

FLYING ACE — Captain Eddie Rickenbacker is shown in Big Spring back in 1932 when he helped fly in the first American Airlines plane carrying airmail. With him are C. R. Smith and LaMatte Cohn, president of the Airlines. Among the Big Spring American Legion drum and bugle corps were Fred Drew, J. Y. Robb and Red Bigony.

Rickenbacker Co-Piloted First Mail Plane Here

By MARJ CARPENTER
Eddie Rickenbacker, America's outstanding fighter ace of World War I and builder of Eastern Airlines, came to Big Spring June 15, 1932, on the occasion when the first night airmail was flown into the Big Spring Airport.

The airlines, and other dignitaries. Pilot of that plane was a man named Ira McConaughy, a name nobody remembers but is still in the records at Bradshaw studios here.

Carl S. Blomsheld of Texas Electric gave the welcoming address. The American Legion Drum and Bugle Corp furnished music for the occasion.

ON LADDER
A representative of Bradshaw studios stood up on a ladder and took a memorable picture of the entire occasion.

MISHAPS

Relative Of Local Man Was With Rickenbacker

A relative of three local men was stranded on rafts in the South Pacific during World War II with Capt. Eddie Rickenbacker, the World War I flying ace who died Monday.

Cub Pack Formed Here Recently

Midland Boy Scout executives Jim Armstrong and Ron Snyder, of the Buffalo Trail Council, recently met with parents of Big Spring and formed the North Birdwell Cub Scout Pack 63, Den One.

Money To Study Insect Brains

WASHINGTON (AP) — The Agriculture Department has approved a \$10,000 grant to scientists at North Dakota State University, Fargo, for a two-year study of insect brains.

New Planting Rules Elate HC Farmers

The Howard County office of Agriculture Stabilization Conservation Service received a notice regarding the 1974 agriculture program which does away with the conserving base and skip row requirements on production of feed grains, soybeans, wheat and cotton.

The announcement says, "In order to assure adequate supplies for domestic and export markets, the Secretary has announced that there will be no government set-aside of land for 1974. The effect of this announcement will be to free farmers to go all-out to produce feed grains, soybeans, wheat and cotton. This announcement will also permit farmers to begin making plans for 1974 crops."

The ASCS office claims that the effect of this announcement will not be completely clear until the 1974 program is also received in the late fall. However, it is already clear that beginning in 1974, the maintenance of an established conserving base will not be required as a condition of eligibility to receive price support of program payments.

Those who have CCP or CAP agreement which are not terminated will not be eligible but they will have the opportunity to terminate such agreements.

Finance officers of financial institutions which back area farmers are not yet sure what impact this ruling will have on the amount of cotton produced locally.

'LESS LIKE A POST OFFICE' — Summer workers with the county paint trim around the Howard County Public Library. Here, Mark Callahan (left) and Terry Carter dress up a parking space. The idea, Librarian Larry Justiss says, is to "make it look less like a post office." Howard County's library is housed in the old post office building.

Bombing Of Cambodia Ruled Unconstitutional

NEW YORK (AP) — The federal government has filed a notice of appeal to overturn a court decision that calls the U.S. bombing of Cambodia unconstitutional and orders it halted.

American lives can be risked on the basis for the decision, Judd said the question was not the one put by the government, "but whether Congress has authorized bombing in Cambodia after the withdrawal of American troops from Vietnam and the release of prisoners of war."

The Congressional action before and after the beginning of hostilities in Cambodia does not include authorization to bomb Cambodia in order to achieve a Cambodian cease-fire or even to protect the Vietnam cease-fire as urged by the defendants.

Hours after the ruling was announced Wednesday, U.S. Atty. Robert A. Morse said appeal papers were being prepared and that he would seek a stay of the order that takes effect Friday. He said the case would be carried to the Supreme Court if necessary.

The permanent injunction against bombing and other military activities in Cambodia was issued by U.S. Dist. Court Judge Orrin G. Judd in a suit brought by Rep. Elizabeth Holtzman, D-N.Y., and three Air Force fliers.

In his 36-page memorandum on the basis for the decision, Judd said the question was not the one put by the government, "but whether Congress has authorized bombing in Cambodia after the withdrawal of American troops from Vietnam and the release of prisoners of war."

The right to plant skip-row cotton was originally restored to cotton and grain farmers back in 1961 under then Secretary of Agriculture Orville Freeman.

The lawyer, Burt Neuborne, cited the case of Air Force Capt. Donald E. Dawson, who is under charges for refusing to fly bombing missions over Cambodia on June 19 and 20.

Of an estimated 400 young people looking for a job this summer in Big Spring, about half have been placed, Ellis Britton, office manager of the local Texas Employment Commission, said.

Col-Tex Equipment Will Shortly Go Up For Sale

Once-busy vessels, pumps, heat exchangers, boilers and assorted other equipment pertinent to a refinery will soon be put up for sale at the old Col-Tex Refinery. Parks-Davis Auctioneers will conduct an auction on the site at 10 a.m., Aug. 22.

changed the name to Col-Tex Refining Co. Some additions were made through the years; for instance, a thermal cracker and a vacuum asphalt still were installed in 1929, and daily throughput rose to 10,000-12,000 barrels.

Everything is slated to go on the block with the exception of the acreage itself and the tank farm, which is located on top of the hill at the refinery, just west of Colorado City. It is being stipulated that buyers must have removed all their purchases from the premises within six months after their purchase.

Plans for its ultimate shutdown were announced in September 1967. A multi-million dollar expansion and modernization program was carried out at Big Spring Refinery during 1968, in preparation for the closing of Col-Tex. The Col-Tex personnel were absorbed here. On Jan. 28, 1969, the Colorado City refinery was officially closed.

MAN'S BEST FRIEND — A Myna bird keeps a government soldier company during an operation off Route 13 north of Saigon recently. On his helmet, next to a peace sign, he has written "I detest my lover for abandoning me for another" — a universal problem of the soldier gone off to war.

Blacks Starting To Close Pay Gap

WASHINGTON (AP) — The Census Bureau says black Americans have shown progress in some areas, notably education where twice as many attend college today than five years ago, but that they lag behind whites in most social and economic areas.

The report issued here said that about 727,000 blacks enrolled in college in 1972, double that of 1967. The number of whites enrolled last year was 7.4 million.

FAMILY INCOME

The median family income for blacks in 1972 was \$6,900, compared with \$11,500 for whites — the same disparity as in 1967, the report said.

There also was evidence that the number of poor blacks increased last year, while that of poor whites decreased.

About 33 per cent of the black population, 7.7 million, were said to have been below the 1972 poverty level, compared with 9 per cent, 16.2 million, of the white population.

