Clean Up Urgent Need, Say Civic Leaders of Community

Campaign To Open Monday, Continue For Week, Is Plan

Blast Of Fire Whistle To Signal Beginning Of Job For Citizens

Clean Up week in Floydada comes Monday, June 5, and continues through Saturday, June 10.

Citizens of every portion of the city are expected to join wholeheartedly in the campaign.

At 9 o'clock Monday morning the fire whistle will blow. This is a signal for every citizen to get busy in the clean up.

Business houses will be urged to close for an hour to make the appeal for a clean up more dramatic.

at a meeting of representatives of various civic organizations in the community Tuesday morning, a meeting in numbers almost equal to a mass meeting.

Urged most insistently by Floydada Garden club the movement was formally launched with the belief that the community should have and can have the most thorough laundering of years.

PLAINVIEW LIONS VISIT TUESDAY CLUB MEETING

Several Lions of the Plainview club Tuesday visited the Floydada club and after the meeting played match golf at Floydada Country club and won 5 and 3. They were Mickey Pool, Jack Payne, M. E. Blakeley, F. L. Proctor, Joe Don Scott, Cecil Witt, W. R. Taegel, Cliff Crowell.

The memorial day talk was made by Hollis Bond at the club. Others appearing on the program were Norma Jean Moore who gave readings and Joe Dick Moore who sang with Sappho Ward as his accompanist. T. W. Quirk presided.

Mary Ella Tarpley Drowning Victim At De Queen, Ark

Mary Ella Tarpley, 17, grand daughter of Mr. and Mrs. R. F. Jackson of this city was drowned Tuesday afternoon at DeQueen, Arkansas.

Word of the tragedy was received by the grandparents here on Tuesday night at 9:30. With her parents, Mr. and Mrs. Edgar Tarpley of Clovis, New Mexico, the young woman was on a vacation trip. She drowned at 2:30 in the afternoon.

Details of Miss Tarpley's death were not known here late yesterday, with members of the family gone to Clovis where funeral rites were due to be held today following shipment of the body there.

Mr. and Mrs. Jackson, Byron Clark, an uncle, and Mrs. Zollie Burnett, a cousin, spent Wednesday in Clovis with the Tarpley family. Mrs. Tarpley, mother of Mary Ella, is the former Eugenia Jackson, who was reared in Floyd county and attended school here. Mr. Tarpley also formerly resided here, and taught in public schools of the county.

Clean-Up Week Proclamation

To the people of the City of Floydada: Aroused by the unsightly accumulation of rubbish and trash, both of combustible and non-combustible nature in streets, alleys and on private property in our city, it has been determined by many citizens of the community, backed by the various civic organizations, that we should have a thorough clean-up week here;

This is a most commendable attitude which the officials of the city regard as a highly desirable one, and to which our every encouragement and aid will be given;

Therefore, be it known that the week of Monday, June 5 to and including Saturday, June 10, shall be known as Clean Up week in Floydada, to which let all good citizens give heed; And as Mayor of the City of Floydada, I here now call on all citizens to join heartily in the campaign for a cleaner city; that you give your own premises a thorough cleaning and that you join in the general effort to make ours a cleaner city and a better place in which to live, and in which to have visitors, whose regard we esteem most highly.

Done this 31st day of May, A. D. 1939.

GLAD SNODGRASS, Mayor, City of Floydada, Texas.

Gainesville Show To Have New Tent Here on July 3-4

Enthusiasm Evident For Forthcoming Visit To Floydada By Circus

Gainesville Community circus will show in a new tent 100 feet by 220 feet in size when they come to Floydada on July 3 and 4. The tent under which the circus opened this spring at Gainesville was destroyed in a windstorm at Ardmore, Oklahoma, last week when they went to that city for a performance.

J. C. Wester, who visited circus officials in Gainesville last weekend, found enthusiasm for the forthcoming visit to Floydada among officials of the amateur organization of Gainesville citizens, more than 110 in number.

In addition to the big top a dog tent 35 by 100 will be used.

Advance arrangements for the visit to Floydada are already under way. Transportation problems are being ironed out, Mr. Wester said. He is commander of McDermott Post, American Legion, under whose auspices the show is to come here.

Arrangements for an intensive newspaper and radio campaign for attendance at the 3 Floydada performances are being made now, with the expectation that thousands will visit this community in the 2-day period.

Performances will be given on the night of July 3 at 8 o'clock p. m., and on July 4 at 2 o'clock in the afternoon and 8 o'clock at night. An advance sale of reserved seats will be held so that any who want to attend can make their plans early and attend the performance which suits their convenience, Wester said.

Due to the fact that the circus performances here are to be put on on non-profit basis, exemption from federal taxes has been issued by W. A. Thomas, internal revenue collector, on application of the local American Legion.

Grand Jury Returns To Work Monday With Full Schedule Ahead

The Floyd county grand jury will return to work Monday morning after a weeks rest, having halted work last Thursday afternoon. They are expected to hear further evidence concerning gas tax evasions in this county and also to hear the stories of three youths charged with criminal assault.

Just what other matters will come up is not definitely known but the prospects are that a great deal of work is yet to be done before the jury halts work for the term. Meanwhile court procedure has been going forward slowly with only two cases coming before the court on Thursday and Friday of last week. However things are due to speed up considerably within the next three weeks. Some officials are looking forward to an extra week of court to work on criminal cases.

Major Tom A. Bay Will Command Gun Practice T. N. G.

Saturday And Sunday Firing Will Be With 37mm Sub-Calibre Guns

Practice fire of the Texas National Guard, Companies A, B, C, and service battery, postponed from last week on account of the death of A. B. Echols, will be held on Saturday and Sunday of this week. It was announced Monday by Lt. Elmore Plemons, range officer.

Warning There will be artillery fire in the west pasture of the Echols ranch northwest of Matador between the hours of 1 p. m. and 7 p. m., Saturday, June 3, and between the hours of 6 a. m. and 6 p. m., on Sunday, June 4. All persons are warned to stay out of this area.

Major Thos. A. Bay, of Plainview, will be commanding officer and 37 millimetre sub-calibre guns mounted on French 75s will be used on a range that will include some 4 sections of the Echols ranch northwest of Matador.

The area was surveyed 10 days ago and the camp site selected near the Echols headquarters. About 100 officers and enlisted men will join in the target practice from:

Battery B, Amarillo; Battery A, Plainview, Battery C, Lubbock; Service battery, Lubbock; and probably headquarters batteries, Wichita Falls and Abilene. Lt. Elmore Plemons, range officer, in Floydada this week issued formal notice in the name of the commanding officer, to the public to stay out of the area included in the range on Saturday and Sunday.

Major Tom A. Bays of Plainview, will be the commanding officer of the 2-day practice. Under his direction will be officers and enlisted men of the first battalion, 131st F. A., including: Captain Thorp, Amarillo, Battery B; Captain McDaniel, Plainview, Battery A; Captain Walton, Battery C, and Captain Griffith, service battery, Lubbock; and probably both officers and enlisted men as well from Abilene and Wichita Falls.

Expected for the range practice are General Whitaker, of San Antonio, brigade commander, T. N. G., Col. Wieler, Austin; Major Mays, Corpus Christi, regimental instructor; Major Bathurst, Austin, brigade instructor, and other officers of the T. N. G. in this area.

Site of the guard practice camp will be immediately west of the headquarters of the Echols ranch, Range officer Plemons said, and the gun practice will take place on grounds west and somewhat northwest of the headquarters.

There will be gun practice Saturday afternoon and all day Sunday. Saturday hours are 1 p. m. to 7 p. m., and Sunday hours from 6 a. m. to 6 p. m., it is announced.

Mrs. J. A. Griffin Buried At Matador

Mrs. J. A. Griffin, 66, a resident of Motley county for the past 30 years died at her home Thursday after a prolonged illness. The body was brought to the Harmon Funeral home where it was prepared for burial that was made in the Matador cemetery Saturday, directed by Homer Sheets, funeral director.

Funeral service was held at the Matador Methodist church by Elder Robert C. Jones, pastor of the Church of Christ at Wichita Falls. He was assisted in the service by local pastors Vaughn and Campbell.

Mrs. Griffin was born in Mississippi September 7, 1872. She moved with her husband to Motley county from Lamar county. Of the seven children born to this union six are now living. They are C. N. Griffin, Los Angeles, California; Mrs. Benjie Wallace, Amarillo; D. C. Griffin, Chirino, Texas; C. C. Griffin, and Mrs. Bob Martin, Matador and Mrs. J. B. Pitts, Floydada. Mrs. Nancy Lee, 90 years of age, mother of the deceased also survives.

