## Gins Begin 4-hour Runs This Week

Hurt Because of Wet  
And Green Cotton  
Being Ginned  
6,500 Bales

South Plains Needs Pickers:  
Demand Nearly Filled  
Elsewhere

6,500 BALES  
Floyd County has 6,500 bales of cotton already harvested according to the ginners' estimate Wednesday afternoon. The gins over the county have been running day and night all this week to handle the rush.

Cotton is being brought to the gins in every type of conveyance ranging from the wagon, to the latest model truck. By far the greater amount is hauled in with trailers, however.

The gin yards have changed a great deal in the last few years. Not long ago the teams stood hooked to the wagons through a night's or two's wait but now the cotton comes in a trailer and the owner calmly looks and goes about his business, the "away down the line" until figures that it is about time for him to roll under the "suction." No more do the teams stand in the rain and cold.

Cotton Being Ginned Wet  
A number of the ginners are complaining that the farmers are bringing their cotton to the gin before it is properly dried. The Lockney gin reported that at least 55 per cent of the cotton being ginned there is either wet or green. At Doughty the ginners said that 90 per cent of the farmers there were bringing green or wet cotton for ginning. In all cases the ginners said that a great deal of green and wet cotton is showing up.

Cotton that is wet or green will gin out a good grade and in some cases is refused a loan because of that condition. The staple is not so great a deal of trouble but the grade is halting considerable (See Cotton Harvest, back page)

W. E. Morckel, Craigmont, Idaho, best farmer, is a visitor in Floyd County this week, he and his wife being the guests of his nephew, Harry Morckel and Mrs. Morckel. Leaving his home several days ago the Idaho man is making a leisurely trip to Florida, where he plans to spend the winter, meanwhile seeing the southwest country enroute.

Announce Birth of Daughter  
Mr. and Mrs. H. Dumas, of Houston, have announced the birth of a daughter on Thursday, October 21. The baby has been named Hunele Dumas. The former Wynette Dumas, daughter of Mrs. Lillie Britton of this city.

Holbrook Finishes  
The Inspection of  
Floyd Co. Schools

Deputy State Superintendent G. D. Holbrook and County Superintendent Walter Travis completed the inspection of the rural schools Wednesday afternoon. Holbrook began his rounds of the schools Monday morning, taking up first the wet weather and muddy roads forced him to quit some two weeks before.

The Rotary Club were hosts to Holbrook at the luncheon Wednesday and he told the Rotarians that he greatly appreciated the fine work of the trustees and teachers of the county and the interest they had taken in the education of the boys and girls in the county. He could not spend his after-noon meeting the schools in the county this week but all of the work was done in the mornings.

## Cotton In Government Loan Not To Get Subsidy Until All Obligations Are Paid

New Santa Fe Man  
Owner Must Pay Credit Corporation, Sell In Regular Trade Channels

New Special Representative of the Public Relations Department of the Santa Fe Railway in the Amarillo Territory is L. J. Cassell, formerly with the Department in San Francisco, and Ex-Newspaper Man. He succeeds C. W. Lane who goes to Topeka as Assistant Manager of the Company's Agricultural Development Department.

Owner Must Pay Credit Corporation, Sell In Regular Trade Channels

"Although we are not informed concerning the producer's authority, if any, to force the sale of his cotton after it has been entered in the Government Loan, we have been definitely advised that such cotton will not be eligible for the Cotton Price Adjustment Payment unless it is sold in the channels of trade prior to July 1, 1938," County Agent D. P. Bredthauer said this week.

Continuing the discussion of a much misunderstood financing and subsidy arrangement, Mr. Bredthauer said: "The official announcement of the CAP Program by the Secretary of Agriculture, as set forth in CAP-100, stated that a producer would receive payment on 65 per cent of his base cotton production which was or could have been established under the 1937 Agricultural Conservation Program. The Washington Office now advises that a producer will be eligible to receive a cotton price adjustment payment in respect to cotton produced on a farm which is planted to cotton for the first time in 1937. The method of determining the cotton base production for such a farm has not been definitely worked out, but will be outlined to the county offices as soon as it is received.

"We have been advised that a landlord and his tenant who operate on a share basis may execute the 1937 cotton loan forms jointly. A cash tenant or a standing or fixed-rent tenant and his landlord cannot execute the loan forms jointly. The landlord of a standing or fixed-rent tenant may borrow on the cotton received by him as rent, provided that such cotton was produced by the tenant, the landlord not being eligible to make a loan with respect to cotton purchased by the tenant and paid to the landlord in satisfaction of the rent. The landlord of a cash tenant may not receive a loan on the basis of cotton received by him in lieu of the cash rent.

Eligibility Outlined  
"A producer may not order the Commodity Credit Corporation to sell his cotton which is under a 1937 cotton loan, but he may at any time pay the note, interest, and other charges incident thereto, and sell his cotton. If cotton which has been (See Govt Loans, back page)

## Q A & P Officials Re-Elected; View Territory Tuesday

Cotton and Cottonseed Ex-  
pected to Furnish Grati-  
fying Fall Tonnage

Following their annual stockholders' meeting Tuesday morning in Quanah, officials and directors of the Quanah, Acme & Pacific Railway Company spent the day visiting cities and towns on their lines and seeing the territory served by the line between Floydada and Quanah.

In the party with Mr. Sommer were A. F. Sommer, of Quanah, vice-president and general manager of the line, Roy Bridge, secretary, A. P. Pierce and Spencer Marrow, of Quanah, Judge G. E. Hamilton, of Matador, and P. R. Markham, of Sherman, assistant treasurer.

All officers and directors who served the company last year were re-named to their places for the ensuing fiscal period.

## Floyd County Resident Buried At Plainview

Funeral services for Mrs. Frank Jones were held Sunday at the Prairie Chapel Church of Christ. She died at her home there Saturday night following a long illness.

Mr. Stovall is survived by his wife, and son, Richard F. Stovall, five daughters, Mrs. J. P. Williams of Roswell, Mrs. Marvin Gilbert of Plainview, Mrs. H. Chesley Sullivan of Dallas, Miss Virginia Stovall, who is attending school at Texas Tech, and Miss Dorothy Dell Stovall of Floydada. Two daughters are deceased.

## HOLBROOK SPEAKS TO ROTARIANS WEDNESDAY

Deputy State Superintendent G. D. Holbrook was a guest of the Rotary Club Wednesday. He complimented the members on the fine interest shown in this county on education of the boys and girls.

MARRIAGE LICENSES  
Marriage licenses were issued Friday by County Clerk, A. B. Clark to Luther E. Peterson and Miss Lorraine Edmonson.

## Well Waits Installation Pump Plant

Sims Test East of Town Cal-  
led Good by Machinery  
Men, Owner

Good Water Sands  
Development of Well And In-  
stallation May Require  
Several Days

The test for irrigation water in paying quantities on the W. C. Sims farm two miles east of Floydada has been declared a successful venture and the owner of the land and the machinery men now are awaiting the arrival of proper pumping plant for installation to develop the well and put it to work as an irrigation plant.

During midsummer and late fall several discouraging elements entered into the situation, the well developing very slowly and at considerable cost to the promoters, including power plant operators and local business men. The well, when completed, will have the deepest pump setting of any well in the section, it seems probable, but represents, in the opinion of experienced irrigationists, a thoroughly feasible project.

O. M. Watson, president of Floydada Chamber of Commerce and chairman of the test well committee working with Mr. Sims, this week expressed gratification at the successful outcome of the undertaking. "Naturally, we are much pleased for Mr. Sims' sake and for that of the community at large," Mr. Watson said. "In addition to giving Mr. Sims the benefit of irrigation for the fertile acres on his farm, the success of the venture also proves up the possibilities for many of his neighbors, making a very considerable extension to the area subject to irrigation."

A new type pump will be installed in the well. It was indicated by Mr. Sims that cleaning out the well and installing the machinery might require two weeks or longer, weather conditions and possible delays of other kind governing principally.

## School Head Plans Visit During Week

President Hill and Wife of W.  
T. S. T. C., to be Honor  
Guests

Program Planned  
Prominent Educator to Have  
Three Full Days During  
Stay Here

President J. A. Hill, of West Texas State Teachers College, Canyon, with Mrs. Hill and Miss Annie I. Hibbets, prominent member of the school faculty there, will spend three days of next week in Floyd County. Teachers and school people of the section, much pleased at the prospect of entertaining the party, are planning a full program for them when they get here.

Monday Dr. and Mrs. Hill and Miss Tibbets will be guests of ex-students of W. T. S. T. C. at Lockney, where J. W. Jones, superintendent of Lockney Schools and other exes have arrangements in charge, and beginning Tuesday Dr. Hill's rounds will bring the party to Floydada. The program here includes a plan to culminate their visit with a gathering of West Texas exes Wednesday night at Andrews Ward Gym, where music and fun and a get-together with a minimum of speeches will feature a "chill supper." ## Health Survey Shows Large Per-Cent School Population Not Registered, Immunized

District Health Nurse Gives  
Summary For Floyd  
County

Interesting facts concerning the records of births in Floyd County, and the extent to which immunization against communicable diseases of children has been established is indicated in a report from Miss Nora Edna Carlton, district health nurse, whose work in this county was completed last week. In her report she gives the following statistical information, coupled with suggestions to parents:

"On completing the survey of Floyd County school children between the first and eighth grades, we found that only 77.47% had birth registration. The per cent of the same grades that have been immunized for certain communicable diseases is as follows:  
"Smallpox, 15 per cent; diphtheria, 25 per cent; typhoid, 5 per cent; whooping cough, 22 per cent.  
"As a result, there remains in Floyd County: 46.21% susceptible to measles; 58.12% susceptible to scarlet fever; 55.98% susceptible to smallpox; 42.84% susceptible to whooping cough.  
"The value of a birth certificate:  
"1. To establish record of parentage, race, legitimacy and the right to inheritance.  
"2. To establish proof of age in connection with school attendance, work, voting, military service, public office, marriage.  
"3. To establish proof of citizenship, passports, right to hold office, to receive public benefits, to vote.  
"If your child is not one of the 77.47% of the county who have their births registered, now is the time to get a birth certificate for him or her."

## Good Roads Head

Datus E. Proper, above, has been named executive manager of the Texas Good Roads Association, succeeding Col. Ike Ashburn, to assume his duties in November. Proper is an engineer. The principal objective of the organization is the preservation of revenues collected from the motoring public for highway construction and maintenance.

