Irrigation Farmers To Organize

Irrigation Farmers Form An Association At Lockney Monday Night

108 At Meeting

Production Allotment Increase For Irrigated Farmers

One-hundred-eight irrigation farmers met at the Lockney Ward school auditorium Monday night to organize an association. The meeting was called to order at 8 o'clock by O. L. Allen, acting chairman.

Motion was made to elect officers. Motion seconded. The following officers were elected: Ben Quebe, Lockney, chairman; L. Brown, Lockney, vice-chairman; T. B. Mitchell, Lockney, secretary.

Motion was made by O. L. Allen to elect a by-laws committee. Motion seconded and carried.

The following were elected: J. L. Lockney, W. H. Crawford, Geo. T. Meriwether, Lockney, and R. B. Gary, Floydada.

This committee formed the following by-laws and regulations for the association to function under.

Section I. Name of the organization shall be "Floyd County Irrigation Farmers' Association."

Section II. Officers shall consist of chairman, vice-chairman, secretary and treasurer and shall hold office until their successors are elected and shall serve as an executive committee.

Section III. Any farmer who irrigates his farm at regular intervals, whether he owns a well, or has his water shared by membership. Membership fees shall consist of:

\$2.50 for farms up to 80 acres.
\$5.00 for farms consisting from 80 to 160 acres.
\$7.50 for farms consisting from 160 to 240 acres.
\$10.00 for farms consisting of 240 or more acres.

These funds are to be used for the promotion of the best interest of the organization.

Section IV. These by-laws can be amended at any meeting.

Motion was made to accept by-laws. Motion seconded and carried to elect membership committee.

The following were elected: Karl Starn, Providence; Robert Starn, Sterley; John Holmes, Trick; Charles Cartmel, Prairie Chapel; T. Meriwether, Lockney; J. E. Aiken, Pleasant Valley; Ed Holman, Sand Hill; M. Carr, Harmony; W. McGehee, Lone Star, and F. Brown, Aiken.

Section V. The irrigation farmers of Floyd county met Monday night at the school auditorium to organize the Floyd County Agriculture Association's delegates, O. L. Allen, B. Jordan, W. H. Nelson, and T. Meriwether, who attended the Dallas agricultural senate meeting last week, for the purpose of outlining a program which they found in irrigated sections of New Mexico, California, and Texas were.

Part of the club's boys' work was sponsoring the efforts of the boys of the Floydada High School Vocational Agriculture class in their feeding program which is to be finished sometime in the fall. W. A. King, teacher of vocational agriculture in the school, has made the announcement that the boys are being aided financially in their feeding efforts.

Direct Taxes To Be Paid In Floyd Only Half Amount Paid In 1929

Tax valuations are down again in Floyd County, and with the lowest state tax rate in recent years also in effect the Floyd County direct tax bill is lower than any previous year in more than a decade.

These facts are disclosed by the rolls of the Floyd County tax collector and assessor's office, from which collections for the current year have already begun.

Values dropped below the eight million dollar mark for the first time in more than fifteen years when a portion of the intangible assets of railroads serving the county became involved in litigation and renditions were not made of intangible values by two of the lines—the Fort Worth & Denver and the Quanah, Acme & Pacific. Renditions of these assets, which totaled \$361,600 last year will not be made until the litigation is settled and then only if the case is favorable to the state. The validity of the intangible assets levy is being attacked in the courts.

County's Tax Bill

The state, county and school district tax bill for this year is just about half of the \$260,000 it amounted to in the year of 1929, when the peak of direct taxation was reached. It figures as follows:

County tax	\$55,100.34
State Tax	31,331.83
School District Tax	52,965.27

Paving Work On Highway 207 to Be Completed Soon

1250 Feet on Blanco Hill Will Be Left Unfinished For Present

The asphalt topping job on Highway 207 is completed on the south side of Blanco Canyon to the county line. The paving extends from the bridge in the canyon to Crosby county.

Some work remains to be done on the shoulders of the highway but it will not delay traffic.

The asphalt laying is now progressing rapidly north of the canyon, travelling toward Floydada. The work is expected to be completed this week except for a few minor details.

Approximately 1250 feet of roadbed and grade on the north side of the canyon will not be paved, due to the fact that it has not been completed for the laying of the asphalt. The work on that strip was halted when WPA work failed some time in September.

Westex Exes Hold Reunion And 'Chili Supper' In Honor Of President and Mrs. Hill

Exes Organize a Floyd County Ex-Students Association at Meeting

Forty ex-students of West Texas State Teachers College were present last night at Andrews Ward Gymnasium to welcome Dr. and Mrs. J. A. Hill and Miss Annie I. Hibbets and to have an informal reunion and "Chili Supper."

County Superintendent Walter Travis, West Texas "ex," acted as master of ceremonies for the informal program. The Floydada High School home economics department made and served the chili supper under the direction of Miss Fannie Mae Rees, home economics teacher.

Sapppo Ward, Dorothy Dell Stovall, and Gloria Hammonds, accompanied on the piano by Ruth Kreis, sang three popular songs for the "exes" to open the program.

Dr. J. A. Hill, president of W. T. S. T. C., then led as the group sang the "Alma Mater" of Canyon.

Impromptu speeches on "Why I Enjoyed My Stay at Canyon" were given by Omer Kirk, J. B. Allen, Mrs. C. K. Arnold, Mrs. Wade Trapp, Heathcock, J. W. Jones, Miss Dallis Reas, Clement McDonald, Eunice Coleman, Winifred Newsome, Conner Oden, and Jessie Green Henson.

When the speeches were over, each person arose and identified himself to Dr. and Mrs. Hill, and Miss Hibbets, head of the training school at W. T. S. T. C.

Clement McDonald had previously suggested that the West Texas Exes be organized into an association with meetings to be held once per month. This suggestion was made into a motion and seconded, and then passed unanimously.

Walter Travis was elected president, J. W. Jones, vice-president, and McDonald as corresponding secretary for the new Floyd County Ex-Students Association.

Miss Hibbets explained to the association the extraordinary features of the West Texas Homecoming that was held two weeks ago at Canyon. Mrs. Hill thanked the association for the fine co-operation they had been given during their visit to Floyd County.

Dr. Hill explains to the association the needs of the college as to building and other improvements and asked that the association back the college in every way possible in an effort to get the needs satisfied.

He explained in detail the 10 year program tentatively adopted by the board of regents in an effort to advance W. T. S. T. C. along the educational pathway.

Ex-students and wives or husbands of ex-students present were O. W. Kirk, Mrs. O. W. Kirk, Dr. and Mrs. C. K. Arnold, J. W. Jones, Walter Travis, Mrs. Merle Trapp Heathcock, Eunice Coleman, Mr. and Mrs. Clement McDonald, Mr. and Mrs. J. B. Allen, Miss Fannie Mae Rees, Mr. and Mrs. Bill Hams, Sude Miller, Dallis Reas, J. G. Biggs, Alvin A. Brock.

Mr. Alvin A. Brock, Mrs. J. G. Biggs, Mr. and Mrs. Clyde Applewhite, Mrs. James Colville, Lynn Colville, Mr. and Mrs. Winifred F. Newsome, Jessie Green Henson, Faye Morrison, Mr. and Mrs. Conner Oden, Mr. and Mrs. A. D. Cummings, Mattie Wave Grammer, Harriett Dickinson, Dr. and Mrs. J. A. Hill, Mr. and Mrs. Jesse Cox, Miss Annie I. Hibbets and Mrs. Edna Phillips.

Parade and Program Morning Of Armistice Day Is Planned Here

A parade and program Armistice Day is being planned by McDermott Post American Legion. It was announced last week, observing the nineteenth anniversary of the close of the World War.

Ex-servicemen will parade beginning at 10 o'clock and with them the top squad of Floydada High School and the high school band. Proceeding south at the Palace Theatre, the program will be continued there where Judge L. G. M. Jones will address the assembly. The big event of Armistice Day afternoon will be the football game between Floydada High School and Mauder High School squads on Western Field.

No definite information can be obtained at this time whether or not the merchants of Floydada will close Armistice Day, November 11.

Mrs. P. G. Stegall, secretary of the Retail Merchants Association, said early this morning. Some of the stores indicate that they will close all or part of the day but no concerted action has been definitely agreed upon, she said.

6,000-Foot Oil Test To Be Spudded

Slush Pit Started Yesterday; Begin Setting Up Steel Rig Today

Oil States Exploration Company will make a 6,000-foot test for oil on their 30,000-acre block of option and commercial leases south and east of Floydada, F. P. Merry, field representative of the company said yesterday.

At the same time he announced that the location for the test is the Thos. Montgomery 160-acre tract, the F. J. Latham pre-emption survey, six miles due south of Floydada, south of the Shipley Estate lands.

The location is a few hundred yards southwest of the home of Mrs. D. D. Shipley.

"We expect to spud in by November 10 or 11, weather permitting," Mr. Merry said yesterday. "The contractors today began digging the slush pit and tomorrow the erection of a steel derrick will begin."

The optional contract date for spudding the well is November 15, and at that time payment will be made of the 50-cents per acre original 23,000 block with whom the company contracted in the late summer. Some seven or eight thousand additional acres of leases by the same company.

Rural Schools Are Recommended To Get \$11,442 Aid

State Aid Recommended Is Larger Than Last Year's Figure

The Rural State Aid schools of Floyd County were recommended to receive \$11,442 in state aid funds by Deputy State School Superintendent G. D. Holbrook after his visit to the schools over the county last week.

The recommendations must yet be passed on by Director of Equalization Dr. E. M. Shepherd, and approved by the state auditor. The recommendation will likely be reduced to some extent. Last year the schools received about 90 per cent of the recommended state aid sum.

State aid last year totaled \$6,492, County Superintendent Walter Travis stated. The aid received this year should be considerably more than last year's figure.

The grant is figured on the basis of need of the district; the need is based on the items set forth in the application made by each school.

The amounts recommended for each school in the county is Lockney \$3,949, Providence \$216, Sterley \$292, Starkey \$544, Allmon \$823, Trick \$348, Center \$377, Fairmont \$149, Aiken \$795, Pleasant Hill \$656, Sand Hill \$1563, and Edgin \$508.

Lockney received state aid for the first time because that school became eligible for state aid when the law changed from 400 to 500 scholars.

Standardized schools will receive aid this year based on the nine months term for the first time. Those schools not standardized will continue to get their aid figured on an eight month basis as before.

Letter Carriers Name Leibfried To Succeed Hinson As President

The National Letter Carriers Association of the South Plains District, had their quarterly meeting Saturday night at the Methodist church here. Leon Leibfried was elected president of the association.

W. W. Williams, assistant postmaster gave the welcome address and J. P. Filmet of Plainview responded. Several members from pupils of local mutual instructors, were given. Mrs. A. D. Cummings gave a violin selection and was accompanied on the piano by Mrs. E. C. Thomas. The program concluded with a talk on "The Objects of the City Carriers" by Mrs. Lon V. Smith, postmaster.

The business meeting preceded a banquet that was served in the basement of the church.

Best Turkey Crop In Several Years Will Be Marketed

Floyd County people will put the fattest and best-conditioned crop of turkeys on the market this year for the Thanksgiving and Christmas trade they have raised in a number of years, is the consensus of opinion among local poultry dealers.

The crop in number of birds probably will not exceed last year's total, which means it is smaller than both the five- and ten-year average for the area. No falling on the opening market price for Thanksgiving was available Tuesday of this week.

