HIGHWAY PATROLMAN BILL PRIEST
...with marijuana discovered in car.

AFTER CAR STOPPED Pot Recovered South Of Town

Law enforcement officers found eight and one-quarter pounds of marijuana in the trunk of a car after stopping the car about five miles south of Big Spring at 11:10 p.m. Monday.

Two local men, one 20 and the other 19, were in the car at the time. Peace Justice Gus Ochotorena Jr. set bonds at \$10,000 each.

Filing of criminal complaints was pending. Possession of this quantity of marijuana is a felony under the new state law.

Texas Highway Patrolman Bill Priest stopped a car which had a defective tail light and was weaving on Texas 33, a spokesman for the district attorney's office said.

Three "bricks" and small plastic bag of marijuana was found during the investigation conducted by Priest and Deputy Sheriff Sgt. Robert Puente.

177,000 To Be Laid Off

DETROIT (AP) — Some 177,000 auto workers will be laid off in December and January, most of them briefly, as the Big Three makers curtail production and retool some plants to turn out more small cars.

General Motors Corp. said Monday that 137,000 workers would be idled because of a previously announced week-long production cutback beginning Dec. 17.

Affected by the layoff will be \$2,000 employees at 16 assembly plants, as well as 55,000 at 34 facilities that supply them. The move is designed to cut back production of 79,000 large cars.

Cappellelli Wins Heisman Trophy

NEW YORK (AP) — John Cappellelli, Penn State's All American running back, won the Heisman Trophy today as the outstanding college football player of 1973.

Cappellelli, a 6-foot-1, 215-pound senior from Upper Darby, Pa., received 1,057 points, including 229 first-place votes, from the nationwide panel of 819 sports writers and broadcasters who participated in the balloting, conducted by the Downtown Athletic Club of New York.

Offensive tackle John Hicks of Ohio State was second with 324 points, including 114 first-place votes. Third was running back Roosevelt Leaks of Texas, with 48 points, followed by quarterback David Jaynes of Kansas, with 394, and running back Archie Griffin of Ohio State, with 326.

Gas From Garbage? Nichols Says No

City sanitation superintendent Dick Nichols says he wouldn't put any of it into his car even if university scientists say gasoline produced from garbage is feasible for municipalities.

"The only good garbage is buried garbage," Nichols retorted when asked to comment upon a process developed by University of Illinois scientists of turning garbage into methane gas for a profit.

The process, which involves the separation, shredding and fermentation of debris, could provide five to 10 per cent of a city's gas needs, claims Dr. John T. Pfeffer, professor of sanitary engineering at the Urbana campus of UI.

Although the city of Big Spring has not been able to land a contract for its gasoline this year, it is having no problems now in acquiring gas, said Bob Butler, purchasing agent.

He added, however, that it will be interesting to note results of field work on the garbage conversion process.

Avon Agents Suffer Losses In Thefts

Ding-Dong, Avon ladies. Your thief is calling. Two different Avon dealers were robbed here Monday when merchandise was apparently stolen from their respective cars.

Mrs. Barbara Carr, 100 Block N. Scurry, reported that \$300 worth of merchandise was taken from her vehicle and Mrs. M. Luevanas, Northcrest Apts. reported that \$45 worth of merchandise was removed from her vehicle.

Truckers protesting higher diesel fuel prices and lower speed limits blocked highways in four states today. There were warnings that the shut-down could spread across the nation.

Authorities reported at least two arrests in the initial protests.

"There's all kinds of talk all over the nation, mostly among the drivers," said William J. Hill, president of the Fraternal Association of Specialty Haulers which says it represents about 250,000 independent truckers.

SHUTDOWN
"Officially we're not advocating any national shutdown," he said, adding that the drivers were using their citizens' band radio network and "talking up the idea of a shutdown."

William A. Bresnahan, president of the American Trucking Association said neither the association nor its members was involved in "this disruption of traffic. We do not condone it and, in fact, deplore it."

"While there will be problems to be faced... with a \$5 mile per hour limit," he said.

BULLETIN

CHICAGO (AP) — Defense lawyer William Kunstler and three Chicago Seven conspiracy defendants were convicted today of contempt during their stormy trial before Judge Julius J. Hoffman four years ago.

Parr Says Probe Is GOP Vendetta

SAN ANTONIO, Tex. (AP) — "The Republicans are in. It's a Republican vendetta," says Duval County Judge Archer Parr, one of several officials in this deep South Texas County whom federal authorities are investigating.

In federal court here Monday, Parr proclaimed his innocence of federal perjury charges.

After his arraignment before U.S. District Court Judge D.W. Suttle, Parr said the six-court federal indictment returned last month by a grand jury here was politically motivated.

STOCK SCANDALS
He said he and other Democrats are on a "Texas List" compiled by U.S. Sen. John Tower, R-Texas and other members of "The Republican hierarchy of the state of Texas."

He said former U.S. Justice Department official Will Wilson helped compile the "Texas List" and said the San Antonio U.S. Attorney, William Sessions, "is a former associate of Will Wilson." Sessions' prosecutors have been working with the grand jury here which returned perjury indictments against Parr and Octavio Saenz, 69, the mayor of Benavides, Tex.

Parr mentioned John Osorio, a figure in the Sharpstown

referring to the proposed nationwide limit, "we support the President in his efforts to alleviate the fuel shortage which the country faces."

SACRIFICES
"All will have to make some sacrifices, if we are to weather the present energy crisis and the trucking industry is prepared to do its part in this effort."

The first demonstration was reported in Pennsylvania, on Interstate 80 near Blakeslee, where truckers stalled traffic for five hours, finally ending their protest at 3 a.m.

Other stoppages were reported in Ohio, West Virginia and New Jersey with some of the

same drivers apparently involved in more than one protest.

A Teamsters Union spokesman in Washington said he did not know whether the stoppages were part of a coordinated effort. "There's 19 million trucks and there's 400,000 teamsters that drive," he said, adding that he had no way of knowing whether the protesters were union members or not.

POSTS BOND
J.W. Edwards of Overland Park, Kan., one of the truckers involved in the Pennsylvania protest, said that if the drivers' demands were not met by mid-December there would be a nationwide truck stoppage on the

highways.

There were no arrests in the Pennsylvania or New Jersey protests.

Near Cambridge, Ohio, Robert Gallicchio, 25, of Highland Park, N.J., refused to move off the highway and was arrested for illegally parking on the highway. He posted bond and was released.

DIRT UNDER FEET

Authorities in West Virginia said a group of truckers briefly blocked traffic on the west-bound entrance to Interstate 70. One driver, Walter Barclay of Omaha, Neb., was arrested for blocking a road, was fined and released.

The amount of Barclay's fine

was not immediately available.

Barclay later drove into Ohio and said he was one of the drivers involved in the Cambridge protest, which started at about 7 a.m. in the westbound lanes on Interstate 70.

"A truck driver right now is

just dirt under peoples' feet," said Barclay who confirmed the West Virginia arrest.

The Ohio Highway Patrol said traffic was backed up for two miles at the height of the Cambridge demonstration which involved about 60 trucks.

Six Die, Scores Injured In Nursing Home Fire

WAYNE, Pa. (AP) — Six nursing home residents were killed and scores of others injured today when fire swept the Caley Nursing and Rehabilitation Center in this affluent Philadelphia suburb.

Firemen, answering four alarms, carried out a rescue operation as the quickly spreading flames mushroomed through the stone building and burst through the roof.

The home's residents, mostly in their 70s or 80s, were evacuated on stretchers and rushed either to hospitals or other

nearby nursing homes. A nurse said the home housed 100 patients.

DEAD ON ARRIVAL
Betty Allen, an information assistant at Bryn Mawr Hospital, said 37 of the home's residents were brought to the emergency room.

Five of them, she said, were dead on arrival.

A spokesman at Wayne Hall, a nearby retirement home to which some of the evacuees were taken, said one of the patients died en route.

Four other nursing home residents were taken to Paoli Hospital.

The center portion of the L-shaped Caley facility was gutted by the blaze. The rest of the building sustained smoke and water damage.

JUMPED

"When I arrived I could see smoke coming from the central part of the building. I could see flames through the windows," said Radnor Township Fire Chief Don Wood. "The people were being evacuated into the new addition."

Wood said the original three-story structure was built around 1900, and that a second-story addition was added about 10 years ago.

GIFTS HELP CHEER FUND

Two gifts today breathed a glow on the members of the Christmas Cheer fund, bringing the total to \$30.

Your help is needed urgently in order to assure that the needy are remembered at Christmas time. Please mail or bring your contribution to the Herald for acknowledgment.

Latest donors include:
1905 Hyperion Club \$5.00
Mrs. David Waldo Jones 5.00

FAIR, COLD

Weather forecast, fair and cold, partly cloudy Wednesday, no important temperature changes. Winds expected to continue to be from the north-west at 25 miles per hour with gusts up to 32. Low tonight, near 30, high Wednesday in the lower 60s.

(AP WIREPHOTO)

RESCUED FROM NURSING HOME FIRE — An elderly resident of a nursing home at Wayne, Pa., west of Philadelphia, is taken from a fire-ravaged building in which at least six other persons died. Begrimed rescuers stare up at the building where fire swept through in a rapid blaze.

Teen Takes It On The Lam

"Just a matter of time before I catch him," Ed Cherry, juvenile probation officer, said of a 16-year-old local boy who ran from the courthouse 2 p.m. Monday.

Cherry said he was walking in front of the youth toward the second-floor entrance to the jail elevator when the boy fled. "He got a little rabbit in him and ran. That's all," Cherry said.

The 16-year-old was linked to the Friday night burglary of Bauer Elementary School, police said.

