Nearly every livestock producer in Howard County has among his livestock at least one case of screwworms and many have not been reported in recent weeks as the problem began to spread. County Agent Bruce Griffith asks producers to continue to report the cases even though flies

are not being dropped at this time. Due to three light winters in a row, the screwworm problem has spread throughout northern New Mexico and throughout Texas. It has

become increasingly bad in South Texas. The federal plant at former Moore Field in Mission that produces the sterile flies that combat the problem are far short of the number needed. So they are now concentrating the sterile fly drop along the border and in South Texas.

The officials in charge are in hopes that a cold winter will take care of the problem further This is the worst outbreak of screwworms since

to have been particularly hard hit. Griffith stated that he doesn't think it will get out of hand before cold weather arrives, but that it is a threat to area cattlemen at this time.

Banker Charged

NEW YORK (AP) — A former assistant bank vice president who began work as a page 36 years ago has been indicted on a charge of embezzling \$1,142,000, most of it from accounts belonging to a friend and a church group.

Authorities said Herman Arthur Bonhag, 53, of Tuckahoe, N.Y., had actually realized only \$391,000 from the scheme before he was fired by the First National City Bank last January, when the alleged account-juggling came to light.

A 48-count federal grand jury indictment returned Monday against Bonhag revealed that he frequently would "borrow from Peter to pay Paul," authorities said, using funds from one account to replace withdrawals from others.

The largest sum involved was \$800,000 from a long-term deposit by the World Division Board of Missions, government authorities said.

Most of the remainder of the embezzled money, according to Asst. U.S. Atty. Ira Sorkin, came from the account of Edward J. Kelly, a retired businessman who died in June 1971.

Kelly lived at Spring Lake, N.J., where Bonhag had a summer home. The banker handled his neighbor's account for many years.

F111A On Way To Asia

WASHINGTON (AP) - The Pentagon an nounced today that two squadrons of controversial F111A swing-wing fighter-bombers are being sent to Southeast Asia after an absence of four years.

The planes, from the 474th Tactical Fighter Wing at Nellis Air Force Base, Nev., will be assigned at Takhli Royal Air Base, Thailand. replacing four squadrons of F4 Phantoms of the 49th Tactical Fighter Wing which will return to

The Pentagon said the F111s with their lowlevel terrain-following radars, "will increase the all-weather and low-altitude capabilities of the U.S. tactical air effort in Southeast Asia for the on-coming monsoon season.'

The history of the F111s has been marked by numerous technical problems that have seen the planes grounded on a number of occasions. Six of the planes were first sent to Vietnam in 1968, but three crashed and the remainder were brought home after President Johnson stopped the bombing of the North.

Since then, the Air Force claims that the bugs have been removed. It calls the F111 as the world's outstanding all-weather attack plane.

The F111 has a swing wing which can be positioned in flight at various angels, enabling it to fly from short runways, fly at supersonic speeds at low altitudes and reach Mach 2.5 at above 60,000 feet, but its most attractive feature for the Air Force is its capability to fly in all types of weather and at night.

Each F111 squadron has 24 aircraft while each F4 Phantom squadron consists of 18.

Pentagon spokesman Jerry W. Friedheim said the decision to rotate the units was made in consultation with the Thai government.

Agencies Advertize For New Evaluator

Local governments are advertising for applications for a tax evaluation services contract in the October edition of Texas Assessor's News, Ralph McLaughlin, chairman of the tax appraisal committee, said today.

Novis Womack of Womack Evaluation Services has notified local officials he does not desire to continue his estimated \$36,000-a-year tax appraisal contract effective Jan. 1.

He evaluates real property for Howard County, the City of Big Spring, the Big Spring Independent School District and Howard County Junior College. So far, a man from the Ranger area has applied formally, McLaughlin said.

Agnew, Rival **Shriver Court Texas Voters**

By The Associated Press

Two vice presidential candidates pressed campaigns today for Texans' votes, with Republican incumbent Spiro Agnew going to Fort Worth and his Democratic opponent Sargent Shriver sweeping through Houston and Galveston.

Shriver was in South Texas wooing Mexican-American votes Monday to the accompanment of mariachi music while Agnew stumped in San Antonio and Arlington.

Agnew scheduled an early morning speech today before delegates to the national convention of retired federal employees in Fort Worth before flying back to Washington to preside over a Senate session.

Agnew, speaking two hours ahead of schedule, took another swipe at the Democratic presidential candidate, saying his welfare reforms are "hastily planned schemes that crumble under the first light of analysis.'

