Auto Collision Near Lockney Tuesday Takes Life of Child

Emma Jean Stowe, 2 year old daughter of Mr. and Mrs. Clyde C. Stowe of Lockney, was killed Tuesday afternoon in an automobile accident on the outskirts of Lockney.

A head-on collision between two automobiles in which Winston Woolsey and Kenneth Stevens were riding and one in which Clyde C. Stowe, his wife and three children were riding accounted for the death of the child. Woolsey was unconscious for over an hour following the accident. The occupants in the Stowe car were cut and bruised but none seriously injured, other than the child which was badly crushed.

State highway patrolmen who investigated the wreck said that Woolsey was headed east on the Lockney highway, preparing to pull onto the Floydada-Plainview highway when he struck the car driven by Stowe which was headed west. Neither car was travelling at an excess speed, otherwise, they opined, all would have been killed or seriously injured.

Charges of negligent homicide were filed against Woolsey late Wednesday by the State Highway patrol. The highway officers said that Woolsey failed to observe the "stop" sign on the cut off and pulled into the highway into the Stowe car which had the right-of-way, being on the main artery of travel.

Wide Range of Activities By County Agent Reflected In Report Made This Week

1938 Has Been Busy And Resultful Year For D. F. Bredthauer

An elaborate report of Farm Extension Service activities in Floyd county for the year of 1938, prepared as a routine duty of his office for the state director of the Extension Service, shows a multitude of activities which have marked the county agricultural agent's work the past year.

As for instance, 26,126 office calls that have been recorded and more than 2,800 telephone calls. At the same time the report shows that of approximately 306 working days the agent has been in the field 232 days and has spent 70 days in his office. 6,923 individual letters have been sent out of the office and mailings of 179 different circulars issued relative to matters of farm interest.

This in addition to meetings held with 4-H club groups over the county. Tours, achievement days, encampments and other meetings of an extension nature complete the general activities report.

In addition to work on cereal crops, legumes and forage crops, the report shows much time to have been given to cotton and sugar beet crops, in both of which remarkable results have been shown.

The work that has been done in agricultural engineering and wild life conservation is covered in the report. Briefly the report shows 32 specific farms on which wildlife conservation practices have been undertaken.

He was killed in an automobile crash at White river on Blanco canyon 6 miles south of Floydada on Highway 207. Driving alone Beard's car plunged off a culvert banister and glanced 12 or more feet into the shallow waters of the creek. His chest was crushed and he suffered head injuries.

Golden Glove Tourney Time Just Around Corner; 1939 Is Favored By KO Over 1938

Two Day Tourney Set For Jan. 19-20 In Ward School Gymnasium

"Times a-wastin'" and the Floydada Golden Glove tourney date isn't any "fur" piece away. On the night of January 19 the affair will get under way when two scrappy flyweights climb through the ropes and, at the clang of the bell, start beating each other with rights and lefts.

Several scrappers from last year will likely represent Floydada. L. B. Martin, who fought lightweight last year and advanced as far as Fort Worth, will weigh in probably as a welter or middleweight and carry on again this year.

Billy Brown was also a strong contestant last year and plans to carry on this year, probably in the lightweight or featherweight class. He fought several hard bouts in Lockney and looked good considering he was short on experience.

Bennie Crawford and other high school boys are throwing gloves in practice and any one of these "unknowns" may break through. Any number of prospects are amateurs but are practicing on their own somewhere in town or in the country. South Plains had a strong but green team last year and may return to the wars on January 19 with a stronger and harder whalloping team than ever.

Lockney went for the "fighting business" in a big way last year and will certainly supply plenty of material to bat down Floydada's car again. They have experienced fighters in almost every division and will be the strongest contenders for the title. Flomot, Quitaque, and Turkey will have strong teams but no definite assurance has been made that they will enter.

Although a number of home-and-home bouts are planned with Spur's battlers the Bulldogs will enter the tourney at Abilene on that date.

Weight divisions for the tourney are as follows: flyweight, 112 lbs., bantamweight, 118 lbs., featherweight, 126 lbs., lightweight, 135 lbs., welterweight, 147 lbs., middleweight, 160 lbs., light-heavy, 175 lbs., and heavyweight, over 175 lbs.

The contest is open to all boys who can qualify according to strict amateur rules.

Council Marks Time In Light Plant Matter

City council of Floydada late yesterday had not signed the final papers letting a contract for the municipal light plant and distribution system.

