

## EDITORIALS

"An annual festival of Thanksgiving for the mercies of the closing year," is the way one encyclopedia describes Thanksgiving day, "fixed by proclamation of the president and the governors of the states, and ranks as a legal holiday." Some people have become confused from the fact that ever since 1863 the day has been set in the president's proclamation as the last Thursday in the month. This 75-year-old custom is only a custom, the day the president sets being the official and legal holiday what soever day that may be. There couldn't be any law requiring a person not to observe any other day as Thanksgiving should he so desire, the same as there is no law requiring a person to observe the day at all.

In practice stores in numerous towns in Texas and other states are going to be going full tilt today, and will observe next Thursday, November 28, as their Thanksgiving holiday. Custom goes a long way with people, as for instance the third term matter on which numerous Texans stumped their metaphoric toes and couldn't go along with the Democratic party in support of Mr. Roosevelt for the presidency beginning next year. Doubtless the matter of Thanksgiving day being observed as the present president proclaims it, will be adopted and the next president who comes along and wants to make a change will stir up the same hue and cry as we have now.

You think and feel and look for the right kind of words to express horror for the happiness in Europe. Reading reports of German successes in Britain or English successes in Germany you root for the home town in their successes over "enemy" territory and discount the "enemy's" successes over the other. But for every bomb that is dropped there is a serious financial and (probably personal) problem in legs broken, eyes knocked out, heads to be bandaged at the hospital at so much per bandage—and a home or a business house destroyed that somebody has bought and paid for. Supposing that nobody is hurt and your home were destroyed tonight by a bomb. You wouldn't be worth a great deal tomorrow as a productive unit, would you? And that is what we are thinking, that the richest part of Europe will be a shambles by springtime or mid-summer and there'll be years of work cleaning up the mess before anyone interested can begin doing something worthwhile for themselves. After all, something to eat and wear, a place to send the children to church and school, are the essence of things. The right to life, liberty and the pursuit of happiness it is called in the high-sounding phrases of Jefferson. When they get through with the mess and make up a peace pact that is just another prelude to slaughter—like they have done for a thousand years—you'll be a do-it and an inhumane sort because you do not subscribe freely to pay the bills and bills and bills they are piling up.

Meanwhile we go along and do the best we can under the circumstances. Piling up huge debts for armaments and airplanes and ships and soldier-training. We can hardly encompass in the mind's eye the debt we are making in America, much less that catastrophe in Europe. Don't think you are not getting set to pay. The \$65 clerk and the \$30 ranch hand along with the rest. If the conditions under which you live will permit, conserve

your income. Remember that Country America is looked upon principally as an appendage for revenue purposes, regardless of what is said following meetings of directors in the high office buildings in New York City and elsewhere.

Union men who have stuck in the huge airplane plant in California are piling up troubles for American laborers to an extent the like of which they can hardly realize. We would not presume to pass on the rights and wrongs of what they are doing. Other laborers in the "secondary" stratas are amazed and alarmed. Some fine morning they'll be told where to work, how much to work for, and what to do. Remember, there is a law now. But the authority is in Washington, not out where you work!

Tough on the Republicans! Mr. Willkie's popularity in the State of Texas works a hardship on the party for 1942, and they will have to have a primary instead of meeting at the court house and filling out the blanks Mr. Creager sends them from Brownsville. Maybe they will be lucky by the time the national campaign comes around in 1944. They're probably hoping their candidates in 1942 won't get many votes and they can just hold a bit of a caucus at the court house and that's all there'll be to it for the 1944 campaign. Especially happy that time will be if the wheel of fortune spins around and gives them a national ticket that wins!

We wish that Mr. Garner could have seen his way clear to remain in Washington during the period following the Democratic National convention, also that he had voted on November 5. Mr. Garner sees things his own way. A fellow who is elected to a job, however, hired out for it and ought to earn his wages or resign. This is pointed talking but it is a fact. There comes a time when a man ought to talk and ought to act. Mr. Garner is over-playing his hand or is he?

Are you betting on cattle? And do you think they will go higher? We do not know that they will or they won't. We do know, however, that cattle at present prices represent a good profit to the man who wants to get out. Suppose you don't be greedy but let the other man make some of the profit. Get out, and except for a foundation herd, and then get back in again after your grass has rested a bit. Depend on a newspaper man to tell you how!

There was a young lady "Miss Slow" Who just had no get-up-and-go; To all signs she said, "Pooh! As I please, so I do." Her sad fate, you will presently know. Christmas Eve she awoke with a start; To the stores she flew like a dart. She ignored a red light— What a horrible sight! Now she shops in a heavenly mart. Oh heed well this tale of much woe; Don't start when the red light says, "NO." If you Christmas shop early, Sales folks won't be surly, And you'll live to a hundred or so. The moral of this poem is to shop early, obey the traffic signals, and be a happy old person.

Write your name with love, mercy and kindness on the hearts of those about you and you will never be forgotten.—Anon.

