'SHAPED WORLD'

'Giant Gone,' Says Johnson Of Truman

AUSTIN, Tex. (AP) — Former President Lyndon Johnson issued this statement today after the death of former President Harry S. Truman.

"A 20th century giant is gone. Few men of any times ever shaped the world as did the man from Independence.

"President Truman resided over the destiny of this country during one of its most turbulent eras. Never flinching in the face of crucial national choices, his decisions changed the course of human events throughout the world.

"When I last visited President Truman in Independence, I reminded him that it was his vision which led to much of the progress America has made in the health care, aid to education, human rights and so many other programs he urged when they were not nearly so popular.

"I told him that many of these became our laws but they were his dreams.

"Because he championed the cause of the people, he had his critics and detractors, but history is just, and Harry Truman will live on in the memory of free people as one of the greatest men to lead freedom's cause.

"Harry Truman was my friend before he was president. He continued as friend and counselor, guide and inspiration after he left the presidency. When the burdens of that office fell upon me, he was one of the first to call and come to my side, fearing his support and strength. I shall miss him in a most personal and private way, and I shall be grateful all my days for the privilege of having known so great a man."

City's Sales Tax Share Shows Gain

The sales tax check to the City of Big Spring for the third quarter in 1972 showed a \$7,000 gain from the same period in 1971, indicating increased business during the three-month period. The previous quarter had been off slightly.

The check, which arrived at the city last week, was for \$114,454.86 for the city's portion of the sales tax for that period.

In the same quarter in 1971, the check totaled \$107,948.48. The highest quarter is usually the final quarter, and it will reflect whether or not the Christmas shopping season during 1972 outdid the same period last year.

Atlas, Man Noted For Build, Dies

POINT LOOKOUT, N.Y. (AP) — Angelo Siciliano, better known as Charles Atlas, the muscle builder, will be buried Wednesday following funeral services at Our Lady of Miraculous Medal Roman Catholic Church.

Atlas, who claimed he sold his "dynamic tension" body building correspondence course to more than seven million customers, died Saturday in Long Beach, Calif., of a heart attack.

Selected as the "World's Most Perfectly Developed Man" in 1922 and 1923, Atlas still boasted a 17-inch neck, a 47-inch chest, a 34-inch waist and 15½-inch biceps nearly 50 years later.

His wife Margaret died in 1965 after 47 years of marriage. They had a son and daughter.

Infant Abandoned, His Head In Bag

MESA, Ariz. (AP) — A newborn boy was found abandoned outside a motel room with a plastic bag over his head on Christmas Day, police said.

Shortly after dawn, Norman Freemantle, 64, motel manager said he checked the room after the man staying there left.

"I heard the car drive out, because it was awfully noisy," he said. "I went to the room and heard the baby crying outside of the bathroom window."

Mrs. Gerge Cullen, 60, of Stubenville, Ohio, wrapped the baby in a towel and kept him in her motel room until an ambulance arrived. The infant was reported in fair condition at Maricopa County Hospital.

NATION'S 33RD PRESIDENT DIES AT 87

Infirmities Of Age Catch Up With Truman At Last

KANSAS CITY (AP) — Harry S. Truman died today, conquered finally by the infirmities of his 87 years.

President Nixon led the mourning for the nation's 33rd president, calling him "a fighter who was best when the going was toughest." The President also proclaimed Thursday a day of national mourning and ordered flags at federal buildings flown at half staff for 30 days.

Lyndon B. Johnson, now the only surviving former president, lamented the passing of "a 20th century giant."

Truman's wife of 53 years, and his daughter who saw him for a final 20 minutes Christmas Day, were at home in nearby Independence when death came at 7:30 a.m. CST.

In accordance with Truman's wishes, the funeral Thursday will be without the pomp accorded other great statesmen.

He will be buried Thursday at 3 p.m. CST in the courtyard of the Harry S. Truman Memorial Library, Truman's 20th anniversary in the White House.

Truman was the last of the great World War II figures, preceded in death by Dwight D. Eisenhower, Winston Churchill and Josef Stalin.

He was the president who set the United States against global communism in the Cold War that followed World War II. He ordered use of the atomic bomb to end World War II, extended unprecedented help to nations resisting Soviet domination, and ordered troops into Korea when Communists began their invasion of the south.

"Recognizing the new threat to peace that had emerged from the ashes of war, he stood boldly against it with his extension of aid to Greece and Turkey in 1947 — and the Truman Doctrine" this established was crucial to the defense of liberty in Europe and the world," Nixon said, adding:

"In launching the Marshall Plan, he began the most far-sighted and most generous act of international rebuilding ever undertaken. With his characteristic decisive action in Korea, he made possible the defense of peace and freedom in Asia."

The hospital attributed Truman's death to the "complexity of organic failures causing a collapse of the cardio-vascular system."

Truman entered Research Hospital three weeks ago today — after fighting lung congestion at home for two weeks — and had been in a coma since early Saturday. Earlier in his hospitalization he appeared to be rallying, but the combination of respiratory problems, hardened arteries and kidney disease were too much for the old man.

EX-PRESIDENT HARRY S. TRUMAN

Truman Visited BS As Senator

President Harry S. Truman once visited Big Spring briefly — only he was Sen. Truman then.

It was during World War II, and Sen. Truman had been named chairman of the war-profits investigating committee. Instead of letting this become a perfunctory assignment, he pitched into it with characteristic directness, and soon was vaulted into the public eye. This may have been one of the things which induced Franklin Delano Roosevelt to select the Missourian as his vice president.

At any rate, Sen. Truman flew into Big Spring aboard commercial airliner, (Big Spring then was air hub of West Texas) and drove from here to Lubbock, where he had an engagement. He was met by a number of Big Spring officials and Democratic party leaders.

He was affable and seemed unhurried in his visit, laughing and chatting, while making some of the peppery comments for which he was noted.

Enroute to Lubbock, the car in which he was riding developed motor trouble. Sen. Truman piled out, rolled up his sleeve, raised the hood and worked on the balky motor until it was running again.

Those who had met him here and got him on his way to the engagement little realized they were talking to the next president of the United States.

Prime Lending Rates Boosted By Big Banks

NEW YORK (AP) — A string of major commercial banks, including the country's third and fourth largest, followed the lead of two other big banks and boosted their prime lending rates today from 5 3/4 to 6 per cent.

Chase Manhattan Bank, No. 3; Manufacturers Hanover Trust Co., No. 4; and Chemical Bank and Marine Midland Bank increased the cost of borrowing for their most credit-worthy customers in the face of the Nixon administration's campaign to control inflation by keeping the lid on bank interests rates.

"We are keenly aware of the federal government's desire to moderate upward rate pressures as a part of its effort to bring inflation under firmer control," a spokesman for Chase said.

THURSDAY IS SET ASIDE

KEY ESCAYNE, Fla. (AP) — President Nixon proclaimed Thursday as a national day of mourning for former President Harry S. Truman and directed that flags on all federal buildings and facilities be displayed at half staff for the next 30 days.

Attacks Are Resumed On Vietnam Targets

SAIGON (AP) — U.S. B52 bombers and fighter-bombers resumed attacks on the Hanoi and Haiphong areas of North Vietnam today after a 36-hour bombing halt for Christmas, the U.S. Command announced. The Command also reported

that American air strikes had resumed across South Vietnam at dusk Monday following a 24-hour cease-fire. The Command made no comment on air operations in Laos, but other U.S. officials said they had continued through

Christmas with no apparent let-up.

The Command did not explain why the bombing halt in the North lasted longer than the cease-fire in the South. Nor would it say whether the attack was resumed on the massive scale employed last week, when the raids were the heaviest of the war.

CASTRO MAY DECREE IT Death Sentence For Criminals?

Copley News Service

MEXICO CITY — No Cuba watcher still claims that Premier Fidel Castro or his brand of communism have solved Cuba's economic problems.

That effort would be futile, what with Castro's own admission that even cane sugar, of which Cuba is traditionally the world's No. 1 producer, is rationed, and his frequent protests that the United States "economic blockade" is hurting Cuba.

But some Cuban apologists seek to make it appear, nevertheless, that Castro is giving his people something more, and better, than the consumer goods and prosperity they would like.

Honest government, schools, medical care, social services, jobs for almost all, it is said, have strengthened the Cuban people morally, giving them a healthy attitude they lacked when Cuba was widely considered little more than a playground for rich Americans and other foreigners. Claims are often made that there are no prostitutes, no beggars, no drug peddlars or addicts, not even any hippie types in Cuba.

PECULIAR TO OTHERS In fact, Cuban propagandists often broadcast long commentaries seeking to prove that prostitution, idleness, the use of drugs and other such manifestations of social problems are peculiar to the capitalist countries, the United States, the nations of Western Europe and most Latin American countries.

By dint of repetition of the theme, it can begin to sound plausible.

True, there are never any reports of student riots in Havana, or of Cuban school-children smoking marijuana, or of shoplifting during the holiday season, or any of the rest of it.

But then, if you happened to be listening to the Cuban radio news broadcast at 5:30 a.m. Saturday, Dec. 16, you might have reason to wonder.

Cuba is considering imposing "the penalty of death for repugnant common crimes," listeners were told.

As the newscaster said, "Article 25 of the Fundamental Law establishes the general prohibition of the death penalty except for counterrevolutionary crimes."

EXTENDED

U.S. officials had indicated earlier that the bombing halt over North Vietnam had been planned for 24 hours and had been extended on an hour-to-hour basis while President Nixon awaited some sign from Hanoi that it was ready to agree to his peace terms.

A statement by Soviet Premier Alexei N. Kosygin touched off speculation that he might have been in touch with Nixon. Tass, the Soviet news agency, reported that Kosygin told Ambassador Vo Thuc Dong of North Vietnam that the Soviet government expects immediate termination of the bombing and signing of a cease-fire agreement. But observers in Moscow interpreted Kosygin's remarks as an expression of desire rather than a prediction.

The roadblock to a peace agreement has been the U.S. demand that Hanoi recognize two separate states in Vietnam, retreating from the concept of unification promised in the 1954 Geneva Agreement that ended the French Indochina War.

The U.S. Command refused all comment on the bombing cessation, which other officials said began before midnight Sunday as part of the allied cease-fire for Christmas.

Radio Hanoi has reported no air attacks after Sunday night but said today that U.S. B52 bombers destroyed the Bac Thai provincial hospital and sanatorium north of Hanoi.

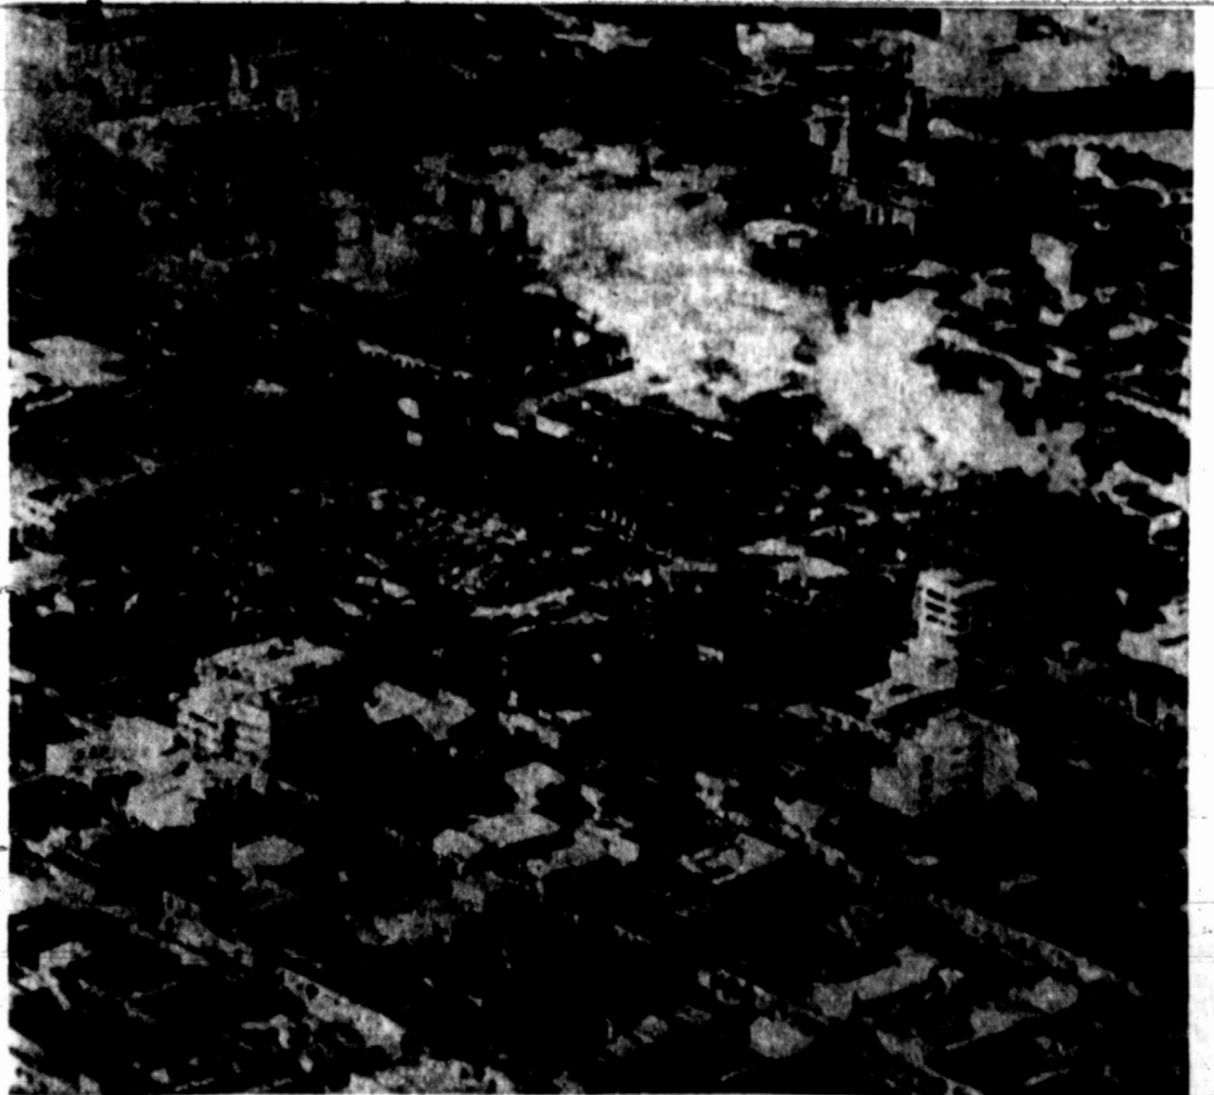

Ex-Resident Slain

Funeral services will be held tomorrow in Carruthers, Calif., for Mrs. Mabel B. Pugh, former Big Spring resident, who was found beaten to death Sunday in her cafe in that city. She had been managing the cafe only four days. Survivors include a daughter, Mrs. C. C. Christianson, Big Spring, a son, Roy Martin, Salina, and her parents, Mr. and Mrs. Ben Leap of Carruthers.