This week it was estimated the market will open about tomorrow or Saturday for Thanksgiving and will close the latter part of next week. Turkey handlers have been more insistent on early deliveries the past two years so as to get their birds in the hands of dealers in ample time for the Thanksgiving sales and local dealers believe the same procedure will be followed this year. Several Floydada dealers will handle turkeys.

FREEZE TOMORROW NIGHT?

As this is written it is Monday. We assure the man who has charge of the weather will be regular, and so we announce a killing freeze for tomorrow night, meaning Friday night after we print a newspaper on Thursday.

It may be taken for granted the robin, the crane and the duck have been fooled by plenty of water on surface lakes of Floyd County, or if not fooled, at least playing around in a fools' paradise.

So we announce that, after thousands of bales of cotton and tons and tons of good feed have been saved by a fine, open fall to date, there'll be a freeze Friday night that will kill all vegetation. It will be terrible if we miss but a newspaper has got to follow the signs, the same as the ground hogs and the tarantulas. A newspaperman who goes against the signs doesn't have any right to claim exemption. We here and now bet on Mother Nature, and announce a freeze for Friday night.

NOT AN UNPARDONABLE SIN

The governor and members of the House and the Senate, following the close of the special session of the legislature, are passing charges back and forth on the point of whose responsibility it was that no new taxes were levied, as though a legislature without more taxes were something awful.

The Hesperian takes occasion to advise the governor, our representative and our senator and any others interested that failure to levy any more taxes was not an unpardonable sin and to suggest to them that they go ahead and sleep good at nights.

FOOLS RUSH IN—

Is the railroad business in its dotage?

Are Judge Samuel T. Bledsoe, executive for a hundred thousand stockholders in the Santa Fe railway system, and the officials of the various unions who turn the wheels, merely the spokesmen of a dying dynasty of super-men who once spoke to have farmers, country merchants and white-collared workers bow without question? It is entirely possible they are.

The country viewpoint is that they are failing to sense their responsibility to the public, and are digging graves in which to bury their jobs. Their latest is to play football with freight rates, faking strikes agreed on beforehand, and then hiking freight rates at the behest of the Interstate Commerce Commission for the producer and consumer of raw materials to assume. Judge Bledsoe's name is used for example. There are a hun-

dred more railroad "executives" who are acting just as foolish as he.

This is wading out into deep water for a country newspaper, but somebody has to look at things as they are, since the able men will not.

GRAIN DEALERS TO THE RESCUE

Grain dealers are making preparations to put up a real fight against the latest increases asked in freight rates. They see their own and the railroad man's businesses and jobs going a-glimmering. Another hike or two and it will pay the farmer to load his wheat into his truck at Floydada and haul it to Galveston or Fort Worth, a very uneconomic thing to do, but fire will have to be fought with fire.

Railroad people ought to see these signs, but they refuse to do so. We want our railroads and want them to prosper—country merchants and farmers and artisans do. Perhaps the grain men can wake railroad people to their folly. If so, we shall owe them a debt of gratitude.

AGREED ON ONE THING

Scisms incident to war and other tremendous upheavals bring such things as divisions among churches, as for instance the three branches of the Methodist Church in the United States, the two principal bodies of which were divided by the Civil War. While most of the hatreds of that war have lost their white heat, these bodies as well as other church organizations still fear the ghosts of that departed age and hesitate, possibly wisely, to again incorporate under one head.

However, there is one thing on which these churches are still agreed as of yore, and while their voices are not heard so loudly in the present din each has quietly reaffirmed a stand adopted before the birth of the republic. On this question says the Methodist Episcopal Church, the northern branch of the organization which first began as "the Wesley Society":

"We are not unmindful of the fact that our Church, with its partners in the temperance reform, has been caricatured and sometimes scorned in these recent years—because we have declined to bow the knee to Gamberinus. Amid an amazing reaction that often suggested moral insanity, we have refused to retreat from our historic position."

A somewhat quiet and restrained statement, defensively made, but unmistakable as to attitude. Right or wrong, this attitude is one on which practically all the churches are agreed, north and south, east and west. "The liquor traffic is inherently immoral," is a statement that runs through all their treatises on the moral conditions of the country.

NATURE vs. SCHOOL BOOKS

People who believe in the Zodiac are beginning to sigh their relief over the fact that the signs are better and that outcome of illnesses is not nearly so likely to be serious.

Speaking of people believing in signs, there are almost as many people in the United States who read and understand the Zodiac and the ancient interpretations of nature's influence over the lives of man as there are who know about all Gaul being divided into three parts. A wide trend of thought divides the two schools. One holds communion with nature in her visible forms, the other with books and pedagogues.

As A Farm Woman Thinks

Nettie Whit Spikes

The corn shocks westward on the stubble plain
Show like an Indian village of dead days;

The long smoke trails behind the crawling train,
And floats a top the distant woods ablaze

With orange, crimson, purple.
William Ellery Leonard wrote the beautiful lines above. I look across the fields and imagine the shocks are Indian villages. Once more dark eyed people camp near the lakes of water. Grind their corn in the hollowed out rocks. Indian braves sit smoking in the mellow autumn sun while the pot of buffalo meat is stewing on the fire made on buffalo chips. I know the Indians lived here before us, because my husband found the flat round rock used for grinding corn. I wonder why the Indian woman left it behind? Was her husband in such a hurry that she did not have time to gather up her things? Or was Uncle Sam's soldiers crowding them farther west?

We have had a taste of the beauty of the woods this fall. The gold of the apricot vies with the red splendor of its neighbors, the ash, Virginia creeper waves scarlet leaves to the pear tree, dressed in soft yellow. There are enough dead leaves for me to scuff with my feet. I gather up the beauty around me and store it away for the days to come. I love the sea gulls flashing in the sun, now soft blue, then white as the winter snow. The call of the curlews, the gay whistle of the field lark as he warns that, "laziness will kill you" mingle with the gobbling of fat gobblers, ready for the Thanksgiving table, and the piercing whistle of the gin. But the beauty I found in the hearts of my friends is the best of all.

All that looks peaceful about the gins now is the long, lazy line of smoke leaving the smoke stack. From the time the white cotton is sucked up from the wagons till the bale is rolled out tied, and ready for its trip into the world, many workers are hurrying, hurrying, to get to the next waiting farmer and the next and the next.

Pretty young lady bookkeepers, many young men sit in the office and write, write, write. The gin man hurries from place to place, answering questions, "What about this government plan?" He sees that the machinery is working, never stopping the cotton must be ginned. Day and night the gins must not stop. Sleepy eyed tired men, unshaved, work on and on the cotton must be saved.

Eager hands in the fields, so white with cotton, fill the waiting wagons. More cotton for the gins. Women hurry with the meals, keep weights for the pullers. Soft Mexican voices, happy laughter of the negroes. Races run to see who can "beat".

Tiny green shoots of wheat pushing up, binders whacking off the tall stalks of sorghum and hedges, tying it up in neat bundles. Oh the hustle and bustle—the beautiful fall weather, who would not like to live on the farm?

The other day the binder tied a bundle, just as the end of the row was reached, the bundle jumped off the carrier with the string uncut.

WASHINGTON LETTER

BY SPECIAL CORRESPONDENT

WASHINGTON.—Much of the comment that has been excited by the appointment of Jimmy Roosevelt as White House "co-ordinator" would seem to be superfluous if it is conceded that it is proper for him to be on the federal payroll as one of his father's secretaries.

There are many reasons for creating such a job, and also there are reasons for the selection of Jimmy to handle it.

There has been up to now no filter to keep the President's time free for big problems. Trivialities have reached his desk and often in meetings with his cabinet matters of less than major importance were brought to him directly.

A need existed to end the bickering of those who complained "That fellow got in and I didn't" and "The President doesn't understand our problems." The plan now is for Jimmy to consult for half an hour each week with heads of each agency. His job will be to decide what should be carried to the inner office, and to return from the inner office advice and instructions to the administrators.

He will not be given the responsibility of finding answers for any of the big problems. He may be able to settle some of the minor disputes, but such big shots as Governor Eccles of Federal Reserve, Harry Hopkins of WPA, Chairman Bill Douglas of SEC, will not tarry long at Jimmy's desk.

Jimmy's talents have not been proved, and it may be that someone else could do a better job in the same position. But there are several advantages already apparent in the appointment. For one thing, there will be no official jealousy because of the close father and son relationship, and there will be no attempt by any sensible person to undermine Jimmy. On the other hand, if he makes mistakes they will be spotlighted just as his appointment had been.

Talk of Jimmy as "Crown Prince" is not taken seriously here. It is known that Roosevelt wanted his eldest son with him at the White House, because he was lonely after the death of Louis Howe and later the death of his bodyguard, Gus Gennrich. And the President has political ambitions for Jimmy, possibly would like to see him in the White House some day.

But Jimmy has a long fight for lesser political conquests before that ambition can be realized. He hasn't even been elected a town councilman yet. If he does have a

For three hundred yards across the end, the twine slung out the binder tied another bundle at the beginning of the row—but the string two bundles tied together with a three hundred yard string.

I often think of my predecessor, who wrote this column and I wonder "What discovers Newton is making now?" Why he never breaks the silence? With pleasure I read his column, and was surprised when my column took his place, he so well filled.

successful political career, the contacts he will make in his new job at the White House will be helpful later on.

It is likely that when the President names the six new administrative assistants whose jobs will soon be created by Congress, Jimmy will be one of them. Mentioned for the other five jobs are William H. McReynolds, now administrative assistant to the secretary of the treasury; Ebert K. Burlew, now administrative assistant to the secretary of the interior; Luther Gulick or Louis Brownlow.

It is fairly certain that among the six there will be one lawyer, and Thomas G. Corcoran may be the President's selection. Corcoran serves now as an unofficial presidential secretary and liaison man, though he is attached to the RFC as assistant general counsel Undersecretary of the Interior, Charles West, who is Roosevelt's chief liaison man on Capitol Hill, is another possible choice.

The President actually hasn't decided on any individual yet.

If you are left-handed, don't cry. There was a time when people regarded the use of the left hand something not quite nice, observe a writer in London Answers Magazine. They would use every precaution to make a child use right hand, however unwise might be for him. Some say that it is wrong to make a turn from his instinct—which hand he habitually uses is the hand for him. In fact, to correct effect on him mentally and physically. ISSUE OF NOVEMBER 1, 1923

Herschel Green, considered one of the strongest substitutes on the Whirlwind team, Hi football squad, may be out for the remainder of the season as a result of injuries sustained Monday afternoon in a practice scrimmage in preparation for the game with Lubbock, which was to have been played Tuesday afternoon.

Nearly two inches of rain fell over Floyd County in the period since Thursday of last week and to this morning the sun had shone less than four hours in a period of seven days. This rain on top of seven and a half inches which had already fallen in the month of October brought the month's total to 9.85 inches.

Coaches of Floydada High School, J. C. Wester for the boys and Miss Ida Mae Jarvis for the girls, were surprised by members of their classes and teams Wednesday when they were given a fruit shower.

Sulfanilamide, New Mystery Medicine, Claims Lives of 46 Persons in U. S.

SULFANILAMIDE... life-saving drug or deadly poison? Paradox of modern medicine is this German-discovered dye derivative hailed as the means of saving the lives of more than a score of persons, for whom hope had been abandoned, and blamed as the deadly agent in 46 deaths throughout the United States.