### As A Farm Woman Thinks

Nellie Witt Spikes

I have not had many thoughts the last week as house cleaning for the winter has been in progress. I have not fallen off the step ladder as yet, but my arms and neck need to be replaced. My hands are wrinkled and rough, but in time they will be repaired. A clean shining house is good payment for all the aches and pains.

Just a line or so in the daily. "Germans are feeding the tulip bulbs in Holland to cows." No tulips in gay colors to cheer the Hollanders next spring as they walk around their little homes in wooden shoes. My great grandmother was a Hollander, and I was told that was where I got my love of beauty.

Mrs. R. D. Cox is here this morning and we are having a pleasant talk. Some sixteen years they have been our neighbors and we have much in common. As the years go by friendships grow in beauty and love.

We shook, shivered and froze with the first cold spell. It was cold to milk the cows. I read there are cows that have to be milked three times a day, but I am glad ours do not.

These nights are fine to sit around a hot stove and read magazines and books that we put away last summer. Also to listen to a favorite radio program. A nation at peace, how fine. How thankful we should be as we cut off slabs of fat turkey smothered in rich dressing, (we read that the Germans will eat dogs after the first of the year.) We eat pumpkin pie, covered with whipped cream. An American dinner served with American thanks. Let us keep up our thanks daily all the next year. Jesus showed his followers a long time ago that "men ought always to pray and not to faint."

A Doctor is assistant psychiatrist in a penal institution. As it reads in Weekly Unity, "The combination of doctor and preacher intrigues them (the prisoners) and lends prestige to his words. His constant theme is that 'as he (man) thinketh within himself, so it he. Says watch your thoughts, and your troubles will take care of themselves. This is the truth: You can take it or leave it.' If your pattern of thinking is wrong it will lead to wrong actions."

The home demonstration women are making mattresses again. Whack. Whack. Some one will soon have a good soft bed to sleep on this winter. Stitch. Stitch.

When a kind neighbor sends over a mess of spare-ribs, a hunk of backbone and a sausage or so, why do these things taste so much better

### FLOYD COUNTY 14 YEARS AGO

News items taken from files of the Floyd County Hesperian published in Floydada fourteen years ago.

November 18, 1926  
Floydada High school's grid warriors will appear in the two class B conference classics of the season this week and next. Thanksgiving day they play the Slaton Tigers here, whether or not they win from Littlefield tomorrow. If they win from both their title to District Two championship will be clear cut and decisive.

Over \$20,000 worth of turkeys were marketed in Floydada from Friday of last week to Tuesday night of this week, the four dealers here working day and night. Weighing and shipping turkeys. Practically all of the Thanksgiving turkeys were marketed during these four days while the buying price ranged from 24c to 25 1/2c per pound.

Sixty-nine dollars was raised in Floyd county for the American Red Cross during the annual roll call week, November 6 to 13. Half of the money remains in the county for the use of its own chapter.

Mr. and Mrs. A. H. Manning and Miss Daltis Rea, of Floydada spent Thursday as guests of Mr. and Mrs. Will Snell.

Bob Smith of Floydada visited in the home of his brother, Ham, Sunday.

Ernest Carter who is attending John Tarleton college, spent last week-end here visiting friends and relatives.

Mrs. Luther Fry has been employed to take charge of the Ladies Ready to wear department at Baker Hanna & Company.

R. B. Gary was among Floyd county people who attended the Northwest Texas conference of the Methodist church at Childress. He reached home Monday.

Maury Hopkins and Miss Reba Jones of Plainview visited Mr. Hopkins' sister, Mrs. Jack Henry, Thursday.

N. W. Williams returned last Tuesday from Childress where he attended the Methodist conference.

Oliver Allen returned Monday from a trip to Amarillo.

Mr. and Mrs. W. H. Hilton and Miss Willie McSpadden made a pleasure trip to Plainview last Wednesday.

than when we kill our own meat? It is the good will that comes with the good things to eat?

Necessity is the mother of invention. Has been said. Take me for instance who does not know a watt from an ohm, trying to fix an electric light fixture. With fear and trembling I took down the porcelain fixture after I had experimented on how to cut off the current. High on a step ladder, my arms and neck almost breaking, I finally got down the broken piece and another installed, and it worked. Perhaps my calling should have been that of an electrician, anyway.

I am following my grandmother Jones' good old way of pasting up windows for the winter. Smear good paste on heavy brown paper, cut in strips, and paste all around the window frame and sill. It keeps out cold and dirt. We do not need ventilation in this country. We have too much as it is.

As you sit down at your Thanksgiving table today, please remember that I wish all of you a grand and happy time.

# Crosbyton Falls Before Whirlwinds Friday Night 26 to 0

## Whirlwinds Accounts for First Score in Floydada

### Whirlwind Drive Leads to Every Quarter

The Crosbyton Chiefs thought the Cavalry had arrived Friday night when the whirlwinds of the Green and White clad boys whirled enough eagle feathers to fill the stadium.

The Comanches put up a pretty picture and all in all the Whirlwinds rode slowly and carefully to every quarter of the game and made it or not, make two extra points. The Chiefs looked especially bad when they tried to penetrate the Crosbyton line and secondarily, as this is written they are being ragged.

