## Will Submit Survey, Maps For Floyd's REA Proposal Near on Poll

## Sixty-Five Miles **Three-Phase Line** In Huge Lay-Out

Easements and Contracts Floydada to Dougherty Completed to Specifications

#### **Engineer In Field**

200 Homes, 120 Wells On Line proposed in North and West Portion

Surveys in the field to determine ileage figures and make a comelete check-up on the Floyd Counproposal for a Rural Electrificaion project, are in the course of pletion this week to be followby the preparation of maps, thich will go to the Washington office of REA in support of the proosal. Carl Cox, engineer of the farmers co-operative, is in the making the surveys and

These will be in such form as to constitute the lay-out for final consideration of the Rural Electri-Administration, J. Suits, project supervisor, told questioners this week. Maps, dotted with pins, showing the location of the various homes, irrigation wells and the lay-out of the proposed lines used by Suits, illustrate the hugeness of the project proposed and for which the REA has earmarked \$100,000 as a first allotment Saturday night's check up of signers to easements and users contracts gave the following information, briefly summarized:

From Floydada to Dougherty, and ncluding the town of Dougherty, a distance of 19 miles, easements have een obtained and enough signers to meet the specifications of a federal lighting project for domestic

At Lakeview the committee is at-

Center is working on a project officiating. to tap the Dougherty line 3 miles out of Floydada with a 7-mile line that is believed to be entirely feas-

65-Mile Line

The biggest portion of the project, for which elaborate arrangements are being made to push before the Rural Electrification Administration, involves a 65-mile three-phase line that would serve approximately 120 irrigation wells, 200 farm homes in Lone Star, Providence, Prairie Chapel, Aiken, Lockney, Irick and Sand Hill areas. The territory has been covered practically in these districts and the lay-out sents a pretty picture. Harmony is still to be heard from. Feeders will lead off the big threephase line, it is contemplated in the

## Brisk Ticket Sales Reported For District **Boy Scouters Banquet**

Sales of tickets for the annual banquet for adults of the northeastern district South Plains Council of Boy Scouts was reported continuing briskly this week by G. L. Kirk, local scout leader.

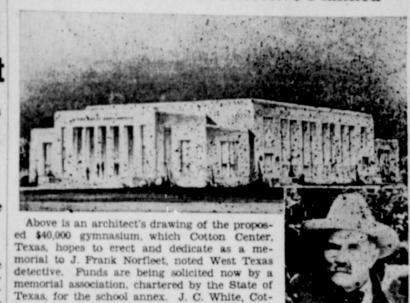

Matador, Lockney and Floydada leaders in Scout work will be present for the annual affair to be held on Friday night of next week at the First Christian Church annex.

One of the featured speakers expected to be heard is George Dupre, of Lubbock. The annual election of officers will be held.

## **Department Seeks Bids For Quarters** Post Office Here

Proposals for quarters for Floydada post office for a period of two years from July 1, 1938, with an option for three years additional, are being solicited by A. S. Page, post-office inspector of the Fort office, it was stated last week by Mrs. Barbara H. Smith, who posted the advertisement.

Ploor space of about 1,800 square leet is desired, the announcement states, reasonable central location, good daylight, and accessibility to or side entrance for mails will required. Proposals with without fuel, light and power will Memorial To Noted Detective Planned

## **Deadline Is TaxReceipts**

FLOYDADA, FLOYD COUNTY, TEXAS, THURSDAY, JANUARY 27, 1938.

Current Tax Payments Are Near Normal This Year Assessor Says

City Taxes Up

Midnight Jan. 31 Is The Deadline For Exemption Certificates

With something like 1700 persons already paid up and waiting for election day Tax Assessor and Collector Frank Moore is looking forward to rush business during the next four days as the eleventh hour

approaches for poll tax payments. Moore announced that this figure was about normal for this time but that several hundred more could be expected to have their names placed on the voting list before midnight of Jan. 31, the deadline for tax payments.

Monday will be the last day to pay poll tax and receive exemption certificates after that date; unpaid 1937 current taxes will draw a 1 per cent penalty through February, per cent in March, etc., up until July after which if still unpaid will draw an 8 per cent penalty.