Pallbearers were Willard Welch, Jimmie Nelson, Ed Lee, Aubrey Welch, Homer and Jessie Lee. Flower attendants were Pauline Griffin, Mollie, Elsie and Vallie Lee and Ruby Payne Ross. Several from Floydada attended the funeral service.

Pioneers At Emma Recall Early Days

Meeting Tuesday Marked By Presence Of First County Officials

Many old-timers including 3 of the first officers who served Crosby and the 9 counties attached to it, were among those present for the home-coming at Old Emma on Tuesday of this week.

Featured was the service at the Emma cemetery where Frank Jones of Corona, New Mexico, was the principal speaker. The service was preceded by a basket dinner.

Following registration in the forenoon the pioneers and their friends were welcomed by R. L. Travis, and numerous pioneers made talks.

The 3 early-day officers present were M. C. Potter, now of Silverton and J. K. Milwee of Lubbock commissioners, and John Kerlin of Rails, former justice of the peace. About 200 pioneers were present. Those who attended from Floydada were:

Mrs. C. Littlefield, Mrs. Henry Asstler, Mrs. John L. West, R. E. Lynn, Aaron Beck, Mrs. V. A. Leonard, Mrs. Victoria Asher, Mrs. Leona Bell, Mrs. Mattie McPeak, and Mr. and Mrs. J. J. Spikes.

Commissioners Court To Plainview Friday Interest Highway 70

One Of Major Federal Highways To Be Designated As Use For Military Purposes

The Floyd County Commissioners court will go to Plainview tomorrow to attend a meeting called by the Plainview Chamber of Commerce to continue of Highway 70 as a Federal highway.

Judge G. C. Tubbs received a letter from Secretary Pete H. Smith, of Plainview stating that Dr. M. S. Johnson, vice-president of the National Highway association and president of the Lee Highway, would be present at 2 p. m. June 2. Dr. Johnson will discuss locations of major highways for military purposes and it is vitally important that all counties traversed by the Lee Highway, known as U. S. No. 70, have a good representation at this meeting, the message said.

Highway 70 in Texas is from Farwell to Vernon. The places were entered sometime after closing hours Sunday night. Dr. Houghton's offices are in the rear part of the Arwine store.

For several weeks petty thieves have been removing tires, wheels, gas caps, radiator ornaments, and accessories from parked automobiles to further harass the officers. Although officers have kept close watch for the offenders no arrests have yet been made.

Monday the officers were called into the manhole that had the plains in an uproar and were in the thick of the bullet-swapping above Lockney until the state patrolmen ended the battle in a burst of gunfire which took the life of a murder suspect, who had been trapped for several hours in a hay barn.

Yesterday county officers were trying to get settled down to routine business, with the hopes of pulling in the loose ends that have been left and find the solution to the burglaries, auto thefts, and other troubles that have beset the department.

Floyd county which so long has boasted of a clean crime record seems to have suddenly taken a turn for the worse, although officers are confident that the record will soon be back to normal.

Annual 4-H Club Picnic Plans Are Complete County Agent States

Plans for the annual Floyd County 4-H club picnic are complete and everything is ship-shape for the affair, County Agent D. F. Bredthauer said this morning. The date is June 12.

The all-day meeting will begin at 9:30 a. m. at the Lockney auditorium following that will be cattle judging, recreation, chicken dinner, and other events.

The high point men of the dairy cattle judging will make up the Floyd county dairy judging team that will represent this county at the short course which will be held at College Station July 5, 6, and 7. Expenses will be paid for the team on their trip.

AT BANKERS' MEETING

O. M. Watson, vice-president, E. L. Norman, cashier, Mr. and Mrs. E. L. Crow, Tucker Teutsch, and Selma Linder, all of the First National bank, attended the meeting of the Panhandle Bankers' association in Amarillo Tuesday.

Table with 2 columns: Item and Price. Includes Poultry (Turkeys, Hens), Cream (Butterfat), Eggs (per dozen, candled), Hides (No. 1, No. 2), Wheat, Maize, and Topp.

Burglaries, Drunks, Criminal Assault, and Gunfight Mark Week of Crime In County

Entry Made Into Arwine's And Floyd Motor Company Establishments

Floydada officers, both city and county, were sprouting a multitude of grey hair following a hectic week of burglary, assault, drunks, and gun fighting.

The affair began following the old-settlers reunion, although none of the many crimes, petty and otherwise, was caused by their good fellowship get together, when liquor befuddled several celebrators of the younger set necessitating the coming of the law and their subsequent confinement in the "hoosegow."

No sooner had these matters been settled than the attention of the officers was called to the criminal assault of a 16-year-old girl. Three Silverton men were suspected and charged with the crime and confined to jail to await a hearing before the grand jury next week.

Safe Knobs Knocked Arwine Drug company, Dr. W. M. Houghton and Floyd Motor company Monday morning had jobs of safe repairing, after burglars Sunday night had ruined the knobs on all three safes.

Although combinations were ruined on all 3 safe doors the burglars failed to effect entry into any of them. Very little money was obtained from the tills in the Arwine and Floyd Motor company places, and nothing else was missed, the proprietors said.

Facing on the door of the automobile entrance at Floyd Motor company was damaged and also facing on the single door entry there, and 2 panes had been removed from the doors at Arwine's, one in front and one in the rear door. The burglary attempts appeared to be amateurish.

The places were entered sometime after closing hours Sunday night. Dr. Houghton's offices are in the rear part of the Arwine store.

August 17-18 Date For Old Settlers Meet At Rock House

August 17-18 is the date officially set for the Old Settlers meeting which will be held at the Old Rock House. The time was set at a meeting of officers Friday afternoon at 3 o'clock in the office of county superintendent.

With John P. Kerlin, of Rails, president in charge, the following speakers have been invited to appear on the program: Judge R. C. Crane, Sweetwater, Judge Joe A. P. Dickson, Seymour, and Colonel R. P. Smythe, Plainview.

Other officers of the association are W. T. Cannaday, vice president; Jeff Spikes, vice president; Evelyn Smith Lowrie, secretary-treasurer; Bob Smith, business manager.

On August 11-12 last year 700 old settlers registered at the reunion. This years attractions are to be more varied and interesting than ever, Bob Smith said.

Plan Flag Tourney On Meadowbrook Golf Club Course Within Week

Directors of the Meadowbrook Golf club announced Wednesday that they would sponsor a flag tourney with qualifying rounds beginning today and lasting through Wednesday.

Either men or women may qualify and a committee will handicap each individual player, giving the beginner as much chance to win the tourney as a seasoned veteran. Qualifying rounds will consist of 18 holes as will the playing round. The 50 best entry fee will go to buy 10 or more prizes for the winners.

This is the smiling countenance of Bud McCann, who does the Lambeth walk on ten-foot stilts in the Gainesville Community circus coming to Floydada July 3 and 4 for three performances. Bud is one of 41 clowns of which the noted amusement enterprise boasts. The circus comes to Floydada under the auspices of McDermott Post, American Legion. Thousands are due here for the occasion.

Oden Leads League As Softball Season Has 20 Days Left

Other Teams Tangled In Hot Dog Fight For Place Near The Top

With only 20 days of the first half left in this softball season the Oden Chevrolts loom as sure-shots to cop the tag and possibly repeat in the second half.

Although a dog-fight exists in the lower divisions of the bracket the Chevries loom as the best of the lot. With Long John and Cardinal doing the tossing and keeping the opposition from collecting many bingles, and the field gun hitters that dot their line-up the Oden crew looks like a cinch for the first round.

Several other clubs have exceptionally good ballplayers on their clubs but none have an array such as the Oden team boasts. The Triple-C boys and Whites aggregation look good to cause some trouble here and there with Starkey just rated a notch below them. Latta and Hagood are fairly even with the Drygulchers lying easily on the bottom rung.

Just anytime the boys meet there are hot ball games. Sometimes the score mounts and sometimes there are pitchers duels but seldom is there a wide margin between victor and defeated.

The type softball this year seems to be above that played last year and when the Floydada clubs begin to play the visiting teams it stands to reason that they should come out ahead. Last week they picked off Lockney 5 to 3 in a roundhouse affair.

Any ball fan that wants to see hits, runs, errors, pitching and fast base running should come out to the ball park any Monday, Tuesday, Wednesday or Thursday night. At the top rung is well occupied and guarded there is competition aplenty for the other spots and there is always the chance that Oden will slip and take it on the chin...any night.

