

Planes Blast Damascus Airport

By The Associated Press
Israel claimed its warplanes blasted Damascus airport and other strategic targets in the Syrian and Egyptian heartlands today. Iraq announced its air and ground forces have joined the war and Jordan called up its reserves in what could herald another escalation of the five-day-old struggle.

In Washington, the U.S. Defense Department said today that the Soviet Union has begun using its biggest and best transport planes to deliver "very large tonnages" of military supplies to airports in Egypt and Syria.

Syria charged the Israeli jets were hitting civilian targets in the raids on the capital airport, the central industrial city of Homs and Syrian ports on the Mediterranean. The Israeli command qualified the targets as "strategic and military."

Tel Aviv and Damascus reported major aerial engagements also swirled over the Golan Heights battleground and both sides claimed downing large numbers of the other's planes.

RAIDING JETS

The Israeli military command said its raiding jets inflicted "considerable damage" on the Damascus airport. A spokesman said the facility "is no longer a civilian airport but a base for military strikes into Israel."

It was the second reported raid on the Syrian capital. Israeli jets bombed the Defense Ministry and government radio station on the eastern fringes of the city Tuesday. Civilian casualties were reported heavy.

The heavy air battles coincided with indications the ground fighting had tapered off in the Golan Heights and the Sinai peninsula, where Israelis have admitted backing off from their main Suez Canal defense lines against Egyptian forces trying to retake the desert lost to Israel in the 1967 war.

GROUND FORCES

Iraq's announcement that its air and ground forces were playing an active role in the fighting on both fronts formally brought in the Iraqis as the fourth Arab country ranged against Israel in the fourth Arab-Israeli struggle since 1948.

The Beirut newspaper An Nahar reported the Iraqis had committed 18,000 troops and 100 tanks besides air power to support Egyptians in the Sinai and Syrians in the Golan Heights. There reports were seen as another indication this round of fighting was likely to drag on longer than the fighting six days Israel victory of 1967.

With the second reported raid on the Syrian command reported its air power blasted installations at Syria's naval base on the Mediterranean, Mint el-Bayda, and fuel installations at Homs 85 miles north of Damascus.

FIRST HIT

Homs, an industrial city with oil refineries, was first hit Tuesday by the Israeli raiders.

Syrian communiques said the Israeli jets today also hit the Syrian ports of Latakia and Tartus on the Mediterranean and blasted civilian targets in all the attacks.

Tel Aviv spokesmen said the targets in Egypt included air bases only 27 miles north of Cairo and others at Khosna and Abu Hammad in the Nile Delta. The Israeli jets also reported "accurate hits" on a radar station on the Mediterranean coast 60 miles east of Alexandria, they added. The Israelis claimed shooting down 17 Syrian jets in the dogfights over the Golan Heights. But Syrian communiques said six Israeli planes were shot down during the encounters and reported no Syrian losses.

Egypt and Syria said Tuesday that they had beaten back repeated Israeli attacks and were poised for new advances. An Israeli spokesman admitted Tuesday night that Israel's counteroffensive had stalled in both the Sinai Desert and the Golan Heights.

BLACKED OUT

Cities in Israel, Egypt and Syria were blacked out after an Israeli raid Tuesday on Dmsuc and another Syrian city, but no air attacks on any cities Tuesday night were reported. Tel Aviv had a four-minute air alert at 4:30 a.m., but apparently it was a false alarm.

Cairo newspapers said today that Israeli jets penetrated the city's air defense area twice on Tuesday. They said Egyptian planes drove them back before they could hit any targets. This was the explanation of the two air raid alerts in the Egyptian capital Tuesday and also of the claims by Egyptian representatives at the United Nations that the Israeli air force had bombed Cairo. Israel had denied the claims.

The officials in New York said 16 Israeli planes were shot down in the Cairo raids and four pilots captured, but the later press accounts said the planes were downed over the Sinai front.

U.S. military analysts told newsmen in Washington they believe the Israelis can drive the Egyptian and Syrian forces back behind the cease-fire lines they crossed last Saturday but only at "a very considerable cost." One official said the Arabs "are doing better this time than they have in the past."

The Pentagon said the amphibious assault ship Guadalcanal, with 2,000 Marines and 30 helicopters on board, was cruising in the eastern Mediterranean long with the aircraft carrier Independence and escort ships. The Guadalcanal could be used to rescue Americans endangered by the fighting.

The U.N. Security Council adjourned its debate on the war indefinitely after it became obvious that the United States and the Arabs' Communist backers could not agree on a cease-fire resolution. U.N. diplomats said no resolution was likely until one side or the other appeared to be winning.

Israel conceded Tuesday that its troops fell back to defense points two to three miles from the Bar-Lev Line of concrete bunkers the Israelis had built along the east bank of the Suez Canal.

Experiment Station Discussions Due

Community agriculture leaders were scheduled to meet with Dale King, an aide to Rep. Omar Burleson, today concerning the future of the Big Spring Experiment Station.

Purpose of the meeting called for 2 p.m. at the Chamber of Commerce was to discuss what can be done to strengthen the Experiment Station's research program.

Bill Fryrear, research leader, told The Herald this morning that he recently learned from the Agricultural Research Service that the local station was one of many small stations in the country scheduled for closure last year.

"For some reason before the list was finalized we were taken off," Fryrear said. He expressed some fear, however, that efforts to close the local facility might be initiated again this year due to tight federal funds.

Fryrear said his office needs more scientists to join the present two in working to control wind erosion.

The Israeli assistant chief of staff, Maj. Gen. Aharon Yariv, told a news conference Tuesday that the Egyptians still had about 400 tanks on the east side of the canal and the Egyptian advantage in numbers of troops there was "pronounced."

But he said "during the past

24 hours the Egyptians have had considerable difficulty in resupplying and reinforcing." Cairo communiques Tuesday said Egyptian forces controlled the whole east bank of the canal and had driven as far as nine miles into the Sinai Desert at points. Egypt claimed that in

one fierce battle 100 Israeli tanks were destroyed. **TOO EARLY** Israeli and Syrian accounts of the situation on the Golan Heights differed widely. Syria said Tuesday that its forces were on the verge of recapturing the 1,250-square-mile

area, which Israel took from Syria in the 1967 six-day war. Yariv claimed the heights "are almost intact in our hands." He acknowledged that "it is still too early for me to say we have broken the Syrian army."

In the air war, Syria claimed

that 23 Israeli planes were shot down over the Golan Heights Tuesday and in the raids on Damascus and Homs, an industrial city in central Syria. The Syrians said five Israeli pilots were taken prisoner and the bodies of five others were found.

Other reports from the Syrian capital said a number of homes in the diplomat quarter were hit and the dead included a Norwegian U.N. truce supervisor, his wife and young daughter.

The reports from Damascus said as many as 100 persons, most of them civilians, were wounded.

RETALIATION

The Israelis said their pilots had orders to hit only military targets, and that they scored direct hits on the Syrian Defense Ministry and the six-story headquarters of Radio Damascus across the street. Israel said the attack on Damascus was in retaliation for Syrian shelling of settlements in Northern Israel in which a number of civilians were killed.

Israel claimed it had downed more than 150 Arab planes since the war began Saturday while the Israeli air losses were much less.

Syria and Egypt claimed a total of 198 Israeli planes downed up to Tuesday night, but U.S. sources in Washington estimated the Israeli loss at 35 to 40 planes.

Lebanon, on Israel's northern frontier, was trying to stay out of the war but became involved Tuesday when Israeli jets knocked out a radar station in the mountains near Barokk, 18 miles from Beirut. The Lebanese Defense Ministry also said that Israeli troops fired on the southern Lebanese village of Blida.

Unconfirmed reports said Israeli armor was taking up positions in Lebanon.

Israel had charged earlier that Palestinian guerrillas were making raids and firing rockets across the frontier.

Elvis, Wife End Marriage With A Kiss

SANTA MONICA, Calif. (AP) — Singer Elvis Presley and his 26-year-old wife Priscilla have ended their marriage with a friendly kiss and a property settlement making her a millionaire.

Presley, 38, was granted his divorce Tuesday in Los Angeles County Superior Court. The couple, married six years, agreed on a modified property settlement involving \$1.5 million.

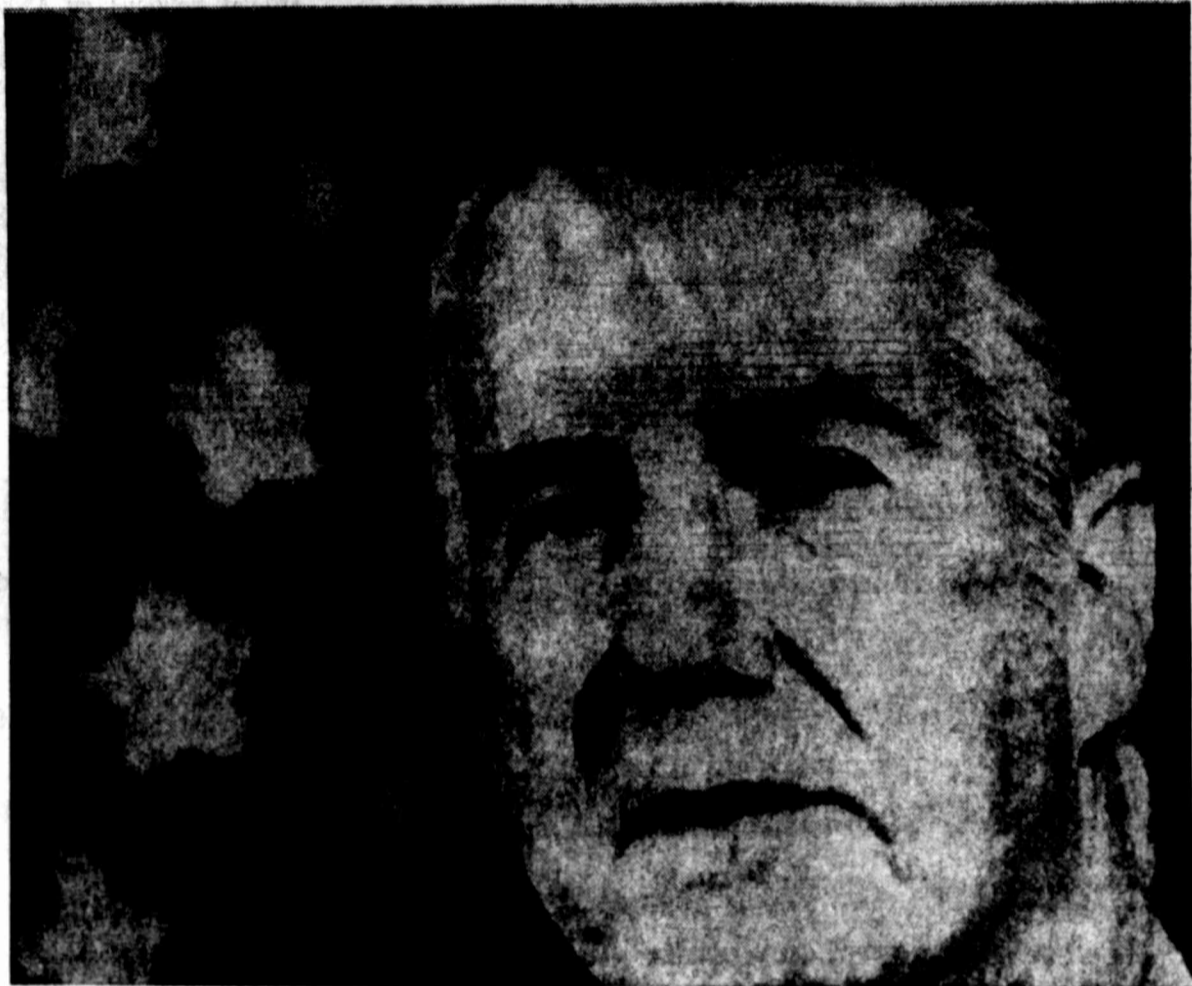

In seeking the divorce, the singer cited irreconcilable differences because of pressure from constant traveling. The hearing was closed to the public.

