FLOYDADA, FLOYD COUNTY, TEXAS, THURSDAY, OCTOBER 31, 1940 NUMBER 38

G. B. Phipps Is "Number 1" Man In Floyd County

Floydada-Lockney Battle Features Football Program Friday

Starting Whistle To Sound At 2:30 On Wester Field Fri.

Davis-Golightly Duel Will Be Feature Attraction

Lockney's much improved Longhorns are bearing down on Floydada with plans all laid to smack the Whirlwinds for the third consecutive time.

It has been visibly evident that Davis and Kelley, the Longhorn's two backfield hot-shots, are 100 per cent better now than two weeks ago.

Slow Start But Now—The Longhorns started with only six lettermen, three of which were merely squeaked into the over-size shoes of former coach, Leo Cooper.

Wilson's plan seems to be working because the Longhorns are growing stronger each game and are certain to deal Floydada misery tomorrow afternoon.

Floydada Should Remember Floydada's Whirlwinds haven't forgotten the 19 to 14 drubbing of last year when all the railbirds said Floydada was going to win.

There are plenty of memories left from last year as most of the Floydada starters this year played some in 1939 and several of them in 1938.

Others who are scheduled to appear on the program during the evening are Jo Arwine, Gene Loran, James Wester and Miss Elizabeth Caldwell.

FLOYDADA GIRL PLEDGES COLLEGE SOCIAL SORORITY

CANYON, Oct. 28—Marjorie Kirk of Floydada, a junior at West Texas State college, has been asked to join Pi Omega, social sorority, after a week of various activities to which she was invited.

WINS CHICAGO TRIP WITH 4-H WORK THIS YEAR

Jim Bert Bobbitt, son of Mr. and Mrs. Bert Bobbitt of Sterley, won the annual Santa Fe trip with three acres of Jennings cotton.

Two-tenths of an inch rainfall was recorded here yesterday evening and last night with the promise of more as low hanging clouds swept across the plains skies.

The continued damp weather is giving the wheat a strong boost for further fall and winter growing, and reports are that the wheat over this area is looking good.

America's typical family, the Leathers of Clarendon, they are John Leathers, 19; Margaret Jean Leathers, 16; and Mr. and Mrs. D. E. Leathers. A group of judges in New York selected them as the "typical American family" and they were invited to fly East to help close the New York world fair.

Graham; 10 Baker, Mrs. G. R. May; 10 Sterley, Mrs. R. W. Smith, Jr.; 20 Dougherty, Mrs. C. A. Caffee; 20 South Plains, Jack McCown; 10 Pra. Chapel, Mrs. H. Huffman

Rain, Murky Weather Halts Field Work Over County

This fall coupled with that Sunday night makes a total of 43 inches this week. Football fans are looking to a heavy, slow field Friday afternoon when the Floydada Whirlwinds and Lockney Longhorns meet on Wester field.

T.H.D. Unit Organized Here Mon. Night; Enlistments Promise Full Manpower

Regular Meeting Night To Be Tuesday 8 O'Clock At Legion Home

Formal organization of the Floydada unit Texas Home Defense was begun Monday night at a meeting held in the district court room Floydada. Forty-nine applications for enlistment were signed during the session and turned over to the clerk.

Donald H. Pitts, Floydada physician, has been granted a provisional commission as captain to lead the Floydada company. Other officers will be J. C. Gilliam, first lieutenant, and T. P. Collins, second lieutenant. The commissions will be made permanent as soon as the Floydada unit is announced as "ready" and is inspected by the adjutant general's office.

Officers are expected to meet sometime this week and select non-commissioned officers to form an even closer organization next week. The meeting night was set for Tuesday of each week, the next meeting will be held Tuesday night, November 5, at 8 o'clock in the American Legion home.

Capt. Pitts explained to the group that everyone between the ages of 18 to 64 are eligible to enlist with the unit. Registrants under the Selective Service act may enlist with the home guard but are in no way exempt from service with the regular army if they are called to the colors. Physical requirements will be considerably less stringent than the U. S. Army standards.

The company will meet once each week for instruction, with each meeting to cover a one hour and a half period. It was also unofficially announced that the war department had signed releases for rifles and other equipment to be loaned home defense units as rapidly as they are formed and the distribution machinery set up. Those making applications for enlistment with the Floydada Company Texas Home Defense were El-

Apart 20 Years Brothers Seek Relatives

Quartet Asks Aid Of Floyd And Hale People In Hunt For Kin

Four brothers—sons of Will House—whose mother died in 1919 or 1920 at Plainview, are asking the help of the residents of Floyd and Hale counties in locating other relatives whom they might have in this section.

Separated after the death of their mother in Plainview, the boys found each other again recently and had a reunion. Now they would like to know of any of their people or of anyone who could tell them about their mother, whose maiden name they do not know, or about any other relatives.

They are of the belief that they probably have relatives in this section. While their mother died in Plainview they think possibly that their family might have connections in Floyd county. Following their reunion they would appreciate any response that will enlighten them as to their relatives.

These four boys were separated at the death of their mother, sometime in 1919 or 1920, and were turned over to the state, later being placed in different homes. They would like to locate or learn the whereabouts of any possible relatives. They were the children of Mr. and Mrs. Will House—mother's name (maiden) unknown. These boys names before separation, were Clarence House, age 7, Peter (Pete) Clarence House, age 7, J. C. (Doc) House, age 3; and Marshall House, about a year old.

These boys just this summer located each other and are very anxious to locate any possible relatives. Write J. C. Hollis, 2733 Hickory Street, Abilene, Texas. Your kindness will be thoroughly appreciated.

ATTENDS SUPTS. MEETING

Clarence Guiffe, county superintendent of Floyd county, was among the superintendents of the south plains who attended a meeting of superintendents in Lubbock Tuesday night.

Accidents Take Toll Of Floyd County Folk Over Week

Autos And Guns Take Toll Of Victims; Not Friday Thirteenth Either

J. W. McCravey, 23, of Lakeview community is considered by physicians to be out of danger at this time. He was seriously wounded early Friday morning when he accidentally shot himself with a .32 calibre rifle. McCravey had gone out about sunrise with his single-shot rifle after promising some cotton hands that he would "bring them in some game," but as he was crossing a stack lot his feet became entangled in some loose wire and he tripped, the gun fired and the bullet entered his left chest two inches below the heart, ranged downward and came out at the seventh rib.

Arthur McCravey, an elder brother, was close behind J. W. when the accident happened. L. E. McCravey, his father, hurried to the scene and helped untangle J. W.'s feet from the wire and sent for an ambulance. McCravey was rushed to a Plainview hospital for treatment. He was an employee of Douglas Airplane Corp at Los Angeles and had taken a leave of absence to be married at his parents home. He was to have been married to Miss Oma Lee Watson of Floydada on Saturday and they were to take their honeymoon trip back to the coast where he was to have returned to work on November 1.

Auto Collision Injures Two Persons Near Cedar

Mr. and Mrs. A. J. Jones of Sulphur, Oklahoma, cotton hands on the Ferd Reeves farm near Cedar Hill, were seriously injured Sunday afternoon when their car smashed into that of Mr. and Mrs. J. A. Dunlap of Liberty community at a cross road one mile from Cedar Hill.

Mr. and Mrs. Jones were going to Cedar Hill to buy groceries and Mr. and Mrs. Dunlap were going home after visiting Mr. and Mrs. Jim Conner of Cedar. Doubt as to which had the right-of-way was blamed for the accident.

