Punishing Storm Pops Big Spring

By JOE PICKLE
A wild thunderstorm that made up northeast of here Friday evening, wheeled suddenly and walloped Big Spring with punishing wind and pockets of hail, and slugged its way on to the southwest below Garden City and below Odessa.

DOWNED LINES
In its clumsy wake it left a litter of broken trees, overturned mobile homes, downed power lines, a few roofs and assorted debris.

There were no authentic estimates on damage, although the worst appeared to be to the few mobile homes lashed by the storm, plus numerous windows, and the power lines.

Four members of the Tom Erhardt family on Tubbs Road, were hurt when their trailer home blew over around 8:15 p.m. Marvin Erhardt, a son, and Mrs. Laura Erhardt, his mother were still hospitalized Saturday at Hall-Bennett with abrasions and bruises.

MINOR BURNS
Mrs. Tom Erhardt and Brian Erhardt, another son, released with minor injuries. Two other mobile homes at that location received damage.

A trailer home was also reported to have blown over on the Andrews Highway and Fred Gipson was treated for minor burns and released.
A car was damaged on the Snyder highway when somebody pulled off the highway and parked it and then a trailer home blew on top of it. There were no injuries.

A report that a roof had blown off a residence on Gail Road turned out to be only the roof of a chicken house at the Don Bates residence.

Bates, who is a highway patrolman, was in the Ackerly area right before the storm broke investigating a one-car turnover in that area. Mr. and Mrs. Carl Warm were hospitalized at Medical Arts Hospital with injuries from this wreck, which apparently was not related to the storm.

DRIVER TREATED
A truck blew over two miles north on Highway 87 around 8:30 p.m. with the truck driver treated for minor injuries and released.

A house was reported on Fire at 8:32 p.m. one mile north on SH 350. A Jonesboro fire truck was dispatched and the truck broke down enroute. Another

truck was dispatched to the fire. Webb AFB, which clocked winds of 83 mph, escaped with minor damage to buildings (mostly broken windows), and to Hangar T-1, T-37 and T-38 trainers, the latter with wing pads, came through in good shape.

Most of Big Spring experienced about an inch of rain, but in the northeast quadrant and the southwest edge hail zipped like rifle shots on the wings of the wind. Most was like marbles, with an occasional golf-ball size rapping for attention.

LIGHTS OUT
About 20 per cent of the city was without power at one time or another, said Tom Locke, Texas Electric Service Company division manager. Hardest hit was the southwest circuit which knocked radio station KBYG, in the southwest residential areas, off for an hour and 35 minutes. Webb was off for a time. Many short feeders were out in the Wasson Road sector until 4 and 5 a.m.

Cap Rock Electric Cooperative, which took a beating in the winter ice storms, caught it again Friday evening, all the way from Ackerly to Garden City. One of the worst spots was between Big Spring and Fairview with a dozen poles down. Another half dozen snapped around Elbow, and the rest here and

there. TESCO troubles kept some of the REA circuits out until Saturday morning, and W. A. Ringener said at Stanton "we're still getting calls of downed lines."

The Lone Wolf Cooperative at Colorado City had several poles go down in the buffeted Buford area.

'TERRIBLE NOISE'
Texas Electric Service had few poles go down, although a mobile home, under tow, rolled into and snapped one pole and piled up on a car at the Gail and Snyder Highway intersection.

John Hicks reported that the winds rolled items of heavy lawn furniture around like tumbleweeds and ripped the roof off a 10x50-storage shed. Other homes in that area were damaged, and uprooted trees were common place.

Part of a storage unit at Big Spring Compress broke loose and plopped down in the Cleveland Gossett yard just west of the compress, narrowly missing the house at 1105 NW 8th. "It made a terrible noise," said Gregory Gossett.
Wind knocked a hole in the temporary wall at the east end of Highland Mall, also knocking out the benefit carnival for muscular dystrophy. George Robertson, the youth chairman, was trying to see Saturday morning what could be salvaged. He and his mother,

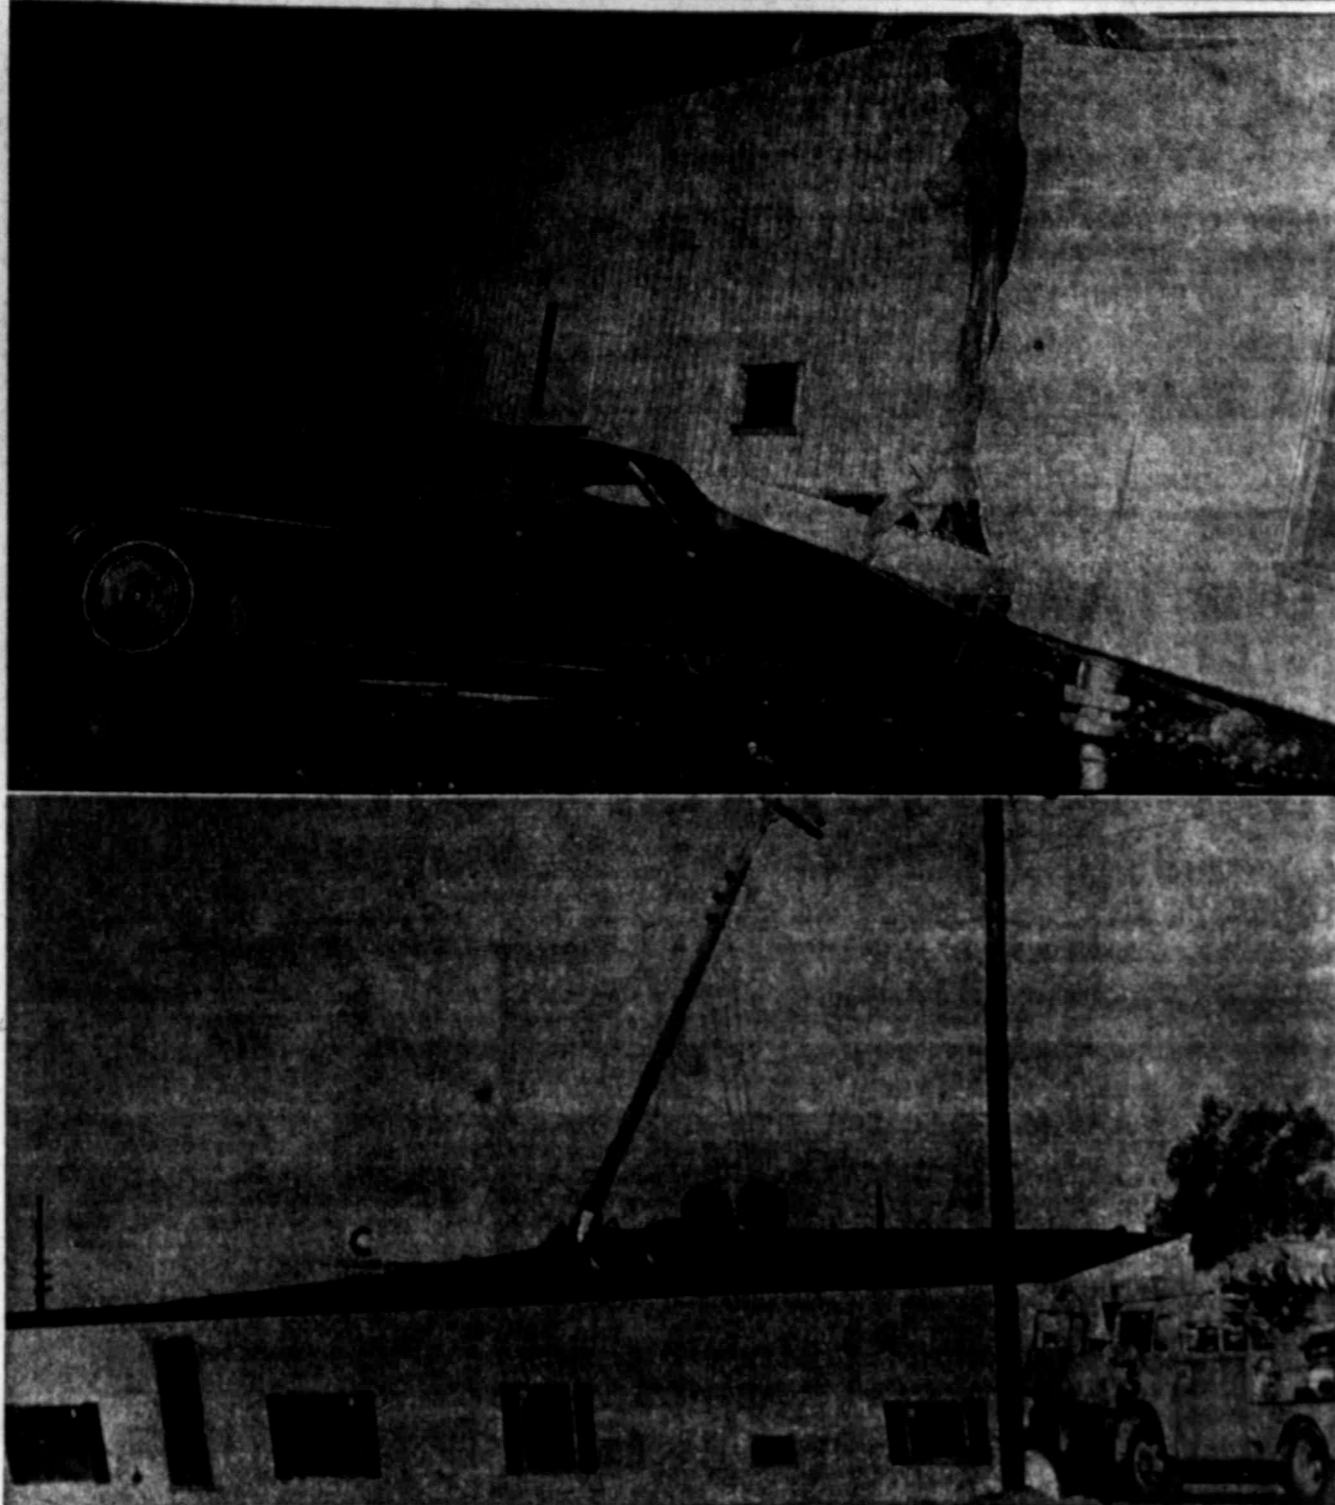

were worried about their safety when the storm hit; he got caught outside and only with the help of his mother forced the door open, then abandoned the area when the plate windows in the TG&Y store began to breathe in and out. "It was scary," admitted George.

'MIRACLE'
Lester Wilbanks, 1206 Harding, heard a mighty whack during the height of a storm. A 30-foot tree had crashed down on his mobile home, but another tree softened the blow and minimized damage.

Harry Sawyer, manager for Southwestern Bell, said his system miraculously escaped harm with only three trouble calls. One cable went down north of town but did not break.

TESCO's switching station and the Colorado River Municipal Water District pump station reported an inch of rain. CRMWD had an inch at a gauge at 3rd and Birdwell, 1.2 inches for the next six miles, then 6 west of Coahoma and only half an inch at Colorado City. Reports in Big Spring ranged upward from a half to most in the three-quarter to an inch range.

Glass companies had numerous calls Saturday morning, but most of them were for windows, including some picture windows. Hardest seemed to be the Douglas and Wasson Road areas.

BORN LOSER — One motorist apparently attempted to park his vehicle off the highway on the old Gail Road during Friday night's storm and then a trailer home blew over on top of it, damaging both the vehicle and

the mobile home. There were no injuries. The bottom view of the upside down trailer shows a broken utility pole in the background, one of 40 damaged in the city.

Compromise On Indochina War Money

WASHINGTON (AP) — Congress finished and sent to President Nixon Saturday historic legislation cutting off all funds for the eight-year-old U.S. combat involvement in Indochina as of Aug. 15.

The House and then the Senate voted the cutoff into a measure authorizing stop-gap federal spending authority past the end of the fiscal year at midnight Saturday.

The compromise was sent to Nixon, who has indicated he will sign it.
It prohibits any spending after Aug. 15 to support "directly or indirectly combat activities by U.S. military forces in or over or from off the shores of North Vietnam, South Vietnam, Laos or Cambodia."

The House approved the measure 266 to 75. The Senate gave it Congress' final approval with a voice vote.

By writing the same fund cutoff in another bill Friday night, Congress had already accepted the compromise with President Nixon to halt the direct U.S. combat role Aug. 15.

The compromise avoided a constitutional crisis that threatened to cut off legal spending for the federal government at Saturday midnight in a standoff between the President and Congress over the war.

It also appeared to end a four-year struggle between the President and Congress on halting the war, with both camps saying there are no clear winners.

WATERGATE Will Quiz 'Mystery Witness'

WASHINGTON (AP) — The Senate Watergate committee is on a 10-day July Fourth holiday, but some members of the panel's staff are staying behind to prepare for the interrogation of former Atty. Gen. John N. Mitchell, whom one investigator calls "a mystery witness."

In public statements, Mitchell has denied involvement in the Watergate affair.

PAID HUSH-MONEY
But he reportedly told Senate investigators at a closed-door meeting May 10 that he went along with paying hush-money to the defendants in the Watergate break-in case to prevent further embarrassment to the Nixon re-election campaign. Mitchell headed that campaign until two weeks after the June 17, 1972, break-in and continued to advise President Nixon after leaving the directorship.

Mitchell insisted, however, that he rejected G. Gordon Liddy's plan to bug Democratic National Committee headquarters in the Watergate. His deputy, Jeb Stuart Magruder, has testified that Mitchell approved the plan.

Former White House counsel John W. Dean III, grilled by the Senate committee for five days last week, repeatedly swore President Nixon knew of the Watergate cover-up. One of Mitchell's lawyers has said the former attorney general will not corroborate that.

SHAKING GOING ON
But one Senate investigator said Mitchell's appearance before the Watergate panel may prove crucial.

"When we talked to him," the investigator said, "he didn't tell us anything we didn't know and certainly not everything he did know."

Reviewing the ... Big Spring Week ... with Joe Pickle

That was a crazy storm that hit us Friday. By all logic it shouldn't have been there anyhow, should have continued its eastern journey. Instead, it pivoted and did a 180 degree turn to give our town as strong a blow as it has had in many a year. Winds got up to nearly a mile and a half a minute in gusts, and even worse, danced from other directions along with the hard easter thrust. Hail, though not too heavy, knocked out many windows because of the strong blow. Power went out in spots, and many poles snapped; limbs cracked from trees that didn't up root; fences collapsed; several unfettered mobile homes rolled; around half a dozen people were hurt in varying degrees. Fortunately it lasted less than an hour, and half an hour at its worst. Considering all, the dollar damage will be relatively modest.

If there was good from it, this was the rain. More detailed checks Saturday showed the north half and southwest quarter of the county getting from about an inch up to two inches. While young cotton was buffeted badly in spots by wind and (See THE WEEK, Page 2-A, Col. 3)

Soviet Jet Carrying 84 Hits Houses

AMMAN, Jordan (AP) — A twin-jet Soviet airliner with 84 persons aboard, including a member of the royal family and a former wife of King Hussein, crashed on takeoff from Amman Saturday and slammed into a house at the end of the runway. Jordanian Interior Minister Abdel Karim Taraneh reported that eight persons were killed, including three children playing in the house when it was wrecked and set afire by the crashing jet.

The other five victims were among the plane's passengers and crew, he said.

Rescue squads took 79 persons to Amman hospitals, the minister announced, and 20 were admitted for treatment. The other 59 were treated for minor injuries and released.

Crushed Army Revolt Leaves Allende Stronger Than Ever

SANTIAGO, Chile (AP) — Salvador Allende's leftist government, acting as if it was more firmly in power than ever, asked an opposition-controlled Congress on Saturday to establish a state of siege throughout the nation.

The Marxist president made the request in the aftermath of a mini-revolt by an armored regiment Friday that left eight persons dead and 34 others wounded. The uprising was led by a disgruntled regimental commander.

Allende received messages of support from a number of foreign leaders, including Prime Minister Fidel Castro of Cuba, who said the leftist government's victory over the rebels reminded him of the Bay of Pigs.

BOY OF PIGS
The 1961 invasion was easily defeated by Castro forces who rallied to the defense of their island and from then on, he never had any serious opposition.

Allende's coalition government asked the Congress to approve a state of siege on grounds that the insurrection Friday was only part of a "seditious escalation" against the regime.

A state of siege gives the president wide authority to in-

HOT DAYS
Continued warm weather with high expected to be near 100 today and Monday. Low tonight near 70. Winds 10-20 miles per hour diminishing to 5 mph at night.

voked such measures as house arrests and search and seizure without warrants.

PAPERS CENSORED
A lower priority state of emergency was declared Friday, including a curfew in Santiago. Seven radio stations were closed down for allegedly broadcasting unauthorized news of the rebellion. Newspapers were censored.

Before the start of commuters and pedestrians in their

Social Security, Debt Ceiling Changes Voted

WASHINGTON (AP) — Congress swiftly approved legislation Saturday to increase benefits for 30 million Social Security recipients by 5.6 per cent beginning a year from now.

A payroll tax increase for persons earning more than \$17,000 accompanies the benefit raise. The maximum additional sum any employee would pay next year is \$35.10.

The provisions were grouped with a number of others in two composite bills, which also extended the national debt ceiling beyond Saturday midnight.

By late afternoon the bills were passed by both chambers and sent to the White House.

A series of compromises averted the threat that President Nixon would veto the bill containing the Social Security changes.

—Melvin R. Laird, Nixon's domestic affairs chief, said at the California White House that the President would sign the mod-

ified bills.

A veto threat was a major factor in the House's refusal Friday to pass legislation which was similar but contained an earlier Social Security increase.

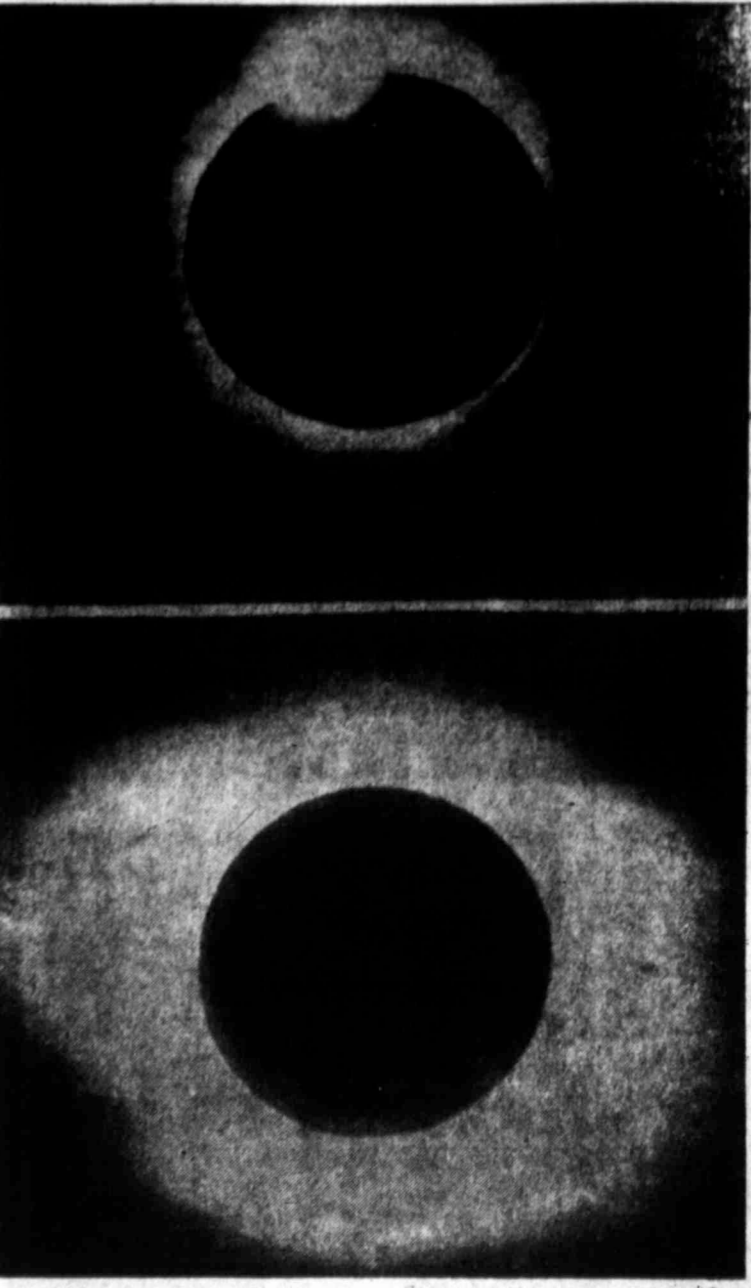

House and Senate conferees worked through most of Saturday on modifications. The major change was to postpone the Social Security benefit increase and related raises in other social programs so that the first larger payment would not be made until July, 1974, rather than May. Thus, the effect on the budget for the 1974 fiscal year, ending June 30, 1974, was minimized.

In addition to the Social Security general increase, the leg-

islation would raise guaranteed federal minimums under special programs for the aged blind and disabled to \$140 a month for an individual, \$270 for a couple, up from the present \$130 and \$195, respectively. The change would be effective July 1, 1974.

Effective Jan. 1, the amount a Social Security pensioner could earn without having benefits reduced would be increased from \$2,100 to \$2,400.

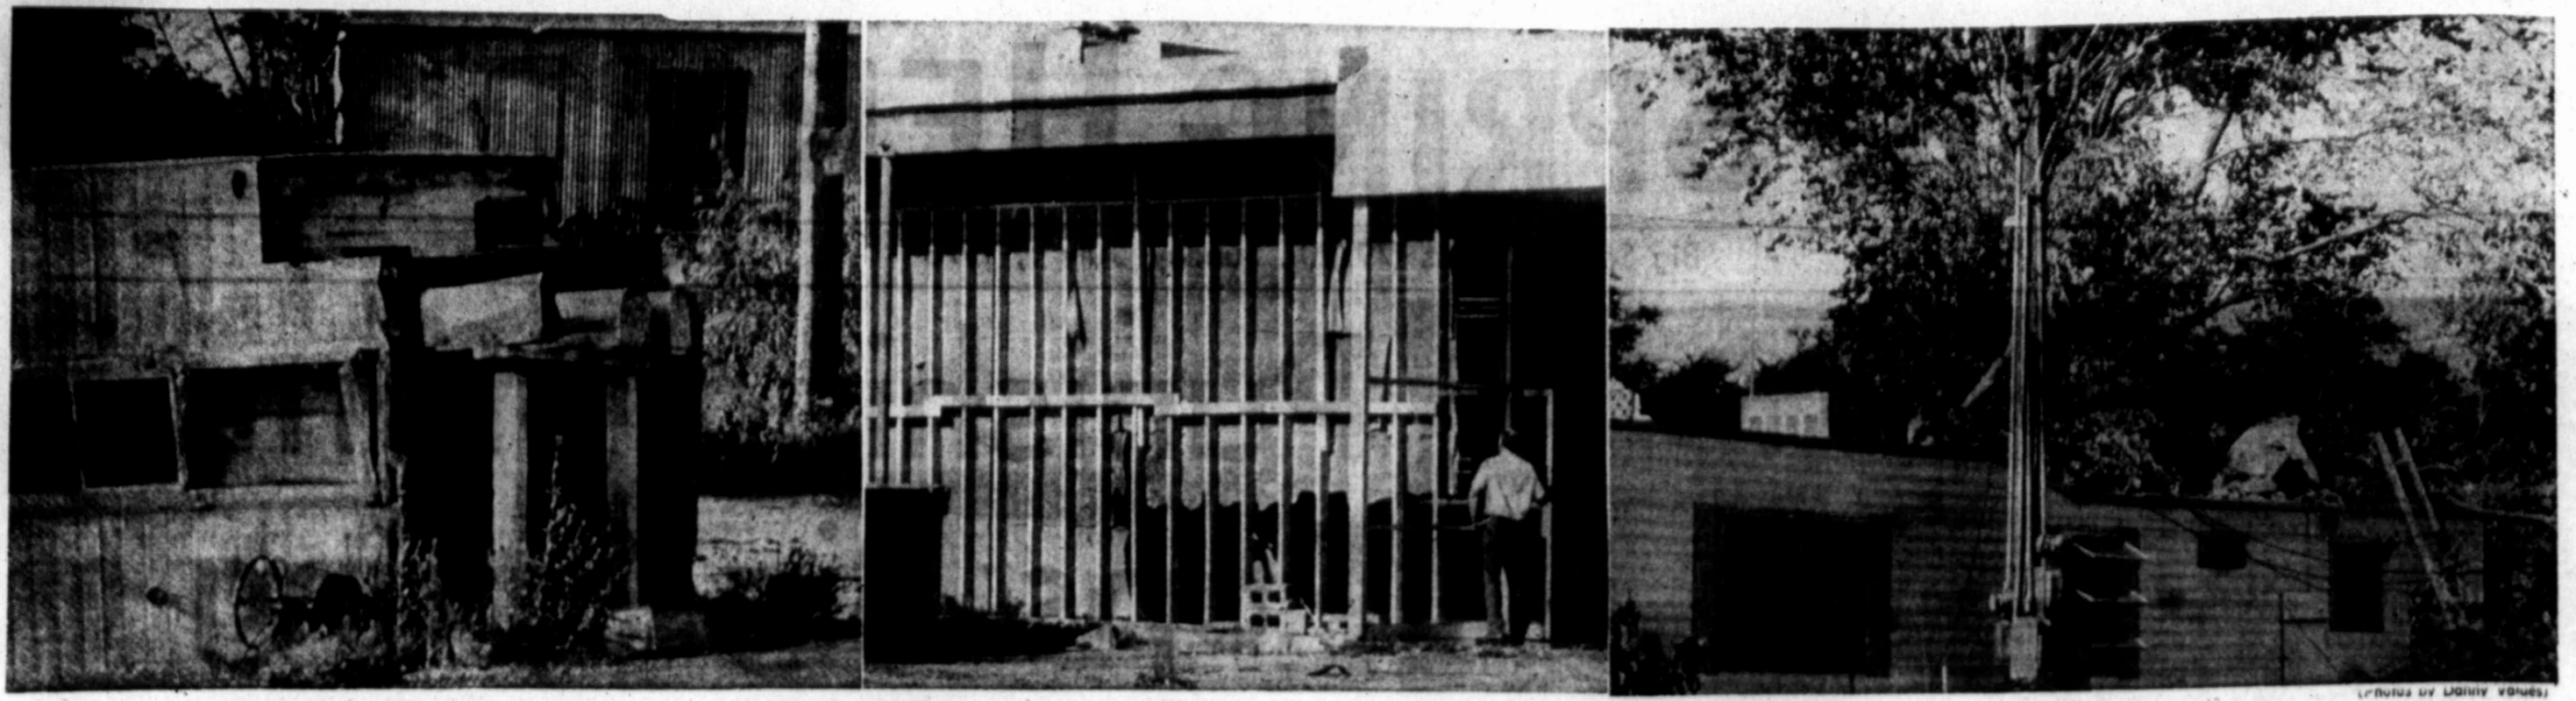

Also on Jan. 1, the maximum wage base on which the 5.6 per cent Social Security payroll tax applies would go up to \$12,600. It is \$10,800 this year, and, under previous law, would have gone up to \$12,000 in 1974.

THE SUN GOES INTO TOTAL ECLIPSE — A last bit of sunlight, top, peeks through the top of the moon seconds before the total eclipse, bottom, as seen Saturday from aboard the liner Canberra, floating in the Atlantic off the west coast of Africa. The eclipse lasted 5 minutes 32 seconds and was one of the longest in recorded history.

