## A. P. Howard Texas Estate Declared Worth \$298,635

### Appraisers Report Covers Over 180 Tracts In 4 Co.'s

Findings Given to Probate Judge Indicate \$133,244 Values in Floyd

### Wife Is Executrix

Briscoe, Hall, Motley Three Other Counties In Which Land Is Owned

Report to Probate Judge Tom W. Deen by the appraisers of the estate of A. P. Howard in Floyd, Briscoe, Motley and Hall Counties, completed and filed on January 8, shows a total value of \$298,635.55, according to their declared judgment. J. B. Jenkins, Walter Wood and J. W. Taylor, the appraisers, listed more than 180 tracts of land in the four counties, comprising 40,895.01 acres, together with one-sixteenth of the mineral rights in over 200 other tracts and promissory notes and judgments having a face value of upward of \$25,000. No vendor's lien notes are listed in the appraisal by the local men, these not being held in Texas.

Judge Deen was studying the report of the appraisal commission this week. When the report is approved it will be filed in the office of the county clerk, to form a part of the record in the vast estate, of which Texas property represents only a portion.

Alvin P. Howard's death occurred in Plainview on September 29, when he succumbed in a hospital from a heart attack. He was enroute at the time to Floydada to spend an indefinite period on a check up of the Howard property with W. M. Masie & Bro., for many years representatives of the brothers, Alvin P. and Edgar B. The body was returned to New Orleans, his home, for interment. J. M. Masie and Hollis Bond, of the firm accompanying the remains and attending the last rites. In December a certified copy of last will and testament of the deceased was filed for probate in Floyd County. Mrs. Laura H. Howard was named executrix in her husband's will. The probate action was taken in Floyd County as the county in which the largest Texas holdings of the deceased were held.

Value of the land by counties as set by the appraisers is as follows: Floyd, 61 tracts, \$133,244.26; Briscoe, 71 tracts, \$121,378.01; Hall, 2 tracts, \$1,549.50; Motley, 15 tracts, \$15,409.50. Since 1922 in all sales of property the Howard brothers had retained one-sixteenth of the mineral rights in the lands sold, and nearly 200 pieces of land are listed in which the estate of the deceased has one-half interest in these mineral rights.

### MARRIAGE LICENSE

Marriage license were issued by County Clerk A. B. Clark to Zola T. Cain and Miss Dorothea Maude Burch, Jan. 6, and J. P. Eubank and Miss Thelma Summerlain, Jan. 8.

### WHITLOW'S BROTHER ILL

M. W. Whitlow left last week for Winslow, Arizona, where his brother, A. Whitlow, was seriously ill of a heart ailment according to telegraphic information given Mr. Whitlow here.

## Officer's Salaries For Year are Set By Commissioners

No change was made in the salaries of officials of Floyd County for 1938 from those effective during 1937 by the Commissioners' Court in their regular first meeting of the year held on Monday of this week. Ex-officio salaries were set as follows:

County Judge, \$150; Commissioners (4 each), \$116.66; district clerk, \$50 county clerk, \$50; sheriff, \$100; deputy sheriff, \$45; justice of peace (2) each, \$30; county attorney, \$70; welfare agency case workers, \$75; janitor, \$75.

In addition to their ex-officio salaries, the judge, district clerk, county clerk, sheriff, justices of the peace, and county attorney, each retain fees of their respective offices within certain limits. All the income of the assessor and collector of taxes is obtained from fees and commissions, as is that of the county treasurer.

### Justice Resigns

Advanced age has forced the retirement of Associate Supreme Court Justice George Sutherland, above, who informed President Roosevelt of his desire to quit the bench Jan. 12. Justice Sutherland, 75, was said to feel that he could no longer continue the pace required by Supreme Court justices. He has served on the high tribunal for 16 years.

## Time Extension Given Applicants For Tenant Loans

Approximately 100 Applications Have Been Received At Local Office

With approximately 100 applications already in Supervisor Claud C. Carpenter's office for loans with which to purchase farms under the Bankhead-Jones Tenant Act, the local rural rehabilitation service has received word from L. H. Hauter, director of Farm Security Administration in Region 12, that the time allowed for applications has been extended from January 15 to January 29, which is the absolute final date for applications.

All tenant farmers, sharecroppers, farm laborers, or others who obtain or who have recently obtained most of their income from farming are eligible to make application to participate in this new program. Those who have missed seeing previous notices on the subject are informed that only farmers residing in Floyd, Randall and Wheeler counties, Texas; Wallace County, Kansas; Bent County, Colorado; Texas County, Oklahoma, and Roosevelt County, New Mexico are eligible to make application for the loans at this time.

The most important step at this time, however, is for the farmers in the counties mentioned to contact their local rural rehabilitation supervisor immediately. Application blanks for all those who may wish to participate in the program are at the office of Mr. Carpenter, it was announced.

Hauter recently announced and advised his county supervisors to make it possible for every tenant farmer to have an opportunity to at least apply for one of the initial loans.

Applicants who may not be among those first chosen for the loans will be considered at the time the second year's program gets under way, it was explained.

The local county committee has not been selected or announced although recommendations have been sent in.

## Carmack Hatchery Installs New 32,000 Egg Electric Incubator

Carmack Hatchery finished the installation of a new 32,000 egg capacity Robbins All-Electric incubator this week. The new machine is valued at \$2,250 and is one of the very latest models available in the incubator line. C. B. Carmack said yesterday.

The eggs in the hatching compartment are kept separate from those in the incubating compartment. Temperature and humidity indicators are visible at all times and can be seen without opening the doors and allowing the inside temperature to vary.

If at any time the hatching temperature goes above or below the correct heat an alarm bell sounds warning the operator that the machine needs attention and adjusting. The temperature is kept constant by an electric heating system.

Mr. Carmack invites the public to visit the hatchery this week and see and inspect this new machine before it goes into steady operation for spring hatching.

## Phases of Social Security Act Will Be Discussed Here

Purposes And Functions Of Amarillo Office Will Be Told by Manager

### Is Service Office

Visit to Have No Connection With Old Age Assistance, Reed Points Out

Dewey Reed, manager of the Amarillo office of the Social Security Board, will be here Friday, January 21, to interview employers, public officials, civic leaders, and employees on phases of the Social Security Act. It was announced today by R. W. Cothern of the Chamber of Commerce.

In a letter to the Chamber of Commerce, the Social Security Board official said one of the purposes of his visit here would be to explain to interested employers the purposes and functions of the Amarillo office, which has been established to assign account numbers and service claims in this district. He will discuss in particular the manner in which employees may be assisted in filing claims for lump-sum payments, and the procedure with reference to applications for account numbers by employees.

Employers, employees, and others having questions with reference to the old-age insurance title of the Social Security Act are requested to contact Mr. Reed at the Chamber of Commerce during the day. It was pointed out, however, that the visit has no connection with old-age assistance, which is administered by the State. The old-age insurance program, on the other hand, is administered entirely by the Federal Government.

The following counties are served out of the Amarillo office: Cottle, Motley, Floyd, Hale, Lamb, Bailey, Cochran, Hockley, Lubbock, Crosby, Dickens, King, Stonewall, Fisher, Scurry, Kent, Garza, Lynn, Terry, Yoakum, Dallam, Sherman, Hansford, Lipscomb, Hemphill, Roberts, Hutchinson, Moore, Hartley, Oldham, Potter, Carson, Gray, Wheeler, Collingsworth, Donley, Armstrong, Randall, Deaf Smith, Farmer, Castro, Swisher, Briscoe, Hall, Childress and Ochiltree.

## Bosley Funeral Set For Friday Afternoon

Funeral for H. C. Bosley, 78, whose death occurred Tuesday, will be held tomorrow (Friday) afternoon at 3 o'clock at the Wall Street Church of Christ, according to plans of the family this morning, the exact date and hour depending upon the arrival of a daughter from New Jersey. However, it appeared certain she would reach Floydada sometime tonight or in the morning.

Mr. Bosley's death resulted from a heart attack. He had been in ill health for sometime. He succumbed at his home on West Mississippi street.

A resident of Floyd County for twenty-seven years Mr. Bosley gave many active years to the blacksmith trade, retiring to the farm a few years ago, when his strength became unequal to the task. For the past two years he has made his home in the town of Floydada, spending his time in an effort to regain his health.

Prior to his residence here Mr. Bosley had lived in various parts of the state, following residence at Bastrop at the age of 17. Previously he lived in Missouri a number of years, to which state he moved with his parents at an early age from his native state of Maryland. He was married to Miss Anna Gill Bowers on December 5, 1888 and she passed away on June 28, 1927. One child, Mrs. Ross Cherry, of Wichita Falls survives this union. On October 15, 1902, Mr. Bosley married Miss Valrie Davis, who survives. Two sons and two daughters also surviving are Henry Bosley, Flagstaff, Arizona, Marion Bosley, city, Mrs. Mary Walker, Adrian, Texas, and Mrs. George Setz, Union City, New Jersey, and six grandchildren.

Mr. Bosley had been a member of the Church of Christ for fifty years.

## Cates Again Heads Floyd Loan Assocn

Local Organization of Farmers Has Capital Investment of \$73,000 Now

### Meeting Tuesday

Report of Meredith Shows 629 Loans Outstanding In County This Date

In Tuesday's annual meeting of the stockholders of Floydada National Farm Loan Association, W. A. Cates was re-chosen president, W. F. Weatherbee vice-president and C. M. Meredith secretary-treasurer. Of the 380 members in the organization about forty heard the annual report of the association's progress during the past year at the meeting held in the county court room beginning at 2 o'clock.

Meredith's report showed that there are now outstanding in the area served by the association 380 Federal Land Bank loans and 249 Land Bank Commissioner loans totaling \$1,732,650. One of the interesting features of the meeting was a report from A. C. Williams, president of the Federal Land Bank and general agent of the Farm Credit Administration in which it was shown that in serving Texas agriculture the past twelve months the institution made 1513 federal land bank loans and 2334 land bank commissioner loans amounting to \$2,115,600 in the aggregate. At the close of the year, this report shows that 69,729 land bank loans are in effect and 31,479 land bank commissioner loans. Loans now are being made at the lowest rate in land bank history. Mr. Williams said in the report and special consideration is given qualified farmers who wish to buy farms of their own.

Directors Terms Staggered

Terms of the members of the board of directors were staggered so as to give different expiration dates to the terms of their offices. W. F. Weatherbee and P. M. Felton were elected for a three-year term each. W. A. Cates and G. C. Collins for two year terms and M. L. Probasco for a one-year term.

Capital investment of the Floydada National Farm Loan Association is now \$73,346.55, the report of C. M. Meredith, secretary-treasurer, shows, with an outstanding indebtedness of \$297.56 due the Federal Land Bank Indemnity account as of December 31.

Applications received during the period of twelve months totaled 62. There were 34 Farm Land Bank loans and 32 Land Bank Commissioner loans closed. The association lost 13 members in the year and gained 34.

Operations of the associations were conducted for the year at a total expense of \$3,967.40.

## Profitable Year First Natl Report

Annual Meeting of Stockholders Tuesday Elects Officials for 1938

### Directors Named

Semi-Annual Dividend of Five Per Cent Declared By Directors

A fair year and as to profits far above the average is a brief summary of operations for the year of 1937 at the First National Bank as reported by officials to the stockholders at their annual meeting on Tuesday, held at the bank's office.

A satisfactory increase in the surplus and undivided profits account, after paying a semi-annual dividend of 5 per cent is noted. Directors elected by the stockholders are Thos. Montgomery, J. V. Daniel, Mrs. Jno. N. Farris, J. B. Jenkins and H. E. Cannaday. Montgomery is chairman of the board, and Daniel president. Other officials are:

Mrs. Jno. N. Farris, vice-president, O. M. Watson, vice-president, E. L. Norman, cashier, Lewis I. Norman, assistant cashier, Earl Crow, assistant cashier.

## Interscholastic League Date To Be Set Wednesday By The Executive Committee

J. W. Jones Calls Meeting To Be Held At The Lockney School

J. W. Jones, superintendent of Lockney Public Schools and chairman of the Floyd County Interscholastic League executive committee, announced yesterday that a meeting of the executive committee would be held Wednesday afternoon, January 19 at Lockney to determine the date for the county interscholastic League meet.

The meet, which will be held in Lockney this year, is one of the biggest events of the combined schools each year. The setting for the meet alternates between Lockney and Floydada each year.

The event is a two day affair, generally a Friday and Saturday, during which the schools of the county compete in almost all lines of athletic, literary and scholastic endeavor.

These winners are not restricted to county honor but are taken to the district meet which is held at Lubbock and those winners are carried to the state meet in Austin.

A meeting on December 11 named the various directors.

The 14 inch outspan playground ball will be used. Floydada and Lockney will be ineligible for ward school tennis and volley ball and the ward school seniors of those schools are ineligible to compete in the meet.

The meeting Wednesday and the setting of the meet date will signal the beginning of practice for the occasion in the schools over the entire county. There will be events for every age and grade and for every school in the county.

Officials chosen at the December 11 meeting to assist with the meet were: J. W. Jones, director general, Lockney; L. H. Alldridge, director of debates, South Plains; A. D. Cummings, director of declamation, Floydada; A. A. Brock, director of extemporaneous speech, Aiken; Robert C. Fisher, director of spelling, Fairview; Mrs. Willie Merle Haincock, director of essay writing, Lockney; Leo Cooper, director of athletics, Lockney;

Miss Eunice Howell, director of music memory, Dougherty; Clarence Guffee, director of arithmetic, Sand Hill; W. A. King, director of tennis, Floydada; C. E. Blount, boys' playground ball, Lockney; J. H. Myers, director of girls' playground ball, Floydada; G. D. Tate, director of volley ball, Lockney; Mrs. Cella Ross, director of story telling, Lakeview; Mrs. J. M. Williams, director of picture memory, Providence; Wesley W. Jones, director of choral singing, Sterley; and Bruce Blackford, director of Three R contest, McCoy.

No date for the meet has yet been announced. Such announcement will probably be made sometime next week.

### 'Big Steel' Head

Myron C. Taylor, chairman of the board of the U. S. Steel Corporation, is pictured above at the White House after luncheon with President Roosevelt. The "Big Steel" chief refused to comment on the business situation or the nature of the conference.

## Favorable Events During Year 1937 For Municipality

Mayor Snodgrass Summarizes For Club Some of The Good Things for City

A summary of some of the good things that have happened favorable to the city's welfare during 1937 was made by Mayor Glad Snodgrass at the Lions Club luncheon Tuesday noon, among these being the retirement of several thousand dollars in outstanding indebtedness and collection of a material portion of delinquent tax bills which have plagued the city during the depression.

"My attitude is that you cannot take money from a bank in which you have made no deposits, you cannot borrow money from a friend to whom you will not loan money when in need, you cannot get service from him you will not serve," Mr. Snodgrass said opening his talk. Receiving then the assistance and co-operation which the city government has enjoyed in every instance where it has been thought wise to ask for help, he summarized "the good things" as follows:

"We have set aside and now have well repaired and, which is not to be used unless in repairing the city wells, etc., which furnish the city with fire protection and city water—\$649.41.

