### Armistice Day Observance Will Be General In Floyd

#### No Mail Delivery Friday on Routes From Post Office

#### Suspension Of Business In Floydada Will Be General For Day

Armistice day observance in Floydada will be general, it was indicated this morning.

Banking business and postal service will be suspended, court house offices, groceries and markets, department stores, utilities offices, and many of the smaller retail establishments will take the day off and there will be general jubilation and fun to simulate that big day 20 years ago when all the world took a holiday that was spontaneous.

This is the report that comes from around town. Formal notice of a holiday has been given by the First National Bank, the post office, the utilities companies and several of the grocers and department stores, as well as the court house officials, and even the automobile service stations will have at least a part of the day away from business cares.

Announcement has been made that no mail will be delivered either to city or rural route residents from the Floydada post office, the day—Armistice—being observed by all carriers as a holiday.

Furthermore, there will be no service at the post office, all windows closed all day in observance of the big event that marked the close of the world war 20 years ago.

Mrs. Barbara H. Smith, postmaster, indicated that while the dispatch and distribution of all window services will be discontinued for the day. This is the first time, in recent years at least, the post office department has observed Armistice day.

#### Bank Closes, Too

If you have any banking business that must have attention this afternoon or tomorrow, remember that the bank will observe Armistice day as a holiday and you should give banking matters that can't wait until Saturday attention this afternoon.

The officials of the court house will follow a custom of the past few years by closing their offices and suspending business out of respect to the ex-service men of the county.

Schools of the city will be closed for the day.

#### McDermott Post Plans Dance Friday Night

McDermott Post, American Legion, announces this week that they will sponsor a dance Friday (Armistice day) night at the Surginer building, north side square.

Since there will be no football game close by and no other conflicting social affairs in the close vicinity the post's committee hopes to have a large crowd.

Dancing will begin at 9 o'clock. Terry Bros. orchestra will play.

#### Work Job Started On Tule Crossing In Briscoe County

A Works Progress administration project of road improvement started the latter part of last week with Briscoe county as sponsor is expected to be a material aid in the final consumption of an extension north on Highway 207.

J. R. Poust, commissioner of the northwest district in Briscoe, with W. D. Newell of Floydada furnishing the engineering estimates, will have general supervision of the project which is to cost a total of \$33,820, of which the federal government will furnish \$25,546, Briscoe county the remainder.

Mr. Newell drove the stakes for the job to begin last week and several men were put to work. This week it is estimated 70 men will be on the job. It will furnish 660 man months of work and, on present basis, is expected to require 4 months to complete. The work to be done is on the north side of Tule canyon, where the grade will be reduced to a maximum of 7 per cent.

Here is the appealing figure of the Red Cross nurse who will plea for your annual membership in the Red Cross during the roll call, beginning Armistice Day and ending Thanksgiving Day. It is the official 1938 poster and appears in the form of a window card. Floyd County Chapter is making preparations for the annual drive for members.

### Cotton Specialists To Help One-Variety Communities In Planning for Pooled Sales

#### Meeting At Lockney Friday Afternoon Of Next Week To Initiate Movement

County Agricultural Agent D. F. Bredthauer announces that F. E. Lichte, cotton gin specialist, and A. E. Miller, cotton specialist of the Extension Service, College Station, will be at the grammar school auditorium, in Lockney, Friday afternoon of next week November 18 at 2 o'clock for the purpose of helping Floyd county one variety cotton growers in organizing cotton pool sales days for the 1939 cotton crop. For the last several years a number of one variety groups have pooled their cotton and offered it for sale in uniform staple and grade lots once a week. The movement is gaining much favor in one variety communities and all one variety cotton producers of Floyd county are urged to be present, to help work out a similar plan for Floyd county. Several cotton pools ranging from 50 to 200 bales have been concentrated in the county the last two years and each time it has met with success but the pool has not operated throughout the ginning season and it is thought something should be worked out so that each week a pool will be offered for sale. This will give buyers an opportunity to know when a lot will be for sale at a designated point.

Arrangements are also being made to have J. R. McCrary of Calvert, Texas, who is president of the Texas cooperative organization at this meeting. Mr. McCrary is regarded as the greatest agricultural economist-farmer in the state of Texas.

#### Annual Meeting Held To Re-Organize Sand Hill P. T. C. Club

Friday evening of last week the people of Sand Hill had their annual meeting to re-organize the P. T. C. and elect officers for the year.

Officers elected were Ed Holmes, president; Clarence Guffee, vice-president; Mildred Burke, secretary-treasurer; Riley Holmes, sergeant-at-arms.

It was voted to sponsor 8 plays, of which Sand Hill will put on 3. Season ticket prices this year will be 50 cents for school children, \$1 for adults, and general admission of 10 cents and 20 cents.

Mrs. Rex Wishard will have charge of the first play which will be soon after Thanksgiving.

#### Steer Meets Steer At Flomot Friday P. M.

While the world is taking a holiday in celebration of Armistice two mighty football teams will declare "no holiday" and go to war in the hope of annexing the District 4-B championship.

Longhorn will meet Longhorn tomorrow at Flomot when the Lockney and Flomot teams clash in the climax game of the year. Lockney's steers are undefeated in conference play and looked tough bowling over an ineffective Floydada eleven by 32 to 14. Flomot hooked Spur for a 26 to 26 tie in a heart-tearing affair at Spur.

The game is set for 2:30 p. m. with the dope leaning slightly toward the Lockney boys due to the injuries suffered by Flomot in the Spur melee. If Lockney wins they will be undisputed champions since Spur has lost half a game. Flomot will remain in a tie for first if they take the Lockney team and Spur whips the Paducah Dragons in another conference battle.

#### Red Cross Drive Gets Under Way Here Friday Chairman Tubbs Says

County Chairman G. C. Tubbs had his Red Cross drive force ready for immediate service Wednesday afternoon when he announced his choice for the chairmen to participate in the drive representing each community.

Community chairmen are Mrs. W. E. Taack, Irick; Mrs. J. E. Newton, Dougherty; Mrs. S. L. Rushing, Fairview; L. H. Aldredge, South Plains; Ed Holmes, Sand Hill; J. E. Howell, Sterley; H. D. Staples, McCoy; Keller Holmes, Starkey; Zant Scott, Harmony; Mrs. W. H. Bethel, Campbell; Mrs. Olin Miller, Center; Roy Smith, Lakeview; Henry Schacht, Aiken; Tom Fortenberry, Cedar Hill; Robert Knox, Lone Star; Carl Samman, Providence; Mrs. W. C. Cates, Blanco; Mrs. Arthur Barker, Lockney, and Mrs. L. C. McDonald, Floydada.

The local chapter has set their goal at 350 members for this year, which represents about 36 members more than was obtained in the drive last year.

The drive, which begins tomorrow will last until Thanksgiving on November 24.

### Trade Made For Locker Plant Here

#### Committee Report To Families At Farm Meeting Saturday Afternoon

A report on the trade they have made with the South Plains Co-Operative will be made by the Floyd county committee on the installation of a co-operative locker system in Floydada.

The meeting to be held at the district court room will immediately follow the next year farm program explanation to be made by the county agent, D. F. Bredthauer. The hour is 2 o'clock for the meeting to begin. The date is November 12.

All farmers who are interested in the co-operative locker system are requested by the committee to be present at the meeting.

This will be the last meeting of the farm families who are interested in the locker system prior to construction and it is hoped that final details will be worked out at the meeting so that construction may begin at once.

The decision to hold the meeting immediately following the explanation of the farm program was made so as to give each group present an opportunity to hear both subjects discussed and learn more of each.

#### COUNTY AGENT WILL CONTINUE EXPLANATION OF THE FARM PROGRAM

County Agricultural Agent D. F. Bredthauer, announces that there will be a meeting in the District Court Room at Floydada, Texas, Saturday, November 12, 1938, at 2 p. m. for the purpose of continuing the explanation of the Farm program.

### Preliminary Golden Gloves Tournament Planned For February

Announcement that the Whirlwind Athletic club will sponsor a preliminary golden gloves tournament during the latter part of February was made this week by R. W. Cothern, secretary of the organization.

The club, organized recently to encourage and aid in the development of athletics in the high school in a program that will be approved by school authorities.

Odell Winters, high school coach, will select material for the tournament here, Mr. Cothern said. Whether only boys attending school would be permitted to enter the tournament was not known to Mr. Cothern but this point will be made clear at an early date. Last year tournaments had youths who were not attending school as well as those who did.

Marvin English is president of the club. The exact date for the tournament is expected to be set soon.

### Interest Only Mild In General Election No Youngsters Vote

Interest was so lacking as to be very mild in Floyd county in the general election Tuesday, and election officials noted that the voting was done almost altogether by elderly persons, "youngsters" of 21 to 40 being conspicuous by their absence from the polls.

Not a box in the county had as many as a hundred votes, the tabulation made by County Clerk A. B. Clark showed Tuesday night. The biggest vote noted was in East Floydada, where there were 96. West Floydada voted 82, North Floydada 76, West Lockney 82 and East Lockney 56.

Probably less than 50 Republican votes were cast, the first 10 boxes including all of Floydada and Lockney giving the Republican ticket 26 votes.

There were no upsets in any of the county balloting and little write-in voting. Not an absentee vote was cast, the county clerk reported.

Three Floydada boxes, 2 Lockney boxes, Sand Hill, Baker, Antelope, Lakeview and Harmony gave a total vote of 514 for all parties. No communist or socialist votes were cast.

The "dueling amendment" had a majority of 20 in the county on the face of unofficial returns from the 10 first boxes reporting.

The general election results will be canvassed and will form the basis of the formal declaration of the results of the voting in the county, when the commissioners court meets next week.

### Matadors To Invade Western Field Tonight; Whirlwinds Hope To Better Percentage

#### Scrap Appears To Be Natural As Whirlwinds' Cripples Fail To Heal

No sooner rid of one revenge bent team than another crops up, the Whirlwinds, crippled and battered, tackle to scarlet and black Matadors here tonight. The affair is set to start at 7:45 and has the promise of being a "natural" for the fans who will remain behind the Winds in spite of two disastrous losses to district contenders.

The Bull fighters started green but have been coming to the front with a rush and it is likely that they will hit their peak against the Green and White tonight. The Floydada squad seems to have the edge according to the dope bucket, but that old battered pad has been kicked around a great deal this season and it can be done again.

Last year the Bullfighters lost to Floydada 6 to 0 when the Whirlwinds dug deep into their sack of tricks and came up with that super-play, master razzle-dazzler, the flying trapeze, and scored from the 40 yard line in the last half of play after the Matadors had outplayed most of the way.

Most of the boys that played in that game for Matador are gone but the folks down there haven't forgotten and it is a cinch that Matador will come after revenge and that old Whirlwind vs. Matador grudge will make the tackling and blocking any lighter.

