## Farm Booth At 3 Fairs From Floyd

### Bredthauer Enumerates Needs From Floyd County Farm For Shows

Arrangements have been made with the Tri-State Fair at Amarillo and the South Plains Fair at Lubbock by D. F. Bredthauer, county agricultural agent, to represent Floyd county with an agricultural booth at each of these fairs. Plans have also been made to send an exhibit to the Dallas Fair.

As each of these fairs will require a large amount of agricultural products and it also happens that articles can be used in individual exhibits, any one having agricultural products which he would like to place in the county exhibit or in an individual exhibit can deliver their products to the office of the county agricultural agent and their products will be put on exhibition. However it will be impossible to return products.

## Action Postponed By Commissioners On S'West Roads

No definite action was taken by the Commissioners Court of Floyd county this week on the road petitions seeking new 100-foot routes from the vicinity of Highway 207 to Petersburg in Hale county, where it is hoped a new highway will be established to make travel northeast more feasible, reducing the mileage very considerably.

## County Committee Studies Land Use, Farm Problems In Meeting Held on Monday

### Good Drive-In Suggestion Given By Councilman

How to make a drive-way that is usable in all kinds of weather and still not cause a ruckus on your back on account of dammed up water, was suggested by Councilman J. W. Lanier this week. Lanier is one of a committee of the council named recently to give streets attention and direct street improvements now under way.

A small bridge is sometimes practical, but many times it is not because of its weight and size. Soil that washes and blows into the ditches has to be removed occasionally. When this happens the bridge usually is damaged to some extent in removal and re-placing.

### Approval Of Tax Roll For 1939 Given By Commissioners Court

A net decrease of \$44,064 in the total tax valuations for Floyd county was shown in a statement given the Commissioners' court Monday by the assessor-collector's office when the tax rolls for 1939 were approved by the court.

## \$44,000 Decrease In County's Tax Rolls From 1938

Decreases were indicated in personal property renditions, in railroad bed, in railroad intangibles. Increases were shown in real estate, in city property, rolling stock and banks.

Personal property valuations at \$1,261,461 were \$22,059 less than a year ago. Railroad roadbed at \$354,374 were \$5,340 less than a year ago, and railroad intangibles at \$359,400 were \$52,000 less than a year ago.

## Unusual Attendance Record Awards Given At Christian Church

## Floyd County Doesn't Need Any Outside Help to Gather Crops, Say Commissioners

### Shut Down Of WPA Jobs For Season Will Be Sought, Report

Floyd county farmers do not need any outside help to harvest cotton and feed crops, officials of the Commissioners court believe. To discourage the importation of help and to make available all possible farm help in the county the court will shut down all local WPA jobs as soon as the present contract is completed north on Highway 207, and the right-of-way fencing jobs are finished in Precincts 1 and 3. These are now under way but will be finished soon, the commissioners think.

## Arrests Made On Saturday May End Irrigation Thefts

The arrest last week of three Crosby county boys and the recovery of considerable loot may end the thefts that broke out during the past two weeks.

## COTTON MARKETING CARDS ARE READY TO BE ISSUED

H. H. Marshall, assistant county agent in agricultural administration, last week announced the local office is prepared to issue 1939 cotton marketing cards. They are in colors red, white and blue. White cards will be issued in cases where there is no 1938 carry-over penalty cotton and where the grower is not overplanted for 1939.

## Editorial

### BRIEFS ON CURRENT THOUGHT

Don't let your trees die from neglect this fall and winter. Nearly all the Floyd county trees which have died from "borers" et cetera et cetera, died not from borers but from neglect of the man who owned the ground on which they grew.

Lord bless the American Medical association, blast their hides. Anybody who starts a squabble with them is likely to find himself on the wrong side, and embarrassed before he gets through. But the doctors are as wrong as they can be at times and along some lines.

W. T. McKinney, rural rehabilitation supervisor for Floyd county, believes very thoroughly in underground silos. He believes a ton of "post toasties" out under the ground now and sealed up is worth four to five times what the same feed would be worth in a stack on top of the ground.

Uneasy rests the head of the foreigner that owns anything in Mexico. First the land, then the oil wells, and now it is utilities properties. A Cuban firm last week lost its properties to the Mexican government—an expropriation. Does the American Department of State have a headache?

Who wants watermelons without seeds? A college professor away up in Oshkosh or somewhere has developed such a thing. He has never had the pleasure of spitting out the seed from a real watermelon, we venture. Just think! Melting in your mouth and nothing to spit out!

### FOR IRRIGATION FARMERS

Irrigation farmers who may have it in mind that the "when" of planting is not important because they have plenty of water to go along with the sunshine and the fertile soil, ought to get a calendar that gives them all the dope.

For instance, why is it that one feterita crop with one watering makes two tons per acre of good heads, and another with two or three waterings has a tough time getting through with some fair to insignificant heads? The difference is in the "when" of planting, especially, and watering, incidentally.

Plant your feterita in the moon, give it a good watering and watch it do good.

### THE LONGEST BRIDGE

The longest bridge across Red river, anywhere from its source to the northeast corner of Texas, was dedicated last week near Vernon. This bridge, the dream of Vernon citizens for twenty years or more, makes an all-weather passable crossing of the red muddy, treacherous stream we call Red—from Texas to Oklahoma, from Oklahoma to Texas.

