### Rutledge Gets in Race For Judge of County

To the Voters of Floyd County, I am announcing as a candidate for the office of County Judge, subject to the Democratic Primary, July 27th, 1940.

I feel that with my knowledge of conditions in Floyd County, acquired from a residence here of nearly twenty five years, most of which have been spent in business in Floydada, and during which time I have been actively interested in all civic affairs of the town and County, I can qualify as an official able to administer the affairs of the office with business judgement, courtesy and efficiency.

I am asking for this office on a basis of my ability, and not from a standpoint of friendship only, and if the voters of the County see fit to elect me, I will do my best to make an efficient County Judge. Have never before been a candidate for public office.

I will appreciate your vote, and active support.

O. P. Rutledge.

#### MALACHI DEMANDS HONESTY TOWARD GOD

International Sunday School Lesson For June 23, 1940:

Golden text—"Bring ye all the tithes into the storehouse, that there may be meat in mine house, and prove me now herewith, saith the Lord of hosts, if I will not open you the windows of heaven, and pour you out a blessing, that there shall not be room enough to receive it" (Malachi 3:10).

Lesson Text:— Malachi 3: 7-18  
Mal. 3: 7 Even from the days of your fathers ye are gone away from mine ordinances, and have not kept them. Return unto me, and I will return unto you, saith the Lord of hosts. But ye said, Wherein shall we return?

8 Will a man rob God? Yet ye have robbed me. But ye say, Wherein have we robbed thee? In tithes and offerings.

9 Ye are cursed with a curse; for ye have robbed me, even this whole nation.

10 Bring ye all the tithes into the storehouse, that there may be meat in mine house, and prove me now herewith, saith the Lord of hosts, if I will not open you the windows of heaven, and pour you out a blessings that there shall not be room enough to receive it.

11 And I will rebuke the devourer for your sakes, and he shall not destroy the fruits of your ground; neither shall your vine cast her fruit before the time in the field, saith the Lord of hosts.

12 And all nations shall call you blessed: for ye shall be a delightful some land, saith the Lord of hosts.

13 Your words have been stout against me, saith the Lord. Yet ye say, What have we spoken so much against thee?

14 Ye have said, It is vain to serve God: and what profit is it that we have kept his ordinance, and that we have walked mournfully before the Lord of hosts?

15 And now we call the proud happy; yea, they that work wickedness are set up; yea, they that tempt God are even delivered.

16 Then they feared the Lord spake often one to another; and the Lord hearkened, and heard it, and a book of remembrance was written before him for them that feared the Lord, and that thought upon his name.

17 And they shall be mine, saith the Lord of hosts, in that day when I make up my jewels; and I will spare them, as a man spareth his own son that serveth him.

18 Then shall ye return, and discern between the righteous and the wicked, between him that serveth God and him that serveth him not.

Miss Edith L. Wilson spent the week end with her parents Mr. and Mrs. W. L. Wilson at Quanah.

Mrs. C. F. Lincoln left Tuesday for Sweetwater for an extended visit with her son Hudson and family.

### REA Serving 400 Patrons In Territory

#### Completion of 90 Mile 'B' Section Monday Raises Total to 275 Miles

With the completion Monday of 'B' section construction, the total membership of the Floyd County Rural Electric Co-operative, Inc. was raised to well past the 400 mark. The ninety mile 'B' section serves customers in the southeast portion of Floyd County and parts of adjoining territory in Crosby and Dickens Counties. The line is a single phase serving domestic users exclusively as there is no irrigation projects in operation in the district. Completion of construction of 'B' section brought the total mileage served by the Floyd County REA unit to 275. Lines now extend from the northwest corner of Floyd County to Dickens county and near the southeast corner of Crosby county. Under the direction of J. E. Morgan and Son, the contract for building lines was completed in record time after a delay and time loss due to irregularities in the letting of the contract.

**'C' Section Planned**  
A new section of the project, to be termed 'C' section, is being planned and will be submitted to Washington officials in a meeting at Fort Worth Friday of this week. Included in the proposed addition is two hundred miles of line to serve 400 customers in Floyd, Hale and Crosby counties.

Plans for the extension will be submitted by a delegation from the Floyd County Rural Electric Co-operative, Inc. of the following members: L. W. Chapman, manager, A. H. Kreis and Karl Samman, directors; Ben P. Ayres, Attorney and Marvin Cox, Inspector.

Purpose of the meeting, which will be held in the Texas Hotel, is planning for extensions of electric service into communities not now served. It is anticipated that work will begin by fall on the 'C' extension of the Floyd County project.

### Plans on 1940 Wheat Made Subject Recall Due To Conditions

COLLEGE STATION, June 17—Because of unsettled world conditions, loans of 1940 wheat will be subject to recall on demand, according to the Federal Reserve and Commodity Credit Corporation.

Plans for liquidating the 1940 wheat warehouse storage loans were announced last week. The date of execution will not later than the first of July, while farm storage loans will mature ten months from the date of execution. Interest will be at the rate of 3 percent instead of 4 percent, last year's rate, according to P. C. Colgin, state wheat supervisor.

No preliminary fee on warehouse loans are required, the supervisor explained, but the loan fee has been raised from one-fourth of a cent per bushel. The new fee was made necessary since the recording fees on the chattel mortgages are to be paid by the county offices.

This year, for the first time, the AAA offices will handle the wheat loans from start to finish, dealing directly with the Kansas regional office of the corporation in order to speed up the work.

Another innovation in this year's program is that indemnity payments paid producers on crop insurance contracts will be eligible for a tremendous increase in farm storage loans is expected, Colgin said. If the wheat is stored on the farm, the producer pays the cost of seven cents per bushel for the loan and is delivered the wheat in the fall and delivered to the corporation upon maturity of the loan.