The Matadors boast of one dynamite player, Allsup by name, that promises to be another Amnett or Hill when he gets some age and weight on his frame. He is a freshman this year, weighing in the neighborhood of 130 pounds, and has the speed of a deer and can cut back in an open field leaving would be tacklers flat footed. He ran a punt back against Spur for 97 yards and a touchdown. He managed to work his way for two against Flomot and has generally been pestiferous all season to Matador's opponents.

The Bullfighters were idle the past week and should be in top shape for the Whirlwinds. The Floydada team is in a battered condition. Willson is out for at least a week or more with a bad ankle. Jarboe is still limping and lacks a lot of being in top shape.

Gibbs is still absent from practice and the other members are more stiff front the Lockney battering. It is probable that the starting line up will be riddled with replacements for this game. Golightly and Daniels appear to be in top shape. Linder and Beard were tossed about considerably Friday but should be ready to go.

### Several Are Present At W. T. S. T. C. Home-Coming From Floyd

Several Floyd county teachers and other ex-students of West Texas State Teachers college, Canyon, attended the annual home-coming of school alumni there last Saturday from Floyd county.

Among those who went to the home-coming from Floydada were Mr. and Mrs. A. D. Cummings, Mrs. C. E. Pyffe, Truett Smalley, John Stapleton, Fannie Mae Rees, Katherine Daniels, and Mr. and Mrs. E. C. Carter.

#### WORK ON NORTH 207 ALMOST COMPLETED

Paving of Highway 207 north is nearing completion this week in spite of inclement weather. It was expected that the asphalt pouring would be finished Friday or Saturday and the crews could leave for another job.

The 6.7 miles of highway will be that is hoped to be a link in a paved highway to Silverton which will in turn connect with pavement from Tulla, down the caprock to Claude and Memphis. Such a highway would greatly shorten the distance to Pampa, Panhandle, and other north plains towns.

#### SHOOTS 10 POINT BUCK

Mithero Brown of Pleasant Hill wired his folks Saturday that he had bagged his 10 point buck for the year while on a hunt near Dattel, New Mexico. He was hunting at the time with a group of men he had joined at Dattel, from deer hunting he plans to turn to bird hunting near Secora. After three days of bird hunting he plans to head for home, arriving here this week end. He made a trip last year accompanied by Bill Hambright and brought back a 10 point buck. This makes about his sixth year of deer hunting.

Chords Net \$1000 Prize.—The Grand Old Party is turning out some grand young orators, if one can judge by the efforts of John Janson of Phoenix, Ariz., shown in action at Washington where he won the \$1000 first prize in the national oratory finals of the Young Republican National federation.

### Trustees Declare Holiday Tomorrow For Schools Here

#### Thanksgiving, Christmas Plans Also Announced Following Meeting

Pupils and faculty of Floydada public schools will have a holiday tomorrow, observing Armistice day. Meeting Friday night in special session the school board made their plans for the holidays. In addition to deciding on a holiday to observe the signing of the armistice, it was decided to have Thanksgiving day and the Friday following it as holidays—November 24 and 25—when pupils will be given a week-end rest and a large percentage of the teachers will attend the annual meeting of the Texas State Teachers association.

Christmas holiday will begin Friday, December 23, and school will resume work on Monday, January 2. This means school Thursday, December 22, but none on Friday, Superintendent A. D. Cummings said.

#### New Teacher Named

On Friday night of last week Miss Eunice Howell, who has been teaching 2 years at Dougherty, was elected to fill the vacancy in the high school faculty made by the resignation of L. B. Williams. She began work this week after being released by the Dougherty school board. Miss Howell is a graduate of Mary-Hardin-Baylor college at Belton, from which she holds a B. A. degree. It was indicated that after the first of the year Miss Howell is likely to have assignments in English work in the high school, with a readjustment in faculty work completed.

At a special board meeting Monday afternoon formalities in connection with the recently-announced debt refunding plan were carried out. A saving of several thousand dollars in interest charges and a readjustment of the maturity dates for the indebtedness will make the transaction a beneficial one, the trustees are convinced. The refunding bonds are contracted to be permanent state school fund through the state board of education.

### Spring Club Show for 4H FFA Youths

#### Chamber Of Commerce To Sponsor Event To Feature Live Stock

A spring live stock show for 4-H and FFA club boys of Floyd county that will hit sometime in March or early April will be sponsored by the Floydada Chamber of Commerce. It was decided by directors of that organization in a meeting Wednesday morning.

D. F. Bredthauer, county agent, and W. A. King, vocational agriculture teacher in Floydada High school, will formulate the plans for the event. Seventy or more 4-H club boys and approximately the same number of FFA student demonstrators and project managers are expected to have calves, sheep, hogs and possibly other live stock in the show.

Advantages of a home show, in which the boys can enter for local competition and in that way create a greater interest in their efforts among the home people were stressed as arguments for the show by King and Bredthauer in their talks to the directors of the organization.

Prizes in all classes to be represented in the show will be given, according to the plans made. G. L. Kirk, president of the Chamber of Commerce, pointed out in the meeting that Floyd county youth now are having to go to cities and towns in other regions to get recognition for their efforts.

A schedule of liberal prizes for the winners of the various divisions will be made up. The exact date will be set soon.

#### VAUGHAN HORN BELIEVED RECOVERING AT LUBBOCK

Vaughan Horn, grandson of Mr. and Mrs. S. H. Horn of South Plains and Mr. and Mrs. Joe Smith, of Campbell, is believed recovering this mid-week in a Lubbock hospital, where he was taken last week for an appendectomy. He was gravely ill for several days, and relatives here were much concerned over his condition.

Members of the families and other relatives including Mrs. P. M. Smith, Horn's great grandmother and Mrs. Wilson Bethel, an aunt, have been spending as much of their time as possible near the patient.

Vaughan Horn, a former Floydada boy, has made his home in Crosbyton the past few years and when he became ill in Lubbock was a student at Texas Tech college.

#### SUNDAY EVENING BROADCAST BY GERTRUDE JODON ARNOLD

Gertrude Jodon Arnold, of Silverton, daughter of a pioneer plainsman, will be presented in a program of original songs and poems over KGNU Sunday evening at 6:45 it has been announced.

Mrs. Arnold's program will be presented by Xi Alpha Mu under the auspices of the Seventh District Federated Music clubs. She will be assisted in the broadcast by Helen Paxton, Louise Paxton, H. A. Shaw and Bill Armstrong all of Amarillo.

### Turkey Day Birds Move to Markets Slowly This Week

Turkeys from Floyd and east plains farms moved to town rather slowly this week, but with an accelerated movement yesterday.

Dealers whose offers of 11 cents for turkeys beginning last week-end got no offers by Wednesday had increased the ante to 14 cents and a very considerable proportion of the birds that are ready for the Thanksgiving tables of the nation began to sell, with indications tomorrow night will have seen the most of them out of the hands of the farmers and headed for the picking pens.

Possibly 60 per cent of the turkey crop of the area has developed sufficiently to class Number 1 on the market, dealers believed, but cooler weather will add a lot of weight to birds and a marked proportion of the raisers are expected to hold their birds for the Christmas market, expecting to take advantage of the gain in weight that their birds are due to make.

A pronounced pick up in quality of east plains birds has been noted generally among dealers. It appears the production of turkeys in the area this year compares as about equal with that of last year.

## As A Farm Woman Thinks

The first snow comes to the farm. The horses run and play like merry children. The cows huddle together and shiver, their long hair covered with soft snowflakes. The turkeys crowd and peck one another on their roost. The hens are partly clad from a late moult, go to the old coops go sedately in the barn to their lamb, like unruly children, run here and there, and the mothers run out and beat. All is a mix-up and confusion till the master, with the help of the dog, gets the last run away lamb in the shelter. The pigs pile on top of one another; the hogs squeal with the cold. Sparrows leave the trees and go in the barns and hen house. Coal oil lamp and oil tanks are filled—extra water brought in.

We sit around the fire and try to remember when snow has come this early before. This memory we found the hose from the tank had not been disconnected. The leaves of the canna that once waved in the warm breeze—golden and bronze and soft red, now hang like black wet rags. There are extra duties, the sheep have to be fed bundles of feed. Cold snow covered feet track up the kitchen floor. The separator is hard to wash. Beds have to be made in cold rooms. It will take more than this cold spell to get us accustomed to the change. Anyway we are glad to have the flies gone.

"Mrs. Spikes, here are a few pecans for Christmas. However if you think they will taste good before that time you can sample them. We are going to find you a pretty rock for your fence and send it to you some of these days. We sure enjoy reading your column in the Floydada paper, Mr. and Mrs. Mara."

Now isn't that a nice note to find in a sack of pecans and held in place by some russet pears? And wouldn't you sample the pecans? I enjoyed the association I had with Mr. and Mrs. Jewel Mara when they lived here.

Was very reluctant to see them leave but wish them much happiness in their new home.

We just stopped to get acquainted with you" said Mr. and Mrs. J. V. Jones from Floydada, "or rather see you as we feel we know you from reading your column." It was very kind and thoughtful of Mr. and Mrs. Jones to go to the trouble to stop a few minutes as they passed through the neighborhood. Please come again. Mrs. Jones likes the autumn, likes to work with flowers. Finds beauty near at hand.

Every minute Saturday that I could snatch I read some of Richard Halliburton's adventures in Mexico and South America. Very real, he made the old days when the Spanish conquered the Aztecs. I stood in the crater of Popocatepetl climbed the winding stairs to the top of the cliff where the sun dial stood in the hidden city, high in the Andes when the hundred beautiful sun virgin fled from the Pinaceros army and lived their lives dying and being buried by the living, till the last virgin lay down to die with none left to weep. Cried with the author as he tenderly threw the money and hand organ over the side of the ship.

Went with him to the French penal colonies and had my heart broken with the terrible things he saw and heard. Laughed with him as he lived on Columbus Island in the goat skin clothing (the coat and cap he could not make the pants and had to wear his white duck) wished I could have seen his queer umbrella made from the same skins. I understand why he could not pray a proper prayer. He goes around the world thanking God for the beauty and grandeur he sees, giving courage and hope to the sunken outcasts, then writes about the things he sees so that stay at home like me, can have glorious adventures.

## WASHINGTON LETTER

BY SPECIAL CORRESPONDENT

WASHINGTON — Upon recommendation of the Social Security board, the next session of Congress will be asked for an amendment to give an estimated 6,000,000 domestic servants and farm laborers social security benefits. But it isn't likely that such legislation will pass next year. Farmers don't want it, and Congress will be particularly responsive to the wishes of the farm population.

Members of the Board have devised ways of meeting the objections that surely will be raised by this proposal. The reasons given for having omitted farm labor from the original law, the intricacies of bookkeeping and the difficulty of collecting taxes from farmers, will be heard from.

So the Board will recommend the issuance of social security tax stamps for this group. That is, the farmer employer would buy stamps at the postoffice to the amount of taxes he must pay on his laborers' wages. The farm laborer would carry a stamp book, so no matter how much he moved about, his book at the end of the season would show how much had been paid by his several employers in taxes to his social security account. With this cash and carry plan, the records of taxes paid for domestic and farm labor would not become part of the gigantic bookkeeping setup already established in Baltimore.