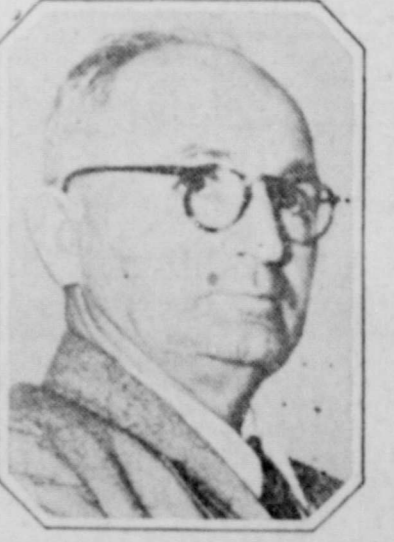

Following the first warning of the American Medical Association that use of the medicine in certain compounds on the market might be followed by fatal results, a frantic nation-wide search was conducted by federal and medical authorities for approximately 700 bottles of the medicine, known to have been sold to druggists.

In too many instances the warning came too late. To eight deaths in Tulsa, Okla., upon which the first announcement was based, were added in rapid succession seven in Illinois, 14 in Mississippi, five in Alabama, and so on until the ghastly total was reached.

SEARCHING for something to kill the germs of the cocci family of bacteria—microscopical circular organisms of the streptococci or chain-like groups, the staphylococci, arranged in clusters, and kindred forms—Prof. Heinrich Horlein, pharmaceutical research chemist of the German dye trust, and his assistant, Gerhardt Domagk, discovered that reagents developed from the red azos dyes had a deadly effect upon the germs.

Following experiments with animals, tests were made upon human patients with surprising results. Sulfanilamide—a condensed form of its long chemical name—was acclaimed on the continent as a cure for the almost inevitably fatal streptococcal infections, childbed fever, and as an effective remedy in the treatment of gonorrhoea.

Introduced to America, the preparation gained nation-wide attention when it was administered to Franklin D. Roosevelt, Jr., son of the President, for a

Seven of the 13 patients for whom Dr. A. S. Calhoun, above, of Mount Olivet, Miss., prescribed the deadly elixir of sulfanilamide have died, although the other six are reported to be on the way to recovery. Mrs. Frank Hamilton, right above, one of Dr. Calhoun's patients, is now recovering. Lower right is shown a bottle of the compound.

streptococcal infection. Other cures, deemed almost miraculous, brought it quickly to the attention of the medical profession. In Baltimore, a child of 5, her temperature skyrocketed to 106 by streptococcal infection, was treated and recovered within a few days. Similar effective results were soon reported.

BUT, one wonders, how did this drug undergo such a drastic Dr. Jekyll and Mr. Hyde transformation? The current opinion, announced by the American Medical Association and substantiated by results, is that an elixir of sulfanilamide, not the drug itself, produces fatal effects.

Available at a surprisingly low price, the drug appeared in several commercial compounds, one of which was a solution of sulfanilamide and diethylene glycol. The glycol, not the sul-

familamide, Dr. Morris Fishbein, editor of the Journal of the American Medical Association, announced, is responsible for the deaths. A similar compound of glycol is used in some automobile anti-freeze solutions. The substance has the same effect as bichloride of mercury, for which there is no known antidote.

Not entirely doomed, therefore, is the use of sulfanilamide, for, after thorough investigation and research in medical laboratories, it may be returned to market, to continue saving lives.

Floydada Loses First Conference Game To Flomot Friday 6 To 0

The Floydada Whirlwinds lost their first conference game to the Flomot Longhorns Friday afternoon after climbing into the lead two penetrations to one in the last quarter.

The Whirlwinds started off by coasting the Longhorns for two straight first downs but the attack bogged down and Flomot took the lead and marched down the field for three first downs.

The Longhorns managed to get a penetration in the second quarter but like the Whirlwinds, bogged down under the pressure of a heads-up Floydada line.

The second half began with the Whirlwinds trailing by a penetration. Not content to trail, the Whirlwinds began to bang and tear at the heavier Flomot line until they had amassed a lead in first downs and had tied for penetrations before the third stanza had ended.

The last quarter packed more punch than any quarter played this season. Flomot took the offensive but their drive balked. Floydada barged for a first down near midfield and then flipped a pass to Billingsworth on the 22 yard line. Two line drives for Floydada by McClung totaled another penetration and the lead for the Whirlwinds.

The Flomot line held under the pounding and the Whirlwinds lost the ball on downs.

Flomot then dug out their passing attack and drove down the field for two first downs. Line smashes by Ammonette and Brown netted a penetration. Penetrations were tied but Floydada led in first downs.

The Floydada line again held their heavier opponents and got the ball on downs. With two minutes to

play the Whirlwinds drove out for 9 yards, 2 feet and 9 inches in three plays with McClung behind the ball. Instead of kicking, the Whirlwinds elected to ram and McClung failed to gain.

In two plays the Longhorns had made a first down and a penetration to grab the lead with a minute to play.

On the next play, Brown, Flomot back took the ball on what developed into an end around that went for 20 yards and the touchdown.

Floydada took the kickoff and tried one pass which was incomplete before the game ended.

Willson, McClung and Hollingsworth played bang-up ball for the Whirlwinds through the whole game. In the line Rainer, Williams, and Martin were standouts. The whole Whirlwind team deserves praise a-plenty.

Ammonette and Brown starred in Flomot's backfield without Ammonette it might have been another story. Clay played the best ball for Flomot in the line.

Football News In Other Camps

Better and Better

Just about any way you want to look at it the Whirlwinds are getting better and better as the games roll by.

Even though the Longhorns managed to come through with a 6 to 0 victory Friday night the Whirlwinds showed more fight and power than at any time during the season.

Willson, who against Turkey showed that he was an expert smugler, came through with a nice exhibition of ball carrying and, above all, better blocking than ever.

McClung displayed his usual plunging, fighting, tearing game. If there is an all-district back in the conference, this scribbler goes on record that McClung is one of the men for the all-district backfield. So far no back has shown more drive, more hard driving tackles, and less give-up than the Whirlwinds fullback McClung.

Flomot Has a Star

Flomot can supply a man for anyone's all-district backfield in the person of Ammonette.

He is fast (plenty fast), hard driving, and undoubtedly the life of the Longhorn team. If it weren't for him Flomot would be "just another football team."

How to Win District

All the Whirlwinds have to do to win the district flag is to defeat Paducah, Matador, and Spur in a row and if (note "if") Flomot wins the remainder of its games reverse the 6 to 0 score on the Longhorns in the playoff.

Anyway, Spur, Flomot, or Floydada will wear the conference crown. Pick the one you want to wear it and hang on to the ropes for there is some rough rounds ahead for all three teams.

Right now Flomot looms as the conference champion. All Floydada can do is hope that Matador smears the Longhorns tomorrow and that the Whirlwinds come through against their next three foes.

Although this scribe regards Coach Jackson and Flomot highly there are all sorts of hopes that Matador will win tomorrow. If Flomot comes through with a win and Floydada drops their game and a chance at the crown Floydada can boost their home town boy, Coach Jackson, and his Longhorns to the limit and prepare for him next year, when it will be a different story.

Ammonette Is Okay

Although Ammonette got a badly bruised leg in the Whirlwind-Longhorn tussle, he will be back in the harness tomorrow against Matador. He will have the limb in a light cast however, Coach Jackson said, just to keep stray feet from doing it any harm.

Ammonette was doing his running around town on crutches Saturday but plans to discard them this week. If he is on crutches tomorrow he will be a threat to the Matadors.

Mrs. John Maxwell Has A Nephew At O. U. That Can Boot 'Em

Up around Norman, Oklahoma and at the University of Oklahoma the fans and newspapers are doing a lot of talking and writing about a young Frenchman, Raphael Boudreau, who is no mean hand at booting around a pigskin for the Sooners.

Boudreau, a junior in that university, is a grandson of R. Cardinal, Floyd County farmer, and a nephew of Mrs. John Maxwell, of Floydada. On Saturday of last week Mrs. Maxwell, T. J. Cardinal, and A. R. Cardinal left for a sort of family reunion and a chance to hear Raphael and the Sooners play against Kansas State.

The reunion was a complete success but the family were more than disappointed when Raphael didn't get to go in the game and boot one of his customary extra points or field goals for Oklahoma U.

Mrs. Maxwell, to prove her point and to show the homefolks, who are friends and acquaintances of Raphael the facts, brought back a copy of the Daily Oklahoman in which Harold Keith, sport scribe for that paper, tells the pedal his-

crank Let's get down to Cases

To keep your car from growing old too soon . . . to make it run with that wonderful smoothness and pep it used to have when it was new . . . pay a lot of attention to the crankcase. That's where a motor's hardening-of-the-arteries starts.

So drain the crankcase—NOT your pocket-book, by refilling with Phillips 66 Motor Oil. It is Phillips finest, made from a costlier 100% paraffin base crude.

It meets the higher requirements of today's modern motors because it has high-degree oiliness. Refined into it by Phillips painstaking modern process. Besides, it is extra clean and extra thrifty. No wasteful light parts to cook out or burn out. Hence the film is tougher and longer-lasting.

Next time, drain and refill with Phillips 66 Motor Oil. It's concentrated! . . . This year's big value in car lubrication. Look for the Orange and Black 66 Shield.

Whirlwinds Defend Their First Place Lead Against Paducah Fri.

Who—Paducah Dragons vs. Floydada Whirlwinds.
What—District 4-B Conference game.
When—8 o'clock Friday night.
Where—On Wester Field under the lights.

After Flomot comes Paducah according to the schedule. The Dragons are going to be primed and cocked to "bump off" the whirling Whirlwinds just because Floydada has a chance to win the district gonfalon.

The Dragons have run into some tough sledding in their last three games after a rather impressive start. Silverton was downed 20 to 0 by the Dragons to open the conference race but then went to Wellington to be powerhouse by the Rockets 47 to 0.

Flomot rebounded from the Spur defeat to trample the Paducah boys into a 24 to 6 defeat and then Estelline slapped the whitewash on to the tune of 18 to 0. Thus Paducah stands one up and two down in the conference standing column.

Floydada Better Off
The Whirlwinds have had a little better luck. Estelline was shoved into the defeat column on penetrations after holding the Whirlwinds to a 6-6 score. The Lockney Longhorns had less luck and lost by a touchdown to the Whirlwinds on a misty, cold day.

The Turkey Turks scratched and threatened to outlast the Whirlwinds but lacked the fire to hold the Floydada team the last eight minutes and went down 12 to 6.

Flomot did what Estelline, Lockney, and Turkey failed to do, after 36 minutes of play, shoved over a touchdown with 30 seconds left for the Whirlwinds on the watch.

Dope Goes as You Please
Floydada beat Estelline and Estelline

tor of Raphael Boudreau. Here is what Keith says.

"In Raphael Boudreau, stoccy, junior back, University of Oklahoma believes it has the finest placekicker the Big Six conference has seen in years. The sure toed automatist is after Ray Courtright's school record of seven field goals established back in 1911, 1912, and 1913 when Bennie Owen was coaching the Sooners."

"Boudreau has never missed a point after touchdown for Oklahoma. Also the kicking Frenchman has booted three field goals for the Sooners. As a sophomore in 1935, he won the Colorado opener with a 40-yard field goal from placement; he hit a 22-yard boot for three points against Iowa State the same year, and only last Saturday (Oct. 23) placekicked 30 yards against the Kansas Jayhawkers."

"All his life, Boudreau has been a punter. At Purcell, Okla. high school in 1933, he fielded the opening kickoff against mighty Oklahoma City Central, waited until the city boys were almost on top of him, and then lifted a 71-yard punt over their heads and out of bounds on the Oklahoma City 14-yard line. Behind that magnificent boot, Boudreau then went to run, kick and pass the little Purcell team to a 19 to 0 triumph, one of the biggest football upsets ever scored by an Oklahoma high school. But not once when he was in high school did he try to placekick."

