FLOYDADA, FLOYD COUNTY, TEXAS, THURSDAY, JUNE 12, 1941

NUMBER 18

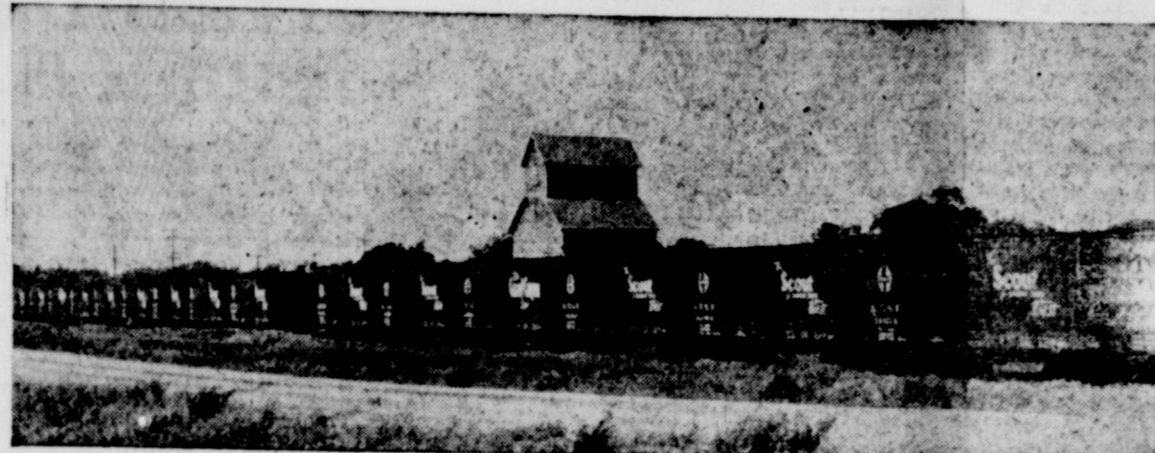

Continued Rains Pile Up More Damage

Floods Wash North, West Co. Areas

May buffeting of the high plains by rain has been continued into the first 10 days of June, bringing to some sections of the country Sunday and Monday even greater punishment than in the earlier month.

In the west and northern portions of the county where the rains had been lighter than in other sections, Sunday night brought rains of flood proportions, totalling 5.55 inches or more at South Plains. Barwise, Sand Hill Aiken and Providence reported rains of equally torrential proportions. At Floydada the Sunday night rain measured 7-tenths of an inch and other south and south-east communities reported about equal fall, with heavier rains across the line of Crosby and Dickens and heavy rain and some hail reported in the vicinity of Hillcrest and Fairview. Triple A committee from the north part of the county, including Paul Snodgrass, chairman, of South Plains, could not reach

NEW CARS AWAIT WHEAT HARVEST

Twenty days ago railroads serving Floyd county began pouring grain cars in to the plains country to be ready for the immense wheat harvest, the above picture of the Santa Fe grain carriers at a county siding being an example of what is a common sight at any railway station or switch in the area. Southwest grain production estimates are being pared lower day by day as storm, rain, rust and worm damage become more appar-

Conner Oden President Of Country Club

Following the annual meeting of stockholders of Floydada Country Club last Thursday night, the newly chosen directorate named from their number:

Conner Oden as president, E. C. Hagood as vice-president and M. P. Goen as secretary. A completely new list of directors were named for the year, including the above and B. K. Barker, J. B. Claiborne, L. J. Welborn and John McCleskey. Welborn was named chairman of the golf greens committee.

They succeed Chas. Bedford retiring president, J. A. Arwine retiring vice-president, Geo. B. McAllister secretary-treasurer, L. T. Bishop, Walton Hale, J. C. Gilliam, O. P. Rutledge directors.

Reports given stockholders by the old board indicated no indebtedness of any kind outstanding.

Not a great deal of damage appears to have been done to the club grounds by the floods of the past week, although the whole valley that extends the breadth of the grounds was covered from one to several feet of water. Some expense will be incurred, however, it appeared this week.

Repair Work Is Started

This morning repairs on the Country Club grounds are beginning. Directors visited the property Wednesday afternoon and found all fences out in the valley, footbridges in bad condition, three greens in bad condition, part of the sheep barn gone and other minor damage done. The club dam is not damaged apparently but the car crossing will have to be repaired. No sheep were lost and the water did not reach as high as Mr. Eubanks' residence. He lost his vegetable garden, however.

"We are putting an extra man down there to help get the repair work done as quickly as possible and the directors decided to lock the gates temporarily to keep out cars for the time being," said Mr. Oden. "The directors are of the opinion the damage can be repaired much more quickly if cars of members and the curious are kept out until the grounds get a little dryer. Right now the whole grounds are full of soft spots where cars will bog down. Members however, can park at the gate and walk in as soon as the road to the club can be traveled."

The extra help is available two or three additional barbecue pits will be dug around over the grounds, it was indicated, to make more picnic parties possible.

Funeral Rites Held For Mrs. Z. T. Allen Tuesday Afternoon

Funeral rites for Mrs. Z. T. Allen were held at 3 p. m. Monday, June 10 at the First Baptist church.

Rev. Vernon Shaw, pastor, was in charge of the service. Mrs. Allen died Monday at a Plainview hospital where she was carried two days before for treatment of throat infection.

The deceased born October 1, 1883, is survived by her husband, six sons and five daughters, all of whom were present for the funeral. The children are Bill Allen and Mrs. Joe Fasholtz, Gallup, New Mexico; Shelly Allen and Mrs. L. C. Brown, Pagosa Springs, Colorado; Jim Allen, Mancos, Colorado; Whetsel Allen, Portales, New Mexico; Mrs. Jimmie Cook, Silver City, New Mexico; Mrs. Johnnie Gunnels, Clovis, New Mexico; Ted, George and Miss Fern Allen of Floydada. Mr. and Mrs. Allen came to Floydada last November and have made their home with their son, Ted since that time.

Pallbearers were Claud Hammonds, Clinton Pyffe, J. M. Daniel, Polk Goen, Charlie Bedford and Conner Oden.

Interment was made in the Floydada cemetery by the Harmon Funeral Home.

Mrs. Tinney To Attend Memphis, Spur and Stamford Rodeos

Mrs. Juanell Tinney, who rode in the Floydada rodeo as sponsor from Dougherty and placed second in the show, will attend the rodeos at Memphis, Spur and Stamford, according to present plans.

At the Memphis rodeo she will be sponsor as Miss Floydada. At Spur and Stamford she will be presented as Miss Dougherty.

Grain Crops, Roads, Bridges Washed Out

Figures on Floyd county's damage to growing crops, to roads, bridges and culverts, continued to mount this week as landowners and authorities viewed the sorry plight resulting from devastating rains, overflowed lands, hail and wind during the month of May and the first 10 days of June.

Heading the list is a wheat crop that likely will not reach much above the average year's production and will be of a lower grade than has been marketed in years. Only grain on the highest ground will approach the production promised at the beginning of May, and thousands of acres of low wheat land is flooded by waters from adjacent lakes far past their usual levels.

Roadways Covered in Water

How many thousand dollars in damage has been done to farm to market roads extending over the county, in excess of 1,500 miles—is an undetermined figure. Many roads will be impassable for weeks, possibly months in cases, and numerous grade and drainage structures across lakes and lowlying lands will have to be re-done. Members of the Commissioners court find themselves with many jobs to do, their present forces and equipment wholly inadequate to meet the demands from every side for immediate and early re-building of destroyed or impassable roads. In many instances culverts are destroyed.

The biggest single item of destruction on roadways is that of the Blanco bridge on Petersburg road which went out Monday morning. The heavy steel and timbers as well as the concrete piers which supported them were washed down-stream several hundred feet by the flash flood that gathered following the Monday morning down pour on the watershed in Floyd and Hale counties. This flood, following on the heels of the heavy rise from the farther reaches of the watershed over the week-end, also took out the bridge at the Greer farm, the recently built PWA bridge on the Blanco-Sand Hill-Lockney road, and lashed at the paving on Highway 207 until it knocked out a ten-foot slab on the Rails crossing adjacent to the bridge.

Mail service on rural routes has been seriously disrupted for three weeks or more. Carriers have been getting the mail to their patrons by whatever means presented, using many detours, fighting the mud and water daily.

MAN DROWNED FRIDAY IN PLAINVIEW FLOOD

Only death noted in the central plains area from the devastating floods Friday to Monday was at Plainview where Will Bond of the Cousins community was swept to his death.

Aiding in the evacuation of the lowlands in the southwest part of Plainview Bond was trapped when the stream cut the dikes in the old channel, Leon Woodall, a bakery employe of Plainview, escaped. The two had been helping evacuate the household effects of J. R. Bond, 509 West Fifth street. They were in a party which began looking for people in the houses, according to the Plainview Herald. Seeing a cow in a lot a hundred yards distant the two, Bond and Woodall were caught by the swift (See Flood Damage back page)

L. G. WITHERS ENLARGES SPACE IN CAFE

The Withers Cafe has undergone several changes this week including air-conditioning, reconditioning, enlarging space and a table has been added to accommodate the ladies' trade.

