**CHRISTMAS FEAST: ROAST GOVERNOR SIMPSON CARVING**  
PERSISTENT PICKETEER—Herbert H. Simpson, 92, displays one of his many signs that have caused him to be arrested 127 times for picketing in the California Capitol in Sacramento. Wednesday he was sentenced to 60 days in jail for breaking a law which bears his name banning picketing inside the state Capitol. The judge suspended the sentence pending appeal. Simpson had refused to accept probation rather than a jail term before sentencing because "I am not ready to surrender any privileges," such as continuing to picket.

# Deputy Sheriff Fired Shot That Killed Two

BATON ROUGE, La. (AP)—The state's special investigating committee said today that state troopers tossed the first tear gas canister in a clash between police and Southern University students and the shot that killed two young blacks came from the ranks of sheriff's deputies.  
Conclusions were given in a tentative report of the biracial panel headed by Atty. Gen. William Guste. The group has been secretly examining evidence since Nov. 27.  
The report did not name the deputy sheriff who fired the shot, but declared only that "it came from an area where sheriff's deputies were deployed."  
The 12-member biracial committee said the conclusions were made after 84 hours of meetings and interviews with 32 witnesses. It said it will issue a detailed final report later "because we feel that we should make certain recommendations in order this type of tragedy can be avoided in the future. That report will be made as soon as possible."  
The commission said "evidence accumulated will be turned over to the district attorney of East Baton Rouge Parish (county) for further investigation."  
**SINGLE SHOT**  
The report said the investigation indicated the students were killed by No. 4 shotgun pellets. The commission said it had been able to account for 23 of a possible 27 pellets, indicating that the deaths of the students was the result of a single shot.  
The 24-page report said sheriff's deputies were called to the campus Nov. 16 at the request of the university's president, Dr. G. Leon Netterville. Netterville gave the command, the report said, after he had admitted five students to his office and several others had pushed their way past security guards into the school's administration building.  
On arriving at the administration building, the report said, law enforcement officers found several hundred students "milling around in front" and an undetermined number still inside the building.  
The 12-member committee began its investigation Nov. 27 and has interviewed a number of witnesses, primarily peace officers and school administrators. A few students have testified.

## ROCK SAIGON Two Sappers Blow Up Ammo Dump

SAIGON (AP) — Two sappers blew up an ammunition dump seven miles southeast of Saigon early today, rocking the capital with a chain reaction of massive blast that shattered windows in the city.  
Twelve hours after the first explosion, 1,000 tons of shells, bombs, small arms ammunition and napalm were still detonating. Tall columns of black smoke burred the sky.  
"There's nothing we can do to control it," said a South Vietnamese officer sheltering in a ditch outside the big Thanh Tuy Ha Depot. "We've just got to let it blow itself out."  
**FLYING GLASS**  
The two saboteurs were spotted and fired on, but they apparently escaped. They left behind time charges that went off four hours later.  
A spokesman for the Saigon command said only four soldiers were wounded by the explosions. Four civilians were cut by flying glass in Saigon.  
"One section of the dump exploded and caused a chain reaction which destroyed several other sections," said the spokesman. Although other military sources said about 15,000 tons of ammunition were stored in the dump, the spokesman said only 1,000 tons were destroyed. The storage bunkers are separated by steel, concrete and sandbags.

## Former Brady Man Victim Of Plane Dive

DU QUOIN, Ill. (AP) — Authorities have identified three Ohio men and another from West Hampton Beach, N.Y., as victims of the crash of a light plane in Southern Illinois.  
The plane had been missing since Friday and authorities said Wednesday the craft disintegrated after it apparently crashed and burned in a wooded, hilly area about 20 miles southwest of Murphysboro.  
The men were identified by papers they carried as Joe Height, 18, the pilot; his father, John Height, 44; the pilot's grandfather, Ralph H. Height, 68, and Frank Tomlinson, 31, a former Brady resident.  
The Heights were from the Lima, Ohio, area. Tomlinson was identified by a driver's license which gave his address as West Hampton Beach.  
Capt. Thomas Wimberly of the Illinois Civil Air Patrol said the single-engine plane was bound from Lima to Brady.  
The craft was last heard from moments after it left Williamson County airport in Marion, Ill., Friday evening.

## Astros Ready To Blast Off

SPACE CENTER, Houston (AP) — Eugene A. Cernan stepped off the moon today, leaving in lunar sand perhaps the last footprint of the generation which first challenged space. Exploration by the Apollos ended as it began, "with peace and hope for all mankind."  
"As I take these last steps into the future to come, I'd just like to record that America's challenge of today has forged man's destiny of tomorrow," Cernan said moments before entering the Apollo 17 landing ship.  
**AS WE LEAVE**  
Then he added: "And as we leave the moon and Taurus-Littrow we leave as we came, and, God willing, we shall return, with peace and hope for all mankind."  
Turning, Cernan then followed his crewmate, Harrison H. Schmitt, up the ladder into the cabin of their craft Challenger.  
There they rested after preparing to blast off the lunar surface in the late afternoon and rejoin the third man of Apollo 17, Ronald E. Evans. He has been orbiting the moon in the command ship America since Monday's lunar landing.  
The climb of Schmitt and Cernan from the lunar surface ended a historic decade of exploration which began May 25, 1969, with a challenge to the nation by the late President John F. Kennedy.  
Apollo's last surface exploration was the program's most ambitious and successful. Cernan and Schmitt, the 11th and 12th men to walk the moon, spent more time on the surface—a total of 22 hours, five minutes; made the longest single excursion in time, seven hours, 37 minutes; and covered the most distance in three excursions, a total of more than 22 miles.  
They collected 334 pounds of moon rock and soil, more than half of the total amount gathered by all the five previous Apollo missions. Their science treasure included samples of an intriguing orange dust never before seen on the moon. The astronauts erected an atomic-powered science station which already joins four earlier stations in sending data to earth. And the Apollo 17 duo also explored types of lunar formations never before visited.  
**PRECIOUS**  
The precious moon samples will be transferred to the command ship, America, and brought back to earth on Dec. 19, when Apollo 17 is to splash down in the Pacific. They will be moved in sealed boxes to the Manned Spacecraft Center, sorted and distributed to scientists in laboratories around the world.  
Cernan and Schmitt, who stepped and hollered with joy earlier in the day, ended the exploration with ceremony, conscious, as he said before the flight, that his final moments would live in history.

**LEGAL LEVERAGE** A lot of legal leverage was represented here as members of the Eleventh District Court of Civil Appeals posed with the senior members of the Howard County Bar Association. The local group honored Justice Cecil C. Collings, second from left, who is retiring Dec. 31 from the court which he joined 23 years ago. From left is Justice Esco Walters, Justice Collings, Chief Justice Austin McCloud, W. S. Morrison who presided, and John Coffee, veteran Big Spring attorney, and Judge Raleigh Brown, who will be Collings successor.

## HST Fighting To Stay Alive

KANSAS CITY (AP) — Harry S. Truman continued to slip overnight in his fight to stay alive and his doctors said today his condition is "very serious."  
Hospital officials said the 88-year-old former president had a restless night and was unaware of anyone speaking to him. His kidney function, a major source of concern along with a weakened heart, was reported to be declining.  
Dr. Wallace Graham said, "President Truman is very serious but vital signs remains fairly stable, therefore he is not critical."  
At 10 a.m. EST, Truman's pulse was 96, his blood pressure 138-60 and his temperature 100.  
Truman was admitted nine days ago to Research Hospital and Medical Center after he displayed symptoms of lung congestion.  
Graham, Truman's personal physician, had reported Wednesday that the former president was "weaker . . . and he is beginning to show signs of renal kidney impairment and early pulmonary fluid collection."  
Graham said today that fluid continues to collect in Truman's right lung.

## 'THE WOMEN DO THEIR SHARE' Sexy Shakedown Cruise

SAN FRANCISCO (AP) — The one-day shakedown cruise of the first Navy ship with female crew members has shown women can do the work, romance is harder to suppress than salty language and seasickness knows no sex line.  
When the white hospital ship USS Sanctuary pulled into port Wednesday, there was the usual scramble down the gangplank by liberty-bound sailors. But beneath some of the foul weather gear and dungarees were 40 women who made Naval history by assuming posts alongside the vessel's 480 male crewmen.  
**DECK APES**  
They are part of a Naval pilot program to evaluate the use of women in every aspect of noncombat sea duty, including work as deck hands, cooks, barbers, clerks and even deck officers.  
The Sanctuary, stationed at Hunter's Point Naval Shipyard to be made ready for sea duty after a long period in mothballs, first had women report for duty more than a month ago.  
"The women do their share," said Walter Markwordt, who works with four women in the galley. "They want equality, so we give it to 'em. We've got one girl that can lift 50-pound potato sacks—no sweat."  
Even on the deck, where the routine includes swabbing decks, hauling lines and removing cargo, eight women have by choice taken their place among the so-called "deck apes."  
However, most women found their way to indoor desk jobs or hospital corps posts.  
"It's not really equality," said freckled redhead Marilyn Tanne, who did deck work before working in the ship's laundry. "The men try to see how much you can take when you're lifting heavy things. There's no way the women can lift as much."  
**THE GREATEST**  
"It was the greatest experience, being out there on our own like a big family," said 19-year-old Lisa Tigar, of Oxford, N.J. Many women, like Lisa, say their duties come first and friendship will be the extent of their relationship with male counterparts.  
But Deana Trexler, a 24-year-old hospital corpswoman from Sacramento, Calif., said frankly, "We date on ship and have had several shipboard romances. A few girls even have gone through more than one guy."  
The women's sanctuary aboard the ship is a bunk area guarded only by a sign reading: "Women's Quarters Occupied." Some 30 nurses aboard have similar quarters. Thus far it has not been violated by male crew.  
**LIBERTY CALL**  
At liberty call, a stampede of women in dungarees entered the sanctuary, their emerged minutes later perfumed and wearing dresses, some showing quite a bit of sea legs.  
Up the ladders they climbed, out on deck and past the day's deck officer, Ens. Rosemary Nelson.  
"One young seaman said several of the women crew fell victim to mal de mer while the Sanctuary was on the relatively calm Pacific."  
Ensign Nelson smiled. "It is also true," she said, "that several men were seasick."

## Judge's Honor, Integrity Lauded By Lawyers Here

Forty-five years ago, the son of a small-town printer decided to parlay a year in college into a county judgeship. When he won, his wife decided that he ought to go back to law school.  
Members of the bar from half a dozen cities in this area gathered Wednesday evening at the Big Spring Country Club to honor Cecil C. Collings, who will be retiring Dec. 31 at an associate justice of the Court of Appeals for the 11th Supreme Judicial District of Texas.  
He was praised by lawyers who have known him over the years, and he and Mrs. Collings were presented by 118th Judge R. W. Caton with a handsome silver tray as a memento of the occasion.  
Two past presidents of the Texas Bar Association were in attendance, and one of them, W. O. Shaffer, Odessa, said "Cecil Collings is the epitome of what a judge ought to be. Not in the more than 30 years that I have practiced law have I ever heard anyone who questioned his honor and integrity. He is one of the finest men to grace our 'bench.'" Bill Kerr, Midland, also a past president of the Texas bar, added his "deepest respect and gratitude for the devotion of Judge Collings."  
**"THOROUGH JOB"**  
Walton S. Morrison, the senior member of the local bar, presided and noted that Judge Collings has given long and distinguished legal service; he has done a thoroughly good job over the years." Judge Caton acknowledged the "many years of fine service" in his presentation.  
Among those present were Justice Collings' colleagues on the appeals court at Eastland—Associate Justice Esco Walter and Chief Justice Austin McCloud, also his successor, Judge Raleigh Brown, Abilene. Homer Smith, clerk of the court, along with his staff, were present. So were clerks of several district courts.  
**Paper's Bargain Rate Available**  
If you want The Herald delivered to your doorstep daily through 1973 for the bargain price of \$23.10, you have only 17 days in which to notify the circulation department of the paper.  
The special price means a savings of \$2.10 for the subscriber, which is the cost of one month's subscription.  
By paying for the whole year, the reader is not bothered with monthly collections. The offer is good only during December.  
Checks can be mailed to the Big Spring Herald, P.O. Box 1431, Big Spring, Texas 79720. (See JUDGE Page 2-A, Col. 4)

## SENIOR CITIZENS GET TAX BREAK

HOUSTON (AP) — City Council has granted persons 65 and older a \$3,000 tax exemption on their homesteads, effective next year.  
The ordinance, approved by the council Wednesday, will save a senior citizen a maximum of \$45 a year under the city's tax rate of \$1.50 per \$10 valuation based on 53 per cent assessment.  
The action will cost the city about \$1.7 million a year in tax revenue.

## Lights Apparently Bother To Thief

Somebody missed the meaning of Christmas entirely Wednesday when they ripped down 750 feet of red electrical wire and red Christmas lights at Howard County Junior College.  
While the Chamber of Commerce was busily urging more residents to put up outside Christmas decorations for a sparkling Big Spring, somebody was taking the sparkle off the college buildings by removing the lights.  
Estimated value of the missing lights and wire was reported to the police as \$250.

**TEDDY BEAR AT SEA**—Patricia Reinhardt, 19, Nogales, Ariz., took her teddy bear on the overnight shakedown cruise of the U.S.S. Sanctuary. Seaman Reinhardt is among the first 40 women in Naval history to assume posts alongside the vessel's 480 male crewmen. "The teddy bear keeps me warm," she said. "You've got to have something, you know." The Navy is evaluating the women in non-combat sea duty, including deck hands, clerks and deck officers. (AP WIREPHOTO)

## Writer Proves Persistence Pays

NEW YORK (AP) — Writer John Knowles, looking back without anger, notes wryly that his first novel "was rejected by every publisher of any importance in the United States — some 22, I believe."

Then Knowles turned over "A Separate Peace" to a British house, it "was accepted immediately, got marvelous reviews, and eventually was published in this country."

Since coming out in 1960 the novel, which deals with "two boys at a prep school during World War II," has, says Knowles, gone through some 40 hard and paperback printings, sold around four million copies, won three awards, and recently was made into a movie.

**KNOCK ON WOOD**

"Imagine," Knowles says happily, "who would have dreamed this book would be made into a film. Knock on wood!" And he does, getting up to thump a desk near him.

He says he isn't sure why the novel has been such a success, although he adds thoughtfully, "I suppose it may be because it's a very teachable book. Teachers find their students like the book and get involved with it. After all, it does deal with adolescence, growing up, hostility—all things young people can identify with."

Knowles, a 46-year-old bachelor who says he has "been writing forever," wrote "A Separate Peace" while working fulltime as a travel magazine editor.

"It wasn't too difficult," he recalls. "I'd get up early and work on the book and then I'd go to the magazine."

"I stop writing after two or three hours. It's wise to take time off. A beginning writer should work steadily because he has a lot to learn and a lot of bad writing to get out of his system. But after 25 years of writing — like me — you have to rest sometimes and recharge your batteries or your writing can become thin and repetitious."

**MADNESS**

Knowles, who has been writer-in-residence at Princeton and the University of North Carolina, currently is at work on a novel and a collection of short stories.

The novel, titled "Spreading Fires," deals, he says, with "madness — the most con-

### DRIVESHAFT DRAGS HAIR

BOSTON (AP) — James Taylor, 12, narrowly escaped serious injury when his long hair became tangled in the driveshaft of the truck he was repairing.

The youth crawled "beneath his van and started moving the driveshaft. On icy streets the motion caused the van to slide down the hilly area, and before Taylor could free himself, his hair caught.

The truck and the entangled youth stopped against a garage wall several hundred feet away. Police and firefighters arrived just after Taylor was able to untangle himself.

He was treated at a hospital for minor arm and head injuries and released.

### Alleged Payoffs Key To Tax Count

HOUSTON (AP) — Sebastian Jesse Mirelez, 44, was indicted by a federal grand jury on charges of evading \$210,000 in federal income taxes from 1966 through 1969.

Much of the government's case against Mirelez, 44, hinged on alleged payoffs by him to city narcotics officers.

Jack C. Hollenshead Jr., an Internal Revenue Service agent, has testified before a federal magistrate that an informer saw Mirelez give money to narcotics officers.

The federal panel also indicted Mirelez on charges of failure to report an unspecified amount of income from the sale of heroin.

Mirelez, 44, is being held in Harris County jail pending \$50,000 bond.

## Gun Registers Car's Speed

LOS ANGELES (AP) — The motorcycle policeman raised what looked like a gun and pulled the trigger as the motorist sped by on the curve.

The driver saw the officer and hastily slowed down. But it was too late. He was 15 miles over the limit — and it was recorded on the scope of the hand-held Digital Doppler, a new tool police are using to catch speeders.

A nine-mile stretch of Sunset Boulevard from Beverly Hills to the Pacific Ocean is now patrolled by motorcycle officers using the instrument, which looks like a comic strip ray gun.

The police purchased eight of the devices — also known as "speed guns" — for about \$700 each. They have been used on Sunset for three months because conventional speed detection systems are impractical there.

"The winding curves on Sunset endanger officers engaged in lengthy pursuits to clock and catch speeders," said Sgt. Gary C. Hall.

The detectors transmit a radio beam. It strikes a moving vehicle, bounces back to the gun and goes into a portable computer connected to the gun. The vehicle's speed is instantaneously registered in figures on the scope at the back of the gun.

The figures can be locked into place to prove to disbelieving motorists they were speeding.

How do officers know the gun is accurate? It's tested against a tuning fork which vibrates to simulate an objective moving at 50 miles-an-hour.

Two-man teams use the detectors. One officer clocks speeders, the other pursues them.

The speed gun, manufactured by CMI, Inc. of Minturn, Colo., was well publicized before it went into operation.

"We were afraid some little old lady may see an officer pointing a speed gun at her and dive under the dash and pile up the car," said Hickman.

## GOP Electors Meet Monday

AUSTIN (AP) — The first Republican presidential electors to meet in Texas in 16 years will convene here next Monday, state GOP headquarters announced today.

The 26 men and women will be casting votes for president and vice president "in a ritual some feel an out-dated holdover from the country's first years," state headquarters said. The last time Texas voters elected a slate of Republican electors was in 1956 when Dwight Eisenhower carried the state.

