NUMBER 23

## Importance of Farm Records Very Important

Importance of keeping records impressed upon Texas farmers who made their annual income tax returns.

According to Tyrus R. ... in farm management ... the A. and M. College ... Service, accurate records ... the year eliminate ... items of income and ex ... or the tedious task of ... receipts or scattered ... to determine the tax ... and deductions. He ... that approximately 300 ... farm families will have ... returns in March, 1944, ... Victory taxes or income ...

at least 95 per cent of ... including most be ... the returns on the cash ... items what should ... record book.

... a farm subject to tax ... all cash and value of ... received from sale ... livestock products, ... other sources, together ... and value of mechan ... for work and other ... of the farm. All ... received should be

## Commissioners Court Meet in Regular Session

The Commissioners Court met in regular session Monday. Various officials reports were approved and accounts allowed.

The court set June 3, as the date when the Commissioners Court will meet as a board of equalization.

## Distribution of Soybean Meal Curtailed

Distribution of emergency soybean meal through the Texas USDA War Board is being curtailed during May, it was announced early this week.

In making the announcement, B. F. Vance, chairman of the board, explained that although some Texas counties still were requesting shipments that the majority did not need additional soybean meal at the present time.

He added that because of spring rains and the new grass supply that 23 counties already had cancelled orders for approximately 25 cars of soybean meal.

Operating under a plan whereby soybeans were moved from northern soybean producing areas into Texas mills for crushing, the mills sold one-half of the meal through regular channels of trade while the remaining one-half was retained by Commodity Credit Corporation for shipment into critical areas.

Through this emergency operation, the Texas board routed 333 cars of CCC-owned meal during the first four months of the year into areas where the feed situation was acute.

Users of soybean meal, whether feeders, feed mixers or dealers are being advised to arrange for supplies through regular trade channels, where possible, while the supply which becomes property of CCC under the contract plan will be used for shipment into counties and for building reserves for future use.

## Miss Arlene Fyffe Becomes Bride of Lieut. Burrus

Miss Arlene Fyffe, daughter of Mr. and Mrs. D. W. Fyffe, and Lieutenant James R. Burrus of Great Falls, Montana, son of Mrs. J. A. Burrus, of Floydada, were united in marriage at the parental home Sunday evening at 8:30 o'clock, Rev. Lawrence W. Bridges officiating.

The bride was given in marriage by her father, and Miss Tyler of Amarillo and Miss Betty Jo McCleskey were bridesmaids.

Mr. and Mrs. Burrus were reared in Floydada and are graduates of Floydada High School. During the past year Mrs. Fyffe has been employed in Amarillo by the Southwestern Bell Telephone Company.

Lieutenant Burrus volunteered for service in the Air Corps in June, 1942, following his graduation from West Texas State College in May. He received his commission January 20 from the Officers Candidate School at Miami, Florida. He spent a short while at Spokane, Washington and from there was transferred to his present location.

Throw your scrap into the fight.

QUEEN - ELEANOR WESTMORELAND

SENIOR PRINCESS JEAN AYRES

FRESHMAN PRINCESS BESSIE GEORGE COOPER

SOPHOMORE PRINCESS HELEN FINNELL

JUNIOR PRINCESS LAURA BESS RAMSEY

Denton, Texas.—Petite, blonde Eleanor Westmoreland, Elysian Fields senior, reigned as Queen of the May at the annual North Texas State May Fete, held Friday night, April 30. Miss Westmoreland, was crowned as 1943 queen by Bill Menefee of Grandfalls, senior class president, who ruled over the traditional campus May pole dance and the colorful coronation ball.

Attending the North Texas State queen was four class princesses, Bessie George Cooper, Kerrville; Helen Finnell, Dallas; Laura Bess Ramsey, Ennis; and Jean Ayres, Paris.

## Pre-Flight Training for High School Teachers

Abilene, May 13.—A tuition free course in pre-flight aeronautics for high school teachers will be given at Hardin-Simmons University for the Civil Aeronautics Administration during June, President W. R. White announced today.