## District Meeting Of City Carriers On Saturday Night

Letter Carriers of Seven  
Cities to Banquet, Choose  
Officers, Here

The quarterly meeting of the South Plains District, National Letter Carriers Association, comprising membership in seven cities of the area, will be held on Saturday evening in Floydada. It was announced this week by Lorin Leibfried, president.

Plainview, Lubbock, Slaton, Lamesa, Snyder, El Paso and Floydada post offices are expected to have representatives at the meeting. Mr. Leibfried said, the meeting being important, among other things, on account of the fact that officials for the ensuing year are to be chosen. The program will be given in the basement of the M. E. Church, preceded by a business meeting. Sandwiches and coffee will be served. Among officials expected for the session is J. F. Wilmuth, of Plainview, a member of the executive committee of the State Letter Carriers' Association. Otis McLain, of Plainview, is secretary of the association.

## BAGS BIG COYOTE

Bill Daniels, 16-year-old son of Mr. and Mrs. W. F. Daniels of Blanco, bagged one of the biggest coyotes recently seen here, when with a neighbor boy, Lloyd Stewart, he ran down and killed one in the drives, maneuvering to keep behind the animal and crowd him until he was tired down. Then a lick or two with the front wheels of the car did the job.

MRS. ARMSTRONG INJURED  
Mrs. N. A. Armstrong received a badly sprained hip last week when a rug slipped causing her to fall. She was confined to her bed for several days but is able to be about on crutches this week.

## Season Ticket Holders Will Get Reserved Seats

Due to the change made in the football schedule, bringing Flomot here instead of playing there, the following information is passed along to those who bought season tickets for the Whirlwind's games. Important to season ticket holders at Wester Field this season is that fact that the game Friday afternoon is not covered by their season tickets, which are not good for admission to the game. The game was scheduled to be played in Floydada after season tickets were sold. Attention to this fact is called by A. D. Cummings, superintendent of Floydada Schools and president of the Athletic Council of F. H. S. "However, although season ticket holders will have to pay admission the same as any others, we have made plans to reserve seats for those who hold season tickets. In other word season ticket holders will find their seats waiting for them when they get to the grandstand."

## Mahon Talks To Cotton Committee

Meets With Floyd County  
Agriculture Committee  
Friday Morning

New Loan Asked  
Guest of Lockney Rotary Club  
Friday; Speaks At  
High School

The highlights of Congressman George Mahon's visit to Floyd County Friday was his meeting with the Floyd County Agriculture Committee. He arrived in the county Thursday afternoon, spending the night with Mayor and Mrs. Glad Snodgrass.

The Lockney Rotary Club had Mr. Mahon as a guest for luncheon Friday after which he returned to Floydada and spoke to the students of the Floydada High School Friday afternoon.

Congressman Mahon met with the Floyd County Agriculture Committee and County Agent D. F. Bredthauer Friday morning to discuss the cotton situation on the South Plains and in Floyd County. The committee composed of R. M. Battey, Oscar Allen and A. A. Tubbs told the congressman that approximately 30 per cent of the cotton in the county was being graded as strict low spot and low middling spot and were not eligible for any of the loans set up by the Commodity Credit Corporation. The committee explained that the staple was adequate but that the grade prevented obtaining the loan. They also told Mahon that if the cotton were picked it would help the grade, but that it was almost impossible to pick cotton in this county because almost 90 per cent of the cotton bales would leave rather than pick cotton.

Cotton Graders Disagree  
Congressman Mahon was told that cotton graders at Austin were giving a higher grade to cotton samples than the graders at the compresses and warehouses. Samples of cotton graded at a compress were sent to Austin for classification and they returned their classification as a grade higher than that received at this particular warehouse. ## 4-County Singing At Sand Hill, Fifth Sunday In October

The Sand Hill community will be the host community to the 4-County Singing Convention at an all day meet on Sunday, October 31. The four counties taking part are Floyd, Hall, Briscoe and Motley.

Singers from all over West Texas are expected to be present at this meeting. Among the noted singers are Mr. and Mrs. Wilbur Wilson, song writer and teacher and some of the Stamps-Baxter force from Dallas.

## Highway 207 Work Moves Northward At A Good Pace

According to the latest reports work on Highway 207 is progressing at a fairly rapid pace. Work south of the canyon has been generally completed except for the topping that must yet be added. The bed has been reshaped and rolled.

The workmen have advanced about one mile north of the canyon according to information received and will continue their northward advance at a steady rate if the weather continues as it has this week.

The equipment necessary to begin the topping may arrive this week end. If it does the topping will start on the south end immediately it is believed. Just when the highway will be finished is not known. There is no WPA work available at this time and none in prospect therefore the work is certain to be slower than otherwise. So far as is known no work order has been released on the Silverton-Floydada highway north. A sharp lookout has been kept for paving contracts on that highway paving job but no releases are available at this time.

SEVEN MORE MILES NEEDED

Floydada has seven miles, about, of paved streets. In the past two weeks it seemed you couldn't get anywhere in town without getting into the mud, an argument for seven more miles of paving.

DIRTY STREETS—DIRTY ALLEYS

A recent suggestion that a street sweeper would be a welcome addition in Floydada's down-town section, but, under the circumstances, something we can only wish for, drew the suggestion that there is plenty of dirt and filth in many Floydada alleys, not in the alleys, either, altogether, but on back lots.

MAKING FOLKS DO THINGS

Many people do not mind doing things if they are doing them as suggestions, but the average West Texan does not like to have to do something, even if he knows he ought to do it, even for civic or other good reason.

SUNSHINE MEANS MONEY

Perhaps there was never more than a few times in Floyd County when sunshine meant more money to the poor man than it meant last week and this. Weather man sees no hint of disturbance for the remainder of the week and all hands are hoping he is right.

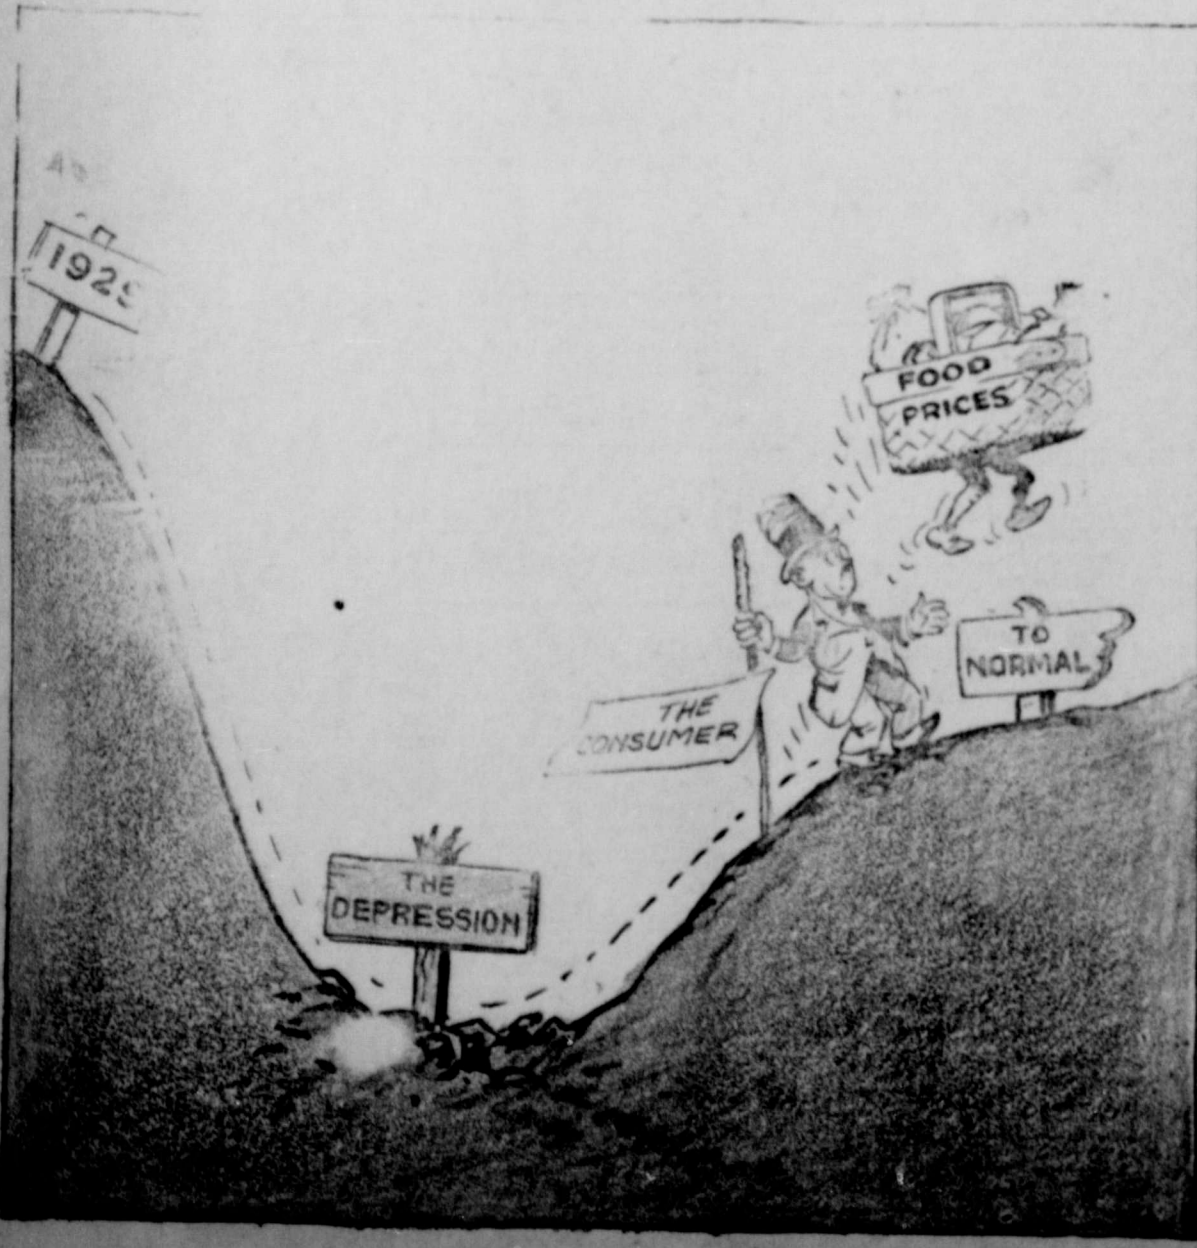

Every day in the cotton fields men thousands of dollars in the poor man's pocket for cotton gathering wages. He in turn makes big turn over for the retail shops and department stores. Nothing like a cotton patch and warm weather. The man who raises the cotton a market year like this does not flourish a very big roll when he gets through, but like the Jew, he has had a big volume of business.