G. G. Voight Resigns As Pastor Of Church

Gordon G. Voight Sunday resigned as pastor of the First Christian church here and announced to his congregation that he would accept assignment in the organized reserve corps as a district chaplain to serve Citizens Conservation corps camps out of Fort Bliss.

Yesterday he had not been advised of the date he would be expected to report. He expects his assignments to call for duty principally in New Mexico.

Orval Craven, formerly employed by the Poole Drug in Lubbock and resident at one time of Matador, began work this week in the White Drug company pharmacy department, W. U. White an' unced.

Flaming Guns Keep County On Edge Tues

Murder Suspect Is Killed In Gun Battle After Six Hours Siege

Ernest Williams, suspected by West Texas officers of the murder of his ex-wife, Mrs. Bessie Mae Smith at Plainview, Monday night, was shot and killed late Tuesday afternoon on the Pete Hackney place about one and one-half miles northwest of Lockney where he was hiding in a hay field barn.

Mrs. Smith, Williams' former wife, was a former resident of Floyd county residing for several years in the Sand Hill community. She was fatally shot late Monday while working in her garden by a man believed to be Williams. She was shot three times with a 25-20 rifle, the same calibre gun found on Williams following his death.

Officers of several South Plains counties had been searching for Williams during the night and during the day. The barn in which he was hiding had been searched by a party headed by Sheriff Fred Clark during the night. Some of the hay had been moved but no evidence was found to indicate that anyone was hiding there at the time.

The suspect was discovered when Hackney and Joe Rodgers went to the barn to haul away some 150 bales of the hay which had been sold. They said that Williams told them to leave the hay alone. Floyd county officers were then notified.

Soon about 20 Floyd county and Plainview officers, state highway patrolmen, and Texas Rangers were on the scene to close the trap. Hackney was sent by the officers to request Williams to surrender without a fight but the trapped man refused to answer.

Tear gas, and sickening gas was fired into the barn to force Williams out. He answered the gas attack with several shots from his rifle, narrowly missing Sheriff Fred Clark and Highway Patrolman, D. O. Wilkerson.

The officers began to fire into the barn but seemingly without success. Several flares were shot into the hay in hopes of smoking out Williams. (See MURDER SUSPECT, page 10)

Mrs. Moore Funeral Yesterday Afternoon At Lockney Church

Funeral and burial for Mrs. Tom (Melinda Caroline) Moore, pioneer Floyd county resident, were held yesterday afternoon at Lockney to which place the body was brought from Spring Lake late Tuesday.

Mrs. Moore died at the age of 71 at the home of a daughter, Mrs. Lloyd Bent Tuesday morning at 6 o'clock at Spring Lake.

Elder Ernest McCoy of Lockney and Elder Carpenter of Spring Lake officiated at the funeral rites. Interment was made in Lockney cemetery.

Mrs. Moore was a native of Missouri. She moved to Floyd county 36 years ago. She was the mother of 3 children, one of whom Mrs. Claude Thornton, is deceased. A son, Frank, of Washburn, Missouri, and the daughter at Spring Lake survive, as well as several grandchildren.

Oil Companies In Seismograph Tests Hunt Likely Spots

Most likely spots for oil tests in Floyd county (and other counties in this vicinity) are being sought by the oil companies, operating in the southwest. What their activities may forecast or presage is a matter of conjecture only.

Pure Oil company has approximately 10,000 in leases in this county. They lay in a generally rectangular shape northeast and east of Floydada, the northwest corner being about 8 miles north of the city. Humble, which has all the Matador lands in Floyd, Motley and Dickens counties under lease, has an area exceeding ten thousand acres in a block which makes a wide semi-circle north and east of the Humble holdings, extending north of Cedar about 2 miles and back south to include portions of Fairview and Center.

These two companies have seismograph tests under way and the Continental Oil company has gravimeter tests under way also. In Hale to the west, Motley to the east, Briscoe to the north, Crosby to the south, the companies are exploring.

More and more money is being poured into explorations and into leases in this county and neighboring counties, presaging activity in the search for oil.

### PICTURES NEXT WEEK

The Hesperian doesn't have any pictures of the old settlers and their doings this week. But we will have them next week, a sort of a lay out that will tell the story of what happened and how much fun they had.

Perhaps you'll want to send a few copies away from home to inspire interest in next year's fiftieth anniversary which we must make a "big" thing. We suggest you call the office before Monday night and tell us how many copies you want. Doing things like this costs us real money.

Incidentally it costs real money to print a good newspaper any old week, and sometimes we think you just take us for granted instead of feeling like we are entitled to all the reasonable support, good will and good support that you can give.

### THEY ARE JUST THAT WAY!

The Floyd County Pioneer's Re-Union, annual event staged in Floydada, is just what it says it is. Not a Chamber of Commerce affair, not ballyhooed by anybody. No force draft. The old-timers and their friends just get together and have as good a time as they can under whatever circumstances may arise.

Organized in this manner and operated with no intentional profit or loss to anybody, the Floyd County pioneers just go along and see how much fun they can have.

We like the idea. It is proving out. We would like to see the local folks take a bit more interest to see that there are ample seats and plenty of shade and water and a chance for the old-timers to "strut their stuff." There has been some neglect in this respect, we think.

But taken all in all, just to let the old-timers have their annual gathering in their own way, with no forced draft, is the best and happiest way.

A real old-timer can't be anything else if he tried. He is just that way.

### COMING OF THE CIRCUS

All the signs point to the probability that Floydada will see its biggest crowds in recent years when the Gainesville Community circus visits here on July 3 and 4 for three performances.

The idea of having the circus come here on that date—the longest trip away from home it has ever taken—has hit the imagination of the people of the whole plains area and they're going to be here.

A suggestion: Get your reserved seats in advance for the performance you would like best to see. Tickets will be on sale in advance and you won't have to worry about whether you can get in, is the word that goes out from the officials of McDermott Post, sponsors.

### JUNE TENTH ABOUT RIGHT

The first wheat will be harvested somewhere around June tenth in Floyd county, we guess. And our guess is based on what some of the wheat growers tell us.

The wheat yield this year will be as spotted as a zebra's coat, or should we say a leopard's skin. Anyway, the crop will be too sorry to cut in spots, mediocre in other, fair in others, good to excellent in others.

The greatest victory in life is the conquest of worry, the greatest discovery a man can make is how to escape envy and hate.

### OPENING OF LAKE BUFFALO

If you have thought the people of the plains and the panhandle are not crazy about water and more water, the scene on Sunday afternoon at Lake Buffalo west of Canyon would have furnished ample proof.

Not a county in the whole plains area but was represented we venture to declare. And was it a thrill to see speed boats doing 50 miles an hour on a lake in the dust bowl!

What the people believe in is what the government eventually becomes is an age-old axiom. Our representatives must know that the people want water and more water away up on the high plains instead of a way down on the flats of the bayous and the overflowing Brazos river in Texas and Red river in Louisiana.

Thirty thousand people at the opening of Lake Buffalo, a sort of spontaneous outpouring, furnished ample proof Sunday, it seems to us.

### WHO IS WHO IN THIS DEAL?

The old boy who is working himself cross-eyed to keep a little farm or other type of business going these days, bucking a lot of hazards of one kind and another, is beginning to get critical. For months and months the recipients of work relief, and the dole for the unemployed who could not be fitted into jobs, have been becoming a bit more insistent on their "rights" to better grub and more of it, to more of this and more of that.

When the "program" began some years ago it was the intent to make possible a self-respecting way for a man to make a living, and thus arose PWA, WPA, NYA, et cetera, et cetera.

Now the tables are turned and you are expected to apologize for being one of those who don't do anything but help pay the bill.

Ask most any grocer who has had to take a blistering from a "client" with an order from the welfare office. We're gone a long way in the wrong direction in a few years! It's time for the bill payers to tell the "clients" something. Or is this just a figment of imagination.

### 'PAINLESS' EXTRACTION

If you were one among several thousand Texans who in the first three months of 1939 bought a shiny new automobile, you helped to pay a tax bill that exceeded two million four hundred thousand dollars in Texas alone.

Most of this tax was paid as an unspecified part of the price of the automobile. It was represented in the original levies against metal, rubber, leather and glass producers and manufacturers, against cotton and wool growers, cloth manufacturers, railroads, automobile manufacturers and dealers. The whole bill—direct and indirect—came from 206 different and distinct sources involved in the production and distribution of the car you bought.

To arouse tax consciousness and expose hidden taxes to the public gaze is the job set for themselves by an organization that declares 9.4 per cent of the cost of the new car you bought was represented in a tax bill of which you would be otherwise unaware.

Taxes, principally hidden, caused the downfall of such nations as Rome.

