Big Crowds See Boxing Tournament

"Fats" Mitchell Loses Heavy-weight Title To Wayland College Fighter

Jimmy Hodges, 190 pounds, of Wayland college, Plainview, captured the heavyweight crown at the second annual Floydada Amateur boxing tournament Friday night in the final bout on the card, defeating Rhea "Fats" Mitchell, 195, formerly of Lockney and now of Texas Tech, the defending champion, in a three-round slugfest which brought a capacity crowd of more than 300 fans to its feet for the finish.

Hodges, after going to the canvas briefly in the first round, came back strong to take the second and third and had Mitchell on the ropes at the final gong. Both fighters will be entered in the heavyweight division at the district Golden Gloves tournament in Lubbock next week.

Four knock-outs featured the card Friday night, bringing the annual two-day tourney to a successful close. In the bantam weight class, Homer Kennamer, 120 pounds, of Floydada won over Gene Redd, 121 of Floydada by a technical K. O. in the second round. Redd had defeated Weldon DuBois of Floydada Thursday night, and Kennamer had taken the nod over Verne Graham in one of the fastest and best fights of the opening night.

Jack Noble of Plainview scored a knock-out over Wilson Bond of Floydada in 1 minute and 20 seconds of the second round in the featherweight division; and Brown of Lockney scored a technical K. O. over McKinney of Plainview in the third in a featherweight tilt which proved to be one of the best fights of the evening.

The two lads fought furiously for two rounds and were still swinging when Referee Bo Saxton stopped the fight in the third. Both boys were exhausted, and Brown collapsed momentarily as he was leaving the ring. McKinney won the championship in his weight at the Plainview tournament last week.

The fourth K. O. of the night came in the lightweight division when Leroy Chowning, 135, of Floydada knocked out J. W. Ballard, 135, of Lockney in 40 seconds of the third round. In two other bouts in the same weight division, John McCleskey of Floydada defeated A. Womack of Floydada, and Ray Belk of Plainview, lightweight champion of the Plainview tournament, took a hard-won decision from Bennie Crawford of Floydada.

Crawford had defeated Womack in the opening round Thursday night, and had lost a decision to Belk earlier in the week at the Plainview tournament.

One of the most exciting fights of the evening was staged by Gilbert Lester, 109 pounds, of Plainview, and Clois Childers, 112, of Lockney in the fly-weight division. Lester won the nod after three rounds. (See BOXING page 7)

Funeral Services Held Sunday For R. P. Millican

Robert Porter Millican, 49 year old Cone farmer, died at a hospital in Big Spring early Saturday morning. Funeral rites were conducted Sunday afternoon from the Cone Baptist church, with Rev. Jarrett Martin in charge, assisted by Rev. Bill Wideman.

Interment was in the Cone cemetery under direction of Harmon Funeral home of Floydada.

Mr. Millican was born at Robert Lee in Coke county, Texas, on June 12, 1890. He had lived at Cone for 21 years, and was a resident of Floydada for two years before moving to that community, having come here from Robert Lee to work for the American Flour mills in Floydada.

Speaks To Rotary

State Representative Alvin R. Allison of Levelland was the principal speaker at the Rotary club Wednesday, speaking to fellow Rotarians on "Vocational Service." Allison is a candidate for election to the state senate from this district this year.

1940 Grid Dates In District 4-A Loop Scheduled

Coaches and superintendents of the seven schools in District 4-A met at Matador Monday afternoon and set up the 1940 conference football schedule.

Floydada, Crosbyton, Matador, Ralls, Spur, Lockney, and Paducah are included in the conference loop. Four teams will open conference play on October 4, when Crosbyton and Matador will meet on the Matador gridiron, and the Lockney Longhorns clash with the Paducah Dragons at Paducah.

The remaining loop contenders get in action on October 11, when Matador's Bullfighters meet the Spur Bulldogs at Spur, Lockney's Longhorns face the Crosbyton Chiefs at Lockney, and the Floydada Whirlwinds open the season on the home gridiron with the Ralls Jackrabbits.

On October 18 Ralls and Spur meet at Spur, and Paducah invades Crosbyton. On October 25, Ralls plays at Matador, Spur at Lockney, and Floydada at Paducah.

November 1 is the big date of the year for local fans when the Whirlwinds and Longhorns renew a gridiron rivalry of long standing at Western Field in Floydada. On the same date, Spur goes to Crosbyton and Paducah will play the Jackrabbits at Ralls.

November 8 sends the Whirlwinds to Matador, while Crosbyton and Ralls meet on the Ralls gridiron.

Paducah and Spur have scheduled the only conference game for November 11, which falls this year on Monday, and will meet at Jones Memorial Stadium in Spur.

On November 15 Floydada meets Crosbyton at Crosbyton, and Matador will play Lockney at Lockney.

Closing the conference season on November 21, the Spur Bulldogs will play at Floydada; Lockney's Longhorns will move to Ralls, and Matador will face Paducah's Dragons at Paducah.

Supt. J. D. Wilson of the District 4-A committee, succeeding Supt. Walter Travis of Floydada, and D. A. Edwards of Crosbyton was named vice-chairman.

District officials went on record at the meeting as opposing the new 18-year rule endorsed recently by the Texas Interscholastic League and due to go into effect with the coming season.

New Officers Installed By H. D. Council

Committees For 1940 Club Year Appointed Saturday By Council President

Members of the Floyd County Council of Home Demonstration clubs, meeting at the county courtroom in Floydada Saturday afternoon, formally installed new officers, elected at a meeting last November, for the 1940 club year.

Mrs. S. J. Latta of the Sunnyside club was re-elected at that time as chairman of the county council. Mrs. A. H. Kreis of Dougherty was re-elected vice-chairman, and Mrs. W. B. Jordan of Center succeeded Mrs. Herman King as secretary-treasurer.

All clubs in the county, with the exception of the Pleasant Valley organization, were represented at the meeting Saturday afternoon.

Reports on the 1939 work were read and suggestions for the 1940 program were heard. New members of the council were introduced by the retiring members.

The Farmer-Business Men's banquet, which is planned for a February date, was discussed by the council. Members of the Sand Hill, McCoy, Sunnyside, and Dougherty Home Demonstration clubs have been selected to serve the banquet.

Mrs. A. H. Kreis served as chairman of the meeting in the absence of Mrs. Latta.

The following committees were appointed to serve during 1940: Finance committee, Mrs. Clarence Brandes of Providence, Mrs. John Lloyd of the Homebuilders club and Mrs. John Smitherman of South Plains.

Exhibits committee: Mrs. A. H. Kreis of Dougherty, Mrs. W. H. Nelson of Baker-view and Mrs. R. H. Crawford of Antelope.

Yearbook committee: Mrs. J. S. Hale of Harmony, Mrs. W. D. Burke of Sand Hill, and Mrs. Dean Hill of Sunnyside.

Expansion committee: Mrs. W. P. Sims of Center, Mrs. Paul Cooper of Sterley and Mrs. A. B. Muncy of Pleasant Valley.

Sponsor: Mrs. John Booth of Providence; Reporter: Mrs. M. J. McNeill of Campbell-Fairview; and Recreation committee: Mrs. Walter (See NEW OFFICERS page 7)

M. P. Sparks Dies At Floydada Home Thursday Night

Funeral rites for M. P. Sparks, 84, were conducted Friday afternoon from the Harmon Funeral chapel, with Rev. N. E. Tyler in charge of the services, assisted by Rev. Lucille Bohannan, pastor of the Nazarene church.

Interment was in the Floydada cemetery under direction of Harmon Funeral home.

Mr. Sparks died at 11 o'clock Thursday night at his home here after suffering a stroke of apoplexy and a brain hemorrhage Wednesday. He had been seriously ill for nearly 6 months.

Most Handsome Beard.—Loyce Turner Floydada, senior engineering student at Texas Tech in Lubbock, is not a candidate for membership in the House of David. The beard was grown in keeping with a campus tradition in defiance of "dead week" at the college, and Turner won the prize as "most handsome" of Tech's bearded students. His companion above is Dorothy Dell Stovall, Tech co-ed from Floydada. (Picture courtesy Lubbock Avalanche-Journal).

County Asks Bid On 12,000 Annex For Courthouse

Meeting in special session last week, the Floyd County Commissioners court called for bids for the construction of a new Agriculture Building as an annex to the Floyd county courthouse, and gave notice of intention to issue interest-bearing time warrants in amount not to exceed \$12,000 to cover costs of construction.

Bids will be received at 2 o'clock on the afternoon of February 12. Plans for the annex have been completed, and are now on file.

The new building, if it is constructed, will be located on the southeast corner of the courthouse square, Judge Tubbs said Monday.

The judge hinted at the possibility of WPA participation in the project, though no official designation has been made. The county commissioners voted to issue warrants not exceeding \$12,000, and provided satisfactory bids are received covering construction costs within the amount of available funds, plans for the project will go ahead.

An architect's drawing of the proposed building is now on view in the office of the county judge.

Decision to call for bids and issue warrants was reached at a special session of the commissioners court Saturday, January 20. The measure was passed by unanimous vote, court records show. Attending the session were County Judge G. C. Tubbs, Commissioners A. S. Cummings, E. R. Harris, M. H. Taylor, and H. J. Nelson and County Clerk A. B. Clark.

GROUND HOG Day

Unless the clouds gather quickly over the plains area before morning, there's going to be a frightened ground-hog tomorrow and the entire area will be in for another six weeks of winter.

Tomorrow (Friday) is Ground Hog Day, and according to old tradition, the little rat who is America's most highly publicized weather prophet (Old Tack of Amarillo not excepted) will pop out of his winter quarters for a look at the weather. If the Ground Hog sees his shadow, the legend avers, he'll pop back in for another 6-weeks nap, but if for the day's cloudy, then he's out for the season and winter is over.

