Last U.S. Shot Fired

KORAT AIRBASE, Thailand (AP) — The last bombing mission of the Indochina war took off today from Korat, the same base from which the first raid on North Vietnam was carried out eight years ago.

But there was little fuss and no indication at this sprawling airbase that today was not just another day.

FINAL MISSION

The last shot fired by the U.S. forces in Indochina was fired by Capt. Lonie Ratley, 29, of Myrtle Beach, S.C. Ratley fired a burst of 20mm cannon on a Khmer Rouge concentration 40 miles northeast of Phnom Penh, Cambodia.

Seconds before that the last bomb dropped in Indochina fell from the A7 fighter-bomber of Maj. John Hoskins, 37, of Portsmouth, Ohio.

He said his last bomb load was dropped in a wooded area, at 10:44 local time, one minute before the 10:45 a.m. deadline set by the White House. The deadline set by the U.S. Congress was 11 a.m.

HAPPY

Hoskins, sipping a flask of cold water beside his aircraft, said the mission was "just like any other mission."

Asked if he was happy that the bombing in Indochina had finally ended, Hoskins replied: "Yes. If we have in fact accomplished some of the things we came here to do."

Hoskins and Ratley, his wingman, both of the 354th Tactical Fighter Wing, agreed with other pilots who flew missions this morning that there would be no special celebration to mark the end of the air war.

Hoskins and Ratley got handshakes and congratulations from other pilots and crewmen as they climbed down from the A7 Corsairs.

BEWILDERED

Ratley, who seemed bewildered by newsmen and photographers who clustered around his plane as it rolled to a stop, said his mission was "kind of uneventful, just like a regular sortie."

Col. Robert K. Crouch, 51, of Honolulu, who commands the 338th Tactical Fighter Wing at Korat, dropped his bombs seconds before Hoskins and Ratley. He said his target was four

buildings northwest of Phnom Penh, and "we hit 'em."

Asked if he was happy the bombing had stopped, he said: "Yes, anytime one can stop bombing one is happy."

Crouch said he flew the last mission because it was his last opportunity to fly in combat.

The first U.S. air strike in Indochina was Aug. 4, 1964, when carrier-based warplanes attacked North Vietnamese patrol boats off the North Vietnamese coast.

The first U.S. bombing of North Vietnam was Feb. 7, 1965, when warplanes attacked Dong Hoi in retaliation for an attack on a U.S. outpost in South Vietnam.

The first U.S. bombing attack in South Vietnam was Feb. 19, 1965, at Binh Dinh, a Viet Cong stronghold.

The first sustained U.S. air attacks in Indochina not in retaliation for a specific attack began March 2, 1965.

Dinner Show Is Nearing

Time is growing short, but tickets are still available for the summer dinner theatre production of "Beggars' Opera" slated Thursday, Friday and Saturday evening at Howard County Junior College.

Each night, dinner will be served at 6:30 p.m. in the college dining hall, to be followed by the show at 8 p.m. Tickets, which include the dinner, are \$3.50 for adults and \$2.50 for students.

Tickets are available at Big Spring Hardware, Zack's and Gibbs and Weeks, or by calling the college, 267-8311. Persons who would like to make reservations for a party group may call the Woody McDonell home, 263-1090 and pick up their tickets at the door.

Woody McDonell, who is in charge of the college's vocal music, has the male lead, and Suzanne Oldham, who starred in Midland's "1776" has the female lead. It promises to be a lively show, with comedy and political satire that is ageless.

Agnew Agrees To Open Files

WASHINGTON (AP) — Saying "I have nothing to hide," Vice President Spiro T. Agnew has offered federal prosecutors access to his personal records in a probe of kickbacks and political corruption in Maryland.

Agnew carefully made a distinction between his personal papers and the official records of the vice president, apparently to avoid comparisons between his decision and President Nixon's refusal to turn over White House documents to prosecutors in the Watergate affair.

UNDERSTAND?

"You understand that, by making these records available to you, I do not acknowledge that you or any grand jury have any right to records of the vice president," Agnew said in a letter Tuesday to U.S. Atty. George Beall in Baltimore.

"Nor do I acknowledge the propriety of any grand jury investigation of possible wrongdoing on the part of the vice president so long as he occupies that office. These are difficult constitutional questions which need not at this moment be confronted."

Agnew also said he would be happy to meet with the prosecutors to answer any questions. His records, while they would be made available for inspection, were not to be removed from his office, he said.

The vice president said his staff has been instructed to give Beall and his assistants the fullest cooperation and, if necessary, to make copies of

any of the records. He said these copies can be compared with the originals to verify their accuracy.

TAX RECORDS

There was no indication when agents from Beall's office would arrive to examine the records.

BIBLE FUND DRIVE OPENS

The drive for funds for the Big Spring High School Bible Fund is under way again, coinciding with the opening of classes.

The Rev. Caleb Hildebrand, acting on behalf of the Howard County Ministers Fellowship, is again coordinating the drive and planned today to get letters into the mail to those who made donations last year.

The objective is \$5,800 this year, compared to \$5,500 last year. Last year's campaign went over the top.

The largest donation was for \$675. Hildebrand said the fellowship welcomed donations in any amount, adding that time was the essence since school begins tomorrow.

Donations can be made c/o the BSHS Bible Fund and forwarded either to the Herald or to the Rev. Mr. Hildebrand, Wesley United Methodist Church, Big Spring.

DIRTY PICTURE — Nancy Lotiot, 14, seems to have it all over her older brother, Aldo, 16, as the two cooled off from 100-degree weather by wrestling in a convenient mud hole in the front of their El Paso home.

Nixon Will Talk About Watergate

\$300,000 PROJECT Work Starting On Facility

STANTON — Groundbreaking ceremonies for Stanton's nursing home will be conducted at 2 p.m. here today. The public has been invited to attend.

Color photographs of the complex will be shown at the site of the ceremony. The structure is to be built at Broadway and Beckham streets in the west part of Stanton.

Builders and operators of the home will be the Christian Care Inc., Dallas.

Stanton dignitaries who will be present include Ed Lawson, president; Don Tollison, chairman of the Chamber's Industrial Committee; Paige Eiland, head of the Martin County Industrial Foundation; plus Cecil Bridges, Stanton mayor pro-tem; Troy Bridges, county commission of the precinct in which the facility is being built; and the Rev. Floyd Dunn of the Stanton First United Methodist Church.

Joe LaBay, Dallas, president of Christian Care Inc., John Eck, executive vice president of the firm; and Bob Rogers, LaPorte, general contractor, will also be on hand.

This will be the fourth nursing home built by Christian Care Inc. The complex here will resemble one recently completed at Deer Park near Houston. The firm also operates homes at Valley Mills and Moody.

The initial undertaking will be a 65-bed unit costing at least \$300,000. Christian Care Inc., has purchased an entire city park and will expand its operation when the need arises.

The initial building will be T shaped along Broadway Street and will include a recreational area. Anticipated time of dedication is Dec. 15 or Dec. 16.

Change Announced In Webb Ritual

The Webb AFB Public Information Office has announced a change in plans for the ceremony marking the change in command of the 78th Flying Training Wing.

Present plans call for a flight line parade at 10:30 a.m., Tuesday. At that time, Col. Robert G. Liotta will formally replace Brig. Gen. Stanley M. Umstead Jr., as wing commander. The public is invited to be in attendance.

The ritual will be followed by a private reception for Col. Liotta, at which time admission will be by invitation only.

Obesity Operation

RICHMOND, Va. (AP) — A man weighing approximately 800 pounds has been admitted to the Medical College of Virginia hospital to prepare for an obesity operation, hospital spokesmen report.

Hospital officials refused to identify the 800-pound patient, saying only that he is 37 and comes from North Carolina.

Surgeons cannot even evaluate the patient properly because of his sheer mass, a doctor said. The physician said the patient must lose 200 to 300 pounds before the operation would be possible, and that will take at least a year.

The intestinal bypass procedure involves removal of a portion of small intestine to shorten the route of food absorption.

Rape, Death Indictments

HOUSTON (AP) — A grand jury studying this country's worst case of mass murder will meet again Thursday, possibly to issue more indictments against two youths charged in a bizarre case of homosexual rape and murder.

See Story, Page 2-A

Dist. Atty. Carol Vance Tuesday told reporters "We have no other suspects in the case."

The jury returned indictments Tuesday against Elmer Wayne Henley Jr., 17, and David Owen Brooks, 18, in connection with the country's worst confirmed mass slayings.

The bodies of 27 teen-aged victims of the homosexual slayings over the past three years have been unearthed since last week. Nine of the bodies have been identified.

DID NOT KILL

Three indictments named Henley, who had been charged with two slayings in Houston and three in San Augustine County. He has told police he took part in nine killings.

The jury returned one in-

dictment against Brooks. He had been charged with one murder in Houston but has said he did not kill anyone.

One indictment alleged both Brooks and Henley killed William Ray Lawrence, 15, "by strangling him with a cord and in some manner and by some means, instruments and weap-

ons to the grand jury unknown" on July 10.

