NOMINEE WILL BE ADVISED OF SELECTION SHORTLY BEFORE ADDRESS

Nixon Tells Veep Choice Tonight

WASHINGTON (AP) — President Nixon decided today on a nominee to succeed Spiro T. Agnew as vice president, and the White House said he would announce the choice in an 8 p.m. (Big Spring time) television address to the nation.

NO BIG NAME?
Senate Republican Leader Hugh Scott said the President

told him the nominee is one whose name "may not leap to mind" as a vice presidential prospect. He also quoted the President as saying he believes the nominee will be well-received in Congress.

But Scott said he does not know who the nominee is. The nominee himself will be advised of the selection shortly

before that address, White House Press Secretary Ronald L. Ziegler said.

The White House announcement came amid a wave of speculation about possible choices to succeed Agnew, who resigned Wednesday and did not contest a charge of federal income tax evasion.

Ziegler said Nixon reviewed possible candidates Thursday night at Camp David, Md., and made the final choice this morning.

Nixon met at the white house with the Republican congressional leaders Sen. Hugh Scott and Rep. Gerald Ford. Those separate meetings were said to be for discussion of procedures Congress will follow in handling

the vice presidential nomination.

NO. 2
The President's nominee would take the nation's No. 2 office upon confirmation by both houses of the Democratic-controlled Congress.

Nixon also conferred with Sen. Barry Goldwater, R-Ariz. The White House said Nixon

would make his announcement in an address from the East Room, before an audience of members of Congress, the Cabinet, the Supreme Court, other government officials, and diplomats.

It was a day of speculation in Washington. Friends of John B. Connally of Texas reported the former

Texas governor and Nixon Cabinet member had been offered the nomination.

IN TEXAS
But a source in the Texas congressional delegation said he would not be the nominee.

Connally himself was in Texas and unavailable for comment. His Houston office would not discuss the reports.

INSIDE SYRIA Israel Tanks Smash

By The Associated Press

Israel claimed its tank forces backed by warplanes smashed forward inside Syria today as Jewish civilians reoccupied all but one of their settlements in the war-pocked Golan Heights.

The Egyptian command reported its Soviet-supplied jets blasted two Israeli command posts and two radar stations in the Sinai while Egyptian naval forces in the Gulf of Suez destroyed an entire Israeli flotilla.

Neither side reported heavy tank action in the Sinai Desert but Israel said artillery duels resumed at dawn. Egypt claimed its forces were digging in to stay on the eastern bank of the Suez Canal.

Syrian communiques claimed fierce tank battles raged "along the entire front line" but did not pinpoint where the battles were taking place. Israel claimed Thursday night its forces had punched six miles beyond the cease-fire lines, drawn when Israel seized the Golan Heights in the 1967 war, and were battling down the road to Damascus.

Webb Construction Bill Is Approved

Congressman Omar Burlison today announced that the House of Representatives has passed a military construction authorization bill which includes \$3,150,000 in funds for Webb AFB.

A parallel bill previously had passed the U.S. Senate, and minor differences will be adjusted in conference committee. Indications are that this figure will not be altered substantially.

The authorization includes \$100,000 for construction of new cold storage facilities; \$2,500,000 for new airmen's dormitories, and \$550,000 for construction of an airmen's dining room.

When the bill is approved by both houses after the conference committee report, it will go to President Nixon for action. If approved, then the next step will be to follow the authorization with bills appropriating funds for the work.

Rep. Burlison has been working with the Department of the Air Force and the House Armed Services Committee in behalf of the construction bill.

Plans For Garden Changed Suddenly

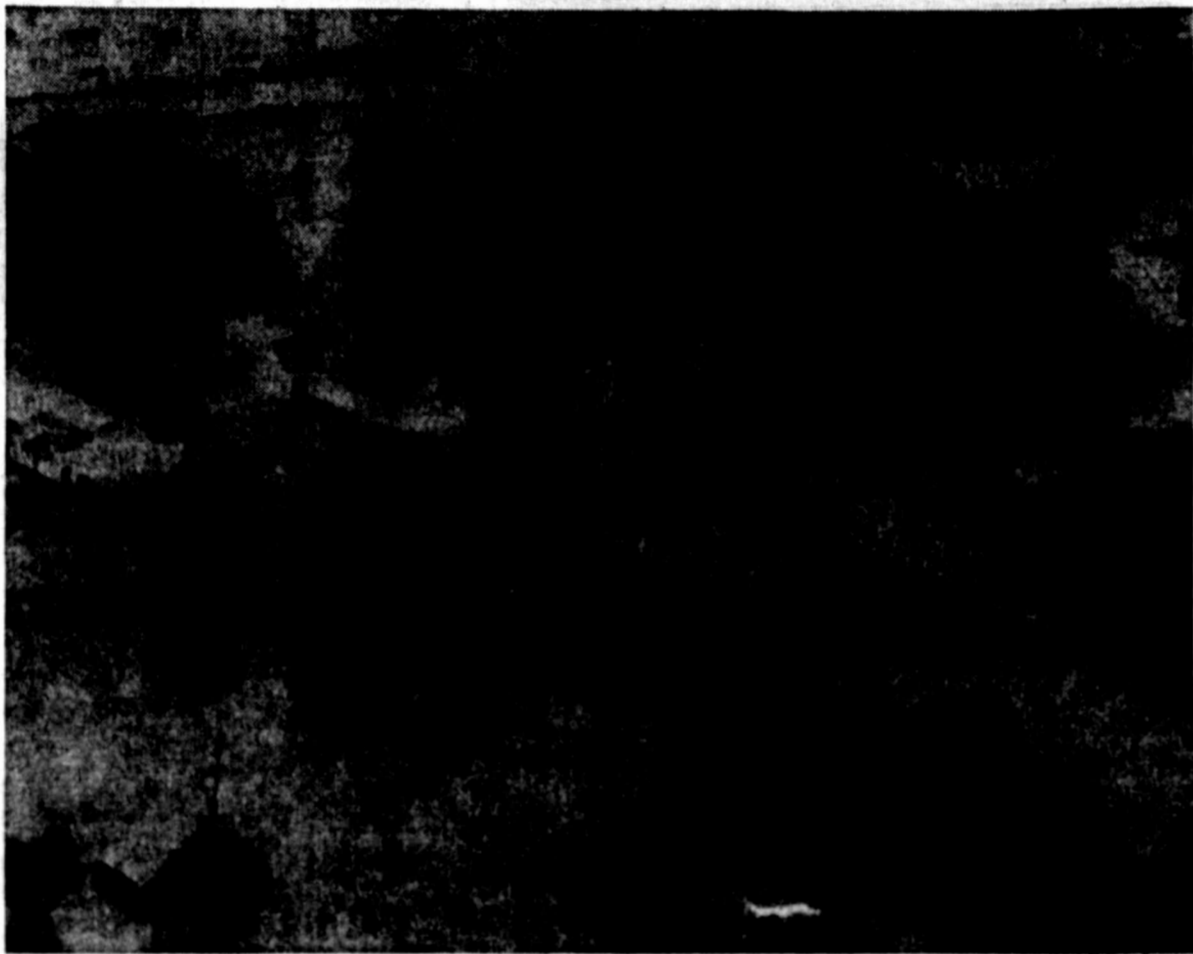

Mrs. Jim Baum mentioned in Thursday's Big Spring Herald in a cooking feature written by Barbara Lord that she might plant mushrooms under her home.

The Baums reside in the Dr. W. C. Barnett home constructed in 1910.

Ken Barnett of 1307 Sycamore, 73-year-old son of the late doctor, read the article.

Mr. Barnett called Baum and cautioned him against planting the mushrooms under the house. It seems that back in 1917, when Barnett was 16 years old, he and four other youths buried 14 hand grenades, which they had retrieved from the firing line at Ft. Bliss, under the house.

Baum said he is thinking about trying to locate the hand grenades, but added he did not think they would plant a garden.

UNDER WATER — Flood waters of Turkey Creek are up to six feet deep in downtown Denver, a small community in north-central Oklahoma. It was one of a half-dozen communities inundated in the wake of record rains.

Oklahoma Floods Death Toll Climbs To Seven

ENID, Okla. (AP) — The death toll rose to seven today in flood-ravaged north-central Oklahoma and a spokesman for the governor's office expressed grave concern that some of those still missing might also have perished.

Ed Hardy, press secretary to Gov. David Hall, said rescue workers had confirmed the finding of seven bodies and said there were unconfirmed reports of several other bodies being found.

Between 50 and 75 persons were "unaccounted for" Thursday in Enid, the hardest hit locality, Hardy said. He said officials felt there had been sufficient time for these people to contact their relatives, but some still had not been heard from.

"There is increasing concern for the safety of those now missing or unaccounted for," Hardy said.

NO I.D.
The governor's office had no identifications on the last three

bodies reportedly found.

More than a half-dozen communities were partially inundated in the wake of all-time record rains ranging up to nearly 16 inches in Enid. The waters were dropping in the flood-ravaged five-county area today and rescue workers continued the grim task of combing through rain soaked debris for more victims of one of the most disastrous floods in state history.

And as the water began going down, the awesome extent of the damage, estimated in the millions of dollars, became visible. Homes and businesses were wrecked, highways were heavily damaged, bridges were washed out and many persons were homeless. Some major highways and dozens of lesser roads still remained blocked by high water.

WASHED OUT
State highway officials said between 1,500 and 2,000 feet of the southbound lanes and 500 to 600 feet of the northbound lanes

of Interstate 35 south of Tonkawa were washed out. He said the full extent of the damage could not be determined.

The body of an unidentified Douglas, Okla., area man was recovered late Thursday near Pioneer, about 20 miles southeast of Enid. Rescuers were still searching for the man's wife.

Police said the couple had been the object of a search for 24 hours after their pickup apparently stalled in flood waters. Earlier, four deaths were confirmed at Enid and thousands of persons were left homeless as the high water began receding in some areas Thursday.

DEAD AT ENID

The dead at Enid were identified as 4-year-old Twyla Schwartzwood, whose body was found late Thursday in a muddy field; E. V. Donnell, 45, whose body was recovered from Boggy Creek; retired Air Force Sgt. Jack Dunn, 64, pulled from a swollen stream near his home shortly after dawn Thursday; and Mrs. Lucille Strangland, 58, Dixon, Ill., who was killed when she was hit by a car as she fled from the home of a sister in Enid.

No accurate count of the missing had been made. The number was estimated in the hundreds.

Last Of Bingo Numbers Appear

Last of the numbers for The Herald's final bingo game appear in ads of participating merchants in today's edition of the newspaper.

Those who black out all squares on their cards become eligible for all or part of \$200 in awards, depending on how many persons share the loot.

Winning cards, however, must be declared by 5 p.m. Monday. This is the 13th week The Herald has had a bingo game for its readers. During that time, 22 persons have shared in the awards given away.

Ordinarily, weekly prizes amount to \$50 but the award this time has mounted to \$200 because no winner has been declared the past three weeks.

Participants can play any color card, as long as they use numbers appearing in this week's papers.

U. S. Will Not Resupply Israel With Jets, Tanks

WASHINGTON (AP) — Secretary of State Henry A. Kissinger today said while the Soviet Union has not been entirely helpful during the Middle East war, it has not acted with such irresponsibility as to endanger the world detente.

In a 50-minute news conference Kissinger also indicated that the Russian attitude concerning support of the Arabs does not now warrant shipments of major U.S. arms such as tanks and planes to Israel.

He said that if the Soviets should act in a manner deemed irresponsible by the United States, the Nixon administration would take appropriate steps. He declined to detail what this might mean.

What he did say was: "When we make a judgment that (Soviet) activities are irresponsible, we will make" the U.S. response clear.

In other matters discussed at his first news conference in Washington as secretary of state, Kissinger also said the pace of discussions with Western Europe over declarations of principle for security and economic matters is continuing at an acceptable pace.

He said that he expected conclusion of the declarations "within a reasonable time." Kissinger also announced major personnel appointments for the State Department, including the nomination of New York investment banker William Donaldson as undersecretary of state for security assistance, succeeding Curtis Tarr.

Donaldson was named by the Associated Press as businessman of the year in 1969.

In other appointments, Kissinger said, Dean Brown, now ambassador to Jordan, has been named deputy undersecretary for management, and that Robert Ingersoll, ambassador to Japan since 1972, will return to become assistant secretary of state for East Asia.

Most of the news conference dealt with the Middle East.

Kissinger emphasized again and again that the primary purpose of U.S. efforts now is "to bring about an end to these hostilities in a manner that will contribute to long-term peace in the area and to long-term peace in the world."

Kissinger made it clear that he expects the Soviet Union to exercise responsibility and restraint in the effort to prevent the crisis from escalating into a big power confrontation.

"Up to now ... the United States and the Soviet Union have attempted to behave within limits that would prevent an escalation into World War," Kissinger said.

"Compared to 1967," the secretary continued, Moscow's attitude has been "less provocative, less incendiary and less geared to military threats."

Discussions continued this morning at the White House, State Department and the Pentagon on the issue of providing major American arms to replace Israel's losses.

By late Thursday night, it was learned, the only action taken had been the drafting of contingency plans for transferring planes and tanks to Israel. One such possibility involved moving U.S. Air Force F-4 Phantom jets to Israel from American bases in Europe. These would be replaced by planes being produced in the United States.

When these contingency plans awaited a final decision, preparations were made to send Israel tons of ammunition as a "quick fix" after it was determined the first six days of fighting had reduced stockpiles to serious but not extremely dangerous levels.

Some officials said sending the shells now also was a response to the continuing shipment of Russian equipment to Egypt and Syria.

It was hoped Moscow would realize that while Washington stands by the Jewish state, the

limiting of supplies to ammunition indicated the Nixon administration did not want to open an arms race in the area.

The Soviets, Pentagon sources said, had flown at least 80 AN-12 Cub transport planes to Syria carrying antiaircraft missiles, antitank rockets and other arms.