The Presleys were married in Las Vegas, Nev., in May 1967 after a courtship that began in Germany. She was the daughter of an Army officer and he was the world's best known tank-driving corporal.

Under the settlement, Presley will pay \$725,000 in cash outright and another \$720,000 at \$6,000 a month over a 10-year period.

RESIGNS — Vice President Spiro T. Agnew, shown making a statement to newsmen in Washington in August of this year, today resigned, his secretary reported.

Agnew Resigns

WASHINGTON (AP) — Vice President Spiro T. Agnew resigned Wednesday, his historic decision announced by a weeping staff secretary.

Agnew then pleaded no contest in federal court in Baltimore to a single count of federal income tax evasion.

The vice president, his face drawn, entered the plea before U.S. District Court Judge Walter E. Hoffman.

FINE \$10,000

Hoffman told the vice president he considered the no contest plea the equivalent of an admission of guilty.

Hoffman sentenced Agnew to the maximum \$10,000 fine and placed him on probation with-

out supervision for three years.

Agnew left the courthouse at about 2:40 p.m., stepping into a limousine for an unknown destination. Agnew told newsmen that the Justice Department has not been fully prosecuting witnesses in his case.

Witnesses against him had received either full or partial immunity, Agnew said.

NIXON'S MOVE

Agnew's resignation means President Nixon will submit to Congress a nominee to succeed the vice president. The Nixon nominee would take over the vice presidency upon approval by both branches of Congress.

In a statement to the court, Agnew said his decision to resign "rests on my firm belief that the public interest requires swift disposition" of his case.

Agnew entered his plea of no contest to a criminal information filed by U.S. Atty. George Beall.

Agnew said that had not an agreement been reached with the government, and had he been indicted, the case would have dragged on for two or three years and "intense media interest in the case would distract public attention from other matters of national importance."

Agnew has been under federal investigation in connection with alleged kickbacks in Maryland, where he served as governor before becoming vice president.

It would also appear that where the resentencing results in a misdemeanor conviction the same would be a partial pardon.

The court said the resentencing provision gave a judge no discretion but required him to sentence a man who petitioned for a new sentence.

PARTIAL PARDON

"It seems too clear to question that if said Section 4.06 is applied in Demolli's case or those similarly situated it would result in a less severe punishment being imposed. This would result in a 'commutation' as that term 'means the change of the punishment assessed to a less severe one,'" the court said.

Resentencing, the court said, would in fact be a commutation.

To uphold resentencing would "be equivalent to announcing that the legislature, in enacting such section, clothed district judges with the power to grant commutation, etc., after conviction, thus usurping the governor's powers granted to him by the constitution," the court's opinion held.

NEW LAW

Smith brought the problem to the court after District Court Judge Tom Blackwell scheduled a resentencing hearing for Frank DeMolli, currently serving a prison term for possession of about 21 pounds of marijuana. While DeMolli would not have been subject to the misdemeanor provisions of the new law, his 25-year prison sentence could have been reduced to the new maximum felony sentence of 10 years if resentencing had been upheld.

Witnesses before legislative committees estimated that up to 800 penitentiary inmates are serving time for marijuana possession, and the number on probation might run as high as 40,000.

Cleanup of city alleys picked up speed Tuesday as the street department crew handling collection of brush, weeds and junk moved its efforts into the third designated area of town.

The crew transferred Tuesday to the third area, west of the Lamesa Highway on the northside of town to the Lakeview Elementary area.

Clean up ended Monday in the second area which was east of the Lamesa Highway to the Snyder Highway. Both areas two and three are bounded on the south by the T&P Railroad.

Burr Crocker of the public works department said a total of 58 truck loads of junk was gathered and hauled away from area number two after just two days of work there, Friday and Monday. Progress in the campaign may slow in the third area, though, as 12 loads were gathered from just one block Tuesday.

City Manager Harry Nagel said Tuesday that he is still looking for full-time permanent employees to work as "birddogs" in the already cleaned areas to maintain the clean conditions. Persons may apply at the public works department.

Bingo! Will It Be You?

The countdown has begun in The Herald's weekly bingo game.

Only three days remain in the final week of competition, in which \$200 in merchandise awards will be at stake.

Numbers needed to fill out cards in the bingo square appear in ads of participating merchants through Friday. Those who reason they have blacked out all the squares in the bingo card have until 5 p.m., Monday to declare their cards at The Herald.

Although there hasn't been a winner in the last three weeks, 22 persons, in all, have shared in the awards over a 12-week period.

The prize in an ordinary week is \$50 in Bingo Bucks but that amount is carried over in event there is not a winner that particular week.

Thousands of bingo cards are distributed weekly by the 30 merchants participating in the game, which starts each Sunday and continues through the following Friday.

Unlike previous games, cards of any color can be played this week — a factor that increases chances of a winner. Only numbers appearing in this week's papers can be used to fill out the cards, readers are reminded.

Shoppers frequenting the stores can ask for the bingo cards.

Cindy Bartlett Revue Winner

Cindy Bartlett of Lemesa, from the nation's number one cotton producing county, was named first-place cotton winner in the 1973 State 4-H Dress Revue in Dallas last Friday.

Miss Bartlett received an award from the Texas Cottonseed Crushers Association for her plaid pantsuit in tones of brown and beige with touches of bright orange.

Over-all winner in the state dress revue was also a West Texan, Ann Luckie of Wickett, and first place winner in the wool division, another West Texan, Renée Nelson of Brownfield.

COOLER

Cooler and partly cloudy skies with a hint of rain. High today in low 80s. Low tonight, mid 50s. High Thursday, mid 70s. Rain odds, 20 per cent this afternoon and tonight.

TEXAS COURT RULES

Resentencing Provision Of New Pot Law Illegal

AUSTIN (AP) — The Texas Court of Criminal Appeals ruled today that the resentencing provision of Texas' new marijuana law is unconstitutional.

The court agreed with Austin Dist. Atty. Bob Smith and other prosecutors that allowing judges to reduce sentences of

Barr Assumes Fair Office

Gerald Miller was named president-elect, and James (Buddy) Barr automatically became president of the Howard County Fair Association at its annual post-fair meeting Tuesday.

Barr, who has been president elect, succeeds Johnnie Walker, who becomes a member of the executive board.

Other officers named were Neil Fryar, vice president, and Joe Pickle secretary-treasurer. Elected to three-year terms as directors were Delbert Donelson, Bill Read, Hamlin Elrod, Skipper Driver, Mrs. Joe Mac Gaskins, and M. A. Snell.

Much of Tuesday's meeting was given over to a critique of the fair held Sept. 17-22, the first in 20 years, and which Walker termed a surprising and gratifying success in almost every way.

"We realized we would make many mistakes in trying to revive the fair," he said, "but the response and the cooperation we had from everyone was far beyond anything we even hoped for."

A financial report indicated that, although all bills may not be in, the Fair will end up substantially in the black.

Resolutions were adopted expressing thanks to the Big Spring Cowboy Reunion and Rodeo Association for use of the grounds and other facilities, and to the Howard County Commissioners court for extensive assistance and cooperation which made the Fair possible.

Directors adopted the third full week of September as the time for the annual show, which would make the 1974 Fair Sept. 16-21.

persons previously convicted of marijuana possession usurped the governor's power of commutation.

PUNISHMENT

Under the new law, possession of four ounces or less of marijuana is a misdemeanor. But hundreds of Texans are serving prison terms under the old law which provided up to life in the penitentiary for possession of marijuana.

The resentencing provision was designed to give these people the chance for reduced sentences, or even outright release, under the table of punishments set out by the new statutes.

Resentencing, the court said, would in fact be a commutation.

To uphold resentencing would "be equivalent to announcing that the legislature, in enacting such section, clothed district judges with the power to grant commutation, etc., after conviction, thus usurping the governor's powers granted to him by the constitution," the court's opinion held.

NEW LAW

Smith brought the problem to the court after District Court Judge Tom Blackwell scheduled a resentencing hearing for Frank DeMolli, currently serving a prison term for possession of about 21 pounds of marijuana. While DeMolli would not have been subject to the misdemeanor provisions of the new law, his 25-year prison sentence could have been reduced to the new maximum felony sentence of 10 years if resentencing had been upheld.

Witnesses before legislative committees estimated that up to 800 penitentiary inmates are serving time for marijuana possession, and the number on probation might run as high as 40,000.

Hospital Report On Thomas Good

Dr. Clyde Thomas underwent major surgery Tuesday morning at M. D. Anderson Hospital in Houston.

He is in Room 214 East and local relatives report that, following the surgery, the "prognosis was good."

Address of the hospital is 6723 Bertner, Houston, 77025.

The World At-A-Glance

TULSA Okla. (AP) — A U.S. District Court judge has admitted he made "substantial error" in assessing damages of \$352.5 million in an antitrust suit against International Business Machines Corporation by the Telex Corporation. Judge A. Sherman Christensen made the admission Tuesday in granting an IBM motion seeking amendment of the Sept. 17 judgement or a new trial on the issue of damages.

NEW ORLEANS, La. (AP) — A federal grand jury has indicted Byron De La Beckwith on three counts of violating the gun control act in connection with a time bomb police say they found in his car as he traveled toward New Orleans last month. Federal sources have said unofficially that Beckwith planned to use dynamite on the home of a New Orleans Jewish leader. Beckwith, 52, of Greenwood, Miss., was tried twice but never convicted in the slaying of civil rights leader Medgar Evers 10 years ago.

NEW YORK (AP) — Vice President Spiro T. Agnew has urged public support for reforms proposed by the Nixon administration to replace the government-subsidized housing program. Speaking before the New York Building Congress, Agnew said the program has been a costly failure that has not "achieved our national goal of a decent home and a suitable living environment for every American family." Agnew made no reference to a federal grand jury investigation in Baltimore of his alleged participation in a construction kickback scandal.