"We have repaired the roof at the city hall at an expense of \$100.00.

"We repainted and cleaned and treated the tanks at the water works at an expense of \$365.

"We paid for auditing the books (See City Affairs, Back Page)

## 400 Miles By Plane Added Experience For Local Woman In Alaska

In a letter written on December 24, 1937 from Anchorage, Alaska, Roy Jameson told his parents, Mr. and Mrs. J. A. Jameson, of the recent illness of his wife, Ruby, who was taken by plane out of Bethel, Alaska, on December 21, to a hospital at Anchorage, where she underwent an appendicitis operation. She was improving satisfactorily at the time of the letter. Her parents are Mr. and Mrs. Van Davis who reside at Clovis, New Mexico.

The letter explains a radio message heard by Mr. Jameson of which he received only a part, which said that Mrs. Ruby Jameson was very ill and was being carried by plane to a hospital 400 miles away. Roy Jameson and his wife have been in Alaska the past six months and are employed by the Government as teachers.

## Montgomery Oil Test Reaches 4,280 Foot Depth Late Wednesday

Drilling on Montgomery No. 1 had reached a depth of 4,280 feet late Wednesday afternoon according to official reports from the company. Drilling began anew Monday afternoon after a four or five day shut down during which time new concrete was set. Two runs of concrete were made according to the report. The report said that the bit Wednesday was cutting through anhydrite lime and shale.

## Aerial Map Is Complete For County

Every Tract In Floyd County Will Be Shown In Completed System

1000 Maps Engineer From A. & M. College Here Installing Quick Reference Plan

An aerial map of Floyd County that shows with remarkable fidelity the condition of the land, its contours, natural and applied, the type of soil, roads, buildings, conservation work done, crop rotation, and even the type of cultivation done, is being installed in the office of County Agent D. F. Bredthauer. F. C. Irwin, with the Triple A administration's state office at College Station is making the installation of the map system and when it is completed, it is expected to form a complete reference map for answering questions that are needed to be answered in the county's soil conservation setup. Every lake, canyon, arroyo, and every dam, large or small, as well as all roads and their type of construction are shown in the system of more than 1,000 maps made by aerial photographs.

At the time the maps were made the photographer in a plane was 12,000 feet above the surface of the earth, flying east to west. Almost unannounced the photographs made tell the complete story of every tract of land they cover respectively with distances and other relative matters to other tracts in the county.

It is expected to require about two weeks to install the reference system of maps here. This mid-week the engineer is checking up in preparation for the work of putting in the system.

Much of the aerial work for this county was done the second time, many of the first set of maps being destroyed by fire last year while in storage at San Antonio.

## Teacher Retirement System Membership In County Near Unanimous

Floyd County teachers are practically unanimous in their decision to "join up" under the Teacher Retirement system of Texas, reports from Superintendents Jones of Lockney, Cummings of Floydada, and Travis of the county, show.

In Floydada schools the teachers who have become eligible number 21, at Lockney the sign-up is 100 per cent and in the county's rural schools 38 have registered.

While benefits are not now being paid under the system, the plan having not been financed by the legislature, the teacher retirement plan is a part of the constitution and is expected sooner or later to be provided for by the legislature.

## MRS. HOLLUMS IMPROVED

Mrs. John Hollums is reported slightly improved and is expected home this week end from Mineral Wells, where she has been for treatment for the past three weeks. She has been suffering from sciatic rheumatism.

## TWIN SONS

Mr. and Mrs. Mike Lowrance are the parents of twin sons, born on January 8, the mother and sons doing well at last reports reaching this office.

## Soil Conservation Payments Expected To Run \$300,000

Soil conservation payments through the Triple A in Floyd County for the year of 1937 have not been calculated exactly but will run \$300,000 and upward, it was estimated by County Agent D. F. Bredthauer this week. Applications for payment for about 90 per cent of the farmers in the conservation program for 1937 have arrived for those who have made compliance, the agent said and as soon as 75 per cent of these have been signed up they will be forwarded to the state office. Checks this year can be expected, he thinks, within a period of 21 days after the applications reach the state office, the work having been systematized and organized. Exact figures on total payments are not available, but the total of \$300,000 is conservative, it was indicated.

The Floyd County Hesperian

PUBLISHED EVERY THURSDAY BY The Hesperian Publishing Company

HOMER STEEN, Editor

Entered as second class matter April 29th, 1907, at the Post Office at Floydada, Texas, under the Act of Congress of March 3rd, 1879.

IN ADVANCE

Advertising Rates Furnished on Application

POLL TAX PAYING TIME

Poll tax paying time and state-wide primaries and election coming up in July, August and November, means that every citizen who can should without fail have his poll tax receipt by the end of this month.

There should not be any poll tax. Instead to avoid fraud there should be a simple arrangement by which every voter is required to prove his eligibility.

THIRD TERM TALK

Much as we have admired Mr. Allred and his straight-forward ways while attorney general and governor, we doubt the need of the state for his services a third term in the governor's chair.

THE ANTI-LYNCHING BILL

The vote-catching anti-lynching bill, fate of which so far as the senate is concerned, may be known before this sees print.

That it is a most vicious thing, woefully harmful to the negroes of the country and the whites as well, seems evident to us. Aimed at southern states, it hits the whole country—under the belt.

GOVERNMENT AND BUSINESS

President Roosevelt and the congress, whose Herculean efforts during the national emergency since 1931 have stemmed the tide of chaos, probably realize and will attempt to do something about the fact that by the time the deal gets away out around the grass roots it is an infinitely cumbersome and bothersome thing.

Small business men, whose time one would think, needs to be given to making the wheels go around, have begun to spend too much of their energy proving they are operating lawful establishments, making reports, answering questions and filling out blanks for nice, young men who call to tell them what must be done.

ONE CAT OUT OF THE BAG ALREADY

of wheels may do to small business, it may be safely asserted that thousands of small business this year will spend more money in the next sixty days hiring accountants to make their income tax reports than they will pay in to the national treasury.

HOW'D WE SPEND IT ALL?

A look at statements of Floyd County banking institutions, which show something less than a million and a half dollars on deposit, could be the cue for a pencil-minded sort of person to figure on where all the money has gone that was made by Floyd County people in 1937.

Of course, of the approximately \$7,000,000 the farms and ranches of Floyd County produced last year there has been a big slice for piled up interest bills, land payments, new homes, farm purchases, new automobiles, tractor notes, land plowing, groceries, dry goods and many other things.

But you'd hardly figure that five and a half million dollars could have slipped through our fingers in the short period of six months since the big wheat crop hit to be followed by a cotton crop that also made sizable figures itself, considering the price.

Casually viewing it, we'd say a good many people who have handled quite a bit of money might have to borrow the money to pay their income taxes.

THE PUBLIC AND THE AUTO MAKERS

Automobile manufacturers and the workmen who make the wheels go round in the huge plants that produce our motor vehicles are going to have to take some of the responsibility for the "recession" that has come in the past ninety days in their line.

The well-laid plans thus gone awry seem to us to be arrows pointing to the need for the capital and labor involved to make up their troubles and arrive at a fair division of their gains without added to the retail price of their products.

Education is a companion which no misfortune can depress—no crime destroy—no enemy alienate—no despotism enslave.

The worst education that teaches self-denial is better than the best that teaching everything else and not that.—J. Sterling.

As A Farm Woman Thinks

Nellie Witt Spikes

"Below the falls, the elephant in the evening comes to the river."

"A giant, he treads an earth whose creatures walk below him. The strongest of all, whom no animal and no tree can withstand, neither the thorn nor the snake can harm him; like great men he leaves his ponderous strength unused, supreme in the consciousness of a strength which none need fear; neither vainglorious nor predatory, he is the most generous and shrewdest of animals. Gifted with the even temper and a sense of humor yet terrible in revenge, or in the protection of his young against the attacks of crafty men, possessed with the smallest of eyes in the biggest of faces, the sharpest of hearing possessed with high flaps, an organ half arm and half nose, and tasks that can tear anything, he yet seems to carry off that which is strictly necessary, seldom alarms and hunts animals, eats none, feeds like a monster in a fairy tale on delicate grasses and juices and he strides the ground with giant legs he seems to be taking his clossal body for a gentle walk. Nothing about this monster is wild or coarse; his gait, his grasp and even his look is serene."

"The calf moves under the mother between the forelegs where the udders are, but first he throws back his trunk to take suck with the mouth."

Just a paragraph from the wonderful book "The Nile," by Emil Ludwig. More fascinating to me than any romance is the story of the Nile River. Four thousand miles of river—six thousand years of history.

I am getting correspondents in other states and I intend to get some from foreign countries. Have such an interesting letter from Mrs. Alta Jarson of South Dakota. Her column in the Dakota Farmer is called the "Milk Stool Philosophy."

Put sweetened and flavored sweet cream between vanilla wafers. Cover the top and bottom and roll in coconut. Let stand in a cool place for several hours.

I like to hear people talk differently. Like to hear their brogue, and their words pronounced a little off key. Glad everybody's language is not as correct as the English book. Don't care if Southern people do say "you all." I like it myself. We do not need to be made into one talking pattern.

FLOYD COUNTY 14 YEARS AGO

News items taken from files of the Floyd County Hesperian published in Floydada fourteen years ago.

ISSUE OF JANUARY 17, 1924

The grand total of bales of cotton turned out by Floydada gins last night was 5,644 bales. The crop is nearly all in and ginneries are not anticipating any further runs.

Petition bearing names of approximately 500 people from 11 communities in Floyd County were presented to the Commissioner's Court in session here Monday morning, asking that the county take advantage of the Smith-Lever Act, and create the office of Home Demonstration Agent in the county, in co-operation with the extension service of A. & M. College of Texas representing the Agricultural Department.

50 bales of cotton from Randall county, where there is no gin is being shipped to Floydada for ginning, by a buyer of that city who has been buying from growers of that city.

The four Commissioners' precincts of Floyd County will realize about the same amount of money each from the special road and bridge tax of 15 cents on the \$100, valuation this year as last, an abstract of assessments made by the Tax Assessor D. I. Bolding, the first of the week shows. The total taxes in each of their special road funds will be as follows, less delinquents, and tax assessors, tax collector's and treasurer's commissions: Precinct No. 1, \$5,025.64; Precinct No. 2, \$4,743.31; Precinct No. 3, \$2,307.03; Precinct No. 4, \$3,226.73; being a total of \$15,342.71.

The Floydada High School Boys' Basketball team was beaten 26 to 17 Wednesday afternoon at Cone by the Cone team. The Cone boys had the game all their way in the first half, the Floydada boys making a better showing in the second.

Last week Harvey Williams bought the stock of W. C. Williams and son grocery and moved it to a new location in the Childress black, two doors east of the Tourist Garage in Floydada, where a considerable addition to the stock has been made.

WASHINGTON LETTER BY SPECIAL CORRESPONDENT

WASHINGTON — Comparing the speeches made by Secretary of the Interior Ickes and Assistant Attorney General Robert H. Jackson, before the regular session of Congress convened, with the President's message, reveals fire behind the smoke of Roosevelt's less belligerent attack on concentrated economic power.

Jackson and Ickes referred to the "strike of capital" and the President more politely regretted "the selfish suspension of the employment of capital." Roosevelt's objections to "influence wielded by a very small numerical group" was surely directed at those whom Ickes called "the Sixty Families."

Jackson denounced the "economic oligarchy" as "a menace to political and economic freedom," and the President more gently referred to "the concentration of economic control to the detriment of the body politic," but his was no less than Jackson's a fighting speech.

Roosevelt's message made most observers suspect that he is again turning a deaf ear to the counsel of his more conservative advisers, and in Congress it pleased only the small groups of progressives.

The speech made it apparent that Roosevelt wants co-operation with business, almost entirely on his own terms. His unwillingness to make any important concessions to business, or to retreat from the previous position of the administration, might have been deduced earlier from the fact that his conversations with public utilities executives were unproductive of results.

The action of the Supreme Court in approving PWA loan grants to

municipalities for public power plants after a three-year court fight, would seem to justify the President's serene faith that the so-called "power trust" would lose its long and expensive battle against his plans for the public development of power.

With the Supreme Court decision to fortify his confidence in his own position in the utilities fight, and his belief that with primaries and elections near at hand, Congress will pay more attention to him and less to his business opposition, it is easy to believe the predictions of the President's left-wingish advisers that in the forthcoming Jackson Day dinner speech, Roosevelt (like John Paul Jones, whose portrait hangs in his study) will say, in effect, "I have not yet begun to fight."

Editorial Briefs From Other Newspapers

Too many women and girls have the idea that milk is a food for children only and that it may be omitted from the adult diet. Such an idea is a mistake. In the interest of health, each adult should get milk each day equal to a pint. The child should have from a pint and a half to a quart. It makes no difference whether you drink milk or eat it, so long as you get it in some form—but get it every day without fail.—Scurry County Times

Try using snow as a quick cleaner for heavy garments, for felt hats and even rugs. It is best to choose a day when it is not too cold. Take the garments, one at a time, outside and give them a good rubbing in a bank of clean snow; brush off bits of lint or snow that remain, then press and you will be surprised at the results.—Paducah Post.

Bar gold is gold in the form of bars of a specific weight and fineness. When gold is shipped from one country to another in payment of obligations, it is shipped in the form of bar gold.—Panhandle Herald.

Footwear was in use more than 3,500 years ago, the ancients utilizing various materials such as pelts of animals, metals, grass, leaves bark and wood. In some sections of the world heels were first used to keep the feet well above the burning desert sands.—Foard Co. News.

Ross was Betsy Ross' maiden name, says the Philadelphia Inquirer. She was the daughter of

Commercial Aviation Fights Winter Perils With New Scientific Weapons

DETERMINED to conquer its invisible and unpredictable foe, American commercial airlines have launched a campaign against their greatest enemy—winter.

Confronted with a toll of more than 60 lives lost in airplane crashes during the past year, aviation has enlisted the help of modern science in discovering and applying measures to make flying safe in all seasons. The mystery of blank radio beam channels, which have led pilots from their routes to disastrous crashes, has been investigated and anti-static antennas now are required equipment on all com-

Science's latest inventions aid aviation in combatting the perils of winter flying. At right a mechanic installs de-icing mechanism on the wing of an airliner. Air pulsations keep ice from forming. Left, arrows indicate de-icers on the tail structure, preventing jammed controls.

mercial ships operating in U. S. Aeronautical experts, radio technicians and meteorologists staffed a giant "flying laboratory" used to test actual storm-flying conditions. Braving the most severe electrical, rain and snow storms the observers compiled valuable data on results obtained with new equipment and their findings provide basis for the adoption of even more safety devices.

FORMATION of ice on wings, propeller and rudder has long constituted one of the greatest hazards of winter flights. In the pioneering days of aviation, numerous crashes were attributed to this cause.

