

RECEIVES ENDORSEMENT FROM HOUSE — Vice President-designated Gerald Ford inspects the suit he will wear during the swearing in ceremony today in Washington. The House endorsed Ford's nomination today.

Record Costs For Fuel Hike Wholesale Prices

WASHINGTON (AP) — Ignited by record costs for fuel, wholesale prices leaped sharply in November, the Department of Labor said today.

The department said the wholesale price index rose 1.8 per cent last month on a seasonally adjusted basis and 1.6 per cent on an unadjusted basis, reversing a two-month trend in which wholesale prices had declined.

Wholesale prices of fuels, and other energy products jumped 19.3 per cent, the highest on record for one month. It surpassed the previous high of 4.1 per cent in January 1948.

Despite the increase in fuel costs, prices for farm products and processed foods and feed dropped sharply, falling 1.5 per

cent below October, the report said.

PATTERNS

Prices of consumer foods, those bought by suppliers ready for the supermarket, were down six-tenths of one per cent on a seasonally adjusted basis and showed a small one-tenth of one per cent rise before seasonal pricing patterns were taken into account.

Leading the explosive increase in energy prices were costs of refined petroleum products, including gasoline, up a record 34.7 per cent.

Crude oil prices jumped 4.5 per cent; electric power 1.1 per cent; and coal 6.6 per cent.

The leap in fuel prices pushed up prices for industrial commodities by 3.2 per cent,

the highest on record on a seasonally adjusted basis.

Wholesale prices of consumer finished goods rose a sharp 3.5 per cent, with increases in the prices of heating oil and gasoline responsible for most of the climb.

MILK ITEMS

Among farm products, costs of cattle, raw cotton, poultry, oilseeds and grain were down. But there were some increases. Prices of milk at the farm were up 5.4 per cent and eggs 2 per cent.

The report said prices of such processed foods and feeds as fats and oils, beef and veal, processed poultry and animal feeds dropped last month but prices of cereal, bakery prod-

ucts and sugar rose.

Among the consumer foods, the report said, lower prices were reported for processed poultry, beef and veal.

The department said the increase in wholesale prices pushed the monthly index to 141.8 of its 1967 base, or 17.5 per cent higher than at this time a year ago. The index means that it would cost \$14.18 to buy the same amount of wholesale goods that \$10 purchased in 1967.

Wholesale prices fell by five-tenths of one per cent in October, led by a 3.3 per cent decline in prices of farm products and processed foods and feeds.

The jump in fuel prices was expected by the Nixon administration and is, in fact, part of its strategy to try to reduce consumption of fuel.

COST OF LIVING

Fuel prices, particularly gasoline prices, are expected to continue their sharp upward movement over the next several months.

Consumer prices in October rose a sharp eight-tenths of one per cent, primarily because of big increases in the retail cost of fuel oil, coal and gasoline.

When the October consumer price report was made available two weeks ago, one government analyst said that "all fuels are absolutely going out of sight." He raised the possibility of fuel prices at the wholesale level going up by more than 50 per cent.

HILL SAYS 55 MPH Limit Not Valid

AUSTIN, Tex. (AP) — The State Highway Commission's decision to change the driving habits of millions of Texans—by lowering the maximum speed limit to 55 miles an hour—has been overturned before work could start on the new speed signs.

Atty. Gen. John Hill ruled late Wednesday, just 24 hours after the commission had acted, that the agency had no authority to alter statewide speed limits.

Speaker Price Daniel Jr. responded by saying he would try to meet today with Gov. Dolph Briscoe about calling a special legislative session—to change the speed limit, as well as possibly creating a superport for giant oil tankers, shortening the public school schedule and enacting an oil and gas unitization measure.

Daniel's office in Austin reported today that the speaker, who was at his home in Liberty, talked with Briscoe by telephone about 15 minutes.

Neither Briscoe's nor Daniel's office had any comment on the conversation.

"If we are going to meet and resolve this (energy) shortage any time in the near future and minimize the hardships and inconvenience imposed upon the people of this state and nation, we are going to have to act boldly and act now."

Patrolmen, Ohio Guards Move Trucks

By The Associated Press

Highway patrolmen and National Guard tow trucks began removing heavy tractor-trailer rigs today from busy Interstate 70 east of Columbus, after angry drivers refused to budge.

Ohio's east-west turnpike to the north, meanwhile, remained blocked, and there were fresh stirring of new driver protests in Pennsylvania, hit by tieups earlier in the week.

On the Ohio Turnpike, drivers protesting higher fuel prices and slower driving speeds had begun to clear the massive jam that had clogged the highway for about 24 hours. Then some apparently changed their minds and the blockade was on again at another point down the road.

Drivers said they had decided to halt the movement because Gov. John J. Gilligan would not meet with them.

The confrontation on I-70, the state's other major east-west highway, came after drivers had cleared eastbound lanes of the highway without incident. When truckers on the other side of highway defied orders to move, officers moved in and led some dissident drivers away.

In Pennsylvania, a driver claiming to be a spokesman for the truckers said 1,400 rigs had stopped at Lamar, Pa. He said they were waiting to see how one of the truckers' representatives fared in Washington with a list of 10 demands.

"We're going to shut the trucking industry down until we get our rights and are recognized," said Gil Dollar, 32, of Dallas, Tex.

Near Toledo, meanwhile, an estimated 200 trucks blocked Interstate 75, a major north-south road, and Interstate 280. Tieups also were reported at daybreak on U.S. 20 and U.S. 250, but the status of those stoppages later in the morning was not known.

Passed Secret Data To Russian

McGUIRE AFB, N.J. (AP)— An Air Force sergeant pleaded guilty today to three charges related to passing secret documents to a Soviet diplomat last July 21.

James D. Wood waived a general court-martial and entered the plea before a military judge.

Wood, a 35-year-old native of Tacoma, Wash., was arrested on a Queens, N.Y., street corner when he met with Viktor Chernyshev, first secretary of the Soviet embassy in Washington. The 18-year Air Force veteran was en route to a restaurant in Lenox at the time.

Chernyshev pleaded diplomatic immunity and subsequently left the country.

Wood's court-martial had been scheduled to begin Wednesday, but was postponed after discussions between Wood and the military trial counsel assigned to defend him, apparently over what plea would be entered.

Moss Lake Closed To Public Again

Moss Lake is closed while improvements are being made to the living facilities and the premises around it, according to Roy Anderson, assistant city manager.

Anderson said that the park is usually closed during the month of December and they shut down a little bit earlier this year, hoping to have it ready to re-open shortly after Christmas.

A WOOD BURNER? — No, it's not a new source of energy for this car, but just a station wagon carrying an artificial fireplace to the Harvey Taylor home in Rochester, Minn.

WARMER

Clear to partly cloudy through Friday becoming a little warmer. High today upper 30s; low tonight low 30s. High Friday low 60s. Winds south to southwesterly 5-15 mph today becoming light and variable tonight.

Will Not Ration Gasoline Before March 1, Simon Says

WASHINGTON (AP) — The chief of federal energy programs told senators Thursday that gasoline will not be rationed before March 1.

William F. Simon, administrator of the federal energy office, said the government could work out details of a rationing program within 60 days after a decision is made. Whether rationing will be required will be decided this month, he said.

Testifying before the Senate Government Operations Committee, Simon repeated that the Nixon administration considers rationing the last resort solution to the fuel shortage.

LOSING OIL

But, he added, the administration will not hesitate to order rationing if the need requires.

The committee is hearing testimony on the bill to create the Federal Energy Administration (FEA) to oversee production, conservation, allocation and rationing of fuels for two years.

Simon, whose federal energy office was created by President Nixon, would be administrator of the new FEA.

Under questioning by Sen. Henry M. Jackson, D-Wash., Simon said the administration wants to evaluate how voluntary energy conservation measures are affecting the shortage before making a decision on rationing.

"But we've delayed and delayed, and we're losing one million barrels of oil a day by not rationing," Jackson said.

HIGHER TAXES

Simon said standby machinery to implement rationing will not be set up before a decision to ration is made. The reason, he said, is that the administration will have to decide what type of rationing to use.

Under consideration are several types of rationing. Under

Some Sinister Force Caused Gap In Tapes?

WASHINGTON (AP) — Alexander M. Haig Jr., said today he and White House lawyers had discussed the possibility that "some sinister force" had been responsible for the gap in one of the subpoenaed Watergate tapes.

Haig testified the discussion occurred on Nov. 20 after it was determined that two distinct tapes obliterated an 18-minute segment of the tape of a conversation on June 20, 1972 between President Nixon and H.R. Haldeman, Haig's predecessor as White House staff chief.

Truck Blockade Of IS 20 Is Distinct Possibility

By ANN STEVENS

The possibility of a blockade of IS 20 by truckers upset over the scarcity and rising price of fuel and over the lowering of highway speed limits is not unlikely, say local truck stop managers.

"IS 20 might be blocked. In fact, I think it will," said J. W. Powers, manager of Pina Truck Stop on Refinery Road.

Phil Ragland, Rip Griffin Truck Stop manager, wasn't so sure but he said a blockade of the local interstate is possible in connection with a call by some drivers to tie up highways and thus gain attention for their demands.

The Associated Press reported Wednesday that some drivers and a West Coast trade magazine have called for such a move while columnist Jack Anderson wrote Tuesday that word is spreading for a 48-hour shutdown of highway truck traffic probably Dec. 13 and 14.

Powers said a lot of the truckers stopping at his establishment are "pretty upset" mainly because he is out of diesel fuel. He said his allocation is based on that of last year and that his business has quadrupled since last year, leaving him without enough fuel.

He said the truck drivers are also upset over the lowering of speed limits in some states. Lower speeds supposedly cut down on the efficiency of the trucks and may result in a reduction of earnings to some drivers.

Some, Powers said, are pessimistic about their own futures in the industry while others are just not worrying about it, content to take each day as it comes.

Ragland said the pessimism voiced particularly by the industry up East is not that prevalent here where fuel runs about 34 cents per gallon as opposed to the 50-70 cent prices in the nation's northeast.

He did say, however, that he expects truckers throughout the South to be sympathetic toward organized blockades of highways and other attempts to force a remedy to the situation.

An Associated Press report today, however, says the consensus among Texas trucking firms is that they do not advocate blockade of highways as

Cotton Harvest In County May Total 75,000 Bales

Assuming 60 per cent of the cotton has been harvested and delivered to gins, you can forecast 75,000 bales of cotton total this crop year for Howard County.

Wednesday, county gins reported weighing in a total 46,501 bales.

Quality appears good, and the price is high.

At Fairview, the Paymaster Gin counted 6,298 bales trucked in or half of the estimated business this crop year.

Farmers Co-Op, Knott, found 6,101 bales delivered to its gin. A spokesman estimated 4,000 bales yet to come.

With 6,095 bales received, the Co-Op Gins in Big Spring were anticipating reaching the 10,000 mark.

In Coahoma, the Wendell Shive Gin registered 5,575 bales received. "There's a lot of it the farmers haven't even started," a spokesman said of harvesting.

The Lomax Gin reported 4,680 bales. "We've just started out here."

Planters at Knott added up 4,600 bales.

Luther's Planter's Gin posted 4,452 bales with "no telling" how much yet to roll in.

Broughton's Gin in Big Spring weighed 2,900 bales, about 50 per cent of anticipated harvest receipts here.

The Vincent Gin put cotton received at 2,500 bales.

