Consumers Fuel Is Robbed Third Straight Time Sun.

Two Suspects Are In Clarendon Jail; To Be Brought Here Next Week

With a regularity that is becoming clock-like, burglars take their monthly toll at Consumers Fuel association. The latest successful attempt was late Saturday night or early Sunday morning when 150 dollars was taken by unknown person or persons.

Immediate investigation by local officers and Lubbock police netted no clues believed of any importance. To date the burglars have been careful to leave no fingerprints and few if any clues that could lead officers to any person responsible for the crimes.

The burglars, evidently tired of ripping out the steel bars on the rear window of the building, boldly pried open the front door and entered the building. The safe was attacked and the knob knocked off and the doors opened. Envelopes and other places were ransacked in the search for money.

Reports are that the Clarendon Consumers fuel suffered a loss the same night, to go on record with their second straight loss.

Two suspects believed to have "pulled" the second burglary of the local consumers are resting in the Clarendon jail awaiting trial for the first burglary of the Clarendon Consumers which happened at or near the same date the second burglary was discovered here.

Apoplectic Stroke Fatal Saturday To Paul Wm. Conner

Civic Leader, Boy Scout Enthusiast Buried With Legion, Mason Rites

Funeral rites for Paul Wm. Conner 42, Mason and World War veteran, were held at 2 o'clock p. m. Monday at the First Christian church by the Pastor Rev. Gordon G. Voight assisted by Rev. Vernon Shaw, pastor of the First Baptist church.

The body was escorted by members of McDermott Post American Legion, who marched en masse from the home to the church and with Post Commander, J. C. Wester in charge at the cemetery, presented the American flag from the casket to Mrs. Conner, wife of the deceased. The Legion was then relieved by the Masonic order with E. S. Randerson in charge at the grave-side.

Color guards for the Legion were A. B. Keim and Jack Henry. Color bearers were E. L. Cornelius and Jess Covington.

The deceased had been in ill health the past year and although little hope had been held for his recovery, he was able to be up most of the time and was helping Saturday afternoon in the preparation for the dedication of the new Christian church when he was stricken with apoplexy. He lived about 2 hours.

Paul Conner was born January 21, 1897, in Lebanon, Missouri and when a youth became a member of the Christian church. He was baptized by the famous author and minister Harold Bell Wright.

He came to Floyd county in 1934 from Fort Worth where he served as District Representative for an oil company. Since that time he has been active in the Chamber of Commerce, Rotary club, and while Post Commander of the American Legion McDermott Post, helped to organize a Boy Scout organization, members of which acted as ushers at the funeral. He has served as deacon of the Christian church for a number of years.

On December 15, 1929 Mr. Conner was married to Miss Virginia Ann Lewis. Other surviving members of his family include 3 brothers and 2 sisters. They are Harold Conner, Carthage, Missouri; Tom and Bob Conner, Lebanon, Missouri; Miss (See PAUL CONNER, page 5)

E. A. Birch Funeral Held Here Tuesday

Pioneer Kansan, Resident of Texas Since 1906, Succumbed Sunday At Vernon

Rites at the graveside conducted by a former pastor, Rev. J. L. Henson, were held at Floydada Cemetery Tuesday afternoon at 2:30 o'clock, for E. A. Birch, 80, whose death occurred at the home of a daughter at Vernon Sunday morning after an illness of several months.

Born in Illinois on August 27, 1859, Mr. Birch moved to Kansas when a young boy and pioneered in that state, where he saw much of the post-war development of the area around Hutchinson. At that place he owned and operated the first meat market. He moved to Texas in 1906 locating in Wilbarger county. In 1916 he moved to Floyd county and made his home here since until 2 years ago, when he returned to Vernon. Mrs. Birch preceded him in death in 1928 and was buried here.

Mr. Birch had been seriously ill for some weeks and his death was not unexpected. Surviving children are two sons, Walter Birch of Floydada, and Ross Birch of Vernon, and four daughters, Mrs. Oscar Noyes, Mrs. Albert Noyes, Mrs. Charley Taylor of Vernon, and Mrs. Ed Mason of Laguna Beach, California.

A HISTORY MAKING WEEK

This in all likelihood is a history-making week in Texas. The legislature will bring some kind of a tax bill to a focus. There is still the possibility that the special interests will get through their sales tax program. However, it is a weak sister and is due to be shunted aside. The division of opinion among members of the house is very great.

Some kind of a tax bill undoubtedly will be passed, but there is backing and filling, the senate and the house opposed to each other, and the economy bloc ready to go into action when the time comes.

But the "people" want more taxes raised and there must be something done. As forecast by us last week this "something" will be less than the \$30 a week the pensioners ask for and no general sales levy will be included. Possibly that is just something we hope will happen.

SENATOR BORAH IS RIGHT

That England and Germany understand each other and that there is no particular reason for Americans to busy themselves about the European embroilment is a part of the sense of a statement by Senator Borah, of Idaho, recently. The senator's background goes back to that day when the European masterminds deliberately thwarted Woodrow Wilson's efforts for a lasting world peace and substituted for his plan, in the name of righteousness, a land grab that had never before been equalled.

On the same anvil that France and England beat out the shape of destiny, Germany now sharpens its mighty armament and spreads out in a grab all of its own. Sparks from that anvil may or may not ignite the world.

Anyhow, Senator Borah is right when he says that Americans do not understand the European mind and the ramifications of European hatreds and deceit. That any hand we take in the gigantic struggle now going on in those foreign lands will continue to be the part of an amateur in a professional man's game seems certain.

Americans, we hope, this time will have their minds made up not to be dupes of English and French propaganda, no more than that of German. A burned child ought to know about fire.

If this appears to be a "heavy editorial"—too heavy for a country newspaper to attempt our excuse is that, little as it may be known, sentiment nationally never crystallizes in the United States until it jells out at the grass roots.

WE MUST NOT BE SUCKERS

Far be it from our thought to have any citizen of the United States not fight for the welfare of his country whatsoever the form the country's antagonist may take.

We have no patience with Mr. Hitler, we hold no brief for Mr. Mussolini. But also, it is common knowledge that Mr. Chamberlain's predecessor in the World War and Mr. Daladier's predecessor in the world war played on Americans' sentimental side and had us, when the war was over, attempting to back a world war settlement that, in many ways, was unjust and undoubtedly calculated to result in another fight for territorial rights and economic existence. Just what we have now, with European countries at each other's throats and the big fish swallowing up the little ones again, as they have done for 2,000 years.

It seems impossible to get the European embroglio out into the open into a clear-cut

right and wrong dogfight. And millions are being spent to make us suckers again in the affairs of that unhappy portion of the Earth's surface.

ANOTHER LAW WANTED

Pressure for another law in Texas that will meet the "loan shark" crisis is being made at this time. Estimate that more than forty million dollars is being taken annually in usurious interest from the wage earners and small borrowers of Texas is the basis for the demand that something be done.

The money being taken from small borrowers is a rather serious matter, it must be admitted. The loan sharks take from 120 per cent to 1,200 per cent per annum. The figures are not ours but those of a competent organization which is fighting the loan men in the interest of the retailer.

The amount of usurious money taken, it is declared, would finance thirty-million dollars of the old age pensions, the state automobile license tax, much of the executive and administrative expense of the state and have a half million dollars left to put on other state expenses.

It is claimed for the new law that it would keep these "promoters" from mulcting the little fellow in Texas.

While we doubt the efficacy of another law, being dubious of these legislative enactments, we are ready to believe that small business men, wage earners and those desperately in need of money do allow themselves to be duped of every cent that is claimed.

GRASSES HAVE "TEMPERAMENT"

Are you a planter? Do you know how to raise things?

If so, tell how to plant and raise a crop of buffalo or mesquite grass. A small fortune awaits the man who can give the answer completely and quickly.

Because the fellows who are charged with knowing these facts do not know thoroughly. They know some of the answers. They have, however, found that sometimes seeds are planted on areas that need to be re-seeded, and the seed do not germinate and multiply. Other times they do nicely. Do you know why they do good sometimes and poorly sometimes?

Millions of acres of the southwest's plowed up land sooner or later must go back to grass. Maybe a lot of other areas ought to have grass instead of cultivated land. But we won't worry about them.

Just tell how to make buffalo grass grow where it used to grow. And mesquite grass where it used to grow. Quickly.

Meanwhile, give either time and they'll solve the problem for you.

WHEN YOU MAKE A BAD DEAL

Usually a polite but firm "no" is a much better way to be rid of a solicitor than a study later of how one can avoid going along with an unsavory deal.

Instance is a lady who signed an order for magazines "to get rid of the solicitor." Later she told the Good Business Bureau she did not want the magazines and how could she get out of paying for them. No misrepresentation of the magazines was made. The bureau could not help her.

Our inability to resist persuasive salesmanship at times has us using bad hindsight instead of good foresight.

Do we sometimes unfairly blame the "crookedness" of others instead of admitting a jelly fish back?