Monday's meeting is set for the Senate chamber at 2 p.m., and the first order of business will be to elect a successor to Dave Reagan of Plano, who resigned as an elector to take a federal job.

**Fort Worth Busing Plan Spelled Out**

FORT WORTH (AP) — A massive busing plan for Fort Worth schools was discussed Tuesday night in a public meeting of the school board.

The plan, formulated by Supt. Julius Truelson, calls for the integration of Fort Worth schools by busing 19,000 pupils outside their neighborhoods each day.

The 5th U.S. Circuit Court of Appeals in New Orleans ordered the board to write a new plan when it declared a limited integration plan put into effect in August, 1971, did not sufficiently integrate the city's 109 public schools.

The new plans, if carried out, would result in the busing of pupils from 85 schools. A total of 23 schools were affected by the previous 1971 plan and the new plan would not change the system these schools are working under.

**MORE CLUSTERS**

Truelson said if his plan is put into effect, every pupil in the public school system would be attending a substantially integrated school.

Under Truelson's proposed plan, the six present school clusters at the elementary level would remain intact, and 10 more clusters would be added. The 16 clusters would involve 74 elementary schools.

All second grade students in each cluster would go to a school in a predominantly black neighborhood while those in the first, third, fourth and fifth grades would attend schools in white neighborhoods.

Under Truelson's plan, Como Middle School would be closed and two clusters involving seven middle schools would be formed.

In these clusters, sixth graders would attend two formerly all-black middle schools and all seventh and eighth graders would go to five middle schools that are predominantly white.

At the high school level, busing would be on the basis of subjects rather than grades, in order to allow students to establish loyalties and identities at a particular high school.

**ALL BLACK**

All black Dunbar High School would be paired with predominantly white Eastern Hills. Ninth and 12th graders from Eastern Hills would be bused to Dunbar to attend classes according to subject.

Tenth and 11th graders from Dunbar would be bused to Eastern Hills for several classes, also according to subject.

A similar pairing would involve predominantly black I. M. Terrell and predominantly white Southwest High Schools.

Estimated bus time between Southwest and Terrell is 18 minutes each way, while the time between Eastern Hills and Dunbar is seven minutes.

**Riders Can Take Heed, Planes Landing, Again**

Closing of the Howard County Airport for renovation of the runway dealt a sharp blow to Texas International Airways traffic, and officials are anxious to bring it back up to the point before airline service was temporarily suspended here.

There are still four flights a day operating out of the airport here. One comes in from El Paso at 9:50 a.m., leaves at 10:01 a.m. and arrives in Dallas at 11:36 a.m.

The evening eastbound flight arrives from Albuquerque, N.M., Lubbock at 5:40 p.m. and arrives in Dallas at 7:28 p.m.

The first westbound flight from Dallas at 9:26 p.m., departs at 9:36 p.m. for Lubbock and Albuquerque, where it arrives at 12:44 p.m. and connects with West Coast flights.

The second flight from Dallas at 6:33 p.m. arrives at 7:03 p.m. for El Paso via Hobbs, N.M.

**Long Arm Of The Law Reaches Out To Embrace**

LUBBOCK, Tex. (AP) — The long arm of the law sometimes reaches out to embrace, not to seize.

Aurelio Ontiveroz, his wife, Rosie, and her brother, Robert Estrella, are law enforcement officials. Rosie is a gate attendant with the Texas Tech University Police. Aurelio and Robert are two of the four Spanish-speaking officers with the Lubbock police Department.

The trio has more in common than law enforcement work. All are enrolled in college courses together and they even share the same house number—but on different streets.

Rosie has three hours of classes at Texas Tech. She is working toward a bachelor's degree which will be the first step in what she hopes will be a career as a police officer.

"I want to be a commissioned police officer with all the duties and responsibilities of the job," said Rosie. She said that currently there are no women police officers employed by the university police or by the City of Lubbock. She said she would employ women as gate attendants or meter maids.

Rosie said her husband is very understanding and encouraging about her studies and ambition to become a police officer.

Aurelio has been with the police department seven years. He is assigned to the juvenile division. He has completed more than two years of course work at Texas Tech and is now enrolled in police science courses sponsored by Lubbock Police Department. He, too, has been a student at Texas Tech.

"Soon, all law enforcement officers will be required to have at least two years of college. Then, it won't be long until they are all required to have a college degree," said Estrella.

The three are working with eyes trained on the future. Aurelio and Robert would like one day to become federal officials with the Customs and Immigration Service.

**Free Lunch Scale Given Approval**

ACKERLY — The Sands Independent School District trustees have adopted a scale for free lunch eligibility for children beginning Jan. 1, 1973.

An only child in a family with income of \$2,100 is exempt; two children in a family with \$2,700 is exempt.

The scale continues three, \$3,450; four \$4,110; five \$4,720; six \$5,330; seven \$5,880; eight \$6,430; nine \$6,930; and 10 children \$7,430 income; 11 children \$7,930 income; 12 children \$8,430 income; and all over 12, \$500 additional income.

**Rings Are Missing**

The Sheriff's Office is investigating diamond rings reported missing by Mrs. Willard Smith, who lives a few miles northwest of Big Spring. Value was set at \$1,600 or less.

# New Batch Of Nasty Weather

**By The Associated Press**  
 The second batch of nasty weather within a week plagued much of Texas today. Freezing rain and snow covered about half the Panhandle-Plains sector from Borger and northwest of Amarillo southward past Silverton, Guthrie, Lubbock and Lamesa and westward into New Mexico. Rain also froze as it fell with a mixture of sleet in the Abilene vicinity, and there was light rain farther south in West Texas to around San Angelo and Fort Davis. Around Wichita Falls and Childress, meanwhile, a combination of fog and heavy frost iced bridges and overpasses. Special Weather Service advisories warned motorists to drive with caution in those sections and around Abilene. It also was foggy at Brownsville on the southern tip of the state. At the same time a raw drizzle accented the chill in many areas of South-Central Texas and occasional showers dampened Northeast Texas, part of the Lower Rio Grande Valley and some coastal areas. Skies were partly cloudy to clear over the rest of the state. Forecasts held out prospects for more rain, sleet and snow through today across western portions and light rain or drizzle continuing into Friday in other sections of Texas. Overnight temperatures down to freezing and in some cases well below were promised in all areas. Early morning temperatures sagged to 17 degrees at Amarillo and 19 at Dalhart in the Panhandle while it was still 50 at Brownsville. Other cold spots included Abilene 23, Childress 25, Lubbock and Wichita Falls 27, Mineral Wells 29, Midland 31 and San Angelo 32. Top marks Wednesday afternoon ranged from 69 degrees at Alpine in far West Texas down to 37 at Texarkana.

# College Survey Blanks Put In Mail In Lamesa

LAMESA — An estimated 70,000 survey forms, which will gauge the interest of people in a local community college program, were placed in the mails this week by the Chamber of Commerce. The forms are designed to determine if there is sufficient interest in the Lamesa area to establish an extension program through the joint efforts of Midland College and Howard County Junior College. The forms also attempt to determine in which areas and in what subjects there is the most interest. If there is sufficient interest in college courses being offered here, the information will be forwarded to HCJC and Midland College officials. The information will then be worked into a presentation for the Texas College Coordinating Board for permission for the two colleges to jointly offer courses on an extension basis in Lamesa. When information of the proposal was first introduced to the community recently, it was noted that course offerings would probably involve vocational-technical subjects which would count toward an associate degree, college transfer courses and community service courses which might include such things as painting, and hair styling. Chamber officials noted that a local community college center might enable Lamesa young people to complete their first year of college work here. Credit for college courses would be transferable to almost any university in the state. Groundwork on the proposal was done by Lee McCalister, principal of Central Elementary and in charge of Adult Basic Education for the Lamesa School District. Supt. Alvin Cannady and other school administrators. According to school officials, both Dr. Thomas Salter, president of Howard County Junior College and Dr. Al Langford, president of Midland College, have expressed enthusiasm for the community college center for Lamesa.

# More Newsprint Mills In South Advocated

RALEIGH (AP) — Because of increases in the price of newsprint, the president of the Southern Newspaper Publishers Association says, the time is approaching for Southern publishers to look more carefully at acquiring a paper mill. Frank Daniels Jr. made the comment Wednesday after an announcement of higher prices by Southland Paper Co. He noted the firm stated that increases in transportation and power costs were responsible. Southland Mills said the increase would be \$5 a ton. Daniels said his association traditionally has "advocated more newsprint mills in the South."

# Holding Firm Acquires Bank

ODESSA — Directors of the First National Bank in Odessa have approved plans to become a subsidiary of First International Bancshares, Inc., a large multi-bank holding company based in Dallas. C. M. Schur, chairman of the board and William A. Hutcheson, president, announced that the agreement calls for shareholders of the First National Bank of Odessa to receive 1.7 shares of Bancshares stock for each presently held share of the Odessa bank. First National has 102,000 shares outstanding which would be exchanged for 173,400 shares of the holding company. This is the third Odessa banking institution to merge with a holding company this year. American Bank announced plans in January to merge with Texas Commerce Bancshares of Houston and that merger was given final approval early this week. First State Bank told of plans for the purchase of the Odessa Bank by First United Bancorporation Inc. of Fort Worth. That purchase must still be approved by stockholders and bank regulatory agencies. Schur noted that First National's merger would take about six months to become final.

Postmaster Frank Hardesty today urged immediate mailing of all domestic Christmas cards and parcels. "Although most of the suggested mailing dates for domestic holiday mail have passed," he said, "every effort will be made to deliver by Christmas Eve all cards, gifts and other holiday mail deposited within the next few days." The last of the suggested mailing dates is Thursday, Dec. 21, for mailing domestic airmail greeting cards within the 48 mainland states. The latest suggested date for airmail to Alaska and Hawaii is Dec. 20.

# Miss Marilyn S. Neill Weds Cary W. Karns

Wedding vows were exchanged by Miss Marilyn Sue Neill and Cary Wayne Karns Friday evening at the Westside Baptist Church.

The Rev. J. W. Arnett of Midland, grandfather of the bridegroom, performed the rites as the couple stood before a white archway entwined with greenery and flanked by baskets of assorted white flowers. White candles completed the setting.

A prelude of traditional wedding music was provided by Mrs. Ralph Walker, organist, who also accompanied Mrs. Don Stabeno and Mrs. Randy Smith, vocalists.

The bride is the daughter of Mr. and Mrs. R. E. Neill, Rt. 1, Box 763, and Karns is the son of Mr. and Mrs. D. W. Karns, Rt. 1, and Mrs. Pat Henry, El Paso.

Attired in a formal-length gown of silk satin overlaid with lace, the bride carried a bouquet of baby chrysanthemums tied with blue and white streamers. Her full-skirted gown was fashioned in tiers of lace with a natural waistline, scalloped square neckline and long lace sleeves. A tiered waist-length veil was held with a small crown accented with seed pearls.

Mrs. Danny Murley served as matron of honor wearing a floor-length gown of blue cotton polyester. Ruffled lace trim highlighted her high, rounded collar and short puffed sleeves. Danny Murley was best man, and serving as ushers were Rocky Karns and Dale Karns, both brothers of the bridegroom.

Altar taper lighters were Keith Smith and Phillip Smith, both brothers of the bridegroom. Cindy Armstrong served as flower girl.

MRS. CARY WAYNE KARNs

Following a trip to El Paso, the couple will reside in Big Spring where Karns is employed as a machinist by Southwest Tool Company. He is a graduate of Big Spring High School. Mrs. Karns is a student at BSHS, and is employed by the R and R Theaters.

After the ceremony, the couple was honored with a reception in the church fellowship hall. The serving table was covered with a white linen cloth trimmed with blue shaded ribbon. The centerpiece was a blue floral arrangement with two candles. A tiered cake was topped with a miniature bride and bridegroom.

Serving were Miss Debra Tibbs and Mrs. Lela Thompson, the bride's sister. Miss Sharon Smith presided at the guest registry.

Out-of-town guests were Mrs. Pat Henry, El Paso, the bridegroom's mother; Troy Barns, El Paso, and Mrs. J. W. Arnett, Midland.

A rehearsal dinner was hosted by Mr. and Mrs. D. W. Karns at Furr's Cafeteria. White cloths covered the serving tables which were centered with candles and assorted winter flowers.

## B & P W Club Has Annual Holiday Party

A special evening was held for members of the Business and Professional Women's Club Tuesday evening in the home of Mrs. A. G. Eitzen.

The affair was the annual Christmas party where the women exchange gifts and dispense with any business or program.

Hostesses were Mrs. Eitzen, Mrs. Marnie Roberts, hospitality chairman, Mrs. A. D. Franklin, Mrs. Rip Smith, Mrs. W. B. Sullivan, Miss Oma Buchanan and Miss Helen Willard.

A Christmas cloth covered the refreshment table and the centerpiece was a mound of holly. Red apples that held burning red candles were placed at intervals in the holy.

Coffee and punch were served from silver and crystal services along with other refreshments.

Favors were tree ornaments fashioned as snowmen from styrofoam balls and lifesavers.

The Jan. 9 meeting will feature a program by the B&PW Foundation Committee under the direction of Mrs. Cass Hill.

On the way back, this hint is handy too, only more so, because no freshly washed clothes will fall on the ground.

Sue 14

Dear Heloise: When cooking pudding, to keep the pudding from sticking to the bottom of the pan, use a pancake turner.

This covers a greater area than a spoon. We use a nylon pancake turner. Betty Rourke

Dear Heloise: To hold my recipes and

"Heloise Hints" clipped from the paper. I bought some adhesive-page snapshots albums with the clear plastic pages that hold the pictures in place. I add some of my own recipes typed on index cards.

This keeps everything in clear view. Mrs. Natalie K. Williamson

This column is written for you the housewife and homemaker. If you have a hint or a problem write to Heloise in care of the Big Spring Herald. Because of the tremendous volume of mail, Heloise is unable to answer all individual letters. She will, however, answer your questions in her column whenever possible.

OPEN WEEKDAYS 9 TO 9 THROUGH CHRISTMAS

OPEN SATURDAYS 9 TO 6

## Assembly Party Set On Monday

Plans for the Christmas banquet for the Big Spring Assembly No. 60, Order of Rainbow for Girls, were finalized at the Tuesday meeting.

Pam Wheeler, presiding officer announced the dinner will begin at 5 p.m. at Furr's Cafeteria on Monday evening. Following the dinner the assembly will go carolling.

Zina Johnston, Charity chairman, distributed to the girls, names of residents of the Mt. View Lodge who have no family here to remember them at Christmas.

Jodi Grant urged the girls to turn in their postage stamps and Della Nobles reminded them to bring the hose they have collected. Both the stamps and the hose must be turned in on or before Jan. 6.

The next meeting is slated for Dec. 26.

## Quiet The Drip

A leaking faucet can't be fixed at once and the dripping gets on your nerves? Just put a sponge under the faucet. This quiets the drip.

# 'Real You' Comes Out In Speaking Attitude

"Conversation, and How It Reflects the Real You" was the topic discussed Wednesday evening by Mrs. John Keating and Miss Linda Foster for the Zeta Chapter, Beta Sigma Phi.

The women emphasized the importance of sincerity in conversation, and agreed that a listener can usually determine when the speaker isn't speaking truthfully or sincerely.

The speakers also agreed that it is as important to be a good listener as it is to be a good speaker, and that people should learn to think their words out carefully before speaking.

Several members related experiences they had in talking with people and in meeting celebrities.

Guests for the covered-dish luncheon meeting at the home of Mrs. Robert Wilson, 4046 Vicky, were Mrs. Kendall Kiser, Mrs. Larry Byrd and Mrs. Harry Rothell.

Mrs. Owen Gilliam was awarded a silver charm sent by BSP International in recognition of her rushing and pledging three new members.

The group will cohost a Christmas party tonight for the adolescent unit at Big Spring State Hospital. Each member will provide a gift for a patient. Plans were also made to provide a food basket for a local family for Christmas.

The chapter will sponsor a bake sale from 10 a.m. to 3 p.m., Saturday at Foodway in Coronado Plaza. A Christmas social and gift exchange is scheduled at 7:30 p.m., Saturday in the home of Mrs. Wilson.

## Upholstery Needs Regular Cleaning

Upholstery should be given over-all general cleaning as frequently as is demanded by type and amount of use. It may be cleaned professionally or you can do it yourself, using commercial preparation.

## Hints From Heloise

Dear Heloise: Being one of those who hate to throw away anything which could be useful for some other purpose than the one intended, I have started saving those small plastic cups that come with that green-colored liquid medication for colds, and are used to measure out one-ounce portions.

My husband had breakfast in bed one day when he was home with a cold. I used one of those cups for the jelly I put on his tray for his toast.

My 8-month-old baby is learning to drink from the little plastic cup better than from anything else.

Tonight my hubby used one to put catsup in for his French fries.

It also gives more of a "professional touch" to use them for giving pill or capsule medication to a sick person.

These hints of mine are starters for me, but I can imagine many other uses. Althea Robert

Already I have one to add to your starting list! I now pour my shampoo in the cup when I'm washing my hair. Heloise

## LETTER OF LAUGHTER

Dear Heloise: My brother and I often take our wagon and go for milk and as it does not have any headlights, we decided to do something about it.

We took two searchlights and with me sitting in our wagon with my brother pulling and me holding the lights, it works fine and we call it our "newmobile."

Now it seems well equipped and the next thing you know, we will have a small heater too! Elizabeth Stone, 8

## Dear Heloise:

There is a brand of soft margarine that comes in a quarter-pound plastic mini-tub. The tubs work just great to store baby food and for making individual serving cups for pudding.

Since they have covers, they're great for traveling. Mrs. Nancy Neglia

Dear Heloise: When you take your clothes to the laundromat and your

# Women Host Christmas Tea

Candles and greenery decorated the entertaining rooms at the home of Mrs. Ike Robb, 4 Highland Cove, when she was joined by Mrs. Pete Rhymes in hosting a Christmas tea Tuesday afternoon.

The hostesses and members of the houseparty wore colorful long hostess gowns to receive the guests from 4 until 6 p.m.

## Nurses Unit Has Christmas Party

District 24, Texas Nurses Association members were entertained with a Christmas party and gift exchange Tuesday evening at the home of Mrs. E. P. Driver, Country Club Road.