If Congress passes an amendment to include farm labor it may also broaden the base of the social security program to cover the self-employed. By including the owner-farmer so he might participate in benefits, much of the opposition to including farm laborers might be removed.

Many part time farm laborers already have social security accounts, established when they leave the farm in "off seasons" to work in mills and factories.

Whether or not farmer-employer and farm laborers are brought under social security coverage, the farm population has already benefited from the program. Federal-state co-operation for public assistance to the blind, to dependent children, the indigent and aged, has reached farm communities. Farmers' wives more than any other group are benefited by the mater-

nity and child welfare provisions of the social security act. And if, as is expected, Congress amends the law so that old age insurance payments shall begin in 1940 instead of 1942, some \$3,000,000 will be available for this purpose and farmers may expect to get their share. Early in 1939 all but two of the 48 states will be ready to begin making unemployment compensation payments out of a fund estimated to \$1,000,000,000 and the farmer will be in line to receive a major portion of this money when it is spent.

## FLOYD COUNTY 14 YEARS AGO

News items taken from files of the Floyd County Hesperian published in Floydada fourteen years ago.

(Issue of November 6, 1924)

Floydada is sending two of her club women, Mrs. J. B. Jenkins, president of the 1922 Study club and Mrs. Wilson Kimble, president of the Parent-Teacher association, to the Texas Federation of Women's clubs which is to meet in Amarillo on November 11 to 14. Women of national prominence in club work will appear on the program for the Federation of Women's clubs, and these speakers are to discuss problems of the country, and the home.

Pretty weather and plenty of pickers have made an unusual situation in Floyd county. A very large percent of the cotton raisers have finished their first picking and are now waiting for the second picking to be opened by the frosts and cooler weather. As a result gins of Floydada are turning out less than 150 bales of cotton per day and none of them have put on a double shift as was expected.

Under the direction of Miss Mable Faulkner, Floyd county home demonstration agent, the seven home demonstration clubs of Floyd county held an excellent exhibit in Floydada last Saturday. Each club maintaining a separate booth where a splendid display of the activities of their work was shown to the public. The exhibit had a very good attendance, more than 500 viewing it during the day. Several far distant communities were attracted to the exhibit to see their friends and neighbors. Mrs. Williamson, of Allmon, traveled 16 miles in a buggy, with her five children, so not to miss the exhibit. Sand Hill-Harmony Home Demonstration club was awarded first prize for the best booth; Lone Star was awarded second place and Lockney was awarded third.

W. L. Whitt cut five rows of maize off his farm the past week that turned out 3100 pounds of maize heads. The rows were one half mile in length, and measured a little less than an acre of ground from which the 3100 pounds were obtained, being more than a ton and one half to the acre.

Foundation work for the B. K. Barker residence on South First street, the first residence to be started in the new Barker addition, to Floydada, has been started by H. E. Cannaday, who was given the contract for construction.

Next Sunday afternoon there will be a community singing at Campbell. All are invited to come and enjoy this singing.

The Whirlwind Football squad got a sure enough feed yesterday evening at 5:30 at Curley's cafe where they were guests of Will Stephens and E. E. Boothe at a T-bone dinner, with all the trimmings.

McDermott Post American Legion, will banquet at the White Rose cafe on Tuesday evening of next week, which is November 11.—Armistice day.

## IF EVERY ONE

If everyone who drives a car should be a month in bed. With broken bones and stitched-up wounds, or fractures of the head. And here endure the agonies as many people do. They'd never need preach safety any more to me or you.

If every one could stand beside the bed of some close friend, And hear the doctor say "no hopes," before that fatal end, And see him there unconscious, never knowing what took place, The laws and rules of traffic I am sure we'd soon embrace.

If every one could meet the wife and children left behind, And step into the darkened home where once the sunlight shined, And look upon the vacant chair where daddy used to sit, I'm sure each reckless driver would be forced to think of it.

If every one would realize pedestrians on the street, Have just as much the right-of-way as those upon the seat, And train their eyes for children who run recklessly at play, This steady toll of human lives would drop from day to day.

If every one would check his car before he takes a trip, For worn out tires, loose steering wheels, and brakes that fail to grip, And pay attention to his lights while driving roads at night, Another score for safety could be chalked up in the fight.

If every one who drives a car would heed the danger signs, Placed by the highway engineers who also mark the lines, To keep the traffic in the lane and give it proper space, The accidents we read about could not have taken place.

And last, if he who takes the wheel would say a little prayer, And keep in mind those in the car depending on his care, And make a vow and pledge himself to never take a chance, The great crusade for safety then would suddenly advance.

## WHAT IS HISTORY MADE OF?

Some of the things that happen in our daily lives, little noted at the time, make up the epochal things of future years. Same is true of the state and the nation. Seen too close the biggest events are small. Ranging back through the years one rarely sees in headlines of that day the outstanding things that moulded the national history.

What has happened today to make history in your life or in the life of your community? You probably do not know. Things that loom big to you now may be dwarfed 10 years hence by the incident which you have hardly noted.

## THE GROUND SILO AGAIN

Our judgment on the most epochal occurrence of the past 3 years in Floyd county, counting all the things including the farm program and the supreme court fight, is that the "discovery" of the ground silo is it.

Undoubtedly the ground silo with its possibilities of tiding over the fat years into the lean years, with its possibilities of making a market at the farmer's door for his feed at a much better price than he can hope to get for dry feed, will change the farm program so much in many plains counties into an almost entirely new channel. Maybe we are wrong, but what the preachment of the banker and the man who decries machine farming has been unable to do, the prospect of more profit from forage feed than from wheat will do, we believe.

The ground silo is destined to make history in Floyd county and the southwest. The ground silo has hardly touched the front page on most newspapers.

## THE LITTLE THINGS IN LIFE

A visit to a distant cousin, a trip to the state fair, an afternoon jaunt to the canyons—nearly any little old thing sometimes changes the course of a life, or the lives of a whole family. Also a carelessly made remark sometimes bodes good or evil for one.

These are things of which one can hardly moralize. They just happen, but having happened work profound influence. You know of such instances as do we. And thus goes the reasoning which made the philosopher say take care of the little things and the big things will take care of themselves.

## THE BOOM FOR GARNER

The Hesperian, along with others, notes the abortive attempt to boom Garner in Texas for the presidency. There are various and sundry good reasons why the boom should not start here and it is well enough that the state committee meeting this week at Mineral Wells do not take such a step.

Mr. Garner's abilities, especially his ability to keep his silence, are such as to make him a really apt politician and a statesman of the first rank. Home folks all recognize this fact. But the boom should come from some other state or states. We would like to see Mr. Garner president. The best way for it to happen is for his friends at home to keep their peace, bide their time. A man sometimes needs to be delivered from his friends. Mr. Garner well might pray for deliverance just at this time.

## ANOTHER ARMISTICE

## ONE PARTY IN TEXAS

The Hesperian does not view with alarm the fact that Texas is dominated by one party. We are convinced the state has one of the best governments in the whole United States. We do not think the republicans or the communists could do a better job. We do not think their criticism, seriously taken, would help one whit.

We believe the taxpayer is more nearly getting his money's worth in our state than in any other of our knowledge. Possibly not, but much better, for instance, than in Illinois, in Ohio or Pennsylvania, to get as far away as possible from home and not make the comparison any more odious than necessary. We really believe it. We are not convinced that one party in Texas is doing any damage. We credit the legislature with most of this. Of all the patriotic citizens who do most work and get the most generous cussings we hand the bouquet to the senators and representatives we are sending to Austin.

## WOULD SHORTEN THE ROUTE

Unless some practical reason can be advanced against it a highway route proposed from Crowell to Seymour that would follow the approximate route of the old road between those two cities would be quite valuable to plains and lower panhandle points in reducing the travel distance to points downstate, especially to Fort Worth and Dallas.

Activity in presenting the matter to the commission is being taken by Seymour and Crowell organizations. Their efforts are likely to have the support of more than 2 dozen lying west and northwest.

## TO RECORD THE WEATHER

To help out in arguments 10 years hence or thereabouts it may here be recorded that the first real general freeze of the fall season 1938 set in Sunday and continued for a period of nearly 30 hours. That is the thermometer registered freezing or lower for that period of time. The low came Monday morning when the mercury dipped to 18 above zero.

Present-day readers pay no attention. This is merely to settle arguments in the future.

## PERHAPS A NEW CROP

Because it looks too good, the idea of big sugar beet acreage in Floyd county is looked upon somewhat skeptically by most farmers and the sugar beet acreage cannot be expected to jump as fast as one might otherwise think.

But there are certainly going to be more acres next year in sugar beets here. The first result on the increased acreage this year are bound to encourage this.

Perhaps sugar beets is that new crop we have been looking for.

## Illinois Waste Land Study Tackles Erosion Problem

Measurement of soil and water losses is an important part of the Dixon Springs conservation experiment. Here is the device for such measuring being inspected by workers at the experimental station.

POPE COUNTY, Ill.—A testing ground and demonstration area that is expected to point the way to reclamation of 15,000,000 acres of wasting land in Illinois, Missouri, Indiana, Kentucky and other central states is being developed here.

Answers are being sought to such questions as these: What types of agriculture may be practiced on this land without further loss of soil? What are the relative values of forestry and grazing as uses of land and as aids to the conservation of water and soil? What size farm units are required under a forestry or grazing economy? What is the effect of soil treatment on the loss of soil and water from pasture lands? How can careful management improve pasture and stock raising? And so on.

Plans for this 10,000-acre experimental area known as the Dixon Springs land utilization project were originated some 10 years ago by the College of Agriculture of the University of Illinois. Since the problem is one common to several states, the U. S. Bureau of Agricultural Economics is co-operating in the work.

Much of the work at Dixon Springs deals with methods of livestock production and pasture management practices that are profitable for the area. About 6500 acres are included in the pasture research and dem-

onstrated areas. Nearly 5000 acres have been seeded, some sodding has been done, 4405 acres of soil have been prepared and pasture culture work has been done on 1160 acres. Lime is used as a basic treatment in the pasture improvement program.

In addition to all this, much has been done to improve the existing timber stand and to make a new forest. About 1,500,000 trees have been planted and seeded in 1578 acres and timber stand improvement work has been done on 2234 acres. This has included removal of some trees, encouragement of others, and brush clearance.

Said J. C. Blair, dean of the College of Agriculture, at recent dedication ceremonies in Dixon Springs:

"In this project we have once more gone to work to redeem our lost heritage. This modest effort here begun will be a challenge to the scientific man as well as the farmer. Methods and policies here established have been and will be determined by men who are devoting their lives to this type of work.

"Probably no country had a better assortment of live, forceful, hardworking people than those who cast their lot here in Pope county. They made the mistakes common to all newly settled areas. There has been waste of land, a robbing of its fertility—and a waste of many other natural resources."