The bridge has significance to many citizens other than those resident at Vernon and in Oklahoma immediately across the line. It makes travel through Floydada from the northeast possible the year 'round. Henceforth nobody will have to apologize for a washed-out bridge at that particular point. A resident of New York City or Washington, D. C., may now begin a journey to California by way of the Lee Highway and never look back. He knows he will "make" Red river, which he could not know formerly.

Statistically, the bridge is a mile and a few

hundred feet long. It cost something under a half million dollars. It is above the highest high water mark. It is a thing of beauty. It represents the life ambition of half a dozen or more men more able than this writer, possibly more able than the reader of these lines. Of such ambitions and accomplishments is life made up.

### THEY MAKE GOOD SPEECHES

In all the years the Texas State Highway commission has operated there has not been a breath of scandal in connection with its dealings. True, they haven't done what we wanted done all the time. True, they straightened out some roads that might have been left alone for awhile while they did not do what we wanted done.

But these matters, everyone of them, can be accounted for on the basis of the commission's judgment. We must assume that any man will use bad judgment occasionally, and good judgment, too.

In addition to the fact that the state highway commission is and has been made up of men of high integrity, it just came to our notice a few days ago that these fellows are experts at pulling out the eagle's tail feathers. They can make speeches—about Texas and the great southwest, about the pioneers, the home-loving citizens, the boys and girls we are rearing, and all that thing. They've baled hay and helped open towns, and picked cotton. They've seen oil booms come and go. And they can talk our language about all of these things. They are good speech makers.

### MOON CHANGE WEDNESDAY

There was a moon change yesterday, meaning the moon changed on Wednesday the day before this newspaper was put in the post office. This is written Saturday, but naturally the newspaper man like the farmer must look ahead to the calendar and the moon changes.

The particular moon change, hitting in the morning, and just ahead of the fall equinox cannot possibly be ignored. It definitely has something for us. The Hesperian, seeing its living gone a-glimmering this winter, if something doesn't happen to change this hot weather, here and now bets we see through 'til spring. But we can't see through that long if it does not rain almost immediately. There's got to be some grass and some wheat pasture and late feed just ahead of the frost. Which means we expect the moon to bring us rain.

So watch your moon change and the equinox and get your stuff in shape so a chilly rain won't do it any harm.

### WHICH ARE CIVILIZED?

Which of the peoples of the earth are most civilized in fact?

Americans readily agree that ours is the most nearly civilized area of the earth. But the Chinese think of themselves the same. Our travelers journey to the far interior of Gobi and find there men whose pride in their lineage, their ways and their legends is most intense.

Doubtless it is just the point of view, this business of who is and who is not civilized.

### OPTIMISTIC NOTE

Now with war on us if we can only have another crop like 1918! Youngsters can ask their papas and mamas.

### As A Farm Woman Thinks

(By Nellie Witt Spikes)

**Time August 20, Sunday.—Place Shiloh National Military Park, Pittsburg Landing, Tennessee.**

It is a beautiful day, a shower has fallen the night before. Soft white clouds float over head and mirror themselves in the beautiful blue Tennessee River. A busy ferry boat goes back and forth, carrying people and cars from one side to the other. Cars from New York, from Illinois, Kentucky, Florida and many other states are parked near the museum or going over the 3700 acre park. Tall oak trees shade here and there, placards tell places of interest, cannon balls in pyramids show where Generals had their headquarters, long trenches outlined by cannon balls, hold the boys in gray, who are lying there three and four deep covered with the pale yellow soil, where now green grass is growing.

Here is the tree where brave Sydney Johnston fell, down in a little ravine near where he died in the arms of his aides. In a beautiful cemetery lie the boys in blue, each buried in a separate grave. Smooth walks wind around under cedar, pine, and magnolia trees. At one end in a semi-circle lie six flag bearers of the north, fallen in that terrible battle of Shiloh.

A young peach orchard is coming on, taking the place of the one there so many years ago, when the old log church of Shiloh has been marveled. On ground was the park Old cannon stand.

We pause before the large costly monument erected in honor of the south by the Daughters of the Confederacy. Life size statues show the cavalryman and the infantryman. At the top are three figures. The middle one is the South, death with bowed covered head pitying bends.

### FLOYD COUNTY 14 YEARS AGO

*From a letter from Mrs. J. E. H. of the Floyd County Hesperian published in Memphis, Tennessee, June 29, 1939.*

(Issue of September 17, 1925)

The first meeting of the Parent-Teacher association this year will be held at the high school auditorium Friday afternoon at 3:15. All mothers and patrons of the school are urged to be present as plans will be made for activities and organization for the year.

Blanco canyon was at the highest watermark level witnessed in years the first of the week. Following heavy rains that fell over all portions of the county, beginning Thursday and falling heaviest late Saturday night. The stream was so high that tourists and mail carriers had to wait some ten hours before attempting to cross. J. W. Clonts, carrier of the mail on route 1 was delayed Monday and made his deliveries the day following.

Burglars entered Massie Wholesale company's store sometime between 6:30 Saturday afternoon and Sunday night and got off with candies and other small merchandise valued at about \$40. Entrance was made through the basement and no clues of the robbery have yet been found, nor were any other stores reported entered.

With a total of 667 students enrolled, showing an increase of 30 over the entire nine months' total, the Floydada Public schools have begun work with prospects for one of the most successful years in history. Following classifications that have been going on since opening Monday, changes have been made, lesson assignments and other details have been arranged and everything is very satisfactory, officials of both the South Ward and high school state.

