FLOYDADA, FLOYD COUNTY, TEXAS, THURSDAY, NOVEMBER 17, 1938.

NUMBER 40

## District Committee Holds Bulldog Player As Eligible

### Longhorns Meet Spur At Lockney Friday 2:30 p. m.

District Championship Will Be At Stake; Both Teams Tied Flomot

Spur's once tied Bulldogs and Lockney's once tied Longhorns will meet at Lockney tomorrow afternoon at 2:30 o'clock to decide the championship for District 4-B. Both teams have been tied by Flomot.

The district committee met Monday night to hear a protest filed by B. F. Kirk, Flomot superintendent, on Andy Hurst, second string Spur guard, that Hurst was ineligible because of the "one year" rule.

The committee refused to make a decision Monday night because of insufficient evidence and adjourned until Wednesday at 1 p. m. Meeting at that time, the committee remained in session until 1 a. m. this morning deciding the eligibility of Hurst on that protest.

The committee, J. W. Jones of Lockney as chairman, ruled that the evidence brought before them was insufficient to show that Hurst was ineligible because of the one year rule.

Hurst had played football and basketball at Roaring Springs in 1934-35, 1935-36 semesters before transferring to Westwood for one semester and to Abilene for one semester before transferring to Spur High school last February.

The records showed that Hurst had not participated at Weatherford or Abilene in any sport and Spur claimed that he had not participated in either sport at Roaring Springs. Evidence brought before the committee failed to show that Hurst had participated at Roaring Springs, which made him eligible since the one year rule would not apply.

### File Counter Claim

Upon this decision, Flomot filed a counter protest of Hurst claiming that he was ineligible because of "too many semesters." The committee checked the records and again

### BIG CROWD EXPECTED

One of the largest crowds in many years are expected tomorrow afternoon at Lockney, Superintendent J. W. Jones said this morning. Admission will be set at 15, 25, and 50 cents at the gate. Every effort will be made to accommodate everyone that appears at the gate. The game will start at 2:30 o'clock.

### Two And A Half Cars Turkeys Thanksgiving Sales At This Point

Floyd county turkeys sent out to market on the Thanksgiving run totalled about 2 1/2 carloads, local dealers estimated here yesterday.

The general run of the turkeys were marketed on a 14-cent price, with the heaviest movement on Wednesday night and Thursday morning, although a few turkeys were still going out this week.

The birds dressed fairly well, according to reports, although some of the birds lacked a ten-day growth they should have had.

Probably 40 per cent of the Floyd county crop is left to be marketed for the Christmas holidays.

### Wildcat Location On Matador Ranch In Dickens County

A wildcat location on the Matador ranch lease taken earlier in the year by the Humble Oil and Refining company was made last week, with indications that this company's first test on the Matadors would get under way soon.

### Statue Honoring Nurses

This impressive monument to army and navy nurses who rest in the plot it overlooks at Arlington, Va., was sculptured by Frances Rich, daughter of Actress Irene Rich. Looking at the statue is Laura Jane Peeples of the navy nurse corps.

### M. E. Conference Holding Sessions At Memphis, Tex.

Northwest Texas Methodists Gather For Annual Meeting This Week

Bishop Ivan Lee Holt opened the meeting for the twenty-ninth annual session of the Northwest Texas Methodist conference at Memphis Wednesday evening. Bishop Holt succeeds Bishop Hiram A. Boaz, who served the conference for eight consecutive years.

Bishop Holt will preside over the session and on Sunday evening will read the assignments of different ministers to pastoral posts for the next 12 months. Four hundred and ten congregations will be affected by the appointments as many changes are scheduled for the meeting.

Three presiding elders are to return to the pastorate as they have served their required time as elders and according to the church laws will be returned to pastors' work. Among these will be Rev. Sam H. Young of the Sweetwater district, who was a former pastor of the local Methodist church.

This conference will elect delegates to the unification conference to meet next year in St. Louis, at which time the three large branches of Methodism are expected to be made one large denomination.

Two veteran ministers will become supernumerary at this meeting. Rev. Ben Hardy, pastor at Tahoka, a former pastor of the Floydada congregation, with forty-one continuous years in service, and Rev. T. J. Rea, Woodson, with twenty-seven years service will retire from active service.

The Northwest Texas conference, one of five in Texas, being detached at Stamford in 1909, being detached from the Central Texas conference. It has around 80,000 members with 326 church buildings. Rev. Cal C. Wright, presiding elder, of the Vernon district will act as secretary of the session.

J. M. Willson goes to the conference as a delegate from the Plainview district and R. V. and Mrs. W. J. Eldridge, Mr. and Mrs. N. W. Williams and Miss Lillie Solomon will attend the local church. Others here plan to go to Memphis for some of the session.

Rev. G. H. Gattis, pastor of the Floydada circuit for the past year, was transferred to the Central Texas conference, receiving an assignment to the church at Allen in the McKinney district, and with his family moved there last week.

### Contractor's General Supt. Spends Day On Tour Of R. E. Area

T. A. Smith, general superintendent of H. J. Hall & Company, contractor for construction of the Floyd County Rural Electric Co-operative lines in Floyd, Hale and Briscoe counties, spent Monday here and made a tour of inspection over the ground which the lines will cover.

Approximately 75 miles of the lines have been staked by the engineering corps under the supervision of A. Chatham-Strode, resident engineer. Construction work, it is anticipated, will begin when about 100 miles of line have been staked.

### Officers Landrum Post Installation Mon. Night Here

District Commander To Officially Ex-serve Men Of County Invited

Members of Willie Landrum Post, American Legion, of Lockney, will be guests of McDermott Post, Floydada, at their home corner of West Virginia and Fifth streets, Monday night when District Commander J. M. Willson will officiate at ceremonies installing new officers of the Lockney organization for the year.

Announcement of the plans for the joint meeting of the two posts was made this week by Post Commander J. C. Wester, who added that not only American Legion members but all ex-service men in the county are cordially invited to be present.

"Americanism" will be the theme of the meeting. Mr. Wester announced. The installation ceremony will be marked by an address by John Stapleton on "Americanism."

C. J. McCollum will be installed as post commander of Landrum post, succeeding H. W. Schacht, W. H. Johnston succeeds himself as vice-commander, S. G. Miller is adjutant-elect succeeding R. Van Bailey, George Newman will become finance officer succeeding S. G. Miller, W. D. Coulson will be sergeant-at-arms succeeding W. H. Dixon, R. C. McGilvray is to succeed Ed Muncy as chaplain.

The new commander of the Lockney organization is postmaster at Lockney and has served his post as service officer for the past year.

### 817 Ballots Counted In General Election Court Canvass Shows

Tabulation Of Votes On Duelling Amendment Shows Measure Failed To Carry In Floyd

A total of 817 votes were counted in all of Floyd county's 23 voting precincts in last week's general election, the official canvass of the result by the Commissioners' court Monday afternoon showed.

Of these eight hundred were cast for the Democratic nominees and 17 for the republican nominees. No county slate was entered by the republicans. Candidate Boynton on the republican ticket for governor, led his ticket in this county with 17 votes.

Of the 800 votes counted for the democratic nominees A. B. Clark and Mrs. O. M. Conway, candidates for county clerk and treasurer respectively, led in the balloting with 800 each.

### Amendment Loses Here

The amendment proposed to change the constitutional oath of office in Texas so as to eliminate the "duelling" provision, lost in this county. The canvass shows 128 votes were cast for the amendment and 142 against.

At Lockney 3 votes were in the name of Bill Hodel for constable and he was declared elected by the commissioners as constable of Precinct 2 and 3.

### First Half Payments On Taxes Should Be Paid Before Nov. 30

If you plan to split your tax payments this year, keep in mind the last date for the first payment is November 30. Delay past that date makes it necessary for all of your taxes to be paid in a lump sum and not later than January 31, 1939.

The usual split tax payors number about 100 in all in Floyd county, it was indicated at the office of Assessor and Collector Frank L. Moore. At this time the office is slightly behind schedule on split tax payments as compared with 1938 and 1937, but slightly ahead, however, on all tax payments made.

### Gins Nearing Season's End For the Year

Prospect That December 10 Will See Harvest Completely Finished Here

Cotton harvest in Floyd county in the belief of ginsners and many growers will have been completed 100 per cent mighty soon after December 1.

Mighty soon after December 1 the gins will close down for the year, the first time in nearly 20 years. An early crop that matured reasonably well through the summer, an open fall except for a tight freeze around the first of November that opened all late bolls, give the answer to the unusual situation.

Ginners expected that beginning today the receipts of cotton at the mills would begin to drop off materially from around 200 bales a day that 14 gins have been handling since November 1. Sixty-five per cent of the cotton growers already have finished their cotton and are now on other farm work, particularly the saving of feed and forage. The other 35 per cent have the end of their crop yet to be harvested.

Good staple in particular and fair to excellent grades in general have made the year's marketing of the staple in Floyd county more satisfactory than in former years. Late picking, although taking a dock on grade, is showing up with good staple and returns are more satisfactory than was anticipated at the beginning of the ginning season.

Estimate 18,000 Bales  
It appears now that the final production figures for the county will run close to 18,000 bales, possibly a little more, the average yield thus being indicated at about one-third bale per acre for acreage planted. The official figures for ginnings on November 1 was 15,020 bales in this county. It was estimated this morning approximately 2,500 bales had been ginned in the county since that date.

### Annual Meeting Retail Merchants November 22

Annual meeting of the Floyd County Retail Merchants association will be held on Tuesday night of next week, Mrs. P. G. Stegall, secretary of the organization has announced. At that time officers for the ensuing year will be chosen.

The meeting will be held at 7:30 p. m. at the office of the district clerk in the court house. Successors will be chosen for the following officials and directors: Conner Oden, president; Martin Brown, vice-president; J. D. McBrien, S. W. Ross, F. C. Harmon, Homer Steen, R. P. King, and T. W. Quirk, directors.

### Good Government Assn Will Meet Saturday

The Old People's Good Government association of Floyd county will meet in the district court room in Floydada on Saturday, November 19, at 2 o'clock p. m., according to announcement this week by W. W. Payne, president of the organization and Tom W. Deen, its secretary.

### OPEN HOUSE SUNDAY NOVEMBER 19 FOR C. R. MCCOLLUM AT LOCKNEY

Sunday, November 19 will be open house to all friends and old timers who care to visit C. R. McCollum at his home in Lockney, the occasion being his birthday.

His son Dr. Joe McCollum made the invitation this week. Mr. McCollum has been bedfast since March 21 when he had a stroke of paralysis.

### Littlefield Looms Large On Floydada's Football Horizon As Season Draws Near End

Game Called For 2:30 Friday Afternoon At Littlefield Is Report

From the plains, country Friday will sweep a green and white whirlwind to land heavily upon the town of Littlefield where the Wildcats, have their den and survey the remains of other teams who have dared invade the precincts of their hunting ground.

Although not as tough this year as in years past, the Wildcats stack up as one of the better balanced elevens in the lower district. The Cats have been plagued with tie games this year, but in each case they have been short a penetration or two and have been declared the loser in two conference games, one with the winner of the north half of the district, the other with the Rails Jackrabbits.

The Wildcat-Whirlwind feud dates back for some few years and even though the two teams meet only infrequently the feud goes right on at an ever hotter pace. The Littlefield teams have been good and bad, but have managed to capture one district title since meeting the Whirlwinds. The Whirlwinds are still stewing for a title but seemingly due to stew for another year or two before bringing one home to roost.

The Whirlwinds have looked good, very good, at times, and at others when they needed to look their best have looked simply rotten. The Winds started like an anchored barge on an upstream pull against the Matadors last Thursday night until the half, at which time they were trailing 6 to 0.

Following the rest period the Whirlwinds roared and surged like a Texas tornado to pile up 27 points and hold the Bull fighters scoreless and helpless.

