CORPORATIONS ON SUFFRANCE

We are not in accord with that line of thought which would have people of the State of Texas "taking crumbs that fall from the table" of the corporate interests. Rather do we still believe in that old-fashioned thought that a corporation is doing business in Texas on the suffrage of the people, by permit, to be exact.

It seems possible and probable that a right about face must be made in the trend of the laws of the past several years, which more and more give corporations rights and privileges of the individual, as though a corporation were an animate being.

This thought is prompted by the charge of several legislators against the governor that he said he knew Texas was ruled by the big interests and that he intended to have some of the crumbs from their table for the poor. We have no knowledge whether the governor said it, and if he did, just in what connection. Most anything that most anybody says can be made to appear in a bad light if the rest of a statement and the surrounding circumstances are not known.

But, whether the governor said it or not, there is such a state of mind in Texas, and there are those who would have said it had they thought of it. It is the wrong attitude and Texans need to prove it to themselves.

RULES OF THE GAME CHANGE

On certain highways of Texas, all downstate, it has been decreed, effective Tuesday last that commercial trucks shall not operate on Sundays and holidays. The order was issued by the State Railroad Commission in the interest of safety for the public.

Commercial trucks, not on account of the carelessness of drivers, but on account of their bulk, have largely increased the hazards of travel on these highways and have contributed materially to the loss of life and injury to persons traveling these cardinal routes, says the commission.

Reaction of the truck men has not been learned as yet. Answer to the suggestion that the trucker should "remember the Sabbath to keep it holy," will be difficult to find, although it has become common practice in this nation to keep the freight moving whatever the day. The lay mind quickly responds to abstractions, but slowly to practical situations in matters with which it is unfamiliar.

Most amazing, however, to the lay mind is the fact that a young man, not yet born when John H. Reagan headed the first Texas Railroad Commission brief years ago, could by a flourish of the pen say that you shall not go down the road in your own vehicle when you get ready.

GOOD YEAR FOR TREES

Quite a bit of cold, good unusual mid-winter rains, to make heavy foliage in early spring, followed by some rains and showers during May and June, will make 1939 go down in the book as a good year for trees in Floyd county.

Your trees are valuable assets on city or town property. A good tree, for instance, will sell a run-down place at a fair price instead of a sacrifice. A few hours or days making your trees look good and be good, healthy and growing, will pay dividends in money, which seems to be what lots of folks are looking for.

They serve God well, who serve His creatures.—Caroline Norton.

THE SAME OLD PROBLEM

The Hesperian, in its effort to streamline some of these old to oldish male persons in the limited sphere of its influence, namely to get them to wear their shirt tails on the outside instead of on the inside where they belong, has snagged the same type of difficulty we have been having this spring trying to overcome the influence of the cycles in the weather.

There has been a staggering lack of co-operation, to be exact. Where as we sought help this spring to get general rains instead of spotted ones, there was total lack of help from the citizenry in some communities—and the results are clearly visible.

We said there would be hard, dashing rains, if the weather man was permitted to have his way, and there have been hard, dashing rains. Striving manfully in recent weeks to get a general rain we have been successful only in getting plenty of showers in certain communities.

If we have the same type of co-operation on this shirt tail affair as we have had on the rain business, there'll still be a lot of guys wearing their shirt tails inside their britches this winter. Sometimes we think reforming the world may prove a hopeless task yet we strive on in the face of difficulty.

We note that St. Paul had the same trouble with some of the brethren in Antioch.

KEEP UP WITH THE TIMES

From a study of the attitude of The Hesperian on the rain cycles, the shirt tail mode and other similar major problems, you may deduce that this newspaper has been and will continue to be a periodical that intends to keep up with the times. If so, you are wholly correct.

We watch the young men and young women who come home from college each spring and take our cut from them. They come fresh from the fountain of knowledge.

And if next spring these young sprouts get home advocating a diet of frog innards to prevent sleeping sickness or, a gallus over the right shoulder only to keep up the pants, so as to relieve pressure on the heart, we shall trim our sails and go along with them.

A lot of old-fashioned women will not understand this, we know, but their husbands more understanding, will make them continue to subscribe.

THE BIGGEST NEWS

The news man does his best. His job depends on his most able interpretation of the actual happenings of events. But he misses many times and finds it out five years, ten years later.

Thus we would ask what has been the biggest news in Floyd county this year.

Our estimate at this short range is that the discovery of 200 feet of water bearing sand in northeast Floyd county, unrelated to any other in the area, is the biggest thing that has happened to affect the welfare and happiness of the people of the county. How big an area in square miles the new sand will serve and other matters enter into the consideration.

But we all know that water and sunshine and good soil enter into the crop making program in any man's country, and water is the sole lacking element many years in Floyd.

Tolerance is good for all or it is good for none.—Burke.

As A Farm Woman Thinks

(By Nellie Witt Spikes)

This morning I cannot think of anything but my intended visit to my son in Tennessee. If nothing happens I will write from there next week.

We had a nice rain and everything looks as if it had been starched and ironed.

The McCoy Home Demonstration club and our Center Circle club met here Friday evening and if you don't believe a bunch of hardworking farm women enjoy playing and having a good time, just come to their next picnic.

As we all sat under the trees, Mr. Spikes slipped around and beat on a tub, causing many to jump. "I thought it was bees swarming," he said.

There are so many picnics for the old timers this year it makes us feel a hundred years old. We think how long we have been here and are pointed out as real old timers.

A pretty centerpiece for the dining table: A golden yellow squash curled 'round a pale green cucumber, a red tomato, a bunch of purple grapes and pale yellow peaches.

I see Mr. Steen has gone in for style reviews in his editorials. Well, he will have to fight his own battle he has started on the question of shirt tails.

My husband says the women are far ahead on freakish clothing and the men can not catch up.

I notice at the big Baptist convention many attended from foreign countries. They could not understand us or one another but there was a word they all knew. The word "Jesus" bound them together and their hearts understood each other.

