VOLUME 48 FLOYDADA, FLOYD COUNTY, TEXAS, THURSDAY, JULY 24, 1941 NUMBER 24

Work Started on Camp Construction

Weed Cutting Halted When Rain Falls

Brought to a halt by a welcome slow rain last night the weed cutting program in the City of Floydada, sponsored by Floydada Lions club, will be resumed at the first possible date, L. W. Chapman, general chairman, said this morning early.

Lack of machines has kept the weed mowing operations from making as much headway as was anticipated but good results are being obtained, Chapman said. The equivalent of more than a block of weeds a day had been done for more than a week, and the plan is to try out day labor with scythes and weed cutters in addition to the mower as soon as weather clears again.

"Some donations have been made to the fund and we would appreciate more to keep the good work going," Mr. Chapman said yesterday. "It costs about 50 cents to cut the weeds on a lot 50 by 150 feet and property owners who have their own property that needs attention or who want weeds cut on vacant property adjacent can see me or one of the district leaders and make arrangements. Enough funds are on hand provided by the Chamber of Commerce and other agencies to keep the work going for a few more days."

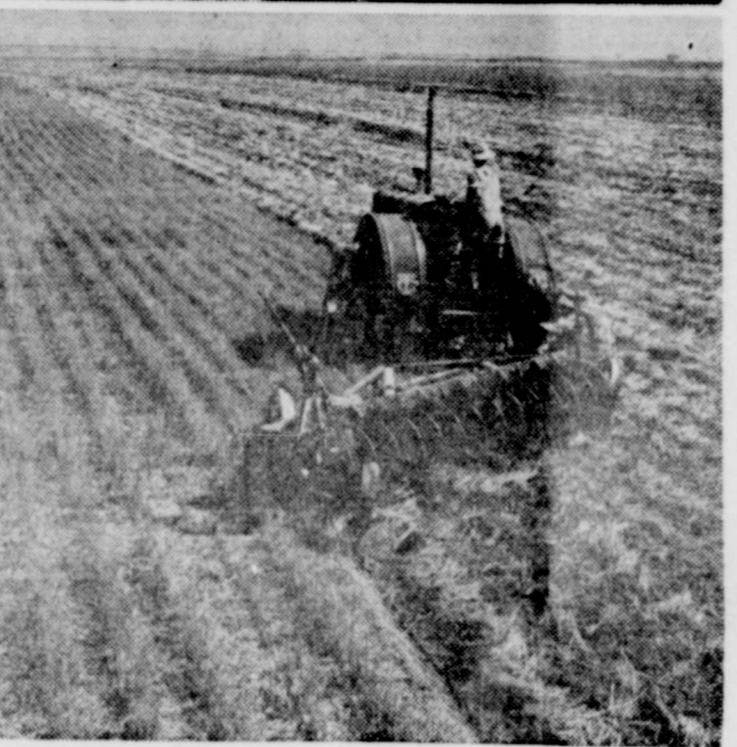

Many home owners are cutting weeds around them, the committee reports, which gets the same result, it was pointed out.

District leaders for the weed cutting campaign are E. L. Norman in northwest Floydada, Rex Brown in northeast Floydada, Eddie Williams in southwest Floydada and Geo. B. Marshall in southeast Floydada. Many block leaders have reported 100 per cent clean ups in their respective blocks but many others still have head-tall weeds to contend with.

Fire Stalks Plains Farmer 'Smooth Job' vs. Soil Saving on Wheat Stubble

Radical is the best way to describe the difference between these two types of treating stubble land on the high plains this summer. Above a field is being burned off because it will be easier to handle, while below the operator is turning his stubble under to mix it with the top soil. According to Soil Conservationist E. H. Kemp in the accompanying article, the owner of the land pictured at top is taking a long chance if the fall season proves unfavorable. Three years of crop failures in a row wouldn't leave his ground in any worse condition to stand wind and water erosion, says Kemp. The operator pictured below, Kemp claims, is giving his farm land a fighting chance against adverse condition and will be better off in the long run even if he doesn't get as "smooth" a job of seeding this fall. The big crop of wheat straw offers most effective means of fighting wind and water erosion, if advantage is taken of the opportunity.

Fire is one of the greatest enemies stalking the Southern Great Plains farmers today, and ironically enough, many farmers are deliberately starting fires which will destroy crop production of future years and add to soil erosion hazards, according to Edgar H. Kemp, of the United States Department of Agriculture.

The burning of wheat straw and stubble is the fire hazard referred to by Kemp, who is the District Conservationist of the Floyd County Soil Conservation District.

Heavy spring rains resulted in an unusually large production of straw on wheat fields in the District the Conservationist points out. The excessive moisture also is reported to have led to an increase of insects in some areas. These facts are influencing some farmers to burn the straw with the idea of making plowing easier and to destroy the insects, Kemp said.

"The advantages of labor saving and insect destruction which may be credited to burning are more than offset by erosion damages and decline of future production due to fertility losses," the Conservationist warns.

But how should the wheat straw and stubble be handled, many farmers are asking. To this question Kemp explains that the straw should be turned under and preferably not be turned under with a turning plow or similar implement. "Any type of implement may be used that will control weed growth and work the straw into the soil near the surface," it is explained.

Damages resulting from the burning of wheat straw, it is pointed out, include increased erosion, loss of moisture and reduced fertility over a period of years. "The burning of straw and stubble leave a field more barren and subject to wind and water erosion than do three years of crop failures," Kemp declares. "It is a mistake to think that the roots alone will control erosion for a large percentage of the roots are too deep to be effective in checking damage by wind."

Aluminum Canvass Starts Early Friday Morning In Floydada; Rotary, Boy Scouts To Work

Last night the Floyd County USDA Defense committee sent out letters to practically every resident of the county notifying them of the urgent need for aluminum in defense industry and asking for scrap aluminum to be delivered this week-end or the very first two days of next week in Floydada or Lockney, or at other points more convenient.

Paul Snodgrass is chairman of the defense committee. All agriculture agencies of the county are co-operating completely in the drive.

If you've been waiting impatiently for the Scrap Aluminum collectors to call at your home, you have little longer to wait. They will start out in the morning (Friday) at 9 o'clock and make every home in Floydada. They will be manned by members of Floydada Rotary club and members of Boy Scout troops of Floydada. They will

Mayor Protem Oden yesterday issued a call urging all householders to have their scrap aluminum ready for the collectors, and if you are not going to be at home Friday see that the precious metal gets into the right hands. The thorough canvass is going to be a huge job and the mayor said he could not promise when the canvassers would be in any given part of town.

ask for all scrap aluminum you have about your home. Gaines Davis, general chairman of the club committee, announced yesterday that pick-ups of West Texas Gas company, Texas-New Mexico Utilities company, Piggly-Wiggly, and Oden Chevrolet company, will be made and the town divided up into districts. "We do not expect to miss a single home in Floydada. We are going to give every house wife a chance to contribute to the national defense in this very personal way," he said. "Aluminum is seriously needed for the building of planes and every discarded aluminum pot and pan is anxiously wanted."

The Rotary club last week offered to take the onerous job of canvassing the town off of the hands of Acting Mayor Conner Oden, and promised him a bang-up job of aluminum collecting. They are

Great Majority Wheat Growers In Full Accord With 49-Cent Penalty, ACA Committee Says

Only About 75 Growers In Whole County Not In Compliance

In a statement issued this week by the members of the Floyd County Agricultural Conservation committee took note of the recent petition circulated in the county and the news stories which appeared about it in the press.

Not only is it incorrect to state that farmers are almost 100 per cent in sympathy with the protest movement, but a very large majority of the wheat growers are 100 per cent in favor of retaining the present penalty of 49 cents, the statement declares.

Signed by Paul Snodgrass, chairman, G. B. Johnston and W. F. Ferguson, members of the A. C. A. committee, the statement in full is as follows:

"Since Floyd county has been named in the press as the center of a protest movement against the wheat marketing quota penalty, we believe that in all fairness to the cooperating wheat growers of Floyd county the newspapers should correct an erroneous impression regarding the attitude in the county toward the AAA program.

"The great majority of wheat growers in the county are in full compliance with the program and are heartily in favor of enforcement of the marketing quota law. In all there are about 75 growers in the county who are out of compliance. In the wheat marketing quota referendum May 31, only 72 growers voted against quotas, while 537 voted in favor of quotas. That referendum certainly was a fair test of the way Floyd county farmers feel.

"According to newspaper stories, a petition protesting the 49 cent penalty was signed by 200 Floyd county growers. To our certain knowledge the petition was signed by many growers who paid no attention to what they were signing. We have personally talked to a number of growers who said they signed the petition only to get rid of the petition bearer. We know that, although the petition purported to be signed altogether by wheat growers, it actually bore the names of some businessmen who have no connection with growing wheat.

"As for press reports that farmers are almost 100 per cent in sympathy with the protest movement, (See 49-CENT PENALTY on back)

Roy Snodgrass USO Campaign Director

E. B. Germany, state campaign director for the United Service organizations, this week announced the appointment of Roy L. Snodgrass as director of the campaign in Floyd county, with an assigned quota of \$750.

United Service Organizations for National defense has as its Texas honorary chairman Governor W. Lee O'Daniel and its prime purpose is to afford proper recreational facilities to the army and navy camps and stations throughout the country. The quota for the State of Texas is \$400,000, a sum which represents about 7 cents per person in the state.

Honorary chairman in the Nineteenth district is Congressman George Mahon, the active chairman being Charles C. Thompson of Colorado City. Advisory board members in the district are Mrs. J. W. Elliott of Tahoka and Dr. Clifford B. Jones of Lubbock.

CCC Barracks Ready Within Six Weeks

Construction of the Floyd County Soil Conservation CCC camp began Wednesday.

A crew of seventy men from the Lamesa CCC camp, pitched their tents here Tuesday and began clearing ground for the barracks in northwest Floydada, a construction job which is expected to require some six weeks.

Captain F. R. Carpenter, Quartermaster of the North Texas District, CCC, said that all materials are on the ground for the barracks.

The 70 young men making up the personnel of the temporary company will be used to aid in construction work. Local skilled workers who will be used on the job include carpenters, electricians and plumbers.

The CCC boys here are from the Lamesa camp and most of them will go into Floydada camp when the quarters are ready. A. P. Plunkett, second in command at Lamesa, is here with the company. J. C. Hines, district construction foreman will be general supervisor of the work here and at Morton, where a similar camp is being constructed.

Work of laying sewer and water lines to the camp is being started by the city, as well as the construction of light service lines to the site. Gas mains will be laid to the camp by West Texas Gas company.