Mr. and Mrs. Lucian Wheeler, of Lubbock spent Friday night here with her sister Mrs. P. M. McCarty and family. Mr. and Mrs. Wheeler were enroute home from the Rio Grande Valley where they have been visiting Mr. Wheeler's mother and, Mother, the past ten days.

OATMEAL SOLVES THE ROAST STUFFING PROBLEM

There's a big saving that a roast turkey makes possible, and it depends on nothing more than the pluck to the stuffing of oats, prepared in other seasons. For food and health, are numerous seasons, or poultry, chestnuts, eggs, celery, or parsley. A sage favorite of many is toast stuffing, simple to prepare and wonderfully good as a duck dressing. It is prepared from the following ingredients: 2 cups toasted bread crumbs, 2 cups Quick Oatmeal, 1/2 cup butter, 2 teaspoons chopped onion, 1/4 teaspoon sage, 2 eggs slightly beaten, 1/2 teaspoon black pepper. Melt the butter in a frying pan, brown and brown. Add oats and onion, crisp. Mix with bread crumbs, parsley and egg and then stuff the fowl.

County Has 11,416 Bales Ginned Now

One-Third of Cotton Crop Is Gathered Ginners Estimate

Aiken Gin Burns Threatening Weather Hastens The Harvesting Of The Cotton Crop

The Floyd County gins have been setting a steady pace since Monday of last week when they began all right runs. The gins over the county give a total estimate of 11,416 bales ginned since the season began. The reports are as follows: Lockney 2700 bales, Aiken 800 bales, McCarty 1104, Lakeview 579 bales, Dougherty 850 bales, South Plains 600 bales, Edgin and Fairmount 1000 bales. The three gins in Floydada give a total of 3,783 bales.

Aiken Gin Has Fire

The only casualty among the gins of the county Friday night when fire broke out in the round bale house of the new Whitfill Gin at Aiken and caused approximately \$15,000 damage to the gin and its equipment has already arrived and is partially in place. The gin is expected to be ready for operation Monday morning.

The fire broke out in the round bale house while the square bale press was in operation and therefore escaped notice until it was well underway. The Lockney fire department made the run out there but was hampered by the lack of an adequate supply of water with which to fight the blaze.

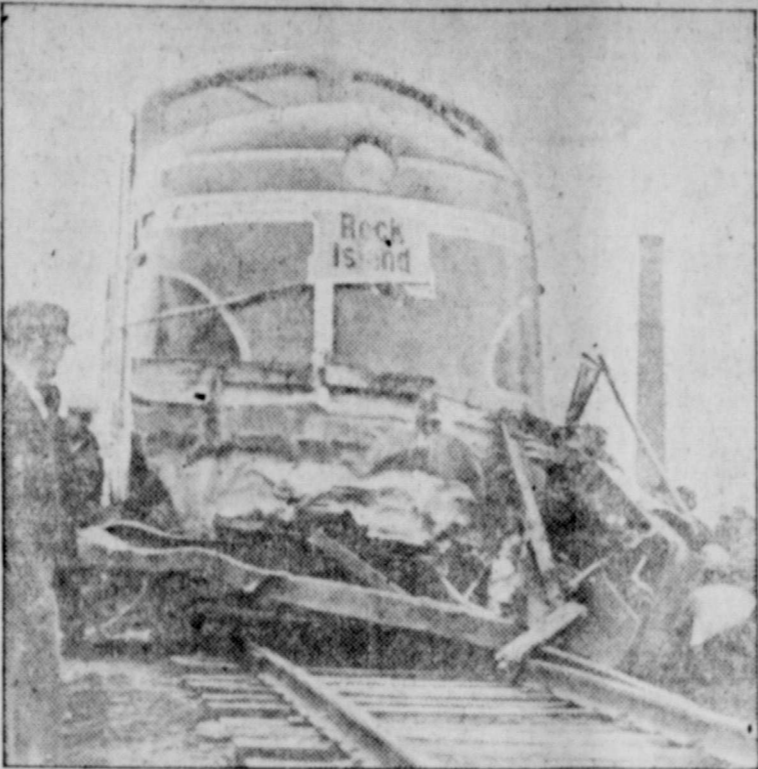

Wagons Stand In Rows

The gins in Floydada were crowded with loaded wagons and trailers. Some of the yards had as many as 50 wagons and trailers waiting in lines to get under the "suction" and to be unloaded.

The gins have two and three suction pipes to use in unloading but even this will not handle the supply of cotton that is being brought to the gins. At one gin wagons were parked in three rows, each row reaching nearly to the scale house.

One ginner said that "the pickers are getting the cotton picked faster than the gins can gin it". Some of the gingers report that there is still some demand for pick-

Ten Die As Train Hits Bus

Seven high school students, two teachers and a bus driver were killed as a Rock Island streamlined train crashed into a bus at a Mason City, Ia., crossing, leaving only the twisted, battered wreckage of the wooden coach shown above. The students were on an inspection tour of industrial plants when the accident occurred.

Lester and Miss Taylor, play exchange committee. A committee to select the plays is composed of Miss Gladys Ford, Miss Ruth McCormick and Mrs. S. M. Lester. The director is to be appointed by this committee.

The Dramatic club will guarantee eight plays for the coming year. Season tickets will be sold \$1.00 per family. Those who do not buy season tickets will be charged thirty-five cents per family or ten cents each.

Sand Hill's first play "Aunt Abbie Answers an Ad" will be presented at Liberty early in December. We urge that everybody that can, attend these plays and enjoy a night of laughter.

Mrs. Ruby Lancaster of Lockney spent last week with Mr. and Mrs. Truman Dillard.

Mr. and Mrs. G. I. Wood and son, Raymond and Mr. and Mrs. Ben Payne of this community spent Sunday with Mr. and Mrs. E. D. Walker and children of Silverton.

Mr. and Mrs. J. D. Jackson of Lockney visited Mr. and Mrs. C. L. McCormick Sunday.

Little Ella Marie Fortenberry of the Cedar community spent Sunday with little Thelma Dean Dillard.

Mr. and Mrs. C. V. Ford and Mr. and Mrs. S. M. Lester and daughter Martha, attended the 4-county singing convention at Sand Hill Sunday.

Sunday dinner guests of Mr. and Mrs. Clifton Gilly were Bishop Wigington and family and Clarence Strickland and family of the Cedar community.

Mr. and Mrs. Pete Calaway and Mrs. Dora Brown spent Sunday afternoon in the R. L. Orman home of South Plains.

Ray Warren and son T. R. and Lyndel, spent Sunday in Lamb county. They were accompanied by Marvin Holmes and sons.

The grand-baby of Mr. and Mrs. L. Watkins has been very ill this week.

Mrs. Delbur Rose of Ramsey is visiting her parents Mr. and Mrs. S. M. Lester this week.

Mrs. Edna and E. Meeks of Fairview and Edna and Doris Huckabee of Floydada spent Tuesday with Mrs. Otis Huckabee and harvested their beans, since Mrs. Huckabee of Floydada spent Tuesday with her little daughter, Nita who has been very ill. Mrs. Huckabee certainly appreciates their thoughtfulness and work.

Mr. and Mrs. R. H. Ford visited Mr. and Mrs. G. L. Moreland of Dougherty Sunday.

Claude Gene and Charles Hammitt of the Cedar Hill community spent last week with their grandparents Mr. and Mrs. C. V. Gilly.

WHY BE CARELESS

Why are you so careless! We just simply throw down our waste paper without thinking. It is not our intention to mess up the school room or the grounds but it is more of a habit. I wonder what visitors think of the appearance of the ground and the rooms. The good spirit (and we do have this) forms a contrast to neatness in our school. The new teachers are always ready to declare our spirit unusual. Why don't we keep everything neat and be complimented.

Just as we judge other people the first time we see them so are we judged by visitors. Let's think about this mess and not throw our waste out the windows after lunch. One teacher wrote a note on a blackboard asking us to throw our waste in the middle of the room rather than behind the radiators. However we do not need to do this because in each room there is a waste paper basket that we have to pass by as we enter and leave the rooms. It would be no more trouble to put the waste in the basket than it would to throw it on the floor.

This is not only for appearance but for courtesy as well. There is not a teacher here that does not like his or her room kept clean and neat. It is our duty to help them in every way we can.

Throwing our paper in the waste basket is the best way to begin.

Library Notes

Up to-date concerns are usually the best. Each is our library. New methods of library work are observed, new books are supplied, and the nations best and most popular magazines are kept for the benefit of students.

Among the magazines received in the library are Time, Liberty, Literary Digest, Reader's Digest, Harper's Magazine, Correct English, The American Legion, The Rotarian, Scholastic, Hygiene, Nation's Business and Popular Mechanics.

The library also takes the Amarillo Daily News and the Hesperian. By this means students are enabled to keep abreast of the times, even though they may not have the opportunity that books and magazines afford, in their own homes.

Hit Of The Week

Remember Me?
 Don't you remember one September afternoon? I stood with you, and listened to a wedding tune. And didn't I go with you on your honeymoon? Remember me?
 Don't you recall, a cottage small, upon a hill? Where everyday I had to pay another bill. And if I'm not mistaken dear, I pay them still.
 Remember Me?
 I can see, that little angel on your knee. Can't you see, he kinda sorta looks like me? For I'm the boy whose only joy is loving you. Who worries till he hurries home when day is through. And I'm the guy you give your Goodnight kisses to—Remember Me?

Floydada And Paducah Play Here Tomorrow In Conference Game

The fighting bunch of Whirlwinds will meet Paducah in what promises to be a good game.

Floydada has played four conference games to date losing one last week to Flomot. Paducah has been defeated twice by Estelline 18-0 and Flomot 24-6. They defeated Silverton by a score of 20-0.

Everybody come out and see the Whirlwinds beat the sox off of Paducah. We hope.

Floydada Loses Thriller to Flomot
 The Floydada whirlwinds held the Flomot Longhorns 58 minutes then let Brown run around end for 20 yards and a touchdown.

The Whirlwinds, underdogs, nearly upset the dope-bucket when they held Flomot to a scoreless tie until the last minute, losing the ball on the 30 yard line. Flomot was penalized 5 yards for offside. The game was completely tied up the penetrations 2-2 and the first downs even. Flomot went to the 20 yard line. On the next play Brown ran around right end for 20 yards and a touchdown. On this play Brown was knocked out when hit by Luder, who was also hurt on this play.

Ammonette was also injured on this play. After the game it was discovered that his knee was in a pretty bad shape and that he might not be able to play against Matador next week.

The Whirlwinds deserve credit for what they did the first 58 minutes for there was perfect blocking and tackling. Each one did his part when they were called upon.

Starting lineup for Floydada: Orman—End, Williams—Tackle, Martin—Guard, Montgomery—Center, Jarboe—Guard, Rainer—Tackle, Smith—End, Wilson—Quarter Back, Hollingsworth—Half-back, Beard—Half-back, McClung—Full-back.

Presenting The Whirlwinds

Fred Beard: Weight, 125 lbs.; Height, 5 feet 6 inches; Playing Experience, one year; Position, Halfback; Ambition—to be an all American halfback; Hobby—Wearing "stretchers" suspenders.

James Gibbs: Weight, 135 lbs.; Height, 5 feet 8 inches; Playing Experience, one year; Position, Quarter Back; Ambition, To own a stock farm; Position, Guard; Hobby, Making a bigger and better Junior class president.