The Floydada team has the stuff to beat Littlefield but whether or not it will come out and put itself on display is something else. Dope favors the Wildcats to whip the Whirlwinds, rather soundly too, but for years the green and white had been able to upset more than one dope bucket per year. If they don't upset the Wildcats they must do the job against Spur, which isn't very likely or have only one upset to their credit, that being Tulsa.

Floydada starters will probably be McClure, D. Patterson, Pickles, Montgomery, Martin, Conway, Tyler, Linder, Beard, Daniels, Golightly, Willson and Jarboe appear in shape to play if necessary but it is doubtful if they will get in their ticks as starters.

Daniels and Golightly are fast becoming the best there is on the Whirlwind squad. Golightly has been doing a good job of line backing and blocking not to mention fine ball carrying. Daniel has been running with the mail like a Pony Express rider and this is strongly proven by the fact that Daniels has scored 36 points in the last three games. Linder has scored 12 points, and Golightly has scrambled for 6.

The six touchdowns have been for an average jaunt of 45 yards each. The longest a 92 yard run against Matador. Golightly scored his lone touchdown during the three games considered on a 65 yard ramble against Paducah, and he can check back to the Flomot game and prove that he made Floydada's lone counter there. Beard has some scores but has been a determining factor with his high geared blocking and tireless open field tackling.

### Injuries On Highway Sunday Night Fatal To Cunningham Youth

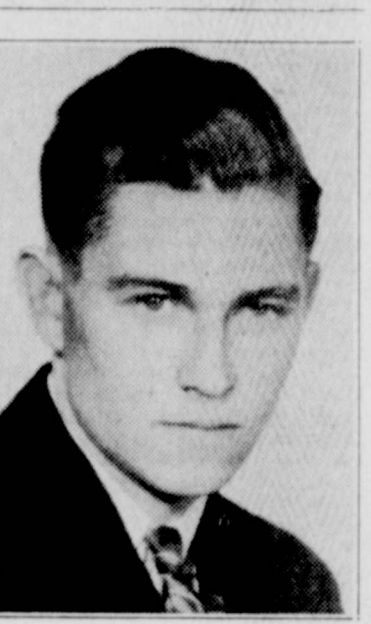

Burial rites for Miles Monroe Cunningham, 16 year old Lockney youth who died Monday at 2 a. m. from injuries received when he was struck by a car as he was riding a bicycle Sunday night, were conducted Tuesday afternoon at 2:30 o'clock at the Lockney Methodist church by Rev. H. H. Hamilton and Rev. A. L. Shaw.

The deceased, son of Mr. and Mrs. W. A. Cunningham, was returning to his home and was within 200 yards of the house, which is located two and one half miles south-west of Lockney, when the accident occurred. He supposedly rode into the bar ditch when he saw a car approaching. A car from behind driven by Hub Morrison, of Floydada, blinded by the approaching car, also drove into the bar ditch, to avoid hitting the car, and struck the youth causing injuries that resulted in death.

The boy was carried to a Lockney hospital immediately following the accident where examinations revealed a broken neck, broken arms, skull fracture and internal injuries. He died in the hospital eight hours after the accident.

Other than his parents, he is survived by one brother, Morrison Cunningham, and two sisters, Mrs. Clyde Hill and Mrs. Brad Hardy, all of Lockney.

Palbearers, under the direction of the Crager Funeral home, were Leo Comer, W. R. McDonald, J. B. Woods, Glen Williams, Claude Brown and B. J. Wolford. Interment was made in the Lockney cemetery.

### Meet a Winner — Percy Tate, of Aiken, who will take off the first of next week for the Chicago International show as a guest of the Santa Fe Railway company in recognition of his outstanding 3 years of 4-H club work in Floyd county.

### Chapmans Attend Slaton Funeral At Morenci, Arizona

Brother-In-Law Dies Of Heart Attack On Mountain Deer Hunt

Mr. and Mrs. L. W. Chapman reached home Tuesday night from Morenci, Arizona, where they had spent the week-end at the funeral of Mr. Chapman's brother-in-law, John O. Slaton, victim of a heart attack.

Slaton's body was found in a sitting position at the foot of a bluff in mountains near Morenci, where he had gone with a companion on a deer hunt. First report that the body was missing was received by the mayor of Lubbock, Carl E. Slaton, on Thursday of last week when it was indicated that a searching party had gone out seeking the man after an absence that indicated he might have been delayed by some accident or unusual occurrence.

The Chapmans, who went to Lubbock for Armistice, learned of the death of the Arizona relative after they reached that city and left the same day for Morenci, where the funeral was held Saturday.

Slaton, 42, and resident of Arizona since 1917, worked as a drill foreman for the Phelps-Dodge corporation ore pit development. He went hunting with a companion Sunday. The companion returned home Sunday night. No concern was felt for Mr. Slaton's safety until it was determined that he did not come to Amarillo, Texas, for Mrs. Slaton as he had planned earlier. Mrs. Slaton and her two children were visiting in Amarillo and left for home Sunday night.

At an inquest, following discovery of the body by Sheriff Harvey Grady the body was taken to Clifton, Arizona. Dr. C. H. Laughran, of Morenci, pronounced the death due to heart failure. Funeral rites were held at Morenci, where interment was made.

Besides the wife and two children, Slaton is survived by his mother, Mrs. W. R. Slaton of Seminole, two sisters, Mrs. W. N. Stone, wife of the Seminole mayor, and Mrs. Jack Sharp, of Albuquerque, New Mexico of four brothers, Mayor Carl E. Slaton of Lubbock, Walter B. Slaton of Tahoka, Wilbur Slaton of Las Vegas, New Mexico, and Pat Slaton of Seminole. John Slaton, hereford lawyer, and O. L. Slaton, Lubbock banker, are uncles of the deceased.

Slaton was married in Lubbock to Miss Georgia Chapman, sister of L. W. Chapman, who is manager of the Floyd County Rural Electric Co-operative.

The Slaton family were to have been in a reunion this week at Seminole and John O. Slaton had made plans to attend. L. W. Chapman said, after his return from the long trip to the Arizona mountain country.

### THIRD UNIT FOR FLOYD COUNTY WAREHOUSE TO BE COMPLETED THIS WEEK

The third unit for the Floyd County warehouse and completed and ready for use according to reports from the manager L. S. Sparks. There will be a 2000 bale unit the first two having a capacity of 2500 bales each. Work on filling the building will begin this week.

### Floyd Will Represent State at Chi

Percy Tate, Of Aiken 4-H Club, Travels Next Week To International Show

Floyd county boys 4-H Cotton club will have the honor of representing their big state of Texas at the International Live Stock show in Chicago, Illinois, and one Floyd county boy, Percy Tate, of Aiken, will journey to that city as one of 19 Texas boys who will be guests of the Santa Fe Railway company on a 10-day trip there.

A state exhibit of cotton, consisting of 5 individual exhibits of 20 bales of cotton, 1 quart of cottonseed, and 1 sample of lint cotton each, will be sent to the show as representing the state. The exhibitors will be Percy Tate, Eldon Wayne Swift, Paul Kropp, and Kenneth Tate, County Agent Breadthauer, Herman Stowe, and Orrin Swift helped the boys in preparing their exhibits.

This is the first year a West Texas county has had the honor of representing the state in cotton production at the national show in Chicago, and so far as known the first time Paymaster cotton has been entered there. McLennan county had the honors from Texas last year. The Floyd county cotton exhibits will be in real competition. Mr. Breadthauer said, as it will be entered in the long staple class and shown against the long staples of the delta states.

Young Tate, who has an outstanding record not only in cotton production, but also in marketing and in leadership in county club work, was suited out with a new suit and hat for his trip by the Lockview Farms.

Work Gets Recognition  
As Floyd County 4-H clubs manage to enroll a quota of 75 farm boys for 1938, efforts are being made by the County Agent, D. F. Breadthauer, and all local 4-H sponsors to finish the year's work 100%. Every 4-H member is expected to turn in a record book with a 200-word story giving information in regard to the project which has been completed.

The Floyd County Agricultural association will present each 4-H club member with a bronze 4-H club pin, who will finish the year's work.

The following are boys who have completed the year's work and have been placed on the Floyd county honor roll:  
Jack Worsham, Sand Hill, George Robert Chambers, Trick, Elton Wayne Swift, Aiken, Eddie Brown, Sand Hill, David Batty, Sand Hill, David Graham, Sand Hill, Dewey Parkey, Sand Hill, Frank Jeter, Sand Hill, Junior Fleming, Sand Hill, Emory Cox, Sand Hill;

Charles McDonald, Aiken, Will Alton Stambough, Aiken, Curtis Kelley, Aiken, A. P. Sugar, Aiken, Chester Leon Pyle, Aiken, Paul Boyke, Aiken, Paul Kropp, Aiken, Duane Byars, Aiken, Kenneth Tate, Aiken, Percy Tate, Aiken.

### DIST. HEALTH OFFICERS ATTEND STATE MEETING AT SAN ANTONIO, NOV. 7-9

Dr. H. H. Puckett, director; Bruce E. Sasse, district engineer and Mrs. Sasse; Mrs. Georgis E. Stephens, advisory nurse; Miss Nora Edna Carlton, district nurse; Wm. W. Eason, district milk sanitarian and James E. Walker, district sanitarian all members of the district health office located here, attended the Texas Public Health Association held at San Antonio Monday, and Wednesday of last week.

Miss Carlton and Mrs. Stephens went on to Austin where they attended a State organization of Public Health Nursing meet.

### County Puts Price On Scalps Of Bobcats and Coyotes

For the first time in many years there is again a price on the scalps of bobcats and coyotes in Floyd county.

Official action taken by the Commissioners court Monday puts a price of \$2.50 on either a coyote or a bobcat scalp slain in the county. The scalp must be brought into court and there counted by the commissioners before the claimant can be paid.

Increasing depredations on chicken flocks, turkeys, pigs and sheep are responsible for the new order of the commissioners, who said the coyotes and bobcats had been particularly bothersome to residents around the rim of the caprock and below and on the ranches of Banco canyon.

## As A Farm Woman Thinks

Yesterday is was our good fortune to be invited to the birthday reunion held at the home of Uncle John and Uncle Lish English and in honor of their 78th birthday. The day was ideal, a pale blue sky made a canopy over the jolly crowd, soft white clouds curtained the distant horizon. The sun shone warm, its heat tempered by a soft, cool breeze. Smoke curled from the chimney, where some were warming by the mellow heat of an open fireplace, women and girls were in the kitchen, cutting rich pies and cakes, taking up tender chicken and spicy dressing, heaping up bowls of salads opening jars of pickles. The men stood in the yard, joking and laughing, sipping from the good old wash pot where the fragrance of good hot coffee teased the noses of many.

Sisters and brothers, nephews and nieces, old friends, remembering old times and comparing the new, Uncle John and Uncle Lish always holding the place of honor. The long tables in the yard were finally loaded to the satisfaction of the women and the gratification of the men, young people and children. Grace was said by George Rable and the fun of eating was on.

Plates were loaded till nothing else could be piled on, rapidly emptied and the filled again. Everything had to be at least tasted. One young man was heard to say he was so full he felt like twins.

Then came the picture taking. What a hard job it was to gather up the crowd who were so full they desired nothing only to be still. Sterling Parrish made every one laugh by telling the photographer to shake well before taking.

A happy day, happy people.

These twin brothers were born and reared in Fannin county, Texas. Left there at about thirty, went to Comanche ranch a year or two, went to Seven Rivers, New Mexico, which is now Carlsbad, ranch about five years there then moved to Crosby county.

"Yes, we went up trail to Kansas in 1872 as trail hands. Got with the herd in Caldwell county, were two months on the road and delivered about 2300 head of cows and steers at Ellsworth, Kansas," they told in answer to my questions.

"We lost some cattle that drowned in the Wichita River that was up. No we saw some Indians but they were going from us. The country which we went through was wild. We have lived in Crosby county forty-five years."

