WILL ORDER LIGHTING REDUCED IN BUILDINGS

Simon Says Get Rid Of Big Cars

WASHINGTON (AP) — The government's energy czar, William E. Simon, announced today he will order reduced lighting in commercial and industrial buildings as soon as Congress gives him the authority to do so.

Simon also placed petroleum exports under a licensing system and told all federal agencies to get rid of their big limousines by Jan. 1.

One day after Simon's new Federal Energy Office proposed regulations to reduce U. S. gasoline production 5 per cent below 1972 levels, a move that would increase the actual anticipated gasoline shortage to about 25 per cent early next year.

BAD FUMBLE
The energy office fumbled badly in issuing that proposal, at first reporting it as a cut-back seemingly five times as big as really intended.

Simon held a White House news conference this morning to announce a whole series of additional actions and proposals to cope with expected fuel shortages.

He proposed that all commercial and industrial buildings, including stores, factories and offices, be required to reduce their lighting to specific light levels considered "minimum but effective and safe."

one-third to one-sixth of customary levels, he said.

Simon said the action, to be made mandatory once pending emergency legislation becomes law, would save some 800,000 barrels of oil daily.

TURN IT OFF
Simon also proposed that major highway and freeway lighting be turned off, except at interchanges and ramps where the lighting would be cut in half.

If imposed after public con-

sent, this action could save the energy equivalent of 15,000 barrels of oil daily, Simon said.

Simon also asked industry to set up energy-saving committees, asked commercial building managers and owners to turn off all but essential lighting during nonworking hours, and asked citizens to cut down voluntarily on their use of electric space heaters.

Simon ordered federal agencies to reduce their driving by 20 per cent in the first quar-

ter of next year and to get rid of limousines and heavy sedans, returning those which are leased.

TOO LARGE
Simon told agencies to use compact or subcompact cars unless a larger car was absolutely necessary.

In a move to prevent excessive petroleum exports from the United States during the fuel crisis, Simon placed exports under a licensing system effective immediately.

For the time being, he announced, the system would be used to monitor export but not to limit them.

Under the gasoline allocation program announced Wednesday, the average motorist may find himself even more than 25 per cent short of his usual needs, since priority users would take their deliveries before the remaining gasoline filters down to local service stations.

BIG RIGS IDLE Many Refuse To Keep On Truckin'

NEW ORLEANS (AP) — Their big rigs sat silent this morning in a nationwide truckers' protest, but Charlie Douglas' road gang kept the phones ringing anyway.

Burly Charlie Douglas and his country-western radio program have become as much an institution with truck drivers as black coffee. His powerful clear channel station here, WWL, beams road news and country music across the nation.

Truckers began a two-day nationwide shutdown today, protesting high fuel prices, emergency speed limits and low freight rates.

One trucker, Stan Ozbrias, pulled his rig over and shut it down at Longview, Tex.

"Interstate 20 is dead," Ozbrias told Douglas. "A few company trucks are running, but most of the independents are honoring the shutdown."

Ozbrias estimated that 80 per cent of the men who own their own big rigs sat idle.

Choir Program Set For 7:30 Start

"A Celebration for the King of Kings" is the title of the musical program scheduled for 7:30 o'clock this evening in the high school auditorium.

Members of the Big Spring High School Choral Department, directed by Jack Bowers, will be featured. Some of the program will be devoted to Christmas carols and all choirs within the department, including the Meistersingers, will offer songs.

It has become a tradition with the choral department to offer a program at Christmas-time.

The carols will be sung in candlelight. During the second half of the program, the audience will be treated to a rendition of John W. Peterson's "King of Kings."

Admission will be \$1 per person. Tickets can be purchased at the door or from any choir member. Proceeds from the program go toward underwriting choir projects.

Williams Named Yankees Manager

NEW YORK (AP) — Dick Williams, who led the Oakland A's to two straight world championships and then resigned, has been named manager of the New York Yankees, it was learned today.

The Yankees made no deal with Charles Finley, owner of the A's, who had demanded compensation in the form of players for Williams who had two years remaining on his Oakland contract.

HIS DAUGHTER SLAIN AT KENT STATE — Arthur Krause, of Pittsburgh, holds a photo of his daughter Allison who was slain along with three others in May, 1970 in the Kent State University killings. Questions lingering from the slayings and wounding of nine students are to go before a federal grand jury for the first time next week.

Puts British Business On 2½-Day Work Week

LONDON (AP) — Prime Minister Edward Heath today put British business on a temporary 2½-day work week in a battle to conserve energy supplies.

Bullets, Bricks Smash Into Trucks

Bullets and flying bricks smashed into the trucks of some truck drivers who kept their rigs rolling today while independent drivers staged a protest shutdown.

Big Spring Truck Stops Biz Slows

Spot checks of truck stops across Texas today showed truckers apparently are not becoming involved in a park-in to protest lower speed limits and higher gasoline prices.

In Big Spring, two truck stops saw no change other than slightly slower business.

Truckers on the East Coast and in the Midwest have promoted such a work stoppage among fellow truckers but the movement appears not to have caught on in Texas.

The Public Safety Department said four independent truckers in the Lower Rio Grande Valley parked their rigs on U.S. 77 between Harlingen and Raymondville Wednesday night. State police said the drivers using the highway to stop hauling shrimp from the Valley but none joined in the park-in.

Officers said there were no law violations connected with the incident.

Heath told a hushed House of Commons the crisis was mainly caused by the go-slow action of coal miners, train engineers and workers in the electric power industry because of wage disputes.

He forecast heavy unemployment because of the power cuts.

Shops, offices and industrial firms that do not work on a 24-hour basis will be permitted to operate only five days between Monday and Dec. 31 or 2½ days for each week.

After that they will be allowed three days a week.

Heavy industry operating 24 hours a day will have its power cut by 35 per cent.

The shortened work weeks apparently will be enforced by power shutdowns to the affected firms.

Heath ordered all television networks to shut down at 10:30 p.m. starting Monday. Normally TV closes at midnight or shortly afterward.

Heath forecast a bleak winter, saying: "For the time being we shall have to postpone some of the hopes and aims we have set ourselves for expansion and for our standard of living."

Earlier in the day the government had announced another huge foreign trade deficit.

ONE OF SIX WHO DIED — Firemen lift the body of one of six children down from the second floor of a two-story frame dwelling on the east side of Buffalo, N. Y. Resuscitation efforts failed and the girl was pronounced dead on arrival at a hospital. All the children died from smoke inhalation, officials said.

Special Session Look Is Promised

DALLAS, Tex. (AP) — Gov. Dolph Briscoe has indicated he will take another look at the possibility of a special legislative session after Congress passes an energy bill.

"There's no way to know what the national policy on speed limit will be until the Congress acts," he said Wednesday noting that the federal government may either set a national maximum speed limit or leave such action up to the states.

Fire Claims Lives Of Six

BUFFALO, N.Y. (AP) — An explosion and fire claimed the lives of three of Lillian Kennedy's children and three of her grandchildren.

Mrs. Kennedy and three more of her children escaped the Wednesday night blaze.

The medical examiner's office said the six youngsters died from smoke inhalation.

Top Priority For Truck Stors?

HOUSTON (AP) — B.R. Griffin, president of the 118-member Southwestern Association of Truck Stop Operators, says truck stops should receive top priority in fuel allocation during the energy crisis.

"Our association members are and will abide by the applicable price regulations," Griffin said in an association statement. "However, we do ask that the regulations be changed to allow truck stop operators to pass through non-product cost increases the same as other retailers are allowed to do."

Griffin said truck stops should get the break on fuel allocation to insure that food, medical supplies and other essential items reach homes and businesses.

Next RPC Meeting To Be In Stanton January 16

BY MARJ CARPENTER
A memorandum of understanding between Webb Air Force Base and the regional planning council, selection of a nominating committee for new officers and selection of Stanton as the place for the semi-annual General Membership meeting in January were top items of business at the board of the Permian Basin Regional Planning Commission on Wednesday at their offices at Terminal.

The noon luncheon for the general membership will be held at Caprock Electric on Jan. 16 in Stanton. Approval was given by the board with Judge Leslie Pratt, Lamesa; Judge Barbara Culver, Midland and Judge Chester Taggart, Monahans, named to the nomination committee.

The committee will present a new slate of officers to be voted on at the annual meeting and will also bring up possible changes in the bylaws.

Only two grants were awarded at the meeting, a record low for the monthly board meeting here. One was \$66,590 for jail improvements in Reeves County, the other for \$70,112 for drying out facilities at the Permian Basin Center for Mental Health and Mental Retardation.

The board heard a presentation of a comprehensive water and waste water study and plan prepared by Freese, Nichols and Emond.

The three volume study does not include Howard County since it was started before Howard County joined the council. Another volume will be declared for the late joiners, including Howard, Glasscock and Reeves counties.

Harley Reeves, health coordinator for the commission, presented a comprehensive health plan for the region.

The memorandum with Webb Air Force Base relates to the exchange of information between the Air Force and the planning council.

The board approved the authorization of the executive director negotiating a contract for aerial photography for member cities of the region.

