## Plains, Warm Days; Wheat Grows Tall

### Joint Heads Form As Amazed Farmers See Crop Run Away

### More Rains Fall Wonderful Prospect But Freeze Danger With Easter 37 Days Away

run-away is being staged by Floyd County wheat crop. While amazed farmers look on the at in hundreds of fields is joint-head forming heads, the weather is warm and spring-like, rains and the wheat gets ranker and greener.

Meanwhile a look at the calendar shows the story of the seasons. It is 37 days until Easter. How many freezes and how severe will be in the period? That is the question.

run-away wheat crop it is nothing like it in the present decade, possibly never before. A warm day and February when wheat grows somewhat more than normally in rains and warm snows that speed the crop along, possibly cheerfully. And then this week it rains again. And following it warm weather. Wednesday afternoon the temperature stood at 58 for a high, and for wheat growth.

### Good Rains Reported

Tuesday rain fell in generous proportions in the county. The south-east corner reports the highest fall, a quarter to a half in the area around and below Dougherty, an inch and a half around Baker, 55 Floydada and Erick, and three-quarters to an inch and a half in the rest of the southern portion of the county.

From Floydada to Silvertown the rain was about the same, with possibly a heavier fall at South Plains. The reports and on toward the west the figures are about the same. Lee Rushing at Fairview estimated the rain at 1 inch at his place, Claud Fawcett at Baker said an inch and a half, George Stiles said three-quarters of an inch at his place, John Holmes at Erick (See Weather, back page)

## Papers' Or License Number Will Speed Up Service To Car Owner

Owners of automobiles, trucks and other motor vehicles who are required by law to register them for license plates with the county tax collector, can "save a world of grief," if they will bring with them their last year's registration receipts. If, lacking this receipt, will bring with them their plate numbers.

"Our time belongs to the public, a matter of course," it was said by the collector's office. "But the automobile owner can get his car registered and the business over with in one-third of the time it will otherwise take if he will bring his papers with him or even his license plate numbers."

April 1 is the dead line for issuance of automobile registration receipts. After that date automobiles that have been driven will bear a penalty. Meanwhile, an owner can buy his plates any time now, and put them on his car if he wants to do so. Advance purchase of plates will avoid the rush of the last few days of the month, it was pointed out.

## No Announcement Ready on Tenant Farm Buying Loans

Although first selection of farmers who are to have an opportunity to buy farm homes under the Bankhead-Jones Farm Tenancy Act, have been tentatively selected, there was no official announcement relative to the matter this week from Claude C. Carpenter, county RR supervisor, who is ex officio clerk of the local committee.

"Findings of the local committee, when and if made and reported to the regional office, are to be reviewed there," Mr. Carpenter said.

The report locally is that four farmers have been chosen and first, second and third choice farm purchases recommended for them, subject to inspection.

More than 150 farmers applied for the farm purchase loans in the county. Two other counties in the state in which farm purchase loans are to be made this year are Randall and Wheeler.

## Tech Cornerstone Laying; Mother-In-Law Day Draw Many Floyd County People

### Mrs. Franklin D. Roosevelt Main Attraction At Two Big Events

The people of the South Plains, the Panhandle, and of the Southwest as well as in Floyd County had their chance to see the President's wife in person on Tuesday at Texas Technological College's dedication of a new library building and then Wednesday at Amarillo's nationally recognized Mother-in-law Day.

Weather conditions prevented a goodly number from attempting the trip to Lubbock and Texas Tech but many braved the weather and witness to see the first lady and hear her speak at the high school auditorium Tuesday night.

The Masonic Lodge had charge of the dedication ceremonies. Grand Lodge officials present were Lee Lockwood of Waco, state deputy grand master; Leo Hart of Gilmer, grand senior warden, Sam B. Canney, Jr., of Fort Worth, grand junior warden, and Jim Martin of Stamford, grand marshal. Other masons from this area were present for the ceremony.

### Amarillo Draws

Floydada assumed a semi-deserted appearance Wednesday as city officials, merchants, and citizens left early in the morning for the widely publicized Mother-in-Law's Day, which for the first time gained national recognition, by having Mrs. Roosevelt as the guest of honor and the first Mother-in-law.

With five state governors, as well as Mrs. Roosevelt, many state officials, and the "largest float in the world" few could resist making the run to Amarillo to view the parade and see the first lady.

### Home Ec Teacher With Class Of Boys To Tell About It At Big Spring

One of the interesting reports of high school teaching of an unusual type will be made by Fannie Rees, teacher of Home Economics in Floydada High School, who will give teachers of Division 4, West Texas Teachers Association, her experience in teaching a class of 26 boys such subjects as foods, manners and clothing.

Her talk will be made in the division of Home Making education tomorrow afternoon in Big Spring, under the general study of how County Demonstration, Farm Security, and Vocational Agriculture studies may be correlated.

### Four Persons Narrowly Escape Serious Injury In Car Crash Saturday

Zach Armstrong and his son, J. W., of Mt. Blanco and J. C. Clower and D. R. Garrison of Eunice, N. M. barely escaped serious injury Saturday night when their cars crashed rear Latta's filling station on the Matador highway.

Armstrong suffered a cut kneecap and his son received a broken jaw bone. The New Mexico man escaped with minor cuts and bruises.

According to witnesses the Armstrong automobile was pulling away from Latta's filling station and turning into the highway when it struck the right side of the automobile driven by Garrison which was coming west down the road.

### Wheat Hail Policy Here Believed First In Texas

While there is no proof of the fact, it appears probable that a policy of insurance against hail on a wheat crop in Floyd County is the first written in Texas. Leastwise, it is the first in a general agency that handles the hail business of a score of companies.

The policy, written by John H. Reagan for Jas. A. Massa, of Starkey, was dated on February 23.

### MAYOR SNODGRASS LEAVES FOR MEMPHIS, TENNESSEE

Mayor Glad Snodgrass attended the Mother-in-law Day celebration at Amarillo Wednesday and left there for Memphis, Tenn. on a business trip.

### Marriage License

Marriage license have been issued by County Clerk A. B. Clark to Frank Perkins and Mrs. Mabel T. Patterson, March 3.

## Mr. Shurbet Sees His First Screen Show At Palace

J. H. Shurbet, long prominent in business and farming in Floyd County this week attended the first picture show he ever attended in his life. It was Monday night when he attended Palace Theatre in company with his daughter, Mrs. E. R. Harris.

It was a sort of a swap at that. He was anxious for his daughter, who lives at Pleasant Valley, to spend the night with him. Mrs. Harris finally agreed but set the terms. Mr. Shurbet would have to take her to the picture show. "I just never had got around going to see a picture," Mr. Shurbet explained, a long habit having been formed of rising early and going to bed early. The picture he saw was "Of Human Hearts," a fascinating drama of pioneer life in Ohio.

## Miss Rees to Tell Of Experiments In Home-Making Class

### Home Ec Teacher With Class Of Boys To Tell About It At Big Spring

One of the interesting reports of high school teaching of an unusual type will be made by Fannie Rees, teacher of Home Economics in Floydada High School, who will give teachers of Division 4, West Texas Teachers Association, her experience in teaching a class of 26 boys such subjects as foods, manners and clothing.

### George P. Rhodes Rites Held Sunday Afternoon At Church Of Christ

Funeral services were held Sunday afternoon at the Wall Street Church of Christ for George P. Rhodes, Floyd County resident from 1915 to 1933. The Rev. Earl Cantwell of Rock Creek conducted the services.

Mr. Rhodes was born in Lincoln, North Carolina, Nov. 16, 1888. He later moved to Pannin County and came from there to Floyd County in 1915. He lived here until 1933 when he moved to Liano where he lived until his death March 4.

### PROBASCO'S ENTERTAIN RELATIVES FROM MICHIGAN

Mr. and Mrs. Ben Probasco from Sunfield Michigan, left Tuesday after a week's visit here with relatives, Ted, Zell, and Frank Probasco, and their families.

### AUTOMOBILE REGISTRATIONS SHOW INCREASE FOR WEEK

Automobile registrations for Floyd County continued at increased pace this week.

This weeks totals show 146 passenger car registrations, 24 farm car or truck license issued and five commercial tags for the county. This represents an increase of 89 passenger, 15 farm, and 4 commercial registrations over the last week's total.