FLOYD COUNTY 14 YEARS AGO

How times have changed since the first issue of the Floyd County Hesperian published in Floydada, Texas, 1925.

(Issue of August 6, 1925) Rain this week which gave every section of Floyd county and this section of the plains generally a generous portion of moisture, have practically assured the county of a feed crop that will be 75 per cent of normal per acre yield, with the possibility that early rains during August and early September will make this the banner per acre average production year of the past eight years in Floyd county so far as forage feeds are concerned.

F. C. Harmon, furniture dealer and undertaker, last week announced the purchase of his establishment of a Sayers & Scovall Ambulance, for delivery in September.

Unusually brisk trading was reported by merchants following the close of business hours here Trades Day Monday. From 2 to 3 o'clock hundreds of farmers, their wives and children, visited Floydada stores, and a large number of sales made during the afternoon. The larger portion of the visitors arrived between 2:30 and 3 o'clock, conducted their business, took part in the drawing and departed for their homes within an hour and thirty minutes.

Advices from Plainview indicate that Floyd county will be well represented in that city on August 20 and 21 when the District Convention of the Texas Farm Bureau will be held. The delegation will be headed by J. D. Christian, president of the Floyd County Farm Bureau, and the local organization is making arrangements to see that a good delegation attends from this county.

Mr. and Mrs. W. E. Brown and children, of this city and Mrs. J. T. Hollingsworth and son, of Monroe, Louisiana, returned to Floydada Saturday after a three weeks vacation trip into the Pecos Valley. Mesdames Brown and Hollingsworth are sisters. The party spent the greater part of the time at Carlsbad.

Mrs. Addie Thagard and daughter Miss Annabelle, returned Monday from Altus, Oklahoma, where they had been for two weeks on a visit with relatives.

New firm in Floydada business circles takes the place of J. H. Williams in the Floydada Grocery and Market this week. The firm is composed of T. P. Collins, Tom Shaw and P. M. Felton, all of whom have had prior experience in merchandising.

Born to Mr. and Mrs. Tom Collum of Lockney, July 27, a daughter, R. A. Highsmith of Moran, for the past eighteen months field representative and district manager for the West Texas Chamber of Commerce. Tuesday was elected secretary of the Chamber of Commerce, and announcement is made that Mr. Highsmith will assume the duties of the office here as soon as he can move to Floydada. Mr. Highsmith will succeed O. P. Rutledge, local business man, who has been filling the position since April, when Maurey Hopkins resigned to take a similar place at Plainview.

Harry Stanley and family are at Post this week on a brief visit and fishing trip. They are visiting Hood Maxwell and family and are expected home tomorrow.

Here are two poems written by my neighbor. I will share with you, the pleasure they have given me.

Betty's Second Birthday
Dear Betty in heaven, did you know That this is your birthday, dear? Will the angels bake you a little cake.

As we would if you were here? With two little candles, sweet Betty. And new toys to play with, too Will the other babies in heaven. Come and play with you? O dear little Betty in heaven. Perhaps the time will come When I can come and stay with you And never again go home. But stay with you forever And dwell forever more With you and the rest of my loved ones On that happy blessed shore.

In Memory
Flora Smith Dean
I opened a little chest today, I knew what I should see. Some things a mother had put away. That were very dear to me. Wee bonnets and little dresses. That no one ever wears. I remembered a baby's kisses And ringlets of golden hue. I remembered a baby sleeping To wake in a fairer land. So safely in God's keeping In the hollow of His hand.

Half Minute Interviews

C. M. Battey: "We saw a rainbow at night, the first in my life, Sunday night. It was silvery gray and a pretty sight."

L. H. Dorrell: "A morning rain is like an old woman's dance. It don't last long."

CHECK STUBS

LITTLE "BODYGUARDS" OF YOUR CHECKING ACCOUNT

The stubs of your check book should be filled out first before you write a check. They are little "bodyguards" that may save you from loss or misunderstanding.

Enter each deposit on the stubs. Record the date, amount, and name of payee for each check. Keep your figures up to date. Know your exact balance at all times. This will prevent overdrafts—checks written after the balance in your account is exhausted. Check the stubs against the bank's monthly statement. Note any checks too long unreported.

Make wise use of these little "bodyguards" which have been provided for your convenience and protection.

A Farmer's Life
 "The Life of a Farmer"
 BY ED HOLMES
 (Continued from p. 1)

(Ed. Note: Due home sometime this week Ed Holmes has written for the Hesperian a sort of narrative of a trip he and Mrs. Holmes some friends have made to the Pacific coast. It is presented here under the head "A Farmer's Life" under which Holmes wrote for the Hesperian for sometime and got things off his chest that was good for him and a lot of his friends. The next installment, we hope, will be printed next week.)

Alma and I, Mr. and Mrs. Woodrow Allen of Amarillo and Mr. and Mrs. Roy Tyler of Sand Hill, left home Friday for San Francisco to see some kind of a community fair.

We are traveling in our 1/2 ton pick-up and have our own camping equipment. The 4,000 mile trip will cost each of the three couples about \$50.00 for a two weeks vacation.

Saturday we took the 50-mile rim drive up Sandia mountain near Albuquerque, New Mexico, to an elevation of 11,000 feet. Slightly different driving to Floyd county roads. Sunday we went fishing 72 miles north of Albuquerque on the Jemez mountain stream with an old friend and fisherman Frank Bedingfield. Fishing license cost \$3.00 out here and I sure got my money's worth when I caught 19 rainbow trout. We caught a total of 50 fish, more than we could eat. We are now headed for the Grand Canyon, then Boulder dam and Los Angeles where we will try some fishing in the Pacific ocean. I'll tell you next week how we come out. From there we will go up the coast to San Francisco, then Yosemite National forest, Salt Lake City, Denver then home.