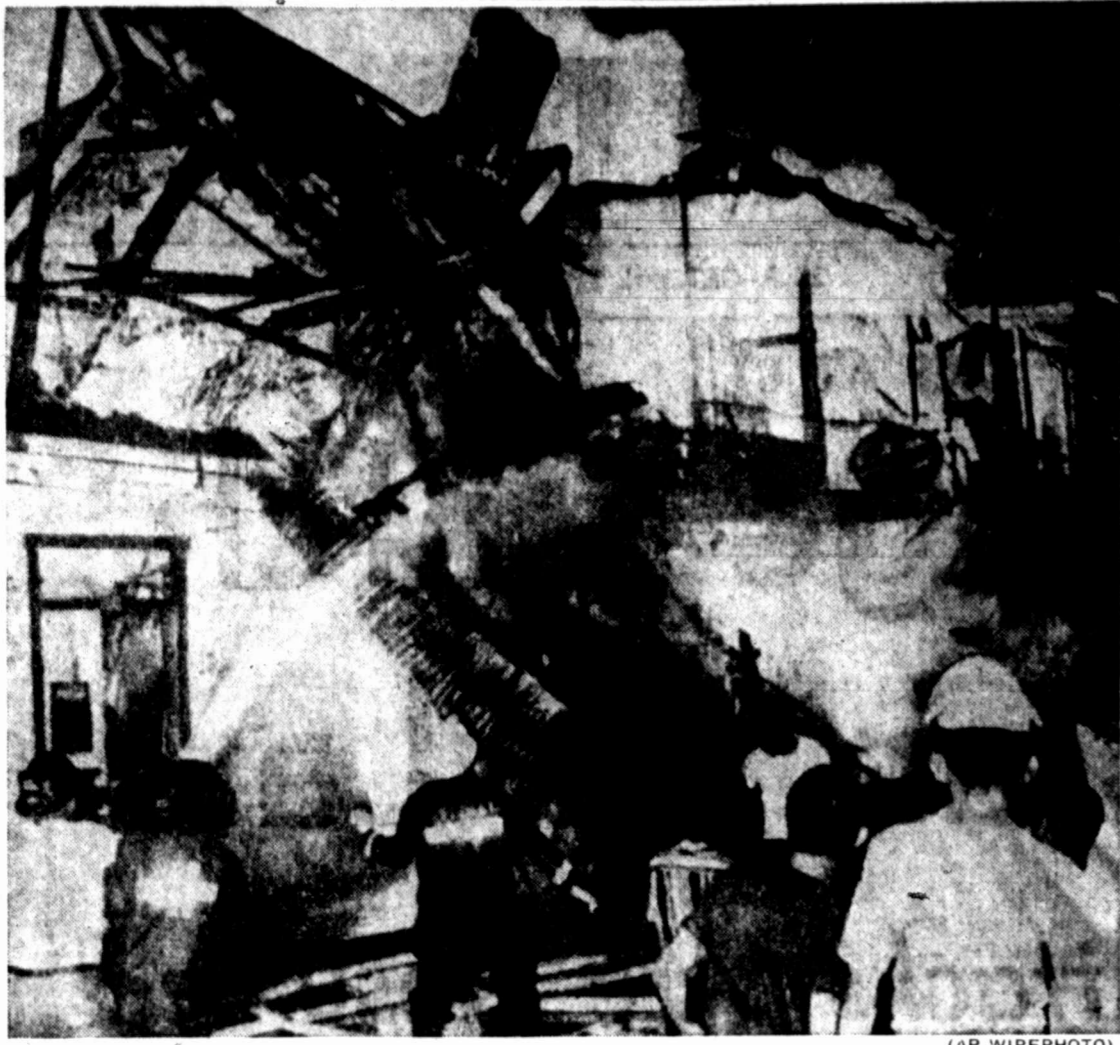

TRUMAN BURIAL SITE—This view of the garden court area of the Truman Library is where former President Harry S. Truman will be buried Thursday. The site is

between the sundial (left) and the large double windows of his office (under canopy at right).

MANAGUA STILL BURNS—Fires still burn in the center of Managua on this Christmas day. Large white building at upper right of photo is the new opera house.

26 DECEMBER 26

TENEMENT FIRE LEAVES ONE DEAD, 1,200 HOMELESS — A wall falls as firemen fight a tenement fire at Panama City, Panama, the night of Dec. 24, that left one 3-year-old girl dead and 1,200 homeless. Twenty-one houses were destroyed.

More Than 530 Die In Auto Accidents

By The Associated Press
A long Christmas weekend ended today after cease-fires in Vietnam and Northern Ireland, more than 530 dead in U.S. traffic accidents and appeals for peace from religious leaders.

U.S. bombing of North Vietnam resumed this afternoon, Saigon time, after a 36-hour halt for Christmas. U.S. officials in Saigon said President Nixon had hoped the halt would bring the North Vietnamese back to the negotiating table, but it didn't.

Both the South Vietnamese and Viet Cong declared 24-hour cease-fires, but each side charged the other with numerous violations. The Saigon command said the Communists launched 58 attacks during the truce periods in which 45 South Vietnamese and 60 North Vietnamese and Viet Cong were killed.

Northern Ireland had one of its quietest weekends, with only three minor shooting incidents Sunday night in which no one was hurt. The Roman Catholics of the Irish Republican Army proclaimed a three-day cease-fire, and Protestant extremists also were quiet.

Pope Paul VI, giving his blessing to a crowd of 15,000 in St. Peter's Square, used 16 languages—including Vietnamese—to wish the world a blessed Christmas in the joy and peace of Christ. The Roman Catholic primate of Poland, Stefan Cardinal Wyszynski, speaking at Warsaw's St. John's Cathedral, called on America's Catholic bishops to make "utmost efforts to stop the bloodshed of innocent children and people" in Vietnam.

In a traditional Christmas broadcast, Queen Elizabeth II called on her subjects to pray for the people of Northern Ireland. "May tolerance and understanding release the people from terror and put gladness in the place of fear," she said.

German Flees To Freedom

HOF, Germany (AP) — An East German electrician caught Communist border guards napping early today and rammed his speeding auto through three border barriers on the Berlin-Hof autobahn to escape into West Germany, Bavarian police reported.

Not realizing he had already crossed the border, the refugee kept his foot on the gas and shattered another autobahn crossing gate manned by Bavarian border police. The police gave chase to the battered car.

When they caught up with the electrician, his first question was: "Am I in West Germany?" Assured that he was, the refugee gave a sigh of relief.

"Apparently the entire East German guard detachment was asleep. There was no reaction at all on the other side," a police spokesman said.

The refugee, 18, gave personal and political grounds for his escape. He told police he took advantage of the predawn fog and a letup of the Christmas holiday traffic to make his escape.

Lamesa Steps Up Its Old Building Drive

LAMESA (SPL) — The walls of Big Spring highway just south of the intersection of South Lynn and South Dallas Tuesday morning was the 14th piece of property to be cleared through the efforts of the city.

According to City Secretary Ben Allen, who has devoted much time to securing permission from property owners to demolish many of the old, abandoned buildings: "We've just started. Our problem is in locating the owners to get permission to tear the buildings down. Most aren't worth anything."

Allen has been assisted by Billy R. Smith, South Plains sanitarian. Owen Taylor, chairman of the community pride committee of the Chamber of Commerce has also been involved in the campaign.

The program does not cost the property owner anything. In some instances it is to the advantage of the property owner to have the structures demolished, thus lowering taxes.

The destruction of the old buildings was delayed as city crews were kept busy earlier collecting old junk cars to be crushed. City Manager Carroll Taylor said that the auto crusher has completed the job here this week and that some 350-375 old cars processed.

Many more such vehicles are still scattered around the town but these will simply be piled up and buried in Lamesa's landfill project as they are collected in the future.

Christmas Was Very Quiet Day

Big Spring police reports indicate that Monday was a quiet day with only one minor accident inside the city limits.

At 10:24 p.m. a car driven by James Savell, Snyder, was in collision with a pedestrian, Zaragaza Rios. Rios was treated for head cuts at a local hospital. The accident happened at 809 Lamesa Drive.

Other Christmas Day incidents included a report from Paula Martinez, 407 NW 9th that her son had been shot in the cheek with a BB gun; also a car fire at 9:36 p.m. at NE 8th and Aylford, the blaze was extinguished quickly.

Bond Fixed, But, No Charges Filed

A 28-year-old Detroit man was in county jail today after being arrested 2 p.m. Sunday. Peace Officer Gus Ochotorena set bond at \$5,000 but no complaint had been filed in connection with alleged possession of narcotic paraphernalia.

Texas Highway Patrolmen Kenneth Maxwell and Bill Priest arrested the suspect.

Borden Test Returns Oil

Dawson County gained the fifth producer in the Ackerly North (Cisco) field today when the Continental No. 2 Gonzell Hogg rated 302 barrels flowing.

In northeastern Borden County, H L Brown No 1-38 Miller, loomed as a reef strike when it recovered oil and gas on one of two drillstem tests.

COMPLETIONS

DAWSON
Ackerly North (Cisco) — Continental Oil Co. No. 2 Gonzell Hogg, 47 from the south and 1.6 from the east line section 10-34-40, T.4P, 13 miles southeast of Lamesa; total depth 8,775; set 5 1/2-in. at 8,769; perforations 8,677-8,736; acidized with 3,000 gallons; initial flowing production, 302 barrels 41-gravity and 19 barrels water through 14 1/2 choke gas-oil ratio 41.7; 1 1/2 cubic feet per hour recovered and 1 1/2 cubic feet of gas and 2,000 oil and gas-cut drilling mud; one and a half hour initial shut-in pressure 3,128; flowing pressure, 27.55; final two-hour shut-in pressure 3,070. Took a second drillstem test from 7,712-7,736; open two hours 18 minutes; recovered 74 feet of mud with trace of gas. Sample chamber recovered and 1 1/2 cubic feet of gas and 2,000 oil and gas-cut drilling mud; one and a half hour initial shut-in pressure 2,698; flowing pressure 33.67; four hour shut-in pressure 2,778.

DAWSON
Tamarack Corp. No. Cantey drilling at 6,630 in line.

Continental No. 3 Barrett drilling at 6,630 in line.

Continental No. 1 Maxwell drilling at 6,630 in line.

Merren and Montgomery No. 1 Pauline drilling at 6,620.

Claims Attempt To Abduct Her

A 14-year-old girl told sheriff's officers she fled from two men who tried to force her into their vehicle at the Westside Park about 8 p.m. Monday.

One of the men held a large revolver, she claimed. She said she ran to a nearby house, and the men left the scene.

Deputy Sheriff Al Lee and Sgt. Robert Puente investigated.

Wreck Victim Is Improved

Brenda Lucille Hurst, 19, Landover, Md., was in slightly better condition at Cowper Hospital this morning with a brain concussion and compound fracture of the left arm.

She was the pedestrian injured in a cattle-trailer and cotton-trailer accident 4:30 p.m. Friday on IS-20 near State 176.

Yule Project Was Signal Success

It must have been a good Christmas; at least it was for Maj. and Mrs. Donald Nelson of the Salvation Army, knowing that there were no last-minute calls for persons missed in Christmas remembrances.

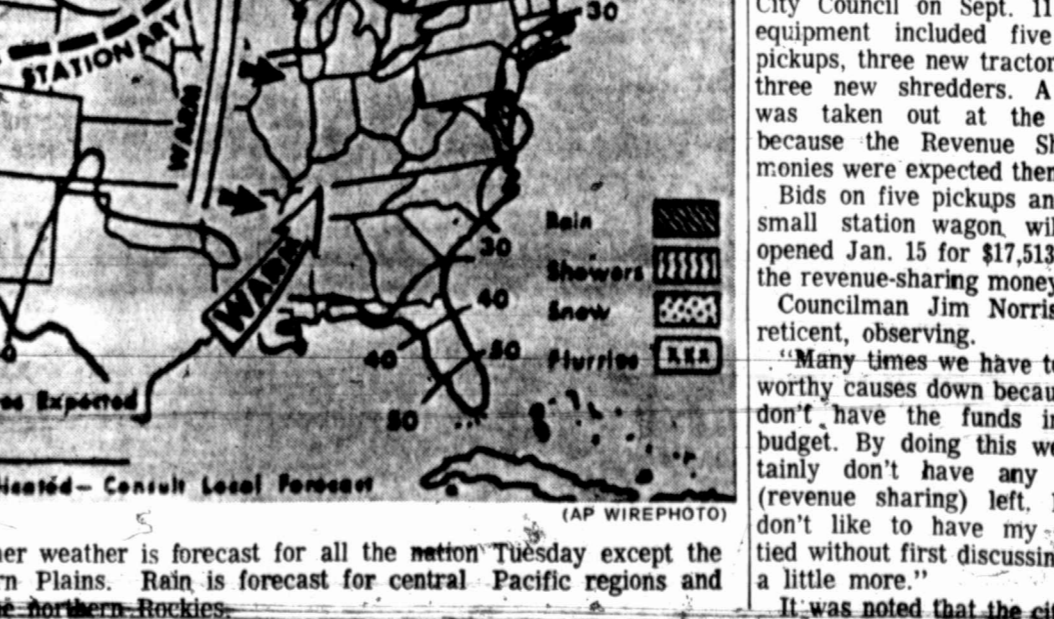

Mr. Nelson said today that in contrast to former years, there were no calls on Christmas Day of families missed.

He and two co-workers visited the Veterans Hospital and distributed 230 packages of toiletries to climax the Christmas project. Earlier they had made similar distributions to the residents of the Big Spring State Hospital, also Big Spring Nursing Inn and Mountain View Lodge.

It appeared that collections will be enough to take care of the entire operation, he said. More than \$7,000 was received, but there was no final check. Many clubs helped in manning the kettles, but it appeared that the DeMoyses had set the pace.

Man Is Treated

A 20-year-old Big Spring man was rushed to a local hospital Saturday night with what police said was an apparent overdose of heroin, there have been no charges filed in connection with the incident.

WEATHER FORECAST—Warmer weather is forecast for all the nation Tuesday except the Pacific Northwest and northern Plains. Rain is forecast for central Pacific regions and snowbursts are expected in the northern Rockies.