RACE WITH COLD WEATHER

Hope is that cool weather and dry, with more or less wind, will mature late crops fast enough to get them under the wire ahead of a hard freeze. The difference amounts to several thousand bales of good cotton and many thousand heads of good bundle feed, as well as matured grain.

Universal suffrage, without universal education, would be a curse.—H. L. Wayland.

WHAT STRANGE TIMES THESE BE

PERSEVERANCE OFT-TIMES WINS

The visit of George Mahon, Congressman of the 19th District, last week-end and conferences held by him with farmers on the program that is desired from the special session of the national legislative body-brought out the fact that are many farm problems well nigh impossible of solution through laws that will be equitable.

However, farmer people are putting real study into their problem and there have been many things "impossible" to do that were done through perseverance.

WHEELS INSIDE OF WHEELS

A thing that happened unexpectedly in an Arkansas community recently in connection with the extension of rural electrification lines was that the power line induced interference in one-way telephone lines and caused the telephone company to have to spend quite a bit of money to undo the damage.

There are always, nearly, wheels inside of the wheels. Practical problems arise that do not appear on the blue prints. Trial and error always needed to prove the theory.

REA AT WORK IN DEAF SMITH

Notice that the Rural Electrification Project in Deaf Smith County, designed to serve several families in the vicinity of Hereford, has gotten to the point where they are talking rates and will soon be giving service, is a reminder that Floyd County's project, allegedly too ambitious for us to hope of accomplishing through the national treasury, still has not been abandoned.

The idea is thoroughly sensible, but carries a huge amount of financing that somebody will have to be talked into undertaking. In Deaf Smith the project, not so big nor covering such wide area of country, has reached the actual accomplishment stage.

TRY THIS ONE

Multiply your age by 2 and add 5 to the result. Then multiply by 50. Add the change in your pocket, if less than a dollar.

Subtract the number of days in this year, 365. Then add 115 for good measure.

The two left hand figures will show your age, and the two right hand figures, the change in your pocket.

There are five tests of the evidence of education—correctness and precision in the use of the mother tongue; refined and gentle and manners, the result of fixed habits of thought and action; sound standards of appreciation of beauty and of worth, and a character based on those standards; power and habit of reflection; efficiency or the power to do.—Nicholas Murray Butler.

The problem of education is twofold; first to know and then to utter. Everyone who lives any semblance of an inner life thinks more nobly and profoundly than he speaks.—R. L. Stevenson.

If a man empties his purse into his head, no man can take it away from him. An investment in knowledge always pays the best interest.—Franklin.

As A Farm Woman Thinks

Nellie Witt Spikes

Why not grow lovely growing old. So many fine things to do. Faces and silver and old gold. And silks need not be new. There's a healing in old trends. Old streets a glamour holds. So why not like these. Grow lovely growing old.

Beautiful, glowing lines sent to me by a new correspondent from Nebraska. Someone has said that our faces are the road maps of the route we have traveled in life. When I look in the face of my dear mother I know the road she has traveled has had many hard ships many joys, but the hardships have been met with a smile, and the joys shine from her sweet brown eyes.

Fragrant flowers are blooming by the side of the road sown by my mother's strong hands. The way she has plainly marked so that we, her children, and all that look to see, can follow and not lose our way. The end of this highway my mother is traveling, is a beautiful country called Heaven and I know my mother will see a wonderful mansion. The golden walls no purer than the gold of her heart—the pearly interior no whiter than her soul.

The angels will sing no sweeter song than my mother's life has sung in this old world. The shining silver streets will gleam no brighter, than her silver words of love and encouragement given by her, shine in the lives of others.

Yesterday our place looked like the days of old. The little Mexican mamas with their brown eyed children following, carried tubs rubboards and soiled clothing to the lake of water in the pasture, and there did their weekly wash, hanging the clean garments on the pasture fence to dry in the clear bright autumn sunshine.

Mr. and Mrs. Bob Smith from the rock house were pleasant visitors in my home Sunday. How swiftly the time passed while we talked of the old, dear days when we were young and the west was new.

Bob told an interesting bit of early day history. Uncle Hank Smith kept supplies for the buffalo hunters. While he and aunt Hank Smith were away on a visit Uncle Charlie Hawes and a man named Jacobs kept the store.

At four o'clock one afternoon, nine outlaws came riding up, dismounted and entered the store and began asking questions.

"Mister," they addressed Mr. Hawes "Better lay that six shooter on the counter." Uncle Charlie pulled it off and handed it over. The man buckled his belt around his own waist.

"That is a pretty fine pair of shop made boots you have on old man, better hand them over also," and Uncle Charlie handed them over just as you or I would have done.

The out-laws took what they wanted, then mounted the stairs to the rooms above, going through Aunt Hank's trunk, taking cherished pieces of jewelry, and treasured relics.

The outlaws carried off several horses. Two of the horses came back and the robbers returned for them. Uncle Charlie, Hawes and Jacobs were in the upstairs rooms, buffalo guns ready to shoot. Mrs. Jacobs begged and pleaded "Don't shoot at them they will come back and kill all of us," then went into hysterics. The robbers drove the horses away once more.

State rangers followed the outlaws into New Mexico, and had a fight with them but Aunt Hank never saw her jewelry again nor Uncle Charlie his good boots.

FLOYD COUNTY 14 YEARS AGO

News items taken from files of the Floyd County Hesperian published in Floydada fourteen years ago.

ISSUE OF OCTOBER 25, 1923

In response to a telegram from the Chamber of Commerce advising of the need of cotton pickers in Floyd County, C. W. Woodman, director of the U. S. Employment Bureau at Fort Worth, has advised that cotton pickers are being routed into counties of this section at this time, according to this information.

Lee Montague took two car loads of cattle to Kansas City market, arriving Tuesday of this week. The cows were sent from the local station of the Santa Fe.

Eggs on the market the past ten days have been scarce, although the price has not risen considerably as a result of the scarcity.

A driving rain this morning on top of three quarters of an inch that came last night on a lower temperature wave that is said by the weather bureau to be general over the southwest, is adding to the damage done by wet weather in the past three weeks to the cotton crop to Floyd County.

Mr. and Mrs. Roe McCleskey were in Floydada Sunday visiting his parents Mr. and Mrs. S. B. McCleskey.

The next number of the Lyceum course, which is being sponsored by the Senior Class of the Floydada High School, this year, will be presented at the Olympic Theatre, Roy Baker, secretary of the local lyceum organization said this week.

The number to be presented is a dramatic production. Rain last night dampened the prospects for the interscholastic

WASHINGTON LETTER

BY SPECIAL CORRESPONDENT

WASHINGTON.—No great hope that a reunion labor front will result from the proposed peace conference between C. I. O. and A. F. of L. is held in Washington. Some leaders of each group, who really want peace, but on their own terms, are optimistic enough to believe that some sort of truce may come out of the meeting which would keep the two organizations from trying to destroy each other.

It is possible, too, that the rival labor chieftains may reach an agreement to use their war chests for other purposes than to finance internal labor warfare.

Reports from observers at the C. I. O. and A. F. of L. conventions are that there was an atmosphere of self-congratulatory optimism both at Denver and Atlantic City. Neither side appeared to be seriously afraid of the other, and both had been growing and prospering in the past year. This element discourages compromise.

Another thing which makes settlement difficult is, that in view of the claim C. I. O. makes that it has a larger membership than A. F. of L., it might be necessary, if the two labor groups were united, to put Lewis in control.

Other obstacles in the way of labor peace include the probability that Lewis will insist on the right to organize mass production industries on an industrial basis without craft union participation; upon full voting representation for his followers, and on a cessation of A. F. of L. efforts to persuade employers that organization of their employes

football game tomorrow afternoon, with Lubbock and likewise dampened the ardor of the preparations of the pep squad of the local school for their demonstrations before and after the beginning of the game.

Damp weather set in again yesterday about the time cotton picking should have gotten in full swing all over Floyd County and as a result, the ginning all over the county are again held down to a low figure. Yesterday, three gins in Floydada turned out only 59 bales. With clear weather the figure would have been nearer 159 bales.

Just In Fun

Now that the world's most powerful bomber has been built, the ranking military brains will complete the vicious cycle by rigging up the most powerful anti-aircraft gun to bring it down.

The college cheer-leader called for the wrong yell when he asked for "Hold that line!" The line held, all right, and he penalized 15 yards.

It was one of the boys at the hobo convention who remarked that money didn't bother him—it was the lack of it that hurt.

The Japanese claim the Chinese have violated the rules of war by using poison gas. Night calls the crop black.

by C. I. O. would be a greater evil than organization by the A. F. of L.

There has been little indication so far that William Green and his executive council are willing to make any large concessions.

C. I. O. leaders feel it gave their group a strategic advantage for Lewis to make the first "peace" move. His proposal appealed to the great number of workers in the opposing camps who do not like to fight other workers.

A. F. of L. leaders were not enthusiastic about accepting the friendly overture, realizing that whether peace negotiations were successful or not, the peace conference would take time. In that time Lewis and his followers could continue organization drives, and a major A. F. of L. onslaught against C. I. O. would have to be postponed until the gesture for peace had been abandoned as hopeless.

On the other hand, labor leaders, though divided on the issue of loyalty to Lewis or Green, have reason to come together in their common fear of a business slump. Also both sides fear restrictive labor legislation, and recognize the need to combine forces to defeat it.

It has annoyed C. I. O. to find the candidates which it endorsed being fought by the rival A. F. of L. And dispute over invasion of territory by one or the other of these organizations, give leaders of both sides something to worry about. They are equally concerned over the fact that employers are increasingly reluctant to sign with either side at the risk of inviting trouble from the other.

## Flomot-Whirlwind Row Headline Battle Of The District For The Week

Who—Flomot Longhorns vs. Whirlwinds. District 4-B game. When—2:30 Friday afternoon. Where—On Western Field.

That just about sums up the game for Friday afternoon except for the hard tackles and blocks, the punting passes and runs, and the goal.

