

REFUSED TO FLY Heck Says He'll Appeal

SAIGON (AP) — Capt. Michael J. Heck said today he doesn't anticipate his life will be affected adversely by the equivalent of an undesirable discharge that the Air Force is giving him for refusing to bomb North Vietnam.

A telephone call at 4:30 a.m. awakened the 30-year-old B52 pilot at U Taphao Air Base in southern Thailand to bring him the news that the Air Force had decided to discharge him rather than bring court-martial charges.

"I'm pleased," the Chula Vista, Calif., flier said in an interview. "We're planning an appeal on the type of discharge to have it upgraded. Other than honorable is comparable to an enlisted man's undesirable discharge. Practically speaking, I'll lose certain Veterans Administration benefits."

(AP WIREPHOTO via cable from London)

"M" UNMASKED — The head of Britain's M. I. 6, the real life counterpart of the mythical "M" of the James Bond stories, has been identified in a West German news magazine as Sir John Bennie, 59, officially listed as a deputy under-secretary at the Foreign Office, M. I. 6 is the department concerned with Britain's overseas espionage network.

U.S. Bombing In Cambodia

WASHINGTON (AP) — American warplanes struck Communist forces in Cambodia Thursday at the request of the Cambodian government, the Pentagon said today.

This was the first time the United States has reported bombing in Cambodia since the Lon Nol government declared a unilateral cease-fire Jan. 30, following cease-fire in the Vietnam war.

At the same time, Pentagon spokesman Jerry W. Friedhelm indicated U.S. bombers and fighters will continue to hit North Vietnamese and Pathet Lao forces in Laos until there is a cease-fire there.

Prisoners Swap Dates Disclosed

WASHINGTON (AP) — North Vietnam will release about 115 American prisoners of war Sunday night Washington time while Communists in South Vietnam release 27 other U.S. prisoners, the Pentagon announced today.

Defense Department spokesman Jerry W. Friedhelm said the North Vietnamese have informed U.S. officials of plans to release in Hanoi one-fourth of the Americans held captive in the North.

SOME SICK
Some sick and wounded will be included in the first group, he said.

Of the 562 American POWs in Southeast Asia, 456 are held in the north, 99 in the south and 7 in Laos.

Friedhelm said Hanoi gave no specific number for those to be released in the first increment, but noted that one-fourth the total would be about 115.

Three hours before the scheduled release, an 18-man team of U.S. officials will be flown to Hanoi to assist in the long-awaited prisoner release.

Friedhelm said the North Vietnamese agreed to this and also approved entry of a team of officials from the International Commission of Control and Supervision to observe the release.

Earlier, ICCS officials in Saigon announced the planned release of 27 U.S. POWs held by the Viet Cong in jungle camps near the Cambodian border. That will take place at Quan Loi, a small airfield near the provincial capital of An Loc, about 40 miles north of Saigon.

15th DAY

Release of the Americans Sunday night or Monday Hanoi time will come on the 15th day following the signing of the peace agreement in Paris. Under terms of the pact, the first of the POWs were to have been set free within 15 days, with the remainder to follow in three additional increments in roughly equal installments about every two weeks.

Friedhelm said the exact timing and other specifics of the release will be worked out at a meeting Saturday of U.S. and North Vietnamese officials in Saigon.

Standing by at Clark Field in the Philippines, three hours flying time from Hanoi, a fleet of U.S. medical evacuation jet aircraft awaiting only a signal to pick up the men, some of whom have been waiting nearly nine years for their freedom.

Aboard each plane will be a five-man team of medical personnel, military escort officers and a public affairs representative from the Defense Department. Each returnee will have either a seat or stretcher, depending on his individual condition, to ride in.

The men set free by the Viet

Cong in the South will either be picked up by helicopter at Quan Loi and flown to Saigon and transferred to the Medevac planes for the trip to Clark or will be picked up by these specially equipped planes at the release site and flown directly to Clark. This apparently has not yet been worked out.

LONGEST-HELD
The longest-held American

prisoner of the Vietnam war is Army Maj. Floyd Thompson, who was captured in South Vietnam March 26, 1964. Longest held in the North is Lt. Cmdr. Everett Alvarez, a Navy pilot shot down in August 1964 on his first mission.

At Clark, the returnees will be given medical examinations and intelligence debriefings in hopes of learning the fate of 1-

328 other Americans still missing.

Friedhelm said this would take about three or four days before they're flown on to one of 31 military hospitals in the United States for further treatment and the first reunions with their families. However, since some sick and wounded are to be included in the first group, their stay at Clark may be somewhat longer, he said.

Slick Streets Blamed For 18 Wrecks Here

Ice gradually was loosening its grips on the Howard County area, and temperature expected to rise from the 22 degrees reported late this morning in the 30s this afternoon. Wind swept snows stood in varying depths — the average being about one inch deep.

The predicted high Saturday in the low 50s would remove the glaze that sent cars sliding in 18 collisions investigated by police Thursday.

Schools Must Follow Rule

"School days, school days, dear old golden rule days." Big Spring is about to run out of days to replace weather days.

Students have reached a point where they firmly believe that the schools should shut their doors every time it snows.

However, state school regulations definitely state that students must attend a certain amount of days if it takes all summer.

The Easter week vacation has been eaten up by weather days and only Good Friday and the Monday after Easter are left as holidays.

Final day of classes at the schools is set for May 31.

If any more weather closing days are needed, the only solutions will be to take off another Easter holiday, attend on a Saturday or go to school in June, according to school officials here.

Fourth Quarter Profit For TIA

DALLAS (AP) — Texas International Airlines reported today a profit of \$105,000 in the fourth quarter of 1972, compared with a net loss of \$2,717,000 for the same period in 1971.

Figures for the entire year showed on a preliminary basis that TIA had a loss of \$1,113,000 against \$6,107,000 the previous year.

This morning, two trucks and three cars — all apparently involved in one-vehicle accidents — were seen on IS 20 between Big Spring and Colorado City. No injuries were reported in connection with rural or urban traffic wrecks here.

EAST OF TOWN
A two-car wreck at about 8:30 a.m. Thursday followed a four-car wreck six-tenths of a mile east of Big Spring on IS 20.

The first accident happened around 8 a.m. when one driver lost control on the ice and three other cars followed suit. Texas Highway Patrol reports listed these drivers in the first accident: Ray Moran, Coahoma; Dorothy W. Moore; Robert Hubert Gee Jr.; and Cathy Jo Evans.

Driving vehicles in the second accident were Pamela Gal Patterson and Roland L. Beal Jr.

Late this morning, the Big Spring Experiment Station reported a chill factor of six above. Temperature readings were at 22 degrees with a 10-

mile per hour wind out of the north, northwest.

Nine snows have fallen during the Feb. 3-13 period in the last 18 years, Bill Fryrear, location leader, said.

LATE SNOW
Last year, Howard Countians saw the latest snow since the station began keeping records of snow in 1950. Snow flakes hit Big Spring on March 30, 1972.

Neither Texas Electric Service Co. here or Cap Rock Electric Co-Op Inc., Stanton, reported any storm-related problems. Cap Rock serves rural patrons in 13 area counties.

Around San Angelo, the Texas Highway Department expects no improvement in road conditions today. Lubbock area roadways are to be in better condition late today.

Scattered highway ice spots were expected to melt by noon today in the western half of the Abilene district.

A Southwestern Bell Telephone Co. reported no problems with the ice storm.

Winter Miseries Slowing Texans

By The Associated Press
Winter miseries spread throughout Texas today and snow, rain and ice brought travel almost to a standstill in many areas.

As much as four inches of snow coated the countryside across a big part of Southwest Texas, including sections around Junction and Del Rio.

Snow reached all the way south to the Upper Texas Coast and the white stuff, frequently mixed with freezing rain or sleet, generally covered the southern two-thirds of the state, stayed bitter cold but skies

were starting to clear in part of the Texas Panhandle.

CELL TIME
While state police reported all major routes open, motorists were cautioned to attempt only emergency trips in many areas. At one point during the night, an icy hill on Interstate 10 west of Ozona stalled nearly 50 cars.

Travel conditions filled public lodgings in a number of places. County courthouse quarters for jurors took care of some motorists minus a place to stay at Junction, and empty jail cells were made available to others at Ozona.