Current tax payments are considered to be about normal, Moore stated, with possibly a leaning toward the better side

Floydada school tax payments are petter this year than last year, according to Secretary Jim Houston. City tax payments and poll tax eccipts are about normal, S. E. Duncan, city secretary, announced Wednesday. He would not hazard a guess that perhaps they were bet-

ter than last year. Big Political Year

With the hottest political year, outside of presidential election year, Terracing and contouring on an coming up it is expected that there individual basis by County Agent | will be considerable rush for poll D. The county political aspect at this time is mild but considerable time is (See Tax Payments, back page)

### **Old Man Winter Pays** Visit To Floyd County To Drive Mercury Low

Old Man Winter paid a delayed visit to Floyd County during the past week to destory the thoughts of an early and unusually warm spring. Few old timers believed spring was here just because the thermometer said it was warmer than January is supposed to be.

The mercury managed to reach 75 degrees for high on January 15 but Tuesday and Wednesday morning's of this week were the coldest, both of which recorded 20 degrees. The cold was helpful, because it held back the wheat and drove the sap down in the fruit trees, possibly saving Floyd another fruit crop.

Almost an inch of moisture was recorded during the month from snow, rain, and sleet. Although more moisture could be used there seems to be an excellent sub-moisture, according to reports from farmers over the county.

#### DORSEY BARTLETT SERIOUSLY ILL IN PLAINVIEW HOSPITAL

Dorsey Bartlett, injured early this month in an automobile crash near an infected leg, the indirect result of crash injuries.

Three blood transfusions have been given within the past week, the blood donated by friends, and the patient is believed to be in a sligh-.10c ly improved condition.

#### G. T. ASSITER ILL

G. T. Assiter, who returned the first of the week from Del Rio where he had been several days for treatment, has been quite ill at his home, 528 West Missouri. His sons, Harvey and L. V., made the trip with him to Del Rio.

## MARRIAGE LICENSE

Marriage license were issued by County Clerk A. B. Clark to Silas Wheeler and Miss Margaret Fuller, Jan. 17; Baird Bishop and Mrs. Maurine Thompson, Jan. 21, and Olan N. Burrows and Miss Dorothy \$6.00 Young, Jan. 25.

## Tenth Birthday Floydada Rotary Club Observed With **Ex-members Honor Guests**

Meeting Marked by Presence Of Nine Ex-Presidents, Present Head

Floydada Rotary Club Wednesday observed the tenth anniversary of the presentation of its charter in January, 1928, an occasion marked by the presence of nine-ex-presidents and by the presence of every present-day member who was in the charter organization, save one. In addition, the luncheon had as its presiding officer for the first time in seven weeks its present president, Carl L. Minor, who had been laid

up following an accident. All ex-members of the organiza tion, who could be reached, were invited as guests of the club. R. E. Fry had charge of the program on which appeared S. W. Ross, secretary, recounting some of the accomplishments of the club; D. W. Fyffe, club organizer and its first president, Homer Steen, a former member, and Miss Sappho Ward, club pianist.

At the meeting were two members whose records of attendance for ten years have been perfect. They were J. M. Willson, a former president and district governor, and G. C. Tubbs, who has been the club's song leader during the entire period of its organization.

At the honor table sat nine of the club's charter members who are still members of it, with one chair vacant for a member who missed the meeting, Roy L. Snodgrass. At this table were G. C. Tubbs, J. M. Willson, Robt. Medlen, W. U. White Jack Deakins, Dr. C. M. Thacker Dr. W. M. Houghton, A. D. Cum mings, Wilson Kimble and R. E. Fry. A cake with ten candles adorr ed this table.

Nine ex-presidents who have served the club are D. W. Fyffe, Homer Steen, Dr. W. M. Houghton, J. M. Willson, Robt. Medlen, Dr. C. M. Thacker, J. C. Wester, A. D. Cummings, and R. E. Fry. A remarkable fact in the club statistics is that in the ten-year period no member of the club has died.

Reported by S. W. Ross, secremodest student loan fund has been used to aid 15 young men and women since it was set up in 1931 and that the club has not yet lost any of its dollar investment in the youth of the area.