The shipments to Egypt were fewer, the sources say.

Several factors were weighed by American officials concerning the critical question of providing new planes and tanks to Israel.

Hughes Sent \$100 Bills To Rebozo

LOS ANGELES (AP) — Billionaire Howard Hughes twice sent \$50,000 in \$100 bills to C. G. "Bebe" Rebozo for President Nixon's use in GOP campaigns, a Hughes official has testified in a deposition.

The money was accepted personally on the President's behalf by Nixon's friend Rebozo, said Hughes official Richard G. Danner.

He stated he was the Hughes emissary who made the delivery to Rebozo in 1969 or 1970. Danner said he was unsure of the date the money was delivered.

The money apparently was the same \$100,000 the Watergate Committee was told that Rebozo had returned untouched, according to court documents.

Danner's statement indicated the money was given at a time Hughes wanted a favorable antitrust ruling, which he later won.

Danner said, however, "Never was there any discussion, nor any intimation, that this was a quid pro quo—that if they would do something for us we would do something for them. Absolutely not."

Danner's testimony was part of a federal court deposition in a \$17.3 million libel suit filed against Hughes by his former chief Nevada aide, Robert Mahou. The deposition, taken by lawyers for Mahou and Hughes, was to be filed today.

Budget Of \$23,010 OKed For Tourism Promotion.

By ANN STEVENS

A budget of \$23,010 for tourism and convention promotion next year was approved this morning by members of the motel-hotel occupancy tax committee appointed recently by the City Commission.

Estimated revenues of \$32,000 will be available for city promotion from the three per cent tax on motel and hotel rooms passed by the City Commission.

Top items in the budget were \$5,000 for printing of full-color brochures depicting attractions in Big Spring, \$5,000 for advertising in travel and organization magazines, and \$1,200 for renovation and possible relocation of billboards at the edge of town.

Ron Mercer, Chamber of Commerce manager who drafted the proposed budget, told the committee that he has already contracted with the Texas Highway Department for 16 rest stop boards, six of which will be placed on the interstate east and west of town and

several which will be floated at locations throughout the city.

Other expenses under tourism promotion were \$560 to have Big Spring highlighted on the West Texas Chamber of Commerce adventure map, \$1,000 to man Big Spring booths at statewide travel shows and \$2,500 to purchase 250,000 place mats outlining Big Spring attractions to distribute to local restaurants.

Within convention promotion expenses were \$250 to purchase 10,000 name tags, \$250 to buy 10,000 "visitor to Big Spring" stickers, \$250 to buy 2,500 Big

Spring bumper stickers, \$500 to buy 2,500 litter bags, \$500 to buy Big Spring post cards, and \$250 to purchase miscellaneous grab bag items for convention kits.

Total tourism budget was \$13,760 while convention expenses totalled \$4,500. An additional \$3,250 was allotted for administrative expenses including postage, film, and travel expenses.

Fifteen hundred dollars was budgeted for improvements at the free campground and at Comanche Trail Park to attract camper rallies such as the Winnebago Association.

Some of the unbudgeted money may be used to purchase trophies for sports meets such as the Highway 80 Tennis Tournament.

Members present at today's meeting were Chairman Charles Tompkins, Robert Massengale, Bill Cooper, J. B. Mabry, Clyde Hollingsworth, W. S. Pearson and Larry Willard who replaced R. H. Weaver.

MONKEYING AROUND — Julie, the four-year-old female chimpanzee in the Phoenix Zoo at Miyazaki City, Kyushu, in Japan, enjoys playing golf. Using a larger

than usual golf ball, she knows how to shoot as well as celebrate after a good shot.

CLOUDY

Very cloudy with a 20 per cent chance of rain Saturday. High today and Saturday, lower 70s. Low tonight in the 50s.

David Stevens Joins Force

David Lee Stevens, 29, was hired four days ago by the city police, according to an announcement by the department this morning.

Stevens had worked for the G & G Security Service in Midland. He is married and has four children. He is currently attending Midland College taking police training.

Man Arrested, Out On Bond

Wing Devonshire, 22, Webb Air Force Base, has been arrested and released on \$2,000 bond set by District Judge R. W. Caton.

Devonshire was indicted previously for defrauding with a worthless check.

DEATHS

Leo Starzyk

MUNISING, Mich. — Leo Starzyk, 85, died Oct. 7 after a two week illness. His daughter and her husband, Mr. and Mrs. Aurel Lafond, Big Spring, just returned from attending funeral services in Munising, Mich.

Born in Poland, he moved to Michigan in 1908 and lived there all of his life. Survivors include seven children and 12 grandchildren.

Annie Young

BONHAM — Funeral services will be held at 1 p.m. Saturday at the Wise Funeral Home in Bonham for Mrs. W. R. (Annie) Young, 83, who died at 10 p.m. Wednesday in a Fort Worth Nursing Home. Burial will be in the Dodge City Cemetery.

Survivors include her husband, Wade; one daughter; three sons, including Carl Young of Big Spring, 15 grandchildren, 30 great-grandchildren and one great-great grandchild.

W. E. Burns

Funeral services are pending at River-Welch Funeral Home for William Edwin Burns, 75, who died this morning at his home west of Ackerly.

Burns is a longtime Ackerly resident.

Energy Uses Talk Theme

SNYDER — The time has come when Texans are obliged to put priorities on energy, Gov. Dolph Briscoe told 2,700 people gathered for the opening of the two-day oil show at Scourry County coliseum here Thursday evening.

This is part of the week-long celebration marking the dual milestones of Scurry's billionth barrel of oil and the 25th anniversary of the discovery of the Canyon Reef.

It is reassuring, said Gov. Briscoe, that the field, rated the third largest oil reserve on the North American continent, is still producing at peak after a quarter century and still turns out 270,000 barrels per day. He also reminded of oil's economic impact on the area, noting that it yields \$5 million a year in support of local governments, plus \$1 million in state ad valorem taxes, not to mention the much more lucrative production taxes to the state.

The celebration continues today with a golf tournament, the oil show, a square dance festival at the coliseum, and then at name this week given Snyder High's auditorium a repeat performance of "Boombtown Folies." Gov. Briscoe spoke at a barbecue which marked opening of the show.

The World At-A-Glance

NEW YORK (AP) — Pollster Louis Harris says 65 per cent of a cross-section of 1,475 American households again gave President Nixon a negative over-all rating in late September, equalling the all-time low he registered the previous month. Thirty-two per cent responded positively. In addition, Harris said, Nixon's rating on "inspiring confidence personally in the White House" fell to 73 per cent negative, 18 per cent positive, the lowest since 1969.

NEW YORK (AP) — CBS' "All in the Family" series was the nation's most widely watched show in the third week of the new TV season, according to the A.C. Nielsen ratings made public Thursday. Second was NBC's "Sanford and Son." None of the season's new series were counted among the nation's 20 most popular shows. The highest rated of the new shows—NBC's "Girl with Something Extra"—led for 28th with an ABC made-for-TV movie.

CHICAGO (AP) — The defense fund for Spiro T. Agnew, established by insurance tycoon W. Clement Stone, is still accepting contributions. A spokesman for Stone said Thursday that calls were still coming in from persons who wanted to give money. The former vice president reportedly asked on Wednesday that money be refunded to any contributors asking for it. The fund spokesman said that any money not returned, and the new donations, would be used to help

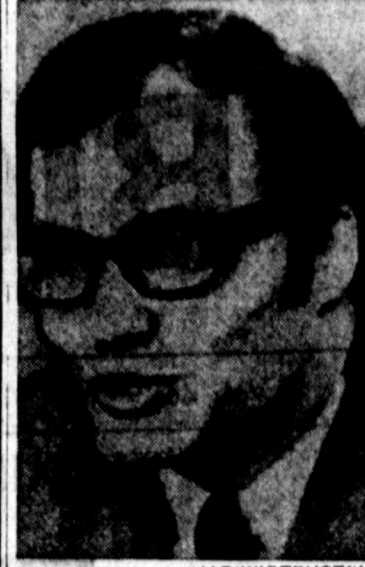

defray Agnew's legal costs.

WASHINGTON (AP) — Israeli Foreign Minister Abba Eban told Secretary of State Henry A. Kissinger last week about an Arab military buildup. But Eban did not appear to be apprehensive in the New York conversation two days before the latest Mideast hostilities began. The Israelis at the time considered the buildup a defensive mobilization.

WASHINGTON (AP) — The House is expected to give final congressional approval today to landmark restraints on presidential war-making powers. However, a certain veto by President Nixon awaits the bill. Backers said they would be watching today's vote for an indication of whether the veto can be overridden.

WASHINGTON (AP) — Senate House conferees have dropped specific overseas troop reductions from the weapons authorization bill. But conferees retained a provision requiring reductions in U.S. forces in Europe by the percentages by which U.S. NATO allies fail to offset balance of payments trade deficits with the United States.

BANGKOK, Thailand (AP) — More than 100,000 students massed on a Bangkok University campus today, denouncing the military government and demanding the release of 13 critics of the government arrested last Saturday.

(AP WIREPHOTO)

INDICTED — Former White House plumber Egil Krogh Jr., above, was indicted by a federal grand jury in Washington Thursday on two counts of perjury arising from his testimony about the Ellsberg break-in.

Fib Raps Hit Former Boss Of 'Plumbers'

WASHINGTON (AP) — The wide-ranging investigation of the special Watergate prosecutor has produced its first indictment—a charge that the former boss of the White House plumbers lied to the original Watergate grand jury.

In a proceeding that lasted barely a minute Thursday before U.S. District Court Judge John J. Sirica, a grand jury delivered an indictment against Egil Krogh Jr. It charged that on Aug. 28, 1972, Krogh lied under oath when asked about the activities of E. Howard Hunt and G. Gordon Liddy. Krogh, 34, did not appear in court. A spokesman for the prosecutor's office said he probably will be arraigned next week.

Meanwhile, on Capitol Hill, the Senate Watergate committee was told by Frank Mankiewicz, political director of Sen. George McGovern's 1972 presidential campaign, that Republican dirty tricks created "an unparalleled atmosphere of rancor and discord within the Democratic Party."

After hearing Mankiewicz and Rick Stearns, another former McGovern campaign aide, the committee recessed until Oct. 30. It will then continue its probe of political espionage during the 1972 campaign.

Mankiewicz said the purpose of the GOP sabotage effort appeared to be to "create within the Democratic Party such a strong sense of resentment among the candidates and their followers as to make unity of the party impossible once a nominee was selected."

The staff of special prosecutor Archibald Cox has been presenting evidence on the activities of the so-called plumbers unit to a special grand jury empaneled last Aug. 13.

WEATHER

NORTHWEST AND SOUTHWEST TEXAS: Considerable cloudiness and showers in the north; clear to partly cloudy west and north today and tonight. Not so cool tonight. Considerable cloudiness Saturday. Scattered showers southern part. High today and Saturday 66 to 84. Low tonight 46 to 58 except near 40 mountains.

MARKETS

COTTON FUTURES

NEW YORK (AP) — No. 2 cotton futures opened \$3.22 a bale lower to 50 cents higher than the previous close. Trading was mixed after Thursday's active selling, and prices showed only moderate changes.

Traders were keeping an eye on the weather in the cotton belt, which has been unfavorable the past 24 hours. But this has not as yet had a marked impact on the market, brokers said.

The average price for middling 1-1/4-inch spot cotton was 82.30 cents a pound Thursday for the 12 leading markets.

Midmorning prices were \$3.40 a bale higher to 40 cents lower than the previous close. Dec. 83-84, March 83-84, and May 78-80.

\$120,000 ROBBERY

FBI Nabs Fugitive

LAREDO, Tex. (AP) — FBI agents have in custody a third fugitive in connection with a \$120,000 robbery involving a bank president in Iowa.

Ralph Stephen Gambin, 26, was arrested on the International Bridge by the FBI after being brought by Mexican authorities from Guadalajara, Mexico, a spokesman at the FBI's district office in San Antonio said Thursday.

Gambin was "expelled from Mexico," said FBI Special agent James B. Adams.

The FBI said Gambin is charged in Des Moines with the robbery of the Capital City Bank Sept. 27. Gambin's last known address was Chicago.

Adams said bank president Warren Ferguson and his wife were taken hostage and Ferguson was commanded to go to the bank with one person while two other persons held his wife at the couple's home.

Ferguson was rigged with an explosive device and told it could be detonated by remote control, said a new release by Adams.

FBI agents arrested Ray Michael Juslin and Janelle Marie Koncan in Waukegan, Ill., Sunday in connection with the case, Adams said.

He had no details of the arrest of Gambin in Guadalajara, he said.

Adams said "a substantial amount" of the money has been recovered by the FBI.

'Goals For BS' Steering Committee Sets Meeting

Invitations have been mailed to 40 civic leaders from the cross-section of the community to serve on the Steering Committee of "Goals for Progress Area," a long range planning project to be launched the week of Oct. 22.

Those invited to serve on the committee were chosen by a 10-member council headed by project chairman Dr. Thomas Salter.

Members of the committee will be assigned to subcommittees to concentrate study on eight areas of concern within community life.

Areas of concern and their respective chairmen are:

government, Mary Joy Cowper; design (growth of the city), Adolph Swartz; health and education, Wade Choate; community relations, W. S. Pearson; culture and entertainment, K. H. McGibbon; housing, A. G. Mitchell; parks and recreation, Mrs. Horace Garrett; and economy, Tom Locke.

Intense studies of Big Spring's current offerings and future needs in these eight areas will be made, culminating in the drafting of a list of priority goals for the community.

First meeting of the steering committee will be scheduled the week of Oct. 22, according to Dr. Salter.

 - Northridge — Jerry Currie and Bill Currie.
- HEIFERS**
- Knott — Kent Robinson and Scott Robinson.

