Blazing Explosions Take Lives In Harbor

Vanish With \$50,000

BUENOS AIRES (AP) — After setting records in airliner hijacking on a hopscotch across Latin America, two young gunmen disappeared Saturday in South America with \$50,000 paid to them by a Colombian airline.

The unidentified hijackers apparently were in remote, thinly settled northern Argentina near the Brazilian and Paraguayan borders. Perhaps they found a place to rest after three days without sleep, forcing pilots of the Colombian airliner to fly 15,000 miles.

Authorities said that was a record distance for a hijacked plane. The three days of travel at gunpoint, with stops every five or six hours to refuel from Central America to Buenos Aires, was a hijack endurance record.

The four-engine Lockheed Electra finally landed early Saturday at Ezeiza International Airport. Waiting newsmen thought the two hijackers were abroad, ready to surrender.

But they weren't. Police refused to say where they might be, and the SAM airline of Colombia, owner of the Lockheed, did not clarify the mystery.

May Spend 10 Extra Days In Space

SPACE CENTER, Houston (AP) — Skylab's astronauts may spend 10 extra days in space, an official said here Saturday, as the spacemen continue to squeeze useful science from the power-crippled space station.

Kenneth S. Kleinkecht, manager of the Skylab program office, said an extension of up to 10 days of the 28-day Skylab I mission is seriously being studied as one way of getting the most information possible from the \$2.6 billion space project.

Reviewing the ... Big Spring Week ... with Joe Pickle

Weather of the past week should have touched your likes — and dislikes — somewhere within its wide spectrum. The week began with 47-mph winds that kicked up a choking duststorm (which turned into tornadoes in the central-southland). Then came relatively calm hot weather. Then came successive thunderstorms that poured out two to three inches of rain in most of the Big Spring vicinity, and then still more Friday night. For some farmers it was just right; for some nearly too much; for others none at all. On the whole, crop prospects continue to be good to excellent; pastures were never better — if as good.

Next to the rodeo and the ABC track meet, the surest way to have inclement weather is to announce a Big Spring High School graduation for out-of-doors. On Sunday and Thursday the ceremonies were both chased indoors with scores upon scores turned away for lack of space. Honor graduates were Debra Sue Irwin, daughter of Mr. and Mrs. Bill Irwin, and Dana Marie Mancill, daughter of Mr. and Mrs. Jerry Mancill, both of whom were so intelligent it makes our head hurt.

About this time, with people clamoring to know how come we don't have or can't have a coliseum or some place big enough to accommodate large crowds, came a proposal from Charles Driver to the Chamber of Commerce to have development panel, for a local zoo. He estimated the trick could

Watergate Committee To Eye Tangled Affair

WASHINGTON (AP) — Senate and federal Watergate investigators are negotiating a way to bring suspects in the scandal to trial while still permitting the widest public exposure of the facts.

The search for compromise between the conflicting aims of Watergate special prosecutor Archibald Cox and the Senate Watergate investigating committee comes after a week of serious conflicts of another sort.

WHITE HOUSE PLAN

These included sharp differences in stories told by two of President Nixon's former aides and senior officials of the Central Intelligence Agency about

alleged attempts to involve the CIA in domestic spying and to help cover up White House involvement in Watergate.

There was controversy also over whether a 1970 White House Plan—allegedly calling for the formation of a virtual secret police capability—was ever put into effect.

And there was a flat statement from the White House that President Nixon will not subject himself to questioning by either Senate investigators — whose hearings reopen Tuesday after a week's pause — or the Watergate grand jury.

Those are only two of the investigations under way into the dozens of mysteries that now

bear the collective name of Watergate.

Late last week a federal prosecutor in Los Angeles said permission had been granted for three convicted Watergate conspirators, including former CIA agent E. Howard Hunt, to be released from the federal prison in Danbury, Conn., to testify before a Los Angeles grand jury.

The jurors are investigating the burglary of the psychiatrist who treated Pentagon Papers figure Daniel Ellsberg.

CONFLICT

Four separate congressional committees are investigating the technical aid Hunt got from his former CIA superiors. And

that is where some of the conflicting testimony comes in.

On Thursday, Marine Gen. Robert E. Cushman Jr. said his testimony that CIA was asked to help Hunt by White House aide John D. Ehrlichman is supported by records of an Ehrlichman telephone call to him.

The day before, Ehrlichman said he hadn't the "faintest recollection" of such a call and that the first he knew of CIA assistance to Hunt was when Cushman called him on Aug. 27, 1971, and asked permission to stop it.

There was another conflict in sworn statements over the possibility the White House sought to involve the CIA in the cover-

up of the Watergate affair itself.

Army Lt. Gen. Vernon A. Walters, who was the CIA's deputy director at the time of the break-in at Democratic headquarters last June 17, said he was asked by Ehrlichman and other top White House aides several days later to suggest that the FBI call off an investigation into Nixon campaign funds allegedly channeled covertly through banks in Mexico.

Some of that money has been linked to the Watergate affair and it has been alleged that the White House request was an attempt to involve the CIA and the FBI in a cover-up.

Terrorists Assassinate U.S. Adviser

TEHRAN, Iran (AP) — An American military adviser was assassinated in Tehran Saturday by an Iranian terrorist who shot him in the head and then hopped on a motorcycle and escaped, the U. S. Embassy reported.

Iranian authorities dispatched guard units to watch over American installations, including three American schools, because of fear the terrorists might strike again against the some 11,000 Americans in Iran. Most of them are businessmen and technicians.

The embassy identified the victim as Lt. Col. Lewis Hawkins, 42, of Plymouth, Ind. in Iran since July. Hawkins was one of several hundred U. S. military advisers and personnel assigned to Iran to work with the local armed forces. His particular job was not disclosed.

Travis I. Green Succumbs At 56

BRONTE — Travis Irvin Green, 56, of St. Lawrence Rte., Glasscock County, collapsed and died while baiting a trotline at Oak Creek Lake about nine miles northeast of Bronte at about 5:30 p.m., Saturday.

Death was attributed to natural causes, although it was first thought Mr. Green had drowned. The victim had a history of heart trouble. He was a water well driller by vocation.

Justice of Peace Roy Ross of Robert Lee, called to the scene, rendered the verdict. Green had been accompanied to the lake by his wife.

The body was to be returned to Big Spring late Saturday night.

State Land Swap Measure Awaiting Briscoe's Pen

EL PASO, Tex. (AP) — Governor Dolph Briscoe has before him legislation which will trade 11,700 acres of state land in East El Paso County for 9,000 acres of land controlled by Horizon Land Corp. The El Paso Times reported Saturday.

The Times article, by Allen Pusey, quoted an attorney for Horizon Land Corp., a Tucson, Ariz., land development firm, as saying he wrote the House Bill 548 which authorizes the land swap. The bill specifies that the state-owned land must be traded for land "adjacent to or in the vicinity of Hueco Tanks State Park," a small park east of El Paso.

The Times reported that the

land near the park is under option by Horizon Land Corp.

STATE

The bill authorizing the swap was sponsored by El Paso Rep. Jim Kaster. It sailed through both houses during the recent legislative session on voice votes with the blessing of the state General Land Office.

Actual values of the two pieces of land were not available, since the state land is not assessed for taxes.

However, one long-time observer of land speculation in the area told the Times that the best sections in the Hueco Tanks tract area is not worth more than \$200 an acre. The

best sections in the state-owned tract could sell for as much as \$4,000 an acre.

'PATCHWORK PATTERN'

Four sections of the state-owned land back up onto Horizon Boulevard and the Horizon Country Club.

In a House State Affairs subcommittee meeting on the measure, Wayne D. Oliver of the Texas Land Office spoke in favor of the bill which he said would help "consolidate" state lands which are now situated in a "patchwork pattern" across west Texas.

The bill resembles a similar trade made with Horizon Corp. in 1969, for which the state

gave nine sections of land inside Horizon controlled areas for 16 sections of mountainous rock situated on the El Paso County-Hudspeth county lines.

Horizon attorney Tom Diamond said he had originally conceived the bill for "ecological preservation". Modeled after federal styled swaps, Diamond said he had conceived a way for the state to consolidate its land. However, Diamond admitted another motive, saying

"I'm not going to lie about it. I also saw a chance to help out a client. This kind of thing has been done before," he said, "but for dollars and cents, not for ecological preservation."

Five Ex-POW's Say Col. Guy Was 'Within His Rights'

DALLAS (AP) — Five American servicemen who were at the "Plantation" prison camp in North Vietnam said Saturday that Col. Theodore Guy was "within his rights" in charging eight enlisted men with cooperating with their enemy captors.

The former POWs, in Dallas for a weekend "Vietnam Veterans Homecoming Celebration," declined to say whether they observed any misconduct at the camp.

All said there was talk of charges being filed, but one officer said he was surprised it actually happened.

FORGIVE, FORGET

"I heard rumors they were going to be charged at camp, but I was surprised that Col.

Guy went through with it—with the unofficial policy of forgive and forget," said Army Capt. Richard C. Anshus.

Anshus had been in a cell next to Guy, the ranking camp officer. Last week, Guy filed a complaint alleging five soldiers and three Marines had cooperated with their enemy captors.

Anshus and four other POWs at the camp during the period involved in the complaint say they support Guy's decision to make the charge. Guy's decision was also backed by sev-

eral other POWs who had been at the Plantation at other times.

Over 400 POWs attended the homecoming celebration staged over the weekend by several wealthy Dallas businessmen. Neither Guy nor any of the eight enlisted men charged were in attendance, however.

CAPTIVITY

The five former Plantation prisoners are Anshus, whose family is listed as living in Minneapolis; Army Spec. 6 Richard Sparks, Chattanooga,

Tenn.; Army Staff Sgt. Harry Eitmueller, Long Branch, N.J.; Army Staff Sgt. Martin S. Frank, Montclair, N.J.; and Army Sgt. Thomas Davis, Clayton, Ala.

Two other POWs who were at the Plantation during their captivity, but not during the time of the alleged misconduct also supported Guy's rights to make such charges.

They are Air Force Capt. Wayne Smith, Dunnedin, Fla., who spent two years at the Plantation, and Navy Lt. Cmdr. David Carey, Jeanette, Pa.

Three-Ring Circus At Band Banquet

For anybody who might have believed that the Big Spring High School band's year was a three-ring circus, this is the way they ended it with their traditional banquet and all-night party Saturday.

A circus theme highlighted the banquet and featured a side show in the hallway where the guests entered including a snake charmer, lion tamer and other figures loaned to the group by Hemphill-Wells. They also built booths around each display and under the direction of Mrs. Jean Hubbard provided circus signs for walls in the hall and in the high school cafeteria which was centered with flying acrobats, held jungle animals in the corner and figures of balloon men around the room holding real balloons.

The programs at each plate were miniature animal cages. Announcements kept a surprise until the big evening were special awards presented by Band Director Bill Bradley and Assistant Director Gene Curry. The new twirlers were re-

vealed by Delynda McMillian. Richard Kitchen presented the drum majors. Last year's student leaders presented next year's student leaders.

The banquet opened with a prayer by Ronnie Hise followed by a welcome and introduction of guests by Kelly Carlile, master of ceremonies. Kitchen gave the response and Jerro Tomm presented the entertainment and Cindy Pearce gave a brief talk around the CR theme, "Believe in Music."

Following the banquet, the group danced until they went to a local theatre for a movie from 24 a.m. and then to the YMCA for swimming, handball, volleyball, billiards, and milk and doughnuts to end the day at 5:30 a.m.

The band's highly successful year included a tour into Mexico for the first tour out of the United States by a Big Spring school group and also the presentation of their Campus Revue '73 at the high school student council convention.

DALLAS SALUTES — Singer Gloria Loring, one of the host of movie and television stars to perform for Vietnam Veterans in the Cotton Bowl in Dallas Saturday night, is shown being held by two of the soldiers who are being entertained. Sgt. Bill Croce, left, of Chicago, Ill., and Sp.4 Jim Maze, Bay City, Mich., are just two of the over 450 Vietnam Vets that were brought to Dallas for the three-day celebration.

HCJC Adds To Faculty But Loses An 'Old Pro'

Howard County Junior College gained a new faculty position Friday, but it lost the dean of the original faculty members.

J. T. Clements, head of the chemistry-physic department since its inception, submitted his resignation to be effective with the end of the summer term. He will come out financially ahead under retirement, he said.

Elected to the position of vocational counselor was Tony F. Ortiz, 33, who will be engaged on a 12-month basis at a salary of \$13,000, which is fully reimbursable by the Texas Education Agency.

Ortiz has a BA degree from New Mexico Highlands University and his master's from Western Michigan University, plus two years of related occupational experience, three years teaching and four in counseling. He was reared in Las Vegas, N.M., where he worked at numerous jobs while gaining his education. Much of his counseling has been in the field of working with disadvantaged students and dropouts. He and his wife, Jennie, have three children. Ortiz will work under Dr. Larry Key in the occupational training division.

The board approved advertising for bids on offset printing equipment, to be paid out of a residue of \$6,074 in the Horace Garrett Applied Science building fund. Dr. Thomas Salter, president, also recommended that testing center furniture and equipment be acquired out of this fund also.

A contract in the amount of \$3,916 was awarded to Evans College Publication Service of Fort Worth for printing the college catalogue. This was the second to the low bid of \$3,571 submitted by Anchor Publishing of San Angelo, but Dr. Salter recommended it because of previous experience with Evans, he said. Three other bids ranged up to a top of \$6,685.

The board also approved the purchase of a storage tank for a hot water system in the men's dormitory. The present vessel has ruptured; possibly beyond repair, said Ralph Smith, business manager, and a new reservoir is needed in advance of the dorm being used two weeks hence when a migrant-workers seminar is held on the HCJC campus. Cost was estimated at \$1,500 and will be paid out of the reserve dormitory, a non-

Cow Killed, Car Damaged

A car driven by Charles Marsh, of Midland, struck a cow Friday about midnight 17 miles north of Big Spring on the Snyder highway, a highway patrolman said. Marsh was not injured but his car, which was reported to have been traveling about 60 miles an hour, was heavily damaged. The cow was killed.

budget fund required by the federal agency which loaned funds for the dorms. Next meeting will be held June 19. Dr. Salter indicated Friday's session was held at the Dora Roberts Student Union building.

J. T. Clements Ending His Teaching After 46 Years

After nearly half a century in teaching, J. T. Clements is racking up his test tubes.

With his retirement July 1 as head of the science department at Howard County Junior College, the last of the college's original faculty passes from the campus.

But perhaps not really. "I might go up there and visit," he said. "I hope I don't get in the way."

Staying away from a place which has claimed 27 years of your life won't be entirely easy, he admitted, nor from teaching, to which he has devoted an aggregate of 46 years. When he submitted his resignation, the HCJC board adopted a resolution of deep appreciation tempered with regret.

Until now he hasn't had much time for hobbies — maybe he'll be developing some.

ON FIRST FACULTY

When Clements came here from Beville High School where he served as principal for a number of years, HCJC was just opening its doors in the hospital unit of the old Big Spring Bombardier School. E. C. Dodd, the first president, was forging equipment from every hand, but rosy promises of lab equipment didn't materialize on time.

"We improvised for a year, working on table tops and whatever we could get," recalled Clements. When the equipment did come, it was good quality, so much so that most of it still is in use after four moves.

Clements had to double as a mathematics instructor as well as chemistry and physics teacher at first. Miss Ruth Beazley came out from the high school to handle the biology course and that was pretty much the science department.

GROWING DEPARTMENT

In 1951 the college moved to its present campus and the expanded science department was located in the classroom wing east of the administration building. Later a separate science wing was built south of the ad building, and then a few years ago the new science building was erected on the Birdwell Lane side of the campus and is one of the most modern of such units. Clements had a great hand in planning it.

Since he began his service at HCJC, he has been the sponsor of the College Yearbook. This led into an avocation of photography at the college, where he has his own photo lab. However, when photography was added to the curriculum,

J. T. CLEMENTS

Clements did not undertake to teach it.

Considerable changes have occurred since he began his HCJC career. Then chemistry was largely descriptive; now mostly theoretical. Physics has remained fairly constant. The department has expanded to include several labs, biology, zoology, botany, geology, etc., and some engineering mechanics.

TAUGHT LATIN

Clements was reared in Burnett, graduated in 1927 from Southwestern University in Georgetown with a BA in math. His first teaching assignment that autumn in Burnett, however, was in Latin. That, plus an assignment as a bus driver influenced him to take a job the next year at Eden as chemistry teacher. For several years he taught under J. W. Edgar (now Texas commissioner of education) at Miranda City and Orange, then began his tenure as Beville High principal.

