New Telephone System Due For Completion September 1

Lines Will Be Cut Over September 4, Riddle Announces

Telephones Being Modified For Temporary Use With New Board

No Interruption

Expert Workmen Will Make Change From Old to New In Few Minutes

Floydada's new telephone system, to be completed about September 1, will be cut over from the old switchboard late at night, Saturday, September 4, according to W. G. Riddle, district manager of the Southwestern Bell Telephone Company.

The installation of the new switchboard and central office on West Florida street will have been completed and all lines in the city will be cut over to the new switchboard and final adjustments made. All telephones in Floydada are being modified for temporary use with the new switchboard. Riddle said: "As soon as the new system is in service, all telephones will be placed with the 'common battery' system."

Change in Few Seconds
The change from the present system to the new system will be accomplished without interruption of the telephone service, Riddle explained. Expert workmen, stationed at both the old and new switchboards, will make the change in a few seconds.

Meanwhile the local operators are being "taught" in the operation of the new type of switchboard. They will work with the change as it is completed, familiarizing themselves with it to be sure that the service is not interrupted.

When the program is completed Floydada will have one of the most modern telephone systems available in cities of this size, the telephone official said. "We are able to provide a new system for telephone users here," Riddle commented, "and we feel sure that subscribers will like the faster, more efficient service possible with the new system."

OGAR B. HOWARD LEAVES SOUTHWEST AFTER SUMMER STUDY OF N. MEX. CAVES

Dr. Edgar B. Howard, curator of the Academy of Natural Sciences at Philadelphia, left Floydada this week for a brief stay in Canyon and Marillo before proceeding to his summer headquarters heading two parties of explorers for evidences of prehistoric mankind and other animals. New Mexico caves. He said a preliminary report on the summer's activities of his parties would be forthcoming from the academy in due time.

MAKE CHICAGO TRIP

Mr. and Mrs. Conner Oden returned last week-end from a week's trip to Chicago, returning by way of Kansas and Nebraska points where they visited relatives of Mr. Oden. They were accompanied on the trip by Mr. and Mrs. F. W. Casey, of Plainview, who went on to Flint, Michigan, to receive a new

Amendments Vote In Floyd County Unusually Light

Probably not over 300 votes were cast in Floyd County in the special constitutional amendments election held yesterday.

H. D. Agent

Christyne Trowbridge, above, is the new Home Demonstration Agent of Coleman County, recently being named to work there by the Extension Service of A. & M. College and Coleman County authorities. Miss Trowbridge is a native Floyd County girl, the daughter of Mrs. Chas. Trowbridge of Harmony.

Latest Incubator Is All-Electric at Carmack Hatchery

32,000-Egg Capacity Machine Has All the Gadgets For Sanitation

The latest thing in an egg incubator, which is also a huge affair, has been installed by C. B. Carmack in the Carmack Hatchery in the Randerson Building southeast corner of the square. Carmack, who returned home Sunday night from the sessions of the Texas Baby Chick Association, was completing the installation this week.

Features of the incubator are the ease with which it may be kept in sanitary condition to insure low mortality rate among the baby chicks from disease, and the protective devices on the machine to keep breeds from mixing as they come out of their shells.

Other devices include an alarm system that warns of any slight changes in temperature, the throwing of a belt on fans or any of the things that might prevent most ideal hatching conditions.

The new device takes the place of two smaller machines, and with a third machine that will be retained, increases the capacity of the plant some ten thousand chicks during twenty-one days. The incubator being installed has a capacity of 32,000 eggs. It will not be put into service until the winter or early spring, Carmack said.

Licensed as Inspector
While away, Carmack, who has been making a specialty of the chick culling and chick disease prevention, including blood testing, was licensed as a Texas and U. S. inspector while in Houston at the convention. His study there was under the direction of A. & M. officials, who conducted a short course.

In the operation of hatcheries recently the matter of sanitation has come to the fore as one of the most important features, Carmack said Monday. "It is this study and the study of culling for production and the examination we were required to take."

Mr. Carmack's family accompanied him on the trip to Houston, where sessions of the association and the school were held in the Rice Hotel.

S. J. Lattas Start New Home On Highway

Workers under the direction of L. B. Maxey this week began razing the S. J. Lattas home four miles east of Floydada on Highway 28 and will construct a rock-veneered residence on the site.

Plans for the new home are to make it thoroughly modern and convenient. The veneer material, new for this section, is being imported from down-state.

Trench Silo Time, County Agent Says To All Interested

Silage, Green Feed Winter Substitute Should Be Stored Right Away

Expense Is Low

Proportion Cross Section Of Trench to Size of Herd To Be Fed

Observing that the recent rains will mature a great deal of excellent feed in Floyd County, County Agent D. F. Bredthauer this week points out that every precaution should be taken to conserve what is being produced so as to give the greatest amount of benefit to live stock this fall.

It is his idea that no way could this feed be better stored than in a trench silo, and in a statement points out the low expense bill which a trench silo occasions. Says Mr. Bredthauer:

"It is to be remembered that silage is considered a substitute for green pasture. It has about the same value in ratio for dairy cows or beef animals as does green pasture provided the sorghum or feed has some grain in the feed which is made into silage. A silo makes it possible to have green feed when it is too dry and cold to have green pasture. A silo should be considered a container in which to store a surplus of feed to be used when the drought years come. A trench silo is the cheapest form of a silo from a standpoint of cash expenditure. There are many other advantages in a silo which can be constructed in a very short time.

"The average silo built in Floyd County is taking one man three days. These trenches will hold from 40 to 60 tons of feed. They are also much less expensive to fill than the above-ground type, and they are wind proof, fire proof, frost proof, and rat proof. Farmers have remembered to place the feed conveniently in a silo by using an ensilage cutter or by shingling the bundles. Both of these ways enables feed to be removed from the pit easily. The one thing to keep in mind when digging a trench is that the width of the silo governs the number of animals which a farmer wishes to feed per acre."

Funeral Services For Mrs. N. B. Stanley Are Held Fri. Afternoon

Funeral services for Mrs. N. B. Stanley were held Friday afternoon at the First Baptist Church with the Rev. Vernon Shaw in charge. She died Thursday morning at her home on West California Street from pneumonia after it was thought that she was improved.

Mrs. Stanley was born in McComb, Ill. on June 1, 1865 and died August 19, 1937, aged 72 years and 2 months 19 days. She was married to N. B. Stanley in 1886 at Weatherford, Texas. Before her marriage she was Catherine Ellen Manning.

Nine children were born to Mr. and Mrs. Stanley, four sons and five daughters. One son died in infancy, and one daughter, Mrs. E. D. Oliver, has been dead 11 years. Survivors are the husband, N. B. Stanley; three sons, H. R. H. M., and H. C. Stanley, all of Floydada; four daughters, Mrs. G. T. Wakefield of Amarillo, Mrs. R. V. Bond of Abilene, Mrs. J. E. Dickey, and Mrs. Frank Boerner of Phoenix, Arizona. Twenty-one living grandchildren, and eight great-grandchildren, all present for the funeral, except Mrs. J. E. Dickey of Phoenix. Others present were Mr. and Mrs. A. J. Scoggins, Mr. and Mrs. Ray Dickey, Mr. and Mrs. E. A. Manning, and Mrs. J. J. Barham, all of Lubbock.

Mrs. Stanley was converted and joined the New Hope Baptist Church in 1895 near Weatherford. Pallbearers were Carl Minor, Holis Bond, John Maxwell, George Sherrill, Buck Bishop, and Wister Ross.

Honorary pallbearers were J. T. Spence, J. H. Shurbet, Will Weatherby, J. C. Dickey, S. B. McCleskey, F. M. Price, Rev. N. E. Tyler, Rev. M. M. Robbinett, R. C. Smith, R. C. Watson, W. T. Brown, J. N. Gullion, J. G. Martin and W. M. Massie. Flower attendants were Mesdames Nell Bishop, Jewell Cline, E. L. Cague, B. F. McIntosh, Carl Minor, S. W. Ross, C. Horn, J. W. Hardgrove, John Maxwell, George Sherrill, H. M. McDonald, Edd Bond, and John Reagan, and Miss Lillie Solomon.

Funeral home had charge of funeral arrangements.

Eight Miles Road North In Program

Commissioner Hines Advises Deen of Highway Department Approval

\$48,000 Job

Base and Surfacing To Be Done as Farm To Market Project

Base and hard surface for eight miles of Highway 207 north from Floydada to Silverton, has been included in a program of farm to market construction by the State Highway Department of Texas in co-operation with the federal Bureau of Good Roads.

This information is contained in a letter received last week-end by Judge Tom W. Deen from Harry Hines, member of the Commission, who said that the project had had approval for the construction of base and surface at a cost of approximately \$48,000.

The adoption of the Floyd County construction work as a part of the farm to market program in this state follows a recent recommendation of District Engineer G. M. Garrett, and a visit of members of the Floyd County Court to Austin where they appeared before the commission in open meeting to push this county's claims for work promised by the department, when the Commissioners Court completed acquisition of right-of-way to the Briscoe County line and built grade and drainage structure over the twenty-three miles as a WPA project.

It was not indicated by Commissioner Hines in his letter to Judge Deen when work would be undertaken. In his letter dated at Dallas Mr. Hines said:

"Am sure you will be glad to know that the Highway Commission included a project in Floyd County from Floydada north 8.0 miles, base and surfacing at an approximate cost of \$48,000 on the farm to market program which was recently approved."

In presenting their claims for construction on the route north the officials of this county pointed to the understanding they had with the Highway Commission when the route was opened for work.

Asked yesterday when work would likely begin on the farm-to-market project north, District Engineer said that no dates could be set until after formal approval of the work had been made by the U. S. Good Roads Bureau. The fiscal year in which the work can be undertaken begins on September 1. The job will be a contract piece of work.

CASS HOME, SAYS COLLINS, MARTIN ARE DUE IN SOON

C. A. Cass, home Tuesday from a twenty-day stay at the Veterans' Hospital in Albuquerque, New Mexico, is feeling fit and fine following operation and treatments, delighted with the excellent treatment he had there.

Cass said T. P. Collins, who went to Albuquerque and entered the hospital with him, and C. M. Martin who has been in the hospital since early last week, are due in home sometime during the next few days. H. B. Chastain is expected to remain in the hospital another two weeks.

REPAIRS UNDER WAY ON THE MARTIN BUILDING

Floor repairs are under way and paint, stain and varnish applications to woodwork are in process of being done on the A. B. Martin Building, occupied by Texas-New Mexico Utilities Company.

Rain Gods Kind to Big Area Of East Plains in Week-End Storm Period of Three Days

2.31 Inches Moisture at Floydada Exceeded in Many Portions of Floyd

Rain gods were exceedingly kind to most of Floyd County in the storm period of last week-end extending from Thursday night to Sunday morning, and as a result there is excellent growing season for all late feed, for cotton to finish maturing its crop, for range grass and for early fall wheat land preparation.

2.31 inches of rain that fell in Floydada in the period is exceeded greatly in reports that have come in from several areas of the county, but a few instances on the other hand, indicate there are small areas in this county that had only about an inch of moisture. Neighboring counties to the east fared good in the same period. The area around Quitaque in Briscoe, Edgin and Fairmount in Floyd, Matador and Roaring Springs in Motley, and Paducah in Cottle had fine rains. In Cottle County reports tell of 8 and 9 inches of moisture that fell, and in Narcissus, 11 miles this side of Paducah, a washout on the Q. A. & P. lines caused a delay of Sunday's passenger for two hours.

Portions of Center and Fairview, Muncy, Aiken, Providence and South Plains areas report the heaviest fall. At Center Friday afternoon four inches of rain fell and this rain extended northwestward between Lockney and Muncy to partially fill lakes. W. A. Huckabee had about four inches at his farm ten miles north of Floydada to bring his total for the month of August to seven inches. South Plains town had about an inch of rain but part of the area served by that community had several inches, notably northeastward.