FLOYD COUNTY 14 YEARS AGO

News items taken from files of the Floyd County Hesperian published in Floydada fourteen years ago.

(Issue of April 16, 1925)

Floydada will send a good sized delegation to the West Texas Chamber of Commerce convention, early in May according to O. P. Rutledge, secretary of the Floydada Chamber of Commerce, who believes that a delegation likely as many as twenty-five will go from this organization.

Next Saturday morning the best biscuit maker in Floyd county is to be decided upon in a contest to be held in the cooking room of the Household Economics department at Floydada High school. The best biscuit maker in each of the Home Demonstration clubs, with the exception of the Fairview club which did not enter the preliminary contest, will meet at 10 o'clock in the morning and each one is going to do her best to win first place in the county contest.

W. H. Hilton, of the Palace Barber shop, now has one of the "spiffiest" barber signs in West Texas. For a number of years an ordinary barber pole has answered the purpose of advertising his shop. Now an electrical wall pole with silver trimmings, is what he will use.

Three head of horses, a mare and a colt belonging to J. D. Farmer, and a work mule belonging to E. B. Chestnut were killed Sunday afternoon by lightning on the E. B. Chestnut farm near Campbell.

Clark-Woods Dry Goods company and C. R. Houston Dry Goods company will be combined and the merged businesses made into one large corporation, which will engage in the dry goods and ready-to-wear business in Floydada.

The First State bank of Floydada has received advice from the Comptroller of Currency at Washington, D. C., advising that their application for a national banking charter under the name of The Floyd County National bank of Floydada, has been granted.

Mrs. J. V. Daniel gave an Easter egg hunt and party to a group of little folks at her residence Tuesday afternoon in honor of her little daughter, Mary Katherine's fourth birthday.

The Sand Hill-Mickey boys are awfully proud of their new white baseball uniforms recently presented to them by the P. T. C. society of Sand Hill. Since the hookside gets their pants so dirty, it is expected that they will abandon the use of the hookside altogether.

Amateurs, who would like not to be "showed up" as dubs, may as well lay off of C. H. Davis and T. P. Collins, who went out to the Country club's new course a day or two ago and learned all the inside stuff on golf, while their friends were unsuspecting.

As I See It

Bill Hams

It is time to think about softball... but a little early to play it. If merchants will begin to decide now whether or not they plan to sponsor a club in the local league it will save a lot of last minute stewing around by those trying to organize such a league.

One of the finest suggestions as to selecting players seems to be: let the sponsors have a meeting and select a "czar" to run the league, a secretary, an official score-keeper and an alternate score-keeper as well as gate keeper etc. The sponsors would then be given one week to select a complete team (one man to each playing position) and turn this list of certified players to the secretary. When each sponsor had one complete team of 10 men selected, including manager, all the managers and sponsors would be allowed to get players from anywhere in the county up to a team roster limit of 25 men.

The players would be listed by the manager and sponsor and this list turned over to the secretary. No player would be allowed to change teams without a two-weeks period of inactivity.

A limit of six teams would be set with three games each week. If only four teams were organized special games would be arranged with Plainview, Halls and other nearby towns.

There's one suggestion... if you have others be on hand for the first organization meeting and tell the boys about it... the idea is to keep the fan interest up.

The trucking interests in this country are doing their darndest to pound some facts across to the taxpayers and citizens. If you didn't see the trucker's ad in last week's Hesperian, dig it up and look at some of the facts that the truckers present... you'll be surprised and will probably agree that the trucks should at least be allowed 14,000 pounds as a limit instead of the skimpy 7,000 pounds they are now allowed to carry.

Will Europe march to war within the next six months? Will the United States enter the second world war within a year? Think it over... it may be fantastic... and it might happen. Hitler and Mussolini are putting the "squeeze play" on France and England and some of the smaller democracies. Al-

bania has gone to Italy... Germany has her eye on the Polish corridor and Rumanian oil fields... France and England are working overtime to get "prepared" and when they do get "prepared" the London-Paris axis will call the hand of the Rome-Berlin axis... John Bull will fight... when he must.

Rumors: The Nazis are building airports in South America uncomfortably close to the Panama canal... the United States is building a huge munitions plant with underground oil tanks near Borger... that the U. S. Navy has built a powerful airplane motor that is so light it will float on water... that regular Atlantic mail and passenger service will begin in May with the Clipper planes... that the United States will build at least 6,000 airplanes of various sizes that will match anything any nation can fly or bring over... that an air training station will be established at Texas Tech college within the near future under the auspices of the U. S. government...

Mysterious Mike says the stingiest man he ever knew fired his cook because the fellow failed to shake the flour off the legs of a spider before he threw the insect out of the flour bin.

The Plainview bowlers sunk the Floydada keggers without much trouble last Thursday night at the Floydada Bowling club... the Floydada boys ended up almost 200 pins behind Plainview.

Evidently battling a typewriter and kegling doesn't mix... the best I have been able to do is roll a mere 122. Donald "Wimpy" Thomas had a 231 to his credit Saturday afternoon... and they were asking me (on a sign of course) "can you beat it"... it was fun to try, but

needless to say Wimpy's record stood my best assault.

RIGHT NOW PHILLIPS 66 IS MATCHED TO APRIL WEATHER

Phillips 66

The Dip That Gives Goose Flesh in April is undoubtedly grand fun in July... And the gasoline that is full of zip and zing in August can easily be a dud during these early days of spring.

To protect the performance of your motor, to smooth out the differences which changes in climate may make, Phillips custom-tailors gasoline to the weather. Changes the specifications of Phillips 66 Poly Gas every month to parallel the monthly changes in temperature in your locality. And scientific laboratory and field surveys prove that no other gasoline—not a single one—is so accurately matched, all year round, to the monthly variations in your weather.

It's a real thrill to feel that difference behind the wheel when the tank is filled with this outstanding, custom-tailored, high test gasoline. And it is thrifty, too, because Phillips 66 Poly Gas costs nothing extra... at the Orange and Black 66 Shield.

Snow White And The Seven Dwarfs Coming Next Week

Disney's Animated Fairy Story At Palace Tuesday, Wednesday

That enchanting story "Snow White and the Seven Dwarfs" long awaited by many show-goers here, will be at the Palace Theatre on Tuesday and Wednesday of next week with a special matinee for school children Tuesday afternoon at 2 p. m. Manager Jack Deakins said this week he was sending out reminders to schools of the area.

Presented in technicolor and in full-length feature form the Walt Disney animated fantasy has dialogue, songs, dances and a complete musical score. The picture was 3 years in the making.

The plot of "Snow White" is an adaptation of one of the most loved of the Grimm Brothers' tales. First published in the early part of the last century, this book has been translated into every civilized language. Its readers are numbered in the millions. A sterling favorite with generations of Americans, past and present, it is equally popular abroad.

Meeting "Snow White," the dainty lovely little Princess, on the screen is the same as greeting an old friend one has not seen for years. Her adventures begin when the wicked Queen, jealous of "Snow White's" budding beauty, first degrades her to the level of a scullery maid. Even then the Queen's magic mirror informs the sovereign that "Snow White" though attired in rags, is still the fairest in the land.

The palace huntsman is ordered to take the Princess to the forest and kill her. But he permits her to escape. She is befriended by the pitying birds and animals and finds refuge with the Seven Dwarfs in their woodland home. Thither comes the wicked Queen in the guise of a Witch "Snow White" eats a bewitched apple given her by her rival, and falls into a death-like slumber. So lovely is she that the dwarfs, instead of burying their beloved little housekeeper, place her in a coffin of glass and gold by which they keep watch. The tiny chaps have already wreaked vengeance on the Witch, who has fallen to destruction over a precipice. Then came the handsome Prince, who loved "Snow White" when she was only a scullery maid, awakens her with a kiss, and the sweethearts leave together for their castle home.

Song hits in "Snow White and the Seven Dwarfs" include the dwarf's marching song "Hi-Ho"; their washing song; the songs by Snow White, "Some Day My Prince Will Come," "With a Smile and a Song," "Whis-

tle While You Work" and "The Wishing Well Song," and the Prince's song, "One Song." The melody of "Some Day My Prince Will Come" is the picture's theme music.

Floyd County Marches On WITH RURAL ELECTRICITY

The Master Power of Progress

A single job... the pulling of a lever... the throwing of a switch... the drawing of plans... the lifting of a shovel... never completed the Rural Electric Project.

It has taken each of these and more... CO-OPERATION did the job... it is such co-operation that has been characteristic of the West and its progress... Floyd County is proud of the fine co-operation and drive shown by its citizenry in getting the REA and then getting the JOB completed on schedule. The dream of Rural Power for Floyd County is at last realized.

Willson Is Chairman Of Westex Chamber Elections Committee

ABILENE, April 10.—J. M. Willson, widely-known Floydada lumberman, has been named chairman of the elections committee for the 21st annual West Texas Chamber of Commerce convention in Abilene, May 15-17 by H. S. Hilburn, Plainview, WTCC president.

