## Floydada Makes Plans For A Huge Invitation Tourney

### High School Boxers From Large Area To Be Here Is Plan

Awards To Be Given Individuals And Team Winning Most Bouts

Tentative plans are already under way for the Floydada High school invitation boxing tourney which was scheduled for February 25, but which will probably be set up to March 10 because of conflict with a tourney suddenly popping up at Quitaque.

Although nothing positive has been done by the high school or the whirlwind club it is almost certain that prizes of golden glove charms will be awarded individual winners of championships and that a trophy will be given the school winning the most championship bouts.

If the entries merit the tourney will run over three nights with not less than eight bouts each night with the admission set so that every one can see the fights. Funds collected from the tourney would go equally to the high school for the athletic fund and Whirlwind club for the promotion of high school athletics after expenses were paid.

Invitations will likely be mailed out within the next two weeks to Spur, Crosbyton, Ralls, Plainview, Tulia, Lockney, Silvertown, Hale Center, Petersburg, Flomot, Turkey, Quitaque, Estelline and several other schools possibly more distant.

Some members have been toying with the idea of giving light sweaters jackets with a golden glove emblem on the front instead of charms but no decision has been made on that point.

Efforts will be made to increase the seating capacity of Andrews Ward gym so that more persons can see the bouts without standing. Complete arrangements are expected to be completed within a few days.

### FUNERAL OF S. T. STOVALL HELD AT HUBBARD JAN. 31

Mrs. E. F. Stovall received a message telling of the death of her brother-in-law, S. T. Stovall of Hubbard, who died Monday afternoon at 5 o'clock.

Funeral services were held Tuesday at 3 o'clock at the home and interment probably made in the family burial plot near Byrnes.

Deceased is survived by his wife and three sons, four sisters and four brothers. The brothers are R. M. Stovall, Floydada, Homer Stovall of Lubbock, former resident of Floydada, A. L. Stovall of Ralls and George Stovall of Plainview. The relatives around here were unable to attend the funeral.

### C. T. CAMPBELL TEXACO DEALER FLOYDADA STATION

Bloodworth & Carter yesterday retired as Texaco wholesale distributor at Floydada and have been succeeded by C. T. Campbell, of Burk Burnett. Campbell was checked in February 1.

The new distributor bought the equipment of the retiring dealers. Mr. Bloodworth said this morning his plans are indefinite. Mr. Carter will be associated with the G. R. Strickland & Son Panhandle Refining company agency.

## Freezing Weather Needed for Fruit and Small Grains

Thirty-seven of the 168 hours since last Thursday noon have been freezing or below in Floyd county, a check at the office of the West Texas Gas company indicate.

Wheat growers who are interested in the program of the crop, and fruit and orchard owners who would like to have a fruit crop this spring will be interested to know that the high for the week has been 65—a whole week of temperature cold enough for a fire in residence. However, when the temperature gets above freezing at this time of year it is said the sap begins to rise. So, it is a moot question of whether enough of the hours in the week have been freezing and cold enough to promote good wheat conditions and could enough to keep the fruit trees from budding too soon.

Since Sunday and until Wednesday night there had been only 12 hours of freezing temperature, the other 25 hours of freezing having occurred between Thursday and Sunday.

With plenty of moisture in the ground for all needs, including ranges, row crop lands and wheat, there must be something to bother about and so it is the temperature now, a thing about which there isn't much to argue—it's either cold or not cold, freezing or not freezing.

This Texas composer, Julia Smith, is rapidly making a name for herself in the east. She has recently returned to Texas to assist in rehearsals for her opera, "Cynthia Parker," which will have its world premiere at North Texas State Teachers college on February 16-17.

## Anticipate Early Receipt of Checks '38 AAA Program

Agent Says One-Fourth Of Number Now In Check-Writing Department

Everybody is sitting out on the edge of the chair waiting to know when the conservation checks for 1938 will reach Floydada and this week County Agent D. F. Bredthauer relieves the tension somewhat by announcing that about 25 percent of the conservation applications have cleared the state office and are now in the check writing department.

This is taken to mean there should be some checks in Floydada around the first or middle of next week.

The official statement in connection with this payment is as follows: "Notice has been received from the Agricultural Conservation office at College Station, Texas that the 1938 Agricultural Conservation checks for Floyd county will arrive sometime during the early part of February. Some 1,500 applications have been submitted from Floyd county for payment.

"The total amount of checks received under this payment will be considerably over one half million dollars. As each county's expenses are deducted from producers cooperating with the program the state office advises that the expenses for carrying on this type of work in Floyd county are among the lowest in the state figuring around 2.4 percent."

## Domestic Allotments Preferred Over Other Types Farm Programs

If there must be a farm program, then they want a domestic allotment plan that is minus the compulsory features of the present program, farmers who attended the meeting here Saturday afternoon voted, and of the 75 present at the meeting a vote of 26 to 1 against any program at all was recorded.

J. W. Jennings was made permanent chairman of the group. Mr. Jennings favors some type of protection for the farmer so long as he is forced to sell in a protected market.

Capt. Winfield Holbrook, manager of Texas Land & Development company, of Plainview, will speak on "The Farm Problem" at the meeting here on Saturday, February 11. J. W. Jennings, chairman, said this week.

ket. He is much against the compulsory features of the present program, however, he told those who attended the meeting Saturday.

Col. W. M. Massie, M. D. Ramsey and Judge G. C. Tubbs were among the speakers at the meeting. Judge Tubbs told the gathering of the problem now faced by the county and other governmental agencies with relief needs of the people. Mr. Ramsey related effects of the present program on farming in general. Col. Massie opposes any type of "program."

## H. D. Butler Dies Tuesday at Home; Burial Wednesday

Rites at First Baptist Church For Early-Day Cowboy, Ranchman

Funeral services for H. D. Butler, 83 year old Floyd county resident, were held Tuesday afternoon at the First Baptist church with the Rev. Vernon Shaw officiating. Interment was in the Floydada cemetery with Harmon Funeral home in charge.

Mr. Butler was born in Louisiana February 20, 1855, moving to Texas when he was 17 years of age. He lived for some time in Hill Throckmorton and Young counties. He married Miss Annie Laura Massie June 17, 1890 in Parker county.

He moved to Floyd county in 1911 and has resided in the county since that time. He was survived by five children. His wife preceded him in death in 1935.

Of late years retired from active business Mr. Butler in pioneering days of West Texas was a cowboy and had a very interesting career. Among his experiences were several trips north as trail herd boss from the old X ranch near Fort Griffin in the heyday of the cattle movement from Texas.

During his residence in this county he has been an active member of the Baptist church and a church official.

Surviving children are F. M. Butler, Amarillo, W. T. Butler, Amarillo, D. F. Butler, Dallas, Mrs. J. G. Martin and Mrs. J. V. Daniel of Floydada.

pallbearers were J. U. Borum, A. B. Clark, Robert McGuire, Judge A. J. Folley, of Amarillo, Dr. I. W. Hicks, J. D. McBrien, E. P. Nelson and Bob Abernathy.

Flower attendants were Mrs. J. U. Borum, Mrs. J. D. McBrien, Mrs. I. W. Hicks, Miss Glessie Gove, Miss Stude Miller, Mrs. Andrew Cline, Miss Katie Coker, Mrs. Bell Welborn, Mrs. A. J. Folley, Mrs. Ross Henry and Miss Daltis Rea.

