## First Step Is Taken on Long Road to City Debt Payment

### Bond Issue Planned Spend \$5,000 Take Up Bonds

### Plan to Try Market With Accumulation Above Required Reserve

### Adjust Salaries

### Named Mayor Pro Tem Organization Meeting Tuesday Night

The city has accumulated slightly more than \$10,000 in the city's reserve fund and above an amount necessary to meet the next twelve monthly payments of accrued interest on the bonds. The city Tuesday night took the first step toward a reduction of the outstanding debt under their plan with the city's bondholders last week.

According to this plan, the city will make through the City Journal proposing to buy the bonds at par and accrued interest amount of \$5,000. The city will retire at the prices offered.

Representatives in 1936 cut the annual interest bill until it figures slightly less than \$5,000. It is this amount, plus \$5,000, that the council has accumulated will be expended if offered by holders as sufficient.

White was elected mayor to serve in the absence of Glad Snodgrass, when the council met for a two-year term. He was induced into office Tuesday night following the count of ballots cast on election day.

### Additional Checks Received From Gov't

Additional checks from the federal conservation program were received up to Wednesday. Other than the \$200,000 received in last week's issue of the issue.

They are expecting additional to make the aggregate sum \$400,000, within the next few weeks.

### William Stiles Is Expecting Land Exchange Program

William Stiles is in the field taking payments for benefit payments on the range conservation property Agent D. F. Breda announced.

Mr. Stiles has not made an appointment to inspect the property. He will inspect the property in the next few days, Mr. Stiles said.

It is essential that an inspector visit the ranches under the program to make necessary classifications, weeding, and shrubs to composition, density and quantity.

### Thomson New Member Consumers Fuel Assn Board of Directors

J. J. Thomson, of Floydada, was elected a member of the board of directors of the Consumers Fuel Association in the meeting of the stockholders of the concern held here Monday afternoon at 2 o'clock. He fills the place made vacant by the death of J. Paul Sims, of South Plains.

G. C. Collins and M. L. Probasco were re-elected as members of the board to succeed themselves. Several hundred of the 800 members of the association were present at the meeting in the district court room.

### Ed Bishop Made Director West Texas Organization

Ed Bishop, present manager of the Dalhart Texan and a former resident of Floydada, has been elected as a director of the West Texas Chamber of Commerce, according to press notices.

Mr. Bishop, former secretary of the Floydada, Plainview and Dalhart Chamber of Commerce, is the son of Mrs. Jennie Bishop of Floydada.

### Oyster Tree

Do oysters grow on trees? Well they do in Florida, anyhow, as this picture illustrates. The lady shown here is picking them right off a tree in the Everglades territory, west of Miami. The oysters, as good as any other grown-up bivalve for eating purposes, cling to the branches of the trees at high tide and continue to grow there after the tide recedes.

### Trustees Elected In County Common School Districts

### Meeting Saturday Morning Here Will Study Plans For Year

Formal canvass of the returns of elections in common school districts in Floyd County last week, made Monday afternoon by the Commissioners' Court, revealed that in every district, save one, trustees were chosen to fill the places of expiring members' terms.

"We sure believe the highway department means business and that we are going to get this job completed this year," Commissioners McCleskey and Harris said the first of the week.

**Bridge Across Creek**  
Engineer Garrett was non-committal on the type of bridge his office had planned across Blanco Canyon creek. However, the availability of rock adjacent to the point would indicate a bridge of rock walls with dirt material for filler and concrete superstructure.

Last week the channel for the creek was ditched around the confluence (See Highway 207, back page).

### Scouts To Gather In Floydada Next Week

Scouts of the Northeast District will gather in Floydada Friday, April 23, for the outstanding activity of the year, the district camporee. That is to be sponsored by the Floydada Lions Club with Marvin English, district program chairman, in charge.

Seventy-five boys from over the district are expected to attend the camporee. It will be held at the former location of Higginbotham-Bartlett Lumber Co. on West Missouri Street and plots will be laid off for the troops of the different towns, according to information given Wednesday by Mr. English.

Scouts will register between 3 and 4 o'clock on Friday and they will stay over until Saturday afternoon. They will take part in a number of the phases of the scout program that is conducted on the outside such as camping, pioneering, handicrafts and other scouting skills. The entire Northeast district will take part in the camporee.

Parents and friends are invited to visit the camp at any time and see the things that the scouts are doing to better acquaint them with the program of scouting.

On Thursday night, April 22, the scouts will meet at Matador for a District Court of honor. Rev. H. H. Hamilton, District Court of Honor Chairman will be in charge of the meeting. N. C. Beam, Court of Honor Man on the Troop Committee at Matador and Vice Chairman of the Northeast District Activity, is making the arrangements for this District activity.

Four Troops are expected to participate in this Court of Honor including Troops 57, and 58 of Floydada, Troop 59, of Lockney and Troop 60 of Matador. Each Troop will be competing for top place on the Court of Honor Ladder that was won by Lockney last month after a tie with Troop 57.

### Thomas New Member Consumers Fuel Assn Board of Directors

J. J. Thomson, of Floydada, was elected a member of the board of directors of the Consumers Fuel Association in the meeting of the stockholders of the concern held here Monday afternoon at 2 o'clock. He fills the place made vacant by the death of J. Paul Sims, of South Plains.

G. C. Collins and M. L. Probasco were re-elected as members of the board to succeed themselves. Several hundred of the 800 members of the association were present at the meeting in the district court room.

### Bridge Across Blanco Canyon Also Up for Approval At Austin

### Work Speeded Up

### Commissioners Optimistic Over Prospect of Its Early Completion

Probability that some kind of a bridge structure across Blanco Canyon creek on Highway 207 south of Floydada five miles will be built and an asphalt preservation or topping for the highway from Ralls to Floydada will be laid this year, was indicated Wednesday morning by District Engineer W. H. Garrett in an interview by telephone with a Hesperian reporter.

Activities on the road at Blanco Canyon have been greatly increased in the past two weeks, where a deep cut is being made on the north hill to make the required grade for highway traffic, and engineers indicated that almost as much rock, caliche and dirt will be moved in that section as on the south side where work of moving forty thousand yards of material is practically finished.

Forty to sixty WPA workers are being used daily on the job and in addition a heavy complement of dirt moving machinery, hired from Floyd County.

Discussing the plans for the highway, Engineer Garrett said definite approval of the plans of his office to lay the asphalt on the route had not been given by the Austin office. However, he said work was going ahead under full speed in the hope that approval would be forthcoming soon.

### Work on cutting down the hill

Work on cutting down the hill, changing the road bed to conform to lines run by the engineers and laying caliche to Floydada, is hoped to get completed by July 1, according to Roe McCleskey, Commissioner of Precinct No. 1.

"We sure believe the highway department means business and that we are going to get this job completed this year," Commissioners McCleskey and Harris said the first of the week.

**Bridge Across Creek**  
Engineer Garrett was non-committal on the type of bridge his office had planned across Blanco Canyon creek. However, the availability of rock adjacent to the point would indicate a bridge of rock walls with dirt material for filler and concrete superstructure.

Last week the channel for the creek was ditched around the confluence (See Highway 207, back page).

### Vote on the proposal of reducing taxes for school purposes in Campbell School District last week resulted in a tie vote 10 for and 10 against, the canvas of the election by the Commissioners' Court Monday showed.

### April 25 Is Deadline For 1937 Work Sheets

The school tax rate at Campbell has been \$1 for a number of years. The proposal was to reduce the rate to 50 cents on the hundred dollars valuation.

April 25 has been designated as the closing date for the acceptance of work sheets for the 1937 agricultural conservation program, County Agent D. F. Breadthauer has announced.

An effort is being made by the county agent's office to get the work sheets in and forwarded to the state office as soon as possible, in order to speed up the ultimate arrival of participation checks.

### 1936 Audit Of County Finances Is Under Way

Audit of the financial affairs of Floyd County by the Rankin Audit Company, a Houston concern, has been under way the past ten days and it is anticipated working papers for the final report will be completed sometime this week end or next week.

John C. Newton, of the firm, who has made the audit for the county annually for the past several years, is making it again this year.

The period from January 1, 1936, to December 31, 1936, will be covered by the report.

## Floyd Herds To be Shown At Big Show

### 1937 Panhandle-Plains Dairy Show Opens on April 21 At Plainview

### Good Prizes

### 300 Animals Expected To Be In Competition For \$2,500 List

PLAINVIEW, April 13.—Several Floyd County herds are expected to be represented in the 1937 Panhandle-Plains Dairy Show which will open on April 21. Among these will be the R. W. Smith herd, and the O. L. Stansell herd, with others.

Cash awards for winning exhibitors in the tenth annual Panhandle-Plains Dairy Show here April 21 to 24 total \$2,500, said Pete H. Smith, Plainview Chamber of Commerce secretary and manager of the show.

With range and crop conditions generally good over the Plains and West Texas regions, dairymen are showing increased interest in the 1937 show. Featuring educational programs conducted by recognized dairying authorities, the 1937 show has been designed to appeal to the family dairymen as well as to the commercial dairymen.

In addition to \$2,500 is \$68.50 to be paid to winning exhibitors in the dairy products show, a department supervised by Miss Chiole Huffer, Hale County home demonstration agent, and designed as an educational feature for girls, women and commercial dairymen.

