# CUTS RESTORED Weapons Bill Wins Approval In Senate

WILMER E. SCOTT

WASHINGTON (AP) — The Senate has approved a \$21-billion weapons authorization bill that requires a 156,100-man reduction in military manpower and a partial pullback from overseas bases.

But before Monday's 91 to 7 vote that sent the bill to conference with the House, senators rejected a \$500-million cut that was offered as a weapon against inflation.

### 51 TO 47 VOTE

By a 51 to 47 vote, the Senate first approved the reduction in spending authority. Minutes later, the action was overturned by an identical vote.

Sens. Hubert H. Humphrey, D-Minn., and Robert C. Byrd, D-W.Va., sponsors of the reduction amendment, said the Defense Department should share in the cuts if the \$268.7-billion spending ceiling for this fiscal year is to be upheld.

Congress and Nixon have agreed to the ceiling as a tool in the war on inflation.

But Sen. John C. Stennis, D-Miss., chairman of the Armed Services Committee, said the across-the-board cut would undo months of work put into the bill by the panel.

Through the nine days of debate, sponsors of the committee bill argued that further cuts would jeopardize U.S. security and hinder impending negotiations with the Soviet Union for arms and troop reductions.

### SLICE POWER

The final Senate bill is virtually identical to the one drawn by the committee and is \$550 million above what the House voted.

The notable change from the committee bill is an amendment added on the floor by Humphrey and Byrd, requiring a 110,000-man reduction in the number of land-based American troops in foreign countries by Dec. 31, 1975.

The committee mandated, and the Senate agreed to, a cut of 156,100 personnel in uniformed manpower by next June 30.

The bill passed by the House calls for neither a troop cutback nor a withdrawal from foreign bases.

The Senate bill gives the Pentagon virtually all the weapons systems it requested.

# City Leads Way In Collections

The City Hall had a steady run of taxpayers on opening day Monday with a total of \$1,425.33 collected the first day.

The city offers a 3 per cent discount during October, diminishing to 2 per cent in November and 1 per cent in December.

The county also offers the discount but the tax assessor reported that the first day was poor for county collections with a total of only \$701.47.

Several patrons reported that city tax notices arrived earlier in the mail.

The junior college taxes are also collected at the courthouse and they offer no discount and and there appeared to be no hurry among the taxpayers.

The same applies to school taxes, which offers one per cent discount in October.

# Transit Camp Idea Snubbed

VIENNA, Austria (AP) — Premier Golda Meir flew here today for a face-to-face attempt to persuade Chancellor Bruno Kreisky to go back on his pledge to close a transit camp for emigrating Soviet Jews.

The chancellor, himself a Jew, told newsmen shortly before Mrs. Meir's arrival that he will receive the 75-year-old Israeli leader and listen to her plea, but will not reverse the promise.

Mrs. Meir was whisked away from Schwechat Airport under extremely tight security. She sped straight into town for her talk with Kreisky.

Mrs. Meir told newsmen in Strasbourg, France, as she boarded her plane for Vienna that Kreisky's pledge to close the Schoenau Castle transit facility near Vienna means "the victims of terrorism" were being punished instead of the terrorists.

# Sergeant Charged With Killing Infant

ABILENE, Tex. (AP) — A Dyess Air Force Base sergeant was charged with murder with malice Monday in the death of his six-month-old daughter.

Sgt. Phillip Ray Stiles of Plano was held in lieu of \$50,000 bond after appearing before Justice of the Peace Silas Clark.

Stiles' infant daughter, Kimberly, died at an Abilene hospital Monday of undetermined injuries. Clark ordered an autopsy in the case.

# Incurable Obesity

WASHINGTON (AP) — Fatties who spend hours and days and weeks bicycling in place, doing pushups, lifting weights and sitting in steam baths in hopes of achieving the "Twiggy" look may be wasting their time.

Same for skinny people who eat and eat in anticipation of being "pleasingly plump."

They may be permanently the way they are for the very good reason that they're supposed to be, according to Dr. Myron Winick of Columbia University's Institute of Human Nutrition.

Speaking at a nutrition seminar Monday, Winick said doctors have long recognized two kinds of fat people: Those who can lose weight and maintain their new slim look and those who, while they may have lost weight on a strict diet, "zoomed right back up."

He said this is because they developed a certain number of fat cells during their formative years and now they're stuck with them.

# Man Could Stay In Orbit Indefinitely?

SPACE CENTER, Houston (AP) — Skylab 2 commander Alan L. Bean, back from a record 59½ days in space, said today he thought man could stay up there indefinitely if he exercises and eats and sleeps regularly.

"After 25 days or so we seemed to stabilize physically up there," he said. "We seemed to hit a groove and felt we could have stayed there indefinitely."

Bean and his fellow crewmen, Owen K. Garriott and Jack R. Lousma, held their first news conference since their return to earth last Tuesday.

Garriott reported all three were in good health but they were less energetic than before the mission.

"We jogged a mile at the track yesterday, but at a slower rate than before the flight," Garriott said. "It just takes time to get everything back in shape."

Lousma credited their good health mainly to extensive exercise in space, most of it done on a bicycle-like machine.

He also said he had a feeling of extreme heaviness on return to earth's gravity.

"My feet felt like they were magnets and they wanted to stay on the floor," he said.

"But this, plus our light-headed feeling went away fairly quickly."

Bean said he feels they left the Skylab station in good shape for the Skylab 3 crew which is to visit the station in November for at least an eight-week stay.

### WARMER

Continued clear and warm weather with a high today and Wednesday expected to be around 90 degrees. Low tonight at 60 degrees. Partly cloudy on Wednesday. Winds from the south at 10-20 miles per hour and humidity at 48 per cent.

# Fugitives Suspected Of Killing Six Nabbed

FORT THOMAS, Ky. (AP) — Two prison escapees who police say killed six persons during a flight across Kentucky were captured early today. The victims included a minister and his two children.

Police identified the two men as Wilmer Scott, 35, of Chattanooga, Tenn., and William Sloan, 24, of Louisville. They fled from custody in Lexington on Monday and were arrested shortly before 2 a.m. EDT at Fort Thomas, just across the

Ohio River from Cincinnati. Scott and Sloan were held in the Campbell County jail, charged with willful murder.

### KILL MINISTER

Police said that after Scott and Sloan escaped from custody, they forced a Lexington woman to drive them to her home, tied up her family and stole her car, a gun and some kitchen knives along with a small amount of money.

Later, police said, they killed the minister and his two chil-

dren at their Lexington home, then shot to death three persons at Fishers Motel in Falmouth, 25 miles south of here.

The two men were arrested by Fort Thomas police who received a call reporting that Scott and Sloan were driving a car stolen from one of the victims at the motel.

Police quoted one of the fugitives as saying after his arrest: "I killed three people in Lexington, too."

The Lexington victims were

identified as the Rev. John K. Barnes, 47, an Episcopal minister; his daughter, Francine P., 18; and his son, John E., 14.

The minister's wife, Mary Agnes, was out of town.

The victims in the motel were identified as David and Monroe Sizemore of Hyden, Ky., and the motel manager, Elva Harper, 64, of Falmouth.

Sgt. Jack Clifford of the Falmouth police said he thought the two forced Harper to open the two rooms where the vic-

tims were and then started shooting. He said all were shot at close range in the back of their heads. He said the pair took some money and watches.

Another two persons were wounded in the motel shootings. They were treated at a local hospital and released.

Lexington Metro Police said the Barnes were found shot to death in their home shortly before 4 a.m. Lexington police said the prisoners told state police where to find the bodies.

# Consumers Suffer Another Setback

By The Associated Press  
Consumers fighting the battle of the bulging food bill suffered another setback in September, an Associated Press market-basket survey shows.

The family grocery bill on Oct. 1 averaged almost nine per cent more than it did on

March 1. On Sept. 1, the marketbasket bill was seven per cent higher than it was six months earlier.

The news wasn't all bad: Pork chops and eggs kept going down. But the food bill was pushed up by higher prices for milk, sugar, butter and cookies.

The AP checked the prices of 15 food and nonfood items in 13 cities on March 1 and has rechecked them each succeeding month.

On Oct. 1, The AP found the total marketbasket bill was up in six cities and down in seven. In almost half the cities, the change either way was less than one per cent.

Of the total number of items checked, however, 35 per cent cost more on Oct. 1 than they did a month earlier. Twenty-one per cent cost less, 32 per cent were unchanged, and 11 per cent were unavailable on one of the check dates.

To some extent, the increases reflected the lifting of the freeze on beef prices, which were under controls from the end of March until Sept. 10. Other factors included new government regulations permitting wholesalers and retailers to

raise their prices to compensate for hikes in operating costs and higher wholesale prices for basic commodities due to worldwide demand.

Government and industry experts alike watched during the month to see what the consumer would do. Many sources said that grocery bills would come down again if people refused to buy at high prices.

ANOTHER QUESTION — Donald Segretti, a political saboteur financed with Nixon campaign funds, is surrounded by newsmen as he listens to question outside U.S. District Court in Washington after pleading guilty to three charges of violating federal election laws during the 1972 Democratic presidential primary in Florida.

