

**MOORE REUNION SLATED** — Rev. Elra Phillips, associate pastor First United Methodist Church, and Mrs. Robbie Townsend, president of the Moore School Reunion group, will lead portions of the reunion program set to begin at 1:30 p.m. April 29 at the First United Methodist Church.

**BSSH Is Host To Conference**

Big Spring State Hospital will host a neuropsychiatric conference here Tuesday.

Physicians, psychiatrists, psychologists, staff members, social workers, or others interested are invited to participate in the day-long session sponsored by the Texas Department of Mental Health and Mental Retardation.

Similar conferences have been held at the San Antonio, Austin, Terrell and Wichita Falls State hospitals.

The clinicians will be Dr. Erwin Taboada, who will discuss "The Psychiatric Examination"; Dr. Joseph Schoolar MD, Ph. D. who will talk about psychotropic drugs.

After the luncheon, there will be a session conducted by Dr. J. J. Ferrero on diagnosis and treatment of organic brain syndrome. A period has been set aside for small group discussions under the leadership of Dr. Robert Hargrave, and the meeting will be summarized by a panel including Drs. Taboada, Schoolar, Ferrero, Hargrave, and Dr. Preston Harrison, hospital superintendent, will preside at the program.

The meeting will be held in the base chapel starting at 9 a.m. and 1:30 p.m.

**Autoists Must Come To Halt**

AUSTIN — A reminder on the State law about motorists stopping for school buses was issued today by Col. Wilson E. Speir, director of the Texas Department of Public Safety.

Speir said the law, which applies on city streets as well as rural highways, requires motorists moving in either direction on the same roadway or street with a school bus to stop and remain stopped as long as the flashing top red lights on the bus are in operation.

There are only two exceptions to the law on stopping for loading or unloading a school bus: Those vehicles on another roadway of a divided highway (divided by median or physical barrier) are not required to stop, and stops are not required if the bus has stopped in a loading zone of a controlled access highway where pedestrians are not permitted to cross.

**Eleventh Annual Moore Reunion Set April 29**

Past and present members of the Moore Community are invited to the eleventh annual Moore Reunion slated to begin at 1:30 p.m. April 29 at the First United Methodist Church.

Seventy-five attended last year's reunion for former students, teachers and trustees of the now-defunct Moore School.

President Mrs. Robbie Townsend will welcome those present at 2 p.m. Dewey Covington will give the invocation.

Special music will be presented and a hymn-singing session held followed by a memorial service lead by Rev. Elra Phillips, associate pastor of the First United Methodist Church, to honor former students of the school now dead.

Recognition of trustees and teachers will follow along with a general visiting period.

**PRUNE ENERGY DIET**

THE SUCCESSFUL DIET FOR ACTIVE PEOPLE

LOS ANGELES (Special) — The most important key health food known to man, neglected and overlooked by all but a small percentage who know the energy value of prunes in their daily lives. Heavy abundance of Vitamin C and plus iron, 100% digestible for all ages. This diet plan works wonders for men, women, children without pills, drugs or exercise.

Prunes give quick vital energy which is crucial in any diet. No tired, dropped-out feeling as with other diets.

10 Lbs. in 10 Days

Those who follow the simple plan exactly as directed, report a loss of 10 pounds in 10 days, starting from the day they begin the diet. There is usually no weight loss for the first 4 days, but suddenly on the 5th day you can expect to drop as much as 5 pounds and continue to lose about a pound a day up until the 10th day. Thereafter, you'll lose two days until you reach your proper weight.

Get Almost All You Want

Better yet, you can still eat almost as much as you want of foods like steak, chicken, lobster, and you will continue to lose weight. Full money back guarantee.

The use of prunes as prescribed by the plan, will, through natural action, act to help your body release excess fat and body fluids, allowing you to keep your weight down and figure in firm control.

Plan Available

To get a copy of this highly successful plan and suggested menu, send \$2.00 cash, check, M.O. No C.O.D. please. We pay postage.

**SENATOR'S WIDOW SUES** — Mrs. Florence S. Long, right, widow of former Sen. Edward V. Long, D-Mo., left, filed suit Friday, charging Long's secretary and companion with alienation of affection. She filed for \$3.25 million in Bowling Green, Mo., accusing Miss Helen Dunlop. Hours earlier, it was disclosed that Long's death last Nov. 6 is being investigated following Miss Dunlop's charge that he was poisoned by candy before he died.

### Scouts Planning Civic Good Turn

Scouts — Boy and Girl — are making final plans for participation in the city clean-up campaign.

Saturday has been designated as Keep America Beautiful Day and is sponsored jointly by the Girl Scouts, Boy Scouts and the KAB Council.

Last year, the unified effort of the boys and girls netted an estimated 20 tons of trash being collected in Big Spring alone. The emphasis of the drive this year will be on public roadways and parks, rather than concentrating on private properties. Main areas being worked are Third and Fourth Streets, Wasson Road and parts of Highway U.S. 87 and FM 700.

The young workers will meet in the parking lot of the City auditorium by 9 a.m. to pick up their bags and to be assigned an area to clean. After working their assigned areas, the Scouts will bring the litter bags back to city trucks waiting at the parking lot.

A free movie, "Heritage of Splendor," will be shown in the City auditorium at 11:30 a.m. Drinks are being provided again this year by the Coca-Cola Bottling plant. The city will provide litter bags and haul the

trash to the dumps.

After the movie, awards will be presented to the Scouts submitting the best series of photographs taken during the clean-up. Winners will be entered in the national contest being sponsored by the KAB Council and Eastman Kodak.

Miss Arlene Estes, Dr. Paul Koshi and Mrs. Dale Smith are coordinating the Scout effort this year. They urged every citizen to join in the anti-litter campaign. They also suggested that each person pack a sack with litter rather than throwing it on the ground.

The group of Midland women, who organized the first auxiliary to the Big Spring State Hospital 17 years ago, have presented the adolescent unit with a console stereo and tapes.

The Midland unit also arranged with Midland radio stations KCRS and KNAM for the gift of 250 records for the adolescents at the hospital.

Auxiliary members visit the Big Spring State Hospital each week. They work in various capacities, playing bingo, shampooing hair and other grooming. The auxiliary members have their own fund-raising projects and furnish their own bingo prizes. As one of the many services, for Easter each year, members bring 1,000 decorated cup cakes to the hospital residents.

One of the auxiliary members, Mrs. Theo Ferguson, has given over 8,000 hours of volunteer service. Mrs. Ferguson and Mrs. John Caldwell are also members of the newly formed Public Responsibility Committee which serves in the patients' behalf at the hospital. Mrs. E. M. Braselton, another auxiliary member, is a vice president of the Volunteer Services State Council.

Mrs. Walter McCullough is presently chairman of the group. Mrs. Ferguson will soon be installed as the new chairman.

### Apology Offered

JOHANNESBURG, South Africa (AP) — An editorial in the Postal and Telegraphic Herald, the official publication of the postal workers' union, apologized for slow delivery of the paper to members.

### Hammack Lists Important Farm Program Dates

Several important farm program dates are near for producers, J. G. Hammack Jr., executive director for the Howard County ASCS office, reminded Saturday.

Cotton production records must be filed before 1973 pay yield can be computed, and Hammack asked that these records be furnished his office by Friday.

He noted that grazing of set-aside acreage (of small grains) must halt by April 30. Grazing, or haying however, may be accomplished at a reduction of 60 per cent payment per acre on the acres grazed, but only if intention to graze is filed in writing before the practice is started.

Wheat acreage must be certified by May 1. What in excess of allotment will be considered a feed grain for history and payment purposes. Hammack reminded that those who have a wheat allotment must certify even if it zero; the same applies to barley (a feed grain) for those who have a barley base.

SPECIAL THIS WEEK!

May the inspiration of the Resurrection bring to you the Peace, Joy and Eternal Blessing of this Easter Season

The message of Easter is a source of inspiration and courage for the world! There's something very special . . . very precious . . . about Easter that lifts it far above all the other days of the year . . . a never-failing source of inspiration and courage. You see it in the happy faces of whole families as they join the Easter parade to Church. You hear it in their voices, joyously lifted in triumphant Easter hymns. Most of all, you feel it in your own heart, as surrounded by your loved ones, you take your place in Church on Easter Sunday. There you experience anew, that deeply inspiring sense of re-awakening that is the age-old wonder and shining glory of Easter. May we rejoice once more in the supreme blessing of the Resurrection . . . and give us a renewal of hope, a fulfillment of faith to fortify our courage and sustain our spirits through all the days ahead.

# Local Manpower Survey Under Way

Questionnaires have been mailed out to 400 Howard County employers in the first part of a two-part survey to determine what job openings exist and what type of training would benefit potential employees.

**JOB TRAINING**  
The survey is being jointly handled by Howard County Junior College, the Texas Employment Commission and the Chamber of Commerce and Economic Development Council. "We're trying to find out where job positions are and to use this information as a carrot to bring persons now in menial jobs into the college for job training," said Dr. Larry Carlton Key, dean of occupational education.

Initial efforts are aimed at discovering employers' feelings on future job openings and necessary job training and at determining the typical salary beginning employees can expect in various fields.

**INTEREST**  
Second portion of the survey, which will begin when the employer questionnaires are evaluated probably in May, will sound out local citizens as to what job fields they are interested in pursuing and what type of training they would be willing to take.

Training courses for jobs in which employers have openings and in which citizens indicate interest will be offered at Howard County Junior College in the fall.

**DRAFTING**  
"We want to be sure our course offerings are tailored to the needs of the community," said Dr. Thomas Salter, HCJC president. He said that the Texas Education Agency suggests that community colleges conduct such surveys before drafting vocational course offerings.

Dr. Salter indicated that enrollment in the college's vocational programs is lower than he would like it to be. He said enrollment in HCJC vocational courses makes up

Two representatives of Firehouse 6 will explain the history, operation and problems at the counseling center to the Howard County Drug Abuse Council, meeting at 7:30 p.m. Monday in the Veterans Administration Hospital conference room.

In a second portion of the program, Jack Goble, security officer for the VA Hospital, will report on the two-day seminar of the National Council on Alcoholism and Drug Abuse he attended recently in Dallas. The public is invited to attend the meeting.

## Honor Four For Service

Four faculty and staff members of the Elbow Elementary school — part of the Forsan system — have been honored for more than a century of combined service. They plan to retire at the end of the current semester.

They are Mrs. Thetus Dunagan, who has taught 37 years (36 of them in the Forsan system); Mrs. Minnie Averett, who has taught 30 years (21 years in the Forsan system); Miss Mable Dunagan and Mrs. Maud Seal, who have been cooks for 20 years with the Forsan schools. These four women have contributed a total of 107 years of service, with 97 of these years in the Forsan system.

H. D. Smith, superintendent of schools at Forsan, presented them gifts which were given to them by the trustees of Forsan in appreciation for the outstanding service they gave to the school. The presentation was at the annual band concert at Elbow Tuesday.

**CENTURY OF SERVICE** — These Forsan district retirees have 107 years combined service. They are, from left, Mrs. Thetus Dunagan, Mrs. Minnie Averett, Miss Mable Dunagan, Mrs. Maud Seal.

only 10 per cent of the total enrollment, whereas the statewide average is 50 per cent.

"We want to start new programs with reasonable assurance that persons will enroll and with some assurance that the students will be hired by local employers after taking the courses," said Dr. Key, who along with Ellis Britton, Texas Employment Commission director, is in charge of drafting the questionnaires used.

## New Future Energy Study

In a newly released assessment of the national energy situation, Shell Oil Company affirms that the domestic energy supply gap is becoming increasingly urgent. It concludes that most of the growth in U.S. energy needs for the next decade must be met by imported foreign crude oil, and that there is pressing need for a national energy policy.

The new study, "The National Energy Outlook", updates previous Shell assessments of the national energy situation. Since the company's forecast appeared two years ago, the nation's energy gap is more clearly apparent, it said. With one-sixteenth of the world's population, the United States consumes one-third of the world's energy. Energy consumption more than doubled in the last 20 years and will double again between 1970 and 1990, increasing from the equivalent of 31.8 million barrels of crude oil daily to 67 million barrels, the study states.

Shell concluded that oil will remain the mainstay of the nation's energy supply, and during the 1970's its contribution to total energy demand will increase by six per cent. This increase reflects a projected decline in natural gas supplies and difficulty in developing alternative energy sources. It now appears that the United States, which presently imports one quarter of its energy needs, increasingly will rely on imports, said the study. By 1990, projections indicate that foreign sources may account for as much as two-thirds of the country's oil needs.

## Bentsen Offers Gas Legislation

WASHINGTON, D. C. — Senator Lloyd Bentsen has introduced legislation providing for phased de-regulation of natural gas prices. "I believe this bill is a moderate solution to problems caused by a regulatory system which was never intended by the Congress when it enacted the Natural Gas Act of 1938," Bentsen said.

"This regulatory system has maintained artificial price ceilings which have resulted in depressed exploration and development of new natural gas reserves," he continued. The artificial ceilings have encouraged the wasteful consumption of natural gas in boilers, just because it was cheaper than coal. "Sen. Bentsen's bill would remove Federal regulation of the price interstate pipelines pay producers for gas newly dedicated to interstate commerce or gas from wells drilled on or after April 6, 1972.

## Payment Ordered

A jury in 118th District Court awarded Roy Roy Dairy Inc. \$9,368, including \$4,684 in exemplary damages, and found W. F. White and B. R. White, two local dairy partners, broke a contract.

### Big Spring Automobile Dealers To Attend Meet

A number of Big Spring and Bill Pollard. Both the chairman of the automobile dealers will be attending the Texas Automobile Dealers' Association annual convention in Dallas April 29-May 1. The Association's membership accounts for 95 per cent of the \$3.5 billion new cars sold in Texas annually.

### Pen Pal Marriage

CHICAGO (AP) — "I've told myself at times that this is crazy and that I can't go through with it, but I will," says Ron Word.

The 26-year-old production engineer leaves May 3 for the Philippines to marry a pen pal he has never met.

Word has been exchanging letters and recording tapes with 20-year old Grace Darlene Torralba for 18 months. They also have exchanged photographs of each other, but attempts to make connections by telephone have failed.

"About last December we found we cared for each other more than friendship," Word said of his fiancée, a medical student at the Nagaview campus of Philippine Union College. Her hometown is Legazpi, a small community on the main island of Luzon.

"Never having met is kind of foolish," Word said, adding that at first he was uncertain about the marriage plans.

However, he said his conviction was strengthened by the responses of his parents and friends.

Word said his parents "were surprised, but surprisingly happy. My mother is worried about the cost for travel but that was the only objection."

Word "met" his future wife through a pen pal advertisement. He described their relationship as "very compatible." He said he admires her intellectual development, her beliefs "and her overall attitude. She has a curiosity about everything, a desire for knowledge."

He described himself as having the same traits.

### Just Tell Him

Jean Adams  
TEEN FORUM

**A GIFT?** (Q.) A special holiday is coming up and my boy friend has asked me what I want for a gift. He doesn't think it's up to him to decide what to give me, but I do. If he really wanted me to have something, he would get it. It's not up to me to decide. Which one of us is right? — No Decisions

**IN LOUISIANA.** (A.) Different boys give gifts in different ways. Some love to surprise their girl friends. Others are afraid they'll get the wrong thing. This is no big deal or major issue and I don't think you should embarrass your boy friend by blowing it up. Tell him what you want! But be sure what you want won't cost more than he can afford.