The course, starting June 1 and ending June 30, is open to all secondary school teachers handling work in pre-flight aeronautics or who intend to start such instruction not later than the 1943-1944 school year.

The CAA of the United States Department of Commerce has contracted with Hardin-Simmons for payment of tuition for the teachers and for handling instruction. Courses will include an introduction to pre-flight aeronautics, general servicing and operation of aircraft, meteorology, navigation, civil air regulations and pre-flight aeronautics in secondary schools.

## RAIN BENEFITS CROPS AND GARDENS OVER FLOYD COUNTY

Rain Sunday afternoon, Sunday night and Monday furnished a fine season for all growing crops and gardens, and put moisture aplenty in the ground to bring up spring crops.

Floyd County, as a whole, received a splendid season. In Floydada the R. E. A. rain gauge registered 2.65 inches, and other communities without gauges, estimated as much moisture or perhaps more.

No hail was reported and the slow rain-fall over the county left the land and crops in fine condition.

Throw your scrap into the fight.

## Mahon Favors outlawing Strikes For Duration

Washington, D. C., May 13.—Congressman George Mahon, in condemning John L. Lewis and the coal strike recently, said that Lewis was guilty of treasonable conduct and should have been shown months ago that he is not greater than the U. S. Government. The people are aroused, and they have every right to be, he said.

In a speech in Congress Mahon said that Lewis had in effect repudiated our government and joined our enemies and that this latest act against the government by Lewis had fully vindicated all those who had been fighting for legislation to prevent strikes in war time and for a firmer policy by the President against our enemies within the U. S.

Mahon and many other Members from the South have been demanding for months that strikes should be outlawed for the duration. The President had secured a pledge from Lewis and other national labor leaders that there would be no strikes and had not favored legislation. A firmer policy against strikes is now thought probable.

## CARLOADINGS FOR WEEK ENDING MAY 8

Santa Fe System carloadings for the week ending May 8, 1943, were 22,094 compared with 21,357 for the same week in 1942. Cars received from connections totaled 12,575 compared with 9,773 for the same week in 1942. Total cars moved were 34,669 compared with 31,130 for the same week in 1942. Santa Fe handled a total of 35,999 cars in the preceding week of this year.

## Mr. and Mrs. R. B. Hatley Move to San Antonio

Mr. and Mrs. R. B. Hatley have moved to San Antonio where they will make their home. Mrs. Hatley, who was local Western Union manager, went to San Antonio and spent three weeks on her vacation, and during that time resigned her position with Western Union.

Mr. and Mrs. Hatley returned to Floydada Sunday and rented their residence to J. D. Moore and family and returned to San Antonio.

Mrs. Hatley has served the local Western Union office as manager for seventeen years. The office will be moved in the near future to Arwine Drug Company, where Mr. and Mrs. Arwine will be in charge.

## Dr. K. J. Clements Moves Office to Skaggs Building

Dr. K. J. Clements, Osteopathic Physician and Surgeon, Plainview, has recently moved his offices from his residence at 721 Austin Street, to Rooms 313-315 Skaggs Building.

Dr. Clements was formerly located in the Skaggs building before retiring from practice several years ago, and when he returned to Plainview last fall, he was unable to get office rooms due to crowded conditions.

Mr. and Mrs. J. M. Hughes, of Fort Worth, arrived Friday and are making their home on West Missouri Street at Mrs. Haines' apartment. Mr. Hughes said they would be here until after wheat harvest. Mr. Hughes, who has been in ill health for several months, is much improved.

## Public Should Not Become Lax in Bond Buying

Austin April 13.—The Second War Loan Drive has been written off as a success but the Texas Retail War Savings Committee has no intention of letting the public become lax in its purchase of Stamps and Bonds regularly, Dr. W. J. Danforth, committee chairman, announced Saturday.

Instead of risking a letdown such as usually follows a lengthy campaign of this sort, Dr. Danforth called a meeting of the state wide group Tuesday afternoon at Austin. At this meeting the sixty odd representatives of the fifteen leading trades of the state reviewed their previous efforts and made plans for expanding and exhilarating the sale of Stamps through all retail stores.