Mike Marquez, legally an adult at 17 years of age, was in county jail this morning. District Attorney Bob Moore has filed a motion to revoke probation given Marquez for participating in the Sept. 29 robbery of Larry Sanders.

Marquez, 700 NW 7th St., pleaded guilty to the robbery charge 10 days before the burglary of Bauer.

He was sentenced to 10 years in the penitentiary and the sentence probated.

North Vietnamese Units Launch Hits In Highlands

SAIGON (AP) — Large North Vietnamese forces spearheaded by tanks and heavy artillery launched a dozen attacks across a wide area of the lower central highlands today. They captured parts of a district town and threatened a provincial capital, field reports said.

Government military spokesmen said that the attacks triggered major fighting and possibly were the prelude to a general offensive South Vietnamese officials have been forecasting for early next year.

Military sources said the North Vietnamese launched 11 separate attacks along a 28-mile front from Dak Song southward to the district town of Kien Duc near the Cambodian border and 90 miles northeast of Saigon.

Government spokesmen claimed a half dozen tanks

were destroyed. First reports said 45 North Vietnamese troops had been killed in the fighting, but there was no report available on the government losses.

Hand-to-hand fighting was reported in Kien Duc, a town of 3,000 population, and field reports said North Vietnamese sappers had seized the national police headquarters in Kien Duc and two other points in the town, which was in danger of falling.

The field reports said that 1,000 civilians, some of them refugees from earlier fighting in the region, had fled from Kien Duc eastward through the jungles to Gia Nghia, 12 miles away.

The strategic Highway 14 between Kien Duc and Gia Nghia was reported open but "dangerous."

The World At-A-Glance

NEW YORK (AP) — From New York to San Francisco, conservation efforts and warm weather combined for a decline in electricity consumption during November. But utility officials say they can't judge how much of the drop was due to the generally higher temperatures and how much resulted from Americans responding to President Nixon's Nov. 8 appeal for energy savings. In New York, a spokesman for Consolidated Edison said that for the weeks ended Nov. 4 and Nov. 11, electricity consumption was higher than during the same period in 1972. The next two weeks showed a decline, however, both from the previous weeks and from the 1972 figures.

provided by about 50 scientists and specialists from a dozen fields. The information is being used to help government officials and research groups across the nation.

SPACE CENTER, Houston (AP) — Skylab 3's astronauts should be able to complete most of their planned earth resources surveys despite excessive use of control gas, space officials report. The astronauts were encouraged Monday when they completed two resources runs over the United States, using only two-thirds of the fuel that was needed for two similar passes Sunday. A computer analysis at mission control told the spacemen how to maneuver the space station to the proper position with less gas consumption. Additional computer checks are expected to reduce the fuel use even more, but probably enough for only 35-40 of the 50 resources runs originally scheduled for the 84-day mission.

GAINESVILLE, Fla. (AP) — An "Energy Center" has been established to pool information about the energy crisis and channel it to industry and government. The University of Florida center — the first of its kind in the United States — is using material

The Controlling Factor

The Papadopoulos regime in Greece lasted six years. The military dictatorship headed by the former colonel was toppled not by an uprising from the political left, which had been its victims, but from the right. And for Greece, that means any return to representative, constitutional government is even more distant.

Papadopoulos had promised parliamentary elections next year after a referendum (in which there was not much real choice) had declared him president. Now Greece has a new president, without even the shaky legitimacy Papadopoulos claimed for himself. The force of bayonets and tanks, not ballots, is the controlling factor still.

What the immediate future portends for Greece is uncertain. Probably there will be some additional repression of dissenters, particularly of students who rioted a few days ago and indirectly brought about Papadopoulos' fall — because the new rulers say he wasn't stern enough in dealing with them.

But for the longer range, the vision of a parliamentary government in the cradle of democracy, even such a limited one as the now-toppled regime had promised — is gone. The Greek military is firmly in control; perhaps a return to monarchy, controlled by the military, may occur. That presents this country, and other NATO nations with a new version of the old problem — the clash of ideological commitment to freedom

Auxiliary Warming Source

Sweaters will soon become a common item of attire on the floor of the United States Senate, but not thanks to any coup scored by the nation's sweater industry. The impetus springs, rather, from the lowering of the Senate chamber's temperature to a fuel-saving 68 degrees.

This bit of austerity ordered by Majority Leader

with military necessity. There seems to be little doubt we will recognize and do business with the new set of military rulers, just as we have done business with Papadopoulos. The age is long past when nations could successfully affect events within another nation by ostracizing it and withholding recognition of its de facto governments. We may as well recognize that fact, and not pretend moral outrage we cannot support.

Mike Mansfield may not last. If senators start getting chills and sniffles, look for the thermostat to be boosted back up. Meanwhile, one might observe that the lawmakers' capacity for producing hot air could be called into play if the need arises. But that would be unkind, so we won't suggest it.

Helpful Hints

Around The Rim

Jo Bright

Helen Hurt, everybody-at-Cosden's Girl Friday, dropped by Monday to leave me an informative (and beautifully done) booklet, "For the Energy Conscious Chef," just published by the American Petroleum Institute.

LATER, WE'LL share some of the recipes, but in this space, let's look at tips on conserving energy in the kitchen. The API suggests:

Plan oven meals. A complete meal can be cooked in the oven as economically as one food item. Remember to turn off the oven as soon as you remove the food.

Match pots and pans to size of burners. A pot that's too small for a burner will allow extra heat to escape. Use pans with flat bottoms for close contact with surface unit.

Prepare double recipes for meals like spaghetti sauce, soups and stews that take a long time to cook. Then freeze for future use.

Avoid oven-peeping. Use cooking aids such as a meat thermometer and time and temperature chart to save fuel. Make sure oven door seal is tight and not leaking heated air.

COVER SAUCEPANS when ever possible. Food will cook faster and you can reduce temperature settings. Be sure pans have tight-fitting lids. When cooking on a surface burner, a high flame is seldom required for long. Use a low one when it will do as well.

Don't take forever to preheat oven. Generally, only 10 minutes is needed. For most dishes, except for baking, there's no need to preheat at all.

Make sure the pilot on your gas range is properly adjusted. It could be using more fuel than it needs to.

Put your pots and pans on the range before the heat is turned on so you won't waste heat.

When possible, use your oven in place of your stove surface units since less heat is lost in confined areas. Thaw frozen foods before cooking when practical.

BY USING glass or ceramic pots and pans on a conventional range, you may be able to lower the heat by 25 degrees without sacrificing cooking efficiency.

Use the minimum amount of water when cooking so it can heat quickly. Toasters, waffle irons, skillets, grills, popcorn poppers, fondue pots and bean pots use less energy for their specialized jobs than does a range, so use the smaller appliances instead whenever possible.

When you cook on top of a range, a vent fan can exhaust heated air directly outside and ease the burden on your cooling system, but don't let it run needlessly.

By dividing a skillet with foil inserts, you can prepare several dishes simultaneously.

My Answer

BILLY GRAHAM

I have never written you before, but hope you will help me now with a Scripture I don't understand. In Matthew, chapter 20 statement 16, it says, "The last shall be first, and the first last." It almost sounds unfair. K.M.L.

That statement, and the whole parable of the laborers which precedes it, has always been difficult to interpret. The secret, however, is to connect it to the earlier story of the rich young man, and also the question of Peter.

You see, Peter seemed to imagine that because he had sacrificed for Christ, the Master was bound to give him a reward. To be sure, Jesus did promise a reward, but He wanted here to rebuke that attitude which motivates service merely for the sake of remuneration.

The story of the laborers, some of whom came at different times, but all of whom got the same pay, revealed a commercial spirit of bargaining and jealousy. Jesus showed them that all who work in His service will receive all they deserve, but that there will be surprises. The amazement will come not because any receive so little, but that some will receive so much.

There's a tremendous truth here. God, who is sovereign in bestowing His rewards, understands that some have little opportunity for their service, and that their ability is

limited, but He proves to them the liberality of His loving heart. Summing up then, here's the lesson. That while we serve God out of gratitude and not for compensation, yet He can be trusted finally for a surprising and unmerited reward.

Opinions Of Tough-Guy

Hal Boyle

By BOB THOMAS
Substituting for Hal Boyle

LOS ANGELES (AP) — Despite his tough-guy portrayals on the screen, Edward G. Robinson was a cautious man in interviews, skirting controversy and avoiding references to his personal life.

Now his autobiography has been published posthumously, and his opinions are revealed, with such matters as troubles with his first wife and their son and his decade-long struggle to save his career from destruction by Red hunters.

Robinson was working on the book with screen writer-playwright Leonard Spigelgass when cancer struck the actor early this year. He died at 79 on Jan. 26, two months before the Motion Picture Academy was to present him with a special Oscar.

He had told his wife Jane:

"Pick up the Oscar for me, dearest one, and don't wear black."

The book is called "All My Yesterdays," and he indicates that some of them were bitter. He had a long, calamitous marriage to the former actress Gladys Lloyd, whom he described as a manic-depressive who was treated many times for her mental problems. The ultimate tragedy for Robinson was when his divorce forced him to sell his art collection, one of the best in America.

He had been a top star, but suddenly Robinson couldn't find work. He spent his days amid his art collection:

"I would have my coffee and toast in the mornings with nowhere to go, nothing to do, idleness hanging heavily upon me, and having no capacity to deal with it. I'd take a little leather brush and dust the Corot and the Dufy and straighten other pictures and wait for the phone to ring or the mail to come."