**AFTER SCHOOL.** (Q.) Lots of our moms work and when we go home after school we don't have anything to do. What do you suggest we should do with our spare time? — A Seventh Grade Boy in One of Your Lecture Audiences in Texas.

(A.) The idleness of young people is an urgent problem of our times. Many working mothers are divorced. As a result they are gone all day to work, and often they are gone in the evenings too. It is the same on weekends, because they want to have a social life. This leaves too many American teen-agers at home alone to "root" for themselves and decide for themselves what to do with the time on their hands. Sometimes they make bad decisions.

cannot answer each personally. Mail your questions and comments to Jean Adams, care of The Big Spring Herald, P.O. Box 2408, Houston, Texas 77001.

PUBLISHER: 'IT HIT US LIKE A TON OF BRICKS'

# Laredo AFB Closing Shocks

By GARY GARRISON  
Associated Press Writer

LAREDO, Tex. (AP) — The roar of jet engines that make the cash registers ring in this border town soon will be silent. Many Laredo businessmen were shocked at the news last Monday that Laredo Air Force Base, the city's leading employer with an annual payroll of \$27 million, was being closed by Sept. 30. By mid-week, business and

civic leaders were moving at high speed in an effort to find something to take up the economic slack. The Air Training Command base, which trains jet pilots, employs 2,111 military personnel and 527 civilians. The annual payroll is \$27 million and the base purchased \$2.8 million in supplies from local sources during the last six months of 1972.

Sen. John Tower, R-Tex., assured Laredo residents last fall that the base was to be a permanent installation. Civic leaders here point out that Tower's statement came during the political campaign. One reason for concern over closure is that Laredo has an unemployment rate of 11.2 per cent, about double the national average.

### TOWER'S VOW

"It hit us like a ton of bricks," said publisher Bill Baker of the Laredo Times. Baker said no one had any idea that the base was to be closed.

He said the first is a block of 400 new homes with a golf course that could be used as a center to attract retired persons from the Midwest. The second property is a number of buildings that industry could use, and an airport.

### BOUNCE BACK

Businessmen estimate about 10 per cent of their business comes directly from the base. Chuck Little, operator of a tire service store, estimates 20 per cent of his sales are to base personnel. He said effects of the closure will not all be bad. "It will pop the balloon—the inflationary balloon we have in Laredo," Little said.

"I think Laredo can take this thing and run with it. I feel we'll bounce right back," said grocer Frank Elder.

"It'll hurt for six to eight months, but we still have our tourism," Elder said.

"We had been fighting over insignificant things. Maybe this will be a unifying factor for the city," Mayor J. C. Martin said.

"Our theme is going to be to stay unified. It may cause some economic recession, but we have been through this before," Martin added.

The base first opened in 1941. It was closed from 1945 until 1952 when it resumed operations.

### LIKE HARLINGEN

Asked if the base closing has any political implications, Martin said "No comment. I am not in a position to comment."

Businessmen pointed out that Harlingen AFB was closed in 1961 by President John F. Kennedy after the city voted Re-

## Realtors' State Prexy To Speak Here Tuesday

Men and women in the real estate industry of Big Spring, Snyder and Lamesa will gather at 7 p.m. Tuesday in the Holiday Inn here to hear Joe Perrone of Austin, president of the Texas Association of Realtors, speak at a dinner meeting.

JOE PERRONE

Marie Rowland, president of the host board of Big Spring, has announced that Mrs. Perrone will accompany her husband, as will the E. W. Luedtkes of Austin and Jack Mogke of Midland, regional vice president of TAR. Special welcomes will also be extended the visitors by Jacob Darl Williams, president of the Lamesa board; and Dillard E. Teal Jr., president of the Snyder board. Luedtke, who is the executive vice president of the state association, will speak, too; his plans call for emphasis on attendance at the TAR annual convention to be held in Houston, June 6-9.

Perrone, who was president of his board in Austin in 1962, was named the Realtor of the Year in 1965. He has served in many important capacities for his board, TAR and the National Association of Real Estate Boards. A graduate of the Texas Realtors Institute, Joe Perrone also attended the University of Texas. He and his wife have four sons, all college graduates.

Perrone will emphasize the importance of political activity

for all members of TAR when he speaks in Big Spring. He often hammers the theme of "we need to get involved in politics. After all government, local through national, is a partner in our business whether we like it or not. We need to become the official spokesman for the many millions of property owners over the nation."

His business focus in Austin is on commercial and residential property, management and appraisals. He and his wife and the Luedtkes will be visiting the members of 107 boards this year.

## Assault Suspect Free On Bond

Tommy Mitchell, Northcrest Apartments, was released on \$3,000 bond Saturday afternoon after being arrested Saturday morning and charged with assault with intent to murder. Mitchell was involved in a knife fight at Northcrest Apartment 13 with Tommy Lee Hutchison. According to police officers, Hutchison was cut in the right arm. A bystander

broke up the fight by firing a single shot into the ceiling of the apartment. Bond was set by Peace Justice Gus Ochotorena.

**BUBBLING CRATER** — A Michigan police Sergeant, William Ogden, stands beside a bubbling crater along highway M72 near Williamsburg, Mich. Several families have been evacuated as geysers and potholes continued to appear. A state official blamed escaping gas from nearby drilling operations for the phenomenon.

## Dawson Sure To Finish 1-2 In Cotton Harvest

**By MARJ CARPENTER**  
LAMESA — Dawson County farmers have passed the point where they no longer care if last year's cotton crop was first or second in the nation. They are certain that it has set at least one record. For lateness, the '72 harvest, which is just over, is unprecedented. It's already time to plant for '73 and some cotton farmers said it is the first time in history when they tagged their cotton trailers early so they could get out last year's crop and then use them again next fall.

**FINAL FIGURES DUE**  
The final figures are not yet in, but they already know they will exceed the 210,000 bale mark and will either be first or second county in the nation in cotton production. The other will be Lubbock County which is nip and tuck with Dawson. Final statistics are expected in May.

It has been such a bad season with so many snow, ice and sand storms delaying the harvest that some farmers completed their season by putting shredders in some late maturing fields rather than go to the expense of stripping and ginning.

**HIT BY SANDSTORMS**  
For lowness of quality, the season was much like the two previous seasons when quality was low. The tail-end of the season also saw some of the cotton hit by sandstorms, having a dull red look.

Most of the gins are finally closing, although a few of the larger ones were still operating Tuesday.

Farmers learned a lot of information about storing cotton

in ricks, since this was used this year as a harvesting technique.

**FROM APRIL**  
Many of the farmers are hoping to plant the last week in April although some are having to hurry to get their land in shape in time. Cotton is still King in Dawson County where almost the only crop grown is cotton. Almost all of Dawson County is in cultivation, with only one ranch of any size left in the entire county.

In the early days, Lamesa was known for its dairy herds but there is not a dairy herd left in Dawson County. Dawson County's primary business is cotton. Even if it did take all year from "can't" to get the crop out.

## 'Psychamazia' Show Booked At Auditorium

Marquis, "world famous magician," will be presented here Friday evening at Municipal Auditorium under sponsorship of the Big Spring Boys Club. The Great Marquis heads a stage show that is known as "Psychamazia." The full evening program includes the Mysteries of Marquis; Miss Wili Levolo, Hollywood's Mistress of ESP; and Dr. Weirido and his creeps in the Chamber of Horrors. George Marquis, as a youthful

magician, was a contemporary of Houdini, Thurston, Blackstone and the great Magicians of Magic's golden era. Marquis was schooled in Magic by William W. Durbin, president of the International Brotherhood of Magicians, who became register of The United States Treasury under Franklin D. Roosevelt. Tickets for the gata magic event will be on sale by members of the Boys' Club.

**WORLD MONEY SYSTEM BANKRUPT? IMPOSSIBLE? . . .**  
to protect and conserve Your Life's Savings . . .

**NO!**

While our U.S. dollar (paper dollar that is) and other world paper currencies have been devalued and lost from 18% to 30% in value — SILVER COINS (those minted in 1964 and earlier) have risen in price and value over 185% — A SILVER DOLLAR currently sells for \$2.85.

**185% GAIN**

YOU need not feel helpless in the face of continuing currency devaluations and inflation. We would like to send you 2 information booklets, one explaining the "BANKRUPTCY OF THE CURRENT WORLD MONEY SYSTEM" and "SILVER SECURITY" by J. M. McDonnel, Partner in the SOUTHWEST COIN EXCHANGE, A Texas Company, owned and operated by Texans . . .

**PLEASE Do Not Delay** — because the price of Silver Coins are now in an uptrend. Your opportunity to INVEST in them CHEAPLY may not last.

**'Postal Week' Plans Mapped**

Postmaster General E. T. Klassen said the Postal Week observances are an "appropriate occasion for recognition of the vital responsibilities assigned to the mail service and a valid time to take stock of the challenges which must be jointly met by postal people and by the millions of citizens throughout America who depend upon the mail as an essential part of their personal and business lives."

As part of the observance the Big Spring Post Office will join with the nation's 31,000 other post offices in issuing 10 special stamps honoring postal employees.

The Big Spring Post Office will mark the occasion with special First-Day of issue observances, simultaneous with similar ceremonies to be held in Washington by Postmaster General E. T. Klassen.

The new Postal People stamps will be placed on sale here in conjunction with the local observance.

The attractive new stamps — the first such comprehensive set specifically honoring postal people — will be on sale at the Main Post Office and Contract Stations throughout the city.

"As the Postmaster General said in his message, we need the 'informed understanding, cooperation and support' of every citizen. I think that we have this to an exceptional degree in Big Spring, and part of the purpose of Postal Week will be to show our appreciation," Postmaster Hardesty said.

**Gas Dealers 'Emergency'**

AUSTIN (AP) — Liquid petroleum gas dealers will meet in an "emergency" session next Thursday to discuss dwindling gas supplies, the executive vice president of their association said today.

Lowry Carpenter said about 80 of the state's nearly 1,000 liquid petroleum dealers "will be out of business within 60 days," leaving "tens of thousands of Texas consumers" without a gas supply.

"Today in some areas tractors are setting idle in the field, drilling rigs are postponing startup, and some highway construction may come to a standstill due to lack of an approved fuel for hot mix plants," Carpenter said. "Several rural towns and communities, dependent entirely on LP-gas, will soon be without fuel."

He said approximately 1.5 million Texans depend on liquid petroleum gas, and some might not have the gas to heat their homes next winter unless something is done.

T. H. McCann, director for district 15, said the board will meet at 9 a.m. Thursday. An open forum for all dealers is scheduled at 1 p.m.

Also expected to attend from Big Spring are Earl Stovall, Bill Wilson and Carl Coleman. Randall Reid, Coahoma; Earl Newcomer and Hollis Kenemer, both of Ackery; and Delbert Franklin and Charles Blocker, both of Stanton, are among the area dealers anticipated.

**Sand Springs Fire Meeting**

The Sand Springs fire department will hold a meeting at the station at 7 p.m. Monday. Kenneth Scott, fire chief, invites all persons living in the area to attend.

**In Memoriam**

The Heritage Museum gratefully acknowledges these memorials made during this year.

It is our hope that the memory of these individuals so honored will be preserved always in the hearts of their friends, as they will be in the on-going of this institution.

# DEATHS

## Joe B. Hoard

Funeral services are pending at Nalley-Pickle Funeral Home for Joe B. Hoard, 74, who was dead on arrival at a local hospital at 11:20 a.m. Saturday after apparently suffering a heart attack.

Mr. Hoard was born Dec. 21, 1898 in Whitewright. He married Delma Speed Jan. 10, 1920 in Lubbock and came to Big Spring in 1928. In 1929, they moved to Forsan where he worked for Texas Electric Service Co. at the Chalk division.

He then worked for Continental Oil Co. for 21 years as a maintenance electrician before retiring in 1964.

He was a member of the Forsan Baptist Church, the Big Spring Masonic Lodge 1340 AF&AM, Big Spring Chapter 175 RAM, Big Spring Council 117 R&SM, Big Spring Commandry 31, Veterans of World War I, and member and past patron of Laura B. Hart Chapter 1019 Order of Eastern Star.

Survivors include his wife, Big Spring; two sons, Joe B. Hoard Jr., Houma, La., and William R. Hoard, Jennings, Kan.; two daughters, Mrs. E. E. Woodson, Gadsden, Ala., and Mrs. LaVonne Woods, Albuquerque, N.M.; a sister, Mrs. Randolph Bryant, Sherman; 12 grandchildren and a number of great-grandchildren.

## J. A. Fletcher

LAMESA — J. A. "Buster" Fletcher, 61, of Lamesa died at 11:30 p.m. Thursday in Medical Arts Hospital in Lamesa.

Services will be at 2 p.m. today in the Bryan Street Baptist Church, with the Rev. David Draper, pastor of Hillcrest Baptist Church of Lamesa, officiating. He will be assisted by the Rev. Bob Whitten, pastor of the Bryan Street Baptist Church.

Burial will be in Lamesa Memorial Park. Fletcher had been a resident of Lamesa 23 years. A farmer and carpenter, he was a native of Denton. He was a member of the Hillcrest Baptist Church.

Survivors are his wife, Fairy, two sons, Charles of Anza, Calif., and Joel G. of Lamesa; his mother, Mrs. George Fletcher of Lamesa; two sisters, Mrs. Lorene Bernard of Houston and Mrs. Marjorie Gieghorn of Lubbock; two brothers, L. N. of Fort Worth and George L. of Burleson; and five grandchildren.

## A. A. Betterton

MIDLAND — Arthur A. Betterton, 69, a former Big Spring resident, died at 11 p.m. Thursday after spending one month in a Midland hospital. At the time of his death, he was a resident of Midland.

Funeral services were held at 2 p.m. Saturday in the Ellis Funeral Home Chapel. Burial was in Fairview Cemetery.

Born Feb. 10, 1904, in Abilene, he lived in Big Spring from 1941 to 1952 when he moved to Midland.

In Midland, he worked for the W. E. Pittman Trucking Co. He was a member of the Fort Worth and Jax Street Church of Christ.

Survivors include, his wife, Martha Betterton, Midland; three sons, A. J. Betterton, Stanton, Robert Betterton, Midland, and Joe Betterton, St. Petersburg, Fla.; two daughters, Mrs. Kenny Thompson, Big Spring, and Mrs. Ervin Crisman, Stanton; a sister, Mrs. Creath Goodman, San Angelo; and 15 grandchildren.

## Dr. Bivings

Dr. Frank Gary Bivings, 45, a native of Big Spring, died in a Dallas hospital Thursday.

Graveside services will be at 10 a.m. Monday in Mount Olive Cemetery with Dr. Robert F. Jones, pastor of First Presbyterian Church in Fort Worth, officiating.

Dr. Bivings was born July 6, 1927 in Big Spring and was reared here. He was the grandson of Mr. and Mrs. Frank Gary, pioneer residents of Big Spring.

He was a graduate of Princeton University and Columbia University Medical School. He took his residency at Barnes Hospital in St. Louis, Mo. and served as a regimental surgeon to the Airborne in Korea.

Until the time of his death, he was assistant chief of staff at Ellis-Fischel State Cancer Hospital in Columbia, Mo.

Survivors are his wife, Katherine Anne Bivings, Fort Worth; his mother, Mrs. Lillian Gary Bivings, San Antonio; a son, Frank Gary Bivings Jr., Tucson, Ariz.; a daughter, Leigh Elizabeth, Tucson, Ariz.; a step-daughter, Shelby Katharine Stewart, Sherman; and a two brothers, James of Midland and Roy of Colorado Springs, Colo.; and four grandchildren.