Chowning racked up the first extra point in the first quarter when he took a basket pass from Goody and scored through his left leg and riding hard southward toward the Indian lines for a touchdown. Something happened to the ball.

The Chiefs was danced into a box and Jordan faded through the backfield forward wall for 6 yards. Chief Davis got into a tangle with Foster who tried right tackle on his second carry picked up a yard and down. Jordan hot footed left end for 3 and tried right end for the pleasure of it, at least that is all he got. Davis wound up with 3 less than he started with when he tried right end on the 10 and slipped down field to the Floydada line where he was ambushed by the Indians getting possession.

Davis picked up minus 1, Jordan minus 4, both plays were run on the right end. A fumble and a mangle later the ball went over on the Floydada 19.

The Chiefs had their eye on Gen. Goughly and every time he picked the ball he practically got it but someone was overlooking it and he picked up a first on the Floydada 38. Floydada went to get into each other way where they bogged down after a was high by inches from Goughly to Walls.

The Indians took a put on their end and were stopped dead, Rushing kicked one of Jordans passes down the Floydada 39. On the first play someone was hugging a leg and the stripes stepped up against Floydada for hold. Goughly tossed high to Foster by inches.

Finally Score Again  
Floydada kicked to the Crosbyton where in three plays the Indians lost 3 less than when they started so they kicked. The Whirlwinds passed incomplete, basket-passed for minus 3, Rushing loped around left end for 5 and then kicked to the Crosbyton 20.

The Indians whooped for 6 yards in two plays but lost 8 on the third try at right end to Peacock kicked to Foster on the Floydada 46.

Mr. Stripes walked leisurely fifteen paces toward the Floydada goal and remarked to the headlinesman that someone was holding someone. Goughly got the 15 back on a drive around left end, and then headed the other way on the next play to the Crosbyton 47. Rushing loped over right tackle for 4, and then lost 2. Goughly whipped a pass to Grigsby for 8, Goughly lost it. Rushing managed for 5 at left end and Crosbyton took the ball on their 36.

The Indians were forced to kick when they were penalized 5 paces offside and the Floydada line mangled them to 3 yards in three plays. Ball on Crosbyton 36.

Dubois lost 2 at right tackle. Chowning went over right tackle on a reverse and galloped 16 yards. Chowning repeated the same maneuver for 6, Goughly snaked over right tackle and 14 yards for a touchdown. Goughly passed to Grigsby for the extra point.

Keep The Pace Going  
The Whirlwinds lacked an inch of a first down in four plays at the Crosbyton line and the Chief took over on the Floydada 44.

Three plays netted 2 yards and Floydada took the resting kick on the Floydada 14. Goughly and Rushing picked up 7 yards on a fake punt, on the third time Floydada did kick and the ball went to the Crosbyton 9 where it was killed. Peacock kicked out to the Crosbyton 37 and then Floydada headed for pay dirt. Goughly basket passed to Chowning but it lost 1, Goughly jammed over right tackle for 8. Goughly hit left guard for 10. Rushing picked up 1 at right guard. Goughly bumped right tackle for 4 and then repeated the play for a touchdown. Rushing jabbed the ball for the extra point.

The quarter finally ended without further trouble from either team.

Second String Does Too  
With the ball on the Crosbyton 39. Chowning fake punted and ran for 20. Chowning smashed left tackle for 11. DuBois tried right tackle for 4. Cardinal managed to get 1 at right end, Chowning's pass to Sparks was incomplete, Chowning missed a yard down by an inch on a try at right guard. Crosbyton took over on the 4 yard stripe.

took Floydada back to the 24. Chowning to Sparks was wide again, but then Chowning snapped a pass to Cardinal on the Crosbyton 8. Chowning jolted left tackle to the Chief 3. DuBois lost 1 at left tackle but Chowning picked up 3 at that spot. Dubois jammed over right guard for a touchdown. The extra point went where most of Floydada extra points have gone, wide.

Crosbyton could get no where against the Floydada line so they tried passing but Womack captured a stray and returned for 10 and then lateraled to Crowning who pushed on for 19 more. On the final play Chowning's pass to DuBois fell incomplete.

### AS I SEE IT

(By No. 8, Class 1A)  
Whew, I just returned from watching Texas Tech, my dear old Alma Mammy, scrap a fine looking Wake Forest team 12 to 7 in one of the best football games in many a moon on the Raider grid. It brought back memories of that Jim Neill led team that submerged a favored TCU team 7 to 0 back in 1936.

Shades of Saint Anthony, but Tech has some of the niftiest secondary players that this corner has ever seen. Offhand, this 1940 edition looks just about twice as good as the 1937 Cotton Bowl eleven, and it was no slouch.

The Deacons put the harness on Jumbo Webster but forgot the saddle and bridle for a substitute full-back, Douglass, and that is the lad that took the Deacons to a busting. He was well aided by Amomett, who more than once brought the 10,000 to their feet with dazzling dashes and jarring blocks, eyes. Amomett has developed into a swell blocker, Roger Smith and Ty Bain.