We are all enjoying our vacation very much and wish more Floyd county people could get together and

Here are the men, one of them a former XIT Cowhand, who constituted the General Committee in charge of the Fourth Annual XIT Cowboy Reunion and Rodeo in Dalhart August 7th and 8th. Left to right, they are Charlie Coombes, John Colquitt, chairman; Mayor Frank Farwell, who once worked for the spread, County Judge John Honts, Allyn Finch, Coombs, Colquitt, and Farwell are business men; Finch is a rancher. Texas in the 1880's paid for its Austin Capitol with the three million acre XIT Ranch, which since has been cut into smaller ranges and farms. The forthcoming program honoring former XIT hands and all pioneers, include a tribute service Sunday night, August 6th; rodeos, pageants, parades, band contest, old time and modern dances, numerous Western specialty acts on the other two days.

share expenses and the good times and see how they are living in the other part of our fast-moving world.

Out On The Coast

Long Beach, California, Friday, July 21.

We are still having a wonderful trip on our vacation. Alma spoke all my sentiments when she said, "I feel selfish to take such a wonderful trip when there are so many of our friends that can't take a vacation." But don't you quit, your time will come some of these days.

The Grand Canyon was so big that you just don't want to talk about it. So far as man is concerned it was created wonderful, but man is pretty smart, the way a dirt farmer looks at it, to build a project like Boulder dam. The fact that impressed me most about it is that the dam has enough water backed up in Lake Mead to furnish drinking water for all the people in the world for more than 20 years.

We fished from the pier in Huntington Beach, where I caught an even dozen fish. The girls have been continually choking their way through the waves along the beach.

I have just returned with 24 other fellows from my first day's sea fishing trip. We went out 27 miles in the Pacific ocean to the southeast point of Catalina island. The little boat was 60 foot long and traveled about 9 miles per hour (I forgot how many knots). "Muscle" was the name of the boat.

I caught only four fish on this trip. One nice 5 pound Barracuda and 3 calico bass, then I decided to "feed" the fish. I fed them everything I could remember eating on the trip and wanted to feed them some more but all I could do was "rag." Believe me, there was plenty of fish there but I could not even sit up. Some of the fishermen caught better than 50 fish that weighed more than a total of 200 pounds. The biggest fish caught was a white sea bass that weighed 29 1/2 pounds. Max Backwell of Los Angeles caught him and got a "pot" of \$5.00. We used live bait composed of anchovies, sardines and herring. They were from 3 to 5 inches long. There were 2 fellows on the boat that failed to catch any fish. When someone yelled "low bridge" you had

better duck as someone was casting.

We left the dock in Long Beach at 2 a. m. this morning, got to the fishing place at 5:30, fished for 3 1/2 hours and arrived back here at 12:30 noon. It cost \$2 for the boat trip and 75c to rent fishing tackle for the day. The trip was worth the money.

'Law' Mighty Nice

We will head up the coast in the morning for San Francisco. All the "law" out here has treated us much nicer than we expected. The big sign "Floydada, Texas, C. E. H. Farms—Ed Holmes," has helped us many times. Everyone hollers, "Hello Texas." One good-natured traffic cop, as we passed, waved his hand and yelled, "How's Texas?" Everyone for a city block turned to see what was going on.

We have seen two pretty bad wrecks, but nobody killed. The cops sure take charge.

In driving down their fine valleys, we sure do envy them their fine fields, flowers and fruit trees but we will take Floyd county's population every time.

Mr. and Mrs. Earl Crow had as guests last Sunday Mr. and Mrs. Albert Russell, Lois and Clifton Russell, of Houston, Mrs. G. W. Crow, Mr. and Mrs. Frank Rice and Mr. and Mrs. Donald Brady all of Plainview, Mr. and Mrs. Frank McGennis and Darrell Wayne of Lubbock.

Mrs. Z. R. Felton and daughter, Sherry, returned to their home in Clovis, New Mexico, Saturday after a weeks visit here with Mr. and Mrs. P. M. Felton and other relatives.

Mrs. Jim Hardgrove and daughter Bettie were guests of Mrs. Hardgrove's mother Mrs. Ama Smalley Friday and Saturday. Mr. Hardgrove came for his family.

Mr. and Mrs. C. P. Looper and Mr. and Mrs. Dick Fenner spent Sunday in Eunice, New Mexico, as guests of Mr. and Mrs. Looper's daughter, Mrs. Floyd Simpson and family.

Modrell Williams of Clovis, New Mexico was a guest Monday and Tuesday of his parents, Mr. and Mrs. Will Williams.

Mrs. O. M. Watson and son, Olin, Jr., will leave Saturday for a weeks visit in Fort Worth with Mrs. Watson's aunt, Mrs. G. W. Gilley.

ANTELOPE H. D. CLUB

The Antelope H. D. club met Thursday, July 20th with Mrs. Tom J. Boyd with six members and two visitors present.

Mrs. W. S. Poole called the house to order with her thought of the day, which was an article on J. M. Morris of Lamesa, State president, of the Associated clubs, telling of her trip to London. The article was to the vice-presidents of the clubs and contained pictures of the trip.

Roll call was answered with, "Have you refinished a piece of furniture?"

During the business hour plans were discussed for the "annual family picnic," also means of raising money for the club treasury.

An interesting program with Mrs. G. R. May giving the figures of "taxes" on our cars. Mrs. R. H. Crawford gave an article on "taxes" of our daily bread.

Mrs. Tom Boyd gave an account on "Taxes" of oil, gas and "refund taxes."

Mrs. S. M. Crawford rounded out the tax question with an instructive talk on "Who pays the taxes and what for." She showed revenue stamps and some tax mills used in an adjoining state.

Mrs. W. S. Poole gave a demonstration on "Part Refreshments," stressing the thought that refreshments are served to promote hospitality, and at the same time are secondary to the entertainment.

"Light Refreshments" are in better taste than "heavy refreshments" and should be dainty, attractive, and delicious.