Man, at one time, could move his ears in any direction. Underneath the skin are seven muscles which are used for this purpose. The muscles, however, are useless now.

### As A Farm Woman Thinks

(By Nellie Witt Spikes)

There is so much to do I will not have time to write my column. This is to be a home coming at Emma tomorrow, where I grew up. As there will be an old time basket dinner, cakes and pies and chicken will have to be prepared. And I must not forget to make potato salad. No old time gathering would be complete without that. Tonight five or six of my people will spend the night with us and go tomorrow. The house must be cleaned. Isn't it strange our things look very well to us until we see them through visitors eyes?

The wood work is dustier than I thought. I must not put blankets on Nettie's bed as I remember she said even sheets pinned together at the bottom would scratch. I remember Nettie (she is my aunt but younger), and I slept one night on a shuck bed, grandma had so much company that night, the feather bed was taken off. Somehow we did not have a sheet and the Prodigal Son did not get any more tired of the sheets that we did that hot, summer night.

Here in the drawer with the sheets is that Christmas card with letter on the back. I have looked for it ever since the holidays. Where did all this rubbish in this closet come from? What looks sadder than old house shoes? Must stop cleaning and make up my lightbread. I have quit making a batter first. Just make up the dough the first time. Nothing smells better than fresh, home baked lightbread and no other bread brings my husband more pleasure. Wish my hiccoughs would stop. Will try holding a paper bag over my mouth. Yes it worked even if it did look silly.

There are so many things on this dresser. This cream makes me think of the night I came from Floyd homecoming. Never noticed any difference as I spread the wave set on my face and arms. Felt like the lemon cream any way. This brings back some embarrassing and painful moments, or rather homes and days in my childhood. I heard some older girls say that pepper

### FLOYD COUNTY 14 YEARS AGO

How does it look from the old of the Floyd County Hesperian published in Floydada, Texas, 14 years ago.

(Issue of June 4, 1925)

Work on Floyd county's new jail will begin next week, according to J. D. Rushing, superintendent of the Southern Steel company, contractors, who was in Floydada Saturday conferring with County Judge E. C. Nelson, jr.

Sunset consolidated school district will have the largest school building of any rural school in Floyd county when their school program is completed, which will probably be this fall.

The hail that was limited in its scope did some damage to crops four to six miles southeast of Floydada Sunday afternoon. Six crops are reported more or less damaged, at least two of them seriously.

Some idea of the bigness of the plains being laid out for the big barbecue and picnic in Floydada on July 3rd and 4th, being planned by the carnival committee of the McDermott Post, American Legion, can be obtained by the statement that a carload of seasoned wood will be used in the preparation of the barbecue. Seasoned wood is expected to do twice as much cooking as unseasoned mesquite grubs, which are commonly used. The seasoned wood, it is believed, will add to the flavor of the barbecue, too.

Floydada's First Monday Trades Day crowd for June was full of business, although the attendance was almost equal to the attendance of any previous event the crowd was a busy one and carried a mighty brief time.

Poisoning of the black beetle to reduce the damage to this year's cotton crop and aid in exterminating next year's crop of beetles is being urged strongly by J. A. Nickels of the Floydada Cln company, who declares that "business men of Floydada should actively interest themselves in helping the farmer to get rid of the black beetle and save the cotton crop from further damage.

Miss Ruby Norton, graduated from Abilene Christian college and will be employed as English teacher in the Floydada High school next year. Mr. and Mrs. N. W. Williams left the first of this week on a vacation trip during which time they will visit at Memphis, Fort Worth, Dallas and other down-state points. Mr. Williams will return in about two weeks, while Mrs. Williams will spend most of the summer down state.

Mr. and Mrs. L. H. Lewis honored their son, Lawrence, with a birthday dinner Sunday at the ranch home of the family northeast of Floydada. Guests who attended were Misses Virginia and Bettie Lewis, Mable Faulkner, Kate McFall and Florence Green; Messrs. Henry Edwards, Lawrence and Charlie Lewis, Mr. and Mrs. G. B. Bostick and Mr. and Mrs. John Lewis.

sauce was good for bleaching agent. And I was very brown and decided to try it. Without consulting my mother, one morning, I washed it on my arms and neck full strength the rest of the day was spent in walking back and forth to a neighbors where we got our water supply. Only temporarily did the water do any good. Mother skimmed off the thin cream and that gave a little relief. Did I get any whiter? I do not remember caring to see.

Then another time I overheard some girls saying, "Nellie would look better if her eyebrows were not so long and thick." I hurried home and trimmed them real close and my horrified parents wanted to spank me. When I looked in the mirror and saw myself, I cried and would not go anywhere for a good while. That was long before the days when eyebrows could be bought and pasted on. Somehow these two incidents quickened my desire to be beautiful.

But this remembering is not getting the floors mopped. I just must cover these old, ragged books. This picture of a red car in this magazine will do for the first book. The red comes right across the back of the book where it will show. The blue in this woman's dress will come across another. It is so fascinating to cover old books that I can hardly quit. The colors in the pictures in the World's Fair are beautiful for another. (Two world's fairs and I cannot go to either).

I am getting tired, wish I could go sit under the shade of the trees on the big flat rock Mrs. Alma Smith brought me when they went to the Fat Stock show. I would pick up and look at the pink granite rocks that Mr. and Mrs. A. S. Cummings brought me from Galveston that were sent to me by their son Clyde who lives there. I wonder if the rocks are lonesome for the blue waters of the gulf? There is some black tar on them from the bottom of the big ships.

I will put the pretty sea shells they brought me, on one shelf of the book shelf. While I sit at the machine and hem this curtain I will think of the lovely time I had Friday at the pioneer party. I met such interesting and friendly people and saw so many pleasing sights. The parade, the Duncan sisters and their sweet, old time dresses, the Steen twins, as they delivered papers, fresh from the press, the cream-colored horse, lovely old ladies sitting in the shade of green, lacy trees and graciously greeting friends. The day was cool and pleasant and many were there. It is a day to be put away with our memories and the box scented by dried rose petals.

My husband is coming in for dinner and the work is not through. Well folks, this is the reason I cannot write my column this week, there is too much to be done. What would happen if we had time?

### Many Points Of Compass Represented On 49th Birthday Record

Beneath clear blue skies with a cool west breeze blowing and shaded by the luxuriant foliage of the elm, ash and silver maple trees, 462 Floyd county pioneers, in a crowd of approximately 5000 people assembled again to commemorate Floyd county's 49th birthday last Friday. A well rounded program, greetings as only those who have faced, in common, the joys and hardships of pioneer life, together with a memorial service, picnic lunch, parade, pioneer's dance and election of officers comprised the entertainment.

Judge Embrey Foster, of Amarillo, former Floyd county boy made the principal address. He was introduced by Dr. Joe McCollum who mentioned some of the commendable things and accomplishments of the pioneer. Foster accepted the introduction with, "Joe, I don't believe a damn word of it." Continuing he said, "When fellows have as much in common as Joe and I have, you can always expect that kind of introduction."

### Not Running For Office

"Floyd county people are the finest that God's sun ever shone on, and I'm not running for office," Judge Foster said. His speech was wholesome entertainment depicting the early-day struggles of business and political life and pranks of boys now prominent in Floyd county affairs. He concluded his talk with the following statement: "I still think Lockney should have gotten the Court House," adding as an afterthought, "that's one that always gets 'em."

He related how pioneers used to vote early and often on this question which dated back as early as 1802. "If it hadn't been for the war we would still be votin' for the court house," he said.

### New Officers Elected

Joe McCollum of Lockney was elected president of the Floyd County Pioneers for the following year to be aided by A. T. Swepston, vice-president, Maud E. Hollums secretary and the following directors who were re-elected: Olin S. Miller, Olin W. Fry, Mrs. Maude E. Hollums, Roy L. Snodgrass and R. C. Scott.

C. L. Anderson is the retiring president, Joe McCollum, vice-president and Tom W. Deen secretary.

### Winners In Parade

Buck Sams, parade chairman is given credit for one of the best parades in several years. The following list was submitted as winners of prizes: L. H. Randolph, senior cowboy; Mrs. Otho Johnson, senior cowgirl; Adrian West, junior cowboy; Una Fawver, junior cowgirl; Dwight Jackson, best float; Irvin Bennett and Smalley, best clowns; Francis Wester, old buggy; Mr. and Mrs. Marion Day, oldest married couple; Norma Jean Moore, Mrs. Maud Hollums, pioneer child and mother; Mrs. A. T. Swepston, side saddle; George Fawver, largest family; Gule Snodgrass and partner, pioneer exploration.