The prophet who's afraid of his own shadow may seem a bit unreliable, but never-the-less Mr. Ground Hog has a following... and February 2 is his day in the sun.

MAY BE "BLUE MONDAY" IN PODOUNK BUT IT'S A DOLLAR DAY IN FLOYDADA

Next Monday, February 5, may be "blue Monday" in the rest of the United States, but it's "First Monday" in Floydada.

And First Monday means Dollar Day! There'll be bargains in the stores, and extra dollars in the pocket for every Floydada shopper, a combination that's hardly calculated to turn any Monday "blue."

A custom of long standing started by Floydada merchants, every first Monday is a Dollar-Day special for shoppers in this territory. Leave the family wash in the clothes hamper and drop in to Floydada for a big "First Monday."

District Court Criminal Week Begins Monday

A petit jury panel for the third week of the current term of District court, designated as criminal week on the court calendar, was made up by the jury commission and summoned to appear in district court next Monday.

Serving on the jury commission were C. L. Minor, Arthur P. Barker, G. F. Weast and George Stiles.

The venire summoned is composed of Paul Snodgrass, G. A. Barton, Lee Rushing, Douglas Hollums, Frank Probasco, A. T. Swepston, C. L. Hagood, Charles Boedeker, Sim Shaw, Sam Jack, K. Terrell, C. V. Ford, Carrick Snodgrass, John McClendon, O. W. Schmidt, L. B. Cozy, Ben Brandes, Bill Beedy, D. S. Batten, W. H. Counts, J. B. Wigginton, W. P. Ware, C. M. Meredith, W. H. Hinkle, L. L. Jones, Ed Holmes, E. G. Collins, Ewald Quebe, W. R. Welch, C. R. Veigel, R. H. Ashton, C. A. Caffee, T. C. Hollums, and A. J. Randolph.

Three criminal cases are on the docket for next week. Two indictments were returned by the grand jury, charging Leo Hand and Lewis Manuel with felonies, and another, the State of Texas vs. E. B. Bloodworth, was held over from a previous term.

Court was idle this week, as the only three civil suits set for the opening weeks of the term were disposed of last week. The suit of Elmer Laughlin vs. E. B. Ritterbush et al. to recover title to 112 acres of land, situated 1 mile southeast of Lockney and being part of section 73, block G, D. & W. Ry. survey, was settled in favor of the plaintiff, Laughlin, after the defendants failed to appear. Winfred Newsome was appointed by the court to defend the suit. Laughlin was awarded title to the land, and costs were assessed against the defendants.

In the case of R. Cardinal vs. Louis Cardinal, costs having been adjusted against the plaintiff, and same paid by the defendant, the court ordered the clerk to pay \$36.60 to the defendant, Louis Cardinal, representing the amount paid by (See DISTRICT COURT page 7)

Charley McCollum Buried Sunday At Lockney Cemetery

LOCKNEY, Jan. 30.—Charley R. McCollum, 86 year old pioneer resident of Floyd county, died of pneumonia at his home in Lockney Saturday, after being in ill health for three years. Funeral services were held in the McCollum home Sunday afternoon, with Rev. Ernest McCoy of Slaton in charge, assisted by G. K. Wallace.

Interment was in the Lockney cemetery under direction of Harmon Funeral home of Floydada.

Mr. McCollum was born in Fayette county, Alabama, on November 19, 1854, and moved to Texas in 1884, settling in Callahan county. He came to this county in 1898, living on a farm near Lockney for several years, and later established a mercantile business in this city.

He is credited with building the first cotton gin in Floyd county in 1904, and erected Lockney's first stone and brick building in 1911.

He is survived by the following children, Mrs. Louetta Tanner of Clayton, N. M.; Mrs. Daisy Hadley of Lockney; Mrs. Maud Whitley of Pasadena, California; George Meriwether of Lockney; Tab Meriwether of Lockney; Alvie McCollum of Kress, Osborne McCollum of Amarillo, and Joe McCollum of Lockney.

Pallbearers were Mr. McCollum's sons, George and Tab Meriwether, and Alvie, Osborne, and Joe McCollum, and on grandson, Edwin Hadley of Amarillo.

Six granddaughters were flower attendants. They were Mrs. Elsie Sherman, Mrs. Zera Meriwether, Mrs. Ila Ruth Farris, Ruby Doris Yeats, Evelyn Bess McCollum, and Johnnie Lou Burnham.

Planning Board Sponsors Event To Aid Farmers

Outstanding Farm Leaders To Appear On Program In Series Of Talks

A two-day county irrigation school, under direction of the Floyd County Land Use Planning board, will be conducted at the Municipal auditorium in Lockney on Wednesday and Thursday, February 14-15, County Agent D. F. Bredthauer announced this week.

The irrigation sub-committee of the planning board met in the office of the county agent Saturday to complete plans for the school, which has been the outgrowth of study conducted by the Planning Board for several months in cooperation with the Texas Agricultural Experiment station at Lubbock.

A group of farm leaders from this county visited the experiment station last September, and Don L. Jones, superintendent of the station, made a tour of this county with Bredthauer to assemble information for comparison with experiment station data in an effort to formulate a constructive program of irrigation within the county.

A number of prominent leaders in agriculture and related fields are scheduled to appear on the two-day program which has been arranged for the school.

Among them are D. L. Jones, Captain Winfield Holbrook and Fred Lowe of the Texas Land and Development company, Plainview; M. K. Thornton, Jr., agricultural chemist with the Texas Extension Service, College Station; David A. Reed, agronomist with the Bushland Experiment station; Aldert Molenaar of the Utilization division REA, Washington, D. C.; H. E. Knapp, agriculturist with the American Crystal Sugar Co., Rocky Ford, Colorado; H. M. Rainer general agricultural agent for the Santa Fe Railway system; and R. E. Dickson, superintendent of the Spur Experiment Station, who last year was voted Texas Number One farmer.

The school will be opened at 9:30 Wednesday morning, February 14, with an address of welcome by Mayor T. Z. Reed of Lockney. L. A. Williams, chairman of the Land Use Planning committee, will deliver the response.

Among the topics to be discussed during the two-day school will be "Hydrologic Surveys," "Cotton and Grain Sorghums under Irrigation," "Fertilizers in Connection with Irrigation," "Wheat Under Irrigation," "Legumes Under Irrigation," "Problems Affecting Irrigation." (See IRRIGATION page 7)

Whirlwinds Take Thrilling Game From Longhorns

An inspired band of Whirlwind cagers broke the Lockney jinx Monday night, coming from behind in the final period to defeat the Longhorns in a conference basketball game on the local court by a narrow margin of two points.

The S. R. O. sign was out at RCA gym Monday night, and several hundred fans went wild as the game swept to an exciting finish.

The Longhorns took an early lead in the fray. Weathers hitting a scoring streak to stack up 8 points while his team-mates racked in five more to go ahead 13 to 8 in the opening period. The Whirlwinds rallied in the second frame and trailed by only two points as the half ended. The score was Lockney 20, Floydada 18.

Newberry and Patterson collaborated to tie the score at 22 all early in the third period, and the Whirlwind quintet played their fast-breaking opponents to a stand-still for the remainder of the period. Lader, fouled in the final seconds of the quarter, missed two chances to break the deadlock as his two free tosses bounded from the basket.

Newberry took advantage of a similar opportunity early in the fourth frame to sink two free tosses and send the Whirlwind ahead, a lead which was never lost, though the Longhorns twice came within a single point of tying the score.

Gordon led the scoring for the game with 12 points to his credit. The Whirlwind starters, Patterson, Newberry, Lader, Minor, and Rushing, with Jackson replacing Minor, played the entire game. Longhorn starters were Weathers, Parrock, Hartley, V. Kelley and C. Kelley.

Whirlwinds Win Roaring Springs Cage Tournament

Floydada's Whirlwind cagers captured top honors at the Roaring Springs Invitation basketball tournament at Roaring Springs Saturday, defeating Roaring Springs in the finals Saturday night by a top-heavy margin, 40-27.

The Whirlwinds, after drawing a bye in the opening round, entered the tournament Saturday morning, defeating Dickens in their opening game by a score of 38-16.

Playing again Saturday afternoon, the green and gold came through with a 35-20 win over Aspermont to enter the finals against Roaring Springs.

Eight gold basketballs were awarded members of the winning team.

Editorial

SOMETHING FOR THE HISTORIAN

How good, honest, well-intentioned workmen are permitting themselves to become regimented by government is one of the historical facts now being recorded in our nation. It is undoubtedly a thing that will loom big in the pages of history 100 years hence.

To protect themselves from racketeering in their own ranks by thugs and Communists and worse, if possible, union men are sponsoring laws that virtually enslave them to the courts. They have gone so far as to say that a man cannot belong to a union if he doesn't want to, that he must accept a union status, that he cannot be a fool if his mind and some peculiar kind of reasoning would have him be such.

There are unions which are commonly known to be entering into agreements and understandings with huge corporate interests to violate the Sherman Anti-Trust law, in restraint of trade for the purpose of gaining temporary advantage over fellowmen. And they are going to be taken into the courts about it.

Union men or farmers or bankers who go into this kind of thing and insist on having raises in wages and reductions in hours by law some day will realize that the same agency which can raise can lower.

It is all an involved mess that has behind it neither rhyme nor reason, is calculated to give one man an unmoral advantage over another, and certain to make the breach wider between the man who digs the nation's wealth from the soil and the man who processes it to make it ready for human use.