Besides the dairy show proper which is expected to attract more than three hundred animals in charge of exhibitors from a wide area there are dances, an A. & M. College Round-Up, Rodeo, crowning of the Dairy Show Queen, Midway attractions, numerous concessions, carnival, annual banquet and other attractions.

On April 20, day preceding official opening of the show preliminary tests and production contests will be conducted. The show will officially open at 9 o'clock the next day. At 9:30 official tests and vocational agriculture tests will be conducted. At 1:30 judging of dairy cattle calves will be conducted.

On Thursday, second day of the show, Jersey and Guernsey cattle will be judged at nine o'clock. At 10:30 C. B. Martin, Hale county agent, and E. R. Eadsby will conduct an educational program on "Feeding Dairy Cattle on the Plains." Production contest winners will be announced at 11 a. m. In the afternoon, in addition to judging Jerseys and Guernseys, an educational program on "Herd Improvement" in charge of P. C. Colgin, Swisher County agent, and G. G. Gibson, A. & M. College dairy specialist, will be conducted.

On Saturday, final day of the show (See Dairy Show, back page).

## Greenbug Doing Damage to Wheat Crop, Particularly North, West Part of Floyd

### Warm, Dry Weather Only Remedy for Stopping Inroads of Bug

Contrary to the usual situation, wheat farmers of Floyd County, particularly in the northern and western part, are hoping for warm, dry weather.

The reversal is caused by a small, almost microscopic bug, called greenbug, and sometimes called greenbug. Its proper name is "Toxoptera Graminum."

The reverse is caused by a small, almost microscopic bug, called greenbug, and sometimes called greenbug. Its proper name is "Toxoptera Graminum."

Fields in the northern part and western part of the county, where insufficient rainfall has weakened the growth of wheat, are more seriously affected than in other parts of the county where more abundant rainfall has brought about a more luxuriant growth. D. F. Breadthauer, county agent, said Wednesday.

"Spring grain aphids suck the leaves of the wheat and are most predominant in years when we have volunteer wheat and oats and mild winters and cool springs," the county agent said. "The aphids do most of their damage in North Texas, Oklahoma, and Kansas and are most noticeable in fields where 'hot spots' are numerable or where grain is in weakened condition.

"Ordinarily a parasitic wasp feeds on the aphids and keeps them from doing any damage but these wasps haven't been able to pass beyond the larvae stage this spring, due to the cool weather. As the aphid becomes excessively abundant and the food supply disappears, it grows wings and is swept northward in the wind.

"The aphids are producing only females, producing between thirty and sixty five eggs each. The life cycle of the greenbug is sixty days and it starts multiplying after it is six days old. Under the microscope they really are a brownish-yellow color, although they are called greenbugs.

"Important outbreaks of the spring aphid were known in 1890, 1901 and 1907."

Wheat producers and those who handle large quantities of wheat in Floyd County concur in the opinion that the appearance of the greenbug is doing serious damage to the wheat at this time.

### She Can Bake

Meet Miss La Verda Ogle who can bake and will demonstrate this week-end three afternoons this week-end, when she will have charge of baking demonstrations for Boothe Mill & Elevator, at the F. C. Harmon furniture store. Angel food, hot rolls, cookies, biscuits, devil's food, Danish pastry, et cetera, et cetera, are among the items listed to be prepared.

### Certificate Men's Association Will Meet Here Friday

### Eight Out-of-Town Lodges Expected to be Represented Here

Certificate men of the A. F. & A. M. Lodges of the Ninety-Sixth Masonic District will gather in Floydada tomorrow afternoon beginning at 1 o'clock for a session that will last until a late hour in the early evening and another session at night, following supper to be served at 7 o'clock at the Lodge Hall. It was announced this week by G. C. Tubbs, local Mason and president of the Certificate Men's Association of the district.

Lodges of Lockney, Plainview, Hale Center, Abernathy, Petersburg, Silverton, Quitaque, Turkey and Floydada are expected to be represented by one or more certificate men each. A study of the esoteric work of the lodge will be engaged in.

Any master Masons of the area are invited to be present for one or both sessions, it was announced.

### EDWIN HAMMONDS, INJURED IN WELL ACCIDENT LAST WEEK, FAST RECOVERING

Edwin Hammonds, who was injured Wednesday afternoon of last week at his irrigation well five and a half miles northwest of Floydada, is rapidly recovering from bruises that covered practically the whole upper half of his body, and bruises and cuts about the head and face.

A sleeve or glove caught on the drive shaft from the power plant and tore Hammonds' heavy clothing from his body while the fast revolving shaft slammed him about. He was taken to his home at Lockney after receiving treatment at Lockney Clinic.

The well was being developed when he was injured. After a shutdown of several hours it was put on the pump again and was watering a field of wheat the following day.

### DILLARD HOME AT LIBERTY DESTROYED BY FIRE WITH ALL FAMILY'S EFFECTS

Loss of their home by fire with all their household and personal effects was sustained by the Ben Dillard family last Saturday afternoon when a fire of undetermined origin broke out about 3:15 while the family were in Floydada shopping.

Nothing was saved from the burning house except clothing which was being worn. Neighbors have given several showers of household effects.

The Dillards live two and a half miles southeast of Liberty.

### BOX SUPPER TO BE HELD AT PLEASANT HILL FRIDAY

A box supper will be held at Pleasant Hill Friday night, April 16, it has been announced by Henry Willis and Fay Hart.

A good program, including musical entertainment will be presented. Everyone is invited to come and bring a box.

## Mary F. H. S. Students To Enter Events

### Eighteen Floydada Winners To Engage in District Competition

### Friday, Saturday

### Events To Be Held At Texas Tech Friday, Saturday Of This Week

Preparations are being made by Floydada High School winners in the Interscholastic League for competition in the district meet to be held in Lubbock Friday and Saturday of this week.

Contestants from the local school who will enter the district meet will be as follows: Lyndell Mae Glenn, girls tennis singles; Irvin Allen, boys tennis singles; Truman Kirk and Orba Miller, boys tennis doubles; Alton Morse and Truman Kirk, boys debates; Josephine Troutman, Spanish contest; Marguerite Leonard and Joe Smith, extemporaneous speaking.

One-act play characters: Worth Gwendolyn Shipley, Avon Powell, James Roy, Evelyn Groves, Olin Watson, Virginia Simpson.

Avon Powell, 880 yard run; Billy Stanforth, 220 yard run; Albert Lykes, 220 yard high hurdles; E. Ray Smith, shot put; Ham Smith, Jr., mile run.

Wilma Loyce Russell, who won the junior declamation title, will enter the district meet from Andrews Ward school. Miss Eulalia Burrus and Coach Winters will accompany the contestants to Lubbock for the meet, with the possibility that several other faculty members will attend.

In the one-act play contest Lockney forfeited to Floydada, thereby giving the local cast the right to represent Floyd County in the district meet. Miss Burrus is the director of the local players.

All events, both literary and athletic, will be held at Texas Tech college, with registration of entries scheduled to get under way at 8 o'clock Friday morning.

### Audie Noland Suffers Broken Leg Wednesday

Audie Noland, son of T. M. Noland, suffered a compound fracture of his right leg between the knee and ankle Wednesday afternoon when his car overturned about eight miles from Floydada on the Silverton highway.

Glover Huskey, who was also riding in the car when it overturned in the middle of the road, was not injured. Young Noland was brought to Floydada by Menard Fields of South Plains, who happened along just after the accident. He was brought to Floydada where his limb was set by Dr. W. M. Houghton. He was later taken to Lubbock.

Both Huskey and Noland are students in Floydada High School.

### A. R. Meriwether Elected Mayor of Lockney Last Week

A. R. Meriwether was elected Mayor of Lockney, in the election held there last week. He succeeds J. H. Hohlhaus.

T. B. Hill was re-elected to the office of city marshal.

Mrs. Ellen Balyau succeeds herself as city secretary.

J. M. Floyd, Frank Busby and Edd Whitfill were elected aldermen to take the places of Olin Ridings, Frank Perkins and Claud Applewhite. Other members of the City Council are D. C. Cox and Henry Hodel.

J. J. Harris acted as election judge assisted by J. D. Huggins and Lester Honea.

### School Board Members

Robert Smith was re-elected a member of the board of trustees of Lockney Independent School District and Sam Miller was chosen as a member of the board in the school election.

### BOOTHE IN VETERANS' HOSPITAL IS IMPROVED

E. E. Boothe, of Paducah, formerly of Floydada, who entered the Veterans' Hospital at Albuquerque, New Mexico, several days ago for the treatment of various veins, is greatly improved, according to information received by relatives here from Mrs. Boothe, who accompanied her husband to the hospital.

Advertising Rates Furnished on Application

FOR THE PUBLIC WELFARE

One should be careful in the criticism of the actions of others, particularly criticism as to motives, and with the though in mind that, undoubtedly the Texas organization of dentists who are sponsoring a bill to make it a violation of law for one of their profession to advertise, have only the good of the profession and the security of the public at heart.

But, however good their intentions there is serious error in the logic by which they arrive at a conclusion that charlatans, if any there be among dentists, can be put out of business through a law. There are plenty of evidence in our country's experience of the past twenty years to prove this contention—experiences recent enough to be in our minds right at this time.

This does not cover the most serious objection to the dentists' non-advertising law, which is a fundamental one, namely, that the public welfare demands that free public expression be not curbed. For, if you can pass a law that a dentist cannot advertise you also can pass a law that he cannot write a piece for the paper for which no charge is made. And if a dentist, then also a lawyer and a dry goodsman and so on down the line. You can even set up a board of censors on the newspaper itself. All contrary to the interest of the public.