BANGKOK, Thailand (AP) — Thai Premier Thanom Kittikachorn said today that the United States had agreed to temporarily suspend troop withdrawals from Thailand because of the uncertainty of the military and political situation in Indochina. There are just under 40,000 U.S. airmen and support personnel stationed at six air bases in Thailand.

Fire Around Powder Keg

What had been feared has become a reality with eruption of widespread fighting between Israel and the Arabs. The tinder box, smoldering since its last disastrous explosion for the Arabs, has reignited, and the situation is fraught with peril.

It is obvious that the lightning strikes by which the Israeli forces decimated the Arabs in the now infamous six-day war will not be repeated, although this is not to say that the end results will be radically different. Obviously, the Arab forces are better equipped and better manned this time, and they also appear to be coordinating the attack from opposite directions so that the Israeli must fight on two fronts. Most experts believe that the Israeli will prove to be the more effective fighters, however.

But this presupposed a big "if," namely that the issue can be settled within reasonably short time. Whether Israel is able to withstand a long war of attrition, or can sustain its mechanized forces with oil supplies largely severed, is open to question.

Why would the Arabs launch an attack at this moment. This is a question not yet clearly defined or answered. It could stem in part from the

long, deeply ingrained hatred for the new nation they feel has supplanted Arabs from the Palestinian area. This enmity has existed since biblical days.

Some feel that this may be a maneuver to completely take over oil resources within the Middle East and African fields. If so, this will have dire and sobering consequences on the rest of the world, not just on Israel. It will hurt the United

States; it could, in short order, almost paralyze Europe. Because of this, there is always the possibility of other forces and interests being drawn into the conflict.

And this pinpoints the danger of it all. It is not as though the world were watching a street brawl; it is more as though someone had started a fire in the vicinity of a powder magazine.

Inflation Either Way

The administration is confident that opening up several million acres of land to cultivation will bring agricultural plenty and lowered food prices next year. Well, maybe it will. Then, again, it might not.

At the moment, in the great wheat-growing states of the Midwest, winter-wheat planting is under way. That wheat will serve two purposes: 1) Provide grazing for beef and dairy cattle and 2) a wheat crop later.

One little matter has been overlooked, though. Where are the farmers going to get their fertilizer? The fertilizer of choice, high-analysis nitroben,

is being held at \$40 a ton under price controls. But fertilizer manufacturers can get about \$75 a ton in the export market.

It is a curious dilemma. Should we accept immediate inflation by removing controls on nitrogen fertilizer prices, or would it be better to have controls now and thus delay inflation until the wheat shortage occurs next year?

One suggestion is to establish export controls on nitrogen fertilizer. This may make some of our friends unhappy, but if we have to have internal controls, perhaps our external partners should have to share in the fruits of them, too.

Sail On! And On!

Around The Rim

Joe Pickle

Columbus Day was observed Monday, when everyone knows that it should be Thursday (if not Friday). It is not generally known that great pressure was exerted upon the enterprising Genoese to advance his epochal discovery three days so it would fall on a Monday.

HE PROBABLY would have accommodated a high-priced member of the Spanish court except things had gone so far he felt he would create too many complications by advancing his time tables.

It all came about when one of the astrologers in the court of King Ferdinand and Queen Isabella saw something funny in the stars. When this persisted, he checked it out on his Ouija board, and sure enough the data was the same. Columbus would discover a new country, all right, but the sequence of events became cloudy down the line. Somewhere, about 481 years later, there would be a great movement on to observe official holidays on Mondays, which everyone knows follows on the heels of a weekend. What could be more practical than a three-day holiday weekend?

THIS MADE sense, and Ferdinand ordered the discovery moved up to Oct. 8. Columbus was preparing to hoist the canvas on the Nina, Pinta and Santa Maria when a courier was rowed furiously to the flagship to communicate the new orders.

"What's he think I am, Superman?" stormed Columbus. "I've got this all set up and I can't change it just like that (snap)."

"Well, I'd advise you to throw it in high gear," said the messenger. "You know how Ferdinand is, and that's no bull."

"OH YES (groan), and where was

his majesty and his star-gazers when I was pounding the sidewalks in Genoa, or sending letters to the court in Portugal and to Henry VII in England trying to get a sponsor? Besides I've got everything arranged, fixed, firm."

"But, why can't you hoist a few more sails and by-pass the Canary Islands instead of wasting a day or two?"

"BY-PASS THE Canaries, indeed! And what will we do for water? Make out on astrology juice? And as for hanging more canvas, do you know what that will do to my overtime for sailors. I'm already on bare-bones budget, and His Nibs knows it. If it weren't for his wife, that tightwad wouldn't let us get out of port — much less speed it up."

"Yes, but —"

"NO BUTS about it. Why I've got half a dozen historians standing by for Oct. 11. What do you want them to do, crumple up their parchments and start all over? Besides, there's the painter I've engaged to show up for sketches of me planting my sword on San Salvador. And another thing, the sailors had their last munity booked for the evening of the 9th or the morning of the 10th. They'd look pretty silly throwing a shoe claiming we were going to sail off the edge of the earth when in fact they were on solid land. Finally, what about the Indians we've got booked to show up to welcome us?"

"YOU'LL BE sorry," shot back the courier. "People will call you by your right name, Colombo, and make raucous poems about you, and say Irishmen and Norsemen beat you to it. And besides a new star will rise in the West and be called Congress, and change the date anyhow. So there, Hard-head, sail on!"

My Answer

BILLY GRAHAM

My 17-year-old brother thinks he is a Christian, but he curses and beats on me. I am fourteen. My parents say they can't do anything unless they see him. So he waits until they leave, and then he starts in. What can I do?

M.C.
I've often observed the competition that exists between children in a family. Some of it is innocent and good, some of it depressing and destructive.

Abuses in family life often arise from outside influences. Being unable to handle them at the source, they are carried over into the home, where there is more latitude and tolerance for self-expression. Perhaps your brother, who is soon entering manhood, is not yet sure of relationships in his peer group. He finds, however, that he can, with certain immunity, vent hostilities out on you. Your parents are probably equally concerned for both of you, but are trying to be as practical and factua as possible.

Why not arrange to be out of the house when your parents are. Just minimize the occasions when trouble could start. Be as kind as you can to him. Who knows — a little love may melt his cold and fighting heart. During this time of adjustment for

Gen. Mobutu At UN

William F. Buckley Jr.

IT WAS quite a sight the other day at the United Nations General Assembly. The speaker was a chief of state. The delegates are for the most part a blasé lot, but it was in the air that General Mobutu was going to say something of some diplomatic consequence, and indeed he did, occupying an entire paragraph inside another news story in the New York Times. When a speech in the UN gets that much space, it is quite a speech.

As this was the newsmaking part of it was the decision of President Mobutu's Government to discontinue diplomatic relations with Israel. He put the matter rather grandly. Israel, he said, is a friend. But Africa is a brother. "As between friends and brothers, there is no question." Tumultuous ovation from the Third World.

GEN. MOBUTU was only warming up. He was dressed with a leopard-skin U.S. army-style overseas cap, and the motif was picked up by delegates sprinkled about the chamber. An aide to Gen. Mobutu placed his speech on the podium, and, after he was done, retrieved it. Such menial tasks as placing one's own speech on a podium are inconsistent with the pride of the president of Zaire. Zaire is what we call the Congo nowadays. In the categorical flight from colonialism. It isn't under the circumstances exactly clear why they picked on Zaire, which happens to be a Portuguese word.

SPEAKING OF Portugal, Gen. Mobutu had a great deal to say, on the subject, denouncing roundly Portugal's colonialization of Mozambique and Angola. Portugal, he said, is a weak state without an armed force of any quality, and has managed the lowest literacy rate in Europe. The delegates went wild with delight. They did not meditate on the inexplicit counterparts of that description or Portugal. 1) If its armed services are so weak, how does it manage to control two vast areas in Africa? And 2), though it may be true that

Portugal has the lowest-literacy rate in Europe, it is three and one-half times higher than Zaire's. Could that be because Zaire suffered a hundred years of colonialism? But Zaire's literacy rate is four times Ethiopia's, which never suffered under colonialism. All very distracting.

GEN. MOBUTU said that it is very important that the African nations and African leaders not be humiliated in any way, and it was his point that that much of the aid they receive is, really, humiliatingly tendered. I see his point. On one occasion, when General Mobutu was about to be assassinated, during one of those wars inside Zaire in which he needed friends much more than brothers, since his brothers were trying to kill him and his friends to save him, he got away in the nick of time by hiding in a white man's cellar, which must have ruffled his tiger-hat, but saved his skin. Aid can be humiliating.

THE GENERAL explained much of the so-called aid to African countries was an economic swindle of sorts. Consider, he said, so-called fellowship grants to African students. The grant is made, and the student travels to America, and spends the entire sum of money in America! In other words, the economic grant is really a grant to American educational institutions, not to African students. What is confusing under the circumstances is why Zaire, having caught on to this Yankee shell game, doesn't retaliate by making huge grants to American students to study in Zaire? Study what in Zaire?

GEN. MOBUTU doesn't like it that he is considered a part of the Third World, because the figure "three" implies the preeminence of "one and "two", and Africa is greater than either the western powers or for that matter Russia in any number of ways, mostly unspecified. Meanwhile, Israel will have to get along without an ambassador from Zaire.

The Washington Star Syndicate, Inc.

NEW YORK (AP) — Every body learns at least two languages in his life, whether he realizes it or not.

And if he picks up a foreign language, too, that makes three.

The first language anyone usually learns is the language the people speak where he spends his childhood. Here the native language, of course is American, an offshoot largely of the English language.

The child learns American here because he needs a language in which to say what he is thinking. As he grows older and less truthful, however, he finds he needs a second language in which he can say something — but not at all what he is really thinking.

Slowly picking his way, often by himself, he evolves that necessary second language — double talk. This is usually a mirror image of his native language.

Thus: If you were born in New York, you'd learn American double talk; in Paris, French double talk; in Minsk, Russian double talk.

So, while its accent may be national or even provincial, double talk is international, for the need for it arises wherever hypocrisy exists, and hypocrisy, common sense tells us, exists in every land containing human beings more than 4 years old.

The more skillful you become at this second language — double talk — the abier you should be at getting what you want from human society. So it will pay you to learn it early and study it well all your life long.

For the benefit of the beginner, here are a few common examples of double talk. In each case, the double talk used by the speaker is in quotes, followed by what he really was thinking:

"I'd rather be right than president of this corporation." — Anyway, as senior vice president I'll probably live longer. "I have just begun to fight."

Dear Dr. Thosteson: Recently I read that rubbing one's eyes can cause serious damage. Is this true? I find myself unconsciously rubbing my eyes often during the day.

I recently had glasses prescribed, but I still get headaches starting behind my eyes. Also they burn and water when I go outdoors. And what about dark circles? Could that be from too much rubbing? — A.H.

When your skin itches, you scratch it. An itch is a form of irritation.