In addition, the jobless rate for blacks and other nonwhites was 10 per cent, the same as in 1971, compared with a drop from 5.4 to 5 per cent for whites, the report said.

Pointing to their progress in education, the report said that about 18 per cent of all blacks between 18 and 24 were in college, up from 13 per cent in 1967.

And there was a decline in

the high school dropout rate for blacks between 14 and 24 — from 23.9 per cent to 17.8 over the five-year period. The 1972 white dropout rate was 10.7 per cent.

ELECTIVE OFFICES

In addition, black high school graduates between 20 and 29 jumped sharply — from 52 per cent to 65 per cent over the same period, the report said.

Significant gains also were noted in the number of blacks holding elective office — 2,600 in 1972, twice the number as in 1968.

Also the proportion of nonwhites earning more than \$10,000 increased from 22 per cent in 1966 to 30 per cent in 1971, the bureau reported.

The proportion of white families earning more than \$10,000 was 54 per cent but blacks made income gains in some northern and western states, and in some categories exceeded that of whites. Young black families where the husband was under 35 and both husband and wife worked had a median income of \$11,900, compared with \$11,206 for white families in the same situation, the survey showed.

The black population in 1972 was 23.4 million, up 1.8 million since 1967. The survey was based on 1970 census data and information from governmental and private agencies, the bureau said.

The bidding:
South West North East
1NT Pass 2NT Pass
3NT Pass Pass Pass
Opening lead: King of ♠

A careful study of the spot cards in his long suit would have revealed to declarer that he needed to execute a neat unblocking play to make his game.

North-South reached three no trump in impeccable fashion. After his partner had opened the bidding with one no trump, North made an invitational raise on his 8 high card points. South, with an absolute maximum, was delighted to accept the invitation.

West led the king of diamonds, immediately attacking the entry to dummy's suit. However, with nine cards in clubs, declarer seemed unconcerned. As a matter of formality, he ducked the first two rounds of diamonds and won the

third. He cashed the ace and queen of clubs, West discarding the eight of spades. Declarer overtook the nine of clubs with the king, and then found to his dismay that he had to win the fourth club in his hand. There was no entry to dummy to enjoy his long club, and eight tricks proved to be the limit of the hand.

Had clubs divided 2-2, declarer would have had no problem. However, he should have realized that the club suit might be blocked and enlisted the aid of the defenders to free the suit.

The defenders had no option but to attack dummy's ace of diamonds, for that was the entry to the club suit. All declarer had to do to assure the contract was to duck the third round of diamonds as well!

The defenders would be left without resource. If West continues with a fourth round of diamonds, declarer wins in dummy and discards a club from his hand. Having eliminated the blocking card, he can now take five club tricks.

It would not avail the defenders to shift their attack. For example, if West plays a heart after taking three diamonds, declarer wins and cashes the ace-queen of clubs. Dummy is entered with the king of clubs and the ace of diamonds is cashed so that declarer can unblock the seven of clubs, again freeing dummy's two clubs.

Book Sale Begins Friday In Basement Of Library

July is traditionally "sale month" — a bargain-hunter's delight — and this week book-lovers are getting a break.

Friends of the Library, a small but dedicated group of volunteers who work to improve the Howard County Library and encourage interest in reading, invites the public to a bargain used book sale Friday, and Saturday, 10 a.m. to 6 p.m. in the basement of the library.

The sale books, occupying four rooms, include a good selection of current novels, paperbacks, classics, textbooks, reference books, religious books, children's books and collectors' items.

The basic price is 25 cents per inch, figured on the height of a stack of books.

A few items are priced differently, such as sets of encyclopedias, and one group of books is free for the taking. All proceeds will benefit the local library through projects undertaken by the Friends.

Many of the books are those which were removed from the library shelves when newer editions were obtained, and some have been donated from a number of private libraries or from other sources. A large number of the paperbacks are new.

Anyone still having books to donate to the sale is requested to bring the books to the library.

There is still a lot of long, hot summer ahead, and the Friends suggest you use it well to catch up on your reading.

The Friends volunteers will be assisted at the sale by Larry Justiss, librarian, and other library employees.

BOOK BARGAINS — Hundreds of used books will go on sale Friday at 10 a.m. in the basement of Howard County Library. The sale, sponsored by Friends of the Library, will be held two days, Friday and Saturday from 10 a.m. to 6 p.m. Shown sorting the books are three library workers, Barbara Coates, left, Milton Perkins and Mrs. Priscilla Strom.

Secretaries Explore Advantages

Benefits of belonging to National Secretaries Association and of obtaining a Certified Professional Secretary's certificate were explored Monday by two members of the local NSA chapter. The group met in the home of Mrs. J. L. Ryals, 800 Birdwell.

Mrs. Judy Lowe said she joined NSA for the opportunity to share common problems and interests with other secretaries. "I appreciate the ability to help provide scholarships for future secretaries," she said, "and my association with the group has helped me gain self confidence."

Mrs. China Long said attaining a CPS certificate was a challenge toward self improvement. Noting that the demand for CPS's is great, she said most certified secretaries are the "right hand to their boss."

She explained that the examination for earning a CPS includes psychology, communication and decision making, business law, accounting, economics and office procedures.

Guests at the dinner meeting were Mrs. James Solomon, Mrs. John Staup, Mrs. Dan Fuchs and Mrs. Ruth Edmondson. The next meeting will be at 7 p.m. Aug. 27 at Coker's Restaurant.

'Junior College Must Fill Community Need'

"Community colleges are designed to supply the educational needs of a community," said Dr. Thomas Salter, president of Howard County Junior College and guest speaker Tuesday for Business and Professional Women's Club.

"Different communities in various parts of the country require different curriculum," said Dr. Salter, "particularly, in vocational training activities. In filling the needs of a community, a college must have enough resiliency to change to accommodate the needs."

Dr. Salter said that 10 years ago, one of every four college students attended junior college whereas, today, the average is more than half. He said HCJC is part of the Texas System of Junior Colleges, one of the largest in the nation.

"Junior colleges are open-door institutions," said Dr. Salter. "They are open to all citizens desiring to take courses for credit or non-credit. Due to the diversity of the curriculum, the students need expert counselors and counseling."

In general, Dr. Salter said HCJC offers three areas of study. In addition to general arts courses, the school offers about 20 occupational education courses designed to teach trades and about 65 continuing education courses, available on a non-credit basis for adults. These courses are organized according to public demand.

and include everything from "powder-puff" mechanics to bridge to sewing. Dr. Salter said about 1,100 people enrolled in CE courses during the 1972-73 school year.