Even San Antonio, normally sunny and warm, measured about two inches of rare snow.

And in the semitropical Lower Rio Grande Valley, one to two inches of rain around McAllen and Brownsville coated a wide area with ice. First reports indicated temperatures stayed a degree or two above the danger point for citrus groves, but growers were concerned over prospects for even colder weather tonight.

Cloudy

Partly cloudy this afternoon through Saturday. High this afternoon, mid 30s. Low tonight, upper teens. High Saturday, low 50s.

Rehab Center May Receive Flat Fee

City and county commissioners, at separate meetings Monday and Tuesday, are to discuss proposals in relation to the Dora Roberts Rehabilitation Center.

Representatives from the county commissioners and the city council, along with a representative from the rehabilitation center, met Thursday to finalize details to be presented to the respective groups next week.

They are preparing to offer to pay a flat fee per month in lieu of rent for the city-county health unit, plus a few

other benefits to be approved by the respective bodies.

This agreement is to replace a former complicated agreement between the groups which was in lieu of rent at the center. It is not a subsidy program, although the center has been operating under a deficit during the past year.

County commissioners, in other action at 9 a.m. Monday will open bids on a two-year bank depository contract. State National Bank is the present depository for county funds.

Setting terms of county and justice court also appears on the agenda.

(AP WIREPHOTO)

THOUGHT IT WAS AN EARTHQUAKE—Mona McIntyre, who lived in the apartment building which was struck by a Navy jet fighter on Wednesday night in Alameda, Calif., says she thought it was an earthquake when the plane hit. Witnesses say Miss McIntyre was pulled from the blazing building by a young man who climbed a drain pipe to her third-floor window. They fell when the walls collapsed and Miss McIntyre was hospitalized for cuts, bruises and shock.

REMOVE BODIES 'God Knows How Many Cremated'

ALAMEDA, Calif. (AP) — "God knows how many were cremated," Alameda Fire Chief Ernest Servente said, surveying the ruins of an apartment house transformed into an inferno in the crash of a Navy jet fighter. As many as 20 may have died, he estimated.

Searchers recovered eight bodies and part of a ninth by late Thursday from the still smoldering rubble of the four-story, 27-unit frame Tahoe Apartments here, across the bay from San Francisco.

"There's a good chance that many people were incinerated in certain areas by the intense fire" in the disaster Wednesday night, said Roland W. Prael, Alameda County chief deputy coroner.

Frank Reynolds, owner of the 45-year-old apartment house, said 26 units were occupied and that 37 persons might have been living there at the time of the crash. The building manager, Edward Motta, who escaped with his wife when the plane hit, said he believed up to 25 persons were in the building.

Eyewitnesses reported seeing only a few persons escape the building before it exploded, sending flames high into the sky.

Flaming debris set fire to adjoining apartment buildings after the 20-ton A7 Corsair from Lemoore Naval Air Station crashed.

At least 24 persons were hurt. Searchers, many of them volunteers, worked through the night and Thursday in an eight-foot-high plateau of smelly, charred rubble. Some of them collapsed from fatigue.

Marines from nearby Alameda Naval Air Station searched for parts of the plane.

The Navy ordered a board of investigation to convene shortly.

Some reports said the plane was on fire before it crashed, but the Navy could not confirm it.

Missing Angel

By THE ASSOCIATED PRESS

The thousands who watched Cmdr. Harley Hall's feats with the Blue Angels precision flying team were many miles away when he ejected from his aircraft over South Vietnam.

A Pentagon spokesman said Hall was the last Navy pilot to be shot down before the cease-fire agreement ended America's longest war.

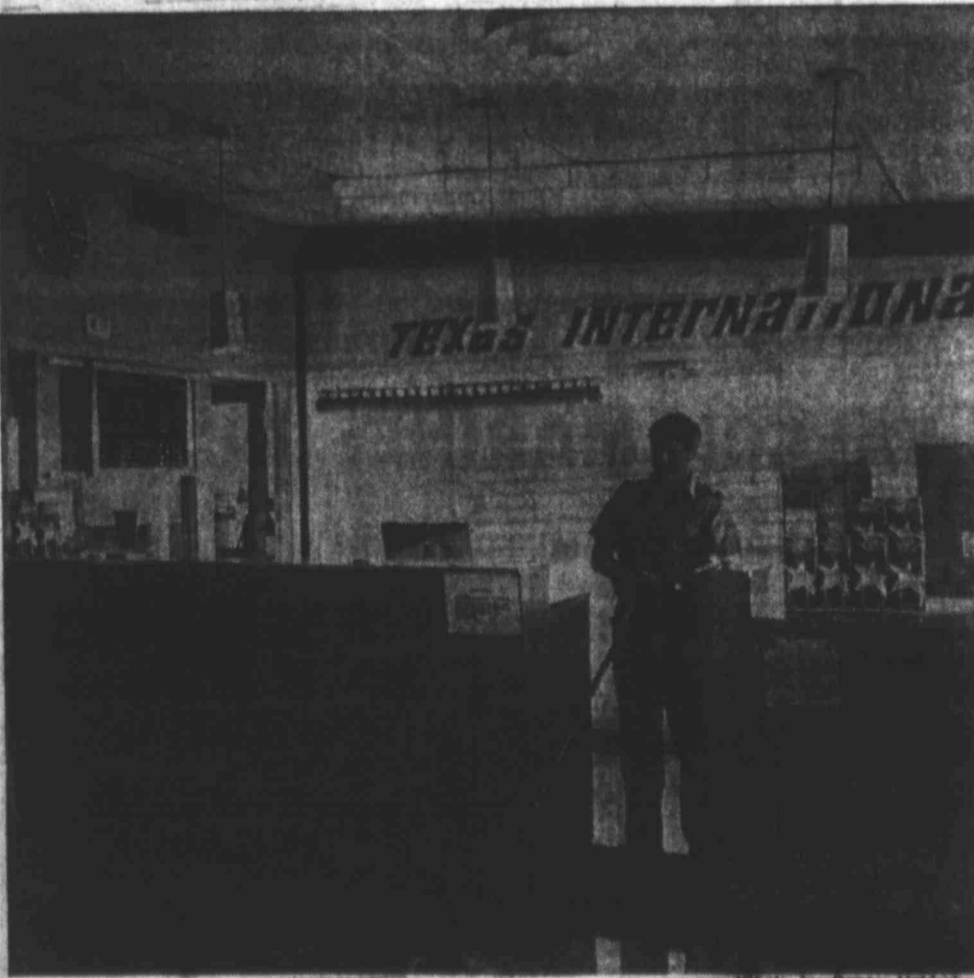

But his wingman returned to the aircraft carrier Enterprise and reported he saw the flyer and his copilot "alive and on the ground and functioning," said Hall's wife, Mary Lou, in San Diego, Calif.

'HE'S ALL NAVY'
Hall, 35, and radar intercept officer Lt. Cmdr. Phillip A. Kientzler were listed as missing in action after they bailed out over Quang Tri Province, South Vietnam, on Jan. 27 — the day the cease-fire went into effect.

"He's one of the finest officers we have in the Navy today," retired Vice Adm. Bernard M. Streaan said Thursday in Washington.

"He's all Navy, one of the most outstanding pilots in the military and a young man with a long way to go," said Streaan, retired chief of Naval Air Training and Hall's former superior. "I knew that when we selected him for the Blue Angels, and I'm even more convinced of his caliber today."

A native of Vancouver, Wash., Hall was selected over 2,000 Navy pilots to head the flying showcase in November 1969.

(Photo by Danny Yodanis)

ROOF SPRINGS LEAK—Snow blown under part of the roof later melted causing a leak in the roof of this building at Howard County Airport, Bill McClendon, airport manager, believes. This, he said, was "the first time it ever leaked." He doubted that any but minor repairs would be needed. Texas International flights continued despite the snow and ice storm.

SUPPORTS DEATH PENALTY

A Father's Grief

SAN ANTONIO, Tex. (AP) — Dr. H. Vincent Walker, a surgeon whose young son chose to be a deputy sheriff and then lost his life in a bloody attack, wants the death penalty restored for premeditated murder.