C. W. Sadler, Weatherford, theater owner, has been appointed vice-

chairman of the committee and other members are Ed Bishop, Dalhart, Charlie Hamilton, Benjamin, J. J. Steele, Anson; Owen C. Taylor, Lamesa; Dudley Yard, Pecos; M. E. Pittman, McCarney; Joe Whaley, Menard, and Dr. A. G. Livingston, Hamilton.

The elections committee has the responsibility of preparing and submitting the report nominating all incoming directors and establishing the standing and voting strength of all affiliated cities at the convention.

James Colville, who is employed near Tulla, spent the week-end with his family.

Beef Cattle In Feed Pen Seen Friday

More Than 200 Farmers On Hand For Field Day At Three Farms

Beef cattle feeding operations on the farms of Chas. Veigel, Ben Brandes and Ben Quebe, of Providence, were seen Friday of last week by upward of 200 Floyd county farmers and business men.

It was field day and representatives of the Extension Service, A. & M. college, aided the feeders in demonstrating the work they have been carrying on. These included D. F. Bredthauer, county agricultural agent, Geo. S. Barnes, Beef Cattle Extension specialist, of A. & M. college of Texas, and R. E. Dickson, manager of the State Experiment station at Spur.

In brief talks at the Veigel feeding barn Barnes told of the success which cattle feeding is beginning to enjoy in Texas and urged the study of feeding cattle as a means to greater profit on Texas live stock farms. Barnes has been watching with interest the operations of the 3 farms visited.

Dickson, who has done a great deal of experimenting with cattle feeding at the Spur station, in recent years has been giving much time to the study of water conservation and to the production of grass on live stock farms. How the production of grass may be stepped up and a larger number of cattle per acre maintained on the average farm was one of the interesting features of his talk. Recent experiments that even irrigated grass plots may prove highly profitable in the irrigation sections of the plains country. The increased importance being given to grasses in the section and the probability that much of Texas land now in cultivation may be found more profitable if returned to grass were two of the interesting side lights of his talk.

Veigel Has Big Herd

Of the 3 farms visited the Veigel operations are on the larger scale. He has approximately 345 head of steers and heifers on feed that are to go to market sometime in the latter part of May or the first of June. His cattle have shown very satisfactory gains to date, it was indicated.

At the Brandes farm the producer has a herd of coming 2 year old steers on feed. Today has good gains and a profitable operation, it appears. He will market in the

latter part of April or possibly in May.

On Quebe's farm, 25 head of the top cattle had already been marketed when the visitors were shown through his feed lots. Other cattle still remaining are showing satisfactory gains and his whole operation appears quite satisfactory to date.

Good Rains Fall

Throughout the northwest portion of the county the rain and snow of the first of the week had left good moisture and the 3 farms visited were no exception. Heavy roads, however, cut the attendance little, if any.

The invitation to view the cattle on feed was broadcast last week through the office of County Agricultural Agent D. F. Bredthauer.

Paul Establishes Churches

Lesson Text:—Acts 14:1-7, 19-23.

Golden Text:—"As a wise master-builder, I laid a foundation; and another buildeth thereon." (1 Cor. 3:10).

And it came to pass in Iconium, that they went both together into the synagogue of the Jews, and so spake, that a great multitude both of the Jews and also of the Greeks believed.

2 But the unbelieving Jews stirred up the Gentiles, and made their minds evil affected against the brethren.

3 Long time therefore abode they speaking boldly in the Lord, which gave testimony unto the word of his grace, and granted signs and wonders to be done by their hands.

4 But the multitude of the city was divided: and part held with the Jews, and part with the apostles.

5 And when there was an assault made both of the Gentiles, and also of the Jews with their rulers, to use them despitefully, and to stone them,

6 They were ware of it, and fled unto Lystra and Derbe, cities of Lycaonia, and unto the region that lieth round about:

7 And there they preached the gospel.

19 And there came thither certain Jews from Antioch and Iconium, who persuaded the people, and having stoned Paul, drew him out of the city, supposing he had been dead.

20 Howbeit, as the disciples stood round about him, he rose up, and came into the city; and the next day he departed with Barnabas to Derbe.

21 And when they had preached the gospel to that city, and had taught many, they returned again to Lystra, and to Iconium, and Antioch.

22 Confirming the souls of the disciples, and exhorting them to continue in the faith, and that we must through much tribulation enter into the kingdom of God.

23 And when they had ordained them elders in every church, and had prayed with fasting, they commended them to the Lord, on whom they believed.

Introduction

The 14th chapter of Acts contains the story of the first missionary journey as it was extended into Asia Minor—the persecution endured and the flight of the missionaries from place to place. They preached in Iconium, Lycaonia, Lystra and Derbe. On their return they established churches until they arrived in Antioch, Syria, to make a report to the church which had sent them. Their report shows that a further step had been taken. As a result of their tour they designated it as opening the door of faith to the Gentiles, which they ascribed to God and not to themselves. Prior to this there had been many converts among the Gentiles; but it seems that they had been, for the most part, among Jewish proselytes to Judaism. But now the converts were largely among the idolaters. The Jews still persecuted the missionaries. It was at Lystra that we see the first great outbreak of persecution.

Silently... AS NATURE MAKES ICE

SERVEL ELECTROLUX THE Gas REFRIGERATOR

- NO MOVING PARTS IN ITS FREEZING SYSTEM
- CONTINUED LOW RUNNING COST
- SAVINGS THAT PAY FOR IT

Save with the refrigerator you hear about but never hear

NATURE does her freezing in utter silence... does it with simple, noiseless efficiency. Among automatic refrigerators, only one can match that silence—Servel Electrolux. For this different refrigerator has no moving parts in its entire freezing system—nothing that can make noise, now or years from now.

Who knows most about Building cars?

Ford has built more than one-third of all the automobiles ever built in the world

THERE are more Ford cars in use today than any other make. And there are more Ford V-8s than any other 8-cylinder car.

The 1939 Ford V-8 represents the broadest experience in building cars any manufacturer ever had. You will find values in it far beyond what any other maker can put into a car at the low Ford price.

Ford performance, traditional for a generation, has reached new heights in the 1939 V-8.

And now Ford style leadership is equally outstanding. "The smartest cars on the road" is the way owners describe their new Fords. Smartest in action. Smartest in appearance. Leaders, as they deserve to be.

- ### Look at these FORD FEATURES
- **STYLE LEADERSHIP**—The luxury car in the low-price field.
 - **V-TYPE 8-CYLINDER ENGINE**—Eight cylinders give smoothness. Small cylinders give economy.
 - **HYDRAULIC BRAKES**—Easy-acting—quick, straight stops.
 - **TRIPLE-CUSHIONED COMFORT**—New flexible roll-edge seat cushions, soft transverse springs, double-acting hydraulic shock absorbers.
 - **STABILIZED CHASSIS**—No front-end bobbing or dipping. Level starts, level stops, level ride.
 - **SCIENTIFIC SOUNDPROOFING**—Noises hushed for quiet ride.
 - **LOW PRICES**—Advertised prices include many items of desirable equipment.

Ray Chapman Married To Alabama Girl Saturday

Miss Margaret Turner Matthews of Tusculum, Alabama, and James Ray Chapman, Floydada, were united in marriage at the First Methodist church in Tusculum Saturday afternoon of last week.

The chosen color scheme of green and white was used throughout the church. The chancel, which was covered in white and festooned with garlands of Southern smilax, held tall wicker baskets of Easter lilies and Woodwardia fern. At the back of these were rows of tapers. Groups of tapers were arranged on each side of the organ in banks of greenery.

The altar rail was covered with smilax and rows of candles placed along. In the center of the altar a white arch was arranged encircled with sprays of asparagus fern and single lilies. Suspended from the arch, under which the couple knelt, were wedding bells, caught with a bow of tulle and on either side were floor baskets with Easter lilies. The aisle through which the couple entered was suitably decorated and pews for the family were marked with bows of tulle.

Rev. W. R. Battle officiated at the ring ceremony. A program of nuptial music preceded the ceremony with Miss Carrie Stanley organist, William Lile Harris, violinist, Miss Elizabeth Walden and Dr. D. D. Cox, soloist.

The bridal party entered to the strains of "The Bridal Chorus" from Lohengrin and for the recessional a march by Mendelssohn was used. During the ceremony "The Flower Song" was played softly.

Miss Florence Monk served as maid of honor and Misses Martha Farr, Jane Moore, Beatrice Hargett and Beverly Farr, served as bridesmaids.

Harold Chapman brother of the bridegroom, served as best man and the groomsmen were Carroll McClung, Oliver Turner, George Carter, Jr., Dee Sherrill, Jr., Jimmie Rutland, Jr., and Jonathan Cunningham.