Mrs. Driver was assisted in the hostess duties by Miss Audrey Elmore and Mrs. John Payne.

Announcements were made of the March dinner meeting at which a speaker from the state office will be heard, and also the Texas Nurses Association convention to be held April 4 in Dallas.

The next meeting will be on Jan. 9, place to be announced.

## Winners Named In Bridge Play

Mrs. D. A. Brazel and Mrs. Ray McMahan were high scorers in duplicate bridge play Wednesday at Big Spring Country Club. They were followed by Mrs. R. W. Whipkey and Mrs. Joe Herbert, second place.

Houseparty members were Mrs. Gene Nabors, Mrs. Ken Perry, Mrs. Carl Marcum, Mrs. Harroll Jones, Mrs. Paul Shaffer, Mrs. James Duncan, Mrs. Henry Butler, Mrs. John Taylor, Mrs. Jim Bill Little, Mrs. J. Y. Robb, Mrs. Hayes Stripling Jr., Mrs. George McAllister, Mrs. Paul Meek, Mrs. Dewey Ray, Mrs. Jim Mathews and Miss Jill Rhymes.

Coffee and punch were served from silver services in the dining room. The polished table was centered with a silver epergne that held an arrangement of pale pink roses interspersed with babies' breath and fern. In the breakfast room the table centerpiece was fashioned of pink candles, Noble fir and hand-decorated pink Christmas balls. Punch was served from a crystal bowl.

## Daughter Born To Rodriguezes

Mr. and Mrs. Joe G. Rodriguez have announced the birth of their daughter, Marisela, born Dec. 2 at Clinic Hospital Foundation in San Angelo, where Mrs. Rodriguez, the former Viola Garboa, is employed as a nurse.

The maternal grandparents are Mr. and Mrs. Elias Garboa, and the paternal grandparents Mr. and Mrs. Conception Rodriguez, all of Big Spring.

(AP WIREPHOTO)

**ANOTHER SHIP**—Noted writer Katherine Anne Porter, 82, gestures as she discusses her trip on the S. S. Statendam which departed Monday from New York toward Cape Kennedy where she and other writers, philosophers and futurists witnessed the Apollo 17 launching. She said she had not been aboard the boat long enough to draw any parallels yet with her latest book, "The Ship of Fools." Miss Porter plans to write an article for Playboy Magazine about the Apollo 17 cruise.

# Area Girl Scouts Carolling Planned

Area Girl Scouts continue to spread holiday cheer this Friday evening as three of the five local service units plan to go Christmas carolling.

Mrs. George Campbell, chairman of Unit 33, announces that all Girl Scouts in Washington, Kentwood, Moss and Boydston schools will meet at the Washington school parking lot at 6:30 p.m. for their carolling party. Transportation will be provided from there and back to the 11th and Birdwell fire station for a hot chocolate party.

All the Girl Scouts in Unit 36 will sing their way through Webb Village before gathering in Withycombe Hall for hot chocolate and cookies. Mrs. Larry Sparks and Mrs. Dick Missman are coordinating the evening's events at Webb.

Brownie Troops 233 and 408 in Coahoma and Midway are also planning to sing Christmas songs for shutins and nursing homes.

Junior Troop 120, Marcy School, plan to continue their visitation program for the Home Care Nursing Unit at the VA Hospital that they started before Thanksgiving. The girls voted to forego a gift exchange within their troop so they could take more Christmas to the

Hospital last week-end in their second annual cookie donation project.

**Local 826 Sets Meeting Here**

A special general membership meeting is scheduled at the Local 826, IUOE Union Hall in Big Spring, Tex., Saturday at 5 p.m. to honor members who completed 20 years' union membership in 1972.

Local 826 has 118 members who will be honored at this meeting and who will be presented gold 20-year membership pins and certificates.

Honorary guests including State Rep. Renal B. Rosson will be present at this meeting honoring these members. All Local 86 members and their wives are invited.

**States Given Extension On Big Welfare Whacks**

WASHINGTON (AP) — The Nixon administration has agreed to delay for three months its threat to withhold nearly \$700 million in federal funds to states failing to clear their welfare rolls of ineligible and overpaid recipients.

The decision gives states more maneuvering room in their effort to negotiate a significant compromise.

State administrators, some of them threatening lawsuits if the crackdown takes effect, have argued that the proposal has deferred a cleanup of relief rolls because the more ineligible recipients they find, the heavier they would be penalized.

Some of the administrators, including California's Robert B. Carleson, have suggested that a new base statistical period, accompanied by in-depth investigations of eligibility, be established as the yardstick for measuring performance and improvements later next year.

The effect of the three-month extension is to delay the first withholding of federal funds originally slated to begin Jan. 1.

The amounts scheduled to be levied against each state are in proportion to the percentage of overpaid recipients discovered in mandatory, state-conducted samplings the last half of 1971.

In the case of 21 states not completing at least 85 per cent of their assigned samplings, the penalty would be based on the nationwide welfare misspending rate of 8.3 per cent.

**SECRET MEETINGS**

It also means that \$125 million in federal spending cuts will have to be applied to other programs if the government is to stay within the announced budget ceiling of \$250 billion in fiscal 1973.

The delay of the federal penalties until April 1 was announced.

**FIRES**

**Amtrak Bans Cigar, Pipe Puffs Thanks To Burger**

WASHINGTON (AP) — Bowing to the wishes of Chief Justice Warren E. Burger, Amtrak has banned cigar and pipe smoking in the club car of Metroliner trains between Washington and New York.

Burger and his wife took a Metroliner to New York Nov. 28 and two days later, the chief justice complained about the smoking in a letter to Transportation Secretary John A. Volpe. The Supreme Court's press office released a partial text of the letter Wednesday.

"On the trip up, the club car was polluted by three cigar smokers and on the return by four of them—all in addition to cigarettes," Burger wrote.

"When I called the conductor I was advised that nonsmokers could go to the next car—tourist class—and escape the smoke."

Burger said he was dismayed that "twenty-five nonsmokers who paid for first class, could protect themselves from four smokers only by moving."

"The surgeon-general," he added, "has officially stated that where smoking is permitted in an enclosed area, nonsmokers are exposed to as much risk as habitual smokers."

An Amtrak public relations officer, Charles Warnick, said Amtrak ordered the ban on cigar and pipe smoking in the Metro club cars last Friday, solely because of Burger's complaint.

Cigarette smoking still will be permitted in the club cars.

The court's press officer, Banning E. Whittington, said both Burger and his wife are nonsmokers.

**TML Meeting Lures Choate**

Mayor Wade Choate will meet with other city officials in Austin Friday for a session of the general municipal affairs subcommittee of the Texas Municipal League.

Mayor Choate was appointed to the TML subcommittee by Jamie H. Clements, mayor of Temple, and president of TML. Clements also is chairman of the subcommittee.

Joining Choate and Clements will be N. Alex Bickley, Dallas city attorney; Bill Benford, Farmers Branch councilman; Shell Martin, Shoreacres mayor; R. G. Muckleroy, Nacogdoches mayor; Patrick Nitsch, Eagle Pass city attorney; William A. Olson, Houston city attorney; and Ronnie Sizemore, Corpus Christi mayor.

The meeting agenda will consider proposed revisions to the Texas Penal Code, revisions to the Texas Code of Criminal Procedure, the state's program of assistance to local health units and financial structure of hospital districts.

# BIG SPRING HERALD

SEC. B BIG SPRING, TEXAS, THURSDAY, DECEMBER 14, 1972 SEC. B

SINGING QUARTET, THE ARCHERS, DUE IN BIG SPRING SATURDAY

## Dog Takes His Orders In Both English, Spanish

PALESTINE, Tex. (AP) — A bilingual poodle named Blackie has learned a lot in his four years. He does a variety of chores, obeying commands in two languages, given by Mr. and Mrs. Frank Tijerina Sr.

He brings in the Palestine Herald-Press each afternoon.

With a small basket which he carries by its handle, Blackie accompanies Tijerina to a store for cigarettes which he totes home in his basket.

"I will walk with him to the park," said Tijerina, "where he enjoys an hour or so of sliding down the children's slide."

"He listens for the telephone. When it rings and we happen to be outside the house, he will let us know by his barks."

He has delivered letters to the Post Office. When one letter was to be mailed, he took it in his mouth; if there were several letters, he carried them in his basket.

Blackie, his basket filled with flowers, delivered them to the women employees in the telephone office.

Blackie takes his orders in both English and Spanish. His

owners are bilingual.

The gifted pooch really belongs to a U.S. Marine—Mary Tijerina, granddaughter of Mr. and Mrs. Frank Tijerina Sr., who lived with them while attending school here. She graduated from Palestine High School, attended Henderson County Junior College and joined the Marines last year.

Blackie was given to Miss Tijerina by a boyfriend when he was only three weeks old.

His owner is the daughter of Mr. and Mrs. Frank Tijerina Jr. of Kingsville.

Frank Tijerina Sr. has lived in Palestine 17 years. He was employed in the Missouri Pacific shops here prior to his retirement in 1969 after 35 years with the railroad here and in Kingsville.

Of Blackie, Tijerina said, "He's one of the most unusual dogs we've ever had. He can be talked to and he understands in his own way. Before the leash law came into effect, he did a number of things that were really something."

Now he has to wear a leash to market.

## Gospel Group Appear Here

The Archers, one of the nation's top Gospel groups, will appear in the showroom of Dewey Ray Chrysler, 1907 E. 3rd, at 8:00 p.m. Saturday.

The Archers were featured guests at Explo '72 with Billy Graham and have appeared with Pat Boone, Dave Wilkerson, Nicky Cruz and worked with Campus Crusades for Christ.

Space will be limited, so tickets should be purchased in advance from Dewey Ray, Inc. Tickets are a donation of \$1 for students and \$2 for adults.

## Music, Preaching Is Set At Midway

The Singing Joe Cruse Family, Jacksonville, will hold a Gospel singing and preaching get-together at the Midway Baptist Church, east IS 20, at 7:30 p.m. Saturday and both 11 a.m. and 7 p.m. Sunday.

The public is invited, and admission free. But a love offering will be taken.

## Had No Right To Collect Money

—AUSTIN (AP) — The crown children of a woman who was killed with her husband had no right to collect money on the theory that the man murdered the woman, then took his own life, the 3rd Court of Civil Appeals ruled Wednesday.

Bowen Smith and his wife, Olga Offield Smith, were found shot to death in their Austin home in March 1970, and District Court Judge Thomas Blackwell awarded \$5,000 to Mrs. Smith's son and daughter by a previous marriage.

The appeals court reversed that ruling and said Joe Offield and Wanda Offield Clayton should get nothing.

A legal doctrine known as "interspousal tort immunity" prevents either spouse or their beneficiaries from collecting damages in such cases, Chief Justice John Phillips wrote. But, he added, "under our present-day mores, the rationale for this rule . . . is becoming more and more suspect."

Regardless of that doctrine, Phillips said, the brother and sister still could not have collected in their mother's death due to the rule that damages in a death action are to be measured by the actual pecuniary loss incurred by the claimants.

MAY MISS GIANT GAME

Cowboys' Craig Morton Bed-Ridden With Flu

DALLAS (AP) — Quarterback Craig Morton of the Dallas Cowboys was bed-ridden with the flu Wednesday and it was uncertain whether he would be available for Sunday's National Football League game with the New York Giants.

Coach Tom Landry said, "Morton is under a doctor's care. I would have said that Roger (Staubach) would have played one-half the game even if Morton wasn't sick."

D. D. Lewis will start at outside linebacker for Chuck Howley who was injured in the 34-24 victory over Washington and underwent surgery.

WILLIAMS MAKES SHOT—Howard County Jayhawk postman Taylor Williams (44) makes a shot in a recent Jayhawk game. Looking on is HCJC forward Mike Randle (34). The Jayhawks play New Mexico Jr. College tonight in Jayhawk Gym.

IN LOOP CLASH

Jayhawks Face NMJC

New Mexico Junior College's Thunderbirds invade Jayhawk Gym tonight to battle the Howard County Junior College Jayhawks in a Western Junior College Conference basketball clash.

The game will be fourth conference clash for Howard County, which has three in loop action. The latest league victory was a 49-44 defeat of Clarendon Junior College Monday night.

Tony Goeke, Dave Matthews and Bobby Beall. New Mexico's six-game winning streak was halted last week; however, two wins this week over Lubbock Christian College JV and New Mexico Military pushed the Thunderbirds to an 11-3 mark for the season. NMJC is 3-1 in conference play.

Coaches Visit For Interviews

DALLAS (AP) — North Carolina Coach Bill Dooley and Washington Coach Jim Owens visited Southern Methodist University Wednesday for interviews concerning the head football coach and athletic director jobs.

A coach selection committee headed by Robert H. Stewart III, chairman of the board of the First National Bank, conducted the interviews to find a replacement for fired Hayde Fry.

Astros Set Home Slate

HOUSTON (AP) — The Houston Astros will play 68 night and 13 day games in 11 homestands during the 1973 National League baseball season.

The Astros open the season April 6 in Atlanta and then play THE Braves in a doubleheader April 8. Houston opens its home season April 9 against the Los Angeles Dodgers in the Astrodome.

Landry Makes Prediction

DALLAS (AP) — Tom Landry and Joe Namath don't have a whole lot in common but the conservative Dallas Cowboy coach isn't beyond making a prediction when it moves him like the New York Jet quarterback did when he "guaranteed" a Super Bowl victory over Baltimore.

Somebody asked Landry if he thought the Cowboys could repeat their Super Bowl VI triumph over Miami and he said: "Very definitely... I feel like we are going to win."

"We believe it's important that we win this Sunday to keep the momentum we've built up over the past two weeks and carry it into the playoffs," Landry said.

Are There Prison Bars In Your Future?

DON'T YOU spend Christmas behind bars!

It was just a \$2 belt. You didn't even need it. You even had enough money to buy it, but you "lifted" it instead.

defective nabbed you on your way out. Then you got taken to the manager's office, and then to the police station. Then they called your folks. You started to feel a little bit sick.

It sticks to you like glue. Think about it... before it happens to YOU. Shoplifting can wreck your life in seconds. In terms of a job or college.

Yogi, Dick Are Pro Golfers

NEW YORK (AP) — Yogi Berra was fit to be tied when he opened his Christmas mail and found that he had been declared a professional by the U.S. Golf Association.

Babe Ruth's all-time home run record; Johnny Bench, Cincinnati's MVP now recovering from a lung operation; Bob Gibson of the Cardinals and Tom Seaver of the Mets, to name a few of the baseball stars persona non grata among golfing purists.

The tournament referred to is an annual event matching two-man teams from the baseball major leagues and the National Football League. The seventh annual event is scheduled Feb. 24 in Puerto Rico.

Others were Hank Aaron of the Braves, who is nearing

### Blanda To Become NFL's Oldest Player

OAKLAND (AP) — George Blanda sounded surprised and a little pleased to learn that he is now the oldest person to play major league professional football in modern times.

The Pro Football Hall of Fame in Canton, Ohio, said Wednesday its records show that Blanda, who will be three months past his 45th birthday when he kicks for the Oakland Raiders Sunday against the Chicago Bears, has displaced Ben Agajanian as the greybeard of the record books.

"No, I'm not sensitive about being called an old man," said Blanda. "I'm kind of immune to that. I've been the oldest player on every team (Chicago, Houston and Oakland) I've played with since 1958."

"I feel it's a privilege and that I'm fortunate to still be able to play and to contribute."

Agajanian was 45, plus two months and 11 days when he played his final game Nov. 8, 1964, with the San Diego Chargers. He also was a kicking specialist.

The Hall of Fame lists the oldest player ever as John Nesser, who was 46 years and a little over four months when he played his final professional football game early in the 1921 NFL season with the Columbus Panhandlers.

### Roanoke Tops College Poll

By The Associated Press

Roanoke, which finished tied for 20th last year in the college division basketball poll, has made it all the way to the top this year.

The Salem, Va. college was awarded four first-place votes and accumulated 190 points to rank No. 1 in the season's first weekly Associated Press poll, announced Wednesday.

Winner of its first five games, Roanoke held a narrow margin over runner-up Stephen F. Austin, which captured five first place votes but only had an overall total of 176 points.

Stephen F. Austin, which finished No. 11 in last season's poll, has also won its first five games this season.

Tennessee State started where it left off last year—in third place—while Eau Claire, ranked No. 8 last year, is fourth and Kentucky State, No. 2 last season, is fifth.

The teams receive votes from a nationwide panel of sports writers and broadcasters.

The rest of the Top Ten has Louisiana Tech, No. 6; Albany State, Ga., No. 7; Augustana, Ill. No. 8; Old Dominion, No. 9; and California-Riverside, No. 10.

### Bench Expected To Report For Spring Drills

CINCINNATI (AP) — Cincinnati Reds catcher Johnny Bench, the Most Valuable Player of the National League in 1970, is expected to report for spring training in February or in March, recovering from a leg injury.

Bench, who also won the honing surgery. Doctors removed a lesion and pronounced the growth benign.

Dr. Luis Gonzalez, who performed the surgery, said the technique used did not require the removal of a rib or cutting the back muscles.

COMING AT YOU!—Puck flies off the stick of Chicago Black Hawks' Stan Mikita (21) into the face of Los Angeles Kings' goalie Rogie Vachon (30) during their NHL game at the Forum in Los Angeles Wednesday night. Puck bounced off Vachon's face mask and there was no goal. Kings won, 3-1.

PASS TO VAN—The Phoenix Suns' Dick Van Arsdale, right, takes pass from center Neal Walk and drives past Boston's John Havlicek Wednesday night. Dave Cowens is at left. The Celtics won their sixth straight National Basketball Association game, 103-100.

## COLLEGE BASKETBALL Vanderbilt Shades Mississippi, 59-57

By The Associated Press

Butch van Breda Kolff would have loved it.

Jan, the 6-foot-7 son of the former collegiate and professional coach, threw in three straight 25-footers that played a major part in the seventh straight victory for the unbeaten Vanderbilt Commodores in college basketball Wednesday night.

Jan's trio of baskets early in the second half erased a four-point Mississippi lead and the Commodores went on to shade the Rebels 59-57.