Inseparable have been the lives of these two men, born the same day so many years ago, now they sit on the shady porch in the warm summer days, whittle with sharp knives on long pine sticks, needing no talk other than an occasional word. When the cold days come they sit by the fireplace with Uncle Lish's good wife keeping them company. Near their tree-shaded home the sun shone on the marble monuments of a little cemetery where the older ones of the English family lie sleeping in the hearts of the crowd gathered at the peaceful home I saw love, respect, and honor for the two old men that have lived good upright lives, been friends and neighbors, have taken their part like men. All honor to them I say with all the others.

People have many ways of keeping the family history. Artie (Mrs. Newell) keeps their family reunions in her mind like this: "Last time we were all together was when Patsy had pups. Now she has her second batch. That reunion was two years ago."

When my red geraniums give me their beauty of red this winter, I shall once more thank Artie for them.

I have some new very flowered dresses. It looks like I have moved my flower garden in and put the

## WASHINGTON LETTER

BY SPECIAL CORRESPONDENT

WASHINGTON.—When the trade agreement between the United Kingdom and the United States is made public a great cry will go up that our diplomats have once more been outwitted by the British statesmen, because the number of concessions we have made overbalances the number of concessions we have gained. Trade agreement experts point out, however, that this is not significant. Many are "paper concessions." Sometimes these are deliberate and sometimes accidental.

When the Netherlands agreed to reduce duty on our wheat exports in 1936 our own short crops that season made it impossible for us to take advantage of the concession. Canada concedes that we may export butter among other things, to that country at a low rate of duty, but there is no considerable movement of dairy products to Canada. A few dairy farmers near the border may wish to send butter across. Returning the compliment we conceded that Canada might send us cream at a low rate of duty, though we don't need to import that commodity. Similarly we made the tariff on corn attractive to Cuba, though we do not need Cuban corn.

Agricultural products such as coffee, rubber, cocoa, bananas, tea and silk which are not produced in the United States are imported duty free. Duty-free imports of such products amounted to \$415,694,000 for the first eight months of this year, or approximately two-thirds of the total. These agricultural products are consumed largely by the farm population and are non-competitive.

In political campaigns the figures for 1932-33 to 1937 have been widely used to discredit our trade agreement policies. Opponents of the trade agreement program can truthfully say that agricultural imports increased in that period, but state department officials point out that the increase was due to crop fluctuations and other factors, more than to agreements.

In the first nine months of this year, which they consider representative, imports of agricultural products have decreased by more than a half billion dollars over 1937 imports, and exports have increased by about \$110,000,000. Government subsidies represent only a small part of this export figure.

Between 1935 and 1937 exports of agricultural products to countries with which we had trade agreements increased by 42 per cent and exports to non-agreement countries declined by 4 per cent. Trade agreement experts say, however, that so many factors are involved in any increase or loss of trade advantages that it is impossible to determine

gay flowers all over my dresses.

It was nice to "howdy" with Mrs. Dan Shipley the other day in town. She is always so pleasant and cheerful, I like to meet her.

Joe Ellis Wheeler is growing fast. He is beginning to laugh and pay attention to us. Of course, his grandmother is not to blame for his being a tiny bit spoiled. I just take him up when he cries or when I just want to hold him.

When I was a little girl my father gave me a book entitled "An Atlas Philosopher in Paris." I have been reading this book this last week and was surprised that I had so much of this man's philosophy in my soul. This proves to me that books influence the young. Here are some things that Emile Souvestre says:

Ah, if men but knew in what a small dwelling joy can live, and how little it costs to furnish it.

It is not enough that men do not harm one another; they must also help and love one another. To love something more than one's self—that is the secret of all that is great; to know how to live for others—that is the aim of all noble souls.

## FLOYD COUNTY 14 YEARS AGO

News items taken from files of the Floyd County Hesperian published in Floydada fourteen years ago.

(Issue of November 13, 1924) Mrs. Miriam A. Ferguson carried Floyd county for governor, and although the official count has not been completed yet, Fairmount box still being out, it is certain that her majority in the county will be 100 votes.

T. R. Webb was elected president of the Chamber of Commerce at a meeting of that organization Friday night, attended by about forty members. Armistice day in Floydada this week was the quietest locally spent since 1918, citizens for the most part closing their stores and attending the cornstone laying at Lubbock or attending football games, hunting or resting quietly at home.

Gins continued running throughout the day, several workshops, garages and filling stations remained open, as well as grain elevators and coal yards, but the down town section of retail business was practically discontinued for the day.

Among the Floydada people who attended the cornerstone laying ceremonies at Lubbock on Armistice day were J. R. Maddox, S. N. McPeak, Bob Smith, E. C. Nelson, Jr., and G. C. Tubbs.

Among the numerous new houses now under construction or being completed, is that of S. T. Harris at the intersection of Third and Mississippi streets. Foundation work on this residence was started last week.

Attorney L. G. Mathews spent Armistice day at Crowell, where he was a guest of the Crowell Post of the American Legion and National Guard unit of that city. Judge Mathews made the principal address of the day in exercises held there celebrating the day.

The cotton hard surfaced roads introduced, has two decided advantages over concrete. The freezing weather of the north and the blistering sun of the south do not destroy the roadbed, which is impervious to water. The cost of a cotton fabric road is higher than the usual materials, but this is offset by decrease in cost of maintenance. It permits a shifting road base to conform to the deformations of the ground base, without cracking. Cotton roadbeds, when thoroughly tested and approved, will benefit the south two-fold—create a better home market for cotton and give us improved roads.—The Claude News.

The government estimate has been cut 75,000 bales, but the total of 12,137,000 bales is still more than twice the amount consumed last year. That does not include the surplus which makes a supply of twenty-five million bales. It is a reminder once again that we need to raise something besides cotton. It is also a reminder that we would be in a terrible fix if it were not for the government program. In spite of the criticism, which is mainly due to administration details, the farm program is still saving this county.—The Wellington Leader.

England has the largest navy in the world; France has the best equipped army in Europe. Despite this both countries were scared to death by the fear what German and Italian airships might do to their cities. the affair and the amount of money that was realized from the enterprise. About two hundred people attended the box supper.

Deliveries of turkeys to dealers in West Texas came to a halt Wednesday of this week, much to the disappointment of many turkey raisers in this territory who were marketing turkeys for the Thanksgiving market. No drop in the price occasioned the stop, in the market it was stated by local dealers, but the inability of the dressing plants of the south west to handle the big offerings made on the markets.

## Turkey America Will Eat Not What It Used to Be

Young America clamors for the wishbone after the turkey has served his prime purpose—providing the Thanksgiving feast. There are no records to indicate the reliability of the wishbone as a talisman of good luck.

THE gobbling of millions of turkeys will be stilled in the next few months.

The turkeys will die because the American palate has been conditioned to turkey as the favorite holiday dish ever since a Pilgrim shot a wild turkey back in 1621 for the first Thanksgiving. In the 317 intervening years raising turkeys has grown to a full-fledged industry, bringing farmers upwards of \$50,000,000 yearly.

There is little to connect the modern turkey with its predecessor of pioneer days. That original fowl was wild, scrawny and probably tough. The breeder's magic has refined the modern turkey to a plump, succulent bird, shorter-legged and fuller-bodied.

The refinement came as the taste for turkeys spread. Today about one-tenth of the nation's 6,812,350 farms produce turkeys for the market. And for many farmers, they are the only source of cash winter income.

This latter fact, alone, has made the turkey of vital importance to farmers. So important, in fact, that when 1936 produced an all-time record crop of 20,000,000 turkeys for the market, many growers faced

ruin. They were endangered because a turkey surplus is a costly thing. Prices fall and the turkeys depreciate rapidly in value as they grow older. Turkeys are prime when from six to eight months old; younger, they are scrawny; older, they are tough. And the farmers had 50 per cent more than normal on their hands.

An appeal to retailers solved the difficulties. By intensive advertising chain stores increased distribution for the farmers by 46 per cent. Other retail outlets co-operated to help boost national turkey consumption by 26.6 per cent. The crisis passed. The crop was disposed of with fair prices for both the farmer and consumer.

That 1936 surplus was unique. Turkeys, ordinarily subject to an extremely high mortality rate, seemed that year to escape the scourge of disease. Instead of dying, as a large percentage of the 30,000,000 hatched annually do in normal years, the chicks grew stronger in 1936. The chicks' obstinacy in refusing to die prematurely first gave growers a headache, but wound up as a benefit. And farmers now look forward to a permanently increased demand as a result of the surplus drive.

### THE BEST PROMISERS WIN

It is to be noted as a matter of interest that the best promisers won in the elections last week. Where a bright republican thought himself up something to promise the folks that the democratic opponent overlooked the bright republican got the call.

Right now is a time in the history of the Republic when people think the government owes them something—by people meaning the common people. The well-to-do have got theirs, it is reasoned, why not we have ours now?

We'll pay, and pay a-plenty, but we refuse to believe it. More than 60 per cent of the grown people still believe in some sort of a Santa Claus. Republicans who are planning to take over the helm and dish it out will have to think them up a new name to call it. They've said too many mean things about the New Deal.

### OFF TO A POOR START

Excepting irrigation farms and particularly favored but limited sections where ample rain fell to make the moisture meet, the wheat crop in Floyd county is off to as poor a start as it has had in a number of years.

This fact should be kept in mind in making plans against next year. Wheat that doesn't do so good in the winter rarely catches that pick up in the spring that brings it through with profit and satisfactory yields in the early summer.

The well-to-do can take the average, call it another turn of the wheel and forget it. The man who depends on his farm as a place for a home and a livelihood as well is in a different position. Don't bet too much on wheat in 1939 if you are just another farmer or small business man. Get some of the eggs in some other kind of basket if you can. Otherwise look for rocky shoals. You might be lucky, and if so, just that much ahead.

### A LONG HILL TO CLIMB

Herbert S. Hillburn, president of West Texas Chamber of Commerce, and his fact-finding committee on freight rate discriminations, are to be congratulated on the plain but forbearing manner in which the results of their study is being made public. Their conclusion is that the southwest cannot continue to carry the load of inequitable freight rates indefinitely and stand the artificial barriers set up against our area's development, without serious injury to the whole nation. The favored areas need the readjustment like we need it, although they do not realize it, even masters of industry.

Rate inequalities for like service and like mileage, run as high as 85 per cent and generally the inequalities are above 50 per cent.

The fact the inequalities have grown out of a jumble of rate fights, a patchwork of railroad growth and extension, as well as special concessions demanded and obtained, does not make them any less unfair. Support of the common citizens for the efforts of the West Texas Chamber of Commerce to get the matters equitably adjusted should be given unstintingly.

It is a long hill the regional organization has started out to climb. But facts and actual conditions cannot be always ignored. There can be an adjustment obtained if only our own people will stand up and fight for their rights.

### THAT IS ALL RIGHT, TOO

Recently a writer sent out a tract of which the heading was "Texas Ruled by Lawyers." Having no lawyer friends who need defending this newspaper could hardly be accused of pulling their chestnuts from the fire.

However, since lawyers as a class do much clear and direct thinking, especially along the lines of government, we are somewhat inclined to be proud of the fact that lawyers do dominate in Texas lawmaking.

The tract points out that two or three farmers are in the legislature, or maybe it is ten or twelve, and two or three newspapermen, and wonders why the citizens do not choose more people of other vocations than that of the pleader at the bar.

Our idea is that a lawyer, a newspaperman, a farmer, a grocer, is only a citizen of his country after all. And it seems that of these the lawyer is freest of class legislative ideas than any, has the broadest outlook, the clearest philosophy. And it is altogether logical to have that type in the legislative halls.

### STAPLE HELPS A LOT

Cotton, it appears, will have a better financial effect in Floyd county than was anticipated. A slightly heavier yield, as against a slightly lower yield for the nation ever, coupled with a much, much better staple, is making the late part of the crop bring around 8 cents a pound. Nobody anticipated better than 6 cents. Or is that just an idea we had?