The other two indictments accuse Henley of strangling Marty Ray Jones with a cord and of shooting to death Charles C. Cobble. The two 17-year-olds were slain July 27.

The grand jury returned the indictments after hearing 6½ hours of testimony from police detectives and Billy Ridinger, 20, who entered and left the jury room with a brown paper sack over his head.

BEGGED THEM

Brooks said in a statement to police that he was at the home of Dean Allen Corll "when they got Billy Ridinger. . . . And I believe the only reason he is alive now is that I begged them not to kill him."

A source in the investigation quoted Henley and Brooks as saying they received money for procuring youths for Corll, 33. The source said the victims were taken to Corll's home, tied to a board "spreadeagled," sexually assaulted and later murdered.

It was Corll's death at Henley's hands last Wednesday that brought the mass slayings to light.

ELMER WAYNE HENLEY

TIA Pullout By Jan. 1 Likely, Says Lorenzo

Texas International President Frank Lorenzo told a group of Big Spring citizens in the Howard County courthouse Tuesday evening his airlines planned to ask the Civil Aeronautics Board for permission to suspend operations into and out of the Howard County Airport.

The action, if it is approved by the CAB, means that Big Spring could be without commercial airline service by the first of the year.

The Big Spring delegation, headed by County Judge A. G. Mitchell and Chamber of Commerce President George A. McAlister, indicated it would file a protest with the civil air body and resist the TIA proposal by every means possible.

Both Mitchell and City Manager Harry Nagel expressed optimism that the service could be retained but conceded it would take a concentrated effort on the part of all local citizens. McAlister indicated he, as head of the Chamber, intended to contact both Sen. Lloyd Bentsen and Sen. John Tower, adding he had already had conversation with U.S. Cong. Omar Burleson (D-Tex.) about the threat.

The Big Spring delegation, having heard that Texas International Airlines had decided against ending service to both Hobbs and Carlsbad in New Mexico, went to the meeting with high hopes but they were soon doused by Lorenzo's unqualified statement that his airlines wanted to shut down its operations here.

CLOSE TO MIDLAND

Lorenzo said that, in the opinion of the airlines board of directors, Big Spring was close enough to the Midland Air Terminal to be guaranteed first-rate air service, whereas Hobbs and Carlsbad were "isolated" in that respect.

Lorenzo added that Big Spring had been averaging only about 300 boardings and landings a month, McAlister and other members of the local delegation were quick to offer demurrers.

"Give us better boarding times and I can assure you the boardings here will pick up," McAlister contended. That argument was backed up by virtually every member of the delegation.

Jack Gully, an employee of Cosden Oil & Chemical Co., said that his company spends about \$175,000 a year in air flights in and out of Big Spring and most of it goes to Midland for boardings because the schedule here is improperly arranged.

OTHERS PROTEST

Other protests about the timing of the two landings and two departures here daily were voiced by Jack Cook, Adolph

AIRLINE DECISION IS DEFENDED F. Lorenzo (L), A. G. Mitchell

Swartz, Tom Lock, Clyde McMahon, Eddie Acrl, Jerry Jenkins, Nagel, Jack Irons and Mitchell.

Texas International is now being subsidized to the extent of about \$100 a passenger here but Lorenzo said Congress planned to cut that by ten per cent shortly and his company had to prepare for the day when such subsidies would be reduced still more.

Lorenzo said it was costing TIA an estimated \$400,000 annually to maintain airline service into Big Spring and revenues combined with subsidies failed by almost as much as \$100,000 to match that figure.

His bookkeeping was challenged by members of the local delegation and McAlister commented that subsidies can and not infrequently are changed when pressure is brought to bear.

Mitchell remarked that Big Spring had recently spent an estimated \$155,000 to upgrade the local airport and added that TIA had never been turned down in any request it had made for services here.

"We concede that boardings would increase here with more favorable departure times," Lorenzo stated, "but we are interested in decreasing costs," added that Big Spring had a long way to go to increase its boardings and departures from five (the average has been 2½ boardings and as many departures) per plane to 16.

PROMISED A LOT

"When the schedules were better, we averaged 600 a month," Gully offered as a disclaimer, a view echoed by Cook. "I can remember when Trans-Texas (the name Texas International previously used)

promised us a whole lot in order to come in here," Gully remarked.

Cook said he had been associated with flying in Big Spring for 30 years and "I can remember when American Airlines had six flights in here and its crews stopped here overnight. They pulled out and were followed by Continental, then Pioneer Airlines. The town is mad because we've fought this thing 25 years and now we're losing everything."

McAlister reminded Lorenzo that Big Spring economy is on the upswing again but the community would be handicapped unless it could offer top-flight air service. McAlister pointed to the fact that an \$8 million hospital is now under way here, that the Chamber had been dickering with an industry which might hire as many as 400 persons and to numerous other signs that the community is on the move again.

The exchanges became rather spirited at times after it became obvious that the airlines had written off Big Spring long before Lorenzo arrived and TIA would stick by its decision to ask the CAB for the right to fly over Big Spring without so much as the wave of a wing.

Lorenzo, who had kind words to say about the aggressiveness of the Big Spring delegation after the meeting had closed, reminded the gathering that the decision shouldn't have come as a complete surprise since the airlines had indicated six months ago it would file with the CAB to cease operations here.

Others representing Texas International here were Jerry Blair, Donald Burr and the local TIA agent, Tom Marlow.

RECEIVING THE DEED — Dr. Thomas Salter, president of Howard County Junior College is shown receiving the deed for 137 acres of land in Martin County for an agricultural research extension center. Making the presentation is K. H. McGibbon, second from right, chairman of the college board. He had just been presented the deed by Sam Wynn, second from left, assistant regional director for HEW in Fort Worth. At the right is Congressman Omar Burleson, main speaker at the event.

HCJC Takes Step Forward With Land Acquisition

By MARJ CARPENTER
A step forward for Howard County Junior College was witnessed by over 500 persons and special guests from Big Spring and many of the area towns Tuesday evening in a special dedication ceremony in Martin County.

Johnson, dean of arts and sciences and Dr. Larry C. Key, dean of occupational education. Dr. Key announced that working with the new project will be James Owens, agriculture head, Byron Hedge, agriculture technician and J. T. Brosh, grounds superintendent.

Kim Brock Hurt In 2-Car Wreck

Kim Brock was treated for a minor cut and released from a local hospital Tuesday night after being involved in a two-car accident at Wasson Road and FM 700.

Oil Writer Stops In Big Spring

Robert Phifer of Houston, who edited a series of books about petroleum several years ago, was a Big Spring visitor today. He stopped here en route to the Big Bend National Park.

Chamber Now Operating

Operation of a chlorine contact chamber began Tuesday at the sewage treatment plant as the final stage of treatment before water is released into Beal's Branch.

Public School Teachers Will Consider Strike

HOUSTON (AP) — Turned down by the school board in efforts to get a \$1,100 raise, public school teachers meet tonight to talk about a possible strike.

Teachers in the Houston Independent School District, the nation's sixth largest, will receive a \$310-per-year salary increase already set in a long-range plan but they say they also want a \$1,100 across the board raise.

The teachers, who now receive \$7,100 to \$12,600 yearly, agreed to forego demands for a big raise last year after the administration said it simply had no money. But many of them have said they felt they were duped after nine administrators received raises up to \$3,700 per year.

The teachers are scheduled to report to work Thursday but could vote on a strike or other protest at the meeting tonight.

Leaders of the Houston Teachers' Association, which bargains for all the teachers here, walked out of talks with administrators July 19 after the administration refused to agree to bring in a neutral third party for helping resolve disagreements.

Administrators said then such a third party negotiator would mean the district was engaging in labor negotiations with its teachers—something forbidden by state law—instead of professional consultation.

Dora Scott, HTA president, said, "There has been no board directive to the administration to finish negotiations, so we will go ahead with our meeting."

Mrs. Scott said the administration was arrogant and the school board indifferent to the needs of its employees and pupils.

She told trustees they would be to blame for whatever decision the teachers make tonight.

Plans Approved For Facility

ODESSA (SC) — Ector County commissioners have approved plans for a new juvenile facility and authorized advertising for bids to construct the new \$300,000 facility.

Architects will be Shiver, Morgert and Associates, Amarillo.

The final plan approved for the juvenile detention facility were authorized several months ago and the county will use \$300,000 in revenue sharing funds to construct the 12,075 square foot structure. A completion date of March or April 1974, was promised.

Cotton Burgers Anyone???

LUBBOCK, Tex. (AP) — The first commercial plant to produce flour made from cottonseed was to be dedicated here Wednesday by Rep. George Mahon, D-Tex., chairman of the House Appropriations Committee.

Texas farmers have claimed that cottonseed can keep scarce and expensive steak from shrinking out of sight.

Cottonseed until now has been considered useable only for vegetable oil and as cattle feed. But the U.S. Department of Agriculture at New Orleans claims it has licked the problem of toxic pigment glands mixed in with the protein-bearing seeds.

Texas farmers share the ownership of the Plains Cooperative Oil Mill, and say they expect to turn out 25 tons of cottonseed flour per day. It will be marketed through Grain Processing Corp., at Muscatine, Iowa.