The World At-A-Glance

NEW YORK (AP) — Officials in 12 states are studying the possibility of reducing auto insurance rates because of reduced speed limits. And the insurance commissioner in a 13th state — Louisiana — already has ordered companies to cut back rates if lower speed limits become law. An Associated Press survey showed the issue was under discussion in almost every state. Insurance officials said it will take some time to tell whether a lower speed limit, combined with less driving because of the gasoline shortage, results in fewer accidents.

PROVIDENCE, R.I. (AP) — A group of designers plans to harness the sun, wind and water to provide power for a 19th-century foundry being converted into an office building. When the renovation is completed next year, energy will be produced by solar panels on the roof, water-powered turbines in an adjacent river and a wind propeller towering over the building. The three-story brick building will become the headquarters for the 25-member staff of the Research and Design Institute. The renovation of the 1850 foundry is expected to cost \$100,000, and the energy equipment up to \$150,000.

SPACE CENTER, Houston (AP) — The physician for the Skylab 3 astronauts says they are in excellent health and nearing peak work efficiency after three weeks in space. Dr. Jerry Hordinsky says he sees no medical reason that would prevent Gerald P. Carr, William R. Pogue and Edward G. Gibson from completing their record 84-day space mission. Hordinsky reported to newsmen on the astronauts' mental and physical health Wednesday.

MOUNTAIN VIEW, Calif. (AP) — Pioneer 10 is nearing the boundary of Jupiter's magnetic field as it rushes along on its journey out of the solar system. The space probe swept to within 81,000 miles of Jupiter on Monday, taking closeup photographs and making scientific measurements. It will take more pictures of the rapidly receding Jupiter today to beam back to earth. Scientists expect the spacecraft to become the first man-made object to escape the solar system. It is expected to do this about 1987. The 570-pound spacecraft is more than 1.8 million miles from Jupiter, with its velocity slowed to 30,000 m.p.h.

CHEER FUND PROSPERING

There was much to cheer about today for the Christmas Cheer Fund.

An outpouring of generosity by many individuals who pulled the annual appeal out of its starting ruts and gave it a wonderful momentum. As a result, the fund multiplied by 10 times.

Two donors noted "merry Christmas boys and girls," and the same can be said for adults in unfortunate circumstances. If you can help, too, please mail or bring your gift to The Herald.

Latest donors include:	
Webb Officers Wives Club	\$100.00
Mr. and Mrs. Wade Choate	50.00
Mem. of Christmas cards	20.00
Mr. and Mrs. Freddy Rheault	10.00

ONE FOOT AFTER THE OTHER — Seven scouts of Troop 1, led by scoutmaster Lee Mulkey, are shown nearing the end of a recent 15-mile hike which originated in Coahoma and wound up at the scout hut in Comanche Trail Park. Some of the youths were working toward hiking merit badges, others toward hiking skill awards. The group had its ration with it and prepared a meal after reaching the park. Visible in the foreground were John Mulkey, Ricky Gilliland, and Jesse Curry. Others in the group were Joe Gilliland, Mark Pittman, Don Mulkey and Mike Thon. (Photo by Donny Valdez)

Santa Claus Special: 'We've Never Run Out Of Candy Yet'

By ELIZABETH MORIARTY

Johnson City Press-Chronicler

KINGSPORT, Tenn. (AP) — In some places you couldn't even see the houses the children came from.

But there they were, in groups of two or three, standing beside the single track, waiting for the Santa Claus special.

The sun held its way into the backwoods hollows of Appalachia, displacing the morning mist, and the children stood and waited for a brief glimpse of old No. 1, its white flags snapping, clouds of steam, a well-worked tender, and finally the car edged in holly carrying Santa and a load of pre-Christmas surprises.

ABOUT IT

"I'll bet that's about it for some of those kids as far as Christmas is concerned," said one of the men tossing candy and books and toys off the back of the train. A look at the hard lined faces of the adults along the track and the sometimes

crazily leaning shanties visible from the train were evidence he might be right.

It was the 31st annual Santa Claus special, a project of Clinchfield Railroad and the Kingsport Chamber of Commerce.

Over 1 1/2 tons of candy alone

were donated by Kingsport businessmen for this year's 93-mile journey between Elkhorn City, Ky., and Kingsport last week. The route winds through southwestern Virginia and coal mining country.

HOW SMALL?

And there were other gifts too—fish tanks and ant mazes by the score, books, toys, stuffed animals, pads of paper, balloons, and even panty hose and stockings for the women along the way.

Old No. 1 is Clinchfield's 90-year-old steam engine, "Rosebud." It provided the whistle, the steam—but most of the power came from two diesel locomotives.

"We've never run out of candy yet," said one of the veterans of the journey. "And we won't this year."

The mood on the train was jovial, but they got the job done. Two men stationed themselves on either side of the back platform, watching for children.

"There's a small group on the right," one called out. "How small?" "About half a dozen. Two car lengths away."

Tom Moore, Clinchfield general manager, reached his gloved hands into the mass of green and red taffy candy. Santa reached for a handful of balloons and books.

UPTURNED FACES

"Now call the watchman." And, as if by magic, the candy and toys landed on the tracks beside the children.

All day that was the sight, candy bouncing, leaves from the paper pads fluttering, and the children running. Many came armed with paper bags to pick up the booty.

In the larger towns along the route, the train made brief stops. The back of the train was engulfed by people. Reaching hands, upturned faces, paper bags held open, little children on their fathers' shoulders.

"I don't know that I've ever seen so many people waiting for the train," said A.B. Coleman, of Kingsport Chamber of Commerce. Coleman has made the journey 30 of the 31 years.

HERE'S HOW

The black market flourished in World War II despite a huge bureaucracy set up to run it.

Government planners said a World War II-type plan, in which coupons were nontransferable among drivers, has been all but rejected.

Administration planners like the transferable-coupon approach because, as one said, "it would stop the black market and the bureaucracy would be smaller."

Each motorist or vehicle would be issued a specified number of coupons, each limiting them to a specific number of gallons.

Present thinking is to issue the coupons either by drivers' license or by vehicle registration. The administration is reported to be thinking of allowing 10 to 15 gallons of gasoline per week. The coupons, however, would be good for a period of several weeks, meaning they could be saved up.

WANT ADS

But, if a motorist found he didn't want to use all of them, he could sell them freely or barter them off or give them away. "He could put an ad in the newspaper, for example," said one official.

Or, he could cash them in at a designated place, probably a bank, for money at a price to be set by the government. The government is thinking of using banks to help issue and help cash in the coupons.

With a gasoline tax, the plan would work differently.

The coupons would excuse a motorist from paying a heavy gasoline tax of from 20 to 40 cents. Once he ran out, he would have to pay the tax.

Foreign Aid Bill Advances

WASHINGTON (AP) — The House Appropriations Committee has approved a \$5.8 billion foreign aid bill including President Nixon's request of \$2.2 billion to replace Israel's losses in the Middle East war.

Originally the House foreign operations appropriations subcommittee had cut the Israel request to \$1.7 billion. However, it was restored to the full amount by an amendment from subcommittee Chairman Otto E. Passman, D-La.

Passman's amendment would require Nixon to notify Congress 10 days in advance before spending anything more than \$1.7 billion of the money.

The measure also includes \$2.4 billion for foreign aid, \$1 billion for the Peace Corps and international development banks and \$2.4 billion in emergency funds, including the Israeli money. The total is \$1 billion less than Nixon had asked.

Tavern Loses 'God' Prefix

ELNORA, N.Y. (AP) — A state ruling caused the removal of "God" from "Godfather," but no infringement on religion was intended.

The State Liquor Authority said the name of a new restaurant, "The Godfather," had "criminal" connotations and refused to grant a liquor license.

With some costly editing, the posh Italian-American restaurant now is thriving — with a liquor license — under the name "The Father."

Sunday Driver Becomes Energy Crisis Fall Guy

By OMAR BURLESON

WASHINGTON, D.C. — The Sunday driver has been around since soon after the invention of the wheel.

The Sunday driver, with his family, has always been a legitimate piece of American landscape — something like the barn-side Mail Pouch tobacco signs. He is now being threatened by banning him from the road after his nap on Sunday afternoon.

Instead of honoring the Sunday driver as a traditional citizen, happy in his surroundings and contributing to his community six other days of the week, circumstances now may eliminate him from the scene. This is already the case in seven countries of the world but it should not happen here.

At this point, it makes no fundamental difference as to who is at fault for the so-called energy crisis. In a attacking shortages of whatever kind, (and there are others than just fuel), the economically sound

should not be rejected for that which is politically appealing. Unfortunately in the present situation politics, not economics, may rule the day.

The National Energy Emergency Act, which has passed the United States Senate and is now before the House of Representatives, grants to the President unprecedented control over the economy of this country at a time when the Congress complains long and loud about the usurpation of authority by the executive branch. If this bill should become law, the President would have an authority over the economic life of our nation, the likes of which no President has ever had.

Our State Highway Department says that it will take thousands of dollars to change highway speed limit signs to conform with those recommended to save fuel. If the very worst is anticipated, maybe we should become acquainted with signs saying, "Caution — Horse-Drawn Vehicles."

GAS RATIONING

Coupons Would Have Value Like Money

WASHINGTON (AP) — President Nixon's energy advisers, considering proposals to ration gasoline, are leaning toward a plan in which coupons would be transferable and have value like money.

Again, the coupons could be transferred. The proposal is called the "white market" because it amounts, in effect, to legalizing the black market.

The proposal, dubbed the "white market" by government planners, could be combined with a stiff increase in the federal gasoline tax or stand alone as a coupon system.

Sources said the transferable-coupon idea now tops the list of proposals should President Nixon decide that gasoline rationing is necessary. They emphasized that no final decision on rationing has been made.

RED TAPE

The new energy czar, William E. Simon, is known to favor a combination of the transferable-coupon idea and a gasoline tax to cut consumer demand for gasoline.

Government planners said a World War II-type plan, in which coupons were nontransferable among drivers, has been all but rejected.

Administration planners like the transferable-coupon approach because, as one said, "it would stop the black market and the bureaucracy would be smaller."

DAYAN PLANS TALK WITH KISSINGER IN U.S.

Egyptian, Israeli Jets Duel

By The Associated Press
Egyptian and Israeli jets duelled high over the Suez Canal today, and both sides claimed to have shot down one plane. Each said its own planes returned home safely.

Cairo radio said Egyptian fighters intercepted the Israeli planes over Eln Sukhna, southwest of Suez. "One enemy plane was destroyed and the rest of the Israeli formation fled eastward. All our planes returned safely to base," the radio broadcast said.

CAIRO'S CLAIM
The Israeli military command said Israeli planes were on patrol when they encountered a flight of Egyptian planes. A Soviet-built MIG21 was downed and all Israeli planes returned safely, the command said.

Cairo's claim of downing an Israeli plane was the second in two days. On Wednesday the Egyptians said they had shot down an Israeli jet but the claim was denied by an official Israeli spokesman.

The air clash came shortly after Israeli officials announced that Defense Minister Moshe Dayan would go to Washington to talk with Secretary of State Henry A. Kissinger about resumption of negotiations with

Egypt to arrange a withdrawal of troops along the Suez Canal. Kissinger has been in close contact with Egyptian officials, and observers in Tel Aviv predicted the Israeli-Egyptian talks at Kilometer 101 on the Suez-Cairo road might resume after Dayan's visit.

PULL BACK
Cairo newspapers reported today that Egypt has told the United States and the Soviet Union it will not go to the proposed peace conference with Israel in Geneva unless the Israelis agree to pull back to the Oct. 22 cease-fire line.

The Egyptian presence in Geneva "hinges on the implementation of the U.N. resolutions" calling for the withdrawal, the papers said.