The Jones car was overturned and the Dunlap pick-up was headed into a telephone pole. Neither auto was damaged to any great extent but Mrs. Jones suffered a broken pelvic bone and back injuries and Mr. Jones received three broken ribs and bad bruises. Neither Mr. nor Mrs. Dunlap were injured. Mr. and Mrs. Johnnie Lackey and (See ACCIDENTS, page 5)

Jack Hough Case Is Before District Court Today

Jury Selected Wednesday From Special Venire Of 72 Floyd Men

T. E. (Jack) Hough went on trial yesterday morning for the shooting of R. C. James of Plainview on September 27. The shooting took place on the west side of the square a few doors south of the Ritz theatre.

All day Wednesday was taken up in the selection of jurors from a special venire of 72 summoned before the court that morning. Only seven had been selected up to noon and the others were selected in the afternoon.

Jury for the case will be composed of Edwin Case, Clarence Ashton, Greer Christian, A. J. Beedy, Albert Parrish, H. T. Bradshaw, W. H. Furrow, Grady Parker, Arthur Barker, G. R. Street, W. F. Ferguson and C. G. Gogdill.

Today the case will actually go to trial with the presenting of evidence and the hearing of witnesses. The trial is expected to last through Friday. (See JACK HOUGH, page 5)

L. G. MATHEWS DELEGATE TO PAMPA CONFERENCE

Judge L. G. Mathews will be delegate from Floydada Methodist church to the Northwest Texas conference of Methodist churches to be held in Pampa beginning November 15. He was named in the recent quarterly conference of the local church. Noel Troutman is alternate.

Rev. J. B. McReynolds, pastor of the church and J. M. Willson, member of the board of education, the laymen's board and salary equalization board of the conference, also will attend.

Roosevelt vs. Wilkie To Be Decided On Tuesday By Voters Over Entire Nation

R. A. Renfer is the new pastor of the Cumberland Presbyterian church in Floydada. He will assume his duties here this week, planning a Bible-centered and evangelical ministry. He comes from Dallas here. He spent last Sunday and preached for both morning and afternoon services.

Dr. Donald H. Pitts, Floydada physician, has been commissioned by Governor W. Lee O'Daniel as captain in command of the Floydada Texas Home guard unit which was organized at a meeting here Tuesday night. Other officers are J. C. Gilliam, first lieutenant, and T. P. Collins, second lieutenant, also commissioned by the Governor.

W. M. Martin And C. W. Payne Are Near First

Questionnaire Will Be Mailed Immediately To All Draftees

Secretary of the War Stimson donned a blindfold Tuesday morning following an address to selective service men by President Roosevelt and drew from a historic fish bowl used in the World War I draft a capsule containing the serial number 158. A woman in the immediate

audience screamed, her son had been assigned that particular number, and other women, mothers and wives, also trembled because every draft board had a serial number 158 on record and the drawing of that number meant that every man with serial number 158 would be classified first by his local draft board.

Number 158 in Floyd county had been assigned to Gerald Brown Phipps, 31, who is temporarily employed with the AAA office here. Phipps explained that he had served a "hitch" in the medical corps of the army, stationed at Fort Sill, being given his honorable discharge in 1935. Phipps has a wife, and a two weeks old girl named Geraldine Mae. He is a pharmacist by trade. "I am a strong believer in military training and I am ready to go. It is a lot better in the army or navy than being unemployed and looking for a job. I'd be glad to get back to the service," he told a reporter.

At present Phipps is field reporter for the AAA office. He has lived here one year. His parents are both deceased. A brother, O. W. Phipps, left Tuesday morning to enlist in the U. S. Army. A sister, Mrs. Oleta Williamson, lives in Floydada.

W. M. Martin Number Two

The second number to be drawn was 192 which had been assigned to W. M. Martin who lives west of Floydada. Martin is also married and has a family. He is the son of Wes Martin, pioneer Floyd county settler.

Following a long line of "big" numbers, serial number 105 appeared and this had been given to C. W. Payne of Dougherty. He has a wife and family and is the son of W. W. Payne.

According to the regulations which have been explained from time to time, it appears that all three of these men could claim a deferred classification because of dependents or occupation.

Questionnaires will be sent out immediately upon receipt of order numbers at the draft board headquarters here, it was announced. These blanks will be sent out in accordance with the order number listed and must be returned to the draft board within a specified time. The draft board will study these (See G. B. PHIPPS, back page)

Table Ballot Will Be Handed Voter; Wide Party Choice Given Too

Tuesday the voters of the United States will make their selection for president for these next four years, probably the most critical years to face the states in over a decade. The issue is not clearly divided so far as policies are concerned but almost every voter seems definitely to have his pencil sharp and ready to mark a ballot.

President Roosevelt, who is serving his second term of office, seems to be the favorite at this time according to the various polls conducted over the country while Wendell Wilkie, the Indiana "farm boy," is making a hard drive to hold his popularity in the east and gain support in the west and midwest. The voters Tuesday will decide just which of these candidates they will take for the next four years.

The ballot is a good "table size" and the voter will have plenty of elbow room to do his marking. Several parties besides that of the Democratic and Republican are represented but are not expected to cause any competition to the two favorites. One column is left "blank" so that a voter may "write in" a choice where he does not like any of the other candidates offered him. Floyd county is expected to go strongly Democratic as well as the surrounding counties and Texas. Election returns will probably be (See ROOSEVELT, page 5)

Expansion of the CCC and the NYA plans of the national administration is scheduled to take place if the Democratic administration is returned to power. Undoubtedly these two aids for the youth of the country have been outstanding and worthwhile efforts. While it is problematical just what the Republican old guard will force on Mr. Willkie if he is chosen president, the chances are these two agencies will be continued in some form or other. Mr. Willkie is for all the domestic reforms the democrats have undertaken, too, he says, and probably he means just that. However, the men who are shelling out the most money for his campaign are people who were never nearly hungry, never nearly broke, never short of an opportunity to get along in the world. They are going to insist on doing part of the policy making. In which case the NYA and the CCC might not fare so well. This is not to try to influence votes in Floyd county because it is a foregone conclusion what will happen here on November 5. Nor, we hope, will it discourage the youngsters who have had little opportunity in life, should it happen that Mr. Willkie is named president and gets a majority of representatives in the House of Representatives.

And when the sales tax is passed there'll be scores and even hundreds of tax enforcement officers driving up and down the highways and byways. They'll come into the little and big stores having the owners prove they are not crooked and have not cheated—when they ought to be spending their time waiting on the trade. The trouble with people is that they forget every time they add another law of this kind they add another nuisance to the free operation of trade. Don't think before the bill is finally paid you will not be paying your share. The world is going to keep turning on its axis and you are going to help grease the bearings. You can be wise or unwise about how it is to be done.

J. E. McDonald, Texas Agricultural commissioner, says he likes the "two-price plan" of McNary-Willkie better than the Roosevelt plan now in effect, hence he will support Mr. Willkie, he against the Democratic nominee Mr. Roosevelt for president. The McNary-Willkie plan is an adaption of Tom Connally's plan which the congress, Republicans included, have consistently turned down for the past six years.

Farmers are taking for granted they are going to find plenty of help a little later to gather their cotton. While they wait, however, the oil is drying out of their lint and they'll wonder why inch and better staple turns out at the gin of their choice with a staple less than that length. The dry, fluffy cotton, such because it has been exposed to sun and wind in the field for weeks, pulls away from the seed leaving the last oily one-sixteenth of the staple clinging to the seed. It lacks this sixteenth of an inch being what the mill wants for best results. You cuss the cotton buyer, the government, for poor samples, poor price. We pussyfoot about telling you these facts pointedly to keep you from being mad at us, too.

