

Survey of Rain Conditions Shows Good Planting Season

Planting, Harvest And Weed Fighting Crop Big Farm Job

Fine General Season Indicated Following Rains During This Week

A fairly complete survey of the rain conditions this week throughout Floyd and adjacent counties indicates that rainfall has been ample to cover all the dry spots and put all farms in condition to get unfinished planting done.

Telephone communication has been difficult to most sections but personal interviews indicate that planting is due to be completed for all the crops in a short time.

The rains have kept many combines out of fields and sowed down the harvest. At the same time the added moisture has put pressure on row crop land planting to make the farmer's job for a few days a 24-hour shift for all hands.

More Rain, More Grass More rain last night at Floydada amounted to .98 of an inch, a heavy rainstorm blowing over from the northeast.

Todate there has been nothing to indicate that any wheat will be lost in the weeds but the weeds have started and an extended period of rains could cause the loss of some thin crops.

Much young cotton that was despaired of last week has revived under the influence of the rainfall and is doing nicely. Apparently, the biggest feed crop in many years is now in the making or is being put into the ground.

At Pleasant Hill the rain was very heavy Monday afternoon and was followed by rain practically all night. (See RAINS, page 5)

Walter Travis, who has served as county school superintendent of Floyd county for the past three years, will take over the duties of Floydada public school superintendent July 1.

Walter Travis Will Take Over New Job Saturday, July 1

President of Rotary Club Also; Cummings Leaves For Olney Soon

Walter Travis, county superintendent of schools for the past three years, will take over his duties as superintendent of Floydada public schools Saturday July 1, succeeding A. D. Cummings who has been head of the Floydada system for the past 13 years.

Mr. Cummings was elected superintendent of the Olney public schools and resigned his position here to accept the offer there. He will take over his duties there on July 1 also.

Mr. Travis was elected president of the Floydada Rotary club earlier in the year and was duly ushered into that capacity Wednesday at the regular meeting of the club when President A. E. Guthrie handed him the gavel.

Clarence Guffee, former principal of Sand Hill school, will step into the spot vacated by Travis. He was appointed by the commissioners court to fill the vacancy and accepted the term left by the resignation of Travis.

He will assume his duties on July 1. Mr. and Mrs. Guffee will move to Floydada and make their home here as soon as a suitable home is found. Mr. Guffee just returned from a superintendent's convention at Texas A. & M.

Building for Light Plant Be Finished By Middle of July

Completion Of Roof Expected This Week; Modern Cooling Systems

Work on the Floydada municipal light plant is going forward ahead of schedule, it was reported by officials this week. The building is expected to be complete by July 15 except for the floors.

The walls of the building have been completed, including the installation of metal window frames and glass. Proper vents for the engine exhaust and intake are finished.

Machinery will be installed sometime in the latter part of July it is believed. After the heavy machinery is placed the floors will be completed.

Three 400 horse-power diesel engines are yet to be installed with the proper generators, caudits, and other essentials. The engines will be cooled with closed cooling systems which are designed to control or prevent scale in the engines.

The roof beams are "double safe" so that parts of the engines may be hoisted from the girder without danger of "pulling the roof down," an official said.

Body Of Mrs. Crow Is Carried To Alvarado For Burial Sunday

The body of Mrs. Ermine Catherine Crow was carried to her old home place at Alvarado Friday for funeral services and burial following her death Friday at the home of her daughter, Mrs. E. R. Griggs, whose residence is in the McCoy community. Death was due to heart failure.

Finish Bond Sale of City In Ft. Worth

\$85,000 Issue Will Finance New Light And Power Plant Now Building

Mayor Glad Snodgrass, City Secretary Silas E. Duncan, and City Attorney Ben P. Ayres were due to reach home this morning from Fort Worth where they completed final arrangements late yesterday for the sale of revenue bonds of the City of Floydada totaling \$85,000 to the federal government through the Public Works administration.

The week had been a busy one for local officials. Beginning Saturday night the mayor and secretary signed the bonds representing a mortgage on the revenue of the city light and power plant and not to exceed \$400 per month of the city's waterwork revenue.

Funeral Rites For Mrs. A. M. Kruger To Be Held At Plainview

Funeral service will be held at the First Methodist church at Plainview this afternoon at 3 o'clock for Mrs. Augusta Montgomery Kruger, 59 who died at 3:45 p. m. Wednesday afternoon at the home of her daughter, Miss Helen Kruger, 608 South Main street.

Miss Kruger, office manager of the District Health office, brought her mother here from Plainview 4 weeks ago. Mrs. Kruger has been in ill health for many months.

Mrs. Kruger was born in Iowa August 12, 1879. In 1912 she was married to A. M. Kruger and together they moved to Lubbock, making their home there and at Plainview. Mr. Kruger died in 1933 and is buried in Lubbock.

Surviving relatives of the deceased are two daughters and four sisters. The daughter, not already named is Miss Patsy Kruger, Plainview. The sisters are Mrs. L. W. Willis, Plainview; Mrs. W. A. Hathway, Dalhart; Mrs. J. T. Callen and Mrs. E. E. Say of Sagamore, Michigan.

Racing Cars Meet on Local Track Tuesday Afternoon With Fast Models Entered

Best Drivers In Southwest Will Try For Honors 3:30 p. m. July 3 Here

The roar of powerful motors, the scream of skidding rubber, a cloud of dust, thrilling spills, and dangerous deeds of driving will mark entertainment in Floydada for the afternoon of Monday, July 3 when some of the niftiest racing drivers in Texas vie on the track in north Floydada.

Dick Tate of Lubbock is assisting with the promotion of the racing event which will begin at 3:30 p. m. Ten or 14 cars will take part in the races and the names which appear on the program will make any racing fan groggy.

Heading the list is Dave Childers who is recognized as the southwestern champion of 1938 and not two hub cap lengths behind is Corky Benson of Wichita Falls who is the North Texas champion.

Clo Glaze, who has been nationally known as a motorcycle race driver, took up fast car herding this year and according to authority has been winning over 50 per cent of his races.

N. C. and Bud Gaitner of Lubbock will enter cars and since both have driven and won on the Lubbock track are expected to show up well here.

C-3, racer of Pop Mayfield, and now owned by a Lockney resident, will be here and driven by L. B. Carter. This auto won 22 of its first 24 starts and was entered in the Indianapolis races.

Laddie Swetman, driving a 4-port Riley, will be entered. He was runner-up to Corky Benson in the North Texas races. Claud Gorin will be driving at 300 in his X-90, the same auto in which he drove to considerable fame last year in the middle west.

Clarence Guffee, who has served for a number of years in the Sand Hill school as principal, will assume the county school superintendent's duties Saturday, having been appointed to fill the unexpired term of Walter Travis, who recently resigned.

1939 Compliance Being Checked by County Reporters

Fourteen Supervisors Have Been Assigned To Areas In The County

Fourteen "farm reporters" are busy at this time checking the Floyd county farms for their 1939 crop compliance. It was announced this week at the county agent's office.

Although the supervisor list is yet incomplete 14 men have been assigned their areas, it is possible that four or five more may be assigned to work. These supervisors will classify crops and land use as "depleting" or "non-depleting" and take necessary land measurements to enable acreage calculators to plot a scaled map of the farm.

They also approved soil building practices which have been carried out on the farm up to the date of inspection. In December the supervisors measured 1,487 wheat farms which totaled 158,000 acres.