### SECOND SUNDAY SINGING

The second Sunday singing at the Missionary Baptist Church on West Houston Street will be held next Sunday afternoon at 2 o'clock, beginning promptly, it was announced this week.

Earl Rainer, one of the number who are interested in the event, said there would be plenty of new books and new songs to learn, and made the invitation to attend general.

## Kirk Chosen C of C Head In Floydada

### Membership Balloting Adds Seven New Names to Director's List

### Oden V-Pres. Plans For Annual Banquet Still Indefinite, R. W. Cothern Announces

G. L. Kirk is the new head of Floydada Chamber of Commerce, succeeding O. M. Watson, and seven new names appear on the list of directors of the organization, it was announced, following balloting among the members, by R. W. Cothern, secretary of the organization.

With him will serve Conner Oden as vice-president, E. L. Norman, Clement McDonald, R. E. Fry, J. B. Claiborne and Wallace King, city, are new names appearing on the list, and the growing importance of agriculture and live stock raising was recognized by the addition of two new names from over the county to the board of directors. They are Walter Wood of South Plains, and Henry Bloodworth of Dougherty. Re-elected on the board as representatives of county interest were G. C. Collins of Sand Hill and A. M. Battey, of Lakeview.

Members of the board of directors re-elected include Walton Hale, Lon M. Davis, W. Edd Brown, T. P. Collins, J. C. Wester, Homer Steen, J. G. Deakins, Marvin English, R. C. Wakefield, W. U. White, and M. H. Martin.

Date for the first meeting of the new board, when an executive committee will be chosen, had not been set yesterday.

Accomplishments of the past twelve months are to be reviewed and aims for the succeeding year are to be studied at the first possible meeting of the board of directors, and also at the annual meeting, date for which is now indefinite due to illness.

## Drilling Operations Slow On Blanco Test

Montgomery No. 1, Floydada's oil hope, remained at a near standstill as drilling operations have been halted over the latter part of last week.

Members of the crew and drillers laid off Thursday and Friday of last week. On Friday a new "whipstock" was set. The instrument is used in offset drilling operations.

According to reports Tuesday the well was bottomed at 2,110 feet. Careful operations were being made to begin drilling around the old stem which has been concreted in.

Since the well is of the offset type since the stem has been broken off a great deal of care must be used to keep the bit in the correct direction figured, this necessarily slows down drilling.

### CANDIDATES AT LAKEVIEW TONIGHT FOR THIRD VISIT OF CAMPAIGN TO SCHOOLS

Candidates speaking tonight at Lakeview will be the third visit of Floyd County candidates to a school community where pie suppers and other types of sales and entertainment are held.

Thursday night the candidates all journeyed to Pleasant Hill and Friday night to Cedar. At both places the crowds responded well to the auctioneer. Whitey Dandy was auctioneer at Pleasant Hill and J. C. Ginn at Cedar.

### AUNT OF BRUCE FROGGE DIES AT SLATON MONDAY MORNING

Mr. and Mrs. Bruce Frogge attended the funeral services for Mrs. Mary Ellen Wright, aunt of Mr. Frogge, Tuesday afternoon at Plainview in the Wood Funeral Home by Rev. J. Pat Horton.

Mrs. Wright had lived in Plainview for the past 30 years, moving to Slaton some nine months ago to live with a daughter, Mrs. G. G. Thompson.

Burial was in the I. O. O. F. Cemetery beside the body of her husband who died ten years ago.

## Fate Of Cotton Marketing Quotas To Be Decided By Farmers Of Nation

### Effects of Quotas Explained By AAA To Cotton Raiser

### Cotton Producer Asked To Study Outline Listed Below

### Cotton Situation Penalties of Overplanting Explained By Dept. Of Agriculture

The present situation of the farming industry has been tossed around and discussed pro and con until the average farmer is not certain just what the new marketing quota vote may really decide.

The AAA and the Department of Agriculture have issued many thousands of circulars in an effort to give exact information in outline form to the cotton producer before he goes to the boxes to cast his vote.

The AAA is not trying to cast darkness over the voting angles in an effort to fool the voter and pass the bill actually the facts are being presented in an effort to enlighten the farmer so that he can cast his ballot intelligently and to the best interests of the entire nation.

The following facts are given to the cotton producer to be remembered as he casts his vote on the marketing quota:

- #### The Cotton Situation
1. The 1937-38 world supply of all cotton was 56,600,000 bales, the largest on record.
  2. The 1937 American cotton crop was 18,700,000 bales, the largest on record.
  3. This year's supply of American cotton, which is almost 35 percent above normal, has been exceeded only twice in history.
  4. The carry-over of American cotton on next August 1 is expected to be the second largest on record.
  5. A 1938 cotton crop, even 4,000,000 bales less than the 1937 crop, would result in the greatest supply of American cotton on record.

### How Cotton Marketing Quotas Would Operate

1. Each cotton farm would have a cotton-acreage allotment.
2. Marketing quotas in 1938 would neither increase nor decrease (See Farm Quotas, back page)

### WITNESSES FROM FLOYDADA IN CORPUS CHRISTI CASE

Four cotton men, a banker and a railroad man of Floydada are in Corpus Christi this week where they were summoned as witnesses in a suit in court there, growing out of purchases in the 1935 season of cotton at this point by Phil Williams.

A cotton factor at Corpus Christi is suing Williams, and the local witnesses being used are Lon M. Davis, J. E. Newton of Dougherty, J. W. Lanier, V. Williams and J. V. Daniel.

In the absence of Mr. Williams, Jack Knox of Littlefield, is acting agent for the Santa Fe Railway Company here.

### DR. N. C. PURCELL MOVED OFFICE TO HOLMES STUDIO

Dr. N. C. Purcell, chiropractor, last week moved into new office space located at Holmes Studio on South Main Street. The move was made in order to give more convenience to patients, Dr. Purcell explained.

Dr. Purcell formerly had his office at his home on the Silvertown highway.

### MRS. JIM HOUSTON IMPROVING IN SAN ANTONIO HOSPITAL

Mrs. Jim Houston, who was operated on last Tuesday in a San Antonio hospital is reported much improved according to a report from Mr. Houston this midweek.

Mr. and Mrs. W. W. Pierce and son, J. W., who have been making their home at Longview for the past several months, have returned to Floydada to make their home.

Mr. and Mrs. J. W. Talley and daughter, Wilda Marie, of Chico, spent Tuesday night with Mrs. Talley's parents, Mr. and Mrs. W. H. Finley.

### Kidnap Victim

Hope for the safe return of Peter Levine, above, kidnaped 12-year-old son of Murray Levine, prosperous New Rochelle, N. Y., lawyer dimmed as efforts of the father to negotiate with the abductors proved unsuccessful. Mr. Levine had asked federal and local authorities not to interfere as he tried to meet with the kidnapers.

## Bredthauer Asks Immediate Action On 37' Work Sheet

### Work Sheets To Be Used As Basis For Future Goals

Work sheets have become a "must" item at the county agent's office it was revealed this week when word was received from the state administrative office of the Texas AAA that "Work sheets must be secured immediately, covering all farms not covered by the 1937 work sheet".

No definite information had been received concerning the 1938 agriculture conservation program but it is understood that work sheets would be used as a basis to establish goals for whatever program that may be set up.

Cotton base production figures on the work sheets will be used as a basis for making payments under the 1937 cotton price adjustment program, it was learned however.

County Agent, D. F. Bredthauer explained, "If you are contemplating executing a work sheet for 1938 and if you did not make a work sheet in 1937, it will be required now that you make a 1937 sheet so your goal for 1938 may be established."

The county agent explained that the office would like to finish this requirement before beginning work on the 1938 program. "For those producers to whom this new ruling applies, it will help matters a great deal if they will come to my office at their earliest possible moment and make their sheet" Bredthauer said.

### ROY LATHAM HOME FROM HOSPITAL MONDAY, IMPROVED

Roy, the 16 year old son of Mr. and Mrs. M. E. Latham, was able to be brought home from a Plainview hospital, Monday of this week after a serious illness of the past two weeks.

He is improving satisfactory from an acute attack of Bright's Disease which is thought to be caused from an infected throat.