# Construction Soundness Is Help Of FHA

New Agency Provides All-Inclusive Service For Construction Work

The Federal Housing administration through various provisions of the National Housing act furnishes a well-rounded and all-inclusive service to the construction activities of the country hardly available before from any central source.

Today, virtually any phase of residential construction or repair from the small alteration or improvement to \$5,000,000 on large scale rental properties lies within the scope of FHA's activities.

The person desiring to repair, alter or improve his property today finds a greater source of credit for such use through the thousands of private lending institutions holding contracts of insurance under the property improvement credit plan of FHA. If he desires to build or buy his home, thousands of these and other similar sources of credit have available sufficient funds for mortgages in this classification ranging up to \$16,000.

For wholesale construction of homes, the operative builder finds credit sources through the same agencies. Mortgages up to \$5,000,000 may be insured by FHA on large scale rental properties sponsored by privately formed companies.

The extra services which the Federal Housing administration provides in the form of counsel and advice on land planning, subdivision layout, zoning and deed restrictions; its property standards and minimum construction requirements on properties the mortgages on which are insured by FHA; its regulation of the large scale rental properties the mortgages on which are also insured—these have all formed a potent method of fostering the improvement of housing conditions and standards in the country.

## A Three Days' Cough Is Your Danger Signal

No matter how many medicines you have tried for your common cough, chest cold, or bronchial irritation, you may get relief now with Creomulsion. Serious trouble may be brewing and you cannot afford to take a chance with any remedy less potent than Creomulsion, which goes right to the seat of the trouble and aids nature to soothe and heal the inflamed mucous membranes and to loosen and expel germ-laden phlegm.

Even if other remedies have failed, don't be discouraged, try Creomulsion. Your druggist is authorized to refund your money if you are not thoroughly satisfied with the benefits obtained. Creomulsion is one word, ask for it plainly, see that the name on the bottle is Creomulsion, and you'll get the genuine product and the relief you want. (Adv.)

## J. A. Nickels Died Last Week At Blum; Funeral At Mt. Calm

Father of C. W. Nickels, One-Time Resident of Floyd and Dickens, Succumbs at Age of 73

J. A. Nickels—formerly for 10 years a resident of Floyd and Dickens county, died at Blum, Texas, on November 1 after a brief illness and the remains were interred at Mt. Calm, Texas, at the Nickels old homestead.

C. W. Nickels of Floydada, attended the funeral of his father, as did other members of the family, including six other sons, Fred, O. V., Guy, H. C., Maurice and Lawrence, all residents of Bula, Texas; and three brothers, Robt. Nickels, of McAdoo, Jim Nickels of Bula, and Willie Nickels, of Austin; two sisters, Mrs. W. A. Blount of Austin, and Mrs. Dan Corley, of Lamesa.

Two sisters, of Mrs. J. L. Dunn, of Waco, and Mrs. Jessie Thompson, of Covington, Tennessee, could not attend the funeral. The stepmother of the deceased, Mrs. E. T. Nickels, of Waco, was present for the last rites.

Mr. Nickels and his wife had been making their home at Blum during the ginning season. They had just completed the season's run and were preparing to return to Bula for the winter. Mr. Nickels was sick for only a few hours. He was 73 years of age on July 8, a native of Kentucky. 69 years ago he moved with his parents to Mt. Calm, Texas. During 10 years residence in Floyd and Dickens counties he made his home in Floydada some 5 years and operated a gin here for 3 seasons. He also lived at McAdoo, Knox county, Bula, and at other points in this part of the state.

## Sunday School Lesson

International Sunday School lesson for November 13, 1938.  
**THE SACREDNESS OF HUMAN LIFE**

Golden Text: Thou shalt not kill. Exodus 20:13. Whosoever hateth his brother is a murderer. I John 3:15.

Lesson Text: Exodus 20:13; Matthew 5:21-26, 38-42.

Ex. 20:13—13. Thou shalt not kill. Matt. 5:21-26, 38-42—21. Ye have heard that it was said by them of old time, Thou shalt not kill; and whosoever shall kill shall be in danger of the judgment.

22 But I say unto you, That whosoever is angry with his brother without a cause shall be in danger of the judgment; and whosoever shall say to his brother, Raca, shall be in danger of the council; but whosoever shall say, Thou fool, shall be in danger of hell fire.

23 Therefore if thou bring thy gift to the altar, and there rememberest that thy brother hath ought against thee;

24 Leave there thy gift before the altar, and go thy way; first be reconciled to thy brother, and then come and offer thy gift.

25 Agree with thine adversary quickly, whiles thou art in the way with him; lest at any time the adversary deliver thee to the judge, and the judge deliver thee to the officer, and thou be cast into prison.

26 Verily I say unto thee, Thou shalt by no means come out thence, till thou hast paid the uttermost farthing.

38 Ye have heard that it hath been said, An eye for an eye, and a tooth for a tooth:

39 But I say unto you, That we resist not evil; but whosoever shall smite thee on thy right cheek, turn to him the other also.

40 And if any man will sue thee at the law, and take away thy coat, let him have thy cloke also.

41 And whosoever shall compel thee to go a mile, go with him twain.

42 Give to him that asketh thee, and from him that would borrow of thee turn not thou away.

cerning the sacredness of human life. The Commandment, "Thou shalt not kill," was a codifying of the teaching of the story of Cain and Abel, with its dramatic emphasis upon the evil, the loss, and the consequences of the taking of human life. It is appalling to realize that the world has made so little progress since that time in the recognition of human rights and human values.

What is strange, also, is the wide discrepancy between the life-saving forces on the one hand today and the life-destroying forces on the other hand. What care we take in scientific ways to safeguard the lives of children from earliest infancy! How much concern we show about the prevention of disease and the lengthening of human life! And yet, with all that we are doing by scientific methods and in the humanitarian spirit, all of these saying and upbuilding agencies are overwhelmed by the destruction which continues through war and strife, and the ruthless disregard of human values in the quest of speed, both on the highways and in industry.

It is difficult to make our modern America realize that in times of peace we have a casualty list from automobile accidents and other preventable accidents that makes the statistics of fatality even higher than those in the wars in which America has been engaged.

When will the community realize these things, and, facing the facts,

put a proper value upon human life and all that safeguards and protects it, not only in some few respects, but in each and every respect?

Our lesson, too, emphasizes the fact that killing and murder are not simply matters of the taking of life. They have their roots and their incentives in wrong attitudes, in prejudice and hate and in all unbrotherly ways and conduct. It is not enough in modern society to refrain from killing; we can fulfill the spirit of the Commandment, "Thou shalt not kill," only as we live in positive terms of peace and brotherhood, and as we promote in every way harmonious relations of man with man.

There is a basic work to be done today in the restoration of human values, and this lesson points the way. We should remember the words of the Master: "The Son of man is not come to destroy men's lives, but to save them."

## New President Named For S. M. University

Trustees of Southern Methodist university Tuesday announced the election of Dr. Umphrey Lee as president of the institution, succeeding Dr. Chas. C. Seelman, who was made a bishop of the church last fall.

Dr. Lee is a former Dallas pastor and has been serving at Vanderbilt university as dean of the school of religion.

J. M. Willson, trustee from the Northwest Texas Conference, was among the officials of the school who attended the meeting to choose the new president the first of the week.

## CHECK THESE POINTS

### Heating System

Does it give you correct temperature, humidity and circulation every day of the year? Is it wasting your money on fuel costs?

### The Kitchen

Does it make your housework a pleasure and leave you rested at the end of the day?

### The Bathroom

How does it look? Does it give you the most in convenience? How are sanitary conditions?

### The Appearance

Does it need new paint on the outside? Or new wallpaper, paint or varnish on the inside?

### The Roofing

Does it leak water or heat and how does it look on your house?

REPAIRS and home improvements postponed for years may be made this fall—thanks to the FHA Plan of convenient monthly payments suited to your income.

Is your driveway or walk in need of repair? Fix it now and avoid a corduroy road in the spring! If your house needs painting, give it this protection before rain and winter weather work real damage. And check your roof! One loose tile or shingle and the rooms beneath will suffer!

Inside you can make certain of winter comfort by modernizing heating, wiring, and plumbing systems. You can redecorate to give new life to rooms. And don't overlook minor repairs such as warped doors that cause inconvenience, or stair treads that may cause accidents.

### Mother-Singers Are Busy With Plans For P. T. A. Convention

The Mother-Singers group of the Parent-Teacher association are busy making preparation for their appearance on the program of the annual state convention of P. T. A. that is scheduled to meet at Lubbock November 15 to 17.

The group, which have been under the direction of Miss Elizabeth Caldwell, local leader, will be presented before the convention as a "Garden of Living Flowers." Their presentation will include the numbers, "Schubert's Serenade," and Navin's, "The Rosary."

A chorus of over one hundred voices representing District 14 of the Texas Congress of Parents and Teachers will be one of the entertaining features of the convention. Mrs. G. E. Bond is chairman of music over District 14.

### STATE PARENT-TEACHER MEETING SCHEDULED TO OPEN IN LUBBOCK NOV. 15

The thirteenth annual convention of the Texas Congress of Parents and Teachers of Texas will open in Lubbock November 15 and extend through three days. This is the first time for a state convention to be held in this part of the state and an extra large attendance is expected.

"Parental Quizzes" is the theme of the three days meeting. Mrs. M. A. Taylor of Bonham, state president will preside at the meeting. A number of interesting speakers are to appear on the varied and worthwhile program.

One item of special interest to the local P. T. A. is the Mothers Singers group which will give several numbers on the Tuesday evening program. The local organization with the district music chairman, Mrs. G. E. Bond, and three other groups, will appear in several choruses.

Elaborate entertainment plans are being made by the entertainment committee at Lubbock for the visiting delegates.

Delegates from the local unit to attend are Mrs. Roy Snodgrass, president, Mrs. Cecil Hagood, Mrs. Walton Hale, Mrs. A. D. Cummings, Mrs. C. L. Travis, Mrs. B. K. Barker, Mrs. J. C. Wester, Mrs. D. F. Bredthauer, Mrs. G. L. Kirk and Mrs. Lola Galloway, who are the official delegates. Mother Singers

### P. T. A. DISCUSSES PLANS FOR STATE CONVENTION AT MEETING WEDNESDAY

Andrews Ward Parent-Teacher association was held Wednesday of this week in place of the regular meeting date next week because of the conflict of the latter date with the state convention in Lubbock.

Mrs. Roy Snodgrass, president, presided over the regular business meeting when plans were completed for the delegates to attend the state convention.

An interesting program was rendered with Miss Beryl Busby talking on "The New Curriculum." The speaker stressed the point that children would be more interested in what they learned if it could be applied in everyday life.

Mothers Singers rendered two numbers, "Serenade" by Schubert; "Rosary" by Ethel Bert Nevin, accompanied at the piano by Sappho Ward in the absence of the pianist, Mrs. C. B. McDonald.

Miss Jane Hughes spoke on "The Schools of Tomorrow." Miss Hughes said in part, "Every child may not get out of a subject but if given the proper training he will be a success in his chosen field" and that "a child should be trained early in life for their chosen profession."