He was married in 1947 to Dorothy Knipp, high school English teacher at Beville. They have two sons, Dr. Bill Clements, on the faculty of Arkansas State at Jonesboro, and John Clements, Big Spring. He has been a member of the Texas Academy of Science, Texas State Teachers' Association, Junior College Teachers Association. He also is an elder in the St. Paul Presbyterian Church.

THEFTS

James Worthan, 1807 Nolan, reported house burglary with rifle, shotgun and \$46 in change taken.

Lorraine Davis reported that \$15 was stolen from a girl collecting for a newspaper.

Wreck Kills Midland Fem

A car carrying six adults and a baby, all from Midland, overturned at 6:45 p.m. Friday about eight miles east of Coahoma on IS 20 and killed the driver, Mrs. Mary M. Jackson.

Three persons, Mrs. Lela Buchanan, Mrs. Rosa Tisdale and Mrs. Beatrice Porch were injured and taken to Medical Center Memorial Hospital. The baby and Leona Cottrell and Loretta Cottrell escaped serious injury.

A Texas Highway Patrolman said the car was traveling with two other cars en route to Dallas for a funeral when the car driven by Mrs. Jackson struck slippery roadside mud, slid across the median and overturned. The other cars were undamaged.

Mrs. Buchanan, mother of the victim — and mother-in-law of Rosa Tisdale, is in satisfactory condition. Mrs. Porch was treated and released and Mrs. Tisdale is in satisfactory condition, the hospital said.

The investigating patrolman believes the Jackson car was the last car in line. He said after the wreck was cleared, Leona and Loretta Cottrell and the baby left the scene in a private car.

The fatality is the second this year in Howard County.

DWI Charges

Otis Lewis Parks and Lee Edward Castle were charged with driving while intoxicated, with both arrested by state highway patrolmen.

Parks was charged with DWI and no valid registration and released under \$500 bond on DWI and \$100 on registration. Castle was charged with DWI and failure to drive in single lane and released on bonds of \$500 and \$100.

Study Session

The school board will hold a study session Monday, June 4 from 5-7 p.m. for the purpose of working on the budget for 1973-74.

No action will be taken at the special meeting of the board.

Cosden Promotes W. L. Whittington

W. L. Whittington, who for the past 3 1/2 years has been manager-chemical manufacturing for Cosden Oil & Chemical Company, has been named manager of refining at Big Spring, effective June 1.

He succeeds Carl E. Rogers, who has been tapped by American Petrofina for another assignment in connection with its acquisition of the Port Arthur refinery, which Fina proposes to purchase from The Standard Oil Company (Ohio). Closing of the transaction is scheduled for July 1.

Whittington is a native of Springfield, Mo., and is a graduate of Oklahoma A&M University (now Oklahoma State University) with a BS degree in chemical engineering. He is a member of the American Institute of Chemical Engineers.

Joining Cosden in April 1961 as a chemical engineer, after a nine-year tenure with Shell Chemical Company, he has been successfully promoted to polystyrene superintendent, polymer superintendent and, in January 1970, to manager-chemical manufacturing.

Whittington and his wife, Carolyn, are members of College Baptist Church. They have a son, Tim, who is a senior majoring in music theory at Texas Tech; and two daughters, Nan, who is a Texas Tech sophomore majoring in architectural design, and Jan, 13, a seventh grader at Goliad Junior High.

Moving into the position of manager-chemical manufacturing in Big Spring, is Herman R. Carlisle, who has been production superintendent of Cosden's Calumet City, Ill., plant since November 1968. He had been with Spencer Chemical Company and Gulf, previous owner of the Calumet City plant, since November 1946. Carlisle and his wife, Vera, have two children at home: David, 10, and Jack, 11. They have two married sons — James Carlisle, of St. John, Ind., and Greg Carlisle, Burlington, N.C. The Carlisle family expects to move here in July.

PRE-SCHOOL PICNIC — The First Presbyterian Church staged a picnic for children entered in its Vacation Bible School Friday at Comanche Trail Park. The school starts Monday and continues through Friday. Adult supervisors in the back, from the left, are Mrs. Katie Grimes, Mrs. Lance Williamson, Mrs. Tommy Hart, Mrs. Brent Brooks, Mrs. John Kenemer and Mrs. Earl Price.

Vacation Bible Schools In Big Spring Flourish

First United Methodist plans a vacation church school July 9-13. About 100 are expected. Pre-school children will meet at the church from 9-11:30 a.m. Elementary children will have a day camp at Comanche Trail Park 9:30-2:30. Mrs. Karl Snyder will lead the day camp and Mrs. Jobeth Corwin will lead teachers for the pre-school children.

College Baptist Church will have a vacation Bible school June 4-8 led by David Norville. About 300 are expected. Three through 12-year-olds will meet at the church 9-11:30 a.m. A church bus will be at Lake View School June 11-15, 9:30-11:30 on a mission Bible school program from the church. Children will meet on the bus.

An ecumenical vacation church school is planned by the First Christian Church, St. Paul Presbyterian Church and Wesley United Methodist Church June 18-22, 9 a.m.-1 p.m. at Comanche Trail Park for kindergarten through sixth grade school children. Nature field trips are planned. About 200 are expected. A nursery for 3-4 year olds will be at First Christian Church 9-11 a.m. Mrs. Sylvia Wiley is the ecumenical coordinator.

East Fourth Baptist Church will have a vacation Bible school July 16-20 directed by Mike Haynie for 3-12 year olds at the church 8:30-11:30 a.m. A Bible school related program called "Teen Time" for junior and high school students will be July 22-28 at 7:30 p.m. Guest speakers are planned. Please call the church to find out the place of meeting. It will vary.

St. Mary's Episcopal will have a church school June 11-15 for 4-year-olds to sixth grade children, 9-11:45 a.m. Sister Emilie Wolf will lead the school. About 50 are expected. A \$1 registration fee will be asked.

150 EXPECTED
First Church of God will have a church school July 16-20 for 3-year-olds to sixth grade children. About 150 are expected. The Rev. Ed Beasley will lead the school. The time is not yet certain.

The Church of Christ of 11th Place and Birdwell will have their school June 11-21 for all ages. Walter Huse will lead the school. About 150 are expected.

St. Paul Lutheran will have their school June 11-21 for all ages 6:30-9 p.m. Pastor Carroll Kohl will lead the school. Everyone is invited.

First Presbyterian will have a church school June 4-8 for pre-school and eighth grade children 9-11:30 a.m. The theme of the school will be The Family of Man. Mrs. Lance Williamson is dean of the church school. About 75 are expected.

Vacation Bible school begins Monday and continues through Friday at the Church of Christ which meets at 14th and Main Streets. Time is 9:00-11:00 a.m. daily with an awards assembly Friday evening at 7:30 p.m. Awards will be presented to the student bringing the most visitors on Monday and also an award will be given to the student bringing the most visitors during the entire week.

"GOD IS LOVE"
The theme this year is "God is Love." Classes for one year old through teenage. Teachers, coordinators and artists are Mrs. Owen Ivie, Mary Jo English, Kay Morehead, Mrs. Edwin Bednar, Mrs. Robert Taylor, Nancy McWhorter, Neida Ashley, Mrs. Clyde

Eager, Juanita Hamlin, Mrs. Kenny Thompson, Mrs. George Dubois, Mrs. Eddie Pierson, Mrs. John Chambers, Mrs. Mullins, Mrs. Jimmy Morehead.

Mrs. Ronny Crumpler, Mrs. Carroll Thomason, Mrs. Ralph Williams, Mrs. Jeff Jones, Mrs. John Mabry, Mrs. Walter Stroup, Karen Ashley, Mrs. Johnny Shortes, Mrs. Danny Kirby, Mrs. Mabery Williams, Mrs. Duke Pierce, Mrs. Gerald Wogen, Mrs. Tommy Hubbard, Mrs. Hilliard Ditmore, Marilyn Hale, Mrs. Charlie Shanks, Mrs. W. A. Moore Jr., Mrs. Jimmy Anderson and Ralph Williams.

Roy Brown and Mrs. Ray Richey are in charge of the kitchen. Bible school director is Walter Stroup.

Four Local Youths To Attend 33rd Boys' State Meet
Four Big Spring youths will attend the 33rd annual American Legion Boys' State (June 6) sponsored by the Department of Texas on the campus of The University of Texas.

About 800 high school boys from all parts of Texas and two from Mexico are expected, James P. Holley, department commander, announced.

Those registering from Big Spring Post 355 are Kelly Jon Carlile, 2200 Cindy Lane; Glenn Edgar Carlton, 2605 Carol Dr.; Ronnie Gates Hise, 2225 Lynn; and John Thomas Smith, 206 N. Goliad.

Each boy will be assigned to one of two political parties, the Nationalist or Federalist, and will attend its precinct, county and state conventions and vote in its primary.

Boys' State helps to develop civic leadership and pride in American citizenship. These civic workshops stress the importance of maintaining our form of government and bring better understanding of our national traditions and beliefs to the more than 28,000 young men who will participate this year.

Most of the boys participating are in the 16 or 17 age category. The program has added significance since the voting age has been lowered to 18. Each elected Boys' State official will serve in his respective office at the capitol in Austin for one day.

City Program Opens Monday

Parents were reminded again Friday to register their children for the free Citywide Recreation program.

The initial portion begins Monday 10 a.m. with a week-long learn-to-swim course. Youngsters will get an intensive half-hour of instruction, Monday through Friday, designed to overcome fear of water, to learn to float and basic swimming skill.

The second portion, which will continue through July, will begin June 11 and will include Monday-Friday daily sessions from 9 a.m. to 12 noon at Comanche Park and Lakeview with games, nature hikes, arts, crafts, story telling, swimming, etc. There will be adult supervision at all programs.

For those who are able a \$1 fee for use of the Comanche Park pool during the swimming lessons, and \$1 for replacement of craft supplies, but every elementary school-age child is welcome — even is urged — to register regardless of the fee.

The signup place is Central YMCA (although the Citywide program is totally independent of the YMCA's program) since the Y is the administrative agency for the sponsoring United Way, City of Big Spring and Big Spring schools.

Gets Degree

DALLAS — A student from Big Spring was among the 261 persons who received graduate and undergraduate degrees from the University of Dallas at commencement exercises May 20. A bachelor of arts degree was awarded to Russell Lewis Long, Sterling City Route. His major was psychology.

DEATHS

Mrs. Hobbs

STANTON — Funeral services will be held at the Tarzan Baptist Church at 2:30 p.m. today for Mrs. Callie May Hobbs, 73, who died Friday in the Mountain View Nursing Home in Big Spring.

The Rev. J. F. Fields, Big Spring, will officiate and burial will be in Resthaven Memorial in Midland with Gilbreath Funeral Home of Stanton in charge.

Born Sept. 15, 1899 in Van Zant County, she married A. H. Hobbs there. He preceded her in death July 15, 1960. They moved from East Texas to Tarzan in 1947 and lived there until she moved to Big Spring two years ago.

Survivors include five sons, Roy C. Hobbs, Big Spring, Carmen Hobbs, Hermleigh, Stanley and Jimmie Hobbs, Houston and Albert Hobbs Jr., Athens. Her one daughter, Mrs. Vivian Howard, preceded her in death.

Survivors include four brothers, S. B. Cox, Waco, W. E. Cox, Lubbock, Delton Cox, Fresno, Calif. and Darrell Cox, Coquille, Ore., 21 grandchildren and 15 great-grandchildren.

Arno Fichtner

Arno Fichtner, grandfather of Mrs. R. B. (Heidrun) Covington Jr., Big Spring, died suddenly Thursday in Colditz, Germany.

He was the father of Elvy Mueller, Mrs. Covington's mother, who succumbed last Wednesday.

CIVIL ENGINEERS' TOP SENIOR NCO—Sgt. Timothy Case (left), gets some pointers in work scheduling from C.M. Sgt. Dawson County Cotton Crop Prospects Bright

LAMESA — Despite damage from wind and sand last week, Dawson County upland cotton prospects are bright. Agriculture experts have indicated that the county is still in good shape.

According to County Agent LeRoy Colgan, some 12,000 acres of cotton suffered some damage during the sandstorm. However, that is small compared to the 440,000 acres of cotton planted in the county. Most of the damage was in heavily sandy or washed-out areas.

Colgan said that this is the second straight year that so many acres in the county have been devoted to cotton. Many farmers were back in

the fields this week scratching the surface to get their crops up. Soil moisture was still reported to be good despite dry winds. A slight shower fell Thursday afternoon and severe showers were reported in some areas of the county Thursday night to add additional moisture.

A few weeks ago, a heavy hailstorm south of town inflicted some damage on young cotton, but there was still time for replanting. Many farmers maintain you can plant up through June 19.

A total of around 99 per cent is already planted. Farmers weather wish for the next few weeks is hot days and warm nights to get their crop up.

'Boring Age'

Jean Adams

TEEN FORUM

PARTY: (Q) We are four girls, ages 13 and 14; we are too young to drive and too old to play dolls. We're at a very boring age.

Last fall we were cheerleaders for a 16-and-17-year-old football team, and we went to the team party in December. We had crushes on nearly all the team members. The guys were also sort of tipsy, and since we were the only girls there, they used us to have their fun.

That night we thought they were serious, but now we realize they were just letting off steam at our expense.

Without football, life is more boring than ever now. What we are trying to say is, we like these guys a lot, even though we probably don't have much of a chance with them. Could you please give us some advice on how we might get these guys to pay attention to us in a serious way? — Bored in Maryland.

(A) You do not say exactly what happened at the team party. Whatever it was, it was too much, and you four are fortunate that you got through it with as little damage as you did.

You may be old enough to be cheerleaders for a high-school football team. But you are hardly old enough to be serious girl friends for 11 or more boys of 16 or 17.

Face this fact and look-around

you for younger boys who won't be so sophisticated but who will be healthier and safer to be friendly with. They will also help to make your life less boresome.

RED SKIN, WHITE SKIN: (Q) I read the letter from the "Indian" who said he was not offended when white-skin people wear our styles or mock our customs. Consider this "Indian" to be really an apple — red on the outside and white on the inside.

I strongly object to the way we are portrayed on TV and in movies. We're not all that bad at fighting. We have our ways and the white people have theirs. Let's keep it that way. — All Indian in Oklahoma.

(A) Be proud that you are an Indian. But do not let your pride keep you from learning and improving yourself. Non-Indians living here in America have learned much from the Indians, and vice versa.

(Jean Adams reads and considers every letter, but she regrets that she cannot answer each personally. Mail your questions and comments to Jean Adams, care of The Big Spring Herald, P.O. Box 2462, Houston, Texas 77061.)

COUNTY JUDGE MITCHELL: 'UNNECESSARY'

County's Airport Needs Master Plan?

Howard County Airport needs a master plan, a preliminary draft of the Texas Airport System Plan says. County Judge A. G. Mitchell said he felt a master plan was unnecessary for a small airport like Howard County's. He mentioned the county owned land for extending one of the runways. J. W. McClendon, airport manager, felt differently. Some type of plan is needed to keep the air field in shape for airlines and other planes, he said. The Texas Aeronautics Commission, the Governor's Office, Division of Planning, Coordination and the Texas Transportation Institute are working on the final draft of the document which reviews and evaluates air transportation in Texas. This final draft will be published in September. Until then, the preliminary can be used as an evaluation of area facilities.

HOWARDS PORT
After looking at information about Howard County, McClendon offered this update. Based at Howard County Airport are approximately 10 aircrafts with three seats or less, 35 with four or more seats and five multiengine airplanes. Annual operations, such as landing and taking off, total 25,000, McClendon said. He excluded Texas International Airlines which makes about 1,350 operations per year and Central American Airways Inc., which has been providing one kind of flight training for Air Force men. Central American this summer vacates the airport facilities it has been using to train Webb Air Force officers. Air Force changes in the training program for pilots brought the business to a close here. On certain days, depending on weather, the airport can accommodate up to DC-9 jets. By adding 1,300 feet to the 5,500 feet north-south runway, the county could make the airport acceptable for DC-9s anytime. Other counties drew these among other comments:

BORDEN
This tiny populated county is in need of an airport to support local aircraft and to provide landing for medical and emergency purposes. Two satisfactory sites for the airport have been identified near Gall, the county seat. With the support of local officials and the assistance of TAC, a basic utility airport could be constructed which would provide adequate service to this county. Continued maintenance and improvement to the facility would ensure excellent air access to the county through and beyond the planning period.

GLASSCOCK
Garden City, as well as the county, has no public facility. A basic utility airport meeting the plan standards could be provided at the county seat. Such a facility could provide the opportunity for future growth predicted in the county. Five or less air planes are kept in Glasscock County. The Stone Ranch is mentioned as having a nearby air field.

