FLOYDADA, FLOYD COUNTY, TEXAS, THURSDAY, AUGUST 25, 1938.

NUMBER 28

FLOYD COUNTY RURAL ELECTRIFICATION IS ASSURED

Floyd County Leads Texas In No. Wheat Applications

215 Applications Made To Tuesday; Closes August 31

Allen Says Number Applications Has Increased With Passing Of Time

Probably is that Floyd county leads the state and possibly the whole southeast in the number of applications made for wheat crop insurance under the new plan of the Federal Crop Insurance corporation.

This was indicated Tuesday when local Supervisor O. L. Allen released figures showing his office had already handled 215 applications, nearly half of which had been completed and mailed out for final approval.

With the deadline for this season set for Wednesday night, August 31, several more farmers are seriously considering the insurance plan offered. This plan has the approval of several large insurance companies as a sound one and an improvement over other services.

The history of the wheat farm operations for the past 3 to 5 years has an important bearing on whether the individual farmer wants to take out the insurance protection offered by this government agency.

Because seeding will be starting soon and the policies of this new insurance become effective as soon as the seed is in the ground, this August 31 limit seemed necessary to give the service office at Kansas City time to send out the premium notices, get back the payments and put out the policies before seeding begins. Accordingly, August 31 was fixed as the last day on which County Crop Insurance supervisors may receive these applications. The announcement was made August 9.

O. L. Allen, the Crop Insurance Supervisor for Floyd county, in giving the foregoing information says that he will keep open until midnight, August 31, if necessary, his office at Floydada. His telephone number is 306. Mr. Allen says that up to August 11, "about 75,000 applications had reached the county supervisors in the winter wheat states. How fast applications have come in since then, I do not know," he says, "but the gain in rate has been quite rapid."

"The first policy was issued July 15. For the two weeks following July 15, the rate at which applications reached the Kansas City branch, that serves this territory, was over two and one half times as fast as for the week ending July 15. For the third week, it was almost four times as fast, and for the fourth week, ending August 12, it was 7.8 times as fast. At that time Ohio was far in the lead in number of applications, with Nebraska, Michigan and Kansas following in that order. For number of acres of the 1939 wheat crop actually insured, the Texas wheat region (which obtained the first FCIC policy issued and farms in a big way) was close to the top."

Bids September 6 For Road Building 6.57 Miles North

Formal call for bids on construction of farm to market project north from Floydada on Silverton highway a distance of 6.57 miles is being made this week by the state highway commission.

Bids will be received on September 7 for double course of asphalt, gravel treated, on a caliche base at Austin, according to notice from Lon C. Ingram, Jr., resident engineer.

In conversation with local officials it has been indicated the anticipated cost will be \$48,000 for this work, which is the first leg of an extension north on highway 207 to Silverton.

Court Has Date
While the commission, it is indicated, will give all its time in the early September meeting to consideration of bids for road construction, members of the local court will meet before the commission on September 19 in an effort to get a WPA project further north on this route. Their appearance before the commission on that date already is docketed.

Dickens County Oil Test Makes Flow This Week

After acid treatment was applied and the swab run on the C. D. Bird oil test south of McAdoo 15 miles the well shot oil high into the derrick from a formation at 2565 feet, according to several Floydada residents who went to the scene this week.

Interest and excitement in Spur and Dickens was pronounced. Hundreds of people from over a 5-county area have been to see the well.

The well is shut down to await equipment to complete it and to provide storage facilities. C. D. Bird, owner of the land, lives in southeast Motley county where he owns and operates a ranch.

No estimate on the probable production of the well and no information on the formation from which the production was coming could be obtained by this office. Practically half of the land in Floyd, Motley, Dickens, Crosby and Lubbock is under lease. The well is extremely interesting to operators all over west Texas.

'Rogers Cousins' Reunion; 'Alabama Day' Is Organized

All-Day Gathering Of Rogers Relatives And Former Alabamans

Approximately five score of people were present Friday when relatives and descendants of Rogers cousins gathered at the city tabernacle for an all-day call-meeting of the Rogers Reunion. The meeting was called together at the request of the president, J. W. Rogers of Vena, Alabama. Mrs. Fannie Mathews Greene, acting in the absence of the president, presided at the meeting which was held for the purpose of organizing an auxiliary branch of the original Rogers Cousins organization in this part of the county.

Officials elected to serve the following year are: president D. L. Bolding, Floydada; vice-president, Charlie Rogers, Merkel; secretary, Opal Rogers, Floydada; assistant-secretary, Florence McMurray, Canyon. A general committee appointed by the president is composed of D. F. Rogers and J. C. Bolding, Floydada; Mrs. W. A. Latta, Crosbyton. The name decided for the organization is "Rogers Cousins of Texas." The original Rogers Cousins was started in 1911 in Franklin county, Alabama, by Mrs. Maggie Rogers Rawlings daughter of John B. Rogers for whom the organization was named.

John B. Rogers was the first white settler in Birmingham, Alabama. He was the father of nine sons and three daughters. Five of his grandsons were present at the meeting. They were D. F. Rogers, J. C. Bolding, D. L. Bolding of Floydada; C. R. Rogers, of Merkel and W. J. Rogers of Clyde.

Mrs. W. A. Latta, of Crosbyton, had charge of a program that was rendered in the afternoon. The program follows:

Com. Court Makes Tax Levy Same As '38 After Hearing

Drain On County Funds For Hospitalization Of Indigents Causes Concern

The Commissioners court Tuesday set the County tax rate for 1938 at the same rate as for the previous year, following the budget hearing held Tuesday afternoon. The total tax will be 70 cents per \$100 valuation.

At the hearing very few taxpayers appeared to check up the budget presented to the court by the county judge and county clerk, which is expected to cost taxpayers about the same amount of money as last year, but will be distributed in a slightly different manner as to two funds. The commissioners formally adopted the budget as submitted by the judge and clerk. Following is the formal levy made:

General fund	25c
Jury fund	9c
Elementary fund	9c
Road and Bridge	15c
Jail Building	6c
Upkeep court house and grounds	5c
Court house paving	4c
Total	70c

Last year the jury fund levy was 9c and the elementary fund 6c. This year the jury fund, with sufficient money in sight to take care of probable needs for 12 months, is cut to 6 cents, and the elementary fund levy increased from 6c to 9c.

Heavy drain on the county's fund for hospitalization, food and medicine for indigent persons made the increase in the elementary fund necessary. It was said by members of the court. The fact that the county has such a fund has not been given any more publicity than was necessary. Scores of demands on the county are being made every quarter for money out of this fund, a fact that is giving the members of the court much concern, it was said.

Lynn County Attorney And Party On Boost Trip For Big Party

MR. AND MRS. KING HOME FROM 4,000 MILE TRIP

A bunch of hill billies from Tahoka, Lynn county, were in Floydada Friday advertising the big rodeo and free barbecue at Tahoka, which opens today and continues through tomorrow.

Jack Leedy is president of the organization which is staging the event. Butler Brothers of the XIT Ranch are to have their rodeo cattle at Tahoka this morning for the two-day event.

Rollins McCord, county attorney of Lynn county, headed the party here Friday.

Stovall Is Licensed To Practice Of Law

Richard F. Stovall, reporter of 110th Judicial District, is a licensed practitioner in the courts of this state now.

News that he had been passed examination of the Legal Board of Examiners for the state and had been given license by the Supreme court, was received by Stovall this week.

Boundaries Of Precincts Are Revised

Commissioners Pass Order Changing Commissioner Areas As Of Jan. 1

Boundaries of all four of the Floyd county precincts were changed (effective January 1 of next year) by the commissioners court of Floyd county this week.

Vote on the measure taken Tuesday, puts a portion of the city of Floydada in each of the commissioners precincts of the county, but leaves each precinct practically the same area as it previously had, a check of the minutes indicates.

The order making the change in the precinct boundaries also creates one new voting box which will include the northeast fourth of the city of Floydada and the greater part of the Center area to a point about 2 miles north of the city.

Changes in the boundary lines that will be effective on January 1, put the southeast part of Floydada in Precinct 4, the northeast part in Precinct 3 and the northwest part in Precinct 2. The southwest portion of the city remaining in Precinct 1. Additionally the south part of Erick (some 9 sections) are put in Precinct 1. It is also 4 sections in the south part of Pleasant Valley, while a tier of sections approximately 1 1/2 miles wide east and west and four miles deep north and south formerly in Precinct 1 is put into Precinct 2.