### Cotton Comes Into Its Own as Stylist Give Nod To Fabric

COLLEGE STATION, June 17—Cotton comes into its own this summer. It has received the coveted nod of those who dictates the styles and will be the most popular fabrics on the market.

Seersucker has gone 'high hat' and, with chambray and ginghams, will get most of the fashionable play, but voiles, batiste, chintz and organdy will also be favorites.

Plaids and checks are vying with solid colors for first place in popularity.

The increasingly large part cotton is playing in the woman's shops of America is due largely to new processes which prevent undue fading and to special finishes which make the materials keep their 'new' look indefinitely.

Cotton will not only be stylish but, points out Mrs. Dora Barnes, clothing specialist of the "Texas A." and M. Extension Service, it is the most practical and durable of all summer materials, and there are weaves to fit every pocketbook.

The sheer voiles, organdies, and batistes are seen in the dressiest styles, says a fashion note, with many "tiny buttons, yards of lace, and skirts that fairly blow away in the breeze."

Mrs. Barnes more or less seconds that with the remark that cotton is a very flattering material. "Such little touches give the feeling of luxury and youthfulness to the wearer which is oftentimes impossible to achieve in the heavier and more costly fabrics," she said.

Mrs. Suzanne Flanary, of Houston, who was called to Floydada on the account of the death of her father, W. T. Brown, early in June left Saturday morning for her home. **HOW ONE WOMAN LOST 26 LBS. OF FAT**

**Fat Girls — Here's a Tip**

NEW YORK—Special. In 40 days Mrs. Helga Blaugh reduced 26 lbs. Took 4 inches off hips, 3 inches off bust and 7 1/2 inches off waist. Writes: "I feel fine and look 10 yrs. younger."

How would you like to safely and harmlessly lose 15 pounds of fat in a few weeks? How would you like to lose your double chin and your too prominent hips and abdomen and along with it get the increase in energy and improvement in health which so often accompanies excess fat reduction?

Get on the scales today and see how much you weigh. Take a half teaspoonful of Kruschen in a glass of water first thing every morning. Then eat your fill of foods that lessen caloric intake. After 30 days, weigh yourself again and just see if you haven't lost pounds of ugly fat. Kruschen is a famous English formula made in U. S. A. It comes in either the new pleasant bubbling form or plain non-fizzy form for those who prefer to take it in hot water. A bottle lasts 4 weeks and costs but a trifle. Money back if not joyfully satisfied.—White's Drug Store.

# Why FLOYDADA People ARE CHANGING to the modern GAS refrigerator!

**Only Servel Electrolux freezes silently with NO MOVING PARTS**

Women here and nearby, all over West Texas, who are buying their second refrigerator this year, are turning to the one automatic refrigerator with no moving parts in its freezing system—SERVEL ELECTROLUX! Nothing to wear, nothing to make a noise, now or years from now.

Says Mrs. D. S. KAUFMAN, Abilene, Texas: "After 12 years of daily use, our Servel Electrolux is just as economical, just as silent, and trouble-free, as when it was first installed in our home. A representative of the local Electrolux dealer called on us recently in an attempt to interest us in trading for a late model; but we declined because our old one is still giving us such excellent service."

Isn't that the kind of a refrigerator you want to buy? Come in and see how easy it is to own a new 1940 Servel Electrolux.

### Fire Truck Judgement Of American-La France Corporation Settled

The City of Floydada at long last has cleaned up and paid off or adjusted the last bit of its indebtedness outstanding when the depression of the early thirties hit. The latter part of last week the mayor and members of the council arrived at an agreement with attorneys representing the American La France Corporation by which they retired the federal court judgment against the city on the fire truck lost in litigation in 1937, and which left the city, in addition to loss of the truck, under a judgement in excess \$4,000. With accumulated interest the debt had grown to a figure approximating \$5,200. A reasonable settlement of the claim was made in the opinion of the city fathers, the net cost to the city being less than \$3,000.

### Cemetery Drive Will Be Started Next Week

A drive for funds for the upkeep of Floydada Cemetery will be made sometime next week. Mrs. Bob Smith, president of the cemetery association, said yesterday, "All who are interested in the cemetery who can be contacted will be asked to assist in raising money to maintain the cemetery." Mrs. Smith said, "The only way we have of maintaining the cemetery is through voluntary donations of those who are interested."

### FISHING LEADING SPORT FOR WEEK'S VACATION

Fishing seems to have been the main sport of Floydada vacationists during the past week and the love for telling "Big Fish Tales" doesn't seem to have lost any of its charm for the local fisherman.

J. A. Arwine, though, gets the grapes for he caught the biggest fish of them all. He caught one that weighed more than 72 pounds. He had hook line and all equipment that was fully tested to stand that capacity—but it got away.

Anyway Mr. Arwine said he would never enjoy anything any more than he did his deep sea fishing trip out of Freeport last week. Mr. Arwine was accompanied on the trip by his brother-in-law, Dr. J. Herman Thomas, and a party of other men from Ft. Worth. Mrs. Arwine and sons remained in Ft. Worth for a visit.

Harvey Assister, of Tahoka, was runner-up in his catch, with a report of two bass weighing more than six pounds and all the other fish they could take care of. Harvey's party was composed of his wife and his parents, Mr. and Mrs. G. T. Assister, of this city.

There are other fishermen to report yet, among them Mr. and Mrs. Polk Goen and children, who left Tuesday for Lake Kemp, in company with Mr. and Mrs. J. P. Pundt, of Borger.
