FINANCIAL STATEMENT WILL BE MADE PUBLIC

Panel Approves Ford's Nomination

WASHINGTON (AP) — The Senate Rules committee today voted unanimously to approve the nomination of House Republican Leader Gerald R. Ford as vice president.

Senate Rules Committee Chairman Howard W. Cannon, D-Nev., said the nomination will be reported to the Senate Monday with a roll call vote the next day.

The rules committee action followed hearings into Ford's fitness to serve as vice president.

ROLL CALL

Cannon said that before the committee roll call was taken,

members took into consideration investigations into reports of campaign contributions and irregularities, considered by the FBI to be negligible.

Sen. Robert Byrd, D-W.Va., made the motion to report Ford's nomination to the Senate floor and Marlow Cook, R-Ky., seconded it.

He said Ford's financial statement will be made public. Assistant Minority Leader Robert Griffin of Michigan said the unanimous action in reporting the Ford nomination to the Senate floor is a step toward unifying the country.

time to make the most complete, adequate and thorough investigation in the country," Griffin said. "And in taking our time we were able to reach a unanimous decision."

Clarence Mitchell Jr., Washington director of the National Association for the Advancement of Colored People, said three of Ford's votes "show that he has a restricted approach to civil rights."

Congressmen, before confirming Ford, would satisfy themselves "that his posture as vice president would not be the same as it was as congressman."

CIVIL RIGHTS

Taking a position for or against Ford was against NAACP policy, Mitchell told the House Judiciary Committee. But he said he hoped

WINTER IS HERE AGAIN — With temperatures in the 20s early today, Barbara Walker, a high school student in Amarillo, waits for the bus on a downtown street. Light snow was continuing to fall in and around Amarillo with the chill factor at times reported in the near-zero range.

TEXAS' OIL Reserve Statistic Alarming

AUSTIN, Tex. (AP) — The Texas Railroad Commission set the December statewide oil allowable at 100 per cent today, the 21st consecutive month of wide-open oil production.

Chairman Jim Langdon noted that Texas' oil reserve supplies as of Nov. 9 totaled \$7.1 million barrels, a decrease of 14.4 million from a year ago.

This statistic, he said, is "particularly alarming" in view of the disruption in Mideast oil supplies and the fact that Texas is producing all the oil it can without waste.

He complained that incentives for finding and producing oil are "very slow in forthcoming,"

and he said the federal government seemed to be dealing only with shortages without acting to improve long-range prospects for getting more oil.

Total nominations for December crude oil totaled 4,025,699 barrels, an increase of 166,688 from November. Eleven of the 14 major crude oil buyers asked for the same amount of oil next month as in November, Exxon and Sun asked for more and Gulf sought less.

NO WAY TO AVOID FUEL RATIONING?

DALLAS (AP) — A natural shortage will force gasoline rationing regardless of whether the government formulates a plan, an adviser to the secretary of the interior predicted Monday.

"President Nixon does not want to believe it and does not want to panic the public, but there is no way to avoid rationing," said Carroll Bennett, chairman of the board of Texas Pacific Oil Co. in Dallas.

Ralph McLaughlin Gains Nomination

Longtime Chamber of Commerce member Ralph McLaughlin was nominated this morning as next year's Chamber president.

The nomination, made by the Chamber nominating committee of past presidents, will be forwarded to the board of directors which will officially choose a president and four vice presidents at its December meeting.

McLaughlin, manager of Saunders Co., currently serves as a Chamber vice president and chairman of the Community Development Council.

The nominating committee originally chose Winston Winkle for next year's post, but he declined because of health reasons.

Snow Rides Frigid Winds Into Texas

Snow rode frigid winds into Texas' Panhandle—Plains sector today while turbulence generating wild thunderstorms and occasional tornadoes was finishing a sweep across the eastern two-thirds of the state.

Broad stretches of countryside through Northwest and North Central Texas spent most of the night under tornado watches, and peace officers found minor damage inflicted by two twisters which flicked a couple of spots in the vicinity of Dallas. There was no word, however, of serious injuries or loss.

Unofficial measurements put snow depths up to four inches in the north part of the Texas Panhandle, and winds gusting up to 45 miles per hour kept the white flakes flying as far south as Lubbock. Temperatures dropped below freezing in what promised to be the coldest snap of the waning fall season.

Travelers were warned about hazardous driving conditions in the snow belt, where the fall was expected to continue into the afternoon. Forecasters also issued a freeze warning for most of West Texas tonight.

Chilled air sweeping across heavy snow in parts of Colorado and New Mexico rode the arctic front into the Panhandle—Plains sector on the heels of a Pacific cold front which sent squall lines boiling across the eastern sections of the state. Raging thunderstorms boiled through areas from the Red River to the Gulf of Mexico, sometimes turning loose as much as two inches of rain per hour.

Forecasters also issued a freeze warning for most of West Texas tonight.

FREEZE

Freezing tonight with the thermometer in the upper 20s. High today in the 30s. High Wednesday, lower 60s. Northwesterly winds 20 to 35 miles per hour and gusty this afternoon. Changing to northerly and 10 to 20 miles per hour tonight.

Ban On Sunday Driving Hinted By Top Officials

WASHINGTON (AP) — Nixon administration officials say a curtailment of Sunday driving is being considered as one way to conserve fuel.

White House energy adviser John A. Love said Monday the administration may soon require the closing of gasoline stations on Sundays.

GO TO CHURCH

His deputy, Charles DiBona, told a congressional joint economic committee that a ban on Sunday driving and closing of public parks to automobiles are steps under consideration.

"Knocking out Sunday driving is a real possibility," said DiBona, the President's special assistant for fuel matters.

Asked about a ban on non-essential Sunday driving, Love said, "I don't think it is to be couched in terms of a ban" and then added that there may be an announcement on "the closing of filling stations on Sunday across the nation."

DiBona said a Sunday driving ban would save 600,000 barrels of gasoline a day. Some consideration is being given to making the ban partial so people could go to church, he said.

The administration is also

considering instituting Sunday blue laws to close commercial stores and shortening store hours during the week, he said.

MORE POWER

Meanwhile, the Senate passed and sent to the House emergency energy legislation that would

give President Nixon the power to order gasoline rationing.

And the House Democratic leadership responded to Nixon's criticism of Congress' performance in the energy crisis by accusing the President of "unwillingness to acknowledge the magnitude of the crisis and lack of any direction in dealing with it."

Elsewhere on Capitol Hill, Treasury Secretary George P. Shultz told the Senate Foreign Relations Committee the nation would have to be "sharp and relentless" in limiting consumer use of energy.

In other energy-related developments Monday:

—Germany and Denmark joined Holland and Belgium in banning Sunday pleasure driv-

ing because of the Arab oil squeeze on Europe.

the Christmas season and beyond. He said service could suffer in December because of the elimination of 300 scheduled airplane flights per day as a fuel-saving measure.