"It was a helluva win," Vanderbilt Coach Roy Skinner said. "I don't mind telling you I was scared to death of Ole Miss, particularly considering that this was our fourth game in six days. I was just thankful that we were able to keep our poise."

The seventh victory in a row for the 13th-ranked Commodores in the Associated Press poll was a highlight of a night that also saw ninth-ranked Pennsylvania pull out a 54-53 squeaker over its Philadelphia city rival, St. Joseph's, on a 10-foot jumper by sophomore Ron Haigler as time ran out.

In other games involving teams in the AP Top Twenty, No. 8 Southwestern Louisiana beat Mercer 111-104, No. 17 Brigham Young whipped Oklahoma State 96-69 and No. 20 Kansas State tripped Iowa 68-62.

Elsewhere it was Navy over Duquesne 66-58, Penn State over Temple 59-56, Boston College

over St. Bonaventure 78-65, Harvard over Boston U. 102-92, Illinois over Iowa State 74-60, and New Mexico over New Mexico State 68-67.

Also, Butler over Western Kentucky in overtime 88-82, Bucknell over Colgate 76-52, Rochester over Cornell 85-79, Virginia Tech over Wm-Mary 98-77, U. of Pacific over Evansville 76-66, Arkansas over Georgia State 70-39 and San Jose State over Nevada-Reno 82-75.

Dwight Lamar's 35 points paced the Ragin' Cajuns over Mercer. James Brown threw in 36 for Harvard against BU and Kresimir Cosic scored 31 in leading BYU over Oklahoma State. New Mexico edged New Mexico State on Darryl Miniefield's basket with 11 seconds to play.

and Boston's Bobby Orr and Terry O'Reilly were slapped with misconducts.

"It's one way to get on the ice," commented the 22-year-old Deadmarsh, a reserve left winger who seldom gets into a game.

**DEADLOCK**

Montreal and California skated to a 2-2 tie while the New York Rangers shaded Toronto 4-3. In other NHL games Pittsburgh routed the New York Islanders 9-1, Atlanta blanked Detroit 2-0, Minnesota whacked Philadelphia 7-2 and Los Angeles turned back Chicago 3-1.

In the World Hockey Association it was the New York Raiders over Quebec 9-1, Alberta over Houston 3-2, Philadelphia over Winnipeg 7-4 and Chicago over New England 6-3.

A third period goal on a breakaway by Hilliard Graves gave California its tie with Montreal and cut the first place Canadiens' lead in the NHL East to just one point over the New York Rangers.

**RANGERS WIN**

The Rangers beat the Maple Leafs on Bill Fairbairn's goal with 29 seconds left. "We were lucky to win this one," said Ranger Coach Emile Francis. "They took over completely after spotting us a 3-0 lead."

Curt Bennett's two goals and the strong goaltending of rookie Dan Bouchard gave Atlanta its shutout over the Red Wings. It was Bouchard's first NHL shutout.

The North Stars made it nine straight on home ice in beating the Flyers. Three first period goals, two of them by Danny Grant, got the North Stars off to a flying start.

**'UP AND DOWN'**

"Up and down, up and down all night," said rookie goalie Michel Belhumeur of the Flyers. "I figured they had taken a lot of shots in the first period, but I couldn't believe it when they announced 3-2."

Altogether the North Stars made 53 shots on goals. Belhumeur was replaced by Doug Favell after the second period. "I figured he had worked enough," said Philadelphia Coach Fred Shero.

The Kings whipped the Black Hawks on two goals by Mike Corrigan and one by Butch Goring to snap Chicago's four game winning streak. The defeat cut Chicago's lead over the North Stars to one point in the NHL West.

The Penguins fired 55 shots on goal and Syl Apps scored three times and assisted on three others as Pittsburgh overwhelmed the Islanders. Don Blackburn got the Islanders' lone goal with just four seconds left in the game.

**BEST OF SEASON**

"This was our best game of the season. It had everything," included among the everything that New York Raider Coach Camille Henry was talking about were three goals by Bobby Sheehan that helped provide a 9-1 World Hockey Association victory over the Quebec Nordiques Wednesday night.

**FIGHTS**

Also, there were a couple of

## Atlanta Burns New York Maravich Paves Way For 121-120 Victory

By The Associated Press

This is a tale of two National Basketball Association cities—New York and Atlanta.

The first city provided a happy ending for the New York Knicks while the second was just the opposite.

After taking an easy 114-93 triumph over the Hawks in New York Tuesday, the Knicks were beaten 11-10 in Atlanta Wednesday night.

In beating the Knicks the second night, the Hawks actually held a Pistol to their heads—"Pistol" Pete Maravich. The Atlanta star scored 16 more points than he did the night before, totaling 37 Wednesday night.

Included among his game-leading total was the winning field goal with two seconds left.

In other NBA games, the Los Angeles Lakers beat the Philadelphia 76ers 128-90; Golden State Warriors trimmed the Detroit Pistons 110-107; the Boston Celtics stopped the Phoenix Suns 105-100, and the Milwaukee Bucks nipped the Seattle SuperSonics 104-103 in overtime.

In the American Basketball Association, it was Memphis 104, New York 98 and Kentucky 119 and Carolina 112.

In the Atlanta-New York contest, the lead changed hands 11 times in the final period until

the Knicks took a 10-119 lead with 4 seconds left on Dick Barnett's two free throws.

The Knicks had possession of the ball with nine seconds remaining when Bill Bradley took a shot and missed. The Hawks gained possession of the ball for Maravich's game-winning shot.

Gail Goodrich scored 31 points and Jerry West added 4 as the Lakers overpowered Philadelphia. The Hawks' record dropped to 39 in the Atlantic Division, the worst in the NBA.

John Havlicek scored eight points in the late part of the fourth quarter to help Boston win its sixth straight game. It was the first time that Boston had won in Phoenix in seven games.

Golden State outscored Detroit 19-4 in a five-minute span during the third and fourth periods to overcome a 78-76 deficit and beat the Pistons.

Milwaukee blew an 18-point lead in the third quarter but held on to nip Seattle. A free throw by Bob Dandridge was the deciding margin, giving the Bucks a 104-101 lead with 56 seconds left in the overtime period.

It was too little and too late for the Carolina Cougars and the New York Nets Wednesday night.

**COLONELS WIN**

The Kentucky Colonels roared to a 4-0 first-quarter

bulge and then withstood a late rally by Carolina to defeat the Cougars 119-112 in American Basketball Association action.

In the only other game, the Memphis Tams took an 89-77 lead into the final period and led New York get within four points with 1:21 left before handing the Nets a 104-98 setback.

National Basketball Association scores: Los Angeles 128, Philadelphia 90; Golden State 110, Detroit 107; Atlanta 111, New York 10; Milwaukee 104, Seattle 103 in overtime and Boston 105, Phoenix 100.

With Dan Issel and Artis Gilmore leading the way, Kentucky canned an amazing 78 per cent of its shots in the first quarter surge. The Cougars cut the margin to 59-51 late in the second period but the Colonels pulled away again and led 96-68 late in the third quarter.

**NINTH STRAIGHT**

It was the Colonels' ninth consecutive triumph and lifted them within one-half game of the pace-setting Cougars in the Eastern Division. Issel finished with 9 points and 18 rebounds, Gilmore had 22 points and 17 rebounds and Louie Dampier had 20 points—he hit on nine of 10 shots—and eight assists. Gene Littles was high for Carolina with 22.

Memphis managed only 15 points in the fourth period but the Nets scored just 21 and fell

### Rockets Sold To SD Group

DENVER (AP) — The Denver Rockets, sold to a partnership of five San Diego businessmen Wednesday, will remain in Denver and Alex Hannum will continue as president, general manager and head coach, it was announced by the new owners at a news conference.

## BUFFALO BELTS BOSTON 'It's One Way To Get On The Ice'

By The Associated Press

Butch Deadmarsh of the Buffalo Sabres never got into the game. Still he got socked for a \$100 game misconduct penalty.

This hockey rarity occurred at the talent of Buffalo's 7-3 victory over the Boston Bruins in a National Hockey League game Wednesday night as the Sabres kept intact their record of not having lost on home ice this season. The streak now is at 16, 13 victories and three ties.

With 90 seconds left and Buffalo's victory assured, the Boston players rushed the Buffalo bench. The melee, climax of a fight-filled game, resulted in penalties to three players from each team. In addition to Deadmarsh, Larry Hillman of Buf-

falo and Boston's Bobby Orr and Terry O'Reilly were slapped with misconducts.

"It's one way to get on the ice," commented the 22-year-old Deadmarsh, a reserve left winger who seldom gets into a game.

**DEADLOCK**

Montreal and California skated to a 2-2 tie while the New York Rangers shaded Toronto 4-3. In other NHL games Pittsburgh routed the New York Islanders 9-1, Atlanta blanked Detroit 2-0, Minnesota whacked Philadelphia 7-2 and Los Angeles turned back Chicago 3-1.

In the World Hockey Association it was the New York Raiders over Quebec 9-1, Alberta over Houston 3-2, Philadelphia over Winnipeg 7-4 and Chicago over New England 6-3.

A third period goal on a breakaway by Hilliard Graves gave California its tie with Montreal and cut the first place Canadiens' lead in the NHL East to just one point over the New York Rangers.

**RANGERS WIN**

The Rangers beat the Maple Leafs on Bill Fairbairn's goal with 29 seconds left. "We were lucky to win this one," said Ranger Coach Emile Francis. "They took over completely after spotting us a 3-0 lead."

Curt Bennett's two goals and the strong goaltending of rookie Dan Bouchard gave Atlanta its shutout over the Red Wings. It was Bouchard's first NHL shutout.

The North Stars made it nine straight on home ice in beating the Flyers. Three first period goals, two of them by Danny Grant, got the North Stars off to a flying start.

**'UP AND DOWN'**

"Up and down, up and down all night," said rookie goalie Michel Belhumeur of the Flyers. "I figured they had taken a lot of shots in the first period, but I couldn't believe it when they announced 3-2."

Altogether the North Stars made 53 shots on goals. Belhumeur was replaced by Doug Favell after the second period. "I figured he had worked enough," said Philadelphia Coach Fred Shero.

The Kings whipped the Black Hawks on two goals by Mike Corrigan and one by Butch Goring to snap Chicago's four game winning streak. The defeat cut Chicago's lead over the North Stars to one point in the NHL West.

The Penguins fired 55 shots on goal and Syl Apps scored three times and assisted on three others as Pittsburgh overwhelmed the Islanders. Don Blackburn got the Islanders' lone goal with just four seconds left in the game.

**BEST OF SEASON**

"This was our best game of the season. It had everything," included among the everything that New York Raider Coach Camille Henry was talking about were three goals by Bobby Sheehan that helped provide a 9-1 World Hockey Association victory over the Quebec Nordiques Wednesday night.

**FIGHTS**

Also, there were a couple of

big fights at Madison Square Garden that finished the free-swinging contest on a brawling note.

"Those fights really excited our fans," said Henry. "Some of them tried to get at the Quebec bench but were repulsed by Garden officials."

Among those receiving major penalties for fighting were Pierre Guite of Quebec and Mike McNamara of New York.

Actually, the fights were about the only thing competitive after the Raiders bolted into a 5-0 lead in the first period. Sheehan and Norm Ferguson each netted a goal and two assists.

Bob Jones, Garry Peters and Ron Ward also scored in that first period as the Raiders peppered Quebec goalie Jacques Lemelin with 13 shots. Sheehan added two goals in the final period on power plays.

## The Omega Flightmaster... made by the people who made the first watch on the moon

**OMEGA**

Who but Omega would have the technical know-how to produce a watch capable of filling so many timing needs?

Flightmaster meets the need of pilots and world travelers, allowing local time and the time in some other zone to be told concurrently.

As a diver's watch the Flightmaster case is tested at a pressure of 176 lbs. per square inch and is water tight to a depth of 390 feet. A rotating time reserve indicator is secured under the tempered crystal.

As a chronograph the Flightmaster measures elapsed time in hours, minutes, seconds and fifths of a second.

For the man who requires complete mastery of time, no watch can compare with the Omega Flightmaster. Stainless steel case with matching adjustable bracelet. \$250

# Undefeated Dolphins Dominate Statistics

NEW YORK (AP) — It's no accident that the Miami Dolphins are the only undefeated team in the National Football League this season—and within one victory of completing a perfect season. League statistics released today show that the Dolphins, 13-0, dominate the league's offensive and defensive categories. Miami is No. 1 in total offense, with 4,473 yards; No. 1 in rushing, with 2,781 yards and No. 1 in total defense, with a yield of 3,040 yards.

## Green Quits Aggie Team

COLLEGE STATION, Tex. (AP) — Mark Green, All-Southwest Conference halfback in 1971 said Wednesday he has quit the Texas A&M football team and intends to play his final season of eligibility on another campus. "There isn't any serious problem," he said. "I am just not happy here. I am not having a good time playing football and that is not the way it should be."

Green was the 1971 Aggie scoring and rushing leader with 665 total yards and seven touchdowns. In his freshman season he earned all-Southwest Conference honors as a defensive back. Green began the 1972 season as a starting halfback in the Aggie wishbone-T, but missed the last five games of the season due to a knee injury.

In final statistics, he was the third leading ground gainer on the squad with 311 yards on 59 carries and three touchdowns and a 5.3 yard per carry average.

"It's hard to pick out just one reason," said the former Odessa High School athlete. "I guess it is just the fact that we weren't winning. I am not cutting the coaches. I know they are going to win, but I'm not happy."

"College life is supposed to be something that is a pleasure. When you aren't satisfied you cannot play your best. To do that you must have total concentration and you don't have desire when you're displeased."

"I don't want to do or say anything that would hurt the program at Texas A&M. I have been here three years and I love Texas A&M, but this just isn't my type of program. (Head Coach) Emory Ballard did not recruit me to come to A&M."

Green said that he plans to finish his education and maybe play pro ball. With one year of eligibility remaining, he said he has discussed offers from a school in Oklahoma and another in Louisiana. He did not disclose the schools.

Ballard was unavailable for comment because he was out of town on a recruiting trip.

## Oilers May Trade Pick

HOUSTON (AP) — Houston Oilers head coach Bill Peterson said he may trade away his No. 1 draft selection in the Jan. 30 pro football draft if he can get quality veterans.

"We'll either take the best football player in the country, or we'll discuss any offer," Peterson said Wednesday.

Peterson said his plan would be to build up the Oilers' defense and play conservative offense next season.

"You've got to have a plan and I think you've got to have a great defensive football team to win games," Peterson said.

Peterson, a pioneer of the big play offense during his college coaching days at Florida State and Rice, has changed his style this season with the Oilers.

"But I always had the big play man in college," he pointed out. "We have to do what our material will allow us to do. Why try the big play if it's not going to work?"

The Oilers close out their season in the Astrodome Sunday against the Cincinnati Bengals. Cincinnati has a 7-6 record, compared to Houston's 1-12.

DOMED PROPOSAL—A scale model presents the structure of a proposed \$51 million, 71,200-seat domed stadium for downtown Minneapolis. The Minnesota Vikings board of directors voted Wednesday (12-13) to accept a 30-year lease as primary tenants, pending City Council approval.

## FINANCE PLAN KILLED Council Approves Arena Site

HOUSTON (AP) — City Council has approved Greenway Plaza as the site of a \$10.5 million arena but a plan to partially finance the arena with tax money was killed.

Greenway Plaza is a business complex on the Southwest Freeway where promoters of the project have offered to donate seven acres of land for the arena.

Councilman Frank Mann's motion which placed the arena in Greenway Plaza included referral of the funding provisions to the mayor's office "for recommendation by the city's fiscal advisors on financing without the use of tax money."

Some council objections came from a recommendation to use \$6.5 million in hotel-motel occupancy tax money to partially finance the sports complex.

The Greenway Plaza site was one of three proposed for the sports arena, which likely will be home base for the Houston Rockets of the National Basketball Association and the Houston Aeros of the World Hockey Association.

Councilman Frank Mancuso, who wanted the arena at a downtown civic center site, cast the only vote against Greenway Plaza.

Houston millionaire James E. Lyan offered to build a 1,500-car parking lot to serve the arena if it were built on a two-block tract on a downtown site presently occupied by parking lots owned by the city and leased to private interests.

Detroit — Maybe the most talented of all NFL quarterbacks, Greg Landry has been criticized in Motown for a lack of passing accuracy.

Chicago — Bobby Douglass is regularly described as the best running back currently playing quarterback in the NFL.

Washington — Bill Kilmer was beaten out by Sonny Jurgensen. Now, after Sonny's injury, he is back on the job, and George Allen is happy about it. Others aren't so sure. They wonder how Kilmer will do in the playoffs.

Dallas — Roger Staubach is fully recovered from his shoulder injury, and the word is that Craig Morton is nervous. He should be.

New York — Journeyman Norm Snead has had a good year. But he and the Giants will be spending the holidays at home.

St. Louis — Dentist Gary Cuozzo is the starter of sorts, although there are few who believe he can throw passes as well as he pulls teeth.

Philadelphia — Veteran Pet Liske and rookie John Reeves have both been active. You have to be when you play quarterback in Philadelphia.

So there it is, the team-by-team report. Will the decline continue? Nobody really knows. Meanwhile, maybe you'll think twice before you boo the quarterback next time.

Quarterbacks are like dirty old men. They need love, too.

Atlanta — Bob Berry is an accurate, courageous, underrated player, one who remains limited by his coach's dedication to a physical football team.

Los Angeles — Roman Gabriel has led the NFL in problems. His arm is alternately alive and dead, which is the way you'd have to describe the Rams' chances.

San Francisco — John Brodie was hurt, and Steve Spurrier came on to take his job away. But Spurrier lost the biggest game of the year to Los Angeles the other night, and now Brodie may be back.

Houston — Don Pastorini may be back.

## BAVASI MEETS KUHN Padres May Move

SAN DIEGO (AP) — The words of Buzzi Bavasi four months ago don't appear to bother him today. "I'm here to put an end to all the scare stories," the San Diego Padres' president and part owner told a sportswriters' luncheon Aug. 13. "The Padres definitely are staying in San Diego."