Anyway, staple is helping a lot. The one-variety cotton community idea, with its preaching of a better product to offer the public, has helped toward getting us out of competition with 10 cent labor in India. Whatever else may be the matter with the cotton industry, the cotton farmer appears, definitely, to be headed toward improving the product he offers as well as the package in which it is wrapped and the manner in which he offers it for sale.

A lot of common sense in that.

### NOVICES AT THE HELM

Let's hope for the best. Novices are at the helm in Texas now. The folks are having their way. A clean sweep is being made in the democratic party machinery and a clean sweep is due in the state set-up, so far as Governor-Elect O'Daniel will be empowered to do.

A new state democratic executive committee head, a Mr. Germany of Dallas, who has aspirations, has been named. Mr. Germany doesn't know his way about in his new position. Neither does the young man who is to be secretary of the executive committee, a Plainview sales clerk who happens to be the brother-in-law of the governor-elect. Other innovations may be anticipated. There was a time when things were not done that way in Texas. However, times do change.

Meanwhile the sun will continue to shine, the earth will turn in its orbit.

A moral, sensible and well-bred man will not affront me—and no other can.—Wm. Cowper.

There are no greater miracles known to earth than a perfection and an unbroken friendship.—Mary Baker Eddy.

**J. B. Watson Pres. Pleasant Valley Club**

The Pleasant Valley Dramatic club, that was organized September 30, is furnishing entertainment in a very commendable way. Mrs. Carlos Warren, who is secretary of the club, said this week. Two programs are presented each week being furnished with home talent, and on Thanksgiving day the club is to sponsor an all day meeting and a basket dinner.

Officers elected for the year were J. B. Watson, president; Clark Harris, vice-president; Mrs. Warren, secretary and Carlos Warren treasurer.

The club is working on a three-act play which is to be presented at an early date.

Several programs have been presented including a one-act play directed by Forrest Fry; two programs of miscellaneous talent and a school program given entirely by the school children on October 29. The community enjoyed a Halloween party after the program.

**McCoy Home Dem Club TO MEET NOVEMBER 29**

McCoy Home Demonstration club will meet November 29 at 2 o'clock with Mrs. John Shipley.

Miss Ruth Grimes will be present to present a demonstration on "Bed Linens and Bed Making."

**Women Farm Leaders Discuss 1939 Program At District Meeting**

**Home Gardens No Longer Classed As Soil Depleting Crops In Modern Farm Plan**

Mrs. Herman King, secretary-treasurer of the Floyd County Home Demonstration council, and Miss Ruth Grimes, home demonstration agent, attended a meeting of farm leaders in Lubbock recently to discuss the 1939 Farm program.

Miss Lida Cooper, district agent, stated that in 1937, 43% of Texas farm families had a shortage of home grown meat; 60% a shortage of home grown vegetables; 83 1/3 % a shortage of home produced milk and 90% a shortage of home grown fruits.

In discussing possibilities for growing food and feed for home use in Texas under the 1939 Agricultural Conservation program, Miss Cooper stated that home gardens are no longer classed as soil depleting crops.

They take a neutral classification. This means that all land planted in vegetables for home use within the bounds of the garden fence, in frame gardens, and in patches as squashes, cucumbers, pumpkins, cantaloupes, watermelons, tomatoes, field peas and beans, sweet corn, sweet potatoes, Irish potatoes, and other field crops, this land is also neutral. As many acres as needed for home use can be used on the average farm without affecting the allotment for cotton, wheat or general crops. Home orchards and berry patches may be neutral.

Within the neutral acreage on the average farm corn, oats, wheat, millet and grain sorghums may be used to supply feed for dairy cows and poultry, hogs or beef animals to be used at home.

Fewer acres in cotton, wheat and other soil depleting crops mean more acres for food and feed for home use.

**Mt. Blanco Sends Several To Workers Meet In Floydada**

MT. BLANCO, Nov. 14.—Several from Mt. Blanco attended Baptist Workers conference in Floydada Tuesday. They were Mr. and Mrs. J. A. Hartzell, Mr. and Mrs. C. A. McClure, Mr. and Mrs. R. D. Mr. and Mrs. Bert Affleck and family who moved to Childress a few weeks ago spent the week end here.

Mr. and Mrs. Hershel Wilson of Dallas and Mrs. T. O. Wilson, brother and mother of Mr. Affleck spent the week end here with them.

V. F. Crabtree spent a day and night of last week at Midland with a sister who was very ill.

Claude Norris, Gene Brown, J. A. Trammell and Alvin Smith are spending this week in the Davis mountains deer hunting.

Mr. and Mrs. Hoyt McClure were in Lubbock Monday.

Mr. and Mrs. Riley Teague and children returned home late Sunday from Glenrose, where they had been for two weeks with Mr. Teague's mother who was ill. She was able to come home and is much improved.

Mr. and Mrs. J. O. McMurray and family spent the week end at Merkel with relatives.

Z. R. Armstrong and son, B. V. were in Bowie the first of the week on business.

**LIBERTY HOME DEM. CLUB ELECTS NEW OFFICERS**

The Liberty home demonstration club met at the home of Mrs. C. V. Ford for the purpose of electing new officers, on November 14. The meeting was called to order by the president, Mrs. F. A. Graham. The following officers were elected:

President, Mrs. C. V. Ford; Vice-President, Mrs. Walter Merrill; Secretary-treasurer-reporter, Mrs. G. C. Hillburn. Mrs. Meredith was elected Food Demonstrator and Mrs. George Beedy was elected Bedroom Demonstrator. Mrs. R. Yeary and Mrs. Clifton Gilly were on the recreation committee. Mrs. Graham was elected finance chairman.

The next meeting will be on November 28 at the home of Mrs. George Beedy.

**Harmony Club Names Officers For Year**

The Harmony home demonstration club met November 10 at the home of Mrs. Everett Miller. Sixteen members and 4 visitors were present.

This was an all-day meeting. Each lady brought a covered dish to add to the lunch.

In the forenoon, Mrs. J. S. Hale told how to wash wool for quilts and how to make feather comforts. After lunch officers for the new year were elected as follows:

President Mrs. J. S. Hale; vice-president, Mrs. Raymond Williams; secretary-treasurer, Mrs. Everett Miller; reporter, Mrs. Carrick Snodgrass; council representative Mrs. D. S. Battey; parliamentarian Mrs. Chas. B. Smith; pantry demonstrator Mrs. Floyd Trowbridge; bedroom demonstrator, Mrs. Carrick Snodgrass.

Miss Ruth Grimes, county home demonstration agent, gave a demonstration on bedlinens and bed-making.

The next meeting of the club will be a county-wide meeting at Floydada. The subject will be mattress making.

**MRS. CLEMENTS SPEAKS TO AIKEN 4-H GIRLS**

"Keeping wrinkles out of shoes is just as important as keeping wrinkles out of dresses," Mrs. H. P. Clements, 4-H club sponsor, told the 4-H club girls of Aiken when they held their meeting at the school house last Thursday of last week.

"Polish and brush the shoes, stuff them with tissue paper and place them on a shoe rack when not in use. During rainy weather keep the shoe well polished and it will keep them from absorbing much dampness," was the speaker's other statement on the care of the shoe.

Attending were Martha and Jo Ann Clements, Clara Gloyna, Alice McAvoy, Velma Crank, Mary Ruth Pyle, Auretha Mae Kank, Clementine Clark, Barbara Jean Goode and Mrs. Clements, the sponsor.

**STARKEY 4H CLUB REPORT**

(Too late for last week)

The Starkey Girls 4H club in a meeting last week were given a demonstration by their sponsor, Mrs. Luther Kiker, pertaining to the personality of the individual. Important things to remember is to feed your body well, hold your shoulders up and try to look your best," Mrs. Kiker told the club.

Those present were Myrtis Sargent, Janet Reddy, Vera Waller, Leona Parrish, Billie Jones, Almeda Sargent, Joyce Holmes, and Glenna Faye Parrish.

The next meeting of the club will be November 16. At this time Miss Ruth Grimes will be present.

**DOUGHERTY 4-H CLUB MET AT SCHOOL HOUSE**

Dougherty 4-H club girls met Thursday of last week at the school house.

Miss Ruth Grimes was present and gave the demonstration on frame gardens. Frame gardens are built to supply vegetables for the table during cold weather. They should be covered with cloth or something similar to keep the vegetables from freezing.

Fifteen members were present with one new member added to the list.

The next meeting will be Wednesday, November 16. Mrs. Jim Morrison will give the demonstration.

**Buy Sheets With Care, Advises Mrs. Kendrick At Club**

White is better than flashy colors for your bed linens, the Home Builders bedroom demonstrator, Mrs. R. L. Kendrick, told the members of that club when they met in her home on November 11.

It pays to buy sheets plenty long; a sheet must not only cover the top of the bed, but extend down the thickness of the mattress at both ends and tuck under 6 inches; allow 10 inches for hems and seams. The speaker recommended buying the 108-inch torn-size length. The pillow cases should be 2 inches wider and 10 inches longer than the pillow.

Following the recreational period, led by Mrs. D. D. Shipley, the president, Mrs. Raymond Teeple, had charge of the business session at which time plans for the community Christmas party were discussed. The next club meeting will be with Mrs. Raymond Teeple November 25.

Visitors present at the meeting were Mrs. Tip Kendrick, Billie and Dan Kendrick, and Miss La Vern Eubanks. Members present were Mesdames D. D. Shipley, Roy Curry, P. F. Fuqua, P. F. Bertrand, Raymond Teeple, C. W. Denison, Elbert Parks, A. W. Dunn, Ben Johnston, B. M. Eubanks, Elza Cates, C. B. Martin, Misses Lena Guley, Daisy Aaron, Gladys Bertrand, and the hostess, Mrs. R. L. Kendrick.

**MRS. POOLE HOSTESS FOR MEETING OF DOUGHERTY AND ANTELOPE H. D. CLUBS**

Mrs. W. S. Poole was hostess at her VT Ranch home at Antelope to the Dougherty and Antelope H. D. clubs Thursday afternoon of last week.

Mrs. Tom J. Boyd poured tea and was assisted by Mrs. J. A. Jones and Miss Delzie Bradford in serving delectable refreshments from a blue and silver table. Tall tapers lighted the dining room where the Armistice day motif was used in decorations and refreshments. Popples were used as plate favors.

Miss Grimes gave a very instructive lesson on "Bed Linens and Bed Making." She taught a much needed lesson on economy in time and labor in making beds, caring for linens and laundering them.

The instructions on how and what to buy in bed linens and how to make and finish them were as enthusiastically received by housewives of long experience as by the younger members.

Mrs. W. S. Poole gave an accurate account of last council meeting and urged a better attendance.

Mrs. A. H. Kreis told of the achievement day tour and of its inspiration to those attending and seeing the well-filled pantries and improved bedrooms.

Achievement day tours will replace the second meeting in November. During the recreational hour the hostess directed Armistice day games. Miss Grimes, Mrs. B. M. Norman, Mrs. R. S. Moore and Mrs. T. J. Boyd winners, were presented gifts in our national colors.

Those enjoying the occasion were Miss Ruth Grimes, demonstrator, Mrs. Shelley Scott of Pleasant Hill, Mrs. J. E. Newton, Mrs. A. H. Kreis, Mrs. B. M. Norman, Mrs. C. A. Caffer, Mrs. C. S. Ray, Mrs. R. T. Jones, Mrs. J. M. Morrison, Mrs. C. E. Bartlett, all of Dougherty, and Mrs. S. M. Crawford, Mrs. R. S. Moore, Mrs. T. J. Boyd, Mrs. J. A. Jones, Miss Delzie Bradford, Mrs. James Wise and Mrs. Poole the hostess.