Robert Montgomery: Weight, 135 lbs.; Height, 5 feet 8 inches; Playing Experience, one year; Position, center; Hobby, Talking to Sappho in typing class; Ambition, To pick 300 lbs. of cotton.

Senior Class

The senior class is really pepping up. Just watch the enthusiasm leap into our eyes when the word "rummage sale" are mentioned. The class is busy making posters for advertising. The president, Virgil Orman, made a list in check about our willingness to work and cooperate with the sponsors. The class is waking up! At first we were busy with other things, but not now. We have a plan in mind that no other Senior class has ever conceived. It will if it works, be beneficial to the entire school.

CARD OF THANKS

The junior class would like to thank the students of F. H. S. and the public for the part they played in helping the class put on their carnival. Without your help we would never have put the Halloween carnival over. Especially do we appreciate your good spirit and your presence.

The F. F. A. Project markers came Monday and the boys will have them up soon. These markers are about twelve inches by six inches and will be put up on post on the form where each F. F. A. project is located.

The second year classes have started their supervised projects jobs and have selected the ones they will do this year.

The F. F. A. boys have got their band started. This is largely harmonicas. It is also starting Louie Caffee playing the rubboard.

Seniors Prepare Rummage For Sale

Have you ever attended a rummage sale? I mean a real rummage sale! The senior class is giving you the opportunity Nov. 6 in the Brown Brothers building on California St. The building is between White Drug and Bishop's Pharmacy. The location is ideal and the merchandise is the most desirable ever. There is to be everything you can imagine on sale. Why not buy some Christmas gifts now?

There are vases of all descriptions, dresses as good as new, shoes no one would be ashamed of, hats which simply take your breath away dishes of rare quality, silverware for a party, boots in the worst weather, cosmetics like the ones used by the stars, food that simply melts in your mouth, coats warm enough for use at the North Pole, accessories to match every dress, gloves for every occasion, pens that would look pretty in a living room, pencils and fountain pens guaranteed for years, and anything you want in the best quality.

This sale is for everyone. There will be things for each member of the family. You can get more for less money there than anywhere else. So "come one come all." This will be the best sale ever in Floydada.

Band Notes

Last Tuesday night, the band played for the Chamber of Commerce when Dr. Hill of Canyon spoke to them. We all enjoyed this very much and hope that we can be of service some other time when they see fit to call on us. We are always glad to help out in any way we can.

The band would also like to thank the Chamber of Commerce for the big part they are taking in securing money for our uniforms. We know they are doing every thing they can to help us out and we certainly appreciate it. Perhaps by our playing at their meeting Tuesday and by doing other things we can show some appreciation for this good deed they are doing for us.

JUNIOR PLAY

The Junior class is going to present a play November 19, "that will knock your hats off." The title of the play is "Heart Exchange." A good cast has been picked and it is working hard to make the play a success.

The cast has been selected and consists of the following Jack McIntosh, Judson Abernathy, James Burrus, Harold Cothern, Robert Scott, Olin Watson, Dorothy Dell Stovall, Mary Kay Daniell, Sappho Ward, Nell Patton, Gloria Hammonds, Ester Finkner.

The money that is made from this play will go towards funds for the Junior-Senior banquet.

Bob Teal and Dee Adams from W. T. S. T. C. visited friends and relatives during the week end.

We wonder what part of vacations Mr. Cummings likes best. Maybe it's the pretty brides.

Sophomore Joe Conway has really been stepping out lately. He seems to be making quite a reputation for himself.

That senior rummage sale has me guessing. I must see what it's all about when comes Saturday, November 6.

Why must all these senior girls be going to Cedar Hill and Lakewood to spend week-ends? Virginia and Iva, you'd better explain, or we shall forever be wondering.

I wonder if some day grasshoppers won't eat the barbs off of barbed wire fences.

We heard someone say that she had already seen the sweater that she was going to buy at the senior sale.

Three "rahs" for the hobo stew we had at Bobby's. Everybody reported a grand time, and may we have some more.

It seemed quite appropriate for Jenny and Gerald to be the victims of the mock wedding, from what your reporter has been hearing.

Leeman kinda had a good time Wednesday night at the "Hobo Stew."

It's getting to be a fad carrying a horse shoe-rabbit's foot combination.

Down with the Senior flag and up with the Junior flag. That's our motto. The Junior class just can't be downed.

Legs, why do you let Beth two-time you? We are really surprised at you. Come on show some spunk and go with some other girl.

Gibbs, can't you take a hint? About half the girls in the Junior class want to go with you.

It seems that at the Junior carnival a certain little blond gal that taps really got the dirty looks. (Reid is that nice.)

Just who fights more each time they go with each other? Maybe Ham you and Moody ought to try going with some one else for a change? It usually works.

It seems that some teacher had a sudden inspiration to clean the flower vases. Take the hint, if you please, and bring Miss Rees some flowers.

The juniors really got "het up" when they saw in the paper "Seniors this'n Seniors that" Shows that the senior class is doing things no?

It seems that those who ate candy in class find a bad taste in their mouths.

How, for instance would a certain Junior boy mark time?

What junior boy is forever hitting someone on the hand?

Chapel

The band played a snappy march as the student body filed in to the auditorium and took their seats. Then Mr. Grumish lead the assembly in several songs.

The program was then turned over to Adolph Burgett, representing the Hi-Y club who announced a number by the band. Following this a scripture was read by W. C. Boren, and Mr. Cummings led in prayer. The program was then turned over to the Junior class.

The class president, James Gibbs, took charge and was assisted in advertising the Junior carnival by Jo Troutman, Bobby McIntyre and Charles Nickles. After some brief announcements by Mr. Cummings and Mr. Davis, the assembly was dismissed.

Press Club To Attend Journalism Clinic At Texas Tech Friday

Friday is the long-looked-for day for the editors and the assistant editor of the Hesperette: Miss Rees, sponsor, is taking the editors, Mary Wilson Hicks and Thomastine Cox, the assistant editor and the sports editor, Leeman Norman Sappho Ward to Lubbock to attend the press meeting sponsored by Journalism Department of Texas Tech. It is called the West Texas Scholastic Press Clinic.

It is a two-day affair with intellectual discussions both days. The meeting is for sponsors and staff members.

Mrs. Ross Ayers, president of the clinic, will be assisted by Mr. Cecil Horn head of the Journalism Department of Texas Tech. This should be highly beneficial because the problems will be those which arise every day, and which would really improve our paper.

FOREIGN LANGUAGE CLUB

The Foreign Language Club met Tuesday of last week. President Norman presided over the meeting. It was decided that any member of the club being absent as many as three times without an acceptable excuse, be dropped from the club.

If any of the members fail to have their part on the program, or are absent at a meeting, they will be fined five cents. This concluded the business meeting.

La Verne Russell presided over the program which consisted of Latin Customs, Leila Faye Hicks; and Spanish Customs, Jack McIntosh.

The Arden Club

The Arden club met at 7 o'clock in Floydada High School auditorium on Monday night November 1, for a regular meeting. The topic of the program was "Travel in Alaska," with discussions on the "Flowers and Wild Life" the Frontier Life" and the Towns and Industries."

Bobbie McIntyre Entertains
 Monday night, October 25, Miss Bobbie McIntyre entertained a group of her friends at the home of her parents, Mr. and Mrs. Maxwell, on Mississippi Street.

The following were present: Gloria Hammonds, Marguerite Leonard, Beth Newton, Aileen McIntyre, Reid Strickland, Ham Smith, James Fry Gibbs, Keith Tye, Somer Hollingsworth, Moody Williams, and Charles Nickles.

Who

Who groans and groans over creaky bones? It might be some senior girls who tried their luck at cotton-picking, Saturday.

Who were those "hair-raising" ghosts seen on the streets Sunday night? We didn't believe in ghosts, but seeing is believing, you know.

Who was the little visitor in foods class Monday? Bobby Ned is a fine customer, to say the least.

Who thinks Dr. in bookkeeping means doctor? Maybe a smart bookkeeper (Lynn C.) would know.

Who says, "I don't want to get dizzy, but I can if you insist?"

Who (two band members) skipped the ball game to pick cotton?

Who had and idea when the bell rang?

Who tried to climb upon a horse by means of a step ladder in blackest night?

Who says, "Bahoo bahee?"

Who (a junior girl) was terribly happy over a mere ring?

Who got his boots filled with water?

Who just couldn't make the grade Wednesday? That's all right Reid, don't let it stop you.

Of Vocation For Life Important, Dr. Hill Declares

Widely-Known West Texas Educator Says Plan Now, Build for Strong, Reliable Character

Mary Wilson Hicks, Co-editor of The Hesperian, presided at the special chapel was held Tuesday morning in honor of Dr. Hill, President of W. T. S. T. C. in Canyon. Accompanying the president were Mrs. Hill and Miss Hibbitts of the educational department of the college.

The assembly entered the auditorium, the band played a rousing march. After a number of songs sung, a devotional reading by Mrs. C. Boren, and a prayer by Mr. Boren, the speaker Dr. Hill, was introduced.

Dr. Hill opened his talk by an "acquainted" talk. He read the names of students from Floydada, are attending college in Canyon. He noted that 40 students were from Floyd County, 20 of whom are from Floyd County each year.

The speaker observed that most of us would be choosing our life's work within a very few years, and that we choose will in a large measure determine the happiness of our lives and our oved ones. He urged that we consider three things if we would enjoy life to the fullest.

First, choose a vocation, he said. It is like so many are doing, drift into something, but know what you are doing. In choosing your vocation, find something that is beneficial and that will bring happiness and satisfaction; secondly, find something you like to do more than anything else.

Third, if you are to enjoy success, you should have a happy marriage and a happy home. Plan now for a home and build for strong, reliable characters. If you are tempted by things that destroy character, fight against them. If strong temptation comes, fight it. If you are a person who can hope to be a good character, meeting with success, if you don't drink to pull him down, don't be discouraged. "Trust in the Lord and fight like the devil," suggested as a good motto.

Dr. Hill mentioned several times now is the time to invest our money in a worthwhile work. Start now to be useful he stated. Sacrifices will have to be made in the end we will have success, if it is possible for each of us.

Mrs. J. V. Brown of Waxahatchee left Wednesday for their after visiting here for the past week with their daughter, Mrs. Noel Smith and family. Mr. and Mrs. Smith accompanied them to Park for a visit with Mr. Smith's mother.

Mrs. A. B. Keim and family, Frances, accompanied by guests, Mr. and Mrs. L. E. Hill, visited Sunday in Tulla. Mr. Keim's sister, Mrs. Dennis Norman and other relatives.

Mrs. J. E. Laughlin left for their home in Waco, spending the past ten days with their daughter, Mrs. A. Keim and family.

Mt. Blanco News

Church News

Rev. W. C. Willis of Crossroads preached here Sunday. The congregation was small, probably because it was the fifth Sunday and no church was expected.

The carnival Saturday night was enjoyed by all present and especially the children. C. M. Norris Jr., received first prize for the most appropriate costume and Glenn Edwin Trammel received second prize.

Locals

Mt. Blanco was well represented at the Crosbyton Halloween Carnival last Friday night, the following being present: Misses Ila Acker, Oma Lee and Viola Watson, Modena Hartzell, and Inez Mosley, Mrs. Tilford Taylor, and Ozena and Ora Nell; Mrs. Verie Reagan and Irene and Pauline, Mrs. Mary Kirk, Eris and Billy, Mrs. S. G. Appling, and Wayne, Mrs. W. A. Latta and Anthony, Bill Norris and Carlee Banks.