MARTIN
With less than five planes here aeronautical activity and population for Martin County are forecast to remain near their present levels. Stanton, the county seat, is the center of oil, ranching, and agribusiness activities in the county. Stanton Municipal Airport in Stanton is presently a dirt strip. This facility should be upgraded to minimum standards which would include runway expansion, terminal construction, and provision of navigational aids and security fencing, to cite but a few of the improvements needed.

Area Residents At Con-Con Meet
The meeting was held Saturday at Texas Tech University. From Gall, County Judge Glenn Toombs was invited. Listed from Lamesa was Willis E. Gresham and John Saleh.

Lamesa Music To Shop By

LAMESA — Music while you shop is the latest addition to shopping on the square in Lamesa. The Retail Merchants committee of the Chamber of Commerce have added several improvements in recent months and have this week added a music service which pipes music over speakers on all four sides of the square above the businesses located there. The Women's Division of the Chamber has also raised funds to place planters downtown patterned after the Big Spring planters which will hold dwarf trees. Mrs. Jess Cleiborne appeared before the city council requesting permission to have the WDOC place the planters. They are being constructed by Clyde McMahon Concrete of Big Spring.

The Energy "Joyride" is Over

No Energy to Waste

Energy crisis grows as fuels diminish

Who's got the money?

Newsweek

The Energy Crisis

The Energy Shortage Worsens

AS THE U.S. RUNS LOW ON OIL AND GAS—

"ENERGY CRISIS"

Like it or not, this country is going to turn to the Middle East for its oil. Why? and what it will do.

The era of cheap fuel is over. And an unending convergence of events threatens a bleak winter for 1973-74.

Based on DNI 70030

Waste not. Want not.

Beetles have traveled hundreds of billions of miles. At about 25 miles per gallon,* imagine how much gasoline they've saved. Imagine how much money.

Pioneer Prexy Names Staff

AMARILLO — K. Bert (Tex) Watson, who Friday assumed the office of president and chief executive officer of Pioneer Natural Gas Company, announced the naming of David Culver as a new vice president for the company, as well as two new officers for Pioneer Gas Products Company, a Pioneer subsidiary. Pioneer Natural Gas Company directors elected Watson effective Friday to coincide with the retirement of Burton P. Smith, who took early retirement. Culver will continue as supervisor of the gas supply department. R. R. McCafferty, assistant vice president and a long-time employe of Pioneer, was advanced to the position of president of Pioneer Gas Products Company, and James E. (Buck) Cannon was named vice president. In completing the announcement, Watson said that Larry R. Shortes, Pioneer vice president, and who was reared at Big Spring, would assume the duties of division manager of the West Texas division of Pioneer succeeding C. H. Rainwater, also formerly of Big Spring, who is retiring Aug. 1.

Right-Of-Way Talks Slated

Charles Butts will discuss granting Howard County right of way for a public road in the Midway Community when Commissioners Court meets at 8 a.m. Monday, said County Judge A. G. Mitchell. Entertaining bids for two new maintainers will be considered, and bids on seven pickups. Dump beds for trucks will be discussed. Only other items are approving bills presented by Mrs. Virginia Black, county auditor, and meeting with Marvin Hanson, road administrator. A conference with Roy Crim and Federal Aviation Administration officials about improvements at Howard County Airport has been postponed, Mrs. Billie Barron, Secretary to the court, said.

Screwworm Vials Still Available At County Office

Screwworm vials still are available at the county extension office in the basement of the courthouse despite the interest shown by several area ranchers. County Agent Bruce Griffith said several livestock raisers have taken vials although no worm cases have been reported in Howard County. A confirmed case of screwworms in Glasscock County caused concern among area cattle men.

Hobby: 'Nobody In Charge' Of \$5 Billion Operation

AUSTIN (AP) — The office of the governor is so weak, Lt. Gov. Bill Hobby said Friday. "You really have a \$5 billion a year operation with nobody in charge."

Hobby testified before the Constitutional Revision Commission's committee on the executive branch of the government.

Hobby said he believes "very strongly" in a cabinet form of government.

Mrs. Beryl Milburn, vice chairman of the commission, suggested to Hobby that the governor would be impossible to defeat if he had the power to appoint and remove top state officials.

BILL HOBBY

LACK OF FEAR
Hobby said that attitude "explains a lack of faith in the democratic process."

Four-year terms and no limit on terms also were supported by Hobby. And the governor

ney general should continue to be elected, Hobby said: "I believe there is considerable merit in having the state's chief law enforcement officer elected."

But fiscal officers such as the treasurer and comptroller should be appointed and should serve at the pleasure of the governor, he said.

RIGHT OR WRONG
"People rightly or wrongly blame the governor...for irregularities, say, in the Highway Department or the Insurance Department," he said. It is unfair to hold the governor responsible without giving him the power to make key appointments, he said.

Atty. Gen. John Hill also testified Friday. The first question he was asked was whether the attorney general should be elected or appointed.

"EEE—lected," Hill said. "I feel very strongly about that."

Hill said criminal jurisdiction should remain with district and county attorneys, except that the attorney general should have the power to respond to requests for assistance.

STRONG CABINET
And somebody should have the authority to call a statewide grand jury for appropriate cases, he said.

Charles Purnell, chief aide to Gov. Dolph Briscoe, said advocacy of a strong cabinet form of government is "really not his (Briscoe's) view." The governor wants a "fine compromise" that maintains checks and balances, he said.

Coahoma Class Awarded \$100 Check By TESCO

Coahoma high school students participating in the "Young Adults in Action" program sponsored by Texas Electric Service Co. recently were awarded \$100 by Tom Locke, division manager for TESCO.

The award, which is to be used for school activities, was presented for the students' completion of a recent clean-up project in Coahoma. Using some of their own pickup trucks and several dump trucks and a loader provided by the city, the students collected 83 loads of trash, including 20 abandoned junk cars, to haul to the city dump. Four city employees

should retain the power to veto individual items in the general appropriations bill, he said. Asked if he thought the attorney general should continue to be elected, Hobby said: "I believe there is considerable merit in having the state's chief law enforcement officer elected."

But fiscal officers such as the treasurer and comptroller should be appointed and should serve at the pleasure of the governor, he said.

STUDENT ACCEPTS AWARD — Tom Locke (right), division manager for Texas Electric Service Co., hands a \$100 check to David Neil, a student at Coahoma High School, a class reward for participating in the "Young Adults in Action" program. At left is R. D. Tindol, instructor in Coordinated Vocational Academic Education at Coahoma.

Aggies To Offer Two Scholarships

The annual Aggie Scholarship barbecue has been set for June 14, and it will turn up as a double-header.

In addition to the regular scholarship worth \$1,500 over a four-year period, a second scholarship is being posted by one of the earliest recipients of the award.

Jim R. Porter, who received the scholarship in 1954, told the Big Spring A&M Club that he wanted personally to post a scholarship equal to the one he received.

"It gave me a big chance," he said, "and I want someone else to have one like it."

The scholarships have been a thousand dollars over the four years until last year when the Aggie Club boosted it to \$1,500 in recognition of changing times and inflation.

However, tickets for the annual affair will remain unchanged (\$1.75) in hope of promoting still greater participation, said Paschal Odom, who is heading the barbecue committee.

Over the 20 years that the Aggies have been giving this scholarship to some deserving young man in the Big Spring area, 22 have been designated as winners. Some few of these did not follow through, but most of them earned their degrees.

Porter, who is vice president of the United Systems Division of Equimatics, Inc., Dallas, formerly was associated with IBM, Tracor, and then United Systems International. Following graduation from A&M, he was in the Air Force for several years. His mother, Mrs. I. J. Hill, and sister, Mrs. Thomas Vick, reside here.

Recipients (with the years they were named) follow:

Buddy J. Adcock (1959), Jose G. Arqueño (1972), Maj. Grady W. Barr (1967), Dennis H. Clark (1965), Jay T. Creighton (1965), Wayne Dittot (1957), Thomas W. Fletcher (1971), Richard L. Lewis (1963), Dr. George E. Lewis (1958), Larry McKinney (1967), Nat. McMinn (1955), Jerry McMahaen (1957), Coy L. Mitchell (1962), Walter B. Moore (1958), Richard A. Paderski (1964), Jim R. Porter (1954), Ennis Puckett (1959), Jack Roden (1963), Pedro F.

Rodriguez (1969), Bill R. Seal (1967), Dilworth P. Thompson (1962), and Gilbert Turner (1956).

Ex-Solon Guilty Of Tax Charge

HOUSTON, Tex. (AP) — David Crews, a member of the Texas House of Representatives from 1961 to 1968, was sentenced Friday to one year suspended sentence and five years probation for failure to file his 1968 income tax return.

Crews, 40, a Conroe attorney, also was ordered by U.S. District Court Judge Allen B. Hanay to pay the back taxes.

The ex-lawmaker was charged last March with failing to file an income tax return for the years 1966 through 1968. He pleaded guilty on April 27 for failing to file the 1968 return.

Mexican Fiesta Tour Plan Extended Until Monday

Deadline for persons who would like to subscribe to the Herald-Presto Mexican Fiesta tour plan has been extended through Monday afternoon, Mrs. Lynn Gray of the First National Bank Travel Service has announced.

The tour will be leaving from Love Field in Dallas just two weeks from today (June 17). More than a dozen have already paid for the tour, which will embrace six days and five nights.

For only \$209, the tourists can insure them a trip to and from the Mexican capital on one of American Airlines' finest planes, accommodations in one of Mexico City's most luxurious hotels (the Fiesta Palace), a tour of Mexico City, daily American breakfasts and many other extras.

Should the subscriber care to fly out of Midland via Continental Airlines and join the rest of the party in Dallas, the round-trip fee will be \$259.

A wonderful treat is in store for those participating in the tour who have never been to Mexico City, which is one of the world's most sophisticated cities.

Little Runoff From Showers

More thundershowers dotted the area Friday night, but little runoff was produced.

Reports reaching the Colorado River Municipal Water District reflected 1 1/2 inches of rain at Snyder and 1.3 at Fluvanna, appreciable change.

northwest of Snyder. However, a survey Saturday morning did not reveal any sizable flow in the creeks which feed into Lake J. B. Thomas.

The Colorado River flowing into Lake E. V. Spence subsided somewhat to about two feet Saturday, but the runoff from Beal's Creek and Big Spring on Friday had not reached that point. Lake levels showed no change.

NOT IN TIME — Gray Matthews of the San Francisco Giants scooted safely on a steal to second base during the fourth inning of play with the Philadelphia Phillies in San Francisco. The throw from catcher Bob Boone was not

time to shortstop Larry Bowa of the Phillies, in an effort to tag out Matthews. The umpire is Billy Williams. Giants scooped the Phillies 11-7.

Streaking Weiskopf Leader In Kemper

CHARLOTTE, N.C. (AP) — Streaking Tom Weiskopf rode a string of three birdies to a third-round 68 and a two-stroke lead Saturday in the \$200,000 Kemper Open Golf Tournament. Weiskopf had a 54-hole total of 203, 13 under par on the hot and muggy, 7,219-yard Quail Hollow Country Club course. Veteran Ken Still and the youthful Lanny Wadkins matched one-under-par 71s and went tied for second at 205 going into Sunday's final round of the chase for a \$40,000 prize.

NEXT WEEKEND Banner Turnout Likely For Meet

A full field of 110 golf teams is expected to compete for \$1,500 in prizes next weekend in the annual Big Spring Partnership tournament at Big Spring Country Club. Entry deadline is 7 p.m. Thursday for the two-day event, which gets under way Saturday morning. Entry fee is \$25 per team, and may be paid at the Country Club pro shop. There will also be a dance at the Country Club Saturday night for golfers and their wives. The meet will feature two flights, Scratch and Handicap. Among the Scratch Flight favorites will be Duncan Boyer and Larry McNeely, both of Abilene, Dr. Bob Johnson and Bill Sikes of Brownfield and Webb AFB linksters John Disoway and Chris Young. Boyer has already won titles at the BSCC Championship Invitational and the Big Spring Municipal Tournaments this year. C. G. Griffin is pro at the par 71, 6940-yard Country Club course. By paying entry fees early, the golfers can get in a few

practice rounds before the tournament starts. Those who want to work on their games will not be charged for use of the course, provided they have paid their money. A total of 57 teams had paid entry fees late Saturday and Griffin said that no more than 110 would be accepted. Among the tandems already entered are Jackie Thomas and Dan Wilkins, Fred and Tommy Wilkerson, Carlton Young and Ted Gross, and Dr. Jim Matthews and Joe Dixon. The Handicap Flight will tee off about 9 a.m., Saturday while the Scratch Flight will wait until about 2 p.m., to depart the first tee.

Pecos Is Headed For State Meet

PECOS — Pecos won the second game in a two-out-of-three battle to win the regional baseball championship over the Lamesa Tornados Saturday night but only after an overtime battle that went into nine innings. Final score was 10-8. The Tors, who got to the state semi-finals last season, put up a valiant effort to save the title. A win would have forced the two teams into a third game. Bobby Herod, senior Pecos baseballer who received the outstanding senior athlete award just last week, knocked a homerun over the fence in the bottom of the ninth with Kyle Johnson on second to swing the decision Pecos' way. The game was tied up 8-8 through 9 innings of play, until Herod hit the homer. Pecos came from behind in the sixth to tie the game after it began to look like the Tors were going to collect an 8-6 victory. The Tors' spirit was dampened when Wayne Hogg, Tornado catcher was ejected from the game in the sixth following an altercation with Pecos' catcher, Mike Sadler, while Hogg was at bat. In the second inning, Phil Palmer was ejected from the game for an altercation at first base. He is the top Tor pitcher but had not started in that position. The Eagles threatened the Golden Tornados in the eighth when Chris Spray hit an over-the-fence double that sent one runner to third and Spray to second. David Maddox walked and filled the bases, but the Tors nabbed the next two runners at home for force outs to retire the side, and assume another inning of play. Rudy Mendoza pitched for Pecos and sophomore Sam Jefferson hurled for the Golden Tors. This was the fourth sport this season in which Lamesa High School went into the playoffs and no other West Texas school can lay that claim. The Tornados were in the playoffs in football, basketball, volleyball and baseball.

Carlos Monzon Declared Winner In Title Bout

MONTE CARLO (AP) — Carlos Monzon of Argentina, taking advantage of his reach, outpointed a lunging Emile Griffith over 15-rounds Saturday and retained the world middleweight boxing championship. Monzon, apparently drained by efforts to make the weight class limit — still had enough left to edge Griffith, a 35-year-old five-time world champion who was fighting in his 21st title bout 15 years from the day he made his pro debut. The unanimous decision might have signaled the end of Griffith's career as a championship class fighter. Monzon, almost six-foot tall, won the fight by scoring well with left jabs, mixed with occasional solid right. The 31-year-old Argentine landed the best punch of the fight in the 14th round, a right to the head that hurt Griffith with 30 seconds left in the round. It was the only time either fighter appeared hurt. Neither ever was in danger of being knocked down. The only cut was on above the right eye of Griffith in the final two rounds, which did not bother him. Griffith, who was knocked out in 14 rounds by Monzon on May 19, 1971, tried to stay close to the champion by lunging past Monzon's reach. The New York veteran, who weighed 157 pounds, appeared strong during the middle rounds. In the ninth he landed a solid right to Monzon's head along the ropes and as Monzon spun off the ropes Griffith shot another good right to the head. But Griffith never was able to put any damaging combinations together and Monzon, who seemed content to stab with his left and look for an opening for his right, was able to close strongly enough to gain the decision. Referee Piero Brambilla of Italy gave Monzon a two-point margin while judges Raymond Baleyroux of France and Karl Berthet of West Germany each had the champion ahead by three points.

Baylor Could Make Run At Crown This Autumn

WACO, Tex. (AP) — The Armstrong had an outstanding Baylor Bears have more than a final spring game. Randy Cavender also is very dependable. The offensive line also should be stronger with starters Gary Dorman at center, Richard Madry at tackle, Tim Mills at Coach Grant Teaff charges in a position to challenge Texas guard and ends Ken Townsend and Charley Dancer all returning.

Under the tutelage of Teaff, a virtual unknown brought here from little Angelo State University last fall. At wingback, 1972 city, Baylor fought to a 5-6 record in 1972, the best mark for the bears, since 1966.

Teaff was rewarded with The Associated Press Southwest Conference Coach of the Year honors, but the 39-year-old lay minister is by no means resting on his laurels.

"We hit every day for 20 days, then our squad got together after spring training and set some very definite goals for 1973," said Teaff. "Those goals may sound too high, but we're looking to win the conference championship. But remember, winning five games sounded unrealistic to many people last year, too."