Walker, who occasionally came close to crying as he talked to an interviewer, said the slayers of his son and a non-paid reserve deputy killed was premeditation. "They had their minds made up," he said.

capital, the next day in what he says was a spontaneous trip to address a legislative subcommittee considering new death penalty proposals.

Lyne Announces His Retirement

DENVER, Colo. — Phil Lyne, world champion all-around cowboy for the last two years, announced his retirement from full-time competition during the recent Fort Worth rodeo.

Lyne, who set an all-time winnings record for a single season last year by gleaming \$60,825 from the sport, plus \$23,600 in rodeo bonuses, said he plans to compete only in calf roping and steer wrestling at rodeos close to home near George West, Tex.

Lyne had roped a calf since the National Finals Rodeo last December when he showed up at the rodeo last week. He had entered the one event at the National Western rodeo last January in Denver, but withdrew because of a nagging leg injury sustained at the Finals.

DEATHS

Luera Given Prison Term

COLORADO CITY — A Mitchell County jury deliberated an hour and 39 minutes before returning a verdict of guilty in the trial of Ernest Luera, 22, charged with the Oct. 10 rape of a 22-year-old Colorado City divorcee.

Ex-Deputy Sheriff Innocent In Slaying Of Bystander

EDINBURG, Tex. (AP) — Two years and two days after the bloody Pharr riot, a former Hidalgo County deputy was acquitted on a charge of negligent homicide in the shooting death of a bystander.

A jury of five women and a man took about two hours and 15 minutes Thursday to find Robert C. Johnson innocent on two charges of negligent homicide in the Feb. 6, 1971, shooting death of Alfonso Laredo Flores, 20, of Pharr.

Johnson was one of a number of officers at Pharr under orders to disperse a rock and bottle throwing crowd after a peaceful demonstration against alleged police brutality erupted into a riot.

The four-day trial came to an end at 6:21 p.m. Thursday. The jury set Luera's punishment at 15 years in the state penitentiary.

Johnson, who told his superiors he thought he had shot a man, was indicted by a county grand jury on the misdemeanor charges. He was suspended from duty by Sheriff Claudio Castaneda.

Verdict was read, had no comment for newsmen as he left the crowded courtroom and walked past a large crowd of Mexican-Americans unhappy about the verdict.

Teen-Ager Jailed On Burglary Rap

Daniel Ortega Diaz, 18, of 511 NW 8th St. was in county jail this morning in lieu of posting bonds with an old and new burglary complaint.

SE Dawson County Gains Completion

Southeastern Dawson County today gained its seventh well in the Ackerly North (Cisco) field with completion of Continental No. 1 Howard for 220 barrels of oil flowing.

Allocating Gasoline Is Possibility This Year

Gasoline allocations are a distinct possibility this spring or summer, Tom E. Cook, American Petrofina's marketing vice president, said at a meeting here Thursday.

Texas Solon Raps Jury Sentences

AUSTIN (AP) — Suspended sentences given Fred Foy Young for the "Bizarre murders of a grandmother and her granddaughter have shocked all Texans," Sen. Walter Mengden, R-Houston, said Thursday.

Mengden introduced legislation to require the judge, rather than juries, to assess sentence in all criminal cases in Texas.

Young was found guilty by juries in Belton and Tyler for the slaying of Mrs. Mabel McCormick and her 3-year-old granddaughter, Leslie Bowman. He drew a five-year suspended sentence in the first trial, and a 10-year suspended term in the second trial.

Young's lawyers contended their client was at the scene but did not participate in the killings. Another man, Dennis Anderson, received a life sentence for the woman's death but has not yet been tried for the girl's murder.

"Texas is the only state that permits the defendant to choose whether he wants the jury or the judge to assess his punishment," Mengden said. "As a result, there has been a great disparity in sentences assessed by juries."

Mengden said a jury is "not well equipped to arrive at a proper sentence after conviction."

He also said if a judge developed "soft tendencies towards criminals," he could be voted out of office at the next election.

Knife Slaying Suspect Nabbed

MORRISON, Ill. (AP) — Juan Valdez, 23, of Irving, Tex., was held today by police who said he is wanted in a knife slaying last month of a Dallas, Tex., resident.

Whiteside County authorities said Valdez was arrested earlier this week and waived extradition to Texas.

BIG SHOES TO FILL—Undaunted by the size of the boots she tried to fill, two-year-old Julia Patterson nevertheless offers a smile, at a recent trade fair in Blackpool, Lancashire, England.

HSU Musicians Once Played For Reb Vets

The Hardin-Simmons University Cowboy Band will celebrate its 50th anniversary Feb. 16-17 during Homecoming activities on the H-SU campus.

A Cowboy Band concert featuring past band directors will be performed Saturday, Feb. 17 at 10:30 a.m. in Brown Chapel, followed by a barbecue luncheon in Rose Field House.

Members of the original Cowboy Band will be guests of Dr. and Mrs. Conrad R. Lam

of Farmington, Mich., at a dinner at the Hilton Inn at 7:30 p.m. Saturday, Feb. 17.

Bob Whipkey of Big Spring joined the band after it was only a year old. He recalls that it was still in the early stages of formation. They had not had their traditional purple shirts, gold beckerchiefs, big gold hats and chaps and boots for too many months.

The original uniform of the band has survived the 50 years, although the band has greatly increased in both quantity and quality.

The original band, directed by D. O. Wylie and with the aid of G. B. Sandifer, son of the president of the university at that time, served as a good will group to try to interest students in Simmons University.

Whipkey recalls that they played many a concert in surrounding towns, drumming up interest in the college. Their big trips in those days were to the annual convention of the Confederate Veterans which were held in such places as Birmingham, Tampa and Little Rock.

In those days, it was the Simmons Cowboy Band because Hardin was not added to the name of the University until the 30's.

Later bands took fantastic overseas trips and band members from the first European trip in 1930, the Mexican trip in 1937, European tour, 1952-53, U.S. Military Air Transport Tour in 1958 and the Japan tour in 1963 will hold special sessions during homecoming.

The annual Cowboy Band board of directors' meeting will be held at 2 p.m. Saturday.

Farmer Kills Eight Persons

KUALA LUMPUR, Malaysia (AP) — A Malay farmer killed eight persons with his shotgun during a period of more than 12 hours before police gunfire killed him in a rice field 60 miles south of Kuala Lumpur.

The farmer's victims included three other farmers, the wife and daughter of one of them, a man who was cycling through the village and two policemen. Four other policemen were wounded.

Police said nobody could give any explanation for the shooting by 62-year-old Idrus Bin Hassan. The shooting began Wednesday afternoon and Hassan spent the night hiding in the ricefield. The police located him there this morning and killed him in an exchange of gunfire.

Subway Fire Injures 94

BOSTON (AP) — Thirty-seven persons remained in hospitals today as officials began two separate investigations of a subway car fire Monday that left one man dead and 94 injured.

General Manager Joseph Kelly of the Massachusetts Bay Transportation Authority said 47 of the "Blue Bird" cars—named for their blue and white colors—will be taken out of service until insulating blocks can be installed on their undersides.

The cars are 10 years old. The MBTA was aware since December of problems caused by deterioration of the cars' insulating blocks that protect the cars' bodies from the electrical current picked up from the third rail.

Henry Lodge, MBTA chairman, announced creation of a three-man panel to make a "thorough investigation" of the fire in the underground rapid transit tunnel just 60 feet beyond the boarding platform at South Station.

Gov. Francis Sargent asked the Department of Public Utilities to make its own investigation of the recent series of MBTA fires, of which Monday's was the second in a month.

Fire Chief George Paul said of Monday's incident: "It was just a small bit of fire but very smoky. Smoke caused all the trouble."

Tech Starts Anniversary Fete At 9:30 Saturday

LUBBOCK — A formal program with Texas Tech University faculty and staff in full academic regalia and featuring an address by a nationally recognized scientist will officially inaugurate the university's fiftieth anniversary observance at 9:30 a.m. Saturday in the Municipal Auditorium.

The Charter Day activities commemorate the 50th anniversary of the signing of the legislation creating an institution of higher education for West Texas.

The principal speaker will be Dr. Nevitt Sanford, scientific director of the Wright Institute (Berkeley, Calif.), which he founded in 1968.