Other changes, roughly, include transfer of 23 sections of the southern portion of Precinct 3 to Precinct 4, out of Cedar, Hillcrest and Fairview districts, while Precinct 3 in return gets about the same area out of 1 and 4, with the southeast corner of the precinct due east of Floydada 4 miles, the southwest corner at the courthouse in Floydada and running northward a distance of 7 miles for the east boundary line to a point about 3 1/2 miles southeast of Liberty. Thence the south line runs east to a point about 4 miles southeast of Cedar and on section lines 6 1/2 miles to the Motley county line. The north J. C. Bolding section will be in Precinct 3, the south section in Precinct 4. The Matador Land & Cattle company sections immediately east of the Bolding land also are divided on section lines between the two precincts.

Whirlwinds Gleeful As Coach Winter Arrives

Heavy firing is expected to begin on the Floydada football program this afternoon as Coach Odell Winter and family have returned to Floydada after a summer in Abilene.

Coach Winter returned yesterday afternoon and immediately began to contact and round up material for this fall. A number of last year Whirlwinds had donned bathing trunks and football shoes and were working out on the field, limbering up and handling the ball in preparation for the fight for first string positions.

Interest in the Whirlwinds is expected to be higher this year than last. A good strong squad is expected to carry the green and white colors this fall through district 4-B.

A good many fans expect the championship to rest here after the annual turkey day game but a great deal lies between now and that championship. Just how much material will be available is not known although all of last year's squadman and remaining lettermen are due to return.

A get-together this week end is expected to decide a number of things pertaining to the 1938 Whirlwinds and their district hopes.

CARS CRASH ON HIGHWAY CROSSING OF VIRGINIA

A car driven by E. K. Huffstetter, Jr., of Plainview and a car belonging to Texas-New Mexico Utilities company and driven by Melvin Henry crashed at the intersection of Highway No. 28 and Virginia street in west Floydada yesterday afternoon at 3:30 with slight damage to the drivers. Both cars were badly damaged.

MRS. LITTLE IN HOSPITAL
Mrs. Wesley Little, who has been ill for the past four weeks, is in a hospital at Portales, New Mexico, where she was taken Saturday night. Her condition was reassuring this week, Mr. Little said.

MRS. C. M. MARTIN ILL IN SAN ANTONIO HOSPITAL

Latest report from Mrs. C. M. Martin, who is ill of pneumonia in a hospital at San Antonio, is that she is improved but still very ill. Mr. and Mrs. Martin and son, Jack Porter, were on a vacation trip to Corpus Christi and had returned to San Antonio when her condition became alarming and she was taken to the hospital.

SENTENCED TO REFORMATORY
A 16-year-old Lookney youth was sentenced to one year in the state reformatory at Gatesville Wednesday by Judge Tom Deen. The lad had been charged with burglary of several Lookney stores and a filling station.

Three stores were burglarized several weeks ago of small change and cigarettes and a filling station was burglarized last week.

Highway From Floydada Southwest to New Mexico Border Urgent Need, Courts Think

Organization Formed At Littlefield To Push Northeast Highway Route

Commissioners courts of Floyd, Hale, Lamb and Bailey counties last Thursday formally banded together into an organization that will push the recognition of a highway through Bailey, Lamb Hale and Floyd counties to a connection north and east from the newly-settled areas of west Texas counties.

Their organization is to be known as the Blanco Canyon and South Plains highway association and they will work for a road leading southwestward from Floydada through Petersburg and points westward to Littlefield and thence southwest through Bailey county to a connection at the New Mexico line.

Formalities of the organization were completed by the election of Judge L. R. Crockett, Littlefield, president, Judge M. G. Miller, Muldoon, vice-president, and Judge H. M. LaPoint of Hale county secretary-treasurer. A director from each county in addition to these was named from the various commissioners courts.

Delegations from every county on the proposed routes were present. From Floyd were Judge Tom W. Deen, Commissioners A. S. Cummings, E. R. Harris and B. E. Cybert of Floyd county. The visitors were guests at a luncheon of the Littlefield Rotary club at noon.

Funeral For J. K. Green Held Sunday At M. E. Church

Former Floydada Bank Official Died Thursday At Houston Home

Funeral rites for James Key Green, 51, resident of Floydada from 1903 to 1932, but for the past six years a resident of Houston, Texas, were held Sunday afternoon at 3 o'clock from the First Methodist church.

Victim of peritonitis from a ruptured appendix Mr. Green died on Thursday in Houston following an operation a week previous. Pneumonia complicated his physical condition and he was unable to rally from the operation.

Rev. Gordon G. Voight, pastor of the First Christian church, officiated at the funeral here, a service having preceded it at Houston where the body was sent from that city to Floydada. The deceased had made his home in Houston since 1932, and during that time had been a credit supervisor of the Federal Land bank. He had returned to Houston only a few days before his death after spending some weeks in the panhandle area.

Surviving members of the family are his wife, a son Starks Green of Brownsville, and two daughters, Mrs. Jack H. Vincent, of Toyoka, Kansas, and Miss Ruth Key Green, Houston, and two sisters, Mrs. G. M. Deekard, Austin, and Mrs. E. E. Dickson, Brownsville, a nephew, G. M. Deekard, Jr., of Galveston, and a niece, Mrs. Dudley Williams, Gainesville, Florida.

Mrs. Green, the children of the family, and Dr. Deekard were here for the funeral, as were Dr. and Mrs. T. W. Haymes, of Lubbock, Mrs. Minnie Emmons and two sons, of Plainview, W. S. Posey, Mr. and Mrs. J. P. Posey and Mrs. L. A. Posey, of Lubbock, and Dr. and (See J. K. Green, back page)

Run-Off Primary Next on Calendar In Texas Politics

Preparations in Floyd county for the run-off primary Saturday had been completed early this week. Six state and three local contests are to be decided. The local contests are for commissioner in Precinct 4, where H. J. Nelson and C. M. Lyles are opposing candidates; for public weigher in precincts 1 and 4 in which W. L. Finley and Harold Terry are opposed; and in Precincts 2 and 3, D. C. Lowe and O. T. Pickett are running for justice of the peace.

For state offices Pierce Brooks and Coke R. Stevenson are candidates for lieutenant-governor; G. C. Mann and Walter Woodul for attorney general; C. V. Terrell and G. A. Sadler for railroad commissioner; and William H. McDonald and Bascom Giles for state land commissioner. For associate justice of the supreme court Richard Critz and W. H. Davidson are in the run-off and Harry N. Graves and James A. Stephens are squared away for the court in the race for judge of the court of criminal appeals.

DONKEY BASEBALL SEPT. NINE

The best donkey baseball players in all of West Texas are the Lions club members of Floydada, so they claim. In order to prove it they have booked a donkey baseball game for Friday night, September 9—two weeks hence—and are challenging the world in the hope there will be some takers.

A report that a Plainview team would attempt to contest them was given at the club Tuesday but there was nothing definite about it, and Garlan Glover, chairman of the safety committee—of all committees to sponsor a donkey baseball game—said yesterday that no definite arrangements had been made for a contesting team. Some of the neighboring communities have tentatively indicated they may attempt to take the club players but there is nothing for certain as yet.

A year ago the Lions of Floydada played the Plainview Lions club game about, Plainview and Floyd-

ada at Floydada. The Plainview club challenged for a return game this year but is now on the fence. It appears Plainview high school has a football game that night and they are not sure.

Whoever may accept the challenge, one fact remains. There will be a donkey baseball game in Floydada under the lights on the night of Friday, September 9. All the plans are made—except the contesting team—and the contract is signed, sealed and delivered.

"I don't guess there is any doubt we Lions know more about donkeys than we know about any other animal except a lion," C. E. Fyffe, secretary of the local club, said yesterday, and M. P. Goen, lion tamer of the club was equally emphatic, and declared that if no takers were found the club would just choose up and play among themselves for the fun of the thing.

HANDLEY'S FREE CHECK UP DATES ARE TO BE CHANGED
A ball-up has occurred in the dates for visit of a wheel alignment engineer to the Handley Repair shop, and Mr. Handley this morning says that the dates of today, tomorrow and Saturday are incorrect, and that a new date will be set. An announcement in this paper should be disregarded, he said, and new dates will be advertised.

RUN-OFF PRIMARY PARTY
Complete returns on all state and local races in the run-off primary will be received and posted by The Hesperian Saturday night, and the results shown on the election board.

Results of the voting on the brief ballot should be known at an early hour.

Died Last Week.—With the passing last week of Jas. K. Green, a figure associated with business and banking in Floydada from 1903 to 1932. Victim of peritonitis, his body was returned by the family to Floydada for burial Sunday afternoon.

PATROLMAN CHANGES HIS STEED

The motorcycle as a state police officer's means of locomotion, his way of getting about, is about to become a thing of the past. The officer is changing his steed for very good reasons, one of which is his personal safety, but others more important.

Speed and pick up are going to put the colorful patrolman off his single seater and into an automobile. The process is taking place just as fast as possible.