Pelham Clements and several of his neighbors in Providence had a big rain, too, with lighter fall reported further toward the county line north. Fred Battey and H. F. Pratt at Pleasant Hill reported good rains in that area and similar reports came in from all around Lakeview. McCoy, John Gray and others said, had an ideal rain and Starkey reports were equally encouraging. From Sand Hill, Barwise, Erick, Campbell, Liberty, Cedar, Antelope, Hillcrest and practically all the rest of the county's thirty-two communities come reports in very similar vein, namely that moisture conditions on the farms are very satisfactory for fall operations.

At Dougherty the rain was considerably heavier than at Floydada and southeast of that point the fall was heavier into Crosby County. Crosbyton and Rails areas had excellent rains, and the area around Petersburg and this side fared well. Considerably more rain fell at Lockney also, than at Floydada, but north of that point ten miles, and further the downpour began to get lighter. Little wind and no hail accompanied the rains in any of (See Good Rains, back page)

Office Quarters Being Furnished New Health Unit

Scheduled To Open Sept. 1 Despite Scarcity Of Living Quarters

Office quarters for the District one unit of the Texas State Department of Health have been located in the four front rooms of the Barrow building on the north side of the square and are being remodeled completely this week for occupancy September 1, when the division employees are scheduled to arrive.

Despite plans being made to have office buildings completed, health officers are having difficulties in finding living quarters for their families. Reports from R. W. Cothern, secretary of the Chamber of Commerce, Mayor Glad Snodgrass, and local real estate dealers this week state that several of the Floydada during the past week looking for houses, but to no avail.

Repairs Made
Work being done in the office quarters includes sanding and re-varnishing floors, calcimining walls, repainting woodwork, and plumbing and wiring repairs. The City of Floydada is having the office work done, and the quarters will be furnished the unit by the Commissioner's Court.

Announcement of the choice of Floydada as the site of the health unit was made last week by Dr. George W. Cox, State Health officer. Dr. L. P. Walter of Temple will be director of the District one unit and will begin his duties with other health officers September 1. This unit will serve fifty-two counties for state health service.

To Hold Revival

Leroy Brownlow, Gainesville evangelist, will preach for the City Park Church of Christ revival meeting which lasts from September 1-12, inclusively. He will be assisted by Elder F. R. Yeakley local minister, and Alvin Russell, song leader of the City Park Church of Christ. The series of services will be held in the church, the opening service being set for Wednesday night at 8 o'clock.

Suitable Location Sought by Highway Maintenance Dept

Nothing Definite on Storage Plot Yet, District Engineer Garrett Says

The State Highway Department has not as yet found a suitable location in Floydada for a warehouse and grounds for the maintenance division, but will locate the division point here if suitable plot is made available. G. M. Garrett, division engineer said yesterday morning.

The plot, preferably 200 feet by 300 feet, must be not less than 200 feet square to meet their needs, Mr. Garrett said. Negotiations have been under way but nothing definite has been done.

A section foreman will be moved here on September 1, who will have charge of the maintenance division. He is A. J. Hamilton who comes to Floydada from Lamesa. Mr. Garrett said.

Present plans for re-shaping and putting hard surface topping on Highway 207 South from Floydada to the Crosby County line, are to issue a work order to the contractors about September 15. There is a great deal of work to be done yet on the WPA project which the Highway Department has been sponsoring on this road, and it appears that another thirty days will be required to finish the job. No completion date can be set because the number of men and the amount of machinery that will be available cannot be definitely determined. However, the WPA work will be out of the way of the contractor by September mid-month and Mr. Garrett was reasonably certain yesterday the work order would be forthcoming by that time.

Floydada Schools Are "All Set" For Start Monday, September 6

Arrangements for the opening of Floydada Public Schools on September 6 are being completed this week, Superintendent A. D. Cummings announced yesterday. The annual faculty meeting will start Friday, September 3, at 1 o'clock at the high school. Cummings announced. Plans for registration, schedules, and other arrangements previous to the opening of school will be made. The meeting will be continued through Saturday morning, and probably a short session Saturday afternoon will close the pre-school affair reports stated.

Thomas Elected

Brady Thomas of Brownwood has been elected to fill the vacancy in Andrews Ward and also the position as assistant coach. Thomas received his bachelor of arts degree with a major in history from Howard Payne College in Brownwood. He played football on the varsity team, lettering three years in football and track. He will arrive in Floydada this week-end and will go immediately to Ceta Canyon to join Coach Winter in the training camp.

"Most of our plans have been completed," Cummings stated. "There are still a few details to work out, but they will be finished this week." Principal O. K. Davis and J. H. Myers are assisting Cummings with the plans.

Sept. 24-25 Show Dates At Floydada

Lamb Show, Horse and Mule Show, Agricultural Booths Planned

Prizes Offered

Amusement Features Also Included In Program Of Two-Day Event

A lamb show, a horse and mule show and an agricultural products display are scheduled to be held in Floydada on September 24 and 25, it was announced this week by R. W. Cothern, secretary of Floydada Chamber of Commerce, who said that J. G. Deskins, G. L. Kirk, and J. C. Wester, members of a committee, had planned also for interesting amusement features for the occasion.

Prizes in each division of the show will be paid in cash and certificates of award will be issued. Prize lists and data on the forthcoming event are being worked out in connection with the county agent's office, Agent D. F. Bredthauer lending support to the idea that a show featuring these items of farm produce in September would be interesting. Baby beeves will not be shown at this time because most of the 4-H Club boys of next county are just beginning their projects to have their calves ready for spring competition.

Several amusement features are being planned for the two-day event. Among these are carnival attractions of the Texas Kid Company, including six riding devices and eight shows.

Highway Department Sponsors "Clean-Up"

Attractive metal placards bearing the Texas Highway Department seal on an imitation scroll and signed by Gibb Gilchrist, first highway engineer, will be awarded next week to the most attractive highway filling station and rural house located on any highway in Floyd County.

Announcements of the highway beautification project and contest sponsored by the State Highway Department were made yesterday by Mrs. George V. Smith, county chairman for highway beautification. Any rural home, personally owned or rented, under a value of \$5000 will be eligible for the contest. Service stations must be located on a Floyd County highway to be eligible.

Three local judges will select the winners the first of next week and announcements will be made in the paper next Thursday. Points on which the judging will be made are as follows: General appearance, 20 points; cleanliness, 10 points; orderliness of premises, 10; trees, flowers, lawn, etc., 10; location of service buildings, etc., 10; display of native trees, 10; appearance and state of repair of gates and fences, 10; naming of property, 10; and culverts where necessary, 10.

The slogan, "Clear away all the unsightliness in Texas" is being used in the clean-up campaign, Mrs. Smith said. Division chairman for highway beautification is Wilson B. Holden of Lubbock.

J. J. Thomas returned to Floydada Wednesday of last week from Santa Anna where he has been in a hospital for several weeks. "He is improving rapidly," Mrs. Thomas reported yesterday. She accompanied her husband home from Santa Anna.

Test Well Boring Deeper This Week For Another Sand

Any number of things have happened to the Sims test well for irrigation two miles east of Floydada this week to keep it from being completed, among them being a faltering power plant which Jack Sassaman, the contractor, is due to replace today or tomorrow.

The drill last week-end passed through twelve feet of good river sand and the well apparently has lots of water. Mr. Sims, however, decided upon going twenty-five to fifty feet deeper in search of another sand that has been picked up in several wells of the county in a formation very similar to that in which the drill was digging at a total depth of 345 feet when the rig was shut down to await putting another power plant on the job.

No idea could be gotten late yesterday of the date on which the test pump would be put on the hole to determine its capacity.

The Floyd County Hesperian

PUBLISHED EVERY THURSDAY BY The Hesperian Publishing Company HOMER STEEN, Editor

Entered as second class matter April 20th, 1907, at the Post Office at Floydada, Texas, under the Act of Congress of March 3rd, 1879.

Table with subscription prices: One Year \$1.00, Six Months .50c, Three Months .25c. Includes 'IN ADVANCE' and 'Outside Floyd and Adjoining Counties' rates.

CONGRESS CLOSES ITS SESSION

A congressional session that lasted eight months and during which many highly important and controversial matters were debated, came to a close Saturday night.

BILLS AFFECTING THE FARM

In addition to the general legislation passed by the congress just closed, more important measures which directly affect agriculture in one way or another are listed by Congressman Marvin Jones as follows:

- 1. Extending the operation of the present Soil Conservation Act to 1942. 2. Agricultural Marketing Agreement Act. 3. Farm Tenant Act. 4. Reduction of interest on Land Bank Loans.

One trouble in attempting to pass farm legislation is the widely varying interests affected. The United States has a vast and far-reaching agriculture with more than 200 products produced commercially under an almost unbelievably wide range of circumstances.

GALLOPING HOUNDS OF WASTE

Of the making of books and coining of phrases there is no end. A Minnesota man having the title of "honorable" because he is a member of the Congress, sat up nights, we assume, to think up the expression, "galloping hounds of waste."

"LOCAL BOY MAKES GOOD"

U. S. SENATE

SUPREME COURT ROBE

HUGO GLACK

have been wealthy and productive if it hadn't have been for something or other. Very clever he is, and calls attention to millions of waste for travel expense of white collared gentlemen and ladies who go on missions of mercy bent.

PER CAPITA APPORTIONMENT

Relative merits of the controversy at Austin about the per capita apportionment, whether it should be \$20 or \$22, are so well scrambled it is difficult to say which is correct in principle, the governor or the state superintendent.

However, it is worthy of note that the authorities of the various school districts have been and will continue to put more and more pressure on the legislature and the state government for support of the public free schools.

GIVE US THIS DAY—

A mighty fine rain, a mighty fine prospect for fall wheat planting, ample moisture to make good feed and fair to fine cotton, depending on how much rain there was on the individual farm during the summer.

"Give us this day our daily bread," we are taught by divine precept to pray. Some do not follow the suggestion, preferring rather their own ideas of how it should be done.

At any rate it appears most everybody will have money with which to buy the baby some shoes. It would be highly appropriate to remember a kind providence that provides bread and meat and rains and the seasons.

WE ASK YOUR PARDON

Anybody can be critical, sarcastic. Very probably a newspaper should not be.

Starting from this point we say "beg pardon" for some of the expressions you have seen on this page the past week or two. Sarcastic of another's intent, critical of the motive that may be behind some action of a friend or neighbor, or a public official, is not the vein in which free and friendly, fair and impartial discussion of interesting topics should be approached.

How times change. The old-fashioned couple began with a cow and a cookstove and the modern ones begin with a diamond ring and a coupe.

This is an odd country! We see people here with cars and silk hose go hungry.

As A Farm Woman Thinks

Nellie Witt Spikes

Once more the farmer has had rain. Enough that he is ready for sunshine again. A soft green growth is covering the brown pasture.

"I am making school dresses for my little girls," a neighbor said. "There is so much to be done before my boy goes off to college," another replied.

Thursday of last week from a four weeks trip in western states. They went through the Yellowstone National Park and visited Winneva Park in the Black hills of South Dakota, and other points of interest to the tourist.

D. R. Badgett almost spoiled his reputation last week upon his return from Whitewright, and then saved it by producing proof of some rather strong statements.

Mr. Badgett declared the temperature soared to considerable heights at Whitewright, while he visited there. It got so hot there, he declared, that popcorn popped on the cob in the field.

"You get your love of beauty from your little Holland Dutch Grandmother," Mother Superior at a hospital told me. My grandmother Witt was a tiny woman, her cheeks as soft and white as a Martha Washington Rose.

A tiny visitor has come to see us, he will not enter the door but prefers the flower garden. My vines are not good enough. He sips the nectar from the flowers. No chair he needs, he stands in the air over the flowers while he is dining.

How could anyone think farm life dull and uninteresting? This morning there is a dear little colt for us to pet and love. A soft satin coat he wears, and his proud mother dares anything to come near.

