New Features Agriculture Bill For Cotton and Wheat

Incorporates Well Rounded Plan For The Wheat Grower

Conservation Payments, Marketing Quotas, Insurance, Loans Are Provided

Acres Allotments

Will Apply Fully Beginning In 1939, A. & M. Statement On Act Says

The new AAA Farm Bill just passed by Congress will offer wheat farmers a well-rounded wheat program including acreage allotments, agricultural conservation payments, wheat loans, crop insurance, and marketing quotas if supplies are so large that quotas are necessary, according to Geo. Slaughter, chairman of the Texas Agricultural Conservation Committee.

The following brief summary of how these provisions in the new farm bill will operate for wheat farmers is given by Slaughter, as released from A. & M. College this week.

The Act provides for acreage allotments to wheat farmers each year which will produce enough wheat for domestic consumption and exports and provide a substantial surplus for reserve. The Act will aim to provide a supply each year of around 900 million bushels. Wheat allotments will be made for 1938, but only for the purpose of computing AAA payments to farmers. The act provides that compliance for 1938 shall be checked against the general soil-depleting goal for each farm. The first acreage allotments which will apply fully will be those for 1939.

Payments to farmers will be made under the provisions of the 1938 Agricultural Conservation Program. The Act also provides for parity payments to farmers, but only if specific additional funds are made available for this purpose.

The Act provides that wheat loans are to be made to farmers in any year in which the farm price of wheat on June 15 is less than 52 percent of the parity price of wheat, or in any year in which the July wheat estimate is more than the normal domestic consumption and exports of about 700 million bushels. These loans are to be made by the Commodity Credit Corporation and are to be made at between 52 and 75 percent of the parity price at the beginning of the marketing year. Loans may be made in 1938 if prices or supplies are within the limits set by the Act.

The Act establishes a Federal Crop (See New Features, back page)

RED CROSS ASK FOR CLOTHES AND OLD SHOES

A call for clothing and old shoes has been issued by the local chapter of the Red Cross by Walter Travis, active vice-chairman of the Red Cross.

It was explained that the shoes need not be exceptionally good ones and that badly worn ones would be gladly received and could be repaired for use.

Anyone having an extra supply of old clothes and shoes are asked to bring them to the county superintendent's office at the court house. The Hesperian office or Chamber of Commerce office.

District Court To Close Winter Term Friday Is Expected

The winter term of district court is expected to end tomorrow when final dispositions will be made. One judgement is expected and several dismissals. One decision in divorce suit is yet to be decided.

Working without a jury this week the court decided and rendered judgements in J. I. Case vs. O. W. Fry. Judgement was rendered against J. I. Case Co. who gave immediate notice of appeal to the Court of Civil Appeals at Amarillo. Judgement was rendered in favor of Owen M. Murray, receiver, in Owen M. Murray vs. I. C. Surginer, for a sum of \$800.

The Grand Jury reconvened Monday to be dismissed until the next term of court.

Rules Carnival

Katherine Avilla Brooks, of Tulsa, Okla., 17, blue-eyed and blond, was chosen Snow Queen of Dartmouth College's annual winter carnival at Hanover, N. H.—but there was no snow. Undergraduates agreed she was still a queen, however, and the picture above shows her holding the cup that symbolized her position.

Officers Elected By Floyd Teachers Assn. Saturday

A. D. Cummings and J. W. Jones Are Delegates To District Meet

Approximately 40 Floyd County teachers were present Saturday morning for a meeting in the district court room to discuss the advisability of organizing a county branch of the State Teachers Association.

Those present decided after discussion to organize a Floyd County Teachers Association in affiliation with the State Teachers Association. After the favorable decision on the organization of the association officers for the year were elected. County Superintendent Walter Travis was elected president; first vice-president in charge of programs, G. D. Tate of Lockney; second vice-president in charge of publicity, Miss Grace Cade of Floydada; secretary-treasurer, Garland Foster of Muncy.

Committee on constitution, Miss Daltis Rea, chairman; L. H. All-dredge, South Plains, and C. E. Blount, Lockney. Program committee, G. D. Tate, chairman Lockney; C. E. Blount, Lockney; and Clarence Guffee, Sand Hill.

Delegates to attend the District meeting of the Texas State Teachers Association March 11-12 were elected. J. W. Jones of Lockney and A. D. Cummings of Floydada are regular delegates. If membership in the association gains sufficiently Walter Travis and Miss Fannie Mae Rees will attend the meeting as delegates.

One delegate is eligible to attend the meeting, representing 25 members of the association in that county. Floyd County has 61 teachers who are members of the association, therefore two delegates are eligible to attend from this county. If membership grows to 75, three delegates will be eligible to attend from this county.

McGUIRE CAFE

A deal was completed Monday of this week when John Maxwell became owner and manager of the McGuire Cafe on the west side of the Court house square. Mr. and Mrs. McGuire have had charge of the business since opening it about eight months ago. Mr. Maxwell took charge of the business Tuesday.

Mr. and Mrs. McGuire have not made plans as to their future business at present.

BLANCO TEST DRILLING AGAIN AFTER CEMENTING HOLE BACK TO 3,200 FT.

Oil States Montgomery No. 1, wild-cat oil test six miles south of Floydada, was being drilled again yesterday after cementing back to 3,200 feet to drill around more than 1,600 feet of pipe stem lost in the hole in January.

Drilling was resumed Tuesday night.

Department to Set Up Market Quotas For Cotton Lands

Effective Control of Burdensome Surpluses Aimed At In Measure

Acres Allotments

Sharp Curtailment of Crop In 1938 To Reduce Huge Surplus on Market

The establishment of cotton marketing quotas, based on farm acreage allotments, is authorized for all cotton producing farms under provision of the Agricultural Adjustment Act of 1938, the new measure passed by Congress to strengthen the Agricultural Conservation Program and provide more effective control of burdensome crop surpluses, according to George Slaughter, Chairman of Texas Agricultural Conservation Committee, says a statement released this week from A. & M. College.

The Adjustment Act provides for a national cotton allotment of approximately 10,750,000 bales in 1938. The tentative cotton allotment for Texas in 1938 will be about 9,800,000 acres. The number of acres needed, at normal yields, to produce the baleage allotment will be apportioned to the cotton producing states and counties, with no county to receive less than 60 percent of the cotton acreage planted and diverted in that county in 1937. The county allotment will be divided among individual farms, with special consideration for small producers.

This division will give all farms a minimum allotment up to five acres of cotton and a small allotment will be available for producers receiving between 5 and 15 acres. The remainder of the county allotment will be divided in such manner as to give each farm in the county or administrative area a uniform percentage of the cropland on the farm after excluding wheat and rice acreage and the acreage used for commercial livestock production as its cotton acreage allotment. No farm may have an allotment greater than its planted and diverted cotton acreage in any of the past three years.

The 1938 marketing quota of an individual farm will be the larger of the actual or normal amount of cotton produced on that farm's acreage allotment, plus any cotton carried over by the farm from the 1937 crop. In other words, the farmer may sell, without restriction, all the cotton he can produce on his allotted acreage. On all cotton sold from the farm in excess of its marketing quota a penalty of 2 cents a pound must be paid. This means that if the farmer overplants, the cotton (See Department, back page)

Funeral Services For Kenneth (Kent) Foster Held Tuesday Afternoon

Funeral services were held Tuesday afternoon at the First Baptist Church for Kenneth (Kent) Foster, 45, who was a resident in Floyd County from 1901 until 1926. The Rev. R. E. L. Muncy had charge of the rites.

Kenneth Foster was born in Jack County, Dec. 4, 1892 and moved to Floyd County with his parents, Mr. and Mrs. J. J. Foster, in 1901 where he was educated in Floydada schools. He also attended Wayland College.

Mr. Foster had been living in New Mexico since 1926. He died Monday at the home of his brother, George W. Foster, in Lubbock. A heart attack resulted fatally following an illness of several weeks from influenza and pneumonia. He had been visiting with Mrs. Amburn here for some weeks before going over to Lubbock Saturday.