Mayor and council said they were waiting on advice from the Public Works Administration on certain phases of the letting.

Last week-end the PWA wired Texas-New Mexico Utilities company and the council that federal agency considered the offer made by the city to the utilities company a fair and equitable one.

LOW TEMPERATURES

Low temperatures have marked the past week, 8 degrees above zero Monday morning marking the deepest dip of the thermometer during the period.

No moisture and little cloudy weather has accompanied the cold wave.

STOP!

State Highway patrolmen investigating automobile accidents in Floydada yesterday served notice that "from now on" any person driving an automobile but failing to observe "stop" signs on the highways and in the towns would be hauled into court and fined or jailed.

"Too many accidents are being caused by such neglect and we intend to do something about it," the spokesman said. "A 'stop' sign means 'stop' not the slowing of the car to a creep and going on. These 'creepers' cause the accidents and we intend to do our best to catch them."

Neglecting to stop at a stop sign carries a fine up to \$200 on first offense and for subsequent offenses a penitentiary sentence may be assessed, the patrolman explained. "If drivers would only observe the road signs many accidents causing death and injury might be avoided."

The highway patrol and other agencies have conducted a statewide and even nation-wide educational program on safe driving and this year Texas has set a five year low for auto deaths but some drivers refuse to be "educated" and it is on these drivers that the patrol plans to crack down, it was explained.

"Observe the highway signs and avoid accidents... and trouble," the patrolman advised.

No Drunks In City Jail During Xmas

Not a drunk in the city jail during the entire Christmas week-end is the report from the mayor, Glad Snodgrass, who said it was a very encouraging indication of the conduct of the citizenship and their enjoyment of the period in a quiet way.

"I want to congratulate all hands on the fine spirit that pervaded our community during Christmas. I sure would have hated to make a trip to city hall to pass on a drunk or disorderly charge and I am glad the marshal didn't have to call," the mayor said.

Usually a few over-enthusiastic celebrants at Yuletide find their way to the city bastille for a quiet place to regain their sobriety.

Last week the mayor issued a plea to youngsters to be careful with fireworks, to adults to watch their driving, and to excessive drinkers to watch their steps.

As A Farm Woman Thinks

(By Nellie Witt Spikes)

I have not had time for a few days to think, only hope and pray that a little baby boy gets well. Joe Ellis has been a very sick boy. When I held his little feverish body close to me many emotions filled my mind. At times it seemed time had gone back and it was my own little sick child in my arms. I was again a young mother, far away from my mother's home. Neighbors were far apart, and no quick way to the doctor's office fear of unknown things of sickness and death made me tremble with a chill. But my babies got well and time passed and I was uneasy about another baby. But he will get well also, and the cold fear will leave our hearts.

So many sent me a Christmas greeting in the form of a lovely card, bearing a kind message of cheer. If I told all who sent them, this column would be more than filled. Thank you all for them.

Just before Christmas, a card came from the express office. Saying there was a package there. Eight pounds, glass. Nothing to tell who it was from or what it was. All the afternoon we wondered. Wilda brought it that night, eagerly we took off the wrapping. A beautiful picture was brought to our eyes. A bunch of tulips, a spray of maiden hair fern framed with a white frame. "A picture to hang on your wall of the new house," so the letter said that followed. From Mr. and Mrs. A. W. White, Hollywood, California. Mr. White is the best pen man I ever knew, and his oil painting shows the same beauty of faultless perfection. A part of the beauty of California flowers now gladden our eyes. The friendship formed so many years ago still lives, evergreen in our hearts. Though we are miles and miles away we are near in spirit.

I am hoping that today a Christmas greeting delayed by heavy mail comes to us.

Some how I always liked the delayed gift so much. The mail looks so bare after the holidays. The bank statement with the balance looking so small, the catalogues of the White Sales.

I can't resist sharing the lovely wish sent me by Mrs. Hollums. Every time I have a minute to spare I read it again. Thank you my dear friend. I know the wish is from your heart.

Friend of mine, in the year oncoming I wish you a little time for play. And an hour to dream in the eerie gloaming After the clamorous day. (And the moon like a pearl from an Indian shore To hang for a lantern about your door.)

A little house with friendly rafters, And some one in it to need you there. Wine of romance and wholesome laughter With a comrade or two to share. (And some secret spot of your very own. Whenever you want to cry alone.)