## Roger W. Meek

Rites will be held at 2 p.m. today in Burrow-Rutledge Funeral Home for Roger Wayne Meek, 22, formerly of Big Spring, who died in a one-car crash early Friday morning in Arlington.

Killed in the same mishap

## A. L. Crumley

LAMESA — Services for Albert L. Crumley, 51, who died at his Lamesa home Wednesday, will be at 10 a.m. Monday in the Brannon Funeral Home Chapel with Mrs. Carl Benson of the Faith Temple officiating.

Burial will be in Lamesa Memorial Park.

A resident of Lamesa a year, Crumley was a welder and a native of Hilton.

Survivors include four sons, Jimmie and Norman, both of Monrovia, Charles of Lamesa and Douglas of Carlsbad, N.M.; a daughter, James of Midland and Roy of Colorado Springs, Colo.; and four grandchildren.

## City Dads May Consider Motel Tax, Wine, Beer

Requests from some citizens to repeal present prohibition of beer and wine sales on Sundays will come up for consideration at the City Commission meeting at 5:15 p.m. Tuesday in City Hall.

Petitions bearing some 2,500 names collected by churches throughout the city against repeal of the present policy are expected to be presented to City Manager Harry Nagel either at or before the meeting.

Also to come up for discussion are a possible motel occupancy tax, application for federal funds for a detoxification unit, the seal coat program and charter revision.

Commissioners will hear a report from the Parks and Recreation Board on possible development of a linear park extending from the Big Spring to near the east city limits. Appointment to the board will also be made.

Bids for club house carpeting and for liquid aluminum sulphate will be awarded, and ordinances annexing 74.35 acres

of land north of the city and granting a 33,000 homestead tax exemption to citizens over 65 will be up for final reading.

Commissioners may also act on a request by Chapter 47 of the Disabled American Veterans to lease two acres of land near the VFW Hall for the purpose of building a DAV hall.

CYNTHIA ANN HILL

ROBERT HILDRETH

## Honor Students At Flower Grove

Flower Grove school has named its honor students for the 1973 graduating class.

Cynthia Ann Hill, daughter of Mr. and Mrs. R. E. Hill, is the valedictorian with a four-year average of 90.3. She has been a member of the yearbook staff, a cheerleader, participated in track, basketball and volleyball. In addition she has been a member of the National Beta Club, and was the school's Betty Crocker Homemaker of the Year. She plans to attend Howard County Junior College to begin studies toward becoming a registered nurse.

Robert Preston Hildreth, son of Mr. and Mrs. Walter

Hildreth, Lenora, has been named salutatorian. He has taken part in football and basketball, is a member of the National Beta Club and on the yearbook staff. He plans to enter the Army soon after graduation with a specialty in track and wheeled motor transportation. His four-year scholastic rating was 88.875.

## What is your suit saying about you?

Clothing speaks louder than words. Here's a suit that says you're a man who lets his actions do his talking—Town & Country by Society Brand. Details make the difference—like flapped pockets and a deeper center vent.

This is what the action's like at Society Brand this Spring. New styling: smart, but not flashy. New fabrics: like the exciting double-knits. Unsurpassed for freedom of movement and freedom from care, they resist wrinkles, hold a press and are easy to pack.

But there are some old things that Society Brand hasn't changed. Like the traditional craftsmanship. The gold-edged lining. The hand-stitched buttonholes. The "extras" that make a Society Brand suit something special.

You can tell a man of action by his suit. Maybe you should move on to Society Brand.

# For What It's Worth

Jack Cowan

Even when I had to do those book reports in junior high, I can remember waiting until the last minute to read the stupid book. That's why you shouldn't be surprised that I'm just now getting around to finishing "Blanda: Alive And Kicking." The only difference is that now I can't use basketball practice as an excuse.

It's probably just as well, though. I didn't miss a whole lot. One thing about it though — I learned that when a book says "authorized biography" on the outside, it really means candy-coated.

I like George Blanda. I really do. Even though I'm not quite a member of the over-40 set, I thought his miraculous feats of 1970 were about the greatest things that ever happened in pro football. But Wells Twombly... bleah.

Twombly had a ready-made best seller when he put Blanda's name and picture on the cover, but he blew it. As a former scribe for the Houston Chronicle, he spent almost as much time bad-mouthing Jack Gallagher of the Houston Post as he did selling Blanda's story. And if you take the book seriously, George Halas of the Chicago Bears is under direct contract to the Devil.

In short, Twombly took the story of one of football's most outstanding characters and made it a biased, unbelievable sob story. Somehow, after the author got through with Blanda's exploits I wondered if they ever really happened at all.

Here is a man who was the leading passer in two different leagues 10 years apart. His pro playing career spanned four decades and he played in 283 games, completing 1904 of 4033 passes for 26,804 yards. He converted 780 of 790 PATs and kicked 271 field goals. He is pro football's all-time leading scorer.

Blanda established six career, six season and seven single game records in the AFL. He is the only player to ever score over 500 points for three teams. The Sporting News named him AFL Player of the Year in 1961, AFC Player of the Year in 1970 and the same magazine named him to the AFL All-Star teams in 1961 and 1967. His list of honors and records is as endless as his career, all 22 years of it.

So why is there any need for junk? Why couldn't Twombly have made him seem just a little less invincible so readers won't wonder what he's trying to hide?

Without living in the cities where George was allegedly maligned, it's hard to know just how much of what the book charges is true and how much has been stretched. Probably he did get some bum deals in the newspapers. Most football players, particularly quarterbacks, get plenty of publicity and some of it's going to be bad.

But to put so much emphasis on the press in a man's biography is ridiculous. I mean that's just pure simple of someone.

On the other hand, we find that George Blanda's most ghastly fault is that he likes to bet \$10 on a horse race. Through various stories, anecdotes and quotes we learn that Blanda is tough, confident, open-minded, dedicated, fair, talented, etc. You'd have to read the book to see just exactly how good he is.

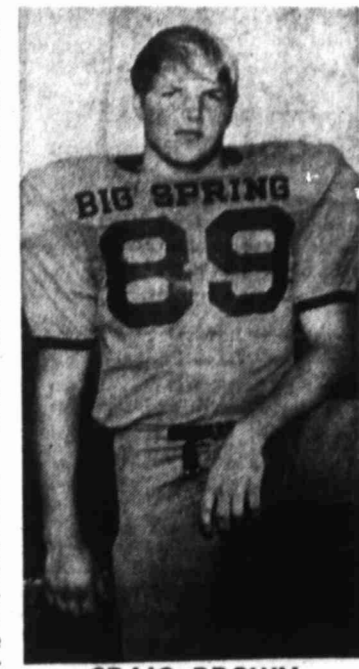

When 43-year-old George Blanda personally snatched the Oakland Raiders from the jaws of defeat in five consecutive games in 1970 he was the most popular man in the nation. But in 50 years when people read about this man with no faults, they're going to think they got hold of a real good story.

**CITY CHAMPS** — The Rumlens seventh grade track team claimed the city crown last week by upsetting Goliad in the city meet. Bobby Zellars, top left, coached the Yearlings to the 246-222 triumph.

# East Texas Lions Ink Steers' Powell, Brown

Two members of the 1972 Big Spring Steer football team, D. W. Powell and Craig Brown, have signed letters of intent with NAIA national champion East Texas State University in Commerce.

**CRAIG BROWN**

**D. W. POWELL**

The two linemen became the fourth and fifth Steers to sign this year. Rice picked up end Nathan Poss and punter Alan Davis went with Southern Methodist on the first day of recruiting in February, and Jerry Knoepfel decided on the University of Texas at El Paso early in March.

Powell and Brown visited Commerce two weeks ago, and gave their decision to Coach Ernest Hawkins by mail last week. Powell is a 6-4 230-pound tackle and Brown (6-1, 205) played linebacker for the Steers. Both were two-year starters.

"It's a terrific place," Powell said. "They've got brand new facilities and the team seems to know what it's all about. The people were real nice to us."

The Lions, winningest team in the history of the Lone Star Conference, claimed the loop title for the 17th time last season and went on to win the national crown. They will be favored again this year.

Another Big Spring defensive back Ricky Earle, a member of the championship team but has played out his eligibility.

Powell, who played both guard and tackle on the Steers' 1-9 team of 1972, said that he probably will be used as a tackle at ETSU. He also was a defensive lineman at Big Spring, starting at tackle on the defensive unit as a junior.

## Poss Speaker For Buff Fete

Delnor Poss, Southwest Conference basketball official, will be the featured speaker at the Stanton All Sports Banquet, to be held in the High School gymnasium on Monday night.

All athletes will be honored, along with outstanding boy and girl athlete and outstanding booster awards.

The banquet will begin at 8 p.m. and tickets will be available through Stanton Booster Club members and athletes. Tickets will also be available at the door.

Poss is currently Secretary of the Big Spring School Board. He attended San Angelo High School, winning honors in basketball and track, and went to the state basketball finals in 1951. He attended Hardin Simmons University where he lettered four years in track and three years in basketball.

He placed fifth in the national broad jump finals in 1954, set scoring records in basketball and was all Border Conference and most valuable player in 1956.

After graduation he coached at Garden City, Menard and Big Spring, serving as head basketball coach at these schools. Poss quit coaching in 1965 to enter business with Gamco Industries and currently serves as vice president of that Company.

Poss is a deacon in the first Christian Church, President of Howard County Fellowship of Christian Athletes, member of the Board of Directors of Big Spring YMCA, member of the Board of Directors of Southwest Basketball Officials Association and first Vice President of S.B.O.A.

He officiates football and basketball in the Lone Star Conference and basketball in the Southwest Conference. He has officiated the Bluebonnet Bowl Classic and the Sun Bowl Classic.

## STEERS, QB CLUB STARS TO MEET ON SATURDAY

The Big Spring Quarterback Club and Steer baseball team will collide at 8 p.m. Saturday at Johnny Stone Park in a benefit affair to help raise funds for the upcoming All-Sports banquet.

The game will be a rematch of last year's meeting, which the Steers won 7-2.

Playing for the Quarterback Club All-Stars will be Jim Baum, Jim Zapp, Tito Arencibia, Al Valdes, Jimmy Rogers, Marion Treadaway, Roy New, Danny Valdes, Bernard McMahon and several other QB club members.

Admission to the game will be \$1 for adults and 25 cents for students.

The Steers of coach Larry Horton are currently 11-9 on the season and finished the first half of Dist. 5-AAAA play in second place. They are hitting over .300 for the year and in district. According to Al Valdes, team captain, several All-Stars will get a chance to pitch to the Steers.

## Steers Eye Same Slate

The same 10 teams which dealt the Big Spring Steers a 1-9 season ending in 1972 will be in the way again this season, according to new head coach Bob Burris.

Big Spring opens the season Sept. 7 at home against Lubbock Monterey, and travels to Hobbs, N.M. a week later for the first of five out of town dates. The Steers host Snyder Sept. 21 in the final non-district clash.

After an open date Sept. 28, the Longhorns open Dist. 5-AAAA play on the road against Abilene High, the only team Big Spring was able to defeat last season. On Oct. 12 the Steers visit Midland High, and the next week they'll entertain the defending state champion Odessa Permian Panthers.

After that comes an out-of-town tilt with Midland Lee, two home games against Abilene Cooper and the season finale in San Angelo against the Bobcats. All but the Hobbs, N.M. game have an 8 p.m. starting time. The Hobbs tilt will begin at 8:30 CST.

### WEEK'S PLAYBILL

## Ava Likes Ice Cream

Ava Gardner has long been recognized as one of the classic screen beauties, a fact that will be re-established when she is seen as Lily Langtry in "The Life and Times of Judge Roy Bean."

Wearing the magnificent gowns of Edith Head, she plays the role with style and humor that only a truly beautiful woman could carry off.

Her old friend, director John Huston, persuaded her to return to the U.S. and play the key role in the First Artists Production that stars Paul Newman as the famed frontier judge. The new National General Pictures release, in color, is now showing at the Ritz Theatre.

Even the most jaded members of the crew were impressed the day she arrived in Tucson, Ariz., to start her role.

And what did Ava do? She appeared eating an ice cream cone!

"This is one of my grand passions," she confided. "There is nothing I miss more living in Europe than American ice cream."

One of the wardrobe women pointed out that while ice cream is tasty, it also tends to put on extra pounds.

Ava agreed, explaining "That's why I get up early in the morning."

Other people staying at Ava's hotel who happened to be up at dawn were treated to a unique sight. Ava, dressed in a sweat suit from head to toe, could be seen jogging around the block each morning, her faithful dog running along beside her.

In addition to the jogging, there was a strict regimen of exercises that came each morning rain, shine, sleet or snow.

An epic adventure, loosely based on the life of the southwest's legendary "hanging judge," the film also stars Jacqueline Bisset, Tab Hunter, John Huston, Stacy Keach, Roddy McDowall, Anthony Perkins, Victoria Principal and Anthony Zerbe.

(Photo by Danny Voldez)

**LOVE DEMONSTRATED** — Angelina, played by Mollie Tuley here, tries to demonstrate love for her fiancé in a court case over breach of marriage promise. The scene comes from "Trial by Jury," a comedy opera, which will be presented at Howard County Junior College next weekend. Mollie is married to Tom Tuley, who plays Edwin.

**STARTING CHINA TOUR** — Actress Shirley Maclaine turns and waves just before crossing the covered border bridge, rear, into China Friday. Miss Maclaine, with a group of 10 women and a 12-year-old girl, is on a three-week tour at the invitation of the Chinese government.

### 'Soup's On'

GREENVILLE, Del. (AP) — Giant clams like the 500-pound specimen on exhibit at the Delaware Museum of Natural History here can make enough clam chowder to feed 150 people.

Scientists at the museum say the large mollusk, known as the *Tridacna gigas*, is the largest species of clam in the world. It is found on the Great Barrier Reef in the southwest Pacific near Australia.

The specimen is a major attraction in the Delaware Museum's hall of shells where it stands four feet tall next to a section of the Great Barrier Reef recreated under a glass floor.

The clam, once reputed to be a "man-eater," is in reality a placid vegetarian, according to museum scientists.

## Operetta About Marriage Suit

"Trial by Jury," a comedy operetta in English, is being presented free at the Howard County Junior College auditorium Thursday, Friday and Sunday.

The cast of HCJC students and local residents will appear on stage at 8 p.m. Thursday and Friday and at 3:30 p.m. Sunday.

Foreman of the Jury is Tommy Tune. Other gentlemen of the jury are Stuart McFarland, David Scott, Kelly Draper, John Phillips and Robert Johnson.

Kelly Thames, Karen Carlton and Lois Bair are bridesmaids. Spectators include Elizabeth Arencibia, Joyce Johnson, Rickie Messenger, Emily Phillips, Joan Robertson and Donna Wallace.

Stage manager for this and all Festival '73 productions is Robert Lauderdale. Robert Barnes will control lighting. Harlen Thornton will play the piano.

**READERS' THEATRES** — Immediately following the hour-long operetta Thursday and Friday, an oral reading and partial dramatization of excerpts from a book about Big Spring will be presented. "Big Spring: The Casual Biography of a Prairie Town" by Shine Phillips is the book.

Six members of the Hawk Players and oral interpretation class will perform.

Another readers' theatre directed by Dan Shockey is scheduled for 2:15 p.m. Saturday in the student union building lounge.