WASHINGTON LETTER BY SPECIAL CORRESPONDENT

WASHINGTON — A petition being circulated in the Senate by Senator Theodore G. Bilbo of Mississippi, is evidence of a new difference of opinion between the administration and southern Democrats in Congress.

The Senate petition, which already has the signatures of 21 senators from cotton states, asks that the government loan on cotton this year shall be 10 cents per pound instead of 9 cents, and that subsidy payments shall be made to cotton farmers this year instead of next.

At the insistence of the President, a resolution was passed by the Senate and is now pending in the House which will insure that Congress at its next session will raise the curtain on crop control legislation.

To revive cotton prices in 1933 the administration guaranteed to cotton farmers a loan of 10 cents per pound, and a year later this rate was upped to 12 cents. At 12 cents farmers could get a higher price from the government than they could in the open market and the AAA acquired 5,000,000 bales of cotton. They have disposed of all but 1,300,000 bales of these "cotton securities."

They say the estimated \$75,000,000 it would cost the government to loan 1 cent more on every pound of this year's cotton crop would be well spent preventing such manipulation.

Before the administration will come to a decision fixing the rate of loans for this year, it must be assured that Congress has committed itself to consider crop control legislation. The President wants subsidy payments to be contingent on the agreement of farmers to whom cotton loans are made, that they will lighten the soil load next year with crops that are not as depleting as cotton.

Mr. Badgett declared the temperature soared to considerable heights at Whitewright, while he visited there. It got so hot there, he declared, that popcorn popped on the cob in the field. Then he produced the ear of popcorn with fifty or more of the grains actually popped open, while other grains on the ear gave evidence of recent gathering. It had been picked from the field of a relative near Whitewright.

War Department Provides Free 'Vacations' for Thousands of Boys in C.M.T.C. Units

The scene shown in the upper photo, at Camp Dix, N. J., is a familiar one at any Citizens' Military Training Camp, as the boys get their rudimentary marching drill. At lower right are boys at Camp Bullis, Tex., manning their French "75's," while lower left reveals a machine gun company racing to set up a gun during the gigantic fourth army war games at San Obispo, Calif.

FROM farm and city, factory, office, shop and school each summer come approximately 35,000 American youths who enjoy a 30 day vacation on Uncle Sam's expense account.

These vacations were made possible in 1920 when Congress, in passing the National Defense Act, paved the way for the establishment of the Citizens' Military Training Camps, attended by men between the ages of 17 and 25.

In 1913, Gen. Leonard Wood, chief of staff, U. S. Army, declared that America's training system was not at all adequate, and started a camp movement for cadets from colleges offering military training. Eastern businessmen soon became interested and went off to camp at Plattsburg, N. Y., paying their own expenses. When America entered the war, Plattsburg became an officers' training school.

As an outgrowth of General Wood's idea was born the C. M. T. C. Each of the nation's nine corps areas contains one or more camps to which boys in that area may go. Able to present to take care of not many more than 35,000 boys, it is the hope of the War Department to some day train 100,000 youths each summer.

For 30 days the boys receive military and citizenship training from competent instructors. Hard work and play go hand in hand and dull moments are rare.

From the time the boys hear reveille at 5:40 a. m. until taps is sounded at night, there is something to do—and learn.

THE first few days are concerned with setting up drill, sanitation problems and rudimentary military tactics. Gradually they branch into military maneuvers, learn how to handle guns, big and small, ride horses, are taught higher mathematics, advanced gunnery, learn telephone and radio communication and a hundred and one other things which are part of the army's work.

Sports of all kinds, including boxing, wrestling, swimming, baseball, and tennis, are included in the daily program, as are courses in civics and citizenship training.

enrollee wishes to take the examination for a commission in the Officers' Reserve Corps. Coincidental, but in no way part of the C. M. T. C. activities this summer, is another phase of the War Department's military training—the U. S. Army war games, in which many "graduates" of C. M. T. C. units hold reserve officers' commissions, take part.

The war games held this summer by the fourth army represent the greatest troop movement in the United States since the World War. More than 55,000 men started the maneuvers in midwestern and western states comprising the seventh and ninth corps areas.

The valuable training in mobilization, strategy and tactics received under theoretical battle conditions is worked out by a system of attacking and defending forces. And the army goes so far as to supply umpires to decide which side wins.

Probable the primary purpose of the gigantic maneuver, the third of its kind since 1918, is to bring together the National Guard, the regular troops and the Reserve Officers' Corps at the point where, in time of war, they could work in harmonious unity with the highest degree of efficiency.

FLOYD COUNTY 14 YEARS AGO. News items taken from files of the Floyd County Hesperian, published in Floydada, Texas, 14 years ago.

ISSUE OF AUG. 23, 1923. F. M. Butler and Dr. I. W. Hicks made an exchange of property last week that involved a sum of \$14,550. In the deal, Dr. Hicks becomes the owner of 240 acre tract of land ten miles north of Floydada, value at \$45 per acre. Mr. Butler gets the Dr. I. W. Hicks home in South Floydada, valued at \$5,820. D. L. Payne, of Lamesa, former resident of Ralls, was given a sentence of five years by the jury which sat in his case at Canyon last week. He was being tried on a charge of murder in connection with the killing of J. Swasea and Maud Ripley. Many witnesses from Floyd County were summoned in the case. C. R. Houston returned last week from a trip of several days to eastern markets, where he bought fall and winter merchandise for C. T. Houston and company. Mr. and Mrs. Fred Brown and family and Carrol Duncan returned

Editorial Briefs From Other Newspapers

Before houses were numbered London's business streets were lined on both sides by a succession of signboards exhibiting an almost infinite variety of blue boards, black swans, red lions, flying and the like. Even with these signs it was hard to find one's destination, for the signs were often so badly painted that it would have puzzled a naturalist to make out the animal meant.—State Line Tribune.

This country will never "go back" with the one-crop standard. If we are to be a prosperous farming country again, we must rest some plowed acres back to pasture and plan a year-round program based on diversified sources of income and not shooting the whole works on a one-cash crop.—Ozark County Herald.

The first American submarine was a one-man affair called "Turtle." Invented by George Bushnell, it was used during the Revolutionary war in an unsuccessful attempt to blow up the British fleet in New York harbor.—State Line Tribune.

Texas factories are employing 10 per cent more persons in 1937 than in 1933, and 33 percent more than in 1929.—Scurry County Times.

A physician says handshakes should be abolished because they spread disease. Well, how about door knobs?—Wellington Leader.

ments of subsidies this year will enable the cotton farmer and planter to pay their debts and pay pickers higher wages. This, the think would appreciably reduce the cost of relief in the south, and increasing purchasing power would help business recovery generally.

It seems doubtful at this point that the President will be persuaded to repose as much confidence in the voluntary co-operation of cotton farmers as his senators have if they get their reward for curbing production before they earn it.

Will Spread Health Work Over Texas

Operatives From Floydada, Six Other Centers Take Service to People

New Set-Up

Change Puts Health Department in Striking Distance of Every Problem

What the new set-up in Texas public health affairs means to the people of the state of Texas is set in part and succinctly by Dr. Geo. W. Cox, State Public Health Officer, in a recent release from Austin in which news of the new public health set-up is amplified.

Four dozen trained workers, financed by a legislative appropriation of \$97,500 annually for two years, will spread Texas September through to take public health services to a greater rural area.

The State Health officer said the new administrative, setup, including headquarters cities at San Angelo, Bryan, Floydada, Mineral Wells, Canyon and Kingsville, would bring physicians and technical workers closer to their problems, facilitating a warfare against disease.

"We constantly will be next to our problems, a condition, almost impossible under the present plan," he said.

The health officer explained that this administration of public health centered in Austin at some times was necessary for workers to travel hundreds of miles before beginning a study of a specific problem.

Located in Six Cities

"With public health directors located in six headquarters, we will be in striking distance of every condition concerning public health," he said.

The appropriation for the new administrative plan, together with that for existing departmental activities, will bring Texas' per capita expenditure for public health to 4 cents an increase of 1 cent over the current fiscal year.

"While Texas is still far down the list of States," Dr. Cox said, "we will be able to give protection and health education to more people and will have made a start in the right direction."

The expanded plan was intended primarily for rural counties, most of which have no health units, and cities of headquarters personnel will range a gamut from enforcement of state laws to nursing service, mosquito eradication, food and drug inspection, combating epidemics and health education.

Headquarters city for the first district is Floydada with the following counties to be served from it: Dallam, Sherman, Hansford, DeWitt, Lipscomb, Hartley, Moore, Hutchinson, Roberts, Hemphill, DeWitt, Potter, Carson, Gray, Wheeler, Deaf Smith, Randall, Armstrong, Donley, Collingsworth, Parker, Castro, Swisher, Briscoe, Hall, Childress, Hardeman, Cottle, Motley, Floyd, Hale, Lamb, Bailey, Cochran, Hookley, Lubbock, Crosby, Dickens, King, Knox, Haskell, Rosewall, Kent, Garza, Lynn, Terry, Fisher, Jones, Taylor, Nolan, Mitchell, Howard, Martin and Andrews.

MRS. CHAMP WALTERS HOME

Mrs. Champ Walters returned home Wednesday from Oklahoma City, where she has been visiting her sister Mrs. A. S. Woody, the last month.

Mrs. Walters reports a nice visit and at a reunion of her sister's family she had the privilege of seeing a niece she had not seen in thirty-five years.

ANSWERS TO OUR PUZZLE CORNER

Sign on fence—Big Circus Coming
C objects—child, carriage, cake, container, cigar, collar, cravat, cuff, clothing, covering, clouds, cat, grease, curve, corner.
Dots: Bear.
Figgerhead—212.

Mr. and Mrs. A. R. Hanna and granddaughter Virginia Jackson of Tulsa, left this morning for Tullahoma where they will attend the graduation exercises of their daughter Miss Ola Hanna.

Mr. and Mrs. A. R. Hanna and Miss Hatina of Lubbock, returned Thursday from a vacation trip to Barbados and Ruidosa, New Mexico.

Mr. and Mrs. N. W. Williams and Misses Golden Luvel and Zoze Williams of Electric, are vacationing this week in New Mexico. They expect to visit Santa Fe, Albuquerque, and Taos before they return this week-end.

Mr. and Mrs. A. E. Shelton and daughters, Mrs. Joe Carlton, Mrs. Grace Voss and Miss Mae, went to Lubbock Friday afternoon where the latter went through the clinic.

Mr. and Mrs. O. E. Poore accompanied by his mother Mrs. J. H. Poore, returned last Wednesday from Barbados Cavern, Black River Village and Paloduro Canyon. While there they viewed the Bottomless Lakes near Roswell and also visited the largest flowing well in the world, located near Roswell.

Mrs. L. Troutman and daughter, Miss Mina, of Iowa Park, are here this week for a visit with Mrs. Troutman's son, Noel Troutman and family.

Wed In Reformatory

When Evelyn Steel, right above, 17, invited Hercules Cook, left, 21-year-old grocery clerk, to a "date night" party for honor girls at the Tecumseh, Okla., state training school he proposed to her. To complete the romance they were married a short time later in the reformatory and are shown just after the ceremony was performed. For a wedding present the bride received a parole.

Jones Buys Interest Of McClendon In South Plains Oil Business

R. T. Jones has bought the interest of J. R. McClendon in the Jones & McClendon wholesale and retail oil distributing business at South Plains, and has re-named the business Consumers Oil Company, the name it went under before Jones, McClendon and Geo. F. Weast formed a partnership some months ago. Mr. Weast previously had sold his interest in the concern.

The Consumers Oil Company operates as an independent.

Meeting At Dougherty To Begin Sunday Night

Rev. W. V. O'Kelley, pastor this week said that plans for the meeting of the Dougherty Methodist Church are being carried forward this week with expectation that the meeting will open as announced on Sunday night. Rev. Frank Beauchamp, of McAdoo, will do all the preaching for the meeting.