Dennis Taylor from Lubbock and Miss Estelene Hartzell from Plainview spent the week end here with their parents.

Mrs. Will Griffin of Wake was a visitor in Mt. Blanco Sunday. Mr. and Mrs. C. A. McClure and family spent the week end in Amarillo.

J. T. Singleton Jr., from Texas Tech spent Friday night with home-folks.

Mrs. Earl Bishop and Mrs. Davis spent one day last week with Mrs. T. R. Elder.

Mr. and Mrs. Thurman Carter of Plainview visited Sunday with Mr. and Mrs. Bert Affleck.

Mrs. S. J. Latta and little daughter and Mr. and Mrs. Bill Wagner spent Sunday afternoon in the S. G. Appling home.

Mr. and Mrs. W. C. Willis and baby daughter of Crossroads were dinner guests Sunday of Mr. and Mrs. J. J. Moseley.

Visitors Sunday afternoon in the Gene Brown home were Mr. and Mrs. R. B. Smith and Mr. and Mrs. T. R. Elder.

Mr. and Mrs. Frank Smith and children visited in the Edd Robinson home Sunday.

Mrs. J. H. Watson is on the sick list.

Mr. and Mrs. Evert Rogers spent Sunday in the W. H. Brents home.

Mr. and Mrs. D. F. Rogers, Miss Opal Rogers, and Reamer Rainer visited in Canyon last week.

J. H. Watson and Raymond Watson were in Lubbock Friday.

Mrs. Tilford Taylor was in Lubbock and Ralls Monday.

Mrs. Chesley Sullivan returned to her home in Dallas Saturday. She had spent the past week here with her mother, Mrs. E. P. Stovall and other relatives.

Brings Charges

Following her charges that 62 girl inmates of the Kansas State Industrial School for Girls at Beloit, Kan., had been sterilized by state authorized operations, Mrs. Kathryn O'Loughlin McCarthy, top photo, has demanded a state investigation of the school and reform of the Kansas sterilization law. Mrs. Blanche Peterson, lower photo, new superintendent of the institution, has ordered all operations at the school stopped.

Christian Character and Peace

Golden Text.—And let the peace of God rule in your hearts to the which also ye are called in one body.—Colossians 3:15.

Lesson Text.—Colossians 3:1-17.

If ye then be risen with Christ, seek those things which are above, where Christ sitteth on the right hand of God.

2 Set your affection on things above, not on things on the earth.

3 For ye are dead, and your life is hid with Christ in God.

4 When Christ, who is our life, shall appear, then shall ye also appear with him in glory.

5 Mortify therefore your members which are upon the earth; fornication, uncleanness, inordinate affection, evil concupiscence, and covetousness, which is idolatry.

6 For which things' sake the wrath of God cometh on the children of disobedience:

7 In the which ye also walked some time, when ye lived in them.

8 But now ye also put off all these, filthy communication of your mouth.

9 Lie not one to another, seeing that ye have put off the old man with his deeds;

10 And have put on the new man, which is renewed in knowledge after the image of him that created him;

11 Where there is neither Greek nor Jew, circumcision nor uncircumcision, Barbarian, Scythian, bond nor free: but Christ is all, and in all.

12 Put on therefore, as the elect of God, holy and beloved, bowels of mercies, kindness, humbleness of mind, meekness, longsuffering;

13 Forbearing one another, and forgiving one another, if any man have a quarrel against any: even as

Christ forgave you, so also ye do. 14 And above all these things put on charity, which is the bond of perfectness.

15 And let the peace of God rule in your hearts, to the which also ye are called in one body; and be ye thankful.

16 Let the word of Christ dwell in you richly in all wisdom; teaching and admonishing one another in psalms and hymns and spiritual songs, singing with grace in your hearts to the Lord.

17 And whatsoever ye do in word or deed, do all in the name of the Lord Jesus, giving thanks to God and the Father by him.

Time and Place.—The Epistle to the Colossians was written from Rome, by Paul, about A. D. 62.

The subject over which the entire world shows the greatest concern today, is peace. It is obvious that nations, even though they be fully-armed and outwardly preparing for war, want to avoid it.

A hundred things have happened during the last few years that prior to the World War would have quickly brought declarations of war and put nations in deadly conflicts. The World War revealed in some measure what modern warfare means, and no nation welcomes it, particularly if it involves attack or defense against a formidable foe.

But our lesson enforces insistent and persistent questions. Can nations that think war, that talk war, and that are armed to the teeth, secure and maintain peace? Can mankind be free from strife among nations if there be strife and warfare among individuals? Is world peace a desirable condition of blessedness that comes through taking about it, through the machinery of treaties and World Courts and Leagues of Nations, or is world peace something that depends fundamentally on men for peace and good will?

It is not difficult to answer these questions. In fact, they are answered in the history of the world and in the course of daily life. If we would attain any real peace, it must come through better relationships among men and through the casting out from human life of the things that make for war.

What are these things? They are things that are associated with evil in general; covetousness, and worldly ambition for wealth and power, greed and selfishness, disregard of the rights and liberties of others, angry and passionate tempers, the spirit of malice, lack of forbearance and consideration for others; these are things that make for strife in communities, in nations, and among the nations, in a world that has increasingly become one community.

If the peace of Christ ruled in the hearts of men, these things could not be so. If the word of Christ dwell in us all, we could not live upon a plane of violence.

But some one will say, "Have not Christian nations been among the worst offenders? Do not Christian preachers and teachers sanction and bless wars in which their country happens to be engaged?"

Yes, this is true. Sadly one must confess it; nor can we here discuss the citizen's practical duty when his nation is attacked or is at war. Situations arise that are complex and difficult, but one thing is certain the spirit of Christ and of Christian teaching is opposed to the spirit of war and violence.

We must see, too, that we do not sanction such things in the name of Christ. If there have been so-called "holy wars," it was not war that was holy, but the unselfish devotion to some high cause and the willingness of those who championed it to suffer or die for it.

We should go a long step toward ending war if we took from it the tinsel and the glory and the blessing of the church. Even if we could conceive of war to be under certain circumstances unavoidable, it would make a great difference if we regarded it as a matter of stern and terrible necessity rather than anything inherently right or noble, or in any sense holy.

Former Floyd Co. Youth Buried Here October 23

Eugene Massie, 15 year old son of T. W. Massie died Friday night in a Lockney clinic and was buried Saturday, October 23, in the Floydada cemetery, by his mother who preceded him in death ten years ago. The deceased spent the larger part of his life in and near Floydada. Three years ago he, with his family moved to the Sand Hill community and from there they moved to Lockney. He was a Freshman in the Lockney High School at the time of his death.

He is survived by his father, and three brothers, Jessie of Fort Worth, Ira and Everett both of Columbus, Mississippi; three step-sisters, Ethel Mae Battey of Floydada; Nina Stapp and Ora Hide, both of New Castle. All were present at the funeral except Ira and Everett Massie.

Funeral arrangements and interment was in charge of Crager Funeral Home, at Lockney.

THANK YOU, FRIENDS

In the hearts of our friends We found sweet relief; Light of love, Beyond belief.

"Sleep," said the angel To dear Weldon Ray; "Wake," said the voice Eternal Day.

So with gratitude Our thanks go to you God bless you, friends, Is our prayer for you.

Maxine Fry Named For "Who's Who Among The American Colleges"

LUBBOCK, Texas, Oct. 22.—Miss Maxine Fry, daughter of Mr. and Mrs. R. E. Fry, Floydada, is one of nineteen senior and junior students of Texas Technological College whose names will appear in the February issue of 'Who's Who Among American Universities and Colleges.'

Miss Fry, president of the student body, is the first woman to hold that office in the history of Tech. She was elected by preferential student vote last spring. She is a senior journalism major, vice-president of the Women's Dormitory association, and member of Las Chaparritas, campus social organization for women. She is among 30 seniors living in the women's residence hall who last week were given special privileges because their scholastic average is "B" or above.

Students were selected by deans of the four divisions of the college on the bases of character, scholarship, possibility of future usefulness to business and society, and leadership in extra-curricular activities such as politics, athletics, society, and religion.

The book, containing biographical sketches of students, and information on colleges represented, will be published by the university of Alabama.

MR. AND MRS. FRY ATTEND HOMECOMING AT BAYLOR

Mr. and Mrs. R. E. Fry left last Friday for Waco to attend the Homecoming of ex-students of Baylor University and the football game between Baylor and T. C. U.

Mr. Fry's nephew, Malcolm Linder, sophomore student at Baylor played on the Baylor team.

While gone Mr. and Mrs. Fry also went to Temple where Mrs. Fry is going through a clinic.

GUESTS SUNDAY

Mr. and Mrs. S. W. Ross had as their guests Sunday their daughter, Miss Mary Anna, student in W. T. S. T. C. college at Canyon, Mr. and Mrs. F. M. Shenefelt of Amarillo, Mr. Shenefelt's parents, Mr. and Mrs. Shenefelt of David City, Nebraska, Mr. and Mrs. Hugh Griffiths of Plainview and White Griffiths of Canyon. The Messrs. WHY BE CARELESS

Why are you so careless? We just simply throw down our waste paper without thinking. It is not our intention to mess up the school room or the grounds, but it is more of a habit. I wonder what visitors think of the appearance of the ground and the rooms. The good spirit (and we do have this) forms a contrast to neatness in our school. The new teachers are always ready to declare our spirit unusual. Why don't we keep everything neat and be complimented.

Just as we find other people the first time we see them as we are guided by visitors. Let's think about this more and not throw our socks out the windows after lunch. One teacher wrote a plea on a blackboard asking us to throw our names in the middle of the room rather than behind the radiators. However we do not need to do this because in each room there is a waste paper basket that we have to pass by as we enter and leave the rooms. It would be no more trouble to put the paper in the basket than it would to throw it on the floor.

This is not only for appearance, but for courtesy as well. There is not a teacher here that does not like his or her room kept clean and neat. It is our duty to help them in every way we can.

Throwing our paper in the waste basket is the best way to begin.

Library Notes

Up to-date concerns are usually the best. Such is our library. New methods of library work are observed, new books are supplied, and the nations best and most popular magazines are kept for the benefit of students.

Among the magazines received in the library are Time, Liberty, Literary Digest, Reader's Digest, Harper's Magazine, Current English, The American Legion, The Rotarian, Scholastic, Hygiene, Nation's Business, and Popular Mechanics.

The library also takes the Amarillo Daily News and the Hesperian. By this means students are enabled to keep abreast of the times, even though they may not have the opportunity that books and magazines afford, in their own homes.

HOW BANKS MAKE DOLLARS GO FARTHER AND DO MORE . . .

Give a man a lever and he can lift with the strength of ten.

A bank is a community lever which gives one circulating dollar power equal to that of from 70 to 100 dollars working without banking facilities.

When you use your bank to accumulate funds for the future, it is a lever in your hands. When you keep money in a checking account, or use any other of the bank's departments or services, you are not only helping yourself, but you are rendering a service to the entire community.

Floydada And Paducah Play Here Tomorrow In Conference Game

The fighting bunch of Whirlwinds will meet Paducah in what promises to be a good game.

Floydada has played four conference games to date losing one last week to Flomot. Paducah has been defeated twice by Esteline 18-0 and Flomot 24-6. They defeated Silvertown by a score of 20-0.

Everybody come out and see the Whirlwinds beat the Sox off of Paducah. We hope.

Floydada Loses Thriller to Flomot
 The Floydada whirlwinds held the Flomot Longhorns 58 minutes then let Brown run around end for 20 yards and a touchdown.