Foreign Minister Ismail Fahmy met Wednesday with U.S. Ambassador Hermann Eilts and Soviet Ambassador Vladimir Vinogradov and presumably gave them this ultimatum.

Egypt broke off its talks with Israel and troop withdrawal a week ago with the claim that Israel was stalling Egyptian papers have warned for the past several days that the stalemate along the Suez front was jeopardizing the Geneva

meeting, expected to open Dec. 18. But officials in Washington have been saying they expect the talks to start in any case.

GET READY
Reports of cease-fire violations on the Suez front continued Wednesday, and a military spokesman in Tel Aviv said "each side is preparing for the worst." He said the Israeli forces were ready for battle

even on a third front, the eastern front." He was referring to the Israeli border with Jordan, which remained quiet throughout the October war.

In Tel Aviv, the central committee of Israel's ruling Labor party gave Premier Golda Meir a decisive vote of confidence after she accepted full responsibility for Israel's setbacks at the start of the war despite in-

telligence reports indicating an Arab attack.

In a long debate on the borders Israel should demand in peace negotiations with the Arabs, most of the party leaders leaned toward a softening of previous positions and renunciation of the prewar Galilee Document calling for increased Jewish settlement in the Arab lands captured in 1967.

DAV To Host Conference

The Big Spring Chapter 47 of the Disabled American Veterans voted to host the regional conference in Big Spring next April 6-7. This decision was made at a special called meeting Tuesday night.

Region I includes 14 counties extending from Abilene, San Angelo, and Lamesa to El Paso, through Andrews and up to Amarillo.

Senior Vice Commander Eddie Aciri has been named convention chairman. It will be the first

time Big Spring has ever hosted the event.

MEN IN SERVICE

Sgt. Roy C. Thomas, son of Mr. and Mrs. Lloyd E. Thomas, 609 Caylor Drive, Big Spring, is a member of the 475th Transportation Squadron that has been named the best in the U.S. Air Force's Pacific Air Forces.

Sgt. Thomas is a vehicle operator at Yokota AB, Japan. The 475th was cited for over-all excellence in operations and maintenance while meeting the transportation needs at Yokota.

The sergeant, a 1970 graduate of Big Spring High School, attended Howard County Junior College and Tarrant County Junior College, Fort Worth. His wife, Maureen, is the daughter of Mrs. Euphemia Sayer of 4164 Redstone Terr., Fremont, Calif.

Lt. Col. Don S. Spencer, son of Mr. and Mrs. Tom C. Spencer, Rt. 3, Comanche, is a member of the Andrews AFB, Md., special missions organization which has earned the US Air Force Outstanding Unit Award for the fourth time.

Col. Spencer is commander of the 99th Military Airlift Squadron of the 89th Military Airlift Wing which received the award for exceptionally meritorious service from July 1, 1970, through June 1972, establishing a reliability rate of 99.5 per cent while providing safe and reliable air transportation and other support for the President of the United States and high-ranking dignitaries of the U.S. and foreign governments.

The colonel, a 1948 graduate of Big Spring High School, earned his BS degree in 1953 at Texas Tech University and was commissioned there through the Air Force Reserve Officers Training Corps program. His wife, Barbara, is the daughter

of Mr. and Mrs. Russell Bryant, 211 Davis St., Edon, N.C. He is a brother of Neil Spencer, Luther.

OKLAHOMA CITY — Airman First Class Larry G. Jackson, son of Mr. and Mrs. B. A. Jackson of Colorado City, Tex., is a member of the 3rd Mobile Communications Group at Tinker AFB, Okla., that has earned its fourth Air Force Outstanding Unit Award.

Airman Jackson is a communications maintenance repairman with the 3rd which was cited for its performance from January through December 1972 in testing a special communications system that would provide tactical electronic communications in emergency situations.

The test covered the 1,154 miles from Oklahoma City to Phoenix, Ariz., with two terminal units and seven relay units operating in between by bouncing ultra-high frequency signals off the six-mile-high ceiling of the earth's atmosphere.

Airman Jackson is a 1970 graduate of Colorado High School. His wife is the former Patti J. Talbot.

CAMP LEJEUNE, N.C. — Marine Lance Corporal Dennis V. Childress, son of Mr. and Mrs. Clinton H. Childress of Stanton, Tex., participated in a firing exercise at the Marine Corps Base here. He serves with the 3rd Light Anti-Aircraft Missile Battalion at the Marine Corps Air Station, Cherry Point, N.C.

He attended Lamesa High School, Lamesa, Tex., and joined the Marine Corps in June 1971.

Critical Time For Energy Is At Hand, Says Pittman

Never before has the United States come to the point of energy demands equalling or exceeding its ability to produce that energy.

But it is at that point now and it likely will remain there for a long time, D. D. Pittman, district manager for Pioneer Gas, declared Wednesday in a talk to the Downtown Lions at the Settles.

The demand for energy during the last 30 years has exceeded that of all history to 1940. It is estimated, said Pittman, that energy requirements of the world will quadruple by the year 2000.

The energy market in the U.S. he continued, consists of 32 per cent for industry, 25 per cent for electricity, 24 per cent for transportation, 14 residential, 5 per cent for commercial. Of the transportation total, however, nearly 100 per cent is in petroleum. In pinching down it is almost basic that industry is not be crippled, because it is the support of nearly every other thing, he reminded.

The shortage is for real, he added, and has been years in the making. The insatiable appetite of industry for energy has been whetted by cheap sources, which no longer exist, and, he predicted, will never again be available at such low cost.

According to geological estimates, the amount of un-

discovered petroleum reserves in the U.S. is equal to all that has been found to date, but it will be increasingly expensive to find and produce them.

There are some alternate sources such as supplementary use of caseified coal (probably \$1.25 mcf; LPG \$1 per mcf, more than twice today's wellhead price for natural gas). There are vast reserves in oil shale, but processes of recovery now are economically prohibitive. Atomic power in substantial amounts is a long way off.

Conservation will be the watchword for a long time to come, he predicted, adding that ultimately cost may be the factor which brings this about. As for Pioneer, he said its reserves are ample for 14 years such as 1972's demands, but he cautioned that efforts are being made to require an allocation of gas reserves to all cities. Pioneer is resisting this before the railroad commission except for meeting human emergency needs and property damage which might result from critical lack of fuel.

The program was in charge of Verl Green. John F. Smith, president, announced a board meeting Dec. 13, and that the club will take part in the State Hospital Christmas party Dec. 17, and the Salvation Army Christmas Cheer bell ringing Dec. 17-18.

TURBANED SAILOR — Ronald O. Sherwood, 22, a Navy petty officer from Houston, says he's joined the Sikh religion which requires members to wear turbans constantly and go unshaven. He's been transferred to a civilian-clothes job at San Diego's Miramar Naval Air Station but faces a court-martial.

Con-Con Briefing For Working Press

AUSTIN, Tex. (AP) — A three-day orientation session on the 1974 Constitutional Convention begins today for Texas press and legislators.

The series of meetings and workshops is sponsored by the Legislative Joint Constitutional Convention Planning Committee, which is making physical arrangements for the 1974 convention, in cooperation with the Texas Constitutional Revision Commission, which is making constitutional revision. Chairman Harry Haines, newspaper publisher and delegate to the Arkansas Constitutional Convention; Charles Johnson, a newspaper reporter who covered the Montana Constitutional Convention, and Tony Abel, Illinois television correspondent who covered the constitutional convention in that state.

The Friday and Saturday sessions are primarily for state legislators, with members of the Constitutional Revision Commission explaining their recommendations for constitutional revision. Chairman Robert W. Calvert and commission vice chairman Mrs. Malcolm Milburn will lead the discussion.

Daniel will be the featured speaker at the Friday luncheon. Key speaker Saturday will be Florida Sen. Richard A. Pettegrew, who was speaker of the Florida House when that state revised its constitution.

Lab Technician Faces Death Quiz

TUCSON, Ariz. (AP) — Testimony is scheduled to resume today in a hearing to suppress certain evidence obtained when police questioned a hospital lab technician in the death of a former Waco, Tex. woman.

Mary Y. Edwards, 31, was arrested in July for investigation into the murder of Catherine A. Faulkner, 45, whose bullet-riddled body was found in her burning home.

Trial was delayed indefinitely when defense attorney David Hoffman claimed Miss Edwards was not represented by a lawyer when police questioned her.

Margaret Mittendorf, a uniformed officer and former Tucson police detective, told the court Wednesday that Miss Edwards said several times during questioning that her attorney was out of town and had told her to remain silent about the case.

The policewoman said she showed Miss Edwards photographs of the dead woman's body and the autopsy report in an effort to "break her down" so she would give authorities a statement.

Police Sgt. Larry Bunting, however, said Miss Edwards did not request a lawyer until long after the interrogation had begun.

Trial is expected to start after the hearings end next week.

Speeders 'Heaven' Spoiled

Registration Is Still Required

AUSTIN — Col. Melvin N. Glantz, the state director of Selective Service for Texas, has announced the appointment of new registrars for Selective Service in each Army National Guard Armory in Texas and in each County Court House.

Glantz reminds young men of their duty under federal law to register with Selective Service at age 18. Timely registration may be completed within a 60-day period beginning 30 days before the young man's 18th birthday.

The State Director announced the appointment of a non-compensated registrar in each Army National Guard Armory through the cooperation of Maj. Gen. Thomas S. Bishop, the Adjutant General for Texas. These Armories are located in all parts of Texas.

Registration can be completed at any Selective Service System Area Office, at many High Schools, and now at every County Court House and National Guard Armory. The young man should have some positive means of identification, like his drivers license, his Social Security Number, and should be able to give the names and addresses of at least two people who are not members of his immediate family who will know his whereabouts.

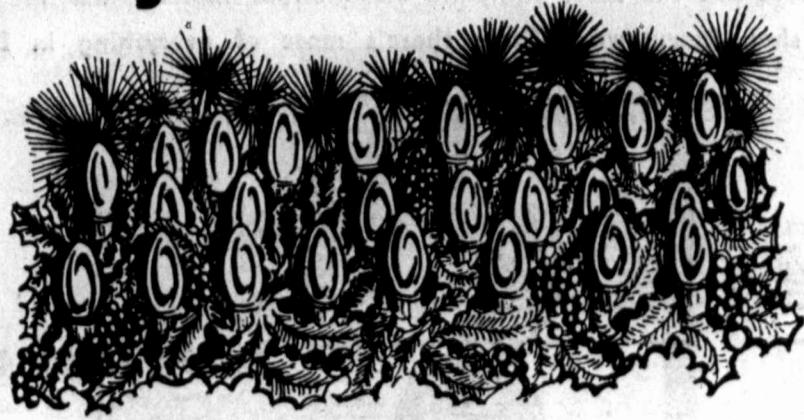

Any question about Selective Service should be taken to the Selective Service System area office in the federal building.

Executive Dies

CANTON, Ohio (AP) — William Umstatt, former president of the Timken Co. and longtime supporter of the Boys Clubs of America, died Sunday at 79. Umstatt was president of Timken, one of the world's largest manufacturers of bearings, from 1934 to 1959.

LOCAL PROGRAMS MAY SUFFER FROM SHORTAGE

Energy Crisis Freezes Athletics, Too

By JACK COWAN

No one's exactly sure who to hang the blame for the current energy crisis on, but one thing is for sure — whotver the culprit is, he's not a sports fan.

Athletics haven't escaped the frightening possibilities of an oilless future, and local programs are already beginning to feel the pinch.

Harold Wilder. "We've only got four overnight trips left on our schedule, and none fall on a Saturday night so we won't be getting caught on a Sunday without gas."