Prizes that are yet to be awarded for new and old quilts, 1st, Mrs. W. M. McGehee, 2nd, Mrs. E. L. Teague; for school display, Sand Hill school district; best old relic window display, Mrs. Maud E. Hollums; best essay, Oveline McLain. Glances of appreciation were noticed from the faces of the pioneers as James Willson, son of Mr. and Mrs. Jim Willson, gave an original tribute to pioneer women and Mrs. Gertrude Bradford Arnold, of Silverton read an original poem entitled, "87." Mrs. Nellie Witt Spikes told of the preparation of "coming west" as relative to the pioneer woman.

Appropriate songs were rendered by Rev. W. M. Culwell, the Floyd County chorus and the Harmony Choral club.

Square dancing and all the old steps familiar to the pioneers comprised the late afternoon and evening entertainment for the pioneers. A platform was erected on the south side of the court house lawn and the tunes of the fiddlers and rhythm of the dancers' feet were heard until a late hour.

Chairmen of the various committees are to be commended for the day's entertainment which will be recorded as one among the best of reunions. Plans are already under way for next years celebration, the fiftieth anniversary of the county.

Committee chairmen were Mrs. Joe McCollum, entertainment; Byron Clark, registration; Buck Sams, parade; Glad Snodgrass, business manager; R. E. Fry, badge and ticket; Mrs. John L. West memorial; S. W. Ross, dinner; John A. Hollums, seating; Tom McLain, old relics; Mrs. Joe McCollum, history; J. B. Jenkins, cowboy songs; John Fawver, pioneer dance; Judge G. C. Tubbs, speaking; George Fawver, finance; Martin Brown, loud speaking system.

# And the Greatest of These Is Character!

A message to parents and educators on the need of character-forming as a part of every child's training

CHARACTER, Capacity and Capital are the three standards by which business men judge applicants for credit. And Character comes first!

For, a man may have Capital—plenty of money. He may have Capacity—the ability to earn money. But without Character—the willingness to pay promptly according to agreement—his promises are worthless. The man with Character can be depended upon to keep his promises and meet his obligations.

Character is a child's heritage, strengthened by the example of the parent and the precept of the teacher during the early years—the formative period.

Character is honor—a high sense of personal responsibility and respect for one's obligations. And every child has the right to be trained in the tenets of honesty and fairness in meeting his obligations. Otherwise his education is incomplete—his chance for success impaired!

Set the example:

Use your credit freely and pay all bills by the 10th or promptly as agreed

**FACTS  
 FAVOR  
 FORD**

**1** The 1939 Ford V-8 is a beautiful, modern motor car. Its 85-horsepower engine gives you economical, well-balanced performance over the entire speed range — and the 60-horsepower engine is even more economical.

**2** The structural strength of the Ford car — frame, bracing, axles, body — makes not only for safety, but durability and long life.

**3** Ford hydraulic brakes are exceptionally large and strong in proportion to car weight.

**4** The Ford car is stabilized for comfortable riding. Its springbase, the distance between front and rear suspension, is 123 inches. Seats are toward the center, perfectly balanced. The car does not bob or dip and can have very little sway.

These four points — power, strength, safety, comfort — are by far the most important essentials in any motor car. They form the basic value of your investment.

With this solid foundation to build on, the Ford V-8 has been made beautiful, spacious, easy to drive. It is richly upholstered and has all the modern features which add to the luxury and pleasure of motoring.

You can see these things when you take a trial drive, but do not forget that the main value is in the things you do not readily see — quality of materials, precision of manufacture, fundamental engineering.

**Wonder Spots Aplenty  
 For The Vacationer;  
 Go—Have A Good Time**

Whether you travel by auto, trailer, bus or train is no matter, vacation time is here and the people of the plains country will begin their trips to vacation spots both far and near.

Some plan to see the New York's world fair while others plan to head for the west and "sunny" California where the San Francisco world's fair is in progress. Either of these wonder spots will be worth the trouble to see if the stories that come back are true.

Many who will not go to either of the fairs will head for the various other pleasure spots on the map.

**GET READY

**Vacation**

The towering mountains of Colorado, Nevada, Wyoming, New Mexico the deep mystery of the Grand Canyon, the Painted Desert, the silent Petrified Forest, the blazing Death Valley.

Lower Texas, including San Jacinto, Galveston, Corpus Christi, Houston, San Antonio, the Rio Grande and Big Bend country, will display their wonders to visitors from all over the country.

Old Mexico with its many wonders and strange customs will draw sightseers from these United States. It is customary to feel that the traveler can get three dollars "Mex" for one good American dollar in Old Mexico. Reports are that traveling conditions have been greatly improved within the past year by the Mexican government who feel that tourist trade from the states might help them out financially.

Folks aplenty will take a vacation of only two or three days duration during which time they will either visit friends closely or chase off to some of the spots near here, the Palo Duro canyon, the many artificial lakes that are built, or to the Carlsbad Caverns.

The Rotarians and Lions will likely send delegates to their conventions during July and this will count as a vacation for those attending.

Eastward, westward, northward and southward they will go because vacation time is here... friends will be contacted, new acquaintances made, relatives visited and sights will be seen, pictures taken, and then the homeward trip and the "same old grind" and next vacation time rolls around. Remember to send the "back home" a picture postcard.

There will be a social at the church Friday night. The public is invited.

Mr. and Mrs. G. W. Jones, Floydada were Sunday dinner guests of Mr. and Mrs. Clarence Jones.

Mrs. S. L. Rushing, Lula Teal and Jim Wright attended the opening of Buffalo Dam at Canyon Sunday.

Mrs. T. M. Jones and daughter left Friday for San Antonio where they will join Mr. Jones.

Mrs. F. O. Conner was pleasantly surprised Monday when 12 guests came in to celebrate her birthday.

Mr. and Mrs. Jim Owens have moved from this community. We are sorry to lose these good people and hope they will be satisfied with their new location.

Mrs. W. B. Wells, of Amarillo arrived yesterday for a week-end visit with her parents Rev. and Mrs. G. W. Tubbs, and other relatives.

Charlie Grigsby and sister, Mrs. Carrie Bishop, of Abilene, visited here with their mother, Mrs. J. A. Grigsby, the first of the week.

Henry Graham, of the Sand Hill community is having his place remodeled this week. Walter Gomez is doing the work.

**DAREN'T  
 START  
 DRY**

**E**VEN if this is the camel that holds all records for going-without-more-drink, how long could he last if he had to start dry? Your car and your engine oil can't last either if you keep starting dry this Summer. But how can you help it?

You can't... not with any of these oils that are always in a rush to drain down to the crankcase completely.

You certainly can help it though, by getting your engine OIL-PLATED.

NEVER all down in the crankcase, no matter how long or how often you park your car, OIL-PLATING is lastingly close-knit to every inner engine surface by the action of Conoco Germ Processed oil. Patented Germ Processing creates the strong "power of attraction" that fastens non-detachable OIL-PLATING throughout your engine. Does chrome-plating drain down at a standstill? Neither does OIL-PLATING. Therefore actually in advance of starting, OIL-PLATING is ready to slide every working part into easy motion, without rasping dryness. And since OIL-PLATING doesn't fly off or fry up it helps your engine to shatter the record for going-without-more oil. That's why you want to OIL-PLATE today with Germ Processed oil, at Your Mileage Merchant's Conoco station. Continental Oil Company

## U. S. Royal Proves Great Mileage Tire

Master Product Earns Wide Reputation As Leader In Safety And Wearing Qualities

Designed primarily as a safety tire, the U. S. Royal Master has proven itself to be the greatest mileage tire ever produced by United States Rubber company, according to Dale Strickland, of Panhandle Refining company, local U. S. Tire dealer.

"In the slightly more than three years since U. S. introduced the Royal Master tire," said Mr. Strickland, "it not only has earned a reputation as America's premier safety tire, but it also showed that it had remarkable wearing qualities."

"Three reasons may be cited for this extra mileage. First, the tire has a deeper non-skid tread. Second, the tire's deskidding feature permits the tread to flex while in contact with the road, thus avoiding the scuffing, scraping wear common to many tires. The flexible fingers, which comprise the 'Centipede Grip' of the de-skid tread, is capable of absorbing tremendous punishment before any wear is apparent.

"Third, the tread is made of Tempered Rubber, which has demonstrated its toughness and long-wearing ability on many millions of 'U. S.' tires."

Mrs. Alfred Hutcherson and son, Rafoed, of Memphis, visited from Wednesday until Sunday with her mother, Mrs. J. S. Solomon and other relatives.