The board approved resolu-

tions on grant applications coming up, including an application for assistance under the emergency school aid act at Lamesa. Others include highway work in Pecos, Ward and Terrell Counties, the community council of Reeves County and Tom Green Community action council on head start and the office of economic opportunity.

The board also heard the report of the audit for the year ending June 30, 1973.

Building Permits More Than Double

Building permits for the city of Big Spring are more than double over last year at this same time, even though the new hospital permit has not yet been filed.

The building permits for the year to date are \$3,029,847 in comparison to \$1,565,294 at the same period in 1972.

The foundation permit has been filed for the hospital with a temporary permit issued while awaiting the arrival of plans.

The arrival of the plans and the granting of this permit are expected to send building permits for Big Spring soaring in comparison to recent years.

November, however, was the highest month during 1973 and included only \$45,285 worth of permits in the city. This included one new \$28,000 residence, four additions, seven re-roofs, five signs, four carports, two enclosures, two porches, two storerooms, and five moving permits.

YES, MA'AM, 10 SHOPPING DAYS LEFT... AND WE'D BETTER GET IT DONE!

FUND TOTAL SHOWS GAIN

Although the response slowed somewhat, the Christmas Cheer Fund still got needed support Thursday.

With little more than a week to go, time as well as money is getting to be a factor, and those who can help are urged to bring or mail their gifts to The Herald for grateful acknowledgment.

Among the latest to help are:	\$
National Auxiliary to Letter Carriers	5.00
E. H. Forrester	10.00
Mr. and Mrs. Bob Dean	10.00
Previously acknowledged	927.00
TOTAL	\$977.00

CLOUDY

Clear to partly cloudy Friday. High today and Friday in the 70s. Low tonight, upper 30s. Winds diminishing tonight.

Dear Santa: I'd Like Case Of Laryngitis For Cosell

By JAY SHARBUTT
AP TV - Radio Editor

NEW YORK (AP) — Dear Santa: I know it is early to be writing you, but there's not much on television tonight, and I thought I'd get this out of the way while I have the time.

Here's what I'd like for Christmas:

- A case of laryngitis for Howard Cosell.
- A case of milk for Dean Martin.

PIE IN FACE

- A case for Perry Mason.

- A balpeen hammer for people who are always telling TV critics: "That show you recommended really stunk."
- Heavy alimony payments for whoever thought up "The Dating Game."
- A successful attack by Indians on "Dusty's Trail."
- A pie in the face for each of the Doublemint Twins.
- An electric tongue depressor for Archieunker.
- A free membership in the Lon Chaney Jr. Fan Club for Wolfman Jack.

- A folding chair for "Stand Up and Cheer." Also some white shoe polish.
- A two-tone toupee for Kojak.
- An exploding cigar for Banacek.
- A three-week supply of Bunk Johnson Lip Salve for Doc Severinson.
- A limited supply of sodium pentathol for "To Tell the Truth."
- A new TV set for my kid brother, Bill. His set is so old it

only shows "Leave It To Beaver."

Thank you, Santa.

Now that we've gotten that out of the way, leave us alert you to a superb Christmas goodie that the CBS Television network has coming up this Sunday at 6 p.m. EST.

It's a unique dramatization of Dylan Thomas' "A Child's Christmas in Wales" by eight members of the National Theater of the Deaf.

WARMS HAPPY

The story, narrated by Sir Michael Redgrave and simultaneously repeated in sign language by Bernard Bragg, a member of the NTD troupe, is brilliantly performed both in sign language and pantomime.

The use of sign language may strike you as somewhat distracting at first.

But stay with it, because

these deaf actors and actresses have a wonderful, expressive magic that beautifully enhances the rich imagery of Thomas' recollections of being young at Christmastime.

They make it a warm, happy hour. If you miss "A Child's Christmas in Wales" this Sunday, we hope the jolly man in the red suit and white whiskers brings you only a bundle of switches on Dec. 25.

Railroad Death

TEMPLE, Tex. (AP) — Santa Fe railway officials said a David T. Walker, 23, died while working in freight yards Tuesday when two railroad cars crushed him. Walker was helping in a switching operation.

ROOM FOR ONE MORE — Hundreds of birds stopped for a rest on the antenna of a Dallas television station. In the early evening thousands of our feathered friends head for a nearby park where they roost for the night, with hundreds of them stopping here before continuing on to the park.

ENERGY CZAR SAYS: Gas Rationing Not On Horizon — Yet!!

DALLAS (AP) — Newly appointed Federal Energy Office (FEO) regional administrator Delbert Fowler said Wednesday his arrival in Dallas does not signal preparations for gas rationing.

NEED MANPOWER

He added that his office, being organized with 50 temporary employees from other federal agencies, will not be ready to work on allocation problems for several days.

"People assembling now are to handle current allocation programs," he said.

Further manpower would be needed to handle gas rationing should it be ordered, Fowler added.

Fowler's appointment was announced Sunday by William Simon, named FEO administrator Dec. 6 by President Nixon.

The new interim regional administrator described location of regional headquarters in Dallas as a centralization effort for offices already at work in the region.

The southwest region of the newly created FEO will include Texas, Arkansas, New Mexico, Louisiana and Oklahoma.

ALLOCATIONS

The new administrator said the regional office mainly will deal with allocations among suppliers and wholesalers with the state governments handling smaller allocations problems.

National FEO administrators in Washington would be responsible for inter-regional problems and federal agency allocations.

Fowler said his regional office would have no immediate production related responsibilities.

Generally, allocation problems involving less than 500,000 gallons would be left to the state commissions, he said.

At a news conference FEO officials said phone numbers or location of the new offices will not be made public for a while.

Public information officer Gene Campbell said the FEO region should be ready to start handling problems within a few weeks and the information would be released at that time.

SHORTAGES

Fowler said the regional office will assist states in administering the current allocation programs, work for long term energy objectives and the conservation of energy.

Officials are bracing for a deluge of problems, even though Fowler said there are currently no unsolved problems in the region.

Webster's Resignation Closes Out Sad Reign

JERSEY CITY, N.J. (AP) — A season that began with great expectations just a few short months ago in proud, historic Yankee Stadium all but ended Wednesday in the rambling ruins of Roosevelt Stadium.

Head Coach Alex Webster, who dreamed of bringing the New York Giants back to the glory of a championship, resigned as the last desperate days of a disastrous campaign trudged into oblivion.

Sands Tumbles To Union Cagers

ACKERLY — The Sands Mustangs still smarting from a loss in their District 8-B opener, travel to the Robert Lee Invitational Tournament this weekend.

Saddled with a 2-10-1 National Football League record that is one of the worst in the league this season and one of the worst in the Giants' 49-year history, Webster will coach his last game Sunday in Yale Bowl. It will take a supercharged effort for his players to send him out on a high note.

The Sands girls ran their mark to 3-0 with a convincing overtime victory, 55-45, Sands, led by Connie Hughes and Ann Nichols, outscored Union 10-0 in the overtime.

Hughes had 23 in the win and Nichols hit 20 as the team scored its 14th season win against five losses. Sherry McNeil led the losers with 29 points.

Sands also won the junior high games, as the boys notched a 49-17 triumph and the girls rolled to a 26-12 win. Susan Martin and Jill Floyd each hit eight points in helping the junior girls to their first win after four losses.

BOYS GAME
UNION (59) — Borden 10-17; Dixon 0-4; Fought 6-5; Casquez 4-0; Phillips 2-1; Totals 23-39.

LARRY STANLEY Starting Guard

Steers Seek Ninth Win Against Rebels Tonight

The Big Spring Steers, who 'Horns have lost to Lubbock seem to have pasted their game together last week, take on the Amarillo Tascosa Rebels tonight at 8 p.m. in only their third home performance of the year.

After last week's Snyder Canyon Reef tourney championship, Coach Ron Plumlee's Longhorns established themselves as real challengers, and they get one of their toughest tests tonight against the Rebs. On Friday the Steers take on another Amarillo quintet, Caprock.

Only two Steers are scoring in double figures going into tonight's tilt, but the team has averaged 68.7 points a game on the way to its 8-2 standing. The

James Zapp will also log playing time.

A 6 p.m. junior varsity tilt will precede the varsity game. The Steer JVs, 4-3 on the year, will be led tonight by high-scoring Robert Aldridge. Mark Moore, Bobby Winters, David Beasley and Lawrence Byrd are the other starters.

SA Glenn Visits Rannels, Toros

San Angelo Glenn visits for a pair of games with Rannels and the freshmen Toros and the Brahmas and Goliad traveling to Lamesa in action involving Big Spring teams tonight.

Rannels' Yearlings, still looking for their first win after six tries, take on the Glenn Comets in a 5:30 p.m. battle, while the Toros put their 4-3 record on the line against the Glenn cagers at 7 p.m. Glenn has beaten the Toros 55-44 in an earlier game this year.

In Lamesa, Goliad carries a 6-2 standing into its match-up, while the Brahmas are unbeaten in eight starts.