Governor Coke R. Stevenson was a guest of honor at the dinner given Tuesday evening, at which he made an address to the committee.

The meeting was held at the Driskill Hotel and began at 2:00 p. m. During the session, addresses were made by several state notables.

Mrs. Ursel Mathews, of Lubbock, spent the week end with her parents, Mr. and Mrs. W. G. Collins.

## Motor Transportation Industry Meet at Dallas June 9th

The Motor Transportation industry will conform to the prevailing curtailment program concerning annual conventions and will limit its Ninth Annual meeting this year to a one-day War Conference at Dallas on Wednesday, June 9th, according to announcement from Ed Sproles, president of the organization.

Only matters which are strictly germane to the industry and its activities in behalf of the war effort will be scheduled for discussion, according to Sproles who added that all entertainment and extraneous features would be eliminated this year as a war necessity.

While a definite program has not yet been worked out, it is known that Ted V. Rodgers, president of the American Trucking Associations and John L. Rogers, director of the Motor Transport Division of the Office of Defense Transportation, both of Washington D. C., will be present and address the conference.

A committee to map out the program and make other necessary arrangements is composed of H. E. English, Gordon Hall, Fred Gillette, Dallas and Ed Sproles and J. A. Fadell, Fort Worth.

The meeting will be held at ten a. m. at the Baker Hotel.

## Floyd County Pioneer Association Comm. Meets Saturday to Discuss Plans of Gathering

Committees met at the County Court Room on May 9th to report on arrangements for the annual gathering of the Floyd County Pioneers Association.

Among other business brought up for discussion, it was voted to give the following prizes:

Best Float in Parade.....	\$2.50
Second Best Float in Parade.....	\$2.00
Best Dressed Pioneer.....	\$2.00
Second Best Dressed Pioneer.....	\$1.50
Old Time Cowboy.....	\$1.50
Second.....	\$1.00

## Miss Margie Morehead Will Receive Diploma May 21

The Spring Trimester graduating exercises of John Tarleton Agricultural College will be held Friday, May 21, in a combination Senior day and graduation program, at which time diplomas will be awarded to spring graduates of both the high school and college divisions.

Rev. E. C. Carter, pastor of the First Methodist Church of Stephenville, will deliver the graduating address, after which fifteen high

school and forty college graduates will be awarded diplomas by Dean J. Thomas Davis. Miss Ruth Rexroat, daughter of Vernon Rexroat of Gordon, will deliver the valedictory address; and Miss Grady Harrison, daughter of H. G. Harrison of Breckenridge, will give the salutatory address.

Gilbert Gillis of Electra, president of the Senior Class, will make formal presentation to the college of the class gift. The three Senior Classes of 1942-1943 are presenting to the college a marble shaft, to be erected on the campus, and on which will be engraved the names of all exstudents now in the armed services.

Margie Morehead, daughter of Mr. and Mrs. E. J. Morehead, Floydada, is in this group to receive college diplomas.

## A. J. Jackson Made Mgr. of Producers Co-op.

Recently a deal was consummated whereby Henry Edwards sold his grain elevator in Floydada to the Producers Co-Operative, with John A. Lloyd as president. Actual transfer of ownership has been completed and A. J. Jackson, who has been employed as manager, has been for several years manager of the Plains Co-Operative.

Serving with Mr. Lloyd on the board of directors will be Fred Battey, vice president; P. J. Wilkes, secretary; G. C. Collins, and Roe Jones.

## 4-H Club Boy Makes Success in Livestock

College Station, May 13.—A combination of good management, a keen business sense and determination to do his part in the war effort has made Tom Corbello of Cameron County an efficient producer of food-for-Victory. He's a member of the San Benito boys' 4-H Club.

Starting from scratch 17 months ago, Tom now owns livestock and poultry estimated to be worth \$1,063. According to Assistant County Agricultural Agent George Shearer, young Corbello owes only a small amount on his five-cow dairy herd, his flock of laying hens and pigs.