The phone rang with crank calls, and the mail brought death threats and name-calling — "you dirty, filthy, Communist, Jew gangster."

gan fighting for the underdog early — he was one of them. His support of liberal causes brought him under suspicion from the Red hunters who determined who could not work in the entertainment industry in the late 1940s.

He had been a top star, but suddenly Robinson couldn't find work. He spent his days amid his art collection:

"I would have my coffee and toast in the mornings with nowhere to go, nothing to do, idleness hanging heavily upon me, and having no capacity to deal with it. I'd take a little leather brush and dust the Corot and the Dufy and straighten other pictures and wait for the phone to ring or the mail to come."

The phone rang with crank calls, and the mail brought death threats and name-calling — "you dirty, filthy, Communist, Jew gangster."

Justice Not Served

William F. Buckley Jr.

A fortnight ago I addressed a letter to Judge William Matthew Byrne. "Here," I said to the judge who presided over the trial of Daniel Ellsberg and then aborted it suddenly last April, "is what I, a non-lawyer, want to know. In the general fuss about Nixon and the Watergate Ethos, it has by now been quite commonly accepted that John Ehrlichman's approach to you, that day when he took you to the top of the mountain and showed you the FBI, was an attempt to suborn you in some unspecified way. What I want to speculate on is why that day was unspecified. What, concretely, could Ehrlichman et al have expected from you? That you would direct the jury to a guilty verdict? That you would publicly scorn Ellsberg's motives? That you would cite Ellsberg's lawyers for contempt?"

"I AM making a serious inquiry. I can understand the mechanics of bribing public officials, let's say, to cover up, to decline to expose a man to a grand jury, or to prosecute. But I am unaware just what a sitting judge presiding over a highly publicized trial can actually 'do' in order to distort justice. If you could enlighten me on this matter, abstractly or particularly, I'd be grateful. I intend to speculate out loud in my column on the point, and could do so much more authoritatively with your help."

Alas, I must speculate without Judge Byrne's help, because he has not replied.

YEARS AGO there was a judge in New York State called Townsend Scudder. Lawyers used to marvel at how, without committing any transgression you could put your finger on, he managed to convey to the jury exactly what verdict he thought it appropriate that the jury should reach. He was a hanging-judge type, and his penalties were severe, though not perverse. But the record always showed that in his dealings with the defendant during the trial he appeared to be scrupulously neutral, not to say affable. Even so, Scudder always got his man.

WAS IT suspected by John Ehrlichman — is this the version we

are all accepting? — that Judge Byrne disposes of the skills of Townsend Scudder? Do we fancy a meeting of the top team at the White House at which it was said: Byrne is the kind of man who can midwife any verdict he wants? So therefore let's go to Byrne and bribe him into bringing about the kind of decision we want in the Ellsberg case.

Or is it even easier than that? Does it perhaps require no particular skill in courtroom orchestration? Can any old judge cause a jury to bring in any old verdict? If the latter is the case, then we have a great deal to worry about that, for once, has nothing whatever to do with Watergate. If jury verdicts are merely the instruments of a judge who subliminally manages them, then surely we ought to be much more greatly concerned than we are about the corruption, if not the corruption of, American justice.

JUDGE BYRNE'S reaction, in the Ellsberg case, was really quite extraordinary. Normally the remedy, when the government has tainted evidence, is to refuse to admit it. As it happened, the government didn't have any tainted evidence. Not because the plumbers didn't try to get it. But because it happened that Ellsberg's psychiatrist's files were not sitting there, waiting for burglars to rifle them. No, Byrne threw the case out of court for appearance's sake.

The fact that a representative of the President had approached Byrne about taking a high post in government was transformed by Byrne into a reason for giving Ellsberg immunity. It might be said that Byrne was immunizing himself against possible charges of corruption by the manipulation of Ellsberg.

IT WAS NOT, in my judgement, a very noble thing to do. The service of justice requires alike conviction and exoneration, depending on the factual situation. Ellsberg should not have been convicted because Nixon disliked him. And Ellsberg should not have gone free because Byrne was afraid that people would draw suspicious conclusions about his behavior.

The Washington Star Syndicate, Inc.

Imbalance Can Be Painful

Dr. G. C. Thosteson

Dear Dr. Thosteson: I recently had an examination to try to find out why I was suffering from earache, swelling of throat and legs, high blood pressure and extreme nervousness. The ear-nose-throat specialist's diagnosis was that my trouble was coming from my false teeth which I have had over a year. I asked for a report to take to my dentist and it read: "Right otalgia secondary to malocclusion." Would you explain just what

this means? — J.S.W.

Otalgia is pain in the ear, in this case related to a dental condition. The dental problem is identified as malocclusion — that is, the teeth do not come together properly, and this can throw the jaw out of exact alignment and cause pain in the jaw or in the ear as in your case.

I doubt that it has anything to do with your blood pressure or swelling, but might contribute to your nervousness — you may

be cleanching your teeth with resultant muscle strain.

Dear Dr. Thosteson: I read your column where you said if bothered with leg cramps to write to you. My doctor said he could give me another pill but I already am taking five kinds of medication for various things and don't want to add any more. When I go to bed I get such cramps I have to hop right out of bed. Sometimes the cramps last for an hour.

— Mrs. R.S.

Medications of the quinine type very often are helpful, but if you don't want to take any more medicine, there are other ways of combating leg cramps. A change in diet (to get more calcium) often helps. There also are some simple exercises that can do wonders. Some readers say they have gotten rid of their cramps within two weeks.

How to do the exercises is described in my booklet, "How to Stop Leg Cramps." If you want to give it a try, send 25 cents and a long, stamped, self-addressed envelope to me in care of Big Spring Herald and read it carefully. Leg cramps that last an hour are a misery you shouldn't tolerate.

Dear Dr. Thosteson: I would appreciate it if you could tell me of any exercises to increase the size of the bust. — Mrs. R.P.

There are none — except that exercises to improve posture can make an apparent, although not real, improvement.

JUMBLE — that scrambled word game

Unscramble these four Jumbles, one letter to each square, to form four ordinary words.

DITIO

RATAO

FLANEL

LEARNY

It is NOT spoiled!

Now arrange the circled letters to form the surprise answer, as suggested by the above cartoon.

Yesterday's Jumble: EAGLE TRYST NUMBER UPSHOT

Answer: What she said when the script arrived — "STA-TUE?"

The Mark VI

Art Buchwald

WASHINGTON — Dear Customer, Congratulations! You are now the owner of a 1973 Mark VI Presidential Accident-Prone Tape Recording Machine.

THE MARK VI has been scientifically developed to produce the highest quality hums of any tape recorder on the market. It can malfunction at the press of a button, and you can erase anything you want on your tape without even knowing it.

The first thing to do is sit at a desk facing your typewriter. Place your tape recorder next to you on a small table with the foot pedal underneath the desk. The telephone should be at least three feet behind your chair, almost impossible to reach.

INSERT THE tape into the recorder and push the PLAY button and start transcribing the voices. Then have someone call you. As soon as the phone rings, reach back with your left hand and accidentally press the RECORD button. Instead of the STOP button, making certain while twisting your body to keep your left foot on the pedal.

KEEP THIS position for 5 1/2 minutes, which should erase 18 minutes of tape.

After you hang up the phone, put

the earphones on again, release your foot from the pedal, push the PLAY button and you should hear a loud shrieking hum.

IF FOR some reason you do not get the hum after the telephone call, you are probably doing one of several things wrong.

1 — Check to see that the tape you inserted is the one you wanted wiped out. All tapes look alike and some are not worth erasing.

2 — Did you by accident press the STOP button when you should have pressed the RECORD button? If you press the STOP button when the phone rings, it is IMPOSSIBLE to accidentally erase a perfectly good tape.

3 — Were you sitting in the correct position when the phone rang?

4 — Did you keep your foot on the pedal when you answered the phone and accidentally pressed the WRONG button? Your Presidential Tape Recorder Mark VI will not malfunction unless you push the wrong button at the right time.

5 — The quality of the hum you get on your tape will depend on your foot pressure. A weak hum indicates you do not have your foot pedal pressed all the way down to the floor.

The Mark VI Presidential Tape Recorder has been tested under combat conditions. Secretaries all over the United States swear by it.

A Devotion For Today . .

They said to each other, "Wasn't it like a fire burning in us when he talked to us on the road and explained the Scriptures to us?" (Luke 24:32)

PRAYER: O God, open my eyes that I may see, open my ears that I may hear, open my mind that I may believe what is in the scriptures concerning the message of Jesus Christ about You. Then may I so live in Christ that my words and deeds will commend Him to others. Amen.

AT CARVER'S PHARMACY Pick Cologne At Christmas

"Mon Triomphe" is a new men's cologne that blends with the chemistry of each individual guy so that he will have his own scent. It is nationally advertised on television and is now available at Carver's Pharmacy, 310 E. 9th. A great Christmas gift for your special guy.

This is just one of the items in stock that would make good Christmas gifts. They have this brand in cologne, after shave and in sets and also have a full line of many other men's colognes.

For the women, they have some delightful perfumes and other selections including a special Maybelline line for eye make-up.

They also have a full line of Aller Cream and Arex cosmetics for persons with allergies.

It's hard to tell you how many things are available at Carver's.