(AP WIREPHOTO)

ARRESTED BY FBI — Samuel Richard Christian, 31, a fugitive wanted in connection with killings in two eastern cities, was arrested without incident in Detroit by the FBI. Christian, whose last address was Philadelphia, was placed on the ten most wanted list last Friday.

Energy Woes Threatening Strip Shows

TOKYO (AP) — The worsening energy crisis has threatened to end one of Japan's unique television institutions — after-midnight strip shows.

For the past two years, anybody willing to stay up late enough to watch variety shows like the top-ranked "Ginza Night" have been treated to exotic topless dances along with the singers, comedians and whisky ads.

The shows feature dancers from the world over, and just about anything goes. Though they raised a controversy when they were first aired, the shows have become major drawing cards for the late-night programs.

But the world oil crisis that cut Japan's crude oil imports some 18 per cent may change all that. To pare down energy consumption, the government last month appealed to television stations to stop broadcasting after midnight.

Most stations have said they will probably go along with the halt, though not immediately. Hiroshi Uda, chief editor of the Tokyo Broadcasting System, Japan's largest private network, said the company plans to continue late programming through the year-end holidays.

But Uda added "we regard the present situation as a national crisis in which everyone should cooperate with the government. We cannot indefinitely continue our programs and consume vast amounts of electricity."

Insomniac dance enthusiasts, however, wonder if they couldn't sacrifice some earlier variety shows with less variety.

\$1.7 Million Tax Holdup

AUSTIN (AP) — The state comptroller has \$1.7 million tax receipts in hand that he does not know what to do with it.

"We have asked the attorney general for an opinion on the city portion of the liquor-by-the-drink tax," said Jim Lynaugh of the comptroller's accounting department, "and have not heard from him. Until we hear we are holding up the city payments."

Lynaugh said the 1973 legislature's appropriation bill failed to give the comptroller authority to disperse the tax money in the manner planned when the tax measure was passed.

"Until we hear from the attorney general we cannot legally pay out anything even if it is earmarked for the cities," he said. "We are ready to roll now if we get the word."

The request for a legal opinion was made about a month ago.

Lynaugh said his office checked a number of city budgets and the mixed drink tax revenue made up one to 1 1/2 per cent of a number of them.

Area Residents Join Societies

Two area students were among the 90 students recognized as initiates of college of engineering societies at the Autumn Engineering Honors banquet at Texas Tech.

Included were Terry L. Price, son of Mr. and Mrs. Jack S. Price, 604 George, Big Spring; and Joe W. Peterson, son of Mr. and Mrs. Billy J. Peterson, 602 N. 18th Lamesa. Both were inducted into Tau Beta Phi, honor society for engineers.

MRS. ROBERT (RIP) PATTERSON

(Photo by Danny Valdes)

Cookbook Collector's Favorite Is Seafood

By ELAYNE REXROAT

If you're a person that loves bright shades of green and lemon peel yellow; and, if you would enjoy being surrounded by these two attractive colors, you'd love the delightful decor in the home of Dr. and Mrs. Robert (Rip) Patterson, 814 W. 17th.

Their entire home, including bedrooms of two-month-old daughter, Lee, and two sons, Todd, 2, and Bert, 5, is decorated exclusively in this color scheme.

After a full day at his dental office, Dr. Patterson finds it relaxing to read in the comfort of their sunken den.

The den overlooks the patio which is favorite spot of their sheepdog, "Mutton", family member No. 6. From

this vantage point, he can keep an eye on the family activities.

Natives of the Big Spring area, the Pattersons attended Baylor University in Waco, where she received her bachelor's degree in business administration. Dr. Patterson completed his bachelor of science degree before entering the university's school of dentistry.

For the next three years, Mrs. Patterson (Claudie) taught business at Lancaster High School near Dallas.

Later, they ventured to California, where he spent a two-year stretch in the Navy, before returning to Big Spring over three years ago.

Since she said "I do" over eight years ago, she has added a great deal to her one recipe — French fries. Being a cookbook collector, she has an adequate number of recipes now.

Fresh seafood dishes are her favorites by far, however, should you be a guest in the Patterson's home for several days, you likely would be served a variety of foods.

During warm weather, the doctor has the limelight with his smokehouse specialties. Mrs. Patterson takes over as the weather grows colder and prepares anything from elaborate seafood dishes to red beans, chili and corn bread.

The Pattersons love snow skiing and always look forward to the season. Bert makes the slopes with the help of his father and a trusty restraining rope. This year will be Todd's first (for observation only).

Christmas is this family's

time of the year. Their tree is always covered with decorations handmade by Mom and Dad. This season it is going to be adorned with ornaments resembling different candies. As in the past, there will be all kinds of baked goodies at the Patterson household for Santa.

Not only does Mrs. Patterson coordinate activities for her family, but she is an active member of the 1946 Hyperion Club, Cotillion Dance Club, Wednesday Night Dance Club and Green Thumb Garden Club. She plays bridge and, for a little physical activity, joins her husband occasionally on the tennis court.

With careful organization of her time, Mrs. Patterson allocates a few hours to do a little reading, knitting, needlepoint, various arts and crafts, and her favorite, crewel.

The Patterson family attends the First Presbyterian Church.

RECOMMENDED RECIPES

Mrs. Rip Patterson

LASAGNE
10 ounces lasagne noodles
Meat Sauce
1 lb. Italian (or pork) sausage
1 clove garlic, minced
1 tsp. sweet basil or Italian seasoning
1 1/2 tps. salt
1-1 lb. can (2 cups) tomatoes

Cheese Mixture
3 cups ricotta or cottage cheese
1/2 cup Parmesan or Romano cheese
2 tps. parsley flakes
2 eggs, beaten
1 tsp. salt
1/2 tsp. pepper
1 lb. mozzarella cheese

Brown meat; spoon off excess fat. Add other meat sauce ingredients and simmer uncovered for 30 minutes, stirring occasionally.
Cook noodles until tender, drain and rinse.
With the exception of the mozzarella cheese, combine cheese mixture ingredients. Place half of noodles in a 13x9x2-inch baking dish. Spread with half of cheese mixture; half of mozzarella cheese; and half of meat sauce. Repeat in layers.

Bake at 375 degrees for 30 minutes. Let stand 10 minutes. (Recipe may be assembled ahead of time.)

SHRIMP IN SPICY TOMATO SAUCE

1 1/2 lbs. medium sized shrimp
4 tps. cooking oil
1/2 cup chopped onion
1/2 cup chopped celery
2 tps. finely-chopped chilies
1 tsp. flour
1/2 cup chopped, drained, canned tomatoes
1 tsp. fresh parsley, chopped
1 bay leaf
1 tsp. sugar
1 tsp. salt
Fresh ground black pepper to taste
1 tsp. Worcestershire sauce

Rice, cooked
Clean shrimp. Heat oil; add onions, celery, chilies and stirring frequently, cook about 5 minutes (until vegetables are soft but not brown). Add flour and stir. Add tomatoes, parsley, bay leaf, sugar, salt and pepper. Cook until most of liquid has evaporated, and mixture is thick enough to hold shape.

Reduce heat to low, stir in shrimp and Worcestershire sauce. Cover tightly and simmer 4 to 5 minutes (until shrimp are firm and pink).

Serve over rice.
PECAN PIE
4 eggs
2 cups dark corn syrup
2 tps. melted butter
1 tsp. vanilla
1 1/2 cups pecan halves

Unbaked pie shell
Beat eggs for about 30 seconds. Slowly pour in syrup and continue to beat until well mixed. Beat in melted butter and vanilla and stir in pecans. Carefully pour the filling into unbaked pie shell. Bake in middle of oven at 350 degrees for 35 to 40 minutes.

Puffed Potatoes Are Sweet Treat

You'll like this sweet potato treat.

SWEET POTATO PUFF
6 large sweet potatoes, cooked and mashed
1/4 cup molasses
4 tps. butter or margarine
1/2 tsp. salt
1/2 tsp. nutmeg
1/2 cup milk or light cream
To hot mashed potatoes, add the molasses, 2 tablespoons of the butter, salt, nutmeg and milk; beat until smooth and fluffy. Fill 6 foil cornucopias with the mixture. Place on cookie sheet. Dot with extra butter and bake in a hot (400 degrees) oven for 30 minutes. Makes 6 servings.

Pantry Pickups

Quick and easy way to prepare "finely chopped" almonds: Start with sliced almonds, crush with rolling pin. So attractive on frosted cakes and cookies, over ice cream!

Simplified version of the Pennsylvania Dutch taste treat: Blend a jar of strained baby food prunes with 1/4 lb. soft margarine and a little honey; mix in roasted diced almonds. Spread on toasted English muffins or pancakes.

Stir coarsely chopped cocktail almonds into whipped cream cheese; top melba toast rounds.

NOTICE
Due to shortages, STANLEY DE-GREASER may not be available next year. All clubs and homes that use this product and want to purchase it while current supplies last, CALL 263-4682 leave your name and address and it will be delivered.

Sparkling Blend Of Good Fruits

A good punch recipe is a boon to the holiday hostess. Made ahead of time so the various flavors have a chance to "marry," a punch leaves her free to enjoy her own party. And a punch acts like a magnet for the guests, drawing them together in informal groups around the brimming bowl.