An urgent call for fruit, grain and vegetable exhibits from Floyd county for three, perhaps four, Texas fairs have been sounded by T. Scott Wilson, county agent. The fairs at which Mr. Wilson expects to have exhibits are The Amarillo Fair, opening September 26; Lubbock Fair, September 30 to October 3; Wichita Falls Fair, October 3 to 8; and Dallas Fair, October 15-26.

Heavy damage from hail and wind resulted from a storm that swept portions of the county Thursday afternoon and night of last week. It has been estimated that 1500 bales of cotton and several hundred acres of feedstuff were included in the toll of losses.

The list of petit jurymen for the second week of court, summoned for Monday, September 28, are W. B. Hatcher, S. P. Gilliland, C. M. Lyles, L. A. Holland, Walter Baxter, R. L. Casey, A. W. Anderson, J. T. J. Dawson, Edell Dubois, M. F. Gilbert, T. S. McGehee, C. W. Denny, F. C. Cole, W. E. McClure, J. L. King, B. H. Horn, John McDonald, S. M. Hardgrove, Chas. N. Elam, C. V. Ford.

G. B. Johnston, O. R. Goolightly, W. B. Hall, T. N. Clark, H. D. Ashley, T. J. Heard, Joe R. Evers, E. L. Carter, J. L. Clinkscale, O. H. Johnson, John Hodel, J. H. Karr, R. A. Garrett and W. H. Furrow. The Floyd County Federation of Women's clubs will hold their fall session Saturday of next week at Aiken, beginning at 10 a. m., and an all-day program has been arranged.

near on one side, night on the other. The head of General Johnston is carved in the pure white marble. Eleven heads are carved on one side, of Johnston showing young men eager and confident of victory, on the other side are carved only ten. Their heads are hanging down, despair is written on their faces. Near the river are huge Indian mounds. The guide tells us one was dug into and three seven foot skeletons were removed.

The government stopped further digging. Here is no dirt like that in the huge mounds on this side of the river. Indians must have brought it over from other side in canoes. In the museum we see many things picked up on the battlefield after the battle but somehow the fine tooth combs touched me more than anything else.

By the help of the guide and the histories, I have in my mind a picture of the battle of Shiloh which I shall attempt to give to you.

**Battle of Shiloh**  
The time was before daybreak March 6, 1862. General Grant was camped along the Tennessee River near Pittsburg landing. Federal gunboats were on the river General Albert Sydney Johnston's army was farther back. All at once Sherman who was near, heard the firing of cannon and saw the smoke of battle. The little old log church of Shiloh, built in 1857, was in the center of the firing. Other ears beside those of Sherman heard the firing and saw the smoke. The women, the old men and the children had made ready the day before to attend services at Shiloh next day.

The women had gathered the turpentine greens and pork salad to go with the corn pone, cooked on the fire-place, and had made the molasses cakes and dried apple pies. Saturday night they washed the children in the wooden tub and put them to sleep in their trundle beds. Old men sat in the candlelight and thought of their soldiering in the war of 1812. They were sad because they were too old and feeble to join their sons and grandsons in their fight for their beloved south. The women read their Bibles in the dim light of the tall candles, prayers rose from every home for their men at the battles front.

But the women, the old men and the children did not go to church that fateful Sunday. Fear clutched hearts, sons and husbands were in the inferno that raged in sight and sound of many of their homes. All day the battle raged, in the peach orchard where a young fruit crop was promising, in the open spaces, in deep ravines, north and south side by side with their glassy eyes staring to the blue sky. The ground was drenched with the red blood of young men. Mangled, torn and shrieking for water they knew was trickling from the spring that made Shiloh branch.

Johnston's force outnumbered that of Grant and the north had to give way. Deep sadness came to the victorious when the word that their beloved leader, Albert Sydney Johnston was dead. Killed by a bullet through his knee, his life blood ebbed out on the battlefield of Shiloh. Night came and the firing ceased. Men and horses rested a few hours. The south confident of final victory on the morrow. But as they lay sleeping, they never heard the silent marching of many men and the moving of heavy cannon. Monday dawned cold and a slow rain was falling. A major part of Gen. Don Carlos Buell's Army, which had come in the night, changed the tide of victory, and the Confederates were forced to withdraw. Far heard above the angry guns a cry across the tumult runs; The voice that rang through Shiloh's woods. And Chickamauga's solitudes: The fierce South cheering on her sons.

The tattered standards of the South Were shivered at the cannon's mouth. And all her hopes were desolate. Oh the horror of that battle! The first day the woods got on fire and many men were burned to death. The underbrush was so thick, the cavalry could not do much fighting, only carried messages. The little pond afterwards to be known as the bloody pond, was a pool of human blood. Men had to step on their dead fellow men, dead horses were everywhere. Soldiers leaned low to hear the last messages from the dying to mothers and wives and sweethearts. After the smoke of the battle had cleared away, the men came back to bury the dead, 1754 boys in blue and 1728 boys in gray. 8408 of the north injured and 8012 of the south. 3000 of the north captured and missing, 1000 of the South. There under the oaks they were piled three and four deep in long trenches. The sweet honeysuckle gave its perfume, the red bird the melody. The battle of Shiloh, fought by young men, volunteers, the first major battle of the war was over.

Above the bayonets mixed and crossed. Men saw a gray gigantic ghost. Receding through the battle cloud and heard across the tempest loud The death cry of a nation lost. The brave went down without disgrace.

They leaped to ruin's red embrace Fold up the banners! Smelt the guns! Love rules. Her gentle purpose runs.