While the construction of permanent quarters is under way the CCC camp enrollees will occupy a little tent city and will be served food from a field kitchen, Captain Carpenter said.

In addition to the company of Civilian Conservation Corps trainees the location of the camp here is expected to add a population of several families of officials from the Soil Conservation service.

The camp will be ready for occupancy early in September, Captain Carpenter estimated.

Lions All Sign For Defense Securities

Every member of Floydada Lions club holds one or more Defense Bonds or Savings stamps as a result of a movement started in the club at its Tuesday meeting by President John Stapleton, in which he was seconded by W. H. Henderson chairman of the citizenship and patriotism committee.

Every member present at the meeting, not already holding bonds or stamps, pledged to acquire them and following a canvass Wednesday at 11 o'clock announced that every member had completed a purchase, either large or small. Several were buyers of bonds of good-size denominations.

So far as is known this is the first civic organization in the county in which every member is a holder of Defense Bonds and stamps. "Our Nation's safety" is a cardinal point in this service organization's slogan, he said, pointing out that the clubs effect on the success of Defense Bond sales in the area.

The club has a membership of 27, representing a cross-section of the business community.

Rotarians In Line, Too
 Yesterday afternoon County Chairman Glad Snodgrass announced the members of Floydada Rotary club had pledged themselves to make their club 100 per cent purchasers of Defense Savings Bonds or Stamps. Most members are already buying bonds or stamps and a roundup of all who have neglected the matter will have been completed by the end of the week.

NEW MEXICO VISITORS

Jack Scott and family of Lovington, New Mexico are guests this week in the home of Mr. Scott's parents, Mr. and Mrs. R. C. Scott.

M. W. Heard Died Early Saturday Morning

Funeral rites for M. W. Heard, 65, resident of Floyd county since 1900, were held Sunday afternoon at 3:30 o'clock at Carr's Chapel church, where Rev. J. T. Howell, of Alken, pastor of the Methodist church, officiated.

Mr. Heard died early Saturday morning after a long illness. The funeral was in charge of the Charles Schuler Funeral home of Petersburg.

A native Texan, Mr. Heard was born in 1875 in Fayette county. He moved to Floyd county in 1900 from Coryell county. He had lived at Carr's Chapel since 1905.

In 1899 Mr. Heard married Miss Mattie Carr, who survives. One son, O. H., and three daughters, Mrs. Erx Williams and Misses Velma and Mattie Pearl Heard, all of Petersburg, are the children of the family. Six grandchildren also survive him.

INFANT SON OF JUDGE AND MRS. PERKINS IS DEAD

The infant son of Judge and Mrs. Frank Perkins, prominent Lockney residents, died Friday shortly after birth. The little body was carried to Rising Star, Texas for burial by the Crager Funeral Home conveyance at Lockney.

Mrs. Perkins is in a Lockney hospital where she is reported to be doing nicely.

Walter Collins New Legion Commander

Walter G. Collins, a charter member of McDermott Post, American Legion, Monday night was elected commander of the post and will succeed Harry Morckel present post leader, at installation ceremonies at the post's next regular meeting.

Other officials chosen include J. B. Turner first vice commander, John Gray, second vice commander, E. L. Cornelius adjutant, J. C. Wester finance officer, L. T. Bishop chaplain, John Reagan service officer, J. C. Covington sergeant-at-arms, J. P. Collins, J. C. Gilliam and J. M. Wilson were named members of the executive committee.

McDermott post expects to have their quota of members before the state convention in August. Their membership drive was started this week and 10 members have paid their annual dues.

At Monday night's meeting the group was entertained by a reading by Emma Louise Smith, and Rev. R. A. Renfer gave an interesting talk. The next regular meeting of the post will be on August 4.

Pledge Bricks For Museum At West Texas

Mary Louise Medien yesterday was announced as campaign leader here to collect bricks for the new unit of West Texas State Teachers college museum, work on which will start next week, it was announced last night by C. B. McClure, assistant curator.

McClure was in town for a few hours only, making a hurried canvass of the area and visiting several friends of the school. He announced that Walter Travis and A. H. Kreis had pledged a thousand bricks for the new museum building.

When work starts on the museum next week it will be with much fanfare. Representatives from practically every city and county in the area will be present, according to plans, McClure said. Until recently a member of the faculty of Childress Public school McClure was named assistant curator at the Canyon schools a few weeks ago.

West Texas Old Settlers To Eat Old-Fashioned Barbecue At Hank Smith Re-Union August 14-15

One of the features of the West Texas Old Settlers association re-union at Hank Smith Memorial park this year will be an old-fashioned barbecue for old settlers both days, R. B. Smith, general manager, announced this week.

Plans for the re-union were made at a meeting last week which was attended by a number of the directors and officials.

The barbecue will be free to the old settlers who are identified by their badges.

The re-union this year will be the sixteenth time the old settlers have gotten together on the birthday of the first settlers in this part of the world. Hank Smith and his wife settled at Mt. Blanco in the late seventies. Sixteen years ago the Hank Smith Memorial park was dedicated by their son, R. B. Smith to their memories and the same year the first re-union was held. The site is now marked by a suitable monument erected on a little knoll on the grounds erected by the State Park commission under special enactment of the Texas legislature.

"We expect to have a big re-union this time," Mr. Smith said. People all over the country have been very busy but by the time the re-union takes place they will have about caught up with their work and will be ready for the picnic. In addition to the free barbecue for the old settlers who qualify, it is planned to have the usual picnic features, with patriotic speaking as well as talks by the old settlers themselves, and the old settlers' square dances. Additional floor space is being added to the dancing platform to accommodate two more sets at each dance. L. A. Wicks, Will Dunn and W. H. Hames are on the entertainment committee and all other committees are functioning very satisfactorily.

Mr. Smith announced that Glad Snodgrass, of Floydada, has been asked to make the welcome address on the opening day of the annual re-union. Notables from over the state are being asked to be present and address the old settlers.

DEFENSE BOND QUIZ

Q. What happens if I suddenly need the money I put into a Defense Savings Bond?

A. You can cash your Bond at any time, after 60 days, for the full amount paid, plus any interest due you.

Q. Do many Bond owners cash their Bonds?

A. No. People want to help arm America against all attacks. In many cases, people are putting every cent they can spare into Defense Bonds and Stamps. Some are doing this by asking employers or banks to withhold part of their salaries in order to buy these Bonds or Stamps for them.

Note.—To purchase Defense Bonds and Stamps, go to the nearest post office or bank or write for information to the Treasury of the United States, Washington, D. C.

Guestimates on the cotton acreage actually planted and off to a growing start vary. Where cotton got a good start it is growing off fine, with a good taproot, under the blazing midsummer sun. Cotton likes sunshine if it has moisture under it. A few fields you can find are the finest ever. Some are ordinary, some below average. Ninety per cent of the crop is late. The total quota of cotton for the county this year is above 53,000 acres, almost exactly the same as last year. With the right kind of fall it could happen we would have a better and more profitable crop than that of 1940 in spite of the fact much of the crop is late.

Believe it or not, a good many people can't bring themselves to realize there is anything of which there is not a plenty to be had in the United States. They read about shortages in Europe and they hear that one government or another has asked its people for their gold rings, their silver or some of their other metals for the national welfare. That such a thing could happen in America is against our "raising." Always plenty of land, plenty of coal, oil, gasoline, cattle, gold, silver and all the things, if you had the money to buy it. Which we take as the reason the folks are slow to respond to the urgent appeal of William Knudsen for aluminum and the solemn promise their scrap pots and pans will be used for national defense and not for the personal profit of anybody. Mr. Knudsen, as you know, is the man who has made automobiles by the millions. He is not accustomed to child's play and his name would not go on an appeal to American people not seriously meant. To fill the need, which is an immediate one, what aluminum we assemble must be at designated points right away. Next month is not all right. July 30 it will be shipped to the smelter. Take Mr. Knudsen and Mr. La Guardia seriously. An old pot or a pan made of aluminum may mean the difference.

In 1917 they did not tell the boys who were drafted into the war they would be asked to train a year and that a great, revolving force of trained men would be evolved by the means of which our country could be defended when and if they were needed. They did tell them that in 1940. In 1917 the boys knew it was their country's call, that they might be in the army a year or ten years, they might go to Europe or anywhere. Fact is they confidently expected to be sent to France and to give their lives for their country if need be. The 1940 brand of draftees, his mamma and his papa have been kidded until just recently. Son was to go to camp, spend a year and come home a regular man to resume his place in community life. The president and the congress have jockeyed themselves into a position of bad faith

with the draftees. They should immediately acknowledge the error of their ways, get themselves right with the country, then make their appeal for a law that will keep the boys in the military service "for the duration" if that is what they are convinced is needed. The people need to feel it is "us" doing this thing, not "them." It will make different kind of fighters out of our fighting men when and if this becomes a shooting war for the United States. People don't like to suspect they are being film flamed.

In Texas we have long since lost patience with Senator Wheeler, with Colonel Lindbergh and with Madame Perkins. Perhaps, however, there are other major portions of the country's population that have not. Why the president keeps Mrs. Perkins in the cabinet after falling out with the senator and the country's No. 1 flying hero is one of the mysteries. All three have done untold mischief. Texas people are convinced and Mrs. Perkins as much as, possibly more than, either of the others.

V for Victory, started recently in England as a part of the war of nerves against Germany, is gaining momentum on the continent, it is said. In occupied and unoccupied France, in Belgium, in Holland and other occupied countries the Germans find the V in unexpected places, on buildings along the sidewalks. Thus they know there are eyes watching them, there are people in bondage who only await an opportunity to free themselves, who are working and praying for the ultimate undoing of Hitler's monstrous outrage against civilization. And the unknown voice in England relays incidents that have occurred, tells of happenings in this place and that, of the Nazi guardsman who went into a dark alley and did not return, things of that kind. Sort of an eerie, spooky feeling for the Nazi men on the outposts not calculated to add to their peace of mind nor to their morale. It is a little thing that may go a long way.

How long will it be until the sheriff of a county will be an old-fashioned institution and the business of maintaining the peace and security of the people taken over by state police? Unless the people sorter take things into their own hands we'll give the powers that be in Austin ten years to get the job done. Nearly a fourth of the violations of the law that you might get out and commit now are only the sheriff's business in an incidental way. We don't argue at this time for or against the idea. We only take it on ourselves to point to what is happening. Perhaps what we are on the way to getting is what we need. Seem funny some of these days not to be voting for a sheriff and to be jerked up for some of your cussedness by a man who is only "stationed" in your area because the State Police director assigned him there.