## J. W. Johnson Funeral Held Monday At Plwv.

Scion Of Early West Floyd County Rancher Succumbs At Home In Plainview

John Wiley Johnson, 70-year-old retired rancher and grocer, died at his home in Plainview Sunday night and funeral rites were held Monday afternoon late, with Rev. W. P. Jennings, pastor of the First Christian church, officiating.

Burial was in Plainview cemetery. Old-time friends of the Johnson family from over the plains area attended the funeral service in large numbers. In addition two brothers and two sisters and their families attended. The brothers are Charles J. Johnson of Plainview and El Johnson of Vernon. The sisters are Mrs. John A. Fawver, of Floydada and Mrs. M. M. Day, of Lockney.

Surviving members of his immediate family include his widow, two sons, Delmas Johnson of San Diego, California and A. Q. Johnson of El Centro, California; and a daughter, Mrs. Fred Lemmons of Silvertown.

The funeral was held from the Roy Wood funeral home in Plainview.

Wiley Johnson is a son of the early-day rancher, J. Q. Johnson, who ran cattle and horses on the open range in the late eighties and early nineties in southwest Floyd county and portions of Crosby, Lubbock and Hale counties. J. Q. Johnson died in 1907.

Wiley Johnson's first view of the plains was in 1884, when he drove a trail herd across this section. In 1886 the family moved here. Mr. and Mrs. El Johnson enroute from Vernon to Plainview for the funeral rites, were in Floydada for a short time Monday, guests of Mr. Johnson's sister, Mrs. Jno. A. Fawver and Mr. Fawver.

MOTHER OF E. J. BARKER BURYED AT MERKEL SUNDAY Mrs. J. L. Barker, 85, mother of E. J. Barker, was buried Sunday in the Rose Hill cemetery Sunday following her death Saturday morning at 9:30 at her home in Merkel.

## Basketball Holds Spot In County

Junior Basketball Tourney Is Set For February 25; Nine Teams Enter

Beginning Saturday, February 4, the playoff will begin for the county basketball championship. All rural class B teams will begin play Saturday in Andrews Ward gym for the Class B championship.

The winner of the class B tourney will meet the winner of the Floydada-Lockney series which will be held on February 8, 9 and 10. The first game will be held here on February 8 with the following game in Lockney. The site of the third game will be determined by the flip of a coin.

The rural champion and the city champion will then meet for the county championship and the right to enter the district tourney at Lubbock.

Nine rural schools have accepted invitations to participate in the junior basketball tourney for all rural schools to be held at the Andrews Ward gymnasium February 25, Superintendent A. D. Cummings announced Wednesday afternoon.

Trophies will be given the winner and runner-up in the tourney and if possible individual awards will be given the players Interscholastic league definition of "junior" will be used as there will be no classes of juniors.

Games will begin at 9 o'clock in the morning and continue throughout the day with the winner being determined that night. All rural schools are invited to participate.

Schools entered are Lakeview, Lone Star, Fairview, Dougherty, Baker, Providence, Aiken, Pleasant Hill, and South Plains.

## State Service Officer Of Legion Due Tuesday

Floyd L. Sloan, state service officer for affairs of ex-service men and their families, will be in Floydada on Tuesday of next week, February 7, he told John H. Reagan, service officer of McDermott post, American Legion, in a telegram yesterday. Any service needs of ex-service men or their families or any grievances will have attention of the state service officer while here. Mr. Reagan said, advising any ex-service men who want to talk with Mr. Sloan to keep the date in mind.

## J. E. EUBANK ATTENDED FUNERAL OF BROTHER AT WHITNEY TEXAS SATURDAY

Left Friday night and Mrs. Eubank left Friday night immediately after receiving a message from Whitney telling of the sudden death of Robert Eubank, 59, a brother of J. E. Eubank, who apparently in good health suffered a stroke while in town shopping Friday afternoon. Some months ago he suffered a previous stroke but was thought to be recovered.

The brother is survived by his wife and four children. They are Mrs. John D. Teague, Lubbock; Gordon, a student of A. & M. college and Wanda and Gwendolyn of the parental home.

Two sisters of Mr. Eubank Mrs. Will Johnson and Mrs. A. M. Allen accompanied them on the trip. They returned home Tuesday.

## 7 CARS FEEDER STEERS LEFT DOUGHERTY TUESDAY FOR NORTHERN CORN BELT

Seven cars of feeder steers were shipped by Will Poole from his VT ranch south of Dougherty, Tuesday afternoon billed to northern feeders at Exter, Nebraska.

"The northern feeders in the corn belt seem to like Floyd county cattle," Mr. Poole said. Since the first of December he has shipped 700 head of cattle from the Dougherty station.

## Burglars Crack Safe Monday Morning at Consumer's Fuel For \$600; Officers Are Busy

Sheriff Fred Clark III With Flu As Law-Breakers Go On Rampage

"Whodunnit?" If there is anyone that can answer that one question concerning the \$600 burglary of the Consumer's Fuel association Sunday night or early Monday morning should get in touch with Deputy Sheriff Walter Hollums or any of the other city, county or state officers immediately.

The burglars forced the iron protective window grating on the south side of the building where any clear view was obstructed by the huge steel gas tanks and their concrete supports, using an iron crowbar to force the bolts through the wall.

Investigation by officers showed that the criminals had carefully erased their tracks beneath the window by scraping the soil with a plank or some other object. No footprints or tracks leading to or from the window could be credited directly to the burglars. It is possible and quite probable that they were travelling by automobile and left no tracks on the hard gravel surrounding the building.

Fingerprint officers from Lubbock arrived soon after the burglary was discovered to check over the scene for possible clues. The safe, located in the south room of the building, had been moved from the southwest corner by the thieves.

The hinges on the right hand door had been pried off and the door removed and propped against a table. A cash box door on the inside had been forced. The association figured that almost \$600 had been stolen from the safe.

Fingerprints on the safe were taken but officers expressed the belief that the criminals had worn gloves and that the prints might be those of employees regularly employed at the plant. The Lubbock officers opined that the criminals were not "amateurs" but had been experienced in safe cracking.

Deputy Sheriff Walter Hollums and City Marshal Morgan Wright were busy checking every angle, Sheriff Fred Clark has been seriously ill for the past few days with flu and other complications which prevented his participating in the investigation.

Deputy Hollums had received no word from the Lubbock officers early Wednesday concerning the fingerprints on the safe, therefore it is believed that this clue proved worthless unless the prints are sent to Washington for comparison in the Federal Bureau of Identification. (See BURLGLARS page 5)

## W. A. Huckabee, 73 Victim Of Pneumonia, Is Buried At Memphis

Body Of Prominent Farmer, Who Died Thursday, Interred Saturday At Memphis

Funeral rites for William Archie Huckabee were held at 10 a. m. at the family home Saturday, January 28 by Rev. G. W. Tubbs assisted by Rev. Vernon Shaw. The latter accompanied the body to Memphis, Texas where interment was made in the cemetery there. Death occurred at 10 o'clock p. m. Thursday.

January 26 following several days illness due to pneumonia. He died at his home north of Center.

Mr. Huckabee, born August 14, 1866 in the state of Mississippi, came to Floyd county in 1917 and resided here as a successful farmer until his death.

The deceased was married to Miss Gertrude Hampton December 4, 1890, in Tarrant county and to this union were born 9 children. Seven children and his widow, all residents of the county, survive. Two children James Wesley and Bell Huckabee are deceased.