A mighty mother turns in tears The pages of her fallen years. Lamenting all her fallen sons.— Will H. Thompson

An inscription on a marker in the cemetery. On Fame's eternal Camping Ground Their silent tents are spread, And glory guards with solemn round The bivouac of the dead.

### Breath-Taking Stunts Will Feature Grand-Stand Show At Fair

#### Exhibitors Showing Marked Interest In Forthcoming Event, Says Fair Officials

LUBBOCK, Texas, Sept. 11.—In another ten days or so the 26th annual Panhandle South Plains Fair will be in full swing.

Announcement was made this week by fair officials of the signing of the contract with Ace Lillard and his Death Defiers to present one of the most sensational and thrilling exhibitions ever staged in the southwest. This auto thrill show will be held Friday and Saturday afternoon in front of the grandstand.

Firing with the Grim Reaper every minute of the two hour show, these dare devils will put their cars through routines foreign to this section of the state. Crashing a brick wall, leaping the leap of death, tail spins, ski jumps, mid air crash at 90 mile an hour impact, and many other breath-taking stunts, will furnish spectators a thrill a second.

Final touches are being put on exhibit buildings as painters finish their work. Trees have been trimmed and the grass cut, all making ready for what promises to be the best fair in the history of the association. The new drinking fountains, as pictured, are now ready for the fair patrons, young and old, to use.

Wednesday and Thursday will be children's days, so officials announced. Each county and city school superintendent has been notified of their particular day.

Exhibitors are showing a marked interest in the exposition this year. Already more than 20 counties have made reservations for county exhibits and a large number for community exhibits. Individuals have already made reservations for livestock and agricultural exhibits.

#### Mt. Blanco News

MT. BLANCO, Sept. 12.—Rev. V. F. Crabtree, our pastor for another year preached two inspiring sermons Sunday.

The W. M. S. met at the church Monday afternoon. Seven members were present. They were Mrs. Crabtree, Mrs. M. J. Mosley, Mrs. S. G. Appling, Mrs. H. W. Fite, Mrs. Hoyt McClure, Mrs. J. O. McMurray and Mrs. W. A. Latta.

The Friendship Circle met Thursday, September 7 at the home of Mrs. J. H. Watson as hostess with approximately 45 ladies present, in an all day quilting. A covered dish luncheon was served at the noon hour. "Pollyanna's" were exchanged and revealed and names were drawn for the next three months.

New officers elected were Mrs. S. G. Appling, president; Mrs. Wesley Hay, secretary; Mrs. Henry, vice-president; Mrs. Dorcay, assistant secretary.

#### PURCELL'S

### Spinal Column

#### Questions

Q. Why do you use the word adjustment instead of "treatment"?

A. The word adjustment means the mechanical restoration by hand of the spinal segments, which in turn release the pressure on nerves (which is the causative factor in disease). In fact it is the all inclusive word—it gives expression to just what I do in my office that gets sick folks well.

Q. Why are there so many different kinds of chiropractic?

A. There may be different chiropractors, but there is only one chiropractic. Men may differ, but the working principle of chiropractic remains a constant factor, that pressure on nerves is the cause of disease and the removal of pressure brings about the restoration of health. All true chiropractors are united on that principle.

Q. Do chiropractors handle any other cases except crick and sprains in the back?

A. Yes, chiropractors handle practically any and all types of ailments. Those who would "limit" the scope of chiropractic are either limited in knowledge of this science or else they have a purpose in misleading you. Moral! See your Chiropractor first.

## GRANDDAUGHTER OF LOCAL COUPLE MARRIED IN ABILENE

Announcements of the marriage of Miss Charisie Guimarin daughter of Mr. and Mrs. T. S. Guimarin of Olney, to Edwin Harold Jackson of Fort Worth, have been received by relatives here.

The wedding took place at the home of the bride's sister, Mrs. J. T. Haneey, of Abilene. Rev. William H. Townsend read the ceremony at 5 o'clock Saturday afternoon, before an altar of gold and bronze chrysanthemums.

The bride who was given in marriage by her father, was dressed in a gold colored Jersey dress, with blue and black accessories. Her flowers were Mexican orchids.

The couple will make their home in Fort Worth.

The bride is a granddaughter of Mr. and Mrs. T. P. Guimarin and a niece of Mrs. J. G. Wood. She has visited here a number of times with her relatives.

## Family Re-Union September Holiday For J. A. Meadors

Mr. and Mrs. J. A. Meador long time residents of Texas celebrated the Labor Day holidays with a family reunion at their residence at 4001 S. Polk, Amarillo, Texas.

At noon Sunday dinner was served to eighty-two members of the family. In the afternoon an appropriate devotional service was conducted by Reverend Roy A. Kemp.

The ten children of Mr. and Mrs. Meador—Mrs. J. B. McKemie, Brownwood, Texas; H. H. Meador, Springdale, Arkansas; C. C. Meador, Plainview, Texas; Mrs. O. B. King, Plainview, Texas; Mrs. J. G. Halford, Amarillo, Texas; Mrs. A. E. Hanks, Albuquerque, New Mexico; Mrs. Albert Byars, Canyon, Texas; Arvell Meador, Amarillo, Texas; Mrs. Carl Chini, Burbank, California; and J. Paul Meador, Roswell, New Mexico, were all present. Sons-in-law and daughters-in-law present were J. B. McKemie, J. G. Halford, Albert Byars, Mrs. C. C. Meador and Mrs. Paul Meador.