Bill E. Collins, chairman of the Board of Regents of Texas Tech University, will preside over the assembly, with the public invited to attend and participate in the inauguration of the two-year observance by Texas Tech. It was on Feb. 10, 1923, that Texas Gov. Pat Neff signed the bill which created Texas Technological College. The observance will continue through 1975, the semi-centennial of the acceptance of the first class of students at Texas Tech.

Among those due to be on hand is Burke Mathes, Los Angeles, who was representative from Plainview in 1923 when the Bledsoe-Chitwood bill created Texas Tech. This will be his first glimpse of the university — he saw the site at a big barbecue in 1923.

POWs-Gifts Idea Fizzles

SAN DIEGO, Calif. (AP) — Plans to give new cars and color television sets to returning prisoners of war by a nonprofit corporation have been dropped after a POW family organization voiced opposition.

The National League of Families of POW and MIA said it opposed the plan by Welcome Home Our Prisoners because "it is not in keeping with our ideas of what the prisoners need."

Roger Chapin, founder and president of the San Diego group, said he now plans to ask his businessmen supporters whether to pursue another proposed facet of his project—prepaid vacations for the returnees.

Sen. Alan Cranston, D-Calif., said he withdrew from the group's 40-man advisory board after he was notified of the league's objections.

"I must ask that you withdraw my name from the advisory board... until I receive assurances from the league that you have reached agreement with them about the way their men should be welcomed," Cranston said.

Building Unsafe For Fire Marshal

MONTGOMERY, Ala. (AP) — The office of the Alabama fire marshal is in a building that does not meet local fire safety standards, according to Montgomery Fire Prevention Bureau Chief Jack Adams.

"According to present standards, I would say it is unsafe," Adams said.

He said he cannot require the landlord to make the necessary alterations because of a clause in the city fire code that says a building does not have to meet standards set after it was built.

Opening lead: Ten of ♠
South suffered a devastating loss at three spades doubled that was out of proportion to the action he took during the auction. His vulnerable overall of three spades after East's three heart opening bid, does not actually merit severe criticism. It is in the nature of a calculated risk, and the losses that are sometimes incurred when the strength is banked behind the overcaller represent the price that must be paid to a well chosen preemptive bid.

West opened the ten of hearts against three spades doubled. East overtook with the jack and declarer played the ace. In an attempt to steal a trick, South led his

singleton diamond. West put up the ace, however, and led another heart to East's nine which won the trick.

East returned the four of clubs and South played to six from his hand. West cashed the queen and ace and continued with the three of clubs which East ruffed.

A third round of hearts was led and declarer ruffed in with the ten of spades. West overruffed with the queen and led a fourth club. Dummy trumped with the six of spades and East topped this with the nine as declarer helplessly followed suit with the king of clubs.

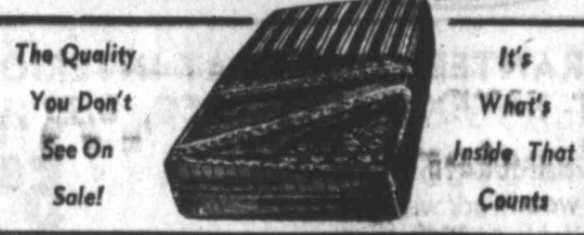

A fourth round of hearts supplied the finishing touch to the carnage. Declarer trumped with the jack of spades while West took a discard. The ace-eight of spades was now a tenace behind South's king-seven and West could not be prevented from scoring two more tricks in the trump suit.

The final result was a five trick set or a 1,400 point deficit on a deal where East and West could have made a nonvulnerable game in hearts if left to their own resources. The post-mortem analysis revealed, however, that South could have saved 300 points in the play by either leading a spade honor from his hand at trick two or else, by discarding the king of clubs on the third heart lead by East instead of ruffing in with the ten of spades.

Summit Is True Pocket Calculator

Thomas Office Supply, 101 Main St., now features the Summit Electronic Calculator, the first genuine pocket-size model.

The amazing little machine produces quick answers and large legible read-out equal to that of more expensive and larger models.

The Summit, measuring 3 3/4 inches long, 2 1/2 inches wide and 1 1/4 inches deep will actually fit into a shirt pocket.

Hardly larger than a pack of cigarettes, the little calculator divides, multiplies, adds, subtracts and retains factors in its memory.

The Summit operates for 10 to 12 hours on its rechargeable batteries, or can be operated by the 110-volt connection while the batteries are charging. The charger is included with the Summit, as well as a protective carrying case.

This little thinker is guaranteed by the factory for one full year from date of purchase.

See it today at Thomas Office Supply, 101 Main St.

EARL KELLEY HAS YOUR LAWN AND GARDEN NEEDS AT THE NEWLY-OPENED GIBSON NURSERY.

New Nursery Opens At Gibson's

Nursery stock is arriving daily at the newly-opened Gibson Nursery, located one block south of Gibson Discount Center, 2309 Scurry St.

In preparation for a grand opening scheduled for Feb. 22, 23 and 24, nursery manager Joe Campbell has noted the high quality of the stock received to date.

Presently in stock at the nursery, said Campbell, are large supplies of seeds, bulbs, insecticides and root plants. "We have asparagus, rhubarb, onions and strawberries as well as paladium, dahlias, elephant ears, cannas and tulips," he said.

Soon to arrive are daisy, onion, pepper and other bedding plants plus cabbages.

Redwood mulch and bark is presently in shipment, also, Campbell said. "Redwood mulch is usually better than peat, because it holds the soil more porous and contains water longer," he explained.

Campbell was pleased to say that the Tyler-Evans fertilizer manufacturer, of Tulsa, will supply fertilizer to Gibson's stock, Campbell said, the English Walnut tree will be available.

Also in stock or soon to arrive are peach, plum, apricot, mulberry, Arizona ash, green elm, honeysuckle mulberry, apple, and many other varieties of popular shade and fruit trees.

The time for planting and preparing soil for beautiful gardens, lawns and orchards has arrived; so see the fine selection of nursery stock at Gibson's Nursery. Also, for more information, phone 267-8091.

Cupid's Quiver Is Filled At Inland Port 213

As Valentine's Day approaches, set your sights on Inland Port 213, 213 Main St., where the delight of any young heart can be found.

Inland Port 213 abounds with beautiful, heart-warming gift ideas from incense-burners and ash-trays to table-settings and accessory furnishing for a home of any decor.

Cognes and perfumes always make good arrows to fill Cupid's quiver. Ever-popular selections are the German 4711 eau de toilet and the exotic Spanish Maja in unforgettable fragrances.

Choose from the beautiful collection of Hummel figurines, and for the Hummel plate collector, remember that the 1973 Hummel plate has arrived and is in stock now at Inland Port 213.

Crystal and china selections are always welcomed by the lady of the house, as are the scented candles, moulded in beautiful decorator designs and hand-painted. Also in selection are unique sand-moulded candles.

These and many other beautiful gifts are waiting your selection at Inland Port 213, 213 Main St., Downtown Big Spring.

Big Social Security Bites, Few Americans Protesting

WASHINGTON (AP) — Social Security taxes are taking their biggest bite ever out of paychecks, but congressmen say they've heard relatively few protests.

They add, however, that some complaints persist about the way the whole Social Security system operates.

631 TOPS
Liberals dislike the formula used for apportioning the tax; some conservatives say that the system is underfunded, benefits are subject to the whims of Congress and taxpayers best could invest their contributions in private retirement plans.

This year's maximum Social Security tax—\$31.80 from each worker and his employer—is about \$184 more than the top payment last year.

This big increase is largely the result of two major Social Security bills passed by Congress in 1972.

Congressional specialists say that unprecedented benefit increases contained in those measures appear to have dampened any protest of the higher taxes.

WILLING TO PAY
Most Americans apparently are willing to pay more for the benefits they expect to receive or witness relatives and friends receiving now, the specialists say.

The 1972 bills increased all cash benefits 20 per cent, instituted for the first time a system of cost-of-living increases for future payments, made it possible for old persons to earn more after retirement without loss of benefits, boosted monthly checks for many widows, gave Medicare protection to disabled persons and liberalized the system in other ways.

But spurred by the tax boost, some long-term critics have revived their attacks.

Liberals claim that the higher levies are more than ever unfair to the poor and are proposing once again a complete overhaul of the tax system.