The Texas capitol building, completed in 1888, was built of native Texas granite, as well all Texans know. However, here is something of interest. The dome of the capitol was built in Belgium. And it cost more to transport the dome from Galveston to Austin than from Belgium to Galveston.

Spring 1933: "Neither I nor anybody else in the National Socialist party advocates proceeding by anything but constitutional methods."—Adolf Hitler.

Spring 1941: "Neither I nor anybody else in the America First Committee advocates proceeding by anything but constitutional methods."—Chas. A. Lindbergh.

As A Farm Woman Thinks

Nellie Wili Spikes

I am very busy this Monday morning to try to write. There are two little grandsons to be separated every once in a while as they seem to want the same things to play with at the same time. There is dinner to be cooked for the combine men, some apples just had to be canned, the strawberries gathered and preserved the cucumbers would not wait for a more convenient time. The water has to be changed in the garden. My husband wants a card written, the pie is boiling over in the oven, well, any house wife knows how it goes.

My son and family are visiting from Memphis, Tenn. Patsy and Carey are having a fine time on the farm. Joe Ellis is not a good host all the time. But he does pretty well as he never has had to give up to another child. If it were not for Della, the colored girl who came with them, I could not keep up with so many busy little feet and hands. Della is enjoying her trip to the plains. It is almost like taking a vacation to show your own land to one who has never seen it. The plain every day things take on a glam our unsuspected. An ordinary jack rabbit looks like a brand new animal never before seen. Della has thought out a philosophy of life that is workable. I enjoy her homely phrases and gay laughter.

Life is a feast or a famine, these words come down through the years with ever increasing understanding. The speaker was a bum. Riding on the freight cars from wheat harvest to cotton fields. Working a day here, on to a new place tomorrow. Long before the days of hitch hikers. His clothes were torn and dirty. Father had hired him to pull bales. The cotton was white, the harvest plentiful. The old man would wave his bony hands and say, "Take care of the money that is so plentiful this fall. Life is a feast or a famine. You eat today, go hungry tomorrow." Good advice he gave, but never a bit he kept himself.

One thing about these hot days, one does not have to worry about the antifreeze in his car.

Every magazine is filled with methods to make cooling drinks, but tea is still the favorite with most.

The following poem is one of my favorites: To every man there openeth a way, and ways, and a way And the High Soul climbs the High Way, And the Low Soul gropes the flats, And in between in the misty flats, The rest drift to and fro, But to every man there openeth A High Way and a Low And every man decideth the way his soul shall go.

FLOYD COUNTY 14 YEARS AGO

News items taken from files of the Floyd County Hesperian published in Floydada fourteen years ago.

(Thursday, July 21, 1927)

Announcement was made this week that the Floydada Municipal Band had been obtained by the developers of South Plains, Floyd County's new township. It makes north of Floydada to play on the first of their opening and auction sale, which is to be held tomorrow, July 22.

Mrs. Luther Fry was hostess at a six o'clock dinner Friday evening as a surprise for her husband on the occasion of his birthday.

Mrs. Joe M. Day, Mrs. Luther Fry, Mrs. Jack Henry, and her sister Miss Joyce Hopkins, of Miami, left Tuesday morning in Mrs. Fry's car for Munday where they are guests of Mrs. Carrol Hopkins at a house party.

Miss Dessie Walker returned home Friday from Lubbock where she has been attending the first session of summer school at Texas Tech.

George Sherrill left Sunday for Dallas where he will spend the week.

Mr. and Mrs. Lewis Newell, accompanied by Mrs. L. H. Newell, spent the first of last week in Tulsa.

A. J. Polley returned Tuesday from a visit with friends at Snyder, Oklahoma.

Arthur Barker of Lockney and Kenneth Henry, city spent the first of the week at Olney and Weinert on Business. They returned home Wednesday afternoon.

Mr. and Mrs. C. P. Loper and children and Mr. and Mrs. Martin Brown returned Friday from a visit with friends and relatives at Fort Worth and points in the Eastern part of the state.

Mr. and Mrs. Walter Collins left Sunday to spend a week or ten days visiting relatives at Hico, Dallas, and Leonard.

Mr. and Mrs. Hollums and family visited Mr. and Mrs. T. J. Gill and their daughter and her husband Mr. and Mrs. Elvis Gill.

Born to Mr. and Mrs. Charlie Taylor (colored), July 19, a boy.

Mr. and Mrs. O. R. Golligly and small children spent Sunday at the Claud Patton home near Lakeview.

POET'S CORNER

(This column carried on by contributors, entirely without remuneration, under direction of Mary Dean Waters, Becton, Texas, to whom correspondence should be addressed. All manuscripts accompanied by a stamped, self-addressed envelope will be returned. Subjects must be parhandle subjects, or at the most Texas and the immediate south-west).

BOBWHITE'S MESSAGE

This morning a gay bobwhite Whistled his cherry, wild call. From out in the pasture I heard him, As he hid in the grasses tall.

I paused in the doorway to listen To his cry so sweet and clear; As he whistled his joy to Heaven In a familiar, old call so dear.

I listened and it seemed to chide me. It told me I had nothing to dread. He whistled to me to be happy With his happy, wild call, he said.

"Is not the same good Father, (Whom I know will take care of me) Your Father also? Dont you know He Will never cease caring for thee?"

Fay Stapleton
Roy, New Mexico

MY ENCHANTED FAIRY LAND

Mary Dean Waters

I was a little girl; Blue eyes and Golden curl, Those eyes were wide to see All the lovely country. Left the town far behind. Visited a friend of mine. New worlds so big and grand! My enchanted Fairyland!

Things to see; things to do; Little lamb; bleating ewe. Cows, Horses, Dogs, and Swine. Downy chicks and mother hen. So wonderful to me then. The ponies we could ride; Something new on every side.

Lily pond with lilies fair; Fishes darting everywhere; Flowers, and grasses, and trees; Song of birds; hum of bees; Fruit trees loaded down

What a difference from town! Many lovely things to see— This was Fairyland to me

The lake was vast to me Like the great Aegean Sea. Geese and baby goslings, Soft yellow, downy things; Sky and rolling prairie land, A part of God's great plan; But this place of wonderment, Seemed to me was Heaven sent.

A house filled with delight; Braided rugs and vases bright. Books and books, everywhere. A comfortable small chair— There to rest and think about

The things I'd seen without No wonder that it seemed Like an enchanted dream!

These impressions of mine Can not be dimmed by time. I only wish I could be The same child that was me! May God bless her, always! She gave a world so grand— My enchanted Fairyland!

THE SOMBER CLOUDS AT DAWN

Anne Dodson Buck
Distantly heard is the thunder's roll. The rumbling sound that follows the flash; Lighting over which the new day has no control.

Nothing terrestrial can stay the crash; Nor hinder the somber cloud's approach; Nearer and nearer the dark mass comes. Pressing upon us with menacing strength; Now the boiling clouds over us loom. One stands and waits, shaken and subdued. There comes down pour firebrands still play. Across the heavens, with courage imbued. One looks upon the drenched dawn of a new day.

PRIDE OF OWNERSHIP

- There's a *Pride of Ownership* that comes from knowing you have made a wise investment.
- You've probably heard it said that a life insurance company makes money when policies lapse . . . But the truth is, the longer policies remain in force, the lower are the costs of operation for the insuring company. . . *Conservation of business* means reduction in the lapse ratio . . . and the lower the lapse ratio, the lower the cost of insurance to the investing public.
- Southwestern Life enjoys the lowest lapse ratio of any legal reserve (old line) life company doing business in Texas . . . That is why more than 150,000 Texans, able to fill their insurance needs at the lowest of costs, have a right to feel a *Pride of Ownership*.

Aluminum Pots And Pans Can Help Nation

Governor O'Daniel Calls On People To Help With Move At Once

AUSTIN, Texas, July 22—Completion of plans for Texas to help turn the nation's used aluminum pots and pans into airplane parts and into other needed defense items was announced today by Governor W. Lee O'Daniel, as Chairman of the National Defense Committee for Texas.

The Governor had asked the county judges of the 254 counties in Texas to organize the campaign in their respective jurisdictions and to designate the mayors of municipalities as co-chairmen.

In accordance with details of the national campaign as received by the Governor from William S. Knudsen, Director General, Office of Production Management, and from F. H. LaGuardian, Director, Office of Civilian Defense, final instructions regarding the collection campaign have been sent to every county judge.

Committees in each community and in the rural areas have been asked to take a house to house canvass and to gather up all used or discarded aluminum ware that housewives can spare without making replacements.

Public bins are being constructed in many communities and are located on such places as the city hall or county court house steps, or other accessible places, to enable aluminum contributors to deposit their gifts.

Complete instructions concerning the disposition of the aluminum will be forwarded to the local leaders at a later date. Concentration points have been designated by Maryor LaGuardian as follows: San Antonio, Houston, Dallas, El Paso, Amarillo, Fort Worth, Brownsville and Austin.

Shipping Date Is August 30
All of the aluminum collected will be used strictly for defense, Governor O'Daniel specifically advised, and no individual and no organization is to make any profit from the collection.

Savings Stamps May Be Bought Of RFD Men

Thirty-two thousand rural mail carriers are now acting as agents in the sale of Defense Savings Stamps, postal officials have informed the Treasury Department. Demand for the stamps in sparsely settled districts caused the Post Office Department to authorize the carriers to act as salesmen.

The stamps range in value from ten cents to five dollars. Purchasers are given albums in which they can be mounted. When filled, the albums may be exchanged for Defense Savings Bonds.

Post Officials recalled that rural mail carriers acted in similar capacities in 1917 and 1918 selling War Savings Stamps.

HALF MINUTE QUESTION:
J. N. Gullion: "I've got a persimmon tree that just bloomed last week. I need somebody to tell me when the fruit will get ripe."

A. C. Goen and son, A. C. Jr. returned Friday from a business trip to Bloomburg where they spent most of the week.

Funeral Service Sunday For Former Resident Floydada

A number of friends and relatives here attended the funeral service of Mrs. W. A. Johnson, a former resident of Floydada who died Saturday at the home of a daughter Mrs. Lottie Dobson at Spur. She was the mother of Mrs. A. D. White Jr. of Borger. The body was interred in the Spur cemetery.

Mrs. Johnson is survived by her husband and four children. They are Mrs. Dobson, Mrs. White, Dewie and John Johnson of Spur.

Those from Floydada who attended the funeral were Mr. and Mrs. Polk Goen, Mr. and Mrs. R. B. Rossen, Mr. and Mrs. Lorraine Britton, Mrs. Pearl Fagan and her daughter Nelda. Mr. and Mrs. J. F. Pundt of Borger who have been here the past week harvesting their wheat crop also attended.