# Nixon To Impose Heating Fuel Lids

WASHINGTON (AP) — The White House today imposed a mandatory allocation system on wholesale supplies of propane gas and said a mandatory allocation system for home heating oil will be put into effect "in the near future."

John A. Love, director of the

President's Energy Policy Office, said the mandatory allocation programs are necessary "to ensure that no home or hospital goes without adequate heat and no farm is without adequate propane" this winter.

The mandatory allocation systems are based on the distribution pattern of the fuels during the past year, Love said.

### WINTERS SEVERE

However, the allocation systems include provisions for priority distribution to users in particular need, such as home heating in New England and the upper Midwest, where winters are severe.

Love said the attempt to distribute fuels fairly by voluntary cooperation from the petroleum industry was a failure and that mandatory allocations are "necessary and appropriate on a short-term basis."

But he said that fuel shortages are expected this winter "and perhaps over the next few years," hinting that "short term" may be a very flexible phrase.

The fuel allocation plans do not directly affect the prices of the products involved, which are still under the Phase 4 controls of the Cost of Living Council.

He said some details of the heating oil program were not yet available but the decision to apply it was being announced "to let consumers and distributors know that positive action is being taken."

DEMONSTRATORS ARRESTED — Riot police and plainclothesmen arrest demonstrators today on the campus of Seoul National University after breaking up a sitdown protest at the school. The students were demanding abolition of the South Korean Central Intelligence Agency and other government reforms. The police arrested about half of the 300 protesters.

# National Health Insurance Plan Introduced In Senate

WASHINGTON (AP) — A proposed national health insurance plan that would cover all major family medical costs beyond \$2,000 annually was introduced today in the Senate.

The proposal by Sens. Russell B. Long, D-La., and Abraham Ribicoff, D-Conn., places a major emphasis on catastrophic illnesses. Cost of the legislation would be \$9.9 billion.

The measure would provide: —Coverage for all families of major medical costs over \$2,000 in a year and beyond 60 days of hospitalization for each individual.

—Basic benefits for low-income families covering the first \$2,000 of annual costs and the first 60 days of hospitalization.

—Ways for persons not in the

low-income category to obtain private health insurance policies for the first \$2,000 medical and the first 60 days hospital costs.

Long, chairman of the Finance Committee which handles health insurance legislation, and Ribicoff, a committee member and former Health, Education and Welfare secretary, said their plan should go a long way toward meeting most Americans' health costs.

At the same time, they said, it would be far less expensive than full medical cost takeover plans such as the one sponsored by Sen. Edward M. Kennedy, D-Mass.

The protection in the bill for low-income families would replace the present Medicaid pro-

gram and would include all individuals with up to \$2,400 income, two-person families with up to \$3,600, and four-person families with up to \$4,800.

Long emphasized that the working poor would be included, which is not the case with Medicaid.

Long and Ribicoff said the \$9.9 billion price tag on the plan compares with an estimated \$75 billion or more for the Kennedy proposal.

The catastrophic-illness feature of the Long-Ribicoff bill, costing \$3.6 billion, would be financed by an increase of three-tenths of 1 per cent each in the Social Security tax paid by the employer and employee—amounting to a maximum of \$37.80 a year.

# The World At - A - Glance

WASHINGTON (AP) — Federal prosecutors investigating Vice President Spiro T. Agnew for possible violations of extortion, bribery, tax and conspiracy laws may face a deadline of Oct. 22. The statute of limitations on extortion, bribery and conspiracy to commit either offense is five years. The last meeting at which Agnew, then Maryland governor, participated in awarding engineering contracts was nearly five years ago, on Oct. 22, 1968.

WASHINGTON (AP) — President Nixon says he plans to visit Western Europe "in about two or three months." Nixon disclosed his plan to Italian tourists who asked when he would visit their home land. The President also took a drive through Northern Virginia.

WASHINGTON (AP) — Sen. William D. Proxmire, walking home from the Capitol, was confronted Monday night by two youths who demanded his money. "You've got to be kidding," replied the Wisconsin Democrat who last year bluffed two would-be holdup men out of robbing

him. This time, police said, one of the youths beat Proxmire with a stick as the senator grappled with him. Then the two fled, police said.

LOS ANGELES (AP) — Former presidential adviser John D. Ehrlichman told a grand jury he believed a plan to send two White House "plumbers" to California to investigate the Pentagon papers' leak had been approved by President Nixon. But Ehrlichman did not indicate that Nixon approved any illegal operations in the trip by E. Howard Hunt and G. Gordon Liddy, which resulted in a break-in at the office of Daniel Ellsberg's psychiatrist. Ehrlichman's remarks were contained in the transcript of a Los Angeles County grand jury hearing.

LAKEWOOD, Colo. (AP) — Edna and Eugene Stanek say they just want to get their lives back to normal. With five new babies and one extra bedroom, that won't be easy. The five surviving Stanek sextuplets, born Sept. 16, are expected home from Colorado General Hospital toward the end of October.

## Group Heads For Austin

Members of a 10-man delegation from Big Spring left today for Austin, where they will attend a hearing Wednesday before the Texas Highway Commission on a proposed local route for extension of IS-27 southerly from Lubbock.

The local men will join city, county and Chamber of Commerce representatives from Midland, Odessa, Lamesa, San Angelo and San Antonio who also favor a Lamesa-Big Spring-San Angelo route for extension of IS-27 from Lubbock to intersect with IS-10 near San Antonio.

Elected spokesman for the entire group is Amistead Rust, San Angelo.

Among locals attending the hearing are Harry Nagel, Harold Hall, Wade Choate and Charles Tompkins, representing the city; George McAlister, Ralph McLaughlin, W. S. Pearson, J. D. Nelson, and Tom Locke, representing the Chamber; and Jack Buchanan, representing the county.

Ron Mercer, Chamber manager, said the local men will probably not testify at the hearing but will be present to back Rust and others favoring the interstate route along US 87 through Big Spring.

## No Fuel Pact Is Yet In Sight

Still no long-term supplier for the city's gasoline needs has been found a month after the city's gas contract with Continental Oil Co. expired on Aug. 31.

Purchasing agent Bob Butler said the city has managed to get gas during the past month "by the good graces of local firms who have called us each time they had a little extra."

"We are now buying wherever we can, but it's not a satisfactory thing," he said, adding that he will get with the city attorney soon to see what legal recourse the city has.

Continental has refused to continue supplying the city as has Gulf Oil Co., which supplied Big Spring in 1971-72.

## Rally Planned By Pack 100

Pack 100, sponsored by St. Paul Presbyterian Church, will hold a membership rally for all boys eight through 10 years of age.

The rally will be held at the church, located on Birdwell Lane, Tuesday evening between the hours of 7 to 8 p.m.

All boys wishing to join Pack 100 must bring a parent or guardian with them.

# CARR-OSORIO HEARING Looks Like Instant Replay Of Watergate Broadcasts

DALLAS, Tex. (AP) — A pre-trial hearing, reminiscent of the Watergate affair, was under way today in the court of U.S. District Court Judge William M. Taylor here.

It is part of the case in which former Texas Atty. Gen. Waggoner Carr and former Texas Insurance Commissioner John Osorio are defendants, charged with fraud.

Former U.S. Atty. Gen. John Mitchell, former FBI director L. Patrick Gray, former Atty. Gen. Richard Kleindienst and a request for White House tapes contributed to the Watergate-like atmosphere of the hearing. All have been subpoenaed.

### SCANDALS

Carr and Osorio are charged in connection with the Texas stock fraud scandals revolving around the Sharpstown bank failure in Houston.

Carr and Osorio have based their defense on the premise that certain White House tapes and other Watergate ingredients were the cause of the Texas Stock fraud scandal.

Their trial has been tentatively scheduled for Oct. 23 before U.S. District Court Judge William M. Taylor.

The six defendants in the trial, including Carr and Osorio, sought to have some of the White House tapes released to prove their allegations that politics played part in the criminal charges against them.

Last week, Carr issued a subpoena for tape recordings of White House discussions of a July 1971 meeting between President Nixon, Mitchell and Sea. John Tower, R-Tex.

But last Friday, the government filed its answer opposing the move and claiming that there was no evidence that was relevant to the stock fraud case here.

### ILLEGAL SCHEME

The two former Texas officials have sought to have their indictment dismissed on the grounds that it was part of an illegal scheme by Republicans "to take over Texas politics" and discredit the Democratic party of the state.

Defendants in the case are Carr, Osorio, Tom Max Thomas and Jarrell Ormand, both Dallas attorneys; a Dallas businessman, David Hoover, and a Houston attorney, Thanos Dam-

eris. They are charged with securities and mail fraud and conspiracy in connection with using company stocks to raise money for their own use. The charges resulted for the Sharpstown stock fraud scandal which rocked the state and resulted in several political upsets. Scheduled witnesses include the director of public affairs for the Committee to re-elect the President, DeVan Shumway; former general counsel for the Securities and Exchange Commission in Washington, Bradford Cook, and State Republican Chairman George Will-

## At Least, House Tries

The Texas House has been presented 81 recommendations aimed at making it a more effective and efficient body. Action on the proposals is up to House membership and, in part, the Constitutional Convention next year in which the House will participate.

Implementation of all the program would double the cost of operating the House, writers of the report admitted. But they also noted that the present cost is only two-tenths of one per cent of the total state budget.