There's no defeat, in truth, save from within; Unless you're beaten there, you're bound to win!—Henry Austin.

A large crop of both deer and turkey in Texas the next twelve-month period is indicated by reports from the State Game, Fish and Oyster commission. These have been obtained where special arrangements have been made with landowners for protective measures. Also, generally all over the state there has been an encouraging report on more quail, more doves, more everything the hunter is interested in. The point, for the average landholder, is that practically every bird or animal has a place in the balance Mother Nature attempts against the influence of man's depredations.

Speaking of man's depredations of nature's balance of things. The new highways and improved country roads from nature's viewpoint are depredations. High speed automobiles that kill rabbits, coyotes and birds on these travel routes are feeding and supporting stray dogs by the hundreds, even thousands. Travel any road you want and you'll see, in West Texas at least, rabbits, coyotes, birds that have been blinded and killed by the man-made juggernaut with which wild life has not learned to compete in speed and weight. Many, with his chicken-hearted way of doing things, then comes along and dumps stray puppies, stray cats—on his neighbors far enough away to be out of his sight and experience—and they eat these man-killed animals and birds between turns of depredating on the land owner.

Nature is cruel only in the sense that she does things the only way that will allow the soil to survive. Man is squeamishly cruel, too. He devastates whole continents as note China and the rich valleys of eastern Asia, the cradle of humanity. Considering man's relative smallness on the face of the earth he has done more damage than all the other animals which have roamed the mundane sphere. And yet you could take all the human population of the earth right now and bury it in a box a mile deep, a mile high, a mile wide pitch the mess in one of the deep crevices of Grand Canyon, and Nature would have an easier job for the next thousand years.

The man who is operating a section (or five-section) farm unit has a tremendous advantage of the man who is trying to handle a smaller acreage. Accordingly there is every reason to believe the Department of Agriculture will revise the ratio of benefits that will be paid operators of farms, to give the big man less than the little one—the bigger the less the ratio. Most of the big operators of the county think this is right.

Restriction of government cash benefits on the part of landlords to tenants is being called for in plains counties at this time. Floyd county is no exception. A growing custom of the landlord to take a part of the benefits assigned to the tenant under the agriculture department set-up is expected to be arrested in this manner, to some extent at any rate. This will have a tendency to stop the talk that the "program" is favoring the big man and working to the detriment of the little man. Few but think it is the fair thing to do.

A woman never really makes a fool of a man. She just directs the performance.

As A Farm Woman Thinks

Nellie Witt Spikes

Last night we were suddenly awakened by the loud crashing of thunder, the sound of dashing rain outside, looking like solid sheets of silver when the lightning flashed. The storm soon roared past, grumbling and racing ahead of the high west wind.

This morning before day as I was sleepily going to the barn to help milk, the moon looking like a silver earring in the sky, was so clean and bright, I thought that the wild prairie storm had washed and blown the smoke of battle and the blood of men, women and children from it as it arrived on our own dear America's peaceful shore.

Beans, tomatoes, okra and peppers seem to be an added dividend from our gardens this late in the fall. And how good they taste! Green beans boiled with a hunk of streaked bacon, cured last winter, okra fried brown and tender in home made lard! Sweet potatoes, fresh dug, and baked in their own jackets! Tomatoes sliced with peppers and onions! Fall gardens on the plains are the best of all the year.

The whinnying of colts, as they cry for their mothers, fills the air. Such cruel things the new muzzles are to them as they learn their first lesson of breaking away from their mothers, having to learn to depend on themselves for their food. There is a baby mule colt too, walking around on funny legs after his mother. Life is always beginning, in some form, on the farm.

Bill Gruben who lives at Spur but is now a junior at Texas Tech, rode out from Lubbock to Lorenzo with us the other day. As he is majoring in journalism, his talk and outlook on life was very interesting. I like the views of youth, fresh and unspoiled from disappointments.

Pecans, brown and smooth, are falling from our trees. We gather them up as they fall and now have a quart. You will never live to eat pecans off those trees," someone said as my husband planted some pecans he had bought. But he was mistaken as we have eaten nuts from the two trees for some ten years. They have a very thin shell and are rich in oil. We treasure them like jewels and enjoy every bite. The trees are graceful and tall. I like to see them, summer and winter, etched against the blue of the sky. Some years we have gathered a bushel, others not so many. Late freezes do so much damage to them.

A visit to the home of Mr. and Mrs. A. L. Glass the other day brought us many new thoughts and interest. They had been on a month's visit with their daughter, Joyce, who is married and lives in an old town in old Mexico.

"Way off, mountains are high, and behind them are more mountains that look like hazy blue clouds," Mrs. Glass said. Through her eyes we saw winding roads through high mountains, one side sloping to the sky, the other so far down that only blue mist could be seen. We saw the old hacienda where her daughter grew beautiful flowers in the enclosed court or patio. We smiled at the old Mexican woman who had folks of young blood to put the eggs under the setting hens.

We saw an hombre sitting on a donkey, followed by his faithful wife and children on foot carrying heavy loads of pottery and carved pieces to the fairs. We saw him kick the donkey, light his cigarette, and hurry up the family trailing Indian fashion behind. We tasted the tortillas spread with hot tomato sauce, rolled up with one end turned up so that the sauce would not spill.

We looked at the huge concrete stove covering one whole side of the kitchen, with its five furnaces topped with grills where the pottery bowls could bubble and boil the beans and other things. We even took a sip of the pulque made of the fermented juice of the maguay plant. Saw old Mexican women take a thorn off this same plant, punch a hole in it, thread it with a long fiber pulled from the maguay plant and sew on cotton cloth spun and woven on primitive looms.

Strange things to us, our friends told us, as we sat in the ranch near Crosbyton, where we could look on the distant canyon hills. A race of people poorer than we can know, sleeping where night finds them on a roll of matting carried on their shoulders, eating beans, corn and rice for their daily fare. Mrs. Glass has clay pottery, lovely serafes, maguay plants and otillo which grew so high and so thick that it is grown around enclosed places for a fence.

All too soon we had to leave and come home but some day we will go back to the old Leonard ranch home in the canyon and take another trip to Old Mexico.

Here is a poem found in the Plainsman's column of the Lubbock Avalanche which was written by Robert Lee Brothers of Gonzales. I think it is unusually fine.

The Nazi vulture and the Fascist bat
Side by side on the channel sat.
While the English eagle on the other side
Ruffled his wings with a fighter's pride
As he said, "Do you think by any chance
You can feast on me as you did in France?"
By the whitened bones in the Norway pine,
And the blood-red moon on the river Rhine?
By the broken dikes and the bomb-
ed bridge-head,
The English channel will swallow
your dead!
It has stood the brunt of old Europe's hordes,
The march of the Huns and the Roman swords;

We have met your pestilence, steel and tears
Defeating them all for a thousand years.

You came by water and we sunk your ships.
You came with lies that we crushed on your lips;
You came by air with loosed bomb and brand;
But only in death did your legions land;

You are fools to think that the Empire's need
Would ever stoop to the scavenger's breed!
With that the eagle wheeled high in the air,
Left the bat and the vulture roosting there.
Very disgruntled and much at a loss
Beside the channel that neither can cross!

Dragons Eke Out 6 - 6 Tie With Winds

We Wuz Robbed Fans Claim, Whirlwinds Won't Make Any

Mobley, Paducah Phantom, Fails To Go Against Floydada Line

Except for a 12-man defense used by Paducah, Floydada probably would have had a better showing than their 6 to 6 tie Friday night at Paducah with the Dreadful Dragons and hot-shot Mobley.