Center News

CENTER, July 22—Mrs. W. T. Branson, Mrs. Tom Noland and children, and Mr. and Mrs. Guy Jackson were guests of Mrs. J. L. Montgomery Sunday.

Rev. and Mrs. J. D. Farrell and children and Mr. and Mrs. Earnest Farrell and children left Monday for Sayre, Oklahoma to visit with relatives until Saturday.

Mrs. Van Leonard and Mrs. Leona Bell of Floydada visited Sunday with Mr. and Mrs. Jas. E. Green.

Mr. and Mrs. M. Easterling of Cajon, California visited Sunday with Mr. and Mrs. W. P. Sims.

Mr. and Mrs. Roy O'Brien left Sunday for Amarillo where Mr. O'Brien will continue his work at that place.

Miss Ruth Jordan spent Thursday and Friday in Amarillo.

Mr. and Mrs. Otis Anderson attended church here Sunday and were guests of his parents, Mr. and Mrs. A. W. Anderson, Mr. and Mrs. Floyd Anderson, Clyde and Donald Clark, and Margaret Green were other guests present.

The W. M. U. and Sunbeam Band met at the church Monday afternoon for their regular meeting.

Miss Viola Gollightly, daughter of Mr. and Mrs. O. R. Gollightly, began work at Lamesa recently.

J. R. Austin resumed his work at Floydada Monday with the A.A.A. after being absent from the office several days.

CARD OF THANKS

We wish to thank our friends and neighbors for the many deeds of kindness shown us during the illness of our daughter, Miss Pauline Stewart.

Ollie Stewart.

Mr. and Mrs. R. B. Gary visited relatives in Wellington Sunday.

Denver To Raise Track On Line Near Sterley, Officials At Lubbock Quoted As Saying

LUBBOCK, July 17—Railroad tracks will be raised at a large lake at Sterley, in northern Floyd county, which has overflowed the tracks to a depth of nearly two feet. Fort Worth and Denver City railroad officials announced Thursday.

Water over the tracks at one time was 21 inches; now it is about 15 inches. Diesel engines can go through water up to about seven or eight inches; deeper than that, the engine is drowned out.

Since the early June rains, the railroad has had to use a steam engine to pull its mixed train from Childress to Lubbock and Plainview and return.

Officials last week decided to try a new plan. A well was drilled, 75 feet deep and 16 inches across, in the lake, to attempt to lower the surface of the water. It failed, the level was not lowered. The well passed through quicksand, but this failed to have any effect.

Now according to E. C. Kuykendall, general agent here, the company is planning to raise the tracks two feet. Distance to be raised is approximately three quarters of a mile, he said.

The lake is so situated that it cannot be drained, except by piping the water for a mile or two. Company officials decided the best way was to raise the tracks, thus avoiding future trouble if another series of heavy rains should come.

Tech Red Raiders Game Schedule For '41 Season

LUBBOCK, July 22—Texas Tech's 1941 football schedule is as follows:

Sept. 20, Tech vs. A. C. C., Tech stadium Lubbock;

Oct. 3, Tech vs. Oklahoma A. and M., Taft stadium, Okla. City;

Oct. 10, Tech vs. Loyola, Gilmore Stadium, Los Angeles;

Oct. 18, Tech vs. Centenary, Tech Stadium;

Oct. 24, Tech vs. University of New Mexico, Tech Stadium;

Oct. 31, Tech vs. Miami (Fla.) University, Orange Bowl, Miami;

Nov. 8, Tech vs. Creighton University, Tech Stadium;

Nov. 15, Homecoming game with St. Louis University, Tech Stadium;

Nov. 20, Tech vs. Hardin-Simmons University, Tech Stadium;

Nov. 29, Tech vs. Wake Forest, Charlotte Memorial Stadium, Charlotte, N. C.

Mrs. M. P. Thompson of Duncan, Oklahoma, returned home last week after an extended visit here with her daughter Mrs. J. N. Redd. Mr. and Mrs. John Venable and sons Gene and Clifford of Seminole visited in the Redd home the latter part of the week and Mrs. Thompson accompanied them home.

Mr. and Mrs. Chester Weidner and two children of Dallas were guests of Mr. and Mrs. Eddie Williams and family from Sunday until Monday morning. They were enroute to a vacation trip to Sacramento, California. Mrs. Williams and Mrs. Weidner are sisters.

Mrs. C. L. Hamilton and daughter Barbara of Lubbock visited Sunday until Thursday with Mr. and Mrs. O. H. Johnston. Barbara has been spending the summer here but returned home. Mrs. Hamilton is the daughter of Mr. and Mrs. Johnston.

Walter Reeves left Monday of last week for Magnolia, Arkansas where he enlisted for a period of twelve months in a non-combatant service of the U. S. Army. He was employed as mechanic at the Lockney Implement John Deere store at Lockney before leaving.

Miss Esther Pinkner returned home Saturday from North Texas State college at Denton where she has been past semester. She will be at home with her parents Mr. and Mrs. Geo. Pinkner for the summer.

Mrs. Lige Blankenship and sons, Don and Dewayne, of Ajo, Arizona and Mrs. Roy Thornton of Phoenix, Arizona spent Sunday and Monday in the home of Mr. and Mrs. Woodrow Wilson.

Mr. and Mrs. Ersel Matthews of Lubbock were guests of their parents Mr. and Mrs. Walter Collins and Mr. and Mrs. Asbury Matthews this week end.

Mrs. Lizzie Sherrill had as her guests from Friday until Sunday her daughter, Mrs. O. B. Pipkin and son of Farwell and her son, Alfred Sherrill and wife of Abilene.

Carl Lee Gilley arrived Monday of last week from San Diego, California to spend a two weeks vacation with his parents, Mr. and Mrs. J. V. Gilley. He is employed at Douglas Aircraft. He plans to return to his home this week-end.

Grace Taylor and Eula Mae Fortenberry of Amarillo were guests of their parents, Mr. and Mrs. M. H. Taylor and Mr. and Mrs. Joe Fortenberry, over the week-end.

Virginia Lee Wigington and Edith Kate Cypert of Amarillo visited Sunday with their parents, Mr. and Mrs. J. B. Wigington and Mr. and Mrs. O. G. Cypert.

James Asher of Dallas visited his mother the latter part of the week. Mrs. Asher accompanied her son back to Dallas Sunday returning home Monday.

Mrs. Clyde Neville and son Clyde Jr., of Bonham and grandson Ed Neville Bennett of Lubbock visited this week with Mrs. Neville's brother O. L. Stansell and wife.

Mrs. E. B. Mayhew left Saturday morning for Tulsa, Oklahoma, where she was called by the illness of a sister, Mrs. I. C. Casey. She will be absent from home indefinitely.

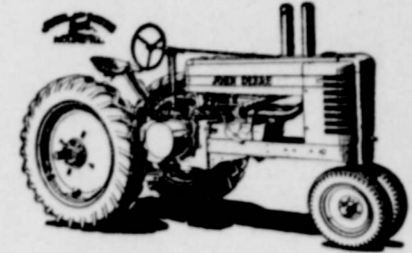

Mr. and Mrs. Lloyd Murray and daughter Rebecca Jo of Amarillo spent Thursday with their parents Mr. and Mrs. Ham Smith and Mr. and Mrs. Otis Murray.

THE PASSING OF THE BOOMTOWN

Oil boomtowns exist today only in the movies. The old-time "gusher" wells are gone forever.

In the early days, as long as oil flowed, the boomtowns flourished. But soon the wells failed and the booms collapsed, carrying with them the income and security of those who had depended on them.

Today, through a sound program of conserving oil and gas, hundreds of Texas communities are enjoying a permanent type of petroleum development. Furthermore, because of conservation, we have the largest oil reserves in the world, one of our greatest assets for National Defense.

Oil now builds stable communities. It provides assured tax revenues and greater ultimate tax returns than were ever possible in boomtown days. And every citizen benefits from the income oil creates.

Conservation not only protects Texas oil resources. It also assures for many years the prosperity which oil brings to every community where it is found.

This Advertisement Paid for by Various Units of the Industry and Sponsored by TEXAS MID-CONTINENT OIL AND GAS ASSOCIATION

SOCIETY

Ruth Collins Auxiliary President

Miss Ruth Collins was elected president of the American Legion Auxiliary of McDermott Post Monday night in a meeting at the Legion hall. Other officers elected were Mrs. Harry Morckel, vice-president; Mrs. E. L. Angus, secretary-treasurer; Mrs. J. C. Wester, chaplain; Mrs. John Reagan, sergeant-at-arms; Mrs. Roy L. Snodgrass, historian.

Miss Collins succeeds Mrs. J. M. Willson as president of the auxiliary.

Mrs. J. M. Willson and Miss Collins were chosen delegates to attend the state convention that is to be held in Fort Worth next month. Mrs. E. L. Angus and Mrs. J. A. Arwine were elected as alternate delegates to the convention.

The next meeting will be held at the Legion hall the first Monday night in August. Regular routine business and program will be given attention at this time.

Fellowship Dinner Sunday Honors L. W. Bridges

Service at the First Christian church Sunday included a Fellowship dinner at the dining hall in honor of the birthday of the Pastor Rev. L. W. Bridges. The congregation spread dinner together following the morning service.

The crowd sang "Happy Birthday" immediately after the blessing was said by J. C. Wester. Lon M. Davis gave a tribute to the pastor and gifts and greetings were presented during the meal.

Several out of town guests of the Bridges family were present for the occasion. They were Mr. and Mrs. Fred Williams and two children of Alpine and Mr. and Mrs. Calvin Ballinger of Dalhart. Mr. Williams is a brother of Mrs. Bridges and Mr. Ballinger is their nephew.

Mrs. Shoemaker Is Honoree At Tea At Abilene

Mrs. Hart Shoemaker, the former Miss Dorothy Dell Stovall was honored with a tea Wednesday of last week at Abilene by her husband's mother Mrs. Hart Shoemaker at her home in Abilene. Miss Freelin Shoemaker assisted her mother in entertaining.

Gladoli in shades of pink were used in table decorations with daisies and marigolds in decorations in all the rooms.

Girls in the house party, who assisted in the dining room and greeting guests were Roberta Owen, of Winters, Ann Moore of Albany, house guests of Miss Freelin; Lorraine Middleton, Margaret Wall, Christine Maddox, Elizabeth Jean Austin and Mary Hendrick.

Invited guests at Floydada were Mrs. E. F. Stovall, mother of Mrs. Shoemaker, Mrs. Tucker Teutsch, Mrs. Marvin Gilbert, Lockney and Mrs. R. F. Stovall, sisters of the honoree. None were able to attend the tea.