Tech's exes were flabbergasted when the Deacons racked up seven counters in the first two minutes but some "never-say-die" Tech rooters behind me quit casually said that the North Carolina boys had "shot their wad" and Tech had it "in the bag." I was skeptical but the Tech is right, I am proud to say.

Tech has one of the hustiest ball clubs in the country, and the "second string" has more pep than the first and appears twice as tough.

Wake Forest had a good team, Tech just had a better.

Need Some Good Linesmen  
Dutchy Smith and Burl Huffman, Texas Tech coaches, made no bones Saturday morning in conversations that they were on the "look out" for some good high school linesmen and that such would be met with open arms at Tech.

"We got more good backs than I ever saw," Huffman said, "But we sure need some good tackles and guards, not to mention a few ends and centers."

"We'll have some good men coming up from the '40 Fish team," Smith said, "But we are terribly short of good linesmen, right now we would swap a good back for a good linesman and feel like we had made a bargain."

Tradition or Something  
Unless the Spur-Floydada game is changed to a night game and every-one freezes, Thursday should be a swell day for a traditional grid affair. Spur has lost a couple of games and Floydada has lost 1 1/2 games.

### IN VETERANS' HOSPITAL

L. T. Bishop went to Amarillo Monday where he will spend ten days in the Veterans' hospital for a general check up of his physical condition.

### UNDERGOES OPERATION

A. C. Goen, Jr., underwent an operation for appendicitis in a Lubbock hospital Monday morning. He was accompanied by his parents, Mr. and Mrs. A. C. Goen, Sr.

### Pickin' Them Straight

Floydada's Whirlwinds will hit their stride again, and whirl and blow for four quarters and the Bulldogs will grow and snap but Floydada has a lease on third place and will pay their rent 18 to 13 in a thriller.

Over at Paducah, a team of Matadors will try their hand at Dragon-fighting, having come out through the transom with Lockney last week. Mobley will mobilize and Matador will demolize and the fans will shriek and groan and District 3-A will scout and figure.

Even El Haren, Amarillo Daily News' south sayer, would be stumped here but shucks Berryman ought to be hot, Mobley ought to be hot, Sublett should better and etc. It will be a rough afternoon on everyone, especially the "pickin'" but Matador will come out on top 20 to 14, or 20 to 19.

Something Happened  
Up in District 3-A the old dope bucket got kicked for a loop, the worst upset since the O'Leary cow kicked over a lantern in Chicago. Clarendon slammed a favored McLean team into defeat 19 to 13, and Shamrock took it on the chin from an insignificant Wheeler team 7 to 6.

This puts that district in a three-way tie. Shamrock beat Clarendon and Clarendon beat McLean. This week Shamrock and McLean will play to decide just who will remain to contest the Bronchos. Looks like a tie in that section is a cinch.

Don't know just what provisions the District 3-A football fathers have made in case of a two-way tangle.

## Dramatic Motion Picture Reveals Facts of Power Politics Over Europe

'Baptism Of Fire' Will Reveal Destruction Of Polish Republic

"The Ramparts We Watch," dramatic expose of "back stage" power politics in Europe, will play before Floydada audiences on November 26 and 27 at the Palace theatre under the auspices of the Floydada Lions club. With the spine-tingling patriotic display, will also be shown "Baptism of Fire," the film that caused Norway to surrender and frightened Holland and Belgium into panic.

Wednesday morning Lions club officers said that club members had sold over 200 tickets to the show and would continue the sales until show time next Tuesday. The money received by the club from the show will go into the Christmas Charity fund to be spent by the Lions in Floydada.

In addition to the regular prices charged, a grade school matinee will be given each afternoon at 2 o'clock with special low prices for ward and high school students. Since the picture teaches patriotism as well as giving a resume of America at its best, it is especially recommended for school children.

"Ramparts We Watch" is the first full length picture produced by the March of Time and has little of the artificial about it...every scene is as true as that of a newsreel and as interesting. It was previewed before an audience in Washington, composed of high government officials, army and navy officers and diplomatic personalities, and drew the highest praise for its sincerity and truthfulness.

"Baptism of Fire" was produced in Germany as shows the actual conquest of Poland by the Nazi armies, the horror, the devastation, the pure ruthlessness of the picture has left whole nations trembling in Europe. It is this picture that Hitler has used so effectively to destroy the morale of European peoples and pave the way for his panzer divisions, and parachute troops.

## Attendance Good At McCoy Church Services

McCoy, November 19.—Rev. Sidney Johnston preached here Sunday. There were 100 present for Sunday school and more coming in later for church services.

Hobart Day's mother from Lubbock was a guest in his home last week-end.

Mrs. George Smith was hostess to a shower at her home Thursday in honor of Mrs. H. Willis who before her marriage was Miss Winnie Ruth Anderson.

Grandfather Hartsell returned to his home in Wise county after spending several days with his son, Hugh Hartsell and family.