MISHAPS

Sawley Parking lot, Gregg Street: Primitivo Navarrete, 500 NW 4th, Jerry Dale Stiles, Bessemer City, N.C., 12 p.m. Friday.
1317 Harding: Dwight Nolan Marshall, Webb Air Force Base, Joe C. Cox, 1317 Harding; 12:25 p.m. Friday.
1000 Lamosa Highway: parked vehicle belonging to Lottie Crittenden, Bx. 245 and stop sign and utility pole; 1:36 p.m. Friday.
4th and Birdwell: Rebecca Scott, Gail Route, Guy M. Landry IS 20 Trailer Park; 2:39 p.m. Friday.
200 Main: J. C. Fitch, Andrews, Alberto Valdes, 626 Caylor; 4:39 p.m. Friday.
17th and Gregg: Robin Lewis, Garden City, Yesuclaz D. Rodriguez, Ackerly; 5:30 p.m. Friday.
Sawley Parking lot, Gregg: Virgil Sparks, 908 E. 15th, Bruce Broughton, 1601 E. 6th, 9:34 p.m. Friday.

To Open Bids

Opening of bids for a motor grader is on the agenda for County Commissioners Court Monday morning.
Entertaining bids for paving gravel will be discussed. At 9 a.m., the court will convene with its regular weekly conference with Marvin Hanson, road administrator. Last item on the agenda is approving bills.

To Be Employed As Therapist

Kenny Fuller Jr., son-in-law of Mrs. Myrtle Collier Turnipseed of 510 NW 7th, recently completed his therapist internship at St. Francis Hospital, Hartford, Conn.
He and his wife, Sharon, a 1968 graduate of Big Spring High School, will reside at 2901 Park Row, Dallas with their two children Joshua and Kenzie Kay.
He will be employed as a physical therapist.

FIRES

Grass fire Silver Heels addition, near Roger Brown residence. Extinguished by Jonesboro fire department; 3:16 p.m. Friday.

THEFTS

Furr's supermarket reported a case of Dr. Pepper stolen from storeroom.
Breaking and entering at 504 N. Benton reported with \$350 in cash missing. J. B. Sharp, 101 Washington, girls bicycle stolen.

Traffic Deaths

AUSTIN, Tex. (AP) — Texas traffic deaths this year total 1,624, an increase of 49 or 3 per cent over this time a year ago, the Department of Public Safety reported Saturday.

THE WEEK

(Continued from Page 1)
hall, most of it will make — and the shower will be a timely pep shot.
Talk about hard luck, what about the demise of the Rock on the Sale and Neman V-Bar ranch in Martin County. Granite V-Bar Rock, a \$53,000 Dallas State Fair and Tulsa grand champ, sudden, and unexpectedly turned up and died. Insurance can't begin to measure this type of loss, but the Rock may live on through 110 matings and 350 ampules of semen.
Somehow these HEW hearings always seem to get around to the eve of school. And so it is with our second round of the pre-hearing due July 24 in Dallas and the hearing Aug. 28 in Midland.

Rotarians named Paul Meek as outstanding citizen in their annual presentation last week citing a long record of civic contributions, including two terms as Chamber of Commerce president, and instrumental in a life-saving effort for the Dora Roberts Rehabilitation Center.
Howard County's \$65,000 airport improvement program was given a final blessing last week and work should start before long. This will update the field lighting system, put lights on the wind indicator and otherwise make it a better safer port. Now, someday, if we can add a little length to the runways.

Our community was hit with a rash of retirements during this week — Joe Gordon, Blackie Morris, Virgil Little, Orbin Daily, to mention a few. Most of these tied in with the end of the federal fiscal year.
Maj. and Mrs. Donald Nelson have left after giving good service here as the Salvation Army commanders. Maj. Nelson has been in ill health and will apply to see if he can get sick leave and time to recuperate.
Tack on another first for Big Spring. We will have the state's first traffic coordinator who is a woman. She is Mrs. Susan Thomas, a graduate engineer, who soon will assume her duties.

Location of industry within the area and utilization of secondary recovery methods by oil companies are other factors expected to increase demand for water.
Will the demand within the next 30 years put a strain on the water district so severe that the needs cannot be met with the present facilities?
CHANCES 'REMOTE'
"The chances of that are very remote," Ivie said. "If we experience an unprecedented drought, it could have an adverse affect on our ability to meet the needs."
"Our lakes, although in good shape, haven't fully recovered from conditions that existed immediately prior to 1971. Yet, the present demand is well below the lakes' safe yield," he said.

"Our lakes, although in good shape, haven't fully recovered from conditions that existed immediately prior to 1971. Yet, the present demand is well below the lakes' safe yield," he said.

DEATHS

Mrs. Floyd Reese
Mrs. Floyd Reese, Dallas, died at 3:15 p.m. Friday in a Houston Hospital after a two-month illness. She was the mother of Mrs. Joe A. Moss, former Big Spring resident now residing in Dallas.
The funeral will be at 3 p.m. Sunday in Tyler at the First Christian Church directed by Burke-Walter-Tippet Funeral Home. Burial will be in a Tyler cemetery.
She is survived by her husband and two children, Mrs. Joe A. Moss and Dr. Curtis Reese, all from Dallas.

L. C. Morris
Services for Loyd C. Morris, 61, were 4 p.m. Saturday in the Rosewood Chapel of Nalley-Pickle Funeral Home.
Survivors are her husband The Rev. J. B. Harrington officiated. Burial was in Trinity Memorial Park.
Pallbearers were Nile Bailey, Charles McKaskle, S. J. Kamm, Jim Gillespie, J. Alden Ryan and Dr. Virgil Sanders.

Leo Hare
SULPHUR BLUFF — Leo (Bucket) Hare, 58, former Big Spring resident, died in the home of his brother in Sulphur Bluff after a brief illness Wednesday. Funeral was held Friday in Sulphur Bluff.
Mr. Hare was raised in Big Spring and played football at Big Spring High under Coach Obie Bristow. While here, he

worked several years for the post office and as a truck driver for Mrs. Baird's Bread. He left Howard County in 1961.
Besides several brothers and sisters, survivors include a stepson, Jackie Thomas, Big Spring; and two stepdaughters, Mrs. Joyce Flinchbaugh, Big Spring, and Mrs. Pat (Janet) Fortune, Colorado Springs, Colo.

Mrs. Rucker
Mrs. David (Viola) Rucker, 73, died at 4 p.m. Saturday in a Big Spring hospital after a brief illness.
She was born Jan. 22, 1900 in Decatur. She married Mr. Rucker Nov. 5, 1932 in Clovis, N.M., and moved to Big Spring in 1940 from O'Donnell.
She was a member of the United Methodist Church.
Survivors are her husband David V. of Big Spring, a daughter, Mrs. Bob (Mary Lou) Brumley of Big Spring, two sisters, Mrs. Virna Walton of George West, Mrs. Mae Gorbell of Bakersville, Calif., and three grandsons.
Services are pending at River-Welch Funeral Home.

Probated Term
Jimmy Lee Smith was sentenced to five years probated sentence in 118th District Court Friday afternoon on a charge of carrying a pistol on a licensed premise.
Smith pled guilty to the charge before Dist. Judge R. W. Caton.

Area Water Supply Seems Solid To Century's Turn

(Editor's note: Second in a series on how natural resources and energy fuels may affect West Texas in general and Big Spring in particular. —Ed.)
By ANN STEVENS
Although local demand for water is expected to increase substantially by the year 2000, the Colorado River Municipal Water District should be able to handle it, according to O. H. Ivie, general manager.
Water use by individuals is increasing steadily along with the standard of living, Ivie said. Americans now consider as necessities things which not so long ago were luxuries, such as garbage disposals, and automatic washers and air conditioning units, all of which require use of water, he said.
Besides the increased water use per person, the number of persons causes demand to rise.

GROWTH FACTOR
Based on studies of local population trends in the 1950s and early to mid-60s, CRMWD officials predicted in 1966 that Big Spring would grow at an annual rate of 2.5 per cent from 1970 to 2000, reaching a turn-of-the-century total of 77,900.
The same annual growth rate was predicted to apply to Midland and Odessa, two of the 11 cities the district serves, while Snyder's growth rate was figured to be 1.5 per cent per annum.
Location of industry within the area and utilization of secondary recovery methods by oil companies are other factors expected to increase demand for water.

Forecasting that Big Spring, Midland and Odessa would grow continually at the 2.5 average annual rate, it predicted the per capita water use for Big Spring and Odessa would increase at an average rate approximating 1 per cent per annum through 2000.
Unforeseeable developments, however, seem to have made a dent in those predictions.
LEVELING OFF
One of these developments has been the failure so far of Big Spring to meet the predicted population growth. From a 1965 population of 34,800 (Big Spring and Coahoma combined), the city population has declined somewhat rather than grown at the expected rate which would have boosted the local total to 37,130 by 1970.
Ivie explained that the prediction had been made in the mid-60s after cities throughout

Social Security Transfers
Fisher To Odessa Office
Erven L. Fisher, manager of the district Social Security office here since it opened January 1962, is being transferred to Odessa as manager effective July 15.
It is possible that he will also continue to be responsible for the office in the Federal Building here, which will be in charge of Don Minyard, who has been district manager. The Odessa office serves Midland and Ector Counties and goes west into the Big Bend country.
"We certainly regret leaving Big Spring," he said. "This is home to us."
And well it might be for he came here first in 1954 with the Department of Public Welfare. Two years later he joined Social Security and served in San Angelo, Victoria and Fort Worth before coming here November 1961 to prepare for the office opening. The offices have been shifted several times from 207 W. 4th to 700 Runnels, to 1009 Gregg, and four years ago to the federal building. There has been substantial increase from the initial small set of files and seven employees.

Fisher is a native of Mullen, in Mills County, and married Dean Stevens of Goldville (she operated Western Welcome here for several years). He attended H.C.J.C., Daniel Baker College and the University of Texas in Arlington, and has had several management seminars

drilling wells at an underground water supply site west of Odessa. The district already maintains well fields in Martin County and has an "insurance" well field for summer back-up supply in Ward County.
MANY CITIES
"These two developments coupled will take us well beyond the year 2000," Ivie assured.
The district supplies not only the member cities of Big Spring Odessa and Snyder, also part of the needs of Midland and San Angelo, Coahoma, Sand Springs and Rotan; also several industries and oilfield repressuring units.
On Aug. 15, the Texas Water Development Board will begin scientific evaluation of the program scheduled to last until Oct. 15, 1974. "Then we should know scientifically whether and to what extent our weather modification program has worked," Ivie said.
So, the combined effects of cloud seeding and of lack of expected population growth during the past eight years may increase somewhat the amount of time for which the district's present facilities will suffice.
THIRD RESERVOIR
Inevitably, of course, a time will come when additional facilities are needed. CRMWD has planned ahead for this time with both another reservoir site already earmarked for the district and with another bountiful underground water supply available.
The reservoir site was earmarked for the local district by the Water Development Board in a water plan launched in 1964. The dam site is on the Colorado River near the community of Stacy 20 miles south of Ballinger immediately below the confluence of the Concho River.
"The water plan constructed on paper reservoirs at all available sites on all rivers to show where the water would come from to meet requirements through the year 2020," Ivie explained.
Considerable additional water is available, he went on, by

the area had experienced high growth rates beginning with spurts in the 50s. The late 60s and early 70s have been periods of leveling off, Ivie said and claimed that within the next decade the Permian Basin cities should start "spurring" again, offsetting the recent recession in growth.
Another development CRMWD officials had not banked on in the mid-60s when making predictions was the weather modification program which the district began in 1971.
This cloud-seeding project, being handled by Atmospherics, Inc. of Fresno, Calif., seemingly has had beneficial effects on the amount of rainfall over the lakebeds.
On Aug. 15, the Texas Water Development Board will begin scientific evaluation of the program scheduled to last until Oct. 15, 1974. "Then we should know scientifically whether and to what extent our weather modification program has worked," Ivie said.
So, the combined effects of cloud seeding and of lack of expected population growth during the past eight years may increase somewhat the amount of time for which the district's present facilities will suffice.

High winds, rain and hail did varying degrees of damage to a young cotton crop in the Howard County area Friday, farmers reported Saturday.
South Lomax reported a majority of its cotton completely ruined but North Lomax escaped serious loss.
Marble-sized hail and about an inch and a half of rain stripped the Knott area cotton of its leaves but it is hoped the leaves will return. Ten per cent of the crop is reported to be a complete loss.
The Luther area reported high winds but no hail and little rain over-all. The cotton received little damage.
The Fairview area reported relatively minor damage with little rain and no hail but high winds. Most of the sustained damage came from blowing sand.
Coahoma reported little damage, but west of Coahoma in the Salem community, pea-sized to golfball-sized hail destroyed 20 per cent or more of the cotton crop. The area between Salem and Centerpoint was reported to have been completely wiped out by hail and about two inches of rain.
A farm area north of Cosden Refinery was covered in three-quarter inch hail Friday and about 1,000 acres of cotton is believed to be a total loss, Bill Fryrear, superintendent of the USDA experimental station, said.
He said the area received about two and a half inches of rain.

drilling wells at an underground water supply site west of Odessa. The district already maintains well fields in Martin County and has an "insurance" well field for summer back-up supply in Ward County.

Oodles Of Yankee Doodles Ready For July 4th Affair

By WALTER MALONE
Oodles of Yankee Doodles are preparing for the traditional July 4 program "Let Freedom Ring" to be presented 8 p.m. July 4 on the east courthouse lawn.
This is the traditional observance of Independence Day here, and Mayor Wade Choate has appealed to the entire community to turn out for the program as evidence that "we do honor the giant step toward freedom that our founding fathers took in establishing this independent nation."
A number of personalities have been invited, among them Charles Kuralt, CBS news reporter, who has given no word on whether he can come, said Mrs. Barbara Giles, Chamber of Commerce secretary.

THE PROGRAM
Mrs. Mamie Lee Dodds, chairperson of the cultural affairs panel on this activity, is in charge of the program, for which she was largely responsible in the beginning.
Mrs. Dodds and others will boost the program over KOMO-TV (Channel 4) at 5 p.m. today. An invocation will be given by Chaplain Kenneth Summy

who will read "Prayer for the Nation" written by George Washington.
A call "to the colors" will be given by Ronnie Hise and the Webb Color Guard will present the colors to the music of "Yankee Doodle" played by Katherine Allsen and Karen Fortson on the flute and Buster Green on the drum.

A concert will then be presented. First United Methodist Church Handbell Choir will play "Battle Hymn of the Republic" and "America the Beautiful" and the flutes and drum will play "Hail Columbia."
The Big Spring Squares and Girl Scouts will present the Grand March. The Big Spring Squares will then give a square dance.

OTHER ITEMS
A minuet will be performed by four students of Mrs. Ora Burson who teaches dancing at the Young Men's Christian Association.
The Waltz of the Bells will be performed by students of St. Mary's Episcopal Day School and Girl Scouts.
The delivery of the Declaration of Independence will be re-

enacted by colonial troops (City Commission) and "government scout" Jessie (Bud) Summers, reserve deputy sheriff, and the Howard County Sheriff's posse.
Al Scott, town crier, will read the Declaration.
Joe Whitten, choir director of First Baptist Church, will sing "Let Freedom Ring" accompanied by Margaret Baum, pianist.
The Ringing of the Bells will be presented by the Big Spring Key Club followed by spectator participation singing of the National Anthem directed by Whitten and played by Mrs. Baum.
Betsy Ross will be Mrs. A. W. Moody and special guests will be the Gold Star Parents, whose sons have been killed in battle.

WEATHER FORECAST — Showers are forecast for parts of New England, the South and Midwest, for Sunday, according to the National Weather Service. Rain is forecast for parts of the Great Plains.

First School Real Test For Veteran Retiring Schoolman

If young education graduates think it is tough these days finding a teaching situation, they should consider how W. R. (Bill) Dawes started an educator career that ended Saturday.

Walking away from Marcy school, where he has been principal for 14 years, to his home not far away at 2804 Cactus, was a bit more pleasant than when, he finished school at West Texas State Teachers (now University) at Canyon in 1931.

W. R. (BILL) DAWES

Colleges then were suspected of needing to hold students a wee bit longer in the Depression, and when he was discovered to happen to need a few more hours for graduation in the spring, Dawes completely lost the job-hunting summer season in nailing down his diploma.

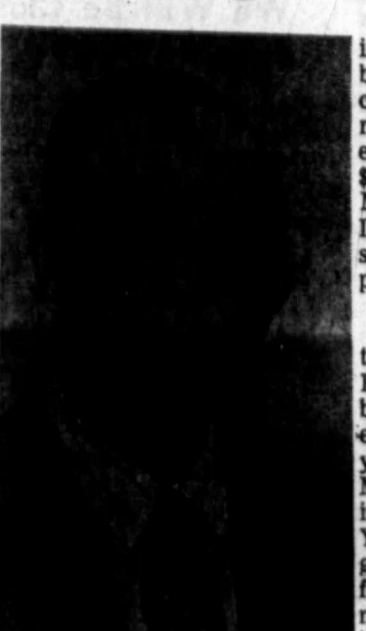

There was nothing in sight until Clifford Henry, a coach returned to the WTSTC campus and mentioned that the Endeavor San Jon Consolidated School district, nestled between the Cap Rock and the Canadian brakes, some four miles over the state line in New Mexico, was looking for a music teacher. Perhaps Dawes would like to consider it. Consider it? He took it.

DUGOUT QUARTERS

When he dismounted from the Rock Island in the middle of the night at the little New Mexico community straddling the railroad, Henry ushered him to his room.

It was an old bunkhouse, a half-dugout which had walls, narrow windows and even a floor, but also a generous supply of scorpions, tarantulas and centipedes, the latter entertaining him by ominous sounds as they crawled. And, oh yes, the coyotes used a wash behind the dugout as a runway for their nightly serenades.

But the cooking at the Batson House, the main dwelling on the place, compensated somewhat for the quarters. There was a death of entertainment, so he and Henry took long walks. On

W. R. (BILL) DAWES

one of the hikes he spotted an abandoned but neat stucco cottage with plastered interior, a dug well, reasonably close plumbing, and only two miles from school. He located the owner and for \$7 a month arranged to move out Thanksgiving. When the superintendent heard of the trade, he called Dawes in and explained that while he couldn't tell him where he had to live, under the circumstances he also couldn't tell him he would have a job the next year.

NOT REHIRED

This proved correct, both for him and Henry, who later joined him in the new dwelling. It may have been for the best, because his "music" teaching also had included a class in typing, psychology, sociology, general science, as well as the elementary and high school choirs. He moved on to Narra Vista for a year and then to Lovington, N.M., which seemed secure enough to wed his college sweetheart, Josephine DuPont.

In 1938, Big Spring elected to add public school music to its curriculum and the Dawses moved back "home," where they have remained since. The "challenge" of a new program

indeed was that, for his total budget for serving 54 classrooms was \$400. He spent most of this for basic books and equipment for teachers, begged \$100 each from J. Y. Robb, Dr. M. N. Bennett and L. S. McDowell to acquire old radio speakers attached to record players.

YMCA FOUNDER

He inherited the war industry training classes from Seth Parsons. Later he stayed briefly from teaching, long enough to serve a couple of years as business manager at Medical Arts Hospital, to be instrumental in founding of the YMCA here and become its first general secretary. (He also founded the original Toastmasters International Club here.) After a time of underwriting with Southwestern Life, he decided in 1956 to return to teaching and became choir director at high school. He handled this for a couple of years, became assistant principal of high school and then in 1959 was assigned to be principal at the new Marcy school.

Admitting to a certain inherited candor (his father was a native Englishman and his mother of Irish stock), he conceded that there have been several times when the administration came to his support.

"CANDOR"

"I must acknowledge the debt I owe to Supe (W.C.) Blankenship," he said. "My penchant for saying what I thought when I should have been listening provided plenty of opportunities for my career to end, but Supe Blankenship smoothed waters and stayed with me."

The Dawses (Mrs. Dawes, also retiring, has been secretary to Supt. Sam Anderson) have four children: Joseph, instructor in math at Big Spring High School; Bobby, practicing architect in San Antonio; Jimmy, studying on his doctorate in math at the University of Texas; and Martha, teaching at Deer Park, near Houston.

Discount Rate Highest Ever In America

WASHINGTON (AP) — The Federal Reserve Board has boosted the discount rate to charges member banks for borrowing to a record-high 7 percent in an inflation-fighting move across the country.

The board also decided Friday to raise the reserve requirements of its member banks, meaning that banks that belong to the Federal Reserve System will have to keep on hand more cash in relation to their deposits.

The tight-money policies of central banks were designed to cool off the nation's economy, which has been expanding at a fast rate since the first of the year, and has touched off a surge of inflation.

Not since 1921, when the board's interest rate, known as the discount rate, was 7 percent for a brief time at the New York regional bank, has the rate been so high. For the other banks of the system, the rate was the highest in history.

The Federal Reserve Board, through its ability to in effect create money through its policies, is responsible for the nation's monetary policy. It can determine whether the nation goes through periods of tight or easy money.

The discount rate change, from 6 1/2 percent, is effective Monday. All but the Richmond regional bank will begin charging the new rate then, and is expected to raise its rate to 7 percent later next week.

The reserve requirements were increased by 1/2 of 1 percent on all but the first \$2 million of net demand deposits held by member banks.

Ten Old Buildings Razed During June

The city's current razing project has already turned out to be a success, with 10 abandoned houses demolished during the past month.

David Zellars, code enforcement director, said that the city has permission to demolish two more old residences. Some property owners are starting voluntarily to demolish abandoned residences and business buildings which they own, he said.

Of the seven which property owners agreed could be torn down by the city, five have been completed. These include a house at 511 N. Douglas, Lot 10, Blk. 7, Bauer Addition; 507 N. Douglas, Lot 12, Blk. 7, Bauer Addition; 509 NW 5th, lot out of Blk. 100, Original Town; 606 NW 11th St., Lot 9, Blk. 48, Bauer Addition; and 506 N. Bell St., Lot 7, Blk. 4, Bauer Addition.

Still to be torn down are residences at 109 N. Goliad and 507 N. Nolan.

Condemned by building inspector, Tom Newton; fire marshal, Howard Dodd; registered sanitarian, Buck Kirksay; and by Zellars were five more abandoned houses. These have also been razed.

FIVE CONDEMNED

They include a residence at the corner of Bell and W. 9th, Lot 3, Blk. 12, Cedar Crest Addition, Mrs. Patton Parker, no address, no taxes paid since 1964, filed tax suit March 17, 1973.

Others included an abandoned house at 825 W. 7th and San Antonio, north 1/2 lot 8, block 5, Cedar Crest Addition owned by Willie P. Bautista, 825 W. 7th, taxes owed 1966 through 1972, tax suit filed March 14, 1973.

Another was at NW 3rd and Channing, lots 9 and 10, Block D, Moore's Height Addition, Lot 9, Margaret E. Johnson and lot 10, Jara Jesuita, 1001 NW 1st.

Laredo Air Base Declared Excess

WASHINGTON (AP) — Sen. John Tower, R-Tex., said Friday that the Department of Defense has proposed that the buildings and real estate of Laredo Air Force Base be declared as excess to the requirements of the department.

The declaration made the buildings and real estate subject to disposal by the General Services Administration, Tower's office said. The department recently

announced the closing of Laredo AFB as a training unit. The announcement valued Laredo AFB at \$36.3 million with 2,500 acres and 466 buildings.

Two Key Posts Filled At Webb

The positions of base commander and the deputy commander for operations were filled last week at Webb AFB.

Taking over the base commander position is Col. Robert G. Liotta, and taking over the deputy commander for operations is Col. Horace W. Miller.

Col. Liotta was the commander of the 3389th Pilot Training Squadron before taking command of the Undergraduate Pilot Training wing at Sheppard AFB, working with Vietnamese students.

He was commissioned through Aviation Cadets in 1949, has his bachelors and masters degrees in arts, also a masters degree in science from Brown University.

In 1951 Col. Liotta was an instructor pilot at Goodfellow AFB in San Angelo. Later in his career he was an F-86 Sabre jet flight commander in an Air Defense Command fighter squadron. He was on the fighter weapons staff of the Bangor Air Defense Sector Headquarters in 1955, where he flew F-102 Delta Daggers and F-106 Delta Darts.

After that he served an exchange tour with the Royal Australian Air Force, during which he was a commander of a Mirage IIIC training flight. While there, Col. Liotta flew the French Mirage mach-2 air defense fighter, Avon Sabres and DeHavilland Vampire.

Col. Liotta was a professor at Brown University from 1966-1969, and until the present, the colonel has been associated with Vietnamese pilot instructor training. He has also flown with the Vietnamese Air Force in Southeast Asia, including 240 missions in A-1H strike aircraft, and 70 missions in U-17 psychological warfare aircraft.

The Republic of South Vietnam has decorated him with the Cross of Gallantry with two silver stars, Cross of Gallantry (VNAF) and others. He holds the DFC, Air Medal with 11 clusters; the Air Force Commendation Medal, etc.

The colonel has approximately 5,500 hours in fighters and 2,500 hours in training aircraft.

He is married to the former Barbara Ann Hearn, and they have three sons: Robert, 21; Jeffrey, 19 and Peter, 16.

Col. Miller, native of Whitman, Miss., was commissioned through Aviation Cadets in 1953. His first assignment was to Europe, where he flew F-86 Sabrejets. Following that he was assigned to Craig AFB, where he was an instructor pilot, flight commander and stand-over pilot.

After attending the Air Command and Staff School, he was assigned to Air Training

Texas Shrimpers Fear 'Disaster'

BROWNSVILLE, Tex. (AP) — Expansion of Mexico's territorial waters could be a "disaster" for the South Texas shrimping industry, a spokesman said.

Guy Pete, president of the Brownsville-Port Isabel Shrimpers Association said he is "just sick" about President Luis Echeverria's proposal that Mexico expand its territorial waters from the current 12 miles to 200.

Most of the shrimp caught by South Texas and Gulf Coast shrimpers comes from the lower Gulf of Mexico.

The expansion "would drive us out of business," Pete said. Echeverria said Wednesday in La Paz, Baja California, that his proposal will be submitted at the next "Law of the Sea" conference held by fishing nations every four years.

He holds a bachelors from the University of Southern Mississippi and a masters degree from George Washington University.

He lists, among his decorations, the Silver Star, DFC with one cluster, Air Medal, Purple Heart, Air Force Commendation Medal, etc.

Col. Miller has approximately 5,000 hours flying time, including about 225 combat hours. He is married to the former Katy James. They have two boys: John, 15, and Jeff, 12. They will reside in Webb Village.

Command headquarters as a flight examiner and operations staff officer. From 1966 to 1968 Col. Miller flew F-4 Phantoms in Southeast Asia and logged 105 missions.

Two years on the staff of Air University followed his rotation back to the States. Then the colonel attended the Air War College and was reassigned to ATC, where he was director of stand-over until his assignment here. Col. Miller has been at Webb several times during his years at ATC.

He holds a bachelors from the University of Southern Mississippi and a masters degree from George Washington University.

He lists, among his decorations, the Silver Star, DFC with one cluster, Air Medal, Purple Heart, Air Force Commendation Medal, etc.

Learning How To Kill Fleas Cost \$363,276

ROSWELL, N.M. (AP) — The U.S. Army has spent \$363,276 on a project in the Roswell area the past eight years learning how to kill fleas ecologically.

Fleas can transmit bubonic plague from infected rodents to humans.

The Army medical research and development command started the plague-flea study in August 1966 under contract with the New Mexico Health and Social Services Department.

The contract is \$50,000 this year and employs four civilians in an office at the Chaves County Courthouse.

The project leader, wildlife biologist Bill Bennett, said that if the flea is killed, "the plague organism cannot be transmitted to another animal. We try to control the vector of the disease without harming wildlife and the environment by application of a lot of pesticides."

