FLOYDADA, FLOYD COUNTY, TEXAS, THURSDAY, MAY 1, 1941.

NUMBER 12

## Defense Bond Sales Drive Opens Today

### First Defense Savings Bond Sale Made

Mrs. Barbara Smith Delivers First Certificate To Mayor White

The United States Defense Savings Bonds and Postal Savings Stamps were placed on sale in the main Post Office at the opening of business, this morning as part of the national effort to make America impregnable.

Postmaster Mrs. Barbara Smith announced today that plans are completed for this community, along with thousands of others from coast to coast, to do its full part at the opening of the saving program, Mayor White purchased the first Defense Savings Bond sold in Floyd County. Other citizens are showing the same interest in these bonds that they did in Liberty Bonds of the World War.

Postmaster General Frank C. Walker, in a letter to postmasters throughout the country, said that the help of local postmasters would be "a real service to the country". He transmitted the thanks of Secretary of the Treasury Morgenthau for the help that local postmasters had already given in the sale of United States securities and also Mr. Morgenthau's thanks in advance "for the co-operation which he knows you will give to this new effort."

The new Defense Savings Bonds are similar to the familiar "Baby Bonds", of which more than five billion dollars worth have been bought by more than two and a half million Americans since 1935.

### Boy Scout Camporee Here For Week-End Opens Friday

Scouting contests of every kind are on the schedule for the camporee of Boy Scout troops of Lorenza, Crosbyton, Ralls, Lockney and Floydada here beginning tomorrow afternoon and continuing through to Saturday afternoon if weather permits.

The scout troops of these towns will encamp tomorrow afternoon, spend the night in camp tomorrow night and after their competition closes will take out sometime Saturday afternoon.

J. C. Grimes, Scout Field executive, has been here working with local scouting leaders since yesterday, making advance preparations for the camporee.

Places for the boys to pitch camp, ample preparations for patrol of their grounds and detailed plans for their activities have been arranged.

### COMMISSIONERS WILL GO TO AUSTIN IN MAY TO ASK FOR HIGHWAY WORK

Members of the Commissioners court of Floyd county will attend the session of the State Highway commission in Austin in May, where they will appear to ask for construction of a farm-to-market road from Dougherty to Federal Highway No. 70.

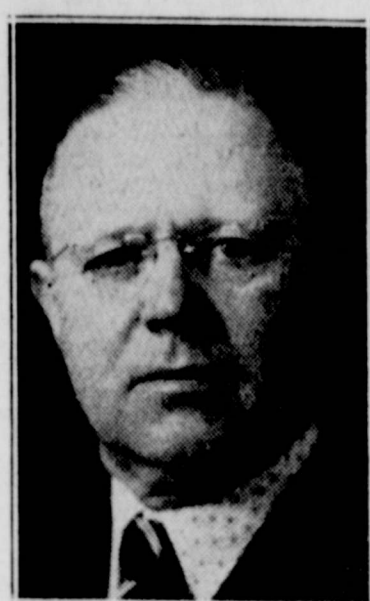

They will also insist on road construction on Highway 207 north to the Ariceo county line.

### Undeclared Lockney High Ends Season Tuesday

Frona Redskins Formidable Boxing Opponents At Lockney Auditorium

LOCKNEY, April 29.—Undeclared Lockney High school will end a brilliant boxing season at 8 o'clock Tuesday, May 6 in the local city auditorium when the Frona Chiefs seek to measure the Lockney pugs in a twelve-fight dual match. The Lockney lads have put together a sensational record of eight consecutive wins and have definitely established themselves as serious threats when they crawl through the ropes of the flatic arena.

Lord Byron Ford at 75 pounds, Billy Roach at 85 pounds, Laverne Roach at 112 pounds, clouting Chili Childers at 118 pounds, Larrupin Lenard Hartley at 163 pounds and 185 pounds Curtis Kelley are boys who have yet to be defeated in high school competition. Of the lot, perhaps the most impressive record has been compiled by the brilliant, hard hitting and popular Laverne Roach who poked his way to the District Golden Glove championship in Lubbock and became state semi-finalist in the Fort Worth matches

Glad Snodgrass heads a strong committee of Floyd county citizens who this morning are launching a drive for the sale of Defense Savings bonds.

### Clean-Up Leaders Named For Week In Floydada

City Divided Into Areas And Sections For Workers To Check

Leaders in the clean-up campaign for Floydada next week—Monday, May 5, to Saturday, May 10, were named in a meeting of city and civic club representatives at the city hall Tuesday afternoon.

For efficiency and thoroughness the city is divided into sections and captains named for various residence sections and for other divisions of the community. Mayor W. U. White presided at the meeting, at which were also present some members of the council, Mrs. Jack Henry, chairman of the Clean-up campaign and her co-leader, Mrs. Henry Edwards.

Co-captains in the southeast portion of the city were named as Mrs. George V. Smith, Mrs. D. F. Bredthauer, Mrs. O. M. Watson, Mrs. O. W. Tye, who are naming and notifying the canvassers who will be asked to work in that area.

In northwest Floydada Mrs. L. J. Welborn and Mrs. Clarence Guffee, co-captains have named as their aides Mesdames A. V. Haynes, W. H. Hilton, Alton Chapman, Robert Medlen, E. F. Stovall, Alva Hull, C. L. Minor, C. K. Arnold, Dick Fenner, J. C. Wester, M. B. Martin, A. P. McKinnon, R. B. Rosson, Neff Cardinal, Homer Steen, Walter Wood, W. A. Amburn, I. R. Grundy, A. J. Hamilton, E. L. Norman, W. R. Simon, Orvil Newberry, A. N. Bratton, W. B. Eakin, Al Edwards, J. W. Lanier, Wallace King, Clyde Henderson.

**Southwest Floydada Group**  
In the southwest Floydada area Mrs. H. G. Barber and Mrs. A. E. Guthrie, co-captains, named Mesdames D. H. Pitts, C. Foster, E. C. Hagood, I. W. Hicks, Paul Conner, S. T. Harris, Aubra Martin, W. A. Amburn, Jr., R. L. Snodgrass, C. Snodgrass, M. H. Martin, J. E. Collier, Fulton Finley, Conner Oden, B. P. Woody, J. R. Yearwood, S. W. Ross, N. W. Williams, J. I. Ham- (See CLEAN-UP, back page)

### Snodgrass Chairman Of Group

Move Part Of Nation-Wide Financing Plan Of Treasury Department

Opening guns are being fired this morning in the drive for the sale of government securities to the people of Floyd county.

With Glad Snodgrass, local businessman serving as general chair-

First purchase of Defense Savings stamps at Floydada Post Office was made this morning by Glad Snodgrass, one each of the \$5 issue for his grandsons, Glad Lynn and Don Lewis Norman. Mrs. Barbara H. Smith, postmaster, made the sale.

Mr. and Mrs. Snodgrass also purchased for themselves one of the \$500 Defense bonds.

man plans have been made to make the campaign in this county get over the need for general distribution of Defense Savings securities among large and small investors of the area.

Named by State Administrator Frank Scofield of Austin local committeemen are expected to sell the idea of helping finance the government to that vast number of people who never buy securities of any kind except in cases of emergency.

Named to serve with Mr. Snodgrass on the general committee are A. P. Barker and J. I. Hammonds, of Lockney; Bill Norman of Dougherty; Walter Woods of South Plains; J. V. Daniel, R. M. Battey, G. C. Collins, John R. Gray, A. H. Kreis, Lee Rushing, Mrs. Barbara H. Smith and Walter Travis of Floydada.

Although numerous sales are expected to be made today, the campaign of the committee is expected to be so complete that everybody—even the smallest savings accounts—can be accommodated with a government security.

Committeemen named will complete a county-wide organization that will reach all communities. With similar activities started simultaneously over the whole county a giant Defense Savings fund will be obtained at an early date. The funds will continue to be offered to the public over an indefinite period.

### MONTANA BROTHER VISITS HERE WITH W. KIMBLE

Dr. Wilson Kimble has been enjoying the visit of a brother from Sweet Grass, Montana, this week. The brother is W. F. Kimble and he has been making his home in Montana for many years.

Put out of business temporarily by a fire this spring the brother has been taking advantage of the opportunity of his enforced idleness to spend sometime in Texas and Oklahoma with kinsmen.

### CCC Camp Announced In Floyd

This week announcement was made out of Washington that the Soil Conservation service Citizens Conservation corps, planned by army and soil conservation officials, had been officially designated for Floydada by authorities.

Dispatches from the nation's capital said that several camps are being discontinued and that some new camps are being established.

Establishment of the camp here followed creation of soil conservation district last year. Local business interests and officials co-operated to make the camp's establishment a possibility.

### Floydada Flying Club Moves 'Wings' To New Quarters

Santa Fe Grounds In Northwest Floydada Levelled For Field

Floydada Flying Club has moved its "wings" to a hanger completed last week on the Santa Fe grounds in northwest Floydada. They have their machine escorted in the new place of abode, moved into town from the Stringer hangar near Barwise which had been loaned the club pending completion of arrangements for land.

Marvin Shurbet is president of the club and W. M. King vice-president. Dale Strickland is secretary.

Last week work men finished the job of leveling the grounds adjacent, cleaning them off for a landing field. Ample ground is provided for start and finish of a flight with prevailing winds in any direction.

**Find Scattered Dynamite**  
The field has been in use for several days now.

One of the interesting "finds" of the clean up squad who cleared out the grounds was several sticks of dynamite, some 12 to 20 in number. The explosive was scattered about over several acres apparently just dumped out promiscuously. The sticks were gathered up and stored in a clump of mesquite. No explanation for the unusual find was sought by members of the club.

### MRS. MCKINNON HOME

Mrs. A. P. McKinnon returned home Monday from Dallas where she has been visiting the past few months. She was accompanied home by her sister.

### Annual Dairy Show Dates May 6-10

Pasture And General Feed Conditions Presage Unusual Interest

Plainview, April 28.—With the dates for the fourteenth annual Panhandle-Plains Dairy Show set for May 6-10, only a few days away, the tempo of interest in the big event is speeding up as preparations get underway.