BIG BUBBLE — Everything got blown out of proportion one day last week as Lonnie Holcomb, left, and his friend Carol Moncuso blew up a storm during a lunch break at St. Petersburg, Fla. (AP Wirephoto)

Ex-Cop Indicted In Slaying Of Boy Wins Venue Change

DALLAS (AP) — District Court Judge Ed Gossett, granting requests for a change of venue, has set the trial of former Dallas policeman Darrell L. Cain in the killing of a 12-year-old boy for Nov. 12 in Austin.

Cain was indicted on a murder charge after the July 25 shooting of Santos Rodriguez while the boy sat with hands cuffed behind his back in a police cruiser.

A police report stated that the boy was being questioned about an attempted break-in at a gas station close by and Cain put his pistol to the prisoner's head in a demand for information about that case.

Defense lawyer Phil Burleson and Asst. Dist. Atty. Doug Mulder both asked at a hearing Thursday that the case be sent elsewhere for trial.

Mulder submitted 31 affidavits from residents of Dallas and surrounding counties stating a fair trial could not be obtained in this area because of news coverage given the case. He also introduced 14 affidavits from Travis County residents stating Cain could receive a fair trial in Austin.

Gossett said in anticipation of the motion for a change of venue, he had been considering moving the trial to Austin or Wichita Falls.

Two Deaths Laid To Austin Floods

By The Associated Press

Rains set off by a dying cold front doused much of South Texas during the night, causing temporary flooding in a few areas, and light rain or drizzle persisted this morning along the coast and up the Rio Grande as far as Del Rio.

It was drizzly also in parts of West Central Texas.

At least two deaths were laid to the near-cloudbursts of Thursday.

The frontal system, which loosened even heavier deluges farther north the day before, was dissipating after coasting as far south as a line from between Houston and Galveston toward the southwest into Mexico.

street Thursday. Her car had been stalled by a flooded low water crossing at a creek. Her husband, Richard, is an associate dean at the University of Texas.

Also found was the body of Bryan Drummond, 10, several miles south of Austin in the Onion Creek area. He was washed off a bridge during Thursday's storm.

Temperatures eased down early today to 41 at Dalhart and 44 at Lubbock in the Panhandle-Plains sector while Galveston still had an 80-degree reading.

Top marks Thursday afternoon ranged from 89 at Alice, Brownsville and Corpus Christi in the south down to 59 at Dalhart.

Completion Date Eyed On Phase

COLORADO CITY — Concrete should be poured for the new Colorado High School by March 1, 1974, Tommie Huckabee of the firm of Ribard and Huckabee, architects and planners, told the Colorado Independent School Board Monday night.

Huckabee also was hired this week in Stanton by the county commissioners to do a feasibility study on whether to remodel or build a new courthouse after petitions were circulated there requesting action.

Wallace Heifer Places Sixth

Leland Wallace, Big Spring placed a spring yearling heifer in the Pan-American Livestock exposition held in conjunction with the State Fair in Dallas last weekend. His Miss Domino 889 took sixth place in her division in an open competition. It was this class, incidentally, which produced the champion female of the show, RCR Perfectionist 91, entered by Rocking Chair Ranch, Ft. McKavett.

Wallace also said he did not realize they were limited to the choice of the two cities, mentioned Abilene, Archer City and Seymour as possible sites.

Gossett said the choice was not limited but the smaller communities Burleson suggested might not have facilities for the trial.

Gossett set an Oct. 29 deadline for the filing of pre-trial motions in the case.

Wrong Info On Used Car Could Result In Charge

AUSTIN — How "used" is a used car? If its vintage is stated accurately, the prospective buyer received an honest statement of its mileage; the working parts are in working condition, and the price represents the fair market value of the specific vehicle involved, then it's entirely up to the consumer to decide if a certain used car is a good buy.

But a misrepresentation as to year of model, or a purposeful misstatement of mileage accrued would constitute a deceptive trade practice under the 1973 Texas Deceptive Trade Practices-Consumer Protection Act, according to Attorney General John Hill.

And alteration or resetting of an odometer — the instrument on the car which indicates its total mileage — also is prohibited under the new Federal Odometer Law, which requires that each transferor of a vehicle make a certificate attesting to the mileage.

The certificate must identify the vehicle transferred by its make, model, body type, serial number and last license plate number. It must include the transferor's name, address and signature, and the certificate signed has to refer to the fact that the giving of incorrect information may result in civil liability.

The attorney general's office in 1972 obtained 39 court injunctions prohibiting used car dealers and auto lease services from setting back odometers. Persons who may doubt a statement of mileage should examine the vehicle, its brake pads, emergency brakes, tires, etc., for evidence of excessive wear, or better still, take the car to their personal mechanic for inspection. Individuals may talk to previous owners, and if their names are not readily available, they can write to the Texas motor vehicle registration division of the Texas Highway Department (enclosing \$1 and the vehicle identification number) and get a history of title.

Dear Abby

Abigail Van Buren

DEAR ABBY: For the last year I have employed an excellent cleaning woman who has also done my laundry. She is immaculate, quiet, and hasn't missed a day's work. She is the sole support of several fatherless children, so I have been extremely generous in giving her leftover food and even collecting children's clothing from my friends for her youngsters.

From time to time I've missed a few items. Panties, hostery, towels. Nothing very valuable.

Suddenly she shows up wearing a pair of silver hoop earrings which looked familiar. I went to my drawer, and sure enough, mine were missing!

I asked her where she got the earrings, and she said she couldn't remember. Abby, I know they are mine! Now I am wondering if I should ask her to give me my house key and tell her why I don't want her to work for me anymore.

I feel so guilty considering

such a thing because I know how much she needs the money. So what should I do?

WONDERING: DEAR WONDERING: The woman is apparently simple-minded or she never would have worn in your presence the earrings she stole from you. Tell her you know she has been stealing, but if she returns the stolen items and promises not to take anything else, you will give her another chance. If she accepts those terms, keep her. And if she steals again, send her on her way.

DEAR ABBY: My husband's sister lost a full-term baby. He was born dead. We sent a sympathy card addressed to her and her husband. They were offended.

My father-in-law told me you shouldn't send sympathy cards in a case like this. Tell me, Abby, were my husband and I right or wrong?

UNIONTOWN, PA. DEAR UNIONTOWN: You were right.

Problems? You'll feel better if you get it off your chest. For a personal reply, write to ABBY: Box No. 6790, Los Angeles, Calif. 90069. Enclose stamped, self-addressed envelope, please.

For Abby's new booklet, "What Teen-Agers Want to Know," send \$1 to Abigail Van Buren, 132 Lasky Dr., Beverly Hills, Calif. 90212.

VFW Units Plan Midland Meeting

The Tall City Veterans of Foreign Wars, Midland, and its ladies auxiliary will host a district convention Sunday in Midland. Guest speaker for the auxiliary business meeting will be the department president. Registration begins at 8 a.m. Sunday, and the fee is \$2. Auxiliary women will meet in the VFW Hall.

Terrariums Shown By Club Speaker

The art of making terrariums was shown Tuesday by Mrs. C. K. Orr for Center Point Home Demonstration Club at the home of Mrs. Garland Sanders, 1701 Johnson.

Mrs. Orr said the primary ingredients in a terrarium are large gravel, charcoal, potting soil and plants. The gravel, charcoal and soil should be placed in the glass container in layers, and the plants should be saturated with water before planting them.

"The secret of growth in terrariums is plenty of light and not too much water," said Mrs. Orr. She said the average life of a terrarium is six to eight months, but she displayed one planted with ivy which was four years old.

Mrs. J. H. Fuller was a guest. Members will give a Christmas party for patients at Big Spring State Hospital at 10 a.m. Dec. 11. Following the party, members will meet for the club's annual dinner and gift exchange at

Past Matrons Pick Committees

Halloween provided the theme Tuesday for a meeting of Past Matrons Club, Big Spring Chapter 67, Order of Eastern Star, in the Downtown Tea Room. Jack-o-lanterns and black cats were used in decorations on the dining tables.

Mrs. Hayes Stripling Sr. presided. Those named to the visiting committee were Mrs. Wayne Parish and Mrs. W. O. Brown. Appointed to the telephone committee were Mrs. Rogers Hefley, Mrs. R. E. Stringfellow and Mrs. Stripling.

Several women who attended a grand chapter meeting recently in Dallas discussed highlights of the convention.

Mrs. H. S. Hanson was a guest. Hostesses were Mrs. Allan Hull, Mrs. Gene Gross and Mrs. G. C. Graves. The next meeting will be at 7 p.m., Nov. 13 at the Tea Room, with members of the telephone committee as hostesses.

Family Reunion Held In Forsan

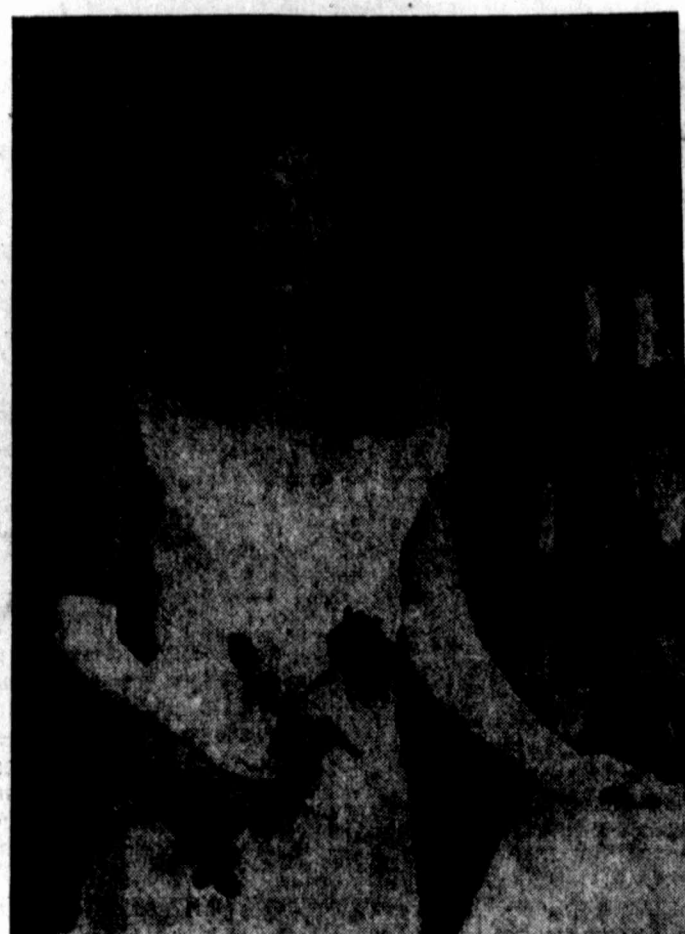

FORSAN (SC) — The W. C. Archer family reunion was held Oct. 7 in the home of Mr. and Mrs. A. J. McCall. Families attending were the J. W. Archers, Seminole; L. D. Parkers, O'Donnel; Randy Carliles, Lamesa; Dub Clintons, Big Spring; and Bob Washes, Forsan.

Gardeners Encounter Problems

Garden problems encountered by members of Organic Soil Builders during the summer were discussed Monday at the U.S. Experiment station.

Members suggested various methods of combating bugs, the most common problem. "Companion planting" is a process of placing plants together, such as tomatoes, asparagus and parsley, which protect each other from bugs.

Other ways to remove bugs from plants include spraying with an organic bacteria and placing wood ashes in a garden. It was suggested that one teaspoon of sugar placed with each tomato plant at the time of planting, will prevent nematodes. Now is the time to prepare compost for spring gardens and mulch for winter plant protection. The next meeting will be Nov. 12 at the Experiment Station.

ROSE QUEEN — Amanda Warner, Tyler, a 19-year-old brunette coed at Southern Methodist University, will reign as queen of the 36th annual Texas Rose Festival in Tyler, Oct. 18-21.

Business Women To Observe 'Week'

National Business Women's Week will be observed Oct. 21-27 according to Miss Helen Willard who made the announcement during a luncheon Oct. 23 in Holiday Inn. The club will hold a garage sale Oct. 26-27 at the home of Mrs. A. G. Eitzen, 2601 Carol.

Mom-Daughter Banquet Held

A mother-daughter banquet was held Oct. 4 by Homemakers of America, with the FHA girls preparing the salads.

A style show featured clothing from Hemphill-Wells, and a skit entitled "Raggedy Ann in FHA Land" was presented by FHA members. Models for the style show were FHA girls and their mothers. Lynn Hooper was pianist.

Friendship Club Views 'Love'

"Make Love Your Aim" was the theme of a program given Tuesday morning by Mrs. O. G. Burns for Friendship Breakfast Club at Holiday Inn.

Mrs. O. F. Williams presided and was hostess for the meeting. She and Mrs. Clint Forrest were honored for their birthdays. The group will have a Christmas party Dec. 12. Names were drawn for a gift exchange.

The next breakfast meeting will be Nov. 13 at the Holiday Inn. Mrs. Williams will present the program and act as hostess.

subject. Mrs. Cass Hill led a memorial service, and Miss Movelda Rhine evaluated the workshops.

Those attending from Big Spring were Miss Willard, Mrs. Eitzen, Miss Rhine, Mrs. Bert Affleck Sr., Mrs. Summers and Mrs. Hill.

Assisting Mrs. Summers with hostess duties Tuesday evening were Mrs. Rozelle Dohoney, Miss Marie McDonald, Mrs. W. R. Ward, Mrs. M. R. Erhardt, Mrs. L. F. Kelley and Mrs. J. R. Smith.

Sorority Rushes Told Beta Sigma Phi Aims

Mrs. Steve Broom, read the "Story of Beta Sigma Phi" Tuesday evening for rushes of Alpha Kappa Omicron Chapter, BSP, at the home of Mrs. Charles Hamner, 2405 Merryly. She briefly outlined the sorority's history, from its beginning during the depression years, and noted that its motto today is "Life, Learning and Friendship."

Rushes present were Mrs. Dana Macklin, Mrs. Wayne Barber and Mrs. Mike McCrary. Various sorority items were displayed for viewing by the prospective members. Cohostess was Mrs. Lois Pace.