The general manager of the oil mill, John Herzer, said the immediate use of the cottonseed flour is as a food additive to make scarce meat go farther by retaining its moisture.

He said a pound of meat containing one quarter pound of cottonseed flour would cost 25 per cent less and contain the same protein value.

"We will be able to produce the highest source of protein with the lowest cost in the world," Herzer said.

The protein content of the flour, which is approved by the Food and Drug Administration, will be about 65 per cent and will cost 35 cents per pound. A concentrate can be made that could contain 100 per cent protein.

Texans Bring Beef Back From Mexico

By The Associated Press

American residents along the Texas-Mexico border have decided they'd rather switch than fight—as far as beef prices are concerned.

The U.S. customs district director, Robert Battard of El Paso said, "Some people are coming back (across the border) with 80 or 90 pounds of meat for personal consumption."

And according to one official, although beef is the main item brought back across the border, other foodstuffs include fresh vegetables, soft drinks and other items that are higher priced in the United States.

Stores in Matamoros, across from Brownsville, and in Reynosa, across from McAllen, have also registered increased purchases of meat, but it has not been as high as elsewhere along the border.

The estimates range from 40 to 90 per cent increases in beef purchases across the border.

A Laredo resident, who declined to give his name because he said he had a lot of cattle-men friends, noted, "A lot of people have been buying meat across the border."

He said he had been doing it a long time because "the meat was cheaper, it's clean and it is fresh."

Although meat prices have gone up in Mexico in the past 18 months, the price is still cheaper by U.S. customer's standards.

A pound of choice steak sells for \$1.30 and lower quality cuts drop as low as \$1.19 a pound. Extra lean ground meat sells for \$1.00 a pound and goes down to about 90 cents a pound, depending upon the quality.

the past 10 days we've had new customers come in and buy 70 to 80 pounds of meat at a time."

"We have basically the same cuts they do in the states," said Esparza. He said that most of the cattle slaughtered in the Nuevo Laredo area are Hereford or Angus.

Contest Details To Be Discussed

The possibilities of participating in a national Tractor Pull contest will be discussed at the meeting of the Howard County Farm Club Thursday at 8 p.m. in the County Fair Barn.

The program will be presented by Bill Kuhl, Lamesa, on "Tractor Pull — Third Fastest Growing Sport in the United States."

Ronnie Huddle, officer of the Texas Tractor Pull Association, will be present to assist in setting up the Howard County club to qualify nationally.

Anyone interested in this sport is invited to attend the meeting Thursday.

PUT IN PSYCHIATRIC WARD Wanted To File Charges Against President

WASHINGTON (AP) — M. Sgt. Grant A. Schulke has been placed in a psychiatric ward by the Air Force apparently after he said he wanted to file court-martial charges against President Nixon in the Watergate case.

An Air Force spokesman said Schulke "was asked and he agreed" to undergo 72 hours of psychiatric examination at Fitzsimmons General Hospital, Denver.

Schulke, a 43-year-old career Air Force non-commissioned officer, told a reporter in a telephone interview Tuesday that he had discussed with a legal officer at Lowry Air Force Base, Denver, his desire to file charges against Nixon alleging obstruction of justice and withholding of evidence.

"I figured somebody should make the commander-in-chief stand to justice," Schulke said.

He quoted the legal officer as saying the sergeant could not bring charges against Nixon under the Uniform Code of Military Justice, because the President was not subject to military law even though he is commander-in-chief of the armed forces.

The telephone interview was brief because Schulke said he had been summoned to the Office of Special Investigation at the air base.

When a reporter called Schulke's home last evening the sergeant's wife said he was in the psychiatric ward at Fitzsimmons Hospital.

Asked about the situation, the Air Force spokesman here checked and confirmed that Schulke was undergoing psychiatric observation.

The spokesman said he was not aware of any mental disorders in Schulke's past.

Values Pointed Up

For public television, the Watergate hearings have been a definite plus. And the benefits aren't only in dollars and cents.

Depending as it does upon public subscription of funds to survive, public television has found its nightly complete airing of the Watergate hearings a fund-raising bonanza. From around the country come reports of increased contributions, many of them directly attributable to interest in the hearings and appreciation for the Public Broadcasting Service's uninterrupted telecast of them.

And the very fact the hearings have been telecast on public television is a strong argument against an earlier attempt to strip public broadcasting of its public affairs role, and cripple its national network.

Administration — supported recommendations that public broadcasting cease several public affairs programs have been rejected. Those recommendations, which led to a split on the board which governs public broadcasting and administers

federal funding were to strip the PBS of many widely acclaimed programs, ranging from William F. Buckley Jr.'s "Firing Line" to "Bill Moyers' Journal." Indeed, the entire concept of a public broadcasting network was under attack from the White House, which reportedly was angry because some public broadcasting documentaries, and shows of controversial comment put administration figures and policies in a harsh light.

But surely the Watergate telecasts, and the public response to them, have demonstrated the value of public affairs broadcasting on public television. Not dependent on advertising of mammoth numbers of viewers, public television can be much bolder and more imaginative in its public affairs broadcasting, and can devote many more prime-time hours to such worthwhile, informative and provocative programs.

Fewer Places Of Refuge

The immunization programs, which protect young children from the fatal or crippling effects of polio and measles, are in peril. The U.S. Center for Disease Control says that apathy and complacency have caused immunization to drop to a dangerous low level. A further decline might presage a procession of epidemics.

Despite the seeming rarity of the diseases now, they still are very much among us. Public health officials can warn but it is up to parents, who have the greatest reason for concern, to take the steps to protect those among us who are the most vulnerable, our children.

My Answer

BILLY GRAHAM

My brother and I got into an argument one night about premarital sex. I say that it is wrong, but my brother says it isn't. What do you say? G.B.

The very day I was answering your letter, I read an article about the changes slowly taking place among young people today regarding sexual promiscuity. Analysts of social behavior are predicting that soon there may be the unusual phenomenon of young men and women asking for rules of conduct, especially those that would delimit sexual involvement outside of marriage.

Now this is no new phenomenon at all! History would show that as the pendulum swings to permissiveness, so it swings back to rules and precepts. You see, we are simply creatures designed by God to operate within certain limits, and when these are removed, we court a breakdown that affects the whole man.

It is significant that the Ten Commandments, recorded in Exodus 20 of the Bible, were given after God's people were delivered from Egyptian bondage. These commandments, as well as all Biblical standards, are really words of freedom that enable people to come out of bondage, and rise to the heights of human development God intended.

You are right, G. B., in saying that

McNELLY
MERKAND NEW GROUP
PHOTOGRAPHY

premarital sex is wrong. The Bible calls it fornication, and even though we can rationalize and emotionalize it to be the right thing situationally, it does violence to real love and the bonds of matrimony. Bible statements like Matthew 15:19, and I Corinthians 6:13, 18, show clearly that sex belongs in marriage only.

So Little Done

Hal Boyle

NEW YORK (AP) — No matter how busy we seem to be, how we do tarnish our days with rust!

Our list of accomplishments at the end is pretty puny, considering all the things we could have done but didn't.

The vast undone — how it does haunt us at times. For example, it makes a fellow well past the midmark of life wonder how he has wasted his years when he stops and realizes that he has never even once:

- Escaped from a prison island.
- Voted for a Prohibitionist or a Vegetarian candidate for public office.
- Sent a monocle to the jeweler's to be polished.
- Bulldogged a buck deer by his antlers.

—Bluffed a buffalo after pulling its beard.

—Eaten from a pork barrel or been swilled at the public trough.

—Made love to a lady acrobat or a female politician.

—Been the favorite pen pal of a member of Europe's fading nobility.

—Gotten lost in a cave.

- Slept overnight in a jail.
- Won a hog calling contest.
- Been sued for a divorce or nonpayment of a bill.
- Bought a girl a false.
- Ridden a camel bareback.
- Stuffed snuff up an elephant's trunk.
- Lived on borrowed time.
- Lost any hostages to fortune.
- Played a piano duet with Liberace.

—Kissed Helen Hayes on both cheeks.

—Been caught cheating at bingo in a church.

—Gone skinny dipping with a starlet during a movie festival on the Riviera.

—Been arrested during a Sunday vice raid in Philadelphia.

—Caught a cold from Raquel Welch.

—Courtied a girl in a Stutz Bearcat, or made one walk home from a ride in a horse-drawn buggy.

—Stolen money from a piggy bank.

—Drunk nectar from heaven through a straw, or sopped it up with a homemade biscuit.

Yes, the wonder grows. How could a fellow live so long and do so little? Where did the time go?

Tender Care For Corns

Dr. G. C. Thosteson

Dear Dr. Thosteson: Is surgery the only cure for corns? I am an old man of 86. I like to walk two or three hours a day to keep myself in shape, but the corn on my right little toe is giving me a pain in the neck.

All the corn remedies and podiatric treatment have afforded me temporary relief only. Could you help? — A.S.

Well, I think I can. Your problem isn't to get rid of a corn. Your problem is to keep it from coming back.

I'm not a podiatrist, but I've spent a lot of my life walking around hospitals and other places, and while I haven't had much trouble with corns, I've had a little.