UNFAIR?
Sen. Walter F. Mondale, D-

Minn., said Social Security levies "are grossly unfair because the average wage-earner pays a much larger portion of his income than those who earn large salaries."

So some liberal legislators urge that the payroll tax be abandoned and the entire burden of Social Security taxes be shifted to individual income tax levies.

But if this proves impractical, the liberals say that there at least should be a system of exemptions for the low-income worker.

On the conservative side, Milton Friedman, University of Chicago economist, said recently that under Social Security "the individual is in no sense building protection for himself and his family."

"Any assurance that a worker has 'derives solely from the willingness of future taxpayers to impose taxes on themselves to finance benefits being promised to present taxpayers by ourselves,'" Friedman said.

PAV-AS-YOU-GO
Conservatives say that the government system does not at

all resemble private insurance which must have reserves to cover all liabilities, that it is seriously underfunded, that Congress could take away or lower the benefits at any time and that a young worker could do better if he invested his Social Security taxes in an annuity with a private insurance company.

To conservative objections, the system's backers reply:

The system does not pretend to operate as private insurance does. Rather, it is an essentially pay-as-you-go social insurance plan. Taxes of current workers pay for the checks to those who have retired or become disabled or widowed.

NOT NEEDED
Under such a plan, no large trust fund is needed although the system does have a fund containing about one year's benefits in cases of emergencies. It totaled \$2.5 billion at the end of 1972.

Congress in theory could end the system but, with the number of beneficiaries now at 28 million and growing, this is not politically feasible.

Wynelle Hale Is Presented Award

Mrs. Wynelle Hale, secretary to Chaplain C. O. Hicks at the VA Hospital, has been presented with a commendation for her work with the Lone Star Boy Scout District. Hospital Director Jack D. Powell cited her for

"outstanding contribution in improving communications and services to the public through her numerous contacts while serving as secretary of the district for the year 1972." She kept all the records and notified committees of various meetings, also arranged for monthly luncheons of the district committee.

Warlick Speaks Monday Evening

Mickey Warlick, who says he is alive only by the grace of God, will be the speaker for the Big Spring Baptist Association Brotherhood meeting at 7:15 p.m. Monday in the First Baptist Church of Coahoma.

The Rev. Warlick, a full time evangelist who currently is serving as interim pastor of the First Baptist Church in Seminole, was given only a 50-50 chance to survive a brain tumor operation, much less be active. But in no time he was back at his preaching and has held numerous meetings since, including one at Hill Crest in Big Spring and at Forsan. Although he has a similar condition diagnosed for the other side of his brain, he still continued his active role.

Sam Robertson, president, will be in charge of the program, and Joe White will bring the special music.

FOR AT LEAST 90 DAYS Penn Central Trains Roll

PHILADELPHIA (AP) — Centers of the East and Midwest were on schedule and freight trains were rolling today after President Nixon signed a quickly enacted congressional resolution that halted a trainmen's strike for at least 90 days.

ON SCHEDULE
The walkout by 28,000 conductors and brakemen, called to protest the bankrupt railroad's phase-out of 5700 jobs, began at 12:01 a.m. Thursday. It lasted a little more than 24 hours, with the first train back in operation at 12:37 a.m. today.

"System-wide everything is running smoothly at this point," a spokesman for Penn Central, the nation's largest railroad, said shortly after daybreak.

He said morning commuter trains in major metropolitan

In Syracuse, N.Y., a United Transportation Union official was asked if the strike had left bad feelings between union members and Penn Central management. "Not any more than was evident before the strike," he replied.

BACK IN BUSINESS
"We're back in business," said Penn Central President William H. Moore as trainmen trooped into the depots after midnight.

"The strike is over," reported George W. Legge, manager of the field service department of the United Transportation Union, AFL-CIO. "We don't anticipate any problems. The men have started going back to work."

The return to work resulted from a congressional resolution calling for a 90-day moratorium on the strike. The resolution rescinded, at least for the present, the new work rules.

That had been the union's demand. During the past 18 months, it has resisted all Penn Central efforts to eliminate 5,700 jobs by 1980 to save an estimated \$100 million annually on a payroll of \$1 billion a year.

Under the resolution, the Nixon administration must make a report in three months on possible solutions to the railroad's financial problems. Penn Central claims to be losing more than \$600,000 daily.

Congress took less than two hours to agree on the resolution after warnings were voiced that the strike could cause economic catastrophe, including food shortages and massive layoffs in the auto, steel and coal industries.

Early today in New York, a Penn Central spokesman said the road's normal schedule was expected to be in effect during the day. He said there had been no indication of any resistance to the resumption and some men have returned to work, though he did not know how many.

But Moore noted, "Because the freight service is spread out over the entire system, it would be several days for complete restoration of operations."

TO VICTORIA — Tom Eastland, former manager of the Big Spring Chamber of Commerce, will assume the position of executive vice president of the Victoria Chamber of Commerce Feb. 19. Eastland was here in 1969, going to Garland as executive vice president of that city's chamber. Victoria, between Corpus Christi and Houston has a population of 45,000.

Dawson May Be Planting Before It Ends Harvest

LAMESA — Five fair weather farmers began to harvest at such a pace that they began to run out of trailers because there was a backlog of trailers waiting to have their cotton baled ginned.

Farmers who already had their crop out were loaning and renting their trailers to their neighbors. Then, when the rain began to fall again Wednesday, the Dawson County farmers realized that they were going to be back in their farmhouses while they waited out another siege of winter weather.

"We may be planting before we ever get this entire crop harvested," quipped an official of the Dawson County farmer's group this week.

But nobody was complaining about the immensity of the harvest of the crop planted back in the spring of 1972.

Harry Cotham Is On Honor Roll

Harry D. Cotham, son of Mr. and Mrs. Perry Cotham, formerly of Big Spring, is on the honor roll of top students announced for the past quarter at David Lipscomb College, Nashville, Tenn.

This means that Cotham, a graduate of Big Spring High School, had a grade-point average of at least 3.5 in a 4.0 system and is in the upper 10 per cent of a student body. He is a senior and is following a major program in political science. He also attended Freed-Hardeman College, Henderson, Tenn., before transferring to Lipscomb.

Bonds For Two Reduced Here

District Judge R. W. Caton Thursday afternoon reduced bonds for two men charged with possession of dangerous drugs for selling.

Robert Eugene Chambers, 28, Oglethorpe, Ga., and Leonard Lamar Long, 23, Chattanooga, Tenn., they were released on bonds of \$5,000 each set in connection with the felony complaints. Long also made \$500 bond set earlier on a complaint charging driving while intoxicated.

Texas Highway Patrolmen arrested the two men 11 miles east of Big Spring on IS 20 Jan. 27.

Council Buys New Sweeper

LAMESA — A new street sweeper was purchased by the Lamesa city council here in its meeting this week. The money came from revenue sharing funds.

The low bid was \$18,456 by Plains Machinery Company of Odessa. A 1960 model was traded in on the new model. Other bids came from West Texas Equipment Company and Associated Supply Company.

The council rejected all bids for a city accounting machine indicating that they were all too high. The three bids from Singer Corp., NCR and Burroughs were all over \$20,000.

The council rejected all bids for a city accounting machine indicating that they were all too high. The three bids from Singer Corp., NCR and Burroughs were all over \$20,000.

Lamesa Chamber Plans Major Events In March

By MARJ CARPENTER
LAMESA — The board of directors of the Lamesa Chamber of Commerce and Board of Development met Thursday morning to set detailed plans for two big events coming up in early March which will be co-sponsored by the chamber.

One of these is the local science fair which is sponsored by the Lamesa High Science Club and the chamber. Over-all chairman will again be Richard Davis, high school science teacher.

The fair in Lamesa each year is more than a high school program. It is a community-wide event which includes participation by elementary and junior high students as well as those at the high school.

Lamesa always wins way more than its share at the regional science fair and has even successfully bid for the event to be moved from Odessa to Lamesa in 1974.

V. Z. Rogers Elementary in Lamesa is defending elementary school champion of the regional fair for the past two years.

In addition to setting plans for the science fair, the chamber board also eyed plans to help sponsor the Junior Livestock Show scheduled to be held in Lamesa March 8, 9 and 10. The chamber assists in obtaining buyers for the projects shown by the FFA and 4-H youths at the annual event.