The Flomot Longhorns are undoubtedly favored to beat the Whirlwinds by at least three touchdowns even though the game will be played on the Whirlwind's home field.

The Longhorns have finally reached the form that carried them into the regional game last year. They are a veteran crew, heavy, fast, and snappy. The defeat by Spur merely awakened them to the fact that the district title was going to be difficult to get and that they were going to have to fight to get it.

Since that disastrous game the Longhorns have blasted the Plainview B team 31 to 0 and chased the Paducah Dragons home stinging with a 24 to 0 lashing. That should prove that the Longhorns have hit the comeback trail with the firm intention of beating all of the other conference teams that cross their path and again annexing the district crown.

The Whirlwinds, on the other hand, began from "scratch" with their lettermen and a small group of new men from which to build a team. The Whirlwinds have steadily grown stronger since the Crossed defeat despite the Plainview drubbing.

In two games the Whirlwinds have had to come from behind to win. That should prove that they are not a team that gives up because the score is wrong. Too, they have proved against every opponent that they have met.

Last week the backfield was strengthened by the addition of Hollingsworth, a fast and snappy halfback who can do a lot of running and who can flip long forwards with amazing accuracy. The end position formerly handled by Hollingsworth has been taken over by Smith. McClung, line smasher de luxe and the nearest thing the Whirlwinds have to a triple-threat, will have a better chance to perform with a few eyes watching the new great, Hollingsworth.

Wilson, blocking back and ball carrier, will continue to handle his blocking duties and have an occasional fling at jugging the leather. Lider may recover from his foot injury in time to get into action, but if he does not Beard will probably handle the quarterback slot.

The line will be the same that performed against Turkey and held the Turks to 75 scrimmage yards.

The fans can be certain of a battle to the finish with plenty of punts, passes, tackles, and runs. Both teams should score no matter who wins.

Whirlwinds Beat Turks To Take Conference Lead From Paducah

"Just another ball game" Friday night turned into a thriller when the Turkey Turks had the advantage of a penetration and the score led with the Floydada Whirlwinds and less than eight minutes to go in the last period.

## Flomot Game To Be Here Friday

The executive committee of District 4-B, at a meeting held Monday night at Matador to decide whether the Flomot-Floydada game should be held here or at Flomot, voted unanimously that the game should be played in Floydada.

The game was originally scheduled to be played at Flomot but some two weeks ago Flomot agreed to play here but after beating Paducah wanted to return to the original agreement and play at Flomot. The committee held that the last agreement was valid and binding and that Flomot should play here.

All of the schools in the conference were present with the exception of Quitaque.

The game is to be played on Western Field at 2:30 o'clock Friday afternoon.

midfield. McClung made 6 yards and then lost 6 and then 2 as the Turks swarmed through to nail him.

On the next play McClung heaved a pass to Orman on the Turk's 29 yard line for a first down. Two plays by McClung at the line carried to the Turkey 16 yard line for a penetration. The next play went for 7 yards and then McClung broke off his right tackle to score the last touchdown. Floydada 12, Turkey 6.

The final desperate Turkey aerial attack was squelched when Floydada intercepted in their own territory.

He is spending an extended vacation in this state.

## STARKEY YOUNG PEOPLE IN WRECK NEAR PETERSBURG

George Elwood Assiter and Misses Josephine and Ruth Waller, escaped with only minor injuries Sunday, when a car in which they were riding turned over.

Mr. Assiter was driving near Petersburg and the radius rod of the car came loose causing him to lose control of the car. The car was badly damaged.

## ACCEPTS LUBBOCK POSITION

L. W. Roberts has accepted a position with the B. E. Gentry sales system, of Lubbock and will discontinue his Commercial Art Shop in Floydada. Mr. Roberts left Saturday night for Lubbock.

## MRS. BELL AND SON RETURN

Mrs. P. W. Bell and son, Spencer, returned home Wednesday from Lemon Grove, California, where they spent several weeks with Spencer's grandmother, Mrs. Alice Bell. While there Spencer underwent a very serious operation in Script's Memorial Hospital at LaJolla. He is reported to have recovered very satisfactorily.

## Flomot Downs Paducah And Threatens To Go On After District Title

Displaying the power and elusiveness that carried them into the regional last year the Flomot Longhorns pounded Paducah into a 24 to 6 defeat.

The game was only minutes old when Flomot scored after a Paducah fumble. The heavier Flomot line ripped the crippled Paducah line to shreds to score on steady drives down the field.

Ammonett, shifty Longhorn back, offered the threats and then generally carried them out by either deceiving the Paducah secondary out or by jugging the pignin by sheer power and speed to score.

Flomot resembled only slightly the team that Spur defeated 18 to 0 three weeks before.

Paducah scored in the last few minutes of the game when the Flomot second string fumbled on their 4 yard stripe and Paducah recovered. Three plays netted them their lone touchdown.

Paducah could never get their passes to work nor would their running attack work after getting deep into Flomot territory.

### New Backfield Find

The faithful Floydada fans saw a new halfback perform in the Whirlwind backfield Friday night and it was much to their pleasure. Hollingsworth had been playing a good game at end but he played a better game in his halfback slot against the Turks.

Those end-around plays thrilled the fans and gained yardage every time Hollingsworth carried the leather. This "new" find that Coach Winter has pulled out of the line will tend to relieve the pressure that has been concentrated on McClung. The opposing backs will now have McClung, Willson, Lider, and Beard or another back to worry

## Bootlegging Legal

The law enforcing officers must have gone wild when the Whirlwinds pulled that touchdown play. It was a "bootleg" and it paid off dividends to the extent of 6 points. Only in football is bootlegging legal but Willson showed he was a top-notch at smuggling a pignin across the oppositions goal line. Not a Turkey saw him until it was too late and he was across.

## Flomot Next Foe

The Flomot-Floydada melee will be played in the afternoon instead of at night as originally announced. The Flomot team doesn't want to take any chance on the tungstens against the Whirlwinds.

They want Old Sol overhead and a lot of interference in front of the ball carrier. And the absence of McClung, Willson, and Hollingsworth, along with Rainer and Orman, would make them roll with glee.

Flomot's teacher of football, Coach Leo Jackson, may wear a long face and say Flomot is sunk, but Flomot has a plenty good team. Paducah was no set-up.

## Moslem Tea Given Monday At Home of Mrs. Willson

More than fifty women were present Monday afternoon at the home of Mrs. J. M. Willson to enjoy the program centered around a review of the recent book, "What is this Moslem World" by Dr. Chas. Watson, and interpreted by Mrs. J. E. Eldridge.

"This author," said Mrs. Eldridge "has spent years in close association with Moslem scholars and leaders and presents his information and observations in a fair, unprejudiced and wholly interesting manner."

On entering the visitors were met by Mrs. George V. Smith and then served tea at a beautifully appointed table laid with a grass linen cloth purchased by Mrs. Willson on her recent trip to China.

Mrs. B. P. Woody poured tea and assisted in serving by Mesdames Huffman, J. M. Willson and N. W. Williams.

Mrs. Eldridge, director of study of the Woman's Missionary Society of the Methodist Church, had charge of the program, giving the background of the life and religion of the Moslem people. She introduced a visitor from Egypt, Madame Pascha, who proved to be Mrs. T. M. Nichols from Tulsa. She interested her hearers with an account of the many changes coming to Moslem people through contact with Western civilization.

Mrs. E. E. Hinson gave a very able discussion of the impact of Christianity in these lands, and our own responsibility for bringing Christ into the experience of the people.

During the afternoon Mrs. E. C. Thomas and Mrs. A. D. Cummings entertained the guests with several selections of Oriental music. These numbers, with a beautifully descriptive number, picturing a scene in a Persian market, and given by Miss Sappho Ward, added charm to the program, and gave the Oriental atmosphere to the review of the book.

Mrs. J. M. Willson gave some of her own reactions to the customs and peoples of the Moslem world, and also traveled in these countries, exhibited some beautiful products and specimens of work brought home from this foreign land.

## P. T. A. Makes Further Plans District Meet

"Ways and means of raising funds for the entertainment of the District P. T. A. convention which is to be held in Floydada this spring were discussed at the Andrews Ward P. T. A. meeting held Wednesday afternoon, October 29, at the Andrews Ward School.

Plans were made for a food sale which was held Saturday at the Brown building. Proceeds of the sale amounted to \$18.00. "We sold everything we had and had many calls for more," said Mrs. Walton Hale, president of the association.

Other means of raising funds planned at the meeting was a carnival which will be held in November. Also, plans were made for the sale of Christmas cards.

Mrs. Hale presided during the meeting. A song "Santa Lucia," was sung by the seventh grade pupils, directed by Miss Rose Stuart.

Mrs. Roe McCleskey and Mrs. Bob Green entertained with a comical debate, "Spank or Not to Spank."

It was decided to limit the time of each meeting to an hour and fifteen minutes. Miss Fannie Bolding was appointed to keep order during the meetings.

The association voted to pay \$2.50 to the Founders Day fund.

Mrs. Ed Bond, district chairman of music, discussed plans for the Mother Singer group which was organized Tuesday afternoon.

Mrs. Lee Trice and Mrs. M. E. Latham acted as hostesses for the meeting and served punch and cookies as the members arrived.

## BOBBY ENGLISH HONOREE AT PARTY ON SEVENTH BIRTHDAY

Mrs. Marvin English entertained with a party Monday afternoon, October 25, honoring her son, Bobby, on his seventh birthday. The Halloween motif was used in the decorations.

Cake and punch was served to the following children: Rose Anne Cummings, Beth Hinson, Lena Joy Denison, Ruth Elaine Harmon, Bobby Jean Medlen, Norma Jean Moore, Gene Arline, James Edward Cline, Bobby James Cline, Wesley Little, Kenneth Shaw, Paul Hanks, Jo Dan Bishop, Don Kirk, Wendel Denison and Dale Johnson.

## FREBYTERIANS MAKE PLANS FOR FIFTH SUNDAY MEETING

The Missionary Society of the Cumberland Presbyterian Church met Monday afternoon at 8 o'clock with Mrs. Pierce King. The meeting opened with the singing of the hymn, "Love Lifted Me". Mrs. J. E. Archer led in Prayer and Mrs. B. F. McIntosh gave the scripture reading. Saying, "We have the same God of power who is just as able to help us now as in Bible times".

Mrs. J. L. King discussed, "How to Win Souls to Christ".