Automobiles that make 80 and 90 miles an hour go off and leave the motorcyclist except on very busy streets where the motorcycle can get the jump on the man he would catch. Perhaps they will continue to be used, in parade. A motorcycle escort has something about it that catches the fancy.

But when it comes to the serious business of overtaking a criminal or stopping a suspect or of heading off a speedster the patrolman will henceforth be found in a car. He will have learned a little more about how to get quick pickup than the average motorist, and he will have a late model car, and he will have a lot fewer spills and more luck getting his man.

BROKEN GENIUS

It is sad to learn that Al Capone, immured in the grimy prison of Alcatraz at San Francisco, is going insane. It is tragic when any human being loses his mind, for any reason, and especially when it is the mind of so brilliant and able man as Capone. To him it is the greatest of all losses. It is a loss to his country.

For this outlaw, beer-baron and feudist of our strange prohibition era was, with all his faults and twisted morals, a great man. Few of our patriotic heroes who have distinguished themselves in time of war have shown greater resourcefulness and courage than he revealed in his warfare against the society to which he belonged. He was a brilliant leader, an implacable enemy and a loyal friend. He probably played his ruthless and lawless game more for the mental exercise and the sense of power than for the money he made out of it.—Quannah Tribune-Chief.

A NOTABLE EDITION

A notable edition was that one last week of the Amarillo News-Globe. A great deal of historical research, and much artistry went into its make-up. Its hugeness—280 pages—is remarkable. Hugeness in this instance did not keep every section from being a carefully-done piece of work.

Historically and currently complete the newspaper touches a new high in the production of newspapers in the southwest, a credit to its makers.

WHO KNOWS WHO IS SMART?

A one hundred and eighty-eight word paragraph with only two periods and five commas is in a book that the young men and women study at University of Texas. This book tells such students as Texas parents send down there that abrasives, grinding stones and polishers which nature has provided in deposits around over the face of the earth, are rapidly being supplanted by synthetic substances which the Germans and

others have invented or thought up.

But there are many and various formations which one might mistake for something the man-made product has made possible. We mean by this that volcanic ash, for instance, and diatomaceous earth might look a lot alike, but they are different. Volcanic ash is not worth as much as diatomaceous earth we suspect. What is that stuff on your farm? Is it caliche, diatomaceous earth, Fullers earth, volcanic earth, sandstone and sand, tripoli?

We do not know. Perhaps you do not, either. Just as well be a dumbbell and refuse all offers until you know what you have, however. If you are afraid somebody will think you are not very smart remember they might be right even if you had nothing to sell. That always is one of the possibilities.

CROP INSURANCE

For the most part it appears the government's new crop insurance plan works for some farmers and does not work for others, the controlling factor being the history of the particular piece of land.

In some cases the insurance practically insures a man against the possibility of losing on his farm operation, although it does not offer a short range profit. The operator of the land, in order to make the plan profitable must follow through year after year.

About the only thing wrong with the idea is that it is paternalistic. The government is the big papa, through an agency called the insurer. It completely changes our forefathers' ideas of the proper layout for a government of and for the people. Mayhap they were wrong.

Anyway, if your farm history fits into the picture, no reason why you shouldn't take advantage of the insurance plan. The date for acceptance closes on August 31.

FLOYDADA WORST OFFENDER

The fact that rubber tires may be expected within a brief period to take the place of steel wheels on tractors is expected to prove the solution for crossing damage to highways in and around Floydada. At this point it is said, not complainingly but as a matter of fact, the greatest damage of any in a wide area to hard surfaced highways has been done by thoughtless or careless owners of tractors. Similar complaint has been made by property owners in the town limits who have found tractor lub scars on pieces of paving that cost hundreds of dollars.

Tractor lugs and one-way plow wheels and hard-surfaced highways don't work together, at least to the benefit of the roadway, and it is a good thing for all of us that rubber is supplanting steel for traction on most farm machinery.

BREAKFAST FOR A PUBLISHER

Over at Matador last week the Lions Club directors took cognizance of the fact that newspaperman, Douglas Meador, had been chosen president of the West Texas Press association by having a breakfast for him at 7 o'clock in the morning. It is recorded that the newspaperman arose early enough to be present to accept the honor bestowed by fellow-townsmen.

STRIKE TOGETHER!

As A Farm Woman Thinks

Nellie Witt Spikes

Getting up before day these mornings to help my husband milk has many compensations. This morning I saw the Night with a loop of gold for earring, and her blue dress was buttoned with stars of gold. She fanned my cheeks with a cool breeze. All nature was quiet as in prayer. Then the silence was broken by the clatter call of the white Leghorn rooster from his perch in the peach tree, a warning to night that day was peeping over the eastern horizon. I saw night first a little with the new day, saw her hand! Hira her golden earring and a star of gold from her blue dress. But the golden trinkets turned to silver in the New Days hand then vanished silently like mist.

The arrival of day brought many sounds, the quivering note of a plover (Gove's bird of my childhood days), a blue quail called in a clear sweet call to his mate, the little new soft eyed jersey calf asked in a gentle voice for his morning bucket of warm milk, a neighbor whistled for his horses, an old hen clucked to her fluffy white babies.

Such a nice surprise, finding the hen with nine newly hatched chicks.

Cousin Olga has gone and we miss her. I laughed at her "E.T. Texas way of setting out buckets and pans to catch rainwater. The first night the buckets and pans blew away and were covered with sand. But the next afternoon she had better luck. As she decided to go away the next morning the rainwater was wasted. It is so seldom I have rainwater I never think to use it.

Many thanks to you, Mrs. Alta Johnson, for your words of praise and encouragement.

Such a beautiful bouquet of praise Mr. Steen gave me last week. Right on the Editorial page where all could see. Thank you Mr. Steen for the flowers to the living. May I merit the kind words you said.

In a lovely vase called memory, I shall put all the beautiful flowers handed me by so many of you that read these lines "You may break and shatter the vase if you will. But the scent of the roses will hang round it still".

My son writes from Memphis Tenn. "Mother there are not many rocks around here that I could send you for your rock fence, but I could send you a bottle of water from the Old Mississippi River for your fish pool."

Mr. Birdsong and Cub Parrish admitted they read my column. They were teasing me about telling on my husband. They are my pen pals in my Sunday school class, and every Sunday they cheer me with their pleasant kindly greetings.

I have enjoyed very much a little book called Higher Ground written by Will P. Florence of Slaton. He was a Nester on the Plains, and so was I and I know to be true the things he writes about. The Ranchman and the cowboy have had all the glory and the praise in many of the books and plays and I am glad to see the actual settler get his dues.

Blue and red morning glories were planted along the rock fence but they are very greedy. They have reached out green arms and taken hold of a Marigold. They have run up the mulch stalk, and covered the sinner. Early of a morning they are a scene of great beauty. I do not have the heart to tear them down.

It is always a thrill to cross the canyon. A mighty song comes from the locusts along the creek. We saw three boys with fishing poles and a dog. Needless to say we saw happiness supreme. The cottonwood fans were fanning, the birds singing in the branches of the trees. Their shades looked cool and inviting.

The county paper comes into our homes like a fresh clean breeze—sweeping out gloomy thoughts of crime and horror and of war. Bringing us news of home people, happy people. Weddings and births, even death is made softer and less sad.

The paper builds up our hopes, stands by us in trouble and in joy; Fights for better things, for right and for justice.

God bless the County Paper!

Editorial Briefs From Other Newspapers

A great many feel that want Europe does is none of our business. Let's see about that. As we begin picking a new cotton crop we find more American cotton on hand than the entire world used the past year. Twenty years ago almost half the cotton the world used was grown in the United States. Now we supply only one-fourth what the world uses. Why? Because there has constantly been built up obstacles to world trade. Wheat and other agricultural products are also affected. Our own country has contributed most to trade obstacles. World war peace treaty left the central powers badly crippled economically. And the victors outside the United States were bankrupt. Under those circumstances we have attempted to collect debt of more than eleven billion dollars in gold. Then we raised a tariff wall against the world so it would be difficult to sell anything here.—The Redland Herald.

W. Lee O'Daniel was not afraid of making enemies when he endorsed Stevenson, Woodul, Terrell, Giles, Critz and Graves as his favorites in the runoff election. He himself says he is no politician and this goes to show it. We look for him to become either the best or the worst governor Texas ever had. There is no middle way! —Quannah Tribune Chief.

We always feel sorry for the children of the parents who say: "I had a hard time when I was young. I made up my mind if I ever had any children I would make it easier for them than I had it." Easy times never help any young person. The best builder of character, disappointments and hard work. The world is no place for the softie and softies are the product of pampered sheltered lives.—Foard County News.

Since January 25th when Texas began to distribute benefit checks to her eligible unemployed, she averaged about \$630,000 a month for the first six months going back into trade channels via the unemployed worker. To date total benefit checks amount to four and a half million, and Texas has twenty-seven and a half million in her reserve fund.—Ralls Banner.