I. C. Sprague, Tulla, president of the 1941 Show, states that officials expect an exposition that will uphold the fine quality and number of animals of past years.

Pasture and general feed conditions over the territory as a whole have been fairly good, dairymen say, and opening day of the show should find stock in good shape for the judging ring.

The usual judging program will again be followed this year, show officials feeling that interest in this show depends not upon any new or novel feature that might be introduced into the program from year to year, but rather in the steady improvement in the quality of the animals entered and in consistent progress of the dairying industry the area over.

Entries will be made in the usual four classes: Jersey, Milking Shorthorn, Guernsey, and Holstein-Friesian. Judging will begin in the Jersey class on Wednesday, May 7, continue in Holsteins and Guernseys on Thursday, and finish up with Milking Shorthorns on Friday. Milking Shorthorn breeders will again climax their show with an auction sale of some of their finest stock, the sale to be held Friday afternoon at the conclusion of judging in that department.

### Boys To Take Part

Opening day of the Show has been designated as Future Farmers' of America Day, with the vocational agriculture and 4-H boys and girls taking part in the dairy cattle judging and dairy products judging contests. Tests in the annual milk production contest will begin on Monday, and E. W. Thomas, Perryton, (See ANNUAL DAIRY, back page)

### SWEPSTON CALLS MEETING FOR SATURDAY, MAY 10

A. T. Swebston, president of the Floyd County Pioneers Re-Union is asking for a meeting of all committeemen of the association and any others who are interested on Saturday, May 10.

The meeting will be held at the county court room. The date set is only 18 days prior to the re-union and final plans will be made for the event. Mr. Swebston will ask for reports at the May 10 meeting

### Area One-Variety Cotton Assoc'n Is Sought

Gin Group Representatives From Four Counties Make Plans

Gin group representatives from four counties meeting in the county court room here last Thursday voted to set up an area one-variety cotton organization.

Represented were cotton growers from Floyd, Hale, Swisher and Briscoe counties.

R. E. (Bob) Wilson of Hale Center was elected president of the organization, Mal Jarboe of Floydada vice-president, F. L. Brown of Lockney, secretary-treasurer, and the executive committee composed of these with R. E. Douglas, Silverton, J. W. Miller, Tulla, F. A. Holcomb Plainview and J. C. Beedy, Floyd.

Possibility that the area organization could swing as big a volume as 25,000 bales was indicated in the plans adopted. The area organization is an out growth of the success of the Hale-Floyd One-Variety association which last year handled several thousand more bales of cotton than was originally set up and materially bettered the staple of the product offered millers from the plains area, while increasing the income of the producer.

### Request Seeks Approval

Resolutions adopted by the committeemen in session pointed out in a formal request to the U. S. Department of Agriculture that the various one-variety committees of the area are anxious to have a continuation of the one-variety improvement and marketing program in the south plains area during the 1941-42 season. Signing themselves the South Plains One-Variety Cotton Improvement association the executive committee offered the following recommendations in the form of resolutions adopted at the meeting:

1. Since the one variety cotton program has spread to the adjoining counties of Briscoe and Swisher, it is only natural to expect that these counties will wish to cooperate in the one variety program, and we hereby request the privilege of changing the name from Floyd-Hale One Variety Cotton Improvement Association to South Plains One Variety Cotton Improvement Association. As we received some 6,600 bales in this program in 1940, it would be very conservative to estimate that with the increased interest that has developed in this area (about 20,000 to 25,000 bales) (See ONE-VARIETY, back page)

### Track Boys Leave For State Meet

Representatives of Floydada High school in hurdles and in relay races left this morning for Austin where they will participate tomorrow (and later if good and lucky) in the state interscholastic meet.

The relay team will run Friday morning at 9 o'clock in their first preliminary at the state meet. Joe Schultz, Gordon Patterson, Bruce Foster and Arthur Womack compose the team. Doyle Walls is alternate and accompanies the quartet of relay racers.

LeRoy Chowning will represent Floydada High school in hurdles.

Superintendent Walter Travis and Coach Odell Winter are with the Floyd county representatives in the track events.

### Home Town Speakers Eliminations Friday For West Tex C-C

Eliminations in District No. 2 of the West Texas Chamber of Commerce among home town speakers who aspire to go to Mineral Wells for the annual convention in mid-May, will be held Saturday at Texas Technological college.

Dorothy Ann Dooley, high school junior, is being sponsored in the contest by Floydada Chamber of Commerce. Eliminations in Floydada High school recently were held in the speech department. Bert Ione Smith, speech teacher, will act as coach for the Floydada entrant in the contest.

Some 25 cities and towns are in the area comprising District 2 and most of these will have contestants at Lubbock for the elimination. Only one of the number, with an alternate to be named, will get the opportunity to speak at the convention in Mineral Wells.

### Pioneers Can't Remember More Perfect Spring

Weather in Floyd county the whole spring long has been ideal for wheat and for row crop planting.

Capped off the past week by rains that have furnished all needed moisture for the next ten days or two weeks it appears that conditions for wheat growers and row crop planters could hardly be better.

Hail or frost or rust could make the difference between a plus grain crop and a minus one. Right now the signs all point to plus.

This news is based on good rains over the week-end and the first of the week and cool weather that has followed to date. At Floydada rainfall Saturday and Sunday and the Monday night following totaled 1.8 inches. Which is all that is necessary for immediate needs.

Reports from over many portions of the county put the total considerably above that figure, probably as high as three inches in some sections.

North, south, east, west from Floydada—all the reports are the same—good to heavy rains that fell softly and gave wheat all the moisture needed and put row crop land in ideal condition.

Ideal is the only word for it. Farmers are smiling, although they may be calling the hail insurance adjuster by Saturday night. Row crop planters may not be so happy by June first but right now they couldn't have laid out a more ideal spring plan in advance of feed and cotton planting.

Saturday rainfall was about 15-hundredths of an inch. Sunday 8-tenths of an inch fell at Floydada and Monday night another 85-hundredths fell. From every section of the county reports indicate the fall was equally as good and in many parts better. Southwest where early rains appear to have been somewhat minus the fall was heavier than in Floydada and the same reports come from northwest and north. From the New Mexico line eastward the reports are the same. Pioneers can't remember back for fifty years when conditions were better.

### Apportionment, School Aid Funds Reach County This Week

County Superintendent Clarence Guffee this week announced the receipt of funds for the county schools running upward of \$5,800.

In the remittance from the State Department of education was \$1,642.50 scholastic apportionment, \$1943 transportation funds and \$2,232 in salary aid.

The scholastic apportionment received represented \$1.50 per scholastic and leaves \$6 to come out of a total of \$22.50 apportioned from the state school fund.

The transportation funds received represented 50 per cent of the transportation aid granted the county, and the salary aid check was the second 40 per cent of salary aid for the schools.

### TEXAS WELFARE WORKERS MEETING AT DALLAS

Miss Ruby White Floyd County Welfare agent left Tuesday for Dallas where she is attending the annual Texas Welfare convention which convened Tuesday and will be in session until Sunday.

## Concentrate Wool Clip Here During Marketing Season

### Mid-West Wool Growers Co-op Puts Gray Faulkner In Charge

Local wool growers of Briscoe, Hale, Swisher, Crosby and Floyd counties have set up a wool storage house at Floydada for the marketing season.

Floyd county committeemen L. B. Cosby, T. Taylor, A. G. Cardinal and H. D. Meredith have made arrangements with the Mid-West Wool Growers Marketing cooperative and have placed Gray Faulkner of Fort Worth in charge of the Floydada storage plant. He will assist wool growers in marketing their clip.

Mr. Faulkner reports that the building formerly used for the local bowling alley located on the west

side of the square offers adequate storage and that wool bags and twine are available to growers.

This association will concentrate, purchase or make advance on all wools. It is hoped that local wool growers make use of the association so that a wool market center can be established in this area.

Wool growers must remember that June 15 may be the turning point when the division of purchase U. S. Government will state publicly amounts of wool needed in the defense program for the balance of the year and will also discuss the differential in foreign and domestic wool in an effort to find a fair and reasonable price to the domestic grower, Faulkner said.

# EDITORIALS

The big drive for funds for the National Defense has begun. The government is going to try to get the big debt scattered out among the people and the campaign begins today. Right now millions and millions of government debt is represented in bonds and notes and certificates in the banks. Most any ordinary county can take up a good many thousand dollars worth of these savings bonds and the most insignificant investor will find a bond or stamp or certificate that he can buy.

This week's rain will carry the wheat further along toward maturity. Something sure enough must happen now—rust or sudden cold or hail—or the farmers are going to have to exercise patience when they start the combines and get wheat to rolling to elevators from 500 or a thousand machines at once. The unloading capacity of the elevators will not be sufficient. Also should it keep on raining a fellow might wish he had on old-fashioned binder. Tall wheat won't take it out in the field like short wheat we would imagine.

Some way or other Floyd county wheat is beginning to get mixed with barley or rye or different types of wheat seed. Possibly the cerasan mixing process, has something to do with it or it may be that the mixed planting practice of the past few years is responsible. Anyway it appears that somebody is going to do well this fall selling wheat that he knows is clean as to variety to his neighbors who know that what they harvested is not.

Of the many varieties of wheat being tested on the high plains now there is wide variance in opinions as to which kind is the best to plant, everything considered. Only a few farmers have their minds made up. Others are still watching. There are eight or ten varieties, and some growers are inclined to look with favor on one and some another.

With farming on our minds—and who in this country doesn't look to the farm for his living—we wonder how much the cattle population of the county has got to increase to take up the added acreage in non-marketable crops that will be grown on leave out land. The problem may be the same the nation over.

The governor and the newspapermen still do not hit it off good. The governor has a considerable bit of gratification in his voice Sunday when he said he wanted to report General Andrew Jackson Houston in good health, with a clear and keen mind. Because the governor's appointee had been ill with influenza and was just recovering, he allowed few or no news reporters at the announcement party when the governor and his wife went down into the gulf country to tell Mr. Houston of his appointment. The result was the report got out the senate appointee was ill, perhaps too aged to stand the shock of the great good fortune that had come to the family through him. The family took it on themselves later to call two of the newspaper offices to allay this fear. Mr. O'Daniel said. His wonderful ability as a radio speaker and campaigner makes him the most nearly in-

dependent seeker after public favor in the country. He is about the only man we know of in public office who can tell the big newspapers he does not like them. The only comparable one in recent history was Jas. E. Ferguson who flayed the newsuauers unmercifully and the people liked it. Most men in the public eye go along with the newspapers, and as Ernest Thompson often said, be sure they get your name spelled right, whether they say good or bad.