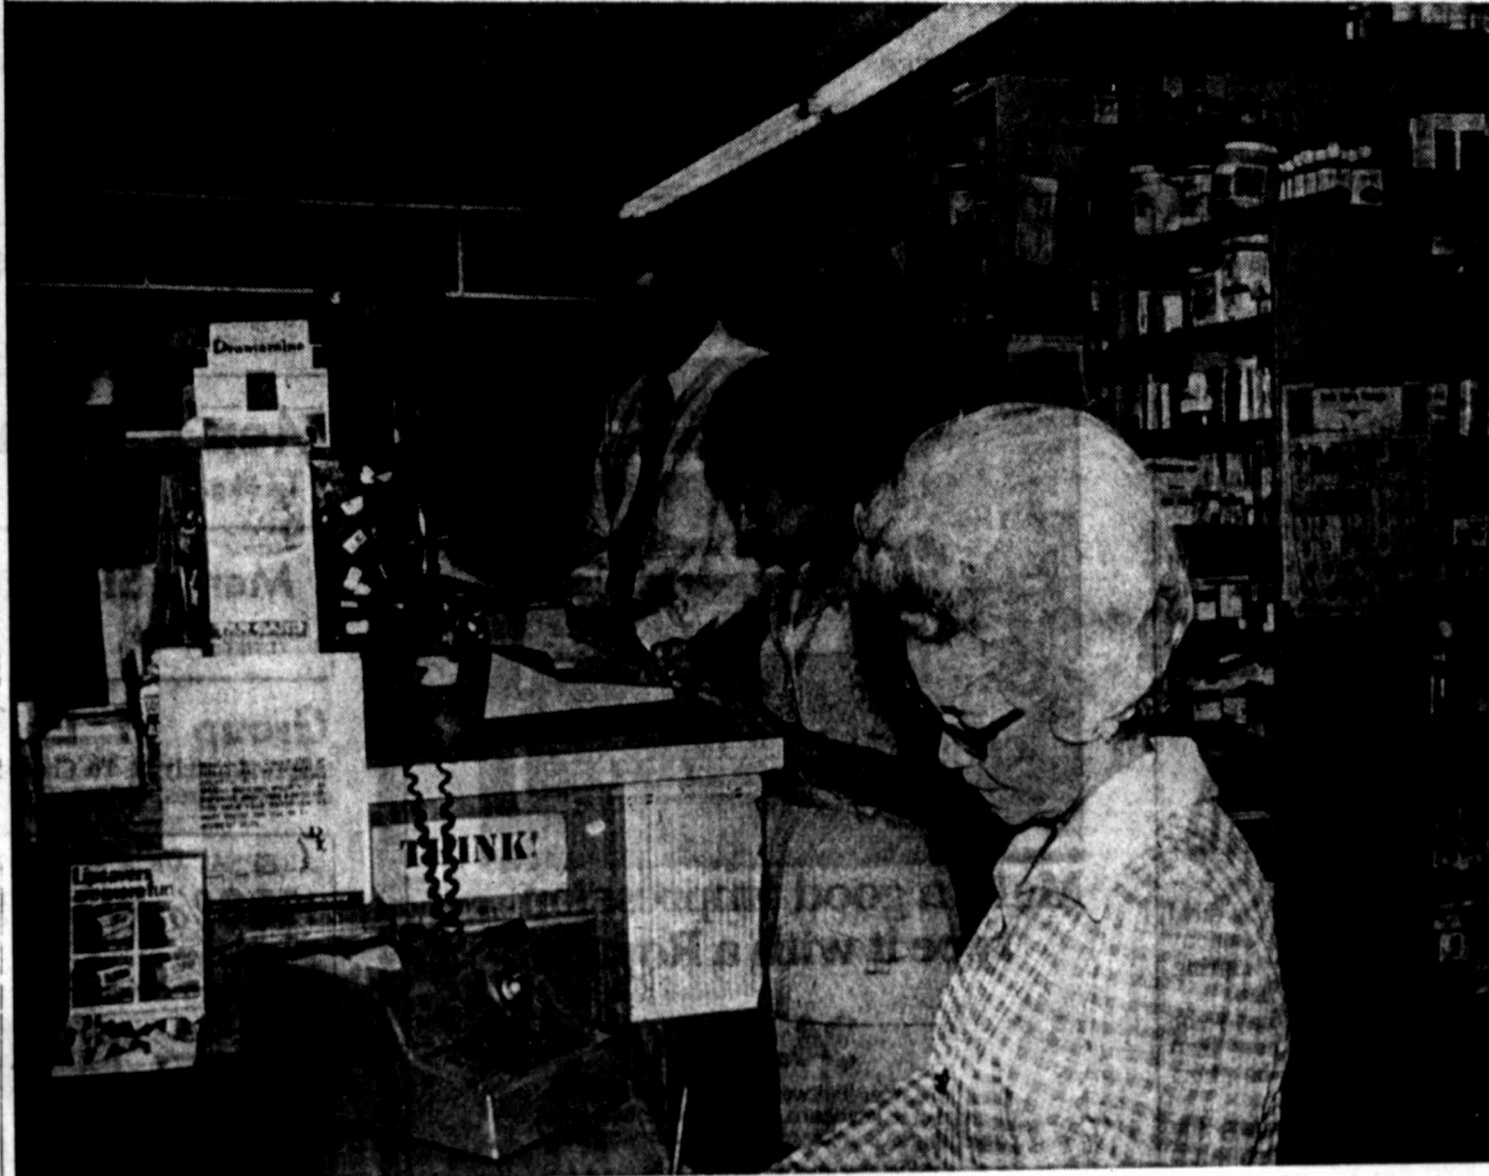

Drop by and see for yourself before you go any further into your Christmas shopping. Of course, Carver Pharmacy's first concern is still to make sure their customers are served with pharmaceutical service. They are ready to serve you exactly as your doctor orders. Drop by Carver's.

Jay's Welding Offers Unusual Gifts

Do you want a really unusual Christmas gift? Call Jay's Welding at 207 NE 2nd. He has a selection of wrought iron patio furniture and other items. The business is willing to custom-make upon order almost any ornamental or wrought iron furniture.

Jay Pearson, owner of Jay's, suggests that the local housewife think about next spring's patio and order patio furniture early so that it can be ready by the time the weather becomes warm again. Then drop by Jay's and place that order. See what he has on hand. He can build lawn chairs, coffee tables, ornamental flower boxes, bird cages, lantern cages and other items.

Speciality at Jay's is that they will really strive to please your individual taste and build whatever you order in such a manner that it fits in with individual desires.

Call Jay at 263-1420 and discuss with him the new ornamental appointment available. They also maintain a full term welding shop and do all kinds of commercial welding including repair of farm and oil field equipment and other welding needs.

Call H-O-M-E For Real Estate Needs

Home Real Estate Company, with offices downtown in the Permian Building, is now showing a brand new home in the Wasson Place addition at 2406 Alamesa Drive, Big Spring.

This home is factory built to precise standards and quality control and sells for several thousand dollars less than comparable site built homes. All such homes are built by First Manufactured Homes Inc., of Lubbock.

These homes are inspected by the plant inspectors as well as FHA and city of Lubbock inspectors. Each home meets or exceeds all standards established by FHA, as well as the city of Big Spring building code. These homes are not to be confused with modular homes, prefabricated houses, or mobile homes.

This conventional house is built in the Lubbock plant, transported by the home movers to Big Spring, then bolted to its concrete foundation.

This assembly line construction allows us to offer you, the home buyer, many extra features not found in most 1,280 square foot homes.

This new home, shown exclusively by Home Real Estate Company, has three bedrooms complete with two bathrooms, large single family living area and a double car garage. The home is all electric.

Central heating and refrigerated air will provide a comfortable climate year round. The home is carpeted, draped, and the yard is fenced.

The modern kitchen features a dishwasher, disposal, trash compactor, electric stove and is plumbed and wired for washer-dryer.

Convenient financing is available with this type home qualifying for a 30-year FHA loan or a 25-year conventional loan.

Call Home Real Estate Company for an appointment to view the facility or information concerning this type of home.

Their telephone number is easy to remember: Just dial 3 and then H O M E.

TO SPEAK — Senator Lloyd Benisen will be among the speakers at the state Farmers Union meeting to be held Dec. 7-8 at the Ko-Ko Palace in Lubbock. Several directors from the Glasscock County unit will be among those attending.

Voters In Houston Go To Polls Today

HOUSTON (AP) — Voters here choose a new mayor today with their choice probably riding on turnout.

City officials predict only about 225,000 to 250,000 of Houston's 650,000 registered voters will go to the polls to choose between Dick Gottlieb, a two-term city councilman, and Fred Hofheinz, an attorney making his second bid for the job.

Also at stake in the runoff election is control of the board of trustees of the Houston School District—the nation's sixth largest—and two city council seats.

LOW PROFILE

For Hofheinz—the son of former mayor and Houston Astro owner Roy Hofheinz—this campaign is looking like a rerun of two years ago when incumbent Louie Welch beat him in a runoff by 15,000 votes.

Voters flocked to the polls after Welch pitched his campaign on retention of Police Chief Herman Short, who is very unpopular in the black community but enjoys widespread support among conservative whites.

Gottlieb, a political ally of the retiring Welch, was running a low profile campaign until last week when he started blasting Hofheinz' campaign tactics in the black community and pointing out that Hofheinz had received 85 per cent of the black vote in the October general election.

LAW AND ORDER

In press interviews and in paid political advertisements

Turkey Shoot Is Slated By Group

A turkey shoot will be held Friday, Saturday and Sunday sponsored by the Big Spring band boosters organization.

The event will be held at Webb Air Force Base all new trap range. Directions will be given at the main gate.

On Friday and Saturday, the shoot will be open from 10 a.m. until dark and on Sunday from 1-5 p.m. shells will be on sale at the shoot.

since last Thursday, Gottlieb, a former television announcer, has been calling upon white voters to turn out and vote for his campaign of "law and order with justice."

Hofheinz, who also enjoys the support of organized labor, has replied that Gottlieb received 90 per cent of the black vote when he ran for the city council last time. Black voters make up about 26 per cent of the electorate here.