The children are C. C. A. J. O. H. Burl and Earl Mrs. Ola Warren, and Miss Eula Huckabee. Other surviving relatives include 1 brother, D. R. Huckabee, of Munday; 2 sisters Mrs. M. E. Sanders, Elda, New Mexico; Mrs. Matilda Hampton, De Leon, Texas and 16 grandchildren. Mrs. Hampton was unable to attend the funeral.

Harmon Funeral home had charge of the body and arrangements with the following pallbearers:

D. H. Widener, T. M. Noland, R. Austin, B. L. Breed, Fess Whitfill and Ollie Meek. Flower attendants were the granddaughters of the deceased.

Among the relatives and friends who attended the funeral or burial rites were the following: Mr. and Mrs. Fred Reddell, Mr. and Mrs. Joe Jenkins, and Jeff Huckabee of Munday, Mr. and Mrs. Andrew Sanders, of Silvertown, Mr. and Mrs. Calvin Sanders, of Texico, New Mexico, Mrs. Homer Gray, nephews and nieces, of Quail, Mrs. M. E. Sanders of Elda, New Mexico, a sister, J. E. Hampton and family of Lockney, Mr. and Mrs. T. J. Hampton, Mr. and Mrs. O. B. Smith and Mr. and Mrs. Gerald Knight, and other relatives and friends from over Floyd, Hall and adjacent counties.

New Health Director, Dr. John H. Hooper, who recently retired from the private practice of medicine to go into the Public Health Service, has succeeded Dr. H. H. Puckett as director of State Health District No. 1 serving sixty counties in Northwest Texas out of Floydada.

## County Home Dem. Council Plan For Spring Activities

16 Out Of 19 Clubs Represented In Meeting Here Saturday

Sixteen out of 19 home demonstration clubs in Floyd county were represented in the meeting of the county council in Floydada Saturday when activities for the next several weeks were studied and discussed. Twenty-four members of the council were present with 14 visitors, Mrs. P. F. Bertrand, council reporter, said.

Some of the plans for the near future which the council outlined in its meeting Saturday, as reported by Mrs. Bertrand, include the following:

A training school on pieced and quilted chair cushions for bedroom demonstrator February 20 at 2:30 p. m. in the county court room; A county-wide dairy day on March 8. On that day the clubs are to have the services of W. V. Maddox, Extension Dairy Specialist from A. & M. college, who will speak.

## Cummings Chairman District 4-A

New District Formed Below Caprock; Five Schools To Participate

A "powerless" District 4-B committee met last night at Matador High school to determine the disposition of gate receipts held by Lockney High school from the Wellington-Lockney bi-district game, which had been placed in a special account upon instructions from the same committee early in December.

Flomot High school had contended that since they were "co-champions" of the district that their school was entitled to a 50-50 split after Lockney's actual expenses were paid. The committee had allowed Lockney \$100 traveling expenses to the game, leaving approximately \$600 to be disposed of.

The committee went into "executive session" to thresh the matter out behind closed doors, with Superintendent J. W. Jones of Lockney contending that the committee was powerless to act due to the fact that Interscholastic League rules say that the committee's power ends when a team is certified to the league as district representative.

The ruling on Spur's eligibility and the gate receipts had taken place following the certification of Lockney as district 4-B representative. The committee emerged from executive session and ruled "that it was powerless to act since the matter was beyond its jurisdiction due to league rule."

Following the ruling that it was "powerless" since early December, the committee went into session to decide upon trophies for the top three teams in the district.

Only about half enough money was available to purchase three trophies so the question came up on how or what to do with the remaining funds. Suggestion was made that the money be divided in proportion between the three top teams and let them buy their own trophies if they so wished.

This suggestion was spiked when (See CUMMINGS page 5)

## Funeral Rites Held For Mrs. A. L. Glenn Jan. 28 At Sand Hill

Mrs. Winnie Rebecca Glenn, wife of A. L. Glenn of the Sand Hill community was buried at Lockney Saturday afternoon following services at 3 o'clock at the Sand Hill Church of Christ by Omer W. Kirk assisted by J. T. Corder of Tulia. The deceased died January 27.

Mrs. Glenn, daughter of Mr. and Mrs. N. B. Pace, was born at Gunter, Texas, August 19, 1904 and was married November 26, 1919 to the husband who survives her.

Surviving relatives including her husband and parents are one daughter, Ruth Glenn 13, only living child; two brothers Wright W. Pace, Los Angeles, California; Perry Pace, Lamesa; three sisters, Mrs. Faye Conner, Carlisle, New Mexico; Mrs. W. M. Knight, city and Mrs. Jack Hollingsworth, city. All were present for the last rites with the exception of one brother Perry. Three small sons preceded their mother in death.

Attendants under the direction of the Harmon Funeral home were the following: flower attendants, Mrs. J. E. Mickey, Mrs. Jake Brock, Mrs. Bruce Holder, Mrs. Marvin Jeter, Mrs. Clarence Guffee, Mrs. B. M. Bartlett, Pallbearers were Henry Graham, Clarence Guffee; B. M. Bartlett, Bruce Holder, Marvin Jeter and Milton Smith.

Interment was made in the Lockney cemetery.

## Floyd Holds Lead as Biggest Wheat Insuring County

Texas is first in the nation and Floyd county first in Texas for the largest county of wheat acreage insured under the Federal Crop Insurance program planned last spring and put into effect last fall. This is the information relayed to the local authorities this week from Washington. "Floyd County with 319 applications and 260 actual premiums paid has a per centage of 81.5, which from the stand point of acres insured puts Floyd county first on the list in the United States," says the bulletin from Washington, received this week by the local authorities. "The 260 premiums paid in Floyd county, Texas, represents 40,000 acres of wheat making the average acres per policy more than 153 acres," the report stated. O. L. Allen is chairman for Floyd county of the Federal Crop Insurance corporation. His co-operation with local growers in applying for the "insurance against all hazards" is credited with much of the good showing made by this county.

### VEHEMENT DEMAND FOR ECONOMY

Whatever else may happen in Austin with the legislature in session, that body may expect a vehement demand for economy in state affairs.

The business interests of the state, big and little, are paying dearly for what we are getting in the way of pensions and other forms of governmental help, and before the legislature goes into the matter of old age pensions there is about \$5,000,000 pledged by former legislatures for teacher pension funds, blind, eleemosynary, et cetera.

The legislature of the State of Texas and the Congress of the United States may as well know that there is such thing as taxing a nation out of existence, and that is what they will be told in polite but very firm manner by many interests which have some, but not enough, votes, and are scheduled now to pay the enormous bills that are all cut and dried for them to pay.

The man who pays his taxes already finds himself an unpopular person for some reason and figures he can't make matters any worse by getting heated up, rearing back on his haunches and letting go with both barrels. The vehement protest and demand are going to be made.

### YOU'LL BE TAXED, TOO

Governor O'Daniel shot both barrels last Sunday morning when he blasted the "professional politicians" with his talk on the pensions proposal. He called no names but he certainly got a lot of people "told."

If you, in turn, become impatient as the governor has done in this instance, recall that the people who are fighting the big increase in taxes also live here and when you take a pot shot at them you are going to hit along with them—none other than yourself.

No man lives to himself and no man escapes the tax bill. Remember this. Get hot if you must but not too hot.

### YOUR CHAIN STORE TAX

If you operate some kind of an establishment where things are sold, where is the receipt you are supposed to hold for a "chain store tax?" It is not called that. Its correct name by Texas statute is Retail or Merchant Establishment license.

But it grew out of the apparently general demand that the legislature "pour it on" the chain stores and is called a "chain store tax" on that account. Every store in Texas from the crossroads to the main corner of the biggest city was charged by law with making a report and remitting on or before December 31. Which adds to your pleasure in reading this if you haven't remitted and will have to pay a penalty for failure to comply.