Ladies Night The club voted to have its midwinter ladies night on Thursday night, February 3. The father and son banquet also will be held in

## New Orleans Hunter, Learns Technique Of Wolf Hunt; Bags One

Alvin H. Howard, of New Orleans, in Floydada last week and this on business in connection with the Howard estate, was one hunter who quickly assimilated the technique of the wolf hunt as practiced in Floyd County. Tuesday he brought in a good-sized wolf as proof of his prowess with a gun shooting from a moving car at a moving object.

His hunt was in company with J. M. Massie in the W. M. Massie pasture west of Floydada. Massie said interesting one and that Howard proved himself a good marksman with a small bore, high-powered

#### PETTY DUNLAP MANAGER OF WESTERN AUTO STORE

Petty Dunlap of Marlin, Texas has taken over the Western Auto Associate Store here after purchasing it from Fred N. Joachim last

Mr. and Mrs. Dunlap came to Floydada during the week end and plan to remain here permanent. Dunlap said that the store would be completely restocked with items that have been sold out and that the new stock should be on his shelves by the first of the month. Joachim sold the store to Dun-

lap when his health became im-

paired after an injury which occurred soon after he opened the store. An invitation is issued to the public to visit the restocked store as, Dunlap says, there are many items listed now that were not for-merly available.

#### **Aurora Borealis Puts On Big Show** In Wee Sma Hours

goers-to-bed Friday night saw the first and only Aurora Borealis-Great Northern Lightsthat has been visible in Floydada for many years.

Night watchman Lee Howard first saw the lights about 1 o'clock Sunday morning and with Fire Marshal E. S. Price made a run to the northern part of the city thinking a big fire had broken out in the vicinity of the cotton yards and gin. "I had heard of the Aurora Borealis but it was my first time to see it," Howard said. "It was a beautiful sight."

The glow of the red and green, mingled with all the other colors of the rainbow with huge streamers spreading into the heaevns made an aweinspiring scene for the person not used to this display in the northern heavens, Howard said. The lights had much the same cold glow of a Neon light.

Several others reported seeing the lights in the north. The lights were most brilliant in the early hours of the morning gradually fading as day approached.

## 1937 Work Sheets 'Must Be In' Texas A A A Officer Says

Rule Applies To All Farms Not Covered By 1937

Work sheets must be secured imtary, was the fact that the club's mediately," the State Administrative tions on Montgomery No. 1, Floyd covered by the 1937 work sheet."

No definite information has been received by the county agent concerning the 1938 agricultural conservation program but it was understood that the work sheets would be used to establish goals for whatever program that may set up.

Information has been received however that the cotton base production figures on the work sheets will be as a basis for making payments under the 1937 cotton price adjustment program.

The county agent explained, "If you are contemplating executing a work sheet for 1938 and if you did not make a work sheet in 1937 it will be required now that you make a 1937 work sheet so your goal for 1938 can be established.

on the 1938 program. "For those happen on almost any test. producers to whom this new ruling applies, it will help matters a great deal if they will come to my office before the shutdown was forced, at their earliest possible moment it was reported. the mile and a half chase was an and make this 1937 work sheet," he

He left Monday expecting to return home the latter part of the

## Southwest **Floyd Gets Lease Play**

Three Major Companies Said To Be Represented In Allmon Area Activity

#### **Blocking Acreage**

Interest Follows Intense Seismograph "Shooting" In Ninety Day Period

The activity of outstanding interest in the search for wild cat oil in Floyd county this week is the big leasing play the southwest corner of the county, centering around Allmon and down toward the coun-

ty line, is getting Beginning Monday of last week when the first leases were offered to landholders of that area and continuing with increasing interest to this mid-week, at least three parties have been in the field seeking leases. First offers of around \$1 per acre have been followed by offers as high as \$3, according to report. Several thousand acres had been taken to Wednesday morning. Interest has centered around the H. A. Krause and Gus deCordova lands, and both these landholders Tuesday afternoon were reported to

have given leases on their lands The activity, in which Texas Oil Company, Pure Oil Company and Stanolind, are reputed to be represented, follows a period of intense ismograph tests made during the ast ninety days in which time a ride area has been "shot" by three different crews. The area in which nterest has centered, extends fanwise eastward from Petersburg. southward to the county line of Floyd County and northward to within two miles of Harmony.