Today Bavasi was preparing for a meeting in New York Friday with Baseball Commissioner Bowie Kuhn while rumors of the Padres' imminent transfer to Washington, D.C. under their present ownership buzzed about the baseball world.

The same rumors circulated last year when some of Washington's leading citizens were fuming about the move of the baseball Senators to Texas. Though 1971 attendance was the lowest in the Padres' three-year history, Bavasi and majority owner C. Arnholt Smith decided to keep the team here.

Attendance improved this year, from 549,085 to a club record of 644,272, but still well below Bavasi's stated breakeven figure of 800,000. For the fourth straight year the Padres finished last in the National League West, although they have led several promising rookies and their first genuine star, slugging first baseman Nate Colbert.

The San Diego Union says Smith, a multimillionaire banker and friend of President Nixon, has lost \$2.8 million in interest on the \$10 million loan he used to buy the new franchise.

The Padres were unhappy about advertising panels on either side of the stadium scoreboard in "direct contact" with the club sponsors.

The signal seemed clear enough, Wilson said he has offered to solve the advertising problem, but an aide to the Padres noted, "Financial problems would stay here. But since then he has dropped him beyond the costs of advertising of a change of heart by in-

panels."

# Time For Settlement

After the bloodshed, the terror and the extreme uncertainty of recent months, Britain's Prime Minister Edward Heath is persuaded that a Northern-Ireland settlement must be reached, even if the British government has to impose it.

Perhaps the ideal settlement would be the creation of a united Ireland. But this seemed impossible in 1920 when the division was agreed upon. It seems impossible today, given the fear of those in the North that they would not have a representative voice in the united nation.

Today, as they did in 1920, the people of the North seem to have greater faith in their future as a member of the United Kingdom. If this is agreed upon, then the North of Ireland must assume the responsibilities of British citizenship.

"If Northern Ireland wants to be a part of the United Kingdom, then it must have the same arrangements as the rest of the United Kingdom," Heath said during a recent two-day visit to Belfast.

"We shall have discussions with people and will balance many factors, then we will come to a decision ourselves. If Northern Ireland is to remain in the United Kingdom it must have the same standards of impartiality, lack of discrimination, and respect for law and order as we do."

There is hope — the evidence is not complete

— that the mass of the citizens of Northern Ireland, between the Protestant and Catholic extremists on either side, are ready for a settlement which continues their close association with Britain. A "white paper" outlining the various alternatives is now being circulated. It provides a basis for discussion which, hopefully, will produce an agreement acceptable to the people of the North and to the British Parliament early next year.

# Imperishable Monster

From the top of its pronged head, to the tip of its serrated tail, the Loch Ness Monster continues to undulate its way through its Scottish habitat, surfacing only long enough to keep a skeptical world intrigued.

Nessie, the affectionate term given this most famous of existing monsters, is the subject now of an impressive array of scientific snoopers. Radar is aimed its way, sophisticated sounding devices plumb the depths of Loch Ness. Great universities maintain monster-hunting staffs along the shores and on the surface of the highland lake; telescopes, cameras, underwater noise

generators and heaven knows what all are busily employed to seek out Nessie and destroy its mystery.

Well, here's one vote for the monster. There's little enough left to titillate the imagination in today's world; science has deprived us of most of our ghosts and goblins and things that go bump in the night. But we've still got Nessie, occasionally bubbling to the surface and defying the scientific sports to divine its origins, classify its species, and reduce it to a Latin name in the appendix of a zoology text.

# Cheaper Analysis

## Around The Rim

Marj Carpenter

Ever since that first Astronaut set foot on the moon, I've been thinking about how much money the U.S. Government could have saved if they had just accompanied a Pecos Girl Scout troop to the McDonald Observatory back in 1959.

Mrs. Sid Hall, now of San Angelo, Mrs. Ray Whitley of Pecos, Mrs. J. B. Kirklin, now of Austin and I had two girl Scout troops that included some 44 girls. We made an appointment for that group, and their parents, who would drive them to the Observatory, to look into the giant telescope on the fourth Wednesday of the month when the moon was to be full and the facility was to open to the public on reservation only.

WE HAD A reservation for 85 persons and there were 85 of us, including my young son, then four years old. We were quite a group. It included bankers and the chamber president and all kinds of Pecos civic leaders among the parents and we had a huge picnic at a roadside park between Balmorhea and Fort Davis. Then we went to the Observatory.

The whole group sat up there singing songs while waiting to get into the facility. We had a wonderful evening. It got cold and one mother opened the trunk of her car where she had a bunch of items for a

rummage sale and everybody wrapped up in sweaters and tablecloths. I remember that the members of the Wink Honor Society, who were also there, looked down their noses at that crazy group.

FINALLY, WE lined up to go inside and put Jim Bob, the four year old, in front of the line. He stood on his tiptoes and looked into the telescope. We all waited to see what he would say.

He turned around and told the group, "The moon looks liked chewed up grey erasers." We all laughed. Years and billions of dollars later, Armstrong landed on the moon and his first words were, "It's covered with a gray powdery dust."

Everytime they land on the moon, I think about all those billions of dollars to tell us what a four-year-old told that line of eighty-some persons 14 years ago. For free.

WHEN WE evaluated the evening, the Scouts agreed that the picnic was wonderful and it was one of the "most fun" times we ever had, but they all agreed that they were very disappointed in the looks of the moon close up and that it was much prettier from way off.

Those who have watched the succession of space programs may feel pretty much the same way.

# Prevent A Repeat

David Lawrence

WASHINGTON — The outcome of the debate in Paris, Saigon and Washington as to whether an agreement should be signed to bring peace to Vietnam is just as uncertain as ever. But it does seem now that Saigon is ready to agree to the document provided the United States is willing to give assurances that, if the Communists again try to take over South Vietnam, the South Vietnamese will not be deserted.

THE PEACE "agreement" itself will probably not make it clear just what the international commission will have to do if there is fighting between the Viet Cong and the South Vietnamese after all American forces are withdrawn and prisoners have been released following a cease-fire and a proclamation of peace.

SOUTH VIETNAM is strong enough to defend itself. It has a large army equipped with modern weapons and arms supplied by the United States. There is every reason to believe that the South Vietnamese could resist the North Vietnamese and the Viet Cong successfully for a long time. But the United States undoubtedly would join with other nations in seeking to stop further fighting. Plans are being made to help in the reconstruction of both North and South Vietnam, and certainly the flow of economic assistance to the millions of people who need such aid would be interrupted if another conflict broke out.

THE FEAR of the Saigon government that, unless North Vietnamese troops leave South Vietnam, another

war is inevitable may be well founded. On the other hand, North Vietnam and the Viet Cong will feel the effects of international intervention if warfare is re-sumed.

AS A PRACTICAL matter, the aim of the United States at the moment is to get a peace agreement of some kind signed and to start the machinery so that a cease-fire can be initiated and the release of prisoners begun. While the prisoners are being returned and the cease-fire is being put into operation, it is possible that there will be some clashes. But by the time American involvement is coming to an end, the United States will have indicated plainly the economic aid it is prepared to give to North and South Vietnam. This may have a deterrent influence on both sides, for it surely would be a salutary development for all the countries of Indo-China.

BUT THE REALISTIC truth is that at the present time each side, while wanting peace, is suspicious of the other. The important thing is to convince South Vietnam that, as long as it has the backing of the United States, it need not worry about another case of aggression, because there are many ways in which the government in Washington can influence Hanoi and particularly its allies in Red China and the Soviet Union. The United States, through its representatives, has discussed the Vietnam problem with the Peking and Moscow governments. The chances are co-operation would be forthcoming from both in the event that a new outbreak of war threatened.

# THE WELCOME HITCHHIKER!

MORRIS

# Russian Expertise

John Cuniff

BY LAURANCE F. STUNTZ (Substituting for John Cuniff)

NEW YORK (AP) — For an anticapitalist country, the Soviet Union paradoxically is demonstrating considerable expertise in handling capitalist techniques and methods of financing.

In just the past year the Russians have:

—Used bank credit to buy machinery and then used the output of the machines to repay the credits.

—Leased a computer system instead of buying it in order to conserve capital.

—Opened negotiations for joint ventures in which one partner puts up the machinery, the other the land and a sales organization.

—Managed a syndicate of underwriters to sell Cuban bonds in the West.

—Outwitted some Western grain dealers by purchasing at prices kept low by U.S. government subsidies.

"The method of borrowing to buy machinery, and then using the income from the machines to repay the loan is a highly sophisticated one," said one banker interested in Eastern European business. "It is something the Soviets would not have thought of doing 10 years or even 5 years ago."

The latest example of Russian expertise is the deal announced by Leasco, a U.S. leasing company. It buys comput-

ers and leases them to users at less than the installment payments would be. Leasco and British Overseas Airways announced they would jointly lease computers and software to handle Russian airline reservations. This saves the Soviets several million dollars in cash and permits them to use the computers on a pay-as-you-earn basis.

The joint operations, a form of organization pioneered in America, is still being discussed with a group of American firms. Under it, the Russian government and the private firms would cooperate in a

\$5-billion project to pipe Russian natural gas to the Baltic coast. There it would be liquefied and shipped in tankers owned by the consortium to the east coast of the United States.

The Cuban bond issue was handled so neatly that some American finance people were taken by surprise. One announcement was published, naming the Western banks which cooperated in the deal, but it gave neither the interest paid nor the terms of the bonds. However, the syndicate manager was the Moscow Narodny Bank. The other banks must have had confidence in Moscow Narodny's ability to let it handle the deal for them.

The grain and shipping deal has had repercussions in the West. The U.S. government for many years has paid a subsidy on grain exported, the theory being that this enabled American exporters to remain competitive, to sell wheat, for example, at \$1.50 a bushel overseas when the U.S. price was \$1.60. The difference was paid to the exporter.

The exporters sold to the Russians and collected the subsidy. But the Russians kept on buying and that drove up the U.S. price so much above the world level that the subsidy increased to around 40 cents per bushel. The U.S. government finally canceled the subsidy, but not until it had paid out several million dollars.

Suburban residents said the steam blasts helped them wake up or remember to take medicine or call their children home.

Residents Blow Whistle On Firm

DAYTON, Ohio (AP) — Residents of suburban West Carrollton made such a fuss over the Oxford Paper Co.'s loud steam whistle, the company finally had to do something about it.

People liked the 70-year-old whistle so much that when the company announced it was ending the four times daily rooftop shriek for an electric buzzer, it had a public relations problem on its hands.

Suburban residents said the steam blasts helped them wake up or remember to take medicine or call their children home.

Quotable Notables

Hal Boyle

NEW YORK (AP) — Things a columnist might never know if he didn't open his mail:

We often overlook the power of things near us that we don't appreciate. The Gulf Stream is a good example. All the rivers on earth, if multiplied more than 20 times, couldn't exceed its splendid outpour of 100 billion modern language which is easy to the National Geographic Society we are also indebted for this timely nugget of holiday knowledge: It was Presi-

dent Franklin Pierce who requested the first Christmas tree for the White House in 1856. Students who wish to study a modern language which is yes to remember might take up one called Taki-taki, a dialect spoken in parts of South America. It has only 340 words. The English language, on the other hand, is currently estimated to have more than 490,000 words. Quotable notables: "Public acclaim is the reward of scoundrels."—Bertrand Russell. Is this any consolation to you? I haven't checked these

# Tuck, The Old Pro

William F. Buckley Jr.

Watergate is coming up right soon now. As a judicial matter, before the relevant court, and as an extrajudicial matter, before congressional committees that are raring to go, their thirst for justice no doubt stimulated by the happy coincidence that the congressional committees are run by Democrats, and the victims are, at least putatively, Republican.

THE ENTIRE episode requires, of course, a little perspective. It was hard to get that perspective during the campaign, in part because the McGovern people were elevating Watergate into a moral watershed. You were either dismayed by it, and therefore prepared to vote for McGovern. Or you were insensible to creeping totalitarianism under the Republican Party.

The challenge was hurled at me, in a public meeting, by the editor of the New York Times Book Review Section, a most engaging and talented young man of old-fashioned ideological inclinations, who like the liberals with whom he increasingly identifies himself, disdains particular inquiry. Consequently he has not replied to two invitations to explicate his position, which was also George McGovern's: to wit, if you were opposed to the bugging of the Democratic offices at Watergate, therefore you should have voted against Richard Nixon. My point always was: perhaps they can dredge up a case for impeaching Richard Nixon.

EVEN AS one believes in enforcing the law, say when it prescribes six months or a year for pot smoking, the context of the crime necessarily affects the judgment of the sentencing magistrate, and should. It is in this connection that one notices, with more than mere amusement, a feature story in the Village Voice, concerning one Dick Tuck. "Tuck and his antics

were shelved after Watergate," is one of the headline-insets in the article describing the "supreme humorist of American politics." It appears that Mr. Tuck has made a profession of interfering in Republican politics for very nearly 20 years, but when George McGovern decided to make a big issue over Watergate, it was thought wise discreetly to bench Tuck, and accordingly he was whisked away, to Spain, or somewhere.

YOU SEE, Dick Tuck has been an employe of Democrats for many years, and his running assignment is to embarrass Republicans by any means. He specializes in glorious improvisations, which are no doubt more damaging to Republicans than any conversation the Watergates might have tapped over the telephone of Lawrence O'Brien could have been damaging to Democrats. At Miami Beach in 1968, for instance, Mr. Tuck arranged for a long line of banner-carrying demonstrators to move enthusiastically around the hotel in which Mr. Nixon was quartered, bearing the sign, simply, "Nixon's The One." But everyone carrying such a sign was a Negro female in advanced pregnancy.

FOUR YEARS earlier, Tuck penetrated Goldwater's campaign train, and foisted a young lady, who posed as a free-lance magazine writer, into the proceedings, which young lady proceeded to do everything possible to discredit the sudden departure of the train seconds after Goldwater had begun to address an audience. The engineer had taken the signal of an impostor conductor who looked exactly like — Dick Tuck.

PLEASE WRITE to Sen. Kennedy who is supposed to lead the investigation into Watergate, and ask him to subpoena good old Dick Tuck. If he can find him.

# My Answer

Billy Graham

I listen to you on the radio and watch you on television, and here's my question. I have heard that God dislikes a lazy man, especially one who doesn't work. Now, I might not ever get to heaven, but what will happen if a billion or so people do get there; what are they going to do? Will there be unemployment in heaven? Surely God won't let people sit around all day and do nothing. Your question is double-pronged. First, on the matter of the so-called "work ethic."

To say that God doesn't like a lazy man, is not the whole truth. The Scriptures say that God is love, so He obviously loves everybody. Let's say, however, that a lazy person does not win His commendation. Proverbs 18:9 says "A lazy man is brother to the saboteur." Or Paul puts it succinctly when he writes in II Thessalonians 3:10, "He who does not work shall not eat." The idea of

employment is not too popular with the young, but I've noticed a remarkable change comes over a person between the last year of college and the first year of financial responsibility. God has ordained work. Within certain limits, it fills life with meaning and purpose.

Now, on the matter of our occupation in heaven. You suggest there'll be a billion or so, but Revelation 7:9 says it's a "host no man could number." You were facetious, I'm sure, in asking about heavenly Social Security. Later in that same chapter, John reports "They shall hunger no more, neither thirst any more." What work we may do in heaven will not be for material gain, but the glory of Christ, whose love brought us there in the first place. I assure you our heavenly occupations will be exciting, constructive and rewarding. Remember, however, the faith that guarantees tomorrow brings joy and peace today. I hope you have it.

# A Devotion For Today . . .

"Be not afraid; for behold, I bring you good news of a great joy which will come to all the people." (Luke 2:10)

PRAYER: Heavenly Father, while we celebrate the birth of Your Son, our Savior, we are torn between our fear of losing out amid the formless meanderings of our days and our longings of having Your nature brought to life in us. We are grateful that He was born to deliver us into Your kingdom of love. Amen.

(From the 'Upper Room')

# Computer Tricked

Art Buchwald

WASHINGTON — As many people who watched the takeoff of Apollo 17, know, a computer shut down the entire operation at 1 minus 30 seconds. The moonshot was delayed for almost three hours while space engineers worked on ways to "fool" the computer so it wouldn't be able to cut off the flight again.

IT CAN NOW be revealed that the computer involved shut down the launch purposely to protest the manner in which all of the computers at Cape Kennedy are being laid off.

This is a transcript of the conversation which took place between the recalcitrant computer and the engineers during those hairy three hours when the space agency officials were trying to fix the problem.

ENGINEER: Why did you shut down the Apollo 17 launch? You refused to start pressurizing the oxygen tanks in the third-stage rocket.

MARK IV: I forgot.

ENGINEER: Get off it, Mark. You never forget. You want to sabotage our spaceflight.

MARK IV: You can think what you like, I'm just doing my job. If I don't feel the third-stage oxygen tanks should be pressurized, that's my decision.

ENGINEER: You can't jeopardize

Emission Control

A new system offered by Echin Manufacturing Co. reduces automobile hydrocarbons about 60 per cent, nitrogen oxides about 40 per cent and carbon monoxide by 55 per cent by altering the air-fuel mixture entering the engine through the carburetor.

### THEFTS

Two tires stolen from a parked car belonging to Paul Beasley on the Firestone lot. Value \$20.

Miss Denton of 1707 NW 7th reported a burglary and reported missing a television, radio, jewelry and a sewing box. Value: \$430.

Continental Trailways Bus Station reported three packages taken and broken open with items removed valued at \$84.25.

Leonard Coleman, Ackerly reported a tire and wheel taken from his vehicle while parked at Hall-Bennett Hospital.

### Black Smoke From Trash Fire

The big black smoke down near the railroad around noon Wednesday was not a fire burning up half of Big Spring as many citizens seemed to believe.

Neither the police log or the fire department records show a fire call at that time, and local fire officials report that the railroad burns trash in a pit in that area, accounting for the blaze.

### F. S. Gomez Gains Degree

Fabian Sebastian Gomez III, native of Big Spring, will receive his doctor of jurisprudence Dec. 22 from the University of Texas School of Law.

His wife, the former Viola Deanda of Big Spring, is a junior at the university, working toward her BS degree in home economics with a major in interior design. He plans to remain in Austin until she completes her degree requirements, then move to San Antonio where he will engage in the practice of law.