Dr. Salter said community colleges are supported in part by taxpayers, and that

Gifts Presented At Baby Shower

Mrs. Michael Anderson was honored at a baby shower Monday in the home of Mrs. David Joyce, 1510 Scurry, with Mrs. Jeffery Williams as cohostess.

The refreshment table was centered with a stork figurine and highlighted with an umbrella cake decorated in pink, blue and yellow. The honoree was presented a corsage made of small baby items.

Guests included the honoree's mother-in-law, Mrs. Charles R. Anderson, and daughters, Patty, Jeannie and Oki, all of Tacoma, Wash.

At HCJC, Dr. Salter said minority groups and their needs are always considered, and that the administration tries to employ staff and faculty members from minority groups.

Dr. Salter was introduced by Mrs. Bert Affleck, program chairman. Mrs. Thomas Salter was a guest. New members introduced were Mrs. Ruby Bruns and Mrs. Ernest W. Smith.

Miss Helen Willard presided, and fund-raising projects were discussed. The group will meet for a salad buffet at 7 p.m., Aug. 14, at the home of Mrs. A. G. Eitzen, 2601 Carol.

Daughter Born To M. Andersons

Airman I.C. and Mrs. Michael Anderson, 1509 Scurry, announce the birth of a daughter, Valerie Lucille, at 1:36 p.m., July 24, at Medical Center Memorial Hospital. The infant weighed 7 pounds, 1 1/4 ounces. Paternal grandparents are Mr. and Mrs. Charles R. Anderson, Tacoma, Wash., and maternal grandparents are Mrs. Donna Parish, and Billy Childress, both of Spokane, Wash. Maternal great-grandparents are Mr. and Mrs. Robert Caruss, Spokane, Wash.

Subtle Make-Up Aids Features

People should notice an attractive face — not your make-up. With a little practice, make-up will enhance your features. But it has to be subtle in application and consistent with your natural coloring.

Community Game Night Draws Forsan Families

FORSAN (SC) — The Forsan Community Game Night, which is held the third Thursday of each month, featured a pot luck supper with 16 persons attending. Entertainment included dominoes and other table games.

Wesley Overton, son of Mr. and Mrs. J. L. Overton, underwent surgery last week at Cowper Clinic and Hospital, Big Spring.

The J. M. Craigs attended the Scurry County reunion at Stanton Saturday.

Guests of the L. T. Shoult's were their son, Jackie T. Shoult's, and his family and a daughter and her family, the Mac Alexanders of Midland.

Mrs. Frank Hess and son, Leonard, of San Angelo were recent guests of her parents Mr. and Mrs. L. W. Willis.

Mr. and Mrs. Harold Cox, Ardmore, Okla., have returned home after visiting the J. B. Andersons.

He's Too Busy

Dear Abby

Abigail Van Buren

DEAR ABBY: My mother used to say, "the shoemaker's children always go barefoot." Now I know what she meant.

My husband is a doctor, but he is too busy to take care of his own family. I've begged him to spend a little time with our son so they can build a good father-son relationship, but he's too busy. If it's not his patients, it's his hospital meetings, medical conventions or the American Medical Association.

I have complained of feeling nervous and tired for over a year now, but do I get any comfort from my husband? Not on your life. He tells me to take two aspirin and get some rest. (How can I "rest" when I have to be both mother and father to three children?) Meanwhile, he spends hours listening to other women's complaints, and they tell me how "lucky" I am to be married to such a wonderful, sympathetic, understanding man!

I have considered calling his office and scheduling an appointment with him under an assumed name just so I can talk to him for half an hour. Better yet, print this, it might help.

He reads "Dear Abby" every day, but he never has time for me.

THE DOCTOR'S WIFE.
DEAR WIFE: I hope your husband has time for ME today, or we're both out of luck.

DEAR ABBY: After our child started pre-kindergarten, his teacher said Dickie was a terrible discipline problem — he ignored her when she spoke to him, talked while the other children were talking, and she even suspected him of being retarded, or emotionally disturbed.

We took Dickie to a pediatrician who recommended that we have his hearing tested. And would you believe this child had a serious hearing problem! We never knew it until then. We have now learned that the earlier parents are aware of a child's hearing loss, the better his chances are of responding to treatment, and/or learning to cope with his disability.

Abby, please let other parents know of our experience. I am sorry we didn't find out sooner.

DICKIE'S MOTHER
DEAR MOTHER: I'm

glad you wrote. Hearing loss is THE most common physical disability in the United States. For a free booklet, write to HEARING ALERT, WASHINGTON, D. C. 20007, it alerts parents to the possibility of a hearing loss in young children, and offers guidelines including what to look for, what to expect, and where to go for help.

DEAR ABBY: Your column about those rude people who sit in a restaurant, reading while others are waiting for a table was mailed to me — anonymously.

Yes, I read in restaurants while dining alone. What else is there to do while I wait to order? Or wait to be served? Or wait for my check?

I suppose I could ogle the other diners, but that's rude. Or I could watch the waitresses. But that's rude, too. The other alternative is to stare into empty space, which is a waste of time. So I read. But I never tie up a table any longer than is necessary. I think anonymous letters are cowardly, so I'm signing my name. LIKES TO READ

DEAR LIKES: I agree, anonymous letters ARE cowardly, but there are obviously cowards aplenty because many others wrote to say they had also received that column in the mail, anonymously. Now, all you lone reader-diners will have the last word for dessert. And as long as you don't tie up a table while others are waiting, bon appetite!

CONFIDENTIAL TO "WORRIED ALL THE TIME IN VICTORIA, TEX.": If you are never sure where he was last night, have absolutely nothing to do with him tonight — or any other night!

BIG SPRING HERALD

SEC. B BIG SPRING, TEXAS, THURSDAY, JULY 1973 SEC. B

MRS. ROBERT VON ROSENBERG

Homemaking Talents Benefit Students In Her Classroom

By BARBARA LORDE
For five years, Mrs. Robert (Sue) von Rosenberg has been teaching women (and a few men) how to be better homemakers. She teaches Home and Family Life class for the Texas Rehabilitation Commission at Big Spring State Hospital.

"Primarily, the course is designed to help patients adjust to family life once they are dismissed," said Mrs. von Rosenberg. "My classes stress sewing, personal grooming and basic homemaking other than cooking."

Although she doesn't teach cooking, it remains one of Mrs. von Rosenberg's favorite aspects of family life, and her family cooperates with her experiments in the kitchen.

Von Rosenberg is director of the drug and alcohol abuse department at the state hospital. The couple has three children, Robin, 12, Charlie, 8, and David 6.