Lurline Treadwell, student at Wayland college at Plainview, spent the week-end here.

The W. M. U. filled a Thanksgiving box for the Buckners Orphan home this week.

(Crowded out last week) McCoy, November 12.—Sunday school and preaching was well attended Sunday. There were 96 present for Sunday school, Rev. Sidney Johnston filled his regular preaching appointment. His subject was "The Call of the Youth to Christian Service and National Service."

Mr. and Mrs. H. P. Puckett received a message on Thursday of last week that their son had been killed in a car accident. Mr. and Mrs. Puckett and two daughters left immediately to attend the funeral in Arizona.

B. L. Ewing returned last week from the veterans' hospital but plans to return again soon.

Mrs. Mither of Waco came Sunday for a visit in the W. W. Smith home.

Mr. and Mrs. D. A. Senn had the following children with them over

## Two Organizations Perfected Monday Night At Sand Hill

Two organizations, A Parent-Teacher association and a P. T. C. society were organized Monday night at Sand Hill. The Parent-Teacher association was organized under the direction of Mrs. Walton Hale, district vice-president of Fourteenth District, and the P. T. C. society re-organization was directed by Edd Holmes who was in charge of the first meeting held October 17, 1924, and continued as an annual affair since that time.

Both organizations will work together for the benefit of the school and community. The Parent-Teacher association will be in membership with the State and National organizations and will function according to bylaws outlined by the state, while the P. T. C. which means pupils, teachers and community will be primarily concerned in the dramatic life of the community.

Mr. Holmes has announced that eight plays, the customary number, will be presented during the season with the first one to be given at Christmas time. Season tickets will be for sale at \$1.00 for adults and 50c for children. General admission tickets for each play will be 10 and 20c.

Officers for the Parent-Teacher association were elected as follows: president, Mrs. J. G. Horner; vice-president, Mrs. Edd Holmes; secretary-treasurer, Mrs. Walter Travis.

Officers for the P. T. C. society were elected as follows: president, Edd Holmes; vice-president, J. G. Horner; secretary - treasurer, Mrs. Jessie Gordon; sergeant-at-arms, Frank Probasco.

Mr. and Mrs. Alvin Senn, Clayton of Foy, accompanied Mr. and Mrs. H. Mayfield to Oklahoma City Monday.

Mr. and Mrs. Jenkins visited over the week-end at Pampa, Amarillo and Canyon.

**Relatives**  
From People Who Wrote  
to Lead to Contacts  
C. H. H. writes  
by the four House brothers  
contacts with relatives of  
Mrs. W. C. House from  
deaths separated them in  
Christmas day of 1918,  
in a brief note this week  
C. H. H. writes from El  
in which he expressed thanks  
of this area for efforts  
dated November 14 said  
received a few letters  
people who read the article  
Hesperian and that they  
be able to make contacts  
Hollis did not indicate from  
letters had been received nor  
information the letters con-  
the boys at the time of  
mother's death were of ten-  
years-7, 5, 3 and 1 years old.  
The interesting sidelights on the  
are afforded this week. One  
is the recollection of local  
one of the children—a  
baby—in the tragic situ-  
during the winter of 1918, was  
for several weeks or  
by Mrs. A. R. Childers, now  
Not established as a fact,  
as is known, it is thought  
was the least of the House  
above. The facts at least  
with the theory.  
**House Incident**  
There were two House families  
in care of in the court house  
with other families, all of  
were sick and some of whom  
The House men were brothers.  
one week before the death of Mrs.  
on Christmas day, that her  
Hesperian indicates that her  
in-law died. Maury Hop-  
writing from Chicago on No-  
II recalls the circumstances  
his funeral, which occur-  
on the same day of the fune-  
of one of the county's leading  
men, John N. Farris. Of  
House man's funeral Hopkins.  
The story in the Hesperian for  
about the House boys  
reminds me of an experience  
during the influenza epidem-  
of 1918-19 along either in De-  
or January of that winter.  
Morris, Dr. Husky, and  
a man named House who  
some small children destitute.  
was a charge of the county  
brought in with a num-  
of others. I had recovered from  
the flu, and Norman Morris never  
We were free of responsibil-  
and assisted Dr. Husky and oth-  
in their ministrations to the  
and destitute.  
This man House was buried on  
the same day that Mr. John N.  
was. We had some trouble  
enough help to lower House's  
in the grave, and we arrang-  
with a minister who was attend-  
the Farris' funeral to say a pray-  
for our deceased.  
After we had filled House's grave  
small that Dr. Husky went over  
to get a big bouquet or spray of  
from the Farris grave, and  
on House's, remarking char-  
teristically, "I had recovered from  
and raise up out of that grave he'd  
that we take as many of the  
flowers as we wanted."  
"And I've always thought Dr.  
Husky was right."  
The House grave is about 100 feet  
south of the John N. Farris' grave,  
E. Hopkins recalls.  
**Harmony H. D. C. Meet**  
**Enjoy Interesting**  
**Study**  
Formulate a list of what you have  
land and stored in locker and  
study the "Texas Food Standard"  
Miss Edith Wilson to the Har-  
mony Home Demonstration club at  
the club room, Thursday afternoon,  
November 15 with Mrs. P. B. Trow-  
bridge acting as hostess.  
Miss Wilson also says in buying,  
be sure to get the right kind of vita-  
mins and minerals that you do  
not have at home. For instance, if  
you have a good storage place, it is  
time to buy to last over a period of  
time.  
Now is a good time to plant a  
garden to help through the  
winter. Be sure potatoes are ma-  
ture and have shallow eyes. The  
shallow eyes save in preparing.  
Wrap apples to keep rot from  
spreading.  
A good piece of meat is cherry  
red in color. The fat is cream color  
and the bone is deep pink, the tex-  
ture of the meat is fine. Meat from  
an older animal is a deeper red, the  
fat is a deep cream color and the  
bone is white. Good lamb meat  
should be covered with fat.  
If possible school children should  
have a hot dish meal at noon, es-  
pecially under nourished. Statis-  
tics show there are only one third of  
the people in the U. S. have the  
proper diet. Miss Wilson said.  
At the last meeting new officers  
elected were president, Mrs. Chas.  
B. Smith; vice-president, Mrs. W. S.  
Ranna; secretary-treasurer, Mrs.  
Ray Barnard; parliamentarian, Mrs.  
J. S. Batten; reporter, Mrs. M. D.  
Ramey; council representative,  
Mrs. Zant Scott; land use planning,  
Mrs. J. S. Hale; kitchen demon-  
strator, Mrs. Ray Barnard; pantry  
demonstrator, Mrs. J. S. Hale.  
Refreshments were served to Mrs.  
M. D. Ramey, Mrs. M. Carr, G. L.  
Shodgrass, Mrs. Everett Miller, W.  
S. Hanna, Perry Tipton, J. S. Hale,  
Sherwood Ramsey, Zant Scott, Ray  
Barnard, Carrick Shodgrass, D. S.  
Batey, Chas. B. Smith, Raymond  
Williams, Chas. Watson, Miss Edith  
Wilson and the hostess, Mrs. T. B.  
Trowbridge.