Real cause for optimism is contained in the statements of 20 outstanding business executives of the nation, which summarizes the general opinion that business conditions have been improving that the outlook for continued improvements is bright, and that the buying public's psychology for the future seems favorable.—Community Weekly.

In a frog's croak there is believed to be some sort of expression of physical wellbeing. A good shower of rain cheers a frog in lovemaking as nothing else will, and it is then that choruses reach their climax, so that the bullfrogs in a southern swamp may be heard a mile away.—Panhandle Herald.

FLOYD COUNTY 14 YEARS AGO

News items taken from files of the Floyd County Hesperian published in Floydada fourteen years ago.

(Issue Of August 28, 1924)

A great many people say cotton requires 45 days to mature a grown boll from day it blooms. Others say 50 days is the time. While still others will tell you that 40 days is ample time to give cotton to mature. The variance in the time is due somewhat to the variety of cotton it is said.

Proof that some cotton, at least, will mature in 40 days is given by the R. C. Dunavant field on the Beedy place south of town. Mr. Dunavant and N. G. Jackson of the First State Bank, on July 12th, found the first blooms in the Dunavant cotton. On August 22, 40 days thereafter, they found several open bolls in the field that were wide open and ready to pick.

WASHINGTON LETTER

BY SPECIAL CORRESPONDENT

WASHINGTON. — Elmer F. Andrews, administrator of the new wage-hour law, will probably be a "middle-of-the-roader."

Opinion here is that Andrews will try to enforce the act more vigorously than Secretary of Labor Frances Perkins desires, but less energetically than labor leaders will urge. Reserved in manner and speech, shunning grandstand play, and armed with a dry sense of humor, he is likely to do a good job in a tough spot.

Andrews is expected to insist on being his own boss. He has already secretly determined to establish his own legal and public relations-information bureaus instead of relying on those of the Labor Department. These are key bureaus.

Transcripts of the testimony of John Lord O'Brien, special counsel for TVA in court fights on its constitutionality, before the congressional committee investigating TVA at Knoxville, have been circulated by TVA officials.

The stratagem is this: O'Brien was the Republican assistant to the attorney general in Hoover's administration and his testimony backs up the charges of TVA's own lawyers that Arthur Morgan, former chairman of TVA, interfered with them to the extent that he jeopardized their case while they were fighting for TVA's life. Originating with a Republican, that kind of testimony is calculated to strengthen the position of Arthur Morgan's foes, Directors David Lilienthal and Harold C. Morgan.

After hours: The staff of the LaFollette committee holding public hearings on the "little steel strike"

had been working far into the night at the end of each day, preparing each next day's examination of the public Steel witnesses.

On the night the committee hearings ended, the staff decided to throw a little party at the Sherrington Terrace, swankiest of Washington's night clubs.

And so did officials, publishing men, lawyers and police of the public. Result: the two groups found their tables adjoining and there ensued extended greetings and post-mortems. Drinks were bought freely by the people from Republic for the LaFollette staff that a few hours earlier had thronged the committee grille.

Circus Fans' Organization Declares Show Must Go On

The caper-cutting clown . . . the pretty lady on the horse . . . are these passing from the American scene, to become something out of the past to future generations of wide-eyed kids?

If the newly-formed Circus Fans' Association of America gets its way, President Roosevelt will soon be looking at a petition signed by 500,000 children and asking him to do something about the fast disappearing circuses.

With the "big tops" battling (many have already given up) what is probably the worst financial year in their history, the Circus Fans resolved in convention at Madison, Wis., to "keep the circus from going the way of the small town opera house."

There have been about a dozen major casualties in the business this summer and only one really big circus is now showing in the United States. Insiders blame the weather, and the fact that too many new shows hit the road in an attempt to cash in on what looked like a banner season. But whatever the reason, the fans are staying away from the tents in great droves.

Small town as long as there is a small town left. Just the same, even the elephants can't remember when things have been as tough . . . when so many human skeletons, ferocious man-eaters, and pretty girl acrobats were out of work.

As the crusade goes forward the American Federation of Actors, A. F. of L. affiliate, has charged before the National Labor Relations Board that Ringling Brothers and Barnum and Bailey Circus deliberately taxed its shutdown this summer to get from under a union contract with its 1200 employees.

The complaint states that up to the time the show closed in Scranton, Pa., following a strike, the management had cleared \$250,000, largely due to a profitable run in New York's Madison Square Garden.

So while one group asks the President to do something about the circus, another group asks the NLRB to do something different about the circus.

Cloverlake Takes Third Prize From Strong Girard Ten

All Four Teams Eligible To Enter Regional Tourney At Sweetwater

Floydada (All-Stars) Oden Chevrolet copped first prize in Floydada's first AASA District softball tourney Friday night when they won from a strong Lorenzo team 10 to 3 behind the sterling elbow work of "Long John" Smith and heavy hitting by his teammates.

Starting off like a house afire, Smith fanned the first two men but a walk, a hit and error, and another hit chalked up three tallies before he had the third out.

Floydada tied the score however in their half of the first as Chapman, lead off man, drew a walk, Finley popped out, Daily dug in and hit a home run far into left field scoring two, Holt walked, Curry walked, Lowe walked filling the bases, Holmes hit a hard high one that was handled for an error, Holt scored tying the count. Quirk and Jerdon popped out.

A walk and a hit in the third inning gave Lorenzo a one run lead, 4 to 3. In the fourth they repeated with a walk and a hit to get their final chalk and lead 5 to 3.

Odens Go To Work
The Chevrolets went to work in

their end of the fourth. Quirk singled, Jerdon's fly was handled for an error and he was safe and Quirk made second. Smith fanned, Chapman hit a long fly to deep center field advancing Quirk to third, Finley hit a high ball to right short that was dropped making him safe, Quirk scored from third.

Daily drew a walk, Holt drew a walk, Curry hit a whistling single to right field scoring Jerdon, Finley and Daily. Lowe flew out retiring the side.

Smith's steady mound work and heady fielding kept Lorenzo away from the base paths and in the fifth Floydada returned to the wars. Holmes popped out, Quirk drove a ball into deep right for a triple, Jerdon was safe on an error, Long John Smith leaned his long frame into a high outside pitch for home run, scoring Quirk and Jerdon ahead of him. Chapman singled but Finley and Daily flew out, retiring the side and ended the scoring for the night.

Fan Ten
Besides getting a home run, Smith, fanned 10 Lorenzo batters, walked four and gave up five runs. Starting wild, he settled down as the game went long until Lorenzo was bottled up between good fielding and a whistling fast ball that sailed by for strikes.

CLOVERLAKE SMACKS GIRARD HARD

Plainview Cloverlake copped third place money from Girard's team in the first game Friday night by a score of 13 to 8, behind the pitching of Neely.

The Plainview flinger gave up seven hits, eight runs, while his mates contributed six errors. Girard switched pitchers almost every inning, all combinations gave up six hits and 13 runs, with the mates giving a total of nine errors.

Plainview started the fireworks with four runs in the first inning off one hit, a home run by Blackwell. Girard regained the lead in their half with five runs off two hits, four errors helping.

Plainview matched the five run spurge of Girard's with one of their own in the second. Five runs from no hits, four errors and a couple of fielders choice helping. Plainview added a run in the third and fourth and two in the seventh inning.

Girard collected runs in the second, third and fifth innings.

The Deadline (By Bill Hams)

Merrily we roll along—roll along—roll along merrily we roll along toward pickin' time.

Even before the softball tourney was over the followers of the pigskin had begun to whisper among themselves and begin their corner and drug store session that will determine the district champion even before the first game is played.

Although expected today or tomorrow Coach Odell Winter, the Whirlwinds mentor, has yet to arrive and begin practice sessions with his 1938 hopefuls. Undoubtedly he will be here this week end and begin his practice Monday morning.

Flomot and other schools in the district began their maneuvers this week in preparation for the grid battles beginning in September. The Whirlwinds will have to buckle down to match this extra week of training these other schools have obtained.

Winter is a past master at whipping the boys into shape and the work gained in spring training should help a lot toward speeding up fall training. Just what team will be the first opponent this fall has not been definitely decided so far as can be discovered here.

Negotiations may have been going on that have decided that point however although the first game this year will be at least a week later than the first one last year.

Flomot and "Buck" Jackson crossed everyone up. Last week they were headed for the Brazos river for training but this week they turn up on the hills where the Indians ground their corn, Roaring Springs, with plenty of material for a 10-day training camp.

Flomot feels like the world fell on them. They lost six (6) men through graduation... all except one were linemen. The 32-man delegation to the Springs will be headed by Red-Streak Amoneit (two times on the district eleven) and J. C. Martin, co-captains.