During the business meeting plans were made for the entertainment of the fifth Sunday meeting which convenes in Floydada Sunday. Preaching will be at 11 o'clock. Dinner will be served at the church at 12 o'clock. Young Peoples' work will be Sunday afternoon from 2 to 5 o'clock.

The Missionary Society will meet Monday afternoon, November 8, at 8 o'clock with Mrs. B. F. McIntosh.

## Mr. and Mrs. Martin Hosts At Luncheon Honoring Visitors

## THRIFTY NIFTY NEEDLE CLUB ENTERTAINED THURS.

Mrs. Bud Warren entertained the Thrifty Nifty Needle Club at her home Thursday, October 21.

In the business meeting the club decided to have a Halloween party Friday, October 29.

Mrs. Joe Boothe and Mrs. Floyd Ballard will be joint hostesses at this time. The next regular meeting will be held November 4 at the home of Mrs. W. C. Boren.

Those who attended the party Thursday were Mrs. Floyd Ballard, Mrs. Troy Griggs, Mrs. Cager Carmack, Mrs. Hubert Davis and the hostess Mrs. Warren.

**PARTY AT MCCOY WILL BE SPONSORED BY B. T. U.**

The Intermediate B. T. U. members of the McCoy community will sponsor a Halloween party Saturday night, October 30, at the home of Mr. and Mrs. C. T. O'Neal.

Each guest is requested to come with mask on and to bring some kind of fresh fruit, which will be used as refreshments.

Be sure to see the "Gypsy" fortune teller before you leave.

Mrs. Earl Erie and little son, Donald Earl, left Thursday for Denton, after having spent several weeks here visiting her mother, Mrs. Lou Cravatte.

## On The Garden Path

**A Window Garden**  
If you have savory herbs growing in the garden, they don't need to be lost with the coming of winter. Bring them indoors to the kitchen window box or put them in flower pots. Some of them may be dried for winter use.

There recently has been a revival of interest in these aromatic herbs for use in soups and to flavor meats, salads, etc. Mint, thyme, tarragon, sage, chives, dill, watercress, and rose geranium are among those popular now and were much used in colonial days.

Those best adapted to use in kitchen boxes are mint, watercress, parsley, chives, sweet marjoram, basil, and rose geranium. They may be put in soil consisting of one part sharp sand, one part well-rotted manure, and two or three parts garden loam. A small quantity of bone meal may be added. Mix the soil thoroughly and screen it through a coarse screen. Transplant these herbs before freezing weather and keep them in a sunny window.

Have your box at least six inches deep, with an inch of broken stones in the bottom for drainage. Flower pots should be at least six inches in diameter, with holes in the bottom for drainage.

Those present for the organization meeting were Mrs. B. K. Barker, Mrs. E. L. Angus, Mrs. Walton Hale, Mrs. Jno. I. Hammonds, Mrs. Lohs C. Galloway, Mrs. Charlie Lewis, Mrs. A. D. Cummings, Mrs. Robert McGuire, Mrs. J. H. Myers, Mrs. Calvin Steen, Mrs. Grover Smith, Mrs. C. C. Huckabee, Mrs. Cecil Gould, Mrs. D. Johnson, Miss Ruby Noel, Miss Margie Norton, Mrs. Jno. Conner, Mrs. John Maxwell, Mrs. Clement McDonald and Mrs. Ed Bond.

## Miss Edmonson And Luther Peterson Wed At Lubbock Saturday

Mr. Luther E. Peterson, who is employed by the Seismograph Service, and has been residing in Floydada for the past two months, was married to Miss Lorraine Edmonson of Lubbock Saturday evening at 8:30 at the home of Mrs. Joe Stotts. The ceremony was said by Rev. Jno. T. Smith, Minister of the Church of Christ at Lubbock. They were attended by Mr. and Mrs. Copus Boyd of Floydada.

Mrs. Peterson is the daughter of Mr. and Mrs. I. M. Edmonson, of Abilene. She has been employed at the Hilton Hotel at Lubbock during the past two months.

The bridegroom is the son of Mr. and Mrs. Peterson, of Lamesa. They will make their home at 217 West Olive street.

## SHOWER GIVEN TUESDAY HONORS MRS. PETERSON

Mrs. Peterson was honored Tuesday afternoon when Mrs. Copus Boyd, Mrs. George Speirs and Mrs. Bruce Choate entertained, with a shower and bridge party at the home of Mrs. Speirs. Green and yellow was the chosen color scheme which was used in the decorations and refreshments.

A lovely toastmaster was presented to the honoree as a gift from the Seismograph crew. Following this a number of pretty gifts from the guests were presented to Mrs. Peterson by the hostesses.

The guests included Mrs. Lloyd Jansen, Mrs. Sherwood Mae, Mrs. Walter Wiggley and Miss Lorraine Wiggley all of Lockney; Mrs. R. C. Boyle, Mrs. Roy Hembree, Mrs. Tom Beavers, Mrs. Bruce Allen, Mrs. Chas. Van Gilder, Mrs. Harley Volkman and Mrs. Katherine Hayes, all of Floydada.

## BLANCHE GROVES CIRCLE MET MONDAY AT CHURCH

Nine members were present at a meeting of the Blanche Groves Circle of the Baptist Missionary Society, Monday afternoon in a meeting held at the church.

## Liberty News

Liberty school closed Wednesday for cotton pulling and feed work. The school received a gift of pencils from Cy Newman of the D. C. This is the first year Mr. Newman has made a gift to the school. Newman is a relative of Fess Whitfill of this community. Mrs. Greta Sue Box and Bennie Whitfill were visitors in our town last week. Mrs. Juanita and Mozella Whitfill spent Sunday afternoon in town. Mrs. A. H. Harkness who has been ill in a Lubbock hospital is expected to be very much improved. She will be at home soon. Mrs. Whitfill from Ellis County is expected to arrive on Friday and Thursday of last week. Mr. Lybrand and family are expected to arrive in our town on one of the new '38 Chevros this week. The children of Mr. and Mrs. Cook of Plainview are visiting in our town. Mrs. Edna McCormick this week. Mrs. Taylor attended the coming of the ex-students at the school on Saturday. She was accompanied by her father, M. H. Taylor. It is really under way in our community this week. Farmers are taking advantage of the pretty weather. Persons interested in Dr. Club work are asked to meet at the Liberty school house Tuesday, November 2, 1937. We appreciate the interest that was demonstrated in the community last year and hope that it will continue this year.

**DO VENTURE OUT  
ON CANYONS: CAPTURE  
OF THIS ONE IS PROOF**  
There have been known to inhabit the reaches of Blanco Canyon good many years, adjacent to the waters of White River, tracks are seen by hunters when.

It is remained for Claude Fawcett, his brother, G. L. Jr., to disclose the fact that occasionally venture out onto the prairies about. They have one in their pen at Baker which they had caught Monday. The full-grown male, was a fine specimen and a half south of the one of Geo. L. Fawcett when he was shot. The Fawcett boys gave him food and by car and finally the West Texas fashion, roped and took him in.

### PICK YOUR HOBBY

Life is complex. No need to embroder that platitude. Many men

would find life's terrifying daily jumble of facts, figures, and faces well nigh intolerable were there not one narrow avenue down which to flee—that avenue, a hobby.

But not all men take a hobby as a specific for nervous ills, nor are all men who lack hobbies bound for penitentiary cells. A multitude

of men simply have a multitude of hobbies, and that, one is safe in feeling, is good.

Psychologists and others have many kind things to say about hobbies but of a hobby it might be possible to say, as one says of beauty, "It is its own excuse for being". —Exchange.

### HESPERIAN STAFF

Co-editors: Mary Wilson Hicks, Thomasine Cox, Assistant editor, Sappho Ward.  
 Society—Beth Newton, Sports, Leeman Norman.  
 Reporters: Dorothy Dell Stovall, Robertyne McIntyre, Olin Watson, Marguerite Leonard, Joe Smith.  
 Typists—Watson Jones, Muriel Fagan, Alene Warren, Henry Hinton, Rue Del Breake, Winnie Reba Browning, Frankie Sanders.  
 Sponsors—Mr. Cummings and Miss Rees.

Don't be a shirker. If we are asked to do something by our teachers or class sponsors, let's do it with all the pep and vitality that we have at our command. It may be a small errand or task, perhaps it is a part in a class play. No matter whether big or little is the thing we are called upon to do, it is an opportunity. An opportunity to broaden our experience in life—an opportunity to serve our fellow students—and a chance to get a little more enjoyment out of life. For after all the more we do to help someone else and to make his task easier the more fun will get out of living.

We need not be greedy about snatching the best places, for every little task, however small, has to be done and in its place is just as important. Every time we serve on a committee, take part in a play, etc. we have just another step on the road to success. So if we have it in our power to aid our classmates or our sponsors by cooperating with them, let's by all means do it.

### Band Notes

The Band Parents had their first meeting of the year last Tuesday when they met to organize their new club. Mr. Cummings took charge of the affair and made a talk on why the band needs uniforms and just how the money campaign would be carried on. Several suggestions were made on the color and type of uniform wanted. A committee was then voted on to visit the business men for donations.

Our long awaited music arrived and the band has been busy the last week working out these new pieces. With only a few days of practice we had a music critic come up and give us many good points and show us how the music should be played.

Some of the new pieces are Sir Gallahad, Anchors Away, and the Clow Worm. Two of the pieces are classical, and the other is of a lighter vein. These are to be given their preview as soon as they can be worked out.

WANTED—Clean, white cotton rags at Hesperian Office. 27th

### Junior Carnival Holds Center Of Interest For Saturday Night

Well, folks and gentle people, the junior carnival is still in the offing and as time goes by, prospects grow brighter and brighter. We are going to have a wonderful time. An invigorating holiday.

Mood will be accomplished by bright, colorful costumes and a cosmopolitan atmosphere. We expect to capture all the color, dash, and glitter of a true holiday fantasy by letting music and good entertainment.

Speaking of entertainment, there is going to be a smashup floor show. Much of the talent in Floydada will be introduced by that dependable class president of ceremonies, James Gibbs.

The booths will be arranged in a crazy pattern, making exits and entrances almost impossible. The snake charmers and fortune teller will hold their events in prominent positions. All sorts of trinkets and goodies will be on sale. And last, but not least, the sponsors are offering prizes for the best hog caller, the most talented yodeler and various other contests.

This is the last warning. If you do not come, you will miss the fun of a lifetime, the thrill of a lifetime, and the entertainment of a lifetime.