Mr. and Mrs. Meador have ninety-two direct descendants, ten children, fifty-seven grandchildren, and twenty-five great-grandchildren. In-laws in the family bring the total number to one hundred and nineteen; this does not include five deceased.

Born in Kentucky in 1866 and 1862 respectively, Mr. and Mrs. Meador were married March 1, 1883 and came to Comanche county, Texas in 1893. They also lived in Johnson and Ellis counties before they moved to Floyd county in 1912. In Floyd county Mr. Meador was active in organizing the first singing convention to include the entire county. He was its first president, and was elected to that office seven consecutive terms. Mr. and Mrs. Meador have lived in Amarillo since 1919.

## WOMAN'S COUNCIL HAS LESSON ON STEWARDSHIP

and Water Conservation set up. He said that a petition from Floyd county had been submitted to the State Board asking that a hearing be held at Floydada at an early date with the hopes that a Soil and Water Conservation district will be set up in this county. J. A. Taylor, Edgin community, W. H. Nelson, Baker community, C. V. Lemons, Cedar community and John K. Holmes, Starkey community were named to serve on a committee to study these relations.

Harry Morckel, member of the Floyd County Dairy Development association, discussed the present milk situation and explained how the present land use planning program would help in the organizing of bull circles in the rural communities for the purpose of building up higher butterfat records. He also pointed out that at present Floyd county dairy men are taking the beef cattle route by crossing their milk herds for beef production. He stated that Floyd county does not produce enough milk for present food and home consumption and that in the future a possible shortage of good young dairy cattle will occur. Members of the Dairy Products association committee are Bill McNeill, D. S. Battey, Harry Morckel, W. H. Nelson and E. L. Angus, all of Floydada.

R. M. Battey of the Pleasant Hill community discussed with the Land Use Planning committee the need of an agricultural building for Floyd county to properly house the Agricultural Conservation program, which will bring to Floyd county during 1939 over \$800,000 in payments. This building would provide quarters for the home demonstration agent and the county agricultural agent. The present program is a long time program and can increase production in a time of crisis as well as curtail production when a surplus exists.

Mrs. S. J. Latta, Floydada, R. B. Gary, Harmony, L. A. Williams, Harmony, Henry Schacht, Aiken, Ben Quebe, Providence, Mrs. A. H. Kreis, Dougherty, Harry Morckel, Floydada, Mrs. J. S. Hale, Harmony, and W. H. Nelson, Baker were named to serve on this committee. This committee is to work on securing an agricultural building for Floyd county with whomever is to sponsor this building program.

Judge G. C. Tubbs presented to the committee plans which had been drawn up to date and the court is making the necessary survey and investigations as to the possibilities of Floyd county sponsoring the erection of this type of building, he said.

Dale Strickland is visiting in Jacksonville and Houston this week and will also spend some time in other South Texas points. He is expected home this week-end.

Mr. and Mrs. Alpha King and son, Bobbie Ned, of Lorenzo, were weekend guests of their parents, Mr. and Mrs. R. B. Calhoun and Mr. and Mrs. E. C. King.

### Sunday School Lesson

Micah: A Messenger of Social Justice

International Sunday School Lesson for September 17, 1939.

Golden Text:—"What doth the Lord require of thee, but to do justly and to love kindness, and to walk humbly with thy God?" Micah 6:8.

1 And I said, Hear, I pray you, ye heads of Jacob, and rulers of the house of Israel: is it not for you to know justice?

2 Ye who hate the good, and love the evil; who pluck off their skin from off them, and their flesh from off their bones;

3 Who also eat the flesh of my people, and flay their skin from off them, and break their bones, and chop them in pieces, as for the pot, and as flesh within the caldron.

4 Then shall they cry unto Jehovah, but he will not answer them; yet he will hide his face from them at that time, according as they have wrought evil in their doings.

5 Thus saith Jehovah concerning the prophets that make my people to err; that bite with their teeth, and cry, Peace; and whose puteth not into their mouths, they even prepare war against him:

6 Therefore it shall be night unto you, that ye shall have no vision; and it shall be dark unto you, that ye shall not divine; and the sun shall go down upon the prophets, and the day shall be black over them.

7 And the seers shall be put to shame, and the diviners confounded; yea, they shall all cover their eyes: for there is no answer of God. 8 But as for me, I am full of power by the Spirit of Jehovah, and of judgment, and of might, to declare unto Jacob his transgression, and to Israel his sin.

9 Hear this, I pray you, ye heads of the house of Jacob, and rulers of the house of Israel, that abhor justice, and pervert all equity.

10 They build up Zion with blood, and Jerusalem with iniquity.

11 The heads thereof judge for reward, and the priests thereof teach for hire, and the prophets therein divine for money; yet they lean upon Jehovah, and say, Is not Jehovah in the midst of us? no evil shall come upon us.

12 Therefore shall Zion for your sake be plowed as a field, and Jerusalem shall become heaps, and the mountain of the house as the high places of a forest.

13 Where with shall I come before

Jehovah, and bow myself before the high God? shall I come before him with burnt-offerings, with calves a year old?

7 Will Jehovah be pleased with thousands of rams, or with ten thousands of rivers of oil? shall I give my first-born for my transgression, the first of my body for the sin of my soul?

8 He hath showed thee, O man, what is good; and what doth Jehovah require of thee, but to do justly, and to love kindness, and to walk humbly with thy God?