MONTGOMERY TEST RUNS INTO TROUBLE

### CONSIDER THE AUTO MAKER

Advertising Rates Furnished on Application

#### Consider the automobile manufacturer. How last week he promised, the whole indus-

try concurring, he would do everything they could to assure the return of prosperity to the United States.

Harried by sit-down strikers, beset by socalled union men, many of them citizens of communistic Russia and other aliens, knocking out windows, harrying peaceful workmen, demanding and obtaining higher wages than the industry could afford to pay without a "buyers' strike," while municipal, state and federal governments turned their heads the other way. But they sit in with the president and promise co-operation for the return of prosperity, knowing the president,

through his cabinet, has winked at the de-

spoilation of their industry. That kind of thing takes nerve in abundant quantities. The youthful automobile manufacturing industry, buoyant, hopeful, willing to take a chance, goes along while thousands of small business establishments. like The Hesperian, holler their heads off, as though they carried the weight of the world on their shoulders.

#### DEFIES RACKETEERS; SLAIN

Tucked down in the corner of the news of last week was a story of a New York poultry dealer who defied the poultry racketeers and got his hide riddled with bullets for his trouble. The story, in part, with name deleted:

51, was shot in front of his home Thursday night by three men who had trailed him from his shop, a few blocks away.

the police said, refused to pay tribute to the racketeers in 1937. \*\*\*\*\*his executioners turned their guns on him as he tried vainly to flee.

This is the New York City poultry racket that has been mulching the consumer and the producer for many years. Several years ago an old boy went up to the city from the southwest to get rich off the money he could In a brief manner he found he could not unload his own cars nor have it done. He found he could do as he was told and pay the price, or quit. He came home in a few months.

#### -0-WHO IS THE DUMBEST?

In New York City, they think and with some reason, that southwestern people are the dumbest they know of. In the southwest, we suspect there are dumb people in New York City, too. The poultry dealer who was riddled by mobsters two or three weeks ago was complacently read about there by thousands who do not ever know the direction they live from town. By law they have disarmed

RIGHT OUT OF THE BLUE

BIG BUSINESS

ready for the kill.

In the southwest we patiently pay the bill for all this folderol, thuggery and murder as though it were our duty. Meanwhile Mr. La Guardia and Mr. Dewey are groomed for presidential candidates because they "cleaned up" New York City.

#### DIPLOMACY OR TACT?

Having a lot of customers about town whom we are unwilling to have offended at us we will not say that the back lots, side lots and in several instances the alleys in the business section of Floydada are a disgrace; that they are dirty, unkept, used as dumps, full of carelessly thrown papers and refuse. However, we note with interest the Garden Club is planning some kind of a campaign that will attempt to create an interest among the down-town fellows in a more attractive community.

We commend the women for this idea they are attempting to develop and suggest to them that their husbands (if any have husbands working down-town) get credit all over Texas for having the dirtiest business section of any community in a radius of many miles. Mind, we do not say it is so. In fact, it riles us that the report has got out. However, a sense of responsibility for such premises might well be developed, and the merchants can't take offense at the women folks should they talk to them about the matter. Committee women, note: Please do not mention The Hesperian.

#### THE ARMAMENT MAKERS

Every type of business has its troubles, among them that of the armament maker. According to recent report the business map of the past fifty years is strewn with armament-making establishments which dreamed of wealth but lost their investments at it.

The business which we think of as being a bloated, bullying Croesus striding sevenleague boot-like across the country hand in hand with the god of war, also loses its millions it appears. Right now, however, the business of armament-making should be doing well, what with wars every where and the peoples feverishly raising funds to make more war or to protect themselves against those who would.

But if you decide to go into armament ful too, I carried the Spikes family game, be prepared to lose as well as to win. to the towns to buy their supplies It is a hazardous business.

#### SCIENCE—PURE BUT DEFILED

(An editorial in the Rotarian Magazine)

To what or to whom should the scientist be responsible? To an impersonal something a slow journey to the grass grown led up of the disease is indicated. No when we are young it will give us called science? To his fellow beings? Should he be concerned when discoveries of his laboratory are used to destroy human lives and their works?