For outdoor party use colorful, inexpensive linens, durable dishes, and food that is easy to serve.

For afternoon tea or indoor party, use your best linen, silver and china. The three attractive plates displayed were "Lemonade with decorated ice cubes, a twig of mint, and love letter sandwiches," "Mint Julip with orange slice, pin wheel sandwiches and a flower on the plate,"

"Grape Gingerale, iced prime cake and Sunflower on plate."

Mrs. Poole says, "Our outdoor centerpieces should be eatable and most time fill our place of desert in the

menu. Hers for the afternoon was a very tempting tray of Cantaloupe with center and edges of concord grapes. Accompaniments on the tray were the paring knife and salt and pepper.

During the recreational period Mrs. Boyd conducted the interesting game of post office, with each guest receiving a letter enclosed with stunts to do, which was a program in itself. Mrs. R. R. Jones was voted winner and was presented a suitable prize.

Mrs. S. M. Crawford drew the attendance prize.

At the close of the meeting the hostess passed a dainty refreshment plate of punch and pinwheel sandwiches to the members and to Mrs. R. R. Jones and Miss Irene Owen guests.

Filing supplies. Hesperian.

'REFRESHMENTS' TOPIC OF DISCUSSION FOR H. D. CLUB

"Refreshments are served to promote hospitality," Mrs. D. D. Shipley told members of the Homebuilders Home Demonstration club when they met in her home July 28.

"Light inexpensive refreshments will do this better than heavy expensive refreshments; they should be dainty, attractive and delicious and served in small amounts so as to be easily eaten with the fingers. For outdoor parties use colorful inexpensive linens and durable dishes but for the afternoon tea use your best linens, silver and china," the speaker said.

Mrs. Raymond Teeple, president, presided over the meeting. Mrs. Shipley gave an interesting talk on her trip to the A & M short course.

Present for the meeting were Mrs. Pete Kendrick and Mrs. O. W. Howard, guests; members were Mesdames E. W. Moore, W. F. Weatherbee, John Lloyd, Elbert Parks, C. W. Denison, T. J. Heard, Raymond Teeple, L. L. Clark, Roy Curry, F. F. Fuqua, Misses Myra and Joy Dunavant and Daisy Aaron.

The next meeting will be August 11 with Mrs. Clark.

Mrs. Paul Boozer and daughter, Barbara Ann, of Omaha came last Wednesday for a visit with Mrs. Boozer's brother, Edd Johnson and Mrs. Johnson.

Mr. and Mrs. Lon M. Davis and Mrs. E. L. Angus attended the celebration in Canyon last Wednesday for the fiftieth anniversary of the town.

Former Editor Of Hesperian Does Book Tex. Court

Claude V. Hall, Founder Of Hesperian, Writes First Book On Courts

Claude V. Hall, former editor and publisher who established the Floyd County Hesperian here in 1896, has written what is believed the first book treating in detail the judicial system of Texas.

Mr. Hall is at this time a professor in East Texas State Teachers college and his latest book is "Judicial History in Texas." He spent four years of intensive study and research in the preparation of his material for the book and is the first book that has ever been done in regard to the Texas court system.

The first two years of his work was spent in historical research in an effort to present a logical background to the defects that have ground to the present judiciary deplorable. The next two years were spent in devising ways and means of adjusting these defects.

Evidence that the book is a good one and that it may create for a controversy in Texas judicial realms has already been received in form of letters from outstanding state and national jurists. Mr. Hall is considered one of the outstanding authorities in the field of political science.

The plan of the book is logical in every respect. It begins with a cursory view of the Texas court organization and then eases off into treatises of Texas trial court defects. Four chapters cover these defects of our system. Then Mr. Hall discusses some proposed plans for reforming our judiciary.

Professor Hall hopes that Texas will be a leader in judicial reform and that our courts some day will epitomize truth and justice to the highest degree of efficiency.

The T. P. Club Has Party At Home Of Mr. And Mrs. Bill McNeill

A book of records is the most important factor in determining payment for Tenant Purchase farmers on the variable payment plan, stated Farm Security Administration Chief R. L. Hauter of Amarillo who was present at a party Thursday night, July 20, at the home of Mr. and Mrs. Bill McNeill. Mr. Hauter talked encouragingly of Floyd county in relation to the Tenant Purchase program. He stated that land, improvements, prices and crops rank high in the program over the United States.

Present also at the meeting was Homer R. Robbins, tenant purchase chief, from the Amarillo office. Mr. Robbins was present when the Tenant Purchase Farmer's club was organized recently.

The T. P. club was selected as the name for the club from a number

of names suggested. Feed watermelon was served to the following guests, Messrs Hauter and Robbins of Amarillo, Mr. and Mrs. B. E. Harris and family, Joe Robinson, James J. Smith, Jr., Fred Baty, Earnest L. Thomas, William T. McKinney, Carrick Snodgrass, Alie Mae Tipps, Lorene Cook and the hosts Mr. and Mrs. McNeill and children.

The club decided to have a barbecue dinner for their August meeting. The time and place to be decided later. They also plan to make the barbecue an annual affair.

McCoy H. D. Club Report

INTERESTING MEETING AT HOME OF MRS. J. J. SPIKES

A picnic afforded much fun and pastime Friday for members of the Jolly Time and McCoy home demonstration clubs when they met in a joint get-together at the home of Mrs. J. J. Spikes.

Mrs. Sidney Johnston and Volene Hulsey were the winners in a story-writing contest.

The treasure hunt was more complicated as there was only one tucking comb on the premises, but some were borrowed from the guests and in this way several tied for the winners in the contest.

Many interesting things were reported by Mrs. R. F. Day in regards to her trip to the Short Course at College Station. She also discussed ways of training children in these modern times.

Refreshments were served to the following guests: Mesdames R. D. Cox, J. W. Crump, W. H. Brock, J. W. McLane, Opal D. and Jim Biagg, T. J. Davis; Misses Dorothy and Ellen Brock, Mary Helen Day, Volene Hulsey, Alma D. and Wootie Crump, Golda and Marie Cox.