He is survived by two daughters Merle and Willie Mae Foster, Albuquerque, New Mexico, two brothers, Geo. of Lubbock and C. Foster, and three sisters, Mrs. W. A. Amburn, Mrs. J. W. Southard of Lamesa and Mrs. E. T. Green of Pomona, California.

All were present except Mrs. Green who was unable to make the trip from California. Pallbearers were Robert McGuire, W. U. White, A. A. Tubbs, Jack Henry, Ross Henry, and W. H. Hill-ton.

Flower attendants were Mable June Foster, Virginia Waldrop, Mary Catherine Musick, Juanell Amburn Valla Foster, Marjorie Moore, and Mrs. W. A. Amburn, Jr.

Designation Given 207 To Floydada

Paving Ralls to Floyd County Line Indicated Due For Letting In March

Nothing North Yet

But Commission Tells Delegation From Lockney Loop Will Be Built

Formal designation of the highway from Floydada to the Crosby County line as Highway 207 and announcement that the road bed from the Floyd County line to Ralls would be hard-surfaced this spring, was among the developments in the State Highway Commission's monthly meeting at Austin Monday.

Additionally the commission promised a delegation that a loop on Highway 28 would be built through Lockney from the west, although no immediate date was set.

Meanwhile the maintenance department has marked the route of 207 south from Floydada recently and several hundred trees have been planted in the right-of-way. Three-tenths of a mile of road on the north side of Blanco Canyon, which has not been topped, but has a passable caliche bed, will be topped with funds earmarked for the purpose at the January session of the commission.

North Yet
Local officials have been advised that the \$50,000 farm to market project from Floydada north on the Silverton highway will not be included in an early letting. Urged to give the project early attention the department has indicated the project may not be started before July.

Lockney Loop Promised
Mayor A. R. Meriwether, Ed Whitfill, R. E. Patterson, and Commissioner E. R. Harris all of Lockney returned early this week after a visit to the Highway Commission in Austin where they asked for the paving of a loop through Lockney.

The commission expressed the belief that a paving contract for such a loop could be arranged within the near future. The route taken in consideration would begin paving at the Baker Hotel and continue west on the old highway for 2.2 miles, joining Highway 28 across the railroad.

No definite promise was given to the Lockney representatives by the commission as to when such a contract would be let or when the project would begin, however it is believed that work might begin soon.

Mrs. H. D. Bloodworth Attends Funeral Of Her Father Sunday

Mrs. H. D. Bloodworth attended the funeral of her father, N. J. Deets 77-year-old pioneer, which was held Sunday afternoon in Bellville.

Mr. Deets had been ill for some time with a heart ailment and his daughter has been with him over the past six weeks.

He came to Texas in 1874 from Arkansas.

Other than Mrs. Bloodworth, Mr. Deets is survived by one daughter, Mrs. Vera Nolan of Bellville and one son, Harlan Deets of Olney.

Mrs. Bloodworth will remain in Bellville for some time yet.

Flomot High School Plans For Big Boxing Tournament Schedule For March 4 and 5

Seven South Plains Schools Have Signified Intentions Of Entering

With basketball season practically over and the prospect for sporting events facing a full period Flomot, under the guidance and leadership of Coach Leo Jackson, is planning one of the biggest athletic events in a number of years for that section. A large elevated ring is being erected within the Flomot gym in preparation for the school boxing tourney which will be staged there March 4 and 5. The gym will hold a crowd of 500 without crowding and it is possible to have more before the doors are closed.

Jackson has 37 boxers working out in the hope that few of the prizes offered will be carried off to foreign soil when the two day meet is over. It is reported that golden gloves will be awarded the winner of each weight division and a silver trophy will be awarded the school winning the most points in the tourney.

Turkey, Silverton, Quitaque, Matador, White Flat, Roaring Springs, and Floydada have already signified that boxers will be entered. Other schools are expected to enter before the deadline March 3.

An invitation has been extended to all schools in the territory to enter and a cordial welcome awaits everyone in Flomot during the two day meet.

Just who from Floydada will enter the meet is not certain but L. B. Martin, district lightweight champ, has received special invitation.

Weather Man Brings More Sleet, Snow

Moisture Above an Inch And A Half at Floydada During Week

Snowfall Today

Freezing Temperatures Every Day Help Prospects For Wheat Yield

A wet, sloppy week, with roads heavy and slick, fields wet, little sunshine, and at least a portion of every day freezing and below, has been dished out to Floyd County people by the weather man since last Thursday. At that time nearly an inch of moisture had fallen over most of the county and the total recorded precipitation this morning had passed an inch and a half.

Light snowfall this morning from gray skies, followed a misty all-night drizzle last night. The snow at 9 o'clock was melting as it fell. Freezing temperatures of the week marked by a low of 17 degrees above zero. Wheat prospects have been materially brightened by the cold that has accompanied the moisture.

Generally, reports, indicate the south and east portion of the county has had more rain than the west and northwest. Southwest areas are indicated to have had around an inch of moisture to date, falling in light showers. Cattle had not been taken off some wheat as late as yesterday in that section.

Floyd Bankers Attend Ft. Worth Convention

Floyd County Is Promised Agent By April 1 Is Report

No hope is seen for Floyd County to obtain a home demonstration agent before April 1, it was learned today.

Miss Lydia Cooper, district home demonstration agent, visited the office of County Judge Tom Deen Tuesday and said that there had been several calls of late for demonstration agents and that none were available.

Miss Cooper will meet with the commissioners court March 14, at which time final contract arrangements will be made, salary determined. Miss Cooper will have charge of the selection of the agent. Office space for the demonstration office was completed this week. The south end of the corridor on the first floor was partitioned off just south of the county clerk's office and the entrance to the court room.

Painting had been completed and preparations were being made to obtain proper office furnishings, it was learned.

Government To Assist In Home Building And Repair Work Through FHA Agency

Home Men And Merchants To Co-Operate In Every Possible Way

The Federal Housing Administration program under the amended law signed by President Roosevelt on February 3, is designed to assist home builders and merchants in the most favorable terms in the history of the country.

In the language of the Senate Banking and Currency committee, it is intended "to utilize the best available means for achieving a sustained long term residential construction program with a minimum expenditure of federal funds and a maximum reliance upon private business enterprise."

It deals solely with projects and mortgages that are considered economically sound. It is designed to be a self-sustaining through the operation of a federal mortgage insurance system which has been established and successfully operated since 1934.

The Housing Administration is

authorized to insure a total of \$2,000,000,000 outstanding at any one time and with the approval of the President this amount may be increased to \$3,000,000,000.

"This program", said Administrator Stewart McDonald, "should prove a stimulus to the construction industry but too much should not be expected of it at once. The machinery is here for the government to do its part. The success of the program in the long run, however, depends upon the wholehearted, voluntary cooperation of private capital and private industry, by which I mean the lending institutions, the material and equipment manufacturers and distributors, the builders and developers, and labor."

Small Home Financing
The total maximum annual carrying charge for an FHA insured mortgage on which a commitment is issued hereafter will be 5 1/2 percent.

This will include 5 percent interest and one-half of one percent mortgage insurance premium. In the case of newly constructed homes

securing mortgages not exceeding \$5400 and meeting certain other conditions the premium rate will be one-fourth of one percent, making the total annual carrying charge to the borrower five and one-fourth percent.

The annual service charge of one-half of one percent which the lending institutions have been permitted to charge under FHA regulations will be discontinued on all mortgages for which a commitment to insure is issued hereafter.

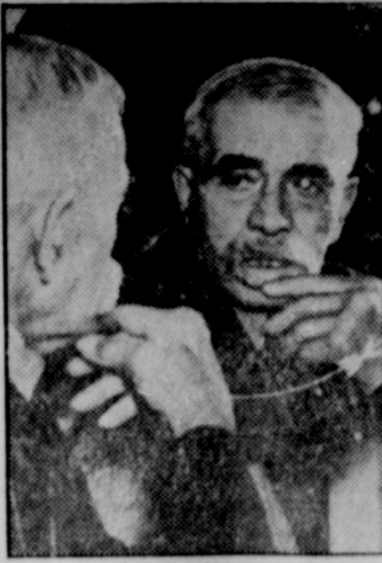

The insurance premium in the future will be based upon the outstanding balance instead of the original face value of the mortgage as provided in the old law.