Miss Lois Ragland, of the Spur store of C. H. Elliott & Company, is here this week with the Floydada store.

Miss Virginia and Joan Campbell visited their brother Dick Campbell at Plainview from Friday until Wednesday.

## Tourists Will Spend A Billion This Year

Seven million tourists in the United States and Canada will spend an estimated billion dollars in travel this year, it is estimated by Conoco Travel bureau, a tourist aide organization of the Continental Oil company.

The summer of 1939 will see more tourists on the road than any previous year. The two fairs—at New York and San Francisco—will prove to be a magnet pulling more cars out of their home garages than have ever been on the road before.

Conservation travel authorities estimate nearly seven million cars will make the trip to one or the other of the two fairs. These tourists will spend an average of 2 weeks on the road. They will buy meals, lodging, gasoline, oil, cold drinks, tires, souvenirs and gimcracks without reckoning.

There is no way to forecast the total but again travel experts say the sum of one billion dollars is not far out of line.

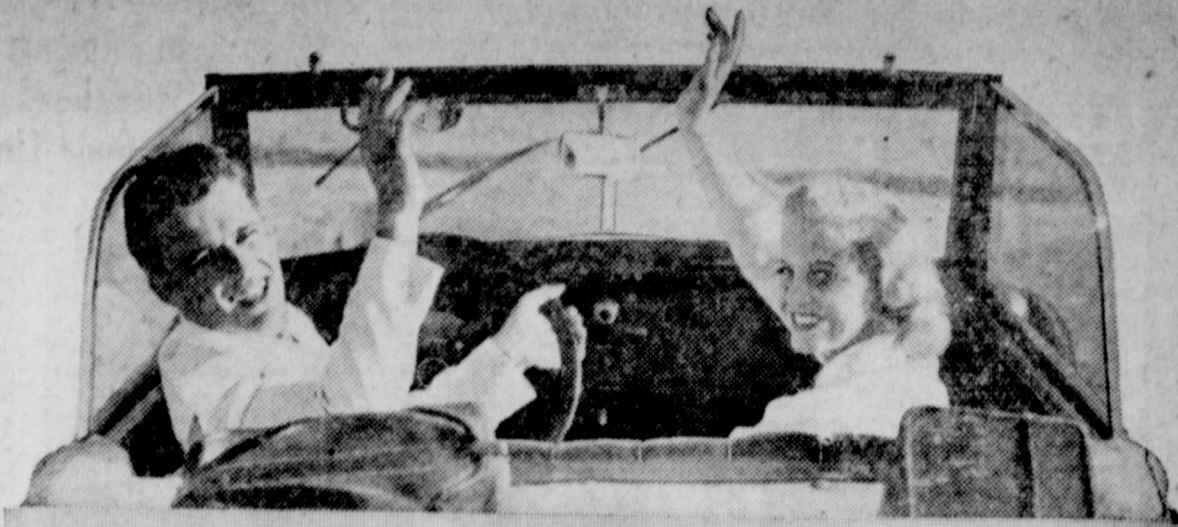

One of the most thoroughly organized tourists' helps is that of the Conoco Travel bureau which annually furnishes travelers with routings and complete information on best roads, accommodations and so forth. "Touraide has been called the tourist's best friend," said R. C. Henry, distributor for Continental

Oil company here this week. "Any person contemplating a trip can, by outlining the general route he wishes to follow, get this special, hand-made Touraide—free of charge. All that is required is merely to ask his neighborhood Mileage Merchant.

"Touraide is a series of flat maps, circlabound, convenient in size either to be handled by the driver or his passengers or lie open on the seat of the car. The first sheet shows the route outlined on a United States map, successive sheets are maps of sections of various states, in large scale, through which the route is laid. A broad bronze line clearly indicates highways along which the traveler plans to drive.

"On the back of each map section is printed information about hotels, tourist camps, places of scenic and historical interest along the route."

Scores of Floyd county people annually make their plans for trips, depending on the Conoco Touraide for best routings, Mr. Henry pointed out. The simplicity of the plan and the ease with which the traveler is afforded the wide information available from Touraide adds much to the pleasure afforded by the unique plan.

## FOR THE MOST VACATION AT THE LEAST COST

**Go in your car!**

Two can ride as cheaply as one... so can the whole family, when you go in your car!

You are not tied down by time-tables. You drive fast or slow. Make as many stops as you like. Take as many side-trips as you want. See both World's Fairs, and all the sights between, at the cost of a single fare.

Phillips offers 4 things to help you start the trip right and to keep it trouble-free and enjoyable:

1. Phillips new 1939 Road Maps with latest touring information are FREE, yours for the asking at any Phillips 66 station.
2. Phillips Bumper-to-Tail Light Greasing Service puts your car into condition for the extra miles you'll pile up.
3. Fresh Phillips 66 Motor Oil in the crankcase will take motor-lubrication worries off your mind.
4. Phillips 66 Poly Gas, which costs nothing extra, gives you extra zip and zing. Delivers the added power units of the scientific POLYMERIZATION process. Offers higher volatility (high test), which is the most accurately matched to monthly weather.

Remember, Phillips 66 Poly Gas is a different gasoline, and millions of motorists have felt that difference. So try a tankful. See if you, too, don't get greater economy and more motoring pleasure with this sensational, self-demonstrating gasoline.

### 85 On Time At McCoy Sunday School Sun.

McCoy June 1: — Sunday school and church services were well attended Sunday despite the threatening weather. There were 85 on time for the service.

There continues to be quite a bit of sickness in the McCoy community. At present those reported ill are Mrs. George Smith, Sammie Lou Copeland, Harry Dale Tardy, and Billy Ray Day.

Mava Myrtle and Lila Jo Smith entertained several of their friends Friday night with a slumber party at the home of their parents. The guests enjoyed games, until a late hour. Present were Anna Lou and Bonita Payne, Marcelle and Jo Ann Curry, Leola Ewing, Bettie Lou Millican, Lonita Cummings and Joy Latham.

Mary Frances Copeland gave a joint birthday party in cowboy style for Wyona Smith and Leslie Ray Copeland at her home Wednesday night. A campfire and lanterns furnished light for the supper consisting of red beans, onions, pickles, corn bread and coffee. Tin cups and tin plates were used for the meal. A large crowd of young people and a number of older ones were present and enjoyed a delightful evening. The honor guests received a number of presents.

A number of people from this community attended the Floyd County Pioneer Day at Floydada Friday.

We have had a number of bad looking clouds and some light showers but at present farmers are needing rain badly.

Fourteen young people from McCoy attended the Mission Study Course held at the Baptist church at Floydada Tuesday.

Mr. and Mrs. Bill Colville and family were here from Friday to Monday last from Dalhart, visiting Mr. Colville's mother, Mrs. W. M. Colville and other relatives.

L. N. Nelson, who has been studying at Denver during the past several months in a pharmaceutical school, returned home the latter part of last week.

# Farm Check Will Start In Mid-June

## Committee Making Plans To Complete Work Without Undue Delay

Checking performance for all farms in Floyd county under the 1939 AAA program will begin about June 15 it was announced this week. The County Agricultural committee is making extensive plans to start and complete this work without undue delay, because of a regulation from the state office requiring that all cotton farms be measured before bolting. In case the farmer has overseeded his 1939 cotton allotment, he may destroy any measured excess acreage provided the blooms from cotton have not shed. Continuing the statement from the committee said: all persons who desire to qualify as farm reporters will attend a training school at Floydada, June 7, at 9 a. m. No reporter will be hired who is under 25 years of age, except in a few cases where such person has had considerable experience and the county committee approves of the employment of such person. Farmers should advise the county office of their readiness to be checked for compliance as soon as they have planted all crops and these crops are up and growing. Each farmer should make a special effort to be with the reporter when he visits the farm, so that the crops may be properly identified, so that tenants crops and renting basis may be properly recorded, and so that all soil building practices and other pertinent information may be made of record by the reporter. The county office has many applications for clerical helpers. Hereafter, all persons who are employed by the county association will be required to pass a standardized examination to make themselves eligible. The first of these examinations will be given June 7, at 2 p. m.