A magic ingredient in a good punch is a base of strong tea. The tea gives body to the punch without masking the flavors of the other ingredients. You can use teabags, loose tea or instant tea to make the tea base and combine with fruit juices, carbonated beverages, spices.

The Sparkling Cherry Orange Bowl pictured above starts with a spiced tea base which is mixed with canned cherry-red punch, lemon juice and orange soda. Pretty to the eye... pleasing to the palate.

SPARKLING CHERRY ORANGE BOWL

(Makes about 5 quarts or 40 4 oz. servings)
1 qt. water
6 teabags or 2 tps. loose

Pretty Tart For Holiday Treat

Ready a package of pastry mix following directions. Roll out the pastry, cut with a coffee can top for a guide and fit the rounds over the backs of muffin tins. Bake until firm and golden brown. When cool, fill with your favorite flavor ice cream or sherbet. Top with canned apple sauce and garnish with coconut, chopped nuts or plum raisins.
Give a party finish to any meal.

POPULAR PUNCH BOWL
Boon to busy hostess

tea or 2 tps. instant tea
3 cinnamon sticks, each 2 inches long
1 tsp. whole cloves
2 (46 oz.) cans cherry Hawaiian punch, chilled
1 cup bottled lemon juice
1 (32 oz.) bottle orange soda, chilled
Orange slices
Ice cubes
In a saucepan, bring water

to a full rolling boil. Remove from heat and add tea, cinnamon sticks and cloves. Cover and let stand 5 minutes. Strain into a pitcher and cool to room temperature. At serving time, pour tea into a large punch bowl, add punch and lemon juice. Slowly stir in orange soda. Add ice cubes; garnish with orange slices.

IMPERIAL SUGAR
Pure Cane
EXTRA FINE granulated
QUICK DISSOLVING

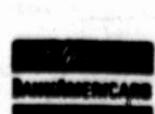

Cranberry Treat Low In Calories

Low calorie cranberry cream dessert is easy to prepare. Dissolve 2 envelopes of low calorie lemon gelatin in 1 1/2 cups of boiling low calorie cranberry juice cocktail. By spoonfuls, add 1 pt. of vanilla flavored ice milk; stir until ice milk is melted. Chill until firm.
Scoop into sherbet glasses. Top each serving with 2 tps. of whipped topping, made by beating 1/2 cup each of cold water and dry milk with 1 tsp. each of sugar and lemon juice until mixture is the consistency of whipped cream. Chill. Makes 6 servings, of 125 calories each.

'A Special Holiday For A Special Child'

"A Special Holiday for Your Special Child" will be the theme of a program presented at 7:30 p.m. today at Dora Roberts Rehabilitation Center for the Big Spring Branch, Texas Association for Children with Learning Disabilities. All interested persons are invited to attend.

Two resource teachers, new to the local school system, will be the speakers. "Christmas is a time of giving, and many children think only in terms of receiving," said an association spokesman. "To learn the joy of giving to others, of doing for others and of thinking of others above one's self; children can not do this without the help of adults.

"Children with learning disabilities especially need the help of understanding parents and friends. "Christmas brings the confusion of many gifts, lots of wrappings, many relatives and extra guests. All this together zooms out of proportion with the LD child. They may react negatively, act bad, break toys, and adults get up-tight. "Tonight's program will point out ways for a family with an LD child to celebrate a happy occasion."

B&PW Buffet Dinner Held In Apple Home

Christmas gifts were exchanged when the Business and Professional Women's Club met Tuesday evening for a buffet dinner in the home of Mrs. J. B. Apple, 419 Westover Road.

Preceding the dinner, punch was served in the den from a table covered with red velvet. Crystal and silver appointments were used at the punch and buffet tables.

The entertaining rooms were festively decorated in traditional Christmas colors, and gifts were distributed from a white and silver tree. Afterward, the group sang carols.

Mrs. H. H. Huijbregtze was a guest. Assisting Mrs. Apple with the hostess duties were Mrs. A. G. Eitzen, Mrs. James F. Vineyard, Mrs. Delphia Gordon, Mrs. Helen Dawson, Mrs. Thelma Lewis and Mrs. Rip Smith.

Announcement was made of the Big Spring State Hospital Christmas party at 6:30 p.m., Dec. 17. The club will assist with the party in Unit 10 South.

Miss Edith Gay is chairman of the public affairs committee which will be in charge of the program Jan. 8 at 7 p.m. in the Pioneer Gas Flame Room.

Christmas Luncheon Is Tuesday

Dining tables at Furr's Cafeteria were adorned with green cedar, red ornaments and red candles in crystal holders for the Center Point Home Demonstration Club luncheon Tuesday.

The program, in the seasonal theme, featured Mrs. Kenneth Orr telling the story, "The Innkeeper's Wife," and Mrs. L. D. Stamps reading a poem, "Little Star." Mrs. J. B. Petty and Mrs. Bob Wren distributed gifts.

Miss Sherry Mullin, extension agent, was welcomed as a guest, and the attendance prize was awarded to Mrs. Petty.

Prior to the luncheon, the women went to Big Spring State Hospital where they served cake, punch and sandwiches to 50 patients.

Club members will attend a luncheon Wednesday at the county fair barn for senior citizens. The monthly luncheon is sponsored by the Howard County Council on Aging, and home demonstration club members often assist the council with its events.

Auxiliary 1975 Raises Money

Christmas stockings were turned in by National Association of Letter Carriers Auxiliary No. 1975 Monday evening at First Federal Community Room. Hostesses for the meeting were Mrs. Melvin Brown and Mrs. Wade Bledsoe.

The stockings, filled with money, are a fund-raising project for the club.

A donation of \$10 was designated for the Veterans Administration Hospital to buy gifts for patients on the sixth floor. Mrs. Alfred Moody and Mrs. Roy Zeigler reported on decorating Christmas trees in the dining room and chapel of the hospital. Mrs. Wayne Beene and Mrs. Dick Piper will take the trees down Dec. 28.

Saturday evening, the club Christmas party was held at First United Methodist Church.

All Officers Re-Elected

All officers were re-elected when the Workers Circle, United Methodist Women held a dinner and program Monday at 7 p.m. in First United Methodist Church.

Cass Hill is chairman, and serving with her are Mrs. B. M. Keese, co-chairman; Mrs. Bert Afleck, secretary; and Mrs. H. M. Rowe, treasurer.

In a program entitled "Christmas: What Does It Mean to You?" Miss Bernice Cason told the origins of legends and traditions of Christmas. She emphasized that the actual meaning of Christmas for Christians everywhere is the celebration of the birth of Jesus Christ and the worship of Him. In conclusion, she urged the women not to forget to include Christ in Christmas.

Hostesses were Mrs. Rowe and Mrs. Afleck. The table was decorated with miniature choraleers grouped around an old-fashioned gas street lamp. Red candles and red and green garlands completed the arrangement.

Bridge Winners In Club Games

Duplicate bridge games were held Wednesday afternoon at Big Spring Country Club, with Mrs. J. H. Fish and Mrs. E. O. Ellington placing first. Other winners were Mrs. W. R. Hall and Mrs. W. J. Harris tied for second and third places with Mrs. Hayes Strippling and Mrs. Elvis McCrary; and Mrs. R. E. Dobbins and Mrs. Morris Rhodes, fourth.

Tea Room Scene Of Holiday Party

Tinsel and large "Mr. and Mrs. Santa Claus" figurines were used to decorate dining tables Tuesday evening in the Downtown Tea Room where a holiday party was held for Past Matrons Club Chapter 67, Order of Eastern Star. Mrs. Norman Read was a guest.

Highlight of the business session was the election of officers, with Mrs. Mary Arnold Hefley accepting the presidency. Serving with her will be Mrs. Albert Davis, vice president; Mrs. Alden Ryan, secretary-reporter; and Mrs. Russell String fellow, treasurer.

Hostesses were Mrs. Steve Baker, Mrs. Ryan and Mrs. C. A. Murdock. Reports were heard on members who are sick, and cards were prepared for mailing to those on the list.

Hostesses for the Jan. 8 meeting will be Mrs. Wayne Parrish, Mrs. Ocey Mason and Mrs. R. D. Ulrey.

Reviews Work Of Missionary

The life story of Lottie Moon, an early missionary to China, was told by Mrs. J. C. Pickle, guest speaker Monday for Bethany Class, First Baptist Church, in the home of the teacher, Mrs. George O'Brien, 801 Marcy. Hostesses were Mrs. Ruth Olsen and Mrs. Viola Clay. Other guests were Mrs. G. G. Morehead and Mrs. G. Granville Dawson. Following the Lottie Moon offering, gifts were exchanged, and refreshments were served.

Problems? You'll feel better if you get it off your chest. For a personal reply, write to ABBY: Box No. 6770, Los Angeles, Calif. 90029. Enclose stamped, self-addressed envelope, please.

For Abby's booklet, "How to Have a Lovely Wedding," send \$1 to Abigail Van Buren, 132 Lasky Dr., Beverly Hills, Calif. 90212.