Tascosa and Amarillo Caprock this month were moved from a Friday and Saturday to a Thursday and Friday because of gas station closings on Sunday.

The biggest problems looming, however, remain basketball and football, where daytime games would cause a substantial loss of revenue.

Diamond Deals Hit Fast Pace

HOUSTON (AP) — Mike Marshall got the green light from the Montreal Expos, Charles O. Finley gave the stop sign to the New York Yankees and the National League owner kept the hot San Diego situation moving.

The traffic was terrific at the winter baseball meetings Wednesday.

ACC Frosh Honored As 'Little All-America'

NEW YORK (AP) — The unrelated Johnson boys — little Billy of Widener College and large Gary of Grambling — were named to The Associated Press small college All-America football team for the second year in a row today along with Tennessee State linebacker Raymond Bryant.

for 1,496 yards on 168 carries this season and scored 23 touchdowns — 21 on the ground, one on a 94-yard punt return and one on an 85-yard kickoff return.

Although just a junior, he is ineligible next season and wound up his career with 62 touchdowns, each of which covered an average of 41.7 yards.

Hawks Visit OC In Crucial Battle

ODESSA — The Odessa College Wranglers try to prove their 98-97 victory over Howard County Junior College two weeks ago was no fluke when they host the Hawks tonight at 7:30 p.m. in a Western Conference match-up.

Tonight's action is homecoming for the Odessans, as well as their first WC game. Wilder knows it won't be easy.

The Star Team

- First Team Offense: Tight End—Scott Garske, Eastern Washington, 6-4, 260, Senior, Spokane, Wash. Wide Receiver—Don Huff, Boise State, 6-1, 194, Senior, Boise, Idaho. Tackles—Steve Drongowski, Wittenberg, 6-6, 235, Senior, Kent, Ohio; Henry Lawrence, Florida A&M, 6-4, 253, Senior, Palm Bay, Fla.

Montgomery has to be seen to be believed. The 190-pound rookie from Greenville, Miss., carried 136 times for 854 yards a 6.3 average — caught 30 passes for 411 yards, returned 12 kickoffs for 249 yards and scored an incredible 31 touchdowns.

RODGERS MOVING — UCLA football coach Pepper Rodgers, shown above during an emotional moment in a game with the USC Trojans last month, announced Wednesday he is leaving UCLA to become head football coach at his alma mater, Georgia Tech.

PRO HOCKEY

- NHL Wednesday's Games: New York Rangers 5, St. Louis 1; Chicago 4, Detroit 2; Los Angeles 4, Pittsburgh 1; Atlanta 3, California 3. Today's Games: Montreal at New York Islanders; Toronto at Minnesota; New York Rangers at Buffalo.

For What It's Worth Jack Cowan

Howard County Coach Harold Wilder is rapidly becoming one of our most revered philosophers. Listen to Wilder on the energy crisis.

And here's Professor Wilder again, this time speaking about the bill that is currently before the Senate which would bring all amateur sports under government regulation.

Back to the energy bit for just a second, and Gov. Briscoe's suggestion that high school basketball games be played in the daytime. From what I can remember, most gyms have to use lights in the daytime, anyway.

And now back to Wilder. He didn't particularly care one way or the other when the HCJC Board of Trustees voted a couple of weeks ago to change the team's nickname from the Jayhawks to just plain Hawks, although he did wonder about it like most of the rest of us.

Former Howard County cage mentor Buddy Travis is one of five nominees for the 1973 Junior College Coach of the Year in Texas.

The winner of the honor, plus several other "outstanding" awards in Texas sports, will be announced early in 1974.

COWBOYS FAVORED BY THREE OVER WASHINGTON Pro Football Down To Nitty Gritty

By BEN THOMAS Associated Press Writer NEW YORK (AP) — Hut, 12 down, 2 to go, 10 left for 5.

Brahmas, Goliad Host SA Edison

The freshmen Brahmas and Goliad's eighth graders host the San Angelo Edison Junior High squads today in a pair of basketball games at the Goliad gym.

Lamesa Tor Fans 'Boiling' As Semifinal Bout Nears

LAMESA — The powerful Lamesa Golden Tors are in the Class AAA semifinals for the first time, and the whole town's about to go crazy because of it.

Back to the energy bit for just a second, and Gov. Briscoe's suggestion that high school basketball games be played in the daytime. From what I can remember, most gyms have to use lights in the daytime, anyway.

LAMESA — The powerful Lamesa Golden Tors are in the Class AAA semifinals for the first time, and the whole town's about to go crazy because of it.

And, if that isn't enough, there's the Washington Redskins-Dallas Cowboys clash also on Sunday.

LAMESA — The powerful Lamesa Golden Tors are in the Class AAA semifinals for the first time, and the whole town's about to go crazy because of it.

And now back to Wilder. He didn't particularly care one way or the other when the HCJC Board of Trustees voted a couple of weeks ago to change the team's nickname from the Jayhawks to just plain Hawks, although he did wonder about it like most of the rest of us.

LAMESA — The powerful Lamesa Golden Tors are in the Class AAA semifinals for the first time, and the whole town's about to go crazy because of it.

INDUSTRIAL ENTHUSIASTS — Seventeen members of the Chamber of Commerce Industrial team were presented certificates Wednesday by Burl Hulsey, president of Texas Electric Service Co., fifth from left on back row, for completing a series of training sessions on handling industrial prospects.

Free Lunch Plan Popular

DALLAS (AP) — School officials here say poverty among school children appears to be increasing as they cite growing numbers of pupils who eat free lunches at schools.

But, they add, the growing numbers, now one in three, of children who receive free lunches also represents loosened federal eligibility requirements for the program.

The number of children in the free lunch program climbed from 36,000 in October last year to 43,000 in October this year. At the same time, public school enrollment in Dallas has declined over the past year.

School officials say, however, that under federal rules they must accept a child's word that he is eligible for free school lunches and that a confirming investigation by the school is forbidden by the federal government.

The free lunch program is funded jointly by the state and the federal government.

"The only major problem with the program is there is no provision for meaningful accountability," said Supt. Nolan Estes.

Two Are Injured In Auto Crash

Gerald and Louis Willborn were reported improving at Cowper Hospital Wednesday.

They were injured in a car-truck accident near the Gregg Street west viaduct Saturday night. Willborn operates a gin.

Industrial Team Members Here Given Certificates

Certificates were presented to 17 members of the Chamber of Commerce Industrial Team Tuesday for completion of a series of training sessions on industrial development.

They were awarded at a luncheon at the Country Club at which Burl Hulsey, president of Texas Electric Service Co., presented the certificates and spoke briefly on his company's role in the energy situation.

The training sessions were conducted here in October by members of TESCO's industrial development office in Fort Worth.

One of the requirements of the course was that each enrollee brief others on the industrial team about their specialty.

Pictured above with Hulsey are the men who received certificates. Front row, from the left, are Larry Willard, Auriel LaFond, Roger Brown, Dub Moore, Don Bailey, John

Crash Witnesses Being Sought

Webb Air Force Base's flying safety office is seeking any information relating to the T-37 crash near Gail Nov. 30, according to Captain Bruce Baltich, wing information officer.

Anyone who was in the vicinity of the J. Dennis Rhode ranch north of Gail at around 8:30 a.m., Friday, Nov. 30, and can furnish any eyewitness information is urged to call the safety office, area code 915, 287-2511, extension 2534, Captain Baltich said.

Final Plans Are OKed For Center

By MARJ CARPENTER
COLORADO CITY — Floor plans have been approved for the new Civic Center which is to be built at Second and Oak.

The floor plans and elevations, along with building specifications were presented by representatives of Speed FabCrete of Fort Worth to the city council for approval this week.

Also present at the meeting were representatives of Texas Electric Service Co. to help with informing the council on equipment for the kitchen.

The council decided on a number of changes in the

building plans with the Fort Worth firm to finalize the plans and then put it up for bids.

The front of the building is to be 9-foot archways on a 6-foot porch-like entrance with rock to be utilized on the wall in the porch area. The design approved is of a Western-Spanish type influence in line with the history of Mitchell County.

Only the mayor, C. C. Burt, favored a more contemporary style building.

The building will have 8,074 square feet with two offices for the Chamber of Commerce and

an office for a city employee who will coordinate activities at the civic center. There will also be a small conference room in addition to a big meeting room. There will also be rest rooms, a kitchen, cloak room and storage facilities.

Letter Bombs Alert Issued

WASHINGTON (AP) — A warning has been sent to all congressmen and their staffs from the House postmaster not to open thick letter or book packages because they might contain letter bombs.

Postmaster Robert V. Rota asked in writing Tuesday that all House members or employees who encountered letters or packages of the kind described contact his office immediately.

The U.S. Postal Service disclosed Sunday that it had received information that letter bombs may have been mailed to government offices and major U.S. oil companies from Canada. A spokesman for the postal service said Tuesday that none had been found.

Membership Cards Distributed

The Industrial Cooperative Training Club of Big Spring High School Tuesday night saw members appointed to committees on membership, refreshments and social functions, public relations, professional matters and the scrapbook.

Membership cards, pins and pencils were distributed. Photographs were made for the annual.

Morris Dewberry is the club sponsor.

No Idle Time On Her Hands

By ELAYNE REXROAT
Most people have the better part of a year to prepare for the arrival of a baby. On the other hand, there are those whom the stork contacts one day and delivers to the next. Such is the case with Mr. and Mrs. Robert Stewart and their eight-month-old adopted son, James, who they call Jimmy.

Stewart is an electronics technician for Cable TV and, evenings, studies physics and electronics at Howard County Junior College. He obtained his bachelor's degree in history at Arizona State University, Tempe, Ariz., in 1963.

Mrs. Stewart (Janie) is from Union City, Mich., a small town, and Stewart is from Stockbridge, Mass.

At the time of their marriage, Stewart was in the Army. While he was in service, the Stewarts enjoyed being stationed in Hawaii and various bases stateside. He also did a tour in Vietnam.

Shortly after Stewart's discharge from service (a little over a year ago), he and Mrs. Stewart made Big Spring their home.

The Stewarts have enjoyed many outings in the Gila Wilderness near Las Cruces, N.M., which they describe as one of the most beautiful areas they've ever seen. While on these excursions, they camp out "tent style" and love to fish.

Mr. and Mrs. Stewart also do a little gardening, liking their yard to look pleasant and well-groomed. With their various shrubs and

flowers both of them find it to be a "full" part-time job.

Mrs. Stewart is an adventurous cook, having a knack for choosing recipes and a husband that enjoys a wide selection of foods. If a recipe picture is appealing, and the ingredients sound good, she gives it a whirl.