We will be seeing you at the Junior carnival on Saturday night, October 30, 1937.

### Green Peppers

The green peppers were really full of pep last Friday night, and why not with our team playing such a swell game. We take this opportunity, boys to tell you how proud we are of you. Every one of you keep it up. So far we have won every conference game and we are depending on you to win the rest for us. The green peppers will be out on the field again next Friday rooting for you, but now we wish you luck. (Just a little warning boys, girls get mad at the least little thing, even when you lose a game.)

Flomot, Flomot, who are they? Little elephants stuffed with hay Whirlwinds, who are they? Best darn players in the U.S.A. P. S. Who said the Whirlwinds weren't the best players in the conference?

Mrs. Claire Turner is the new assistant librarian for our school. She has been working here for about a week, familiarizing herself with the books, arrangement, and routine work in the library. She is proving to be a great help to Miss Wolfe and to the student assistants in the library.

### Visits F. H. S.

The faculty and students of F. H. S. were honored Friday afternoon to have as their guest Congressman Mahon, who spoke in chapel.

Mr. Mahon was welcomed enthusiastically by an admiring ovation. In his speech the Congressman stressed the qualities of character one must possess in order to succeed in life and successfully "out pound" the trials and difficulties. His speech proved an inspiration to the listeners and we hope that we shall have another opportunity of hearing Mr. Mahon speak again in the future.

### The Arden Club

At 7:30 Wednesday, October 27 the Arden Club met at the home of Mr. and Mrs. John W. Maxwell for a hobo stew and Scavenger hunt.

The list of required articles were given to the various couples at that time. At 9:00 o'clock the club members met at a specified place to judge the winner of the hunt.

To the surprise of everybody the winning couple became the principal in a surprise wedding. The couple with the first articles on their list were the minister and bridesmaid.

Stew was served, and a prize awarded the most unique couple in hobo costumes at that time.

Speech Class Elects Officers. The speech classes this year are bringing their studies down to practical ground. For the last few weeks parliamentary law and procedure has been studied. Tuesday both classes elected a chairman who is to preside over class meetings on Fridays until school is out in May. The fourth period speech class elected Mary Wilson Hicks as chairman and Anita Jo Jenkins as secretary. In the fifth period class Keith Tye was elected as chairman and Reid Strickland as secretary. Meeting on Fridays will be conducted according to parliamentary law. The course of study will be the state flower, bird, and tree of every state in the union. Two states are taken each week. In the meeting for Oct. 22, Texas and Louisiana were discussed.

The Blue Bonnet, pecan tree, and mocking bird were discussed for Texas. For Louisiana the pelican as state bird and the Magnolia as state flower were the topics rendered. The students are taking an interest in these programs, which if properly carried on will prove valuable to each student.

### Presenting The Whirlwinds

Virgil Orman, weight 140; height, six feet; position, end; playing experience, one year; hobby, measuring his toe nails, ambition, keeping his hair combed.  
 L. B. Martin, weight, 135; height, 5 ft. 8 inches; position, guard; playing experience one year, hobby, driving his car; ambition, to like spinach.  
 R. E. Goughly, weight 115; height 5; 8 inches; position, halfback; playing experience one year, hobby, to keep Jane Graham from being mad at him.

### LITERARY CLUB

The Library Club met in a regular meeting Monday morning, Oct. 25 between 8:20 and 9:00. The members, consisting of those who work in the library, study the best methods for arranging books, etc. For this week's study the students drew a floor plan of the library and put all the books in order. They were also given numbers from which they had to find names and authors of books. Each week the club takes some different phase of work in the library for study. This work, conducted by Miss Wolfe, is proving profitable to all.

### FLOYDADA WHIRLWINDS

The Floydada Whirlwinds will play the Flomot Longhorns tomorrow night on Wester Field.

It will be a conference game and Floydada will have its undefeated record up against Flomot, Floydada having defeated Lockney, Turkey and Estelline and Flomot defeating Paducah and losing to Spur.

It will be a thrilling game from beginning to finish I assure you. So everyone come out and see the Whirlwinds defeat Flomot (I hope).

Here's hoping Floydada wins the District 4-B championship from Flomot. If they do it will be the first time in several years.

### Sappy Sayings

What reporter got hold of a note written by a third period typing student who signed it "Your crossed-eyed peadilly?"

Who has to give a military tap dance next Tuesday week?

"You knew of course I fell down stairs last Thursday." Ain't that right Gloria?

Olin and Bobby can really think up good ambitions and hobbies. Eh what?

Charles Denison kinda mistook "rummage" for "rubbish" or is it class spirit?

Is it true Harold Brown gave a shindig Monday night?

Somebody just loves to chew gum in the library. Whose right or wrong Reid?

Who tried to get who out of the study hall Monday, the seventh period?

That shore am a purty rain coat on top of the boys' lockers.

What, who spreads butter with her fingers?

Some one sang "The Moon Got in my Eyes."

What people got their hair messed up?

Somer wears a 10 1/2 ring size. Now how would I know? Maybe he told me.

We're sorry your ring won't come off Keith.

Oh boy. Do we have fun in fourth period Civics class. Why we even go on trips to Europe.

Why is it that Jack doesn't want to become a U. S. C.? And he kinda thought that the person that mentioned it was a shade dumb! In fact he told the person so. Eh what—Jack?

Robert I'm betting on you. Stay right in there. I'm on your side.

Don't we have fun at these gatherings, after pep rallies on Thursday nights?

Listen—if you miss the Senior Play "Who Said Quit" you'll be missing something. Cause it's really going to go over with a bang.

### Who

Who would like to be a sailor? Who wasn't surprised when she found her candy missing Sunday night?

Who makes very peculiar noises? Who really had a good time one Sunday night? A blond senior might answer this. Maybe I'm fooled!

Who was Clifford Daniel with Saturday night?

Who has seen a "Mander" neither you nor I etc.

Who started the joke about seeing somebody the night before?

Who was really complimented all day Friday.

Who is just too proud of his rabbit's foot?

Who has the most amazing things stored up in her head? Vera Nell you startle us by your keen ideas.

Who just can't talk the teachers out of his days in detention?

Who just giggles and giggles all the time?

Who entertained the Commercial Geography class by their rendition of the popular hit "Remember Me?" Harold Brown you and Virgil should at least rate as amateurs.

Who (four senior boys) must have just so much practice on songs right before chapel before they can produce the proper vocal effects in chapel?

Who, a certain blond senior, did not have such a good time Sunday night?

Who is going to celebrate and anniversary on Halloween? Maybe one of those bold, dashing seniors would know.

### SONGS RELATE LOVE

My Darling, Did I remember to tell you I adore you and you are and angel without wings? I'll be loving you always, because I've got that old-fashioned love in my heart. Now just because I love you truly, you can't put the wool over my eyes.

You are a heavenly little thing, so why don't I be myself about you? I'm alone because I love you, and I hope you'll be nobody's darling but mine. I'm a little bit independent, but I shall confess I love you every minute of the hour, and all I do is dream of you. I has been so long since we passed around the bottle beneath the weeping willow tree.

It is so hard to forget when we were riding around in the rain at three o'clock in the morning. I'm dancing with tears in my eyes, but I'll always remember the waltz you saved for me. I'm dreaming of you, old pal of mine. Have you ever been lonely about a quarter to nine? If you have, remember that love is just around the corner.

It's nobody's business what I do, but please don't talk about me when I'm gone. Some of these days when Mr. and Mrs. is our name we will sail away to Treasure Island, a little bit later on when our precious shine boy, we'll move to our home on the range and you can be an old cow hand.

When it's springtime in the Rockies we will go to the Isle of Capri. Then when your hair has turned to silver and it's lamp lighting time in the valley, we will be in our blue heaven. Well, bye, baby, I'll see you in my dreams. Crosspatch.

### THE JUNIOR PLAY

These Juniors are certainly giving the other classes a competition on "pep" this year. They are planning carnivals, plays, meetings and various other activities.

Every year the Juniors present a play for the entertainment of the

### Formal Initiation Held By Future Homemakers Wednesday Night

The new members of the Future Homemakers of Texas were cordially welcomed into the club in a formal initiation in the Home Economics Department last Wednesday evening at 8:00 o'clock.

The festive theme throughout the decorations were effective. Soft pastels of blue and pink were predominant colors. A beautifully appointed table was decorated with tapering pink candles which gave a soft glowing light to the lovely room. The flowers used on the table were blue daisies. On the piano were pink tapering candles surrounded with bar-berry.

The new members were pledged in a candle light ceremony with the officers of the club taking the leading part. After the initiation, the president, Benja Johnson, gave a welcome to the new members. Following this a program was given which was:

On Being a Club Member—Juanice Cothorn.

Popular songs by the trio—Dorothy Dell Stovall, Sappho Ward and Gloria Hammonds. Miss Fouts gave some interesting facts about the state and national clubs. Muriel Fagan played several violin numbers, she was accompanied by Neida Fagan. Louise Willson gave a humorous reading suitable to the occasion. Mr. Cummings talk was the main address of the evening. The talk was interesting and beneficial to those present. The program was concluded with the group singing songs.

Refreshments of pink ice cream and cookies with blue letters of F. H. T. on them, were served to the group.

school and the betterment of their financial condition. This year the play is going to be a truly dramatic attempt and will be well worth the time and practice of the participants.

"Hearts Exchange" is the title and the audience is due for plenty of thrills and romance.

At the present time all of the characters are not definitely decided upon, but next week we will have the cast ready for the press and then just watch our smoke.

SENIOR CLASS NOEL—Because the senior class is so very busy with other activities, the play has been postponed. It will be in December, probably the tenth. The actors and actresses are definitely interested in their play, but due to the circumstances they were forced to put off "Who Says Quit?"

Three rags for the senior class! A play! An auction sale! A pre-dominating class! Two of the best sponsors! A group that will work.

In other words, we have a senior class and there is no doubt about that.

The play is the best ever and the auction sale is to be really worth while.

If you think we are not unusually brilliant, just you keep your doubts to yourself because no one is in style who thinks that. Just wait until you see what our project will be and your doubts will be as the wind.

### What We Read

Words are like leaves, where they most abound. Much fruit of sense beneath is rarely found.

From an "Essay on Criticism" by Alexander Pope.

Our sincerest laughter with some pain is fraught; Our sweetest songs are those that tell of saddest thought.

From "To a Skylark" by Shelley.