Governor W. Lee O'Daniel's appointment of the only surviving son of Sam Houston seems to have hit a responsive chord among the people. Since the aged man has only to serve until June 28 or until his successor will be named sometime after the election is over, in July, he will not have a chance to make any profound mark in national affairs. The governor said in his broadcast Sunday that even those who had been applicants for the place seemed pleased with the appointment. At least it leaves out any appearance of favoritism. It is not known whether the governor will be one of the candidates in the special election. However, he has made it plain that his political enemies shouldn't go to the trouble yet to count him out.

The membership roster of the House and Senate reveals that the House has the following: Lawyers 56, Farmers and Ranchers 24, Insurance 5, Printers and Publishers 8, Teachers 16, Retired Army Officer 1, Broker 1, No occupation 6, Druggists 4, R. R. Employee 1, Cotton buyer 1, Auditor 1, Law Student 5, Merchant 3, Salesman 3. The balance being listed among many trades and professions. For instance the House has one minister, one undertaker, one common laborer and one justice of peace. Among the 31 members of the Senate we find 25 lawyers, 3 listed as farmers and/or ranchers, one teacher, one editor and publisher, one banker and rancher.

One way you can know that the Hitler conquest is not going to suit the American people is to get the reaction of the man on the street. What Mr. Lindbergh thinks we ought to do about it in July when Hitler will have finished his job in Europe is just the kind of talk that makes the man on the street mad. And what President Roosevelt is doing in the way of preparedness for that day is what he would be cussed about six months hence had he not done it. When American people get mad or hysterical the man in authority must have thought far and away ahead of them. He must have something for them to take hold of. And Roosevelt is doing that. We hate to think this is true. We just know it is true.

Cattle have been high enough the past two or three years and since the first of the year have been on a speculatively high basis, too high for the general good of the industry. This is the story we get from some cattlemen who find that grass and stock for the pastures have gotten out of line on account of the speculation. Right now the cattle business looks like a gravy train to the uninitiated. How much grief the past years have brought the cattlemen is not remembered. The pendulum swings back and forth. Has it swung as far out as it is going to go? A guess might be yes.

## FLOYD COUNTY 14 YEARS AGO

News items taken from files of the Floyd County Hesperian published in Floydada fourteen years ago.

(Thursday, April 28, 1937)

Walter Pennington, of the Arwine Drug company, this week was awarded first prize of \$10 in a state wide window display contest. The window was prepared at the Arwine Drug company store some three weeks ago by Mr. Pennington. It contained the "Red Arrow" package line of medical supplies. Drug stores from all over the state entered.

Arthur Kreis, who has been making his home at Miami, Florida, last week arrived in Floydada planning to make this his home temporarily. He is now at Knoxville, Tennessee, to accompany his family here. The Kreis family own an extensive acreage of land in east Floyd county.

Misses Ruth Jenkins, Audrey Farris and Troye Willis, delegates from the Endeavor society of the First Christian church attended the Panhandle District Endeavor convention held at Plainview Friday and Saturday.

Maury Hopkins, secretary of the Chamber of Commerce Plainview, and Miss Mollie Goode, of Plainview, were visitors in Floydada Friday.

Mrs. J. R. Evers and family of the Pleasant Hill community spent Sunday in Floydada with her mother, Mrs. Watson.

Mr. and Mrs. G. C. Tubbs have moved to the P. D. McBrien home which they purchased recently.

Charles Mathews, Edell King, and Nell Stevenson were presented with medals of honor by their teacher, Mrs. A. N. Gamble, for their regular attendance and excellent general average in their expression during the year.

Miss Patty Looper, daughter of Mr. and Mrs. C. P. Looper, celebrated her thirteenth birthday with a party at her home Monday afternoon. Those present were Hazel Probasco, Winona Felton, Edna Mae Nelson, George Iris Shaw, Bess Claire Smith and the honor guest, Little Mary Looper has been confined to her bed with a severe case of tonsillitis.

Mr. and Mrs. Wilson Kimble and family spent last Thursday in Plainview visiting.

Demonstration of the John Deere Wheatland Disc Tiller, a new plow on the local market, was made by Stansell-Collins, dealers on ground in South Floydada Tuesday afternoon.

Mrs. W. U. White returned Friday from Abilene where she visited with relatives.

Dr. and Mrs. I. W. Hicks were recipients of a box of lovely lillies sent to them for Easter by Mr. and Mrs. E. S. Shoaf from Jennings, Louisiana. Mr. Shoaf is secretary of the Chamber of Commerce there and was formerly secretary of the Lockney Chamber of Commerce.

### As A Farm Woman Thinks

Nellie Witt Spikes

This is such weepy weather. Drip drip, drip. When the rain does come down it does not have the usual laughing sound of April rain, but rather like the sad rains of autumn. The mockingbird ruffles up in the newly leaved ash tree, dashing down once in a while for a worm crawling along on the wet lawn. Where is the wonderful tune he cheered us with while the sun was shining? The perpetual scoldings of the sparrows goes on the same, come fair, come rain. We sit by the fire or peer out of rain drenched windows, longing to get out to see how things are

growing. The English peas are coming fine, we see from the north window, and the new strawberries are beginning to put out new leaves. We wonder if we shall feel strong enough to battle with the fast growing weeds, when the rain stops.

With what pride, and deep feelings of commiseration, did the Honorable Winston Churchill speak to his people as well as to all who love freedom. An ocean separated America from the speaker, but it is free men cannot be divided by waters or by fire. United, Democracy will stand, divided it will fall. The milk from cows running on the wheat we did not like, but could drink, the pepper weed milk was unbearable. Now the cows bring in milk flavored with wild onions. And the yellow daisies, the worst of all, are on their way. And there was a woman teacher at Tech that taught milk was not flavored by what cows ate, but it was the unsanitary manner people took care of it. Wish she would visit us.

Mrs. Henry Barber knows how to make strawberry shortcake, and I am not just getting this from Henry either.

Am I mistaken or am I not? Seems like I have read of at least three different women being appointed poet laureates of Texas this year.

Wish I could have gone with Mrs. Travis' school children on their first train ride to Plainview. I know how they feel or just a little more so, for instead of stepping out of a fast car into the train, I climbed out of a slow moving covered wagon for my first trip.

Floydada was a very lovely place last Friday. Everywhere was beauty of trees and flowers. Hedges of tamarix swayed dusty pink wands over royal blue iris. Lilacs stepped out in purple robes. And if there could be anything prettier than a red bud it is two red buds in the yard of Mrs. Barker. Gay tulips marched down many walks, and snow. And I saw a gorgeous wisteria hanging full of blooms as a loaded grape vine of fruit. And flower show is not over. Rose bushes are full of buds, and locust trees will soon hang up their waxen fragrant blossoms.

There is one old fashioned household object that I never read of poets singing about or deploring their passing. That is the old fashioned churn. You skim the milk, washed up the dozens of clattered buckets and jars. Put on dinner, got the baby to sleep, reached under a hiding place for that thrilling tale of the Hidden Hand or Tempers and Sunshine and started to read and to churn. The milk was too cold, it foamed and run over. You quit reading at a thrilling place, wiped up the milk, and put the churn on the back of the kitchen range, trying to churn and to read as you stood, first on one foot, then on the other. The cream got too hot. You run a finger up the churn dash and find this out. Cool water has to be poured in, a hurried trip to the water barrel, or rather it

was to have been hurried. You discover the old hen has made a dining table for her brood in your sprouting tomato and cabbage beds. By the time you run her out, the baby has waked up and you sigh as you put the book away and take the baby in your free hand while the white butter slowly gathers. Well, we like buttermilk, or used to but as we quickly beat out the little extra milk from thick cream, we do not care, as long as we do not have to use the old fashioned churn.

We are getting up to that time of year when old settlers begin to get ready to swarm, and you read about committees getting ready for the events ahead. It is said they will be in unusual force in Floydada this spring.

After reading the following poem, I believe I am in the same fix as the centipede, and had better stop trying to write any more today.

**The Perils Of Thinking**  
A centipede was happy quite,  
Until a frog in fun  
Said, "Pray, which leg comes after which?"  
This raised her mind to such a pitch  
She lay distracted in the ditch  
Considering how to run.

**THE CHURCH ON THE HILL**  
The old church house on a faraway hill  
Looks deserted, tumble-down and still.  
Legend has said that its walls are haunted,  
But its steeple still stands brave and undaunted.

The old church house on a faraway hill  
Looks back on years that are bleak and chill,  
It has seen lives grow and then fade and die,  
But its steeple keeps pointing to a way on high.

So the old church on that faraway hill  
Holds refuse for birds of the wintry fields,  
And often a traveler along the roadway,  
Finds shelter from the night then goes his way.

So the old church on that faraway hill  
Though deserted, tumble-down and still,  
Keeps serving a purpose that God would approve;  
As lonely creatures find rest near its steeple of love.

Note:—There is an old church off the highway between Spur and Aspermont, Texas, which gave me the inspiration for this poem as I drove past it.—O. A.

## May Sixth Call For 4 Men

Announcement From Austin Says State Will Furnish 1000 More Men

Announcement was made Monday by J. M. Willson, chairman of the Local Board that the four men who will report at 9:30 on the morning of May 6th, are:

John Thomas Lewis, Floydada; San Eldredge Bolton, Lockney; Otis Johnson, Floydada; Mace McPherson, Lockney.

The four men will entrain for the army induction station at El Paso.

AUSTIN, April 16. — General J. Watt Page, State Selective Service director, today announced the quotas of men that each of Texas' 351 local boards will furnish to fill a U. S. Army requisition for 1,000 trainees under the Selective Service act.

The trainees—all white—will be inducted May 3, 6, 7, and 8.