One part of Saturday's performance is entitled "Texas." "A Person is a Person No Matter How Small" — that is the title of a segment from stories by Dr. Seuss. And the third part is called "Children at Christmas."

**MARRIAGE NIXED** — The three-part readers' theatre was organized through the oral interpretation class.

The operetta by Gilbert and Sullivan concerns the plight of a man who changes his mind about who to marry. Angelina, his former fiancée, sues for breach of promise.

The audience should not be limited to adults. Children are the best audiences for operettas like this, said Woody McDonell.

## Horns Host Jazz Shows

AUSTIN, Tex. (AP) — Top collegiate jazz talent will compete April 28 in two concerts of the third annual Southwestern College Jazz Festival, sponsors said Saturday.

The festival, which will include a number of appearances by guest bands and vocalists in addition to the collegiate contestants, will be held in Gregory Gymnasium on the University of Texas at Austin.

Rod Kennedy, president of the festival, said the college big band entries will include groups from UT-Austin, Southern Methodist University, Sam Houston State University, University of Houston, Southwestern State University, Southwestern State College of Oklahoma and Henderson State University from Arkansas.

Vocalists competing will include Gary Powell from Sam Houston State and Suzanne Blackshear from Lamar University.

Combos are entered from the University of Texas, Sam Houston State, Lamar and Texas Southern University.

## Channing Eyelashes

DETROIT (AP) — A crisis for actress Carol Channing has been averted — a sympathetic thief has returned her eyelashes.

Charles Lowe, Miss Channing's husband and manager, said the 11 pairs of false eyelashes were returned Thursday after he made a special appeal through the local media.

The eyelashes were stolen in Detroit Wednesday, along with a wedding ring and silver cufflinks, while Miss Channing was performing in the musical "Lorelei."

Lowe said the eyelashes, specially made in Italy, were important to his wife's career since people had come to expect her big eyelashes accentuating her large eyes. He said the one pair of eyelashes Miss Channing had left — the ones she was wearing during her performance — would last only another month at most and it would take six weeks to have more made.

The thief apparently agreed and returned the eyelashes in their silver case a few hours after Lowe's appeal Thursday. The wedding ring and cufflinks were not returned.

## Pablo Casals Will Conduct Concert

WASHINGTON (AP) — Pablo Casals plans to make a rare conducting appearance during a week-long musical salute to the Organization of American States.

The Kennedy Center for the Performing Arts said Casals, 96, will conduct two of his works May 22. They are "Sardana for Cello," featuring 40 cellists, and the "Florida" from his oratorio, "El Pelebre."

The entertainer was divorced from his second wife in November.

## Dino To Marry For Third Time

SANTA MONICA, Calif. (AP) — Singer Dean Martin plans to be married Wednesday to a 25-year-old model.

Martin, 55, and Miss Cathy Mae Hawn obtained a marriage license here Friday and said they plan a civil ceremony Wednesday at Martin's Bel Air home.

## Film Is Selected

OTTAWA (AP) — The film "La Mort d'un Boucheron — Death of a Lumberjack" — will represent Canada at the Cannes Film Festival in France this year.

# Art, Music And Drama To Be Presented Here

Howard County Junior College's Festival '73 is entering its last week with a variety of fine art exhibits and performances open to the public, Mary Skalicky reported.

An art exhibit is scheduled at the library for Tuesday through Sunday.

Paintings, drawings, sculpture and three-dimensional works by HCJC faculty members will be shown. Also exhibited will be art works by children in the college's special interest courses and Big Spring high school and junior high students.

**THURSDAY, FRIDAY** — Thursday, "Trial by Jury," a comedy operetta, will be presented at 8 p.m. followed by a readers' theatre on early Big Spring Friday, the operetta and readers' theatre will be staged at the same time and place, the HCJC auditorium.

**SUNDAY** — Programs are scheduled throughout Saturday. Harlen Thornton will play "The Music of Bach" on piano in music building room 104 at 10:30 a.m. Lunch will be served for \$1 per plate in the student union building cafeteria at noon.

At 1 p.m., Mrs. Star Warford will give an informal recital of folk music in the student union lounge.

A readers' theatre will be seen in the student union lounge at 2:15 p.m. At 3:30 p.m., Durward (Woody) McDonell, a tenor, will sing in the auditorium with Harlen Thornton accompanying.

The only program requiring admission is slated at the auditorium at 8 p.m. Saturday. Donna O'Steen Edwards, a pianist, will play pieces by Bach-Van Katwijk, Schumann, Chopin, Takata and Liszt. This event is sponsored by the Big Spring Piano Teachers' Forum and the Big Spring Music Study Club.

Admission is \$2 for adults and 50 cents for students.

**SUNDAY** — "Meet the Artist" at 1 p.m. Sunday in the student union lounge, the schedule says. Miss Enid Little, secretary of the Midland Fine Arts Council, will discuss her sculpture compared to Greek sculpture. A collection of her work will be shown.

Stay where you are and hear a chamber music concert at 2:30 p.m. Joseph Dawes will be on the recorder, a Renaissance instrument. Ronnie Phillips, violin, and Mary Skalicky, harpsichord.

James John Gambino, a Midland violinist, will follow at 3 p.m. with a demonstration and recital. Mary Skalicky will accompany.

company. Rare Italian violins from the collection of Don Bohannon, Big Spring, will be demonstrated.

The cast of "Trial by Jury" will give their final performance at 3:30 p.m. in the auditorium concluding the month-long fine arts program.

**Rolling Stones Must Face Music**

WARWICK, R.I. (AP) — Charges against five members of the Rolling Stones rock group still stand, a district court judge has ruled.

Judge John E. Orton rejected a motion to dismiss charges stemming from an alleged airport scuffle with a news photographer last July 18.

Defense attorneys argued unsuccessfully that the court lacked jurisdiction because the defendants were going through customs at Green State Airport at the time of the incident.

Keith Richards, the British group's lead guitarist, and member Stanley A. Moore are charged with assault. Leader Mick Jagger and member Marshall P. Chest are charged with obstructing a police officer, and member Robert L. Frank with assaulting a uniformed officer.

The five pleaded innocent at a special arraignment the night of the incident. Orton said a trial will be scheduled when they are available.

# Permanence Of Hope

If ever there was an age which needs the revival of hope and assurance, such as is manifest in the message of Easter, it is now.

Slowly, up through the torture and tyranny of the centuries, we thought we had slowly discovered truths upon which evolved the purest flower of freedom. Given liberty, we believed, man could work out his problems and his destinies.

Despite the occasional assaults upon this concept, the unfolding of idealism into reality made it seem that our own land had been unmistakably blessed. Ours had the approving stamp of God, for the things we really believed in were the enduring ones.

Somewhere, somehow we were beset by uncertainty, by half-doubt, by a self-deprecation that we might be wrong because wrongs continued to exist. We became skeptical if not cynical.

Perhaps — just a haunting notion — God might after all be on the side of the most legions. Thus, some went to the wailing wall for the fancied sins of society; some withdrew to the safety of indifference and apathy.

Without realizing, we were gripped by the gnawing fear of impermanence in our table of values.

And so, today, we come to a time when we are reminded that the things which are truly permanent are the things of the spirit, that the leaving-off of assurance is the seed of hope.

This, then, is the need of our time in space, the knowledge that although ugliness and evil, intolerance and selfishness, oppression and inequity may beat like undulating waves upon the shore, the hope of eternal values, the confidence of human dignity and freedom will ultimately and exorably prevail.

We must believe that if we are going anywhere that matters as a people, we are going toward this goal.

## Cost-Cutter Winds Justice

Gordon Rule has been reinstated as the Navy's top cost-cutter. He had been exiled to a Navy supply school for speaking his mind at a congressional hearing last December.

Rule's sin was in opposing the appointment of Roy L. Ash as the government's top budget officer. Ash is a former president of Litton Industries, which has two controversial multi-billion dollar Navy contracts. Rule also criticized defense contracting procedures.

For doing his job, Rule was punished. He fought the action and with help from key senators and congressman won his job back. This is a victory for the taxpayers.

Another win for the public should come if A. Ernest Fitzgerald wins his long battle for reinstatement. He was the Air Force's top cost analyst. He was fired for disclosing the immense overruns in the C-141 airplane contract. We hope Fitzgerald's case has the same outcome as did Rule's. Simple justice and conscience demands it.

There's a nursery in Denton which advertises "Pot Plants" which no doubt refers to the vessel the plant is in rather than the plant itself.

## Perfectly Clear

### Around The Rim

Walt Finley

My drinking cousin, Bobby Harris, reports President Nixon worked at a swimming pool in his youth at Yorba Linda trying to make the water perfectly clear.

Is divorce habit-forming or does it just seem that way?

ONE REASON professional football runs so high is that many of the teams are paying two sets of coaches: the ones who have the job now, and the ones who were fired with years to go on their contracts.

Okie Gov. David Hall is not listed in Who's Who, although Lt. Gov. What's-His-Name — who keeps making speeches in West Texas — is.

Maybe David's name can be found in What's That?

ON THE Shanghai Airline, my wonderful aunt, Mildred Ladd asks, does the stewardess offer: "Coffee, tea or acupuncture?"

EX-ALPINE COWBOY Jay Sanders, backshop whiz, asks: "When we get the four-day week, who is going to pay us for the two coffee breaks we'll

no longer have?"

It has been five years since I ran this classic, so here it is again: Six Rules for a Happy Life

- By Satchel Paige
1. Avoid fried meats which angry up the blood.
2. If your stomach disputes you, lie down and pacify it with cool thoughts.
3. Keep the juices flowing by jangling around gently as you move.
4. Go very light on the vices such as carrying on in society. The social ramble ain't restful.
5. Avoid running at all times.
6. Don't look back. Something may be gaining on you.

MAYBE MY unknown pen-pal has struck again. I now have received a card from a Phoenix motel for membership in the "Over 60 Youth Club."

Since it entitles me to a 20 per cent deduction in rates, I may lie about my age.

Did you know that that there are more than 124.5 million telephones in the United States, 99.9 per cent of them are automatic, and there are 60.1 telephones for every 100 citizens? It's true. Ma Bell told me so.

Proof-Positive Bobbie Kimsey asks: "Don't you wish some things you don't like were bad for you?"

## Trade Isn't Free

John Cunniff

NEW YORK (AP) — "I don't think there's a limit on economic demand," said Peter Flanigan. Human need, he insisted, is never satisfied. "For me, for example, it's a place in the mountains and a boat and more."

Flanigan, who led the team that produced new trade proposals announced last week by President Nixon, was introducing what for him is another incontestable thesis: "The most effective way to meet demand is in free trade."

That notion isn't universally accepted. While trade advocates claim that \$1 billion of exports produces 91,000 jobs, protectionist forces claim that imports might be destroying as many jobs — and industries too.

FLANIGAN, assistant to the President for international economic affairs, believes that free trade promotes the most efficient utilization of resources, including workers, and thus produces the lowest prices. But, he adds, trade today isn't free.

Europe wants to protect its less efficiently grown crops from American exports. Japan seeks to protect its computer industry. And some Americans would like to restrain imports of shoes that are produced at lower cost abroad.

The thrust of the President's approach to world trade negotiations that begin in September, Flanigan suggested in an interview, is to promote more open and equitable trade as the underpinning of international economic expansion, a bonus of which would be to give many nations a vested interest in world peace.

IT BEGINS with the assumption that needless frictions exist because of existing inequities. "There is a fundamental imbalance in the system," Flanigan said. "It was put in place after World War II when we had all the chips. Our priority was to rebuild, and we were overly generous."

As other nations or groups of nations regained their competitiveness, the need to change the monetary and trading systems grew evident. Other nations could devalue their currencies, for example, but not the United States.

The old monetary order has now been challenged and buried. The United States has now devalued and

thus, in theory, made its good more competitive in world markets. But the United States still feels aimed against in trade.

NIXON'S BILL, called the Trade Reform Act of 1973, calls for a reduction of trade barriers if other nations are willing to lower theirs, one purpose being to bring exports, which totaled \$48.8 billion last year, closer to the import figure of \$55.7 billion.

Will this deficit be erased by the President's proposals? "I don't know," said Flanigan. "We're not going into the negotiations with the idea of getting a surplus." That, he suggested, might take care of itself.

Among the bargaining tools sought by the President is unlimited authority to raise, lower or eliminate tariffs, and the authority to retaliate against what are perceived to be inequities imposed against American goods.

This proposal was widely referred to in the press as "unprecedented and sweeping," but Flanigan insists it is not. Similar rights were granted the President under the 1962 Trade Expansion Act, he said.

"PHONY CHARGE," is how he described the accusation. "It emerged because of the confrontation of the President with Congress. We are not seeking sweeping new power. We are asking for authority given in the past, to reflect the new experiences."

The second major aspect of the proposals, the right to restrain imports for five years so as to protect certain American industries, has also been criticized as an attempted usurpation of power. But Flanigan notes that Congress retains its veto.

"It's a hell of a matter to go into negotiations with fewer chips than the other guy," he said, referring to the broad powers held by negotiators for some other nations.

## Fatal Fires

LONDON (AP) — Fire claimed a record 896 lives throughout Britain and Northern Ireland during 1972, the Fire Research Station announced.

The figure exceeded the previous record 865 dead in 1968 and was at least 100 above the average for the past four years.

## Tribulation Of POWs

William F. Buckley Jr.

A week ago, I was present while three returned prisoners of war interrogated Ramsey Clark, the former Attorney General who, you will recall — particularly if you were a P.O.W. — traveled last summer to Hanoi, and among other things subsequently gave it as his opinion that the prisoners of war were being humanely treated. After 15 minutes I had to leave, because the exchange was embarrassing.

THE RETURNED P.O.W.'s were without bitterness and, military habits dying hard, addressed Mr. Clark with great civility. "Sir, why did you go to North Vietnam?" "Sir, why did you think that the peace movement would help the P.O.W.'s?" If they asked him on what evidence he based his conclusion that the prisoners were being humanely treated, it was after I left the room. Perhaps they refrained from asking that question having had enough, in their own experiences, of sadism.

Mr. Clark, a gentleman of quiet dignity, was acutely on the defensive; and he did not even attempt to maneuver his arguments so as to get the best possible use out of them. He said simply, in accents almost childish in their implicit supplication, that everything he did he did in the cause of peace, which he sought to serve. When asked what he thought of Jane Fonda's statement that P.O.W.'s who charged that they had been tortured were war criminals and hypocrites, Mr. Clark said he was unaware that Miss Fonda had said any such thing.

ALTHOUGH RAMSEY Clark has not made the defensive point that, after all, the captured Americans had been killing North Vietnamese with their bombs, so what else would you expect than torture? Others of course have made this point. Still others have sought to distract attention from the treatment of the POW's by focusing attention on the torture of Vietnamese political prisoners by the government of President Thieu. Why — they seem to be asking — should we expect that American prisoners will be treated better in Vietnam than prisoners from their own country? Concerning this tricky point, and

points related to it, a few observations:

1. THERE IS no excusing the inhumanity of Thieu's apparent treatment of political prisoners.

2. IT THEN should be remarked that it is characteristic of a people that they despise traitors of their own flesh and blood more intensely than foreign soldiers. The Free French collaborators as recently as 25 years ago. Moreover, it is reasonable to assume that the political prisoners caught in South Vietnam had engaged in acts of terrorism and knew where their fellow terrorists were hiding.

3. IT WAS THE purpose of the relevant protocol signed in Geneva to regulate the treatment of prisoners of war. American P.O.W.'s were systematically deprived of every civility, even the raw amenity of permitting their wives and families to know that they were still alive.