I had one between the third and fourth toes of my right foot. I knew that I could have an expert take it off in short order, but maybe just to prove something to myself, I undertook to do it myself.

I used one of the drug store corn removers. They work well enough if you follow instructions and don't try to rush things. The medication softens the horny tissue and after a few days it can be lifted out.

But just as you found, the relief was temporary. In due time a corn came back in the same spot. So I said to myself, "Obviously I haven't corrected whatever it was that caused the corn in the first place."

Ultimately I identified one particular pair of shoes which, in a few wearings, brought the corn back in a hurry. But I also found the corn would return in time even when I wore other shoes.

The solution that finally worked for me was this: once the corn was off, I could still feel a spot where the skin was thickened. So I bought a package of those plain round corn plasters with a hole in the middle. After removing the corn, I kept one of them on that spot. No medication or anything, just the plain thing that looks like a Lifesaver.

Every few days I'd put a fresh one on, and I must have kept that up for two or three weeks. Maybe longer. Anyway, when the skin where the corn used to be finally felt entirely normal, with no thickening of

the skin, I quit using the corn pads.

And the corn never came back.

Dear Dr. Thosteson: My wife and I have decided not to have any more children and I want her to discontinue the pill, so we have decided on a vasectomy. Being blessed with very good health, I never needed a doctor, so how do I go about getting a vasectomy done? Who do I see? Where? — R.

You never needed a doctor, but your wife, having been on the pill, obviously has a doctor. Or did have. So ask him to refer you to a urologist. Vasectomy is a simple enough procedure so it can be done in the doctor's office rather than a hospital.

Or you can call your county medical society office and ask for the names of urologists in your area.

Kemper Coed

BOONVILLE, Mo. (AP) — The Kemper Military Academy will accept girls this fall for the first time since the Civil War, school officials have announced.

The coed enrollment will be limited to 30 this fall. The school expects about 1,000 boys. Girls were accepted during the Civil War when the war depleted the male enrollment. The school opened in 1844.

On Growing Older

Around The Rim

Barbara Lord

Let's start with a fish story. There was a cute little girl at Lake Spence last weekend. Couldn't have been more than five. She was fishing from shore with a bamboo pole (remember those?) that was about four times her height. It had a piece of string with a hook and minnow on the end. "Did you catch anything?" "Yes," she said proudly. "I caught two; one by the mouth and one by the tail." Oh well, that's better than a lot of people I know that catch them by the wallet.

UNFORTUNATELY, that reminds me of another fish story. I had a friend that kept two pet carp in his swimming pool. The only trick he taught them was to play catch with his wallet. He called it "carp-to-carp walloping."

And how's this for a twist of words. A radio announcer about to introduce the timers for a national track event, said as they came onto the field, "And these are the souls that time men's tries."

It must be age catching up with me when I have to dig back that far for a joke. As the years pass, I find my list of "things I'd like to do (but probably never will)" keeps getting longer and longer. To name a few — climb Mount Everest, take flying lessons, parachute from an aircraft, cook a gourmet meal, win a flower show award, hit a homerun

in a softball game and slalom water ski.

I USED TO think I'd get a lot done when I quit work, but with the state of the dollar and inflation, I'd guess the retirement age is now about 300. So the list keeps growing, and the years go on.

I went over the hill recently. I've reached that awkward age . . . too old to be considered young, yet 10 years to wait until "life begins."

Thirty isn't young, old or even middle-aged. It's just 30! The worst part about it is you're out of your 20's. It's a time when your parents don't want to admit they have a daughter that old (but still want to know why you haven't yet made them grandparents); your husband begins looking through old scrapbooks to compare the "before and after;" your friends take a second look to see if your broad mind and narrow waist have changed places; and teenagers immediately stop trusting you.

I FORGET who it was that said, "It is not by the gray of the hair that one knows the age of the heart," but I've found the perfect solution. Most of the time my heart feels pretty young (except for an occasional Monday morning), so to match my heart, I sometimes pull my hair into pig-tails, put on my cut-off jeans and chew some bubble gum. It's amazing how young an "over-the-hill" lady can feel if she tries.

Unusual 'Souvenir'

Robert Novak

WASHINGTON — The stunning secret memorandum that brought the ITT affair to the door of the Oval Office was given Senate investigators by Charles W. Colson's former confidential assistant who now performs similar duties for Secretary of Labor Peter Brennan.

SEN. SAM Ervin's Watergate investigating committee has kept secret the name of the unidentified secretary who turned over the explosive 1972 memo on ITT by then presidential aide Colson. In fact, it was Joan Hall, Colson's skilled private secretary until he left the White House this year — a shocker that will send a shiver through the administration. "Joan Hall knows more about Chuck Colson than he knows himself," one White House aide told us. She kept his financial records and had full access to the torrent of memos that flowed from his office. Thus, the unanswered mystery: Is the ITT memo just the beginning?

NEAR THE end of 1972, Mrs. Hall complained to friends about long hours and vocal abuse that went with being Colson's secretary. But there was no sign of a break between them. Indeed, Colson secured a \$17,794 job for Mrs. Hall as administrative assistant to his friend Brennan.

Nevertheless, Mrs. Hall was interviewed by Ervin committee investigators the evening of Aug. 1.

Contrary to usual practice, no Republican staffers were present. At that time, Mrs. Hall turned over the March 30, 1972, Colson memo warning that other secret internal memos would "directly involve" President Nixon in the favorable antitrust ruling for the International Telephone and Telegraph Corp. (ITT). She also turned over other unspecified documents.

HER MOTIVES are a mystery. Contending that "I don't have to talk to you about this," Mrs. Hall told us nothing. The Senate investigators are also mute. Colson told us Mrs. Hall had taken the ITT memo home as a "souvenir" of her days in the White House but felt compelled to hand it over when a Senate subpoena asked for and pertinent documents in her possession.

GEORGE BEALL, who as U.S. Attorney in Baltimore supervises the wide-ranging investigation that includes Vice President Spiro T. Agnew, would never have been appointed to that post by President Nixon if Agnew had been given his way.

Although Agnew told his Wednesday press conference that "I know (Beall) very casually," there has been an undercurrent of tension between the two Maryland Republicans for five years.

Cut-Rate Brokers

John Cunniff

By DAVID BURKE
(Substituting for John Cunniff)

NEW YORK (AP) — Several relatively new firms across the nation are providing the investment business' answer to the discount store.

These "discount" brokerage houses say they will buy or sell stocks for investors at commission rates ranging from 20 to 80 per cent less than larger brokers — members of the major execution of customer's orders.

As with the discount store, the cut-rate broker generally limits himself to the essentials — namely, the execution of customer's order. "WE CUT out all the frills, carpeting, and vice presidents," says Lawrence H. Weiss, president of Odd Lot Securities, Ltd., in New York.

Most of these firms, which number about a dozen around the nation, have only a handful of employees. They typically have no research department and accept only cash-paying customers. "If you want advice or a quote, call Merrill Lynch. If you want to place an order, call us," says one discount broker.

Since these discount houses are not stock exchange members, they are not bound by the exchange's minimum commission rules. When a customer places an order, the discount broker will shop around in the over-the-counter market and on

the New York or other exchanges for the best price.

If the best price, say, is to place the order through a NYSE member and charge the customer regular Big Board rates. But if he can get a good price from the third market, where many Big Board securities are traded over the counter, he can offer a sizable commission discount.

For 50 shares of AT&T for instance, assuming a price of \$50 a share, a brokerage house belonging to the NYSE is required to charge \$42.50 in commission. Some of the discounters will charge anywhere from \$25 to \$34.

Most of these firms, however, tend to discourage odd lot trades of less than 100 shares, and shy away from the really small investor.

"One of our main problems is that people don't really believe they can pay less than NYSE rates. They think we're illegal," says John Rose, president of Chicago-based Rose & Co.

AND THEN there is the little old lady who thinks she is pulling a fast one on somebody by coming to us and selling her AT&T," he adds. "But most of the customers are people who have a little savvy on the market and know what they want small banks, businessmen, investment counselors."

A Devotion For Today . . .

I will instruct thee and teach thee in the ways which thou shalt go; I will guide thee with mine eyes. (Psalm 32:8)

PRAYER: Lord, I have been so lazy. Please forgive me and take the dimness of my soul away. In Christ's name. Amen.

4-A Big Spring (Texas) Herald, Wed., Aug. 15, 1973

VOLUNTEER WORK REWARDED
Carol Lanspery, Jack D. Powell, Melvin Berry

VA Hospital Honors Summer Volunteers

"We are giving a hearty tribute to a segment of one of the most misquoted, misunderstood, underestimated, over-estimated, over-looked, over-generous, outvoted, outcast, enthusiastic, dedicated groups in America today—our youth", said Chaplain

A. C. Hicks Monday as 40 youth volunteers were honored at Veterans Administration Hospital.

The youth recognition ceremony was held at 2 p.m., with Larry J. Denning, volunteer service director, as master of ceremonies. Dr. H. C. Ernsting, chief of staff, extended the welcome and expressed appreciation to the volunteers.