With Buffalo Lake project completed and behind perhaps Floyd county can look forward to the Blanco dam and lake project that Judge Tubbs, the commissioners and other individuals are working so hard for. The Blanco lake would figure to be considerably larger than any of the other lakes built thus far on the plains and some believe that the cost of construction would be less due to the natural formations down there. Uncle Sam does all of the work, building the dam, constructing cabins drainage facilities, buy the land surrounding the lake and etc. The county would be out little cold cash and the folks for miles around could fish, swim, boat, and otherwise enjoy a swell recreation spot. Just think of a big lake, something like 40 feet deep in the deepest part, two miles long, with a shore line considerably longer by almost four times, an island stuck right out in the widest part. And this lake would be only about six miles from Floydada. Such a lake would draw people from Lockney, South Plains, Crosbyton, Rails, Lorenzo, Matador, Plainview and many of the other surrounding towns and communities. Aside from the direct financial help to Floydada there would be the psychological value of keeping the home folks at home and the bringing of visitors and tourists here.

### FUNERAL RITES FOR MRS. GUTHRIE HELD AT MATADOR

The body of Mrs. L. W. Guthrie of Matador was prepared for burial Friday by the Harmon Funeral Home. Mrs. Guthrie died Friday. Death was due to a ruptured appendix. Homer Sheets, funeral director at Matador was in charge of arrangements. The deceased was a resident of the Barton settlement north of Matador. She is survived by her husband, one son and one daughter.

Mr. and Mrs. Virgle Shaw visited in Lubbock the first of the week as guests of his sister, Mrs. John Austin and family.

### As I See It

Bill Hams

Jerry Malin, the Amarillo Daily News sports hound, has suggested that Floydada haul off and help Amarillo have a "Wimpy Day" in honor of Donald "Wimpy" Thomas who recently won his seventh game for the Gold Sox.

The fans hereabouts and Floydada boosters are taking to the idea like heat wave victims to a swimming pool...and it is a good idea too. Probably 15 or more autos could make the trip some Sunday to Amarillo to boost Wimpy over the hard spots and herald the big celebration here June 3 and 4.

The "day" would be celebrated, of course, when Wimpy was throwing them across for the Sox...and the fans hope that time falls on a Sunday.

News has filtered in that Leo Jackson, highly successful coach of the Plomot Longhorns, will strut his stuff and teach his tricks at Tahoma next year. Leo 'lows as how he might have another "Red" down there with this Max Minor (remember the high point man at the invitation track meet, and the district meet...tis the same) chugging in the backfield.

There's doubts that Max can ever be one-half as good as Red but we hope that Buck can make Slaton, Littlefield, etc., look up...and he has the Class AA Lamesa squad on his schedule too.

Plenty of folks hereabouts admire Buck and think he has the makin' of a better than average coach (proven in my estimation after the seasons at Plomot) and are more than ready to climb back on his band wagon since he has left Plomot behind him.

Plenty of folks hereabouts admire Coach Odell Winter reports restful nights with plenty of sleep since the exams are over and his boys came through without casualties...sometimes it is hard to tell which worries the harder over exams...the coach or the boys taking them.

Floydada should have a rip roaring good time July 3 and 4 with the circus in town...and just think some eleven months later the old settlers will celebrate their fiftieth anniversary with probably the biggest to-do yet.

The one this past week was a rip-roarer with one of the best parades in a long time...the square dancing, etc., always interests a "new timer" who never learned the intricate twists and twirls that is typical of the older style dances...However the modern jitterbug does things called dancing that would make the dancer of 1776 turn completely over in their grave.

One nice thing about the old settlers reunion...there was no "hot" swing band on the square to massacre the popular tunes with their blaring, squalling, blasting mess.

Mrs. Bill McSpadden, Mrs. W. A. Savage, and Mrs. Roy Burner all of Amarillo, and Mrs. E. R. Reeves of Jerico were here last Friday to attend the old settlers' reunion and visited with friends and relatives. Mrs. Reeves remained as a guest of Mr. and Mrs. Glad Snodgrass until Monday.

### Relative Buried At Wichita Falls Thurs.

Lowell Holmes, 28, nephew of Mrs. Fred Taylor was drowned Tuesday at Lake Wichita and three others are suffering from shock and exposure. He drowned as he was trying to carry Miss Talma Texas, another occupant of a small sailboat, to safety. The boat capsized throwing the four young people into ten feet of water.

Miss Teas, Miss Beatrice Ham-mack and Morris Holmes, brother of the deceased, narrowly escaped death as they were rescued by J. W. Grissom several minutes after Lowell Holmes had disappeared beneath the rough waters.

The body was found by the use of grapple hooks about 175 feet from the west shore of the lake. Each of the young women were near prostration and the brother was under the doctor's care until late Monday.

Those who attended the funeral from Floyd county were Mrs. E. W. Holmes, Mrs. Fred Taylor and son, Ralph, S. L. and J. K. Holmes. They returned home last week-end.

### Refrigeration Vault Added To Facilities Piggly-Wiggly Store

Assures Ample Supply Fresh Fruits, Vegetables In Season Every Day Of Week

A refrigeration vault with a capacity of several thousand pounds was installed at the Piggly-Wiggly food store last week-end and was put into operation the first of this week. J. B. Claiborne, manager of the store has announced.

Scientific automatic control of temperature in the vault will make possible fresh fruits and vegetables in season for their customers at all times. Mr. Claiborne pointed out. Whereas an excess of fresh fruits from the Valley, from Arizona or California heretofore glutted the fruit and vegetable department on one or two days of the week, the additional facility makes possible a full supply of all of these every day.

The vault is 8 and a half feet high, 12 feet long and 8 feet wide. It will hold a full truck load of fruit or produce with ample working space to spare. It is expected to eliminate losses from lack of proper temperatures and add greatly to the ease with which shoppers may obtain the items of fresh foods they desire on all days of the week.

#### HOMEBUILDERS H. D. CLUB

"Casserole dishes is an excellent way to utilize left overs and an appetizing way of preparing fresh vegetables." Mrs. J. D. Eaves told members of the Homebuilders Home Demonstration club when they met May 26 with Mrs. A. W. Dunn.

The following recipe was given by Mrs. Eaves: Escalloped asparagus; 2 cups milk, 2 tablespoons butter, 2 tablespoons flour, 2 bunches asparagus, 2 egg yolks, 1 cup buttered bread crumbs, salt and pepper. Make a thin white sauce and add the cooked asparagus. Add the beaten yolks and turn the mixture into a buttered baking dish, cover with buttered bread crumbs and brown in a moderate oven.

Mrs. W. F. Weatherbee discussed aid to dependent children under the Social Security act.

Members of this club are making an effort to have a larger variety of vegetables for their tables and are planting some seldom used here.

The club will meet at 3 o'clock instead of 2 during the summer months.

Present were Mesdames T. J. Heard, C. W. Dennison, W. F. Weatherbee, A. W. Dunn, J. D. Eaves, Lee Westfall, Raymond Teple, John Lloyd, P. F. Bertrand, Misses May Hope Bond, Mary McCarty and La Rue Williams.

#### SAND HILL H. D. CLUB

Sand Hill Home Demonstration club met Wednesday in the club room. Thirteen members were present.

Mrs. Frank Probasco gave an interesting demonstration on preparing casserole dishes. She demonstrated and served three dishes, escalloped asparagus, onions au gratin and stuffed summer squash.

The next meeting will be held June 14 when the county agent will be present. The subject will be, "Refinishing a chair for the bedroom."

#### COUNCIL REPORTS HEARD AT MEETING HELD SATURDAY

The Home Demonstration Council met Saturday with thirty one present. The meeting was held in the court room.

The presidents answered to roll call with reports of expansion work their clubs were doing.

Mrs. S. J. Latta gave a report of the annual meeting of the district home demonstration association held in Lubbock the first of the month. 53 delegates from Floyd county were in attendance at the meeting. Mrs. C. A. Caffee from the Dougherty club was elected as vice-president of the association.

Mrs. A. H. Kreis gave a report on the short course held at Canyon last week. Floyd county is to be well represented at the short course to be held at College Station July 11-12.

The Council voted to change the meeting time to 3 o'clock instead of 2 o'clock during the summer.

#### SOUTH PLAINS H. D. CLUB

The new Home Demonstration agent, Miss Edith Lois Wilson, met with the South Plains club Wednesday, May 24, in the home of Mrs. Walter Wood.

Miss Woodson gave a talk on cooking mild and strong vegetables. She stressed the point that we should be careful not to cook vegetables too long as it destroys the vitamins.

Mrs. Joe Phillips and Mrs. Lenton Lanham gave a two act play.

Refreshments were served to Mesdames Bill Harper, Johnnie Wilson, George West, Larry Mayes, Luther Campbell, Miss Linnie Milton, Odie Milton, Gilbert Bean, Joe Phillips, Menard Fields, R. L. Powell, Jack McCowan, Lenton Lanham, John McClendon, John Smitherman and Miss Wilson.

The club will meet June 14 with Mrs. George West.