Sir Josiah Stamp, distinguished English industrialist, posed such questions in an earssue of the Rotarian, but left no doubt as to his views. "The pure scientist," he declared, "should take an active interest in the | was strong and no harm was done social consequences of his work." Facts are indubitably facts, and wish-thinking has no car. I have gone to picnics in the place in science. But, again to quote Sir town and in the canyon. But now Josiah, "If the scientists can band them." I am old. I need rest. Just the selves together internationally to prevent Governments using the latest advances of knowledge for bad ends, and cease to be their generations will gaze curiously at agents in so doing, it would be a magnificent it and wonder about the people who

Some day that "magnificent thing" will be realized. If scientists do not move toward it, society will, for men will reason logically that it is illogic for civilization to permit to be uncontrolled that which would destroy their peaceful citizens and made the thug's civilization. But, in the meantime, let not be job an easy one, if he shaves carefully every | overlooked those scientists who already are morning, has an office in a respectable sec- banding together internationally to use the tion and doesn't wave his gun until he is latest advances of knowledge for good ends.

#### As A Farm Woman Thinks

Neille Witt Spikes

are making the house as gay and popular pressure which made 209 of bright as the flowers will make the their colleagues vote against conyards this summer

flowers in their rich colors with not war, would seem to indicate that worm nor bug bothering them, the American people who want We pick out this one and that one peace "at any price" will continue in the book. What if we did make a failure on the printed pages.

The old Spaulding hack stands wind and rain, sunshine and shadow fall on its weather beaten was too much for it; the back seat has been taken off. But the hack is still strong. Hook a couple of fast horses to it and it would rattle down the road with its load of happy people once more.

Birds light on it to rest . The rooster flies to the seat and crows and I grab the broom and sweep for the approaching company that is hearalded by the white leghorn. The whip socket leans drunkenly forward, a good new buggy whip would pull it back into place. The old hack shakes in the wind and mumbles to the grayish white branches

Once I was new and young. came to this country in a line of hacks trailed one behind another. My body was strong. Black shiny paint covered strong wood and good iron. My cushions were soft. The people who rode on them were protected from the sun by a fine black top. Strong curtains kept out the cold winter winds. And I was use I carried them to the church and to the neighbors to spend the day. People borrowed me to make the trip to Floydada to meet relatives that were coming in on the train. their wedding journey. Once a little cemetery

The Spikes children, Wilson, Wilma and Wilda, I hauled to the country school. Their names are colts trotted near their mothers side by my wheels

Mules ran away with me, but I to me. I have made trips to town other day I heard my owner say, "Well, we will give the old hack to the museum at Texas Tech. Future rode in it." And I shall stand in the museum protected from the wind that shakes me so now, and I shall again hear the laughter of happy people and feel strong hands on my feeble frame. I shall tell of other days to the ones that have ears to listen.

#### FLOYD COUNTY 14 YEARS AGO

News items taken from files of the Floyd County Hesperian sublished in Floydada fourteer rears ago.

## (ISSUE OF JANUARY 31, 1923)

At the recital of piano and violin pupils of Tom Collum, tomorrow night, two added features that are expected to be added that will prove to be entertaining are The Matador Band and the Collum Orchestra. The later organization has been working for some two months, and have made credible progress. The Matador organization has been students of Mr. Collum for the past six months, he having resigned the band dictatorship to come to Floy-

Matador High School won the decisive battle in the bi-county scrap with Floydada High School Monday afternoon at the Floydada Baseball park, when ther basket ball quintet trimmed the local lads three

The new High School building in Floydada is beginning to take form and the beauty of its architecture is becoming apparent. Last week the brick work on the building was completed and the heating plant, lighting installation and plumbing work is under way. Many weeks will be consumed in the completion

of the interior work. A. J. Fanning has been reading in the Hesperian about large turnips which, from time to time has appeared in the paper. Tuesday he decided a little interest might be added by the exhibition of a sure enough vegetable in size. So he rought to this office a beet that easured 27 inches in circumference and weighed 14 pounds. It is

of the vegetable variety of beets.

every kind of seed that enticed us, dealings with Japan, Germany and ings.-Miami Chief. from every seed house that we have Italy in the future as they think the situation requires.