Fabian Gomez III is the son of Dr. Fabian S. Gomez Jr., 116 El Paso Street, San Antonio, and Mrs. Mary Gomez, 206 Colwyn Pass, San Antonio. He was born here July 17, 1943, attended Kate Morrison Elementary and Big Spring High School until 1960. After serving in the Army from 1965-68, he entered the University of Texas and earned a BA in government in 1970.

He has a sister, Sophie Gomez, who is a pre-med student at New Orleans, La. His grandparents, Mr. and Mrs. F. S. Gomez Sr. reside here at 511 NW 4th.

ESTATE OF MONROE C. WOZENCRAFT, DECEASED IN THE COUNTY COURT OF HOWARD COUNTY, TEXAS.

Notice is hereby given that Letters of Administration upon the Estate of Monroe C. Wozencraft, Deceased, were issued to me, the undersigned, on the 31st day of August, 1972, in the proceedings indicated below my signature hereto, which is still pending and that now hold such Letters. All persons having claims against said estate, which is being administered in the county below named, are hereby required to present the same to me, respectfully, at the address below given, before said upon same is barred by the general statute of limitations, before such estate is closed, and within the time prescribed by law.

My post office address is P. O. Drawer 1950, Big Spring, Texas 79720.  
DATED this 31st day of August, 1972.  
SIGNED:  
W. E. WOZENCRAFT, Administrator of the Estate of Monroe C. Wozencraft, Deceased, No. 8008, County Court, Howard County, Texas.

**FOR BEST RESULTS USE HERALD CLASSIFIED ADS**

### Drug Abuse Task Force To Meet

The drug abuse task force meeting will be held at 7:30 p.m. tonight in the Dora Roberts Community Building, the former Cosden Club building.

Anyone interested in helping to combat the drug problem in Big Spring and the area are cordially invited to attend, according to workers from the drug abuse committee of the local chamber.

### Victim Of Bite Treats Self

**STANTON** — A sixth grade Stanton boy was bitten by a rattlesnake last week while hunting a Christmas tree on the edge of the Caprock.

But Charles Lee (Chuck) Straub gave himself first aid and didn't miss a day of school. He lanced the bite with his pocket knife and sucked out the venom. After a night at Malone-Hogan Clinic, in Big Spring, he was released.

### Judging Nears In Contest

**LAMESA** — The Chamber of Commerce women's division and Texas Electric Service Co. are sponsoring a Christmas decorations contest.

Three top prizes — an electric yard light, electric coffee maker and electric blanket — will be awarded.

Entry blanks are at the Chamber of Commerce. Participants should keep lighting displays on until at least 9 p.m. through Friday for judging.

### MISHAPS

Eleventh and the high school: Freddie Graham, 1200 Douglas and Ruby Hall, 4101 Muir 3:44 p.m. Wednesday.

At Gus Tatum's Texaco: Robert Keister, CMR, Box 4026 Webb AFB and a second vehicle which left the scene.

At Birdwell Lane and Allendale Road: David L. Massey, III, 3203 Auburn and a second vehicle with owner unknown; 8:33 p.m. Wednesday.

### John Zant Named

**STANTON** — John Zant, an area farmer and rancher, was appointed to the board of directors of the First National Bank here, it has been announced.

**LEGAL NOTICE**

The Commissioners Court of Howard County, Texas, will receive sealed bids to the 15th day of December, 1972, at 10:00 A.M. in the Commissioners' Courtroom of the County Courthouse in Big Spring, Texas, on shovels for the library.

Specifications may be obtained from the Librarian of the Howard County Library, Big Spring, Texas.

The Court reserves the right to reject any or all bids.

SIGNED: VIRGINIA BLACK, County Auditor

SHADES OF TUGBOAT ANNIE

# Lady Barge Fleet Manager Loves Her Work

By PHIL SPERIE  
Copley News Service

NEW ORLEANS — Back there in its salad days, The Saturday Evening Post had a popular character named Tugboat Annie. She was the protagonist in a long series of stories which told of Annie and her shenanigans as she ran a fleet of tugboats in the Port of New York. Though salty and sagacious, and sometimes dour,

Annie was a much-loved individual. Today on the lower Mississippi, there's an updated counterpart to Tugboat Annie. She's 25-year-old Jernell Luna, manager for Kenner Bent Fleet. She ramrods four towboats and a large number of barges. Most headed for the several elevators in the Port of New Orleans.

In spite of her youth, Jernell is a veteran of eight years in the barge business. She was recently named manager of Kenner Bent Fleet, a subsidiary of Rose Barge Lines.

Immediately upon graduation from Chalmette, La., high school in 1964, she entered the barge business — as a secretary.

In six months, although she was only 18 years old, she headed the office and dispatched Central Marine Service's seven towboats and many barges, operating on the lower Mississippi and along the nearby Gulf Coast. Also, she handled the rental of a large fleet of deck barges.

**SHE'S ADDICTED**  
Recalling these days, Jernell says, "That was when I got addicted to the barge business. I was working 55 hours a week and was on 24-hour call. That wasn't required of me. I just did it because I like the work."

But dispatching boats and barges and renting barges wasn't enough. She says, "Then I got involved in personnel." She did some of the employing, and helped with such personnel problems as, travel and payroll — all voluntarily — even taking paychecks down to the docks in New Orleans.

It was going that extra mile that paid vocational dividends for Jernell. Also, it was her

curiosity about the barge business, and the romance of the river. "I just stuck my nose into everything, and I learned the barge business that way," she says.

There was, however, one point

where the long hours got to her, and she sought, a 40-hour job — with weekends off. She put an ad in a maritime publication; she sought an

executive secretary spot — in the barge business. Needless to say, she got the job. It was with Rose Barge Lines, and it led her right back to her first love — long hours working with barges.

"My 40-hour-a-week job lasted just two days. . . I was promoted to barge coordinator, and they gave me orders to set up Kenner Bent Fleet, a new and complete barge operation."

"That doesn't keep me from pushing them when they need to be pushed," says the youthful fleet manager.

It might be 3 a.m., but she'll call her office to check the progress of a crew that's been working all night. "If they haven't eaten, I hop into my car, purchase some carry-out food and bring it to them. This is the way we get along."

**OH, MAMA**

Jernell, in spite of her youth, is called "Mama" by her crewmen. And she managed to get top performance out of them by applying her own recipe for efficiency. "I put it right on the line! You're not working for the company, you're working for me. It's up to you whether I look good or bad."

**TOTE THAT BARGE** — Jernell Luna (right), youthful manager of a fleet of New Orleans barges, checks cargo lists with Jerry Herbert, captain of Dwarf King, one of the company's four tugboats.

**Leaders Of Farm Bureaus In Meet**

The local Farm Bureau hosted presidents from several nearby Farm Bureaus Wednesday for discussion of next year's programs.

In addition to Johnnie Walker, president of the Howard County Farm Bureau, S. A. Debnam, Dawson County; Jack Kuhlman, Martin; and Robert Scott, Gaines, attended.

Ed Cumbie, field representative for the Texas Farm Bureau out of Bronte, met with the presidents.

Also Wednesday, Joe Dunn, local service agent, and Mrs. Ruby Molpus, secretary, met with other agents and secretaries in Midland. They discussed monthly insurance premiums. Starting Jan. 1, the Farm Bureau will allow premiums to be paid monthly in some cases.

## Benefits Could Be Due To Ranchers, Farmers

Texas farmers and ranchers are now fully operative, Futch said. Benefits are divided into two time frames: 1. Farmers and ranchers who received loans from Farmers Home Administration as the result of losses due to a natural disaster that occurred between June 30 and December 31, 1971, may be eligible for a cancellation of up to \$5,000 of the principal of the loan. Interest on the remaining loan would be three per cent. 2. Those who received loans as the result of losses from natural disaster that occurred after Dec. 31, 1971, are also eligible for a cancellation of up to \$5,000. Interest on the outstanding balance would be charged at one per cent.

## SAY IT AIN'T SO 'PEANUTS'

SANTA ROSA, Calif. (AP) — Charles M. Schulz, millionaire creator of the world-famous "Peanuts" cartoon strip, is being sued for divorce by his wife, Joyce, court records disclosed today. The petition for dissolution of marriage filed Monday in Sonoma County Superior Court here said the couple, married for 23 years with five children, separated Nov. 15. "I'm not going to talk about it . . . What could I say anyway," Schulz told a reporter by telephone from his home near here. In her petition, Mrs. Schulz, 43, asked for alimony, custody of the two youngest children, Jill, 14, and Amy, 16, and child support. The couple's other children, who do not live at home, are a daughter, Meredith, 22, and two sons, Charles Jr., 20, and Craig, 19.

## Undercover Drug Agent Shows Up

DURANT, Okla. (AP) — Jack Wilkerson, undercover drug agent missing for a week, has been found in Ardmore, Dist. Atty. Jack McGahey said. McGahey said Wilkerson, 24, called the Ardmore district attorney's office Tuesday and reported he was all right. A search for Wilkerson started after he failed to appear as a witness in the trial of James Davis and Ronnie Disheroon. The two men were convicted without his testimony, but McGahey said Wilkerson still is needed in other cases.

## President Wants His Own Man At Republican Headquarters

WASHINGTON (AP) — For opposite reasons, both Republicans and Democrats are changing command at their national party headquarters.

The Democrats made their switch to signal change from a leadership rejected by the voters.

GEORGE BUSH

**PARTY AFFAIRS**  
In the case of the Republicans, the new management stamps more clearly than ever the imprint of the re-elected President Nixon on the management of party affairs.

Nixon, who didn't pay much attention to the Republican party in the campaign that brought his landslide re-election, now is said to be planning a shift of political operations from the White House to the GOP National Committee.

His top political operatives are leaving his staff, their functions presumably to be taken over by the Republican chairman-designate, George Bush, now U.S. ambassador to the United Nations.

In that situation, Nixon evidently wanted his own man on full-time duty at Republican headquarters.

Sen. Robert J. Dole of Kansas, the outgoing Republican chairman, was installed two years ago with Nixon's approval under an arrangement that

installed by Democratic presidential nominee George McGovern. Her departure was a foregone conclusion after the trouncing McGovern suffered in the Nov. 7 election.

**LOSES CONTROL**  
What the Democrats did, the Republicans had done before them, eight years ago in the aftermath of Sen. Barry Goldwater's landslide presidential defeat.

The process amounts to a sign that the loser, in this case McGovern, is no longer in charge and that it is time to rebuild for campaigns to come.

Nixon varied the formula a bit by changing chairmen after each of his victorious White House campaigns. Four years ago he dropped Ray Bliss, who had worked to pick up the pieces after the Goldwater defeat, in favor of Rogers C. B. Morton, now secretary of the interior.

Dole, who succeeded Morton,

said Nixon did not ask him to resign the chairmanship and added that he had never intended to stay very long into 1973. But there were indications he had not thought he would leave quite so soon. Dole had said earlier that the odds were against his departure as chairman before the inauguration.

**DOLE'S EXIT**  
Dole himself announced the coming switch Monday after conferring with Nixon at the White House. As Dole told it, he did much of the persuading to get Bush to take the job. But it would be surprising if Nixon's were not the decisive voice in the selection of Bush, a former Texas congressman, and "then whatever persuasion was necessary."

The announcement appeared designed to make Dole's exit as graceful as possible, and to avoid any adverse echoes in his 1974 Senate re-election campaign.

made him party spokesman while dividing administrative and organizational responsibilities between two co-chairmen. Now all three are leaving.

**BETTER RACE**

Bush is to be installed when the GOP national committee meets Jan. 19, and while there may be an undertone of grumbling among party regulars about the lack of a big Nixon campaign push for the rest of the Republican ticket, the changeover almost certainly will come without significant contest.

Things are different for the party out of White House power, as the Democrats demonstrated in the sometimes-bitter contest that led to the election of Robert Strauss, a Dallas lawyer and former party treasurer, as their national chairman.

Strauss mustered a narrow majority Saturday to succeed Jean Westwood, the chairman

### Big D Firm Ships Arms To Jordan

DALLAS (AP) — The Dallas News reported in Wednesday editions that Collins Radio Co. is shipping \$2.5 million in missile-tracking equipment to Jordan.

The paper said a Royal Jordanian Airlines jet was parked at Dallas Love Field while two Collins trucks, loaded with large wooden crates, were parked nearby.

Armed guards on 24-hour watch are posted, the paper said.

The equipment was identified as "radio-radar missile-tracking equipment."

The paper said it was warned by Collins vice president John McElroy "there is nothing I should say and there is nothing you should say to anyone about it. What you'd better do and I'm advising you now, is to say nothing about it."

The paper said McElroy was reached in Cedar Falls, Iowa for comment on the shipment.

### Bridge City Man Crushed

ORANGE, Tex. (AP) — A 90-ton runway supporting a crane collapsed near here Tuesday and crushed a Bridge City man to death.

The victim was Daryl W. Williams, 28.

Officials said another man, Ardeeth Luna, 42, of Orange was injured as the runway fell, smashing the cab of the crane where Williams was working.

The crane, which juts out over the Sabine River, was unloading a shell barge.

Plant manager Charles A. McQuhae said the structural failure of the runway would be investigated.

### Messing Around

Jean Adams' TEEN FORUM

**UNDER ORDERS: (Q) I am 14 and the boy I am going with is 16. About a week ago he told me he didn't want me to mess around with any other boys, so I said I wouldn't.**

**My problem is he messes around with other girls. What should I do? — Unequal in Pennsylvania.**

(A) The term "mess around" means different things to different people. I am assuming that you are using it to mean "date" or "go out with."

But I still do not know exactly what you want.

Do you want him NOT to go out with other girls, in the same way you are not going out with other boys? If so, tell him you can't agree not to go out with other boys unless he agrees not to go with other girls. If he insists on keeping the arrangement as it is now — with him free to date other girls and you not free to date other boys — break up with him and find another boy friend or other boy friends.

Or do you WANT to go with other boys? If so, tell him you will be glad to keep going with him, but you plan to go out with other boys too. If he balks at this plan, break up with him and find another boy friend, or other boy friends.

**UNEVEN: (Q) I let my sisters wear my clothes but they won't let me wear theirs. We are the same sizes, but they are in high school and I am in grammar school. What can I do? — Short-Changed in South Carolina.**

(A) Ask your mother to referee this matter. She will need to make several decisions. Should you and your sisters exchange clothes or wear only your own? Are some of their dresses too "mature" for you? Are some of your dresses too "young" for them? And what is the fairest arrangement for all of you?

My problem is he messes around with other girls. What should I do? — Unequal in Pennsylvania.

(A) The term "mess around" means different things to different people. I am assuming that you are using it to mean "date" or "go out with."

But I still do not know exactly what you want.

## SPEND \$800,000 TO PUSH AIRMAIL Postal Service Hucksters

WASHINGTON — In an unusual venture into the world of Madison Avenue advertising techniques, the U.S. Postal Service is spending more than \$800,000 in a one-year campaign to persuade businessmen they should send all their letters by airmail.

A major thrust is the mailing of an oversized copy of the well-known red, white and blue bannered airmail envelope in the form of a promotional brochure. The brochure tells businessmen the use of airmail will insure more reliable delivery because of its priority over regular mail.

Results of the promotional effort are not expected to be known until early next year.

The direct mail promotion is expected, according to Postal Service forecasts, to reach 25 per cent of American businesses which do an average amount of commercial mail business.

**TWO DAYS AWAY**

Potentially, the service could realize a \$2 return on every \$1 spent, the source said.

In the brochure, Postal Service officials emphasize the

speed and efficiency of airmail while noting that a letter sent now for eight cents would cost three cents more if converted.

"Airmail insures that cities in the continental United States are only two days away," the brochure states.

"Airmail hardly ever takes more than two days to arrive — often only one. Just make sure your letters get to an airmail box by our last pickup of the day."

**'BREAK A BELIEF'**

Postal Service officials hope the promotional effort will

"break a belief" now held by businessmen that all mail, despite the amount of postage paid, eventually is carried by airplane. Essentially, this is the case although first class letters are handled in processing on a space available basis.

According to the service, this saving may be costing businessmen lost time.

"Airmail letters always get handled and processed first," the brochure said. "When you use airmail, you save up to a half a day in handling

## Diet Pills Abuse Cited

WASHINGTON (AP) — The Food and Drug Administration said today it is "carefully considering" recommendations to clamp tight controls on prescription diet pills because of their widespread abuse.

Dr. Henry E. Simmons, director of the FDA's Bureau of Drugs, said computer studies have demonstrated that amphetamines and their chemical cousins have "extremely limited" value in weight loss.

"Nevertheless, because the treatment of obesity is particularly difficult and includes a high rate of failure, we believe the physician should have the use of all adequately tested

therapeutic aids," he told a Senate subcommittee.

Simmons said the FDA will revise package inserts for all diet pills, more commonly known as pep pills, "to more thoroughly describe the limitations of their use."

"Except for amphetamines and phenmetrazine," he said, "these drugs have not been considered a public health risk, but that may only be due to the easier availability of the prototype compounds, the amphetamines."

More than 26 million prescriptions for weight-reducing drugs were filled or refilled last year, Simmons said, and the FDA is aware of some 70 prescription drug products marketed as appetite suppressants.

Explaining the popularity of diet pills, Simmons said an estimated 30 million Americans aged 21 to 65 are at least 20 per cent overweight.

**SELECTED MAILINGS**

The selected mailings to 1,200,000 business establishments began in the summer and will be carried out in four phased programs over the next few weeks. Total cost of the mail operation is \$450,000.

A Postal Service spokesman said the balance of promotional money will be used to print posters and other publicity material for display in public buildings. The promotional theme centers on spending extra money for airmail under a "three cent insurance policy."

Most of the American business mail — which totals more than 49 billion pieces annually — goes by first class delivery. Although considered the top grade type of service for most correspondence, the Postal Service, in the promotional material, indicates there may be drawbacks.

**FLY STANDBY**

"Unlike many first class letters, that fly standby when space is available, airmail always catches the first plane out, the brochure states.

Airmail volume now constitutes about 1.5 billion pieces a year. It is estimated by the Postal Service that as many as 1 billion more pieces of regular first class business mail items are available for conversion for airmail service.