Pulsating rubber sheaths have eliminated that danger. Constructed of a phenite-graphite covering on rubber, these de-icers are fitted to wing and tail structures. Pressure, created by motor exhausts and controlled by a central unit, forces regular pulsation of air through the sheaths, breaking the ice off as rapidly as it forms.

Propeller ice, also a former hazard, now is prevented from forming by a system that keeps the blades covered with an anti-freeze solution at all times.

In standard equipment practically insure uninterrupted communication between plane and ground weather and radio beam stations.

The "cone of silence" in the radio direction beam, directly over airports, has been replaced by a positive sound indicating to the pilot his position over the field. In addition fan-type beams of varying distances keep the incoming flyer posted as to his distance from the airport.

Ice-weighted antennas, and resultant static and interrupted communication have been blamed in several mishaps of winter flight, but covered aeriats or those equipped with shock cords to break the ice free have removed this danger. An improved radio compass and direction finder, radio operated, is expected to cut down the wanderings of storm-buffed craft.

Can winter be whipped in the air? Commercial airlines say that goal already has been attained.

Just In Fun

An inventor has discovered a method of removing the shine from blue serge pants, but no one has come forward with a way to plug the hole in the pocketbook.

The government and the farmer may have the greatest of faith in a crop control plan but Dame Nature's approval is the most important.

The world seems to be heading toward attainment of a universal language. Bullets tell the same story in any tongue.

## Quicker Starting, And Safe Driving Aims of Campaign

'Winter Car Care' Card Gives Tips on Way to Start Cold Motor

### Consider Your Motor

Give It a Chance to Start The Day Right, Mileage Merchants Say

Consider your motor. Give it a chance to serve you effectively and quickly these cold mornings. That's the advice of Mileage Merchants, recently adopted title of Continental Oil Company dealers.

Quick starting without injury to your motor, important as it is, may be effected easily if you'll follow a few simple rules they say. Here's the way to do it:

"Hold clutch down. Open throttle about one-third. Pull out choke (unless automatic). On cars with completely separate ignition and starter switches leave ignition off while starter turns engine 2 or 3 full revolutions. Then while engine turns, switch ignition on. (If your car has a combined ignition-starter switch simply turn it on.) Quickly you'll hear strong, steady firing. Thus you can instantly push choke half in—no flood! Now slowly close throttle part way. Keep clutch out another half-minute; and gears in neutral engage clutch gradually. With a few seconds, then get into low, and you're off like an expert."

In extreme cold, as often occurs in January and February, engine and starter should be fully stopped, after the machine has been started as above, for a half minute. Then resume as above.

Many car owners over-choke their cars especially with the better types of gas. This is unnecessary.

The winter car care cards are being distributed beginning today. They give valuable information on the best way to be fair to your car. Tips on care of the fuel system, fuel pump, carburetor, air cleaner, ignition system, car wiring and generator, the starter and the battery are among the ideas the card offers.

Winter engine lubrication, transmission and differential gears, winter care of the cooling system, the use of anti-freeze, and even the tires, chains and brakes are given a place on the card.

**Your Personal Safety**  
Tips on personal safety included in the suggestions given by the dealers include the following:

**Avoid Exhaust Fumes**—Keep garage doors open when engine is running. Keep a car window open when parked with engine running.

**Don't Drive Blind**—Steamed glass can usually be prevented by ventilation or modern accessories. Discolored storm-curtains should be replaced for safety.

**Practice Slowing Down** on the straightaway ahead of any curve, so that you can get around the curve without braking.

**Give Hand Signals** even if you have to open a window. Signals are extra important on wintry roads and streets.

**Deflate your tires to half normal pressure** if you find that you cannot start up after stopping on a slippery glazed ice-coated road. This will give tractor traction.

### Fairview News

Sunday was a beautiful day for the good services brought to the Sunday School and church services by Brother Cobb.

Several visitors attended both services. A hearty welcome is extended to all visitors.

**Local News**  
Mr. and Mrs. G. B. Mayfield visited in the L. E. Crabtree home Saturday and Sunday.

Brother Cobb was a guest in the home of Mr. and Mrs. Cozby Sunday.

The H. K. Reeves and Wes Burgett families have moved from our community we wish for them happiness in their new homes.

J. C. Bullard and Mr. Tally will leave this week for Wise County.

Mr. Guffee is in Young County this week where he is taking treatments.

Mr. Branson, who has been ill for some time is reported better.

### ANSWERS TO OUR PUZZLE CORNER

**Dots**—Parachute.  
**Grandpa's Age**—Three score and ten.

### Baker News

(Too late for last week)  
Mrs. Joe Hart's father has been very ill the last few days but is much improved at this time.

Joe and Gladys Petet of Spur were guests of Mrs. R. L. Neil, Saturday.

Mr. and Mrs. B. A. Colston and children took dinner with Mr. and Mrs. Neil Sunday.

Mr. and Mrs. W. C. Willis and Euna Fawver spent Sunday night in the home of G. L. Fawver.

Mr. and Mrs. Claud Fawver and children visited with Mrs. Elza and family Wednesday.

Mrs. Troy Titus is a guest of her mother Mrs. Frank Gearhart this week.

Several new students are enrolled in school this week.

Mr. and Mrs. Sidney West were Sunday dinner guests of Mr. and Mrs. Claud Fawver.

**January 11, 1938**  
The Baker Community Club met Friday night for an evening of entertainment. Guest speakers for the evening were County Judge, Tom Deen, and County Attorney, Winfred Newsome.

Miss Euna Fawver entertained with piano solos and Misses Lou and Jean Nelson rendered an accordion number.

Pop Corn Balls were served as refreshments after the decision of the club to meet again on Friday evening, January 21. Everyone remember the date and make plans to attend at this meeting.

Announcement concerning a play will be made soon.

**Local Happenings**  
Guests of Mr. and Mrs. G. L. Fawver Sunday were Mr. and Mrs. J. H. Farmer and sons Homer and John, Mr. and Mrs. R. L. Neal, Mr. and Mrs. Claud Fawver and daughter Euna.

Mr. and Mrs. Bun Hopper spent Sunday night in the home of Mr. and Mrs. Tom Hopper and children.

Mr. and Mrs. Cecil Hart were Sunday night guests of Mr. and Mrs. Leland Hart and family.

C. L. Bradford and family visited in Floydada Sunday afternoon with the Ben Galloway family.

George Gearhart, George May and Bobbie Leach have been absent from school the past few days because of illness.

Mr. and Mrs. Roy Nabors and children of Floydada spent the night

In the home of Mrs. G. R. May and son George, Saturday night.

Mr. and Mrs. Henry Price visited relatives in Lorenza Sunday.

New students in school this week are James, Peggy Jo, Mae Hope, George and Charles Boyd; Virginia Jones and Stella Ray Yarbrough.

We are glad to have these new pupils, but are sorry to lose a few, four to be exact, during the past month.

Mrs. C. O. Wise, Mr. and Mrs. Kitchens, Mrs. Faulkenburg and family, Mr. and Mrs. Porter and family, Mr. and Mrs. Benton Ritchie, Mr. and Mrs. G. C. Hilburn and family were guests of Mr. and Mrs. C. H. Wise and family Sunday.

Mr. and Mrs. G. E. Fuller and daughters Margaret, Doris Nell and Mildred have returned home after spending three weeks visiting relatives in Garland, Temple, Bartlett, Texas and in the states of Georgia, Alabama and Louisiana.

Mrs. S. J. Latta and daughter, Alice Elaine, and Mrs. J. R. Archer spent Tuesday and Wednesday in Amarillo visiting Mrs. J. R. Neice and family. Mrs. Neice is a daughter of Mrs. Archer and sister of Mrs. Latta.

Mrs. Ira Cox and son, Willot, visited several days this week with Mrs. Nora Cox.

## Farm Bill Not Likely To Please Our Farmers Belief Of Congressman

Many Provisions of Bills That Have Gone to Conference Don't Suit Need, Mahon Says

Congressman George Mahon recently made the following report as to the progress of farm legislation in Congress. "During the Special Session of Congress the House passed a farm bill, and the Senate passed a farm bill differing somewhat from the House bill. Before the farm bill can become law, both houses of Congress must come to full agreement, and the President must approve. These combined bills are 206 pages in length, and a full analysis could not be made in a brief report.

"Having talked with thousands of West Texas farmers before going to the Special Session, I believe I have a sufficient knowledge of their wishes, and the situation in general, to express the opinion that they will be disappointed with either the House or Senate Bills as now written. In the first place, over the opposition of all southern members of Congress both bills were amended so as to prohibit the grazing of diverted acres if products therefrom, such as livestock and produce, are

to be sold. Northern dairy interests sponsored this amendment. This amendment is a step backward, and unless eliminated will cause much dissatisfaction. Secondly, I see nothing in the bills which will prevent a recurrence of five cent cotton, as parity price, or above, is in no way assured for any portion of the crop.

"As to the compulsory features of the bills, compulsory marketing quotas would be established for each farm if two-thirds of the producers voting in a referendum favored the compulsory quotas.

"The bills contemplate an appropriation of \$500,000,000.00 for soil conservation and domestic allotment payments for 1938. Acreage allotments to each farm in the county would be on the same percentage basis, thus placing all farms in the county on a basis of equality as to acreage allotments. This and several other features in the bill are a distinct improvement over the old program. Unfortunately, however, the uniform percentage basis for allotments would not apply to farms in cultivation less than five years. An amendment offered by me to fully remedy this was voted down but some modification was secured. An amendment to the House Bill offered by me tending to discourage the undue displacement of tenants was adopted.

"It is not possible at this time to tell just what changes will be made prior to the final passage of the new farm bill."

### Forest Orphan

Rescuing orphan babies is included in the duties of a forest ranger. John D. Chalk, pictured above with motherless fawn, declared in orders to his men. Chalk is head of the division of fish and game of the North Carolina department of conservation and development.

## Cypert Candidate For Re-Election In Pre. 3

I appreciate the support and co-operation the people of Commissioners' Precinct No. 3 have given me in the year I have been in office as their commissioner.

I am now a candidate for re-election to the office subject to the Democratic primary, and earnestly solicit your vote and influence, and will do my best to make you a good commissioner if you see fit to elect me again.

B. E. Cypert,  
Candidate for Re-election, Commissioner Precinct No. 3.  
(Political Advertisement)

Mrs. Steve Jofinson of Graham spent several days here last week visiting with her mother-in-law, Mrs. Ella Johnson, and aunt, Mrs. P. M. Felton and families.

Mrs. Nora Cox and daughter, Thomasine, spent the week end at Lockney visiting with Mr. and Mrs. Ira Cox.

Mrs. A. B. Keim and daughter, Frances, spent the week end in Canyon as guests of Mrs. M. C. Tomlinson and family.

Mrs. R. C. Patton and Miss Edwina Christian were in Plainview Monday afternoon on business.

*Your Mileage Merchant advises*

# PRESS THE CLUTCH

*to start quicker*

Here's right smart footwork for right smart starting in the cold: Down with your clutch pedal before you do anything else. Then your starter and battery won't be turning the gears, but only the engine, which is just that much easier to do.

Now don't let up on the clutch, but pull out the choke (unless automatic) and then spin your starter, leaving ignition OFF.\* After a few engine revolutions, switch on the ignition... And hark to the strong steady firing of your Special Winter Blend Conoco Bronze, which is certainly the sensible gasoline for quick starting.

Conoco Bronze always lets you do a cocksure "professional" job of starting. For that matter the way Conoco Bronze is specially winter-blended you could purposely give it the worst handling in the worst cold just for a test... and that's daring you! Only YOUR MILEAGE MERCHANT has Special Winter Blend Conoco Bronze for you. And ask for his simple, helpful Complete Winter Care Card—FREE. Continental Oil Company.

\*If your starter is of the type that does not spin with ignition off, consult Your Mileage Merchant

SPECIAL WINTER BLEND  
**CONOCO BRONZE**  
GASOLINE

THE CONTINENTAL OIL COMPANY and its Floyd County distributors and dealers want to thank the Public most heartily for the fine business enjoyed during the year 1937, and during the first few days of 1938.

We're equipped to give you quick, good service every day in the year.

**R. C. HENRY, Distributor, Floydada, Tex.**

## Joint Hostesses Entertain Honoring Mrs. R. C. Patton

Complimenting Mrs. R. C. Patton, a recent bride, joint hostesses entertained with a lovely appointed shower Tuesday evening at the home of Mr. and Mrs. D. W. Fyffe, 529 West California street.

On entering the guests registered in a lovely book made to represent the honoree's new home by Miss Addie Barker and placed on a lace covered table with a miniature house and lighted with a red taper in a silver holder. The bride's book was presided over by Miss Glenna Mae Shurbit.

After registering the guests passed to the dining room where refreshments were served from the lace covered table on which was placed the punch bowl on a reflector with fern and sweet peas and green tapers as an added attraction. Mrs. J. A. Arwine, Misses Bonnie Dale Fyffe and Edwina Christian, Mrs. Truitt McClung and Mrs. George Sherrill presided at the dining table. Green tapers burned on the mantle.

On the program appeared Misses Gloria Hammonds and Sappho Ward in two popular song numbers with Miss Ruth Kreis at the piano followed by Mrs. Lon Smith giving a toast to the bride. Miss Marguerite Leonard furnished music throughout the evening on her accordion. The gifts were then presented in a miniature house on a little wagon drawn by little Sherwin Lynn Fyffe.

Hostesses for the occasion were Mrs. J. A. Arwine, Mrs. Truitt McClung, Mrs. George Sherrill, Misses Bonnie Dale Fyffe, Selma Linder, Edwina Christian and Glenna Mae Shurbit.

Those registering in the brides book were Mesdames Troy Leonard, Roy Patton, Claude Patton, Richard Stovall, Marvin English, Walton Hale, Roy Snodgrass, Russell King, J. B. Houston, E. C. Thomas, E. L. Norman, A. B. Clark, J. C. Wester, Kenneth Bain, Dean Hill, Will Walker, Marvin Shurbit, F. C. Harmon, N. W. Williams, J. U. Borum, Edd Johnson, W. H. Henderson;

Mesdames L. D. Britton, Jessie Brown, J. S. Solomon, George V. Smith, R. C. Henry, W. L. Leibfried, Winfred Newsome, Emmett Hinson, J. M. Goodman, Frank L. Moore, Vernon Shaw, J. G. Martin, J. B. Jenkins, Milton Sims, E. L. Angus, Lon M. Davis, Harold Merrick, Verne Norman, Greer Christian, Layton Dorrell, Lovell Jones;

Mesdames Floyd Simpson, W. Edd Brown, Harry Moreck, Lon V. Smith, A. B. Klein, Pierce King, W. A. King, J. C. Gilliam, A. J. Welch, Glad Snodgrass, Robert McGuire, Bob Garrett, Roy McCleskey, Lee Mayhew, H. O. Pope, Wilson Kimble, Bill Cauley, Clinton Fyffe, J. B. Claiborne, Virgie Shaw, Glee Thomas, L. J. Welborn;

Mesdames G. L. Kirk, A. D. Cummings, Calvin Steen, J. D. McBrien, A. T. Hull, V. Williams, D. F. Bredthauer, J. B. Bishop, L. W. Chapman, Verne Elliott, Homer Hopkins;

## Mrs. J. P. Bradford Honored With Going-Away Shower Friday

Mrs. W. S. Poole was hostess to the Antelope M. A. H. Club in their first meeting of the year on Friday, December 31, in which Mrs. J. P. Bradford, who is moving to Rossville, was honored with a going-away shower.