Seventy-five guests registered during the evening.

Zone Meeting CYF Group Meet With Christian Church

Approximately 50 young people were present Friday night when the Young People of the First Christian church were hosts to a zone meeting of the Christian Youth Fellowship group for a supper and program.

During the supper, served in Fellowship hall, Rev. Lawrence W. Bridges acted as master of ceremonies and led the group in singing. In the devotional program that followed in the main building Darrel Richardson of Lubbock gave a talk on the "Dreams of Youth," after which two short motion pictures were shown.

The program was closed with a Friendship Circle led by Rev. Lester Rickman of Plainview First Christian church.

Visiting ministers along with the young people present were Rev. and Mrs. Hally Ganta, Lubbock First Christian church, Rodney Glasscock, Lamesa, and Lester Rickman of Plainview.

The next Christian Youth Fellowship meeting will be at Plainview the date to be announced later.

Birthday Party Given Tuesday For Flora Jane Johnson

Flora Jane Johnson was honored Tuesday at her home on South Wall street, by her mother Mrs. W. D. Johnson. The occasion was her eighth birthday. A birthday cake was served the guests with all-day suckers and balloons as favors. The guests played outside games during the afternoon.

Those who attended were Sherwin and Berry Fyffe, Walter and Mary Knapp, Jo Ann Hudson, Norma Nell Teague, Maxine and Dale Griffin, Don, Phil and Aviden Ann Price, dra June and Barbara Ann Price, Patty Jo and Virginia Hennessee, Newton Dale Johnson and the honoree Flora Jane.

Mrs. N. A. Armstrong, grandmother of the honoree was a special guest at the party.

MRS. A. J. WELCH ATTENDS FALL AND WINTER STYLE SHOW THIS WEEK

Mrs. A. J. Welch left Sunday for the Fall and Winter showing of American fashions that will be held in Dallas and Fort Worth. While in Dallas she plans to attend what is advertised as the greatest style show of the Southwest in connection with an opera.

From Dallas Mrs. Welch will attend the National Fashion exhibitors of America in a showing of more than six hundred lines. This will be held at the Texas hotel at Fort Worth. She is expected home Sunday.

MRS. J. T. KIRK ILL

Mrs. J. T. Kirk was carried to a Plainview hospital Saturday where she underwent a physical examination and treatment for illness the past two weeks. She returned home the same day and will have to remain in bed some time for treatment her daughter Mrs. W. S. Goen said.

Dr. W. W. Stevens of Bagwells, Texas visited his sister, Mrs. Kirk from Thursday until Monday and assisted in the clinical examination at Plainview. Mrs. W. S. Bruce niece of Mrs. Kirk of Longview was also a guest of her grandparents from Thursday until Tuesday.

Mr. and Mrs. R. P. Bennett and children and Pat Stansell of Lubbock and Mrs. Clyde Neville and son, Clyde, Jr. of Bonham were guests of Mr. and Mrs. O. L. Stansell Wednesday evening.

Song Leaders, Mr. and Mrs. Buddy Spray, of Dover, Oklahoma, have charge of the music and singing service at the Nazarene revival being conducted by Rev. D. B. Murphy of Bethany, Oklahoma. They sing special songs at each morning and night service.

Dan Hagood Given Birthday Party Wednesday

Mrs. Cecil Hagood entertained with a birthday party Wednesday of last week for her son Dan on his seventh birthday. She was assisted by Mrs. W. L. Knapp. Outdoor games were played.

Punch and cake were served to Jerry and Gary Oden, Dave and Don Fogerson, Walter Knapp, Mary Knapp, Dale Griffin, Don McGuire, Carolyn McDonald, Berry Fyffe, Sherwin Lynn Fyffe, Barry Rossion, Dan McCleskey, Thomas Wayne Amburn, Doris Elaine Amburn.

Franklin Stovall, Sandra Price, Mac Travis, Larry Hollingsworth, Don Daniels, Aubrey Gahrie, Glad Lynn Norman, Nancy Buchanan, Karen Buchanan, David Willson Kelly Hagood and the honoree.

Mrs. John Buchanan Hostess Tuesday To Blue Bonnet Club

Mrs. J. W. Buchanan was honored Tuesday with a going-away shower when members of the Blue Bonnet club met at her home for an all-day meeting. Mr. and Mrs. Buchanan and family plan to leave Monday for California to make their home.

Luncheon was spread at noon when each guest was given a small potted plant, a gift from the hostess.

Members present for the day were Mrs. Oliver Allen, Mrs. Willie B. Alken, Mrs. Shorty Price, Mrs. Alford Edwards, Mrs. Everette Perry, Mrs. V. O. Carter, Mrs. Dee Fyffe, Mrs. Alva Sparks, Mrs. J. E. Collier, Mrs. L. H. Dorrell and the hostess Mrs. Buchanan. Mrs. Harry Morckel and Mrs. J. H. Buchanan were visitors.

The club will meet at 3:30 August 7 with Mrs. Oliver Allen.

Sunday School Class Attend Picnic And Swimming Party

Members of the Senior Sunday School Class of the First Baptist church enjoyed a swim and picnic supper Thursday evening at the Plainview park.

Those making the trip were Margaret Camden, Frances Jo Terrell, Lella Faye Hicks, Lovelle Ginn, Betty Peck, Emma Louise Smith, Dorothy Nell Swinson, Leona Peck, Kathryn McDonald, Betty Newell, Maurine Burton, and the teacher Mrs. A. T. Hull. Miss Swinson is president of the class.

Mrs. Weldon Gibbs Hostess To Silver Thimble Club Wed.

Mrs. Weldon Gibbs entertained the Silver Thimble club at her home on West Kentucky street Wednesday of last week at 3:30.

The afternoon was spent doing fancy needle work and chatting. Refreshments were served to Mrs. Holland Patton, Mrs. J. W. Kinard, Mrs. Wilson Womack and the hostess, Mrs. Gibbs.

G. A. Girls Hike To Chapman Home For Campfire Breakfast

The Girls Auxiliary Group of the First Baptist church, chaperoned by Mrs. J. D. McBrien and Mrs. Geo. B. Marshall went on a six o'clock hike Thursday morning to the home of Mrs. J. W. Chapman three miles northeast of Floydada. After arriving at the Chapman home the girls prepared a campfire breakfast.

Girls enjoying the outing included Marty Lou Bond, Maxine Griffin, Barbara June Marshall, Nelda Ruth Chapman, Betty Jo Anderson, Rose Marie Scoggins, Marjorie Oden and Mable June Foster.

MRS. PEARL FAGAN HOME SATURDAY FROM TWO-DAYS MUSIC SCHOOL

Mrs. Pearl Fagan returned to Floydada Saturday from Lubbock where she attended a two-day training course in Applied Music. The school was conducted by Dorothy McLemore Priesting, Columbia university graduate and representative of the state department of education.

New officials for the year were elected as follows: Mrs. Charles Dean, Plainview, president; Mrs. Robertson, Lubbock, secretary; Mrs. W. A. Epps, Lubbock, treasurer.

No student demonstrations were given at the school, the entire time was devoted to teaching in all branches of music.

GIRL SCOUTS ATTEND PICNIC SUPPER MONDAY AT PLAINVIEW

The Girl Scouts, their leaders and scout mother enjoyed a swim and picnic supper at the Plainview park Monday night.

Those making the trip were Oragene Wilson, Phyllis Jean Simon, Geraldine Simon, Marty Lou Bond, Mary Helen Lewis, Maxine Griffin, Wilma Dyer, and leaders Mrs. John Hoffman, Mrs. G. L. Kirk, and Miss Faye Newell.

Mrs. Bill Simon, Scout Mother, also made the trip with the scouts. Bobby James Cline and Don Kirk were guests of the troop.

GUESTS IN BRIDGES' HOME PAST WEEK END

Mr. and Mrs. Fred Williams and children Fred Orvis and Jerry Gayle Ballinger of Dalhart were guests Saturday and Sunday in the L. W. Bridges home.

Mr. Williams is a brother of Mrs. Bridges and Mr. Ballinger is a nephew. Mr. Williams and family will visit this week in Oklahoma and will return here the first of the week for a few days before returning home.

The Floydada Garden Club will meet at the home of Mrs. O. P. Rutledge Friday morning at 9:30.

Mr. and Mrs. W. D. Newell will entertain the Idle Hour 42 club at their home 323 West Tennessee street, Monday night at 8 o'clock.

MRS. R. B. DAVY, SISTER MRS. TOM SMITH BURIED AT MUNDAY, JULY 13

Mrs. R. B. Davy, sister of Mrs. Tom Smith and W. S. Duckworth of Floydada was buried in the Munday cemetery Sunday, July 13 after several months illness. She was born December 11, 1882 in Sardis, Tennessee and died Saturday, July 12, at her home in Munday.

The deceased is survived by her husband, R. B. Davy, Munday druggist; a daughter Mrs. E. N. Felty of Celeste, Texas; two sisters Mrs. Smith of Floydada and Mrs. L. J. Frazier of Dallas and one brother, Mr. Duckworth of Floydada.

Mrs. Davy and her family had visited in Floydada several times the last time was in the summer of last year.

Her relatives here were unable to attend the funeral.

MCCLESKEYS HOME FROM TWO-WEEKS VACATION

Mr. and Mrs. John McCleskey and family returned home this week end from a two-weeks vacation trip. The trip included Grand Canyon, San Diego, Salt Lake City and as far north as Sacramento.

Mr. and Mrs. Wiley Young of Los Angeles, California came Tuesday for a visit with Mrs. Young's brother, O. R. Beard and family, and her sister, Mrs. Bill Ware and family.

Levi Lewis of Vernon was a business visitor in Floydada Monday.

Must Increase Production Of Milk

Many Advantages To Come To Texas Through More And Better Cows

FORT WORTH, July 21.—Those groups in Texas who for the past five years have been working earnestly to promote and improve dairying in the State are highly pleased at the Government's request for a six to ten per cent increase in milk production nationally.

In Secretary of Agriculture Wickard's request they see a demand for more and better cows and processing plants operating to capacity. Not only will dairymen be vitally affected but feed and all other allied industries will profit as well.

The demand for increased milk production has come about through America's decision to furnish Great Britain 250,000,000 pounds of cheese and 15,000,000 cases of evaporated milk, plus enormous quantities of powdered milk. These figures represent approximately one-third of the national production of cheese in America and one-fourth of the production of evaporated milk which must be replaced by increased milk production if our nation is to have

its regular requirement of these commodities.