"Pouring it on" rarely pays. In this instance the income to the state is not nearly enough to pay for the headaches.

### ANOTHER SCIENTIFIC DISCOVERY

The public prints this week announced a discovery that will be almost as important in its value to the human race as was that one in 1906 when a young college man developed the principle of the vacuum tube.

Radios are in most every home today now because of the development of the vacuum tube. A score of other gadgets and household appliances have been made common, as well as many important developments in the commercial field become common place, since the doctor showed the scientific world what

they had sought for so many years. Even he, however, hardly realized then what following satraps have his vacuum tube doing in 30 years.

The new discovery, mentioned in the first paragraph is an arrangement that will handle the ultra-short waves of sound to make them bend and refract and do must the same thing it is possible to make a beam of light do. Important to aviation, radio television and many allied lines. What man can imagine, he can do—almost.

### MEANER OF THE TWO

The fellows who robbed the Consumers' Fuel Association of several hundred dollars last Sunday night, were hardly as hard-hearted, we'd say, as that fellow who took one of the "March of Dimes" cans from off the counter of a local business establishment and disappeared with the same.

A few cents, to be sure, probably less than a dollar, but this few cents added to the might and main of more than a hundred million dollars spells relief in capital letters for those sufferers from infantile paralysis.

Saving one boy or girl of the future from the effects of infantile paralysis will be worth a lot. The lad who decided to take the dimes from the can here and appropriate them to his own use, either was mighty hungry or could not visualize what a big thing a lot of little things like a dime can be.

### CLEAR OF THAT DANGER

People who do not have enough money to make others envious of them are in less danger of burglaries and robberies than their better-off neighbors, who when they have a lot of money and things have trouble finding a place to put it where robbers do not break in and steal and rust doth not corrode.

As for instance, the newspaper office. All hands agree that crime does not pay and that a burglar is just a fool. No robber is ever fool enough to rob a newspaper office or a parsonage. From this well-established line of thought has come that joke about the minister whose wife one night heard a noise which she felt sure was that of a burglar.

Repeatedly she insisted that her preacher husband get up and catch him. "Leave him alone," the minister said. "If he finds anything we'll get up and take it away from him."

### CULTIVATION HELPS

As in everything to do with the soil, cultivation helps maintain trees which have been planted.

The U. S. Forest service recently reported on its experience with shelterbelt plantings in the plains and lower panhandle area. There are 768 miles of shelterbelt planted in Texas, which seems to be more than just a few.

Where the trees had proper and agreed attention from the landholder the trees are doing nicely—a good growth reported and healthy trees as the first of the year arrived. Where there was not proper attention some of the hardier trees survived in good condition but not as well prepared to take a hard year that might come along.

Trees and shrubs at your home are worth a lot to you (in resale value as well as in other ways). They must have attention, however. Pick out the right kind of trees and plant them. Then take care of them. They'll help take care of you.

### As A Farm Woman Thinks

(By Nellie Witt Spikes)

The weeks roll around so fast, they must be on rubber tires. But if they are on rubber, they still give us the same old jolts. Perhaps though if we were not jolted every so often, we would not appreciate the smooth riding so well.

I wonder how many missed their prophecy on the weather Saturday afternoon?

Last week it was my good pleasure to meet with the McCoy Home Demonstration club at the home of Mrs. Alma Smith. We laughed at the three funny letters, enjoyed the talk on gardens by Miss Ruth Grimes, and planned the pie supper at McCoy for Friday night. As the women up there are noted for their pies, all you men had better come. (I heard mention of pecan pies).

Yesterday we went to old Emma to see my Uncle John Taylor who is in bed with a leg crushed from a fall. Uncle John has lived eighty two years, has seen and taken part in the making of a great state. When a boy, he hunted buffalo on these plains. He tells us how they ran out of anything to eat but the buffalo meat, tells us of the awful dry years of '87 and '88. He had been a keen observer of the things he has seen and heard in his eventful life, and now that he is old, he enjoys telling them to listeners. As I saw kind neighbors come in to see how he was and to offer their help, I thought Uncle John was getting pay for the many he has helped.

Little Billy Mack Shipley looked like a little man in his boots and red jacket with the tiny stirrup on the pocket. He told me he had an "ole sow" and some little pigs. "When the pigs get fat, I am going to sell them and get me a spotted Shetland to ride to school. I am six years old now and drink a big glass of milk every day so I will get as big as daddy."

The folks here are moving the dirt that was blown against the fence some years ago. There are little centipedes and great long ones, buried in this dirt along with big and little bugs.

Do you remember, taking a stick and playing and writing in the ashes that fell on the hearth in front of the cookstove? And licking the

### FLOYD COUNTY 14 YEARS AGO

News items taken from files of the Floyd County Hesperian published in Floydada fourteen years ago.

(Issue of January 29, 1925)

A cold wave over the Panhandle of Texas Monday brought a flurry of snow and a considerable drop in the temperature.

Celebrities for Le Mirage, student publication of West Texas State Teachers college chosen by popular vote of the student body last week, included Tate Fry of the class of '25, of Floydada, as the most popular man.

C. E. Neil, wife and son left this week for the Rio Grande valley to spend the remainder of the winter. They expect to go by way of San Angelo where they will visit relatives. They will return home about April 1.

The Sand Hill Home Demonstration club met January 21 at the home of Mrs. M. B. Holmes with thirteen members present.

Henry Solomon and wife left Sunday for Dallas, where Mr. Solomon will work in the Ford plant. For the past few months he has been employed with C. D. Hopkins tailor, here.

Mr. and Mrs. Arthur Savage were host and hostess to a group of friends at a 6 o'clock dinner Wednesday last week. The dinner list included Mr. and Mrs. Elmer Wood, Mr. and Mrs. Byron Clark, Mr. and Mrs. Claud Wallace and little Jack Wallace, Mr. and Mrs. Boone Hall, Mr. and Mrs. Frank Moore and Miss Dessie Walker.

The first meeting of the Rook club was held Saturday afternoon at the home of Mrs. Glad Snodgrass. The hostess arranged her home for three tables and after several games were played a salad course was served to the following: Mesdames J. D. Starks, Ross Henry, E. C. Henry, Edd Johnson, Fannie Montague, J. B. Jenkins, Jim Hughes, Tom Triplet, of Amarillo, S. Y. Carter, W. I. Cannaday, Leland Dawson, and W. J. Burke.

Mal Jarboe and family returned last week from an extended visit with Mrs. Jarboe's parents at Lexington, Oklahoma.

Parent-Teacher association held a very fine meeting last Friday. The main part of the afternoon was devoted to an interesting program during which time Mrs. S. W. Ross read a paper on the "American Girl." Following the program a collation consisting of hot grape juice and doughnuts was served to the members and guests present.

Growing population of the southwestern suburb of Floydada, where a large number of homes have been built the past six months, has increased the demand for light service in that part of the city, with the results that the light company, this week is putting in several blocks of new service lines to accommodate the most heavily populated portion of that suburb.

cake pans as mother finished with them, and set them on the hearth for you?

My mother tells this on my Aunt Sarah and herself. "Once when we were little girls, we were going somewhere in a wagon and our horses began running away. Sarah was driving. I said Sarah let's pray and she said, you go ahead and pray, for them to stop. Margaret, I have to hold this team."