Dental men should withdraw their support from such a measure so contrary to our people's idea of things.

'STATE TARIFFS' BAD POLICY

It is pleasing to note that Texas people have shown an inclination not to follow the lead of neighboring states in setting up trade barriers of one kind and another to hamper the free exchange of peoples and goods as between states. Louisiana and New Mexico both have vexatious arrangements, as does Colorado, but one of the worst offenders is Wisconsin where oleomargarine is penalized fifteen cents per pound through taxation.

These laws are contrary to the spirit, if not to the letter, of the federal constitution. They are not economic, do not raise revenue in comparison with the outlay, and create discord and prejudice. For instance, Texas buys many millions of dollars in manufactured goods from Wisconsin. Texas business men could be forced into retaliatory methods, although it is to be hoped the state will not take official cognizance of the situation by passing any trade barrier laws.

The tactful hostess tries to make you feel at home, and generally wishes you were.

REGISTER, YEA; PAY, NAY

It remained for a Van Zandt boy representative in the State Legislature to do what The Hesperian has wanted to see done for a number of years, namely to introduce a simpler resolution that would forever do away with Texas' poll tax law, and the payment of any money for the right to exercise an elector's right to vote. This young fellow is Odis A. Weldon. He was too poor to ride over his district to campaign and as a result of his footweary tour of it he has been dubbed, "Walking Weldon." He is asking support for a constitutional amendment which says simply:

"No person, otherwise qualified to vote under the constitution and laws of this state, shall ever be denied that right because of the failure to pay poll tax. The legislature may provide by law for the registration of all voters in the State of Texas."

The resolution was turned down in committee, but kept alive by a minority report. It may not get by this term of the legislature, but it needs to be abolished and the effort should have the support of the people. It is all right for voters to have to register for the sake of preventing fraud, but Texans should resent having to pay for the right to exercise their privileges of citizenship at the ballot box, and we think many of them do but just do not do anything about it. For the good of the state too many thousand good men are being disqualified every year on account of the matter of the dollar and six bits.

NECK AND NECK RACE

1935, which was a poor year for cotton production in Floyd County, and 1936, which promised to be a banner year on August 1, ran a neck and neck race for production totals, 1935 winning out by a few hundred bales.

What an unkind cross-current of the world of atmosphere it was last August that side-swiped an equatorial blast a thousand miles long and nearly as wide to leave it then becalmed over the heads of the sweltering southwest. It spoiled a whale of a cotton prospect, along with a good many dispositions. And, speaking in terms of cotton, put 1936 in the same class with 1935—mighty bad company as everybody knows.

DEPRESSION FIRES

A good sign for business is the fact that the per centage of fires has very greatly decreased in the past two years. "Fires for profit," as insurance men sometimes call incendiary fires resulting from an effort to salvage an equity from a failing business, very noticeable in the deepest depression period, are so much fewer as to cause remark throughout the insurance profession.

Hardened insurance adjusters find it hard to believe that any fire is an honest one where there is insurance, an attitude the general insuring public resents. But that there are grounds for this belief occasionally during the pinch of tough times is a fact. And the passing of the period of huge losses is reassuring.

Newton's Discoveries

By Charles Newton

A little over three years ago I wrote a greeting message following the "swan song" of my predecessor. Now I am in the position of "adieu" writer bidding you the best of good fortune.

This will be the last column I will write for this newspaper, I expect, and it is not without regrets that I peck it out. In the three years I have been here I have been proud of the fact that I lived in West Texas and in Floyd County. When I went back East for a visit I was glad of the opportunity to say, "I live in West Texas." I have made many business friends, and a few personal friends, and I regret to leave them.

During the three years I've been here I've inhaled my share of the sand and dust and I've been drawn closer to my associates in the mass endurance of the hard adversity. I enjoyed fighting your battles, and incidentally my own battles, while I was out here. I've been conscripted in another army and will move to a new scene of activity in the next few days.

I've been foolhardy enough in this column to do quite a bit of predicting and I guess I might as well wind up things with another prediction. In the next few years, three at the most, things will be changed to a marked degree in Floyd County. There will be more business activity, more smiles, and more money in the pockets of its inhabitants. In other words I envision an era of prosperity for the Floyd County part of the South Plains. I think the era has already had its inception.

Truly, the South Plains is a delightful place to live, despite the sand and wind. People out here don't forget to greet you as you pass them on the street. They make you feel that they're glad you're one of them, when they call you by your first name.

I've enjoyed writing this column, although I have been on the "blue" theme too often. A few persons have told me they enjoyed reading it and I appreciated their compliments. I dared to write just what I thought, and I seem to have "rooted" by with it. I may never have that privilege again so I am glad I made the most of it, without beating around the bush with hidden meanings and false impressions.

I don't know whether or not my successor will write a column, but if he does, and you like it, don't fail to tell him so.

There is one sure way of being a successful newspaper columnist—use names of local people in every other sentence. But I always considered it a lazy way of writing a column, although it was the best way, and I tried to do otherwise. I have no regrets that I did study. I count it more to say something that will stay with my readers for a long time than to tickle their vanity by the promiscuous use of their names. I'm probably wrong in my idea of column writing, but at least I do have a conviction.

So, goodbye and good luck from me to you.

Here's my last column set up in print, looking as if it might be worth something. I call it a wonder, now. My hands worked busily thirty minutes, and here it stands. Will it please you, there? something far more interesting to read in this paper than my column. (With apologies to Robert Browning).

Just In Fun

Washington story says drive on to put new front on capitol. Probable an idea for some congressmen, too, once this court affair is cleaned up.

Italian soldiers complain of landing in Spain when they started for Ethiopia. Judging from what we've heard of Ethiopia, they were lucky.

Courthouse in Boston is found to violate the building code. Probably constructed from an unconstitutional blueprint.

Dispatch says Duke of Windsor settles in modest 16-room retreat. You know, one of those cottage-for-two affairs.

Missouri justice of the peace has performed 1800 marriage ceremonies which is a lot of trouble to answer for.

BITS O' PHILOSOPHY

Lying lips do not hide an evil brain.

Learning is often the process of unlearning.

The road to success is not always paved.

Let your brain think faster than your tongue talks.

Be sure that your bread is buttered on the right side.

Have humility, but don't look up to one who is lower than you.

Convalence is the inevitable consequence of excessive loveliness.

WASHINGTON LETTER

BY SPECIAL CORRESPONDENT

WASHINGTON.—Witnesses appearing before the Senate Judiciary Committee in hearings on the President's court plan have made it clear that most opinion is based on whether people like the plan or don't like it, are afraid of it or not. The opposition has made the point that such a reform might be a step in the direction of non-parliamentary Fascist government, or the English system of parliamentary government.

Those who favor Roosevelt's proposal admit that if it is adopted, we might be nearer a parliamentary form of government, but they deny that such a change would bring this country any closer to dictatorship.

According to some of the New Deal strategists, we may see the adoption of the Roosevelt court plan and subsequently a decline in the power and prestige of the court as an institution. Ten or 15-year terms for Supreme Court justices, instead of life terms, are mentioned as a possibility. A constitutional amendment would probably follow, such as the one proposed by Senator Burton K. Wheeler of Montana, permitting Congress to override Supreme Court decisions vetoing legislation. And finally the court might be deprived of its power to declare acts of congress unconstitutional.

If that point were reached, Congress would be theoretically supreme in the field of government, with the single exception of the veto power of the executive branch. No English court can declare an act of Parliament invalid, so we would have a form of government closely resembling the English system. Whether or not these predictions are important in themselves, it is interesting to note that leaders of both pro and con thinking in the judiciary reform fight agree that the principle of the Wheeler amendment will eventually get into the Constitution.

Conservatives for the most part oppose that principle, except as they may pretend to favor it now to divert support from Roosevelt's plan. Some liberals are afraid of it, and maintain that congressional discretion cannot be depended upon to protect civil and religious liberties.

It is doubtful if the Senate Judiciary Committee hearings have made much change in the situation, or influenced public opinion. The Senate line-up is just about the same as before.

The opposition is expected to filibuster when the issue reaches the Senate, and the committee hearings have in effect been the initial move in that direction. It isn't apparent what good filibustering will do, but this delay, during which outsiders air their opinions for a month or so, is just as effective and less exhausting to opposition senators than filibuster efforts they might make for their cause on the floor of the Senate. Administrators have been prevented from cutting the hearing short, and the opposition has rounded up an amazing variety of witnesses.

Most observers have been surprised by the common failure of witnesses to come to the defense of the court. Almost all have agreed that something must be done to reform the court or amend the Constitution.

FLOYD COUNTY 14 YEARS AGO

ISSUE APRIL 19, 1923

Dr. S. Smith and Smith yesterday afternoon authorized the statement that their new sanitarium, contemplated for some months, to be erected on South Main Street, will be under construction at an early date and that the completed structure will be ready for occupancy sometime this summer or fall. Dirt for foundation and basement will be broken possibly as early as next week.

Miss Stella Tubbs, who has been saleslady for a dry goods house in Amarillo, the past few months, has returned for a visit with her parents Rev. and Mrs. G. W. Tubbs. Next week she will leave for Anaheim, California to take employment with a ready to wear firm.

Schools representing Floyd County in the District meet, held at Lubbock last Friday and Saturday, met defeat in every department in literary and athletic endeavor, no representative of this county winning a first place.