It is sometimes wonderful what a person says when he says what he thinks, before he thinks. —Dean Dutton Heart Throbs.

Instead of a gem or a flower, cast the gift of a lovely thought into the heart of a friend.—George McDonald.

### Chapel

Thursday the band opened the program with two numbers which were greatly enjoyed by the student body. Following these numbers the assembly was led in singing by Mr. Grummish, accompanied at the piano by Sappho Ward. The singing by the assembly improves with every chapel. The new song books and the capable song leading by Mr. Grummish are greatly responsible for the improvement. Mr. Cummings next entertained the group with a talk which contained a wealth of good advice for the student body. The theme of his talk was the old theory of "He who works best knows how." The vast amount of advice was appreciated very much by the group.

After announcements by Mr. Davis we assembled to our various classes.

### FOREIGN LANGUAGE CLUB

Tuesday noon, October 19, the members of the Spanish and Latin classes met and organized a Foreign Language Club. Mrs. Jones presided over the meeting until the president was elected, who was Leeman Norman, and then he took charge. The other officers elected were vice president—James Burrus, secretary-reporter, Beth Newton.

After the election of officers was finished, the club decided when to have their first meeting, which will

be Tuesday afternoon, October 26, at 3:15 p. m.

The president appointed a program committee, composed of Robert Scott, La Verne Russell and Adolph Burgett. The meeting then adjourned.

### FELLOWSHIP SECRETARY

AUSTIN, Texas, Oct. 26—Trueman Kirk of Floydada has been elected secretary of the Freshman Fellowship Club of the University of Texas Young Men's Christian Association.

Mr. and Mrs. G. L. Kirk and son, Don, and Miss Bernice Dallinger, and Miss Helen Kruger, visited relatives at Plainview Sunday.

Mr. and Mrs. Carl Gallaway daughters, Nira and Carlyn, of Lake City, Utah, were guests of Cousin, Robert McGuire, and family Thursday. Before coming Floydada they visited her aunt, Carl J. Nobles and family of R.

Chas. Owen left Thursday Bryson where he will spend a definite time looking after the property of the Owen estate. The wells have recently been put on the land and three more are to be started soon.

Mrs. William L. Murray and son, William Massee, of Harrisburg, Pennsylvania, came Friday to a month with her parents, Mr. Mrs. W. M. Massee.

The ladies of the P. T. A. will meet at the schoolhouse Wednesday afternoon, October 20 to make plans for the Halloween carnival.

**Halloween Carnival**  
The Irick P. T. A. will sponsor a

Halloween carnival which will be held at the schoolhouse Friday night, October 29. There will be various booths selling sandwiches, popcorn, peanuts, doughnuts, coffee, ice cream, and other eatables. Among the many other attractions there will be a bingo stand, fish pond, grab boxes, crazy house, fortune telling booth, sideshow and a 42 room. Prizes will be given after the judging of the costumes and we are expecting a varied assortment of costumes, representing both the weird and the unusual. Last but not least, in importance at least, there will be prizes given to those who hold the lucky tickets which will be given with purchases from the booths.

The purpose of this carnival is to raise money to buy needed playground equipment for the younger pupils, also to supplement the funds of the P. T. A. We hope everyone will turn out and show the splendid co-operation that they have shown in years past. I am sure that the money derived from this event will be appreciated by pupils, teachers, and community alike.

One-Tonner Truck Bridges Gap Between Commercial And Truck Groups

Added Eye Appeal

Two Distinct Ford V-8 Cars Differ In Appearance And Price

NEW YORK, Oct. 27.—An advance showing of 1938 Ford V-8 cars and trucks opened this afternoon at the Ford Metropolitan showrooms at 1710 Broadway.

Two distinct Ford V-8 cars, differing in appearance, appointments and price, were presented. One was the de luxe Ford V-8, the other the standard Ford V-8.

The standard car is designed for owners to whom economy in first cost and operating cost is paramount. The de luxe provides added luxury and style for those who desire them.

Both cars have the same V-8 chassis. The eight de luxe types are available only with the 85 horsepower V-8 engine, the three standard types with either the 85 horsepower or the 90 horsepower engine.

The de luxe car is a stylish sister of the standard. It is entirely new in appearance. The radiator grille is of new design. Appearance of the hood is longer and more sweeping. Fenders are massive. Interior appointments are in keeping with the styling of the exterior. Substantially more room in the closed sedans, greater passenger comfort and much larger luggage space are provided.

The standard V-8 cars reveal new styling, with a different radiator grille design, long hood and flowing contours. The spacious interiors are roomy and attractively upholstered and appointed.

In addition to the two passenger cars, Ford is to present an expanded line of V-8 trucks and commercial cars. Both are newly styled to lend added "eye appeal" in commercial transportation.

A new group of "one-tonner" trucks also is offered, in addition to the 112-inch commercial cars and the 134 inch and 157-inch wheelbase trucks.

The new "one-tonner" is designed specifically to bridge the gap between the commercial cars and the truck groups. Available with either 85 horsepower of 90 horsepower engine, it is expected to make the economies of the latter engine more widely available in commercial transportation.

Other advances for 1938 are the new 134-inch wheelbase truck, replacing the 131 1/2-inch wheelbase in the big truck line, a new frame width for the 134-inch and 157-inch wheelbase units, improved brakes and easier steering and stronger construction throughout.

## CARD OF APPRECIATION

May we take this means of conveying our heartfelt appreciation for the thoughtfulness of our many friends during our father's illness; also for the beautiful flowers and kind deeds during our bereavement. Our friends have made our loss easier to bear. May God bless you all. The Stovall family.

Mrs. Jim Hardgrove and baby daughter, Betty Gene, of Clovis, New Mexico, spent the week end with her mother, Mrs. Ama Smalley, while Mr. Hardgrove made a business trip to Texarkana.

## Hesperian Offers Monoplane Glider To Youngsters!

Grocers Will Explain How to Obtain Them

The Monoplane Glider that is being offered to boys and girls of The Hesperian's trade area, was designed by one of the famous Wright Brothers. Patterned after the giant monoplanes, the glider is similar not only in appearance but also in performance. For it will fly far and high, loop-the-loop, bank, glide and land like a big plane.

The Wright Dayton Monoplane Glider has a self-operating feature that permits the plane to automatically adjust itself from a straight-away-flight into a loop. And it is this automatic feature that makes it easy for any boy or girl to handle the glider like an expert pilot.

Details on how to obtain the Monoplane Glider, offered through the courtesy of The Quaker Oats Company and the Hesperian is available at your grocers.

25 of the Monoplane Gliders will be given away Sunday afternoon at the Palace Theatre to boys and girls who go to see Jane Withers in her picture "Wild and Woolly."

Mr. and Mrs. Roy Burrows and their two children of Lubbock spent Sunday in the J. A. Hartsell home. Sunday guests in the Tilford Taylor home were Mr. and Mrs. Finch of Crosbyton and Mr. and Mrs. Frank Roberts and son.

Mrs. Irene Reagan visited Monday in the J. H. Watson home. Mr. and Mrs. Elmer Dasey of Floydada were here Monday afternoon visiting and on business. Miss Peggy Brannon who has been visiting her sister Mrs. Hoyt McCure has returned to her home at Abilene.

Mr. and Mrs. O. M. Watson and son of Floydada were dinner guests Sunday in the S. G. Appling home. W. H. Scogins of Lorenzo was here on business Saturday afternoon.

D. A. Applegate, who has pneumonia is reported much improved. Reamer Rainer and Misses Opal, Frances and Viola Rogers made a trip the last of the week to Santa Fe, New Mexico, helping Neely Richardson and family move. Harold Hodges returned Friday from Kansas City, Mo., where he attended an F. F. A. meeting.

Miss Ila Ackers spent Saturday night at her home in White Flat. Mr. and Mrs. Weldon McClure and children and Miss Adeline Hodgewere dinner guests Sunday in the C. A. McClure home. Afternoon visitors were Mr. and Mrs. George Bartlett of Wake, and Rev. H. T. Harris.

## Air Crash Kills 19

Nineteen persons were killed instantly when a huge, westbound transport plane, the wreckage of which is shown above on a snow-covered mountain slope, crashed at an altitude of almost 10,000 feet in northern Utah, near the Wyoming border. So inaccessible was the region that the bodies had to be brought out by pack horses.

## Funeral Rites For Mrs. Alice S. McCracken Held Here Saturday

Briscoe County Pioneer Mother Of Eight Children Died Of Pneumonia Friday Morning

Funeral rites for Mrs. Alice S. McCracken, 79, were said by Rev. John Eldridge at 3 o'clock last Saturday afternoon at the Methodist church here following her death Friday morning, after a two weeks illness caused by pneumonia.

She is survived by eight children, all of whom were present at her death, except the two youngest, Mrs. Chas. Tyree, Cane Hill, Arkansas, and Elbert J. of Prairie Grove, Arkansas, who visited their mother a few days before her death and had returned home. The other children are Mrs. W. W. Reid, Silverton; Mrs. D. W. Cox, Amarillo; Mrs. A. A. Jones, Quitaque; Mrs. O. L. Britt, Glendale, California; G. P. McCracken, Clarendon; A. L. McCracken, Floydada; and forty-nine grand-children.

Mrs. McCracken was Miss Alice Serena Evans before her marriage. She was born in Benton County, Missouri. She was married to N. A. McCracken in 1875, and came with their family in 1900 to Donley County, near Silverton where they made their home until the death of Mr. McCracken in 1913. She made her home with her son A. L., six miles southwest of Floydada, in the Blanco community, the greater part of the time since. She was at that son's home at the time of her death.

Funeral arrangements were in charge of the F. C. Harms Funeral Home and interment was made in the Floydada cemetery Saturday afternoon. Her granddaughters who were the flower attendants, are Mrs. Clinton Lindsey, Mrs. Vernon Powell, Mrs. Lloyd Reynolds, Mrs. LeRoy Shippman, Mrs. Frank Reynolds and Mrs. Hy Galloway.

Palbearers were grandsons, Dual McCracken, Paul James, Paul Reid, D. Reid and Percy Reid.