# THE HESPERETTE

## Girls Aren't A Riot, But A Racket, Floydada High School Boy Contends

**Editors Note:** Don't blame The Hesperette Staff for this article but the boys are burned up over last week's article and demand a chance to tell their side of the story. Who wrote it? Well, ask The Shadow.

In an article last week the girls portrayed us boys as a bunch of unscrupulous, un-godly creatures who make a habit of going around snatching nice little girls' air castles (I guess they were referring to the hot-air castles which all girls are so adept at building.)

I will attempt to straighten out a few of their gross misstatements. They are not all wrong though. I will attempt to practice makes perfect. I guess this is true; anyway it explains why girls are able to say so much that means so little so fast—they practice it; they practice it all the time.

It was stated in above mentioned article that girls like boys who "Let them talk some of the time." Paraphrasing us girls, while we laugh at the obvious absurdity of this statement, it has been estimated by reliable authorities that every girl must produce around 35,000 spoken words a day in order to be happy and retain the female mein. Any instance of one falling below par had never been officially recorded.

On the other hand, take a look at the poor male who is at once laid prostrate under the first devastating heavy-artillery verbal attack by the "fair and modest" sex. Not satisfied with his submission and unconditional surrender she will let him have it point blank with a heavy calibre 266 2/3 word sentence which plays havoc with his accoustical facilities, not to mention the damage wrought on his mental and nerve centers.

What can we do this over production English? My belief is that it will take the organized effort of the entire male populace as well as government aid, and it doesn't look like relief is to be administered any

## Shadow Haunts Boys And Girls With Tattling

Although the shadows at F. H. S. weren't very dark this past week, we heard plenty of terrible rumors. If you don't believe it just listen:

It seems that Sadie Holmes and Bill Ferguson don't get along any too well since Ellen Brock has come into the picture. The eternal triangle says we.

(Censored)

From all rumors reported Nadine Powell has captured the heart of a certain handsome football player from out Dougherty way. J. D. would you know anything about that?

While snooping through the halls last week, I came across Lois Beard and Gene Redd talking in pretty low tones. They weren't exactly holding hands but—

Is it just a coincidence that Kenneth Cates and Ovelene McLain meet every day at noon? Now we know that this couldn't happen accidentally every day.

Some of our disillusioned Misses here have expressed the wish that we have a Sadie Hawkins day. Now we don't want to call any names so boys, can't you take a hint?

Quote us: "Dead men tell no tales."

Yahoootee is the most popular figure at F. H. S. at present. Now let me ask you this: If yahoootee was your mother, and the Little Man that wasn't there was your father, who would you be? Answer next week!

My pal, the Spy, says "What is it that the balcony of the Hotel Lubbock has that the ballroom of the same hotel doesn't have? Could it be peace and quiet and a certain blonde headed girl and a senior boy? Could be, says the Spy.

Yours till darker alleys are discovered,

The Shadow.