With 13 offensive and defensive starters returning, Teaff says his major problem in 1973 will be depth at most positions other than the offensive backfield.

"At tailback we've got five men who are capable of helping us—returning starter Gary Lacy (660 rushing and six touchdowns to lead the team last year), Godfrey White, Billy Wilson, JC transfer Steve Beard and Ray Harper," says Teaff.

At quarterback all three 1972 lettermen return, including starter Neal Jeffrey. "Neal is the No. 1 quarterback now," said Teaff, "although Robert

Giants And Cubs Tied For Lead

The Giants tied the Cubs for first place in the National PeeWe League by drubbing the Sparks, 9-4, here Saturday. Both the Giants and Cubs now have 4-1 records.

Hits by Scott Eggleston, Robert Eggleston and Steve Madry helped the winners' cause. The winning hurler was Billy Thompson.

Peterson Maintains Mastery Over A's

NEW YORK (AP) — Fritz Peterson continued his mastery over California Saturday, limiting the Angels to two hits in seven innings and pitching the New York Yankees to a 2-0 victory in a nationally televised game with relief help from Sparky Lyle.

Peterson, 5-6, outdueled fireballing Nolan Ryan and beat the Angels for the 15th time in 19 lifetime decisions. It was the third defeat in a row for Ryan, 6-6.

The Yankees broke through Ryan with two out in the fourth inning. Bobby Murcer singled to left, stole second and scored on Ron Blomberg's single to right-center.

They made it 2-0 an inning later when Thurman Munson drew a one-out walk, went to third on Gene Michael's hit-

and-run single and scored on Horace Clarke's sacrifice fly. The only hits off Peterson were singles by Rudy Meoli in the third inning and Bob Oliver in the eighth.

Tennis Center To Open With Celebration Meet

Big Spring will host an open, Celebration Tennis Tournament next weekend at the Figure Seven Tennis Center, with competition open to players of all ages.

The tourney, celebrating the opening of the new \$60,000 center, will begin at 9 a.m. Friday for juniors, with adults to get action under way Friday at 6 p.m. On Saturday, action resumes at 9 a.m.

Players may register for the meet by calling pro Novice Kniffen at the tennis center (3-8311) or at the high school. Entry fee is \$3 per event. Play will be held in boys and girls 14, 18, and 18 singles and

doubles, men's and women's singles and doubles, 30 and over men's singles and doubles and mixed doubles.

Trophies will be awarded first and second place finishers.

LITTLE LEAGUE Stars Triumph; Stingrays Win

The Stars trounced the Cabots, 4-1, in American Little League competition here Friday evening.

The Stars thus evened their record at 6-6 while the Cabots are currently 7-5.

Scott Bardley, on the pitching rubber for the winners, surrendered only two hits to Cabot. Those were by Roland Maldonado and Pete Hinton and both were singles.

The Stars were blanked until the fifth, when they erupted for all their runs.

For the winners, Mark Burris clammed a triple and Brad Martin a double while Rusty Hayworth collected two hits and Derek Horton, Russell Bokelman and Bradley one each.

The Stingrays hung on to topple the Rookies, 10-9, in American Minor League play Friday.

Hal Willingham, the winning pitcher, yielded nine hits. Wayne Pruitt banged out

three safeties for the winners while John Wilson, Blake Rosson and Layton Stewart each smashed two.

For the Rookies, now 5-6 on the year, Gerald Harmon and John Horton each collected two safeties.

The win was the seventh in 11 assignments for the Stingrays.

The Eagles decided the Astros, 16-4, in National Minor League activity Friday.

For the Eagles, Brent Raney had three hits while Jim Baum and Willie Dunivan accounted for two each.

Baum got credit for the mound victory. He was spelled by Jeff Land.

Eagle centerfielder Steve Wright turned in the game's top defensive play.

The Eagles now boast a 6-6 won-lost record while the Astros are 4-8.

The Cardinals hit the road today, moving to Lamesa to oppose that city's Eagles.

The Red Birds will be at home to the San Angelo Angels and the Odessa Orioles next Sunday.

Probable starters for Big Spring today will be Sammy Rodriguez at shortstop, Pat Martinez Jr., first base; Andy Gamboa, center field; Jessie Zapata, left field; Billy Pineda, third base; Jimmy Fierro, second base; Abel Ramirez or Joe Martinez, catcher; Benny Marquez Jr., right field; and Jody Florez or Orlando Olague, pitching.

Tony Fierro, John Grizzle, Joe Cadenhead and Ismael Paredes will be available for relief work on the mound.

The Cardinals are undefeated in seven starts.

GOOD LAKE SPENCE STRIPER — Hank Baker of Robert Lee has an 8 1/4-pound striped bass to his credit this year, but he is plenty proud of this 4 1/2-pounder. The fish was caught in a deep water section of the lake near the Robert Lee Dam.

Anglers Report Splendid Catches At 2 Reservoirs

Black bass catches were predominant at Lake E. V. Spence during the past week, but there also were several reports of striped bass being landed, along with strings of white bass and channel cat.

At Lake J. B. Thomas, according to reports to the Colorado River Municipal Water District, there was a good mixture of crappie, channel cat and yellow cat.

Lawrence Robinson, Lamesa, landed an 18-lb. yellow cat, and Clifford Robinson, Lamesa, an eight pounder, but these were dwarfed by Calfin Dorman, O'Donnell, who boated a 35-lb. and a 41-lb. yellow catfish at Lake Thomas. Other reports from there included 50 crappie to 2 1/2-lb. for Mr. and Mrs. Rufus Holland, Snyder; 25 channel cat to 2-lb., and 15 crappie to 1 1/2-lb. for Ed Shuler Snyder, also 12 channel 2-lb. cat to Henry Everton, Snyder, Jack Reid, Shallowater, had 15 crappie up to 1 1/2-lb.

The Y. J. Sherrill Marina at Lake Spence showed, from Odessa, Mr. and Mrs. M. L.

Pendleton, 18 blacks to 3-lb., nine channel cat to 6-lb.; C. W. Freeman 6 channel cat to 3 1/2-lb.; Ken Billings and Lee Stone 30 white bass to 2 1/2-lb. Grady Huffman 5-lb. stripers and Mrs. Grady Huffman, 6-lb. striped bass; also Mrs. John Walker, Carlsbad, N.M., two blacks to 5 1/2-lb., Ki Hagen, Robert Lee, 14 blue gill; Isaac Johnson and Harold Oldaker, Midland, 18 blacks to 3 1/2-lb.

Reports from Count's Bait store included from Robert Lee, Nancy Flanagan a 5-lb. striped bass, Hank Baker an 8 1/4-lb. striped bass; Frederick Hely four channel cat to 6-lb.; also Mr. and Mrs. D. L. Reid, Big Spring, 20 crappie to 2-lb. 10

blacks to 2 1/2-lb., and a few yellow cat; Ed Hall and Charlie Burdett, Big Spring, four blacks to 6 lb.; Mr. and Mrs. L. E. Evans and Mr. and Mrs. Toni Dattas, Odessa, 11 blacks to 3-lb., a 4-lb. channel cat, 10 white bass to 2-lb. and a pair of stripers to 2-lb.; Neil Buckelew, Ronnie Reeves and Bill Holland, Odessa, 37 white bass to 1 1/2-lb., one black to 2 1/2-lb.; also Joe Morris 2 blacks to 3 1/2-lb. and Don McCarty, four blacks to 4 1/2-lb. both from Midland; B. C. Scharborough, Petersburg, 10 crappie to 2 1/2-lb., six blacks to 3-lb., and Loyd Mitchell, Colorado City, 2 1/2-lb. black and two channel cat to 4 lb.

From Edith's store came reports of Odessans Charles Colley stringing five channel cat to 3-lb., Danny Hayes two blacks to 4-lb., Lewis Godwin and Hilton Goff 92 channel cat to 7-lb., and a 12 1/2-lb. yellow cat, also E. L. Smithen nine white bass to 1 1/2-lb. In addition, Mr. and Mrs. Joe Henderson, Big Spring, reported five black bass to 3 1/2 lb. and 15 channel cat to 3-lb.; Mr. and Mrs. Wes Thomas, Lubbock, 10 blacks to 4 1/2-lb.; Mike Bobbins and Mike Carey, Hamilton, 21 white bass to 2-lb. and five blacks to 3-lb.; Mr. and Mrs. J. E. Hollis, Robert Lee, two stripers to 2 1/2-lb., 30 white bass to 2 1/2-lb., 14 crappie to 2-lb., 24 channel cat to 3-lb.

Lamesa To Stage Softball Meet

LAMESA — The annual Invitational Softball Men's Tournament, sponsored by the Lamesa Optimists, will have 24 teams participating on the weekend of June 15-17.

Teams have registered for the tourney from Abilene, Alamo, Alamo, Amarillo, Big Spring, Lamesa, Lubbock, Odessa, San Angelo, Seagraves and Tahoka. An Amarillo team is defending champion.

Stanton Tennis Star Accepts Scholarship

STANTON — Tommy Deavenport, 1973 graduate of Stanton High School, has signed a tennis scholarship with Schreiner Institute in Kerrville. He is the son of Mr. and Mrs. Bob Deavenport of 400 W. 3rd St., Stanton.

Tommy went to the Class AA state finals in singles play after winning on district and regional levels the past spring. As a sophomore, he lost in district finals. Last year, he was again defeated in the district championship match by the ultimate state champion. Although only a 17-year-old (he was born Sept. 17, 1955), a young Deavenport has had a long and varied background in the sport.

He won 30 of 35 matches as a senior after having prevailed in 13 of 17 as a junior. In the summer and fall of 1972, he was on the first place doubles team at Snyder, Denver City, Kermit, Monahans, the Big Spring Closed meet and the Abilene Halloween meet. In addition he was a semifinalist in singles play in the Big Spring Open and second in singles at

Kermit and Class B division of the Abilene Halloween tournament and first in the Big Spring Closed tournament. He also competed in Highway 80 tournaments at Midland, Andrews, Crane and San Angelo.

In the spring of '73, he won boys' singles at Iraan, and Ozona, went to the semifinals in Division B of the Odessa singles play, was a quarterfinalist in the same division at Midland, was second in Amarillo boys' singles. He ultimately yielded in the state finals by a score of 6-4, 6-3.

Tommy also played basketball for Stanton High School four years, was second team all-district with a 12-point scoring average his junior year and first team all-district his senior year with a 14-point norm.

Four Alabama Players Will Be In Lubbock

LUBBOCK — Alabama coach Paul "Bear" Bryant, who guided the East squad to a 42-20 victory in 1972, won't be on the sidelines this year in the 13th annual Coaches All-America Football Game but he will have a special interest in the all-star classic since no less than four of his Crimson Tide players will be participating.

The players signing for the June 23 contest are quarterback Terry Davis, the Southeastern Conference Player of the Year, John Hannah, a 6-3, 270-pound offensive lineman; John Mitchell, a 6-3, 235-pound defensive lineman; and Jim Krapf, a 6-0, 242-pound offensive lineman.

Also joining Coach Ralph "Shug" Jordan's East team were Tom Coyne, offensive guard, Michigan; Ed Newman, offensive guard, Duke; Ron Bell, running back, Illinois State; Charles Davis, running back, Alcorn A&M; Ray Guy, kicking specialist, Southern Mississippi; Fred Grambau, defensive end, Michigan; Greg Marx, defensive tackle, Notre Dame; Greg Bingham, linebacker, Purdue; Dave Beck, defensive back, Auburn; and Conrad Graham, defensive back, Tennessee.

Davis was instrumental in leading Alabama back toward the top of the nation's football teams the past two years. He quarterbacked the Tide to a two-year record of 21-3, completing 97 of 174 passes for 1,228 yards and 14 touchdowns.

Players already announced for the East squad include Jamie Rotella, linebacker, Tennessee; Ron Mayo, tight end, Morgan State; Ollie Smith, flanker, Tennessee State; Marvin Roberts, center, Michigan State; Randy Lee, defensive back, Tulane; Don Strook, quarterback, Virginia Tech; Otis Armstrong, running back, Purdue; Chuck Foreman, running back, Miami; Danny Sanspre, defensive end, Auburn; Pat Kenney, flanker, North Carolina State; Daryl Stingley, flanker, Purdue; Burgess Owen, defensive back, Miami; Jim Youngblood, linebacker, Tennessee Tech; Robert Woods, offensive tackle, Tennessee State; and John LeHeum, defensive tackle, South Carolina.

Tickets for the game are available at the Texas Tech ticket office.

Ceremony Performed In Baptist Church

Miss Beckie Mason became the bride of Terry Ray Roby in a ceremony at 7 p.m. Friday in Phillips Memorial Baptist Church with the Rev. C. R. Perry officiating.

Vows were said before an archway entwined with boxwood and doves. Candelabra flanked the altar, with a sunburst arrangement of white gladioli and orchid carnations in the background.

Wedding music was by Mrs. Ken Blackington, pianist, and by Larry Stevenson, Tony Stevenson and Ronnie Stevenson, all of Austin, vocalists.

The bride is the daughter of Mr. and Mrs. C. L. Mason, 1013 Bluebonnet. The bridegroom is the son of Donald Roby, Phoenix, Ariz., and Mrs. Donald G. Christich, 232-A Langley.

The bride wore a formal-length gown of chiffon with a square-cut neck and sheer sleeves puffed from the elbow. The empire bodice was trimmed with lace around the sleeves and front waist. The A-line skirt tied in back with a bow and swept into a chapel-length train. The waist-length veil was attached to a Juliet caplet of lace and seed pearls. Seed pearls also adorned the empire bodice.

She carried a cascade of white and lavender carnations and lilies of the valley tied with satin streamers.

Miss Frances Meade was maid of honor. She wore a dotted Swiss lavender and white floral gown made like the bride's. She wore a lavender garden hat trimmed with braid and carried a nosegay of purple and lavender carnations.

Denise Cristich, half-sister of the bridegroom, was flower girl.

Michael K. Rorrick was best man, while Rod Roby, brother of the bridegroom, and Gerry Christich, half-brother of the bridegroom, were ushers.

Dennis Christich, half-brother of the bridegroom, was ring bearer, and Mark Mason, brother of the bride, and Bruce Christich, half-brother of the bridegroom, served as altar taper lighters.

The bride will be a senior at Big Spring High this fall. She is employed at Cunningham and Phillips Drugstore. The bridegroom graduated from Bitburg,

Germany High School. He is employed by Berkley Homes. The couple will live at 703 1/2 Lancaster.

Before leaving on a wedding trip to Dallas and Fort Worth, the couple was honored at a reception in the church parlor with Mrs. Robert Utecher, Tucson, Ariz., at the guest registry.

The bride's table was covered with a lavender cloth topped with a white lace and tulle cloth. The tiered wedding cake was served on crystal.

The bridegroom's table was covered with a yellow cloth with a lavender candle surrounded by carnations.

The chocolate cake was a centred with wedding bells, and a silver coffee service was used.

Serving were Mrs. Truman Mason, Mrs. Larry Stevenson and Mrs. Bob Anderson. Members of the house party were Mrs. Virgil Smedley, Mrs. Paul Russell, Mrs. Ray Parker, Mrs. William Finley, Mrs. Phillip Palmer, Mrs. Joel Place and Mrs. Don Adams.

Out-of-town guests were Mr. and Mrs. Robert Miller, Arizona; Mr. and Mrs. Larry Stevenson, Austin; Mr. and Mrs. Ed Etheridge, Mr. and Mrs. Carl Smith, Mr. and Mrs. Leroy Napper and Mr. and Mrs. Jim West, all of Odessa; Mr. and Mrs. Terry Napper, Kerrville; Mr. and Mrs. Jim Martin, Lubbock; Mr. and Mrs. O. H. Napper, Mr. and Mrs. Jim Napper and Mr. and Mrs. Doyle Matlock, all of Lamesa.

Rehearsal dinner was given May 31 by the bridegroom's parents in the Downtown Tea Room.

Guests Of Forsanites

FORSAN (SC) — Guests recently of the L. S. Camps were their daughter, Mrs. Boyd Brawley, and a grandson and his wife, the Terry Lee Gooches, all of Odessa.

The Don Murphys, their sons, Steve and Mike, and Miss Gayle Moore have returned from Mount Vernon, Ill., where they visited Murphy's mother, who is ill. They also visited in DeKalb with the Robert Kennedys, in Tyler with the Frank Neis. They also visited Six Flags before returning home. Monday they went to Crane to see a sister of Mrs. Murphy; Mrs. M. E. Petree, who is ill.

Mrs. Vera Harris and Mrs. Jim Craig visited in Andrews recently with Mrs. Idella Alexander. Mrs. Harris attended a family reunion of her late husband's family, the Judds of Haskell County.