When something irritates our eyes, the natural tendency is to rub them.

Gentle rubbing is not harmful in itself — but here is the point: When the irritation goes on and on, it's time to find out why. The watering and burning suggest either allergy or some inflammation of the eyelids, so you would do well to have your eyes examined by a specialist.

A test for glaucoma would be in order, because if that is present, it could be a factor in those headaches.

The rubbing has no bearing on the dark circles.

The one thing to look out for when you rub your eyes is to be sure you do not carry infec-

tion into the eyes — or conversely, don't carry infection from the eyes. With pinkeye, which is an infection, rubbing can spread the germs.

Dear Dr. Thosteson: Is the hymen so fragile that it can accidentally be broken by a woman who is still a virgin?

Please explain as there are many who have seriously searched for an answer, but to no avail — J.T.R.

Reading this column regularly would have answered that question quite a number of times in the past, but here goes again. There is a very substantial difference in the thickness and toughness of the hymen, and in many cases it is perfectly possible for some rough-housing or minor accident to rupture the hymen, often when a girl is quite young.

And there are a few cases in which the hymen is so tough that the bride has to have a physician sever it. It's a simple procedure, however.

Dear Dr. Thosteson: I am 22 and have just found out that I have retinal degeneration near the macula. I have been told I have about 20 years before I go blind. From what I have

been told this is hereditary but I know of no one in my family who has had it.

I have two children and would like to know the chances of this being passed on to them — Mrs. K.S.

I presume that you are referring to retinitis pigmentosa which affects young persons and is an inherited disorder. A lot of research is being done on this. Among the findings I have most recently heard about, hypothyroidism (low thyroid activity) may be a factor.

Treatment with Cytomel (a synthetic thyroid substance) and vitamin A is reported to be effective. And reduction of light reaching the retina is accomplished by wearing dark glasses.

What are ulcers? How should they be treated? What can you do to help rid yourself of ulcers and stay rid of them? For answers, read Dr. Thosteson's helpful booklet, "How To Heal Peptic Ulcers and Keep Them Healed." For your copy write to him in care of the Big Spring Herald, enclosing a long, self-addressed (use zip code), stamped envelope and 25 cents in coin to cover cost of printing and handling.

Scare Report

Rowland Evans

WASHINGTON — A quickly spreading report from London that "savages" have taken over the Soviet high command in a fundamental shift, threatening a pre-emptive nuclear strike against Communist China, is not only unsubstantiated by known facts but is also totally denied by U.S. government experts.

TO THESE close students of the Kremlin, recent changes in the military hierarchy seem routine rather than exotic, modest in number, without discernible significance. Consequently, the changes are not viewed as increasing the prospect of a Soviet attack against China which would transform world power relationships and risk nuclear holocaust.

INDEED, A computerized study by government experts just completed places the possibility of an attack at only 6 per cent — about one chance in 17. Such studies are far from precise, but they do reflect the expert consensus here. Although some policymakers deeply fear that the danger of a Soviet strike against China could rapidly escalate if U.S.-Soviet detente collapses (perhaps over the issue of U.S. trade concessions), the experts do not accept even that. Rather, they

see chances of an attack diminishing as time passes without much relation to international and domestic developments.

The latest Western jitters over a Soviet pre-emptive strike appears to originate from a London-based newsletter called "Soviet Analyst" (edited by the distinguished historian, Robert Conquest). Its astonishing contention: the Soviet high command has been taken over by "savages."

BUT HOW much change has there really been? Between September 1971 and February 1973 there have been nine billeting changes in top levels of the command structure, including General of the Army V. G. Kulikov as army chief of staff — not much different from the two-year turnover in the U.S. military. The older officers they replaced were retired.

Of the nine changes, six are new faces: Lt. Gen. Naumenko, Volga military district commander; Col. Gen. Melnikov, Transcaucasian commander; Gen. Tolubko, strategic rockets force chief; Lt. Gen. Teinichev, commander of the 50,000 troops still patrolling Czechoslovakia; Col. Gen. Tankayev, chief of military education institutes, and Col. Gen. Shavrov, general staff school commandant.

Technology And Society

Marquis Childs

WASHINGTON — As a measure of the fantastic changes that have occurred in this amazing century take a look at the plane that Charles A. Lindbergh flew in the first flight across the Atlantic. The year was 1927 not so long ago that many of us can still remember the excitement when the lone flyer landed at Le Bourget airport in Paris at the end of his 33½-hour solo.

THERE IT hangs in the Smithsonian Institution, a single-engine plane looking incredibly small. There, too, is the Wright brothers plane from Kitty Hawk in 1903, more nearly a manned kite than an aircraft. The record of America's technological progress has gone forward from those two monuments almost without interruption. The doubters, as Lindbergh doubted in 1941 President Roosevelt's claim to be able to manufacture 50,000 warplanes, have always been proved wrong.

CONSIDER THE record. Three astronauts have just completed 59 days in space in the Skylab. Another crew will go up on Nov. 11 to spend 56 days in the laboratory, although their stay could be longer depending on circumstances.

Work is already in progress on a

space shuttle to be operational in the 1980s. This will have a continuing function with a projected use of a hundred round trips between earth and the stratosphere. It will be able to stay aloft from seven to 30 days during which time earth-orbiting payloads can be launched. The cost sounds stratospheric — \$5.1 billion for the space shuttle — yet put alongside the bill for the weapons of annihilation the Pentagon demands it is not so large.

AS FOR THE scientific benefits, perhaps only a few specialists in the space field can give a proper evaluation. But the cynics who spoke derisively of spending billions to put some clown in the sky are wrong on several scores. Landing on the moon was not so much like the justification for climbing Mt. Everest — because it was there — or as an exploration comparable to Columbus' discovery of the New World.

What is to be gained from that sterile, dead planet, the scoffers ask. The discoverers of that other era were met with the same doubts and derision. Better leave those empty places to a few Indians.

A Devotion For Today . .

Teach a child to choose the right path, and when he is older he will remain upon it. (Proverbs 22:6)

PRAYER: Our Father, we thank You for Christian homes. We thank You for loving parents, for obedient children and for all the things which make our houses homes. Amen.

2 Big Spring (Texas) Herald, Wednesday, October 10, 1973

Spot Is Found For Landfill

City Manager Harry Nagel revealed Tuesday that the city has located a possible site behind the mobile home manufacturing plant for a new sanitary landfill.

In talking with owners of the land and operators of the plant, Nagel said he received no objection to the city's use of the land for that purpose.

Although a landfill site had earlier been designated near the Ramada Inn, Nagel said the city is now reluctant to use it. The new location at which garbage would be buried could probably last two or three years, he said.

Before the city can obtain rights to the property, the staff must seek permission of the county commissioners and must then conduct test drillings and necessary paperwork to satisfy Water Quality Board and Environmental Protection Agency requirements.

AF Recruiting Office Opens

A new Air Force recruiting office has been opened at 322 Rannels named by Sgt. Don Sisco, formerly of the Odessa recruiting office.

Big Spring has never before had a recruiting office for the Air Force. Formal grand opening and open house at the site next to R-70 Theatre will be held Oct. 31.

The recruiter may be reached at 263-1111.

DEATHS

Eva Boland

CISCO — Mrs. Eva Leveridge Boland, 77, died at 1:20 p.m. Tuesday in a nursing home here after a sudden illness. Funeral will be at 2 p.m. Thursday in First United Methodist Church with burial to follow in Scranton Cemetery directed by Holly Rhyme Funeral Home. Among survivors is a sister, Mrs. W. T. Morgan, Big Spring.

Iva W. Gentry

ODESSA — Services will be at 4 p.m. today in Hubbard-Kelly Funeral Chapel for Iva W. Gentry, 78, who was dead on arrival Monday afternoon at a hospital here. Burial will be in Sunset Memorial Gardens. Mr. Gentry moved to Odessa from Stanton in 1955. Among survivors is a sister, Mrs. Pearl Ray, Garden City.

Mrs. R. Wheeler

COLORADO CITY — Mrs. Raymond Wheeler, 64, Loraine, died at 11:15 a.m. Tuesday in a Sweetwater hospital after an illness of several weeks.

Services will be Thursday afternoon at First Baptist Church in Loraine with the Rev. Jimmy Roberts, pastor, officiating, and the Rev. Huran Polnack, pastor of Gorman First Baptist Church, assisting. Burial will be in

Loraine Cemetery directed by Kiker-Rains-Seale Funeral Home. Born Rena Mae Hallman Feb. 20, 1909 in Mitchell County, she married Raymond Wheeler Dec. 18, 1926 in Sweetwater. They had lived north of Loraine since their marriage. She was a member of First Baptist Church and North Loraine Home Demonstration Club.

Survivors include her husband; three daughters, Mrs. Trudie Richburg, Abilene, Mrs. Wanda Montgomery, Euless, and Mrs. Gloria Compton, Midland; two brothers, Roy Hallman, Roscoe, and Max Hallman, San Bernardino, Calif.; eight grandchildren and two great-grandchildren.

Maude Handley

LAMESA — Last rites for Mrs. Maude Handley, 81, longtime Lamesa resident, will be at 2 p.m. Thursday in Branon Funeral Chapel with burial in Lamesa Memorial Park. Mrs. Handley died about 4:40 p.m. Tuesday in a Morton hospital.

Survivors include two brothers, Billy Herring, Lubbock, and J. W. Herring, San Bernardino, Calif.; three grandchildren and three great-grandchildren. Her husband, J. J. Handley, and two children preceded her in death.

Mrs. Audie Farrar

COLORADO CITY — Services will be at 4 p.m. today in Kiker-Rains-Seale Chapel for Mrs. Audie Farrar, 75, Dunn, who died at 3:30 p.m. Tuesday in a hospital here after a long illness.

Eddie Sweeney, minister of Northside Church of Christ, will officiate. Burial will be in Dunn Cemetery.

Born Feb. 25, 1898 in Erath County, she married Oscar Farrar July 25, 1914 in Morgan Mill. They came to Dunn in 1918. Her husband died in 1950. Mrs. Farrar was a member of the Church of Christ.

Surviving are a daughter,

Three Are Sent To Huntsville

Deputy sheriffs took three convicted men to a Texas Department of Corrections bus at Lubbock Tuesday night.

Transferred to the Texas Department of Corrections were William Paul Darrow, 27; Robert Villareal, 26; and Morris Lester Madden Jr., 32, 1410 Dixie Ave.

A jury sentenced Darrow to life for sale of marijuana. Villareal received two 12-year concurrent sentences after pleading guilty to murder with malice and assault with intent to murder. And Madden has pleaded guilty in 118th District Court to burglary and felony theft. Madden will be serving two concurrent 10-year sentences.

Enrollment Dips In BS Schools

Enrollment in Big Spring schools slipped slightly again last week with 6,797 registered.