Where Flomot can dig up 32 men to play football is a mystery to everyone except those that know Buck Jackson. Undoubtedly Jackson is the "workingest" coach in these parts when it comes to looking for material.

The laurels just have to be passed his way on that angle. Flomot is a one-cylinder town but it has an eight cylinder football team and a 16-cylinder coach all of which should just about show this district some football.

Next to seeing Floydada win the district, most everyone in Floydada would like to see Buck Jackson and his boys cop the crown. Just so Spur doesn't grab it off again... but the Bulldogs are going to be double tough.

Below is listed the boys who made the trip to the Springs and the schedule for Flomot.

Thayne Amoneit and J. C. Martin, co-captains; Leldon Brynum, manager; James Washington, assistant manager; Wilmer Marley, Truett Pritchett, Wilmer Marley, Orville Marler, Floyd Tiffin, W. B. Gilbert, Howard Standifer, Eural Ellis, Joe Thomas, Elmo Nall, Weldon Slayton, Gordon Turner, Losey Gilbert, Jonnie Jacobs, Farris Martin, G. C. Waters, J. H. Webster, Geoffrey, Waters, Quin Martin, Frank Vincent, Lewis Titus, Bud Baron, Jack Cates, Joe Fisher, LaJuene Turner, Sylvester Purcell, Leon Cloyd, and Odel Purdy.

League Clay, Steve Thomas, Billy Landrey, and Dale Bourland, are conditioning themselves for play on the freshman team at West Texas State.

Schedule:
Sept. 16—Swenson at Flomot.
Sept. 23—Open date.
Sept. 30—Happy at Flomot.
Oct. 7—Paducah at Paducah.
Oct. 14—Floydada at Flomot.
Oct. 28—Matador at Matador.
Nov. 4—Spur at Spur.
Nov. 11—Lockney at Flomot.

THIS TAVERN OBSERVES THE LAWS

When you drink Beer in a tavern... choose your tavern

WHEN YOU restrict your patronage to legal, respectable retail outlets, you not only encourage those better outlets but you've made a start toward driving out the bad spots in your community.

And that is exactly the aim of the great body of honest retailers of beer who, along with the brewers, recognize that Beer's only problem is to remove the anti-social conditions that sometimes surround its sale.

Existing laws can curb these evils. Help us by demanding their strict enforcement! Sales to minors, or after legal hours... or use of a beer license as a screen, for selling illicit liquor or for operating an illicit resort... all these are violations of the law and should be stopped. Public opinion, once aroused, can see that such practices are stopped!

Elder Clark Will Preach For Church Of Christ Meeting

Elder N. L. Clark, of Fort Worth, will preach for a meeting to begin here on Sunday, September 4, and which will continue through September 18, it was announced this week. Appearing in the pulpit for the Wall Street Church of Christ, the city pastor will preach at the city park tabernacle. Elder Clark, who has preached for the congregation here in times past, is looked upon as one of the most able ministers of the church in this section, and members of the congregation are very glad to have his promise to be here.

Payne Calls Regular Association Meeting

The regular meeting of the Old Peoples Good Government association will be held Saturday afternoon at 2 o'clock in the court house in Floydada. It was announced this week by W. W. Payne, president of the organization. In making the call he issued the following statement:

"There is going to be something doing at this meeting which should concern each and every member, so be on the job and help us to help you. Please do not overlook the fact that we endorsed O'Daniels for governor, also Pierce Brooks for lieutenant-governor, Gerald Mann for attorney general, and Jerry Sadler for railroad commissioner. So when you go to the polls next Saturday don't forget that you have obligated yourself to support these three candidates. It's our duty to stand by our obligations. Will you do it?"

Rev. Duke C. Jones To Begin Revival At First Christian Sun.

Duke C. Jones, evangelist of Newman, Georgia, will arrive in Floydada this week end to begin a series of services at the First Christian church, Sunday morning. Rev. Jones comes to the church recommended by some of the most able ministers of the church. Rev. Gordon G. Volght is the local pastor of the church and will assist in the services.

Cecil Hagood with his father, V. C. Hagood of Tulsa, and his brother, H. D. Hagood of Petersburg, spent last week at Dumas and Pine Bluff, Arkansas. The elder Mr. Hagood was coming there and went to attend a home reunion of old-timers of the community.

Mr. and Mrs. W. A. Goss and daughter, Yvonne of Waco were guests of Mrs. Goss' cousins, Mrs. Robert McGuire and Mrs. W. A. Asburn Jr., and their families last Friday.

ARE WE GOING TO HELP THE POLITICAL RACKETEERS?

We, the common people, elected W. Lee O'Daniel, believing that he would free our halls of government of professional politicians, as he promised during his campaign. Now he has either betrayed us and the confidence we placed in him, and that while hiding behind the Lord with a prayer and a psalm on his lips; or else he has fallen victim himself to those same politicians. For he has already, even before taking office, placed his endorsement upon three of the most notorious politicians in the state. It is not for us to say, only for Mr. O'Daniel. And we dare not believe him again, whether he deliberately turned his back on his campaign promises and the faith we placed in him and has become the ace politician of them all, or whether he was dumb enough to let himself become hoodwinked this early.

Anyhow the deed is done. The thing for us to do now is to see to it that these other political racketeers do not get into office, by voting for those other men who are running on their own record of integrity, without the backing of the political machine at Austin. If we place Gerald C. Mann in as attorney general, for instance, we will have one effective check on political crookedness, from whomsoever it comes, for Mann will be on the job and will expose without fear any betrayal of the people. He has done it in the past. Will we vote for those "experienced" politicians, Woodul, Terrell, Stevenson and the others, whom Governor-elect O'Daniel endorsed and who are members of the same political gang that he promised to rid us of? Or will we exercise our prerogative as free citizens of a gloriously free country and vote for those honest men who are running on their own and who will not be under obligations to big corporations? Our fathers worked and sweated and fought and died to give to us this land of the free. And one of their most cherished possessions, next to the right to worship God according to the dictates of their own consciences, was the privilege of voting as they wished. What do you think would be their answer to O'Daniel's dictatorial policy in trying to put his henchmen in all the key positions of Texas? Do you think they would stand for such an un-American, undemocratic, un-sportsmanlike deal? Do you know they would not.

So let us, who are reaping the good from the work of those brave and honorable men who were our fathers, stay true to their principles and ideals of government, and go to the polls Saturday and exercise the privilege which they suffered to bequeath to us, and vote for those honest men who will save our state from the most crooked political ring Texas has yet known. Let's preserve for ourselves and for our children a Texas free and unfettered from political machines.

Floydada Public Schools To Begin Monday, Sept. 5

Commercial Department Still Without A Head, Cummings Says Wednesday

Floydada Public schools will get under way Monday, September 5 under their 1938-39 school program.

The high school will be headed by Superintendent A. D. Cummings and Principal O. K. Davis while J. H. Myers will be at the helm in Andrews Ward. While plans are not complete for the school opening at present it is expected that final arrangements will be made this week and next week for the beginning of the new year.

Late Wednesday afternoon Superintendent Cummings said that a commercial teacher had not been secured and that it was possible that one other position might not be filled, although it was believed that the commercial job was the only opening.

The ward school faculty will be made up of J. H. Myers, Brady Thomas, Miss Alva Weatherford, Mrs. J. N. Johnston, Miss Bernice Dallinger, Miss Vera Meredith, Miss Maudie Meredith, Miss Ruby Norton, Miss Margie Norton, Miss Jane Hughes, Miss Verville Busby, Miss Elizabeth Caldwell, and Miss Nancy Ann Hadsell.

New Teachers

N. T. Camp will be the band instructor for the year, having had his members working all summer and exceptionally fine organization is expected in his department.

Miss Nancy Hagsell will have charge of the physical education department. She is a graduate of TSCW from Denton.

Miss Elizabeth Caldwell will teach public school music. She is a graduate of TSCW from Perryton.

Mrs. Eva Piper will have charge of the library and English department.

DR. C. K. ARNOLD HAS CHARGE ROTARY PROGRAM

Dr. C. K. Arnold had charge of the Rotary club program Wednesday. He presented Rotarian Kirk who spoke to the group on "Vocational Service"

A. D. Cummings followed with a talk on the political situation in Austin and described a section of the Texas University library. Bob Medlen instructed Bill Hams, new Rotary member, on Rotary and its early history.

L. C. McDonald: "You are not at liberty to quote me, but Wilson Kimble told me that some old timers told him the other day it would come a good rain next week."

J. E. Newton: "There's a lot of cotton on the plains that looks like it won't do much good."

Marvin English: "I saw old Jack Henry in the veterans' hospital at Fayetteville Saturday. He sure looks good and is doing fine rared back in a cool bed on the third floor. But he's mighty lonesome. Everybody that is in a hospital off from home ought to get at least post cards a day from their friends."