Shearer quotes H. L. Starnes, president of the Valley Production Credit Association, that Tom took over the management of the family citrus operations after his father entered defense work. He became interested in livestock in October 1941, and through his 4-H Club and a local service club borrowed money to buy one of the registered Jersey cows brought into the county to be distributed among club boys. The next year he borrowed money to buy three bred gilts and 300 baby chicks to pay for the registered cow. He raised 291 of the chicks to broiler age and now has 142 pullets producing 100 eggs daily.

From the litters of the three gilts, Tom raised 24 pigs to weaning age. With foresight he made a further loan to buy sufficient grain to feed them out while it was cheap. He marketed his pigs recently, and with the ones kept for breeding he has more than \$650 worth of hogs produced at a cost of slightly less than \$300, according to Shearer. Tom used the money from the sale of the pigs to pay the feed bill for his chickens and dairy herd, along with expenses incurred in starting his various enterprises.

Recently he was able to finance purchase of grain needed for operations during the next four months, and to feed two litters of pigs.

Addition of livestock and poultry has given the Corbello farm a well diversified agricultural program, Shearer says. Income from the orchard supplemented by his father's earnings have covered the expense of operating the citrus grove, living and taxes. Tom reinvested earnings from his demonstrations in building his livestock and poultry program.

Mr. and Mrs. Joe E. Pitts, of Amarillo, spent the week end with Mrs. Pitt's mother, Mrs. Sarah K. Duncan and other relatives.

Texas letter-writers kept busy during March, the University of Texas Bureau of Business Research report on postal receipts during the month indicates. Total receipts in Texas during the month were \$2,123,894, a gain of 26.5 per cent over March of last year.

### Forecast For Released by Childs

Station, May 13.—Beef sheep and lambs, and Texas farms and ranches were at an high, according to figures by V. C. Childs, principal agricultural statistician for the U. S. Department of Agriculture. More record number of chickens Texas farms stood 17 per cent a year ago and 44 per cent the ten year average. One hundred hens laid 1,047 eggs in February compared with 985 in the corresponding month a year ago. These figures for an year of the current year's food production, C. E. Bowles notes also

an intention by Texas farmers to increase acreages in cereals and feed for 1943. He is the specialist in organization and cooperative marketing for the A. and M. College Extension Service. For example, Bowles says, sweet potato acreage promises to be 56 per cent above 1942. Regardless of reduced labor and shortages of machinery and equipment, farmers plan to plant two per cent more corn; four per cent more barley and rice; 15 per cent more peanuts, and increase the acreage of all sorghums 11 per cent above last year.

Usually good calf crops and reduced death losses more than offset the increase of 29 per cent in marketing of Texas cattle and calves during 1942 over those of the preceding year. Indications are that the 1943 spring pig crop will be about 30 per cent larger than that of a year ago, which in turn was 44 per cent greater than

the 1941 spring production. "Farmers were assisted in their patriotic efforts to meet the war needs for meat by bumper grain crops on the Plains, and by attractive prices for livestock," Bowles says. "But it should be pointed out that farmers now are squeezed between skyrocketing feed prices and ceiling prices on meat. Farmers will need extra labor for peak requirements, as well as favorable seasons. Given these, they will do their part to reach the war food goals set."

### Schools Victory War Loan Drive Goes Over Top

Texas schools have gone over the top in raising their quota for the Second Victory War Loan Drive. Their goal set by the Treasury Department was to purchase 354 jeeps, \$900 in Bonds and of one jeep. Final reports from the War Savings Staff in Austin indicate in excess of 4,000 jeeps purchased by the school children of Texas. The goal set by the Treasury Department for the schools of the entire nation was 10,000 jeeps. In view of this figure the accomplishment of the Texas school children is outstanding. The San Antonio schools turned in a top record. In excess of \$6,000,000, worth of Bonds and Stamps were sold and purchased through a concerted drive by the combined schools of the city. This fund will be used to purchase 20 flying fortresses for the Alamo Squadron.

During the last 46 years, Texas has produced about six and one-half billion barrels of oil.