DELEGATE CHEERED — Patty Hawkins is the only woman among 1,500 delegates attending the United Mine Workers convention now underway in Pittsburgh, Pa. Mrs. Hawkins, 26, works at a UMW medical clinic in West Virginia and says she's attending as the representative of a union local, not as a woman. However, she was the only delegate to draw cheers and whistles the first time she addressed the chair.

Be Grateful

Dear Abby
Abigail Van Buren

DEAR ABBY: Last year my husband and I had seven carefully selected Christmas gifts beautifully and individually wrapped, placed in one large box, and shipped to our daughter's home (out of state) to be placed under their tree. They were for our daughter, her husband, their four children, and my son-in-law's mother who lives with them.

We received one thank you note from our daughter saying: "We ALL thank you for the lovely gifts."

Abby, all her children can write, and so can her husband and his mother. Just one short line scribbled at the bottom of her letter ("Thanks for the camera," or "The perfume was nice.") would have sufficed.

We have had it with ingrates who don't even bother to say thank you. This Christmas Eve we shall place ONE long distance phone call to their home and wish them all a merry Christmas. Then my husband and I shall drive downtown and drop \$100 in the Salvation Army pot for people who need and appreciate a little remembrance at Christmastime.

TIRED OF INGRATES
DEAR TIED: Too bad you had to have a bad experience with the greedy to motivate your giving to the needy.

DEAR ABBY: Is there any rule about how long a person is supposed to keep his wedding picture out on display.

My husband and I have been married for two years, and I have a picture of us cutting our wedding cake sitting on the mantle. It's a beautiful colored photograph in a lovely frame, and I enjoy looking at it.

A guest in our home noticed it the other day, and said in a rather ridiculing tone: "Don't tell me you still have your wedding picture out!"

I felt a little hurt and somewhat embarrassed. Please tell me honestly if you think it's in bad taste.

STILL A BRIDE IN NASHVILLE
DEAR STILL: The only "bad taste" see in this situation is on the part of your guest who made the comment. Keep the picture out as long as you enjoy looking at it. And may it sit there for another 50 years.

Mrs. Wayne Stroup Accepts Presidency

Mrs. Wayne Stroup was installed as president of Alpha Kappa Omicron, Beta Sigma Phi, during a meeting in her home Tuesday. Others installed were Mrs. Steve Broom, vice president; and Mrs. Allen Carille, corresponding secretary.

The installation was performed by Mrs. Wayne Gallagher, who resigned the presidency due to her impending move from the city. She presented disc charms to officers who served with her. A transfer ritual was held for Mrs. Vic Keys.

The Valentine Ball committee will meet at 7 p.m., Dec. 17 in the Stroup home, and the next regular meeting will be at 7 p.m., Jan. 8 in the home of Mrs. Clay LaRochelle.

Mrs. C. Cannon Party Hostess

The Xi Mu Exemplar Chapter, Beta Sigma Phi, held their Christmas party in the home of Mrs. Carroll Cannon, 1515 Hilltop Rd., Tuesday evening. Members each provided a salad and exchanged gifts.

DUVAL COUNTY - II

'We Have The Power'

BENAVIDES, Tex. (AP) — The Carrillos. County commissioner Ramiro Carrillo looked this reporter straight in the eye and answered the question of who would succeed George and Archer Parr in the control of Duval County: "The Carrillos," he said. "We have the power. We have the votes and that's where the power is."

PROTECTING

"We provide lots of service. We take care of the people." "We" is Ramiro and his two brothers, District Court Judge O.P. Carrillo and former State Sen. Oscar Carrillo. Domination of Duval County by George and County Judge Archer Parr is threatened by federal indictments on charges of income tax evasion and perjury. The Parr's domination is also threatened by a newly created Duval County Taxpayers League which is protesting a \$4.2 million budget which calls for heavy property tax increases.

'PARR MAN'

The taxpayers have raised money to hire lawyers and consultants to monitor the operation of the county government. Carrillo strenuously denied being a "Parr man." "I don't just do what George or Judge Parr says. Sometimes we discuss things, even argue. Sometimes I win and sometimes I lose." Asked about accusations that he has been using two county employees to work on a barn at the rear of his home in Benavides, Carrillo replied: "I haven't got two, I've got a bunch." He hurriedly explained that he is paying for them himself. He said the men had been unable to do their regular jobs because of an equipment breakdown.

COLD BEER

Several times during the interview, Carrillo said "my house was paid for before I became county commissioner." Part of the Carrillo interview took place at the rear of the Javalina tavern while a friend barbecued steak, sausage and ribs. Hot barbecue and cold beer are as much a part of politics in South Texas as the voting booth. Asked why Duval County has a budget of \$4.2 million while larger, more populous Webb County (Laredo) has a budget of \$2.5 million, Carrillo replied, "Things are different here." "We provide lots of service. We take care of the people." Pointing out that the persons

who formed the taxpayers' league are mostly non-resident property owners, Carrillo said "the people who live here are happy." The commissioner then pointed to a school bus used to haul students 68 miles on a round trip each day between Benavides and Texas A&I University at Kingsville. "We take care of our people," he repeated.

Alto Adige Has Two Tongues

TRENTO, Italy (AP) — The Alto Adige is a bilingual region of Italy, with German and Italian the official languages. The state-run television and radio network broadcasts some programs in German in the area and all road signs and official documents are in two languages. Italy took over the region, formerly Austrian South Tyrol, from Austria after World War I.

'Leaks' Probably Came From Aides To Nixon

COLLEGE PARK, Md. (AP) — U.S. Atty. George Beall says some of the news leaks about the grand jury investigation of Spiro T. Agnew probably came from aides to President Nixon. Beall, who directed the Agnew probe, says he also believes some of the leaks came from the former vice president's own staff, because of

friendships between newsmen and Agnew aides. "There were unquestionably leaks from the White House. And I have to think the information to the press came from the vice president's office sometimes," Beall said Wednesday night. He made the comments during a speech before a joint

meeting of the Maryland professional and University of Maryland student chapters of Sigma Delta Chi, a national journalism society. He said White House leaks could have been part of a plan to pressure Agnew into resigning from the vice presidency. Beall did not offer any evidence to substantiate that point, nor did he indicate from what level he thought the leaks may have come. Beall said he was "as sure as I possibly can be that my own staff leaked nothing" to the press.

Uncle Sam Sues Milk Producers

SAN ANTONIO, Tex. (AP) — The U.S. Department of Labor filed suit here against Associated Milk Producers, Inc., alleging that the diarmen's cooperative violated the Fair Labor Standards Act. The Labor Department is the federal agency of the executive branch to file suit against the 40,000-member, San Antonio-based organization, which is in a controversy involving political donations to the Nixon administration. A spokesman for AMPI had no immediate comment. The Labor Department petition claims AMPI has not been paying overtime compensation to workers who have worked more than 40 hours weekly at AMPI branch plants in Rusk and Sulphur Springs, Tex., and Laurel, Neb. The suit also claims AMPI has discriminated among employees on the basis of sex at Rusk and its butterfat testing laboratory at Arlington, Tex. The suit mentions laboratory technician jobs at Arlington and bookkeepers at Rusk. According to the Department of Labor, AMPI has been "repeatedly violating" the provisions of the Fair Labor Standards Act since Dec. 1, 1971. The Labor Department is asking that AMPI be permanently enjoined from violating the act and to compensate for any overtime which a federal district court judge feels is involved. AMPI currently is fighting an antitrust suit filed by the U.S. Department of Justice in early 1972. Lawyers for AMPI are seeking in a court motion White House and other government documents which AMPI says may show whether government action or threats in the antitrust case were meant either to "induce" political contributions or to "punish" AMPI for refusal to contribute.

Addicted Babies Data Disclosed

BOSTON (AP) — Babies born to women addicted to methadone suffer more severe withdrawal effects than those born to women using heroin, researchers say.

The New York Medical College researchers say doctors must realize that switching pregnant addicts from heroin to methadone can have serious consequences for the newborn who often share their mothers' addiction.

"It is our opinion that methadone should not be used indiscriminately during pregnancy," says Dr. Carl Zelson. Sook Ja Lee and Marie Caslino in a study published in the current New England Journal of Medicine. Zelson led the research team.

Methadone is an addictive, synthetic drug used as a substitute for heroin to get addicts off heroin.

Once the addict is dependent on methadone, he can be maintained on low doses of the cheaper drug, hopefully to live a more stable life as a methadone addict. The dose also can

be decreased slowly until he is detoxified and is no longer an addict.

"In recent years, the use of methadone by pregnant addicts has increased considerably," the report says.

It said that, as a result, there has been a marked increase in the number of infants born to women in methadone detoxification and maintenance programs, as well as those who use the drug illegally.

The doctors said that, in a study conducted between July 1971 and December 1972, they examined 46 infants born to methadone addicts and 45 born to heroin addicts.

The report says 34 heroin and 12 methadone babies suffered withdrawal symptoms, including tremors, irritability, vomiting, fever and breathing difficulties.