**MISS GRIMES MEETS WITH SUNNYSIDE H. D. CLUB**

Sunnyside Home Demonstration club met with Mrs. W. C. Sims Friday afternoon at 2:30. Mrs. Sims gave a report on the first day achievement tour. Mrs. Latta gave the council report in the absence of the council reporter.

Discussion of next year's second meeting was conducted by Miss Ruth Grimes. Miss Grimes also gave a demonstration of bed linens and bed making. A Christmas party was planned for December 16.

The next meeting will be with Mrs. Galen Holland November 18 at 2:30. This meeting will be a discussion of school lunches. The demonstration having been postponed at a previous meeting.

Refreshments were served to seven members and one visitor which was Mrs. Lee Howard.

Mr. and Mrs. J. B. Claiborne had as their guests from Thursday until Monday his mother, Mrs. B. P. Claiborne of Quanah, and Mr. and Mrs. W. J. Henderson and daughter, Patricia Ann, of South Bend, Indiana. Mrs. Henderson is a sister of J. B. Claiborne.

Mrs. Mark Martin and son, Fred, Mrs. T. R. Grundy city, and Mrs. Lace Martin of Rails spent Sunday in Lubbock visiting with Mrs. Grundy's daughter, Miss Lola Mae Grundy.

Mr. and Mrs. T. S. Guimarin and Mrs. Bill Hollman and son, Donald, of Olney visited Mr. and Mrs. T. P. Guimarin and other relatives Sunday.

Mrs. T. T. Hamilton spent Monday in Amarillo visiting with her brother, D. D. Williams and family. Her sister-in-law is seriously ill.

**J. E. WILKINS STEPMOTHER DIED SUNDAY AT FT. WORTH**

J. E. Wilkins returned home Tuesday from Winnboro, Texas, where he attended the funeral at Lees Cemetery Monday for his stepmother, Mrs. Maude Wilkins Covington, 64, who died Sunday morning in Fort Worth.

In addition to the stepson here the deceased is survived by 5 sons, a daughter, 5 grandchildren and two brothers.

A service at 9:30 a. m. was held Monday at the First Baptist church at which Rev. J. Frank Norris officiated before the body was taken to Winnboro for the final rites.

Mr. and Mrs. W. O. Tye and daughter, Carolyn, made a business trip to Wellington and White Deer Tuesday.

Nearly 1/2 of telephone expenses in Texas goes for wages...

Out of more than 23 1/2 million dollars spent by the Southwestern Bell Telephone Company to provide telephone service in Texas last year, about 10 million dollars... nearly half... went for wages. Wages to 9,000 telephone people, who in turn spent most of that money in Texas.

Telephone wages play no small part in keeping the state's business moving. And by assuring telephone users of the services of skilled, efficient people, they play a large part in giving you good telephone service at reasonable cost. Southwestern Bell Telephone Company.

# Active Year In Building City Record

\$47,200 Permits Issued To-date For New Buildings And Repair Work

1938 to date has been an active one in the building line in Floydada, permits totalling \$47,240 have been issued by City Secretary S. E. Duncan to November 12 since the first of the year.

Of these permits issued 14 were for new residences, 7 for repair of residences, 3 for repair of business houses, 9 for new business structures and warehouses and 2 for churches.

Work is under way at this time on approximately \$15,000 worth of construction, a hasty survey indicates.

Permits in the month of November to date have been issued. They are as follows:

Floyd county warehouse, warehouse estimated to cost \$1,300, located in Block 19.

Troy Leonard, frame ironclad garage, estimated to cost \$200, located in Block 88.

E. E. Ellis frame residence estimated to cost \$250, located in Block 34.

In addition to home construction and repair in Floydada construction all over the county has shown a very substantial gain over 1937. The year has been a busy one for builders and for building materials dealers.

Dealers in building material say that not only have numerous new homes been constructed, but old homes have been re-built, or modernized and many new barns, corrals and other improvements have been made.

## OLDSMOBILE 1939 MODELS WINNING INSTANT FAVOR

The three new 1939 Oldsmobiles, introduced last week by Oldsmobile dealers throughout the United States, have won instant favor with motorists everywhere, according to C. L. McCuen, general manager of Oldsmobile. The new Oldsmobiles are listed as the Series "Sixty," a six cylinder car in the low priced field, Series "Seventy" in the popular priced field, and the Series "Eighty" in the medium priced field.

"The combination of Oldsmobile's 1939 streamline styling, and the introduction of entirely new mechanical features to produce a new high in riding comfort and roadability, has resulted in public acclaim nationally, and as a result has greatly stimulated our new car sales," said McCuen.

"Oldsmobile dealers in every part of the country are reporting sales of our new cars in greater volume than we originally anticipated," he added. "This heavy demand has necessitated an extra shift on production and additional men are being re-hired daily. Our objective is to build approximately 1,000 cars per day.

"Our new 'Sixty,' a big 90-horse-power, six-cylinder Oldsmobile in the low priced field, has been particularly well received. The new six-cylinder 'Seventy' and the 'Eighty,' offered this year at greatly reduced prices, also figure very strongly in latest sales reports. Dealers are being stocked with new cars in practically all body types as quickly as possible in order to facilitate early delivery.

"Every indication, including reports from our 3,500 dealers, points to a big year for the industry Oldsmobile, with its broadened coverage of the market, looks forward to one of the best years in its 42 year history."

## Building Up 18 Per Cent In U. S.

A survey by the Department of Labor of the federal government shows that construction of new dwelling units in cities and towns of the country has increased about 18 per cent in the first 9 months of the year, the greater proportion of this increase coming in the third quarter. The comparison is with the year of 1937.

197,433 units was the record for new home construction in the first 3 periods of the year.

## Fewer Foreclosures Against Home Buyers Show Ability To Pay

Substantial Recovery In Buying Power Of The Average Home-Buyer Indicated

WASHINGTON, Nov. 12.—Illustrating the increasing ability of the American home-buyer to meet his financial obligations, the Federal Home Loan Bank board announced recently that foreclosures on city and town property during September were 21.7 per cent less than for the corresponding month of last year.

A national survey conducted by the board's division of research and statistics also showed that foreclosures by all kinds of institutions holding mortgages during the first nine months of this year were 23.1 per cent less than during the same period in 1937.

Officials of the bank board interpreted the drop in the foreclosure rate during the nine months to mean that there has been a substantial recovery in the earning power of the average home-buyer.

"During September," the report said, "estimated non-farm foreclosures number 9,538 as compared with 9,575 in August. This slight decline of only four per cent, however, appears more favorable in light of the 3.7 per cent increase between these months shown by a four-year average.

"According to the non-farm index, September foreclosures were nearly 50 per cent below the level of the average month of 1934. September was the third consecutive month, to show fewer cases than the average month of 1928 and was the twelfth consecutive month to remain below the average month of 1929."

## FOUR FLOYD COUNTY GIRLS ENROLLED AT T. S. C. W.

DENTON, Nov. 14.—Four Floyd county girls, Misses Ruby Gertrude Harrison, Marguerite Leonard and Bert Lone Smith of Floydada; and Leona Jameson of Dougherty are among the 2700 students now enrolled at Texas State College for Women. Final tabulations show that the school is again the largest residential woman's college in the United States, with students from 220 Texas counties, 26 states and 7 foreign countries.

With opening activities completed, the students are now in the midst of a full schedule of work and entertainment, including classes all day, college and club picnics, dances, teas and other social affairs, and an unusually crowded calendar of dramatic, musical and other attractions on the Drama Series and Artists' Course.

T. S. C. W. students had their first holiday Nov. 5 for the A. & M. S. M. U. game in Dallas, other holidays being scheduled for Thanksgiving, Nov. 23-25; Christmas, December 17-January 2; and Spring, April 6-12.

Mrs. J. M. Gambin and Mrs. J. I. Hammonds visited in Lubbock Saturday of last week with their children who are students in Tech college.

# Hope Again Shines For FSA Homes

Families Survive Under Conditions Reminiscent Of The Pilgrim Days

Three hundred and seventeen years ago a small group of colonists gathered for a feast and thanksgiving to the Lord for His care during the first year of their life in a strange country.

The country was what became the United States of America; the colonists were the remnants of the passengers on the Mayflower, which sailed from Delfshaven, Holland, to the coast of America.

The land was not kind to the colonists. They were not trained farmers. The climate was cold and forbidding during the winter, hot and dry during the summer. Savages filled the forests which ran down to the coast.

But they had survived for a year, had harvested crops, and built

homes. So the Pilgrim fathers gave Thanksgiving.

This month in Floyd county, scores of families far from the scenes of that first Thanksgiving, are looking back on a year under the same American sky, kind and beneficent to those who tried for survival.

As in Plymouth, neighborliness and cooperation has brought about fair crops, bettered living conditions, and hope for the future. These families that applied to the Farm Security administration for neighborhood aid, have been given a program of hope. Loans had brought funds for farming equipment, seed for crops, desperately needed homes, and in some cases even food. Trained workers who knew farm problems have been made available for suggestions and demonstrations.

To many families the FSA has offered complete rehabilitation, with a well-rounded program for recovery. To others only the loan of a small amount, necessary to buy some equipment which would add greatly to the family income, has been required. In some places, loans have been made to a group for some large piece of machinery, such as an ensilage cutter, which gives profit to a whole community.

In Floyd county the collection of these loans, many of which have been in force for only a year, has been high. Supervisors report that 95 per cent of the borrowers are making satisfactory repayments. In

fact 99 per cent of the FSA clients farming this year have made some repayments. A great many have been repaid in full; and in most cases where repayment is slow, there has been such ill luck as crop failure or illness in the family.

"We've something to be thankful for, too," says Claude C. Carpenter, county rehabilitation supervisor. "Not only for the high percentage of loan collections; proving again the fundamental honesty of the American farmer; but also for the courage and resourcefulness they have shown in fighting out of a major depression and drought."

## MARtha LEE SANDERS IDEAL PUPIL AT TEXAS SCHOOL FOR THE BLIND

Martha Lee Sanders, six year old daughter of Mr. and Mrs. Otho Sanders, of the Campbell community, is one of 46 in a class of beginners at the Texas School for the blind, who has the classification of being an ideal pupil, her grandmother, Mrs. C. E. Bartlett said this week after receiving a letter from the house mother of the institution.

Martha Lee has been in the school seven weeks, is the smallest in the school, doesn't have to be aided in dressing herself and has never had to be disciplined.

While there she is learning to speak and understand French.

## FLOYDADA BOY GETS HIGH HONORS AT W. T. S. T. C.

Floyd Murry, of Floydada, a student at West Texas State Teacher's college at Canyon, has been chosen one of the seven students to represent West Texas in the 1939 edition of Who's Who in American colleges and universities.

Students are selected by the executive committee of the college, composed of the President J. A. Hill, Dr. R. P. Jarrett, D. A. Shirley, Dr. Harris M. Cook and Miss Geraldine Green.

This is one of the highest honors paid to students in American colleges. They are chosen by scholarship, leadership, personality and character.

The book will include biographies of outstanding students from every American college and university.

This will be the fifth edition of the book, published by Alabama university.

Mr. and Mrs. Joe M. Day and son, Keith, returned to their home in Long Beach, Calif., last week after a two week visit with her mother, Mrs. Laila Slaughter, and his father, J. J. Day, and other relatives.

Mr. and Mrs. R. C. Henry left Sunday for Mineral Wells where they plan to spend a few weeks on a vacation trip and taking the baths.