In spite of the extra man used during the game by Paducah, Floydada completely dominated the play with a slashing brand of ball that kept the Dragons in knots except for one flash when they ripped a long pass to score and even the count pass to score the highest scoring back Mobley, Texas.

Goen was a standout in the individual honors can be passed out eleven men from Floydada kicked the tar out of eleven from Paducah.

To One Yard Line
Cornell of Paducah kicked out of bounds on the Floydada 40. Golithly fumbled and Paducah recovered on the Floydada 48. Biddy lost 3 on an end around play, Mobley fumbled badly as he was rushed and Floydada fell on the ball on Paducah's 38.

Golithly picked up 3 around right end, Paducah reversed over right tackle for 4, Rushing made an easy first down over right guard, Golithly hammered over right tackle to the Paducah 21, Foster managed for 2 at left end, Rushing was dropped for no gain, Floydada penalized 5 yards for an offside. Golithly flipped a basket pass to Foster on Paducah's 24 and he jammed to the Paducah 11, Golithly lost 1 at right tackle, Rushing slammed over left tackle for 7, Golithly crashed over right tackle for 1, Golithly plowed right tackle to the Paducah 1 yard line but lacked inches of a first down.

SPEAKS AT SLATON
Miss Bert Ione Smith spoke at the Methodist church at Slaton Sunday morning on the subject of "Childhood and Youth." She was accompanied by her mother, Mrs. G. R. May and her brother, George Reid, and they were guests during the day of Mrs. May's mother, Mrs. J. C. Edwards, and sister, Mrs. W. L. Holloman and family.

FRANKS MANAGER CAMP COPE
Mr. and Mrs. J. J. Franks and little son of Dumas are now managers of the Camp Copes station. Mr. Franks bought the station lease from R. A. Bryant who moved to Arkansas.

We have thousands of patients in Texas, New Mexico, and Oklahoma who could give just such answers as are given above.

Here you may have your eyes examined by an Optometrist who has had 25 years experience examining eyes and supplying glasses that are comfortable.

We straighten cross eyes without the use of medicine or surgery.

The Shuron Master Laboratory outfit is known the world over for efficiency and precision. We can duplicate most any lense in from two to four hours.

Our modern refraction room, equipped with the phorometer, or refractor, is used instead of the old trial frame and trial lenses, and is the most important of all instruments used in the modern optometrist's office. The phorometer is indeed an instrument of precision. This instrument plays the most important part in the physio-neuro twenty-one point examination.

We supply, make and adjust your glasses in our own laboratory. No divided service or divided responsibility.

Matador Takes District 4-A Leadership

Matadors Bullfighters took over the lead in District 4-A this week when Floydada and Paducah fought to a 6 to 6 tie on the Dragons home sward. The scarlet eleven scrapped a Ralls to pieces 34 to 0 to establish themselves as district favorites.

The Paducah game which ended in a tie, will count one-half game won and one-half game lost for each team. If Floydada and Paducah win all their conference games from here on out and end the season in a tie, they must play the tie off. This was the district committee ruling and provision was made for a possible tie by allowing each team only a nine game schedule.

Lockney and Spur fought an offensive game with the Bulldogs coming out on top 30 to 20. Crosbyton lost 6 to 2 to Leveland, a non-conference foe.

The set-up in District 4-A at present is as follows:
This Week's Schedule
Paducah at Ralls
Lockney at Floydada
Spur at Crosbyton
Silverton at Matador
Conference Standings
Team— G. W. L. T. Pct.
Matador, 3 3 0 0 1.000
Paducah, 3 2 0 1 .833
Floydada, 2 1 0 1 .750
Spur, 3 2 1 0 .666
Lockney, 3 1 2 0 .333

The Optometrist is the Eyesight Specialist. Our service is based on extensive study, experience, modern scientific equipment and modern methods in optometry.

A recent interview was had with several people in various professions concerning their opinion of Optometry. The question was asked of each "Why do you favor Optometry?" A few of the replies taken at random follow:

A BANKER ANSWERS:
Because I believe that to be successful in business one must have proper vision. I have found that Optometry stands for dependable eyesight service—Service that assures the best possible vision.

A LAWYER ANSWERS:
I believe in employing a specialist and that is why I have an optometrist care for my eyesight. He confines his labors to one subject, namely, the examination of eyes and corrections of their defects.

A STENOGRAPHER ANSWERS:
The exacting nature of my work requires that I have perfect vision. The first pair of glasses I had fitted did not relieve the four o'clock headache which came on most every day. Later I had an optometrist examine my eyes and supply me with glasses that have not only relieved my headaches but have made my work much easier. That is why I favor optometry.

A TEACHER ANSWERS:
You may say for me that I favor Optometry because in my opinion the competent Optometrist offers the most scientific eye-sight service to be had.

A MOTHER OF FOUR CHILDREN ANSWERS:
Two years ago we were told that an operation was necessary to straighten our youngest boy's eyes. We had an Optometrist treat him a few months and his eyes were entirely straightened, without an operation. Naturally, my husband and I are very grateful, and it is unnecessary to ask us why we favor optometry.

We have thousands of patients in Texas, New Mexico, and Oklahoma who could give just such answers as are given above.

Here you may have your eyes examined by an Optometrist who has had 25 years experience examining eyes and supplying glasses that are comfortable.

We straighten cross eyes without the use of medicine or surgery.

THE OPHTHALM-O-GRAPH—A DIAGNOSTIC INSTRUMENT

Scientific data shows that some of the most common types of reading disabilities are directly related to visual difficulties which can be corrected. Many of these cases formerly classed as non-readers were evidently not adequately diagnosed because it has been found that in the majority of cases, individuals can be taught to read. The fact is that the percentage of the total population that cannot be taught to read is exceedingly small.

We supply, make and adjust your glasses in our own laboratory. No divided service or divided responsibility.

This instrument is designed to measure in diopters the power of lenses, shows the exact axis of cylinders, and indicates the location of the optic center.

This makes possible the duplication of broken lenses with the utmost accuracy.

In order to keep your eyes in good working order, to relieve strain on the nerves and wear and tear on the system in general, you should have them examined at least once a year.

MODERN PERIMETRY

Medicine, Surgery and Dentistry has long had a graphic demonstrable method of acquiring their patients with bodily conditions through the use of the x-ray pictures. The same valuable information is brought to optometry through the use of perimetry and color field analysis.

YOU WILL LIKE OUR GLASSES

That remark is often made to men and women whose glasses we have fitted. This is due to the fact that next to making sure that the lense provides the accurate correction for defective vision, our consideration is the wearer's appearance in glasses. The best style to suit the contours of the features is the study with us. No two faces are exactly alike. Therefore, glasses that are becoming to one person may be entirely unsuited for the other. Each person needs individual eye examination and an individual fitting.

"It's safer, quicker, and surer this way," says the Misses Adele Barnes, Texas State College for Women students by the same name who got tired of receiving each other's mail last year and rented a post office box together this fall. Now every time the mail comes in at the TSCW Post Office, Miss Adele Barnes from San Antonio, left, meets Miss Adele Barnes from Brownwood at Box 2403, and the letters are sorted right then and there—no delays, no mixups, and everybody's happy.

SOCIETY

Austin Trip Made Available To All Women Of District

PLAINVIEW, October 28.—A trip to Austin for \$5 the roundtrip will be available to every federal clubwoman of the Seventh District, whether or not she is to be a delegate.

Clubwomen of Plainview, interested in promoting the election of Mrs. J. W. Walker as president of the Texas Federation of Women's Clubs, first made arrangements for buses to carry all the voting delegates from the approximately 200 clubs in the district.