Several second places were won however. Among these second place holders were Mildred and Lorene Carter tennis team from F. H. S. Mildred was third in the tennis singles. In track events, F. H. S. track team won second place in the mile relay.

The Lockney High School boy debaters were in the semi-finals in this division.

Faculty representatives of Floydada Public School in the district meet were: Misses Fry, Embry, Wheeler, Wilkerson, Ray, Hames, Mrs. Hicks and Mr. Wester.

Lubbock High School, won first place in the meet, and Plainview second.

Chester and Jodie Day returned Tuesday from Clovis, New Mexico.

Local rains fell over Floyd and adjoining counties last week, and in some localities the rain was accompanied by hail. At Crosbyton, reports indicate that one of the heaviest hail storms of years fell, breaking window lights and damaging fruit trees considerably. A strip of country south of Blanco Canyon between Floydada and Cone, also suffered considerable damage in this manner.

Farmers for the most part believe the hail was too early to damage small grain, except very slightly in some instances. Row crops have been planted to a small extent only, so far.

Fame Finds Shirley Temple, at Eight Still Hollywood's Most Natural Person

HOLLYWOOD.—Five years ago Mrs. Gertrude Temple, returning from a dancing school with 3-year-old Shirley, consented to a movie interview for her little daughter. It didn't take long. There were scores of children of Shirley's age being interviewed, and the movie representatives wasted no time. Afterward, Shirley told her mother that "the man just had me walk up and down the room." And Mrs. Temple laughed off the incident as just a bit of experiment. Mr. Temple, too, learned of the interview and protested that he didn't want his daughter to be a "show-off" in the movies. But three days later the Temple telephone rang. A studio wanted Shirley to come down for screen tests. And Mr. and Mrs. Temple (Mr. Temple is manager of a small branch bank) finally consented, more because of curiosity than anything else. The result, however, was Shirley's first screen contract; \$10 a day for four days a week in "War Babies." Hollywood's most amazing child cinema career had begun!

APRIL 23 Shirley will be 8. Behind her stretches a long list of star productions, one of the largest bank accounts in filmland, and the still-undimmed adulation of fans around the world.

But Shirley is unchanged! She's still about the most natural person in Hollywood. In fact, she looks and appears just as she is in pictures.

At 8, Shirley finds herself continuously busy doing one of three things: acting, studying her school lessons in her studio dressing room just off the set, or romping in play just like any other child of her age.

Shirley has never been in a public school room, and probably never will be. Obviously, the adulation of the public and the press of the curious just would not permit that. So Shirley has obtained her education right on the set.

You might think Shirley a bit breathless after the triumphs she has secured in Hollywood in five years, but she isn't. And she's still able to blow out those candles on her birthday cake.

She is at the studio from 9 o'clock until 5. Three hours of that time are taken up with her lessons. One hour goes for lunch. And, during the other four hours, she is available for the camera.

Being a star, Shirley has on the studio lot a bungalow that includes a large and elaborately equipped playroom. The one thing most vital, the studio feels, is that Shirley never loses her childhood interests.

SHIRLEY is studying conversational French in addition to her regular lessons. Recently, in a picture, she learned 400 Chinese words as part of the script. She is an apt pupil. Ordinarily it takes about two months to make a Temple picture. Shirley has a three-week

For 1937, the famous 12-foot HARVESTER offers many new improvements, including a HIGH-UP PLATFORM for two-man operation, or one man can handle both tractor and HARVESTER.

The 2 HARVESTER JR. models (6-foot and 8-foot) are the same in principle as the famous 12-foot "G" HARVESTER and have all its advantages over previous combines.

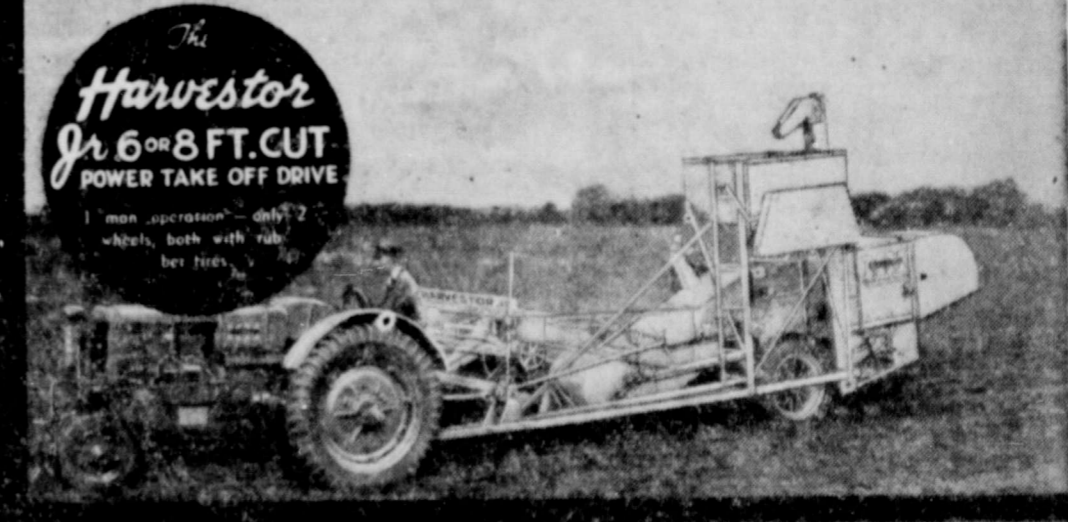

HERE ARE the features — many patented — "Single Unit, all-steel Construction" — and only 2 wheels — make for less weight, easier handling, lighter draft, with full capacity, Full size design. "SCREW JACKS" make possible more nearly level position of separating and cleaning mechanism in all crops from the highest to "down" crops — cuts to within 1 1/2 to 2 inches of ground. "ALL-STEEL AUGER CONVEYOR" with big pipe center, handles all crops just right, feeds evenly, and last much longer — saves grain and money every year. "FULL WIDTH RASP CYLINDER" — threshes all the kernels out of the crop without chewing straw and weeds to bits — assures cleaner grain — fully adjustable to suit all conditions and crops. "STRAW RACKS" — all-steel, full-length, full-width, with a pitching, tossing, grain-saving motion — separates all grain from straw — inch square holes keep even fine straw on the racks, but let the grain through. "Self-leveling CLEANING SHOE" assures a better cleaning job regardless of cutting height on rolling as well as level land. "LARGE size grain tanks are quickly emptied. "FEWER, more simple and better moving parts. "ALL roller, ball and bronze bearings — many of the same size for long-life and economy. "NO belts or canvases. "FEWER drives — and all are roller and high-grade chains.

Smooth operation over fields is assured by large size wheels. Rubber tires on all three models — or if you prefer, steel wheels on the 12-foot.

BIG CAPACITY DESIGN — the record of the 12-foot HARVESTER, as the most popular combine through many tough harvests under many varying crops and conditions is outstanding proof that it leads the field in every way — especially when it comes to saving, cleaning, and handling all crops successfully. Both the 6 and 8-foot HARVESTORS assure the same satisfactory work — experience proves it, and in direct comparison with the 12-foot HARVESTER the junior models both have at least the capacity of a 9-foot cut machine — an extra margin of safety to assure the best possible job for all combining conditions and crops — that is the length of the separating and cleaning mechanism of the 12, 8 and 6-foot HARVESTORS is the same. The widths of the cylinder, straw racks and cleaning shoe of the 6 and 8-foot HARVESTORS are only 1/4 less than those of the 12-foot HARVESTER.

THE RECORD — The 12-foot HARVESTER is the most popular in its class — a complete sell-out in 1934 — In 1935 the biggest seller of all combines and again a complete sell-out. In 1936, increased production, yet during the early 1936 harvest the factory couldn't meet the demand — and AGAIN the BIGGEST SELLER in its class.

### Mrs. Eldridge To Review Book 1929 Study Club

Margaret Mitchell's popular novel, "Gone with the Wind" will be reviewed by Mrs. J. E. Eldridge at an open house meeting of the 1929 Study Club Thursday evening of next week at 8:30 o'clock at the American Legion Home. Mrs. Eldridge is an able speaker and members of the club are looking forward to a very enjoyable meeting.

During intermissions musical selection will be given by pupils of Mrs. Ed Bond.

Mrs. J. D. McBrien and Miss Fannie Bolding will act as hostesses at this meeting and plans are being made to entertain over a hundred guests.

Mrs. A. J. Foley, president of the club, has named the following committees to serve at this meeting: Table decorations, Mrs. L. J. Wellborn and Mrs. A. D. Cummings; Dish, Mrs. Richard Stovall and Mrs. Walton Hale; Seating, Mrs. Marvin English and Mrs. H. O. Cline; Entertainment, Mrs. Terrell Logan, Mrs. Bill Daily and Mrs. Ralph Tucker.

The program will begin at 8:30 instead of 7:30 as was formerly announced for the benefit of those who wish to attend the church service. However, the doors will be open at 8 o'clock and those who wish to do so may come at that time but the program proper will not begin until 8:30 o'clock.

Preceding the book review the following program will be given: Duet, "My Daddy and My Mamma," sung by Kenneth Shaw and Lanet Teague.

Readings: "A Lesson with a Fan" and "The Lying Little Daisy," read by Marjorie Oden.

Reading, "An Old Bachelor," read by Tom Roy Snodgrass.