The bride, who was given in marriage by her brother, Edwin Matthews, Jr., was gowned in white Chantilly lace. Her finger tip veil of illusion was held in place by a wreath of orange blossoms and her bouquet was of white Killarney roses, gardenias and lilies of the valley.

Mrs. Chapman, daughter of Mr. and Mrs. William Edwin Matthews is a graduate of Sheffield high school. She also attended state teachers' college.

The groom, son of Mr. and Mrs. J. W. Chapman, of Floydada, is a graduate of the local high school and later attended Texas Tech at Lubbock. He is now employed in the postal service.

Following the ceremony a reception was held at the home of Mrs. Chapman's grandfather, R. S. Turner, where members of the bridal party and relatives were entertained.

After a wedding trip to New Orleans the couple will return here to make their home this week-end.

NEW DEVICE MEASURES WOOL LENGTH QUICKLY
Measuring the length and crimp of wool fibres, has always been a slow task, and not very accurate. Dr. J. I. Hardy, of the Bureau of Animal Industry, United States Department of Agriculture, has just received a patent on a device to measure quickly the length and the crimp in a single wool fibre, as well as length, or artificial. Length of fibres—and in the case of wool, crimp as well—has much to do with their value. Longer fibres are more valuable for textiles.
Also, in improving the wool breeds of sheep, breeders have long needed of measuring the fibres in a fleece. With fleece records covering several generations, sheep breeders are in ed practical and reliable methods position to find out whether the breeding and feeding program is pointed in the right direction for qualities most needed in textile weaving.
Dr. Hardy's new machine is the latest in a series of mechanical aids for wool laboratories. It is something like the little cloth measuring gadgets on dress goods counters. It will measure wool fibres as short as three-eighths of an inch, accurate to about one hundredth of an inch. One of his earlier patents simplified measurements of the diameter of wool and other fibres. Another made easier the slicing away of thin cross sections for study under the microscope. The government has free use of all Dr. Hardy's patents.

STEWARTS CELEBRATES THIRD YEAR IN FLOYDADA SATURDAY

Stewart's cleaners, owned and operated by Aubrey Stewart, will celebrate their third year in Floydada this week.
Operating upon the "cash and carry" plan for the first two years and giving the people of Floydada lowest cleaning prices on the plains outside of the larger cities, Stewart announced this week that his plant was returning to the "cash and carry" plan after a year's trial of other arrangements.
New low cleaning prices are being announced this week in celebration of this third anniversary.

Wondered

"Where's the car, dad?" asked the son of an absent-minded professor.
"Why, I really don't know," he said scratching his head. "Did I take it out?"
"You certainly did. You drove it downtown this morning."
"Well, now, that is quite remarkable," said the professor. "I remember now that after I got out I turned around to thank the gentleman who had given me the lift and wondered where he had gone!"
Tramp: "Lady, won't you help a poor man that lost his family and all his property in the Florida flood?"
Lady: "Why, you are the same man that lost his family in the Galveston flood and was shell-shocked in the world war."
Tramp: "Ain't it so, lady? I'm the unluckiest guy on the face of the earth."
"I've got a new job an' I can't do yo' washin' no mo'."
"What is it, Mandy?"
"My new job is I can't do work. I've on de relief."

County Judges Confer On North-South Hiway At Silverton Today

County judges and commissioners of Garza, Crosby, Floyd, Briscoe and Armstrong counties are meeting today at Silverton where discussions are being held on the proposal to improve, designate and hard surface the route north and south from Post to Claude. Named Gulf of Pearls

When Columbus discovered Trinidad in 1498 he called the bay on the western side of the island the Gulf of Pearls, because of the gems found in the oysters which had attached themselves to the trunks of the mangrove trees growing along the shore, with their roots in the bay. Columbus believed that when the oysters opened their "mouths" drops of dew from the trees fell into them and that these drops eventually grew into pearls. He hoped it is recorded, to gather enough pearls to make a necklace for Queen Isabella, but moved on from Trinidad before accomplishing his quest.
An inmate of an asylum had been given a hammer and nail. He placed the nail head first against the wall and started hammering. Seeing he was getting no results, he said to his companion:
"The bird who made this nail was crazy. He put the point on the wrong end."
"Oh, no!" replied the other. "You're the one that's crazy—this nail goes in the opposite wall."

Soundly Sleeping

The doctor met Mrs. Brown on the street. "How is your husband?" he asked. "Did you give him the sleeping potion?"
"Yes," she replied. "You told me to give him the amount I could get on a dime, but as I didn't have a dime, I used two nickels, and he's been asleep for two days."

Food Value of White Onion

Analysis of the white variety of onions as obtained by the U. S. department of agriculture shows water 83.26 per cent, protein 2.28 per cent, fat 0.22 per cent, nitrogen-free extract, 10.8 per cent, fiber 0.70 per cent, and ash (mineral matter) 0.68 per cent.
Herman Flohn of New York City was in court for stealing a bathtub to buy liquor. The judge promised Flohn dismissal if he would sit all day with a bottle of whiskey and not drink any. "Anything but that," gasped Flohn—and went to jail.

YES MAN?

The value of being able to say "no" at the right time cannot be overestimated. So many people are content to sit idly by and reply "yes" to all the questions asked them that it is a real pleasure to meet a person who has independence of thought enough to say "no." Anyone can be a "yes-man," but it takes courage to say "no."

There are so many things that a person must rebel against that it becomes increasingly important that school must be the place to develop power of individual opinion. Every teacher urges students to think for themselves and then stand for their convictions to the extent of sometimes submerging their own ideas.

Nations, as well as individuals, have to be able to say no in order that their rights will not be encroached upon. Where would the United States be without the doctrine that James Monroe gave to them in that uncertain period. Would individuals progress if they complied to every demand put upon them by their fellows?

It must be true that "no" is the greatest word in any language and yet, few people make great use of it.

Dougherty Beats F. H. S. Girls

It is conceded that Floydada has one of the best volleyball teams that it has produced in years. The girls are well coached by Miss Reba Copeland and O. K. Davis and have been all-there in every game.

They started the season with lots of material and plenty of practice and reached a new high in the interscholastic league meet by defeating Lockney for that supremacy. With this goal accomplished, the girls aimed at Dougherty for the next mark. On April 2, the ball team, at R. C. A. gym met Dougherty for the county championship. Both teams were in condition and were at their best.

Three games were played, with Dougherty the victor of two, Floydada won the first game, Dougherty winning the others 12-15, 15-4.

The volleyball girls from Floydada who played the entire season were Ruth Kreis, Tommie Ruth Jones, Glenna Holmes, Frances Jo Terrell, Verona Miller, Oletha Strickland, first team; Marie Harrison, Pauline Wood, Jennie Lou Harper, Virginia Yoakum, Ella B. Crabtree and Dovie Donathan, substitutes.

Spring Training Underway Here

The call for all future football players to report to Coach Winter last Monday and some 35 boys reported.

Work on the boys forms in blocking, tackling, and open field running were stressed. Uniforms were issued to the following: Geo. Luder, R. E. Gollightly, Douglas Pitts, Dillon Patterson, Gordon Patterson, Buddy Norman, Emmett Hinson, Raymond Fikes, James Johnson, Frank Jones, E. L. Tyler, Big Foot Turner, Jim Simpson, Weldon Cumbe, Bruce Foster, Norman Goen, J. W. Womack, Jack Dally, Carl Lester Minor and others.

The boys will work out for one month which is all the interscholastic league will allow them. Probably two inter-squad games and one or more extra games will be played, if the boys will really get down and dig and really show what they can do.

Friday and Saturday the district interscholastic league meet will be held in Lubbock to determine the contestants who will represent the district in various contests at the regional meet.

Floydada High school will be represented in many of the events, after winning the county contest. Wayland Hale, Jr., boy declaimer will represent Floydada, and Florence Lloyd, Jr., girl declaimer will also speak at district.

W. C. Boren, extemporaneous speaker for F. H. S. will vie for honors. Dorothy Dell Stovall will represent Floydada in essay writing. This concludes our entrants in the literary events.

In tennis Judson Abernathy, singles champion, will play district. Results of girls doubles with Sterley Edwards and Ella Breed. However, the county contest has not been played yet.

In track, Marvin Jarboe will run the 280 yard run, Jimmie Willson will contest in low and high hurdles, and shot put, Gordon Patterson will enter the mile run and Bill Jackson will high jump.

George Fry Luder, who was to run the dashes, will not be able to enter due to streptococic throat. Baseball teams won county, but there is no district baseball division.

Senior Follies Big Event Now

This year the follies are expected to surpass preceding years for good acting, plots, fast moving drama, and in fact, all the elements that combine to make a colorful play. Each class has selected a well-written entertaining play and the casting will soon be completed.

The seniors have selected a surprise one-act comedy on which they stake high hopes of taking the honors. Not only has the play an expert plot and setting, but the cast is one that is well-typed and hard working. Every scene is acted with fun and frolic and it is guaranteed to split sides and tickle funny bones.