Mrs. and Mrs. Bobby Gaaney were guests of the A. P. Oglesbys last week. Guests of the Carrol Coates recently was her mother, Mrs. Gaye Cates, and a brother of Mrs. Coates, Rebel Dowdle, both of San Angelo.

Miss Cheryl L. Raney Marries Dennis Duke In Denton Saturday

Mr. and Mrs. Dennis Dean Duke are on a trip to Springfield, Mo., and Hot Springs, Ark., following their marriage Saturday evening in the Baptist Temple, Denton.

The bride is the former Cheryl Lois Raney, daughter of Mr. and Mrs. Harrel L. Raney, 1006 Stadium, Big Spring, and parents of the bridegroom are Mr. and Mrs. Wallace B. Duke of Gainesville.

The couple will reside at 115 E. Scott, Gainesville, until fall, when they plan to attend Baptist Bible College, Springfield. A graduate of Denton High School, Duke attended Cook County Junior College and is currently employed as a radio announcer at Station KGAP, Gainesville. He is affiliated with Phi Theta Kappa. Mrs. Duke graduated from Big Spring High School and attended Howard County Junior College before transferring to Texas Woman's University, Denton.

Mrs. Allen Curry of Denton, organist, provided a background of nuptial

selections as the ceremony was performed by the Rev. Boyce D. Brannan, pastor. The setting was enhanced with an arch of greenery, candelabra and arrangements of gladioli, purple mums and statice. Miss Beverly Marshall was vocalist.

Carrying a bouquet of gladioli, purple pompon mums, statice and babies'-breath, the bride was attired in a formal white wedding gown. The A-line skirt of satin, overlaid with organza, attached to a fitted bodice of lace over satin with scoop neckline on a sheer organza background which extended to a ring collar. The lace sleeves ended in lower puffs of organza. Her face-framing headpiece was attached to a veil which covered the train of her gown.

The bride's attendants were Miss Patricia Lawder, Houston, maid of honor; and Miss Mary Partin, Brady; Miss Cindy Duke, the bridegroom's sister; and Miss Rhonda Davidson, Spring, bridesmaid. Their identical, A-line dresses were of violet trimmed in lilac lace, and they wore lilac picture hats. They carried a nosegay which was a smaller replica of the bride's bouquet.

Larry Marshall was best man, and groomsmen were the bridegroom's brother, Kenneth Duke; Lanny Curry, Denton; and Steve Simmons, Gainesville. Ushers were Keith Evans and Kenneth Evans, both of Big Spring; and Donnie Turnbow and Jerry Turnbow, both of Fort Worth.

The reception was held in the church parlor with refreshments being served by Miss Grace Hansen, Dallas; Miss Terry Curry, Denton; Miss Judy Arrington and Miss Lou Ann Norris.

The table was centered with a branched can-

deladrum in a base of white and purple flowers. The tiered cake was topped with violet flowers and white doves.

Guests from other cities were Mr. and Mrs. Bowman Roberts, Mrs. Marvin Turnbow, Mr. and Mrs. Doss N. Roberts and Mrs. Ubie Roberts, all of Fort Worth; Mrs. Myrtle Varnell and Karl Evans, both of Big Spring; Mr. and Mrs. Ken Carter, Dallas; Mr. and Mrs. Ronald Davidson, Spring; Allen Curry, Denton; Mr. and Mrs. Bill Curry, Mart; R. W. Roberts, Cisco; and Mr. and Mrs. Robert Couch, Mr. and Mrs. Ed Hinkle and Mr. and Mrs. Pat Bolin, all of Gainesville.

FUTURE BRIDE — Mr. and Mrs. George W. Kloss, 4210 Muir, announce the engagement of their daughter, Deanna Sue, to Jasper Cain Randall, son of Mr. and Mrs. O. D. Randall of Temple, Okla. The couple will be married July 14.

'Quotable Women'

By The Associated Press

"I hate those inevitable 'favorite' questions, all geared to the past. Like 'what was your favorite role, who is your favorite star?' After a while I found myself making up different, conflicting answers to them." Actress Ginger Rogers.

"I think there has been innuendo, hearsay, unproven charges. But I think the American people can sort out the facts from the fiction." Anne Legendre Armstrong, counselor to the President, speaking about Watergate.

"It still has to be decided because with a family such as ours, we have public engagements months before." Princess Anne, on the setting of her wedding date.

"New York City has given me so much, including life, and I want to thank New York and all of you who came out here for letting me come back and give a

little something back." Singer-songwriter Carole King speaking to an estimated 70,000 persons at a free concert she gave in Central Park.

"I visit national corporations, work with consumer groups and try to establish new programs and consumer councils in cities across the nation. And I make speeches, always. A LOVELIER YOU Correct Thoughts Aid Result Of Exercise

By MARY SUE MILLER

Does spot exercise bore you? If so, you do not get the most out of the effort.

How's that? You do not concentrate on the business at hand when it fails to catch your interest. You go wool-gathering and think about most everything else. As a result your muscles laze on the job.

Muscles, like other gold-brickers, need strict surveillance. For example, you could bend 20 times from the waist and get a 10-times result if your thoughts were on other matters. But were you to concentrate on the action, your ideas would be telegraphed to those lazy muscles. They would begin to do their job — to tighten and gird up flesh.

It's a case of mind over matter. Your thought has a "hot line" of communication to your musculature. The way to prove this to yourself is to experiment with the isometric variety (the thinking girl's kind) of exercise.

Try this: Put all your weight on the right leg and push down on the right heel. You should feel a resistive upward pull from the ankle through the thigh. If you do not, you're not holding the right thought. You must command those calf muscles to tense; speak sternly to the knee and thigh network.

Perform before a mirror and see how the muscles snap to. The reaction may be weak and slow at first, but it will increase. Then watch for an improved

MRS. RICHARD CLARK WOMACK

Womack-Zant Nuptial Rites

The wedding of Miss Sheila Zant and Richard Clark Womack was solemnized Friday afternoon in the Vealmoor Church of Christ with Al Jolley, minister, officiating.

A cappella music was provided by a trio comprised of Miss Catherine Jackson, Frank Farmer and Miss Rita Cornet. A poem, "At the Altar," was read by Kem Lockhart.

The bride is the daughter of Mr. and Mrs. Joe Don Zant, Box 20, Vealmoor, and the bridegroom is the son of Mr. and Mrs. J. P. Womack, Box 114, Coahoma.

Carrying a bouquet of red roses, the bride appeared wearing a formal wedding gown of white peau de soie overlaid with organza. The full skirt swept into a chapel-length train, and white daisies trimmed the waistline and extended in two rows to the hemline. Her veil of illusion was attached to a bandeau of white daisies.

Miss Monette Maloney of New Home was the bride's only attendant. She was attired in a pale blue empire gown styled with Juliet sleeves trimmed in white lace. Blue and white carnations, tied with streamers, formed her bouquet.

Decanters Need Careful Cleaning

Decanters are magnificent decorative accents as well as functional containers of sherry, brandy or scotch.

However, the difference in sparkle between a clean decanter and one that needs washing is like night and day. Dusting alone will not do it.

The wines or liqueurs must be poured-out periodically and the bottles carefully washed in hot suds. A small brush will loosen and remove any dirt caught in the crevices. The improved appearance of these valuable possessions is amazing.

Presbyterian Church Scene Of Ceremony

The First Presbyterian Church was the setting Saturday afternoon for the wedding of Miss Kathryn Durah Priest and Larry Wesley Hennig. The bride is the daughter of Mr. and Mrs. Norman F. Priest, 1810 Morrison, and the bridegroom is the son of Mr. and Mrs. Wesley Hennig of Waco.

State University. Hennig earned a degree in teaching and plans to coach high school football in Waco in the fall. His bride received a degree in accounting.

The Rev. R. Earl Price, pastor, performed the ceremony before an altar setting which included a large central arrangement of pink carnations and roses, white mums and babies' breath. On either side were smaller floral arrangements, and the altar rails were covered with greenery and pink carnations.

Mrs. Carl Bradley, soloist, was accompanied by Mrs. Gail Bonner, organist.

The bride was attired in a floor-length, empire gown of white silk organza over taffeta, with bodice, skirt and train adorned with white Alencon lace. Her veil of illusion was attached to a headpiece of white chiffon roses, and she carried a bouquet of pink rosebuds, mums and babies' breath showered with white satin ribbons.

Mrs. Claude Wiedower, El Reno, Okla., served her sister as matron of honor, and the bridesmaids were Miss D-Ann Priest, Houston, cousin of the bride; and Miss Judy Hennig, Waco, sister of the bridegroom. They were identically attired in pink dotted Swiss gowns with ruffled accents at the neckline and hemline. Each carried a nosegay of

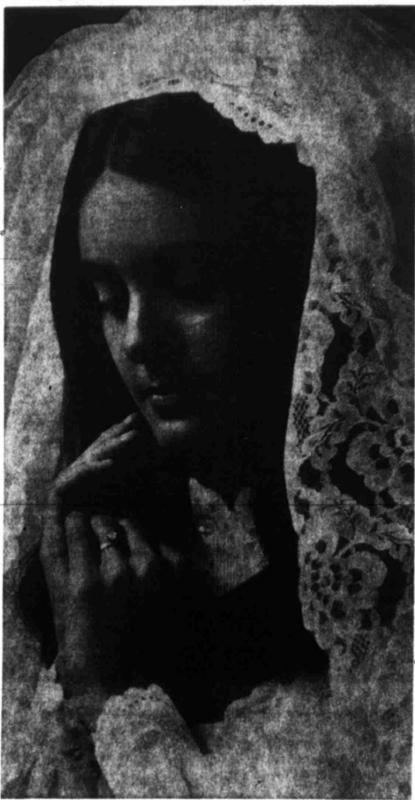

pink rosebuds, pink carnations and white mums tied with pink ribbon.

Douglas Hennig, Waco, brother of the bridegroom, was best man, and the groomsmen were Jickey Harwell and Kirt Slaughter Jr., both of Waco.

The bridal couple was honored at a reception in the Patio Room of Holiday Inn, where refreshments were served by Miss Denise Priest, Houston; Miss Kathleen Moore, Marlin; and Mrs. Glenn Banks, Dallas.

Bouquets of the bride and her attendants were used to form the centerpiece of a table covered with white linen. A tiered, pink and white cake was topped with wedding bells.

Wedding guests from other cities were Mr. and Mrs. Marvin Allen, San Angelo; Mr. and Mrs. Leo Hennig, McGregor; Miss Denise Daniel, Simonton; Miss Ouita Moseley, Brady; Mrs. Florence McNew, San Antonio; Mr. and Mrs. D-Eon Priest, Houston; Mr. and Mrs. Roland Schwarzenbach, Coahoma; and Mr. and Mrs. Dean Wiedower, Houston.

MRS. BOBBY GAYLON MEALER

Couple Recites Vows In Methodist Church

Wedding vows were exchanged by Miss Elizabeth Jean Campbell and Danny Lee Ballard at 8 p.m., Friday in Wesley Methodist Church during a ceremony performed by the Rev. Caleb Hildebrand.

Upon returning from a wedding trip to Ciudad Juarez, Chihuahua, Mexico, the couple will reside at 1303 Pickens. The bridegroom, son of Mr. and Mrs. D. G. Ballard, 2702 Lynn, is a Big Spring High School graduate. He is currently retail manager for Cactus Paint Mfg. Co. The bride, a BSHS student, is the daughter of Mr. and Mrs. Craig E. Campbell, 2511 Fisher.

MUSIC

Background organ music was played by Mrs. Ernest Faubion, and the church was decorated with baskets of white chrysanthemums and branched candelabra.

Carrying a cascade of glamelias and stephanotis, the bride was attired in a traditional floor-length gown; the bodice of white lace over white satin styled with scoop neckline and conventional waistline. The long sleeves were edged with organza ruffles at the wrists. The A-line skirt of white organza over white satin was trimmed in ap-

pliqued lace and circled at the hemline with a wide ruffle. Matching lace edged her floor-length tulle veil.

Miss Julie Seay, Lubbock, was the maid of honor, and bridesmaids were Miss Linda Ballard, sister of the bridegroom; Miss Marianne McLaughlin and Miss Carole Cone. Their identical gowns, featuring puffed sleeves and scoop neck, were of pale lavender sheer with white floral design over darker lavender. They carried nosegays of lavender pompons and babies' breath.

Terry Rosinbaum of Clyde was best man, and the flower girl was Julie Farmer, Andrews. Ushers were Robert Campbell, Lubbock, brother of the bride; Danny Wood and Gary Compton. Miss Martha Rogers lighted the altar tapers.

RECEPTION

Miss Linda Curtis registered guests who attended a reception in the church parlor. Refreshments were served by Miss Rogers, Miss Vivian Farmer, Andrews; Miss Becky Rosinbaum of Clyde. Crystal and silver appointments were used. The bride's table was covered with white organza trimmed with lace and centered with her bouquet and a branched silver candelabrum entwined with ivy. The tiered cake was topped with wedding bells. The bridegroom's table was laid with white organza over green, and chocolate cake was served.

Out-of-town guests were Mr. and Mrs. G. G. Ballard, Levelland; Mr. and Mrs. Orin Ballard, Monahan; Mr. and Mrs. Ed Farmer, Andrews; Mr. and Mrs. Jack Rosinbaum, Clyde; and Mr. and Mrs. Richard Guthrie and Mr. and Mrs. Tony Hilburn, all of Abilene.

The bridegroom's parents hosted a rehearsal dinner Thursday evening at the Spanish Inn.

Nuptials Solemnized Friday In Sanctuary

Miss Sharon Moore and Bobby Gaylon Mealer were married at 8 p.m. Friday in First Assembly of God, Snyder, with the Rev. Randall Ball, pastor of First Assembly of God, Big Spring, officiating.

An archway covered in greenery was illuminated by flanking candelabra. Music was by Miss Sandy Grapp, pianist, and Miss Deweylene Forbes, vocalist.

The bride is the daughter of Mr. and Mrs. Wayne Moore, Snyder, and the bridegroom is the son of Mr. and Mrs. R. O. Mealer, 1805 Main.

The bride wore a floor-length gown of organza with sheer bishop sleeves and be-ribboned empire silhouette trimmed with sequined scalloped Chantilly lace. Matching lace extended the length of the train and outlined her long veil of illusion. She carried a cascade of yellow roses, yellow and white carnations and Fuji mums.

Matron of honor was Mrs. Jerry Moore, Snyder, sister-in-law of the bride. She wore an empire gown of yellow floral, with sheer Juliet sleeves, and yellow wide-brimmed hat.

Bridesmaids were Mrs. Kenneth Tate and Miss Debra Murphy, both of Snyder; and Miss Tammy Odom. They wore dresses patterned after that of the matron of honor and carried bouquets of yellow and white daisies with green streamers.

Preston Mealer, Odessa, served his brother as best man. Groomsmen were Nicky Hood, Gary Barkley and Ricky Shortress, the latter of Odessa. Jerry Moore, Snyder, brother of

the bride, and Skippy Eggleston were ushers.

Melody Way of Hobbs, N.M., was flower girl. Ring bearer was Russell Robb of New Windsor, Ill.

The bride is a graduate of Snyder High School and Western Texas College. Mealer is a graduate of Big Spring High School, attended Howard County Junior College and graduated this year from Western Texas College. The couple will live in Odessa.

Preceding a wedding trip

to Dallas, the couple was honored at a reception in the church fellowship hall. The tiered cake was circled by the attendants' bouquets.

Servers were Miss Pamela Petty, Post, and Miss Cindy Jenkins, Snyder. Miss Sharron Autry resided at the registry.

Women Prefer Halloween Look

Despite attempts to get the women of America into a ladylike look, the halloween look may hang on.

Many women have such a wardrobe of mixes in matches and pants, for example, that they're not going to run up the white flag. The young of the land, besides, like the halloween look. It is strictly non-copycat. Anywhicway, it is one of a kind.

Seersucker Is Coming Back

The renewed interest in the classics for the '70s has brought seersucker back to the American way of life. Patterns range from stripes, checks and solids to the bold look of big plaids and demure tiny petal prints. This wash and wear "old newcomer" can be found in skirts, pants, jackets, dresses, halter tops and vests. Attractively fresh and light, seersucker is perfect for summer.

Classes For Expectant Mothers

The Dora Roberts Rehabilitation Center will offer a special class for expectant mothers which will begin at the Center on June 5. Each class will be held on Tuesday at 1 p.m. and will run for four weeks. At the end of each four-week period, a new class will begin. This is to be a continued program as long as there is enough participation to warrant it.

The mothers must be enrolled in the class before its beginning, and no applicants will be accepted into that particular class once it begins. Those particular applicants will be entered into the next class.