Duets, "If You Were the only Girl in the World" and "What are Little Boys made of," sung by Gene Arwine and Marty Lou Bond.

Between the first and second half of Mrs. Eldridge's review a medley of southern melodies will be given, arranged by A. D. Cummings. Mrs. E. C. Thomas and Mrs. Ed Bond.

### Local Music, Speech Students Grade High In Panhandle Festival

Two Floyd County young people made exceptionally high grades in the Speech division at the Panhandle Music Festival held at Amarillo Thursday, Friday and Saturday and were included in the group of four, selected from 157 contestants and were presented in a radio broadcast over KCNC Saturday afternoon.

They were Lucile Weast, daughter of Mr. and Mrs. G. F. Weast, of South Plains, and a pupil of Mrs. Ed Bond, and Joe McCollum, of Lockney. The other two contestants were from Amarillo.

Miss Weast, who won in the Junior Girls Declamations, held recently in Floydada, will represent Floyd County at Lubbock in the forthcoming District Meet.

Mrs. Bond had one other pupil who entered the Speech contest, Tom Roy Snodgrass, eight years, who made the grade of Good in his declamation.

Mrs. Bond also had three pupils who entered the Vocal contests. They were Gene Arwine, eight years, who won over the other contestants in the 10-year classification with a grade of 92; Kennison Bond, ten years, made a grade of 80 in the 12 year classification; and Mary Lou Bond sang in the seven-year classification and made an excellent grade.

Oscar Seagle, well-known baritone and voice teacher of New York City, acted as judge. The vocal contest was held on Thursday in the main auditorium of the Polk Street Methodist Church.

Mrs. V. Andrews entered six pupils in the Speech Art test during the festival, all of whom made excellent grades.

They are as follows: LaVern Russell, Highly Superior; Ruby Tribble, Superior; Bruce Foster, Superior; Bennie Lester, Excellent; Eleanora Officer, Excellent; Arie Vee Bishop, Excellent.

There were 137 pupils from nine different Panhandle towns who entered in the Speech Art contest. The out-of-town teachers and their pupils were honored with a reception Friday evening.

Others from Floydada attending the festival were Mrs. V. Andrews who accompanied her pupils; Mrs. J. A. Arwine, Mrs. Roy Snodgrass and Mr. and Mrs. G. F. Weast.

During two days of her three-day visit in Amarillo, Mrs. Bond was the guest of Judge and Mrs. E. C. Nelson.

### Krax at the Crowd

Why was Dorothy so anxious to go to the mail box Tuesday morning? She doesn't like to be called piker.

Sam, do you like peppermint cream sodas?

Did Virgil jump when he turned the water on Monday morning—was it a snake?

Why was Bill asking about Vera Fay's compass?

So Juanita tells Ara Sue a story of a book she has read.

Why does Ella linger so long at the door when coming in? Is it because Sammie sits on the front seat?

Who was it, got in the ditch down by Thomas' we know it wasn't Mr. Coleman because he didn't go that far.

So, Ara Sue thinks she is a racing lady.

And Dorothy thinks she needs the pillow after the three times are gone.

Dorothy says Mary Bell was acting awful Friday night, but Mary Bell says that was nothing—unusual.

One of our busses was late Thursday.

Why does Dorothy and Lena Mae like to sit on the basketball goal while the boys are working out?

Mr. Cass seems to be the champion top spinner, he spun it once.

J. W. says he has the toe-itch it must be from kicking his dog, or was it from kicking—somebody?

Who has rosy cheeks and pretty curls?

Who likes the Sophomore president? Ask Margaret.

Who is our most Spanish type girl of the Junior class? (Sarah Strain.)

32 Candidates Report For Spring Football Practice Under Coach

High Wind Makes Workouts Few And Far Between: Light Material

Spring training was opened Tuesday, April 6, with a squad of 32 starting a short workout.

The boys who started were: Freshmen: George Fry Lader, and Raymond Pickett. Sophomores: Charles Nickles, James Gibbs, Billie Woody, Robert Montgomery, Clifford Daniels, L. B. Martin, Fred Beard, James Wilson, Purdy Burrus, Jack McIntosh, James Burrus, Percy Matthews, Paul Barnard, Randall King, Leeman Norman, Neal Bertrand, Malvin Jarboe, Juniors: Virgil Orman, W. J. O'Connor, Moody Williams, Billie Crabtree, Wilson Womack, Gerald Lackey, Lewis D. Brand, John Yearwood, Ham Smith, Harvey Brock, Somner Hollingsworth, La Von Rainer (Co-capt.) W. H. McClung (Co-capt.).

Due to the 95 mile gale which has been blowing, workouts have been few and far between. If we had worked out while the wind was blowing, at the end of the practice, there would have been only 4 or 5 players left. The others would have blown away due to their featherweights. Although the team is light we will have a squad which will be hard to down, for each man has the fight and determination to go places next fall.

Coach Winter said today that he would work the boys mostly on blocking, tackling, handling the ball and punting.

Class Prophecy

A welcome home coming was enjoyed by each member of the 1937 Junior class of Floydada High School at Floydada, April 15, 1937. As each one was requested to give a short talk on his activities during the past fifteen years, I was indeed interested in the following statement:

Vera Nell Marshall gave a very interesting talk on her work as a health nurse in Southern Africa. She started this work about six years ago after her divorce from Ralph Taylor was granted. Ralph said he was reporter for the New York Tribune.

Imagine the thrills when W. H. McClung gave an account of his adventures as a soldier of fortune. Frank Sanders has been studying music in Paris, France. Surprisingly she had married her music teacher Harold Berry.

We were surprised to hear that Paul Poteet, our famous class musician was the present traffic cop of Floydada. Paul didn't forget to mention his wife, Winnie Reba Browning, but he didn't tell us of the love affair he was secretly carrying on with Rue Del Brewer.

Milton Weems is the owner of the peanut butter factory of Galveston. We soon learned that Somner Hollingsworth and Cieta McClain were running an American Hotel in Hong Kong, China. Joe Smith made it possible for Edna Mae Smith to keep her own surname after their wedding.

Beth Newton possessed the beauty that landed her in Hollywood. Lavin Rainer is an outstanding football coach in West Texas.

We were delighted to hear from L. T. Hickerson. L. T. is now a member of the United States Supreme Court.

Lanell Shirey said she enjoyed her work as a mail pilot. She also takes passengers provided they are good looking young men.

Sarah Strain and Irene Reeves are now engaged as beauty operators in a shop at Floydada. Watson Jones is an outstanding band master of West Texas.

Everyone in the house held his breath when Gerald Lackey told of his early experience with motorcycles. It was amazing to know that Gerald was the greatest rider and could do more dangerous tricks on a motorcycle than any one else in America.

Mary Wilson Hicks and Thomasine Cox are both teachers in Baylor University at Waco, Texas.

Bailey Switzer and his wife, La Rue Williams, have made their home four miles east of Floydada on a little farm. They both seem to be happy.

Viva Lais Stanley is now married and living in Malador.

Reid Strickland and wife, Iva Moore, are now living in England. Iva says Reid is a splendid husband.

The class wisecracker, John Yearwood, is running a restaurant in Dallas. His employees are from Floydada. The usher is no other than Billy Crabtree. His charming waitresses are Margaret Hale and Jewel Hennessee. Claud Marrs and wife, Ruby Tribble, are his cooks.

Marguerite Leonard became an air hostess on a transport plane. The pilot is a thrilling brunette, who has serious intentions toward Marguerite. Mary Adair and Alene Warren are leaving for Europe soon. Their plans are to become artists.

Ebuh Johnson is now an ideal housewife to Drue Cumbie. Brlly Daniel and his ambitious wife, Adeline Poeter, are now operating the Palace Theatre at Floydada.

Can you believe the following facts to be true? Charles Neil is an outstanding opera singer. Mozelle Stephenson and Wanda Sargent are clerking in a ready-to-wear store. Frances Probasco and

Inez Jones are making splendid nurses in the Lubbock hospital, and Wilson Womack is manager of a bakery.

Ray Ramsey said he was doing good business in Fort Worth. Ray and wife, Eula Mae Fortenberry, are living there at the present. J. E. Norman has a shoe shop in Plainview, and he said he was still waiting for a woman.

Ima Ruth McCAda and Eloise Langley are the public stenographers of Floydada. Charles Husley is running a barber shop in Lockney. Louie Caffee and Charles Denison decided to become inventors and perfected a machine that feeds babies and does ironing at the same time.

Dafna Poindexter is now the matron in the Huntsville penitentiary. Keith Tye has danced his way to fame as the partner of Marion Beedy. Elizabeth Jones is now the author of all these 'Love Romances' you read.

Next came something I could hardly believe. W. J. O'Connor is superintendent of Floydada Schools and a firm believer in capital punishment.

Verna Phillips, Edith Grimes and Lorena Denison are climbing mountains in Switzerland for pastime. Lynn Colville and his most devoted wife, Doris Jordan, now have the longest bus line in Texas.

Leona Holmes is now suing Spencer Bell for a divorce as Lewis D. Brand has proposed to her and it is her desire to answer, 'yes.'

Ham Smith is now in the jewelry business and is doing a good job supporting his wife nee Benja Johnston.

Leighton Teepie decided that Irene Cardinal could cook well enough for him. They are another very happy couple.

Dorothy Brock is a music teacher and she laments the fact that she still remains an unclaimed jewel.