As one reflects on it, the treatment of them by their captors was an admixture of sadism and politics. The Vietnamese, somewhere along the line, must have been satisfied that they could not effectively transform the American soldiers into effective traitors, so they continued to torture them as a matter of spite. There was enough cunning around to prevent the captors from slaughtering the prisoners. As horseflesh, they too valuable.

THE WHOLE sorry business reminds one however shakily, that there are nations more civilized than others, for reasons of history and providence however freakish. Those who, stunned by South Vietnamese prisons, urged that on their own account President Thieu should be ostracized, forgot that General Robert E. Lee was technically responsible for Andersonville.

We would not, in America, in this day and age, treat prisoners of war in the way the Vietnamese did. And we are, however humbly, reminded that we fought in Indo-China to repeal the atavistic forces that gave historical and moral justification to historical and moral justification to were too valuable.

## 'THEY SAW THAT THE STONE WAS ROLLED AWAY'

By KAY BARTLETT, AP Business Writer

NEW YORK (AP)—The cost of living continued to soar and food prices climbed to record levels for the third straight month in March, it was reported this past week.

The government said the levels were the highest in 22 years. The Labor Department's Bureau of Labor Statistics said the cost of living jumped nine-tenths of one per cent last month, the sharpest increase since 1951 at the height of the Korean War inflation.

The economy moved ahead at a rapid rate of 14.3 per cent during the first quarter of the year, the Commerce Department announced this past week. Inflation soared at a rate of 6 per cent.

The Federal Reserve System announced an increase in its discount rate from 5 1/2 to 5 3/4 per cent, effective Monday. An increase in the federal reserve discount rate is regarded as a move to tighten credit. Other interest rates generally are scaled upward from the discount rate.

The country's gross national product rose \$40.6 billion from January through March to reach a seasonally adjusted annual rate of \$123.5 billion.

The increase compares with a GNP advance in the fourth quarter of last year of \$30.9 billion or 11 per cent at an annual rate.

The gross national product is the value of the nation's output of goods and services and is the broadest indication of the economy's performance.

REAL OUTPUT UP Without the rate of inflation of 6 per cent, the real output during the first quarter was 7.9 per cent, compared with a real growth of 8 per cent in the fourth quarter of 1972.

The scandal at Equity Funding Corp. of America stayed in the news this week as the firm's trustee, Robert M. Loeffler, announced it may have assets in excess of its liabilities.

He cautioned that he was working on very preliminary "guesstimated" figures that indicated the company appeared to be solvent. Equity was tossed into Chapter 10 bankruptcy proceedings when a

## Economy Advances Rapidly

### The Week's Business

- Economy advances at 14.3 per cent, inflation at 6 per cent
• President abolishes oil imports, says shortages to last
• Equity fund, despite bankruptcy, may have ample assets
• Corporate profits range from 6 to 28 per cent, some more
• Earnings buoy markets, but buyers have a wary confidence

## The Pill And Menopause

Dr. G. C. Thosteson

Dear Dr. Thosteson: What can we ladies expect who are taking the birth-control pill and entering our menopause? Do normal periods continue until we no longer take the pill and how, if this is the case, do we know when to discontinue the pill without chancing pregnancy?

Does the birth-control pill prolong what used to be considered the normal fertile years? Personally, I'm quite anxious to get this menopause bit underway, but would feel quite insecure now with any other birth-control method.

Your comment on this subject would be of great interest to many couples who most certainly do not want to start another family in their late 40s. — Mrs. R.B.

pill does is provide an artificial signal to the ovaries not to release the egg. The ovaries get this signal naturally when conception has occurred.

You might say that the pill is misleading the ovaries to "believe" that conception has occurred. There is more than a little confusion over the whole subject of the pill.

When menopause comes, usually in the late 40s or early 50s, the cessation of the menstrual cycle. These will stop — with or without the pill — when they are supposed to stop for you. Pills with a large estrogen content may cause sporadic bleeding after menopause, but these are not "periods."

No, your fertile years will not be extended beyond normal because of use of the pill. For your peace of mind, you

massive scandal in an insurance subsidiary surfaced early this month.

ALL QUOTAS OUT President Nixon abolished oil import quotas but warned that shortages would last another three years. He also proposed the removal of federal price ceilings on natural gas in a bundle of executive actions and legislative proposals.

The nation's banks adopted a dual prime rate, boosting the prime to 6 1/2 per cent for large consumers and holding it at 6 1/2 per cent for the smaller customer.

The move was in accordance with guidelines suggested by the Nixon administration's Committee on Interest and Dividends.

Good first-quarter earnings reports continued to come in this week.

Billy Graham

## MY ANSWER

How do you view life after death? Do you hold the traditional "heaven-hell" concept? C.S.B.

No time would be more suitable for answering your question than the hours between Good Friday and Easter. If it weren't for the death and resurrection of Christ we'd have little if any definite indication of a future life.

All the Bible commentators agree that after Easter the disciples were markedly different men. From the gloom and despondency of Friday afternoon emerged the buoyant jubilation of Sunday morning. The

risen Christ was again walking and talking with them.

I believe in both heaven and hell because of what the Scripture plainly says. I find no pleasure in this knowledge but it is my duty to report that the same Book proclaiming the wonders of heaven describes the terrors of banishment from God.

As for heaven it will be what we've always longed for. There will be no night, no death, no disease, no sorrow, no tear, no ignorance and no war. It will be a place to challenge the creative genius of the unfettered mind of redeemed man. Hallelujah!

## A Devotion For Today..

He is not here: for he is risen, as he said. (Matthew 28:6)

PRAYER: For the notes of victory which sound through the ages; for the power of the Victor among us now, for His saving and assuring grace to us forever; we thank Thee, our Father, Amen. (From the 'Upper Room')

## Bullish Good Buys

Art Buchwald

WASHINGTON — In an effort to help the housewife fight inflation, the U.S. government has been giving daily tips on the big bargains in food items.

THE ONLY trouble with the system is that by publicizing the cheaper cuts of meat and fish, the government is unwittingly driving up the prices on them and creating shortages in foods where there were none before.

I learned this from personal experience the other day. My wife and I were listening to the radio and we heard a Department of Agriculture nutritionist say, "Housewives are advised to buy flounder today which is in ample supply and will give your family as much protein as steak."

"THAT'S IT," I said to my wife. "I'll go down to the supermarket and buy some flounder."

I guess other people were listening to the same radio broadcast because by the time I got to the fish counter there were hundreds of housewives screaming for flounder. Moreover, when I got to the store, flounder had gone up to 59 cents a pound. By the time I was waited on, two hours later, it had gone up to \$1.80 a pound, and they were giving only one small flounder to a customer.

I CALLED my wife to tell her I didn't think we could make a meal

out of flounder.

"I just heard on the radio," she said, "that this is the day to buy cooking onions. Get all you can."

I hung up the phone and ran down the aisle to the vegetable stand.

"Cooking onions?" I said breathlessly to a clerk.

He laughed at me. "We haven't had a cooking onion for four hours."

I CALLED MY wife back. "No cooking onions. What else are they pushing?"

"Just a minute," she said. "I think they're putting on a bulletin. Yes, it's direct from Virginia Knauer at the White House. She says the magic word is 'calf brains.'"

"I got it," I said. I ran down another aisle to the meat counter, fighting my way through another mob. Three old ladies started pummeling me. "We were here first for the calf brains!" one of them screamed.

"There's enough for everybody," I shouted. "Virginia Knauer said so."

THE BUTCHER behind the counter said, "We just got word calf brains are now \$2.50 a pound. Who's next?" We all backed away from the counter.

# HOROSCOPE

**CARROL RIGNER**

Sunday, April 22, 1973

**GENERAL TENDENCIES:** You now have a fine time to reorganize your thinking and your activities so they are in agreement with your new plan of action. Don't let yourself be annoyed by someone's abusive attitude toward you. Turn that other person into a mirror.

**ARIES** (March 21 to April 19) Handle community affairs so that your position improves and a feeling of accomplishment results. Improve your exterior through charitable work. Take it easy and get a good night's sleep.

**TAURUS** (April 20 to May 20) Adopt the finest philosophical concept you know and make your daily actions more rewarding. Making new contacts is fine. Think logically.

**GEMINI** (May 21 to June 21) Let those intuitive preceptions come through which could be helpful to you in your line of endeavor. Look at the fine qualities in your mate instead of the less desirable ones.

**MOON CHILDREN** (June 22 to July 21) A good day to understand the aim of associates in your line of work. Think of ways to become more thrifty. Remember the promise will take care of themselves if the dollars are there.

**LEO** (July 22 to Aug. 21) Show that you have a fine time today, so you will get the solid backing of co-workers. Spend more time improving your health. Look up old friends, and you have a good exchange of ideas.

**VIRGO** (Aug. 22 to Sept. 21) You are to have a good time today, so be sure to engage in the tried-and-true activities. Otherwise you could be disappointed. A gift for the one you love will be well received.

**LIBRA** (Sept. 22 to Oct. 21) A fine day for brightening up your home and making it look more inviting to others. Be understanding of the problems of those who dwell with you. Try to alleviate their pain.

**SCORPIO** (Oct. 22 to Nov. 21) Show courtesy toward all with whom you come in contact today and get fine results. Seek out those who can give you a better life most profitable for you. Get their assistance in your plans.

**SAGITTARIUS** (Nov. 22 to Dec. 21) You have fine practical methods that can be inspiring to others and you gain the confidence of your associates. Improve your budget. Take more time to work on your pet project.

**CAPRICORN** (Dec. 22 to Jan. 21) Take the treatments that make you feel and look much better, and your confidence and pleasing to the social. Attend the social and obtain the information you need. Friends will cooperate.

**AQUARIUS** (Jan. 22 to Feb. 19) Ideal day to concentrate on the higher goals of life that will bring you into your life. Visit a business expert and discuss ways of getting ahead. Relax at home tonight.

**PISCES** (Feb. 20 to March 20) Act as if you are of real service to your particular group and then attend the social affairs that will be helpful to you and your friends. Listen to what good advisers have to suggest, also.

**INSTRUCTION** G

### Losses Cut By Airline

DALLAS (AP) — Southwest Airlines, which had been in a fare fight for commuter traffic to Houston and San Antonio and showed sharp increases in the number of passengers, reported today it has slashed some of its losses. The firm reported it cut losses for the first quarter by 79 percent as compared to the same quarter last year. M. Lamar Muse, president and chief executive officer, said first quarter net loss was \$176,268, or 16 cents a share. This compared with a loss of \$843,697 or 80 cents a share for the same 1972 period.

## Many Fields Just Too Wet To Plant Cotton, Sorghum

COLLEGE STATION, Tex. (AP) — Wet weather last week brought further delays to land preparation and spring planting, Dr. John Hutchison, director of the Texas Agriculture Extension Service, said. Farmers are trying to plant cotton, corn, grain sorghum, rice and peanuts, but many fields are just too wet, Hutchison said. Cold weather also has damaged some planted crops to the extent that replanting is necessary. PLUM GONE The late freeze destroyed many peach, apricot and plum

crops and also damaged pecan trees and vegetable crops, he said. Some young corn and grain sorghum was damaged in northern and western areas. Hutchison said livestock conditions are generally good over the state with above average grazing in many counties. Some small grain pastures are too wet for grazing, and some live stock in western areas are still receiving supplemental feed due to recent cold weather. District agriculture agents gave these reports: South Plains: Freezing temperatures caused heavy damage to fruit trees. Some small grain crops in the root stage also were damaged. Land preparation is active where weather conditions permit. Cold, wet conditions damaged some young corn.

Rolling Plains: Small grains being kept for a grain crop received some freeze damage. Some fruit trees also were damaged. Alfalfa is making good growth with some being harvested. Some grain sorghum is being planted. COLD ALFALFA Far West: Low temperatures killed all fruit and vegetable crops over much of the area. The freeze did not damage young alfalfa. Forage growth has been slowed by cold weather. Moisture is needed to boost grass growth. Sheep shearing is active. West Central: Some young grain sorghum was damaged by cold weather. Almost all of the peach and pecan crop was lost. Sheep and goat shearing is active. South: Growth of cotton, corn and grain sorghum has been slowed by cool weather. Spring vegetables planting is complete with crops about three weeks later than normal. Harvesting of carrots, cabbage and citrus is nearing completion. Onion harvesting should peak in two to three weeks.

South: Growth of cotton, corn and grain sorghum has been slowed by cool weather. Spring vegetables planting is complete with crops about three weeks later than normal. Harvesting of carrots, cabbage and citrus is nearing completion. Onion harvesting should peak in two to three weeks.

Few local cotton farmers have contracted to sell their future crops, J. O. McCrary, a farmer and cotton buyer, said. His firm contracts to pay a certain amount, determined by a schedule of quality, above government loans. He anticipates some cotton planting may start after this Easter weekend. So far, he has heard of no "serious" sorghum or cotton planting.

He and Gerald Miller, district conservationist with the Soil Conservation Service, agreed: Most farmers are inactive at the moment as far as planting and contracting are concerned.

ITALY WON'T TAKE HIM — The Italian Consul-General in Philadelphia disclosed Friday that the Italian Foreign Ministry has refused to issue a travel document for Russell Bufalino, above, a reputed northeastern Pennsylvania racketeer boss. The Sicilian-born Bufalino was ordered deported by U.S. immigration officials March 26, but the Consul-General said his government will not accept him.

# People, Places, Things

Section C  
Big Spring  
Herald

SUNDAY, APRIL 22, 1973

GOOD FELLOWS get together to compare their finds during an Easter egg hunt at Birdwell Lane Park. Holding basket and bunny, left, is Hayes Atkins, son of Mr. and Mrs. Richard Atkins, and

his buddies are Kirk Hewett, son of Mr. and Mrs. Jerry Hewett, and Mathew Reese, son of Capt. and Mrs. James Reese.

# Easter Lore

By JO BRIGHT

How did that hoppy, hairy creature come to be a symbol of spring — and the fairy-like friend of every child?

The Easter bunny had its origin in pre-Christian fertility lore. Hare and rabbit were the most fertile animals our forefathers knew, serving as symbols of abundant new life in the spring season.

The Easter bunny has never had religious symbolism bestowed on its festive usage, though its white meat is sometimes said to suggest purity and innocence.

The church has never performed special blessings for rabbits or hares, and neither in the liturgy nor in folk lore do we find these animals linked with the spiritual meanings of the sacred season. However, the bunny has acquired a cherished role in the celebration of Easter as the legendary producer of Easter eggs.

What seems to be the first mention of the Easter bunny and his eggs is a short admonition in a German book of 1572: "Do not worry if the bunny escapes you; should we miss his eggs, then we shall cook the nest." In a German book of the seventeenth century, the story that the Easter bunny lays eggs and hides them in the garden is called "an old fable".

In many sections of Germany, the Easter bunny was believed to lay red eggs on Maundy Thursday and eggs of other colors the night before Easter Sunday.

The first Easter bunnies made of pastry and sugar were popular in Germany at the beginning of the last century. They are now a favorite delicacy for children in many countries. In more recent years, the edible bunnies have been created of sugary marshmallow dipped in dark, rich chocolate.

Whatever the origin or relevancy of the bouncing bunny, one thing is sure — he's a symbol of sharing that brings love and laughter. What better friend for a child?