So widespread has been the enthusiasm, numerous requests from non-voting clubwomen have been pouring in to the chamber of commerce office for permission to take advantage of the special bus rates.

The result is the arrangement with Joe Bowman of Lubbock, president of the South Plains, New Mexico and Oklahoma Coaches, Inc., for a sufficient number of buses to transport every clubwoman in the district to Austin the second week of November. Reservations must be made by November 4, however, with Pete Smith of the Plainview Chamber of Commerce.

The buses will be first class, comfortable in every way, and will travel straight through to Austin, where they will be available throughout the convention for transporting the delegates and other clubwomen of this district to and from the Federation Headquarters and the Driskill hotel, where the Seventh District women are making reservations.

Plainview clubwomen are urging all who can go by bus rather than automobile, because the trip will be safer and less expensive. It will help designate the district as one lively unit and create the proper spirit of pep and enthusiasm.

A hostess on each bus will be responsible to the bus driver and represent the passengers. She will carry a list of all the passengers, points where they join the bus, instructions in detail as to the plans for the district women after arrival in Austin, Seventh District badges to be worn at the convention and other information.

Here is the schedule of departure, Tuesday, November 12: buses will leave Amarillo at 5 o'clock in the morning. One will be routed through Claude, Memphis, Childress and Quanah; another will go through Happy Canyon, Plainview, Lubbock, Slaton, Post and Snyder. Women from the towns enroute will be told the hour at which the bus will reach their towns when they receive their tickets. The early hour for departure is necessary in order that the buses may reach Austin in time for important events scheduled for that evening.

The Plainview bus or buses will go through Floydada, Matador and Spar. The women of the area along that route will be advised as to where and at what time they may join the bus when their tickets are sent to them. The buses will leave Plainview at 7 o'clock in the morning.

The Lubbock bus will also leave at 7 o'clock, going by way of Tahoka, Lamesa and Big Spring.

Any club woman in the district is invited to join the Seventh District bus invasion of Austin. Her only instructions are to send \$5 immediately to Pete Smith, Chamber of Commerce, Plainview, giving her name and address and the name of her club. The ticket and instructions for boarding the bus will be sent by return mail.

Mrs. W. S. Izzard of Amarillo has reported a landslide of original "Walker for President" songs, written to familiar tunes by the clubwomen of the district. These songs will be mimeographed and presented to the passengers for singing on the buses which will be decorated with "Walker for President" banners.

This is the largest district in the state and indications are that it will make the most noise at the convention.

Officers Installed For Starkey P. T. A. At Meeting Friday

Officers for the Starkey Parent-Teacher association which was recently organized were installed Friday night at a service conducted by Mrs. Walton Hale, vice-president of the Fourteenth District Parent-Teacher association.

The officers are president, Mrs. L. E. Kiker; vice-president, Mrs. J. K. Holmes; secretary-treasurer, Miss Leone Holmes.

The following chairman were appointed: publicity, Loyd Allen; Finance, Jim Jones; Budget, A. S. Wharton; refreshment, Mrs. W. F. Ferguson; radio hour, L. A. Sargent; hospitality, Mrs. Loyd Allen; membership, Mrs. C. H. Grigg; program, Mrs. L. A. Sargent; parliamentarian, J. K. Holmes; pianist, Mrs. A. S. Wharton; Founders Day Program, Omer Parrish; Yearbook, Leone Holmes.

A program followed the initiation with "America" and "Old Black Joe," sung by the audience, led by J. K. Holmes, with Mrs. Wharton at the piano. A school gave a very instructive talk on "Safety." A piano solo, "Melody of Love" by Mrs. Wharton concluded the program.

During the business session plans were discussed for a Halloween carnival which was given at the school Wednesday night for the benefit of the Parent-Teacher association.

Renfer New Pastor C. P. Church Here Preached Sunday

Rev. R. A. Renfer, who has spent the past three years serving a student pastorate at Dallas, is the new pastor of the Cumberland Presbyterian church in Floydada.

He spent last Sunday here with the congregation and preached for them both morning and evening, returning to his home Monday night.

This week-end he will return to Floydada and assume his ministerial duties, preaching Sunday morning and evening, following the acceptance of a call by the church to the work. Preaching will be held at 11 o'clock and 7:30 o'clock. The morning service will be preceded by Sunday school at 10 o'clock. Wednesday evening at 7:30 the regular mid-week service will be held.

Mr. Renfer is a native of Eureka, California. As a graduate of Dallas Theological Seminary where he received his Master of Theology degree, Mr. Renfer comes to the local congregation with the purpose of presenting an evangelical and Bible-centered ministry.

In a few weeks the new minister will be joined by his wife, two and a half year old daughter and two weeks old son.

Attendance Good At Methodist Round-Up During Thursday

Attendance was reported as "good" at the annual, "round-up" held at the Methodist church Thursday during the conference of the church in Pampa on November 15.

Pastors and laymen from all over the Plainview district gathered here for a program in the morning and session during the afternoon. A lunch was served at noon. About 100 were present for the affair. Nearly every church in the district was represented.

Rev. E. E. Robinson of Plainview, district superintendent, presided. Rev. Joe McReynolds is pastor of the First Methodist church here.

REV. CULWELL TO PREACH SUNDAY AT RUSHING CHAPEL CHURCH

Rev. W. M. Culwell is scheduled to preach at Rushing Chapel church Sunday morning and evening. "We are especially interested in having as many members as possible present." Rev. W. M. Culwell, pastor said, "As this is the last meeting with the Rushing Chapel church before the annual conference.

The date for the conference that will be held at Pampa is November 15.

Are you going to "vote 'er straight?" Or are you going to vote for Willkie on a mixed ticket. That's the question. And here below is given as nearly a facsimile of the actual ballot as the law will permit to be published. Note its seven columns for Democrat, Republican, Socialist, Com-

munist, Prohibition or Independent. And that extra column for the man who is so independent he is unwilling to have any name even independent on his ticket. Studying this sample ballot you can figure out how you are going to vote a "mixed" ballot if you

want to, or if you want to mark out Mr. McDonald, the man who has been honored by Democrats but says he likes the Republican platform better, you can get that in your mind, too. Then there are the four amendments at the bottom of the list. Everyone important. One of them

is definitely bad and should be voted down. While one is it to you? At considerable expense we present the ballot for the second general election ballot in a general election that is expected to draw anything like full participation of the voters of this county:

Newton's Father Died Last Week

White, Of Bellevue, Was
Druggist And Civic
Leader In Clay County

White, 76, druggist at Bellevue, died at the home of his wife, Mrs. O. R. Dorsey at 4 o'clock Tuesday, and the remains were laid to rest in Bellevue Thursday afternoon following funeral services held at the Methodist church in that city.

White was a prominent civic leader in the community for many years. Mr. White retired from business several years ago and spent the past few years with his daughter, Mrs. E. Newton of Dougherty. He recently returned to Bellevue on an extended visit in this county.

and Mrs. Newton and their daughter returned home after attending the funeral Thursday afternoon at 4 o'clock and was officiated by Rev. M. Jones of Henrietta.

White was a native of Collin county, Texas, and had called Clay county his home since 1893. He was a druggist and retired several years ago as a former steward of the Methodist church.

AS I SEE IT

By Bill Hams

While circulating around Paducah the other night before the game, it was noticed that "The Return of Frank James" was playing at one of the better shows in Dragonville. Evidently Frank came to town to watch his brother, Jesse, work.