Mrs. Allen Carlile was elected the chapter "sweetheart," and her resume will be sent to the sorority's international headquarters for judging. Also, she will be presented at the local Valentine ball in February. Mrs. Wayne Stroup was named chapter chairman for the ball.

Members were reminded that a "harvest party" for members, rushes and their husbands will be held Saturday evening in the home of Mrs. Clay LaRochelle, 600 W. 16th.

Westbrook School Closed Monday

WESTBROOK (SC) — There will be no school at Westbrook Monday, according to L. M. Dawson, superintendent. Teachers will attend the Texas State Teachers Association meeting in Abilene.

Local Children Given Help Through MOD

Services of the March of Dimes were explained by Mrs. C. A. Elmore and Mrs. Ruby Phillips at the meeting of the NCO Wives Club Tuesday.

Emphasizing that the March of Dimes is concerned with the treatment and prevention of birth defects in children, the speakers explained that money collected locally is used both nationally and locally. Nationally, it supports research to prevent birth defects; locally, it is used to help children receive special treatment or surgery they may need. Approximately 20 children in Howard County are benefitting from this service.

Mrs. John Denton, club president, presided as plans were discussed for the Christmas Bazaar to be held Dec. 1. Mrs. John Hayes and Mrs. Charles Johnson, cochairmen of the event, asked each member to donate one baked item and one "white elephant" item, as well as handicraft articles.

A nominating committee was elected to prepare a

slate of officers for elections in December. Serving on the committee are Mrs. Herbert E. Bridges Jr., chairman; Mrs. Russell Buske and Mrs. Roy Zeigler. Door prizes were won by Mrs. Zeigler and Mrs. Johnson. Guests were Mrs. Robert Liotta and Mrs. Robert Meisenheimer.

Charles Odom, manager

of the base commissary, will be the speaker at a social meeting Oct. 23. All wives of non-commissioned officers are invited to attend, to participate in the question-and-answer session with Odom, and to enjoy refreshments and games following. The meeting will be at 7:30 p.m. at the NCO Club.

Sorority Speaker Tells Weight Loss Methods

"The only way to lose weight is to count calories and exercise," said Mrs. Dottie Dockter, guest speaker Monday for Mu Zeta Chapter, Beta Sigma Phi at the home of Mrs. Robert Wilson, 4046 Vicky.

Mrs. Dockter is employed at Magic Mirror Figure Salon. She discussed the benefits of a regular physical fitness program, saying it is as important for women as for men.

Equipment available at the salon was described, and Mrs. Dockter demonstrated exercises for specific areas of the body. She gave free passes to those present.

Mrs. Coy Mitchell presided and outlined duties of the presidency. Other officer duties were discussed by Mrs. Harvey Rothel, corresponding secretary and program chairman; Mrs. Wilson, vice president and ways and means chairman; Mrs. Linda Schraeder, social chairman; and Mrs. Dennis Harrington, service chairman.

A brief history of BSP was given by Mrs. Wilson, who also told about social service and cultural endeavors of the chapter. The chapter will furnish food baskets for a local family at Thanksgiving and Christmas. Social events planned include a spaghetti dinner, Valentine cocktail party and a Christmas party.

Bride-Elect Honored At Gift Party

Miss Gayle Moore, bride-elect of Mike Murphy, was presented gifts at a shower recently in First Federal Community Room.

The honoree received guests with her mother, Mrs. Raymond A. Moore; her grandmother, Mrs. R. H. Snyder; her fiancé's mother, Mrs. Don Murphy; and his grandmother, Mrs. Paul Kennedy. They were presented yellow daisy corsages.

Hostesses were Mrs. C. A. Aagesen, Mrs. Bob Bradbury, Mrs. Neal Bryatn, Mrs. Sidney Clark, Mrs. A. J. Dean, Mrs. Del C. Childers, Mrs. Jeff Brown, Mrs. Georgia Jackson, Mrs. Victor Jackson, Mrs. Welby Jackson, Mrs. Carl McGlothlin, Mrs. Charles Hans and Mrs. Charles Sweeney.

The refreshment table was covered with an ivory cutwork cloth, and appointments were crystal and silver. The centerpiece was of blue and yellow daisies.

The couple will be married Oct. 26 in First Baptist Church.

Connally, Goldwater, Reagan, Rockefeller Drawing Support

By The Associated Press

The names Connally, Reagan, Goldwater and Rockefeller appear the most popular among state Republican leaders suggesting prospective successors to Spiro T. Agnew, according to a survey of GOP state chairmen.

The suggestions were in response to Agnew's resignation as vice president after admitting income tax evasion. President Nixon asked Republican governors, congressmen and state party leaders to offer names to be considered in the replacement process.

BUSH BACKED

GOP National Chairman George Bush, himself listed in a number of the telegrams sent Thursday to Washington, said nearly all 150 members of the Republican National Committee got their recommendations in by the 5 p.m. deadline.

The suggestions from the states were to be considered along with responses received from 165 of the 192 Republican members of the House and those provided by a majority of GOP Senators.

State chairmen in all 50 states were contacted by The Associated Press and asked who they favored. Eight said they had not sent suggestions to Washington and eight said they had but would not disclose them.

All the others—34—made their choice or choices known. Some listed one choice, others more. One named six. The names mentioned most often were those of four men considered likely candidates for the job: former Texas Gov. John B. Connally, New York Gov. Nelson A. Rockefeller, California Gov. Ronald Reagan and Sen. Barry Goldwater of Arizona.

FAVORITE SON

There was an ample offering of favorite sons among them. Sen. Howard H. Baker Jr. from Tennessee, Sen. Bob Dole from Kansas, Sen. Marlow W. Cook from Kentucky, former Gov. Walter J. Hickel from Alaska, Sen. Jesse A. Helms from North Carolina, Gov. Arch A. Moore Jr. from West Virginia and Gov. Robert D. Ray of Iowa.

House GOP Leader Gerald R. Ford of Michigan was mentioned by five chairmen. But virtually every name speculated upon as a possible candidate was cited at least once.

Tops In Blue Show Nearing

Twenty years after its birth, the "Tops in Blue" entertainment showcase is on the road again, and an Oct. 18 performance is booked at Webb AFB. The show is free and open to the public.

"Tops in Blue '73" continues to provide the same kind of show that launched ex-airman Jerry Van Dyke and limpressionist Frank Gorshin into show business.

The Webb performance begins at 8 p.m., next in the Base Theater. The program will feature a variety of vocal and instrumental music including soul, rock, gospel and folk, as well as comedy and other acts.

All the performers are active duty Air Force members, winners of the worldwide Air Force talent contest, held at Lackland AFB, Texas in June.

After a 13-year absence, the "Tops in Blue" variety show, established in 1953 to provide live entertainment not normally available to Air Force families at remote locations, went on tour again last year.

Five Candidates In Queen Field

COLORADO CITY — The Homecoming Queen will be crowned during half-time activities tonight at Wolf Stadium. The game starts at 7:30 p.m.

Five girls who are candidates include Helen Haggerton, Pam Johnson, Betsy Mann, Tere Pawkett and Mandy Weaver.

The parade through downtown will be at 3:30 p.m. using a "Beat Brownfield" theme.

O.U.-Texas At High Noon

AUSTIN (AP) — Texas Longhorn ticket officials tried today to spread the word that the kickoff in the nationally televised Texas-Oklahoma football game Saturday in Dallas is 12 noon, CDT.

The pre-game TV show begins at 11:30 a.m., CDT.

Ticket officials said there had been erroneous reports of a 12:30 p.m. kickoff, and they feared fans would miss the first quarter by waiting that late to turn on the game.

The Not-So-Neat Package

Shock gives way to speculation. Dismayed by developments in which Vice President Spiro Agnew resigned the second highest office in the land, the public, as well as members of Congress and others in public life, now turn to conjecture on whom the President will nominate to fill the vacancy, also the implications of that choice.

About the only thing which is emerging with any degree of clarity is that the neat little package wrapped up in the 25th amendment wasn't as neat as it seemed to be.

Right off there is no instruction as to the time element, which likely is not to be a major problem but easily could be. The President apparently can act instantly (which he is not apt to do for the very sake of appearing to seem open to the counsel of others), or expeditiously (which he is likely to do), or slowly, or not at all. And Congress seemingly has the same latitude of discretion in its timetable. Moreover, Congress does not have the guidelines (although precedent

may peg them after this is over) on procedures such as which committee has jurisdiction, is the intent that each house must reflect simple majorities, etc.

When the present crisis has passed, this may be a subject of proposed reform, although it is not nearly so important as having a firm line of succession established. Neither, in our view, is it as important as some basic reform of the electoral college, which some have proposed as the agency to act upon a President's nominations

Minutes May Yield Years

Coming up Saturday is a free blood pressure clinic in the Highland Mall.

All you have to do is step up between the hours of 10 a.m. and 2 p.m. and 4 p.m. and 8 p.m. and have your blood pressure taken. It only takes a few minutes, but it might be worth years to know what the results say.

Many people develop circulatory or heart ac-

for vice president.

A direct popular vote has its drawbacks, but some approach which more nearly reflects the total public will than does the electoral college is in order. One of these is the total vote by congressional districts, plus the bonus of the two senatorial votes for the candidate carrying a state. But if we can't reform the electoral college, we doubt there will be any great groundswell to reform the 25th amendment. Our present experience may give us a lot of answers.

idents because their blood pressure has grown dangerously high without them knowing it. Here, perhaps, is a chance to be forewarned if your pressure should be edging into the warning zone. Even if tests show you to be normal, peace of mind ought to be worth something.

Thus, we urge you to invest just a few minutes that could return a dividend of years.

Innovative Chef

Around The Rim

John Edwards

After opening his Chinese restaurant, the Ranch Inn, about three years ago, Jimmy (Kimo) Jodoi, encountered a dilemma.

He couldn't obtain fresh bean sprouts, except during the winter, and he couldn't make Chinese food without fresh bean sprouts.

"FOR CHINESE food, you've got to have all fresh vegetables," he explained. "Otherwise, you don't have Chinese food." Chinese recipes call for bean sprouts in "just about every dish there is."

Bean sprouts could be purchased in Dallas, but in all but cold weather, the perishable commodity which should not be frozen would spoil before it reached Big Spring.

By traditional methods, growing your own sprouts from mung or soy beans took too long to supply his restaurant. It takes from one to two

weeks, depending on temperature, to sprout beans, according to the book.

So Jodoi designed his own method. He put the beans in a basket, the basket in a tank. With a small electric pump, he sprayed luke warm recirculated water on the beans 24-hours a day.

THE BASKETS kept the beans out of the water being drained. Since only sprouts were needed, no light was necessary.

In two days, 36-hours, if he mixed non-toxic fertilizer with the water, he had sprouts.

"Tank farms," like this, could be used to grow hydroponic tomatoes, hydroponic peas and like plants, the owner-manager-chef said. He noted light would be necessary, too.

Speaking of applications, Jodoi said, "You can save space. You don't need a lot of land. And you can control conditions."

My Answer

BILLY GRAHAM

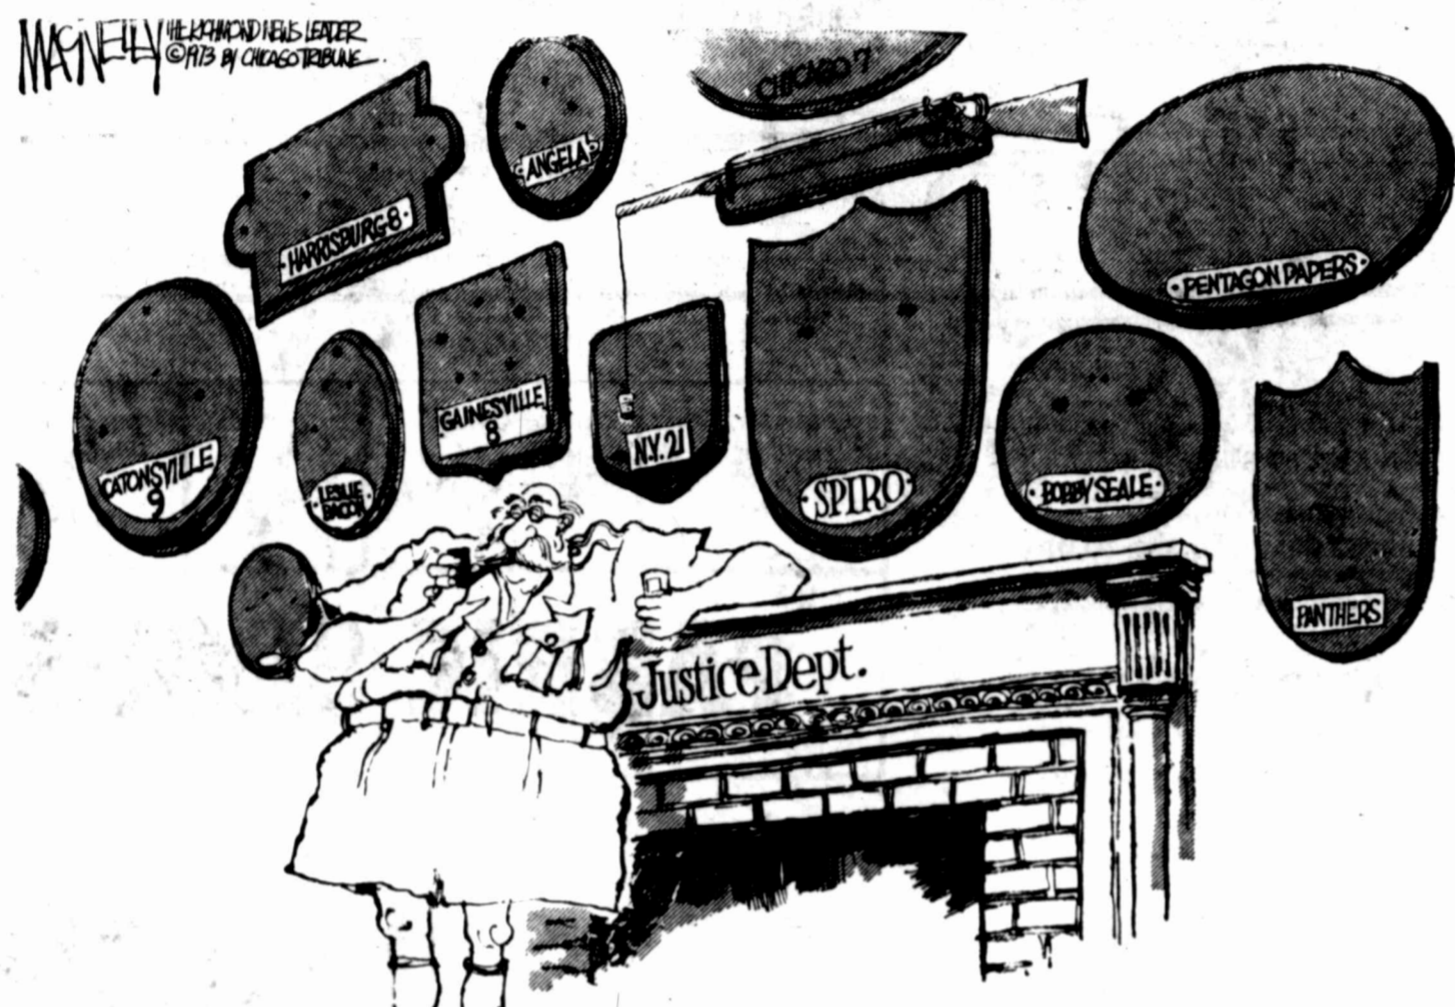

My parents have a problem with their marriage! I believe my mother is more at fault than my father. He tries harder than she does. They have been to church a few times, but that doesn't help either. I pray every night for God to help them. You're the only one I can turn to. Please tell me what to do!