The future, he said, cannot be planned for "with weak or vacillating leadership."

He said "fundamental and and enduring coals" can be achieved only by a "stable, forward looking society with strong, imaginative, purposeful leadership-the kind of leadership that Richard Nixon has given this nation . . .'

Agnew's comments were interrupted five times by ap-

Thunderbirds Give Early Performance For Viewers

By MARJ CARPENTER

Streaming into town with the roar of five jets, the Thunderbirds arrived in Big Spring on Monday afternoon.

They gave an impromptu performance and all heads at the base and across Big Spring turned upward to watch the Air Force precisions team that has flown in 48 countries and all 50 states.

Since they were organized in 1953, the Thunderbirds have put on 1,600 aerial demonstrations with about 100 a year crowded in their busy schedule.

They are to perform today as part of the Career Day ac-

tivities at the base. As they arrived Monday afternoon, they were officially greeted by Col. Ronald E. Catton and Mayor Wade Choate. An unofficial greeter ran across the runway to hug her son, Capt. Jerry Bolt, who is a slot pilot with the group. Mrs. William T. Bolt, now of Dallas, travels everytime she's close enough to see one of their shows and planned to stay over to see today's show.

The group paused while their leader, Lt. Col. Tom Swalm, officiated at a brief swear-in ceremony where a Pennsylvania sergeant re-enlisted for four

LIVE IN LAS VEGAS

The team lives in Las Vegas with their families when they're not traveling as a show team which is most of the time, but we love it," Capt. Bolt stated here Monday.

The members of the precision team are changed two at a time so that they never have to train an entire new squad at once. Capt. Rip Blaisdell of Topeka, Kan., is the current youngest member of the group. Capt. Bolt is from Lubbock, Maj. Nels Running from Missoula, Mont., Lt. Swalm from San Diego, Capt. Steve Dwelle from Visalia, Calif. Accompanying the team are Maj. Roger Parrish, executive officer and Capt. Tim Roels, logistics officer.

They're the Air Force's most widely known representatives of "Off We Go Into the Wild Blue Yonder."

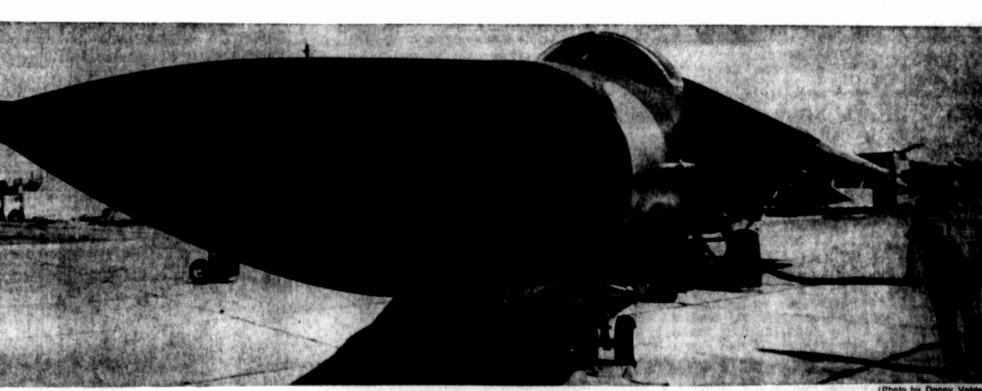

OFFICIAL LINEUP — Upon arrival in Big Spring, the Thunderbirds posed for an official picture while being welcomed by local authorities. They include Flying Ace Steve Ritchie, Capt. Tim Roels, Maj. Nels Running, Capt. Jerry Bolt, Maj. Roger

Parrish, Capt. Steve Dwelle, Col. Ronald E. Catton of the Big Spring Air Force Base; Lt. Col. Tom Swalm, who heads the Thunderbirds and Mayor Wade Choate of Big Spring.

AIR FORCE ACE - Accompanying the Thunderbirds on their tour is Steve Ritchie, First Air Force Ace who shot down his fifth enemy plane in Vietnam in late August. Ritchie said here Monday, "It's good to be in the States."

NEW LOOK - This F 111 flew into Webb Air Force Base here Monday for the special Career Day activities. Piloting the plane were Capt. Homer A. Pittard

and 1st Lt Robert J. Jarecke of Mountain Home Air Force Base in Idaho.

MIDLAND - Republicans of distinction from throughout Texas will be in Midland Thursday to attend the dinner in honor of Sen. Barry Goldwater, it was announced by Lester J. Berry, dinner chairman.