The Paducah Phantom, Mobley, was bottled up tighter than Canadian champagne by the Whirlwind forward wall and his 113 points of Friday is still the same as of that date. In fact, Gollightly's play was far superior to the Phantom's in every department. Don't get the idea that Mobley isn't a ball player, because he is and that 113 points will soon be much higher. . . and Ralls, Spur and Matador will contribute, we betcha.

Pleasantly we missed the "announcer" who leather-lunged the 1937 game to all and several. Outside of the bother the headlines caused, Paducah was a swell host and Paducah probably wasn't the cause of him being nearsighted.

Hittin' Comeback Trail
Up Lockney way they are talking of how the Longhorns have hit "comeback trail" and are getting cocked and primed to blow the Winds right smack off the field. I still gnaw my nails when I recall the 34 to 14 shellacking of 1938, and the 19 to 14 kick in the pants dished out last year to Floydada. "Bates" McClung (Floydada fullback of '36, '37) led the Winds to a 12 to 6 victory in a cowpasture over the Longhorns. Since that time victories over Lockney have been sorely lacking.

Davis, all district back of last year, heads the Lockney drive and he is getting hotter every game. He and Kelley practically stamped the Bulldogs of Spur in the last 7 minutes of their game last Friday.

Lockney fans want another victory over Floydada, and Floydada fans are thirsting for a victory over Lockney. And the whole thing is a grudge battle from start to finish.

They Say Down There
Matador fans are laying it on thick now as to how Paducah and Floydada will be a cinch for the Bullfighters to take. They can dig up all sorts of dope to prove it too. Mebbysso Matador will sack up Paducah and Floydada but we are certainly doubtful.

Matador will move up here Friday to see us tangle with Lockney, because on November 8 Matador will entertain the Whirlwinds down below the caprock.

They say down there that Matador has the rammingest, jammingest, go-getter of a football player folks have ever seen. They claim this lad can punch a battletop for two yards. Some of the more exuberant also claim that Allsup is their fourth best back.

That will all come to light in due Writing fluids, Hesperian.

Commissioners And County Judge Are Home From Austin

County Judge G. C. Tubbs and commissioners Elbert Harris and M. H. Taylor returned Friday from a business trip to Austin, San Antonio and Waco. In Waco they attended the county judges and commissioners convention.

In Austin the judge and commissioners conferred with officials of the state highway department in an effort to thresh out details pertaining to the topping of Highway 207 to the Briscoe county line.

Some five years ago Floyd county agreed to furnish the right-of-way, engineering, grade and drainage is the department would take care of the topping job when Floyd's end of the contract was completed. The department agreed to the contract but when notice was sent that this end of the deal had been finished the state department went to "hedging" on their end of the contract.

Little hope for a topping was extended the delegation by highway officials. In San Antonio the delegation saw Robert Lee Bobbitt, a member of the highway commission, and he "recognized" the fact that Floyd and the state had made such a deal in good faith but said he could do nothing right at present.

An alternative was suggested, that Floyd county vote bonds to take care of the highway work, and then turn these bonds to the state highway department for payment under the law passed in 1939. To come under this law such bonds would of a necessity have to be voted between now and January 1, 1941. A number of counties on the plains which have been "neglected" have used this method of getting highway work done.

Meanwhile keep an eye on Floydada.

Not Awful Bad Either
Outside of the Floydada-Paducah tie, the "picking" record last week was clean on high school games in District 4-A, and that tie ought not to be a mar when everyone else was laying claim to the fact that Floydada would be slugged nutty in one quarter.

This week things should be something else again. Mike is gone, Slim Pickens is twice as slim as before, so here goes for another limb.

Crosbyton will entertain Spur Friday afternoon. The only trouble is that the Bulldogs will furnish the music and after the dance someone must pay the fiddler. Crosbyton will take care of the bill, but Spur will be the fiddler, Spur 26, Crosbyton 0.

Paducah will venture into Ralls for their evening play under the arcs. The Rabbits are weakening fast, too many knock-out licks by superior teams seems to be shooting their morale. Ralls packs popguns, Paducah packs Mobley and the Paducah Phantom runs his adding machine Paducah 35, Ralls 0.

Matador has Silverton scheduled but no doubt that will be cancelled and if it isn't no one will waste time watching Matador pick the Owls. If they play, Matador 50, Silverton 0.

Well, well, here we are. Lockney vs. Floydada right here on Western Field Last year Gollightly, Patterson, and Rushing saw lots of service against the Longhorns, and each believes in his own mind that he lost that ball game. In the line there are several other boys that remember that bitter dose of 19 to 14. Davis and Kelley will also recall that game and others, but their pill isn't bitter. . . they helped rack up those 19 points. At Paducah eleven Floydada boys played "team football" and this Friday they will repeat. . . Floydada 19, Lockney 7.

Miss Tessie Coleman who has made her home with her sister Mrs. J. C. Gilliam and Mr. Gilliam for the past few months, left Sunday for Sweetwater where she will visit another sister there. She was accompanied by Sweetwater by Mr. and Mrs. Gilliam who returned home the same day.

Mr. and Mrs. Elmer Parks and family, of Garden Grove, California, spent the latter part of last week here on a visit with Mrs. Parks' brother, W. A. Gilbreath and family. They also visited down-state while in Texas.

Mrs. Oleta Williamson who has been employed in a beauty shop at Vernon for the past several months, returned to Floydada Sunday and is employed again at the De Luxe Beauty shop.

Mrs. Ella Johnston returned home Sunday night from Graham where she spent the week-end in the home of her sons J. S. Johnson and family, Clay Johnson and family and W. T. Johnson.

Mr. and Mrs. J. A. Carruth of Amarillo were in Floydada Wednesday enroute to Corpus Christi where they will spend the winter. While here they renewed their subscription for the Floyd County Hesperian.

Miss Mary Louise Medlen, student of West Texas State college, Canyon, spent the week-end with her parents, Mr. and Mrs. Robert Medlen.

Mr. and Mrs. T. W. Whigham and little son of Denton were week-end guests of her sister, Mrs. E. E. Hinson and family.

Mrs. Maude Reynolds of Petersburg was a guest of Miss Ruth Collins Thursday.

Mrs. Ella Johnson attended a meeting of the Abilene District Nazarene Assembly at Lubbock Tuesday.

Mrs. Tom Shaw went to Dallas Friday to visit her daughter, Mrs. M. J. Rhew.

Cotton Picking Slow Because Of Cold, Damp Weather

Cotton picking has been slowed over Floyd county because of the damp cool weather that started Tuesday. Sunday night an unexpected shower recorded 23 inch moisture in Floydada.

Temperatures have been in the 40s during the nights and have been low enough during the daylight hours to make jackets and coats feel comfortable.

Estimates place ginnings over the county at a total of around 4,500 bales. Ginnings in and around Aiken are at the peak at this time with hands working full speed to take care of the huge irrigated crop. Early morning fog and dew has handicapped the gathering to some extent.

A rush of pickers to this area has filled any slack there might have been at first, and it has been reported that at present there are more laborers available than there are places to pick. Ginnings are finding it difficult to place hands now.

Floydada gins were working at a steady pace and were considering it the "rush" season for this year. Temperatures for the past week were Friday 76, 48; Saturday, 76, 52; Sunday, 75, 54; Monday, 79, 48; Tuesday, 68, 38, and Wednesday, 71, 44.

College News

2 Floyd County Girls Are Students at TSCW

DENTON, Oct. 29.—Two Floyd county girls are enrolled at Texas State College for women. With an approximate enrollment of 2500, TSCW retains its position as the largest residential woman's college in the United States having students from 215 Texas counties, 30 states and 7 foreign countries.

Floyd county students are Misses Yvonne Hale and Marguerite S. Leonard of Floydada.