I wish you a garden on fire with roses, Columbines planted for your delight. Scene of mint in its shadowy closes. Clean, gay winds at night. (Some nights for sleeping and some to ride With the broomstick witches far and wide.)

A goodly crop of figs to gather, With a thistle or two to prick and sting; Since a harvesting too harmless is rather An unadventurous thing. (And now and then, spite of reason or rule, The chance to be a bit of a fool.)

I wish you a thirst that can never be sated For all the loveliness earth can yield. Slim, cool birches whitely mated, Dawn on an April field. (And never too big a bill to pay When the fiddler finds he must up and away.)

Mr. and Mrs. L. T. Bishop and sons, James Thurmond and Joe Dan spent Christmas day with her mother, Mrs. J. S. Badgett and sister, Miss Pernie, at Whitewright. They returned home Monday.

Mr. and Mrs. H. W. Dumas and daughters, Auralee, Dorothy and Hunette, of Houston were guests of her mother, Mrs. Lillie Britton and sister, Mrs. R. E. Fry and family from Friday until Tuesday.

Mr. and Mrs. S. E. Thurmon and daughter, Mary Louise, left Friday for Harlingen where they will spend this week visiting with their daughters, Mrs. Cullen Riley and Mrs. Raymond Rodgers and families. Mr. and Mrs. Muriel Weatherford, of Groom were guests of Mr. and Mrs. E. W. Lightfoot the first of the week. Other guests in the Lightfoot home were two sons Gordon and Orville, of Dallas.

Mrs. C. P. Baker and sons, Charles and Kenneth, of Munday were guests of her mother, Mrs. E. C. Henry from Sunday until Monday afternoon.

Mr. and Mrs. E. C. Mince and family, who have been making their home at Lakeview the past 3 years, left the latter part of last week for southern California to make their home.

Heavy Schedule Revealed by a Glance at 1939

King-George and Queen Elizabeth of England, who will visit the U. S. this summer after a trip to Canada.

Editorial Briefs From Other Newspapers

Representative Mays of Atlanta would add a Townsend touch to the O'Daniel old-age pension program. He proposes that pensioners be required to spend \$15 state pensions within the month. Fifteen dollars a month is the maximum payment under existing constitutional authority, and of course the state can't dictate how pensioners shall dispose of payments from the federal government—which are limited, incidentally, to persons over 65 years who are in actual need. The Atlanta lawmakers, who is described as an original O'Daniel supporter, argues that forcing pension money into circulation would aid recovery.—Tulsa Herald.

A proposal to increase truck load limits from the present 7,000 pound maximum allowed by Texas law seems certain to come before the January regular session of the Legislature. It was said about 100 million dollars worth of agricultural products are seriously affected by the present limit. Railroads, however, are expected to oppose any increase in the maximum load now allowed trucks.—Community Weekly.

World peace is on the way, but it will take an earthquake to bring it, is the prediction of a Jewish hermit who claims to have seen visions in a cave on the Mount of Olives. An earthquake of the necessary proportions, however, isn't likely to leave many people to enjoy the peace.—Memphis Democrat.

With some of the finest wheat pasture seen in this area in recent years, and an abundance of feed, cattlemen are daily bringing in hundreds of steers and mixed yearlings to be wintered in this community. More than 5,000 head was considered by stockmen to be a conservative estimate.—The Hereford Brand.

Remember those German bonds which flooded the United States after the war? Yes, a lot of people had a headache after buying them and found they were not worth the paper on which they were printed. Another flood of foreign securities are to be released soon. The swindlers feel that America is ready to be plucked again by making great promises of worthless securities. Beware of all these foreign investments. The United States and Canada are the only place, on earth which offer the investor a triple magnet: Security, Income and Appreciation.

THE INTANGIBLE THINGS

The visit of a friend, the kindly repartee that goes with it, the gossip of things of another day, the reminder that the sun still shines and the grass will grow again when the springtime's gentle rains fall.

Thus sometimes is renewed faith and vigor restored. The pat on the back of an unworthy or unliked acquaintance may not be of help, but to every man there are those whose regard, whose possible gentle unsaid reproof is food for the soul. Thus are found some of the intangibles that go to make life worth the living.

ANY TEETH TO BE PULLED?

Ever helpful, especially with regard to the more important matters of health and crops, we intended last week to call attention to the fact that a period when teeth extraction would be most successful and least painful was about to set in and that tomorrow, December 30, is the last day when the signs of the Zodiac give in this particular cycle for tooth pulling operations.