The school board race features a battle for three runoff positions between candidates backed by opposing slates—the Concerted Action for Responsible Education (CARE) and Citizens for Good Schools (CGS).

NEGRO EXEC

CGS has controlled the board for the past four years but CARE candidates won two

seats in the October election and led in three others.

CARE candidates have charged that progressive educational theories among CGS-backed candidates have caused reading test scores given to children districtwide to dip. They call for a return to basic education.

The CGS in turn has charged CARE wants to abandon district policies of individualized education. They also say reading test scores have dropped here—as in other urban communities—because of larger numbers of minority children. They say the tests are biased in favor of white, middle-class children.

In the two council races, incumbent Homer Ford faces Lawrence Pope, a Negro supermarket executive, and newcomers Jim Westmoreland and Dick Maegle battle for Gottlieb's old council seat.

Accounting Suit

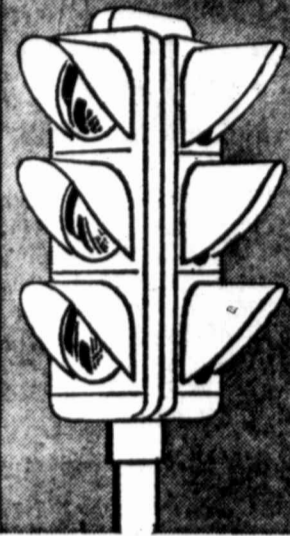

Cosden Oil and Chemical Co. is a defendant in a 118th District Court suit for more than \$32,000 although Cosden is not one of the defendants from whom the payment is asked. Katherine M. Carter of Bexar

County filed the suit, which also requests an accounting of funds paid by Cosden to other defendants.

She wants a judgment declaring an oil payment of 1951 paid, clearing title to the oil properties involved.

CHOOSES GIFTS — Royal Mills, a patient at Veterans Administration Hospital, visits the gift shop established in the hospital each year by the American Legion Auxiliary. The shop allows hospitalized veterans to select gifts for members of their immediate families, and these are wrapped and mailed at no cost to the veteran. The gifts are donated by the American Legion and other veterans' organizations. Assisting Mills are Mrs. Charlotte Young, left, of Crane; Mrs. Peggy Parr, Odessa; and Mrs. Zelda Rea, Big Spring, American Legion Auxiliary representative.

Speaker Discusses Interior Decorating

"Our Own Home" a talk on interior decorating was given to Mu Zeta Chapter, Beta Sigma Phi, by Ted Hatfield of Good Housekeeping, Monday evening in the home of Mrs. Gary Davis, 2401 Cheyenne.

Hatfield emphasized that choice of style and color are important in selecting furniture. He advised choosing a favorite color that is pleasant and liveable and a style that not only is liked, but also fits the family needs. He cautioned that "fad buying" can be costly. "Personal tastes overcome any rules of decorating,"

said Hatfield. He pointed out that each room needs a focal center, such as a fireplace for any grouping. "Accessories are important, for they make a room," he said. "Wall accessories should be of main concern."

Mrs. Coy Mitchell, president, announced food baskets, with turkeys and canned goods, will be given to two local families.

A salad supper for all Beta Sigma Phi chapters will be at 7 p.m., Dec. 6 in First Federal Community Room.

The chapter's Christmas party will be in the home of Mrs. Ollie Harrington, Kentwood Apartments, No. 101, at 7:30 p.m., Dec. 8. Phi pals will exchange gifts at the guest affair.

A party for the adolescent unit at Big Spring State Hospital will be one of the Christmas projects. The party will be held at 7 p.m., Dec. 17, and members will cooperate with Alpha Chi chapter, Epsilon Sigma Alpha in providing gifts and sandwiches for the young people.

Mrs. Billy King, ways and means chairman assigned workers for the bake sale slated 8 a.m. to 12 noon Dec. 15 at Foodway Store.

The next meeting will be at La Posada Restaurant, at 6:30 p.m., Dec. 10.

Senior Scouts Invite Inquiry

A meeting of all Senior Girl Scouts will be held at 7 p.m., Dec. 11, in the home of Mrs. Lin Bell, field director, 1601-B Lexington.

Girl interested in joining the Senior Scouts are invited to attend. Information regarding the advantages of being a Senior Scout will be provided.

Senior Scouting encourages girls to plan their own programs and activities with minimum adult guidance.

For further information, call 263-1364 or 267-6089.

High Scores In Coahoma Games

Mrs. Wendell Walker won high score at games held by Coahoma Bridge Club Monday evening in the home of Mrs. Tommy Wyrick. Mrs. Billy Jack Darden won low, and Mrs. Marion Hays took Bingo. The next meeting will be at 7 p.m., Dec. 10 in the home of Mrs. Jody Sory.

Genealogy Group Plans Research

The Genealogical Society of the Big Spring will conduct a family research workshop from 5-9 p.m., Thursday, at Howard County Library. Those interested are invited to bring genealogical reference books. Other materials will be provided.

Christmas Party Held At Church

Charles Parham, minister of music at First United Methodist Church, and Mrs. Parham presented the program Monday afternoon when Howard County Home Demonstration Council held its Christmas party in the fellowship hall of the church.

Mrs. Parham sang Christmas songs, accompanied by her husband. They were introduced by Mrs. W. Y. M. Etchison, program leader, and the Biblical Christmas story was read by Mrs. L. Z. Rhodes.

The annual event is for all home demonstration club members, with each club taking part in the arrangements. The tree was provided by Airport HD Club, the City HD Club was in charge of the program and refreshments and decorations were planned by the Coahoma HD Club and the Fairview HD Club.

Gifts were exchanged, and the group sang Christmas carols.

Refreshments were served by Mrs. Alton Underwood, council president, and Miss Sherry Mullins, county HD agent. The table was covered with a white linen cloth and appointed with crystal.

The next meeting will be Jan. 7 in the agent's office.

'Sand Dollar' Legend Told

The legend of the sand dollar was told by Mrs. Woodrow Jones, guest speaker Monday evening for the 1941 Study Club of Coahoma, as part of the program, "Christmas Heritage". Mrs. Jones described the physical appearance of the sand dollar, explaining the Christmas symbolism attributed to the various markings. She was introduced by Mrs. Johnny Zitterkoph, program leader.

The club members met in the home of Mrs. P. A. Wynn, Coahoma, with Mrs. Grady Tindal as cohostess. Mrs. Wendall Shive, president, conducted a brief

business session during which members turned in gifts for residents of an area nursing inn. The gifts will be delivered before Christmas by Mrs. Rod Tiller.

Mrs. Dwayne Clawson led group singing, and gifts were exchanged. Refreshments were served from a table decorated in the holiday motif.

The next meeting will be at 7:30 p.m., Jan. 7 in the Clawson home with Mrs. Johnny Justiss as cohostess. The program "Responsibilities in Safety" will be presented by Mrs. L. M. Davis.

Mother, Baby Honored With Coffee Saturday

Mrs. Douglas Jones and her infant daughter, Jana Renae, were honored at an informal coffee Saturday in the home of Mrs. C. W. Jones, 1010 E. 13th. The mother is the former Linda Williams of Big Spring, wife of the Rev. Douglas Jones, Fittstown, Okla.

Receiving guests with the honorees were the infant's grandmother, Mrs. B. H. Williams, and an aunt, Mrs. Bob Jones.

Cohostesses were Mrs. Dick Davis, Miss Lynda Davis, Mrs. Russ Kraus, Mrs. H. D. Stewart, Mrs. Ben Hitt, Mrs. Lloyd Curry and Mrs. Jerry Oliphant.

The refreshment table, covered with a pale blue cloth edged in white lace, was centered with ivy and pink flowers in a ceramic bootie and pink candles in china holders. Other appointments were of silver and china.

Rev. Jones, pastor of

First Baptist Church, Fittstown, is the son of former Big Springers, Mr. and Mrs. Floyd R. (Jack) Jones.

No Big Deal

Dear Abby
Abigail Van Buren

DEAR ABBY: My husband is 47 and I'm 45. Five years ago he had an affair with a young woman who works at the factory where he works. It's all over now and I have forgiven him, but another problem has come up. I have a 24-year-old daughter who started working at the factory where her father and this old flame of his are still working.

Different people who work there have told me that my daughter has been going around asking people if they know in which department her father's old girl friend works so she can get a look at her. She told her foreman she just wanted to see if she could see what her father saw in that lady that made him flip his lid and hurt me so much.

What can I do about this? I don't want my daughter to see this woman. Worrying about it has made me a nervous wreck.

NIGHTMARES IN R.I.
DEAR NIGHTMARES: You can't stop your daughter from trying to satisfy her curiosity. So what if she does see this woman? The affair is over, so put it out of your mind and don't make a federal case out of it.

DEAR ABBY: I am a 16-year-old girl with a BIG problem. My nose. Both my parents have noses like you wouldn't believe, so it's no wonder.

I have no brothers or sisters. I joke about it, saying, "After my parents saw me they decided not to have any more." (It's probably true.)

I have friends, but I've never had a date. I'm always clowning around, laughing at myself, but inside, my heart is breaking because I feel so ugly with this nose.

I've begged my parents to give me a nose job but my father says it's too expensive, and my mother says if people don't like me for myself they are false friends.

I'm a good student but I want to quit school and get a job so I can start saving for a nose job. I need it NOW, not 10 years from now. Do you know of any plastic surgeon who will do my nose now and let me pay him later? I'll sit with his kids, I'll scrub his floors at home or at his office. I'll do anything, Abby, if he'll fix my nose now and let me pay him on time. Please? "SCHNOZ!"