"My family is easy to get along with," said Mrs. von Rosenberg. "I try new recipes often. Occasionally, the kids show they aren't too crazy about some of the things I come up with, but, for the most part, they don't complain."

FOLLOWS RECIPES
Most of Mrs. von Rosenberg's recipes are collected from friends, newspapers and magazines. Most of the time she can tell by reading it whether or not she will like it, and she is a strict follower of recipes.

"If something turns out real good, I want to know what I did so I can make it again," said Mrs. von Rosenberg. "It's nice to be able to improvise, but unless you stop to write down what you change, it won't do you any good the next time."

Neither does she believe in freezing foods, but she does admit it would be nice to have something ready

ahead of time on occasion. "Bob just thinks anything that's been frozen tastes like leftovers," she said.

Mrs. von Rosenberg learned the basics of cooking from her mother and father, whom she says are both very good cooks. Her father prepares homemade bread and desserts for the family, but Mrs. von Rosenberg said her husband's help with the cooking is limited to manning the charcoal grill when steaks or hamburgers are on it.

Although she enjoys cooking, Mrs. von Rosenberg said she is not as organized as she would like to be. "I go to the supermarket once a week," she said, "and before the week is up, I always have to stop and pick up a few more things. My menus aren't planned. I just fix what I feel like fixing that day. I'm sure I spend too much on groceries."

ACTIVITIES
The von Rosenbergs have lived in Big Spring three separate times, first coming here in 1961. They are both originally from Austin. She attended Southwest Texas State College, San Marcos, and he received his master's degree in psychology from the University of Texas, Austin. Since her classes at the hospital go from 8:30-11:30 a.m. each day, Mrs. von Rosenberg spends her afternoons on a variety of activities. She has started

RECOMMENDED RECIPES Mrs. von Rosenberg

PECAN PIE
4 eggs
1 box (1 lb.) light brown sugar
1/2 stick butter, melted
1 tsp. lemon juice
1 tsp. vanilla
1 1/2 cups pecan halves*
2 unbaked pie shells (8-inch)

Stir all ingredients together and pour into unbaked pie shells. Bake at 350 degrees for 40 to 45 minutes.

BEEF KABOBS
Marinade:
1 cup salad oil
3/4 cup soy sauce
1/2 cup lemon juice
1/4 cup Worcestershire sauce
1/4 cup prepared mustard
1 to 2 tps. pepper, coarsely cracked
2 garlic cloves, minced
Combine all ingredients and mix well.

3 lbs. sirloin steak
Mushroom caps
Bell peppers, sectioned
Small onions, sectioned
Zucchini

Cut meat into 1 1/2-inch cubes, and marinate in refrigerator for 24 to 36 hours, turning occasionally. Alternate meat on skewers with other kabob tidbits, and broil over hot coals. Brush occasionally with melted margarine or remaining marinade. Turn skewers often. Serve with rice. Serves 6 to 8.

Note:
Place small salad tomatoes in aluminum pie pan, pour some marinade over them, and cook on grill with kabobs. If put on

skewers, they will fall through grill.

SHRIMP CREOLE
1 lb. frozen cleaned shrimp
1/2 cup shortening
1/4 cup flour
1 cup hot water
1/2 cup green onion & tops, chopped
4 garlic cloves, finely chopped
1/2 cup parsley, chopped
1/2 cup bell pepper, chopped
1 1/2 tps. salt
2 bay leaves
1/2 tsp. crushed whole thyme
Dash cayenne pepper
1 can (8 oz.) tomato sauce
1 lemon slice
6 cups cooked rice

Thaw shrimp, and cut large shrimp in half. Melt shortening, blend in flour and brown, stirring constantly. Add water gradually, and cook until thick, stirring constantly. Add remaining ingredients, except rice. Cover and simmer 20 minutes. Remove bay leaves. Serve over rice. Serves 6.

ICE CREAM
6 eggs
2 cups sugar
1 pt. whipping cream
1/2 gal. milk
2 tps. vanilla
Beat eggs with sugar until light in color. Heat milk, but do not let boil. Slowly add about 3 cups hot milk to eggs, stirring constantly. Add egg and milk mixture to remaining hot milk, and cook until custard coats metal spoon. Cool, and add vanilla and whipping cream. Makes one gallon. Freeze.

Variation:
Favorite fruit may be added just before freezing, but omit vanilla if fruit is used.

End Meal With Easy Parfaits

Parfait comes from the French word meaning perfect. With the American parfaits, the sky's the limit on combinations — flavor as well as eye-appeal. With semi-sweet chocolate morsels, here is an easy sauce to have as a layer with vanilla flavored pudding topped with fresh sliced strawberries. The easy-to-make chocolate sauce is excellent with ice cream or fresh fruit.

EASY CHOCOLATE SAUCE
1 14-oz. can (1 1/2 cups) sweetened condensed milk
1/4 cup butter
1/4 tsp. salt
1 6-oz. pkg. (1 cup) semi-sweet chocolate morsels
1 tsp. vanilla extract
1/4 cup water
In small saucepan combine sweetened condensed milk, butter and salt. Bring to a boil; boil 1 minute stirring constantly. Add chocolate morsels and

ANOTHER REFRESHING PARFAIT
Cool off on hot days

vanilla extract; stir until morsels melt and mixture is smooth. Gradually stir in water. In parfait or dessert glasses alternate ice cream, pudding or fresh fruit with the chocolate sauce to form layers. Makes 2 cups sauce.

Blueberries Are Refreshing Treat

"Halesome and awful good" is the way an old Scot book describes blueberries. Wholesome they are, and awfully good, too, in famous American treats such as Blueberry Pie, Blueberry Muffins, Blueberry Pancakes with matching Blueberry Syrup, and a big dishful of fresh blueberries served icy cold with cream. Incidentally, when you are having guests this summer, it helps to know that one quart of blueberries makes about nine 1/2-cup servings. If you're on the committee for a church social, 11 quarts of blueberries serves 100.

Cartwheel Cookies Go With Any Meal

Whether it's a tailgate picnic, an over night camping trip or just a simple outing, delicious tasting jumbo cartwheels chock-full of semi-sweet chocolate morsels are a must. Easy to make, the jumbo cartwheels go well with fruit and instant ice tea. Here is the recipe.