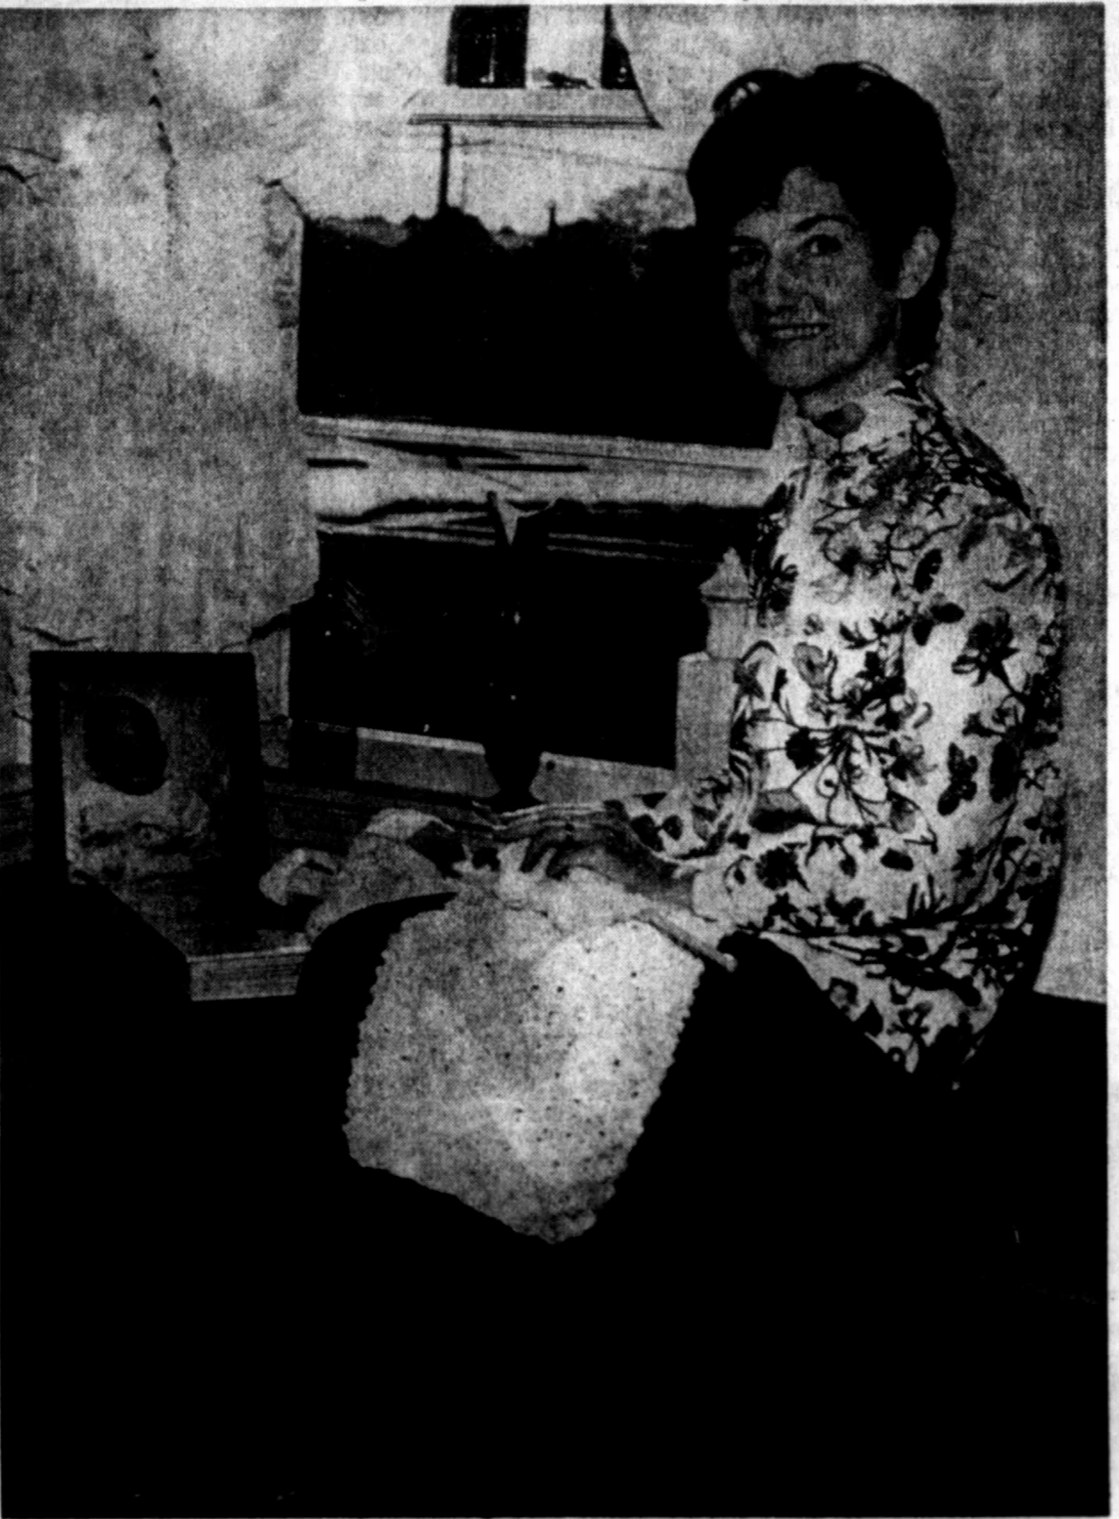

"We enjoy spicy foods as well as the simple stuff," she said. "Spaghetti sauce is the one thing that my husband is great at making. My favorite 'throw together' are stews and soups."

As Mrs. Stewart calmly moved some breakables from the reach of Jimmy, she discussed the glass she's collected. Of all the different sizes, shapes and cuts, each piece has a common denominator — they're all green. Shining through this colored glass, the sun creates a brilliance that would brighten any room.

Being a person that makes every moment count, Mrs. Stewart has little idle time on her hands. In addition to being mother, housewife and cook, she tucks away time to read and has countless arts and crafts projects she's currently working on. She is a member of the Newcomer Handicrafts Club and has tried knitting, crocheting, sewing, crewel, decoupage, crackle art and painting Christmas decorations.

BIG SPRING HERALD

SEC. B BIG SPRING, TEXAS, THURSDAY, DECEMBER 6, 1973 SEC. B

(Photo by Danny Valdes)

RECOMMENDED RECIPES From Mrs. Stewart

CALIFORNIA CASSEROLE

2 tbsps. butter
1/2 cup onion
2 cups cooked rice
1 cup sour cream
1/2 cup cottage cheese
1 bay leaf, crumbled
1/4 tsp. salt
dash pepper
2 small can chilies, chopped

1 cup grated sharp cheese
chopped parsley
Lightly grease frying pan. Sauté onion in butter about 5 minutes. Stir in hot rice, sour cream, cottage cheese, bay leaf, salt and pepper. Mix and layer half of rice mixture, then half of chilies, in casserole. Sprinkle with cheese and repeat. Bake, uncovered, at 375 degrees for 25 minutes. Sprinkle with parsley.

VANILLA WAFER CAKE

2 sticks margarine
2 cups sugar
6 eggs
1/2 cup milk
1 to 2 cups pecans or walnuts, chopped
7 oz. pkg. coconut
12 oz. box vanilla wafers (3 cups crumbs)
Cream margarine and add

sugar. Stir in eggs, one at a time and beat. Mix in remaining ingredients and bake in angel food cake pan at 275 degrees for 1 hour and 45 minutes.

RICE CROQUETTES

1 cup cooked rice
1 cup grated cheese
White Sauce
1 cup milk
4 tbsps. butter
5 tbsps. flour
1/2 tsp. dry mustard
1/2 tsp. salt

Mix rice and cheese with white sauce (sauce should be very thick). Pour into pan lined with wax paper and refrigerate. Allow several hours for mixture to cool completely and set. Cut into squares. Make a mixture of 1 egg and 1 tsp. water. After dipping square in egg mixture, coat with cracker crumbs. Deep fry.

HONEY RUM BALLS

2 cups vanilla wafer crumbs (7 1/2 oz. box)
1/2 cup rum
1/2 cup honey
1 lb. walnuts, ground
Confectioner's sugar
Mix all ingredients except confectioner's sugar. Shape

into small balls, and roll in sugar. Makes 5 dozen.

CHILI

1/2 lb. pinto beans
5 cups tomatoes
2 1/2 cups chopped bell peppers

1 1/2 tbsps. salad oil
4 cups chopped onion
2 cloves garlic, crushed
1/2 cup chopped parsley
1 1/2 lb. ground chuck
1 1/2 lb. ground pork
1-3 cup chili powder
2 tbsps. salt
1 1/2 tbsps. black pepper
1 1/2 tbsps. cumin
1 1/2 tbsps. monosodium glutamate

Soak beans overnight. Drain and put in fresh water. Simmer until tender. Add tomatoes and cook 5 minutes. Sauté bell pepper and onion in oil until tender. Add garlic and parsley. In large pan, melt butter and sauté meat for 15 minutes. Add onion mixture and chili powder to meat and cook 10 minutes. Mix in beans and spices. Simmer 1 hour or more. Skim off fat from top. (Makes 1 gallon chili).

Save Kitchen Energy With No-Cook Candy

While you're busy with all the last-minute details of holiday planning, your youngsters can make this easy Peanut Butter Cream candy. The powdered sugar blends beautifully with the other ingredients, and it's fun to knead the mixture for the candy pan. The only cooking is melting the chocolate for the topping — which requires little skill and little power.

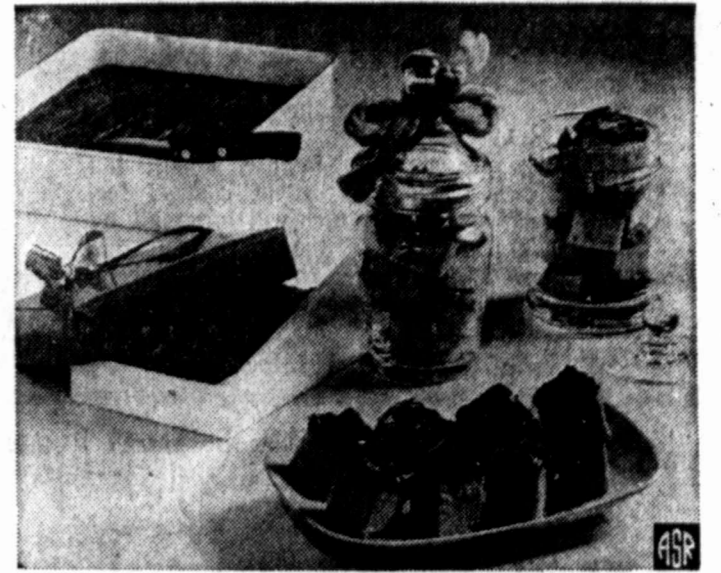

PEANUT BUTTER CREAMS

4 cups (1 lb) powdered sugar
1 1/2 cups peanut butter
1/3 cup milk
1/4 cup honey
1/2 tsp. salt
1/2 tsp. vanilla
1 pkg. (6 oz) semi-sweet chocolate pieces.

Combine in bowl all ingredients except chocolate pieces, and mix until blended. Remove from bowl and knead on board until smooth. Spread and pat into 9-inch pan. Melt chocolate pieces over low heat, and spread over peanut butter mixture. Cool until chocolate is firm — about 30 minutes. Cut into squares. Makes 64 pieces.

Peanut Butter Creams makes a nice holiday gift for teachers, neighbors,

Scout leaders, mailmen, etc. For more candy recipes, send a self-addressed, stamped envelope to Candies and Confections, C and H Sugar Company, 1 California St. San Francisco, Calif. 94106.

IT'S SO EASY to make this smooth, creamy no-cook candy as a holiday treat or gift for teachers, neighbors or the mailman.

Pantry Pickups

Sprinkle sliced bananas with toasted slivered or sliced almonds and douse with warmed brandy, rum or Galliano; flame.

In heavy pan, mix a tablespoon each oil, Sherry, brown sugar and curry powder; add a cup of whole almonds and sprinkle of salt. Cook, stirring, until almonds are lightly roasted and glazed. Good with cocktails.

Dip sugar cookies halfway into melted semi-sweet chocolate, then into roasted diced almonds. Elegant!

You can split blanched almonds into perfect halves more easily if they are warm.