The purpose of the measuring this summer is to classify additional crops and calculate acreage. When the farm reporters have completed classification of all crops, the farm map is brought to the county office where acreage calculation will be made. (See 1939, page 5)

Circus Will Move Here On Saturday

Gainesville Organization Will Be Big Event For Monday And Tuesday

Vanguard of the Gainesville circus performers and hostlers will reach Floydada Sunday, some 20 in number, Gideon Bell, secretary-treasurer, told Commander J. C. Wester, commander of McDermott Post, American Legion, by telephone yesterday morning.

Monday morning the big top and other tents will begin to rise in readiness for the first performance on Monday night at 8 o'clock, and more than 100 other members of the organization will have arrived. The Monday night performance will be repeated Tuesday (July 4) at 2 o'clock in the afternoon and again at 8 o'clock at night.

Monday night's performance will be marked by the presence of Gene Howe, publisher of the Amarillo News and Globe, and by Ross D. Rogers, mayor of Amarillo, who will be special guests of citizens here for the event and will be honorary ringmasters for the evening.

Yesterday pennants were stretched across down-town streets and the town began to take on a holiday air in readiness for the Independence day celebration. Saturday morning the trucks enroute to Floydada with the 60,000 pounds of tents and equipment of the circus, will start rolling toward Floydada. Part of their cargo will be the big new main top which the circus folks will receive from the makers. Their other tent was destroyed in a wind at Ardmore, Oklahoma, early in May.

The circus, an all-amateur show made up wholly of citizens of Gainesville, their sons and daughters, is evidently due to be received with enthusiasm from people all over an area of 10 counties or more. It was indicated this week by advance sale of tickets. Legion officials have been urging local eating establishments and service stations to be sure to have ample supplies and help to take care of the crowds at the peak hours.

General admission will be 75 cents for adults, 35 cents for children, and reserved seats are 25 cents. There are to be no other service or tax charges of any kind. UNCLE BUD RUSSELL HAULS THREE PRISONERS FROM HERE

C. D. Bird Heads Bank at Matador Succeeding Echols

C. D. Bird, leading Motley county ranchman and director of the First State bank at Matador, last week-end was named president of the bank to succeed A. B. Nichols, whose death occurred in May. Mr. Bird has been one of the directors of the Matador institution for many years and his selection as president was considered a logical one, reports to The Hesperian from Matador indicated.

Table with 2 columns: Item and Price. Includes Poultry (Turkeys, Hens, Stags), Cream (Butterfat), Eggs (per dozen), and Hides (No. 1, No. 2).

Frank A. Buckley, Motley County Agricultural agent for the past 4 years, yesterday was named chief supervisor of the Texas Soil and Water Conservation program, a report from Matador indicated.

Has Dame Fortune's daughter Misfortune particularly picked on Millard Worsham this summer to make his life like that of Job one of many trials?

Worsham, who works on the Wm. Funkler farm at Harmony, spent some weeks, along with other members of his family, fighting a severe case of the measles this spring. Finally he began to get well.

## Editorial

### THE LEGISLATURE ADJOURNED

The legislature adjourned last week after the longest regular session of that body in recent history. Doubtless numerous laws will be forthcoming as soon as the printer can get them in the journal, and some laws passed are already statutes bearing the emergency clause.

The governor is buried in work, having to make up his mind which of the appropriation bills he will approve and which not. The governor has given indication of a somewhat independent mind along the line of approving or disapproving bills that have come to him today.

### THE FAIR TRADES BILL

The legislative enactment most likely to have far-reaching effect is the Fair Trade bill, which has about as much opposition as it has support out among the people.

Its supporters maintain the act will be of untold value to business, cutting out chiselers and sharp practices that have made honest business increasingly hazardous the past few years. Others maintain it will not do any good but much harm. Many states have similar laws but in these the sentiment is not wholly for or against.

The Fair Trades act will just have to be proven. It is a very extensive experiment in the regulation of business.

### NO NEW COMMISSIONS

Unless we are mistaken the legislature that has just adjourned did (or rather didn't) do one thing for which they will be congratulated. That is that not a single new board, commission or bureau was established during the entire session.

Efforts to arrive at consolidations of departments, recommended by the governor, failed to materialize. This was to be expected. Usually heavy pressure against any such move is sufficient to head it off.

### A NEW COLD CHECK LAW

Just what are the provisions of a new cold check law is not known locally. This law goes into effect in September. It has rather drastic provisions, more so than the present law.

People who are in the habit of handling lots of checks will be interested in particular.

### NO OLD AGE PENSIONS

The legislature finally did not pass any type of old age assistance revenue raising law. The "56" immortals or scalawags, according to your point of view, finally had their way that the revenue raising measure, including the sales tax, should not be put into the constitution. We lean to such a point of view, and have the idea that the fifty-six will be vindicated by the march of events.

However, meanwhile, there is no increase in the coffers to pay more to the aged, and instead of receiving more the aged will actually have less than heretofore, with some 30,000 new pensioners due to go on the rolls in the course of a few months.

There is no reason to think the governor will call a special session of the legislature. At least, not any time soon. He must have a change of mind or be pretty well convinced a considerable number of the legislators have had a change of mind before there is any likelihood of a called session, judging from what he says.

### DOESN'T LIKE THE NEWSPAPERS

Governor O'Daniel doesn't like the newspapers. The reporters who swarmed at Austin during the legislative session were thorns in his side. He couldn't get used to their ways of doing things and wound up by being convinced the "whole kit and biling" won't "do." Of course, he is wrong about this, but as long as he thinks he is right, he is, so far as the governor's office is concerned.

Oft times public men and those who are forced by circumstances before the public, have good reason to feel that the newspaper men have ill-treated them. However, in the long run the public prints will be eminently and wholly fair. For one big reason, that there is nothing to keep anybody who wants in the publishing business from getting into it. Any man who thinks he sees a great moral wrong being done by a newspaper or a group of newspapers can right the matter simply by setting up a newspaper himself. Whether he gets the backing of the public will prove whether he had a great moral awakening or just another brain storm.

That thought doesn't save the governor's feelings and he is likely to continue in his incensed state of mind indefinitely.

### BUT THEY SET THE STAGE

These observations anent the powers that be including the governor and the legislature do not paint the picture wholly, however. For instance, while business men about town heave a sigh of relief that they do not have to learn how to make change in mills and act as collectors for the state on a lot of new fangled taxes, the fact is, the stage is set for something like this to occur in the future. The die is irrevocably cast by:

Increased appropriations from the general and special funds of the state for schools, colleges, eleemosynary institutions, and nearly a hundred other things;

And an increased roll of the aged who will have ample support for more liberal payments when the legislature meets again.

These two things alone mean the final defeat of any faction that wants taxes cut instead of increased. Just where the payors will get the money to meet the bill that is coming, heaven alone knows, and nobody else apparently gives a darn.

### LONELY FEW, INDEED

The Hesperian takes sides with the lonely few who declare that there is no need for any new taxes. That the present tax laws would produce all the revenue actually needed to carry out needs of the government for money, needs of the aged, needs of the teachers, the blind and the mentally disturbed. If these present revenue laws were fully and adequately enforced, and the legislature and governor determined to have due economy in state affairs.

Our country folks, who like our kind of government and believe in it, should and must realize that all the governments of all times have risen and fallen, finally taxed themselves out of existence. This is the actual fact. Texas could set an example that would shine out among the galaxy of stars in our glorious republic if it only would—and point the way to the continued existence of our nation and the happiness of our people.

During the 17th century gallant young men delivered growing tomato plants to wives or sweethearts as tokens of love.