—The Environmental Defense Fund said intercity bus lines should be exempted from 50 mile per hour speed limits. The environmental organization said intercity buses are more than twice as efficient as automobiles in energy use per passenger mile.

—Postmaster Gen. E.T. Klanssen said fuel shortages may hamper mail handling during

Burglary Charges Filed Against Three Men Here

Three local men Thursday were charged with burglary. They are John Roger Turner, 23, 1026 Birdwell Lane, Danny Hooser, 22, 1103 E. 14th St., and Terry Lynn Darden, 21, 407 E. 9th St.

District Attorney Bob Moore has filed a motion to revoke probation Turner is serving for a worthless check conviction. Turner is in county jail.

Turner is charged with burglary of the Gold Bond Gift Center, Academy of Hair Design, Montgomery Ward and Co. store and Clawson Lumber Co., Coahoma.

Hooser is accused of three burglaries, Darden, of one. Darden has been released on \$1,500 bond set by Sheriff A. N. Standard. Hooser posted

\$3,000 bond set by Peace Justice Gus Ochotorena Jr., and was released.

Larry Ray Tindol, 19, of a rural route, and Charles F. BeBee, 18, 1011 E. 21st St., have been charged in county court with possession of less than two ounces of marijuana.

Standard said marijuana was seen during a house search conducted Saturday night. Also discovered were pills which have been sent to a lab in Austin for analysis.

Friday, the sheriff's office and a special investigator for the district attorney found large quantities of stolen property.

Sunday, more stolen property was found.

Investigation led to complaints naming four burglary incidents, all dated in November.

SALLY ECHOLS
Coahoma Girl Miss HCJC

A blue-eyed blonde freshman, Sally Echols, captured the title of "Miss HCJC" at the seventh annual pageant last night at the college before an estimated 300 persons.

The 18-year-old winner is the daughter of Mr. and Mrs. W. Ray Echols, Coahoma, and was sponsored in the pageant by Coahoma State Bank.

Miss Echols is a freshman physical education major and a school cheerleader.

Other winners were first runner-up Paula McClendon, second runner-up Susan Mayo, third runner-up Carolyn Roane and fourth runner-up Janice Platte.

Contestants were judged in three categories — campus fashions, swim suit and talent. Miss Echols performed a comedy song routine.

Judges were Ron Stancill and Sandra Miller, both of Big Spring, and Donnie and Brenda Henderson, Odessa.

Lights Going Up But Won't Go On

Downtown Christmas decorations will be hung within the next two weeks but the lights on them will not be turned on until the week before Christmas, according to Ron Mercer, Chamber of Commerce manager.

Mercer made the decision to delay lighting the ornaments amidst calls throughout the nation for fuel conservation.

Ornaments will be put up, however, by Dec. 7, date of the Santa Claus parade. Hanging will be done by the Flo-Lite Sign Co.

Although the Chamber had hoped to purchase new ornaments for this holiday season, the funds were not available. Instead the old decorations were renovated and repaired at a total cost of \$477.

Tornadoes Skipping Across Oklahoma Kill Three Infants

Two four-month-old girls, Robbie Maynard and Jennifer Moore, died when a twister slammed into a mobile home park in Moore, about 15 miles south of Oklahoma City.

HOMES DESTROYED

Twenty-seven mobile homes were destroyed in Moore and another 10 were heavily damaged, authorities said.

At Blanchard, Mrs. Linda Hill, 20, and her three-month-old son, Neal, died when a tornado blasted through that town, demolishing or damaging an estimated 50 per cent of its homes and businesses.

Ray Saunders, 77, a security guard, died when a tornado caved in a warehouse in Oklahoma City.

Authorities listed 28 injured in Moore, 19 at Blanchard and 11 at Collinsville, where a tornado hit another mobile home park of more than 100 trailers.

In Moore, the Maynard infant was found lying in a mud puddle at the mobile home park. She failed to respond to resuscitation efforts and was pronounced dead at the scene.

TWICE AS BAD

The tornadoes first hit Moore, Blanchard and Hennessey in central Oklahoma, then the violent storm system spawned destructive twisters at Collinsville, Tonkawa, Blackwell and Copan in north-central and northeast Oklahoma.

Blanchard Police Chief Jim Carpenter said the damage there was "about twice as bad

in the daylight as we thought it was last night."

"It came out of the southwest and cut a path about three blocks wide and two miles long as it moved to the north," said Blanchard police dispatcher Tommy Coggins of the twister.

"It looked like at least half the homes and some businesses, churches and other buildings are destroyed or heavily damaged," he said.

Mr. and Mrs. Doug Garrett of Hennessey were taken to Bass Baptist Hospital in Enid with injuries suffered as their mobile home was destroyed by high winds in Kingfisher County. They were listed in satisfactory condition.

North Central Oklahoma, still reeling from savage floods last month, saw funnels hit Blackwell and Tonkawa in Kay County.

Both cities reported power outages, uprooted trees, roof damage and numerous broken windows.

COLD KILLER
Tonkawa officials said two municipal warehouses were damaged extensively and Northern Oklahoma College reported minor wind damage.

Fireman Chuck Sanders said, "I don't remember when it hit. I lost track of time when the windows came in on me."

He said downtown Tonkawa suffered considerable damage as the storm moved through on a northeasterly path.

GRISLY SCENE — The remains of a pre-fabricated building are wrapped grotesquely around a tree in Blanchard, Okla., where two persons were killed by a tornado Monday night. Three other persons were killed and scores were injured as twisters raked central Oklahoma.

Accreditation Report Favors Gail Schools

GAIL — Borden County schools received a "very favorable" report from a visiting accreditation team of the Texas Education Agency, James McLeroy, superintendent, said.

The administration felt the investigation which covered every phase of the school program was thorough. Borden County school trustees were told about the visit at their regular meeting Monday.

A written report from the TEA Division of Accreditation is being awaited.

Other business included: —Hearing that 99 per cent of 1973 taxes had been collected as of Oct. 31.

—Reviewing a \$20,000 building program. Additions to two teacherages are complete and additions to a third are nearing completion.

—Discussed school district participation in a health insurance program for employees. The district will pay about 90 per cent of employee insurance bills for a total cost of around \$5,000 yearly.

Superintendent McLeroy will study the nine proposed health insurance plans. Health insurance coverage is to begin Dec. 1.

—And a textbook committee for 1973-1974 was appointed. Among those serving on the committee will be Dave Briggs, Bob Dyess, Van Koutz, Joe Copeland, Mrs. Ben Jarrett, Jim Parker, Mrs. James McLeroy and Mrs. Mickey McMeans.

Also, Miss Doris Steadman, Mrs. Joe Copeland, Elementary Principal Ben Jarrett, High School Principal Mickey McMeans and McLeroy, superintendent and chairman.