Mr. Withers has been in the cafe business in Floyd county the past seventeen years and says, "I always kept faith in Floyd county people." He operates the cafe with the help of Claud Langford.

Three Floyd Boys Leave For Camp Friday Morning

Three Floyd county boys leave for the induction station of the United States army at El Paso, Texas, tomorrow morning to begin selective service. They will report to the local board at 9:30 a. m., O. P. Rutledge, secretary of the board, said.

They are Hall Everett Nall No. 178, and Roy Dean Bennett No. 495, Lockney, and Roy Meredith Coleman No. 486, Floydada.

Questionnaires to all registrants continue to go out each week as the board can handle the work.

A statement from state headquarters of the Selective service this week said that a large percentage of men in draft age are being found who cannot qualify physically, a large proportion of the defects found being due to malnutrition.

Traffic Nears Normal On Rails, Highways Of This Section

Highway maintenance and railroad maintenance crews the past week have traded their beds for lanterns and impressed all possible equipment into service in their effort to keep traffic moving.

Neither has been wholly successful. In fact, both have fought losing battles against the elements until this mid-week.

A. J. Hamilton, highway maintenance foreman for Floyd, Briscoe and Crosby counties has had his force spread out thin attempting to keep traffic moving in the direction which waters would permit, and at the same time carry on small repairs to avoid bigger damage to the roads in his charge.

Tuesday night they were about to catch a few hours of rest. At one time Monday they had a bridge out east of Quitaque, high water over Highway 70 near Aiken, a slab of paving out on Blanco canyon, highway dumps washed out on 207 north of South Plains toward Silverton and a stretch of road under water between Rails and Crosbyton.

One way traffic had been resumed across Blanco Wednesday morning, and waters had receded at all other points in his territory except on the South Plains-Silverton stretch of road which has been closed to traffic until detours can be arranged at two points.

Railroads Have Trouble, Too

Railway maintenance men on the Quannah route and on the Denver South Plains especially have had their troubles and plenty of them. Soft spots in the roadbed between Lockney and Petersburg Monday caused traffic to be closed on the Denver line for some 24 hours and rail traffic was tied up at Sterley. Culverts and fills have given intermittent trouble for two weeks, and traffic was off and on.

The Quannah line hoped to have their troubles behind them by this week-end. They probably will run through trains again tomorrow if they have good fortune. Three bridges were out at one time Monday night seven Bents on Tongue river, two on Dutchman creek, and two on the Peace river bridge. Pledriver crews had been working without stopping for more than a week Tuesday night.

Orsburn Funeral Rites Held Friday, First Baptist Church

Funeral rites for Mrs. Neva Maud Orsburn, 69, were held at 3 p. m. Friday, June 6 at the First Baptist church. Rev. G. W. Tubbs assisted by the pastor Rev. Vernon Shaw officiated. She died Friday morning at her home on West Tennessee street after an extended illness.

The deceased was born in Clayton, Alabama the daughter of Mr. and Mrs. A. C. Helms. She was married to L. P. Orsburn October 23, 1888. In 1900 they moved to Knox City, Texas and in 1917 to Floyd county.

The husband and seven children survive. The children are Mrs. Ina Sargent, Big Springs; Mrs. Beulah Burton and Mrs. Roy Holmes, city; Walter Orsburn, Arcadia, California; Fred, San Francisco, California; Oscar Orsburn of Dutch East Indies; Dale Orsburn of Mineral Wells.

Pallbearers were W. J. Rhodes, G. C. Collins, J. K. Holmes, W. A. Amburn, J. J. Thomas and J. A. Dunlap.

The Harmon Funeral Home was in charge of the arrangements. Interment was made in the Floydada cemetery.

Club Boys Meet Saturday To Plan Summer

4-H club boys of Floyd county will hold meetings at Lockney and at Floydada Saturday to make plans for their summer work, it was announced this week by County Agent D. F. Bredthauer.

The Lockney meeting will be held at 10 a. m., at The Beacon office and the evening meeting at Floydada will be held at 2 o'clock at the district court room. The date for both meetings is June 14.

Representatives will be selected for the dairy demonstration teams and the dairy judging team. Plans will be discussed for each club to have one of its members to attend the Farmers Short course at College Station July 17 and 18.

Mr. Bredthauer urges all 4-H members and club leaders to be present at whichever meeting is most convenient.

Rex Brown Lacks Six Strokes Qualifying For National Open

Rex Brown, local goldfom's No. 1 man, lacked six strokes of qualifying at Brook Hollow Country club course Dallas, for the National open last week-end at the Colonial club in Fort Worth.

The highest qualifying score for 36 holes was 150 strokes, the low 16 competing beginning Saturday. Brown saw the Saturday play in the Open competition, returning home early Sunday.

N. T. A. BYARS IN HOSPITAL WITH BROKEN LIMB

N. T. A. Byars suffered a bad break in his left leg Wednesday evening when he fell from a loft while feeding his stock at his home in Lockney.

He was brought to the Floydada hospital where medical aid was administered.

MOTHER SERIOUSLY ILL

A. M. Hunt has been at Belton since last mid-week where he was called by the grave illness of his mother, Mrs. H. R. Hunt.

A report this week said Mrs. Hunt's condition had not improved.

FATHER'S DAY SUNDAY

Sunday will be observed in Floydada as Father's day, along with other communities of the nation.

Blanco Canyon Shows Off For Crowd Of Lookers-On

Little Bridges, Big Chunks Come Tearing Down Stream to Delight of All

Residents of half a dozen communities including Floydada by the hundreds made the scenes of the Petersburg bridge and Blanco crossing washouts take on holiday appearance last Saturday, Sunday and Monday.

The elements did a nice job for all except the Friday night watch party which spent a sleepless vigil until dawn at Blanco crossing waiting for the big waters from the western reaches to roll by.

The waters which did so much damage in the lowlands around Plainview reached the Petersburg-Floydada road around 12:45 Saturday and were down to Highway 207 bridge at around 2:45 o'clock in the afternoon. At neither place were new high water levels reached but the long continued pounding gave plenty of time for all to see.

Fresh crowds Monday noon to Tuesday morning witnessed the flashflood that hit about noon Monday when the Petersburg road bridge went out and washed down stream. A big crowd watched the slab go out at the Rails crossing the same afternoon.

There was crawfish catching, mud squashing between boyish toes, ohing and ahing at the big fish that swam upstream, seeing the big chunks float by, and everything. It would have been perfect if somebody had only put up a soda pop stand.

Will Walker Returns Home From Temple

Will Walker, local carpenter and contractor for a number of years, reached home last week from Temple, where he had been in a hospital for sometime receiving treatments.

His condition was not reassuring the first of the week, according to reports from the Walker home.

Rainfall for May at Floydada, not over half as great as in some other sections of the county, was 9.59 inches according to an unofficial gauge made at the Hesperian office.

In June to Monday night the rain had exceeded three inches.

Prior to May and June 6-17 inches of rainfall had been recorded here in the months of January, February, March and April, making the total fall at Floydada 18.83 inches for the first six months and 10 days of 1941.

In the vicinity of Dougherty and in the southwest part of the county at some points the fall in the same period has exceeded 25 inches.

Floydada Monday to keep appointments, Highway 28 at Aiken was covered by water Monday and Monday night as inadequate drainage kept flood waters backed up on the highway.

The storm damage in this county was coincident with a tornado that swept across the plains from Kress, where one was killed and others injured, to dip also at Clarenden, in the lower panhandle, injure many and do several hundred thousand dollars damage. No wind damage was done in Floyd county except to ripe grain. Much of it, not already flat, was laid on the ground. Northwest of Lockney an area of hail damage was reported between that point and Aiken. Other small areas of hail damage also were reported from various parts of the county.

Spur Rodeo Hopes To Have Better Weather Luck

Spur rodeo promoters, June 20 and 21, hope to have better weather luck than did their neighbors, Floydada and Post. At the former place the rodeo was staged in spite of the

Riding in an air-conditioned roadliner bus chartered for the purpose a delegation of Spur rodeo advertisers are due in Floydada this morning after visiting Crosbyton and Rails. A string band is accompanying the caravan and there will be music, dancing and speeches. Lockney and Plainview are on the itinerary for the same day.

weather, but Post rodeo promoters had to call their date off last week. Contestants and sponsors could not get to the Garza capital for the mud and water.

The Spur Round-Up Association has announced one of the largest Premium Lists known in the amateur rodeo class, \$1,500.00 in prizes for various events, and in addition there will be \$100.00 in cash given away each day.

The Bill Lyons string of stock has been secured, and all the boys who have had any experience with this high jumping, sun-fishing horses, and that all the cattle are plenty wild.

The shows will be held at the large amphitheater just north of Spur, below which is a beautiful valley enclosed where everybody will be able to see every performance with out the slightest interference.