IT TAKES TWO to find some of the elusive eggs that hide under leafy blades of grass. At left, King Butler and Charles Butler, sons of Dr. and Mrs. Henry Butler, pool their eggs in a partnership deal. At right, the hunt begins for a winsome two-some made up of Kimberly Young, left, daughter of Mr. and Mrs. Bernard Young, and Amy Burgess, daughter of Mr. and Mrs. John Burgess.

SOMETIMES A GIRL feels mistreated—especially if she's put all her eggs in one basket—and it seems to have a hole in it. Carol Clements, daughter of Capt. and Mrs. M. G. Clements, hasn't learned to hold the handle straight but, by next year, she'll be an expert at the game.

DANNY VALDES

**HOSPITAL HELPERS** — Jim Baum, president of Big Spring State Hospital Volunteer Council, accepts applications from Suzanne Orr, left, and Linda Lester to perform volunteer work at the hospital this summer. The girls were the first to sign up for participation in the Teenage Volunteer Program, for which orientation will begin June 11.

## Teenagers Needed At Hospital

Suzanne Orr and Linda Lester are the first volunteers to sign up for the Big Spring State Hospital Teenage Volunteer Program stated this summer. Jim Baum, volunteer council chairman, expressed appreciation to the girls for their early application.

Orientation for the summer program will begin June 11 and will be held on Monday, Wednesday and Friday of that week. Teenagers who are 14 years of age and over are being invited to make application through the volunteer office, 267-8216, Ext. 308. Parent permission is required.

Teenagers will be used to assist in Medical Records, do filing and typing in the personnel office, assist with grooming of residents, escort walking and wheelchair patients from their unit to occupational and physical therapy and to help in recreation programs on the weekend in the All-Faith Chapel and in the auditorium.

Certificates will be presented to all teenagers who give 40 hours of service. The presentation will be made at the end of the summer during a reception for the volunteers and their parents.

Mrs. Larson Lloyd, volunteer coordinator, and Mrs. Donald Lester, assistant coordinator of volunteer services, are meeting with junior high and high school students this month to tell them about the volunteer program.

## She's Not Unfit

Dear Abby

Abigail Van Buren

**DEAR ABBY:** I am a 26-year-old wife and mother of a 3-year-old son. Due to financial circumstances, I am a working mother — but because my husband works nights (he's a baker) he stays with the baby all day. I asked my doctor if the baby would be affected if I worked days, and he said as long as he is with one loving parent there would be no harm.

My problem is that I just found out that my best friend's husband has told others that I am an unfit mother because all children need their mothers with them and that I am selfish to be working.

Although my girl friend didn't say anything, I'm quite hurt that she didn't stick up for me, and frankly don't think our friendship can now last because I'm so angry. What would you suggest? **FIT MOTHER**

**DEAR FIT:** You seem to be getting a lot of second-hand feedback. Why don't you just tell whomever it was who told you what your best friend's husband supposedly told others about you, that there is so much backbiting going on, you never believe a thing unless you hear it with your own ears — which isn't a bad eye.

table. My son said that since contact lenses serve the same purpose as eyeglasses, it was no more "revolting" to remove them at the dinner table than it would be to remove one's eyeglasses. What do you say? **BROOKLYN FATHER**

**DEAR FATHER:** I say, all the consideration your son has for his fellow diners, he can stick in his

**DEAR ABBY:** Your column in the Nevada State Journal and the subject of putting a bottle of whisky in the casket reminded me of when my Uncle Pat, an old country Irishman, was dying. His best friend, Jerry, asked Pat if there was anything he could do for him. Pat replied that he had a bottle of fine Irish whisky in the closet, and would Jerry sprinkle it on his grave after he was buried.

Jerry replied, "I'd be glad to, Pat, but you don't mind if I strain it through me kidneys first, do ya?" **DENNIS IN RENO**

**DEAR DENNIS:** Your Uncle Pat must have had hundreds of nephews — all on the RKO vauderville circuit.

**DEAR ABBY:** Your letter about whether it's against the law or not to bury a person with a fifth of bourbon in his casket brings to mind my German grandmother.

She was fond of playing cards and having a "schnapps" with friends, so she left money for her wake and also for brand-new playing cards, sharp pencils, small score pads, and a set-up bar. We buried Grandmother with a deck of cards, pencil and pad, four glasses, and a pint.

When the Day of Reckoning comes she will be ready to start in all over again. Why not prepare for the afterlife now? Wouldn't it be awful if we had to start from scratch as the world once did?

**A CARD-PLAYING, BELIEVING FAN.**

Problems? You'll feel better if you get it off your chest. For a personal reply, write to **ABBY:** Box No. 69700, Los Angeles, Calif. 90069. Enclose stamped, self-addressed envelope, please.

For Abby's new booklet, "What Teen-Agers Want to Know," send \$1 to Abby, Box 69700, Los Angeles, Calif. 90069.

## Cheap air conditioning is no bargain.

### Servel Gas Air Conditioning is a Bargain.

The bargain comes in smaller utility bills, fewer maintenance calls and the longer life of a Servel system. But you'll never buy one cheap.

The Servel goal has always been: "Build it like the Swiss." That's why the units are precision-made. And that's why they contain more stainless steel than any other air conditioner on the market. They're built to last and to perform dependably. This and the economy of natural gas energy saves you every month.

Quality construction is the reason you pay more for Servel initially. Because quality doesn't come cheap. Long, economical operation is the reason you'll save in the long run. Because quality pays off.

Most people can afford quality when they know all the facts. Especially when they're concerned with a cool, restful, healthy home environment — when home has a permanent meaning.

Think long and hard before you invest in central air conditioning.

Then install Servel.

**SERVEL** "The World's Most Respected Name in Air Conditioning."

Available from **PIONEER NATURAL GAS COMPANY**

## Hints From Heloise

**Dear Folks:** Remember the great fad for pressure cookers? Everybody had to have one, then two — we still love them even though some are so outdated that we can't even buy parts for them any more. But don't throw them away . . .

I have just acquired a cabin in the mountains. What is junk at home is absolutely gold in the mountains — including worn-out T-shirts, old shoes . . . and pressure cookers.

Today, we are out at the cabin making do with what we have and, believe it or not, I'm cooking turnip greens and field squash in my old pressure cookers, but not the way pressure cookers are supposed to be used.

I am using the lids upside down. It's the greatest! The metal is so thick that it really retains the heat and cooks beautifully, and the moisture that collects on the inside of the lid (really the top side) drains back into the pot itself.

Try cooking in your old cooker (if your rubber band

is shot) with the top turned upside down. I rest my stirring spoon in the top of the pot. Imagine that?

If you all have any more hints on how to make do (and we all have to nowadays . . . ecology, remember?), do grab a pencil and drop me a line. Just write to me in care of the Big Spring Herald. I am here to listen to your problems. Love . . . Heloise

**Dear Heloise:** I figured out a way to save some money and not waste it all like I did. I ruined an expensive fishing rod by leaning it against the closet wall, out of season. It warped and got out of shape.

My wife screwed ordinary cup hooks in the ceiling of our closet at the back, and hung all my casting rods on them. Now they neither tangle nor do they warp out of shape.

Shall I kiss her? . . . Lewis Jennings

Yep, and we all send a kiss to you, sir! . . . Heloise

**Dear Heloise:** I have a hint I would like to pass along. Did you ever have a window shade roller that would stick and not roll easily?

A drop of oil on the roller mechanism fixed one for me and now it rolls up and down perfectly. . . . B.L.W.

**Dear Heloise:** This is another use for your ironing board. When hemming a dress, you just turn the dress inside out and loop it around the board just as you would to press the hem.

As you sew in the hem, you just rotate the dress. It's especially good when it's especially good when

NEW TO NSA — New members of the National Secretaries Association review the agenda for this year's observance of National Secretaries Week, proclaimed here by Mayor Wade Choate. Seated, from left, are Mrs. O.L. Renegar, Mrs. Michael Steward and Mrs. Conny Wade. Those standing are Mrs. Jerry Lowe and Mrs. Harold Knapp.

# 'Secretaries Week' Events Begin Today

The 22nd annual Secretaries Week will be observed today through Saturday with Wednesday set aside as Secretaries Day. Sponsored by the National Secretaries Association Int., the week has been proclaimed locally by Mayor Wade Choate. This year's theme is 'Better Secretaries Mean Better Business'.

Local events include a Bosses Night dinner Tuesday at Big Spring Country Club, at which time the Boss of the Year and Secretary of the Year will be announced; a Dutch Treat luncheon at Furr's cafeteria at 11:30 a.m., Wednesday (Secretaries Day); and the selection of a Secretary of the Day by a local radio station each day of the week.

Mrs. R. C. Lowe is serving as chairman for the week's events. Chapter officers are Mrs. R. C. Thomas, president; Mrs. J. L. Ryals, vice president;

### Easter Guests

Easter holiday guests of Mrs. L. D. Jenkins are Jimmie Jenkins and his children, Jerry Ray and Tamara Lynn of Orange, along with Mr. and Mrs. L. M. Gerstner and sons, Paul, Danny and Vern Allen of Burkburnett.

Mrs. Joseph Miller, recording secretary; Mrs. V. R. Hinsley, corresponding secretary; and Mrs. Harry Nagel, treasurer. Evening meetings are held on the fourth Monday of each month.

"We invite all secretaries to share in the spirit of the week in emphasizing the vital contribution they make as part of the management team in business, industry, education, government and the professions," said Mrs. Lowe.

Founded in 1942, the NSA has chapters in 50 states, Canada, Puerto Rico and an affiliate chapter in Mexico City. Its objective is the elevation of the standards of the secretarial profession through programs of educational and professional development. In this area of education, emphasis is placed on the Certified Professional Secretary examination as a standard of proficiency in the profession. Local members who have obtained this rating are Mrs. Aubrey Bryans, Mrs. Jerry Callahan, Miss Marguerite Cooper and Mrs. Camille Patterson.

scholarship each year to a high school senior who is qualified and is going to pursue a secretarial career. This year's recipient is Rhonda Spraberry, who attends HCJC.

The NSA supports all provisions that call for equal pay for equal work, equal opportunities for advancement for equally qualified persons seeking new responsibilities, and equal access to job-related educational training programs.

### Seating Can Add Nice Originality

First need of most newlyweds with brand new apartments to furnish is "something to sit on."

An upholstered "fireside bench" with latex foam padding fits into almost any decor. Then there are padded plastic leather cubes and hassocks. Some provide storage space for records or books.

Not to be overlooked is the big, puffy pillow that sits on the floor and provides emergency seating for people at parties, television watchers and natural-born floor sitters.

# HC Council On Aging Cites John Clancey

John J. Clancey Jr., past president of the Howard County Council on Aging, received the council's first outstanding senior citizen award during the monthly Wednesday luncheon at the county fair barn. The certificate of recognition was presented by Miss Bessie Love, current president, who lauded Clancey for his contributions to the organization.

The monthly luncheon programs were started under the direction of Clancey who has been the driving force behind several other endeavors to bring together and assist older citizens in the community.

Under his leadership, the annual Talent Fair was improved and expanded to enable senior citizens to display and sell their handicrafts or food stuffs to the public. A survey was made on the needs of older persons, and this was sent to the Governor's Council on Aging and to the President's Council on Aging. A more recent survey was made for use only in this county.

Clancey, a social worker at the Veterans Administration Hospital, has been in Big Spring since 1966. He and his wife, Anna, have three daughters and six grandchildren. He is a member of the National Association of Social Workers.

All senior citizens of Howard County are invited to attend the monthly luncheons which already include several residents of Big Spring Nursing Inn. A telephone committee will be started soon to make daily calls to older persons, and a garage sale is being planned, with proceeds to further efforts of the council. The sale will probably be held the first week in June, and all inquiries regarding it are to be made to Rudy Crane at Big Spring Nursing Inn, 263-

CITED FOR HONOR — John J. Clancey Jr., past president of the Howard County Council on Aging, has been cited for outstanding service and leadership in the organization. The recognition certificate was presented by Miss Bessie Love, current president, during Wednesday's monthly luncheon.

7633. A booth and display area at the upcoming county fair will be operated for and by the senior citizens.

Retired Senior Volunteer Program, a new volunteer program starting in Howard, Mitchell and Dawson counties. The two groups work together and cooperate in many capacities.

# Miss Noble Marries Sgt. Johnnie Sevey

Miss Mary Dee Noble became the bride of Pfc. Johnnie Jay Sevey during a candlelight ceremony at 7 p.m., Saturday in the Trinity Baptist Church.

The Rev. Claude Craven presided, and music was by Miss Lila Williams, organist. Vocal selections were performed by Miss Melanie Hayworth and Miss Diane Stewart.

The bride is the daughter of Mr. and Mrs. E. A. Noble, 3716 Hatch, and Sevey is the son of Mrs. Mildred Sevey, 4216 Muir, and John W. Sevey, Big Spring.

The couple stood at a column archway adorned with gypsophila and boxwood greenery, with blue satin bows and wedding bells as accents. Each column held an arrangement of white carnations, lemon leaf and babies' breath in large white urns. Branched candelabra with tall white tapers flanked the archway, and a unity candle was in the center foreground.

The bride wore a formal-length organza gown styled with a Victorian neckline of Chantilly lace and long lace, Bishop sleeves which reached a deep buttoned cuffs. A sheer illusion yoke outlined with matching lace and seed pearls highlighted the bodice. Wide bands of scalloped lace ran the length of her A-line skirt, which featured a detachable chapel-length train. A cluster of lace and pearl petals held her shoulder-length illusion veil, and she carried a crescent of white carnations, stephanotis and blue satin leaves, centered with a white orchid.

Miss Deantha Noble served her sister as maid of honor, and bridesmaids were Miss Gayla Williams and Miss Gwen Sullivan.

The bridal attendants wore floor-length gowns of blue satin with an overlay of sheer blue and pink floral print. They wore headpieces of satin and pearl flowers, and carried nosegays of blue and white carnations accented with wedding bells and lily of the valley.

MRS. JOHNNIE JAY SEVEY

Clusters of forget-me-nots were attached to the white streamers which flowed from the nosegays.

Charles Noble, brother of the bride, was best man. The groomsmen and ushers were Richard Templeton and LaRue Noble, the bride's brother.

Paul Caldwell of Midland was ring bearer, and Jana Parker was flower girl. Lighting the altar tapers were Miss Janet Noble, Miss Melinda Noble and Miss Karen Noble, all sisters of the bride.

Mr. and Mrs. Sevey are both graduates of Big Spring High School. He attended Howard County Junior College prior to entering the Marines. He will spend eight weeks in San Diego, Calif., attending school. Mrs. Sevey, who plans to join her husband in San Diego, Calif. later, is currently attending HCCJ, and is employed as an assistant for Doctors Douglas and Smith, orthodontists.

A reception honored the couple in the church fellowship hall following the ceremony. Guests were registered by Miss Phyllis Shaffer. The serving table

## Instruction Slated For PTA Heads

Instruction for all newly elected Parent-Teacher Association officers and committee chairmen will be held at 7 p.m., Tuesday in the Pioneer Gas Flame Room.

The instruction is being sponsored jointly by District 16 PTA, and Big Spring City Council PTA. All officers and chairmen are urged to attend. The school is held primarily to familiarize officials with the responsibilities of their positions.

Mrs. Roger Coffman, council president, has announced that the council luncheon for all outgoing and incoming presidents, as well as for council representatives, will be held at 11:45 a.m., May 1 at the Settles Hotel. Reservations may be made by calling Mrs. A. C. Jones at 267-7368 by Monday, April 23.

