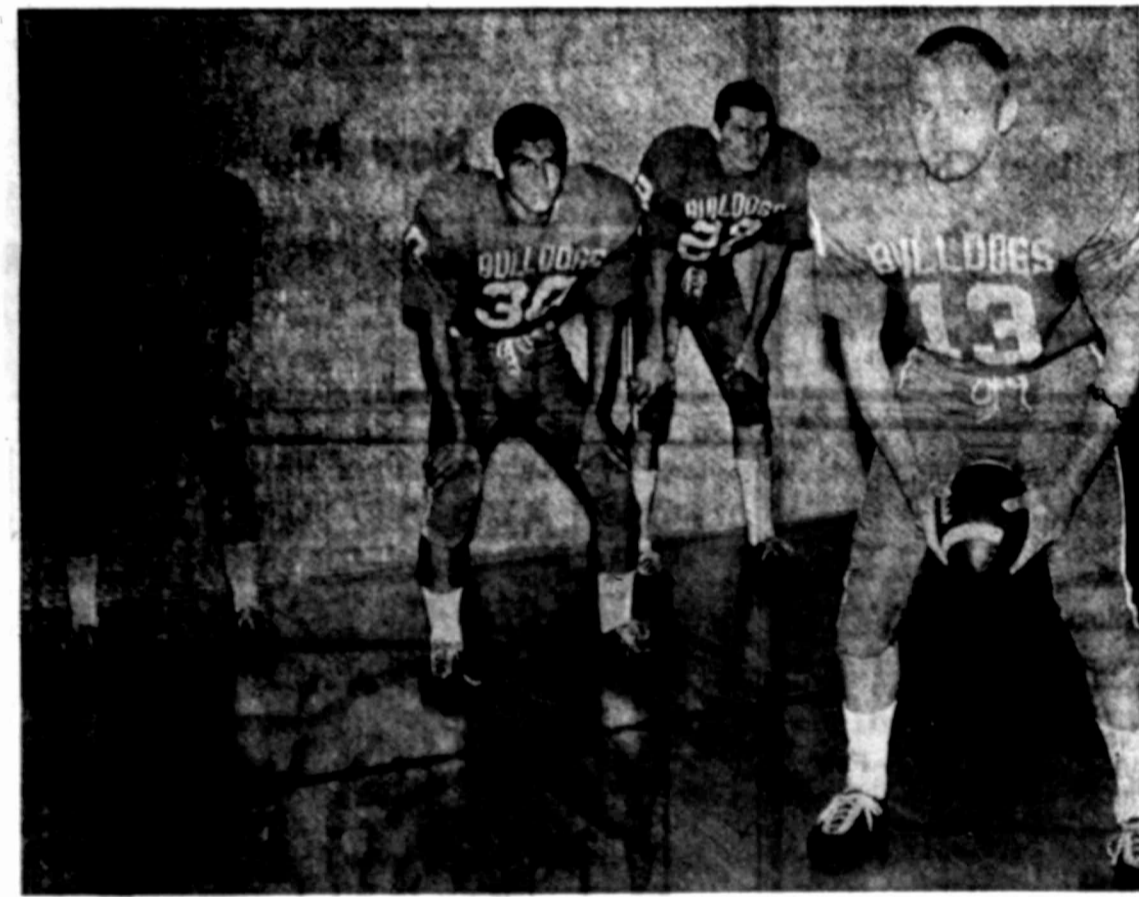

But in the clubhouse after the game, all the talk revolved around the superb pitching of winner Wilson, 11-8, and McDowell.

"I was kind of surprised I could go that long," admitted Wilson, who threw a total of 193

pitches. "A hundred and ninety-three? No wonder I'm tired. "I was getting a little weary toward the finish, but after we got those runs, I wanted to stay in there. From the seventh to the 13th, I threw mostly fast balls and sliders."

Asked why he left the right-hander in so long, Astros manager Leo Durocher replied, "I wanted to give him confidence. He was throwing well, so why not keep him in?"

Monterey's attack is spearheaded by senior quarterback Glenn Yarbrough. Yarbrough, a 170-pounder, is a speedy runner

(Photo by Danny Valdes)

BULLDOG BACKFIELD — These four players will be in the backfield for the Coahoma Bulldogs when the Class AA Bulldogs face Sonora tonight. They are Freddie Franklin (31), Eddie Padron (30), Tim Tindol (22) and Roland Beal (13).