The official attitude can be summany kinds last year? We know med up by repeating, as Hull likes motor car casualities today. The we will not this year. We can see to, that in his native Tennesee if giant Zinnias and dainty posies of two hill men meet and quarrel, and many kinds blooming with the one of them has left his gun 60 beauty and grace of the ones on paces back, and the other only 15. Brand. there is no question who wins the argument

The administration's rough and under the leafless pecan tree. The ready attitude hasn't been impressed on the public so much since it was discovered after the Chicago "quarframe. The top is gone, the wind antine" speech that sentiment is preponderantly for peace and that a great many people, particularly in the middle west, deplore official reversion to the "national honor" school of thought.

It distresses another group, in the administration and in Congress as well, that without some such restraint as the Ludlow amendment would impose, there will be no check on executive discretion in foreign affairs. They are apprehensive of Roosevelt's fondness for taking chances and making spectacular gestures. Those who have analyzed the

Ludlow vote in the light of the intense heat applied to kill the amendment consider the 188 votes a portent. Quite outside of pressure by lobbyists and the administration, it is evident that (as oneanti-amendment member of the House admitted) "there was more pressure by the people on this than on any bill ever heard of including the Townsend plan.

## 'Washed Up,' Shawneetown Moves to New Building Site .

SHAWNEETOWN, III.-They're moving this historic little pioneer town up to higher ground these days, spending \$1,292,495 to avoid the future ravage of Ohlo river floods.

Work was begun recently after the Illinois and federal governments made appropriations available. Engineers expect that it will take about two years to transplant the entire town of 1400 to a location three miles west of the present site.

The step marks one of the first engineering tasks of its kind in the United States. But when the job is finished the new Shawneetown will be a model village. The oldest existing community in Illinois will become the newest, brightest.

All buildings will be constructed for permanence and each home will be modern in design. Various types of homes will be available through cooperation of the Federal Housing administration. Under no circumstances, however, will homes or new business buildings be constructed that might mar the beauty of the new community setting.

Those buildings which withstood the onshught of the dev-

Terror and destruction like this will never come to Shawneetown again, its residents have decreed. This photo was taken at the crest of the January, 1937, Ohio river flood.

astating flood of last January will be moved to the new site intact. Buildings that cannot be razed are being torn down and the lumber wil! be used for rebuilt construction of secondary character.

So this old town, born in the days when the Ohio river was the main east-west highway and the gateway to the frontier, will undergo a revolutionary change.

The new main street is going to be 100 feet wide. Bordering it will be a five-foot walk and inside this walk will be a 30foot parkway, planted in grass and trees. Between the parkway and business houses will be a 12-foot walk. The design for alleys is such that all vehicles must be parked there.

The new buildings will include a city hall and fire station, community house with a large auditorium, two schoolhouses and a gymnasium for the present high school, which is already on the high ground site chosen for the new location. A postoffice, seven churches and a courthouse are likewise in the scheduled plans.

The waters of the Ohio and the Wabash were surging over Shawneetown and other river towns and cities when President Roosevelt made the suggestion that new locations be sought for future protection. Shawneetown acted. But it has taken much work and time to finance the

ambitious project. The old Shawneetown, eventually, will become a park. It holds a vast sentimental value for its people. The house where Lafayette visited in 1825 still stands, for instance, as does the house of the Posey family. Gen. Thomas Posey was commander of the Revolutionary forces at

the battle of Stony Point. Before the first white settlers came in 1797, the site was camping ground for the Shawnee Indians, hence its name. At one time Shawneetown was the postal center for territorial Illinois, Indiana, Kentucky and Ten-

## Health Dept. War On Filth sAnnounced

Public Rest Rooms Must Be Maintained in Sanitary Manner Is Warning

## Menace To Health

Public Has Right to Demand Elimination of Disease Breeding Places

AUSTIN. Texas, Jan. 27 .- Filthy rest rooms used by the public at munity and the state, and cannot of the U.S. Far Eastern fleet. Ad- ed for Manila. further tolerated, it was announced this week by Dr. Geo. W Cox, State Health Officer.