## Floydada Students Attend Press Clinic At Tech Friday and Saturday

Ten members of the Journalism class and four members of the Press club journeyed to Lubbock November 15, for the Press Clinic which is held in Lubbock each year. Those going from Floydada left 11 o'clock Friday morning. Arriving in Lubbock, the class ate lunch and proceeded to Tech college where they registered.

President Clifford B. Jones of Texas Tech and Charles A. Guy, editor of the Lubbock Avalanche-Journal publications, welcomed delegates at the opening session Friday afternoon. Principal speakers were J. Edward Connor, director of extension and publicity at New Mexico Normal university, Las Vegas, N. M., and Herschel Schooley, director of journalism at Hardin-Simmons university in Abilene.

Group discussions on problems of editing printed papers, a page in the downtown newspaper, combination school paper and yearbook, and school annuals made up a part of the program.

Presiding student officers were Stuart Condon of Canyon, president; Henry Ray of Borger, vice-president; Louise Willson of Floydada, corresponding secretary; and Glenn Curry of Snyder, recording secretary.

## Floydada Teacher Has Article In 'Texas Outlook'

Last spring at the District State Teachers association at Plainview, Miss Eunice Howell gave a talk on Coronado and His Expedition. The teachers who attended the meeting voted that some of the best talks would be published in "The Texas Outlook."

Miss Howell gave the historic adventure of Coronado and his men. They met many hardships in their search for gold. But after many years, they felt their search was a failure because they had not found a country as rich as Mexico. So in April 1542 they began their return march home.

She told how Coronado felt that his expedition had been a failure because they had found no riches. We know to day that Coronado laid foundation for the colonies that were later established in the Southwest. His expedition is particularly important to us because he brought the first cattle, horses, pigs, sheep, goats, into this territory. The great live stock industry we have to day resulted from his expedition.

The Floydada High school is proud to have a teacher who could get this recognition.

## New Library Books Purchased By Floydada Hi.

The Floydada High school library has some new books and they are "The Father of Texas," "Best Short Stories of the World," "The Luck of the Salabors," "On the Lone Tide," "Divided We Stand," "Lives of Poor Boys who Become Famous," "Disputed Passage," "Haunted Airways," "Lives of Girls who Become Famous," "Special Agent," "The Wave of the Future," "You Can't Take it with You," "Courageous Wings,"

"Little Known Facts About Well-known People," "Chemistry Triumphant," "Careers for Men," "The Flying Squad," "Skin Deep," "Careers for Women," "Insects," "Every-day Speech."

## Martha Yearwood Elected Football Queen For '40

The football boys cast their ballot for a queen, and after all was settled, Miss Martha Yearwood was elected.

Martha is a very popular 16 year old member of the senior class, also president of the pep squad. Martha is 5 feet 5 and weighs 120 pounds. Martha is a brunette with light brown eyes.

She will be crowned at the pep squad and football banquet.

One advertisement for a husband brought a Massachusetts woman 19 replies. She is still unmarried.

—Abilene (Texas) Paper.

### FLOYDADA BAND PROGRESSES NICELY THIS FALL REPORT BY HESPERETTE STAFF

The High school band has been progressing nicely the last few weeks due perhaps to the initiation of a point system by which the band students are graded. The points are given as follows: For practice outside of school hours each student earns 10 points, for parades 10 points (double for basses and drums) each solo rendition 30 points gaining first chair 5 points, public concert 20 points, uniform inspection 5 points, extra rehearsals 15 points. Home practice is 10 points per hour. Approved radio program 5 points for every 15 minutes. If no absences or tardies for 6 weeks, 100 points are received.

This system has done more than anything else to bring about punctuality and to increase interest in band work. The band's improvement can be accredited to this system.

A recent addition to the band is the flag swingers. They are Helen Young, Dorothy Ann Dooley, Nelda Pagan, Mary Helen Mickey and Florine Cates. They are now practicing on a high throw which is different from any they have used so far. The flags are an added attraction to the band and with practice the swingers should have a pretty routine.

The band went to Crosbyton last Friday night. This was the last out-of-town football games this season. Therefore it is the last out-of-town band trip for a while.

### NOTICE

To those this may concern: the Social club members. There is to be a Mexican Luncheon, November 2. Hostess, Miss Frances Field. Meet at her house at 1:30. Come expecting to have a swell time, as usual.

**SCIENCE GUARDS**  
America's telephone service

Men of science watch as fantastic apparatus enacts an unrehearsed drama before their eager eyes... nearby, other research experts peer into their microscopes... in another room, laboratory technicians put through grueling tests some new and better part for America's telephone system...

The scene is the Bell Telephone Laboratories where nearly 5,000 scientists and assistants explore the unknown to build a better telephone service for America. Today their thousands of inventions and developments serve America.

By modern scientific methods huge telephone cables are made and buried underground, guarded from floods, fires, storms, and other disasters. Some of the more important cables are filled with gas, so that the smallest leak in the lead covering sounds an automatic alarm, summoning repair crews.