That the call for increased milk production is in effect an order is evidenced by the fact that the U. S. Department of Agriculture has in no uncertain terms advised their agencies—the Extension Service, Farm Security Administration and other agricultural setups—that the increase must be accomplished and that the American farmer who milks cows is now a vital part of National Defense.

Texas' Golden Opportunity

Commenting on the advantages that will come to Texas' Dairymen, M. E. McMurray, Manager of the Texas Dairy Products Association, says, "It is a golden opportunity for the Texas Dairy Industry. For a number of years we have been hammering along trying to improve conditions—sometimes against odds. Now out of a clear sky, so to speak, comes Texas' opportunity to step up with the National leaders in furnishing their portion of the national production. Here's what it means nationally," continues McMurray: "25,000,000 pounds of cheese means \$330 million carloads and 15,000,000 cases represent 18,750 carloads of evaporated milk. Surely Texas with her unsurpassed dairying possibilities will not fail to improve her position and provide some of the long trainloads of dairy products that will move to the ports during the coming year."

Advice to County Agents and other agricultural workers as to how the increase may be affected are being received now from the Department of Agriculture. Among these are feeding heavier on concentrates—especially the good cows; doing a better job of milking cows—faster and cleaner; feeding concentrates to dry cows so they will be ready to go to work when they freshen; reduce culling and the utilization of all cows whether of dairy stock or not which may have milking possibilities; improve water supplies; study of feeding practices and increase use of trench silos.

GONE TO MARKET

Mr. and Mrs. Cecil Harood and Mrs. Verne Elliott, of Hagood's Dry Goods, left Sunday for Dallas to buy new fall merchandise for the store. They plan to be gone about a week.

Mrs. Newell Parker and her sister and husband, Mr. and Mrs. Shirley Sandefur, of Paducah, left Sunday for Louisville, Colorado to visit with another sister, Mrs. Willard Rylatt and Mr. Rylatt. They plan to be gone a week.

Arla Vee Bishop and Peggy Jo Bishop are guests this week of their uncle, Ed Bishop and family, of Dalhart.

Mavis Allsup of Wetumka, Oklahoma is a guest of her cousin, Evelyn Elliott. Miss Allsup has been visiting here several weeks.

Campaign Gets Under Way Over South

Plans for a public-spirited cooperative effort to increase the consumption of fresh peaches during the period of July 24th through July 30th, were announced today by Kenneth Duggin, Area Supervisor of the Surplus Marketing Administration, U. S. Department of Agriculture.

He stated that the Georgia Association of Peach Growers, the South Carolina Peach Growers Association and the North Carolina Mutual Peach Growers Society, who have combined marketing efforts through the Georgia-Carolinas Peach Marketing Board, are among the cooperating growers' organizations. The Food Trades Industry are also cooperating with the United States Department of Agriculture in this effort to increase the home consumption of fresh peaches and make the best possible use of our abundant peach crop.

"Fresh peaches in season are one of the most popular fruits on the American market," he said. "This year's crop is believed to be the finest and largest in many years. Fresh peaches are one of the important items listed as a 'Blue Stamp Item' by the Secretary of Agriculture. It is the aim of the Surplus Marketing Administration to aid the growers, consumers and industry of America by encouraging increased consumption of those needed commodities."

He added that this cooperative educational campaign will augment the Food Stamp Plan under which fresh peaches and other basic health-protecting foods are available to needy families by means of Food Stamps, at this time. The Food Stamp plan is not in operation in Floyd county, however, for "administrative reasons," according to officials.

One of the aims of the campaign will be to encourage home canning and preserving. This is in accord with the objectives of the National Defense Conservation and Nutrition program, which urges adequate food supplies.

Country Expects Every Citizen To Buy Bonds

County Chairman Points To Easy Way To Plan For Future

That the government, having made it possible for everybody to buy Defense Savings bonds and stamps, now expects every citizen to take advantage of the opportunity to provide safety now and protect themselves and their families with savings against the future, is the essence of a statement issued this week by Glad Snodgrass, county chairman of the bond and stamp sales committee.

"Our government is now preparing a defense so that we and our children may live in peace," he said. "Part of our defense is to plan for the future, as well as to show that we are loyal to the government." Continuing he points to the possibilities in the plan for the wage earner, big or little, and how easy it would be for each one to invest a part of his wages against a rainy day.

"Believing that each of you would welcome a means whereby you could regularly set aside a portion of your earnings each month for purchase of United States Defense Savings Bonds, your government has established and will administer for employees, a payroll allotment plan under the terms and conditions herein set out. The Bonds to be purchased are Series E, United States Defense Savings Bonds which are direct obligations of the United States government. These Bonds mature in ten years from date of issue.

"While your participation in this plan is voluntary and only adopted for your benefit and convenience the government is sure you will welcome its use. By investing in these Defense Savings bonds and stamps you will not only be prudently investing in savings, but you will also be partially supporting the United States government in its great task of providing for our National defense.

Asked to Sign Pledge

"Our Government wants every business firm in Floyd county to sign up under this salary allotment plan—even its only a small filling station and father and son operate it, and even though they could only buy 25-cents in stamps each month. Your government wants and expects you to agree to this method. Talk it over among yourselves and be ready to give the committee an answer as to what your allotment will be when the local committee calls upon you at an early date with agreement plans.

"This is just as much the job of every citizen in Floyd county as it is the job of the committee to put this over, as a matter of fact, it is the patriotic duty of every citizen in Texas who is not in the army, navy, airforce or some branch of active service in national defense to do his part at home that we may make it easier for those boys who are in the training camps, whether it be air, army, or navy.

McNUTT'S ARE PARENTS OF YOUNG SON

Born Sunday to Mr. and Mrs. Hersell Edwin McNutt a son weighing 7 pounds and 6 ounces. The boy was named Jerry Edwin. He is the grandson of Mr. and Mrs. H. E. McNutt and Mr. and Mrs. Andy Collins.

Mrs. McNutt and little son are in a Lubbock hospital.

Mrs. Collis Roland was brought home from a Lubbock hospital this mid week where she had been for treatment since Sunday.

GORDON PATTERSON INJURED WHILE AT WORK NEAR ADRIAN SATURDAY

Gordon Patterson was painfully burned Friday afternoon while at work on the Martin & Zimmerman wheat farms near Adrian. He removed the radiator cap from a pickup he was driving and the steam blew into his face and chest.

He was carried to the St. Anthony's hospital at Amarillo where he will have to remain until the latter part of the week.

His sisters Mrs. Dillard Scott, Mrs. Carl Rodgers and Mrs. Paul Newberry and brother Jessie Patterson and Mrs. Patterson visited him Saturday.

AND CONOCO Nth OIL OIL-PLATES YOUR ENGINE!

Long the keystone of Conoco success, OIL-PLATING comes from another great Conoco synthetic... man-made under the famed Germ Processed oil patent. Magnet-like action bonds OIL-PLATING to engine parts. It can't all quickly drain down—not while you're using Conoco Nth oil. So OIL-PLATING is on guard in advance against wear... and helps mileage, as it did in Death Valley. An OIL-PLATED engine is one more economy you get from a change to popular-priced new Conoco Nth oil.

THE SCENE was in torrid Death Valley, where Hollywood makes true desert pictures, and the heat makes records.

Condemned to death were 6 new coupes, alike throughout, except that in each crankcase—under lock—was a different big-name motor oil... one 5-quart fill... never any added in any car's lifetime... 57-mile speed kept up under Death Valley's all-consuming sun until each engine went to smash. A strictly impartial, strictly certified test of motor oil life, decided only by 6 cars' death.

Which 5-Quart fill lasted all of 13,398 miles?... Certified

One oil outlasted the other test oils by 5,683 miles or more... Certified. And the whole lot of them—5 big-name oils—averaged not even half of the 13,398 miles delivered by the new long-lasting oil. You can have it in your engine right now—at popular price—by asking for **CONOCO Nth MOTOR OIL**. Its mileage and economy come straight from Conoco Nth oil's new synthetic or man-made extra substance—Thialkene inhibitor. (Conoco Patent 2,218,132.) To understand, merely think a moment of Vaccination—the right protective substance put on guard to keep a trouble from starting. Now the trouble aiming to start on motor oils lurks in the normal firing of every engine. Filth is formed that can spoil one drop—then two drops "catch it"—then four—then sixteen—faster, faster, FASTER, till the whole fill weakens and the oil level sinks too fast... but not when the start of this oil-fouling trouble is inhibited—held back—by life-giving Thialkene inhibitor in new Conoco Nth motor oil, on sale today for your car.

You'll never Death-Test your Conoco Nth oil nor repeat other proving-ground tortures. You'll still drain and refill at recommended intervals. But how you'll expect to stretch the distance before you ever add a quart, judging by this big fact: 5 heavily advertised oils in the Certified Death Valley Test were outmiled 74% to 161% by Conoco Nth oil.

Economy like that counts up into dollars! Change to Nth oil today at Your Mileage Merchant's Conoco station. Continental Oil Company—Pioneers in Bettering America's oil with Synthetics

CERTIFIED I hereby certify that the Death Valley Test and related work were thoroughly and fairly conducted. Engine Destruction occurred in each case at the mileage stated.

H. M. Jackson
Consulting Engineer, who during Academic year is Professor of Automotive Engineering, Purdue University

XIT Re-Union Groups Meet At Dalhart

DALHART, Tex. July 22—Entertainment for the Sixth Annual XIT Ranch Reunion in Dalhart Aug. 4-5 will really start Saturday night, Aug. 2, in order to take care of the early comers.

Three old-time organizations annually meet in Dalhart on XIT Reunion dates. One is the XIT Association, parent of the reunion and open only to men and women who once worked on the 3,000,000-acre spread that Texas in the 1880's traded for its \$3,000,000 red granite capitol in Austin.

Another is the Old Trail Drivers of the Southwest; and the third is the Texas - New Mexico - Oklahoma Cowboys Association, known as the TNO.

Many of the pioneer members of these organizations, and other old-timers, drift into Dalhart a day or two early to have a little more time to look up old acquaintances, renew friendships and swap yarns. And lots of the youngbloods come along.

David Battey Attends State Convention

David Battey, son of Mr. and Mrs. D. S. Battey of the Harmony community, returned this week from Marshall where he attended the State F. F. A. convention July 16-19. David served as an official delegate to the convention from Area 1 having been elected to that position at a meeting of the Plainview District Future Farmer meeting.

David attended the convention and points of interest in Louisiana in company with Mr. R. K. McCoy, Vocational Agriculture teacher of Lockney and two of his boys.