WILSON GETS NOD
Stanton Faces Tahoka

STANTON — Rick Wilson will be at the helm tonight when the Stanton Buffaloes open their 1972 season against Tahoka at Buffalo Stadium.

Stanton head coach Bill Young claimed that the past week's workouts had not been as "fired-up" as he would have liked; however, Young said that part of the reason for this was

due to "trying to cover so many things that we felt we hadn't worked on sufficiently."

Tahoka is a rugged team boasting 27 seniors. "You can count on a team with that many seniors being tough," commented Young.

Behind Wilson in the backfield will be halfback Dwayne McMeans and fullback Larry Jones. McMeans, a 175-pounder, is considered to be an All-District candidate at runningback.

The receivers for Stanton will be flanker Mitchell Irwin, split end Paul McAlister and tight end Ray Conner.

In the offensive line will be tackles Roger Gutierrez and Duane Clary, guards Dennis Ireton and Ronnie Dickinson and center Randy Lambert.

The defensive front four will be ends Steve Cook and Clary, and tackles Dickinson and Gutierrez.

Lambert, Irwin and David Standefel will be at linebacker with Larry Jones at rover.

STANTON BUFFALOES Probable Starting Lineup
Offense
Split end — Paul McAlister, 165
Left tackle — Roger Gutierrez, 185
Center — Dennis Ireton, 140
Right guard — Randy Lambert, 140
Right tackle — Ronnie Dickinson, 175
Quarterback — Duane Clary, 170
Right end — Ray Conner, 145
Fullback — Larry Jones, 188
Halfback — Dwayne McMeans, 175
Flanker — Mitchell Irwin, 150
Defense
Left end — Steve Cook, 190
Left tackle — Roger Gutierrez, 185
Right tackle — Ronnie Dickinson, 175
Right end — Duane Clary, 170
Linebackers — Randy Lambert, 140; Mitchell Irwin, 150; David Standefel, 130
Rover — Larry Jones, 138
Safety — Rick Wilson, 188

PAUL McALISTER — Paul McAlister will start at split end for the Stanton Buffaloes tonight. McAlister will also play cornerback for the Stanton defense. He is a 165-pound senior.

DUANE CLARY — Duane Clary, a 170-pound senior, will go both ways for the Stanton Buffaloes tonight. Clary will start at both offensive and defensive tackle for the Buffaloes against Tahoka.

WILSON GETS WIN
Astros Defeat Giants, 5-1

SAN FRANCISCO (AP) — It'll be a tough pitching act to follow when the San Francisco Giants and Houston Astros complete their two-game series tonight.

Houston righthander Don Wilson hurled the full 13 innings—the longest stint of his major league career—and allowed only nine hits Thursday and the Astros posted a 5-1 victory, snapping a four-game losing streak.

Almost as impressive, especially for Giants fans, was the 10-inning sting by lefthander Sam McDowell, who had not pitched more than four innings in a single game since June.

The Astros ended the three-hour, 27-minute struggle by scoring four times in the top of the 13th on a solo homer by Bob Watson and a three-run

IOC Board Bans US Runners

MUNICH (AP) — The International Olympic Committee executive board today banned American track stars Vince Matthews and Wayne Collett from all future Olympic competitions—including the 1,600-meter relay here Sunday—because of their behavior on the victory stand Thursday.

An IOC spokesman said a letter about Matthews and Collett had been sent to Clifford Buck, president of the U.S. Olympic Committee, telling him of the

banning following the incident Thursday. The spokesman said: "The IOC has expressed to Mr. Buck its displeasure and disgust at the demonstration by the American athletes after the 400-meter final."

Matthews won the gold medal and Collett was second. On the victory stand they did not stand at attention during the playing of the American anthem. The crowd whistled and jeered. Matthews later said they did not intend to be disrespectful.

A "HOSPITALITY GIFT"
For New STUDENT PILOTS

If the Webb student pilot or his wife will call within the next 10 days at the store or service establishment whose name appears with his under his picture (bringing this page with him for identification), he will be given a "welcome gift" by that firm. There is no obligation, and we simply ask that the visit be for getting acquainted. Be our guest!