America's telephone system, guarded by science, is armed to withstand many attacks which a few years ago might have silenced thousands of telephones and isolated many communities.

Today Americans, in any emergency, turn to the telephone, knowing they will receive fast, dependable service.

**SOUTHWESTERN BELL TELEPHONE COMPANY**

A girl of this day may not faint at hearing a risqué story, or at the sight of a mouse, but we reckon the sight of a sink of dishes to be washed would make her keel over in the good, old-fashioned style.

The Cycle of War: First we lick them then we feed them, then we refinance them. And then we do the same thing all over again.

Golf Pro: You have a very excellent form, young lady.

Blondie: Listen, mister, I paid you to teach me to play golf, not to look at my figure!

**Spur**  
(Continued from page 1)  
and will be more or less turned up for the Floydada affair.

The Whirlwinds appeared slow against Crosbyton but played hard football to score in every period. Gordon Patterson was out of that game with a bad shoulder and it is doubtful if he will see service against Spur. Chowning played a whale of a game in Patterson's spot however and there appears to be no weakness at that wingback post.

Floydada's line is back in shape and ready to go. It was invincible against the Chiefs and seems to have the spirit needed to pop the Bulldogs for losses. Whirlwind line play has been good all season, and except for the Crowell game yielded little yardage. Passes this year has led to the downfall of the Green and White. Paducah completed one for a touchdown that brought about a tie. Matador completed one to the same spot to get so close Berryman

could have hiccoughed for a touch-down.

Inside tackle the line has been almost armor plated and lately getting around the ends has become about as easy as getting past the British fleet. Spur will likely remember this and probably the air will be slightly brown with footballs.

Unless Floydada arranges for a tenth game on November 28, just about the entire ball club will be making its last appearance. Graduating from the starting line-up will be Golightly, Foster, G. Patterson, Grigsby, Turner, Goen, D. Patterson, Crawford and Walls. Rushing and Fawver are the only regulars who will be back next year.

The substitutes will be almost as hard hit. Sparks, E. Patterson, Cardinal, Boteler, Warren and Morrison are certain to return but most of the others will see their final game Thursday, unless of course "Number 10" is arranged.

**Bond Vote**

(Continued from page 1)  
way department.

The latest county to propose a bond issue for road construction is Board, where roads have been badly in need for several years. This is in addition to Deaf Smith, Briscoe, Hall, Hockley and Castro, where the voters will say yes or no in the latter part of November and during December. West Texas counties which have already given the go ahead signal are Ector, Terry, Dallam and Gray, in the wide reaches of which some such a program is the only effective approach to a road program that will be adequate.

**County's Road Program**  
In Floyd county's proposed program are the 286 highway from Petersburg to Floydada, the Lockney cut-off, the Spur road from the vicinity of McAdoo to Highway 70 through Dougherty, the Lakeview to Crosbyton road in addition to the completion of the highway project from a point south of South Plains to the Briscoe county line.

All of this program is looked upon with favor by the engineers of the State Highway department. However, none of it is "guaranteed." People of the county will have to make up their own minds on the matter, and vote according to their reactions. All of the program is "chancy" in general, except for one point, that the commissioners will issue no bonds and levy no tax that is not approved by the State Highway department for the assumption of the debt by the State Board of County and Road Bond indebtedness.

"When I was in Washington, I met the Chaplain of Congress."  
"The Chaplain! What does the Chaplain do?"  
"Oh, he gets up on the platform—looks at Congress—and then prays for the country."

Remember, there is no law against your putting on a little muscle and putting aside a little cash, by hustling freight on the docks while you are waiting for your ship to come in.

(Continued from page one)  
that figure or better.

Last week's report had good results indicated from Lockney branch of the Floyd county chapter in addition to good news from other areas over the county. Mrs. Dwight Jackson of Lockney gave a report that indicated an active and energetic campaign had been conducted there.

An order from Red Cross headquarters of enough thread for 65 sweaters was received Saturday. It was announced this week by Mrs. Virgle Shaw, who has charge of the distribution. The order is sufficient for 50 children's sweaters and 15 men's sweaters.

Floyd county's quota has been set at 110 sweaters plus a number of other articles. Sufficient thread for the remainder of the sweater quota is expected shortly.

The preacher had received a couple of tickets for the opera from one of his parishioners.

Finding that he was unable to go, he rang up some friends and said: "An unfortunate dinner engagement keeps me from attending the opera tonight; could you use the tickets?" "We should be glad to do so," was the reply. "But we are your unfortunate hosts."

**Don't Delay**  
Your Christmas Shopping For MEN—if so you may be disappointed as the markets are running short in 'standard' merchandise.

Each day we are getting letters from the wholesale houses saying sorry but no, so and so is out.

When Abraham Lincoln was asked how long his legs were, he replied that they were long enough to reach the ground.

This little notice is long enough for its purpose. We hope to take care of you in HIS wants in advance in Clothing, Top Coats, Levi Strauss Gaberdine Shirts and things he'll like to wear.

Likely we have his measures.