The wild west wind has begun to bluster and blow. We tell each other we are not going to stay in such a country where nothing can be kept clean and our hands, faces and clothes are gritty. But after awhile the wind will quiet down as a bronc horse does, and we forget our wild threats.

We had a card for Mr. and Mrs. W. Grady Moore, who now live at Goose Creek. Many will remember them as teachers in the McCoy school for two years. Mr. Moore was for several years a teacher in the State university. Mr. Moore does plans of houses on the side now, but I wonder if he has drawn any that looked as good as the little shack near the schoolhouse at McCoy that he brought his bride to. We had such good times there. And Mrs. Moore could make the best caramel pies ever.

Do you read the column written by Dr. John W. Holland? I think it is very fine and like this statement and poem:

That is my idea of God. "He knoweth our frame; He remembereth that we are but dust." The

thought is further uncovered in the language of Jesus to a poor woman who was a sinner: "Neither do I condemn thee, but go and sin no more." No tenderer or truer words have ever been spoken.

The one place where the hurts incident to social living can be eased by Love, is the home. Mothers have ever seemed to me to be the chief settlers of life's problems because they catch at first hand, the first infractions of the law of kindness. They point the way to better things.

Why are we so slow to take up Christ's way of living by loving? There isn't any other way to write off the totals of things that hurt and bruise.

Perhaps the following prayer will say perfectly what I am driving at: "Lord, I ask of Thee today To take the bitterness away That surges in me, when a wrong I've suffered. Make me strong Forgiving it, as I would be Forgiven in eternity. Burn out the bitterness today. Fill me with understanding, pray. That I with Grace may do my part To cleanse some other bitter heart; To purge it with my love as Thou Hast purged me with Thy Love just now."

(O. Herod.)

### Editorial Briefs From Other Newspapers

At least two state officials are carrying out their political pledges. Jerry Sadler told the people that he would run the Railroad Commission with economy. He fired about 100 employees, whom he termed as unnecessary or inefficient. Gerald Mann told the people that if elected Attorney General he would stay on the job. He has posted a notice that he will be in his office at 8 o'clock in the morning and stay there until 5 o'clock in the evening, and demands all employees to do likewise. Furthermore he is refusing to leave Austin to make speeches. Fair enough, boys, keep up the good work.—The Canyon News.

"Ignorance has contributed more to the downfall of nations than any other single cause, and this nation of ours may prove no exception because there is a deplorable ignorance among us of the things that have made this country the greatest in history in material progress, that have brought to 7 per cent of the world's population in the United States occupying only 6 per cent of the world's inhabitable lands, one-half of the world's wealth and more than one-half of the world's income."—Robert L. ### Cumberland Presbytery Youth In Fifth Sunday Rally At Church Here

Young People's Societies Of Numerous Churches Represented In Regional Gathering

Young People's society of the Cumberland Presbyterian church, Amarillo presbytery, held forth in their fifth Sunday rally here Saturday night and Sunday with representatives present from a number of churches.

Saturday night Rev. H. H. Hunter, pastor of the Garden City church was the main speaker on the program, which was followed by refreshments during an informal get-acquainted period.

In the Sunday afternoon young people's program two addresses that featured were those of Rev. B. C. Welch, pastor of the Petersburg church and A. A. Collins, pastor of the Otton church. Densil Fewell, of Lamesa, president of the presbyterial association, presided at these sessions. Petersburg, Otton, Lamesa, Lubbock, O'Donnell, Garden City, Amarillo and Floydada congregations were represented.

Sunday morning Rev. E. M. Jennings, of the Lubbock church, preached for the congregation. The next young people's rally will be held in Garden City beginning on Thursday, March 2, when the presbytery also is scheduled to be in session.

Mr. and Mrs. J. Ray Dickey and son, Richard of Lubbock spent Sunday with her father, A. L. Bishop and other relatives.

### As I See It

Bill Hams

The recent moisture that has fallen upon our county has produced a new crop of optimists, yet, there are a generous number of pessimists ready to undo the optimists rejoicing.

Every so often someone gets these two characters of anonymity together for perfect contrast. Such is the story of an Englishman who said, "The optimist sees a light where there isn't any, and the pessimist comes along and blows it out."

Another classic example of the strange pair meeting, in this case at a liquid dispenser, the pessimist, looking at his bottle, exclaims, "O woe, it's half gone." The optimist eyeing the container, exalts, "Boy, it's still half full."

"There is not the least chance of a World War happening in the near future" is the first opinion of George Bernard Shaw, English dramatist and author. Whether or not Mr. Shaw is an able judge in this matter is not to be decided but his opinion seems to have a point.

"What would happen first?" Mr. Shaw was asked. "The airplanes of A. B. C. and D would bomb the cities of E, F, G, and H so effectively that the white flag would be hoisted simultaneously in the several capitals, and peace would cross each other in the air," Mr. Shaw answered.

The trouble in Spain and China tend to contradict his opinion on the effectiveness of aircraft, also military experts seem to lean to the theory that airplanes only help win a war, not win it. However Mr. Shaw's opinion does illustrate vividly the respect the English nation has for the enemy across the channel.

The proposed "transactions tax" is probably the most discussed tax that has ever dropped down upon the state, unless it was in the heyday of the Townsend Pension plan.

The proposed transaction tax has been analyzed, ripped, and torn, turned up and down and minutely examined by expert and inexpert alike. So if you favor it or disfavor it write your legislator and senator and tell him about it, after all the citizens of Texas pay the salaries and are boss over the boys down at Austin.

If the citizenry put the pressure on for a tax or against a tax the boys at the capitol will fall in line with public opinion, because after all they depend upon votes for their job, and no votes mean no job.

Remember for 3 cents and 10 minutes time you can tell your legislator or senator what to do, and it is your duty as a loyal Texan to do just that. Of course if he doesn't do as you want him to, when election time comes around you can black his name up with a pencil to your heart's content.

Perhaps you have noticed in the papers about a proposed "Jewish refugee" project being planned in this area. The project is backed by a million dollars from an eastern banker who plans to purchase the land and turn it over to refugees driven from Europe.

A certain land development company in Plainview has offered the New Yorker a huge hunk of land on the project. Although the Easterners are hot to place the refugees in the Southwest the state officials don't look with much favor upon the project, pointing out that there are already 200,000 Texans out of work and 25 per cent of them agriculture workers.

Lockney gave their football team even extra recognition this past week. Twenty boys of the championship team received gold footballs, and the others received silver charms, in addition to some fifty looking jackets presented earlier in the year. Coach Cooper was presented with an engraved wrist watch. And Lockney High school received the championship trophy to the school. Jimmy Allen will captain the Longhorns during the 1939 season.

### Lockney Players Get Special Awards Monday

Regular and special football awards to members of this year's team were made Monday, January 16 at a program at the Lockney grammar school auditorium.

Seventeen members of the championship team who played their last year of football for Lockney High school received regular awards of maroon and gray jackets from Coach Leo Cooper.

Letters were granted to 11 members of the squad who are still eligible for play.

Special awards consisting of engraved gold footballs were awarded to 20 members of the championship team. Silver champion footballs were presented to the remaining members of the squad, including the manager.

Presentation of the gold footballs was made by A. P. Barker and Sam Miller, members of the local school board, from the school and friends of the team.

Following the presentation of awards to team members, Coach Cooper received an engraved gold wrist watch from the school and members of the team. Chairman J. W. Jones of the 4-B football district presented Lockney High school with the district championship football trophy. It was accepted by G. D. Tate, principal.

Jimmy Allen has been selected to head the Longhorn football for next year as captain.