Only those involved know the sharp and recurrent pain caused by turbulence in the home. Perhaps the ones paying the highest price for such misery are the children — caught as pawns between conniving and hostile parents.

Thank God you have not given up; thank God you know the ministry of prayer. Don't miss a day in bringing that problem to the Lord. It will both relieve you of certain anxiety (see 1 Peter 5:7), and it will set in motion supernatural forces that heal the broken marriage. (James 5:16).

The real answer lies with your parents. If only one of them will let the bower of Christ take over, harmony and compatibility can begin to be restored. Since your father is the one trying harder for a resolution of these problems, have a personal chat with him. Show him you love both your parents and help him to see that mere church attendance is not enough. Explain to him that it's by a personal relationship to Christ, through repentance and faith, that

he can overcome these difficulties. It's important for you, in addition to leaning hard on God, to have some helpful outside contacts which will compensate for the liabilities in your home life.

Statue Of Liberty

Hal Boyle

Editor's Note: Marcus Elisson, AP correspondent in Jerusalem and born in South Africa, traveled 2,000 miles around the Eastern half of America. Here is his impression of the Statue of Liberty.

By MARCUS ELISSON (Substituting for Hal Boyle)

NEW YORK (AP) — You don't have to be American to know the Statue of Liberty. No matter where in the world you live you've seen it countless times, in movies, comic books, school books and on television.

Like the Eiffel Tower or the Coca-Cola sign, you forget its nationality and come to consider it your own, even if you're from such faraway places as Israel, or Rhodesia, like myself.

Voyaging to the island of the Statue of Liberty on a sunny Sunday, I found myself surrounded mainly by other foreigners. As we disembarked there was a babble of tongues, marvelling at the immensity of the 87-year-old lady.

I — and perhaps many of my fellow tourists — felt as though

I was visiting a relative I had never before met.

On the grassy slopes of the island, Israelis mingled with Arabs, white South Africans with blacks, East Europeans with Westerners.

On a small outdoor stage, an Egyptian folksinger performed for the crowd. Among those who clapped delightedly to his rhythm was a Cairo-born Israeli.

An old Polish woman listened intently as her daughter excitedly told her Liberty was the world's biggest statue.

A Japanese father laboriously translated the barrage of statistics presented in Liberty's museum, while his children nodded in awe as he reeled off each figure.

Two orthodox Jews from Israel were arguing vehemently over whether the statue could collapse. "It's nearly a century old," protested one. "So the Walling Wall stood for 2,000 years," said the other.

A group of Kuwaiti Arabs sat

on a park bench, gazing at Manhattan's skyscrapers. We chatted amiably, politely promised to visit each other's country, studiously avoided discussion of the conflict that separated us at home in the Middle East.

The few Americans who visited the island that day came for the sunshine, or to play with their children. Only a handful were keen enough to join the long queue for the elevator up into the statue.

A French tourist was astonished to discover that the statue was built in France. "I always thought automatically that only Americans could build something this big," he said, adding smilingly: "after all, it's a skyscraper statue."

That night I told a New York friend about my outing. "You're lucky to be a tourist," he said, somewhat wistfully. "I haven't seen the Statue of Liberty since I was a little boy. Who's got the time to go there?"

Surgery May Help... But Relax

Dr. G. C. Thosteson

Dear Dr. Thosteson: I would like more information about mitral stenosis caused by rheumatic disease. Is there any sedative?

At present I am on — and — twice a day but am so jittery at times.

I have been told that something can be done when the condition becomes worse than it now is, as a recent ECG did not show any marked change from the last one. I am 67 and retired — B.J.S.

"Rheumatic disease" in this case would mean rheumatic fever, which has a long and nasty record for causing valvular heart disease. The strep germs which cause the disease very often inflame one or more of the heart valves, most often the mitral valve.

So that is what happened to you. As the inflammation in the valve healed, it left scar tissue that narrowed the valve. That's the mitral stenosis.

With the valve narrowed, your heart has to work harder to accomplish the same amount of work.

Your medications are to keep your heart rhythm steady and to relax you — one is a mild

sedative. There is considerable choice of medication for either purpose, and yours are excellent.

If the stenosis becomes too severe, open heart surgery is possible to open up the mitral valve, but at your age and with no indication that your condition is worsening, I would think it wise just to continue with your present medication.

I would suggest, since you mention being "so jittery at times," that you try to relax and be glad your condition is remaining stable. You might ask your doctor about a tranquilizer to take occasionally when the jitters are severe.

Dear Dr. Thosteson: My friend has angina pectoris, also high blood pressure. She takes a diuretic every second day, and keeps nitroglycerine pills handy for pain. I wonder if there is any special diet she should follow? — D.T.S.

Diet is not of major importance in controlling angina pectoris, except that if she is overweight, reduction is essential. Your friend might get considerable benefit, though, from

reading my booklet, "How to Handle Angina Pectoris." It's available by mail; send 25 cents and a long, stamped, self-addressed envelope to me in care of Big Spring Herald.

Dear Dr. Thosteson: Can cortisone cause an enlargement of the face and neck, and if so is there any way to change that? I am 26 and took cortisone for a number of months for allergy. This makes me look like an all-day sucker. — P.

One of the recognized side effects of taking too much cortisone is the so-called "moon face" appearance which may be your trouble. The only solution is to stop the cortisone. However, that must be done gradually rather than abruptly.

To learn the major categories of prostate trouble — symptoms, treatment, how to speed recovery — write to Dr. Thosteson in care of the Big Spring Herald for his booklet, "The Pesky Prostate," enclosing 25 cents in coin and a long, self-addressed (use zip code), stamped envelope to cover cost of printing and handling.

Banks Want Funds

John Cunniff

CHICAGO (AP) — You might see your banking future in the displays at the McCormick Place convention center here. The American Bankers Association is holding its annual meeting, and what do you suppose they've attracted?

Racks of dishes and silverware, displays of stuffed dolls, trays of jewelry. There are Bible salesmen and salesmen of hand-lettered scrolls, and a manufacturer of chimes and carillons who wants banks to ring in the nation's bicentennial.

THE CHRISTMAS display companies are demonstrating how, with holly and wreaths and candy canes and trees, a bank can transform itself into the spirit of Santa Claus. Christmas is a time for spending, they say.

A grass seed company is urging bankers to offer "horticultural premiums," the suggestion being that the depositor's grass will grow even if his savings might not.

Need it be said that the banks want your money these days, even if they are reluctant to part with theirs in the form of a home mortgage? And they are willing to try almost any enticement, including high interest rates, to get it.

The assortment of premiums on display seems to suggest that if competition by interest rate fails — and to some extent it might have — the banks will be fighting furiously with premiums.

MERE WEEKS AGO some banks thought they had a great thing in their "wild card" CDs — certificates of deposit unrestricted by rate limitations. But then they found a good deal of the money came not from the outside sources but from the passbooks of their own depositors.

The future of retail banking, and to some extent of society too, is demonstrated by the large number of automated, self-service devices that might reduce the bank's overhead, the customer's wait in line — and provide personal service.

One device, designed to operate from the bank's outer wall, is activated by the customer's bank card. Insert the card and a sign appears on the television screen: "Welcome to — bank, where our customers like the way we work for them."

THE CUSTOMER then raps out his request on a device similar to a touch-tone telephone. He might want to make a loan or pay a utility bill or add to his checking account. The TV screen displays the instructions, but if the customer bungles the job a live teller appears on the screen.

At the end of the transaction, assuming the customer performed an act deemed by the card to be legitimate, out comes his receipt or, in the case of a loan, the money. Inside, the transaction is automatically recorded in the book-keeping system.

A Devotion For Today

"Come to me, all who labor and are heavy-laden, and I will give you rest. Take my yoke upon you, and learn from me; for I am gentle and lowly in heart, and you will find rest for your souls." (Matthew 11:28-29)

PRAYER: Eternal God, clothe Thy children with the armor of faith, love, and diligence. May we not be negligent or indifferent to Thy commandment to go into all the world and preach the gospel to every creature. Amen.

6-A Big Spring (Texas) Herald, Friday, October 12, 1973

A's Nab AL Crown; Holtzman Eyes Mets

OAKLAND (AP) — Hard-throwing left-hander Ken Holtzman finds himself in the same position today as he was a year ago—scheduled to pitch the opening World Series game for the Oakland A's against the National League champions.

This time the New York Mets oppose him Saturday at the Oakland Coliseum and the former Chicago Cubs hurler says, "I pitched against them a lot of years, but I feel super about getting the chance to pitch against them again."

Holtzman beat Cincinnati 3-2 in last year's opener and in his latest outing, he went 11 innings to beat Baltimore 2-1 in the third game of the American League playoffs. The defending world champion A's wrapped up their second straight pennant Thursday as right-hander Jim Hunter blanked the Orioles 3-0 in the finale of their best-of-five playoff series. "I was getting tired but my way I'm coming out of that ball game," declared the 27-year-old Hunter who posted a 21-5 regular season record and beat Baltimore twice in the playoffs. "I was just trying to keep the ball low," he said of his five-hit shutout performance. "They didn't get a home run off me in two games, isn't that a switch?"

During the regular season, the Orioles slammed eight homers from Hunter offerings but still he was 3-0 against them. The A's, who blew a 4-0 lead on Wednesday and lost 5-4, took a 1-0 lead in the third inning of the decider. Ray Fosse was safe on an error by Brooks Robinson who slipped while fielding a grounder. Dick Green laid down a perfect sacrifice bunt and Joe Rudi singled the runner home. In the fourth with two out, Gene Tenace, the hero

of the 1972 World Series, singled. Little Vic Davalillo tripled off the 375-foot sign in right center and Jesus Alou singled him home. That was plenty of insurance for Hunter as the A's won the series three games to two.

Doyle Alexander, the Orioles' 23-year-old right-hander, started the game, but left after Alou's hit, and Jim Palmer made only his second relief appearance in four years. Palmer, the Baltimore ace who was blasted out in the second inning Wednesday, shut out the A's the rest of the way Thursday.

The A's go into the World Series with three 20-game pitching winners—Hunter, Holtzman, 21-13, and Vida Blue.

20-9. Williams said Blue would face the Mets on Sunday and Hunter would go on Tuesday when the clubs play Game No. 3 in New York's Shea Stadium.

As the champagne corks popped in the A's quarters, Hunter said that until the playoffs he didn't think this season was as good as 1972 when he was 21-7.

"But beating Baltimore twice in the playoffs was better than all of last year," commented the man who pitched two victories in the 1972 World Series.

Saturday's opener is scheduled for 3 p.m. CST and Sunday's game starts at 3:30.

The A's are considered the favorites this time against the New Yorkers.

STEERS ON ROAD

5-4A Looking To Cougs, SA

Abilene Cooper tries to stay alive against high-flying Odessa and San Angelo takes the hot seat against Midland Lee in key District 5-AAAA games tonight at 8 p.m.

Meanwhile, Midland High, the early giant-killer, hosts Big Spring's winless Steers, and in a Saturday night game Odessa Permian is at home trying to get back on the winning track against Abilene High.

Odessa's Bronchos, a pre-season favorite that seemed to founder in the early going, looked to have gotten everything together last week in a 40-17 loop-opening romp over Midland Lee. Cooper held powerful San Angelo to 12 points, but couldn't get an offense untracked in dropping its second start of the year. The game will be in Abilene's P.E. Shotwell Stadium.

San Angelo is at home again against Lee, and the Bobcats,

Locals Eye Abilene Play

The Figure Seven Tennis Team, composed of local junior high tennis players, will enter the Abilene Halloween Junior High Tennis Tournament this weekend.

Eighteen youngsters from Big Spring are scheduled to compete in the meet, which runs Saturday and Sunday and will draw around 250 entries. Rose Park Tennis Center will be headquarters for the action.