All Of County In District

The Howard Soil and Water Conservation District (SWCD) is now encompassing the entire County completely and exclusively.

A certificate approving transfer of about 40 sections in the Forsan area from the North Concho River SWCD to the Howard SWCD arrived last week. The Secretary of the State of Texas signed the certificate approving action taken earlier by both SWCD boards.

Boundary lines originally were based on the outline of the North Concho River watershed, said Gerald Miller, conservationist with the Soil and Water Conservation Service.

His office has been and also will continue to serve this area as well as the south part of Borden and the north part of Glasscock.

Building Job Is Negotiated
Negotiations were still underway today with the low bidder on the construction of an educational Big Spring Educators Federal Credit Union building.

In a second meeting, the board agreed to accept the low bid of D. D. Johnston pending further negotiations.

The 2,230 square foot building is scheduled to be constructed on the northwest corner of 12th and Benton.

Council Retires Equipment Debt

LAMESA (SPL) — The Lamesa's revenue-sharing funds will be used primarily for the purchase of new city equipment, according to the city council.

A resolution appropriating \$42,099 from the federal revenue-sharing money was passed to pay off a loan for the purchase of new city equipment authorized by the City Council on Sept. 11.

The equipment included five new pickups, three new tractors and three new shredders. A loan was taken out at the time because the Revenue Sharing monies were expected then.

Bids on five pickups and one small station wagon will be opened Jan. 15 for \$17,513 from the revenue-sharing money.

Councilman Jim Norris was retiring, observing.

"Many times we have to turn worthy causes down because we don't have the funds in our budget. By doing this we certainly don't have any funds (revenue sharing) left. I just don't like to have my hands tied without first discussing this a little more."

It was noted that the city has been holding off on calling bids on garbage trucks since the council has not agreed on the type of collection system it will approve.

The city of Lamesa received \$59,612 in revenue-sharing money in its first check. A similar check is expected in January to finish out the payments for 1972.

DEATHS

Wm. H. Meeks

LAMESA — Services will be 3 p.m. Wednesday for William Henry Meeks, Dawson County deputy sheriff, who died in a hospital here Monday at 3:45 a.m. He had been a resident of the Welch community for 42 years.

Rites will be conducted in the First Baptist Church here with the Rev. Bill Hardage, pastor, officiating, assisted by the Rev. Abe Hester, Second Baptist minister, and Rev. Harvey Whittenberg, pastor of the Welch Baptist Church. Burial will be in Lamesa Memorial Park under direction of Branon Funeral Home.

Mrs. A. F. Hill

Funeral services were to be held at 2 p.m. Tuesday in Nalley-Pickle Rosewood Chapel for Mrs. A. F. (Pearl) Hill, 79, who died Friday.

Funeral services will be held at 2 p.m. Wednesday at Nalley-Pickle Rosewood Chapel with the Rev. Richard Melton officiating. Burial will be in Mt. Olive Cemetery.

Mrs. Opal Walker

Mrs. Opal Walker, 61, died in Lubbock Dec. 24 at 7:30 p.m. Funeral services will be held at 2 p.m. Wednesday at Nalley-Pickle Rosewood Chapel with the Rev. Richard Melton officiating. Burial will be in Mt. Olive Cemetery.

M. McDonald

Margaret Dena McDonald, 70, of Odessa, died at 1:30 a.m. Saturday in a Big Spring hospital after a long illness.

Services will be at 3 p.m. today in Hubbard-Kelly Funeral Home. Burial will be in the Sunset Memorial Gardens. She moved to Odessa in 1933 from Borger.

Alanzo Wilson

LAMESA — Alanzo Wilson, 62, died Monday in Medical Arts Hospital here after being hospitalized two days. Services will be at 2 p.m. Thursday in the Macedonia Baptist Church with the Rev. A. L. Demeron, O'Donnell, officiating. Burial will be in the O'Donnell cemetery under direction of Branon Funeral Home.

Herman Davis

Graveside services will be held at 11 a.m. Wednesday in the Colorado City Cemetery for Herman D. Davis, 70, who was found dead at 3:40 p.m. Sunday at his home at the Warren Apts. on the Lamesa Highway.

Tom Yoakum, minister of the 22nd and Austin Street Church of Christ will officiate with Nalley-Pickle Funeral Home in charge of arrangements.

Born Jan. 23, 1902 in Sulphur Springs, he moved to Big Spring in 1936. He was a car salesman and a veteran of World War II.

Survivors include a brother, T. A. Davis, Arkansas Pass, five sisters, Mrs. Tommy Coker, Arkansas Pass, Mrs. A. T. Broadwell, Roswell, N.M., Mrs. Marie Letcher, Big Spring, Mrs. Daisy Bodine, and Mrs. Leatrice Joy Holstead, both of Midland.

Demetrio Rocha

Funeral services will be 10 a.m. Wednesday at Sacred Heart Catholic Church for Demetrio V. Rocha, 66, who died Christmas at 6:30 a.m. in a local hospital.

The Rev. James Delaney pastor, will officiate and burial will be in Mt. Olive Cemetery with Nalley-Pickle Funeral Home in charge.

Born Dec. 22, 1906 in Leon Guanajuato, Mexico, he moved to Big Spring from San Marcos in 1940. He was a member of Sacred Heart Church, the Holy Home Society, the International Union of Oilers. He retired three years ago from Texas and Pacific Railroad for which he had worked 20 years.

Survivors include his wife, Monica of Big Spring; five sons, Guadalupe Rocha, Jose Rocha, Marcos Rocha and Domingo Rocha, all of Big Spring, and Roman Rocha, Seguin; four daughters, Mrs. Bernerarda Alvira, Mrs. Elodia Galindo and Miss Teresa Rocha, all of Big Spring and Mrs. Mary Jane Leiva, Killeen.

He also leaves one brother, Tranguilino Rocha, Big Spring and one sister, Mrs. Elodia Ayala, Big Spring; and 16 grandchildren.

Grady Price

LAMESA — Last rites will be said 10 a.m. Wednesday in the Bryan Street Baptist Church for Grady Price, 69. Mr. Price died Dec. 25 in a hospital in Big Spring.

The Rev. J. P. Jones, Bryan Street pastor, will officiate. Burial will be in the Lamesa Memorial Park under direction of Branon Funeral Home.

Cuba Rebuffs Mexico On Air Pirates, Too

Capley News Service
MEXICO CITY — Those who expect something worthwhile to come out of the U.S. negotiations on aerial hijacking with the Cuban dictatorship should consider Mexico's experience with the regime of Premier Fidel Castro.

Mexico is the only American republic that never turned its back on Castro. In fact, it was Mexico that granted asylum to the then clean-shaven revolutionary when the former Cuban dictator, Fulgencio Batista, declared an amnesty in 1955 that let Castro out of prison after he masterminded the assault on the Moncada barracks July 26, 1953.

It was Mexico that closed its eyes to the fact that, on Mexican soil, he was gathering and training a small invasion force to be used against the Batista government.

It was Mexico that let Castro sail from Tuxpan, on the Gulf coast, Nov. 25, 1956, to launch the 26-month-long guerrilla campaign that eventually catapulted him into power when Batista gave up New Year's Day, 1959.

And it has been Mexico that, in subsequent years, steadfastly maintained formal diplomatic and trade relations with the Castro regime, despite the

decision of the majority of the Latin American countries not to have anything to do with the Cuban Reds.

Yet what has Mexico gotten out of the arrangement, besides the satisfaction of an "independent" foreign policy?

About the same as the other hemisphere nations.

ON GOOD TERMS

Cuba's recent rejection of a Mexico request that the nine hijackers who diverted a Mexican jetliner to Havana Nov. 8 be returned for prosecution in Mexican courts suggests that.

The Mexicans seized the plane as it left the northern industrial city of Monterrey and demanded and obtained cash and the release of a number of persons being held in northern Mexican jails, before forcing the pilot to fly to Cuba.

The plane, its crew and its passengers were returned to Mexico.

But not the hijackers.

MOTIVATED

Mexico's extradition petition was turned down by the Cuban Communists because, they alleged, the government of Cuba reached the conclusion that the skyjacker "acted, guided by motives of a political nature." The Cuban Foreign Ministry note did acknowledge that the group had brought with it "a large sum of money obtained by force from Mexican authorities" and said that therefore the nine would be tried by Cuban courts for possible violation of Cuban law. The Cuban note concluded by proposing that Mexico join in a bilateral agreement that would cover aerial piracy.

That report, of course, enraged most Mexican newspapers.

El Herald noted the contradiction between the Cuban decision that the nine were political refugees and the pledge that they would be brought to trial on criminal charges.

"Why try them if it has already decided they are political offenders?" El Herald asked. "This is one more demonstration of how the present Cuban regime shows its gratitude for the deferences our country has had with it."

The Mexican Foreign Ministry accepted the Cuban explanation without protest, however.

Moslem Rebs Down Plane

MANILA (AP) — Moslem dissidents reportedly shot down a Philippine air force C-47 with a crew of seven during fighting on Christmas Eve in "an increasingly tense situation" in southern Sulu province, the Philippine military said today.

The report, which said the fate of the seven men was still unknown, came as military authorities reported continued fighting between the military and Moslem dissidents, numerous attacks on military units by armed Moslem bands, growing casualty lists on both sides and an increasing refugee problem in the combat areas.

President Ferdinand E. Marcos said in a statement he had evidence that "foreign trained troops" were fighting on the Moslem side, but did not elaborate.

A military spokesman said at least 46 Philippine soldiers have been killed in the fighting since September. This figure did not include the missing airmen.

Moslem casualties were placed at 92 dead. Unofficial reports reaching Manila from the south gave much higher figures.

The Daily Express, quoting a report by Defense Secretary Juan Ponce Enrile, said there were a half a million refugees in the areas of Mindanao island where the fighting has been going on.

There have been clashes in recent years between Moslems and Christian settlers moving into their lands. Fighting between Moslem bands and the armed forces in the southern Philippines has been going on sporadically since Marcos declared martial law Sept. 22 and began disarming private armies and rounding up firearms. The Moslems have generally refused to surrender their arms to the predominantly Christian military.

Slashed And Slain

FABENS, Tex. (AP) — Sheriff's officers reported Coreen Flowers, age undetermined, was slashed across the throat and killed Monday night at a Fabens cafe. They held a man without immediate charge.

Poisoning Case

Your Good Health
Dr. G. C. Thosteson

Dear Dr. Thosteson: You wrote about calling the nearest poison center if a child ate or drank something poisonous. Well, at 7 o'clock one morning our one-and-a-half-year-old son walked in carrying a can of charcoal starter.

We could smell some on his breath but didn't think he actually drank any. I couldn't get hold of our doctor or his associate and called the poison control center. They said they were sorry, they couldn't give us any information or tell us what to do. We finally got in touch with our doctor and it turned out fine.

But would you please tell me what good is the poison center in our town (Austin, Tex.) if they will not say a thing but "I'm sorry" when you need help? — Mrs. J. T., Jr.

It's still a lot of use when a doctor needs to know what is in some product or another, from shoe polish to hair tonic, that some toddler has swallowed. If he knows what's in it, he can do a lot more than he can if he has to work blind. So don't sell the center too short.

However, you and many other readers may profit by knowing that not all poison centers work the same way. Some supply information only to doctors. At the other extreme, some centers guide people from the first phone call. What did the child (or adult) swallow? How much? How is he reacting?

Then they can say, "Get a doctor at once," or in many cases, "Go fast as you can to a hospital emergency room." Or if the case is obviously not serious, they tell what to do at home — such as time, trouble and money, if the matter doesn't require hospital care.

Some centers conduct repeated educational campaigns; others don't. Some are staffed with doctors or other trained personnel; some aren't.

They all serve a purpose. All are good. But the extent of service depends on how much financial support they have, and a variety of other factors. Do they have a staff qualified to give direct advice? Or are they limited to a staff that can dig out reference material for physicians who need it?

Poison centers aren't federal agencies. They are local — although they have a network by which information can be fed into centralized files. Centers are set up to suit the communities in which they are.

Dear Dr. Thosteson: You intimated that it is not necessary for one to know his blood type in advance. Why, then, does the state of New Hampshire require this in-

formation when you apply for a fishing license? — C. E. R. Jr.

Search me. Why not ask the state of New Hampshire? If the answer sounds interesting, let me know.

Dear Dr. Thosteson: I had a hysterectomy 15 years ago and am now in my middle 40s. I have been taking hormones, 21 days, then stop for seven, but have heard this causes cancer. — L. F. S.

No, it doesn't cause cancer. If some types of cancer are present, the hormones can accelerate growth and then it is, of course, necessary to stop the hormones. But it doesn't CAUSE cancer.

Arthritis sufferers can be helped. Dr. Thosteson's booklet discusses many types of arthritis and related joint diseases as well as effective treatments and medications. For a copy of "How You Can Control Arthritis" write to him in care of the Big Spring Herald, enclosing 35 cents in coin and a long, self-addressed (use zip code), stamped envelope.

FOCUS ON FAMILY LIVING

Blooming Gifts Need Care To Stay Healthy

By SHERRY MULLIN
County Extension Agent

Through flowers we convey our love, extend best wishes, show admiration and demonstrate good will. Since plants have a longer life than cut flowers and, like true affection, grow with time, they have an even greater appeal that makes them ideal Christmas gifts.

If you should receive a flowering plant as a gift, you can keep it healthy and attractive if you use the following care advice. Remember, however, all plants require extensive care to bloom again and authorities say you should generally consider them as long-lasting cut flowers to be discarded after blooming.

Flowering plants usually need indirect bright light and cool temperatures, particularly at night. You also should provide a humid atmosphere by placing plants in a tray filled with moist gravel or sand. Water the plants thoroughly, but only when the soil is dry. Remove withered blooms and damaged leaves.

Christmas Pepper: Late in the year this small tropical shrub is covered with ornamental red, yellow and green fruit. To make the most of the plant's good looks, give it warmth and even moisture, and shield from direct sun.

Azalea: With good light and no hot afternoon sun, this plant will bloom several weeks if kept moist and in a cool spot (50 to 60 degrees), and fed every two weeks with liquid house-plant fertilizer.

Holly: Always considered a sign of friendship, holly is now a traditional holiday decoration. A male and a female plant are both essential if berries are ever to grow. Holly needs light and should be kept moist and cool. Transplant outdoors in spring.

Cyclamen: With colorful flowers and handsomely shaped leaves, this is one of the showiest Christmas houseplants. Give it good light, but not afternoon sun, and it will bloom until Easter.

Dwarf Orange: This is an excellent tub plant that produces flowers and fruit intermittently. To keep plant healthy, give it good light and even watering. Feed biweekly — less often in late fall and early winter.