The Lesson Background

"Amos was a native of Judah, but he declared his message to the northern kingdom of Israel. He denounced social injustice, oppression of the poor, self-indulgence and similar evils. He declared the righteousness of God and the divine requirements for our individual lives in relation to our fellow men.

"Hosea, on the other hand, was a native of the northern kingdom of Israel, and he voiced his prophetic message to his own people in Israel, while denouncing the sins of the people who failed to appreciate the love of God, he gave a beautiful presentation of the meaning of God's love for His people, and pleaded with them to return to Jehovah if they would keep their nation from going down to destruction.

"Both of these prophets carried on their work during and after the reign of Jeroboam II in Israel, and of Uzziah in Judah. Micah, whose life and work we shall study today, preached to the people of Judah while Jotham, Ahaz and Hezekiah reigned over Judah. The period of his prophetic ministry included the time of the downfall of Samaria and fall of the northern kingdom of Israel. Contemporary with Micah, the prophet Isaiah declared the message of God to the people of Judah. It is well to remember these four prophets as working at about the same time, or at least during the same century."—F. J. Glow, Jr.

# Will Major War Mean Cotton Up?

Dean of Tech Textile Department Gives Discussion at Club

Dean Earl Heard, of Texas Tech Textile department, Tuesday told a meeting of farmers and business men at the Lions club that the plains country is irrevocably tied up in the cotton industry, because the bread and butter cotton of the country is grown in this section.

The long staple growing area in the Mississippi delta will compete successfully with this area but in the high cost areas the growers are going to have a hard time showing

Glad Snodgrass

"Smart Wear for Men Since 1909"

a profit on their cotton-growing operations. Discussing the probable effect of a major war on cotton prices he pointed out that a huge surplus of staple is on hand and that production can be tremendously increased in any year, leaving the thought that probabilities of conditions in the cotton market of the world war being repeated are only vague.

That the big years in West Texas are needed to level out the lean years in cotton production was pointed out by the speaker who believes that a yield basis rather than an acre basis may be developed in the farm control program.

### Floyd Takes lead

Floyd county has taken the lead in improving cotton staple in this state. Mr. Heard said. The best gins in the United States are in the plains area and at every gin there is conscientious effort to use these facilities to the best advantage. The possibility of introducing humulifers in the West Texas gin of the future and the importance of germination testing were touched upon.

Guests at the meeting included L. A. Williams, J. W. Lanier, C. T. Scott, A. H. Kreis, Glad Snodgrass, G. L. Snodgrass, Robt. Gary, Tate Jones, W. Edd Brown, E. C. Hayden, O. G. Glassmoyer, Malcom Ward, Geo. B. McAllister, Herschel Green, H. H. Marsman, Lee Rushing, W. F. Ferguson, Robt. McDonald, and Dennis Probasco.

...re they are, the boys and girls you will see mostest on the gridiron this fall, in the upper left picture you see the 1939 Pep Squad leaders, Lula Lee, La Nell Harmon and Jane Clark. In the lower left picture are the let termen and squadmen from last year (front row, left to right) Dillon Patterson, George Lider, Emmett Hinson, Raymond Fickes, James Johnson, and Carl Minor, (upper row) Gordon Patterson, R. E. Golightly, E. L. Tyler, Herman Goen, Frankie Jones, Bennie Crawford, Bruce Foster, and Royce "Big Foot" Turner. Top right picture, there are the newcomers from the other sections and from the town too. Lower right picture, returned letter men are Dillon Patterson, R. E. Golightly, George Lider, E. L. Tyler, Emmett Hinson, and Raymond Fickes.

## Whirlwinds Open Season Here Friday Night

Floydada Whirlwinds will have their first official public appearance tomorrow night when they will play at the Wester Field under the stars. The invasion of the Slaton Tigers is a traditional hard fought

Tigers skinned the Whirlwinds 26 to 0 without a great deal of trouble as the Whirlwinds were playing without the services of George Fry Lider, experienced back.

About everything the Whirlwinds thought was wrong while they went to town on baffling line and off tackle smashes. The Slaton and White lost almost as much yardage with their punts as they gained from them.

Whirlwinds hope to reverse last year's score on the Tigers and point to the 14 to 6 upset defeat of a Slaton eleven in 1937 as an example. Observers generally feel that the superior size and experience of the Slaton Tigers will make the difference. They feel that the difference is approximately one touch-down in favor of the Cats.

Whirlwinds however have a number of things in their favor. For one thing they will be playing on a new field and they will be playing at night. Some eight of the players saw service against Slaton last year.

Odell Winter has his boys playing and tackling much better than they did last year, and if any other players are better shape physically now than when they met the Slaton before, although the training has been considerably shortened.

The Cats will probably have their full strength of players and both are physically fit on the field. Lider, an excellent punter and a plunging hard running

## LOCKNEY TO MEET FRIONA THERE FRIDAY

### Walter Travis Selected Chairman Dist. 4-A

back when he and the injury jinx aren't crossed up, appears in fine fettle at present.

He has been booting the ball "a country mile" and has been showing up well in practice with his ball handling. Golightly probably will share the passing duties with Lider and will divide ball toting honors all the way. Golightly is probably one of the hardest tacklers and blockers in the conference and fans already have the "all-district" eye on him. Golightly will back up the line and will probably get 50 per cent of the tackles made behind the line of scrimmage.