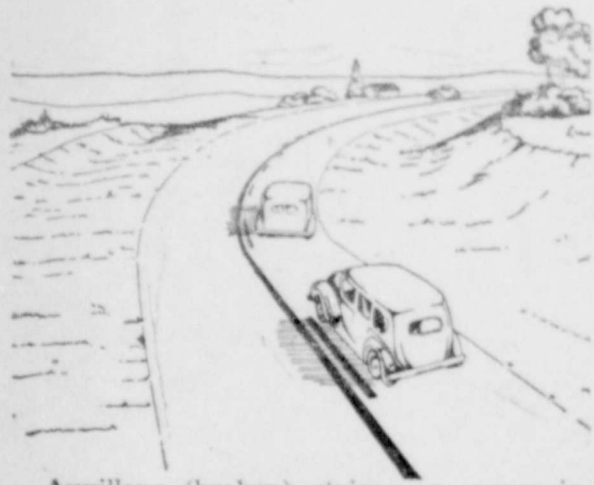

The nation which has been making a fight against corporate greed for decades now will have to make a similar fight against the same kind of thing in the ranks of labor. Humanity learns its lessons slowly and through most painful process.

AMERICAS' NEUTRAL SEAS

To those who cannot make reason out of the "neutral zone" established by North and South American nations in the western hemisphere, extending hundreds of miles out into the sea, we suggest the plan is simply one for the purposes of argument and negotiation possibly years from now.

European nations, fighting their war, have declared a huge area of the ordinarily

My Country, 'Tis Of Thee

Copyright 1940 Lincoln Newspaper Features, Inc.

accepted free seas as dangerous waters in which neutrals must submit to various seizures and other indignities by the warring nations, particularly England. If England can set up a "zone" of the wide open ocean in which you sail your ship is there a reason why some other nation or nations could not do the same?

Anyway such an action gives a background for "rights" that may be wrangled about in international courts years hence. And might make western hemisphere claims have a more plausible face in the courts. Mr. Hull's and Mr. Roosevelt's fine hands in this might be seen. They are not fools nor are they amateurs at the game of international poker.

ACCOUNT OF LEAP YEAR

On account of Leap Year there will be a Tuesday and a Wednesday this year that will be "extra," that is the day recur fifty-three times instead of the usual fifty-two. In every year there is always one day that rolls around fifty-three times. About every so often it is a Thursday and since that is the Hesperian's publication day we have an occasional "volume" that has fifty-three issues.

This year is not one of those, however, in spite of the fact that we get a running start in February with 5 issues in the shortest month in all the year. The month comes in on publication day and goes out the same way. But the year 1940 will wind up with only fifty-two issues.

SOWING MINGLED SEEDS

A news service man for Tech college reminds us this week of the many laws commanded from the Lord to Moses by which the Children of Israel were to govern themselves, when he quotes Leviticus 19:19: "Thou shalt not sow thy field with mingled seed."

A new dispensation by which we are freed from the bondage of the old law does not keep the Mosaic commands from having a basis of common sense by which we may profit. We plant, against Mosaic thundering, the seed that cost the least and look the best with little regard or worry about weed seed, germination test or origin. With every facility available to know what kind of seed one has, the urge is to go ahead and plant when the time comes.

Perhaps February would be a good month to plan ahead with Leviticus 19:19 in mind.

SLOGAN FOR MR. O'DANIEL

The customers who got mad at The Hesperian a year ago for referring to Mr. O'Daniel as the flour salesman who cashed in on his salesmanship and became Texas' governor, will also get mad at us for printing this crack from The Briscoe County News, which, hand in air, we swear we print only because we think it's funny. Says the Silverton newspaper:

"Suggested slogan for O'Daniel to use in campaigning this year with the old folks—'A year late and \$24 short.'"

The governor and the legislators the fates have tricked into a campaign year with a huge promise still unfulfilled. They'll just have to serenade and like it when the boys take cracks at them like this.

As A Farm Woman Thinks

Nellie Witt Spikes

I am sure you are all enjoying the warm weather. We wondered why anyone would want to go to the south pole, as we had the same brand of weather here. We want the water pipes to thaw but they may be ruined and then there will be a hard job to get them fixed again. Last summer we thought it a bright idea to put tomato juice in quart bottles, but we found them cracked in a hundred pieces. The heavy fruit jars fared better and we lost only a few. Not many times have we lost anything in our cellar, but has a tin roof, and then we had to leave a crack in the door, for a mother dog to go in and out to her tiny puppies.

Hog killing is over on this farm for another year. It is a hard task, but there is nothing that pays better dividends. Sausage, backbone, and spare ribs; lard, white as snow, crackling bread, and liver sausage; the promise of baked and fried country ham, or bacon fried crisp, and there is no soap better than homemade lye soap.

The first time I ever had to help with putting up the meat was when I was first married. Four days we were on the road to our home here. We got to Fred Spikes at night. The weather had been very much like it has been here of late. I was tired, a bit homesick for the home I had just left. The next morning was cold. I was handed a knife and told to go to work on the mountain of meat in the wagon bed. Not only had Fred killed six hogs of his own, but our own three, also. I did not know what to do, but I watched the other, not for nothing would I let them think Jeff had married a silly little girl from the town who did not know how to work on the farm she was now going to. My feet were cold, my hands numb and sore from the knife. Nauseated and tired I kept on the long, long day, being teased adding to my discomfort. Two days we worked with that meat and lard.

Many, many times in the years that have gone so swiftly since then have I helped with the hog killing. How hard it was to scald in a barrel! At the beginning of a cold spell, the neighbors would decide to kill hogs. The colder and more disagreeable it was, the better it suited. The women cooked dinner, while the men scraped the hogs, little boys (somehow they never went to school on those days, too cold, perhaps) got in the way, broiled pieces of meat over the coals, begged for a pipestem or burnt out a piece of grapevine for a hollow stem to blow up the bladders. The men's beards and mustaches were icicles, their feet wet and cold. Then next day the lard had to be cooked in the black pot outside, the mother going back and forth from the house where her little ones were to the pot of cooking fat.

We smelled lard till we thought we never would like meat again. Twenty or thirty gallons was not too big a supply. The first time I ever bought lard, I apologized to the merchant. A farmer was not much, who could not raise his own meat and lard.

The seed catalogues, with their enticing pictures of brilliant flowers and perfect vegetables are on our work table. We read every description, know all the new flowers and fruits, wish for this and want that, we decide on a new flower, then read that it needs a shady damp place. There has never been a catalogue printed that has more

fascination for me than a seed and flower catalogue.

A letter came to me from New Zealand, with a picture of the writer enclosed. "Why the people there look just like us," marvelled my daughter. It was taken on a street corner, and we can see the sign. Turn to the left, "In our summer months, we have high gales," Miss De Flu writes.

Sunday School Lesson

International Sunday School lesson for February 4, 1940.

Holding Life Sacred

Golden Text: "Ye are bought with a price: therefore glorify God in your body." I Corinthians 6:20. Lesson Text: Genesis 1:27-31; I Corinthians 6:19, 20; II Corinthians 6:16, 17.

27 So God created man in his own image, in the image of God created he him; male and female created he them.

28 And God blessed them, and God said unto them, Be fruitful, and multiply, and replenish the earth, and subdue it; and have dominion over the fish of the sea, and over the fowl of the air, and over every living thing that moveth upon the earth.

29 And God said, Behold, I have given you every herb bearing seed, which is upon the face of all the earth, and every tree, in the which is the fruit of a tree yielding seed; to you it shall be for meat.

30 And to every beast of the earth, and to every fowl of the air, and to every thing that creepeth upon the earth, wherein there is life, I have given every green herb for meat; and it was so.

31 And God saw every thing that he had made, and, behold, it was very good. And the evening and the morning were the sixth day.

19 What? know ye not that your body is the temple of the Holy Ghost which is in you, which ye have of God, and ye are not your own?

20 For ye are bought with a price; therefore glorify God in your body, and in your spirit, which are God's. (II Cor. 6:16; 7:1)

16 And what agreement hath the temple of God with idols? for ye are the temple of the living God; as God hath said, I will dwell in them, and walk in them; and I will be their God, and they shall be my people.

17 Wherefore come out from among them, and be ye separate, saith the Lord, and touch not the unclean thing; and I will receive you.

18 And will be a Father unto you, and ye shall be My people, saith the Lord Almighty.

1 Having therefore these promises, dearly beloved, let us cleanse ourselves from all filthiness of the flesh and spirit, perfecting holiness in the fear of God.

Lesson Thoughts

To day we turn aside from our studies about the Kingdom of Heaven for our quarterly temperance lesson, which takes the form of the principle of temperate living. The first Scripture selected by the International Committee is from Genesis, about how God created man, the promises given to man, and the commandment for man to have dominion over all creatures and to subdue the earth. The second scripture is a New Testament passage about man's redeemed body being a temple for the dwelling of the Holy Spirit; and the third scripture is an exhortation for man's separateness from the world and a cleansing from evil. The three scriptures bring to us a lesson that

County H D Clubs Plan To Continue Demonstrations

The Farm Food Supply and Bed-room demonstrations are to be continued in Floyd county home demonstration clubs during 1940. Miss Edith Wilson, County Home Demonstration agent, said this week. The women of 17 clubs are going to make an effort to produce as much of their living at home as possible in order to have a good diet for their families and, at the same time, reduce the grocery bill.

A demonstrator has been selected in each club, and, with the help of the agent, will plan a food supply and storage space which will be exhibited in November. All other club members will cooperate.

Not only do the demonstrators plan to produce the 715 pounds of vegetables needed in one year in one person's diet, but enough meat, milk, eggs and fruit.

The food demonstrators for each club are: Mrs. John Smith, Antelope; Mrs. G. R. May, Baker-view; Mrs. Bill McNeill, Dougherty; Mrs. W. H. Bethel, Campbell-Fairview; Mrs. Perry Tipton, Harmony; Mrs. J. D. Eaves, Homebuilders; Mrs. Fred Graham, Liberty; Mrs. E. M. Whorton, Lockney; Mrs. Luther Fowler, Lone Star; Mrs. John Shipley, McCoy; Mrs. G. A. Jacobs, Providence; Mrs. L. D. Pope, Sand Hill; Mrs. George Weast, South Plains; Mrs. Paul Cooper, Sterley; and Mrs. J. A. Hartsell, Sunnyside.