Rev. Dallas Denison, of Matador, who was to have conducted the song services for the meeting, will be prevented from doing so by demands of other duties. Rev. O'Kelley said.

B. M. (Bud) Lloyd Wins Prize Of \$100

B. M. (Buddy) Lloyd is to be commended as a salesman, he having won second place in the sales of Ford cars recently.

The second prize was \$100.00. This represents competition with 150 other salesmen and forty dealers.

First prize of \$125 was won by Earl Tinnin of Rails.

Drury Baby's Body Moved To Littlefield

The remains of little Virginia Ellen Drury, 11 months old daughter of W. T. Drury, who died from burns at the Drury home near Dougherty, in November 1934, was exhumed from the Lakeview Cemetery to be laid to rest by her mother, in the Littlefield Cemetery on Thursday, August 19.

Mrs. Drury died on August 7, 1937, the family having moved there in 1935 from Dougherty.

OKLAHOMA CITY MINISTER VISITS WITH BROTHERS

Rev. J. W. Hollums, of Oklahoma City, who since January has been taking an enforced rest from his pastorate there on orders of physicians, is here this week on a visit with his brothers, Jno. A. and Lindsey Hollums, here and at McCoy.

He may be here only a few days or for several days depending on how the state of his health responds to the changed climatic conditions and altitude.

CARD OF APPRECIATION

We want to thank our friends and neighbors for their kindness and help during the illness of our wife, mother and grandmother, and for the lovely flowers, help and sympathy of all those who aided us in any way.

N. B. Stanley,
Children, and Grandchildren

Mr. and Mrs. F. L. Davis and daughter, Beatrice, of this city, in company with Miss Sarah Davis, of Crosbyton, spent last week in Fort Worth, Dallas and Gainesville, returning home Saturday night.

Half Minute Interviews

Joe Arwine, Jr.: "The way to tell a brown bear from a grizzly is to kick him and climb a tree. If he is a brown bear he will come up after you."

C. T. Scott: "Some of our folks who think they've got pretty good crops ought to see what they've got in Robertson community in Crosby County."

Mr. and Mrs. Noel Troutman and daughter, Josephine, returned home Saturday from a vacation trip to Colorado Springs, Colorado.

L. G. Withers, of Kerrville, has been in Floydada this week on business while his family are visiting in Vernon with relatives.

R. C. Patton recently began work with Higginbotham-Bartlett Company as salesman and yard man.

Mr. and Mrs. Hayden Puckett, of Sweetwater visited his parents in the McCoy community last week. They returned home Saturday.

Betty Newell, left Saturday for a few days visit with her uncle Hudson Lincoln and family at Sweetwater.

Mr. and Mrs. O. E. Poore and children and Miss Odessa and Miss Ruby Poore spent Thursday at the Silver Falls Park.

Farris-Morehead Wedding Planned For September 4

Announcing the engagement and approaching marriage of her daughter, Audrey, and Lucian Morehead of Plainview, Mrs. John Farris was hostess to a number of friends at a bridge luncheon at her home Tuesday.

The house was decorated with garden flowers in colors of the bride-elect's chosen scheme, rose and blue. The three course luncheon was served on four-course tables with centerpieces made of gladiolas and forget-me-nots of the same colors. Colorful placecards directed the guests to their table positions.

Tiny scrolls of white paper, representing candles, in small rose candle holders were found by the guests on pieces of the bridal cake. On the miniature scrolls the announcement was made, with the inscription, "Audrey and Lucian, September fourth."

Bridge was played following the announcement luncheon.

Bride-Elect Attractive

The honoree wore a black crepe frock with two rhinestone clips at the neckline. Her accessories were corresponding black and her shoulder corsage was of pale pink roses.

Mrs. Farris was dressed in stone blue sheer wool and white lace collar and blue accessories. Tulle roses and baby's breath made her corsage.

Miss Ruth Jenkins, cousin of the honoree and maid-of-honor elect, wore black crepe with white organza trim, black accessories, and a corsage of small dark red dahlias.

The approaching marriage will take place in Floydada at the home of the bride-elect, Mr. Morehead is the son of Mr. and Mrs. E. J. Morehead of Plainview and grandson of Mr. and Mrs. W. P. Dally of Floydada. He is associated with the Meade F. Griffin law firm in Plainview.

Guests Listed

Guests at the affair included Mrs. E. J. Morehead, mother of the groom-elect and his sister, Miss Dorothy Jane of Plainview, Mesdames A. E. Poole and Pope Poole of Lubbock, and the following of Floydada: Mesdames J. B. Jenkins, aunt of the honoree, George McAllister, Bill Dally, R. F. Stovall, A. A. Bishop, Winfred Cooper, Bill Cauley, A. E. Guthrie, L. D. Britton, Ernest Carter, B. M. Lloyd, Fred Nabors, Clinton Fryffie; Misses Mary Anne Kimble, Helene Hay, Ruth Rutledge, and Maxine Fry.

Mrs. S. E. Cothorn of Wellington arrived in Floydada last week for a month's visit with her son, W. C. Cothorn and family.

Foreign Missionary To Speak Monday At Church Affair

A program of interest to women of Floydada is the appearance of Mrs. W. T. Wiley of Lubbock, native of Denmark and missionary to India for sixteen years, who will be guest speaker of the Cooperative Missionary Society Monday afternoon at 3:30 o'clock at the Cumberland Presbyterian church.

"Mrs. Wiley is noted for her interesting talks, and we want all of the women in Floydada to hear her," Mrs. Kenneth Bain said in an announcement of the program yesterday.

The program for the fifth Monday meeting of the organization includes the following:

Opening song, "I Love to Tell the Story."
Devotional, Mrs. J. M. Willson.
Duet, Miss Myrtice Meador and Mrs. J. N. Johnston.
Address, Mrs. W. T. Wiley of Lubbock, returned missionary from India.
Reading, "Myself," Miss Williene Tyler.
Solo, Mrs. Edd Bond.
Benediction.
A social hour of games and various entertainment will follow the program, Mrs. Bain said.

Baptists Entertain Methodists With Afternoon Party

Members of the Alathan class of Baptist church were hostesses to the Pastor's Helpers class of the Methodist church Thursday afternoon at the tabernacle in the city park.

Games and a social hour were followed by refreshments.

Members of the Pastor's Helpers class include Mesdames O. B. Olson, Lula Slaughter, Will Walker, W. H. Wright, W. M. Colville, R. M. McCauley, M. E. Sherrill, A. A. Beedy, Bob Willis, W. H. Alexander, George Dickey and P. M. Felton.

Hostess for the afternoon affair include Mesdames W. C. Sims, Sam Bishop, E. T. Harris, A. D. White, O. M. Conway, J. T. Snodgrass, C. Snodgrass, J. T. Hinkson, W. B. Cantrell, W. N. Paschal, L. H. Newell, J. A. Grigsby and W. A. Amburn.

Special guests at the affair were Mesdames Elta Henry of Victoria and Earl Crow.

World-Wide Job

Appointment to a position in the Department of State, Mrs. Warren D. Robbins, above, whose husband was a prominent member of the department for 25 years, will supervise the decoration of American embassies all over the world. With her is her dog "Shona."

Crosbyton F. H. A. Girls Honored With Swim And Supper

Miss Jimmie Poore entertained the Crosbyton Chapter of the Future Homemakers of America with a cleverly planned swimming party and buffet supper at her home Thursday evening.

The guests were greeted by the mother of the hostess, Mrs. J. H. Poore, who directed them to the "old swimming hole," a large concrete tank surrounded by grape vines. Various games, swimming, and diving furnished diversion for the guests until time for the supper.

The supper was served on the terrace of the Poore home. Table decorations included a centerpiece of summer flowers and pink candies, representing the club's "Light of Service." Pink and black ribbon bows with the club motto inscribed were used as plate favors. Place cards also carried out the chosen color scheme.

Tribute to President

Miss Ruth Wylie presented a tribute to the retiring president, Miss Poore, during the supper.

James Inman was a guest of the evening affair.

Members present for the affair include Misses Joan Russell, Betty Jo Ellison, Jerry Inman, Ruth Wylie, Louise Curry and Marie Lamar.

Miss Ina Sims Is President-Elect Of Y. W. A.

Miss Ina Sims was elected president of the Baptist Y. W. A. Monday evening at the home of Mrs. J. B. Grundy. She succeeds Mrs. Grundy as president of the association.

Other officers elected were Mrs. Grundy, vice-president; Bernice Patton, secretary; Faye Newell, treasurer; Lera Opal Patton, reporter; Nell Swinson, librarian; and Mrs. Verner Norman, corresponding secretary.

The regular business session was held following the election of officers. Special guests at the meeting were Misses Winell and Wilma Haney, cousins of Miss Effie Mae Shelton.

Members present at the affair were Misses Shelton, Oneca Hamilton, Bernice Patton, Lera Opal Patton, Sims, Thelma Jo Hamilton, and Mesdames Barney Roberts and Buck Sims.

Meeting Postponed Because Of Rain

Because of heavy rains in Floyd county this week, members of the Methodist Woman's Missionary society and Hester West society were forced to call off indefinitely the joint social meeting at the home of Mrs. George V. Smith Monday evening.

The gathering, which was to honor Miss Hester West, missionary to China, was to have included as guests members of missionary societies in Lockney, Campbell, Fairview, and Dougherty.

The local society will meet Monday afternoon at 4 o'clock at the church for the regular Bible lesson. Mrs. J. E. Eldridge will lead the study which includes the book of Leviticus.

Announcements concerning the social meeting will be made at a later date, Mrs. W. H. Henderson reported this week.

Mr. and Mrs. J. B. Bishop and family left early this week for Fort Worth and Dallas where they will attend the Pan-American Exposition. They will go down there to Austin and Corpus Christi and will return to Floydada this week-end.

Theatre Party Given Honoring Sterling City Guest

Honoring Miss Rosemary Durham of Sterling City, Mrs. Edd Bond entertained several friends Wednesday evening at her home on West California street. A watermelon party on the lawn was followed by a theatre party by the young group.

Guests for the gay affair were Misses Sappho Ward, Nell Patton, Evelyn Groves, Mary Louise Groves; Messrs. Wilson Bond, Emmitt Earl Hinson, Bobby Colville, Carl Lester Minor and Frank Boerner, Jr., of Phoenix, Arizona.

Miss Durham returned to Sterling City Saturday, accompanied by Wilson Bond and her father, Will Durham, who is a cousin of Edd Bond.

'Raggedy-Ann' Motif Featured At Dinner Honoring Guests

"Raggedy-Ann" of story book days was the theme used in decorations and food served, at a dinner honoring Misses Golden Lovell and Eloise Williams of Electra at the home of Miss Margaret Smith on South Wall street Thursday evening.

The gay gold meal plates, made to represent "Raggedy-Ann," were laid on the lace covered dining table. Verbenas and clematis in a cut glass bowl were reflected in the mirrored centerpiece. Place cards, with hand painted "Raggedy-Ann" dolls made for each individual, directed the guests to their places.

Besides the honorees, who are nieces of Mr. and Mrs. N. W. Williams of this city, guests included Mrs. Bill Cauley, Misses Mary Ann Kimble, Addie Barker, Ruth Rutledge, Susanne Eldridge, and Maxine and Marilyn Fry. Mrs. George V. Smith and Mrs. Wilson Kimble assisted with the dinner.

Sunbonnet Needle Club Meets With Mrs. McCauley

Mrs. R. M. McCauley was hostess Friday afternoon at her home to members and guests of the Sunbonnet Needle Club. Special guests were Mrs. M. P. Funk of Duncan, Oklahoma, and Misses Nellie Henry and Jean Sims.

Refreshments were served following the social gathering. The next meeting will be at the home of Mrs. S. J. Latta Friday, September 3.

Members present at the affair were Mesdames S. J. Latta, C. B. Sims, W. C. Sims, J. D. Woodward, Will Walker and P. M. Felton.