The play, "Swept Clean Off Her Feet," concerns the antics of Ruthie Holliday (Evelyn Groves, Joe Winters (W. C. Boren), Mack Gordon, (Harold Cothorn), Gwendolyn Holliday (Robertyne McIntyre, Doris Holliday (Gloria Hammonds) and John Holliday (Judson Abernathy).

If you don't believe this play has punch listen to a few of the properties: poetry, vacuum sweeper, large lollipop, half dollar, sling-shot, newspaper. No, we can't tell you how they piece into the play. You will have to come to see the Junior-Senior follies, April 21. Watch this column next week for further developments.

Freshmen Follies Cast Named

The Freshmen play for the Fish-Soph Follies is a one act comedy entitled "In May With June." The cast of characters is not definite but the probably players will be, Florene Cates, Josephine Britton, Maudine Moore, Mary Lynn Stanley, Kenneth Burgett, Randolph Rutledge, Aaron Strickland, Wayland Hale and Melvin Ross.

The characters in the play are June Summers—a girl of the farm, Polly Summers—her sixteen year old sister, Elsie Hopkins, a nineteenth-year-old neighbor, Aunt Della Loring, June's maiden aunt, Charlie Wilson, a young farm neighbor, Benny Jenkins a young farm hand, Tim Hawkins, a deputy sheriff, Jimmy Jones, one of the Jones boys.

Sophomore Follies
 The Sophomore play for the Fish-Soph Follies is a one-act comedy: "Bett's Best Bet." Practice is well under way. The cast of characters is Sylvia Sanders—Laverne Handley, Jane Perry, Louise Willson, Dan Perry—Robert Arnold, and Bettison Calhoun, Bruce Foster.

JUNIOR EDITION

Next week is the Junior edition with Jane Clark doing the editing and capable sleuths doing the reporting.

Unless we miss our guess, this will be one of the best papers of the year, so watch for it about Thursday of next week.

Band Enters Plainview Festival

Climaxing weeks of preparation the Floydada High school band competed with fifteen other bands in the Texas Regional Music contest, Thursday, Friday and Saturday, in Plainview.

Solos, ensembles and duets were played Thursday at the city auditorium, First Christian church, Texas and theatre, Agricultural building, and the Presbyterian church. Soloists from the Whirlwind band were Joe Arwine, cornet and Olin Watson, clarinet, Joe and Olin both received a rating in the III division.

A clarinet quartet, composed of Olin Watson, Billy Brown, Kenneth Bishop and Maudene Moore received the highest rating of any entrant, receiving second division.

Joe Arwine, cornet, T. W. Salisbury, trombone, Leeman Norman, cornet, and Mary Frances McRoberts, french horn, rated in third division in a brass quartet.

The brass sextet received a rating of third division. Joe Arwine, cornet, T. W. Salisbury, trombone, W. C. Boren, cornet, Mary Frances McRoberts, french horn, C. W. Denison, bass and Donald Cornelius, baritone, play in the sextet. Dorris Collins and Frances Jo Terrell played an alto saxophone duet and rated in fourth division.

The Aggies plan a regular meeting for Tuesday night. The meeting will be in charge of the eighth grade chapter conducting team which consists of as follows: president, Oran Beck, vice president, Wayland Hale, secretary, Junior Simpson, treasurer, Jim Simpson, reporter, W. T. Elza, Parliamentarian Charles Hartzell, Historian, Tresmon Glover. Watch Dog Aaron Strickland, and the Advisor, W. A. King.

The program committee for Tuesday night consist of Eddie Brown, chairman, John Hollums and W. T. Elza. The eighth grade age boys will have the program. The refreshment committee for this meeting are Aaron Strickland, chairman, Roy Lathern and Edward Smith. These boys will arrange and have charge of the refreshments with the eighth grade boys paying for the refreshments for the chapter.

Chapel

Presiding Elder White, who has been holding a revival meeting at the Methodist church for the past two weeks was the principal speaker in chapel Thursday at the regular chapel hour. Rev. White chose as his subject "Discovering Yourself."

School is the most logical place to become acquainted with oneself but one has to know how to begin the meeting. That was the phase Reverend White spoke on. The student body appreciated this address and hope to have Reverend White to speak on another occasion. Reverend John Eldridge, pastor of the Methodist church was also a chapel hour guest.

For practice for the band festival held Thursday, Friday and Saturday, members of the band gave several numbers. Dorris Collins and Frances Jo Terrell played a saxophone duet and Joe Arwine closed the program with the cornet solo, "Birth of Dawn."

The Glee club sang three numbers to acquaint the audience with some of the contest pieces. Mr. Camp directed the girls in: "Dancing on the Green," Marita and "The Alphabet."

It has been suggested that more band numbers appear on chapel programs. The soloists received such hearty approval that the program arrangers should be impressed. How about several numbers each week?

SEND ENTRIES

The local Future Homemakers sent in their entries for the State Rally last week. The contests the girls entered were The Choral, Amateur Hour, A one act play, the club scrapbook, radio scrip, yearbook, and newspaper articles.

Three girls will enter individual contests in Galveston in May. The local contests were started this week and from these, three girls will be chosen.

Home Ec Dept. Entertains

The Home Economics department entertained the outgoing and the new trustees with a lovely dinner Tuesday night in the dining room of the department.

The table was laid with a white cloth centered with Easter lilies and fern. The room was lighted with tall yellow tapers. The delectable dinner was planned, prepared and served by members of the Foods II class under the direction of Miss Rees.

The service was that of family style with Mr. Cummings acting as host and Mrs. J. M. Willson as hostess. Aileen McIntyre and Mattie Pearl Turner were waitresses. This well arranged dinner was enjoyed by the members of the board of trustees, W. G. Collins, Robert Medlen, Tad Probasco, Mal Jarboe, J. B. Turner, O. P. Rutledge, Mrs. J. M. Willson, and Mrs. George Luder and Superintendent A. D. Cummings, and Secretary J. B. Houston.

After the dinner, the group met in a business meeting in the teachers room which had been arranged by Miss Fouts and her clothing students. Spring flowers were used through the department.

VISIT LUBBOCK

Miss Grace Cade, F. H. S. English teacher and Miss Jane Hughes, Language arts teacher at Andrews Ward school made a visit to the Lubbock and Senior High school systems Thursday of last week.

Miss Cade said the trip was made for the purpose of getting new ideas that would be instrumental in improving our own English departments.

When they first arrived Miss Cade and Miss Hughes attended the assembly. During the day they attended five classes in Literature and Grammar at the senior high school. Miss Cade was favorably impressed with the methods and courtesy of the Lubbock system in each class. Most of the classes are even smaller, thus giving the teacher and students the advantages of knowing each other.

Miss Cade visited Miss Dorothy Lomas, supervisor of English in the junior and senior high schools for a period. Another conference was with Mr. Powers, dean of boys at the senior high school and one of three schools of the student council. Mr. Powers highly recommended the student council for the school and was enthusiastic in high school in his explanation.

The interesting experimental work in English were the high lights of the visit. One class, only seniors with excellent grades, may attend. This class does not study grammar extensively; it is concerned with and enriched course of reading, where the students become acquainted with the literary classics and devote themselves purely to advanced reading. Another class uses recordings for the study of Shake-

Writing fluids, Hesperian.

peare. A special interpreter explains the speeches as the work progresses.
 So you see that a lot can be learned from such well-managed school systems. Our teachers gained new ideas by this visit by which the student body will benefit.

SELL ICE CREAM

The F. H. T. club is favoring the students of Floydada High school with a treat, by selling ice cream at noon. Thus for the ice cream has been so popular that the girls have sold out before the demands for more cream has been satisfied.

The money made from the cream is all profit, since the girls are furnishing the ingredients for the cream, which is made in the new refrigerator.

Funeral Tuesday Marks Passing of Pink L. Parrish

Former Crosby Judge, Senator, Mayor Of Lubbock, Victim Of Pneumonia

Pink L. Parrish, former county judge of Crosby county, former state senator from the 30th district, died of double pneumonia Monday morning following amputation of his right leg Friday, and funeral rites were conducted Tuesday afternoon at 3 o'clock at the First Methodist church in Lubbock.

One-time mayor of Lubbock, Mr. Parrish was born August 13, 1881, in Lamar county, Texas. He came to the south plains of Texas from Jack county 38 years ago.

Dr. W. M. Pearce, pastor of Pampa First Methodist church and former presiding elder of Lubbock district, was assisted in officiating at the funeral rites by Dr. L. N. Lipscomb, pastor of the First Methodist church at Lubbock, and Rev. Floyd Dawson, pastor of the Four Square church. Burial rites were in charge of the Yellowhouse Lodge, A. F. & A. M. Mr. Parrish was a 32nd degree mason and was past potentate of the Klappa Shrine temple. Active of the Klappa Shrine temple. Active of the Klappa Shrine temple. Active of the Klappa Shrine temple.