### As A Farm Woman Thinks

(By Nellie Witt Spikes)

The house is very quiet this morning. We feel no pat on our arms nor hear a dear voice saying, "You are the dearest and finest mother in the world." No baby voices call, hi, as you go from room to room. No gurgling laughter and no shrill cries. The toys are gone from the floor, the rope swing under the trees blows here and there by the wind, the weight of a sweet little girl no longer here to hold it tight. The baby food no longer leans against the ice. The many plates and knives and forks have been set up high in the cabinet. The sound of beloved footsteps falls no more on our ears. No little hands like stars spread on our floors. The children have gone. But we are not lonely or sad. We know patients in a Tennessee hospital take new hope as they hear the returning foot-fall of their new doctor. The little girl will be happier in her own swing under the tall oak trees. The baby will call, hi to his pretty mother as she passes. And the girls with their families live near.

I was very much interested in a copy of the Paducah Post last week. It is a newsy paper with a column of much interest—I give you—"Paducah—by excerpts from 'Trail Dust' by Douglas Meador of Matador will be published this fall in book form by the Naylor company of San Antonio. This book will be a fine contribution from a West Texas writer.

Down a little hill of a ravine, we went. Past a young kid tied to a mesquite bush, past boys playing catch to a home dug in the bank of the opposite side of the ravine. A young woman with soft brown eyes, timid and shy as a doe, was hanging a few ragged and patched clothes on a short line stretched between

Martin Brown and Miss Iva Loopier of this city, were married in Clovis, New Mexico, Saturday, June 20, and after a week spent at home are leaving at an early date for a trip down-state, planning to visit Denton, Dallas, Fort Worth, and points in southern Oklahoma.

Judge E. C. Nelson, Jr., left Wednesday for Ft. Sill, Oklahoma, and Judge L. G. Mathews left this morning for Camp Mabry, Austin, to spend three weeks at officers training camps.

Featured by a big free barbecue at high noon on both days, a parade, and an attractive Defense Day program, the Floydada celebration for July 3 and 4, will officially begin Friday morning with the band concert at the court house stand. Members of McDermott Post, American Legion, sponsors of the affair, stated that the major details had been worked out and that everything would be in readiness to furnish a good time for the thousands expected.

Another school district in Floyd county awarded a brick school building contract Saturday. This was Aiken school district which awarded an \$11,000 contract to Canady & Stark, local contracting builders.

Quitaque school district Tuesday morning suffered a heavy loss when their new \$50,000 high school building was burned down, only the stark walls being left standing.

S. W. Ross came in Sunday from a ten-day fishing trip on Devil's river and incidentally has entered claim for the reversible ice-cream fisherman of the present season. He caught two four-pound black bass on one dowagiac.

Mr. and Mrs. J. M. Willson and little son in company with Dr. and Mrs. George Smith and little daughter, Margaret, left Friday morning of last week for an extended tour of Colorado and probably other western states. They plan to be gone some three or four weeks.

Rev. G. W. Tubbs, missionary of the Floyd County Baptist association, organized a Baptist church in Owen community in Crosby county Sunday afternoon last.

Mr. and Mrs. E. L. Norman and children left Tuesday for a vacation trip of some two weeks in Central Texas. They will visit at Temple and Killeen, the latter Mr. Norman's birthplace, as well as other points in that section.

The Wesley Girls Sunday School class was entertained by Mesdames Massie, Carter, Kimble and Gamble, formerly members of the class, but now teachers. They entertained in the home of Mrs. Massie Tuesday afternoon. Those enjoying the party were Mesdames John Smith, Fry, Cox, McDonald, Tye, Anshy, Woody Blackwell, Dooley, Sanders, Ransderson, Ross, C. R. Houston, Jim Houston, Flanary, Henry, Thurmond Morris, Johnson Hassen Huskey and the hostesses.

Mr. and Mrs. G. E. Bond left today for Ranger where they will spend the next few months and Mr. Bond will be, or a friend, who has received a big strike in a new oil city.

Program" given by the club women. Then I remembered I am to give a book review at the Missionary society at Cone, and who knows how many pleasant unexpected things are waiting for me.

The circus is coming, hooray, hooray, rings in my ears to the tune of that old Scottish song "The Campbells are Coming." And I am eager as a child to go. When I grew up there was never a circus came to the little inland town of Emma. We saw Mollie Bailey's circus at Canton city at the reunion of Confederates and cowboys. Mollie, herself dressed in a flowered kimono of times played the organ. She had a matched team of four (or was it six?) ivory gray horses. There was a little silky black horse hitched to a buggy that papa informed us was a "hundred dollar horse." It is all so plain to me even now. The gas lights blowing and flickering in the summer night wind. The daring man walking the tight rope to the top of the big tent. The clowns who rode the spinning wagon wheel. The man who crawled like a snake. The black sands of his tight catching thousands of bright lights from the gas lamps. The cute little girl who sang so sweetly. The horse that could tell time by pawing. Mollie Bailey should go down in the annals of history as giving much to the boys and girls of Texas. Are we going to the circus and no children to take? What a funny question. Of course we will see you there.

When I arose this morning I thought it would be a very quiet week, but I have found out there is to be an ice cream supper at McCoy Thursday night and visitors are to be entertained with a "School

Do you love life? A question asked in Sunday school yesterday. Do you have faith in the goodness of your neighbors was another? Yes, in capital letters I can truthfully say to both questions.

# "Tenderfoot", In Hospital, Tells Of Milking Wild Cow

Disaster Overtakes Pat Flynn In First Milking Attempt At Rodeo

CANADIAN (Special)—This is written while reposing in bed recuperating from a mere rural pastime of milking.

Why I can remember when a mere lad on my father's farm it was one of my daily chores to milk Flossie, Betsy and Miss Angelina twice daily and outside of an argument with Miss Angelina and her switching tail every once in awhile, milking was just a daily occurrence without any special training required.

Not so in this cow town and one buck will get you five that Tony Galento, Joe Louis and the combined membership of the Amalgamated Steel Workers association, can not milk a wild cow without suffering fractures, lacerations or minor bruises. I know, I tried it and I even had the expert advice and moral support of some of the most experienced cattle men of the range country.

It happened like this: this city is preparing for the 17th annual Anvil Park Rodeo to be staged here July 2-4 and one of the events they advertise so highly is a wild cow milking contest.

After listening to cowboys talk a language as foreign as daily conversation in Brooklyn; after being addressed ten times a day as "Tenderfoot," and it doesn't refer to a limp, I heard of a milking contest. At least, I thought, here is something I know all about. My childhood days rushed through my brain of how one time I out-milked the neighborhood in a contest at harvest time, and remembering my one-two stroke that caused me to win my junior milking contest title, I decided I would show the cow gentry of this settlement a thing or two in milking. I did.

It seems you are given a rope, a milk bucket, and about two hundred yards in which to catch Bossie, milk her and return to the judges stand with your milk bucket intact. Your opponent is supposedly only

Ride 'em Cowboy! This ranny isn't trying to milk any wild cow like Pat Flynn did... rather he is trying to ride a wild steer, and if looks prove a point, doing a bad job of it because in just about two ticks he will bite the dust.

time, but they didn't reckon with Bossie.

Now, I have never professed to be an expert with a rope, but after the so-called friends of mine selected a "nice gentle cow" they gave me a rope that could easily snub the Queen Mary to a dock in high seas and fired a gun. They shouldn't have done that for Bossie headed in the general direction of Chicago and my horse, not to be outdone by any cow lit out in hot pursuit.

With a bucket in one hand, a rope in the other I had no time for reins or saddle but being the expert horseman I am, remained astride for exactly 157 1/2 yards when the cow and horse stopped dead still as if on mutual agreement. I continued due north for another 37 1/2 feet, making a neat three point landing in the arena, nose, elbow and knee.