Twelve of the 45 heroin babies had three or more of the withdrawal signs, compared with 29 of the 46 methadone babies, the researchers said. The methadone babies also proved twice as likely to have convulsive seizures.

BLUB-BLUB-BLUB LEADER SPEAKS OUT

SEATTLE (AP) — Plans to export hydroelectric power from the rain-drenched Pacific Northwest to sunny Southern California have come under fire from a local group calling itself Believers in Localizing Unexpected Bonneville Benefits to Lavish on Unfortunate Beggars who Brave Life as Umbrella Bearers (BLUB-BLUB-BLUB).

Florida Gray of Seattle said she formed BLUB-BLUB-BLUB because she was irked at being told to cut down on the use of electricity during the cold winter rains while power generated from the rain water was being diverted south under power pool sharing arrangements.

"If we have to live through the rainfall all year to get an adequate supply of hydroelectric power, why should we send it to sunbathers in Southern California?" she asked.

Bush Voices Belief GOP Will Overcome Problems

HOUSTON (AP) — Republican National Chairman George Bush says he believes the party will overcome problems related to Watergate and make a surprising showing in the 1974 congressional elections.

"I would be foolish to predict a large pickup in either house but I feel that by the fall of 1974 we will be in good shape as to issues and a lot of people will be surprised by numbers," Bush said at a news conference.

HAD ENOUGH

He made the remark following a meeting with a group of businessmen at a closed session sponsored by the Republican Congressional Boosters Club.

DPS Seeking New Officers

Major E. K. Browning Jr., regional commander of the Texas Department of Public Safety in Midland, has announced that the Texas Department of Public Safety is now accepting applications for appointment for the position of patrolman.

General qualifications for DPS Patrolmen and DPS Patrolwomen are these: Applicants must be 20 through 35 years of age (inclusive); good moral character; excellent physical condition; height not less than 69 inches nor more than 76 inches; weight not less than two pounds nor more than 3 1/2 pounds per inch of height; visual acuity no worse than 20-40 correctable to 20-20; and a citizen of the United States. Education requirements are a minimum of 45 semester hours of college credit.

Persons selected as Cadets will be assigned to Austin for an 18-week training school beginning in February, 1974, at the DPS Academy. Qualified female applicants are now being accepted for the Uniformed Services of the DPS, and the department has been increasingly successful in recruiting persons from minority groups.

During the training school, Cadets will receive a salary of \$630 per month. After graduation, cadets will be commissioned as Probationary Patrolman I at a salary of \$719 per month and assigned to the Highway Patrol, License and Weight Service, Motor Vehicle Inspection Service or Driver License Service according to the needs of DPS and consideration of personal preference. The salary automatically increases to \$743 per month after six months and to \$794 after 12 months. Officers are eligible to compete for promotion. Other benefits are 60 months commissioned available.

Applicants should contact any DPS Office or patrolman for an application.

LADEN WITH SILVER — Winner of the \$100 in silver dollars, given away from downtown merchants in Big Spring for the week of Dec. 3-8, was Mrs. F. D. Newsom (left), Star Rte., Box 83, Ackerly. She signed for the contest at Jimmy's Men's Wear and being presented with her award by Margaret Palmer, assistant manager at Jimmy's.

Being A Rent-A-Santa Can Be Tough, Wet Job

SALT LAKE CITY (AP) — Being a rent-a-Santa can be tough. There are the kids who get excited and wet their pants while sitting on Santa's knee. And there are the ones who try to pull off Santa's beard. Glenn R. Welker of Bountiful, Utah, who says he has about 200 bookings for the season as a rent-a-Santa, recalls his reaction when a 6-year-old became excited while sitting on his knee and Welker suddenly found himself the possessor of a wet spot. "I just casually shifted my leg and asked the next child to climb onto my other knee," he said. What about the children who want to pull off Santa's hair and beard? "It takes a lot of glue, and bands, and pins and wig nets," says Welker. "We want to standardize looks, maintain ideals," says Welker. "We don't want to have people on drugs or alcohol; we want good, clean living standards." Zucca, a janitorial contractor, says, "There are so many cut-throats out in expensive suits who try to make a quick buck, and they ruin it for the kids."

Rita Hill, Road Fighter, Out Of Jail

LORDBURG, N.M. (AP) — Rita Hill, the elderly ranch owner who went to jail Nov. 23 for refusing to get out of the way of a highway interchange project, is free. Mrs. Hill, 72, left the jail late Monday, her daughter, Janaloo Hill, said. She was released after signing a document promising not to interfere further with the Interstate 10 project on nearly 60 acres of land for which she received about \$33,000. District Court Judge Norman Hodges had said Mrs. Hill was to remain in jail until she agreed not to interfere with the project. Mrs. Hill never contested the settlement in a court appeal. Judge Hodges said the only time she hired a lawyer was during the condemnation proceedings which ended with a settlement of \$29,000 plus interest. The \$29,000 value on the land was determined by Mrs. Hill's appraiser. State appraisals had valued the land at much less. "Mother is not feeling a bit well," Mrs. Hill's daughter said. "It might have harmed her health permanently if she remained confined any longer." At the same time Mrs. Hill released a statement saying she would continue her fight with highway officials through more orthodox, political means. Mrs. Hill had camped in a makeshift shed in the path of the highway project from Aug. 20 until she was arrested and removed Nov. 23 by county officials. She had contended that the project was unnecessary.

Gun Store Owner Kills Intruder

NEDERLAND, Tex. (AP) — A gun store owner told police he shot a man breaking into his business Tuesday night after the man attacked him with a tire tool. Investigators identified the dead man as Robert M. Baker, 26, of Port Arthur. Store owner Dave Blake told officers he was working in the rear of the shop when he heard a plate glass window smashed. He said he grabbed a shotgun and went to the front of the store. Officers later arrested another man believed to be an accomplice a short distance from the store.

Competition in the auction is a two-edged weapon. At times, it can drive the opponents too high, or permit you to find a cheap sacrifice against an opposing game. On other occasions, it may give away key information, thereby permitting declarer to make a contract by means of an unusual play.

East-West were employing the Unusual Two No Trump Convention. Instead of its natural meaning, an overcall of two no trump was a form of takeout double showing length in the minor suits. North doubled to show a good hand, and when three clubs was passed round to him he leaped to four spades on the strength of his excellent trump support.

West led the king of clubs, won by dummy's ace, and two rounds of trumps were drawn. Had there been no opposition bidding, South might have tried the heart finesse. That would have resulted in his defeat, for after winning the queen of hearts, East could shift to the ten of diamonds, permitting the defenders to collect three tricks in that suit.

However, declarer had heard the auction. West promised length in the minor suits, so he had to be short in hearts. Therefore, the finesse rated to lose, and South wanted to keep East off play to prevent a lead thru his king of diamonds.

After a moment's thought, declarer found an elegant loser-on-loser play to insure his contract. He cashed the king and ace of hearts and then led the ten of clubs from dummy, discarding a heart from his hand.

West won the queen of clubs but was caught in an endplay. He either had to lead a diamond up to declarer's king, or give South a ruff-and-stuff which would allow declarer to discard a diamond from the hand while ruffing in dummy. Either way, declarer would lose only two diamonds and a club.

Note that declarer's line would have succeeded even if West held a third heart. West could exit with that card, but then declarer would ruff East's queen, setting up dummy's jack for a diamond discard. Declarer could reach dummy with a trump.

HE IS CURED 'Mad Bomber' To Be Freed

NEW YORK (AP) — After nearly 17 years in mental institutions, the Mad Bomber of a generation ago stands on the threshold of freedom.

The last criminal charges remaining against George Metesky for the planting of homemade bombs in such public places as the Radio City Music Hall were dismissed Wednesday in a Manhattan court.

FULL FREEDOM

Full freedom will be his upon his formal discharge from a state hospital in Queens, expected in a matter of days. He already has been certified as having regained his sanity.

When Metesky, now 70, was sent to a state hospital on April 19, 1957, it was ostensibly to die. Doctors said his days were numbered by an advanced case of tuberculosis. Now he says he is cured and his health is "better than it's been in nearly 40 years."

"Mr. Metesky, 16 years ago you caused a great deal of turmoil in this city," Judge Joseph Martinis said Wednesday as he dismissed all remaining charges. "I remember distinctly a lot of sleepless nights because of these incidents. I expect there will be no repetition."

TERROR

The grandfatherly-looking man who terrorized the nation's largest city over a 17-year period nodded assent. Metesky said he plans to return to the Waterbury, Conn., home of an elder sister where he was living when he was arrested Jan. 21, 1957.

Metesky became eligible for freedom with the completion of 16 years and eight months in custody, or two-thirds of the maximum sentence he could have received for attempted murder. The first step to freedom was a hearing in which he was adjudged to have regained his sanity. Then all pending charges against him were dropped.

In 1933, when he was 32, Metesky's lungs were seared when a boiler backfired in a Queens power plant where he worked. He contracted tuberculosis, and said it made him unfit to hold another job. He claimed he unjustly was denied compensation, despite years of efforts to obtain it.