The project tests organic phosphates placed in grain baits for rodents on the Red Bluff ranch 25 miles north of Roswell.

Small amounts of these nerve poisons enter the bloodstreams of the rats, rabbits or other mammals being tested. Fleas feed on the blood and die.

"It's environmentally sane, compared with other methods," Bennett said.

The rodents remain alive and healthy if they don't already have the plague, and nothing is harmed except the carrier organism cannot be transmitted

Deadline Near For Medical Assistant Class

Tuesday is the deadline for applying for the medical assistant program at Howard County Junior College.

Paul Ausmus, who is in charge of the program, said that there has to be an early cut-off to insure formation of the class after screening, etc.

This is a two-year program offered for those who want to learn academic fundamentals of scientific fields related to medicine, then work in clinics and hospitals under the direction of physicians during the second year.

Those completing the course will receive an associate degree in the field and will be qualified to assist physicians. The course opens the way to a good-paying and satisfying career, said Ausmus. He reiterated that applicants should contact him no later than Tuesday.

Several Changes In Charter Suggested For Voter Action

By MARJ CARPENTER

Possible changes in the city government, which will be voted upon in a proposed revised city charter next Oct. 2, are numerous.

The charter here has not been revised since it was originally adopted 47 years ago.

The two most publicized changes include letting the voters elect their mayor rather than commissioners electing the mayor within the council. The title of commission will also be changed to city council.

The other major change calls for all councilmen to be elected at large but for specific places. For instance, if John Doe chooses to run against a particular councilman, he picks that place to run. Each councilman's post or place will be numbered.

ONE-YEAR RESIDENT
Qualifications for councilmen have been changed to list candidates as a one-year resident rather than two years. There is also a stipulation that any candidate shall not be in arrears in payment of city taxes or any other liability due to the city. This came about as the result of candidates filing who owe back city taxes.

The charter also requires that ordinances be read only at two

separate meetings, rather than three.

A vacancy on the council in the new charter, can be filled by appointment by the council unless it was within 90 days of the general election. As many

HCJC SIGNUP ON THURSDAY

Prospective students for Howard County Junior College second six-weeks summer school were alerted Saturday to be ready.

Registration for the second term will be Thursday from 1 p.m. to 4 p.m. and from 6 p.m. to 8:30 p.m. in the college library.

Classes begin Friday. The last day to register or add courses will be July 11. Those who intend to enroll are asked to register on time in order not to miss class work. The initial session paralleled last year's figures.

as two vacancies at once will call for a special election.

There are some changes in regard to qualified electors to make the charter comply with state laws. The present charter still lists the poll tax as a requirement of voters.

Police and the chief of police will no longer need to be confirmed by the city commission but will be hired by the city manager.

The name of corporation court will be changed to municipal court. The present charter states that the mayor must officiate in absence of the corporation judge, but the proposed change allow the mayor or mayor pro-tem to appoint somebody to officiate temporarily.

NO LONGER CLERK
The city secretary is listed as corporation court clerk and will no longer serve in this capacity if a proposed change is approved.

The city will select a depository for two years rather than one year. The rewriting of the charter will also repeal all unconstitutional taxes still listed, such as the poll tax.

The fee for serving on the council will be set at \$50 per meeting for the mayor but for no more than \$100 per month and \$25 per meeting for the councilmen, with a maximum of \$50 per any one month.

Moisture Short In West Texas

COLLEGE STATION, Tex. (AP)—The overall crop and livestock situation in Texas was good last week due to timely rains that fell over much of South and Southwest Texas, but moisture is still short in West Texas, according to Dr. John Hutchison, director of Texas Agricultural Extension Service.

Dr. Hutchison said combines are rolling in the High Plains with good yields reported. Limited spring planting continued in few sections of the state, and hay making is active in many counties, he said.

INSECTS
Soybeans are still being planted in the Coastal Plains and in East and North Central Texas. Peanut planting is active in North Central and West Central Texas as well as the Coastal Plains. Cotton is still being planted in a few counties in the Northeast and West Central sections.

Insect activity is increasing

20 per cent complete with good yields reported. Grain sorghum planting is almost complete. Livestock conditions are good. Soil moisture is short over much of the district.

COTTON PROGRESS
South Plains: Cotton is making good progress under open, sunny weather. However, lack of soil moisture is limiting growth in the southern part of the area. Grain sorghum is being irrigated, but planting of some dryland acreage is being delayed due to moisture shortage. Soybeans are making good progress. The wheat harvest is nearing completion with excellent yields reported.

Rolling Plains: Wheat harvesting is complete except in Hall and Motley counties. A few acres of cotton still remain to be planted or replanted. Older cotton is making good growth. Insects are causing some damage. Planting of guar, grain sorghum and peanuts is moving toward completion. Hay making continues active.

North Central: About 20 per cent of the wheat crop still remains to be harvested. Recent rains and wind have caused some losses. Hay making is active and yields are good. About 50 per cent of the soybean acreage and 15 per cent of the peanut acreage still remains to be planted. Peach harvesting continues. Excellent grazing is available for livestock.

Northeast: Some cotton still remains to be planted due to delays from rain. Corn and peanuts are making good progress. Hay crops look good but rains have delayed harvesting. Sweet potato planting continues. Peach harvesting is underway, and yields and quality are low due to heavy rains. Peas and lima beans are about ready to harvest. Cattle and pastures are in good shape.

Far West: Dryland crops and pastures and ranges continue to suffer due to lack of moisture. The cotton crop generally looks good. The third cutting of alfalfa is being harvested. Onion harvesting is in full swing. Cattle continue in good condition with sheep shearing about complete.

ABOVE AVERAGE
West Central: Small grain harvesting continues as weather conditions permit. Yields have been above average. Cotton planting and replanting is about complete.

Civitan Pick Dr. Kilgore As Outstanding Member

Dr. J. Gale Kilgore was named outstanding Civitan of the Year at the annual awards banquet held at the Howard County Junior College.

New officers also were installed, including Jerald Wilson, president; Tito Arcencibia, vice president; Guy Talbot, treasurer; and Jerry Foust, secretary.

New directors include Dan Finkerbinder, Mike Hull, Pete Jenkins, Ken Lane, D. W. Overman, and Tom Wall. New officers and directors were installed by Lt. Gov. George Calvin.

Speaker was Cal Bearden, Midland, president of the Texas Association for Retarded Children. He works for Texaco in Midland.

Special awards included perfect attendance pins to Wilson, Kilgore, Jenkins, Darrell Morgan, Calvin and Overman.

A past president's plaque went to Morgan. Tom Wall acted as master of ceremonies.

Dr. Kilgore's award was in recognition of his service and help in fund raising projects, his perfect attendance and the

DR. J. GALE KILGORE

hours devoted to club projects. He raised money singing on the corner of Main and Second, and also sponsored a country Western show in December to raise money for the Christmas project to buy shoes for poor children.

'FREE LOVE AND ROMANTIC RELATIONS' Coed Prison 'No Country Club'

Editor's Note: "We are involved in a highly significant social experiment. We are conducting it in a responsible, cautious manner with preliminary results thus far. It is a venture which can make an important contribution toward alleviating a problem which victimizes everyone in this country."
—Warden Charles Campbell.

By MIKE COCHRAN
Associated Press Writer

FORT WORTH, Tex. (AP)—Nonsense, says Warden Charles Campbell.

His prison is no country club. There is no rampant sexual misconduct. Drug abuse is not widespread.

And the atmosphere is not one of "free love and romantic relations."

But such are the complaints leveled at Campbell's prison, the Federal Correctional Institution (FCI), a unique satellite of the U.S. Bureau of Prisons.

It is unique because it houses both male and female prisoners or "residents," as they're called at FCI.

It is a bold correctional experiment in rehabilitation.

"People have not become penitent in penitentiaries or reformed in reformatories... consequently, it's the most classic kind of counter-productive effort. Corrections do precisely what they are supposed not to do," Campbell said.

PILOT PROJECT

So now comes this pilot project, both imaginative and controversial.

"We are aware that a drastic departure from the conventional is certain to become controversial," said Campbell, a veteran of 18 years in the prison system.

"Having men and women in an institution together and having a certain amount of contact with each other is experimental in nature, and on balance it is tremendously encouraging."

"We do know we're involved in a venture that carries with it substantial risk because the public is simply not accustomed to thinking of men and women offenders being together."

"So we're subject by those who don't wish us well to be inclined to believe the worst kind of rumors."

Although normally candid, Campbell is reluctant to pass judgment on the project—while obviously convinced it is working.

NOT YET

"We can't claim any success yet, but at the same time it's astonishing that we haven't been able to observe more bad effects from this than we have," he said.

The concept goes beyond a mixing of the sexes, although that is the aspect that attracts most of the attention. It also involves "human dignity."

"The basic theory on which we operate is that people are people first and prisoners second," the warden said.

NO GUARDS

There are no guards, just unarmed "correctional employees." The guardhouse is empty. There's a gate, but it's always open. The visiting area resembles a park.

Living quarters, sexually segregated, are not unlike modest college dormitories.

Although men normally wear khaki, women's dress includes miniskirts, slacks, hot pants, etc.

Some residents attend classes at nearby Tarrant County Junior College. Others hold day-time jobs outside the prison. Some receive outside vocational training.

"All are convicted felons, most of whom may be eligible for release within two years."

FEW WALK

Rarely, Campbell said, does a resident walk off (escape is too harsh a word) and most of those who do have voluntarily returned.

There are roughly 400 men and 100 women residents at the 300-acre facility, formerly a drug research center on the southeastern fringe of the city. The women's unit is locked at night, about the only time the sexes are not permitted to mingle.

Residents eat and work together, attend school, church, movies, counseling and supervised recreational activities together.

"We may not be succeeding in some respects but I am inclined to believe that FCI is

(AP WIREPHOTO)

MORE OPPORTUNITIES — Sherry, attractive 26-year-old blonde, who was convicted on firearms violation and a number of other charges, is shown during interview with Mike Cochran, AP writer. She said she had never been in an all female penitentiary, but from what other girls have told her, there are more opportunities and less restrictions here. She works in the beauty shop at FCI.

probably the most moral prison in the country," said Campbell. "We do not have as many rigid rules as most prisons, but one very rigid rule we do maintain is a prohibition of sexual contact between the residents."

"Similarly, we prohibit illicit drug use and trafficking in drugs, fighting, stealing, strongarming, assault and intimidation—behavior that unfortunately is commonplace in most prisons."

SEX WOES

"I don't want to say that the whole thing has run smoothly, that we haven't had troubles, because we have. We've had some very difficult times," Campbell said.

"We have moved residents, both male and female, away from here for no other reason than they did not show they were able to handle the co-corrections system."

Which is to say they had been sexually intimate, or certainly so inclined.

"But the efforts to beat the system have not been anything like what we would have predicted," Campbell said.

"There is a need for men to have women and women to have men aside from the sexual or physical aspect. Women become more feminine in their appearance. Men react to the presence of women in a way that basically far more constructive for them."

"We have not had the fights, the jealousies, the tensions resulting from this experiment that we expected. It's more normal, more the way human beings are supposed to be related to one another."

The residents themselves are quick to agree.

"The presence of the women is a big factor," said Mark, 38, black, transferred here from the maximum security prison at Marion, Ill.

SPRUCE UP

"Some of the men here that I've known over the years, they were very slovenly-type people in other institutions... Being with the females here, they have a tendency to groom themselves better, to socialize better with people."

"There's a tendency to let themselves come out instead of remaining in the shell, which

usually causes them to commit a crime in the first place.

"The female charm can bring a man out of this. Some of the all-male institutions do the exact reverse. When you have females around, you just naturally groove, you know?"

BLONDE TALKS

Sherry is 26, an attractive blonde from Michigan, "blowed up on drugs," convicted on a firearms violation after a number of other charges.

"I've never been in an all-female penitentiary, but I've heard things from girls who have," she said. "They say there are more opportunities and less restrictions here... I think it will be easier to 'get it together' here."

Laurie, 29, tall and blonde, from New York, locked up 18 months previously at Alderson, W.Va., convicted of forgery and stolen mail.

"This is completely different, like day and night. At Alderson it was just serving time. Punishment. No rehabilitation. Nothing. Not a chance. You just do your time and hope to get paroled."

"Here you get to work with yourself, to prepare for the outside. It's rehabilitation. It's not just punishment—you're trying to be helped."

MEN HELP

"It's not like they're the police and you're just a convict and being around men is more normal... This approach has helped a lot of people come a long way; people who otherwise would never have had a chance."

"If I had stayed at Alderson, I don't think I'd have accomplished a thing, and I'd probably have gone back to drugs because of the way I was treated, and the atmosphere there."

"I now feel I'll never come back to prison again. I feel like I'll never commit a crime again. I feel like I never again will take drugs."

"Never."

Radioactive Sampling

LAS VEGAS, Nev. (AP)

The environmental Protection Agency put a network of 68 air sampling stations into operation Friday to detect possible radioactive fallout from China's atmospheric nuclear test earlier this week.

A spokesman at the EPA's national monitoring center here said the stations are located in 21 western states and will be operated for at least one week or until any possible above-normal radioactivity no longer can be detected.

The 68 stations will supplement the regular network of 49 air sampling stations the EPA operates in Nevada, California, Utah and Arizona to detect possible radiation leakage from underground tests at the atomic energy commission's Nevada Test Site.

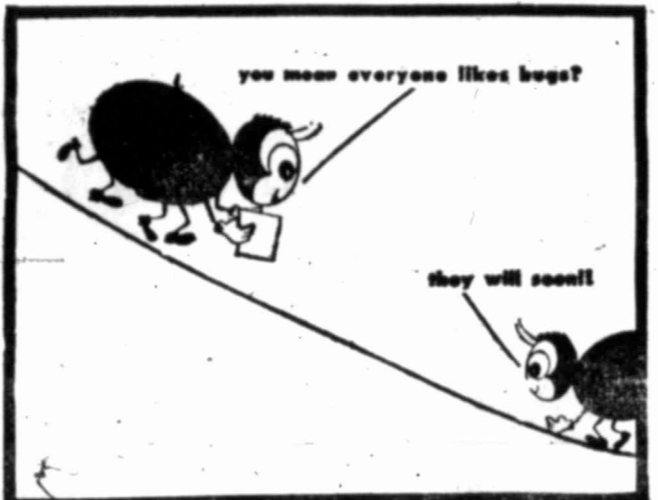

Samples collected at the stations are mailed to Las Vegas daily for analysis, the EPA spokesman said.

Fat, Fast When Happy

CONWAY, Wales (AP)

Scientists at a government experimental station here have discovered that oysters have moods.

The scientists have found by monitoring the heartbeat of the crustaceans that they grow plumper and faster when they are happy.

In talent competition, the Big Spring girls mimicked Groucho and Harpo Marx.

Sweetwater, Snyder Anti-Crime Money

AUSTIN, Tex. (AP) — Gov. Dolph Briscoe approved federal anti-crime grants totaling more than \$4.5 million Friday, including \$681,986 to install a high-speed police communications system for several metropolitan areas.

Briscoe also approved a \$203,050 grant for foot patrolmen to reduce crime in El Paso.

The communications grant goes to the North Texas Council of Governments in Arlington to install 56 terminals to serve the Beaumont, Houston-Galveston and Texarkana areas as well as the North Texas Council area.

Other grants approved by the governor include:

- \$18,072 to employ a police legal adviser in the 13-county area around Jasper, in East Texas.
- \$87,047 to hire extra policemen for areas annexed by San Antonio.
- \$9,940 to establish a crime prevention unit in the Sweetwater police department.
- \$25,000 for a professional management analysis of Garland's police department.
- \$512,822 for the first year of a three-year pilot study on crime investigation by the Dallas police department.
- \$3,054 for the Snyder police department to hire three law enforcement students as summer interns.
- \$7,300 for the Denison police department to set up a recreational program in minority neighborhoods to improve police-community relations.
- \$25,306 for equipment and training to combat civil disturbances in the Jasper area.
- \$59,956 to hire a professional staff to serve troubled youths in Bell, Coryell and Lampasas Counties.
- \$22,250 to train prison inmates to operate heavy equipment.
- \$11,994 to continue remodeling the McLennan County jail.

NIXON'S VETO BAD ERROR Briscoe Pegs Energy Shortages Number 1

HOUSTON, Tex. (AP) — Gov. Dolph Briscoe pegged "serious energy shortages" as the nation's most "severe problem" Friday and said the country must respond by building the Alaska pipeline, superports, and develop nuclear energy and mass transit systems.

The nation also must "keep a balanced environmental program going," Briscoe told the annual convention of the Texas Motor Transportation Association.

Briscoe said a single federal agency is needed to consider applications for offshore terminals—superports—to handle giant oil tankers of over 300,000 tons bringing oil 12,000 miles from the Persian Gulf.

Briscoe said the United States has been moving toward an energy shortage for 20 years, and he singled out as a "very bad error" President Eisenhower's 1956 veto of a bill that "would have freed natural gas from the disastrous effect of FPC (Federal Power Commission) well head pricing."

The veto, Briscoe said, "forced an alien system of economics upon our traditional concept of free enterprise and attempted to place a commodity—natural gas—into a form of utility regulation."

A "few corrective measures" could have averted the energy "crisis," Briscoe said. He noted that in 1950 coal supplied 35 percent of the nation's total energy requirements, but it now contributes only 20 percent. "If coal's share in the energy market had risen, 10 to 12 percentage points from the position it held in 1950, instead of

an 18 per cent decline, we would now be in good shape."

OUT OF TIME

He blamed the decline on "artificially low prices imposed on the petroleum industry" and other federal regulations, including low gas prices and a reduction in the oil depletion allowance.

Briscoe also noted that although coal is the nation's most abundant source of fuel and energy, more and more rules "are being enforced to prevent the use of coal because of undesirable effects on the environment."

Briscoe added that "environmental concerns" have blocked construction of the Alaskan pipeline.

"One thing is certain," Briscoe said, "the energy shortage is no figment of the imagination—it is real, and we have run out of time."

Mahoney In New Firm

Robert W. Mahoney, vice president of the First National Bank in Arlington has resigned that position effective Aug. 1 to become the managing partner of a newly formed general investment firm based in Arlington. It was announced today by Marvin M. Stetler, the bank's president.

Mahoney will be the general partner in MAR Investments, Ltd.

Mahoney joined the First National Bank in August 1970 from Continental Bank in Fort Worth where he had been an officer in the credit division for two years.

He is the son of Mr. and Mrs. C. W. Mahoney and a native of Big Spring. He attended North Texas State University in Denton and was awarded his BBA in 1967.

An active civic worker, Mahoney served as a director of the Fort Worth Junior Chamber of Commerce in 1968. He is currently secretary and treasurer of the Young Men of Arlington organization. He is a past treasurer and vice president of the Professional Businessmen's Investment Club and is now president of that organization.

It's about time you relaxed. Let us do the chores, the cooking and the dishes.

Jean Adams
TEEN FORUM

FUED: (Q.) Beth and I used to be best friends. Now we are enemies. She says I lie all the time. That is a lie. I do not lie. She told some friends of mine that they should never believe a word I said.

I felt like beating her up, but I didn't say anything. I don't really know what to do about it — let it go by or tell her where to go. She's taken over most of my friends and she's starting to take over my boy friend.

The reason I say that is because my boy friend and her boy friend were very close friends, but now are not speaking because of us. Beth and I don't speak either. What would you do? —Not True in New York.

(A.) Beth would no doubt misunderstand anything you said to her now. And you would no doubt be sorry you said it. So say nothing.

Instead, go ahead living your life the best way you know how. Be as happy as you know how. Do not think of Beth as an

Rodeo Slated At Boys Ranch

The 12th annual all-boy rodeo will be held in the West Texas Boys Ranch arena, Saturday, at 7:30 p.m., according to Buck Owens, Barnhart, rodeo chairman.

An added attraction to this year's rodeo will be parachute drops at 5 and 7 p.m. by the Rigger's Platoon, AES Detachment, 1st Cavalry Division of Fort Hood. The first jump will be just prior to the 5:30 p.m. barbecue which will be served to the public for \$1.50 per plate. There is no admission charge to the rodeo.

enemy. Do not talk about her unless you can find something good to say about her.

Your real friends will not desert you if what someone says about you is a lie and your life PROVES it to be one.

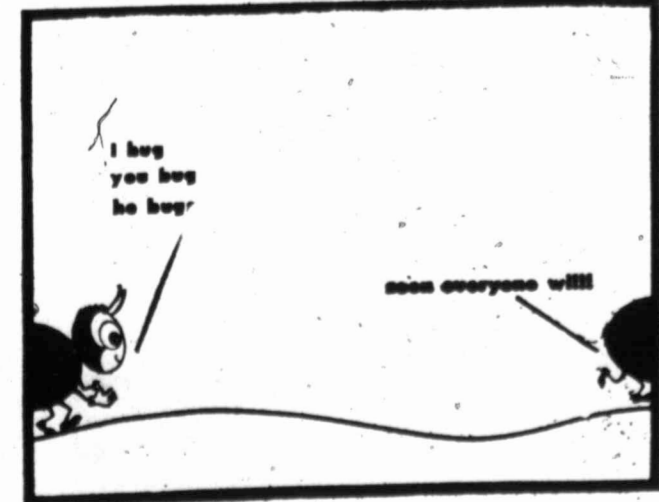

MALE NEEDED: (Q.) I am 16 and a junior in high school and we are having our junior prom. I have no boy friend who can take me. My mother wants me to go. So do I, but I tell her that I do not want to go because I have no boy friend. She mentioned that I should ask a cousin of mine to take me. I do not want to ask him. Please help me. I want to go to the prom very badly. — In Trouble in Tennessee.

(A.) Your letter came so late that it could not be printed before prom time. But I know there are many girls who are already asking themselves what boys or men they can find, to take them to proms in the forthcoming school year.

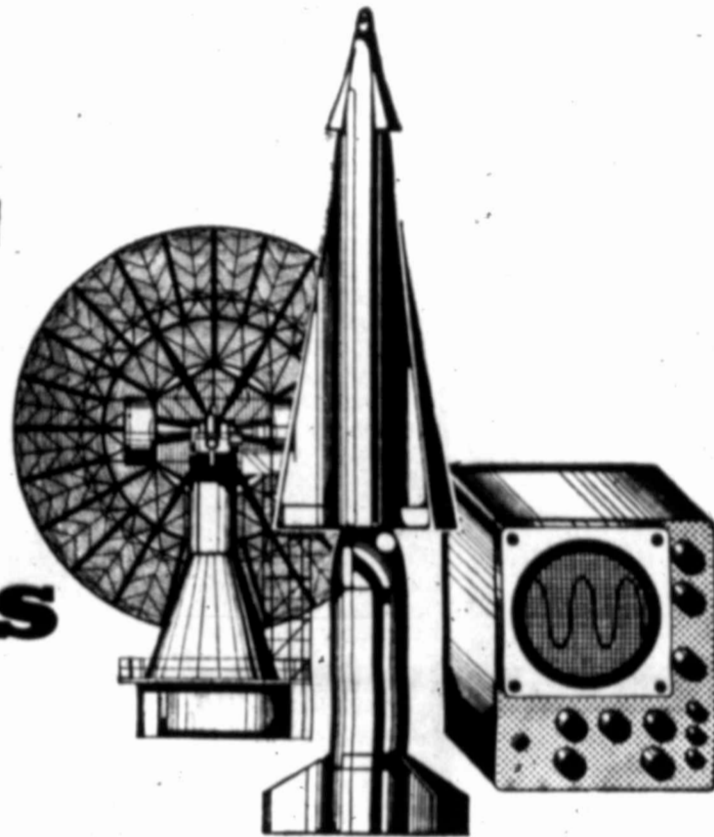

Here is a list of males a girl can ask to take her to a prom: (1.) Her regular boy friend. (2.) Any boy she has dated. (3.) Any boy she is friendly with and with whom she has talked a few times. (4.) A boy who is a friend of her family and whom, of course, she knows personally. (5.) A friend who lives in another town, if the distance is not too great. (6.) A cousin. (7.) A bachelor uncle. (8.) Her brother. (9.) Her father.

If you are a girl and have a prom coming up during the next school year, keep this list in mind. Even better, clip it out and save it.

Jean Adams reads and considers every letter, but she regrets that she cannot answer each personally. Mail your questions and comments to Jean Adams, care of The Big Spring Herald, P.O. Box 2402, Houston, Texas 77001.

Kidnaped Man Escapes Captors, Two Charged

CHICAGO (AP) — A kidnaping effort 1½ years in planning was thwarted when a suburban drug company president crawled through a bathroom window and escaped his captors.

Safe at home Friday, 34-year-old Melvyn Zahn told newsmen his two abductors treated him "fairly nicely" after he disappeared Wednesday night from the Zahn Drug Co. warehouse offices in Melrose Park.

He said the men told him they had been following his movements and those of his millionaire father, Louis Zahn, for 18 months.

The elder Zahn received a demand for \$1.5 million in ransom, but no money was paid, police said.

Police in Michigan City, Ind., arrested William Robert Calhoun, 47, and George E. Ferris, 53, near the house where Zahn said he was held. The two later were charged with kidnaping.

Zahn, unshaven and disheveled after his escape, said he was fed well but was bound, handcuffed and gagged with tape over his mouth much of the time.

By Friday, he said, he had won the confidence of his abductors and they removed his bonds to allow him to go to the bathroom.

Zahn led police to the area where he was held, arriving just as the two men were fleeing in separate cars.

INTERESTED FAMILIES — Taking in everything said at the Skylab astronauts news conference at the Johnson Space Center, Houston, Friday, are these members of the spacemen's families. Left to right: Mrs. Jane Conrad, wife of the Skylab commander, Charles "Pete" Conrad; Mrs. Shirley Kerwin, wife of scientist-astronaut Dr. Charles P. Kerwin; Christopher Conrad, 12; and Andrew Conrad, 14. The other Conrad boys are behind Mrs. Kerwin.

Pat Danforth presents . . .

the new 1973 'JET SET' pant coat. You'll love the cozy cuddling of its fake fur on the collar, cuffs and bottom. The single-breasted, to-flap pocket designs let them know you're at the top. In blue and antelope. It's in your size from 6-14.

Rogers Manager Of Fina Plant

Appointment of Carl E. Rogers as manager of Fina's newly acquired refinery at Port Arthur, was announced in Dallas today by C. W. Shouse, vice president, refining, American Petrofina.

The former BP refinery at Port Arthur becomes the fourth and potentially largest refinery in the Fina group.

Rogers has been refinery manager for Fina at the Big Spring complex.

R. K. Hoffman, Port Arthur BP refinery manager will remain with The Standard Oil Company (Ohio). On June 29, 1973, Petrofina, Incorporated, and Sohio closed a transaction under which Fina acquired a Port Arthur, Texas refinery, interests in related crude oil pipelines, and BP branded marketing properties in Florida, Georgia, North and South Carolina. The purchase price was \$100,000,000 in cash, plus an additional \$27.5 million in 60 days.

Plans to increase the throughput at the Port Arthur refinery from 50,000 barrels per day to 80,000 barrels per day of crude oil also were announced by Shouse.

"Units which have been shut down since 1971 will be restored to operating condition and reactivated as soon as possible," Shouse said. "The additional capacity will be used initially to process imported sweet crude oil."

A native of Independence, Kans., Rogers began his career in refining in 1942 at Arkansas City. Following an assignment at Aruba, Dutch West Indies, he returned to Wichita, Kans., prior to joining American Liberty Oil Company in 1952 at Mount Pleasant, Texas.

CARL ROGERS

American Petrofina purchased American Liberty in 1957. Rogers served as refinery superintendent at Mount Pleasant for 10 years prior to transferring to Big Spring in 1970.