Members present were Mesdames E. R. Griggs, Geo. L. Smith, Elton O'Neal, Jno. R. Shipley, Sidney Johnston, John Gray, G. H. Day, O. F. Cummings, T. J. Day, Harry N. Jones, Robert Day, R. F. Day, Willie Hulsey; Misses Clara Smith and the hostess Mrs. Spikes.

The club will meet August 11 with Mrs. John Shipley. Mrs. G. H. Day will give a demonstration at this meeting.

Mr. and Mrs. Elmer Englund and Francis Deatherage of Clovis, New Mexico, spent Sunday visiting in the L. H. Dorrell home.

Miss Dorothy Brock of Galveston is visiting her parents while on a three weeks vacation trip from her work at Nurses' Training.

Banner That Waved Over Ft. McHenry

Widow Sewed Flag That Was "Seen By The Dawn's Early Light"

The original "Star Spangled Banner" the hand, sewn flag that floated over Fort McHenry and gave the United States its anthem, is still a national relic. Preserved in the National Museum in Washington, it will be the center of attention next September, when the nation celebrates the 125th anniversary of its making, and of Francis Scott Key's masterpiece.

The immortal anthem was written on September 14th, 1814, as Key rejoiced at seeing "by the dawn's early light" that the stars and stripes still waved. He had spent the night pacing the deck of a cartel ship and watching a British fleet's bombardment of the fort.

The flag, which continued to wave triumphantly as the attack failed, was made by a widow, Mrs. Mary Young Pickersgill, of Baltimore. Mrs. Pickersgill's mother had made the "Grand Union Flag," under which Washington had taken command of the American Army at Cambridge, Mass., in 1776.

When the British invaded Chesapeake Bay, Mrs. Pickersgill was

given the task of sewing a flag for the fort defending Baltimore. The border called for a mammoth banner, 30 by 42 feet. Because of the size, a large floor was necessary for the work. The mayor of Baltimore, Edward Johnson, provided the maling floor of the brewery adjoining his home. The walls of the building are still standing.

The huge flag contained four hundred yards of bunting, and Mrs. Pickersgill and her daughter, Caroline, with guidance from Mrs. Young, worked day and night to complete it.

After the battle, Mrs. Pickersgill embroidered around the holes in the shot-torn flag. In 1912 the "Star Spangled Banner" was presented to the National Museum by a descendant of the Commanding Officer of Fort McHenry.

Baltimore and the nation will celebrate the famous flag's 125th birthday in September.

Conservation Checks For 1938 During July Reach Last Producers

Approximately the very last of the soil conservation checks of the Triple A program for 1938, numbering about 30 checks and totaling some \$20,000 have been received in Floyd county and have been distributed. County Agricultural Agent D. F. Bredthauer said last week.

The checks cover consolidated payments are practically completed for the year of 1938 in the county.

Figures recently completed by the State Board of Education, on which report has been given County Superintendent Clarence Guffee, give the final figures for Floyd county scholastic population at 2,606.

MRS. BARTLETT IMPROVING

Mrs. J. N. Bartlett is able to be sitting up this week after spending five days last week in a Plainview hospital for treatment of enlargement of the heart.

She was carried to Plainview Tuesday where she remained until Sunday. She is convalescing at the home of her daughter Mrs. Walter Hollums and family.

Clarence Snodgrass, jr., of Fort Worth, has been here and in Amarillo the past several days visiting relatives. He is a grandson of Mrs. C. Snodgrass.

Mrs. C. Snodgrass in company with Joe Dick and Norma Jean Moore, spent last week-end in Amarillo, guests of Mr. and Mrs. Arthur Savage.

Mr. and Mrs. H. M. Solomon and son, Dannie, and Mrs. Stanley and daughter, Ruth Marie, of Matarador, were guests Sunday of Mr. Solomon's mother, Mrs. J. S. Solomon and other relatives.

S. S. BAPTISTS CONTINUE BIBLE STUDY ON MONDAY

Ladies of the South Side Baptist church will continue their Bible study in the old testament when they meet at the church Monday afternoon at 4 o'clock.

Mrs. L. H. Sims is teacher of the study.

ON HONOR ROLL

Bert Ione Smith, daughter of Mrs. G. R. May, who is a senior student in T. S. C. W. at Denton made the honor roll for the first semester this summer in her work. She will complete her work for her degree in the last semester and return home the last of August.

Bert Ione has been doing outstanding work in her studies and taking active part in all school affairs.

3 GENERATIONS BOWL

Bill Hodel, manager of Floydada Bowling club, this week reported three generations bowling one morning last week at one and the same time.

With Mrs. Floy L. Selsor, grandmother, was her daughter, Mrs. Homer Steen, and her grandsons, Maurice and Phil Steen. "Yes, the grandmother shot the lowest score—a ninety-nine—which is better than you can do," he said to the reporter. He added that since Mrs. Selsor is also a great grandmother he would have gone out and hustled the great grandson (a wee youngster, Clifton Nabors) in to throw or kick or otherwise urge a ball down the alley to make it four generations in the contest had he known about it sooner.

SCOUT COURT OF HONOR SET FOR TUESDAY NIGHT

Sixteen Floydada scouts are due to appear before the scout court of honor on Tuesday night at the First Christian church to receive honors and advancement which they have earned through their work as scouts.

On Tuesday night of this week J. C. Gilliam and O. P. Rutledge, Jr. held the scout court of review with some 25 scouts present.

Mrs. Noel Troutman and daughter, Josephine, are in Waxahachie this week on a visit with Mrs. Troutman's parents, Mr. and Mrs. D. S. Brown. Mr. Troutman accompanied his family to Iowa Park, visiting until Sunday afternoon with his mother, Mrs. L. Troutman.