PLANTED BOMBS

Metesky eventually turned to planting homemade bombs, 32 in all. The first was discovered Nov. 18, 1940. No one ever was

Two Scholarships Being Offered

Two scholarships, valued at \$2,000 each over a four-year period, will be awarded again this year by the Washington Crossing Foundation.

Eugene C. Fish, president of the Foundation, said the scholarships, named in honor of author-historian Ann Hawkes Hutton, will be awarded to students in 12th grade who plan a career in government service.

Interested students should write a letter of not more than 200 words stating why they plan a career in the field of government service. A letter of recommendation from the student's guidance counselor or school principal should accompany the entry letter.

Entries must be postmarked no later than Feb. 22, 1974, and received by the Foundation office no later than March 1. Interested educators or students may secure details by writing to Eugene C. Fish, Esq., president, Washington Crossing Foundation, Box 1976, Washington Crossing, Pennsylvania, 18977.

May Be Bused Away From Pool

LONDON (AP) — The tiny village school in the tiny village of Millbrook, Bedfordshire, is threatened with closure because the cost per pupil is as high as the fee at the best private schools.

The village has a population of 195. The school, founded in 1840, has its own swimming pool, modern play equipment and high education standards. It also has nine pupils. And it costs the taxpayers 500 pounds — that's around \$1,250 — for every one of them.

Bedfordshire County Council says that 500 pounds a year per pupil is more than three times the average cost in the county's primary schools.

In the event of closure the children would be bused two miles to the nearest town, Ampthill.

UT Funds Shortage

AUSTIN (AP) — The Austin American-Statesman said Wednesday that University of Texas auditors have found evidence of a shortage of at least \$20,000 in involving student financial aid funds.

UT Vice President James H. Colvin had no comment on the report.

The audit of student financial aid funds was begun last week after Edward L. Carpenter, former director of the financial aids office, was charged with embezzlement of more than \$200, a felony.

Carpenter was later arrested in Pennsylvania. He is being held in the Lancaster County (Pa.) prison awaiting extradition procedures. Officials have said he has indicated he will not fight extradition.

Tax Troubles

ROME (AP) — Rome is Italy's largest city in terms of population, but it only ranks No. 4 on the scale of tax disputes. Tax authorities say Turin has the most disputed income tax returns, followed by Milan, Naples and then Rome.

PEOPLE IN THE NEWS

Kissinger's Pajama Game

LONDON (AP) — Secretary of State Henry A. Kissinger lost his pajamas in a laundry while traveling around on world missions, but the mishap gained him some quite respectable sleepwear.

United States Embassy staffers scooted around to London department stores Wednesday night trying to find a pair that would fit their boss, but most of the stores were closed.

However, a State Department employee who is about Kissinger's size donated his new pair of pajamas. They were fashioned by Paris designer Pierre Cardin.

WASHINGTON (AP) — President Nixon left the White House unannounced to attend a bachelor party for his personal physician and to meet with business leaders.

Nixon's first stop Wednesday night was a restored, government-owned mansion half a block from the White House on Lafayette Square where the bachelor party was in progress for Air Force Maj. Gen. Walter R. Tkach, Nixon's physician.

Most of the party-goers were White House staff members celebrating Tkach's wedding Dec. 23 at the western White House in San Clemente to Cheryl Gaillard of La Jolla, Calif. From there, Nixon drove to the Mayflower Hotel to participate in a closed meeting of the Business Council, composed of leaders of many of the nation's largest and best known corporations.

SHELTON, Conn. (AP) — "Dear Ted," the letter reads. "My name is Michael Bourque and I'm 11 years old. I had my right leg amputated Oct. 9 because of bone cancer."

The letter was written to Ted Kennedy Jr., 12, who also had his leg amputated because of bone cancer.

Michael said he wrote the letter the son of Sen. Edward M. Kennedy, D-Mass., to "cheer him up" after his operation last month.

"I'm getting along real good on my crutches," the letter said.

Michael's mother, Grace Bourque, confirmed that. She said her son climbed the stairs at their home

within three hours of his release from the hospital.

NASHVILLE, Tenn. (AP) — Banjo-picking blue grass entertainer Lester Flatt has sued Esquire Magazine for referring to him in an article as "the late Lester Flatt."

The entertainer said in the suit seeking \$500,000 damages that the magazine reference forced him to make extraordinary expenditures and damaged his health, reputation and business career.

Esquire apologized for the "unfortunate and unintentional error" and said it would publish a correction in the January edition.

WASHINGTON (AP) — Vice President Gerald R. Ford says his boss is looking healthier Wednesday than he has in years.

Asked about President's condition, Ford said he had seen him three times Wednesday and, "The President hasn't looked as well . . . in the past two or three years."

Sir Keith Will Look Into It

LONDON (AP) — Conservative MP Marcus Fox is not against girls being made more attractive, but he doesn't think Britain's National Health Service should pay \$350 for operations to make their busts bigger.

He is asking Social Services Minister Sir Keith Joseph to look into the matter.

At Leeds, General Infirmary in Yorkshire, a spokesman said "We have performed about six of these operations on the National Health. There have been good psychological reasons for each one."

FOR THREE-DAY PERIODS AT CHRISTMAS, NEW YEAR'S Thousands Of Service Stations To Shutdown

By The Associated Press

Thousands of gasoline service stations in many parts of the country are planning to close for three-day periods at Christmas and New Year's, a spot

survey indicated today.

Spokesmen for associations of service station operators in Michigan, Illinois, Louisiana, Florida, Washington D.C., Indiana and Wisconsin said many of their members would close from the Saturday night preceding each holiday until the following Wednesday. Christmas and New Year's fall on Tuesdays.

doing so at the request of President Nixon, who is seeking authority to make such shutdowns mandatory.

The American Automobile Association said it is still compiling figures on service stations closing for three days at Christmas and New Year's. But the number will be substantial, a spokesman said.

Independent service stations are especially hard hit by the oil shortage and are particularly likely to close, said Dick Reynolds of the Society of Independent Gasoline Marketers of America.

"Virtually 100 per cent of our members will be shut," he said. The group's 214 member companies represent 20,000 service stations.

Announcements that the government plans to cut gasoline production will encourage extended holiday shutdowns, spokesmen said.

"You keep threatening a man with execution, and he's liable to take steps right now to try to preserve some of his supplies," said Charles Shipley of the Michigan Service Station Dealers Association.

He said stations along interstate highways and main arteries which are normally dependent on travelers' business are more likely to be open than urban service stations with neighborhood trades.

He said a three-day closing "would benefit many of the people the neighborhood service station normally serves, since most of your available product is usually sold to strangers on holidays."

When You're Stuck In Snow

MICHIGAN CITY, Ind. (AP) — According to the Clark Equipment Trailer Division, professional truck drivers suggest the following method of getting free when your car gets stuck in snow:

"Rock" your car out of snow ruts by easing it forward as far as it will go without spinning wheels, then easing it backward. Repeat until momentum carries you out.

"We estimate that 50 per cent of the nation's service stations will be closed for the three-day periods," says John Huemrich, executive director of the National Congress of Petroleum Retailers.

80 PER CENT

More than 80 per cent of the country's 220,000 service stations have been closing this month from 9 p.m. Saturday to midnight Sunday. They are

Only 'Carta Bollata' Will Do

ROME (AP) — Italian tobacco shops sell cigarettes, cigars and matches. They also sell, exclusively, shoe laces, salt and playing cards. And to the general public disgust they sell "carta bollata" — stamped sheets of paper costing 80 cents on which Italians must write all letters and applications to their sprawling bureaucracy.

Confession Is Introduced

COLORADO CITY — Second-day testimony in the murder trial of John Phillip Walker was spotlighted here Wednesday when a confession attributed to the defendant was entered into evidence.

Defense attorney Tom Rees strenuously objected to the admission of the alleged confession during the trial, which is being held in 32nd District Judge Weldon Kirk's court.

Dist. Atty. Frank Ginzle is prosecuting.

Walker, 54, entered a plea of not guilty Tuesday to a charge of murder stemming from the July 22 discovery of his wife's body at their home in Colorado City.

Tuesday's witnesses included pathologist Bill Brooks of Snyder, who testified that Mrs. Walker died from a bullet wound just over her heart.

Former city policeman Pete Upshaw, the state's first witness, Tuesday testified that Walker had called him from work July 22 and had asked Upshaw to check on his wife.

Upshaw said Walker told of hearing a shot or firecracker as he left his house for work. The officer, off-duty at the time, relayed the message to police headquarters.

Court was adjourned shortly before 5 p.m. Wednesday and scheduled to reconvene at 9 a.m. today.

Lamesa Yule Party Slated

LAMESA — An old fashioned Yule is the theme of Lamesa Chamber of Commerce's big program, scheduled to be held on the Dawson County Courthouse square Saturday night.

"Come to town Saturday night starting at six o'clock to see Santa Claus," Chamber officials urge. Four 14 foot red trees will be lighted on the four corners of the square.

"The trees are using exactly the same energy that was previously used by the four floodlights which lighted the square nightly," chamber of officers stated "and they will be lighted up nightly each night until Christmas."