### MRS. L. L. JONES HOME AFTER MAJOR OPERATION

Mrs. L. L. Jones, who underwent a major operation in a Lubbock hospital March 3, was able to be brought home Monday. "She is improving nicely," her husband said Tuesday.

## No News Good News Of California Kin Floyd People Hope

Although very much inclined to consider no news as good news, considering the disrupted communications systems in southern California, several Floyd County families yesterday afternoon were beginning to get anxious to hear from their relatives resident in the southern California flood area where much damage was done and 160 lives lost last week.

Inquiries around, but not a thorough check, by reporters of The Hesperian, indicated that few had written or wired relatives here. More than 300 former residents of Floyd County are now living in the vicinity of Los Angeles.

Of those who got in touch with relatives here Mrs. Louise Smith advised her father, W. A. Gound, she and her family had lost all their effects in the flood. Mrs. Smith lives at Anaheim.

PERPLEXED COUNTY AGENTS

The questions the farmers want answered right now and answered right are the questions the county agents and county committees can hardly answer.

Accordingly they want to know how much of what they can plant and that's the question they are asking.

The county agent and no one else can tell now. The Farm Act is full of technicalities and the correct answer this week may not be the correct answer thirty days from now.

A THOUSAND DUCK

One of the best breeding places in the world for ducks when seasons are right is in the high plains country of Texas.

Certain species of these birds have been found not to migrate from the section where they are born. They will live and die in an area of fifteen to forty counties.

Not every lake has duck on it. In fact, the best looking lakes do not seem to be as popular with the fowl as some little lake around.

CANCELS HIS ORDER

Bert Battey, who seems to be tops among moderate to small wheat producers in the county, thinks we'll have some wheat this year.

Bert's "bottle orders" are a pretty good barometer of how he feels about the crop outlook.

SAFETY HINT OF THE DAY

If front wheel leaves the road surface, do not jerk car back instantly. This caused many deaths in 1937.

ONLOOKERS IN THE WAY

Danger to both property and person is attendant on the increasing carelessness of the public (of Floydada) enroute to and at fires.

There is a thrill about the sounding of the fire siren and the first impulse is to make a sort of a half-hour frolic out of beating the firement to the fire and getting into the middle of things after one gets there.

It is to be hoped the mayor and the fire chief and the marshal mean their warning, and that crowding the firemen and otherwise violating the rules of common sense as well as the statutes made and provided in such cases, can be stopped before some one is gravely injured.

MARKET "BASE" WEAK

While the wheat crop in Floyd and neighboring counties is flourishing the students of the market are bothered about what the price may be when it comes time to harvest.

Why I have seen the spring. She has called and waded to me. Her skirt was brown autumn leaves.

Why the wheat market has no "bottom" on which to stand and why a few thousand bushels offered for sale will find few or no takers at the quoted prices, a rather unusual thing, is what has the talent guessing.

HOW LATE THE FREEZE?

How late will be the last freeze this spring and how big the wheat when it gets here now seems to be an interesting topic.

As we now have it in mind the March, 1933, freeze caught Floyd County wheat and lots of it knee-high, and did very little damage.

WATCH THE DEADLINE

If you have reason to believe that you are due a report on your income last year to the internal revenue department, remember the deadline for the report to be in the office of the collector is March 15.

A favorite excuse of incompetents is, "I can't do all this with only two hands." They certainly tell the truth—the head is lacking.

We all make mistakes of course; but we don't have to respond to encores.

WASHINGTON LETTER BY SPECIAL CORRESPONDENT

WASHINGTON. — Naval officers have no ready answer for the question raised by Congressman Maury Maverick of Texas about the relative merits of battleships and airplanes for defense.

Secret reports and surveys made by the army and navy prove nothing conclusively in this respect. It is established that anti-aircraft guns mounted on ships can hit a plane now almost as easily as a flying gunner can hit a ship.

Ships, Planes and 100,000 Sailors Represent Only a Part of U. S. Navy

THE U. S. Navy has an enlisted personnel of 102,500 men and operates a fleet of 535 vessels, as well as 112 airplanes—but that is only the beginning.

The navy is a huge enterprise the size and ramifications of which few Americans realize. Its hand reaches far up the Yangtze river in China, into land-bound Wyoming, to the edge of the frigid Aleutian archipelago, to the South Pacific island of Guam.

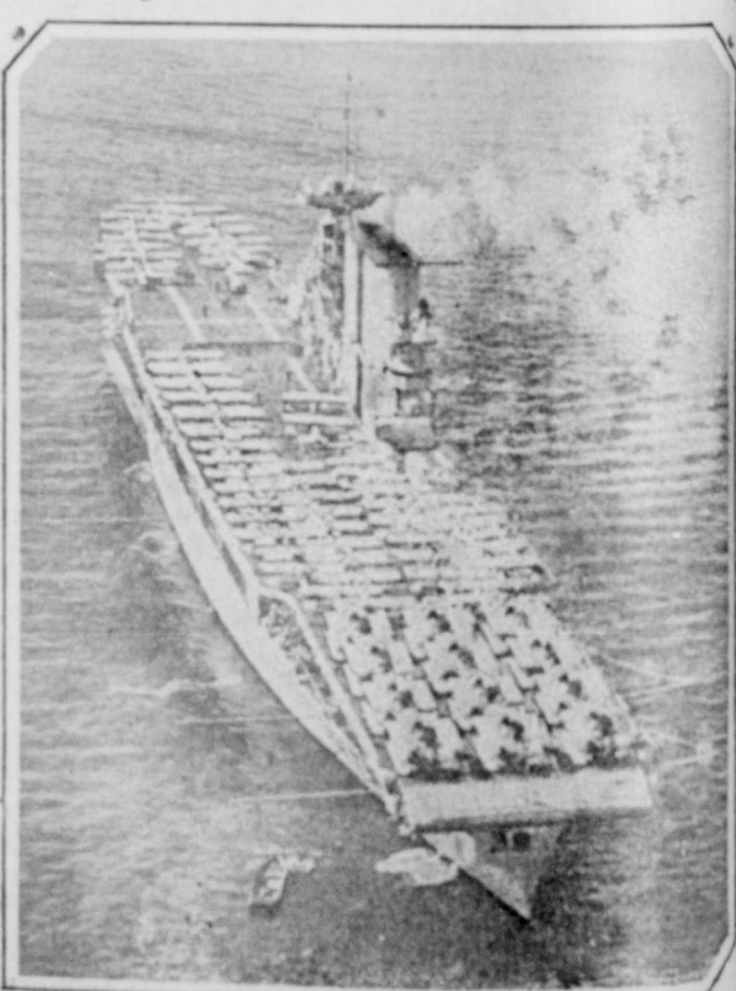

There the Secretary of the Navy, the direct civilian representative of the President as commander-in-chief, sits as head of a great machine that, in addition to providing for men and ships, also operates 11 navy yards, 48 hospitals, 59 radio stations, 24 drydocks and its own weather bureau, a machine that spends more than \$500,000,000 a year and acts as a strong arm of American foreign policy.

This vast establishment, with its 2200 civilian workers in Washington and 68,000 more in the field, has one central aim: to maintain the U. S. fleet at sea at maximum efficiency.

ISSUE OF MARCH 13, 1924

Almost a week of lower temperature reaching as low as 18 degrees Friday night and Saturday morning, was followed yesterday by a slight fall of snow and rain, and last night by snow which covered the ground about three inches.

The Hale, Floyd, Motley and Briscoe four-county medical society will meet in Floydada the next regular meeting, the second Tuesday in April, it was voted at the meeting held in Plainview Tuesday night.

Floydada is shipping a car of poultry a week now, dealers having a standing order with the railway company. The car billed out Saturday was routed for Los Angeles.

# Questions And Answers On AAA of 1938 Listed As It Applies To Cotton

## Farmers Vote Saturday On Cotton Marketing Quotas For Nation

Farmers Asked To Study The Questions And Answers Carefully By AAA

With the farmers voting on the all important cotton marketing quotas for 1938 at the polls Saturday the following list of questions and answers have been compiled to assist the farmers in understanding the Agricultural Adjustment Act of 1938 as it applies to cotton.

It is believed that the questions and answers will give complete general information to the farmers who do not as yet understand the mechanics of the new bill and what it stands for.