Elimination of the annual service charge and the reduced cost of the mortgage insurance will represent a maximum saving of approximately one percent per annum to home builders and buyers on newly constructed houses carrying mortgages of \$5400 or less. On all other insurable mortgages the saving will be approximately three-fourths of one percent per annum.

On newly constructed houses appraised at \$6,000 or less, the minimum down payment or equity requirement will be reduced from 20 percent to 10 percent. Thus, on a \$6,000 newly constructed house, the minimum down payment would be \$600 and the maximum insurable mortgage would be \$5400, representing ninety percent of the appraised value.

On newly constructed houses appraised at \$10,000 or less, the insurable limit will be 90 percent of the appraised value up to \$6,000 plus 80 percent of the appraised value above \$6,000. For example, on a newly constructed \$10,000 house the minimum down payment would be \$1400 and the insurable mortgage limit

would be \$8600. On all other homes housing from one to four families, the insurable mortgage limit would be \$8600. On all other homes housing from one to four families, the insurable mortgage limit will remain at eighty percent of the appraisal value, but not in excess of \$16,000 under any circumstances.

Modernization And Repair
Notices have been sent to 7,000 lending institutions throughout the United States authorizing them to begin making modernization and repair loans under Title I of the amendment Act.

Persons, partnerships and cooperatives are eligible to borrow money under the modernization and repair credit plan. The borrower must have an assured income, demonstrate his ability to repay the loan, and own the property to be improved or have a lease on it running at least six months longer than the term of the loan.

Amounts up to \$10,000 may be borrowed to repair or improve existing structures and amounts up to \$2500 may be borrowed for the erection of new structures.

Repaying of the loans may be spread over a period not to exceed five years for modernization and repair work and not to exceed 10 years for the erection of new structures for residential use.

Banks and other lending institutions will be insured against losses up to 10 percent of the total loans they make under the new Title I program.

If the loan is made for the purpose of building a new home, security will be required in the form of a mortgage or deed of trust covering the property improved. In addition, there will be certain general construction requirements which will assist in protecting the investment of the home owner.

The provision for these new homes costing not in excess of \$2500 under Title I should not be confused with the plan of home ownership sponsored under Title II of the Act. The facilities afforded under Title I are intended primarily for those citizens who live on farms, or in rural areas or in the marginal zone surrounding the larger cities where the standards established by the mutual mortgage insurance system are not applicable.

Operation Under Old Law
Gross business transacted by the Federal Housing Administration un-

der the old law has passed the two billion dollar mark.

Approximately \$650,000,000 of this amount was transacted during 1937.

The gross total includes mortgages selected for appraisal, \$1,399,000,000. Large scale housing projects approved, \$41,694,000. Modernization and repair notes insured, \$560,603,000.

Notwithstanding the decline in construction activity during the last half of 1937, gains were recorded in the volume of business for the entire year over 1936.

For example, mortgages selected for appraisal 1937 amounted to \$590,100,000 compared to \$538,900,000 for 1936, a gain of 9.5 percent. Mortgages accepted for insurance in 1937 totaled \$448,167,000 compared to \$438,449,000 during the previous year, a gain of 2.2 percent.

The largest gain was made in premium paying mortgages. In 1936 premium paying mortgages amounting to \$368,945,000 were recorded, where in 1937 they amounted to \$425,110,000, a gain of 37.6 percent. The total of premium paying mortgages on January 28 was \$857,999,317, not including those on large - scale rental projects.

During the past year mortgages on newly constructed homes represented approximately fifty-six percent of the total value of mortgages accepted for insurance.

Through appraisal fees, premium payments and reinvestment of funds, the Federal Housing Administration now has an income averaging \$600,000 a month. Part of this is being used under the terms of the National Housing Act to defray expenses of insuring operations and part of it is being added to the mutual mortgage insurance fund to meet possible losses. This fund now amounted to approximately \$22,000,000 and losses chargeable against it are slightly in excess of \$10,000. The loss ratio on mortgages insured is approximately one one-thousandth of one per cent.

News Review Of The Week

Monday, Feb. 14
NEW YORK — O. G. McHenry, 53 years old, famous New York newspaperman whose syndicated column "New York Day by Day" made his name a household word to millions of readers, died at 3 o'clock this morning in his Park Avenue apartment.

WASHINGTON — Congressional leaders who customarily reflected the administrations views on foreign relations agreed today that another disarmament conference of world naval powers would be "futile."

Farm Bill Passed
WASHINGTON — A crop control bill, praised "as the best farm bill ever enacted" and denounced as "regimentation" and "more harness" for the farmer, received final congressional approval today.

SAN FRANCISCO — Rain, blizzards, and high winds ravaged California today, bringing serious food threats, interrupting railroad service, breaking communications and turning hundreds from lowland homes.

MOSCOW — Joseph Stalin, leader of the Communist party, urged today that the Soviet Union bolster its defense program by organizing the working classes of other countries to give Russia political aid "in case of military attack."

Tuesday, Feb. 15
WASHINGTON — The United States Navy clamped a lid of secrecy upon its warship building progress tonight, reversing a publicity policy of 13 years standing. Whether the purpose was to keep certain data from foreign powers, was not stated.

TIA JUANA — A frenzied, vengeful mob of 800 men and women demolished a jail, fired a federal building, threatened jailers with hanging, and exchanged bullets with soldiers today in a futile attempt to lynch the man who ravished and killed an eight-year-old girl.

Rescue Planned
MOSCOW — Two icebreakers, one of which was in sight of the ice floe refuge of four Russian scientists, worked feverishly tonight preparing for the take off of planes to rescue the stranded men off the coast of Greenland.

NEWARK, N. J. — Mrs. Ethel Strauss Kohl, policeman's daughter, and Genevieve Owens, her companion in a \$2.10 holding during which a bus driver was slain, were convicted of first degree murder tonight by an all male jury which recommended stony.

SHANGHAI — Japanese sought to settle new difficulties with United States marines in Shanghai's International Settlement today while their armies in northern Honan province continued their drive to bottle up 400,000 Chinese defending the important Lungtai railway.

BORGER — The "at down" Texas Liquor Control Board's inspectors continued their "snooping" here today and injunctions were filed against two bars.

Wednesday, Feb. 16
WASHINGTON — President Roosevelt signed the farm surplus control bill today. In a formal statement issued at the time of signing Mr. Roosevelt declared the measure represented the "winning of one more battle for an underlying farm policy that will endure."

BORGER — Texas Liquor Control Board inspectors this afternoon started another one of their infamous "at down sprints" in a Nyal drug store here. Under the direction of Gustav Hawkins, chief of the district office in Amarillo and director of the "at down" plan, the inspectors began their "continuous investigation" of the drug store.

Resistance Crumbling
SHANGHAI — Japan's powerful mechanized forces were reported today smashing desperate but crumbling Chinese resistance in the Yellow River sector.

WASHINGTON — Secretary Wallace said today the new crop control bill signed by President Roosevelt would have "little effect" upon the 1938 wheat crop unless Congress provided additional revenue to finance "parity payment" provisions.

ROME — Premier Mussolini's first official recognition of an Italian Jewish problem appeared today in a warning to Jews coupled with reassurance against Italy's following the drastic examples of Germany and Rumania.

Thursday, Feb. 17
POLSON, N. M. — Mixed train orders caused the head-on collision on the Fort Worth and Denver railroad near here last mid-night which resulted in the death of four trainmen and injuries to 13 persons, according to statements of trainmen today.

LAS CRUCES, N. M. — In a surprise move today, Henry Lorenz, 22 years old, and Harry Dwyer, 27 years old, pleaded guilty to second degree murder for the death of W. L. Smith, El Paso switchman, in a "wild west" train hold up there last Thanksgiving.

BORGER — The Nyal drug store here, where agents of the Texas Liquor Control Board have been con-

Investigation, has been closed voluntarily by its proprietor. Meanwhile the agents spent the state's time and money conducting their "at down" outside in automobiles.

Spain Still Boils
HENDAYE, France — Spanish government forces reported tonight that they had trapped 1,000 insurgents in fierce fighting for control of the Aragon front. The government forces claimed advances all along the old front and the capture of several strong insurgent points.