Dale Brown, Craig McMahon, Carl Catton, Andre Covillion, Steve Stull, Sean Grathwell, Tony Mann and David Stull will be in the boys action while Julie Ray, Suzanne Smith, Lita Cox, Libby Rhymes, Cindy Brooks, Patti Brackett, Mary Jane Wright, Lori Brown, Robbie Eisler and Rhonda Carr are the girls' entries.

Barry Stephens, Figure Seven assistant pro, is the team's coach. The team is not affiliated with the local school system.

INTRODUCING THE STEERS

One of the more versatile members of the Big Spring Steer football team this year is Vicky Woodruff, a 205-pound senior currently stationed at tight end.

"Vicky has come a good job for us at several positions," said Steer coach Bob Burris. "He has the size, speed and ability to play just about anywhere." He was a lineman last year, and has played linebacker and fullback this season before being switched.

Woodruff, 17, is the son of Mr. and Mrs. James Woodruff of 615 N.E. 10th.

Sooners Get Nod Over UT Saturday

DALLAS (AP) — Texas Coach Darrell Royal hopes Saturday's nationally televised battle with sixth-ranked Oklahoma is a low scoring affair because "our capability of scoring a lot of points is less than theirs."

The 13th-ranked Longhorns are seven-point underdogs to lose their third consecutive game to the Sooners in this 68th meeting of the Red River rivals.

"I don't think anybody's going to do a lot of scoring on Oklahoma unless they are aided by mistakes," Royal said. "They might be as good as a defensive football team as I've seen in some time. Nobody's had any offense against Oklahoma."

A sellout crowd of 72,000 fans will be on hand in the Cotton Bowl as Barry Switzer makes his debut as a head coach in the series which Texas leads 42-23-7.

Switzer said the game will be a "dogfight... it always is. We have to play better than we have this year to win."

Texas is 2-1 and Oklahoma is 2-0-1 with the only common opponent Miami. The Hurricane upset Texas 20-15 while Oklahoma downed Miami 24-20.

Royal has been in this battle as a player for Oklahoma where he was 2-2. As a coach for Texas, he is 12-4.

His memories of the 20 Oklahoma-Texas frays he has been involved in: "You don't win this game with trickery or ball handling. This is a game that is battles in the trenches. It is meat and meat and flesh on flesh... and they don't 'love' you down... they shower down on you like you've never seen before, and in the course of the collision you must hold onto that one important thing—the ball."

Oklahoma won 27-0 last year when the Texas kicking game broke down.

Red Raiders Host A&M In Key Clash

By The Associated Press

While Texas and Oklahoma are hooking it up in their annual Red River war of pride in Dallas, there's a rather significant battle for survival to be played in Lubbock, Saturday night.

Texas Tech, the team conceded by most experts to be Texas' biggest obstacle en route to a sixth consecutive Southwest Conference title, finds itself in a "must" game against the young but muscular Texas Aggies.

The Red Raiders rebounded from a loss to Texas with a thorough 20-7 thumping of nationally ranked and previously unbeaten Oklahoma State last week. You can't lose two games in the SWC and still expect to win the title.

Tech is a touchdown favorite over the Aggies, who downed Clemson 30-15 last week and come into the game with a 2-2 record against non-conference foes.

A sellout crowd of some 47,000 fans is expected in Jones Stadium for the 32nd meeting

Semis Today In Piccadilly

VIRGINIA WATER, England (AP) — Gary Player, fit again after illness, is going after the world's top "sudden death" golf prize again.

The 36-year-old South African faced U.S. Open champion Johnny Miller in the semifinals of the Piccadilly World Match Play Tournament today. America's Tom Weiskopf, the defending champion, was paired against Graham Marsh of Australia in the other semifinal.

Player was in impressive form in the first round Thursday, cruising around Wentworth's "Burma Road" course to beat Tony Jacklin of Britain 3 and 2 over 36 holes.

The South African is a "founder member" of this 10-year-old event, which features eight specially invited golfers in man-to-man confrontation, bidding for a top prize of \$25,000 dollars.

Player has competed in every Piccadilly Tournament and has won it four times.

This year has been tough for Player. He underwent major surgery for kidney and bladder trouble in February and could not swing a club for six weeks. But within three months he was back in the tournament world that has been his world for 18 years—exactly half his life.

This was how the first round matches went over Wentworth's 6,997 yards, par 74 course:

Weiskopf beat Lanny Wadkins, United States, 3 and 2.

Marsh beat Tommy Aaron, United States, 3 and 2.

Miller beat Oosterhuis 4 and 3.

Player beat Jacklin 3 and 2.

Dallas Underdog Against LA Rams

By BEN THOMAS Associated Press Sports Writer

NEW YORK (AP) — Are the Los Angeles Rams for real? As the National Football League goes into its fifth week end, the Rams, in a renaissance under new Coach Chuck Knox, are one of the three teams still unbeaten and untied.

Los Angeles, with a new quarterback in John Hadl, a new coaching philosophy and a highly respected pre-season estimates—pass defense, had been relegated to the role of runner-up or lower in the reckoning of the National Football Conference West race.

Instead, the Rams are 4-0 have the best scoring offense in the NFC and one of the better defenses against scoring.

This Sunday the Rams play host to the Dallas Cowboys and face the severest test to date. The Cowboys will be attempting to rebound from their loss to Washington and stay alive in the NFC. The oddsmakers called it a "pick-em" early in the week.

Before going on to this week's Fearless Football Forecast, let's pause—not for station identification—and report that last week's showing was much better: 10 correct, three wrong. That makes it 36-14-2 for four weeks and a .720 average.

Dallas (3-1) at Los Angeles (4-0)—The Cowboy defense played well enough to win at Washington, so said Coach Tom Landry. Expect the Cowboy defense to play equally as well, but the Rams should prevail. RAMS 16, COWBOYS 14.

Denver (1-3) at Houston (0-

BUFFS OPEN LOOP PLAY — The Stanton Buffaloes get off to a rough beginning when Dist. 7-AA play opens tonight, as they host the fifth-ranked Reagan County Owls. The Owls were picked to win the league flag in pre-season voting, and five victories this season haven't seen their chances grow any dimmer. The Buffs, meanwhile, have rolled to a 4-1 mark. Game tonight in Stanton is 7:30 p.m.

For What It's Worth

Jack Cowan

Stanton hosts powerful Reagan County tonight in a 7:30 p.m. Dist. 7-AA game, the first loop warfare for both teams, and it doesn't look as if things have changed much since the early returns on the league came in last spring.

The Owls are still the team to beat, currently ranked No. 5 among the state's Class AA teams, and after that it seems to be anybody's ball game. Stanton players would love to change all that tonight, however, as a Buffalo victory would throw the race wide open, but pregame guessers have the Owls pegged as two or three-touchdown favorites.

The Harris Poll even rates Reagan County a huge 24-point favorite, but that guy's always been a bit buggy. Still, Stanton backers would feel a lot better if big Mark Eiland, the Buffs' stout tailback, were healthy and ready to go. The way it looks now, Eiland will only see spot duty for the homeowners.

Speaking of Harris, he favors Midland by 14 points over Big Spring tonight and sees San Angelo winning over Midland Lee by the same amount. The Harris System rates Odessa a one-point pick over Abilene Cooper, and Odessa Permian 15 better than Abilene.

Al Conover, my hero. Big Al, who has heretofore impressed by doing things like throwing a chair through a window, led the Texas A&M band after bouncing the Aggies and having girls in hotpants serve poppicles to his troops following a particularly tough practice, is at it again.

The Owls play Notre Dame Saturday, and Conover has decreed Saturday as "Father's Day" at Owl Stadium. Eighty Catholic priests from the Houston-Galveston diocese will be the guest of Conover and will be seated behind the Rice bench during the game. Looks like Al might have nullified at least one advantage the Irish might have had.

The Rice freshmen meet SMU's frosh this afternoon in Dallas, and a couple of local boys are in the action. Nate Pass is the starting flanker for the Owlets, while Alan Davis is the SMU punter. Rice also has former Lamesa standout Greg Canady starting at quarterback.

More on Willie Williams. The little guy, a freshman at Austin College, returned a punt 66 yards for a touchdown that sparked AC to a 26-7 win over the University of the South Saturday, and he also picked off a pass from his defensive safety spot.

This may not be the timeliest of news items, but the Bobby Riggs-Billy Jean King tennis fiasco in the Houston Astrodome last month not only failed to top previous Super Bowl TV ratings as anticipated, it wasn't even No. 1 for the week ending Sept. 23. "Bonnie and Clyde," "All in the Family," and "Tora, Tora, Tora" all topped the net exhibition.

Runnels Tops Junior Slate

Runnels' Yearlings took over the title as "the hottest team in town" Thursday.

The Yearlings, owners of three wins in a row after a slow start, highlighted this week's eighth and ninth grade slate by smacking Snyder Lamar 18-0 in a battle at Blankenship Field, making up for a 6-6 tie with the Lamar team early in the year.

In other action Thursday, Goliad's Mavericks suffered their first defeat after four wins, 12-0, the freshmen Brahmas tied Snyder Lamar 6-6 and Snyder Travis nudged the Toros 7-6.

Runnels put 12 points on the board in the final minute of play to put the Lamar gridders away. The defense paved the way by allowing just 84 yards total offense — including a minus four yards rushing in the second half.

Robbie Wegner opened scoring

in the second quarter with an 18-yard scoring scamper, and the hosts had a 6-0 lead at the half. Late in the game Lamar tried a fake punt but the effort was stopped at the 20, and Mike Blalack ended a five-play drive with a scoring run from five yards out as 50 seconds showed on the stadium clock.

Three Lamar passes fell incomplete and the Yearlings took over again at the 40, and substitute quarterback Lloyd Jones covered that distance in two plays, with the final TD coming from 15 yards out.

Also, outstanding on the offensive effort were ends Bobby Huff and Clem Sanchez, guards Richard Mendoza, Ernest Nichols and Paul Ray, tackles Tony Partee, Gordon Taylor, Ishmael Robles and Doyle Rice, center Sammy Ortega, halfbacks Wegner and Kevin Wolf, and quarterbacks Michael Abreo and Jones.

Defensively, ends Johnny Valencia and Harvey Hernandez, nose guard Robert Dutchover, and linebackers Junior Rodriguez and Jerry Baeza joined the group.

Travis scored twice in the last quarter to reverse a 32-8 decision at the hands of Goliad in the first game of the season. The hosts opened scoring with a 10-yard TD pass, and after the ensuing kickoff they picked off a Goliad pass and ran it in 20 yards for the clincher.

The Mavericks were inside the Travis 20 on two occasions in the first half but failed to score. Quarterback Mike Thompson, flanker Kenneth Coffey and tackle Lance Perry had good games for the Mavs, now 4-1.

In the second game of the Blankenship Field doubleheader, the Brahmas and Lamar crammed most of their offense into the second quarter in playing to the tie, the Brahmas' second tie of the year.

Jesse Doss, who led the team with 90 yards rushing, scored the Brahmas' tally on a four-yard scamper with seven minutes remaining, and with 40 seconds left in the half, Lamar tied it up with a 60-yard pass play.

The Brahmas had 183 yards offense, compared to 118 for the visitors, and moved inside the enemy 20 two times. Lamar had beaten the Brahmas earlier this year, 18-6.

Coach Rod Carter praised the defensive effort of his team, and singled out center David Buckner, guards Jay Epley, Darrell Nichols and Mike Newsom, tackles Johnny Davis and Terry Carter and end Kyle Wheeler for their play on the offensive line.

Bobby Morrow added 53 yards rushing for the Brahmas, now 1-2-2, while Bill Barber hauled in one pass and Cornell Kimble caught two.

The Toros also took an early 6-0 lead in the second quarter against Travis, as William Clark scored on a three-yard run. A run for two extra points was stopped short.

But the hosts came back with a scoring drive later in the period, and then kicked the winning conversion point. The Big Springers were at the Travis 10-yard line with a minute remaining, but fumbled the ball away.

Perry Rogers, Mike Harris, Bubba Stripling, Rusty Phillips, Tony Vieira and Tommy Churchwell paced the offense for the Toros, who slipped to 1-4, and Randle Jones, Frosty Reynolds, Craig Bailey, Dale Osburn, Roland Lavazo and Phil Woods helped the defense.

STEERS, MHS JVS COLLIDE

The Big Spring Steer Junior Varsity will try to bounce back for its first Dist. 5-AAAA victory Saturday at 1:30 p.m. when the young Steers host Midland High's JV at Memorial Stadium.

The Steer JVs, 1-1-1 on the year, were blanked 27-0 by Abilene last week.

Ronnie Mullins will be at quarterback for the Big Springers, with Jerry Marquez and Darrell Brown taking care of the rusing duties. Heading up the line effort will be Buddy Gillenwater and Edward Pekowski.

JAY BOX

HC Hosting Net Action

Howard County Junior College is hosting a four-team round robin tennis tournament today and Saturday at the Figure Seven Tennis Center.

Players from Western Texas Junior College, Amarillo College and Schreiner Institute will compete in the action, which ends today around 5 p.m. and resumes Saturday at 9 a.m.

Saturdays' final matches send Western Texas against Schreiner, while HCJC goes against Amarillo.

Bill Alcoer, Jay Box, Terry Wood, John Johnson, Ray Villareal and Mike Boles are competing for the HCJC team. Box is the No. 1 singles player.

Bronte Nudges Forsan Jr. High

FORSAN — Bronte rallied for two second half touchdowns here Thursday to nip Forsan Junior High 12-6. Forsan had led at the half 6-0 on Randy Cregar's 17-yard run, as it appeared the hosts might reverse a 32-0 loss to Bronte earlier this year.

Cregar, Kirk Neel, Anec Miranda and Craig Clark sparked the Forsan offensive cause, while Alan Hollandsworth, John Wright, Don Roberson and Gary Martin paced the defense. Forsan now stand 0-2-2.

Stanton Splits With Coahoma

STANTON — The host Stanton eighth graders blanked Coahoma 14-0 Thursday, while Coahoma's seventh graders pounded out a 30-6 victory. Coahoma, which bounced back with a good defensive effort in the second half of the eighth grade tilt, slipped to 1-4.