This is the army's twelfth call on Texas to supply men for military

training. The first trainees were inducted last November, and the total number already inducted is 23,585. According to war department plans, approximately 8,600 additional men will be inducted before July 1 to complete the state's quota for the first year of the program.

Floyd county sends 4 men on May 6.

### METHODISTS CONVENED AT MATADOR MONDAY

Methodists of the Plainview district convened in Matador Monday afternoon at 2:30 for a district conference which will continue through Tuesday.

In addition to the routine affairs of the conference some prominent churchmen addressed the assembly, among these Conference Lay Leader Ray Nichols, of Vernon, who spoke Monday night.

District Lay Leader J. M. Willson, of Floydada, presided at the lay sessions and Floydada church lay leader W. H. Henderson had an important role in the proceedings. All the churches in the district were represented.

Mr. and Mrs. J. A. Carruth, who have been at Rockport this winter, have returned to the plains, spending the week-end here and at Lockney with friends and relatives. They visited with the W. C. Watson and H. P. Coleman families at Lockney while here. Their home is in Amarillo.

## Many Tourists Visited Texas During 1940

Travel Bureau Head Says State Had Five Million Sightseers

At least 5,265,570 tourists visited Texas last year, and spent \$306,264,265.00, according to an estimate which has just been released by Phillip Fuller, director of the Conoco Travel Bureau, the largest free service organization for motorists in the country.

Fuller's estimates are based on all tourist information obtainable—traffic flow data, counts made by state highway controls, statistics obtained from managers of private tourist attractions, and from toll bridge records, and from various other sources, including the Bureau's own records of travel information furnished through Conoco stations where Tourades are available.

Records of the Conoco Travel Bureau, broken down by state regions, show that the Bureau itself directed 73,985 tourist parties, or 258,948 individual tourists, into and through the Panhandle; 42,434 parties, or 148,519 individuals, into and through the southwest corner of the state; 36,369 parties, or 127,260 persons, into and through the Gulf Coast region; 52,060 groups, or 182,210 tourists in to and through East Texas; and 51,990 parties, or 181,965 persons, into and through central Texas.

Fuller's investigations over the entire country show that motor travel throughout the United States showed an increase of 6.82 per cent last year. The greater portion of this increase, Fuller indicated, was brought about by Mr. Average American making his vacation a motor trip.

### DR. M. F. HUSKY HAS BROKEN LEG FROM KICK OF A HORSE

Dr. M. F. Husky, former resident of Floydada, is in a hospital in San Antonio recovering from the kick of a horse which broke a leg. The story of the accident was told last Thursday by the Kenedy Advance as follows:

Dr. M. F. Husky, local veterinarian, is in the Nix hospital, San Antonio, recovering from a broken leg received last Thursday when he was kicked by a horse. The accident occurred at the Husky stock barns in Kenedy.

So hard was the impact of the kick that Husky's leg was broken very badly between the ankle and knee, and as a result he will be confined to his bed for some time to come. In the meantime his son, Dallas Husky, has returned from Mexico where he has been for some time, and will take care of Dr. Husky's business until his recovery.

### LOU SANSON WILL RIDE IN BIT AND SPUR HORSE SHOW AT U. OF T.

Austin, Texas, April 28—Lou Sanson of Plainview will ride in the eleventh annual horse show sponsored by Bit and Spur, University of Texas riding club, May 3.

Miss Sanson won fourth place in the 5-gaited class at the Floydada Rodeo in 1937, has ridden in the West Texas Horse Show in Plainview and in the Lubbock Horse Show.

Mr. and Mrs. David Caruthers and children of Amarillo were guests of his parents, Mr. and Mrs. W. D. Caruthers, Sunday.

Miss Jaunita Luttrell spent the week-end with her sister, Miss Vergie Luttrell of O'Donnell.

## Jim Bert Bobbitt Wins Scholarship As 4-H Clubber

Jim Bert Bobbitt, of Sterley, 4-H club boy is one of six winners in the State-Wide Cotton Production Efficiency contest for 1940-41, sponsored annually by Anderson-Clayton company.

He will receive a \$100 scholarship to the agricultural college of his choice as will the five others whose residences range all the way from Corpus Christi in South Texas to Clarksville in northeast Texas.

The story of the success of the six boys is told in the April issue of Acce Press. Jim Bert's three acres in cotton yielded him 1,002 pounds of lint. His income, gross, from the crop, says Acce Press, was \$126.20 of which \$29.55 was used for expenses, leaving a net for labor and investment of \$96.65. His expenses consisted of \$15 for picking and ginning, 50 cents for poison spray and \$12.55 for other expenses. The story continues by praising young Bobbitt as a successful 4-H lad for several years. He exhibited 20 bolls of his cotton at the Tri-State Fair in Amarillo and won first place. He is interested in various phases of 4-H club work. He was one of the exhibitors in Floydada late in at the Junior Live Stock show.

## F S A Designated Defense Agency By Government

Times Of Stress Call For Stability On Farms Of Nation

The Farm Security Administration, United States Department of Agriculture, has been designated as a National Defense Agency, according to word received here by Arvol D. Hays, rehabilitation supervisor for the FSA in Floyd County.

Federal programs contributing directly or indirectly, or both, to national defense have been given a defense rating by the Federal Government.

Hays said a chief contribution of Farm Security to national defense is its rehabilitation of farm families who have suffered the plight of economic insecurity.

"The Farm Security Administration does far more than merely loan money to low-income and needy farm families. Although this agency does make low interest loans to farm families unable to obtain credit from any other source, it has many other programs to assist America's rural families. Farm Security makes it possible for many low-income rural people to find security of tenure.

improved housing and sanitation facilities, improved diet, more stable income and, in many cases, improved medical attention," said Mr. Hays.

"There is another phase of the defense program," Hays added, "FSA families are cooperating in the soil conservation program. They are using sound farm and home practices, rotating their crops, planning to plant cover crops, and they are growing feed for their stock as well."

The rehabilitation supervisor reported that many of the land-owners in Floyd County have given their tenants long term leases so that live-at-home and soil conservation programs can be carried out. This program, he noted, is also a defense program.

Mr. Hays pointed out that "in these times of stress, long term leases—three to five years—are needed to give stability to the tenants and sharecroppers. These leases are beneficial to the landowners as well as tenants, because it gives the tenants an opportunity to improve the fertility of the soil and take advantage of the environmental program of the FSA."

Approximately 125 families in Floyd County have written leases with more than 25 of these being for five years or more; and all have leases for one or more years.

"In designating the Farm Security Administration as a National Defense Agency," Mr. Hays said, "the National Defense Commission recognizes the fact that a nation that has too many low-income, inadequately housed, fed and clad persons in it

together with those who suffer ill health, cannot be a strong nation in time of peace or war"

### LUCILLE WEAST CHARTER MEMBER OF SORORITY CHAPTER AT CANYON

### Improved Soil Aids Child Health

Observance of Child Health Day every May 1 indicates the nation's interest in the welfare of its future citizens such as this radiant child. This interest is shared by the 6 million farmers cooperating in the AAA farm program. As a contribution to proper nutrition for growing children, these farmers are creating soil conditions which assure an abundance of healthful foods both now and in the future. Application to the land of liming materials and superphosphate, shown in the top picture, is one means of doing this. Such practices mean better pastures, more and better milk from dairy cows, and healthier American children.

### Floyd County Club Women In Large Numbers at Meeting at Amarillo

The annual spring convention of the seventh district, Texas Federation of Women's clubs which convened in Amarillo Tuesday will come to a close today.

Joy McIntosh celebrated her twelfth birthday with a "hobo" party Tuesday of last week at the home of her parents, Mr. and Mrs. B. F. McIntosh. All of the guests came in "hobo" costume and called at the back door. Refreshments consisted of hot dogs and punch served from tin cans. Later a large birthday cake decorated in pink with twelve pink candles was cut and served to the guests.

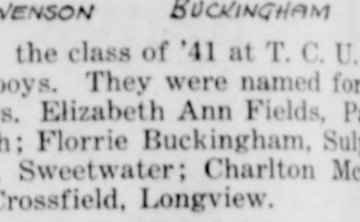

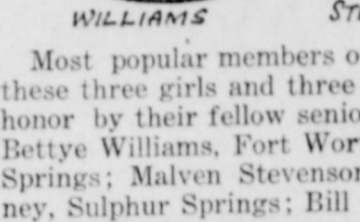

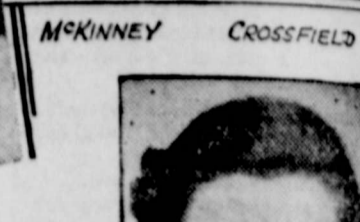

Those attending the party were Venka McCleskey, Majorie Oden, Bobby Jean Stephens, Phyllis Jean Simon, Joyce Juanell Stanley, Emma Cardinal, Oragne Willson, Gloria Ann Shultz, Vonnell Redd, Hope McIntosh, Bonnie Roe McCleskey and Dorman Stanley.

### Honorees At Dinner Given Sunday By Mrs. W. Hollums

Mrs. Walter Hollums entertained with a dinner Sunday in honor of her mother Mrs. J. N. Bartlett, her sister, Mrs. J. F. Colston and her sister-in-law, Mrs. C. E. Bartlett, whose birthdays are in a few days of each other.

Those enjoying the dinner were Mr. and Mrs. J. N. Bartlett, Mr. and Mrs. J. F. Colston, Mr. and Mrs. C. E. Bartlett, Mr. and Mrs. Hubert Bartlett, Mr. and Mrs. Walter Hollums and sons Melvin, Eugene and Don.

### Popular T. C. U. Seniors

Most popular members of the class of '41 at T. C. U. are these three girls and three boys. They were named for the honor by their fellow seniors, Elizabeth Ann Fields, Paris; Betty Williams, Fort Worth; Florrie Buckingham, Sulphur Springs; Malven Stevenson, Sweetwater; Charlton McKinney, Sulphur Springs; Bill Crossfield, Longview.

### Fourteenth District Parents And Teachers Meet Next Year In City Of Anson

At the close of the thirteenth annual meeting of the Fourteenth District, Texas Congress of Parents and Teachers, held at Brownfield Friday and Saturday, Anson was selected as the meeting place for next year's conference.