As I looked over the notes I had taken during this meeting, I was surprised but well pleased with the accomplishments of my classmates of the Junior Class of 1937, and I wish them all happiness and success possible in the future years.

Surprise Birthday Dinner For Mrs. Dorrell

Mrs. L. H. Dorrell surprised Mrs. Layton Dorrell Wednesday evening at 6 o'clock with a lovely birthday dinner. Juniors Prominent In Interscholastic Meet Events Held Recently

Junior Shine In Meet, Both In Athletics And Literary Events

The juniors put forth their best efforts this year and seemed to thrive on competition. First in athletics let's take our girls who entered volleyball ball. They were Irene Reeves, Sarah Strain, Verna Phillips, La Nell Shirey, Edith Grimes, Jewel Yoakum, Iva Moore and Cieta McClain. Although failing to win, the team played a good game and showed F. H. S. spirit by doing its best. We had one girl in baseball, Frankie Sanders, who played third base on a winning team. Our track boys included Gerald Lackey, Ham Smith, and Claude Marrs.

We were well represented in literary events. In spelling Thomasine Cox and Frankie Sanders with Edna Mae Smith as substitute, won first place. Ima Ruth McCAda made a good showing in her essay work. Two of our foremost Juniors, Marguerite Leonard and Joe Smith, each took first place in extemporaneous speaking. Their substitutes were Mary Adair and Lynn Colville.

Winning or losing, the Juniors showed a fine spirit. Cooperation and willingness to work was manifested by the entire class.

HANDWRITING ON THE WALL

The other day after school, being of a very curious nature, I spent a whole hour examining the mural decorations behind the scenes in the Floydada High School auditorium, and absorbed an amazing amount of information. As I was wandering about, I carefully examined and measured these signatures and printings. Probably the most conspicuous among them was the name of Perry McClaghlin and equally prominent is that of Polly S.; whether it stands for Polly Smith, an ex-graduate, or Polly (Sparks) Parker, a senior this year, I do not know.

"The Attorney for the Defense," masterpiece of the Junior class of 1933, is strongly advertised across the drop curtain. Even in a drama so far distant as that, the names remain intact. The following distinguished names appear: James Badgett, L. V. Assiter, Hugh Ayres, Maxine Fry, Wilburn Dennis, Edelle King, Wilfred Cothurn, Rhea Coud, Hershel Hammonds, and La Verne Jordan. This play was directed by Coach R. P. Terrell.

Wilbert Matthews must have been a wonderful actor if the stupendous size of his hand-writing is a criterion.

Beneath the blooming name of Wilbert I found "Who Wouldn't Be Crazy"—Srs. 35. The following names were beneath this: Roy Crawford, Emma L. Smith, Lewis Hollingsworth, Nella Faulk, Polly Smith, A. J. Roberts, Bill Snell, Lon Davis, Loraine McClain, O. P. Rutledge, Jr. Ruth Troutman, Cleo Birch, Kathleen Hodges, Virginia Stovall, John Kimble and Wilbert Matthews.

In gigantic penmanship near the dressing-room door appears the signature of Elton Coen, and near this is the cast of "Flash 33."

Jim Hammonds and Bob Moreland adorn the south wall completely. Anxious that my own name appear too, I signed beneath Jim and went home rejoicing.

Beth Newton wills her place as the most beautiful girl to Josephine Troutman. Ima Ruth McCAda wills to Mary Louise Tubbs her ability to go places and do things.

Virginia Womack wills to Verda Frances Turner her lovely brown hair.

Benja Johnston wills her friendly smiles to Mattie Pease Turner.

Ham Smith wills to Billy Ray Anderson his Junior class presidency.

Somer Hollingsworth bequeaths his handsomeness to Paul Bernard. Keith Tye wills his height to James Wilson.

J. E. Norman wills to Olin Watson his place in the Junior class. Reid Strickland wills his Sophomore girl friend to Robert Scott.

Gerald Lackey wills to Edward Wester his freckles. La Von Rainer wills his height to Harold Cothurn.

Leighton Teepie wills to John Yearwood his mischievousness. Ralph Taylor wills his English classes to Harold Berry.

L. T. Hickerson wills his giggles to Kenneth Fagan. Charles Denison wills his ability to act to C. W. Denison. Spencer Bell wills her grades to James Fry Gibbs.

Bailey Switzer wills his height to Randall King. Lynn Colville wills to Robert Montgomery his way with the girls. W. H. McClung wills his captainship to Charles Nickles.

BAND ENTERS CONTEST

The Floydada High School Band will enter a band contest at Lubbock, Texas, April 29, 30. The members of the band to enter as soloists are: Leeman Norman—cornet, Randal King—Cornet, Joe Arwine—cornet, Olin Watson—clarinet, Mary Frances McRoberts—alto, Alice Rawlings—alto, Alice Bell—saxophone, Doris Collins—saxophone, and Beth Newton—saxophone.

Outstanding Juniors

SOMNER HOLLINGSWORTH Favorite game is grayling polo. Has black hair and deep brown eyes. The movie star he is partial to is Jean Arthur. Croons "Goodnight My Love." Is seventeen, prefers brunettes. Enjoys English class, his favorite period.

VERA NELL MARSHALL Simply loves to listen to the radio, crooning and such. She is a blonde with heavenly blue eyes. The movie heart-throb is Robert Taylor. (He's the guy so many of these girls like.) Can listen to "Indian Love Call" all day and night. Is fourteen years old, prefers blondes. Favorite subject is biology.

REID STRICKLAND Plays tennis most of his extra time, maybe he should put up a tennis court back of our store. He is a true brunette with brown eyes. Prefers the beautiful Ginger Rogers to any other movie star. Likes to sing "Moonlight and Shadows." Is sixteen years old, prefers blondes always, and his favorite study is biology.

MARY WILSON HICKS Hobby is collecting poems. We really didn't know she was that poetic. Has fluffy golden hair and blue eyes. Favorite movie star is Robert Taylor. (He must have that certain something). Is sixteen years old. Favorite song is "When My Dreamboat Comes Home." Prefers blondes, and her favorite class is biology.

GERALD LACKEY Of course, as we all know his hobby is being the ugliest boy in the Junior Class. He has blazing red hair and blue eyes. Favorite movie star is Jean Harlow. Seventeen years old. Loves to sing "Goodnight My Love," so Virginia Bell says. Prefers blondes; favorite study is English.

BETH NEWTON Collecting pictures is her hobby; she says, "Now don't get the wrong impression." Has lovely blonde hair and gorgeous blue eyes. Has fallen in love with that wonderful sensation, Robert Taylor. Favorite song is "More Than You Know." Is sixteen, prefers brunettes. She pays more attention in English class than any other.

KEITH TYE Likes to swim, my, my, in this cold weather, too. Has wavy blonde hair, and brown eyes. Favorite movie star is Jean Arthur. "Star Dust" is the song he prefers. Is sixteen years old, prefers blondes, and likes his civics class.

MARGUERITE LEONARD Simply loves to swing a tennis racket and collect poetry. Black hair, and flashing nearly black eyes. Favorite movie star is Franchot Tone. Rather listen to "Goodnight My Love" than any other song. Prefers Brunettes. Favorite study is English. 'P. S. We actually believe she likes to edit our paper!'

LA VON RAINER, W. H. McCLUNG Their hobbies are being captains of the Whirlwind team. (Ain't it grand) Both are blondes with blue eyes. Their favorite movie star is Martha Raye. Like "Moonlight and Shadows." (So we hear) Eighteen years of age (both of them at that) La Von chooses blondes as his preference, but W. H. prefers brunettes.

MISS BURRUS, MISS WILHITE Their hobby is sponsoring the Junior Class. Rather lively class by the way. Miss Burrus has black hair, with brown eyes. Miss WilHITE is a brunet with deep-brown eyes. They both agree on Frederick March as their favorite movie star, and their song "We May Never Meet Again" (Well, anyway we hope they do). Miss Burrus prefers speech and Miss WilHITE prefers Spanish. Miss Burrus prefers blondes and Miss WilHITE brunettes.

HAM SMITH His hobby, of course, is football. Has black hair and lustrous brown hair. Ham's favorite movie star turns out to be Claudette Colbert. Goes around humming, "There's something in the Air." So it must be the one and only song. Is sixteen years old, and prefers blondes. By the way, he pays attention in history class. It must be his favorite subject.

SARAH STRAIN Sarah is the captain of the F. H. S. Volley Ball team, and volleyball is her hobby. Has raven black hair and dark brown eyes. Her favorite movie star is the handsome Bob Steele. She is seventeen years old and prefers brunettes and had rather report to history class than any other.

The Ideal Juniors

IDEAL JUNIOR GIRL Eyes, Beth Newton; mouth, Lanell Shirey; hair, Mary Adair; smile, Marguerite Leonard; feet, Mary Wilson Hicks; complexion, Wanda Sargent; teeth, Benja Johnston; posture, Vera Nell Marshall; personality, Sarah Strain; voice, Margaret Hale; intelligence, Thomasine Cox; hands, Alene Warren. IDEAL JUNIOR BOY Hair, Keith Tye; eyes, Claude Marrs; teeth, Ham Smith, Jr.; Physique, W. H. McClung; personality, Gerald Lackey; smile, Reid Strickland; intelligence, Watson Jones; voice, Somner Hollingsworth; hands, J. E. Norman.