Carolers will wander around the square singing and Santa Claus will arrive on a fire truck and sit on a throne provided for the jolly old gent from the North Pole.

Plans for the event were finalized this morning at a meeting of the board of directors of the chamber. The group also presented a resolution in honor of the Golden Tornadoes football team and their coach, Robert James.

The Tors advanced to the semi-finals in AAA football, farther than any football team in the history of Lamesa High School.

Grace Earnings Swing Upward

BOSTON — W. R. Grace & Co. has confirmed security analysts' estimates of Grace's 1973 earnings that were recently revised upward to a range of \$2.80 to \$2.90 per share. J. Peter Grace, chairman and chief executive officer of Grace, also mentioned Grace's outlook for 1974 in a presentation before the Boston Society of Security Analysts Monday. He said "the strong upward movement in profits from agricultural chemicals virtually guarantees us an up year in 1974, although we recognize we may encounter some difficulties as a result of the energy crisis."

"Chemicals," Mr. Grace pointed out, "have shown a strong growth rate since 1968. Of 23.6 per cent per annum compounded, and in the first nine months of 1973, chemicals grew by 38.9 per cent."

Chemical sales alone which are estimated at 1.3 billion dollars for 1973, makes Grace the sixth largest chemical company in the United States. Seventy-seven per cent of Grace's total operating income after taxes is derived from its chemical business.

Grace operates an ammonia fertilizer plant in Big Spring, Tex.

Brownfield Man Is New Prexy

LAMESA — Chamber executives from the South Plains Association of Chamber Executives met Wednesday in Lamesa at the chamber office.

They selected new officers for the coming year including Gordon Hoopman, Brownfield, president; Bill Flynn, Floydada, vice president, and Don Crocker, Tulla, secretary.

The group voted to meet bi-monthly instead of every month, due to the energy shortage.

Due to the ENERGY CRISIS

We've Lowered Our Temperatures To Match Our Prices! Just as our lower prices save money for you, our lower store temperatures and shorter store hours are designed to save precious energy needed to heat your homes.

EFFECTIVE SUN., DEC. 16, Safeway will be open to serve you from 8:30 a.m. to 8:00 p.m. weekdays and 8:30 a.m. to 7:00 p.m. Sundays.

After all, the energy crisis is a People-To-People Problem ... and People is what Safeway is all about.

RAPS BISHOPS, UNION

Willie Farah Discusses Shutdowns Of SA Plants

SAN ANTONIO, Tex. (AP) — In some circles here, Willie Farah is persona non grata.

However, he chose to come to town Wednesday to explain why two San Antonio plants of Farah Manufacturing Co. have been closed, putting 900 persons out of work.

He received repeated applause during a speech to Rotarians. He got a warm welcome at one of the closed-down plants from workers, though now jobless, who support his position against the Amalgamated Clothing Workers Union and Roman Catholic clergymen.

His appearance was protested by about 100 sign-carrying union sympathizers and supporters of a nationwide boycott of the slacks his El Paso-based company makes.

MOST VICIOUS

"Without a doubt this is the most vicious thing that has hit the American scene in the 200 years it's been here," Farah said of union pressure and now the boycott.

"To make a profit, we had to consolidate," he said. Besides the two plants here, his company has closed plants in Victoria, Tex., and Las Cruces, N.M., and has five others in operation in El Paso, Texas, and Las Cruces, N.M.

"We are being driven by the most vicious of financial pres-

sures, the union and the church—not the church as a total but five separate bishops," said Farah, referring to boycott support by two bishops here and one each in El Paso, Minneapolis and Rochester, N.Y.

OLD TACTIC

He said that although he per-

NO PANTS — Minnesota Vikings cornerback Bobby Bryant (right) and other supporters of the Farah slacks boycott joined outside Dayton's department store Wednesday in Minneapolis. Several groups have been urging a boycott of Farah products until the Texas firm complies with a National Labor Relations Board order to bargain with a union.

sonally has been a target of "the old tactic . . . to pick the old ogre Southern mill owner," he appeared here not to defend himself but the workers who are out of jobs.

"Our people (the employees) do not have the time. We can survive this thing very easily," he said.

He told the Rotarians he hadn't spoken out before because "it's been our feeling that to get out in the public arena and raise Cain and offer rebuttal, we would sound like a bunch of watergate people."

Farah recently hired a public relations firm to counteract the boycott effort on a national scale, according to a public relations newsletter. The public relations firm coordinated Farah's appearance here, which included a press conference.

Farah said his plants are the most modern in the textile industry but conceded, "We don't have the level of wages we should have or will one day . . ."

He implied low wages were an industry-wide problem. **RIGHT TO CHOOSE**

He said he is for collective bargaining and his company has not denied its employees the right to choose whether they wanted union representation.

The union, through local offices here, disputes Farah's claims.

In a release after the two plant closings, the union said, "Mr. Farah has tried to play God, first denying that the workers have a right to a union of their own choice even after the union was certified by the federal government as the elected representative of a unit of workers, then harrasing, intimidating and coercing, and finally firing them for union activities they have the right to engage in by law."

THE TRUTH

Farah said no one has been discharged for union activities, adding, "We're not that dumb."

The union is now emphasizing the boycott rather than its organizing efforts. It has the support of Archbishop Francis Furey and Auxiliary Bishop Patrick Flores, both of San Antonio.

Both clergymen were unavailable for comment Wednesday.

Peregrine Falcon Is Endangered

WASHINGTON (AP) — The peregrine falcon, one of the most noble birds of prey, is on the skids. A recent survey under the auspices of the Interior Department and the World Wildlife Fund found only three young birds in 14 nests that might have had 40 to 50 fledglings under normal conditions.

The chief trouble was that DDT and kindred pesticides, taken in by the falcons with their food, caused them to lay thin-shelled eggs which did not hatch. This is true also, the experts say, of other birds of prey.

On the other hand, four pairs of peregrines in captivity at Cornell University raised 20 young birds last spring.

Front Blunting Texas Heat Wave

By The Associated Press

Aside from chilling the Texas Panhandle a bit and blunting a heat wave in some other sections, the latest cold front neared the coast today without causing much change in the weather as it swept across the state.

Skies were generally clear in early morning except for clouds near the forward edge of the frontal system. Fog cloaked parts of Northeast Texas and the coastal plains before day-break.

Passage of the cooler air generated winds up to 45 miles per hour in some localities Wednesday.

records for the date at several. The readings went as high as 85 degrees at Alice, Del Rio and McAllen, 86 at Austin and 87 at Cotulla. Behind the front, the coolest spots were Dalhart with a maximum of 64 and Amarillo with a 67.

Readings near dawn today sagged to 29 at Dalhart and 33 at Amarillo while it was still 65 at Beaumont-Port Arthur and Brownsville and 66 at Galveston.

day. Blowing dust lowered visibility to three miles around Wichita Falls and four miles around Abilene.

Temperatures climbed into the 80s at many points Wednesday afternoon, setting local

New Concepts In Special Education Are Explained

The change in concept of special education from a physical or mentally handicapped child to that of one of at-tacking any significant learning disability is producing results, in the view of Gene Adkins.

Adkins, who directs the supervision of individualized learning programs, addressed the Downtown Lions Wednesday at the Settles.

Studies have shown that whereas the children identified for special education programs had shown half a year's progress in a year's study, they frequently registered 1½ year's progress in a year's time after individualized instruction.

"Of course, this is taking up slack and that rate couldn't be maintained," he said.

The program has been expanded to cover the range from 3 to 21 years of age. Where children were introduced to the program at age 3, there is a 95 per cent chance of converting them into normal learners; where they get no special attention until age 6, the chances are 50-50, he said.

From approximately 100 enrolled, there now are 660 under the specialized programs. Part of this is due to more sophisticated means for discovering learning disabilities, which, when spotted, have specific learning programs prescribed. Visual aids, special equipment, new materials are utilized to sustain interest.

Changing concepts are reflected in a shift from classes of 100 per cent special students to an integration of these youngsters into their normal classroom surroundings. In many cases, individualized instruction may last only one

period a day.

Although only one-tenth of the total public school education bill is in the special category, Adkins acknowledged that it is expensive — about a million dollars for every 100 teachers. But, he said, the question of its worth should be answered in the context of: "Do we believe that all children are entitled to an education?"

The Downtown Club will participate in the State Hospital Christmas party Monday, said John F. Smith, president, and in the Salvation Army bell ringing Monday and Tuesday. Verl Greene was in charge of the program.

Danny Hooser Is Freed On Bond

Danny Hooser, 23, 1003 E. 14th St., has been charged with burglary in Borden County, arrested and released on \$2,500 bond set by Peace Justice Walter Grice.

Hooser is accused of participating in the burglary of the Raymond Hamby house at Lake J. B. Thomas several months ago.

Howard County Sheriff A. N. Standard said a lamp and bed clothes were recovered here.

A television set stolen from the resident was found in Odessa, and the sheriff believes recovery of other goods is likely.

Warrants have been issued for the arrest of two other burglary suspects.

Working with the sheriff's office was Guv Talbot, special investigator for the district attorney.