Danny Tucker scored a pair of touchdowns and passed to Gary Hulme for another to lead the Coahoma seventh graders, and Tim Childers, Tracy Fraser and Larry Darden also scored. The team is now 4-0.

The Coahoma eighth graders will host Colorado City Thursday, following an intrasquad scrimmage between the Coahoma seventh graders at 4:30 p.m.

Webb Golfers Host Cosden

Webb AFB golfers try to avenge an earlier loss to linksters representing Cosden Oil Saturday when they host the Cosden team in match play action involving over 70 players.

Action begins at 8:30 a.m. Saturday with a shotgun start. Another group will tee off at 1 p.m. at the Webb course.

One point will be awarded for each "team" victory, as two golfers from each side will make up a team. In addition to prizes for the low teams, there will be two closest-to-the-hole contests and a longest drive competition on the final hole.

MORNING (8:30 a.m.)
 No. 1 Tee — Maupin-Lord, J. Thomas B. Drake, No. 2 — Frierson-Royce, Swindell, B. Pate, No. 3 — Davenport-Godliffe, M. Brown, C. Self, No. 4 — Yarborough-Russ, D. Hale-H. O. Sacred Heart Church Holds Dedication Of New Facility

By MARJ CARPENTER
The Sacred Heart Catholic Church held a huge celebration Thursday night dedicating their new church at 308 N. Aylford.

It was the fourth building on the site for a congregation that has been a part of Big Spring since 1912.

Bishop Stephen A. Leven conducted the dedication ceremonies, accompanied by 25 guest priests from throughout parts of Texas.

The Rev. Fr. James Delaney O.M.I. is the host priest for the congregation.

They held a supper at 6 p.m. followed by the dedication of the \$130,000 building followed by a Concelebrated Mass.

Work on the new building was begun last November.

THE WOMEN'S MISSIONARY SOCIETY of the First Church of

God met at 6:30 p.m. recently in the Fellowship Hall for a Salad Supper and Missionary Program. Missionary Education Director Kathryn Thomas asked Norma Beasley to give the devotional text II Co. 5:9-15. Vera Blackburn was in charge of the Program, which she titled "American Indian - Too long forgotten minority group". She stated they are without political influences. They are confused as "The Great White Father" will say one, stay on your reservation and we will take care of you, and the next breath the American government is

saying get off the reservation and make it on your own. She stated the Indians have their own culture, which is important to be preserved for its own historic value, as well as the Indian's pride in his heritage. Indians are not museum pieces, their future and our future are intertwined. She stated the Church of God, of Anderson Indians, have 11 missions in the west at present.

Closing prayer was offered by Cordelia Castel. The next meeting to be in the home of Virginia Chappel, 1809 Owens.

Dr. T. A. Patterson, executive secretary of the Texas Baptist Convention, is retiring after a record 13 years in the office, will be honored during the convention. Dr. Patterson's successor, Dr. James Landes of Richardson, will be formally introduced to the convention messengers.

Others appearing on the program roster include Owen Cooper, a retired layman from Yazoo City, Miss., who is pres-

ident of the Southern Baptist Convention; Landrum P. Leavell, pastor of First Baptist Church, Wichita Falls, who will turn the state convention presidential gavel over to a successor after two terms in the office; and Baylor Football Coach Grant Teaff.

Messengers, representing many of the 4,400 Southern Baptist churches and missions in the state, will consider a record \$17 million budget.

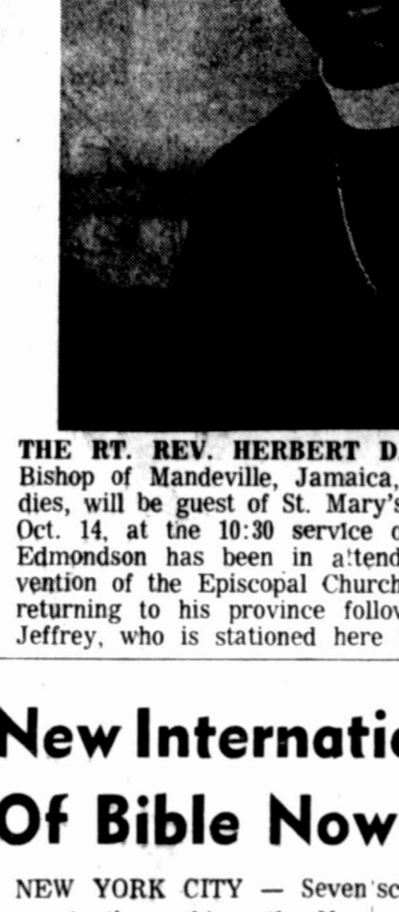

JAMES COOPER

TEXAS GOV. Dolph Briscoe, Jr., will join Southern Baptist Convention President Owen Cooper and others on the program of the annual Baptist General Convention of Texas in Corpus Christi, Nov. 6-8.

Two BOCG auxiliaries, the Woman's Missionary Union and Texas Baptist Men, will meet Nov. 5-6 prior to the opening session of the convention on the evening of Nov. 6.

It will be the first time for the two-million-member convention to meet in Corpus Christi since 1964.

Approximately 5,000 Texas Baptists are expected to hear Gov. Briscoe at the opening night session. Although the Governor is an Episcopalian, his wife is a Baptist, and he attends church with her.

THE RT. REV. HERBERT D. EDMONDSON, Suffragan Bishop of Mandeville, Jamaica, Province of the West Indies, will be guest of St. Mary's Episcopal Church Sunday, Oct. 14, at the 10:30 service of Morning Prayer. Bishop Edmondson has been in attendance at the General Convention of the Episcopal Church in Louisville, Ky., and is returning to his province following a visit with his son, Jeffrey, who is stationed here at Webb.

Baptists Slate Annual Meeting

The Annual meeting of the Big Spring Baptist Association will be held October 15, 1973 at the First Baptist Church, Stanton. The featured speaker will be Dr. James Cooper, Coordinator of Counseling Services of the Baptist General Convention of Texas.

The annual sermon will be brought by Rev. Jack Clinkscales, pastor of the First Baptist Church, Forsan. Rev. Kenneth Patrick, Moderator, will preside over the sessions and Dan McClinton, Association Music Director, will be in charge of music.

Reports will be given by Jack Clinkscales, Billy Smith, Bryan Ross, David Norvelle, Warren Hall, John Rankin, Taylor Henley, Sam Robertson, Dan McClinton and Gary Higgs. Devotionals will be brought by Ray Cunningham and Basilio Esquivel.

A visual presentation will be given by the Radio-Television Commission of the Southern Baptist Convention.

Cooper is presently coordinator of Counseling, and has previously served as pastor of First Baptist Churches in Allen, Whitewright and Bishop.

He has served as moderator of the Coastal Bend Association, member of the board of Howard Payne College, president of Dallas Baptist Pastor's conference, moderator of Dallas Baptist Association, member of the Executive Board of Baptist

General Convention and immediate past first vice president of Baptist General Convention of Texas.

First Baptist To Recognize Senior Members

First Baptist Church will recognize its senior members in special services Oct. 21, and the featured speaker will be Dr. Dick O'Brien, Houston, who served the church as pastor longer than anyone.

Dr. Kenneth Patrick, pastor, urged members of the congregation to write former members who now live away from here, inviting them to be present for the day's activities.

Dr. O'Brien will speak at the morning worship starting at 10:50 a.m. with a festival of choirs. There will be "dinner on the ground" at 12:30 p.m., and in the early afternoon there will be a special service to pay tribute to the long-time members of the church. Adult women will all join in one class to be taught by Mrs. Dorothy O'Brien, and the men in a class taught by Dr. Patrick.

New International Version Of Bible Now Available

NEW YORK CITY — Seven scholars of 10 denominations and scores of consultants and stylists in 5 major English-speaking countries. New York Bible Society International entered the picture in 1967, agreeing to sponsor and raise funds for the massive undertaking.

Work progressed at a one enthusiastic review. "A meticulous pace as one New stanadr translation for the English-speaking world today." was first translated by a team Initiated in 1965, the NIV of 5 exegetical experts, then Translation Project has engaged subjected to a round of intensive the talents of over 100 key critical review.

Mr. Howze, who is dean of Big Spring ministers, overcame a visual disability that almost blinded him until corrected by surgery. As a lad who had to

Midway Baptists Set Meet

A revival will be held at the Midway Baptist Church on East IS 20 starting Oct. 14 and lasting through October 21.

Guest evangelist will be the Rev. T. R. Bedford, who has done extensive evangelistic work, part of which has been among the Indians.

Services will be at 10 a.m. daily and a prayer meeting at 7 p.m. with the worship service following at 7:30 p.m. The public is invited to attend.

ELDER B. R. HOWZE

Primitive Baptist Celebrates

The Primitive Baptist Church, 714 Willa, will celebrate 30 years as congregation and pastor in a series of meetings this weekend.

Activities begin with services 7:30 p.m. today. Saturday there will be services at 10:30 a.m., at 2:30 p.m. and 7:30 p.m., and the same schedule will be followed Sunday.

The meetings will be interspersed heavily with singing, but there also will be several visiting ministers, among them Floyd Griffin, Snyder, Okla., Norman A. Cooper, Gonzales, Johnny Rogers, Brownfield, and possibly others.

The anniversary occasion will be climaxed by the observance of Communion Sunday evening.

Elder Howze actually has served here as pastor for a longer period. When he first came, he led a group of 17 who were a branch of the Primitive Baptist Church in Midland. In 1943, however, they constituted themselves as an independent church and called Mr. Howze as pastor. In the intervening three decades, he has led the church in three building efforts, culminating in the present modern brick building. All of this has been done without incurring any substantial debt, although the congregation numbers only slightly more than 100.

Wesley United Slates Bazaar

The Wesley United Methodist Church reminds Big Spring women that their annual holiday bazaar will be held at the church on October 20.

It will be held in the Fellowship Hall of the Church from 9 a.m. to 5 p.m. next Saturday.

Officials of the women said that baked goods and handwork will be on sale including many items that might be used as Christmas gifts.

They urge Big Spring women to mark their calendar for the event.

GE Contract Is Signed

It was announced by Jerry Clay of the Texas Criminal Justice Council in Austin at the Wednesday meeting of the Board of Directors of the PBRPC that the Texas Criminal Justice Council has approved the signing of a contract between General Electric Corporation and the Permian Basin Regional Planning Commission for the Regional Communications Equipment. Both the Howard County Sheriff's Office and the Big Spring Police Department will take part in the new system.

G.E. was awarded the low bid of \$731,478.64 in April. They will now have 90 days to start delivery of equipment and 300 days to complete the project. The results of the communications project when implemented will produce an integrated system of law enforcement radio communications which will be both intraregional and intrastate.

The program will replace existing law enforcement equipment in the 34 participating agencies with new high band equipment to provide clearer and more versatile communications between base stations and mobile units and between agencies in different cities. This is part of a statewide change over of communications equipment for law enforcement agencies.

It was also announced that Midland College is the newest member to the Permian Basin Regional Planning Commission. All grant applications up for review were approved favorably. They were the Ector County application for purchase of the former U.S. Post Office Building and site in Odessa, the Texas Highway Department application for Borden County FM 1054, and Odessa Police Department's Crime Prevention Unit application.

Other business included appointing two new members to the Health Advisory Council. They are Eugene Thompson, administrator of an Andrews nursing home, and Dr. Preston Harrison of the Big Spring State Hospital.

Auction Planned Here Saturday

The Permian chapter of the NCO Association at Webb AFB will stage a public auction in the National Guard Armory, starting at 5 p.m., Saturday. Local merchants have cooperated in donating items for the auction, among them color television sets.

Proceeds will be used to purchase Christmas baskets and stage a Christmas party for needy children. Plans for the auction have been in the making for nearly two months and 150 members of the association have helped assemble the goods for the auction.

LEGAL NOTICE

THE STATE OF TEXAS, Defendant, vs. EDWIN V. WILLIAMS, Defendant, Plaintiff. Fuel Allocation Bill Gains Ground

WASHINGTON (AP) - A mandatory fuel allocation bill is gaining ground in Congress despite the Nixon administration's plans to announce today its own more limited program.

White House energy officials told the House Rules Committee Thursday that the administration program covering heating oil, kerosene, jet and diesel fuel would be based generally on 1972 distributions. Under the program, the government will have power to redistribute from 5 to 10 per cent of supplies in the future to areas experiencing hardships.

They also said states would be asked to set up hardship review boards. The administration recently imposed government control on distribution of propane gas.

Oklahoma Couple Announce Birth

Mr. and Mrs. Douglas Jones, Pittstown, Okla., announce the birth of a daughter, Jan Renee, Oct. 11, at Ada Memorial Hospital, Ada, Okla., weighing 6 pounds 12 1/2 ozs.

The paternal grandparents are Mr. and Mrs. B. H. Williams of Big Spring. The maternal grandparents are Mr. and Mrs. Floyd R. (Jack) Jones of Lueders, Jones is pastor of the First Baptist Church in Pittstown.

MISHAPS

1511 Main: Parked vehicle belonging to Chris Morrow, and vehicle that left the scene. Thursday morning, 11 a.m.

THEFTS

Mrs. Minnie Hernandez at 803 Lamesa Highway reported close to \$100 taken from pinball and juke box machines.

Adams Shell Service Station, plate glass window and door of snack machine broken, extensive damage. Located by patrol cars at 11:45 p.m. Thursday.

Bill Toreck, 2411 Main reported burglary of one ten inch black and white television set, one shotgun, and a pistol. Arrest of two juveniles cleared up four break-ins at Rowland Body Shop, and one each at two other locations.

Alley Clean-Up Efforts Shifted

Alley clean-up efforts advanced Thursday morning to the fourth designated area of town after the street department crew finished cleaning the entire north side of town.