DEAR SCHNOZ: Send me your name and address and I'll do a little nosing around for you.

DEAR ABBY: I am glad that airlines are now separating smokers from nonsmokers, but can't something be done to help office workers who don't smoke, yet are obligated to spend eight hours a day, five days a week in closed offices with workers who smoke all day long?

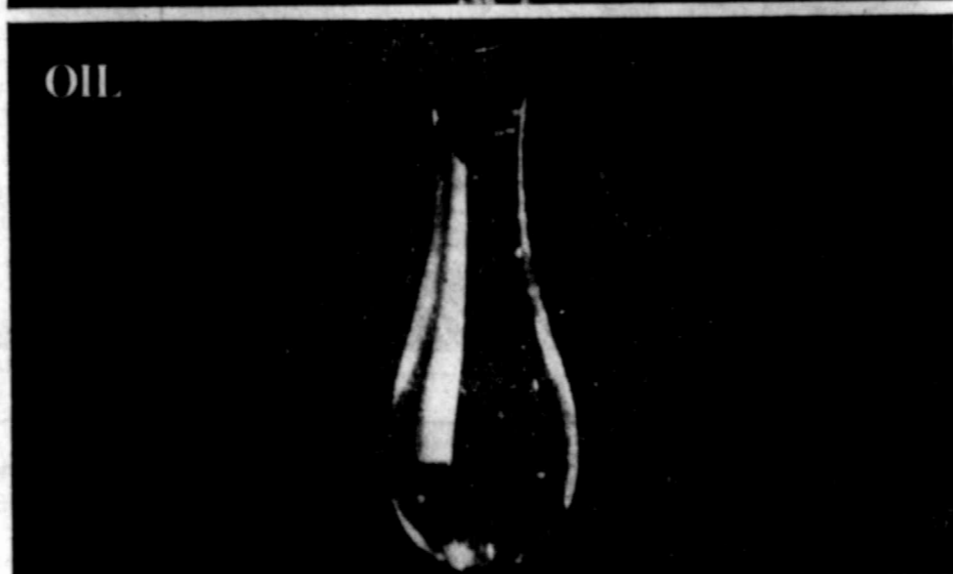

Nonsmokers are made miserable by the thoughtlessness of our fellow workers, not to mention the harm done to our hearts and lungs by forced breathing of others' smoke for hours. Many don't dare complain because the boss and his secretary both smoke, and they, with other smokers, would be furious if we protested.

We need our jobs, many being too near retirement to think of seeking employment elsewhere. Can't the Environmental Protection Agency set standards for offices in this country?

What IS the answer for this category of long-suffering nonsmokers?

SICK FROM SMOKE IN N. MEX.

DEAR SICK: I wish I knew. You can't legislate consideration for others. Most cigaret smokers are aware that they offend nonsmokers, but are either too hooked to refrain or too selfish to care. I just wish they would voluntarily go somewhere else to indulge their habit.

What TESCO is doing to provide the electricity you'll need:

We're diversifying the fuels we use to generate electricity. It's necessary, but expensive.

Natural gas is the major fuel for our generating plants, with oil used on a standby basis. Both are in increasingly short supply.

To reduce our dependence on natural gas and oil, we began several years ago to diversify to lignite and nuclear fuels which are not extensively for any other purpose than the generation of electricity. We now have one East Texas lignite coal plant in operation and two others under construction. But plants that can use lignite cost about twice as much to build as gas-fueled plants.

Because there is also a limit to available lignite supplies, a nuclear-fueled plant, which will cost more than three times as much as a gas-fueled plant, is scheduled to be in operation by 1980.

In the next five years Texas Electric must spend more than \$700 million on new construction, as much as we have spent in the last 21 years combined. The only way we can finance these much higher costs and provide the electricity that our customers depend on is to obtain rate increases when they are needed. We have such a need now and plan to ask the cities and towns we serve to approve an increase in electric rates in early 1974.

We are working to supply the electricity you need, but it will have to cost more in the future.

Notre Dame 3rd In Football Ballot

By The Associated Press

The Fighting Irish of Notre Dame climbed into third place in The Associated Press ratings today, setting up a Super Sugar Bowl meeting with New Year's Eve between the nation's two highest ranking eligible bowl teams.

Notre Dame will meet No. 1-ranked Alabama in the Sugar Bowl in a game that probably will determine college football's national champion for 1973.

Alabama helped close out the regular season Saturday with a 35-0 trouncing of Auburn. The Crimson Tide received 34 first-place votes and 1,090 points from the 58 sports writers and broadcasters across the country who participated in the final regular season balloting.

The national champion will be determined in a poll following the Jan. 1 bowl games.

Oklahoma held onto second place with a 45-18 walloning of Oklahoma State. The Sooners received 16 first-place votes and 1,023 points as they continued their season-long role of spoilers.

Although ineligible for a bowl game because of recruiting violations, Oklahoma soundly defeated both Cotton Bowl teams — Texas and Nebraska — tied Southern California's Rose Bowl-bound defending national champions and beat two other bowl teams — Missouri and Kansas.

Notre Dame, fifth a week ago, earned two first-place votes and 810 points after closing out its first perfect regular season since 1949 by crushing Miami of Florida 44-0.

The Irish climbed past idle Ohio State and Michigan, which each slipped a notch to fourth and fifth, respectively. The former received two first-place votes and 799 points while Michigan got one first-place ballot and 780 points.

The remaining three first-place votes went to unbeaten Penn State, which stayed in sixth place with 679 points.

Baylor, A&M Still Unbeaten

By The Associated Press

The Southwest Conference's shabby basketball inter-sectional record got another jolt Monday night with Southern Methodist tumbling from the unbeaten ranks to leave Texas A&M and Baylor with the only unblemished records.

Rugged Kansas State throttled the Mustangs 77-61 as the SWC dropped five out of six games to run its record to an inglorious 5-13 record against outside foes.

Texas A&M was the only conference club to register a victory, defeating Southwest Texas 74-65.

In other games, Western Kentucky shaved Arkansas 102-100, Louisville mauled Houston 87-81, Mississippi State ripped Texas 87-82, and Vanderbilt overcame a 15-point Texas Tech lead to down the Red Raiders 84-82.

Texas A&M Coach Shelby Metcalf used 14 players as the Aggies ran their record to 20. Jerry Mercer was the top scorer for A&M with 16 points while Bruce Featherston hit 17 for the Lone Star Conference Bobcats.

THIS WEEK'S SCHEDULE
Tuesday-Texas at Baylor 7:35 p.m., TCU at North Texas 7:30 p.m., Wednesday-Tennessee at Arkansas 7:35 p.m., Thursday-Wabash at Houston 8 p.m., Texas State at Texas 7:30 p.m., Pacific at Texas A&M 7:35 p.m., Arkansas at Texas Tech 7:30 p.m., Saturday-Wabash at Arkansas 7:35 p.m., Baylor at Western Kentucky 7:30 p.m., Florida at Houston 8 p.m., Lamar at Rice 7:35 p.m., SMU at UCLA 8 p.m., Texas Tech at Oklahoma City 7:30 p.m., Oklahoma City at TCU 7:30 p.m., Session of Texas Tech 7:35 p.m.

THE CITY RESERVES THE RIGHT TO REJECT ANY AND ALL BIDS OR TO ACCEPT THE MOST ADVANTAGEOUS COMBINATION OF QUOTATIONS. UNLESS DENIED IN WRITING BY THE BIDDING AND SPECIFICATION. A 2% AVAILABLE AT THE OFFICE OF THE PURCHASING AGENT, CITY HALL. SIGNED: WADE CHOATE, Mayor. SIGNED: ROBERT MASSENGALE, City Secretary. Nov. 25, 1973. Dec. 4, 1973.

Southern California held onto seventh place while Texas moved up from ninth to eighth in the Associated Press ratings today, setting up a Super Sugar Bowl meeting with New Year's Eve between the nation's two highest ranking eligible bowl teams.

Tulane's 14-0 triumph over LSU dropped the Tigers from eighth to 13th while allowing Tulane to re-enter the Top Twenty. The Green Wave is 17th.

The Second Ten consists of Texas Tech, Nebraska, LSU, Houston, Miami of Ohio, North Carolina State, Tulane, Maryland, Kansas and Tennessee.

Last week, it was Arizona State, Texas Tech, Nebraska, Houston, Miami, N.C. State, Kansas, Maryland, Tennessee and Missouri.

The Top Twenty, with first-place votes in parentheses. Season records on 111-point scale. Points tabulated on basis of 20-18-16-14-12-10-8-7-6-5-4-3-2-1.

1. Alabama (34)	11-0-0 1,090
2. Oklahoma (16)	10-0-0 810

10. Arizona St.	10-1-0 275
11. Texas Tech	10-1-0 275
12. Nebraska	8-2-1 222
13. Louisiana St.	9-2-0 199
14. Houston	10-1-0 191
15. Miami, Ohio	10-0-0 188
16. N. Carolina St.	7-2-0 51
17. Tulane	9-2-0 44
18. Maryland	7-3-1 27
19. Kansas	8-3-0 16
20. Tennessee	8-3-0 16

Steals Help Sink Steelers

MIAMI (AP) — "We caught a team that was frothing at the mouth," said Pittsburgh Coach Chuck Noll after the Miami Dolphins bolted to a 30-3 half-time lead on five pass interceptions before emerging with a 30-26 National Football League victory over the Steelers Monday night.

The loss was Pittsburgh's third in a row and dropped the Steelers into a tie with Cleveland and Cincinnati for first place in the American Football Conference's Central Division.