Pratt-Merriott Vows Said Saturday

Miss Florence Pratt, daughter of Mr. and Mrs. A. T. Pratt of Floydada, and Leavel Merriott, son of Mr. and Mrs. C. E. Merriott of Lubbudde, were united in marriage at the home of the Rev. J. M. Harder, Saturday, August 21 at one o'clock.

After the ceremony, the group returned to the home of the bride's parents where a wedding dinner was served at 6 o'clock.

The bride was dressed in a fawn blue frock with navy blue accessories.

The young couple plans to make their home in Plainview.

Muncy Needle Club Plans Social

Mrs. K. W. Southern was hostess to the Muncy Needle Club at their regular meeting Thursday, August 19, at the home of Mrs. R. E. L. Muncy.

Some interesting plans were laid for a club social that is to be held today at the R. E. L. Muncy home. At this social all the "Pollyanna Sisters" will be present with gifts to be drawn and a new secret friend to be chosen. The meeting today is from 3 o'clock until 5 o'clock p. m.

Fifteen members were present and Miss Jewel Box was a visitor.

The next meeting will be at the home of Mrs. R. L. Powell on Thursday, September 2.

Martha L. McCleskey Entertains Friday

Miss Martha Lee McCleskey was hostess to a group of friends at a luncheon Friday at noon at the home of her parents, Mr. and Mrs. John McCleskey.

Guests at the midday affair include Misses Doris Eileen Banker, Elizabeth Hardgrove, Gloria Hammonds, and Elizabeth Hollingsworth.

Revival Meeting To Be Held September 1 To 12

Plans are being completed this week for the City Park Church of Christ revival meeting which begins Wednesday, September 1 and ends Sunday, September 12. Eder Leroy Brownlow, evangelist of Gainesville, will conduct the services, assisted by the local minister Eider F. R. Yeakley, and song leader, Alvin Russell.

Services will be held both morning and night, announcements this week said, and will include special song service directed by Russell.

Social Calendar

TODAY
The Thrifty Nifty Needle club meets today at the home of Mrs. Mae Griggs.

The Blue Bonnet Needle club meets today at 4 o'clock with Mrs. Frank Cline as hostess.

MONDAY
The Baptist W. M. S. meets in a joint prayer service Monday at 4:30 o'clock at the church.

The Methodist Women's Missionary society meets Monday at the church with the regular Bible lesson under the leadership of Mrs. J. E. Eldridge.

The Cooperative Missionary society of the Cumberland Presbyterian church meets Monday at the church at 3:30 o'clock. All the women of Floydada are invited to attend and hear the address of Mrs. W. T. Wiley of Lubbock.

The Y. W. A. meets Monday at 6:30 o'clock for the regular weekly meeting.

THURSDAY
The 1922 study club will have the opening meeting for the fall at a luncheon at 12:15 o'clock at the Methodist church.

The Floydada Garden club meets Thursday with Mrs. George V. Smith as hostess.

The Stitch and Chatter club meets with Mrs. E. W. Moore Thursday afternoon.

Let's Talk About Clothes

YOUNG MODERN
TEXAS STATE COLLEGE, LUBBOCK, TEXAS

DENTON, Aug. 25.—Since designers realized that the knitting bag administered more than a temporary bite, autumn needles are being directed into bigger and better channels. Novelty and smartness are watchwords in today's knitting circles.

Most outstanding among the yarns presented are the nubby tweeds, which can hardly be distinguished from the woven tweed which has always held the center of the winter suit whirl. One can now get the suavely and grace of a well-fitting knit suit along with the rich colors and textures of British tweed.

Simple sweater and skirt combinations now give way before a fashion expert's paradise of two-third box coats, trim jackets with velvet scarfs, and smart-looking three-piece suits. On the dresses, which feature slightly squared shoulders and slightly swing skirts, contrasting stitching is making a hit with girls at Texas State College for Women. This stitching is used sometimes to outline gores set in the skirts.

One typical suit is in black flecked with bright colors, which incidentally is the favorite mixture this fall. The jacket has four patch pockets and zips up the front. A cape tops the outfit, with full shoulders and plain back, hanging hip length. Other favored colors are bottle and reseda greens, browns, dark blues and rusts.

Dressy knit clothes are being shown in a crepe fine gauge lightweight wool, with crochet used jauntily for trimming. Bright buttons and large collars are in the picture too.

Designers have worked out patterns which guide the knitter stitch by stitch to sure success, so the more complicated designs this season will not be as painful as they sound.

Stitch And Chatter Club Entertained By Mrs. R. C. Ross

Mrs. R. C. Ross was hostess Thursday, August 19, to members and guests of the Stitch and Chatter club, with her daughter, Maxine, assisting.

After a social and business meeting, "twin sisters" were revealed. Special guests were Mrs. Lloyd Ross and Miss Wilda Ruth Finley.

The next meeting of the club will be September 2 at the home of Mrs. E. W. Moore.

Members present include Mesdames E. W. Moore, C. W. Denison, Elbert Parks, J. A. Ballard, Raymond Teeple, P. F. Bertrand, Ernie Widner, Roy Curry, F. F. Fugua, A. W. Dunn, D. D. Shipley, D. M. Moore, W. C. Cates; Misses Mable Moore, Gladys Bertrand, Lena Guilely and Daisy Aaron.

End Of Summer Home-Ec Project

The summer project of the home economics, sponsored by Miss Fannie Mae Rees and Miss Wilbanks, will come to the close of their tenth month this week, Miss Rees said.

Notice for the class of about 45 pupils to meet on Monday, Tuesday and Wednesday for an all day study at the high school and communities in which the work has been taught, was made by the sponsors.

Mr. and Mrs. J. B. Claiborne and Mrs. and Mrs. Walton Hale and son and daughter, left the first of the week on a vacation fishing trip into the mountains of Colorado, planning to headquarter at Lake City.

Local Club Federations Continue Plans For Fall

Peasant Costume

White silk linen, embroidered in a red, blue, green and yellow design, is used in this fetching peasant garb of Dalmatian influence, worn by Marjorie Lord. The dress is covered by a blue silk linen redingote in a sleeveless slipper model.

On The Garden Path

Since our wonderful rains, Floydada gardens are coming out and taking on new life. The roses are putting forth beautiful new bronzy red tips and getting ready for the fall flower show. Marigolds and zinnias have been blooming for some time and asters are now making a brave display. The early single or "rainbow" asters are particularly beautiful at this time, and the large late varieties will soon be with us.

There are some fine varieties of dahlias in Floydada gardens. Some of our garden club members really "know varieties" and have some fine ones. The finest dahlias are the ones that begin blooming after the hot summer weather is over, the plants are then sturdier, the stems better and the colors cleaner. The dahlia is a very fine flower for the Panhandle if handled correctly, and is good either for a display of color in the yard or for cut flowers.

The silver lace vines are very beautiful now and the white clematis will soon be a veritable bower of snowy blossoms. The Queens Wreath vine is growing at last and is reaching out tender light green tendrils. This vine will bloom in September. It is difficult to handle but pays richly for the care given it with its rose pink racemes of flowers and its heart shaped light green leaves. The "Heavenly Blue" morning glory is now a glory indeed and the purple flowered clematis is again showing blooms after its summer's rest.

Trees around Floydada are taking on a better color and those that have been properly cared for and watered are showing a lot of new growth.

Country Flowers

Out in the country, in and around the shallow basins, the "Snow on the Mountain" is now blooming profusely. Many a brave bed of flowers in a public park is not so showy as one of these basins with its thousands of white flowers. The "Giant Arrowhead" with its snowy petals is also now in bloom in the basins and the "Smart weed" with its numberless hard little pink blooms.

Down in the canyons and around the cap rock now is blooming the beautiful large white flower that opens only at night. This flower has spiny cactus-like leaves, and closes its blossoms tightly in the day time. Many Floyd county flower lovers are missing a treat by not seeing this flower in bloom. This is a variety of the night-blooming Cereus.

Mrs. H. K. Ammons and daughter Sue Neil, of Amarillo, returned to their home in Amarillo Sunday after a visit of two weeks in Floydada with Mrs. Ammons' father, G. E. Neil, and Mrs. Neil.

Officers Listed

Other officers for the 1922 club include Mrs. O. P. Rutledge, first vice-president; Mrs. Kenneth Bantz, second vice-president; Mrs. J. E. Myers, recording secretary; Mrs. G. F. Kleibold, corresponding secretary; Mrs. Noel Troutman, treasurer; Mrs. E. F. Stovall, reporter; Mrs. R. P. Brown, custodian; Mrs. J. M. Wiggins, parliamentary; and Mrs. J. W. Hicks, appointed member of board.

The course of study for the year is "Modern Biography" and includes program talks concerning great musicians, writers, political figures, and other prominent persons who have achieved success throughout history.

The 1934 club meets next in order with a regular business meeting Tuesday, September 7. Mrs. Virgie Shaw, president for 1933-34, will preside. The chosen course of study is a "Travel Course of the Western Hemisphere."

Thursday, September 9 is the date scheduled for the first meeting of the 1929 club. Mrs. G. L. Kirk, president, presides at the luncheon planned by the group. "Modern Novels" is the study course selected for the coming year.

Announcements concerning program details will be made at a later date, club presidents, said this week.

Exceptional Record Made By Local Cannery

The exceptional record being made by the local canning kitchen in rehabilitating relief families and relieving the county of cash grants was assured this week by Mrs. J. M. Slough, family welfare worker, a letter to A. W. Long, administrator of the Texas Relief Commission of Districts 16 and 17 with headquarters in Amarillo.

"We are working women in the kitchen regularly that heretofore the county has been having to give cash grants for groceries and releasing them of that obligation," Mrs. Slough stated in the letter. "We are canning estates for families that would have no way of canning same and are not only saving stuff that would be wasted but are helping to rehabilitate these families by saving them money and teaching them the value of saving what they raise."

During the six weeks that the kitchen has been operating, 500 cans of estates have been canned. All of these were vegetables with the exception of 100 cans of peas. Mrs. Slough said. Sixty percent of the canned goods are retained by the county and forty percent are given to the producer. An average of 100 workers, all women that are receiving some form of relief through the relief office, are used per day during the rush season and will drop to about three when the group is so busy, the welfare worker continued.

The City of Floydada is furnishing the building, water and light and the County of Floyd is furnishing the gas and supervision. The gas bill for the past month was only \$1.75, the letter stated.

"During the past six weeks we have canned several bushels of vegetables for different stores," Mrs. Slough added. "These were vegetables that they were unable to sell and heretofore they have been throwing away. This put about 600 cans of stuff in our reserve that would have otherwise been wasted. We are working to gain the interest of all stores, vegetable stands and cafes in order to prevent unnecessary waste and to provide food for needy families."

Appointments for canning different kinds of meat have already been booked, although the canning season is still at its height.

Baptist W. M. S. Has Joint Service

Members of the Blanche Groves and Rose Walker Missionary societies of the Baptist church met in a joint prayer service Monday afternoon at the church. Mrs. G. A. Brown led the service, which marked the beginning of work to be done by the societies during the revival service.

The Sunbeam band, a newly organized children's group, also met Monday for the service. Mrs. Vernon Shaw was in charge of the group in the absence of their leader, Mrs. Stultz.

The three groups will meet again in a joint prayer service Monday at 4:30 o'clock at the church.

Mrs. Leroy Brown, Mrs. Edith Brown, and Miss Alice Johnson, of Big Spring, are guests this week of Mr. and Mrs. Roletin Smith.

This Week's Patterns

VERSATILITY is the dominant note in pattern No. 8997. New, smart, and very wearable, its shirtwaist design with tucked bosom and lace-edged collar makes it an all-occasion frock. Sizes are 14, 16, 18, 20, 40 and 42.

A simply-made yet fetching dress for the little girl is pattern No. 8426. Glazed organdy can be used for a party frock, while the play dress on the same lines could be made of dimity or batiste. Sizes come in 2, 4, 6 and 8 years.