The Whirlwinds, underdogs, nearly upset the dope-bucket when they held Flomot to a scoreless tie until the last minute, losing the ball on the 30 yard line. Flomot was penalized 5 yards for offside. The game was completely tied up the penetrations 2-2 and the first downs even. Flomot went to the 20 yard line. On the next play Brown ran around right end for 20 yards and a touchdown. On this play Brown was knocked out when hit by Linder, who was also hurt on this play. Ammonette was also injured on this play. After the game it was discovered that his knee was in a pretty bad shape and that he might not be able to play against Matador next week.

The Whirlwinds deserve credit for what they did the first 58 minutes for there was perfect blocking and tackling. Each one did his part when they were called upon.

Starting lineup for Floydada: Orman—End, Williams—Tackle, Martin—Guard, Montgomery—Center, Jarboe—Guard, Rainer—Center, Smith—End, Wilson—Quarter Back, Hollingsworth—Half-back, Beard—Half-back, McClung—Full-back.

Presenting The Whirlwinds

Fred Beard: Weight, 125 lbs.; Height, 5 feet 6 inches; Playing Experience, one year; Position, Halfback; Ambition—to be an All American halfback; Hobby—Wearing "stretch" suspenders.

James Gibbs: Weight, 135 lbs.; Height, 5 feet 8 inches; Playing Experience, one year; Position, Guard; Hobby, Making a bigger and better Junior class president.

Robert Montgomery: Weight, 135 lbs.; Height, 5 feet 8 inches; Playing Experience, one year; Position, center; Hobby, Talking to Sappho in typing class; Ambition, To pick 300 lbs. of cotton.

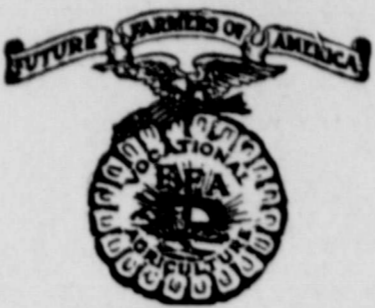

Senior Class

The senior class is really pepping up. Just watch the enthusiasm leap into our eyes when the word "rummage sale" are mentioned. The class is busy making posters for advertising. The president, Virgil Orman, made a talk in check about our willingness to work and cooperate with the sponsors. The class is waking up! At first we were busy with other things, but not now.

We have a plan in mind that no other Senior class has ever conceived. It will, if it works, be beneficial to the entire school.

CARD OF THANKS

The junior class would like to thank the students of F. H. S. and the public for the part they played in helping the class put on their carnival. Without your help we would never have put the Halloween carnival over. Especially do we appreciate your good spirit and your presence.

The F. F. A. Project markers came Monday and the boys will have them up soon. These markers are about twelve inches by six inches and will be put up on post on the form where each F. F. A. project is located.

The second year classes have started their supervised projects jobs and have selected the ones they will do this year.

The F. F. A. boys have got their band started. This is largely harmonicas. It is also starting Louie Caffee playing the rubboard.

Seniors Prepare Rummage For Sale

Have you ever attended a rummage sale? I mean a real rummage sale! The senior class is giving you the opportunity Nov. 6 in the Brown Brothers building on California St. The building is between White Drug and Bishop's Pharmacy. The location is ideal and the merchandise the most desirable ever. There is to be everything you can imagine on sale. Why not buy some Christmas gifts now?

There are vases of all descriptions, dresses as good as new, shoes no one would be ashamed of, hats which simply take your breath away dishes or rare quality, silverware for a king's table, boots which would send anyone in the worst weather, cosmetics like the ones used by the stars, food that simply melts in your mouth, coats warm enough for use at the North Pole, accessories to match every dress, gloves for every occasion, pens that would look pretty in a living room, pencils and fountain pens guaranteed for years, and anything you want in the best quality.

This sale is for everyone. There will be things for each member of the family. You can get more for less money there than anywhere else. So "come one come all." This will be the best sale ever in Floydada.

Band Notes

Last Tuesday night, the band played for the Chamber of Commerce when Dr. Hill of Canyon spoke to them. We all enjoyed this very much and hope that we can be of service some other time when they see fit to call on us. We are always glad to help out any way we can.

The band would also like to thank the Chamber of Commerce for the big part they are taking in securing money for our uniforms. We know they are doing every thing they can to help us out and we certainly appreciate it. Perhaps by our playing at their meeting Tuesday and by doing other things we can show some appreciation for this good deed they are doing for us.

JUNIOR PLAY

The Junior class is going to present a play November 19. "That will knock your hats off." The title of the play is "Heart Exchange". A good cast has been picked and it is working hard to make the play a success.

The cast has been selected and consists of the following: Jack McIntosh, Judson Abernathy, James Burrus, Harold Cothorn, Robert Scott, Olin Watson, Dorothy Dell Stovall, Mary Kay Daniell, Sappho Ward, Nell Patton, Gloria Hammonds, Ester Finkner.

The money that is made from this play will go towards funds for the Junior-Senior banquet.

We wonder what part of vacations Mr. Cummings likes best. Maybe it's the pretty brides.

Sophomore Joe Conway has really been stepping out lately. He seems to be making quite a reputation for himself.

That senior rummage sale has me guessing. I must see what it's all about when comes Saturday, November 6.

Why must all these senior girls be going to Cedar Hill and Lakeview to spend week-ends? Virginia and Iva, you'd better explain, or we shall wonder by wondering.

I wonder if some day grasshoppers won't eat the barbs off of barbed wire fences.

We heard someone say that she had already seen the sweater that she was going to buy at the senior sale.

Three "rahs" for the hobo stew we had at Bobby's. Everybody reported a grand time, and may we have some more.

It seemed quite appropriate for Jenny and Gerald to be the victims of the mock wedding, from what your reporter has been hearing.

Leeman kinda had a good time Wednesday night at the "Hobo Stew."

It's getting to be a fad carrying a horse shoe-rabbit's foot combination.

Down with the Senior flag and up with the Junior flag. That's our motto. The Junior class just can't be downed.

Legs, why do you let Beth two-time you? We are really surprised at you. Come on show some spunk and go with some other girl.

Gibbs, can't you take a hint? About half the girls in the Junior class want to go with you.

It seems that at the Junior carnival a certain little blond gal that taps really got the dirty looks. (Reid is that nice.)

Just who fights more each time they go with each other? Maybe Ham you and Moody ought to try going with some one else for a change? It usually works.

It seems that some teacher had a sudden inspiration to clean the flower vases. Take the hint, if you please, and bring Miss Rees some flowers.

The juniors really got "hot up" when they saw in the paper "Seniors this'n Seniors that." Shows that the senior class is doing things no?

It seems that those who ate candy in class find a bad taste in their mouths.

How, for instance would a certain Junior boy mark time?

What Junior boy is forever hitting someone on the hand?

Chapel

The band played a snappy march as the student body filed in to the auditorium and took their seats. Then Mr. Grumish lead the assembly in several songs.

The program was then turned over to Adolph Burgett, representing the H-Y club who announced a number by the band. Following this a scripture was read by W. C. Boren, and Mr. Cummings led in prayer. The program was then turned over to the Junior class.

The class president, James Gibbs, took charge and was assisted in advertising the junior carnival by Jo Troutman, Bobby McIntyre and Charles Nickles. After some brief announcements by Mr. Cummings and Mr. Davis, the assembly was dismissed.

Press Club To Attend Journalism Clinic At Texas Tech Friday

Friday is the long-looked-for day for the editors and the assistant editor of the Hesperian: Miss Rees, sponsor, is taking the editors, Mary Wilson Hicks and Thomasine Cox, the assistant editor and the sports editor Leeman Norman Sappho Ward to Lubbock to attend the press meeting sponsored by journalism department of Texas Tech. It is called the West Texas Scholastic Press Clinic.

It is a two-day affair with intellectual discussions both days. The meeting is for sponsors and staff members.

Mrs. Ross Ayers, president of the clinic, will be assisted by Mr. Cecil Horn head of the journalism department of Texas Tech. This should be highly beneficial because the program will be those which arise every day and which would really improve our paper.

We hope to really learn more about journalism and improve our paper.

FOREIGN LANGUAGE CLUB

The Foreign Language Club met Tuesday of last week. President Norman presided over the meeting. It was decided that any member of the club being absent as many as three times without an acceptable excuse, be dropped from the club. If any of the members fail to have their part on the program, or are absent at a meeting, they will be fined five cents. This concluded the business meeting.

La Verne Russell presided over the program which consisted of Latin Customs, Lelia Faye Hicks; and Spanish Customs, Jack McIntosh.

The Arden Club

The Arden club met at 7 o'clock in Floydada High School auditorium on Monday night November 1, for a regular meeting. The topic of the program was "Travel in Alaska," with discussions on the "Flowers and Wild Life" the Frontier Life" and the Towns and Industries."

Bobbie McIntyre Entertains Monday night, October 25, Miss Bobbie McIntyre entertained a group of her friends at the home of her parents, Mr. and Mrs. Maxwell, on Mississippi Street.

The following were present: Gloria Hammonds, Marguerite Leonard, Beth Newton, Allen McIntyre, Reid Strickland, Ham Smith, James Fry Gibbs, Keith Tye, Somer Hollingsworth, Moody Williams, and Charles Nickles.

Who

Who groans and groans over creaky bones? It might be some senior girls who tried their luck at cotton-picking, Saturday.

Who were those "hair-raising" ghosts seen on the streets Sunday night? We didn't believe in ghosts, but seeing is believing, you know.

Who was the little visitor in foods class Monday? Bobby Ned is a fine customer, to say the least.

Who thinks Dr. in bookkeeping means doctor? Maybe a smart bookkeeper (Lynn C.) would know.

Who says, "I don't want to get dizzy, but I can if you insist?"

Who (two band members) skipped the ball game to pick cotton?

Who had an idea when the bell rang?

Who tried to climb upon a horse by means of a step ladder in blackest night?

Who says, "Bahoo bahee?"

Who (a junior girl) was terribly happy over a mere ring?

Who got his boots filled with water?

Who just couldn't make the grade Wednesday? That's all right Reid, don't let it stop you.

News Review Of The Week

Monday, October 25

PARIS—Aerial piracy confronted Europe with a new Mediterranean crisis tonight. One French vessel was bombed and sunk and another bombed and burned by planes marked with black crosses. Three planes shot down while raiding Barcelona were Italian, the Spanish government declared.

SHANGHAI—Chinese bombing planes carried the fight to Japanese positions on Shanghai's northern fringe early today while Chinese infantrymen held doggedly against the onslaughts of more than 100,000 Japanese along the twisting front north of the city.

Liquor Bill Defeated
AUSTIN—Proposals to legalize mixed drink sales of hard liquor apparently died for the session today when an effort in the senate to bring up the house legalization bill failed by one vote. The session ends tomorrow.

AUSTIN—With the death toll still standing at four, State Health Officers George W. Cox said today that health department agents were believed to have confiscated the retail drug supply of ether sulphamide in Texas.

Tuesday, October 26
AUSTIN—The general tax bill which legislature has been considering died apparently at midnight tonight.

WASHINGTON—The C. I. O. laid down its peace terms to the A. F. of L. today, asking such a broad

grant of power over the American labor movement that rejection appeared inevitable.

Labor Organizer Beaten
DALLAS—Texas rangers were ordered to Dallas today for the second time in recent weeks following the abduction and beating of Harold Bowen, described as a labor organizer, by two carloads of men.

CHICAGO—A second ransom bill—part of the \$50,000 paid in vain for return of Charles S. Ross—was turned over to federal agents today.