Welcome To Big Spring—Webb's New Pilot Training Class 74-01

JUMBLE — that scrambled word game

Unscramble these four Jumbles, one letter to each square, to form four ordinary words.

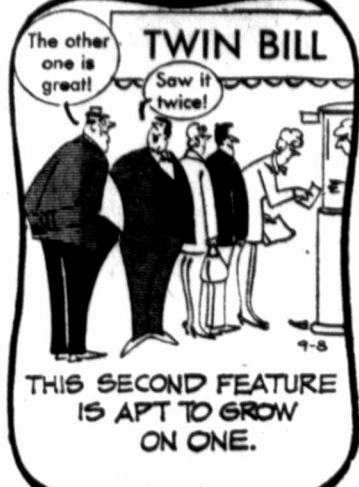

TELLU

HAMOC

GABNIK

DORVOE

Print the SURPRISE ANSWER here

TWIN BILL
Saw it twice!
The other one is great!

THIS SECOND FEATURE IS APT TO GROW ON ONE.

Now arrange the circled letters to form the surprise answer, as suggested by the above cartoon.

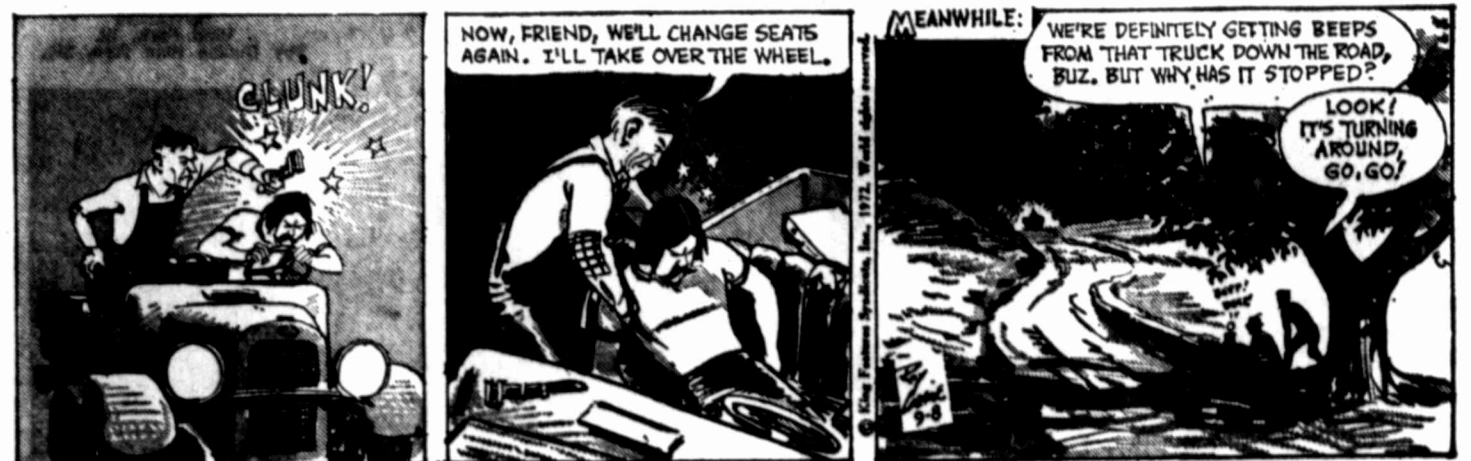

(Answers tomorrow)

Yesterday's Jumble: **DAILY JERKY DEMISE FIGURE**
Answers: You might make light of these trousers — "FLARES"

"Ecology programs! . . . Pollution programs! . . . Public relations programs! . . . Remember when we could admit we were in business just to make money?"

Horoscope Forecast

—CARROLL RIGHTER

SATURDAY, SEPT. 9, 1972

GENERAL TENDENCIES: One of your best days to unite your efforts harmoniously with others and gain their goodwill. You can now advance towards the greatest possible success with these companions. You can also settle any differences of opinion that are of a romantic or personal nature.

ARIES (March 21 to April 19) Talk with associates and come to a far better understanding with them now. Make the future brighter and more satisfying. Do some entertaining with male tonight that will be pleasant.