Baptist Revival To Start Sunday At South Plains

SOUTH PLAINS, July 21—A cordial invitation is extended to all members and non-members to attend the revival meeting at the First Baptist church beginning Sunday. Rev. Newell Clark will have charge of the preaching services and Harvey Wolf will conduct the song service.

Farmers are rejoicing over the dry weather which will enable them to plant, cultivate row crops and harvest wheat. This is a rare combination for this country.

Mr. and Mrs. Sim Reeves and family and Mr. and Mrs. Grig Mil-ton, Jr. and family returned home from a vacation trip to Fayetteville, Arkansas last week where they visited with relatives.

Mr. and Mrs. Matt Lyles received word Sunday of the illness of their daughter, Mary Stevenson, who is in the Levelland hospital.

Mrs. J. H. Myers and sons, Ray and Billy, and daughter, Betty, are spending their vacation with relatives in California. They accompanied another daughter, Mrs. W. H. Bailey and Mr. Bailey, of Floydada.

Mrs. Manda Hoffman is visiting relatives in Crosbyton this week.

TO LEAVE TOMORROW

Mr. and Mrs. Grady Harris and Mrs. A. J. Cline plan to leave tomorrow on a ten days vacation trip to Mart, Texas. They will visit in the home of their parents Mr. and Mrs. J. Coker and other relatives.

Mr. and Mrs. C. A. Caffee returned Saturday from Los Angeles, California. They were accompanied by their son Louie who will return to California the first of the week.

Mr. and Mrs. W. B. Wells of Amarillo were here from Friday until Sunday, guests of Mrs. Wells' parents Rev. and Mrs. G. W. Tubbs and other relatives.

Judge and Mrs. A. J. Polley and daughter Frances Elaine of Amarillo were week end guests of Mr. and Mrs. Carl L. Minor.

Mr. and Mrs. Edd Johnson left Wednesday of last week for a trip to East and Central Texas to visit with relatives several days.

James Colville who is employed in the new army camp at Wichita Falls, spent the week end with his family here.

Mr. and Mrs. Bill Hurley of Levelland visited Friday evening in the home of Mrs. Hurley's parents, Mr. and Mrs. J. F. Robinson.

Mr. and Mrs. John Dickerson of Jackboro visited Saturday with Mr. Dickerson's sister, Mrs. Lula Slaughter, and other relatives.

Grandmother Summers is spending the week with her daughter, Mrs. H. Grubbs, west of Floydada.

Mrs. Floyd Murry and son, Mitchell, of Amarillo visited Mrs. Bob Muncy Friday.

Mr. and Mrs. W. C. Boren of Arlington visited friends and relatives here last week end.

Corene Daniel of Lubbock spent the week-end with her parents, Mr. and Mrs. W. F. Daniel.

Anyone having new woolen scraps to donate is asked to call Mrs. Smith, No. 16. Layette Committee Mrs. Clarence Guffee, chairman, Mrs. Donald Pitts and Mrs. Jack Henry. If you wish to help cut and sew baby clothes, get in touch with these ladies.

The Harmony Home Demonstration club Mrs. Sam Hale, chairman has taken a number of women's and girls' dresses and hospital gowns to make.

The T. E. L. class of the Baptist church will make girls' dresses. Mrs. E. P. Nelson is president of the class.

Mrs. J. W. Buchanan who is moving to California will be missed by Red Cross workers. She has made 10 girls' dresses.

This week Mrs. Carl McAdams as chairman of the Lockney Chapter of the Red Cross took 19 women's and 17 girls' dresses to make.

Mrs. N. A. Armstrong cannot get to the sewing room, but she is sewing in her home. This is a fine spirit toward service at a time when all hands are needed.

Mrs. Lola C. Gallaway holds some sort of record. Besides daily service at headquarters, she has made 28 garments and cut over 100 dresses. Mrs. Gallaway asked us not to keep printing her name every week, but we believe outstanding service should be recognized.

Women are needed in the sewing room. This week there will be 60 children's dresses, size 2, cut and ready to make.

Fellowship Hall is the coolest place in town. Arrange your work so that you can give an hour or two of your time to the Red Cross this next week.

Russell Patterson Awarded Lone Star Farmer Degree

Russell Patterson received word this week that he has been awarded a Lone Star Farmer degree at the state Future Farmer Association convention held at Marshall, July 16 to 19.

The Lone Star Farmer degree is the highest degree awarded in the state to a Future Farmer. To obtain that degree a boy must have taken vocational agriculture at least two years and must have had good supervised farming program for two years or longer.

Russell is the son of Mr. and Mrs. H. R. Patterson of Floydada.

Mrs. Addie Wood of Hamiton, formerly of Floydada, is a guest this week in the home of her daughter, Mrs. Jim Shurbet and Mr. Shurbet.

Mrs. J. W. Fritts of Marlow, Oklahoma left Tuesday for her home after a visit here with her daughter, Mrs. W. H. Jenkins and Mr. Jenkins. Mrs. Fritts is 87 years old.

Dr. and Mrs. A. P. Wood of Lubbock visited Sunday with Mrs. Wood's son, J. W. Kinard and wife.

Bobbie Muncy and Elaine Culpepper returned home Sunday from Shamrock where they had been visiting Mr. and Mrs. Buck Henderson.

Mary Grace, seven year old daughter of Mr. and Mrs. Edd Muncy, is improving from a severe case of the flu last week.

Miss Bennie Fuller of Weatherford, who is a house guest of her sister Mrs. Gene Collins, spent the week end in Amarillo, guest of Miss Mildred Olson.

Guest last week in the home of Mr. and Mrs. E. E. Harper included Mr. and Mrs. Joe Gibson of Childress and John Douglas Harper of Grandview.

When a Child Needs a Laxative!

SYRUP OF BLACK-DRAUGHT is a tasty liquid that most children will welcome whenever they need a laxative. What's more important, it has the same main ingredient as BLACK-DRAUGHT, its older companion. Perhaps that's why it usually gives a child such refreshing relief from the familiar symptoms which show a laxative is needed. Comes in two sizes: 25c-50c.

LAND

We have land to Sell and to Lease for Farming, Stock-Farming and Grazing purposes, and about 80 acres up, in Floyd, Briscoe, Hall, Motley and other counties. Also large list of Lots in Floydada.

W. M. Massie & Bro.
Floydada, Texas

Mrs. J. W. Kinard left yesterday morning for a vacation trip to different points in Colorado with her parents-in-law, Dr. and Mrs. A. F. Wood of Lubbock. They plan to be gone a week or ten days.

Guests of Mrs. E. C. Nelson Sunday were her children Judge E. C. Nelson, Jr., and son Lige of Amarillo; Mr. and Mrs. Dave Standifer and daughter Emma Ruth of Muleshoe.

Mrs. Edwin Harper returned last week from a visit in Rio Vista with her parents Mr. and Mrs. John Rose. She is ill at this time with the flu.

Little Myrna Lee Marshall is ill at her home this week with the mumps. She is the youngest daughter of Geo. B. Marshall.

Ice Cream Supper To Be Held At Baker Sat.

BAKER, July 22.—The entire community is invited to attend the ice cream supper at the school house Saturday night. Each family is requested to bring a freezer of cream and cake. An old time "get-together" is planned.

Sunday School was resumed at Baker Sunday morning. Everyone is asked to come and take part in the services.

The Woman's Society of Christian Service met at the Baker school Monday for their regular meeting.

Mrs. R. R. Overman and Mr. and Mrs. A. J. Overman and daughter are guests this week in the

home of their daughter and sister, Mrs. Tom Hart.

Mrs. G. N. Hart and family, Mrs. R. R. Overman and Mr. and Mrs. A. J. Overman spent Sunday at Roasting Springs on a picnic. A basket supper was served.

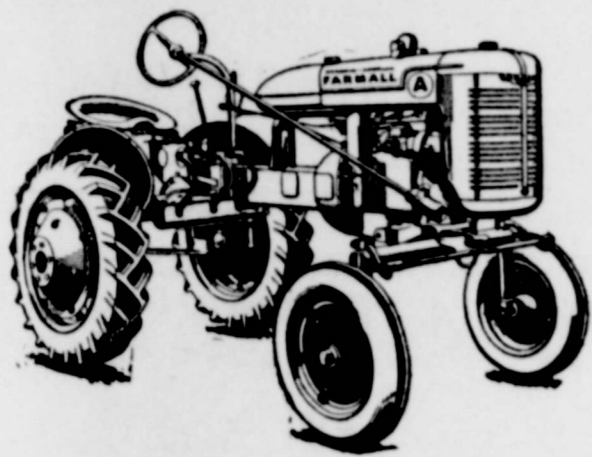

George Smith of Addington, Oklahoma, who has been helping his uncle, Ham Smith, during harvest, returned to his home Saturday.

Jennie Lou Harper spent the past week at Lubbock and Cleburne visiting friends and relatives.

Ewell Johnson received an arm fracture Saturday night while trying to crank a tractor. He is manager of the Farmer's Elevator. Miss Bert Ione Smith is keeping books for the elevator this summer. J. B. Colston is "soda Jerker".

Hershel Hinson returned Friday from a visit with his aunt Mrs. T. W. Whigham at Denton.

THE POWER YOU WANT AT THE PRICE YOU WANT TO PAY

MCCORMICK-DEERING FARMALL A WITH "Culti-Vision"

● Farmall-A has power and capacity to do the work of four horses or mules at the cost of two. It brings practically horseless farming to many farms that have been handicapped by obsolete power.

Farmall-A ends body twisting and neck craning. With "Culti-Vision" you do closer, cleaner work because the rows are always in view. You'll like

these features, too: comfortable sponge-rubber upholstered seat; smooth, 4-cylinder engine with replaceable cylinders; 4-speed transmission with 10-mile road speed; variable governor; and complete line of direct-connected machines.

Ask us about the new line of Farmalls, including Farmall-A and the new larger sizes, Farmall-H and Farmall-M.

MARTIN & COMPANY

FLOYDADA, TEXAS

ACCENT on Cleanliness

Proclamation!

Cleanliness is akin to Godliness and applies just as much to communities as to persons.

Cleanliness promotes not only beauty but health, and a beautiful community is usually a healthy community. Removal of all those things which make a community look unattractive also removes those things which menace health.

Look Around Your House and Yard, and See What Improvements You can make there!

Clean Up Trash . . . Make Needed Repairs . . .
And Above All Cut All Weeds!