### Sunday School Lesson

PETER PREACHES AT PENTECOST

International Sunday School lesson for February 5, 1939.

Golden Text:—"Not by might, nor by power, but by my Spirit, saith the Lord of hosts." (Zach. 4:6).

Lesson Text:—Acts 2:12-18, 36-41. 12 And they were all amazed, and were in doubt, saying one to another, What meaneth this?

13 Others mocking said, These men are full of new wine. 14 But Peter, standing up with the eleven, lifted up his voice, and said unto them, Ye men of Judaea, and all ye that dwell at Jerusalem, be this known unto you, and hearken to my words:

15 For these are not drunken, as ye suppose, seeing it is but the third hour of the day.

16 But this is that which was spoken by the prophet Joel:

17 And it shall come to pass in the last days, saith God, I will pour out of my Spirit upon all flesh; and your sons and your daughters shall see visions, and your old men shall dream dreams:

18 And on my servants and on my handmaidens I will pour out in those days of my Spirit; and they shall prophesy:

19 And I will cause that every one that shall call upon the name of the Lord shall be saved.

20 And ye shall receive the gift of the Holy Ghost. 21 For the promise is unto you, and to your children, and to all that are afar off, even as many as the Lord our God shall call.

22 And ye shall receive the baptism of water, and ye shall be baptized into the name of Jesus Christ for the remission of sins, and ye shall receive the gift of the Holy Ghost.

23 For the promise is unto you, and to your children, and to all that are afar off, even as many as the Lord our God shall call.

24 And with many other words did he testify and exhort, saying, Save yourselves from this untoward generation.

25 Then they that gladly received his word were baptized: and the same day there were added unto them about three thousand souls.

Introduction

Since our last lesson Jesus made other appearances to His disciples and ascended to the Father. But before going He commissioned the apostles to "go into all the world and preach the gospel," and made the promise to be with them. There had been nothing very eventful in the life of Peter. The meeting with Jesus which we studied in the last lesson seemed to have cleared his mind concerning Jesus' attitude toward him, and established him in faith, courage and service. This lesson presents Peter in his full stature. We should be able to grow in grace by a consecrated study of these lessons.

### Rushing Chapel News

A large crowd attended the 4-County Singing convention here last Sunday. We had a fine dinner and a great day.

Mrs. R. P. Terrell and son of Portales, New Mexico, visited here from Thursday until Sunday as guests of her parents, Mr. and Mrs. Lon Blas-singame.

### Cummings

(Continued from page 1)  
The committee was faced with the contention that Flomot claimed a co-champion status. Floydada was believed in third place until Spur laid claim to third on the basis that their player had not been found ineligible because the committee was without "jurisdiction" at the time of the ruling.

Lockney contended that they were "champions" and would not recognize a co-champion. Flomot contended that they were co-champions. Spur claimed third place. Floydada held that third place was theirs by precedent due to the fact Floydada had taken third place for the "past five years."

Reading the minutes of earlier meetings clearly showed that Lockney had been "certified as district representative" by a majority of the committee and that no specific mention had been made of a "co-champion."

The committee was in doubt as to whether it had the jurisdiction to decide a co-champion or rule at all on the placing matter or award trophies. It finally adjourned without disposing of the surplus, naming a second or third place or deciding the co-championship contention of Flomot.

It had however left the field clear for Lockney to do as they wished with their bi-district game gate receipts.

## To Make A Long Tale Short

An undertaker started business in a Scotch community, and to start the ball rolling, he advertised "The First Funeral Free!" That same day three Scotchmen committed suicide. It's financial suicide to believe that all used cars are good ones—they're like eggs, good ones and bad ones; but when we tell you that one of our used cars is so-and-so, you can bet your bottom dollar that it is SO.

"So" here are a few examples—

- 1937 Plymouth Sport Sedan, Extra Clean Car with Radio and Heater. Down \$165
- 1937 Chevrolet Town Sedan, Extra good car. DeLux accessories. Down \$170
- 1936 Ford Tudor, Original finish good an exceptional value. Down \$100
- 1934 Chevrolet 6 Wheel Sport Sedan, Shows exceptionally good care. Down \$110
- 1934 Ford Pickup, with 37 motor. A good clean pickup. Down \$90

## Whirlwinds Lose Thriller To Ralls Jackrabbits Friday

Society Editor, Dorothy Dell Stovall.  
Sports Editor, Jimmie Willson.  
Business Manager, Leeman Norman.  
Columnist, Olin Watson.  
Typist, Juanita Luttrell, Frances Marie Williams.  
Reporters: Evelyn Groves, Josephine Troutman, Bobby McIntyre, Gloria Hammonds, Katherine Daniel, Jane Clark, Norma Willson, Floy Jean Hale, Norma Denison, Jewel Elza, Aileen McIntyre.  
Sponsors, Miss Rees, Mr. Cummings.

The Floydada Whirlwinds played the Ralls Jackrabbits last Friday night and were defeated by two points, 34-32.  
One of the most exciting games of the season with Patterson supplying the color. "One point" Patterson made 18 points which is something to write home about concerning anybody's ball game.  
At the half, the Whirlwinds led by a score of 21-14 but Ralls came back the last half to decrease that lead and make the necessary winning points. Although this defeat was a disappointment to all the Whirlwind backers, there is much encouragement as to the future of the basketball team.  
The second teams played first and the Whirlwinds defeated the Jackrabbits by a wide margin.  
The Whirlwinds will play the Plainview Bulldogs tomorrow night at the Wayland College gym. This will probably be the last game for the Whirlwinds before the Floydada-Lockney fracas February 6, 7, and 8.

**Basketball**  
The Floydada Whirlwinds defeated the Plainview Bulldogs in a stimulating victory. In the Bulldog's starting lineup there were Brandon, Cook, Brown, Ginn, and Snyder. Floydada's line up consisted of Tyler, Pickles Brand, Arnold and Emert.  
With this lineup, Floydada came brilliantly to the front in the first quarter, making the first score of the quarter.  
In the second quarter, Arnold was replaced by Minor, and doubling our score.

**SENIORS WORK ON SENTENCE STRUCTURE IN ENGLISH CLASS**  
The seniors, who before Christmas had been studying English Literature, are now studying grammar. Most of their work outside reference books in which various exercises are completed daily in class work. This work consists mostly of diagramming and selection of the basal parts of sentence structure. Much improvement has been noticed and it is expected that by the end of the year that the seniors will be accomplished in grammar.  
Note: This is the first of a series of articles on the individual class work.

Refreshments in keeping with the occasion were served in the dining room.

**Glee Club**  
The F. H. S. Glee club is making wonderful progress under their director, M. T. Camp.  
There is now 28 on roll in the Glee club who are Sappho Ward, Dorris Collins, Gloria Hammonds, Dorothy Dell Stovall, Josephine Troutman, Mary Kay Daniel, Lula Teal, Irene Probasco, Pauline Wood, Marjory Duncan, Ellen Brock, Evelyn Daniel, Evelyn Groves, Tootsie Hodge, Catherine Carmack, Eula Mae Brown, Margaret Conner, Lottie Belle Swenson, Irene Daily Maudine Moore, Betty Jo McCleskey, Mary Frances McRoberts, Genevieve Daily, Maxine Officer, Norma Denison and Nelda Fagan who plays the piano.  
"The Gypsy Song" a lovely melody with two parts is almost completed. "Bells of the Sea," "Neapolitan Nights," "One Fleeting Hour," "Waving in the Shadows" are other two part songs that are going to be used by the club. The latter songs have just been received and club has begun practice on them.  
"Carry Me Back to Old Virginia," "Old Polks at Home," "My Old Kentucky Home," and other songs from the song books used in school have been used as practice songs. "Three Blind Mice," "Are You Sleeping," "The Gypsy Song" will be sung in chapel soon. This will be the first appearance of the Glee club.