The study and report was produced at the House's request by the Citizens Conference on State Legislatures, an independent, non-partisan, non-profit organization based in Kansas City, Mo. No state political axes are ground in the study.

If Texans want an effective House, long the butt on cynicism and jokes, the report provides a basis.

The report includes proposals that the Legislature be authorized to call itself into session at any time, move into the computer era, greatly improve its staff, pay itself salaries of \$15,000 or more,

operate a public information system, reduce the number of standing committees, make more effective use of the interim between sessions and completely overhaul its rules and procedures.

These and other proposals, especially the ones for spending more money, may shock taxpayers. But these same taxpayers are shortchanged when the Legislature tries pell-mell to solve vital problems in the closing crush of every session. The recommendations merit serious attention.

If the House can reorganize itself, attract more competent members with reasonable pay, stream-

line its procedures and make good use of interim time, then many costly mistakes in legislation could be avoided.

Members of the House are to be commended for asking for an impartial evaluation of their problems. Their effort to revamp an antiquated and inefficient institution deserves support. The sad part about the evaluation is that it applies only to the House. The self-satisfied, but inefficient, state Senate refused to ask for an evaluation, which it badly needs.

## Improving Us To Death

A news item from Texas International Airlines within the past week says that it has filed with the Civil Aeronautics Board for authority to provide service between major cities in Texas and Arizona, and for presently required stops on flights between certain cities in Texas.

Big Spring, while not listed in the news release, is among those whose service would be dropped. The rationale for asking for more routes while seeking to drop some of its present ones in Texas is a "renewed dedication to improving airline service." TIA is improving us to death.

## My Answer

BILLY GRAHAM

Recently, I read a book setting forth the theory that the original Garden of Eden was located near Bristol, Florida, on the Apalachicola River. What do you think of this? R.H.S.

I think that the Chamber of Commerce there has some very aggressive leadership. It makes a beautiful story, and now in the fall of the year when north winds blow, it would be just the time to check it out.

Seriously, a scholar like Dr. H. H. Halley, author of the POCKET BIBLE HANDBOOK, says that the traditional location of the Garden of Eden has been fixed as a group of mounds 12 miles south of Ur, known as Eridu. Ancient Babylonian inscriptions say: "Near Eridu was a garden, in which was a mysterious sacred tree, a Tree of Life . . . whose roots were deep, while its branches reached to heaven."

This may be legendary, but the Bible account in Genesis 2 locates the Garden of Eden at the junction of four rivers. Two of them are the Euphrates and the Tigris, which rise in the mountain region of S. W. Asia. Thus, man may be said to have been created at about the center of the earth's surface, in the middle of the Eastern hemisphere.

The word Eden has become a synonym for Paradise. It almost

WHY DON'T YOU PICK ON SOMEONE YER OWN SEX?

## Age Isn't Everything

Hal Boyle

NEW YORK (AP) — Your head may be thatched with silver, but your heart still is young if —

You still like to sit up late and watch a full moon.

When you write a love letter, you don't worry that it might make you look invidious or silly if it were put in print.

You have more striped colored shirts in your wardrobe than plain white ones.

At least three people in your life still call you by a pet nickname.

When your wife tries a new recipe on you, you don't ask her if she is part of a plot to poison you, and if you really like the dish you make her evening by telling her she should put it in her permanent culinary portfolio for future company.

You like some rock tunes, and the reason you are weary of most rock music is not simply because it is overly noisy, but that the noise is used to try

to cover up a lack of real creativity. Teen-agers don't automatically either frighten or bore you, and now and then one of them likes you well enough to speak to you as his equal.

You have danced at least twice within the last three years.

At least once you have written a poem, maybe a very short one and perhaps only in your head, within the last five years.

Although you are now old enough to figure out a good reason for feeling bad any time, if you really put your mind to it, now and then you feel bad as young people do — for no reason at all.

You still haven't learned to say no when the wrong people ask you to lend them money.

If your son asks you to toss a football back and forth with him, you still have the delusion you can show him they used to do it better in the old days.

You don't feel as old yourself as your oldest and best friends look.

At the office the boss still expects you to come with a fresh idea now and then.

She may be out of her mind, but your wife still thinks of you as romantic.

Despite the bludgeonings of chance, you still hope that one of the lottery tickets you buy every month will put you on easy street for a few years.

You get at least two unsigned cards on Valentine's Day — and only one of them is mean.

When you do something nice for someone, you don't sulk if he doesn't overwhelm you at once with his gratitude.

Sometimes a whole week can go by without some older busybody asking you, "Why don't you act your age?"

Yes, if these things are true of you, you're still young enough for all practical purposes. And maybe even a few impractical ones that are even more fun.

## Follow Doctor's Advice

Dr. G. C. Thosteson

Dear Doctor: I know this is not your field, but I can't find the answer anywhere else.

I would like to know if it is safe to wear contact lenses for long periods — 16 to 18 hours at a time?

My lens specialist says to wear them for eight hours, remove them for one hour, and so on.

But almost all of my friends wear them from morning until night straight through. I would like to do the same, but I wonder if it is safe. — L.D.

Tolerance of contact lenses can vary considerably between individuals. Your friends who wear them for long periods were either not advised, or do so as a matter of convenience.

I do not wear contact lenses myself, but if I did, and a specialist advised me as yours has you, I think I'd follow his advice.

In any event, your eyes should be your best indicator. Prolonged wearing can create irritations and this would be a signal to take them off. Irritation might not occur at first, but only after prolonged use of the lenses.

Dear Dr. Thosteson: Please send your booklet on dieting,

for which I enclose 35 cents and a long self-addressed, stamped envelope. A friend of mine lost three sizes in dress, so I would like to try your method, too. — Mrs. C. W. H.

The booklet is called "Lost Secrets of Reducing," and has been used successfully by enough people to prove that it works. It is not a crash diet, because crash diets, while they may take off a few pounds in a short time, usually fail. This is because they don't tell people how to keep the weight off, once it has been lost. But this booklet does.

Dear Dr. Thosteson: My husband who is 83 has started to take 12 aspirin tablets every day to relieve the pain in his leg — his knee and ankle are all swelled up. I'm afraid he is taking too many. Please let us know if he is doing wrong. — Mrs. W.M.

Many arthritis sufferers take that much aspirin and even more every day and benefit from it. However — and this may be an important however — I would want to know what causes the pain and swelling of his leg before agreeing that aspirin is the right thing for him.

What about constipation? Many can be relieved of it, both mentally and physically, by reading the booklet, "The Way To Stop Constipation." For a copy write to Dr. Thosteson in care of the Big Spring Herald, enclosing a long, self-addressed (use zip code), stamped envelope, and 25 cents in coin to cover printing and handling.

## ... Like A Tool'

### Around The Rim

Jo Bright

Should you be glad you're creative, or happy that you're not? How do creative women differ from creative men? If truly creative people interest you as much as they do me, perhaps you'll enjoy this little quiz I ran across last night.

ANSWER THESE questions about creative people, then we'll check the answers. Mark them "true" or "false."

1) Most creative people have simple, uncomplicated personalities.

2) Creative people are the hardest to persuade or influence.

3) There are advantages in being non-creative.

4) Creative men have different personality characteristics from creative women.

5) Creative ability can be a liability if you don't use it.

Now, let's see how you scored.

1) False. Studies at the University of California's Institute of Personality Assessment and Research have shown that creative individuals have a feeling for complexities, and are more aware of the intricacies and involvements of life around them than others are. Other findings: They are more open-minded, have keener perception, and are also more dependent on their intuitive feelings.

2) False. Studies at Ohio State University show that the highly creative person tends to be perpetually open-minded and flexible in his attitudes, eager to absorb new concepts and ideas, and "is more highly susceptible to persuasion than less creative persons."

3) True. Studies show that low scorers on creativity tests have more tolerance and patience, have a greater ability to tolerate noise, can work under conditions that a highly creative person would find completely distracting. And, persons who are lacking in creative ability "seem to have a greater power to concentrate on activities where an abundant flow of new ideas is not needed."

4) True. University of California studies showed that creative men were given to acting on impulse, with a desire for instant gratification. They were less responsive to beauty in art, nature, etc., than creative women. They were also less conservative, and more inclined to liberal attitudes in their personal beliefs and general life outlook. Creative women, on the other hand, were found to be "outstandingly interested in independent thought"; they were more aesthetic-minded, more sensitive to the delicate nuances and shadings of various forms of artistic creation.

5) True. Dr. Dean Trembly, California State Polytechnic College, cites studies which show that creative ability is "like a tool that is always your hand, a tool that gets in your way when you're doing a job that doesn't call for it. For example, a bookkeeper has little need for an active, creative imagination. It is a distracting factor for him." He points out that such an ability, if idle and not put to use, can be the source of emotional stress, the result of conflict between the need for self-expression and the lack of opportunity to use the aptitude.

## Booming Business

Art Buchwald

WASHINGTON — This has probably been the greatest year in history for criminal lawyers. Thanks to the Watergate fallout, every law firm in this city is now on a 24-hour, seven-day week schedule. Whereas most law offices were sedate, quiet places, they now resemble brokerage offices with everyone screaming into the phones.