In making a quick landing I became entangled in the rope and the spectators later told me it was the

cleverest piece of self-hog typing they had ever witnessed on those grounds.

After disengaging myself from the bucket I spotted Bossie standing nonchalant watching my efforts with a degree of sarcasm, if a cow can look sarcastic and this one did.

I threw the rope toward Bossie and due to a cross wind, missed her head but snubbed the left front foot and the battle of ages started. Determined to hold that critter until death do us part, I almost lost my life in my determination.

That cow, leaped, bucked, sun-fished, charged the horse and then headed for me. Being a fairly good sprinter I once made the 100 yard dash at school in 1:52, I managed to keep just ahead of Bossie for the next 10 minutes without any material damage until maneuvering her near a snubbing post, succeeded in wrapping that tow-rope around the post several times and I had her

conquered for the time being, or at least I thought.

Approaching the cow with the finesse of a milk maid, I remember placing the bucket between my knees in the best approved fashion and started to milk. The rest is slightly vague.

My cowboy friends visited me in the hospital to tell me the end of the contest. It seems the cow waited until I was stooped to milk before ending the contest with a well aimed kick to the chin that caused the judges to award the contest to Bossie on points. There are two points on my chin, marking her victory.

The doctor who treated me for concussion, admired my technique, he says, as while I was approaching consciousness he and the nurses claim they learned more about cattle from me than they ever could attending rodeos.

Naturally I was anxious to know how my milking time compared with other waddies of the west and am slightly disappointed. It seems I was in actual contest with Bossie 35 9/10 minutes and while I was victim of an accident that prevented my securing any milk, that isn't what hurts my pride. The cowboys claim that the record is slightly less than two minutes.

I still don't believe it.

## NEW MODEL HUMPTY DUMPTY ON DISPLAY THIS WEEK AT HESPERIAN PUBLISHING CO.

A new model egg that measured 9 and one-fourth by 7 and three-fourth inches was brought in this week by Judge J. W. Howard. The egg was picked up at the home of Mr. and Mrs. Orland Howard at Dougherty.

The immense size of the egg caused the curiosity of the Howard's and they opened it only to find another surprise. Another normal looking egg took the place of the yellow of the egg.

Now the Hesperian force is curious to see inside egg No. 2. The freak will be on display this week however at the Hesperian office for those who care to see it.

Mrs. Robert Ball, of Lillian, spent last week here as a guest in the home of her nephew, W. S. Poole and Mrs. Poole.

## Fairview News

FAIRVIEW, June 27.—The long-looked-for rain came last week and another heavy shower fell Monday afternoon, giving farmers all over the community ample moisture for row crop planting. A number of farmers had never planted because of the dry weather. Most of the land which had been planted had to be replanted.

Rev. Virgel Lemmons has accepted the pastorate of the Baptist church and will take up his work here Sunday, July 2.

Shirley Irwin is in the Floydada Hospital and Clinic where he underwent and appendectomy last Thursday. He is reported to be doing nicely.

Mr. and Mrs. Arthur Stewart and Betty Gayle of Floydada spent the week-end with Mr. and Mrs. Walter Welch.

Rev. and Mrs. C. A. Joiner of South Plains visited Mrs. W. B. Wilson Sunday.

Mr. and Mrs. L. A. Horton spent Sunday with Mr. and Mrs. A. S. Mize.

Lewis Bullard of Floydada spent a short while Sunday visiting with home folks.

Mr. and Mrs. C. H. Wise and children, Mr. and Mrs. Clyde Bagwell and Jean Crabtree visited in the G. M. Bullard home Sunday.

Mr. and Mrs. Benton Ritchey spent Thursday and Friday of last week at Childers on business.

Ed Horton of Plainview visited last week with his cousin, L. D. Horton.

## Rushing Chapel News

(Too late for last week)

RUSHING CHAPEL, June 20.—Rev. W. M. Culwell delivered a Father's day sermon to the Rushing Chapel church Sunday. In connection with the church services, a good program was rendered. Imogene Culwell gave an interesting talk Sunday night on the League meeting which she attended in Abilene.

Five ladies were present at the Rushing Chapel Ladies' Missionary society which met Monday afternoon with Mrs. Lee Rushing in our World Out-Look program. The next meeting which will be announced later will be held at the church.

Juanita Rushing and Welden Miller have returned home from school.

Mrs. C. E. Moreman and children of Lubbock and Mrs. Legg spent the week with Mrs. S. L. Rushing. Mrs. Legg is a sister of Mrs. Rushing.

## THE LADY AND THE ROUGHNECK

SHE SAID SHYLY, "Couldn't I take a peek?"  
He said bashfully, "Er-r lady, you can try."

He was a roughneck, which is the regular name for a worker like him in the oil fields. She was a dear, with two little grandsons back East whose lips would round as she told of looking down the world's deepest hole... down well-nigh 3 miles... down the famed 15,004-foot Conoco oil well in California.

You too are invited to see it. Of course, as the lady knows now, you can't squint so awfully far down a 3-mile bore. But if you could only get a squint into the 3-inch bore of your motor car's cylinders!... if you could only watch patented Conoco Germ Processed oil give your engine wondrous OIL-PLATING! Then you'd see those precious working parts not merely oil-splashed and oil-smearred but OIL-PLATED with a perfect skin-fit—as

bumpers are chromium-plated. Chromium-plating surely doesn't thin out, fry up, or drain down; and neither does OIL-PLATING. So it stays clear up to the cylinder head despite 400 or 500 miles a day; despite 4 or 5 hours' parking—and longer. Then all your Summer starts and spurts will be wear-proofed by slippery OIL-PLATING that's never all gone. Beats any mere on-again-off-again oiling, particularly when you tote up all your miles between quarts! Change to your correct Germ Processed oil today at your Conoco dealer's—Your Mileage Merchant... his middle name's Mileage! Continental Oil Company

## Fyffe-Eatmon Marriage Is Announced At Fyffe Home

At a pretty appointed three course dinner in the Fyffe home Monday evening at 8 o'clock, Mr. and Mrs. D. W. Fyffe entertained to announce the marriage of his daughter, Inis Dee, to Hubert Eatmon March 19 in Clovis, New Mexico.

The attractive dinner table was covered with an Italian cut work cloth centered with a bouquet of purple daisies and fern. Four branched candelabra holding white candles stood on each end of the table.

The announcements were made when the dessert course was served on scrolls engraved with, "Inis Dee-Hubert, March 19, 1939," attached to corsages made of feverfew and fern.

Seated were the honoree, Mrs. Eatmon, Mrs. F. C. Harmon, Jr., of Dallas, Misses Marilyn Fry, Fern Fry, Joyce King, Dixie Henderson and Blanche King and Mr. and Mrs. Fyffe.

The marriage ceremony was performed in Clovis, New Mexico, March 19, at 4 p. m.

The bride wore a traveling suit of green. She has been reared in Floydada completing her high school education with the class of 1937 and last year attending W. T. S. T. C. at Canyon.

The bride-groom, who is the son of Mr. and Mrs. T. O. Eatmon of Plainview, is a former resident of Floydada, having been employed with the City Tailors and Stewart Tailor shop. He is in the tailor business in Plainview where they will make their home.

**RUTH ENOCH MARRIES RONALD McPEAK JUNE 9**

Miss Ruth Enoch, daughter of Mrs. J. A. Enoch, and Ronald McPeak, son of Mr. and Mrs. George McPeak, were married in Amarillo June 9. Dr. R. Thomsen, pastor of the Central Presbyterian church, performed the marriage ceremony.