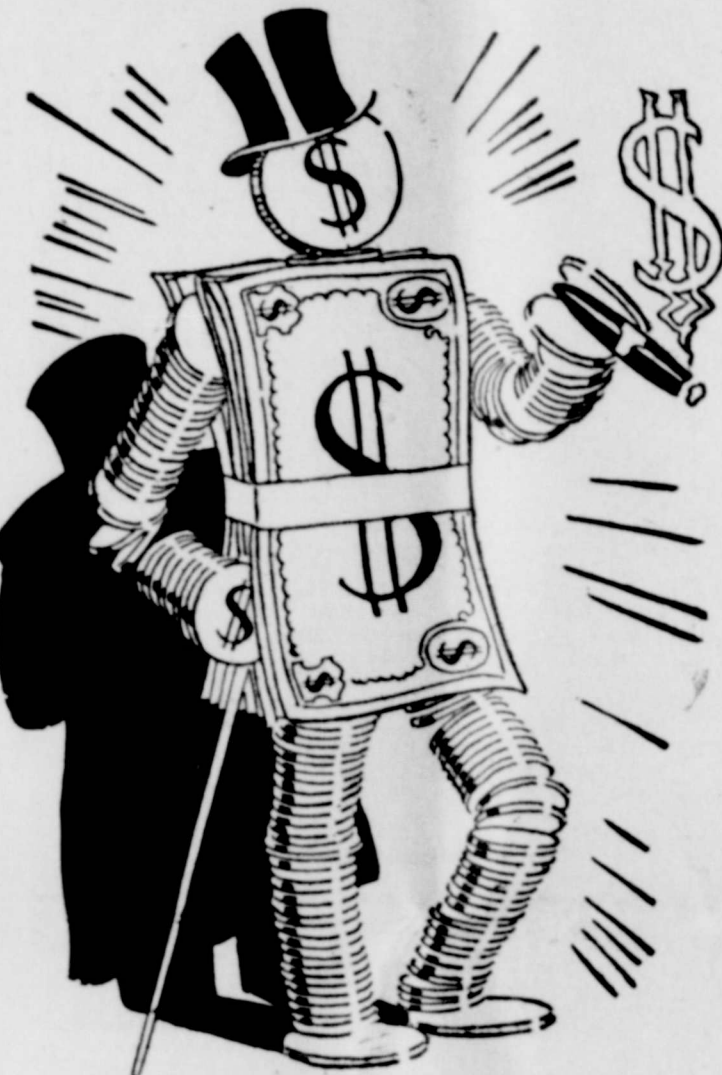

## SPEAKER FEARS WAR MUST COME AS AUTOCRACIES BECOME MORE ARROGANT

That war is almost inevitable between the democracies and the totalitarian states of the world was the rather gloomy forecast of Judge L. G. Mathews, one of the speakers at the Lions club luncheon last week. His talk and that of J. M. Willson, both ex-service men, were presented by W. H. Henderson as Armistice day program features. That people of America must steel themselves to the outlook before them, is Judge Mathews' belief.

Efforts of Lions clubs and other organizations of the world to preserve peace were outlined briefly by Mr. Willson, who said that the war to end wars which the country fought 20 years ago, had failed miserably to accomplish the result hoped for by Woodrow Wilson and other leaders of that time. Failure of the nations to follow the Wilson appeal for an equitable adjustment of the war causes, he said, had resulted in much of the present unsettled condition in the world.

Miss Bonnera Stephens of Lubbock spent the holiday last Friday with her father, Will Stephens, and other relatives.

Mrs. Fred Daily spent from Sunday until Wednesday visiting in Seymour as guest of her mother, Mrs. W. L. Dalton.

**SOME MEN** are made of money!

They don't have to worry about funds or finance to build or repair their homes... but this advertisement is not meant for those "Men Made of Money"... it is meant for those of us who must use a finance method to build and repair our homes and business houses and put modern conveniences in them... that is the purpose of this advertisement, to show you where and how, by the F. H. A. Plan, you can own a home, or modernize the one you now have.

**Don't Wait! Act Now!**  
Build — Repair — Modernize

OUTSIDE protection—inside comfort—these can be purchased for your home "by the month" on the FHA Plan.

With proper insulation... a protective coat of paint... a sound roof... weather-stripped windows—your home will weather winter's attacks.

With a basement playroom... new automatic heating... a glowing fireplace... a winter sunroom... a modern kitchen... plenty of hot water—long winter days can be pleasant and cozy.

Phone or call on us. We'll help you plan to make your home snug and comfortable. Estimates, without obligation, on the FHA Monthly Payment Plan.

How about HOME COMFORTS?

When you look over your home to see what repairs are needed, make a note of missing comforts.

How about built-in kitchen cabinets... a breakfast nook... more closet space to make housekeeping easier? Perhaps you'd like the attic partitioned off for a guest room—or a "rumpus" room in the basement.

No need to do without modern conveniences simply because your home isn't new! We can install them for you at a small monthly cost on the FHA Plan of payments arranged to suit your income.

Home repairs made in time often save bigger repair bills later on.

The work may be done at once and paid for conveniently, by the month, on the FHA Plan.

If your home needs pre-winter improvements, let us tell you about Modernization Loans.

## Miller-Willis Marriage Vows Read Nov. 11

Miss Elvora Miller, daughter of Mr. and Mrs. Olin S. Miller of Center and Floyd Willis, son of Mrs. B. C. Willis of Lakeview community were united in marriage Friday afternoon, November 11 at 2:30 at Rushing Chapel Methodist church.

Rev. W. V. O'Kelly of Alkepe, former pastor of the bride, officiated at the ceremony which was read before an altar decorated with tall baskets of fern and cut flowers. A Bible belonging to the late R. T. Miller, paternal grandfather of the bride, was placed on the pulpit.

The bridal party entered to the strains of Mendelssohn's wedding march played by Mrs. W. V. O'Kelly. Preceding the ceremony Faye Hart sang "I Love You Truly" as a pre-nuptial solo with Mrs. Faye Hart at the piano.

Miss Lula Lee Teal, brides-maid was attired in an orchid floor length dress and carried a bouquet of rainbow asters. Weiborn Miller, brother of the bride, was best man.

The bride wore a floor length dress of white satin trimmed in white velvet. She wore a necklace of blue sapphire and opal colored stones and her veil was held in place with a wreath of orange blossoms. For something old she carried a white silk handkerchief which her mother used at her wedding. The bride's bouquet was of white chrysanthemums and feverfew.

Mrs. Willis has been reared in Floydada and Center communities from which place she attended school completing her public school work with the Floydada high school class of 1937. She also attended Texas Tech at Lubbock.

The bride-groom completed his high school work in the Lakeview community, where he has been reared, with the class of 1935. He is at present employed with his uncle, R. H. Willis, as contractor.

Lee Rushing and E. B. Chesnut were ushers at the church. Mrs. Lee Rushing and Mrs. F. O. Conner registered the hundred and twenty-five guests at the church in the bride's panel board book.

Reception Is Held  
Following the ceremony relatives attended a reception at the home of the bride's parents, Mr. and Mrs. Miller, where sixty guests attended.

The lace covered table was centered with a three tiered wedding cake topped with a miniature bride and groom, surrounded by a wreath of fern and sweet peas. Pink candles in crystal holders were burning at each side of the centerpiece.

The cake which was cut by the bride was served by Mrs. R. H. Herchel Jennings of Canyon, and Mrs. E. R. Duke of Amarillo, (aunt of the bride), poured tea. Mrs. A. H. Jennings of Claude presided at the bride's book during the reception. Immediately after the reception the couple left for a short trip. They will be at home in Floydada on their return.

Out-of-town relatives attending the wedding were Mr. and Mrs. M. B. Duke, maternal grandparents of the bride of Claude, Mr. and Mrs. A. H. Jennings and daughter, Linda Mae, of Claude, Mrs. R. Herchel Jennings of Canyon, Mrs. C. D. Kelley and daughter, Charlotte Ruth, of Grand Island, Nebraska, the ladies being aunts of the bride, Mr. and Mrs. E. R. Duke and son, Bobbie, of Amarillo and Earl T. Duke of Lubbock, uncles of the bride, Mrs. Price Scott and children, Eloise, Margie Lee, Bobbie, Meiba, Price, Jr., and Mrs. Charlie Ellerd, all of Petersburg, Mrs. Scott is an aunt of the bride.

Floydada relatives and friends attending the ceremony were Mrs. B. C. Willis, mother of the bridegroom, Mr. and Mrs. G. M. Ballard, Mr. and Mrs. E. Meek, Mr. and Mrs. J. M. Hughes, Mr. and Mrs. O. G. ## Class Of Forty Girls Has Perfect Department

**HESPERETTE STAFF**

**ACCEPT YOURSELF**  
 Are you discontented because your station in life is a small one? Are you dissatisfied because you are just one of many unoriginal humans? If you are not especially brilliant, not outstanding in school, not striking to look at, just an average American trying to be happy in a world that lives on novelty and glamour, do not be unhappy; you are important! Any person's happiness lies in the acceptance of himself, not in seeking to be other than what he is, but in making the best of what he has. A violet is as necessary as an oak and as beautiful. It is not the greatness or smallness of the person; it is how he uses the equipment nature has given him; how he takes his responsibility as he goes along. The type of person an individual can be seen by the manner in which he faces his problems. One person depends on others for his every decision and if so solution is reached, he concludes there is none and gives up in despair. Another person sees how to improve matters, but leaves the improving to everyone else. There is a type of person who tackles every situation with the attitude that something can be done about it, and that he is the one to do it. That is the happy person. Life is too short to spend worrying about whether one is successful or not. A frank acceptance of oneself and then an earnest effort to make the most of all, that is the only way to keep an open mind and peace with the universe.

**NEWS**  
 The guy that said "No news is good news" was a dope, Hesperette-etically speaking. There are many students in F. H. S. that know everything that happens and why, but are too reticent to tell the Hesperette reporters. Then, when the Hesperette comes out, they wonder at the lack of news stories and why such-and-such did not make headlines. Why don't you tell us these things? Our purpose is to make our little readers happy, so tell us your stories and see how they look in print. "The Hesperette" is the student's paper and it is nobody's fault but his own if his pet saying isn't in. Do not criticize unless you can do better and if you can do better, then do it!

## New Teacher Shows Fine School Spirit

After the resignation of L. B. Williams, we have in his place Miss Eunice Howell. Her home is in Paducah but for the past two years she has taught in the school at Dougherty.

Miss Howell has already shown school spirit because her favorite color is green. Along with the rest of us, one of her favorite foods is waffles. In the short time that Miss Howell has been here, she has found lots of new friends. Let us continue to make her associations with us enjoyable. In 1938, Miss Howell received her B. A. Degree from Mary Hardin Baylor college.

## Whirlwinds Elect '38-9 Co-Captains

For the election of two football captains for 1938-1939, two votes were given each player. He was to cast one vote for a captain of the line and one for backfield captain. Each Whirlwind voted and, at noon, the results were announced. Robert Montgomery, won as captain of the line, where he has played a commendable center, and Fred Beard was elected captain of the backfield. Montgomery has played football three years and has the distinction of being the senior class president. Sports writers pick Mont as possible all-district material. After the Paducah game, Mont was commonly known as "Galloping Ki" Montgomery.

Freddie had had two years experience as a half back and plays safety on the defense. Freddie gained fame by his passes and by being the most conscientious player on the team. It did not take Freddie long to down his childhood nickname of "Baby Fred."

Not only can the captains play football but they are popular with team and school as a whole. Fifteen rahs for the new captains and long may they reign.

## Armistice Assembly Interesting Event

The Armistice assembly was even more interesting than was anticipated. Miss Miller, Freshman sponsor, arranged and prepared the colorful program. In order to honor the Floydada business men who fought in the World War and for the education of the listeners, the following soldiers were invited to speak at the chapel hour: Mr. Gilliam, master of ceremonies, Jimmie Wester, Frank Moore, Judge Mathews, Bill Sharp, James Wilson and Roy Snodgrass. Both the army and the navy were represented in this group of men. The band played a medley of popular war songs, "Over There," "Ka-Ka-Ka-Katy," and "Goodbye Broadway, Hello, France."

Following this, the Mother Singers, directed by Miss Cauldwell sang: "Pack up your Troubles," "Keep the Home Fires Burning," and "Smiles."