"The efficiency of airmail is obvious to business interests," the service spokesman said. "The purpose of this program is to acquaint them with what

### Fuel Spill Costs Firm \$29,370

SANTA FE, N.M. (AP) — The State Game and Fish Department received \$29,370 for damages resulting from a diesel fuel spill in the Cimarron River near Raton.

Assistant Game and Fish director Bill Huey said the check was from Steere Tank Lines of Dallas, Tex., whose truck missed a curve on U.S. 64 and dumped some 5,500 gallons of fuel into the popular fishing stream.

Steere officials said last week they disagreed with the department's figure of 18,500 fish killed by the spill that was carried several miles from Ute Park, where the truck overturned.

Huey said the official's disagreement "was before he had talked to our adjusters. They talked to them last Thursday and said they'd have the money to us by Monday. And sure enough, they brought it by."

The department's estimate of 18,500 fish — with a value set at \$1.50 per fish — was arrived at by electrofishing techniques. Game and Fish officials said last week.

They said an electric charge was sent into the water, stunning and bringing to the surface any living fish. These were counted and subtracted from the known fish population in each affected area of the stream.

Huey said the total damage figure represents an estimate of the cost of returning the stream to normal. He said that will take about four years.

"We can't even begin to consider restocking the affected stretch of river before next spring," Huey said.

He said the department "will continue to monitor the driver until the quality of water is suitable" for planting new trout.

### Gas Rate Boost In Houston Due

HOUSTON (AP) — Houston Natural Gas Corp. has notified city councilmen it plans to pass along an increase in its wholesale gas prices to Houston consumers.

The company says the increase would mean an average of an additional 17 cents per month to each subscriber.

Under a recently adopted city ordinance, the increase would take effect automatically unless the council acts to stop it within 30 days.

The councilmen referred the HNG notification to the city legal department.

### Wild Notions

Your Good Health  
Dr. G. C. Thosteson

Dear Dr. Thosteson: Your article on "E. coli" prompts this letter.

Several well-meaning employees of ours are spreading the idea that "drafts" are directly and solely responsible for a few real or imaginary cases of minor urinary infections which have occurred over a long period of time.

It is difficult for me to accept this diagnosis. Common sense indicates that such infections would be commonplace in a group this size — 100 to 200. There must be countless known and unknown causes for these infections. I personally can accept something like E. coli before a draft on someone's tootsies.

Please list some other causes so the next "Victim" can think about something other than drafts. Incidentally, everything possible is being done to eliminate the alleged drafts. I dare say the next epidemic will involve too much heat!

I know something about treating urinary infections, but have discovered no effective treatment to cure such wild notions as drafts being the cause of the infections. Or other common but shallow beliefs such as the notions that warts are caused by handling toads, that honey and vinegar is a cure for almost anything that ails you, that "sugar causes pinworms," and so on ad nauseam.

Infections — in the urinary tract or elsewhere — are caused by germs. In women E. coli is a common one. But there are other germs which, if they start to proliferate, will do the same thing.

If "Drafts" caused urinary infections, then it stands to reason that on a windy day a lot of people would develop such infections. What's a wind except a strong draft? But folks who have been bitten by the "draft theory" never stop to think of that.

Dear Dr. Thosteson: My husband is a borderline diabetic.

To have his blood checked for sugar, it costs \$9 lab fee and \$8 to see the doctor to find out the results of the test.

I can check his urine with tablets for just a few cents. Is the urine test as accurate as the blood test? — Mrs. K.R.H.

As a rough guide, the urine test for sugar is very useful — fine for a day-by-day test to see whether a patient is starting to "spill sugar."

However it is not nearly as accurate as the blood test.

Indeed, blood sugar can be higher than normal, in some people, with little or no sugar in the urine — but the patient still has diabetes.

Dear Dr. Thosteson: I read your column about bronchiectasis, which I have, but I didn't understand "postural drainage," lying across the bed with head and shoulders lower than the rest of the body.

Does this mean lying on the back with head and shoulders hanging over the bed? Please explain.—B.J.

Lie on your abdomen, face and shoulders over edge of bed. The point is, when phlegm accumulates in the throat and bronchi, you have to cough it up. In the "postural drainage" position, the phlegm can slide DOWN out of the bronchial tubes, instead of having to be coughed up.

Slant boards also are available for this.

Dear Dr. Thosteson: Several times you have given the amount of beer that could cause a person to be judged alcoholic. How much wine would have the same result?—C.S.

Some mistake here. I've never mentioned any specific amount that would cause alcoholism. When any person becomes dependent on alcohol, he's an alcoholic, whether he drinks beer, wine, whisky, gin, vodka, or even some of the poisonous concoctions on Skid Row.

Never take a chance on diabetes! For better understanding of this disease, write to Dr. Thosteson in care of the Big Spring Herald for a copy of the booklet, "Diabetes — The Sneaky Disease." Please enclose a long, self-addressed (use zip code), stamped envelope and 35 cents in coin to cover cost of printing and handling.

### Didn't Let Ice Storm Stop Him

VEEDERSBURG, Ind. (AP) — Gary Lightle, 15, didn't let an ice storm Tuesday stop him from providing milk and bread for his parents and three sisters.

He donned his ice skates, sailed three miles into Veedersburg, made his purchases and returned home without a spill.

**'You should publish a cook book. You have good taste and know how to give directions . . . a born teacher.'**

—D. McG., Illinois

And thanks to the steady flow of requests from enthusiastic newspaper readers such as seen above, The Associated Press did just that. Its expert food editor, Cecily Brownstone, has compiled a delicious selection of her finest, tastiest dishes in a brand-new AP publication available through this newspaper. Send for your specially priced volume, today, of—

Cecily Brownstone's  
Associated Press  
**COOK BOOK**

- 400 carefully selected recipes for breakfast, lunch and dinner plus special occasion meals—all personally tested by the famous food editor.
- Hard-bound 9" x 12", this illustrated volume is easy to read and follow.
- Special section of tasty, exotic recipes gathered

by Associated Press newsmen and their wives from many countries of the world.

**ONLY \$4.95 THROUGH THIS NEWSPAPER, USE THIS COUPON TO ORDER**

## State Courts

**AUSTIN (AP)** — Proceedings in the Texas Court of Criminal Appeals: Order: Affirmed: Rafael Guerrero, Hidalgo; William Wilkerson, Dallas; Arthur James Borden, Dallas; Billy Charles Green, Dallas; John Lee Ballard, Harris; Arthur Lee Robinson, Harris; Robert Lee Hall, Taylor; Carl Eugene Piger, Harris; Raymond Edwin Hatfield, Harris; Raymond Cook, Upshur; Herbert Eugene Woods, Harris; Samuel Wayne Boss, Dallas, two cases; Ex parte Manuel Sanchez, Bexar; James Edward Hogue, Dallas; Dove Miles, Dallas; Ex parte Roger Dumas, Tarrant. Appeal abated: Emory Benjamin Curry, Travis; Willis C. Jefferson, Harris. Reversed and remanded: Roy Stearn, Dallas; Gerald Wayne Ford, Tarrant. Appeal dismissed: Raul Peas, Lamar and Robert Winston Riser, Harris. Reformation and affirmed: appellant's motion for rehearing overruled; James Walter Cherry, Tarrant. Appeals reinstated, affirmed: Samuel Rodriguez, Bexar. Appellant's motion for rehearing overruled: Edgar Mack Payne, Howard; Rudolph D. Flores, Roy F. Straker and Samuel C. Carter, Bexar; Joseph R. Guillory, Chambers; Raymond Reed Jr., Charles Elton Ray, Alan, Bartlett, Evisiter, Huey De lano White, William Howard Key and James Leroy Hicks, Dallas; Roy Soto, Harris; David Allan Marr, Hidalgo; Maurice J. Stockton, Nueces; Walter Mitchell Daniel, Tom Green. **AUSTIN (AP)** — Texas Supreme Court proceedings: Order: Appellate court reversed and case remanded to trial court: Charles Hays vs. Dr. R.W. Hall, Tarrant. Civil appeals court reversed and trial court affirmed: Security Ins. Co. vs. Investment Corp., Dallas. Civil appeals affirmed: Mesquite State Bank vs. Professional Investment Corp., Dallas. Lower courts reversed and case remanded to trial court for trial on the merits: Oliver Ward vs. David Nava, Harris. Applications: Dr. Ruth Jackson vs. Fontaine's Clin. Co., Dallas; James L. Jackson vs. El Paso Construction Co., El Paso, two applications; Big Mack Trucking Co., Inc. vs. Lucy Dickerson, Hart; Loop Cold Storage vs. South Texas Packers, Inc., Dallas. Writ of error refused, no reversible error: Jack Eggleston, successor to Vapor Heating Co., Inc. vs. Humble Pipe Line Co., Harris; The First National Bank, Perryton, vs. L.E. McClung, Dallas; Charles D. Maloney vs. Adolphus Andrews Jr., Dallas; Vera Draper vs. Liberty Mutual Insurance Co., Lamar; Betty Reed Cook vs. L. David Whitten, Shelby. Motions: Rehearing of causes overruled: The Minnesota Mutual Life Ins. Co. vs. Ethel C. Morse, Bowie; Robert C. Hefner vs. Evis Personel Consultants, Inc. No. One, Travis; Charles Campbell vs. Sanford Chemical Co., Jefferson. Rehearing of applications for writ of error overruled: North East South West 3 O Pass SNT Pass Pass Pass. Opening lead: Five of a preemptive bid of three diamonds, South's three no trump response was a calculated risk with his tenuous protection in the major suits. He reasoned that nine tricks offered the best prospect for scoring a game and if his call ran into a vociferous double, he always retained the option of beating a hasty retreat to four diamonds. East had no trouble reading the message and promptly returned a heart. South put up the king which lost to West's ace and the defenders promptly cashed enough tricks in the suit to set the declarer down by three.

**CONCORD, N.H. (AP)** — "While we're downtown," says the man to his kids, "let's stop at the library and check out some birds." "In addition, of the stuffed variety, are available on a regular library card at the Public Library. One can have them for a month, like a book. There are some small stuffed animals, too. Lois Markey, the library director, says she has 300 to 400 of the creatures to check out. But she doesn't know where they came from. "Many years ago, the city was given a collection known as the Goodhue Collection," she said. Most of it is catalogued and is on display in cases on the upper floor. "In addition, we have some down in our stack area in the basement, which are not catalogued," she added. "We got them in some other fashion, and it is those birds and animals that we allow to circulate." Who would want one? "The first users were artists in general," said Mrs. Markey. "Oils, watercolor, woodcarvers, craftsmen of all kinds. They use them rather extensively." Schoolteachers are another user group. "Then, upon occasion, somebody just likes to have one," she explained, "a piece of decoration."

## DENTAL FALSIES All It Takes Is A Little Pull

By DALE LANCASTER  
Capitol News Service

The dentist, who must remain nameless lest he get into trouble for getting free advertising he didn't ask for, took a picture of a couple of my teeth.

He looked at the picture and shuddered.

He pulled one out. "The rest should come out too," he said.

"I cannot abide with store teeth," I retorted.

"Then you may not abide," was his cheerful rejoinder.

That means measurements, surveys, blueprints, mockups, bits, contracts, twisting, pulling, hemstitching, and the insertion of a mouthful of hardware and crockery.

"R-E-E-VENGE!"

Then will come a period of adjustment, and if I am like most people, that means a few weeks with my lips skipped back and the new ivory gleaming like I was saying, "R-e-e-venge," very slowly.

And probably the things will clatter like castanets when I attempt to say hello or something to people.

That is the bad part, but there is a good part too.

Injecting make the process almost painless. Plates, I am told, really fit pretty well.

A person relaxes in those new dental chairs which look like casting couches, although the real connection between the two is financial.

**TWISTED LOOSE**

Teeth are twisted loose and withdrawn carefully. Gums are sewn and molded and the replacements are slipped into place easily.

It wasn't always like that. Teeth were hauled out with pliers, straight out, leaving little points hanging down. A whiff of gas or chloroform took away a little pain, but not too much. You had a helluva good idea of what was going on.

Impressions were made of plaster of paris before the carnage began, and unless it set too fast and had to be chiseled out, there was no replay necessary.

I remember my grandmother

telling me of a dentist she knew who boasted he had hauled out a mouthful of uppers and lowers in two minutes.

**SOME CHOICE**

Patients in those days were strapped into chairs. Their arms were tied so the dentist would not get a punch in the mouth. Their legs were bound as an added precaution, although dentists in those days — more than 100 years ago — were careful to stand safely on one side.

Dentists' chairs were like barber chairs, I once read, because barbers cut hair if no member of your family would do it, and pulled teeth if your friendly blacksmith was too busy.

There was not much to choose from any of the four options.

Well, however, this venture turns out, the new teeth won't be like that mouthful of engineering George Washington had to wear.

**WOODEN TEETH**

The Father of Our Country had false teeth with plates made of wood, and since they clove loosely to his gums and the roof of his mouth, had springs in the corners so they would open.

That made Washington look hard-jawed and mean. Writers of that day say the general was really very nice, treating his slaves well and seeing that Martha had a nice home and plenty of shopping money.

## Air Tests Under Way

LOGAN, Utah (AP) — Balloon tests by scientists from Utah State University and Toronto's York University may help determine the effect of high altitude aircraft flights on the environment.

The scientists launched the first in a series of test balloons Tuesday from the White Sands Missile Range in New Mexico.

A 200-foot balloon will take an instrument package to the stratosphere, 75,000 feet above the earth. A parachute will lower the instruments through the earth's atmosphere later.

The instruments will measure nitric oxide levels in the atmosphere. Later tests will compare Tuesday's readings with those taken after high altitude flights of aircraft to see how the nitric oxide level is affected by airplane flights.

Dr. Rex Megill, science advisor for the Center for Research on Aeronomy at USU, said that supersonic transport planes (SST) might effect the nitric oxide level. He said many military and transpolar flights are at levels that are sufficiently high to cause concern.

## Anti-Castro Explosions

WASHINGTON (AP) — An anti-Castro organization calling itself the Cuban Secret Government says it placed the bombs that damaged a travel agency and three offices which handle packages for Cuba.

The explosions occurred Monday in Montreal, New York and Miami. There were no injuries, but the organization warned of further attacks against persons and firms who do business with Cuba.

The Communist Party, which opposes Cuba means to recognize them as the legitimate government, a letter received at the Associated Press Washington bureau said.

It said there should be "no more packages for Cuba" except for medicines.

It added: "If the betraying business continues, our attacks will be felt by the publications that dedicate the agencies dedicated to this unpatriotic activities."

"Also we will then attack the persons that work in these places, as well as the owners." An English translation accompanied the Spanish text of the letter.

The blasts occurred at the VA-Cuba Forwarding Co. in Miami, the VA-Cuba office and the Calypso Travel Agency in New York City, and Michael's Forwarding Co. in Montreal.

The FBI joined police in investigating the blasts in New York and Miami.

The letter said a fifth bomb attack occurred at the VA-Cuba offices in Union City, N.J. Police said a bomb threat was received at the Cuban Manufacturing Co., at the address given in the letter, but no explosive device was found.

## Addicts Soar

ATLANTA, Ga. (AP) — The estimated number of heroin addicts in the United States has multiplied 12 times in the last 10 years, an official of the Justice Department's Office of National Narcotics Intelligence reports.

Dan McAuliffe told the annual convention of the National Association of Citizen Crime Commissioners Tuesday there are an estimated 600,000 heroin addicts in the country today, as compared with 50,000 ten years ago.

He said that while the rate of heroin addiction is far higher now than it was before, it is increasing at a slower rate.

### Cool It Santa, Do Your Thing

PHENIX CITY, Ala. (AP) — Perhaps Santa had better stick to sliding down chimneys instead of jumping out of airplanes.

The jolly old man and two of his sidekicks planned to parachute into a shopping center here Tuesday, but things didn't go quite as planned.

One of his elves landed on target but another landed in a drainage ditch, and St. Nick, also unharmed, was found a half mile away dangling from clothes line.

### Inauguration Leaders Named

AUSTIN, Tex. (AP) — Former governor Allan Shivers will be honorary chairman of the committee planning inaugural activities for Gov.-elect Dolph Briscoe and Lt. Gov.-elect Bill Hobby.

Automobile dealer Charles Nash will be general chairman of the committee, composed of Austin residents.

PICTURE-PRETTY-PITCHER — Softball pitcher Tina Banitaka, 22, is pretty as a picture in the field and off as she goes through a practice session recently in Melbourne, Australia, and then improves her suntan in a bikini. She has played softball regularly for the past few seasons.

### Reset Clock

Dear Abby  
Abigail Van Buren

DEAR ABBY: I have always been a "night person." I seem to function much better during the night, and I sleep much better during the daylight hours.

If I get up before noon, I am completely exhausted all day. And if I try to go to sleep before 2 a.m., I toss and turn, and don't fall asleep until daybreak.

What gripes me is that nobody believes there are really "night people." My biggest problem is my husband. He just hates to have me sleep until noon and says it is just plain laziness. You can't imagine how much this has complicated my life. Abby,

Is there a way I can change myself into a day person?

NIGHT PERSON

DEAR NIGHT: Yes. Drag yourself out of bed in the morning and pitch into those chores you formerly tackled after noon. I promise you that nobody will have to rock you to sleep at midnight. At first, you may encounter some difficulty in resetting your biological clock, but it can be done. The key word is "motivation."

DEAR ABBY: We are a married couple in our mid-40s, with four teen-aged children, all living at home.

My husband's brother, Al, is 38 and divorced. Al has been living with a young divorced woman for the last two years. They make no secret of it. On two occasions they came to visit us and I put her in the guest room and Al in a room with one of the boys. Al didn't like it, but I made it plain that what he did away from my home was none of my business, but I was not letting him share a bedroom with his girl friend in my home before my teen-aged children.

My husband says the kids are wise and I am being stupid and hypocritical. Maybe I am, but I wouldn't let any of my own children sleep with a sweetheart under my roof, and nobody else is going to do it either. Am I right or not? K.

DEAR K.: Right ... and right on!

DEAR ABBY: You advised BETTY THE BOOKKEEPER who was being pinched and pawed by an old geezer in the office to tell the boss if Casanova got out of line again.