Jack D. Powell, hospital director, presented "outstanding service" awards. The recipients, and their hours, were Melvin Walter Berry, 385; Linda Bull, 317; Rhonda Carr, 210; Ellen Gressett, 134; Carol Joan Lanspery, 313; Bobby Joseph McCracken, 341; Sylvia Pannell, 67; Debbie S. Purgason, 302; Robin R. Purgason, 211; Kitty Thompson, 331; and Stan Vick, 51. Two other volunteers, Sue Hill and Ricky Stovall, logged over 300 hours.

Recognition certificates were given to all the volunteers.

Others credited with over 100 hours were Susan L. Andrews, Donna Gayle Carpenter, Kay Frazier, Kayla Gaskins, Donna Manhallar, Chris Mexia, Kay Newcomer, Pamela Ann Parmenter, Rhonda Prince, Cynthia Smith, Cynthia M. Torres, Teresa West and Kay Williams.

The remaining workers who received citations were Cathy Carriaveu, Robert Huibregtse, Elaine Martin, Melody Murphee, Patty Peugh, Pamela Pope, Jamie Prince, Denna Reavis, Roanne Riley, Robbie Rogers and Dennis Way.

"Youth volunteers contribute something the paid employees can't", said Powell.

"We hope that you learned some valuable lessons while serving this summer; that youth and good health should not be taken for granted—that growing old and being in poor health comes to all and is a way of life. Be proud that you took time to help others."

Assisting in presenting the certificates were Dr. G. A. Youngman, Nick Martinez, Dr. Keith Thompson, Russell Hoover, Sharon Johnson, Miss Clara Phillips, Luther Bean and Bob Waters, all of the hospital staff.

Casually Yours

By JO BRIGHT

Bridge and poker players at Big Spring Country Club may throw in their cards a little early today to say "Bon Voyage" to Mrs. E. O. Ellington and Mrs. R. L. Tollett at a cocktail party from 5 to 6 o'clock at the club. The ladies will be leaving on a bridge tour to Athens and Rome where they'll be joined by bridge players from all over the world. In October, Mrs. Tollett and daughter, Iris Ann, will be touring South America.

When John Kemper, son of Mr. and Mrs. Howard Kemper and nephew of Mrs. Horace Garrett, was married in Phoenix, area relatives got together at Midland and flew out together. Making up the party with Mrs. Garrett were Sue Garrett, Mr. and Mrs. Gary Turner (he's the handsome new hand down at First National), Mrs. John Dublin of Midland, Mrs. Doris Chaik Cole and John Otis Cole. Prior to the wedding, Mrs. Kemper and Mrs. Garrett accompanied Sue Garrett and Ann Caton to Hawaii where Sue celebrated her 16th birthday. (She marked the 15th in Italy.) They returned in time for Ann to join her parents, Judge and Mrs. Ralph Caton, and brother, Carl, for a holiday in Florida. Nothing lasts forever, and the judge was back in the cold, cruel world of the courtroom Monday.

Chit-Chat: Mrs. J. D. Elliott's coffee brought out a lot of lovely people that I'd like to have listened to all day. Especially enjoyed visiting again with Corrine's mother, Mrs. J. E. Hardesty, and Mrs. W. F. Taylor who were the center of attention.

Among the minglers were Mrs. Doug Orme, Mrs. Clyde Angel, Mrs. H. W. Smith, Mrs. John Hogan, Mrs. Garner McAdams, Mrs. Harold Talbot, Mrs.

Robert Currie, Mrs. Lee Rogers, Mrs. Charles Tompkins and many others. The McAdamses are back from Lake City, Colo., their favorite retreat, where they ran into former local chamber of commerce manager, Carroll Davidson, and Alice. Both couples have been going to Lake City (population less than 500) but this was the first time they had run into each other. Too, the Tommy Gages were leaving Lake City as the McAdamses arrived.

Gadabout Lorraine Talbot is back from a fascinating trip to Poland and she and both daughters-in-law will be helping with the Polish display at the upcoming Texas Arts and Crafts Fair in San Antonio. Dr. and Mrs. Robert Angel arrived from Waco and he and dad, Clyde Angel, went fishing in Canada while Annie, Mattie and Johnnie Lou kept the home fires burning. Mr. and Mrs. Charles Tompkins were off to San Antonio just as Mrs. George Peacock returned from there.

TIDBITS: Adolph and Dorothy Swartz enjoyed every minute of their holiday at Lake Tahoe, and I think the E. H. Boullions are there now. The James Johnstons are at home at 600 E. 16th following a wedding trip to Europe where they saw his uncle, Chaplain Billy D. Ingram of Fischbach, Germany, and traveled through Holland, Austria, Luxembourg, Belgium, etc., etc. Mr. and Mrs. Ralph Brooks (former Lynette Blum) have settled here after giving up the military life and he's joined father-in-law, Joe Blum, at the jewelry store. Libby Asbury, the nice Costen lady who always knows the flight schedules, vacationed in Illinois. Billy Mac and Dene Sheppard took the kids to all those places in Dallas and Fort Worth. (Their daughter, Teresa, is the voice you hear on KBST Sunday mornings; the most professional-sounding disc jockey in town.) Miss the occasional chats with pretty June McDaniel since she moved to Dallas. Deadline. Call me?

MRS. AUDREY BAYLISS

Britisher Revives Friendships Of 1956

Mrs. Audrey Bayliss left her home in Sussex, England June 26 and has spent the past month and a half renewing acquaintances she met in 1956. Among those were Mr. and Mrs. Larson Lloyd of Big Spring.

Mrs. Bayliss spent Saturday through Tuesday visiting the Lloyds whom she met when she made her first trip to the United States in 1956 as an exchange counselor to the West Texas Girl Scout Council. Mrs. Lloyd was then director of the council.

The current trip for Mrs. Bayliss is strictly for pleasure. Although Mrs. Lloyd had visited her once in England, many of the people Mrs. Bayliss has visited this time she had not seen since 1956.

Since arriving in the U.S., Mrs. Bayliss has visited friends in Tennessee, Mississippi, Louisiana and various points in West Texas. She took a Greyhound bus to the Grand Canyon.

"I was more prepared this trip for the desolate country and miles of nothingness in West Texas," said Mrs. Bayliss. "In 1956 it was quite a shock after living so long in England."

Mrs. Bayliss kept a list of people she met in 1956 and corresponded with many of them, including the Lloyds.

"It has been a marvelous eight weeks," she said. "People have changed, but that's to be expected over so long a time."

Mrs. Bayliss left Tuesday for Chicago, Ill., her last stop before she arrives in New York to fly back home. Upon her return, she will have two weeks to prepare for the beginning of school. She teaches third grade in one of England's independent schools. She continues to be active in England's Girl Guides, the counterpart to the American Girl Scouts. She has given almost 25 years of volunteer service, and currently teaches adult leadership training.

Ceremony Held In Louisiana

Miss Freda Wright became the bride of Thomas Ham on Aug. 11 at the home of her uncle and aunt, Mr. and Mrs. Jerry Cooley, Longville, La.

The bride is the daughter of Mr. and Mrs. Ray Wright, Longville, and Ham is the son of Mr. and Mrs. Alfred Ham, 2005 S. Monticello, Big Spring.

The newlyweds will reside at 1201 High School Drive, De Ridder, La., where Ham is employed by the De Ridder Cable TV Company. He is a graduate of Big Spring High School and attended Howard County Junior College. Mrs. Ham graduated from high school in Longville.

Sister Is Ill

FORSAN (SC) — Mrs. L. W. Willis has gone to Oil City, La., to be with her sister, Mrs. May Lofton, who is seriously ill.

Intermarriage

Dear Abby

Abigail Van Buren

DEAR ABBY: I was brought up (and I brought my own children up to "be friends with everybody, but to marry your own kind."

Would you consider this prejudice? I have respect for all religions and colors, and have friends of all denominations, but I do not condone or believe in intermarriage. I try to find the good in the individual, regardless of color, creed or origin. Marriage is difficult enough without the problems intermarriage presents.

Would you please give me your opinion?

NOT PREJUDICED DEAR NOT: I agree, and marrying one's "own kind" may possibly reduce the number of problems. (It may not.) But I believe in the right of every adult to marry whomever he wants. Were you to bring up your children to try to find the good in the individual, regardless of color, creed or origin, and respect his right to make his own choice, then I would say you were not prejudiced.

DEAR ABBY: I wish you could tell me how to solve a problem, which has been bothering me for a long time, but has gotten worse lately. I am over 65 years old,

and my eyesight is growing dim, even with eyeglasses. I do all my own housekeeping, cooking, washing, etc. My daughter in law comes here quite often, and she always points out a speck of dust I missed in a corner, or a few crumbs I overlooked on the table, or some fingerprints on my refrigerator.

I am not a careless housekeeper, Abby, but I just can't see as well as I used to, and her constantly finding something I overlooked makes me feel bad. Is there some way I can let her know how much this bothers me? When I know she's coming I look for these little things she might find, but my heart grows heavy because she always finds something I missed. Help me. HURT

DEAR HURT: The next time "The Inspector" visits, greet her with: "If you should see a speck of dust, a crumb, or a fingerprint I overlooked, please don't mention it as I do the best I can, but my eyes aren't what they used to be." And if she forgets, remind her as often as necessary.