CLAUDE V. HALL THINKS MR. GREER HAS THE RIGHT IDEA ABOUT THE SCHOOLS

(Ed. Note: S. A. Greer a week or two ago wrote a piece for the paper, critical of the present-day rural school set-up and the business of transporting children to town schools from the country. This week Mr. Greer submits a letter he received from Claude V. Hall, head of the Government Department of East Texas State Teachers College at Commerce, who writes under date of October 28. The letter should be of general interest.)

Your letter in "The People's Forum" of The Hesperian has just been read. Your stricture on rural people building modern school buildings and then transporting the school children to school in the cities and towns is well stated. You will doubtless recall that twenty-five years ago I was severely criticized for advocating the construction of modern rural school buildings that the rural schools might afford rural children the same quality of public school instruction and opportunities that the children of the city schools were receiving. In my program for better school plants and fuller programs of instruction I never entered my head that school children ever be transported from the rural school districts to the city schools. My purpose was to train better equipped men and women for the enrichment of rural life and rural conditions. The recent policy of transporting school children is both illogical and extravagant. The more that I observe this practice the more I am convinced that it should not be tolerated by an enlightened public opinion. Neither the city schools nor the rural schools are being benefited by this educational venture.

"At the inception of the move-

ment to transport rural children from their home schools to the city schools the superintendent of the city public schools of Commerce, after a careful study of the matter, recommended that the city schools of Commerce would be hindered rather than helped by falling in line with the new educational departure. Time has convinced the school board and the citizens of Commerce that the superintendent was sound in his conclusions and recommendations. The teachers of city schools where rural school children are brought in in great numbers find themselves overworked in trying to make the necessary adjustments. Both city and rural children are losers in this arrangement.

"My long cherished interest in the work that I strove to launch in the Sand Hill school district of Floyd County was somewhat struck by your letter. I want to see all rural children instructed in rural high schools where conditions could be such as to mold young people for

better living conditions in their communities." **ANSWERS TO CORRESPONDENTS**

SKINNY spaces in your engine!

No gangway for mere fast-flowing oils. Instant safety with **WINTER OIL-PLATING**

Long, skinny oil passages. Pinhole filter screens. Almost invisible spaces between the parts—even in worn engines. There's what any oils are up against trying to flow all through your cold engine "instantly."

Even if some lay claim to flowing as fast as your correct Winter grade of Conoco Germ Processed oil, what of it? They absolutely cannot OIL-PLATE your engine.

And OIL-PLATING is actually ready to lubricate long before any known oils faintly hope to circulate!

Before you even approach your cold car, OIL-PLATING is already up to the top of your engine, left there by Germ Process action.

This slippery PLATING of oil eases the job for starter and battery... wipes out ruinous Winter warm-ups for you. Your Conoco Mileage Merchant OIL-PLATES your engine with your correct Winter grade of Germ Processed oil and it goes weeks longer between quarts.

Sheriff Urges Great Care On Highways And Roads To Save Lives

Clark Says Reflectors Cost Little And May Be Means of Saving Life and Property

Warning to automobile drivers to be extremely careful on the highways and roads of the county during the current cotton picking and seed gathering season especially, and on the watch for tractors, wagons and trailers that may be parked on the edge of the road, was given by Sheriff Fred N. Clark this week.

At the same time the sheriff pointed out that cotton and seed haulers should equip their trucks, wagons, trailers and trailers with reflector lights on the back and to save possible tragedy.

"It is against the law to operate any kind of a vehicle on the highway without a reflector of some kind on the rear," the sheriff pointed out. "And highly dangerous on any road in the county, whether legal or illegal. A reflector is inexpensive and the owner of a trailer, wagon, truck or tractor might save a life by expending a few cents and taking the time to put the reflector on."

The sheriff travels much at night and has had the situation called sharply to mind by one or two rather close calls. A driver meeting another car in a blind spot he thinks a little red light however dull, might be the warning that would save his life. One or two instances where considerable damage was done have occurred already during the cotton season, he said. The

instances fortunately have not taken any lives today. Failure to equip a vehicle with a reflector puts the moral responsibility on the owner on whatever kind of road and doubly so on a highway, where such failure constitutes a violation of the law. Mr. Clark said.

Dr. Hill

(Continued from page 1) and where the mellowing influence of fellowship was mixed with reminiscences and re-union.

Dr. and Mrs. Hill, with Miss Anne L. Hibbets, of the same school have been in Floyd County since Monday morning and depart today for Motley County to spend a visit with teachers, parents, school men and business people, before returning to Canyon, Friday night or Saturday, as a part of a faculty visitation program that will give the Canyon institution contact with the people in thirty or more counties of the plains and panhandle.

Dr. Hill will give a talk to the Floyd County people of the idea which prompted the visit here. In talks at Lockney Monday and at Floydada Tuesday and Wednesday he said, "We are out to get the point of view of the people out where our teachers go to find out what the taxpayers are thinking and to find out how we are serving them." The expense of the program of visitation, in which various members of the college faculty are joining is borne for the major part by the faculty members themselves.

A Busy Program Dr. and Mrs. Hill and Miss Hibbets have had a busy program in this county. Beginning Monday

morning when Dr. Hill is to address the student body at Lockney High School and later in the day when he talked informally with business men of that city, and through Tuesday and Wednesday when he attended gatherings of school workers. Chamber of Commerce representatives, local civic clubs and county school board members in Floydada, he had little spare time. This few minutes of spare time was spent, however, in a visit to Alton, Wednesday morning when he visited and talked with faculty and student body at one of Floyd County's representative rural schools.

Dr. and Mrs. Hill and Miss Hibbets were guests while in Lockney of Superintendent J. W. Jones and other friends and in Floydada guests of Mr. and Mrs. C. B. McDonald and Superintendent and Mrs. A. D. Cummings. Mr. and Mrs. Walter Travis and others.

Reception Tuesday Night Activities of the visiting school workers in this community included a reception Tuesday night for Mrs. Hill and Miss Hibbets at the home of Mr. and Mrs. J. M. Wilcox. A talk Tuesday night by Dr. Hill to the Chamber of Commerce and a talk Wednesday by him to the assembled members of the Rotary and Lions Clubs.

Tuesday night at the Chamber of Commerce gathering A. D. Cummings presided, Kenneth Baird and Arlee Vee Bishop gave a song and dance number, the high school band directed by Mr. Grumlish and Dr. Hill talked primarily of everyday community and governmental problems. Gravity of the national outlook, he said, is tempered by the sturdy outlook of the youthful outlook on the responsibilities they soon will undertake with a most wholesome viewpoint, to take the place of their harassed elders who now wonder whether they are going or coming.

The job of the present-day generation, he indicated, is to be sure that the coming generation has the opportunity to realize the best that is in them. "We must keep the road open for them. We must see that there is equality of opportunity for all," Dr. Hill admonished. Wednesday at the noon-day luncheon where the Rotary Club was joined by the Lions Club in a gathering of seventy or more service club members, Carl Minor, president of Rotary Club presided. Dr. and Mrs. Hill and Miss Hibbets were the honored guests, visitors including A. M. Cade, of Tahoka, District Attorney John Hamilton, of Matador, and I. R. Lines, of Fort Worth. Sappho Ward, talented daughter of Mr. and Mrs. A. N. Ward played the piano and Dr. Hill told of his desire to give an accounting of the stewardship that was his.

Work of the Floydada and Lockney Public Schools and the Floyd County school systems in general, all under the direction of former students of W. T. S. T. C., came in for praise from Mr. Hill. The visiting educators spent some time in the public schools. Miss Hibbets, who is head of the primary education department of the Canyon institution, visited all the first four grades at Andrews Ward and held conference with the teachers there. She made suggestions and took information from them on the work they are doing to use in her class work. She reported to Dr. Hill and to Superintendent Cummings that teachers in that school are doing good teaching.

Dr. Hill's activities for yesterday afternoon included an address to the senior class of PHS, and met a number of them personally. DAVIS ON JOB AGAIN Lon M. Davis, of the Davis Gin, was back on the job again this week following recovery from a foot injury that put him to bed for nearly two weeks. James Badgett, student at W. T. S. Tunnel and family. Writing fluids, Hesperian.

Dr. and Mrs. J. A. Hill To Visit In Motley County Tomorrow

CANYON, Oct. 31.—Dr. J. A. Hill, president of West Texas State College, accompanied by Mrs. Hill and Miss Anna I. Hibbets, associate professor of primary education, will visit schools in Floyd and Motley counties from November 1 to 3. Superintendent J. W. Jones is arranging their program at Lockney, where they will be Monday. On Tuesday and Wednesday they will visit schools in Floydada before going to several rural schools. Supt. A. D. Cummings of Floydada is to welcome them there. Thursday will be spent at Boaring Springs and Matador, where arrangements will be made by Superintendent C. W. Giesecke and Superintendent B. F. Tunnell, respectively. The trippers will go to White Flat and Fiomot Friday, and will be received by Superintendent S. D. Rattan at Fiomot. Similar trips are being made by groups of faculty members as they study school methods and plants in

Named by the National Future Farmers of America as the outstanding young farmer of 1936, Robert Lee Brinson, owner, 21, of Sulphur, Va., took over a run-down farm at the time of his parents' death, refinanced it, paid off all the debts, and bought it back from the owners. In four years he increased farm sales from \$200 to \$900 by changing from cotton farming to general agriculture, raising corn, small grain, beans, and livestock.

The community where their graduates are training or will teach. Such visits, it is believed by Dr. Hill and his administration, will enable the college to turn out teachers better fitted for work on the plains.

Irrigation

(Continued from page 1) using in an effort to get their production allotment increased on the irrigated area. This being in line with what the irrigated farmers of Floyd County had long asked for they thought it would be proper to present this plan to the irrigated farmers of Floyd County for them to dispose of as they saw fit. This increase in pounds per acre does not mean that the irrigated farmers are trying to get their pounds increased per acre at the expense of the dry land farmer. This plan only calls for the administration to consider irrigation and give the irrigation farmer a higher yield in both wheat and cotton per acre.

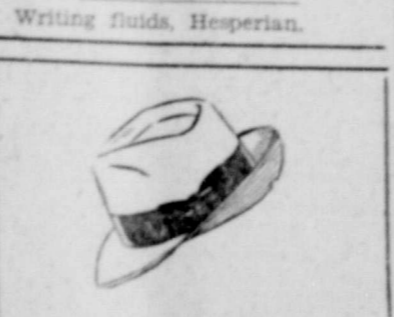

This meeting was enthusiastically attended by over 100 irrigation farmers of this district. They discussed the situation and a motion was made to elect a chairman, and that steps be taken at once to cooperate with other irrigation districts in getting their yields raised in Floyd County and the adjoining irrigated counties. A similar meeting is scheduled in Plainview Friday night for the purpose of getting Hale County Irrigation farmers organized to help with it. It is the intention of the Floyd County Irrigation Farmers Association cooperate with other organizations and send a representative to Washington some time in the next few days before Congress convenes, November 15th.

Schaefer, John Mackay, J. J. Marshall, Deader Dillard, W. W. Baxter, Lee Haining, C. W. Burton, T. E. Leach.

District court convened Monday and began work on civil cases. Three of them were settled without jury. The other, George Hixby vs. H. R. Patterson, was given to the jury Wednesday morning and late Wednesday afternoon had reached no verdict. Two criminal cases were heard Tuesday. Both entered pleas of guilty to burglary charges and received five year suspended sentences. The remainder of the week will be spent upon criminal cases and next week will find the court working upon criminal and civil cases.