The report reflected the transfer of Gay Hill pupils to Moss Elementary. Elementary enrollment of 3,463 was down eight, the number of decline at Cedar Crest. Secondary enrollment was off five to reach 3,201, but this time the senior high registration was steady and the junior highs lost five. Hospital and homebound total of 133 were up five. The enrollment total is 10 below a year ago at the comparable date.

Church Union Motion Defeated

Tres Rios Presbytery U.S. conducted a one-day meeting in the First Presbyterian Church in Odessa Tuesday.

In a hotly debated issue concerning union with Tres Rios Presbytery UPCUSA (United), the motion for union was lost by a vote of 35 for and 31 against. A two-thirds majority is required for union.

The Rev. Harold Odom, San Angelo, was elected moderator while the Rev. J. Robert Hawkins, Kermit, was selected as stated clerk, succeeding the Rev. R. Gage Lloyd, Big Spring.

Mabel Franz, Midland, was named moderator nominee for the special meeting scheduled in El Paso in February. She will be the first woman moderator in the Presbytery. Charles Murphy was examined for ordination and a committee

Postal Employees Double Gifts

Big Spring Postal employees contributed a total of \$908.50, more than twice as much as they did last year, to the Combined Federal Campaign, Charles Dickson one of two Post Office campaign chairmen said today.

All of the maintenance and clerical force contributed. Wayne Watson was the other Post Office employee coordinating the campaign there.

Funds collected for the Combined Federal Campaign go to the United Way and other charity drives.

Bicycle Recovered

A 10-speed bicycle found on Hilltop Road has been taken to the sheriff's office pending location of the owner.

Auto Fire May Have Been Set

Somebody wasn't having a good time at the Goodtimes Lounge Tuesday night when they discovered that the inside of their car had apparently been set on fire with over \$300 worth of damage, while parked outside.

Kenneth Clements, 22, of 2100 Johnson, came running out to find his car in flames. Police reported that two witnesses saw a man in a group of four men toss something into the car, after which it burst into flames.

Busy 6-Year-Old Creates Problem

A six-year-old youth, who the mother thought was being watched by a baby sitter, created quite a bit of destruction at a neighbor's home late Tuesday.

He pulled all of the flowers out of the flower pots, cut two bicycle tires, broke the pots and flooded the yard. Investigating policemen talked to the parents of the child who agreed to pay the damages.

A SCRAMBLE — A Viking ball carrier tries to move against the Redskins' defense Tuesday during a Big Spring Pee Wee Football Association tilt at Blankenship Field. Neither team got anywhere, as they battled to a 0-0 deadlock.

Oilers Lead Pee Wee Play

The Oilers lead the Big Spring Pee Wee Football Association with a 3-0-1 mark following the end of the first half of the season this week. The Oilers played Monday, and bounced the Dolphins 20-0.

In Tuesday's games, the Vikings played their third tie in four outings as they defeated the Redskins 0-0, and the Packers downed the Rams 28-0 behind Mark Knight's scoring runs of 62 and 40 yards. Tracy Truette and Brent Odum also scored for the Pack, now 4-1, while Scott Moore, Tim Shaver, David Towery and Vincent Ingram were outstanding on defense.

Table with columns: Team, W, L, T, Pct. Rows include Oilers, Packers, Vikings, Dolphins, Redskins, Rams, Cowboys, and Dolphins.

Cool Weather Drives Out Stripers At Lake Spence

The theory that cooler weather would bring up the striped bass at Lake E. V. Spence appeared to be bearing fruit last week.

There were half a dozen in the nine-pound plus range, and one 13-pounder reported by Paul Dawson and C. A. West, Odessa, appeared to be a new record, topping one reported Sept. 21 by Y. J. Sherrill by a pound and a half. Dawson and West also landed a seven pounder.

There were also reports of good black bass, channel cat and crappie fishing.

These included from Lake E. V. Spence: Y. J. Marina — Bill Mathis and Carl Northcutt, Andrews, three channel cat to 8 lb., four blacks to 4 1/2 lb.; Charles Sherrill, 9 1/2 lb. striped bass, and 9 lb. strip, also eight channel cat to 6 lb. and five blacks

Sports... In Brief

FOOTBALL

NEW YORK — Buffalo's O. J. Simpson, who piled up 171 yards in a 27-26 win over Philadelphia, and Miami defensive end Bill Stanfill, a standout in the Dolphins' 31-3 win over the New York Jets, have been named the AP's Players of the Week in the NFL.

LEXINGTON, Ky. — Alfred "Sonny" Collins gained 219 yards rushing as Kentucky upset Mississippi State and is this week's College Back of the Week. Lineman of the Week was Ray Nester of Michigan State, who was in on 23 tackles in a 14-10 loss to Notre Dame Saturday.

COLLEGE STATION — Bubba Bean, who picked up 204 yards on 22 carries in Texas A&M's 30-15 victory over Clemson, earned the Associated Press Southwest Conference Offensive Player of the Week award.

NEW YORK — The University of Delaware, surging toward an unprecedented third consecutive national title, received 39 first

place votes and 828 points to solidify its hold on first place in the weekly AP poll.

BASKETBALL

NEW YORK — Seven American Basketball Association teams voted to strike and the ABA Player's Association announced that, barring a last-minute settlement, the regular season will not begin Wednesday night as scheduled.

PHOENIX, Ariz. — The Phoenix Suns traded reserve center Walt Wesley to Capital for the Bulls' 1974 and 1975 third-round draft choices in a National Basketball Association transaction.

TENNIS

TOKYO — Second-seeded Ken Rosewall of Australia advanced in the opening round of the \$60,000 Tokyo Open Tennis Tournament, eliminating Dick Dell of Bethesda, Md., 6-1, 6-0.

LOS ANGELES

The Los Angeles Strings of the new World Team Tennis League announced the signing of their top draft choice, Australian John Alexander.

Counts Grocery and Bait — Bill Emerson, Chuck and Alpha Gressett of Big Spring, four stripers up to 4 lb., two white bass to 1 1/2 lb., and three blacks to 3 lb., and a 3-lb. Gaspar row; Paul Dawson and C. A. West, Odessa, 13-lb. and 7-lb. striped bass, also 10 channel cat to 1 lb.; Fred McCabe and Dennis Counts, Robert Lee, four blacks to 2 1/2 lb.; John Leech and John Raney, Big Spring, nine blacks to 3 1/2 lb.; Mr. and Mrs. J. B. Solomon, Odessa, 4-lb. channel cat, one 1-lb. strip, four blacks to 1 1/2 lb.

Hillside Grocery — Charlie Sanders, Odessa, 18 black bass to 2 1/4 lb., Fred Segal, Odessa, 9 1/2 lb. strip, and a 6 1/2 lb. black bass.

The Brownwood Bass Club fished at the lake and Charley Allen won first place with three fish weighing a total of 7 lb. 1 oz. The next four places went to Tommy Manley, Nick Merriam, David Ellis, and Woody Woodcock, but the biggest bass award was earned by Nick Merriam with a 5-lb. 2-oz. specimen.

At Lake J. B. Thomas, Carl Williams and party from Lamesa strung 52 crappie to 1 1/2 lb., and a 20-lb. yellow cat. Other catches included W. C. Norris, Lamesa, five channel cat to 3 lb., Mike Ray, Big Spring, 14 crappie to 1 1/2 lb.; Henry Everton, Snyder, 1 14-lb. yellow cat; and T. V. Scrivener, Dermott, eight channel cat to 4 1/2 lb.

Reddell, MHS Bulldogs Prep For 'Shootout'

You could almost see John Reddell strapping on his guns, taking another drag off his little cigar, and simultaneously knocking the cow chips off his spurs.

"Anytime you get close to the top — well, there's lots of folks wanting to be the fastest gun in the West," the Midland High football coach said. "We're just going to have to draw on them."

Reddell, whose Bulldogs knocked off second-ranked Odessa Permian last Friday in a Dist. 5-AAAA gunfight, now has the job of keeping his charges up week by week, and the eventual prize could be a league championship.

The Midland bunch stands 3-0-1, the lone blemish a 7-7 tie with Lubbock Monterey earlier this year. They broke into the Associated Press' top ten this week for the first time in years, and stand eighth among the state's AAAA elite.

For the Purple Pack the countdown resumes this Friday against the teeth-grashing Big Spring Steers, who have let victory slip from their grasp four straight times this year. Reddell, however, isn't letting anyone get down for the bout.

"Anytime you play Mr. Burris and his Magic Arm you're in for a rough night," he said. "I don't guess I've ever seen a team that relies so heavily on its passing attack do better in four ball games in the rain. We're very much impressed."

Mr. Burris is Big Spring head coach Bob Burris and the Magic Arm is Tom Sorley, who has thrown 115 times for 902 yards and eight touchdowns in four games. But the Bulldogs aren't exactly strangers to the pass, since Permian threw 26 times last week at them.

The 'Dogs responded by picking off three, and none were long shots against the secondary, although the Panthers did mount up 189 yards passing and 151 more on the ground against the Midlanders.

The Bulldogs themselves had 253 total yards against the MoJo crew, but among those yards were those marked "big play." Quarterback Steve Reddell, the coach's son, tossed a pair of touchdown passes to Norris Johnson, a talented split end who has now hauled in six scoring tosses.

Defensively the Bulldogs boast a couple of outstanding linebackers: Raul Madrid, a 182-pounder, and 180-pound Gary Wortham.

STEER STATS

Table with columns: Player, RUSHING, PASSING, RECEIVING, PUNTING, SCORING. Rows include Doug Smith, McKee, Lonnell Banks, Ronald McKee, Vicky Woodruff, Doug Robison, Mark Moore, Tom Sorley, Barry Canning, John Thomas Smith, Randy Schrecengost, Doug Smith, James Coffey, Ferrell, Barry Layd, Robison, McKee, J. Smith, D. Smith, McKee.

LA Romps; Wilt Might Not Be Missed, After All

How much will the Los Angeles Lakers miss Wilt Chamberlain? Hardly at all, if their season-opening game can be used as a barometer.

The Lakers, playing without the 7-foot-1 1/2 giant who jumped the National Basketball Association club recently and signed as player-coach with the San Diego Comets of the American Basketball Association, began their NBA Association campaign with a 117-97 victory over the Chicago Bulls Tuesday night.

Despite his absence, Chamberlain was the major topic of conversation after the game. "I've been under terrible

SERIES EVENED AT 2-2 'Villain' Rose Sparks Reds

NEW YORK (AP) — They threw an apple, a tennis ball and an egg at Pete Rose, but the only flying object he cared about was a baseball.

Rose hit it over the fence for a home run in the 12th inning to give the Cincinnati Reds a 2-1 victory over the New York Mets and tie the National League playoffs at two games apiece.

"I wasn't thinking about a home run, I must confess, but I wanted to hit that ball all the way to the airport," said Rose, who apparently felt he struck a blow back at the Mets' fans for their animosity toward him.

Rose had been the object of

scorn here ever since his fight with New York shortstop Bud Harrelson, a scuffle that triggered a full-scale melee during Monday's bizarre game.