# Respiratory Coughs Need Creomulsion

A common cough, a chest ache or a bronchial irritation of today may be relieved now. Creomulsion, an emulsified preparation of Beechwood Creosote, is a medicinal compound designed to aid nature in healing infected membranes by allaying irritation and inflammation and by loosening and expelling germ-laden phlegm. Medical Profession has for years recognized the benefit of Beechwood Creosote in treatment of coughs, chest colds, bronchial irritations. A special was worked out by a chemist, and now in Creomulsion you get a real dose of genuine Beechwood Creosote which is palatable and can even be taken frequently and continuously by both adults and children. Creomulsion is one preparation that goes to the very seat of the trouble to help loosen and expel the germ-laden phlegm. When coughs, chest colds and bronchial troubles—due to common colds—hang on, get a bottle of Creomulsion from your druggist, use it as directed and if you are not satisfied with the relief obtained, the druggist is authorized to refund every cent of your money. Creomulsion is one word—not two, and it has no hyphen in it. Ask for it plainly, see that the name on the bottle is Creomulsion, and you'll get the genuine product and the relief that you want. **Govt. Loans**

(Continued from page 1)  
placed under the loan is not sold prior to July 1, 1938, the producer will not be eligible to receive a cotton price adjustment payment with respect to such loan cotton. The fact that a producer has a portion of his 1937 cotton crop under a loan on July 1, 1938, however, will not prevent him from receiving the subsidy payment on other eligible cotton which he has sold in the regular channels of trade prior to that date.  
"A landlord by waiving his lien in order that a tenant may place his share of cotton produced in 1937 under the Commodity Credit Corporation loan will not be bound to comply with the 1938 agricultural adjustment program unless he also enters into a loan agreement. Such tenants entering into the loan agreement and falling to participate in the 1938 program will be liable for any deficiency between the amount of the loan plus charges and the amount realized on the cotton which may be sold under terms of the loan.

"Insofar as the 1937 cotton loans are concerned, the provision that a holder of the note may declare it immediately due and payable, upon the failure of the producer-borrower to participate in a program offered to cotton producers with respect to the production and marketing of the 1938 cotton crop, is operative only in the event the person obtaining the loan is farming in 1938."

**Questions and Answers**  
Under a letter of October 9, received by County Agent D. F. Brothauer from E. N. Holmgren, Administrative Officer in charge,

College Station, Texas, the following questions are asked and answered pertaining to the 1937 cotton loan:

**Question:** Can a renter place his bale of cotton in the loan and receive 9 cents on same and if he can so does he settle with his landlord for the 1/4 interest his landlord has in the bale?

**Answer:** Your question No. 1 apparently outlines a case wherein a tenant desires to obtain a loan on cotton owned jointly with his landlord, and in such case the Commodity Credit Corporation requires that the landlord and tenant execute a joint note and Loan Agreement. In the event the 1937 production of cotton has been divided between the landlord and tenant, the tenant may secure a loan on his portion of the crop provided his landlord executes the "Waiver and Consent Pledge" under item 2 of the Loan Agreement. In the latter case the Commodity Credit Corporation or lending agency would doubtless pay the tenant the entire amount represented by the loan, however, in the first instance the payment would be jointly made to the landlord and tenant who would then have to divide it accordingly to their interest in the cotton on which the loan was obtained.

**Question:** Can a producer who is a tenant put his cotton in the loan and receive 7 cents and then this tenant does not farm in 1938 what disposition will be made in regard to loan and subsidy?

**Answer:** For a tenant having placed his 1937 production of cotton under a Government loan to be eligible for an adjustment payment, he must withdraw his cotton from the loan and sell it some time prior to July 1, 1938. To accomplish

this, he will of course have to pay his not plus accrued interest and other carrying charges. In addition he must comply with the 1938 Agricultural Adjustment Program.

**Question:** What disposition will be made where a tenant has been in compliance heretofore puts his cotton in a loan and has to change places this year and later in the spring it develops that his new landlord will not permit him to comply?  
**Answer:** Tenants entering into a loan agreement and failing to participate in the 1938 program will remain liable for any deficiency for the amount of the loan plus accrued charges and the amount realized when the cotton is sold under the terms of the pledge outlined in CCC Cotton Form A.

**Cotton Harvest**

(Continued from page 1)  
cotton that would otherwise be eligible for a loan.

Several buyers stated that the grade had been improving steadily this week because of the warm weather that has been drying out the open cotton and ripening the other. If the warm weather lasts the grade is expected to improve a great deal more.

Buyers advanced the idea that the cotton was being rushed in damp and green because the farmers wish to take advantage of the good weather to get their cotton out and take a lower price than to wait for it to ripen and dry and the weather suddenly become damp and cold.

**Few Hands Needed**  
South Plains reports that anyone wanting to pick or pull cotton will be welcomed there. The demand for pickers has been steadily growing there since the season opened. The county, generally speaking, is nearly supplied with hands. The demand is slow and within a few days, when the smaller fields are finished, there will be an excess in the lower part of the county where the cotton opened earlier.

All of the ginners reported that a few farmers, in their respective territory, could use a limited number of hands but only South Plains seemed to be really needing hands to get the cotton out.  
Although 8,500 bales have gone through the gins, it is estimated that only about one-sixth of the cotton in Floyd County has been harvested. If that is true, the county will harvest and bale about 36,000 bales of cotton this season.

**Mahon**

(Continued from page 1)  
press tickets and the sample grading ticket were presented as proof.

George Meriwether asked Mahon the possibility of getting the cotton base raised for the irrigated farms of the county. These irrigated farms will have raised at least twice the pounds of cotton per acre as the non-irrigated lands yet they are placed on the same base as the non-irrigated land.

**Unfair Bases Protested**  
The committee asked what could be done for a farmer who bought a farm that had been in wheat "year in and year out" and therefore had no cotton base, or the farmer who had broken out a farm from land that had never been in cultivation and who had no cotton base.

It was clearly understood that in either case the farmer could not raise cotton and comply with the program because he had no base production for his farm. The committee declared it was unfair but that nothing could be done about it that they knew about.

After a great deal of discussion the following points were fairly well decided upon.

1. The farmers of Floyd County were in favor of a compulsory control program.
2. The government raise the subsidy for those that comply in order to encourage others to cooperate.
3. Base should be figured on a diminishing scale.
4. Give irrigated farms an increased base.

**Mahon Asks Aid Of CCC**  
After the meeting Congressman Mahon telegraphed the Commodity Credit Corporation concerning loans on the cotton that will not grade high enough to be eligible for a loan.

**Red Cross Drive To Begin Here On November Twelve**

**Executive Committee Sets Goal Of 350 Members At Meeting**

The Floyd County Red Cross Committee decided Friday to begin the Red Cross drive in this county November 12 and continue it until Thanksgiving Day.

The committee met in the office of County Superintendent Walter Travis with H. O. Swank field representative from the national Red Cross office at St. Louis present.

The executive committee this year will be Walter Travis, roll call chairman; George A. Linder, county chairman; Homer Steen, publicity chairman, and J. W. Chapman, secretary. Walter Travis also accepted the job of vice-chairman to be served during the absence of Linder.

Mrs. E. P. Nelson was appointed to take the Floydada district as her part in the drive.

The chairman for each of the other 30 districts will be selected by a committee composed of G. C. Tubbs, J. W. Chapman, and Mrs. George Linder.

The goal for the year was set at 350 members. Last year 258 responded to the Red Cross roll call in this county.

Mr. and Mrs. Winfred Cooper from Lockney visited her parents Mr. and Mrs. M. L. Probasco Sunday.

W. D. Carathers left Tuesday to visit an uncle in Colorado. He will return home Thursday afternoon.

Hon. John D. Goodloe, Commodity Credit Corporation, Washington, D. C.

Reference Commodity Corporation loans on cotton. A great quantity of cotton in West Texas area not qualifying for loan because it is strict low spot or low middling spot. It is estimated that from 30 to 50 per cent of cotton now in this class and not eligible for loan though of adequate staple. Please advise me Hilton Hotel Lubbock as to possibility of modification in plan to cover this cotton.

Walter Travis, Superintendent A. D. Cummings, of Floydada Public Schools, and J. W. Jones, superintendent of Lockney Schools are fostering the gathering. In a statement last night the trio said:  
"West Texas ex-students will entertain Dr. and Mrs. J. A. Hill and Miss Hibbets at the Andrews Ward Gym at 7 o'clock Wednesday night. Each ex-student, his wife or her husband, are requested to attend.

"Price of the feed will not exceed 25 cents per person. A get-together is the big idea of the program. Each ex-student is requested to invite any other ex-student, and please notify A. D. Cummings, Walter Travis or J. W. Jones by Monday night. Some music, a brief speech or two, principally just a good time to renew old acquaintances, is the plan."

Dr. Hill will address the student body of Floydada High School Tuesday morning at 10:30 at the high school. Plans are in the making for Tuesday night. Wednesday noon he will be the speaker at the Rotary Club weekly luncheon, being an active member of this club in his home city.

Tuesday night Mrs. Hill and Miss Hibbets will be guests of the federated clubs of the city at a reception in the home of Mrs. J. M. Willson.

Dr. Hill will be a guest speaker of the Chamber of Commerce Tuesday evening at the District Court room.

Dr. and Mrs. Hill, during their stay in the county, will be guests of Mr. and Mrs. C. B. McDonald, Mr. and Mrs. A. D. Cummings and other friends of Floydada and Lockney.

**Trend To Simplicity In Highway Markers**

**Elimination of State Markers on U. S. Routes Planned to Save Confusion to Motorists**

Motorists traveling United States designated highways in Texas no longer will be puzzled by a multitude of highway markers in thickly populated areas, according to instructions just issued by the Texas Highway Commission through Jullian Montgomery, State Highway Engineer, ordering state markers taken down on such routes.

"After an exhaustive study of this whole matter of highway markings we have found that by simply using U. S. route markers it is much easier for the traveling public to follow such highways" said Mr. Montgomery. "With the trend toward simplicity and elimination of confusion caused by duplicate markers some thirty-five states are using U. S. markers exclusively to the satisfaction of all concerned."

"According to the present marking, many places in the state, and especially the business districts, require so many markers each post that the traveler is forced to stop traffic while these markings, thus creating a safety hazard."

State highway officials state the original purpose in assigning U. S. route numbers was to simplify the markings of highways and the traveling public to follow the route, to, or through other states.

These U. S. route numbers designated by the executive committee of the American Association of State Highway Officials, after careful consideration of the for such designation as submitted by the states.

According to Mr. Montgomery, U. S. routes will result in a considerable saving to the department. He further said that state markers will remain in place on highways which have not been designated as U. S. routes and do not carry standard U. S. markers.