The bride was attired in a royal blue chiffon with wine accessories. Mrs. McPeak is a graduate of Floydada high school with the class of 1929. She attended W. T. S. T. C. at Canyon for two years and was head bookkeeper in business office for four years.

The bride-groom attended school in Pampa. He returned here last year after serving two years and seven months in the detached services of the army station in Hawaii. Seven months of the time was spent in school in San Francisco.

The couple are at home at 526 East Missouri street. Both are employed in Enoch's cafe.

Mrs. J. D. Myers and son, Bryan, and daughter, Leona, of Plains, came Monday for a visit in the home of Mrs. Myers' brother-in-law, J. H. Myers and family. They were enroute home from a trip into Oklahoma.

Mrs. J. O. Wilkes of Wichita Falls came Tuesday for a visit with her sister, Mrs. D. H. Collins.

## Joint Social Given In Andrews Home For S. S. Classes

The Fidelis Matrons and T. E. L. Sunday School classes of the First Baptist church met jointly for their monthly social Friday evening in the home of Mrs. V. Andrews.

Cut flowers adorned the rooms and a delectable covered dish dinner was served.

Following the dinner the social meeting was opened with the guests singing, "If A Body," to the tune of Coming Thru The Rye and "Wear A Smile to the tune of Auld Lang Syne." A number of games were played directed by Mrs. Andrews, Mrs. R. C. Henry and Mrs. C. A. Boothe.

To conclude the delightful evening the Fidelis Matrons class presented their Class Mother, Mrs. Andrews, with a lovely birthday gift.

### Third Try Charmed, Floydada Women Hope

The third try of the Floydada Women's Bowling team to defeat the Plainview Dugley Plumbing team may be a success here Friday night when the Plainview women play their second visit to Floydada.

The Floydada girls lacked only 35 pins of winning the first time but the margin jumped to almost 250 by the second tourney. Several of the better bowlers on the local team have been wiling under fire and it is hoped that their competitive spirit flares high.

The tourney will be held at the Floydada Bowling club about 8:30 Friday night, Bill Hodel, manager said.

James will visit in Whitewright with his grandmother, Mrs. J. S. Badgett, before going to San Antonio.

### McCoy News

McCoy, June 27—An estimate of one inch of rain fell in this community Monday evening and night. Farmers are jubilant over the good rain. More moisture threatens at this time.

Rev. Sidney Johnston preached to a large crowd here Sunday and brought a fine sermon. There were 91 present at the Sunday school service.

A number of people in the community have pledged from one to four acres to be used in the church program for this year. James Smith is to keep a record of these yields and the donations. Mr. Smith replaces Westie Gilbreath's work in the church since the Gilbreaths have moved to Floydada.

Miss Clara Smith is reported improved from an illness of last week. We hope she will soon be up again. Mary Frances Copeland has also been ill the past week.

James Smith gave an ice cream supper in honor of his class of B. Y. P. U. students Thursday night.

Miss Hazel Jackson and Mrs. Thelma Jones were joint hostesses Thursday afternoon at the home of Mrs. J. W. Jackson with a bridal shower honoring Mrs. Paul Carmichael.

Miss Bennie Ruth Jackson presided over the bride's book where approximately 40 guests registered and were served refreshments.

Miss Violet Pittman and her mother and Mrs. S. W. Ewing visited Mrs. George Smith Saturday afternoon.

Clifford Curry had as guests Sunday, his parents from Olton. They were former residents of this community, and we were glad to renew acquaintances with them.

Mrs. Clay Johnson and daughter, Josephine, returned to their home in Graham Friday after a visit here with her parents, Mr. and Mrs. P. M. Felton and other relatives.

Paul and Angie Fetsch of Rhine-land and their friend from Pep, Texas were the week-end guests of Geneva Cline.

Virgil Williams spent the week-end in Sweetwater with his brother, Homer Williams and family.

### PLENTY OF SEATS

Contrary to any reports you may hear there are still plenty of seats (reserve seats, too) for any of the 3 performances of the Gainesville circus here on Monday night, Tuesday afternoon and Tuesday night. T. P. Collins, adjuster of McDermott Post, American Legion, said late yesterday, Brisk sales have been under way but there is room for nearly 3,000 people at every performance in the big, new tent and you can disregard any reports that all seats are sold out, Collins said. If you have a party of considerable size, however, and want your seats in a group, you should immediately arrange for them, he said.

### Miss Florrie Conway Home From Ridgecrest, N. C. Delegate From BSU

Miss Florrie Conway returned home Tuesday from Ridgecrest, North Carolina, where she attended a Baptist College Students Retreat as a delegate from the Baptist Students' Union of Wayland college at Plainview. She was a freshman student there the past year.

Miss Conway left for the conference on June 4, going to Dallas and from there in company with 49 other Texas delegates the trip was made in two large busses.

The route included the following points of interest: State Normal and Industrial school at Tuskegee, Stone Mountain at Atlanta; Beautiful mountain and Smoky mountain National park, Sunday School Board at Nashville, The Hermitage (home of Andrew Jackson) at Nashville. Other places of interest visited were Chimney Rock, Biltmore estate considered the finest private home in the world.

Noted speakers heard at the retreat were Dr. C. Roy Angell, Chester Swor, Dr. Ted Adams, Dr. Charles St. John from Bowery Mission, New York; Dr. Everette Gill, Jr., Dr. John L. Hill, Mary Nance Daniel and William Hall Preston, Dr. Frank H. Leavell returned by plane from South America to be at Ridgecrest.

Miss Conway and Eli Turner of Idalou who is vice president of the B. S. U., were the two delegates from the college.

### Center News

CENTER, June 27.—This community has received several good rains. Some coming last week and more falling Monday night to give the farmers in this community excellent seasons for planting and cultivating.

Floyd Montgomery and J. B. Jordan spent Sunday in Canyon.

One of the largest crowds in several months was present for church and Sunday school Sunday.

Mr. and Mrs. A. W. Anderson visited their daughter, Mrs. Assie Watson and Mr. Watson at Plainview Sunday afternoon.

Mr. and Mrs. J. E. Green and family visited Mr. and Mrs. Will Latta of Mt. Blanco Sunday.

Mr. and Mrs. B. R. Colthorp and sons, Bruce and Arthur Wayne, visited Sunday night and Monday in the W. B. Jordan home.

Miss Patricia Collins of Dallas returned to her home Saturday afternoon after a visit of almost two weeks here with her cousin, Thomas Collins and family.

Guests for Sunday dinner in the W. B. Jordan home were Mrs. J. L. Montgomery, Mrs. G. C. Tubbs, Mary Louise Tubbs and Miss Irene Gilbreath.

Mr. and Mrs. C. D. Rutledge spent Friday with Mr. and Mrs. C. M. Meredith and family.

W. B. Jordan was knocked down by a horse Monday but not seriously injured.

J. E. Green and family, Henry Brewer and family and the Plumlee family went plum hunting last week.

Mrs. Floyd Anderson spent Wednesday with Mrs. A. W. Anderson.

Wheat harvest is progressing slowly due to the wet weather but no damage to wheat has been reported since no hail has fallen.

Little Raymond Collins caused considerable excitement in the Collins, Jones and Jordan families, when he disappeared from the yard where he was playing with his Persian kitten and could not be found when called by his parents who had been working in the house. After some frenzied searching by all three families, the little fellow was sighted about half mile from home in the Olin Miller field following a flock of sheep. He told his father he was "driving the sheep home."