SHANGHAI — Conflicting reports pour from the interior of China where Japanese and Chinese forces are locked in battle. The Chinese have been shoved back to the Yellow River and the Japanese have threatened the "bread basket" of China. Behind the Japanese lines guerrilla warfare has almost cut off the Japanese forces from their supply bases.

Friday, Feb. 18
RODESSA, La. — Rescue workers continued their gruesome task of poking about the tornado-struck debris of this oil boom town tonight expecting to find more mangled bodies but hoping not to.

WASHINGTON — President Roosevelt said today the first necessity of the present economic situation was a limited increase in prices, achieved without inflation and without a material advance in the cost of living.

Bombers Fly Aides
BUENOS AIRES — Six United States air corps bombers today hurried the lofty, snow-capped Andes and landed here for a warmly-welcomed good will call at the end of a record breaking 3,200 mile flight from Miami, Fla.

WASHINGTON — Secretary Wallace proclaimed marketing quotas today on the 1938 crops of cotton and flue-cured and dark types of tobacco, thus invoking the new farm law's provision for meeting surpluses.

HANKOW, China — China appears to be turning the tide, military observers declared tonight, in the great campaign in Central China on which may depend the outcome of her resistance against Japan.

Saturday, Feb. 19
LONDON — Anthony Eden, standing almost single handed in the British Cabinet against a deal with Italy, was reported reliably tonight as ready to resign as foreign minister in a break with Prime Minister Neville Chamberlain.

BERLIN — Germany tonight set a brilliant setting for Adolph Hitler's announcement to a tensely listening world of the next steps to bring all German-speaking peoples into the Nazi orbit.

Scientists Rescued
MOSCOW — Two sturdy ice breaking vessels smashed through a field of pack ice 10 feet deep today and rescued four Russian scientists with their valuable records, and equipment from a drifting ice floe camp off the eastern coast of Greenland.

LAS CRUCES, N. M. — Henry Lorenz, 22, and Harry Dwyer, 27, were given prison terms of 30 to 75 years by District Judge Numa Frenger today on their plea of guilty to second degree murder for the train robbery death of an El Paso switchman.

Sunday, Feb. 20
LONDON — Foreign Secretary Anthony Eden quit the British cabinet here today in a dramatic break with Prime Minister Neville Chamberlain on foreign policy. A few hours previously Adolph Hitler had addressed a demand for the return of Germany's war-torn colonies directly to Great Britain.

WASHINGTON — Unconfirmed reports dramatized in the capitol city that Japan was negotiating with the Mexican government for iron mining concessions in western Mexico in return for loans.

Heavy Casualties
WASHINGTON — A rifle fire cracked and cannon boomed on two fronts the world counted the approximate casualties in Spain and China. It is believed that Japan has sacrificed 260,000 men, in China while the Chinese defenders have lost 1,000,000.

WASHINGTON — Two men face victory or defeat tomorrow when the question of shelving the anti-lynching bill is considered. Signs point to a victory for flushed Tom Connally of Texas who organized the filibuster of Southern senators which has held back a vote for 28 days.

IN APPRECIATION
Words cannot express the appreciation we feel to our many kind friends who helped us in every possible way during the long illness and at the death of our dear husband and father.

We are especially grateful to his personal friends who so faithfully visited him and helped to make his last days more pleasant. Please accept our grateful thanks for the beautiful flowers and words of comfort. God's blessings be upon you is our prayer.

Mrs. Scott King, Mr. and Mrs. Reuben Smith, Joyce and Dale King, Mr. and Mrs. Wade Carpenter, of Farmer County, were in Floydada last week-end visiting relatives. They also visited in Puffball during a stay of several days in this section.

That cheery smile on the face of John M. Horn, pictured pointing to his birthday cake, above, springs from the fact that he's reached 100 and is still an active employee of the Chicago, Milwaukee, St. Paul and Pacific railroad. Horn began 33 years ago, and believes he is the oldest working man in America. Henry A. Scandrett, left, president of the road, honored him at his centennial party given in a dining car in the railway, Milwaukee yards.

Mrs. S. E. Thurmon returned home Friday from Jacksboro where she had visited for several days with her mother, Mrs. C. W. Mitchell, there to make her home for the present. Mrs. Thurmon visited in Wichita Falls with Mr. and Mrs. W. P. Thurmon also.

Dr. and Mrs. Wilson Kimble and Mrs. George V. Smith came home last Friday from Fort Worth where Dr. Kimble had been attending an optometrist meeting. Mrs. Kimble and Mrs. Smith visited with relatives.

V. P. Chase of Dallas visited Saturday night and Sunday with his sister, Mrs. E. P. Stovall.

Two snows and a rain all in one week is pretty good for Floyd County. Everyone surely was glad to get the moisture even though the roads have been such a mess of mud and slush.

When it quits freezing so hard in the mornings people can begin to really do some farming now, and wheat has been helping so much.

THRIFTY "60" FORD V-8 AVERAGE 28.85 MILES PER GALLON

Leads All Cars at Its Price and Above by Setting Mile Per-Gallon Record in Gilmore-Yosemite Economy Run

Above: The prize-winning Thrifty '60' Ford V-8 entering the gateway of Yosemite National Park during Gilmore-Yosemite Economy Run.

Below: Checking the gasoline at the end of the run... only 10.9 gallons for the entire trip of 314.5 miles... an average of 28.85 miles per gallon.

Right: Officials presenting the cup to owner and driver of the record-making Ford V-8.

If you're looking for proof of Ford V-8 gasoline economy, here it is in black and white—

COMPETING in this year's Gilmore-Yosemite Economy Run, held under strict A.A.A. supervision, a stock 1938 Thrifty '60' Ford V-8 Sedan made an average of 28.85 miles per gallon of gasoline! In hanging up this record, the Ford V-8 not only won first place in its price class, but also made the best miles-per-gallon showing of 23 cars, comprising all entrants at its price or above! Only 10.9 gallons of gasoline were used for the entire 314.5-mile run.

This sensational record bears out the experience of hundreds of owners who have reported 22 to 27 miles per gallon of gasoline with the Thrifty '60' Ford V-8 in every day use. In dramatic fashion it proves again that here is the most economical Ford V-8 ever built—and one of the thriftiest cars on the road today, regardless of price! Your Ford Dealer invites you to see and drive the smarter, more luxurious 1938 edition of this great economy car.

TEXAS NEEDS CONSTITUTION THAT WILL TAKE IT OUT OF HORSE AND BUGGY CLASS

Of course we need a new Constitution. Why pay our Legislators and Senators twenty cents a mile, allowed them in the old horse and buggy days and now they can buy a first class ticket for three cents and some for nothing as the railroads give them a free pass for their influence in passing laws favorable to the railroad's interest. That ought not to be for railroads should have a good interest on their investment.

I was talking to a gentleman a few days ago and he said that all men had a price. Now I don't believe that. I believe there are lots of good men that could not be bought at any price. He also said that money was the root of all evil. Right again, we have to have money to carry on our businesses. Some legislators are like Wimpy in the papers, who are all the time trying to work some scheme to get a burger without paying for it. Some voters get it out of their minds that we need lawyers in the legislature we will be the better off. I know of but one that I vote for at all and that is Hooten. There are lots and lots of good men who could not be bought, but I have to admit they are the minority. That is a fact.

While riding in the caboose once some other stockmen going to market with some horses and an old Holy Roller boy was preaching his doctrine. He could get anybody to listen and he got his scripture all mixed up. He said that money was the root of all evil and when I told him the Bible didn't say so his eyes popped out about as far as the post-jumped when he rung the bell.

S. A. Greer.

Note.—Mr. Greer's statement that a legislator can get a free pass on the railroads does not seem to come out by the facts. Rules regarding the issuance of passes in the legislature are said to be very strictly followed. The position he takes on railroads should have a good deal on their investments is commendable. This attitude is general among people of the southwest.