Mrs. B. F. McIntosh, president-elect of the Andrews Ward Parent-Teacher association, gave the annual report for the local unit which showed an increase of 47 members over last year's enrollment and 100% representation of delegates at the conference.

Attendance records for the district were broken with 429 persons attending, including 259 delegates. Growth in the district for the past year includes the addition of 16 units, three of which come from Floyd county and an increase in membership of 1,272.

Membership of the Texas Congress is now 38,712. Mrs. H. G. Stinnet, Jr., district president of Plainview, was complimented by state officials on the progress of the district during the past year.

Fifteen delegates from Andrews Ward Parent-Teacher association and also representatives from other associations of the county attended the meeting. The Floydada delegation included Mrs. McIntosh, Mrs. Walton Hale, a vice-president of the district, who appeared on the program several times; Supt. Walter Travis, Miss Rita Rhodes, Miss Margaret Stuart, Miss Ruby Norton, Miss Sybil Poteet, Mrs. W. R. Simon, Mrs. W. Stephens, Mrs. Elvin Rainer, Mrs. Cecil Hagood, Mrs. Conner Oden, Mrs. G. L. Kirk, Mrs. Clarence Guffee and Mrs. C. P. Lincoln.

Parent-Education study group graduates were honored on Friday evening, April 25. They were awarded certificates by Dr. W. B. Irvin of Lubbock. Eleven members from the local association were eligible for certificates, six of whom were present for the recognition service.

# Gas Company Franchise Extended

West Texas Gas company's franchise was extended for a period of five years from its expiration date in 1947 to 1952 by the Floydada City council yesterday afternoon. Representatives of the company presented a plan for a two percent tax which the company is voluntarily paying for the rental of streets and alleys of the city.

Members of the council sat in special session for a short time and went over the matter, which was presented by the company's attorney and high ranking officials in this area. The matter had been under consideration for more than two weeks.

Practically all the cities and towns served by the West Texas Gas company have accepted a proposal similar in nature. About \$250 is being paid by the company for the first quarter of the year as a tax here.

A measure is now pending in the legislature which would levy a tax similar to that voluntarily presented by the gas company.

## WET WEATHER INTERFERES WITH ASSESSING JOB IN FLOYD COUNTY

Tax Assessor-Collector Geo. B. Marshall is as anxious as anybody for Floyd county to have a good season for the wheat and for the raw crop planting season, but the rains, muddy roads and cloudy weather generally are slowing him down on the routine of his assessing job for the 1941 tax rolls.

Usually assessing is completed around May 1 but he has quite a few odds and ends to get together before he can call the assessing job finished. Perhaps another 10 days, however, will see the job done if Old Man Weather is kind.

**Truck Registrations**  
Truck registrations under the new Texas registration law were about the same as in former years. Some have registered their trucks while others have not. Some truck owners have taken the load limit while others are taking a smaller load limit, it was said at the collector's office yesterday.

## Plenty Of New Cars Promised By Ford To Dealers

Cheering news for Bishop Motor company was received yesterday in Floydada when the Ford Motor company announced that its strike troubles in the assembly branches had been settled amicably and that plenty of new cars and trucks are promised dealers.

"Assembly plants that have been closed on account of strikes have now re-opened," said Mr. Bishop Wednesday. "And we do not look for any further trouble from this source. All the differences between the company and the employees have been settled, we are told, and we are sure we will have an ample supply of new cars and trucks for all our needs."

Ford officials are responsible for the statement that new car and truck deliveries will be ample.

## More Men, More Rifles Need Of T. H. D.

More men and more rifles are needed. That is about the way the situation of the Texas Home Defense unit in Floydada can be summed up.

The Tuesday night meeting of the guard revealed that less than 20 rifles have been made available for the company and considerable recruiting must be done before full strength of the unit is restored in Dr. D. H. Pitts, captain of the unit, and his men have been hoping that a platoon of rifle-equipped men could be put into the line of march along with the remainder of the company when the pioneers hold their re-union parade on May 28th. There are a number of rifles, they feel sure, which could be turned in and accepted for that would help out a great deal in their plans for a good showing this spring.

Pilfering of cars of the members Tuesday night of last week was not repeated to any marked extent Tuesday night. Last week several cars were ransacked.

Miss Wilmina Salisbury, daughter of Mr. and Mrs. T. W. Salisbury, has recently entered Draughton's Business college at Lubbock for a complete stenographic course.

Miss Lila Hennessee of Lubbock visited her parents, Mr. and Mrs. V. W. Hennessee, over the week-end.

## Hospital Notes

Born to Mr. and Mrs. Bill Martin, a daughter, Wednesday morning.

Born to Mr. and Mrs. Billy Tye, a daughter, Sunday afternoon. The baby has been named Juanita Jane.

Mrs. Mattie Custer, mother of Mrs. W. L. Bloodworth, who has been ill for three weeks, is believed to be improved.

Jack Loran, son of Mr. and Mrs. Terrell Loran, had three stitches in his forehead Friday to close a wound caused by an accident while he was playing.

Garnett Ezell was dismissed from the hospital Saturday after undergoing medical treatment for two days.

Will Walker was dismissed from the hospital Tuesday after undergoing medical treatment for two days.

Emmett Scott of Lockney entered the hospital Wednesday for treatment.

Joe Fortenberry, who resides 17 miles northeast of town, was bitten by a dog last week when he attempted to pull fighting dogs apart. Ten stitches were taken on his lip. He received treatment at the Floydada hospital.

Mrs. Edgar Moreland was dismissed from the hospital last week following an appendicitis operation.

Henry Edwards received treatment the past week for an eye injury caused when a horse kicked him.

Cecil VanHoose, small son of Mr. and Mrs. John D. VanHoose, was slightly injured recently when he was hit by a passing automobile.

Mrs. Holland Patton had her tonsils removed at the hospital Wednesday morning of last week. She was dismissed Thursday morning.

J. M. Pierce underwent an appendicitis operation Wednesday of last week at the Floydada hospital and clinic.

**Jersey Authority Visitor Here Over Sunday**  
Joe Ridgeway of Fort Worth and El Paso was a visitor in Floydada over Sunday, the guest of Mr. and Mrs. W. B. Henry.

Mr. Ridgeway, a Jersey authority, was looking at Floyd county herds, with a view of purchase for clients in this state.

Mr. and Mrs. Tucker Teutsch left Wednesday for a two weeks vacation trip to New Orleans, Louisiana, Mobile, Alabama and points in Mississippi.

Mrs. J. H. Myers is recuperating this week from an attack of strep throat.

## R. F. Stovall Delegate To District, Natl. Rotary Meets

Richard F. Stovall, incoming president of the Floydada Rotary club, Wednesday was named delegate from the club to the district conference on May 11-12-13 delegate to the international convention in June.

The club's program was presented by J. C. Wester, and was given by members of the 1934 Study club of Floydada. Appearing on the program were Emma Louise Smith and Carolyn Weston, the former in a reading and Miss Wester as a piano soloist.

J. C. Grimes, district executive of the Boy Scouts, Miss Euden and Miss Maurine Hoyle were guests.

## Asks For Continued C. Of C. Support

In a letter issued this week at the suggestion of his executive committee, J. C. Wester, president of the Floydada Chamber of Commerce urged the continued moral and financial support of members for the organization.

Most recent undertaking of the Chamber of commerce was the financing of the Junior Live Stock show, which was staged early in the month by agriculture leaders of the county. All bills are paid, Mr. Wester reported.

Right now the organization has made plans to have an entry in the Home Town speaker contest of the W. T. C. of C., and a beauty at the dairy show in Plainview.

## Returned From Gainesville Man Is Charged Here With Theft Of Car

Sheriff Fred N. Clark and Deputy Walter Hollums returned home Saturday noon from Gainesville where they went to return with a man charged with automobile theft in Floyd county last October. It is charged that the man stole a car belonging to Carrick Snodgrass.

The auto theft indictment returned by the Floyd county grand jury is in addition to a drunk driving charge also outstanding, local officers said.

The man, Newton Hill Jones, 32, has admitted his guilt, Deputy Hollums said. He is said to be on parole now on a burglary charge.

## Mrs. L. T. Bishop Hostess To Tuesday Afternoon Club

Mrs. L. T. Bishop was hostess to the Tuesday Afternoon Bridge club Tuesday afternoon of last week. Bouquets of spring flowers were used to decorate the reception rooms. Mrs. R. B. Rosson scored high in the games. Mrs. G. L. Kirk played a guest hand.

Members playing were Mrs. J. A. Arwine, Mrs. Richard Stovall, Mrs. W. L. Fry, Mrs. R. B. Rosson, Mrs. A. B. Keim, Mrs. C. L. Minor and Mrs. Jno. Reagan.

## District Court Sessions In Briscoe County

Two weeks hence District court for Floyd county will open. Meanwhile District Judge Alton B. Chapman and Court Reporter Richard F. Stovall are busy in sessions in Briscoe county. Cattle theft cases occupied the time of the court the first of this week in that county.

## Gin Company Re-Elects Officers For Year

Members of the Farmers Co-operative Gin company Tuesday re-elected the same officers and directors to serve them as for last year.

R. B. Gary, whose term expired this month, was re-chosen as a member of the board of directors at large. Holdover members of the board include Roy Fawver president, G. L. Snodgrass vice-president, A. A. Tubbs secretary, and A. H. Matthews.

## Mrs. R. M. McCauley Hostess At Luncheon

Mrs. R. M. McCauley was hostess at a luncheon Tuesday of last week for several friends. Conversation and needle work furnished diversion for the afternoon.

Guests were Mrs. Lula Slaughter, Mrs. Lillie Britton, Mrs. Will Walker, Mrs. Dan Shipley and Mrs. Ella Johnson.

## Sunbeams Meeting

Sunbeams of the First Baptist church met Monday afternoon for their regular meeting. Mrs. T. T. Hamilton, leader, gave a story, "A Little Italian Story." Miss Lorde Mae Glenn played the piano while the children sang. Thirteen members answered to the roll call.

The next meeting will be held at the church Monday at 3 p. m.

Mrs. E. L. Angus returned to her home yesterday afternoon from the St. Mary's hospital at Lubbock where she has been the past two weeks receiving treatment.