JUMBO CARTWHEELS
2 cups flour
2 tps. baking powder
1 tsp. salt
3/4 tsp. baking soda
1 cup butter, softened
2 cups firmly-packed brown sugar
2 eggs
1 tps. water
1 1/2 tps. grated orange rind

1 1/2 cups granola (oatmeal type cereal)
1/2 cup chopped nuts
1 6-oz. pkg. (1 cup) semi-sweet chocolate morsels
Preheat oven to 375 degrees. In bowl combine flour, baking powder, salt and baking soda; set aside. In large bowl combine butter and brown sugar; beat until creamy. Add eggs and beat well. Blend in water and orange rind. Add flour mixture; mix well. Stir in granola, chopped nuts, chocolate morsels. Drop by rounded tablespoonsfuls, 3 inches apart, on lightly greased cookie sheets. Bake at 375 degrees for about 12 minutes. Makes 3 dozen cookies.

She's Frightened

Jean Adams

TEEN FORUM

FEAR: (Q.) Jim and I have been going out for a year. I really like him a lot and we have a lot of fun times together.

About three months ago, however, he started smoking pot, and now I have heard he is selling it.

How does a girl tell the boy she loves that she is scared for him? I can tell him almost anything, but how can I tell him he is going to get into trouble?

I can't just leave him because of this, but I do want him to know how I feel. — Scared in Texas.

(A.) Your fear is justified. Law-enforcement officers may go easy on a boy who smokes marijuana now and then, but not on a boy who is selling it.

First face Jim with the question of whether he is really selling it. If he is, tell him as you have told me that you are

afraid for him. Ask him to stop. If he keeps on, seriously consider leaving him, because as his regular girl friend, you will be in danger of being mistaken for an accomplice. And, unless you take firm measures, you may even become his accomplice.

Just as you can talk to him, you can also leave him, if necessary.

BIG BUST: (Q.) There aren't any girls in my neighborhood. While school is out, I have to hang around with my brother and his friends. They are about 13. I am 15 and have a big bust.

My brother has started telling his friends how big it is. It's really just a 36, but he gives them all sorts of wild figures, up to 52 inches. They make jokes about it and laugh at me. Please help me. — Embarrassed in Oklahoma.

(A.) Every girl wants a pretty pair of breasts. It is evident that you have in good measure what every girl wants.

Your brother's exaggeration is probably admiration in disguise. Look at it in this light, and comfort yourself in seeing that in poking fun at you he is really applauding you.

When you face it in this positive spirit and quit being bugged about it, he and his friends will recognize that you are a real good guy and switch to some other subject.

FLAT AFRO: (Q.) My afro looks great right after I wash it, and I am very proud of it. But when I get up next morning it's all flattened out and looks a mess. Do you have a remedy? — Discouraged in New Jersey.

(A.) Many boys with afros find that they have to be combed out quite frequently to keep their round shape. Others find that their hair is just not the right texture for afro styling.

Go to a good male stylist and ask his advice about your hair. If he advises some other cut, listen to him. It would be foolish to try to keep a style for which your hair is not suited.

Twins Buck Giant Odds

DALLAS (AP) — Twins who traveled with their parents from Arkansas to Texas in covered wagons in 1885 celebrated their 90th birthdays here Wednesday.

Statisticians have figured that the chances of twins both reaching that birthday are about one in 25,000. But Ray H. Clem and twin sister Mrs. Mae Sherard have bucked the odds. "Our great-grandmother, Mae, lived to be about 90," said Clem. "That's the only person we know who lived in the days of George Washington. She was born the year before he died."

The twins were next to the youngest in a family of five girls and 10 boys. Two other sets of twins were born in the family; however, they died very young.

Mrs. Sherard has not been feeling chipper lately, but Clem is as sharp a 90-year-old as can be found.

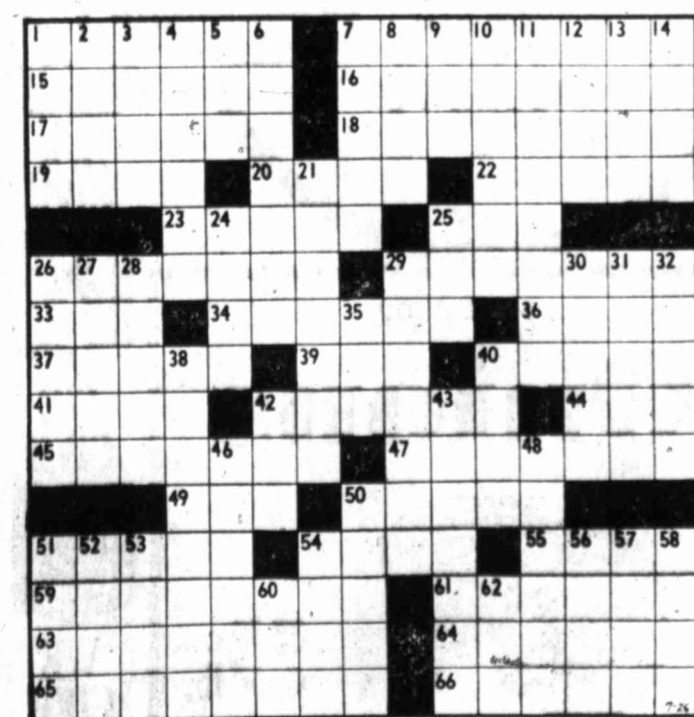

He can name all 254 Texas counties—either geographically or alphabetically.

About 200 blood relatives were expected for the twins' birthday party today. Among them were Clem's wife of 67 years. Mrs. Sherard has been a widow since 1929.

Burleson Urged Bracero Program Nine Years Ago

(On Jan. 31, 1973, Cong. Omer Burleson introduced legislation to restore the bracero program, which he said would cure the "backlog" situation and save millions in enforcement efforts. In addition to other benefits, all any rate, here is a column he wrote Aug. 12, 1965...)

WASHINGTON, D. C. — In 1961 an agreement between the United States and Mexico provided for what is commonly known as the Bracero Program. The purpose was to regulate the movement of Mexican farm workers into the United States in the summer and fall. Large numbers of such workers were admitted for a period of six to 12 weeks, paid wages equal to those of Americans, and returned to their homes below the border. Many workers returned year after year to the same employers, and it was mutually profitable.

Under pressure from large labor unions, some church groups and reformers, the arrangement ended Jan. 1, 1965. These forces argued that it caused unemployment in this country and that it hampered efforts to unionize farm labor. The result is that at this very moment there are unharvested crops rotting in the fields of California. The flow of money from the West to the East, and even abroad, has been drastically reduced.

The fact is, there are fewer and fewer United States Nationals who are willing to perform "stoop labor." Anyone who has ever picked cotton will know it is not the easiest job in the world to pick berries or cut asparagus and celery. It is obviously not a matter of their willingness to work.

With all the federal help programs and local relief, the incentive is just not there. As developed in hearings in California, out of more than 8,000 able bodied people receiving public assistance in the City of Los Angeles, 225 accepted jobs. At the end of 10 days, there were less than 30 working.