Miss Sude Miller, leader of the program concluded with a poem, "To My Former Pupils."

Miss Busby's room received the book for the most mothers present. There were sixteen to represent her room.

The next meeting will be held December 21.

### K. K. K. KLUB ENTERTAINED IN HAMS HOME TUESDAY

K. K. K. Klub met Tuesday evening with Mrs. Bill Hams as hostess at her home, 216 West Crockett street.

Concluding the evening entertainment Mrs. Edwin Brasher and Mrs. Aubra Martin were given special recognition.

Delicious refreshments were served to the members and Mrs. Fred Nabors and Mrs. J. B. Claiborne, guests.

The club meets November 15 at 6:45 with Mrs. Delbert Eubank.

### 'THE KNIT SHOP' TO OPEN FOR BUSINESS ON MONDAY

Monday of next week is scheduled date for the opening of a new business in Floydada when Mrs. J. Claude Henderson of Montgomery, Alabama, who with Mr. Henderson has recently moved here, will open "The Knit Shop" to the public.

Mrs. Henderson has had several years experience in her line of work, having knit professionally for two years and operated knit shops. She has also had a complete course in the study of yarns.

The new business will be located in the rear of the Vogue Beauty shoppe where a complete line of knitting yarns, needle-point and hooked rugs will be in stock. Mrs. Henderson will give instructions to those purchasing supplies and the general public is invited to visit the shop and look over the line of merchandise.

### YOUNG PEOPLE'S LEAGUE ENTERTAIN WITH SOCIAL

The Young People's league of the Methodist church sponsored by Mrs. Wilson Kimble entertained at the church Monday evening with a program and social for visiting league members from other churches.

### Center Dramatic Club To Present Program

CENTER, November 8.—The Center Dramatic club will present a short program at the school building Friday night and they are inviting the public to attend.

They will reorganize the club at this time and new officers will be elected to serve for the following school term.

George Tubbs spent the week end at the home of Bryan Meredith.

Melvin Monroe, of Headley, was prospecting in this community Saturday and while here was a guest in the home of Mr. and Mrs. Jordan. The Jordan and Monroe families were visiting friends in Oklahoma.

Crowds at both morning and evening services were smaller than usual because of the cold weather. Rev. Brannon preached in the place of Rev. Martin and brought us two good messages.

Mrs. Henry Brewer and sons Duane and Darwin spent Monday in the home of Mrs. J. E. Green. The Messrs Green and Brewer made a trip to the Clark Bolding farm.

Mrs. J. L. Montgomery and Mrs. Branson have been making regular trips to Floydada to see Mr. Branson who is ill at a hospital.

Mr. and Mrs. C. D. Rutledge spent Sunday with Mr. and Mrs. Travis Lightfoot.

The Woman's Missionary union of the Baptist church met Monday in the home of Mrs. Jordan.

Mr. and Mrs. Thomas L. Collins spent Saturday and Sunday in Canyon where they attended the home coming of the college, and visited with friends.

Mr. and Mrs. Guy Jackson have been spending most of the past week with Mr. Jackson's brother Carl Jackson, who is in a hospital at Floydada following an automobile accident. At last reports he was improving.

Mr. and Mrs. C. M. Meredith and sons were Sunday dinner guests of Mr. and Mrs. W. B. Jordan. The Rev. Brannon was also a guest.

Mr. Austin is erecting a new windmill tower at his home this week.

Mr. and Mrs. Floyd Anderson spent Sunday afternoon with his parents Mr. and Mrs. A. W. Anderson.

Dougherty H. D. Club Entertains Families

The Dougherty Home Demonstration club entertained their families Monday night, October 31, with a masked party in keeping with the Halloween season at the home of Mr. and Mrs. O. G. Glassmoyer.

The holiday motif was carried out with plenty of spooky games and contests to furnish entertainment until a late hour. Mrs. C. A. Caffee told the story of "The Lover who Died in the Desert."

In a contest for honors in being the best masked, R. V. Bartlett and Mrs. R. L. Rutherford won first prize. The club members are asked to attend a call meeting of the club on November 23. There will be no more regular meetings of the club until the first of the year. Dainty refreshments of pumpkin

pie, sandwiches and coffee were served to Mrs. Dick Glassmoyer, Miss Vivian Caruthers and Miss Unis Howell, visitors and to the following members and their families: Mr. and Mrs. A. H. Kreis, Mr. and Mrs. Bill Norman and children, Mr. and Mrs. C. E. Bartlett and son

R. V., Mr. and Mrs. T. J. Campbell, Mr. and Mrs. C. S. Ray and son, Mr. and Mrs. Jim Morrison and children, Mr. and Mrs. R. T. Jones, Mr. and Mrs. Tate Jones and children, Mr. and Mrs. M. A. Barton and daughter, Mr. and Mrs. C. A.

Caffee, Mr. and Mrs. R. L. Rutherford, and Mr. and Mrs. Glassmoyer. Mrs. C. A. Caffee is president of the Dougherty club.

**FAIRVIEW H. D. CLUB**  
The Fairview Home Demonstration club will meet Monday, November 21 at 2:30 o'clock with Mrs. Freeman. All members are urged to be present.

### ARMISTICE

Peace! The small word "peace" means more to the world today than any other subject. Maybe the reason for this value of a one-syllable word is because we have so recently faced a world crisis in which our peace was imperiled. Or maybe we love the sound of peace because just a few years ago millions of brave-hearted laughing boys set out to "make the world safe for democracy" making the supreme sacrifice for the country of glorious stars and stripes.

Some came back. Some didn't. It is for those men and in memory that a magnificent valor that Armistice day became a holiday, a day in which to remember the uselessness of a world conflict which wrecked countries, flags, and souls and to encourage new resolve against another war. Each poppy that blooms is a reminder of some heroic life which was given eagerly in the interest of peace.

So, as we approach another Armistice day, let us not forget the men who gave us peace when the very foundations of liberty were threatened and let us pray that we may keep forever the peace that is the inheritance of the American nation.

### SHOULD VISIT SCHOOL

The National Education association has for several years joined with the American Legion and the United States Office of Education in promoting the observance of American Education Week a week in which the public is specially encouraged to familiarize itself with its schools, their programs, and their needs.

To be able to understand how the school operates, how the pupils spend their time and how education is progressing, the public must visit the school. This would be stimulating to both parents and pupils. The pupils would exert every effort to entertain the guests and show them how educated they were becoming; the parents would become more enthusiastic in the activities of school and would cooperate in every enterprise.

### SENIOR NEWS

Flash!—More news from the peppy senior class. A brain storm flew through the senior class the other day when someone suggested that the class sponsor a book review. This review idea was accepted with joy and will probably take place during the chapel period in the near future. The time that will be taken up in giving this report will go for some literary credit as the English teachers will probably count the review as a book report. This has not been discussed with them, but there is no time like the present to make a friendly suggestion.

Wednesday, the beautiful seniors (Also we ugly ones) gave Mr. Frogge the shock of his camera when the senior pictures for the hall picture and other senior activities were taken. The dirty work is now done, and you will be seeing the returns of these pictures shortly. Whether that news is unfortunate or not remains to be proved by the developing fluid.

The seniors this year are making unusually high averages in their scholastic endeavor and it is expected that the senior class of 38-39 will go down in History at F. H. S. as a most outstanding class.

### Hit Of The Week

#### Lambeth Walk

If you're ever Lambeth way, Any evening, any day You'll find them doing the Lambeth Walk.

Every little Lambeth gal With her little Lambeth pal You'll find them doing the Lambeth Walk.

Everything's free and easy Dance as you darned well pleasey Why don't you make your way there. Go there, stay there.

Once you get down Lambeth way, Every evening, every day You'll find yourself Doing the Lambeth Walk.

The Floydada Rotary club is forwarding plans for giving F. H. S. a vocational bookshelf. Each Rotarian is to give the library a book concerning his special vocation. This variety of books should be very interesting because a principle of the Rotary club is the fact that the membership is made up of every walk of life. These are doctors, lawyers, newspapermen, railroad, managers, car dealers, grocers, dry goods dealers, in fact every vocation one can think of.

When the shelf is installed the students who are interested in any certain vocation may check out the book and refer to the contribution for further information.

In this way a boy or girl may decide definitely what vocation to follow and take an important step toward his aim by learning all he can about it in high school.

### Miss Rees Elected At Press Clinic

The West Texas Scholastic Press Clinic which was held Friday and Saturday at Texas Technological college was beneficial to those attending the meeting. The welcome address was given at 1 o'clock by Mr. Cecil Horns, head, department of journalism. The "Experiences of a City Editor" given by Mr. R. C. Hankins, city editor of the Lubbock Avalanche Journal, was an interesting as well as humorous talk.

Mr. Hankins told how his paper is made up for the press. Mrs. Ross Ayers, sponsor of the Westerner World, gave an interesting talk on the Laboratory Procedure and Text-books for High School Journalists. In her talk Mrs. Ayers gave several helpful suggestions in the writing of articles for the paper. The students from here realized more than ever the need of a class in journalism, to have the best page in the down town paper.

Each group of delegations were introduced by one member of their group. Mary Kathryn Daniels introduced the group from here. At the meeting of the sponsors, Miss Rees was elected program chairman of the "page in the down town paper" for the meeting next year. Mrs. J. N. Browning of the Amarillo Sandstorm was elected chairman of the school printed papers. The chairman of each division will work with Cecil Horns, and Joseph Cowan in planning the program for the clinic for next year.

One of the highlights of the clinic was the infernal banquet given by the Lubbock Chamber of Commerce, in the Hilton Hotel Friday night at 7:30. There were over 200 high school reporters and their sponsors present for the feast. James Martin of Amarillo, president of student-group was toast master. The main address was given by editor-in-chief of Lubbock Avalanche Journal, Mr. Charles A. Guy. Following the banquet was a dance in the ball room, but our group not desiring to dance, returned home, tired but well pleased with the days events.

Those attending from Floydada were Misses Sappho Ward, Evelyn Groves, Aileen McIntyre, Mary Kathryn Daniel, Norma Denison, Dorothy Dell Stovall, and Josephine Troutman. Olin Watson and the sponsor Miss Rees.

### SOPH NEWS

The first snow is always met with hilarity on the part of Floydada students. At the advent of first snow the freshmen became extremely prominent in the fact that they get a chilly reception on the campus ruled by upper classmen. Not only do their faces take a needed scrubbing, but they also experience the thrill that a rolling in the snow gives.

Last week it snowed and the fun began. It is surprising how many freshmen avoided the oldsters. When the fleecy flakes began swirling over the whole works shrieks of delight could be heard where the Sophomores were hanging out. They were tasting revenge because they will not soon forget that the year before they took the cooling off. Have your fun, sophomores before you grow old like the decrepit juniors and seniors and cannot enjoy anything so commonplace as a measly snow.

### F. F. A. And F. H. A. In Joint Meeting

The first joint meeting of the Future Farmer's and the Future Homemaker's will be held next Wednesday night at the high school. The program committees of both chapters have charge of the program for the evening. The chapters will have special guests for the evening.