Help Live Stock Man; Put Meat On Your Menu Plea Of E. L. Angus

Great Interest In Present Attractive Prices of Meat Urged To Help Texas Biggest Industry

With current meat prices substantially below peak levels of last fall, quality greatly improved, and meat production definitely expanding, the entire meat price of Texas has launched an intensive campaign to arouse consumer interest in meat, E. L. Angus announced recently. The campaign is part of a national mobilization of effort undertaken by the Institute of American Meat Packers to create greater interest in the present attractive prices of all meats.

"This campaign," Mr. Angus said, "has been undertaken primarily to aid the live stock producer, who, at the current live stock prices, is facing severe losses in many cases. Some cattle feeders, for example, are sustaining losses estimated as high as \$40 per head. Lamb feeders say they are not receiving the cost of production, and hog prices have declined drastically since September.

"With the harvesting of bumper crops of live stock feed last fall, the production of meat has expanded substantially. Live stock producers have been rapidly converting this feed into live stock of improved quality, and sending them to market, with the result that there is now available to the consumer a plentiful supply of quality meat at attractive prices.

"The meat trade has undertaken, under the leadership of the Institute of American Meat Packers, fully to acquaint the public with this situation.

"Meat is a delicious, nutritious, wholesome food. It is the food around which the American meal is planned. It is rich in most of the elements needed in the diet for growing children, and is most valuable in supplying health sustaining elements needed by persons of all ages. Doctors will tell you that meat is among the most essential and thoroughly digested of all foods and it gives full nutritive value with each delicious morsel."

EDWIN BRAZIER IN SCHOOL AT DALLAS; PAMPA MAN IS ON DUTY AT FUNERAL HOME

F. A. Harmon has announced that during the absence of Edwin Brazier in a school of embalming at Dallas for several weeks, C. B. Chandler, of Pampa, is employed with Harmon Funeral Home as relief man.

Mr. Brazier left last week for Dallas and will be there until in mid-May or thereafter, studying.

Church Improvement Extensive At Carr's Chapel, Says O'Kelly

Members of the Carr's Chapel church and community are rejoicing over the renovating of their church building that has recently been finished. A new roof new paint job and the interior of the church repainted are some of the work done by the church members and others of the community.

Sunday, January 5, the church started a donation of \$133, and to this a committee of five young men with the aid of the ladies of the church increased the fund to \$200. "The pastor, Rev. O'Kelly and the church membership wish to express thanks to all who helped in this improvement," he said.

RAIN AND SNOW INTERRUPT PLANS FOR M-M AGENCY'S DEMONSTRATION ON FRIDAY

Rain and snow effectively blocked plans of the local M-M agency, Hatley and Graham Machinery Company, from putting on the demonstration of their plows and tractors.

Open house from Friday to Monday, inclusive, had been planned by the new agency, with the demonstration as the feature. "We had high hopes of a big demonstration crowd and a big opening but we can do that some other time. We don't mind a good season in February," said Mr. Hatley.

Baptist Revival Will Open Sunday, March 6

Pastor Announces Palestine Singer-Preacher Will Aid Local Forces In Two Weeks Meeting

Announcement of plans for a revival at the First Baptist Church, which is to open on March 6, was made this week by Rev. Vernon Shaw, pastor of the church, who took occasion to invite the entire public to attend.

"We have secured to do the singing and the day-time preaching, Bro. Johnnie Cohen, of Palestine, Texas. He is the best. You will enjoy his singing and messages," Rev. Shaw said.

Rev. Shaw will preach at the evening services which will continue through two weeks. Morning service will be held beginning at 10 o'clock and evening service at 7:45.

"This is going to be something different and we hope you will like it," the pastor said. "Get your business in trim and be ready. Don't miss a service. We welcome one and all."

PASTOR O'KELLY CONCLUDES STUDY, "LIFE OF CHRIST"

The church study entitled, "The Life of Christ," taught by the pastor, Rev. W. V. O'Kelly, in the Carr's Chapel church, for the Bellview and Carr's Chapel communities, has been concluded.

The church reported excellent attendance.

There's a right and wrong way to

SHOVE WITH YOUR CAR!

Your Mileage Merchant Advises...

Try to have the two cars slightly "staggered"—not exactly in line with each other. This often helps if bumpers lock, especially when the car with its bumper below can reach a drain or similar depression. Another way is for the car with its bumper on top to get up on a curb or "hump." That's all "just in case."

Now ask the poor fellow who wants your help to get into HIGH—keeping his clutch pedal down—letting it back gradually only after you get his car under way.

Push with your LOW gear. That's easiest on your car... for half a block. Then if the other fellow's car hasn't started, have him get into neutral and push him up to a nearby Mileage Merchant for Special Winter Blend Conoco Bronze like yours. That can't help but get him started... Then the way to dodge further battery trouble, dangerous oil dilution—and embarrassment—is to get sure-starting Conoco Bronze all winter! Continental Oil Co.

Mrs. Kirk Presents Piano Pupils In Twilight Musical

As the opening number of a series of spring programs, Mrs. Ohmer Kirk presented several of her pupils in a Twilight Musical Sunday afternoon at her home at 5 o'clock.

Mrs. V. Andrews assisted on the program with Kenneth Baird and Arla Vee Bishop, Bruce Foster and Laverne Russell in readings. Miss Thelma Jo Hamilton gave as the theme for the afternoon a talk on "Music During the Colonial Period" illustrated with Madam Pompadour, a stately minuet of that period.

Pupils presented at this musical were Thelma Jo Hamilton, Dwina and Marvin Glassmoyer, Patricia Kirk, Eddie Duncan, Francis Terrell Mary Jo Horn, Bettie Jo Sims, Mildred Fuller, Dorris Nell Fuller, and Lula Lee Teal.

Martha Jo Yearwood, Dorothy Rushing, Lenore and Guy Haverstock, Marjorie Kirk, Jane Clark, and Mary Wilson Hicks will be presented on a program about the last of March.

George Washington Subject Of Program At 1922 Club Meet

"Father of Our Country" was the topic of discussion for the 1922 Study Club meeting held Thursday in the home of Mrs. W. I. Cannaday. Mrs. R. E. Fry, president, presided over the business meeting.

Roll call was answered with quotations on Liberty. Mrs. J. H. Myers was leader of the program on which Mrs. Vernon Shaw gave an interesting talk on "George Washington, His Youth and Manhood." Mrs. Kimble prepared a paper on the subject, "Washington as a Husband and Father," which was read by Mrs. Angus as Mrs. Kimble was absent. Mrs. Fry wrote an interesting paper on "Washington as a General," which was read by Mrs. Mrs. J. V. Daniel. Mrs. E. F. Stovall talked on "Washington as President." The program was concluded with the group singing, "My Country 'Tis of Thee."

The next meeting of the club will be held March 3 at 3:30 with Mrs. Noel Troutman.

PASTORS HELPER'S CLASS ENJOY MONTHLY SOCIAL

Members of the Pastor's Helper's Sunday school class of the Methodist church met for their regular monthly social at the home of Mrs. G. R. May in an all day meeting Thursday of last week.

The devotional meeting was held during the morning followed by a covered dish luncheon at the noon hour. Needlework furnished recreation for the afternoon.

Members enjoying the day were Mrs. George Dickey, Mrs. O. B. Olson, Mrs. Will Snell, Mrs. Lillie Britton, Mrs. R. M. McCauley, Mrs. J. M. Wright, Mrs. J. S. Solomon, Mrs. Lula Shauwhar, Mrs. Tom Dean, Mrs. W. H. Alexander, Mrs. J. H. Green, Mrs. A. A. Beedy, Mrs. W. M. Colville and Mrs. Will Walker. Visitors at the meeting were Mrs. Jennie Bishop, Mrs. Paul Jacobsen, Mrs. Murette Dorsey, Mrs. John Edwards Smith and son, R. W.

Miss Bobbie Jackson went to Abernathy Sunday to visit this week with her parents, Mr. and Mrs. G. C. Jackson.

George Washington Party Given For Martha Girls Class

Attractive in detail was the monthly social for the Martha Girls Sunday school class given at the home of Mrs. J. E. Eldridge Tuesday evening at 7 o'clock. Mrs. Eldridge, Mrs. Lee Wilkinson, Mrs. Lorin Leibfried, Mrs. C. L. Travis and Miss Lillie Solomon were joint hostesses.