Standard said that starting to charge his department with mileage and depreciatrion on patrol cars created the false impression that the sheriff's office costs were rapidly inreasing.

In other business, the court: -Accepted the only bid of \$2.500 for five hydraulic hoists for dump trucks. Hobbs Trailer Co. of Odessa submitted the bid.

-Postponed action on safety switches for road equipment engines. Marvin Hanson, acting road administrator, told the court one installed in a tractor was not working.

-Authorized advertising for bids on an electric standard typewriter requested by Mrs. Pauline Petty, county clerk for a new part-time employe. The court also plans to investigate obtaining a desk for Martha Alvarez, a vocational office education student. The new deputy started working half days for \$1.45 per hour Monday.

-Left the decision on whether to buy about \$100 worth of sand to Bruce Griffith, county agent. Griffith had suggested using the sand for the middle barn during the Howard County Junior Barrow Show Monday and Tuesday. He also mentioned using about 240 feet of one-bysix lumber to outline the sand.

—And authorized purchasing about \$380 worth of used lumber from the Sacred Heart Church

Tower, GOPs Are Running Scared, Says Jan Sanders

Still radiating enthusiasm as when she was here before the Democratic primaries and spreading the word that Barefoot Sanders would stage and upset and win the nomination, Mrs. Jan Sanders was back here Monday with the confident prediction her husband will be elected United States senator.

"We're getting out and talking with people all over Texas, and what we're finding is really encouraging," said the blonde bundle of energy. "We're finding that Texas is still basically Democratic and that people feel they need a senator for Texas who is available to Texans.

While Barefoot Sanders is stumping the Gulf Coast area, she is retracing her steps through West Texas, completing a strategy of visiting in all the county seat towns.

Electricity that helps make products and jobs better.

No matter where you look in industry today, electric energy is there. It is powerful energy that stamps and molds, that pushes and pulls, that heats and cools. Or sensitive energy that sews and scrolls, calculates and controls.

Whether you build cars, or airplanes, or mobile homes, or make clothes, or process petroleum and petrochemical products-whatever your job, electricity helps you

in a hundred ways to do it better, faster, easier.

Electricity is one of the things that has helped build America's great industrial capability, and helped raise our standard of living - by putting better products in everyone's reach, and by making better jobs available.

And it's clear that industrial uses of electricity will continue to

increase in the years ahead.

Yet, the deal remains a good one for several reasons.

American farmers are selling wheat at about \$1.62 a bushel instead of \$1.32. If a long-term market for exported wheat can be developed, the American taxpayer may be able to get loose from the subsidy that is a part of the crop-control program on 45 per cent of domestic wheat allot-

American exporters are filling orders for the equivalent of nearly one-third of the annual wheat yield. The Soviet Union has ordered 400 million bushels of wheat.

That rider, the "Broomfield Amendment." specifies that desegregation order for the purpose of achieving racial balance among students shall not take effect while any appeal is pending. this country should try to develp such great export markets for grain that the whole subsidy-allotment program could be scrapped. If our farmers could feed the world for a fair price, they ought to have the chance to compete for that kind of market.

Each To His Own Ideas

Broomfield Amendment does not apply to desegregation orders for which stays are asked.

The reason given by Douglas and Powell (Rehniquist gave no reason for his stay denial) hinges on that phrase "to achieve racial balance." It was their finding that the orders in question were for the purpose of desegregating school districts, not for achieving a numerical balancing of ethnic groups in each school. And so the working of the Broomfield Amendment was held not to

This swarthy young Mexican came to California before he was 20 years old and brought along a pretty wife, Antonia Molinera, who was raped by the Mother Lode miners while Joaquin was away at work. This criminal act almost drove Joaquin out of his mind and started him on a career of gun-slinging robbery which has never been equaled. His small gold claim in Stanislaus was forgotten as he nursed his bitterness by robbing other miners and stealing horses.

My Answer

Billy Graham

I am a Christian, and I know the Bible fairly well, for I study it all the time. My question is one which many Christians must be asking and it is this: when I speak of my faith around irreligious people, they look at one another as if to say I am some kind of a fanatic. They never think of God, or allude to Him, except to use His name in vain. Why is this?

According to the Bible, there are just two kinds of people in the world. Oh, we have our own classifications, such as black-white, Jew-Gentile, native-foreigner, etc. But God has only two: believers and unbelievers. And though they may appear the same, outwardly, there is a vast difference on the inside. When God's Spirit enters our lives, the Scriptures make sense. God's love seems real, rather be God's fool than the devil's.

and prayer is frequent and sincere. But, to the unbeliever none of this makes sense, for he lives in another world. The Bible speaks of the unbeliever as "carnal," and the believer as "spiritual." And it says, "For to be carnally minded is death; but to be spiritually minded is life and peace. Because the carnal mind is enmity against God; for it is not subject to the law of God . . . Romans 8:6, 7.