Mr. and Mrs. Alfred Hutcherson and children of Memphis were guests Saturday and Sunday of Mrs. Hutcherson's mother, Mrs. J. S. Solomon and other relatives.

Mrs. James E. Thornton and family of Arlington are visiting her parents Mr. and Mrs. J. M. Wright this week. They came Monday.

Kirk And Sons Plan Canning School On Tuesday, Aug 30

Canning Expert To Hold Canning Demonstration For Floyd Co. Women

Mrs. Alisse Chaptman, of Dallas, Texas, home economist of the Ball Brothers Company will be in Floydada August 30 at 2 p. m. at which time she will give a free demonstration at Kirk and Sons Hardware in the proper modern method of canning meats, fruits and vegetables in glass.

Mrs. Chaptman is a graduate of East Central State Teachers' College in Oklahoma and was formerly connected with the extension department of Oklahoma A and M College. During her many years of experience she has specialized in the art of canning.

Mrs. Chaptman has done extension work in the culinary department working with different clubs interested in the progress of better foods for home uses.

This demonstration is being sponsored through the courtesy of Ball Brothers Company, who, for over 50 years, have been manufacturing the World's famous mason jars for canning of fruits, meats and vegetables, under the U. S. government approved methods of steam pressure, hot water bath and open kettle canning.

Mrs. A. E. Shelton and her daughter Miss Mae returned Sunday from Carlsbad, New Mexico where they visited Mrs. Shelton's daughters Mrs. Joe Carlton and Mrs. Dick Vosberg and their families. Her son Joe accompanied them to Carlsbad but remained for a longer stay with his sisters.

Mrs. C. H. Davis and son, Billie Clyde, returned to their home Monday in Kilgore after spending the past week here as guests of Mr. and Mrs. J. C. Gilliam and other friends.

Dr. and Mrs. E. A. Hopkins left last Wednesday for their home in Miami after a week's visit with their daughter, Mrs. Jack Henry, and son, Jack Hopkins.

Mrs. Keith Arnold returned to her home in San Angelo, after a visit of several days here with her sister, Mrs. Jack Henry.

News Review Of The Week

Tuesday, August 16

WASHINGTON — "Unless business improves" the government is going after more of "our" salaries through the income tax route. Already certain congressmen, Harrison of Mississippi in particular, are saying that the little wage earners are going to have to dig up income tax money. Undoubtedly within a few years our congress will pass a law outlawing all incomes over \$100 per year and confiscate all money earned over that amount. The congressmen must be paid.

WAYCROSS, G. — In a cheer-punctured speech, Senator Walter F. George repudiated by President Roosevelt as "not a liberal," waived the "bloody shirt" of the civil war days before his listeners and said President Roosevelt's visit was a second march through Georgia.

Another Cut Asked
WASHINGTON — The Agricultural Adjustment Administration announced today that it would pay the nation's wheat farmers a subsidy of from 26 to 30 cents a bushel for compliance with a planting program calling for a 31 per cent reduction in acreage next year. Why not ask the railroads for a 31 per cent reduction in freight rates?

FORT WORTH — W. Lee O'Daniel denied today that he was attempting to be a dictator. "I am not dictating in any sense of the word. The choice of whom they shall vote for for every office is still in the hand of the individual voter." How well that will be illustrated in the second primary shall be seen.

Wednesday, August 17
WASHINGTON — Five Texas cities last night felt that they had obtained the new \$1,435,000 veterans hospital which will be located in some Texas town. Dallas, Fort Worth, Amarillo, Wichita Falls and Colorado were all more than hopeful.

SAN DIEGO, Calif. — An attractive young woman was scratched to safety from a top floor ledge of a 10-story building today after she had perched there for half an hour threatening to leap to the street below. The whole stunt was believed to be some "publicity" scheme by California residents.

Mrs. Alisse Chaptman, home economist for Ball Brothers Glass company, will conduct a free canning demonstration August 30 at Kirk and Sons hardware, located on the north side of the square. Mrs. Chaptman will demonstrate correct and economical methods of preserving meats, fruits, and vegetables.

No Hermit

CARVER, Mass. — Fifteen-year-old Alfred Dwyer today emerged from the Miles Standish State Forest ending a five-day self-imposed hermitage. He led 150 searchers a merry chase before he voluntarily appeared.

CAMP BULLIS — Brush fires halted hostilities several times during the past week between blue and brown forces of the Third Army. The two armies called an "armistice" to halt a brush fire that threatened a large arsenal.

Thursday, August 18
NEW YORK — District Attorney Thomas E. Dewey told a New York supreme court jury that James J. (Jimmy) Hines, 61-year-old Tammany district leader was paid \$500 a week, always in cash, in return for political protection for the late Dutch Schultz's multi-million dollar policy racket.

CROCKETT — Six of eight convicts who engineered a break from Eastham Prison farm lay dead tonight, the slaying of one leading to murder charges against a prison guard and the promise of a prison board member to investigate circumstances of his death.

Politics Hot

New York — National politics grew steadily hotter this week as President Roosevelt continued his "purge" on conservative Democrats. Senator O'Connor of New York was all set for a reply to President Roosevelt. Over the entire nation voters kept one eye on national politics and the other on state politics.

CLEVELAND — From the left thumbprint of Cleveland's eleventh torso victim police hoped tonight to gain a clue that would lead to the field slayer who has discarded an even dozen bodies in three years of butchery.

Friday, August 19

NEW YORK — Rep. John J. O'Connor set up the usual howl against President Roosevelt in a radio talk yesterday. Almost every other word of the entire speech was "dictator." Using little intelligent reasoning O'Connor just warned and cried "dictator" in the hope that the people would listen.

DALLAS — Men who have known Floyd Hamilton all of his life and peace officers are skeptical that Hamilton is responsible for all of the crime charged to his record. "He would have to be octuplets or a centipede" one sheriff said, "to commit all of the crimes we hear charged to him. He would have to be in a dozen states at once."

New Chain

NEW YORK — A chain of 23 Texas radio stations, organized by Elliott Roosevelt, will become affiliated with the Mutual Broadcasting system Sept. 15. The new chain includes Amarillo and Lubbock.

WASHINGTON — Secretary Wallace indicated today the United States would match foreign competition in order to place at least 100 million bushels of surplus wheat in world markets.

Saturday, August 20

WASHINGTON — President Roosevelt's speech on world affairs was warmly praised throughout Great Britain yesterday as a marked new step in emphasizing the essential fellow-feeling among the Democratic nations.

LONDON — Annoyed and puzzled, the British foreign office today demanded the release of Capt. Thomas Kendrick, British passport officer in Vienna, of Germany. He was arrested by German secret police who failed to explain why he was arrested.

Saturday Shutdown

AUSTIN — The possibility of a return within the near future to statewide Saturday oil production shutdowns was emphasized by the Railroad Commission after the monthly proration hearing here.

FORT WORTH — W. Lee O'Daniel, governor-nominee, said yesterday at his press conference he did not recognize as any of his original supporters in Dallas the men who are sponsoring a protest meeting in Oak Cliff, Dallas. He said he believed in a man speaking out what he believed.

Sunday, August 21

FORT WORTH — W. Lee O'Daniel

Daniel told the people of Texas today he believed that if they cooperated with him the state would be paying old age pensions in full by early 1939.

WASHINGTON — Assistant attorney general Thurman Arnold hinted yesterday that he would ask Congress to declare the oil industry a public utility. Under such a ruling laws would be passed empowering the United States to govern prices and regulate the industry.

War Worries

LONDON — War worries gripped the world anew as Germany began her annual air maneuvers in the general direction of Caesocholovakia. Japan and China continued their grappling while Japan keeps an eye on Russia. Spain kept up their revolution but little gain resulted for either side.

HYDE PARK, N. Y. — Complaints against the labor board's administration of the Wagner Act coupled with a request for certain revisions of the labor act were laid before President Roosevelt by William Green, A. F. of L. president.

Sunday School Lesson

International Sunday School lesson for August 19, 1938
LESSON IN RESPONSIBILITY

Golden Text:—Train up a child in the way he should go. Proverbs 22:6.

Lesson Text:—I Samuel 2:12-4:12.

Printed Text:—I Samuel 3:11-14; 4:12-18.

11 "And the Lord said to Samuel, Behold, I will do a thing in Israel, at which both the ears of every one that heareth it shall tingle.

12 In that day I will perform against Eli all things which I have spoken concerning his house: when I begin I will also make an end.

13 For I have told him that I will judge his house for ever for the iniquity which he knoweth; because his sons made themselves vile, and he restrained them not.

14 And therefore I have sworn unto the house of Eli, that the iniquity of Eli's house shall not be purged with sacrifice nor offering for ever.