Mrs. Bradford received many nice and useful gifts and with them goes the wish for happiness in her new home.

At the meeting new officers were elected for the year. Mrs. Tom J. Boyd was elected president, Mrs. W. S. Poole vice-president and Mrs. J. T. Poole secretary and reporter.

The hostess served delicious refreshments to the club members and the following guests: Mesdames C. A. Caffee, Earl Poeter and Miss Maece Jones of Dougherty; Mrs. Charlie Bradford and daughter Miss Debie of the Baker community; Mrs. Tom J. Jackson and Mrs. Bill McNeill of the Antelope community.

## Mrs. Lloyd Nelson Named Honoree At Miscellaneous Shower

Naming Mrs. Lloyd Nelson as honoree, Miss Lorene Baiter entertained with a miscellaneous shower at the home of her mother, Mrs. Bert Baiter, last Wednesday afternoon, January 5. Mrs. Nelson was Miss Fannie Ruth Patton before her recent marriage.

Delicious refreshments were served from the dining table laid with a lace cloth.

Mrs. Baiter gave a reading "How To Drive" and Mrs. Wayne Baiter, dressed as an elderly woman, presented the gifts by entering and showing the honoree several old cooking utensils and towels then leaving the new gifts for her to unwrap.

Those registering in the brides book were Mrs. Roy Patton, Mrs. Bob Welborn, Mrs. H. J. Newberry, Mrs. Homer Newberry, Mrs. C. A. Cass, Mrs. Wayne Baiter, Mrs. Fred Baiter, Mrs. Newt Gilbreath, Mrs. H. J. Nelson, Mrs. Claude Patton and Mrs. Bert Baiter. Misses Claude Patton, Alma Ruth Nelson, and Lena Opal Patton.

## MRS. DICKERT ENTERTAINS PASTOR'S HELPERS CLASS

Pastor's Helpers Class members and other guests met Tuesday, January 11, in an all day meeting with Mrs. F. A. Dickert. An inspiring devotional was held and a covered dish luncheon was enjoyed at the noon hour. The afternoon was spent doing hand work.

Class members present for the day were Mrs. W. M. Colville, Mrs. D. D. Shipley, Mrs. Lilla Slaughter, Mrs. P. M. Felton, Mrs. W. H. Alexander, Mrs. J. J. McKinney, Mrs. O. B. Olson, Mrs. J. S. Solomon, Mrs. Clem Henry, Mrs. A. A. Bredy, Mrs. R. M. McCauley and Mrs. W. E. Walker. Visitors to the class were Mrs. Tom Shaw, Mrs. Paul Jacobson and Mrs. Ella Johnson.

## Social Calendar

**TODAY**  
Thursday Contract Bridge Club meets this evening at 7 o'clock with Miss Ruth Jenkins as hostess.

1929 Study Club meets this afternoon at 3:15 with Mrs. E. L. Norman as hostess.

Mr. and Mrs. Lon M. Davis will be hosts to the Owl's 42 Club this evening. The guests will meet at the Commercial Hotel dining room for dinner at 6:30.

Idle Hour Club meets this evening at 7:30 with Mr. and Mrs. A. H. Kreis.

**FRIDAY**  
Friendship Bridge Club meets January 14 at 7:30 with Mr. and Mrs. L. T. Bishop as hosts.

**MONDAY**  
Woman's Missionary Society of the Methodist church will meet at the church Monday, January 17, at 3:30 p. m. for Outlook program and pledges.

Baptist Woman's Missionary Society will meet at the church January 17 at 3 o'clock.

Woman's Council of the First Christian church meets in the church annex at 3 o'clock January 17.

**TUESDAY**  
1934 Study Club will meet January 18 at 7 o'clock with Mrs. Clinton Fyffe.

**WEDNESDAY**  
Sans Souci Bridge Club meets January 19 at 2 o'clock with Mrs. George McAllister as hostess.

## Monthly Social And Business Meeting For Althean Class

Althean Sunday school class of the First Baptist church met in the monthly social and business meeting Thursday. Mrs. Jennie Bishop was hostess at her home, 225 West Kentucky street.

In the business meeting the class voted to meet at the church each Thursday to quilt. Each one will bring a covered dish for the noon lunch. The afternoon was spent doing fancy work and piecing quilts.

Those enjoying the day and the covered dish luncheon with the hostess were Mrs. A. D. White, Mrs. Morgan Wright, Mrs. S. T. Harris, Mrs. J. L. Coppell, Mrs. J. F. Conner, Mrs. J. T. Hinkston, Mrs. L. H. Newell, Mrs. W. C. Sims, Mrs. C. B. Sims, Mrs. J. E. Swinson, Mrs. W. F. Weatherbee, Mrs. J. A. Grigsby, Mrs. W. A. Amburn, Mrs. J. T. Snodgrass, Mrs. W. B. Cantrell and Mrs. W. M. Colville was a visitor.

## Some Modern Mystics Study Of 1922 Club In Meeting Thursday

"Some Modern Mystics" was the subject of study for the 1922 Study Club in their meeting Thursday afternoon with Mrs. C. K. Arnold as hostess. Mrs. E. L. Angus was leader for the meeting.

Mrs. R. E. Fry, president, presided over the business meeting. A year book committee for next year's work was appointed with Mrs. J. M. Willson, chairman, and Mrs. C. K. Arnold and Mrs. W. P. Bell as assistants.

Roll call was answered with International current events. Mrs. J. M. Willson gave the "Life and Work of Kagawa"; Mrs. L. G. Mathews discussed, "Gandhi's Place in International Politics." Mrs. Pearl Fagan arranged musical numbers for the program, presenting Misses Muriel Fagan and Thelma Cox in piano duets.

Mrs. Willson will be hostess for the meeting January 20 at her home at 3:30. At this meeting the club will study, "Social Workers."

## DAVID WILLSON HONOREE AT BIRTHDAY PARTY

Little David Willson was honored with a birthday party to celebrate his fifth birthday last Saturday afternoon from 4 until 5:30 when his mother, Mrs. J. M. Willson, entertained his friends.

The children were entertained with story telling and playing games until the beautiful white birthday cake adorned with five pink candies was served with ice cream conies to the guests. Balloons and rubber balls were given as favors.

Little guests enjoying the affair with David were Bob White, Reberta and Edith Faye Garrett, Mildred Jo Clark, Donald McGuire, Aubrey Guthrie, Don Kirk, Garry Oden and Franklin Stovall. Louise and Ora Jean Willson assisted with the entertaining.

## MR. AND MRS. GUIMARIN CELEBRATE FIFTY-FIFTH WEDDING ANNIVERSARY

Mr. and Mrs. T. P. Guimarin celebrated their fifty-fifth wedding anniversary Monday at their home, 417 South Main street. They were remembered with some lovely gifts.

A delectable dinner was enjoyed at the noon hour. Present for the day were their son, S. D. Guimarin, and daughter, Mrs. J. G. Wood, Mr. Wood, their granddaughter, Mrs. J. B. Claiborne and Mr. Claiborne.

## MRS. FELTON HOSTESS TO SUNBONNET GIRLS CLUB

Sunbonnet Girls Club met Friday afternoon at 2 o'clock with Mrs. P. M. Felton. Needlework furnished diversion for the afternoon.

A business session was held with the president, Mrs. R. M. McCauley, presiding.

Present for the meeting were Mrs. Will Walker, Mrs. McCauley, Mrs. W. A. Lovell, Mrs. W. C. Sims, Mrs. C. B. Sims, Mrs. R. B. Callahan, Mrs. S. J. Latta, Mrs. Kate Terrell, Mrs. J. J. McKinney, and two new members, Mrs. G. N. Shirey and Mrs. Dean Hill.

Mrs. Galen Holland will be hostess to the club Friday afternoon, January 21 at 2 o'clock.

## Former Floydada Boy Married At Stamford Last Week

Wilford Cothorn of Las Cruces, New Mexico, son of Mr. and Mrs. R. W. Cothorn, city, was married January 7 to Miss Melodee Thomas, daughter of Mr. and Mrs. Oscar Thomas of Stamford. Rev. H. R. Whitley, pastor of the Baptist church at Haskell, read the ceremony by candlelight before an improvised archway of greenery and seasonal flowers. Holland Griggs, violinist, played the pre-nuptial music.

The bride wore a black crepe frock with green velvet trim, green hat with matching veil and black accessories. Her corsage was of white gardenias. The couple was unattended.

Mr. Cothorn lived here with his parents for a number of years, graduating from the local high school. He was employed before leaving here with the City Tailors.

The announcement party was given recently and the bride was entertained with a pre-nuptial shower attended by 90 guests.

Mr. and Mrs. Cothorn spent Sunday and Sunday night here with his parents before going to Las Cruces where they will make their home. Mr. Cothorn is commission man for the College Dairy.

## Daughter Of Judge H. D. Payne Dies In Ft. Worth

Judge H. D. Payne returned Monday morning from Fort Worth where he attended the funeral services for his daughter, Mrs. Francis Lucille Boyd, who died there Friday afternoon after a long illness.

Mrs. Boyd was interred in the Grandbury cemetery with funeral services in Fort Worth. She is survived by three sons, Alfred D. 18; Gordon Luther, 15, and Charles Payne, 13.

Judge Payne went to Fort Worth last Thursday.

## Eight and Ninth Grades May be very glad to have Leland May back in school after being absent a few days.

We will have a mixed chapel program Friday, January 21, and would like to see a big crowd.

**Sixth and Seventh Grades**  
Two pictures have been added to our room through the efforts of the Citizenship Club members. The pictures are "Appeal To The Great Spirit" and "A Dutch Scene." We expect to do more to add to the appearance of our room.

Mary Helen Mickey and Ovelene McLean received gifts in exchange for merits of good spelling.

The seventh grade geography class has completed the project of "Central Maps." Maps of the United States were attractively outlined on cardboard with the grains of the various cereals grown in the United States.

**Fourth and Fifth Grades**  
Several of the students have been absent this week.

We are getting ready for the mid-term examinations.

T. R. Warren has enrolled in our grade and we are sorry to lose some of our pupils that are moving away.

**First, Second and Third Grades**  
We are sorry to lose Mary Helen Yoakum, who with her family have moved to Floydada.

Two new pupils have enrolled in our class they are Lyndell Warren and Gwendolyn Marie Ellis.

We are making booklets about Benjamin Franklin and studying him in connection with thrift weeks.

**Sports News**  
The volleyball girls are working very hard and we expect to start matching games in the near future. The girls have new suits consisting of blue divided skirts and white blouses.

The base ball girls are getting lined up for some matched games in the early spring.

**The Gossip Column**  
Someone has asked the following questions: What makes Jimmie's hair so curly? (We often wonder.) Jessie Lee, do you happen to know anything about false mustache? Miss Willie Faye Hollingsworth has decided to become a play writer. (We wish you good luck.)

We wonder why Eddie looked so sad Monday. Could it have been because someone was absent?

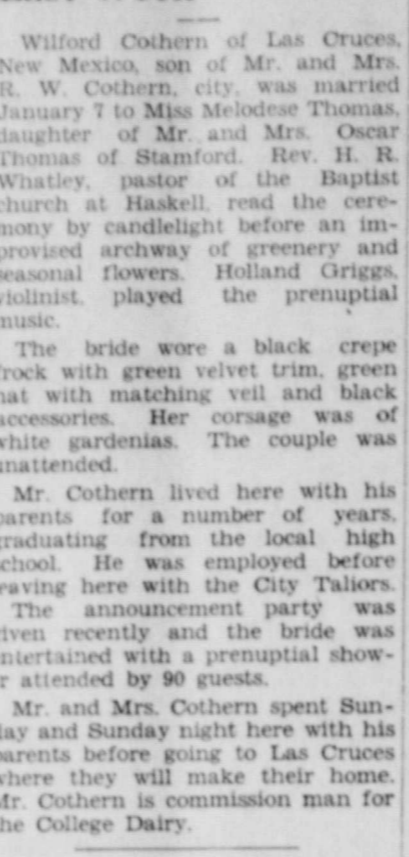

## HATCHERY BEGINS RUN

Carmack Hatchery began its spring run Saturday when the first unit was put to work with expectation of taking off the first chicks about the first of February.

The large all-electric unit, installed last fall, is expected to be ready for its first run beginning Saturday. C. B. Carmack this week issued an invitation to any customers who desire to call and see the big modern hatchery in operation.

Mrs. Walton Hale, Mrs. Roy Snodgrass, Mrs. John Maxwell and Mrs. B. K. Barker attended a meeting of the Parent-Teachers Association in Lockney Tuesday.

## For Resort Wear

Color and lots of it was the choice of Lynn Roberts, Hollywood player pictured above at one of the film colony's winter playgrounds. A dark brown blouse matches the print of her four-piece ensemble, which can be worn with trousers replacing the skirt.

## Tuesday New Meeting Day For Lions Club

Floydada Lions Club will meet on Tuesdays instead of Thursdays, the club voted in their meeting Thursday of last week, keeping the same meeting place and the same hour of the day — the First Christian Church annex at 12:30.

Ed Johnson, who had charge of the program, presented Winfred F. Newsome in a discussion of Lions Club relations and relative values, and Frank L. Moore in a talk on New Year resolutions. Moore said he hoped to be rid of a habit of wearing red ties to the club.

W. H. Henderson, W. R. Simon and Polk Goetz were named a committee to plan for a long-delayed ladies' night program of the club.

## Harmony News

There will be a training school held at Carr's Chapel church beginning Monday night, January 24. Rev. W. V. O'Kelley will conduct the school. Every one is invited and urged to attend this school. The course will be "The Life of Christ."

Plans and pledges for the coming year were made. Our new year book was introduced and a list assigned by Mrs. W. H. Bethel, study superintendent.

Our next meeting will be at Mrs. J. H. Farmer January 25.

### Irvin Allen Favored When Coach Names 30 For T C U Numerals

Irvin Allen, former Floydada High School football back, was one of the favored frosh team members at Texas Christian University to be given a numeral last week by Coach Dutch Myers. The freshman squad list was given out at a banquet in Fort Worth.

Allen, in spite of light weight, will go into spring training rated as a left half.

He and Connie Sparks, a Panhandle lad, were the only two high plains candidates and both were given numerals.

### Randerson Throws Hat In Ring For Assessor And Collector's Office

To the people of Floyd County: I wish to announce my candidacy for the office of Assessor and Collector of Taxes, subject to the Democratic Primary to be held on July 23, 1938. It is my intention to call upon each of you personally before the Primary, and I will appreciate your vote and influence in the election.