I STOPPED IN to see a friend of mine who works for one of the top criminal law firms in Washington. He has his coat off, his shirt open at the collar, his tie askew and he was writing furiously on a yellow pad. He motioned for me to sit down. Then he yelled into the phone, "Right, I got you. Forty-three indictments in Jersey. We'll take them. Tell them to put the money in the bank." He hung up.

"Boy, what a day," he told me, "I just . . ." the phone rang.

"YEAH . . . yeah . . . we take perjury. How many cases you got? . . . 15 . . . grand jury or Senate? . . . both . . . okay . . . send them over. No, not today . . . We can't see them for two weeks . . . You can't wait long? . . . So get yourself another lawyer." He hung up.

"You really must be doing well to turn away business."

"Every time someone gets indicted he wants to see his lawyer right away. They'll call back. Most law firms have

a one-month waiting list for perjurors."

"WATERGATE'S been very good to us," my friend said. "You know, before Watergate all we got were a lot of priests and students being indicted by the government. Most of them didn't have a dime. But now you're getting a much higher class of defendant. They come from the best families, they went to the best schools and they all have short hair. Most of the people being indicted these days are lawyers, so you don't have to explain things to them twice. I tell you it's a pleasure doing business with them."

THE PHONE RANG. He picked it up. "Oh hi, Buzz. You offering us 43 kickback cases in New York?" The secretary came back in. "There's a delegation of ex-White House aides to see you. They say it's very important."

"Send them to the White House department down on the second floor."

The phone buzzed. He picked it up. "Oh, yes sir, Mr. Vice President. Uh, uh . . . uh . . . uh . . . Yes I've been reading about it in the newspapers . . . I see . . . well we usually don't handle Vice Presidents, but we might make an exception in your case . . . how could you start at the beginning . . ."

(Copyright 1973 Los Angeles Times)

## Greatest Curse

Rowland Evans

WASHINGTON — Senators Ervin, Baker, Weicker and the rest of the pride of Watergate lions seem to be ready to turn into pussycats. The special Senate committee has delayed or abolished some of its plans, and maybe there's a common reason.

THE COMMITTEE'S new timidity coincides with its venture into the ferocious area of campaign financing. The dangers in this territory match all the perils offered by public boredom or President Nixon's intransigence.

There is no way to reform, there is no way to even discuss presidential campaign financing without discussing senatorial campaign financing.

THE PROBLEM of the Senate committee is as stark as the Biblical admonition: Let he who is without campaign contributions cast the first stone.

As sterling gents as all the committee members may be, their political careers are not nourished by the donations of anonymous philanthropists. The people who financed their campaigns, like those who bankroll other campaigns, expect a return on their investments.

THE INFLUENCE of big money on politics is the single greatest curse on the Republic today. Campaign cash financed what happened at Watergate. Campaign cash, in general, breeds

distrust and suspicion among voters, often for good reason.

The people doing more about this quarter-million Americans who belong to Common Cause. A lengthy study on campaign finances by the citizens' lobby showed that not only is the President the object of large gifts of legal-tender goodwill; just about every incumbent is.

IN SENATE races last year, each incumbent raised an average of \$525,809. The average challenger raised less than half that amount, \$243,070.

"The money flows to incumbents because it is an incumbent who has the power to provide help and assistance," says Fred Wertheimer of Common Cause. "The result is that in Congress today we have neither a Democratic or Republican party. Rather, we have an incumbency party which operates a monopoly. The only solution is to enact a system for public financing of elections."

THAT IS a fair challenge, to the timid members of the Watergate committee and to their more anonymous — and probably more venal — congressional brethren.

If the incumbency party cannot muster a majority for a sensible campaign reform bill, then voters can easily decide that incumbents shouldn't be incumbents anymore. Copyright 1973 United Feature Syndicate

## A Devotion For Today

"Lay up for yourselves treasures in heaven." (Matthew 6:20)  
PRAYER: Thank You, Father, for the privilege of investing in Your mutual fund. Help me to make wise investment of my money in the service of Christ. Amen.

## Caught In Act

Dear Abby  
Abigail Van Buren

DEAR ABBY: A woman wrote that a member of her family had been consistently stealing money out of her purse — fives, tens, twenties — but she had no way of knowing for sure who the guilty party was. You suggested that she keep her purse locked up.

### Four Honored On Birthdays

Four birthdays were celebrated by the Sew and Chatter Club Saturday in the home of Mrs. H. V. Crocker, 1707 Benton. The honorees were Mrs. Lee Porter, Mrs. C. Y. Clinkscales, Mrs. Ruby Billings and Mrs. Ruby Rowe.

Seventeen attended, with guests being the club "sweetheart", Mrs. W. M. Gage, and Mrs. Edgar Phillips. Mrs. Lee Porter told of her trip to the Beaumont convention in Boston, and Mrs. Marvin Sewell showed a pillow on which she is completing crewel work.

The next meeting will be at 3 p.m., Oct. 10 in the home of Miss Twila Lomax, 1306 Runnels.

touches that object. The stains are impossible to wash off — they must wear off.

I carefully dusted some money with this powder. The next day the money was gone—but the culprit showed up with purple hands! If you use this letter, please omit my name. The thief in our house has learned his lesson.

**SHERLOCK**  
DEAR SHERLOCK: Thanks for the suggestion, but to catch a thief purple-handed, one needs the cooperation of a physician, because I'm advised that a prescription is required to obtain gentian violet crystals.

DEAR ABBY: I have this favorite Aunt Edna who lives out of town. Last Christmas she sent me a lovely personal gift, but she didn't send my husband Al anything. She is not an ignorant woman, so I can't understand her actions.

Al is very fond of her, and I knew he'd be hurt if he knew she forgot him, so I bought him a very expensive tie, had it gift-wrapped, and told him it was from Aunt Edna.

I write all the thank-you notes, so Al assumed I thanked Aunt Edna for the tie.

The few times during the year we saw Aunt Edna I was scared to death Al would say something about the "beautiful tie" she sent him, and she wouldn't know what he was talking about.

I don't want her to forget Al again this Christmas, but I haven't the nerve to tell her. Please help me.

**DREADING CHRISTMAS**  
DEAR DREADING: Come right out and tell Aunt Edna how you covered for her last Christmas, and ask her please to remember Al this year because he is so fond of her he'd be hurt if he knew she forgot him.

For Abby's new booklet, "What Teen-agers Want to Know," send \$1 to Abigail Van Buren, 132 Lasky Dr., Beverly Hills, Calif. 90212.

## Bride Is Honoree At Coffee

Mrs. Don R. McQuien Jr., the former Brenda Thomas, was the honoree at a "sip and see" coffee Saturday at the Big Spring Country Club. Calling hours were from 1-3 p.m.

Attired in a blue and white knit suit, the honoree was presented a corsage of white carnations, as were her mother, Mrs. Ray Thomas, and the bridegroom's mother, Mrs. Don McQuien Sr., Leveland.

Refreshments were served from a table covered with a white cutwork linen cloth centered with an arrangement of white chrysanthemums, blue carnations and babies'-breath. A white cutwork cloth also covered the registry table which was accented with blue carnations and white chrysanthemums.

Mrs. McQuien will leave Saturday to join her husband in Okinawa. The newlyweds will reside there for about two years.

Hostesses for Saturday's coffee were Mrs. Jimmy Ray Smith, Mrs. Pete Cook, Mrs. John R. Coffee, Mrs. Kenneth Perry, Mrs. Tip Anderson Jr., Mrs. Jimmy D. Jones, Mrs. E. W. Fletcher Jr., Mrs. John A. Workman, Mrs. Gerald Harris, Mrs. Dee Thomas, Mrs. Paul Meek, Mrs. Earl Lusk, Mrs. James Tidwell, Mrs. Jerry Worthing, Mrs. Jerry Grimes and Mrs. Harry McMillan.

FEMININE GEOMETRY — A model shows a jumper suit in patterned navy, white and brown polyester acrylic from the autumn collection of Polly Peck of London.

## Book Takes Humorous View Of Club Women

Orientation for all new and returning Girl Scout leaders will be held Wednesday from 9 a.m. to 2 p.m. in the fellowship hall of First United Methodist Church, 400 Scurry. Mrs. Lin Bell, field director, will conduct the training and invites all who are interested in helping with the Scout program to attend.

## Coahomans List Bridge Winners

Mrs. Babe Collier was high scorer Monday evening when Coahoma Bridge Club met at the home of Mrs. Roger Hudgins, 406 College, Coahoma. Other winners were Mrs. Billy Spears, low, and Mrs. Jon Scott, bingo. The group will meet again at 7 p.m., Monday at the home of Mrs. Jody Sory.

## ORIENTATION FOR LEADERS

Orientation for all new and returning Girl Scout leaders will be held Wednesday from 9 a.m. to 2 p.m. in the fellowship hall of First United Methodist Church, 400 Scurry. Mrs. Lin Bell, field director, will conduct the training and invites all who are interested in helping with the Scout program to attend.

## Coahomans List Bridge Winners

Mrs. Babe Collier was high scorer Monday evening when Coahoma Bridge Club met at the home of Mrs. Roger Hudgins, 406 College, Coahoma. Other winners were Mrs. Billy Spears, low, and Mrs. Jon Scott, bingo. The group will meet again at 7 p.m., Monday at the home of Mrs. Jody Sory.