**ENGAGED** — Lt. Col. (Ret.) and Mrs. Thomas P. Macklin, 1403 E. 19th, announce the engagement and approaching marriage of their daughter, Catherine Lee, to Michael Lewis McCaleb, son of Mr. and Mrs. J. L. McCaleb of Abilene. The bride-elect is a sophomore at McMurry College, Abilene, and McCaleb is employed at an Abilene television station. The couple plans to marry July 21 at Wesley United Methodist Church.

## Mood Memos Tip Employes

BRUSSELS, Belgium Mme. Pimprenelle, the couturiere, is not a faceless figurehead to her employes. She keeps sending them pictures of herself with her memos.

When she's cross, she sends a photo of the Pimprenelle scowl. When she's pleased, she sends a smile. On the back of each picture is the explanation of her "mood memo."

"Many employes find relations with the boss too impersonal," explained the Belgian lady. "This is one way to solve that problem. Personal contact is necessary, especially in big business."

## Class Anniversary

A 46th anniversary dinner was held by Philathea Sunday school class Thursday in the fellowship hall of First United Methodist Church. The class was organized in 1927.

The invocation was by the Rev. Elza Phillips and the welcome by Mrs. Cass Hill.

The theme was expressed by "The Privilege of Living; You must be glad of life because it gives you the chance to love, to work, to play and to look at the stars; to be satisfied with your possessions but not contented with yourself until you have made the best of them."

A reading by Mrs. C. R. Moad honored members with birthdays in April, and

members put money into a mock birthday cake.

The program, a review of the book, "Three Score and Ten — Wow," was presented by Mrs. Clyde E. Thomas. It concerned an older person meeting life situations after retirement in a happy and profitable manner.

Hostesses were Mrs. Hill, Mrs. Paul Guy, Mrs. Hugh Duncan, Mrs. W. E. Singleton Sr., Mrs. Hayes Stripling Sr., Mrs. A. D. Franklin, Mrs. J. B. Apple and Mrs. Moad. Decorations included basket arrangements of red and pink spring flowers.

Guests were Mrs. Thomas, Rev. Phillips and the Rev. and Mrs. J. B. Sharp.

## A LOVELIER YOU Gracefulness Helps Accent Good Figure

By MARY SUE MILLER

It is hoped that you have reduced, if need be, by following the advice that appeared in this column each week. Spring has sprung and the time has come now for the finishing touch — graceful carriage. Even a perfectly proportioned figure seems less than ideal when it moves awkwardly. In fact a woman's figure can fall short of perfection and, if she's graceful, no one will notice.

A continuing exercise program as the key to good posture cannot be overstressed. Not necessarily reducing exercise, but routines that encourage poised, willowy movement. Active sports of any kind make for grace, as do selected at-home workouts. If you prefer the latter, here's what you do: Stand tall with feet together, arms relaxed at sides, and then

1. Swing arms high overhead and, at the same time come up on tiptoes; stretch hard in waist and come back to starting position. 2. Drop head back; slowly turn face to left and then to right.

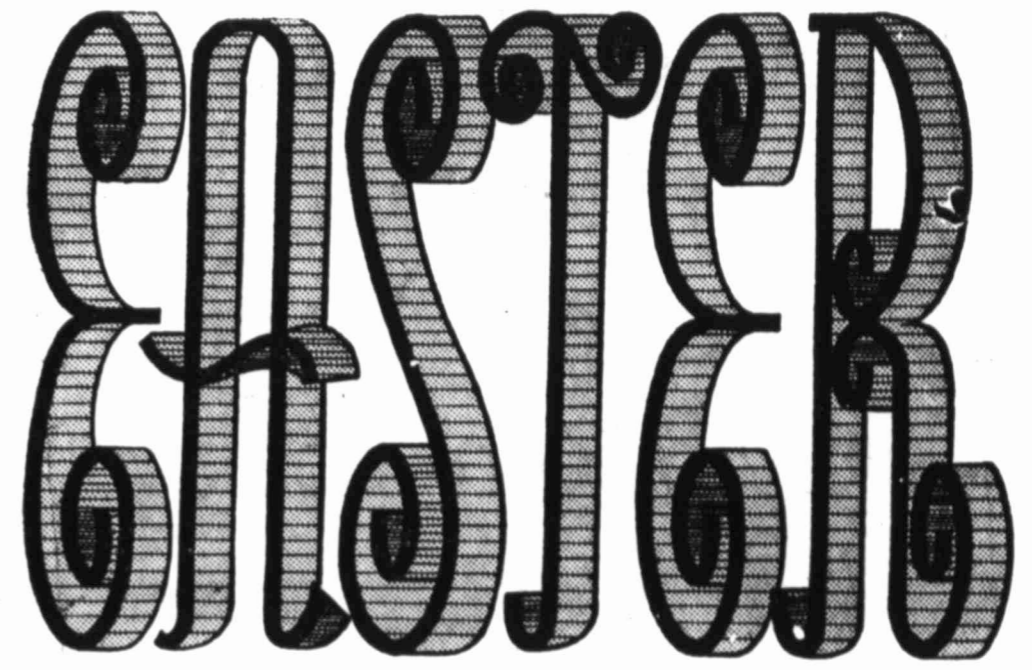

3. Cross wrists on chest so that fingertips touch shoulder joints; briskly swing arms to full extension at shoulder level, and return

to crossed wrists. 4. Run in place, lifting knees to hip level.

Repeat each part 10 times before going on to the next. Always work for the easy rhythm of the dancer.

**LOVELY FIGURE**  
What's your figure problem? To achieve total attractiveness send for my booklet, "Secrets of a Lovely Figure." It contains easy ways to reduce weight and proportions; to overcome grooming problems, such as fuzz, freckles and blemishes; to move with grace and poise. For your copy, write to Mary Sue Miller in care of the Big Spring Herald, enclosing a long, self-addressed, stamped envelope and 25 cents in coin.

Joy and Gladness,  
Faith and Love

Swartz

## Girls' State Banquet Set May 11

Miss Carol Cone, daughter of Mr. and Mrs. Roscoe Cone, 2809 Cindy, has been selected to represent the local American Legion and its ladies auxiliary at the Girls' State banquet scheduled May 11 in Lubbock.

At an auxiliary meeting Thursday evening in the Legion Hall, Mrs. Ollie Branson, civil defense chairman, announced she will schedule a tornado safety program, date to be announced. It was also announced that members decorated dining rooms at Veterans Administration Hospital with Easter decorations. Mrs. Ernest Grubaugh was in charge of the project.

Mrs. Don McCray was named chairman of the grievance committee during the recent Legion convention in Abilene. Attending the convention from Big Spring were Mrs. McCray, Mrs. Branson, Mrs. Troy Melton and Mrs. Farrell Hamill.

**LADIES**

Did You Ever Make THE RING TEST During That?

**Time-of-the-month?**

Does your ring slip off your finger easily—or does it hopelessly get stuck below your knuckle during the days of the pre-menstrual and menstrual periods? It may tell whether you are retaining fluid in the system—body-bloating water that often builds up due to overtiredness, stress during the menstrual stages. Amazing new X-PEL "Water Pills"—a gentle diuretic—helps you lose as much as 5 pounds of this water-weight gain, and helps to relieve body-bloating puffiness when body-water retention "swells" your waist, thighs, tummy, legs, arms. Stay as slim as you are. Ask for X-PEL "WATER PILLS" on our guarantee of satisfaction or money back. Get it today at

# BIG SPRING HERALD

SEC. D

BIG SPRING, TEXAS, SUNDAY, APRIL 22, 1973

SEC. D

MRS. LORAN H. WARREN JR.

## Couple United In Marriage

Wedding vows were exchanged Saturday afternoon by Miss Debra Foust and Loran H. Warren Jr. in the chapel of First United Methodist Church with the Rev. Kenneth Patrick officiating.

The altar setting was enhanced with arrangements of white mums, red carnations and babies'-breath flanked by brass candelabra holding white candles. Matching arrangements were placed on the communion rail.

The bride is the daughter of Mrs. Evelyn Artel, Apt. 43, 801 Marcy, and the late Cloise Foust. Parents of the bridegroom are Dr. and Mrs. Loran Warren, 2903 Navajo.

The bride was attired in a formal wedding gown of white satin overlaid with sheer silk. The A-line skirt was topped with a bodice styled with V-neckline and long, sheer sleeves cuffed in satin. Her elbow-length veil of illusion fell from a cluster of bows accented with seed pearls, and she carried a cascade bouquet of white gardenias, sweetheart roses and babies'-breath tied with satin streamers.

Danny Wood served as best man for the bridegroom, and the maid of honor was Miss Marianne McLaughlin. She was attired in an empire gown of red and white dotted Swiss with short, puffed sleeves. She wore a white garden hat and carried a nosegay of red and white carnations and babies'-breath tied with red satin ribbons.

After the ceremony, the couple was honored at a reception in the First Federal Community Room where guests were registered by Miss Becky Billingsley.

A centerpiece of red and white carnations was used on a refreshment table covered with white linen and draped with red satin ribbons. Crystal and silver appointments were used, and the tiered wedding cake was topped with a miniature bride and groom. Mrs. Jerry Foust and Mrs. Rex Foust, sisters-in-law of the bride, assisted in the house party.

Out-of-town guests were Mr. and Mrs. Doyle Baccus, Sudan; Bob Foust, Gallup, N.M.; Mrs. Fred Girdley, Midland; and Mrs. Bob Girdley, Eagle Pass.

The bridegroom's parents were hosts for a rehearsal dinner Friday evening in the Spanish Inn.

After a trip to the Dallas area, the couple will reside in Big Spring. He is a student at Howard County Junior College, and she is attending Big Spring High School.

## Ceremony Performed At Methodist Church

Miss Reba Nell Mooney and Sgt. David Michael Williams were married at seven o'clock Friday evening in the Wesley United Methodist Church.

The nuptials were performed before an altar highlighted with pedestal arrangements of blue and white carnations and roses. The Rev. Caleb Hildebrand officiated, and piano music was used as accompaniment for James Kinman, vocalist.

The bride is the daughter of Mr. and Mrs. B. R. Davis, 3233 Cornell, and Mr. Sgt. and Mrs. D. A. Thwing, Fort Worth. Williams is the son of Mrs. Reba Jean Williams of Huntington, W. Va.

The bride wore a pale blue dress fashioned with an empire waistline and a high collar. The neckline, waist and sleeves were highlighted with navy blue and white trim. She carried a bouquet of assorted spring flowers tied with blue and white streamers.

Mrs. Penny Bell served as matron of honor. She wore a navy blue dress with an empire waistline and a

rounded neck trimmed with light blue. A white picture-frame hat completed her ensemble.

Serving as best man was Skippy Eggleston.

The newlyweds will reside at 1405 Benton following their wedding trip. Williams is stationed at Webb Air Force Base, and the bride is employed by Doty Dan, Inc.

A reception honored the couple in the Davis home. Crystal and silver appointed the serving table which was

laid with a blue and white lace cloth.

Refreshments were served by Miss Robyn R. Davis, Fort Worth, and Miss Janet Bronaugh, both sisters of the bride.

Out-of-town guests for the wedding included Mr. and Mrs. S. Rod Williams, Aledo; Mrs. Gaines Green, Dallas; Mrs. Retha Webb, Mr. and Mrs. Robert L. Hulse, all of Fort Worth; Mrs. A. C. Andre, San Antonio; and Mr. and Mrs. Joseph Ostel of California.

### Trench Coats Are Still Good Buy

With rainy spring weather ahead, the traditional trench coat returns. In new bold plaids the trench coat is even more fashionable than before. Another note on the

rain scene is the rain-shine pantsuit. Wide-legged pants with jacket down to the hip are laminated with rubber to make it waterproof.

Born to Mr. and Mrs. Michael James Howland, 2107 Main, Apt. 3, a girl, Tara Christi, at 4:55 p.m., April 17, weighing 6 pounds, 11 1/2 ounces.

Born to Mr. and Mrs. Patrick C. Arista Jr., 506 NW 7th, a boy, Jason, at 8:30 a.m., April 19, weighing 7 pounds, 5 3/4 ounces.

### Youngsters Like Casual Baggies

A comfortable and casual style for warmer weather is bound to please the young this year. Natural colored muslin baggy pants that can be worn with a bright halter top or a long-sleeved matching muslin top.

# Wedding Ceremony Performed In Stanton

Wedding vows were exchanged by Miss Zanna Angel and Stephen Marc Traweek at seven o'clock Saturday evening in the First Baptist Church, Stanton.

Parents of the couple are Mr. and Mrs. Jesse E. Angel of Stanton and Mr. and Mrs. Charlie B. Traweek Jr., Midland.

The Rev. Warren G. Hall, pastor, performed the nuptial rites as the couple stood before an archway entwined with jade greenery and white dowers. Twin branched candelabra, accented with blue carnations, flanked the archway. Garlands of greenery completed the setting.

Wedding selections were played by Mrs. Warren G. Hall, organist, who also accompanied Mrs. Billy Reager, vocalist.

The bride wore a traditional floor-length gown of Chantilly lace with a low curving waistline and high, scalloped neckline. Long sleeves were deeply cuffed and reached petal points at the wrists. A multi-tiered bouffant skirt was edged with matching lace and swept to a flowing chapel-length train. Her mantilla veil was of English silk illusion edged with lace, and she carried a cascade of white orchids with touches of blue French carnations and English ivy.

**MAID OF HONOR**  
Miss Betty Anderson of Stanton served as maid of honor. Bridesmaids were Miss Diana Payne, Abilene; Miss Kathryn Pickett, Stanton; and Miss Carolyn Winton, Lubbock.

The bridal attendants were attired in formal-length gowns fashioned in blue satin with overskirt and bodice of white lace. The gowns featured long, lace sleeves and stand-up collars. They wore white garden hats with blue accents, and carried long-stemmed blue carnations with blue and white streamers.

Richard L. Tranham, of Stanton was best man, and groomsmen were Tommy Pinkerton and Leslie Butler, both of Stanton, and Don Robinson, Midland. The bride's brother, Tom Ed Angel of Stanton; and the bridegroom's brothers, Tim Traweek and Tony Traweek, both of Midland, served as ushers.

Ramona Traweek, the

(Bradshaw Studio)

MRS. STEPHEN MARC TRAWEEK

bridegroom's sister, was flower girl, and Bryan Thomas Angel was ring bearer.

Lighting the altar tapers were Karen Anderson, Stanton, and Debbie Payne, Abilene.

The newlyweds are on a trip to New Mexico. Upon returning they will reside in the Greenwood community. Mrs. Traweek is a graduate of Stanton High School and attended one year at Hardin-Simmons University. The bridegroom, a graduate of Midland High School, is engaged in farming in Midland County.

**RECEPTION**  
A reception honored the couple in the church fellowship hall where the serving table was covered with a white linen cloth and overlaid with lace. Silver candelabra highlighted the table and held an arrangement of blue carnations, white poms and white tapers. A tiered cake was

topped with a miniature bride and bridegroom.

Refreshments were served by Mrs. R. S. Lewis, Mrs. Richard Tranham, Mrs. Charlie Pinkerton, Mrs. Charles Pierce, Big Spring, and Mrs. Tom Ed Angel.

Out-of-town guests were Mr. and Mrs. Dean Traweek, Las Vegas, N.M.; Charlie Pinkerton, Mrs. Odessa; and Mr. and Mrs. Minter McReynolds, Midland.