Bedroom demonstrators are Mrs. Earl Crawford, Antelope; Mrs. Hershel Green Baker-view; Mrs. W. P. Sims, Center; Mrs. Tate Jones, Dougherty; Mrs. F. O. Connor, Campbell-Fairview; Mrs. Everett Miller, Harmony; Mrs. E. P. Bertrand, Homebuilders; Mrs. E. E. Husky, Liberty; Mrs. Sally Griffith, Lockney; Mrs. Luther Fowler, Lone Star; Mrs. A. R. Blorum, Pleasant Valley; Mrs. Ben Brandes, Providence; Mrs. Ed Holmes, Sand Hill; Mrs. John McClendon, South Plains; and Mrs. T. B. Wilkinson, Sunnyside.

YEARBOOK ARTICLE TELLS HOW BODY ENERGIZES FOOD

A simplified picture of how the human body uses food appears in an article by Lela E. Booher and Callie Mae Coons in the current Yearbook of Agriculture, "Food and Life."

"The human body," they say, "may be looked upon as a machine for transforming the stored energy of foodstuffs into active energy such as heat, work, and other less obvious activities associated with life. In an engine, the fuel can easily be distinguished from the machinery. This is not easy in the case of foods because after they enter the body they become a part of the living organism. They not only run the machine; they finally are the machine."

"The foods we eat must first be digested or broken down into simple forms so as to fit them for passage into the circulating blood, by means of which their nutritional elements are carried to all parts of the body. The myriads of tiny cells of the body receive these simplified foods from the blood and are able to burn or oxidize them to furnish heat and energy for work, or to select certain of them for repairs or for the building of new tissues and other body substances."

"Oxygen as well as foodstuffs is essential for the production of heat and work by the body, just as the oxygen of the air as well as fuel is essential for the running of an engine. The hemoglobin, or red coloring matter of the blood, brings the necessary oxygen from the lungs to the body cells, where the blood in turn receives the waste products from the oxidation of foods."

Mr. and Mrs. J. M. Gambin and daughter, Gerry, spent Sunday in Clovis, New Mexico, as guests of their son, Lowell Gambin and family.

Funeral Of W. A. Covington To Be This Afternoon

Funeral services for Wallace Alvin Covington, 40, of Midland will be held here this afternoon at 2 o'clock (Thursday) at the First Baptist Church, Rev. Vernon Shaw, pastor, conducting the rites. Covington died at a Midland hospital Wednesday as a result of gunshot wounds received in a hunting party Monday afternoon. The body was brought to Floydada early Thursday for burial.

The accident occurred last Monday afternoon. While attempting to load a shell jammed in his rifle, Covington accidentally discharged the gun, the bullet striking him in the abdomen. His parents, Mr. and Mrs. R. C. Covington of this city, received message of the accident at 10 o'clock Monday night. The blood transfusions were given to an effort to save his life.

Survivors include his widow and two children, Wallace, Jr., 15, and Frances Gale, 1 year old; his parents, five sisters, Mrs. Travis Edwards of Olney, Mrs. D. W. Fyffe, Mrs. Fred Jones, Mrs. Kyle Glover, and Mrs. Raymond Teeple; and two brothers, Milton Covington of Dougherty and Jess Covington of Floydada.

Mr. Covington was born in Winthrop, Texas, and came with his parents to Floyd county in 1908. He married Miss Audra Cash here in 1932, and was employed by the White Drug company in Floydada before entering the drug business here himself at Midland.

Interment will be in the Floydada cemetery under direction of Harmon Funeral home.

Co. Atty. Stapleton Asks For Re-Election

County Attorney John Stapleton issued the following statement in an interview with the Hesperian Wednesday morning:

"I wish to announce to the people of Floyd County that I am a candidate for re-election to your county attorney's office. For a little more than a year I have served you in that capacity, and I sincerely hope that my service has met with your approval. I am thankful to you for the opportunity you have given me, and I honestly cherish the thought that I have fulfilled your trust. That, however, is for you to say. If you believe I have done the job as you want it done, I will appreciate another term. My candidacy is subject to the action of the Democratic Primaries."

CROP INSURANCE A GOOD INVESTMENT FOR FARMER

Wheat farmers may find that crop insurance not only stabilizes their yields, but may prove a good investment, says the Federal Crop Insurance corporation.

The per-bushel value of wheat the farmer receives as indemnities is almost certain to average higher than he paid as premiums. Both premiums and indemnities are on the basis of bushels of wheat, not in dollars, and the reserves are in actual wheat in storage. Premiums are paid in all years, with prices ranging from high to low, but indemnities will be paid in greatest number and quantity in years of widespread crop losses, when prices probably will be high.

This is illustrated by a study of past crop years. Beginning with 1930 there were 3 years of low wheat production followed by 3 years of smaller production and extensive crop failures. Had crop insurance been in effect in these years, growers would have put in more premiums than they took out of the reserves in the first 3 years.

During the next 3 years they would have taken out more than they put in as premiums. As a result of smaller wheat production, prices were materially higher in the second 3-year period, and this price advantage would have resulted in a materially higher income from their wheat. Had half the wheat growers been insured during this period, it is estimated they would have increased their income by about \$40,000,000.

CARBON-MONOXIDE POISON MAY KILL BROODER CHICKS

Open flames burning in poorly ventilated rooms or a motor exhaust pouring into a tightly closed garage often causes death by carbon-monoxide poisoning. The best preventative is proper ventilation.

In recent years poultry disease specialists of the Federal Bureau of Animal Industry have found large numbers of chicks and turkey poults killed by improperly ventilated brooder houses, especially on stormy nights when the poultryman closed the brooder tightly.

Early hatched chicks, especially those raised for the Easter broiler market, are started in the early winter when it is necessary to heat the brooder house. Carbon-monoxide gas develops from incomplete combustion of fuel in the brooder stoves which do not always have adequate flues. The fuel may be coal, coke, distillate, kerosene, gas, or wood.

When the brooder house is improperly ventilated and the stove is in operation, two things happen, the Bureau scientists point out. First, the oxygen in the house is consumed to support the flame and, second, there is an accumulation of fumes from faulty combustion. Tests show that as little as one part of gas to 1,000 parts of air kills chicks or poults in a few minutes.

At Denver, Colorado a Bureau scientist made a blood test for carbon monoxide on 616 chicks and 548 poults from 80 representative chicken farms and 40 turkey ranches. Many of the brooder houses were poorly ventilated. One-half of the chicks and 40 percent of the poults showed carbon-monoxide poisoning.

Symptoms of acute carbon-monoxide poisoning are uneasiness, stupor, labored breathing, and wobbling gait. As the poison progresses the chicks appear chilly, gasp for breath, and lie on their sides with heads thrown back.

Ventilation in brooder houses is discussed in Farmers' Bulletin No. 1554, which may be obtained from the Office of Information, United States Department of Agriculture, Washington, D. C.

Of late there is less sex stuff in magazines and pictures which is a healthy sign.

Alvin R. Allison Is Candidate For Senator Of Thirtieth District

Alvin R. Allison, formerly county judge of Hockley county for 4 years, one-time president of the West Texas Judges and Commissioners association, and at present serving the 19th Representative District of 9 counties as representative in the state legislature, this week authorized The Hesperian to announce him as a candidate for state senator of the 30th Senatorial district.

Mr. Allison was elected representative 2 years ago. Among other activities in the legislature he was author of the new state "Hot Check" law.

Allison here Wednesday said he would be an active candidate for senatorial honors and expects to contact people of this section as often as possible regarding his aspiration to serve them as senator.

FAMILY TIES MEAN NOTHING TO COLD-BLOODED REPTILES

A snake is cold-blooded in every sense of the word. Family ties mean nothing. If the young hatch from eggs, they are left to come out all by themselves. If they are born in a litter of from 5 to 50 infinitesimal ribbons, they must wriggle through the school of experience alone.

Most of the snake gentry hereabouts are very handsomely patterned. The ringnecked snake, for example, is a shiny bluish black with bright yellow underparts and a brilliant orange ring around his neck. The pilot black snake has a black velvet skin. The ribbon snake would make a pretty fancy ribbon, with his slender dark body and three long yellow stripes. The green snake is as green as grass and the queen snake, which is found only in water, has nice chocolate brown stripes. The storer's or red-bellied burrowing snake is very small and gray with bright red decorations.

Each one has a personality of his own. Some are very mysterious and secretive, preferring to lead private lives under stones, bark or logs. Others move freely in the open fields. Some are happiest around water or living in marshes and swamps. Tree climbers like the pilot black snake haunt the heavy woods.

LABORATORIES SPEED UP AAA MAP ENLARGEMENTS

Production line methods similar to those in auto factories make for speed and economy in supplying the photographic maps used by county committees for checking crop adjustments under the AAA.

Aerial photographs are enlarged so that an 8-inch square maps a square mile, a 2-inch square a "forty," and a square inch is 10 acres. If the camera is perfectly level at the moment of exposure—and if the ground is also level—the enlarged photo will be accurate. But if the camera is tilted when the exposure is made, or the land is sloping, a measured inch at one side of the enlargement will show somewhat less than 660 feet on the ground and somewhat more on the other. About 90 percent of the exposures show such inaccuracies. An inaccuracy is rectified by tilting the enlarging camera—the exact angle is found by a series of mathematical and mechanical steps.

To speed the work, the mapping laboratories have devised special enlarging equipment that can be quickly adjusted. The checking and calculation is divided into about a dozen operations, each assigned to a worker who need know only his share of the complicated process. Working this way a laboratory crew of 31 turns out accurately scaled reproductions at the rate of one every 5 minutes from each of four enlarging cameras or maps for 1,000 square miles a day.