After tomorrow, if you have a tooth or teeth that need extracting, wait until the sign is right again on January 8. But better to wait until the twelfth.

We strive as best we can to please, but always to be helpful, even to the unbelievers.

LESSON ON HOW TO SUCCEED

While we are on the subject of the signs let us remind you again this season (now that it is nearly 1939 and we are all thinking in terms of a new year) to plant your potatoes in the right stage of the moon. So many people waste so much effort on Irish potatoes when they might as well do the job right.

Plant your potatoes "in the moon." Your neighbors will laugh while you are planting but they'll be over to give you a chance to let you give them a mess when their blight and your first mess comes shining out of the ground, with the jackets ready to peel off with the mere rubbing of the hands.

All of the Missourians and most of the best Texans will tell you this is right.

LITTLE CORPORATIONS, TOO

Owners, stockholders in small corporations must flinch somewhat every day as they read the newspapers and find that the soulless corporation is going to get another dig in the ribs come legislature-time again.

There must be more money raised, say these speakers who entertain the gentlemen of the press, furnish them kites to fly in the air to learn which way the currents move. All very interesting, all fine, save and except for the payor. This last fellow must learn for himself a way out. Who will help him pay the bill, is what he wonders.

1938 INDEED A GOOD YEAR

Generally speaking the year of 1938, now nearing its end, has been kind to Floyd county people. Lacking that wonderful wheat crop that might have been, there have been compensations to many in a fair to excellent cotton crop and a fairly good price, thanks to government support to the market.

Evidence the folks who make things happen are not doing as badly as one might think is found in new roofs, better barns, painted houses, little windmills that use the free

breezes of the prairies in making electricity for lights, refrigerators, irons and radios, out on the broad prairies.

Adjustments are being made to a new day, and none more readily nor more speedily than the man who tills the soil and raises the cattle and hogs and sheep and cotton that feed and clothe us. Given half a chance the man on the farm makes money for everybody. Some of them even do well and prosper with the cards stacked against them.

As long as the farmer keeps his faith the rest of us will be cared for if reasonable service is given. 1938 has proven that the man who has his feet on the soil still believes. It has been a big year which can furnish that proof renewed.

MAY REACH 20,000 YET

That the 1938 crop of cotton in Floyd county is just a bit better than farmers or gin men thought possible in mid-summer is confirmed by the report of the Bureau of the census, which deals only in facts. This report, as of December 13, is that 19,394 bales of cotton had been ginned in the county to that date.

The possibility is somewhat remote that the crop actually will have reached 20,000 bales total when the last scrap has been gathered and run through the gins, but it is there. At least nearly twenty thousand we can say, against mid-summer predictions of 11,000 to 15,000. Some of the county's fields just naturally turned to cotton. With less than 57,000 acres actually planted and some of it abandoned for some of the various reasons that go with cotton raising, and the staple undoubtedly was the best in years.

WHERE DOES GARLIC GROW?

If you think anything about garlic except the smell of it you may have wondered where it grows. First, you think of Italy account of the jokes you have heard.

Fact is, Texas earth produces much garlic. Texas is second only to California in the production of this much-used seasoning.

Same may be said of most anything else that grows in the ground or is mined from the bowels of the earth, and many of the citizens of the state not know about it. Texas' area and climate and soil are best described by the word immense.

SHE LOVES ME

Saw a paper in the station, Same old news we've always seen; This and that still "threaten nation" But the sun is warm and the grass is green!

"Soaring taxes", "strikes and lockouts"— But at eight o'clock the whistles blew; "Treaty signers stage new walkouts"— You can always find a dog that's true!

Heat and hoppers, dust and weevils, Yet sun and seed and rain won't stop, Life's plumb full of sundry evils, But nature always makes a crop!

A tough old world? It's how you take it; There's lots of sweet mixed with the sour— Unscrew your face! A grin won't break it! There's petals still on every flower!

## Ham Smith, Jr Is Intramural Star At Tech

Ham Smith, Jr., son of Mr. and Mrs. Ham Smith of Floydada, is making something of a name for himself at Texas Tech. In fact, intramural football player. In fact, if it weren't for Smith's big toe the Jaywalkers, independent unbeaten intramural team, would have played the Silver Keys, a bunch of social lights, to an 18 to 18 tie for the campus championship.