The State Health Department at this time serves warning to all coneerned that public rest rooms must be maintained in a sanitary manner, under penalty of violation of the State Food and Drug Law, Article 695, which carries a fine of not less than ten nor more than one hundred dollars." Dr. Cox stat-

"Disease breeds in such places when they are allowed to be filthy, and disease is spread from one person to another, indiscriminately, under such conditions. Facilities should be available for washing the grave. hands; toilets must be sanitary and kept that way. The rest room that does not meet adequate sanitary reestablishment which is serves and should be so interpreted.

"We ask the citizenship of Texas to join us in this campaign to clean up rest rooms that are filthy. Such conditions as are now prevalent throughout the state will not be tolerated any longer. When you find a rest room that is unsanitary, report that fact to the management and your local health authorities. If the management takes no steps to clean up its rest room, you are advised to withdraw your patronage from that establishment in the interest of protection to your health.

"To Texas business concerns, the State Health Department issues a son, legislative representative of the warning to clean up their rest rooms and keep them clean. A tion, charged today that the Senate court charge for them if they do not comply. To the citizens of Texas, we ask that you demand of the establishments which you patronize, a clean rest room as protection to your health. It is your right. See that you have it so recognized and maintained."

#### On The Garden Path STRUCTURAL GREEN IN THE GARDEN

Snow drops are the flowers that typify January. It would be interwhich includes plants which typify West Missouri street, Thursday each month of the year. Watch this news space for their names. The snowdrop is a native of the Alps, but it is quite common in the U.S.

January is the month to make garden plans. Special attention should be given to problems of landscaping. Too often gardens are the result of what just happened to be put into an open space of ground Time, effort, and planting give little satisfaction where there is no working plan.

The three fundamentals of garthe surrounding landscape; its relandscape picture; the design if complete will enhance the vistas to screen objectionable views as well as furnish privacy.

This is an excellent time to bring A. Arwine for guests and Mrs. Hambranches of Forsythia and Floweroom and be of breath taking beauty in your favorite vaces.

## THERE IS NO Substitute

FOR MONEY IN THE BANK

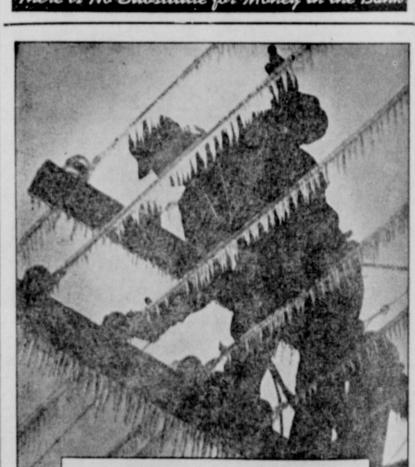

Men and women often suffer heavy losses in making investments. They play with future uncertainties which seem to promise joy and profit, but which too often deliver only grief and loss.

After all, there is no substitute for money in the bank, which today offers security and certainty, instead of uncertainty. Money in the bank is readily available; it is protected by the bank's own resources, with the added protection of Federal Deposit Insurance up to \$5,000 for each depositor.

## First National Bank

### A BIG CARROT

A carrot that weighs four and a half pounds, measures fourteen and a half inches around the top and is nine inches long is on display in The Hesperian window this week. It is from the garden of Clark Battey, who had unusually good luck last year with his garden.

L. C. McDonald and son, Clement, spent Monday in Amarillo where they attended an implement dealeas' meeting. Mrs. L. C. McDonald accompanied them as far as Plainview to visit with their son, Leroy McDonald and family.

Don't let the flattery of your new spring hat be dimmed, call 295 for your new spring per-manent appointment.

## Texas-New Mexico Utilities Company

## FORD OFFERS TWO NEW CARS and keeps their PRICES LOW

THERE are two new Ford cars for 1938-the De Luxe and the Standard-differing in appearance, appointments and price-but built on the same dependable Ford chassis.

Both bring you the basic advantages of a V-type 8-cylinder power-plant smooth performance and compact design. The De Luxe Ford has the 85-horsepower engine. The Standard Ford provides a choice of 85 or 60 horsepower.