RECORD NUMBER OF DAIRY ASSOCIATIONS ORGANIZED

More dairy-herd improvement associations are operating and testing more cows than ever before. One hundred and twenty-two new associations were organized in 1938, reports Dr. J. F. Kendrick, in charge of herd improvement work for the Bureau of Dairy Industry.

There were 1,228 associations op-

erating on January 1, 1939, with 625,284 cows on test. A year earlier there were 1,106 associations with 558,993 cows on test. In 1930, the previous peak, there were 1,143 associations.

Thirty-three states gained in number of associations and 37 states gained in the number of herds tested, Dr. Kendrick reports. Wisconsin, with 3,604 herds in 154 associations, leads in associations and herds tested. New York is second with 2,807 herds in 129 associations, Pennsylvania is third with 102 associations and 2,286 herds.

California is first in number of cows on test—89,383. New York is second with 70,812 cows on test, and Wisconsin is third with 69,206 cows. California also is first in percentage of cows on test. Rhode Island and New Jersey rank second and third.

Utah has 23.6 percent of all dairy herds of 11 cows or more on test to lead all states in this respect. Michigan—where the first cow testing association was organized in 1906—is second, with 15.8 percent, and New

SOYBEANS, FED TO LAMBS, DO NOT PRODUCE SOFT FAT

With soybean production up nearly 10 times what it was 10 years ago, both farmers and scientists are looking for new and profitable uses for this soil-improving crop.

Soybeans are a highly nutritious feed for livestock. Fed to hogs in too great quantity they may produce the undesirable "soft" pork. For lambs, however, results at the Agricultural Research Center, Beltsville, Md., indicate that soybeans may be fed without any "softness" in the fat.

It was apparent, however, that lambs on the corn-soybean-alalfa ration ate more readily than those on soybeans and alfalfa. For this reason, if both corn and soybeans are available, the combination probably is better than soybeans alone, although there was little difference in the carcass quality of the lambs from the three lots.

Raising The Curtain On The Greatest Show On Earth . . . An American Election

Get Your Programs Here Folks . . . The Big Show Is About To Commence

1940 is General Election year, and the political pot is brewing already with candidates for offices from dog-catcher to president preparing for the big race.

The final date for paying poll taxes has passed, the ticket office is closed, and now there's standing room only for the biggest show on earth. All who have paid poll taxes or secured exemptions have a ring-side seat, the rest will have to be content to watch from the balcony.

Dates are important now . . . dates for the voter and dates for the candidates. Here's the program for the big performance, from the curtain-raiser down to the final curtain-call.

1940 Political Calendar

Jan. 31—Last day to pay poll tax. (First day, Oct. 1, 1939).

Feb. 1—Residents of cities over 10,000 population entitled by law to exemption from poll tax must obtain certificate of exemption.

Feb. 12—Election judges for counties appointed by Commissioners court.

March 10—Last day for assessor-collector to prepare poll lists.

April 1—Deadline for delivery of certified poll list to election boards. In counties of cities over 10,000 supplemental lists shall be furnished until four days prior to election.

May 4—Precinct conventions for presidential nominations.

May 7—County convention for presidential nominations.

May 28—State convention to name delegates to presidential nominating convention; held where designated by state committee.

June 3—State executive committee meets to select state convention site, and to certify to county chairmen names of candidates for places on ballot.

June 15—Last day for county and precinct candidates and district candidates in districts composed of one county, to file.

June 17—County executive committee determines by lot order of names on the ballot, and prepares estimate of election expense.

June 22—Last day for candidates to pay ballot assessments.

June 24—Primary committee makes up official ballot.

June 27—July 1—Period for first campaign expense reports.

July 7—Absentee voting begins.

July 15-19—Second campaign expense reports. State and district reports filed with secretary of state; county candidates with county clerk.

July 22—Last day for voters in city of over 10,000 who have moved to new voting box to appear before tax assessor-collector for corrected certificate; or for voter who moved to new county or new precinct to present his certificate in order to have his name added to list in precinct of his new residence.

July 24—Last day for presiding judges of elections to obtain list of voters for use in first primary.

July 24—Last day for voters to appear before county clerk and cast absentee ballot.

July 25—County clerk sends absentee votes to presiding judge of precinct.

July 27—First primary. Polls open 8 a. m. to 7 p. m. County clerk or county chairman telegraphs unofficial returns to secretary of state.

July 30—Last day for presiding judges to report election returns to county judge. County judge, within 48 hours after returns have been canvassed by the commissioners court, forward complete returns to secretary of state.

August 3—County executive committee canvasses returns.

August 4—Absentee voting begins for second primary.

August 6—Final day for third expense reports in first primary.

August 10—State executive committee meets in Austin to canvass primary returns and certify to county chairmen names for ballot in run-off primary.

August 12-16—Period of second primary first-expense reports.

August 21—Last day for absentee balloting in second primary.

August 24—Second primary.

August 26—Last day that an independent and nonpartisan candi-

date may file with secretary of state application for place on general election ballot.

Sept. 3—Final date for last campaign expense report.

Sept. 9—State executive committee opens and canvasses returns of the second primary and prepares delegate list for state convention.

Sept. 10—State Democratic convention nominees, determines platform, elects new chairman of state committee, and canvasses returns for state offices. New state committee chosen by district caucuses.

(Sept. 3—Conflict in law apparently fixing state convention six days ahead of committee session to canvass returns was ignored by the Democratic party in 1938, since the convention could not declare nominees.)

Oct. 1—Poll tax paying begins.

Oct. 16—Absentee balloting begins for general election. Last day for party state committee to certify names of candidates for president and vice-president to the secretary of state.

Nov. 2—Absentee balloting for general election closes.

Nov. 5—General election; selection of presidential electors.

Nov. 8—Presidential electors certified to county judges. Final date ("within 72 hours from close of polls") for presiding judges to report returns to county judge. Then, within 48 hours, county judge shall deliver returns to commissioners court.

Nov. 11—County Judges forward returns to secretary of state. (On Monday next after general election and not before) commissioners court shall examine returns and estimate result.

Nov. 13—County judge shall, within 48 hours after the commissioners court examine returns, forward the same to secretary of state. (If the court does not meet on Monday following the election for this purpose, it shall meet "at earliest practicable time" thereafter.)

Nov. 15—Candidates file sworn expense statement with county judge.

Dec. 2—Governor, secretary of state and attorney general open election returns, canvass, and declare results and issue certificates of election.

Dec. 16—Presidential electors convene in Austin and cast Texas vote for president and vice president.

1941: Jan. 1—Legislature convenes. Secretary of state delivers election returns for governor and lieutenant governor to speaker of house for canvass within first week of session.

Jan. 21—Governor and Lieutenant governor inaugurated.

Capacity Crowd Views Free Movie

A capacity crowd viewed the free motion picture, "The Headliners," shown Monday, Jan. 22 by MM dealer S. J. Latta and produced by the Minneapolis-Moline company at the Ritz theatre.

Those attending saw television on the screen as it will be used in the future and MM tractors as modern machines of tomorrow.

A new technique in motion picture production was used. A natural color movie was diminished in size to fit into the screen of a television receiver, thus making an all-round and all-natural color movie reproduced upon a television receiver set.

The movie clearly illustrated the need for better modern farm machinery on all farms.

Mr. and Mrs. Jim Hardgrove and daughter, Betty Gene, of Clovis, New Mexico, spent the week-end as guests of Mrs. Hardgrove's mother, Mrs. Ama Smalley.

Mr. and Mrs. Ted Borum and son, Billie Ted, of Big Spring, were here Friday to attend the funeral of Mrs. Borum's grandfather, M. P. Sparks.

Mrs. P. L. Hansen left Thursday for her home in Grand Junction, Colorado, after a visit since the holidays with her parents, Mr. and Mrs. E. R. Borum.

Campbell-Fairview H. D. Club Hears Mrs. Mal Jarboe

Fine points in menu making was the subject of discussion by Mrs. Mal Jarboe, speaking in the absence of Miss Edith Wilson, county Home demonstration agent at the Campbell-Fairview Home Demonstration Club Tuesday, January 16.

Do not repeat one kind of food in the same meal was one of the points brought out by Mrs. Jarboe. Mrs. W. H. Bethel spoke on producing as much at home as possible. Mrs. Bethel pointed out the benefits by saving on grocery bills and doctor's bills as well.

The club voted to stage an entertainment each quarter during the year.

Refreshments were served to Mesdames Mal Jarboe, E. B. Chestnut, W. H. Bethel, M. J. McNeill, F. O. Connor, and George Stiles; Miss Dorothy Rushing, and the hostess, Mrs. Lee Rushing.

Encephalomyelitis Now Under Control

COLLEGE STATION, Jan. 29. — about a year ago it looked like encephalomyelitis, or equine sleeping sickness, was going to kill off a goodly part of the horses and mules in the United States, but apparently the disease is somewhat under control now.

At least, there were 184,622 cases of the disease in 1938 and only 7,869 in 1939. That is the report made by Dr. H. W. Shoening, chief of the USDA's Bureau of Animal Industry's pathological division, during a recent meeting of the American Horse and Mule association.

Chick embryo vaccine produced remarkable results, and more than 3,000,000 horses and mules were vaccinated in 1939. Immunity after vaccination usually lasts for around a year.

In spite of the marked decrease in number of cases in 1939 as compared with 1938, precautions against the disease should not be relaxed in 1940. A. L. Smith, animal husbandman of the Texas A. and M. Extension Service, has pointed out.

Such precautions include vaccinations and consultation with a qualified veterinarian, he said.

Since most cases of the disease occur in the spring and early summer, valuable animals should be vaccinated in April or May.