Designed for coolness, pattern No. 8980 will furnish the most comfort on a hot day. The loose, full sleeves and flared skirt are just right for summer. Designed in sizes 14, 16, 18, 20, 32, 34, 36, 38 and 40.

To obtain a PATTERN and STEP-BY-STEP SEWING INSTRUCTIONS fill out the coupon below, being sure to MENTION THE NAME OF THIS NEWSPAPER.

Funeral Services Held For Petersburg Man

Funeral services for R. M. Ritchey, 75-year-old resident 10 miles southeast of Petersburg for 2 years, were conducted at Plainview Sunday with the Rev. C. R. Hooton, pastor of the First Methodist Church there, officiating.

Floyd County Students Get Degrees Tuesday

Including several students in Floyd County and vicinity, the largest summer graduating class in the history of Texas Technological College received degrees in the commencement exercises at Lubbock Tuesday night on the south lawn of the Administration building.

Donkey Baseball On Wester Field Monday Night, Newest Dope

The newest dope is that Floydada Lions Club and Plainview Lions Club will play their donkey baseball game on Monday night of next week at Wester Field.

County Schools Are Ready To Start Soon

Completion of the Dougherty school plans was made this week with the appointment of Miss Howell of Paducah replacing Mrs. Opal Higgins. The complete list of teachers for the opening of school Monday, August 30, includes Eldam Caldwell, principal, Miss Howell, Mrs. Theima Crawford, and Miss Vivian Caruthers.

Success every time you bake with an Automatic Gas Range

Two drunks were blabbing about cradle days as they leaned heavily against the bar. "You know," said one, "when I was born I only weighed a pound and a half and that a fact."

Attendance Is Good At Baptist Revival

Services for the Baptist revival being held at the City Pavilion Tuesday and plans are continued as they were first held. Heavy rains the first of the week made it necessary to hold the meetings at the church.

Rotarians Entertain Out-Of-Town Guests

Special guests at Rotary luncheon Wednesday were Rotarian E. A. Maness of Childress, making up attendance, and B. O. Yeakley of Gainesville, father of F. R. Yeakley of Floydada.

Visitors Travel Faster On Highways Than Home Folks

Visitors travel faster than the home folks on the highways, and the farther they come the faster they go, according to a traffic survey by the Federal Bureau of Public Roads and the Connecticut State Highway Department.

A Good Farmhouse Better Than Medieval Castle

A man's home is still his castle as in the days of moats and battlements when it was a protection against unfriendly and warlike neighbors. "As in the past," says Wallace Ashby of the United States Bureau of Agricultural Engineering "protection from heat and cold, rain and snow, are still primary functions of the house, but a well-planned modern farmhouse in comfort, protection, and convenience can be far ahead of the old-time castle."

GARDENIAS ARE FUSSY

The gardenia is a great favorite but it is one of the most difficult flowers to keep growing through the blooming stage in the house, says W. R. Beattie, senior horticulturist of the Bureau of Plant Industry, United States Department of Agriculture.

GARDENIAS ARE FUSSY

Each season brings many inquiries, he says, from persons who have been unable to grow gardenias successfully. In the first place gardenias are a hothouse plant and require a fairly high temperature and a humid atmosphere and no attempt should be made to grow them outdoors except from Charleston, S. C. southward including all of the Gulf coast region and on the Pacific coast Los Angeles is about the northern limit for their outdoor culture.

GARDENIAS ARE FUSSY

Growing gardenias as potted plants, says Mr. Beattie, requires a great deal of attention and often ends in failure when they are grown in the average home or apartment where the air is usually too dry.

FREE CAPS WITH EACH PURCHASE—FREE BLOTTERS Westers' Quality Bakery

GARDENIAS ARE FUSSY

Concrete slabs made to order may be used like flagstone for stepping stones in garden, lawn, or back yard. They may be cast in place, says the Bureau of Agricultural Engineering, or in winter made in the basement and then set where wanted when freezing and thawing weather is over.

GARDENIAS ARE FUSSY

Those who cast in place, dig a hole of the desired shape, with vertical sides, put in a sand base, lay the concrete, and trowel it.

GARDENIAS ARE FUSSY

"Pardon, miss, but swimmin' is not allowed in this lake." "Well, why didn't you tell me before I undressed?" "Well, there ain't no law agin' undressin'."

GARDENIAS ARE FUSSY

Lack of Man Power Slows Down Exams

New Drivers' License Law Cannot Be Enforced At This Time

October 1 Date

Carmichael Says Regular Schedule Will Reach Every County Seat

Due to lack of man power, actual examination of applicants for Operator's and Chauffeur's Licenses will be delayed until after the first of October, it was announced here Saturday by Colonel H. H. Carmichael, Director of the Department of Public Safety.

Under the provisions of the amended Driver's License Law, the Director explained, all applicants for such licenses must be given an examination by the Department.

"However," Colonel Carmichael stated, "The Department will be unable to make these examinations, estimated at more than a quarter of a million annually until additional personnel is secured from graduates of the Highway Patrol Training School now in progress at Camp Mabey."

The administrative set-up for the examination of applicants and the issuance of licenses has been completed by the Department, Col. Carmichael said, and has been given the approval of the Public Safety Commission. Under the approved plan, the Driver's License Division of the Department, headed by Ralph L. Buell, will be assisted by assigned personnel of the Texas Highway Patrol in maintaining a regular examination schedule which will reach every county seat in the State at least once a week.

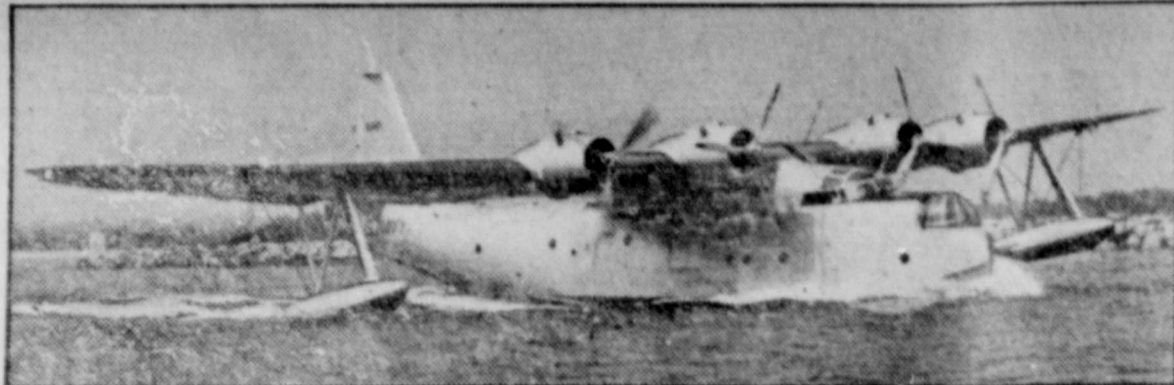

Permanent offices open every day in the week except Sunday.

Notice is hereby given, as required by law, that White Drug Company owned by W. U. White has made application with the Texas Liquor Control Board at Austin, Texas, for a pharmacist's medicinal permit.

Said pharmacist's medicinal store is located at 116 West California Street, City of Floydada, Floyd County, Texas.

This U. S. Navy Amphibian Is World's Largest Bomber

Designed for use by the United States Navy, the huge Sikorsky amphibian, above, is shown landing

on the water as it was tested for the first time near Stratford, Conn. The "flying dreadnaught," weighing 55,000 pounds and powered by four motors, is said to be the largest bomber in the world.

Sunday School Lesson

GOD CONDEMNS INTEMPERANCE

International Sunday School lesson for August 29, 1937.

Golden Text—Wine is a mocker, strong drink is raging; and whosoever is deceived thereby is not wise. Proverbs 20:1.

Lesson Text—Leviticus 10:1, 2, 8-11; Proverbs 31:4, 5; Isaiah 28:1-8; Romans 14:21.

And Nadab and Abihu, the sons of Aaron, took either of them his censor, and put fire therein, and put incense thereon, and offered strange fire before the LORD, which he commanded them not.

2 And there went out fire from the LORD, and devoured them, and they died before the LORD.

3 And the LORD spake unto Aaron, saying,

9 Do not drink wine nor strong drink, thou, nor thy sons with thee, when we go into the tabernacle of the congregation, lest ye die: it shall be a statute for ever throughout your generations:

10 And that ye may put difference between holy and unholy, and between unclean and clean;

11 And that ye may teach the children of Israel all the statutes which the LORD hath spoken unto them by the hand of Moses.

Prov. 31: 4, 5— It is not for kings, O Lemuel, it is not for kings to drink wine; nor for princes strong drink:

5 Lest they drink, and forget the law, and pervert the judgment of any of the afflicted.

Isa. 28: 1-8—

Woe to the crown of pride, to the drunkards of Ephraim, whose glorious beauty is a fading flower, which are on the head of the fat valley of them that are overcome with wine!

2 Behold, the LORD hath a mighty and strong one, which as a tempest of hail and a destroying storm, as a flood of mighty waters overflowing shall cast down to the earth with the hand.

3 The crown of pride, the drunkards of Ephraim, shall be trodden under feet.

4 And the glorious beauty, which is on the head of the fat valley, shall be a fading flower, and as the hasty fruit before the summer; which when he that looketh upon it seeth, while it is yet in his hand he eateth it up.

5 In that day shall the LORD of hosts be for a crown of glory, and for a diadem of beauty, unto the residue of his people.

6 And for a spirit of judgment to him that sitteth in judgment, and for strength to them that turn the battle to the gate.

7 But they also have erred through wine, and through strong drink are out of the way; the priest and the prophet have erred through strong drink, they are out of the way through strong drink; they err in vision, they stumble in judgment.

8 For all tables are full of vomit and filthiness, so that there is no place clean.

9 It is good neither to eat flesh, nor to drink wine, nor any thing whereby thy brother stumbleth, or is offended, or is made weak.

Time and Place—The events recorded in Leviticus took place while the Israelites were in encampment near Mt. Sinai. Ephraim is but another name for Samaria, the northern kingdom of Israel. The material for the book of Leviticus was given B. C. 1497. Proverbs was written B. C. 1000. The events recorded in Isaiah are placed B. C. 725.

Intemperance, a problem of long-standing, is the thought behind today's lesson, and the ancient teachings concerning it are just as much true today as they have ever been. The familiar verse in Proverbs is rendered in the American Standard Revised version of the Bible: "Wine is a mocker, strong drink a

brawler; and whosoever erreth thereby is not wise."

The teachings of the ancient world concerning intemperance are even more strongly enforced in our day because the more potent and dangerous distilled liquors were not known in the ancient world.

There is a discouraging aspect of this problem of intemperance when one realizes for how many generations wise and good teachings have been battling against it, offering counsel concerning the wisdom of leaving the wine cup alone.

All the testimony of experience, past and present, justifies the belief that nobody has ever suffered through total abstinence, while the experience of mankind, reaching its very climax in the life of today, reveals how terrible have been the sufferings and loss because men have turned from sane and safe and healthy habits to indulgence in strong drink.

At present in our American life the tide has turned against temperance and temperance teaching. It is not too much to say that. It is not merely that the tide has turned against prohibition and the teaching of total abstinence.

There is a widely prevalent notion that indulgence in liquor is somehow a good thing, and that liquor, instead of being a social curse, may be in some ways of social value.

One can already foresee the time when such notions will have their proper rebuke. The pendulum is bound to swing back toward better habits and better ways. Meanwhile it is important that in churches and church schools, the constant teaching of the Bible should be continued, especially the full verdict of experience against the use of strong drink.

No better material for a lesson could be found than in these words drawn from four books of the Bible, from Leviticus, from Proverbs, from Isaiah, and from Romans.

Perhaps the most intense and striking of these pages is that quoted from the 28th chapter of Isaiah. The words are colorful with intensity: "Woe to the crown of pride of the drunkards of Ephraim. The crown of pride of the drunkards of Ephraim shall be trodden under foot."