The Arvine brothers, Joe and Jean favored the assembly with a vocal and cornet solo. The rendition was "When the Poppies Bloom Again." Florence Cates gave a reading, "Honoring Horace," typical of the war times.

Joe Dick Moore, a promising boy soprano, sang the popular "When I Grow Too Old to Dream."

C. W. Denison and James Wester played a violin duet, "Just Before the Battle, Mother," followed by the reading of famous, "In Flanders Field" by Laverne Russell.

Two classical numbers, "Schubert's Serenade" and "The Rosary" by Nevin sung by the Mothers ended the enjoyable program.

## Practice Started For Spur Game

Due to indecision as to whether the Whirlwinds will clash with Littlefield tomorrow night, the band and drum corps has started practice for the formation to be given at the half of the Spur-Floydada game. Mr. Camp, band director, has made announcements that the band is working up a special number for this game. Hoping to have the best formation in a number of years, the organization began a stiff work out Tuesday in order to have the drill in as perfect condition as possible for the important turkey-day game. As the Spur tangle is listed as the last game of the sports year, every effort is being made to show a well drilled, improved band and drum corps.

## TEACHERS OFF SIDE (Nov. 11th)

Mr. Davis, Mr. Cummings, and Mr. Camp attended one of the best Class B, high school football games of the season, the one in Flomont on Nov. 11.

Miss Rees needed some walking so she visited the famous Carlsbad Cavern.

Miss Pouts and Miss Copeland attended the Texas Tech game and visited Mrs. Calvin Hazeiwode, the former Miss Mary Wilbanks.

Mr. Russell visited "Ma and Pa" (so he says) in Pauls Valley, Oklahoma.

Mr. and Mrs. King attended the homecoming at Texas Tech.

Miss Powell was in Paducah with her family and friends.

Mrs. Piper was the guest of her niece, Mrs. Bill Wortham in Brownfield.

Misses Cade, Rea and Miller and Mrs. Jones were gone before this reporter could find out where they were during the holidays, but look out we will get you next time!

## Future Home Makers Will Attend Meet Saturday

An interesting program has been planned for the Area 1 meeting of the Future Homemakers of Texas for Saturday, November 19, in Canyon. The morning session will be at the Canyon High School. Lunch will be served by the college home economics girls in their department. The afternoon session will be with the W. T. High School club.

Miss Esther Pinker will give a short talk in the afternoon program on the subject: "The Relation of Color Harmony to Personality."

Those planning to make the trip are Misses Verda Frances Turner, Mary Denison, Louise Willson, Mary Louise Tubbs, Dorothy Dell Stovall, Mattie Pearl Turner, Claudine Carpenter and Juanece Cothorn. The girls will be accompanied by their sponsors, Misses Rees and Fouts.

## Class News

**SENIOR NEWS**  
 Perhaps this article could more accurately be called "Senior Snapshots" because snapshots is the main idea. For the past two weeks the seniors have been in a flurry of picture taking excitement.

When W. A. King, sponsor, announced the fatal news, anxious expressions were mingled with loud laments.

Lament Number 1: Oh, and me with a fever blister.

Lament Number Two: My hair looks terrible.

Lament Number Three: My complexion would give Lady Esther fits.

To get on with the story, Bruce Froge, photographer and clown, arrived in due time and with haste prepared for the dirty work. Demon camera was placed in an advantageous position and shooting began.

The camera seemed to take everything all right until at last it was time to "take" Robert Montgomery. Well, I guess you know what happened. It didn't break. And the whole class thought it would. Good job on us.

Now the fun's over and each student has a set of proofs which he occasionally sneaks out of his book and takes a furtive peek at. Sometimes he is pleased and sometimes he isn't. Considering the material to be copied with, opinion is that the camera bore up admirably.

The next thing the senior class is worrying about is the production of a senior play that will demoralize DeMille. (Say that fast and see if you strangle over anything.)

If every other undertaking is as successful as the picture-taking project, the Seniors may graduate (Emphasis on the "may").

## JUNIOR NEWS

Monday afternoon subscriptions of the Hollands magazine were given to the students who volunteered to sell them. The volunteers were Ellie Biggs, Dylon Sargent, Mary Frances McRoberts, Evelyn Anderson, Lula Lee Teal, Geneva Cline, and W. A. Colston. The subscriptions are selling for one dollar for three years, and fifty cents for one year. If you are now taking the Hollands, the juniors will be glad to renew your subscription. The Hollands makes a delightful Christmas present.

The salesmanship of the Hollands was planned to bolster the financial standing of the class and to revive spirits which have been inactive since the exciting junior carnival.

## Sports

The Green and White Whirlwinds went down in defeat at the hands of the Matador Matadors the first thirty minutes of the Thursday night battle. Although the first half belongs to the red and white, the second half saw the Whirlwinds come back fighting and tearing the belt fighters to shreds. Littered the whirlwind power house, plunged the line for gains that carried far into the enemy territory.

Goightly and Fred Beard proved worthy to the Whirlwinds in blocking. Much of the credit for the victory is a result of the playing of these two boys.

Daniels made two touchdowns and played a swell game for the victors. One of the most spectacular runs of the season was his eighty yard dash to touchdown territory.

Weaver McClure played a nice game at end and made short work of the opposition.

E. L. Tyler held down right wing with plenty of head-up work. Conway Jarboe and Patterson played games that stopped the Matador offense. Henson, Fickes and Martin played the rough and rugged slot at guard post.

Montgomery played his usual game at center with nice defense work.

The Whirlwinds didn't seem to get started until the second half, but when they did it was poor Matador as the Whirlwinds rolled up a 27 point and held Matador at a round goose egg.

The next game will be with Littlefield, Friday night. Littlefield is tied for district champ in their district, so come out and give the Whirlwinds your help.

Miss Nell Shirey and her roommate, Miss Lucy Hedgecock from Wayland visited in Floydada during the holidays.

Miss Mildred Stovall was in Amarillo and Pampa during the weekend.

## 'Now Is The Time For All Food Men'

Since the fates (aided by brown) favored Lockney in the recent football game, now is the time for all good men to come to the aid of F. H. S. Interscholastic league work will soon begin and Floydada should hook up the literary armor, take a deep breath and vow to win the "brainy" bout with the Longhorns. With as many contenders and as much inspiration as Floydada High school boasts, it should not be difficult to take away the scholastic honors this year, and it won't be hard if every loyal son will participate.

Decide now what field of endeavor to enter. There will be track, tennis, spelling, declamation, debate, plays—almost every activity for benefit and enjoyment. It is pathetic to have talent and let it waste. If you can spell victory for Floydada then it is your duty. Anything that you can do well will be appreciated if you will give your time and efforts to help win.

Decide now and enter.

The second year agriculture class this week built feeders which belong to Russell Patterson and Harvey Lee Newberry. The feeders were made in class with the utmost care.

The feeder belonging to Russell is four and one half feet high and has four doors on each side. The feed box is one foot wide, three feet long, and four and one half feet deep.

The plans were drawn by the boys during their class periods, and for the experience, they were allowed to make a list of what kind and how much lumber to buy. The cost of the lumber was also taken into consideration.

The first year agriculture class has been studying poultry, the parts of the animal body, and have listed classes and breeds of chickens that belong to each class and the characteristics of each. The chapter was expected to produce a capable poultry judging team.

Certificates of merit were received from the area office at Lubbock by Eugene Blackmon, Leland Woodward, Jewel Elza, Aldine Williams, and Raymond Colston. The certificates were received for being a member of the cast for a one-act play given last year, which qualified to go to the state contest.

## Second Half Spurt Defeats Matadors; Whirlwinds Look Sick During First Periods

Lider and Daniels Make All Touchdowns in Last Half For Floydada

Starting slowly and losing speed every minute the Whirlwinds almost came to a total stop Thursday night against the Matador Matadors and when the first half was over the Red Clads were leading 6 to 0, following a second quarter running and passing attack that carried deep into Floydada territory. Floydada took over on the 15. Floydada attempted a screen pass there but the attempt was snatched out of the air by Bourland who ran to the Floydada 2 yard line, seemingly lost his bearing and did a Corrigan back to the 10 where he was tackled. Day whipped a neat pass to Simpson for the touchdown. Lider blocked the attempted extra point conversion.

The Matadors had gained almost all will through the tackle and end positions and were molesting the Floydada secondary no little with their jaunts through the front wall. Allsup and Simpson were a constant threat and Floydada punts were deliberately kept away from the feet-footed Allsup.

Following Coach Odell Winter's half time talk the Whirlwinds came back fighting and wasted no time driving to the Matador 4 yard line where four plays failed to do anything that makes points on the score board.

The Matadors kicked out to their 35. Daniels sprinted through tackle for 15 yards. Lider banged through the line to the 4 yard line and then carried for the touchdown. Lider booted a perfect goal. Floydada 7, Matador 6.

Floydada kicked out of bounds and Matador took over on their 35 but failed to make any gains on attempted smashes at the line and end sweeps. They kicked out to the 50.

Lider and Daniels alternated at the ball carrying job and worked the ball down to the 16 yard line where Lider was injured. Matador was fined 15 yards for unnecessary roughness and the ball rested on their 1 yard line.

Lider bashed through the line for the second touchdown and then kicked the extra point. Floydada 14, Matador 6.

Matador took the kick on their 35 and attempted a pass on the second play but Golightly went high to take the ball for Floydada on the Matador 40. Daniels raced off end for 20 yards to the Matador 20. Lider carried twice, once for 8 and once for 4. Daniels made 1 through the line and then carried for a touchdown on an end sweep. Lider missed goal. Floydada 20, Matador 6.

Matador got the kick on the 20 and carried for a first down before being forced to kick. Floydada took over on their own 8 yard line following a series of line plays and passes that had failed to click. Daniels took the ball and headed for the west sideline from his own 8, cut back inside end and then raced the 92 yards needed for the touchdown. Lider kicked goal. Floydada 27, Matador 6.

As the minutes faded in the fourth quarter Floydada drove to the Matador 5 yard line but a series of penalties swept the muck to the 35 as the game came to an end.

Following the first half the Whirlwinds looked like their old powerful selves. Lider and Daniels did yeoman service with Freddy Beard and Golightly bearing the brunt of the blocking assignments. The Floydada line seemed to have new life.

Martin played his usual hard game at guard and kept himself in the running for all-district honors.

### The Deadline

(By Bill Hams)

It's Spur vs. Lockney for the district title now... if, when or where they will play is decidedly indefinite at this time because any number of things may crop up... but it is needless to say that the Amarillo daily was wrong about the Lockney-Fiomot game being decided on first downs, as there was no written and signed agreement before the game to do it that way... so it is just half a game lost and half a game won for both teams... with Fiomot out of the conference race with two bad halves.

Undoubtedly this will go down as the most hectic conference battle in many a moon. Suppose Lockney and Spur were to play to a tie without any penetration agreement? If they didn't play and Spur drubs Floydada (which no one seems to doubt) the committee will get to watch the two coaches flip it off... as of last year, which is a putrid way to decide district champs. No one will be happy with a "flip" champion and the flip drops about \$600 worth of kale from gate receipts... and \$600 is no small gamble when it comes to the toss of a coin... also it is unfair to the boys who have slaved for that championship title but lost because the coin fell wrong. Let the conference fathers keep this in mind when they prepare to arrange the new 1939 District 4-A set-up.

Matador, Silvertown, and Turkey are good schools... but let the District 4-A conference have only enough teams for round robin play. The district committee has the right to regulate the membership by three-quarter vote and we hope to see them exercise this right and keep the district small enough for easy handling. The present unwieldy district has been decidedly unsatisfactory the past few years and not many fans are happy about the situation that have popped up. The solution is simple... make District 4-A a six team league composed of Floydada, Lockney, Paducah, Spur, Crosbyton, and Ralls with round robin play.