TWO QUEENS — Gay Greenfield and Lana Smith were named junior and senior queens of the Youth Horsemen Association which held their annual awards banquet Saturday night.

New Officers Are Seated By HC Youth Horsemen

The Howard County Youth Horsemen Club hosted their annual awards banquet and introduced new officers Saturday at the HCYS SUB with 180 members and guests attending.

Leslie Kelly was main speaker, with Dr. Nell Sanders as mistress of ceremonies and the invocation given by the Rev. Jim Wilkerson.

Gay Greenfield was named junior queen and Lana Smith, senior queen.

New officers were introduced including Mike Hull, senior president; Mark Sanders, junior president; Ross Bradford, senior president elect and Byron Page junior president elect.

OTHER OFFICERS — The new senior vice president is Fuzz Minnick with Donna Lamb as junior vice president. Mrs. Joe T. Smith is senior secretary; Lana Smith, junior secretary; Mrs. Charles Lusk, senior treasurer and Lana Crittenden, junior treasurer.

On the senior board of directors are Dr. Nell Sanders, Joe T. Smith, Charles Butts and R. G. Click with junior directors,

Briscoe Releases Land Use Study

AUSTIN (AP) — Gov. Dolph Briscoe today released an eight-volume land use study that a young man, John Muir, had filed suit to make public.

The governor had said the only reason for delaying release of the study, commissioned by former Gov. Preston Smith, was the time required to obtain comments on it and to print and bind it.

In a "Dear Fellow Citizen" letter accompanying the two-inch thick stack of documents, Briscoe said the study was commissioned only as "a starting point for discussion of problems of land use in Texas."

Land use management has been a controversial subject in the legislature because it involves limiting the right of private landowners to develop their land as they please. Proposals for federal land use legislation are pending in Congress.

Briscoe, a major South Texas landowner, said the report was "not intended to be a statement of policy, nor are any proposals contained in the study intended to reflect advocacy of any specific solutions to problems associated with land use."

"It is important now that we seek a broader response and understanding of this issue and its implications for our state," Briscoe said.

The study was made by Research and Planning Consultants of Austin and was begun in 1972.

The report declares that if the state fails to take on a "more positive leadership role," the federal government

SOUSA AWARD — Blaz Bailon Jr. is shown receiving the Sousa Award from Bill Bradley, band director for Big Spring High. Carol Immel is holding the band directors award and Paula Collins, the best marching spirit.

Blaz Bailon Jr., Winner Of Coveted Band Award

Blaz Bailon Jr., senior member of the Big Spring High School Band, was presented the coveted John Philip Sousa National Band Award at the annual End of Marching Season Banquet held Monday night at HCJCSUB. The event was sponsored by the Optimist Clubs of Big Spring.

Blaz, senior, is the son of Mr. and Mrs. Blaz Bailon and serves as section leader of the saxophones, is an all state sax player, a member of the Golden Horns Stage Band and a Campus Reue dancer.

Other top awards included best marching spirit which went to Paula Collins, senior clarinet section leader and daughter of Mr. and Mrs. Lewis Collins.

The band director award went to Carol Immel, junior clarinet player and daughter of Mr. and Mrs. Herbert Immel.

The outstanding Goliad Junior High band student is Debbie Shroyer, French horn player and daughter of Mr. and Mrs. Sonny Shroyer and Dan MacKay, tuba player, son of Mr. and Mrs. Harry MacKay.

Named ten best marchers and recipients of the Barney awards were Becky Blaciak and Elias Chavez, sophomores; Karen Fortson, Laura Jones and Stan Vick, juniors; and Sandra Floyd, Jerry Dunne, Ismael Lujan, Kerry Newell and Cindy Pearce.

Carol Thames, mistress of ceremonies introduced the presidents of the two Optimist Clubs, Gene Campbell and Major Donald Long and other Optimists attending; band officers, including Billy Nugent, president and school officials.

Bill Bradley, director, then presented a group of humorous awards centering around the marching season.

Bradley and the junior high directors, Lois Pace and Jerry Gowder, were given a standing ovation.

Pioneer To Take Stand On Gas

AMARILLO — Pioneer Natural Gas Company will take a stand before the Texas Railroad Commission at the scheduled Nov. 26 hearing on the apportionment of natural gas in Texas, according to K. Bert (Tex) Watson, company president.

Watson said that Pioneer's position will be "... no gas should be diverted from one company's system to another except for demonstrated human needs and protection against imminent severe property damage." Watson went on to say in his statement, prepared for the commission, that under no circumstances should gas be diverted from industrial customers on one company's system to industrial customers on other company systems.

It is traditional, he said, for companies to offer voluntary emergency assistance to avoid human hardship.

Avants, Byford Are Sentenced — Pleas of guilty were heard from two men in 118th District Court Monday.

Michael R. Avants, 22, was found guilty of forging and passing a check. Paying Security \$ 1 a t e Bank for the \$1,000 worthless check is one condition to probation set at six years.

Wayne Randle Byford, 48, Odesa, pleaded guilty to subsequent-offense driving while intoxicated. He was given 5 years of probation.

Twister Hits De Queen — DE QUEEN, Ark. (AP) — Authorities said as many as 13 mobile homes were destroyed or damaged by a tornado that touched down in De Queen early today.

The twister hit first on the south part of town, skipped through downtown and ripped through a mobile home park. Police said several minor injuries were reported.

Trees were uprooted at De Queen and Shady Grove and a mobile home was overturned at Gilliam.

Two buildings on Arkansas 71 near De Queen were damaged, authorities said.

DEATHS

W. D. Calaway — BRECKENRIDGE — Funeral for William Dewey Calaway, 70, a retired Breckenridge truck driver, will be at 2 p.m. Wednesday in Satterwhite Chapel of Grace with burial in Breckenridge Cemetery. Calaway died Sunday morning in a hospital here. Among survivors is a sister, Mrs. Ethel Stinger, Big Spring. Five other sisters, a daughter and three sons also survive.

Mrs. Martinez — Funeral for Mrs. Bisenta Martinez, 75, will be at 3 p.m. Wednesday in St. Joseph's Catholic Church in Coahoma with Father Leo J. F. St. John officiating. Burial will follow in Coahoma Cemetery under direction of Nalley-Pickle Funeral Home.

Mrs. Martinez died in a local hospital about 2 p.m. Monday. Born Feb. 11, 1898 in Caldwell County, she came to Howard County in 1942 from Lockhart. She is a member of St. Joseph's Catholic Church.

Survivors are five sons, Victor Martinez, Juan Martinez, Pete Martinez and Antonio Martinez, all of Big Spring, and Lupe Martinez, Coahoma; three daughters, Mrs. Juan Herrerra, Sand Springs, Mrs. Domingo Hernandez, Denver, Colo., and Mrs. Chona Ruiz, Crystal City; 72 grandchildren and 33 great-grandchildren.

Her husband, Fidel Martinez, preceded her in death Jan. 28, 1972.