E. S. Randerson.  
(Political Advertisement)

### Dental Health Books Being Sent To Schools

Booklets from the State Health Department on dental health for all children in the first six grades are being distributed to the various schools of the county this week, County Superintendent Walter Travis announced Wednesday.

Dental examinations are being given in the schools of the county and programs in general health are being stressed in each school.

### Canning Plant Will Close On January 31

At a recent meeting of the Commissioners' Court, it was decided the Floyd County Cannery would continue to operate until January 31. After this date no further assurance of a cannery is given.

Mrs. Fred Taylor, superintendent of the institution, said, "It is still time for orders of meats, fruits or vegetables," and insists that if interested, orders be booked with her as soon as possible.

Miss Beatrice Davis spent Saturday night and Sunday with her parents Mr. and Mrs. L. J. Davis near Plainview.

### 20,000 Miles Without Radiator To Give Oil Severe Test

Captain Roy A. Good, former Army test engineer, has driven this stock model car 7,000 miles without a radiator and without any water for cooling purposes, to test the ability of Phillips 66 Motor Oil to withstand the terrific abuse of such a test. He intends to continue the test until 20,000 miles have been covered.

### Terrific Abuse Given Motor Oil By Machine Without Water System

Captain Roy A. Good, former U. S. Army test engineer and U. S. Airway Mechanician and U. S. Army test engineer was in Floydada yesterday on a 20,000 mile test drive he is making throughout the mid-western section of the United States. The Phillips Petroleum Company, of Bartlesville, Oklahoma recently asked Captain Good to put Phillips 66 Motor Oil to the most severe and uncompromising test to prove its ability to provide complete and satisfactory lubrication under the worst possible conditions.

Captain Good has removed the radiator from his car and bored holes through the water jacket, leaving no water whatsoever for cooling purposes. In a car designed to be cooled by water this means that the motor will run from two to three times hotter than usual, reaching temperatures of almost 600°, thus subjecting the oil to greater heat and pressures than are ever encountered under actual driving conditions. Captain Good, who has had more than eight years service testing motors and lubricants for the government, states that motor oil which will stand such terrific abuse will give thorough lubrication protection in any climate and under any conditions which might arise in normal use.

The test car is a stock model, low priced car and, from the side, looks like any other car of this model. It is therefore quite surprising to find the grill and radiator removed and to see the motor entirely exposed at the front. Air passing over the engine becomes so hot that it is necessary to provide an outlet to take the hot air from the back of the motor out through the side of

### W. E. Grimes In Race For County Attorney

To the Voters of Floyd County, Texas:

I take this method of making my announcement as a candidate for the office of County Attorney of Floyd County, Texas, subject to the Democratic Primary to be held in July of this year. I have had several years of experience as a practicing attorney, the most of which has been in Floyd County, and in all of the courts from Justice to Federal and I believe that I am well qualified to fill this important office.

I hope to see each and every one of you personally between now and the primary.

If you believe that I will make you the county attorney that you are entitled to have, I earnestly solicit your vote and influence.

W. E. Grimes.  
(Political Advertisement)

the car. If this were not done the floor boards of the car would become so hot that Captain Good could not stand the heat on his long drives during this test.

Captain Good states that the 7,000 miles already covered on this test have conclusively demonstrated Phillips 66 Motor Oil is protecting the motor perfectly however he intends to continue the test until 20,000 miles are completed. The test car will be at all local Phillips 66 stations for a short while on his way through this city.

### Dougherty News

G. L. Moreland and Willard Edwards were in Hereford Monday on business.

Mr. and Mrs. George Barnett of Wake visited Sunday in the home of Mr. and Mrs. C. E. Bartlett.

Guests in the T. J. Campbell home Sunday were Mr. and Mrs. Jim Morrison and Mrs. G. C. Edwards.

### Re-Election Asked By Moore For Assessor And Collector Taxes

TO THE VOTERS OF FLOYD COUNTY:

I take this method to announce that I am a Candidate for the office of assessor and collector of taxes of Floyd County, Texas, for re-election.

I sincerely appreciate the nice vote that you have given me in the past. I appreciate my job, your friendship and the many courtesies that you have shown me, and will ask your serious consideration concerning my candidacy.

It is my intention to see the citizens of the County between now and July 23rd, 1938.

I am, yours truly,  
Frank L. Moore  
(Political Advertisement)

### Irick News

There was a large crowd at Sunday School Sunday morning and also at singing Sunday night. The time for Sunday school to begin has been changed from 10 o'clock to 10:30. Teachers and officers of the various classes were elected and literature ordered for the card class, juniors, intermediates, and seniors. The adult class will use only the Bible as a guide. We hope more will attend next Sunday.

Mr. and Mrs. Jack Dollar, Mr. and Mrs. Tubby Roberson, Mr. and Mrs. Earl Poage and son, Mr. and Mrs. John Holmes and family visited Mr. and Mrs. Doc Hampton, Sunday.

Mr. and Mrs. Lee Bennett visited in the home of Doc Bennett of Plainview Sunday.

Caud Caldwell of Cotton Center spent Sunday night in the S. D. Caldwell home.

Miss Marguerite Langford spent the week end in Floydada visiting Miss Imogene Roy.

Mr. and Mrs. Henry Black of Idalou spent Sunday in the home of Mr. and Mrs. W. E. Taack.

Frank Whitfill and children spent Sunday afternoon in the home of Mr. and Mrs. Emmett Tierce.

Mr. and Mrs. O. M. Reese and family have moved to Lockney. We regret very much to lose Harold from our school and the entire family from our community, but we wish them much happiness in their new home.

Mrs. Everett Wallace gave a surprise birthday party Wednesday night, January 5 for Aileen Taack, Evelyn Hooten and Everett Wallace.

### 'Friendships In Wholesale Lots New Experience'

"It's my first opportunity to see demonstrated friendship in a wholesale way," Carl L. Minor said this week, back at the store for a few minutes a day following his injury in December. He was speaking of the demonstrations, spoken and otherwise, of the interest in him by friends and the loyalty of business associates and customers.

After spending weeks in the bed he is "getting about some" now and within a month, barring unfavorable developments, will be pretty well back on the job again at Star Cash Grocery, he thinks. He is very grateful and was somewhat misty-eyed about it when the reporter talked to him.

A few days before Christmas Minor walked into the path of a passing car in front of the post office on North Main Street. He had just alighted from a car driven by A. D. Cummings who gave him a lift from another part of town. He sustained a serious fracture of the right leg from the impact of the car and other less serious injuries.

This week he said he did not recall anything between the time he alighted from the car and when the leg was being treated twenty or thirty minutes later at the hospital.

"I have been jumping counters in a grocery store for twenty years or more and a vacation at Christmas-time was a little unusual for me," was Minor's comment. "However, since the folks did everything for me but take my place I guess it was just as well," adding the remark about the wholesale friendship he had had demonstrated.

Mrs. George V. Smith spent last week end in Munday visiting with her mother, Mrs. E. C. Henry, and sister, Mrs. Pitzer Baker.

Mr. and Mrs. Paul Hamilton of Quitaque were guests Sunday of Mr. and Mrs. L. C. McDonald.

Mrs. Everett Wallace spent the week end in Lubbock visiting her parents.

### A. C. GOEN, JR., RECOVERING AFTER OPERATION AT TEMPLE

A. C. Goen, Jr. was operated upon Friday afternoon at the Scott and White sanitarium in Temple for a gland trouble that had been bothering him for some time.

Some fear was felt Sunday that pneumonia might set in but Polk Goen received word yesterday that his brother was resting nicely and that Mr. and Mrs. A. C. Goen would return home this week end.

# THE HESPERETTE

Volume 9

Edited by Pupils of Floydada High School

Number 16

### HESPERETTE STAFF

Co-editors: Mary Wilson Hicks, Thomasine Cox, Assistant editor, Sappho Ward.  
 Society—Beth Newton.  
 Sports—Leeman Norman, and James Wilson.  
 Exchange—Charles Denison.  
 Reporters—Marguerite Leonard, Aileen McIntyre, Dorothy Dell Stovall, Bobby McIntyre, Olin Watson, Joe Smith, and Evelyn Groves.  
 Typists—Henry Hinton, Watson Jones, Harold Cothran, James Willson, Alene Warren, Robert Scott.  
 Sponsors—Mr. Cummings and Miss Rees.

### FAILURE?

Don't be so glum! Did you fail an examination? Well, of course, that's nothing to brag about, but since you've done it, don't let it discourage you. Don't let it dishearten you—make you want to "quit" school. It's no disgrace to fail—that is, as long as you have a good, honest reason—with you being the judge of your own case of failure. But now that you've failed once, make of your failure a profitable experience. Ask yourself why you failed. Consider the things you have done that might have hindered you—your attitude in class, your behavior, your promptness for handing in papers. Do the things during this new term that you failed to do; or, leave undone the things which gave you a bad reputation, as far as grades are concerned.

This new term is your golden opportunity! Make the most of it. It is not merely a long siege of daily work hard six week tests, and perhaps uninteresting class recitations, but it is a vital part of your preparation for future life and work. Look for the practical things in your courses, and apply them. Any way, get interested in your school work, and you won't fail.

Here's hoping for you during the new term many many passing grades!

### CHEATING

Cheating is undoubtedly one of the chief crimes students commit. No good is derived from it; the harm done can not be written. Another thing, after one cheats once it is easy to do again. As oak trees grow from little acorns, so do crimes grow from petty lies, stealth, etc.

Drug and drink are habits formed by trying either one out just to "see how it feels". Don't let yourself become a slave to the habit of glancing at your neighbor's paper during a test. Soon you won't be able to do anything for yourself.

It's much better to fail a course than to cheat and know nothing about it when you have finished. I trust none of you have cheated your way through this semester!

### SENIORS CHECK CREDITS

Twelve, twelve and one half, thirteen—how many credits do you have? Every Senior is either rejoicing or bemoaning because of his credit rating. It is believed however that the majority are happy and well-contented, for they have enough credits for graduation!

Each Senior was called to the office by A. D. Cummings, superintendent, during the past week to check his credits. Seniors were seen trudging down the steps sometime nearly every day. No matter how dignified Seniors may get to be they still enjoy getting out of classes. But that's the hard part, they had to check credits during study halls.

Oh, well, better luck next time seniors, maybe someday the whole Senior class will get to get out of a hard class!

### Chapel

Exams, exams—outstanding subject of chapel last Thursday. O. K. Davis, principal, read before the entire student body the rules to be observed during this week of exams. No student will have a plausible excuse for not meeting all requirements.

For entertainment were sung such old songs as "When you and I were young Maggie," "Love's Old Sweet Song," "Come thou almighty King," "Juanita" and "Sailing."

Some one suggested that it was well that the students were allowed to sing then, because they might not feel like it after exams.

## Whirlwinds Play Two Practice Games With Lakeview Basketeers

The Floydada Whirlwinds played two scrimmage games with Lakeview, Floydada lost the first game to them by a score of 25-4, but won the second by a score of 6-4. The reason for these losses was that Jimmy Willson was not in the game.

Floydada will play Flomot sometime next week. When this went to press the game had not been played. We will also play Aiken later in the week.

Floydada has promises for an outstanding team for next year. Ham Smith is the only letterman but a good team can develop around one player.

## With Our Exchanges

### EIGHT QUALITIES ABOUT A GIRL

1. Dress well.
2. Don't eat much on dates.
3. Pleasant conversationalist.
4. Don't eat much on dates.
5. Don't be snooty.
6. Don't eat much on dates.
7. Be a good dancer.
8. Don't eat much on dates.

### ADVICE FOR MEN

Ask a girl to talk—if she's talkative; Ask a girl to walk—if she's walkative; Ask a girl to dance—if it's permissible; But never ask to kiss her—if she's kissable.

A kiss is a peculiar proposition, of no use to one, yet absolute bliss for two. The small boy gets it for nothing, the young man has to steal it, the old man has to buy it. The baby's right, the lovers' privilege, and the hypocrite's mask. To a young girl, faith; to a married woman, hope; to the old maid, charity.

Dad: "Son, who taught you that naughty word?"  
 Tim: "Santa Claus."  
 Dad: "Santa Claus?"  
 Tim: "Sure, when he tripped over my bed Christmas morning."

Boss storming: "You're fired!"  
 Stenographer: "Fired? That's news to me. I always supposed slaves were sold."

Angler: "You've been watching me for three hours. Why don't you try fishing yourself?"  
 Onlooker: "I ain't got the patience."

### ETIQUETTE

#### From "Everyday Manners"

Rise when older people enter the room and see that they are comfortably seated before you yourself sit down.

In offering your own chair to someone, do not stand in front of it as though you did not really want it taken, but push it a bit forward invitingly and then move away to show that your offer is sincere.

Be especially courteous when conversing with older people. Never interrupt them.

Notice the needs of older people and be quick in meeting them. The giving of such attentions to older people and being quick in meeting them is a duty of girls as well as of boys.

Boys should be just as thoughtful of and give the same attention to girls as to older people.

Girls should always express appreciation of any courtesy that is shown them.

Do not monopolize conversation either with older people or with people of your own age.

If you go anywhere with a group of people, do not allow one person to monopolize your time and attention. Only selfish, rude, or socially inexperienced persons will disregard this suggestion.

A suggestion slogan: Few men regret the things they have not said.

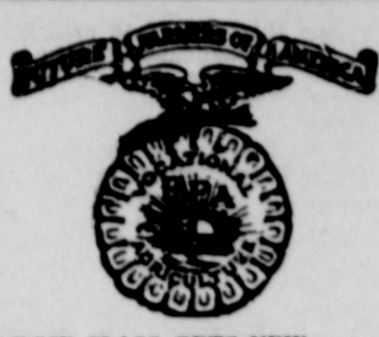

### Hi-Y Club

The Hi-Y club met at their regular date and business was attended to, followed by a brief program.

The program for the next meeting was postponed for one week following the week of examinations.

A very interesting program will be rendered by the following members: T. W. Salisbury, Billy Brown, Leeman Norman, Wayne Collins.

Hesperian \$1 per year in Floyd or adjoining County.

### AGGIE CLASS GETS NEW CANE-BOTTOM CHAIRS

Thirty new shiny cane-bottomed chairs arrived at school Monday. Doors at the front of the building were taken off their hinges, so that the loads of chairs might go through, and the entire load was deposited in Mr. King's room.

The boys of the Agriculture classes put their new property into immediate use, and could be seen during class periods lolling back in their comfortable chairs. For a long time the aggies have been using hand-made stools, and the chairs furnish a welcome addition to the department. The Ag boys plan to take good care of their new chairs, for they certainly appreciate them. They deserve them too, because they have been working hard.

### Ramblings

In the foods lab several girls forgot to remove some egg yolks that they discarded several weeks before. When I arrived upon the scene, they had all the nose marks of some pretty ancient eggs. We hit upon a colossal idea! We merely lit a fire in the ice box and yesterday we heard three weak cheers.

Examinations have reared their ugly heads with all the vengeance of their usual sordid dispositions. Yep, it's certainly mourning week at F. H. S. There has been so much cramming and studious endeavor that the pep clinic fears and epidemic of lumbago of the head.