Don't be overconcerned about your fellow's antipathy toward your faith. It is as natural as a cat bristling in the presence of a dog. You are dealing with two, distinct, different natures. Just thank God that through the miracle of His grace He has given you the insights to receive Him, His word, and His salvation. They called the apostle Paul a "fool," and I would

His Assignment

WASHINGTON - There is no doubt in my mind that the Justice Departhas conducted the most thorough investigation into the Watergate bugging affair that was humanly possible. The fact that they were unable to trace any of the money in the case to any higher-ups in the Committee For the Re-Election of the President was good news to all of us who hate to think that any of our political leaders would be involved in such a sordid affair.

OF COURSE there are certain psychological factors at work in such an investigation which no one can control. When the President's own attorney general is asked to look into a scandal in the President's own party, there might be a suspicion that something was covered up.

The person I feel the most sorry for is the poor bureaucrat in the Justice Department who was called into his superior's office one day and told, "Hapless, the President of the United States of America wants you to investigate the Watergate bugging affair and all its ramifications."

"HE HAS given specific instructions that he wants to leave no stone unturned in his effort to root out the evildoers who would have the audacity to bug the offices of the

Democratic National Committee." "Gosh, that's a big assignment."

NEAR AND FAR: (Q.) I have two steady boy frienls here. Just before school started, however, I visited my aunt in California and met a guy out there. He is all I can think about. I can't wait til next summer so I can see him again.

My girl friend is in love with one of my boy friends here, but he is too hung up on me to pay her any attention. I don't feel the same about him or the other boy either. This boy dated other girls while I was gone but he says I am the only one he really cares about.

The only advice anybody gives me is to cry a lot. I've done that. Now what do I do? - All Cried Out in Ohio.

GARDEN CITY (SC) — The annual 4-H Clo achievement program and box supper will be held here Friday at 7:30 p.m.

In addition to winners in various divisions, the Gold Star boy and girl will be recognized. Each girl is to prepare a box supper for two, and these will be auctioned off with the girl dining with the boy who buys her box. Proceeds will be used to pay on the 4-H van.

Helping with arrangements are W. E. Bednar, Glen Kingston, Harry Calverley, Olive F. Werst, county agent, and Victor Gene Hughes, county with home demonstration agent.

pears that I have tendonitis at the elbow. I can press the ligament at this joint and it is very sore. While it may cause no discomfort while the arm is relaxed, it is so hurtful in movements that cannot use my arm in many capacities.

I am 68, no other infirmities, but this condition, has crept up on me in the last couple of months. Is there a known cure or any relief? Will it disappear in time, or become worse? F. J. B.

Tendonitis (inflamed tendon) most usually results from excessive use, injury, gout, occasionally other causes. At the elbow the tendon is near the surface, so injury is a probable

Usually the irritation subsides particularly if the related muscles are rested as much as possible. Trying to "work it off" s the wrong way; continued strain just prolongs the inflammation, just as a wound can't heal very well if the patient keeps picking off the scab before it is ready to come

Heat (hot compresses or other) orms of heat) is very helpful Often injection of hydrocortisone gives prompt relief, but it still pays to rest the elbow until healing is complete.

Showers Return This Morning

"Raindrops keep falling on my head," and the Howard County farmers looked toward cloudy skies again here this morning.

A shower that was almost countywide occurred at 7:15 a.m. with most rain gauges in the county measuring around .2 of an inch.

The experiment farm gauge showed .22 at 8 a.m. with slo rain reported after that and the Texas Electric Switching Station measured .28.

At Forsan, rain measurement was also around .2 of an inch while further north in Ackerly, there was only a drizzle with no measurable moisture.

Westbrook To Try For Prize Again

WESTBROOK (SC) -Westbrook has been declared eligible to compete for prize money in District II of the Texas Community Improvement program. This program is sponsored by

Texas A&M Extension Service and by electric utility companies operating in Texas.

Westbrook was named winner in the program last year, receiving a \$75 check along with a certificate citing Westbrook for "outstanding accomplishments" in the statewide program. Its award winning program

last year included at least major projects from paving streets in the area of the school and church to trash hauling to removal or wrecked vehicles and a vacant lot clean-up.