The World At-A-Glance

TEL AVIV (AP) — Former Premier David Ben-Gurion showed some improvement after suffering a cerebral hemorrhage but remained in serious condition, his physician said. Ben-Gurion, 67, entered Tel Hashomer Hospital on Sunday after a stroke paralyzed the entire right side of his body. The physician, Dr. Boreslaw Goldman, said: "It's still difficult to say if he will ever fully recover. But his chances for a partial recovery are very good."

BRISBANE, Australia (AP) — A dozen men, including three Americans from Philadelphia, landed on the eastern coast of Australia after a stormy 8,500-mile voyage across the South Pacific aboard three balsa wood rafts. They landed at Ballina, about 130 miles south of Brisbane, after 175 days at sea. The Americans were Thomas Ward, Michael Fitzgibbons and Thomas McCormick, all 23. The rafts were towed to shore by an Australian naval ship to keep them from being swept southeast by the winds and propelled back across the Pacific.

PHNOM PENH, Cambodia (AP) — The whereabouts of the Cambodian air force pilot who bombed President Lon Nol's palace compound remained a mystery. The bombing, the second such incident since March 17, killed three persons and wounded 10. Military informants said the pilot

radioed during a regular mission that his bombs would not release, then veered away from his formation and headed for the compound. Antiaircraft gunners positioned around the palace said the plane headed east after the attack.

COPENHAGEN, Denmark (AP) — The foreign ministers of nine Common Market countries planned a meeting to approve a new proclamation on Western European unity. The Nixon administration had hoped to participate in writing a "new Atlantic Charter" this year, but the U.S. plan went awry as matters other than Europe took the White House's attention and conflicts with the Europeans arose over the document itself. The European proclamation is expected to support the continued presence of American troops in Europe while stressing the countries' desire to act together on world issues outside the economic sphere.

MEMPHIS, Tenn. (AP) — Arriving here to discuss his Watergate problems with Republican governors, President Nixon spoke briefly to several thousand well-wishers and critics who alternated cheers with boos.

Standing in front of the hotel where the governors were meeting, Nixon called attention to an onlooker's placard that read, "I believe in Nixon and America."

WEATHER

NORTHWEST AND SOUTHWEST TEXAS: Frezes warning most sections tonight. Clearing and cooler tonight with freezing temperatures over much of area. Clear to partly cloudy and warmer Wednesday. Low tonight 20. Fort Worth to 28 extreme southwest. High Wednesday 50 north to 75 extreme southeast.

Table with columns: CITY, MAX. MIN., and WEATHER. Lists cities like Big Spring, Amarillo, Fort Worth, Houston, New Orleans, St. Louis, Washington, and Memphis with their respective temperature ranges and weather conditions.

Odds For 84-Day Mission Improve

SPACE CENTER, Houston (AP) — With a space plumbing job increasing their chances for a full 84-day mission, Skylab 3's astronauts today concentrated on determining the medical effects of long space flight.

"We're feeling pretty good about it," astronaut William R. Pogue said Monday after he replenished liquid which had leaked out of a refrigeration loop. The system keeps batteries and electronics from burning out.

Space agency officials said the successful fix improved the odds that Gerald P. Carr, Edward G. Gibson and Pogue can complete a full flight.

After breakfast today, blood was drawn from all three spacemen and was processed for return to earth by Gibson, a solar physicist who is serving as the Skylab house doctor.

Carr underwent tests to determine how the heart and blood vessels respond to zero gravity and how a man's work capacity is affected by continued weightlessness. Pogue supervised the tests in which Carr worked on an exercise bicycle and later sealed the lower part of his body in a barrel-shaped chamber. A vacuum pump reduced pressure in the chamber, simulating the effect of a man standing up quickly in

earth's gravity. All three crewmen will undergo similar tests several times throughout the flight. The medical results will have a bearing on whether man will one day embark on long trips to other planets.

WEATHER FORECAST — Showers and rain are forecast today from the eastern Gulf to the Great Lakes and from Oklahoma to the Midwest. Rain is expected for most of the Pacific Coast and central Rockies. Snowflurries are forecast for the northern Rockies and showers for the northern Plains. Warm weather is forecast for the Southwest and Southeast and colder weather for the central Plains and Pacific Northwest.

SANDY, HUNGRY

13 Survive Sinking Of Adventure Ship

WASHINGTON BEACH, Mex. (AP) — The crew of the sunken adventure ship "Fairmorse," Sandy, scratched-up and hungry—but dry and alive—waited today to return to California by land instead of sea.

The 13-sailor-adventurers left from Port Isabel, Tex. last week on the first leg of a trip that was to have taken them to Tampico, Mexico and then through the Panama Canal and on to California.

But Thursday night, the "Fairmorse" struck the hull of a sunken vessel off this northern Gulf of Mexico beach. The men made it to shore in lifeboats, but their boat went straight down.

"It took about two hours to sink. There was no panic," said Richard Russell, 34, of Los Angeles, spokesman for the "Sea Combers," described as "an adventure group."

The men were waiting in a small, two room grass beach house owned by Tomas Armas Mota, a Matamoros, Mexico, lawyer who is working on salvage arrangements for the "Fairmorse."

Virtually covered from head to toe with sand and salt and dressed in clothing they were able to salvage, the men sat around the dimly lighted beach house and munched corn on the cob, lettuce, tomatoes and onions.

The debris from the wrecked ship was scattered along about five miles of Gulf beach when it was found late Friday by a Brownsville fisherman. The U.S. Coast Guard was notified late Sunday and launched a search for possible survivors Monday before it was learned the men were safe.

Russell said the ship was purchased for \$15,000 in Nova Scotia and the man had been "just sailing around" for about three years.

Opening lead: King of ♣
A defender's play of a high card followed by a lower one, known as an echo, is usually employed to encourage the lead of that suit. However, there is another, equally important, use for an "echo"—to give partner a count. It shows a holding of an even number of cards in the suit played. East used this method of carding to point the way to defeating declarer's ambitious six spade contract on today's hand.

Once North showed a near opening bid by jump-raising opener's suit, South expected the combined hands to offer reasonable play for slam. Rather than tip off his distribution, he got there by the most direct means available. The North and South hands did not fit too well. The mirror holdings in the minor suits was unfortunate duplication—give either hand a diamond fewer and an extra club, and the slam becomes

a good proposition. With the actual distribution, declarer's main hope rested in finding the trumps split evenly.

Dummy's ace of hearts won the first trick, and as there was no point in delaying the inevitable, declarer played the ace and king of trumps. East's discard of a heart on the second round was a grievous disappointment, but there was still some hope.

Declarer crossed to the king of clubs, on which East played the ten, and ruffed dummy's remaining heart. The ace and queen of clubs were cashed, East following with the three and four. Now, West was thrown on lead with his remaining trump.