EDITORIALS

Caliche pits and big lakes around over the plains country are going to take considerable toll of teen-age boys' lives this summer, we fear. Already we read in the papers about such. Perhaps a little forethought on your part might keep that 11-year-old youngster, the apple of your eye, or his 17-year-old brother from being among the number. Not to say that you ought to "lay the law down" about not going near that lake much less swim in it. Recall that you went near when you were a boy and also you went in. But you can think about it and maneuver about so as to be along or have a good idea about where or how to throw some protection around your sons. Remember three things. The lakes and caliche pits are dangerous. A boy dislikes very much to disobey his parents. A boy is going to go in swimming when there is water around.

This week people of Floyd county are hoping against hope that they will be able to save some of the big wheat and small grain crop they raised. None of the reports are encouraging and others are positively discouraging. Heavy rains have hammered the small grain until it is so low and so badly matted on the ground that, even where the machines can get into the fields soon, much of the grain will be lost. That is not a very pretty picture to paint of the wonderful promise made by the crop just thirty days ago. Of all the kinds of damage that could have occurred too much rain on the high plains of Texas was the last to be conjured up.

Now the time has arrived when cotton will be late when and if put into the ground and the next worry will be the row feed crop. If the weather clears up from the way farmers talk most of the cotton acreage allotted the county will be put in. This will be in the hope of a late and favorable fall. Late and favorable falls often occur and cotton could do well. Late feedstuffs usually mature out better and make better roughness and equally as good heads as the earlier planted crops. It is said that all good things come to him who waits. Right now the job is to wait until fields and skies clear.

Thank goodness for the fact that although the plains country is full of mosquitoes and will likely be all summer long none of them will carry the dreaded germ of malaria. Long an argued question among medics it now seems well established as a fact that there are no malaria carriers in this section, and a native-born child here has no malaria germs in his system unless and until he travels to some clime where the malaria mosquito can get a chance at him. A good many bothersome mosquitoes can be eliminated on most any set of premises by oiling the water slightly with old oil from crank cases, et cetera. A little oil makes a thin coat over a lot of water and mosquitoes do not seem to hatch so well under those circumstances. Not to say there won't be plenty of them to hatch in the dewy grass and around. Pouring oil in the water will be a matter mostly, perhaps, of doing something instead of nothing.

Speaking of mosquitoes, the likelihood is that for size and for length and strength of boring apparatus the plains mosquitoes will compare favorably with the mosquitoes hatched in anybody's clime. One way to dodge them to some extent, if you milk cows, is to change the cow's habits a bit to milk in the evening a good while before sun down, say around 5 or 5:30. And the next morning do the milking about 4:30 or 5 o'clock. The cows will like it better and you'll like it better. The cows will switch less and you'll keep your temper in better fettle for use where it is more needed than in the cowpen and milking stalls.

To us it appears that the theory advanced in recent years namely that a man should not be a candidate for one office while holding another is not based on good logic. For instance, in the present senatorial campaign it is highly desirable, important to the commonwealth, that all points of view that have bearing on the position of senator under present conditions have complete and thorough airing. The men who are logical candidates should be the ones to present these points of view. O'Daniel, Mann, Dies, Johnson, possibly others, present holders of office have their convictions and points of view in the matter. They are the men who should be shelling the woods, telling the people what they are thinking. The voters then can make up their minds which of the number is preferable. It is as important a part of an official's job to keep in touch with the sentiment of his constituency and to make them believe as he believes, if he is firm and sincere in his convictions, as it is for him to be in his office. He has to rise or fall by the strength of his argument, by the force of his personality on the commonwealth's populace. Lincoln, Douglas, Roosevelt I and II, Wilson, Sheppard, Connally, all did it. And they were right. Such is a part of the defense of our American way of life.

A distinction is to be made in the Selective Service between crimes that denote moral turpitude and crimes that resolve themselves into violations of statutory law. General Page has advised local boards that a revision of army requirements has been made in this respect, and we believe it is wisely done. Thus a boy who made some youthful misstep is taken out of the class of the felons who have done heinous crimes or have become habitual criminals. Many patriotic young Americans, take the country over, were barred from military service and were classed as unfit to serve their country under the old rule. As aptly stated by the state director the new application of the rule "opens the door to the man who has atoned for and repented of an offense against society that is not generally accepted as a felony." The discrimination, it seems to us, is well taken. It opens the door to many boys who should have an opportunity to show themselves in their true colors.

The majority rule is fine if you are of the majority.

District Trustee County List Up - to - Date

Complete Roster Made up of Those Serving County's Rural Schools

Following is the complete list of district school trustees for Floyd county as made up recently in the office of the county superintendent's office.

The list as given follows regular and special elections, together with any named by the county board to fill vacancies that occurred through resignations or failure to qualify:

- No. 1, Erick, John M. Holmes, M. E. Jewell, Luther A. Hooten;
- No. 2, Pleasant Valley, J. T. Bloom, J. E. Watson, Hall Ferguson;
- No. 3, Muncy, Jim Dunlap, Jess Sandusky, Bennie Teaff;
- No. 4, Pleasant Hill, W. M. Ham-bright, Henry Willis, O. G. Shearer;
- No. 5, Fairview, J. C. Crabtree, Edell DuBois, Walton Wilson;
- No. 6, Starkey, Jim Jones, J. K. Holmes, L. E. Kiker;
- No. 7, Aiken, J. W. Jennings, Herman Stowe, C. W. Ginn;
- No. 8, South Plains, Will E. Sims, D. W. Bybee, Warren Daniels, Sim Reeves, Bill Beedy, Harry Hartman, John Smitherman;
- No. 9, Sand Hill, G. C. Collins, Frank Probasco, W. R. Dooley;
- No. 10, Harmony, Will Pinkner, Zant Scott, Walter S. Hanna;
- No. 11, Lakeview, Holt Bishop, J. M. Harrison, B. L. Breed;
- No. 12, Fairmount, T. B. Weems, Ford Johnson;
- No. 13, Center, Roe Jones, C. E. Finley, Tom R. Noland;
- No. 14, Lone Star, A. E. Frizzell, W. T. Rankin, Harold Griffith;
- No. 15, Cedar Hill, E. E. Wells, W. O. Whitehead, H. C. Love;
- No. 16, McCoy, A. G. Eubanks, Leonard Smith, O. F. Cummings;
- No. 18, Dougherty, Bill Norman, O. G. Glassmoyer, F. M. Covington, H. N. Powell, Orland Howard, W. M. Webb, Tate Jones;
- No. 19, Baker, Clarence Ashton, T. E. Leach, Tom Hall;
- No. 20, Antelope, Claude Ring, J. T. (Bud) Poole;
- No. 21, Providence, M. C. Scheele, Ben Quebe, John Butch;
- No. 22, Blanco, Bob Ratjen, W. C. Cates, P. A. Faulkenberry;
- No. 23, Allmon, S. R. Foster, A. O. Foeter, J. W. Haney;
- No. 24, Liberty, Fess Whitfill, Weldon McCormick, O. H. Huckabee;
- No. 25, Prairie Chapel, Frank G. Jones, Cecil Brown, Herman Huffman;
- No. 26, Campbell, Everett Warren, H. F. Pratt, Cecil Baxter;
- No. 27, Ramsey, N. O. Wright, J. C. Leckie, Austin Heard;
- No. 28, Hillcrest, John Lewis, R. I. Cook, Louis Blum;
- No. 29, Edgin, W. W. Merrell, Webb Taylor, Cecil Purell;
- No. 30, Sterley, G. A. McAda, E. W. Mitchell, R. H. Tinsley.

Mr. and Mrs. Elmore Kelly of Meridian are guests of relatives here. They came Thursday and will stay several weeks.

FLOYD COUNTY 14 YEARS AGO

News items taken from files of the Floyd County Hesperian published in Floydada fourteen years ago.

(Thursday, June 9, 1927)

Vacationists from Floydada are leaving their car tracks on the sand of time over many sections of the state this year. The most recent party of tracksters include Messrs. and Mmes. Woody and little son, B. P., Jr.; E. P. Nelson; Glad Snodgrass and daughter, Gwendolyn, and H. O. Pope and son, Troye, and Mrs. E. F. Eastridge. They left Monday morning for the Carlsbad Cavern in New Mexico.

In making the run to Floydada on an emergency call Friday, the Lockney Fire truck made the eleven mile drive in thirteen minutes, according to one of the seven members of the department from the neighboring city. The average was slightly over 50 miles per hour.

F. L. Hargis has sent his renewal for the Floyd County Hesperian, making this his eighteenth year as a subscriber. Mr. Hargis keeps in close touch with conditions in Floyd county as well as those in Bentonville, Arkansas where he is residing at present.

Hope that the construction work on the Cap Rock climb and his division of the work will be complete by October 1, has been expressed by Fred Holt in charge of a section of the contract on the Q. A. & P. extension from MacBain to Floydada.

A. H. Manning this week began the construction of a five room house on West Kentucky street. The residence will have a stucco finish. L. B. Maxey is the contractor.

Born to Mr. and Mrs. A. O. Beck, of Campbell, June 1, a son.