The class is a special prenatal and postpartum exercise program emphasizing proper body mechanics and muscle strengthening. It will be taught by a licensed physical therapist. As physician's referral will be required.

Any interested mother should contact her physician who can refer the mother to the Center. Those expectant mothers who are interested should call the Dora Roberts Rehabilitation Center for registration and information.

MRS. BRADFORD JACHIN HULL

Bradford J. Hulls To Reside Near Stanton

Mr. and Mrs. Bradford Jachin Hull, who were married at 8 p.m., Saturday in First United Methodist Church, Stanton, plan to make their home south of Stanton where he is engaged in farming. Both are graduates of Stanton High School.

The bride is the former Linda Kathy Linney, daughter of Mr. and Mrs. Richard Leroy Linney, and the bridegroom is the son of Mr. and Mrs. Homer Lee Hull. All are residents of Stanton.

The ceremony was performed by the Rev. Floyd Dunn as the couple stood before an arch flanked by tapered candelabra. Roy Koonce, vocalist, was accompanied by Mrs. Roy Koonce, organist.

The bridal attendants were Miss Judy Henley, maid of honor, and Miss Elizabeth Flanagan and Miss Cindy Wheeler, bridesmaids. They were identically attired in empire gowns of green crepe fashioned with oval neckline and a large collar.

The bride was attired in a wedding gown of white organza; long, full sleeves cuffed with lace, complementing a bodice enhanced with rows of white lace. The A-line skirt swept into a chapel-length train.

Her illusion veil was attached to a headpiece of organza petals trimmed with seed pearls and lace. Her all-white bouquet was an orchid surrounded by carnations and babies' breath.

The bridegroom's father served as best man, and groomsmen were Bobby Don Hull, uncle of the bridegroom; and Jackie Rudd of Tarzan. The bridegroom's brothers, Denneth Hull and Garry Hull, were the ushers, while Brady Long of Big Spring served as ring bearer.

Altar tapers were lighted by Miss Teressa Hull, sister of the bridegroom, and Miss Cindy Herzog.

The fellowship hall of the church was the scene of a reception immediately after the ceremony. The bride's table was laid with a lace cloth over tiered flouncers and centered with an arrangement of white carnations and candles. The bridegroom's table held a large candle in a wrought iron holder encircled with white carnations.

Assisting in serving refreshments were Miss Debbie Linney, sister of the bride; Miss Luane Lee Lovington, N.M.; Miss Mollie Adkins Lomax; and Miss Kathy Decker. Mrs. Leslie Posev, sister of the bride, presided at the guest register.

Moistening Face Aids Complexion

Take time each evening to moisturize your face and neck area to keep a smooth, glowing complexion. And don't forget your eyelashes.

When you remove mascara, spend extra time gently rubbing a cream or vaseline over the lashes to keep them looking long and silky.

Miss Kelso Becomes Bride Of Robert Milton O'Daniel

Miss Cindy Lou Kelso became the bride of Robert Milton O'Daniel in a candlelight ceremony performed by the Rev. Monroe Teeters at 6 p.m., Saturday in First Baptist Church, Coahoma.

Randy Lowe, Vincent, and Donald Kelso, Sand Springs, brother of the bride. Pat O'Daniel and Kenny Kelso, brothers of the bride couple, lighted the altar tapers.

RECEPTION

Immediately after the ceremony, a reception was held in the fellowship hall of the church, where Mrs. James Blair presided at the registry. Assisting in serving refreshments were Miss Rose Marie Thixton, Miss Teresa Cooper, Miss Cindy Parrish and Mrs. Marie Wimberly, the latter of Baton Rouge, La.

A white satin cloth, floor-length and trimmed with lace, covered the bride's table. The centerpiece was the bride's bouquet placed by a plaque featuring the wedding invitation, and the tiered cake featured cupids and a cascade of sweet peas. The bridegroom's table was laid with a green linen cloth, and the chocolate cake was topped with a golden coach.

WEDDING TRIP

After a trip to Fort Worth, Dallas and Temple, the couple will reside at 205 S.

First, Coahoma. O'Daniel, a 1973 graduate of Coahoma High School, is ranching and working with his father at the O. D. O'Daniel Jr. Trucking Company. The bride, also a graduate of CHS, is employed at the trucking company.

Out-of-town guests were Mr. and Mrs. R. C. Kelso, the bride's grandparents; Mr. and Mrs. Gene Kelso and Wayne Kelso, all of Temple; Mrs. Don Miller, the bride's grandmother, and Mrs. George Tedrow, both of Bloomington, Ill.; Mrs. Annie Haley Pouncey, the bridegroom's grandmother, Baton Rouge, La.

Mr. and Mrs. Bill Hammack, Austin; Mr. and Mrs. M. D. Williams, Mr. and Mrs. Bob McGuire and Mrs. and Mrs. Bill McGuire, all of Colorado City; Mr. and Mrs. David Haley, Anson; Miss Mary Jon Turner, New Orleans, La.; and Mr. and Mrs. Allie B. Cook, Garden City.

Fifty guests attended a rehearsal dinner hosted by the bridegroom's parents at the Holiday Inn, Big Spring. A large arrangement of Shasta daisies accented the head table, and smaller companion arrangements were used on the other tables.

A prelude of nuptial music was performed by Mrs. Guy White Jr., Lubbock, organist; Mrs. Roney Wood, pianist; and Dwayne Clawson, vocalist. The altar setting featured a column arch adorned with boxwood and flanked by white columns holding urns arranged with white mums, yellow carnations and lemon leaf. Baskets of mums and carnations completed the decorations, and the setting was illuminated by spiral candelabra.

The bride was attired in a bouffant gown of white organza, styled with tiny tucks over the bodice and extending lengthwise on the sheer, fitted sleeves. The high, rounded neckline was finished with a lace ruffle, and bands of the lace were repeated at intervals on the sleeves. Her headpiece was a garden hat of dainty white lace, from which flowed veiling of sheer tulle. She carried a bouquet of white daisies, Sweetheart roses and babies' breath centered with an orchid and tied with French picot ribbon.

Attending the bride as maid of honor was Miss Patricia Rorick, Sand Springs, and bridesmaids were Miss Shirley Watkins, Big Spring, and Miss Darlene Jacobs. They were identically attired in floor-length gowns of aqua crepe styled with empire waistline and short sleeves. Aqua and green lace outlined the V-neck, crossed in front and circled the waist. Their aqua garden hats were accented with green velvet ribbon, and each carried a bouquet, similar in design, featuring green and blue carnations, babies' breath and stephanotis tied with green and blue streamers.

Bobby Reid served as best man, and groomsmen were

Keep Ironing Covers Clean

Cotton ironing board covers are popular and when treated with silicone or Teflon they become smoother and more scorch- and water-resistant.

Certain synthetic fabrics have been specially developed to withstand temperatures up to 600 degrees.

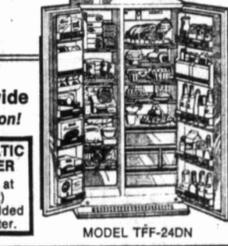

But no matter what type of ironing board cover you buy, keep it clean. Some may be wiped clean, others machine laundered, so check the manufacturer's instructions. It is pointless to iron clean clothes on a dirty surface.

MR. AND MRS. H. B. MABRY

(Photo by Danny Valdes)

Former Residents Are Back In Business

By BARBARA LORD
In the past three weeks, Mr. and Mrs. H. B. Mabry have moved, bought a home and bought a motel and restaurant. It's been a busy time, filled with hard work, but enjoyable because the Mabrys are back to country they like and people they know.

The Mabrys are the new owners of Ponderosa Motel and Restaurant. They are not new to the motel business, still owning half interest in one in Cleburne where they lived prior to moving here. Neither are they new to Big Spring.

Mr. and Mrs. Mabry worked for Cosden Oil and Chemical Company from 1955 to 1963, when they were transferred by Fina to Dallas.

"Dallas is to big and too busy," said Mrs. Mabry (Evelyn). After a year in the city, they decided to go into business for themselves and bought the Cleburne motel. About 10 months ago they sold half interest in the motel, turned over its management and "retired."

HARD WORK

"The motel business gets in your blood," said Mabry. "It's hard work, but we missed it, so we started looking for another one to buy." After several months of searching in a lot of cities, the Mabrys decided to return to Big Spring.

"We like this good old dry West Texas climate," said Mabry. The couple was married 32 years ago today and have lived in many sections of the country, including Washington, D.C., San Francisco, Calif.; Seattle, Wash.; Dallas and other cities.

"I still remember when we lived in Seattle and it rained every day," said Mrs. Mabry. "I used to think, 'Oh, for a good old Texas dust storm.'"

Although Mr. and Mrs. Mabry prefer Texas, they decided long ago that it's attitude rather than location that makes a place enjoyable. Since returning to Big Spring, they have already renewed a lot of former acquaintances just by running into people they used to know.

"We've been awfully busy since we got here," said Mabry, "but there are a lot of people we plan to look

up as soon as things settle down." The couple bought a home at 428 Ryon where they reside with their 12-year-old Daschund, Gus, "a member of the family."

The Mabrys think the motel business is exciting and challenging. They meet people from all vocations and backgrounds, and enjoy the hurried and hectic schedule. Most motel guests on weekdays are salesmen or other businessmen, but Mabry said the weekends bring in families and larger groups.

The booming camper truck and trailer business has not had much effect on motels, according to Mabry, because more people are traveling now. He said that even people with campers

usually spend two or three days of a two-week trip in a motel.

MOTEL APPEAL

"Motels still draw campers for a number of reasons," said Mabry. "People want to stop and freshen up after a few days of camping. The swimming pools at motels have a lot of appeal, and bad weather often drives campers into motels."

Mr. and Mrs. Mabry were both born in Oklahoma. During their leisure time they enjoy bowling, tennis, ping pong and swimming. Also, there is a lot of social activity connected with the motel business.

"We belong to several motel associations that have workshops and conventions to help owners and managers keep abreast of current trends in the business," said Mabry.

Mr. and Mrs. Mabry both graduated from Southwest State Teachers College, Weatherford, Okla. She majored in education and he received his degree in business administration. Neither of them have had any courses in motel or restaurant management.

"I'm convinced the only way you can learn this business is to buy one and get into it," said Mabry. "We love it. We meet choice people." Getting the new business fixed up to suit their standards is taking most of the Mabry's time, and they are being assisted by Mr. and Mrs. Claude Tankersley of Amarillo who operate the restaurant portion of the business.

ENGAGED — Mr. and Mrs. Curtis Glen Flanagan, Stanton, announce the engagement and forthcoming marriage of their daughter, Elizabeth Ann, to Michael Wayne Cook, son of Mr. and Mrs. Wayne Cook, also of Stanton. The couple will marry Aug. 3 in the First United Methodist Church, Stanton, with the Rev. Rinehold Schmitt, pastor of St. Josephs Church, Stanton, officiating.

Loop Turner Is Seamstress' Aid

To turn bias tubing after stitching often maddens seamstresses. The tiny tube of fabric, too narrow to respond to unaided fingers, has been exasperatingly poked at with a steel knitting needle — only to creep, bunch and escape.

But now there is a special tool, a loop turner. The manufacturer says it makes

tube-turning easy, right side out with no trouble and in a few minutes. It is a slender steel shaft with a latched hook at one end and ring handle at the other. It is suited to dressmaker tubing of all kinds.

Hints From Heloise

Dear Heloise:

Recently our daughter, whose birthday is the same as mine, and is now away from home, sent me a lovely bouquet of flowers by wire on our mutual birthday.

I wanted her to see how pretty the blossoms were, so I took a colored picture of them and mailed it to her.

She was delighted to see what her gift to me actually looked like and I thought perhaps your readers would like to take this pleasing way to say "thank you" the next time a loved one sends flowers across the miles. ... Marie Ousterhout

What a lovely idea I think most of us wonder just what the flowers look like that we have sent by wire and would be delighted to receive a picture of them. ... Heloise

Dear Heloise: Would you believe that my husband came to bed with shaving lather all over his face last night and absolutely refused to remove it until I removed my cold cream? ... Bride of 30 Years

Dear Heloise: Put a dot of nail polish on the inside of the hems

of your sheets at the middle fold. The middle is always visible, if the ironing crease is gone. ... Mrs. H.H.

Dear Heloise:

I discovered, quite by accident, that if you heat the butter or oleo in your saucapan before you add the other ingredients for your German chocolate icing, it doesn't stick to the bottom of the pan as much as when you don't heat the butter first.

The same works for that treat you make for the kiddies out of that crispy rice cereal.

I really enjoy reading your column in the paper. I've used your hints for years! ... A.M.

And did you ever try rubbing some butter or oleo on the side of the pan in which you are going to cook up a batch of fudge?

This really works. None of the candy sticks to the side of the pan, so it's easier to pour the fudge out of the saucapan. ... Heloise

Dear Heloise: I have no really good household hints (that I haven't gotten from you), but I enjoy your column tremendously. It's the first thing I read in the paper.

So you keep writing! I'll keep reading!

By the way, I've used an awful lot of your suggestions and they really work! ... Irene Ponce

Another ingenious reader used nylon fishing line to string her beads. Your idea is wonderful, Carmelita. ... Heloise

Dear Heloise:

Do you ever wake up in the morning with tired puffy eyes? If you have tea drinkers in your family, you've got it made!

After you have brewed your tea, put the warm, moist tea bags on your eyes. I've even kept them warm for awhile longer by dunking them in a cup of hot water.

Sure makes the eyes feel good — and to think of all the tea bags I used to throw in the garbage! ... Roberta

This column is written for you... the housewife and homemaker. If you have a hint or a problem write to Heloise in care of the Big Spring Herald. Because of the tremendous volume of mail, Heloise is unable to answer all individual letters. She will, however, answer your questions in her column whenever possible.

Says Vows In Church Rites

Miss Crisseda A. Cowan and Robert M. Kelly were united in marriage with vows solemnized Saturday at 7 p.m. in St. Paul Presbyterian Church by the Rev. Jim Collier, pastor.

Miss Cowan, who has resided at 1904 E. 25th, Apt. 114, is the daughter of Mr. and Mrs. Gordon E. Cowan, Kingsland, and Mr. and Mrs. C. B. Baker, Colorado Springs, Colo. The bridegroom, who resides at 4125 Burke, Apt. A, North Little Rock, Ark., is the son of Mr. and Mrs. Jim Layman, 3228 Cornell.

The couple will be at home in North Little Rock where he is associated with Cable Television, Inc.

The ceremony took place in the sanctuary, decorated with a center tree palms flanked by candelabra. Mrs. Tom Burns was organist.

The bride wore a gown of white dotted Swiss with empire waist and square neckline embroidered with white daisies with yellow centers. The short puffed sleeves were also trimmed with daisies, and the floor-length skirt was gathered in three tiers. She wore a yellow wide brimmed hat and carried a round bouquet of white and yellow daisies.

The maid of honor was Miss Sally Anne Mays, San Antonio, who wore a yellow empire floor-length gown with white flocked daisies, a yellow hat, and carried a single yellow rose.

Dan Brown, Fort Worth, was the best man. Ushers were Maj. Dudley Dvorak, Altus, Okla.; Julian Kelly, Uvalde; and Don Averitt.

At the reception in the church parlor, the table was covered with a white cloth of tulle with daisy clusters. The centerpiece was the bride's bouquet and a silver candelabrum. The tiered cake, topped by wedding bells, was served by Miss Connie Thompson, O'Fallon, Mo., and Miss Kathy Conley. Chrystal appointments were used. Presiding at the bride's book was Mrs. Don Averitt.

The bride is a graduate of Thomas Jefferson High School in San Antonio and the University of Texas at Austin with a BS in nutrition. She has been serving as clinical dietitian at the Veterans Administration Hospital. Kelly is a graduate of Big Spring High School, Howard County Junior College and a former student of West Texas State University in Canyon.

Out-of-town guests included Mr. and Mrs. Wayne Baker, Denver, Colo.; Larry Baker, Fort Worth; Charles Keck, Bel Air, Md.; Miss Annette Taut, San Antonio; Mr. and Mrs. R. C. Mays, San Antonio; Miss Ann Black, Fort Worth; Mrs. M. C. Jones, Quitaque; Mrs. D. R. Layman, Hermleigh; Mr. and Mrs. Richard Brown, Denton; Mr. and Mrs. Woodrow Frazier, Haskell.

Takes Top Honors In Card Play

Club Tournament Day was held Friday when duplicate bridge games were held at Big Spring Country Club, and first place went to Mrs. John Rhodes and Mrs. Henry Bell.

Mrs. Wally Slate and Mrs. Morris Patterson placed second, and Mrs. Elmo Wasson and Mrs. E. O. Ellington came in third.