Refreshments are being planned by members of the foods II class in keeping with the month. Plans are being made to care for more than 100 members and about 20 guests.

#### Josephine Troutman Honors Carl Minor Jr. With Party

Josephine Troutman entertained November 1 with a dinner honoring Carl Lester Minor who has recently moved to Fort Worth.

A palatable dinner was served to the following guests T. W. Salisbury, Carl Minor, Emmitt Henson, Jane Clark, Dorothy Dell Stovall and the hostess, Josephine Troutman.

### Slander

### Session

Gene Boren is quite a philosopher. Philosophical Gene observes that they are trying to take the wild life out of town and put it in the country.

The Speech club members appear to have had a lapse of memory. Each one is frantically searching for a first grade primer. They are either in their second childhood or it was an assignment. Hold everything till I go confirm rumors.

At least we have snow! That flakey substance that peppers down on one's face and sometimes gets rolled into a hard ball and not too gently thrown at one's back. Welcome cold weather.

Emogene blushed furiously when the girls in the food lab looked at her diamond and she still maintains that the little rock doesn't mean a thing. Ah sweet hysteria of life.

We hear that Ludene Burney offers \$5 to all comers (masculine, preferably) who will kiss her. Are the polls still open?

Kenneth Joe Burett is wearing T. W. and Kenneth Baird had woe-be-gone looks when they found out that the apples of their eye did not go to Lubbock on Saturday. Oh well, absence make the heart grow fonder. (Whoever said that was a decided dope).

Latest romance: (oh these romances) Martha Yearwood and Gilbert Bambauer.

And while the family of Bambauer is being mentioned, Robert Scott would practically hook his gold plates to get a little attention from Blanch Bambauer. Give him a chance, kid.

Phil Steen has looked over the list of eligible freshmen and picked out little Geneva Gordon.

"Ducky Donald Cornelius says Topsy is a two timer! She walks home every day with Randall King.

The F. F. A. pins are supposed to adorn the lapels of the ambitious Future Farmers of America but from the amount of F. F. A. steel seen around of the dames flounces, the girls are becoming Future Farmers.

The best example I know of that shows that every one should belong to some organization was given last Friday and Saturday when the Press club, football boys, and band all went to Lubbock and the F. F. A. boys to Crosbyton.

A fine thing, Miss Rees has to have a typewriter from the office because she has to see the letters on the keys. I like the hunt and peck system. More fun that way.

A speaker at the Press club banquet said something about you look at fools and laugh. A funny thing, Sappho looked over at Olin and burst into irrepressible laughter.

It seems queer that Billy Brown, Gilbert Bambauer, and the Arnold boys played electric train Sunday. Unresourceful! Look what they could have done.

Has Helen Woodward put a black rinse on her hair.

Wouldn't La Verne Eubanks go with Hudson Holmes on Halloween night?

Hollis McClain is now the proud owner of several freshman hearts. They're all yours, kid.

Guests: I'll have to stop and let the typewriter keys cool off before next week's vicious scoops. Sweet dreams.

### Two Departments Have Radios

It is agreeably surprising to find that the vocational agriculture department and the commercial department are now equipped with Airline table model radios which are helpful in many of the efforts of both departments.

In the Vocational Agriculture department, the radio is instructive in transmit programs concerning the national work of this particular department and in the receiving of special news of world interest.

Rhythm is needed for the typing student to gain independence of fingers. By having a radio, interest is stimulated and the purpose is served at the same time.

It is with pride that the faculty and students point to the new improvements that are continually being made in F. H. S.

### Homemakers To Go To Area Meeting

The local Future Homemakers are busy getting everything in order for the area meeting in Canyon next week-end.

Miss Esther Finkner has been asked to give a short talk on the afternoon program, which will be held at the college. Ten girls and their sponsors are planning to attend the meeting.

## Floydada Band and Drum Corps Attends Band Day at Tech

Last Saturday was "Band Day" at Lubbock. Bands all over the Panhandle and New Mexico attended.

The Floydada High School Band and Drum Corps were among those invited to participate in the parade and attend the Texas-Tech Loyola football game.

The parade began at 11 o'clock, each band marching in its own style. The color of this pageant was unbelievable. The bands were Slaton High School Band, Clovis, New Mexico Band, Texas Tech Band, Tulsa High School Band, Eunice New Mexico Band, Levelland High School Band, Seagraves High School Band, Lubbock Junior High Band, Lubbock High School Band, and Floydada High School Band.

The football game between the Red Raiders and the Wolves of Loyola began at 2:30 in Tech Stadium.

Each of the bands was given an opportunity to parade at Tech Stadium before some 16,000 spectators.

At the end of the panorama, the contest for the best all around band. Besides some Class A playing this band gave a beautiful formation making a double T in honor of Texas at Tech, and then they made a revolving wagon-wheel for "Lubbock, Hub of the Plains".

At the half, all the bands together performed on one large marching formation.

All bands that attended enjoyed the entertainment to the utmost.

### LOCALS

Miss Lois Fouts and Miss Reba Copeland visited in Miss Fouts' home in Haskell, Texas on Sunday.

Carol Grumlish, former band master of Floydada High school visited friends here last week.

### JUNIOR BAND

Mr. Camp has been drilling a Junior Band for several weeks and the improvement is so noticeable, that as soon as the members are able to play the entire contents of one specified band book, they will join the regular band.

With this goal before them, the boys are working harder and harder to finish the book. If in the near future these boys appear in the band, it will be known that they have reached their goal. These boys are Johnny Hammonds, Wendell Daniels, Troy Mask, and Gene Collins.

### Armistice Program For Chapel Thurs.

Miss Miller sponsor of the freshman girls has arranged for a new unusual Armistice program.

With the help of some of the business men and upper classmen the freshmen will endeavor to give the best Armistice program in quite awhile.

The program is as follows: Band—National Emblem March Mother Singers—First Group of songs

Musical number—Joe Dick Moore Reading—Florence Cates Musical Number—Joe and Gene Arvine

Mother Singers—Second Group of songs

Band—Two Numbers Reading—Leverne Russell Violin Duet—James Wester and W. C. Denison.

Pink: an anemic red. Slim: A soft oozy substance especially that which is offensive and dirty; a freshman.

### Green Peppers

The raging Lockney Longhorns have stormed the fortress and invaded the Floydada goal line, but the fighting ire of the light but elusive Whirlwinds is at high pitch to meet the Matador Matadors Thursday night here.

In preparation for the Longhorn-Whirlwind game the Peppers did some of their most outstanding work. The rally Thursday night was a success with the Peppers, band, and drum corps collaborating on war tactics.

At the game some inspired yelling was in order and the loyal Peppers never lost faith although the green and white took a good bit of punishment.

The formation at the half was a grand display of Floydada forces. Pep Squad, Band, and Drum Corps marched in glorious array the length of the field, they reversed and marched to the forty yard line where the pep squad gave three rousing raps for Lockney and the band played "Tiger Rag." A shift of pep leaders and "about face" formation put the group into position to yell "Yea, Green, Yea, White" and play "Hail Floydada High School".

It is indeed a thrill to at last sing a school song which is made more impressive by the entire Floydada delegation rising to honor that song.

Preparations for the Pep Squad-Football Banquet are going forward at double time. Miss Copeland and Miss Fouts, Green Pepper sponsors, announce that the candy selling, pencil selling, pop corn selling (and every other selling) has not been futile. The treasury is increasing with each game and plans for a knock-out banquet are under way.

While sponsors are under discussion, this is an opportune time to give Miss Copeland and Miss Fouts their just dues. Few sponsorships are as great as those placed on the Pepper sponsors because of the responsibility of raising banquet funds, chaperoning football trips, making necessary purchases, and any number of other duties. The Green Peppers have found Miss Copeland and Miss Fouts always sympathetic, always willing to help and always good sports.

Matador here we are with full regalia and high hopes for a victory.

The Floydada Chapter officers learned about parliamentary procedure and the discharging of dues from the officer training school held at Crosbyton, November 5.

A business session was held at which time objectives for the district accomplishments for the year were discussed. Mr. Chapelle, area advisor, gave an informative talk on how the district was ranking in comparison with the districts of other areas.

Objectives adopted were eighth grade chapter conducting contest, to have a summer encampment, district athletic contest, have an officers training school, leadership contest for schools in district, become Lone Star chapters, one act demonstration, radio broadcast.

At a meeting last Tuesday the Floydada F. F. A. members adopted their objectives: go to South Plains fair, go to Fat Stock show at Fort Worth, hold Father and Son banquet, F. F. A. and Home Economics joint meeting, summer encampment, chapel program, project show, weekly news report, send delegates to area district and state convention make scrap book.

Sponsor judging tournament, 100 percent members to earn certificate of merit, chapter to own radio, radio program at K. F. Y. O. enter leadership contest, sponsor athletic teams, chapter to own kodak.

The Vocational Agriculture members are striving to reach all these objectives.

**EYE to EYE in your own living room, Your Mileage Merchant would unblinkingly talk this same good sense about saving your car's battery and oil by changing now to WINTER OIL-PLATING**

**NO BRASH "sounding off" by Your Mileage Merchant, because he can easily be specific about his patented Conoco Germ Processed oil. It specifically OIL-PLATES your engine for winter... no other oil does. And winter OIL-PLATING specifically cuts down on drabby "starts," battery exhaustion and oil extravagance, for these specific reasons:**

The Germ Process adds in to this oil a patented man-made substance that sets up a strong force of attraction between Germ Processed oil and every engine surface it touches. Even the upright surfaces instantly attract and hold Germ Processed oil in the form of lasting OIL-PLATING. This OIL-PLATING can never drain down—any more than chrome plating—during the longest, coldest parking. No question then, about winter OIL-PLATING speeding your starter from the first, because before you've even got out your key, your engine is ready-lubricated by slippery OIL-PLATING. Never letting loose, OIL-PLATING can't shoot out of the engine, but remains a constant help to your oil-level—one of the smartest reasons for changing to Your Mileage Merchant's Conoco Germ Processed Oil. Patented—your one way to change to WINTER OIL-PLATING!

## Mr. and Mrs. Ross Honor Out-Of-Town Guests At Barbecue

A very enjoyable social of the past week was the chicken barbecue given Friday evening by Mr. and Mrs. S. W. Ross at their home, 130 West Houston street, honoring Mr. and Mrs. Joe M. Day and Mr. and Mrs. Otto Faulkner of Long Beach, California.

Chickens were barbecued in the open pit on the beautiful lawn and served in the dining room. Concluding the dinner informal conversation and games furnished diversion.

Attending the delightful occasion were Mr. and Mrs. Day and son, Keith, Mr. and Mrs. Faulkner, honorees, Mr. and Mrs. Edd Johnson, Mr. and Mrs. Glad Snodgrass, Mr. and Mrs. E. P. Nelson, Mr. and Mrs. H. O. Pope, Mr. and Mrs. W. I. Cannaday, Mr. and Mrs. W. Luther Fry, Mrs. Lula Slaughter and Mrs. A. J. Welch.