Mr. Parrish stood an amputation of his right leg on Friday night by diabetic gangrene, but succumbed following an onset of double pneumonia which developed Sunday night. His left leg had been amputated 4 years previously.

Crosby County Cowboy

His first few years in this area Mr. Parrish spent as a cowboy in Crosby county. Then he taught school in Crosby, Floyd and Hockley counties. He was county judge of Crosby county from 1909 to 1919, and from 1921 to 1923. In 1926 he was elected mayor of the City of Lubbock after moving there and after one term was elected senator from the 30th Senatorial district. For several years he was a member of the state democratic executive committee.

He ran for Congressman-at-large in 1932, and was defeated in the run-off by George Terrell, Cherokee county. His last entrance into politics was in 1938, when he ran unsuccessfully for mayor of Lubbock.

He was a candidate for the Senate again in September, 1935, running second behind the present senator, G. H. Nelson. The 1935 race was made in a special election called by Governor Allred following the death of Senator Arthur P. Duggan of Littlefield, who defeated Senator Parrish as senator three years before when the latter ran for Congress-at-large. There was no run-off in the special election, since the law provides for no run-off in special balloting.

Was Prominent Figure

A hearty, robust man with a gift for speech, he was a familiar figure at public gatherings in Lubbock. He spoke at numerous gatherings even after amputation of his left leg.

Former manager of the Lubbock Abstract company, Mr. Parrish was active in the real estate business.

He was a member of the Elks, Independent Order of Odd Fellows, Knight of Pythias, Lubbock Kiwanis club, and the First Methodist church.

Survivors include his wife, the former Miss Bessie English to whom he was married in 1905; five sons and daughters, Sterling J. Parrish of Big Spring, employed by the comptroller's office, Mrs. Jake Stanton of Vancouver, Wash., Welton Parrish of Los Angeles, Mary Estle Parrish and Pink L. Parrish, Jr., of Lubbock; two brothers, Sterling Parrish of Grass Valley, Calif., and Jake Parrish of Jacksonville, one grandchild, Edward Parrish Stanton.

STOKES SNYDER VICTIM OF A COLLISION; BURIED AT CROSBYTON SUNDAY

Funeral rites for Stokes Snyder, 28, of Hobbs, New Mexico, were held at the Baptist church at Crosbyton Sunday afternoon. He died at Hobbs Saturday at noon of concussion of the brain following an accident. He was run over by a taxicab as he and his wife were walking home from work, Mrs. Snyder was slightly injured.

The deceased was the son-in-law of W. M. Day formerly of Floyd county but now of Ralls. Miss Bessie Day and Mr. Snyder were married 2 years ago this month and had made their home at Lubbock until the past 3 weeks when he accepted a position as bookkeeper for a firm at Hobbs. Parents of the deceased reside five miles north of Crosbyton.

Edwin Brazier of the Harmon Funeral Home brought the body to Crosbyton Saturday. The A. A. Hatchell Funeral Home at Crosbyton was in charge of burial arrangements and interment was made in the Crosbyton cemetery.

Those who attended the funeral from Floydada were Mr. and Mrs. Otis Murray and their nephew Riley Jones, Mrs. S. E. Duncan, Mrs. A. B. Duncan and Mrs. W. W. Smith and children of the McCoy community.

Mr. and Mrs. Denzil Probasco of Lubbock spent the week-end with his parents, Mr. and Mrs. Frank Probasco.

Born to Mr. and Mrs. J. F. Cantrell, city, April 3, a daughter.

Pink L. Parrish, former county judge of Crosby county, former state senator and for years a leading spirit in south plains civic and political affairs, died Monday at his Lubbock home, Pioneers from many counties attended the last rites held Tuesday in Lubbock, where interment was made.

LOCAL BAPTISTS CONDUCT STUDY AT LOCKNEY CHURCH

Mrs. Vernon Shaw and Mrs. G. A. Linder spent Monday in Lockney where they attended an all day meeting of the Woman's Missionary society of the Baptist church.

The day was spent in method study of the W. M. U. work. Mrs. Linder, taught a study on "Things We Should Know," and Mrs. Shaw spoke on the Young Peoples work. Mrs. Shaw is young people's leader of district nine. The president of the Lockney W. M. S. gave the devotional and a small boys quartet gave several numbers in addition to the studies taught. Lunch was served at noon at the church.

BAPTIST W. M. S. MET IN CIRCLE MEETINGS MONDAY

Circle meetings were held for the Baptist Woman's Missionary society at the church Monday afternoon.

Mrs. E. L. Norman taught the lesson from the Mission study book. This lesson completed the course.

Mrs. I. W. Hicks was the leader of a Bible study for the Bernice Neil and Blanche Groves circles.

METHODIST W. M. S. HAS PEACE PROGRAM MONDAY

Methodist Woman's Missionary society enjoyed an interesting program on "World Peace," at the church Monday afternoon.

The topic of discussion was, "America Contradicts Herself," Mrs. J. M. Willson and Mrs. L. G. Mathews gave the discussions. Mrs. John L. West had charge of the devotion.

The society will enjoy a social next Monday afternoon at the home of Mrs. B. P. Woody with Miss Lillie Solomon as co-hostess.

DELEGATES ATTEND ANNUAL CONFERENCE AT PAMPA

Delegates from this district are in attendance at the annual conference of the Ladies' Missionary societies of the north west Texas conference in session at Pampa.

The meeting opened Tuesday and will close today.

Miss Lillie Solomon was the elected delegate from the local Methodist church who is attending. Mrs. E. C. Hayden of Campbell and Mrs. Malcolm McNeill of Fairview are among others who are delegates from the Plainview zone. The delegates are expected home Friday.

SOUTH SIDE BAPTIST

Monday at 2:30 ladies of the South Side Baptist church will meet at the church for a Bible study.

The lesson will be on Exodus 29 and Deut. 17-18 chapters.

As A Farm Woman Thinks

It was good to go to church and Sunday school again Sunday. There has been so many things to keep one away this year. On account of the work being done on the Methodist church building services were held with the Baptist church.

Three churches stand near the highway at Cone, pointing to the world that go hurrying by on rubber tires, that the Lord still has his day in the rural districts. Rural churches fill the vital need in the lives of farmers and it is sad to learn that many buildings are left to decay and fall down in the country districts.

Some thoughts at church... How loyal Mr. Ray Reed is. How kind his voice as he supervises the Sunday school. We love to hear Brother Lamb begin a prayer, "Our Kind and loving father." It seems to bring us so near Divine help.

As Brother Wiley began his message, I thought of the strength christian people get from contact with God. Saturday Brother Wiley's house and contents were only a pile of white ashes and slumbering coals as he was called away from the services at Cone.

"Oh, when the messenger comes with messages of sorrow, and of reverses," he said, "I have tried to look up to God and say, Blessed Be The Name of God."

Friends can help them replace the furniture and fixtures but oh, they can never replace the pictures of the children when they were young. The quilts or handwork of mother or grandmother's work-worn fingers. Tiny stitches made in the hours of leisure.

Of course they will have the memory of their burned keepsakes in their hearts and minds but we like to see our treasures. Curl the tiny ringlets of our first baby's hair around our fingers, smooth out the plait of dark brown hair, take up the long white baby dress, hold it to our hearts. We like to wash the teapot that mother treasured, and gave to us, love to open the album and go back happily to days long past. No, we cannot replace many things that are ashes now.

Now that I have packages of seed with gay colored pictures, plants I have bought, or friends have gladly given, I do not know where to put them. I go from flower bed to flower bed, wondering where I will be able to get everything placed. I want too many kinds of flowers, I know.

There was almost an old time reunion in Floydada Saturday night. We met Mrs. Swaffor, her sister Mrs. Walden and daughter, Mrs. Lincoln, Walter Newell, Mrs. Ferguson and there was her daughter, Mrs. Annie Perce with her husband and son Oscar. Many years I have known Annie and Roy. Was glad to see their nice looking son. He is straight and slim as a pine tree.

Have learned a grand, new dish called "spaghetti surprise." Brown 2 cups chopped onions, add 2 cups chopped weiners in bacon grease, add cooked spaghetti and pour into baking dish. Sprinkle top with grated cheese and bread crumbs. Brown in the oven.

A young gentleman by the name of Jerry Don, is very fine looking, I

am told he arrived at Cone and may be seen and admired by friends calling at the home of Mr. and Mrs. Boe Diggs.

When I returned from church yesterday I had a nice Easter surprise. My sister and husband and son, Mr. and Mrs. Henry Tubbs and Jimmie brought my mother and aunt Sadie. And who did I find in the kitchen behind the door but my dear, sweet aunt Ella, my father's sister?

Dinner was on the table (I was so glad I had made a couple of pies, left lightbread to rise and a cured ham ready to fry). No use telling you dear readers how much love and pleasant association were in our home. You have all had this beautiful experience, I hope.