The three-way tie for fourth place involved Mrs. J. H. Fish and Mrs. A. Swartz, Mrs. W. J. Harris and Mrs. W. R. Hall, and Mrs. E. L. Powell and Mrs. Hudson Landers.

Quick Dessert To Make Ahead

Quick and easy to prepare ahead.

FROZEN BANANA CREAM
 1 tsp. unflavored gelatin
 2 tbsps. orange juice
 4 ripe medium bananas, finely mashed (1 1/2 cups)
 1/2 cup confectioners' sugar
 1 tsp. lemon juice
 1 container (8-oz.) heavy cream

In a metal measuring cup sprinkle gelatin over orange juice and allow to soften — about 5 minutes. Stir over very low heat (or place cup in a small skillet of hot water over the heat) until gelatin dissolves. In a small mixing bowl stir together the bananas, sugar and lemon juice; stir in dissolved gelatin. In a medium mixing bowl whip cream; fold in banana mixture. Turn into a freezing tray and freeze until almost firm; break up and beat; return to freezer until firm.

Cover tightly with plastic wrap and keep frozen until ready to serve, then let stand briefly in refrigerator or at room temperature until slightly softened. The color of the Frozen Banana Cream will be a little lighter than that of mashed bananas. Makes 6 to 8 servings.

Wipe Splatters

Slush-spattered hose will spoil the effect of an otherwise well-groomed appearance.

Those splashes are easy to wash away with a sudsy cloth once you reach your destination. Lather with soap suds, wipe your legs right through the nylons and, the soiled spots will disappear.

Just Curious

Dear Abby
 Abigail Van Buren

DEAR ABBY: Since this is anything but complimentary to women I'm sure you won't print it, but I'll write anyway.

When an X-rated movie comes to town, the women flock to see it in droves. Many come by themselves. I'm not referring to just mildly pornographic films, I'm talking about the really rough ones which leave nothing to the imagination.

I've attended such movies and I notice the women's reactions are no different than the men's. Occasionally strangely enough, it's the women who usually stay until the very end. How do you feel about such movies?

I have always heard and read that women are not turned on by the visual the way men are. If that's true, what are they doing there? Care to comment?

MADE MY POINT
 DEAR MADE: So you've made your point; the point being that you suspect that women are just as "turned on" by the visual as the men are. Could be. But most people flock to X-rated movies (at least once) because they are curious — not necessarily because they want to be "turned on." And if the morals squad would just ignore them instead of staging raids, confiscating film, and arresting exhibitors and patrons, thereby giving these trashy movies millions of dollars worth of free advertising in the press, they would die a slow death.

DEAR ABBY: I would like your opinion of this situation: A girl of marrying age (18-20) leaves town for an abortion. This is a family secret — or so she thinks. She returns and begins planning a big formal church wedding — white gown, veil, and all.

Are we, her friends who are wise to all this, supposed to act dumb? Should we buy her shower and wedding gifts and dance at her wedding as though nothing had happened?

I don't like to be made a fool of while she and her family think nobody else knows the whole story.

HATES HYPOCRITES
 DEAR HATES: If you would feel less "a fool" were you to tell her that you know the whole story, tell her. But if you buy her shower and wedding gifts and dance at her wedding, she might mistake you for a friend, so unless you identify yourself, you're also a hypocrite.

Expanded Opportunity

As the Big Spring State Hospital embarks upon its 35th year of service to Texas and particularly this region, it does so with prospect of the best financial support it has ever had.

Dr. Preston Harrison, whose long tenure as superintendent has been marked by humanizing of the treatment processes, took note of this last week by observing with gratitude that the Legislature has done well by us.

Rep. Renal Rosson confirmed this with figures from the appropriations bill which provides a total of \$10,767,848 for the biennium beginning Sept. 1, an increase of three million dollars (including a construction item).

The first year will provide \$4,792,446 of which \$3,033,338 will be payroll; the second year will furnish \$5,495,670, of which \$3,724,618 will be payroll. As mentioned, another \$355,980 will be spent for renovating and modernizing the administration building.

But the real story is not in these dollars — it is in what these dollars will accomplish in the lives of people.

The hospital will have a more adequate and a better-paid staff, an excellent combination which best says "thanks" to a compassionate group. It will be enabled to press forward with several

innovative programs and to go even further in its goal of individualizing — perhaps personalizing — is the better word — treatment.

Our hospital has come a long, long way in three and a half decades when the general accepted format for a state mental hospital was largely custodial care. Even for rational patients, this would have been a demoralizing experience, but in tribute to the ruggedness of the human personality, some recovered regardless.

With the discovery of the psychotropic drugs, the professional staff got a new handle for treat-

ment, but nothing like the one that come with the recognition that the best medicine of all is treatment that says "we care for you."

The poor patients never had a lobby or special interest group to fight for them, but the provisions by the Legislature is a testimonial of appreciation of what staff and volunteers have been doing — and an expression of confidence of what tremendous things can be done. We have an abiding faith that our hospital will justify every bit of that confidence and every penny of these appropriations.

Not In The Least Funny

The end of school had brought a repetition of nutty practice of some previous years namely the painting of buildings and public structures.

This time several individuals have been picked up and dealt with by fine or by compulsion to restore the structures to their original state.

Among the things defaced — we certainly won't say decorated — was the VA Hospital water tower.

Besides being an exercise in danger and extremely poor judgment, this might invite investigation by federal officers, who are not prone to be as understanding and tolerant as those nearer at home.

Those responsible for these defacements should be impressed that this not only presents an ugly and costly spectacle, but it is not in the least funny. Makes you wonder if the education really registered.

My Answer

BILLY GRAHAM

In our church when the sermon is finished, our minister invites people to "walk the aisle," presumably to "accept Christ." All they do, however, is to sign a card, and the congregator votes on their acceptance. Do you believe this is all that is required to really meet God? P.C.

It depends a great deal upon the individual, and the depth of conviction and resolve they possess when they "walk the aisle." I am sure that many people make a lasting decision in this way. I am equally sure, however, that others need further prayer, counseling and instructions. In our crusades we go to great lengths to make sure that everyone is dealt with adequately, and yet we know that some who come forward are never brought to a meaningful decision.

I believe that all churches, and all evangelists should consider well the point you make. When a person is moved to make a public acknowledgment of Christ, he should know it is just the first step in a growing relationship. Inquirers should be followed up painstakingly and carefully, until the leader is sure that these people comprehend what a Christian decision really means.

Don't fault your minister for his invitation, although there's always the danger of a person becoming a mere statistic. Responsibility for growth, that is providing a convert with nourishment and encouragement, is really the job of the whole church.

THESE BUGHTERS DON'T REALIZE WHO THEY'RE DEALING WITH!

Ultimately, we Christians function like the catalyst in a chemical reaction — we merely facilitate it. The work of introducing people to God is something He has reserved for Himself. We are honored, however, to be co-laborers in the divine process.

Russia Still Feared

Marquis Childs

SHANGHAI — In the courtyard of the Cotton Textile Dyeing and Printing Plant No. 1 men and women are digging like beavers in an excavation about 100 yards square. Already down to a depth of about 14 feet they are hauling out the muck in small pushcarts.

THIS IS to be an air raid shelter that will eventually accommodate the 2,100 workers in the plant when the tunneling goes forward under existing structures. As the central area is completed, and roofed in, the garden that was in the center of the courtyard will be replaced. The shelter will be concealed with a secret entrance.

In cities all over China and in many smaller towns a network of tunnels have been built to meet the threat of an attack by the Soviet Union. Mao Tse-tung's words are emblazoned everywhere: "DIG TUNNELS DEEP, STORE GRAIN, NO HEGEMONY."

AND AT every level the stress to the visitor is on the Soviet menace — a million Russian troops on the northern border, a constant barrage of hostile propaganda, the steady increase in Soviet military power in neighboring Outer Mongolia.

It is a recital not so much of fear as a stern resolve to meet the threat reinforced by a constant flow of propaganda and a powerful army.

The profound shock of 1959 is at the root of much of China's policy today. The Russians tore up their contracts, called home the advisers and specialists who had been working on a variety of projects and left half finished developments around the country. The villain is Nikita Khrushchev, the then Soviet premier.

THE CLASHES along the northern border followed. What that fighting may have cost the Chinese in casualties is one of the many secrets that neither the Chinese nor any

foreigner can know. Tension, fear, deep-seated hostility and suspicion were heightened.

In private expression at the top level the fear of Soviet attack is acknowledged to have lessened. Several years ago a Soviet pre-emptive strike might have wiped out the Chinese nuclear development at Lop Nor. That development has been diffused, and today the Russians would almost certainly sacrifice one of their cities, perhaps even Moscow or Leningrad, in return for such a strike.

THIS IS a measure of Chinese progress in the nuclear-missile field. At the same time high officials insist China will never become a super-power. "You and the Soviet Union are at the top of the mountain," the reporter is told. "That is a dangerous position and we have no desire to go there."

Though the danger of an attack may have abated, it is hard to see any relaxation of the tension and the hostility. The origins of that hostility go back to the supine China of czarist days and the Russian thrust into Asia with India as the ultimate goal. Along with the other European powers Russia had cut chunks off the flank of helpless China. This included the port of Darien, which was returned to the People's Republic after World War II.

"THE CHINESE government has never demanded the return of the territory czarist Russia had annexed by means of unequal treaties. On the contrary, it is the Soviet government that has persisted in occupying still more Chinese territory in violation of the stipulations of these treaties and, moreover, peremptorily demanded that the Chinese government recognize such occupation as legal," said a 1969 government statement.

'Inflation Flood Subsiding'

The Week's Business

- Composite of economic indicators down first time 2½ years.
- But dollar weakens still further on foreign markets.
- Gold continues to soar; hits \$115 (one quotation was \$120)
- Administration considers 4-cent gasoline tax as a curb.
- Plastics industry warned about 'nonburning' insulation claims

NEW YORK (AP) — There was more uncertainty for the U.S. economy this past week as the dollar weakened on foreign markets and gold reached new highs.

The government announced its composite index of leading economic indicators declined in April for the first time in 2½ years.

Herbert Stein, chairman of the President's Council of Economic Advisers, said the downturn "tends to confirm" evidence accumulated last month that the nation's booming economy is cooling and the "flood of inflation is subsiding."

INDEX IS DOWN
The index, which often foreshadows broad movements in the economy, fell 0.6 per cent in April to 111.3 per cent of the 1967 average. It was the first decline since a 0.8 per cent drop in October, 1970.

In the continuing worries about a gasoline shortage, Treasury Secretary George Shultz said the Nixon administration was debating whether to raise the present four cents-a-gallon federal excise tax on gasoline as a way of reducing demand.

Schultz said no decisions had

been made. The dollar dropped on foreign markets and the price of gold soared. Analysts abroad said it reflected continued uncertainties about the U.S. economy and Watergate.

GOLD AT RECORD
Gold hit a record \$115 an ounce and the dollar dropped to new lows against the French franc, the West German mark and the Swiss franc. (One quotation hit \$120 an ounce.)

In Washington, the House of Representatives rejected gold ownership for U.S. citizens. Citizens have not been allowed to own gold since 1934, except for uses in industry, art, jewelry and similar purposes. The Federal Trade Com-

mission charged the plastics industry with widely misrepresenting as "nonburning" certain combustible plastics used increasingly for insulation and home furnishings products.

HAZARDOUS
It charged that the producers had known since at least 1967, but failed to disclose to users, the hazards of cellular or foamed polyurethanes and all forms of polystyrene. The materials are used as alternatives to wood, cotton or grass and for insulation in homes and office buildings. They are used in wall paneling, seat coverings, simulated wood cabinets and tables, bedding and other products.

Have Well Water Tested

Dr. G. C. Thosteson

Dear Dr. Thosteson: We have a shallow 20-foot well at our summer home. Last spring we sent a bottle of water to the county for analysis, and we were told that we have a small amount of coliform in the water. Nothing else.

Our area does have a very small number of outhouses. However every home has a septic system about 40 feet from the well. What is coliform and is it considered dangerous? — A.A.W.

Coliform bacteria are of the type found in the intestinal tracts of humans and animals. They are, therefore, found in the excreta.

These coliform germs do not in themselves cause trouble — but their presence is an indication of pollution, and raise the possibility that other germs from the same source could get into the water and carry a threat of such illnesses as hepatitis, typhoid or intestinal disturbances. If the coliform bacteria can get into the water, so can others, under certain circumstances.

It is true that the distance of your well from septic tanks is of some importance, but other factors must be considered as well. What about the drainage and tank fields of

these septic systems? Which way does the drainage go? Toward your well?

Porous, sandy soil allows rapid drainage; in heavier soil the drainage percolates through more slowly and more impurities are removed.

You were wise to have the water tested, but I would have it done again now, and under the circumstances I think you would be wise to have an experienced well man or a sanitary engineer (probably from the health department) check your well for potential sources of pollution.

For other readers with wells: when taking a sample of water to a county or other health department for testing, it is essential that a sterile container be used.

County health departments ordinarily supply suitable containers along with instructions as to how to collect a sample of the water and make sure that it is not contaminated from other sources.

Dear Dr. Thosteson: About a year ago my eyes began to get dry and bother me. When I put saliva on my finger and touch it to my eyes they feel just fine. Water doesn't make them feel as good. Can you explain why this is? — T.J.

I would guess that you are fairly well along in years, and such dryness sometimes develops as we grow older. The mucus in the saliva probably acts as a better lubricant than plain water, and that's why it gives you more relief.

You can purchase a solution called "artificial tears" that should serve you very well for this problem.

Saliva and your finger may cause infection, hence your system is not wise.

Dear Dr. Thosteson: You wrote that hands, knives, cutting board, etc., should be thoroughly washed after handling raw pork and before coming in contact with other foods to prevent trichinosis.

My question is how you know the trichinosis larvae are present, so you can take these measures? How can we recognize them? — N.S.D.

That's the point — you can't see them. You can't recognize them. You won't know they are there until afterward — when, or if, you get sick. Since pork is the commonest source of trichinosis, just be careful with it. Then cook pork thoroughly, cooking destroys the trichinosis organism.

Hearing Aid

Around The Rim

Walt Finley

A rather frugal gentleman in Big Spring was becoming increasingly hard of hearing, but decided a hearing aid was too expensive. So he wrapped an ordinary piece of wire around his ear.

"Do you hear better now with that wire around your ear?" a friend asked.

"Not a bit," he replied, "but everybody talks louder."

IN HIS column, in the Amarillo Daily News, Wes Izzard says: Back in the heyday of Amarillo Air Force Base, an airman was heard saying:

"This is one place you can't go AWOL. They can see you for five days."

Six-year-old Tammie Lou Moffett, Mesquite cutie, thought we might enjoy her description of grandmothers.

A grandmother is "a lady who has no children of her own. She likes other people's little girls."

A grandfather is a man grandmother. He goes on walks with the boys, and they talk about fishing and tractors and things like that.

Grandmothers don't have to do anything but be there. They're old, so they shouldn't play hard or run.

It is enough if they take us to market where the pretend horse is and have lots of dimes ready, or if they take us for walks and slow down for passing things like pretty leaves or caterpillars. They never say "Hurry up."

USUALLY THEY are fat, but not too fat to tie your shoes.

They wear glasses and funny underwear.

They can take their teeth and gums off.

They don't have to be smart, only answer questions like why dogs hate cats and why God isn't married.

When they read to us they don't

skip words or mind if it is the same story again and again. Everybody should try to have one, especially if you don't have television, because grandmothers are the only grownups who have got time.

Revised definition from Ted Ferrell, my good neighbor, who suffered a heart attack last week: Revenue sharing — A magnificent federal program in which the benevolent federal government decides to share out money with us.

Money expert Jeanne Striegler says "young lady down the block was injured this week. She fell off her shoes."

COLUMNIST SYDNEY J. Harris says: "News, like substances, ought to be divided into solids, fluids and gases — and appropriately labeled as such for publication."

Okay, Mr. Harris — this column is a gas.

Thought for the day: Nearly 10 million Japanese — 30 per cent of the population — quit smoking last year.

AN OBSERVER says one can get a liberal education in anatomy if he will visit a college or university campus and observe this generation in its play clothes. The observer? My mom.

The Eye Opener, inmate publication at the McAlester penitentiary, says a husband got home one evening and found his wife in the arms of another man.

Just what is the meaning of this," he asked. "Who is this man?"

"I think my husband is absolutely within his rights," said the wife turning to her lover. "What is your name?"

How To Decide?

William F. Buckley Jr.