**Band Chatter**  
Wednesday morning of last week, Olin Watson, president of the band, appointed a committee to write a constitution and this committee is to see that the rules are carried out. If not, a penalty will be marked against each one who does not follow the rules.  
The committee is composed of a member from each class: freshmen, Randolph Rutledge, sophomore, Joe Arwine, junior, Mary Frances McRoberts, senior W. C. Boren and president Olin Watson.

**Green Peppers**  
After a temporary lapse of yelling, the Peppers staged a terrific comeback. With green and white colors flying, the Peppers helped the Whirlwinds meet the Ralls Jackrabbits at the R. C. A. gymnasium Friday evening at 7:30.  
Feeling the exhilarating spirit of conquest and the exuberance that a good basketball game can inspire, the game was started with the yell, Yea green, Yea white, Yea men, let's fight!—A typical war time cry of the Green Peppers.  
Although the Whirlwinds met with a slight defeat, the peppers were continually behind them, cheering them to the finish.

**Chapel**  
Contrary to the usual custom of having an out-of-town speaker for the separate chapel programs of the boys and girls, Tuesday, January 24, at 1 p. m. Mrs. O. M. Conway, county treasurer, was the speaker in the girls assembly and Mr. Cummings spoke to the boys.  
Miss Rea made the necessary announcements. La Verne Russell gave a reading, and the speaker of the hour was introduced.  
The subject of Mrs. Conway's talk was "My Ideal Girl," speaking in terms of the girl of high school age. "The first characteristic of my ideal girl is the right relationship between herself and God. She is a Christian girl of high moral standards. Then she appreciates the opportunity of getting a high school education. She does not cheat in any of her studies. Also, she sets for herself a high goal and determines to reach that goal. Failure is not crime, it is low aim that is crime." Mrs. Conway concluded with a poem, "Myself."  
All the girls and teachers as well as enjoyed this program and extended to the speaker many thanks and invited her to return to them in the near future.

BUCKLEY'S MIXTURE certainly makes short work of relieving those stubborn old hang-on coughs and colds that other cough remedies fail to budge, according to Mr. H. A. Allen.  
Mr. Allen says: "For years I suffered every winter with a terrible cough. I have had many sleepless nights and coughed until tears ran, and my stomach ached. I started again with the same old cough this year—but after a few doses of BUCKLEY'S MIXTURE my cough was gone."  
You can't go wrong on BUCKLEY'S—by far the largest-selling cough medicine in all cold Canada. One or two doses and stubborn tough hang-on coughs are woken on their way. And it's only a few cents at drugstore everywhere. Money back if not delighted!

### Bronchial Coughs Need Creomulsion

Just a common cough, a chest cold, or a bronchial irritation of today may lead to serious trouble tomorrow. They may be relieved now with Creomulsion, an emulsified Creosote that is pleasant to take. Creomulsion is a medicinal combination designed to aid nature in soothing and healing infected mucous membranes by allaying irritation and inflammation and by aiding in loosening and expelling gerr-laden phlegm.  
The Medical Profession has for generations recognized the beneficial effect of Beechwood Creosote in the treatment of coughs, chest colds, and bronchial irritations. A special process was worked out by a chemist, for blending Creosote with other ingredients so that now in Creomulsion you get a good dose of genuine Beechwood Creosote which is palatable and may be taken frequently by both adults and children.  
Creomulsion is one preparation that goes to the very seat of the trouble-laden phlegm. When coughs, chest colds and bronchial troubles—due to common colds—hang on, get a bottle of Creomulsion from your druggist, use it as directed and if you are not satisfied with the relief obtained, the druggist is authorized to refund your money. Creomulsion is one word, ask for it plainly, see that the name on the bottle is Creomulsion, and you'll get the genuine product and the relief you want. (Adv.)

# Relief Work Resume For Texas Given

Statement By Texas Relief Commission Shows Broad Line Of Activity

During the year of 1938, an average of 3,519,164 pounds of surplus food commodities and an average of 433,561 clothing and household articles were distributed each month by the Commodity Distribution Department of the Texas Relief Commission to an average of fifty five thousand and fifty families which had a monthly average value of approximately \$863,094.68 according to Roe L. Montgomery, director of Commodity Distribution for the Texas Relief Commission.

During the year a total of 42,227,973 pounds of food stuffs and 5,202,734 clothing and household articles were distributed. The total retail value of commodities distributed was approximately \$9,676,736.20.

The average retail value of food and clothing issued to the average family per month was \$14.65. The food commodities distributed included wheat flour, graham flour, cornmeal, wheat cereal, rice, beans, dried peas, Irish potatoes, fresh tomatoes, cabbage apples, peaches, oranges and grapefruit, canned grapefruit juice, dried apples, peaches, apricots, raisins, and prunes; dried milk, butter, cheese, eggs, cotton seed oil shortening, sugar cane syrup, canned English peas, and canned blackeyed peas all donated by the Federal Surplus Commodities Corporation and various canned vegetables produced in the WPA Canning plants.

Clothing and household articles distributed included men's, women's and children's clothing and various household articles produced in the WPA sewing rooms; men's, women's and children's woolen garments purchased by the Works Progress Administration, and mattresses manufactured by the WPA Mattress project.

Since the beginning of the program, the Texas Relief Commission has distributed commodities in Texas in the retail value of approximately \$41,026,022.48.

**Big Surplus On Hand**  
As of January 1, 1939, the Texas Relief Commission had surplus commodities on hand and ordered in the approximate retail value of \$4,237,987.

The Federal Surplus Commodities Corporation is under the direction of the Department of Agriculture and its activities and objectives are in keeping with those of the department. Its operations have two purposes: to help hungry people on relief rolls, and to keep farmers from being overwhelmed by surpluses of the commodities they produce. It seeks to accomplish this two-fold objective by buying up acute surpluses of farm products and supplying them to State Welfare agencies for relief distribution.

The corporation has purchased surplus farm products in Texas in the amount of \$24,521,397.07 which included cattle, cheese, cornmeal, cotton, cotton mats, cottonseed oil shortening, eggs, goats, grapefruit, grapefruit juice, hogs, dry skim milk, onions, canned peas, Irish potatoes, rice, small grain seed, sheep, tomatoes, wheat flour, and graham flour. A part of these commodities was distributed in Texas and the balance was shipped to practically every state in the Union, Puerto Rico and the Virgin Islands.

The Federal Surplus Commodities Corporation donates the commodities purchased to the approved State Relief agencies. In Texas, the Texas Relief Commission is the approved agency. The corporation makes these donations to the Texas Relief Commission with the stipulation that the commodities donated shall neither re-enter the commercial channels nor compete with that portion of the supply which remains in the normal flow of trade.

In this connection, two fundamental distribution rules have been rigidly maintained by the Texas Relief Commission: (1) That commodities should go only to persons certified by approved agencies as eligible for public aid; and (2) that the commodities should be given to individuals in addition to, rather than in substitution for any other assistance available from Federal, state or local sources.