"Sure, I heard them booing at me every time I showed my face," said Rose. "They kept throwing things at me, too. But that only makes me play harder."

Cast as the villain, Rose heard the boos once more as he stepped to the plate in the top of the 12th inning to face New York reliever Harry Parker.

Someone threw an apple at Rose, but he brushed it aside with his hat, looking darkly toward the stands. Then came

the tennis ball and the egg. It was reminiscent of Monday's affair, when Rose was showered by pop bottles, beer cans, batteries and a whiskey bottle in left field. The garbage shower took place after the Rose-Harrelson fight and the resulting battle royal.

The fans remembered Monday's infamous "Rose-Bud Incident" and continually hissed the Cincinnati left fielder before he pumped Parker's 2-2 fastball out of sight over the rightfield fence.

Then the 50,786 fans were dramatically silent, for the most part, as Rose circled the bases with his right hand held

high in a clenched-fist gesture of victory.

Rose singled twice and walked before smashing his second home run in this five-game series.

Until Rose's winning hit, the fourth game of the National League playoffs was full of other pulsating drama. The Mets had taken a 1-0 lead in the third inning on Felix Millan's run-scoring single and George Stone protected that slim advantage until the seventh. At that point, Tony Perez slugged a home run, his first hit in 15 at-bats in this series, to tie the score at 1-1.

'Baby Ruth' Says A's Will Win Series Today

OAKLAND (AP) — Oakland shortstop Bert Campaneris, the 155-pounder dubbed "Baby Ruth" after home runs in two straight games, predicts the A's will win their way into the World Series again today.

"I don't care who's pitching, we'll win," declared the explosive little infielder whose 11th-inning leadoff home run beat Baltimore 2-1 Tuesday and gave Oakland a 2-1 edge in the American League playoffs.

The defending world champions will represent the American League a second straight year if they beat the Orioles ace right-hander, Jim Palmer, today. He shut them out 6-0 in the opener of the best-of-five playoff series.

Oakland left-hander Vida Blue didn't last through the first inning in that one but he'll be back facing the Orioles again.

Sooners Get Nod Over UT

By HERSCHEL NISSENSON Associated Press Sports Writer

NEW YORK (AP) — Now, football fans, you're going to learn how a fearless forecaster operates.

The text for the lesson is Saturday's upcoming battle between Oklahoma and Texas in Dallas. This is one of the sport's classic confrontations year in and year out.

"We get ready, they get ready and we have a great game," says Oklahoma Coach Barry Switzer. "That's what college football is all about. It's the greatest excitement and atmosphere I've ever been associated with."

Okay, Barry. Oklahoma won last year 27-0. Accordingly, the pick for this year...Oklahoma 27-0.

Other Picks: Nebraska 24, Missouri 13, Ohio State 28, Wisconsin 14, Alabama 22, Florida 0, Michigan 20, Michigan State 3, Penn State 35, Army 0, Tennessee 20, Georgia Tech 14, Notre Dame 21, Rice 7, Houston 35, Virginia Tech 17, UCLA 28, Stanford 21, Boston College 21, Miami 16, Colorado 24, Air Force 21, Tulane 17, Drake 10, Kansas 21, Kansas State 20.

LA Romps; Wilt Might Not Be Missed, After All

pressure for several seasons with Wilt in the lineup because I thought I always had to out-play the big man," said Jerry West, the Lakers' All-Star guard. "With him gone now, I am not going to play as tight."

West didn't appear tight against the Bulls, firing in a game-high 28 points, including 10 during a third-quarter spurt when the Lakers burst from a 66-66 deadlock into a commanding lead.

In other NBA openers, defending champion New York squeaked past Detroit 101-100, Atlanta trounced Capital 128-114, Buffalo edged Houston 107-105 in overtime, and Golden State's game at Cleveland was postponed because of a wet floor.

Campaneris, who was suspended the final three games of last year's playoffs when he threw his bat at a rival pitcher, said he hit a slider, low and inside, for his game-winning homer.

"I wanted to throw it further inside," commented a disappointed Mike Cuellar who had allowed only three hits before Campy's homer.

The A's victory put all the pressure on Baltimore and Palmer.

Campaneris, who was suspended the final three games of last year's playoffs when he threw his bat at a rival pitcher, said he hit a slider, low and inside, for his game-winning homer.

"I wanted to throw it further inside," commented a disappointed Mike Cuellar who had allowed only three hits before Campy's homer.

The A's victory put all the pressure on Baltimore and Palmer.

Three Area Backs Repeat As Players Of The Week

It was a time for repeaters as area coaches chose their outstanding players of the week following last Friday's action.

Three area backs, Putt Choate of Coahoma, Elvin Brown of Stanton and David Smith of Garden City, all sacked up Back of the Week honors for the second time.

Brown, a sophomore tailback, rushed for 77 yards on 10 carries during the Stanton Buffs' 13-6 upset at the hands of Morton, and also had a good night blocking, according to coach Bill Young.

He was joined on the Buffs' list of honorees by guard Bruce Stanley, who rated Lineman of the Week plaudits. Stanley drew praise for his play as an offensive guard, but Young said he did his best job on defense from his noseguard position in stopping Morton's rushes.

Smith, a halfback for Garden City's Bearkats, was also tapped out for his defensive play. He made close to 20 tackles from his middle linebacker spot, and also carried much of the load on offense as the 'Kats fell to Sterling City 32-0.

Joe Wooten, a two-way performer, was named Garden City's Lineman of the Week by coach Greg Henderson. Wooten, who plays both center and noseguard, was especially outstanding on defense.

Choate notched up 94 yards rushing on 22 carries as Coahoma's Bulldogs dropped a 18-6 decision to Hamlin. Coach Norman Roberts also complimented Choate's play at linebacker. Roberts said that no one lineman was outstanding, and declined to name a Lineman of the Week.

There were new faces in Forsan, however, as Phillip King was named Back of the Week and Brad Stevens was honored as the top lineman.

King carried 16 times for 68 yards and a touchdown during the Buffaloes' 19-6 victory over Sands. He also had his best

game at noseguard on defense, according to coach Jack Woodley, as he made 10 tackles.

Stevens made four unassisted tackles from the defensive tackle position, and also did a good job of blocking, Woodley said.

Sands coach Jim Allen declined to name players of the week for the game, and said he would not name any more outstanding backs and lineman this year for reasons involving his team.

Next club tournament will be at Lake Stamford Oct. 20-21. Meetings are held the second Thursday of each month at 7:30 p.m. in the First Federal Savings and Loan Building. Guests are welcome, and there is no admission fee.

Henry Captures Bass Club Title

Ed Henry pulled in 17 pounds, four ounces of bass last week and won the Big Spring Bass Club's annual fishoff for the 1973 club championship.

Henry's largest bass was four pounds, 13 ounces.

COMPOSES GIRL SCOUT OPERA — Julia Smith, sister of Ralph Smith, Big Spring, is the composer of a new opera, "Daisy," based on the life of Juliette Lowe, founder of Girl Scouts. The work will premiere Nov. 2-3. Mr. Smith is shown here with Robert Herman, general manager of the Opera Guild of Greater Miami and the Florida Family Opera, which will produce the work.

Opera Honors Scout Founder

Julia Smith, widely known Texas composer and sister of Ralph Smith, Howard County Junior College business manager, is composer of an opera based on the life of Juliette Gordon Low, founder of the Girl Scouts. It will have its premiere Nov. 3-4.

Ms. Smith teamed with Bertita Harding, who did the libretto, to create "Daisy," which draws upon the founding of the Girl Scout movement in 1912 by Mrs. Low. From the beginning of one unit in Savannah, Ga., the GSA now embraces three million girls and 600,000 adult leaders in this country and several other countries of the world.

Commissioned in 1971 by Dr. Arthro di Filippo, founder and director of the Opera Guild of Greater Miami, and the Girl Scout council of Tropical Florida, the work will have its premier Nov. 3-4 in Miami's Dade County Auditorium. It is the first world premiere to be mounted by the 33-year-old opera company. The two-act opera, is done in light opera style with the score filled with lilting melodies, including some of the traditional Girl Scout songs. Elizabeth Volkman has been engaged to sing the title role of Daisy, the nickname of Mrs. Low.

Julia Smith, who is in private life, Mrs. Oscar Velehr of New York City, is a graduate of North Texas State University's school of music. She earned her master's and doctor of philosophy in music from New York University. She also studied and taught at

Coahoma Bridge Club Winners

Other winners were Mrs. Lynn Stewart, low; and Miss Jan East, Bingo. The next meeting will be at 7 p.m., Oct. 15 in the home of Mrs. Billy Jack Darden, 405 N. 5th.

Airport PTA Provides Tables, Chairs For School Cafeteria

Time is nearing when local elementary schools will hold their annual Fall Harvest Carnivals, and plans are well underway for the event at Airport School.

Last year, the Airport Parent-Teacher Association had the biggest carnival in its history, grossing almost \$2,600.

"Airport has a very active PTA and has seen many accomplishments over the years," said Cleo Carlie, principal. "The school board has helped with the PTA projects, and their combined efforts have improved the

learning opportunities and atmosphere at Airport over the past five years."

The school used funds from the last school carnival to help develop a larger area in the cafeteria to provide space for indoor physical education during bad weather.

"There has been a real need for P. E. facilities in the elementary schools for many years, but a gym would cost a great deal of money," continued Carlie. "By taking out the stage area that was used only once or twice a year, a lot of extra space was

Anniversary Celebrated At Andrews Reception

The 50th anniversary of the Alfred Grants was observed with a reception Sept. 29 in the Andrews Community Building. Hosts were the couple's children, the C. R. Lawsons, Odessa; the Curtis Grants, Oklahoma City, Okla.; and the Harley Grants, Lafayette, La. Also present were six grandchildren. There are six great-grandchildren.

Among relatives attending were Mrs. Grant's sisters, Mrs. Mae Darrow, Big Spring; Mrs. Wanda Sikes, Colorado City; and Mrs. Biddy Redding and Mrs. C. W. White, both of Odessa; Mr. Grant's sisters, Mrs. Thelma Bishop and Mrs. Velma Huddleston, both of Snyder; and a cousin, Mrs. Verna Knight, Snyder.

Mrs. Grant is the former Alta H. Haggard of Gail. The couple was married Oct. 7, 1923 in Gail and resided in Scurry County until 1929 when they moved to Forsan. In 1945, they moved to Frankel City in Andrews County. Mr. Grant retired in 1969 from Continental Oil Company, for which he had worked for 37 years, and in 1971, they moved into Andrews to make their home.

The Grants are members

Elementary Counselor Is Speaker

"Elementary guidance seeks to be an aid in the academic growth of a child," said Mrs. Jimmy Ray Smith, a counselor for Big Spring Elementary Schools, when she spoke Monday to Potpourri Club at the home of Mrs. Earl Lusk, 1309 Lincoln.