He holds a BS degree in petroleum engineering, with refining major, from the University of Tulsa. He is a registered professional engineer in Texas and is on the operating practices committee of the American Petroleum Institute.

American Petrofina is engaged in exploration and production activities in the Southwest, Mid-Continent, and Rocky Mountain regions. It operates three refineries in Texas and one in Kansas, with a current combined capacity of almost 100,000 barrels a day. Cosden Oil & Chemical Company is a wholly owned subsidiary of Fina.

Lions Donate Reading Aid

The Downtown Lions Club has donated a large, lighted table desk magnifier to the Howard County Public Library.

This reading aid will be available for patrons to use at the library, Rebecca Taylor of the library said.

During June, about \$1,000 worth of books purchased with revenue sharing funds were delivered, she said.

One shipment brought 333 recovered paperbacks, most of them old fiction classics. Also, arriving was a shipment of 84 hard back books. And a new set of Encyclopaedia Britannica volumes arrived. Now, the library has 1972 or 1973 editions of all its encyclopedias.

County Commissioners Court increased library appropriations by \$10,000 in order to make the library eligible for state library membership. Membership will allow the library to borrow books from other state libraries.

Hearings End

Meetings of city, county and school board of equalizations drew 64 taxpayers Thursday and Friday. Kay Holmes, secretary for Southwestern Appraisal, said. Real and personal property values were considered by the boards, which ended hearings Friday.

Jaycee Chief Plans To Keep Women Out

MINNEAPOLIS, Minn. (AP)—The new president of the United States Jaycees says his organization will continue its efforts to bring prison inmates into the Jaycees and to keep women out.

Richard Clayton Jr., 31, Abilene, Tex., was elected at the group's national convention here Friday. He said the theme of his one-year term would be "priority on people."

Jaycee chapters in prison are helping inmates "get into the mainstream of life," Clayton said. "I've seen it change a lot of young men."

He said prisoners "have to be conditioned to learn where they are in order to exist in this country."

Women lost, at least temporarily, a bid to enter the Jaycees when an Oklahoma court this week dismissed a suit challenging the organization's all-male makeup, Clayton said.

He said he is optimistic the decision will stand. A vote of the Jaycees in February showed an "overwhelming majority" opposed female membership, he said.

NATURAL BRIDGE CAVERNS

Texas Cave Country's Largest

An unforgettable family adventure! More than 10,000 different shapes, brilliant colors, ever-changing formations.

Guided tours pass sights like the 40 foot high King's Throne of multi-colored limestone; the glassy Emerald Lake; the 2 inch thin, 15 foot tall columns in Sherwood Forest. And much more!

Stay at our campground. We're open year 'round except Thanksgiving, Christmas and New Year's. Tours begin at 10:00 a.m. Write today for the full color story.

Secretariat Wins Match

CHICAGO (AP) — Secretariat toyed with three rivals as expected but failed to set a record Saturday as he won the \$125,000 Arlington Invitational at Arlington Park.

Racing's first Triple Crown winner in 25 years, cheered every step of the way by an enthusiastic crowd, won by nine lengths over My Gallant.

Our Native was third, another neck back and 17 lengths in front of Blue Chip Dan.

Secretariat, held in check by jockey Ron Turcotte down the backstretch, carried 126 pounds over the 1 1/4 miles in 1:47 flat, one-fifth of second off the track record and 3-5ths off the American standard.

Secretariat broke last but moved into the lead midway through the first turn and was never threatened thereafter.

The strapping chestnut son of Bold Ruler was caught in :24 45 for the quarter, :48 for the half mile, 1:11 1-5 for three-quarters, and 1:35 for the mile.

Secretariat paid \$2.10, the legal minimum in Illinois for a \$2 bet.

Irish Sweeps To Longshot

DUBLIN, Ireland (AP) — Weaver's Hall, a 33-1 longshot, charged through the straight-way and won the Irish Derby at the Curragh Saturday, rewarding lucky sweepstakes ticket-holders with \$125,000 each.

The Irish-owned colt scored by 2 1/2 lengths over Ragapan, a 7-2 choice while Bouy, a 4-1 shot, finished third, another 1 1/2 lengths back. Hail the Pirate, the 11-4 favorite owned by Daniel M. Galbreath of the Darby Dan Farm in Ohio, finished a well-beaten fourth in the field of 15 3-year-old colts. Lester Piggott, Britain's star jockey rode the American entry.

Jockey George McGrath moved Weaver's Hall into contention four furlongs from the finish and poured it in to win comfortably.

The triumph was worth \$136,240, an Irish record, to owner Seamus McGrath, who also is a trainer-breeder and father of the jockey.

Cowboys' Alworth Ponders Retirement

JACKSON, Miss. (AP) — Dallas Cowboy wide receiver Lance Alworth says he is "contemplating retirement."

"I'm going back to Dallas Monday to talk it over with the people there," he said Friday in a televised interview in Jackson. "I'll be making up my mind within the next couple of days."

The 32-year-old Alworth spent nine seasons with the San Diego Chargers. He was traded to the Cowboys before the 1972 season.

Alworth, a native of nearby Brookhaven, was in Jackson for a benefit golf tournament.

Chicago's Allen On Disabled List

OAKLAND (AP) — The Chicago White Sox placed slugging first baseman Dick Allen on the 15-day disabled list Saturday and recalled outfielder Buddy Bradford from Iowa of the American Association.

Allen suffered a hairline fracture of a bone in his left leg in a collision with Mike Epstein of the California Angels Thursday night in Anaheim.

Crampton Holds Lead

CHICAGO (AP) — Bruce Crampton, an Australian veteran seeking his fifth victory of the season, shot a five-under-par 66 and established a two-stroke lead Saturday after three rounds of the \$175,000 Western Open Golf Tournament.

Crampton, already the season's leading money winner, twice had three consecutive birdies as he came from two strokes off the pace and posted a 54-hole total of 201.

That put the 37-year-old veteran 12 under par on the 6,654-yard Midlothian Country Club course and two strokes in front of Billy Casper.

Casper, winner of this old event the last time it was played at Midlothian, twice chipped in from off the green for his 67 and 203 total.

Hale Irwin, the former collegiate football star who led at the end of two rounds, could do no better than match par 71 in the near-ideal playing conditions and was third at 204.

Arnold Palmer was next with a 68-205 and was trailed by Miller Barber, Larry Hinson and Richard Crawford, tied at 206.

LUNGING EFFORT — Seventeen-year old Swede Bjorn Borg swoops to a low shot during his fourth round singles match against Hungary's Szabolcs Baryanyi during Wimbledon tennis action Saturday. Borg won a five-set thriller, 6-3, 6-2, 6-8, 5-7, 6-1.

BIG SPRING HERALD

SEC. B BIG SPRING, TEXAS, SUNDAY, JULY 1, 1973 SEC. B

Mayer Stuns Wimby With Nastase Upset

WIMBLEDON, England (AP) — Alex Mayer, a law student at Stanford University, upset Romania's Ilie Nastase 6-4, 8-6, 6-8, 6-4 Saturday, causing the biggest stir at staid old Wimbledon in years.

For Mayer, the son of a former Hungarian Davis Cup captain, it was the kind of triumph every young tennis player dreams of. But for Nastase, it was the second time in two years his hopes of taking the Wimbledon crown were crushed. Nastase was beaten in the finals last year by American Stan Smith.

The Romanian gained the top seeding and bookmakers' 2-1 favored role when Smith and more than 70 other top players in the Association of Tennis Professionals boycotted the premier grass courts test to protest the ban of Nikki Pilić of Yugoslavia.

Nastase's volleying was off time while the 21-year-old Mayer, known to his friends as Sandy, played consistently well despite the fact he hadn't hit a ball on grass until he arrived in England last weekend because

he was too busy winning the U.S. intercollegiate clay court title.

Another big upset brought the weakened men's singles event

British Group Slaps Netters

WIMBLEDON, England (AP) — Mark Cox, Graham Stilwell and Gerald Battick were declared Saturday ineligible to play in Britain, but British tennis officials stopped short of issuing an outright ban.

The British Lawn Tennis Association acted because the three Britons joined a boycott of Wimbledon called by the Association of Tennis Professionals.

Paulo Bertolucci and Adriano Panatta were given three-month suspensions by the Italian federation Friday for their role in the boycott. Neither tennis star may compete for Italy in its Davis Cup match against Spain July 20 nor at Forest Hills, N.Y., in the U.S. Open in early September.

More than 70 stars of ATP refused to compete at Wimbledon because Nikki Pilić was banned by the Yugoslav federation for failure to play on his country's Davis Cup team.

An ATP meeting is scheduled in New York Monday, and the ILTF annual meeting is set for July 12 in Warsaw.

to life Saturday. Vijar Amritraj, a little 19-year-old Indian from Madras, advanced to the quarter-finals by toppling Australia's Owen Davidson, the No. 7 seed, 7-5, 8-9, 6-3, 6-4.

Chris Evert, the 18-year-old Fort Lauderdale, Fla., star, narrowly escaped being upset. The No. 4 seed trailed 0-4 in the final set against Janet Young of Australia but came back for a 5-3, 3-6, 8-6 triumph and all of the seeded women advanced to the quarter-finals.

Two American men, Mayer and Jimmy Connors, are in the last eight. Connors, a 20-year-old left-hander from Belleville, Ill., took apart Bernie Mitton of South Africa 6-3, 6-3, 6-2. His next opponent will be Alex Metrevel of Russia, the No. 4 seed, who crushed a 21-year-old Englishman, John Feaver, 8-6, 6-4, 6-1.

Mayer, meanwhile, will meet Jürgen Fassbender who out-dueled Hans Juergen Phmann 6-2, 7-5, 6-3 in an all-German match.

The third American to reach the fourth round, Bob McKinley of St. Ann, Mo., was eliminated by Roger Taylor of Britain 6-1, 7-5, 6-8, 7-5. Taylor, a left-hander seeded No. 3, will meet the 17-year-old Swedish sensation Bjorn Borg.

Borg had hordes of teen-age girls screaming again by conquering Szabolcs Baryanyi of Hungary 6-3, 6-2, 6-8, 5-7, 6-1.

Jan Kodes of Czechoslovakia, seeded No. 2, downed Jaidip Mukerjee of India 6-4, 3-6, 6-4, 6-3 and faces Amritraj in the quarter-finals.

Open Net Meet Starts Monday

Big Spring entertains many of the finest tennis players in the Southwest this week when the Highway 80 circuit stops over for a three-day stay and the Big Spring Tennis Open.

Around 500 netters from Texas, New Mexico, Louisiana and Oklahoma will begin play Monday at 8:30 a.m. on 19 local courts, with headquarters at the new Figure Seven Tennis Center in the south part of the city on Whippie Drive. Courts will also be in use at Webb AFB, Big Spring High School and Howard County Junior College.

Action will be held in 22 events, including men's and

women's singles and doubles and men's 35 and over singles and doubles. Also slated is competition in boys and girls 12, 14, 16 and 18 singles and doubles.

Play will conclude on Wednesday with finals in all events.

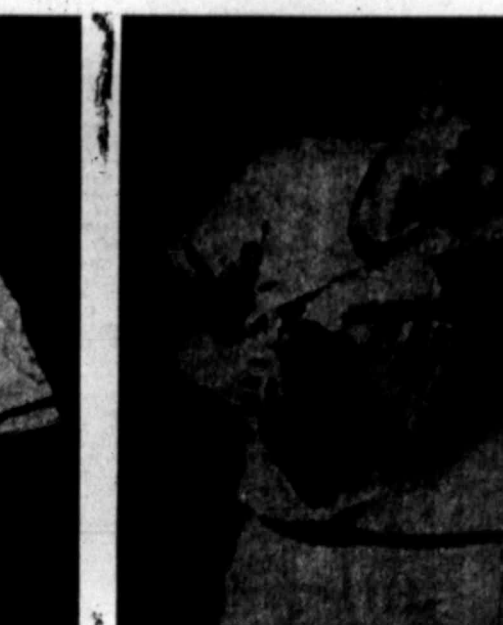

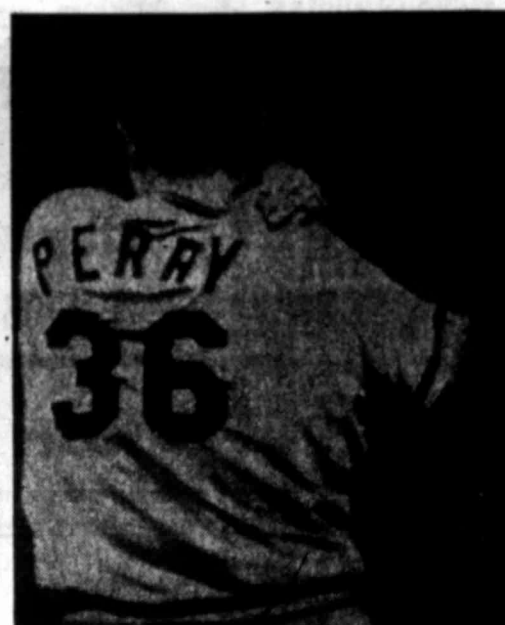

The early action today features the Junior netters, while men's and women's competition isn't set to get started until 5 p.m. today.

Adult doubles action is scheduled for a 6 p.m. start. Trophies will be awarded finalists in all events, with the men's singles champion taking the Big Spring Chamber of Commerce trophy.

SCRATCHES A LOT, BUT . . . Cleveland Indians pitcher Gaylord Perry has been accused of throwing a greaseball and is in the center of controversy in the

American League. He is shown during Friday night's game with the New York Yankees doing what all pitchers do be-

between tosses. He rubs his face on his sleeve, touches his hat

and shirt. The Yankees won the game, 7-2.

Perry's Mates Admit 'Greaseball' For Real

NEW YORK (AP) — Does he or doesn't he? Only Gaylord Perry's teammates — and ex-teammates — know for sure whether he loads up the baseball.

"Of course he does," says one former teammate. "He uses Vaseline or something like it. Before that he used saliva."

The Associated Press quizzed a number of players who were teammates of Perry's with the San Francisco Giants in the National League and, since last year, with the Cleveland Indians in the American.

The answers were the same: Perry doctors the ball with glop ranging from saliva to slippery, slim to Vaseline to a water-soluble lubricant known as K-Y Lubricating Jelly, a product widely used in gynecology and surgery, among other things.

The players all requested anonymity. "I'm still a friend of his," said one.

"He puts the stuff in several places," said another. "Behind his right ear" and under the top of his uniform shirt at the neck. . . . He puts it in places where he can get to it with a natural wiping motion."

The great greaseball controversy — a misnomer, perhaps, since K-Y Jelly is greaseless — slipped out anew last Monday night when the New York

Yankees charged Perry with loading up on pitch after pitch while hurling Cleveland to a 4-2 victory.

Yankee center fielder Bobby Murcer charged that Baseball Commissioner Bowie Kuhn and American League President Joe Cronin "don't have the guts" to enforce the anti-spitball, anti-greaseball rule. He was fined \$250 by Kuhn for his remarks.

When the Yankees returned home Friday, Murcer still was bitter.

"I still say he throws a greaseball," he said. "It doesn't look like a fork ball or a fast ball. The pitch comes in real fast and just drops. I've felt the substance on the ball but I don't think the umpires want to feel it."

"It's the most difficult pitch to hit in baseball. If they legalize it, we'll all be hitting .250."

Ironically, one ex-teammate — a pitcher — blames a change in the rules for Perry's alleged switch from spitball to greaseball.

"When they ruled a pitcher couldn't bring his pitching hand to his mouth, they encouraged Vaseline," he said. "Sometimes you have to blow on your hand to keep it warm when you're pitching at night in places like Oakland and San Francisco. Every rule they pass penalizes the guy who doesn't throw the spitball."

For What It's Worth

Jack Cowan

What happens when a soft drink company enlists the aid of a bunch of nutty sports "experts" to come up with the top sporting events of the last 75 years? Chaos, mainly. Pepsi Cola polled sports writers and broadcasters across the country recently, and while you could hardly say it ranked head and shoulders above the rest, Jesse Owens' 1936 Olympic performance took the top spot. Owens, winner of four gold medals that summer, picked up 112 votes and barely edged Roger Bannister's four-minute mile, which drew 105 ballots.

That's all very interesting until you notice that no less than 315 events received mention, which makes the thing even more astounding.

No. 3 in the listing was Bobby Thomson's 1951 World Series home run (93 votes), followed by Mark Spitz' seven gold medals in the '72 Olympics (85) and the current UCLA basketball dynasty (87). Don Larson's perfect World Series game in 1956 drew 61 votes for sixth place, while the New York Jets' upset of Baltimore in the 1969 Super Bowl tied the Muhammad Ali-Joe Frazier fight with 60 apiece in a tie for seventh. Next was Babe Ruth's 60-home run record (58 votes) and 10th was the Jack Dempsey-Gene Tunney Long Count fight (50 votes).

Rogers Maris' 61 home runs headed up the second ten with 38 votes, and the second Joe Louis-Max Schmeling fight of 1938 was one vote back in twelfth. Then came a tie between the Colts-New York Giants' sudden death NFL playoff in 1958 and Bobby Jones' golfing grand slam, with 34 apiece. Tied at 31 votes for 15th place were the Mets' World Series triumph in 1969 and the first Super Bowl game of 1967.

Rounding out the top 20 were the Olympic Israeli massacre last summer, Jackie Robinson breaking the baseball color line in 1947, Jim Thorpe's Olympic gold medals and disqualification, Joe DiMaggio's 56-game hitting streak and Bob Beamon's 29-2 1/2 long jump in the '68 Olympics.

To me, this stuff is really great. I love it, and I pored over every one of the 1,656 votes cast. But believe me, there are definitely a bunch of weirdos walking the streets right now. I mean, can you imagine someone naming the top ten greatest sporting events and actually including the Merle Hapes-Frank Filchok pro football sellout?

Not only that, but the Buffalo Germans' 111-game basketball winning streak, the invention of the hockey puck, and Elmer Flick winning the American League batting title with a .3067 Plus, Lou Teshz losing the world Heavyweight Wrestling title (two votes), Eddie Feigner's "King and his Court" softball team, and Bobby Tolan's 1972 comeback? Now really, the top ten?

Personally, I did OK, I guess, even though I did have one loner. Ty Cobb had a .367 career batting average, and apparently no one thought much of it except me. But I did have some things — like I completely forgot about Spitz. Here's how The Kid voted, compared to the rest of the nuts, as recorded in The Herald two or three months ago in this column:

1. Jesse Owens (1st, 112 votes);
2. Green Bay football dynasty (38th, 9 votes);
3. Dempsey-Tunney Long Count fight (50);
4. Roger Maris' 61 home runs (11th, 38 votes);
5. Oklahoma football streak of 1950s (6 votes);
6. USA-USSR controversial basketball game of '72 Olympics (7 votes);
7. Bob Beamon's 29-2 1/2 long jump (21st, 22 votes);
8. UCLA's basketball dynasty (5th, 67 votes);
9. Ty Cobb (heh, heh);
10. Miami Dolphins' perfect NFL season, (25th, 16 votes).

It's strange how the status of things can change over the years. For instance, in a similar poll 30 years ago, the Dempsey-Tunney fight was No. 1, followed by Bobby Jones' golf accomplishments, Owens' Olympic feats, the 1928 World Series pitching performance of Grover Cleveland Alexander and Babe Ruth's home run clout, over the right field at Wrigley Field in the 1932 World Series.

The first three did OK, but Alexander got just one vote this time around and that particular home run of Ruth's was without mention.

No. 6 on that 1943 list was Red Grange's five touchdowns for Illinois, against Michigan in 1924. But since then Southern Cal's Anthony Davis — a sophomore, no less — has done six in a day against Notre Dame, so it was no big deal. Grange got three votes.

It looks like history isn't always so kind. Sort of like a fickle female, I guess.

Belles, Kiwanians Score Big Miss Softball Victories

The First Federal Belles smacked the Kiwanians 43-8 and the Texas Belles squeezed past the Dairy Queens 23-22 to highlight last week's Big Spring Miss Softball America action.

In Senior play, the Rustlers battered Odessa 24-10 with Ruth Knight picking up the victory.

District Commissioner Jane Upton has called a meeting of the managers and board of directors for Wednesday at 8 p.m. in the First Federal Building concerning the selection of major league all stars.

The stars will be announced at the league jamboree, set Saturday at 8 p.m. at Comanche Trail Park.

MONDAY — Optimists 20, Garden City City Kats 4 (W—Melissa Francis); Price Pavers Academics 23, State National Bank Greenbacks 15 (W—Melissa Francis); Highland Center Merchants 20, Rotary Club Rooters 15 (W—Cristie Yancy); First Federal Belles 38, Pioneer Gas Pioneers 4 (W—Tammy Webb); Kiwanians 12, Elks 8 (W—Betsy Paulson).

TUESDAY — Rustlers 12, Poron Oil Well Service Mitts 6 (W—LeRoy Rodgers); Elks Phillips 46, Phillips 24, First National Bank Kittens 9 (W—Lahoma Gooden); Security State Bank Starlets 17, Tommy Gage Oil Flashers 4; Texas Belles 23, Dairy Queens 22 (W—Cathy McMahon).

THURSDAY — Merchants 21, Kitty Kats 14 (W—Cristie Yancy); First Federal Belles 43, Kiwanians 8 (W—Janice Thompson); Optimists 7, Elks 4 (W—Melissa Francis); Perca Panthers 15, Academics 1 (W—Allison Wiggins); Rooters 22, Greenbacks 14 (W—Debbie Wiggins).

FRIDAY — Flashers 21, Pioneers 13, Starlets 14, Texas Belles 3 (W—Jill Dunham); Phillips 7, Mitts 4 (W—Cathy Carter); Kittens 23, Dairy Queens 7 (W—Teresa Haber); Makeup game: Phillips & Pioneers 5 (W—Cathy Carter).

Chippers Romp In Odessa Loop

ODESSA — The Morton Chippers banged out 17 hits and ripped the Rexene Polymers 13-2 in an Odessa Industrial League matchup Friday.

The Chippers exploded for eight runs in the second to sew up the win, as the team lifted its mark to 9-4 in loop play.

On the year the Chippers stand 14-14.

Wayne Weaver slapped two doubles and a single and Jim Roger and Charles Pattillo managed two singles and a double each to lead the effort. Oakie Hagood and Roy New had two hits apiece and Don Miller rapped a triple.

The Chippers return to action this weekend in the Odessa Invitational Tournament.

Rec Meet Set July 14

The Big Spring Quarterback Club will sponsor a Summer Recreation Track Meet for all local youngsters through high school age July 14 at Memorial Stadium.

Preliminaries get under way at 9 a.m. for the boys and girls, who will be competing in five different groups. Bantams will include children nine and under, Midget is the 10-11 age group, 12-13 is Junior, Intermediates are 14-15 and Seniors include youngsters 16 and up with high school eligibility.

An entry fee of 50 cents will be charged contestants at the gate.

Big Spring High School track coach Glenn Petty is the meet director.

Childers Leads Bankers' Win

Tim Childers tossed a three hitter as the Bankers upped their season mark to 10-0 Thursday with an 8-1 verdict over the Lions in Coahoma Baseball League play.

Randy Wallace and Jim Read slapped doubles in the victory, while Wallace Overby and Doug Nixon added singles.

Mike Ritchey's solo home run in the sixth wasn't enough for the Lions, as Snell and Buchanan were the only others to collect hits. Ritchey was the losing pitcher.

MOTOCROSS SET TODAY

Motocross racing returns to Big Spring today at the Hi-Noon Optimist track, with 10 events on tap when action gets under way at 12:30 p.m.

Riders will be competing in three senior and seven junior events on the new track design, which has been shortened. There will also be a new point scoring system, with first place worth 40 points, and a new payoff system for the expert drivers.

The track will open at 11 a.m. for practice.

BSCC Names Golf Winners

Mr. and Mrs. Morris Rhodes and Dr. Howard Schwarzenbach and Norma Griffin won first place in the Louisiana draw Scotch foursome at Big Spring Country Club on Friday evening.

Second place went to Mr. and Mrs. Don Reynolds and Mr. and Mrs. Bill Bell; third place to Mr. and Mrs. John Taylor and Mr. and Mrs. Harrel Jones. There were nine foursomes entered.

Spence Reports Mixed Catches

There was a good mixture of fish at Lake E. V. Spence last week with black bass and channel cat being the more dominant catches. Several striped bass were reported.

From Y. J. Marina came these accounts — From Odessa Mr. and Mrs. C. W. Freeman 12 channel cat up to 5 1/2-lb., Jerry Watts 10 black bass to 3 1/2-lb., Bill Harris and Lewis Godwin 50 channel cat to 4 1/2-lb. cat up to 4 lb.; from Big Spring Mr. and Mrs. Chuck Gressett two striper to 44 lb., Bill Emerson one 3 1/2-lb. striper, and Mr. and Mrs. J. W. Purse 21 channel cat to 2 1/2-lb., one 2-lb. black; also Travis Hughes, J. W. Hughes, Tommy Davis and Tommy Davis Jr. from Andrews, 12 channel cat to 4 1/2-lb., six blacks to 21-lb., eight crappie to 1 1/2-lb., and one 1-lb. perch; R. C. Thompson, Midland, one 5-lb., 1-oz. striped bass and two blacks to 2-lb.; and Ben Jenkins, San Angelo two blacks to 3-lb.

Count's Bait — Jimmy Francis and family, Lubbock, one 2-lb. striped bass, four white bass to 1 1/2-lb., 4 crappie to 1 1/2-lb., 30-lb. channel cat; Carolyn Robbins, 2-lb., black bass; Cathy Ford, Midland, seven blacks to 4 1/2-lb.; Ronnie

Maikill and Elgin Maikill six blacks to 2lb., also 1 1/2-lb. white bass and a channel cat; Mr. and Mrs. Terry Shortes, San Angelo and Mr. and Mrs. Rick Stephens, Lubbock, five channel cat to 4-lb., seven yellow cat to 2-lb.; James Wheeler, Odessa, two blacks to 2 1/2-lb., nine channel cat to 2-lb.

Hillside grocery — Fred Segal, Robert Lee, 36 channel cat to 3 1/2-lb., and three blacks to 2 1/2-lb.; Sherman Williams, Robert Lee, 15 white bass to 2 1/2-lb.; Mr. and Mrs. Grady Huffman, Odessa, 30 white bass to 2 1/2-lb.

One of the prize catches at Lake J. B. Thomas was the 7-lb. blue catfish landed by Ed Shuler, Snyder, who also had a string of 27 channel cat ranging up to 2 1/2-lb. Also from Snyder were Phillip Johnson, Golda and Stevie, with 16 crappie to 1 1/2-lb.; Sherman Chandler, Snyder, a 10-lb. yellow cat; Neil Brooks, 12 crappie to 1 1/2-lb.; and Rufus Holland 30 crappie to 2-lb.

Also R. T. Moore, Wilson, three black bass totalling 10-lb. and with the largest 5-lb. 3-oz.; and Leonard and Verlin Koenig, Ira, 17 channel cat to seven blacks to 4 1/2-lb.; Ronnie

Dempsey-Gibbons Test Recalled

By The Associated Press

Fifty years ago a group of promoters were about to be boiled in recently-discovered oil because they had bankrupted Shelby, Mont., while trying to bankroll a heavyweight championship fight.

But time heals all wounds, and the bustling northwestern Montana community of 4,000 plans to pay tribute to the famed "Shelby Fiasco" during the annual Toole County Marias Fair July 19-22.

It was July 4, 1923, when 33,000 empty seats and 7,000 fans surrounded the ring as Tommy Gibbons astounded the sports world by staying 15 rounds with champion Jack Dempsey.

Dempsey had been promised \$250,000 by Mayor Jim Johnson and a group of oil promoters to lay his title on the line against the fighter from St. Paul.