The George Washington motif with patriotic colors was stressed throughout. The lace covered dining table was very attractive with a cherry tree, with gum drop cherries as the center piece. The tree was surrounded with individual cherry pies and lighted tapers in red, white and blue in crystal holders cast a soft light over the lovely table.

Small silk American flags were used as place cards with miniature hatchets as plate favors at the small tables from which the buffet dinner was served. After dinner original and clever games pertaining to Washington's birthday were enjoyed and music also furnished entertainment.

Guests for the lovely occasion were Mrs. J. M. Willson, teacher of the class, Mrs. J. B. Bishop, Mrs. Robert McGuire, Mrs. D. F. Bredthauer, Mrs. A. D. Cummings, Mrs. Terrell Loran, Mrs. C. K. Arnold, Mrs. T. P. Collins, Mrs. W. Luther Fry, Mrs. Roy Snodgrass, Mrs. Deen Hill, Mrs. T. A. Rogers, Mrs. R. C. Wakefield, Mrs. Ralph Groves, Mrs. Dee Johnson, Mrs. Richard Stovall, Mrs. A. B. Keim, Mrs. G. L. Kirk, Mrs. H. M. Hufham, Misses Daltis Rea, Sude Miller and Mary McCarty. Rev. Eldridge and Mrs. Herwin Strickland were guests at the class meeting.

MISS KATHLEEN HODGE IS CHOSEN CHARTER MEMBER OF NATIONAL DRAMATIC SOCIETY

Miss Kathleen Hodge, daughter of Mr. and Mrs. T. S. Hodge of this city, has been chosen as one of the ten charter members of Alpha Psi Omega, National Dramatic Society at West Texas State College at Canyon, by Miss Mary Morgan Brown, head of the speech department, says a report from the dramatic club reporters.

The Greek name for the local chapter has not been chosen, but the group will continue to be known as the Panhandle players.

Miss Hodge is a last-semester senior, a member of Alpha Chi, and was on the college honor roll for the fall semester.

DEPARTMENT OF PRACTICAL HOME ECONOMICS COOKERY

DENTON, Feb. 14.—George Washington would probably gasp in astonishment if he could see the furor his birthday causes in the culinary world. Hatchet-shaped cookies, miniature cherry trees, colonial pastries and other imaginative works of art are running riot already in anticipation of parties of the week.

Washington Pie: (10 to 12 servings) For Angel Cake Rounds: Sift 1 cup flour and 1 cup sugar. Add 1/2 teaspoon salt to 1 cup cold egg whites (8 or 9 whites) and beat until foamy. Add 1/2 teaspoon cream of tartar and 1/2 teaspoon lemon extract. Continue beating until the egg white "peaks." Add flour-sugar mixture by sifting, adding about 3 tablespoons at a time. Fold in gently with spatula until well-mixed. Pour into three ungreased one-pound coffee cans. Bake in moderate oven (350 F.) for 40 to 45 minutes. Invert cans on cake rack to cool before removing cake. When cool, carefully take cake from cans by loosening sides with small spatula. Cut into round 1/2 to 1/4 inch thick. Spread top and sides with Cherry Cream: Fold 4 cups sweetened red pitted cherries (well-drained), 1 cup diced marshmallows, and 3 tablespoons sugar into 2 cups whipped cream. Chill cream well before using.

Cherry Cocktail: Drain sweetened red pitted cherries from juice and mix with unpared apple cubes of about the same size. For the cocktail sauce, use equal parts of cherry juice and apple juice. If more color is needed, use cinnamon drops to brighten the juice. Have all ingredients chilled. Pour juice over fruit in tall-stemmed glasses.

Cherry Roll: (shallow pan; 10 inches by 17 inches) Sift 1 1/2 cup flour, 1/2 teaspoon salt, 2 teaspoons baking powder, and 1 cup sugar. Add dry ingredients alternately with 1/2 cup hot water to 2 eggs, beaten until thick and lemon-colored. Beat batter until smooth. Spread in greased pan and bake in moderate oven (350 F.) for 15 to 18 minutes. Cut off crisp edges and turn out on warm towel. Spread quickly with cherry preserves, and roll. Wrap in towel and cool on rack. Sprinkle with powdered sugar and cut into slices about 1 inch thick to serve.

Washington Birthday Crisps: Cream 1/2 cup butter. Gradually beat in 1 cup sugar. Add the grated rind and juice of 1/2 lemon. Stir in 1 beaten egg. Add flour (2 to 2 1/2 cups) to make dough stiff enough to roll. Chill dough for at least 1 hour. Roll into thin sheet and brush lightly with white of egg. Cut with hatchet cutter. Decorate with bits of candied cherries and markings of melted chocolate. Sprinkle with granulated sugar. Bake to a delicate straw color in moderate oven (375 F.) for 10 to 12 minutes. If a cutter is not available, a pasteboard pattern may be used. Serve with tea, fruit cocktails or ices.

M. L. Reese, a former resident of this county, who has been making his home at Austin and Houston the past three years, returned to Floydada the first of the week.

Pla-Mor Club Played Thursday In Home Of Mr. And Mrs. Fry

Pla-Mor Bridge Club members played Thursday evening at the home of Mr. and Mrs. Luther Fry. Mrs. Jack Henry and J. I. Hammonds scored high in the games played.

A George Washington theme was emphasized in the table appointments and favors, which were small American flags.

Members were Mr. and Mrs. Homer Steen, Mr. and Mrs. Calvin Steen, Mr. and Mrs. Jack Henry, Mr. and Mrs. Richard Stovall, Mr. and Mrs. J. I. Hammonds and the host and hostess. Mr. and Mrs. Hammonds will entertain the club March 3 at 7:45.

MRS. DAILY HOSTESS TO SANS SOUCI BRIDGE CLUB

Mrs. Bill Daily was hostess to the Sans Souci Bridge club members and other guests at her home, 704 South Third street, Wednesday afternoon at 2 o'clock.

In the games of bridge played Mrs. R. C. Wakefield held high score.

Mrs. J. I. Hammonds, Mrs. Kirk and Mrs. Cecil Hagood played guest hands at the meeting. Members playing were Mrs. Wakefield, Mrs. A. E. Guthrie, Mrs. Polk Goen, Mrs. English and Mrs. Terrell Loran.

Tasty salad plates were passed the players at the conclusion. Mrs. English will be hostess to the club March 9 at 2 o'clock.

On The Garden Path

Do not overlook soils if you would grow satisfactory plants.

The best time to prepare beds and borders is in the Fall, after plants have been killed by frost. If you failed to do this, get to work at once. Winter rains do much toward settling beds and distributing fertilizers. For annuals and small perennials, dig beds 10 inches deep. Larger growing plants require a depth of at least two feet. Renew soils, if necessary. Otherwise, enrich with well decayed dairy loam, adding some medium coarsely ground bonemeal. If soils need sweetening give a sprinkling of air-slacked lime. Most plants prefer loamy to light sandy soil.

Pansies may be set out now, although they should be planted in the Fall. Nursery stock will likely be in flower now and should afford a profusion of bloom in March, April and May. Plant not closer than six inches apart each way. Rich, sandy loam—full sun. Don't fail to plant a few violets along with the pansies. These are closely related to both pansy and violet. They bear most striking colors. Give the same treatment as for pansies. Unlike pansies, however, they relish shade. They blossom well into the early Summer.

Watch for plant lice on sweet peas, as these insects like especially the new tender shoots that are appearing at this time. Spray aphid or plant lice with nicotine solution, using one ounce to three gallons of water. Apply twice weekly until the plants are free of this insect. When plants are two or three inches high, give some means of support. Water sweet peas only after the soil has become fairly dry several inches in depth.

House plants need plenty of sunshine in Winter and during the gray days of early Spring. Place them near a window. Constant, even moisture and fresh air are factors with most plants. Watch for insects. Bulbs planted formerly in pots and pans and buried out-of-doors beneath the soil may be lifted now and placed indoors, provided the pots are well filled with roots. Narcissus, hyacinth, tulips and other bulbs make good house plants and give indoor bloom.