Many Juniors Express Opinions On Popular Question Of Banquet

Diverse Reasons Given For and Against Junior-Senior Banquet

Since the Junior-Senior Banquet is not far off there has been much talk for and against the Banquet. So we thought it would be a good idea to find out just how it stands in the minds of the Juniors. Therefore we ask the question: "Do you want a banquet?" and the following answers were given:

Edith Grimes: I want a banquet because we have worked hard for it, therefore we deserve one."

Iva Moore: "Really, I don't want one because they are so common nowadays. I believe the Seniors would like to go to Carlsbad."

Ralph Taylor: "I want to have a banquet because you have lots of fun at one, even the 'Football-pep squad Banquet was grand."

Josephine Waller: "I want a banquet because we deserve one."

Cieta McClain: Oh! I want to go to the Cavern."

Louie Caffie: "Geef! I want to go to Carlsbad."

Wanda Sargent: "It doesn't make any difference with me, but I would like to have a banquet all right."

Charles Denison: "I want a banquet because I had rather have that than any thing else."

Rue Del Brewster: "I think a banquet would be nice, but really I am undecided now."

Ham Smith: "I want a banquet because the Juniors have always given the Seniors a banquet and next year we will be Seniors and we will want a banquet."

Lorena Denison: "I think a banquet would be nice, but it would be grand to get to go to the Cavern."

Watson Jones: "It really doesn't make any difference."

Margaret Hale: "I wish we could go to Carlsbad."

Leighton Teepie: "I want to go to Carlsbad."

Kampus Kaypers

Ray reckon you could get the green Dodge or the Oakland tonight? Who drinks his coca colas in three swallows and burps them up in two.—Whatta Man Joe!

Judging from Wednesday's chapel, at last they can produce something besides sour notes and picolos. Blondes are more likely to suffer from heartaches than brunettes.—A certain Junior remarked:

Junior pep girls, who are we going to elect for our new leaders? The following songs are for ones who deserve 'em!

Lazzybones—Gerald Lackey Boo Hoo—W. H. I've Got My Love To Keep Me Warm—Cieta Little Old Lady—Thomasine Cox I Only Have Eyes For You—Beth What Will I Tell My Heart—Iva Good Night My Love—Reid May I Have The Next Romance—Winnie Reba?

Trust In Me—Grissie Tye It seems in Arithmetic 8A-5 Jan. Clark and M. C. Fuqua have been making eyes at each other. Go right ahead, children, we don't mind. Jaunice, you seem awfully stiff, is it because of the Linguish Falls trip?

Why is it that Kay's fallen for Glover? The Lockney boys are regaining their popularity, aren't they, so 'n so?

Class History

On September 10 the junior's registration rooms were full of ready-to-go-junior boys and girls. The class was made up of last year's sophomores with the exception of a few. Those enrolling in the Junior class and not attending F. H. S. before were: Cieta McClain, Milton Weems and Ralph Taylor, hailing from Sand Hill; Inez Jones from Dougherty, Edith Grimes from Muncy; Marion Beady from Allmon; Ebuh Johnson from Harmony; Eula Mae Fortenberry, Eloise Langley and Gerald Lackey, coming from Cedar Hill. All of these and last year's Sophs made up the Junior class, which has created much excitement in F. H. S.

We elected Ham Smith Jr. as president, Thomasine Cox as vice-president and Marjorie Kirk as secretary. The Junior class then began its activities concerning the Junior-Senior Banquet. We first sold magazines with great success. Then came the program on liquid air which we sponsored. All was quite for a while until the follies were announced. The Juniors presented "Sounding Brass," a tragedy, and a very good play. After the follies were over, we began selling candy at the basketball games. Then came the program given by Jack Rank. As this was the year for the Floydada interscholastic league meet to be at Floydada, the Juniors had a class meeting and decided to establish booths for raising funds for the Junior-Senior Banquet. We certainly were successful.

We are very proud of the fact that the most beautiful girl in High School, Beth Newton, is one of our ading Juniors. The Junior class, as a whole, is very proud of its accomplishments and all stand as over the top and be happy seniors.

Read The Want Ads.

Listen, my children, and you will hear A tale of the Juniors bold. Their souls never knew what fear. And their hearts were as true as gold. The sponsors of that glorious banquet thought their talents too good to be true. So I've written about each lad and lass. To show their wonders to you. Now, first of all comes my pal, Benja, who shares with me her joy. And next in line is Virginia Bell. Who falls for red-headed boys. Marguerite admires big, big blondes. But that's not the funny part. The big, bold blonde, who is Wanda Sargent has her legs rather long. But he says they'll get you Benja has her engagement ring. But she doesn't seem to care. Mary Wilson has a straight card. And so does Edna Mae. But they really do have to be hard. To keep their grades that way. To be a surgeon is Marjorie's aim. And she also likes debates. It's rumored that black-eyed Benja Strain. Is having quite a few dates. Charles Neil likes these Sophomore girls. Ham says he does, too. At least a boy made Mary's heart whirl. I think his name is Drue. Billy Crabtree likes to ride the bus. And so is Ima Ruth. Juanita simply refuses to fume. And insists on telling the truth. Now Spencer Bell is lots of fun. And so is Paul Poteet. Jewel Hennessee can really sing. Some people think Inez is sweet. Viva Lais may be rather large. But she usually gets her man. And that's why called Milton Weems. Is really a hay-balled farmer. Watson Jones is really going high. And he's usually going in high. Adeline Foster seems to hold her own. For a certain Lockney guy, Cieta was the star of valley ball. With Iva not far behind. Gerald Lackey has really taken a fall. For a gal with a brilliant mind. And then there's Somner, an actor. And his friends, Keith and Reid. Louie Caffie has eyes of brown. And a smile that takes away the frown. Whenever Thomasine wants a date. There are two Jewels who are in our class. But it seems that they will be good. At least I've heard some people say. They really thought they would. Rue Del is a serious minded girl. Who really knows how to drive. Winnie Reba is her special pal. They are as happy as bees in a hive. Frances is called a honey-blond. That doesn't always mean a shade of hair. And Dorothea Fuqua with her eyes of blue. Can be called a "lady fair." Ray and Joe are two Harmon boys. Who really have some fun. Margaret Hale likes to follow Wanda Sargent is never gullible. Beth Newton isn't hard to look at. And I'm not the only one who thinks so. For many are the hearts she has broken. I've heard many tales of woe. This poem just has to end some time. Because I'm all rhymed out. So if your name doesn't appear here, line Please don't go off and pout. Now just a bit of philosophy. To the ones who come behind. If you want to taste the truth of success. And drink of life, its wine. Always be happy and free from pain. And always have faith in heaven. For that's the secret of our glorious class. "The Juniors of '37."

What Would Happen If? What would happen if LaVon Rainer should fall down the stairs. Frankie were too old to play volleyball? Billy Crabtree didn't come to some where else to join our every day? Benja didn't lack another year in school? Billy Daniels didn't have so many girls chasing after him? Wilson Womack didn't go to ducah every week-end? Ray Ramsey couldn't change so

### They're Agin' It

Protesting that their religion doesn't permit the use of luxuries such as a school bus, and declaring that a new consolidated school building erected at East Lampeter, Pa., would require their children to use such conveyances to get to school, a delegation of Amish and Mennonites visited Washington, D. C., to urge cancellation of PWA funds financing erection of the school. Shown here in Washington are two representatives of the faith which frowns on borrowing money, riding in automobiles, and wearing buttons on their clothes. The PWA grant was for \$52,000.

### M. E. SOCIETY MET AT THE CHURCH FOR STUDY

The Woman's Missionary Society of the Methodist Church met Monday afternoon at the church for a Bible study, conducted by Mrs. G. F. Klebold. Topics of the lesson were discussed by Mrs. H. G. Chesney, Mrs. John L. West and Mrs. J. H. Green.

### WEST CIRCLE HAVE BUFFET SUPPER

Rose Walker Circle met Monday afternoon at the home of Mrs. W. O. Jones. There were eleven members and two visitors present. The first lesson from the book, "Gods Plan" was studied with Mrs. J. W. Chapman as leader.

### Revival Meeting At First Baptist Church

The First Baptist Church wishes to take this opportunity to invite the entire public to the revival beginning April 18. We want to make each service helpful to each one. Your attendance at both day and evening services will be expected and appreciated. Let us find time to be ready for this revival. The pastor will bring two messages each day. Morning services will be 10 o'clock and evening at 8:00 o'clock.

Let us not imitate the sit-down strikers in our church attendance. This is the thing that pleases the devil and will help to promote his kingdom more than the Kingdom of God. What we do or say is either right or wrong. The wrong will help to establish unrighteousness on earth and the right will establish righteousness on earth. Each individual Christian is the best conception of Jesus some one else knows. Just what conception of Jesus Christ are our acts, words and ideals giving to others. Each life is a quarry out of which other folk are taking stones to build their characters. Then what sort of characters will be built when our boys and girls take stones from our lives? This certainly should be a serious question to every parent, Sunday school teacher, each public school teacher, or every living man or woman. Certainly if some one else is going to live, act, and do like we do then certainly we will give our attention to weightier matters.

Let the spiritual need of our little city and community make its appeal to us to attend these services and do our best for God and right. God's business is larger and more important than all other concerns put together. God needs you, and all of us certainly need God. God could do without us, but we cannot do without Him. We welcome all. Help sing, preach, and pray by being on time and in your place at each service. Don't fail us, for we are depending on you. Don't forget it starts next Sunday morning at the First Baptist Church.