Mrs. Smith said counseling helps children know themselves and the world around them. It is a counselor's responsibility to work with students, parents and teachers in an effort to prevent or alleviate troublesome situations that may interfere with a child's learning.

Members agreed to sponsor a fall dance for teenagers; place and date to be announced. The next regular meeting will be Nov. 12 in the home of Mrs. Jimmy D. Jones, 805 W. 15th.

Appointed To OES State Posts

Nineteen representatives from Big Spring attended the Grand Chapter of Texas, Order of Eastern Star, Oct. 1-4 in Dallas, with a number of the local persons receiving committee appointments.

Mrs. Kathryn Harber, retiring worthy grand matron, presided during the election of the new worthy grand matron, Mrs. Thelma Joyce Alsop, Houston. Paul Huffhines, Dallas, is the new grand worthy patron.

Committee appointees from Big Spring Chapter 67 were Mr. and Mrs. Charles McCarley, Mr. and Mrs. Orbin Daily, Mr. and Mrs. Alden Ryan, Mr. and Mrs. Steve Baker, Mrs. Pyrie Bradshaw, Mrs. Bernice Davis, Mrs. Dorothy Parrish and Mrs. Lois Peters.

The appointees from Laura B. Hart chapter included Mr. and Mrs. R. E. Mitchell, Mr. and Mrs. Marvin Steen, Mr. and Mrs. H. Brewer, Mr. and Mrs. Gordon Hughes, J. C. Pye, Mrs. Audra Wright, Mrs. Lloyd Duncan, Mrs. J. O. Puckett, Mrs. J. E. Felts, Mrs. Charles Boland and Mrs. A. G. Eitzen.

of the Downtown Church of Christ, and their hobby is fishing.

The refreshment table was centered with a gold vase arranged with white carnations, gold mums and babies' breath, and appointments were crystal and gold.

The granddaughters served and presided at the refreshment table.

Calling hours were from 2 to 6 p.m., and guests were registered from 12 Texas towns, New Mexico and Wyoming. A luncheon, hosted by the children, preceded the reception.

DEAR ABBY: We're trying to teach our 3-year-old daughter table manners at dinner. I say that dinner is a place to be thankful, unwind, enjoy dinner, and have a pleasant conversation. My husband says it's the place to teach our daughter good manners. I agree, but how do you discipline her and let her enjoy her meal without everyone getting upset?

We're going 'round and 'round. Please help us.

MOM DEAR MOM: If everyone gets 'upset' when you try to teach your child table manners, there must be

something wrong with your method of teaching. Correct her gently with patience, instead of with anger and harsh criticism. And don't pick at her for every little infraction. Let a few things go. Youngsters who are constantly upset during mealtime often develop stomach disorders later.

Library Slates Book Review

"The Battered Bride — or Things Your Mother Never Told You," a book by Elinor Goulding Smith, will be reviewed by Mrs. Harold Davis Oct. 15 at the Howard County Library.

The program, sponsored by Friends of the Library, will begin at 7:30 p.m. and is open to the public, free of charge.

Mrs. Calvin Daniels, president, said young people who took part in the Texas Reading Club this summer will be presented their certificates at 10:30 a.m., Oct. 20 at the library. The presentation will be by Larry Justiss, librarian.

Mrs. Daniel Martinez, 704 San Antonio, announce the birth of a son, Christopher Jason, at 2:45 p.m., Oct. 8, at Medical Center Memorial Hospital. The infant weighed 6 pounds, 6 ounces.

Grandparents are Mr. and Mrs. Amadeo Martinez Jr., 1108 W. 6th, and Mr. and Mrs. C. T. Scott, 1006 Nolan. Mrs. Julia Martinez, Greeley, Colo., is paternal great-grandmother. Maternal great-grandparents are Mr. and Mrs. R. C. Eiland, Jacksonville, Fla., and Mr. and Mrs. C. L. Scott, Avon Park, Fla.

Veterans, Auxiliary Host District Event

Miss Nancy Easley, director of the Retired Senior Volunteer Program (RSVP) was speaker for the semi-annual district convention of Veterans of World War I, Barracks 1474 and its ladies auxiliary Saturday at the IOOF Hall.

Miss Easley gave a brief synopsis of her work with retired senior citizens and the volunteer services they render throughout the city. She emphasized work the

MRS. MARY FORREST

Time Will Tell

Dear Abby
Abigail Van Buren

DEAR ABBY: I am a 19-year-old girl who never had a date.

Well, I met Ralph, this really nice kid at work. He's 24 and on the quiet side. He's not very sharp looking, but he has nice manners, and I think he has good character because he's always talking about his involvement in church youth activities. Ralph asked me if he could meet my parents and ask their permission to date me, which I think is rather unusual for a guy these days, don't you?

I invited him over, and my mother said: "He has such nice manners, it's too bad he isn't taller."

My father said: "I never trust a guy who doesn't look you in the eye when he's talking to you, and this guy is one of them."

Abby, I like Ralph, and want to go out with him. Do you think my father could be right?

DAUGHTER VERSUS FATHER DEAR DAUGHTER: Yes. And he could also be wrong. There are plenty of scoundrels who can look you squarely in the eye and lie like blazes if there's enough to be gained by it. Get to know Ralph better before making any judgments.

DEAR ABBY: We're trying to teach our 3-year-old daughter table manners at dinner. I say that dinner is a place to be thankful, unwind, enjoy dinner, and have a pleasant conversation. My husband says it's the place to teach our daughter good manners. I agree, but how do you discipline her and let her enjoy her meal without everyone getting upset?

County Criminal Docket Is Now At 'Manageable Size'

By JOHN EDWARDS
By dismissing 84 cases in county court, County Attorney W. H. Eysen Jr., said the county criminal docket had been reduced to a "more manageable size."
Now, the docket contains an estimated 2,000 cases, Eysen said. "Thus far, we've probably filed about 600 cases this year."
Among the cases dismissed by County Judge A. G. Mitchell, on the motion of the county attorney, were municipal and justice court appeals, which are mainly traffic citations.
Trying these would be impractical, Eysen said. Recently, the Big Spring Herald began carrying listings of county court criminal complaints and judgments, and an increasing number of traffic cases have been appealed.
Wouldn't ordering maximum fines for defendants found guilty on appeal lower the number of appeals?
"If I put their feet to the fire, each and everyone would say 'I want a jury trial,'" Eysen said. Judge Mitchell cannot deny defendants a jury trial.
"TOO EXPENSIVE"
By prosecuting all traffic cases appealed, Eysen said he would cause the county to go broke. Eysen said about 80 prospective jurors must be called for a jury trial.
While he did not know the cost of bringing prospective jurors down to the courthouse, other county officials said pro-

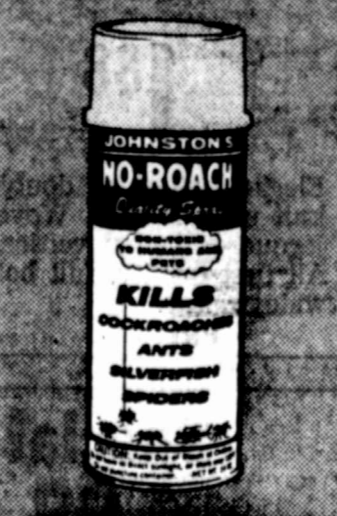

spective jurors are paid \$4 if they don't serve and \$8 per day if they do.
Eysen said two days was the minimum time a county court jury trial will take.
Six persons serve on juries in county court.
If moving violations did not increase automobile insurance rates, fewer persons would appeal and more of the appeals would involve an actual dispute, Eysen felt.
The problem is not limited to Big Spring, he said. In Fort Worth, stacks of traffic tickets on appeal are being dismissed in county court, Eysen said.
A LITTLE HELP
Almost everywhere but in Big Spring, the city attorney is permitted to assist the county attorney in prosecuting municipal court cases appealed to county court, Eysen said.
In Abilene, he said an assistant city attorney has no other responsibilities than to prosecute municipal court cases appealed.
Abilene also has no county attorney, Eysen noted. Instead, there are three district attorneys with assistants.
Other reasons Eysen gave for dismissing various cases included:
Insufficient evidence with some cases. Several driving while intoxicated cases were not strong enough to prosecute, he said, and the driving while intoxicated complaint was dismissed and replaced with a drunk in public citation.

TRAIN FOR A NEW CAREER IN GARMENT INDUSTRY SEWING

Register now for a free one week training course beginning Monday morning, October 15 through Friday, October 19. Class time 7:30 a.m. — 4:00 p.m. daily.

The class will be held at Big Spring Dress Company and will be taught by the Howard County Junior College. Those who complete the course will be considered for employment by the company.

Garment industry employees enjoy work in an air-conditioned setting, one week paid vacation after one year's employment, Blue-Cross, Blue-Shield benefits, and five (5) paid holidays each year.

Sewing company employees earn at least minimum wage, and many make up to \$2.60 an hour at piece rate.

Interested persons should call the college at the number listed below before 3:00 p.m. Friday to enroll in the class starting Monday. Other classes will start each succeeding Monday.

Howard County Junior College

For information or to register, please telephone 267-6311, Ext. 32.

An equal opportunity educational institution and employer.

Couple More Of 27 Mass Slay Victims Identified

HOUSTON (AP) — Pathologists have identified two more victims of Houston's mass murder case, leaving unidentified only seven of the 27 bodies recovered last August. Two brothers, missing from their home in the Houston Heights area since late 1972, were identified Tuesday. They were Michael Anthony Baugh, 15, and Billy Gene Baugh Jr., 17, sons of Mr. and Mrs. Billy Baugh.

Dean Allen Payne, 4, Is Flown To Burns Center

The Suez Shrine Temple is flying a second local baby in two months to the Shrine Burns Institute at Galveston. Dean Allen Payne, 4, the son of Mr. and Mrs. Jack H. Payne, leaves with his mother Thursday on a chartered flight. When the baby backed up to an open gas fire, his night gown caught on fire Sept. 29. A leg and hip were severely burned, and skin grafts are planned. Dean is one of 11 children in the family. Generally, burn treatment like that planned for Dean runs around \$60,000. George Bair, Potentate of Suez Shrine Temple, said. The baby treated earlier for burns will be returned later for skin grafts. Already, the mother, Mrs. Mary Rios, has received training at the institute for dressing burns. Some of the money earned through the Shrine Circus helps pay transportation costs, which are financed locally. Shriners also contribute part of their dues to the institute, which is one of numerous medical facilities maintained by Shriners. Making arrangements for the Payne baby here were J. O. Whitefield, Ted Grobel Sr., and Bair.

Rules For Detoxification Unit Drawn By Committee

A list of suggested rules was submitted to the City Council Tuesday for the city detoxification unit to be established as soon as a location is found.

Suggested procedures on entry, rehabilitation methods and financing of the center were drawn up by the Howard County Alcoholism Committee chaired by Ed Mitchell.

The intention is for the center to serve as a rehabilitation unit for alcoholics rather than as a drying-out place for drunks, according to City Manager Harry Nagel.