**Helps In Disasters**  
The everyday job of the Commodity Distribution Department is to furnish food and clothing to certified relief clients. However, as supplies of surplus commodities are on hand and as distribution machinery is available in all sections of the state, the Texas Relief Commission is in a good strategic position for quick action in assisting victims of local or wide spread disasters. Immediately on receiving a report of a disaster, trucks are loaded with additional supplies of food and clothing and sent to the stricken area with additional personnel of the Texas Relief Commission. The victims of the disaster are cared for immediately without any of the so called red tape.

The distribution of surplus commodities has been carried on in an orderly and efficient manner only through the cooperation and the continuation of the work of the Federal Surplus Commodities Corporation, the Texas Relief Commission, the Works Progress Administration, and the local political sub-divisions. The total cost of distribution including Federal, state, county and city funds covering salaries, freight, utilities, truck and warehouse facilities, etc., was less than seven per cent of the retail value of the commodities distributed.

The Texas Relief Commission is responsible for the referrals of the needy employables for work on projects of WPA and NYA. The Texas Relief Commission is also responsible for the selection of boys for the CCC program. More than 110,000 boys in Texas have been enrolled in the CCC. Only those boys may be enrolled in the CCC who are of good moral character, mentally and physically fit, and who cannot be given, through parents, relatives or other sources, the same advantages they would receive by virtue of their enrollment. The boys are furnished subsistence, clothing, housing, medical care and training. They are paid \$30 per month, \$22 of which must be sent to needy beneficiaries. These indigent families have received approximately \$25,000,000. In the absence of such needy beneficiaries, \$22 is impounded by the government and given to the enrollees when the term of enrollment expires. These boys, under federal regulations, must be selected through approved case-work methods under the supervision and direction of a state agency acceptable to Washington.

This thoroughbred horse, native of Virginia, is making his home in Floyd county on the farm of Marvin Shurbet near Barwise, where last fall he was given into the care of Shurbet after army men had checked up on the care the horse would get and the probable value to the area in the production of horses suitable for army needs. Shurbet is planning to breed some 20 mares from his own herd and other mares in the area which are of good breeding and calculated to foal colts of higher type. Shurbet is a polo enthusiast and hopes to ride mounts, sons and daughters of this horse, which will help make polo history in the southwest.

### Lee Allmon Succumbed Monday At Brownfield

Wednesday afternoon funeral rites were held at Brownfield for Lee Allmon, former Floyd county resident, whose death occurred on Monday morning.

News of his death due to a heart attack was received by John Kropp, a nephew, of Aiken. Mr. Kropp and his family attended the funeral.

Mr. Allmon was a resident of Floyd county, living in Starkey com-

munity, from 1916 to 1929. In the latter year he moved to Brownfield where he had made his home since. He was about 70 years of age.

Survivors include his widow and 4 children. They are 2 sons, Bill and Buster, of Brownfield, and 2 daughters, Mrs. Walter Gracey of Brownfield, and Mrs. Carmon Goff of Durango, Oklahoma. Seven grandchildren also survive.

Richard Stovall and Judge Alton B. Chapman of Spur were in Austin from Thursday until Monday on business.

### County Officials Warn Auto Traders on Transfer Laws

Officials have recently become concerned with the seeming neglect a number of Floyd county residents are regarding the transfer and application for transfer of automobiles following sale or trade of cars.

The neglect was brought to the front recently when charges were filed against three persons following an accident south of Floydada. Lack of proper transfer cost each person a fine of \$1 and costs.

Other cases have been brought to the attention of the officers and one case has been filed. Since the filing of transfers and other matters concerning automobiles are covered by state laws and many persons are ignorant of the law and the penalties it was thought best by the officers to give in detail the state statute. The maximum fine is \$200 although in most cases it runs a great deal less.

"Whoever, acting for himself or another, sells, trades or otherwise transfers any second-hand or used vehicle (automobile) without delivering to the transferee at the time of delivery of the vehicle, the license receipt issued therefor for the current year and a bill of sale thereto in triplicate as herein required shall be guilty of a misdemeanor and upon conviction shall be fined in any sum not exceeding \$200."

"Any person who shall transfer a motor vehicle and execute the same (bill of sale) wholly, or partly in blank, leaving out any information that is required to be given, and can be given, shall be guilty of a misdemeanor, and shall be fined in any sum not exceeding \$200."

"The transferee shall file the bill of sale as an application for transfer with the tax collector within ten days; provided, that if said transferee does not file said application within said ten days, and before the expiration of twenty days, a penalty or fee of \$2.50 shall be paid, and at the expiration of said twenty days a penalty or fee of \$5.00 shall be paid upon the filing of such application, such penalty shall be collected upon each application filed by any transferee."

### Collectors Indicate Tax Payments Normal

Tax collectors of Floyd county, Floydada Independent School district and the City of Floydada yesterday were still checking their records and writing receipts that were in the mails before the deadline the night of January 31, but in each instance indicated collections as somewhat above the same date last year.

Assessor and Collector Frank L. Moore, with total receipts of \$12,699.03 in the 4 months of October, November, December and January, said the county and state had almost exactly 73 per cent collections at that date and expected a 10 per cent increase by the time all receipts are written. Monday collections equalled those of the last day.

J. B. Houston, collector for Floydada Independent School district, said collections are slightly above those of last year.

City Secretary S. E. Duncan said he believed collections are about average for the city. Possible duplications or spoils might change the figures but 465 city polls were indicated as paid.

For all 3 of the local taxing units it was indicated that redemptions on both personal and real property had been above the average. Over \$14,000 was paid in on state and county assessments for years prior to 1938 during the 4-month collection period, Mr. Moore's figures indicated.

### Locker System Soon Ready For Use Here

The cold storage refrigeration locker system plant in the Surginer building, north side, will be ready soon for use by the members of the local organization sponsoring it, A. J. Jackson, of Jackson Produce, who will be manager of the locker system, said this week.

The first try-out of the system's refrigeration machinery was made Tuesday and as it becomes apparent the system is working well, stockholders will be notified and the lockers begin to be filed. The investment in refrigeration vault, pre-cooling room and machinery represents a very considerable investment.

At present lockers have been provided for 201 customers and others can be added quickly as needed, Jackson said.

### Final Cotton Figures Given At 19,548 Bales

Floyd county cotton production for the season of 1938, estimated generally at around 11,000 bales and by County Agent D. F. Breithauer at above 17,500 bales, failed by less than 500 bales of reaching a figure of 20,000.

The report of the Bureau of the Census, based on actual ginnings in the county showed 19,548 bales. Unusually good weather throughout the fall season contributed to the increased production and with excellent staple made possible closer gathering practical to add the extra 2,000 bales over the agent's original estimate.

The figures for approximately 57,000 acres seeded to cotton in the spring compare with a production of 30,935 bales in 1937 on an acreage of approximately 90,000 acres.

Mr. Leroy McDonald and daughter, Bettie, of Plainview visited from Sunday until Wednesday with her parents, Mr. and Mrs. O. B. Olson.

Mr. and Mrs. E. P. Nelson visited in Amarillo over the past week-end as guests of Mr. and Mrs. Verne Nelson.

Clifton McLain, son of Mr. and Mrs. J. T. McLain, entered Tech college this week as a student for the coming semester.

Miss Genell Whitte of Lubbock was a Sunday guest of Miss Daltis Rea.

Mr. and Mrs. Lee Howard and son, Eldon Bishop, and Mrs. E. L. Angus spent Wednesday in Lubbock on business.

Born to Mr. and Mrs. Roy Collins, of Wake, January 31, a son, named Curtis O'Daniel.

Mr. and Mrs. R. W. Simpson of Paducah were guests of Mr. and Mrs. Jack Deakins Wednesday.