Because of the extremely acute conditions of international affairs, President L. H. Hubbard has announced that special emphasis is being placed this year on courses that will prepare young women to assume positions of responsibility in the event of national emergency.

Funeral Rites Held Tuesday For W. T. Branson, 77

Funeral rites for William Thomas Branson, 77, a resident of the Fairview community for the past twenty-four years, were held at Rushing Chapel at 2 p. m. Tuesday, October 29. Rev. W. V. O'Kelly, of Aiken, assisted by Rev. W. M. Culwell were in charge of the last rites. He died at his home at 7:30 p. m. Monday after an illness of a day and a half.

Interment was made in the Rushing Chapel cemetery with the Harmon Funeral home in charge.

Survivors include his widow, two sons and a daughter. The children are Earl Branson, Brady; Paul Branson, Bayfield, Colorado and Mrs. E. W. Yearly of Childress. One brother, George Branson of McAlester, Oklahoma survives. The children were present with the exception of Paul Branson who was delayed by a snowstorm and did not arrive until Wednesday morning.

Mr. and Mrs. Branson came to Floyd county from Grayson county in 1916. Three years ago Mr. Branson fell from a ladder while painting his house, and was ill for a year and a half following the accident. He was apparently recovered from the accident and was on the streets of Floydada Saturday greeting old friends.

Pallbearers were O. S. Miller, Clyde Bagwell, Nick Austin, Lee Rushing, Otho Sanders and E. Meek Flower attendants were Frankie Wright, Joy Jones, Nooma Burgett, Ina Gene Culwell, Dorothy June Rushing, Mrs. Clyde Bagwell, Mrs.

Mrs. Jess Bartlett and Mrs. Olin Roy Meek, Mrs. E. B. Chesnut, Miller.

Robert McCauley of Hollis, Oklahoma, spent several days last week with his brother R. M. McCauley and Mrs. McCauley.

He's For Willkie

Winnie Ruth Anderson Married Sunday To Hilburn Willis

J. E. McDonald, Commissioner of Agriculture of Texas, is for Willkie and will vote for the Republican candidate although he has served for the past several years in his present capacity as a Democratic nominee and is at this time nominee of the party in the state. The "two price plan," an adaptation of a plan presented by Tom Connally and considered for the past six years by congress, is better than the present one sponsored by the Democrats, McDonald claims.

HE'S OPPOSED BY

"Write in" candidate for State Commissioner of Agriculture, W. N. Corry, above, opposes J. E. McDonald, who has announced his support of the Wendell L. Willkie campaign against the Roosevelt administration. Corry was a candidate in the Democratic primary for the office.

Spooks And Goblins to Meet at Junior Carnival

Bug Hunters Have Big Day Looking For Choice Bugs

The biology class, sponsored by Miss Wren, went on a field trip Tuesday morning to vacant lots and pastures south and west of the campus. The object of the trip was to capture insects of different orders and classes to be used for individual projects for class work.

Since the beginning of school, the class has been studying different classes of insects. This study included their life histories, habits, and characteristics. It has been quite interesting to learn that many insects have habits similar to man, and that the bee and ant are intelligent little creatures. Many in the class were surprised to know that ants had soldiers, slaves, nurses, and even cows. After having completed this unit, the class was ready for a field trip.

Preparation was then made for the capture of these insects. Insect traps were made by using wire and cheese cloth. Poison powder that liberated a gas fatal to insects was put into bottles which were kept tightly closed. Captured insects met their deaths in these bottles.

Not only insects in the adult stage were caught, but the pupils looked for insect eggs on under side of leaves for the larvae stages, and pupa stages (cocoon). Some were found. Habits of butterflies and ants were also observed on the trip.

The pupils returned to the building with a nice collection. These are mounted on cotton in boxes and labeled correctly, the best ones of which will be on display in the glass door case in Room 204.

OLD TIMERS RETURNS TO OLD HAUNTS OVER THE WEEK END PERIOD

Paducah's popular majorette, Helen Smith, spent the week-end with Caperlene Carmack. Leland May and Eddie Brown, graduates of 1940, visited school Friday. Both boys are working and expect to go to college next year. Eddie expects a Lone Star Farmers' degree in March.

Netha Denson, popular freshman here last year, stopped long enough Friday to tell her friends hello. Netha is in the Spur band and was on her way to the Spur-Lockney game.

Eugene Boren was back this week. He visited here Monday and strange-ly enough he disapproved of the "Lockney Longhorns" sign on the football field's admission box. He stayed long enough to see it painted over. Eugene is moving to Dallas this week.

JUNIOR CARNIVAL COMMITTEES APPOINTED AT MEETING FRIDAY MORNING

The junior class met Friday morning to appoint the members of the various committees for the Junior carnival.

The boys of the class were appointed to make the booths. The class is planning to have a grand carnival, and everyone is trying hard to make it a success.

NEW SENIOR RINGS HAVE ARRIVED; GIRLS ARE ESPECIALLY HAPPY

Mr. Solomon has notified the seniors that the second order of the senior rings are in. Students who have paid for their rings may get them. There will be no more wringing of hands, pulling of hair, and biting of nails by the seniors for awhile at least.

Queen To Be Selected From Four Class Beauties Soon

The junior carnival is to be held in the Andrews Ward gymnasium, Thursday night at 7 o'clock and last until everyone gets ready to go home. There will be no entrance fee for the carnival. The main attractions of the carnival are the crowning of the queen and the giving away of the radio and blanket. These are to take place in the high school auditorium.

A few of the attractions in the gymnasium at ward school are nail driving, throwing darts at Hitler, and auction sale. "Coach Hale is to be auctioneer," story telling, hall of horrors and last but not least a motion picture show.

At the high school auditorium, Mr. Travis will crown the queen who will be one of the following: Martha Yearwood, Topsy Dudley, Helen Young or Alene Timney. The queen and her attendants will have their pictures taken, then a special program will be given in her honor.

The crown has been borrowed from the Anderson Jewelry company in Lubbock. The crown bears fifty dollars worth of materials, not mentioning the labor Dr. Anderson has put into it.

There will be refreshments of pop corn.

The Martha Girls Sunday School Class of the First Methodist Church have announced that they will continue their rummage sale Saturday at the Brown building.

Floydada FFA Boys Go To District Meeting Thursday

Social Club Takes Hay Ride, Report Swell Affair

The social club went on a hay ride October 26. They met at Louise Willson's dressed in slacks. They went from there to Lee Dale Clubb's at Harmony in Louise Willson's pick-up. Then weiners were roasted and eaten. Then, all piled in Lee Dale's truck and headed for Petersburg. Then they returned to Lee Dale's after a few hearty and healthy yells, and wearing out of a good horn.

We, the social club, wish to express our appreciation and thanks to Lee Dale Clubb and Louise Willson for making it possible for all the girls to take part in the hay ride. And thanks to Lee Dale for such a swell time!

All is well except a few colds, and social club is looking forward to the next night meeting, November 23, a Mexican luncheon sponsored by Frances Field.

Reid Strickland, Tech student, spent the week-end with his mother, Mrs. G. R. Strickland.

History Classes In Debate Over The Coming Election

Last Friday Miss Rea's tenth grade history class had the school abuzz. The tenth grade students were debating on an issue that is being debated all over the country-wide Wilkie vs. Roosevelt issue.

The halls were echoing with talk of these debates, and they were certainly something to talk about. There was nothing half-hearted about it. The students were certainly in earnest, and they delivered their speeches as though they were really campaigning for those men.

This has been one of the most interesting and exciting things in history this year.