Salt is the oldest and most continuously produced commercial mineral in Texas.

Throw your scrap into the fight.

### Good Health Vital To Raising Strong Chickens

Raising what they have is the main problem confronting Texas producers of poultry. According to W. A. Boney, poultry veterinarian for the A. and M. College Extension Service, Texas poultry flocks are 17 per cent larger than at the same time a year ago.

Doing the job efficiently means better brooding, ranging pullets on ground free from visible parasite eggs and placing them early in clean houses with deep litter, sufficient feed, water, space, light, nests, ventilation, grit and oyster shell.

A five per cent reduction in mortality of hens would mean an increase of 200,000,000 dozen of eggs and 100,000,000 pounds of poultry meat, Dr. Boney says. Frequent culling and marketing of unprofitable birds is one means of increasing the supply of poultry meat.

Keeping young stock away from old stock, and daily cleaning and disinfecting of houses and utensils protect against outbreaks of disease. Phenothiazine in quantities of 1 1-2 ounces, or three level tablespoonsful, in the mash 100 hens would consume in two days, is 100 per cent effective against the cecal worm whose eggs transmit blackhead to turkeys. It also is effective against the large round worm of poultry, Boney says.

The bluestone and vinegar treatment along with this is proving effective in controlling blackhead and other protozoan diseases. The mixture comprises two ounces of powdered or small crystals of bluestone dissolved in one pint of vinegar. It is administered by putting one tablespoonful in each gallon of drinking water in non-metal containers for two or three days, and never given more than five successive days at one time.

See the county agricultural agent for information for prevention and treatment of poultry diseases.

### SOUTH PLAINS ARMY AIR FIELD IS NEW NAME OF FLYING CENTER

The official name for the big glider pilot training center near Lubbock now is South Plains Army Air Field instead of South Plains Army Flying School.

Announcement of the change was made by Col. Norman B. Olsen, commanding officer of the field. No reason was given for the change.

Only one commercial failure was recorded in Texas during the entire month of March, the University of Texas Bureau of Business Research reports, as compared with 12 in the same month of last year. There have been only 7 failures during the first quarter of 1943, as compared with 46 during a corresponding period of 1942.

## Oveta Culp Hobby 4-H Club Boy Honored at Mary Hardin-Baylor College

Belton, April 13.—Hon. Coke R. Stevenson, governor of Texas, Thornton Hall, president of the Texas Newspaper Publishers Association, San Antonio, Major General A. D. Bruce, commanding general of Tank Destroyer Command, Camp Hood, and Hon. Otis Massey, mayor of Houston, were among the guest speakers Friday at a dinner at Mary Hardin-Baylor college honoring Col. Oveta Culp Hobby, director of the WAAC and former student at the college.

The after-dinner program was broadcast over the Texas State network. Among the invited guests are leading Texas citizens, Camp Hood army officials, newspaper men, and Washington, D. C. officials and army men.

Mrs. Hobby, wife of William P. Hobby, ex-governor of Texas and publisher of the Houston Post, was born near Killeen and attended Mary Hardin-Baylor college. She is the daughter of the late I. W. Culp, Texas attorney and lawmaker.

Mrs. Hobby, who has had a journalistic, legal, and military career, was former head of the War Department's Bureau of Public Relations in Washington before accepting the directorship of the WAAC. In November, 1942, Mrs. Hobby accompanied Mrs. Franklin D. Roosevelt to England to inspect the WRNS, WAAFS, and ATS, British women's military organizations.

## More Shortages in Sight for States' Dietitians

College Station, May 13.—War time shortages of dietitians and persons trained in institutional feeding soon may hamper nutrition programs in war industries, executive members of the Texas State Nutrition committee were told at a recent meeting in Austin. Mildred Bonnell, Dallas, new regional representative for nutrition in industry for the Food Distribution Administration, asked home economics departments of Texas colleges to help meet the shortage by placing more emphasis on this phase of their curricula.