The promoters had hoped to sell black gold along with boxing, but could raise only \$100,000. So Dempsey's manager, Jack "Doc" Kearns, said no deal. When another \$100,000 was scraped up, Kearns said okay, the fight was on. When the final \$50,000 failed to show, Kearns again said no. But the wily manager eventually agreed to take the \$200,000 and a cut of the gate receipts.

Boxing writers dubbed the affair the "Shelby Fiasco" and the "on-again-off-again" stories hurt ticket sales, to say the least.

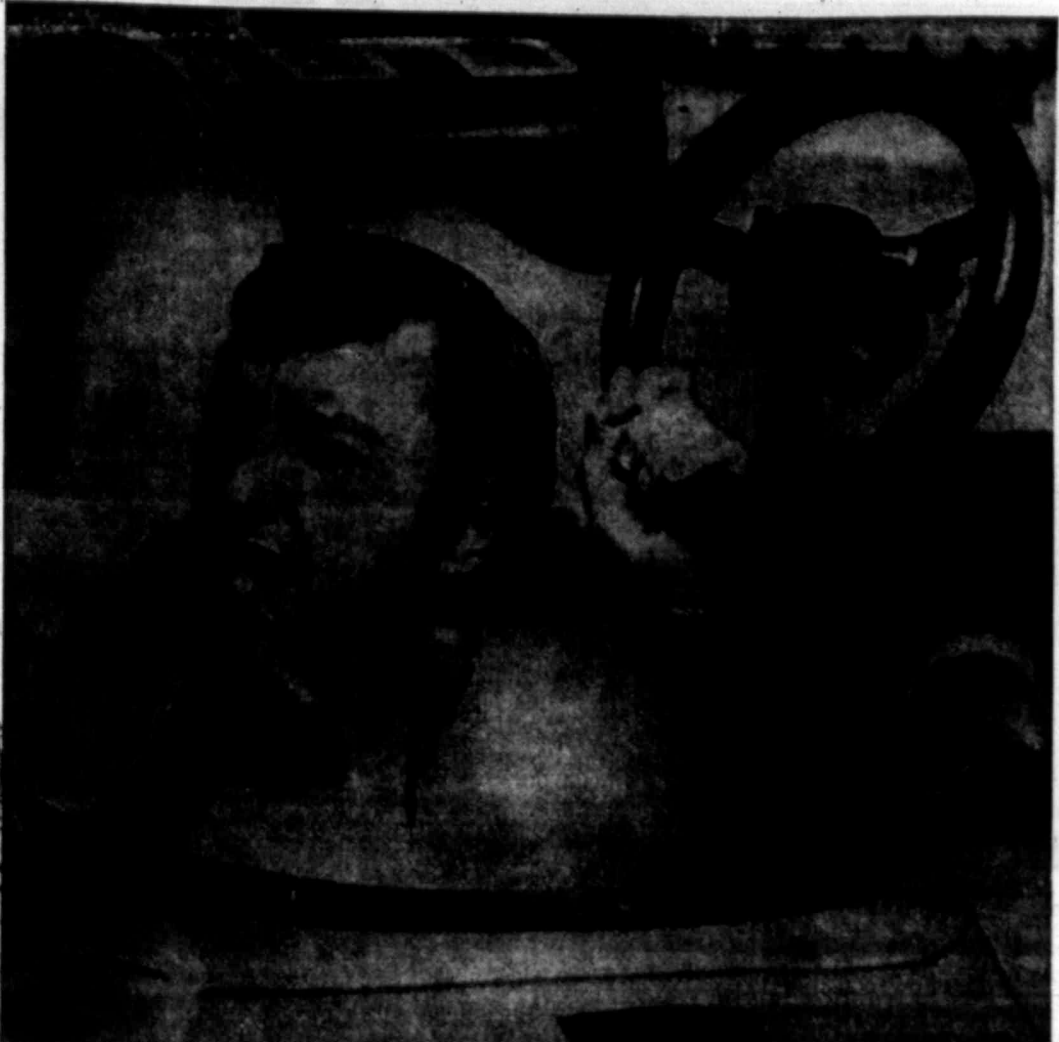

But the town now is flourishing and flaunts the fact it was the site of the Dempsey-Gibbons fight which almost ended in the first round as Dempsey charged out of his corner, swinging at Gibbons.

"Dempsey hit me a brutal wallop in the first round," Gibbons said later. "I figured him to fake to the head, and then go to the body. I had to take the punch on the forehead. It almost paralyzed me."

During the ensuing stanzas Gibbons feinted, sidestepped, weaved and traded blows with Dempsey for 45 grueling minutes. Tommy never retreated and tied up the champion when the going got particularly rough.

Dempsey put on his famous rush again in the last round as the 34-year-old Irishman began to tire. But Tommy's 102 previous fights as a mid-

dleweight, light heavyweight Gibbons and many of his Dempsey supporters thought he had never before had the experience he needed to stay off the dynamite fists of the Manassa Mauler. Gibbons and many of his Dempsey supporters thought he had never before had the experience he needed to stay off the dynamite fists of the Manassa Mauler. Gibbons and many of his Dempsey supporters thought he had never before had the experience he needed to stay off the dynamite fists of the Manassa Mauler.

(AP WIREPHOTO)

SAY UH, FELLAS — Johnny Rutherford of Fort Worth seems to be bringing to the attention of his pit crew Saturday that they've forgotten one small item — the steering wheel. Actually, the wheel is removable from his Gulf McLaren racer and he was just chatting with the crew while the members were undergoing practice in the pit area of the Pocono International Raceway. Rutherford will start in the seventh position today when the Pocono 500 race gets under way.

Big Springers Nab Brownfield Honors

Four Big Spring runners scored high finishes in the Brownfield Summer Recreation Track Meet Saturday.

Angels Capture Peewee Victory

In National Peewee League action Friday the Angels beat the Sparks 11-8. Tony Vasquez was the winning pitcher. Pete Carrillo, Jack Thomasson, Vasquez, Kent Wilkins, Jon Hildebrand, Jack Wiesner and Brad Jenkins all had hits for the Angels.

Giants Second In NL Peewees

The Giants claimed second place in the National Peewee League Saturday by nipping the Cubs 6-4. Robert Eggleston was the winning pitcher, and also led the way at the plate for the Giants, along with Scott Eggleston and Loy White.

Doug Smith, prepping for the Andrews Decathlon later this month, scored points in four Senior Division events, including a second place in the mile. He was fourth in three events, the long jump with a 19-10 leap, the 100-yard dash in 10.2 and the discus with a 106-0 effort.

In the mile, his first time out, Smith ran 5:10.0 and finished second to Big Spring's Ricky McCormick, who ran a 5:03.0.

David Wood captured his third first place finish of the summer by taking the high jump with a 6-0 leap. He was also third in the long jump with a 19-11.

In the Midget girls division, Denise Smith ran on the winning 440-yard relay team. She also made the finals in the 100 and 50-yard dashes, picking up a sixth in the 100.

Also attending the meet but failing to score were Tracy Truette in the Midget boys and Russell Touchstone in the Junior competition.

Pee Wee Football League Will Be Organized Here

A tackle football league for Big Spring youngsters in the fifth and sixth grades will be established here this fall.

Marvin Wise, one of the league's originators, said play would begin Sept. 10 for at least eight teams representing the elementary schools in the city in the Big Spring Pee Wee Football Association.

Wise said there will be a \$5 fee to register, and boys who are able will be asked to buy their own uniforms. That fee will include the players' jerseys, which they will be able to keep at the end of the season.

Wise and a group of men including Jerry Barron, Don Lovelady, Frosty Robison and Charles Dunnam, approached Big Spring High School athletic Director Bob Burris who approved the plan and offered some assistance in getting the league started.

Plans now call for eight teams which will combine fifth and sixth graders, but if enough interest is shown, the grades will be separated into two divisions.

Big Spring boys who will be in the fifth and sixth grades this school year and who are interested in competing in the Pee Wee Football Association are asked to complete this survey by July 10. The form should be returned to Jerry Barron, 3223 Cornell, Big Spring.

Tiger Cubs Host Seminole Today

The Big Spring Tiger Cubs line up for a doubleheader today against the Seminole Indians with action scheduled to get under way at 1:30 p.m. at Steer Park.

Johnny Munoz is scheduled to be on the mound in the opener for the Cubs, who carry an 8-6 standing into the contest. Seminole is 12-4.

Starting at catcher will be Juano Cervantez, while C. Q. Cervantez will be at first base. Rounding out the infield will be Jesse Olague at second base, Mike Gonzales at short stop and Adam Yanez at third base.

Going in the outfield will be Ernesto Garcia in left, Tom Arista in center and Billy Diaz in right.

Available for relief will be Manuel Arsiada, Chochi Vierra, Gilbert Pesina, Buba Ayala and Mike Gamboa, while Oscar Cervantez and Adam Yanez are the relief pitchers.

Albo Smith is slated to start on the mound in the second contest.

The Tiger Cubs are also making plans for the Duncan Tournament here July 21-22. Eight teams are expected to compete in the Saturday and Sunday affair.

District LL Bracket Set

The dates have been set and the brackets completed for the District 3 Little League Tournament here, according to District Administrator Jack Barber.

The 12-team tournament made up of all-stars from each district league will get underway Saturday, July 14 with three games, and play will continue through July 23.

Big Spring's American League will take on Midland Western in the tourney opener at 2 p.m. July 14, followed by a 5 p.m. match between Midland Northern and Midland Southern and an 8 p.m. contest pitting Big Spring's Texas League against Lamesa.

On Monday, the Eastern and North-Central leagues of Midland will tangle at 8 p.m., while Big Spring National and Midland Tower have an 8 p.m. date Tuesday. The final first round game will pit Big Spring International against Midland North-Western at 8 p.m. Wednesday, July 18.

Second round games will be played Thursday, Friday and Saturday, with the championship game set for 8 p.m. Monday, July 23.

Giant Topple Angels By 6-1

The Giants smacked the Angels 6-1 in Big Spring Sophomore League baseball competition Friday.

Randall Jones provided the pitching and Mitch Harris, Chris Burrow and Wade Cobb did most of the hitting in the victory. Kyle Pfeiffer was the losing hurler.

Giants 113 100 6-1
Angels 000 001 0-1
W—Randall Jones, L—Kyle Pfeiffer.

Brownfield Sets 'Firecracker' Run

BROWNFIELD — The annual West Texas Running Club "Firecracker Run" will be held Wednesday in Brownfield beginning at 9 a.m.

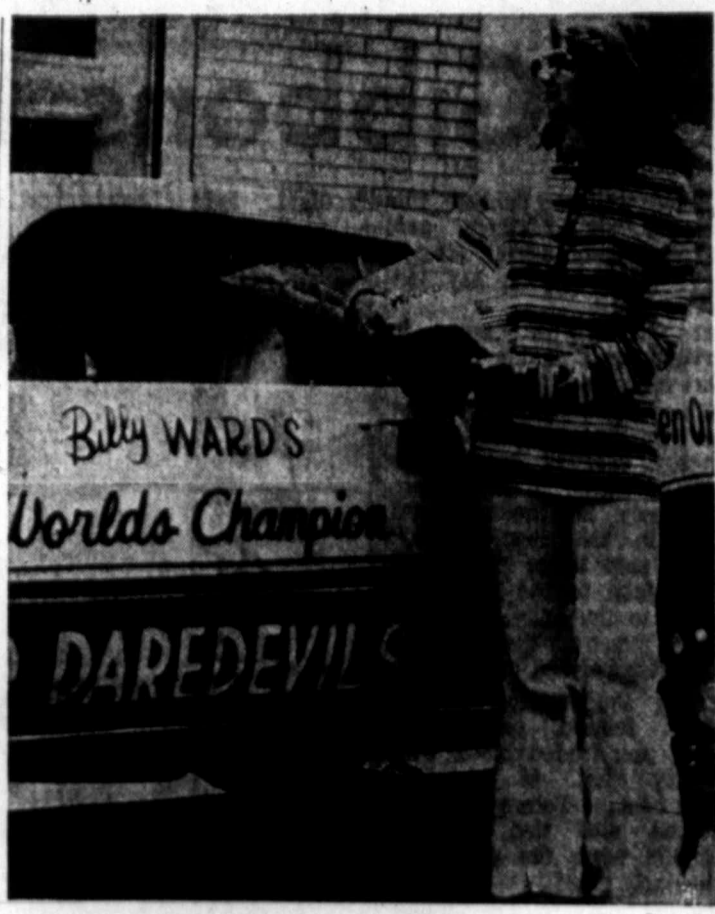

There will be three-mile and 10-mile races, with competition broken into four levels in each race. Entry fee is \$1 for non-members and 50 cents for members. Entries should be mailed to James Morris, 1203 Warren, Brownfield, 79316.

Racers will gather at the corners of Fir and Hester Streets in the southeast part of Brownfield.

Midway Baptist Pros Lead Golf

Jayne Meacham had the week's low score of 38 and led the Midway Baptist Pros to the top finish in the Church Indoor Golf League with a 164 score.

The week's results:
Midway Pros, 164 (Jayne Meacham, 38); First Nazarene Super Stars, 161 (Johnny Mize, 40); Midway Baptist Huskies, 184 (Joy Phinney, 43); Grace Baptist Squirts, 214 (Neil Homberg, 43); Midway Baptist Eagles, 247; Midway Baptist Lady Makers, 253 (Laurie Phinney, 58).

YOUNGEST DAREDEVIL — Jan Ward, of the Ward's Auto Daredevil Show, will be the featured performer here Wednesday when the Ward family puts on a July 4th show at Big Spring Raceway Park. Among other things, the 16-year-old Miss Ward will drive through a field of dynamite, ride the hood of a car through a burning wall, and crash into two tons of solid ice.

Auto Daredevil Show Set For Raceway Wednesday

Jan Ward, the World's Youngest Daredevil, and her equally daring family will stage the internationally famous "Billy Ward's Auto Daredevil Show" Wednesday at 8 p.m. at Big Spring Raceway.

Billy Ward, his wife Amber and daughter Jan will demolish four cars during the two-hour show at the Raceway, located west of town on Interstate 20 near the old Sahara Drive-In.

Miss Ward, 16, in addition to driving the lead car in the family's precision routine, will also drive a car into two tons of solid ice and ride the hood of her father's auto through a wall of burning boards.

Jan will highlight her performance by driving through a field of dynamite.

Ward, who claims to have a long-standing "fascination with dynamite," will enclose himself in a six-foot box, two feet wide and two feet high, and ignite eight sticks of dynamite surrounding the box in the "Human Bomb Act."

Mrs. Ward will sail a car 70 feet through the air and crash into several cars at the end of her "Leap of Death."

Ward's skills have been used in 47 movies, including "Diamonds are Forever," a James Bond film. He has performed in all 50 states and nine foreign countries. He once filled the Los Angeles Coliseum with his show.

Admission to the show is \$2 for adults and \$1 for children under 12.

Cards Visit Bues Today

In semi-pro action today the Big Spring Cardinals will play a doubleheader against the Snyder Pirates at 1:30 p.m. at the Snyder City Park. The Cardinals are 14-0.

July 4 the Cardinals will play an all-star team consisting of players from various West Texas towns including Lubbock, Lamesa, Plainview and Snyder 2 p.m. at Steer Park. Admission will be \$1.

On the mound today for the Cards will be either Orlando Olague or Jody Florez, with Joe Martinez behind the plate. Sammy Rodriguez will be at short stop, with Jimmy Fierro at second base, Pat Martinez, Jr. at first and John Grizzle at third base. Playing in the outfield will be Andy Gamboa, Jessie Zapata and Joe Cadenhead.

Cubs Honor Big Spring

MIDLAND — Big Spring baseball fans are expected to flock to Cubs Stadium in Midland tonight to see the Midland Cubs host the El Paso Sun Kings during "Big Spring Night," honoring the fans from this city.

All uniformed youth baseball players from here will be admitted free to the 7:45 p.m. contest with the division-leading Sun Kings, and will also be able to take in a clinic conducted by Cubs Manager Al Spangler and his players. The clinic will get under way at 6:15 p.m.

Tickets to the game are \$1.25 for adults and 50 cents for students, and money will be refunded to the Big Spring Little League for each customer who presents a special coupon which was circulated through the leagues here.

Big Spring Mayor Pro Tem Eddie Acri will throw out the first ball.

SPORT FANS!

I BET YOU DIDN'T KNOW

By JERRY METCALF

Most weekend golfers have trouble on various holes and get bad scores — but did you ever wonder what was the worst score ever made by a professional on one hole in a tournament? The record is held by Tommy Armour . . . In the 1927 Shawnee Open, he took a 21 on one hole! . . . Armour had better luck that same year, however, because he won the National Open that season . . . It proves how inconsistent golfers can be — both the weekend golfers, and the pros.

Here's quite an oddity from baseball . . . The man who holds the record for scoring the most runs in one major league game — Guy Hecker — was, of all things, a pitcher . . . You'd think the man who held the record for scoring the most runs in one game would have been an infielder, outfielder or catcher, but Pitcher Guy Hecker set the all-time record when he scored 7 times in one game in 1886 and nobody has ever topped that.

I bet you didn't know . . . that we have radiator sales and service.

Building Total Up Substantially

Building permits are up for the first six months in 1973 over the same period in 1972 according to a report from the city building inspection department. Total for the first six months is \$1,769,990. This figure is expected to jump even higher during the month of August - a new hospital building permit is filed as expected. Total for 1972 during the first six months was \$784,267. Big single items in the first portion of the year in 1973 have been an apartment complex and the school credit union building. Big month was January with \$1,039,159, far above the \$154,385 in 1972. February showed a drop from the previous year with 1973 showing \$99,350 against \$224,573 in 1972. In March and April the permits were up this year with the March total at \$367,755 (\$76,541 in 1972); April \$148,400 (\$70,788 in 1972). In May, 1972 was the better year with \$96,795 while this May totaled only \$72,960. June was also higher in 1972 with \$161,185 as against \$42,366 for this year.

Toastmasters Meet Tuesday

The civilian community and the personnel of Webb AFB, once again have joined hands in organizing a Toastmasters Club. Mayor Wade Choate, and Col. Stanley Umstead Jr., wing commander of Webb, are proclaiming the week of July 5-11 as Toastmasters Week. The Toastmasters Club regularly meets at the Webb AFB Non-Commissioned-Officers-Club, 5 p.m. every Wednesday. However, because this falls on July 4 this week, the next scheduled meeting will be moved up to Tuesday. More than a million men have taken part in Toastmasters clubs. These men are from all walks of life - all races, all ages, all persuasions - and share one thing in common - an awareness of the need to speak, listen and think well. Information on the local club is available by calling Tom Crumley, president, during day periods at 263-0502, or Patrick A. Kelly, secretary, during evening hours at 267-5919.

Cheerleaders From Runnels Take Honors

Runnels Junior High eighth grade cheerleaders returned Friday from Lubbock with numerous honors. Cheerleaders are Toni Hanks and Debra Hayworth, Alisha Zellars and Paula Hogan. While competing in the National Cheerleaders Association school at Lubbock Christian College, the girls won two superior ratings and an outstanding rating competing. They won an honorable mention while competing against high school teams. Over 600 girls attended the clinic from schools in Texas, New Mexico and Oklahoma. Paula Hogan is the daughter of Mr. and Mrs. Don Doubleday; Alisha's parents are Mr. and Mrs. Bob Zellars; Toni is the daughter of Dr. and Mrs. Harold Hansen; and Debra's parents are Mr. and Mrs. Jimmy Hayworth.

Highland Drive Plans Traditional Fourth Of July

Folks out in the Highland Drive area take their Fourth of July seriously. For the fourth year, they will hold a red, white and blue parade for children starting at 10 a.m. going from the east to the west ends of Highland Drive. The public is invited to watch and children to participate using pets, bicycles, or motorcycles or whatever their imagination dictates. There are no prizes, but refreshments are served to the children following the event. For additional information or participation call 267-8936 or 267-6192.

BIDS WILL BE OPENED PUBLICLY AND READ ALLOUD AT THE OFFICE OF THE PURCHASING AGENT, EAST FOURTH AND NOLAN.

Life Sentence In Stab Murder
SNYDER, TEX. (AP) - A life sentence was given Friday to James Robert Hurd, 20, convicted of stabbing to death 16-year-old Elizabeth Goodlet. Hurd, found guilty of murder Thursday, admitted in an earlier statement that he went to see the girl at the home where she was visiting, met her at the back door and went inside. After that, he claimed, his mind went blank.

The Ole' Swimming Hole

By JO BRIGHT

People, Places, Things

Section C
Big Spring
Herald

SUNDAY, JULY 1, 1973

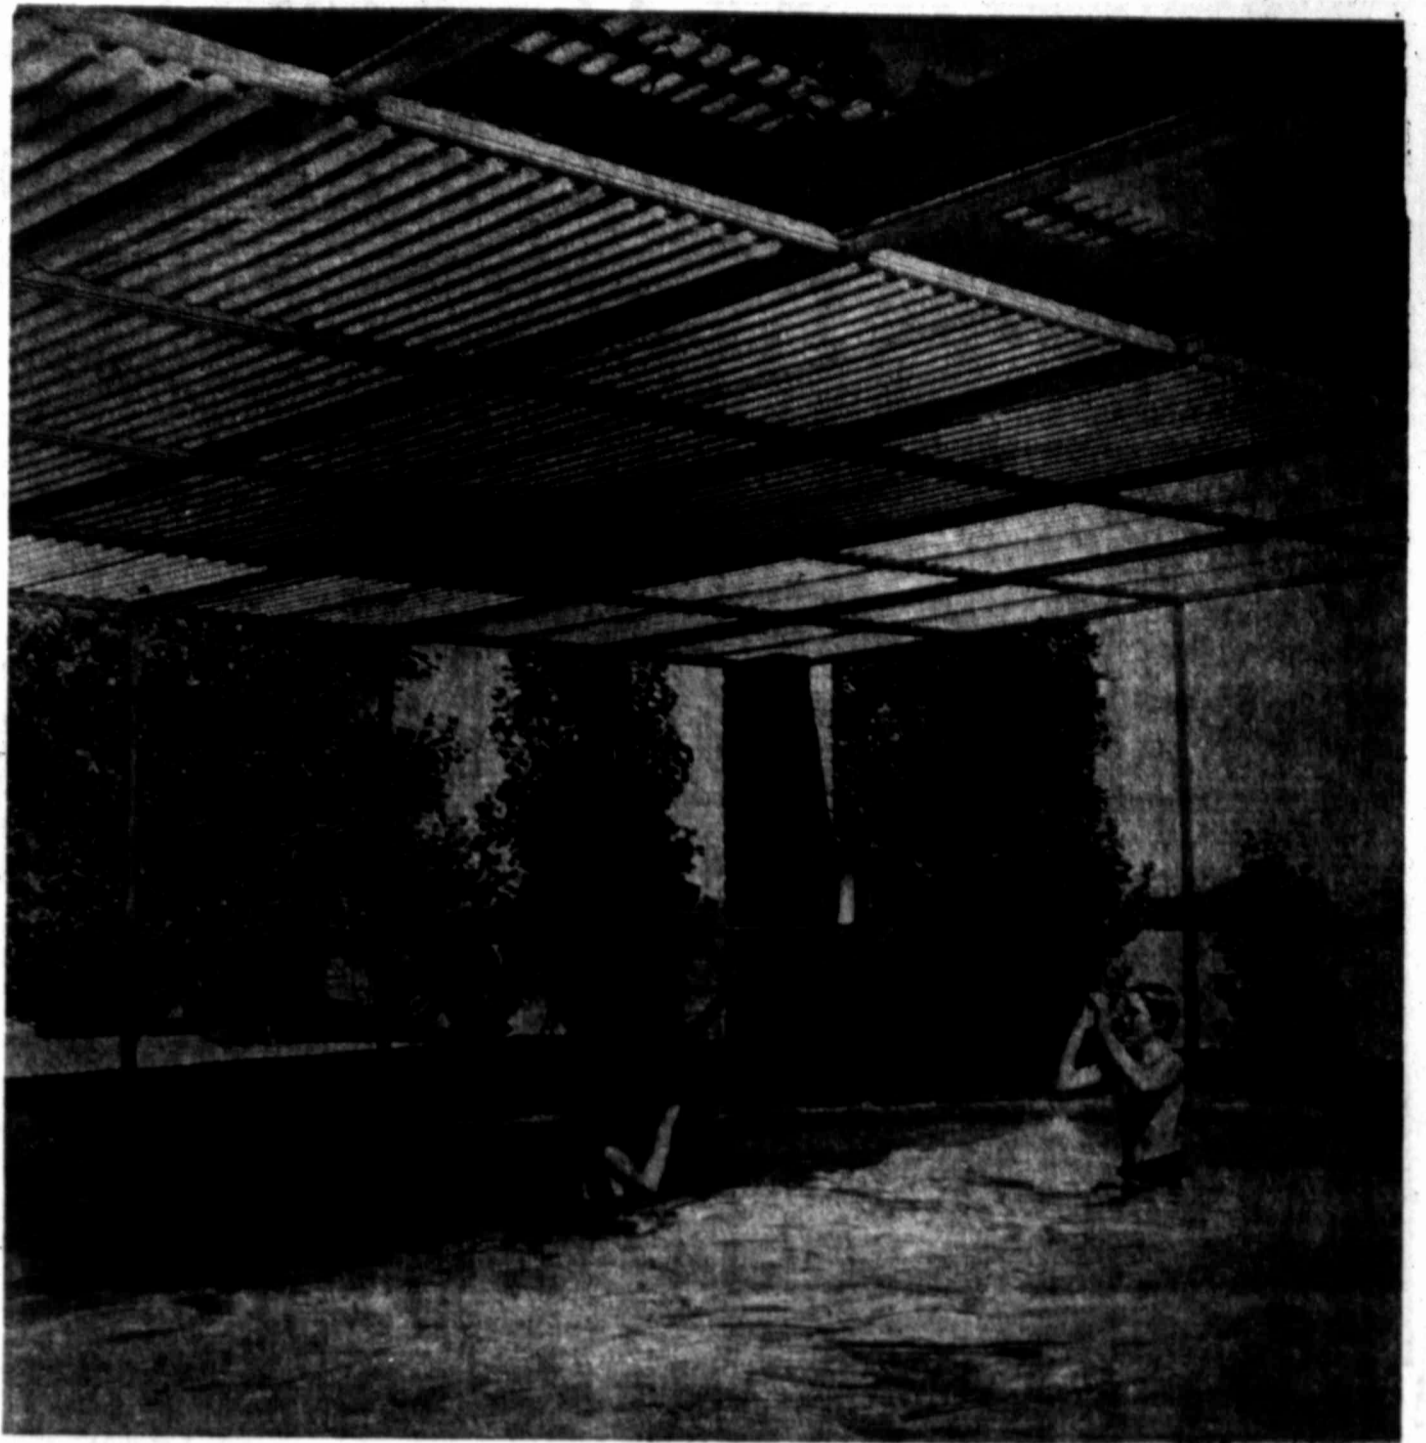

Oldtimers will tell you that the old swimming hole, with frayed ropes to swing on, was lots of fun for a country kid. And it was. But along with the cool river water, there was mud, mosquitoes, turtles and tadpoles.

The contemporary swimmer likes more luxurious surroundings for summer's favorite sport. A pool is preferred with clean (and often, heated) water, a strong, dependable diving board, an expanse of white cement for poolside activities and comfortable lounge chairs in which brown bodies stretch out and relish the therapeutic rays of the sun.