Mr. and Mrs. C. M. Meredith and sons spent Sunday with Mr. and Mrs. C. D. Rutledge of Lockney.

Mrs. Foyd Willis and baby daughter returned from the hospital Thursday.

Gordon Lightfoot is visiting home this week.

Rev. Merle Weathers of Groom came in from Brownwood where he has been in a two weeks revival. He and Mrs. Weathers will visit here a few days and return to their home at Groom.

It is estimated that three inches of rain has fallen in this community since last week.

### COUNTY CHORUS WILL MEET AT 3 O'CLOCK SATURDAY

The County Chorus will have a meeting Saturday afternoon at 3 o'clock at the First Baptist church.

Members are urged to be present and start the study of some new songs, according to Mrs. Robert Smith, reporter.

Mrs. J. W. Hardgrove and daughter, Elizabeth, left for their home in Clovis, New Mexico, Wednesday after a several days visit with Mrs. J. D. Starks and other friends.

### Rains

(Continued from Page 1)

lators employ scaled aerial maps and an uncanny instrument called a rain gauge. A total of 6 inches of rainfall is reported by Mrs. Charles T. Camden at their place.

Dougherty had a rain that exceeded 2 inches, and 4 miles north of that place the Martin & Zimmerman gauge showed slightly more than an inch.

At Lakeview W. N. Jones said the lakes are full in the vicinity of the W. N. Jones home place.

Pleasant Valley Claude Harris said the rains of this week were light but that ample moisture had fallen previously in most of that territory.

At the Kreis place on the Matador highway the fall was somewhat above an inch and a half and R. P. King said a plowing crew was bogged down south of the Kreis place on the road enroute home from the west end of the Dougherty community.

L. D. Britton, who was working near Lone Star when the rains hit the north part of the county, traveled in water inches deep in the middle of the road getting back to headquarters.

In the southwest part of the county the rain was light at the L. A. Williams place. Mr. Williams, however, had fair planting season. W. C. Cates had about a quarter of an inch at his farm at Blanco he said.

In the vicinity of the country club the rain was heavy and at Ralls Ernest Kendrick said 2 to 3 inches of rain fell. Roy Curry estimated three-fourths of an inch at his farm 4 miles south of Floydada.

Chas. Vogel at Providence estimated the fall at his place at 2 inches and said he didn't know of anybody that didn't have enough moisture to plant row crops with. North of him the rain was lighter but east much heavier. On up toward Silvertown the rain was big in streaks.

Around Petersburg a good rain fell, probably 2 inches but east of that place through portions of Allmon and Harmony the planters are running in the furrows instead of busting the middles. McCoy had mostly good to fine rains and Starkey had about the same or a little more than at Floydada. W. P. Ferguson Wednesday said he was busting the middles to plant. I. C. Kirk 7 miles south of Floydada says he has good moisture now.

H. L. Dunn is another resident east and south of Lakeview who had a tremendous rain. It measured 7 and a half inches and may have been that much he said. J. A. Jameson, south of Fairview had an inch or better and Lee Rushing at Fairview had about an inch and a half. H. J. Nelson at Lakeview thought he had about 2 and one-half inches. C. M. Battey an inch and a half, and H. E. Bartlett of Baker about 2 inches.

C. A. Purnell, 3 miles southeast of Cedar said the rain at his place was about an inch, and other reports from that area indicate about the same. W. F. Hinkle of Campbell estimated the fall at his place at 1 and one-half inches and G. E. King 4 miles west of town had a light rain.

Nice rains have fallen around Sterley, South Plains and all northeast portions of the county and up to Silvertown this week.

J. M. Massie, who last week-end made a survey of moisture conditions in the general vicinity of Silvertown, Quitaque and the northeast portion of Floyd county and a portion of northwestern Motley county, said the first of this week that the rains of last week had given the most general good season throughout the area that he had seen in a number of years. Rains this week have added materially to this generally excellent condition, it appears.

### WESLEY GIRLS S. S. CLASS TO ENTERTAIN ON FRIDAY

Wesley Girls Sunday school class of the Methodist church will be hosts to the Pastor's Helpers class in a social Friday at 12 o'clock at the home of Mrs. Olin Watson.

A picnic dinner will be served on a beautiful lawn, a program and other entertainment enjoyed later.

BORN—to Mr. and Mrs. Roy H. Holmes, city, June 25, a daughter, named Karen Sue.

BORN—to Mr. and Mrs. Garland G. Glover, city, June 25, a son, named Garlan Keith.

Born to Mr. and Mrs. W. L. Orman Saturday afternoon a boy named Billy David.

Edwin Stiles, in company with Lorraine Stiles of Lubbock, was here for a short time the latter part of last week from El Paso. He will go to Iowa within a short time in his work in the geological service of one of the federal departments.

### Lions Club Quartette Heard Once More When Members Get Together

The "old-time" Lions club quartette helped to make Tuesday's program of the club a very enjoyable event. All hands including Hammonds, Holmes, Guthrie and Glover were present and sang.

To their songs was the added thoughtful address of John Stapleton, county attorney, who talked on the meaning of July 4 and reasons for its observance by citizens of the United States. "Undoubtedly July 4 is the most important date in American history," he said, reciting some of the events leading up to that memorable date in 1776. He pointed out its significance.

The program was presented by Edd Johnson.

Next meeting date of the club will be on July 11, when ladies night will be observed by the club and the speaker for the evening will be the new Lions District Governor E. A. Bearden of Lamesa. Installation of officers will be the principal business of the evening, with entertainment and other features planned.

### DOUGHERTY H. D. CLUB

The Dougherty Home Demonstration club met Wednesday, June 23 with Mrs. Claude Ring. A very interesting program on "The Child in the Home" was given with Mrs. O. G. Glassmoyer discussing the Child's Right to Privacy; Mrs. Tate Jones talked on Self-Help Equipment while Mrs. Orland Howard told of ways in teaching the Child Health Habits.

During the business hour the itinerary of the club pilgrimage was read. The pilgrimage will start at 9 o'clock Wednesday July 5 at the home of Mrs. R. S. Moore and every club home in the community will be visited during the day with a picnic lunch at the noon hour. In the recreation period, games pertaining to Childhood were played with the prize going to Mrs. Bill McNeill. Mrs. O. G. Glassmoyer received the attendance prize.

Light refreshments carrying out the Fourth of July motif were served to the following: Mesdames E. S. Foster, Elam Caldwell, Bill M. Norman, Chet Caffee, Orland Howard, Tate Jones, Bill McNeill, O. G. Glassmoyer, J. T. Poole and the hostess Mrs. Ring.

### TO MAKE A Long Tale Short

A fellow from the country made our heart skip a beat yesterday when he told us that he had just burned a hundred dollar bill. "How Come?" we asked.

He replied, "It was a lot easier to burn it than to pay it!" At the same time he was handing us the last payment on a car he had bought from us.

### Youngsters Find Many Interests At Orphans Home, Lodge Learns

Letter To Guardian And Odd Fellows Tells Some Of Activities Of Youths At Corsicana

Floydada Lodge No. 34 of the I. O. O. F. has been sponsoring two children, Annie Belle and J. R. Adams in the Odd Fellow orphanage at Corsicana for the past 10 years, and recently had a letter from the eldest of the youngsters telling of their progress and interests there.

The children, daughter and son of Mr. and Mrs. Geo. D. Adams who lived here in 1923, were admitted to the orphanage in 1929 through the efforts of the local lodge. G. N. Shirey, now secretary of Floydada Lodge, was formally named as their guardian. Their father died after they moved from Floydada to Oklahoma. Annie Belle writes as follows:

"Since school is out we have been having a lot of fun. We have just had our campus improved. We have new swings, slides, see-saws and grand-ma chairs.