P. T. A. GARDEN PROJECT IS PROGRESSING NICELY

The P. T. A. Garden project under the supervision of Mrs. Stella McNeely is progressing nicely and with continued work a number of vegetables will be available for the Andrews Ward cafeteria at the opening of school to be used in preparing meals for underprivileged children.

The garden is a government sponsored project and not only furnishes vegetables for needy children but is giving employment to several relief clients during the summer months.

The garden is on an acre of land furnished by George McAllister on his place west of town and is being worked with very little expense to the P. T. A. organization.

Last week just about the time the beans were ready for canning someone, whose hunger for beans or who does not know the object of the garden, helped themselves to several bushels thereby depriving the needy children of several warm meals in the cafeteria this fall and the local sponsors are asking the co-operation of the public in protecting the vegetables that they may be able to keep the cafeteria in operation during the school year.

McADOO BAPTISTS BEGAN REVIVAL LAST SUNDAY

The McAdoo Baptist church began a 10 day revival on July 30 with J. A. Branaman, pastor, delivering the message assisted by Elder W. H. Day of Waxahachie.

Elder Day is one of the leading ministers in lower Texas, having held some of the more important pastorates in the state. The public is cordially invited to attend.

Mrs. W. E. Matthews of Tusculum, Alabama, accompanied by her father, R. S. Turner and sister, Miss Doris Turner of Sheffield, Alabama, came Friday for a weeks visit with Mrs. Matthews' daughter, Mrs. Ray Chapman and Mr. Chapman.

Rev. and Mrs. Clifford Potts and daughter, Jo Ann, and Ruth Hamilton spent the past week-end in Levelland visiting with Rev. Pott's parents.

Mr. and Mrs. Charlie Wilson of Huntington Park, California were visiting friends in Floydada Saturday and Sunday. They were enroute home from Memphis where they attended the Hall County Old Settlers' reunion. From here they were to visit relatives at Plainview and Amarillo before returning home the middle of the week.

McCoy News

McCoy, August —A good rain fell in this community Saturday and again Sunday. It was needed badly. Farmers are saying that seed put into the ground some months ago is now sprouting.

Services were well attended Sunday morning but only a few were out Sunday night as the rain was pouring down.

Miss Freda Jackson is much better according to reports this week although she is yet quite ill.

The WMU entertainment Monday night was a success according to those attending. Mrs. Thelma Johns, Mrs. John Grey and Mrs. Hobart Day were joint hostesses with Mrs. James Smith and they kept the crowd entertained and playing games. After the entertainment refreshments were served. Rev. Sidney Johnston is conducting a revival at Starkey. A number from this community are attending the meeting there.

The meeting at the Baptist church in this community will begin on August 11 instead of August 14 as was previously announced.

Mr. and Mrs. Elber Ewing have moved to the Will Simpson place.

Half Minute Interviews

J. N. Gullion: "Roaring Springs swimming pool overflowed Sunday afternoon from the dashing rain on the draw. They were moving mud several inches deep from the pool and around."

Born to Mr. and Mrs. Cleo Stephens a daughter on August 1. The little lady weighed eight pounds.

Miss Bernice Bishop of Vega and Tom Bishop of Amarillo were weekend guests of their mother, Mrs. Jennie Bishop and other relatives.

Mr. and Mrs. John Hardy and son, John, Jr., of Gainesville visited Monday night with Mrs. Hardy's brother, Rev. J. E. Eldridge and Mrs. Eldridge. They were enroute to Colorado on a vacation trip.

Irick Community Needing Moisture

IRICK, August 2.—This part of the county has had very little moisture. Showers have fallen all around but the ground is still dry and farmers are about caught up with their work until it rains.

Row crop work is over, wheat stubble is turned over and we are hoping for a good rain soon.

Billy Samman returned home Sunday after a two weeks vacation visit with his grandparents Mr. and Mrs. Lewis Goen of Hale Center.

Mr. and Mrs. Williams of Lockney were in this community on a business visit Saturday.

Mrs. C. Caldwell of Hale Center has been a guest for the last two weeks in the home of her son and family Mr. and Mrs. Pat Caldwell.

Alford Dew of Hale Center, a nephew of Allen Dew has been visiting his uncle this week.

MRS. GREEN SPEAKER FOR CENTER CLUB MEET

"We all know that the automobile doesn't get very far down the road without a license, a form of tax," said Mrs. Jas. A. Green, in her report on Taxes at the meeting of the Center Home Demonstration club Tuesday afternoon at the home of Mrs. W. P. Sims.

The lesson was on "Tips on serving summer refreshments and Taxes." Mrs. W. B. Jordan presided over the meeting. Roll call was answered with an answer to "Have you refurnished a piece of furniture and tell about it?"

Mrs. Jas. A. Green read some interesting material on "Taxes: who pays, what for?" Taxes are classed as sales, payroll, income, amusement etc. People make the remark that there is nothing certain in this world except taxes and death. Who pays these taxes? People of course; why pay taxes? To raise revenue to meet local, state and national expenses of education, defense, government, public health, roads, etc.

A round table discussion on "My favorite way of serving light summer refreshments." Mrs. E. W. Lightfoot brought an angel food cake with a dime in it. Mrs. Travis Lightfoot received the dime and will bake the cake for the next meeting.

The club will meet August 8 with Mrs. A. W. Anderson. Topic of discussion will be "Convenient dressing center in the bedroom." Miss Wilson will be present for the meeting.

Present were Mesdames W. B. Jordan, J. A. Green, H. B. Mannings, J. L. Montgomery, A. W. Anderson, Clarence Finley, Travis Lightfoot, E. W. Lightfoot, Cullen Bullock, W. P. Sims, T. L. Collins, Ruth and Doris Jordan.

Changes Due In Gasoline Refund Law

Comptroller Issues Statement On New Provisions Effective September 1

Farmers and gasoline dealers—as well as all others who under the law are entitled to a refund in gasoline taxes—were urged by Comptroller George Sheppard to study the terms of a new state law making several material changes effective September 1.