PROBLEMS? You'll feel better if you get it off your chest. For a personal reply, write to ABBY: Box No. 69700, L. A., Calif. 90069. Enclose stamped, self-addressed envelope, please.

Two Feted By Past Matrons

Mrs. Albert Davis and Mrs. George Pittman were honored for their birthdays Tuesday evening by Past Matrons, Big Spring Chapter 67, Order of Eastern Star, at a meeting in the Downtown Tea Room.

Mrs. H. S. Hanson was a guest, and Mrs. Hayes Stripling Sr. presided. The dining table was centered with a large arrangement of magnolias.

Named to the hostess committee for September were Mrs. George Dabney, Mrs. George Bair and Mrs. Lester Wise. The September visiting committee includes Mrs. Joe Hayden, Mrs. Fred Eaker and Mrs. D. D. Dyer.

Recent Guests In Forsan Home

FORSAN (SC) — Recent guests of the Paul Kennedys and the Don Murphys were Mr. and Mrs. James Kennedy and Mr. and Mrs. Edward Kennedy, all of Crane. The Edward Kennedys were on the way to Ardmore, Okla.

Cubs' Jenkins Hits 'Bat Tossing' Mark

By The Associated Press

Guinness, stop your presses. A couple of world's records were set Tuesday in Chicago. In the category of most bats thrown by a right-handed pitcher leaving the game, the record is now four. And for the category of most bats landing between the mound and home, thrown by a right-handed pitcher, the record is also four. Ferguson Jenkins, the owner of these two marks, was noticeably touched by the world records. "I don't have anything to say. You don't mind, do you?"

A three-run Atlanta fifth sent him to the showers with his 12th defeat in 22 decisions. As Jenkins, loser in six of his last seven starts, ambled off the mound the Chicago fans let him know they had had enough.

They booed. Jenkins indicated he, too, had had enough. He threw bats. Four of them, all sailing harmlessly between the mound and home plate. But Jenkins' heaves had no effect on the baseball game's final score: Atlanta 6, Chicago 2—the ninth straight loss for the staggering Cubs.

In the other National League action, Cincinnati squeaked by Pittsburgh 5-4. St. Louis pounded Houston 9-5. San Diego blanked New York 9-0. Philadelphia edged San Francisco 4-3 and Los Angeles overcame Montreal 4-3.

In the American League it was: Baltimore 12, Texas 10; Kansas City 8, Cleveland 5; Minnesota 12, Detroit 1; Milwaukee 5, Chicago 4; New York 7, California 2, and Oakland 1, Boston 0.

ATLANTA SHORTSTOP SONNY JACKSON TAKES A NOESIDE DIVE Following Collision With Chicago's Pat Bourque (19) At Second Base

Cards Rally Past Astros

ST. LOUIS (AP) — "You always have a chance," said Red Schoendienst, permitting himself an overdue smile.

An hour and a half earlier, however, the chances of Manager Schoendienst's struggling St. Louis Cardinals looked nil in Tuesday night's game against the Houston Astros.

Then, threatened with their longest losing spin since 1957, the Cards exploded from a 5-0 deficit and won going away, 9-5, to snap an eight-game skid.

"It's nice to bounce back," said catcher Ted Simmons, who had three hits. "You get in such a bad way you don't even know what town you're in."

"Even though we were in the doldrums and were behind, nobody quit," insisted captain Joe Torre, who contributed a two-run double.

"That's been the story of this club all year," Torre added. "We just don't have any quitters. If we did, we'd never have gotten where we are in the first place."

The Cards, baseball's Cinderella team until an injury shelved pitcher Bob Gibson Aug. 4, were held to one hit by Houston righthander James Rodney Richard for five innings.

But rookie Mike Tyson poked a single leading off the sixth and a six-hit, five-run rally to tie the following.

An inning later, after Ken Forsch had spelled Richard and Juan Pizarro on the Houston mound, Bernie Carbo's double snapped the deadlock and Torre's hit added insurance.

BUT PASSAGE NOT LIKELY Interleague Play Eyed

MILWAUKEE (AP) — Interleague play was high on the agenda of major league baseball's summer meetings which began today, but the plan appeared to have little chance for adoption.

National League owners held a preliminary meeting Tuesday, and several said later they had open minds on interleague play. But National League President Chub Feeney said he opposed the idea "at this point," and it was known some owners were in his corner.

While there was some confusion concerning how many votes would be required by National League owners to adopt such a plan, Feeney said he believed it would have to be unanimous.

"At this point, I'm opposed to it (interleague play)," Feeney said. "I would think we would have to have a unanimous vote because it's such a delicate thing and would involve changing the divisional setups and scheduling."

"We discussed interleague play and the designated hitter rule, but it was just a preliminary meeting and we'll be discussing it further," said Feeney, adding that National League officials would meet in attendance for several years, posed it.

Bud Selig, president of the American League's Milwaukee Brewers, was expected to outline an interleague play proposal at today's joint session.

For What It's Worth

Jack Cowan

Ready or not, it's here. The swift toe of the pigskin has struck, and raving maniacs are loose, spouting Lombardisms and running uncontrolled for the most part. You can also tell football's here by the way baseball is just getting interesting, tennis and golf are going strong and basketball players are beginning to get restless.

Around the area, high school boys are learning the do's and don'ts of 1973 from coaches, some of them new. Some of them old. Some of them still sane . . .

Locally, there's not much excitement, other than the normal run of bumper stickers, stocking up on Tough Skin, etc. Some of the Big Spring players are checking out shoes today, and others will be getting their footgear Thursday when school starts.

Beginning Monday, the Steers will be working in shorts, and on Friday they'll be able to put on pads, a healthy two weeks before the first game. Coach Bob Burris and his staff are merely getting their house in order at the present, however.

Looking at the over-all picture of the Big Spring football area — standing up around Tahoka or O'Donnell, say — it doesn't raise all that many feelings of hope. Of all the teams around, none are expected to challenge for district championships and most, in fact, are supposed to finish right down near the bottom in their respective races.

Oh, if you climb up a little higher and bring Lamesa into the thing you could add a bit more brightness to the scene, but that's awfully fringe-type area. Big Spring is likely to battle Abilene High for the cellar, the talkers say, for the umpteenth year.

And that isn't all they're saying. Coahoma will be on the outside looking in for the first time in quite a while. Stahton had better get used to being trod upon again, and the only team Forsan is supposed to beat is Sands. Garden City will have to struggle for a first division finish.

That, sports fans, is the bleak preseason picture of success in reverse. Luckily, preseason guesses always come before the season starts. It's that post-season chatter that's really interesting . . .

Speaking of interesting, new Sands head coach Jim Allen may or may not help his Mustangs break from a two-year victory drought, but he'll probably give his opponents some headaches trying. Allen, new to Sands after a stay in White Settlement, near Fort Worth, will reintroduce the Wichita Falls Box to Texas football.

He may double the ticket sales just because folks want to take a walk down memory lane. It's not so old as to be compared with the flying wedge, painting footballs on jerseys or tossing a halfback over the defensive line with handles, but reports tell me it was last used with any success in the late 1950s. Old, yes, Allen will tell you. Outmoded, no.

If you're any younger than I am, you'll need an explanation. It's like the single wing. Yeah, some of you still need an explanation. Correct me if I'm wrong, T. Hart, but I believe the line is generally tight with one back just outside the end, another directly behind the tackle on the same side of the backfield, another behind him about three steps and the tailback next to him behind the center.

"It's got lots of spinning and half spins, and lots of traps and power plays," explains Allen. "Of course, it all depends on the personnel how we run it. If we have pretty good personnel we'll throw quite a bit. If not, we won't. If we have good speed we'll go around the ends. If not, we'll stay in the middle."

You know, that doesn't sound a lot different from some other offensive sets I can think of . . .

League officials would meet in attendance for several years, posed it.

Bud Selig, president of the American League's Milwaukee Brewers, was expected to outline an interleague play proposal at today's joint session.

Baylor, Birds Outlast Texas

ARLINGTON, Tex. (AP) — Don Baylor is the hottest hitter in the major leagues and his ringing bat has put the Baltimore Orioles just half a game behind the Detroit Tigers in the American League East.

Baylor went five-for-five Tuesday night in his greatest performance in the majors as the Orioles outlasted the Texas Rangers 12-10. This was in the wake of his four-hit performance Monday night.

"Everything is falling in . . . the poppers and the liners," grinned Baylor, whose average has zoomed from .219 on July 17 to .281.

His five hits included a three-run homer, two doubles and two singles.

The Baltimore outfielder has eight consecutive hits and 15 hits in his last 18 at-bats—six of them doubles.

Since July 17, Baylor has 30 hits in 59 at-bats—a cool .508 average.

"I got five hits once in the California League, but nothing like this," said Baylor, a former Austin, Tex., schoolboy. "I don't normally start against righthanders. . . . Paul Blair does. He came up and told me before the game, 'You're hot and I'm 3-for-31. . . . Good luck.'"