Mrs. Piora Shepherd is now with Hagood Dry Goods as saleslady in the piece goods department. Mr. Hagood announced this week.

## Want Floydada Place To Be Proud Of

Seniors, Juniors, Sophomores, Freshmen Put Their Thoughts On Paper

What are the youngsters in Floydada and the country surrounding thinking of their home-town? What are their aspirations for it? Do you want to know? Then read these prize-winning essays high school students have written. They represent the best in each of four classes in the judgment of the teachers in Floydada High school. The essays afford inspiration for those who aspire for their community to the cleanest, the most attractive in Texas.

The girls whose essays appear below were guests of Floydada Rotary club last Wednesday at luncheon and each was awarded a prize in cash for her effort in putting her viewpoint on paper. (There were a number of boys in the contests but not one achieved a first place). **Why Should I Be Interested In A Clean-Up Campaign For Floydada?**

(By Virginia Rafferty, Senior)  
Civic pride should be the property of every American citizen. It is something to be proud of. If you have civic pride, you are interested in a clean-up campaign for our city, Floydada. I am interested in one very much. Trees, green lawns, beautiful flowers, good, smooth roads, and clean alleys goes into making a town pretty. Dirty alleys chalked with weeds, cluttered up with tin cans and rubbish, and smelly garbage cans can mar the beauty of the most beautiful city in the country. I think that everyone in Floydada is intensely interested in a good clean-up campaign.

I want Floydada to be such a beautiful place that travelers passing through will want to stay here. Visitors and guests who admire our city will come again and bring others with them, if it is clean they will. I want these visitors to talk about the beauty and cleanliness of our town. If we have civic pride, we will delight in hearing compliments on our homes.

I am interested in decreasing the fire damages and losses. Thousands of dollars are lost every year through fire. There is an old axiom that says "a clean house seldom burns." We need to clean our homes and town up. "A penny saved is a penny earned" is a favorite saying of many people. Why can't we put it into practice? Let us cut down on these fire losses and earn money.

Let us get our brooms, mops, paint brushes, hammers, rakes, hoes and spades to have a little battle with 'dirt and disorder.' We can make our clean-up campaign a thrilling story of accomplishments and of civic pride converted into a priceless tangible asset.

Not only I but also every citizen of Floydada should be and are interested in a clean-up campaign for our home. We should be proud of cleaning up and making our city a better place to live in.

**What A Clean Town Means To Me As A Citizen Of Floydada?**

(By Floy Jean Hale, Junior)  
Everyone agrees and understands what it means to be a citizen in a small town in America. The equal opportunities and rights of individuality give one a sense of national pride. One can likewise have civic pride, instituted in the appreciation of one's surroundings. If the surroundings are not such as to insure civic pride, there is something missed in the character training of every individual. I want for myself, as well as for my associates, a surrounding which will develop this pride. The first essential of this surrounding is that it be clean. The cleanliness of any town, makes for attractiveness, and attractiveness, for itself alone, is enough to inspire civic pride. Cleanliness should cover vacant lots, alleys, streets, etc.; besides the houses and yards of individuals. Any one lot that is not attractive can ruin the effect of a beautiful town; therefore let us consider carefully the effectiveness of a clean-up campaign in regard to civic pride.

A clean town means one thing that perhaps no one has fully realized. It means to every citizen of Floydada a protection from disease, and a guard of good health. Then, whether we realize it or not, a clean town is essential for public safety. We should not take this too lightly; for good health is one of the most priceless possessions anyone can have, and when we realize that sanitation, through cleanliness, can protect it, that makes it worth all the more to us. If a clean town can mean that much to any one person alone, what could it mean to the entire populace of Floydada?

**Is A Clean-Up Campaign Really Worth-While?**

(By Ruth Hamilton, Sophomore)  
To me, cleanliness is one of the most important habits one should practice in life. Cleanliness should not only be practiced in well grooming of the body but also in our daily surroundings.

A clean-up campaign will really be worth-while if the citizens of Floydada will co-operate. The citizens should do all of the cleaning around their homes that is at all possible. The alleys as well as the fronts should be clean. All of the trash should be burned. The weeds that are beginning to come up should be cut and destroyed.

In the business section of town the streets should be well swept, and the papers should not be allowed to collect in them. The citizens of Floydada should have enough pride and be thoughtful enough not to carelessly throw papers in the streets. If the citizens would be more thoughtful, I am sure our streets would be cleaner.

After the things have been thoroughly cleaned, the citizens should do all they can to further improve appearances. Flowers, trees, shrubs and grass greatly improve the appearance of a home. Almost anyone can plant flowers and have good luck with them. After the flowers begin to bloom the people who planted them will be much encouraged and very happy they planted them. The flowers will either be beautiful in the beds or in bouquets.

After the citizens have done all they can to improve the looks of their homes, the city should do all it can, such as building parks, and putting out more trees on the sides and center of the streets. After the city has been so kind as to help the citizens, the citizens should in turn help the city by not damaging public property. Yes, a real clean-

### VISITING HOME MAKER GIVE FINE POINTS OF JELLY-MAKING

The Campbell-Fairview Home Demonstration club met recently at the home of Mrs. S. L. Rushing with the president in charge. Three visitors and seven members answered the roll call by giving "An Essential of a Good Home." Mrs. M. J. McNeill won in the game directed by Mrs. E. B. Chesnut which was "Making the Table Talk." After the minutes were read and a short business session was held, Mrs. M. J. McNeill gave a discussion on "Farm Credit." A jelly demonstration was given by Mrs. A. H. Kreis, of the Dougherty club, as a special feature. She demonstrated on plum, grape, and loganberry juices. Mrs. Kreis said that each utensil should be rinsed to remove any dust that might be in the pan and cause the jelly not to be transparent. Also the juice should be strained through a flannel cloth. Overcooking the jelly often causes it to make a syrup. Mrs. Kreis said a good jelly would hold its shape, be transparent, cut easily and have a definite flavor. The club presented Mrs. Kreis with a small token of appreciation for her help and suggestions.

A delicious refreshment plate was served to Mrs. A. H. Kreis, Mrs. C. B. Lyles, Mrs. E. C. Hayden, Mrs. W. H. Bethel, Mrs. E. B. Chesnut, Miss Larue Williams, Mrs. Lee Rushing, Mrs. M. J. McNeill and the hostess, Mrs. S. L. Rushing and her granddaughter from Los Angeles, was a guest.

up campaign would really be worth-while.

**Why I Am Interested In Making Floydada A Cleaner Town**

(By Arla Vee Bishop, Freshman)  
To have a clean city—that's one thing that any person would like to have. No matter whether he lives in a large city or a small town he still wants to be able to go to town, or anywhere, and have a clean looking background when he is walking down the street.

I think everybody should be interested in having a clean city. But a city can't be kept clean unless everybody will co-operate with each other. Take interest in the looks of your city!

When people are traveling through a town, the first thing they notice is the looks of the town, whether it is kept clean or not.

By keeping a town clean I mean, if one is eating his lunch, be sure and throw the wrapper in the garbage can. It would be just as easy to do that as to throw it on the street. People will notice whether one is careless about things like this or not. Check up on yourself! Help your town, and in turn the town will help you. If you try your best to make Floydada a better town to live in, in turn it will help you. If you are a business man or if you own some corporation, the looks of the city will bring more people to the town and therefore help you. You will be proud of your town then, and you will know that you helped make it that way. Already Floydada is one of the cleanest towns in Texas. Would you want it one of the cleanest towns or the cleanest town in Texas? Strive harder for the looks of Floydada!

### MRS. GLASSMOYER HOSTESS FOR DOUGHERTY CLUB

Mrs. Ott Glassmoyer was hostess to the Dougherty Home Demonstration club Wednesday, April 16. The president, Mrs. Orland Howard, called the house to order and roll call was answered with "An Essential of a Good Home."

Mrs. Howard and Mrs. E. C. Caldwell gave an interesting talk on "Farm Credit." During the recreational period, Mrs. E. C. Caldwell and Mrs. J. T. Poole were presented gifts. Mrs. Tate Jones won the attendance prize. Lovely refreshment plates with favors of shells filled with mints were served to Mrs. C. A. Caffee, Mrs. R. T. Jones, Mrs. J. T. Poole, Mrs. Claude Ring, Mrs. James Wise, Mrs. A. H. Kreis, Mrs. R. H. Crawford, Mrs. Bill Norman, Mrs. C. E. Bartlett, Mrs. J. E. Newton, Mrs. Chester Ray, Mrs. E. C. Caldwell, Mrs. Orland Howard, and the hostess, Mrs. Glassmoyer.

Mrs. Sam Lide will be host at the next meeting, Wednesday, May 7, at her home.

### MOST FARM FAMILIES USE SOME FORM OF SHORT TERM CREDIT

"Studies show that from 60 to 80 per cent of farm families in the U. S. use some form of short term credit each year." Mrs. J. D. Eaves told members of the Homebuilders club in her discussion on farm credit when they met in the home of Mrs. C. W. Denison Friday.

"Many families find that by using credit they can increase their net income and raise their level of living. There are two general sources from which the farm family may obtain credit. One is from the merchant or dealer that sells the goods or buys its products. The other is specialized lending institutions such as a bank or production credit association. In addition to these sources individuals sometimes provide credit," Mrs. Eaves said.

# Every Farm Individual Problem

No One Remedy For All Soil Saving Needs, Nelson Says

Complete conservation plans covering approximately 12,100 acres of farm land in Floyd county district have been developed since the district began operations in October, 1940. W. H. Nelson, chairman of the board of supervisors reported today.

Developing a complete conservation plan is the first step in bringing about actual conservation on the land. Mr. Nelson pointed out. Soil Conservation service technicians assigned to the district assist farmers in working out their farm plans, he explained.

"Erosion cannot be controlled by any one remedy," Mr. Nelson continued. "The purpose of conservation planning is to develop a plan for the farm as a whole, instead of trying to match up the erosion scars here and there on the separate fields that make up the farm."

Before making a conservation plan, an inventory is made of the soil type, steepness of slope, degree and extent of erosion, and existing land use on every portion of the farm. With this information indicated on a map of the farm, the farmer and the conservation technician go over the farm field by field working out land use changes and erosion control practices to hold the soil and provide a well rounded program for the farm.