Farmers are among largest users of gasoline upon which the tax is levied, and after September 1, Sheppard pointed out, the comptroller can pay refunds only to those who purchased their fuel from licensed dealers. Hence it is important from the users' standpoint that they make certain the dealer is licensed.

The departmental analysis of the law showed that these changes were made:

1. Beginning September 1, 1939, the comptroller is prohibited from issuing warrant in payment of a refund claim on any motor fuel not purchased from a licensed dealer.

2. All dealers in motor fuel for refund purposes must obtain license from the comptroller authorizing such dealers to sell such motor fuel. Failure to obtain license subjects the dealer to criminal prosecution.

3. Licenses and invoices of exemption will be furnished the dealer, free of cost, by the comptroller's department when application is made therefore.

4. All invoices of exemption will be serially numbered, and each supply furnished a dealer by the comptroller's department will be charged to such dealer, and an accurate account of all such invoices of exemption must be kept by the dealer. No other form of invoice of exemption must be kept by the dealer. No other form of invoice of exemption may be used than that furnished by the comptroller.

5. The dealer is required to keep

accurate record of all motor fuel sold, for a period of two years.

6. Blank invoices of exemption not transferable or assignable unless authorized by the comptroller. Dealer is not authorized to lend or give away invoices of exemption, as he must keep accurate books, records and account of all invoices of exemption issued to him.

7. Invoices of exemption must be issued at the time of delivery of the motor fuel. Heretofore such invoices have been issued at the time of sale.

8. Unless the users of refund motor fuel and the dealers who sell refund motor fuel are advised of this change in the law a great deal of confusion will result, and a lot of refund claims will not be payable. It is, therefore, important that each user of refund motor fuel who expects to file claim for a refund of the tax acquaint himself with the new provisions of the law.

As I See It

Bill Hams

Although election year is yet some five months off and the first primary is even further, politics are just about as widely discussed now as in the thick of the battle on ordinary years. This I have concluded after meandering around in the southern and western part of the state while managing to outlast two weeks of vacation.

After talking to oil field workers, politicians, bankers, and other newsmen in several towns and cities, as well as feeling the pulse of farmers and other ordinary souls there is just one conclusion to draw and that is Governor O'Daniel will be re-elected by a handsome margin of votes next year.

So, if you are planning to run for the governorship you had best wait until 1942 to enter the ring, either that or you will just be asking for a walloping.

Even the prospect of a sales tax, transactions tax, or any other kind of tax don't faze even the most conservative anymore it seems because they have been whipped from pillar to post by O'Daniel's supporters until the man that is "anti-O'Daniel" feels about as comfortable as a Jew in Berlin.

Just anyway you want to look at the 1940 election year, you can bet O'Daniel is a better cinch for reelection than Joe Louis to retain his championship.

We folks up here cuss and cuss our weather, our soil, our market, and just about everything else connected with farming and business. The folks further away from our county look with interest upon the things done here.

The farmers in other counties point to this county as one of the best examples of rural electricity and are pushing their organizations along the same lines. They feel that if they had our facilities for irrigation they could do wonders.

They read in the papers where Floyd county raises potatoes, sugar beets, alfalfa, cotton, feeds, wheat, vegetables, and wonder why Floyd county isn't rivalling the Rio Grande valley in diversified food and feed stuffs.

We may not appreciate the possibilities of our county but we can feel assured that other folks in other parts of the state do.

Our crops aren't much behind those of some other counties, they were pestered with a prolonged drought too and didn't get much of their planting done until July 1 or even later. Of course there are strips of country with cotton waist high and corn tall as the eaves on a house. The boys in those strips got rain when the rest of the farmers were going around with nothing but a dark future facing them.

John (CIO) Lewis left himself open to trouble when he tried to verbally spank Texas John Garner in a speech the other day. When it comes down to just cussing and calling the other fellow hard names.

we bet Cactus Jack could lay Lewis in the shade in the first paragraph. Garner however kept his mouth shut, which is good politics, and let his friends take cracks at the CIO king. No doubt Lewis helped Garner much more than he harmed him because decent folks don't cotton much to the CIO organization or its tactics.

ARM HURT, LEG CUT, HEAD INJURIES ALL IN ONE FALL

Fred Taylor got hurt last Thursday morning a half a dozen ways but none of them serious enough to keep him laid up during the week-end.

When he fell from the sharp roof of a new service station he is building in southwestern Floydada suburbs he:

Got a severe sprain in the wrist and hand of his left arm;

Was severely cut along the left shin for several inches when he slid across something that ripped the flesh down close to the bone;

Was injured about the face and head, mostly bruises;

And, when he came to, was in bed with members of the family and a physician working on him. He was unconscious for several minutes.

Taylor will finish the station when he gets well enough. He plans an independent station that will be a modern adaption of some of the better small stations in the area.

Miss Jameson, the daughter of Mr. and Mrs. J. A. Jameson, is now doing her senior work in Foods.

Sunday School Lesson

Elijah: A Life of Courage
International Sunday School lesson for August 6, 1939.

Golden Text:—"The Lord is far from the wicked; but he heareth the prayer of the righteous." Prov. 15:29.
Lesson Text: I Kings 18:30-39.

30 And Elijah said unto all the people, Come near unto me. And all the people came near unto him. And he repaired the altar of the Lord that was broken down.

31 And Elijah took twelve stones, according to the number of the tribes of the sons of Jacob, unto whom the word of the Lord came, saying, Israel shall be thy name:

32 And with the stones he built an altar in the name of the Lord; and he made a trench about the altar, as great as would contain two measures of seed.

33 And he put the wood in order, and cut the bullock in pieces, and laid him on the wood, and said, Fill four barrels with water, and pour it on the burnt sacrifice, and on the wood.

34 And he said, Do it the second time. And they did it the second time. And he said, Do it the third time. And they did it the third time.