**General Features of Act**  
 1. Q. What is the Agricultural Adjustment Act of 1938?  
 A. An act of Congress, approved by the President February 16, 1938 which, among other things, continues, amends, and strengthens the Conservation and Domestic Allotment Act and provides authority for the control of burdensome surpluses in five major commodities.  
 2. Q. What are the five commodities?  
 A. Cotton, tobacco, rice, corn, and wheat.  
 3. Q. How does the act provide

control of these crop surpluses?  
 A. After supplies reach certain levels, marketing of the crops is regulated through the imposition of quotas.  
 4. Q. Who will put the quotas into effect?  
 A. The act puts them into effect but they are subject to rejection by referendum vote of producers.  
 5. Q. How will this control surpluses?  
 A. By providing penalties on sales in excess of quotas.

**Marketing Quotas for Cotton**  
 6. Q. When will cotton-marketing quotas be put into effect?  
 A. Whenever the supply of cotton exceeds the normal supply by more than 7 percent, unless quotas are opposed by more than one-third of the producers. Quotas will be effective in 1938, unless disapproved by more than one-third of the cotton producers voting in the referendum to be held on March 12.  
 7. Q. What is a "normal supply" for 1938?  
 A. Approximately 18,200,000 bales. Normal supply is defined in the act as a normal year's domestic consumption and exports, plus 40 percent as an allowance for a normal carryover.

8. Q. What is the present supply of American cotton?  
 A. Almost 25,000,000 bales, resulting largely from the record crop of 18,700,000 bales in 1937.  
 9. Q. If marketing quotas are ap-

## Hoover Returns

More than 20 years after he headed the war-time commission for Relief in Belgium, former President Herbert Clark Hoover is re-visiting a different and far brighter Belgium. The photo at left shows Hoover when he was smiling through the war clouds, and, at right, smiling as he prepared to sail for Belgium—on a vacation this time.

proved, what steps will be taken to put them into effect on individual farms?

A. The national cotton allotment proclaimed by the Secretary of Agriculture in terms of bales will be allocated to the States, in terms of the acres which, with average yields, would produce the national allotment, and the acreage allocated to the States will be apportioned to the counties or administrative areas in the States and ultimately to farms.  
 10. Q. What is the total acreage which will be allotted to States, counties, and farms in 1938?  
 A. Approximately 26,300,000 acres.

11. Q. On the basis of average yields, how much cotton is expected to be produced on this number of acres?  
 A. Between 10,500,000 and 11,500,000 bales.

12. Q. How do cotton marketing quotas under the Adjustment Act of 1938 differ from the quotas under the Bankhead Act?  
 A. Under the Bankhead Act each cotton producer received a poundage allotment and paid a tax on all cotton ginned in excess of that allotment. Under the Adjustment Act of 1938, each cotton farm will receive an acreage allotment, and all cotton produced on the acreage allotment may be sold without any penalty.

13. Q. Will marketing quotas apply to all cotton?  
 A. Yes; except that they will not apply to cotton with a staple of 1 1/2 inches or longer.  
**Referendum**  
 14. Q. When will farmers vote on 1938 cotton quotas?  
 A. On March 12, 1938.  
 15. Q. Who will be eligible to vote?  
 A. All farmers who produced cotton in 1937.  
 16. Q. Who will be in charge of the voting?  
 A. The county committees. They will select a voting place in each community and will select three local farmers to hold the referendum.  
 17. Q. Will the ballot be secret?  
 A. Yes.  
 18. If two-thirds of the farmers taking part in the referendum vote for quotas, will they apply to States, counties, and communities where they are not approved?  
 A. Yes; the cotton problem is a national problem and not confined to any State or county. Consequently, the quotas will apply wherever cotton is produced.

**Allotment**  
 19. Q. How will the national cotton allotment be divided?  
 A. The national allotment will be divided among the cotton-growing States on the basis of the production of cotton in each State during the preceding 5 years, taking into account the acres diverted from cotton.  
 20. Q. How will the State allotments be divided?  
 A. Each State's allotment in terms of bales is translated into acres and divided among counties on the basis of the acreage planted to cotton in each county during the year 1933-37, inclusive, taking into consideration the acres diverted from cotton, but whatever additional allotment is necessary will be made to assure that no county shall receive less than 60 percent of the sum of the acreage planted in 1937 and the acreage diverted from cotton under the 1937 program.  
 21. Q. How will the county allotment be divided among farms?  
 A. It will be divided among farms on which cotton has been planted in any of the past 3 years as follows: All farms which have not planted and diverted as much as 5 acres of cotton in any of the 3 years, will receive as their allotments the largest number of acres planted and diverted in any 1 of the 3 years. All farms on which 5 acres or more of cotton were planted and diverted in any of the 3 years, will receive as their allotments 5 acres and an additional amount which will bring the total allotment up to a percentage of the farm cropland (excluding acres devoted to wheat, tobacco, and rice) which will be the same for all farms in the county, or administrative area. Provision is made for a small county reserve which may be allotted to farms receiving 5 to 15 acres under the above provision.  
 22. Q. Will farms producing cotton in 1938, but which did not produce cotton during the past 3 years, receive allotments?  
 A. Yes; a small reserve acreage will be available in each State to be divided among these farms.  
 23. Q. Is there a limit to the acreage that may be allotted to a farm?

A. Yes; a farm on which cotton was planted in either 1935, 1936, or 1937 will not be allotted an acreage greater than the cotton acreage planted and diverted in any of these years.  
 24. Q. What is the marketing quota of the individual cotton farmer?  
 A. It is the cotton produced on his allotted acres, or the normal production on his allotted acres, whichever is the greater.  
 25. Q. Who handles the local apportionment of individual farm allotments?  
 A. The community and county committees.

**Penalties**  
 26. Q. What is the penalty for marketing cotton produced in 1938 in excess of the farm's marketing quota?  
 A. Two cents a pound on the excess production sold, to be collected by the buyer.  
 27. Q. If quotas are in effect, what is the disadvantage to a farmer if he knowingly plants cotton on his farm in excess of the farm acreage allotment?  
 A. He loses (1) all soil-conservation payments; (2) his cotton price adjustment payment; and (3) the opportunity to obtain a loan on the marketing quota for the farm. However, he may receive a loan on cotton produced in excess of his marketing quota at 60 percent of the rate to cooperators.  
 28. Q. Do all farms have to pay the penalty on excess cotton?  
 A. No; the penalty does not apply to cotton produced on any farm which has received a cotton acreage allotment and on which the production is 1,000 pounds of lint cotton or less.

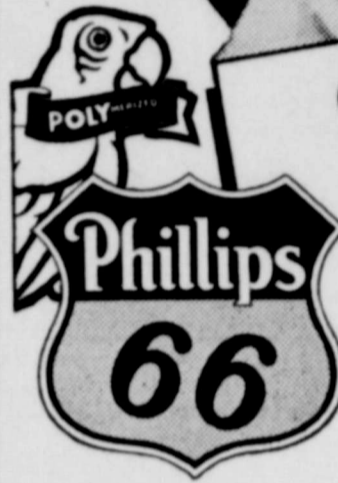

**Payments**  
 29. Q. What payments may cotton producers receive in 1938?  
 A. Producers who comply with the program will receive conservation payments and those otherwise eligible will receive cotton-price-adjustment payments on a portion of their 1937 crop. No additional payments have been provided in connection with marketing quotas.  
**Loans**  
 30. Q. Does the program provide for cotton loans?  
 A. Yes.  
 31. Q. Are loans to be available in 1938?  
 A. Yes; but only if marketing quotas are in effect. If quotas are rejected on March 12 by vote of the producers, loans will not be available before August 1, 1939.  
 32. Q. What will the loan rate be?  
 A. The act provides that the loan rate for 3/8-inch Middling cotton is to be fixed between 52 and 75 percent of the parity price of cotton. The loan rate may be increased or decreased in relation to grade and staple.  
 33. Q. Under what conditions will loans be made available in other years?  
 A. Either (1) when the price of cotton on August 1 is below 52 percent of parity, or (2) when the August crop estimate for cotton is greater than a normal year's domestic consumption and exports, unless marketing quotas have been rejected during the preceding marketing year, or are later rejected during the current marketing year.