Let's all go to work to make a cleaner, healthier and more attractive FLOYDADA

City Of Floydada

How soon can I get one, Mr. Elliott

STILL only \$196.50
STILL backed by a . . . 10 YEAR GUARANTEE
IF YOU'RE EVER GOING TO BUY A NEW REFRIGERATOR

Buy **Now!**

We can still supply a limited number of several popular sizes of Servel Electrolux. Still at the lowest price in Servel History. Still backed by an iron clad 10-YEAR GUARANTEE. Under the rapidly changing conditions in all manufacturing industry today, we feel it our duty to urge you to buy yours NOW. If you have the slightest idea you may be in the market for a new refrigerator—this summer, next summer, or two years from now—buy your SERVEL now! It's still the only automatic refrigerator with no moving parts in its freezing system. With nothing to wear, to make noise, to cause costly repairs, to lose efficiency and run up higher bills year after year. Still the only one that brings you finest modern refrigeration no matter where you live. For other Servel models operate on Bottled Gas, Butane, or Kerosene. And still the only one backed by an iron clad 10-YEAR GUARANTEE—at no extra cost. And you can still buy SERVEL on terms so easy the payments will be about the size of your monthly ice bill. But don't wait. No one can predict what conditions will be tomorrow. Come in today!

STILL GOING STRONG AFTER . . . 12 YEARS

"My Servel Electrolux Refrigerator was installed in my kitchen March 1, 1929, and has been on the job ever since. It has not cost a cent for repairs in more than twelve years continuous operation. Its tiny flame is scarcely larger than the pilot light on range or water heater so we have figured that the cost of operation has never exceeded 2c per day even during the hottest months when so many ice cubes are needed.

Not only do we have plenty of cubes and space for ice cream, but vegetables are kept crisp and fresh; and there is steady, constant refrigeration at a temperature under 40° for milk, butter, and meat—foods that must have just that to be safe for human consumption."

—MRS. JOHN S. RAY
Thalia, Texas

Read This Guarantee
on complete refrigerating system. We guarantee to the original purchasers of 1941 Servel Electrolux Gas Refrigerators to refurbish without cost any defective burner, control or refrigerating unit for a period of ten (10) years from date of installation. (You pay only cost of installing parts.)

TDG Officers, Non-Coms To Meet Sunday

Officers and non-commissioned officers of the 41st battalion, Texas Defense guard, as well as enlisted men and their families from Childress, Turkey, Spur and Floydada, will enjoy a picnic dinner together Sunday at Roaring Springs pool, Dr. D. H. Pitts, captain of the Floydada company said yesterday.

Notice of the gathering at the popular Motley county pool was given the first of the week by Lieutenant Carl H. Roewe of Turkey. The mid-day basket dinner will be part of an all-day program beginning at 10 o'clock. Officers and non-commissioned officers have been called to assemble in a contact camp there by Battalion Commander V. H. McClintock of Childress. Very interesting discussions in addition to rifle marksmanship practice have been planned, according to notice received by Dr. Pitts.

Among the subjects to be discussed are "First aid kit for the company in the field," signal training, "Riot duty formations and drill," "Legal status of the Texas Defense guard."

Discussion of July-August training schedules will also be held. From 2 to 2:30 in the afternoon has been designated as chapel period when Chaplain L. W. Bridges of Floydada will have charge.

Temporary armory for storage of property of Company B, Floydada, has been promised the company by the county in old jail room basement of the court house. Rifles are due to be received by the company soon.

Floydada Firemen At A & M School This Week

V. L. Elliott, chief of Floydada Volunteer Fire Department and Melvin Henry, a member of the department, are at College Station this week where they are in the firemen's school. The school opened Monday and they are due home Saturday or Sunday.

City of Floydada annually sends one or two members of the department to the firemen's school to keep up with latest technique in firefighting. This year the course will stress fire defense methods as learned from experience of people in the British Isles.

R. L. Carter, of Langston, Alabama, has been visiting here and on the north plains with his children during the harvest.

Weather and Crops

Slow rain last night, apparently general over the county and area, had brought 85-hundredths of an inch of moisture to thirsty row crops this morning at 8:30 o'clock. A steady downpour was continuing at that hour.

The rain began with spotted showers yesterday afternoon and gradually spread out to general proportions last night around 11 o'clock. The rain clouds drifted in from the west and the west portion of the county reported good showers before any appreciable fall had been noted at Floydada.

The rainfall is generally looked upon as welcome, with thousands of acres of cotton and young feed in the field, most of it cleaned out of weeds and growing off. General need of rain had been indicated by farm operators the past two days. Some wheat remains to be cut but even those who need to finish up harvesting welcome the interlude as rains soak the moisture-hungry earth sapped by weeds in the past three weeks.

High temperatures have prevailed throughout the week.

D. F. BREDTHAUER IN PLAINVIEW HOSPITAL

D. F. Bredthauer, county agricultural agent was carried to a Plainview hospital Wednesday morning where he will go through the clinic. He has been in declining health the past three weeks.

Early in July Mr. Bredthauer made a trip to Marlin, Texas where he spent two weeks in a health clinic. He returned to Floydada in time to go with a group of 4-H club members to a Farmers Short Course at College Station, returning from that place Saturday.

Mrs. Bredthauer will go to Plainview today to visit her husband, she said.

DAUGHTER BORN TO MR. AND MRS. ALTON BIRCHFIELD

Mr. and Mrs. Alton Birchfield, former residents of Floyd county are the parents of a daughter born July 21 at Big Springs, Texas.

The little girl is the granddaughter of Judge and Mrs. J. W. Howard and Mrs. R. A. Birchfield. She weighed six pounds and twelve ounces.

H. G. Barber, Agriculture teacher at the high school, returned home Sunday after finishing his six weeks schooling at A & M college. Mrs. Barber remained at Weatherford with her parents and will return home soon. Mrs. Barber has been spending the summer with her parents while her husband attended school.

Mrs. Haywood Davis and children Helen Jean and Jimmy, of Fort Worth left yesterday after spending the week with Mrs. Haywood's sister-in-law, Mrs. J. H. Myers and family. Helen Jean remained for a longer visit with her aunt and uncle.

Short Course For Floyd Co. On August 6

A one-day Short Course has been planned for Floyd county Wednesday, August 6, when demonstrations covering all phases of Food preparation and preservation will be given. The theme of the school will be, "Food and National Defense." Insect control will also be presented.

Officials from A & M college who will assist with the program are J. P. Rosenborough, Miss Jennie Camp Miss Lida Cooper and J. K. Edwards, Mr. Rosenborough will tell how to make grape juice.

The program, complete will be announced next week with the place of the meeting and other details that, at this time, have not been worked out, Miss Edith L. Wilson, agent, said.

Funeral Rites For Mrs. Frank Walter At Lockney Sunday

Funeral service for Mrs. Frank Walter, 67, was held at the First Methodist church at Lockney at 4 p. m. Sunday with Rev. O. B. Herring pastor officiating. She died at a Plainview hospital Friday where she was carried a week ago.

Mr. and Mrs. Walter came to Floyd county in 1909 from Cartersville, Illinois. Their home is twelve miles northwest of Lockney.

Mr. Walter, one son Melvin of Kress and one daughter, Mrs. Ernest Wells of South Plains survive the deceased and were present for the funeral service. A sister Mrs. Robertson of Illinois was also present.

Cramer Funeral home directors at Lockney were in charge of funeral arrangements. Interment was made in the Lockney cemetery following the service.

'Individualism And Gospel' Subject Of Pastor's Message

"Individualism And The Gospel" is the subject selected for the morning service at the Cumberland Presbyterian church by the Pastor Rev. Rudolf A. Renfer. Rev. Renfer says, "Behind the external and visible issues in the present day world strife is the age long struggle of individualism versus the masses." That the foundational principles of American Democracy has been that of rugged individualism is not surprising when we see that its background is permeated with the Christian faith.

"A pertinent subject for our day is the relation of individualism to our faith."

The High School and College young men will meet at 7 o'clock in the evening.

In the evening at 8 o'clock the pastor will bring an interesting Bible study on the subject, "The Covenants of God."

BOBBIE JAMES CLINE IMPROVING FROM BROKEN ARM

Bobbie James Cline is reported to be doing nicely following an accident Monday night when one bone in his right arm was broken just above the wrist. The accident happened while he was sliding down a slicky slide in a Plainview park. He was carried to a Plainview hospital where his arm was placed in a cast.

Mrs. Melvin Henry left for Arkansas this week to visit with relatives.

49-Cent Penalty-

(Continued from page 1)
We emphatically declare that statement is not true as far as Floyd county is concerned.

On the contrary, Floyd county farmers are nearly 100 percent in favor of retaining the present penalty of 49 cents. They realize that lowering the penalty would result in a complete wrecking of the program.

Will Resist Attempts To Change

The wheat farmers have waited a long time to sell their wheat for a decent price. Now that the government is guaranteeing that price with the loan the growers certainly are not going to return to 30-cent wheat just because a small group of non-cooperators objects to marketing quotas. We certainly will resist any attempt to benefit those few farmers who have refused all along to cooperate with the program and have been reaping the benefits of the government-pegged wheat price without doing anything to earn their way. Until marketing quotas were voted in and the penalty was set at 49 cents, these hitchhiking farmers, who contributed nothing to the program were getting the gravy. The 90 percent who did cooperate made it possible for the other 10 percent to clean up. Now it's the turn of the 90 percent. This is a democracy. Marketing quotas were voted in a democratic manner. Majority rule is part of the American way of life. Certainly 90 percent comprises a majority. We say again that the great majority of Floyd county wheat growers stand solidly behind the program in its efforts to keep excess wheat off the market, and will resist any move to lower the penalty.

Writing fluids, Hesperian.

Within three years after straw is burned, the soil fertility becomes vitally affected and crop production tends to decrease.

Farmers of the Southern Great Plains and Floyd County District in particular, now have a most effective means for controlling erosion for at least three years even if drought prevails for the next two years, but this advantage will be lost if the wheat straw and stubble are burned and not turned into the soil properly," the Conservationist warns.

MRS. B. HATLEY ILL

Mrs. B. Hatley Western Union operator is doing nicely, her husband said Wednesday morning following an illness the past few days. She plans to take a vacation of two weeks before returning to her duties.

G. Johnston, relief operator is in charge of the Western Union office during Mrs. Hatley's absence. He arrived in Floydada from Lamesa Tuesday.

Writing fluids, Hesperian.

and water. When the straw and stubble are worked into the ground the movement of soil be either wind or water is checked.

"Burning also deprives the soil of moisture," the Conservationist continues, "because when the straw and crop trash are destroyed there is nothing to check the water as it runs off the field. When the straw is mulched into the surface the soil remains spongy and is capable of absorbing much larger quantities of water."

"Another factor is the loss of fertility that comes from burning," Kemp points out. "When the straw is burning the organic matter that would maintain and improve the fertility of the land is destroyed."