Texas Tech was up a stump against Gonzaga Friday. Had their pass offense failed to click Tech would have been out of the ranks of the undefeated and untied today. If they don't get rid of their cocky everconfidence Marquette will spill them all over Tech Stadium on November 26. The Gonzaga boys were obviously poor losers because some of their players had to sock a couple of diminutive "Fish" following the game. The Fish were only about half the size of the Gonzaga boys at that. Further trouble was averted... but Tech isn't the only "roughhouse" team in these United States. (What about the fist fights etc. in the lovely Southwest conference?)

Some folks around the country are saying "They (the members of the Southwest conference) can't keep Tech out next year. Which everyone in this section hopes is true. However the odds are 7 to 0 that Tech will be still out next September... although it is unjust to this section of the state to keep Tech out of that conference.

What do you think of these...  
Lockney 45, Matador 6.  
Spur 54, Estelline 0.  
Paducah 20, Silvertown 0.  
Fiomot 30, Turkey 6.  
Littlefield 13, Floydada 7.  
Texas Tech 14, New Mex. U. 6.  
T. C. U. wins another.

Team	Won	Lost	Pct.
Lockney	5 1/2	1 1/2	.916
Spur	4 1/2	1 1/2	.900
Floydada	4	1	.800
Paducah	2	2	.667
Silvertown	2	3	.400
Matador	1	4	.200
Quitague	1	5	.166

## Lockney Longhorns Look Longingly At League Leadership

The Lockney Longhorns approached ever closer to a district title that has eluded them for years by remaining in a tie for the championship pennant with the Spur Bulldogs. Percentage points gives the edge to Lockney but both teams have dropped half a game because of ties.

Fiomot rests in third place with a game lost, two tie games, Floydada held grimly to fourth spot with two lost and four won. Spur holds out with four and one half games won and Lockney has won five and one half games.

With the greatest club in the school's history Lockney surged into a tie with Fiomot's Amorette Friday 13 to 13. Although Amorette did all the scoring against Spur he failed to make a counter against Lockney, the first game he has failed to score in since playing Floydada in 1937.

Fiomot got in the first whack when Martin intercepted a forward pass and raced 30 yards for a touchdown but the extra point attempt was wild.

The game rocked back and forth until the third quarter with Fiomot holding onto their thin lead but Brotherton finally ripped over for a touchdown that tied the game.

Brown again put Fiomot in the lead with an end run in the fourth stanza and then kicked goal to assure Fiomot of a 7 point lead. Lockney began a desperate fight against the odds that faced them and as the game faded Hill circled end for Lockney's second touchdown and Davis plunged the line for the extra point, the ball being over the double stripe by about an inch.

Fiomot lost a certain touchdown on a "hide out play" when Brown was hit dead center with a pass in the clear for the Lockney goal but let the ball slip away. Lockney suffered several bad breaks on dropped passes but the game was evenly balanced with good and bad breaks all the way that kept the fans on their toes.

The game was probably Fiomot's last chance to gain glory in Class B circles since next year she will be pushed far down the ladder to Class C ranking with only a chance to be voted into a Class B district but no chance at all of being voted into Class A where the majority of her long-time opponents will be placed. With only slightly more than 100 students in high school, Fiomot for the past three years has won the district title, tied for it (won on a coin toss but booted out of it on an eligibility charge), and tied both teams that stand a chance to win this year.

Lockney on the other hand has failed to show much since back in the '20s when she showed power and deception to threaten. Last year the Steers showed a threat and a promise but this year they have carried out that promise and stand on the threshold of a championship, only Spur (or a district committee) and Matador stand between them and the pennant, so long cherished but always "next year" away.

## Pleasant Hill Spanks Lakeview Eagles 20-7 In Six-Man Game Here

Floydada and Floyd county football fans got their first glimpse of six-man football here Tuesday night when Pleasant Hill and Lakeview tangled on Wester Field beneath the lights. Pleasant Hill came off the field the victor despite determined efforts by the Lakeview boys. The final score was 20 to 7 in favor of the Pleasant Hill school.

The fans got their eyes full of passing, broken field running, blocking and determination. Both teams made mistakes, as could be expected in the first game for either, as it was the first time many of the boys had ever had on a football helmet.

Something like 150 fans were present and cheering and yelling from the cars and sidelines indicated that everyone got their admission's worth. Lakeview showed plenty of spirit and determination against a slightly heavier and snappier team but couldn't match the Pleasant Hill boys when it came right down to hard running, accurate passing, and blocking.

The game was sponsored by the Whirlwind Athletic club which was organized by Floydada business men and football fans in Floydada and the surrounding territory to encourage athletics. After expenses are met the remainder of the funds will be split between the competing schools. Helmets, blocking pads and other equipment was furnished by the Floydada High school. The Whirlwind club will sponsor more games and schools wishing to match games should contact Club Secretary J. C. Gilliam.

Texas Cotton Growers Association Supports Cotton Bagging Prog.

Cotton Mills Attempt To Demonstrate Cotton Wrapping Practical For Bagging

The Texas Cotton Growers association of Dallas is cooperating with farmers and the Federal government this year in an effort to use cotton for the wrapping of cotton bales.

The AAA has provided cotton for the production of a million patterns of cotton bagging. This is being manufactured by cotton mills under government contract and furnished to gins and bagging firms at a rate competitive with other forms of bagging.

"If this could be adopted generally, it is estimated that more than 300,000 bales of American cotton would be used for this purpose," stated Jack Henry, who is the local representative of the Texas Cotton Growers association.

One reason that farmers have been reluctant to utilize cotton for wrapping of bales comes from the fact that cotton bagging is lighter and with American cotton sold on gross weight basis this means the lighter bagging caused a loss to farmers.

Sunday School Lesson

International Sunday School lesson for Sunday, November 20, 1938. THE SACREDNESS OF THE HOME

Golden Text.—Keep thyself pure. I Timothy 5:22.

Lesson Text.—Exodus 20:14; Matthew 5:27-30; Mark 10:2-16; Ephesians 5:22-33.

Printed Text.—Exodus 20:14; Matthew 5:27, 28; Mark 10:2-16.

14 Thou shalt not commit adultery.

Matthew 5:27, 28.—27 Ye have heard that it was said by them of old time, Thou shalt not commit adultery;

28 But I say unto you, That whosoever looketh on a woman to lust after her hath committed adultery with her already in his heart.

Mark 10:2-16.—2 And the Pharisees came to him, and asked him, Is it lawful for a man to put away his wife?

3 And he answered and said unto them, What did Moses command you?

4 And they said, Moses suffered to write a bill of divorce, and to put her away.

5 And Jesus answered and said unto them, For the hardness of your heart he wrote you this precept.

6 But from the beginning of the creation God made them male and female.

7 For this cause shall a man leave his father and mother, and cleave to his wife;

8 And they twain shall be one flesh: so then they are no more twain, but one flesh.

9 What therefore God hath joined together, let no man put asunder.

10 And in the house his disciples asked him again of the same matter.

11 And he saith unto them, Whosoever shall put away his wife, and marry another, committeth adultery against her.

12 And if a woman shall put away her husband, and be married to another, she committeth adultery.

13 And they brought young children to him, that he should touch them: and his disciples rebuked those that brought them.

14 But when Jesus saw it, he was much displeased, and said unto them, Suffer the little children to come unto me, and forbid them not: for of such is the kingdom of God.

15 Verily I say unto you, Whosoever shall receive the kingdom of God as a little child, he shall not enter therein.

16 And he took them up in his arms, put his hands upon them, and blessed them.

Time and Pace: The Ten Commandments and Sermon on the Mount, same as last lesson. The words of our Lord recorded by Mark, were spoken in Peraea in February or March, A. D. 30.

Sacredness of the home is a subject that could not have a more timely discussion. This lesson comes at a time when its need is very acute.

Perhaps, however, we ought to recognize that the sanctity of the home and of marital and family relationships cannot be safeguarded and maintained only by negative commandments.

There is a positive program of wisdom, righteousness, and good sense, that must be followed to insure happy and true relationships. We forget sometimes that such true relationships cannot be sanctified by words or by rites and ceremonies, even when these are performed by the church and the ministers of religion.

The vows and ceremonies can be only the outward expression of inner love and devotion, and where these are lacking, the vows and ceremonies themselves lack reality, and they are not likely to be lasting or effective.

We deplore divorce conditions in America, but we do not always address ourselves properly to the causes and to preventive measures. No declaration of sanctity can make a marriage holy that is essentially unholy because of the absence of mutual love, mutual loyalty, and mutual forbearance.

We may admire those earnest and courageous souls who, even when they realize that they have made mistaken decisions, stand firmly by their vows and seek in every respect to maintain the integrity of standards, even though they themselves have failed, and who seek to make the best of unfortunate situations.

But it must always be recognized that such situations cannot be in any very real sense sacred, and it is a question we are facing with increasing realism whether for those concerned it is better to maintain a pretentious and unreal sanctity of marriage or to find some relief in divorce.

But these considerations should not bind us in any way to the nobility and sacredness of a marriage made in love and devotion and of the home that is founded upon it.

The marvel, after all—considering what human nature is and all the opportunities for differences and difficulties—is not that so many marriages succeed. With Christian spirit, common sense, loyalty and forbearance, why should not every marriage succeed and form the basis of a holy family and a sacred home?

Orland Howard, Dougherty business man who recently spent several days at a Temple sanitarium for treatment, has returned home and is expected to be completely recovered after a rest of a few weeks.

### J. A. Weathers Rites Held At Lockney Sun.

Hear Attack Fatal to Resident of Floyd County For Past Thirty-Four Years

J. A. Weathers, 83, a resident of Floyd county for 34 years, serving as farmer and Baptist minister, succumbed Friday morning, November 11, following a heart attack and funeral rites were conducted at 2:30 Sunday afternoon at the Lockney Baptist church by Rev. A. L. Shaw, Bro. Lemons of Hart, Texas and Bro. C. M. Weathers, a nephew of the deceased. Burial was made following the service in the Lockney cemetery.

The deceased born in Rome, Georgia, January 2, 1856, came to Texas at the age of 15, married John Etta Ewing at Greenville, Hunt county in January 1881. He made his home with his son Bill, northwest of Lockney but because of ill health was at the home of a daughter, Mrs. Ed Whitfill, at the time of his death.

### HAM SMITH ILL

W. Ham Smith was taken to a Plainview sanitarium Wednesday suffering from an undetermined illness. He was taken ill Monday.

Mrs. Smith is with him at the hospital.

### Lockney—

(Continued from page one.) school from which he transferred.

Game A Natural The Bulldogs lost half a game when they were tied by the Flomot Longhorns 26 to 26. Lockney had the same experience except the score was 13 to 13 when the final gun sounded.

The Steers are experienced and heavy, with a powerful and elusive backfield that dealt the speedy and capable Flomot boys plenty of misery. The Lockney line managed to keep Amoret from scoring, which is more than a passing accomplishment.

Lockney out first-downed Flomot by about five first downs although the penetrations were even. With one of the most experienced and well balanced teams in years the Longhorns are an even bet to gain back in the 20s.

Spur looms over the horizon with an equally aggressive and veteran eleven which soundly outplayed the Flomot boys in first downs and penetrations but not in scoring. The Bulldogs are heavy and tough, having a combination of speed and power that matches that of Lockney.

If the dope is figured down to a fine point, Spur stands to the front as a slight favorite, but the Longhorns will be playing on their home grounds and before a crowd of "home folks" and that means the Steers will be double tough for even a Bulldog to stampede.

Both teams have a big reserve roster boasting a goodly number of capable players to back up the regular starters.

Spur had made no decision on starters because of the muddle up horizon late last night, but Lockney, prepared to face either Spur or Flomot, will probably start.

W. Allen at center, G. Richardson and C. Gentry at ends, C. Williams and L. Thompson at tackles, J. Allen and H. Owens at guards, Brotherton at the quarterback post, Kelley and Davis at the half back slots, and Hill in at fullback. Some changes might be made at the last minute but his has been the effective combination all season.