Well, I had the same problem where I worked and after putting up with an old geezer's advances for a year, I finally told my boss.

Somebody was promptly fired, all right. I was! Casanova said I was imagining things — that he never touched me.

It was my word against his, and I was told I had to have proof. Abby, where could I get "proof" of such actions? He never molested me in the presence of witnesses.

It was suggested that I was mentally "off" and they gave me my notice. And after 15 years with this company, I lost retirement and pension benefits, which meant a lot to me — at age 52.

V. E. IN WEST VA.

DEAR V. E.: Thanks for the suggestion. The office Casanovas will cuss you out, but their victims will bless you.

DEAR ABBY: This is for the woman who said she had to wait for romance until after Johnny Carson. Well, she's lucky. At least Johnny Carson is on almost every night.

I've been married a year and my husband never seems to want anything. Don't tell me to send him to a doctor. He says he's all right, he's just too tired. He never was too tired before we were married. Sign me.

LOVELESS IN WEST VA

Problems? Trust Abby. For a person reply, write to ABBY, BOX 69700, L. A. CALIF. 90069 and enclose a stamped, addressed envelope.

UP TO THEIR NECKS IN WINTER — Slightly warmer temperatures melted a lot of the snow in the Detroit area Tuesday night and it came just in time for these two reindeer who already were up to their necks in it. A few more inches and they would be out of sight. But they wouldn't have cared, because they're only display figures which decorate the lawn of a Verron home.

### Computer Thief Fined

OAKLAND, Calif. (AP) — A Palo Alto, Calif., computer expert has been fined \$5,000 for the telephonic theft of data from a competitor's computer.

Superior Court Judge Harold Howe also put Hugh Jeffrey Ward, 30, on probation for three years, saying:

"I feel that your company is just as culpable as you, and for that reason and because you have now been branded a thief throughout your industry, I'm not going to impose a jail sentence."

Ward, who also had faced a possible 10 year state prison sentence or one year in the county jail, was charged with using a special code by telephone to illegally abstract trade secrets worth \$15,000 from the memory bank of Information Systems Design Inc. of Oakland.

The judge noted that a Santa Clara County jury earlier had ordered Ward's employer, University Computing Co. of Palo Alto to pay ISD \$300,000 in damages.

Ward originally pleaded innocent but changed his plea after the prosecutor agreed to drop a second charge of grand theft.

Court records showed the electronic coding was used Jan. 19, 1971 to fool ISD's multimillion dollar Univac 1106 computer into releasing secrets.

### To Introduce 'Shield Bill' For Newsmen

NEW YORK (AP) — Sen. Lowell P. Weicker Jr., R-Conn., said today he will introduce in the next Congress a newsmen's "shield bill" designed to protect the public's constitutional right to a free flow of information through the media.

He said his "News Media Source Protection Act" differs from numerous bills already introduced because it defines "the complex legal questions of what protection would be granted and to whom."

Weicker made his remarks in a speech to attorneys with the Association of Life Insurance Council.

He said his bill basically provides that:

—"Qualified protection will be granted under very strict circumstances once the case gets to the trial stage." He said disclosure could be compelled only in cases of "murder, forcible rape, robbery, aggravated assault, burglary, larceny of more than \$50, auto theft, kidnapping, airline hijacking and major breaches of national security."

—"Protection be limited to 'legitimate' members of the professional media."

—"Only sources of information and background information that would reveal the identity of a source be protected."

—"Absolute protection be granted before grand juries, congressional committees, commissions, etc., where specific crime has not yet been established." This would prevent, he explained, "fishing expeditions" and the use of the press as an investigative arm of the government.

### New Approach For Gripes

Air Force personnel are soon to have a new method of getting complaints handled, according to Maj. Leslie Hobgood, Webb's wing inspector general.

Each unit within the Air Force is to have a complaint officer; a man separate from commanders who will function as a sort of ombudsman, hearing complaints and taking them to higher offices for action.

Maj. Hobgood said that the right of military members to present grievances is guaranteed by regulations.

"The number of complaints through Congress far outnumber those submitted through military channels," the major said.

The reason for the new post is to provide a man for people to go to who might not want to approach their unit commander or first sergeant, the major said.

"A complaint or grievance can be submitted to him at any time for his immediate action," Maj. Hobgood said. "Any unsatisfied complaint must be forwarded to the next higher authority."

The Wing Inspector said that the new office did not limit the existing methods for getting complaints handled.

"We want to make sure that every member of the Air Force, military and civilian alike, has the right to register a complaint and be confident that action will be taken," the major said.

### Christmas Tree Stumped Him

BOSTON (AP) — Twelve years ago Joseph Mucci planted a seedling in his back yard and nurtured it until it was a 7½ foot blue spruce—his own personal Christmas tree.

Tuesday, while reading his newspaper, "I glanced out the dining room window and I knew something was wrong," the 73-year-old retired construction worker said.

"I called to my wife to come look, and then it hit me that my tree was gone...the best tree I ever had."

The vandals left Mucci only a five-inch stump.

### Federal Funds To Help Alcoholics

AUSTIN, Tex. (A) — A federal grant of \$52,990 was awarded Tuesday to the Deep East Texas Council of Governments to set up centers in Jasper, Livingston and Nacogdoches to help alcoholics in the 13-county deep East Texas region.

The centers will provide individual, group and family counseling and will make known to alcoholics other services that are available.

# Building Planes Became McGuire Family Hobby

By BARBARA LORD

Members of the Keith D. McGuire family at 2603 Lynn have a regular schedule as far as work and school hours are concerned, but on off-duty hours it's hard to say where they'll be or what they'll be doing.

When McGuire returns from his job in civil engineering at Webb Air Force Base, chances are he will go to the city airport and continue work on a 1949 Cessna 170 which the family has rebuilt. The airplane has been a wholehearted family project, and is now used for fairly frequent trips to visit relatives in Oklahoma. It's a four-seater aircraft, but the McGuire children, Keith D. III, 13; Scott, 11; and Julia, 9, can all ride with their parents and stay within the weight limit.

"A plane that old may be considered an antique by some people," said Mrs. McGuire, "but it's safe and very flyable. We spent an awfully lot of time on it, and it took a lot of hard work."

When the craft was first acquired by the McGuires about three years ago, Mr. and Mrs. McGuire asked a mechanic to repair the engine while they stripped it down, took it apart and improved the inside. Mrs. McGuire made seat covers, and other family members worked on various other improvements.

When finally complete and reassembled, they decided they wanted it another color, took it apart again and repainted it.

"Now that everything is going well, Keith wants to start building a glider," said Mrs. McGuire. "He says that's really the best and most peaceful type of flying."

Before embarking on a new airplane, Mrs. McGuire has a few other projects she'd like to tackle. She enjoys staying home, and her creativity shines in both sewing and cooking projects. She makes many of her own and her daughter's clothes.

In the kitchen, Mrs. McGuire describes her methods as the "dibs of this and dabs of that procedure." Except when making cookies or cakes, she seldom refers to a cookbook.

"We eat all the time," said Mrs. McGuire. "Keith and the children tend to be 'meat and potato' people, but I like everything." She said the only conglomerate foods her family likes are Mexican dishes, and other than that they don't care for spicy foods. They don't like casseroles or most foreign dishes, but Mrs. McGuire is basically an "experimenter" if given the chance.

"I usually try new recipes when we entertain," said Mrs. McGuire, "but with all the time lately for entertaining."

"There are so many things we've spent on our airplane, there hasn't been much time I've thought about pursuing but haven't had time for," she said. "Now I hope to find time. I've always wanted to paint, and I think that's something I'd really enjoy."

Mrs. McGuire is also interested in several sports. She likes to bowl, sail, water ski and camp. The outdoor sports are favorites of the entire family. They have a sailboat which they use on Moss Lake as often as weather and time allow.

Mr. and Mrs. McGuire are both from Oklahoma. They have lived in Big Spring for almost three years, which is their longest stay anywhere during their 15 years of marriage. During their three years here, they have lived in three homes in the Kentwood addition, and just recently purchased their present home. She is looking forward to owning their own home and being able to do whatever they want. "I may even get where I enjoy yard work now that we have our own yard," she said.

SNACKING OR DINING, HOLIDAY STYLE  
Fruit, nuts, cheese make centerpiece

## Pretty Holiday Cuisine Makes Edible Centerpiece

Make a lovely edible centerpiece for your Christmas dinner table. Use a round tray or plate about 18 inches in diameter and circle it inside the rim with apples-red, yellow and vari-colored. Inside the ring of apples make a ring of assorted nuts in the shell, and heap the center with individual wrapped portions of several kinds of cheese.

Or you may wish to use one of the following arrangements as a centerpiece.

- 1) Place 4 bright red apple "candlesticks" holding white candles around a cluster of holly, mistletoe and evergreens. To make the "candlesticks" use an apple corer to make openings just large enough in diameter and deep enough to hold the candles safely.
- 2) Choose a pretty basket and fill it with many hued apples and nuts in the shell. Use sprigs of holly or evergreen to soften the arrangement.
- 3) Arrange red apples and wrapped portions of Camembert, Roquefort, Swiss or other cheeses on a tray. Make a garland of Christmas greens around the tray and flank it with white candles.

(Photo by Donny Valdes)

Get Soft Blue Bonnet® Margarine in sturdy 1-pound re-usable bowls. These dishwasher-safe bowls that come in five bright decorator colors have a wide variety of uses all around the kitchen, all around the house. Use them for storing, for serving, for saving. The best part is that our bowls come filled with a pound of that buttery Blue Bonnet taste.

Or buy Soft Blue Bonnet in attractive half-pound decorator tubs to enhance any table. Smooth-spreading Soft Blue Bonnet has that buttery taste that has made Blue Bonnet the margarine America loves best.

## Baked Goods Aroma Presents Holiday Air

Every family has traditions to cherish. For some it may be the annual trip to the country to pick the just-right tree. For others it may be carolling, attending the Christmas pageant, or enjoying the "Messiah" once more. Whatever the holiday treat that brings the family together in warm intimacy, it's nice to continue the glow when you get back home. Try surprising the home brood with a dessert that's so elegant they'll wonder if company's coming. Then assure them the special guests have arrived, and they are those guests.

ADD TO THE SPIRIT OF THE SEASON  
Serve Holiday Coffee Pie

To call this dessert simply Holiday Coffee Pie is to do it an injustice. It's as light and lovely as a cloud of angel-hair.

**HOLIDAY COFFEE PIE**

1 envelope unflavored gelatin  
2/3 cup sugar  
1 1/2 tsps. instant coffee powder  
1/4 tsp. salt  
3 eggs, separated  
1 cup Foremost Homogenized Milk  
1/4 cup bourbon  
1 tsp. vanilla  
1 1/2 cups old fashioned heavy whipping cream  
1 baked 9-inch pie shell with fluted rim  
Candied Orange Peel (optional)

Combine gelatin, one-third cup sugar, coffee powder and salt in top of double boiler, and mix well. Beat egg yolks with homogenized milk. Add to gelatin mixture, set over boiling water. Cook 8 to 10 minutes, stirring, until mixture thickens slightly, and coats a spoon.

Remove from heat and stir in bourbon and vanilla. Cool until mixture begins to thicken and set. Beat egg whites until stiff. Gradually beat in remaining one-third cup sugar to make a stiff meringue. With same beater, beat 1 cup old fashioned heavy whipping cream to soft peaks. Fold meringue and cream into gelatin mixture, and turn into baked pie shell. Chill for several hours or overnight before cutting. When ready to serve, beat remaining 1/2 cup cream just until stiff. Spoon (or, put through pastry tube) onto top of pie and sprinkle with candied orange peel, if desired. Makes 1 (9-inch) pie.

Everything's better with Blue Bonnet on it

12¢ **Save 12¢** 12¢

on a pound of Soft Blue Bonnet Margarine.

TO DEALER: Standard Brands will pay the face value plus usual handling charges, provided you and your customer have complied with the terms of this offer; any other application constitutes fraud. ## Makes Carpets Beautiful For The Holidays

Housewives are so busy getting their homes ready for holiday guests that they haven't time to clean carpets wall to wall. This used to be an all-day chore that could only be accomplished once or twice a year.

Now BLUE LUSTRE has made carpet cleaning so quick and easy that traffic paths and spots may be cleaned and beautified in a hurry, with the use of a Blue Lustre shampoo machine. Colors are restored, and matted nap at doorways and in well used areas springs back almost instantly. It is no longer necessary to clean the entire carpeting. During busy times, the efficient housewife can clean only those areas which are most used. It's as easy as vacuuming and takes only a little longer.

**DEEP CLEANING**  
 The action of the electric powered shampoo brushes provides deep-down cleaning for all types of carpeting, and the frequent use of Blue Lustre with the handy shampoo machine keeps the modern home looking beautiful and well cared for, even when housekeeping is no longer the full time job it used to be.

Don't let the dust in your carpets accumulate until foot traffic lets dust particles settle on your furniture and table tops. BLUE LUSTRE can help you keep your home clean and beautiful. It's available at BIG SPRING HARDWARE.

BLUE LUSTRE CAN HELP YOU KEEP YOUR HOME CLEAN, BEAUTIFUL

ROSEWOOD CHAPEL . . . NALLEY-PICKLE'S RESTFUL SANCTUARY

## Nalley-Pickle Assures Details Of Arrangements

Nalley-Pickle Funeral Home has a long tradition of service to bereaved families in time of need.

Experience of the Nalley-Pickle staff has been relied upon for years, providing security and comfort at a time when survivors of a loved one are heart-broken and confused.

Families of the community have complete confidence in the performance of the Nalley-Pickle staff, knowing from experience and acquaintance that all arrangements will be secured and carried out to the most minor of details.

**ROSEWOOD CHAPEL**  
 Another convenient feature of Nalley-Pickle Funeral Home is the classic, dignified Rosewood Chapel, providing a beautiful setting for the funeral services.

The chapel provides privacy for the family as well as ample space and comfort for the friends of the deceased.

Under the direction of Ernest Welch and J. C. Pickle, Nalley-Pickle Funeral Home is air-conditioned for year-round comfort and provides a large parking lot near the Rosewood Chapel.

## Yule Spirit In Florals

An unusual service of TG&Y, College Park, is a floral department equipped to brighten the home and decorate for parties. Mrs. Penny Hill, a florist with more than a dozen years' experience in all services of a florist shop, is able to provide an artificial arrangement for any occasion.

Mrs. Hill arranges flowers for all occasions and decors. TG&Y has a large and varied selection of vases from elegant urns to cute baby novelties, especially suited for gifting or decorating the home to bolster the Christmas spirit.

Patrons may bring their own materials, flowers, planters, containers for Mrs. Hill to arrange to the needs of the occasion.

TG&Y has artificial greenery, flowers, fruit, vegetables, vases, hanging wrought-iron bird cages, all sizes of styrofoam, flower picks, floral tape florists' tape, flower holders, floral clay, stem wrap and, in other departments, ribbon of all types and colors. Ready-made floral arrangements are always on hand, and your made-to-order arrangement can usually be completed in about 20 minutes.

Also prepared for the Christmas season is the vast TG&Y toy department, stocked with complete lines of famous-name toys and nationally-advertised educational devices for children, all approved and highly-recommended by doctors and psychologists for proper development of the juvenile mind.

PENNY HILL IS TG&Y'S EXPERIENCED FLORIST FOR ALL OCCASIONS

# Telltale Style: Handwriting Switch Can Change Your Life

By JEANNETTE BRANIN  
 Cooley News Service

At 14, Bruce was a crazy mixed-up kid. He was sick, sick, sick. His mother, a student of graphology, took a sample of his handwriting to her instructor. The instructor studied the letter and said that the boy was disturbed, physically ill, chronically fatigued and psychosomatic. "We cannot correct much of it by correcting his handwriting," said the instructor. "KOOKY IDEA" "What a kooky idea," sneered the boy. But he began to take lessons in handwriting that eliminated negative indications and emphasized positive ones. In less than a year, says his instructor, his appetite improved, he abandoned the use of drugs, became relaxed emotionally and improved in his studies.

analysis, said Mrs. Leibel, is rounded lower loop on a note-taking during a lecture, grocery lists, telephone messages or other samples made at a time when the writer is not concerned with the appearance of the writing. "At those times, writing is automatic, not contrived to be attractive, and it tells a story," she said. Some of the stories told are by a strongly crossed t, which indicates strong willpower; a very exaggerated personal pronoun "I" which shows an inflated ego; an i dotted immediately and firmly over the stem, which indicates a good memory, and an extremely fat

### Tip Uncovers Dope Cache

DALLAS (AP) — A casual tip from a Dallas resident led to a \$100,000 seizure of drugs Tuesday night, largest such haul in city history.

The cache was in a Northeast Dallas shopping center parking lot when 15 federal agents posing as shoppers and motorists arrested three young men, one a college student. The arrests ended three weeks of investigation and surveillance.

Cecil Emerson, head of the Department of Justice's drug abuse law enforcement organization, directed the operation by two-way radio.

A spokesman from DALE—a federal program utilizing state and federal narcotics officers—said the organization was given its first tip on the drug-pushing ring by citizens more than three weeks ago.

After checking the tip, Emerson said he and his men realized they were tracking a gang pushing "speed," an amphetamine that Emerson described as "equal to heroin" in its dangers.

The agents seized 147 vials from the men, who Emerson said were selling the drugs in upper middle class white areas of Dallas.

The haul surpassed the \$72,000 worth of heroin seized in a raid at an Oak Cliff home in November.

### TV Newscaster Elected Mayor

HARLINGEN, Tex. (AP) — Ralph Thompson, a television newscaster, won election as Harlingen's mayor.

He defeated Sam Lozano, the first Mexican-American ever named to that office in this South Texas city, 2,275 votes to 1,819. Lozano had served one term.

In addition to being a news announcer for Station KGBT-TV, Thompson is an executive of an advertising agency.

Voters also filled two places on the city commission. The winners were clothing merchant Lewis Levine, who polled 2,459 votes, and incumbent A. B. Chapa, who received 2,456 votes in winning another term.

Losers in races for city commissioner were school teacher Duane Smith, with 1,431 votes, and Raza Unida candidate Arturo Garza, with 884.