Chamber Board President Bob Capps and Art Roberts, manager, will head a delegation of board members to the annual leadership workshop sponsored by the West Texas Chamber which will be held in Midland on Feb. 14.

The board also helped obtain a girls class B basketball playoff between Klondike and Meadow to be held in Lamesa.

The chamber's beautification committee will meet during the next week to finalize their project begun last year. Phases of the program still incomplete include planting the planter boxes in the downtown area, and obtaining benches and old fashioned lanterns for the courthouse square.

SORRY, PASSES SUSPENDED

To a lost child, a phone call means home

If your youngsters get lost, find they're going to be late or need to reach you in an emergency, can they phone you? Or, can someone call home for them? We're offering an Emergency Phone Call Card. For children's use and parents' peace of mind. No charge. It's a billfold-size card with room for your child's name, address and home phone number. If you can't be reached there's space for the numbers of a trusted friend or relative, and the family doctor. There's also a slot for a dime.

To order your card—or cards—write: Southwestern Bell, P. O. Box 972, St. Louis, Missouri 63188.

Too Picky

Jean Adams' TEEN FORUM

DATE TROUBLE: (Q.) I was 16 when I first started dating. I didn't have many dates and they didn't go very well. I was scared of what might happen, and I didn't know what to do in case it did.

When I didn't have a date for a while my mother would reassure me, saying I didn't need one.

Now I am 18 and when I have a date I pick the guy apart. If he starts getting serious I turn him off quick. Also, if he isn't the kind of boy Mother would like I don't date him again.

I know I do need someone to love and to love me, but I keep pushing them away. I blame my mother. I think she is glad when I don't

have a date or when a boy quits dating me. What do you think? — In Need in Texas.

(A.) I think you have run into a long series of mediocre boys. I think you are picky and choosy because that is your nature. In looking for your own preferences, not those of your mother or anyone else.

Do be friendly to the boys you date. Give them and yourself a reasonable chance to become better acquainted.

MARRIAGE? (Q.) I met this boy when I was down at my girl friend's house. He is from Italy. He has been in America for just a year.

He is very nice except for one thing. He thinks he loves me, but I am worried. He is 15 and I am 14. I only went out with him once — Wandering in Pennsylvania.

(A.) On the basis of one date, I believe you are assuming too much. I don't think the boy is planning to ask you to marry him. If he does, say no.

(Jean Adams reads and considers every letter, but she regrets that she cannot answer each personally. Mail your questions and comments to Jean Adams, care of The Big Spring Herald, P.O. Box 262, Houston, Tex. 77001.)

Disney Series Extended To '76

HOLLYWOOD (AP) — The Wonderful World of Disney television series, now in its 12th year, has been extended through the 1976 fall season, NBC-TV and Disney executives announced.

The network also has options to broadcast the series through the 1976-77 and 1977-78 television seasons, NBC-TV president Don Durgin said Tuesday.

E. Cardon Walker, Walt Disney Productions president, said the agreement will enable his staff to plan productions two years in advance.

'TANGO' NUDE TAKES TIME

NEW YORK (AP) — A Time magazine spokesman says its recent cover story on the new Marlon Brando film "Last Tango in Paris" prompted cancellation of \$400,000 worth of advertising and 250 subscriptions.

"They objected to the explicitness of the article and the photographs," the spokesman said. One photograph showed co-star Maria Schneider nude from the waist up.

Time has 4 million subscribers in the United States and a yearly advertising revenue of \$120 million. The spokesman said newsstand sales of the Jan. 22 issue had increased by 54,000 copies.

Newsweek magazine features "Tango" on its cover this week. A spokesman said it was "too soon to gauge reaction."

Shotgun Murder Of His Sister's Fiance Charged

PARSIPPANY, N.J. (AP) — A teen-ager with a history of emotional problems was arrested after an eight-hour man-hunt Wednesday and charged with the shotgun murder of his sister's fiance and the critical wounding of his brother and a close friend.

The defendant, John Hoover, 19, of the Mount Tabor section of this Morris County community, was arrested by Sgt. William Guida behind his house and offered no resistance.

County Prosecutor Donald Colletier refused to discuss a possible motive for the shootings, but one policeman said Hoover had been angered after someone had tampered with his car.

The shootings occurred in the home of Hoover's mother, Mrs. Hoover, separated from her husband, was at work at the time.

After the shooting, the three victims, Glenn Winch, 19, of Dover; Kenneth Hoover, 18, the defendant's brother, and Kenneth Widdis, 16, of Denville, stumbled from the home. Winch, fiance of Hoover's sister, Carole Ann, 17, died in the driveway.

WILLIAMS SPARKLES — AGAIN

Jayhawks Throttle Bulldogs

Taylor Williams got the call again. And again Taylor Williams rose to the occasion. The 6-6 freshman from Clarksdale, Miss. threw in 32 points and sparked the Howard County defensive effort as the Jayhawks halted Joe Pride and the Clarendon Bulldogs 80-75 in the HCJC gym Thursday night.

It was the Hawks' sixth straight win and lifted their Western Conference mark to 9-2, while the season record climbed to 21-11. Clarendon fell to 12-12 and 6-6. Pride, the Bulldogs' scoring leader and No. 4 rebounder in the nation, wasn't shut out completely. But he was held to 18 points and 21 rebounds, three below his average, and he didn't mark until nine minutes had gone off the clock with the Hawks leading 11-6.

"We knew he (Pride) was the leading rebounder in the conference, and that's enough to make anybody want to play," Williams said after the game. "I know we really had to jump to beat him."

Williams has been the hottest of Hawks in the latest streak, averaging 29 points in the last six games. Williams had scoring help from Leroy Lamzy with 10 points, 11 by Tom Bledsoe and 10 by Herbert Lee. Bledsoe found some of the form that made him the team's leading scorer and rebounder before he suffered a shoulder injury two weeks ago.

For Clarendon, Jake Rogans hit 17 points, Herman Brown 10, and Tom Bledsoe 10. Taylor Williams scored 32 points as the Hawks rolled to an 80-75 victory over the Bulldogs.

Table with 3 columns: Player, Points, Rebounds. Includes names like Tom Bledsoe, Taylor Williams, Leroy Lamzy, Mike Britton, Bobby Beall, Bill Cummings, Dave Matthews, Brent Sherrod, Joe Pride, Keith Embry, Herman Brown, Evander Ford, Randy Baker, and Tom Bledsoe.

Table with 3 columns: Team, W, L, Pct., GB. Includes teams like Carolina, Kentucky, Virginia, New York, Memphis, Utah, Indiana, Denver, Dallas, San Diego, and Thursday's Games.

Nicklaus Tops 'Unknown' List In Hope Action

PALM DESERT, Calif. (AP) — "Who are those other unknowns up there?" asked young Allen Miller, surveying the second-round leaders of the \$100,000 Bob Hope Desert Classic golf tournament.

Miller, 24-year-old sophomore pro from Pensacola, Fla., drew laughs with his question Thursday. The five names with his at the top of the list have won approximately 180 tournaments. Miller has won exactly none and he had to qualify for this 90-hole tournament on Monday.

Maryland Smacks Fordham, But Driesell Not Impressed

Lefty Driesell is dissatisfied. So what else is new? His Terrapins defeated Fordham in the second half of a college basketball doubleheader at Madison Square Garden 83-72 in a game Driesell termed a "practice match."

I'm enthused about the win, but not about playing Fordham. Those two conference losses hurt. Lefty was referring to losses to second-ranked North Carolina State and unranked Duke last week.

Forsan Juniors Score 2 Wins

STANTON — Forsan's junior high teams closed out their seasons with victories over Stanton here Thursday night. The Forsan boys dumped Stanton 57-39 behind Larry Patton's 17 points to run their season mark to 15-1 and finish out their district championship slate at 11-1. Doug McCallister and Terry Smith each had eight in the loss.

Beverly Strickland helped the Forsan Junior High girls to their 11th season win against one loss, a 49-34 triumph. Strickland notched 31 points to take the game's scoring honors, while Vicki Christon hit 21 for Stanton.