After being arrested by police, drunks will still be taken to city jail to sober up rather than to the detox unit. The unit director, however, will be required to counsel with drunks at the jail and to ask them if they would like to undergo rehabilitation at the center.

ADMISSIONS

Among suggestions of the committee is that a screening committee be formed to determine how many times a person can be admitted. Anyone who seeks re-admission to the detox unit three times within 90 days will be referred to another agency such as the Big Spring State Hospital for longer treatment.

Once admitted to the center, patients will be required to attend an Alcoholics Anonymous meeting after 72 hours and to

participate in group therapy as soon as possible. No drinking or use of medication except under doctor's orders will be allowed at the center.

Myrtle Tatum, follow-up alcoholism counselor for Howard County, will be available to the detox center for individual and group counseling while Jim Thurman will provide vocational rehabilitation services.

While staying at the center, which will have dormitory-like facilities, patients will be allowed to work at the discretion of the director. After going to work, they will be expected to pay part of their earnings, up to half of their net wages, to the center.

Patients unwilling to comply with center regulations may be dismissed by the director. Ten days will be the maximum stay per patient.

HOSPITAL HELP

All of these regulations are merely suggestions and have not yet been acted upon by the City Council.

Nagel said Firehouse Six would be an excellent location for the center. Facilities of the problem center are larger than needed, he said. He added that he is looking for a place to which Firehouse can be moved.

In a report of his own, Dr. Gerald Lively, physician of the alcoholic unit at the Big Spring

State Hospital, recommended that a cooperating physician be selected for the center and that he visit the clinic twice a week to do routine physical examinations of newly admitted patients.

In spite of a recent announcement by the State Hospital that it will not accept drunks after 4:30 p.m., Dr. Lively said the hospital will admit after hours alcoholics who are going into DTs at the detox unit. These patients will be handled on an emergency basis, he indicated.

The bidding:
South West North East
2 NT Pass 3 ♦ Pass
3 NT Pass Pass Pass

Opening lead: Ten of ♥
Things are not always what they seem to be. A fine defensive effort by East wrought declarer's downfall, but a major share of the blame must attach to declarer himself.

South was faced with a difficult decision at his first turn. An opening bid of two no trump usually guarantees stoppers in all four suits, and the diamond suit was virtually unpracticed. However, he decided that any other opening bid was likely to produce unnecessary complications in the subsequent bidding, and also ran the risk of having his partner pass with enough values to insure game. North's diamond response was music to South's ears, and he converted happily to three no trump.

The opening heart lead was won in the closed hand and declarer led the jack of diamonds, playing low from dummy. East realized that it would be futile to win the king of diamonds, for dum-

my's whole suit could then be brought in. The only hope for the defense was to shut out dummy's diamond suit, so East played low smoothly.

Thrilled by the apparent success of the diamond finesse, declarer continued with a diamond to the ten. East won the king and exited with a heart. Declarer was locked in his hand with no way to get to dummy. The he eventually succeeded in getting the defenders to lead a spade, thereby scoring the queen on a finesse, he could only come to eight tricks—two spades, four hearts and a trick in each minor suit.

While declarer could have brought in the whole diamond suit by playing the ace on the second round, there was no sound reason for doing so as the play developed. Declarer's error had been made in his choice of which card to play from dummy on his first diamond lead!

Declarer had available a line that would have given him considerable extra play for the contract. He should have overtaken the jack of diamonds with the queen in dummy. East must hold up, and now declarer, who started with seven top tricks, is up to eight. Before repeating the finesse in diamonds, declarer should test the spades by leading to the queen. When this finesse wins, declarer has his nine tricks and does not need another diamond finesse. He can lead a diamond to the ace, and when the king drops on this trick South ends up with thirteen tricks. If the spade finesse loses, declarer can always repeat the diamond finesse.

Join Association

Mr. and Mrs. W. G. Bingham, Big Spring have been accepted into the membership of the 100-year-old American Shorthorn Association, according to C. D. Swaffar, executive secretary. The association registers, transfers and promotes Shorthorn and Polled Shorthorn beef cattle.

ACTOR, WIFE RECONCILED

People In The News

ZURICH, Switzerland (AP)—Actor Curt Jurgens and his fourth wife have reconciled on the eve of a scheduled divorce hearing, Jurgens' lawyer said Tuesday.

Divorce proceedings for the Austrian actor and French-born model Simone Boucheron had been initiated after a 15-year marriage amid press reports of a romance between Simone and an unnamed Greek movie maker.

Lawyer Erich Kaestlin did not comment on this but said the motto of the reconciliation here Monday night was that "divorce should not be the price for the bit of freedom which we wish to enjoy."

Jurgens and his wife were not available for comment.

BALTIMORE, Md. (AP) — Gov. Marvin Mandel's press aide says the woman Mandel intends to marry has converted from Catholicism to Judaism, the governor's faith.

But Frank A. DeFilippo said Tuesday he didn't know whether the four children of Jean Dorsey would also embrace Judaism. He said the unpublicized conversion of Mrs. Dorsey took place six months ago under the direction of Rabbi Abraham Shusterman of Baltimore.

Mandel, 57, announced last July that he was ending his marriage of 33 years to Barbara Oberfeld Mandel to wed Mrs. Dorsey, who lives in Leonardtown, Md.

Mandel subsequently moved out of the governor's mansion and into an apartment at the state capital, Annapolis. Mrs. Mandel has remained in the mansion.

NORFOLK, Va. (AP)—Rear Adm. Jeremiah A. Denton Jr. has requested that he be assigned as commandant of the Armed Forces Staff College

here when the post becomes vacant in January.

Denton, who was shot down over North Vietnam July 18, 1965, spent 7½ years as a prisoner of the Communists before his release after the Vietnam peace settlement early this year.

Denton's wife Jane said Tuesday he thinks the Staff College assignment "would be the best for him for professional reasons as well as the best for his family."

The post sought by Denton, who has been recuperating at his Virginia Beach, Va., home since his release, is now held by Air Force Maj. Gen. James P. Kirkendall, who is to be relieved in January.

The job rotates among Army, Navy and Air Force officers and a Navy man is next in line. The assignment is subject to confirmation by the Joint Chiefs of Staff.

MONTGOMERY, Ala. (AP) — Gov. George C. Wallace has been presented with a motorized version of the wheelchair designed by Lord Snowdon, the husband of Princess Margaret of Britain.

The electric-powered invention, called a "chairmobile", consists of a chair mounted on a three-wheeled platform. A removable column in front of the chair contains the steering and driving mechanism.

York Noble, representing the British manufacturers of the chair, told Wallace Tuesday that Snowdon designed it after working with Britain's National Fund for Research into Crippling Diseases.

Nobel said Snowdon felt conventional wheelchairs look "like a bit of old plumbing" and set out to design one that is more attractive and functional.

In front of Malone and Hogan: Parked vehicle belonging to W. J. Langston, Garden City, and a vehicle that left the scene, 6:42 p.m. Tuesday.

4014 Parkway: Douglas B. Johnson, 1506 State Park Dr., parked vehicle belonging to M. H. Spivey, 4014 Parkway, 6:52 p.m. Tuesday.

2900 West Highway 80: Jerry Lynn Woods, Stanton, and vehicle that left the scene, 12:30 a.m. Wednesday.

Teen Is Charged With Theft Here

William Craig Forshee, 17, of 1108 Wood, was charged with theft over \$50 in connection with the theft of a motorcycle belonging to Kenneth Gafford, 107 Canyon at 10:23 p.m. Saturday.

The motorcycle was found behind the door in Forshee's apartment and parts of the cycle were hidden all over the house, according to the investigating policeman.

Bond was set at \$2,500 by Justice of the Peace Gus Ochotorena.

Forshee was on parole from reform school and under the new law had been transferred to an adult status of parole when he reached 17.

McKinney At Home

R. R. McKinney, a volunteer worker with the Veterans Administration Hospital in Big Spring, has returned from the VA Hospital in Albuquerque, N.M., and is recuperating at home. He underwent surgery for a blocked artery in his neck.

Veteran Shell Employee Retires To Ranch Here

After a 28-year career with Shell Pipeline Co., Elmo "Red" Martin has retired in Howard County on his mother's Moss Creek Road ranch.

ELMO MARTIN

Martin retired July 31 after beginning his work with Shell Pipeline in McCamey in 1945. In connection with his work, he has lived in Canada and in all states in the U.S. except Washington and Oregon.

His last job was as construction superintendent on the Gibson-Norco gas line in Louisiana.

The grandson of the first settler in Howard County, W. T. Roberts, Martin is the son of Brookie Martin and the late Morgan Martin. He attended Big Spring public schools, graduated from high school in 1932 and left Big Spring in 1941. He has returned for four weeks each year on his vacation.

During his years in pipeline work, he worked in various extreme weather conditions. "When I was in Canada in 1964 working on a waterflood project, the mercury dipped to 50 below zero. We couldn't lay pipe or work until it was 15 below. At that temperature the muskies became firm enough for us to move in our equipment without bogging down," he recalled.

"From the Canada project, I went directly to the Louisiana Gulf. That was an abrupt shock to my system, from zero below to above 100 degrees and high humidity," he went on.

Martin said he hopes to go back to work part-time next year. "I've already had seven job offers overseas but I'd rather stay home," he said.

He and his wife, Dee, are now staying on his mother's ranch farming and ranching.

Cyclist Taken To Hospital

Edward Lee McCasland, 4815 N. Everglade, Odessa, was treated at Medical Center for cuts and bruises and checked for other possible injuries after the motorcycle he was driving went out of control on IS 20 on the east exit just past Holiday Inn.

The accident occurred at 10:56 p.m. Tuesday and the cycle went out of control and went across a guard rail and some 50 feet from the roadway before turning over on its side, according to the accident report.

Fed Government Draws Fire From Texas Congressman

WASHINGTON (AP) — Rep. Henry Gonzalez, D-Tex., says the federal government is failing in its responsibility to communities such as San Antonio, which he said are dedicated to improving themselves.

In an appearance before the House Banking subcommittee on housing, Gonzalez said San Antonio spent about \$450,000 in federal money to study how to modernize its downtown section.

He added the city came up with some tough recommenda-

tions, but there was no way to implement them because in the interim the Nixon administration scrapped the urban renewal program.

"We like to have the tortillas rather than the promise of the tortillas," said Gonzalez of his home area.

He told Housing and Urban Development Secretary James T. Lynn that the saying is especially pertinent today when cities are losing federal monies while being promised more.

Lynn replied that HUD had provided up to \$400 million for cities to complete urban renewal programs during transition to what was being called the Better Communities Act.

A Gonzalez aide said later, however, that these funds are applicable only for urban renewal programs already underway, not those such as San Antonio's which are still on the drawing boards.

Lynn also noted that San Antonio got \$9 million the first year and \$11 million for the second year, under revenue

sharing through HUD. But Gonzalez replied, "You've cut out \$30 million that the city has been receiving."