The federal government attempted to supply the need for workers by recruiting high school students called A-Teams. But the boys, athletes back home, found the work too hard and the sun too hot, and the teams melted away. Of 300 Indians transported from the

Dakotas at a cost of \$6,400 to the vegetable fields near Salinas, Calif., all but 20 vanished in a few days.

THIS SITUATION concerns more than just the fruit and vegetable growers of California. It concerns cotton growers, sheep and goat raisers, ranch-ture everywhere. Furthermore, it concerns the housewife who is going to pay more for food.

WASHINGTON (AP) — Despite indications that the gasoline shortage is easing, an oil industry economist has warned of a possible heating oil pinch in the winter.

Dr. James S. Cross of Sun Oil Co. said the gasoline shortage eliminated the reserves the oil industry had built up to deal with the heating oil requirements.

"If this winter is any more severe than last, there will be a more serious problem," Cross said.

The mild winter last year left the industry with a 18-million-barrel reserve, he said, but the head start was lost when refiners had to concentrate on gasoline production to meet summer needs.

Meanwhile, a national survey by the American Automobile Association showed larger gasoline supplies were available for the third consecutive week.

Of 4,053 gasoline stations polled, 48 per cent were operating normally — selling gasoline full time and allowing motorists to have their tanks filled. Last week, 47 per cent were operating normally.

The AAA said many gasoline station owners have taken advantage of the shortage to reduce their operating hours, eliminating less profitable operating times while selling as much gasoline as normal.

The survey also found that the number of gasoline stations limiting the amount of fuel a motorist can buy dropped to 7.5 per cent from 9 per cent a week ago.

CLUTTER — If the city's drive is to clear the streets and vacant lots of abandoned cars, it hasn't reached as far as the west end of town. This and comparable sights await passers-by in the 700 block of Creighton Street. Some of the residents of that area lament they've tried to get the city to remove the vehicle, without success.

Webb NCO Sent To DRRP Post

T. Sgt. Dennis Lowe, of the Webb AFB Social Actions Staff, has been selected to become an instructor at the Defense Race Relations Institute (DRRI) located at Patrick AFB, Fla.

The institute trains students in two fields of social actions, one being behavioral science which deals with the way people act and do things; and the other being minority studies, which deals with problems of racial and ethnic groups.

T. Sgt. Lowe was the only individual picked from the Air Force for this position, and was selected because of his background in the social actions field.

As Noncommissioned Officer in Charge of Social Actions at Webb AFB, he taught human relations for two years, and was the first member of the local social actions staff to attend the DRRI. His new duties will be in the minority studies field and will consist of class and field teaching work and research.

HE'S APE ABOUT SHOWERS — Kongo, Central Park's resident male gorilla, cools it with a shower on a sunny, mid-80-degree day in New York.

Walls' Eyes New Products

The 71 sewing machine operators at Walls Industries, Big Spring's newest manufacturing firm, are now turning out 500 heavy-weight work coveralls a day, according to Don Finnell, plant manager.

Finnell said the plant will begin producing a new line of boys' denim jumpsuits for Sears and Roebuck as soon as new machines now on order are delivered. Thirteen new operators will be needed to turn out some 25 of the jumpsuits per day.

Another line which the firm will begin producing when equipment arrives is a short-sleeve men's work overalls. Finnell said he hopes the equipment will be in by the end of the year.

Finnell said Walls overcame its early problem of high employee turnover when it moved into its new northside plant facilities. Before the move when the operation was based at Howard County Junior College, 65 employees were hired and then quit.

Since moving to the new location, only 12 employees have quit, Finnell intimated. "We are very proud of the way our turnover dropped," he said.

The firm is still cooperating with the college in an employee training program in which five operators begin training in garment-sewing each week.

Scouts Leave Here Friday

Sixteen Boy Scouts and two scoutmasters will leave Friday for a Boy Scout Jamboree in Ferragut State Park in northern Idaho. The Jamboree is Aug. 1-7.

The boys are from Troop 5 sponsored by First Baptist Church and led by Bill Bradford and Curtis Strong. The boys will travel by church bus.

Going on the trip are George Gillespie, Bryan Jones, Bane Green, John Wrinkle, Rob Wrinkle, Raymond Torp, Scott English, Mark Jones, Mark Taylor, Mark McBride, Tim Hunicutt, Sam Hunicutt, George Sheldon, Larry Wheat, Jackie Young and Craig Chiadetta.

About 30,000 boys are expected at the Idaho park and 40,000 boys are expected at another park in Pennsylvania.

From Big Spring the troop will go to Kirtland AFB in Albuquerque, N.M., spend the night, and then go to Green River State Park in Green River, Utah, the next day.

They will sightsee in Clearfield, Utah and eat their meals at Hill AFB while in the area. From there they will go to New Meadows, Idaho and spend the night in a private resort lodge then enter Ferragut Park the next day.

The boys will return by way of Butte Montana, Casper Wyoming and Trinidad, Colorado. They will stay at churches in those areas.

Boy Scouts from all over the world will attend the Jamboree.

Theft Victim Is Less Than Happy

A little boy living at 1500 Stadium is less than happy. Somebody stole his 24 inch boy's bicycle. They left another bicycle in its place, but it was a girl's model. The girl's model was turned over to city police.

West Texans Undergoing Camp LeJeune Training

CAMP LEJEUNE, N.C. — 45 caliber semiautomatic pistol as part of their annual requalification. While many West Texans spend much of July on vacation, others will be training as a part of the Marine Corps Reserve. Headquarters and Service Company, 4th Motor Transport Battalion, is undergoing two weeks Annual Training Duty in water survival, rifle requalification and field problems. In water survival training, the West Texas reservist learns how to float on the water and how to make floating devices out of his clothing. "I thought the water survival training was a real test of a man's determination and ability to keep 'cool' in the water for an extended period of time," commented the H&S Co. Medical Corpsman, John L. Howard (Lubbock). Weapon firing is another phase of the training that the Citizen Marine undertakes while in Annual Training Duty. The West Texas Marines will fire "Ready" Marine Corps Reserve the M-16 rifle and the military team.

WATER LOGGED—Lance Cpl. Ronnie W. Ward (Big Spring) maintains correct form in water survival training classes during U.S. Marine Corps Annual Training Duty at Camp Lejeune, N.C.