Poinsettia: Often called "Christmas Star" because of its showy, star-shaped bracts, it can bloom up to six months with proper care. A poinsettia needs warmth and a lot of light, but should be watered only when soil is dry.

Amaryllis: Buy it in bloom or, to please a child, buy a potted bulb that hasn't begun to show its stem. With water and light, the bulb will sprout and lily-shaped flowers will appear eventually. Keep watered and feed biweekly.

Gloxinia: Here's a fine house-plant with spectacular bell-shaped flowers that bloom for months if plant is kept moist and fed every two weeks. When last blossom is gone, cut off foliage and stems. If new growth doesn't appear soon, allow the plant to dry out and store it where light is dim and temperature is between 50 to 60 degrees. When new growth finally appears, move plant back into light; begin watering

and feeding to encourage bloom. **Christmas Cactus:** In early December, carmine-red pendants begin blooming on its glossy green, leaflike joints. To prolong flowering, feed plant every two weeks and keep soil moist. Move it outdoors under a shade tree in summer, until cool nights begin.

A HEEL OF A FISHBOWL—Instead of a shine, this shoe needs to be fed. Shoe salesman Bill Shullan of Hartford, Conn., looks through the glass heels of the "El Padrino" creation, which holds a live goldfish. The little creature is fed and cared for through an insole vent of "El Padrino" (the Godfather), which is a display item not for sale.

Open House Set For Former Area Residents

Mr. and Mrs. C. O. Jones of Boswell, Okla., formerly of the Knott, will be honored for the 50th wedding anniversary Dec. 31 at the Boswell Neighborhood Facilities Building. All friends and relatives of the couple are invited to call at 2 p.m.

The affair will be hosted by the couple's children and their families. They are C. N. Jones, Durant, Okla.; Mr. and Mrs. D. L. Jones, Sundown; Mr. and Mrs. Martin R. Montoux, Mr. and Mrs. B. R. Jones, and Mrs. D. A. Cody, all of Dallas; Mr. and Mrs. B. R. Howell, Big Spring; and Mr. and Mrs. Johnny W. Jones, Boswell, Okla.

The honorees were married Dec. 18, 1922 at Eastland, where they resided for 1 1/2 years before moving to Knott in 1924.

Attendants Honored At Luncheon

A bridesmaids luncheon honoring attendants of Miss Pam Welch, who was married Saturday to James Allen Welch Jr., was held recently in the home of Mrs. Jack Alexander, No. 8 Highland Heather.

Mrs. Elmo Hooser of Seymour was cohostess. Also assisting was Miss Sherri Alexander. A blue and green color scheme was used in decorations. The serving table was covered with a blue linen cloth and centered with an arrangement of blue and green wedding bells and white love birds. Christmas decorations were used throughout the Alexander home.

Bridal attendants present were Mrs. Bobby Baker, Houston, matron of honor, Miss Nanette Hooser, Lubbock, maid of honor, Miss Mary Nell Corson, Miss Nancy Dean and Miss Patsy Sweeney, bridesmaids.

Other guests included Mrs. T. J. Hooser of Lubbock, and the bride's mother, Mrs. Ernest Welch.

Quotable Women

Here are some quotable quotes from women during the week:

"Before I came here, I felt like I had been thrown away for good. Now I feel like a person again. I think people really do still care for me." Minnie Smith, a 76-year-old widow talking about her attendance at an Atlanta day care center.

"I've never considered myself a women's liberationist before. I've always thought that some of the bra-burners and militants did women more damage than good. But this is a simple matter of equal rights for women." Mary Anna Anderson Henley, an attorney who is charging Northridge Equipment Rentals with sex discrimination for refusing to rent her a plow.

"From the time a calf comes in with the serial number of the Medic Alert member to the sons."

time information is available to the doctor from the file averages 30 seconds. I'm still enthused about the good we can do for others." Linda Collins Maurer, daughter of the founder and original member of Medic Alert foundation.

"It seems the vicious and violent cliches which keep woman in her place kindle feelings of antagonism between men and women. Those evidence themselves in job discrimination, sexism, and machismo." Sandra Shevey, resident film critic for the National Organization of Women.

"My experience in the working world is a major asset in taking care of my children." Marjorie Townsend, NASA's first woman satellite project manager, talking about keeping in contact with her teenage son.

Unique Gift Is Fun To Make

An old-fashioned gift that's inexpensive and fun to make is a pomander ball.

Pierce the skin of a large, firm orange with a skewer or fork tines and insert whole cloves in the holes so the fruit is completely covered with equal parts of orrisroot, available in drug stores, and ground cinnamon. Allow about 1 1/2 tablespoons of spice blend to be used for each orange.

Wrap each individually in tissue paper and set aside to dry, shrink and develop fragrance. Allow about a month for drying. Tie with a ribbon ending in a loop for hanging.

Popular Texas Ranch Woman Takes Cabinet Level Post

ARMSTRONG, Tex. (AP) — Back in October in the midst of the presidential campaign, Anne Armstrong was planning to settle back into the ranch life she left to become co-chairman of the Republican National Committee, and maybe some day run for the state legislature.

The 44-year-old New Orleans native, mother of five, campaigned from Alaska to Florida urging federations of Republican women and youth groups to sell the Republicans as the party of peace.

But looking ahead, she always talked of a desire to get back to her husband, Tobin, 49, the children and their lush ranch south of Corpus Christi and not far from the Mexican border.

But not now. It was reported Sunday that she will become a presidential counselor with Cabinet rank. She has been GOP co-chairman since January 1971 and now, according to Sen. Robert Dole, R-Kan., outgoing Republican national chairman, said the planned appointment of Mrs. Armstrong would make her the highest-ranking woman in the new Nixon administration.

Dole said the Phi Beta Kappa from Vassar would have wide but as yet undefined responsibilities.

Starting as the party's vice chairman in South Texas Kennedy County, Mrs. Armstrong has back of her 20 years of solid support of the GOP. She was subsequently national committeewoman from Texas and a delegate to the 1964 and 1968 conventions and came into national prominence during the 1972 gathering in Miami.

Sen. Dole appointed Mrs. Armstrong associate chairman, but President Nixon didn't believe that was enough for the driving Texan. He suggested her current job as co-chairman and she took it promptly.

The daughter of a New Orleans coffee importer, Anne Armstrong attended exclusive Foxcroft School in Virginia before her Vassar graduation in 1949.

Her politics have kept her away from home often since she became co-chairman of the party—and away from her tall, handsome husband who manages the cattle ranch, trains polo ponies, pilots his own plane and serves as Kenedy County Republican chairman.

The politics made necessary some adjustments, both said not long ago, but Armstrong added quickly, "It makes me proud. Anne is expressing an ability and enthusiasm I wouldn't want to see suppressed."

And Anne added, "It takes a self-confident man to like his wife to have other interests."

"I'd like to be in the legislature several years from now," she said during the presidential campaign. Now, her friends—apparently including President Nixon—believe she's too big for the state house.

But there's little reason to believe her new job will not continue to deal with matters relating to women and youth.

She often has urged the appointments of women to high administration posts, and spent much of the campaign with youth groups.

She and her husband, a dashing figure often seen in riding

TO CABINET LEVEL—Anne Armstrong, a 44-year-old mother of five from Armstrong, Tex., has been named by President Nixon to be a presidential counselor, making her the only woman member of the second term administration. She is presently co-chairman of the Republican National Committee.

the 1960 election disproves that, since women preferred Nixon to John Kennedy by a margin of 54 per cent to 46 per cent.

"I don't think there is a bloc women's vote. They will vote by and large like men. They're more interested in the gut issues—war and peace, money in the pocketbook, and the price of beef—than the so-called women's issues of abortion and day care."

—The Republican party, Nixon and the White House had no knowledge of the Democratic National Headquarters break-in. "We are completely innocent. All I can say is just wait until it unfolds."

—Sen. Ted Kennedy heldout for 1976 because he didn't want a defeat associated with the Kennedy name and didn't want to raise the question of Chappaquiddick until he feels sure of winning.

—Built-in Republican weaknesses are continued inflation, unemployment and a war still in progress.

She indicated in an interview last June that she thought former Treasury Secretary John Connally, who headed the Democrats for Nixon drive, was being groomed for the GOP presidential nomination in 1976.

"I think Connally is capable of being President," she said, "and I hope it will be on the Republican ticket."

boots, have a 21-year-old son who recently finished a tour of duty with the Marine Corps, two 15-year-old twin boys who attend Phillips-Andover Academy in Massachusetts; a daughter who works for Sen. John G. Tower, R-Tex., and another daughter who attends the University of Texas in Austin. She is not affiliated with women's groups but doesn't let it keep her from holding out a helping hand to women who want positions in government. She said recently she was not sure what the goals of the National Women's Political Caucus involve. "But as long as they're working to get rid of discrimination in legal, social and economic matters, I think we're working for a common goal."

Of the Equal Rights Amendment, she said, "I feel it has become a symbol of meaning for so many people. Plus, it would clear up a lot of legal questions."

Mrs. Armstrong bragged of Nixon's support of women's rights during the presidential campaign. "The President has appointed more women to top political posts than his two Democratic predecessors combined."

She added, however, that she was not convinced that many women wanted taxing and tough political jobs. "President Nixon," she said is representative of most males in the country who haven't realized until lately that women feel differently—but he has caught on."

On other matters she has said:

Water Pipes Need Winter Checkup

If you have water pipes that run out of doors, or through unheated garages or other shelter areas, remember to drain those pipes for the winter.

After shutting off the supply line indoors, open outside faucets fully, and leave them open. That way, no water can collect in the pipe.

A few minutes spent checking your outside water connections now may save trouble when real freezing weather strikes.

Christmas Guests Visit In Forsan Community

FORSAN (SC) — Louis O. Huff has returned to his home in Louisville, Ky., following a visit with his mother, Mrs. Frank Swiger.

Vard Ray Griffith, a student at United Electronics School in Dallas, spent Christmas with his parents.

Mattie Mae Barnett has returned to Kermit after a visit with Mrs. Jeff Green. Accompanying her home were Mrs. Green, Mrs. Johnny B. Griffith and Cecil Smith of Odessa. While here, Mrs. Barnett visited Mrs. Frank Swiger, the Stanley Willis' and the John B. Andersons.

Guests Friday evening in the John B. Anderson home were their son-in-law and daughter the Dan Hayhursts of Kingsland.

Remote Controls Are TV Favorite

Remote control models of color television receivers are gaining in popularity, according to some surveys.

The studies indicate that approximately 44 per cent of prospective color TV buyers would prefer to have remote control and would be willing to pay up to \$75 additional for this feature on a console receiver and, up to \$50 extra for a remotely-controlled portable color TV.

Border 'Dive Bombers' Problem At Tijuana

TIJUANA, Mexico (AP) — The last mile before the border is a driver's nightmare. Cars inch northward, taking as long as two hours to reach the customs gate leading to San Ysidro, Calif. The 16 lanes are littered with stalled, steaming vehicles. Vendors pedal between the cars selling their wares. Often, when a gate finally opens into view, it's topped by a red light and drivers have to crowd into the next lane. Some drivers step outside their cars and strike up friendships with neighbors. Most sit inside and fume. A few who run out of patience jam the gearshift into low, swing into lanes lightly traveled by oncoming traffic, and race death at 60 miles per hour to reach a screening stop at the front of the line, greeted by a few angry horn blasts but little resistance. "We call them dive bombers," said Allen Clayton of the U.S. Immigration and Naturalization Service. "Most of the

time they have little trouble crowding into a lane. Nobody's there to stop them." U.S. Customs officials, whose job is keeping contraband from entering the country, say the traffic mess on the Mexican side is none of their business. Mexican police patrol the area, trying to restrain vendors and keep motorists advised of "red light" lanes, but have stopped writing tickets. "It would just add to the congestion, stopping a car, giving a ticket, holding more people up," said Rogelio Verber, chief of planning for the Tijuana police department. Besides, he said despite the "dive bombers" and vendors, accidents near the border are few. Officials say the Tijuana-San Ysidro crossing handles more cars than any other border point in the world—42,000 a day. The primary cause of the traffic jam, which often lasts all day, is a shortage of open lanes, and it won't be solved by the opening of a new 4.7 mil-

Medal Winner Crash Victim

HOUSTON (AP) — As former President Harry S. Truman was reported near death at Kansas City, one of the soldiers to whom he presented the Medal of Honor was killed in a traffic accident southwest of Houston. Macario Garcia, 52, of Alief, Tex., and Myrtle Koonce, 48, of Houston died Christmas Eve night in the crash close to Sugar Land, Tex. While suspending the nation's highest award for valor from the neck of Garcia, then an Army staff sergeant, Truman told him in 1945, "I wish I had one of these." The Texas soldier received the Medal of Honor after he volunteered to dispose of two German machine gun nests blocking his platoon's way Nov. 17, 1944, on the road to Cologne in Germany. Although he was shot in the shoulder and foot, Garcia cleared the way by killing six Germans and capturing four. He said then and often before that he was just an average soldier and always scared.

IN MODERN NAVY Tattoos Becoming Taboo

SAN DIEGO, Calif. (AP) — The Navy is trying to do away with tattoos. Navy doctors say the traditional needlework is not only painful and hard to remove but also medically dangerous. The head of dermatology at San Diego Naval Hospital said California should shut down tattoo parlors. "New York has already done it," said Capt. William Carson, M.D. "I am surprised that a state as progressive as California has made no major move to stop it." He says "Mother" emblazoned on a sailor's arm or an iridescent hula girl on his chest can turn into a major allergic infection. There is also a risk of hepatitis from the needles. Navy and Marine Corps training centers here are warning recruits about tattooing. Removal has become a common practice at the hospital. Carson said some sailors pay a painful price for the ink. "They often come in right after they put them on and ask us to

take them off," he said. "They do not seem to realize that a tattoo is a permanent disfigurement."

The only way to remove one, Carson said, is to take off the skin that has been dyed. Doctors can use one of three

painful methods: Running a special salt on the tattoo until the skin and dye bleed away, leaving a scar; using a torating sander or wire brush to scrape off the skin layers or, in the case of smaller tattoos, simply slicing the skin off surgically. Despite medical warnings, the psychological appeal of tattooing as a virility symbol is hard to rub out.

Americans Have Trouble Exchanging \$20 Bills

PHOENIX, Ariz. (AP) — American citizens who spent the Christmas holidays in the northern Mexico state of Sonora reportedly encountered

difficulty when they tried to make purchases with \$20 bills. Local newspapers, it seems, had published warnings about counterfeit U.S. \$20 bills.