Miss Mary Anne Kimble, teacher in the schools at Littlefield, was home over the week-end visiting her parents, Mr. and Mrs. Wilson Kimble. She had, as her guest, Bettie Alice Gordon of Lubbock.

Gloria and Ralph Hammonds visited their parents, Mr. and Mrs. I. Hammonds and had as their guest, Ann Moore, student teacher. Marilyn Fry, student teacher, Mr. and Mrs. R. E. Fry, Mary Katherine visited her parents, Mr. and Mrs. J. V. Daniel, P. Rutledge, Jr., visited his parents, Mr. and Mrs. O. P. Rutledge.

Floyd Hatchell of Oklahoma City spent Sunday night and Monday morning in the home of Mr. and Mrs. L. H. Dorrell.

BASKETBALL GAME AND SPELLING BEE TO BE STAGED AT RCA GYM

A basketball game between the PTA mothers and lady school teachers of Floydada, and a spelling bee will be staged at the RCA gymnasium Friday night, February 2, according to County Superintendent Clarence Guffee.

Everybody will take part in the spelling bee. Admission will be 5 and 10 cents.

The Parent-Teacher association is sponsoring the show to raise money for the cafeteria, Guffee said. Everyone is invited to come and take part.

Influenza Strikes McCoy Community

MCCOY, Jan. 30.—This community is in a seige of "flu" and pneumonia. Seth Johnston, son of Rev. and Mrs. Johnston, has had pneumonia. Mrs. Robert Smith has pneumonia and Mrs. George Smith has a bad case of "flu." Mrs. B. L. Ewing and two children, Lila and Bennie Lee, have been sick for two weeks with "flu," but the three are better at this time.

Rev. Johnston is holding a revival meeting at Sunday, but was called home on account of the serious illness of his son. Rev. Willie Lee Payne preached in Rev. Johnston's place Sunday night.

Beulah Puckett has been on a visit with her sister and family, Mr. and Mrs. John Croft, at Aiken.

Mrs. Culpepper entertained members of the WMU Monday afternoon. After games were played, home-made candy and apples were served to Mrs. J. Grey, Mrs. Bryant, Mrs. Robert Day, Mrs. Hobart Day, Mrs. S. W. Ewing, Mrs. James Smith, Mrs. Bivens, Mrs. Stapleton, Mrs. Dolphus Staples, Mrs. Holmes, Mrs. Sparks, Miss Elnor Culpepper and Mrs. Culpepper.

Mr. and Mrs. R. C. Day and sister, Mr. and Mrs. Carmichael are moving to Bailey county.

Mrs. Harry Johns is away on a visit at Waco, Austin and San Antonio and is not expected to return for another ten days or two weeks.

Mt. Blanco News

MOUNT BLANCO, Jan. 30.—Both church services were exceptionally well attended Sunday.

The WMU met Sunday afternoon at the church. After a splendid study together, the ladies, in a business session, voted to buy new curtains for the church.

A study course on character building was taught Monday at the church by Rev. V. F. Crabtree. Nine students have registered for the course.

Dinner guests Sunday at the J. A. Trammell home were Mr. and Mrs. Clarence Freeman of Crosbyton and Mr. and Mrs. H. C. McDermitt of Ralls.

Joy Crawford spent Sunday with Ruth Pite.

J. T. Singleton of Lubbock spent Sunday with his parents, Mr. and Mrs. J. T. Singleton.

Mr. and Mrs. Ted Worley visited Mr. and Mrs. Clyde Hailey Sunday.

Mrs. Mary Kirk and Mrs. Clay Campbell of Ralls visited in the Ed Robinson home Sunday.

Friends from Henrietta were visitors in the J. H. Poore home Sunday.

Mr. and Mrs. Wesley Hay and Mr. and Mrs. Homer Newberry were Sunday dinner guests in the Walter Muncy.

Mr. and Mrs. W. B. Harris and Maurine Mathis were in Plainview Saturday.

We still have our Friday afternoon baseball games at 3 o'clock at the schoolhouse. There was a large crowd here last Friday afternoon and an exciting game was played. Everyone is invited to come and take part.

Irvin Bennett and family were entertained in the Jess Sandusky home Sunday night.

G. S. Hopkins of Dallas was a guest in the Arch Muncy home Sunday.

Recreation Club At Pleasant Hill Entertains Couple

PLEASANT HILL, Jan. 30.—The Pleasant Hill Recreation club met Friday night, January 26, and entertained Mr. and Mrs. J. R. Evers with a wedding shower. Games of "42" were played.

The next club meeting will be on Friday night, February 23. The community is invited to attend all meetings.

PLEASANT HILL, Jan. 30.—Mr. and Mrs. Bill Rucker and family visited with Mrs. E. B. Rucker of Floydada Sunday.

Mr. and Mrs. Henry Willis spent Sunday with Mrs. B. C. Willis and family of Lakeview.

Mr. and Mrs. C. L. Bradford and children visited with Mr. and Mrs. W. E. Foster and children of Dougherty Sunday evening.

Mr. and Mrs. Tate Jones and children and Mrs. Sadie Johnson of Dougherty spent Sunday with T. J. Cardwell and family.

Miss Corene Daniel of Lubbock spent the week-end with her parents Mr. and Mrs. W. F. Daniel.

Crawford home.

Mr. and Mrs. Frank Smith and children spent the week-end in Lubbock with Mr. and Mrs. R. B. Smith.

Mr. and Mrs. C. A. McClure and Martha McClure were Sunday dinner guests of Mr. and Mrs. V. F. Crabtree.

Bob and Bill Smith of Crosbyton spent the week-end with Mr. and Mrs. E. H. Brown.

Mr. and Mrs. J. M. Pierce visited in the J. J. Pierce home Sunday.

Aldridge Powell was a Sunday dinner guest of Lee McMurray.

Lenore Haverstock visited Oma Lee Watson Sunday.

Mrs. M. J. Mosley left Saturday for a visit with her daughter, Mrs. Clayton Teague of Pampa.

Mrs. Dennis Taylor honored her sister, Martha Lou McClure, with a birthday supper Wednesday. Guests enjoying the evening were Ila Acker, Garnell Trammell, Floyd Smith the honoree and the host and hostess.

NEW PHILLIPS AGENT

Menard Field, who has re-assumed charge of the South Plains distribution plant of the Phillips Petroleum company, has been succeeded at the Floydada establishment by Aaron Carthel, who comes here from Sterley.

Mr. and Mrs. G. L. Kirk and son, Don, and Stuart McCallup made a business trip to Fort Worth over the week-end.

CARD OF THANKS

We wish to express our sincere thanks to all for the kindness shown during the illness and death of our beloved father, M. P. Sparks, also for the beautiful floral offering.
The Children.

Mr. and Mrs. W. O. Jones, Mr. and Mrs. Wilmer Jones, Jr., and Homer D. Jones of Dallas visited Sunday in Matador with Mr. and Mrs. Dorris Jones and daughter.

REA PROGRESS IS Told In Recent Radio Broadcast

Money allotted to Texas by the Rural Electrification Administration is helping bring electricity to 64,096 farm families in this state to improve farm management and boost farm income, it was revealed last week in a broadcast of REA activities in the "United States Government Reports," weekly series presenting the Federal Government Agencies.

Texas' share of REA funds was given as \$30,000,000. With the assistance of REA, it was pointed out, 58 farmer-owned and farmer-operated rural electric cooperatives have been established in this state.

The broadcast, entitled "An Idea in Action," told the story of the aims and accomplishments of REA in Texas, and was arranged by the state director for the office of government reports.

65 Floyd County Farmers Buy Land Through FCA Fund

Sixty-five farmers and tenants in Floyd county have purchased farms with financing through the agencies under the supervision of the Farm Credit administration since the Farm Credit act of 1935 was passed. A. C. Williams, president of the Federal Land bank of Houston, said today. A provision of this act and administrative measures by the Farm Credit administration were designed to broaden farm ownership opportunities.

To assist farmers and tenants in purchasing farms, the Federal Land bank of Houston and the Land Bank commissioner extended more than \$176,000 of farm mortgage loans in Floyd county during the 4-year period ending September 30, 1939.

Although loans are not made to persons having nothing to pay down, Mr. Williams said, farmers and tenant families with moderate savings are buying farms and financing up to 75 percent of the purchase price through the Federal Land bank and Land Bank commissioner. Under the Farm Credit act of 1935, first and second mortgage commissioner loans were made available for purchasing.

In the entire state, more than 5,550 farm families purchased farms with Land Bank and Commissioner financing during the four years ending September 30, and the aggregate amount of credit was nearly \$13,000,000. During the same period, the bank and commissioner refinanced other farm loans totaling approximately \$26,000,000.

A number of purchase loans were made to farmers and tenants who were already living on and operating the farms which they have now purchased, while others selected new sites in the county.

The average amount of credit extended per farm to assist in farm purchases in Floyd county with Land Bank and Commissioner financing was about \$2,707. Some farmers bought land from private owners, securing financing through the Land Bank and Commissioner, while others purchased farms from the Land Bank on liberal credit terms.

HESPERIAN SUBSCRIBERS GET 5 FEBRUARY ISSUES FIRST TIME IN 28 YEARS

Hesperian subscribers will get their money's worth this month. For the second time since the newspaper began publication nearly 47 years ago, there will be five Thursdays during the month of February.

Once before, in 1912, there were 5 Thursdays during the year's shortest month. Prior to that time, the phenomenon had not occurred since 1872 when there were neither newspapers nor calendars in Floyd county and the buffaloes and Indians weren't particularly interested.

Unless leap year goes the way of Thanksgiving and gets into politics, there'll be another February with 5 Thursdays in 1968... but don't count on it. There may be another New Deal!