Mr. and Mrs. Jim Shurbet and Mrs. Bob Smith returned Friday from a trip to Denver, Colorado. While there Mrs. Smith visited her daughters, Mrs. C. P. Webber, and Mr. Webber and Worth Shipley a student in Denver university.

## A Rusty Rattle Snake (One At Least) Is 1.8 Varas Long

County Surveyor And Crew Render Decision Under Present Status of State

How long is a rattle snake? And how long would he be if he had a button or a set of chin whiskers? Under the present Texas law a snake would be one and 8-tenths varas long without chin or caudal adornment or with either of these he would measure five feet.

This is County Surveyor W. D. Newell's word for it. Dillard Scott and Scott Bolton, chain carriers on a recent land measuring expedition into the northeast part of the county, will sign the certificate. The vara has not always been 33.333 inches long by law but that is according to the present statute, said Surveyor Newell. And a snake one and 8-tenths varas long is 59.9994 inches long in 1941. The chin whiskers would make the additional length needed for a button on 12 rattles the snake carried would have certainly been ample to measure the other six 10-thousandths needed for five feet length measurement. The crew jumped the rattle while chaining across country. He was not a diamond back but just a common old rusty rattler. When they finished slaying the specimen the only measuring device they had was the chain marked in varas.

## Geo. W. Keeling Dated To Speak In Floyd Sat. Afternoon

Geo. W. Keeling, of Amarillo, general secretary of the Texas Voters' league will speak in Floydada Saturday afternoon, according to announcement made this week by T. G. Black.

Claim that he will present some startling matters not mentioned in the press as to state affairs is made in Mr. Keeling's acceptance of the speaking date here. Monopoly control of legislation in Texas, state's rights and different phases of the pension question are among other things the speaker will discuss. "I will tell what you don't see in the papers," he declares.

Keeling this week is down-state, where he is filling speaking dates in Dallas, Waco, Eastland, Baird and DeLeon, but will be here without fail, he promised Mr. Black.

## Center News

CENTER, April 29. — We had pretty good rains Saturday, Sunday and the first of the week. It all fell so slow that none was lost by running off the ground. A little less than an inch fell during the spell.

Friday night will be the last meeting of the Dramatic club for this season. Come if the weather will permit. The date is May 2.

## SENATOR CONNALLY TELLS LEGION POST CONGRESS STUDYING STRIKES

Senator Tom Connally, in a letter last week-end acknowledging copy of a recent resolution adopted by McDermott Post, American Legion, relative to strikes in industrial plants producing defense materials, pointed out that recently an amendment to the Selective Service act, had been offered by himself which would aid materially in reducing the loss of production from this source.

This amendment would provide that the Secretary of War or the Secretary of the navy may take over and operate such plants for the period of the emergency only and purely in the public interest.

"There are a number of proposals now pending relative to the strike situation and I expect to vote for the most favorable and most practical one," Senator Connally said, in referring to the matter in his letter answering Post Adjutant J. B. Turner.

## 527 Appeals From Classification In Whole State

### Right To Appeal From Local Board Pointed Out In Statement

Of 527 appeals made from classifications of local boards in the State of Texas, one has gone up from Floyd county.

The local board last week had classified 584 registrants whose questionnaires have been returned. The one appeal which went up to the Board of Appeals was acted upon in favor of the local board's classification.

In a statement issued last week, General J. Watt Page, State Director for Selective service, declared it an important matter that any registrant, or his dependents or others interested in his welfare should have full information concerning his right to appeal a classification.

"There is an obligation," he said, "upon all members of the Selective Service System who come in contact with the registrant to make certain that he understands, not alone that he has the privilege of appeal, but also when he must do it and how he must do it. We cannot afford to permit registrants who want to appeal to lose their opportunity simply because they do not understand the what, when and how of so doing. While we do not want the appeal machinery clogged up with claims of those who merely seek to delay their induction, it is equally important that no registrant be inducted until he has had ample opportunity to exercise all his legal rights."

The information needed by a registrant for obtaining a review of his classification may be obtained from consulting his local board, government appeal agent, or advisory board for registrants.

## W. S. Moss Rites Sunday Afternoon At Baptist Church

Funeral rites for William Samuel Moss, 67 years old, were held Sunday afternoon at 2:30 o'clock at the First Baptist church, with Rev. Vernon Shaw, pastor of the church officiating, assisted by Rev. R. A. Renfer, pastor of the Cumberland Presbyterian church. Services at the church were concluded with brief rites by the I. O. O. F. lodge.

Mr. Moss died Saturday morning at 10:30 o'clock after an illness of two weeks. He had been a resident of Floyd county for the past eleven years, coming here from Mansfield. He was born May 10, 1873, at Grand Saline.

Palbearers were George Sherrill, Lewis Norman, J. B. Claiborne, Lorraine Britton, A. B. Clark and Virgle Shaw.

The only surviving relative is his wife, Mrs. Julia Adams Moss, who resides at 320 South 5th street.

Interment was made in the Floydada cemetery under the direction of Harmon Undertaking company.

### OUR CEMETERY

In another part of this paper you may see an announcement of a called meeting of the Floydada Cemetery association. We would like to have a good attendance and get started to doing things.

With the proper financial support and management we can make our cemetery a beautiful place, a place that you will enjoy spending hours.

Please mark the time and be on hand, Tuesday, May 6, county court room at 3 o'clock.

F. C. Harmon.

Mr. and Mrs. Troye Pope and daughter LaNell, came today to spend the week-end with Mr. Pope's parents, Mr. and Mrs. H. O. Pope.

Mrs. W. M. Colville spent the week end in Hale Center with her son Bill Colville and family.

# Class Follies Will Begin Friday Night

## Sophomores And Freshmen Set For Contest

The Sophomore and Freshmen Follies will be held Friday night, May 2, at the high school auditorium. The freshmen play is "Call Sector" by Vernale Powers. The characters are of Irene Wisdom, Barton Parish, Claudine Redd, Jack Martin and D. I. Bolding.

The sophomore play is "The Pampered Darling." The characters are Gene Collins, Harold Sparks, Frances Kelm, Dorothy Tye, Joyce Ward, Jim Bob Rafferty, Charles Dudley and Mary Helen Mickey.

The Junior and Senior Follies will be given Friday evening, May 9. The seniors will give "Child Wonder," a comedy.

The juniors will present "Everything Off," a comedy farce. The characters will be announced later. The admission for both programs is ten and twenty-five cents. All proceeds will go to the senior class for their project.

Everybody is urged to attend these choice plays, because these classes will furnish good entertainment. Each person gets the privilege of voting for his favorite class or choice performance by keeping the stubs of his ticket, which he drops into the proper ballot box.

## Pioneers At Assembly

Mrs. A. B. Duncan, pioneer of Floyd county, S. B. McCleskey, former sheriff, with 13 ward students, presented an interesting Southern program Wednesday in the high school auditorium.

Norman Goen, announcer, opened the program with the student body singing "Texas Our Texas," led by Miss Caldwell, Ward school teacher.

Johnny Hammonds was the caller for and old fashioned square dance, while Stephen F. Austin (L. W. Bridges) looked happily on. Eight ward school students performed in a perfect dance.

Orby Tye McCleskey and Joy Lambert, (two little pickaninnies) sang "Shortnin' Bread."

Mrs. A. B. Duncan gave an interesting talk on "First Days in Floyd County."

Mr. McCleskey told of the days when Floyd County had plenty of rain.

## Prom High Lights Jr.-Sr. Banquet

Floydada Chapter of the Future Farmers is busy closing out projects that have been completed up to date. Entries are being made and records checked to see that all projects are brought up to date for the close of school.

The chapter is making plans to caponize some cockerels as a class demonstration to encourage the production of capons for holiday feasts.

A few boys have selected projects for the next year. The entire chapter is planning for better projects next year.

Jimmie Smythe, son of Mr. and Mrs. O. Z. Smythe, of Lakeview community, won first place in the F. F. A. news writing contest held at Hale Center Wednesday evening, April 23.

The chapters of the Plainview district F. F. A. were eligible. Those entering were Cotton Center, Hale Center and Floydada.

## Seniors Of '42 Select Their Class Rings

The seniors of 1942 have selected their class rings which are to be delivered about the first of September.

The rings were selected by a committee of five who were elected by the junior class. The members of the committee were Floy Jean Hale, Mershell Hinson, Dorothy Ann Dooley and Randolph Rutledge.

Measurements for the rings will be taken by the Solomon Jewelry company. Those who pay their dollar payment before school is out will receive the choice of a necklace, belt buckle, tie pin or bracelet with the emblem on it.

## Track Team To Austin Thursday

The relay track team leaves Thursday for Austin where it will participate in the State Meet, Friday and Saturday.

The boys who will run in this event are Gordon Patterson, Joe Shultz, Bruce Foster, and Arthur Womack. Doyle Walls will go as alternate.

Coach Odell Winter will accompany the boys.

## Home Making Girls Hold Style Show

The Homemaking girls had their style show Friday morning at 9:45 in the clothing department of Floydada High school. The girls modeled the dresses which they had made in their clothing courses. The purpose of the style show was to determine which ones would represent these classes at the state rally held at San Antonio.

The third year girls modeled dress-up dresses. Mary Helen Day placed first in this class, and La Ferne Eubanks second.

The second year clothing class modeled tailored general wear. Topsy Dudley placed first; Eugene Martin second, and LaJuana Leibfried third.

The first year group modeled school dresses. Mary Frances Jones won first, Frances Ruth Garrett second and Roberta Medien third.

The dresses were judged according to the price of the dress, the suitability to occasion for which it was made, the neatness and suitability to individual and the construction of the garment.

The judges were Homemaking teachers—Miss Roberta Steele from Plainview, Miss Katherine Davis from Cotton Center, Miss Masten from Hale Center was unable to come.

After the judging of the dresses, Miss Wren and the judges had refreshments in the clothing department.

Intra-Mural Football Scheduled Wednesday

The boys who came out for spring training will have a well matched game Wednesday afternoon. The boys who are out for training will be divided into green and white teams with Fawver captain of the green and Rushing captain of the white.