## ORIENTATION FOR LEADERS

Orientation for all new and returning Girl Scout leaders will be held Wednesday from 9 a.m. to 2 p.m. in the fellowship hall of First United Methodist Church, 400 Scurry. Mrs. Lin Bell, field director, will conduct the training and invites all who are interested in helping with the Scout program to attend.

# Convention Summary Heard By Council

A summary of the Texas Home Demonstration Association convention held recently in Waco was given for the local HD Council Monday at the county extension agent's office. Local delegates were Mrs. E. A. Williams, Mrs. Waymon Etchison and Mrs. C. A. Smauley.

## 'Freedoms' Stressed In Talk

"Basic Freedoms" was the topic explored by Mrs. Phil Wynn Monday evening for 1941 Study Club at the home of Mrs. Eddie Engle, Coahoma. Mrs. Wynn said the basic freedoms in this country evolved from English common law, through colonial law, the Declaration of Independence, constitution and the Bill of Rights.

Using slides to illustrate her program, Mrs. Wynn said the five basic freedoms in the United States are freedom of press, freedom of religion, freedom of and the right to petition.

Continuing the program, Miss Linda Franklin, a student at Coahoma High School, spoke on "America and Its Contrasts." Each member was asked to give a definition of freedom.

Mrs. Wendall Shive presided, and prayer was led by Mrs. Rod Tiller. Mrs. James Renfro was cohostess. It was announced that a defensive driving course will be given at 7:30 p.m. Monday at the high school. Sponsored by the Coahoma Lions Club, the course is open to anyone who wants to attend.

The next club meeting will be at 7:30 p.m., Nov. 5 in the home of Mrs. Bill Read, with Mrs. Coliff Ferguson as cohostess.

It was announced that there are 20,000 HD club members in almost 1,400 clubs in Texas. Keynote speaker was U.S. Representative Omar Burleson. His topic was "Inflation and Home Life." Mrs. Alton Underwood presided at the local meeting, and host group was Elbow HD Club. It was announced that HD members are selling various items for a council fund-raising project. These include candles, floral arrangements, wall plaques and cosmetic purses.

Recommendations of the council for the 1973-1974 club year were approved. Miss Sherry Mullin, HD agent, announced a training meeting on "quick foods" will be held at 2 p.m. Oct. 29 in the Pioneer Gas Flame Room. Guests at the meeting were Mrs. Nannie Garrett, Mrs. Jean L. Bowersox, Mrs. Ray Swan and Mrs. Clark Stout. Devotion was by Mrs. Stout. The next meeting will be at 2 p.m., Nov. 5 at the agent's office, with Fairview Club as host group.

## AAUW Study Looks At American Women

Women in American history were viewed by the study group of American Association of University Women during a Monday meeting in the home of Mrs. Paul Kionka, 1610 Pennsylvania.

Mrs. Kionka and Mrs. Preston Harrison were co-leaders for the study, which followed the year's theme, "Woman: Searching for Self."

Mrs. Harrison reviewed the book, "Daughters of the Promised Land", by Paige Smith, covering more than three centuries of American womanhood and tracing the changes in women's status from the Puritans to the present day.

"Wives of the Presidents" by Arden Melick was summarized by Mrs. Kionka. Selecting wives of 10 presidents, Mrs. Kionka gave brief biographical data and described each woman's personality, the influence she had on her husband and the contributions she had made to life in the nation's capital.

The next meeting will be at 9:30 a.m., Nov. 5 in the home of Mrs. James Morrison, 75-Ent, where Mrs. Pete Rhymes and Mrs. Alvin Shroyer Jr. will discuss women in literature.

**CLEAN ENERGY FOR TODAY AND TOMORROW**

A Natural Energy Home uses natural gas for heating, cooling, water heating, cooking and clothes drying to save you money and help conserve our cleanest natural energy resource... natural gas.

That's because electricity in West Texas is generated by burning natural gas, and in the process of generating and transmitting electricity to your home, 2/3 of the gas energy is lost.

So, by using gas directly in the home for the jobs it can do, you're helping to conserve it and you're getting more energy for your money.

## Sells His Theater Chain For About \$21 Million

DALLAS (AP) — Some 80 screens of the McLendon Theaters, the fruits of a 40-year career for B.R. McLendon are being sold for \$21 million and

more, "predominantly in cash," to a Tyler based firm. McLendon, who started with a small-town movie in Idabel, Okla., said Monday he had reached an agreement with B.J. Hardy, president of Showtime, Inc., and that the sale would be consummated around Nov. 1 when the McLendon circuits change ownership.

### Face New Trials

Jody Hilliard, 21, or John Howard Franklin, 34, both charged with robbery by assault, probably will face retrial in 118th District Court Oct. 22. District Attorney Bob Moore said.

He contributed the growth of the McLendon circuit to his son, Gordon McLendon, grandson Bart McLendon, president Robert Hardgrove and his assistant, Robert O'Donnell. Station KNUS "as well as extensive real estate, radio and television interests throughout the nation," said McLendon would not be sold.

## Says Scamardo Lied About Him

EDINBURG, Tex. (AP) — Douglas Russell testified Monday that Pete Scamardo lied when he testified that Russell tried to talk Scamardo and his business partner into being "front men" for a gun running operation. Russell's testimony came during a hearing on a motion to revoke the seven years probation given Scamardo in 1970 following his conviction on a charge of murder in the 1968 shooting death near McAllen of Sam Degelia Jr., a Hearne grain dealer. Scamardo, a business partner of Degelia, was convicted as an

accomplice in the Degelia slaying. The prosecution alleged he offered Charles V. Harrelson of Houston \$2,000 to kill Degelia so Scamardo could collect \$50,000 in life insurance.

### Arrow Of Light Awards Given

Brady Long and Keith Middleton received the Arrow of Light Award in ceremonies held by Cub Scout Pack 2 of Elbow recently.

First year pins were awarded to Kelly Long, Vince Coats, Todd Benford, Marshall Coats, Carol Coats Jr., Steve Wright and Douglas Walker.

Second year pins were presented to Leon Herido, Kenny Duffer, Mitchell Covington, Carey Howard, Johnny Gaskins and Richard Merrick.

Getting three-year pins Kenny, Dorothy and Brady Long.