Ruth Kreis remarked to a fellow nut, "He is so dumb that I'll bet he thinks that the Social Security Act is the third act of the season's most brilliant play." I'll doff my battered fedora to you, Ruthie. That was screaming.

Remarked a fish to a soph: Miss Rea is going to remove my ears forever!

Remarked soph to fish: "Oh she is going to de-ear you, I get it."

The other day Georgia Lee became a little flighty and confused cartoonist with contortions.

Well she wasn't far wrong. At this stage we might inform you that this is a humor column.

Did it ever occur to you what fun it would be to have a school bonfire (pep squad style) and burn all examination papers. Now that children, is a thought.

As is my usual habit, I was reading juicy bits of news on my way home to lunch and just as I was straining my fourth dimension—a tree reached out and socked me—believe it or not. My pride would not have suffered so if my pet heckles had not been passing and beheld my chagrin. Only the fact that I'm a lady and a pep girl kept me from losing my usual charming temper. Ahem, and so, the moral: Self possession wins over tribulations.

It is interesting to notice how a reporter can wax forth eloquently about nothing at all, isn't it?

I'll bet a poet couldn't do better than this—Ella Mae Griggs and Ellie Mae Biggs. If you can beat that for rhyme, drop a card. We do not need poets.

Add people with dimples: Frankie Jones, Billy Brown, Doris Collins Frances Jo Terrell, and Juanita Lutrel.

Opinion has it that Joe Conway could be elected the most collegiate boy in F. H. S.

Why doesn't someone dash in and tell me that my Uncle Dudley has taken two turns for the worse? It seems Melvin Jarboe has been guarding gardens. I think we've got something there! these cold nights.

And something else we haven't figured out is why Joe and Eugene are picking up glass when the thermometer sez zero.

Said one dear teacher to her dear class: "Why was Brazil a Portuguese Colony?"

Bright Fish: "Because Portugal owned it."

Mr. Trenton Davis is a popular guy among the lads and lassies of F. H. S. He is so well liked that he doesn't even know when he is being interviewed.

One of the editors had better change her name. It reminds L. T. Hickerson of his own name.

It seems, Marjorie, everyone named Augustine was not lucky enough to have a town in Florida named for him.

When Leighton Teeple was asked by Miss Cade if it were dangerous for the people of England in 1066 to go on a long journey alone, Leighton replied: "Of course it was. They had to cross the Arabian Desert." (Of course, the English Arabian Desert is a beautiful place, you know.)

Now that you know the happenings and mis-happenings at F. H. S., we had better call it a day. Sleepily yours, I. Phillip Space

Writing fluids, Hesperian.  
 Phone Only Steam Tube Vulcanizer in town. We are prepared to do any kind of Tire Service. J. N. Gullion.

## Seniors Keep Busy In Spite Of 'Slack' Season And Big Exams

The Seniors are still in full swing. Some of them are making an order for their rings. It won't be long until every Senior will have a ring. It seems they are always doing things. Now they are having their pictures made. Mr. King announced Thursday that Mr. Froge wanted most of the pictures to be made this month as he wanted to take his time with them and not be rushed.

It is hoped that the Senior group picture for the halls will be made soon so the Seniors can enjoy it for a few days before they graduate.

Here's to the Seniors of '38. May you live and prosper!

The Seniors are still in suspense over their exam grades. They will all pass, though, because they are not dumb.

### What We Read

Prayer of a Scotch preacher? "Oh Lord, guide us aright, for we are verra, verra determined."

Inferiority complexes are seldom more than senseless timidities that rob courage, sap ambition, and retard enterprise.

"I was her thinking of others made you think of her—Elizabeth Barrett Browning.

A great many people would like to know when they are falling in love so that they may decide whether to stop or to continue. There is a simple test, the first symptom is a tendency to confide in the absentee, and it is high time to take notice when a man discovers himself talking to a woman who isn't there—Winifred Kirkland in "Outlook".

"And please return this book." You may think this is a strange request, but I find that through my friends are poor arithmeticians, they are nearly all good book-keepers.—Sir Walter Scott

Without sentiment there would be no flavor in life. Thackeray. Nothing recedes like success.—Walter Winchell.

A merchant stated in his will: "I want six of my creditors for pallbearers—they may have carried me so long they may as well finish the job."

N. Y. Post. Toastmasters Introduction: "Gentleman, you have been giving your attention to a turkey stuffed with sage. Now will you hear from a sage stuffed with Turkey."—Cokesbury Pl.

## Half-Minute Interviews

Question: Do you like sauerkraut and onions?  
 Miss Rea: "Of course."  
 Miss Miller: "Oh, boy do I?"  
 Miss Cade: "Onions is my favorite dish."

Miss Fouts: "No, I like kraut and weiners."  
 Miss Wilhite: "Hardly!"  
 Miss Rees: "Onions make me sick."  
 Mr. Williams: "Well, Have you got any left?"

Mr. Cummings: "Lands yes!"  
 Robert Scott: "I like the onions but 'boo' to the kraut."  
 Eugene Boren: "Provided its not cooked."

La Nell Shirey: "I like onions."  
 Frankie Sanders: "I like kraut and—"  
 Mary Wilson Hicks: "Sure, I love 'em."

## Hit Of The Week

You're a sweetheart, if there ever was one  
 If there was ever was one it's you,  
 Life without you was an incomplete dream.

You are every sweet dream come true  
 My search was such a blind one  
 And I was all at sea  
 I never thought I'd find one quite so Perfect for me.

You're a sweetheart if there ever was one,  
 If there ever was one it's you

### MUSIC SURVEY

This week, Mr. Grumish is sending a survey to each home to determine how many R. C. A. Ward students are interested in band work.

He passed questionnaire for each student to fill in, and as soon as they are counted, Mr. Grumish will know approximately how many Andrews Ward students plan to enter the High School Band. In this way he will decide whether it will be worth while to establish classes at Andrews Ward.

If this plan materializes our band will increase and improve.

### REPORTER SECURES TRENTON T. DAVIS' COLORFUL PAST

Very slyly we interviewed Trenton T. Davis, the typing teacher, and with deft strokes uncovered a very colorful past.

It seems that at a very early age, Mr. Davis started a football career. He played at St. Joe High School, where he sacrificed a good sound skull for dear old J. H. S.

Time staggered on, and we find the personelle Mr. Davis in Texas Tech magazine the "Red Raiders". (Not only was he manager, but he was his own assistant manager.)

stated that his wife (who, incidentally is very charming), had only made one mistake and that was marrying him. This remark signifies his modesty, and in conclusion Mr. Davis said: "I have had a very dull past and expect to have an even duller future."

### DEBATE CLUB

The debate club is planning an interesting time in March. The students are going to Wichita Falls to debate.

Last year the team went to Wichita Falls and reported a most entertaining time. "There are many attractions there," says Jimmy. (Other attractions than debates, don't you imagine?)

"Advertising has been one of the most potent factors in raising the American standard of living," said John R. Stewart, statistician of the Detroit Board of Commerce.

### LAND

We have land to Sell and to Lease for Farming, Stock-Farming and Grazing purposes, from about 80 acres up, in Floyd, Briscoe, Hall, Motley and other counties. Also large list of Lots in Floydada.

W. M. Massie & Bro. Floydada, Texas

Health-Wrecking Functional PAINS

Severe functional pains of menstruation, cramping spells and jangled nerves soon rob a woman of her natural, youthful freshness. PAIN lines in a woman's face too often grow into AGE lines!

Thousands of women have found it helpful to take Cardul. They say it seemed to ease their pains, and they noticed an increase in their appetites and finally a strengthened resistance to the discomfort of monthly periods.

Try Cardul. Of course if it doesn't help you, see your doctor.

### Modern Brick Oven Is Installed At Wester's Bakery During Week

A new brick oven valued at \$1,750 has been installed at Wester's Quality Bakery this past week.

The new oven, designed and installed by E. E. Boothe, is one of the latest and most modern baking ovens built according to J. C. West's design and cuts down considerably on fuel expense and other overhead cost.

The oven is approximately 8 feet high at the top but is rounded to the peak beginning about 5 feet from the floor. The rounded top is covered with asbestos. The walls and ends are of brick with two long narrow insulated doors in the front through which bread is passed to the reel.

The reel which has six shelves revolves within the oven powered with a geared electric motor on the exterior, carrying the bread in a complete revolution from the top of the oven to the bottom, insuring complete baking without overbaking on top or bottom.

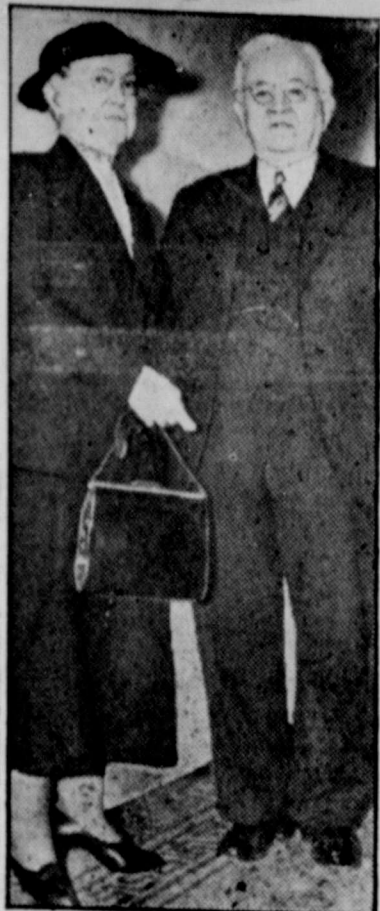

The oven is fueled with gas. The burners are located in the bottom of the oven beneath the reel. Controls are placed on the outside to regulate the heat.

Wester said that the oven had a capacity of 168 pullman loaves or 216 standard loaves. Temperature within the oven is held constant and the brick enables the use of less fuel than in the old metal machine, since it has higher heat holding qualities.

It takes about 35 minutes to bake the bread in the oven or about 50 minutes to place the bread, bake it and then take it out to cool.

Several ovens of this type have been erected over the South Plains and in the Panhandle.

### 'Young Love'

Romance for youngsters? There is no monopoly on it, as Rev. Hugh K. Walker, 76, of Los Angeles, and his bride-to-be, Mrs. Jane E. Fullwood, 78, demonstrated above as they filed intention to wed. Mrs. Fullwood has been a life-long friend of Rev. Walker and his wife, who died a year ago.

### Lakeview Eaglet

Motto: No rest 'till our school is the best.

Editor: Ara Sue Edwards.  
Assistant editor: Ella Breed.  
Reporters: La Faun Hodges, Jeanne Edwards, Margaret Hambricht.  
Sports editor: Sammie Goodwin.  
Church Reporter: Winnie Ruth Anderson.

Those present for the ordination of the deacons from Dickens were Mr. and Mrs. G. E. Hicks and sons, Mr. and Mrs. Leon Robertson of Afton, Mr. and Mrs. J. A. Legge and Miss Jennie Legg of Dickens.

Mr. and Mrs. Tom Hart spent Sunday with Mrs. G. W. Hart at Baker.

Sunday visitors in the W. U. Riggle home were Mr. and Mrs. R. T. Luttrell, Paul and Juanita, Mrs. John Nixon, Mr. Dean Gregory, and Mrs. Roy McCrawley and children.

Mrs. Cella Ross spent Sunday in Floydada with her sister, Mrs. A. J. Welch.

A new pupil was added to the primary room this week, Bobby Smith of McCoy.

John Lloyd and family moved to the Ross farm south of Floydada last week. Mr. Lloyd bought the farm last summer. The community regrets losing this family very much.

Mr. and Mrs. J. D. Smith and family spent Sunday afternoon with Mr. and Mrs. H. E. Giles and family.

Maxine Jones, daughter of J. P. Jones, has been in a Lubbock Hospital since Friday. She was returned home Sunday.

Mr. and Mrs. Bosey Thomas of Stephenville are visiting Mr. and Mrs. John Allen.

Mr. and Mrs. P. J. Wilkes and Mr. and Mrs. Lewis Wilkes and son and Mr. and Mrs. R. C. Smith spent Sunday with Mr. and Mrs. J. M. Harrison.

Krax of the Krowd Junior is the constitution only a "piece of paper" Ara Sue could not trust Thurman to take Marie to her house. We wonder why James and Thurman were not at church Sunday night. Why was Marie so happy Monday morning.

Lakeview Eagles Win Over Crosbyton The Lakeview Eagles went to Crosbyton Friday night to win a victory over the Chiefs 31 to 24.

Players in the game were Bill Jackson, Roseoe Riggs, Raymond Fickes, and Sammie Goodwin. Harvey Lee Newberry also saw some action.

Goodwin was high point man with 16 points, while West was second with 9 points.

Riggle guarded Crosbyton's star so close that he was barely able to score and then only a few scattered points.

Guests of Mr. and Mrs. Winfred Newsome this week end were her parents Mr. and Mrs. J. A. Odum of Lubbock and Miss Kathryn McGowan of Quitman.

**GOLD! GOLD!** How to Make Money Placer Mining On Bear Creek, Near Silver City, New Mexico.

We want to increase our production of gold from \$100 per day to \$300 per day.

To do so we want some partners to take another \$5,000 interest in placer plant. We have the proven "dirt" and efficient machinery, except we need to handle more yardage daily.

If you have a few hundred dollars to invest, we ought to be able to make you some real money next season.

Let me tell you about it. **L.A. Marshall**

### Liberty News

Mrs. Ola Warren and Miss Eula Huckabee visited school Tuesday afternoon.

Nellie Jane Harny, Juanita and Melba Fay Holmes visited school Thursday.

Third month examinations were taken Thursday and Friday.

Vivian Dorene Dillard was absent Friday.

New resolution for the year '38 and '39 were made Monday. The pupils resolved to have better lessons and to be better pupils than during '37. Miss Mattie resolved to be prompt in returning papers and getting our report cards.

Locals Mrs. Ben Dillard and children spent Friday night and Saturday visiting Mrs. Dillard's sisters, Mrs. John Burchfield and Mrs. Lloyd Misener of Amarillo.

Mr. and Mrs. Clyde Hill of Lockney visited Mr. and Mrs. Lester McCormick Sunday.

Mrs. W. A. Huckabee attended the funeral services of her nephew, Mr. Thomas Hampton of Memphis Wednesday. Mr. Hampton was killed in a truck-train crash.

Mr. and Mrs. Paul Box and family visited Mr. and Mrs. Fred Graham Saturday afternoon.

Miss Elba Lee Dillard and Mr. and Mrs. Dozier Dillard visited Mr. and Mrs. Ben Dillard Sunday afternoon.

Mrs. W. T. Sauls of Shallowater spent Wednesday night with her parents Mr. and Mrs. B. Yearly of this community. Mrs. Sauls was accompanied home by Mrs. Rene Yearly, who will spend a few days visiting there.

Miss Vivian Dorene Dillard spent the week end visiting Miss Anna Jones of the Baker community.