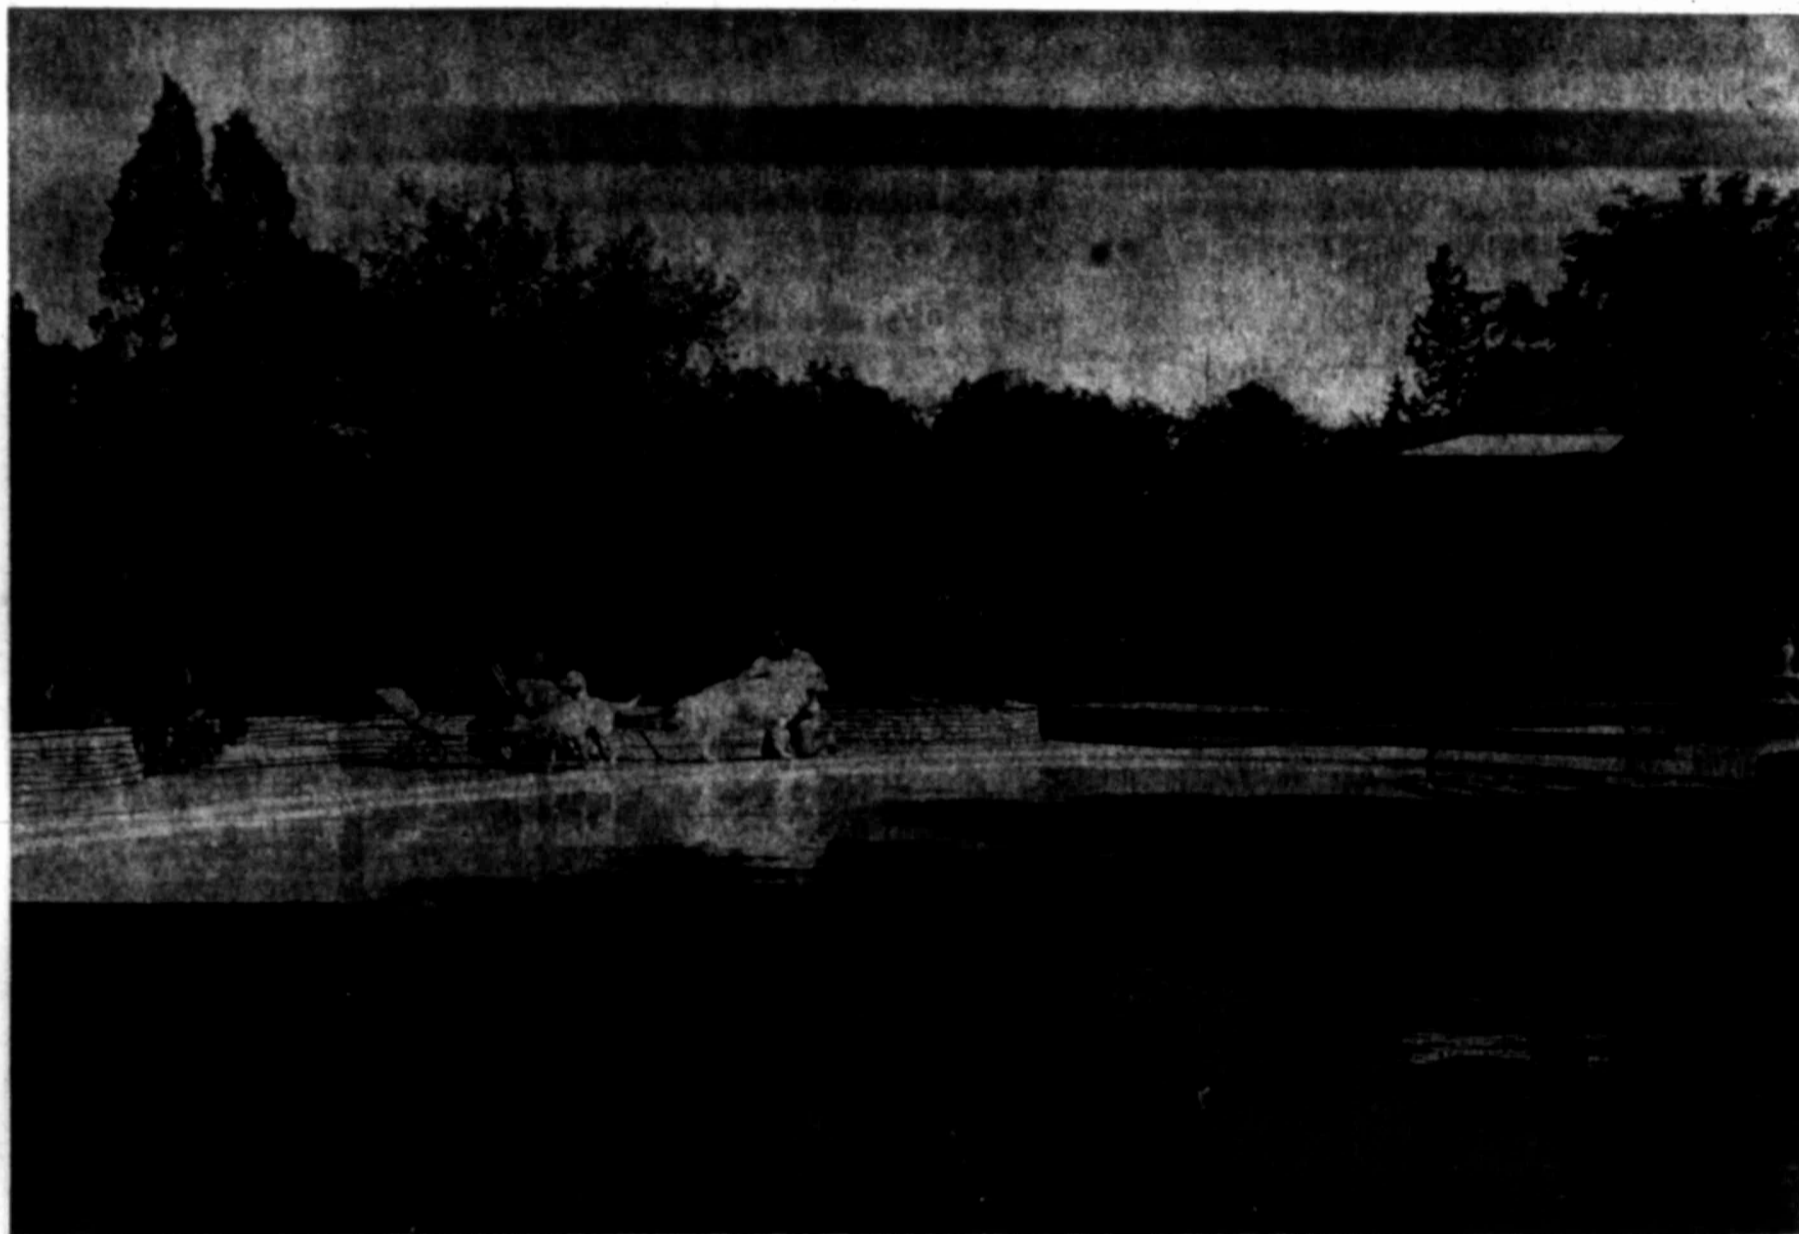

More and more Big Spring families are including pools in construction plans for new homes. Pools don't have to take lots of space. More than three-fourths of all in-ground pools are 15 by 30 feet to 20 by 40 feet, plus three or four feet of deck around the sides.

With all the advances that have taken place in the swimming pool business, pools can be readily installed to suit almost any kind of budget. There have been well over three-quarters of a million permanent pools built in backyards, and homeowners have been adding them at an annual rate of about 70,000 in recent years. The average cost of a middle-size, in-ground pool is about \$5,000 but, of course, several factors can vary the cost. Upkeep may run anywhere from \$500 to \$1,000 a year.

Several of Big Spring's spacious private pools were constructed years ago and are now seeing third generation use.

THE COUNTRY HOME of Mr. and Mrs. Jerry Worthy is a cool oasis in an expanse of dusty cotton fields. Although enclosed, the refreshing spot allows different areas for sunshine and shade. Here, Mr. and Mrs. Worthy enjoy the companionship of their sons, Jeb, left, and Roy, right, as the boys toss a rubber ball. Their daughter, Ann, is vacationing in Hawaii.

"DOG DAYS" officially begin Tuesday, and the pets at the J. Gordon Bristow home may be wishing they could take a swim instead of lying poolside with their masters. Keith Bristow, left, is owner of "Oblio", an Alaskan Malamute, and "Sarah", a Great Pyrenees, shown with Gordon Bristow. At front, left, is "Hud", a Golden Retriever owned by Gordon. The beautifully-landscaped pool is one of the larger ones in the city.

PHOTOS BY DANNY VALDES

ON ANY SUMMER DAY the spirited splashing of young people can be heard at the home of Dr. and Mrs. Clyde E. Thomas who have shared their pool with countless friends and neighbors for almost 20 years. Here, Mrs. Thomas and her daughter, Mrs. Jerry Grimes, talk to Kristie Grimes,

while Speight Grimes is seated next to the diving board. Ready to dive is Felipe Toro of Colombia, S. A. who is currently living with the Thomases. Among those at the pool are David Wood, Mark Sheedy, Kenneth Walden, Cheryl Price, Carolyn McKee and the Thomases' son, Mike.

THE POOL at the Paul Meek home is a popular gathering place for family friends. Paula Meek watches from the patio, and in the center of the pool are Annette Picquet and Alan Davis. Others

clockwise from left, are Kathy Meek, Sharon Jenkins, Sandra Nelson, Linda Meek, Wendy Hamby, Gena Tonn, Carol Ann Meek and Mrs. Meek. The poodle is "Brandy", and the collie is "Tracy".

Miss Torres Weds Benito Marquez Jr.

MRS. BENITO M. MARQUEZ JR.

Miss Connie Lou Torres and Benito M. Marquez Jr. exchanged wedding vows Saturday morning in immaculate Heart of Mary Catholic Church with the Rev. Louis B. Moeller as officiant. Mrs. Pedro Paredez Jr. was organist.

The wedding party stood before an archway accented with gypsophilla, pink roses and white doves. Baskets of white gladioli, mums and lemon leaf completed the setting.

The bride is the daughter of Mrs. Consuelo Torres, 1502 Oriole, and the late Raymond G. Torres. Parents of the bridegroom are Mr. and Mrs. Benito Marquez Sr., 2106 Morrison Dr.

The newlyweds are graduates of Big Spring High School where she was a cheerleader. Both attended Howard County Junior College. In mid-July, they will go to Fort Worth, and he will attend Tarrant County Junior College. Returning to Big Spring in the fall, she will attend HCJC and he will continue as an employee of Texas Electric Service Company.

For the ceremony, the bride was attired in a formal-length wedding dress of white satin with overlay of silk organza. The sheer illusion yoke was overlaid with Venise lace sprinkled

with seed pearls and sequins. The lace extended over the shoulders of the long, sheer sleeves and was repeated in wide cuffs forming petal points over the hands. Matching lace enhanced the detachable train and edged an illusion veil which fell from a tiara of crystals and azares. She carried a cascade of roses, stephanotis and English ivy centered with orchids.

ATTENDANTS

Mrs. V. Torres, San Antonio, matron of honor, wore a white, A-line dress with short sleeves. Miss Cynthia Torres, sister of the bride, was maid of honor and was attired in a dress of pink dotted Swiss organza over taffeta. They wore wide-brimmed white hats.

Other attendants for the bride were Miss Melinda Cassillas, Mrs. S. Marquez, Mrs. L. Garcia, Mrs. Z. Zubiate, Mrs. J. Marquez, Miss Mary Ann Villa, Mrs. T. Diaz, Miss JoAnn Claveran, Miss Cindy Marquez, sister of the bridegroom; Miss Teresa Maldonado, Miss Debbie Ortega and Miss Sarah Juarez. They wore identically styled pink crepe gowns fashioned similarly to the maid of honor's. Pink garden hats completed their attire, and each carried a long-stemmed pink rose with satin streamers.

S. Sgt. Valentine Torres Jr. of San Antonio, uncle of the bride, served as best man. Groomsmen were Leonard Garcia, Odessa; Joe Zubiate, Garland; Jesse Marquez, Clovis; N.M.; Gabriel Casarez, Valentine; Luis Patinio, Garden City; Jerry Marquez, brother of the bridegroom; Arthur Hernandez, Saul Marquez, Raul Marquez and Theodore Diaz.

Nadine Marquez, the flower girl, wore a dress and hat styled similarly to the other attendants'. The cushion maids were Carolyn Torres, sister of the bride; and Terry Doporto.

RECEPTION

Mrs. Elias J. Lara Jr. presided at the guest registry during a reception in the parish hall. Refreshments were served by Mrs. I. Patinio, Garden City; Mrs. J. A. Casarez, Valentine; Mrs. Louis Doporto, Fort Worth; Mrs. O. Gutierrez and Mrs. P. Marquez.

The bridal table was covered with a lace cloth and draped with garlands of

greenery. The centerpiece was a silver candelabrum arranged with spring flowers. The bride's tiered cake was topped with white doves, and the bridegroom's cake was chocolate.

Relatives attending from out of town were Valentine Torres Sr. and Mr. and Mrs. Johnny Gomez, Hereford; Mrs. Elias J. Lara Jr., Charleston, S.C.; Mrs. Eddie Mercado, Grissom, Ind.; Mr. and Mrs. Alex Ramirez, Pampa; Mrs. Tiodosa Garcia and Louis Doporto, Fort Worth; Mr. and Mrs. Ernest Zubiate and Mr. and Mrs. Lupe Lara, Garland; Joe Angel Casarez, Valentine; Mr. and Mrs. L. Rodriguez and Leonard Garcia Sr., Odessa; Ismael Patinio, Garden City; Mrs. Andres Coronado, Stefling City; and Mr. and Mrs. Gabriel Cuelar, Wylie.

APOLLO AWARDS — Dr. Henry Hofstetter, left, Bloomington, Ind., and Luci Johnson Nugent, center, of Austin, examine their 1973 Apollo Awards presented to them by Dr. J. C. Tumblin of Knoxville, Tenn. The honor denotes distinguished service to the visual welfare of others. The awards were made Friday in San Francisco, Calif.

Marketing Specialist Tells "Best Buys"

Valley onions helping increase supplies are easing the greatest onion shortage in 50 years — and prices are moderate, according to Mrs. Gwendolyn Clyatt.

The consumer marketing information specialist, Texas Agricultural Extension Service, Texas A&M University System, said economical vegetable choices in upcoming weeks will include corn, potatoes, okra, carrots, green onions, radishes, cabbage and cooking greens.

At fruit counters grapefruit prices swinging upward reflect lighter supplies, but oranges remain plentiful and reasonably priced.

Texas-grown honeydew melons are making their appearance at first-of-the-season prices, as are fresh peaches. And at other

counters, strawberries, cantaloupes, pineapples, bananas, cherries and watermelons deserve consideration.

Turning to dairy sections, the specialist predicted numerous features. Good values will be found on a variety of milks and natural cheddar cheeses. Sour cream, margarine and cottage cheese also will wear special price tags.

At the meat counter, beef prices remain about the same, but more "specials" will be offered, so check carefully, Mrs. Clyatt advised. She cited chuck cuts, round steaks, ground beef and beef liver as best buys. Pork features, scattered and limited, will offer values on smoked ham portions, some brands of bacon and frankfurters, picnics and pork shoulder steaks.

Tin Ovenware Requires Care

Lightweight tin ovenware is shiny when new and reflects heat easily. As the thin tin coating ages, it darkens and permits more absorption of heat and darker browning of foods.

In using tinware avoid extremely high cooking temperatures which may cause discoloration, warping and melting of the tin coating. Try especially to prevent keep from burning in tin; if this occurs, soak the utensils in a mild solution of baking soda and water.

Avoid scouring or scraping tinware, which tends to remove the tin coating. When this coating does wear away, the iron base is exposed and rusting occurs, unless the utensils are dried thoroughly right after washing.

Gamboa-Garcia Vows Exchanged Saturday

Miss Diana Garcia and Mike Gamboa exchanged nuptial vows at 4:30 p.m., Saturday in St. Thomas Catholic Church.

The rites were performed by the Rev. Leo St. John as the couple stood before a heart-shaped archway highlighted by two white doves. Matching heart-shaped candelabra flanked the archway. Traditional wedding selections were performed by Juan Viera, organist.

The bride is the daughter of Mr. and Mrs. B. M. Garcia, 1107 N. Goliad, and Gamboa is the son of Mrs. Julia Gamboa, 306 NE 11th.

The bride's formal-length white satin gown was overlaid on the sleeves and bodice with white organza. Seed pearls accented her Victorian neckline, and the gown featured a chapel-length train. Her Juliet caplet held a waist-length illusion veil which was edged with lace appliques and seed pearls, and she carried a bouquet of white carnations and pearls, with blue and white streamers.

MAID OF HONOR
Serving as maid of honor was Miss Terry Casillas. Matrons of honor were Mrs. Ben Lajjas, Floresville, and Mrs. Juan Ortega. They wore floor-length white eyelet gowns with two ruffles accenting the hemlines. White garden hats completed the ensembles, and they carried nosegays of baby-blue carnations.

Bridesmaids were Miss Sarah Arista, Miss Marie Garcia, Lubbock; Miss Margie Gamboa and Miss Grace Gamboa, both of San Antonio; Miss Rosalinda Ramirez, Miss Connie Ortega, and Miss Celia Correa.

Pale blue crepe gowns were worn by the bridesmaids, fashioned by the bride with sweetheart-necklines and puffed sleeves. Blue ribbon trim highlighted their white garden hats, and they carried blue carnation nosegays.

Best man was Oscar Flores, and groomsmen were Ben Lajjas, Floresville; Juan Ortega, Ignacio Escanvelas, C. Q. Cervantes, Arthur Trevino, Felipe Hernandez, Frank Ornelas, El Paso; Marcelino Chavez, Armando Rodriguez and Manuel Hewty, Abilene.

Attending the couple as cushion maids were Cruz

MRS. MIKE GAMBOA

Valles and Anita Garcia. Flower girls were Julie Ann Munoz and Alicia Ramirez, while Archie Wayne Rivas and Melissa Hernandez were ring bearers.

The newlyweds are both graduates of Big Spring High School. They will reside in Houston following a trip to Fort Worth and Dallas areas.

RECEPTION
A reception honored the couple in the church fellowship hall following the ceremony. Blue satin, overlaid with white lace, covered the serving table where the tiered cake was

topped with a miniature bride and bridegroom in a gazebo. Appointments were of crystal and silver.

Refreshments were served by Mrs. Arnulfo Hernandez, Mrs. Bill Read, Mrs. Adolph Arista and Mrs. Mary Lou Rivas.

Out-of-town guests were Mr. and Mrs. Willie Garcia and family, Lubbock; Mr. and Mrs. Mateo Lajjas, Hobbs, N.M.; Andy Gamboa, Houston; Celia Gamboa, San Antonio; Mrs. Manuel Hewty and children, Abilene; and Antonio Rivas, Corpus Christi.

Newcomers Plan Summer Events

Plans for future activities were made Wednesday by Newcomers Handicrafts Club at the home of Mrs. Richard Stoffer, 2600 Crestline. Mrs. Bruce Colosimo presided.

An ice cream social is scheduled at 7 p.m., Aug. 24 in the home of Mrs. Colosimo, 2612 Larry. Also, she will host the next meeting, July 11, when Mrs. Jeff Beckham will demonstrate flower arranging using feather flowers.

Guests Wednesday were Mrs. George G. Griffith, Mrs. Richard Downing, Mrs. Donald Oettinger and Mrs. Joyce Blank.

Bridge Luncheons Held At Country Club

The Big Spring Country Club was the setting Thursday for the second of two bridge luncheons hosted by Mrs. Carl Strom, with Mrs. Clyde Angel serving as roving hostess for both events.

Decorative accents and floral arrangements for both luncheons featured shades of pink, from pale to Shocking Pink.

The buffet table was covered with a pink linen cloth with flounced skirt of Shocking Pink, and a silverureen was filled with mixed flowers in shades of pink interspersed with babies'-breath. Guests were seated at round tables laid with white linen cloths bordered with lace, and each of the tables was centered with an old-fashioned bouquet.

There were 13 luncheon guests the first day, with Mrs. Robert Middleton and Mrs. Coy Nalley presiding at the table. There were six tables for the bridge games which followed. Mrs. Robert Stripling and Mrs. John Hogan presided for the second luncheon, where there were 12 luncheon guests and seven tables for bridge.

Prizes, wrapped in Shocking Pink, were

Gals Still Want Long Hair Styles

While trend-setting hair stylists have been pushing the very short hairstyle for women, girl watchers report that the teen-agers and under-30 females don't want to part company with their long straight locks.

There is no scientific survey to support the view, but it appears more are keeping their long hair than are having it chopped or cropped.

Families Prefer Three Bedrooms

A study of best selling model homes shows that 60 per cent had three bedrooms and more than 30 per cent had four. In about 90 per cent, the bedrooms were zoned in one area of the house; and more than 75 per cent of master bedrooms had adjoining bath-

Don't Overdose On Exercise

Don't be a weekend athlete or an overdoer on vacation. Authorities say irregular doses or overdoses of exercise can be harmful. The best thing: Stay in condition with physical activity every day.

The heart muscle is benefited by exercise in much the same way as any other muscle. Coronary arteries, which supply blood to the heart muscle, improve their efficiency when exercise makes demands upon them. The heart and larger blood vessels also benefit.

Bride-Elect Honored At Shower

Miss Sonja Whittington, bride-elect of Tony Dean, was honored at a shower Thursday in the home of Mrs. Kenneth Hamby, 2605 Larry.

The honoree was attired in a pink and white pantsuit and was presented a corsage of orange, lime green and yellow summer flowers. Her mother, Mrs. Betty Williams, received a matching corsage.

The polished wood serving table was centered with a white basket filled with shasta daisies. Punch was served from a crystal bowl, and other accent pieces featured yellow and white.

Cohostesses were Mrs. Linda Spencer and Mrs. Terry Marshall. Guests included 1968 high school classmates of the honoree, who has been teaching school in Denton. Dean is a student at North Texas State University.

Miss Whittington and Dean will be married July 28 at East Fourth Street Baptist Church.

BETROTHED — Mr. and Mrs. J. C. Ringener, 1502 Chicasaw, announce the engagement and forthcoming marriage of their daughter, Clarice, to Don A. Templeton, son of Mrs. Nell Templeton, 1509 Sunset, and Andrew J. Templeton, W. Hwy. 80. The couple plans to be married Aug. 24 in the College Baptist Church.

Won't Swing

Dear Abby
Abigail Van Buren

DEAR ABBY: My husband told me he had met a girl he wanted me to share him with. I was shocked when he suggested I meet the girl. The three of us met. She is quite pretty, my age (30), and seems intelligent and serious.

She said: "I have a great capacity to love and so has John, and we feel that the more people we can touch with love during our lives, the better." Then she said: "I don't want marriage or a family because nothing in this world is permanent, and people change as they grow. I don't believe in deception, and unless I have your permission to love John, I will never see him again."

Meanwhile, John just sat there.

I was amazed at my self-control. I told her I wouldn't consent to such an arrangement, but if John wanted her, I would give him a divorce.

John said he wanted six months to think it over. But while thinking it over he wanted to see her. I said I wouldn't live with him while he was seeing her, so he said he wouldn't see her. Somehow I believe this girl, but I'm not so sure about John. Help me.

JOHN'S WIFE
DEAR WIFE: You say you believe the girl, so if she said she wouldn't see John without your permission, and you said: "No dice," you don't have to worry about John's seeing her. But you do have to worry about being married to a man who wants swinging privileges.

DEAR ABBY: A married man chased me until he finally wore me down. He said he couldn't live without me — his wife hadn't made one affectionate gesture toward him for more than 10 years and if I didn't live with him he would kill himself. (I'm a divorcee and live alone.)

I finally agreed, I rented an unfurnished apartment and had my mother take my six rooms of furniture out of storage and ship it to me. It was a 1,500-mile haul. Well, the day I moved into that apartment he called me and said his wife broke down and wanted to try to make a go of their marriage and he couldn't leave her! Abby, I signed a one-year's lease for this apartment and I can't afford to live here without his

help. (And to think I gave up a really eligible man for this spineless jellyfish!)

Should I sue him? He has plenty. Don't tell me to see a lawyer. This man IS a lawyer. STUCK

DEAR STUCK: You need another lawyer, this time for professional advice only. (P.S. There's a moral here: Don't throw away the old pot until you're sure the new one will hold water.)

DEAR ABBY: I have been married for six years to a man who is a good father and an excellent provider. However, he is a very jealous man. Why he is jealous is beyond me because I have never given him any reason to be.

He doesn't allow me to go anywhere alone. When there is shopping to be done, we do it on Saturday — TOGETHER. If I want to buy lingerie or try on something, he goes with me and "waits" for me. I am not alone for a minute.

It's not like I have something "wrong" to do: I would just like a little privacy and I'd like to feel trusted. He is always questioning me. "What did you do today? Did you talk to anybody? Did you see anybody?" Every evening I get the third degree.

Abby, he's not sick. He is just possessive and needlessly jealous. I care for this man, but he is making me very nervous. If you have a clue to his behavior, please tell me. And don't send me any letters. All the mail is saved — to be opened TOGETHER when HE gets home.

PRISONER
DEAR PRISONER: If you meekly accept his word as law you will be a "prisoner" forever. And as for the nightly "third degree," there is an old French saying: "A man is not likely to look behind a door unless he has stood there himself."

CONFIDENTIAL TO "YOUNG PHILOSOPHER": No one said it better than Horace Greeley when he said, "Fame is a vapor, popularity an accident, riches take wings. Only one thing endures, and that is character."

Problems? You'll feel better if you get it off your chest. For a personal reply, write to ABBY: Box No. 69700, Los Angeles, Calif. 90069. Enclose stamped, self-addressed envelope, please.

Bear In Mind Safety Rules

When visiting or camping in bearland, don't feed or irritate the animals. Bears, provoked, kill humans.

Bang pots and pans together to scare bears away if they pad into your camping area. Keep them away also by disposing of garbage according to park rules. The rules aim to keep remnants of your meals from attracting the bears.

Jeans Take On Dressy Look

It may be difficult to find young men still decked out in the bleached, faded denims and work-shirts that were the rage of recent

years. Whether they are finishing up the school year, looking for a job or making career progress, they have acquired a neater, layered look with sweaters and the new "dress" jeans — a smoothed-up cousin of the grubby denims.

Usually cuffed, these pants are cut baggy. Young men needn't sacrifice their fashion individualism for the new easy-care styles; in fact, men are becoming quite accustomed to mixing and matching.

A favorite pants pattern is plaid, and the favorite materials are synthetics and synthetic-natural blends. They are all machine-washable and dryable, and fortunately, most require no ironing.

Charter Draped For Mrs. Evelyn Roger

Big Spring Rebekah Lodge No. 284 will present the memorial service for the state secretaries and scribes meeting Aug. 11-12 in Odessa. Henry McIntyre of the George Knott Rebekah Lodge, Odessa, requested the service in a letter which was read Tuesday at the IOOF Hall.

Mrs. Joe Awtry presided, and the lodge charter was draped in memory of Mrs. Evelyn Roger. The draping was conducted by Mrs. Ruth Wilson, assisted by Mrs. Robert Wilson, chaplain; Mrs. Melvin Newton, soloist; Mrs. Logan Grider,

pianist; Mrs. Joe Awtry, Mrs. C. C. Cunningham, Mrs. Jewel Fields, Mrs. L. A. Griffith and Mrs. A. G. Hall.

In other business, Mr. and Mrs. Marvin Holland were initiated into the lodge. Plans were finalized for a country and western musical sponsored by the lodge Saturday in Comanche Trail Park amphitheatre. Musicians from various parts of West Texas performed.