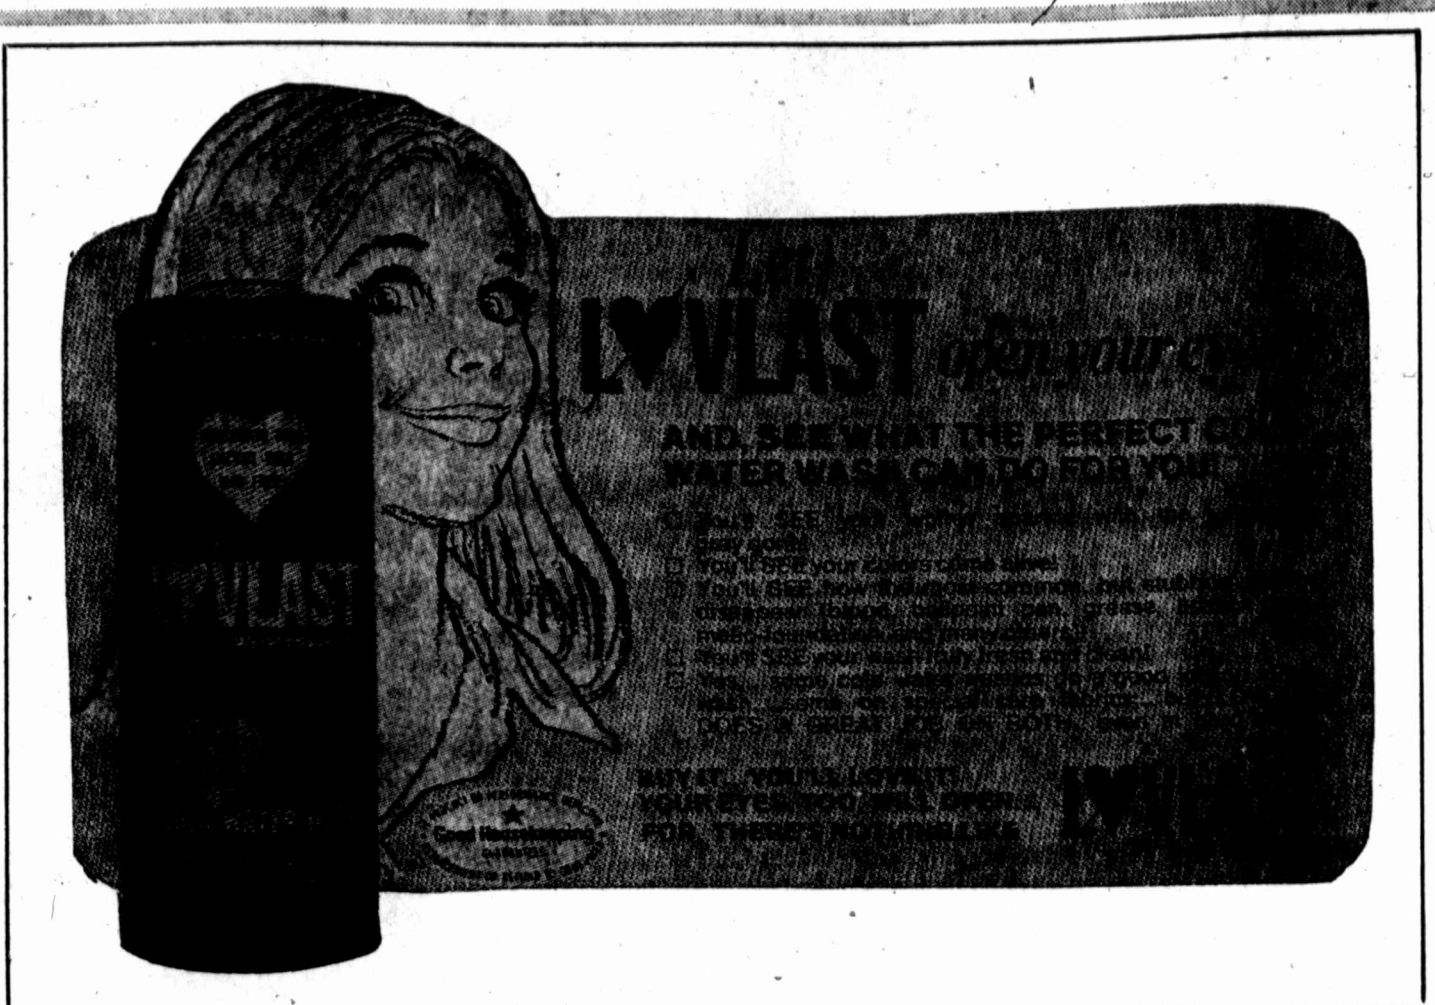

Todd Benford was awarded a gold and silver arrow. Webelos graduation awards were given to Brady Long, Carey Howard, Keith Middleton, Thomas Ashton and Jessie Elliot.

Keith Middleton won athlete, showman, naturalist and sportsman awards. Pack 29 meets next Oct. 19 at 7:30 p.m. Elbow School Cafeteria.

Russell testified that he had never been to the Commodity Marketing Co. office in Hearne and that he had never met Scamardo or Degelia.

Hidalgo County Dist. Atty. Oscar McInnis is attempting to revoke Scamardo's probation on grounds that he committed perjury seven times during his testimony at Harrelson's trial and that he has engaged in adulterous acts while on probation.

The bidding:  
East South West North  
2♥ Pass Pass Dble.  
Pass 2NT Pass 3NT  
Pass Pass Pass

Opening lead: Six of ♠

This hand is from the Spingold Team Championship, premier event of the recently concluded American Contract Bridge League's Summer National Championships. West was Leonard Harmon, a New York insurance broker and one of America's leading players, who found he had to pay a slight premium to assure the contract's defeat.

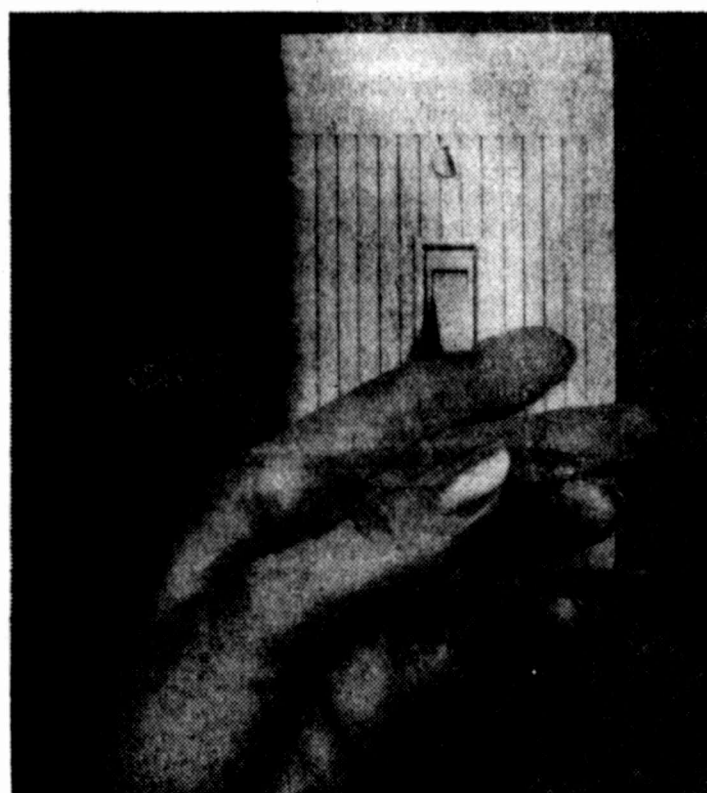

East's opening two-bid was of the weak variety, showing a good six-card suit and a hand of less than opening bid strength. After two passes, North balanced with a double. South showed moderate values and a stopper in the opponents' suit, and North went on to game.

Since he could not have led a heart even if he wanted to, Harmon elected to open a club rather than a spade—North's takeout double almost certainly guaranteed a good holding in the unbid major. Dummy's ten was played and it held the trick. The ace, king and queen of diamonds were cashed, and declarer got off play with a club. He realized that West was almost certainly void of hearts, and would have to play a spade after taking his club tricks.

West took his four club tricks, declarer discarding two hearts from dummy and three from his hand. Had West routinely led back a low spade, declarer would have had plain sailing. He would have run it round to his ten, cashed his two diamond tricks and then taken the marked space finesse for his ninth trick. Unfortunately for South, West returned the king of spades!

This apparent sacrifice of the monarch left declarer with a Hobson's choice. He could either win the spade in dummy and take the queen and jack of spades, but then would have to surrender the last two tricks for down two. Or, he could win the king of spades in dummy, cross to his hand with the ten of spades and take two diamond tricks, but he would still have to surrender the last trick to the ace of hearts. Either way, eight tricks were the maximum declarer could come to as the result of a magnificent defensive effort.

## Now, more than ever, electricity is worth using wisely.

Electricity, like all forms of energy, should be used wisely — especially now, with growing shortages in supplies of natural gas and oil, the basic fuels used to generate electricity in Texas.

At Texas Electric, natural gas is our major fuel supply with oil used on a standby basis. To reduce our dependency on these fuels, we have well developed, long range plans to diversify our fuel sources.

We have joined with Dallas Power & Light and Texas Power & Light in acquiring long range supplies of east Texas lignite. We now have one lignite plant in

operation and two others under construction. The three companies have also announced plans to have a nuclear fueled plant in operation by 1980.

One big advantage of lignite and nuclear fuels is that neither is being used extensively for any purpose other than the generation of electricity. A disadvantage is that generating plants that use these fuels cost much more to build. And, because of the long lead time required to plan and build these plants, it will be many years before natural gas can be replaced as our major fuel supply.

Barring difficulties with our existing natural gas supplies or delays in the development of our lignite and nuclear generating capability, we will be able to provide the electricity our customers need. However, the much higher cost of diversifying our fuels and inflation make it inevitable that the price of electric service will rise.

As rising costs and the energy squeeze make electricity increasingly valuable, we will continue to encourage its efficient use. Now, more than ever, electricity is worth using wisely.

**Co-Op Members To Get Checks**  
Member-owners of Cap Rock Electric Cooperative, Inc. will receive checks totaling over \$82,000 this week.  
The payment represents one-fourth of the capital credits, or margins, accumulated during the year, 1973. This is the 17th consecutive annual refund and pushes the grand total of patronage return to date past the two-and-one-quarter million dollar mark.  
The refund this year is considered remarkable for two reasons. Several destructive ice and wind storms played havoc with Cap Rock lines, making 1973 repair and maintenance costs by far the highest in the cooperative's 34 year history. Then, like most other businesses, Cap Rock has experienced sharply increased operating costs and skyrocketing prices of line construction material.

# GOMEZ TAKES OVER AS ASTROS' MANAGER Durocher's Last Fling A Flop

HOUSTON (AP) — Leo Durocher named third base Coach Pretime to rest. as long as I have there comes a time to rest. My plans for the future include going back to Palm Springs and teeing it up." Richardson told a news conference he had tried to talk Durocher out of resigning but his efforts were unsuccessful. Asked if he would have returned next season if the Astros had made a better show, Durocher said "I doubt it. I'd been thinking about this for some time. Then I made up my mind a few days ago. We've got a home in Palm Springs and my wife has been wanting me to get out of it."

"I have no regrets concerning my association with the Astros except I'm sorry we didn't win more," Durocher said "Everyone with the Astros has been very kind to me. I'm on my way to see (Astros owner Roy Hofheinz) the Judge right now." Gomez, a mild-mannered, quiet bachelor of 50, said he was surprised at the announcement. "You can see the way I'm dressed," said Gomez, who managed the San Diego Padres three seasons. "I came to the park this morning ready to pack and leave because I hadn't heard anything about me coming back or even coaching next year."

## Mets Bounce Cubs, Reign In NL East

CHICAGO (AP) — The New York Mets are champions of the National League East and they did it in Chicago, as if to flaunt their success in the face of the failure-ridden Cubs. The Mets clinched it Monday in a 6-4 victory over the Cubs, who once were eight games ahead of the field in the East but then did their customary fold. Mets third baseman Wayne Garrett told newsmen in the champagne-drenched dressing room afterward he never was discouraged when the Cubs were so far ahead. "Not really," he said. "Chicago has always done it (fold). Three out of five years I've been here the Cubs have gotten way out in front at the start, then all of a sudden they hit the wall."