We, the Big Spring Florists are asking you, our customers to help us as we attempt to cooperate in conserving gasoline during our energy crisis. Our delivery schedule will be altered to twice a day — One delivery in the morning One delivery in the afternoon Effective Date: December 1st

GOOD NEWS TONIGHT
Here's moist, tender steak

Round Steak Addicts Love Steak-In-A-Bag

There's good news for round steak lovers... a way to insure a moist and tender steak, everytime. Oven cooking bags! This new method of cooking has been a blessing to the economy-minded homemaker. It is now possible to take all types of less tender cuts of meat, pieces that often just were not quite tender enough, and make them into nutritious and mighty tasty entrees. Try Round Steak Dinner, a tasty combination of steak and vegetables.

ROUND STEAK DINNER
1/2 cup flour, divided
2-3 lbs. round steak, cut 1/2-3/4 inch thick
1 tsp. salt
1/4 tsp. pepper
3 large potatoes, quartered

4 small onions, cut in half
4 stalks celery, cut in half
8 small or 4 large carrots cut in half lengthwise
1 beef bouillon cube dissolved in 1/2 cup boiling water
1 can (10 1/2 oz.) tomato soup
Preheat oven to 325 degrees. Shake 1 tablespoon flour in small size (10x16) Brown-In-Bag and place in two-inch deep roasting pan. Pound 3 tablespoons flour, salt, and pepper into steak. Cut steak into 5 portions; place in oven bag. Arrange vegetables on and around steak. Combine bouillon and tomato soup; pour over steak and vegetables. Secure bag with twist tie and make six half-inch slits in top. Cook for 1 1/2-2 hours or until meat is fork tender. Makes: 4-5 servings.

1955 Hyperion Club Hears Bell Ringers

Mrs. Walter Wheat, 901 Mountain Park Drive, was hostess for the 1955 Hyperion Club's Christmas brunch Tuesday, with cohostesses being Mrs. James Cape, Mrs. John Davis, Mrs. Jimmy Morehead and Mrs. W. L. Wilson Jr. The hostesses were attired in floor-length dresses.

Mrs. Jerry Snodgrass was welcomed as a new member of the club, and Mrs. Pam Wilson was a guest.

Desk-Derrick Installs Slate

Installation of officers was the main event during Monday evening's Christmas party for Big Spring Desk and Derrick Club at Holiday Inn.

Officers installed by Mrs. Thelma Rains were Mrs. Ollene McShan, president; Mrs. Polly Parker, vice president; Mrs. Billie Smith, corresponding secretary; Ms. Marguerite Cooper, recording secretary; and Mrs. Alvis Jeffcoat, treasurer.

Mrs. Joe Blassnigame, outgoing president, was presented a birthstone ring.

Masking Tape Aids Mending

When mending a sock or a knitted fabric on a sewing machine, use masking tape to shape and hold the hole together while sewing. Stitch right through the tape, which washes away when the fabric is laundered.

Cotton fabric can be mended by placing a sheet of paper under the hole and darned back and forth with your sewing machine. When washed, the paper dissolves, leaving the mended material with only the darn.

Holiday Settings Shown By Mrs. Dewey Ray

A display of table settings was prepared by Mrs. Dewey Ray, 7 Indian Ridge, for the Tuesday morning meeting of Green Thumb Garden Club.

The meeting was held in Mrs. Ray's home where she had prepared both formal and casual tables. Mrs. Lee Rogers and Mrs. James Duncan were cohostesses for the event.

One table was set with a gold place setting and gold-accented china. Hand

The program was presented by the Bell Ringers of First United Methodist Church. They performed "Silver Bells," arranged by Mrs. Jim Baum, a club member; "Jesus, Joy of Man's Desiring"; "Carol of the Bells" and "Variations on a French Carol."

Holiday decorations were placed throughout the home, and the polished buffet table was appointed with silver. A candelabrum was arranged with greenery and red candles.

The next meeting will be at 1:30 p.m. Jan. 8 in the home of Mrs. Charles Bell, 502 Highland Drive instead of in the home of Mrs. Robert Tenner, as previously announced. Guest speaker will be Rene Brown of Cosden Oil and Chemical Company who will discuss "Harnessing New Energies." Co-hostesses will be Mrs. W. A. Moore and Mrs. L. B. Edwards.

Gifts Presented At Club Party

Gifts were exchanged at the College Park Home Demonstration Club's Christmas party held in the home of Mrs. J. T. Williams Tuesday morning. One guest, Mrs. Royce Walker, was present.

Fairview HD Club Exchanges Gifts

Gifts were exchanged and "secret pals" revealed during a Christmas party held Tuesday for Fairview Home Demonstration Club members in the home of Mrs. W. W. Jones, Rt. 1. The attendance prize was awarded to Mrs. Irene McKinley. The Jan. 8 meeting will be held at 2:30 p.m. in the home of Mrs. C. A. Smauly, 1000 Howell.

Decorated, gold velvet Christmas balls and gold Christmas crosses were arranged with white feathered carnations.

Silver animal figurines and white roses decorated another table set in silver.

A regular business meeting was conducted, and individual Christmas projects were discussed. Among the projects are volunteer work at Big Spring State Hospital and Big Spring Nursing Home Inn.

ANNUAL BREAKFAST — The home of Mrs. R. G. McNeil, 505 Highland, was the scene this morning of an annual breakfast for department managers of Montgomery-Ward Store. Mrs. McNeil is the wife of the store manager. Among the guests were wives of several members of the store's staff. Shown, from left, are Mrs. Terry Turner, Mrs. Bill Barton, Mrs. McNeil, Mrs. Bob Taylor, Mrs. Ramona Carter and Miss Tina Molina.

Quitting Drugs

Dear Abby

Abigail Van Buren

DEAR ABBY: Today I am celebrating, but I don't want to do it alone, so I'm writing to you. What am I celebrating? Well, I have been off drugs for six months, and I think that's worth something. Maybe it's because I don't need to steal or run away from home anymore that makes me so happy. Quitting drugs was the hardest thing I've ever done in my life, but the most rewarding.

I'd like to pay tribute to the teacher who helped me do this. I won't mention his name, but he was the one person who never looked at his watch during all the hours he spent with me. My parents hated them, but I now realize it was the things I was doing that I hated. I love my parents, and I want them to know that.

I want everyone to know how much I love life now, and how much I love God. Six months going on 60 years, because I know I will never go back.

Please print this. There is so much in it I could never have the courage to say out loud. Maybe this will help someone else.

By the way, I'm 15 years old.

"ANOTHER LEAF"
DEAR LEAF:
Congratulations! I'm sorry

Vets Auxiliary Hosts Luncheon

Red candles, garlands of holly and small green felt Christmas trees decorated dining tables at the IOOF Hall Saturday as the Ladies Auxiliary to WWI Barracks 1474 held a Christmas luncheon.

The registry table was decked in red and white with a Santa Claus and sleigh centerpiece.

Barracks members joined women of the auxiliary in bringing gifts for the Veterans Administration Hospital WWI patients and patients at Big Spring State Hospital.

Approximately 100 members and guests were served dinner and sang Christmas carols.

Marion Ireland, representative of a senior citizens' group, outlined proposed plans to establish a center for the elderly.

Commander Leighton Mundt, barracks commander, presided at the men's meeting, while Mrs. Dorothy Hull presided for the auxiliary.

LVA Convenes At Holiday Dinner

Furr's Cafeteria was where the Licensed Vocational Nurses Association, District 25, held their Tuesday evening Christmas dinner. Mrs. Joe Latham of Brownwood, department commander for the Disabled American Veterans Auxiliary, was a guest at the event.

Gold Star Mothers Installation

Mrs. Joe Jacobs, past department president for American Gold Star Mothers, installed local chapter officers in a ceremony Tuesday morning in the Veterans Administration Hospital chapel.

The installation took place immediately following the decorating of a Christmas tree in the hospital lobby by chapter members.

Officers installed were Mrs. T. B. Peacock, president; Mrs. A. W. Moody, first vice president; Mrs. F. A. Talbot, 2nd vice president; Mrs. Truett Thomas, secretary; Mrs. Huey Rogers, treasurer; Mrs. Jerome Lusk, chaplain; Mrs. Herbert Smith, historian; Mrs. Domingo Abreo, Americanism chairman; and Mrs. S. R. Nobles, Veterans Administration volunteer service representative.

Mrs. Wylie Barnes was presented as a new member. The chapter will give Christmas gifts to patients on the third floor of the hospital at 6:30 p.m., Dec. 21.

Couple United In Marriage

Mr. and Mrs. John Norton II are residing at 1607 Thorpe following their wedding Tuesday evening in the home of the bride's parents. The bride is the former Mrs. Linda Wagoner, daughter of Mr. and Mrs. Rube McNew, 1908 Settles. Parents of the bridegroom are Dr. and Mrs. John Norton of Beaumont.

The Rev. Jim Collier, St. Paul Presbyterian Church, performed the nuptials before a fireplace flanked by arrangements of greenery.

The bride was attired in a street-length brown dress fashioned with slender skirt, long sleeves and high neckline; plaid trim accenting the cuffs and pockets. She wore a corsage of white carnations centered with an orchid.

Mrs. John Paul Amos, whose corsage was of white carnations, served as matron of honor. The best man was Terry Thomas.

After the ceremony, the couple was honored at a reception, with Mrs. Jerry Snodgrass and Mrs. Terry Thomas presiding at the refreshment table. The table was covered with a white

linen cloth and centered with the wedding cake. Punch and coffee were served.

Mr. and Mrs. Norton are graduates of Big Spring High School and both attended Texas Tech. He works at Pollard Chevrolet, and she is employed by Quality Volkswagen.

Mrs. C. Blake Shower Honoree

Mrs. Curtis Blake of Big Spring was the honoree at a baby shower held Tuesday evening in the home of Mrs. Duane Murphee, Coahoma. Co-hostesses were Mrs. David McNeely, Mrs. Claud Fryar and Mrs. Frank Clark.

Mrs. Blake was presented a corsage of baby sox and pins tied with ribbons.

Guests from Big Spring and Coahoma were served refreshments from a table covered with a white linen cloth and appointed with silver. The centerpiece was a baby cradle filled with yellow daisies and flanked by silver candelabra.

Sorority Speaker

"People and Nature" was the topic viewed by Mrs. Dan Whitaker, speaker at Tuesday's meeting of Alpha Beta Omega Chapter, Beta Sigma Phi. She detailed the evolution of man and the emphasis that nature has had on his change through the ages.

The group met in the home of Mrs. Brent Brooks, ways and means chairman, who led a discussion of a bake sale which the chapter will hold Saturday in Highland Center Mall.

Mrs. Jack Parrott, president, described a visit she made to the chapter's 'adopted' resident of a local nursing inn.

Mrs. Larry Harp, social chairman, announced plans for a holiday buffet at 7 p.m., Dec. 18 in the home of Mrs. Kenneth Gafford, 107 Canyon.

State Commander Of DAV Auxiliary Here

Mrs. Joe Latham of Brownwood, state department commander for the Disabled American Veterans Auxiliary made her official visit to Big Spring Tuesday, touring the VA Hospital. She brought gifts to patients from her home chapter.

During the evening, Mrs. Latham was a guest of the local DAV Auxiliary during a meeting at the VFW Hall in Silver Heels.

Mrs. Ollie Bransom, auxiliary commander, presided during a discussion of preliminary plans for the spring convention of Region 1, which will be held here in April. The region is made up of 14 chapters.

In other business, the auxiliary members agreed to provide a Christmas food basket for a needy family.

MRS. JOE LATHAM

Refreshments were served during a social hour which followed the meeting.