New Law Adds To Coverage

People 65 and older who didn't qualify before for Medicare hospital insurance coverage will be able to get this protection starting in July by paying a monthly premium, according to Erven Fisher, Social Security district manager in Big Spring.

United States consular officials in Hermosillo, Sonora, confirmed Monday that recently Mexican newspapers warned bogus \$20 bills were being passed, and even published copies of such bills to illustrate how to tell good money from bad.

However, the officials said they had received no warning from the U.S. Secret Service that counterfeiters from the United States had been active in Sonora.

Blaine Drake, a Phoenix architect, said he was detained for about five hours by police in Ciudad Obregon after trying to pay for gasoline with a \$20 bill.

"The station manager called police and claimed my bill was counterfeit," Drake said after returning home. "The officers were very courteous but they refused to release us until a federal official arrived and confirmed that our money was good."

Drake said he first encountered trouble during an earlier visit with his family to Kino Bay when he tried to purchase some wood carvings from the Seri Indians there.

"They refused to accept U.S. \$20 bills," he said. "In fact, we learned few shops would accept currency in that denomination here and even some banks refused to exchange \$20 notes for Mexican money."

Brooks Named

The new provision on hospital insurance is designed to extend this coverage to people 65 or older who have little or no work credit under social security and are unable to obtain comparable insurance through private companies," Fisher said.

DALLAS (AP) — Dr. James E. Brooks was named vice-president and provost of Southern Methodist University Friday to replace Dr. H. Neill McFarland, who is returning to fulltime teaching at SMU's Perkins School of Theology.

Members Of Cycle Club Are Charged

EL PASO, Tex. (AP) — Six persons reportedly associated with a national motorcycle club called the Bandidos were held without bond late Monday in the beating-shooting deaths of two men.

Authorities said the six, including the Bandidos' national president and sergeant-at-arms, were among 12 persons arrested by county and city officers and federal authorities in Christmas Eve raids on two El Paso residences.

The remaining half dozen persons were held in lieu of \$5,000 bond each on various narcotics possession charges.

Raids on the northeast El Paso homes followed the discovery Sunday of two bodies in shallow graves about two miles outside the city limits.

Officers said one of the victims—both were beaten and shotgunned—was Preston Lorey Taryer, 22, of Houston, who was identified by fingerprints from a local arrest record. It was undetermined whether he was associated with the club.

The second body had not been identified.

A hunter and his dog found the bodies near a sky divers' drop zone.

El Paso County Sheriff Mike Sullivan said about 30 heavily armed officers participated in the raids, starting at the rented home of Bandidos president Donald E. Chambers, 42, who told officers he was from Albuquerque, N.M.

The second raid, on a home about one mile from Chambers', resulted in arrests of three persons.

Officers said they found a quantity of narcotics at the homes, plus assorted weapons including rifles, sidearms and shotguns.

Activities Will Grow At Big Spring Nursing Inns

As the complexion of nursing homes changes nation-wide, the Big Spring community will be able to observe the long-needed changes in administration of homes for the aged by watching the growing activities and community involvement of Big Spring Nursing Inns, Inc., 901 Goliad, according to administrator Rudy Crane.

The look forward into the future of nursing homes indicates a tremendous growth in activities, projects and entertainment for residents, much like the programs presently employed at guest houses.

Present activities conducted regularly at Big Spring Nursing Inns include bingo, crafts, and church services. The Inns schedule activities six days a week, including three religious programs provided by local churches and church groups.

A greenhouse on the grounds of the Inns will be opened after the first of January, with two interested local garden clubs furnishing materials and instruction in horticulture for Inns residents.

Crane anticipates installation also of a garden for residents who wish to grow their own flowers and vegetables.

Many activities yet in the planning stages include picnic schedules, tours through the

Wiring Service - Free Estimate

Although summer may seem quite a distance in the future, it is never too early to start thinking about your air conditioning needs when those hot, sultry days set in.

Should your air conditioner need rewiring, Haston Electric is the place to go for complete service. Gene Haston, owner, is known for his friendly, thorough service backed by more than 30 years of experience in industrial, commercial and residential electrical work.

Not only does Haston Electric handle installation repair or maintenance of almost any electrical system you need, but the company also carries a complete line of dependable, long-lasting General Electric light bulbs.

Over 100 types of light bulbs are available at Haston's. Higher voltage bulbs can be found that hold up better and last longer than those available through most retail outlets. The unusual flame-tip and candleabra type bulbs are part of their normal stock.

For those who make ceramic lamps as a hobby, Haston keeps sockets, harps and line switches and can easily install them.

Call 267-5103 or go by 109 Goliad.

BALL ON THE LOOSE—The Detroit Pistons Dave Bing (21) has the edge on New York Knicks Earl Monroe, background, as they maneuver for loose ball Monday during game at New York's Madison Square Garden. Knicks went on to eke out victory, 113-110.

Scene Set For Title Contests
Redskins, Steelers Hosts In Championship Tilts

The road to the Super Bowl now leads through the cities of Washington and Pittsburgh after a couple of sharp turns. In fact, there was only one smooth ride in the first round of the National Football League playoffs over the holiday weekend.

"We're ready for the Dallas Cowboys," said Washington quarterback Billy Kilmer after directing a 16-3 victory over the Green Bay Packers Sunday in the only playoff game without last-minute drama.

The Cowboys were involved in one of the three Hollywood Highlites—beating the San Francisco 49ers 30-28 with two touchdowns in the last two minutes of play on Saturday.

The other survivors who'll play next Sunday in the second round—the Pittsburgh Steelers and Miami Dolphins—also served up a healthy portion of dramatics in their victories.

The Steelers' success was the most spectacular. They won their game against the Oakland Raiders 13-7 on Saturday with a freak pass-deflection play in the last five seconds.

The Dolphins' victory was no freak, though. Earl Morrall directed an 80-yard touchdown drive, then Jim Kiick powered over for the winning score from the six with less than five minutes remaining, clinching a nervous 20-14 victory over the Cleveland Browns.

"When the chips were down, we just couldn't stop them," said Cleveland linebacker Dale Lindsey.

"Everything was laid out in front of us with eight minutes to go," said Miami Coach Don Shula. "We had to score a touchdown and we did what we had to do. This exemplifies what we did this year."

The Dolphins did something this year that no one else did—won 14 games in a row en route to the championship of the American Football Conference East. And they were supposed to be an impossible mission for the Browns, the "wild card" AFC team.

The upstart Browns halted the Dolphins' strong running game and even took a 14-13 lead in the second half on Mike Phipps' touchdown pass before Morrall and Kiick took over.

In Pittsburgh, the AFC's Central Division champs appeared beaten by Oakland. The Raiders, champions in the AFC West, had a 7-6 lead on a late 30-yard scramble by Ken Stabler.

But with five seconds remaining and Pittsburgh down to its last chance, quarterback Terry Bradshaw threw a desperation pass that was deflected by receiver John Fuqua and Oakland defender Jack Tatum.

The football floated into the arms of Franco Harris, and the Steelers' rookie took it 42 yards for the game-winning touchdown.

"Unbelievable," said Pittsburgh Coach Chuck Noll. "A miracle sent from heaven—what else can you say?" said Bradshaw.

"I guess you could say it was a little bit of luck and God was with us and everything like that," said Harris. "When you have a feeling that this could be the last play of the season and that you could blow it, then that one more chance pulls it through for you."

Referee Fred Swearingen had to confer with his associates to confirm the legality of the pass. The Raiders protested that it was illegal, claiming Tatum didn't touch the ball and instead, it was touched by two offensive receivers.

But the official verdict was simultaneous contact by Fuqua and Tatum, making the ball anybody's property.

Dallas trailed 28-13 with 16 minutes remaining when the NFC's wild-card team came back and beat San Francisco, the NFC West champ. Quarterback Roger Staubach, last year's Super Bowl hero, came off the bench in the last two minutes and threw a pair of TD passes.

"It was the best comeback I've ever seen a Dallas team make," said Cowboy Coach Tom Landry. "We just had to put everything together and we did. You can be in that situation 100 times and probably only win once."

Washington's famed "Over-The-Hill-Gang" defense stopped Green Bay's running attack clock Sunday. The Redskins, winners of the NFC East, never had an anxious moment with the Packers, who won the NFC's Central crown.

In next Sunday's action, the Redskins and Cowboys will contend for the National Football Conference title and the Dolphins and Steelers for the American. The winners meet in Super Bowl VII in Los Angeles on Jan. 14.

LACEY BEATS JABBAR
M'waukee Clips Kings, 104-99

The victory, coupled with Chicago's 115-108 loss to the Phoenix Suns, boosted Milwaukee's lead over the Bulls to 4½ games in the Midwest Division.

In the only other NBA game Monday night, the New York Knicks beat the Detroit Pistons 113-110 and the Portland Trail Blazers stopped the Seattle SuperSonics 116-113.

No games were played in the American Basketball Association Monday night.

Three-point plays by Abdul-Jabbar and Jon McGlocklin in the final 35 seconds of the third period put Milwaukee in front of Kansas City-Omaha to stay.

Nate Archibald of the Kings scored 20 points and contributed 18 assists to their attack.

The victory was the seventh in a row for the Bucks, who once trailed the Bulls in the Midwest race.

Center Neal Walk made a three-point play and foul shot and grabbed a key rebound in the last five minutes of play to spark Phoenix over Chicago. His efforts helped produce a never-headed 111-104 Phoenix lead.

New York built a big lead behind the scoring of Bill Bradley, Dave DeBusschere and Walt Frazier, then survived a 40-point fourth quarter by Detroit to beat the Pistons.

Sidney Wicks and Geoff Petrie combined for 66 points to lead Portland over Seattle.

MEET PENN STATE
Sooners Start Sugar Drills

NEW ORLEANS (AP) — Second-ranked Oklahoma has arrived in New Orleans to begin final workouts before the Sooners defend their Sugar Bowl crown against Penn State on New Year's Eve.

The Sooners reached here Christmas night and the Penn State team was scheduled to arrive today.

There's more at stake than the Sugar Bowl crown. If No. 1 USC loses to Ohio State in the Rose Bowl, there will be a scramble for the national championship. Penn State and Oklahoma both are aware of the chance.

Oklahoma Coach Chuck Fairbanks said he is thinking of the bowl and will leave the championship up to the pollsters.

"The national championship is purely a mythical one and there can be no clear cut champion without playoffs to decide such things," he told newsmen.

"I feel that we are fortunate for our ratings and accomplishments of this season. We'll just let the people who vote on those things decide after the bowl game."

Currently USC is No. 1 in the nation and Coach John McKay has said he does not agree that a Trojan loss in the Rose Bowl would throw the title up for grabs.

Fairbanks' Sooners are in a unique position. They are the first team ever to defend a Sugar Bowl title in the same year.

Oklahoma defeated Auburn last New Year's Day.

For the first time in the history of the classic, which began in 1935, the game will be played on New Year's Eve.

The Sooners and the Nitany Lions go into the game with identical 10-1 records.

Fairbanks said he ranks Penn State with Nebraska, Colorado and Texas.

"We have watched quite a bit of them on film and we know that they have excellent personnel with great balance," he said.

"They run and pass equally well and should provide quite a problem for our defensive team."

Oklahoma is ranked first in rushing offense, second in total offense and scoring defense, fifth in total defense and sixth in scoring and rushing defense.

Madden Sure
Officials Used
'Instant Replay'

OAKLAND (AP) — Coach John Madden is certain NFL officials looked at a videotape replay before allowing the freak touchdown that ended his Oakland Raiders' title hopes—and he's just as certain that they ruled wrong.

"The officials on the field told me they didn't know what happened and they were going to check upstairs to see what it was," Madden said of Franco Harris' fluke pass reception that gave Pittsburgh a last-second 13-7 victory in Saturday's National Football League playoff game.

"The referee (Fred Swearingen) went in to use the dugout telephone and when he came out, he called it a touchdown."

Madden contended Swearingen called top NFL officials, including executive director Jim Kensil and supervisor of officials Art McNally, who were watching the game in a press box equipped with closed circuit television.

"There was no decision from the press box, and television replay was not used in making the decision," Kensil insisted.

"The referee was simply clearing up a confusing situation."

"He could have done it much easier by just signaling a touchdown," retorted Madden.

And, after studying the game films Christmas Eve, the Raiders' coach said he's convinced Oakland defender Jack Tatum deflected the ball into the arms of Steelers receiver John Fuqua from behind, with the ball then ricocheting off Fuqua.

That means Harris' catch and touchdown run were illegal, Madden insisted, because two offensive players aren't allowed to touch the ball consecutively on pass reception.

MARYLAND SECOND
UCLA Retains Hold On First

UCLA continues unbeaten on the basketball court and undisputed as the nation's No. 1 college team in the weekly Associated Press poll.

The Bruins ran their winning streak to 51 games with two victories last week and, as a result, swept all 25 first-place votes from a nationwide panel of sports writers and broadcasters.

With the 500 points, UCLA, 6-0, continued to hold a firm grip on first place ahead of Maryland, Marquette, North Carolina State, Minnesota and Long Beach State.

The top six schools all stayed in place after keeping their perfect records intact through last week's action.

Second-ranked Maryland, 5-0, had 383 points, while third-rated Marquette, 5-0, polled 339.

Fourth-ranked North Carolina State, 8-0, was accorded 310 points; No. 5 Minnesota, 6-0, had 288 and No. 5 Long Beach State, 8-0, the busiest of the front-runners with four victories last week, garnered 282.

Missouri, 8-0, took over the No. 7 position as the rest of the Top Ten underwent a shakeup. The Tigers, 10th last week, moved into the spot held last week by Florida State.

Penn was the new No. 8 team, replacing Southwest Louisiana, which dropped to No. 9. Vanderbilt closed out a Top Ten that showed a rank of undefeated teams and a total record of 5-0.

Along with Florida State, Indiana also dropped out of the Top Ten. Ninth last week, Indiana plunged six places to No. 15 after a loss to South Carolina.

The remaining ranked teams included: No. 11 North Carolina; No. 12 Florida State; No. 13 Houston; No. 14 Brigham Young; No. 16 Kansas State; No. 17 Providence; No. 18 Alabama; No. 19 Oklahoma and No. 20 San Francisco.

New members of the Top Twenty this week are Alabama and San Francisco.

Russia Rips
Seattle, 9-4

SEATTLE (AP) — The touring Russian national hockey team, paced by Alexander Yakushev's three goals, exploded for four goals in the final period and defeated the Seattle Totems of the Western Hockey League 9-4 Monday night.

The Russians got off to a fast start in what looked like a romp and led the Totems 3-0 after the first 10 minutes of the game. But Seattle then picked up two goals and left the ice at the end of the period trailing 3-2.