"As you know we have a private swimming pool and two tennis courts. We go in swimming daily, play tennis, and have skating parties and go to the shows.

"On Sunday our Sunday school begins at 9 o'clock in the morning, afterwards we go to church in town. We have a choir made up of 22 girls of which I am one. The choir sings for our church.

"J. R. is in the boys band. The choir and band sometimes go on trips.

"Since the home raises its own fruit and vegetables we are doing a lot of canning and preserving.

"The senior class of 1939 graduated May 12. There are 107 children here now. The youngest being 10 months old and the "queen" of the campus.

"The past president of our Rebekah lodge has just remodeled our dining hall. It is blue and ivory and is very beautiful.

"We will soon be going on our camping trip. We always have a grand time swimming and doing

everything that one could think of doing. The large boys go first and then the smaller boys. Later the girls go, also divided into two groups.

"Before school starts we will have our class entertainment. The juniors will invite the freshmen and the sophomores will invite the seniors. A banquet will be held and a picture show party given.

"We wish to thank you for your kindness in helping to care for us here and will try to show our appreciation by studying and being the best possible. We also wish to thank you for writing to us and hope to hear from you soon.

"Annie Belle and J. R. Adams."

### As I See It

Bill Hams

There is one thing most all of us will have to admire about our present attorney general, Gerald C. Mann, and that is he doesn't mind making a ruling on any law...and he makes his ruling long before any question arises in the public mind whether or not the particular law is or is not constitutional.

Of course his rulings are not final decisions on the matter for courts might rule otherwise but after all an attorney general should know 99 times out of 100 whether or not a law is constitutional.

It is unusual for a public official to make rulings that would seem to injure his political future as well as help it. Undoubtedly his most recent decision concerning the "liberalized" pension law will be unpopular with some of the old folks who may be left out if his ruling is followed, which it probably will.

As long as Mann follows his seemingly impartial actions, as he has started, no doubt there will be a strong following of citizens who will respond with a strong bloc of votes.

If you aren't bowling you are missing one of the most popular and generally enjoyed sports on the south plains. Perhaps more folks actually bowl than play softball.

It is one sport where the beginner nearly always has a streak of "beginners luck." Last week two

wheat hands walked into the local alley and decided to try their luck at the game. One rolled 123 his first round while the other rolled 87. However the second game stopped the boys with both rolling much below 80.

Lubbock and Amarillo have their own leagues and the scores when printed often fill a complete column. Fort Worth, Dallas and the other larger cities have so many leagues that it is almost impossible to keep up with them.

Yesir, bowling is almost a universal sport that has come into its own on the plains within the past two years.

The nature of nations has taken a queer turn since the World War...every day we can read in the daily press where the Japanese have committed insult and injury to the British flag. Once two even minor "incidents" would have made the mighty English lion roar in anger.

The United States, Great Britain, France and Russia have taken knock after knock from Japan, their nationals have been stripped, searched, slapped, and subjected to indignities, yet none of these nations have done anything except howl like a cat with its tail caught in a door.

Howling and protesting won't be the solution to the Far Eastern situation...a bully doesn't understand peaceful overtures. Japan takes it that none of the above nations will fight, that the British lion has become a lamb (Hitler almost proved it), the American eagle a dove, the French rooster a canary, and the Russian bear a playful pup.

This can't go on indefinitely...sometime the Japan Sun must cease to blister the citizens of other nations and that "sometime" will come when the democracies get more "backbone."

Pick Joe Louis to retain his heavyweight title by a knockout before the fifth round...Galento is a poor 10 to 1 shot to knock Joe kicking and bag the heavyweight title.

When Galento enters the ring some good swing band ought to strike up the "Beer Barrell Polka," it might give Tony the needed inspiration.

As much as we'd like to see Louis knocked for a loop, we can't see Tony doing it even though we hope he does. The sports writers are beginning to whoop it up for Galento and the odds are drifting down...which are the best signs that Joe is a cinch. The writers want a big crowd out for the show and the books want a multitude of suckers...anyway it ought to be a great fight, while it lasts.

The plains country is becoming world famous as a place where glider pilots can establish new records...Wichita Falls holds an annual gliding fete that is becoming nationally famous.

The hawks, buzzards and bull-bats discovered that soaring was a simple matter on the plains...their natural habitat, long before man thought of a huge fabric covered frame that could use rising currents of air to carry it along.

H. L. Wilkinson and children, C. B. Wilkinson, Mr. and Mrs. W. R. Wilkinson and Sam Elmore went through Carlsbad cavern at Carlsbad, New Mexico, Tuesday of last week.

Mrs. A. McDonald of Lubbock spent the last week-end as guest of her sister, Mrs. C. B. Wilkinson and family.

Mrs. Joe West and daughter, Jo Ann, of Russellville, Arkansas, came last mid-week to spend the summer with her parents, Mr. and Mrs. Fred Daily.

George Fry Linder went to Amarillo Tuesday of last week where he began work for the summer with the Koch Day and Night garage.

### Legislature Forgets So Driver Licenses Are Extended April 1, 1942

AUSTIN, June 26. — The public safety department has extended private automobile driver's license until April 1, 1942, it was announced today.

Normally licenses now held by drivers would have expired last April, but state police, anticipating a possible change in the licensing law by the recently adjourned legislature, extended them indefinitely. The legislature got so busy with old pension amendments and wrangling among themselves that they "forgot" to modify the law.

Chief Fred Hickman of the highway patrol said present licenses may continue to use their permits until 1942.

Because some Texans driving in other states have had their license questioned, Texas state police have invited those contemplating travel in other states to contact patrol district headquarters where letters attesting the validity of permits, despite the April 1, 1939 expiration date, will be issued drivers.

As a reminder, the state police mentioned that women, upon getting married, should get new license with their "new name" attached as well as having their addresses corrected on the permit.

Mr. and Mrs. J. B. Tinnin visited in Ralls over the week-end with Mr. and Mrs. O. M. Tinnin.

Mrs. Maud Bradley of Lubbock was a guest last week of her daughter Mrs. Tom J. Boyd.

### Soap Contest Draws Many Entries, Local Company Announces

The nation-wide contest in which 60 refrigerators are being awarded every week grows in popularity with the women as the competition proceeds, according to an announcement from C. H. Elliott Appliance Co., pointing out that approximately three more weeks remain for entering the contest.

"As we are now just about in the middle of the P&G-Serrel Electro-lux contest, in the neighborhood of 180 refrigerators have already been won by contestants in all parts of the United States and Canada in addition to the fifteen or more \$500 bills that have gone to the cash prize winners in the competition," it was stated.

"No one should hesitate to enter the contest as no great literary ability is needed, nor does the contestant have to have any special aptitude in writing. Just a concise, spontaneous expression of thought in the simplest language is all that is required."

"Entrants are invited to submit a statement of 25 words or less to complete the sentence: 'I like P&G White Naphtha Soap because . . . .'. The sentences are adjudged for their originality, sincerity, and conscientiousness of thought. The awards go to those who are considered the best writers of the sentence."

Twelve refrigerators a day are awarded to winning contestants. The contest began May 22, and will end July 2.

"Our company invites all those who have not already done so to call at our offices for contest entry blanks and for information regarding the contest."

Mrs. N. W. Williams, Mrs. J. S. Solomon and Miss Lillie Solomon visited in Memphis Tuesday and Wednesday as guests in the homes of Mrs. Alfred Hutcherson, E. W. and Frank Solomon and families. Mrs. Lula Moore and daughter, Maudine, accompanied them to Memphis and remained for a longer visit.