Since both dummy and declarer were known to be out of hearts, it seemed that West would have to play a diamond, for the only alternative was to present declarer with a ruff-and-sluff. However, West had paid careful attention to his partner's carding and East's echo in clubs had not gone unnoticed. Once East had followed to three rounds of clubs, that meant he had started with a four-card holding. Therefore, declarer was marked with three clubs along with five spades, one heart, and four diamonds, and a ruff-and-sluff would be of no help to him at all.

Having worked this out, West lost no time in returning a heart. Declarer could discard a diamond from either his hand or the dummy, but still had to concede a diamond trick.

Notice that if West shies clear of the ruff-and-sluff and breaks the diamond suit, South can get home by following the percentages and playing for split diamond honors.

Textbook Committee Is Named By Forsan Board

FORSAN — Forsan County Line school trustees Monday appointed the 1974 textbook selection committee and officially adopted a new maternity leave policy.

Members of the textbook committee will be Mary Pratt, Zimalew Boeker, Mary Hartin.

LEGAL NOTICE

THE STATE OF TEXAS
To: LLOYD EARL DELLETTE
Greeting:
You are hereby commanded to appear by filing a written answer to the Plaintiff's Petition at or before ten o'clock A.M. of the first day of the expiration of forty-two days from the date of the issuance of this citation, being Monday, the 17th day of December 1973, at or before ten o'clock A.M. before the Honorable District Court of Howard County, Texas, of the Court House of said County in Big Spring, Texas.
Said Plaintiff's Petition was filed in said court on the 2nd day of November A. D. 1973 in this cause numbered 27,851 in the docket of said court and styled, IN THE MATTER OF THE MARRIAGE OF PAULINE DELLETTE Plaintiff, vs. LLOYD EARL DELLETTE Defendant.
A brief statement of the nature of this suit is as follows, to-wit:
Plaintiff prays for a divorce, and states there are no children born of this marriage and no community property as is more fully shown by Plaintiff's Petition on file in this suit.
If this citation is not served within ninety days after the date of its issuance, it shall be returned unexecuted.
The officer executing this process shall presently execute the same according to law, and make due return on the last day of the term of court next to be held at Big Spring, Texas, this 2nd day of November A. D. 1973.
SIGNED:
ATTEST:

The new maternity leave policy allows a woman to continue teaching during the last trimester of her pregnancy if she can supply from a doctor a statement that she is physically able to continue teaching.

Each month from the fifth month of pregnancy to the time of delivery, the teacher will be required to sign a release stating that the school district is not liable for any injury to mother or child while she is teaching.

In other action Monday, trustees decided to turn down the thermostat in school buildings from 72 to 70 degrees to help conserve fuel.

They also adopted the evaluation policy presented by the school principals and teaching staff.

A 1963 half-ton pickup was sold to Nate Chavez, the high bidder, for \$150, and Southwest Appraisal Co. was accepted to handle ad valorem taxes for 1974 at a cost to the district of \$350.

Superintendent H. D. Smith reported that enrollment stands at 425, up 15 students from last month.

Speaker Tells Types Of Soil Conservation

Methods of soil conservation were described Wednesday by Dr. Paul T. Koshi for Rosebud How to Grow Garden Club at the home of Mrs. S. J. Kamm, 604 Drake. The speaker focused on West Texas soil, telling how to make organic mulch to improve the soil. Dr. Koshi is a soil scientist at the U.S. Experiment Station.

Dr. Koshi said year-around deep watering will prevent ruination of top soil by lime deposits and, thus, prevent unwanted vegetable growth. He offered tips on how to control and eliminate undesirable elements in yards such as weeds, poor soil content and pests. Agricultural pamphlets about soil conservation was distributed to members.

It was announced that Mrs. Brent Womack has assumed duties as club president due to the resignation of Mrs. Eddie Read. Mrs. Monty Wilkes is vice president, and Mrs. Sharon Simica was appointed treasurer.

Mrs. Kamm, club therapy project chairman, announced members will join with those of Rosebud Garden Club to plant a tree at Big Spring State Hospital.

Election Voting Is Discussed

Amendments which passed during the recent election were discussed by Miss Helen Willard, president of the Business and Professional Womens Club, when the group held a dinner meeting Tuesday in the First Federal Community Room. She said letters supporting Amendments 2 and 3 were written by club members to over 100 local residents.

Miss Willard noted that the AFL-CIO endorsed the Equal Rights Amendment and that the Equal Credit Opportunity bill has been endorsed by the Senate but is still in the House. Also, she said that domestics are still not covered by minimum wage and that B&PW clubs have consistently urged this coverage.

Mrs. Lois Eitzen, finance committee chairman, reported that \$140 was realized from the recent garage sale. Another sale was planned for Saturday. All B&PW members are taking orders for shelled pecan halves which sell for \$2.50 in a 16-oz. package.

Hostesses for the meeting were Mrs. Dora Ruth Carter, Mrs. Fred McGowan and Mrs. Ruby Billings. After the business session, a baby shower was held for a member, Mrs. Robert Dilard.

The next meeting will be Nov. 27 at Holiday Inn where the guest speaker will be Mrs. Jerry Dudley, head of the Psychology Department, Howard County Junior College. Mrs. Dudley will speak on three phases of world affairs, economics, social and political.

Mrs. Martha Womack submitted the winning theme for the club, "How to grow, glow and show." Mrs. Odell Womack distributed bumper stickers for the city clean-up campaign.

The next meeting will be a salad luncheon at 9:30 a.m., Dec. 13 in the home of Mrs. Simica, 2614 Lynn, with Mrs. Carol Tommasson as cohostess. Members may bring guests.

Coahoma Bridge Winners Named

Mrs. Babe Collier was hostess Monday evening for the Coahoma Bridge Club in her home at 300 Wood, Coahoma. Winners were Mrs. Tommy Wyrick, high; Mrs. David Barr, low; and Mrs. Jan East, bingo. The next meeting will be at 7 p.m. Monday in the home of Mrs. Billy Jack Darden, 405 N. 3th.

Miss Wise Honored With Bridal Shower

Miss Nancy Wise, bride-elect of David Whitten, was honored Monday evening with a bridal shower in the fellowship hall of First Baptist Church. Calling hours were from 7:30-9 p.m.

Attired in a brown and orange formal-length gown, the honoree was presented a corsage of assorted fall flowers, as were her mother, Mrs. Ed Wise; her grandmother, Mrs. Ed L. Wise; and the prospective bridegroom's mother, Mrs. Joe Whitten.

The refreshment table was covered with a green linen cloth and highlighted with a silver coffee service and crystal punch bowl. Multi-colored fall flowers centered the table in a crystal epergne. Serving were Mrs. Rodney Newell and Mrs. W.

Busy Bee Club Plans Activities For Holidays

Pre-holiday activities were planned by members of Busy Bee Hobby Club at a meeting Wednesday in the home of Mrs. Albert Ham. The group will meet for tote painting instruction at the Hobby Center each Thursday morning through Dec. 20.