The morning services was opened at 10:30 with Mrs. W. H. Henderson in charge. Intermission for the noon hour followed the program and offering.

After the covered dish luncheon served at the church Mrs. J. E. Eldredge, leader for the afternoon, opened the session, which was closed with an offering, part of which will go to the foreign fields and part to home missions.

A business meeting was held with Mrs. C. L. Travis, presiding. New officers were elected for the year 1939 work. Mrs. Travis was re-elected as president.

To work with the new president will be Mrs. B. P. Woody, vice-president; Mrs. C. K. Arnold, corresponding secretary; Mrs. N. W. Williams, recording secretary; Mrs. H. M. McDonald, local treasurer; Mrs. George V. Smith, connectional treasurer; Mrs. W. H. Henderson, Christian social relations; Mrs. J. E. Eldridge, chairman of study with Mrs. Noel Troutman as assistant; Miss Lillie Solomon, reporter; Mrs. E. C. Henry, superintendent of supply; Mrs. Wilson Kimble, chairman of local work; Mrs. Lula Moore World Outlook agent.

These officers will be installed at the first meeting in January.

Seventeen women were present at the Missionary society meeting held at the First Baptist church Monday. The meeting began at 12:30 with a covered dish luncheon followed by a program.

## Garden Club Closes Year With Luncheon

Floydada Garden club closed their year's work with a pretty appointed luncheon Friday in the home of Mrs. J. D. McBrien at 1 o'clock.

## Bride-Elect Complimented With Shower

Miss Elnora Miller, bride-elect whose marriage to Floyd Willis will take place Friday afternoon, November 11, was complimented with a lovely miscellaneous shower Friday evening at the home of Mrs. S. L. Rushing in the Fairview community.

Hostesses complimenting the bride-to-be were Mrs. S. L. Rushing, Mrs. Lee Rushing, Mrs. F. O. Conner and Mrs. M. J. McNeill.

The table was attractively arranged with a lace cloth and a centerpiece of fruits surrounded by a wreath of autumn leaves. Tiny soldiers carried out the armistice day theme in decoration. Mrs. Lee Rushing poured the tea and was assisted in serving the refreshments by Mrs. Conner and Mrs. McNeill.

The guests, on entering, registered in the bride's book which was presided over by Mrs. Roy Curry.

Mrs. D. D. Shipley played at the piano, "La Golondrina" and sang, "Dearie." Little Eddie Wayne Conner, dressed in carpenter's cap and apron, representing the vocation of the groom-to-be, brought in the red, white and blue decorated wagon laden with beautiful gifts.

Registering in the bride's book were Mrs. D. D. Shipley, Mrs. Roy Curry, Mrs. C. B. Lyles, Mrs. E. B. Chesnut, Mrs. G. H. Gattis, Mrs. M. J. McNeill, Mrs. F. O. Conner, Mrs. Olin Miller, Mrs. S. L. Rushing, Mrs. Lee Rushing, Mrs. C. B. Smart, Miss Lula Mae Teal, Miss Frankie Wright. Those sending gifts were Mrs. E. Meek, Mrs. Wilson Kimble, Mrs. J. W. Lyles, Mrs. E. W. Turner, Mrs. C. P. Looper, Mrs. Dick Penner, Mrs. A. J. Welch, Mrs. H. O. Pope, Mrs. Wallace King, Miss Verda Francis Turner, Mrs. J. M. Wilson.

**MCCOY H. D. CLUB REPORT**  
Give plenty of air spaces in your covering, if you want warmth. Miss Ruth Grimes, demonstrator, told members of the McCoy Home Demonstration club in a meeting at the home of Mrs. Audrey Sparks, on October 31.

In quoting Miss Grimes, she said, "I would like to see at least two sheep added to every farm to furnish wool for these long napped light weight blankets. Also to make comforts covered with soft dress muslin, or other similar materials. These will give you plenty of air spaces for warmth and they are soft and clingy. Do not spend your time in useless quilting, for so many lines exclude the warmth," she said, "even though they are beautiful."

Following the recreational period, the president called a business session and Mrs. O. F. Cummings, council representative, explained the Achievement tours and insisted on all members taking part in the tours.

Visitors present at the meeting were Mrs. H. K. Holmes, Mrs. R. L. Birdsong and Mrs. E. O. Chick. Members present were Mesdames R. F. Day, W. F. Culpepper, O. F. Cummings, R. I. Birdsong, E. B. Griggs, Harry N. Jones, G. L. Smith, R. E. Smith, Elton O'Neal, H. D. Staples, G. H. Day, J. R. Shipley, W. H. Hulsey, Audrey Sparks, and the demonstrator, Miss Ruth Grimes.

**LILLIE HUNDLEY YWA MET WITH ONECA HAMILTON MON.**  
The Lillie Hundley Y. W. A. met with Oneca Hamilton in a business meeting Monday, November 7. Mary Emma Collins was elected publicity manager and it was voted to change the place of meeting after the first of the year to the church.

Those present were Mrs. Shaw, Vera Nell Marshall, Mary Emma Collins, Modelle Haney, Erma Dean Moore, Alene Warren, Coleta Moore, Dorothy Nell Swinson, Ruth Kreis, Mary Louise Tubbs, and the hostess Oneca Hamilton.

The next meeting will be with Dorothy Nell Swinson in a missionary program.

## Probasco-Badgett Wedding Solemnized In Clovis Nov. 5

Miss Frances Probasco and Preston Badgett were united in marriage Saturday evening, November 5, at Clovis, New Mexico. Miss Irene Probasco and Morris Garner were the couples' only attendants.

The bride was attired in a blue crepe dress trimmed in black fur with black accessories.

Mrs. Badgett is the only daughter of Mr. and Mrs. Zell Probasco. She was born and reared in Floydada, receiving her education in the public school from which she graduated with the class of 1938.

The bride groom is the son of Mr. and Mrs. D. R. Badgett. He has also been reared here and completed his school work with the class of 1937.

The young couple will make their home here.

## McDowell Music Club To Present Program Today

## Out-Of-Town Visitors Honored At Lovely Dinner Thursday

A delightful entertainment of the past week honoring Mr. and Mrs. Joe M. Day and Mr. and Mrs. Otto Faulkner of Long Beach, California, was given Thursday evening.

A lovely 7 o'clock dinner was served at the Commercial hotel with Mr. and Mrs. Bill Daily, Mr. and Mrs. R. C. Wakefield, Dr. and Mrs. A. E. Guthrie, Mr. and Mrs. Jack Deakins and Mr. and Mrs. Baird Bishop making the arrangements and having charge of the social.

The table was artistically arranged with bouquets of daisy flowers placed at intervals and faint place cards. After the dinner they went to the home of Mr. and Mrs. Daily where games and other entertainment were enjoyed.

Besides the honor guests Mr. and Mrs. W. Luther Fry were present for the delightful affair.

Mr. and Mrs. J. H. Upton, of Plainview, were in Floydada on business Wednesday.

# Lockney Humbles Floydada 32-14 In Revenge Game Here

## Longhorns Make It Look Easy As They Head For A District Title

Friday was a splendid day for a football game, the day dawned bright and Floydada fans felt that the Whirlwinds had a chance to upset the dope and defeat the mighty Longhorns from Lockney, but when the sun set there were no such hopes. Lockney had come off the victor by 32 to 14.

The score against the Whirlwinds could have been 32 to 0 had not Coach Leo Cooper saved his first stringers after the Steers had the game tied away. It was then that the Whirlwinds seemed to come to life and scored 14 points in about 2 minutes of play.

**First Quarter**  
Lockney defended the north goal and kicked to Linder on the goal line, he returned to the Floydada 20. Lockney penalized 5 yards for offside. Linder pass to Daniels was incomplete in left flat, Linder pass was knocked down by Richardson. Linder passed to Golightly for a first down on the 40 yard line. Linder passed to Daniels but the pass was high. Linder reversed around end for 4 yards. Linder kicked 35 yards to Lockney's 15.

Hill pounded right tackle for 5. Brotherton smashed at left tackle for 4. Hill fumbled and Daniels recovered for Floydada on Lockney 35 yard line.

Golightly smashed at left tackle for 4 yards. Daniels gained 3 at right tackle and Linder picked up 2 around right end. Linder passed to McClure but the ball fell incomplete and Lockney took over on downs. Brotherton smashed the Floydada line for 5 yards and then repeated on the other side for 5 more. Brotherton lost a yard on an attempted sweep. Hill picked up 25 yards on an end sweep nearly getting loose. Davis gained 1 at left tackle. Hill to Richardson was incomplete. Hill picked up 8 but Floydada took over on downs.

Lateral Linder to Beard lost 3 yds. Beard made 2 at right end. Linder smashed off tackle for 4 yards. Linder punt was blocked and Lockney recovered on the Floydada 20. Brotherton picked up 5 and Hill

gained 2 through the line. Brotherton smashed right tackle for 3 and carried again for 4. Brotherton banged right guard for 2 yards and Hill raced around left end for a touchdown. Linder blocked the attempted extra point. Lockney 6, Floydada 0.

Tyler took the kick on his 20 and returned 5 yards. Linder attempted a lateral to Beard but lost 4 yards. Linder passed to Golightly for 15 yards. Linder swept around right end and attempted to lateral but fell for no gain. Linder pass was intercepted by Hill on the Floydada 40.

**Second Quarter**  
Hill steamed around right end for 10. Hill to Newman was incomplete. Brotherton made 1 through right guard. Hill passed to Gentry for 5. Hill broke through the Floydada left tackle for 20 yards. Brotherton smashed at center for 2 yards. Brotherton picked up 4 yards at right end. Brotherton raced around right end for a touchdown and kicked extra point. Lockney 13, Floydada 0.

Daniels took the kick on his 20 and returned to the 35. Linder tried left end for no gain. Linder gained 4 at center. Linder reversed around right end for 7 yards. Linder fumbled lost 4 yards. Golightly took the ball on a reverse for 8 yards. Linder passed incomplete to Golightly. Linder kicked 15 yards.

Hill made 3 yards at right end. Hill passed to Gentry but the ball bounced out of his hands. Brotherton made 2 at center. Brotherton lost 3 at right end and Floydada gained the ball on downs.

Linder smashed over right guard for 4 yards. Daniels picked up 2 at left tackle. Linder ripped right guard again for 4 yards. Lateral Linder to Daniels lost 10 yards. Linder's pass to Daniels fell incomplete. Linder kicked over goal. Lockney took over on their 20. Brotherton swished around right end for 15 yards. Lockney was penalized 15 yards for holding. Brotherton fumbled and Floydada recovered on Lockney 22.

Linder's pass to Tyler was intercepted by Gentry. Hill passed to Brotherton for 40 yards total. Hill to Gentry was incomplete. Hill to Brotherton fell incomplete in a div-

ing try. Hill lost 5 at right end as the half arrived. Lockney 13, Floydada 0.