If you failed to plant gladioli during January you may plant them now with good results. Plant bulbs six to eight inches apart and six inches deep. They will flower until Midsummer generally.

All plantings should be made as rapidly as possible now, that they may have advantage of the Spring rains. The earlier plantings have a longer growing season. However, with modern planting methods now in use by nurserymen one may secure good results when stock is set out at any time during the year. January and February are the best months for planting roses, trees, shrubbery, evergreen and hardy vines of all kinds.

Plan to grow lilies in your garden this year. Lilies in deep, rich soil. Any good garden soil, enriched with dairy loam, will do, but see to it that the bulb does not touch the loam. Set out hardy lilies eight inches deep. Japanese varieties may require a depth of 12 inches, as they root all along up the stem. Full sunlight may be given, but some shade keeps the color better and holds back quick maturity.

Dr. C. M. Thacker and his brother-in-law Pat Sullivan left Thursday morning for Denver, Colorado. They plan to return home Sunday.

MARDI GRAS MASQUERADE AT C. I. A. SATURDAY

DENTON, Feb. 19.—Active in the February social season at Texas State College for Women is Miss Leona Jameson of Dougherty, who will assist in preparations for the Mardi Gras masquerade to be held this Saturday. This affair replaces the All-College Valentine dance held in past years.

Prizes will be given for the cleverest costumes, and queens have been elected to reign over both dormitories where the dances will be held. Miss Jameson will give advice to underclassmen students and will assist in all activities of the evening. She is the daughter of Mr. and Mrs. J. B. Jameson.

Observe Texas Week Mayor's Proclamation Urges Floyd Citizens

Observance of the week beginning Monday, February 27 to March 5—Texas Week by citizens of Floydada, is urged this week in a proclamation issued by Mayor Glad Snodgrass. Commemoration of the birth of Texas liberty and the beginning of the Republic of Texas.

Among the specially suggested ways of observing the week the mayor gives the following:

Fly a Texas flag over every home, every business, industry, and public and private school; appropriate programs, tree plantings and dedication; patriotic pilgrimages to places of historical significance;

Quickening of interest in development of natural resources and harder work for improvement of roads and highways;

Set the week aside not as a holiday but as one in which better work and better living will be strived for; extol the cultural and spiritual values of the romantic traditions of our history, and dedicate ourselves to the lofty ideals of statesmanship, character and leadership exhibited in the lives of our forefathers; and put into practice the state motto "friendship."

**Study of Different Fruits Suggested
By Agent and Horticulturist
For Best Results Here**

In spite of the many hazards such as hail, insects, late freezes and frost, many people at this time of the year begin to think of planting orchards. These might do well to keep in mind these obstacles and possibly avoid some of them by selecting varieties which are adapted to this section of the state, said County Agent D. P. Bredthauer this week.

Fruit helps to balance out the diet for the family and our orchard and food specialists advise us that it requires a one-acre planting for a family of five persons to produce sufficient fruit for the home use. There are many homes who do not have the orchard but they do have the fruits for their diets which are purchased either dried or canned.

Through observation of the productivity of orchards in this county by Mr. Bredthauer and J. F. Besborough, Horticulturist Specialist, Extension Service of Texas, the following varieties are recommended:

Apples: Early Wheeler, Holston, Olden, Dr. Burton, Fairs Beauty, Elberta and Frank.

Pears: America and Pools Pride; Cherry, Plum, Opata and Sapa; Pears, Flemish Beauty and Bartlett Pears should only be planted on sandy soils.

Grapes: Beacon, Extra, Baily, Black Spanish, Edna. The Beacon and Edna should be planted together for pollenization.

Apricots: Cluster-Moorkpark should have both together for pollenization as variety is planted.

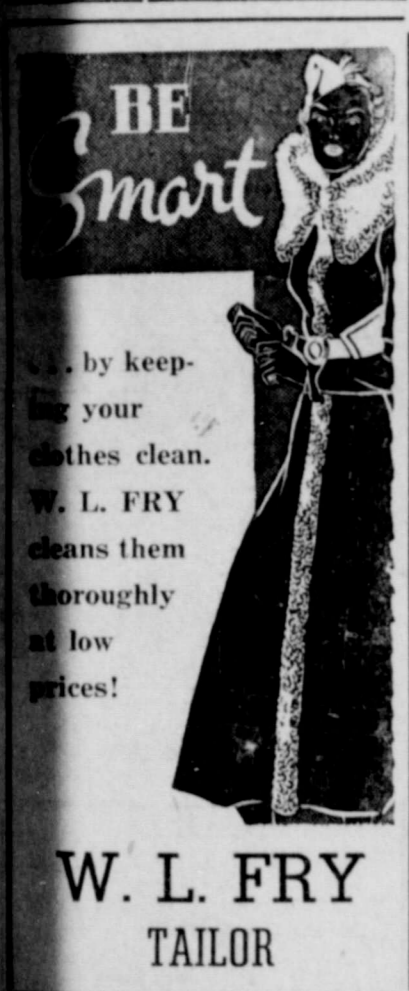

Plums: Golden Delicious, Jonathan and Missouri Pippin;

Cherries: Early Richmond and Montmorency;

Blackberries: Haupt and Early Wonder.

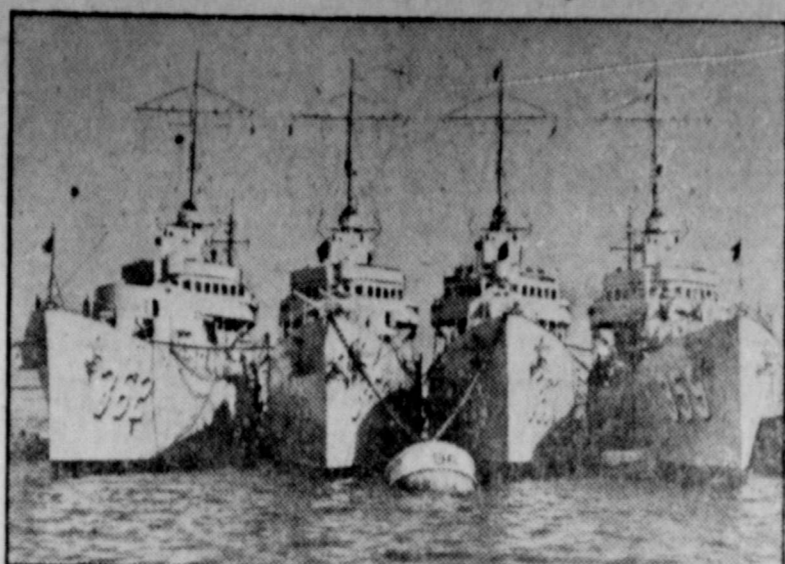

BORN—To Mr. and Mrs. Wayne H. Wood, Saturday, February 19, a son, named Alfred. Mrs. Gound is in a hospital at Plainview where they made their home before moving to Floydada last month.

Mighty formidable are these four new 1850-ton destroyers in Uncle Sam's Pacific fleet, lined up in the harbor at San Diego. And they are just as tough as they look. They carry eight five-inch guns in twin

turrets, have a top speed of better than 35 knots, and are the heaviest hitting craft of their type in the world. Left to right, the vessels are the Moffett, McDougal, Balch, and Winslow.

Harmony News

Sunday School was held in the school due to the fact that the church had not been completed because of the rain and snow.

The meeting will begin tonight. A birthday party was held at the school house Friday night for all of those that had birthdays falling in February. Those honored were W. C. Clubb, Mrs. R. B. Gary, G. L. Snodgrass, Evelyn Williams, Wesley Carr, Mona Blackmon, and Jack Kemp. Games were played and refreshments of cocoa and cake were served.

Mrs. Wesley Carr returned home from San Antonio where she attended graduation exercises of her brother, J. C. Bailey. He is now stationed at Randolph Field, West Point of the Air. He is to be transferred later to New Orleans.

Mr. and Mrs. Chloma Williams had Sunday dinner with Mr. and Mrs. Sherwood Ramsey.

Mr. and Mrs. Bob Smith visited Mrs. Kemp Sunday.