TIMEX WATCHES
 300 FROM WHICH TO CHOOSE!
NEWSOMS

LOWEST CLOSE IN THREE YEARS — The stock market resumed its slide Wednesday, dragging the Dow Jones industrial average below 800 to its lowest close in more than three years. The widely watched index of 30 blue chip stocks dropped 14.90 to 788.31, its lowest close since Nov. 17, 1970. It had last closed below 800 in a brief dip in November, 1971.

Water Usage Mark Is Nearing CRMWD Record

If consumption trends hold, the Colorado River Municipal Water District may end 1973 with what seemed impossible seven months ago — a total of deliveries equal to last year. Consumption reports of the district through November showed 17,141,950,000 gallons; or only 68,000,000 gallons less than at the same time a year ago. Yet, at the end of April, because of an unprecedented wet and cold winter and early spring, the district was 1,161,000,000 gallons behind in its deliveries.

Thus, if the 118,000,000-gallon gain in November can be maintained in December, the district will be able to show a slight gain for the year. Deliveries to all customers during November amounted to 1,283,743,000 gallons. Of this, 801,763,000 gallons went to municipal customers, or a gain of 114 million gallons in this category. Oilfield and industrial customers used 483,930,000 gallons in November, or 20 million less than November 1972. In November, Odessa used 275,488,000 gallons, up 18.01 per cent; Big Spring 196,405,000, up 17.71; Snyder 56,157,000, up 15.38; Stanton 5,722,000, up .08; Midland 235,358,000, up 25.30; San Angelo 32,633, down 21.16.

Exxon Reduces Its Deliveries

HOUSTON — Exxon USA announced today that its December allocations of gasoline to its customers east of the Rockies will average 85 per cent of volumes provided in December, 1972. Allocations of distillates, including home heating oil, in the same area will be at 85 per cent of the base volumes specified under the government's mandatory allocation program.

A company spokesman also pointed out that the company adjusted the operations of its refineries to increase production of distillates to normal winter levels several months ago and that distillate production from available crude oil is now being maximized.

However, concern was expressed that the President's program is not moving rapidly enough to reduce consumption.

In its relatively short history, the American Contract Bridge League's Charity Foundation has raised more than \$3 million for selected beneficiaries. Its 1973 Charity of the Year is the United Cerebral Palsy Foundation, and on December 14 the ACBL will conduct a Continentwide Charity Game to aid this worthy cause, with the same hands played in more than 200 cities across the United States and Canada. For details of the game nearest you, contact your local duplicate bridge club. All bridge players are welcome.

South was guilty of charity of a different order on today's hand. After his partner had opened the bidding with one no trump, the final contract depended virtually on how many aces and kings North held. Four clubs was the Gerber Convention, inquiring about aces. The response showed the three missing aces, and South checked

on kings. On learning that his side was missing two kings, South was content to play a small slam in his long suit. West led a low heart, and declarer saw no harm in finessing dummy's queen. East won the king and returned the suit to the ace. Declarer tried to set up the club suit by cashing the king and ace and ruffing a club high. Unfortunately, the suit failed to split evenly, so dummy was entered with the ace of spades for a diamond finesse. West produced the king and that meant down one.

Declarer was unlucky in that so many chances went wrong, but he really had no one to blame but himself for failing to make the contract. Consider what happens if South plays a low heart from dummy to the first trick.

East wins the jack, but he cannot attack dummy's heart entry for that would be leading into the jaws of the ace-queen tenace and so provide declarer with a discard. His best attack is to shift to a diamond.

Declarer again scorns a finesse and goes up with the ace. The king of clubs is cashed, a club is led to the ace and a club is ruffed high. The king and ace of trumps are drawn, ending in dummy, and another club is ruffed high, setting up the table's fifth club. Declarer draws the last trump, enters dummy with the ace of hearts and discards his remaining diamond on the fifth club, so fulfilling his slam contract.

This line of play depends only on clubs dividing no worse than 4-2, and is superior to relying on winning one of two finesses.

THE FLAG WILL FLY — Christine Emmas and her daughters Susan and Sandra stand outside their Point Roberts house proudly flying the Union Jack with the Stars and Stripes. Mrs. Emmas, a British subject, says the flags will stay that way as long as she lives in this Washington State community, despite threats she has received.

Union Jack Flies Over Her Home

POINT ROBERTS, Wash. (AP) — The Union Jack flies again over Christine Emmas' home. And she says bomb threats and phone calls won't bring it down.

Mrs. Emmas is a British subject caught in the middle of this tiny community's feud with Canada.

"I'm not a Canadian or an American," she says. But she says Americans here mistakenly believe she supports a controversial plan to include the point in an international park run by a Canadian-American board.

She says she raised the British flag "to show people I'm sort of like the United Nations." But she says that instead she began to receive obscene and threatening phone calls.

She held out for months, but about a month ago she says a man phoned and told her "to get the hell out of the country. And if that flag doesn't come down we're going to blow it up and maybe the house with it."

Mrs. Emmas took the flag down.

But this week, flushed with more than a touch of British defiance, Mrs. Emmas raised the Union Jack.

She says that it will fly below the Stars and Stripes for as long as she remains in the United States.

She says she doesn't take the bomb threats lightly. Her husband, Robert, was one of 81 persons killed June 15, 1972 when a bomb exploded on a Cathay Pacific jet over South Vietnam.

Ironically, Mrs. Emmas says she and her two daughters came to Point Roberts for a bit of peace and quiet.

"After living in Southeast Asia for most of the past 12 years we'd had enough of bombs and upsets," she says.

Promotions Are Given To 72 At Local Base

Here's one thing the current wave of shortages hasn't hit yet — promotions. Seventy-two military people will sew or pin on new, higher rank this month at Webb.

Twenty officers get their new grades during December, including 19 promotions to captain. Listed for promotion are: James Chatfield, John Disosway, David MacGhee, John McNabb, James Morrison, Ben Bristow, William Creel and David Kleinmaier.

Also becoming captains are: Ralph Kuncze, George Macklin, Robert Saunders, Barry Thompson, Frederick Whitney, Carl Feleberabend, James Hoffman, John Citchel, David Palenchar and Alan Simoncic.

David Magruder becomes a first lieutenant this month.

Four men are slated to become master sergeants, including: James Mcdavid, Johny Motes, Daniel Mouton and Jose Ortega.

Gerald Drewry, James Goff and James Mulvey will get their fifth stripe, becoming technical sergeants.

Promotions to staff sergeant went to seven people: James Brown, Karl Craig, Ferris Elam, Charles Huntoon, Paul Lowery, Louis Marshall and Richard Moser are sewing on new rank.

To be sergeants soon are: John Aponte, David Baxter, Neil Bush, J. P. Couch, Daniel Dalghesh, Michael Ehrlich, Robert Glammagan, Melvin Funk, John Glenn, Robert S. Landreth, Harold Lyons, Kurtis Nelson, Gary Peek, John Ramos, Harry Richardson, Steve Rogers, Emory Waters and Richard Adair.

The airman first class list includes: Dale Cutter, Ronald Flint, Paul Flynn, Donald Fyfe, Rodney Lambert, Francis Martin, Raymond Roberts, James Spencer, Bernard Stims, Russell Strachan, Richard Brooks and Keith Gourley.

Also on the list for airman first class are: Damon Davey and Kenneth Stokes.

Putting on their first stripes are: Garcia Johnson, Charles Land, Lazaro Ledesma, Gilbert Munoz and Lawrence Tinsley. They are becoming airmen from airmen basic.

First Trip Set By Bike Club

If you want to get your leg muscles ready for the upcoming energy crisis, the newly forming Bicycle Club at Howard County College may work on your problem.

The group will meet for the first time this Saturday, at 10 a.m. behind the college auditorium. It will then take a round trip to Sand Springs.

Sponsor for the group is Dr. R. J. (Bob) Seysse, chemistry instructor at HCJC. "We hope to have about a dozen loyal members who will cycle with us each week," he says. Seysse adds that any college student, faculty member, or friend of the school may participate in the rides.

Smith Lectures At VA Hospital

Dr. Aubrey Smith will be at the VA Hospital today and Friday, to lecture on diagnosis and treatment of temporomandibular joint problems. The lectures will be held each day in the first floor conference room from 9:00 a.m. until noon and from 1:00 p.m. to 4:30 p.m.

Dr. Keith Thompson, chief dental service of the VA Hospital, will be in charge of the program. All area dentists, physicians and surgeons are invited to attend.

Medical Care Is Upgraded

Wide ranging medical legislation approved by the President extends Veterans Administration medical care to certain dependents, gives peacetime veterans the right to VA medical care and streamlines rules on health care deliveries for the rest of the veteran population.

Donald C. Johnson, administrator of Veterans Affairs, said that the act (Public Law 93-82) will upgrade medical care for hospitalized veterans as well as outpatients by permitting VA the necessary flexibility to deliver the appropriate type of care needed in each case.

In addition to a number of administrative provisions, the law effective Sept. 1, 1973, extends eligibility for medical care to the wife or child of a person who has a total disability, permanent in nature, resulting from a service-connected condition, and to the widow or child of a person who has died of a service-connected condition. Care will be provided in a manner similar to that in which medical care is furnished by the armed forces under the so-called "CHAMPVA" program to active duty and retired personnel. The VA dependent care program will be known as "CHAMPVA."

The new rules remove the requirement for wartime service as a condition of eligibility for VA medical care, liberalizes rules on providing VA outpatient or ambulatory care. Any veteran who is now eligible for VA hospitalization can be treated as an outpatient as necessary to preclude the need for hospital admission.

Regulations also authorize direct admission to nursing homes, at VA expense, of veterans requiring nursing home care for a service-connected disability as stated by a VA physician and specifically authorize VA outpatient care for all disabilities for veterans with a service-connected disability rated 80 per cent or more disabling.

In addition, they extend until June 30, 1980, authority of VA to make grants assisting the states in constructing nursing homes for veterans, and increases the rate of VA participation in these programs from 50 to 65 per cent.

Synthetics 'Killers'

WASHINGTON (AP) — The Agricultural Research Service is promoting three synthetic mimics of pyrethrum as killers of insects hitchhiking on aircraft coming into the United States from foreign countries.

In describing recent tests to a Dallas group this week, entomologist William N. Sullivan of ARS said the three synthetics have the same advantages of pyrethrum, one of nature's safest and most effective insecticides, in that they are "effective... without undesirable effects on warm-blooded animals, when properly used."

They also can be manufactured in any quantity, he said, and do not have to be imported—like pyrethrum—at a rate dependent on crop conditions.

The natural insecticide is derived from a species of chrysanthemum grown in Africa. Applied as gas-propelled aerosols in test flights, Sullivan said, the synthetics most effectively killed house flies, Southern house mosquitoes and Caribbean fruit flies.

Beer Guzzlers Get Rid Of Blues

AUSTIN, Tex. (AP) — Some University of Texas students got rid of the term paper blues by staging a beer guzzling contest at a tavern located in the midst of the UT housing area.

The winner was a six-man team from the Sigma Phi Epsilon fraternity that put away 40 pitchers of suds in a three-hour period.

A six-woman team from Hardin House feminine honors with a record of 27 pitchers consumed in the same time.

Daylight Saving Time Due To Start Dec. 30

WASHINGTON (AP) — Most of the nation is expected to return to Daylight Saving Time Dec. 30, with the exact date to be settled by a Senate-House conference committee.

The House voted 68 to 10 Tuesday to impose a year-round energy conservation measure, effective the fourth Sunday after enactment.

The House earlier agreed to give industries and transportation companies 15 days to adjust their schedules before advanced time goes into effect.