The Russians scored first in the second period but the Totems scored twice within 56 seconds and tied the score at 4-4. Russia scored at 17:06 in the second period and then registered four goals in the final stanza.

Yakushev scored two of his three goals during the third-period eruption and was credited with three assists.

Dolphins, 'Skins
Are Favorites

LAKE TAHOE, Nev. (AP) — Harrah's Tahoe Racebook made the Miami Dolphins and Washington Redskins favorites Monday to win their respective National Football League conference championships.

The Dolphins were installed as 2½-point favorites over the Pittsburgh Steelers for the American conference title.

Unbeaten Marks
Go On Line

UCLA, Maryland, Marquette, Minnesota, Long Beach State, Missouri, Pennsylvania, Vanderbilt, Oklahoma and Villanova risk their unbeaten records in college basketball during the rash of Christmas holiday tournaments that get underway today.

The national champion UCLA Bruins, with an incredible won-lost record of 185-5 in their last 190 games, put their 51-game winning streak on the line against Drake in the opening round of the Sugar Bowl tournament at New Orleans Friday night.

Maryland's powerful Terrapins meet Georgia Tech in the first round of the Maryland Invitational Friday. Marquette goes against Northwestern in a non-tourney game Wednesday before taking on Rice Friday in the first round of the Milwaukee Classic.

Minnesota is pitted against Washington State Wednesday in the Far West Classic at Portland, Ore., the same day that Long Beach State goes against Mississippi in the first round of the All-College Tourney at Oklahoma City.

Also on Wednesday, Missouri faces Colorado in the first round of the Big Eight Tourney at Kansas City, while Penn is at Cincinnati in a non-tourney game. On Thursday, Oklahoma plays Oklahoma State in the completion of the Big Eight opening round.

Memphis State will try and stop Vanderbilt in another non-tourney clash Saturday.

North Defeats
South Stars

MIAMI (AP) — The football all-star games for college seniors are supposed to give the pro scouts an opportunity to evaluate potential draft picks, but the North-South game here Monday night might have provided more questions than answers.

Chuck Foreman, the University of Miami, Fla., running back-flanker who is expected to go early in the draft, was brilliant in the South's 10-17 losing cause as he gained 83 net yards in 22 carries and caught four passes for 60 yards.

Foreman, chosen the South's most valuable player, also made two critical fourth quarter fumbles. That's something that could dull his pro rating since he had his fumble troubles throughout the past season.

Rufus "Roadrunner" Ferguson, the 5-foot-6 Wisconsin star who is trying to prove he can play with the big guys, was picked the North's top player after scoring on a two-yard touchdown run which enabled the North to tie the score at 10-10 in the fourth quarter.

But Ferguson had only 55 net yards in 21 carries, an average of 2.6 yards a try, and left doubts about his ability to block onrushing linemen.

Arkansas quarterback Joe Ferguson kept the Rebels alive with his passing effort—17 of 33 for 205 yards and an 18-yard strike to flanker David Knight of William and Mary for the South's lone TD.

But Ferguson was also the victim of four interceptions. The Rebels' other quarterback, John Madeya of Louisville, hit only five of 16 passes for 43 yards and was intercepted once.

North passers didn't fare much better. Gary Danielson, hoping to follow in the footsteps of former Purdue quarterbacks such as Kansas City's Len Dawson, Cleveland's Mike Phipps and Miami's Bob Griese, completed only two of 13 passes for 37 yards. Temple's Doug Shobert was successful on nine of 11 tries for 105 yards, but his two misses were both interceptions.

The North, held to a 21-yard field goal by Michigan State's Marvin Roberts until Ferguson's run, got the winning tally on a 13 yard scamper by Arizona's Bob McCall after Foreman fumbled at midfield and Villanova's Kevin Reilly recovered.

The South, getting its other score on a 23-yard field goal by Alfred Reese of Tennessee State in the third quarter, marched back to the North three after McCall's score only to have Foreman fumble.

FERGUSON FIRES PASS — Joe Ferguson (15), Arkansas quarterback, gets set to throw a pass in the Shrine College North-South All-star football game at Miami, Fla., Monday night. Bearing down on Ferguson are Jim Anderson, Northwestern, and Carl Barisich (75), Air Force Academy.

Nixon Victory Percentage Is Shy Of Mark

WASHINGTON (AP) — While President Nixon won re-election by the largest vote total in history, his victory percentage fell short of a record.

Official vote totals released Thursday show Nixon beat Democrat George McGovern by 17,971,294 votes, 15 million above his margin over Sen. Hubert Humphrey in 1968.

But the President's 60.7 per cent of the total vote cast was just off the 61.1 per cent piled up by Lyndon B. Johnson in his 1964 landslide victory over Republican Barry Goldwater.

BIG DIFFERENCE

Figures compiled by The Associated Press from official state vote totals showed Nixon drew 47,042,924 votes in the Nov. 7 election compared with 29,071,629 for McGovern.

The canvassing of the 50 states and the District of Columbia was completed Thursday.

Increased numbers of voters this year and more minority party ballots held down Nixon's percentage of victory.

An assortment of minority candidates received 1,345,504 votes. If they are eliminated in this year's comparison, Nixon gets 61.8 per cent of the votes cast for major party candidates compared to 61.3 per cent for Johnson if the 1964 results are similarly compiled.

ANTELOPE CAUGHT — Texas Parks and Wildlife Department employees hold pronghorn antelope for shots of antibiotics and mild tranquilizers prior to shipping. In the first trapping expedition in about 20 years, the department used helicopters and a portable rope fence to catch 596 antelopes on a Reagan County ranch during November. These animals were distributed to 37 different Texas sites, including one in Howard County.

Polygamy Still Being Practiced In Utah

SALTA LAKE CITY (AP) — practicing polygamy in Utah. A Christmas morning litter was strewn about the living room, and a blond 20-month-old boy snoozed on the couch.

It was a typical Christmas Day scene in a typical American family setting. For the boy's father, a 45-year-old contractor, believes in polygamy and lives with two wives.

The man, who asked not to be a better season if there were here as "Mr. Brown" after he appeared on a television program several weeks ago. He claimed hundreds of people are practicing polygamy in Utah.

Brown said Christmas would be a better season if there were more polygamous families.

"Plural marriage makes better wives, better sweethearts and better mothers, and better husbands," he said.

"I guess there's a little more love in a polygamous family because there are more people involved."

The man said he has a third wife who no longer recognizes the marriage and a total of 17 children, some of them from his wives' previous marriages.

Only two children were home this Christmas morning in the Salt Lake City home—one from each of his two wives, who are in their 40s.

A boy 9, played in the bedroom with his Christmas toys. The other children have grown and live elsewhere.

Brown was born a member of the Church of Jesus Christ of Latter-day Saints (Mormon) and both he and his wives say they consider themselves faithful to true Mormon principles.

For Many, Happiness Turned Into Grief

By The Associated Press

Deaths caused by auto accidents and other violence turned Yuletide happiness into grief in dozens of Texas homes.

The toll climbed to 59 fatalities, including 44 in traffic, between 6 p.m. Friday and midnight Monday. There also were 11 homicides and two deaths in a fire.

State police predicted in advance that accidents on streets and highways would claim 46 lives—and only a slowdown in the rate for most of Christmas Day kept the figure from topping that total.

Among the latest deaths to be reported were a pair disclosed by discovery of the bodies of two men Sunday in shallow graves about two miles outside El Paso. Officers identified one from fingerprints as Preston L. Tarver, 22, of Houston and officers held a youth, 16, accused of firing because Runnels had hit his mother in the face.

Police reported a domestic fuss ended in the fatal shooting of Charles Arson, 47, at his Houston home. They charged his wife Bernice with murder.

Raymond Flannery, 78, of Fort Worth died Christmas Day when his car hit a parked truck in a Fort Worth suburb.

A pickup truck overturned Monday on Farm Road 621 northwest of Seguin, killing Enrique Salazar, 51, of Staples.

Jack D. Martin, 51, was shot to death before dawn Monday at a mobile home park northeast of San Antonio. Police questioned a man.

Mrs. Bobbie Ward, 41, of Alamo was killed Monday in a two-car collision near Galveston.

A Clarksville man, James Badget, 37, died Sunday when his car hit a bridge railing on FM 1159 about 15 miles north of Clarksville.

other. Six men lined to a motorcycle club called the Bandidos were charged in the deaths.

More recent victims in other areas included:

A collision Monday evening 2½ miles south of Gatesville on Texas 16 killed Mrs. Larry Bethards, 25, wife of a Hilton minister, and Will Eddins, 23, of Copperas Cove. Injuries were suffered by the Rev. Larry Bethards, an Assembly of God Church pastor, and Richard Schopping of Killeen, at the wheel of the car carrying Eddins.

Elmer Bangs, 62, of Enloe, Tex., was killed Monday in a two-car crash on Texas 24 near the north edge of Copper in North Texas.

Curtis L. Runnels was shot and killed at his East Dallas home Monday night. Juvenile officers held a youth, 16, accused of firing because Runnels

Benefits Go Unclaimed

WASHINGTON (AP) — The Civil Service Commission is holding unclaimed benefits for some 338,000 former federal workers, and a congressional watchdog agency thinks the government ought to find some of them and hand over the cash.

The General Accounting Office said the commission is holding about \$26 million in pension rights, adding that many beneficiaries could be found without much trouble or expense.

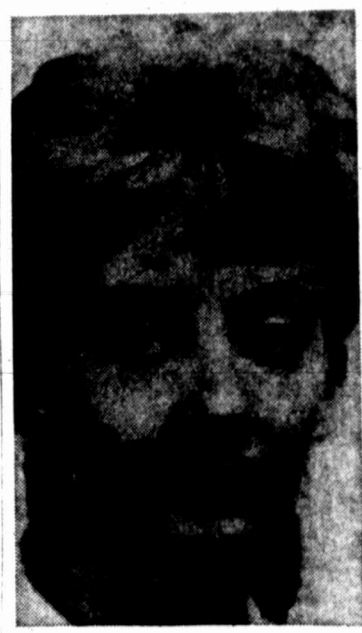

In a report to Congress, the GAO said the funds are owed to people who apparently did not claim refunds or annuities to which they are entitled after contributing to the federal retirement system.

In most cases, the amounts owed are small. Some 33,000 persons are due \$100 or more. Some may have thousands coming.

The GAO said its experience indicated that a search for missing beneficiaries using available records would cost about \$7 apiece. The agency suggested that the commission seek authorization for a search in about 51,000 cases. Since the retirement fund is earning interest on the unclaimed benefits, it could finance the search itself.

Famed Singing Cadets Put Best Note Forward Jan. 8

With a 75-year tradition to their best notes forward in a Monday, Jan. 8 concert in the Big Spring High School Auditorium.

(AP WIREPHOTO)

REPORTED KILLED—Rose Marie Orlich, a native of Philadelphia, and secretary to the U.S. Ambassador in Nicaragua, is reported to have been killed in the earthquake that struck Managua, Nicaragua, Saturday. The U.S. State Department said the U.S. Embassy was heavily damaged.

The 7:30 p.m. appearance of the all-male club at the auditorium will be sponsored by the Big Spring A&M Club. Singing Cadet history covers more than the three-quarters of a century, going back to 1894 when a group of nine students and teachers at Texas' oldest institution of higher learning organized the A&M Mandolin and Glee Club.

The Mandolins faded into the past, but the concept of Texas A&M students banding together to sing grew steadily. The Singing Cadets are recognized today as one of the top groups of male singers in the U.S.

Attendant Dies In Dallas Store

DALLAS (AP) — Carl Ray Dungan, 33, was found fatally shot Friday night at a Dallas convenience store where he was assistant manager.

A customer found Dungan on the floor of the store at 9:45 p.m. The victim had been shot in the back.

annual concert tours. The Singing Cadets are now in their 60th year of off-campus appearances.

Under the direction of Robert L. Boone, the Singing Cadets have sung their way into the hearts of Texans, appearing throughout the Southwest and Old Mexico. They have become more widely acclaimed through repeat performances on national television. Radio broadcasts and recordings have also added to the reputation.

The group is no more appreciated anywhere than on its home stages. Among the 50 annual performances are demand appearances for campus conferences, short courses, and conventions. The annual Singing Cadets concert is a high point of the Bryan and College Station entertainment season.

Personnel change from year to year, but the high quality of performance insisted upon by Robert L. Boone is a continuing factor in the glee club's success. Mrs. June Biering is accompanist.

The Singing Cadets are one of the proudest traditions of a university where the word tradition has very special meaning.

Y Indian Guide Nite

The Choctaw and Comanche Y Indian Guide Tribes led the way with 14.4 seconds tie in the chief's chariot race at the YMCA Indian Guide gym night. The tribes tied for first place and were followed by the Apache Tribe.

Forty boys and dads took part in the annual Indian Guide event. Other events and winners were:

Salmon Swim — First grade, Steve Hamilton, Choctaw; 2 Mike Hecker, Choctaw; 3 Jon Hildebrand, Comanche. Second grade — 1 Matt Warren, Choctaw; 2 George Bancroft, Apache; 3 Speight Grimes, Choctaw.

Backward Race — First grade, 1 Steve Hamilton, Choctaw; 2 Billy Johnson, Apache; 3 Mike Hecker, Choctaw; second grade, 1 Jon Hildebrand, Comanche; 2 Matt Warren, Choctaw; 3 Speight Grimes, Choctaw.

Each winner and participant was awarded a coup feather to place on his coup stick by Chief Running Bear (John Lindsey) of the Comanches. Falling Star (Dr. Charles Warren), Longhouse chief, led the braves in the opening and closing tribal ceremonies.

Stunt Night will be the next Longhouse event on Feb. 12 with the Choctaw tribe as hosts.

THERE'S ONE DISCOUNT EVERYONE UNDERSTANDS ----- 1/2 OFF

IT'S TREMENDOUS!
IT'S DRASTIC!
IT'S SENSATIONAL!

You guessed it, it's Good Housekeeping's 1/2 Off Sale. It's very seldom that such a grand opportunity to save presents itself. We have completely cleared a huge display area and have collected from all departments of the store hundreds of fine suites, novelty pieces, chairs and odd pieces which all bear the old regular price tags. You figure your own price.

**TERMS TO SUIT
YOUR BUDGET!**

Must Be Better Way

The conventional wisdom, especially among those who have achieved some affluence, is that the poor among us are lazy, good for nothing individuals. They will not work, it is said, because life in welfare is so easy. Overlooked are those who work but must still depend on welfare in order to live.

This attitude probably cannot be eliminated entirely. But a report of the Texas Office of Economic Opportunity should do much to dispel this myth.