Taurus (April 20 to May 20) Gain the cooperation of co-workers and you are able to make your surroundings more charming and operative. Buy new clothes you need, but make sure they are in good taste.

SEMINI (May 21 to June 21) Go to recreations you enjoy and take your mate along for best results. You are creative and can now accomplish a good deal. Try to imitate one who is very successful.

MOON CHILDREN (June 22 to July 21) Make your home as attractive as you can and then invite good friends in for a delightful time. Add color, harmony and music to your abode. Show others you have fine taste.

LEO (July 22 to Aug. 21) If you give a pat on the back to those who work with you, they will cooperate with you more. Don't forget to shopping that is necessary. Make professional appointments you may need.

VIRGO (Aug. 22 to Sept. 22) Get advice from those who comprehend money matters well and then take the right action. Listen to what an adviser has to suggest and follow through with ideas. Be wise.

LIBRA (Sept. 23 to Oct. 22) You are a magnetic person today and can charm others easily, whether in business or social life and get the results you want. Entertain tonight. Make sure you dress well.

SCORPIO (Oct. 23 to Nov. 21) You can now get the data you need which will clear up confusing conditions, so start investigating without delay. Much happiness can be yours. Show that you are a magnetic person.

SAGITTARIUS (Nov. 22 to Dec. 21) You can spend spare time with companions you like and gain much pleasure therefrom. Be happy. Know what it is you want out of life and then go after it. Seek right ideas.

CAPRICORN (Dec. 22 to Jan. 20) Ideal day to improve your civic image and improve relations with those who are vital to your welfare. Do philanthropic work that is important and make a fine impression on others.

AQUARIUS (Jan. 21 to Feb. 19) Conditions come up through which you can benefit greatly, so work on the most important first. Don't limit yourself — be active as you can. Evening can be happy and fun.

PISCES (Feb. 20 to March 20) If you follow your hunches, you can accomplish a great deal today and can charm others. You are particularly accurate. A better understanding with mate is in the offing. Think kindly.

City Looking For Tax Check

Ends of the city's fiscal budget will meet this year, according to Director of Finance Robert Massengale.

Declining to even estimate sum for a possible slight surplus of funds, Massengale indicated that no deficit was in sight for the city's accounts.

As 91.67 per cent of the fiscal year rolled around on August 31, 91.67 per cent of projected revenues in the general fund had been received. Total received was \$1,805,028, leaving \$160,426 still to be netted before the budgeted figure of \$1,965,455 is reached.

A significant portion of the remaining revenues are expected from the second quarter city sales tax. Massengale estimated Big Spring's share from the state will be in the neighborhood of \$114,000. The check is expected this month.

Expenditures have been watched closely and conserved throughout the 11 months, resulting in 87.1 per cent of total budgeted expenditures being spent. Budgeted was \$1,842,468, while actual expenses amounted to \$1,604,447, leaving \$238,020 for the last month of the year.

Massengale noted that department heads will likely make use of the major portion of their budgets, adding that reserves were kept to handle emergencies and situations which could not be foreseen or budgeted.

The water and sewer fund revenues have reached the \$4.0 per cent mark, showing \$1,306,437 received of a projected revenue figure of \$1,389,100.

Still to be received to meet budgeted income is \$82,662. Budgeted expenses for the fiscal year were set at \$1,322,899, while only \$924,083 has been spent, leaving a cushion of \$398,815 for September expenditures.

DEMOLAY OFFICERS - New officers will be installed this evening for the DeMolay chapter with Bob Shapland, right, assuming the top post of master counselor. His two chief colleagues are Michael Thomas, left, senior counselor, and Phil Johnson, junior counselor.

Four Ex-Students To Be Honored By Texas Tech DeMolays Seat New Officers

LUBBOCK - Four former students of Texas Tech University who have achieved outstanding recognition in their chosen fields of activity will be honored as distinguished alumni at the sixth annual "distinguished alumnus" banquet at 7 p.m. Friday, Sept. 29 in the University Center.

The awards program is sponsored jointly by the Ex-Students Association and Texas Tech University.