The Keys had taken over the game in the first quarter with a 12 to 0 lead due to the flipping of the "lights" star passer, Alderson, but the Jaywalkers put on steam to knot the score in the final quarter and then called Ham back to polish off the game. His boot was perfect and the Jaywalkers remained undefeated in league play and champs on the campus.

Ham Smith was also a star for the Whirlwinds last year and is at this time making the regular "Fish" basketball squad. He played some hard round-ball games for the Whirlwinds.

Assisting in the victory was Roy Wilkes, son of Mr. and Mrs. P. G. Wilkes, of Lakeview, whose grades enables him to capture a scholarship to the Technological college.

Ham Smith was named an all-star end following his part in winning the intramural championship for the Jaywalkers.

### COUNTY AGENTS' OFFICE CLOSED AS FORCE TAKES BRIEF CHRISTMAS HOLIDAY

All hands at the county agent's office took a brief breathing spell sort of holiday Friday night to Tuesday morning, the office being closed both Saturday and Monday.

Most of the force spent their holiday at their respective homes here in the county, but County Agent and Mrs. Bredthauer took advantage of the time off to make a hurry-up Christmas trip to Pearsall, where for the first time in 10 years the agent was in the home of his parents for the holidays.

### COTTON SEED STOLEN

Eighty bushels of good cottonseed were stolen from the Fred Taylor place by unknown parties Thursday night of last week, marks indicated the seed were loaded in a truck, Mr. Taylor said.

No arrests had been made the first of this week.

Conwell Mooney, student in New Mexico A. & M. college at Las Cruces, New Mexico, came Thursday to spend the Christmas holidays with his parents, Mr. and Mrs. W. C. Mooney.

## Whirlwind Basketeers Beat Crosbyton Twice

The Whirlwind basketeers, regulars and substitutes, smacked down Crosbyton's thinly-clad Monday night of last week, in a double header. The Floydada subs halted Crosbyton's Paposoes 16 to 9 and the Whirlwinds downed the Chiefs 36 to 17.

The subs lacked the fire and speed of the regulars but had plenty of shots at the goal and managed to insert about a fourth of their tosses through the hoop for points. Guard Fickes led the scoring with three field goals for six points.

The Paposoes were behind 12 to 3 at half time but put on the steam to outscore the Floydada subs the last six points to four. Fickes, Tyler and Arnold played hard ball for the subs.

The regulars had their hands full for about two minutes of the first quarter until Patterson and Jackson found their shootin' eye and bounced 14 points through the hoop while the Chiefs were pshing through 2. At half time Floydada led 24 to 6 with Patterson and Jackson, doing the firing.

The Crosbyton boys made a hard stand the last half to score 11 points to Floydada's 12.

Jackson and Riggie played an outstanding game at forward and guard. The team as a whole looked ragged and played erratic at times, muffing crisp shots time after time and threw some wild passes, however by the time they are polished under fire for several weeks they will be a hard team to handle.

There are about 11 players that balance out for first string consideration.

### PETER CALLED TO SERVICE

Golden Text:—"Come ye after me, and I will make you to become fishers of men." (Mark 1:17)

Lesson Text:—John 1:40-42; Luke 5:1-11.

40 One of the two which heard John speak, and followed him, was Andrew, Simon Peter's brother.

41. He first findeth his own brother Simon, and saith unto him, We have found the Messiah, which is, being interpreted, the Christ.

42 And he brought him to Jesus. And when Jesus beheld him, he said, Thou art Simon the son of Jonah thou shalt be called Cephas, which is by interpretation, A stone.

And it came to pass, that, as the people passed upon him to hear the word of God, he stood by the lake of Gennesaret.

2 And saw two ships standing by the lake: but the fishermen were gone out of them, and were washing their nets.

3 And he entered into one of the ships, which was Simon's, and prayed him that he would thrust out a little from the land. And he sat down, and taught the people out of the ship.

4 Now when he had left speaking, he said unto Simon, Launch out into the deep, and let down your nets for a draught.

5 And Simon answering said unto him, Master, we have toiled all night, and have taken nothing; nevertheless at thy word I will let down the net.

6 And when they had this done, then inclosed a great multitude of fishes: and their net brake.

7 And they beckoned unto their partners, which were in the other ship, that they should come and help them. And they came, and filled both the ships, so that they began to sink.

8 When Simon Peter saw it, he fell down at Jesus knees, saying, Depart from me; for I am a sinful man, O Lord.

9 For he was astonished, and all that were with him, at the draught of the fishes which they had taken: 10 And so was also James, and John, the sons of Zebedee, which were partners with Simon. And Jesus said unto Simon, Fear not; from henceforth thou shalt catch men.