12 "And there ran a man of Benjamin out of the army, and came to Shiloh the same day with his clothes rent, and with earth upon his head.

13 And when he came, to Eli sat upon a seat by the wayside watching; for his heart trembled for the ark of God. And when the man came into the city, and told it, all the city cried out.

14 And when Eli heard the noise of the crying, he said, What meaneth the noise of this tumult? And the man came in, hastily, and told Eli.

15 Now Eli was ninety and eighty years old; and his eyes were dim, so that he could not see.

16 And the man said unto Eli, I am he that came out of the army, and I fled to day out of the army.

And he said, What is there done, my son?

17 And the messenger answered and said, Israel is fled before the Philistines, and there hath been also a great slaughter among the people, and thy two sons also, Hophni and Phineas, are dead, and the ark of God is taken.

18 And it came to pass, when he made mention of the ark of God, that he fell off from the seat backward by the side of the gate, and his neck brake, and he died: for he was an old man, and heavy. And he judged Israel forty years.

Time and Place: The events of this lesson occurred between B. C. 1165 and B. C. 1140. The city of Shiloh, where the ark of the covenant was kept during this period, was north of Bethel.

A sad, sorry figure in Scripture and in history is Eli, the high priest to whom Hannah brought her little son, Samuel, to be brought up in the service of the temple. Eli typifies many well-intentioned but inefficient parents.

Eli was apparently a good man. Nothing is recorded against his own personal integrity and uprightness. So far as we can judge, also, he was a faithful priest. Yet he failed in one of the most essential things, and the failure indicated a crucial weakness of character that did not show any actual moral delinquency.

He lacked the power, insight, or will to train and discipline his own sons. The record puts it very plainly and flatly, "His sons did bring a curse upon themselves, and he restrained them not."

The story is an illustration of how the wayward and evil-doing children can bring tragedy to themselves and to their parents.

The evil in these sons of Eli was deep and flagrant. Moreover, it ought to be noticed in dealing with this lesson that the evil of these sons of Eli was very much like the evil in many perverse young people today.

They flouted the idea of moral discipline. In their eyes there was no such thing as purity. They were all for natural instinct and indulgence. They did not restrain themselves, as Eli did not restrain them. Moreover, they chose the very environment of the temple where their father ministered for their vile deeds.

It was essentially the type of unrestraint and so-called "self-expression" that many people are advocating and practicing today in defiance and contempt both of social convention and the moral code.

The thing could not but end badly, and we may be perfectly sure that similar things will end badly today.

These sons of Eli were dishonest grafters as well as moral reprobates. When you get laxity, dishonesty, or grafting in church or state, it is not long until church and state become weakened and ready to totter with the corruption. The personal goodness of men like Eli, who permit wrong, is not sufficient to save the situation.

The tragedy in this case was not that he could not see.

16 And the man said unto Eli, I am he that came out of the army, and I fled to day out of the army.

hoped that they might find safety and victory by bringing the Ark of the Covenant into the battle.

It is an old story for men to turn to some magic of religion when they have neglected moral duties and moral character. The Ark was carried into the battle by these rascally sons of Eli—Hophni and Phineas. It was a stark and terrible day for Israel. The Israelites were completely overwhelmed.

The Ark of the Covenant was captured, and when the news came to Eli, the old man was so overcome that he fell backwards, breaking his neck, and died. He had judged Israel for 40 years, but a well-intentioned record had been blackened and ruined by his weakness.

Amateur Photographers To Get Chance At Prizes In New Contest Sponsored Here

For-All Is Theme Of Picture Taking Contest Due To Start Monday

You can click the shutter on your camera and win a prize! It's almost as simple as that every entry stands a chance to win a weekly prize at absolutely no cost to themselves.

One sponsoring this contest is a whoop wheather you use a camera or a Leica with super-photo lens . . . what they do though is pictures . . . prize pictures taken by your own hand.

You may have a winner in your own home . . . if you do enter it there is a million things in the city that will make a prize winning print. Children, pets, people, scenery, farming, cattle, etc., are all subjects.

Rules Listed

The sponsors of this contest, Arwine Drug Company, Bishop's Pharmacy, Frogge's Studio, Roy Holmes and White Drug Company have agreed on the following rules of cooperation with The Hesperian conducting the contest.

The contest is open to all Amateur Photographers living within the boundaries of Floyd County.

There is absolutely no fee to enter.

No professional photographer may enter the contest nor will any prize be accepted for a prize.

Developing and printing of amateur work may be done by a professional.

A contestant may enter any number of prints in the contest, but each must be accompanied by an entry blank properly filled out and mailed.

No prints less than 4 by 6 inches will be accepted since smaller prints lack necessary detail for enlarging. Prints larger than 5 by 7 inches are bulky.

Cash awards of \$1.50 will be awarded the print judged first, and \$1 prize will be awarded the print judged second. There shall also be one honorable mention each week. Prizes will be awarded weekly.

Judges decision are final. Names of winners will appear each week in The Hesperian. The Hesperian does not assume responsibility for prints lost or damaged, however, reasonable care will be taken of all entries.

All prize winning prints become the property of The Hesperian. All other prints must be claimed two weeks after date of filing or they shall become a part of the files.

If a prize is not claimed in person by the winner within ONE Week after publication of their name, the prize will be considered forfeited and shall be added to the following week's prize.

Mail or bring all entries to Photo Editor, Hesperian Publishing Company, Floydada, Texas.

Entry blanks may be obtained from Arwine Drug Company, Bishop's Pharmacy, Frogge's Studio, Roy Holmes Studio, or White Drug Company.

Winning prints will be engraved and published at the end of three weeks in the Hesperian.

The contest officially begins Monday, August 29, with no closing date set by the sponsors. Prints will be judged each week end. Prints not entered in time for one week will be automatically entered into the following week's contest.

So now, boys and girls, oldsters, and youngsters get out your box cameras, minileams, graflexes, kodaks or what-have-you's and get a wad of this prize money that will be passed out.

Remember! Nothing to lose . . . no catches . . . plenty of fun . . . and above all cash prizes for your pictures.

Buy your film from your local drug stores and have your local studios develop and print them.

JUDGE MATHEWS HOME

Judge L. G. Mathews returned home last week from Camp Bullis in south Texas where he spent three weeks on an encampment of the Texas National Guard, which was engaged with other area units in an army maneuver to test the defense of the nation.

He served as an officer in the quartermaster corps during the maneuvers.

Army Attacks Chicken—It's still true that an army fights on its stomach, so an important part of the first large scale army maneuvers in the deep South was "chow" time. Part of Natchez company of the 155th Mississippi Infantry is shown here in a realistic attack on some fried chicken. About 24,000 men and 3000 officers took part in the war games.

To The Voters Of Precinct Number Four

On Saturday, August 27, as all of you know, it will be your privilege and duty to vote for and elect a commissioner to serve you for the next two years. I shall appreciate the continued help of my friends who supported me in the first primary. To those who voted for my opponents, I have nothing but the kindest regards and take this last opportunity to ask for any assistance that you may see fit to give me in the primary Saturday.

I believe I fully realize that this is a very important office. And should I be elected your commissioner, I will give the duties of the office my undivided attention and do my best to see that each taxpayer and community are served on an equal basis. It will also be my intention to cooperate with the other members of the commissioners court in a concerted effort to take care of the county's business as a whole.

Thanking you for all past favors and assuring you that I shall appreciate your support and influence on next Saturday, I am,

Respectfully yours,

H. J. (Hugh) Nelson

Debt Conferences Among Activities Of FSA Recently

Committee of Farmers Aid In Untangling Snarls In Frozen Assets

Farm Debt Adjustment Supervisor, Peter F. Murry of the Farm Security Administration met recently with a number of farmers in this county in an effort to secure debt reductions or obtain an extension of time on current obligations.

Murry works with the local supervisor, Claude C. Carpenter, in securing debt information; then a local committee of farmers recommend reductions on old notes where the collateral has depreciated to a point below the value of said note, at other times it is possible to secure an extension of time on notes now due whereby farmers may keep their livestock equipment or land and pay out at next harvest. The Debt Adjustment service is offered any and all farmers in the county in need of the service.

Savings to farmers in Region Twelve of the Farm Security Administration through its Farm Debt Adjustment service amounted to \$1,736,826 during the last fiscal year according to a report received by Mr. Carpenter from L. H. Hauter, regional Director of this federal agency in Amarillo, Texas.

WHEN IS CREDIT TIGHT OR LOOSE?

The tapeline shows your waist line. Last fall it was 40 after a summer of golf. Now it is 45 after a winter indoors. But the tapeline is the same.

The loan tapeline does not vary either. Credit doesn't get tight or loose. Instead, business profits get better or worse in some years. And bank credit tells the story.