**Third Quarter**  
Lockney took the kick on their 35. Hill raced through right guard for 13 yards. Brotherton gained 2, and Hill barged off right tackle for 18 yards. Hill's pass was intercepted by Beard on the Floydada 40. Golightly lost 1 as his blocking failed away. Daniels gained 3 at right tackle. Linder kicked hard for 12 yards.

Hill made 5, Brotherton gained a first down. Baker picked up 5. Hill carried for 15 yards. Lockney gained a 15 yard penalty for roughing. Lockney had ball on the 50. Hill raced around right end for a touchdown. Brotherton missed the extra point. Lockney 19, Floydada 0.

Linder took the kick on his 2 and ran it out to the 20. Beard lost 1. Daniels fumbled but Montgomery recovered. Linder kicked to Hill on Lockney 45.

Davis smashed left tackle for 2 yards. Brotherton cut back over tackle for 24 yard gain. Hill fumbled and McClure recovered for Floydada. Linder pushed over left guard for 8 yards and repeated over right guard for 1. Linder pounded right tackle for 4 and made it a first down on the Floydada 38. Bootleg at right guard picked up 5. Beard's pass was intercepted by Hill on his own 45 and he raced downfield for 55 yards and a touchdown. Hill kicked goal. Lockney 26, Floydada 0.

Daniels took kickoff on his 20 returned to 35 and lateraled to Linder who carried on to the 48 as the quarter ended.

**Fourth Quarter**  
Linder's pass to Golightly was intercepted by Hill on the Lockney 30 and he returned to his 43.

Davis picked up 2 at left guard. Hill raced around right end for 12 yards. Brotherton made 2 at left tackle. Hill to Gentry was incomplete. Brotherton picked up 3 yards off left tackle. Brotherton kicked out of bounds on the Floydada 2 yard line.

Linder passed to Golightly but the ball bounced off his fingertips. Linder passed to McClure but was wide

and incomplete. Linder kicked out on 38.

Brotherton raced around right end for 20. Brotherton gained 4 at left tackle. Brotherton picked up 3 yards. Richardson passed to Baker but the ball was high and incomplete. Baker passed to Gentry for the touchdown. Extra point no good. Lockney 32, Floydada 0.

Beard took the kick on his 10 returned to the 22. Linder got around right end for 5 yards. Linder went off tackle for 4 yards. Floydada penalized 15 yards for holding. Linder gained it back over left tackle. Linder made a first down over center. Beard passed incomplete, Beard to Golightly incomplete, on a screen pass Beard passed to Daniels and he raced 60 yards for a touchdown. Lockney 32, Floydada 6. Linder kicked goal. Lockney 32, Floydada 7.

Brown made 5 yards off left tackle. Daniels intercepted a lateral on own 40. Beard passed to Daniels on his 40 on the screen pass and he raced 60 yards to score. Linder kicked goal. Lockney 32, Floydada 14.

Lockney could get nowhere on their carrying but the game ended before they were forced to kick.

ESTEL BAKER

### INCREASED ENROLLMENT AT H. S. U. INCLUDES ESTEL BAKER FROM FLOYDADA

Hardin-Simmons University, at Abilene, founded in 1891, has an increased enrollment for its forty-seventh year, recently begun. The freshman class is the largest in H-S U history, said Dr. J. D. Sanderfer, dean of senior college and university heads in Texas, who is beginning his thirtieth year as president at Hardin-Simmons.

The student body enrollment includes undergraduates from 105 Texas counties, thirteen states, and the foreign countries of Mexico and Brazil. Taylor county, with Abilene as county seat, leads with 266 students.

The only student at H-SU this year from Floyd county is Alvin Estel Baker, a sophomore.

On last year's freshman football team at H-SU Baker played in the backfield, but this year he has been converted to a guard.

Baker is a promising player, is now recovering from an injury which has kept him from playing much this fall.

(By Bill Hams)

The only good thing about the Lockney-Floydada game was that the Whirlwinds weren't stunked, and it seemed that they would have been blanked had not Coach Cooper removed the first string and let the subs in for some trouble. This isn't an "I told you so" column but a lot of things predicted herein came to pass... much to the writer's chagrin, because there were fond hopes hereabouts that the dope might be upset.

Lockney has a good team, a well balanced club, with power, speed and smartness but there are some doubts yet that they will subdue the Flomot Steers tomorrow afternoon, anyway after Flomot tied the better than good Bulldogs last week. Of course if Amouett and Co. were all bent and busted up by the Spur club none of this dope can hope to stand, because so far as can be found out the Lockney boys escaped without a scratch.

The Interscholastic League committee at Austin finally got wise and balanced up the schools of Texas like they should be balanced. Squawks are going up from fans and some "small" schools that play "big time" football but on the whole the idea is the best one that has been advanced by the high school moguls in a long time.

Masonic Home says they will "quit" the league... which don't seem to make anyone feel sick or bad up here. Masonic Home has a peculiar set up that enables them to have good teams year in and year out but the other schools of like enrollment can't hope to compete in the higher bracket because of small clubs. Some of Masonic Home's hot fans are writing sarcastic notes to the committee but suppose all schools of enrollment from 150 to 200 were lifted into the

### Set-Up In District 4 - B To Change With New Ruling

#### Ralls And Crosbyton Added To District As Five Are Dropped

A new ruling of the Texas Interscholastic League committee which makes its headquarters in Austin will change the district set-up here and in other parts of the state.

The new ruling is due to go into effect in September 1939 and all enrollment figures on which membership is based will be figured from the interscholastic league enrollment bulletin which will be published in August of next year.

Under the new set-up all schools with an enrollment in high school of 500 or more will be rated as Class AA instead of the present Class A rating. Schools of from 200 to 500 enrollment in high school shall be classed as Class A schools. And high schools with enrollment from 150 to 200 shall be classed as Class B and all with high school figures below 150 shall be Class C.

As a provision to the new act any school with from 200 to 500 enrollment may, upon application, be admitted to AA rating in a district if three-fourths of the members in that district agree.

Schools from 150 to 199 may be admitted to Class A if three-fourths of the members of the district agree and vote them in. Under the present arrangement Spur, Paducah, Crosbyton, Ralls, Lockney, and Floydada will make up District 4-A with Matador Turkey and Silverton having an enrollment

above 150 and the right to apply for Class A rating. Flomot Estelline, and Quitaque are only slightly above the 100 figure in high school enrollment and are not eligible to apply for Class A rating.

If Matador, Turkey, and Silverton decide to remain in Class B and not apply for membership or if the district members refuse to vote them in they can vote in Flomot, Estelline, and Quitaque and have a Class B district below the caprock.

Under the present arrangement District 4-A would be able to play a round robin schedule and yet have room for five non-conference games since there are only six schools in this area receiving Class A rating.

It can only be hoped that the members will see it in this light and keep the membership limited to six for round robin play and allow the Class A teams to play Matador, Flomot, or the other teams only as non-conference games on the schedule.

**Why the Banker Asks Questions**

A business man contemplating an important trip would carefully map out his itinerary. He would consult time tables to find out when he could leave and when he could expect to get back. Nothing in these sensible preparations would indicate that he did not want to go.

Yet many borrowers assume that the banker does not want to lend because he asks for facts and figures before he sends any of his depositors' dollars on a trip. The banker, too, is merely following a policy of conservatism for the service and protection of all concerned.

### Water Tax Bill Is Voted Down Mon. Nite At Plainview

Editor J. L. Suits Of Lockney Makes Motion; Decision Is Unanimous

One-hundred seventy-one plain citizens voted "no" to the proposed state water bill at a meeting held Monday night at Plainview. The proposed bill would have regulated the use of ground water in this area.

J. L. Suits, editor of the Lockney Beacon, made the motion "that this area be not included in this or any other water bill until it was a proven fact that our water supply on the Plains was limited, then it would be time to formulate plans and carry them out."

The motion was voted upon and was adopted by the group. Capt. Winfield Holbrook presided over the meeting. He is a member of the general conference group, and it was at his request that the meeting at Plainview was held.

F. W. Pulliam of Crystal City, chairman of a committee on legislation, outlined the terms of the proposed bill. The bill provides a tax on public underground water appropriated for irrigation, municipal supply or industrial use. The irrigation water tax is five cents per annum on each irrigated acre. On municipal water it is two-tenths of a mill on each 1,000 gallons and on industrial water three-tenths of a mill per 1,000 gallons.

Those from Floydada attending the meeting were D. F. Bredthauer, J. W. Chapman, Charles Bollman, Chas. Bollman, Jr., Marvin Shurbet, Lovell Jones, Claude Carpenter, and Robert Gary. A large delegation attended from Lockney.

### Sanitarium Notes

Carl Jackson, Plainview business man, who has been in the Floydada Hospital and Clinic since Tuesday of last week following a highway accident, has been gradually improving. Mrs. Jackson has been here with him much of the time.

Sam Beard, of the Davis gin, who injured the back of his hand in machinery of the gin, has been under the care of physicians.

W. N. Paschall fell Saturday from a scaffold and suffered a hip injury. An x-ray has been made and he is under treatment.

E. C. Hayden of Campbell returned to his home Saturday after an operation for appendicitis.

Edd Mims, who fell from a truck and injured himself has been in the hospital the past 3 days.

W. T. Branson will return to his home today after several days in the hospital. His condition appears to be much improved.

Born to Mr. and Mrs. D. W. Bybee a girl Wednesday weighing 7½ pounds.

### Wheat Men Predict Short Crop Unless Moisture Comes Soon

BLANCO, November 8.—The light snow that fell in this community Sunday night was not heavy enough to be of any benefit to the wheat is the opinion of wheat farmers here. They are beginning to feel very uncertain about a crop for next season unless conditions change and some moisture falls soon.

Mrs. W. M. Snell, Mrs. Elizabeth Snell and Mrs. J. J. McKinney, of Floydada made a business trip to Lubbock last week.

Miss Irene Cates and brother Leroy, who are employed in Lubbock spent the week end at home with their parents Mr. and Mrs. W. C. Cates.

F. A. Faulkenberry spent from Monday until Thursday on a business trip to Paducah.

Several civil cases are scheduled to come before the court Saturday after which the court will adjourn until the winter term which will begin the latter part of January.

### OLD MAN WINTER HITS FLOYD COUNTY HARD

Old Man Winter arrived in all his glory Sunday and Sunday night to wrench Floyd county and the South Plains from gentle fall weather into the rough sharp weather of winter.

The mercury dropped to freezing at 6 a. m. Sunday and continued to creep downward until it reached a low of 20 degrees. Snow and sleet fell during the night to keep the mercury dropping until early Monday morning it reached the low of 18 degrees. It continued to freeze until 11 o'clock on Monday. Tuesday the thermometer registered 22 degrees and Wednesday it marked up 27 degrees.

Wheat farmers wished for a heavier blanket of snow, car owners who had not bought their supply of anti-freeze wished they had, others wished that their radiators had been drained, overcoats, and mufflers were the style for this week.