Miss Geraldine Massie is at home from Texas University. She was met in Plainview by her brother, Alberto, late Saturday afternoon.

Miss Daltis Rea has a new home under construction on West Virginia street. H. M. McDonald is supervisor of the work. The home will have five rooms and a bath and built along modern lines.

Miss Erin Gamble is at home a few days from W. T. S. T. C. at Canyon. She will return for the summer session.

Born to Mr. and Mrs. V. H. Boteler, City, June 6, a son.

Born to Mr. and Mrs. W. H. Nelson, Baker, June 6, a daughter.

Joseph Rex Johnston On Iowa State List Of Graduates

There were three Texans on the list of graduates at Iowa State college, Ames, Iowa, who received their degrees Sunday.

Of these were Joseph Rex Johnston of Floydada, who was awarded a degree of doctor of philosophy, soil morphology and genesis. Johnston was married in Floydada on June 1 to Selma Lيدر.

MOTLEY SHERIFF GETS ABOUT WITH NEW CAST FOR BROKEN LEG

Motley County Sheriff H. H. Courtney, who sustained a leg fracture in a car accident at Matador in the spring, last week received examination and treatment from a bone specialist in Dallas.

A new cast was made for the leg and the sheriff has been getting around in a wheel chair since and is able to be driven about in an automobile, the Motley County News said last week.

Mr. and Mrs. Cecil Hart and Nancy of Amarillo visited their parents Mr. and Mrs. Jim Hart and Mrs. U. P. Switzer Monday. Mrs. Hart accompanied by Mrs. Shorty Price and daughter and Mrs. Pike Hanna and daughter visited in Dallas while here. They returned home Friday.

Mr. and Mrs. Doyle Love of Childress spent the week end with Mr. Love's parents Mr. and Mrs. T. F. Love and other relatives.

INFANT SON OF EDGAR WILLIS BURIED FRIDAY

A short funeral service was held at 5 p. m. Friday for the five-days old infant, Micheal Eugene, son of Mr. and Mrs. Edgar Willis. The baby died in a Plainview hospital. Elder O. W. Kirk was in charge of the funeral service that was held in the home of the parents here.

Survivors include the parents and a host of relatives.

Interment was made in the Floydada cemetery.

BAKERVILLE H. D. CLUB TO HAVE FOOD SALE

The Bakerville home demonstration club will hold a food sale Saturday, June 14 beginning at 10 o'clock a. m., at the J. C. Gilliam store on the west side of the square. The sale will include cakes, pies, home baked breads and dressed fryers.

Mr. and Mrs. L. W. Chapman attended the Lions convention at Amarillo Monday. While there they also visited in the home of Mr. Chapman's sister Mrs. B. L. Morgan.

WHY SO MANY REGISTERED LETTERS IN A BANK'S MAIL?

There is scarcely any other kind of business that receives so many registered letters in a year as come to the average bank. Cash, securities, and valuable papers and documents of all kinds come in by registered mail.

And the bank must take as good care of this precious merchandise as Uncle Sam did in getting it to the bank.

This offers just one more instance of the ease and safety with which any individual anywhere can do business with the bank.

The First National Bank

Floydada, Texas

WE DARE TO MAKE THIS 10-YEAR GUARANTEE

The Gas Refrigerator Stays Silent ... Lasts Longer

HERE'S FINAL PROOF that the Gas Refrigerator means more for your money when you buy—more for your money in the long run.

Now—with our 10-year guarantee—you get iron-clad assurance of this longer, carefree service and greater savings!

Read This Guarantee
on complete refrigerating system. We guarantee to the original purchasers of 1941 Servel Electroflux Gas Refrigerators to refund without cost any defective burner, control or refrigerating unit for a period of ten (10) years from date of installation. (You pay only cost of installing parts.)

- ▶ "NO MOVING PARTS" means:
- ▶ PERMANENT SILENCE
- ▶ CONTINUED LOW OPERATING COST
- ▶ MORE YEARS OF DEPENDABLE SERVICE
- ▶ SAVINGS THAT PAY FOR IT

Other Models Operate on BUTANE, BOTTLED GAS, KEROSENE

What Users Say Is Better Than a GUARANTEE!

"We have been using our Servel constantly over 6 years, and it has never had to be serviced. It still costs only about 2 1/2¢ daily to operate. Thank goodness for its silence, which is a comfort, after using other types."

—MRS. DAVE FINNEY, Brownfield, Texas.

"Our gas bill is about the same as before we installed the Servel. Saving of leftover food will more than pay for it in the 3 1/2 years we have owned it."

—JNO. S. POWELL, Brownfield, Texas.

J. N. Dennin Elected Principal Dougherty School for 1941-42

Dougherty, June 10.—At a meeting of the school board recently, J. N. Dennin of Crosby county was elected as principal of the Dougherty school for the 1941-42 term. Mr. Dennin comes to Dougherty from the Wake school and fills the position vacated by Elam C. Caldwell who goes to the Robertson school in Crosby county.

Family Reunion Sunday

Mr. and Mrs. T. J. Campbell who live one half mile north of the Floydada-Matador highway thought that the road leading to their home was impassible Sunday but much to their surprise, cars began to pull through and by noon nieces and nephews from far and near had gathered for a surprise dinner with Uncle Jerd and Aunt Mollie and Maurice.

Those present for the occasion were Mr. and Mrs. R. A. Compton, and son, Donald, Mrs. L. E. Wilhite, and sons, DeWitt and Edwin, all of Leuders; Mr. and Mrs. W. W. Baxter and children, Wanda, J. C. and Roy, from Campbell; Mr. and Mrs. W. M. Nettles and children, Mary Nell, Harold, and Donald, and Jack Nettles, all of Meadow; Mr. and Mrs. Cecil Baxter and son Kerwin and Waldie, Mr. and Mrs. Johnny Baxter and daughter, Gale, of Campbell. Mr. and Mrs. Earl Rainer and son, Bobbie, of Floydada, called in the afternoon.

Freak Egg on Display

A freak egg being displayed at the Newton Mercantile store this week is causing much interest and comment. The egg was gathered from a flock of Plymouth hens on the yard of Bill Webb. It is of average size, slightly flattened on one side and on that side is an "embroidered" sun flower that would make any woman envious of the perfect workmanship. The center of the flower is done in satin stitch with the fifteen petals done in the popular "lazy daisy" stitch.

Nancy Carol Jones, daughter of Mr. and Mrs. Tate Jones, had her tonsils removed at the Lubbock hospital Wednesday.

C. L. Lloyd who has spent much of his time the last few years in the J. M. Brownlow home, has returned here to make his home.

Beth Newton left Sunday for Dallas where she will be a house guest of a former roommate at Texas Tech.

Mr. and Mrs. Bill Webb and children were in Matador Sunday. Mr. and Mrs. Alfred Spencer and sons, Larry and Jerry, spent the week-end with relatives in Amarillo. They were accompanied to Amarillo by Mrs. Spencer's niece, Eva Lee Oden.

Mr. and Mrs. R. T. Jones and baby were Sunday guests of Mr. and Mrs. P. M. Smitherman at South Plains.

J. A. Crome and family and Mr. and Mrs. Avery Payne spent Sunday in Spur.

Mr. and Mrs. Homer Box and children spent the week-end in Tuttle, Oklahoma. They were accompanied by Mrs. Box's parents, Mr. and Mrs. Rex and sister, Bessie May, who have been guests in the Box home the past two weeks.

Mrs. Daniels and daughter of Colorado came Saturday for a visit with her daughter, Mrs. Oscar Woody and Mrs. Ernest Emert and their families.

Mr. and Mrs. Orland Howard and S. Shafer spent Sunday at Spur.

Mr. and Mrs. Reynolds Sanders of Dallas spent the week-end with her parents, Mr. and Mrs. J. M. Brownlow. They were accompanied home by their children, Kit Carson and Verita, and Mrs. Raymond Holt.

Mrs. F. M. Dougherty left Monday for Dallas where she will meet her son, Sam, who is returning to Texas from school at Woodbury Forest, Virginia.

Mr. and Mrs. Elmer Cook and Newsome Wisdom were in Tucson, Arizona the first of the week on business.

Mr. and Mrs. W. C. Burke of Farmersville visited the last of the week with her son, Bill Norman and family. They will also visit another son, Earl, at Lockney and Jack at Lorenzo before returning home.

Mr. and Mrs. J. M. Brownlow and grandsons, Charles Ray and James Brownlow spent Sunday night with relatives at Eldorado, Oklahoma. Mr. Brownlow has two combines harvesting wheat there.

Guests in the J. M. Brownlow home Sunday were Mr. and Mrs. Lorin Leffried of Floydada and their grandson, Eugene Brownlow, of McAdoo.

Jean Bradford of Antelope spent last week with her sister, Mrs. Earl Foster and family.

Mr. and Mrs. Bill Norman and children were Sunday guests of his brother, Earl and family at Lockney.

Billie Frances Mercer, of Lorenzo, and Clydene Allen visited Ruth Webb Sunday.

Mr. and Mrs. Dot Hammonds and children spent several days last week.