The Senate bill allows each state to exempt itself from Daylight Time, if advancing the clock one hour would result in undue hardship.

REMINDER
The Nixon administration asked for the legislation, contending that adding Daylight

Time during the winter months would result in a three per cent fuel savings. Various experts say the savings would range from a fraction of one per cent to 1.5 per cent.

But Senator Warren Magnuson of the Commerce Committee said that, even without direct fuel savings, year-round Daylight Time would serve as a constant reminder that the nation can no longer waste its energy resources.

Several congressmen contended that delaying the onset of darkness by one hour would result in less crime and fewer traffic accidents.

But Sens. Marlow K. Cook, R-Ky., and Walter Huddleston, D-Ky., said an equally effective argument could be made that Daylight Time could result in more fuel usage.

Cook noted that, under Day-

light Time, sunrise in his native Louisville would be at 9 a.m. during the first 10 days of January, that many children would have to wait in the dark for school buses, and that area farmers would waste an hour each day waiting for the sun to burn off the morning dew.

VOICE NOTE
It will be up to the Federal Communications Commission to alleviate another problem caused by Daylight Time. The bill directs the FCC to modify its rules that prohibit many small radio stations from going on the air before sunrise.

Since 1966, most of the nation has observed Daylight Time from May through October each year. The Senate and House bills would impose full-time Daylight Time for 22 months ending the last Sunday of October 1975.

Illegal Gift Fine Levied Against Firm

WASHINGTON (AP) — A seventh corporation has entered a guilty plea to charges of illegally donating money to President Nixon's 1973 campaign.

Tuesday a \$5,000 fine was levied against Phillips Petroleum Co., and \$1,000 on its former chairman, William W. Keeler, who pleaded guilty to a similar charge.

During proceedings in federal court assistant special prosecutor Thomas McBride said Phillips has disclosed that it also made other illegal donations, totaling \$50,000 to \$60,000, to a substantial number of congressional and Senate candidates.

McBride said the recipients are also under investigation, but he didn't name them.

Phillips had voluntarily admitted several weeks ago its illegal gift of \$100,000 to the Nixon campaign.

Honeymoon Over Between Hollywood And Pentagon

By BOB THOMAS
Associated Press Writer
LOS ANGELES (AP) — The honeymoon is over between Hollywood and the Pentagon.

For decades producers were assured of a cast of thousands whenever they wanted to make movies about the armed services. No more. The new attitude is demonstrated in the Pentagon's turn-down of requests for cooperation on two new films.

LIBERTY
The movies are "Cinderella Liberty" and "The Last Detail," and both are being released here this month in time to qualify for the 1973 Academy race. Both are based on novels by Darryl Ponicsan—he also wrote the screenplay for "Cinderella Liberty"—and both have been well received in previews.

The Pentagon decided that neither qualified for Navy cooperation in filming.

Movie studios have long

made use of troops and materiel on the argument that their films contributed to the glory of the armed forces. The military began to take a closer look at movie cooperation after "Tora! Tora! Tora!"

The 20th Century-Fox film made great use of military personnel and property to recreate the Japanese attack on Pearl Harbor. The government was compensated, but the arrangement was a bargain for the film company; without U.S. assistance, production cost would have been far greater than the \$25 million spent.

WILLING TO PAY
The Pentagon was sharply criticized in Congress and elsewhere by those who asked: "Why cooperate on a film about America's greatest defeat?"

Since then, the brass has scrutinized every request for help in filming.

Mark Rydell, director of "Cinderella Liberty," said, "We reached out for the Navy's

help. We needed a destroyer, a Navy base, a Navy hospital and the services of hundreds of sailors.

"We were perfectly willing to pay the sailors at the going rate and not interfere with any Navy operations."

"The script, we thought, was a very moral tale about a boy-warm mate, first class who is a naive, solid American man. He has been in the Navy 15 to 20 years and he says, 'The Navy is my life: I love it.' That's the best possible image for the Navy."

FLATTERING?
At first the Pentagon seemed to agree. Officials said they liked the script and asked Rydell to come to Washington to discuss a few changes. They were mostly in language. The script had an executive officer chastising the hero for marrying a girl who was a "semi-pro who's." The speech was okay—if it was delivered by a non-commissioned officer.

PEANUTS

WHAT WOULD HAPPEN IF I SNEAKED OUT INTO MY BACK YARD AND MADE A SNOWMAN WITHOUT ADULT SUPERVISION?
I'LL DO IT!
BEST, SNOOPY! WANNNA HELP ME MAKE A SNOWMAN?
AT TWO O'CLOCK IN THE MORNING?
CALL ME WHEN THE SNOW IS WARMER!

DICK TRACY

YOUR JAZZ IS IMPROVING, "POCKETS".
THANKS, COACHMAN RINKLES.
WANT TO HEAR ME PLAY THAT HARD PART AGAIN?
MM...
QUIET! I HEARD THE DOORBELL.

MARY WORTH

SURE, GARY! YOU CAN HELP ME WITH MY MATH ASSIGNMENT!... BYE NOW!
I MUST GET HOME AND HELP FIX DINNER, PAT! MAY I COME BACK TOMORROW AFTERNOON?
AT THIS MOMENT, MARY IS RECEIVING A CALL FROM THE STATE CAPITAL...
THIS IS MARTIN JAMES IN PUBLIC WELFARE, MRS. WORTH!
I HAD A THOROUGH CHECK MADE ON ORPHANAGES IN THE STATE... AND NOT ONLY IS THERE NO CHILD RUNAWAY BUT NONE OF THE INSTITUTIONS HAS EVER HAD CHARGE OF A GARY PERRY!... RECENTLY, AT LEAST!

REX MORGAN

YOU KNOW, STAN—I'LL BET THAT IF YOU RAN OVER TO THE HOSPITAL AND INSISTED THAT KAREN COME HERE TO EAT, SHE'D DO IT!
I'M NOT SO SURE—
SHE LOVES MY GLOLASH!
SHE'S GOTTA EAT SOMEWHERE!
COME ON, STAN—I'LL DRIVE YOU OVER—I'LL GET ONE OF THE OTHER HOSPITAL DOCTORS TO COVER FOR HER!
AND WE CAN EAT ANYTIME SHE CAN!

B.C.

SEE, NOT A CLOUD IN THE SKY... THAT'S STRANGE!
DO YOU THINK IT MEANS ANYTHING? ... SHOULD WE NOTIFY SOMEONE? ...
RELAX... CL'NAIDER WILL GET TO THE BOTTOM OF IT.

KERRY DRAKE

WAKE UP, WAKE UP! I WANT TO TALK TO YOU, BOOTSY!
WHY? HUH?
BOOTSIE, DAZED FROM HER DRUGGED SLEEP, OPENS HER EYES...
YUMMY! I'M STILL DREAMING!
NO! THE NIGHTMARE'S OVER, BOOTSY! THIS IS REAL! YOU STOLE THE \$40,000 YOU GAVE ME! AND I'VE COME FOR IT! IT'S MINE! GIVE IT TO ME!

BETTY BAILEY

I PUT YOUR PICTURE IN A SPOT WHERE I CAN ALWAYS SEE IT, MISS BUXLEY
OH, REALLY? WHERE'S THAT?
RIGHT HERE ON MY SCRUB BRUSH

ANDY CAPP

COMING, PERCY
SAME AGAIN, PET—
OH, NO!
SHE'LL NEVER LEAVE WH EVERY TIME SHE REACHES THE DOOR, IT'S READY FOR ANOTHER ONE!

THE WIZARD OF ID

I USED TO BE A FROG, BUT A WITCH TURNED ME INTO A HANDSOME PRINCE
NOT BAD, WHAT DID IT COST YOU?
FIVE THOUSAND (CREEP) WARTS AND (CREEP) HALF OF ANOTHER NOODLEARY

Prizes Available For Shoppers

COLORADO CITY — Local merchants are celebrating Christmas every Saturday afternoon at 4 p.m. with their annual Christmas promotion.

A person must be present at the bank parking lot to receive the weekly prize of \$150 in coupons for sponsoring businesses. The runner-up prize is \$25.

The annual Christmas parade held last Saturday was one of the most successful in the history of the event with more floats and a larger crowd attending than the usual kick-off holiday event, according to local businessmen.

'Landslide Fred' Facing Recount?

HOUSTON (AP) — Fred Hofheinz, elected mayor by just over 4,000 votes, has started forming his administration as two city department heads resigned and his opponent pondered a recount.

Hofheinz, who got just 50.6 per cent of the vote or 123,625 to opponent Dick Gottlieb's 120,705 in Tuesday's runoff election said Wednesday he will meet daily with outgoing Mayor Louie Welch and will be announcing his staff within the next two weeks. He takes over the city administration next month.

BIG ENOUGH
"I hope to be the kind of mayor who can represent Dick Gottlieb," Hofheinz said at a post-election news conference. "I want to work with all the people, including those who did not support me, because the city is big enough for all of us."

Gottlieb, a two-term city councilman who inherited the support of the city's business establishment which had been with Welch, said Wednesday, "I still don't know if I'm going to

FRED HOFHEINZ

Jan. 1. Hofheinz already has said he plans to fire Cook, although Cook says he plans to stay on in the department in his civil service rank of assistant chief.

Olson, 50, said he told Welch two months ago he planned to return to private practice regardless of the outcome of the mayor's race.

Short, 55, served nine years as chief. He had previously said that he will not serve under Hofheinz. The chief was the symbol of the 1971 mayoral election in which Welch beat Hofheinz by 15,000 votes in a runoff. Welch campaigned on retaining Short as chief.

Short, a symbol of law and order to many whites here, is generally disliked in the black community.

KICKBACKS
Cook, 46, fire chief since 1968, was deposed as chief last April when he stepped down to assistant chief after getting a six-month probation sentence for contempt of court after a judge ruled he attempted to intimidate firemen testifying before a grand jury probing the department.

Cook was found innocent by a jury in Fort Worth earlier this year on charges he conspired to steal from the department but faces another trial next month in Wichita Falls on charges he accepted kickbacks on the sale of four fire trucks to the city.

He was named acting fire chief last month after two other assistant chiefs retired.

There are 26 department heads, and, traditionally, only the city secretary's job is considered safe from politics.

E. B. Cape, the city public works director who oversees the biggest department, would not comment on his future plans, saying he wants to talk with Hofheinz first.

ask for a recount. It's taking quite a while to check out if there's anything of substance to the irregularities that have been reported. And the unusually high voter turnout reported at some of the polls seems to some of my people to be unreasonable.

'I OWE IT'
"There may not be a thing to any of this, and, more than likely, there is not, but I owe it to my supporters to check," Gottlieb said.

Gottlieb was referring to unusually high turnout in some predominantly Negro precincts. The black vote went overwhelmingly for Hofheinz.

Although he would not concede the election, Gottlieb did say, "I very honestly do not believe any of this will turn the election around."

Asked to explain why he lost, Gottlieb replied, "I can still charge it to nothing but apathy for most of the city, and just a gigantic turnout in the black community."

RESIGNING
Hofheinz, who opened his news conference by saying, "You might call me Landslide Fred," said he was not ready to announce any new department heads for city hall.

But three who won't be there are Police Chief Herman Short, City Atty. William Olson and Acting Fire Chief C. R. "Jake" Cook.

Short and Olson said Wednesday they were resigning as of

Improvements Are Noted At Port

Runway lights, a tetrahedron wind direction indicator and visual approach slope indicator have been lighted at Howard County Airport, J. W. McClelland, airport manager, reported. The wind sock was being lighted. But the airport official did not expect the beacon work complete until after the first of the year.