W. W. Hennessee visited in Littlefield Sunday.

Mr. and Mrs. G. L. Snodgrass and Mr. and Mrs. Everett Miller went to Amarillo Saturday to see Mrs. Hollis Rabb, niece of Mr. Snodgrass, who was reported seriously ill. When they arrived she had passed away.

They returned to Amarillo Monday to attend the funeral services.

Those visiting in the Chloma Williams home Sunday afternoon were Carrick Snodgrass, Mr. and Mrs. Everett Miller, Mr. and Mrs. L. A. Williams, Raymond Williams, Mr. and Mrs. M. Carr.

Everett Miller and C. O. Spence made a business trip to Plainview Monday.

Mr. and Mrs. Bernard Harris attended a birthday dinner in honor of Mrs. Harris' mother Sunday.

Raymond Williams, Everett Miller, Wesley and Horace Carr made a business trip to Lubbock Wednesday.

Because of the bad weather there were no Sunday School and church services at either church Sunday.

Local News

The farmers in this community are rejoicing over the amount of moisture and the good season we have here.

Mrs. Beard, who underwent an operation in the Plainview hospital last week is reported doing nicely at this writing and will soon be able to be brought home.

Mr. and Mrs. Tom Fortenberry are having to make trips to an Amarillo clinic for treatment.

School News

There has been several absentees in school the past few days because of bad weather and bad roads. The pupils who have been in attendance have enjoyed games of table tennis.

The basketball boys with the help of the girls are working on a play to be given at an early date.

The name of the play is "Lookout Lizzie." The money made at the play is to be used to buy sweaters for the boys.

The box supper which was to have been last week was postponed until Friday night, February 25.

The junior baseball teams both boys and girls are expecting to play the South Plains team here Thursday or Friday if the weather permits.

Measuring A Man's Worth
Golden Text:—How much then is a man better than a sheep? Matt. 12:12.

Lesson Text: Mark 5:1-17.

And they came over unto the other side of the sea, into the country of the Gadarenes.

2 And when he was come out of the ship, immediately there met him out of the tombs a man with an unclean spirit.

3 Who had his dwelling among the tombs; and no man could bind him, no, not with chains:

4 Because that he had been often bound with fetters and chains, and the chains had been plucked asunder by him, and the fetters broken in pieces: neither could any man tame him.

5 And always, night and day, he was in the mountains, and in the tombs, crying, and cutting himself with stones.

6 But when he saw Jesus afar off, he ran and worshiped him,

7 And cried with a loud voice, and said, What have I to do with thee, Jesus, thou Son of the most high God? I adjure thee by God, that thou torment me not.

8 (For he said unto him, Come out of the man, thou unclean spirit.)

9 And he asked him, What is thy name? And he answered, saying, My name is Legion: for we are many.

10 And he besought him much that he would not send them away out of the country.

11 Now there was there, nigh unto the mountains, a great herd of swine feeding.

12 And all the devils besought him, saying, Send us into the swine, that we may enter into them.

13 And forthwith Jesus gave them leave. And the unclean spirits went out, and entered into the swine: and the herd ran violently down a steep place into the sea, (they were about two thousand,) and were choked in the sea.

14 And they that fed the swine fled, and told it in the city, and in the country. And they went out to see what it was that was done.

15 And they came to Jesus, and saw him that was possessed with the devil, and had the legion sitting, and clothed, and in his right mind: and they were afraid.

16 And they that saw it told them how it befell to him that was possessed with the devil, and also concerning the swine.

17 And they began to pray him to depart out of their coasts.

Time and Place—Autumn of A. D. 28, perhaps two months after the Sermon on the Mount. It was just after crossing the Sea of Galilee, from Capernaum to the southwestern shore of the country of the Gadarenes, that Jesus healed the

One of the strangest stories in the entire Bible is contained in our lesson this week. It raises the question: What is the measure of a man's worth? And, more specifically, what is the value of another man's happiness to us?

We are told that when Jesus came to the other side of the Sea of Galilee in the country of the Garasenes or Gadarenes, and when He had come out of the boat, He was met by a man "with an unclean spirit," or as we should say today, an insane man, who had his dwellings in the tombs. We have the description of a poor demented fellow whose insanity moved him to such violence that bonds and fetters failed to hold him. Always, night and day, he was crying out in the tombs, and cutting himself with stones.

With that strange insight or perversity that sometimes affects the insane in our own time, he cried out against Jesus, calling Him the Son of the Most High God, but adjuring Him not to torment him.

Jesus commanded the unclean spirit to come out of him. There are strange and superstitious incidents of the story that it is difficult to understand or fit in with the scientific conceptions of insanity today. We have the picture of the man he would send them away out of the country, and of their entering into a great herd of swine feeding on

ately ran down a steep place into the sea, and were drowned.

It is frankly difficult to understand this or to derive any particular teaching for it in modern terms. There is, of course, the reflection that these Gadarenes who were raising the hogs would not, according to their own religious ideas, eat the flesh of these pigs themselves, but were raising them to sell to the Gentiles.

The real point, however, is that those who lost their swine were so much stirred up over their loss that they immediately asked Jesus to leave their community. They valued their swine far more than seeing a fellow mortal, who had been the victim of terrible insanity, now sane and clothed in his right mind.

There is where the real question comes in concerning the worth of a man. The topic for young people and adults in this lesson is "Putting People Before Profit." It is a significant and vital topic for our modern world. If we could really put people before profit, what improvements in society would be possible!

One would not suggest that the profit motive is always wrong, but when the profit motive is weighed against injustice and harm to human life, or when it is sufficient to prevent proper provisions for protecting and improving human life, then the profit motive is inhuman.

Very real question, this: How much better is a man than a sheep? or how much greater is the health and sanity of a human being than a community answer the question, in effect if not in profession, as did these Gadarenes.

Beware Coughs from common colds That Hang On

No matter how many medicines
you have tried for your cough, chest
cold, or bronchial irritation, you can
get relief now with Creomulsion.
Serious trouble may be brewing and
you cannot afford to take a chance
with any remedy less potent than
Creomulsion, which goes right to
the seat of the trouble and aids na-
ture to soothe and heal the inflamed
mucous membranes and to loosen
and expel the germ-laden phlegm.
Even if other remedies have failed,
don't be discouraged, try Creomul-
sion. Your druggist is authorized to
refund your money if you are not
thoroughly satisfied with the bene-
fits obtained from the very first
bottle. Creomulsion is one word—not
two, and it has no hyphen in it.
Ask for it plainly, see that the name
on the bottle is Creomulsion, and
you'll get the genuine product and
the relief you want. (Adv.)

Insurance Corporation. This corporation will offer crop insurance to wheat farmers, beginning with the 1939 crop. Farmers who store wheat under marketing quotas may use some of this wheat to pay premiums on crop insurance. Under the crop insurance plan, farmers can pay premiums in wheat and receive loss payment in wheat.

Marketing quotas are provided in years when the total supplies of wheat exceed approximately 900 million bushels. Marketing quotas when approved by a two-thirds majority of farmers in a referendum, will apply to all commercial wheat growers. Farmers who produce less than 100 bushels of wheat are exempt from the quotas. When there are marketing quotas, each farmer will be asked to hold a part of his crop off the market in order to keep prices from being demoralized. Quotas will not be effective in 1938 unless funds are provided by Congress for parity payments on wheat in 1938.

sold in excess of the actual or normal production of the allotted acres will be subject to the 3-cent penalty. The penalty does not apply to cotton on farms where the total production is less than the 1,000 lint pounds.

Furthermore, if a farmer overplants he will lose his 1938 Agricultural Conservation Program payment and the Cotton Price Adjustment payment to which he might

be entitled on his 1937 cotton, and will be eligible for a cotton loan on only that part of his cotton produced in excess of his quota and at a rate 40 percent lower than the loan rate provided for cooperators.

For cooperators, cotton loans are authorized at a rate to be fixed by the Secretary of Agriculture between 52 and 75 percent of parity. The parity price of cotton at present is approximately 36 cents.

The provisions of the Act do not apply to long staple cotton, 1 1/2 inches or longer.

The Act extends the maturity date of the 1937 cotton loans from July 1, 1938, to July 1, 1939.