Coahoma Girls Prepare For State Cage Playoffs

COAHOMA — The Coahoma High School girls basketball team heads into state playoff action next week against the winner of tonight's Fabens-Canutillo game.

Coahoma, which also sends its boys' team into the state playoffs, boasts a 23-4 record going into the bout, including a perfect 8-0 standing in District 7-A. Officials from Coahoma and the Dist. 8-AA representatives will meet Saturday night to determine a site and date for the bi-district game.

Olympians Receive New Hope

COLORADO SPRINGS, Colo. (AP) — It's a new day for the U.S. Olympic athletes if the U.S. Olympic Committee (USOC) follows through on its solemn pledge made here this week.

The athlete no longer will be pushed and shoved by badge-wearing officials. He no longer will have to sleep 14 to a room and hang his wash out the window to dry. He will have new freedom of movement and expression. And he will even be paid for training.

Today's closing session of a two-day critical self-appraising convention.

ization threatened with disintegration. Krumm, in one of his first official acts, planned today to announce the makeup of an 18-member board of competitors, past and present to carry the athletes' complaints and suggestions to the men in the blue coats.

PRO CAGERS

Table with 3 columns: Team, Points, Rebounds. Includes teams like Eastern Conference, Central Division, Western Conference, Midwest Division, Pacific Division, and Thursday's Games.

BOWLING

Table with 3 columns: Team, Points, Rebounds. Includes teams like Pin Poppers, RESULTS, and Bowling Shop.

Coug Cagers Try Big Spring Today

With just four games remaining and their record at 13-16, Big Spring's Steers must get busy if a winning season is to be had. "And that's putting it mildly," says head coach Ron Plumlee.

Six Steers In Houston

HOUSTON — Six Big Spring tracksters are here today for the huge AstroDome Federation Track and Field meet.

Forsan Bronte Playoff Set Saturday In Roscoe

ROSCOE — Brenda Cowley and Kathy Reed, a pair of high-scoring forwards, will lead the Forsan girls basketball team into a Dist. 11-B playoff with Bronte here Saturday at 7:30 p.m.

Big Spring helped deposit the Cougs in the loop cellar in the first half with a 63-59 victory in Abilene, one of the Steers' two league triumphs this season.

Wright Still Poll Leader

HUTCHINSON, Kan. — Wright College of Chicago, sporting a 25-1 record, remained in the No. 1 spot in the weekly National Junior College Athletic Association poll.

GOLF MEET POSTPONED

The Big Spring High School Invitational Golf Tournament has been postponed until Monday because of the weather, according to Royce Cox, Steer golf coach.

'Soul Service' Now Added To Webb Base Chapel Service

By MARJ CARPENTER
A "soul service" is being added to the Protestant worship program at the Webb Base Chapel beginning this Sunday, Feb. 11 at 3 p.m.

The Reverend Sidney Jackson, associate pastor of the Lighthouse Church of God in Christ of Midland, will direct the worship service, which is black-oriented in nature.

"All Webb people and area residents are invited to attend these services," Reverend Jackson said. "They are certainly not restricted to black people only. Everyone is invited and all will be welcome."

According to Chaplain (Lieutenant Colonel) Kenneth D. Summy, installation chaplain, the soul services are the outgrowth of discussions at a human relations council meeting, and are designed to complement the normal Protestant worship services.

Four choirs and the singing Samuel Sisters from Midland will highlight the first soul service. The Inspirational Choir of the Lighthouse Church of God in Christ will sing, as well as the youth choirs of the Mt. Bethel Baptist Church, the Baker's Chapel A.M.E. Church, and the Alexander's Temple Church of God in Christ.

Nazarene Church Features Singer

Special services at the Church of the Nazarene, 1400 Lancaster Street this Sunday will feature in the morning service, Miss Joyce Renie Lampkin, a graduate of Oral Roberts University, Tulsa, Okla. in a Sacred Music Concert and Testimony of God's Grace in her life.

Miss Lampkin, the daughter of a retired minister, is employed at Oral Roberts University, and is a regular member of the World Action Singers, which appear on Nation-wide Television.

In addition to his duties at the Midland church, Reverend Jackson is assistant district superintendent of the Midland district for his church.

A veteran of 19 years Air Force service, he is a staff sergeant whose duty is flightline support troubleshooting at Webb.

The pastor for the soul service first began work as a lay minister in Portland, Ore. He was ordained to the ministry there in 1968. A native of Dallas, Tx., Rev. Jackson pastored at Wortham, Tx., for one year after he came to Webb, and for the past two years at Midland.

Miss Lampkin is currently attending graduate school to further her work already begun with a B.A. in Sociology. She plans a future in Social Work.

Co. is an outstanding witness for Jesus Christ. You will enjoy this warm, aggressive layman's testimony.

The theme **HARDHEADED HOPE: Doing the Future!** will serve as the focus of this year's Assembly of Representatives of the Texas Conference of Churches convening on Feb. 19-21 in Austin's historic Driskill Hotel.

Exploring the theme as an academician and philosopher, Dr. John Silber of Boston, president of Boston University and former dean of arts and sciences at the University of Texas at Austin, will outline the prospects of hope for a humane future in a keynote address to the Assembly on Monday evening, Feb. 19.

During this Assembly, which will bring together some 300 prominent lay and clergy figures from 15 major denominations across Texas including the Roman Catholic and Greek Orthodox dioceses, delegates will concern themselves with religion and education, collective bargaining, clergy workshops for the aged, welfare education and reform, public school financing, constitutional reform, and the Conference's Valley Service Project in the Lower Rio Grande Valley.

The evening service will feature an outstanding Christian layman, Mr. Ira Edwards of Colorado City, Tex. Mr. Edwards, an employee of Sun Oil

Co., is an outstanding witness for Jesus Christ. You will enjoy this warm, aggressive layman's testimony.

In an ecumenical public service of worship on Tuesday night, Feb. 20, the Rev. Fr. John F. Hotchkin of Washington, D. C., will speak on the Christian hope for a humane future. The Rev. Dr. Hotchkin is secretariat of the Ecumenical and Interreligious

Affairs Committee of the National Conference of Catholic Bishops. Delivering the closing address of the three-day meeting on Wednesday morning, Feb. 21, the Rev. Dr. Everett C. Parker of New York, national Director of Communications for the United Church of Christ, will present a practical analysis of doing the Christian future.

The Rev. Dr. William J. Fogleman, a Houston Presbyterian, U.S. executive, serves as president of the Texas Conference of Churches and will preside during this year's assembly.

Methodist Church Enters Field Of News Information

DALLAS TEX. (UMN) — The denomination's first use of a TELEX telewriter for a regional news network has been incorporated into the United Methodist NEWS Service established here by the United Methodist Communications Council serving Texas and New Mexico.

Director of United Methodist NEWS Service. "We intend to supplement our telephone news leads and mail delivery news releases with this electronic delivery system that has proven so effective with the wire services."

The appointment of Mr. Robertson as the full time Executive Director of the unique Communications Council. In addition to directing the United Methodist NEWS Service, he also will head the section on broadcast-audio-visuals, coordinate a leadership training program, and have primary responsibility for the development of new communications ministries in the two-state region.

The Wilkerson crusades opened as Teen Challenge in New York City and now serve in many centers throughout the world. Haney will be working and traveling as part of the team out of Dallas.

But it will be with a new group. He attended Oral Roberts University and in 1968, he traveled with the World Action Singers who traveled in Europe, Scandinavia and Israel.

Replacing the thirty year old Texas Office of Methodist Information, the news service will "involve the use of stringers (reporters) in Albuquerque, Fort Worth, Houston, Lubbock and San Antonio in addition to our adding a full-time staff person here in Dallas," said the

This upgrading of news reporting coincides with the addition of the New Mexico Annual Conference as a part of the original six annual conferences in Texas that own and operate the Communications Council.

The expanded operation includes not only an enlarged

Don Hal Haney will work with the David Wilkerson Youth Crusades starting Feb. 17. Haney, who is 24 grew up in Big Spring and has helped out as a pianist and church soloist ever since he was a small boy. So, his service as a piano organist with the crusades is not a new field for him.

Haney majored in business in college but his true love has always been music. When in high school here, he was often a band and choir soloist. He is the son of Mr. and Mrs. J. O. Haney.