We have the picture of those who are reeling with wine and staggering with strong drink; of the priest and the prophet alike cursed as they have come under its sway. Is not that true of life? Strong drink has destroyed the strong along with the weak; the high and mighty have been thrown down from their high place by indulging in it.

When will humanity learn from its own experience and from its great and wise teachers?

"NOTICE OF INTENTION TO ISSUE ROAD & BRIDGE FUNDING BONDS"

Notice is hereby given that on the 18th day of September, 1937, the Commissioners' Court of Floyd County, Texas, will pass an order, authorizing the issuance of Road & Bridge Funding Bonds, of said County in the maximum amount of not exceeding SIXTEEN THOUSAND FOUR HUNDRED SIXTY (\$16,460) DOLLARS, bearing interest at a maximum rate not to exceed 5% per annum, maturing serially in such installments as shall be prescribed by the Commissioners' Court not more than twenty five years from date of said bonds, for the purpose of taking up, cancelling, funding and in lieu of a like amount of interest bearing time warrants, as follows:

Floyd County Road & Bridge Warrants, bearing 5% interest, dated June 14th, 1937, maturing \$300.00 on April 15th, 1938, \$1,000.00 on April 15th, 1939, \$500.00 on April 15th, 1940, \$1,500.00 each on April 15th, 1941 and 1942, and \$2,000.00 on April 15, 1943, and \$6,800.00 Floyd County Road & Bridge Warrants, bearing 6% interest, dated August 14th, 1937, maturing \$1,600.00 on Feb. 15, 1944, \$2,000.00 on Feb.

15th in each of the years from 1945 to 1948, inclusive \$9,660.00

Total, \$16,460.00 (A more complete description of said indebtedness to be refunded is on file in the office of the County Clerk of Floyd County)

This Notice is given in accordance with the provisions of Chapter 163, Acts of the Regular Session of the Forty-Second Legislature.

EXECUTED by order of the Commissioners' Court, passed on the 14th day of August, 1937.

TOM W. DEEN, County Judge, Floyd County, Texas.

Mr. and Mrs. Fred Battey and daughters, Vida and Zella, returned last week from a trip down-state, including on their journey the Pan American Exposition. They also visited in Hillsboro, Galveston and Austin.

Mrs. Joe Carlton and son and Mrs. Grace Vosburg returned to their home at Hobbs, New Mexico, Monday morning after a visit here with their mother, Mrs. A. E. Shelton and family.

WHEN FOUR WOMEN AGREE on one thing, that's news.

They all agree that electric cookery is clean . . . modern . . . fast . . . and economical. But, quite naturally, they disagree as to who can broil the best steak . . . who can bake the best cake . . . and so on . . .

At this point, we very obligingly take leave and ask you to see for yourself the new Electromaster and Westinghouse models on display at the

Texas - New Mexico Utilities Company

Come to Our Free Cooking School Demonstration

—And—

To be held by BALL BROTHERS COMPANY'S special representative

Miss Eugenia French Monday & Tuesday

AUGUST 30th and 31st

You are cordially invited to attend one and all of these classes showing meal preparation and canning in the Pressure Cooker.

2:30 P. M.

Kirk & Sons

Floydada, Texas

Cooker And Canning Demonstration Monday And Tuesday At Kirk's

Ball Bros. Sending Miss Eugenia French to Show Floyd County Women Modern Approved Methods

Times do change not the less in cookery and canning than in other arts.

To determine the modern methods of canning in particular and pressure cookery in general, Kirk & Sons have arranged with Ball Brothers, makers of preserving containers, for a demonstration on Monday and Tuesday of next week beginning at 2:30 o'clock each afternoon. Announcement of the plan for the demonstration was made this week.

Miss Eugenia French, it is stated, will handle the demonstrations. Speaking of her work Miss Ethel S. Humphrey, of the Ball Brothers Company Dallas office writes Kirk & Sons, "We are very sure you will like Miss French very much and be pleased with her work. She is showing meal preparation and canning in the cookers, which is very instructive."

How this work may be done and save a lot of time and fuel in everyday cookery as well as in canning operations will be the major feature of Miss French's instructive demonstrations for the housewives of the area.

FARM BUREAU PRESIDENT WILL TALK ON FARM PRO.

Edd O'Neal, president of the American Farm Bureau, is scheduled to make three talks in Texas within the next few weeks, one of which will be in Lubbock on Friday, September 3.

He will talk about the 1938 Farm problems, program and the present situation in Congress.

County Agent Bredthauer is anxious that as many farmers as possible take advantage of this opportunity to hear Mr. O'Neal. It is not known the exact time for this meeting but it will be announced next week.

Mrs. Mollie Morton returned last week-end from Mineral Wells where she had been for several days taking the baths and resting.

Mr. and Mrs. J. A. Bagwell, of Dimmitt, were here the latter part of last week for a short time, visiting in the home of Mrs. T. L. Brown at Blanco.

Mt. Blanco News

Mr. and Mrs. W. A. Latta returned this week from a tour of south Texas. Bob McKinney who accompanied them returned also.

Mr. and Mrs. W. H. Scoggins visited relatives in Amarillo and Claude Thursday and Friday of last week. Their sons Paul and Merle who had been in Claude most of the summer returned home with them.

Heavy rain fell at Mt. Blanco intermittently thru Friday night, Saturday and Sunday, with clouds hanging low while this correspondence is being written.

Due to the muddy roads church services were not held at Mt. Blanco Sunday.

J. A. Hodges and family returned last week from an extended tour of South Texas. Corpus Christi, Houston, Galveston, Palestine and San Antonio were points visited. The family returned by way of Dallas where they visited the Pan American Exposition.

W. H. Scoggins went to Lorenzo Monday to take up his duties as principal of the Lorenzo High School which opened on August 23. His family will join him later.

The trustees and patrons of the Mt. Blanco school erected a new room on the teacherage last week.

Superintendent Nowlin received notification recently that the Mt. Blanco school had attained standardization the past year with the State Department of Education at Austin, Texas.

William Powell and family attended church in Crosbyton Sunday.

The J. H. Watson family and the L. M. Powell family had as week end guests the following relatives: Mr. and Mrs. E. W. Watson and Mr. and Mrs. Noble Staats of Henrietta, Texas, also Mr. and Mrs. L. W. Parker and daughter of Lubbock.

Miss Estelle Hartsell left for Plainview Monday to resume her course at Lippert's Business College.

Miss Hartsell has been visiting her parents, Mr. and Mrs. J. A. Hartsell between terms.

Mr. and Mrs. Con McClure and daughters, Rachel and Connie, visited in Abilene last week.

Mrs. T. R. Elder and Mrs. Johnny Largent and Billy Clarence spent Tuesday with Mrs. Bill Keith in the Wake community.

Mrs. M. P. Funk of Duncan, Oklahoma visited her sister, Mrs. S. G. Appling last week.

Miss Martha Lou McClure returned home from Canyon this week where she has been attending school at the West Texas State Teachers College.

Mr. and Mrs. Frank Norman of Amarillo are visiting her parents.

Remarkable I. Q.

Possessing a 5400-word vocabulary, Barbara Sherley, 5, above, of Seattle, Wash. was revealed to have an intelligence quotient of 170—one of the highest ever recorded for a child—when she took an intelligence test at the University of Washington recently. Barbara can repeat six digits from memory, or a 13-word sentence, after it has been read to her only once.

Sand Hill News

Mr. and Mrs. Con McClure this week.

Mrs. S. G. Appling had as luncheon guests on Thursday, Mrs. O. M. Watson and son of Floydada, and Miss Joy Gilly of Fort Worth.

Luncheon guests at the home of Mr. and Mrs. T. R. Elder Monday included M. J. Mosley and Eugene Brown.

W. A. Latta returned this week from a trip to Waco where he went for medical treatment under Dr. Maxfield. Mrs. Latta accompanied him on to Austin and San Antonio.

Miss Georgia Mae Smith is visiting her parents, Mr. and Mrs. Geo. Smith at this time. She leaves this week for her new position in Annapolis, Maryland.

Other guests in the Geo. Smith home included Mrs. Henry Hollis of Slaton and Mrs. K. J. Matthews.

Lakeview News

Mrs. Maud Burrus returned this week from a two week's vacation trip in Colorado. She visited her sister, Mrs. Q. L. Olive, in Colorado Springs, and made other trips to Denver and vicinity.

James Wester, of Sulphur Springs who had been vacationing here with his brother, Francis, for two weeks, left Monday for his home.

Wichita Falls Polo Team Plays Plainview Here Saturday, Sunday

Three-Year Undefeated Southwest Champions Against Plains' Fastest Malleters on Local Grounds

Wichita Falls and Plainview polo teams will play in Floydada Saturday and Sunday afternoons. Marvin Shurbet of the Plainview team and the Floydada Fire Department announced Tuesday.

Floyd County people who like to see good horses ridden by men who know how to handle them in a fast-moving game like polo will have the opportunity of doing so on the above dates, for two teams with unusually good records will be pitted against each other.

The Wichita Falls team are the undefeated champions of the southwest, having held the polo cup in inter-city play over two states for the past three years. Their team is composed of Horace Robbins, Ernest Cooper, C. H. Fotherston, Luther Weeks and Billy Skidmore. Robbins accepted for the Wichita Falls team the challenge to come to Floydada.

The Plainview poloists have had the unusual record of eleven wins and no defeats against plains teams this season. They have taken a game each from Lamesa and Tulla, three from Clovis, three from Lockney and three from Lubbock. Lloyd Phillips, Bob Crshaw, Marvin Shurbet, Vernon Bradley and Jack Cooper will be in their line-up here, when they expect to make the Wichita Falls poloists work hard for their customary win.

The Saturday game will be played beginning at 3:30 o'clock and Sunday afternoon's game is scheduled for 4 o'clock, the fire boys said.

Sand Hill News

School Term Begins The 1937-38 term of school opened here Monday morning with County Superintendent Walter Travis making the principal address of the opening exercise.

Teachers for the ensuing year include the following: Clarence Guffee, principal, Mrs. Richardson, Mrs. Rex Wishard and Mrs. Walter Travis.

Rains Benefit Crops Farmers of this locality are rejoicing over the nice rains that fell during this past week-end. A total of about four or five inches of moisture fell here.

Mrs. Cates Improving Mrs. J. C. Cates, who has been a patient in a Lubbock hospital for the past three weeks was brought home here last week. Her condition is steadily improving, according to reports received this mid-week.

D. B. Roberts is a patient in the hospital at Plainview, where he underwent an operation for ulcerated stomach about ten days ago. He is reported as on the road to recovery, although not completely out of danger.

Locals Miss Maxine Ross of Floydada spent the week-end here with her aunt and uncle, Mr. and Mrs. Clarence Guffee.

Mr. and Mrs. Bud Thompson of near Petersburg spent the week-end here with Mrs. Thompson's mother Mrs. Beatrice Duncan.

Mr. and Mrs. W. M. Jeter and children, and Miss Laura Weems, returned Sunday from a short vacation trip to Leflore and Pampa.

Euel Harris, Hiram and Otis Brook of Oakland, California spent the week-end here with relatives.

Mr. and Mrs. Wiley Bollman of Whittier, California are the guests this week of Mr. Bollman's parents Mr. and Mrs. Chas. Bollman of Barwise.

Mr. and Mrs. E. L. Norman and family left last week for an extended trip through Texas, including stops at Big Spring, Abilene, and a visit to the Pan-American Exposition at Dallas. They plan to return this week-end.

Will Durham and daughter, Rosemary, of Sterling City were guests last week of Mr. and Mrs. Edd Bond. Durham is the cousin of Bond. Wilson Bond returned to Sterling City with the visitors.

Mrs. Mollie Reese, Miss Fannie Mae Reese and Miss Fannie Hall, of Omaha, visited the Shoe-Bar Ranch near Turkey Friday. They were entertained with a chuck-wagon supper. Afterwards they visited Mrs. Reese' son, returning home Saturday.