"But I'll admit back in June when they had the best record in the majors I thought they had a lot better chance than we did," Garrett said. The Mets clinched their title in a morning game, the first of a scheduled double-header. Fifteen minutes after it was over, the meaningless second contest was called off and the champagne was uncorked. Everybody got splattered, from the babby to Manager Yogi Berra. Rusty Staub, who hammered out four hits in leading the way into the pennant playoff against Cincinnati, said, "A couple of months ago we were out of it. Then we put it all together."

Berra said that only once during the season did he think the Mets might not make it. "That's when we were about 12 games out," Berra said, "and had all those injuries." "I guess the baseball race is like a distance runner," Garrett said. "If you give it all you've got nothing left at the you've got at the beginning, end."

When the conquering heroes arrived in New York Monday night, they were welcomed by a crowd estimated by police at 1,000 at LaGuardia Airport's remote Marine Air Terminal.

### Sands Boosters Discuss Finances

ACKERLY — A money-making project will be discussed at tonight's meeting of the Sands Quarterback Club, scheduled to begin at 8 p.m., in the Sands High School Cafeteria. The boosters are planning an Oct. 19 barbecue, which will be held immediately prior to the Jayton game. The serving hour will be 6 to 7 p.m., in the Ag building. Tickets will be \$1.75 for adults and \$1 for children and can be obtained from Jim Moseley, club president; Gus Cowart, vice president; or Lil Anderson, secretary.

### SMU Leads Rushing Stats

DALLAS (AP) — Guess who is leading the nation in rushing from the Southwest Conference out of the Washburn-T offense and if you say Texas you're 0-1? It's Southern Methodist, averaging an awesome 438 yards per game. The Mustangs have a total offense of 504 yards per contest. SMU piled up 500 yards rushing Saturday in a 37-6 rout of Virginia Tech to remain unbeaten.

### Hodnett Claims Motocross Win

Craig Hodnett of Big Spring won the 100cc Intermediate class and Danny Weir finished sixth in the 250cc Senior competition in the Texas Championship Motocross races at Lake Whitney Sunday. More than 500 riders competed in the two days of racing. Motocross racing returns to Big Spring this Sunday, when the regular monthly races will be held at the Optimist Club track north of town. Action begins at 12:30 p.m.

## Nurmi, 'The Flying Finn,' Dead After Long Illness

HELSINKI, Finland (AP) — Paavo Nurmi, the Flying Finn of the athletic tracks between the two world wars, died early today after a long illness He was 76.

Nurmi had suffered several heart attacks in recent years and had been partly paralyzed. A star in all distances between 1,500 meters and the marathon, he set 28 world records and won seven gold medals in the Olympics in 1920, 1924 and 1928.

He probably would have won more, but on the eve of the 1932 games in Los Angeles, he was declared a professional and banned from Olympic competition. Nurmi went into semi-seclusion for several years and always thereafter was bitter toward sport writers, accusing them of giving wrong information to the Olympic committee.

Nurmi became a successful businessman and operated a profitable construction company until his death. A divorced man, he lived in a downtown apartment house he owned and, until his first severe heart attack several years ago, ran a mile or more each morning. After the condition of his heart forced him to stop running, he could be seen every morning strolling in the parks with his housekeeper-nurse.

As he grew older, his bitterness toward the press eased, and he gave his first interview in years on his 70th birthday. His theme was that the athlete of today had too many artificial and mechanical aids.

As he grew older, his bitterness toward the press eased, and he gave his first interview in years on his 70th birthday. His theme was that the athlete of today had too many artificial and mechanical aids.

As he grew older, his bitterness toward the press eased, and he gave his first interview in years on his 70th birthday. His theme was that the athlete of today had too many artificial and mechanical aids.

## Babe's 'Drunken Brawler' Image Wrong, Says Widow

NEW YORK (AP) — As Hank Aaron bears down on Babe Ruth's hallowed record of 714 home runs, the Babe's widow wants to set another record straight—her husband was no "boozer and brawler."

"An awful lot of people have said that about the Babe," said Claire Ruth, a frail but militant little lady in her 70s. "It is absolutely not true. On the contrary, the Babe hated crowds, night clubs and things like that. After a game, friends would come around and beg him to go to the 21 Club or some place like that."

"The Babe always would refuse. We would go home and have a couple of beers. Sometimes a few close friends might drop in—usually not baseball or sports people."

Mrs. Ruth said she had received hundreds of telephone calls from people who said they were happy that Hank Aaron failed to break Ruth's home run record in the last game Sunday. The Atlanta slugger was just one homer shy with 713 after failing to hit a home run in the final game.

### QB Club Meet Is Called Off

There will not be a meeting of the Big Spring Quarterback Club tonight, according to co-captain Harold Canning. The Steers were off last week, but return to action Friday in Abilene against the Eagles as Dist. 5-AAAA play opens.

### UIL's Residency Rules Lose In Court Challenge

PALESTINE, Tex. (AP) — A league, the order restrains the body from imposing or threatening to impose sanctions against the Palestine ISD for playing Ray Scott in compliance with this order of the court. Judge McCain called a hearing on an injunction, the next legal step, for Oct. 10. Scott is the son of the Rev. Darwin Scott, pastor of Palestine's First Baptist Church since Jan. 5. The elder Scott was previously a Baptist pastor in Carthage.

### Dolphins Nudge Redskins By 8-6

Kevin Davidson scored the Dolphins' touchdown, but it was a safety tacked on by James Doss and Dale Ernest that made the difference in an 8-6 victory over the Redskins Monday. Gilbert Martinez pulled down an interception to pace the Dolphins' defensive effort. For the Redskins, Jessie Baker scored the team's touchdown.

## Buckeyes Move Into No. 1 Spot

COLUMBUS, Ohio (AP) — Converted linebacker Bruce Elia appeared to have the inside track on the job of veteran Coach Woody Hayes after the Buckeyes replaced Southern California as the No. 1 team in the Associated Press national college football poll.

"It puts the heat on you. It means we'll just have to work harder," Hayes said. Ohio State received 35 first-place votes and an overwhelming 1,118 points from the 61 sports writers and broadcasters on the AP panel after the Buckeyes rolled to a convincing 57-7 victory over Texas Christian before a record crowd in Ohio Stadium.

Southern California, which had been first since the season started, slipped to fourth place after its 14-game winning streak was halted by Saturday's 7-7 tie with Oklahoma. The Buckeyes practiced for only two hours Monday in what Hayes called a "coming back" day.

Others receiving votes, listed alphabetically: Air Force, Arizona, Auburn, Bowling Green, Georgia, Kansas, Maryland, Memphis State, Miami of Ohio, Mississippi State, Richmond, Tulane, Utah.

The Top Twenty with first-place votes in parentheses: season record and total points. Points tabulated on basis of 20-18-14-12-10-9-e-t-c.

1. Ohio St. (35)	2-0 1,118
2. Nebraska (10)	3-0 897
3. Alabama (6)	3-0 837
4. So. Calif. (3½)	2-1 837
5. Mich. (2)	3-0 741
6. Ohio (1½)	1-1 720
7. Penn St. (3)	3-0 688
8. N. Dame	2-0 512
9. Tenn.	3-0 475
10. LSU	3-0 475
11. Okla. St.	3-0 299
12. Ariz. St.	3-0 163
13. Texas	1-1 135
14. Houston	3-0 124
15. Missouri	3-0 107½
16. UCLA	2-1 71
17. Miami	2-1 71
18. Colorado	2-1 32
19. SAU	3-0 30
20. W. Virginia	3-0 30

### Oilers Pick Up Dallas' Thomas

HOUSTON (AP) — The Houston Oilers snagged a No. 1 draftee via the waiver route Monday, picking up running back Bill Thomas from the Dallas Cowboys.

The Cowboys last week cut loose the 6-2, 225-pound back whom they drafted first two years ago. Thomas injured his shoulder in training camp last year and was activated only after seven games.

(AP WIREPHOTO)

DEJECTED PIRATE — Manny Sanguillen, Pittsburgh Pirates catcher, sits in the Pirates' dugout with his head bowed in the late innings of a makeup game with the San Diego Padres in Pittsburgh Monday. He had just received news the New York Mets had defeated the Chicago Cubs Monday, eliminating the Pirates and giving the Mets the title.

## Lions Get A Win; Falcons Fall, 31-6

DETROIT (AP) — The Detroit Lions shifted to "reverse" gear Monday night and left the Atlanta Falcons stuck in "park." It was what the Lions needed if they intend to drive toward the National Football League playoffs and it put a detour in Atlanta's path to their division flag.

A pair of razzle-dazzle reverse plays, plus the superb running of substitute fullback Mel Farr, sparked Detroit to a 31-6 thrashing of the Falcons before a crowd of 45,599 and a national television audience. The triumph was the first for the Lions against a loss and tie, while Atlanta has lost two straight after an impressive 62-7 victory over New Orleans. The game opened the Don McCafferty era at Tiger Stadium.