Baylor had a strong contingent of fans from Austin at the game, and they cheered his every move.

(AP WIREPHOTO)

BONING UP — Pittsburgh Steeler running back Franco Harris, whose "miracle touchdown reception" led the team to a win over Oakland in the 1972 AFC playoffs, reads his playbook in the dormitory at the Steelers' training camp in Latrobe, Pa. Harris' catch gave his team its first division title in the Steelers' 41-year history.

Older, Wiser Steelers Plan To Challenge For Title Again

PITTSBURGH (AP) — There was more to the 1972 success of the Pittsburgh Steelers than just fanatical fan clubs and the miracle touchdown reception of Franco Harris. The real keys to the first division title in the Steelers' 41-year history were talent and execution, and it's those ingredients which make Pittsburgh a bona fide Super Bowl contender this season. Behind it all were the astute, thorough coaching of Chuck Noll and the talents of players he amassed almost exclusively through the drafts. Virtually the same team returns this season, a little older,

a little wiser and seemingly just as eager, so the smiles of optimism seen at the Steeler training camp are understandable. The soul of the Steeler team is its defense, which allowed 175 points last season, fewer than every team but Miami, which gave up 171. The leader of that defense is left tackle Joe Greene, last season's National Football League Defensive Player of the Year. "Mean Joe" teams with ends Dwight White and L. C. Greenwood and tackle Ernie Holmes to give Pittsburgh a front four that held opponents to 123

yards rushing per game in 1972. Behind them is the line-backing trio of Andy Russell, Jack Ham and Henry Davis. The Steelers' secondary was considered a weak link at the start of last season, but Pittsburgh went on to lead the National Football League with 28 interceptions. The big names on the Steeler offense are quarterback Terry Bradshaw and Harris, the 230-pound fullback who was NFL Offensive Rookie of the Year last season. Steeler wide receivers include veterans Ron Shanklin and Frank Lewis, both game-breakers, but No. 3 receiver Al Young had to quit pro football due to a chronic illness. Young's departure created a depth problem, but among the possibilities is Preston Pearson, a converted running back, who is rated perhaps the best all-around athlete on the team.

University Games Under Way Today

MOSCOW (AP) — Some 4,500 students from 78 nations were poised for today's start of the seventh World University Games and trying hard to smile. The Russians hope to make a big enough impression with these games to win the right to stage the 1980 Olympics. But thus far, most of the competitors have been pretty unhappy. It rained most of Tuesday and the athletes couldn't do their training. The mammoth Moscow University building, where the athletes are living, was a security fortress, with everyone required to show identity cards at three different points between the front entrance and their living quarters. Volleyball players who turned out for a scheduled workout found the practice hall was not ready. The big security set-up follows the raid by Arab guerrillas on the Israeli quarters at

the Munich Olympics last year. The International Federation of University Sports asked the Russians to make sure nothing like that happens here. Meanwhile, the opening ceremony was scheduled to take place in Lenin Stadium today. It would be the kind of colorful spectacle to cheer up everyone—if the rain stops. Most of the interest will be in the track and field events, which start Thursday and run through next Monday, and the four days of swimming which follow. Also on the program are gymnastics, basketball, volleyball, wrestling, fencing and tennis.

Second-year man John McMakin has a hold on the tight end spot, but he is being pushed by Warren Bankston, a converted fullback. **Coahoma QB Club Sets Fete** The Coahoma Quarterback Club will hold an ice cream and cake supper Friday at 7:30 p.m. in the elementary school cafeteria to honor the Bulldog football team and coaches. QB Club spokesmen asked that each family bring a freezer of ice cream or a cake to the event.

UT'S CRENSHAW TO TURN PROFESSIONAL THIS WEEK

SUTTON, Mass. (AP) — Ben Crenshaw, probably the most highly touted amateur golfer since Jack Nicklaus, makes his professional debut this week here in a \$200,000 event.

With many of the game's glamor names among the missing, this relatively small, stocky, hard-hitting 21-year-old from the University of Texas is sure to get a major share of the attention from the galleries that usually rank among the largest on the pro golf tour.

Crenshaw has won almost all the amateur honors available — aside from the national amateur title. He's taken two national collegiate titles and has occasionally challenged in his rare appearances in professional events. He's been the lone amateur in the last two U.S. Opens and the last two Masters.

In fact, the showing he's made in the professional events have paved the way for a representative schedule by the personable, popular, long-haired youngster even before he really becomes eligible.

IN COWBOYS-SAINTS TILT Concannon Will Start

By The Associated Press

Veteran Jack Concannon, the forgotten man of the Dallas Cowboys quarterback corps, will finally get a chance to show his stuff.

After spending all of last season watching Roger Staubach and Craig Morton spark the Cowboy attack, Concannon will own the spotlight for National Football League club's pre-season game against the New Orleans Saints Saturday night. For the first quarter, anyway. "Concannon will open and go for a quarter," Dallas coach Tom Landry said Tuesday.

"We'll play all three quarters."

And, despite the fact that Staubach and Morton have a decided edge on Concannon for the No. 1 spot on the Cowboy staff, Concannon's performance might change things around. Coach Landry hasn't made his final decision yet.

"I hope we can decide by the start of the season," Landry said, adding importance to Concannon's performance Saturday night.

The Miami Dolphins, meanwhile, are set at quarterback but unsure of a number of other players as they prepare for

their meeting with the Chicago Bears. Offensive tackle Doug Crusan sprained both knees and one ankle, while linemate Norm Evans suffered a shoulder injury in last week's victory over the New Orleans Saints. Another question mark as the Dolphins try for their 22nd consecutive victory is running back Larry Csonka, who has a bruised leg muscle.

Paul Brown of the Cincinnati Bengals announced the acquisition of a free agent, safety Rick Seifert, a rookie from Ohio State who had been dropped recently by the New York Jets.

Ticket Sales At Deadline

Last year's football season ticket holders have until 5 p.m., Friday to renew their options on the same seat locations at Memorial Stadium. The ducats, good for five home games, are priced the same as in 1972 — \$10. Those wanting the same seats should forward their checks or report in person to the School Business Office (rear entrance), located immediately south of the High School Gymnasium on 11th Place. Next week, the remaining tickets will be made available to the public on a first-come, first-serve basis.

Pee Wees Urged To Get Uniforms

Pee Wee Football Association director Marvin Wise reminds Big Spring fifth and sixth grade youngsters they should have equipment by early next week when practices start if they are to compete. Helmets, shoulder pads and pants with removable pads are required in the league, which will begin play Sept. 10. Wise said the equipment is available at local sporting goods stores.

Roberts, Garrett Join ACC Staff

ABILENE — Two men have been named to positions in the Division of Public Relations and Development at Abilene Christian College, according to Robert D. Hunter, ACC vice president for public relations and development.

The two are Garner Roberts, director of sports information and development publicity; and Dan T. Garrett, development field representative. The new appointments became effective immediately.

Before their appointments, Roberts was marketing and employe publications editor for

Astronauts Ask For More Work

SPACE CENTER, Houston (AP) — Skylab 2's astronauts, told to plan on completing a full 59-day mission, asked for more work aboard their orbiting laboratory even if it meant cutting back their sleep.

Skylab 2 commander Alan L. Bean and crewmates Dr. Owen K. Garriott and Jack R. Lousma also announced that one of about 50 minnow eggs aboard the space station hatched late Tuesday night.

The astronauts, in their 19th day in space today, scheduled medical tests and hours of observing the sun with telescope cameras. Bean also planned to fly a maneuvering device inside the dome of the large lab.

Meanwhile, launch crews at Cape Kennedy, Fla., prepared a would-be Skylab 2 rescue craft for use instead on a planned Skylab 3 mission. Officials decided on Tuesday that

the crippled Apollo ferry craft now linked to Skylab would be able to bring Bean, Garriott and Lousma back to earth.

Bean told mission control Tuesday night that he and his crewmates were completing their work each day hours ahead of schedule. He asked that they be assigned more experiments.

Garriott relayed the birth announcement: "I guess it should be noted that we had the first birth ever noted in . . . Space."

He said a minnow fingerling was swimming in a plastic bag aquarium that holds the eggs. Another compartment of the bag contains two adult minnows.

The aquarium is part of a study of the effects of weightlessness, and Garriott said he fingerling was not swimming in the disoriented spirals that the adult minnows had adopted in space.

It "swims in a very normal manner . . . as if he were already adapted to zero gravity during the hatching process," he said.

Fair Committee Meets Monday

Members of the Howard County Fair Committee will hold an important meeting at 2 p.m., next Monday in the Howard County Fair Barns.

At that time, details relating to the 1973 fair will be discussed.

Seven May Get Scholarships

ODESSA — Seven persons with special qualifications may be eligible for scholarships which are available at The University of Texas in the Permian Basin, opening in September in Odessa.

Residents of Ward County may apply for two scholarships and one for a woman providing \$500 each per year.

A student majoring in earth sciences may be eligible for the D. T. "Huck" Russell Memorial Scholarship, providing \$500 per year. A male student from Andrews, Ector, Gaines, Ward or Winkler County can win the \$500 Permian Basin Coca Cola Scholarship which is available. The Mexican-American Scholarship Committee is offering two \$100 awards to Mexican-American students, and the Nojem Libson Scholarship of \$150 is available to a member of a minority race.