### TRAINING SCHOOL AT DOUGHERTY FOUR DAYS

Beginning on Friday, April 16, a training school will be held at the Dougherty Methodist Church at 8 o'clock for four nights on the subject of "What Every Methodist Should Know", according to an announcement made this week by Rev. W. V. O'Kelley.

### MISSIONARY BAPTIST CHURCH

### FRANK BOERNER LEFT FOR PHOENIX, ARIZ. SATURDAY

Frank Boerner, who has been in business in Floydada for the past 15 years, left Saturday, in company with A. P. Horn, of Phoenix, Arizona, where he will open a garage and repair shop similar to the one operated here in the Hughes building on Main street.

Mrs. Boerner and their three children plan to remain in Floydada until late Summer, then they will go to Phoenix to make their home. V. D. Turner, who will handle the moving of Mr. Boerner's shop equipment, left at the same time with his trunk for Phoenix.

Mr. Horn will join Mrs. Horn at Phoenix and they will spend several weeks there and in California before returning home. Mrs. Horn and her father, J. C. Dickey, are visiting her brother, J. E. (Right) Dickey, and Mrs. Dickey, having returned home with Right on March 27. J. C. Dickey will return home with Mr. and Mrs. Horn.

Mr. and Mrs. R. B. Rosson and little son, Barry, returned to their home at Roswell, New Mexico, Monday morning after spending the week end with her mother, Mrs. A. D. White. Mrs. Rosson and little son have been here visiting for more than a week, and Mr. Rosson joined them for the week-end.

Mr. and Mrs. Lon Porter, of Stanton; Mrs. Mary Sanders and little daughter, Mary Lou, of Lubbock; Mr. and Mrs. Paul Bryant and daughter, Paoline, of Plainview; and Robert Porter, of Plainview, were guests of Mr. and Mrs. C. M. Martin, Sunday.

Mr. and Mrs. A. B. Keim and daughter, Frances, spent Sunday in Tulla, visiting friends and relatives. Mr. and Mrs. C. L. Minor and son, Carl Lester, were guests of Mr. and Mrs. W. W. Cowan, of Lubbock, Sunday.

Miss Cleo Birch, a student of McMurry College of Abilene is taking six subjects and has gained the honor roll last month by making six A's.

Mr. and Mrs. Roy Baker and son, William Roy, of Knox City, were guests of Mr. and Mrs. Bud Collins, Sunday. They came to view some of the new irrigation wells in this district.

Mr. and Mrs. W. T. Brown had as their guests during the week-end Mr. Brown's daughter, Mrs. James Thomas, and Mr. Thomas, of Burkburnett.

### New Kind Of Dog

If you've never seen a dog like that Miss Genevieve Johnson of Houston, Texas, is holding, don't be alarmed. They're rare dogs. In 1935 the U. S. Department of Agriculture imported four Hungarian Pulis sheep dogs. Subsequently the Pulis were crossbred with a chow, a Scotch terrier and a police dog. Above is Ajax, a pure-bred Pulis puppy. The Pulis are of medium size with curly, silky hair.

### HAS FIRE LOSS

Fire of unknown origin caused considerable loss to Boone Pitts on Thursday afternoon of last week. His barn, cotton seed, ground feed, bundles and harness was destroyed.

24 Then the LORD rained upon Sodom and upon Gomorrah, brimstone and fire from the LORD out of heaven: 25 And he overthrew those cities, and all the plain, and all the inhabitants of the cities, and that which grew upon the ground. Deuteronomy 32:31-33—

31 For their rock is not as our Rock, even our enemies themselves being judges.

32 For their vine is of the vine of Sodom, and of the fields of Gomorrah; their grapes are grapes of gall, their clusters are bitter:

33 Their wine is the poison of dragons, and the cruel venom of asps. Proverbs 23:29-32—

29 Who hath woe? who hath sorrow? who hath contentions? who hath babbling? who hath wounds without cause? who hath redness of eyes?

30 They that tarry long at the wine; they that go to seek mixed wine.

31 Look not thou upon the wine when it is red, when it giveth his colour in the cup, when it moveth itself aright.

32 At the last it biteth like a serpent, and stingeth like an adder. Time and Place.—The destruction of Sodom took place about B. C. 1904. The book of Proverbs was written B. C. 1000. The city of Sodom was at the northern end of the Dead Sea.

### Lesson Comment

Is man at heart naturally evil and "fallen"? Or is he progressing through ignorance and error toward something higher and better? Is man merely subject to temptation or is he inherently wicked? When we study Genesis, in the light of modern ideas and controversies, these are some of the questions which confront us concerning man's essential nature.

Calm observation of the whole course of human life would suggest that there is truth on both sides, that man is naturally neither wholly good nor wholly evil, but with capacities for both good and evil, and subject to the direction in which the uppermost influences may guide him.

If one doubted man's tendency toward sin, surely he would find the evidence of it in the role that alcohol and similar destructive agencies have played in human life. The history of man's degradation through alluring things that have affected his senses and destroyed his self-control is not confined to

any particular period or time, people or place. A study of modern primitive communities reveals that native races have found their own forms of intoxication, and the use of intoxicating beverages seems to go back to the very childhood of such races.

Our temperance lesson is based upon a reference to Sodom and its reference to Sodom found in Deuteronomy, with the whole teaching summed up in the single verse from Proverbs. "At the last it biteth like a serpent, and stingeth like an adder."

The name of Sodom and the men of Sodom are associated in Biblical history with evil practices that go far beyond indulgence in intoxicating liquor; and it would be an unjust imputation against those who are not total abstainers to suggest that the use of intoxicating liquors is inherently or inevitably associated with the sins of Sodom. But it is an incontrovertible fact that in the wide range of sin and evil, liquor has been a common or associated factor. Its tendency is to destroy restraint and self-control, to blunt the moral consciousness, and to weaken the will.

The liquor habit and the liquor traffic have in them the seeds of destruction, and the fact that some

are strong enough to prevent this destruction in themselves, in their home lives, and in their family circles and immediate environment, does not alter the fact of the general tendency, and the results in individual lives and communities that have come from the use of intoxicants.

The writer of the ancient proverb was right, and no proverb has been more fully confirmed during the generations of human life since his day, than that strong drink is raging, and that, at the last, it biteth like a serpent.

There is one thing that ought to be recognized today; that the way of abstinence never weakened the will or lessened the effectiveness of any human life. It is at least a safe and wise way.

**JOHN, YOUR HAIR IS A FRIGHT! HERE, USE MY FOM-OL!**

Mothers, sisters—they're often led to point the way to hair to their men folk! For women that a healthy head produces handsome hair! And that's why women everywhere are pointing to Fom-ol, the remarkable foaming oil shampoo which first nourishes the scalp, then takes the dull, parched hair and brings it back to glowing health. Fom-ol is so economical; a little goes a long way. Ask your druggist for the regular 50c size. Write for a generous trial bottle enclosing 10c to cover packing and postage.

**FOM-OL** More than a shampoo treatment!

## Open House Held By Home Ec Workers Of Local WPA Project

When the Home Economics Department of the W. P. A. held open house on Tuesday about 150 people called between the hours of 9 and 4 o'clock in response to an invitation issued by Miss Wilma Spikes, supervisor of the project.

"The object of the open house," said Miss Spikes, "was to acquaint the people with the project and to show them our bedroom furnishings which have just been completed."

"Another thing which we especially want the public to know about is the personal services we render," said Miss Spikes. "We have ten women who are taught all of the phases of the Home Economics field, foods, clothing and household furnishings and they will go out and teach any woman who may ask for their services, to make anything that they have learned to do. We will also lend patterns for the various articles we make."

The bedroom was completed at a total cost of \$19.04 and that includes, bedspread, mattress, vanity dresser, lounge chair, wastebasket, work basket, barrel chair, wall hanging made of wool yarn, curtain rods, curtains, sewing box made of a nail keg, dresser scarf, book case end table and odd table.

The mattress which is nice and soft was made of scraps from the sewing room. "We call them W. P. A. feathers" said Miss Spikes, laughingly.

Demonstrations are given each week on some phase of the work in two different parts of Floydada. On Tuesday, April 20, a demonstration will be given on the making of a barrel chair at the home of Stella McNeely, 117 West Tennessee street. And then on Wednesday, April 21, a demonstration will be given in the east part of town at the home of

Mrs. Jno. A. Fawver. Work has already begun on the furnishings for a kitchen and living room.

## Highway 207—

(Continued from page 1)  
crete dip now in use and workmen are expected to be put on the job blasting out this dip. Tests made recently indicate piles will have to be driven ten to twelve feet in the bank before a proper foundation is found for the bridge at the deepest place. A new channel for the creek below the bridge will be made, cutting out three bends to get the water away faster from the crossing. A four-foot dump will be needed across the canyon, approaching the bridge, it is estimated.

With work progressing at such rapid rate it is a matter of a short time before traffic will have to be routed around the Ralls Crossing for awhile.

Members of the Commissioners' Court are planning another trip to Austin to be present at the next meeting of the State Highway Commission, when their claims for designation and taking over the route north from Floydada to Silverton will again be presented.

## BAIRD BISHOP'S PICTURE IN COLLIER'S MAGAZINE

Baird Bishop, local druggist, had the honor of having his picture printed in this week's issue of Collier's Weekly in a Nyal advertisement. Mr. Bishop explained that ten druggists out of all the druggists in the U. S. handling Nyal products were selected for the use of their pictures in a series of Nyal advertisements.