Pittsburgh and Cincinnati have 8-4 records with Cleveland 7-3-2. All have .667 percentages. Four interceptions by Miami safety Dick Anderson proved decisive in the nationally televised game. He returned two of them 27 and 38 yards, respectively, for touchdowns. He also took a third 31 yards to the Steeler 27 to set up a two-yard scoring pass from quarterback Bob Griese to tight end Jim Mandich.

The only other scores by the Dolphins were on field goals of 28, 46 and 14 yards by Garo Yepremian, the first after an interception by Curtis Johnson. Pittsburgh held Miami's offense to eight first downs, only one of them in the second half.

Anderson's four steals tied the league single-game record but he said he rated his 1972 interception and 62-yard touchdown return against Baltimore in the 1972 AFC title game as a greater thrill.

The Steelers' last hope for victory died after Miami coach Don Shula ordered Griese to run into the end zone for a two-point safety rather than punt with 1:04 left to play. Larry Seiple followed with an 80-yard free kick which put Pittsburgh on its own seven and safety Jake Scott followed with Miami's sixth interception.

The Steelers were held to a 37-yard field goal by Roy Gerela in the first half. They stormed back into contention on a five-yard pass from Bradshaw to Preston Pearson, a 21-yard run by Franco Harris and a 17-yard pass from Bradshaw to Pearson.

Bufs Roll To 5th Win

SAN ANGELO — The Stanton Buffaloes upped their season cage count to 5-0 here Monday with a 56-47 smacking of the San Angelo Lake View Chiefs.

Gordon Eiland hit 15 points in the victory, while Gene Louder added 13 and Steve Cook managed 10. Cook hauled in 16 rebounds and David Standifer grabbed 12. For Lake View, Robert Riles notched 14 points.

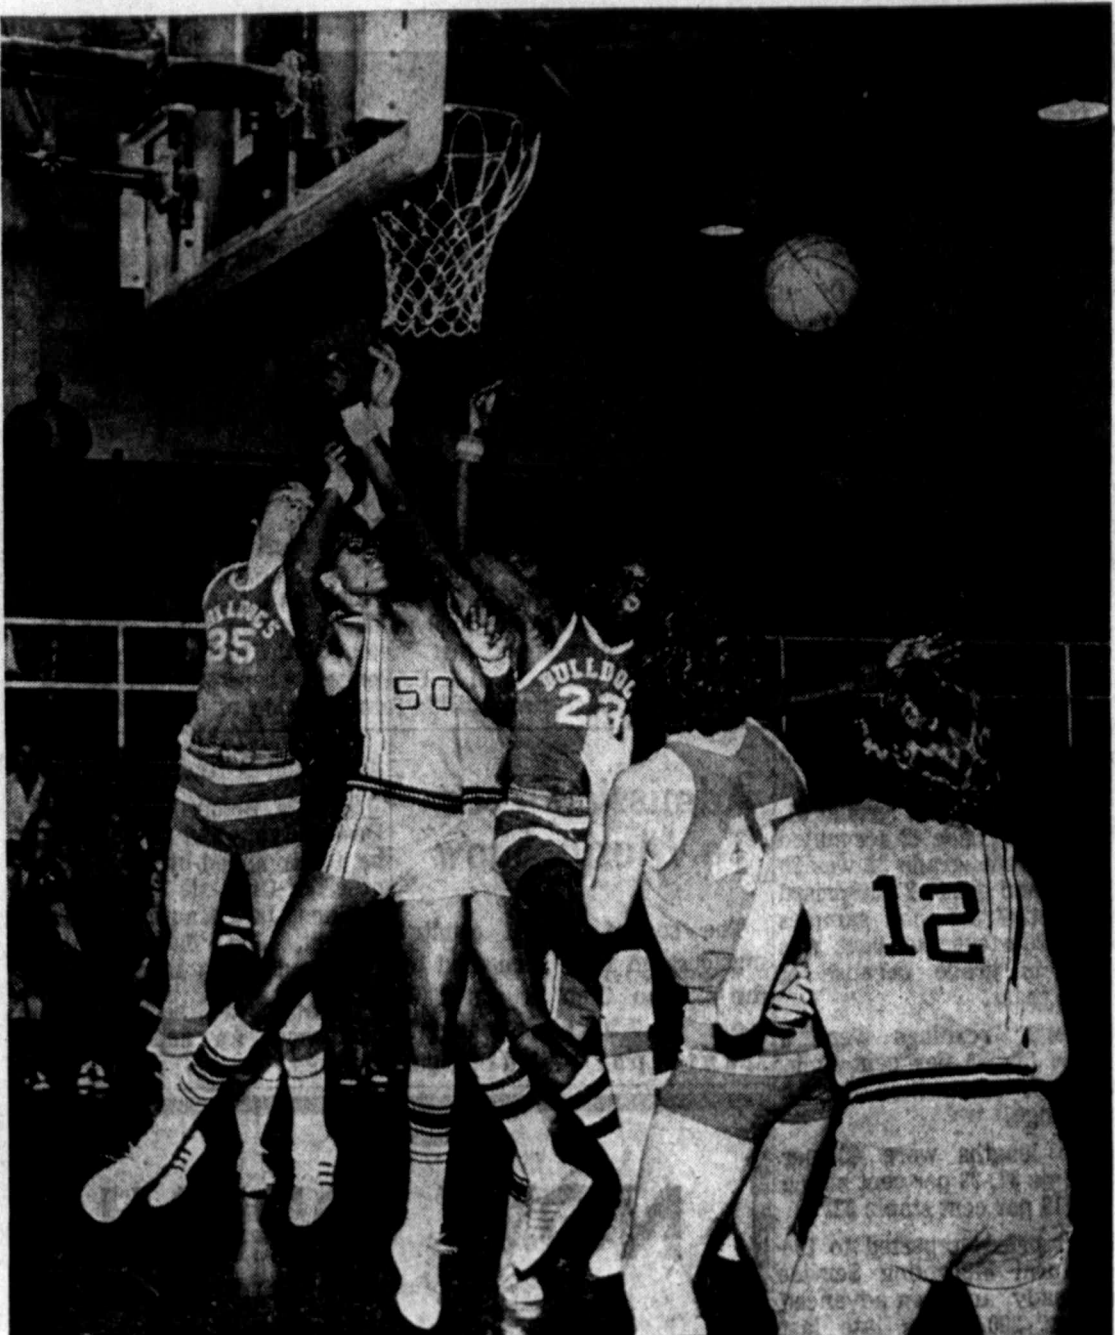

In the Junior Varsity game, Bobby Richardson drilled 28 points and Tim Glynn hit 20 at Stanton against a 73-58 verdict.

The Bufs returned to action tonight when they visit Tahoka for a pair of games.

STANTON (56) — Gene Louder 5-13, Steve Cook 5-10, Bill Howard 2-3, Gordon Eiland 7-15, Vernon Brown 8-4-4, Green, Leo 8-4-2, David Standifer 9-4-4, totals 29-12-36.
SAN ANGELO (47) — Jackson 4-10, Doug Phillips 1-0-2, Robert Riles 4-1-1, Don Hall 1-0-2, David Enderby 2-3-7, Brown 3-4-2, Ted Butts 1-0-2, Lancaster 8-1-1, Dennis 1-1-3, totals 17-13-47.
Score by Quarters: 10 23 35 56.
Stanton: 10 23 35 56.
Lake View: 4 12 8 30

Westerners Roll

SNYDER — Western Texas nudged New Mexico Junior College 87-85 in a Western Conference basketball tilt here Monday night. Danny McDaniel led the Westerners' with 23 points as the team lifted its record to 7-2 and 1-1. NMJC is 6-6 and 0-1.

(Photo by Danny Valdes)

RUNAWAY BALL — Big Spring's James Zapp (50) and Ricky Traylor go up with Johnny Davis (23) and Mark Mangum (35) of Plainview in a quest for the loose basketball, but this one got away during the Steers' 38-35 triumph Monday night. It was the first home game for the Longhorns, who upped their season record to 4-2. Standing by are Jeff Kuykendall (12) of the Steers and Plainview's Doug Berry (45).

JV, SOPHS SWEEP PLAINVIEW

Steers Win, Host Crane Today

By JACK COWAN

The Big Spring Steers didn't exactly cure their scoring ills against Plainview's Bulldogs, but they patched them up enough to gain a 38-35 triumph over the 'Dogs in Big Spring's home basketball opener Monday night.

The Steers, who hit just 20 per cent from the field in a 36-29 loss to Plainview three days ago, lift their season mark to 4-2 with the win, and it was the second victory over the Bulldogs against the one loss.

Crane's Golden Cranes, 98-67 losers to the Steers in both teams' season opener a week ago, visits tonight for a varsity tilt at 8 p.m., with junior varsities from the two schools to collide at 6 p.m. The Steers sophomores will battle Forsan's varsity cagers in a 4:15 preliminary tilt.

The Steer JVs rallied for a 87-55 overtime triumph over Plainview's JVs Monday, and

the Longhorn Sophs completed the sweep with a 40-34 decision. Larry Stanley led the varsity effort with 14 points, most of the baskets coming at crucial times, and Randy Marshall shipped in 10 points. The pair ignited a second half charge that overcame a 19-14 Plainview halftime edge. The Steers hit 33 per cent from the field.

For Plainview, now 4-4 on the year, Mark Mangum and Doug Berry — both 6-5 — led the way with nine and eight points, respectively.

Big Spring gained a 6-2 advantage in the early going on a basket by Stanley and two by Albo Smith, but then came a seven-minute scoring drought and it looked as if the Steers might equal their 14-minute streak against Plainview last week. Mangum put the Bulldogs ahead 8-6 with 30 seconds left in the first period.