11 And when they had brought their ships to land, they forsook all, and followed him.

### Lesson Comment

For the next few months the lessons here will concern the life of Peter and then turn to the life and works of Paul. Near the middle of the year the Old Testament will be taken up for a series of lessons and then the subjects will be drawn from the New Testament for the last quarter of the year.

Peter represents the most picturesque and dramatic figure among the apostles. John may have been a greater character, large and steady, in the domination of his life by a great ambition to be first, inspired by his mother, and in the richness and magnitude of the love to which this ambition gave place.

James, his brother, may have shared this forcefulness of a man able for any contingency in seeking his ambitious goal. But Peter—in some inspiring moment emphasizing a magnificent courage, at other times a braggart and a weakling, impassioned and ready for any service, protesting his devotion and his willingness to follow his Master everywhere only shortly to be in the depths of the most ignominious denial—is a figure much nearer to our ordinary human nature and more essentially in line with the contrasts in the drama of life.

It was the glory and salvation of Peter that Jesus understood him. Jesus knew how sincere was the devotion that he professed, but He knew also how weak was the man at

certain points and in certain moments. It was in the light of this deep understanding that He said to Peter, "Simon, Simon, Satan hath desired to have thee, but I have prayed for thee that thy faith fail not." And He added, "When thou art converted," strengthen thy brethren," for He realized what a man like this impulsive Peter, brought under the full power of the Gospel, could achieve.

The circumstances of the calling of Peter to discipleship are interesting and instructive. It was Andrew, Simon Peter's brother, who heard the testimony of John the Baptist to Jesus, and it was Andrew who went and brought Peter to Jesus. We know comparatively little of Andrew, but the fact that he brought his greater brother to Jesus emphasizes the largeness of service that every man may render.

A man little known may accomplish mighty things if he brings some greater man to the right or stimulates him into action. This incident has become the foundation of a very practical movement in the Brotherhood of Andrew and Philip, which has as its aim and purpose the bringing of men to Jesus in much the same way that Andrew brought Peter to Jesus long ago.

We can understand the outburst of Peter when he saw what Jesus had accomplished in the draught of fishes—"Depart from me; for I am a sinful man, O Lord." Peter was to learn that the Lord never departs from a sinful man. All men are pursued with the grace of God. Jesus came not to repel the sinner, but to bring him to repentance.

Dr. and Mrs. Wilson Kimble had as their guests for the holidays Mrs. Kimble's brother, A. H. McGlinchey Mrs. McGlinchey and their son, Alex, her sister, Miss Anne McGlinchey, all of Fort Worth. # Margaret Smith Becomes Bride of Guy Ginn Monday

In an impressive single ring ceremony Miss Margaret Smith was united in marriage to Guy Ginn Monday afternoon, December 26, at 3 o'clock at the home of the bride's parents, Dr. and Mrs. George V. Smith.

The marriage ceremony was read by Rev. I. A. Smith of Snyder at an improvised altar before the fire place. A low white basket of pink gladioli stood in the center of the mantle with pink crystal candelabra on each side holding pink tapers. Directly in front of the fire place stood a white wrought iron stand filled with woodwardia fern and at each side large tiffany vases filled with woodwardia and plumosa fern and pink gladioli. Beyond this decoration stood crystal vases on white wrought iron stands filled with the chosen flowers and greenery.

Miss Sappho Ward played the bridal music. Lohengrins bridal chorus was played as the couple entered and "Thine Alone" played softly during the ceremony.

Miss Mary Anne Kimble and L. V. Assiter were the couples' only attendants.

Miss Kimble wore an alpaca sheer of teal blue with a corsage of Briar Cliff rose buds tied with pink tulle. Miss Ward wore a teal blue dress with a corsage of pink split carnations.

NEW YEAR

Dear Friends:
True and lasting business relation between buyer and seller, either of commodities or personal service, is built primarily around confidence.

I am now closing my most successful year in chiropractic practice, and I am persuaded to believe that whatever measure of success I may have had, either in volume or business or results attained, is due largely to mutual fidelity, existing between me and those whom I have been fortunate in serving.

It is, therefore, upon this happy assumption of mutual regard, that I offer this word of thanks to all my friends, old and new, near and afar.

Wishing for each of you success and happiness during 1939. I am, Sincerely yours, N. C. Purcell, D. C.