Both new cars are economical to operate. The Standard, with thrifty "60"

engine, costs less to run than any other Ford car ever built.

And both new cars are priced low. Low price, like economy, is a Ford tradition. Ford founded the low-price field 30 years ago and keeps Ford prices low.

The De Luxe Ford costs slightly more than the Standard Ford, but provides more style with extra room in the closed sedans. Both cars, in proportion to price, represent unusual values. Both are built to the same high standard of mechanical excellence. There's a dealer near you.

### With morning came the repair crews

A winter rain, falling slowly from leaden December skies, froze to telephone poles and lines, Hard on its heels came the wind. Ice laden wires snapped and poles splintered before the blast.

Night found scores of towns throughout the storm region handicapped by crippled tele phone service.

But ... with the morning came the repair crews. Hastily gathered from regions untouched by storm, by a management long familiar with such emergencies, they poured into the stricken area with trucks, tools and materials. Day and night they rushed the work of reconstruction.

One advantage to you of the Bell System's far flung organization is this: When disaster flattens the telephone system that serves you, men and money and materials are instantly available for the prompt repair of the damage, Southwestern Bell Telephone Company.

Save steps. Use want ads.

'LETO'S" FOR THE GUMS Do your gums itch, burn or cause ou discomfort, druggists will return your money if the first bottle of "LETO'S" fails to satisfy.

Grand Jury Finishes Work As Sheriff Sends Cards For Second Week Jury

The grand jury finished work the first of this week and Judge Alton B. Chapman opened court to civil and criminal non-jury cases early in the week. Decisions were rendered in five civil cases and three criminal cases up until Thursday

All three criminal cases were conducted with the defendant charged in each case with forgery and passing a forged instrument. Jury was waived in each case. Judge Chapman gave a three year suspended sentence in each case because of the previous clear record of each

Jury work will not begin until Wednesday of next week because the attorneys in the case that was previously scheduled for Monday

Johnston, Harrold Huggins, J. E. Swinson, Robt. Gar- tax assessor before Tuesday. rett, Jno. E. Hoffman, Bill Scott, V. C. Rapp.

HOWARDS VISIT PLAINS OF TEXAS LAND HOLDINGS

Edgar B. Howard, of Bryn Mawr, Pennsylvania, and Alvin H. Howard, of New Orleans, left this week for New Orleans after several days in Floyd County on business in connection with the Howard Bros. lands in Floyd, Briscoe, Hall and Motley Counties. From New Orleans Dr. Edgar B. Howard will journey on to Florida, where he will spend an indefinite period of time in a paleontological research trip.

Alvin H. Howard is a son of the late Alvin P. Howard and with his mother joint administrator of his father's will involving an estate of several hundred thousand dollars including approximately \$300,000 worth of land in this sec-

They were here with W. M. Massie & Bro., who have been agents for the Howard lands for many years.

#### **Expect Twelve Bouts** At Lockney Tonight

Several amateur bouts, possibly as many as twelve, will be staged tonight at the Isis Theatre in Lockney, Bill Messer and Horace Gearhart, who are sponsoring the amateur elimination in this county preparatory for the Golden Gloves

Contests are expected in seven of the eight weights at which the amateurs will box. Six Silverton and two Floydada youths had made application for places in the contests at noon yesterday, Gearhart

#### Tax Payments—

(Continued from page 1) left for additional candidates to an-

The governor's race is expected to generate into another typical "Texas governors war" before the final race in November. For all of these reasons the public should pay their poll tax and get their "voice in government

**Exemption Certificates** Exemption certificates must be rocured from Tax Assessor Frank Moore by Monday, January 31, a free vote this election year is desired, it was announced yester-

Any person who become 21 years of age after January 1, 1937 is eligible to receive a free vote this year provided an exemption certificat is obtained before Feb. 1.

It was also explained that any person becoming 21 years of age before July 23, the date of this year's primary, is eligible for a free vote also provided that an exemption certificate is obtained from the

These rulings have been passed upon by the attorney general, County Attorney Winfred Newsome

No free vote will be given anyone unless they are ab a to present their exemption certificate to the election board of their respective pre-

With only four days left to secure the certificate all persons eligible to obtain free vote certificates are urged to make application and re-