The students who didn't debate were allowed to vote for the debate, they thought best. Out of the four classes, the Roosevelt supporters won three of the debates.

Those who debated were Floy Jean Hale, Randolph Rutledge, Topsy Dudley, Archie Muncy, Berle Bishop, Dorothy Ann Dooley, Louise Murphy, Roberta Medlen, Florene Cates, John Colville and Edgar Owens.

Assembly was called at 2:30 Monday. Mr. Travis explained the true spirit of high school patriotism. He expressed his appreciation of the splendid school spirit this year, not only in football, but in all our clubs and activities.

Coach Winter said the best way to show Lockney our school spirit was to come out and back the team Friday.

The students were asked not to retaliate by going over to Lockney and painting signs on public property. Mr. Linder quoted from Lincoln when he asked that we all stand together.

Longhorns

(Continued from page 1) converted into a touchdown by Lockney. Goughly bears a grudge because he had a bruised shoulder and couldn't get to play his best. Foster is just burned-up because Floydada got licked and he didn't get in more time against the Longhorns in 1939.

In the line Grigsby, "Big" Patterson, Turner, Crawford and Goen, all have a lot to live down. They were on hand when Floydada lost the one game that costs them the district championship.

Have A Good Chance
Floydada has met and tied Paducah, pointed to as the strongest team in the district, in an upset fight. Not only did the Whirlwinds get a tie but they practically dusted the field with the Dragons, piling up 14 first downs to 4 and gaining twice as many yardage as the Paducah team.

The Winds came up with a rip-roaring running offense that ripped the heralded Paducah line to ribbons and a passing attack that clicked like a Bulova watch. And except for one sad instance, the Floydada pass defense was air tight.

Floydada looked 200 per cent better than in any previous game except the opener with Slaton and the reason for the improvement can be laid to the fact that eleven (11) men played football with and for each other for four quarters. It was a "team" and not a machine operating out on Paducah field last Friday.

Floydada Forwards Stout
The Floydada forward wall swamped the Paducah Phantom, Mobley, on all except two dashes when the secondary had to dump him. Mobley garnered 85 yards all evening, and the Floydada line limited his running mates to 14 scanty yards.

Coach Odell Winter and "Bulldog" Hale should be proud of their outfit, the Winds were underrated and figured to lose but they played uphill ball and were held to a tie.

For certain the regular backfield of Rushing, who now is quarterbacking the green and white machine; Goughly, who is the dynamic that makes it percolate; Patterson, the pass snagger and off tackle reverse high voltage, and Foster, also a pass grabber and dynamo-like runner, will start for Floydada in the backfield unless the injury jinx camps here.

A fellow the fans should be on the "look see" for is a certain lad, Chowning, who will undoubtedly see plenty of service as a passer. Chowning took the second stringers last week and whipped the daylight out of the regulars at pass ball, and his small bit at Paducah was brilliantly handled.

Floydada will also see the regular line in action. Grigsby and Walls at end, Patterson and Goen at tackle, Crawford and Fawer at guard and Turner at center. Every one of them played heads up football last week.

Ranchman Succumbs At Flomot

Geo. R. Tibbetts Funeral Rites Held Wednesday Afternoon

Geo. R. Tibbetts, 78, prominent as stock farmer and ranchman for nearly half a century in east Floyd county, died Monday night at his home near Flomot. His death followed an illness of some months duration.

Funeral service was held Wednesday afternoon at 3 o'clock at Flomot Methodist church with many friends old and young present to pay their last respects. Rev. J. L. Ponder, of Plainview, assisted by Rev. U. S. Sherrill of Quitaque, preached the funeral sermon. Interment was made in Flomot cemetery.

A native of Grayson county, where he was born in 1862, Mr. Tibbetts' early-day experiences included some years as a cowboy on the Bell ranch in New Mexico. He lived on the land which he called home, adjacent to the Floyd-Motley county boundary line, 48 years ago, and had lived there continuously since.

For a number of years he was prominent as a merchandiser at Flomot and was active in civic and business affairs of his community. He had served for more than a quarter of a century as a member of the Democratic Executive committee of Floyd county.

Surviving Mr. Tibbetts are his wife, two daughters, Mrs. Vivian Merrill, Salina, New Mexico, Mrs. Fay Stapleton, Roy, New Mexico, and three sons, Elmer W., Quitaque, Sam A., Amarillo, and R. M., of Quemada, New Mexico, also three brothers, J. A., of Happy, Robert of Bereda, Louisiana, and L. E., of Alvord, Texas, and several grandchildren. All the relatives were present for the last rites except the brother in Louisiana.

Active pallbearers at the funeral were Carl Taylor, Jim Stell, Frank Hawkins, Tommy Bynum, Wayne Pigg, Dick Washington, all residents of Flomot and Quitaque. Honorary pallbearers included Warren Merrill, Ralph Stapleton, Putt Gilbert, Willie Merrill, George Pigg, Wilburn Barton, O. W. Stroup, Henry Hughes Marvin Massie, N. A. Armstrong, Walter Wood, Roy L. Snodgrass, J. W. Whitworth, Tom Turner, Homer Steen, Leonard Crowell, Ace Monk, Mark Martin, Pete Clark, Ben Cogswell, Webb Taylor, John Taylor, Bill Welch, John Honea, R. H. McCaghren, Oscar Bass, Carl Daniel, J. C. Burleson, J. T. Persons, R. P. Rumph, Troy Taylor, of Floyd, Motley and Brice counties. Harcastle Funeral directors of Turkey and Quitaque had charge of funeral arrangements.

Absentee ballots were coming in to County Clerk A. B. Clark's office steadily this week with over 20 already on record the middle of this week. Saturday will be the final day for making out absentee ballots.

GRASS HUMBLE BUT MIGHTY

It is only recognizing the truth to say that in the past we have been lured by the Delilah of profits to destroy recklessly the grass covering of the soil. We have not understood what grass means as a source of strength for agriculture. We are only now beginning to understand. Millions of our people today are tree conscious but as yet only a few are grass conscious. A tree is easily seen; we think of it as an individual thing. A grass plant is small and humble, lost in the multitude, and unnoticed. Hardly one person is a hundred thousand realizes what is going on in the growth of grass. But, for protection of the soil, grass is just as important as trees—and for building a deep soil, rich in humus, holding important—H. A. Wallace, Secretary of Agriculture.

According to a preliminary count, this makes a full 74 applications for registration in the company but more applications will be welcomed because some are certain not to enlist formally when the time comes and these vacancies must of a necessity be filled.

questionnaires and from them determine each draftee classification and all falling into Class I will be ordered to report for physical examinations.

Questionnaires will likely be sent out at the rate of 100 per day until the list is covered. This limited mailing was decided upon in order to hold down possible congestion at the board.

Classification will be determined by draft board and each draftee may learn his classification by contacting the board, possibly within a week after returning his questionnaire to the office. All Class I's will be notified by the board.

Draft officials estimated that the first 25 numbers drawn would cover the first call to the training camps, scheduled for later this month. The numbers were in order: 158, 192, 8,239, 6,620, 6,685, 4,779, 8,848, 6,262, 8,130, 5,892, 5,837, 5,485, 6,604, 8,946, 5,375, 7,674, 4,880, 24,98, 105, 6,582, 6,729, 7,508, 7,857, 5,995, and 4,861.

Only three of these numbers hit Floyd county, and information at present indicates that all three persons holding these numbers are likely to be placed in a deferred classification.

Floyd's First Fifty
Below is given the first 50 unofficial order numbers for Floyd county. No release has been made from the local draft board, therefore the figures were obtained from press releases.