Information about other requirements for the scholarships may be obtained from Joe Tave, director of financial aid, at The University of Texas at the Permian Basin in Odessa.

100 AND STILL GOING STRONG

DALLAS (AP) — Walter D. Carpenter, a Chicagoan who moved here in 1918 for health reasons, has just celebrated his 100th birthday with a big party and his usual stroll through city parks.

"Anytime you get tired of living, your life is over," Carpenter said commenting on his attitude towards life as he played with his 6-month-old great-grandson. Asked about his secret for longevity, he answered: "The Lord knows. I don't."

Capping Rite Set Friday

A capping ceremony for 13 student nurses in the Howard County Junior College vocational nursing program is set for 8 p.m. Friday in the college auditorium.

Main speaker at the ceremony will be the Rev. Roy E. Honea, pastor of Grace Baptist Church. He will be introduced by Dr. Larry Kef, dean of occupational education.

Caps will be presented to the student nurses by Johnnie Amos and Ramona Harris, both registered nurses. Mrs. Richard Davidson, member of the Gideons' Auxiliary, will present Bibles.

Taking the Florence Nightingale Pledge will be student nurses Julia Abbott, Hazel Baker, Geraldine Barlow, Angela Bobo, Pam Dower, Ladona Honea, Joleene Kerby, Melody McCutchan, Nona Miller, Beverly Shortridge, Ann Stutz, Faye Szczepczynski, and Shelby Turner.

Capping signifies the end of four months pre-clinical training. The students are now assigned to work for eight months in three local hospitals, Medical Center Memorial, Hall-Bennett Memorial and Cowper's.

A lighting specialist tells what to look for when you're buying light bulbs.

Here are some suggestions that may help you in the wise selection of light bulbs for your home.

- All general service incandescent bulbs now have three ratings on their packaging. (A) Lumens tell you about the light output or performance of the bulb. (B) Watts tell you how much electricity is needed to produce that light. (C) Bulb life is stated as an average, and is an indication of the hours of use you may expect before the bulb burns out.

- When the amount of light is more important than bulb life — for reading, studying or working — choose a standard bulb that provides the most lumens for its wattage.
- Where bulbs are difficult to change and when the amount of light needed is not so important, choose an extended life bulb. You'll get longer bulb life, but you'll give up some light. Considering two bulbs of the same wattage, longer life means less light. You give up one for the other.
- In some cases you can take advantage of the fact that one large bulb may give more light at lower cost than a group of smaller bulbs. For instance, one 100-watt bulb gives more light than three 40-watt bulbs; it uses less energy and costs less to buy, too. Be sure to check the fixture for its maximum bulb wattage rating.
- Use fluorescent lamps where you can. They give more lumens per watt and have longer life. They can also produce a color of light comparable to incandescent bulbs.

If you're building or remodeling, we'll be glad to help with your plans and show you how to get efficient use of electricity for lighting. There is no charge for this help, and you can arrange it by calling our office. It's our job at Texas Electric to help you get the most value from your electric service.

Ask for our free booklet, "Tips to help you use electricity more efficiently throughout your home."

LAUGHING MATTER

So my snoring keeps you awake! It keeps me asleep!

Deer Poaching Is Increasing

Current shortages of beef might be one reason behind the recent increase in illegal nighttime deer hunting, said local game management officer J.C. Thomason.

Thomason made the statement when asked to comment on the remark made in Austin last week by game warden Grover Simpson who said that the beef shortage has prompted the worst outbreak of illegal deer hunting he has ever seen.

While Thomason agreed that

the beef situation might have something to do with it, he noted that violations usually begin to pick up this time of year, because the deer begin to move out into the open more.

He said he has had numerous calls in the past week and a half reporting illegal deer hunters. Official deer season does not begin until Nov. 17. Thomason pointed out that hunters may be fined for a variety of offenses including shooting across, along or from a public road, hunting deer out of season, and hunting deer out of season with the aid of an artificial light. Fines range from \$25 to \$500.

Call Her

Jean Adams
TEEN FORUM

CHERYL: (Q.) I am trying to get together with Cheryl. She's pretty. I have only seen her a few times and I have a big crush on her.

But she never calls me, and I don't see her much and when I do there is always a crowd and she

always has some reason she can't go out with me.

Tell me how I can get together with her. She is 15 and I am 14. Mitch in Massachusetts.

(A.) Don't wait for Cheryl to call you. Like many girls today, she probably still thinks it's the boys job to do the calling. And if she does I agree with her.

Call her yourself. Just by doing so you tell her something important: She is important to you, important enough that you would stop what you are doing and spend some time with her.

Calling her shows her that you are not content to wait around to see her, but want to talk to her NOW. It tells her that talking to her in a crowd is not enough, that you don't want to talk to her publicly, but privately, alone, just you two.

If Cheryl has any interest in you now, calling her a few times should increase it. If she isn't interested in you now, calling her may arouse some interest.

That is the first step in getting together with her — getting her interested, or more interested, in you.

Play Day Is Set By Club

Howard County Youth Horsemen set plans for a Belt Buckle Play Day to be held Saturday, Aug. 18 at the Club Arena on the Garden City Highway when they held their regular monthly meeting Monday night at the Fair Barn.

Plans were also made for work nights at the club arena tonight and Thursday.

The club sponsored Belt Buckle Play Day Saturday will start with 6 p.m. registration followed by events starting at

7 p.m. including barrel racing, flag racing, pole bending, and a surprise event to be announced.

Buckles will be awarded in each event in each age group from Shetland through Adult divisions with one buckle in each event in each age group allowed per person.

Points will be totaled for an all-around cowgirl and cowboy award. The concessions stand will be open and club officials invite the public to attend.

Final plans will also be made for a Halter Show Play Day on Sept. 1, which is the third in a series of three. It is for members only. Awards will be presented at the annual banquet in November.

Soviet Author Finds Paris Job

PARIS (AP) — Soviet author Andrei Siniavsky, granted an exit visa after serving a prison term for publishing works

abroad, is in Paris to accept a teaching post at the Sorbonne.

Siniavsky was released from a Soviet labor camp in May 1971 after serving five years of a six-year sentence. His request for permission to emigrate was granted in June after a six-month wait.

Pass Pass

Opening lead: Seven of ♠
When this deal was played in a recent tournament, a contract of three no trump was reached at every table — and in all but one case was successful. One unfortunate declarer fell victim to a fine defensive effort by East.

North knew his side had at least 25 points in the combined holdings. Even if South were minimum, North felt his fine five-card club suit would be adequate compensation for any point-count deficiency, so he went straight to three no trump.

At every table but one, East won the first trick with the diamond queen. He returned the suit, and West's ace felled dummy's king. West continued with the ten of diamonds, hoping that his king of hearts would be an entry to cash the rest of the diamonds.

Unfortunately, declarer

won the jack of diamonds and forced out the ace of spades. When East returned a heart, declarer rose with the ace and cashed out his tricks to make an overtrick.

At the one table where South went down, East followed with the eight of diamonds at the first trick. This was a well reasoned choice. Applying the "Rule of 11," East worked out that South had only one diamond higher than the seven. He could not have the ace of diamonds, for that would give West the J-10-9, and he would have led the jack. Also, it was unlikely that South had the ten or nine, for then he would have played dummy's king as his best chance to win a trick in the suit. Therefore, South almost certainly held the jack.

Rather than allow declarer to preserve the jack as a third-round stopper, East played the eight to force South to win the jack immediately. Later, when East got in with the ace of spades, he returned the queen of diamonds. West rose with the ace to bring down the king, and could take four more diamond tricks to set the contract two tricks.

Double dummy, declarer can make the contract by allowing East's eight to win the first trick. But that would be an unnatural play, for West might have led away from a suit headed by the ace-queen, in which case a hold-up would allow the defenders to run the suit and beat the hand before South had a chance to take a trick.

Fat Chance

QUEBEC (AP) — In times or places where men fear starvation, the fat woman is beautiful, says Dr. Jean Tremolieres, of the dietary research unit at the Bichat Hospital in Paris.

Speaking to the annual meeting of the Canadian Pediatric Society here, Tremolieres said a woman's plumpness offers reassurance that the fear of starvation will not come true.

Easy Way To Kill Roaches and Ants

Pleasantly scented, Stainless No-Roach is made for use in your home and contains only quality ingredients. Kills roaches, ants... fast!

Don't take chances, take No-Roach.

REG. 41.97

29.97

REMINGTON MODEL 700

the world's strongest bolt action rifle

Three rings of solid steel surround the cartridge head

The bolt is the heart of what many shooters call the finest all-around big-game rifle made. Snick it open. You'll see the strongest action ever put in any rifle. Slam it closed. Now your cartridge head is protected by three overlapping rings of solid steel. But it's not the whole 700 story. We tested all the bolt actions. You won't get better accuracy. Or a cleaner trigger pull. Or a tougher finish. Or better checkering. Or a more comfortable stock.