The real answer to the question is this: If a business is sound; if its customers are buying and paying, it will have little occasion to worry about so-called "tight bank credit," whether it be currently classed as a "big business" or a "little business."

WHEN IS A TAPELINE LONG OR SHORT?

Mr. and Mrs. J. G. Cage and Mr. and Mrs. Crafton Hay and daughter Milly of Dougherty attended church here Sunday night.

Miss Jewell Southerland, who has been a guest for the past week in the C. A. McClure home returned to her home at Amarillo Sunday. She was accompanied as far as Plainview by Misses Martha Lou and Rachel McClure. Misses Martha Lou and Rachel McClure joined on to Hale Center where they were the dinner guest of Mrs. Wesley Davis.

Mr. and Mrs. Norris Wilson and daughter, Mary Jane of Abilene were week end guests of Mr. and Mrs. Bert Affeck. Mary Jane remained here while her parents are on their vacation in Colorado and other points west.

The community ice cream supper at the school house Saturday night was enjoyed by a large crowd.

Mr. and Mrs. Grady Weisinger and little daughter are visiting her parents in Fort Worth this week.

Mr. and Mrs. Cleve Wolfe of Farmersville and Mr. and Mrs. Mark Watson of McKinney visited one day last week in the J. H. Watson home.

Hershel Powell of Lubbock spent the week end here with home folks.

Roaring Springs Re-Union Of Old Settlers Started

Motley-Dickens County Assembly Expected To Draw 5,000 People

(By Mrs. M. S. Thacker) Complete arrangements have been completed for the Old Settlers Re-union, August 25 and 26, at Roaring Springs, where old timers of Motley and Dickens counties gather today while a crowd expected to near the five thousand mark enjoys varied amusements. Thursday is designated as Pioneer Day. The association program, about which centers a greatly expanded celebration, will begin, as is customary, with a Memorial Service for those members who have died since the last reunion. This service is being conducted by Rev. M. M. Young of Spur, assisted by Rev. E. L. Naugle of Roaring Springs, and began this morning at 10:45. A song service led by J. L. Sechrist of Roaring Springs, and the first session is to close with a prayer by W. W. Webb of Tyepe Flat. This afternoon a goat roping contest will be held, and at 1:45 musical numbers will be played by the Brown Brothers string orchestra. At 2:00 o'clock George S. Link, Sr. of Spur, will make the welcome address, and C. B. Whitten of Matador, will give the response. Dedication of the old settlers tabernacle will be made by G. E. Hamilton of Matador and Judge Fires of Childress. Early day experiences will be recounted by residents of forty years or more, beginning at 3:30, followed at 4:00 o'clock by a free ball game. From 6:00 to 7:00 o'clock an amateur hour, for young people up to 20 years of age will be conducted, leading to a cash prize. Friday morning will lead off with a fiddlers' contest, open to fiddlers 20 years of age or over, at 11:00 o'clock. Goat roping finals will take place at 12:30, and at 2:00 o'clock C. L. Harris will speak. A home talent musical will follow, and at 4:00 o'clock more free baseball, this time a double-header, will be played. The last official part of the program is a business meeting. In addition to the regular association program, amusements offered include a carnival presented by the Dudley Shows, modern and old-time dances, and skating. Special badges will be given to all attendants who have lived in the two counties 40 years or more, and this same group will be honored by a special edition of the Matador Tribune, which will be sold on the grounds in cooperation with the association. Proceeds will be divided 50-50 with the association.

HINSON FAMILY REUNION IS HELD IN ABILENE

Mr. and Mrs. E. E. Hinson and children, Emmett Earl, Herschall and Beth, returned home Sunday night from the third annual reunion of the Hinson family held over the week end at Abilene State park. Grain Drill Ad No. 980

All-Steel Hoppers on McCormick-Deering Grain Drills Make Them Better Than Ever

Now you can get all-steel hoppers on McCormick-Deering Grain Drills. This new feature combines with the steel, bridge-type main frame to hold the feeding mechanism in proper alignment, assuring unusual drilling accuracy and long drill life. These hoppers of rust-resisting, heavy-gauge steel containing copper will not sag, warp, split, or rot. The divided hopper lids are water tight and grain tight. A one-piece steel hinge extends the full length of the lid. Spring locks hold the lid wide open or tightly shut. The lids provide a grain-tight surface against which the seed can be poured without spilling on the ground. The fluted force feed and double-run feed have been improved also, and roller bearings in the fully enclosed end axle boxes provide light draft. We can supply your drill needs, whatever they may be, from the complete McCormick-Deering line. Stop in and see us the next time you are passing the store.

MAC THAT'S TELLING HER! BY BOUGHNER

County Agent Notes

(Continued from page 1.)
SUBSIDY APPLICATIONS
 County A. S. A. office is now signing up 3 cent subsidy application on the 1937 cotton crop. If some producers have not received their notices they might be able to be waited on early in the morning or in the

afternoon between 4 and 5 o'clock as the office is not rushed at this time. A record of all cotton sold or put in loan to be furnished at time application is made.
 The checking of compliance is practically complete and calculation about half completed. It is anticipated that all calculation will be complete by September 1, after which time each producer can re-

port to the A. A. Office and learn his field areas and verify them for the final report of performance.
Cane And Sudan Bundles Not To Be Sold
 The question has been raised as to the consequences of a producer harvesting sudan grass or sweet sorghums in the bundle and selling the bundles to another producer, who might either thresh the grain or place the stalks in a silo.
 This ruling has been received in answer to the above question: "Sweet sorghums and sudan grass sold in the bundle are sold at the risk of the person who produced it. If the grain is threshed, or if the feed is made into silage, the acreage on which these crops were grown is classified as used for soil depleting crops, regardless of the fact that the crops were sold before being threshed or made into silage."

J. K. Green—

(Continued from page 1)
 Mrs. E. O. Nichols of Plainview. Others here for the funeral included Mr. and Mrs. John Cox, of Coleman, Frank M. Butler of Amarillo, and Mr. and Mrs. T. S. Stevenson, of Canyon. Mrs. Cox is an aunt of Mrs. Green.
 Born in Williamson county in 1887, Mr. Green came to Floydada as a youth in 1903 and was an employe of the First National bank, where he served as teller and cashier until 1909, when he became cashier and vice-president of the First State bank, later organized as the Floyd County National bank, making his home here 29 years. His wife is the former Ruth Starks, only daughter of Mrs. J. D. Starks.

Palbearers at the funeral service Sunday afternoon were Harry H. Campbell of Matador, J. M. Hughes, J. M. Massie, A. C. Goen, R. A. Garrett, Ernest Fry of Floydada, A. N. Boundaries—

(Continued from page 1)
 The boundary between Precincts 2 and 3 is a line running practically due north from the center of Floydada for 23 miles to the Briscoe county line. This line runs 1 1/2 miles east of Roseland and 2 miles east of Ramsey school houses.

The boundary between precinct 1 and precinct 4 south of Floydada, beginning at the county line on the south, is located 1 mile east of the present boundary to put the W. N. Jones section in Precinct 1 and 2 sections of the Montgomery land. However, Precinct 4 is given approximately the same amount of area from Precinct 1 in the vicinity of Floydada, the area including the southeast corner of the city and about two miles south from its center, and eastward.

In addition to the changes in the bounds of voting precincts, slight changes in Lakeview, Cedar, Sand Hill, West Lockney, East Lockney, Baker, and the three old voting boxes at Floydada, are proposed.

Commissioners E. R. Harris and Henry Bloodworth voted against the change. Judge Tom W. Deen voting with Commissioners A. S. Cummings and B. E. Cypert for it.

Misses Ruby George, Pauline, Eloise and Wynell Trussell of Boyd spent from Tuesday until Friday visiting with their grandmother, Mrs. J. S. Solomon and other relatives.

J. S. Garland and Henry Lee Solomon and Athalee Hutcherson of Memphis spent last week as guests of their grandmother, Mrs. J. S. Solomon and other relatives.

Verne Eastridge of Lockhart visited over the week-end in the home of his aunt, Mrs. H. O. Pope and Mr. Pope. Mrs. Eastridge has been here for several weeks visiting.

Buster Eubank of Amarillo is here on a visit with his parents, Mr. and Mrs. J. E. Eubank and other relatives.

Mr. and Mrs. E. W. Solomon and children of Memphis visited Sunday with his mother, Mrs. J. S. Solomon.

FLOYDADA ELIMINATED

Floydada (All-Star) Odens were eliminated from the regional all-tourney at Sweetwater last night in their first game. John Smith pitched good ball, fanning eight, but his teammates erred time after time to make all his efforts null and void. The final score was Andrews 8, Floydada 3.
 Plainview Cloverlake will play tonight.