DON'T forget we have plenty of reel slats for your combine. Higginbotham-Bartlett Co. 171tc

As A Farm Woman Thinks

Nellie Witt Spikes

Mrs. Nellie Witt Spikes, our farm woman contributor, is water bound, we assume, at the hour when the editorial page is usually made up. Rains and bad roads have disrupted many plans this week, perhaps those of Mrs. Spikes as well as many others who usually are regular aides in making The Hesperian a more readable newspaper. —The Editor

PORT'S CORNER

(This column carried on by contributors, entirely without remuneration, under direction of Mary Dean Waters, Beeton, Texas, to whom correspondence should be addressed. All manuscripts accompanied by a stamped, self-addressed envelope will be returned. Subjects must be readable, subjects, or at the most Texas and the immediate south-west.)

Mary Dean Waters, who edits the poets corner, complained days ago about being waterbound and having difficulty with mails on account of bad roads. This week she evidently had more than the usual difficulty. —The Editor.

CARD OF THANKS

We wish to express our sincere appreciation and thanks to all our many good friends who were thoughtful of us in our recent sorrow. Especially do we thank Mr. Conner Oden and the personnel of the Oden Chevrolet company. Ted Allen and family

week at Thalia visiting Mr. Hammond's mother.

Floyd Franklin, colored boy who works for J. E. Newton, was painfully burned about the face and neck last Thursday when he removed the radiator cap from a heated truck.

Maurine Hoyle Wed To Chillicothe Business Man

(Reprinted from Plainview Herald, June 8.)
The wedding of Miss Maurine Hoyle of Plainview and Ernest Schur of Chillicothe took place last night at 8 o'clock at the home of her parents, Mr. and Mrs. Henry D. Hoyle, five miles northeast of town. The single ring service was read by Dr. E. A. Reed, pastor of the First Methodist Church, in the presence of relatives and a few friends.

The dimly lighted rooms were decorated with garden flowers and the wedding party stood before a trellis of greenery with baskets of roses and white candles at either side.

Barbara Marshall Honored Monday Birthday Party

Barbara June Marshall was honored Monday afternoon from 5 until 6:30 with a party given by her mother at her home. The occasion celebrated her ninth birthday which was June 8.

W. S. C. S. Bible Study Conducted By Mrs. J. M. Willson

Graver Days Bring Heavy Demands

Red Cross Leaders Told Organization Faces Era Of Sacrifice

Responsibility of the Red Cross organization to the trainees in army camps of America and their families was studied Tuesday in Amarillo by E. C. Hagood and others of the officials of Floyd County chapter. Representatives from chapters in various counties of the panhandle were present in the all-day session, where home service was studied.

Besides Hagood, who is county chairman, present at the meeting were Mrs. Lon M. Davis, volunteer home service chairman, Mrs. Virgil Shaw, chairman of distribution, and Mrs. Carl McAdams, chairman of the Lockney chapter.

A representative of the National Red Cross out of the St. Louis office met with the Red Cross workers of the plains area.

"Our responsibilities to the trainees and their families will be increasingly heavy as time goes on," said Hagood following return of the Floyd county delegation, declaring every effort must be made to uphold Floyd county's record of doing its part in emergencies.

The chapter officers at Floydada are: Cecil Hagood, county chairman; Mrs. Lon Davis, chairman volunteer home service; Mrs. Virgil Shaw, chairman of distribution; Mrs. John Hammonds, chairman knitting; Mrs. S. W. Ross, chairman of sewing; Mrs. A. E. Guthrie, surgical supplies; Mrs. Walton Hale, packing and shipping; Mrs. E. L. Angus, publicity; Mrs. Tucker Teutsch, chairman of junior Red Cross. Carl McAdams is chairman of the Lockney chapter.

Help Seriously Needed

In an appeal for more Red Cross workers this week Mrs. Lon M. Davis, chairman of volunteer home service, issued the following statement: "This is our responsibility to national defense and we dare not fail to do our part. We are living in an hour in our history when there is no cheap and easy way in which we can hold on to the things we care for or achieve what we hope for. This is a hard time which is testing our character and is trying our souls. Let us resolve in the duties which are assigned to us, we the women of Floyd county, intend to prove that we can do cheerfully, efficiently and wholeheartedly what is expected of us."

The N. Y. A. sponsor and girls,

Reverend Vernon Shaw, above with his wife and son Kenneth will go to a new charge today as pastor of the First Baptist church at Snyder. He has served the church here as pastor the past four years. A party for the Shaws was held at the church last night following mid-week prayer service.

Home Demonstration clubs, as well as the other organizations and many individuals are rendering a splendid service. But we need more workers immediately to work up the stock of materials on hand in the County Superintendent's office in the basement of the courthouse. Won't you do your part, please?"

McCoy News

McCoy, June 11.—Mr. and Mrs. H. A. Copeland and family spent the week-end with her parents, Mr. and Mrs. S. W. Ewing and other relatives.

Mr. and Mrs. W. S. Wharton visited Sunday with Mr. and Mrs. S. W. Ewing.

A number of people from this community visited at the Blanco canyon during the week. Roy Coleman left Monday for a visit with his mother, Mrs. Jester and Mr. Jester, at Olney, before leaving for army training camps. J. W. Clontz, postman for route one, has been making his rounds daily. The roads are impassible in places but he comes whenever they are wet or dry.

Since the roads have been so bad and people had to stay close in, we have been enjoying ball games at the school.

Mr. and Mrs. O. W. Harris and family have moved to Levelland where Mr. Harris has been employed the past few weeks.

Need Poison Information for Hoppers? To Be Given Wheat Men Act Quickly

County Agricultural Agent D. F. Bredthauer this week advised that the poison mixing station located at the Boothe elevator in Floydada will continue in operation until Saturday night, June 21.

Farmers needing poison bait for the control of grasshoppers are requested to take advantage of the present opportunity and keep the date in mind the station will be closed. Treating along fence rows now is especially recommended by the agent.

"It must be remembered that grasshoppers are much easier treated while they are small and located in the fence row than they will be when they start traveling and feeding on cotton and sorghums," said Mr. Bredthauer Tuesday. Continuing he pointed out:

"The prepared mash should be finely and evenly scattered over infested areas at the rate of 10-15 pounds per acre, wet basis. Every precaution be taken to see that the bait falls apart into flakes. Snapping it into the wind with a snap of the wrist helps to accomplish this. Several casts should be made with one handful of bait."

The mixing station will be open from 8 a. m. daily to 5 p. m., and the county has a large supply of bait on hand for the campaign, states Mr. Bredthauer.

Alyce A. Hoots, secretary of the Floyd County ACA this week received telegraphic notice to contract all wheat buyers, elevator operators warehousemen and truckers and urge that they be present at a meeting at 1 p. m. June 16, at the meeting hotel in Amarillo.

At this time O. J. Moss, who is in charge of marketing quotas in Texas, will give valuable information in regard to administering the new Marketing Quota law on wheat in the state and nation.

Other meetings are being held over the state to acquaint the public with this information.

J. C. Wash, Lockney Died At Lubbock Tuesday Morning

The body of Jessie Clyde Wash, 46 year old Lockney resident was prepared for burial by the Harmon Funeral Home Tuesday night and shipped Wednesday morning to Leonard, Texas for burial. R. L. Blackshear, son-in-law, of Lockney accompanied the body to Leonard.

The deceased left Lockney with a crew of W. P. A. workers to report at the Lubbock airport for work. He became ill about 9:30 a. m. and died one and one-half hour later at the West Texas hospital in Lubbock. He had been a resident of the county since August 1939 coming here from Fannin county.

Surviving children of the deceased are Mrs. Faye Prateridge, Leonard; Mrs. R. L. Blackshear, Lockney; Mrs. Artie Blackshear, Lockney; Catherine Wash, Lockney; Eulan Wash, Denison and John Franklin Wash, Lockney.

Wonders Where Govt. And Railroads Get Big Wheat Figures

Contrary to government and railroad estimates of the wheat crop in the north panhandle, Oklahoma, Kansas and Missouri, J. W. Chapman home last week-end from a business trip as far east as Joplin, declared he found the crops not at all promising, especially in Eastern Kansas and southwest Missouri. The best wheat he saw was northeast from Amarillo in Texas, he said.

"Where they get that tremendous crop for the southwest I can't imagine. I either was not going through the good wheat country or it wasn't there. The eastern Kansas crop looked shabby to me."

Among the points Mr. Chapman touched at were Joplin, Independence, Missouri, Wellington, Wichita, and Topeka, Kansas.

NO ABSENTEE VOTES CAST

To date no absentee votes have been cast in the Special election June 28 for candidate for United States senator, according to officials at the county clerk's office.

The absentee polls were opened Monday and the deadline date is June 24.

INSIDE OF HIS NECK HURT

County Assessor-Collector Geo. B. Marshall doesn't hold his head that way all the time. He just does it this week while the inside of his neck is trying to get well from a tonsillectomy done last week.