Mr. and Mrs. Bishop Winton and Marvin Holmes were Sunday guests of Mr. and Mrs. L. M. Watkins and family.

Andrew Jetton, Darrell Yearly, and J. V. Gilly visited in the B. Yearly home Thursday.

Mr. and Mrs. Scott McCormick and family of Floydada and Mr. and Mrs. Elbert Eubank visited Sunday with Mr. and Mrs. Weldon McCormick.

Mr. and Mrs. W. A. Huckabee and daughter visited F. M. Noland Sunday.

Mr. and Mrs. Earl Huckabee visited Mr. and Mrs. O. H. Huckabee Sunday.

Richard Ford was ill Thursday.

Mrs. C. B. Davis and daughter of Lockney spent Thursday visiting Mrs. Paul Box and children.

Mr. and Mrs. H. A. Graham and family of Clarendon spent the week end visiting Mr. and Mrs. Fred Graham.

### Muncy News

School started last week after the Christmas holidays. Several new pupils are enrolled in school, having moved to our community since the first of the year.

Mr. and Mrs. R. L. Powell and family spent Sunday in the A. B. Muncy home.

Mrs. E. C. Malone, dean of women on Matador Hill, Wayland College, Plainview; Miss Minnie Lee Potham and Bobbie Muncy, students spent Monday afternoon in the home of Miss Muncy's parents Mr. and Mrs. A. B. Muncy.

The Muncy school is practicing on a new play which will be presented soon. It is entitled "A little Burst of Glory."

Garland Foster, principal, is director of the play.

Another new family, that of G. M. Neff have moved to our community from near Lakeview.

Mr. and Mrs. R. L. Powell are moving to their new home near South Plains this week. Mr. and Mrs. Garth Powell will occupy the place vacated by them.

### Campbell News

School News Editor-in-chief, Loretta McAda. Assistant editor, Juanel Amburn. Reporters, Tresson Glover, Glen Amburn, W. T. and Dorothy Elza.

Another week has brought us nearer our mid-term exams.

"Oh, me, I'm scared." "What if I fail", is the cry heard on all sides this week. We are hoping the teacher will have pity on us and give us easy questions.

LOCALS Misses Ina Ruth and Loretta McAda spent Sunday with Misses Cleo and Rachel Head.

Jean and Jane Warren and Tresson Glover spent Sunday as guests of Juanel and Glen Amburn.

Mr. and Mrs. O. A. McAda spent Sunday with Mrs. Higgins of Lakeview.

Mr. and Mrs. Ebb Warren of the Liberty community was a Sunday guest in the home of Mr. and Mrs. C. T. Warren.

### Mt. Blanco News

Church News The Wayland College volunteer band was with us Saturday night and Sunday and gave three programs.

Saturday night their subject was "Ye are the light of the World." Sunday morning "Second Coming of Christ" and Sunday afternoon, "Prepare to meet thy God." There were 14 in the band.

Rev. H. T. Harris preached Sunday night on "Looking Forward." Friendship Circle The Friendship Circle met Thurs-

day afternoon, Jan. 6, with Mrs. J. T. Singleton as hostess. A program on "Better Grooming" was given after which refreshments of coffee and cake were served to the following members. Mesdames T. R. Elder, J. O. McMurray, Bert Affleck, J. C. Largent, W. A. Latta, C. M. Norris, K. J. Mosley, Lewis Franklin, J. A. Hodges, J. A. Hart, Walter Crawford, S. G. Appling, L. M. Powell, Hoyt McClure, Joe Dunn, Gene Brown, R. D. Armstrong, Misses Queen Anne and Maxine Powell, Laverne Singleton, and Oma Lee Watson and the hostess, Mrs. Singleton.

Center Dramatic Club presented a play in the school auditorium Friday night entitled "The Road to the City." It was enjoyed by a large audience.

Locals Lee and J. O. McMurray spent one night last week in Altus, Oklahoma. Enoch Latta of Plainview spent Friday night in the home of his parents, Mr. and Mrs. W. W. Latta. He left Saturday morning for Erath county on business.

The D. F. Rogers family have moved to Floydada.

Mr. and Mrs. Tilford Taylor have spent several days in Lubbock at the West Texas Hospital with a friend who is ill.

Mr. and Mrs. R. H. Teague and children visited Sunday in the Earl Bishop home.

Hoyt McClure and family were in Lubbock Friday.

Mr. and Mrs. W. H. Brents carried her mother, Mrs. Dement, home to Estacado Sunday. She has been ill but has lately improved.

J. T. Singleton, Jr., of Lubbock spent Friday night with his parents here.

Estellene Hartsell of Plainview spent the week end at home.

Edd Robinson and family spent Sunday in Floydada with Mrs. Jester.

Mr. and Mrs. J. J. Pierce and family spent Sunday in the J. M. Pierce home.

Mr. and Mrs. Z. R. Armstrong spent Sunday with Mr. and Mrs. J. M. Powell.

Maxine Jones was carried to a Lubbock sanitarium for treatment last week and was returned home Sunday.

Mr. and Mrs. Tilford Taylor and daughters, and Mrs. Vercie Reagan visited Sunday in the Julian Roberts home at Ralls.

Judge and Mrs. Kenneth Bain, Mrs. W. M. Massie and Mrs. J. R. Archer were in Amarillo Sunday to attend the revival being conducted by Gypsy Smith. They attended the 3 o'clock services returning home Sunday night.

# News Review Of The Week

Monday, Jan. 3

**WASHINGTON**—While world democracies hailed President Roosevelt's message to Congress today, widely divergent reactions were noted from varying sources in the United States. After recent attacks upon some sections of the business community by high administration advisors, the President's message was generally regarded in Congress as unexpectedly conciliatory.

**WASHINGTON**—Supreme Court action advanced the New Deal's power and utilities program on three fronts today. One decision—validating Public Works Administration power grants and loans—was hailed by the administration as a major victory.

**Chinese Recapture City**  
**SHANGHAI**—Chinese military authorities reported today flying columns under Gen. Chiang Kai-shek, famed "Ironside" commander, had driven the Japanese from Hangchow with heavy losses.

**DETROIT**—The Ford Motor Company today asked the National Labor Relations Board to set aside its finding that the company had violated the Wagner Labor Relations Act.

Tuesday, Jan. 4

**WASHINGTON**—President Roosevelt hit out again today at high pressure salesmanship and installment buying in industry. He also declared at his press conference that there was definite need for ending labor's jurisdictional war.

**DETROIT**—Harry H. Bennett, Ford Motor Company personnel director who spent a sleepless night directing a search for his 17-year-old daughter Gertrude, learned this afternoon she had eloped to Indiana with a college sweetheart.

**Amarillo Furnishes Helium**

**NEW YORK**—German airship service between Europe and the United States will be resumed in about five months with a sister ship of the ill-fated zeppelin Hindenburg. Inflated with American non-inflammable helium produced at Amarillo, Texas, instead of the hydrogen which buoyed up the Hindenburg, the new ship will have a schedule of 15 to 18 round trips at the rate of three a month until autumn, it was announced today.

**SHANGHAI**—Japanese officials raised a foreign authority called a "grave issue" today by threatening to take action in Shanghai's International settlement unless "anti-Japanese outrages" are stopped.

Wednesday, Jan. 5

**WASHINGTON**—President Roosevelt forecast a billion dollar deficit for the next fiscal year today, and warned the nation two grave uncertainties—foreign troubles and the relief needs of the unemployed—may increase that

**McDonald Gilliam Hardware**

**WASHINGTON**—Associate Justice George Sutherland announced his retirement from the Supreme Court bench today, giving President Roosevelt a long-awaited opportunity to increase the court's "liberal" faction to a dependable majority.

**Chain Store Tax Okey**

**AUSTIN**—The supreme court today reaffirmed its decision that the Texas chain store tax was valid, and the comptroller immediately started preparations to collect within 90 days the approximately \$4,000,000 due the state.

**HANKOW**—China's resolve to fight Japan to the uttermost was exemplified today by the government's decision to strengthen the national military council and by renewed activities of Madame Chiang Kai-shek's reorganized air force.

Thursday, Jan. 6

**WASHINGTON**—Administration efforts to cut \$144,806,780 from the appropriations requested by independent government agencies ran into immediate opposition in the House today.

**SAN DIEGO, Calif.**—One of the navy's long-range patrol bombing planes vanished at sea last night with seven men aboard. Warships and fighting aircraft began a search for the plane shortly after it ceased to communicate with other craft by radio.

**Japs Continue Drive**

Japanese forces estimated at 60,000 well-equipped men were reported today to be thrusting from the north and the south at the Lung-hai railroad, China's "jugular vein." Control of that main east-west trunk line would open the way for a Japanese drive into the interior and against China's provisional capital, Hankow.

**WASHINGTON**—The National Labor Relations Board will petition the sixth federal circuit court of appeals in the near future to enforce a decision charging the Ford Motor Company with violations of the Wagner Labor Relations Act, it was learned today.

Friday, Jan. 7

**WASHINGTON**—Southern senators opposing the anti-lynching bill drew support today from Senator Borah, who denounced the measure as a "blow" at the very heart of local self-government.

**SAN PEDRO, Calif.**—Thirty-five fighting ships scanned the sea while 284 planes hunted from the air in an area of 60,000 square miles off the coast here for eight naval flyers lost at sea.

**Loyalists Capture Teruel**

**MADRID**—The Spanish government said tonight 2,000 exhausted and starving insurgents who had been barricaded in the hospital at Teruel had surrendered under arrangements initiated by the International Red Cross.

**SHANGHAI**—While a Japanese army maneuvered for a strategic hold on China's lifeline railroad, the Japanese ambassador to China declared today peace negotiations were "out of the question at the present."

Saturday, Jan. 8

**SHANGHAI**—Arrival of a Japanese fleet off Tsingtao, rich north China port, created fear among foreigners of an impending Japanese attack. In Shanghai French officials indicated that they would protest to Japan against any assault by Japanese troops on police of the French concession yesterday.

**WASHINGTON**—President Roosevelt gave notice tonight he would wage a no-compromise fight against a minority of "business men, bankers and industrialists." That minority intends to make a struggle "to the last ditch to retain autocratic control" over the country's economy, the President charged in a Jackson Day address to the nation.

**WASHINGTON**—Ellison D. Smith (Dem-S. C.) today declared that southerners would be "justified" if they blocked all legislation at this session of congress in order to defeat the anti-lynching bill.

**SAN PEDRO, Calif.**—Injury of two men and the loss of a bombing plane by fire added to the search toll today as the Navy's great sea and air armada continued the quest for the twin-motored bomber that disappeared on the Pacific during maneuvers late Wednesday.

Sunday, Jan. 9

**WASHINGTON**—Insiders said today that House leaders intended to rush through administration legislation authorizing a bigger navy before Congress tackles the pressing question of corporate tax revision.

**HENDAYNE Spain**—Spanish government forces, their grip on Teruel tightened by collapse of insurgent resistance within the city, threw up stronger defenses today against insurgent columns pressing on the outside.

**Leaders Fight War Bill**

**WASHINGTON**—Administration leaders concentrated today on efforts to assure the defeat of the proposal for a people's vote before the United States could enter any foreign war.

**SHANGHAI**—Half a million Chinese soldiers were reported by Japanese news sources to be in full retreat late last night on the entire North China war front.

**REV. G. W. TUBBS WILL PREACH AT THE FAIRMONT BAPTIST CHURCH SUNDAY**

Services at the Fairmont Baptist church next Sunday will be in charge of the pastor, Rev. G. W. Tubbs.

Sunday School at 10 and preaching at 11 o'clock a. m. and preaching service at 7 o'clock in the evening.

The public is invited to these services.

### Sunday School Lesson

International Sunday School Lesson for January 16, 1938.

**THE MINISTRY OF JESUS**

**Golden Text**—The time is fulfilled, and the kingdom of God is at hand; repent ye, and believe the gospel. Mark 1:15.

**Lesson Text**—Mark 1:14-28.

14 Now after that John was put in prison, Jesus came into Galilee, preaching the gospel of the kingdom of God.

15 And saying, The time is fulfilled, and the kingdom of God is at hand; repent ye, and believe the gospel.

16 Now as he walked by the sea of Galilee, he saw Simon and Andrew his brother casting a net into the sea; for they were fishers.

17 And Jesus said unto them, Come ye after me, and I will make you to become fishers of men.

18 And straightway they forsook their nets, and followed him.

19 And when he had gone a little farther thence, he saw James the son of Zebedee, and John his brother, who also were in the ship mending their nets.

20 And straightway he called them; and they left their father Zebedee in the ship with the hired servants, and went after him.

21 And they went into Capernaum; and straightway on the sabbath day he entered into the synagogue, and taught.

22 And they were astonished at his doctrine; for he taught them as one that had authority, and not as the scribes.

23 And there was in their synagogue a man with an unclean spirit; and he cried out,

24 Saying, Let us alone; what have we to do with thee, thou Jesus of Nazareth? art thou come to destroy us? I know thee who thou art, the Holy One of God.

25 And Jesus rebuked him, saying, Hold thy peace, and come out of him.

26 And when the unclean spirit had torn him, and cried with a loud voice, he came out of him.

27 And they were all amazed, insomuch that they questioned among themselves, saying, What thing is this? what new doctrine is this? for with authority commandeth he even the unclean spirits, and they do obey him.

28 And immediately his fame spread abroad throughout all the region round about Galilee.

**Time and Place**—The four fishermen were called to follow Jesus, April or May, A. D. 28. The call was made by the Sea of Galilee, near Capernaum. It was in the synagogue at Capernaum, that the Lord cast out the unclean spirit, delivering the tortured man from the evil spirit's power.

The entrance of Jesus into His public ministry was marked by the same simplicity which characterized His life. What greatness of life and spiritual and world history are contained in the announcement: "Jesus came into Galilee, preaching the gospel of God."

The ministry of Jesus began when the Baptist had been delivered up, and was awaiting his martyrdom.

That is the way that the gospel of God and of His truth has progressed in life. The saints and prophets have been persecuted and killed, but the proclamation of the good news of truth and righteousness and love has gone on. John had done his work of preparation.

He had said concerning Jesus, "I must decrease, but He must increase"; and these words were now fulfilled.

The ministry of Jesus was something more than preaching in words. The Christian movement did not begin simply in devotion and in worship. The Christian movement began with the preaching of the truth, the telling of the good news concerning God, and the Kingdom of Heaven that was at hand.

But the ministry of Jesus was one of contacts as well as of preaching. When He found men who were capable of responding to the truth, He called them to Him and invited them to become His disciples.

In the calling of Simon and Andrew, his brother, there is symbolism as well as fact. These men were fishers, and Jesus would make them fishers of men. We do not know what may have preceded the call of Jesus to Andrew and Simon, but we are told that "straightway they left their nets, and followed Him."

Then He found two other brothers, James and John, who also were fishermen. They were evidently men

of some prosperity, because they were with their father in the boat, and there is reference to hired servants. Nevertheless, they left their father and their nets and their business, and joined themselves to the Master's company.