Dr. and Mrs. Warren B. Poole who were home recently with his parents, Mr. and Mrs. W. S. Poole, will assume duties in their private clinic at Oklahoma City July 1. He is associated with the Doctors Long who have been practitioners there for years.

### CABBAGE MAKES GOOD DISH

It is a generally known fact that one of America's dietary errors is failure to use enough vegetables. Floyd County Home Demonstration club women are improving their diets by producing more vegetables and serving them attractively.

"My family is beginning to like cooked cabbage," stated a member of the Homebuilders club at their last meeting. She dropped the cabbage into boiling salty water and cooked them just until tender with the lid off, and served with a cheese sauce which was made by making a medium white sauce using the liquid that was left from cooking the cabbage.

When the sauce was thick, ½ cup of grated cheese was added and cooked until the cheese melted.

## Achievement Day Held During June For 4-H Clothing

Each Girl Wears Garments She Made In Clothing Parade At Meeting

Clothing is one of the demonstrations being worked on by the 4-H clubs. Early in the year each club selected a demonstrator whose duties were to make several garments, a shoe rack, hat stands and provide storage space for her clothing. The other club members were co-operators who had as their goals: Make a kitchen apron, Work dress, Brush hair 100 strokes a day for 1 month, Make a pair of garden gloves.

During June the girls held Clothing achievement events on their regular meeting day in the home of the Clothing demonstrator. At this time the demonstrator exhibited the things she had made and told the story of her demonstration. Next, each girl participated in a clothing parade wearing the garments she had made. To conclude the program a member gave a detailed report of the accomplishments of the clothing demonstration. The clothing demonstrators were:

Laverne Frizzell, Lone Star; Fannie M. Harper, South Plains; Jo Ann Clements, Aiken; Helen Jones, Center; Delliah Lide, Dougherty; Vileta Whitley, Fairview; Lenora McDaniel, Sterley; Ima Lee Graham, Sand Hill; Othera Brown, Providence; June Carthel, Lockney.

## Delegates Named To Attend Short Course

Eight delegates who will represent Floyd county at the Adult Short course at College Station July 12-14 were named when the County Home Demonstration council held its regular meeting last Saturday.

The delegates are Mrs. S. J. Latta, council chairman, Mrs. C. V. Ford, Liberty club, Mrs. Sam Hale, Harmony, Mrs. S. R. Jones, Providence; Mrs. D. D. Shipley, Homebuilders; Mrs. Robert Day, McCoy; and Mrs. Wade Davenport, South Plains.

There will be a delegate to go from the Fairview, Campbell or the Dougherty club.

The council voted to invite Mrs. W. G. Kennedy, Muleshoe, vice president of District 2, to speak to them in their August meeting.

## ATTEND CONVENTION

Lorin Leibfried and Burl Huckabee, city carriers in Floydada, attended a convention of city mail carriers Saturday night in Lubbock. Carriers from over the South Plains area were present for the convention.

## DON'T FORGET, TUESDAY

Tuesday is a legal holiday. The bank will be closed.

Also, Tuesday is the day the circus will be in town and a lot of your friends from far distances will be here, too.

Some of them, more or less, will need to cash checks to buy this, that and the other or to go to the circus. Out of a few thousand people, somebody will have left his pocketbook on the chiffonier when he changed britches. He may be a good friend of yours. Since the bank will be closed have a bit of money to take care of such emergencies. And don't forget, you have to get it Monday afternoon.

## LOCAL DELEGATION HOME FROM GENERAL ASSEMBLY OF CUMBERLANDS IN MO.

Mr. and Mrs. E. C. King, their daughter Blanche, and Rev. B. C. Welch, of Petersburg, pastor of Floydada and Petersburg Cumberland Presbyterian churches, reached home Monday from Marshall and Montrose, Missouri, where they had been for about 2 weeks at the general assembly of the church.

During their absence Mr. and Mrs. King and daughter were guests of Mrs. Johnnie W. G. Hill and Rev. Hill.

A tragic accident last week marred their attendance at the general assembly, when the King's car was in a road accident that claimed the life of Mrs. John Leister, 70, of Montrose. The car struck a bridge abutment and was totally wrecked. Mr. and Mrs. King and Blanche King were in other cars, enroute to Montrose from a session of the assembly. Rev. Welch and Miss Maurine Fewell, the latter of Lubbock, were not seriously injured in the wreck. The Kings returned home in a new car, their old one being too seriously wrecked for salvage.

## DETAILS OF MISSOURI ACCIDENT RECOUNTED

Details of the accident in which the automobile of Mr. and Mrs. E. C. King, Floydada, figured near Marshall, Missouri, at 6 o'clock Tuesday evening of last week are given herewith in a reprint from newspaper accounts from Montrose. In the accident, Mrs. John Leister, beloved longtime resident of Montrose was fatally injured. She died on Wednesday morning and was buried on Friday following funeral rites at 2 p. m. at the Montrose Cumberland Presbyterian church conducted by the pastor, Rev. John Hill.

## Skidded on Oiled Road

Account of the accident as given by the Montrose newspaper is as follows:

"The car in which she was riding skidded on a fresh oiled road

and crashed into a bridge about 8 miles east of Windsor on highway 52. Mrs. Leister, who was riding in the back seat was believed to have suffered either a double concussion or double fracture of the skull, and chest bruises. The driver, Rev. Brown Welch, of Petersburg, Texas, and the other occupant of the car, Miss Maurine Fewell, of Lubbock, Texas, guests of Rev. and Mrs. John Hill of Montrose, received severe cuts and bruises. In about 10 minutes after the accident another car of the party, in which were additional guests of the Hills, McAdoo Brewington of Irvington, Ky., and Miss Blanche King of Floydada, Texas, arrived on the scene, found the 2 ladies unconscious and took all 3 to a hospital in Windsor, where Mrs. Leister lived but a few hours.

"Also in the party of 3 cars, all of whom were returning from a Cumberland Presbyterian assembly at Marshall, where Rev. and Mrs. John Hill and Gerald Lane, Mrs. Hill's parents, Mr. and Mrs. E. C. King of Floydada, Texas, who were in the Hill car and had gone ahead of Rev. Welch."

Mrs. Leister is survived by her husband and one daughter, the newspaper clipping indicates. She is also survived by several sisters and brothers.

## STEWARTS ATTEND FUNERAL OF UNCLE AT SEGO MONDAY

Mr. and Mrs. Aubrey V. Stewart reached home Tuesday morning from Segoe, near Marlin where they attended funeral rites Monday afternoon at 4 o'clock for an only uncle of Mr. Stewart, L. L. Stewart.

The funeral followed death that transpired on Saturday night for the elder Stewart at the age of 65. He was attending a social at the Segoe Baptist church when a heart attack caused almost immediate death, although several friends including the family physician were with him at the moment of the attack. He had been a resident of Segoe since 1898. His wife and six grown children in addition to the local nephews and other nephews and nieces survive. Two of Mr. Stewart's daughters are home demonstration agents, one at Temple, the other at Matagorda.

## CEMETERY DRIVE RAISES \$82.82 FOR CEMETERY WORK

The annual drive for the Cemetery association was made by the president, Mrs. Bob Smith and others last Friday with good results. \$82.82 was taken in for the upkeep of the cemetery but this is considerably short of the usual run Mrs. Smith said, quite a large amount being needed to maintain the cemetery as it should be.

A number of interested parties were not contacted and the ladies are asking them to make donations at the First National bank. Those working on the drive wish to thank all who donated.