Local Stamp Committee Organized

Formation of a Cotton Stamp Committee for Floyd County to cooperate with the U. S. Department of Agriculture in the operation of the Supplementary Cotton Stamp Plan in this area in the relative near future, was announced this week by D. F. Bredthauer, County Agriculture Agent.

Cecil Hagood was elected chairman of the committee. Other members, representative of the Cotton Trades Industry of Floyd County, included Walton Hale, Glad Snodgrass, J. G. Martin, Mrs. A. J. Welch.

Mr. Hagood said that the main purpose of organizing the committee was to assist the government in helping to acquaint all retailers and wholesalers of cotton goods in the county with the manner in which they could cooperate and participate in the benefits of the program.

He added that at a time and place to be announced later, a mass meeting of all store operators and their clerks, handling cotton products, would be held. In stressing the importance of attending this meeting, Mr. Hagood pointed out that merchants cannot accept Cotton Stamps for redemption by the Government until they have completed a "Retailer's Statement" form entitling them to participate.

These forms may be obtained from the County Agricultural Agent, and the rules and regulations governing the Plan's operation will be fully explained at the meeting.

"I feel sure," said Mr. Hagood "that every retailer of American grown and manufactured cotton products in Floyd County will want to cooperate wholeheartedly with the Government's effort to aid our cotton farmers and the cotton industry as a whole."

LEIBFRIEDS HOME FROM TEN DAYS VACATION

Mr. and Mrs. Lorin Leibfried and daughter Lajuana returned home Sunday from a vacation trip. They visited Mr. Leibfried's parents Mr. and Mrs. H. C. Leibfried at Roby, attended the district 4 City Letter Carriers meeting at San Angelo, visited relatives at Dallas, Fort Worth and at Springtown with Mr. and Mrs. W. M. Sanders, parents of Mrs. Leibfried.

Winifred Hodge, who is in nurses training at West Texas hospital, spent the week-end with her parents, Mr. and Mrs. T. S. Hodge.

Jo Frances Sommerville, of Wellington is spending this week with Kathleen Hodge and Juanita Phillips.

100,000 LEFT FEET

WITHOUT A CLUTCH TO PRESS!

100,000 OWNERS HAVE DRIVEN THEIR HYDRA-MATIC* OLDSMOBILES 300,000,000 MILES without ever pushing a clutch!

Left! Left! Left! Left! That's the chant of men on the march—and the lament of drivers with clutches to push. But not so with the army of owners of Hydra-Matic Oldsmobiles. Their left feet are left with no work at all to do. And their right hands are right where they belong—on the steering wheel—with no gear-shift levers to manipulate.

No wonder 100,000 Olds Hydra-Matic owners are so highly enthusiastic! In three hundred million miles on the road, they have found new freedom in driving.

Why not join the ranks of "freed" Hydra-Matic drivers? Hydra-Matic, remember, is

THE CAR Ahead! IT'S

OLDSMOBILE

GEO. M. FINKNER

Dougherty H. D. Club Met With Mrs. Poole

The Dougherty Home Demonstration club met Wednesday of last week in the home of Mrs. J. T. Poole. Miss Edith Wilson, agent, gave a demonstration on "Cold Storage."

Roll call was answered by How I have used my Cold Storage Locker. Mrs. A. H. Kreis gave the council report. Mrs. Claud Ring had charge of the recreational period and also won the attendance prize.

Refreshment plates were served to Mrs. A. H. Kreis, Mrs. Claud Ring, Miss Edith Wilson, Mrs. James Wise, Mrs. Elam Caldwell, Mrs. Orlando Howard, Mrs. C. A. Caffe, and the hostess, Mrs. Poole.

The next meeting will be held with Mrs. Elam Caldwell Wednesday, June 18. All members are requested to present so names of secret friends can be revealed and new names drawn.

Half Minute Interviews

A. J. Hamilton: "If we had had three days between the two floods Saturday and Monday we could have protected the highway on Blanco canyon and saved a lot of trouble and expense."

Oliver Allen: "I caught a lot of my patrons at Blanco canyon bridge Friday and handed out mail like selling peanuts at a ball game."

Dave Sherill: "The flood in 1926 covered a lot more ground in Massie's pasture below the crossing than this one did."

\$1 STATE APPORTIONMENT DISTRIBUTED BY GUFFEE

All Floyd county schools this week are being credited with a dollar per capita apportionment from the State Permanent school fund, making a total payment of \$19.50 to date, with \$3 yet to be paid.

County Superintendent Clarence Guffee distributed funds to the rural schools the first of the week.

CARD OF THANKS

It is difficult to find words, with which to express our heart-felt appreciation and deep gratitude to our many friends for their love and deep concern shown us during the illness and death of our son and brother, Jennings.

May God richly bless you is our prayer,

M. E. Martin and family

SEEN AT THE BRIDGE

Geo. M. Finkner tossed a bottle with the date his name and address in it into the Blanco canyon flood, hoping it would drift on out into the Gulf or somewhere, maybe, and be picked up some of these days by somebody.

Mr. and Mrs. W. D. Newell and niece Barbara Terry visited relatives in Lubbock Sunday.

HARTS ATTEND REUNION

Mrs. G. W. Hart and sons and their families attended a family reunion Sunday at Vernon park when relatives from over the state were present. The day was spent in visiting, eating and making pictures.

Relatives who attended during the day were Mr. and Mrs. F. D. Holloway of Grandview;

Mr. and Mrs. A. P. Bates, Byers; Mr. and Mrs. S. B. Dunn and family; Jessie Lee and Peggy Sue of Burk Burnett; Mr. and Mrs. Douglas Gant of Wichita Falls.

Mr. and Mrs. Jim Hart and Mr. and Mrs. Leland Hart of Floydada, Mr. and Mrs. R. L. Holloway and son Billy Couch of Childress, Aubrey Holloway of Holliday, Mr. and Mrs. Guy Southern and Jo Ann of Terrell.

Mrs. Harry Hundley and children Edith, Merle, Harry Beth, Aubrey Clinton and Sue of Byers, Mr. and Mrs. Olin Holloway of Holliday; Mr. and Mrs. Doss Holloway and sons Dalton and Don of Nocona, Mr. and Mrs. W. A. Hall and children Billy and Caroline of Childress.

BUYS REGISTERED JERSEY

A registered Jersey cow has been purchased by W. C. Trowbridge of Floydada from O. L. Stansell, also of Floydada.

The animal is Combination Kitty Blue 1290382, according to The American Jersey Cattle Club, 324 West 23rd Street, New York, N. Y.

Dr. and Mrs. H. C. Sullivan and little son Harley of Buckburnett came Thursday, Dr. Sullivan returned home Thursday night and Mrs. Sullivan and little son Harley will remain for a longer visit with her mother Mrs. E. F. Stovall and sisters Mrs. Richard Stovall and Mrs. Tyecker Teutsch and Miss Dorothy Dell. The latter returned home Tuesday from Texas Tech.

DeEt Donathan, six year old son of Mr. and Mrs. Richard Donathan of Amarillo, is in the Catholic hospital seriously ill with bone infection. His grandmother, Mrs. C. D. Hart and daughter, Maurine, left Sunday of last week to be with him.

Mrs. Lula Moore returned home Sunday from Memphis after a weeks visit with her daughter Mrs. Flavil Hodge. Mrs. Hodge is reported improving from an illness the past few weeks.

Sixty-Six Pupils Get Certificates Sunday Night At D. V. B. S.

Commencement exercises for pupils of the cooperative Daily Vacation Bible school were held Sunday night at the First Methodist church. R. A. Renfer, pastor of the Cumberland Presbyterian church and dean of the school was in charge of the service.

Sixty-six diplomas were issued pupils, those who completed the entire ten days were awarded gold stars on their diplomas. Twenty four teachers were employed in the school and approximately 125 registered during the ten days period.

Exhibits of handwork, religious education training, Bible and songs furnished a large part of the Sunday night's service.

Refreshments was served by the churches each morning during the school.

The participating churches express the opinion that it was one of the finest schools ever held by the churches.

Mr. and Mrs. H. K. White spent the week end in Littlefield with Mr. White's parents.

MRS. A. D. WHITE SUFFERS SPRAINED ARM THURSDAY

Mrs. A. D. White is improving nicely this week from a badly sprained arm sustained Thursday morning when she hung her heel in the edge of a linoleum rug and fell.

The injury, in the right arm and wrist, was very painful for several days.

Mrs. Ama Smalley and son George of Bryan came Saturday for a visit with her sister Mrs. O. L. Stansell and brothers, W. G. and E. M. Collins. George returned home Saturday and Mrs. Smalley will remain here a few days before going on to Clovis, New Mexico for a visit with her children Mr. and Mrs. Jim Hardgroves and little daughter.

Mrs. S. W. Ross returned home Friday from Amarillo where she has been with her daughter Mrs. David Flowers and family. Her grandson Everette Ross Flowers son of Mr. and Mrs. Flowers, was born three weeks ago.

Mr. and Mrs. D. G. Flowers of Amarillo were week end guests of Mrs. Flowers' parents Mr. and Mrs. R. P. Luttrell.