Mr. and Mrs. Cecil Gray and children, of Magdalena, New Mexico, and Miss Gertrude Davis of Clovis, New Mexico spent Sunday with their parents, Mr. and Mrs. L. J. Davis.

Miss Virginia Stovall visited early this week with her parents, Mr. and Mrs. E. F. Stovall. She is working and attending school in Lubbock this summer.

Mrs. Andrews will resume her teaching in SPEECH ARTS and other branches of Expression at her home studio September 6

For additional information call at Studio or Ring 52.

Sterley News

Church attendance was very slim Sunday because of inclement weather. We received about one inch of rainfall this being the first general rain since planting time.

Grandma Woody Dies This community was made sad by the sudden death of Grandma Woody 75, who died Sunday.

She is survived by four children all of whom were present at the time of her death.

Funeral services were conducted Monday afternoon at the Methodist Church at Lockney. Rev. Williams, pastor of the Methodist Church at Plainview had charge of the services.

Palbearers were Wesley Jones, Bob Reeves, Bert Bobbitt, Elmer Mosley, M. O. Davis and Cye Davis.

Flower attendants were Vera Nell Stovall, Vera Clinton, Sallie Myrtle Bobbitt, Loree Bybee and Juanita Reeves.

Interment was made in the Lockney cemetery with the Cramer Undertaking establishment in charge.

A number from here plan to attend the revival meeting in progress at Lockney this week.

G. A. McAda, F. S. Byars, Delbert Bybee and Mr. McAda held the election here Monday.

School Opening School will start here Monday, August 30, Wesley Jones is the principal. Miss Margaret Stewart, the intermediate teacher and Miss Ida Crouch the primary teacher.

Mr. and Mrs. E. M. Whorton of Lockney and Mrs. C. H. Brown of South Plains attended church here last week and were dinner guests of Mr. and Mrs. S. F. Byars.

Mr. and Mrs. Bert Bobbitt visited their son Mr. and Mrs. Bill Bobbitt at Sudan last Sunday.

Mrs. G. A. McAda, is visiting relatives at Breckenridge this week.

Mr. and Mrs. Paul Howard and family have moved to Childress.

Mrs. Thompson has returned from Terrell where she has been visiting.

Miss Mae Pinner of Levelland is visiting her sister Mrs. Jewell Rexrode and family and brother Fae Pinner and family this week.

Mr. and Mrs. Roy Tinsley are visiting relatives in Fort Worth this week.

CARD OF THANKS

We wish to thank all those who by words of kindness and floral offerings made easier to bear the illness and death of our son and brother.

We pray God's richest blessings upon you.

Mrs. E. B. Rucker, Miss Bettie Louise Rucker, Mr. and Mrs. W. E. Rucker and family.

Mr. and Mrs. Russell Rucker and family, Mr. and Mrs. Nolan Rucker and family.

Glover Husky left this week for Washington, Oklahoma and Oklahoma City, where he will visit an aunt Mrs. Hattie Husky and family.

Little James and Jerry Inman of Crosbyton, were guests in the home of Mr. and Mrs. J. H. Poore and family last week end.

Mr. and Mrs. L. L. Stevens of Vega spent Saturday night with her mother Mrs. J. R. Terry and family. Mrs. Stevens will remain for a weeks visit and her brother Harold accompanied Mr. Stevens home.

Mr. and Mrs. G. L. Kirk attended the funeral services Sunday in Plainview of R. M. Ritchey of Petersburg. Services were conducted at the First Methodist Church.

R. W. Neil, of Hillsboro, Texas, is here on a visit with his brother, C. E. Neil, and family, having arrived Friday of last week.

News Review Of The Week

Tuesday, August 17
WASHINGTON — Members of the House of Representatives from the drouth section of the Southwest, led by Representative Marvin Jones of Amarillo late today won an important victory in the fight to conquer the wind erosion which has made a dust bowl of a large section of the area. They secured approval of a \$10,000,000 "dust bowl fund."

WASHINGTON — The Senate confirmed the Supreme Court nomination of Senator Hugo L. Black of Alabama late today by the vote of 63 to 16. Republicans and opponents of the Black nomination sought to present proof that Black had been a member of the Ku Klux Klan.

WASHINGTON — President Roosevelt told a press conference today that he was in full accord with the American troop reinforcements for China, announced earlier by the state department, but could add nothing to Secretary Hull's statement. The United States had ordered 1,200 marines to sail to Shanghai from San Diego.

AUSTIN — Governor James V. Allred said today the tax raising special session of the legislature probably would start around September 22.

WASHINGTON — The House showed the low cost housing bill through passage with a 274 to 86 roll call vote. Approval of the measure to set up a \$526,000,000 program of Federal aid to state and municipal low-cost housing project cleared away a major barrier to adjustment.

WASHINGTON — This session of congress—one of the longest in recent years—will cost about \$12,000,000 or \$50,000 per day. That does not include about \$6,000,000 for miscellaneous items.

SHANGHAI — Japanese fighters blasted against overwhelming numbers of China's strongest troops on both sides of the Whangpoo River. Japanese land forces were reported yielding ground steadily to a Chinese army that outnumbered them four to one.

CHICAGO — Choice cattle sold at \$13 per hundred weight in the livestock market for the first time since September, 1928. The top price was paid for a load of grain finished

steers averaging 1,225 pounds per head.
Thursday, August 19
WASHINGTON — Appropriation of \$10,000,000 for starting a federal sub marginal land acquisition program immediately was assured late today when the Senate Appropriations Committee retained the 20 million dollar farm tenant fund added to the third deficiency appropriations measure by the House.

HEMDAYE — Italy's black arrow division, fighting for Spanish insurgency, pushed through Biscayan hill lands toward the coast and Santander under the improving eyes of Generalissimo Francisco Franco.

Battle Blazes in East
SHANGHAI — Japanese marines fought tenaciously in Shanghai's eastern district to keep from being swept into the Whangpoo River by the most impressive Chinese drive of the battle for Shanghai. The Chinese are estimated to have 100,000 men in and around Shanghai.

MOSCOW — Japanese Ambassador Mamoru Shigenitsu was accused by Pravda, official Communist party newspaper, of abusing his diplomatic rank by spreading secret anti-Communist propaganda in the Soviet capital.

Friday, August 20
WASHINGTON — Congress coasted comfortably along toward adjournment with just a few more issues to be settled before the legislators say a willing farewell to the steamy heat of a Washington summer and the even more torrid controversies of the past session.

AUSTIN — The State Board of Education reconsidered the state school apportionment and again set the amount at \$22 per scholastic. The vote was unanimous. An injunction against its certification pending in Dallas will be dismissed, it was announced.

Yank Killed By Shell
SHANGHAI — The savage battle for Shanghai claimed another American life the fourth, tonight in the explosion of an anti-aircraft shell on the deck of the cruiser Augusta, 18 others were wounded.

Saturday, August 21
WASHINGTON — Congress adjourned tonight, embroiled to the last in a spectacular warfare between fighting factions of the Democratic party. After eight months of furious wrangling, the legislators turned homeward.

CUERO — The grasshopper scourge that hit this section is expected to provide bigger and cheaper turkeys for Texans and the Thanksgiving market. The hoppers provide an abundant supply of the

Dog Is A Veteran Surf Board Rider

It isn't every dog that can ride a fast-moving surf board with the cool nonchalance of Rex, above, German shepherd partner of pretty Arnett Webster of Waycross, Ga. The sea-going canine, shown skin-

ning over the water at Atlantic City, jumps from a speedboat and mounts the board with the greatest of ease—with far more in fact than a lot of two-legged aquaplane enthusiasts.

Large Number Farmers Plan To Be At Field Day, Lubbock, Friday

Tomorrow, Friday, is field day at the Lubbock Experiment Station, and Floyd County farmers in considerable numbers are planning to take their lunches and attend, according to information the county agent's office and Vocational Agriculture teacher W. A. King have given.

Two Autos And Truck Figure In Accident

Two automobiles and a truck figured in a three-day accident on the highway four and a half miles this side of Lockney about 8:30 Friday night, when only one person was slightly injured and two cars were damaged considerably.

Harmony News

The good rain has come at last, for which we are very proud. E. B. Gary made a business trip to Dallas last Wednesday, returning home Saturday. He reported it had rained all the way to Dallas. J. S. Hale went for the girls of this community that were at camp at Ceta Canyon. They returned last Friday.

Foreign Admirals Protest

SHANGHAI — American, French, British, and Italian naval commanders joined in a protest to the Japanese navy against its operations dangerously close to neutral flotillas in Shanghai Harbor.

Football News In Other Camps

By Bill Harris
The exchanges bring news from many football camps but none is more interesting than that from the Whirlwinds forthcoming opponents. The opening date has been set for September 6 and exactly four days later the Whirlwinds will tangle with Crowell on Wester Field.

Paducah Set
Paducah High School lost Coach R. W. Spearman, who went to Victoria to continue his chosen vocation. This week it was announced that Presley Wright, who for the past four years has been assistant coach at the Childress High School, had been chosen to fill the vacancy. Addran D. Richardson will be assistant coach under Wright.

Sixteen players reported for practice last Wednesday under Coach Wright. They were issued suits and told that practice would be held twice daily. An invitation was issued to all football aspirants to report as soon as possible.

The 1937 Dragon line-up will be built around a nucleus of several lettermen from last year. The Dragon line is expected to average well over six feet in height and weigh a little over 170 pounds. The backfield will average 160 to 165 pounds. The team will be built around Edwin Irons, all-district center from last year and co-captain. It is said.

Plainview Plans Changed
The Plainview Bulldogs had to change their plans for football training camp. Instead of going to Kerrville for the encampment the Bulldogs will train in Ceta Canyon for some two weeks.

Head Coach J. V. Hilliard, last year Kerrville coach, has announced that some thirty candidates and Coaches Pool and Vannoy and himself will go to Ceta Canyon Monday morning in automobiles.

The Whirlwinds meet Plainview Sept. 24 and Paducah November 5. Next week will bring a review of Station and Estelle, we hope.

Former Jack Residents In Re-Union Tomorrow

Former Jack County residents will get together in an all day gathering tomorrow at the McKenzie State Park in Lubbock, according to word received by Judge J. W. Howard from Mrs. J. K. Wester, secretary of the organization. Mrs. Wester announces an all day meeting with a basket luncheon.

Mrs. C. E. Billingsley of Plainview and Mrs. R. C. McClung and daughter of Oklahoma City are visiting this week in the home of their sister, Mrs. L. J. Davis.

Mr. and Mrs. W. H. Stroud of Canyon spent Sunday evening with Mr. and Mrs. Dennis Murphy. Mr. Stroud is a brother of Mrs. Murphy.

Big Peaches And Big Peach Stories Are In Order Now

That delightful time of the year has arrived when big peaches and big peach stories are in order.

First under the wire a few days ago were J. H. Shurbet with a cluster of peaches all on one little sprig, fourteen in number, and now comes J. E. Horton who has a little tree that is loaded down with peaches so big to be almost, but not quite, untrue. And Judge L. G. Mathews, who always raises so much fruit and vegetables on his little garden plot and backyard that he has more than enough for the family, has finished gathering Chinese Clings and other varieties so big they would barely go into a big-mouthed jar. "Several bushel" the Judge describes his crop.

To go along with the big peach stories, it might be noted that the art of raising all varieties of grapes in back-yard vineyards has not been lost in Floyd County, either. S. W. Ross is a successful grape raiser and always has a very nice crop of apples and pears. He believes in spraying and always knows when the right time in the spring has come for spraying. Commissioner E. R. Harris, of Pleasant Valley, is a good grape raiser, too, and a big bunch has been on display at The Hesperian office from his farm. Most of these excellent samples that come in rarely get past a twenty-four hour showing in the windows, however.

Mr. and Mrs. C. S. Price and daughters returned home Friday from a vacation trip to Pueblo Colorado.