The agency discovered that Texas, with about 5 per cent of the nation's population, has almost 10 per cent of the nation's poor. It found that in 1971, about 38 per cent of the state's adult poor were employed and 31 per cent retired, leaving only 10 per cent of the adult males without a job — the rest were juveniles.

More than half of all poor persons in Texas were either 14 years old or younger, or 65 years old or older, the agency reported. One quarter of all Texas children and 40 per cent of old people were poor. The largest number of poor were found in South Texas and East Texas.

The obvious conclusion to be drawn from these statistics is that we cannot end poverty by putting all poor males to work — or females either. The poor who work are not getting a living wage.

The present welfare program is not working, although the U.S. Office of Economic Opportunity estimates that only about one per cent of those on welfare are able-bodied men who could work. Some better substitute must be found. The

nation's conscience cannot permit obvious, often abject, poverty to exist in the midst of plenty in this generally affluent land of ours. We can see that poverty right here if we are willing to look.

Useless there are some leaders on relief, but not nearly so many as some believe, but they can be dealt with while addressing ourselves to the problem of better machinery to help those who really need help.

Sauce For The Gander

In a case that breaks new ground for labor union members, the Supreme Court ruled last week that a union member is as free to resign from his union as he was to join it, and that when he resigns, the union may not discipline him.

That seemingly-fair viewpoint was clarified by the court, which reversed an appellate court's contrary decision. The appeals court had reversed a National Labor Relations Board ruling.

Clarification was needed because in 1967, the Supreme Court upheld the right of a union to levy fines against members who cross the union's picket lines to work. The difference this time, Justice William O. Douglas noted in the majority opinion was that the new case involved union members who had resigned before they crossed the picket lines to work.

Wash Day Recipe

Around The Rim

Jo Bright

It has been a Christmas custom with several old friends to include little clippings or "scrapbook" items in the cards they send my way. I always enjoy them. Perhaps you will, too.

THIS ONE is called "Grandma's Recipe for Washing Clothes," and Mrs. Johnny Hill, formerly of Big Spring, has it framed and hanging over her modern washing machine:

1. bid fire in back yard to heat kettle of rain water.
2. set tubs so smoke won't blow in eyes if wind is pert.
3. shave one whole cake lye soap in biling water.
4. sort things, making three-piles, 1 pile white, 1 pile colored, 1 pile work britches and rags.
5. STUR FLOUR in cold water to smooth, then thin down with bilin water.
6. rub dirty spots on board, scrub hard, then bile, rub colored but don't bile, just rench and starch.
7. take white things out of kettle with broomstick handle then rench, blew and starch.
8. spread tee towels on grass.

9. hang old rags on fence.
10. pore rench water in flower bed.
11. SCRUB PORCH with hot soapy water.
12. turn tubs upside down.
13. go put on clean dress, smooth hair with side combs, brew cup of tee, set and rest a spell and count blessings.

Isn't that delightful?

NOW, IF you're in the mood for counting your blessings, I'd like to begin the year by sharing this with you:

"I have planted a garden, so I know what faith is. I have seen the tall trees swaying in the breeze, so I know what grace is. I have listened to the birds singing, so I know what music is. I have watched little children playing, so I know what entertainment is. I have seen mornings without clouds, after showers, so I know what beauty is. I have seen the miracle of the sunset, so I know what grandeur is. I have lived in a happy home, so I know what love is. And because I have perceived all these things, I know what wealth is." Happy New Year!

My Answer

BILLY GRAHAM

Our house is pretty quiet these days because I'm a teen-ager who has little in common with my square church-going parents. Doesn't the Bible allow kids to be different and have a little fun?

J.Y.
Let's make this perfectly clear — the Bible is on the side of children and young people. After all, Mary was a teen-ager when Christ was born. Furthermore, Jesus Himself, although on an urgent mission of world salvation, lived patiently all the teen-age years.

At age 12, it showed Him in disagreement with His parents over the service of God, and even being on His own for a couple nights.

But lest you make hasty conclusions, remember He lived His life in total conformity to the will of God. Any young person who does that, will have little problem with parents or society at large.

Now, there's certainly room for you to be different, and to have fun, but square it with the formula the Bible gives for family harmony. First, honor your parents. That is, treat them with respect. Have you made an effort recently to talk out your differences, and to understand their concern. Second, demonstrate that they can trust you. Thirdly, share daily happenings, it's no fancy that the family who plays and prays

together stays together. Above all, commit your life to Christ. With His guidance, and His kind of love, plus the go-power that faith provides, you'll find life has suddenly a new dimension — happiness.

Consumer Is Wiser

John Cunniff

NEW YORK (AP) — As you peer at the basted toys and broken budgets—uptight, hungover and suffering the guilt of financial and sensual excess—take heart. Maybe it isn't all that bad.

The year may have culminated in a buying orgy, but it followed months of stern discipline that put retailers to the test. It was a year of consumer selectivity, and a year in which they asserted their rights, options, opinions.

As the consumer analysts say, it isn't just what the consumer has in his pocket that determines how much is sold. Attitude counts too. The consumer isn't entirely predictable. He's wiser; he makes his own decisions.

Check with some resort operators and they'll probably tell you that the days of the freer spenders and lavish tippers are over, for the time being anyway. People may have money to spend, but they look at the price tags.

They are, in fact, spending more at resorts and on cruises than ever before. But if you think they aren't demanding more, try counting all the discounts being offered. The one-price days are gone.

It was a good year for automobiles, but if you check you'll find that imports accounted for about 15 per cent of the market, despite the dollar devaluation that put them at a

disadvantage. One explanation being offered is that most of the imports were low-priced editions, and that the big attraction for them remained those relatively low price tags.

This was a year in which the consumer built up his assets, and probably enjoyed them more too. For the second year in a row housing starts averaged more than two million units, and more than one half were single-family dwellings.

The strength of this demand surprised many authorities who felt that right about now the consumer would begin looking for other goals. Now they are predicting a third year of more than two million starts.

People clearly are exercising judgment in spending. While personal income rose 4 per cent this year, consumers didn't spend that money evenly. In fact, some of it went upst.

Savings deposits at savings and loan associations soared to \$33 billion, a 19 per cent one-year increase in total deposits, capped by a gain of \$3.6 billion in December alone—right in the midst of the Christmas-selling season.

But look at what happened to the stock market and mutual funds. Small investors refrained from committing themselves heavily to stocks. Week after week they sold more than they bought and, as one analyst commented, "left the institutions chasing each other up and down the Dow Jones index."

Redemptions of mutual funds poured in by the millions. In that industry, which was built on small investments and too often on big promises. Many once enthusiastic fund investors soured on fund management.

In November alone, redemptions exceeded sales of funds by \$253.3 million, the greatest amount on record, even though the problem now has existed for more than a year and a half. Until then, purchases always exceeded cash-ins.

Ngala Succumbs
NAIROBI (AP) — Ronald Ngala, 50, leader of Kenya's coalition government in the early 1960s, died Monday. He was hospitalized Dec. 12 with head injuries suffered in a traffic accident. He was president and founder of Kenya's African Democratic Union and later joined Jomo Kenyatta's ruling Kenya African National Union party.

Can't Capitulate

David Lawrence

WASHINGTON — No more spectacular example of what a disunited public opinion can do to our nation's foreign policy has been given in recent times than in the experience the United States is having in trying to make peace in Indochina. Although the government in Washington has expressed a desire to assist the various countries which have been engaged in the war and wants to withdraw the remnants of the big army that it has had in Vietnam now for several years, there are no signs of cooperation on the part of all segments of the American people.

DIFFICULTIES have arisen in the negotiations undertaken by the Nixon administration in its efforts to get an agreement satisfactory to both North and South Vietnam, but inside the United States there is a tendency among a large number of anti-war agitators to argue that Indochina should be abandoned altogether, and that there should be no concern about what happens when the last of the American combat servicemen are withdrawn and a cease-fire has been declared.

Our adversaries, of course, know this. They are convinced that, once the United States pulls out of Viet-

nam, it will be hard for the government here to resume its military operations, except, of course, by giving assistance to the South Vietnamese in their air warfare. To all intents and purposes, the impression is being conveyed that the American withdrawal is one that should be completed and the South Vietnamese left to themselves.

UP TO NOW, there have been declarations of confidence by our military men that South Vietnam has competent forces to defend itself, and that if they had enough supplies they could prevent any massive invasion from being effective. The United States has been willing to contribute bombing planes and mines to help to damage Communist supply lines. Altogether there has been an expectation that South Vietnam could really put up a good defense. But, in the final analysis, it would mean a prolongation of the war and, with the United States virtually detached from it, the big question would be whether Red China and the Soviet Union would also refrain from giving substantial military help and thus prevent North Vietnam from winning a total victory.
(Copyright, 1972, Publishers-Hell Syndicate)

Logical Bombing

William F. Buckley Jr.

Let's get it straight: Richard Nixon's resumption of the bombing is the logical not the illogical, the honorable not the dishonorable, consequence of the breakdown of the negotiations in Paris as the result of North Vietnamese mickey mouse.

THE EFFORT is being made to distinguish between the views of Henry Kissinger and Richard Nixon on the matter of a satisfactory settlement. It will not succeed because it is not true. Kissinger, when he said that peace was in sight, interpreted several commitments made by the North Vietnamese as made seriously. When, on returning to Paris he discovered that they were playing games — that, for instance, "international supervision" of the cease fire, as agreed to in October, was being interpreted by the North Vietnamese as a mere 250 supervisors instead of the 5,000 deemed necessary by the State and Defense departments, that half of those 250 would have to stay in Saigon, and the other half could not use even a Piper Cub to detect illegal military movement — Kissinger came back to Washington.

WHAT WAS IT that changed the mind of the North Vietnamese? Clearly, the ease with which they absorbed the landslide victory of Mr. Nixon on Nov. 7. Remember, Hanoi had been predicting that if Nixon were reelected, Hanoi would disappear from the face of the map. When Nov. 8 came along and the skies were clear, Hanoi obviously decided to resort to verbal tricks in Paris, and the result was the breakdown in negotiations.

It is reasonable to suppose that the men who govern North Vietnam are, as regards the war in the south, of three general dispositions. There are the hawks, who would fight to conquer the south even if it meant losing half the population; the swing voters, who would like to push on to victory if it can be achieved with moderate exertion; and the doves who believe that North Vietnam has bled too

much, and that it is better to end the war now and perhaps resume it later on politically. During October, the middle group swung over to the doves. In November, they swung back to the hawks. They can swing back tomorrow, and that is the strategy of Mr. Nixon: not to give up hope, but to make it plain that the consequences of failing to negotiate, are — more war.

AMERICAN CRITICS of Mr. Nixon and of President Thieu are strange in their analysis. They decry what they themselves characterize as the "jubilation" felt by South Vietnamese at the resumption of American bombing. Now as we speak this is primarily about the use of bombs over North Vietnam, there are lodged in South Vietnam about 150,000 enemy troops. The American equivalent would be about two million enemy troops lodged in various parts of this country. Why would it be obscene in such circumstances, for Americans to be jubilant on learning that the military bases supplying those enemy troops are being bombed by an ally?

The New York Times, which only 10 years ago was announcing the need for the United States to stand by its commitments and to resist aggression by the north, is tireless now in its criticism of Mr. Nixon. In its last blast, the Times editorial says, "President Nixon has resorted once more to naked force."

THE NEW YORK Times is telling us that it is not "realistic" to bring about a cease fire that would result in an independent South Vietnam. But it was only such a cease fire as that which we ever agreed to sign.

"... civilized man," says the editorial, "will be horrified at the spectacle of the world's mightiest air force mercilessly pounding a small Asian nation in an abuse of national power and disregard of humanitarian principles." How confidently the New York Times confers the title of civilized. By its standards, the high point of 20th century civilization was reached by Quisling.

Post-Holiday Comment

Hal Boyle

NEW YORK (AP) — Remarks you always hear the day after Christmas:

"Daddy, can you fix my new doll? She just broke her head."
"I'm going to put a beartrap in the fireplace — just in case that fat rascal tries to come down our chimney again tonight."

"Just think: we have only 364 days left to enjoy before we have to go through it all again."

"Somehow it didn't seem right to have Christmas fall on a Monday. What is there to celebrate on a Monday?"

"Christmas is getting to be a year-round industry. It takes six months to get ready for Santa Claus and six months to clean up after he has gone."
"Well, I wanted nothing much for Christmas — and that's exactly what I got."

"Daddy, all the air just went out of my bicycle tire. Can you fix it for me?"

"Right after Mr. Santa Claus leaves with his, 'Ho, Ho, Ho!' in comes Mr. January crying, 'Woe, Woe, Woe.'"

"I really don't mind getting bills so much. What I hate is to have to pay them."

"I'll admit that the brown and cerise tie your Aunt Agatha gave you belongs in a chamber of horrors, but at least you can wear it to church. Nobody in church is supposed to notice what you have on."

"I think we can dispose of the turkey in time, but what in the world can one do with a gallon of leftover eggnog? The mere sight of it makes me feel ghastly."
"Why is it you act like a me?"

skunk all the rest of the year but turn around and give me a nice mink coat for Christmas?"

"Of course I enjoy the robe I got for Christmas. I like it so much that I wish my wife would let me wear it. She's had it on all morning."

"I don't mind going to their complaint department. What I can't stand is having to wait in line before I even get a chance to holler."

"I'm so upset by all this fuss that I feel just like a Christmas tree — full of little needles."

"Darling, I'm truly thrilled by the nice box of handkerchiefs you gave me. I can't wait to catch a cold so I can use them."
"Daddy, the kid up the street borrowed my sled and ran into a tree and broke off one of the runners. Can you fix it for me?"

MOVIE INDUSTRY HEALTH IS BETTER.

Rich Doctors Get In Act

By BOB THOMAS
HOLLYWOOD (AP) — Film financing now comes from a variety of sources, from toy companies to Indian tribes.

ists richer by investing their excess cash. He says that more than 1,500 of them have enlisted his services.

Like other such investment groups, Leverage Funding has gone for real estate developments that offer tax shelters.

Traynor hired a young Berkeley film maker, Mark Lester, to photograph demolition derbies and auto thrill shows in such California towns as Lodi, Vallejo and Sacramento.

TIMES CHANGE
That has changed. "Sounder" was partly financed by the Mattel toy firm "Dirty Little Billy" by the Wells, Rich, and Green advertising agency.

Now comes a film called "Steel Arena." Its backers: 18 Northern California medical doctors who contributed \$475,000.

Chief Appointed
TOMBALI, Tex. (AP) — Fred Telschow, 44, a former Houston policeman, has been named police chief of this Harris County community.