Also, a workshop is scheduled from 9:30 a.m.-4:30 p.m., Nov. 28 in the lake home of Mrs. Morris Robertson. The club Christmas party will be Dec. 13 in the home of Mrs. Viola Younger, 2602 Carol. Cohostesses will be Miss Betty Johnson, Mrs. Robertson, Mrs. Tom McGonagill and Miss Virginia Younger.

Mrs. Toby Duke presided during business. Cohostess for the salad luncheon and all-day workshop was Mrs. McGonagill. Members made gifts for patients at a local nursing home. In other business, the women agreed to elect new officers in December.

WILL MARRY - Mr. and Mrs. Thomas Rodriguez Sr., 108 W. Carpenter, Stanton, announce the engagement and approaching marriage of their daughter, Linda D. to Dominic D. Dimase, son of Mrs. Ruby Dimase, New Castle, Pa., and the late James N. Dimase. The couple will be married at 3 p.m. Sunday in the Caprock Electric Building, Stanton, with Judge Carl Yader officiating.

BIG SPRING HERALD

SEC. B BIG SPRING, TEXAS, TUESDAY, NOVEMBER 20, 1973 SEC. B

Couple Will Observe Golden Anniversary

Mr. and Mrs. Fred Roman of Knott will be honored Saturday at a reception in the First Federal Community Room, Big Spring, to mark their 50th wedding anniversary. Friends and relatives of the couple are invited to call between 2-5 p.m.

Hosting the occasion will be the honoree's three children and their families, Mrs. Joyce Walker, Big Spring; Mr. and Mrs. Bobby Roman, Coahoma; and Mr. and Mrs. Jerry Roman of Knott.

Mrs. Roman is the former Velma Reid. She and Roman were married Nov. 25, 1923 in Navarro County. They moved from Corsicana to

Knott in 1929 and have resided there since that time.

From 1929 to 1946, Roman operated a grocery business in Knott. He then turned to farming from 1946 to 1967, at which time he retired.

Roman served for about 10 years on the Knott Independent School Board and 15 years on the county school board. Also, he is still an active member of the Veteran Land Board which he has served for 20 years. Mr. and Mrs. Roman are members of Knott First Baptist Church.

County 4-H Girls Win At Lubbock

Two Howard County 4-H members were winners in the Wool Contest held Saturday at Texas Tech University, Lubbock. Kayla Gaskins, daughter of Mr. and Mrs. Joe Mac Gaskins of Knott, received a cash prize as second alternate in the Senior Division. She is a member of Knott 4-H Club.

Donna James received honorable mention in the Junior Division, and was awarded a length of wool fabric. She is the daughter of Mr. and Mrs. Ovis James and a member of Coahoma 4-H Club.

MR. AND MRS. FRED ROMAN

La Gallinas Will Not Play Friday

Members of the La Gallinas bridge group will not meet Friday due to the Thanksgiving holidays. Regular play will resume at 10 a.m., Dec. 30 at Big Spring Country Club.

Winners in last Friday's games were Mrs. David Proffitt and Mrs. Rick Chambers, first; Mrs. Dan Patterson and Mrs. Rip Patterson, second; Mrs. Delnor Poss and Mrs. Harold Davis, third; and Mrs. G. A. McAlister and Mrs. John Taylor, fourth.

HIGHLAND SOUTH

Never Too Late

Dear Abby
Abigail Van Buren

DEAR ABBY: Do you think an 80-year-old man is foolish to consider remarriage? Some of my children do. I am a widower who has been alone for 12 years, during which time I have been in the company of some lovely eligible women. But I never have wanted to marry until I met My Fair Lady. She is 65 and has been a widow for 10 years.

We are both in reasonably good health, and we would like to spend the rest of our lives together, making each other happy. All our children are married. Some approve of our plans to marry; some do not.

I own my own home and have a little money. In view of the mixed feelings of our children, should we sneak off and get married by a preacher with just a few friends as witnesses. Or should we have a small church wedding, invite all the children, and let those who want to, come, and

those who don't, stay home?

YOUNG AT HEART

DEAR YOUNG: Why sneak? Do whatever pleases you and your Fair Lady. The last thing you should worry about is what your children think.

CONFIDENTIAL TO "HURT" IN ESSEX JUNCTION, VT.: Heed the wise words of Noah Webster: "By taking revenge, a man is even with his enemy, but by passing it over, he is superior." Now is your opportunity to be superior.

Problems? You'll feel better if you get it off your chest. For a personal reply, write to ABBY: Box No. 69700, Los Angeles, Calif. 90069. Enclose stamped, self-addressed envelope, please.

For Abby's new booklet, "What Teen-Agers Want to Know," send \$1 to Abigail Van Buren, 132 Lasky Dr., Beverly Hills, Calif., 90212.

School's Second Session Ended

The Permian Basin Law Enforcement Academy announces completion of the second session. Basic Recruit Training School in Midland Sept. 3, through Nov. 23. Students and instructors were from the 17 County Region of the Permian Basin and included Stewart Dalton and Donnie Stewart, city police; and H. Guy Talbot, special investigator. The training session covered extensive programs of patrol procedures and law enforcement. The schools are funded through a Criminal Justice Council training grant from the Permian Basin Regional Planning Commission.

ALL-OUT RECESSION? Worst Day In 11 Years

NEW YORK (AP) — Analysts say growing investor concern that an energy crisis might lead to a major recession in 1974 is the factor which is sending the stock market plunging. Monday's drop of 28.67 points was the worst day for the Dow Jones average in 11 years. The Dow Jones average of 30 industrials, used widely as an

indicator of general market trends, fell Monday to 862.66, the fifth largest daily drop in its history.

It was the blue chip indicator's biggest single-day loss since May 28, 1962, during a confrontation between the major steel companies and President John F. Kennedy. It dropped 34.94 points on that occasion.

The broader based New York Stock Exchange index of 1,500 common stocks fell 1.72 to 53.76, its steepest single-day decline since its inception in July 1966.

OR WORSE? Analysts said a further indicator of the broadness of the decline was that an extraordinary amount of New York Stock Exchange issues — 1,404 — lost ground, compared to only 198 making advances during the trading session.

"This energy crisis is very hard to quantify and investors are uncertain about it," said Alan Shaw of Harris, Upham & Co. "No one knows whether it means an all-out recession or worse."

MUTUAL FUNDS Analysts said another factor in the major decline in the market was that the institutions

dominate it generally stood aside during the energy crisis uncertainties and did not trade.

"The institutions' normal reaction to this kind of market is to back off," said Monte Gordon of Dreyfus Corp. "That leaves only the selling pressure from individuals to drive the market down."

Analysts said that helping the decline Monday were indications from the Arab countries that their oil boycott to the United States may not end soon, and reports from Washington on proposals to ban Sunday sales of gasoline and limit the use of heating oil.