Coach Winter said his team is pretty small and green, but that they are a scrapping bunch of boys.

## Future Home Makers Take Off For Rally at San Antonio

Four students left Wednesday, April 30, to attend the Future Homemakers of Texas Rally April 30 to May 3rd at San Antonio, Texas. The home economics teachers, Misses Wren and Hall took the girls.

Mary Francis Jones is the representative of the first year work. She will model a print dress.

Topsy Dudley will model a silk dress representing the second year work.

Mary Helen Day was selected to model a dress for the third year work.

All three girls will enter a foods contest.

Louise Willson will represent the club as a club delegate.

These girls will enter the contest of Class A schools. A year book was entered earlier and will receive classification.

The group left at 4 o'clock Wednesday morning for Lubbock where they were to meet Miss Steele from Plainview and her girls. Also they were to meet Miss Davies and her girls from Cotton Center.

The group will stay together while attending the rally. Besides entering the contest the group plans to take sight-seeing trips.

They planned to visit Randolph field, Brackenridge Park, Spanish Governor's mansion, Buck Horn Saloon, the Alamo and the Old Mission. They will return by Austin to see the State capital.

FORMER TEACHERS ATTEND BANQUET AND PROM

Miss Eunice Howell, of Dallas, came Saturday night to attend the Junior and Senior banquet and prom.

Miss Howell is a former foreign language and English teacher of Floydada High school. She is now employed as secretary to the vice-president of the Carbon Bisulphal company of Dallas.

She returned to Dallas immediately after the banquet and prom.

JUDGES AT PLAINVIEW

Miss Lois Howell, Home Ec teacher, judged a dress contest at Plainview High school Thursday afternoon and another contest at Matarador Friday.

The second and third year clothing classes entered the contest. The winners will represent their schools at the state rally at San Antonio.

## Girls Thrill When Dillon Passes By

Signs of spring are here. At noon the front walk is covered with them. The old box has quite a collection.

Imogene Woody is one who does not use the front walk but travels further in a blue Chevrolet.

Every time Dillon Patterson walks out the door you see three pairs of deminished eyes follow him, and three hearts miss a beat. We don't need to guess who they are.

Who made the suggestion that the ideal boy of Floydada high isn't here yet? Maybe they need glasses.

David, who did you send a post card to when you were in Mexico?

At the banquet, who was the person that remarked—"Ain't she cute?"—when Dorothy Ann said her speech. Watch out Dorothy Ann, or you might not be able to overlook this boy friend.

Robert, how could a car full of stags be interesting when all those nice little girls were at the banquet?

My, how these reporters stay on the job. Every one you meet has a piece of yellow paper in his hand.

Why is geometry class so popular with Katherine?

Bruce, we wonder why you were so anxious to leave the prom. At least, we were asked to wonder.

Seems like the mumps really get you down, don't they Floriene?

You ought to hear these girls talk about these smooth dancers. A hint to the wise ought to be sufficient.

Odene who was that little black headed boy you picked up after the banquet?

Didn't the lady teachers look pretty at the banquet? Quite a change from school.

LAND

We have land to Sell and to Lease for Farming, Stock-Farming and Grazing purposes, and about 80 acres up, in Floyd, Briscoe, Hall, Motley and other counties. Also large list of Lots in Floydada.

W. M. Massie & Bro.  
Floydada, Texas

On Saturday night, April 26, 1941, the upper classmen of Floydada High school enjoyed a privilege never before granted in the history of Floydada High school. That is, the students were allowed a prom after the annual Junior-Senior banquet.

Daintily holding their skirts off the wet sidewalk, the girls dashed from the cars to the gymnasium at Andrews Ward. The boys at their sides worried about the mud ruining their fresh shines. So it was, that the gym was slowly filled with bright groups of happy students, in spite of the unpleasant weather. Mingled with the junior hosts and their senior guests could be seen teachers and members of the school board.

At approximately 8 the students and guests filed into the beautifully decorated gym where they were seated in accordance with the place cards. The patriotic red, white, and blue dominated the color scheme. Tables were arranged to form an airplane, complete with propeller, rudder and tail.

On the place cards were small silver hangars with jaunty flags atop. Souvenir airplanes at each plate further carried out the flight theme. The tables were lighted by red, white and blue candles in cedar holders. A United States flag was hung in front of the airplane.

Randolph Rutledge, president of the junior class, opened the ceremonies with a welcome to the seniors. A response was offered by E. L. Tyler, president of the senior class. Bennie Crawford paid a tribute to the ground crew, or the teachers, for their help and encouragement. Helen Ring honored the hangar, or school, for its part in the student's education. A nickelodeon, rented for the prom, furnished music during the banquet.

Menu Confusing To Some

The menu proved to be a little confusing to some for such things as lube oil, gasoline, tracer bullets, pilot in the cockpit, wings, and ailerons were on the menu. The meal, however, proved to be a delicious

one in spite of the peculiar names applied to the dishes.

Immediately after the banquet, the program was continued: Clarinet, solo by Randolph Rutledge; reading by Dorothy Ann Dooley; violin solo by James Wester; vocal selection by Jane Campbell, Martha Yearwood and Frances Field. Walter Travis, high school superintendent, gave a short address entitled "Three Point Landing."

While the girls powdered their noses, the boys pushed back the tables and chairs and made ready for the dance. The students were allowed to dance for about two hours to the music of the nickelodeon.

You have all heard of the Scotchman who wouldn't buy his girl a parasol when he took her to the beach, but told her shady stories instead.

own crop, provided he produced sufficient seed from said purchase to plant his 1941 crop.

c. That every grower going into this program must purchase sufficient seed from recognized or approved cotton seed breeder in 1941 and each succeeding year thereafter to plant a seed block sufficient to insure him a supply for his entire crop for the next year.

d. That any producer will be permitted to purchase from another grower second year planting seed for planting his 1941 crop, provided he has complied with the preceding paragraphs, and it will be the responsibility of this grower to establish his eligibility with his local organization.

e. That no producer will be permitted to participate in the program for 1941 unless his entire cotton acreage is planted to Paymaster or Jennings cotton.  
f. That each community board of directors accepts the responsibility of certifying to the eligibility of the co-operating farmers in their communities.

4. We respectfully suggest that the U. S. Department of Agriculture Chemistry and Engineering establish, if possible, a ginning laboratory in West Texas, similar to the Laboratory at Stoneville, Mississippi, to assist this territory in solving ginning problems. This request is made for the reason that our conditions in this high and dry climate are entirely different from the conditions in the humid areas. Static is our main problem.

5. We further request the cooperation of the Texas Agriculture Extension Service in sending competent men to our area to work with our ginners in improving ginning service and operating methods.

6. We recommend the continuation of the press box samples as this method was favorably accepted by both producer and ginner for the past season.

7. We recommend the use of cotton bagging, if and when possible.

8. We favor the continuation of the net weight trading and recommend that this be retained in the program for 1941.

9. a. Cotton classification by the Government classer has been highly satisfactory and we recommend that the local classing service be continued.

b. We suggest that split grades be recognized by the classing service due to the fact that the cotton trade recognizes the split grade and buys the cotton accordingly.

10. We favor the continuation of the Agriculture Marketing Service price quotation and market information as provided in the program this year.

11. We approve the methods used for tagging the one variety cotton, and the price information which was calculated by shipper or authorized agent on Form MD-4 copies of such bale tags.

12. In order to promote competition in the purchase of this cotton, we suggest that two or more buying firms be given opportunity purchase this cotton, provided we produce a sufficient volume.

13. We recommend that the bale weight remain the same as 1940 (400 to 565 pounds net weight.)

14. We recommend that the same regulations be required on compressing the one variety cotton

that were in effect in 1940.

15. We recommend that the shipper be required to concentrate cotton in even running lots before being offered to mills or export market.

16. Community and Area Organization  
a. That each community association will elect its president, vice president, and secretary-treasurer, and that each community organization will furnish one representative for the area organization.

b. That the area organization shall be made up of one representative from each community organization and the area organization shall consist of a president, vice-president, secretary-treasurer, and an executive committee composed of seven members.

Clean Up Proclamation  
The clean-up proclamation issued last week by Mayor W. U. White pointed to the fact that cleaner brighter communities are conducive to better citizenship and greater civic pride and that such communities are better places in which to rear children.

He urged that nothing be left undone to make Floydada a city of clean premises, attractive homes, attractive streets and clean alleys.

"filth and accumulation of rubbish and trash are inexcusable," he declared.

Thorough co-operation between city officials and local civic bodies is evident in the plans. While the fanfare of previous clean up campaigns will not be in evidence the spirit of the week is none-the-less evident.

City clean-up trucks are being made ready and will be manned to aid the residents of the city the latter part of the week.

## Court House Too Warm For Relief Apples And Potatoes

The Floyd county court house is too warm a place for apples and potatoes that are distributed to persons on the Floyd county relief rolls, and the county is going to have to find some place that more nearly meets the requirements of the Commodity Distribution agency of the federal government, it was indicated yesterday by County Judge G. C. Tubbs.

The commodity room in the court house has been used for the past two years, and some 40 thousand pounds of commodities distributed through it monthly to relief clients residents in all parts of the county. Some twenty commodities are dis-

tributed. Judge Tubbs indicated that so the a suitable location for the commodity office has not been found. What will be done about it was still a question in the minds of members of the court late Wednesday.

## Annual Dairy—

Ochiltree County farm agent, is superintendent of this department of the Show.

In connection with the various educational features of the exposition, entertainment attractions will also have a prominent place in the program. The annual pageant and coronation of the queen will be held on Tuesday evening at the Plaza-view City Auditorium, and more than fifty princesses, their maids of honor and their escorts have already indicated that they will be on hand to participate.

Dances, with Joe Buzze's Orchestra playing, are scheduled for Tuesday, Thursday and Friday nights at the Hilton Ballroom, and dance plays, put on by home demonstration groups, will be presented on Wednesday night at the judges arena.

The members of the Dairy Show Association will hold their annual banquet and business meeting on Wednesday, at 6:30 o'clock, and scheduled their annual meeting for Friday evening, at 6 o'clock.