**NEWCOMER GREETING SERVICE**  
Your Hostess: Mrs. Joy Fortenberry  
An Established Newcomer Greeting Service in a field where experience counts for results and satisfaction.

## Quotable Women

"You want to know about my husband? Which one? I'm like the old woman who had so many children she didn't know what to do: I've had the same with husbands. All husbands are my friends. There's nothing worse than an enemy that was a husband." Josephine Baker, black American dancer who made news in the 1920s with her daring dances with her darling dancettes with the Folies Bergere in Paris.

"There should be some depreciation allowed as we get older. After all, if they can depreciate a horse, why can't we depreciate an actress?" Actress Gloria Swanson, speaking about tax deductions.

"I'm a great believer in everybody being what they want to be and doing what they want to do. I believe there are some girls who are a lot better off not having sex before they get married." Mary Danby, author of "A Single Girl."

"The little ones get so excited about seeing their work displayed; their things are not for sale, of course." Jane Hartsook, director of the Greenwich House Pottery School of Ceramics in New York, speaking about the children in her classes.

"My true friends will always remain my friends. I don't think any of the wives will be narrow enough to hold things against us. There will always be people who think the worst, but that doesn't matter to me. I'll just be myself." Susanne Kekich, speaking about the exchange of wives between the Yankees' starting pitchers Mike Kekich and Fritz Peterson.

## FOCUS ON FAMILY LIVING

# Shag Carpet Requires Much More Upkeep

By SHERRY MULLIN County HD Agent

Shag carpets are very fashionable today. Their dramatic texture can add a stylish note to almost any room. Contemporary or traditional, but you must shop carefully to find a good shag. Construction is vitally important. And before you invest in any shag, consider the fact that it will require much more upkeep than other types of carpeting because all shags mat more, especially the plush type. Shags are best suited for rooms that receive light to normal traffic, such as bedrooms and living rooms. They are not recommended for high-traffic areas — playrooms, stairways and hallways, for example.

**WHAT'S AVAILABLE**  
There are two types of shags. The stringy or twist type is made with thin, tightly twisted yarns that are quite long (1 1/2 to 3 inches) and tend to fall in different directions in a crisscross fashion. The plush or velvet type is made with denser, shorter tufts (about 1/4 to 1 1/2 inches high) that create a pile with a smooth surface and plushy look.

Nylon is usually used in stringy shags because it has excellent abrasion resistance, which is so needed in stringy shags, because the sides as well as the surface of the tufts get walked on. You'll find plush shags of wool, acrylic, nylon or polyester, all of which have the good resiliency needed to resist matting if the pile is dense enough.

Shag carpets come in a wide variety of colors. Some are made with different-colored tufts, producing a

"mixed" or variegated look; others have a printed pattern. Sold by the roll, shags cost anywhere from about \$9 up per square yard. If you're a do-it-yourselfer, you may want to try the shag - carpet tiles with foam backing, which cost less per square yard.

**WHAT TO LOOK FOR**  
When you shop, compare and check the following to be sure you select a shag carpet that can stand up well to normal wear:

**PILE DENSITY**

The more tufts per square inch, the closer they'll be to each other and the less they will tend to flatten out and/or allow the backing to show through. Pile density is the most important factor to look for with any carpet; the higher the density, the better the performance you can expect.

A stringy shag should have pile long enough to cover the backing well and take the constant wear of traffic. With plush shags, look for the shorter type of pile, which is less apt to flatten out than the very high plush types. The tighter the twist of the yarns, the better the appearance of any shag carpet. With stringy shags, the more tightly twisted the "strings," the less they'll tangle when walked on.

With plush shags, tighter twists of yarn provide more springiness and better recoverability. A tight twist also minimizes shedding or

fuzzing with both types of shags.

**MAINTENANCE**

Expect to give shags more attention than other types of carpet. They require more daily care and upkeep to maintain their fashionable looks. In normal traffic, the pile usually flattens out somewhat when walked on, but proper maintenance will restore its shaggy appearance. Excessive traffic can, and usually will, tangle and flatten out the pile, and once pile becomes badly flattened or matted, it is

very difficult to restore its good looks.

Also, don't be misled by a sales claim that dirt won't show as readily. It's true that it won't show on the surface, but it can become imbedded in the carpet. And, once there, it's not only more difficult to remove, but walking causes the dirt to grind into the pile, making the carpet mat and wear out more quickly. Thus, shag carpets require more frequent cleaning.

## LOSE FAT OR MONEY BACK

Enjoy eating the foods you choose while you lose excess weight. X-11 Reducing Plan can help you slim down. X-11 is a tiny tablet, easily swallowed, that combines ingredients to combat hunger, appease appetite, supplement vitamins. No dangerous drugs. No strenuous exercise. FOR YOUR PLEASURE

# Spring Fine Art Collection Offers Music, Art, Drama

Colorado City Playhouse, Inc. is opening its season with Woody Allen's "Don't Drink the Water," a two-act comedy with a delightful seasoning of slapstick, romance, suspense, etc. The show opens at 8 p.m. Thursday at the Opera House, and there will be other productions Friday and Saturday at the same time. (Tickets are \$1.75; season tickets are available for \$10, \$20 and \$50.) The site, incidentally, is the restored historic Opera House, which now has a new chandelier designed, built and installed by Porter Richardson. The cast includes George Womack, Betty Tomb, Cindy Slaughter, Jerry Lynch, Larry DeBusk, Ricky DeLaney, Tandy Curlee, Don Delaney, Kent Womack, Paul Rivera, Yvonne Garcia, Porter Richardson, Marie Jackson and Anita Richardson. Gwen Wistrand is the director.

**TWO-ACT COMEDY** — Marion Hollander (Betty Tomb) tries to discuss the escape plans with Walter Hollander (George Womack) in the Woody Allen comedy, "Don't Drink the Water", opening Thursday at the Opera House in Colorado City.

Having put in a lot of time with the drama department in the Gilbert and Sullivan operetta, "Trial by Jury," the HCJC choir won't be having a formal spring concert. However, Woody McDonnell and his score of singers will have a musical, mostly of pop music the May 4-5 weekend.

The women's division of the Slaton Chamber of Commerce is sponsoring an art show May 5 at the Lubbock County Club House, 750 W. Garza in Slaton. Paintings and drawings will be accepted in any medium, but original work only (and no class work). Ribbons will be given for first, second and third places in oil, portrait, water color and graphic. Jurors' selection show awards will be \$75 for first, \$50 for second, \$25 for third, and a purchase price of \$100. The entry fee is \$2 per, with no limit, and entry time at the clubhouse is May 4 from 6-9 p.m. and from 8 to 10 a.m. May 5. Information may be had

from Mrs. J. S. Edwards Jr., 745 South 18th, Slaton 79364.

The contracting works of Mondel Rogers, Sweetwater, and Fort Ruthing, Santa Fe, N.M., will be displayed at Baker Gallery, 13th and Avenue L, Lubbock, starting one week from today. This is the second showing at Baker for Rogers, whose "Hayden House" painting was given by the University Women to Heritage Museum here, and the third for Ruthing, whose minute detail of historical landscapes and ranches has won wide acclaim. Rogers is rated by many as one of the region's most promising young artists.

In days gone by, the Cotton Palace pageant at Waco was one of the most colorful of all Central Texas productions. Now, switched

to the Spring, it is being revived. A special scene this year in the historical drama, which runs two weeks starting April 27, will honor the Texas Rangers on the occasion of their 150th anniversary.

The Andrews Art Guild show opens Friday at the Andrews County Museum, 212 NW 2nd, and paintings and drawings will be accepted in any medium. Oil, waterbase and graphics are the three categories. Best of show will get \$100, with next in line getting \$50, \$30 and \$20. Entry fee is \$2 for AAG members and \$3 for others with no limit. Information may be had from Mrs. Elsie Tabor, 1303 NW 8th, Andrews (or phone 915-523-3766).

A reminder: The Abilene Iris Trail will conclude today. Visitors can obtain the \$1 tour tickets at any

of the tour gardens from 8 a.m. to 11 a.m. and 2 p.m. to 6 p.m. at McMurry College, South 14th & Sayles; the I. I. Cupps garden at 1757 Edgemont; the E. H. Park garden on Curry Lane; the Harelle Thratham home at 2925 Grape; the James Vinson home at 2441 Swenson; and the Russel J. Day home, 2442 Swenson.

Tumbleweed Smith (Bob Lewis of Big Spring), award-winning author, syndicated radio historian and after-dinner speaker, has been named an "ambassador" to the second annual Texas Folklife Festival. This will be held Sept. 6-9 at the University of Texas Institute of Texan Culture's HemisFair site in San Antonio. Lewis is the creator of the program, "Sounds of Texas" which is carried by more than 50 Texas radio stations. The festival is staged by 26 of the state's major ethnic groups.

A one-day seminar on basic principles of museum operation will be held Friday, May 4, in Lubbock. More than 100 persons involved with museums are expected to attend the session starting at 8:30 a.m. in the Texas Tech University Museum.

Dr. W. J. Julian, director of bands at the University of Tennessee, will head a panel of music educators to judge the second annual Braniff Battle of the Bands scheduled Saturday evening, May 12, in Texas Stadium at Irving. Grambling College, last year's winner, will return as the 1973 honor band to play a leading role in the festival, which will honor Duke Ellington.

Sheila MacRae, known to millions as "Alice" in the Jackie Gleason television series, will star in "Goodbye Charlie," which has its preview performances at Hayloft Theatre in Lubbock Tuesday through Thursday. She will remain in Lubbock through May 16, the duration of the run.

"The Crucible," Arthur Miller Pulitzer winning play on American witchcraft circa 1692, opens Friday in the Midland Community Theatre. Other shows are Saturday, also May 4, 5, 11 and 12.

## Future Space Exploration Seen As Challenge To All Mankind

"Space — A New Direction for Mankind" was the topic explored Thursday by Round Table Study Group at the home of Mrs. Billy Johnson. Panel members were Mrs. Bill Reynolds, Mrs. Billy Johnson, Mrs. Robert Penner and Mrs. Jim Holmes.

Panel members agreed that "space belongs to everybody and cannot be dismissed because people don't understand it." The women urged people to study the phenomenon of space because it is changing the world and the global future.

The discussion was based on the books, "Future Shock" by Alvin Toffler "Rings Around Tomorrow" by Hugh Downs and "Space — A New Direction for Mankind" by Dr. Edward Lindaman.

The women said "future shock" is a term coined by Toffler to describe the stress and disorientation in individuals when they are subjected to too much change in too short a time. Toffler describes it as a "disease of change" that an increasingly large number of people are suffering from.

"We never really discovered earth until we got outside it," according to Dr. Lindaman's book. "We have been tiny creatures infesting the body of a giant, but we could never see the giant as a whole. Now we can see the vast body and see poisons working in it. We have begun to understand the metabolism that used to keep it healthy and we see that the self-correcting and self-protecting systems are breaking down."

Dr. Lindaman said in his book that space satellites show the full extent of damage people have done to earth and the consequent dangers that threaten earth.

Members of the panel agreed that space exploration has brought the science of ecology into the

limelight. They said other advantages of the space age are the emergence of miniaturized electronic systems, new food treatments, non-flammable fabrics and paints, remote-control devices, advances in medicine and changing trends in business and industry.

"We know we can do anything that needs to be done," concluded Mrs. Penner. "It is simply a matter of finding the right combinations of human talents and earthy resources

and of making the right social arrangements. Many people feel uncertain as the world plunges into the space age. Let's face this daunting future, participate actively instead of just letting it happen, and help plan it as trustees for future generations. To be responsible citizens and effective Christians we must have a strong future consciousness in our thinking and planning."

The Round Table Study Club is made up of a group of Baptist Women.

## Credit Women Told Computer Pros, Cons

"There is, a Computer in Your Future" was the title of a program presented by Mrs. Ray Dabney, guest speaker Thursday for Big Spring Credit Women at the Settles Hotel.

Mrs. Dabney, a cashier at Security State Bank, related some of the problems encountered when the bank first began computerizing their systems about three years ago. She said the conversion is now almost complete, and that studies show computerization has lessened the work load.

Most of the computer work is done in the evening, and Mrs. Dabney said the data is complete and waiting for the employees when they come to work in this morning.

"It took some of our customers a while to get used to the idea of being on a computer," said Mrs. Dabney, "but they're used

to it now and it doesn't bother them." She said the computer didn't put anybody out of a job, but that personnel are now able to work in other areas where they are needed.

During the business meeting, Mrs. J. B. Apple announced she spoke to five classes at Big Spring High School and to three classes at Howard County Junior

College about credit. Members agreed to sponsor an essay contest for high school students.

"How Will Credit Effect My Future" will be the essay topic, and anyone interested in entering may contact Mrs. Apple at 267-7431 or Mrs. Tolbert Grisham at the high school. Prizes will be \$25 or first place and \$15 for second place.

The group will meet for breakfast at 8 a.m., May 6 in the home of Mrs. Apple, 419 Westover. The next luncheon meeting will be at noon, May 17 at the Settles Hotel.

## Big Spring Native Gets Art Honor

Dr. Robert D. Hobbs, Clarion, Pa., formerly of Big Spring, has been notified that his painting on Apollo 17 has been accepted for the Space Art Collection of the National Art and Space Museum of the Smithsonian Institute, Washington, D.C.

Dr. Hobbs is the son of Mrs. R. B. Hobbs, 1103-B Bunnels, and the late Mr. Hobbs. He is currently chairman of the Art Department at Clarion State College. His painting will be shown at the Institute until Labor Day. It will then be included on a tour to other museums.

Other artists represented in the Space Art Collection include Norman Rockwell, Robert McCall, Chesley Bonestill and Man Ray.

About 40 per cent of the Space Art Collection is composed of abstract and non-representational art, and Dr. Hobbs' work is in this category. One of the leading artists in the abstract group is Man Ray.

**FRIDAY** — Salad plate, chicken, sweet peas, potato, gelatin salad with fruit, crackers, bread, butter, milk.

## Sorority Speakers List 'Tools For Life'

"Tools for the Art of Life" was the topic explored by Mrs. Bob Davis, Mrs. Bobby Barr and Mrs. Dwayne Blackwell Thursday for Alpha Eta Upsilon Chapter, Beta Sigma Phi, at the home of Mrs. Rex Zant, Ackerly.

Mrs. Davis outlined the history and origin of words

and how they eventually led to the written language. She said words serve men by defining accurate information as well as providing literature for the pleasure of readers or listeners.

Mrs. Barr said physical activity is important to people for pleasure, health

and happiness. She said dancing, swimming and personal prowess are all examples of gracefulness, and that actions are used to express love, courage or almost any emotion.

"Thought can be emotional, creative or realistic," said Mrs. Blackwell discussing the third "tool of life." "People are said to get lost in thought, and people tell you to think things through. Thought is merely the slipping over of the pages of your mind to come to a conclusion." During the business meet-

ing, officers for the 1973-1974 club year were elected. They are Mrs. Zant, president; Mrs. Jerry Hall, vice president; Mrs. Blackwell, recording secretary; Mrs. Derrell Bearden, corresponding secretary; and Mrs. Derwood Blagrove, treasurer.

Elected as committee chairwomen were Mrs. Barr, ways and means; Mrs. Jerry Iden, social; Mrs. Jerry Merrick, telephone; Mrs. Davis, program; and Mrs. Dan Shortes, scrapbook.

As the earth awakes at Easter,  
 As new life and hope are born  
 May you know all the peace and joy  
 of that first Easter morn.