**Safeguards**  
 34. Q. What provision is there for a review of a producer's marketing quota which seems unfair to him?  
 A. Provision is made for appeals to a review committee of farmers other than members of the local committees which made the allotment.  
 35. Q. How are growers protected in case of a crop failure?  
 A. They are assured payments on their normal production under the Agricultural Conservation Program, if they do not exceed their acreage allotment and meet other provisions of that program.  
 36. Q. May marketing quotas be altered after they become effective?  
 A. The Secretary of Agriculture may, under certain conditions, terminate quotas or he may increase by a uniform percentage the amount of cotton producers may market, in order to make a normal supply of cotton available. The act does not give the Secretary the power to decrease marketing quotas.

### On The Garden Path

The neighbors are giving national recognition for their efforts in beautifying their own. Lubbock and Amarillo were given duplicate prizes for having the cleanest lawns in the nation. Amarillo is being placed to make a better showing this year. The city authorities and city club in these cities are co-operating to make their cities attractive.

Ft. Worth can not boast that it has the people of the resources of Amarillo or Lubbock but the people we do have are just as eager to cooperate in making Ft. Worth the most beautiful city in the United States. The spread the nation are turned our way, it is because of the longer street cars made in Ft. Worth last year. People will be expecting something of our own as yet we are disappointed.

Our thorough highway gives the driver a good full view of our alleys. Will you have a moment? I will permit you to have the alleys, we need of us try to have our streets and I as a citizen our place as our front yard, we would have a view to be proud of.

The Garden Club is not going to take up the cleaning of the streets and alleys this summer. Some of the other civic organizations may be planning to do that. We are going to concentrate our efforts on the down town district and on the water lines and sewer ways of the town. Let us all work together to attain the most artistic effect that we can for our own sake and our city as a whole will enjoy it and benefit by it.

Concluding the observance of the anniversary of John Wesley, founder of Methodism, a fellowship dinner was given at the Methodist church Friday evening before the program.

The weekly study at the church every night last week was on the book, "Out of Aidersgate." Certain phases of Methodism was discussed by speakers each evening. Monday evening Mrs. W. L. Lott and A. D. Cunningham discussed the first three chapters. Tuesday evening J. M. Wilson and Joseph L. G. Matthews continued the study.

On Wednesday all members who could went to Amarillo to attend a regional conference of the Methodist Churches of this section. Bishop E. A. Boyd, Bishop Frank Smith, Bishop Ralph Cushman and a number of other members of the Methodist Church were speakers for the day. A large crowd from over the entire jurisdiction attended the meeting.

The observance was then resumed with the local church Thursday evening when Rev. J. E. Edridge and Mrs. J. M. Wilson continued the study from the book and Friday evening completed the working with Mrs. J. D. Cunningham and Mrs. J. T. Kern bringing to a close the study some after the dinner.

Local Methodists who made the trip to Amarillo Wednesday were Rev. and Mrs. J. E. Edridge, Rev. and Mrs. G. E. Collins, Rev. and Mrs. J. M. Wilson and Rev. and Mrs. Loretta Haining. Mrs. and Mrs. Loretta Haining, Mrs. George V. Smith, Mrs. W. A. Haining, Mrs. and Mrs. J. V. Fry, Mr. and Mrs. J. D. Cunningham, Mr. and Mrs. Fred Thompson, Mrs. G. L. Kern and E. T. Hahn. A number from the rural churches attended the meeting also among them being Mrs. W. E. Berry, Mrs. George Hahn, Mrs. J. E. Kern and Mrs. C. E. Barber.

### National And Home Economics Experiment Classes Are Conducted

Exchange Students In Home Ec and Vocational Farm Departments of High School

Girls and 26 boys of Floydada schools, students in the Home Economics and Vocational Agriculture departments respectively, their teachers, Fannie Mae and W. A. King, have been visiting an interesting experience in an exchange of studies. The problems of boys which the home economics teacher might assist with are the problems of girls which the vocational agriculture teacher might assist with. The exchange of study in the respective departments, and teachers report two interesting classes throughout. The 26 boys with Miss Rees as leader have studied personal hygiene, choice of clothing, man-to-family relationship, choice of how to order food at cafe, agency meals, personality development and home appreciation. The vocational teacher has taught the class include gardening, extension home improvement, minor repairs of the home, dairying and so on. Problems from the boy's view-

### Sunday School Lesson

FEEDING THE HUNGRY

Golden Text: Give ye them to eat. Mark 6:37.

Lesson Text: Mark 6:30-44.

30 And the apostles gathered themselves together unto Jesus, and told him all things, both what they had done, and what they had taught.

31 And he said unto them, Come ye yourselves apart into a desert place, and rest a while: for there were many coming and going, and they had no leisure so much as to eat.

32 And they departed into a desert place by ship privately.

33 And the people saw them departing, and many knew him, and ran afoot thither out of all cities, and outwent them, and came together unto him.

34 And Jesus, when he came out, saw much people, and was moved with compassion toward them, because they were as sheep not having a shepherd: and he began to teach them many things.

35 And when the day was now far spent, his disciples came unto him, and said, This is a desert place, and now the time is far passed.

36 Send them away, that they may go into the country round about, and into the villages, and buy themselves bread: for they have nothing to eat.

37 He answered and said unto them, Give ye them to eat. And they say unto him, Shall we go and buy two hundred pennyworth of bread, and give them to eat?

38 He saith unto them, How many loaves have ye? go and see. And when they knew, they say, Five, and two fishes.

39 And he commanded them to make all sit down by companies upon the green grass.

40 And they sat down in ranks, by hundreds, and by fifties.

41 And when he had taken the five loaves and the two fishes, he looked up to heaven, and blessed, and brake the loaves, and gave them to his disciples to set before them; and the two fishes divided he among them all.

42 And they did all eat, and were filled.

43 And they took up twelve baskets full of the fragments, and of the fishes.

44 And they that did eat of the loaves were about five thousand men.

Time and Place—April, A. D. 29, just after the death of John the Baptist, in the early part of the third year of the ministry of Jesus. A plain near Bethsaida.

One of the most fascinating stories of all history is found in this week's lesson—the story of the miraculous feeding of the 5000 people who had assembled to hear Jesus preach.

When Jesus had gone apart with His disciples in the desert in the hope that they might have a quiet rest and an opportunity for communion with one another, there were so many—we are told—coming and going that Jesus and the disciples had no leisure to eat. But they were not to escape from the multitude, even though they went away in a boat seeking a desert place where they might land.

The people saw them going, and followed them along the shore, so that instead of being alone with His disciples, Jesus found Himself confronted with a great multitude. Instead of resenting their invasion on His privacy, He had great compassion on them; for He saw them as sheep without a shepherd.

As He began to teach them, the day lengthened and the disciples became visibly troubled. They came to Jesus, reminding Him that the place was a desert place, and that night was coming on. They urged Jesus to send the people away that they might go back to the village

### Roberts A Candidate For Commissioner Of Precinct Number Four

To the Voters of Precinct No. 4, Floyd County:

I am a candidate for the office of Commissioner of your precinct, having had some solicitation from friends. I have lived in the precinct the past thirty-seven years and think I know the needs of the precinct and county. My race will be subject to the Democratic Primary.

Should you see fit to choose me for the place I would give the me my careful attention and with the help of the other commissioners and county judge would do my best to handle the affairs of the county in a businesslike manner.

Your vote and influence would be appreciated.

J. F. Roberts, Candidate for Commissioner of Precinct No. 4. (Political Advertisement)

and buy themselves something to eat. But Jesus answered, "Give ye them to eat," and to the amazed disciples, commanded that they should have the people sit down by companies—even though the only available food seemed to be five loaves and two fishes. After they had eaten, they gathered up 12 baskets of broken pieces that remained.

How shall we account for so remarkable a story and what are the lessons we may derive from it? The chief lesson to be derived from it is plain in its symbolism in the abundant provision for the need of mankind in Jesus, the Bread of Life.