Marshall finally got the Steers back on the scoreboard three minutes into second period, but the Bulldogs went to a 19-12 bulge in the last minute of the first half.

Stanley stole the ball and got a layup with two seconds left to make it 19-14, and he opened the second half with another steal after just eight seconds to cut it to 19-16.

It was Stanley again just 25 seconds later this time from 20 feet, as the Bulldog lead was sliced to one point, and John Thomas Smith put the hosts on top to stay with 6:30 left in the third stanza.

Stanley got the Steer's edge up to five points with 45 seconds left in the third, but Berry muscled his way to two-baskets early in the fourth period to cut it back to one point. The teams traded baskets for the next three minutes, and after Marshall got the hosts back on top by three with 2:42 remaining, the Steers began to

Tim Dunn sank a pair of free throws that put the game away with 1:42 remaining, 38-33. Plainview's last basket was a "gimme" at the buzzer.

In the JV clash, David Beasley tossed in a 15-footer with seven seconds left in overtime to even the young Steers' mark at 3-3. Robert Aldridge, who had 25 points in the game, led the Steers from a 10-point fourth quarter deficit and tied the tying basket with two seconds to making in regulation play to knot the score at 53-53. Beasley had 16 in the win.

The Sophomores got a blanced scoring attack in rolling to their fourth win in seven outings. Brad Carr, Steve Herford, Jim Law and Mike Warren all hit six points and Emzie Woodard added five against the Bulldog Sophs. Jerry Thompson led Plainview with 12 points.

Pitt Frosh Makes All-America Squad

NEW YORK (AP) — The first freshman in 29 years — tailback Tony Dorsett of Pittsburgh — and three repeaters — Randy Gradishar and John Hicks of Ohio State and Richard Wood of Southern California — have been named to The Associated Press All-America college football team for 1973.

The 5-foot-11, 175-pound Dorsett finished as the nation's second leading rusher with 1,586 yards in 11 games as Pitt posted its first winning record in 10 years and first bowl bid since 1956.

The last freshman to win first-team honors was fullback Doc Blanchard of Army in 1944. Blanchard was an All-American three times but graduated from West Point in three years under an accelerated war-time course of study and was not on hand to play as a senior.

Joining Dorsett in the backfield are fullback Roosevelt Leaks of Texas and tailback John Cappelletti of Penn State, who finished fourth and fifth in the national rushing statistics, and quarterback David Jaynes of Kansas, who set six Big Eight Conference passing records.

The AP All-America team will appear on the Bob Hope Special on NBC-TV Dec. 9 at 8 p.m. EST. The backs and offensive tackle Hicks, and the defensive

team consists of wide receiver Leaks, Donovan, White and Shoate. Dorsett is unquestionably the greatest freshman running back in history. His 1,586 yards smashed the previous best by a freshman — 1,291 by New Mexico State's Po James in 1968. His 265 yards against Northwestern in his third varsity game was the best performance ever by a freshman and his 209 yards against nationally ranked Notre Dame were the most ever allowed by a Notre Dame team.

Penn State Coach Joe Paterno calls Cappelletti "the best player I've ever brought." The 6-1, 215-pounder carried 286 times for 1,522 yards and 16 touchdowns and also caught 22 passes for 207 yards and a touchdown.

Tight end Tillman is a 6-5, 230-pounder equally adept at blocking or receiving.

The Honor Team

- First Team: Tight End—Andre Tillman, Texas Tech; 6-5, 226, Senior, Dallas, Tex. Wide Receiver—Tom Swann, Southern California; 6-0, 160, Senior, San Mateo, Calif. Tackles—Buddy Brown, Alabama; 6-1, 243, Senior, Tallahassee, Fla.; John Hicks, Ohio State; 6-2, 238, Senior, Cleveland, Ohio. Guards—Tyler Lafauci, Louisiana State; 5-10, 233, Senior, New Orleans, La.; Bill Yoest, North Carolina State; 6-0, 265, Senior, Pittsburg, Pa. Center—Bill Wynn, Texas; 6-2, 205, Senior, Spring Branch, Tex. Quarterback—David Jaynes, Kansas; 6-2, 207, Senior, Bonner Springs, Kan. Running Backs—John Cappelletti, Penn State; 6-1, 215, Senior, Upper Darby, Pa.; Tony Dorsett, Pittsburgh; 5-11, 175, Freshman, Altoona, Pa.; Roosevelt Leaks, Texas; 5-11, 220, Junior, Brentwood, Tenn. Defense: Ends—Pat Donovan, Stanford; 6-5, 235, Junior, Helena, Mont.; Randy White, Maryland; 6-4, 240, Junior, Wilmington, Del. Tackles—John Dutton, Nebraska; 6-7, 248, Senior, Rapid City, S.D.; Dave Gallagher, Michigan; 6-4, 245, Senior, Piqua, Ohio. Guard—Lucius Selmon, Oklahoma; 5-11, 226, Senior, Euclid, Ohio. Linebackers—Randy Gradishar, Ohio State; 6-3, 232, Senior, Chambers, Ohio; Rod Shoate, Oklahoma; 6-1, 214, Junior, Sprio, Okla.; Richard Wood, Southern California; 6-2, 238, Senior, Elizabeth, N.J. Backs—Jimmy Allen, UCLA; 6-2, 191, Senior, Clearwater, Fla.; Artimus Parker, Southern California; 6-2, 215, Senior, Sacramento, Calif.; Mike Townsend, Notre Dame; 6-3, 178, Senior, Hamilton, Ohio. Second Team: Tight End—Dove Cosper, Notre Dame.

Lubbock Christian JVs Visit Hawks

Howard County's Lubbock Christian College JVs in a 7:30 p.m. tilt tonight at the HCJG gym, but there's more than just a slight chance the Hawks will be thinking two nights ahead during the rematch.

The HCJG cagers drilled Lubbock Christian 107-73 in their home opener two weeks ago, and carry an 11-2 standing going into this meeting. But one of those losses was at the hands of the Odessa College Wranglers, and the Hawks get a chance to avenge that one Thursday in Odessa.

Odessa and HC will clash in the second Western Conference game for both teams Thursday at 7:30 p.m.

The bidding:
1 ♠ Pass 1 ♠ Pass
2 ♠ Pass 3 ♠ Pass
3 NT Pass Pass

Opening lead: Four of ♠
Like in battle, victory in bridge often goes to the side who gets there "fastest with the mostest." East came up with a spectacular defensive play which, with his partner's cooperation, allowed the defenders to get their tricks in first.

South was somewhat optimistic in the auction. However, when his partner announced a club fit and better than average hand, he felt that the playing strength of his hand warranted a try for the no trump game.

East played the queen of diamonds to the first trick, and declarer made a routine holdup play. The normal continuation would be the king of diamonds, to set up West's diamond suit. However, considering the high-card strength

Harvest Over Half Complete

B. B. Manly Jr. of the USDA, Abilene Cotton Classing Office estimates that the cotton harvest is more than one-half completed in the area serviced by that office.

As of Dec. 1, some 283,500 samples had been graded in Abilene. Only 84,000 samples had been graded by this date last season.

A total of 52,500 samples was graded during the week ending Dec. 1. About one-half of these were assigned white grades and about half were light-spotted. The white cotton was 27 per cent grade 41; 13 per cent grade 31; and 9 per cent grade 51. Light-spotted grade 42 accounted for 22 per cent, grade 32 was 20 per cent, and grade 2 comprised 7 per cent of the total samples graded. Fourteen per cent was reduced in grade because of bark or grass.

Micronair readings were 5 per cent low, 6 per cent high, and 89 per cent within the 3.5 to 4.9 range.

Staple lengths were 46 per cent staple 31, 29 per cent staple 30, and 19 per cent staple 32.

Cotton prices reported to the Agricultural Marketing Service were steady, and then advanced by about 200 points late last week. Cotton with staple 31 or longer was in greater demand. A price differential as great as 650 points was reported between staple 30 and staple 31 cotton of the same grade.

Premium micronaire, grade 4130 ranged in price from 46.50 to 51.00 cents per pound. Prices ranging from 50.25 to 54.85 were reported for grade 4131 during the week. Grade 4231 brought from 48.50 to 54.00 cents per pound.

RICHER BY \$100 — Monty McGuire (left), president and general manager of 3-Way Welding and Construction Inc., was the winner of the \$100 in silver dollars given away by downtown merchants last week. With McGuire is Sam Shultz, local manager of J. C. Penney, where McGuire signed his coupon. McGuire and his family reside at 601 E. 17th St.

Admission Free To Music Show

The second annual country music stage show sponsored by the Civitan Club is slated to begin at 7:30 p.m. today in Municipal Auditorium.

Admission is free. Soloists Benny Hatfield, Dewey Byars and Don Tolle will be accompanied by a band composed of Dr. Gale Kilgore, Pete Jenkins, Jack Kaufman, Ronnie Solman, Joe Johnson, Easy Ezell and Bubba Martin.

Donations will be accepted to buy shoes for underprivileged children.

More Booths Are Rented For Show

The number of tables reserved for display of wares at the gun and antique show Saturday at the Fair Barns has passed the 40 mark.

Byron Hedges, sponsor of the HCJC Rodeo Club which is staging the show to raise a fund to finance its travels to competitive rodeos in the Spring, said that still more exhibitors are expected.

While there will be an emphasis on guns of all types, there will be various weapons and artifacts, jewelry and all manner of antiques. There will be opportunity for buying, trading, selling.

In addition, the club will give several prizes, including 100 pounds of meat, a 30-30 rifle, a box of rifle shells and possibly others.

Those wanting to engage a table for display of wares or collections should contact either Hedges or Coy Joe McCann at the college.