Mr. and Mrs. W. H. Jackson visited friends in Matador Sunday.

Mr. and Mrs. S. H. Lanier of Fort Worth came Sunday for a few days visit with Mrs. Lanier's parents, Mr. and Mrs. Geo. M. Finkner. Another daughter, Esther, is attending summer school at North Texas State Teachers college at Denton.

Mrs. A. L. Rice spent Thursday and Friday in Amarillo with her niece, the daughter of Mr. and Mrs. G. H. Allen who has been in an Amarillo hospital several days for treatment of whooping cough. The little girl was reported improved when Mrs. Rice returned home.

Mrs. John Finley and daughter Audine of Alred, Texas arrived Wednesday and visited until Monday with her parents Mr. and Mrs. W. J. Browning and Mr. and Mrs. W. H. Finley. Audine remained for a longer visit with her grandparents.

Mr. and Mrs. J. P. Williamson and little daughter Ruth Ann of Amarillo visited in the home of Mrs. Williamson's mother Mrs. P. G. Stegall Sunday and Sunday night.

Mr. and Mrs. Guy Gunter of El Paso visited friends here Wednesday. They are former residents of Floydada.

Certified: 13,398 MILES ON ONE 5-QUART FILL OF THIS NEW OIL

5 OTHER GOOD OILS OUTDISTANCED 74% TO 161%

Impartial test in Death Valley Desert. 279 ft. Below sea level.

6 cars Destroyed to give you Economy data beyond any Quibbles.

U.S. Patent No. 2,218,132 tells exactly what is new about the new Conoco motor oil named

CONOCO Nth MOTOR OIL

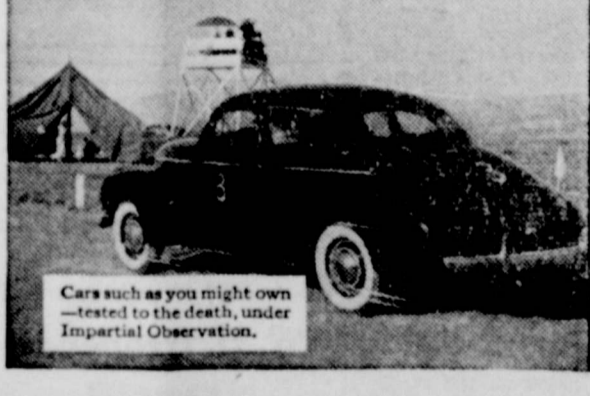

5 quarts of this same new Conoco Nth oil that you can buy today, lasted 13,398.8 miles in a stock coupe—under lock and under scrutiny every minute.

13,398 miles up and down Death Valley. Sand and sagebrush. Lowest land and highest extremes of heat in our U. S. A.

5 other well known oils got the same chance as new Conoco Nth oil. 6 identical new cars were used. Tune-ups, tire pressures, speeds, and all other factors were the same for all—impartially. Engines were under lock. Qualified authorities eyed everything.

The test was simple and stern... Each car got its 5-quart fill of some one competing oil and was run at a 57-mile speed, without added oil, till the engine smashed up. New Conoco Nth motor oil went 13,398 miles. Certified. Not another oil came within 5,683 miles of that and one was outlasted 8,268 miles by new Conoco Nth oil. Certified.

The reasons are straight and simple... New patented Conoco Nth motor oil contains Thialkene inhibitor, a new synthetic... man-made by Conoco.

Cars such as you might own—tested to the death, under Impartial Observation.

Now an inhibition is something that restrains you—checks you. Thialkene inhibitor checks the effect of poisons formed in normal engine operation. Instead of "festering," weakening, and passing out, this oil is scientifically prepared to keep its health, so that the engine can do the same—a good way to keep up the oil-level.

OIL-PLATING, too! Long the keystone of Conoco success, OIL-PLATING comes from another Conoco synthetic... (U.S. Patent 1,944,941). Magnet-like action bonds OIL-PLATING to engine parts, so it can't all drain down—not even overnight. While you use Conoco Nth oil, this OIL-PLATING stays on guard against wear in advance! By OIL-PLATING the engine and inhibiting the worst effect of oil pollution, one fill of new Conoco Nth lasted 13,398 miles. Certified.

You'll not put your car through such a third-degree—any more than you keep starting in high gear just because you could. You'll certainly never want to

CERTIFIED I hereby certify that the Death Valley Test and related work were thoroughly and fairly conducted. Engine Destruction occurred in each case at the mileage stated.

H. H. Jackson
Consulting Engineer,
who during Academic year is Professor of Automotive Engineering, Purdue University

Thank You! For the Fine Response to Conoco Nth Motor Oil

Germ - Processed, It oil plates your Engine. And there is a smiling Mileage Merchant everywhere you go in Floyd County.

DISTRIBUTOR FOR CONTINENTAL OIL COMPANY PRODUCTS

Milk Promotion Drive Now Gets Under Way

U.S. Greatest Dairy Nation In World

The United States today is the greatest dairy nation in the world and milk and its products comprise over 25 per cent of the 1500 pounds of the principal foods consumed each year by the average American. Americans also enjoy the best milk in the world and efficient distribution, sanitation, pasteurization and other safeguards have made the U. S. supply a world standard which other nations emulate.

More than 25,000,000 bottles of milk will magically appear tomorrow morning on the doorsteps of American homes — clean, pure, safe milk.

Speedy Delivery
Special trains and big tank trucks serve the large cities, rushing the precious fluid at express speed direct from cows to city plants. In no other land do consumers enjoy such a wonderful milk distribution system.

In the modern dairy every piece of equipment is taken apart, scrubbed and completely sterilized daily — a job that takes more time than any other in a milk plant.

Efficient daily distribution of milk is distinctly American. The modern equipment of the American milk distributor has no superior. The American distributor is trained in handling perishable food. He is a guardian of community health.

The milk industry emphasizes the unique health value of drinking milk. Milk now provides farmers with their largest source of cash income and milk, butter and other dairy products annually create an output valued at 3½ billion dollars. Our production and utilization of milk have so advanced that we are the greatest dairy nation.

DID YOU KNOW?

—that milk and its products comprise over 25 per cent of the 1500 pounds of the principal foods consumed each year by the average American?

—that consumption of cheese has increased 36 percent since 1930? Consumption of American or Cheddar cheese alone has increased 45 percent.

—that buried butter was once an indication of wealth? It is said that a tree was often planted over the butter in order to identify the place, and under these conditions the tree turned red.

—that cream and milk from nearly a million cows are used each year in the making of ice cream?

—that dairy products are the largest single source of farm income in the United States?

—that a new type of candy developed by the Bureau of Dairy Industry is a by-product of cheese? It is called "Wheyers" because it is made from whey, a by-product in cheese manufacture.

—that 10½ quarts of milk are required to make a pound of butter, 4½ quarts for a pound of cheese?

—that a glass of milk contains 15 hundred billion fat globules?

—that the first American patent on an ice cream freezer was issued in 1848?

—that about 40 per cent of the milk produced in this country is consumed as fluid milk and cream? More than one half of the milk produced is utilized in the making of manufactured dairy products.

Miss June Weast left Friday for a months vacation in California, Salt Lake City, Yellow Stone National Park, and other points north. She went with a group of teachers from Phillips where she has been teaching the past year.

Mrs. C. F. Lincoln and granddaughter Miss Betty Newell returned home Sunday from a three weeks vacation trip to Los Angeles, San Francisco and El Monte California. They accompanied Mr. and Mrs. W. B. Lincoln of Los Angeles, who visited here the first of May.

Miss Lucille Weast, daughter of Mr. and Mrs. Geo. F. Weast of South Plains, is spending ten days at the Y. M. C. A. camp in Hollister, Missouri. She left Thursday as a delegate from W. T. S. C. at Canyon.

Clean, cotton rags wanted at The Hesperian office.

AMERICAN CHEESE POPULAR

Some like it sharp, some like it mild—but there's a cheese to suit everyone's taste. Among the many varieties on the market American or Cheddar cheese is the most popular. It makes up about three-fourths of the cheese produced in the United States each year. Swiss cheese and cream cheese rank next in popularity.

In 1939, more than 770 million pounds of cheese was consumed in the United States. This is the largest amount on record, and is 36 percent more than the amount consumed in 1930. American cheese showed the greatest increase—45 percent.

Food Value
The National Dairy Council points out that this increase in the use of cheese is highly desirable, as cheese contributes much to the food value of the diet. It is rich in protein and calcium and supplies vitamins A and G. The use of cheese is a good way to add more milk to the diet, as cheese is really a concentrated form of milk.

In the past few years there have been two interesting developments in the cheese industry. One is the increased production of foreign type cheese, particularly the Swiss and Italian varieties. Seventy per cent of all Swiss cheese in America is made in Wisconsin by descendants of Swiss immigrants who came here in the last century. Another new development is canned sliced cheese for use in sandwich shops and lunch counters, which has been perfected by the U. S. Bureau of Dairy Industry.