Various efforts to explain the story have been made, but of course if a miracle could be "explained," it would be no miracle. One common explanation is that many people had actually brought lunch with them, and when the five loaves and the two fishes were brought forth, those with food also produced it so there was enough for all. Such efforts to explain the miracle seem trivial and useless. We either accept the story as strangely and miraculously true, or we accept it as a beautiful tradition in the story of Jesus that probably has some real foundation in fact; or we do not seek in any way either to explain or to justify the miracle, but just take the story for its teaching and its symbolism of Jesus as the Bread of Life.

There are of course many lessons that could be drawn from our life today; and one of the most pointed is that without any miracle-working in our modern world, if we had the spirit of Jesus and the love of the people that He had, it would be possible to feed the multitudes today where multitudes are starving God's abundance is great, and man's skill has been so added to the work of nature that we can produce plenty for the needs of humanity, if we could only learn God's way, and if we could only find a deeper measure of that divine compassion which would make us zealous to feed the hungry and bring blessing to the masses.

### APPRECIATION

To those who have worked with us and for our best interest, to those much admired and respected to those who have been our friends—the Freshman class of 1938 wish to express its sincerest appreciation to its sponsors, Miss Sule Miller and L. E. Williams.

The Freshman Class.

### FINE ARTS

Cheer the fish, cheer the fish, cheer them up some more. The Freshman class is the class that we all adore. We've got the fish, we've got the fish, we're marching on to fame. We didn't win, but that's no sin, we'll get there just the same.

### FRESHMAN SPORTS

Among the sports of the freshman are football, baseball, and basketball.

The freshman have several boys out for spring training in football. The boys are working hard. The boys are E. E. Galloway, R. T. Tyler, E. D. Tyler, Dennis Crawford, Larry Chawning, Phil Stein, Norman Owen, Maurice Stein, Bruce Foster, Buddy Norman, Robert Arnold, Gordon Patterson, Duane Johnston.

There are several boys and girls out for basketball. The girls have played several games and won all of them.

The boys have not played any games yet. The supplies arrived last week, but due to bad weather they were not able to do any work. Even though a very late start has begun they seem to have a good line up.

There are several boys out for basketball who worked hard. Gordon Patterson was high point man in most of the games. The boys out were Gordon Patterson, Kenneth Hodge, Dennis Crawford, E. E. Galloway, E. L. Tyler, R. T. Tyler.

### Class Poem

We are freshmen yes, yes, yes!  
 We grow dumber every day.  
 Soon we'll be as dumb as they  
 Who are seniors (or they say).

They seem to think that we're quite dumb  
 But when by the Floydada we  
 Write things  
 We'll be quite as dumb as they.  
 Growing dumber every day.

The Vocational Agriculture organization team won third place in the chapter contest held at Crockett. The Floydada team consisted of eight Freshman boys who are taking Agriculture. They were Larry Chawning, Larry Denton, James Turner, Bill Ferguson, Nelson Phillips, Fredy Kinsinger, Raymond Pogerson and Joe Stella. Lavonne was first, Patricia Springs second and Florida Thurt. Sponsors were awarded in first and second place.

The most identification team are planning to attend the Fort Worth Stock Show on P. F. A. Day Saturday, March 12.

James Gibbs and J. S. Hale have applied for a Lane Star Farmers Degree. There has been only one awarded at Floydada High School.

### What If—

Miss Miller were drinking champagne in a night club, five years from now.  
 Mr. Williams were the superintendent of Floydada High School, three years from now.  
 Junior Thomas were an angel.  
 Donald Cornelius were handsome.  
 Bruce Foster were a cowboy.  
 Robert Arnold didn't like Martha Woodward.  
 Lee Dale Clark had long wavy hair.  
 Lois Peips were a movie star.  
 Norma Mae Harris were a pilot.  
 Alton Millroy were a jester.  
 Betty Jo got her head shaved.  
 Alton didn't like a teacher.  
 James Weston's hair were straight.  
 Helen Woodward were a book worm.  
 The Fish had won the fishes.  
 Much were not required.  
 A member of the Freshman class didn't have good sense.  
 The school went on a strike for longer school hours.  
 The girls could play table tennis in the gym room at noon.  
 Larry were in Dr. Business thinking class five days a week.  
 Buddy wasn't told to sit down by Mr. Galloway.  
 Byrle became a telegraph operator.  
 Donald and Joe became famous comedians.  
 Kenneth Baird became an orchestra leader.  
 Thomas: "How did you happen to get school leading to join the church?"  
 Juliette: "Because there's more money in showing figures to the big boys."  
 Most popular of all male names in Europe is John. It has been in use for centuries.

### Class Prophecy

It being at least 18 sticks at the night of March 1, 1938, I decided it was time to retire. I had no more than got to bed when I started to sneeze. A dream that took me to the year 1938. My dream dropped me into a magic crystal from which I could see all of my old school mates as they appeared just seventeen years from the time we had graduated.

Let me relate some of the sights I saw:

I found that James Weston was helping his brother run the bakery, but he had added a cake in which he served fresh shrimp.

J. L. Nichols had finally made his big money and was driving a new Ford. He was both running the Nichols Service Station.

Edwin Hanks and Lavonne Hawkins owned and operated the L & E Ladies Shoppe.

Lee Dale Clark decided Bruce Foster was just the man for her so the two of them were making a go of it as Mr. and Mrs. District Attorney.

E. E. Galloway as always, the most eligible young bachelor was giving all the girls a thrill.

Donald Cornelius and Joe Stella had organized a trumpet band and were started in "Band" Night Club owned by Loren and Lavonne, who, incidentally, were one of the most famous dance teams.

Thomas Griffin was a sheriff and was to have married an Office-Missouri and to other.

Norma Mae Harris had joined a circus as the world's smallest subject. She hadn't grown an inch.

Alton Millroy was in New York where the title of "Miss America" was given to her. What with that fading red hair and those beautiful eyes, the judges were unanimous in their decision.

Buddy Norman and Eugene Morrison were joined in matrimony and changed Martin's Dry Goods to Norman Dry Goods.

Junior Thomas still delighted in pulling trucks until Janet Brattain looked at him and then the truck were forgotten.

Helen Woodward (Mrs. E. L. Tyler) and Betty Jo McCleskey (Mrs. R. T. Tyler) had joined themselves as soon as possible by marrying the Tyler brothers and thus becoming sister-in-law.

Lois Peips had a shop where she gave private lessons in typing. Her best customers were LaCed Hopper and Willie Lee Woodard, who by the way, were mastering the art wonderfully well.

Thomas Morrison had met in the position of "Mayor of the Hesperian."

Kenneth Hodge was a Ring-Crier and always entered homes in the Santa Anita neck, but they always come in late.

Of course, Kenneth Hodge was full owner of Hodge Drug and had the trade of everyone in town.

Gordon Patterson was still called "High-jacker" and had become a professional "sawyer" leading "The World's Champion" title.

But Arnold, screen and radio comedy star with his wife the former Martha Woodward was enjoying the peak of health.

Billy Fisher was the owner and operator of the Palace and His Theatre which were still popular with all the young folks.

Miss Blackman, so sought after a debutante as ever you saw, remained single and operated the Blackman Grocery and Market.

Alton Millroy had made it over with an orchestra leader, and they had eloped at midnight. The reason they eloped was that no one else ever had in this town as they wanted to establish a new law.

Lois Peips and Betty Jo Stella were the town's best dressmakers, were making gowns for the L & E Dress Shoppe.

The Stein were, Phil and Maurice had started to be scrubbled in a night club but instead they took the place of the famous Maude terra and were the best sex-offer attraction of the country.

Mary Linn and Rachel Head, as I well remember, were running a book shop.

E. E. Stevens decided planning was a good vocation.

Daniel Kirk as a second Beethoven was still with his compositions and wonderful piano playing.

Nelson Phillips was a clerk in Norman's Dry Goods and was carrying on a scandalous flirtation with the owner's right under Eugene's nose.

Norman Owen and Mary Ann Norris were to be married in June and the two were going into the flower raising business.

David Fox and Myrtle Davis were married but decided to call it quits as they struck out the home where to their surprise, David Beck was the judge. The fact remains they are still married.

Francis Pogerson was called "Francis" because she was always tired and wanted to go home.

Geneva Chalmers and Bill Barber were the best of friends and had a darling apartment together in the "Theater" apartments owned by this teacher.

Benjamin Crawford had changed his way to home as Betty Morrison.