T. Z. Reed Announces For Commissioner Of Precinct Number Two

To the Voters of County Precinct No. 2 of Floyd County, Texas:

In making my announcement for the office of county commissioner I feel a degree of timidity as that is the most important office in the county and I am asking for a very sacred trust which is that of helping handle the financial affairs of the county. Therefore, if I were making application to you; to handle your finances, you would expect me to give some evidence of my ability. That I will now do. I have been a citizen of Floyd County thirty years. I have been a real estate tax payer each year. I have been a citizen of Lockney all these years, have owned my home and paid taxes to county, state, city and school and have never yet paid a penalty. I have paid all my city bills, notes and accounts and not one has ever been past due. I have been a legal voter all my voting age so my personal affairs are all in the clear.

As to my experience in public office, I was elected mayor of the town of Lockney in 1910 and served in that office several terms (13 years) and as to how well I performed my duties is a matter of record. The record shows that I have always endeavored to pay all due accounts and set the town on a cash basis and leave it so when I retired from office. The record reveals that my administration has never failed and even now at the end of this administration it looks as though the town will be on a cash basis although the town has no money to spend for city improvements owing to the small income. I am sure many of you remember that in 1930 I was elected county commissioner for the terms of 1931 and 1932 which are called the 2 years of depression. Our tax and expense had been inflated beyond the ability of the tax payers and required some actions of the commissioner's court to give relief. The people held public meetings asking for some relief by the court. I, as a member of the court took active part in giving relief. I found our tax rolls amounted to about \$13,000,000. The greater part of the tax was against real estate and the tax payers were groaning under the load. Salaries were such that it took \$22,000 per year to pay off. So, in order to give relief tax values had to be trimmed, salaries cut and some appointees let out. Therefore, the court reduced the values around \$4,000,000 reducing all real estate values 30%, reduced the value on live stock and machinery, reducing the county values near 1/3. Said action, automatically and principally reduced salaries together with appointees, making a total reduction of \$11,000. Notwithstanding the county records show less money was collected for the year 1931 than in many years the county paid all old accounts, purchases and running expense out of the 1931 collections and left all of 1932 tax collections to be spent in 1933. For further evidence of the 1932 tax reduction you may compare your tax receipts of 1930 and 1932.

So, if you voters think I am qualified for the office I ask your support at the July Democratic Primary.

Yours truly,
T. Z. Reed.

Roy A. Holmes In Race For District Clerk

Ladies and Gentlemen of Floyd county:

I wish to announce to you that I am a candidate for the office of District Clerk of Floyd county.

I feel myself amply qualified for this place, in view of my high school and college education and the fact that I have been a business man in the county for eleven years.

Your vote and influence in my behalf is earnestly solicited, and will be truly appreciated.

Roy A. Holmes.

Lockney Rotarians Pay Visit To Lions Club

G. D. Tate, A. P. Barker and Harve Pennington, members of Lockney Rotary club, Tuesday paid a visit to Floydada Lions club and gave the program for the day.

Tate, principal of Lockney high school, had for his subject Stalin, the Russian dictator. He gave an interesting discourse, terming Stalin the most powerful man in all of the world at this time.

A. P. Barker gave some magic tricks as his part on the program, introducing the speaker also. Pennington is president of the Lockney service club.

A return program was promised the Lockney visitors at a date to be named.

Donald Thomas, Francis Wester and Judge Kenneth Bain were introduced as new members of the Lions club. Visitors included Superintendent Walter Travis of Floydada Public schools, R. C. Wakefield, manager of Texas-New Mexico Utilities company, city, and A. Earthman, Plainview.

Mrs. Wilson Womack left this week for Santa Fe, New Mexico, where she will join Mr. Womack, employed with the state highway department there since the first of the year.

Frosh Of Forty Are Fresh, But This Is Fishy

There are all different kinds of Freshmen in the class of ninety hundred and forty. Some are oysters such as Kenneth Johnson. Some are salmon such as Gene Collins and some are shrimp like Evelyn Elliott. The other valuable fish sold for a good price at high school are the crab, Virgil Williams; the mackerel, Nadine Powell; the jelly fish, Edna Patterson, the lobster, which is DeWinn Fyffe; the clam; Nettie Denson; the halibut, Robert Conner; the tuna, Gene Redd; the catfish, Frances Keim, and the codfish, Sharon Fuqua. Besides all these things and more, the Freshmen class has the vitamins A, B, C, D and G. Oh, yes, they have pep and calcium. Come on Freshmen, keep up that spirit and make this year a year to talk about.

VOLLEY BALL

All girls who are interested in playing volley ball will meet in Miss Copeland's room at 3:15 next Monday afternoon. Miss Copeland is ready to begin the volley ball workouts and is hoping to have a real volleyball team this year. All girls who are interested come out to the practices and try to get in shape to help beat our foremost rivals, Lockney. With determination, cooperation and lots of good practice Floydada should have a very good team.

FFA Closes Pest Eradication Contest Sunday

The local FFA contest for pest eradication closed last Sunday night. The members of the chapter killed a total number of 1,100 rabbits, 375 rats, 17 cats, 54 skunks, twenty-five snake dogs, one badger, six coyotes and thirty-one hawks. The boys of the chapter winning prizes were Harvey Lee Newberry, first, with eight hundred sixty-four points; Leland May, second, with eight hundred twenty-four points; Archie Muncy, fifth, with three hundred points, Harold Bertrand, sixth, with two hundred forty-eight points, Wilton Patterson, seventh, with two hundred twenty-three points. Other boys in the contest were Arthur Womack, 199 points; David Battey, 151 points; Jimmie Seythe, 96 points and Tom Noble Smith, 95 points. The boys have said the farmers of Floyd county, especially the farmers around Floydada, should be glad to get rid of these pests. The rabbits eat up the farmers' crops, the mice get in the houses, the rats catch the baby chickens, the skunks usually set up the profit of the farmers' poultry crop, the prairie dogs and badgers dig up the fields so they will be of no use, the coyotes destroy the sheep raiser's sheep and the hawks help the skunks eat up the poultry flock. All the members of the Floydada chapter plan to get the business men and the farmers of Floyd county to aid them in killing out the pests of this county.

SENIORS PLAN FUTURE

Alice Bell: Go to Texas Tech. Mary Frances McRoberts: I want to go to West Texas State college if possible. LaVerne Russell: I want to go to college—A. C. C. maybe. LaNell Harmon: Go to college. Ruth Simpson: Go to a strict girls' school. (Being different). Mary Louise Medlen: I can't make up my mind. Evelyn Withers: I haven't the slightest idea.

HIT OF THE WEEK

"Careless" Careless, now that you've got me loving you, You're careless, careless in everything you do, You break appointments and think you are smart, If you're not careful, You'll break my heart, Careless, now that my bridges all are burned, You're careless, careless in things where I'm concerned, Are you just careless as you seem to be, Or do you just care less for me.

Teachers Lead Scoring But Donkeys Are Winner

Clothing Students Hear Talk By J. M. Willson Tues.

The Clothing III girls had an unusual pleasure last Tuesday morning when J. M. Willson took time out from his business to talk to the group on the topic "Protect Your Savings." Mr. Willson told the young ladies of the value of money knowing how to handle money wisely and efficiently. Bank and savings accounts, building and loan associations, government bonds, postal savings, life insurance stocks, and social security, were some of the topics he included. The address was very enjoyable to the girls, having been delivered in an interesting and amusing way as only Mr. Willson can do. A hearty invitation to return was extended to him, and it is hoped that he will accept it again soon.

GUESS WHO

Last week — Margaret Tubbs, Yvonne Hale. Put on your thinking cap and think of a Senior boy with blond curly hair. He isn't very large, but large enough to slide a first-rate slush-pump in the whirlwind band. His hobby at present seems to be tinkering with motorcycles. And he is popular among the students in F. H. S.

If you haven't already made her acquaintance, it is time to be doing so. Who? A Sophomore girl with brown hair and brown eyes. She has a pet which she calls a clarinet, and learning to toot it in the band. A quiet, sophisticated person, yet friendly to everyone, is this girl whose charm is a redheaded Soph.

NEW STUDENTS

With the beginning of the second semester six new students enrolled in FHS. One junior girl, two senior boys, and sophomore girl, and two sophomore boys came to join our rank and file of boys and girls to receive their education in our high school. Those enrolling were Henry Martin, from Sand Hill, Luther Bohannan, from Campbell, Sophomore boys; Alice Helms, a Sophomore girl from Crosbyton; Bedford Moore from the Five-in-One school, near Vernon; Effie Marie Ford the junior girl; and Leon Ferguson, a former student, has returned to graduate.

FFA Holds Regular Meeting At High School Monday

The Floydada Chapter of Future Farmers held their monthly meeting, Monday night, in the gym room of Floydada High school at seven o'clock, with Eddie Brown, the chapter president, presiding. The secretary read the minutes of the last meeting. The certificates of merit were given to the boys who had earned them. After the certificates had been awarded the boys discussed the plans for their trip to the Port Worth Fat Stock show in March; then the prizes were awarded to the boys winning in the pest eradication contest. A parliamentarian was elected to fill the office left by Leland Woodward who has gone to Lamesa to farm. The honorary members were elected in the meeting Monday night.

SOPH FLASHES

Calling all readers! Calling all readers! Read the latest flashes from the Sophomore class. There are quite a few Sophs in the band glee club, press club, basketball and baseball. They are all working very hard in these, as well as their studies.

Of course there are always some small scandals in every class and right at the present there seem to be some in the Sophomore class. Surely none of us believe it, but it's rumored that:

Geneva Gordon receives some interesting letters from Dallas. Margaret Conner finds a certain Junior boy lots of fun. Herschel Hinson is not only a favorite with many of the Sophs but also a favorite with a certain blonde Soph girl.

Mary Lynn Stanley was sad for a whole day because a certain Lockney boy went to El Paso and joined the army.