Patterson, known as "High Pockets" to his mates, will probably fill in at one wing back and will anchor the ball from the safety spot on defense. He will handle the ball on spinners and sneakers and will likely do his share of pass snagging. Patterson has long polished the bench as understudy to backs and it is likely that he will get his chance to shine Friday night.

The other wing back slot is in the air at present but Rushing, a new comer to the football ranks, will probably alternate at the other wing-back slot with Foster. Rushing is fast developing into a good blocker and tackler and may come through as an efficient ball carrier. Foster has the edge in experience but to date has failed to show the drive and pep that has characterized (See Whirlwinds Back Page)

The first meeting of District 4-A executive committee was held Monday night at Matador upon the call of Superintendent Thomas, vice-chairman of the committee, of Spur. All schools in the district were represented by superintendents and coaches.

Chairman Thomas called the committee to order and explained to them that since A. D. Cummings, former superintendent of Floydada high school, and chairman of the committee had moved from the district that a new chairman be elected.

The committee unanimously elected Walter Travis superintendent of Floydada schools as chairman of the committee immediately upon his nomination by Superintendent Wilson of Paducah. Since Principal O. K. Davis of Floydada who was selected as secretary of the committee was absent, Travis appointed Bill Hams secretary for the meeting.

Schedules were straightened out and final announcements made on rules and regulations as well as fees concerning the district during the coming year. The committee voted that admission to all conference games be 10, 25 and 50 cents and that the visiting school take care of the admission of bus drivers or the drivers of automobiles which hauled the visiting team to the game site.

It was also agreed to allow all band and pep squad members into

games free when accompanied by their sponsors or other school officials and when properly identified at the gate.

The next meeting of the committee will be held in Floydada. No date was set for the meeting since it is to be called by the chairman.

No decisions were reached on protests, or whether bonds would be posted by protesting schools although it was agreed by the member schools that some ethics should be regarded on the protest matters and the manner in which protests were conducted and handled.

Coaches of the schools met and tentatively selected officials for their various games.

The District 4-A champions, Lockney Longhorns, will travel to Friona to open their fall grid wars. The Longhorns are minus the services of their last year spark plugs Brotherton and Hill and two excellent ends and tackles.

Coach Leo Cooper feels that he has a chance to develop his team into a strong district contender but is prepared to sacrifice his undefeated record to do it. The boys who have come in as replacements are competent but lack the experience necessary to fill their spots without error.

Lockney's backfield is probably as well balanced as any in the district, although it lacks a great deal of being as fast and dangerous as that of '38. Parrack will probably call signals and do some of the ball carrying duties but will share them with Big Bob Davis, line crunching full-back. The two "alikes," Virgil and Curtis Kelley will hold down the wingback slots and carry out the blocking assignments. This backfield will average near the 170 pound mark.

The line will be Lockney's problem this year. Captain Jimmie Allen, all-district guard, will undoubtedly be the rock around which Cooper builds his defense and offense. Holman Owen will flank Miller, center on the other side.

Both guards are rough numbers and plenty capable of holding down their jobs, Glenn Williams and Wayne Bybee will attempt to carry out their duties at the tackles but may find the job hard to fill, having (See Lockney Back Page)

# Red Raiders Get Ready For Wars

The shrill, clear sound of Coach Pete Cawthon's football clarion has echoed over the vast, wide-open South Plains of West Texas. A welcome call for Texas Tech's colorful and rugged Red Raiders to don gridiron regalia and start fall practice...the prelude to their big excursion into the 1939 football wars.

To the battle field the Red Raiders will go on Saturday night, September 30th when they put down a touchdown barrage against the Texas School of Mines at El Paso...the first of eleven games in which they hope to seize by authority of boasting one of the nation's better 1939 football juggernauts. The Red Raiders face the new season with determination to equal last year's record when they finished as one of the country's seven untied and undefeated major teams plus being the nation's highest scoring major team with 274-points.

Fifteen returning lettermen, nine of them regulars from the superb '38 team, will form the solid foundation and four walls of the 1939 aggregation. From these nine tried and true regulars, four are up as potential All-Americans this season. They are Rex Williams of Sherman, 190-pound center who played 495 minutes last season; Bill Davis, bruising, rugged 220-pound left tackle from Grapevine who will serve as line captain this year; Dixie White of Lubbock, this year's captain and 198-pound right guard,

and Holt Waldrep of Slaton, 190-pounds of supreme left guard and line star of the Dallas Cotton Bowl game.

The right tackle spot is one of those "may the best man win" affairs between Rafe Nabors of Lubbock, Thurman Bostick of Brownwood, Durwood Herring of Mineral Wells, Norman Cox of Dallas and Heppy Michna of Chicago with Bostick, Nabors and Herring the favorites.

Prince Scott of Grapevine and another Dallas Cotton Bowl ace, appears to have the right wing slot fastened to his belt buckle but may get some torrid competition from Clarence Tillery of Grapevine, Robert O'Connor of Dallas, Jack Wheelis of Mart and Rudolph Gracey of Brownfield, but they will have to be super-good to take the job from the deadly tackling Scott.

George Webb of Itasca, last year's regular, faces the hottest competition on the squad in such promising youngsters as Francis Bingham of Spur, Arthur Weber of Sherman, Clarence Jahnke of Chicago and Robert Duncan of Henderson. If Webb retains his left end post he will have to show All-American possibilities.

Charles Calhoun, last year's punting star, and Raymond Flusche, last season's regular signal barker, have the inside call for the quarterback slot with Ty Bain of Mexia and Byron Mayfield of Sweetwater offering the outstanding competition.