35 And the water ran round about the altar; and he filled the trench also with water.

36 And it came to pass at the time of the offering of the evening sacrifice, that Elijah the prophet came near, and said, Lord God of Abraham, Isaac, and of Israel, let it be known that thou art God in Israel, and that I am thy servant, and that I have done all these things as thy word.

37 Hear me, O Lord, hear me, that this people may know that thou art the Lord God, and that thou hast turned their heart back again.

38 Then the fire of the Lord fell, and consumed the burnt sacrifice, and the wood, and the stones, and the dust, and licked up the water that was in the trench.

39 And when all the people saw it, they fell on their faces: and they said, The Lord, he is the God; the Lord, he is the God.

Introduction
In our last lesson we studied the life of the king and conditions in Judah. We saw very clearly how a good king was able to influence the people to worship God. In our study today we will not see the king so much, for he is in the background; but the conditions in Israel will be seen clearly—these conditions resulting from a weak king being dominated by a wicked, idolatrous wife, though the subject and main thought are that of Elijah's courage. There are some very interesting and important facts intervening which should be read in order to have a full apprehension of the lesson. It will be interesting also, to see how continuously God watches over Israel, even when they err or go astray. The lesson proper is a showdown between God and Baal. Baal was worshipped as "God of the Sun," from whom all life was supposed by his devotees to emanate. This worship had become widespread and popular in Israel through the influence of the wicked queen, Jezebel. Our lesson starts with Elijah's part in the meeting of Elijah and the prophets of Baal on Mt. Carmel.

MEMPHIS RODEO GOOD

Two score or more Floyd county people attended the Old Settlers' Re-Union and rodeo at Memphis Thursday and Friday of this week, 20 or more of whom were from the immediate vicinity of Floydada.

The rodeo was a good one and other features which marked the two-day celebration were all of the same general excellence, said Mayor Glad Snodgrass and Chamber of Commerce Secretary J. Claude Henderson, who attended the event on Friday.

Mr. and Mrs. J. N. Johnson had as their guests Saturday and Sunday Mr. and Mrs. Charlie Wilson of Huntington Park, California. Mr. and Mrs. Wilson former Floydada residents, had been to Memphis to attend the old settler's reunion of Hall county where they were reared.

Mrs. Dora Crain and granddaughter, Mary Charles, who are here on a visit with her sister, Mrs. G. A. Linder, went to South Plains Saturday for a visit in the home of Mr. and Mrs. Carl Daniels.

Mrs. M. J. Rhew returned to her home in Dallas Sunday after visiting for some time with her parents, Mr. and Mrs. Tom Shaw.

Buster Smalley of Amarillo was a week-end guest of his mother, Mrs. Ama Smalley.

The 10th of the Month is Their Pay Day---

and You are the Paymaster

You may be an employer—or an employee. In either case you know the meaning of "pay day"!

Running a business is like running a household: Current income must be depended upon to meet current expenses. Help must be paid regularly. Materials purchased must be paid for according to terms. Rent, light and other bills must be paid when due.

The merchant, the physician, the dentist—all credit granters—in order to meet their obligations, must insist on prompt payment of their accounts in accordance with standard terms.

Each month's charges are due on the first of the following month and payable not later than the 10th. The 10th, by courtesy, is the final date for payment—after that, bills are considered delinquent.

You are their paymaster! Prompt payment of their accounts will enable them (and their creditors in turn) to pay their bills promptly. Everyone will benefit, including yourself—for paying bills promptly builds a good credit record.

Use your credit freely and pay all bills by the 10th or promptly as agreed

Negro Ball Team Plans To Upset Lockney Yanks

The Lockney Yankees will again tangle with the Lubbock Hubbers, famed Negro team from the Hub city, Sunday afternoon at the Lockney baseball park.

The Yanks dusted off the dusky lads 10 to 9 on July 23 but the Hub city boys say "them white boys ain't seen nothing yet," meaning that the Yanks won't even see the fast ball pitched by John Henry, new addition to the Negro pitching staff. The Hubbers swear that Henry throws the fastest ball in West Texas. One Negro says that "Henry's slow ball is so fast you can't see it until the catcher tosses it back to the pitcher."

Anyway it will be a ball game and the Yanks have been defeated only twice this season.

GEORGE QUIRK RELEASED ON BOND WEDNESDAY P. M.

George Quirk, of Floydada, was released from the Hale county jail Wednesday on a \$750 bond following charges of driving while intoxicated.

The charges resulted from an accident Sunday night at the corners of Eighth and Columbia streets in Plainview in which five persons were injured, one critically.

Those injured were Miss Joan Cooper, Plainview, fractured skull and possibly spine injuries, Robert Manning, Finney Switch, and Carroll Monroe, Plainview, fractured jaw, Miss Mildred Ray, Plainview, and George Quirk, Floydada.

Miss Cooper, the most seriously injured, was still in a critical condition Wednesday night with doctors holding small hopes for her life, of officers in Plainview said.

ODD FELLOWS MEET
Odd Fellows of Floydada, Silverton and Matador lodges met Sunday afternoon on the Curt Martin ranch west of Matador, where they enjoyed a get-together and dinner that was one of the most enjoyable of the year. Among those present for the event were a number of the Matador members, Mr. and Mrs. B. Nichols and family, Mr. and Mrs. J. N. Gullion of Floydada and Judge J. E. Daniel of Silverton.

VISITORS RETURN HOME
Mr. and Mrs. Mark Martin had as their guests from Sunday until today Mrs. Martin's sister, Mrs. J. G. Steadman and son, J. G. Jr., and daughter, B. Louise and Gene Seely all of Valley View.

Monday the hosts accompanied their guests to Lubbock and Tuesday the party visited and saw the country at Adrian and Amarillo. Mrs. Martin and son, Fred, had been in Valley View and Gainesville for the past week visiting. The guests returned home with them.