Homestead Law Stated

AUSTIN (AP) — A married couple cannot be compelled to make good on a contract to sell their home, the 3rd Court of Appeals ruled Wednesday. In effect, the court said, the couple can change its mind, and there is nothing the buyer can do about it. Tom T. Allen sued Gordon and Earline Monk in 1972 for performance on a contract under which the Monks agreed to sell him their home in an Austin subdivision. Allen contended that such a contract, signed by both husband and wife, was legally enforceable, despite the fact that the property was their homestead. He said that because of the repeal of an 1885 law requiring the wife's separate consent to sale of a homestead, enforcement of a contract to sell a couple's house was no longer prohibited. But both the trial court and the appeals court disagreed.

Must Disclose Contributors

WASHINGTON (AP) — A federal judge has ordered President Nixon's campaign fund raisers to disclose within 60 days a list of secret contributors to the 1972 campaign. John Gardner, chairman of the citizens group Common Cause, hailed Tuesday's order, saying as a result "the public will have a much clearer picture of the secret finances of the Nixon re-election campaign." Common Cause filed the suit last September to force disclosure of names of individuals it said contributed \$23 million before a disclosure requirement took effect April 7, 1972. U.S. District Court Judge Joseph C. Waddy said he would withhold final disposition of the suit against the campaign finance committee until the list is filed with the clerk of the House of Representatives. The names of contributors will become public then. The finance committee asked the judge last month for 90 days to compile the list, and to dismiss the Common Cause suit. Common Cause opposed that motion on the ground that dismissal of its suit before it could examine the list would deprive it of any recourse if it believed the finance committee filed an incomplete accounting of contributions.

Young Texans 'Helped Clean Up Watergate'

LONDON (AP) — A group of Texas students claimed Wednesday it has "helped clean up Watergate." They were referring to a murky, polluted stretch of the river Thames in London's dockland rather than to a political cleanup in Washington. The area is part of a grimy, centuries-old waterfront known locally as "the Watergate." The students were among 2,500 young volunteers who cleaned up a 20-mile stretch of the Thames through London on Saturday in a big anti-pollution drive organized by British charity groups. The Texans were part of a group of 140 U.S. students winding up a six-week tour of Europe organized by the Foreign Study League, based in Salt Lake City, Utah. They have visited seven European countries studying comparative cultures. But when they got to London, said Rocky Brune, 18, of Port Arthur, "We wanted to do more than just study. We wanted to get involved with people." So the 40 Texans, led by Paul Mataula, a San Antonio school teacher who has been helping shepherd the youngsters on their European odyssey, pitched in with British youths on "operation cleanup." Among them were Luke Bucci, 17, of Houston, and dark-haired Debbie Dana, 19, of Beaumont and Texas youngsters from Orange, San Antonio, El Paso, Laredo and Galveston. Other students were from Lake Charles, La., and Nuevo Laredo, Mexico. "We pulled out motorcycles, car doors, plastic garbage and all sorts of junk," said Jackie Mooring, 15, of Houston. "We found out later that as soon as we pulled things out, other kids were throwing them back again." But, said Luke Bucci, "We cleaned up the Watergate."

Fire Destroys Hope's Home

PALM SPRINGS, Calif. (AP) — Comedian Bob Hope says he will rebuild his desert home that was destroyed by fire. A spokesman said Hope and his wife were "philosophical and positive" about the loss. Only the vast, mushroom-shaped roof of the house had been completed when the fire broke out, but the roof alone had cost \$500,000. The house had been under construction since January and was to take 18 months to complete. It was destroyed in 30 minutes. City officials discounted as soon as a possible cause, but firemen were investigating the blaze. Hope reportedly had spent more than \$1 million on the house, and planners said the final cost was likely to be about \$3 million.

BS Auctioneers At Convention

Mr. and Mrs. Al Stephens and Mr. and Mrs. Keith Carey, all of Big Spring, attended the National Auctioneers Convention July 19-21 in St. Petersburg, Neb. Auctioneers throughout the United States attended educational and inspirational training seminars led by industry leaders in various phases of auction selling. The 24th annual session closed with an awards banquet at the St. Petersburg Hilton Hotel.

For Odessans — One Or The Other

ODESSA — Faced with a \$1.9 million difference in spending and revenue in the next fiscal year budget, the Odessa City Council Tuesday called a sales tax election for Aug. 28. Voters will then decide whether to initiate a one per cent sales tax as a means of raising city revenue. Absentee voting will be Aug. 8-24. The council also changed the percentage rate of assessment on ad valorem taxes from 45 to 75 per cent. Members indicated, however, that if the sales tax passes in August, they will lower the tax rate from \$1.90 per \$100 adjusted valuation to \$1.14. This would bring the taxes back to the present level.

Blame 'Phase 3-A' For LPG Shortage

AUSTIN, Tex. (AP) — "Phase 3-A" restrictions on prices for oil products were blamed for the shortage of liquefied petroleum gas (LPG) in West Texas.

Lowry Carpenter, executive vice-president of the Texas Liquefied Petroleum Gas Association, made the assertion at a hearing of the House Energy Crisis Committee.

Restrictions on prices for finished petroleum products meant LPG dealers could bid as high for the LPG output of gasoline plants as brokers and wholesale pipeline companies, he said.

MOVING FUEL

"They bought plant after plant's output for the next 12 months," he said, drying up refinery dockside deliveries to dealers in parts of West Texas.

Shortages of LPG—Rural Texans' chief heating and cooking fuel—have prompted the Texas Railroad Commission to stop one company from moving the fuel out of the area where it was produced. The commission is considering a rule keeping LPG supplies in local markets, blocking sales of all but surpluses to pipelines. Carpenter said commission chairman Jim Langdon had asked the LPG association to write a plan to implement such an order.

Oil companies contend such a restriction on sales and movement of LPG is beyond the commission's power, indicating a court test of the proposed order once it is issued.

C.G. Herrington, senior vice-president of Exxon Co., U.S.A., recommended temporary relaxation of certain environmental standards.

VERY TIGHT

Texas standards for sulphur dioxide emissions into the air are at least three times as tough as federal rules, "which are very tight in the first place," he said.

He also recommended construction of a deepwater port to enable oil companies to import more foreign-drilled petroleum, and a bill making it easier to utilize an oil and gas field's production.

Some older fields have been drained about as much as they can with primary recovery techniques. Backers of unitization contend it would make it easier to employ secondary recovery methods, such as water-flooding, to squeeze out more oil.

Exxon supported a unitization bill that was passed by the House but died in the Senate during the legislative session.

Agriculture Big Six Named

COLLEGE STATION, Tex. (AP) — Six men have been named "Men of the Year in Texas Agriculture" by the Texas County Agricultural Agents Association.

Named were H.L. King of Brownfield, Charles E. Ball of Amarillo, Gerald C. Puckett of Fort Stockton, Ross Wilson of Gorman, Lynn M. Griffin of Austin and Joseph B. Finley of Laredo.