A salad supper followed the business meeting. Mrs. Charlie Boland, a member of John A. Kee Lodge No. 153, was a guest.

WHAT DO YOU WANT?

When it comes to a pharmacy we think that we know what you expect to receive. Naturally, the first thing is professional attention and services. For when your health is involved you want to be sure that everything is done and done correctly.

In addition we think you expect us to have the products you want or that your physician may write a prescription for, readily available. And, without question you expect us to be prompt, friendly, dependable and reasonable. We feel that we qualify in every way to be the kind of pharmacy you demand.

YOU OR YOUR DOCTOR CAN PHONE US when you need a delivery. We will deliver promptly without extra charge. A great many people rely on us for their health needs. We welcome requests for delivery service and charge accounts.

Wrap Jacket Is Spring Favorite

The wrap jacket pantsuit is a sure classic for spring. To go with his layered-on look you need a multistrand

collar of chains, plus a plunging matinee rope with a clover charm pendant for good luck. Add many bracelets, the kind that jingle and you'll be fashion right.

Chapter Honor Is Announced

Scenic Chapter, American Business Women's Association, announces Mrs. Troy (Nancy) White as its choice for Woman of the Year. Each year ABWA chapters select one of its members for this award, based on the woman's achievements in her chosen field, community service and character building.

Mrs. White is supervisor of the assembly department at Creative Visuals, a division of Gamco Industries. She will represent Scenic Chapter in the national competition for American Business Woman of the Year, Oct. 12-14 in Las Vegas, Nev.

Mrs. White joined Gamco in 1965. Her current position includes supervision of employee production of transparencies, ordering of supplies and materials, and maintaining inventory control of more than 8,000 items.

Since joining ABWA in March, 1968, Mrs. White has served as chapter president, vice president, recording secretary, program chairman and contact chairman. She participates in all chapter ways and means projects.

As the mother of two daughters, Mrs. White places her family "above all other interests" and takes an active part in her children's school and church activities. Her hobbies include camping, water skiing, bowling, sewing and cooking. Also, she likes auto racing.

ABWA was founded in 1949 in Kansas City, Mo.,

MRS. TROY WHITE

and now includes more than 1,000 chapters with more than 65,000 members. The organization encourages women to improve their abilities through formal and informal studies which would qualify them for advancement.

Forsanites Entertain, Take Trips

FORSAN (SC) — Recent guests of the L. W. Willis' were their daughter, Mrs. Frank Hess; San Angelo; a granddaughter, Miss Margaret Rose Hess, Austin; and Mrs. Gerald Faires, Rock Hill, S. C. The group drove to Midland to visit another daughter of Mrs. Willis', Mrs. Harold Pitcock and family.

The Ted Henrys, and two of his brothers and families, the Glenn Henrys, Rising Star, and the M. R. Henrys, Post, will leave Sunday for two-weeks vacation in Corpus Christi. The men plan to fish in the Gulf of Mexico.

Mrs. Ann Fairchilds has returned home after a week in the Hawaiian Islands, and her granddaughter, Teresa Digby of Odessa, is visiting her. Other recent guests were her son-in-law and daughter, the Sonny Stones, Odessa.

Sunburn Relief Is Possible

If you have stayed in the sun too long, don't expect a quick cure for the burn. Relief is possible, though.

Ointments, wet compresses and lotions are helpful in treating the sunburn. Lightweight mineral oil soothes.

Authorities say caution is necessary when using commercial sunburn medications. Some contain ingredients which may cause allergic skin reactions. See a doctor if pain is excessive. The same, if extensive blistering occurs.

Rites Held In Rose Garden

The rose garden at Comanche Trail Park was the setting Thursday evening for the wedding ceremony of Miss Carolyn Smith and Jerry Wheeler.

Parents of the bride are the Rev. and Mrs. R. L. Smith, 1102 E. 15th, and the bridegroom is the son of Mr. and Mrs. F. M. Colbaugh, Odessa.

The rites were performed by Rev. Smith, assisted by

Bride Is Honored

A bridal shower was held Thursday night in honor of Mrs. Curt Howard, the former Miss Judy McCormick, daughter of Mr. and Mrs. Ireland McCormick, of Big Spring. The shower was held at the home of Miss Carol Duggan, 2305 Cindy.

Cohostesses were Miss Carol Duggan, Miss Paula Madry, Miss Janet Bronaugh, Miss Vonda Madry, Miss Kathy Gross, Miss Denise Burchell and Miss Linda Williams.

The table was covered with a white lace cloth with a pink underlay, and the centerpiece was an arrangement of African violets, surrounded with pink net and purple velvet ribbons.

The honoree was attired in a pink floral knit dress, and was presented a corsage of white carnations.

Out-of-town guests attending were Mrs. Burnell Howard and Lois Howard, both of Stanton, and Miss Carla Perry, Lomax.

the Rev. Collins Moore, pastor of Hillcrest Baptist Church. Recorded music provided a background of traditional wedding selections as the couple recited vows at a white archway.

The bride's white street-length wedding dress was accented at the waistline with a pink ribbon belt. The dress was fashioned with short sleeves and accented with a pink bow at the waistline. She wore a white bandeau as a headpiece and carried a bouquet of white carnations.

Bridesmaids were Miss Sue Williams of Monahans and Mrs. Johnny Wheeler of Odessa. Johnny Wheeler of Odessa served as best man.

After the ceremony, a reception was held at the home of the bride's brother and sister-in-law, Mr. and Mrs. Douglas Smith, 2205 Main. The tiered wedding cake was decorated with pink flowers, and napkins were printed with the couple's names. Those serving refreshments were Mrs. James Wheeler, Odessa; Mrs. Smith and Mrs. Joe Hyden.

Out-of-town guests other than the bridegroom's parents, were Mr. and Mrs. J. P. Wheeler, Mr. and Mrs. J. D. Wheeler, Mr. and Mrs. Joe Smith and Mr. and Mrs. Gerald Almquist, all of Odessa.

The newlyweds planned to spend several days at Moss Creek Lake before going to Freeport for a longer stay. Upon returning, they will reside in Odessa where Wheeler is employed by B. F. Walker Trucking Company. The bride attended Big Spring High School.

MRS. J. JENNINGS

Woman Of The Year For ABWA Chapter

Mrs. Jimmie R. Jennings was named Woman of the Year by Spring City Chapter, American Business Women's Association, during Tuesday's meeting in the Pioneer Gas Flame Room. She was nominated by another ABWA member, Mrs. Ruth Harper.

Mrs. Jennings is now eligible to compete for the national title during the 1973

convention at Las Vegas, Nev., Oct. 12-14.

Mrs. Jennings, born and reared in Big Spring, is the former Jean Dixon. She and her husband are parents of two daughters. For a short time, Mrs. Jennings worked in Garland for Varo Electronics. Upon returning here, she went to work for Data Mate Company and is now employed by a CPA firm, Hollingsworth, Wilson, Lee and Reynolds. To increase her qualifications for the job, she took a CPA stenography course at Howard County Junior College.

A member of ABWA for approximately 10 years, Mrs. Jennings joined the

Spring City Chapter about two years ago and is now vice president. Last year, she was program chairman. She has been cited for outstanding service to the group. Also, she holds membership in the National Secretaries' Association and is a former worker for Girl Scouts and the PTA.

Nick Martinez, a pulmonary function technician at Veterans Administration Hospital, was guest speaker at the meeting. He narrated a slide presentation concerning the effects of smoking as a contributor to cancer, emphysema, asthma and bronchitis.

"Ladies, if you smoke, I'll probably see you again someday," said Martinez. He said studies have shown that if a person has lung cancer, chances are the person also has emphysema, asthma or bronchitis as well. He described emphysema as a "non-reversible disease with no cure."

Guests, in addition to Martinez, were Mrs. Dorothy Jones, a member of Spenic Chapter, ABWA, and Miss Kathleen McIntyre. The next meeting will be at 7:30 p.m., July 24 at the Holiday Inn.

A LOVELIER YOU Hands, Nails Need Careful Treatments

By MARY SUE MILLER

Blemished hands cause quite as much consternation among the female population as facial blemishes. At present the concern of many lovelies seems to be the development of "spots" on both nails and hands.

The problems discussed below are among the most frequent occurrences:

White spots under the nails. Prevalent white markings usually signal a dietary deficiency or a physical disturbance. Then a medical check is in order. When a single white spot or strip appears it can be put down to external injury of the matrix from careless manicuring or an accidental blow. It will grow out with the nail and can be covered meanwhile with opaque polish, even the palest shades.

How about a white, pocket-like opening between nail tip and fingertip? The

ailment is thought to be triggered by contact allergies or a fungus. It must be treated by a physician, and quickly. Otherwise the pocket will deepen and the nail may be lost.

Brown spots, sometimes called liver spots. Be assured the spots have nothing to do with the liver. The condition results from concentrations of brown pigmentation in the skin. Bleach creams, made for the purpose, sometimes fade spots so that they are less noticeable. Since sun accentuates the trouble, the hands should be protected from exposure.

Callouses on sides of nails. Smooth them with pumice stone and apply cuticle cream daily, until they disappear. Those pests come from pressure like dialing phones with a finger instead of a dialer. All such habits are no-nos.

Gavel Club Installation Thursday

New officers were installed Thursday evening for Past Matrons Gavel Club. Laura B. Hart Chapter 1019, Order of Eastern Star, at a called dinner meeting, at the Holiday Inn.

Installed were Mrs. Marvin Steen, president; Mrs. Dick Mitchell, vice president; Mrs. John Puckett, secretary; Mrs. Lloyd Duncan, treasurer; Mrs. Bill Griese, chaplain; Mrs. Ollie McDaniel, reporter; Mrs. N. C.

Lawrence, telephone; and Mrs. Chuck Boland, card chairman.

Conducting the installation was Mrs. J. W. Wright who outlined the duties of each officer and the importance of the office to the club. Hostesses were Mrs. Steen and Mrs. Puckett.

The next regular meeting will be at 6:15 p.m., Aug. 9 at the Holiday Inn, with Mrs. Mitchell and Mrs. McDaniel as hostesses.

Remove Spots Right Away

Never put away soiled clothing. Stains will draw moth larvae which can quickly damage garments in dark closets. Also, a stain may set while the garment is in storage.

Changes For Consideration

Between now and Oct. 2 you doubtless will be hearing a lot more about the pros and cons of proposed changes in the city's charter, which was adopted here just little less than half a century ago. In that interval the charter has not been altered.

There have been two or three attempts before, but there appeared no pressing issues to impel recommendations.

There are numerous proposals which are suggested, ranging from changing the name from the city commission to city council; to barring individuals from being candidates if they owe taxes in arrears for certain specified times (which strikes us as straying a bit afield and into dubious constitutional grounds).

At this stage, it appears that the two overshadowing items will deal with the election process.

Under the present charter those who poll the highest number of votes win the places open on the commission. The proposal — and this is the key one to come before the voters if the ordinance shape — as indicated — is that candidates run for specific places or seats on the commission.

There still will be a city-wide vote on all candidates as now, but only by the specified places. The highest man in a particular race would win that seat or place.

The intent here is fairly plain, to minimize the effect of single-shot voting. This still could be done, but it would be more difficult. It is argued that under the place system, each place would more nearly represent a majority choice. Minorities may claim this will lessen their chances for representation.

From the point of safety, fortunately July 4 comes in mid-week this week, and perhaps there won't be as many people trying to cram a week's vacation into a long weekend. There is, however, the danger that some people will try to pack a long weekend into one day, speeding to a vacation spot and pushing every minute while there, and speeding back, totally exhausted.

All we can suggest is "don't be foolish." Stay home or close to home if you can. Relax — and

The other companion elective matter deals with the choice of the mayor. Voters will have a chance to say if they want the mayor to run for the mayor's place rather than being chosen by a majority of his colleagues on the city council as at present. This, too, has its pros and cons.

This is simply to alert the public that this is coming and that voters need to inform themselves on the issues. The time is only three short months away.

Relax — And Reflect

Reflect.

Reflect on the vision, the courage, the willingness to make unselfish, total sacrifices which were so manifest in the actions of our forefathers who took this fateful step toward independence. We need this spirit of common dedication as we have never needed since the beginning.

Perhaps you may get a glimpse of the spirit by attending the "Let Freedom Ring" program at 8 p.m. Wednesday.

Sick Leave Policy

Around The Rim

Walt Finley

Two days in a row the Associated Press has sent a message to its client editors saying "There will be no deaths column today."

What that actually means is that nobody prominent has died during that period. May it continue.

THERE IS a humorous bit which has been kicking around for some time called "Sick Leave Policy." The source is unknown — really Mr. Publisher.

Sickness: No excuse. We no longer accept your doctor's statement as proof, as we believe that if you are able to go to the doctor, you are able to come to work.

Death (Other than your own): This is no excuse. There is nothing you can do for them, and we are sure someone in a lesser position can tend the arrangements.

HOWEVER, if the funeral can be held in the late afternoon, we will be glad to let you off one hour early, provided that your share of the work is ahead enough to keep the job going in your absence.

DEATH (YOUR OWN): It will be accepted as an excuse, but we would like a two-week notice, as we feel it is our duty to teach someone else your job.

Leave of Absence (For an operation): We no longer allow this practice. We wish to discourage any thought you may have about needing an operation. We believe that as long as you are employed here you will need all of whatever you have and should not consider having anything removed.

We hired you as you are, and to have anything removed would certainly make you less than we bargained for.

TOO MUCH time is being spent in the restroom. In the future we will follow the practice of going to the restroom in alphabetical order. For instance those whose names begin with A will go from 8 a.m. to 8:05 a.m., B will go from 8:05 a.m. to 8:30 a.m. and so on.

(If you are unable to go at your time, it will be necessary to wait until the next day when your turn comes again.)

The thought for the day is from I John 4:10: "Real love . . . is not our love for God, but His love for us."

PAUL CRUME reports in his column in the Dallas Morning News: "When the First Baptist Church of Calvert recently changed its evening service from 7:30 to 6 o'clock, it came out in the church bulletin 'Sex O'Clock.'"

Pastor Joe Weldon Bailey reports "Attendance was good."

HERE'S A guest item from Deano in the Eye Opener, inmate publication at the Oklahoma State Penitentiary:

WIGS . . . WIGS . . . WIGS
With wigs so widely worn today,
A man could be upset . . .
The gal that seems a cute dumb blonde
Could be a smart brunette!

Dead-End Court

William F. Buckley Jr.

There is a quite general dismay in the afflicted sections of the country following the Supreme Court's perverse decision on the matter of the private schools. What the Court said, in effect, is this: Look, the First Amendment doesn't permit support of religion. Now however deviously you achieve the support of religious schools, that is what you are doing when, as in the state of New York, you permit a taxpayer whose child goes to a private school to itemize a part of that cost as a tax credit.

NOW THIS decision came as a considerable surprise. It upset a half dozen laws that were either in operation, or poised to go into operation. It upset a Congressional bill that had the approval of the Administration, and was working its way quite peacefully through the House Ways and Means Committee, recently liberated from Mr. Emanuel Celler. Paul Blanshard is still alive and has not been heard to condemn the entire thing as a plot to repeal the First Amendment, instigated in Rome.

MOREOVER, in 1970 the Court had made an enticing distinction. "Obviously," it said in the *Walz* decision, "direct money subsidy would be a relationship pregnant with involvement." In other words, the Court was saying that a state could not directly aid a church-related school by plunking state money into the coffers of said school. But then it went on to say, "the grant of a tax

exemption (however) is not sponsorship, since the government does not transfer part of its revenue to churches . . ." It was on that toehold that the legislators slowly built their structure, and now it too has collapsed.

I TRULY wonder that all the recent talk of executive tyranny. At least one measure of the security of any kind of tyranny is the kind of opposition it provokes. When it was widely held that President Lyndon Johnson, and after him Richard Nixon, were waging an unlawful war in Indochina, there was opposition in Congress, in the academy, and in the streets. Today it is everywhere proclaimed that the arrogance of the Executive is bringing on a Constitutional crisis, that nothing less than deep surgery will cure the situation and save American democracy.

WHO NOW speaks about judicial tyranny? It appears to be very nearly absolute. It is hard to remember when last the Constitution was amended in order to reverse or to clarify a ruling of the Court. The essential facts in the current situation are these. The Bill of Rights is among other things there to protect this country from the establishment of a state religion. There are fewer Americans who desire a state religion than Americans who want to bring over the Hapsburg Pretender to rule over us.

DARE WE HOPE THEY EVENTUALLY MAKE IT?

Economic News Not So Good

By DAVID BURKE
AP Business Writer

NEW YORK (AP) — President Nixon's new economic strategy took on added shape this past week as the government halted all exports of key livestock feeds in what the administration said was an effort to forestall a possible domestic food shortage.

The export embargo on soybeans, cottonseeds and their products, which will soon be loosened into a quota or rationing system, is aimed at cooling off the rising prices of livestock feed. Corn controls may also be in the offing.

IMPERILING SUPPLY
The rising feed prices have led farmers to cut back or actually begin killing off their livestock, imperiling this country's food supply, said Agriculture Secretary Earl Butz.

The problem, observers said, is that farmers are not able to pass on the higher feed costs to consumers because of Nixon's 60-day price freeze. The freeze, which affects prices at the wholesale and retail level, makes buyers reluctant to pay farmers more for livestock when they cannot pass on the increase to the consumer.

The Week's Business

- Government halts feed exports in effort to stabilize supply.
- Producers killing off poultry, animals to avoid cost losses.
- Composite economic index up 1.5 after April's drop.
- U.S. trade balance suddenly goes sour again in May.
- FED raises discount seventh time to tie record 7 pct.

On the Chicago Board of Trade, trading in soybean contracts was halted Thursday and, when it resumed Friday, was restricted by the exchange to a price range fluctuating no more than one cent a pound each day.

INDEX BACK UP
In other economic news this past week, the Commerce Department reported that the government's composite index of leading economic indicators rose 1.5 per cent in May after showing its sharpest drop in 15 years in April. The index, which sometimes foreshadows broad movements in the economy, had fallen 1.7 per cent in April, the largest decline since a 2 per cent drop in February 1958.

Negative news, however, came from a report that the

U.S. trade balance showed a sharp deficit in May, on the heels of a surplus in April.

The Commerce Department reported that imports exceeded exports in May by a seasonally adjusted \$157.9 million. In other news, the Federal Reserve Board boosted the discount rate 1/2 per cent to 7 per cent for 11 of its 12 district banks, effective Monday.

HIGHEST SINCE '20s
The discount rate increase — the sixth this year — was aimed at restraining the expansion in money and credit. The discount rate is the fee the Fed charges member banks for borrowed funds. The move brings this rate to its highest level since the early 1920s, when it reached 7 per cent at several district banks.

SEN. SAM ERVIN JR., of North Carolina, committee chairman, had decided that, because of increasingly embarrassing leaks, closed-door testimony by witnesses being quizzed by staff must be withheld from committee members until the last minute.

Ervin ordered the summary given to the Senators one half-hour before Dean was to appear before the committee in a closed-door session last Monday afternoon intended to prepare the committee for Tuesday's open hearings.

BUT MINUTES before the session

Delay Hurts Dean

Rowland Evans

WASHINGTON — The abrupt one-week postponement of the Watergate hearings was arranged in a way that gave defenders of President Nixon maximum ammunition in their campaign to destroy the credibility and reputation of ousted White House counsel John W. Dean III.

DEAN, BADLY damaged previously by his feverish bargaining with federal prosecutors for total immunity, was the witness ready to tell all in public last Tuesday when the postponement was suddenly announced. Large chunks of what Dean planned to say were leaked to the press by Republicans, greatly diminishing his impact when he does testify. Moreover, the White House was given another week to blacken Dean's name.

The timing of the delay was so interesting because it followed only by minutes the distribution to all Senators of the Watergate committee of a confidential summary of Dean's closed-door testimony the previous Saturday heard by the committee counsel and investigators. The Senators were not present.

SEN. SAM ERVIN JR., of North Carolina, committee chairman, had decided that, because of increasingly embarrassing leaks, closed-door testimony by witnesses being quizzed by staff must be withheld from committee members until the last minute.

Ervin ordered the summary given to the Senators one half-hour before Dean was to appear before the committee in a closed-door session last Monday afternoon intended to prepare the committee for Tuesday's open hearings.

BUT MINUTES before the session

convened, with Republican Senators now in possession of the summary of Dean's closed-door testimony, came the appeal to Ervin for a delay. Sens. Mike Mansfield and Hugh Scott, the Democratic and Republican leaders, asked for the postponement in order not to hurt the U.S.-Soviet summit talks. Democrats, frightened that a vote against delay would make them appear unpatriotic, went along with the request.

DEMOCRATIC sources now think that Scott and the White House contrived the timing of the request, with Mansfield an unwitting victim. The result has been savage for Dean. Defenders of Mr. Nixon have used the week to set in motion a secret investigation of Dean's financial affairs, in hopes of further damaging his reputation.

DESPITE unalterable opposition of liberal senators to oil lawyer Robert H. Morris of San Francisco, he might have been confirmed as a Federal Power Commission (FPC) member had it not been for a private telephone conversation between him and Republican Sen. John Tower of Texas. Tower, a leading oil industry advocate, had been disturbed by Morris's opposition to deregulation of natural gas prices. Was this, Tower wondered, just an attempt by Morris to throw off his pro-industry image?

SO, TOWER placed an eleventh-hour telephone call to Morris. On a confidential basis, he asked Morris: Do you really oppose deregulation? Morris's reply: Yes, I do. That was enough. Tower promptly helped line up other Western conservative Republicans to block his confirmation.

Demos For Erlichman

Art Buchwald

WASHINGTON — My friend Cotswald, who was a "Democrat for Nixon," seemed very depressed when I found him in a bar the other day.

I ASKED him what the problem was.

"I've been watching the Watergate hearings all week," he said, "and it's got me down."

"Don't worry," I said, trying to cheer him up. "It's John Dean's word against the President's. It's still quite possible that Nixon had nothing to do with Watergate or the cover-up."

"That's just the point," Cotswald said. "Suppose Nixon didn't have anything to do with Watergate? The White House defense is that Nixon didn't know anything about anything. The whole country was being run by Haldeman and Ehrlichman. Wouldn't that depress you?"

"WELL, IT wouldn't make me happy," I admitted.

"I didn't vote for Haldeman and Ehrlichman," Cotswald said bitterly. "I voted for Nixon. If I had known he was going to turn over the Presidency of the country to two flunkies, I sure as hell would have thought twice about it."

"But President Nixon had the final say on all their decisions," I pointed out.

"WE DON'T know that. From what we've heard, Ehrlichman and Haldeman gave orders to the Justice Department, the FBI, the CIA, the State Department and everybody else. 'But,' I protested, 'the President can't do everything himself. He has to have aides to carry out his orders.'"

"If they carried out the President's orders, it means the President knew what was going on. If they did it on their own, that means I was a 'Democrat for Haldeman and Ehrlichman,' said Cotswald. "That's a terrible thing for any man to live with."

I WAS getting a little exasperated. "Well, what is your solution to the problem?"

"I think in the next election we should have a right to vote for the President's aides, as well as for the President. If the country is going to be handed over to Haldeman, Ehrlichman, Charles Colson and John Dean III, the American people should know about it in advance."

"That makes sense," I admitted.

"AND I believe they should be sworn in at the same time as the President. If the President swears to uphold the Constitution, his people should swear to it, too. Then if they screw up, we can impeach them in a package deal."

(Copyright 1973 Los Angeles Times)

Letter To The Editors

DEAR SIR:

If the approximation of auto insurance premiums costing local drivers about \$1,150,000 is correct, then it is possible for these Big Spring car owners to earn savings of \$115,000 in reduced premiums by taking the National Safety Council's Defensive Driving Course.

To date, more than 150 Big Spring residents have graduated from the safe driving course and qualified for a 3-year, 10 per cent annual reduction on private passenger automobile liability, collision, and medical payments insurance premiums.

The Defensive Driving Course is offered at regular intervals at Howard County College.

Sincerely,
HAROLD WILDER
DDC Instructor

Dr. G. C. Thosteson

Cloudiness Not Proof

Dear Dr. Thosteson: Quite frequently I will have low back pain and a cloudy urine for a couple of days. It will clear for maybe a week or two and then return.

I was to the doctor recently and gave a clear urine specimen in the morning. By late afternoon I had back pain and cloudy urine. What can be the cause? A lot of sitting that my job requires? Emotional strain and tension? — A.B.

You are jumping at too many conclusions to begin with. Has anyone SUGGESTED a connection between your cloudy urine sample and your back pain?

Let's take them one at a time. Back pain, in about 80 per cent of the cases, is caused by some muscular problem. And don't discount your job which requires so much sitting. It may not have bothered you years ago, but with age our bodies change and things that didn't used to bother us begin to.

Now, as to the kidneys.

Cloudy urine is not unusual at all and doesn't necessarily mean the presence of disease.

The cloudiness can be the result of the production of phosphate crystals that are the normal end product of digestion — of fruits, for example.

The phosphate crystals wouldn't necessarily show up in morning urine specimens, but might well show up later in the day. If you eat fruit for breakfast, including orange juice, then this might be the reason for the mysterious appearance and disappearance of the cloudiness.

If it was a kidney infection, there would be the presence of pus and other signs of infection such as a fever.

Emotional stress could bring on symptoms such as back pain, but I suggest you look for more physical causes of your pains before seeking out that elusive culprit.

Dear Dr. Thosteson: Could you give me some information

about brown spots which appear in face, arms and hands as one gets older? My mother had many of them and called them "liver spots."

Is there a reason for them and is there any way they can be prevented, or cured or removed? — N.S.

It's more accurate to call them "age spots," as their appearance has absolutely nothing to do with the liver. As we get older, the coloring matter (pigment) in the skin tends to gather in small areas and produce these spots.

There is no known way to prevent them. I've been told by some women that some of the patent creams fade the spots — but I've had others tell me they tried the same remedies with no success at all.

I have a smattering of such spots myself, having reached the age. But since they do not harm I just pay no attention to them. Time, with exposure to sun and wind, tends to bring out such spots.

MY ANSWER

Billy Graham

We often have a discussion down at work on the teaching of the Bible. Right now, there's a debate as to whether the Bible says anything about the changing of the seasons. Can you help us on this?

In the Bible, there is no reference to spring or autumn. The only seasons mentioned are summer and winter. Genesis 8:22, Psalm 74:17, Zechariah 14:8. This is probably because the four seasons in Palestine are not as marked as in more northern countries. Even the range of temperature is not so great.

The language of Jesus was filled with references to the world of nature. He spoke of the sparrows and the sky, of the stars and the seas, of sowing and of summer. One such

reference was in Mark 13:28 when He said: "Learn a lesson from the fig tree. When its tender shoots appear . . . you know that summer is near."

Often when reference is made to the seasons, it is a word not only about the changing scenes of life, but a warning to prepare for what is to come. Jesus put a premium on understanding life — and being able to discern reality.

To me, that's the benefit of the Bible. It is a stabilizing influence; it offers a permanent promise of pardon and peace in the midst of a world of change. I congratulate you on your Bible studies and discussions. It's the greatest document of the human race, and remains the bulwark of national, personal and spiritual freedom.

A Devotion For Today . . .

"Great is our Lord, and of great power: his understanding is infinite." (Psalm 147:5)

PRAYER: Father, You have created us and You love us as only You are capable of loving. I am glad because I need never try to explain my thoughts and actions to You. You already know. It is marvelous to have one person who really understands me. Thank You, Amen.

FOR YOUR PLEASURE

Art Show Scheduled July 4th At Snyder

The art focus this week will be on the County Barns in Towle Park, Snyder, for the 12th annual July 4th Art Show. Artists must bring paintings Monday between 1 p.m. and 8 p.m. and are asked to pick them up after 9 p.m., Wednesday. There will be four ribbons for each division, plus trophies for first place in the senior, professional senior, amateur and junior divisions. The fee is \$2 and \$1 per painting with a maximum of 4 in each class.