Maudene Moore finds some blonde Soph boys interesting.

Randolph Rutledge broke the ice into a certain Soph girl's heart when they fell through the ice into a pond of cold water.

Hint—she plays a clarinet in the band.

Wayland Hale spends most of his time dreaming about a certain Freshman girl!

Joe Dick Moore seems to have some competition with a certain Freshman girl from a boy in Lockney.

J. D. Morrison is very interested in a certain blonde girl. She happens to be a Junior.

Boxer Finds It Easier To Take On Lam Than Chin

(By Bennie Crawford)

Floydada's annual boxing tournament was supposed to be a Golden Glove tournament but Mr. Winter says it turned out to be a stoien gloves tournament as a pair of gloves disappeared. (Author's note: I didn't get them because I got too many gloves while I'm in the ring.) The main trouble with the tournament was that too many lightweights from Running Waters were entered. (Editor's note: Why, there was only one lightweight from Running Waters entered.) (Author's note: There were still too many Running Water lightweights entered.)

What really burnt me up was when some guy asked me if I am not an artist. I told him I was not and asked him where he got that idea and he says "Well, I notice you spend lots of your time on the canvas."

The real trouble with me in my last fight was that just before it I was shadow boxing to warm up and as luck would have it, my shadow caught up with me and knocked me out. I might have won anyway but something got in my eye. (Ed. note: It was his opponent's glove.)

Well, as I was saying, the bell rung. (Ed. note: And the angels sang.) Coach told me after the first round that I was doing fine that he hadn't hit me a time; I told him to watch the doggone referee because someone was beating the heck out of me.

I got my nose broke and two black eyes in the first round and when I came back to my corner my seconds told me I was winning easily. In the second I got ten teeth knocked out and an ear too loose. When I came back to my corner my seconds still tell me I'm way ahead, I hopped out of the ring and started for the dressing room. My seconds asked me what I was doing so I told them I was quitting while I was still ahead. Which only goes to prove that it's easier to take on the lam than on the chin.

County Teachers Hear Dr. Hill At Annual Banquet

WTSC Prexy Speaks On Philosophy Of Education At Meeting Tuesday Night

Approximately 90 Floyd county teachers heard Dr. J. A. Hill discuss "Philosophy of a Changing Education" in the principal address on the program of the second annual Floyd County Teachers banquet at RCA gymnasium in Floydada Tuesday night.

Dr. Hill, president of West Texas State college of Canyon, has been a leading figure in the world of education for a number of years, and his address was received with interest.

Eston E. Day, deputy state superintendent from Lubbock, was a special guest at the affair.

O. K. Davis, principal of the Floydada High school, was toastmaster at the banquet. W. H. Myers, principal of the R. C. Andrews Ward school of Floydada delivered the invocation.

Two numbers, "Twilight" and "When the Banjo Plays" were presented by the High School Glee club of Floydada, and members of the P. H. S. German band played several numbers.

A humorous reading, "The Doctor and the Contraption," written by Stephen Leacock, was presented by Miss Bert Ione Smith, and the Floydada High school band played during the occasion.

During a business session, Superintendent Walter Travis of Floydada and Principal Grayson D. Tate of Lockney were elected as delegates from the Floyd County Teachers' association to the West Texas Teachers' convention which will be held in Plainview March 8 and 9.

The banquet was served by the girls of the Home Economics department of Floydada High school, under direction of Miss Fannie Mae Rees. A color scheme of red and white, carrying out the valentine motif, was used with red candles and place favors and red and white napkins.

"JOHN DEERE DAY" SHOW GETS GOOD ATTENDANCE

Approximately 850 people, both men and women, attended the free show Monday and saw the new John Deere machinery and how it works. The show, sponsored by the local John Deere dealers, Stansell-Collins company, was entitled, "Joel Gentry in Hollywood."

Sandwiches and coffee were served to approximately 450 visitors in the store during the afternoon. W. G. Collins said.

J. M. WATSON, FORT WORTH DIED AT 77 LAST WEEK

J. M. Watson, 77, brother of the late R. C. Watson of Floydada, died at his home in Fort Worth on January 23, according to information received by relatives here. He is a brother-in-law of Mrs. R. C. Watson, and visited here three years ago.

A native Alabamian he had been a resident of Texas many years. Mr. Watson is survived by his widow and six children.

SMITHS HOME FROM RIO GRANDE VALLEY TRIP

Mr. and Mrs. G. W. Smith and Mr. and Mrs. R. C. Smith returned home Sunday from an eight-day trip through the Rio Grande Valley and into Reynosa, Mexico.

In Kenedy they were guests of Mr. and Mrs. Buddy Lloyd, former residents of Floydada. In Harlingen they visited Miss Evelyn Vinson and at Mission they were in the home of Mr. and Mrs. Allen Kownslar.

EXPERIENCE IS GUIDE TO BETTER NUTRITION

Experience and practical observation taught many a lesson in good nutrition long before scientists were able to prove the soundness of the ideas or explain why. In a chapter on "From Tradition to Science" in the current Yearbook of the Department of Agriculture, Louise Stanley, Chief of the Bureau of Home Economics, gives several examples.

Burned sponges were used in the thirteenth century to treat goiter. In 1819 chemists discovered iodine in this ash. Now food scientists know that traces of iodine in the diet help prevent goiter.

Cod-liver oil was used to treat rickets centuries before vitamin D was discovered.

In Florence pharmacists of the Middle Ages offered lemonade as a remedy for scurvy, but the vitamin-C value of the citrus fruits was not identified until recently.

In Mexico where fresh milk is scarce, cooks use quantities of pimento in cooking. It is rich in vitamin A, and in this respect is a good substitute for milk.

Many items of food folklore and tradition, and many fads and prejudices are unsound, the articles on human nutrition in this volume show. Modern food scientists in their laboratories are separating the true and the false and are improving the basis for intelligent nutrition, supplying information more reliable than old trial-and-error methods.

Mark Duncan, of Lubbock, was here the first of the week on business and visiting his mother, Mrs. Arthur B. Duncan.

IF YOU'VE EVER BEEN A BOY YOU'LL UNDERSTAND JUST HOW IT HAPPENED

I. J. and Don Belt, 8 and 10 years old, respectively, had good practice Sunday in the art of clay-modeling... but... the clay was lye soap. It happened at the home of the boy's grandparents, Mr. and Mrs. W. H. Fields whose home is 3 miles south of Lockney.

The boys, who have been students of the art at school, discovered the pot of soap made by their grandmother and immediately went to work. The result, as told by their mother, Mrs. J. R. Belt, was something like 1000 models and... soap all over the place. The grandmother was somewhat proud of her grandsons, however and admitted that "some of them were pretty good."

DICKENS COUNTY VISITORS

County Judge Marshall Formby and County Attorney L. D. Ratliff, of Dickens county, in company with Judge H. A. C. Brummett, of Dickens, were in Floydada Tuesday.

LAST YEAR TEMPERATURES GENERALLY ABOVE NORMAL

A review of last year's weather shows only 1 month, February, that could be definitely classed as having abnormally low temperatures, when the country as a whole is considered, says J. H. Kincer, of the United States Weather Bureau. All other months were either moderately warm or had large plus departures from normal temperature.

January 1939 was abnormally warm everywhere, with the greatest abnormalities in the Northwest. February was relatively cold west of the Mississippi river, but warmer than normal in eastern sections. March had above-normal temperatures everywhere, except in a small northeastern area. April was warmer than normal from the Great Plains westward and in southeastern sections, but moderately cool in the Mississippi and Ohio Valleys and Lake region. May had above-normal temperatures everywhere, except in the Southeast. June was moderately cool in the extreme Northeast and Northwest, and warmer than normal in other sections.

July had above-normal temperature everywhere, except locally in the east. August was generally warmer than normal, except in a small southeastern area. September had above-normal temperature everywhere, except locally in the Southwest, the extreme South, and extreme Northeast. October had relatively warm weather in all sections, except very locally in the central-north and Northeast. November was warmer than normal over about two-thirds of the country, but was slightly cooler than normal in the Atlantic area and the south. December, as a whole, was outstandingly warm in practically all parts of the country.

PHYSICIAN'S STATEMENT IS KEY TO NEW YEARBOOK

The new Department of Agriculture yearbook, Food and Life, is dedicated "To the memory of Willbur Olin Atwater, 1844-1907, who organized the Office of Experiment Stations" in the department and was "one of the pioneers in modern nutrition."

But a key to the book's contents is found in an opening statement by a former president of the American Medical Association, a prominent physician of Birmingham, Alabama. In his address before the association in June 1935, Dr. James S. McLester said:

"In the past, science has conferred on those peoples who availed themselves of the newer knowledge of infectious diseases, better health and a greater average length of life. In the future, it promises to those races who will take advantage of the newer knowledge of nutrition, a larger stature, greater vigor, increased longevity, and a higher level of cultural attainment. To a measurable degree, man is now master of his own destiny where once he was subject only to the grim hand of fate."

Mr. Atwater in his own laboratory conducted "a remarkable amount of fundamental investigation on the composition of food materials and their effects on the body." His bulletin on this subject has had a world-wide demand since 1890.

It takes from 50 to 100 years to produce a tree large enough for lumber.

HOME DEM. CHORUS MEETS

The Floyd County Home Demonstration chorus met Saturday, January 20, for a regular practice. The history of home demonstration work in the county was discussed as a beginning for a musical history. All clubs are urged to have representatives work on the history. Clubs represented at the meeting were Dougherty, Home Builders, Harmony, South Plains and Sand Hill. The next meeting will be on Feb. 3 at 2 o'clock at the Baptist church in Floydada.

R. V. Wood, junior student West Texas State college, was home the first of the week on brief visit with his mother, Mrs. M. Wood.