The world has longed for magic, and it seems that in a tiny white pill the world's wishes have been gratified. Dissolving in the bloodstream, breaking down the hard covering of "germs" as we say, so that the white corpuscles can win the battle of dreaded pneumonia and other ills. These white pills are indeed wonderful.

Mrs. Edna Shelnett, knowing my love for poetry, kindly gave me two poems one, of which I am printing. It is so different from anything I have ever read and is written by Norman I. Schiller.

To An Old Shoe

You are only a shabby worn out shoe, But how I hate to part with you! Though you were narrow in your

prime You broadened out with passing time. I still recall when you were new, You pinched my feet—and I cursed you.

But now as you approach your end, I feel you have become my friend; For while you are no longer neat, You are mighty comfy on my feet. For one thing you deserve renown; You kicked no man when he was down;

Nor even with a tyrant's zeal, Crushed e'en a worm beneath your heel. But though your virtues I extol, I'm through with you—you have no sole.

MRS. TAYLOR ATTENDS REUNION AT STAMFORD

Mrs. Fred Taylor was among the ex-students of Stamford college who attended a reunion held there last week-end. She attended the college for four years. The college burned in 1909 and was not rebuilt but ex-students still hold their reunions.

Mrs. Taylor visited in the home of Otto Smith, a former Floydada resident.

Black Buffs Lay For Roaring Springs Club

Not daunted by their defeat Sunday at the hands of the Quitaque Black Panthers the Floydada Black Buffs plan to repel the invasion of the Roaring Springs Black Buffs Sunday afternoon on the local diamond.

The Roaring Springs Frogs are reported to be in fine fettle and are bent on swamping the Buffs in the first inning and then coasting the remaining eight. The Buffs have other ideas.

The Panthers found that the Floydada boys were without a pitcher and immediately fell to work with their sticks and belted the Buffs practically out of the park. The

Panthers brought along some experienced hecklers that wrecked the morale of the Buffs, the pitcher's in particular.

The Buffs, prespiring for revenge upon any team for their first defeat, plan to give the fans the best ball game of the season on Sunday afternoon. Everyone is invited.

Mrs. H. H. Krantz, son and daughter, have returned to their home at Sunset, after spending several days with Mrs. Krantz' mother, Mrs. V. P. Switzer, who has been ill with pneumonia. Mrs. Switzer is much improved.

James Badgett of Dumas was home over the week-end on a visit with his parents, Mr. and Mrs. D. R. Badgett. He is teacher in the Dumas schools.

DEAR NEIGHBOR—

Have you ever seen "INVISIBLE HALF-SOLING"? If you haven't, why not drop in and let me show you how your old shoes can be made to look like new!

The method I use for half-soling shoes leaves no ridge where the half-sole is joined to the shoe and it doesn't cost you any more to have your shoes repaired this way.

You will like "INVISIBLE HALF-SOLING" because of its neat appearance, and, more important still, because it saves you money.

Let me explain to you the difference in various grades of leather—I have a grade to fit any purse and a money back guarantee, if you are not satisfied.

Pay me a visit and bring this letter with you to get a special combination price of 10c for a pair of laces and a perfect shine with each repair job.

OSCAR FULKERSON FOUND DEAD OF GUNSHOT WOUNDS

Editors note: The following is a clipping found in the Quannah Tribune and brought to the office for publication by Mrs. W. U. Riggie, cousin of the deceased.)

QUANAH, Texas, March 13.—Oscar Fulkerson, 49, cashier of the First National bank at Quannah, was found fatally shot through the heart a half mile northeast of here tonight at 8:50 o'clock.

The body was found by Jack Brazil, auto salesman and Maurice Taylor, bank employee, after friends had become worried over Fulkerson's absence. A doctor said he had been dead about three hours.

Justice of the peace, Joe A. Prickett returned a verdict of death from self-inflicted gunshot wounds. A .38 calibre pistol was beside the body, which was discovered near the oil storage tanks south of the oil mill.

Fulkerson left the bank about 3 o'clock Monday afternoon, two hours earlier than was customary and a search was instituted several hours later when he did not arrive home. Fulkerson had lived here since 1919.

A Federal bank examiner had been examining the bank Monday but bank officials said that accounts were all in order.

Survivors are the widow; two daughters, Mrs. Hunter A. Bryant, Lubbock; Mary Jean, 12, Quannah, 4 brothers, Cecil, Plainview; Arch, Matador; Nolan, Brady; Connie, Matador and his father D. A. Fulkerson of Matador.

CHEVROLET SERVICE PROGRAM

DETROIT, April 7. — More than 75 per cent of Chevrolet dealers are not cooperating actively in the program established by the factory to back up with expert service every Chevrolet car and truck sold. The announcement was made here this week by Ed Hedner, national service and mechanical manager.

Chevrolet, Hedner said, has developed a continuous year-round activity designed to keep service managers and their mechanics up to the minute on all phases of their work. The basis of the system is the Service Managers' clubs, of which there are 235 in the United States. These meet monthly, drawing their attendance from the dealerships in their respective areas. The material studied at the Service Managers' club meetings is furnished by the Service and Mechanical Department in Detroit, one division of which devotes full time to supervision of this work.

T. S. C. W. STUDENTS HOME

New Church Dedicated In Solemn Ceremonies

Easter Sunday Of 1939 Historical Date In History Of Local Religious Organization

Formal dedication of the new church home of the First Christian church congregation was made Sunday afternoon on a beautiful Easter day that will be remembered long by members of that congregation.

Rev. W. P. Jennings, of Plainview, preached the dedication sermon, "The Church, It's Glory and Power," following the presentation of the keys of the building by Marvin English on behalf of the architects and builders, and their acceptance by J. C. Wester, chairman of the building committee.

Visiting churchmen and dignitaries included Judge E. L. Pitts, of Lubbock, prominent as a lay member, Rev. Joe Frederick of Spur.

Patrick Henry, secretary of the Texas State Christian Missionary society, led the congregation in the reading of the formal dedication, Gordon G. Voight, minister of the church, presided at the service and spoke briefly as pastor of the church.

The day began for the congregation with a sunrise prayer service in their new home and, following the usual Sunday school study, the Easter sermon was preached by the pastor.

The evening services included a young people's meeting at 7 o'clock.

"If" For Girls

If you can hear the whispering about you, And never yield to deal in whispers, too;

If you can bravely smile when loved ones doubt you, And never doubt, in turn, what loved ones do;

If you can keep a sweet and gentle spirit In spite of fame or fortune, rank or place, And through you win your goal or only hear it,

Can win with poise or lose with equal grace;

If you can meet with unbelief, believing, And hallow in your heart a simple Creed,

If you can meet deception undecieving, And learn to look to God for all you need;

If you can be what girls should be to their mothers; Chums in joy and comrades in distress,

And be unto others as you'd have the others Be unto you—no more, and yet no less;

If you can keep within your heart the power To say that firm, unconquerable "No";

If you can brave a present shadowed hour, Rather than yield to build a future woe;

If you can love, yet not let loving master, But keep yourself within your own self's clasp,

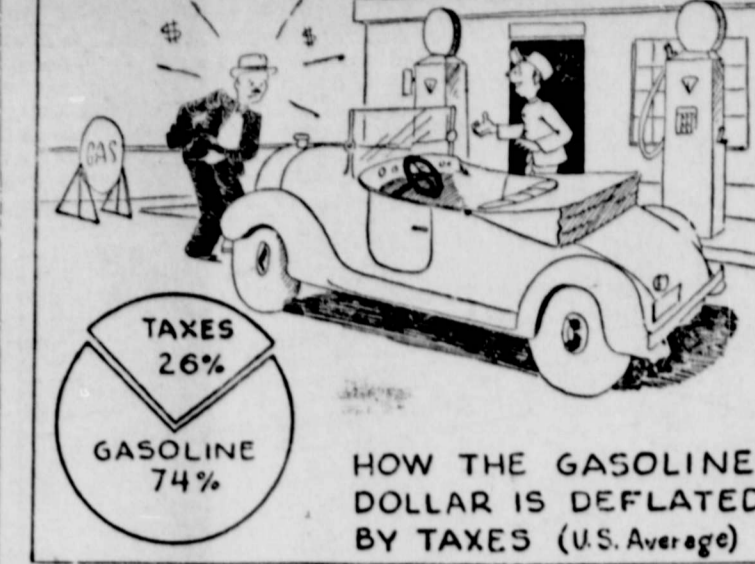

And not let dreaming lead you to disaster,

If you can lock your heart on confidence, Nor ever needlessly in turn confide; If you can put behind you all pretenses

Of mock humility or foolish pride; If you can keep the simple, honest virtue

Of walking right—then have no fear That anything in all the world can hurt you— And—what is more—you'll be a woman, dear.

Taxes add one-third to the cost of gasoline, according to a survey made by the American Association of State Highway officials. When the average motorist spends \$1 for gasoline he gets only 74¢ worth, the service station man has to hand the other 26¢ to the tax collectors.