Big Spring's Meister-singers are now in Vienna, Austria where they arrived Friday for a fortnight of participation in music festivals in and around that historic city. This was the locale for such famous names as Franz Schubert, Beethoven, Wagner, Liszt, etc., so the 51 young singers from Big Spring won't lack for cultural surroundings.

The "first annual Willie Nelson 4th of July Picnic" is being touted for Dripping Springs. This country music festival will include such names as Kris Kristoferson, Waylon Jennings, Tom T. Hall, Rita Coolidge, Billie Joe Shaver, etc. at the site 20 miles west of Austin on Highway 290.

Heritage Museum continues to attract a number of tourists as well as local traffic, and the Caylor exhibit which stays up all the time is mighty popular with them. The permanent exhibit committee is studying ideas for such exhibits, which would remain in place in addition to the rotating exhibits. During the past week the museum was featured on the KBST "Focus" program.

The Presidential Museum in Odessa, with more than 70,000 Presidential items, will launch its second annual Presidential Postcard Exposition July 13. This will feature more than 5,000 postcards from 25 states. The exhibit will include anything pertaining to the chief executives — portraits, birthplaces, homes, families, cartoons, objects named for presidents, tombs, first-day-issue of cards. Another feature during the summer is the "Honoring the Memory of the Presidents," the "Original Presidential Cartoons."

The spotlight at the Texas Tech summer series shifts Friday to Alan Marks, young pianist. The New York Times says he is one of "those astonishing young pianists who come ready and able to play anything."

Quotable Women

"Poor people start saving from the day the daughter is born. The wedding becomes a sort of panacea for all our fears, a status symbol that says we made it big and daddy can send his daughter off in materialistic style. America's term for success." Marcia Seligson speaking about her new novel, "The Eternal Bliss Machine."

"It's all very simple. My engagement to Arnaz — our relationship — had been deteriorating for some time — pleasantly, luckily. We are no longer engaged. It's all called off." Actress Liza Minnelli.

"So many kids are living ridiculous kinds of lives. I just couldn't pull off being a hippie. I was too clean-cut for it." Actress Katie Hanley, hit singer in the movie "Godspell."

NEWCOMER GREETING SERVICE

Your Hostess:
Mrs. Joy Fortenberry

An Established Newcomer Greeting Service in a field where experience counts for results and satisfaction.

1207 Lloyd 263-2005

at whatever tempo demanded with intelligence and good taste." Currently he is pianist in residence at Harvard.

A special historical exhibition on the Texas Rangers is scheduled to open in the lower floor gallery of the Institute of Texan Culture at San Antonio Sept. 6. In the meantime there is a big promotion underway on Ranger memorabilia at Fort Fisher, the Texas ranger shrine, in Waco. Some of the many reproductions offered are sold out.

Researchers from Texas Tech are finding an unimaginable range of terrain, flora and fauna at Guadalupe Mountains National Park, where the layout is virtually unchanged from pioneer days. Plant and animal species range from the Rocky Mountains to plains and deserts — from cactus to pine trees, from horned toads to elk. There are historical sites like Pine Springs Stagecoach stop.

The Texas Cowboy Artists' Association will stage its first exhibit at Stagecoach Inn in Salado south of Temple, Saturday and Sunday. An appropriate place, too, for this was a watering place along the Chisholm Trail as well as a stagecoach stop famous for its hospitality.

"Peanuts" fanciers will

be interested to know that there is a new Charles Schulz book now off the press, sparking the annual Peanuts summer festival. It's entitled "There's No One Like You, Snoopy." Publisher is Fawcett; the price 50 cents. Publication date is July 12.

Tickets are on sale at Midland Community Theatre (Box 4847, Midland, 79701) for the Summer Mummies 25th anniversary "mellodrama" put together this season by Bill Davis under the banner of "Plotting on the Planets," slated to run for 18 evenings. It's strictly for belly laughs.

Natural Bridge Caverns, between New Braunfels and San Antonio, has been designated a registered U.S. Natural Land Mark. The 75-minute tour of this largest of Texas caverns features a visit to the "Hall of the Mountain King," measuring 100 feet from floor to ceiling and long and wide enough for a football field. The caverns are named for the 60-foot span of natural limestone that forms a bridge above the entrance to the geological showpiece which began building up 140 million years ago. It's an even 70 degrees there all the time.

Artists interested in special instruction are reminded of the Los Manos workshop in Midland Aug. 18-25 featuring Dr. Emilio Caballero.

ENDS REIGN — Debbie Perkins, Laredo, pauses for a picture as she ended her term as Grand Worthy Advisor for the Order of Rainbow for Girls. She was succeeded Friday by Mary Hill of Midland during the Grand Assembly of Texas at Fort Worth.

Soap, Water Clean Brushes

It's smart to invest in good paintbrushes, but then be sure to clean them well after each use to keep them at their painting best.

Clean brushes that have been used with oil-based paint by working the bristles back and forth in an ample amount of clean turpentine. Latex paint can be flushed away with water. Blot the brushes on paper towels.

Then, no matter which type of paint is used, wash thoroughly with soap and water, rinse, blot again and allow to air dry by hanging.

Volunteer Luncheon Set At State Hospital

The Volunteer Council of Big Spring State Hospital will have its quarterly luncheon July 12 at 12 noon. Speaker for the event will be Don R. McDonald, D.V.M., local rancher and humorist.

Dr. McDonald, son of the J. Chesley McDonalds, directs their ranching operation near Sterling City. He received his DVM From Texas A&M and interned in Davis, Calif. He practiced

veterinary medicine in Big Spring with Henry Thompson, D.V.M., until he began ranching full time.

Hospital volunteers and club and church representatives are invited as guests to the complimentary luncheon. A baby-sitter will be available in the Tollett All-Faith Chapel nursery. For reservations, call the volunteer office, 267-8216, Ext. 308, by July 10.

MRS. KENNETH ROY BEASLEY

Wedding Ceremony Performed Saturday

Miss Rebecca Elaine Teichman became the bride of Kenneth Roy Beasley at 7 p.m., Saturday in the Crestview Baptist Church.

The couple stood before an arch of greenery flanked with baskets of white gladioli. The rites were performed by the Rev. Jim Wilkerson, pastor, and traditional background music was performed by Mrs. Billy Scott, organist.

Parents of the bride are Mr. and Mrs. Glen Ray Albert, Gail Route, Big Spring. Beasley is the son of Mr. and Mrs. Sylvester Beasley, Farmington, N.M.

The bride's floor-length gown of white lace over satin was embellished on the empire bodice with small bands of pink rosettes. The gown featured a high ruffled lace collar and lace puffed sleeves which tapered to the wrists. The detachable train was of taffeta and lace, and her illusion veil fell from a band of small clustered flowers centered with seed pearls. She carried a colonial bouquet of assorted summer flowers, gypsophila and streamers.

MAID OF HONOR
Mrs. William Teichman, sister-in-law of the bride, served as matron of honor. She wore a formal-length gown of lavender organza with a floral print skirt. The natural waistline was high-

lighted with lavender satin ribbon, and the gown was fashioned with long sleeves and high ruffled neckline. She carried a lavender carnation nosegay.

Bridesmaids were Miss Phillis Johnson and Miss Mary Lou Marvin. They wore floor-length gowns of yellow organza with floral skirts and accent bows of green satin. They carried nosegays of yellow carnations with moss green streamers.

Jim Beasley, Farmington, N.M., served his brother as best man, and ushers were Roger Guinn and Malone Ray Albert of Brock, stepbrother of the bride.

Mary Deloris James, flower girl, wore a yellow dotted Swiss gown with long sleeves ruffled at the wrists. Ring bearers were Randy Griffin and Renee Griffin, both of Hobbs, N.M.

The newlyweds are on a short trip to Carlsbad, N.M., after which they will reside

in the Chaparral Mobile Home Park. Mrs. Beasley attended Big Spring schools. The bridegroom graduated from high school in Farmington, N.M., and from the Electronic Technician Vocational Division of Eastern New Mexico University, Portales, N.M. He is currently employed as a television electronics technician for Sears Roebuck and Co.

RECEPTION

A reception for the couple was held in the home of the bride's parents on Hilltop Road. Lavender satin, overlaid with white lace and trimmed with white and yellow daisies, was used on the refreshment table. The tiered cake was topped with a miniature bride and bridegroom in a floral archway. Refreshments were served by Mrs. Jimmy Freeze and Miss Sherrie Marvin.

Relatives attending from out of town, in addition to the bridegroom's parents, were his grandparents, Mr. and Mrs. Roy Beasley, Alamogordo, N.M.; the bride's grandmother, Mrs. Iva Tripp, and Mr. and Mrs. W. L. Griffin, all of Hobbs, N.M.

Gift Party For Future Bride

Miss Andra Madry was honored at a shower recently in the First Federal Community Room.

Miss Madry is bride-elect of Jerry Webb of Coahoma. They plan to be married Saturday at First Baptist Church, Coahoma.

Hostesses were Mrs. Don Cunningham, Mrs. Chuck Ogle, Mrs. Richard Fleener, Mrs. E. F. Fleener, Mrs. Clarence Hays, Mrs. Jim King, Mrs. Charles Madry, Mrs. Irland McCormick and Mrs. James Morgan.

Refreshments were served from a table covered with a pink lace cloth. The centerpiece was an arrangement of pink and purple summer flowers centered with purple candles. Appointments were crystal and silver.

Assisting with hostess duties were Miss Cindy Halimann, Miss Kathy Gunnels, Miss Stormy Hale and Miss Clarice Ringene.

Attired in a brown pantsuit, the honoree was presented a corsage of orchid and pink fiber wood, as were her mother, Mrs. Gene Madry, and the prospective bridegroom's mother, Mrs. Donald Webb, Coahoma. Guests included Webb's grandmother, Mrs. Mac O'Bannon, Garden City.

Hi-Bye Coffee Held Thursday Morning

Mrs. Stanley Umstead, wife of the wing commander at Webb AFB, was honored on her birthday when the Officer Wives Club monthly coffee was held Thursday in the Officers Open Mess. A decorated cake was served to mark the occasion.

Other honor guests introduced were Mrs. Roy Gindler, Mrs. Robert Reid, Mrs. George Grimes, Mrs. George Courington and Mrs. Roy Peterson. Farewells were said to Mrs. Reid who is moving to San Antonio.

A welcome was extended

to wives of students in Class 74-03, who recently arrived from Laredo, and student wives of Class 74-06.

General chairman was Mrs. Donna Hall, assisted by Mrs. Ann Tims, publicity, and Mrs. Susan Schaub, door prizes.

Theme for the July 5 luncheon will be "The All-American Figure," with a program presented by the Magic Mirror Figure Salon. Members of the OWC board will be hostesses. Reservations for the luncheon are to be made by noon, July 3.

Investment Club Reviews Stock

Two companies were reviewed this month as possible investments for Market Challenge Investment Club, which met at Big Spring Country Club.

Mrs. Clarence Peters reviewed Pfizer Company, a drug and chemical firm. American Telephone and Telegraph was discussed by Mrs. Guy Talbot.

Stocks included in the club portfolio were reviewed by individual stock reporters, and an over-all summation was given by Mrs. Mary Reed. Also, Mrs. M. A. Porter summarized an article from Forbes Magazine concerning Tenneco, a company in which the club has stock.

Mrs. Porter presided. The group will meet again for dinner at 7 p.m., July 24 at Big Spring Country Club.

Big Spring Chamber of Commerce

An Extensive Four-Part Program of Total Community Development Supported By Civic Minded Business Firms and Individuals To Make A Better Big Spring

ORGANIZATIONAL AFFAIRS COUNCIL

Self evaluation, analysis, and improvement of the Big Spring Chamber of Commerce itself is the aim of this group. A better organization to serve, a better organization to produce results.

ECONOMIC DEVELOPMENT COUNCIL

Producing an improved standard of living for all Big Spring citizens is the direct program of the Economic Development Council. Retail, Tourism, Consumerism, Agriculture, Conventions, Industry, and Manpower/Labor are of direct concern to every citizen. A better business climate will harvest great dividends for all.

PUBLIC AFFAIRS COUNCIL

Items of public interest are the main concern of this Council which works for the improvement and expansion of Crime Prevention, Cultural Activities, Education, Environment, Government, Housing, and Base Community Relations.

COMMUNITY DEVELOPMENT COUNCIL

Developing Big Spring for tomorrow through planning today could well be the subject of this Council. Parks, Beautification, Transportation, Recreation, and Long Range Planning are all problems of today for a better community in the future.

THE BIG SPRING CHAMBER OF COMMERCE

WHAT IS IT?

The Big Spring Chamber of Commerce is a voluntary organization of People who together pool their resources (funds and talents) and become dedicated to the task of making this community a better place to live and make a living.

The Big Spring Chamber of Commerce is the only full time voluntary organization through which people with ideas and imagination can unite to make possible those things which would be impossible to accomplish individually.

The Big Spring Chamber of Commerce, through its voluntary organization of dedicated people with ingenious vision and foresight, is working today, planning tomorrow.

WHAT DOES IT DO?

Perhaps the question should be: What doesn't the Big

Spring Chamber of Commerce do? Truthfully, it does what its people want it to do.

As all organizations, the people of the Big Spring Chamber of Commerce have varied talents and interests. All want to accomplish that which motivates them into working for a better community.

The Big Spring Chamber of Commerce today is involved in Industrial Development, Governmental Economy, Education, Streets and Highways, Agriculture, Tourism, and Conventions, Parks, Beautification, Cultural Activities, Sports and Recreation, Sales Promotion, Solicitation Control, Improvements in Medical Facilities, Housing, Health and Safety, Public Relations and Research.

The Big Spring Chamber of Commerce is the "Front Door" and the "Show Room" of your community. Is it doing what you want done? Are you taking an active part and getting involved?

Join hands with your fellow citizens. Invest in the future,

join the action.
The future belongs to those who plan today!

HOW DOES IT WORK?

Voluntary — Independent — Non-Profit

MEMBERSHIP

People, dedicated to building a better community for you and themselves, who take the initiative of getting involved by participating and contributing to a united effort which exploits to the maximum, Big Spring's potential economy and development.

BOARD OF DIRECTORS

Elected by the members, the Board of Directors directs

the affairs of the Chamber, sets the policies and programs according to the needs and desires of the community.

STAFF

The only paid people in the organization, the staff, trained and experienced, administer the daily business of the Big Spring Chamber of Commerce according to the policies and programs set by the Board of Directors.

COUNCILS: TASK FORCE

Involved members, the lifeblood of the organization. Here, ideas are explored, plans made, conclusions reached for a plan of action. The thrill of accomplishment. Reaching for that unreachable star!

'Skin-Flicks' Win First Round

DALLAS (AP) — Three Dallas movie houses that specialize in "skin-flicks" have been released from a restraining order that kept them from showing their films.

The theaters, owned by Associated Theaters, Inc., were restrained last week by District Court Judge Dee Brown Walker. Dist. Atty. Henry Wade's office has asked that the theaters be prohibited from showing "any and all sexually explicit motion pictures."

U.S. District Court Judge William M. Taylor Jr. ruled Thursday, however, that the state court's order was unconstitutional because it placed the burden of proof of what constitutes obscenity on the theaters.

WEEK'S PLAYBILL Texan Plays The Kid

Kris Kristofferson, Texas-born son of an Air Force pilot, who has flown planes in his own life, studied abroad as a Rhodes scholar, taught English at West Point and has written a novel, was completely unknown three years ago.

However, within that brief time he has emerged as one of the most influential Nashville-based folk-rock names and is fast making a place for himself as an international film star. He scored an impressive debut in a 1971 film, "Cisco Pike," just completed another, "Blume in Love." He currently stars as Billy the Kid in the MGM western, "Pat Garrett and Billy the Kid," starting Wednesday at the R-70 Theatre.

"I just sort of fell into acting in a place called 'The Last Movie,' which Dennis Hopper directed in Peru. I was down there scoring the music for it when I wound up doing a bit. I found I had a feel for it, acting that is, and when 'Cisco Pike' came along I was glad to accept it. 'Course none of it had a thing on Billy. This is just about the toughest role I've had yet, but I'm hanging in there," he explained while on location in Durango, Mexico. "Pat Garrett and Billy the Kid" was directed by Sam Peckinpah, from an original

screenplay by the novelist and screenwriter, Rudy Wurlitzer. Gordon Carroll produced the film, the story of pursuit and confrontation at the end of the last century in the American southwest. It is the tale of two men who once rode together outside the law who later find themselves on opposite sides of it. Garrett has become the Sheriff of Lincoln; Billy has remained an outlaw. Arrested, he escapes from Garrett's courthouse cell and kills two of his deputies. The search is then begun; Garrett has to bring him in.

"Billy doesn't run though," Kristofferson points out. "He just sort of drifts around, hanging out at Fort Sumner which is more or less his home. He is something of a drifter which I think is part of the appeal today, part of the thing that makes him attractive even though, let's face it, he is a killer. But I can understand that part of his character, the drifting. I've drifted somewhat myself."

After he left his native Brownsville, Kristofferson attended Pomona College in California, studied in England, passed four and a half years in the U.S. Army in Germany and eventually landed in Nashville where he felt at last he wanted to be. He wrote music while tending bar and working on construction gangs and began to achieve some recognition when such artists as Johnny Cash and the late Janis Joplin recorded some of his songs, most notably "Sunday Morning Coming Down" and "Me and Bobby McGee." He himself began to record his own material, appeared on TV, cut a few hit albums and wrote and recorded the score for the Mick Jagger film, "Ned Kelly." Then he became involved with "The Last Movie."

While on location, he appeared a friendly, soft-spoken man whose shoulder-length hair, loping gait and slight drawl suggested a man of another era, and most of all, a cowboy. He spoke in a disarmingly unaffected manner, fixing his intelligent, clear blue eyes on you, and looks 10 years younger than his 30 some odd years which is perfect for the part, for the real Billy was gunned down at 21.

"Even though this is an 'action' western," he explained, "all of the characters are three dimensional so it's a challenge making the character convincing. But it's coming along well. I think Sam and I have worked on the character over and over and I've spent a lot of my free time on a horse, getting the feel of what it must be like being a cowpoke on the move. Then, too, the atmosphere on the set is great 'cause in a way it feels like home. I got a lot of my old friends involved in this, you know."

These friends are none other than Bob Dylan who plays the role of Alias, a Lincoln youth who runs out of town to ride with Billy the Kid's gang, and also Donny Fritz, Kris' long time piano player who plays Beaver, another member of the Bonney gang. Kris also speaks highly of those on the film like Peckinpah and James Coburn (who plays Pat Garrett) whom he did not know before he signed up for the film.

"You should see Sam and I play poker," he laughed. "This feeling of camaraderie is most important for he still feels something of a novice and is interested in the opinions and the experience of his co-workers."

"Man, it's a bit complicated, you know, hitting your mark and working out of sequence, but I feel like I'm mastering it and it feels pretty good." However, despite the demands of film making and the apparent success he has achieved in it, Kris has no plans to give up his music. Quite contrary in fact. During the film he took a week end and flew to New York to appear at Lincoln Center in concert, a prior commitment. Prior to the start of filming he appeared at the

Troubadour in Los Angeles. "I think the acting helps my music and my music the acting," he concluded.

RITZ
Now Showing
Clint Eastwood, star and director of **HIGH PLAINS DRIFTER** (R), told his cast and crew to go to Hell during filming of the western. By way of explanation, actor Eastwood, in his role of avenging stranger in the frontier town of Lagos, changes the town's name to Hell.

Starting Wednesday
Roger Moore, in assuming the guise of indestructible British Agent 007 for the first time in **LIVE AND LET DIE** (PG), was issued his Walther PPK 38 and a wardrobe of sartorial excellence. He also was given a collection of voluptuous new girls to dally with during his off-duty hours while smashing an international drug ring based in the Caribbean.

R-70
Now Showing
SISTERS (R), with Margot Kidder and Jennifer Salt.

Starting Wednesday
A dramatic tale of pursuit and confrontation at the end of the last century, **PAT GARRETT AND BILLY THE KID** (R) stars James Coburn as Garrett, an outlaw-turned-lawman who stalks Billy the Kid, played by Kris Kristofferson. "Kid" marks director Sam Peckinpah's first Western since "The Wild Bunch."

JET
Now Showing
LAST HOUSE ON THE LEFT (R).

Starting Wednesday
JEREMIAH JOHNSON (PG), the story of a lonely mountain man in the 1800's, stars Robert Redford.

CINEMA
Now Showing
John Wayne plays **CAHILL** (PG), a United States Marshall.

Starting Wednesday
The same three boys who formed the Terrible Trio in "Summer of '42" are back in the **CLASS OF '44** (PG). "Class" catapults Gary Grimes, Oliver Conant and Jerry Houser (as Hermie, Oscy and Benji grown up) into the adult world.

Clean Escape

ATLANTA, Ga. (AP) — The hall floor in front of the station captain's office at city jail was sparkling clean after an inmate mopped his way out.

Police said James Coleman, 27, apparently got into some "station house clothing" worn by trustees and worked his way to freedom.

An official report said Coleman apparently mopped around the detention area, through the office and front hall, down the hall and out the door, where his mop and bucket were found.

TRIGGER FINGER SAVED — When Poe (John Beck), a fellow lawman, attempts to cut off Bill the Kid's trigger finger Sheriff Pat Garrett (James Coburn) stops him with a kick in MGM's "Pat Garrett and Billy the Kid."

Jerry Lewis: No TV Series

NEW YORK (AP) — Jerry Lewis smiled with exaggerated unease when asked if he'd like to do another regular television variety show. "No," he said slowly. "I really wouldn't like to do that."

After a moment's reflection, he partly overruled himself: "If I could go back my way, sure I would. But you can't go back your way."

The network executives would never let me go my way. They say they will, but then they stop you."

Child Alcoholics Causing Concern

LOS ANGELES (AP) — The newest problem drinker causing concern among the nation's doctors and mental health workers is not a pressured executive, bored housewife or skid row bum. It is a child, sometimes one no more than 11 or 12 years old.

Authorities and self-help groups say preteen and teen-aged alcoholism is a serious problem and growing fast.

450,000 GUESS

"It is not uncommon to see severe alcoholism problems in kids 9, 10, 11, 12 years old," said Dr. Morris Chafetz, director of the National Institute on Alcohol and Alcohol Abuse. "It is a far more serious problem than we ever imagined."

Chafetz said one estimate is that there are 450,000 child and teen-age alcoholics in the country. Alcoholics Anonymous has noted the problem and now has a number of programs aimed at the young.

At a recent Alcoholics Anonymous meeting near here,

one member was honored for having made it a year without drinking. He was 11 years old. Another reported that he had been sober for a month. This member was 10.

Chafetz said many parents do not realize that their children may be headed for alcoholism at an early age.

"Parents who learn their children are not using the so-called 'other drugs' but the drug alcohol are relieved," said Chafetz. "Since no drug comes close in any measurement to the human and social destruction of alcohol problems, these parents are being relaxed into a situation that is like jumping from the frying pan into the fire."

AFTER SCHOOL

One former alcoholic, 19-year-old Ben, said he and his friends began using liquor to get high because other drugs were illegal. He told of day after day of drinking during school lunch breaks and after school.

Summer School Draws Well -- For Drivers

Twenty-five years ago when high school students said they had to go to summer school, everyone sympathized with them.

This was evidence they had failed and were trying to catch up or were being disciplined by their parents. But this is one of the things that gradually changed through the years.

The reasons for going to summer school nowadays are many. A student may seek to get through high school in three years. Twenty-five years ago most students only went 11 years instead of 12 to graduate.

They also go to summer school now to concentrate on a course that might be difficult for them in the long term, thus allowing more time in the long term for extra-curricular activities or a part-time job.

Building Pacts In State Reach All-Time High

DALLAS (AP) — Building contracts in Texas reached an all-time high of \$950 million for the first six months of 1973, a construction industry publication announced today.

Construction contracts awarded June were almost \$200 million, the Texas Contractor reported. Included in the June total was a \$50 million contract for the construction of a float glass plant for PPG Industries, Inc., north of Wichita Falls. The builder will be J. A. Jones Construction Co. of Charlotte, N.C.

An \$8 million June contract went to Joe M. Rogers & Associates of Nashville, Tenn., for a 190-bed hospital at Plano. The Hospital Corp. of America awarded the contract.

A \$3 million contract to improve Apache Creek in the San Antonio channel improvement program was awarded by the Corps of Engineers to H. B. Zachry Co. of San Antonio.

Shot To Death While Defending Jewelry Store

GALVESTON, Tex. (AP) — The Central Plaza Shopping Center at Galveston was the scene of a shootout between three gunmen and police in which a local businessman was shot to death.

The businessman, identified as Stanley W. Thebault, 48, was shot to death while trying to defend his jewelry store from the three gunmen.

Police said patrons in the shopping center ran screaming and diving for cover as officers and the gunmen exchanged shots.

The three gunmen were identified as James W. Burton, 34, Louis W. Campbell, 26, and John Richardson, 23, all of Galveston.

Justice of the Peace Sherwood Brown charged the men with murder with malice and robbery by firearms, but set no bond.

Fems Get Sicker, Men Get Jailed

VICTORIA, British Columbia (AP) — Dr. Ian Kenning, head of the division of psychiatry at the Eric Martin Institute, says women outnumber men in mental institutions but men outnumber women in jails.

Dr. Kenning says society rules that men must not be sick or weak, so men with emotional problems are less likely to seek psychiatric help and tend instead to get into trouble with the law.

came a way of life. Today vehicles marked with the sign "Student Driving" happily move up and down the streets of Big Spring daily in the summer.

They can be spotted, not because of the sign, but because they are probably the most carefully driven vehicles on the streets. There are 500 students taking drivers education this summer in Big Spring. Their classroom sessions end before the end of regular summer school on July 28, but some of the students will be doing practice driving, even after that to satisfy hours requirements.

500 OF 725

These 500 are the bulk of the 725 summer school students at the high school. However, there are also 65 adults taking night classes this summer. HCJC has classes for adults, particularly in defensive driving.

Other summer courses offered include one that is much in demand in the summer and is a required course for graduation — government.

Other courses offered this summer include algebra I and II, English I, II and III and homemaking, II, and III.

There are 27 teachers employed at the high school for summer school, 15 of whom are teaching driving.

These are usually regular teachers in other subjects who have taken instructors course in driver education.

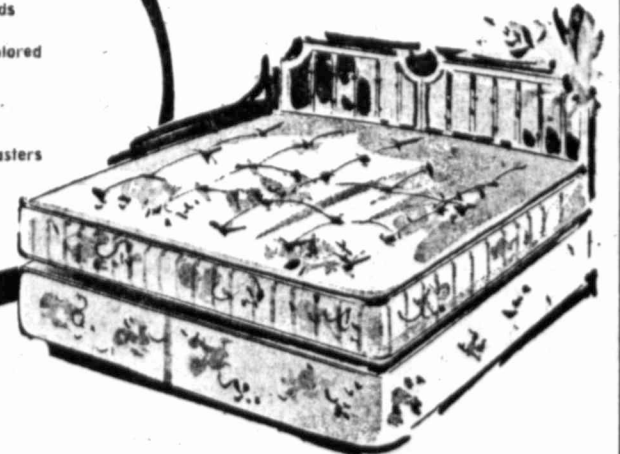

Summer school will have one holiday — Wednesday for the Fourth of July. Regular summer school will be completed on July 28. Since school starts in the middle of August, those summer school students have a very short vacation. It will be about the length of the Christmas holidays.

IT'S OUR BONUS DAY SALE!