#### AIKEN 4-H CLUB

Soak potato seed in 2 ounces of bichloride of mercury to prevent the potatoes from having the scab. Mrs. H. P. Clements, sponsor, told the Aiken 4-H club girls at a regular meeting at the home of the sponsor Thursday of last week.

To kill sucking insects, spray with a mixture of nicotine sulphate mixed in 1 gallon of water. Spray melons and cucumbers with epsom salts water to keep the lice off, the speaker said.

Present were Jo Ann and Martha Clements, Velma Crank, Clementine Clark and Mrs. Clements, the sponsor.

#### SUNNYSIDE H. D. CLUB

The Sunnyside Home Demonstration club met May 19 with Mrs. R. B. Calhoun as hostess.

Mrs. Will Walker presided over the meeting. Mrs. T. B. Wilkinson gave a report on the meeting held in Lockney May 6. Mrs. W. C. Sims made a report on the short course held at Canyon May 17.

Mrs. S. J. Latta gave a very interesting demonstration on arranging flowers for decorating the home. Mrs. Latta talked on Aid to the needy blind under the Social Security act.

Delicious refreshments were served to Mesdames T. B. Wilkinson, W. C. Sims, R. M. McCauley, R. B. Calhoun, C. O. Wise, Porter, Orman, Pete Kendrick, Latta and Hartsell. Visitors were Mesdames J. W. Kendrick, Wayne Finley and son,

Jerry Wayne, Delbert Jones, Herbert Sims, Alpha King and son, Bobbie Ned, Misses Hartsell, Averill Wilkinson, Alice Latta, Allene and Frankie Porter.

The next meeting will be June 2 with Mrs. Walker as hostess.

#### HOME DEMONSTRATION NEWS

Members of the Home Demonstration clubs answered roll during the month of May by telling of changes they had made in arranging bedroom furniture since the demonstration on this subject was given.

"I placed my dresser parallel with the wall instead of having it in a cat-a-corner fashion. Now I have all my heavier pieces placed parallel with the lines of the room," stated a member of the Providence club at a meeting Tuesday afternoon, May 23.

Some of the other things considered in re-arranging her room was to make sure that she had the proper balance by distributing the large pieces so as to have about the same amount of attraction on opposite walls and at the same time grouping the furniture so that there will be a sleeping, dressing and sewing or reading center.

"After the demonstration on casserole dishes I cooked some stuffed squash which the family enjoyed very much," state a member of the Pleasant Valley Home Demonstration club at the meeting Friday afternoon, May 19.

She prepared this dish by cutting the small squash in halves and removing the seeds. The halves were cooked in boiling water for ten minutes and then drained. They were then filled with the following mixture: 1/2 cup finely chopped ham; 1 cup medium white sauce; 1 tablespoon chopped peppers. They were then placed on a well greased baking sheet covered with buttered bread crumbs and baked in a moderate oven for 20 minutes.

#### SUMMER SCHEDULE IS ARRANGED FOR HOME DEPT. AT HIGH SCHOOL

Sixty girls have enrolled for the summer project of the Home Economics department of the Floydada High school which is under the supervision of Misses Fannie Mae Rees and Lois Fouts.

The schedule arranged for the week will be:

Each morning of the week the teachers will visit individual projects and have conferences with mothers in the homes; Monday afternoon, group meeting of town group in the department; Tuesday afternoon group meeting for Sand Hill and Harmony girls at Sand Hill.

Wednesday afternoon group meeting for McCoy, Blanco and Starkey at McCoy; Thursday afternoon group meeting for girls northeast of town at Center; Friday afternoon will be devoted to group projects and individual conferences in the department.

Group projects will be:

1. Make covers for each of the ironing boards;
  2. Paint a magazine stand;
  3. Plan the year book for next year;
  4. Plan the scrapbook for next year;
  5. Plan and set the dates for the big events of the department.
- Individual projects: 1. Improvement of bedroom; 2. Selection, construction and care of clothing; 3. Home management; 4. Refinishing furniture; 5. Canning; 6. Entertaining the family; 7. Meal planning preparation and service; 8. Reno-

vating garments; 9. Gardening; 10. Yard improvement; 11. Children, care and guidance.

Miss Fouts will finish her work on Friday and Miss Rees will work until June 9. Several of the girls and teachers will attend the State Future Homemakers conference in Denton June 15-17, then the American Home Economics association June 19-23.

The girls will carry projects all summer. The work will be completed on August 31, when the achievement day will be held in the department.

#### Fairview News

FAIRVIEW, May 29. — School closed here Friday after a successful term taught by Mr. and Mrs. Robert Fisher and Miss Opal Jo Derr. Mr. and Mrs. Fisher left Saturday morning with the basketball boys and volleyball girls for Palo Duro canyon where they spent the week-end on an outing.

Miss Opal Jo Derr left Saturday for her home at Ralls where she will spend a few days with her father, Rev. W. R. Derr, before entering school for the summer at Tech college at Lubbock.

The seventh grade graduation exercises were held Thursday night. Also a program of songs, drills and a short play were put on by the intermediate and primary rooms.

Those receiving seventh grade diplomas were Loflin Irwin, Marvin Lyles, Roy Baxter, Eddie Wayne Conner, Naomi Burgett, and Frankie Wright. Eddie Wayne Conner was master of ceremonies for the exercises.

Rewards of merit were given to Dayle Walls, Verlon Dean Walls, Weldon DuBois, Billie Joe DuBois, and Eddie Conner for being neither tardy or absent during the entire school year.

A large crowd enjoyed the play "For Pete's Sake" Thursday night by the high school pupils and directed by Robert Fisher.

Several from this community attended the old settlers reunion at Floydada Friday.

Mr. and Mrs. Ritchey of Hale Center came last week to spend an indefinite time with their son, Benton Ritchey and Mrs. Ritchey.

Mrs. M. A. Lattimore of Lubbock is visiting Mrs. H. C. Randolph in the home of Mr. and Mrs. A. S. Mize.

Stevens Mize, son of Mr. and Mrs. A. S. Mize, fell from the porch Sunday where he was playing at the C. H. Wise home and hurt his arm painfully. An attending physician has not determined whether the arm was broken or badly dislocated.

Mr. and Mrs. V. E. Stewart and children of Pampa spent a few days last week with Mr. and Mrs. G. A. Stewart and other relatives. Mrs. Walter Arms of Seymour spent Thursday night in the G. A. Stewart home.

Lewis Bullard and son, Kenneth, visited relatives in this community Sunday.

The ladies met at the home of Mrs. W. B. Wilson Thursday for an all day quilting. Those present were Mrs. G. M. Bullard, Mrs. L. A. Horton, Mrs. Clyde Bagwell, Mrs. C. H. Wise, Mrs. Luther Hartline, Mrs. A. S. Mize, Mrs. H. C. Randolph, Mrs. Walton Wilson, and Mrs. M. A. Lattimore of Lubbock.

There will be prayer services at the Baptist church Wednesday night preparatory to calling a pastor Sunday morning.

#### LOYCE TURNER IN TRAINING THIS SUMMER IN COLORADO

Loyce Turner, son of Mr. and Mrs. E. W. Turner, who will finish his last year of military training at Tech college next year, was at home the first of this week but left Wednesday, for 6 weeks of military training at Fort Logan, Colorado, expecting to return about July 16. He will be a member of the Reserve Officers Training corps.

Turner was elected president of the Torch and Castle club at Tech for the school year 1939-40 at Tech. This is an honorary military organization.

#### HOME FROM SCHOOL

Martha Lee Sanders, small daughter of Mr. and Mrs. Otho Sanders who for the past term of school has been in the Texas School for the blind, at Austin and Olan Lee Lowrance, son of Mr. and Mrs. Mike Lowrance, who attended the Texas School for the deaf, are home this week. Mr. and Mrs. Sanders and Mr. Lowrance made the trip for the children returning home Friday.

While there the parents attended the closing exercises of the schools. Martha Lee was presented as "Baby Doll" in a short playlet depicting toy land. She was rated as an excellent student and made two grades during the past term of school.

Misses Emma Lou Bedford and Betty Newell will return home today from Abilene Christian college. Miss Bedford is a sophomore and Miss Newell completed her freshman year.

Dr. and Mrs. E. A. Hopkins, of Miami, Texas, returned to their home this week after a visit here with their daughter, Mrs. Jack Henry and Mr. Henry, since last Thursday.

Mr. and Mrs. C. B. Hopkins, and son, Joe Carroll, of Stamford, Texas visited over Sunday and Monday here, guests of Mr. Hopkins' sister, Mrs. Jack Henry and family.