Unique Kind Of Bunker Helps Israelis' Bid

JERUSALEM (AP) — Israel is fortifying Arab Jerusalem with a unique kind of bunker—one made of bedrooms and balconies.

drivers are Arabs from Jerusalem. Ten thousand are working for three times they pay they earned under Jordanian rule.

The defenses are designed to withstand a political offensive. The occupants are civilian Jewish families: mothers with shopping bags and children with school bags.

The ministry says it is unrealistic to go on thinking of Jerusalem in terms of the Bible. "We want Jerusalem to hold 10 per cent of the Jewish population of Israel," says spokesman Yehuda Laish.

Determined to hold onto the eastern half of the city; formerly ruled by Arabs, Israel is ringing it with massive housing complexes from Bethlehem in the south, across the Judean Desert to the east and up to Biblical Bethel in the north.

It is widely believed that the McCloskey statement backfired and needed the Israelis into developing Ramat.

Aliens Must Report Info

Mr. Walter V. Edwards, officer in Charge of the Dallas office of the Immigration and Naturalization Service, stated that the period within which aliens must report their addresses is almost at hand.

As a result, newer complexes like Talpiot and Giloh have been planned to blend into the hilly surroundings, sloping and becoming progressively lower.

Court To Allow Crew Trimming

PHILADELPHIA (AP) — A federal judge has paved the way for Penn Central, America's largest and most financially pressed railroad, to eliminate at least one man from each of its 5,700 train crews.

(Im)Practical Joke

Dear Abby: Abigail Van Buren

DEAR ABBY: My husband is a practical joker. Before I realized what a nut he was, I had a couple of heart attacks. When we were married a short time, we had our first argument and I stormed out of the house to go to the grocery store. When I came home I found him all sprawled out on the kitchen floor with the dog's leash around his neck. His eyes were rolled back and his tongue was hanging out as though he had hanged himself. When I screamed and fell on him, he got up — laughing! (I didn't speak to him for two days.)

DEAR ABBY: We have a son who will be 8 years old soon. Almost all his friends have bicycles, and Jeff wants one very much. Jeff is a nail biter, and we have told him he could not have a bike until he quits biting his nails — and the day I had to cut his nails for him I would let him pick out any bike he wanted.

DEAR ABBY: I get nothing wrong with your sense of humor, but your husband is obviously using these little jokes to punish you.

DEAR ABBY: A doctor's home is about to be broken up by a little homewrecker who is on her third try for a doctor. I know, because my husband was one of the doctors she tried to get.

DEAR ABBY: I see nothing wrong with your sense of humor, but your husband is obviously using these little jokes to punish you.

Nixon Is Hopeful Talks To Resume

KEY BISCAVAYNE, Fla. (AP) — The Florida White House maintained silence on the resumption of U.S. bombing attacks on North Vietnam today after President Nixon waited in vain for a Christmas peace signal from Hanoi.

A holiday pause in the bombing campaign against North Vietnamese targets above the 20th parallel lasted for 36 hours, although U.S. warplanes limited a Christmas halt to strikes in South Vietnam to 24 hours.

Like the holiday bombing pause itself, the 12-hour extension of the stand-down on bombing raids against targets in the North was not announced formally by either the U.S. Command in Saigon or the President, who is spending Christmas at his Florida home.

Sources in Saigon said the 12-hour extension on strikes in the North had been continued on an hour-to-hour basis because Nixon hoped it would bring an indication from Hanoi that it was ready to resume private peace talks.

Henry A. Kissinger's peace negotiations in Paris with Le Duc Tho of North Vietnam broke off two weeks ago, with each side accusing the other of raising new issues to thwart the signing of a cease-fire agreement drafted in October.

Even with the impasse, U.S. officials have said lines of communication remain open between Kissinger and his Communist counterparts. Officials have refused to say, however, whether any recent contact has been made.

Since the peace talks stalled and Nixon ordered the intensive attacks, Hanoi's spokesmen have said negotiations could not resume as long as the United States was bombing above the 20th parallel.

Shrine Hosts Annual Party

Thirty-five children were the delighted guests of the Big Spring Shrine Club at the traditional party Saturday noon for crippled children.

Bunny Martin, Belton, billed as the "world's yo-yo champion," fascinated the youngsters for half an hour with his uncanny antics with a yo-yo. He held one so near the microphone it sounded like a high-speed motor. With another he struck a match in the mouth of George Bair. His slight-of-hand tricks were equally popular with the youngsters.

Afterwards, Santa Claus came and visited each youngster, giving presents adapted to each handicap, also a bag of fruit and candy.

Nobles (members of the shrine) and their ladies picked up the children, brought them to the Settles ballroom and were hosts. After the program, they returned them to their homes. The party is an annual affair since the Shrine majors in helping crippled children. During the year they carry on their hospital and burns center ministries for children.

Carl Trim Named To Traffic Post

Carl Trim of El Paso has been appointed traffic safety program specialist for west Texas, it was announced today by A. Ross Rommel, Traffic Safety Administration for the Office of Traffic Safety Administration in Austin.

Trim is one of 10 traffic safety specialists appointed to cover the state in an intensive effort to assist local jurisdictions in solving the traffic safety problem at the local level. His duties include helping jurisdictions to assess their traffic safety needs and assisting them in implementing a program to solve them, in accordance with the state-wide program.

Based in El Paso, Trim is responsible for the 23-county area surrounding Big Spring, Midland, Odessa and El Paso. The Greenville, Miss., native is a retired Army Lieutenant Colonel and served as a traffic safety supervisor and assistant to the mayor of El Paso for two years prior to accepting this appointment.

Trim is vice-president of the El Paso Council on Alcoholism, a board member of St. Margaret's Home for Children in El Paso and a member of Rotary. He is married to Mary L. Trim and they have three children.

Posts Bond On Drug Indictment

Homer Lee Willford Jr., 24, arrested in Austin in connection with two indictments charging sale of narcotic drug here, was released Monday on two bonds totaling \$20,000.

He was one of those indicted in a round-up recently. Bond was set by District Judge R. W. Caton.

There were instances of widows and divorcees whose credit accounts were canceled when their marriages ended because the credit belonged to the husband.

Also described were working wives whose earnings were not counted toward eligibility for mortgage loans and single, divorced and widowed women with substantial incomes who had to have male cosigners before getting loans.

Several women's rights organizations, including NOW, the Women's Equity Action League (WEAL) and the Women's Lobby, say they're planning stepped-up fights against sex discrimination in credit.

NOW will mount an "organized and concerted" national campaign in 1973, which may include demonstrations and boycotts, said Lynne Litwiler, head of NOW's task force on taxes, credit and finance.

Miss De Saram says she's received more than 100 requests from individuals and organizations throughout the nation for advice on how to organize militant demanding groups to protest discrimination equal rights to credit cards and work for equality in credit loans.

In response, a number of major stores, credit card companies and banks say they are changing or clarifying their credit policies, and some creditors are actively pursuing the task force on credit.

The Dallas chapter of WEAL, which plans an extensive investigation of credit practices in Atlanta and eventually a permanent task force on credit.

"A year ago, women just accepted discrimination without question," said Carole De Saram, executive director of the National Organization of Women.

"Now they're no longer taking it. They're asking, 'What do you mean I can't have a loan or credit?' Hundreds of women—and even some husbands—are up in arms."

FOR A HAPPIER CHRISTMAS—Santa Claus distributed presents to each of the 35 children who were guests at the Big Spring Shrine Club Christmas party here Saturday. Here Santa gives a sack of fruit and candy to Richard Cyfert, son of Mr. and Mrs. J. T. Cyfert, Garden City. He is held by Harvey Hooser, his host for the party in which each noble became a host for a child.

Credit Card Companies Yielding To Pressure

Consumer Affairs acknowledged last month in its report: "Discrimination against women in credit granting systems can be subtle, but serious, as shown in recent hearings on the subject by the National Commission on Consumer Finance."

The council recommended that "consumer credit granting criteria should be the same for men and women. When they meet these criteria, married women who so request should be granted credit in their own name."

Members of the subcommittee included top officials of J. C. Penney's, American Express, Household Finance Corp., First National City Bank and Bank of America.

John E. Patterson, credit manager for Franklin Simon, a New York clothing store chain, said retailers are beginning to show an awareness of their lack of recognition of women in the granting of credit.

"Many major stores have already changed their policies toward women," Patterson said. "They have—in order to compete. It's a simple matter of dollars and cents. We need the business of women."

Only Nominal Reductions Due In Most Air Fares

NEW YORK (AP) — Announcements this week of similar, moderate price cuts under proposed bargain plans by several North American-based airlines appear to have reduced the chances for a major price war over transatlantic fares.

The possibility of a price war was raised last week by British insistence on drastic price cuts for their bargain plan.

The British have proposed a \$136 round-trip, off-season fare on the state-owned British Overseas Airways Corp. for flights booked three months in advance between New York and London. Most of the other carriers' plans are in the \$200 range.

The carriers announcing rival plans so far include Pan American World Airways, Trans World Airlines, Air Canada, CP Air and National Airlines.

British insistence on a major price cut was described as the main reason the International Air Transport Association could not reach a formal international agreement on advance-booking fare structures earlier this month.

The association's conference in Geneva broke up Dec. 13, forcing each of the 25 transatlantic carriers and 15 lines flying connecting routes to chart its own course on prices.

The British announcement of a proposed \$136 fare followed within a day.

On Friday, however, TWA announced its New York-London advance-booking proposal would cost \$199 in winter — \$63 more than the British plan — with summer fare \$239 and spring and fall fares \$230.

The rate structure was similar to that proposed by Pan American two days earlier and was in the same general range as plans announced by the other three North American-based carriers for flights from other cities to London.

All the plans first must be approved by the U.S. Civil Aeronautics Board. If ap-

Nicaraguans Need Food, Not Plasma

MANAGUA, Nicaragua (AP) — Nicaragua's ruler says the survivors of the earthquake that devastated Managua need food, not medicine or blood plasma.

"We need food for the people," said Gen. Anastasio Somoza, the country's leader. He told foreign nations not to send any more medical supplies, that the supply was sufficient.

The quake Saturday destroyed about 75 per cent of Managua, a city of 300,000, and the toll was estimated at 5,000 to 10,000 dead, with 20,000 injured, Somoza said. The country already was suffering from drought and 250,000 people were unemployed.

Managua was ordered evacuated, and most of the survivors left. Officials said they would cut off relief food supplies to about 25,000 who refused to leave.

"We have to empty the area. We are afraid of an epidemic," said Gen. Luis Rodriguez Somoza, the relief coordinator. There was still no water or electricity in the city Monday the Second Baptist Church from and the smell of rotting bodies was heavy in the central area.

International relief operations have gone into high gear. President Nixon ordered "an all-out effort to provide all needed help to Nicaragua." CARE in New York said it had 700 tons of food available. The American Red Cross renewed its request for Americans to contribute money, not supplies.

U.S. Air Force planes loaded with rolled oats, flour, field hospitals, water purification equipment and other supplies departed hourly from MacDill Air Force Base in Florida. Army engineers with dump trucks, wreckers and bulldozers were flown in.

Carlos Giron Romero, head of the general hospital El Retiro, said he did not believe there would be an epidemic although, "of course, a possibility always exist."

In front of the hospital, some 900 patients were treated in mobile hospitals set up by the U.S. Army.

Carlos Giron Romero, head of the general hospital El Retiro, said he did not believe there would be an epidemic although, "of course, a possibility always exist."

TRUMAN AS CHILD AND YOUNG MAN—These photos show the late president, Harry S. Truman as a child and a young man. Top left is one of his first baby pictures. He is pictured as a four-year old in the top center photo and as a 15-year old at top right. At that time he was a high school student in Independence, Mo. At lower left, he was 22 and was wearing a Missouri State Guard uniform. In the lower center photo, he is pictured just before he entered politics. The uniformed picture in the lower right shows him as a World War I officer.

Most Texans Liked Late President

By The Associated Press
 There can't be any question: Most Texans liked Harry Truman's way of doing things—by a margin of about 3 to 1.
 That is, they liked his blunt, salty talk—provided it wasn't directed against them or their buddies.
 They proved it in 1948 when they gave him a margin of almost 3-1 when he ran for president against Thomas E. Dewey in one of the strangest races on record.
 Truman didn't believe the polls or anything else that said defeat.
DEWEY LANDSLIDE
 All indications were that Dewey would win easily if not by a landslide.
 Harry put a train together and climbed aboard and made his famous whistle-stop, give-'em-hell speeches.
 He crossed Texas in the train and by the time he left Dallas, some people betting on Dewey began to hedge.
 Everywhere Truman's train stopped, he drew great crowds, while Dewey couldn't draw beans.
 When Truman got to Dallas in mid-afternoon, he descended from the train and headed for aging Burnett Field where they played Texas League baseball in those days.
 Well, Harry filled that baseball park like it never had been filled before, even for the Dixie Series playoffs. The grandstand, the infield and outfield were jammed with people.
 Persons who study "crowds-manship" as related to votes saw handwriting on the wall. Anyway, Truman took Texas 750,700 votes to 282,240 for Dewey, with Strom Thurmond on the States Rights ticket getting 106,909 in that 1948 election.
 Truman didn't visit Texas often, however. One trip was for the funeral of House Speaker Sam Rayburn at Bonham, a service attended by four Presidents, former Presidents or presidents-to-be. The others were Eisenhower, Kennedy and Johnson.
IN UPROAR
 Truman made one more memorable trip to Texas and as usual he caused an uproar, particularly among persons who consider the word "hell" profane language.
 This was in 1960 and it was a two-day political swing trying to bring Texas back into the Democratic corral after voters twice had elected Eisenhower. Richard Nixon was running against John F. Kennedy that year.
 In San Antonio, Truman said, "And that bird (Nixon) has the nerve to come to Texas and ask you to vote for him. And if you do it, you ought to go to hell."
 Truman later said that wasn't what he said. But he wouldn't say what he believed he said. A corps of veteran newsmen all had the same quote.
 Back in Washington, Truman was asked if he intended to apologize for the "go to hell" speech as some Republicans demanded.
 "TELL THEM to go to hell," Truman replied, and laughed about it.
 The swine judging will begin at 1:30 p.m. on Dec. 29 with Bobby Lee, vocational ag teacher from Wilson placing the animals.
 Oliver West, Glasscock County extension agent, will place the lambs beginning at 9 a.m. on Dec. 30. Richard Smith, vocational ag teacher, will classify the lambs.
 The beef animals will be shown at 1 p.m. Dec. 30, with Billy Reagor, Martin County extension agent, placing the heifers and steers.