While we have no record of what the Master said in His preaching except in parables, simple stories, and in the Sermon on the Mount, we have some indication of the effect of His presence and His teaching.

When He came to Capernaum and went into the synagogue on the Sabbath Day, and taught, the people were astonished. We are told that He taught them as "having authority."

That is a strange saying, for the scribes were supposed to be the people with authority. Jesus spoke out of the great authority of truth. He did not stand upon some official status, but His power and authority were in His words.

The scene at Capernaum was made even more dramatic by the outburst of a man who was evidently nervously unbalanced or insane. He cried out against Jesus, but Jesus brought him health and sanity.

Was it any wonder that the people were astonished with this new teaching, and with the power of a man who had control over "unclean spirits"? The fame of Jesus spread throughout that densely populated province of Galilee.

**GUESS WHICH IS FASTER!**

**CORRECT ANSWER**  
appears below in upside-down type. Play fair! Don't look until you have guessed.

**TURKEY OR DEER?**

**BUT- YOU DON'T HAVE TO GUESS WHICH GASOLINE STARTS FASTER!**

Your best buy in cold-weather gasoline is Phillips 66 Poly Gas... the highest test motor fuel which costs nothing extra... because Phillips is WORLD'S LARGEST PRODUCER of Natural High Test gasoline. It starts even icy motors with split-second speed. Delivers more pep and power. Increases mileage by warming up faster with less choking. Try a tankful. You'll feel that difference!

**ANSWER:** Average maximum speed of the white-tailed deer is 30 miles per hour, of the young buck 49 miles per hour. But a turkey, at least when frightened, is faster. It has been timed at 55 miles per hour by automobile speedometer.

**RACE-DRIVER SHAW ALWAYS CARRIES AWAY HONORS**

Wilbur Shaw is one race driver who refuses to be satisfied with winning just one event at a race. He usually carries off most of the honors and mixes a few second places with his winners. In 1926 at Crown Point, Indiana, he set a new track record for light and heavy cars in the 20-miler. He also won the 10-mile race and placed third in the other two races, one being for five miles and the other, for two and a half miles. In 1928 at

Roby Speedway, Chicago, he won a 20-mile race, took the blue ribbon in a five-mile race and placed second in a third race. Three years later on the same speedway in a six race card he won three of the events and took second in a fourth. Whether it is derby racing or sprinting, Driver Shaw has what it takes. One of the first lessons Speedway Racer Shaw learned was to protect his health. He says, "Quaker Oats has the stuff it takes to build the stamina and nerve our game requires."

### Shelby Thomas Willmon Funeral Held Friday

Floyd County Youth Becomes III While Living With an Uncle And Working at Matador

Shelby Thomas Willmon, 19-year-old Floyd County youth, died at the home of an uncle, Henry Schweitzer in Matador, Wednesday of last week following an illness of several days, and funeral rites paying him last respects were observed at Harmon Funeral Home on Friday afternoon. Burial was made in Floydada Cemetery following the funeral at 3 o'clock.

Minister F. L. Yeakley officiated at the funeral service, and pallbearers were Lee and Dee and T. V. Copeland, John T. Carthel, Houston Schweitzer and Walker Leonard, H. O. Martin and Edward Smith. Flower girls were Florence May, Dora Copeland, Mrs. A. B. Watkins, Francis Schweitzer, June Carthel, Joyce Carthel. A large number of friends of the Willmon family from Lockney, Matador and other points were present for the service and burial rites which followed.

The youth was a grandson of Mr. and Mrs. T. W. Willmon, pioneer residents of the county. The boy was the orphan son of L. T. Willmon, his mother having died two years ago and being interred at Greenville.

### City Affairs—

(Continued from page 1)

at city for a period of six years \$450.

"We have installed and purchased six new traffic signals at highway intersections of the city and State Highway.

**Funds for Current Bills**

"We secured the location of the State Health Department over 52 other counties at no expense to taxpayers of the city, only guaranteeing all utility bills, and paying for office equipment by public free subscription and which office equipment belongs in fee simple to the city and the utility bills have since been kindly taken over by the State health department, so we are out no expense here whatever.

"We have secured thirty-two blocks of asphalt topping on the streets of Floydada at an expense of \$2400, with no additional taxes and the city paying approximately 10% of said amount, which was taken from street maintenance funds, which we accumulated this year as a surplus. The balance of this money was raised by public subscription from property owners here, and non-resident property owners elsewhere. This contract was made at \$75 a city block or approximately \$480 for each lot.

"We have paid for all machines now used in the P. W. A. office and machines are now owned by the

city, instead of being rented as in 1937 and preceding years.

**Light Reduction**

"We have collected an excess of more than 25% old delinquent taxes, some carried on the city's books for years and our total tax collections have been more than 25% over several preceding years.

"We have received a reduction from Texas-New Mexico Light and Power Company during the year, at a saving gross of \$3500 yearly to the users of electricity, by virtue of reduction in rates.

"We have secured the erection of a modern telephone system in Floydada, equal to that of cities four times the size, being the new flash light system, installed in a modern brick building, which will also add to the income of the city in taxes, as well as put us on the same modern basis with other Texas cities several times our size in population.

"We have purchased outstanding bonds or paid off indebtedness of the city of \$13,947.50, taking a discount on these bonds of \$1,947.50, or saving the city \$11,999.99 in discounts.

"We have accumulated now \$3000 have on hand something over \$3000 to purchase other 1935 outstanding bonds at a satisfactory discount, making a total of approximately \$18,947.50 paid on the city's indebtedness.

"The mayor has dismissed 89 cases from the city docket, where fines have been assessed in administrations preceding this and which were uncollectible from the fact some were barred by limitation, defendants were turned loose with a promise to pay later, yet never paid and fines could not be collected without adding more expense to the city than the revenue to the city would amount to.

**Health Office Locates**

"We have collected all times in cash during this administration against each defendant that has been filed on, with one exception and which was partly paid and defendant was let go out on his own honor to return with the balance—and is still gone. We have been fair but firm with all defendants and have never knowingly mistreated one while under arrest.

"We have now on hand money to take care of all current bills, with whatever contingencies may arise, unavoidable and unforeseen and now in the open. We have made no new debts for the city and have reduced the outstanding indebtedness as above set out.

"That the picture is not altogether a bright one and that we have some propositions to overcome at the city hall," was indicated by the speaker. These will be discussed as occasion arises from time to time, he promised, adding he thought it would be unfair for him as mayor not to take the unfavorable things up with the public also.

Wesley Little had charge of the program. President Frank L. Moore presided.

### Boy Scouts Receive Awards Thursday Nite

Mayor Glad Snodgrass presided at the regular Northwest District Boy Scout Court of Honor held Thursday night at the City Park Church of Christ due to the absence of H. H. Hamilton, district court of honor chairman.

Troop 57 kept its place at the top of the court of honor ladder with Troop 58 resting in second place. Both troops are from Floydada. Lockney and Matador were represented as well as Floydada.

Those assisting Snodgrass in presenting the awards were John Farris, Winifred Newsome, J. C. Gilliam, F. R. Yeakley, and L. T. Grant.

J. L. Nichols led the group in the scout oath, and Carl Arnold led in the pledge of allegiance to the flag. Those receiving awards were Tenderfoot, Gene Loran, Troop 58, Greer McCleskey, Robert Arnold, King Puckett, Jerry Porter, and James Johnston. Second Class: Virgel Boteler, Troop 57; Carl Arnold, Troop 58. First Class: James T. Bishop, Troop 57.

Merit badges: James T. Bishop, Kenneth B. Bishop, Joe Arvine, Randolph Rutledge, Joe Dick Moore, Edward Wester, and Donald Cornelius.

Star awards, Troop 57: Randolph Rutledge, Kenneth Bishop, Joe Arvine, Kenneth Fagan, James Wester, Edward Wester, and Joe Dick Moore.

### LOCAL STUDENTS RETURN TO ABILENE CHRISTIAN COLLEGE

Jacqueline Porter and Oscar Atkinson of Floydada returned to Abilene Christian College as work was resumed last week on the Abilene campus following the 15-day yuletide vacation.

They are among 593 students enrolled at ACC for the fall semester of 1937-38 which has been termed in many ways the best in the history of the college. Abilene Christian College is the largest school in the world maintained by members of the Church of Christ.

Registration for the spring semester has been set for February 2 and 3 according to announcement by President James F. Cox of the college.

### JURY CARDS MAILED FOR SECOND WEEK OF COURT

Jury cards have been mailed by County Clerk A. B. Clark to the petit jurors called for the second week of the December term of county court which will begin at 10 o'clock on the morning of Jan. 17.

Those sent cards are G. D. Allen, C. L. Allmon, G. C. Applewhite, Ira Ardry, Milton Ashton, G. R. Badgett, Clyde Bagwell, C. C. Barbee, H. E. Bartlett, G. A. Barton, Gilbert Bean, A. O. Beck, G. C. Beady, W. R. Billington, Bert Boblitt, and Charley Boedeker.

### Suits Says Haste Need Now In Electrification Program For County

Although some fifty farmers a day are signing easements and contracts for the rural electrification program in Floyd County, the time is so limited that haste is urged by J. L. Suits, of the board of directors. With ten men in the field since Monday about 200 contracts have been signed.

To hurry up matters it has been arranged for rural electrification committee representatives to be located Saturday in the county agent's office at Floydada and the Beacon office at Lockney, where contracts and easements can be signed. The signature of the man and wife are both required on both easement and contract, Suits said. "We've got to hurry and we urge farmers in the area to bring their wives with them Saturday and be sure to sign up while they are in town," Suits said, adding the contracts are simple and will require only a few minutes time in signing up.

Charter has been issued, the organization completed and all preliminaries are out of the way. Only the matter of signatures now stands in the way of reporting to the Rural Electrification Administration that the Floyd County project is ready to go.

### William's Groceteria Burglarized Saturday

Harold Mince was arrested late Saturday afternoon by Lee Howard and Morgan Wright after being charged by complaint in justice court with the burglary of Williams Groceteria.

Mince's examining trial will be held sometime this week and bond will be set to await action of the grand jury.

Mince had denied any connection with the burglary of the grocery, according to County Attorney Winifred Newsome, claiming that at the time of the act he was in Enoch's Cafe.

The burglary of the grocery occurred early Saturday morning. Lee Howard surprised the offender in the act after seeing a bunch of bananas swaying in the window. Howard dashed to the back to catch the man but instead of going out the back door where Howard would have been waiting, the burglar dashed out the front door, and across the street almost running into some employees at Wester's Bakery who had come out to investigate the excitement.

A check up at the grocery revealed that approximately \$12 in small change was missing from two cash registers.

### BONNIE SHULTZ IN HOSPITAL FOLLOWING AN OPERATION

Bonnie Shultz is ill in a Lubbock hospital following an operation Wednesday morning. At the latest reports from his bedside his condition is fair. He was accompanied to Lubbock by his wife and father, Sam Shultz, and Clement McDonald. Mr. McDonald returned home Tuesday night.

L. C. McDonald accompanied by Mr. Shultz's mother, Mrs. Sam Shultz went to Lubbock early Wednesday morning. They returned home that afternoon.

### FIRE ALARM

The Fire Department answered an alarm at the government cotton yard about 10:08 this morning where three bales of cotton were on fire. No serious damage was done as the bales were quickly extinguished.

### WHEN YOU ASK FOR A JOB

Some help suggestions for the boy or girl applying for their first job are these, which we quote from The Progressive Farmer:

"1. You should be well dressed but not showily dressed. Expensive clothes count for almost nothing, except that good tailoring means a better fit.

"2. Exaggerated fingernails, too much make-up, and coiffures or costumes better fitted for evening wear than for business all mark you as a person of poor judgment. Who would want to hire a girl with no sense of fitness?

"3. A sureness of yourself without boldness is a great asset. Bosses trust those who trust themselves.

"4. Good carriage does more to give the impression of self-possession than anything I know of unless it be the well-modulated voice.

"5. We are assuming throughout that your education is sound, but avoid with all care the overworked expressions 'okay,' 'sure thing,' or 'something,' and so on.

"6. Don't put on. Most executives have been around enough people to be able to see through your pose at a glance. So you will do just as well to make frankness part of your charm.

"7. If there is something you wish to conceal don't tell it, but what you do tell, tell frankly and fairly. If questioned on any point answer truthfully. Nobody but a booby is taken in by four-flushing.

"8. The correct tone lies halfway between sublime confidence in yourself and a becoming humility. To be overconfident you can improve on what the boss has already done is presumptuous. To be lowly marks you as a poor prospect."

**Alloy Melts Easily**

Wood's metal, an alloy, made up of 50 parts of bismuth, 25 parts of lead, 12 1/2 parts of tin and 12 1/2 parts of cadmium, melts at a degree far below the boiling point of water. If a teaspoon made of this alloy is put into very hot tea the end simply melts away.

**Ethiopia Called "Cush"**

Ethiopia is referred to in the Bible as "Cush."

### Temperatures For Past Week Average Little Above Freezing

Weather for the past week has kept the temperature hovering in the low 50's and at night the mercury was crowded into the low 20's to set the average temperature for the week at 38.2 degrees.

Friday of last week was the coldest day recorded with a high of 45 degrees and a low of 21 degrees. The lowest temperature recorded during the week was 21 degrees with three days reaching that mark. Tuesday was the warmest day with a high of 63 degrees.

The average temperature for the month beginning Nov. 24 and ending Dec. 23 was 39.38 degrees. That is nearly the yearly average for that period it is understood.

Gins over the county are slowing considerable and are expected to set ginning days this coming week. A great deal of the cotton is out and only a few scattering patches are left. No announcement has been made officially by the gins that days will be set next week but announcement is expected this week end.

### RELIEF FOR CHERRY PIE EATERS IN NEW RULINGS

Relief for cherry-pie eaters appears in the latest revision of Government standards for canned fruits and vegetables which goes into effect October 15. Only cherries in which there is not more than one pit to every 20 ounces, instead of one pit in 10 ounces as had been the rule, will be regarded as of standard quality. Twenty ounces is about the weight of a no. 2 can of pitted cherries.

With reasonable care, says the Food and Drug Administration, canners can so handle cherries as to get out practically every pit. The best canners do this, but some have allowed too many pits to go into the cans. Cherries with more pits than the 1 to 20 ratio may still be marketed if labeled "partially pitted" and bear the substandard legend; thus giving warning to pie makers and pie eaters.

Other minor revisions include: A slightly higher minimum requirement for sweetness of sugar syrup on canned pears and a wider latitude in the string of canned fruits, with the provision that products which "go out of bounds" in this respect alone may be labeled simply "Ungraded for Size." There is now complete uniformity in labeling of all sub-standard products for which quality standards have been promulgated, viz: Peaches, pears, apricots, two styles of cherries, tomatoes, peas, and dried peas. Any of these canned products below the standard may be marketed if they are wholesome and in sanitary condition, but they must be labeled, "Below U. S. Standard—Good Food—Not High Grade."

"Amur," Word for "River"

"Amur" is a corruption of the Mongolian word for "river."