Saturday Toil May Be Illegal

The Department of Labor today cautioned employers to beware of violating federal law in granting employees four-day holidays during the Thanksgiving, Christmas and New Year weeks.

Many firms, says the Department's Employment Standards Administration will be declaring four-day holidays because Thanksgiving falls on Thursday, and Christmas and New

Year's Day on Tuesdays. There's no problem if the employer grants the Friday after Thanksgiving, or the Monday before Christmas and New Year's Day, as holidays either with or without pay.

But reports indicate that some firms are planning to have their employees make up the time lost by working an extra day some Saturday. The Department

says such an arrangement may be in violation of the Fair Labor Standards Act which covers 47 million workers. The Act provides payment of time and a half for hours over 40 worked in any work week. Persons who have questions on this should contact the nearest office of the Wage and Hour Division, U.S. Department of Labor.

Gold Star Awards Party Lures Local Delegation

LUBBOCK — Darla Buchanan, Gayhill 4-H, and Joey Shaw, Big Spring Lucky Acres 4-H, were among 40 outstanding 4-H'ers at the Gold Star Award Banquet at Coronado High School here Monday night.

A boy and girl from each of the 20 counties in District 2 receive this highest county award each year. It is based on outstanding achievement, leadership and contribution to the county 4-H program.

PREREQUISITES To qualify for the special award, a 4-H'er must be at least 13 years of age, must have completed at least three years of club work and must be currently active in 4-H. A member can receive the award only once.

The Gold Star Award is intended to stimulate winners toward higher achievement and to encourage other young persons to participate in 4-H, according to Billy C. Guter and Catherine Crawford, district agents with the Texas Agricultural Extension Service. Speaker was Ken Loyd, assistant to the general manager, Texas Electric Cooperatives, Inc., Austin.

Dr. L. S. Pope, associate dean of agriculture, Texas A&M University, was master of ceremonies, and Joe Brown, farm director for KDAV Radio in Lubbock, will narrate the presentation of awards.

The event is sponsored annually by 12 member-owned electric cooperatives. They include: Electric cooperatives of Bailey, Dickens, Hall, Lamb and Swisher counties, and Lea County, New Mexico. Also, Cap Rock, Lighthouse, Lone Wolf, Lyntegar, Midwest and South Plains electric cooperatives.

LOCAL GUESTS Among those attending from Howard County as adult leaders and junior leaders were Mr. and Mrs. Jack Buchanan and Jackie Buchanan of the Luther community; Mr. and Mrs. Jim Shaw of Big Spring; Mr. and Mrs. Ovis James, Donna and Guy James of Coahoma; Patricia Fryar and Dennis Mays of Coahoma; and Mr. and Mrs. Joe Mac Gaskins and Kayla Gaskins of Knott.

Bruce Griffith, Sherry Mullin and Ronnie Wood, county extension agents from Howard County attended. Griffith served as county chairman of the District 2 Gold Star Banquet planning committee.

Contract Signed For TES Building

LAMESA — The contract for a new \$154,000 Texas Electric Service Company Building has been signed here.

With announcement of the new building, TESCO will be moving to a new location for the first time since 1935.

Signing the contract were E. D. Snody, representing Snody Construction Company of Midland, and Bob Crawley. Also on hand for the signing were Leroy Olsak, manager of the local TESCO office, Tom Locke, of Big Spring, division manager and John Gary, also of Big Spring, representing the architectural firm of Gary and Hoherts.

TESCO will lease the new building from the Crawleys. The structure will include 4,434 square feet of floor space. Construction is expected to begin Monday. It is estimated to take 240 calendar days for completion.

Award Is Given To Newspaper

LAMESA — The Lamesa Press-Reporter has won a "National Blue Ribbon Newspaper" award, presented by the National Editorial Foundation, Washington, D.C.

The award is based on criteria measuring the newspaper's service to its community based on various judging standards. Judges in the awards are publishers whose newspapers have previously won the Blue Ribbon designation.

The Press-Reporter was one of only 278 papers in the nation to receive the award. Walter Buckel is editor-publisher of the paper.

Identical twins. Except one cost 25% more to deliver.

In November, 1971, the first unit of the lignite coal-fired Big Brown generating plant near Fairfield began producing electricity.

It added 575,000 kilowatts of power to the generating capability of Texas Electric and two other electric utility companies who cooperated in building the plant.

The first unit of the new lignite-fired Monticello plant will become operational in 1974. It duplicates the first unit at Big Brown, right down to the last kilowatt.

But there'll be one major difference — the cost. Equipment for the Monticello unit was ordered only three years after Big Brown. But during that period the cost of the same equipment had increased 25%.

We need these new lignite plants because supplies of natural gas and oil, our traditional boiler fuels, are becoming

increasingly difficult to obtain.

To diversify our fuels even further, we're planning to have our first nuclear power plant, near Glen Rose, operational by the early 1980's.

Unfortunately, lignite plants now cost about twice as much as traditional gas/oil-fired plants. Nuclear plants cost more than three times as much.

But, clearly, we have to build them if we are going to meet the increasing needs for electricity. We must spend \$230 million on new construction in the next two years alone.

We're working to supply the electricity you need, but it's costing more to make it all the time.

Cleanup Committee Looking For Ways Of Funding Drive

By MARJ CARPENTER
The Steering Committee for the Citywide Cleanup committee met Monday afternoon at City Hall, eyeing possibilities for a program begun by the Big Spring Property Owners Association.

The group was seeking a means of funding by the taxpayers without alarming the taxpayers with a sanitation rate increase or a tax increase on city taxes.

The committee, after lengthy discussion, agreed to request the City Council to fund the first year of the operation through Federal Revenue sharing funds.

Eddie Acri, one of two councilmen on the committee, stated, "I don't see why we couldn't give the citizen something for nothing the first year."

Jeff Brown stressed that he did not particularly want to lean the program on federal funding "because you never know when that will be jerked out from under you."

NEED RECOMMENDATION
Harry Nagel, city manager, explained to the group, that he simply wanted a recommendation by the committee to the council because the "\$10,000 that the city allotted for this program is not going to go very far if we start talking about hiring 12 or 13 persons to operate the program."

Nagel explained that figures showed that the operation would cost close to \$75,000 a year if carried out as recommended by the group.

Mrs. Polly Mays, co-chairman of the committee with Jack Watkins, representing the Big Spring Property Owners, presented to the council.

Watkins quoted figures from the sanitation budget showing a surplus. Mrs. Mays asked Nagel where these funds were used and Nagel explained that they support the General Fund, which has not been self-supporting for several years.

FUND UNTIL SPRING
Watkins suggested the possibility of federal funding through the first portion of the program, possibly until May or June, and then the possibility of studying a rate increase.

The head of the property association is a former City Councilman.

Mrs. Helen McDonald, committee member, asked why littering and pollution laws couldn't be enforced and persons who deliberately dump trash over in alleys or on city streets be fined.