AMERICA'S FAVORITE DESSERT

America's favorite dessert literally melts in your mouth—for it's ice cream. Once considered a luxury, ice cream has grown in popularity and is now an everyday food, delicious and nutritious. Over three hundred million gallons were produced in 1939, or about nine and one-quarter quarts for every person in the United States.

National Dairy Council nutritionists stress the fact that ice cream is a wholesome, nourishing food. One average serving supplies significant amounts of each of the major ingredients furnished by one glass of milk. The regular use of ice cream is one excellent way to include milk in the diets of adults and children.

Ice cream that is purchased is a delicious, uniform product. It is readily available and easy to serve all the year round. It may be stored in the home refrigerator ready for any occasion.

Columnar pads. The Hesperian

Here is a dessert quickly and easily made and oh! so delicious. Call the corner store for some ice cream. Serve generously dishes of ice cream, top with cake or cookie crumbs and over all pour a chocolate or fresh fruit sauce.

Lend variety to white sauce to be served over meat, fish and vegetables by flavoring with chopped chives, prepared mustard, horse radish, chopped egg or a small amount of curry powder.

The smooth creamy consistency of chocolate ice cream purchased at the store makes an unusual dessert when topped with crushed peppermint stick candy. The flavor combination is delicious.

Chopped mushrooms sauteed slowly in butter makes a delicious butter sauce for fresh vegetable.

Add one-half cup of diced dill pickle to a creamy cheese sauce and serve over broiled or baked fish.

Dairy Industry Sponsors Larger Milk Consumption

June Dairy Month is centering attention on increased milk consumption at a time when milk production is reaching new highs and defense activities are being intensified.

On January 1st there were 25,917,000 milk cows estimated on farms, according to the Milk Industry Foundation, 520,000 more cows than a year ago. Farm milk production for the year is expected to reach a new all-time peak.

Total milk production for the first quarter was 11,994,000,000 quarts — an increase of 4 per cent over the same period last year and 12 per

cent greater than the 1935-1939 average per capita production for the quarter was the highest on record — 5 percent above 1940 and 10 per cent higher than the 1935-1939 average.

Milk is the largest single source of farm income in the U. S. and last year it contributed \$1,526, 702,000 in cash to the farmer, according to the Milk Industry Foundation. The fluid milk branch of the industry is of great importance as milk used for drinking and cooking brings the farmer his highest price.

More than 25 million bottles of

YOU NEED MILK IN DIET

"In the low-cost diet milk is prominent because it provides high quality protein, calcium and vitamins A and G cheaply. . . . In terms of money value from one fifth to one third of the allowance for food should be spent for milk and its products. Milk contributes more to good nutrition than does any other single food." — U. S. Department of Agriculture.

Tender green asparagus tips are delicious topped with melted butter to which chopped almonds have been added.

fresh milk are placed on the doorsteps of American homes daily, a service for which the American milk industry is famous throughout the world.

Plains TAAP league.

Earl Thompson, manager of the Plainview team in Floydada yesterday, said baseball fans will get a big thrill and a lot of laughs out of the antics of Hamman and his stooges. "It is going to be a baseball sideshow, with hip pocket catches, back hand pitching, clowning and grandstand banter," said Thompson in speaking of the baseball novelty.

Hamman and his team play 175 games a year, covering 35,000 miles annually in their travels, carrying their own lights for night play. Hamman claims the Boston Hoboes offer the biggest bargain since the Indians got shortchanged for the Island of Manhattan.

Arrangements to play at the Lockney park was made last week after the big rains had covered the Plainview team's grounds under several feet of water. "They're running motorboats now over the ground at Plainview where our diamond has been located," said Thompson, indicated that the remainder of their league schedule games this summer might be played on the Lockney grounds. At least the next several home games will be played at Lockney, he said. There are ten teams in the South Plains circuit. All games are scheduled for Sunday afternoons.

current and abandoned their efforts, resting for a time on a city grader. When they struck out again for high ground Bond failed to make it.

Funeral rites were held Sunday for Bond. He was 39 years of age and is survived by his wife, a small daughter and small son and by his parents. He lived on and operated a Texas Land & Development company farm north and west of Finney.

BLANCO CANYON AND THE BRAZOS RIVER

Blanco canyon is a tributary of the Brazos river, as high plains boys and girls learn their geographies. However, many do not know that the Blanco has its source north and west of Clovis and where it makes confluence with the other tributaries and where and when it takes the name of the Brazos river.

According to one geographer, Blanco canyon (White river) waters, soon after it passes through the caprock in Dickens county, is joined near Spur by Duck creek, when it becomes known as the Salt Fork of the Brazos. In Haskell county it joins Double Mountain Fork, of which Yellowhouse canyon through Lubbock, rising near the New Mexico line, is a headwater.

From their confluence in Haskell county onward to the gulf the river is known as the Brazos. Innumerable other branches flow into it as it winds toward the gulf through Young and Palo Pinto counties and onward.

Army Worm's Insect Enemies Appear In Wheat Fields

A bug that looks like a Model T beetle and a black armored insect that resembles a scorpion except for color, have invaded Floyd county fields the past week in great numbers and are making it a hard life for army worms.

Their appearance two weeks earlier would have been big news to wheat men, but after worms and elements have sickened the grain growers, these worm-eating insects are just another thing that happened.

Both the "beetle" and the "scorpion" are interesting to watch in their worm hunts. The "beetle" is a good climber and hunts his prey on high stalks and low, as well on the ground. A "scorpion" the other day observed in an attack on an army worm, had his victim by the throat and was sucking the life from the worm in less than five seconds. Half a dozen other voracious worm eaters gathered quickly.

Lions Of Floydada Attend District, State Meeting

A delegation of Lions headed by John Stapleton, zone chairman and president-elect of the club, represented Floydada Lions in the combined District 2-T and State convention held in Amarillo Sunday, Monday, Tuesday.

Among those who attended part or all of the session were Terrell Loran, Mr. and Mrs. L. W. Chapman, Mr. and Mrs. W. R. Simon, J. M. Willson and J. C. Gilliam.

Mrs. J. L. Mani, her sister-in-law Miss Myra Louise Mani and Mary McKinley all of Peoria, Illinois came Monday and will spend a couple of weeks vacation visiting friends. Mrs. Mani, a former resident of Floydada will be remembered as the former Mrs. Jack Close.

Mr. and Mrs. C. B. Crosby, who have been seriously ill the past few days are reported to be improving this mid-week. They were both stricken with strep throat the first of the week.

Little Miss Armita Berry left Sunday for Brownfield where she will spend a week in the home of her brother Harold Berry and Mrs. Berry.

Mrs. Floyd Simpson and sons of Eunice, New Mexico came Friday for several days visit with her parents Mr. and Mrs. C. P. Looper and sister Mrs. Dick Fenner and Mr. Fenner.

Burl Bedford, deputy internal revenue collector of Lubbock visited this week end in the home of his brother Charlie Bedford.

D. B. Williams of Amarillo was a guest in the home of his sister, Mrs. T. T. Hamilton and Mr. Hamilton Sunday.

Mrs. Bob Patton and son of Carlsbad, New Mexico came Thursday for a visit with her aunt Mrs. L. E. Jordan and other relatives.

Renfer Tells of Syria New World Battle Ground, At Club

Rev. R. A. Renfer, pastor of the Cumberland Presbyterian church, appeared on the Rotary club's Wednesday program in a talk on the countries at war, giving a background study of the present turmoil in mandated Syria and a word picture of the social and political conditions in Palestine and Trans-Jordan areas. The battle for control of the Near East between England and Germany and Italy is developing in that area at this time.

J. B. Claiborne presented the program. Bill Norman of Dougherty was a guest.

Mr. and Mrs. James C. Oden and son of Peoria, Illinois arrived Monday and visited until Wednesday in the home of his brother Conner Oden. They left enroute to Carlsbad, New Mexico where they will visit Mr. Oden's parents before returning home.

Martha Lee Sanders, nine year old daughter of Mr. and Mrs. Otho Sanders returned home Sunday from Austin where she has been the past school term in the Texas School for the blind.

Mrs. Elizabeth Snell and sister Margaret McKinney and Miss Bessie Brewer of Fort Worth left Sunday for a vacation trip into Colorado and New Mexico.

Mrs. W. C. Brown of Denton and Mrs. J. F. Tomlinson of Seymour were guests of their sister Mrs. Lee Howard and Mr. Howard from Tuesday until Saturday.

Miss Doris Eileen Banker of Dallas is visiting in the home of her grandparents Mr. and Mrs. N. A. Armstrong.

Primitive Baptist To Hear Visiting Minister Preach

The public is cordially invited to attend church at the South Side Missionary Baptist church Saturday afternoon at 3 o'clock and again at 8 o'clock.

Sunday morning another service will be held at 10 o'clock at the county court room. Elder H. G. Richards of Antion, Primitive Baptist minister, will have charge of services.

Mrs. George Sherill returned home this mid-week after spending the past week with her mother Mrs. L. D. Morgan at Weslaco, Texas. Her mother has been seriously ill but last report she was improving.