We get bulletins almost every day now on the bargaining between John Dean and the Justice Department. One day Dean was mulling over the latest offer, which was that he might plead guilty to a single count of conspiracy to obstruct justice, in return for immunity from all other charges. Another day, the communique was to the effect that Dean was insisting on total immunity from prosecution, that this was his non-negotiable demand. Mr. Archibald Cox, the special prosecutor, is presumably thinking about it. On what basis, one wonders, will he decide?

WILL IT BE on the basis of the gravity of Dean's information against his sometime superiors? Does Cox know exactly what it is that Dean is in a position to testify to? Is Cox afraid that, having won immunity, Dean might double cross him? Is he prepared for such testimony as: QUESTION: "Well, Mr. Dean, now that you have immunity from prosecution, will you tell us which of your superiors were involved in Watergate, pre partu, in partu, or post partum?" ANSWER, rising from his chair: "As a matter of fact none of them were. So long now, Archie."

NOW THE law says that we are all sinners, but the law also says that the prosecutor has maximum flexibility in the matter of deciding

whom to grant immunity to. The prosecutor is inevitably influenced by the smell of big game. And Mr. Archibald Cox is undoubtedly influenced not only by the normal prosecutor's appetite for trophy-collection, but by a deeply rooted antagonism to Richard Nixon and all his works, an antagonism which was watered during the years he served the Kennedy Administration. Indeed Mr. Cox is just now appointed to the prosecutorial task force Mr. B. Vorenberg, a professor of criminal law at Harvard but, for these purposes more relevantly described as a lawyer who was so inflamed against Nixon during 1972 that the question was raised whether he was incapacitated to perform his professional duties which were inconsistent with high, public partisanship.

HOW WILL these gentlemen work out these questions? What criteria will they consult? How many Barkers are worth one Magruder? How many Magruders are worth one Deas? How many Deas are worth one Mitchell? How many Mitchells are worth one Nixon? If everyone at level D is granted immunity in return for testimony against everyone at level C, which is granted immunity in turn for testimony against everyone at level B, then in turn granted immunity for testimony against Mr. Big — do you have justice?

'Pure Spite'

Art Buchwald

LONDON — I don't wish to put down our own Watergate affair, but when it comes to a good government scandal the British have us beat by a mile. Their latest scandal has to do with Sex.

IT IS THE type of intrigue that even a charwoman can understand, having for its major characters cabinet ministers, lords, dukes and call girls.

While our Watergate investigation has to do with who bugged whom, the British inquiry has zeroed in on who slept with whom. And while the Senate drones on endlessly about what one lawyer told another lawyer in the Watergate break-in, the British scandal delves into the motives of why a man of title, wealth and position would pay for pleasure in the arms of a fallen woman.

WHAT MAKES the British story different than Watergate is that all the major players are keeping a stiff upper lip. There is no begging for immunity, no taking the Fifth, no

threats to implicate others. When Lord Lambton, Prime Minister Heath's defense undersecretary, was confronted with compromising photographs of himself and a call girl named Norma Levy, he did not say he was doing it on orders from higher authority. Nor did he explain he took his action to protect national security. He did not hide behind the Union Jack.

HE SAID simply on the BBC when asked by the commentator (and this is an exact quote, which shows you why British TV is so much better than ours): "Why should a man of your social position and charm and personality have to go to a whore?" "Because," Lord Lambton replied, "I think that people sometimes like variety."

The main fear in the so-called Lambton affair was that state secrets had been divulged during the liaisons. But Lord Lambton squashed that on his BBC broadcast. "Businessmen do not go with call girls to talk of private matters."

A Devotion For Today..

We do not lose heart . . . because we look not to the things that are seen but to the things that are unseen. (2 Corinthians 4:16, 18)

PRAYER: O God, may the joy of the Lord be our strength this day and evermore. Amen.

Born to Mr. and Mrs. John Randall Thacker, Box 176, Garden City Rt., a girl, Melanie Jane, at 10:40 a.m., May 26, weighing 7 pounds, 7 ounces.

Miss Penny Marie Vineyard and Ronald Wayne Westbrook were married Saturday afternoon in the Church of the Nazarene, with the Rev. Carroll Kohl of St. Paul Lutheran Church and the Rev. Marshall Stewart, Hamlin, officiating for the rites.

Mrs. China Long, organist, accompanied the vocalist, Miss Cindy Adams. The altar area was accented with a tall white column holding an arrangement of white gladioli, mums and babies'-breath.

Parents of the couple are Mr. and Mrs. James F. Vineyard, 1813 Benton, and Mr. and Mrs. Bill Westbrook, 1414 Tucson. The bridegroom, who graduated from high school in Madill, Okla., is owner-operator of Downtown Mobile Service Station. The bride graduated from Big Spring High School and is now employed at Barber Glass and Mirror. The newlyweds will reside at 1407 1/2 Scurry.

The bride's ivory chiffon gown was styled with high neckline, bishop sleeves and a tucked bodice enhanced with vertical rows of Venise lace and ribbon. Tiny, self-covered buttons completed the gown. Her chapel-length veil was attached to a Camelot cap of matching chiffon trimmed with ivory lace, and she carried a bouquet of pink carnations, red Sweetheart roses and babies'-breath showered with pink satin ribbon.

The matron of honor was the bride's sister, Mrs. George V. Poe of Torrance, Calif., attired in a high-necked, pink batiste gown with belt of darker pink ribbon. Mrs. Larry Ball, sister of the bridegroom,

was bridesmatron, and she wore an identical gown in green. Both attendants wore hair bows to match their gown, and each carried a single carnation tied in satin ribbon.

Danny Westbrook served his brother as best man, and groomsmen were Richard Green and Gary Miers. Jonna Graumann, attired in a pink dress, was the ring bearer.

The reception was held in the church parlor where refreshments were served by Miss Carletta Partee and Mrs. Teresa Clanton. The table was covered with a lace cloth and centered with a black wrought iron candelabrum arranged with pink candles and pink and white flowers.

Out-of-town guests were the Rev. and Mrs. Marshall Stewart, Hamlin; George Poe, Torrance, Calif.; Mr. and Mrs. Kenneth Schuler, Holly, Mich.; Mrs. Linn Richardson, Madill, Okla.; Mr. and Mrs. Ronald McGinnis, Cheyenne, Wyo.; Mr. and Mrs. William Davis, Midland; and Miss Lannette Schwartz, Mr. and Mrs. J. C. Schwartz, Mr. and Mrs. Kenny Wood, Mr. and Mrs. Nolan Flynn, the Rev. and Mrs. Henry Hartman and Mrs. J. C. Tolbert, all of Snyder.

Warner Brothers Traces Its History To Carnival

By BOB THOMAS
Associated Press Writer

BURBANK, Calif. (AP) — It all began with a bicycle shop run by four brothers in Youngstown, Ohio. Today, Warner Bros. does a half-billion dollar business yearly bringing movie, television and music entertainment to the world.

Fifty years ago last month, Sam, Harry, Albert and Jack Warner formed Warner Bros. Pictures, Inc. Their successors have planned a year-long celebration of the event, starting with the appearance of five new films at the Cannes Film Festival this month.

One of the founding brothers remains: Jack L. Warner, who sold his interest in the company in 1966 and became an independent producer.

SOPHIA AND CUB — Actress Sophia Loren plants a kiss on cheek of her four-year-old son, Cipi Tuesday as she helps the boy become acquainted with a lion cub. The cub, Sophia, was a gift presented to the Italian actress and her son during a visit to the Bowdley Wild Eife Safari Park.

WEEK'S PLAYBILL 40 Films, One Theme

"If one examines carefully every one of my 40 films, a central theme runs through the majority of them," says Charlton Heston.

"Almost all the characters I've played are men with an individual sense of total dedication and responsibility which motivates their triumphs."

Charlton Heston is currently starring in Metro-Goldwyn-Mayer's "Soylent Green," the futuristic suspense story which takes place in New York City in the year 2022. Heston plays a hard fighting policeman in an era when man's inhumanity to man and the environment have left 41,000,000 people struggling for existence on Manhattan island alone.

"No one in the story is terribly upset about the human condition at the time," Heston says.

"Edward G. Robinson plays a character that laments the lost civilization but everybody else has a sad sense of acceptance and lethargy — nothing takes on any importance except food and miserable shelter. It's a lethargy we don't need now to avoid it then, if you know what I mean," he adds.

Heston's screen roles include three presidents of the United States, three saints and two geniuses and he has been seen on film as Marc Antony, Michelangelo and Moses.

"Those men had a sense of individual responsibility," Charlton says. "We live in an era when group responsibility is the thing. Group responsibility and group guilt. In such a situation, then, the individual doesn't have to take any action to bring about a better world or take action to preserve the good things in the one we've got."

As the star of next season's "The New Adventures of Perry Mason," Markham will have to win far tougher cases for 24 successive Sunday nights on the CBS television network.

His series will be up against ABC's "The FBI" and NBC's "Walt Disney" shows. In some markets, it may even be competing against the old adventures of Perry Mason, starring Raymond Burr.

That series ran nine years on CBS before its cancellation in 1966.

Topless Go-Go Dancers Puzzle

DETROIT (AP) — Topless go-go dancers have until June 7 to continue gyrating with impunity, after that they'll dance with uncertainty.

The Detroit Common Council approved a new city ordinance outlawing indecent dancing. But the council decided it is up to the courts to decide what that means after the ordinance takes effect June 7.

Police officials said they will enforce the new ordinance, once they know what it covers or leaves uncovered.

**TV Recycles
Perry Mason**

NEW YORK (AP) — Monte Markham, who next season portrays Perry Mason in a recycled version of the old courtroom TV series, says he's been involved in a court case only once in his life — as a defendant.

It happened eight years ago in Small Claims Court. At issue was a beef over the length of lease for a house he was renting in Pasadena, Calif., while appearing at the Pasadena Playhouse.

How did the case turn out? "I won," Markham laughed. "The judge listened to my landlady's testimony and turned to me and said, 'You're right.'"

As the star of next season's "The New Adventures of Perry Mason," Markham will have to win far tougher cases for 24 successive Sunday nights on the CBS television network.

His series will be up against ABC's "The FBI" and NBC's "Walt Disney" shows. In some markets, it may even be competing against the old adventures of Perry Mason, starring Raymond Burr.

Patricia Jolly Weds James D. Johnston

Miss Patricia Anne Jolly became the bride of James Doyle Johnston in an afternoon ceremony performed Saturday by Ralph Williams, minister in the Fourteenth and Main Church of Christ.

A cappella music was performed by a sextet under the direction of Dan Conley, and the wedding party stood before an archway decorated with yellow and lilac daisy mums and flanked with arrangements of the same flowers.

The bride is the daughter

of Mrs. Nadine K. Jolly, Dallas, and the bridegroom is the son of Mr. and Mrs. D. D. Johnston, 600 E. 16th, Big Spring.

The bride was attired in a Victorian-style wedding gown of white satin adorned with appliques of lace. The bodice featured an empire waist, high neckline and layered lace sleeves. The skirt formed a chapel train, and her lace-edged veil was held by a round caplet of lace. The bridal bouquet was of yellow Sweetheart

roses, white pompons and habies'-breath.

Mrs. Joe Ramsey, Dallas, was matron of honor, wearing a floor-length dress of pastel yellow voile trimmed with white daisy appliques. The princess lines were complemented with cap sleeves and a jewel neckline. Her white garden hat was trimmed with yellow ribbon, and her bouquet was formed of yellow and lilac daisy pompons.

BEST MAN

The bridegroom's father served as best man, and Mark McBride was ring bearer. The ushers were Allan Clanton, Dallas; Ron McBride and George Moore.

After the wedding, the couple was honored at a reception in the First Federal Community Room, where Mrs. Ralph Williams, Mrs. W. A. Moore Jr., Mrs. Riley Falkner, Miss Caren Chaney and Mrs. Jimmy Anderson presided at the refreshment tables.

A white cloth and silver appointments were used at the bride's table, where the tiered cake was topped with doves. A silver candelabrum was arranged with pink candles and yellow and lilac flowers. Marzipan fruit decorated a chocolate cake which was served at the bridegroom's table. The gold cloth was accented with brass appointments, and a large gold candle was based in orange flowers.

Out-of-town guests, other than the bride's mother, were Mr. and Mrs. H. H. Kornegay, Mrs. Roy Cathey, Mrs. Fern K. Neville, Mr. and Mrs. David Tabb and Mrs. Howard Morton, all of Dallas; Mr. and Mrs. Martin Ingram, Crane; Mr. and Mrs. G. B. Ingram, Brownwood; Miss June Ann Johnston, Odessa; and Mr. and Mrs. Malcolm Ramsey, Midland.

TO EUROPE

Immediately after the reception, the couple left for a short trip to El Paso, and they plan to leave July 4 for a month's tour of Europe where they will be guests of the bridegroom's uncle and aunt, Chaplain and Mrs. Billy D. Ingram. They will make their home in Big Spring.

Johnston, a graduate of Big Spring High School, attended Howard County Junior College, North Texas State University and the University of Texas, graduating from the latter in 1971. He is associated in business with his father, a general contractor.

Mrs. Johnston attended East Texas State University and graduated from Stephen F. Austin State University in 1971. She teaches second-year homemaking at Big Spring High School.

Rainbow Girls Install Slate

Miss Zina Johnston, daughter of Mr. and Mrs. Billy J. Johnston, 2107 Runnels, was installed as worthy advisor of Rainbow Assembly No. 60, during ceremonies Saturday evening at the Masonic Temple. She dedicated her term to her former "mother advisor" in Rainbow, Mrs. W. C. Fryar.

Miss Johnston chose as her theme, "Happiness," using scripture from the 144th Psalm. Her colors are lime-green and blue, and her flower is the carnation. She carried a cascade of white carnations atop of her Rainbow Bible. The installing officers were presented corsages of lime carnations, and the officers carried nosegays of lime-green and blue carnations.

Following the invocation by Don Williams, the installing officers were introduced. Cindy Williams conducted the installation as installing officer. She was assisted by Kay Williams, marshal; Gayle Webb, chaplain; Mary Alice Terrazas, recorder; and Mrs. Doris Mason, musician.

New officers to serve with Miss Johnston are Jodi Grant, worthy associate advisor; Della Nobles, charity; Rhonda Riley, hope; Phyllis Johnson, faith; Pam Wheeler, recorder; Elizabeth Swindell, treasurer; Jan Armstrong, chaplain; Leatrice Stewart, drill leader; Gina Owens, love; Tracy Egan, religion; Cheryl Newton, nature; Pam Parmenter, immortality; Temple McDaniel, fidelity; Jeanna Miller, patriotism; Mary Sayers, service; Lynn Peach, confidential observer; Connie Tucker, outer observer; Emily Boyd, musician; and Jan

Abilene Couple Announces Birth

Mr. and Mrs. Lynn Gannaway, Abilene, announce the birth of a son, Jay Alan, May 31 in Hendricks Memorial Hospital, Abilene. The infant weighed 7 pounds, 13 ounces.

The mother is the former Donna Coates, daughter of Mr. and Mrs. Dub Coates, Coahoma. The paternal grandparents are Mr. and Mrs. Bill Gannaway, Abilene.

Wedding Plans Are Announced

Mr. and Mrs. James L. Richie of Dallas announce the engagement and forthcoming marriage of their daughter, Debra S. to Terry Wegman of Big Spring.

The prospective bridegroom is the son of Mrs. Laverne Wegman of Midland.

Miss Richie and Wegman have scheduled their wedding for Aug. 4 in Dallas.

Fair Face Unfair To Working Gals

BONN, West Germany — Railroad officials expected to boost train travel with a sexy poster of glamorous model Vivian Neves that proclaimed, "I sell tickets, too."

When the posters appeared in railway stations, hundred of lady porters and ticket collectors declared them "a frivolous insult to hard-working women," and threatened to strike. Officials quickly admitted that they were on the wrong track and banned the posters.

ZINA JOHNSTON

Hoover, choir director.

During the program, Raye Nell Dyer gave an address entitled "Happiness." Pam Wheeler, accompanied by Mrs. Myla McClinton, sang "People."

Miss Johnston introduced her parents, and her grandmother, Mrs. Lockie Beach, along with other members of her family.

Mrs. Don Williams, mother advisor, presented the "outstanding member" award to Sandra Dickenson and Sandy Williams and the "big sister award" to Lelani Thomas, along with various other awards to different members.

Sandra Woodruff presided at the guest register, with Mrs. Robyn Smith assisting. Dan McClinton gave the benediction.

Refreshments were served at a table which was covered with lime-green satin overlaid with blue dotted Swiss with green velvet ribbon trim. The centerpiece was of blue and green carnations.

Following tradition, the Rainbow Girls will attend church as a group today at Baptist Temple, where the new worthy advisor holds membership.