Acri stated, "They would simply appeal it to county court and that would be the end of it." Nagel explained to Mrs. McDonald that to make an ar-

rest, you have to be able to identify the trash with the person or actually see them dumping it. Watkins added that it's difficult to legislate morals or pride.

TO BE SUPERVISED
Mrs. Mays explained that the Garden Clubs of the City have offered to help with the volunteer portion of the program. The committee also plans to name a chairman of each ten-block area who will keep tabs on the persons in those ten blocks and make recommendations to the committee and make reports.

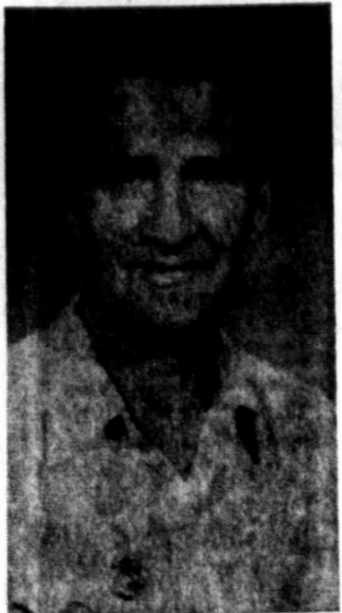

The five copy reports would go to the committee, the council and supervisors.

When the group agreed that revenue sharing might make the best recommendation, Nagel reminded them that the city is also considering using these funds for extension of 11th Place and "this will be expensive."

Acri expressed the hope that "Maybe some day we can have paved alleys like they have back East. They are so much easier to keep clean."

Committee members named Watkins to be their spokesman at the council next Tuesday.

Members of the committee attending included Mrs. Helen McDonald, E. A. Fiveash, Jeff Brown, Mrs. Mays and Acri.

SERVICE AWARD — P. M. Rochelle, utility man attached to Mobil Oil Corporation's Chalk foreman's area, has been honored by F. M. Berry, Midland, production superintendent, for 25 years of service. He began with Mobil in Pampa, has worked in various capacities in Sundown, Denver City and Snyder, where he and his wife have resided since 1960.

Drivers, Mechanics Vote To End Bus Walkout In SA

SAN ANTONIO, Tex. (AP) — San Antonio's bus strike ended with a 186 to 155 vote of Transit System workers late Monday night.

The decision to return to work came in a two-hour closed door meeting of some 300 members of Local 694, Amalgamated Transit Workers Union.

Some 440 union drivers and mechanics had walked off the job last Wednesday morning in a dispute over higher wages with the city-owned Transit System.

The strike occurred despite opposition of union leadership, Transit System trustees and City Council.

Even the unions international representatives Charles Hunter urged union members Monday night to return to work. He pointed out the work stoppage was illegal.

Delegates Plan Abilene Visit

Nine delegates from the Howard County Farm Bureau will attend the Texas Farm Bureau's 40th annual convention Dec. 2-5 in Abilene.

Featured speaker for the con-fab will be John C. Whitaker, under-secretary for the Department of the Interior. He will discuss the energy crisis as it affects agricultural producers.

Entertaining at the recognition and awards program Dec. 4 will be country-western singing star Jeanni C. Riley, who hails from Anson, who skyrocketed to fame several years ago by her hit recording, "Harper Valley P.T.A."

During the meet, county farm bureaus will be recognized for accomplishments during the year, and a Texas Farm Bureau Queen will be crowned.

In the roll call vote, union members decided to accept the management offer of an immediate salary boost from \$3.30 per hour to \$3.60 per hour. That rate will increase to \$3.75 per hour next May 1 and \$4 an hour on next Aug. 1.

The determined strikers held out for six days, seeking an immediate pay hike to \$4 an hour. Monday's back to work vote came at least in part because of contempt of court threat from 166th Dist. Judge Peter M. Curry, according to union business manager, Walter Weh-meyer.

"I think maybe it sank in," Weh-meyer said, of Curry's ultimatum delivered in court Monday morning. Curry had declared he would have to find the union members in contempt of court if they did not return to work by 9 a.m. Tuesday.

The court action came after 45th Dist. Judge Robert Curry had issued a temporary restraining order last Wednesday afternoon, ordering the workers to return to their jobs. The order had been ignored and the contempt of court charges

CURFEW RELAXED

Playing Waiting Game With Youths, Workers

ATHENS (AP) — Curfew restrictions were eased today but tanks and troops patrolled Athens as strong-man President George Papadopoulos played an apparent waiting game with youths and workers demanding his overthrow.

The government, showing confidence that it had crushed open resistance to its authority by putting down last week's riots, abolished the curfew altogether in the northern city of Salonica. It shortened it by three hours in Athens.

BARNS HIT HARD
The curfew now begins at 10 p.m. in the capital instead of 7 p.m., which will help stores, restaurants and bars hit hard by the early closing.

There was no indication when the tanks will be withdrawn, and no way to tell whether the demonstrators plan to go back on the streets when the army leaves. There were about 15,000 demonstrators active at the height of the disorders last week and during the weekend, which left 11 persons dead and at least 148 injured.

Monday was the first day of relative calm since the rioting. Soldiers and police picked up scores of youths, workers and local union leaders for allegedly violating the martial law restrictions.

Some were later set free. But others got stiff sentences from the military tribunals, including prison terms of four and five years for six construction workers convicted of assembling in a

group of more than five. Spyridon Zournatis, under-secretary to Premier Spyros Markezinis, said 294 persons have been detained since the rioting.

294 DETAINED
As Athenians looked back on the disorders, there was disagreement about who led them. Both youths and construction workers took part in the protests. The hardhats are considered by some Greeks to be a heavily leftist element although they are among the best paid workers in the country with salaries ranging up to \$30 per day.

Pro-government newspapers said hard-core leftists financed from abroad were responsible for the occupation of the Athens

Polytechnic Institute late last week by thousands of young demonstrators. The institute became a rallying point for the protesters until police and troops stormed in just after midnight Saturday to seize control.

There was also confusion about who the institute's occupiers were. The deputy dean — the dean has been arrested — said Monday that the majority of the occupiers were non-students. But reporters who visited the school during the occupation said the majority were students, although not all from the Polytechnic. There also were a number of persons well past university age, reporter said.

New Scholarship Now Available

ODESSA — A new scholarship for women engineering students at The University of Texas at the Permian Basin has been made available through a contribution from Helen Wisdom Redman, Odessa. Applications or the UT Permian Basin Scholarship for Women Engineers may be made at any time and should be directed to Joe Tave, director of financial aid at the university, Odessa 79762.

Band Boosters Meet Tonight

The monthly Band Boosters meeting will be held at 7:30 p.m. tonight at Runnels Junior High Band Hall.

The program will be music by the Runnels Band. Parents of members of all bands are urged to attend by Booster Club officials.