Members considered also membership of a sub-committee on industrial nutrition soon to be appointed by Mildred Horton of the A. and M. College Extension Service, chairman of the state committee. Value of nutrition education programs in war industries was pointed out by H. M. Wickman of Dallas who said absenteeism of war workers in an Indiana plant was decreased 16 per cent after a campaign on good diets. He added that use of advertising appeals to persuade workers to drink more milk resulted in an increase of 116 per cent in milk sales.

The committee also issued a warning to novices who soon will be canning vegetables from their Victory gardens.

Use of the pressure cooker provides the only safe method for canning meats and non acid vegetables, the committee agreed, while the water bath method is recommended as safe for canning tomatoes and fruits. Methods other than these might result in food poisoning. A sub-committee to work out more detailed recommendations on food preservation will include Winifred Jones of the A. and M. Extension Service, Dr. O. B. Williams and Jennie Wilmot of the University of Texas, Charlotte Halgrim of the Texas State College for Women, and Mary Acker of North Texas State Teachers College.

Products of gypsum made in Texas include wallboard, sheet rock, gypsum cement and gypsum plaster.

College Station, May 13.—A combination of good management, a keen business sense and determination to do his part in the war effort has made Tom Corbello of Cameron County an efficient producer of food-for-Victory. He's a member of the San Benito boys' 4-H Club.

Starting from scratch 17 months ago, Tom now owns livestock and poultry estimated to be worth \$1,063. According to Assistant County Agricultural Agent George Shearer, young Corbello owes only a small amount on his five-cow dairy herd, his flock of laying hens and pigs.

Shearer quotes H. L. Starnes, president of the Valley Production Credit Association, that Tom took over the management of the family citrus operations after his father entered defense work. He became interested in livestock in October 1941, and through his 4-H Club and a local service club borrowed money to buy one of the registered Jersey cows brought into the county to be distributed among club boys. The next year he borrowed money to buy three bred gilts and 300 baby chicks to pay for the registered cow. He raised 291 of the chicks to broiler age and now has 142 pullets producing 100 eggs daily.

From the litters of the three gilts, Tom raised 24 pigs to weaning age. With foresight he made a further loan to buy sufficient grain to feed them out while it was cheap. He marketed his pigs recently, and with the ones kept for breeding he has more than \$650 worth of hogs produced at a cost of slightly less than \$300, according to Shearer. Tom used the money from the sale of the pigs to pay the feed bill for his chickens and dairy herd, along with expenses incurred in starting his various enterprises.

Recently he was able to finance purchase of grain needed for operations during the next four months, and to feed two litters of pigs.

Addition of livestock and poultry has given the Corbello farm a well diversified agricultural program, Shearer says. Income from the orchard supplemented by his father's earnings have covered the expense of operating the citrus grove, living and taxes. Tom reinvested earnings from his demonstrations in building his livestock and poultry program.

Mrs. C. W. Watkins and son, John, and Mrs. Allen Mann, and Mrs. Jerry Harrod, of Lubbock, visited Sunday with Mrs. Sarah K. Duncan and other relatives.

### "SUITABILITY"

The suit you'll draft for a busy summer. Of Berkeley Square gingham with two-piece free-and-easiness in its fitted torso top... flaring skirt... and patch pockets that minimize your hips. Red, black, brown. Sizes 9-15.

\$6.50

### "CASUAL MOMENTS"

An all-round buddy, precision-tailored in Honolulu rayon crepe... with a new look to its trimly stitched blouse, and fine all round knife-pleats in the skirt. Canary, shell pink, China blue, egg-nog. Sizes 11-17.

\$10.95

### "SUNFLOWER SUE"

Fresh as a wind-swept garden... this casual suit-dress of Hong Kong rayon shantung. Its long torso jacket tops a novel, embroidered blouse, hip-bugging skirt. Sun yellow, American navy, saddle, aqua. Sizes 11-15.

### "PICKIN' CHERRIES"

The dress you'll pick for your summer first, when you see its slick-cut top splashed with yummy cherries... the hug-me-tight waist... the skirt that swirls with pleats. White Carolette rayon crepe with navy, saddle, or black. Sizes 11-15.

\$7.98