The clean-up drive is now being concentrated in the area bounded by Gregg and Goia, First Street and FM 700.

Approximately 94 truckloads of brush, weeds and junk were gleaned from the north side Lakeview area Tuesday and Wednesday, according to Burr Crocker of the public works department.

Efforts in the fourth area will probably wrap up Monday, he said, as will the contest to choose a name for the city-wide project.

A \$100 cash prize is being offered by the Big Spring Property Owners Association for the best name submitted to Reaffirmation Contest, P.O. Box 381. Entries must be postmarked by Oct. 15.

A five-member judging panel will choose the best name, according to project co-chairman Polly Mays.

Efforts For Super Road Started 65 Years Ago

Efforts to have Big Spring included on any designation of a southward extension of IS 27 - currently on the boards for development from Amarillo - is only a continuation of efforts begun 65 years ago for this north-south route. Kiwanians were told at their Thursday meeting.

Joe Pickle, for many years chairman of the Chamber of Commerce highway committee and immediate past president of the U.S. 87 Highway Improvement Association, told of work over the years to upgrade the route so it would approach interstate standards.

Two things have brought it into immediate focus, he said. One was the feasibility study authorized under Senate Bill 502 passed recently by Congress, and, in the wake of this fresh hope that the idea of an extension might become a reality,

These moves mean government control of distribution at the wholesale level, as opposed to consumer rationing.

White House energy chief John A. Love told the House committee it would be "the better part of wisdom to not enact this bill at this time."

But the committee voted 11 to 5 to clear the way for a House vote on the bill, which may come next week. The Senate has passed a similar measure.

Unlike the House proposal, the administration's program does not cover crude oil and gasoline. The bill would direct the President to set up within 25 days a mandatory allocation system covering crude oil, residual oil, and refined petroleum products including gasoline, kerosene, home heating oil, propane, butane, refined lubricating oil and diesel fuel.

Love argued that allocations of crude oil are "not called for or necessary at this time." He said such allocation would be "a strong disincentive on needed new production." But the bill's backers maintained the administration's actions are too little and too late.

The legislation is aimed at meeting specific objectives, such as protecting health and maintaining vital services.

Trombone Section To Be Featured

The Big Spring High School Steer Band will feature the trombone section in selections of "Getting Sentimental Over You," "Lazius Trombones" and "Oh Them Basses."

The band will also be featured in circle drills to the music of Brass Bands.

Kelly Carille will do a special twirling number during the trombone selection, along with Laurie Proctor, and Terri Sledge.

Billy Nugent, band president, will be the soloist during the halftime show.

Drum majors for the marching band are John Miller and Steve Wilson.

Underwood Is Chapter Prexy

Floyd Underwood was named president of the Howard County Agriculture Club, which met in formal session in the county fair building last night.

Other officers selected included Raymond Stallings, vice president; Lois O. Ray, secretary; M. A. Snell, treasurer; and Esco Hamlin, reporter.

It was decided the regular meeting of the club will be held at 8 p.m., the first Thursday in each month at the same location.

New members, those in farming or in agriculture-related work, are being encouraged to join the club.

Bible Teaching Offered To 36

The two Bible classes at Big Spring High School are at an "ideal 18 members per class," according to officials at the high school.

There are 36 upper classmen taking the course, sponsored each year by a volunteer drive of funds received from interested Big Spring citizens and sponsored by the Howard County Ministerial Fellowship.

"We expect an equal number during the spring semester," the officials added. The classes annually teaches between 75 and 80 students. Mrs. Elizabeth Johansen is teacher of the class.

the formation of the Plains to Gulf highway group which has advocated a routing from Lubbock to Roscoe, Abilene, Brownwood, Austin and then to a point 40 miles west of Houston.

Those pressing for the U.S. 87 designation (as a group did last week in Austin before the Texas Highway Commission) contend that this more nearly fits into the philosophy of the "interstate and defense highway system," provides the shortest route to the coast and yet at the same time a far greater proximity to the increasing Mexican markets.

Results of the feasibility may throw light on the matter, but at best, he felt that whatever route is designated, it will be five years or more before any concrete action could be taken on an extension of the road beyond Lubbock.

A guest for the day was Marvin Trolinger.

HUGHES TRADING POST

Pulpit Of Lake Texoma Parson Is His Boat Deck

LAKE TEXOMA, Tex. (AP) — Tom Arney wears the frocked collar and dark clerical clothing that identifies his role as a minister. But his slacks are drip dry and he wears leather thong sandals because he spends so much time in knee-deep water.

The Rev. Arney ministers to the legions of visitors who each Sunday flock to Lake Texoma on the Oklahoma-Texas border.

His church alternates from beaches or a rocky point jutting from a resort area to a park shelter.

FIRST SERMON

His pulpit is his boat-deck. Arney is the minister-coordinator of the Lake Texoma United Ministry, probably the nation's first fulltime resort minister.

Nine years ago, Arney first pulled his little red and white runabout toward a Texoma beach and talked to nine persons in the first sermon he ever gave on the lake.

He said his crowd now averages 75 persons and up to 300 have attended his lakefront services.

"I feel the leisure ministry is as pure a church as a church can be. The people who come to my church come only because they want to," he said.

"Jesus Christ went down to the sea in his ministry. There is no other ministry anywhere in the church that can be likened more to the days of Galilee than the leisure ministry here and elsewhere around the world."

RELIGIOUS MUSIC

During the first year, Arney gave seven services each Sunday, most of which he preached himself. Today 17 services generally are held with help from area pastors and student ministers.

Weekenders now are less surprised when the minister begins his sermons at the lake.

"I don't get so much flak..." he said. "No longer am I ridiculed for showing up on a beach or in a camping area on Sunday morning and turning up the volume of my recordings of religious music that is a prelude to my sermons."

Financing for the Texoma ministry comes from both U.S. and U.S.A. Presbyterian churches, the Disciples of Christ, United Methodists, Lutherans of America, Missouri Synod Lutherans and from contributions from worshippers.

Arney said more and more of the ministry's financing is coming from the people who attend the services.

LESS GUILTY

"People say they just feel less guilty because they know they won't be missing church on Sunday when they come to Texoma," he said. "Our vacation Bible school this summer attracted 183 youngsters with 26 of them repeaters. Parents said they came back to Texoma because of our presence."

Arney spent past falls and winters speaking. Engagements included sessions as a panel leader or guest speaker in New

LAKE PARSON — Tom Arney is shown on his deck boat on Lake Texoma where for 10 years he has served legions of visitors who each Sunday flock to the lake.

"They want to know does it work? How do we do it? Why do we do it? But they never ask about how it is financed," he said.

"Within five years I expect to see leisure ministry as fully accepted all over the nation as a church service in town," he said.

After this year, Arney said he expects a resident chaplain in every park in Texas and Oklahoma.

LONLINESS

"I'm thinking in terms of retired ministers to come in as chaplains in state park areas during the summer months," Arney explained. "I don't know why it wouldn't work. The states have chaplains in prisons, mental institutions and in juvenile homes, so why not in parks?"

Arney admitted sometimes he feels a loneliness about not having one church.

"Even though I have married and buried people on this lake in the past nine years, it is not with the closeness of being a pastor in a single church. I am the only pastor they have, yet I am not their pastor."

Three-Day Work Week Wins Praise

ALBION, N.Y. (AP) — Every weekend holiday is a long one for production workers at the Thomas J. Lipton food processing plant.

For the past 18 months, the employees have been working only three days a week, but 12 hours each day. The new schedule replaced a conventional five-day, 40-hour work week.

Peter Wasuleski, like most of his co-workers, praised the new set-up for the extra blocks of free time it gives him.

"I get just as much pay and have a lot more time to do the odd job and repair work around my home," he said. "That is the big bonus as far as I'm concerned."

Adjustment to the three-day week did pose some problems, however, especially for women who drew night-shift assignments.

"I would like to work steady on the day shifts," remarked Mrs. Bernice Clark. "However, it is only fair to change off with the other employees."

Mrs. Sharon Coughlin said that at first it was difficult to sleep days and yet cook for her husband. She remedied that by preparing meals in advance and having him do the finishing touches.

Company executives said they implemented the three-day week in order to change from a single shift operation to an around-the-clock production. Even though workers put in less time per week, efficiency is higher because of more intensive use of buildings and equipment, they said.

The three-day week is due to be reviewed at the end of the fall harvest season, but company officials said they doubted the system would be scrapped.

The Albion plant, located west of Rochester, is the third Lipton plant to change over to the condensed work schedule.

The Anglers Had An Angle

RIVERHEAD, N.Y. (AP) — What do you do with a worn out bridge?

The solution of the Shinnecock Anglers Club is to take the cut-up chunks of a displaced span across the Shinnecock Canal on Long Island, load it on a worn out barge, pour 150 tons of cement over it, and sink barge and all in 80 feet of Atlantic Ocean water where it will attract fish.

Opening lead: Ten of ♦

Just as the old adage assures us that there is more than one way to skin a cat, so there are many bridge hands where declarer or a defender has an alternative resource available. Sterling defense by a defender on today's hand caused declarer to change his plan of action to bring home a difficult slam.

North's raise of his partner's opening two-bid is eminently correct. A demand bid is almost always made on a five-card or longer suit, so three trumps are adequate support. With heart support and a potential ruffing value in diamonds, it would serve no useful purpose first to introduce the club suit. Once North had shown the values for a positive bid, South simply checked on aces and kings before settling in a small slam.

With dummy's queen of diamonds a wasted value, declarer was faced with considerable problems. The best play for the contract was to take two finesses in spades, yet unless the trumps divided evenly—a 40 per cent chance—there was only one entry to dummy and declarer needed two. After some study, he arrived at a solution.

Declarer won the opening lead in his hand and tried two rounds of trumps. That East showed out was a minor, though not unexpected, disappointment—four missing cards will divide 3-1 about half the time. Declarer drew the remaining trump and then led a low club, finessing the nine!

East was rather surprised to be offered a club trick. However, he realized that there was little point to winning the trick with the queen—if he did so, declarer could use the rest of the club suit for discards. Even if West had the king of clubs, declarer could take a second finesse and still get as many discards as he needed. Accordingly, East allowed dummy's nine to win.

This play deprived declarer of discards on the club suit, but declarer had another string to his bow. East's refusal to win the club had given declarer a second entry to the dummy. The jack of spades was led and run to the queen. West returned a diamond, won in the closed hand, and dummy was entered by overtaking the king of clubs with the ace. The ten of spades was led for a second finesse, and since East held the king the slam was made.

Vaccinations Are Best Protection

Have your children received all their vaccinations for childhood diseases? Parents throughout the country are being asked to consider this question by the United States Public Health Service.

Dr. John J. Witte, Chief of the PHS Immunization Branch, reports that a number of childhood diseases that used to claim massive numbers of young lives—particularly polio, measles, German measles, rubella, diphtheria, tetanus (lockjaw), and pertussis (whooping cough)—have been brought under control through vaccination.

He warns, however, that the percentage of children in the one-to-four age group who have been vaccinated for these diseases has decreased gradually over the past several years, to the point where epidemics of childhood diseases are once again becoming a serious threat.

In the absence of serious epidemics in recent years, Dr. Witte explained, parents have become more complacent about having their children vaccinated. He points out that many parents wait until their children are approaching school age to have them vaccinated, which leaves them susceptible during the years when some of the diseases are most dangerous.

Dr. Witte urges parents to check their children's health care records to make sure they have been fully vaccinated, to refer any questions to their doctors, and to make arrangements for their children to receive any vaccinations that have been overlooked.

"Don't put it off," he concludes. "The younger the child is when he is vaccinated the less likely he is to contract serious illness that could lead to permanent disability or even death."

Swafford Named To Bank Post

WESTBROOK (SC) — Danny Swafford, son of Mr. and Mrs. W. A. (Smutt) Swafford of Colorado City, formerly of Westbrook, has been appointed to the board of directors of the West Side National Bank of San Angelo.

Swafford is executive vice president of the bank, having held that position since March, 1973. Before going to San Angelo, he was vice president of the University National Bank in College Station.

Swafford was employed by the U. S. Treasury Department for three years as a national bank examiner.

Class 74-02 Graduation Rites Set Wednesday

Undergraduate Pilot Training class 74-02 will be honored in graduation ceremonies in Wilhymombe Hall at Webb, 10 a.m. Wednesday.

Sex On Television Less Offensive Than Violence

RADNOR, Pa. (AP) — Sex on television is less offensive to Americans than violence, according to a poll conducted for TV Guide magazine.

In its Oct. 13 issue, the magazine said the 1,021 viewers polled believed violence was more objectionable, by 35 to 27 per cent.

"But a full one-third of the people think one is just as bad as the other," the magazine said. "Women object to scenes of sex in far greater numbers than men do—31 to 23 per cent."

Nearly 40 per cent of the viewers believe television is a lot more open and frank than it should be, and 41 per cent think too much time is devoted to programs dealing with sexual topics, the poll showed.

Results of the nationwide June 12 poll of 495 men and 526 women, all over 18 and living in private homes, also showed: —Almost two-thirds of American viewers believe there is too much violence on television.

Bike-A-Thon Set Oct. 27

STANTON — The Martin County unit of the American Cancer Society will sponsor a Bike-A-Thon Oct. 27 from 1:30-4:30 p.m.

They are warning their citizens to get ready now to be in shape for a "healthful 25 mile ride."

The event will be led off by a Department of Public Safety patrolman starting at the Martin County courthouse, proceeding north out Highway 137 to the turn around point at the Marvin Standefer farm.

The Tri-city Dr. Pepper plant will furnish refreshments to the riders at this point.

The local unit officials invite everyone to participate, adults and students alike, and request each person to obtain a sponsor who will donate whatever they can per mile to aid the cancer crusade.

Entry blanks are available at First National Bank and local schools.

Prizes will be awarded to the person with the most sponsors, the eldest and youngest riders and the one to get the largest amount donated.