The 1972 recipients of the coveted honors are Mrs. Wilmer Smith, the former Lola Wheeler, class of 1939, of the New Home community, the second woman to be so honored; Maj. Gen. Ross Ayers of Austin, class of 1933; Charles H. Feltz of Los Angeles, class of 1940; and Don

Maddox of Gastonia, N. C., class of 1934.

Announcement of the recipients of this year's distinguished alumnus awards was made Wednesday (Sept. 6) by Wayne James, executive director of The Texas Tech Ex-Students Association.

The only other woman to receive the award was Mrs. Preston Smith, wife of Texas Gov. Smith. Gov. and Mrs. Smith were 1969 recipients.

Mrs. Wilmer Smith is an internationally recognized leader of women's organizations and has served as national president of the National Extension Homemakers Council 1967-69 and served as the United States delegate to the world conference of the Association County Women of the World.

Ayers, an outstanding and highly decorated military leader, was appointed in March 1969 as Adjutant General for Texas.

Feltz, leader in the space industry at North American Rockwell Corporation, is vice president and chief program engineer for the Space Shuttle.

Maddox has pursued a career in textiles since his graduation. He now is president of Textiles, Incorporated, one of the nation's largest textile companies.

Bob Shapland will be installed at 8 o'clock this evening as master counselor of the Leon P. Moffatt chapter of the Order of DeMolays. Ceremonies will be held at Big Spring Lodge 1340, AF&M, 2101 Lancaster.

Bob is the son of Mr. and Mrs. O. C. Shapland.

Others to be installed are Michael Thomas, son of Mr. and Mrs. D. F. Thomas; and Phil Johnson, son of Mr. and Mrs. J. E. Washburn.

Others to take office will be Steve Farrell, senior steward; Daniel Moser, junior steward; Mike Silen, senior deacon; Dennis Simmons, junior deacon; James Hughes, sentinel; Doug Johnson, marshal; Kent Brashers, chaplain; David Simpson, treasurer; Paul Bell, scribe.

Wayne Frost, Odessa, the area master counselor, will be the installing officer.

Refreshments will be served by the DeMolay Mothers Club, assisted by DeMolay sweetheart Kay Williams, and duchesses Duanna Mason and Libby Hattenbach.

Seize 39,600 Pounds Of Pot

MEXICO CITY (AP) - Mexican police announced today the largest single confiscation of marijuana in the history of the Mexican anti-drug campaign.

Federal agents seized 39,600 pounds of marijuana and arrested 11 drug dealers in three towns near Culiacan, capital of the Pacific Coast state of Sinaloa, the attorney general's office said.

The marijuana, which was packaged and ready for shipment, could have brought \$1 million if it had reached the market, the report said.

The attorney's office said 16 rifles and two shotguns also were confiscated.

Use As Needed
Your Good Health
Dr. G. C. Thosteson

Dear Dr. Thosteson: Several years ago nurses at a hospital used a lotion for back rubs, and I have been using it ever since. Also a soap that contains hexachlorophene.

A doctor told me that since they both contain hexachlorophene I should no longer use them. My daughter, a volunteer at a hospital, says the lotion is still used there.

Is it really harmful to use in moderation? I am 64 and very healthy. - F.E.P.

It's plain to see the confusion over hexachlorophene still exists.

Hexachlorophene is effective in suppressing germs; hence, its use in soaps and some other products.

However, studies with animals showed that it could be toxic, causing brain damage. As with other materials that have been tested, large amounts were used. But since they did cause damage, warnings were issued concerning human use.

Hexachlorophene was not banned. It was simply a matter of making a public warning. Products containing it should be used with awareness that the risk of absorbing it is greater when used on broken or injured skin - or burns or skin disorders, for example.

It was widely used in hospital nurseries to combat staph (staphylococcus) skin infections. After the recommendation that its use be stopped, an increase in skin infections resulted. (Some hospitals, however, never had used it as a routine thing, for total-body bathing of babies.)

The answer, at the moment, seems to be to use it as needed, but not as a daily thing for the little ones.

For adults with intact skin, I know of no objection to its use - the two items you mention contain 3 per cent or less.