# CHARM WEEK

## Charm Week Supported by Floydada Merchants in Pre-Easter Appeal

### Beauty Shops To Change Location; New Shop Is Opened This Week

Between Valentine's Day and Easter comes Charm Week, a week made by the shops and stores of the nation to acquaint the women in each town and community with the opportunities offered to them by the charm of the person and the home.

The beauty shops and drug stores offer a wide variety of appeals to the housewife, the office girl, and the school girl to increase their charm. The beauty advertising asks and encourages the women of Floydada and the surrounding communities to visit them for their spring hardhats.

The merchandising stores tie in with their appeal to top off the new permanent with a new, up-to-the-minute bonnet, modeled after the latest New York and Paris models.

The furniture store comes in with its appeal for charm in the home, offering a wide selection of home furnishings to beautify and improve

the comforts of a good home at moderate cost on easy terms.

Look at the advertising on this page and then visit your Charm Merchants and see the many fine articles of spring merchandise they can offer you long before Easter Sunday peers around the corner.

Visit the beauty specialist and see the many new spring styles of hair dress that will just fit in with the new spring bonnet and dress.

These merchants are offering you a service and a goods unsurpassed anywhere in the nation. Visit them during Charm Week, they will appreciate your patronage.

# News Review Of The Week

Monday, Feb. 25

**GRAT**—Both the Austrian army and numerous Nazi were ready for instant action tonight in the tense atmosphere of the armed truce that halted yesterday's Nazi march on Vienna.

**NEW YORK**—Murray Levine, father of Peter Levine, 12-year-old Rochelle, N. Y. school boy who has been missing since last Thursday, said today he had received promises from federal and county authorities that he could negotiate without any interference "with those who may be holding the boy." Information is that \$60,000 ransom has been asked for the boy's return by the kidnappers.

**Nazi Gets Orders**

**WASHINGTON**—Germany has ordered its citizens in the United States to refrain from joining the American Nazi organizations, the German embassy said today, this was described semi-officially as an effort to keep German citizens from taking part in American politics.

**SHANGHAI**—Japanese reported today they had captured London, provisional capital of Shantung province, and were driving southwest toward the Yellow River in a great flanking movement at the western end of the 300-mile Lungtai front.

**WASHINGTON**—The nation's annual defense bill, informed officials predicted today, will amount inevitably in the next decade to \$1,200,000,000 or more.

Tuesday, March 1

**AMARILLO**—Louis A. Kerk died in St. Anthony's hospital last night just 12 hours after a mine bomb exploded beneath the hood of his automobile leaving his body mangled and torn and his nervous system shattered. The rewards for the murderer apprehension amounted to \$1,000 almost at once.

**NEW ROCHELLE**—A second kidnap note, written on a cheap "dial" typewriter commonly used as toys to children, was disclosed today as the parents of 12-year-old Peter Levine frantically waited to contact the boys abductors.

**Bill Obtained**

**WASHINGTON**—The administration government reorganization bill would hand over to the president vital policy making powers now lodged in congress, Senator Byrd (Dem., Virginia) said today Byrd immediately launched into a floor fight against the measure.

**LONDON**—The second year of Britain's \$1,300,000,000 five-year armament expansion program will be launched tomorrow with publication of the

annual defense white paper, official government report. New land and air defense plans are expected to be announced soon.

**TUCSON, Ariz.**—The recovery of Gen. J. Pershing from a grave illness, doctors said today, depends entirely upon his heart. The body damaged and weak heart must continue to keep pumping large amounts of blood to the General's body if he is to recover.

Wednesday, March 2

**AMARILLO**—The reward for the killer of Louis A. Kerk was offered today to \$1,000 and an "apprehension fund" was begun as officers continued a wide investigation of the case.

**NEW ROCHELLE, N. Y.**—A note in the schoolboy's handwriting of Peter Levine, begging "dad" to pay out the \$60,000 ransom demanded, turned up today as the father said he continued fruitless efforts to communicate with the abductors.

**Plane Sought**

**FRESNO, Calif.**—Darkness and storm conditions tonight halted searches for a missing airplane and its occupants shortly after the sighting of mystery lights and a white object near a mountainous area in the area where the storm-torn plane was sighted last night.

**WASHINGTON**—President Roosevelt signed the \$200,000,000 emergency relief appropriations bill to provide supplemental funds to the Works Progress Administration up to next June 30.

**SHANGHAI**—Japanese boosted today that fleeing Chinese troops suffered at least 50,000 casualties in demoralized retreat through Shantung province.

Thursday, March 3

**LOS ANGELES**—Swirling flood waters revealed tonight from Southern California leaving a toll of 104 persons dead and missing, thousands homeless and property damage amounting to the millions of dollars.

**MOSCOW**—One lone "hold-out" in Russia's mass treason trial today stubbornly joined the 20 defendants in confessing to plots against the Soviet state from its birth, after denying a confession yesterday which he had supposedly made in jail.

**Navy Bill Okay**

**WASHINGTON**—The administration's big navy bill won the overwhelming approval of the House naval committee. Only three of 22 voting members opposed the legislation. In this fund money is set aside for a new draught.

**LONDON**—Prime Minister Neville Chamberlain, trying to keep peace in a Europe armament for war, sought to make a double-barreled

deal with Adolf Hitler of Germany and Benito Mussolini of Italy.

**SHANGHAI**—Conflicting reports have trickled from the interior of China today. Japanese claim that 10,000 Chinese troops have been caught in a "death trap" while Chinese reports say that the Japanese assault has been halted by aggressive guerrilla raids behind the front lines.

Friday, March 4

**LOS ANGELES**—Southern California raked mud and debris under sunny skies today to determine the life and property losses in five days of rainstorm and flood. It is feared that the death toll will reach 200 when a final check of figures is taken.

**TOKYO**—Foreign Minister Koki Hirota urged world naval reduction by abolition of all capital ships in a renewed bid for United States friendship. Japan has refused to sign or agree to the latest naval agreement and is reported to be building monster battleships in secret.

**Pershing Better**

**TUCSON, Ariz.**—General John J. Pershing's heart showed growing strength today and the World War commander gained sufficient strength to become flunking about his food.

**MOSCOW**—A letter in invisible ink revealed a plot to assassinate Stalin. Two recalled ambassadors have been linked with the plot when the key to the secret chemical ink was found.

**SHANGHAI**—United States Marine guards were reported to have halted a detachment of 70 Japanese troops at the Building "Wall" road boundary of the American defense sector. It is expected that another "push" will be sent to Japanese commanders by American troops.

Saturday, March 5

**LOS ANGELES**—Southern California's food toll appeared to be 200 as peace officers raked dead and missing today. The property loss was estimated at \$1 million dollars. Many hundreds were still homeless.

**SHANGHAI**—Japanese asserted today 20,000 Chinese defenders of Shantung province were in complete rout, while Chinese reported new successes in North Hsuan province to the east.

Sunday, March 6

**SHANGHAI**—Long-range gunfire boomed along the Yellow River as the Japanese troops began an effort to blast their way across the river and through the Chinese defenses on the central front.

**LOS ANGELES**—The known toll from California's devastating flood of last week stood at 180 today, with public and private property loss estimated at \$1 million dollars or more.

**Plane Search Continues**

**FRESNO, Calif.**—Searchers expanded their hunt for the airplane which vanished in a storm last Tuesday night but they abandoned hope for any of the nine persons aboard.

**PLAINVIEW**—Answers to many of the questions now perplexing the "underground rail" conscious Prohibition area will be attempted at a two-day conference slated here Tuesday and Wednesday.

Joe Dolph Montgomery and N. E. Moberg, students in Eastern New Mexico Junior College at Portales, were here for a week-end visit with their parents.

T. M. Goodman, who was a patient several days in the local hospital with pleurisy, was able to return to his home this week.

J. E. Williams, who is making his home for the present at Bozard Springs, was a business visitor in Floydada Tuesday.

### Cause And Treatment Of Cancer Lecture Subject On March 19

Dr. David Hestand, of Houston, will be the principal lecturer at City Auditorium, Lockney, on Saturday night, March 19, at a gathering of chiropractic practitioners from over the area, to which the public is invited.

Dr. Hestand will have the subject, cause and treatment of cancer.