Church Calendar

Sweetheart Crowned By PSA GOP, DEMOCRATIC WOMEN FIGHT FOR COMMON GOAL 'Busloads Keep Rolling In'

By PEGGY SIMPSON
Associated Press Writer

Mrs. Jimmy Mason was crowned 'sweetheart' of Delta Delta Chapter, Phi Sigma Alpha, when Mrs. Betty Johnson, 101 Jefferson, was hostess for a meeting of the women Tuesday evening in her home. A buffet dinner was served.

Mrs. Herman Shifflett, president, welcomed a guest, Mrs. Opal Crenshaw.

During the business session, it was announced that the Permian Basin Assembly will be held in Big Spring March 31 at Coker's Restaurant, with delegates attending from Lamesa and Midland. Program plans for the area gathering will be finalized at the next meeting.

Tuesday's program, "Good Management," was presented by Mrs. J. H. Duke.

The speaker emphasized that people should appreciate "not only what nature has endowed us with in relation to the necessities of life but, also, the many physical and mental opportunities we do not always use to the best possible advantage." At the conclusion of her talk, there was a general discussion about hobbies and other spare time activities.

The next meeting will be March 6 in the home of Mrs. Duke, 1423 Hilltop Road.

HOUSTON, Tex. (AP) — An unexpectedly large first annual convention of the National Women's Political Caucus convened here today, amid buoyed hopes that states will ratify the equal rights amendment.

The caucus says this is the first convention of politically active women in half a century, since suffragettes shaped their final successful strategy for getting the vote.

The convention delegates considered it a good omen that on the eve of their gathering two more states — Minnesota and Oregon — brought to 26 the number of states ratifying the equal rights amendment. Twelve more approvals are needed to attach it to the Constitution.

"I think we're going to make it," said Arvoine Fraser, head of a workshop grappling with a future structure for the NWPC and wife of Rep. Donald Fraser, D-Minn.

Lawyer Virginia McCarty, president of the Indiana caucus, said she is "cautiously optimistic," about convincing her legislature and combatting the influence of conservative out-of-state opponents.

The amendment cleared a major hurdle in Indiana Thursday when it was passed out of committee.

Caryl Stewart of Shelburne, Vt., was anticipating

REP. FRANCES FARENTHOLD

final approval in her state by next week.

If the delegates weren't talking about the amendment advances, they were marveling at the convention delegate turnout — more than twice the number anticipated with more people arriving throughout the night.

As late as last Friday, nervous caucus coordinators could count only 118 convention registrations.

By early today, they were edgy — if exuberantly so — about the probability of overflow crowds. They had predicted 500 persons would come.

More than 1,000 had registered by midnight from 48 states, and busloads more were on the way.

"What's astonishing is that we keep having local caucuses show up whom we've never even heard of," one organizer said. "They come breezing in, saying 'Hi, we've been out there working all year . . . even if you didn't know we existed.'"

That the convention has come off at all is something of a feat.

Since its creation 18 months ago, the NWPC has been a loosely organized coalition of state and local units pushing to get women candidates for all levels of public offices, to persuade — successfully — women to run as national convention delegates and to infiltrate

Area Residents Are Hospitalized

WESTBROOK (SC) — Mrs. H. H. Gainey of Colorado City, a former Westbrook resident, has been a patient at the Wadley Research Center, Dallas.

Mrs. Johnny Johnson of Midland, formerly of Westbrook, has been dismissed from Midland Memorial Hospital where she underwent surgery.

Lloyd Heart is a patient in Root Memorial Hospital, Colorado City.

the state party networks in visible as well as the traditional behind-the-scenes jobs.

Its initial financing came from foundation grants. These were substantially exhausted by the end of the Republican convention in August. The local caucuses continued with a myriad of political projects but at the national office in Washington the staff was cut back sharply, people worked for free or on reduced salaries and plans for a fund-raising mail drive were scrapped because there wasn't stamps money.

A cigarette company had promised to subsidize the long-announced annual convention and even persuaded the caucus to postpone it a month so its directors could vote in December on how much money to donate. Then they decided the caucus was too "radical" for their money and voted against a dime's support.

The caucus opted to go ahead on faith — despite having no money, experience in staging a national convention or any guarantee that people would come. The alternative was disintegration of one of the political phenomena of the early 1970s, a rapidly expanding grass roots women's political movement.

Now that the convention is a reality, the fruits are already being seen. The Smithsonian Institution considers it a significant enough event to have sent a staffer just to collect memorabilia such as the

speaker's podium, buttons and pamphlets.

Much of the three-day convention will be devoted to 40 action workshops on such topics as how to take a case to court, rape laws, credit discrimination, campaign organization, union women, and divorce law reform.

There are 500 delegate votes but, as at state and national political party conventions, these may be shared by more than one person. The Texas delegation, for instance, numbers 250 women who each have one-fifth of a vote.

The caucus support ranges from the White House to state legislative and mayoral offices.

President Nixon sent his wishes through the ranking Republican delegate, Maritime Commission Chairman Helen Delich Bentley; Texas House Speaker Price Daniel Jr. adjourned the House a day early so the five women legislators could attend the convention, and Houston Mayor Louis Welch intervened to allow a "Grass Roots Grasshopper" bus exhibition on political participation to be parked alongside the downtown hotel.

But perhaps the ultimate concession came from the staid Rice Hotel itself.

For the first time in its history, it is permitting women to be paged in the hotel lobby.

The rationale for not paging them previously was that it would attract prostitutes.

Ralph Thorps Will Be Honored Sunday

Mr. and Mrs. Ralph Thorp, 2202 Thorp Road, will be honored Sunday with an open house celebrating their 25th wedding anniversary.

The reception will be held from 2 p.m.-4 p.m. in the fellowship hall of Trinity Baptist Church.

Hostesses will be Mrs. Lenard McCutcheon, and the six children of Mr. and Mrs. Thorp. They are Mrs. Jimmie Daniels, Miss Ann Thorp, Mrs. Frank Howard, Miss Sharon Thorp, Mrs. Gary Gradbury and Ralph Thorp Jr., all of Big Spring.

Mr. Thorp was born in Big Spring and was reared in the Elbow community. He was the son of the late Mr. and Mrs. J. N. Thorp Sr. Mrs. Thorp is the former Bonnie Swafford,

daughter of the late Mr. and Mrs. William Swafford of Kiowa, Okla.

They were married in Carlsbad, N.M., Feb. 7, 1948 and farmed in Artesia, N.M., until January, 1950 when they moved back to Big Spring.

He has been employed in the City of Big Spring water department for the past 21 years. The family members belong to Trinity Baptist Church.

Refreshments will be served from a table covered with a white linen cloth, and the traditional silver service will be used. Mrs. Thorp will wear a white dress and a corsage of pink carnations given by the children.

Friends are invited to attend the reception.

Heritage Of Learning Explored

"Our Heritage of Learning" was discussed by Supt. Sam Anderson when he was guest speaker at this week's meeting of the Parent-Teacher Association City Council. The PTA objects were read by Mrs. Charles Dennison.

A nominating committee was elected, composed of Herman Smith, Mrs. Raymond Gomez, chairman; Mrs. Gerald Burgess, M.A. Barber and Mrs. Joe Neff.

Another committee was chosen to select a lifetime member. Serving on this committee are Lynn Hise, Mrs. A. C. Jones and Mrs. J. M. Wilson.

The resignation was accepted of Mrs. Frank Moore, recording secretary, who has moved to Germany with her husband, and Mrs. Wilson agreed to serve in this post for the remaining term. A letter was read from Mrs. Jerry Avery of Howard County Junior College, concerning the PTA scholarship winner.

It was announced that the district conference is slated March 27 in Miles.

HD Members Disband Club

WESTBROOK (SC) — The Carr Home Demonstration Club met recently in the home of Mrs. Hoyt Roberts, where the decision was made to disband the HD club and organize a study club. The same general officers will be retained, and meetings will be held the first Friday of each month in the home of members.

Klein Designs

Calvin Klein captures the feeling of spring in a fabulous collection ranging from cardigan and sweater and shirt-skirt ensembles of imported challis to unlined double-faced melton topper and coat. Rainwear in the collection also is unlined and unconstructed for a free and easy fit.