LEGAL NOTICE
NOTICE TO BIDDERS
Sealed Proposals addressed to Mr. L. D. Snel, President, Board of Trustees, Stanton Independent School District, Stanton, Texas, will be received at the High School Auditorium, Stanton, Texas, until 5:30 p.m., September 21, 1972, at which time they will be publicly opened and read aloud for the furnishing of all labor, materials, and equipment and performing all work required for the construction of a new Jr. High Elementary building (Project "A"), addition to the Jr. High Gym (Project "B"), and additions to the High School (Project "C"), in accordance with plans, specifications, and contract documents as prepared by Richard and Hubcock, Architects and Planners, Lubbock and Andrews, Texas.

Lump sum proposals will be received for all the construction which will include all items shown in the plans and specifications including Plumbing, Heating and Air Conditioning, and Electrical work.

Cashier's Check, Certified Check, or acceptable Bidder's Bond payable to the Stanton Independent School District in the amount of not less than 5 per cent of the largest possible total for the bid submitted must accompany each bid.

The successful bidder will be required to enter into a contract with the Stanton Independent School District, Stanton, Texas, and furnish a Performance and Payment bond in the amount of not less than 100 per cent of the contract price, conditioned upon the performance of the contract.

The Owner reserves the right to waive all formalities to reject any or all bids. (Sept. 8-10, 1972)

Mrs. Ben Barnes Joins Job Panel

AUSTIN (AP) - Six new members of the advisory council of the Texas Employment Commission were announced today by Harold K. Dudley, TEC chairman.

The new appointees to the 18-member council are Curtis Toews of Austin, Mrs. Ben Barnes, Brownwood; Anthony J. Carnesi, Brownsville; Aris S. Gonzalez, Fort Worth; Christ; Bill Smith, Corpus Christi; and Lee Taylor, Arlington.

In addition to serving as advisors the council is developing a state manpower policy, the first of its kind in the nation.

The two precautions are not to use it on broken skin and to rinse well after using it. After all, you have used these products for years without apparent ill effect, and I see no reason for you to discontinue.

Dear Dr. Thosteson: My son is just a year old and one testicle has not come down. One doctor tells me to leave it alone, it's not uncommon. Another says have it operated on, and still another says wait until he is 5.

I'm very confused. - Mrs. G.L.B.

An undescended testis is not to be ignored. Keep track of the situation. But there's certainly no urgency for surgery at his age.

I concur with the advice not to consider surgery until he is at least 5. At age 3 or 5, if it has not descended, hormone injections (chorionic gonadotrophin) may be tried, which may solve the problem.

Around age 5 the testis becomes more mature, and surgery to bring it down can be undertaken then.

Bob-Ray Sanders Speaks At Tech

LUBBOCK - A black 25-year-old county courthouse reporter and political writer for the Fort Worth Star-Telegram, Bob-Ray Sanders, will be the featured speaker at Texas Tech University's "Journalism Day," Saturday, Sept. 16. The annual event is sponsored by the university's department of mass communications.

Between 300 and 400 high school and junior high journalists, editors and public school publications advisors are expected to attend the day-long program in the University Center on campus.

Sanders will keynote the opening assembly and conduct an hour-long discussion on "Getting the Story." He will be available for informal discussions with faculty from 11 to 10 a.m. and students from 11 a.m. to noon.

This year there will be nine sessions in the morning and six sessions during the afternoon, according to Dr. Bill Dean, "J" Day chairman and professor in the Department of Mass Communications.

The Texas Tech Red Raiders host Utah University in the football opener for the Texas Tech team at 7:30 that night. Registration will cost \$3 with football tickets costing an additional one dollar. Persons Registration will cost \$3 with a.m. for the "J" Day activities will have an opportunity to purchase game tickets at registration.

Bridge Test

BY CHARLES H. GOREN
South had only eight top tricks-four clubs, two diamonds, one heart; and one spade. The ten of clubs was overtaken by the jack to lead a heart. If East held both the king and queen, declarer could establish his fulfilling trick in that suit.

Hemphill-Wells
What Causes Skin Blotching?
Apparently the sun dries out the top skin, forming a screen that traps blemish-causing impurities. Observe how the areas of a man's face that are shaved each day have no blemishes or blotches, due to the constant removal of dry skin. Peel-O-Matique cream treatment can remove this dry layer on women's faces gently, quickly, safely. Ask for it at our Cosmetic Counter.