Other prominent visitors will include Drs. Willard Carver and Ralph Hubbard, of Oklahoma City, it is announced.

### Farmers Vote

(Continued from page 1)

ed officer of a corporation, firm, association, or other legal entity shall be allowed to cast its vote.

4. In case several persons, such as husband, wife, and children, participated in the production of cotton in 1937 under a lease or share-cropping agreement, only the person or persons who signed or entered into the lease or agreement shall be eligible to vote.

5. In the event two or more persons engaged in producing cotton in 1937 jointly, in company, or community, each person is entitled to vote.

**Committee at Boxes**

The committee in charge of the Floydada ballot box will be G. L. Snodgrass, W. H. Nelson, and R. M. Batley.

At Lockney G. B. Johnston, R. W. Smith, Jr., and G. D. Allen will have charge of the box.

T. S. Brown, W. E. Sims, and C. V. Lemons will have charge of the Cedar ballot box.

At Edgin J. A. Taylor, W. I. True, and E. W. Tibbets will make up the committee in charge of the box.

These committees were selected last week by the county committee and placed in charge of the boxes.

### APPRECIATION

I wish to thank the many friends who sent cards and letters to me during my illness and especially do I thank the Woman's class of the First Christian Church for the beautiful flowers they sent.

Your kindness will never be forgotten.

Mrs. T. J. Heard.

WANTED Clean White Rags at Hesperian Office.

### Farm Quotas

(Continued from page 1)

the cotton acreage allotment of a farm.

3. The marketing quotas would be either the actual or normal production of the acreage allotment, whichever is greater.

4. No matter how high the yield, all cotton produced on the acreage allotment could be sold without penalty.

5. Marketing quotas will become effective only if approved by two-thirds of the cotton producers voting in the referendum on March 12.

Marketing quotas would bring the supply of American cotton to a more reasonable level, but the supply next season would still be far above normal.

### Cotton Marketing Quotas, If in Effect, Will Mean:

**If You Plant Within Your Acreage Allotment—**

1. You will be eligible to receive agricultural-conservation payments.

2. You will be eligible to receive cotton-price-adjustment payments on 1937 cotton.

3. You will be eligible for a loan on all cotton you produce in 1938.

4. You and other cooperating producers will be protected in your efforts to adjust supplies.

**If You Should Overplant Your Allotment—**

1. You would not receive any agricultural-conservation payments.

2. You would not receive any cotton-price-adjustment payments on 1937 cotton.

3. You would not be eligible for a loan on the cotton produced on your acreage allotment. (Loans on excess cotton would be at 60 percent of the rate to cooperators.)

4. You would have to pay a penalty of about \$10 a bale on cotton marketed in excess of your quota.

Every 1937 cotton producer should express himself by voting "Yes" or "No" whichever he wishes, on the question, "Do you favor cotton-marketing quotas for the 1938 crop?"

### Weather

(Continued from page 1)

a half inch, B. B. Gulley southeast of Floydada toward Lakeview three-quarters, W. C. Cates of Blanco more than at Floydada, O. W. Fry of Pleasant Valley more than at Floydada, R. C. Ross four and a half miles north of Floydada 2 inches and at Harmony one-half inch.

The rain fell very nicely, most reports show, with a few minutes of small hail Tuesday afternoon, calculated to help the hail insurance man's business.

### Wheat Is Jointing

That the wheat is heading out in early fields where there, has been no grazing cannot be doubted. Scores of farmers give this kind of report. Wheat making a first joint with the head right under the joint is the story, and the stalk half knee high. Late fields and grazed fields, probably on half the county acreage, are not so far advanced but there are thousands of acres on which the acreage is beginning to make joints and stems and heads, with the first day of spring 11 days away and Easter still 37 days along on the calendar.

During the past week the thermometer has dipped to freezing or below only one time. That was on Sunday when the low was 26 degrees. But from this the temperature has ranged upward to 77 on Thursday of last week, when the low was 44. On Friday the high was 72, the low 30. Saturday the high 53, the low 35, Monday the high 60, the low 32, and Tuesday a high of 52, low 40 and Wednesday 43 for low and 58 for high.

Generally farmers were loath to be quoted on what they hoped for or expected. For right now, there was never such a prospect. What some freezes and dry weather could do to this prospect is another matter, it was indicated for the most part.

### J. I. CONNELLEY SALES CLERK AT SO. SIDE STORE BROWN'S HOUSEHOLD SUPPLY

J. I. Connelley this week began work with Brown's Household Supply as salesman.

Mr. Connelley has had previous experience as a salesman, and Martin E. Brown, manager of the firm, said he was very glad to be able to add him to the sales force.

Mr. and Mrs. T. C. Russell of Fort Worth left Monday after several days visit here with Mrs. Russell's sister, Mrs. Roy Snodgrass and family and her niece, Mrs. Frances Wester and Mr. Wester.

Mrs. Ella Johnson returned home Thursday from a four weeks visit with her sons J. P. and Clay Johnson and their families at Graham.

### Icy Movie Scene

Shivering in frozen clothes, Harold Lloyd pauses to survey his icy make-up in a mirror before beginning a scene in his new picture, depicting him emerging half-frozen from a refrigerator car. The frost on his face was artificial, but the cold was decidedly real.

Mr. and Mrs. Aubrey Fawver and daughter Nancy from Lubbock visited his parents Mr. and Mrs. Lynn Fawver Monday. Mrs. Fawver and daughter remained for a weeks visit with her parents Mr. and Mrs. J. I. Connelley.

Mr. and Mrs. Wilson Connelley from El Paso, and Mrs. Aubrey Fawver and little daughter Nancy, from Lubbock are guests of Mr. Connelley's and Mrs. Fawver's parents, Mr. and Mrs. J. I. Connelley this week.

A. W. Brachwitz is recovering satisfactorily from an operation for appendicitis performed March 2 in Plainview Sanitarium.

Mr. and Mrs. H. M. McDonald made a business trip to Amarillo Tuesday.

Mrs. Champ Walters has been confined to bed several days this week.

### Chromium Strengthens Copper

A copper alloy containing about two per cent of chromium when properly heat-treated has a highly increased strength and hardness yet retains 80 to 90 per cent of the heat conductivity of pure copper.—Scientific American.

### Harmony News

Sunday School was well attended Sunday considering the amount of sickness in the community.

The date for the revival meeting to start is Sunday, March 20.

Mr. and Mrs. M. H. Winghamam from Happy visited in the M. Carr home Wednesday and Thursday of last week.

### School is Dismissed

School was dismissed here Thursday because of so much sickness in the community. The ones who have been sick are Mrs. Kemp and little daughter Denzil Ann, Carrick Snodgrass, Billie Dave Scott, Patsy and Liene, Harris, Frances Redman, Raymond Williams, Mr. and Mrs. Chloma Williams, M. W. Heard, Wesley Carr, Mrs. M. Carr, Sam Hale and son.

### Family Unhurt in Accident

Mr. and Mrs. Woodrow Williams and baby were unhurt but badly bruised and shaken Sunday night, just west of the Lake Side School house as they were returning from Hereford, when their car turned over and off a dump.

They were nearer a corner than they thought and were unable to check the speed of the car in time to avoid the accident.

They had been visiting relatives at Hereford Saturday night and Sunday.

L. C. McDonald is confined to his bed this week suffering with a sore foot. He has been in since last Thursday.

### LAKEVIEW TO PRESENT "JUNE IN JANUARY" FRIDAY NIGHT

"June in January" postponed because of rain in March will be presented at the Lakeview school Friday night instead of this past Tuesday night as was first announced.

The play was postponed because of the rain that fell during the Tuesday making travel dangerous over the rural highways.

Miss Florene Dorrell accompanied by Miss Mattie Fern Fields, from Lubbock, visited Miss Dorrell's parents Mr. and Mrs. Luther Dorrell Saturday and Sunday.

Misses Maxine and Marilyn, students in Texas Tech at Lubbock, spent the week end with their parents, Mr. and Mrs. R. E. Fry.

Miss Geraldine Gamblin, student at Lubbock, spent the week end with her parents, Mr. and Mrs. M. Gamblin.

Miss Nella Frances Faulk of Hereford is a guest of her sister, Frances Wester. She came in mid-week.