Moisture Is Limited In Portions Of Area

In all sections of the county from approximately Floydada north rain and snow last week and this have been ample for all immediate needs of wheat and row crop land preparation, reports indicate. In the south portion of the county the fall was limited but few reports indicate lack of enough moisture to start spring planting when the ground warms up. Wheat in these sections looks good but should have more moisture soon. County Agent D. F. Bredthauer said. Much of the early wheat has 1 and 2 joints.

Although the temperature dropped last Friday to 27 degrees and again Wednesday of this week to 29, examinations of fruit trees indicate that apparently not much damage was done to early fruit.

At Floydada the rain gauge indicated 1.12 inches of moisture last week and Monday of this week. However, snow and hail are thought to have added considerably to the total fall here.

COUNTY SCHOOLS RECEIVE \$2 PER CAPITA THURSDAY

The first half of the 1938-39 state per capita apportionments was completed Thursday when \$2 per capita, a total of \$2,540, was received by the county superintendents office.

The state apportionment is set at \$22 per capita and this \$2 payment amounted to \$11 per capita received this year.

The Disappearing Act

For two hours he had been a pest of the party. His imitations were terrible, ranging from George Arliss to a humming bird.

In the far corner had been sitting the man with the screwed up face. "What would you like to see me imitate now?" asked the bore.

The man moved and spoke: "How about a ground hog that's seen its shadow?"

Enough on Hand

Head grocer (making up the wholesale order for the week): "John do we require any new laid eggs?"

Assistant: "No, sir. We have enough in the storeroom for another six weeks."

Tactful Husband

Wife: "Dearest, what do you think of this cake? I baked it all by myself!"

Hubby: "Darling, it must be much nicer than it tastes."

See if It Isn't

Tourist: "Is it far to the next town?"

Native: "Well, it seems farther than it is, but you'll find out it ain't."

Naturally

"Blinks, dear fellow, isn't it about time you repaid me that little loan?"

"My dear boy, it isn't a question of time, but money!"

Experienced

"Well, Old Man, congratulations on the addition to your family. I suppose you're going to pass out the cigars."

Father (of five): "No, I'm going to pass the hat."

Turn About

Judge: "You will not be permitted to drive a car for two years. You're a danger to pedestrians."

Defendant: "But, sir, my living depends on it."

Judge: "So does theirs."

Knew Lawyers

Lawyer: "I'll take hold of your case for \$50."

Client: "And how much to let go if you win it?"

Poor Substitute

Dad: "Now wasn't that a nice ride on my knee son?"

Son: "Yeah, but I'd lots rather ride a real donkey."

Good Investment

Business man (who had got on in life): "Yes, when I first came to New York I had only a dollar in my pocket with which to make a start."

Interviewer: "How did you invest that dollar?"

Business man: "Used it to pay for a telegram home for more money."

Scant Choice

Aunt Kate: "When I was younger, I could have married any man I pleased."

Little Junior: "Didn't you please anybody, Aunt Kate?"

NOTICE

A \$25 fine is set by a city ordinance for dumping trash and rubbish in the city limits. Special attention is called to the unthoughtfulness of citizens who are using what is known as the "flats" for dumping trash. gite

Half Minute Interviews

R. L. Powell: "Yes, we will start planting some feed as soon as the ground dries up."

Mrs. Roland Preston of Electra, and Miss Emma Louise Smith, student at Baylor university, Waco, visited here Friday to Sunday with Dr. and Mrs. L. V. Smith.

Mr. and Mrs. Dick Fenner, of Hobbs, New Mexico, accompanied by Mrs. Floyd Simpson and children, of Eunice, New Mexico, arrived Sunday for a visit with their parents, Mr. and Mrs. C. P. Looper.

Mr. and Mrs. Fenner remained over to attend the funeral of Paul Conner Monday afternoon and Mrs. Simpson will remain for an indefinite visit.

Mrs. R. G. Lewis and sons Nall and Levi, his wife and daughter of Vernon came Saturday for a week-end visit with Mr. and Mrs. D. W. Burke and Mr. and Mrs. R. J. Weems. They are former residents of Floyd county.

Why Ma!

Willie (at the zoo): "Gee, Ma, that monkey looks something like daddy, doesn't he?"

Mother: "Why, Willie, aren't you ashamed of yourself?"

Willie (chuckling): "Aw, that monk can't understand what I say, Ma."

Round and Round

"What's your design for living?" "A circle."

"What do you mean, a circle?" "Oh, I make it my business to get around."

A sailor had just shown a lady over the ship. In thanking him she said: "I am sorry to see by the rules that tips are forbidden on your ship."

Judge-Well, here you are again, Charlie.

Charlie Shaw-Yassah, Boss, ah's back afo agin, but this time I has a cause.

Judge-Well, what is it, Charlie? Chas-Judge, what would you do if someone steal you wife?

I'd cut her company, Charlie, and let it go at that.

Chas-Dat's jes' what ah did, judge-and ah cut him dead!

"Henry," puffed the fat old lady plaintively as her husband failed to assist her onto the street car, "you ain't as gallant as when I was a gal."

"I know, toots," puffed back Henry. "But you ain't as bouyant as when I was a boy."

"What did your wife say when you came home soused last night?" "She didn't say a word. And I was going to have these two teeth taken out anyhow."

A travelling salesman received this telegram: "Twins arrived to-night—more by mail." The salesman immediately wired back: "Over joyed regarding twins (stop) if more arrive by mail refuse them."

Salesman: Did you like that cigar I gave you? For 500 coupons of that brand you get a banjo.

Hugh Ragland: If I smoke 500 of these cigars, I'll need a harp.

He staggered home from a party along about four in the morning, coming to a bridge he halted in the exact center and saw the moon reflected in the water. About that time a policeman came along. He:

"What is that down there in the water?" Policeman: "Why, that's the moon." He: "Well, how did I get up here?"

Customer (pointing to laundry parcel) "Is that my name in Chinese?"

Laundryman (hesitating) "N-no" Customer (curiously) "It is some kind of identification mark, so what is it?"

Laundryman: "Just description. Means little fat round man, flat footed, wears glasses."

"How come you don't like the girls?"
"Oh, they are too biased."
"Biased? What do you mean by that?"
"Why, it's bias this and bias that until I'm flat broke."

Insurance Salesman: "Now that you are married and have the responsibility of a wife you will surely want to take out life insurance."
Bridegroom: "Insurance? Shucks, no. Why she's not the least bit dangerous!"

"Sometimes," confided Mrs. Longwood to her intimate friend, "I think my husband is the patientest, gentlest, best-natured soul that ever lived, and sometimes I think it's just laziness."

"All those who would like to go to heaven," said the Sunday School teacher, "please raise their hands." All did except one.

"Why Johnny," exclaimed the teacher, "wouldn't you like to go to heaven?"
"Now," said Jonny, "not if that bunch is going."

Turn your eyes East, West, North or South, on and on, over what a century ago was once the wilder range of the mustang and the wilder Indian, and number there more than six million of your Texas countrymen, and every Texan may well indulge a patriotic pride in the thought that the growth and the development of the state is the result, in a large measure because of the unselfish labors of the noble fraternity of the press. Just as the genesis of the birth of the Lone Star is linked with Borden's first newspaper at San Felipe de Austin, the course onward and upward of the state is closely identified with the hundreds of newspapers that today serve this fair land. Surely the people owe to the newspaper fraternity a debt that should never be ignored and the Texas Legislature will do well to cooperate with them in their unselfish efforts to maintain their existence and to continue their unparalleled services.—The Castro County News.

A good habit for a young fellow to acquire is that of learning how to admit quickly that he is wrong. When a man is wrong and admits he is wrong, he's all set for a fresh start. The man who defends himself when he occupies a false position is only wasting his time and energy. Trained research men do not make that mistake. "Research teaches a man to admit he is wrong and to be proud of the fact that he does so," says Prof. H. E. Stocher, "rather than try with all his energy to defend an unsound plan because he is afraid that admission of error is a confession of weakness, when, rather, it is a sign of strength."—McLean News.

There are a million empty desks in our elementary schools this year. The 1939 enrollment was 21,300,000; it was 20,000,000 in 1938. If present trends continue, by 1960 there will be 10,000,000 empty desks in schools and colleges. But the army of people over 65 will be 8,000,000 greater than it was in 1939. Our population curve, after 300 years of unprecedented rise is now rapidly leveling off, cutting down the proportion of children and expanding the proportion of old people—a massive, irreversible trend which affects all the western world.—Quannah Tribune-Chief.

As we grow older, we picture boyhood scenes with a romance and dignity that they probably never possessed. Or, do the eyes of boyhood see man and scenes in an abnormal, soft-focus light? If this be true, then it might be well to let the picture remain, and not spoil it by investigating the real facts of the case.—Quannah Tribune-Chief.