### Resort Home for Rent

Next to lakes, mountains, forests, deserts, rivers, and ocean beaches. You could go to a little cabin this summer. Or you could rent a Traxco/Dodge Motor Home and go to a lot of places. With full kitchen and bath, electric lights, running water and heat, the Dodge Motor Home is more like home than most cabins we've seen. And it's as easy to drive as your own car. So get the most out of that hard-earned vacation. In a Dodge Motor Home. There's nothing quite like it for freedom, flexibility and family fun. Special rental rates now in effect. Rates as low as \$150 per week and 7¢ per mile with insurance. Daily rates on request. Dewey Ray Big Spring's Quality Dealer 1607 E. 3rd 263-7602

### REDWINE WINS HERALD'S FOOTBALL PICKS CONTEST

David H. Redwine of Box 604, Forsan took home the \$12.50 first prize money in the Herald's Football Picks Contest after the third week of predictions. Glenn Petty of Big Spring was second and earned \$7.50, while Victor Hewitt of Leonard finished third for the \$5 prize. Another contest appears in this week's Herald editions, and predictions are to be turned in before noon Friday at The Herald office or at Coahoma State Bank. Contest officials asked that entries turn in their entire page of predictions intact, and reminded contestants that scores are needed only on the two tiebreaker games.

### Fryrear Attends SCSA Meeting

Bill Fryrear, location leader at the US-Big Spring Field Station, is attending the Soil Conservation Service of America meeting in Hot Springs, Ark. where he will present a paper, "Studies of Airborne Soil from Wind Erosion."

The paper was researched here recently by Dr. Gale Gillette of the National Center for Atmospheric Research in Boulder, Colo.

Fryrear left Sunday and will return Friday.

## Beer-Drinking Gunman Shoots Hostage Officer

**FAIRVIEW HEIGHTS, Ill. (AP)** — A beer-drinking gunman was shot and wounded early today after he wounded a hostage police officer in a wooded area in southern Illinois, police said.

The shootout occurred after the man, identified by police as James L. Scott, 19, an ex-convict, had taken the Fairview Heights patrolman captive and held a police riot gun to his chest.

State and local police surrounded the area in St. Clair County and urged the man to give himself up. After about two hours, one shot rang out, followed by a scream.

An officer at the scene said "He's shot Buddy."

After the shot was fired, officers began firing, and the man fled about 100 yards into the underbrush.

A police helicopter shined flood lights into the woods. The man was felled by police bullets after being flushed from the undergrowth by police dogs.

Police Chief James Luster identified the wounded officer as Ralph "Buddy" Brumley, about 26, who had investigated an accident near where the shooting occurred.

Brumley was listed in fair condition in a Belleville hospital. The other man's condition was not known at once.

Sheriff Dave O'Neal said the man asked for at least three cans of beer while officers tried to persuade him to surrender.

O'Neal said Scott was an ex-convict but gave no details.

### Prices Posted In Most Drug Stores Locally

A survey of local pharmacies Monday showed that all except one had complied with a new state law requiring drug stores to post prices on the 100 most frequently prescribed drugs.

The one which had not complied pledged to do so by the deadline which was Monday midnight.

Purpose of the legislation was reportedly to give the consumer a chance to easily compare prices and shop for the best "bargains" in prescription drugs. The law forbids pharmacies from advertising prices through any other medium.

The 100 listed drugs, selected by the Texas State Board of Pharmacy, range from antibiotics to birth control pills. Quantities for which the prices must be posted were also determined by the state board.

"You're just wasting your time," said one pharmacist to a customer checking the list. "These prices are way above what we really charge," he said, claiming that welfare regulations forced him to quote prices higher than those he actually charges.

The other pharmacists, however, said the prices quoted were the actual ones charged in their stores.

### Man Is Freed On Bond Here

Jesus Bustamante, 31, of 609 S. Nolan St. was released from county jail Monday on \$1,500 self-recognition bond.

He and Manuel Sosa, 31, of 205 Carey St. have been charged with theft over \$50. A gasoline engine belonging to E. M. Newton was stolen Sept. 6.

Sosa was investigated on a \$1,500 bond, previously. District Attorney Bob Moore is planning to make a motion the complaint against Sosa be dismissed.

The name of a third man had been scratched out on a criminal complaint.

### Robbery Charge Involves Four

Bonds of \$3,000 each have been set on Andrew Hernandez, 21, of 401 NE 9th, Theodore Diaz, 18, of 1003 N 2nd, Mike Marquez, Jr., 17, and Raymond Chavarria, 17, of 200 NE 10th in connection with the robbery of a man at the rodeo grounds Saturday afternoon.

Gus Ochotorena, justice of the peace, said that the men were brought in and arraigned Saturday afternoon with bonds set. The charge is robbery by assault.

### Council To Meet

A meeting of the Economic Development Council of the Chamber of Commerce has been set for noon Wednesday at the Desert Sands Restaurant. Gerald Miller will preside in the absence of Chairman Dub Pearson.

### Nichols Charged

Larry Ray Nichols was charged in JP court on second offense DWI. The case was filed Monday by city patrolman James Adams. No bond was yet set this morning.

"NOW THEY KNOW" Valuable, new and very important Mind Control discoveries have appeared in the news in the past few weeks. October 1973—COMPANION—"Mind Control—To Bring Out The Best In You," September 3, 1973—PROVIDENCE SUNDAY JOURNAL—"Mind Control: When You Create Images In Your Mind, Your Whole Body Chemistry Responds," October 1972—MADEMOISELLE—"How To Think Yourself Thin With Mind Control," November 1972—HARPER'S BAZAAR—"Mind Control Something For Everyone." Also articles in LIFE, NEWSWEEK, NATIONAL OBSERVER, NEW YORK TIMES, LOS ANGELES TIMES, SALES MANAGEMENT and many others.

JOSE SILVA RESEARCH SCIENTIST

One of the reports that won admittance of the Parapsychological Association to the American Association for the Advancement of Science as reported by a computer scientist was "That corporate executives using ESP and involving millions of dollars doubled their company's money." SILVA MIND CONTROL COURSES have had tremendous success throughout the nation in teaching practical applications of controlled E.S.P. This is the first and only method in history to be effective in developing controlled E.S.P.

The "Silva Method," as this method is known, was scientifically researched by Mr. Jose Silva from Laredo, Texas, a research scientist and pioneer in mental training, researching since 1944. He is the discoverer of the new Science of Psychology and the creator of the MIND CONTROL program. Mr. Silva states, "The discovery that Human Intelligence can learn to function with awareness of the Alpha and Theta frequencies of the brain will go down in history as the greatest discovery of man."

This discovery, he adds, "is sure to change our concept of Mind, Psychology, Psychoanalysis, Hypnosis and of the Subconscious."

MANY benefits are now known to exist for those who learn to function with controlled awareness of the Alpha and Theta levels. Our students report better memory, higher grades, less tension and anxiety, faster revitalization and healing, release and rejection of psychosomatic problems, control of sleep and headache problems, control of smoking, weight problems, and some report correction of drug habits, and also maintenance of better general health. Mr. Silva adds that these abilities are just side benefits and that the real benefit is that the student, when at these levels, seems to sense information impressed on the brain cells of others at a distance.

Mr. Silva believes that this is what some call E.S.P. or Extra Sensory Perception, but he calls it Subjective Communication. The MIND CONTROL program has changed the meaning of E.S.P. which was uncontrolled, erratic and very evasive. Subjective Communication which is controlled is a defective. He adds that perfecting the means to communicate of this dimension will be the second phase of human evolution on this planet.

Subjective Communication is being used to become aware of information for problem detection and solving.

Mr. Silva states that we somehow have unconsciously learned to interfere with the body's healing function and that this effect is known as the psychosomatic health problem. It appears that by learning to function with awareness of the Alpha-Theta levels, we automatically cease to interfere, allowing the body's internal organs and glands to return to their natural rhythmic self-healing function. We don't need to teach the internal organs how to function; Nature takes care of that when we do not interfere. The Silva Method is dedicated to help humans become healthier, more productive and better problem-solving agents. For references ask any of our graduates in the United States, Mexico, Canada, Central and South America and Europe.

### ATTEND FREE LECTURE

Thursday, Oct. 4th, 8 p.m. AND Friday, Oct. 5th, 10 a.m. and 8 p.m. Holiday Inn 300 TULANE AVE. BIG SPRING, TEXAS

- HOUSEWIFE: I Lost 40 Lbs. and have kept it off for a year due to Silva Mind Control. L.S.
- WORKER: I have received a promotion and two raises since I took Silva Mind Control. F.L.
- HOUSEWIFE: Mind Control has enabled me to dispense with pain medication—after needing it for 5 years. L.T.
- HOUSEWIFE: Since completing the course I can gladly say I've eliminated both tension and migraine headaches. This is the first summer in 10 years that I have not been bothered with hay fever. M.F.
- MOTHER: I'm able to understand others more readily and able to communicate with my children much better. E.F.
- HOUSEWIFE: Psychic reading is amazing, my accuracy surprises and astounds me. T.F.
- SALESMAN: The first month after mind control my sales increased by 75%. I attribute my continued business and personal success to this course. A.C.
- STUDENT: My grades have improved because of techniques. That Silva Has Given me. M.R.
- EMPLOYEE: Since taking Mind Control my recall has improved quite greatly. R.F.