The men will receive plaques during the agents association state meeting at Austin in August.

To Honor Selon

SPRINGFIELD, Mass. (AP) — Friends have hired an exhibition hall to celebrate the end of U.S. Rep. Edward P. Boland's bachelorhood.

The Springfield Democrat is marrying City Councilor Mary M. Egan next month. Organizers say they have hired the Civic Center here for the \$750-a-head bachelor bash because "lots of people in the area are anxious to pay tribute to Eddie as a good friend."

Tech To Test New Process In Fabric — Twistless Yarn

LUBBOCK — Twistless yarn, the product of a new yarn-making technique that bonds the fibers together with a water soluble adhesive, rather than by twisting in the conventional spinning process, is soon to be produced in the Textile Research Center (TRC) at Texas Tech University.

The research project is designed to determine how Texas natural fibers respond to the "twistless" process and is being sponsored by the Textile Investment Group of Texas (TIGOT), a group of 12 South Plains farmers and businessmen who are interested in further developing the textile industry in this area.

The twistless process was developed in Holland. TIGOT has obtained the exclusive marketing and development rights in the United States.

Paul Cook, TIGOT president, explained that after twistless yarn has been woven or knitted into cloth, it is washed and the water soluble adhesive used to bond the fibers is removed. Thus, in reality, individual fibers rather than yarn, are woven. Tests show the fabric to be as strong or stronger than conventional yarn tips.

Twistless yarn can be made up to 50 times as fast as ring spun yarn.

Because fibers lie parallel, they take on a sheen like finished poplin and are highly wrinkle resistant.

DALLAS (AP) — Jimmy Ray Smith, 30, currently operating the Fabulous Flamingo Club in Fort Worth, was assessed a six months sentence in federal court for failing to file his 1971 income tax return.

Lubbock Woman Dies In Crash

SNYDER — Rhonda Sue Burney, 19, of Lubbock was killed in a one car mishap nine miles northwest of Snyder on Highway U.S. 84 at 7:05 a.m. Wednesday.

Investigating Highway Patrolman Bob Clark of Snyder said Miss Burney was driving a 1967 model Chevrolet Nova towards Lubbock when she apparently fell asleep. The car went off the highway and travelled about 500 feet down the median which divides the highway and crashed into a concrete abutment, cutting the car in half. Miss Burney was thrown from the vehicle and struck her head against the pavement of a crossover road.

She was taken to Cogdell Memorial Hospital by a Snyder Ambulance service and was later transferred to Bell-Seale Funeral Home.

SMILES BRIGHTER THAN THE SUN — These six happy cowpokes eagerly anticipate the Howard County Junior Rodeo starting tonight. From left to right they are Becky Ragan, Lucky Acres; Kayla Gaskins, Knott; Joey Shaw, Lucky Acres; Guy James, Coahoma; Lois Ivey, Lucky Acres; and Paul Gibbs, Coahoma.

Council Fires Clovis Chief

CLOVIS — Police Chief Ken Kingsbury was fired Monday four hours after an AFL-CIO representative informed Clovis Mayor Chick Young Jr. that 100 per cent of the police department wanted union representation.

Kingsbury said the City Commission did not state its reason for firing him Monday night, but he told reporters that the proposal to unionize the department and an alleged conspiracy by dealers to fix liquor prices which he helped uncover were probable reasons behind the firing.

Deputy sheriff Nelson Worley was appointed acting chief until a new chief can be hired.

Main Gate At Webb AFB Being Reopened Today

Phase II of the street paving program on Webb AFB was scheduled to begin today, with the reopening of the main gate. Next street to be closed in the program is Avenue B from First St. to Simler Dr.

Parking will be affected at several base facilities until the new street surface is completed, according to Capt. Delbert Stout, security police chief. Parking lots for wing headquarters, the base exchange, theater, credit union, base gym and On the Job Training (OJT) offices will be inaccessible from Avenue B for as long as three weeks. A short section of Second St. and two blocks of Third St. will also be closed.

North-south travel will not be permitted across Avenue B on 2nd, 3rd, and 4th streets, however, east-west travel will not be affected on any streets other than Avenue B.

The flight line gate which has been open during phase one of the program will be closed.

Webb's Security Police Chief suggested the following parking changes:

For the BX and credit union, behind the Chapel or next to the theater on Fourth St.

For wing headquarters, behind the Chapel or around the Officers Club.

For the Theater, the large parking lot across from the service station.

For the base gym, the parking lot next to building 230, First St. or Simler Dr. will be available for cross-base traffic.

Lost Wages Are Ordered Paid

James E. Woodruff, whose right index finger was smashed while he was working at the Cabot Corporation Dixon Plant won around \$50 for lost wages in a 118th jury trial ending Tuesday afternoon.

Texas General Indemnity Co., was defendant in the workmen's compensation case, which emerged from an injury on Oct. 18, 1972.

The verdict amount specified in this story is based on unofficial estimates.

Jurors were Sam W. Wells, foreman Theo Earnest; Clyde Gunnels; Mrs. Jewell Stovall; Mrs. Tom Garner; James W. Findley; Mrs. Joy Dudash; Mrs. Lenora Fay Nixon; Allen G. James; Mrs. Rex A. Shive; Thelma Corcoran; and B. F. McGettes.

Man Takes Cab To Hospital

J. C. Rich, Vincent Route, Coahoma, lost control of his vehicle 20 miles northeast of Big Spring on Highway 350 in the early morning hours. The car ended up in a field and Rich hitch-hiked to town.

The wreck victim caught a cab from a local truck stop and admitted himself to Cowper Hospital, where his condition is reported to be good.

Highway patrolmen learned of the wreck this morning and went to the hospital to interview Rich in connection with the one vehicle wreck.

Officers Seeking Departed Patient

Police are seeking the whereabouts of Mrs. Judith Payne, who walked out of Cowper Clinic this morning.

She had been a patient there since July 12 when she drove a car off the side of Scenic Mountain, rolling some 50 yards down the side of the mountain. Her husband, John R. Payne is a patient at the Veterans Administration Hospital here. Earlier, she gave one Odessa address and one local motel address, when she was involved in the one-car accident.

At that time, the investigating officers believed that she was apparently driving too fast on the narrow roads in the mountain state park.

Softball Complex Study Upcoming

Roy Anderson, assistant city manager, and several members of the Park's committee here,

including their city council representative, Mrs. Polly Mays, plan to go to Abilene this week in connection with plans for a softball complex here. The group will visit the

Abilene softball complex before making final plans for a complex here. The softball fields will be constructed on property not used by the State Hospital.