C. L. Storrs, the rangy 196-pound demon from Lubbock High school, will get a grand opportunity to display his wares as a triple threat star at the left halfback slot but if the fails to come through as expected then Coach Cawthon will have Woodrow Ramsey of Chillicothe, Eugene Carl of Waco, Thomas

Douglas of Houston and Jess Wright, Jr., of Anton to fill the slot.

E. J. McKnight, a reformed end, will probable get the first call at right halfback. Fast, a great pass catcher and football smart, McKnight promises to make Mexia citizens proud of him this year. Billy Dodd of Sherman, a southpaw passer, thinker and runner; Milton Hill of Lubbock, Glenn Lowe of Grosebeck and Jessie Clayton of Hereford are the other fine right halfback prospects.

Walter "Bull" Rankin, a splitting 197-pounds of T. N. T. from Colorado City looms as the starting fullback. If he lives up to early indications this Rankin will be the greatest fullback in Tech's young football history. Charles Dvoracek of West and Roger Smith of Rising Star are the other two fullbacks.

Employing the Notre Dame system the Red Raiders will start their tenth football campaign under the Coach of Peter Willis Cawthon and Russell "Dutchey" Smith. Under the guidance of these two mentors the Red Raiders have won 65, lost 22 and tied four games. They have been held scoreless in only 7 of their 91 games.

from time to time to oust them from the starter spots.

James Jonnston undoubtedly has earned the right to start at the center post because of his hustle and drive for the past two seasons and his "try" this year. Although a little light for the pivot post he has more than made up for that weakness through hustle and plain "toughness."

Although that will give some idea of the possible starting lineup for Floydada changes may be made in that lineup before or during the game as new hands are tried out. Winter expects to give most of his squad a "try" whether the game is a win, a lose or a draw.

stepped in behind such boys as "Big" Williams of the all-district team.

Hohlaus and Hayes will play the end positions. The line will average near 160 pounds.

A lack of substitutes will probably pester the Longhorns this year. If injuries hit the herd no doubt the

going will be decidedly tough but they can get by the injury jinx

### Pictures Inside

Pictures of the 1939 Lockney Longhorn team appears on an inside page of this section. These are the boys that will defend the district championship against Floydada, Ralls, Crosbyton, Spur, Matador and Paducah.

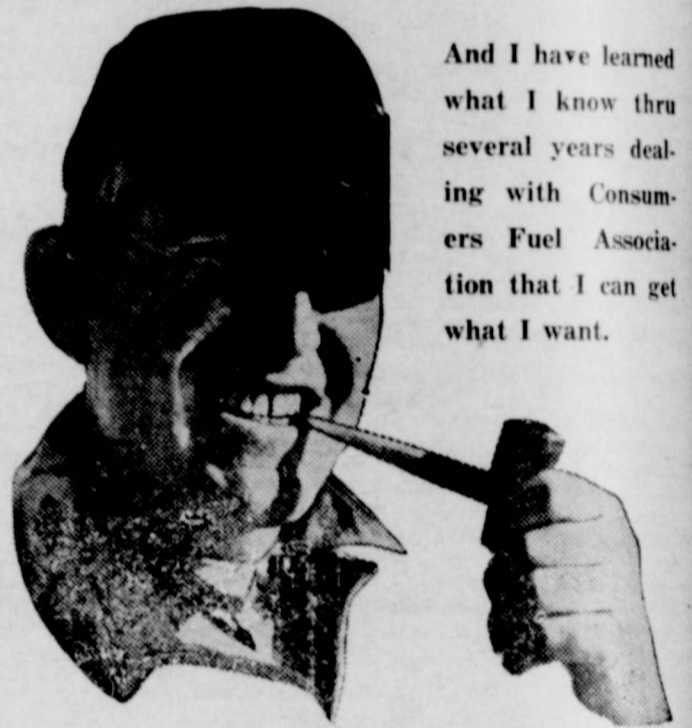

Longhorns may be the team to beat again for the district title.

The Friona team is considered to be several touchdowns better than last year and are pointing for the Lockney outfit as sort of a season opener with "revenge" in mind. Lockney took Friona last year 19 to 0 but Friona promises that it won't be that way this year.

It appears that the Longhorns and the Lockney fans may be taking Friona too lightly, in spite of Coach Coopers warning that the Friona team will be "tougher" than last year.

However if Friona defeats the Longhorns it will be classed as an upset.

Rushings play. In the line, "Tillie" Tyler will peg down one of the end spots. Tyler is a letterman and will be making his bid for all-district recognition this year. He is fast and a good pass catcher and a good man on defense and the fans will see a good wingman at work if they keep their eyes on Tyler.

The other end post is yet in doubt, and Coach Winter has made no indication just who may take it over. Frankie Jones is a promising prospect but lacks experience needed to handle that important position against such a team as Slaton is bringing to town.

The tackle spots will probably be handled by Royce "Big Foot" Turner and Dillon Patterson. Patterson is a letterman from last year while Turner earned a squad award. Norman "Git" Goen will probably see plenty of action at one or the other tackle spots during the night as he is one of he most promising tackles to appear on the field in many a year.

The guard spots will likely be filled by Raymond Ficks, and Emmett Hinson although Winter may put Crawford and Frankie Jones on as starters so that the two first string boys can watch the action of a few minutes. Crawford and Jones have shoved Ficks and Hinson during the past two weeks and have threatened
